4.05. All fences, including their location, style, material, color, height,and function, will be subject to the written approval of the Board before installation. The Board will consider the topography of the land and the maintenance of views before granting approval. No fences, rails, hedges, or any structure over _____[*e.g.*, 36] inches in height may be placed or allowed to exist in front yard setbacks. Fences within _____[*e.g.*, 15] feet of the top or toe of the rear pad line will be limited to _____[*describe, e.g.*, chain link or split rail] construction. Chain link fences will be permitted only when there is sufficient landscaping to effectively screen the fence, and then only with prior written approval of the Board. Fences, walls, rails, or hedges elsewhere on the lot will be limited to _____[*e.g.*, 72] inches in height. The fences along the side yard of any lot may not be more than _____[*e.g.*, five] feet closer to the street or frontage than the rearmost point of the building at the side yard, except that garden screen fences for privacy may be permitted adjacent to the house, subject to approval of the Board. The owner will maintain and keep in good condition and repair the fences located on the owner's building site. If the owner fails or refuses to fully and faithfully comply with and conform to this paragraph, then Declarant will have the right to enter on the lot or lots and perform the work necessary to fulfill the requirements of this paragraph, charging the cost thereof to the owner.

Landscaping

4.06. The owner of each lot must spend an initial sum of not less than _____[*e.g.*, 2] percent of the total cost of the building site and the residence on it for ornamental plants, trees, shrubs, lawns, and flowers. Landscaping plans will be submitted to the Board with the plans and specifications and must be approved in writing before the start of any construction or preparation and must include the size, type, and location of all plants, materials, and sprinkler systems. Within _____[*e.g.*, 30] days after the completion of any residence, permanent landscaping must be installed around the residence in the front, side, and rear yard areas. The landscaping must be maintained in a neat and orderly condition at all times after installation so that it presents a pleasing appearance to the owners and occupants of the building sites.

[*If declarant reserves the right to enter and repair in the event of an owner's breach with regard to landscaping, add:*]

Declarant reserves the right at all times, on written or visual evidence of any unplanted or inadequately maintained vacant or improved building site, to enter in or on that building site after reasonable notice to the owner, to plant, cut or

replant, trim, cut back, remove, replace, and/or maintain hedges, trees, shrubs, and flowers within setback areas and/or to keep cultivated and/or remove plants on any portion of the lot, all at the expense of the owner. Declarant, or any officer or agent of Declarant, will not be deemed guilty of any manner of trespass for entry pursuant to this paragraph.

[*Continue with the following:*]

Structural Type and Character of Design

4.07. The exterior building design of all buildings will be encouraged to be of the following styling and character: _____[*describe, e.g.,* ranch, Spanish, or early California and compatible with a rural atmosphere]. Exterior design in each case is subject to approval by the Board, in its sole discretion. Decisions of the Board are final.

Color of Structures

4.08. All exterior colors, textures, and materials, including roofs, must be set forth in the plans and specifications and approved in writing by the Board before construction. Color samples must be submitted with plans and specifications, which must be coded or marked to indicate where the colors are to be used on the finished dwelling. Careful consideration of the adjacent and surrounding properties, as well as overall community appearance, will be the basis for approval or denial of color schemes.

Size Requirements for Structures

4.09. No residence may be erected on the property having a total ground floor area of the main structure, exclusive of open porches, garages, patios, exterior stairways, and landings, of less than _____[*e.g.,* 1900] square feet.

New Materials

4.10. No second-hand material may be used in the construction of any buildings or structures without the prior written approval of the Board.

Height Limitations

4.11. No building may be of more than _____[*describe, e.g.,* one story or one level]. The ridge height of any building may not exceed _____[*e.g.,* 15] feet from the ground or pad level without the written approval of the Board. Balconies or decks must be no higher than floor level.

Painting

4.12. All exterior wood and manufactured surfaces, with the exception of brick, must be painted or stained. All buildings and fences that are of frame construction must be painted or stained with at least two coats on completion.

Roof Design, Pitch, and Materials

4.13. The maximum roof pitch that may be used is _____[*e.g.,* 5 and 12]. No _____[*describe, e.g.,* flat or rock] roofs will be permitted, except where the design concept in the opinion of the Board is not detrimental to the environmental character of the adjacent property or the community. The roofing materials to be used must be _____[*describe, e.g.,* mission tile, clay fired flat tile, or extra heavy hand-split cedar shakes]. Other quality roofing materials may be submitted for review by the Board [*add if composition shingles are prohibited:*, but in no event may composition shingles be used].

ARTICLE 5. ALTERATIONS, ADDITIONS, REMODELING, REDECORATION OF EXTERIOR PORTIONS OF STRUCTURES

5.01. No alterations in the exterior design or color of any structure, including additions, may be made without the prior written approval of the Board. The materials used for any approved alteration must harmonize and complement the original building or buildings and must be approved in writing by the Board before the alteration. No approval is required to repaint or re-stain any structure with the same color scheme that was previously used and approved.

ARTICLE 6. ARCHITECTURAL AND PLANNING BOARD

Purpose and Functions

6.01. The purpose of the Architectural and Planning Board is to achieve and maintain the aesthetic goals of Declarant. The function of the Board is to enforce the restrictions contained in this Declaration by the review of plans and specifications submitted for approval and by the inspection of actual construction and progress to ensure conformity with the plans and specifications as approved. Declarant does not intend to deprive the individual owner from having a home of unique design; Declarant does intend to protect the community as a whole, and the individuals comprising it, from undesirable construction. Therefore, in the case of hardship or other good reason, the Board may make exceptions to any of the restrictions in this Declaration at any time after proper written application.

Board Members, Term, and Appointment

6.02. The Board will consist of _____[*e.g.*, three] persons to be appointed by Declarant. No person may be appointed to the Board by Declarant who is not actively engaged in and/or experienced in land-use planning, land development, architecture, engineering, or another associated field that would lend background and experience to the person to judge the intent of the restrictions and the conformity to the restrictions of plans and specifications submitted for review and approval.

Any Board member appointed by Declarant is subject to removal by Declarant at any time. The term of each Board member, unless earlier terminated by Declarant, will be _____[*e.g.*, three] years. At the discretion and option of Declarant, and while the Declarant has the right to fill vacancies on the Board by appointment, the term of a Board member may be extended for an additional term of _____[*e.g.*, three] years.

Declarant reserves the right to fill vacancies on the Board by appointment. If the Declarant fails to make an appointment within _____[*e.g.*, 90] days after a vacancy occurs, then that vacancy will be filled by an appointment made by _____[*describe, e.g.*, a majority of the owners of building sites other than Declarant's that have been subdivided for single family residential purposes at the time of the vacancy]. A duly executed written notice of any appointment or removal may be filed by Declarant with the _____[*name of county*] County Recorder and will then serve as notice to all persons of the matters set forth in the notice. Declarant may relieve itself of the obligation of appointing and maintaining the Board by filing with the _____[*name of county*] County Recorder a notice that Declarant has surrendered the powers of appointment and maintenance of the Board. On the recording of this notice, the powers and obligations of appointment and maintenance will immediately vest in _____[*describe, e.g.*, a majority of the owners of building sites other than Declarant's that have been subdivided for single family residential purposes at the time of recording].

Action by Board

6.03. The Board members will work as a panel. They will first review submitted plans and specifications individually and subsequently discuss them jointly. Written approval of _____[*e.g.*, two] members will constitute approval of preliminary or final submissions; provided that if no notice of rejection is received after

_____[*e.g.*, 30] days from the date of receipt of a submission, this inaction will be deemed approval. All decisions of the Board are final. Written notice of the Board's approval or rejection may be recorded with the _____[*name of county*] County Recorder and this will be conclusive evidence of approval or rejection.

Final acceptance will be in writing and signed by _____[*e.g.*, two] members; recordation of the final acceptance is conclusive evidence of it. If no final acceptance is given or recorded, or if no notice of noncompliance is recorded within _____[*e.g.*, 60] days after receipt by the Board and Declarant of a copy of the duly recorded notice of completion of the construction, alteration, or placement of any structure on the building site, then this failure to give or record final acceptance or to file a notice of noncompliance will be deemed conclusive evidence of final acceptance of the structure by the Board.

The actions or inactions of the Board or its agents when exercising in good faith its discretion in enforcing this Declaration will not be a basis for damages to any owner or any other person, nor will any such actions or inactions by Declarant, the Board, or any Board member, or their officers or agents, individually or collectively, constitute a cause of action for damages or equitable relief to any owner or any other person. Declarant, its successors or assigns, the Board or any Board member, or their officers or agents, individually or collectively, will not be responsible for any loss or damage, or be liable in any other way for any errors or defects, patent or latent, in the plans and specifications submitted for approval, or in any building or structure erected in accordance with those plans and specifications.

Architectural Permit and Fees

6.04. An Architectural Permit is required for any construction or alteration, and may be obtained by the architect or designer at Declarant's office. The permit is valid for _____[*e.g.*, one year]. The following fee schedule applies: preliminary plans must be accompanied by a fee of $ _____; plans for an addition or alteration to an existing residence must be accompanied by a fee of $ _____; any application for renewal of a permit or revisions must be accompanied by an additional fee of $ _____. All fees should be made payable to _____[*name of payee*].

Submission of Preliminary Plans

6.05. The owner of each lot on which construction is contemplated must submit to the Board a set of preliminary working drawings or plans, which must consist of a plot plan, floor plan, and elevation. On review, the Board may request additional drawings for clarification.

Submission of Final Plans and Specifications

6.06. On approval of the preliminary plans, _____[*e.g.*, two] sets of final plans and specifications must be submitted to the Board for final approval. These plans and specifications must describe in detail the floor plan arrangement, elevations, section structural solutions, use of materials, heights and dimensions, site placement, fences, grading, drainage plans, access, landscape and patio plans, and any other pertinent data required to fully illustrate the intended design, construction, and use. Physical samples of the exterior materials and colors must also be submitted for approval. Before giving final approval, the Board may require that the plans and specifications comply with any requirement imposed by the Board as to structural features, building materials used, or any characteristics not otherwise expressly covered by this Declaration. The approval of the Board does not relieve the owner from complying with any requirements of any public authority having jurisdiction and does not constitute any representation or guarantee by the Board, any Board member, or Declarant as to the structural sufficiency of any construction. Approval by the Board of any plans and specifications is not a waiver by the Board of its right to object to any of the features or elements embodied therein if and when the same features or elements are embodied in any subsequent plans and specifications submitted for approval for other building sites.

Inspection and Conformity to Plans

6.07. On reasonable notice, during and after completion of construction, Declarant, the Board, or any agent or officer thereof may from time to time at any reasonable hour enter into and inspect any property subject to this Declaration for compliance with the approved plans and specifications. Deviations must be diligently guarded against and all deviations or nonconformities set forth in any notice of noncompliance issued by the Board must be corrected before final acceptance. Declarant, the Board, or any agent or officer thereof acting in good faith will not be deemed guilty of, or become liable for, any manner of trespass for entry or inspection pursuant to this paragraph.

Final Acceptance

6.08. The owner of each building site agrees that use of the structure or structures on the building site will not commence until the Board's final acceptance in writing has been obtained.

Enforcement of Board Rulings

6.09. If the owner of any building site fails to comply with any notice of noncompliance or directive or order from the Board, then the Board or Declarant will have the right and authority, after reasonable notice, to perform the subject matter of the directive or order and the cost of that performance will be charged to the owner and may be recovered by the Board or Declarant in an action at law against the owner.

Furthermore, this Declaration vests the Board or Declarant with the right to bring a proceeding in equity to enforce the general and specific intent of this Declaration as follows: if written notice to the Board of steps to correct any noncompliance is not given within _____[*e.g.*, 15] days, or if the noncompliance is not thereafter cured within a reasonable time from the date notice of the noncompliance is given by the Board to the owner of the building site whose act or omission constitutes the noncompliance, the Board or Declarant may record the notice of noncompliance and thereafter file a proceeding in equity to restrain the noncompliance or attempted noncompliance.

ARTICLE 7. SCOPE AND DURATION

7.01. All the covenants and restrictions of this Declaration are imposed on the property for the direct benefit of the property and the owners of the property as a part of a general plan of improvement, development, building, occupation, and maintenance. These covenants and restrictions will run with the land and will be binding on all of the owners of the property and all persons claiming under them, and continue to be in full force and effect for a period of _____[*e.g.*, 25] years from the date that this Declaration is recorded. After the expiration of this period, the covenants and restrictions will be automatically extended for successive periods of _____[*e.g.*, 10] years each, unless an instrument, signed by three fourths of the then owners of record of the property has been recorded, agreeing to amend this Declaration in whole or in part or to terminate this Declaration.

ARTICLE 8. BREACH AND RIGHT OF ENFORCEMENT

Breach

8.01. The covenants and restrictions established in this Declaration will run with the land and will be binding on all parties (and their successors) having or acquiring any right, title, or interest in the real property described in Article 1. Declarant or any owner of any of the property, including any bona fide purchaser under contract, in the event of a breach of any restriction or covenant in this Declaration or a continuance of any such breach may by appropriate legal proceedings take steps to enjoin, abate, or remedy the breach. It is agreed that damages are not an adequate remedy for breach.

Every act or omission that violates in whole or in part any of the covenants contained in this Declaration is declared to be and constitutes a nuisance, and every remedy allowed by law or equity against a nuisance, either public or private, will be applicable and may be exercised by Declarant, the Board, or the owner of any of the property.

The remedies provided in this Declaration for breach of the covenants contained in this Declaration are cumulative; none of the remedies will be deemed exclusive.

A breach of the covenants contained in this Declaration will not affect or impair the lien or charge of any bona fide mortgage or deed of trust made in good faith and for value on any building site; provided, however, that any subsequent owner of such property will be bound by the covenants, whether that owner's title was acquired by foreclosure or in a trustee's sale or otherwise. A lender who acquired title by foreclosure or deed in lieu of foreclosure or trustee's sale will not be obligated to cure any breach of the covenants that occurred before that acquisition of title but will be bound by the covenants of this Declaration.

Right of Enforcement

8.02. The provisions in this Declaration will inure to the benefit of and be enforceable by Declarant, Declarant's successors or assigns, and the owner of any of the property, and each of their legal representatives, heirs, successors, or assigns. The failure to enforce any covenant or restriction in this Declaration will not be deemed a waiver of the right to enforce thereafter. In any legal proceeding begun by anyone entitled to enforce or restrain a violation of any provision of this Declaration, the losing party or parties must pay the attorneys' fees of the winning party or parties in the amount fixed by the court in the proceeding. Any right reserved by Declarant in this Declaration is also reserved to Declarant's successors or any entity designated by Declarant in writing including the Board; the designation may be recorded with the _____[*name of county*] County Recorder.

ARTICLE 9. PROTECTION FOR MORTGAGEES
AND TITLE INSURANCE COMPANIES

9.01. The owner of any encumbrance for value on any building site and any corporation insuring the lien of the encumbrance may conclusively presume that no breach exists under this Declaration, provided that the encumbrance is recorded with the _____[*name of county*] County Recorder before the start of any action to establish a breach and not within _____[*e.g.*, 60] days after the recording of any Notice of Noncompliance, anything contained in this Declaration to the contrary notwithstanding.

For the purpose of certifying, guaranteeing, or insuring title to, any lien on, or interest in, any lot or parcel of the property, and for the purpose of protecting purchasers and encumbrancers for value and in good faith as against the performance or nonperformance of any of the acts in this Declaration authorized, permitted, or to be approved by the Board, the records of the Board are prima facie evidence of all matters shown by those records. Furthermore, the issuance of a certificate of acceptance by the Board, which certificate shows approval of plans and specifications for improvement or other matters provided for in this Declaration and shows that the improvements have been made in accordance therewith, is prima facie evidence for all matters within the jurisdiction of the Board and will fully justify and protect any title company or person certifying, guaranteeing, or insuring the title, and will also fully protect any purchaser or encumbrancer for value and in good faith in acting thereon.

ARTICLE 10. GENERAL PROVISIONS

Amendments

10.01. This Declaration may be amended at any time, and from time to time, by an instrument in writing signed by three fourths of the then owners of record of the property, which written instrument will become effective on its recording with the _____[*name of county*] County Recorder.

Interpretation

10.02. All questions of interpretation or construction of any of the terms or restrictions in this Declaration will be resolved by the Board or the Declarant, and that decision will be final, binding, and conclusive on all parties affected. The singular includes the plural whenever the context of this Declaration requires. The headings are not a part of this Declaration, and will not affect the interpretation of any provision.

Severability

10.03. If any of the provisions of this Declaration are held to be invalid or unlawful by the final judgment of a Court of competent jurisdiction, that invalidity or illegality will not affect the validity of any other provisions of this Declaration.

Fair Housing

10.04. Neither Declarant nor any owner may directly or indirectly forbid the conveyance, encumbrance, renting, leasing, or occupancy of the owner's lot to any person on the basis of race, color, sex, religion, ancestry, national origin, disability, or other prohibited basis.

IN WITNESS WHEREOF, Declarant has executed this Agreement on the date first above written.

PART IV. FORMS
B. Agreements for Mutual Restrictive Covenants

12-28C California Legal Forms--Transaction Guide § 28C.210

§ 28C.210 Agreement for Mutual Restrictive Covenants Among Adjoining Landowners

[1] Comment

[a] Use of Form

This form is an agreement for use by the residents of an already developed area who wish to restrict the further use and development of their properties. Unlike the declarations of restrictions [*see §§ 28C.200, 28C.201*], it is not the original owner of the subdivision who sets the restrictions for the future owners, but rather the many owners themselves who attempt to coordinate their desires to apply land use planning and restrictions to their neighborhood. This type of agreement is authorized by *Civil Code Section 1468* [*see* [b], *below*]. This form provides the format for the agreement; refer to §§ 28C.200[2] and 28C.201[2] for specific restrictive provisions along with the terminal clauses for the agreement.

[b] Providing for Mutual Covenants Under Civil Code Section 1468

This form is based on *Civil Code Section 1468*, which provides that each covenant made by an owner of land with the owner of other land, or made by a grantor of land with the grantee of the land conveyed, to do or refrain from doing some act on the covenantor's own land, which is expressed to be for the benefit of the land of the covenantee, runs with both the land owned by the covenantor and the land owned by, or granted to, the covenantee and will benefit or bind each successive owner, during that owner's ownership. To fulfill the requirements of the statute, all of the following must be met [*Civ. Code § 1468*]:

(1) The instrument containing the covenants must particularly describe the land of the covenantor to be affected and the land of the covenantee to be benefited;

(2) The instrument containing the covenants must express that each covenant is binding on successive owners of the covenantor's land to benefit the land owned by, granted by, or granted to the covenantee;

(3) Each act must relate to the use, repair, maintenance, or improvement of, or payment of taxes and

assessments on, the land or some part of it; and

(4) The instrument containing the covenants must be recorded in the office of the county recorder of each county in which land or some part of it is located [*see* [c], *below*].

For land consisting of undivided interests in the same parcel or parcels, the suspension of the right of partition or sale in lieu of partition for a reasonable period is a covenant that runs with the land involved [*see Civ. Code § 1468(c)*].

[c] Procedure for Adopting Mutual Restrictive Covenants

Each owner agreeing to be bound by these covenants must sign this agreement. The signatures should be acknowledged [*see Civ. Code §§ 1180-1207*], and the agreement should be recorded in the office of the recorder in each county in which the land is situated [*see Civ. Code § 1468(d)*; *see also Civ. Code §§ 18, 1169, 1170*]. Recording the agreement gives constructive notice of its contents to subsequent purchasers and mortgagees [*Civ. Code § 1213*]. For further discussion of notice, acknowledgment, and recording, see Chapter 27, *Deeds and Recording* .

[d] Deeds to Successors of Signatory Landowners

Restrictions contained in a recorded subdivision declaration are binding on subsequent purchasers and their successors who have constructive notice of the recorded declaration even if the deed to the subsequent purchaser (or successor) does not mention the restrictions, provided the declaration [*see Citizens for Covenant Compliance v. Anderson (1995) 12 Cal. 4th 345, 349, 47 Cal. Rptr. 2d 898, 906 P. 2d 1314* (disapproving prior appellate court cases that required at least some reference in the deed to the recorded restrictions); *see also § 28C.12A*]:

(1) Establishes a common plan for the ownership of property in the subdivision (and imposes those restrictions as a part of that common plan);

(2) Describes the property to which the restrictions are to apply;

(3) States that it is to bind all purchasers and their successors; and

(4) Is recorded before the execution of a contract of sale to the subsequent purchaser.

The above rule was announced by the California Supreme Court in the *Citizens* case, which involved restrictions imposed by an owner/subdivider on lots to be sold to purchasers (a grantor/grantee situation). The agreement in this form is one between separate landowners, intended to be be binding on the signatory landlowners and their successors.

The question arises whether the *Citizens* rule (i.e., restrictions need not be mentioned in the deed to be binding on successive owners, provided owners have constructive notice of previously recorded restrictions) applies to deeds given by the signatory landowners to *their* successors. It seems reasonable to conclude that the same rule should apply to deeds in that situation, provided the agreement imposing the restrictions between landowners meets the requirements of *Citizens* for a declaration of restrictions (e.g., common plan, description of subject property) discussed above and also meets the statutory requirements for covenants that run with the land [*see* [b], *above*]. Recording the agreement itself gives subsequent purchasers constructive notice of the restrictions [*Civ. Code § 1213*].

The Court in *Citizens* made its rule retroactive and noted that the rule was not inconsistent with the statutes regarding covenants that run with the land [*see Citizens for Covenant Compliance v. Anderson (1995) 12 Cal. 4th 345, 368, 47 Cal. Rptr. 2d 898, 906 P. 2d 1314]* . It also stated that the rule applies equally to both covenants running with the land and equitable servitudes [*Citizens for Covenant Compliance v. Anderson (1995) 12 Cal. 4th 345, 355, 47 Cal. Rptr. 2d 898, 906 P. 2d 1314]* .

Even if one adopts the view that *Citizens* does not require that a reference to a previously recorded agreement between separate landowners (such as the one in this form) appear in the deed to a subsequent purchaser, there is no prohibition against including the reference in a deed to a subsequent purchaser [*see § 28C.12A*] as a precautionary measure. For a deed that does refer to recorded restrictions and incorporates them by reference, see *Section 28C.220*.

[2] FORM

Agreement for Mutual Restrictive Covenants Among Adjoining Landowners

[*Recording heading; see § 28C.200[2]*]

AGREEMENT

THIS AGREEMENT is made on _____[*date*], by the undersigned parties.

WHEREAS, the undersigned are the owners of _____[*describe the land with particularity, either within the agreement, as an exhibit, or by reference to recorded maps; lot numbers should be included*]; and

WHEREAS, it is the desire and intention of all the parties to this Agreement to restrict the land according to a common plan as to use and permissible buildings so that all of the lands will be benefited and each successive owner of all or a part of the lands will be benefited by the preservation of the value and character of the lands;

NOW, THEREFORE, in consideration of the mutual promises of the parties to this Agreement, each to the others as Convenantors and Convenantees, and expressly for the benefit of, and to bind, their successors in interest, the parties agree as follows:

_____[*Specify restrictive covenants, such as those found in § 28C.200[2] (standard residential covenants) or § 28C.202[2] (custom-home residential covenants), and conclude with general clauses, such as PP 21-23 of § 28C.200[2]*].

IN WITNESS WHEREOF, the parties to this Agreement have executed this Agreement on the date first above written.

_____ [*signature*]
[*typed name and address*]

_____ [*signature*]

PART IV. FORMS
C. Deeds

12-28C California Legal Forms--Transaction Guide § 28C.220

§ 28C.220 Deed Subject to Restrictive Covenants

[1] Comment

[a] Use of Form

This form is a deed that states that a conveyance is subject to specified recorded covenants and restrictions and incorporates those covenants and restrictions by reference. For covenants and restrictions contained in a recorded declaration for a subdivision [*see §§ 28C.200, 28C.201*], it is not necessary that the covenants and restrictions also be referenced in separate deeds to subsequent purchasers in order to be enforceable and binding on those subsequent purchasers [*Citizens for Covenant Compliance v. Anderson (1995) 12 Cal. 4th 345, 349, 47 Cal. Rptr. 2d 898, 906 P. 2d 1314* (disapproving prior appellate court cases that required at least some reference in the deed to the recorded restrictions)]. However, there is no prohibition against including such a reference in the deeds to purchasers, and practitioners may refer to and incorporate by reference recorded restrictions in the deeds to subdivision interests (as most probably did and thought they were required to prior to the ruling in *Citizens*). For further discussion of the *Citizens* case, see *Section 28C.12A*.

[b] Recording

When completed, this deed should be recorded in the office of the recorder in each county in which the land is located [*Civ. Code §§ 1169, 1468(d)*]. Recording gives constructive notice of the contents of the deed, including any incorporated reference to a previously recorded declaration of restrictions [*see* [a], *above*], to subsequent purchasers and mortgagees [*Civ. Code § 1213*]. For complete coverage of notice, acknowledgment, and recording, see Chapter 27, *Deeds and Recording* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND

12-28D California Legal Forms--Transaction Guide Scope

Scope

Scope

This chapter covers the statutory requirements and necessary forms for placing restrictions on the use of agricultural or open-space land for conservation purposes. The chapter focuses on the Williamson Act, also known as the California Land Conservation Act of 1965, on the Open-Space Easement Act of 1974, and on conservation easements created under the Civil Code. Additionally, the chapter discusses the use of land trusts and transferable development rights as methods of conserving or managing natural resources. Consideration is also given to the potential tax benefits of placing conservation restrictions on land use.

The Legal Background and Form comments are intended as a basic orientation to the governing law. The Transaction Guide provides checklists concerning the creation and termination of agricultural preserves and open-space easements. The forms contained in this chapter include those necessary for the establishment and termination of an agricultural preserve and the accompanying land conservation contract; a sample open-space easement and forms necessary for the termination of the easement; a sample conservation easement; and sample articles of incorporation for a nonprofit land trust.

Other methods of land preservation are discussed briefly here, such as coastal and environmental regulatory statutes and open-space zoning. However, an in-depth review of these approaches to land conservation is beyond the scope of this chapter. For complete coverage of conservation and environmental law, see California Environmental Law and Land Use Practice(Matthew Bender). For further information on land use regulations and property tax consequences, see California Real Estate Law and Practice, Ch. 253, *Local Planning and the General Plan* , Ch. 322, *Taxation and Land Use Control* , Ch. 343, *Easements and Licenses* , and Ch. 361, *Dedication* (Matthew Bender). For further information on tax consequences of land use restrictions, see Rabkin & Johnson, Current Legal Forms with Tax Analysis, Ch. 11, *Contributions to Charities* (Matthew Bender).

Easements in general are covered in Ch. 28A, *Easements and Licenses* . General restrictions that may be imposed on land use are discussed in Ch. 28C, *Covenants, Conditions, and Restrictions* . Forms and procedures for the dedication of land to a city or county are covered in Ch. 27A, *Dedication* . Zoning and environmental regulations are discussed in detail in Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits* . Specific environmental contamination issues in real property transactions are covered in Ch. 33, *Contamination Considerations in Real Property Transactions* . The formation of a nonprofit organization is discussed in Ch. 13, *Nonprofit Corporations* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
A. Agricultural Preserves Under Williamson Act

12-28D California Legal Forms--Transaction Guide § 28D.10

§ 28D.10 Nature of Agricultural Preserves

[1] Purpose of Williamson Act

The Williamson Act [*Gov. Code § 51200 et seq.*] is designed to promote the general welfare and to protect the public interest in agricultural land [*Gov. Code § 51220(f)*]. The Williamson Act, also known as the California Land Conservation Act of 1965, is based on the following legislative findings:

> (1) The preservation of a maximum amount of the limited supply of agricultural land is necessary to the conservation of the state's economic resources, both to maintain the state's agricultural economy and to ensure adequate, healthful, and nutritious food [*Gov. Code § 51220(a)*].
>
> (2) The agricultural work force, which has the lowest average income of any occupational group in California, is vital to sustaining agricultural productivity, and the need to house this work force is of such crisis proportions that the housing of agricultural laborers must be included among agricultural uses and doing so is in the public interest [*Gov. Code § 51220(b)*].
>
> (3) Discouraging premature and unnecessary conversion of agricultural land to urban uses is in the public interest and will benefit urban dwellers by discouraging discontiguous urban development patterns that unnecessarily increase the costs of community services to community residents [*Gov. Code § 51220(c)*].
>
> (4) In a rapidly urbanizing society, agricultural lands have a definite value as open space, and preserving agricultural production on those lands constitutes an important physical, social, aesthetic, and economic asset to existing or pending urban or metropolitan development [*Gov. Code § 51220(d)*].
>
> (5) Land within a scenic highway corridor [*see Gov. Code § 51201(i)*] or wildlife habitat area [*see Gov. Code § 51201(j)*] has value to the state because of its scenic beauty and location adjacent to or within view of a state scenic highway, or because it is of great importance as habitat for wildlife and contributes to the preservation or enhancement of wildlife [*Gov. Code § 51220(e)*].

(6) Agricultural operations are often hindered or impaired by uses that increase the density of permanent or temporary human population of the agricultural area, and therefore cities and counties must determine the types of uses to be deemed compatible uses [*see Gov. Code § 51201(e)*; *see also § 28D.12 [2]*] in a manner consistent with the recognition of that fact [*Gov. Code § 51220.5*].

(7) It is in the public interest for local officials and landowners to retain agricultural lands that are subject to contracts entered into under the Williamson Act in parcels large enough to sustain the agricultural uses permitted under those contracts [*Gov. Code § 51222*].

In addition, the legislature has declared that expenditure of public funds under the Williamson Act's provisions is in the public interest and is necessary to accomplish the purposes described in paragraphs (1) through (7), *above* [*Gov. Code § 51221*].

The Williamson Act serves these findings by using land conservation contracts to restrict permitted uses of land within an agricultural preserve. Once a preserve is established, the local government may offer contracts to owners of land within the preserve [*see Gov. Code §§ 51230, 51240*; *see also Gov. Code § 51240 et seq.*; § 28D.13]. These Williamson Act contracts bind the local government to a lower property tax rate and bind the landowner to a promise to restrict use of the land to agricultural, recreational, or open-space purposes [*see Gov. Code §§ 51240, 51243(a)*; *see also Gov. Code § 51240 et seq.*; *Lewis v. City of Hayward (1986) 177 Cal. App. 3d 103, 108-110, 222 Cal. Rptr. 781* ; *Dorcich v. Johnson (1980) 110 Cal. App. 3d 487, 493, 167 Cal. Rptr. 897* (historical explanation of tax benefits); §§ 28D.13, 28D.50, 28D.51]. As compensation for decreased property tax revenues, cities and counties with Williamson Act agricultural preserves may receive subvention payments from the state [*Gov. Code §§ 16140-16154*; *see § 28D.52*]. The Act also restricts certain public actions within the agricultural preserves [*see, e.g., Gov. Code § 51290*; *see also § 28D.15*].

The Department of Energy and Conservation is authorized to meet with and assist government agencies, organizations, landowners, or any other person or entity in interpreting the Williamson Act and to disseminate information about the Act [*Gov. Code § 51206*; *see § 28D.120*].

[2] Definitions

An "agricultural preserve" is an area devoted to agricultural, recreational, or open-space use, or to any combination of these uses, that is established under the provisions of the Williamson Act (also known as the California Land Conservation Act of 1965) [*Gov. Code § 51201(d)*; *see Gov. Code §§ 51200, 51201(b), (n), (o)*; *see also Gov. Code § 51200 et seq.*]. An "agricultural use" is a use of land, including, but not limited to, greenhouses, to produce plant and animal products for commercial purposes [*Gov. Code § 51201(a), (b)*]. The term also includes recreational and open-space use for the purposes of placing contractual restrictions on the use of land in an agricultural preserve [*Gov. Code § 51205*; *see § 28D.13*].

"Recreational use" means the use of land by the public for walking, hiking, picnicking, camping, swimming, boating, fishing, hunting, or any other outdoor games or sports for which facilities are provided for public participation. Any fee charged for recreational use must be reasonable and must not have the effect of unduly limiting public use [*Gov. Code § 51201(n)*]. Any ancillary structures necessary for a recreational use must comply with the provisions of *Gov. Code § 51238.1*, which details the principles of compatibility and procedures for board or counsel action [*Gov. Code § 51201(n)*].

"Open-space use" means the use or maintenance of land (1) in a manner that preserves its natural characteristics, beauty, or openness for the benefit and enjoyment of the public; (2) to provide essential habitat for wildlife; or (3) for the solar evaporation of sea water in the course of salt production for commercial purposes [*Gov. Code § 51201(o)*]. Land used

for open space must be located in one of the following areas [*Gov. Code § 51201(o)*]: a scenic highway corridor [*see Gov. Code § 51201(i)*]; a wildlife habitat area [*see Gov. Code § 51201(j)*]; a saltpond [*see Gov. Code § 51201(k)*]; a managed wetland area [*see Gov. Code § 51201*(*l*)]; or a submerged area [*see Gov. Code § 51201(m)*].

[3] Agricultural Land Classification

The Williamson Act does not expressly define the term "agricultural land." In some circumstances, the term refers to land put to agricultural, recreational, or open-space use [*see Gov. Code §§ 51201(b), (d), (n), (o), 51205, 51205.1*]. In other circumstances, it seems to refer only to land used for agricultural production [*see Gov. Code § 51205* ("agricultural land" and "agricultural use" include recreation and open-space); *see, e.g., Gov. Code § 51230* (preserve may contain land that is not agricultural, but use must be restricted to be compatible with agricultural use)]. For a definition of "agricultural use," see [2], *above*.

The Williamson Act distinguishes for some purposes between prime and non-prime agricultural lands [*see, e.g., Gov. Code § 51222* (presumption of parcel size)]. "Prime agricultural land" refers to land of first quality, whether or not in actual use for agricultural production. It includes any of the following [*see Gov. Code § 51201(c)*]:

- Land qualifying for rating as class I or class II in the Soil Conservation Service land use capability classifications.

- Land qualifying for rating 80 through 100 in the Storie Index Rating.

- Land that supports livestock used for the production of food and fiber and that has an annual carrying capacity equivalent to at least one animal unit per acre as defined by the United States Department of Agriculture.

- Land planted with fruit- or nut-bearing trees, vines, bushes, or crops that have a nonbearing period of less than five years and that normally return during the commercial bearing period of at least $200 per acre, on an annual basis, from the production of unprocessed agricultural plant production.

- Land that has returned from the production of unprocessed agricultural plant products an annual gross value of at least $200 per acre for three of the previous five years.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
A. Agricultural Preserves Under Williamson Act

12-28D California Legal Forms--Transaction Guide § 28D.11

§ 28D.11 Establishing, Disestablishing, and Altering Agricultural Preserves

[1] Establishing Agricultural Preserves

[a] Requirements Imposed on Cities and Counties

In order to establish an agricultural preserve, a county or city must have a general plan [*Gov. Code § 51230*]. A "general plan" is a statement of development policies for use in local planning [*Gov. Code § 65302*; *see Gov. Code §§ 65100, 65101, 65300-65307, 65700*; *see also* California Real Estate Law and Practice, ch. 253, *Local Planning and the General Plan* (Matthew Bender)].

In general, cities and counties are not required to implement the Williamson Act [*Kelsey v. Colwell (1973) 30 Cal. App. 3d 590, 593-595, 106 Cal. Rptr 420]* . However, when an owner of land within a scenic highway corridor requests that the land be included in an agricultural preserve, the locality must establish a preserve and offer a contract, regardless of the size of the parcel [*Gov. Code § 51205.1*; *Borel v. County of Contra Costa (1990) 220 Cal. App. 3d 521, 527, 269 Cal. Rptr. 460]* . A "scenic highway corridor" is an area adjacent to and within view of the right-of-way of specified types of county scenic highways or existing or proposed state scenic highways [*see Gov. Code § 51201(i)*].

[b] Land Eligibility Requirements

In general, an agricultural preserve must consist of at least 100 acres of land, unless circumstances exist that permit the locality to establish smaller preserves [*Gov. Code § 51230*]. Two or more contiguous or commonly owned parcels of land may be combined to meet this requirement, and land zoned as timberland production [*see Gov. Code §§ 51100-51155*] may be taken into account [*Gov. Code § 51230*]. The governing body may create either a single large preserve including several landowners, or separate agricultural preserves for every qualifying land owner *[56 Cal. Op. Att'y Gen. 160, 161 (1973)]* .

Smaller preserves may be established if the city or county finds that doing so meets two criteria. First, the smaller preserve must be necessary because of the unique characteristics of the agricultural enterprises in the area. Second, the smaller preserve must be consistent with the city or county general plan [*Gov. Code § 51230*; *see* Comment, *Beyond the*

Williamson Act: Alternatives for More Effective Preservation of Agricultural Land in California, 15 Pac. L.J. 1151, 1157 (1984)].

Additionally, if the land proposed for inclusion in an agricultural preserve is within a scenic highway corridor [*see Gov. Code § 51201(i)*], the governing locality must establish an agricultural preserve and offer a contract regardless of the size of the parcel [*Gov. Code § 51205.1*; *Borel v. County of Contra Costa (1990) 220 Cal. App. 3d 521, 527, 269 Cal. Rptr. 460* ; *see* [a], *above*].

An agricultural preserve may contain land other than agricultural land. However, the use of any land within the preserve that is not subject to a Williamson Act contract must be restricted by zoning, including appropriate minimum parcel sizes that are at a minimum consistent with the Government Code provisions concerning agricultural land, to be compatible with the agricultural use of the land under contract [*Gov. Code § 51230*; *see § 28D.13[2]* (rules for compatible uses)]. Although the governing locality must restrict the use of the land not subject to contract within two years of the effective date of any contract on land within the preserve, the failure to so restrict the land is not sufficient grounds to cancel or otherwise invalidate the contract [*Gov. Code § 51230*]. No land occupied by gas, electric, water, communication, or agricultural laborer housing facilities may be excluded from an agricultural preserve because of that use [*Gov. Code § 51238(a)(2)*].

[c] Procedures

Each city or county must adopt by resolution rules governing the administration of agricultural preserves, including procedures for initiating, filing, and processing requests to establish agricultural preserves [*Gov. Code § 51231*]. These rules must be applied uniformly throughout the preserve [*Gov. Code § 51231*]. The city or county also may require the payment of a reasonable application fee [*see Gov. Code § 51231*]. Additionally, the Act prescribes certain procedures that must be followed in establishing an agricultural preserve [*see, e.g., Gov. Code §§ 51230-51237.5*]. For a detailed guide to those procedures, see *§ 28D.120[1]*.

In general, agricultural preserves are established at the request of a landowner or group of landowners [Comment, *Beyond the Williamson Act: Alternatives for More Effective Preservation of Agricultural Land in California, 15 Pac. L.J. 1151, 1156 (July 1984)*]. Typically, the first step to establish an agricultural preserve is to submit a proposal directly to the planning department of the county or city having jurisdiction over the land, or to the appropriate city or county department or agency, which will forward the proposal to the planning commission [*see Gov. Code § 51234*]. For a form of a proposal to establish an agricultural preserve, see *§ 28D.200[2]*.

The planning agency will submit a report on the proposal to the board of supervisors or city council. The report must state whether the proposed preserve is consistent or inconsistent with the locality's general plan. Final action on the proposal may not be taken until the report is received, or until the required time for submitting the report has elapsed. The board of supervisors or city council must make a finding of consistency with the general plan before taking final action to establish the preserve [*Gov. Code § 51234*].

The board of supervisors or city council must then give notice of and hold a public hearing on the proposed agricultural preserve [*Gov. Code § 51230*; *see Gov. Code §§ 6060, 6061*; *see also § 28D.120*]. The notice must include a legal description, or the assessor's parcel number, of the land proposed to be included in the preserve [*Gov. Code § 51230*]. A substantial error in the legal description of the land renders both the notice and the contract invalid, and the landowner will not be entitled to the benefits of the lower property tax valuation. The notice cannot be subsequently corrected unless special facts exist that clearly indicate that all interested persons, including the general public, would be misled by the notice *[53 Cal. Op. Att'y Gen. 305 (1970)]* .

Once an agricultural preserve has been established [*see § 28D.201* (form of resolution establishing preserve)], the board of supervisors or city council must adopt rules to govern the administration of the preserve [*Gov. Code § 51231*; *see §*

28D.12].

[2] Disestablishing or Altering Boundaries of Agricultural Preserves

The same procedures required by the locality's uniform rules [*see § 28D.12[1]*] to establish an agricultural preserve must be used to disestablish, or enlarge or diminish the size of, a preserve [*Gov. Code § 51231*]. However, additional notice requirements are imposed on the city or county if a proposal to disestablish or alter a preserve's boundaries will remove land under contract from the preserve [*see Gov. Code § 51232*; *see also § 28D.13*]. For a guide to these procedures, see *§ 28D.132*.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
A. Agricultural Preserves Under Williamson Act

12-28D California Legal Forms--Transaction Guide § 28D.12

§ 28D.12 Administering Agricultural Preserves

[1] Rules for Administration

Localities with agricultural preserves must adopt rules governing the administration of the preserves, which must be applied uniformly throughout the preserve [*Gov. Code § 51231*]. These rules must, in addition to governing the preserve's administration, outline procedures for initiating, filing, and processing requests to establish, disestablish, or alter the size of the agricultural preserves [*Gov. Code § 51231*]. The rules must also, in general, outline uses of land within agricultural preserves that have been determined to be compatible with the agricultural, recreational, or open-space use of land within the preserve and under contract [*see Gov. Code § 51231*; *see also Gov. Code § 51201(e)*]. Uses considered compatible for contracted land [*see § 28D.13*] may be enumerated separately from uses considered compatible for land within the preserve that is not under contract [*Gov. Code § 51231*; *see* [2], *below*]. The board of supervisors or city council may appoint an advisory board to advise on the administration of the preserves and on any matters relating to contracts entered into under the Williamson Act [*Gov. Code § 51239*].

Localities generally have broad discretion to tailor their rules to determine the kinds of property that may be included in a preserve. For example, a county or city may resolve to include only productive agricultural land, and may adopt rules requiring a minimum capital outlay for agricultural capital investments *[56 Cal. Op. Att'y Gen. 160, 162-164 (1973)* ; *see Gov. Code § 51240*]. The rules must, nevertheless, meet constitutional standards. Thus, while it is acceptable to require that the gross income derived from the preserve be at least 50 percent of its estimated agricultural capability, a requirement that a landowner within an agricultural preserve derive 51 percent of his or her income from agricultural pursuits constitutes a denial of equal protection *[56 Cal. Op. Att'y Gen. 160, 164 (1973)]* . Additionally, land may not be excluded from an agricultural preserve based on its use for gas, electric, water, communication, or agricultural laborer housing facilities [*Gov. Code § 51238(a)(2)*].

[2] Compatible Uses

A "compatible use" is any use determined by the city or county administering the preserve to be compatible with the agricultural, recreational, or open-space use of the land within the preserve and under contract [*Gov. Code § 51201(e)*; *see* [1], *above*]. Use of lands within the preserve that are not under a contract must be restricted, within two years of the

effective date of any contract on land within the preserve, by zoning, including appropriate minimum parcel sizes that are at a minimum consistent with the Government Code provisions concerning agricultural land, to be compatible with the agricultural, recreational, or open-space use of the land under contract [*Gov. Code § 51230*]. The effectiveness of this requirement is uncertain, however, since the Williamson Act does not include any provision to enforce this requirement, and since land conservation contracts may not be cancelled or invalidated based on the failure of the governing body to restrict the use of land not subject to a contract within a preserve [*see Gov. Code § 51230*].

Certain specified uses are deemed compatible unless the governing body finds otherwise after notice and a hearing. For example, agricultural, recreational, or open-space uses are considered compatible unless the board of supervisors or city council finds, after notice and a hearing, that such use is not compatible with the uses to which the land is restricted by a Williamson Act contract [*Gov. Code § 51201(e)*; *see § 28D.13*]. Further, the erection, construction, alteration, or maintenance of gas, electric, water, communication, or agricultural laborer housing facilities are compatible uses within any agricultural preserve, unless the board of supervisors or city council makes a finding to the contrary after notice and a hearing [*Gov. Code § 51238(a)*].

The governing body may impose additional conditions on lands within preserves to permit and encourage compatible use of the land, particularly public outdoor recreational uses [*Gov. Code § 51238(b)*]. Additionally, the governing body may encourage use of the land for free public recreation by agreeing to indemnify the owner against all claims arising from that use. Furthermore, the owner's agreement to the free, public recreational use of the land is not to be construed as an implied dedication to that use [*Gov. Code § 51238.5(a)*; *see* California Real Estate Law and Practice, ch. 361, *Dedication* (Matthew Bender)]. If an owner of land agrees to permit the use of his or her land for agricultural laborer housing facilities authorized pursuant to *Gov. Code § 51238*, the city, county, housing authority, state agency, or nonprofit organization may indemnify the owner against all claims arising from that use [*Gov. Code § 51238.5(b)*].

The fact that a county has entered into a contract restricting the use of the land to certain compatible uses [*see § 28D.13*] does not preclude the county's power to regulate those uses. Thus, a Williamson Act contract does not prevent the county from changing its zoning and placing more restrictive regulations on permitted uses of property within the preserve [*Delucchi v. County of Santa Cruz (1986) 179 Cal. App. 3d 814, 823-824, 225 Cal. Rptr. 43 , cert. denied, 479 U.S. 803 (1986)]* .

[3] Effect of Annexation, Detachment, Incorporation, or Disincorporation

In the event that land within an agricultural preserve is included in an annexation, detachment, incorporation, or disincorporation, the preserve continues in full effect. Any city or county acquiring jurisdiction over land in a preserve as a result of annexation, detachment, incorporation, or disincorporation succeeds to all the rights and responsibilities specified in the Williamson Act for cities and counties with agricultural preserves located within their boundaries [*Gov. Code § 51235*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
A. Agricultural Preserves Under Williamson Act

12-28D California Legal Forms--Transaction Guide § 28D.13

§ 28D.13 Land Conservation Contracts

[1] In General

Once an agricultural preserve is established, the city or county may enter into land conservation contracts with owners of land within the preserve limiting the use of the land for the purpose of preserving the land in accordance with the Williamson Act [*Gov. Code § 51240*]. An "owner" or "landowner" includes a contract purchaser under the California Veterans Aid Program [53 Cal. Op. Att'y Gen. 187, 188 (1970)] . A beneficiary or trustee is not an owner, and therefore his or her assent to the contract is not required [*51 Cal. Op. Att'y Gen. 80, 84, 88 (1968)]* .

Contracts may provide restrictions, terms, and conditions, including payments and fees, that are more restrictive than, or that are in addition to, those required by the Williamson Act [*Gov. Code § 51240*]. In addition, a governing body may place regulations in its zoning requirements that are more restrictive than those in its land conservation contracts even after it has entered into a contract [*Delucchi v. County of Santa Cruz (1986) 179 Cal. App. 3d 814, 823-824, 225 Cal. Rptr. 43 , cert. denied, 479 U.S. 803]* .

Land that is under a Williamson Act land conservation contract is eligible to be valued in the most advantageous methods for property tax purposes. However, land within a preserve that is not under contract is not eligible for this treatment [*see Rev. & Tax. Code §§ 421-423.4*]. For further discussion, see *§§ 28D.50* and *28D.51*.

The city or county must record a copy of a contract, together with a reference to the map showing the location of the agricultural preserve in which the property lies, with the county recorder no later than 20 days after entering into a contract [*Gov. Code § 51248*]. Alternatively, whenever a city or county is required to record a contract, it may file a fictitious contract and later include the provisions of the fictitious contract by reference in any contract required to be filed under the Williamson Act [*Gov. Code § 51248.5*; *see Civ. Code § 2952*].

[2] Eligible Land

To be eligible for a land conservation contract, the land must be located within an established agricultural preserve and must be devoted to agricultural use [*Gov. Code § 51242*]. For the purposes of inclusion in an agricultural preserve and a

Williamson Act contract, the term "agricultural land" includes the following [*Gov. Code § 51205*]: (1) land devoted to recreational use [*see Gov. Code § 51201(n)*; *see also Gov. Code § 51238.1*]; and (2) land within a scenic highway corridor [*see Gov. Code §§ 51201(i), 51205.1*], a wildlife habitat area [*see Gov. Code § 51201(j)*], a saltpond [*see Gov. Code § 51201(k)*], a managed wetland area [*see Gov. Code § 51201(l)*], or a submerged area [*see Gov. Code § 51201(m)*]. For the same purposes, the term "agricultural use" includes recreational and open-space use [*Gov. Code § 51205*; *see Gov. Code § 51201(n), (o)*]. The landowner must provide the governing locality with the information required to determine the eligibility of the land involved [*Gov. Code § 51247*].

The Legislature has declared that it is in the public interest for local officials and landowners to retain agricultural lands that are subject to Williamson Act contracts in parcels large enough to sustain the agricultural uses permitted under the contract. Parcels of at least 10 acres are presumed to be sufficient for prime agricultural land, and parcels of at least 40 acres are presumed to be sufficient for land that is not prime agricultural land [*Gov. Code § 51222*; *see Gov. Code § 51201(c)* ("prime agricultural land" defined); *see also § 28D.10[2]*].

[3] Effect of Prior Protest Against County Contracts Near Cities

Under former law, a city whose boundaries were within one mile of the land proposed to be placed under a contract was authorized to file a protest against the proposed contract. This provision allowed the city to preserve its option to cancel the contract on annexation of the land to the city [*see* former *Gov. Code §§ 51243, 51243.5* (repealed by Stats. 1990, ch. 841, § 5)].

Under current law, except as provided in *Gov. Code § 51243.5*, on and after the effective date of the annexation by a city of any land under contract with a county, the city succeeds to all rights, duties, and powers of the county under the contract [*Gov. Code § 51243(b)*].

Gov. Code § 51243.5 applies only to land that was within one mile of a city boundary when a contract was executed pursuant to the Act before 1991 [*Gov. Code § 51243.5(a)*]. For any proposal that would result in the annexation to a city of any land that is subject to a contract under the Act, the local agency formation commission (LAFCO) must determine whether the city may exercise its option to not succeed to the rights, duties, and powers of the county under the contract [*Gov. Code § 51243.5(b)*]. In making the determination, pursuant to *Gov. Code § 51206(b)*, the LAFCO may request, and the Department of Conservation must provide, advice and assistance in interpreting the requirements of this section [*Gov. Code § 51243.5(c)*]. If the Department of Conservation has concerns about an action proposed to be taken by a LAFCO pursuant to *Gov. Code § 51243.5* or *51243.6*, it must advise the LAFCO of its concerns, whether or not the LAFCO has requested it to do so. The LAFCO must address the Department's concerns in any hearing to consider the proposed annexation or a city's determination whether to exercise its option not to succeed to a contract, and must specifically find that substantial evidence exists to show that the city has the present option under this section to decline to succeed to the contract [*Gov. Code § 51243.5(c)*].

A city may exercise its option not to succeed to the rights, duties, and powers of the county under the contract if, before December 8, 1971, the land being annexed was within one mile of the city's boundary when the contract was executed, and the city had filed with the county board of supervisors a resolution protesting the execution of the contract [*Gov. Code § 51243.5(d)*]. A city may exercise its option not to succeed to the rights, duties, and powers of the county under the contract if each of the following occurred before 1991 [*Gov. Code § 51243.5(e)*]:

- The land being annexed was within one mile of the city's boundary when the contract was executed.
- The city filed with the LAFCO a resolution protesting the execution of the contract.
- The LAFCO held a hearing to consider the city's protest to the contract.

- The LAFCO found that the contract would be inconsistent with the publicly desirable future use and control of the land.

- The LAFCO approved the city's protest.

It is conclusively presumed that no protest was filed by the city unless there is a record of the filing of the protest and the protest identifies the affected contract and the subject parcel. It is also conclusively presumed that required notice was given before the execution of the contract [*Gov. Code § 51243.5(f)*].

The option of a city not to succeed to a contract extends only to that part of the land that was within one mile of the city's boundary when the contract was executed [*Gov. Code § 51243.5(g)*].

If the city exercises its option not to succeed to a contract, then the city must record a certificate of contract termination with the county recorder at the same time the executive officer of the LAFCO files the certificate of completion pursuant to *Gov. Code § 57203*. The certificate of contract termination must include a legal description of the land for which the city terminates the contract [*Gov. Code § 51243.5(h)*].

[4] Duration, Terms, and Conditions

Every contract must be for an initial term of at least 10 years [*Gov. Code § 51244*]. In addition, every contract must provide that on the anniversary date of the contract, or on any other annual date specified in the contract, a year will be added automatically to the initial term unless notice of nonrenewal is given as provided in the Williamson Act [*Gov. Code § 51244*; *see Gov. Code § 51245*]. This provision effectively retains the 10-year duration of the land use restrictions, and means that a contract will have at least nine additional years to run whenever notice of nonrenewal is given [*see Gov. Code §§ 51244, 51246(a)*; *see also § 28D.14[1]*].

If the initial term of the contract is for more than 10 years, the contract may provide that the annual automatic addition of a year to the contract's term will begin on the anniversary date (or other annual date specified by the contract) when the contract will have an unexpired term of nine years, unless notice of nonrenewal is given [*Gov. Code § 51244.5*]. Although this permissive language could be interpreted to mean that the automatic renewal provision is not required for contracts with terms longer than 10 years, the statute has not been interpreted in this manner. Further, such an interpretation might render the contract an unenforceable restriction for property tax valuation purposes (at least from the date that the contract has an unexpired term of less than 10 years) [*see, e.g., Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 852, 171 Cal. Rptr. 619, 623 P.2d 180]* .

When a Williamson Act contract renews automatically on each anniversary date, the parties enter into a new contract each year. At the time of renewal, all applicable laws and ordinances then in existence, including provisions enacted or adopted after the contract was originally made, become part of the contract [*County of Humboldt v. McKee (2008) 165 Cal. App. 4th 1476, 1496-1497, 82 Cal. Rptr. 3d 38* (600-acre minimum parcel size for divisions of Class B preserves imposed by guidelines adopted by county in 1978 applied on renewal of Williamson Act contract originally entered into in 1977)].

Every land conservation contract must exclude uses that are not agricultural and that are not compatible with agricultural uses. This exclusion must remain in effect for the duration of the contract [*Gov. Code § 51243(a)*]. Every contract also must be binding on and inure to the benefit of all successors in interest of the owner [*Gov. Code § 51243(b)*; *see* [5], *below*]. In addition, the city or county may include restrictions, terms, and conditions, including payments and fees, that are more restrictive than or in addition to those required by the Williamson Act, as long as the minimum requirements of the Act are satisfied [*Gov. Code § 51240*].

Once a contract is made with any landowner, the governing locality must offer contracts with similar terms to every

other owner of agricultural land within the same agricultural preserve. The contracts need not be identical, except as required by the Williamson Act, provided that any contractual differences are related to the differences in location and characteristics of the land, and are pursuant to the uniform rules adopted by the locality [*Gov. Code § 51241*].

[5] Divisibility and Succession

In general, the benefits and burdens of a Williamson Act contract run with the land regardless of changes in ownership or subdivisions [*see Gov. Code § 51243*]. If land under a contract is divided, the owner of any parcel may exercise all of the rights of the owner in the original contract, including the right to give notice of nonrenewal and to petition for cancellation [*see § 28D.14[1], [2]*], independent of any other owner of a portion of the divided land [*Gov. Code § 51243(b)*]. If the owner of any subdivided land takes any action, such as giving a notice of nonrenewal or cancelling, the effect of the action is not imputed to the owners of the remaining parcels and does not affect the land conservation contract as it applies to them [*Gov. Code § 51243(b)*].

Special restrictions apply when ownership of land in an agricultural preserve is transferred among immediate family members [*see Gov. Code § 51230.1*]. An "immediate family member" is the spouse, natural or adopted children, parents, or siblings of the landowner [*Gov. Code § 51230.1(c)*]. The transfer of ownership between immediate family members does not affect a Williamson Act contract, and the transferred portion remains subject to the contract, if the following conditions are satisfied [*Gov. Code § 51230.1(a), (b)*]:

(1) The parcel to be transferred is at least 10 acres in size if it is prime agricultural land, or 40 acres in size if it is not prime agricultural land [*see § 28D.10[2]*].

(2) The parcel to be transferred conforms to the applicable local zoning and land division ordinances and to any applicable local coastal program certified pursuant to *Public Resources Code Sections 30500-30534*.

(3) The parcel to be transferred complies with all applicable requirements relating to agricultural income and permanent agricultural improvements that are imposed by the county or city as a condition of a land conservation contract covering the land of which the parcel to be transferred is a portion. If the contracted land already complies with these requirements, the portion of that land to be transferred is deemed to comply.

(4) A written agreement exists between the immediate family members who are parties to the proposed transfer stating that the land subject to a Williamson Act contract, as well as the portion to be transferred, will be operated under the joint management of the parties subject to the terms and conditions and for the duration of the Williamson Act contract.

The effect of the landowner's default and subsequent foreclosure or trustee's sale on land under a Williamson Act contract depends on when the trust deed or other encumbrance is recorded. If the encumbrance was executed and recorded after the execution and recordation of the Williamson Act contract, the buyer at the foreclosure or trustee's sale takes the land subject to the contract's use restrictions. If the encumbrance was executed and recorded before the execution and recordation of the Williamson Act contract, the buyer acquires the land free of the contract's restrictions unless the beneficiary of the encumbrance consented to subordinate his or her interest to the subsequent contractual restrictions [*51 Cal. Op. Att'y Gen. 80, 84-85, 88 (1968)]* .

[6] Interpretation and Enforcement

A Williamson Act contract is subject to the same principles of interpretation as other contracts. Thus, land conservation contracts are construed as a whole and interpreted so as to give effect to the main purpose of the contract. Language that

is inconsistent with the objective of the contract is rejected. If a contract is susceptible to multiple interpretations, a court will construe the contract to give it effect, provided that the construction does not violate the parties' intention [*County of Marin v. Assessment App. Bd. (1976) 64 Cal. App. 3d 319, 324-325, 134 Cal. Rptr. 349]* .

The county, city, or landowner may bring an action to enforce a Williamson Act contract. Enforcement actions may also be brought by any landowner whose exterior boundary is within one mile of the land under contract. In addition, an owner of land under contract may bring an action in court to enforce a contract on land located within the same county or city. Actions to enforce Williamson Act contracts may include, but are not limited to, actions for specific performance or injunction [*Gov. Code § 51251*].

Furthermore, a county may attempt to enjoin the subdivision of land under a land conservation contract if the board determines that the subdivision violates the Williamson Act [62 Cal. Op. Att'y Gen. 233, 241-243 (1979) ; *54 Cal. Op. Att'y Gen. 90, 92 (1971)]* . If the use of parcels for homesites is not incidental to their use for commercial agricultural production, the division of contract land into parcels violates the Williamson Act [62 Cal. Op. Att'y Gen. 233, 243 (1979) ; *54 Cal. Op. Att'y Gen. 90, 92 (1971)]* . In this situation, the county may seek specific performance of the land conservation contract and a civil injunction against subdividing and selling parcels located in an agricultural preserve, even if zoning laws permit the subdivision *[54 Cal. Op. Att'y Gen. 90, 91-92 (1971)]* . However, a violation of a Williamson Act contract does not constitute sufficient grounds, in and of itself, to permit the board to disapprove a tentative subdivision map. Although the statutory grounds for disapproving a tentative subdivision map are exclusive, the underlying facts that may constitute a violation of a Williamson Act contract may also constitute a ground for disapproval of a tentative subdivision map *[62 Cal. Op. Att'y Gen. 233, 243-245 (1979)]* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
A. Agricultural Preserves Under Williamson Act

12-28D California Legal Forms--Transaction Guide § 28D.14

§ 28D.14 Terminating Contracts

[1] Nonrenewal

[a] Effect of Nonrenewal

A notice of nonrenewal prevents the automatic extension of a land conservation contract by one year on the annual renewal date. It does not immediately terminate the land conservation contract; the existing contract remains in effect for the balance of the period remaining after the original execution or the last renewal of the contract, usually nine years [*Gov. Code § 51246*; *see Gov. Code §§ 51244, 51244.5*; *see also § 28D.13[4], above*].

Nonrenewal of a contract is the preferred method of termination. The rationale for this preference is that a long-term commitment to agricultural or other open-space use prevents short-term speculators and developers from taking advantage of the Williamson Act's tax benefits. A long-term commitment also ensures fulfillment of the constitutional requirement of an "enforceable restriction" [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 853, 855, 171 Cal. Rptr. 619, 623 P.2d 180* ; *see Cal. Const., art. XIII, § 8*].

Once a notice of nonrenewal is served, taxes on the contracted land gradually return to the level of taxes on comparable nonrestricted property as the contract draws nearer to expiration [*Rev. & Tax. Code § 426*; *see Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 852, 171 Cal. Rptr. 619, 623 P.2d 180]* . For an explanation of the impact of nonrenewal on valuation for property tax purposes, see *Section 28D.53*.

[b] Procedures

The county, city, or landowner may refuse to renew a land conservation contract by giving written notice of nonrenewal of the contract to the other party before the annual renewal date of the contract [*Gov. Code § 51245*; *see § 28D.220 [2]*]. On request of the landowner, the board of supervisors or city council may authorize the owner to give a notice of nonrenewal on a portion of the land under contract [*Gov. Code § 51245*; *see § 28D.221 [2]*]. However, the portion of land remaining under the contract must continue to conform to the parcel size requirements [*see Gov. Code § 51222*; *see § 28D.13[2]*].

A nonrenewing landowner must serve written notice of nonrenewal at least 90 days before the renewal date. The city or county must serve the notice at least 60 days before the renewal date. If no notice is served, or if the notice is not served in a timely manner, the contract will be deemed renewed and an additional year will be added to the remaining term [*Gov. Code § 51245(a)*; *see Gov. Code §§ 51244, 51244.5*; *Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 852, 171 Cal. Rptr. 619, 623 P.2d 180* ; *see also § 28D.13 [4]*]. Nonrenewal is completed when the city or county delivers a notice of expiration to the Director of Energy and Conservation [*see Gov. Code § 51246*]. For a detailed guide to nonrenewal procedures, see *Section 28D.130[1]*.

If a landowner receives a notice of nonrenewal from a city or county, he or she may protest in writing, and the city or county may withdraw its notice at any time before the renewal date [*Gov. Code § 51245*]. Regardless of whether the city or county withdraws its notice, the written protest will have the additional effect of delaying the increase in valuation for property tax purposes [*see Rev. & Tax. Code § 426*; *see also § 28D.53*]

[2] Cancellation

[a] In General

Cancellation is the procedure to be used for terminating a Williamson Act land conservation contract in an emergency or extraordinary situation when the public interest no longer dictates that the contract be continued [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 852-853, 171 Cal. Rptr. 619 , 623 P.2d 180]* . Before the Supreme Court's decision in *Sierra Club v. City of Hayward [(1981) 28 Cal. 3d 840, 171 Cal. Rptr. 619, 623 P.2d 180]* , and its subsequent codification in the Williamson Act, cancellation of these contracts was reasonably common in borderline urban areas where the increased demand for development justified the payment of cancellation fees. The decision clarified that nonrenewal [*see* [1], *above*] is the preferred method to terminate these contracts and that cancellation is an exception to the general rule of termination by nonrenewal [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 853, 855, 171 Cal. Rptr. 619, 623 P.2d 180]* . For example, cancellation might be appropriate for a parcel of land that is engulfed by urban development more rapidly than anticipated, if the land obstructs orderly development serving public needs, and if the agricultural production value of the land has become negligible [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 864, 171 Cal. Rptr. 619, 623 P.2d 180]* . Even when land still has agricultural value, cancellation may be appropriate if the land is urgently needed for a use that no other land can serve, such as an oil sump when the parcel is uniquely fit for the purpose and there is an immediate environmental need justifying cancellation rather than nonrenewal [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 864, 171 Cal. Rptr. 619, 623 P.2d 180]* .

Cancellation, unlike nonrenewal [*see* [1], *above*], takes effect as soon as the certificate of cancellation is recorded [*see Gov. Code § 51283.4*; *see also* [g], *below*]. To cancel a contract, the landowner files a petition for cancellation with the board of supervisors or city council [*Gov. Code § 51282*; *see* [c], *below*]. After notice and a public hearing [*Gov. Code § 51284*; *see* [d], *below*], the board or council may make the appropriate findings [*see* [b], *below*] and grant tentative approval of the cancellation [*see* [e], *below*]. Final cancellation depends on the payment of the cancellation fee [*see* [f], *below*] and the satisfaction of all other conditions and contingencies stated in the tentative cancellation [*Gov. Code § 51283.4*; *see* [g], *below*].

[b] Grounds for Cancellation

[i] In General

A city or county may cancel a contract only for the purpose of providing relief from the contract's provisions under the circumstances and conditions set forth in the Williamson Act [*Gov. Code §§ 51280, 51282*; *see Gov. Code §§ 51280-51287*]. To grant tentative cancellation of a contract [*see* [e], *below*], the board of supervisors or city council must find either that the cancellation is consistent with the purposes of the Williamson Act, or that cancellation is in the public interest [*Gov. Code § 51282(a)*]. The findings should be supported by substantial evidence on the record, and the

conclusions from the evidence must be adequate to sustain the findings [*see Topanga Asso. for Scenic Community v. County of Los Angeles (1974) 11 Cal. 3d 506, 510, 514, 113 Cal. Rptr. 836, 522 P.2d 12* (administrative grant of zoning variance must be accompanied by administrative findings supported by substantial evidence)]. For further discussion of the requirements for these findings, see [ii] and [iii], *below*.

The uneconomic character of an existing agricultural use is not by itself sufficient reason for cancellation of a contract. It may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put [*Gov. Code § 51282(d)*]. If the agricultural use is the same use that existed when the contract was entered into, cancellation cannot be justified on the basis that the use is uneconomic unless the landowner shows that changed conditions, without consideration of increased development value, make the existing agricultural use unprofitable [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 863, 171 Cal. Rptr. 619, 623 P.2d 180]* .

In approving a petition for cancellation, the board of supervisors or city council is not required to make any findings other than those set forth in the Williamson Act [*see Gov. Code § 51282*] or, when applicable, in *Pub. Res. Code § 21081*, in connection with environmental impact reports [*Gov. Code § 51282(f)*; *see Friends of East Willits Valley v. County of Mendocino (2002) 101 Cal. App. 4th 191, 209, 123 Cal. Rptr. 2d 708]* .

When a proposed cancellation concerns a contract that was partially nullified by eminent domain or certain related proceedings [*see* [3], *below*], the cancellation may be approved based on a finding that no authorized use may be made of the land if the contract is continued [*Gov. Code § 51295*; *see Gov. Code § 51282(a)*].

[ii] Consistent With Purposes of Williamson Act

To find that cancellation is consistent with the purposes of the Williamson Act [*see Gov. Code § 51282(a)*; *see also* [i], *above*], the board of supervisors or city council must make all of the following additional findings [*Gov. Code § 51282(b)*]:

- A notice of nonrenewal was served concerning the land that is the subject of the proposed cancellation [*see Gov. Code § 51245*; *see also* [1], *above*];

- Cancellation is not likely to result in the removal of adjacent lands from agricultural use;

- Cancellation is for an alternative use that is consistent with the applicable provisions of the city or county general plan;

- Cancellation will not result in discontiguous patterns of urban development; and

- There is no proximate noncontracted land that is both available and suitable for the use proposed for the contracted land, or, alternatively, the development of the contracted land would provide more contiguous patterns of urban development than would development of proximate noncontracted land.

"Urban development," as used in the fourth required finding, *above*, does not have a fixed, precise definition. Whether a residential development is urban or rural must be determined by evaluating factors relating to the individual projects, such as density, surrounding development, existing public facilities, and water availability [*Honey Springs Homeowners Assn. v. Board of Supervisors (1984) 157 Cal. App. 3d 1122, 1138-1144, 203 Cal. Rptr. 886* (factors to be considered)].

The contiguity requirement of the fourth required finding, *above*, may be satisfied by a showing that the owners of intervening parcels have the current ability and intent to develop their land within a reasonable time, not to exceed nine years. The mere fact that the intervening land is zoned in a manner consistent with development is not sufficient to

satisfy the requirement [*Honey Springs Homeowners Ass'n v. Board of Supervisors (1984) 157 Cal. App. 3d 1122, 1144-1146, 203 Cal. Rptr. 886]* . Some intervening features, such as roadways, rural rights of way, or permanent open space, will not destroy contiguity [*Honey Springs Homeowners Assn. v. Board of Supervisors (1984) 157 Cal. App. 3d 1122, 1145 n.20, 203 Cal. Rptr. 886]* .

"Proximate noncontracted land," as used in the fifth required finding, *above*, means land that is not restricted by a Williamson Act contract and that is sufficiently close to restricted land that the noncontracted land can serve as a practical alternative for the use proposed for the restricted land [*Gov. Code § 51282(b)(5)*]. "Proximate" in this context does not involve concepts of causation and does not imply contiguity; it is to be construed in the same manner that courts have construed the word "adjacent" [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 861, 171 Cal. Rptr. 619, 623 P.2d 180]* .

"Suitable" for the proposed use, as used in the fifth required finding, *above,* means that the salient features of the proposed use can be served by land that is not restricted by a Williamson Act contract. The nonrestricted land may be a single parcel or a combination of contiguous or discontiguous parcels [*Gov. Code § 51282(b)(5)*]. The size of the proposed development should not be a significant factor in the search for alternative sites, unless by its nature the developed use requires a minimum amount of land [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 862, 171 Cal. Rptr. 619, 623 P.2d 180]* .

From a practical standpoint, the fifth required finding, *above,* is the most critical and poses the greatest difficulties. Most cancellations are sought on the urban fringe for single-family residential development. Typically, other nonrestricted land is available for development within the same general area. As a result, this finding is not easily established.

Cancellation cannot be consistent with the purposes of the Williamson Act if the objectives to be served by cancellation should have been predicted and served by nonrenewal at an earlier time, or if those objectives can be served by nonrenewal at the time of the petition for cancellation [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 855, 171 Cal. Rptr. 619, 623 P.2d 180]* .

[iii] In the Public Interest

To find that cancellation is in the public interest, the board of supervisors or city council must make both of the following findings: (1) that other public concerns substantially outweigh the objectives of the Williamson Act; and (2) that there is no proximate noncontracted land that is both available and suitable for the use proposed for the contracted land or, alternatively, that development of the contracted land would provide more contiguous patterns of urban development than would development of proximate, noncontracted land [*Gov. Code § 51282(c)*; *see Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 857, 171 Cal. Rptr. 619, 623 P.2d 180* ; *see also Friends of East Willits Valley v. County of Mendocino (2002) 101 Cal. App. 4th 191, 206-208, 123 Cal. Rptr. 2d 708* (where Native American Tribe sought cancellation of contract to build low income housing, public interest in providing low income housing substantially outweighed interest in keeping property under Williamson Act and county could take irremediable financial constraints into account in determining that alternative property was unavailable); § 28D.10[1]].

The terms "proximate noncontracted land" and "suitable" for public use have the same meaning in this context as in the fifth required finding in [ii], *above*, concerning whether cancellation is consistent with the purposes of the Williamson Act [*see Gov. Code § 51282(c)*].

[c] Petition and Proposal

[i] In General

A city or county may cancel a contract only pursuant to a request by a landowner [*Gov. Code § 51281*]. A landowner requests cancellation by filing a petition for cancellation with the board of supervisors or the city council. The petition may request cancellation of any contract as to all or any part of land that is subject to a Williamson Act contract [*Gov. Code § 51282(a)*].

The petition must be accompanied by a proposal for a specified alternative use of the land. This proposal must, in addition to describing the proposed alternative use, list the governmental agencies known by the landowner to have permit authority related to the proposed alternative use. The board of supervisors or city council determines the level of specificity required of the proposal based on the level of specificity necessary to make the required findings [*Gov. Code § 51282(e)*; *see* [b], *above*]. For a detailed guide to cancellation procedures, see *§ 28D.130[2]*. For forms of petitions, see *§§ 28D.222*, *28D.223*.

Special provisions apply when a landowner petitions for cancellation of a contract on land proposed to be used for agricultural laborer housing [*see Gov. Code § 51282.3*; *see* [ii], *below*].

[ii] Petition for Cancellation for Agricultural Laborer Housing

If a city or county finds that agricultural laborer housing is an incompatible use on land that is subject to a Williamson Act contract [*see Gov. Code § 51238(a)*], the landowner may petition for cancellation to allow the land to be used exclusively for agricultural laborer housing. A petition for this purpose is deemed to be a petition for cancellation for a specified alternative use of the land [*Gov. Code § 51282.3(a)*; *see Gov. Code § 51282(e)*].

A petition brought for cancellation of a contract on land proposed to be for agricultural laborer housing must include all of the following [*Gov. Code § 51282.3(a)*]:

- A particular description of the acreage to be subject to the cancellation;

- A stipulation that the purpose of the cancellation is to allow the land to be used exclusively for agricultural laborer housing facilities;

- A demonstration that the contracted lands (or the portion of the contracted lands) for which cancellation is being sought are reasonably necessary for the development and siting of agricultural laborer housing; and

- A certification that the contracted lands (or the portion of the contracted lands) for which the cancellation is being sought will not be converted to any other alternative use within the first 10 years immediately following the cancellation.

The petition is then acted on in the same manner as any other petition, except for the payment of cancellation fees [*Gov. Code § 51282.3(a)*; *see Gov. Code §§ 51282.3(b)*, *51283*, *51283.1*, *51283.4*; *see also* [f], *below*].

[d] Notice and Public Hearing

Before approval of cancellation may be granted, the board or council must publish notice of and hold a public hearing on the matter [*Gov. Code § 51284*; *see Gov. Code §§ 6060*, *6061*]. In addition, notice of the hearing must be mailed to every owner of land under a Williamson Act contract that is situated within one mile of the exterior boundary of the land subject to the proposed cancellation [*Gov. Code § 51284*]. Further, notice and a copy of the landowner's petition must be mailed to the Director of Energy and Conservation [*Gov. Code § 51284*].

The owner of any property located in the city or county in which the agricultural preserve is situated may protest the

cancellation of a land conservation contract to the city or county conducting the hearing [*Gov. Code § 51285*]. However, presumably, any affected person may appear at the required public hearing in support or in protest of the proposed cancellation. Because approval or disapproval of cancellation is an adjudicatory act [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 849, 171 Cal. Rptr. 619, 623 P.2d 180]* , procedural due process applies, and no one may be deprived of life, liberty, or property by a cancellation without notice and some sort of hearing [*see Mathews v. Eldridge (1976) 424 U.S. 319, 333, 96 S. Ct. 893, 47 L. Ed. 2d 18* ; *Saleeby v. State Bar (1985) 39 Cal. 3d 547, 563-566, 216 Cal. Rptr. 367, 702 P.2d 525* ; *see also Gov. Code § 51284*; California Environmental Law and Land Use Practice, Ch. 10, *State Administrative Law Issues* (Matthew Bender)].

The requirements for notice and a public hearing do not apply if the land covered by a cancellation petition is zoned as timberland production pursuant to *Gov. Code § 51112* or *51113* and the zoning has been recorded pursuant to *Gov. Code § 51117*. In this case, the board or council must approve the cancellation of the contract, and the requirement for the payment of the cancellation fee does not apply [*Gov. Code § 51282.5*].

[e] Tentative Approval of Cancellation

The board or council may grant tentative approval of the cancellation after making the required findings [*Gov. Code § 51282(a)*; *see* [b], *above*] and after determining and certifying the amount of the cancellation fee [*see Gov. Code § 51283*; *see also* [f], *below*]. The clerk of the board or council must then record a certificate of tentative cancellation setting forth, among other information, the conditions and contingencies that must be satisfied to obtain final cancellation [*Gov. Code § 51283.4(a)*]. These conditions must include payment in full of the cancellation fee [*Gov. Code § 51283.4*; *see* [f], *below*], and the requirement that the landowner obtain all permits necessary to begin the development project [*Gov. Code § 51283.4*]. For a form of certificate, see *§ 28D.224*.

Within 30 days after the tentative cancellation of the contract, the city or county must publish a notice of its decision as a display advertisement, at least one-eighth page in at least one newspaper of general circulation within the city or county. The notice must include, in addition to the date, time, and place of the public hearing, a general explanation of the decision, an explanation of the findings made by the governing body [*see* [b], *above*], and a general description, in text or by diagram, of the land under contract. The publication is for informational purposes only and creates no right, standing, or duty that otherwise does not exist regarding the cancellation proceedings [*Gov. Code § 51284*; *see § 28D.130*]. In addition, the city or county must deliver a copy of the published notice of decision to the Director of Energy and Conservation within 30 days of the tentative cancellation of the contract [*Gov. Code § 51284*].

Accompanying the petition for cancellation [*see* [c][i], *above*], the landowner must have submitted a proposal for an alternative use for the land [*Gov. Code § 51282(e)*]. At the request of the landowner, the board or council may amend a tentatively approved specified alternative use if the governing body finds that the amendment is consistent with the required findings [*Gov. Code § 51283.4(a)*; *see Gov. Code § 51282(a)*; *see also* [b], *above*].

[f] Cancellation Fee

[i] Amount of Fee and Time for Payment

The landowner must pay a fee on cancellation to the county treasurer (to compensate for deferred taxes) unless the county or city waives the fee [*see* [ii], *below*]. Before the board or council may tentatively approve the cancellation of a Williamson Act contract [*see* [e], *above*], the county assessor of the county in which the property is located must determine the current fair market value of the land, calculated as though the land were unrestricted. The assessor certifies the cancellation valuation to the board or council for the purposes of determining the cancellation fee [*Gov. Code § 51283(a)*]. At the same time, the assessor must (1) send a notice to the landowner and the Department of Conservation indicating the current fair market value of the land as though it were free of the contractual restriction, and (2) advise the parties that, on their request, the assessor will provide all information relevant to the valuation, excluding

third-party information. If any information is confidential or otherwise protected from release, the department and the landowner must hold it as confidential and return or destroy any protected information on termination of all actions relating to valuation or cancellation of the contract on the property [*Gov. Code § 51283(a)*]. The notice must also advise the landowner and the department of the opportunity to request formal review from the assessor [*Gov. Code § 51283(a)*; *see Gov. Code § 51203* (procedure for review)]. The fee is equal to 121/2 percent of the cancellation valuation. The fee must be determined and certified to the county auditor before tentative approval of the cancellation may be given [*Gov. Code § 51283(b)*]. Payment of the fee is included as one of the conditions and contingencies that must be set forth in the certificate of tentative cancellation [*Gov. Code § 51283.4(a)*; *see* [e], *above*]. The Legislature intended that fees paid to cancel a contract would not constitute taxes but would be treated as payments that, when made, provide a private benefit that tends to increase the value of the property [*Gov. Code § 51283(f)*].

In addition, the board or council may impose a fee for the recovery of the costs of cancellation. The fee may not exceed the amount necessary to recover the reasonable cost of services provided by the county or city under the cancellation provisions [*Gov. Code § 51287*]. In authorizing the fee, the Williamson Act refers to Chapter 13 of the Government Code, which was repealed in 1990. Analogous provisions may be found in *Gov. Code §§ 66013*, *66014*, and *66016*.

The landowner must pay the cancellation fee within one year. If the fee is not paid within that year, it will be recomputed as of the date the landowner requests a recomputation. The landowner may request a recomputation when the landowner believes that he or she will be able to satisfy the conditions and contingencies of the certificate of cancellation within 180 days. The board or council must request the assessor to recompute the cancellation valuation. The assessor must recompute the valuation, certify it to the board or council, and provide notice to the Department of Conservation and landowner as provided in *Gov. Code § 51283(a)*, and the board or council must certify the fee to the county auditor [*Gov. Code § 51283.4(a)*; *see Gov. Code § 51283.4(b)*; *see also* [g], *below*].

[ii] Waivers and Extensions of Time

Under certain circumstances, the board or council may waive any payment, or any portion of a payment, of the fee by the landowner, or may extend the landowner's time to pay the fee or any portion of it contingent on the future use made of the land and its economic return to the landowner. Extensions may not exceed the unexpired period of the contract, had it not been cancelled [*Gov. Code § 51283(c)*].

To waive or extend the time for payment of the cancellation fee, the board or council must find that the waiver or extension is in the public interest. In addition, all of the following must apply [*Gov. Code § 51283(c)*]:

> (1) The cancellation is caused by an involuntary transfer or change in the use that may be made of the land, and the land is not immediately suitable nor would it be immediately used for a purpose that produces a greater economic return to the owner.
>
> (2) The board or council has determined that the waiver or extension is in the best interests of the program to conserve agricultural use land.
>
> (3) The waiver or extension is approved by the Secretary of the Natural Resources Agency, based on the Secretary's finding that the waiver or extension is consistent with the policies of the Williamson Act and that the board or council complied with the Act's cancellation provisions [*see Gov. Code § 51280 et seq.*].

In evaluating a request for a waiver or extension of time, the Secretary of the Natural Resources Agency must review the findings of the board or council, the evidence of the board or council's record, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time [*Gov. Code § 51283(c)*].

[iii] Special Fee Provisions for Agricultural Laborer Housing and Timberland

When cancellation is granted for the purpose of using land for agricultural laborer housing [*see Gov. Code § 51282.3(a)*; *see also* [c][ii], *above*], in lieu of the payment of cancellation fees, a lien in favor of the county or city is recorded in the amount of the fees and taxes that would otherwise be due [*Gov. Code § 51282.3(b)*; *see Gov. Code § 51283*]. The lien has the force, effect, and priority of a judgment lien from the date of its recordation, and bears interest at the annual rate of 10 percent [*Gov. Code § 51282.3(b)*].

The lien is released if, after 10 years from the date of the recordation of the certificate of cancellation of the contract, the property is not converted to a use other than agricultural laborer housing. If the property subject to the lien is converted to a use other than agricultural laborer housing, or the construction of agricultural laborer housing does not commence within one year from the date of recordation of the certificate of cancellation of the contract, the landowner will be required to pay the fees, taxes, and interest for which the lien was imposed in order to have the lien released. If construction commences after the one-year period, the amount of the interest will only be for that period from one year after the date of recordation of the certificate of cancellation until the actual commencement of construction [*Gov. Code § 51282.3(b)*].

If the petition for cancellation covers property that is zoned for timberland production pursuant to *Gov. Code § 51112* or *51113* and that zoning has been recorded [*see Gov. Code § 51117*], the board or council must approve the cancellation. In this situation, no cancellation fee is imposed [*Gov. Code § 51282.5*].

[g] Final Determination of Petition for Cancellation

Final cancellation depends on the satisfaction of the conditions and contingencies enumerated in the certificate of tentative cancellation [*see Gov. Code § 51283.4(b)*; *see also* [e], *above*]. When the requirements are satisfied, the landowner must notify the board or council. Within 30 days of the receipt of the notice, and on determining that the conditions and contingencies have in fact been satisfied, the board or council must execute and record a certificate of cancellation and send a copy of the certificate to the Director of Conservation [*Gov. Code § 51283.4(b)*].

If the landowner is unable to satisfy the conditions and contingencies enumerated in the certificate of tentative cancellation, the landowner must notify the board or council of the particular requirements that he or she cannot satisfy. Within 30 days of the receipt of this notice, the board or council will then withdraw its tentative approval of the cancellation. The landowner is not entitled to a refund of any cancellation fee paid [*Gov. Code § 51283.4(c)*].

[h] Judicial Review

A judicial challenge to a cancellation valuation pursuant to *Gov. Code § 51203*, *51283*, *51283.4*, or *51284* [*see* [d], [f], *above*] is subject to a short 180 days limitation period, and administrative remedies must be exhausted, if required notices were duly given to the landowner and the Department of Conservation; otherwise, the limitation period is three years. In either case, the determining event depends on which code section applies in the circumstances [*see Gov. Code § 51283.5(f)*].

Any challenge, based on the grounds of alleged noncompliance with the Williamson Act, to a decision of a board or council to cancel a land conservation contract must be brought pursuant to Code Civ. Proc. § 1094.5 [*Gov. Code § 51286(a)*]. The challenge must be commenced within 180 days from the date of the order of the board or council acting on a petition for cancellation [*Gov. Code § 51286(b)*].

Challenges to administrative orders are heard by the court sitting without a jury [*Code Civ. Proc. § 1094.5*]. For more information on judicial review of administrative orders, see California Forms of Pleading and Practice, Ch. 474B, *Standards in Reviewing Agency Decisions* (Matthew Bender).

[3] Nullification by Eminent Domain or Public Acquisition

A Williamson Act contract is deemed null and void if any of the following occurs [*Gov. Code § 51295*]:

- An action in eminent domain is filed for the condemnation of the fee title of an entire parcel of land subject to a Williamson Act contract.

- An entire parcel of land subject to a Williamson Act contract is acquired in lieu of eminent domain for a public improvement by a public agency or person.

- The federal government, or anyone acting under its authority or power, takes either of the actions described in the first two bulleted items, *above*.

The Williamson Act contract is deemed null and void as to the land actually being condemned or acquired as of the date that the action is filed. For the purpose of establishing the value of the land, the contract is deemed never to have existed. Upon the termination of the proceeding, the contract is null and void for all land actually taken or acquired [*Gov. Code § 51295*].

When an action is commenced to condemn or acquire an interest in less than the fee title of an entire parcel of land subject to a Williamson Act contract, the contract is deemed null and void only as to the portion of the title that is the subject of the action. Generally, in this circumstance, the contract is disregarded for valuation purposes only as to the land actually being taken. However, if the condemnation will adversely affect the remaining land subject to the contract, the value of that damage will be computed without regard to the contract [*Gov. Code § 51295*].

Only land that is actually taken is removed from the contract. However, when only a portion of the land or less than a fee interest is taken or acquired, either party may bring a petition to cancel the contract with regard to the remaining portion or interest [*Gov. Code § 51295*; *see* [2], *above*]. The board or council may grant tentative approval of cancellation only if there is finding that cancellation is consistent with the purposes of the Act or that cancellation is in the public interest [*see Gov. Code § 51282(a)*; *see also* [2][b], *above*]. A finding by the board or council that no authorized use may be made of the land if the contract is continued on the remaining portion or interest may satisfy this requirement [*Gov. Code § 51295*].

[4] Simultaneous Rescission of and Entry Into Contract

The parties to a Williamson Act contract may agree to rescind a contract in order to simultaneously enter into a new Williamson Act contract. The new contract must restrict the same property for an initial term that is at least as long as the unexpired term of the rescinded contract and, in any event, not less than 10 years. These actions may be taken even if a notice of nonrenewal relative to the former contract has been served [*Gov. Code § 51254*; *see* [1], *above*].

Alternatively, if parties to a Williamson Act contract choose to enter into an open-space easement agreement pursuant to the Open-Space Easement Act of 1974 [*see Gov. Code § 51070 et seq.*; *see also §§ 28D.30, 28D.230*], they may do so by mutually agreeing to rescind the Williamson Act contract and to simultaneously enter into an open-space easement agreement. The easement must be consistent with the Williamson Act for the duration of the original Williamson Act contract, must enforceably restrict the same property for an initial term of not less than 10 years, and must not be subject to the provisions of the Open-Space Easement Act of 1974 governing the termination of open-space easements [*Gov. Code § 51255(a)*; *see Gov. Code § 51090 et seq.*]. This action may be taken notwithstanding the prior serving of a notice of nonrenewal, and the land subject to the contract must be assessed pursuant to *Rev. & Tax. Code § 423* [*Gov. Code § 51255(a)*]. These provisions do not apply to any agreement entered into on or before August 12, 1998 [*Gov. Code § 51255(b)*].

A city council or board of supervisors, as the case may be, must, prior to rescinding a contract for the purpose of restricting the same land by an open-space contract pursuant to *Gov. Code § 51254* or by entering into an open-space agreement pursuant to *Gov. Code § 51255*, determine that the parcel or parcels will be large enough to provide open-space benefits, by providing habitat for wildlife, or preserving its natural characteristics, beauty, or openness for the benefit and enjoyment of the public [*Gov. Code § 51223(a)*].

Uses or development [*see Gov. Code § 51201(p)* (definition)] permitted on land subject to an open-space contract, or subject to an open-space easement agreement pursuant to *Gov. Code § 51255*, must satisfy one or both of the following requirements [*Gov. Code § 51223(b)*]:

- Comply with the provisions of *Gov. Code §§ 51238.1* or *51238.2* (stating principles of compatibility and conditions for approving mineral extraction when land cannot be reconciled with principles of compatibility);

- Consist of, cause, facilitate, or benefit any open-space use on the land.

If an open-space contract is executed pursuant to *Gov. Code § 51205* (stating what land may be included in an agricultural preserve), or if a contract is rescinded for the purpose of restricting the same land by an open-space contract pursuant to *Gov. Code § 51254*, or an open-space easement agreement pursuant to *Gov. Code § 51255*, then new development [*see Gov. Code § 51201(p)* (definition)] must not be permitted by [*Gov. Code § 51223(c)*]:

- The resulting open-space contract, during the period the contract is in effect, except that uses compatible with or related to the open-space uses would be permitted; or

- The resulting open-space easement agreement, during the time equal to the time remaining on the contract at the time of its rescission, except that uses compatible with, or related to, the open-space uses would be permitted.

For the purposes of *Gov. Code § 51223*, agriculture and uses compatible with agriculture are compatible with open-space uses, unless otherwise provided by local rules or ordinances [*Gov. Code § 51223(d)*].

A board or council must not accept or approve a petition for rescission pursuant to *Gov. Code §§ 51254* and *51255* if the city or county, within which the land for which the rescission is sought is located, has discovered or received notice of a likely material breach on the land pursuant to the process specified in *Gov. Code § 51250* (concerning identification of structures constituting material breaches of contract), unless the rescission is a part of the process specified in *Gov. Code § 51250* [*Gov. Code § 51223(e)*].

[5] Cancellation and New Contract Designating Farmland Security Zone

A landowner or group of landowners may petition to rescind a contract or contracts entered into pursuant to the Williamson Act [*Gov. Code § 51200 et seq.*] in order to simultaneously place the land subject to that contract or those contracts under a new contract designating the property as a farmland security zone [*Gov. Code § 51296(b)*; *see Gov. Code § 51296 et seq.*]. Only land that is designated on the Important Farmland Series maps or that is defined as predominantly prime agricultural land is eligible for this designation [*Gov. Code § 51296(i)*; *see Gov. Code § 51201(c)* (definition of prime agricultural land)]. Statutory provisions specify all of the requirements for the creation of a farmland security zone, including the petition process, as well as limitations with regard to matters such as annexation, special districts, and school districts [*see Gov. Code §§ 51296.1(a)-(e), 51296.3-51297.3.*].

A petition for cancellation of a farmland security zone contract may be filed only by the landowner with the city or county within which the contracted land is located. The city or county may grant a petition only in accordance with

specified procedures [*see Gov. Code § 51280 et seq.*] and only if all of the following requirements are met [*Gov. Code § 51296(k)*]:

- The city or county must make required specific findings [*see Gov. Code § 51282(a)(1), (2), (b)-(e)*] or instead make a finding that no authorized use may be made of a remnant contract parcel of five acres or less left by public acquisition pursuant to *Gov. Code § 51295*.

- In its resolutions tentatively approving cancellation of the contract, the city or county must find that (1) no beneficial public purpose would be served by the continuation of the contract, (2) the uneconomic nature of the agricultural use is primarily attributable to circumstances beyond the control of the landowner and the local government, and (3) the landowner has paid a cancellation fee equal to 25 percent of the cancellation valuation computed in accordance with *Gov. Code § 51283(b)*.

- The Director of Conservation must approve the cancellation after reviewing the record of tentative cancellation, or the director must find that (1) there is substantial evidence in the record supporting the decision, and (2) no beneficial public purpose would be served by the continuation of the contract.

Nothing in these provisions would limit the authority of a board to rescind a portion or portions of the Williamson Act contract or contracts for the purpose of immediately enrolling the land in a farmland security zone contract, as long as the remaining land was retained in a Williamson Act contract and the board determined that its action would improve the conservation of agricultural land within the county where the rescission occurs [*Gov. Code § 51296.4*.]. In any case, the creation of multiple contracts does not constitute a subdivision of the land [*Gov. Code § 51296.4*.].

Land within a designated farmland security zone is eligible for property tax valuation pursuant to *Rev. & Tax. Code § 423.4*, which requires the land to valued for assessment purposes at 65 percent of the value under *Rev. & Tax. Code § 423* or *Rev. & Tax. Code § 110.1*, whichever is lower. In addition, notwithstanding any other provision of law, any special tax approved by the voters after 1998 for urban-related services on the land or any living improvement must levied at a reduced rate unless the tax directly benefits the land or the living improvements [*Gov. Code § 51296.2*.].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
A. Agricultural Preserves Under Williamson Act

12-28D California Legal Forms--Transaction Guide § 28D.15

§ 28D.15 Public Improvements on Agricultural Preserves

[1] State Policy

In locating public improvements on land in agricultural preserves, it is the policy of the state to do the following [*Gov. Code § 51290*]:

- To avoid, whenever practicable, locating or purchasing land for the purpose of locating any federal, state, or local public improvements and any improvements of public utilities in agricultural preserves.

- If it is necessary to locate an improvement in an agricultural preserve, to put the improvement on land that is not under a Williamson Act contract, whenever practicable.

- To have any agency or entity proposing to locate an improvement consider the value to the public [*see Gov. Code § 51220 et seq.*] of land, particularly prime agricultural land, within an agricultural preserve whenever considering the relative costs of parcels of land and development of improvements for the purpose of locating an improvement in an agricultural preserve.

[2] Procedures

In general, unless the public improvement is expressly excepted, a public agency or person considering using land within an agricultural preserve for a public use must advise the Director of Conservation and the local governing body responsible for the administration of the preserve of its intention to consider the location of a public improvement within the preserve [*Gov. Code § 51291(b)*; *see Gov. Code § 51291.5* (notice requirement does not apply to acquisition of land for gas, electric, piped water, or communication facilities)]. For this purpose, "public agency" any department or agency of the United States or the state, and any county, city, school district, or other local public district, agency, or entity. "Person" means any person authorized to acquire property by eminent domain [*Gov. Code § 51291(a)*].

The Director of Conservation and the local governing body have 30 days to comment to the public agency or person concerned on the effect of locating the public improvement in the agricultural preserve. In preparing these comments,

the Director must consider issues related to agricultural use, including the effects the proposal will have on the conversion of adjacent or nearby agricultural land to nonagricultural uses. In addition, the Director must consult with and incorporate the comments of the Director of Food and Agriculture on any other matters related to agricultural operations. These comments must be considered by the public agency or person proposing the improvements [*Gov. Code § 51291(b)*].

If the agricultural preserve was established before the proposed location of the public improvement was submitted for agreement or approval, the public agency or person seeking to locate a public improvement in an agricultural preserve must follow these procedures even if the proposed use has been determined by a city or county to be a compatible use [*Gov. Code § 51293.1*; *see Gov. Code § 51201(e)*].

The failure of any public agency or person to comply with these procedural requirements does not invalidate any action by the agency or person to locate a public improvement within an agricultural preserve. However, this failure, by any person or public agency other than a state agency, is admissible evidence in any litigation for the acquisition of the land or concerning the allocation of funds or the construction of the improvement [*Gov. Code § 51291(b)*].

These procedural requirements do not apply to the erection, construction, alteration, or maintenance of gas, electric, water, or communication utility facilities within an agricultural preserve if the preserve was established after the submission of the location of those facilities to the city or county for review or approval [*Gov. Code § 51291(b)*]. In addition, separate procedures exist concerning the proposed location within an agricultural preserve of water transmission facilities that will extend into more than one county [*see Gov. Code § 51294.1*; *see also Gov. Code § 51294.2*].

[3] Limitations on Location of Public Improvements

[a] Conditions and Exceptions

In general, public agencies and persons [*see Gov. Code § 51291(a)*] may not locate a public improvement within an agricultural preserve based primarily on a consideration of the lower cost of acquiring land in an agricultural preserve [*Gov. Code § 51292(a)*]. Additionally, public agencies and persons generally may not acquire prime agricultural land that is covered by a Williamson Act contract for any public improvement if it is reasonably feasible to use other land within or outside of the agricultural preserve [*Gov. Code § 51292(b)*].

However, these limitations on the location of public improvements do not apply to the following public works, facilities, or land, except when the proposed use is a compatible use and the agricultural preserve is already established [*Gov. Code § 51293*; *see Gov. Code § 51293.1*]:

(1) The location or construction of improvements that have been approved by the board or council administering the agricultural preserve.

(2) The acquisition of easements within a preserve by the board or council administering the preserve.

(3) The location or construction of any public utility improvement approved by the Public Utilities Commission.

(4) The location or construction of certain improvements that are statutorily determined to be compatible with or to enhance land within an agricultural preserve, including flood control works, public works for fish and wildlife enhancement, and improvements for the primary benefit of lands within the preserve.

(5) Improvements that have been specified by the legislature in such a manner that it is impossible to

avoid the acquisition of land under contract.

(6) All state highways on routes described in *Streets and Highways Code Sections 301-622*, as those sections appeared on October 1, 1965 [*see Gov. Code § 51293(f)*].

(7) Certain designated water facilities [*see Gov. Code § 51294(g)*; *see also Water Code §§ 12934(d)(1)-(5), 12934(d)(7)*].

(8) Land on which condemnation proceedings had commenced before October 1, 1965.

When the proposed public use has been determined to be a compatible use [*see Gov. Code § 51201(e)*] in an agricultural preserve that was established before the improvement was submitted for agreement or approval, the exceptions will apply only if one of the following circumstances is present: (1) the location or construction of the improvement was approved by the board or council [*see Gov. Code § 51293(a)*]; or (2) the compatible use is listed as one of the exceptions in (1) through (8), *above* [*see Gov. Code § 51293*].

[b] Enforcement and Standing

Compliance with the limitations placed on development of public works on agricultural lands [*see Gov. Code § 51292*] may only be enforced by mandamus proceedings brought by the local governing body administering the agricultural preserve or by the Director of Energy and Conservation [*Gov. Code § 51294*]. Property owners, including those whose land is affected by the proposed public improvement, have no standing to initiate enforcement proceedings [*see Gov. Code § 51294*; *see also* Comment, *Condemnation of Agricultural Property in California, 11 U.C.D. L. Rev. 555, 559*-560 (1978)]. When a condemnor's determination of necessity is not conclusive by statute, evidence of the condemnor's compliance with the procedural requirements [*see Government Code § 51292*; *see also* [2], *above*] is admissible on the motion of any party to an action otherwise authorized to be brought by the landowner or in any action against the landowner [*Gov. Code § 51294*].

CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
B. Open-Space and Conservation Easements

12-28D California Legal Forms--Transaction Guide § 28D.30

§ 28D.30 Open-Space Easements

[1] Nature of Open-Space Easements

[a] Purpose and Effect

An open-space easement is a dedication to the public of the open-space character of the lands covered by the easement [*Gov. Code § 51075(d)*]. It is any right or interest in open-space land acquired by a county, city, or nonprofit organization pursuant to the Open-Space Easement Act of 1974 [*see Gov. Code § 51070 et seq.*] in which the instrument granting the right or interest imposes restrictions limiting future use of the land in a manner that effectively preserves the natural or scenic character of the land for public use or enjoyment [*Gov. Code § 51075(d)*; *see also Gov. Code § 6950 et seq.* (counties or cities may acquire contractual rights, including easements, for preservation of open space)].

For purposes of the Open-Space Easement Act of 1974, a "nonprofit organization" is an organization that (1) includes the preservation of open space as a stated purpose in its articles of incorporation, and (2) qualifies as an exempt organization under *Internal Revenue Code § 501(c)(3)* in the preceding tax year [*Gov. Code § 51075(f)*]. "Open-space land" means any parcel or area of land or water that is essentially unimproved and devoted to an open-space use [*Gov. Code § 51075(a)*]. "Open-space use" includes any of the following uses [*Gov. Code §§ 51075(a), 65560(b)*]:

- Preservation of natural resources;
- Managed production of resources;
- Outdoor recreation;
- Public health and safety;
- Support of the mission of military installations; and

- Protection of places, features, and objects associated with Native American history and culture [*see generally Pub. Res. Code §§ 5097.9, 5097.993* (description of protected places, features, and objects)].

"Landowner" includes a lessee or trustee, if the expiration of the lease or trust occurs at a time later than the expiration of the open-space restriction [*Gov. Code § 51075(c)*].

The purpose of the Open-Space Easement Act of 1974 is to provide a means of permitting any county or city to acquire or approve of an open-space easement in perpetuity or for a term of years in order to preserve and maintain open space [*Gov. Code § 51070*]. The Act is based on the following legislative findings and declarations:

- The rapid growth and spread of urban development is encroaching on or eliminating open-space lands, which are necessary for both the maintenance of the economy of the state and for the assurance of the continued availability of land for the production of food and fiber, the enjoyment of scenic beauty, for recreation, and for the use and conservation of natural resources [*Gov. Code § 51071*];

- Preserved and maintained open-space lands constitute important physical, social, economic, or aesthetic assets to existing or pending urban development [*Gov. Code § 51072*]; and

- The acquisition of open-space easements is in the public interest and constitutes a public purpose for which public funds may be expended or advanced [*Gov. Code § 51073*].

Once an open-space easement has been accepted or approved by the county or city and its acceptance or approval has been endorsed on the easement [*see* [2][b], *below*], no building permits may be issued that would violate the easement [*Gov. Code § 51086(a)*]. Lands subject to the grant of an open-space easement are deemed enforceably restricted within the meaning of *California Constitution, Article XIII, Section 8* [*Gov. Code § 51096*], and entitle the landowner to certain property tax benefits [*see Rev. & Tax. Code §§ 421(e), 422, 423, 423.3*; *see also §§ 28D.50, 28D.51*].

[b] Comparison of Open-Space and Conservation Easements

Open-space easements are similar in nature to conservation easements, which are governed by the Civil Code [*see Civ. Code § 815 et seq.*; *see also § 28D.31*]. The statutory definitions of both easements suggest that an open-space easement is a form of conservation easement [*see Civ. Code § 815.1*; *Gov. Code § 51075(d)*].

Although the two easements have the same effect on land use, they are created under and governed by different statutes and consequently must meet different requirements. For example, conservation easements do not require approval by a resolution of the governing body as do open-space easements [*see Gov. Code §§ 51083, 51083.5*]; conservation easements may be created for the purpose of retaining land in its historical condition [*Civ. Code § 815.1*], whereas open-space easements do not address historical value; and conservation easements must be created in perpetuity [*Civ. Code § 815.2*], whereas open-space easements may be created for a minimum term of 10 years [*Gov. Code § 51081*]. Additionally, land subject to a conservation easement is not entitled to the same property tax valuation treatment as is land subject to an open-space easement [*see Rev. & Tax. Code §§ 402.1, 421, 422*; *see also §§ 28D.50, 28D.51*].

For further discussion of conservation easements, see *Section 28D.31*.

[2] Requirements for Open-Space Easements

[a] Mandatory and Permissible Provisions

An open-space easement must run for a term of at least 10 years. Any open-space easement granted for a term of years must provide for an automatic, annual renewal that adds a year to the term, unless a notice of nonrenewal is given [*Gov.*

Code § 51081; *see Gov. Code § 51091*; *see also* [5][b], *below*]. The annual renewal date must be specified in the instrument creating the easement [*Gov. Code § 51081*; *see § 28D.230*].

The easement must contain a covenant with the city, county, or nonprofit organization, running with the land, prohibiting the landowner from permitting the construction of improvements except those for which the right is expressly reserved [*Gov. Code § 51075(d)*]. Any reservation of rights to construct improvements must be consistent with the purposes of the Open-Space Easement Act of 1974 [*see* [1][a], *above*] and must be compatible with maintaining and preserving the natural or scenic character of the land. However, the covenant may not prohibit the construction of public service facilities installed for the benefit of the land or installed pursuant to an authorization by the governing body of the county or city or the Public Utilities Commission [*Gov. Code § 51075(d)*].

Additionally, a city or county may require that the instrument creating the open-space easement contain any restrictions, conditions, or covenants necessary or desirable to maintain the natural or scenic character of the land, or to prevent any activity, use, or action that could impair the open-space character of the land [*Gov. Code § 51082*].

For a procedural guide to creating open-space easements, see *Section 28D.121*. For a form of open-space easement, see *Section 28D.230[2]*.

[b] Acceptance or Approval

[i] Necessity of Acceptance or Approval

In general, an open-space easement is not effective until it has been accepted or approved by resolution of the governing body of the county or city [*Gov. Code § 51083*]. Notwithstanding this general rule, an open-space easement granted to a nonprofit organization is effective on its acceptance by the organization [*Gov. Code § 51083.5*]. However, for the taxpayer to obtain the most beneficial valuation treatment for property tax purposes [*see Rev. & Tax. Code §§ 421-430.5*], the grant of the easement must be approved by the county or city in which the land is located in accordance with the provisions of the Open-Space Easement Act [*Gov. Code § 51083.5*; *see Gov. Code §§ 51084, 51085, 51087*; *see also* [ii], *below*, *§§ 28D.50, 28D.51*]. Similarly, if open-space easement land becomes the subject of a proceeding for condemnation for public use, city or county acceptance or approval is required in order for the owner to obtain the same compensation for the taking as he or she would have been entitled to without the easement [*see Gov. Code § 51095*; *see* [5][d], *below*].

[ii] Grounds for Acceptance or Approval

An open space easement may be accepted or approved by a county or city if the governing body, by resolution, makes two required findings. First, the governing body must find that the preservation of the land as open space is consistent with the general plan of the city or county [*Gov. Code § 51084(a)*; *see Gov. Code § 65302*; *see also § 28D.11[1][a]*]. However, before the governing body may accept or approve the grant of an open-space easement, the matter must be referred to the local planning agency for a report to the governing body, specifying whether the proposed easement is consistent with the general plan of the jurisdiction [*Gov. Code § 51085*].

Second, the governing body must find that the preservation of the land as open space is in the best interest of the county or city for one or more of the following reasons [*Gov. Code § 51084(b)*]:

> (1) The land is essentially unimproved and, if retained in its natural state, has scenic, watershed, or wildlife preserve value, and the instrument creating the easement has appropriate covenants that promote that value.
>
> (2) It is in the public interest to retain the land as open space because the land will either add to the

amenities of living in neighboring urbanized areas or help preserve the rural character of the area.

(3) The public interest will otherwise be served in a manner consistent with the purposes of *Government Code Section 51084* [*see* [1][a], *above*] and *California Constitution, Article XIII, Section 8*. When making this finding, the governing body must recite in the resolution the manner in which the public interest will be served.

The resolution of the governing body establishes a conclusive presumption that the required findings set forth above have been met [*Gov. Code § 51084*].

[c] Recordation, Filing, and Notice

On the acceptance or approval of an open-space easement, the clerk of the governing body must record the instrument creating the easement in the office of the county recorder and file a copy with the county assessor. This procedure effectively gives notice to all persons in accordance with the state's recording laws [*Gov. Code § 51087*; *see Gov. Code §§ 27320-27336*].

[3] Enforcement

The existence of an open-space easement precludes the issuance of building permits that are inconsistent with the easement [*Gov. Code § 51086(a)*]. When any threatened construction or other activity on land subject to an open-space easement would violate the easement, the governing city or county, or the official representatives of the nonprofit organization holding the easement, must institute appropriate proceedings to enjoin the activity. If any structure is erected in violation of the easement, the governing municipality or nonprofit organization must seek a mandatory injunction requiring the removal of the structure [*Gov. Code § 51086(a), (b)*].

If the county or city fails to seek an injunction when required, any owner or resident of any property within the county or city may seek an injunction. Similarly, if the county or city constructs any structure or development in violation of the easement, or conducts or permits any activity in violation of the easement, any owner or resident of any property in the city or county may seek an injunction [*Gov. Code § 51086(a)*].

This obligation to enforce open-space easements may not be construed to limit the power of the state or any of its departments or agencies, or any city, county, school district, or any other local public entity, or any other person authorized by law, to acquire by eminent domain land that is subject to an open-space easement [*Gov. Code § 51086(d)*; *see* [5][d], *below*].

The prevailing plaintiff or defendant in an injunction action may be awarded his or her costs of litigation, including attorneys' fees [*Gov. Code § 51086(c)*].

[4] Income Tax Benefits

The grant of an open-space easement to a city, county, or nonprofit organization may qualify as a deductible charitable contribution [*see I.R.C. § 170(f)(3)(B)(iii)*; *see also Rev. & Tax. Code § 17241*] if it meets the following requirements:

- The grant must be in perpetuity [*see I.R.C. § 170(h)(1)(A), (2)(C)*].
- The grant must be exclusively for conservation purposes [*see I.R.C. § 170(h)(5)*].

"Conservation purposes" are defined as the preservation of land areas for outdoor public recreation or public education; the protection of a relatively natural habitat of fish, wildlife, or plants, or similar ecosystem; the preservation of open

space for the scenic enjoyment of the public or pursuant to a clearly delineated governmental conservation policy for the public benefit; or the preservation of an historically important land area or a certified historic structure [*I.R.C. § 170(h)(4)(A)*; *see I.R.C. § 170(h)(4)(B), (C)*].

If a donation is made after February 13, 1986, in which the donor retains rights that, if exercised, could impair the property's conservation values, the donor must provide documentation before the grant sufficient to establish the condition of the property at the time of the gift [*Treas. Reg. § 1.170A-14(g)(5)(i)*]. This documentation may include: (1) United States Geological Survey maps; (2) maps drawn to scale showing all improvements, flora and fauna, land use history, and distinct natural features; and (3) aerial and on-site photographs [*see Treas. Reg. § 1.170A-14(g)(5)(i)*].

Additionally, for grants made after February 13, 1986, a deduction is permitted for property that is subject to a mortgage only if the mortgagee subordinates his or her rights in the property to the right of the qualified grantee to enforce the conservation purposes of the easement in perpetuity. For grants made before that date, the donor must demonstrate that the conservation purpose is protected in perpetuity without subordination of the mortgagee's rights [*Treas. Reg. § 1.170A-14(g)(2)*]. For further information, see Rabkin & Johnson, Current Legal Forms with Tax Analysis, Ch. 11, *Contributions to Charities* (Matthew Bender).

[5] Terminating Open-Space Easements

[a] In General

An open-space easement may be terminated by nonrenewal or abandonment, in accordance with the procedures set forth in the Open-Space Easement Act of 1974 [*Gov. Code § 51090*; *see Gov. Code § 51090 et seq.*]. In addition, the filing of a complaint in condemnation will terminate the easement under certain circumstances [*see Gov. Code § 51095*; *see also § 28D.30[5][d]*].

Nonrenewal is available to any party to the easement, including the landowner, county, city, or nonprofit organization [*see Gov. Code § 51091*]. Abandonment, on the other hand, is only available to the landowner and to a nonprofit organization holding an open-space easement [*see Gov. Code §§ 51090, 51093*].

[b] Nonrenewal

To effect nonrenewal of an open-space easement, the landowner, county, city, or nonprofit organization must serve a written notice of nonrenewal of the easement on the other party to the easement at least 90 days before the annual renewal date [*Gov. Code § 51091*]. If a notice is not timely served, the easement is considered automatically renewed [*Gov. Code § 51091*; *see Gov. Code § 51081*].

If a landowner serves a notice of nonrenewal for an open-space easement that was granted to a nonprofit organization, the organization's governing body must approve the nonrenewal by an appropriate resolution. If the nonprofit organization itself serves a notice of nonrenewal, the nonrenewal must be approved by the city or county in which the land subject to the easement is located, in the same manner as provided for abandonment of easements [*Gov. Code § 51090*; *see Gov. Code § 51093*; *see also* [c], *below*].

A timely notice of nonrenewal does not immediately terminate the contract. Instead, it effectively stops the easement from annually automatically adding one year to its term. The easement remains in effect for the balance of the period remaining since the original execution or the last renewal of the easement [*Gov. Code § 51092*]. Once a notice of nonrenewal is served, taxes on the affected land gradually return to the level of taxes on comparable nonrestricted land as the easement draws nearer to expiration [*see Rev. & Tax. Code § 426*; *see also § 28D.53*]. Nonrenewal procedures do not apply to an open-space easement granted in perpetuity, since, by their nature, these easements are not renewed [*see Gov. Code § 51081*].

If an owner receives a notice of nonrenewal and wishes to continue the open-space easement, he or she may make a written protest. The county, city, or nonprofit organization may withdraw the notice of nonrenewal at any time before the renewal date [*Gov. Code § 51091*]. In addition, a written protest will delay the increase in property tax valuation that accompanies nonrenewal [*see Rev. & Tax. Code § 426*; *see also § 28D.53*].

For a guide to nonrenewal procedures, see *Section 28D.131[1]*. For a form of notice, see *Section 28D.231*.

[c] Abandonment

[i] Grounds for Abandonment

An open-space easement may be terminated by the landowner through an abandonment procedure, solely by petition approved by the governing body of the city or county in which the land is located [*Gov. Code § 51093(a)*]. If a landowner serves a notice of abandonment for an open-space easement that was granted to a nonprofit organization, the organization's governing body must approve the abandonment by an appropriate resolution. If the nonprofit organization itself serves a notice of abandonment, the abandonment must be approved by the city or county in which the land subject to the easement is located [*Gov. Code § 51090*].

The governing body of the city, county, or nonprofit organization must make all of the following findings by resolution to approve the abandonment of an open-space easement [*Gov. Code § 51093(a)*]:

(1) No public purpose described in *Government Code Section 51084* will be served by keeping the land as open space [*see* [2][b][ii], *above*];

(2) Abandonment is not inconsistent with the purposes of the Open-Space Easement Act of 1974 [*see* [1][a], *above*];

(3) Abandonment is consistent with the local general plan; and

(4) Abandonment is necessary to avoid a substantial financial hardship to the landowner due to involuntary factors unique to the landowner.

The resolution abandoning or approving the abandonment must recite these findings [*see Gov. Code § 51094*].

No case concerning the abandonment of an open-space easement has been reported. Presumably, cases construing the cancellation of a land conservation contract under the Williamson Act apply by analogy to the abandonment of an open-space easement [*see Gov. Code §§ 51280-51287*; *see also § 28D.14 [2]*]. In a case construing the Williamson Act, the California Supreme Court held that cancellation of an enforceable restriction based solely on a showing that the land is more valuable for developed use violates the enforceable restriction requirement of *California Constitution, Article XIII, Section 8* [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 855, 171 Cal. Rptr. 619, 623 P.2d 180]* . This holding suggests that abandonment of an open-space easement without sufficient justification may be subject to the same limitations as those applied by the Supreme Court to the cancellation of a Williamson Act contract [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 855-864, 171 Cal. Rptr. 619, 623 P.2d 180]* .

[ii] Procedure

The landowner [*see Gov. Code § 51075(c)*] or a nonprofit organization holding an easement may bring a petition for abandonment of the open-space easement as to all of the subject land to the governing body of the county, city, or, in the case of an open-space easement granted to a nonprofit organization, to the organization [*Gov. Code §§ 51090,*

51093(a)]. If a nonprofit organization seeks to abandon an easement, it must obtain approval from the city or county in the same manner as a landowner seeking that approval [*Gov. Code § 51090*]. For a guide to abandonment procedures, see *Section 28D.131 [2]*. For a form of petition, see *Section 28D.232*.

Before an abandonment petition is approved, the matter must be referred to the county or city planning commission. The commission must hold a public hearing on the matter and furnish a report to the governing body stating whether the abandonment is consistent with the local general plan [*Gov. Code § 51093(a)*]. The term "governing body" presumably includes the governing body of a nonprofit organization holding an open-space easement [*see Gov. Code §§ 51090, 51093(a), (c)*].

The governing body must hold a public hearing on the matter after giving 30 days' notice by publication [*Gov. Code § 51093(a)*; *see Gov. Code §§ 6060, 6061*; *see also § 28D.131*]. Additionally, the governing body must determine and certify the abandonment fee before approving the abandonment [*see Gov. Code § 51093(b), (c), (e)*; *see also* [iii], *below*].

The resolution abandoning or approving the abandonment of an open-space easement must recite compliance with these procedures [*see Gov. Code § 51094*]. The land subject to the open-space easement is deemed relieved of the easement and the covenants of the owner are deemed terminated once a certified copy of the resolution is recorded in the office of the county recorder [*Gov. Code § 51094*].

[iii] Abandonment Fee

A landowner [*see Gov. Code § 51075(c)*] seeking abandonment must pay an abandonment fee in the amount of 12 1/2 percent of the full cash value of the land free of the open-space easement before abandonment may be approved [*see Gov. Code § 51093(b), (c), (e)*]. The landowner must pay the abandonment fee to the county treasurer [*Gov. Code § 51093(c)*]. Abandonment does not become effective, and a copy of the resolution abandoning or approving the abandonment may not be recorded, until the fee has been paid in full [*Gov. Code §§ 51093(e), 51094*].

The language of the provision governing the fee only discusses payment by the landowner [*see, e.g., Gov. Code § 51093(c)*]. The Act does not indicate whether an abandoning nonprofit organization [*see Gov. Code § 51090*] is also required to pay the abandonment fee. However, by analogy to the Williamson Act cancellation provisions, the fee is probably required for the easement to qualify as an enforceable restriction for property tax purposes [*see Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 855, 171 Cal. Rptr. 619, 623 P.2d 180* (lax cancellation procedures might defeat legislative intent to reduce taxes in exchange for long-term binding commitments)].

In general, corporate and personal state income tax deductions or adjustments are not allowed for payment of the abandonment fee [*see Rev. & Tax. Code §§ 17299.1, 24441, 24916.2*].

[d] Eminent Domain and Acquisition

If condemnation proceedings are initiated against land subject to an open-space easement, the easement automatically terminates as of the date of the filing of the condemnation complaint [*Gov. Code § 51095*]. The easement is not considered in determining the amount of compensation for the taking, and the owner is thus entitled to the same compensation for the taking as if the land was not burdened by the easement, if the following two circumstances apply [Gov. Code § 51095]: (1) the open-space easement was accepted or approved by a city or county; and (2) the easement was received as a gift without payment of any compensation.

Nothing in the Open-Space Easement Act may be deemed to prevent or restrict the right or power of any county or city to acquire by any means any right or interest in real property for the purpose of preserving open space or for any other purpose under any other provision of law [*Gov. Code § 51097*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
B. Open-Space and Conservation Easements

12-28D California Legal Forms--Transaction Guide § 28D.31

§ 28D.31 Conservation Easements

[1] Nature and Policy

A "conservation easement" is any limitation in a deed, will, or other instrument in the form of an easement, restriction, covenant, or condition, executed for the purpose of retaining the land predominantly in its natural, scenic, historical, agricultural, forested, or open-space condition. It is executed by or on behalf of the owner of the land subject to the restriction, and is binding on successive owners [*Civ. Code § 815.1*]. Although similar in nature to open-space easements [*see § 28D.30*], conservation easements must meet different requirements. For a discussion of a comparison of the two interests, see *Section 28D.30[1][b]*.

The statute governing conservation easements is based on the following two legislative findings and declarations [*Civ. Code § 815*; *see also Civ. Code § 815.1*]: (1) that the preservation of land in its natural, scenic, agricultural, historical, forested, or open-space condition is among the most important environmental assets of California; and (2) that it is public policy and in the public interest to encourage the voluntary conveyance of conservation easements to qualified nonprofit organizations. For further discussion of easements in general, see Chapter 28A, *Easements and Licenses* .

[2] Requirements

A conservation easement must be binding on successive owners [*Civ. Code § 815.1*] and must meet the following requirements [*Civ. Code § 815.2*]:

(1) It must be voluntarily created and freely transferable in whole or in part for the purposes stated in [1], *above* [*see Civ. Code § 815.1*].

(2) It must be perpetual in duration.

(3) It must not be personal in nature and must constitute an interest in real property notwithstanding the fact that it may be negative in character.

(4) Its particular characteristics must be specified in the instrument creating or transferring the easement.

Conservation easements may be granted only to the following entities or organizations [*Civ. Code § 815.3*]:

(1) Tax-exempt nonprofit organizations qualified under *Internal Revenue Code Section 501(c)(3)* that are qualified to do business in California and that have as their primary purpose the preservation, protection, or enhancement of land in its natural, scenic, historical, agricultural, forested, or open-space condition or use.

(2) The state or any city, county, city and county, district, or other state or local governmental entity that is otherwise authorized to acquire and hold title to real property, provided that the easement is voluntarily conveyed [*see Gov. Code §§ 6950-6954* (counties or cities may spend public funds to acquire or conserve open space within their jurisdictions)].

No local government may condition the issuance of an entitlement for use on the applicant's granting of a conservation easement [*Civ. Code § 815.3*].

Any instrument creating, assigning, or otherwise transferring a conservation easement must be recorded in the county recorder's office in which the land subject to the easement is located, in whole or in part [*Civ. Code § 815.5*]. For a form of conservation easement, see *Section 28D.240*.

[3] Effect and Enforcement

A conservation easement is deemed to be an enforceable restriction for the purposes of *Rev. & Tax. Code § 402.1* [*Civ. Code § 815.10*], which permits the assessor to consider the effect of the enforceable restriction on the property's value for property tax purposes [*see §§ 28D.50, 28D.51*]. Additionally, the grant of a conservation easement may qualify as a charitable contribution under the same conditions as the grant of an open-space easement [*see § 28D.30[4]*].

All interests not transferred and conveyed by the conservation easement remain in the grantor, including the right to engage in all lawful uses of the land not affected by the easement [*Civ. Code § 815.4*]. The conservation easement provisions do not impair or conflict with any law conferring on any political subdivision the right or power to hold interests in land comparable to conservation easements including, but not limited to, open-space easements, Williamson Act contracts, other contractual interests held by a city or county for conservation purposes, and open-space land designated on a local open-space plan [*Civ. Code § 815.9*; *see* Gov. Code §§ 6950 et seq., 51050 et seq., 51070 et seq., 51200 et seq., 65560 et seq.].

Either the grantor or the owner of a conservation easement may enforce the easement by seeking injunctive relief against actual or threatened injury, impairment, or violation of or to the easement [*Civ. Code § 815.7(b)*]. Monetary damages also may be available to the holder of the easement. In addition to the cost of restoration and other usual rules of damages, the loss of scenic, aesthetic, or environmental value may be considered in assessing the damages [*Civ. Code § 815.7(c)*]. An easement will not be unenforceable based on lack of privity of contract or lack of benefit to particular land. Additionally, an easement will not be unenforceable merely because the instrument creating it did not state that the easement ran with the land [*Civ. Code § 815.7(a)*].

PART II. LEGAL BACKGROUND
B. Open-Space and Conservation Easements

12-28D California Legal Forms--Transaction Guide § 28D.32

§ 28D.32 Comprehensive Index of Conservation Easements Developed and Maintained by County Recorder

The county recorder in each county must develop and maintain, within the county's existing indexing system, a comprehensive index of conservation easements and Notices of Conservation Easements on land within the county. This index must include all conservation easements, as defined, recorded on or after January 1, 2002 [*Gov. Code § 27255(a), (f)*]. When a county recorder records a new conservation easement affecting property within the county, the recorder must include the easement in the comprehensive index if the document contains an easement entitled "conservation easement" or a Notice of Conservation Easement that is properly completed and recorded at the same time, or at a later date [*Gov. Code § 27255(c)*]. A conservation easement recorded before January 1, 2002, may be included in the comprehensive index of conservation easements if a party to the easement fills out and records a Notice of Conservation Easement for the previously recorded easement, and files the notice in the county in which the affected real property is located [*Gov. Code § 27255(d)*].

For purpose of inclusion in the comprehensive index, a "conservation easement" means any limitation in a recorded instrument that [*Gov. Code § 27255(b)*]:

- Contains an easement, restriction, covenant, condition, or offer to dedicate, which is or has been executed by or on behalf of the owner of the land subject to that limitation.
- Is binding on successive owners of the land.
- Has as its purpose to retain land predominantly in its natural, scenic, historical, agricultural, forested, or open-space condition.

Included in the definition of "conservation easement" for these purposes are conservation easements as defined in *Civ. Code § 815.1*, open-space easements as defined in *Gov. Code § 51075*, and agricultural conservation easements as defined in *Pub. Res. Code § 10211* [*Gov. Code § 27255(b)*].

For additional information on the comprehensive index of conservation easements, as well as an example of the Notice

of Conservation Easement that may be used to provide information for recording of an existing conservation easement, see Ch. 28A, *Easements and Licenses* .

§ 28D.33 State Registry for Conservation Easements

The Natural Resources Agency is required to establish a central public registry of all conservation easements held or required by the state, or purchased with state grant funds provided by any agency, department, or division of the state on or after January 1, 2006 [Pub. Res. Code § 5096.520(a); *see* Pub. Res. Code § 5096.520(b) ("conservation easement" defined); *see also* Stats. 2006, ch. 531, § 1 (legislative intent)]. The registry will include the recordation number assigned by the county recorder and the following information on each conservation easement [Pub. Res. Code § 5096.520(c)]:

- The purpose of the easement;
- The location of the easement, identified by county and nearest city;
- The identity of the easement holder;
- The size of the easement in acres; and
- The date the easement transaction was recorded.

On or before January 1, 2009, the registry must be made available for use by the general public. Only the items of information listed above may be provided on the internet. No personal identifying information may be posted on the internet. The registry is to be updated biennially [Pub. Res. Code § 5096.520(e)]. The updating is to be done by each agency, department, or division of the state with conservation easements that are held or required by the state or purchased with state grant funds [Pub. Res. Code § 5096.520(d)].

C. Other Methods of Agricultural or Open-Space Land Preservation

12-28D California Legal Forms--Transaction Guide § 28D.40

§ 28D.40 Land Trusts

Land trusts are private charitable organizations or governmental entities that purchase and hold interests in land for the purpose of preserving the land. Trusts adopt differing criteria for purchasing land. Some trusts acquire only environmentally unique property, while others focus on prime agricultural lands or open-space land [*see* Micek & Weubbe, *The California Farmland Trust: The Proposal to Balance the Rural and Urban Land Use Needs of Californians, 18 U.S.F. L. Rev. 171, 177*-178 (Winter 1984)].

The approach to management of the property differs as well. Some trusts acquire only easements, without purchasing the fee simple title to the land. Some trusts purchase the land outright and maintain it through the trust's organization. Some trusts purchase the entire fee simple in the property, impose restrictions such as easements, and then sell or lease the property subject to the restriction. Trusts also purchase development rights [*see § 28D.41[5]*]. Additionally, trusts advise landowners of the available transaction options [*see* Micek & Weubbe, *The California Farmland Trust: The Proposal to Balance the Rural and Urban Land Use Needs of Californians, 18 U.S.F. L. Rev. 171, 177*-178 (Winter 1984); *see also* Comment, *Beyond the Williamson Act: Alternatives for More Effective Preservation of Agricultural Land in California, 15 Pac. L.J. 1151, 1169 (July 1984)*].

Local governments may operate as land trusts by acquiring by purchase, gift, grant, bequest, devise, lease, or otherwise, the fee or any lesser interest, development right [*see § 28D.41[5]*], easement, covenant, or other contractual right necessary to achieve the conservation of open spaces within their jurisdiction [*see Gov. Code § 6950 et seq.*; *see also §§ 28D.30, 28D.31*]. Local governments may also acquire the fee to any property for the purpose of placing conservation restrictions on the land and then leasing or conveying the land back to its original owner [*Gov. Code § 6953*].

For a form of articles of incorporation that may be used by a nonprofit land trust, see *§ 28D.241*.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
C. Other Methods of Agricultural or Open-Space Land Preservation

12-28D California Legal Forms--Transaction Guide § 28D.41

§ 28D.41 Zoning and Environmental Regulations

[1] Zoning

Cities and counties may adopt ordinances to regulate the use of land as between industry, business, residences, and open space, including agriculture, recreation, enjoyment of scenic beauty, use of natural resources, and other purposes [*Gov. Code § 65850(a)*]. All cities and counties, including chartered cities [*see Gov. Code § 65700*], must adopt a general plan that includes an open-space element [*Gov. Code §§ 65300, 65302(e)*], also known as the "local open space plan" [*Gov. Code § 65560(a)*].

"Open-space land" is any essentially unimproved area of land or water devoted to the preservation of natural resources, including areas required for (1) the preservation of plant and animal life; (2) the managed production of resources, including rangeland and agriculture; (3) outdoor recreation, including areas of outstanding scenic, historic, and cultural value; (4) public health and safety, including areas requiring special management or regulation because of hazardous conditions; (5) support of the mission of military installations that comprise areas adjacent to military installations, military training routes, and underlying restricted airspace that can provide additional buffer zones to military activities and complement the resource values of the military lands; and (6) protection of places, features, and objects associated with Native American history and culture [*Gov. Code § 65560(b)*].

Except for most chartered cities [*see Gov. Code §§ 65803, 65860(d)*], zoning ordinances must be consistent with the general plan [*Gov. Code §§ 65860(a), 65910*]. Also, building permits, subdivision maps, and open-space zoning ordinances must be consistent with the local open space plan [*Gov. Code § 65567*; *see also Gov. Code § 65566*]. Thus, most zoning ordinances provide for agricultural use zones, and may also include zoning for recreation [*see, e.g., McCarthy v. City of Manhattan Beach (1953) 41 Cal. 2d 879, 890, 264 P.2d 932* ; *see also Town of Los Altos Hills v. Adobe Creek Properties, Inc. (1973) 32 Cal. App. 3d 488, 516, 108 Cal. Rptr. 271]* , use of natural resources [*see Gov. Code § 65850(a)*], and open space or urban reserve [*see Gov. Code §§ 65561, 65562*; *see, e.g., Furey v. City of Sacramento (E.D. Cal. 1984) 592 F. Supp. 463]* .

For further information on agricultural use and open-space zones, see California Environmental Law and Land Use

Practice, Ch. 70, *Agricultural Preservation* (Matthew Bender), and California Real Estate Law Practice, Ch. 261, *Types of Zoning Controls* (Matthew Bender). For coverage of zoning generally, including forms, see Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits* .

[2] Restrictions on Municipal Reorganization Decisions

When a local government undergoes reorganization, such as annexation, the local agency formation commission (LAFCO) must follow certain policies in approving or disapproving proposals that might lead to the loss of open-space lands [*see Gov. Code §§ 56001, 56377*]. Those policies require the LAFCO to discourage development of prime agricultural lands and to encourage use of existing vacant or non-prime agricultural lands for urban uses [*see Gov. Code § 56377*].

For further discussion, see California Environmental Law and Land Use Practice, Ch. 70, *Agricultural Preservation* , and Ch. 73, *Annexation and Boundary Issues* (Matthew Bender).

[3] Coastal Regulations

Agricultural land within the coastal zone is protected from intrusion of nonagricultural uses by the California Coastal Act [*Pub. Res. Code § 30000 et seq.*] and the State Coastal Conservancy [*Pub. Res. Code § 31000 et seq.*]. The Coastal Act provides for the regulation, primarily by local governments, of development in the coast zone [*see* Pub. Res. Code §§ 30001, 30001.5]; to ensure protection of the agricultural economy of the coastal zone, the Coastal Act is designed to maintain the maximum amount of prime agricultural lands in agricultural production [*see Pub. Res. Code § 30241*]. For further discussion, including forms, see Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits* , and California Environmental Law and Land Use Practice, Ch. 66, *Coastal Zone Regulation* , and Ch. 70, *Agricultural Preservation* (Matthew Bender).

The State Coastal Conservancy is a state funded land trust [*see* Comment, *Beyond the Williamson Act: Alternatives for More Effective Preservation of Agricultural Land in California, 15 Pac. L.J. 1151, 1170 (July 1984)*; *see also § 28D.40*]. The Conservancy has responsibility for implementing a program of agricultural protection, area restoration, and resource enhancement within the coastal zone [*Pub. Res. Code § 31054*]. To do so, the Conservancy is authorized to accept dedication of or to acquire agricultural and other sensitive lands to carry out its purpose, especially the prevention of loss of agricultural land [*Pub. Res. Code §§ 31104-31105, 31150-31156*]. The Conservancy is also directed to take all feasible actions to return land acquired for agricultural preservation to private use or ownership, even though the lands are subject to appropriate use restrictions [*Pub. Res. Code § 31150*].

For further discussion, see California Environmental Law and Land Use Practice, Ch. 70, *Agricultural Preservation* (Matthew Bender).

[4] California Environmental Quality Act

Whenever a project that a state or local agency, board, or commission proposes to carry out or approve may have a significant effect on the environment, an environmental impact report must be prepared [*see Pub. Res. Code §§ 21080, 21100, 21150, 21151*]. The effect that a project will have on the environment is normally considered significant if the project will convert prime agricultural land into nonagricultural use, or impair the agricultural productivity of prime agricultural land, and an environmental impact report generally must be prepared pursuant to the provisions of the California Environmental Quality Act (CEQA) [*see Pub. Res. Code § 21000 et seq.*]. For further information, including forms, see Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits* . For additional discussion, see California Environmental Law and Land Use Practice, Chs. 20- 23 (CEQA), and Ch. 70, *Agricultural Preservation* (Matthew Bender).

[5] Transferable Development Rights

Transferable development rights, created by local ordinance, involve the creation and sale among landowners of development rights [*see Gov. Code § 6953*; *see, e.g.*, Marin County, Cal. Ordinances 22.47.106, 22.56.037].

The details of a system of transferable development rights differ among localities. Generally, however, a jurisdiction designates a planning district, an area of undeveloped land subject to development pressure. This district encompasses a conservation zone and a transfer zone. The conservation zone consists of land appropriate for preservation; the transfer zone consists of land appropriate for development. Transfer zone lands are targeted for development, but restricted to permit only a minimal level of density. Landowners within the conservation zone are issued development rights that may be sold either to a government-operated development bank or directly to developers or other landowners in the transfer zone, thus permitting transfer zone land to be developed beyond the base level of density initially allowed [*see* Comment, *Beyond the Williamson Act: Alternatives for More Effective Preservation of Agricultural Land in California, 15 Pac. L.J. 1151, 1171-1175 (July 1984)*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
D. Effect of Enforceable Restrictions on Property Taxes

12-28D California Legal Forms--Transaction Guide § 28D.50

§ 28D.50 Enforceable Restrictions

When property is subject to assessment for property tax purposes under the California Constitution, real property must usually be assessed on the basis of its full cash value, that is, on the basis of the highest and best use for the property [*see Cal. Const., arts. XIII, § 1(a)*, XIIIA, § 2(a); *see also § 28D.51*]. One exception is that the assessment may be based on current use if the property is "enforceably restricted" to that use for a term of years [*see Cal. Const., art. XIII, § 8*]. For example, real property subject to a Williamson Act contract is deemed to be enforceably restricted [*see Rev. & Tax. Code §§ 421(b), (c), (g), 422*].

The type of tax benefit depends on the type of restriction placed on the property [*see Rev. & Tax. Code §§ 402.1, 422*]. In assessing land, the assessor must consider the effect on the property value of the following enforceable restrictions [*Rev. & Tax. Code § 402.1*]:

(1) Zoning;

(2) Recorded contracts with governmental agencies other than those described below;

(3) Permit authority of, and permits issued by, governmental agencies exercising land use powers concurrently with local governments, such as the state and regional coastal commissions;

(4) Development controls of local coastal and marsh preservation plans under the California Coastal Act [*see Pub. Res. Code § 30000 et seq.*];

(5) Local government development controls in accordance with a local protection program [*see Pub. Res. Code § 29000 et seq.*];

(6) Environmental constraints applied to the use of land pursuant to statute;

(7) Hazardous waste land use restrictions [*see Health & Safety Code § 25240*]; and

(8) A recorded conservation, trail, or scenic easement, as described in *Civil Code Section 815.1*, that is granted in favor of (i) a public agency, or (ii) a nonprofit corporation organized pursuant to *Internal Revenue Code Section 501(c)(3)* that has as its primary purpose the preservation, protection, or enhancement of land in its natural, scenic, historical, agricultural, forested, or open-space condition or use [*see Civ. Code § 815.10* (property subject to a conservation easement is deemed to be enforceably restricted for purposes of *Rev. & Tax. Code § 402.1*)].

Open-space land [*see Rev. & Tax. Code § 421(g)*] subject to one of the following restrictions is entitled to special valuation treatment for property tax purposes [*Rev. & Tax. Code § 422*; *see Rev. & Tax. Code §§ 421-430.5*; *see also § 28D.51*]:

(1) A Williamson Act contract [*see Rev. & Tax. Code § 421(a), (b)*; *see also Gov. Code § 51252*; § 28D.13].

(2) An agreement executed under certain former provisions of the Williamson Act [*see Rev. & Tax. Code § 421(c)*].

(3) A scenic restriction entered into before January 1, 1975.

(4) An open-space easement [*see Rev. & Tax. Code § 421(e)*; *see also Gov. Code § 51096*; § 28D.30].

(5) A "wildlife habitat contract," which is defined as any contract, amended contract, or covenant involving at least 150 acres of land entered into by a landowner and the federal or state government, or a federal or state agency, that limits the use of the land for at least 10 years to provide a habitat for native or migratory wildlife and native pasture [*Rev. & Tax. Code § 421(f)*; *see Rev. & Tax. Code § 421(i)*].

A "scenic restriction" is any interest in real property acquired by a city or county under Chapter 12 of Division 7 of Title 1 of the Government Code [*see Gov. Code §§ 6950-6954*; *see also § 28D.40*] in which the instrument granting the right imposes land use restrictions that effectively preserve the open-space character of the land [*Rev. & Tax. Code § 421(d)*; *see also Gov. Code § 6954*]. To be eligible for the most favorable property tax valuation treatment, scenic restrictions must be for an initial term of at least 10 years and must provide either a method of extending the term by mutual agreement or a provision for automatic annual one-year extensions of the initial term [*Rev. & Tax. Code § 421(d)*; *see Gov. Code §§ 51244-51246*]. A scenic restriction may not be terminated before its expiration except as provided for cancellation of contracts under the Williamson Act [*Rev. & Tax. Code § 421(d)*; *see Gov. Code §§ 51281-51283.3*; *see also § 28D.14[2]*].

Notwithstanding these statutory provisions, a restriction must be enforceable in the face of imminent urban development and may not be terminable merely because development is desirable or profitable. Although the Legislature may determine the manner in which land is enforceably restricted, it may not define the terms "enforceably restricted" and it may not render the restrictions ineffective for land conservation purposes [*Lewis v. City of Hayward (1986) 177 Cal. App. 3d 103, 113, 222 Cal. Rptr. 781]* . If the governing procedures include lax cancellation provisions, the restriction is not an enforceable restriction for the purposes of *California Constitution, Article XIII, Section 8*. For example, a restriction that may be cancelled on the mere showing that the restricted land would be more valuable if put to another use is not an enforceable restriction [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 855, 171 Cal. Rptr. 619, 623 P.2d 180* ; *see also Lewis v. City of Hayward (1986) 177 Cal. App. 3d 103, 113, 222 Cal. Rptr. 781]* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
D. Effect of Enforceable Restrictions on Property Taxes

12-28D California Legal Forms--Transaction Guide § 28D.51

§ 28D.51 Valuation

Most real property in California is assessed for property tax purposes on the basis of its full cash value, meaning fair market value [*Cal. Const., arts. XIII, § 1(a)*, XIIIA, § 2(a); *Rev. & Tax. Code §§ 110, 110.5*; *see also Rev. & Tax. Code §§ 110.1, 401*]. However, property that is enforceably restricted is entitled to be valued on a basis that is consistent with its restrictions and uses [*Cal. Const., art. XIII, § 8*; *see Rev. & Tax. Code §§ 402.1, 423, 430.5*]. Additionally, there is a rebuttable presumption that the present use of enforceably restricted open-space land devoted to agricultural use is its highest and best agricultural use [*Rev. & Tax. Code § 430*; *see Rev. & Tax. Code § 402.1(b), (c)* (rebuttable presumption that restrictions will not be removed or substantially modified; valuation)].

In assessing land subject to an enforceable restriction, the assessor must consider the effect of the restriction on the value of the land [*Rev. & Tax. Code § 402.1(a)*]. In general, if the restrictions will not be removed or substantially modified in the predictable future [*see Rev. & Tax. Code § 402.1(b), (c)*], the assessor may not consider sales of otherwise comparable land not similarly restricted as to use as indicative of the value of restricted land unless the restrictions have a demonstrable minimal effect on value [*Rev. & Tax. Code § 402.1(d)*].

Enforceably restricted open-space land, other than land used for the production of timber for commercial purposes, is valued using the capitalization of income method [*Rev. & Tax. Code § 423*]. "Open-space land" means land within an agricultural preserve subject to a Williamson Act contract, land subject to a scenic easement, and land subject to an open-space easement [*Rev. & Tax. Code § 421(g)*]. Special valuation rules apply to property restricted by wildlife habitat contracts [*see Rev. & Tax. Code § 423.7*; *see also Rev. & Tax. Code § 421(f)* (definition)]. Although other conservation restrictions, such as conservation easements, may qualify for similar tax treatment, land subject to conservation easements, zoning restrictions, and other types of conservation restrictions are not statutorily required to be assessed by the capitalization of income method [*see Rev. & Tax. Code § 422*; *see also Civ. Code § 815.10* (conservation easement is enforceable restriction for purposes of *Rev. & Tax. Code § 402.1*)].

Under the capitalization of income method, the income to be capitalized is either the property's fair rental value, if sufficient rental information is available, or the net income that the land can reasonably be expected to yield under prudent management and subject to the enforceable restrictions [*Rev. & Tax. Code § 423(a)(1), (2)*]. If the parties to an

instrument that enforceably restricts the land stipulate an amount of minimum annual income per acre to be capitalized, the amount of the income to be capitalized will not be less than that amount [*Rev. & Tax. Code § 423(a)(3)*]. "Income" is the difference between revenue and expenditures [*Rev. & Tax. Code § 423(a)*].

Once the rental value or net income is determined, the value of the land is derived by dividing that figure by the capitalization rate [*Rev. & Tax. Code § 423(c)*]. The "capitalization rate" is generally set according to the following components: yield rate for long-term United States bonds; risk; property taxes; and, under certain circumstances, amortization of any investment in perennials [*Rev. & Tax. Code § 423(b)*].

Unless a party to the instrument creating the enforceable restriction expressly prohibits this valuation, the valuation resulting from the capitalization of income method may not exceed the lesser of the following [*Rev. & Tax. Code § 423(d)*; *see also Rev. & Tax. Code §§ 423.3, 423.7*]:

- The valuation that would have resulted from calculating the restricted land's full cash value or fair market value as though the property was not subject to a restriction in the base year [*see Rev. & Tax. Code § 110*]; or

- The valuation that would have resulted from calculating the restricted land's full cash value, as restricted by the limitations imposed by Proposition 13, as though the property was not subject to a restriction in the base year [*see Rev. & Tax. Code § 110.1*].

Land subject to a farmland security zone contract must be valued for assessment purposes at 65 percent of the value under *Rev. & Tax. Code § 423* or 65 percent of the value under *Rev. & Tax. Code § 110.1*, whichever is lower [*Rev. & Tax. Code § 423.4*]. Farmland security zones were created by the legislature to encourage the creation of longer-term voluntary enforceable restrictions within agricultural preserves. The creation and functioning of these zones, and the methods by which a landowner or group of landowners may petition to enter a new contract designating their property as a farmland security zone, are specified by statute [*see Gov. Code §§ 51296-51297.4*]. For additional discussion, see *§ 28D.14[5]*.

Notwithstanding the provisions described above, the taxing authority may take into consideration the existence of any mines, minerals, and quarries on the land to be valued [*Rev. & Tax. Code § 427*]. Further, any city or county may allow land subject to a Williamson Act contract or a migratory waterfowl habitat contract to be assessed in a different manner [*see Rev. & Tax. Code § 423.3*]. In addition, the taxation rules described above do not apply to any residence, including any agricultural laborer housing facility as provided for in the Williamson Act [*see Gov. Code §§ 51220(b), 51231, 51238, 51282.3*], on the land being valued or to an area of reasonable size used as a site for that type of residence [*Rev. & Tax. Code § 428*].

For further discussion of property tax valuation, see California Environmental Law and Land Use Practice, Ch. 70, *Agricultural Preservation* (Matthew Bender).

CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
D. Effect of Enforceable Restrictions on Property Taxes

12-28D California Legal Forms--Transaction Guide § 28D.52

§ 28D.52 Subventions

To compensate for lost property tax revenues resulting from lowered tax assessments, localities establishing Williamson Act agricultural preserves may be partially subsidized by "subventions," or payments from the state [*see Gov. Code §§ 16140-16154*; *see also* Comment, *Beyond the Williamson Act: Alternatives for More Effective Preservation of Agricultural Land in California, 15 Pac. L.J. 1151, 1159*-1160 (July 1984)]. Subventions are not available, however, to reimburse for revenues lost as a result of an open-space easement under the Open-Space Easement Act of 1974 [*Gov. Code § 16141*]. The Secretary of Resources may request the California Attorney General to bring any action in court necessary to enforce any enforceable restriction as defined by *Rev. & Tax. Code § 422* on land for which the Secretary has certified payment of state funds to the local governing body [*Gov. Code § 16147*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART II. LEGAL BACKGROUND
D. Effect of Enforceable Restrictions on Property Taxes

12-28D California Legal Forms--Transaction Guide § 28D.53

§ 28D.53 Effect of Nonrenewal on Valuation

When a notice of nonrenewal has been served [*see § 28D.14[1][b]*], special provisions go into effect, causing the property valuation to progressively increase until the property is taxed at its full cash value by the time the restriction expires [*see Rev. & Tax. Code § 426(b)*]. If the landowner serves the notice, or if the county, city, nonprofit organization serves the notice and the landowner does not protest [*see Gov. Code §§ 51091, 51245, 51296-51297.4*], the special provisions apply immediately. If the county, city, or nonprofit organization serves the notice and the owner protests [*see Gov. Code §§ 51091, 51245, 51296-51297.4*], the special provisions apply when less than six years remain on the term of the enforceable restrictions [*Rev. & Tax. Code § 426(a)*].

To achieve the increase in valuations, the taxing authority must use the following steps each year until the restriction terminates [*see Rev. & Tax. Code § 426(b)*]:

(1) Determine the full cash value of the land under *Rev. & Tax. Code § 110.1* if applicable or, if not, under *Rev. & Tax. Code § 110*, without regard to the restrictions. If the land will be subject to a use for which a special restricted assessment applies, the value is determined as if the property were subject to the new restriction.

(2) Determine the value of the land by the capitalization of income method as if the notice of nonrenewal had not been given.

(3) Subtract the amount determined in (2), *above*, from the amount determined in (1), *above*, to obtain the difference between the full cash value and the value determined from the capitalization of income method.

(4) Discount the difference found in (3), *above*, for the number of years remaining until the restriction expires by the rate determined from the interest component in the capitalization rate under *Rev. & Tax. Code § 423(b)(1)*.

(5) Add the amount determined in (2), *above*, to the amount obtained in (4), *above*, to derive the valuation of the land for tax purposes for that year.

(6) Apply the ratio prescribed in *Rev. & Tax. Code § 401* to the land value determined in (5), *above*, to obtain the assessed value.

PART III. TRANSACTION GUIDE
A. Client Interview--Facts and Documents

12-28D California Legal Forms--Transaction Guide § 28D.100

§ 28D.100 Facts

1. Identity of owner or owners of subject land.

NOTE:
"Owner" or "landowner" includes a contract purchaser under the California Veterans Aid Program for the purposes of offering similar terms to landowners within a single Williamson Act agricultural preserve *[53 Cal. Op. Att'y Gen. 187 (1970)* ; ***see*** *Gov. Code § 51241*; ***see also*** *§ 28D.13[1][a]*].

a. Name, address, and telephone number of owner.

b. Legal status of owner, such as:
(1) Corporation.

(2) Partnership.

(3) Unincorporated association.

(4) Individual.

c. If owner is corporation or association:

(1) Type of association or corporation.
(a) For profit.

(b) Nonprofit.

(2) Date and state of incorporation, if applicable.

(3) Location of principal office.

(4) Name, title, and telephone number of officer or employee who will handle transaction.

d. If owner is partnership, name, address, and telephone number of partners.

2. Name, address, and telephone number of all trust deed beneficiaries and mortgagees of subject property.

3. City and county in which subject property is located.

4. Total area of subject property (in acres), including land zoned as timberland.

5. Name, address, and telephone number of owners of contiguous property.

6. Description of subject property, including:

a. Legal description.

b. Assessor's parcel number.

7. Current nature and use of subject property and approximate acreage used for each use, such as:

a. Agricultural use [*see Gov. Code § 51201(b)*].

b. Recreational use [*see Gov. Code § 51201(n)*; *see also Gov. Code § 51238.1*].

c. Open-space use [*see Gov. Code § 51201(o)*].

d. Wildlife habitat area [*see Gov. Code § 51201(j)*].

e. Saltpond [*see Gov. Code § 51201(k)*].

f. Managed wetland area [*see Gov. Code § 51201*(*l*)].

g. Submerged area [*see Gov. Code § 51201(m)*].

h. Scenic highway corridor [*see Gov. Code § 51201(i)*].

i. Public health and safety [*see Gov. Code §§ 51075(a), 65560*].

8. Future uses of subject property contemplated by landowner, if any.

9. Rural or urban character of neighboring areas.

10. Term of years that landowner desires to commit to restricted use.

NOTE:

The minimum term of years for a contract governing land use in agricultural preserves is 10 years [*Gov. Code § 51244*]. Similarly, a grant of an open-space easement must be at least for a term of 10 years [*Gov. Code § 51081*].

3. Copies of any conveyances, encumbrances, or declarations of existing restrictions on property.

4. Map of subject property.

5. Any photographs, surveys, geological reports concerning subject property.

6. If subject property is within existing agricultural preserve:

a. Copy of any Williamson Act contract between city or county and other owners of property within preserve.

NOTE:
Within 30 days after a form of contract is first used, the clerk of the board of supervisors or city council must file with the Director of Energy and Conservation a sample copy of each form of contract and any applicable land use restrictions [*Gov. Code § 51249*].

b. Copy of prior land conservation contracts, if any, entered into concerning subject land.

7. If landowner is corporation:

a. Certified copy of articles of incorporation and current bylaws.

b. Certified copy of resolution, if any, accepting or approving open-space easement or proposal to establish agricultural preserve or to enter into Williamson Act contract.

8. If landowner is granting open-space easement to nonprofit organization [*see Gov. Code § 51075(f)*], letter of determination from Internal Revenue Service demonstrating that organization:

a. Includes preservation of open space as stated purpose in articles of incorporation.

b. Qualified under *I.R.C. § 501(c)(3)* in preceding tax year.

PART III. TRANSACTION GUIDE
B. Preliminary Determinations

12-28D California Legal Forms--Transaction Guide § 28D.110

§ 28D.110 General Determinations

1. Determine whether property is subject to any current restrictions on use, including:

a. Existing agricultural preserve regulations [*see § 28D.12[1]*].

b. Existing Williamson Act contract [*see § 28D.13*].

c. Zoning restrictions [*see § 28D.41[1]*].

d. Restrictions on coastal development [*see § 28D.41 [3]*].

e. Existing conservation or open-space easement, or other contractual conservation restriction [*see §§ 28D.30, 28D.31, 28D.40*].

2. Determine whether city or county in which subject land is located has general plan.

NOTE:
The city or county must have a general plan to establish an agricultural preserve [*Gov. Code § 51230*; ***see*** *§ 28D.11[1][a]*; ***see also*** California Real Estate Law Practice, Ch. 253, ***Local Planning and the General Plan*** (Matthew Bender)].

3. Determine whether proposed use of property is consistent with general plan.

4. Determine whether any planned development in areas surrounding subject property may affect property's use and value.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART III. TRANSACTION GUIDE
B. Preliminary Determinations

12-28D California Legal Forms--Transaction Guide § 28D.111

§ 28D.111 Additional Determinations for Agricultural Preserves

1. Determine whether owner is willing to restrict use of property as required by Williamson Act [*see Gov. Code §§ 51230, 51231, 51243*] and any existing local rules.

2. Determine whether owner would obtain property tax benefit from inclusion of property in agricultural preserve [*see §§ 28D.50, 28D.51*].

3. Ascertain from county or city planning agency any existing rules and procedures governing agricultural preserves.

4. If land is proposed to be included in existing agricultural preserve, determine terms and conditions of existing contracts with landowners in same preserve.

5. Determine whether subject land meets following eligibility requirements [*see Gov. Code §§ 51247, 51242*]:

a. Parcel is of sufficient size to sustain agricultural uses permitted under contracts [*see Gov. Code § 51222*]:
(1) If prime agricultural land [*see Gov. Code § 51201(c); see also § 28D.10[2]*], at least 10 acres.

(2) If not prime agricultural land, 40 acres.

b. Land meets following size requirements for agricultural preserve:

NOTE:
The size requirements do not apply to land within a scenic highway corridor [***see*** P 6, Note, ***below***].

(1) At least 100 acres [*Gov. Code § 51230*].

NOTE:
Two or more contiguous or commonly owned parcels may be combined to meet this requirement. Land zoned as timberland may be taken into account for the purposes of this requirement [***see*** *Gov. Code § 51230*; ***see also*** *§ 28D.11[1][b]*].

(2) If land is smaller than 100 acres, city or county may establish smaller preserve based on finding that [*Gov. Code § 51230*]:

(a) Smaller preserve is necessary due to unique characteristics of agricultural enterprises in area; and

(b) Establishment of smaller preserve is consistent with local general plan.

c. Any eligibility requirements imposed by city or county [*see 56 Cal. Op. Att'y Gen. 160, 162-164 (1973)]* .

6. Determine whether land is within scenic highway corridor [*see Gov. Code § 51201(i)*].

NOTE:
The city or county is required to establish an agricultural preserve and offer a Williamson Act contract if requested to by an owner of land within a scenic highway corridor, regardless of the size of the parcel [*Gov. Code § 51205.1*; *Borel v. County of Contra Costa (1990) 220 Cal. App. 3d 521, 527, 269 Cal. Rptr. 460* ; ***see*** *§ 28D.11[1][a], [b]*].

7. Determine whether beneficiary under deed of trust is willing to subordinate his or her interest to contractual restrictions [*see 51 Cal. Op. Att'y Gen. 80, 84, 88 (1968)* ; *see also § 28D.13[5]*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART III. TRANSACTION GUIDE
B. Preliminary Determinations

12-28D California Legal Forms--Transaction Guide § 28D.112

§ 28D.112 Additional Determinations for Open-Space Easements

1. Determine whether owner is willing to enter into restrictions on use of property as required by Open-Space Easement Act [*see §§ 28D.30[1][a], [2][a], [b][ii], 28D.121*].

2. Determine whether owner would benefit from lower property tax assessment resulting from grant of open-space easement [*see §§ 28D.50, 28D.51*].

3. Determine whether grant meets following requirements for deduction as charitable contribution [*see I.R.C. § 170(f)(3)(B)(iii)*; *see § 28D.30[4]*]:

a. Grant is in perpetuity [*see I.R.C. § 170(h)(1)(A), (2)(C)*].

b. Grant is exclusively for conservation purposes [*see I.R.C. § 170(h)(4)*].

c. If grant is executed after February 13, 1986, mortgagee has subordinated his or her rights to grantee's rights to enforce easement [*see Treas. Reg. § 1.170A-14(g)(2)*]

NOTE:
For grants executed before February 13, 1986, the donor must demonstrate that the conservation purpose is protected in perpetuity without subordination of the mortgagee's rights [*Treas. Reg. § 1.170A-14(g)(2)*].

4. Determine whether city or county imposes any procedural requirements.

5. Determine whether city or county imposes requirements on restrictions, conditions, or covenants that must be included in instrument creating easement [*see Gov. Code § 51082*].

6. Determine whether subject land meets following requirements for open-space land:

a. Land is unimproved [*see Gov. Code §§ 51075(a), 51084(b)(1)*].

b. Land is devoted to open-space use, including any of following [*Gov. Code §§ 51075(a), 65560(b)*]:

(1) Preservation of natural resources.

(2) Managed production of resources.

(3) Outdoor recreation.

(4) Public health and safety.

(5) Support of mission of military installations.

(6) Protection of places, features, and objects associated with Native American history and culture.

c. If retained in natural state, land has any of following [*see Gov. Code § 51084(b)(1)*]:

(1) Scenic value to public.

(2) Value as watershed.

(3) Value as wildlife preserve.

7. Determine whether grant of easement is made to one of following entities that is qualified to accept easement [*see Gov. Code §§ 51075(d), 51080, 51083.5*; *see § 28D.30[1][a]*]:

a. County with open-space plan [*see Gov. Code § 51075(e)*].

b. City with open-space plan [*see Gov. Code § 51075(e)*].

c. Nonprofit organization, meeting following requirements [*Gov. Code § 51075(f)*]:

(1) In preceding tax year, organization qualified under *I.R.C. § 501(c)* of preceding tax year.

(2) Includes preservation of open space as stated purpose in articles of incorporation.

8. Determine whether owners of contiguous property are willing to enter into open-space easement.

CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART III. TRANSACTION GUIDE
C. Procedural Guide

12-28D California Legal Forms--Transaction Guide § 28D.120

§ 28D.120 Agricultural Preserves

NOTE:

The procedures outlined here are based on those prescribed in the Williamson Act. Because each governing locality must adopt its own procedures [***see*** *Gov. Code § 51231*], practitioners should consult the local rules to be certain that all of the necessary steps are accomplished.

The Department of Energy and Conservation is authorized to assist any person or entity in interpreting the Williamson Act, and to disseminate information about the Act's policies, purposes, procedures, and implementation [*Gov. Code § 51206*].

[1] Establishing Agricultural Preserve

1. Obtain form of application or proposal to establish agricultural preserve [*see §§ 28D.11[1][c], 28D.200*] from city or county with jurisdiction over subject land.

NOTE:

The specific agency that provides the forms differs among localities. Forms are commonly obtained from the planning agency, the board of supervisors, or the city council. Occasionally, localities provide them through the county or city counsel's office.

2. Prepare proposal and pay application fee, if any [*see Gov. Code § 51231*].

3. Submit proposal to appropriate city or county agency or department.

4. Determine that proposal has been submitted to planning department or commission of county or city [*see Gov. Code § 51234*].

NOTE:

Within 30 days after receiving the proposal, the planning agency must submit a report to the board of supervisors or city council stating whether the preserve is consistent with the general plan. The board or council may extend the agency's time for not more than an additional 30 days. Final action on the proposal may not be taken until the report is received or the time for submission has elapsed [*Gov. Code § 51234*]. The board of supervisors or city council also must make a finding of consistency with the general plan before taking final action [*Gov. Code § 51234*; ***see*** *§ 28D.11[1][c]*].

5. Review planning agency's report and finding of board of supervisors or city council, when available, and be prepared to provide evidence at public hearing in support of or controverting report.

6. Ascertain date of public hearing.

NOTE:

The board of supervisors or city council must hold a public hearing before establishing an agricultural preserve [***see*** *Gov. Code § 51230*; ***see also*** *§ 28D.11[1][c]*].

7. Determine whether board of supervisors or city council has given required notice by [*Gov. Code §§ 51230, 51233*]:

a. Giving notice one time by publication [*see Gov. Code §§ 6060, 6061*], including:
(1) Legal description of land to be included in preserve; or

(2) Assessor's parcel number of land to be included in preserve.

NOTE:

A significant error in the land's identifying reference renders both the notice and any subsequent contracts invalid, and cannot subsequently be corrected *[53 Cal. Op. Att'y Gen. 305 (1970)]* .

b. Giving written notice two weeks before hearing to [*Gov. Code § 51233*]:

(1) Local agency formation commission.

(2) Every city within county within one mile of exterior boundaries of preserve.

8. Attend public hearing and, if necessary, provide evidence in support of establishment of preserve.

NOTE:

If the board or council decides to establish the preserve, it must do so by resolution [*Gov. Code § 51230*; ***see*** *§§ 28D.11[1][c], 28D.201*]. As long as the preserve is in effect, a map of the preserve and the resolution under which it was established must be filed and kept current by the city or county with the county recorder [*Gov. Code § 51237*].

9. If no preexisting rules governing preserves are in effect, consider providing advice to board or council concerning which rules and procedures to adopt [*see Gov. Code § 51239*].

NOTE:

Once an agricultural preserve has been established, the board of supervisors or city council must adopt

rules governing the administration of the preserve [*Gov. Code § 51231*], which include rules concerning compatible uses that will be permitted on the preserve [***see*** *Gov. Code §§ 51201(e), 51231*; ***see also*** *§ 28D.12[1], [2]*].

10. Ascertain whether city or county has filed and kept current map of agricultural preserve and resolution establishing agricultural preserve with county recorder [*see Gov. Code § 51237*].

11. Ascertain whether city or county has filed map designating agricultural preserve on or before September 1 each year with Director of Energy and Conservation [*see* Gov. Code § 51287.5].

[2] Obtaining Williamson Act Contracts

1. Request standard form contract from city or county [*see § 28D.210*].

NOTE:
The application form for establishing an agricultural preserve may include a request for a contract [***see, e.g.,*** *§ 28D.200*].

2. Provide city or county with any information required to determine whether subject land meets following eligibility requirements [*see Gov. Code §§ 51242, 51247*; *see § 28D.13[2]*]:

a. Devoted to agricultural use, meaning any of following [*Gov. Code § 51205*]:
(1) Land used for recreation.

(2) Land within scenic highway corridor.

(3) Wildlife habitat area.

(4) Saltpond.

(5) Managed wetland area.

(6) Submerged area.

(7) Land, including, but not limited to, greenhouses, used for producing agricultural commodity for commercial purposes [*see Gov. Code § 51201(b)*].

b. Located in area designated as agricultural preserve.

c. Sufficient size to sustain agricultural uses [*see Gov. Code § 51222*; *see also § 28D.111*, P 5]

3. Compare contract offered for subject property to contracts covering other property, if any, within same agricultural preserve.

NOTE:
The governing locality must offer contracts with similar terms to all owners of land within the same preserve [*Gov. Code § 51241*; ***see*** *§ 28D.13[4]*].

4. Determine whether contract includes required terms, such as [*see § 28D.13[4]*]:

NOTE:

Contracts may provide restrictions, terms, and conditions, including payments and fees, that are more restrictive than or in addition to those required by the Williamson Act [*Gov. Code § 51240*].

a. Initial term of at least 10 years [*Gov. Code § 51244*].

b. Automatic renewal adding additional year to contract term unless notice of nonrenewal has been served [*Gov. Code § 51244*; *see §§ 28D.14[1], 28D.130[1]*].

NOTE:

If the initial term of the contract is for more than 10 years, the contract may include an automatic renewal provision beginning with the anniversary date on which the contract will have an unexpired term of nine years [*Gov. Code § 51244.5*; ***see*** *§ 28D.13[4]*].

c. Exclusion of uses for duration of contract that are not agricultural or compatible uses [*Gov. Code § 51243(a)*; *see Gov. Code § 51201(e)*].

d. Provision that contract is binding on and inures to benefit of all successors in interest to owner [*Gov. Code § 51243(b)*; *see § 28D.13[5]*].

NOTE:

Special provisions govern transfers of ownership within a family [***see*** *Gov. Code § 51230.1*; ***see also*** *§ 28D.13[5]*].

5. If land is to be used for public outdoor recreational use, obtain from the board of supervisors or city council indemnification agreement concerning all claims arising from that use [*see Gov. Code § 51238.5(a)*; *see also § 28D.12[2]*].

6. Obtain, if possible, subordination agreement from trustee or beneficiary.

NOTE:

The effect of the landowner's default and subsequent foreclosure or trustee's sale on land under a Williamson Act contract depends on when the trust deed or other encumbrance is recorded. If the encumbrance was executed and recorded before the execution and recordation of the Williamson Act contract, the buyer acquires the land free of the contract's restrictions unless the beneficiary of the encumbrance consents to subordinate his or her interest to the subsequent contractual restrictions [*51 Cal. Op. Att'y Gen. 80, 84-85, 88 (1968)* ; ***see*** *§ 28D.13[5]*].

7. Ascertain whether city or county has recorded copy of contract with reference to map showing location of relevant agricultural preserve within 20 days after execution of contract [*Gov. Code § 51248*].

NOTE:

Whenever a city or county is required to record a contract under the Williamson Act, the municipality may file a fictitious contract. Later, any of the provisions of the fictitious contract may be included by reference in any contract required to be filed under the Williamson Act [*Gov. Code § 51248.5*; ***see*** *Civ. Code § 2952*; ***see also*** *§ 28D.13[4]*].

8. Ascertain whether city or county has, within two years of effective date of contract, restricted use of noncontracted land within preserve to compatible uses [*see Gov. Code § 51230*; *see also § 28D.12[2]*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART III. TRANSACTION GUIDE
C. Procedural Guide

12-28D California Legal Forms--Transaction Guide § 28D.121

§ 28D.121 Creating Open-Space Easements

NOTE:
The procedures described here follow the requirements of the Open-Space Easement Act of 1974 [***see*** *Gov. Code § 51070 et seq.*]. Counsel should ascertain whether the city or county with jurisdiction over the land imposes additional procedural requirements.

1. Assemble documentation of relevant features of property, such as:

a. Maps.

b. Surveys.

c. Reports, such as:
(1) Soil.

(2) Water.

d. Photographs.

NOTE:
This documentation is required by the Internal Revenue Service of a charitable donor who retains rights in the property which, if exercised, could impair the property's conservation values [***see*** *Treas. Reg. § 1.170A-14(g)(5)(i)*; ***see also*** *§ 28D.30[4]*].

2. Draft formal instrument granting easement [*see §§ 28D.30[2][a], 28D.230*].

a. Ensure that instrument includes following required provisions [*see § 28D.30[2][a]*]:

(1) Term of at least 10 years [*see Gov. Code § 51081*] or in perpetuity.

(2) If easement is for term of years, automatic annual renewal that adds one year to term unless notice of nonrenewal is served [*see Gov. Code §§ 51081, 51091*; *see also §§ 28D.30[5][b], 28D.131[1]*].

(3) Covenant running with land prohibiting landowner from permitting construction of improvements except those for which right has been expressly reserved [*see Gov. Code § 51075(d)*].

NOTE:
A reservation of the right to construct improvements must be consistent with the purposes of the Open-Space Easement Act, must be compatible with preserving the natural or scenic character of the land, and may not prohibit the construction of certain public service facilities [***see*** *Gov. Code § 51075(d)*; ***see also*** *§ 28D.30[2][a]*].

(4) Covenants to preserve land's scenic value or value as watershed or wildlife preserve [*see Gov. Code § 51084(b)(1)*].

b. Ensure that instrument satisfies any requirements imposed by city or county for maintenance of natural or scenic character of land [*see Gov. Code § 51082*].

3. Submit easement to appropriate agency or department of city, county, or nonprofit organization for approval [*see § 28D.30[2][b][i]*].

NOTE:
An open-space easement granted to a city or county is effective when it has been accepted or approved by resolution of the governing body [*Gov. Code § 51083*]. An open-space easement granted to a nonprofit organization is effective upon its acceptance by the organization. However, for the property taxpayer to obtain certain property tax benefits, the grant must be approved by the city or county [*Gov. Code § 51083.5*; ***see*** *Rev. & Tax. Code §§ 421-430.5*; ***see also*** *§§ 28D.50, 28D.51*]. Additionally, city or county approval is required for the owner of property subject to an eminent domain proceeding to receive reimbursement at full value for the taking [***see*** *Gov. Code § 51095*; ***see also*** *§ 28D.30[5][d]*].

4. Determine whether offer has been referred to county or city planning agency for report specifying whether proposed easement is consistent with jurisdiction's general plan [*Gov. Code § 51085*].

NOTE:
The governing body of the county or city may not accept or approve a grant of an open-space easement until the planning agency's report has been received [*Gov. Code § 51085*; ***see*** *§ 28D.30[2][b][ii]*].

5. Review planning agency's report, when available, and be prepared to provide evidence in support of or controverting agency's finding.

6. Attend and, if necessary, provide evidence at meeting or hearing of city council or board of supervisors at which offer will be discussed in support of following required findings [*Gov. Code § 51084*; *see § 28D.30[2][b][ii]*]:

a. Preservation of land as open space is consistent with general plan.

b. Land is essentially unimproved.

c. If retained in natural state, land has scenic value to public, or value as watershed or wildlife preserve.

d. Instrument contains appropriate covenants in support of retaining land's open-space value.

e. It is in public interest to keep land as open space because of either of following:

(1) Preservation will add to amenities of living in neighboring urbanized areas.

(2) Preservation will help save rural character of area.

f. Public interest will be served in manner recited in resolution and consistent with purposes of land preservation.

7. If easement is accepted, ascertain whether clerk of governing body has done following [*see Gov. Code § 51087*; *see also § 28D.30[2][c]*]:

a. Recorded instrument creating easement in county recorder's office.

b. Filed copy of instrument creating easement with county assessor.

D. Related and Subsequent Procedures

12-28D California Legal Forms--Transaction Guide § 28D.130

§ 28D.130 Terminating Williamson Act Contracts

[1] Nonrenewal

NOTE:
Nonrenewal does not immediately terminate the contract. It prevents the automatic extension of the contract by one year on the renewal date. The existing contract remains in effect for the balance of the period remaining on the contract, generally nine years [***see*** *Gov. Code § 51246*; ***see also*** *§ 28D.14[1]*].

1. If landowner desires to remove portion of land from contract, determine locality's procedure for obtaining authorization from board of supervisors [*see Gov. Code § 51245*; *see §§ 28D.14[1]*, *28D.221*].

NOTE:
When a landowner terminates the contract covering only a portion of the land, the portion remaining under contract must continue to meet the requirements for parcel size [***see*** *Gov. Code § 51222*].

2. Draft and serve notice of nonrenewal [*see §§ 28D.14[1][b]*, *28D.220*].

NOTE:
The notice of nonrenewal must be in writing. It must be served by a landowner at least 90 days before the contract's renewal date. If served by the city or county, it must be served at least 60 days before the renewal date. If the notice is not timely served, the contract will be deemed automatically renewed for an additional year [*Gov. Code § 51245(a)*; ***see*** *Gov. Code §§ 51244*, *51244.5*].

3. If landowner who wishes to renew contract receives notice of nonrenewal, consider making written

protest of notice [*see Gov. Code § 51245(b)*; *see also § 28D.14[1][b]*].

NOTE:

The city or county may withdraw the notice of nonrenewal at any time before the contract's renewal date [***see*** *Gov. Code § 51245(b)*]. The written protest delays the increase in valuation for property tax purposes [***see*** *Rev. & Tax. Code § 426*; ***see also*** *§ 28D.53*].

4. Ensure that city or county delivers to Director of Energy and Conservation following notices, as applicable:

a. Copy of notice of nonrenewal, within 30 days of receipt from landowner [*Gov. Code § 51245(c)*].

b. Copy of notice of nonrenewal served on landowner, within 30 days of service [*Gov. Code § 51245*].

c. Notice of expiration of contract, within 30 days after expiration [*Gov. Code § 51246(a)*].

d. Withdrawal of notice of nonrenewal, within 30 days of withdrawal [*Gov. Code § 51245(c)*].

[2] Cancellation

NOTE:

A Williamson Act contract may be cancelled only at the request of the landowner in an emergency or extraordinary situation [***see*** *Gov. Code § 51281*; *Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 852-853, 171 Cal. Rptr. 619, 623 P.2d 180* ; ***see also*** *§ 28D.14[2][a]*].

A landowner or group of landowners may petition to rescind a contract or contracts entered into pursuant to the Williamson Act [*Gov. Code § 51200 et seq.*] in order to simultaneously place the land subject to that contract or those contracts under a new contract designating the property as a farmland security zone [*Gov. Code § 51296.1*; ***see*** *Gov. Code § 51296*]. Only land that is designated on the Important Farmland Series maps or that is defined as predominantly prime agricultural land is eligible for this designation [*Gov. Code § 51296.8*; ***see*** *Gov. Code § 51201(c)* (definition of prime agricultural land)]. Statutory provisions specify all of the requirements for the creation of a farmland security zone, including the petition process, as well as limitations with regard to matters such as annexation, special districts, and school districts [***see*** *Gov. Code §§ 51296.1(a)-(e), 51296.3-51297.3*.]. For additional discussion, see *§ 28D.14[5]*. A petition for cancellation of a farmland security zone contract may be filed only by the landowner with the city or county within which the contracted land is located. The city or county may grant a petition only in accordance with specified procedures [***see*** *Gov. Code § 51280 et seq.*] and only if all specified requirements are met [*Gov. Code § 51297*; ***see*** *§ 28D.14[5]*].

Nothing in these provisions would limit the authority of a board to rescind a portion or portions of the Williamson Act contract or contracts for the purpose of immediately enrolling the land in a farmland security zone contract, as long as the remaining land was retained in a Williamson Act contract and the board determined that its action would improve the conservation of agricultural land in the county where the rescission occurs [*Gov. Code § 51297.4*]. In any case, the creation of multiple contracts does not

constitute a subdivision of the land [*Gov. Code § 51297.4*].

1. Determine whether grounds exist for either of required findings required for cancellation [*see Gov. Code § 51282*; *see also § 28D.14[2][b]*]:

NOTE:
The uneconomic character of the existing use may be considered only if there is no other reasonable or comparable agricultural use for the land [*Gov. Code § 51282(d)*].

a. Determine whether all of following circumstances exist on which governing body may base finding that cancellation is consistent with purposes of Williamson Act [*see Gov. Code § 51282(b)*]:
(1) Notice of nonrenewal has been served concerning land for which cancellation is proposed.

(2) Cancellation is not likely to result in removal of adjacent lands from agricultural use.

(3) Cancellation is for alternative use consistent with local general plan.

(4) Cancellation will not result in discontiguous patterns of urban development.

NOTE:
Whether a development is urban or rural depends on factors relating to the individual project [*Honey Springs Homeowners Assn. v. Board of Supervisors (1984) 157 Cal. App. 3d 1122, 1141-1144, 203 Cal. Rptr. 886* ; ***see*** *§ 28D.14[2][b][ii], [iii]*].

The mere fact that intervening land is zoned for development is not sufficient to show contiguity. Contiguity may be shown by demonstrating that the owners of the intervening parcels have the ability and intent to develop their land within a reasonable time, not to exceed nine years [*Honey Springs Homeowners Assn. v. Board of Supervisors (1984) 157 Cal. App. 3d 1122, 1141-1144, 203 Cal. Rptr. 886* ; ***see*** *§ 28D.14[2][b][ii], [iii]*].

(5) Either of following circumstances apply:

(a) No proximate, noncontracted land is available and suitable for use proposed for land that is subject of cancellation.

NOTE:
"Proximate, noncontracted land" means land that is not restricted by a Williamson Act contract and that is sufficiently close to contracted land that it can serve as a practical alternative for the use that is proposed for the land subject to the request for cancellation [*Gov. Code § 51282(b), (c)*].

"Suitable" for the proposed use means that the salient features of the proposed use can be served by land not restricted by a Williamson Act contract. The nonrestricted land may be a single parcel or may be a combination of contiguous or discontiguous parcels [*Gov. Code § 51282(b), (c)*].

(b) Development of contracted land that is subject of cancellation would provide more contiguous patterns of urban development than would development of proximate noncontracted land.

b. Determine whether all of following circumstances exist on which governing body may base finding that cancellation is in public interest [*see Gov. Code § 51282(c)*]:

(1) Other public concerns substantially outweigh objectives of Williamson Act.

(2) Either of following circumstances apply:

(a) No proximate, noncontracted land is available and suitable for use proposed for land that is subject of cancellation.

(b) Development of contracted land that is subject of cancellation would provide more contiguous patterns of urban development than would development of proximate noncontracted land.

2. Draft petition for cancellation [*see §§ 28D.14[2][c], 28D.222, 28D.223*].

NOTE:
Some localities provide form petitions, while others accept letter requests [***see*** *§§ 28D.222, 28D.223*]. Counsel should ascertain which method is preferred in the particular locality.

a. Include proposal for specified alternative use of land, setting forth [*see Gov. Code § 51282(e)*]:

(1) Governmental agencies known by landowner to have permit authority related to proposed alternative use.

(2) Information with sufficient specificity to permit governing body to make required findings [*see* P 1, *above*].

b. If petition for cancellation is for purpose of using land for agricultural laborer housing, include all of following [*see Gov. Code § 51282.3(a)*; *see also § 28D.14[2][c][ii]*]:

(1) Particular description of acreage to be subject to cancellation.

(2) Stipulation that purpose of cancellation is to allow land to be used exclusively for agricultural laborer housing facilities.

(3) Demonstration that contracted land subject to proposed cancellation is reasonably necessary for development and siting of agricultural laborer housing.

(4) Certification that contracted land subject to proposed cancellation shall not be converted to any other alternative use within first 10 years following cancellation.

3. File petition with board of supervisors or city council and pay application fee, if any.

4. Ascertain that city or county has [*Gov. Code § 51284*; *see § 28D.14[2][d]*]:

a. Published notice of public hearing [*see Gov. Code §§ 6060, 6061*].

b. Mailed notice of public hearing to every owner of contracted land situated within one mile of land subject to proposed cancellation.

c. Mailed copy of petition and published notice to Director of Energy and Conservation.

NOTE:

The requirement for a noticed hearing does not apply if the land subject to the proposed cancellation is zoned as timberland and recorded [*Gov. Code § 51282.5*; ***see*** *Gov. Code §§ 51112, 51113, 51117*].

5. Ascertain whether any landowner of property located in city or county, or any other affected person, will protest cancellation, and be prepared to offer controverting evidence and argument, if necessary [*see Gov. Code § 51285*; § 28D.14[2][d]].

6. Attend public hearing and, if necessary, offer testimony, evidence, or argument in support of required findings [*see* P 1, *above*].

7. If tentative approval of cancellation is granted [*see Gov. Code §§ 51283.4(a), 51284*; *see also §§ 28D.14[2][e], 28D.224*]:

a. Obtain copy of certificate of tentative cancellation.

b. Ascertain from certificate conditions and contingencies required to obtain final cancellation.

NOTE:

The conditions and contingencies must include payment in full of the cancellation fee [***see*** *Gov. Code § 51283*; ***see also*** *§ 28D.14[2][f]*] and the requirement that the landowner obtain all permits necessary to begin the development project [*Gov. Code § 51283.4*]. No cancellation fee is required if the land subject to the cancellation is zoned as timberland production and recorded [*Gov. Code §§ 51282.5*; ***see*** *Gov. Code §§ 51112, 51113, 51117*; ***see also*** *§ 28D.14[2][f][iii]*]. A lien in lieu of a fee is recorded on the land when cancellation is granted for use of the land as agricultural laborer housing [*Gov. Code § 51282.3*; ***see*** *§ 28D.14[2][f]*].

c. Ascertain whether city or county published, within 30 days of tentative cancellation, display advertisement setting forth [*Gov. Code § 51284*]:

(1) Date, time, and place of hearing.

(2) Explanation of decision and findings.

(3) Description of land.

NOTE:

The advertisement must be published as a display advertisement, at least one eighth of a page, in at least one newspaper of general circulation in the city or county. The

advertisement is for information purposes only. A copy of the notice must be sent to the Director of Energy and Conservation [*Gov. Code § 51284*; ***see*** *§ 28D.14[2][e]*].

8. If following circumstances exist, request city council or board of supervisors to waive or extend landowner's time to pay cancellation fee [*see Gov. Code § 51283(c)*; *see also § 28D.14[2][f][ii]*]:

NOTE:

Ascertain from the governing locality the appropriate procedure for making the request.

Any waiver of or extension of time to pay a fee or any portion of it must be made contingent on the future use of the land and its economic return to the landowner. Any extension of time to pay must not exceed the unexpired period of the contract had it not been cancelled [*Gov. Code § 51283(c)*].

a. It is in public interest to waive or extend time to pay the fee.

b. Cancellation is caused by involuntary transfer or change in use that may be made of land.

c. Land is not immediately suitable and would not be immediately used for purpose that produces greater economic return to owner.

d. Deferral or waiver is in best interests of program to conserve agricultural land.

e. Waiver or extension is approved by Secretary of Natural Resources Agency on Secretary's findings that:

(1) Waiver or extension is consistent with Williamson Act; and

(2) Board of supervisors or city council complied with Williamson Act's cancellation provisions [*see Gov. Code § 51280 et seq.*].

NOTE:

In evaluating a request for a waiver or extension of time, the secretary must review the findings of the board or council, the evidence of the board or council's record, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time [*Gov. Code § 51283(c)*].

9. Satisfy all contingencies and conditions.

NOTE:

The landowner, if required to pay the cancellation fee, must do so within one year from the date of the recording of the certificate of tentative cancellation or the cancellation fee will be recomputed as of the date of the notice described in *Gov. Code § 51283.4(b)* [***see*** *§ 28D.14[2][g]*] or the date the landowner requests a recomputation [*Gov. Code § 51283.4(a)*; ***see*** *§ 28D.14[2][f][i]*].

10. If landowner is able to satisfy all contingencies and conditions [*see § 28D.14[2][g]*]:

a. Notify board of supervisors or city council when landowner has satisfied all contingencies and conditions [*see Gov. Code § 51283.4*].

b. Ascertain that city or county has executed and recorded certificate of cancellation:

(1) Within 30 days of receipt of notice that contingencies and conditions have been satisfied; and

(2) On determination that contingencies and conditions have been satisfied.

11. If cancellation is granted for using land for agricultural laborer housing [*see Gov. Code § 51282.3(b)*; *see also § 28D.14[2][f][iii]*]:

a. Commence construction of housing within one year after recording of certificate of cancellation.

NOTE:
If construction is not started within one year from the date of recordation, the landowner will be required to pay the fees, taxes, and interest for which the lien was imposed in order to have the lien released. If construction begins after one year, the amount of the interest will be for that period from one year after recordation until the start of construction [*Gov. Code § 51282.3(b)*].

b. If land continues to be used for agricultural laborer housing within 10 years from date of recordation of certificate of cancellation, ascertain that lien recorded in lieu of fee is released.

12. If landowner is unable to satisfy all conditions and contingencies [*see § 28D.14[2][g]*:

a. Notify board of supervisors or city council and identify requirements that were not satisfied [*see Gov. Code § 51283.4(c)*].

b. Ensure that board or council withdraws tentative approval of cancellation.

NOTE:
The landowner will not be entitled to a refund of any cancellation fee paid [*Gov. Code § 51283.4(c)*; ***see*** *§ 28D.14[2][f]*].

13. If county or city did not fully comply with Williamson Act requirements in reaching decision on petition to cancel, consider challenging county or city order by bringing proceeding under Civil Code Section 1094.5 within 180 days from date of city or county order [*see Gov. Code § 51286*; *see also § 28D.14[2][h]*].

PART III. TRANSACTION GUIDE
D. Related and Subsequent Procedures

12-28D California Legal Forms--Transaction Guide § 28D.131

§ 28D.131 Terminating Open-Space Easements

[1] Nonrenewal

NOTE:
Nonrenewal does not immediately terminate the easement. It stops the easement from automatically adding a year to its term. The easement remains in effect for the balance of the remaining period [*Gov. Code § 51092*; ***see*** *§ 28D.30[5][b]*].

1. Draft notice of nonrenewal [*see Gov. Code § 51091*; *see also §§ 28D.30[5][b]*, *28D.231*].

NOTE:
The landowner, county, city, or nonprofit organization may serve a nonrenewal notice. "Landowner" includes a lessee or trustee, if the expiration of the lease or trust occurs at a time later than the expiration of the open-space easement [*Gov. Code § 51075(c)*].

2. Serve notice on other party to easement at least 90 days before annual renewal date [*see Gov. Code § 51091*].

NOTE:
If notice is not served timely, the easement will automatically renew [*Gov. Code §§ 51091, 51092*].

3. If landowner serves notice of nonrenewal on nonprofit organization, ensure that organization's governing body approves nonrenewal by appropriate resolution [*see Gov. Code § 51090*; *see also § 28D.30[5][b]*].

4. If nonprofit organization serves notice of nonrenewal, obtain approval by city or county in same manner as provided for abandonment [*see Gov. Code § 51090*; *see also* [2], *below*].

5. If owner who wishes to renew receives nonrenewal notice, consider making written protest.

NOTE:
A written protest will delay the increase in property tax valuation that accompanies renewal [***see*** *Rev. & Tax. Code § 426*; ***see also*** *§ 28D.53*]. The county, city, or nonprofit may withdraw the notice of nonrenewal at any time before the renewal date [*Gov. Code § 51092*].

[2] Abandonment

1. Determine whether circumstances surrounding decision to abandon open-space easement will permit city, county, or nonprofit organization to make all of following required findings [*see Gov. Code § 51093(a)*; *see also § 28D.30[5][c][i]*]:

a. No public purpose [*see Gov. Code § 51084*] will be served by keeping land as open space.

b. Abandonment is not inconsistent with purposes of Open-Space Easement Act of 1974.

c. Abandonment is consistent with local general plan.

d. Abandonment is necessary to avoid substantial financial hardship to landowner due to involuntary factors unique to him or her.

2. Draft petition for abandonment [*see Gov. Code § 51093*; *see also §§ 28D.30[5][c][ii]*], 28D.232].

a. If landowner initiates abandonment, submit to governing body of appropriate city, county, or nonprofit organization for approval [*see Gov. Code §§ 51090, 51093(a)*].

b. If nonprofit organization initiates abandonment, submit to city or county for approval [*see Gov. Code § 51090*; *see also Gov. Code § 51093(a)*].

NOTE:
The Open-Space Easement Act does not expressly require that a copy of the petition be sent to the landowner when the nonprofit organization initiates abandonment [***see*** *Gov. Code §§ 51090, 51093(a)*]. However, doing so is probably necessary to satisfy due process and contract law requirements.

3. Refer, or ascertain whether city, county, or nonprofit organization has referred, petition to local planning commission [*see Gov. Code § 51093(a)*; *see also § 28D.30[5][c][ii]*].

4. Ascertain date of public hearing by planning commission [*see Gov. Code § 51093(a)*; *see also § 28D.30[5][c][ii]*].

5. Attend public hearing of planning commission and, if necessary, provide evidence in support of abandonment.

NOTE:

The planning commission must furnish a report on the matter to the governing body stating whether abandonment is consistent with the local general plan [*Gov. Code § 51093*; ***see*** *§ 28D.30[5][c][ii]*].

6. Ascertain whether governing body has given required 30 days' notice of public hearing by publication [*see Gov. Code § 6061*] and by posting notice on land [*see Gov. Code § 51093(a)*].

7. Attend public hearing of governing body and, if necessary, provide evidence in support of abandonment.

8. Ascertain amount of and pay abandonment fee determined by governing body [*see Gov. Code § 51093(b), (c)*; *see also § 28D.30[5][c][iii]*].

NOTE:

The abandonment fee is equal to 12 1/2 percent of the full cash value of the land as though it were free of the open-space easement [***see*** *Gov. Code § 51093(b), (c)*]. Abandonment is not effective until the fee has been paid in full [*Gov. Code § 51093(e)*], and there are no provisions for waiver or extension of time to pay. For further discussion, see *Section 28D.30[5][c][iii]*.

9. Obtain certified copy of resolution by city, county, or nonprofit organization.

10. Ascertain whether resolution sets forth [*Gov. Code § 51094*]:

a. Approval of abandonment of easement.

b. Compliance with abandonment provisions of Open-Space Easement Act of 1974.

11. Record, or determine whether city, county, or nonprofit organization has recorded, certified copy of resolution in county recorder's office.

NOTE:

The resolution cannot be recorded until the abandonment fee is paid in full [*Gov. Code § 51094*]. Once the resolution is recorded in the county recorder's office, the land is deemed relieved of the easement and the covenants contained in the easement are deemed terminated [*Gov. Code § 51094*].

12-28D California Legal Forms--Transaction Guide § 28D.132

§ 28D.132 Disestablishing or Altering Agricultural Preserve Boundaries

1. Determine rules of city or county for establishing and disestablishing agricultural preserves.

NOTE:
The same procedure required to establish an agricultural preserve must be used to disestablish, enlarge, or diminish the size of an agricultural preserve [*Gov. Code § 51231*].

2. Follow procedures outlined in rules of city or county and in Section 28D.120 [1], substituting request for alteration or disestablishment instead of application or proposal [*see § 28D.11 [2]*].

3. If alteration or disestablishment will remove contracted land from agricultural preserve, ascertain that board of supervisors or city council gave notice of proposed alteration or disestablishment and date of hearing as follows [*Gov. Code § 51232*]:

a. By certified mail to owner of land at last address known to board or council.

b. By publication pursuant to *Government Code Section 6061*.

c. By first class mail to each owner of land under contract if any port ion of land is situated within one mile of exterior boundary of land to be remo ved from preserve.

PART IV. FORMS
A. Agricultural Preserves
1. Establishing Agricultural Preserves

12-28D California Legal Forms--Transaction Guide § 28D.200

§ 28D.200 Application to Establish Agricultural Preserve

[1] Comment--Use of Form

This form is an application for use by a landowner to propose the establishment of an agricultural preserve. The language of this form is based on the application form used by San Luis Obispo County, and is typical of application forms used throughout the state. Although the Williamson Act uses the term "proposal" [*see, e.g., Gov. Code §§ 51233, 51234*], most localities refer to the form as a request or application. The submission of an application form requesting the establishment of an agricultural preserve is the first step that a landowner must take to place his or her lands within a preserve [*see Gov. Code § 51234*; *see also §§ 28D.11 [1]*], 28D.120[1]].

The information required on the initial application varies depending on the locality. Typically, the application includes the legal description of the property, the assessor's parcel number, the existing use of the property, the legal owner of the property, and the names of any other persons holding an interest in the property. As is evident from this form, some municipalities also require information on the amount of income currently received from the land, and a map, often the assessor's map, showing the boundaries of the property proposed to be included in the preserve. Some localities require a current lot book report and deed description or a title report specifying the entire extent of current ownership in the property. Most cities and counties require that an application fee accompany the form.

[2] FORM

Application to Establish Agricultural Preserve

PROPERTY OWNER'S REQUEST TO ESTABLISH AN AGRICULTURAL PRESERVE UNDER THE PROVISIONS OF THE LAND CONSERVATION ACT OF 1965
STATE OF CALIFORNIA

Date _____

BOARD OF SUPERVISORS
County of San Luis Obispo
Courthouse Annex
San Luis Obispo, California

ATTENTION: PLANNING DEPARTMENT, COUNTY GOVERNMENT CENTER, SAN LUIS OBISPO, CALIFORNIA 93408

Members of the Board:

I hereby request the Board to notice and hold a public hearing for the purpose of establishing an Agricultural Preserve including my properties described below pursuant to *Government Code Section 51201(d)* of the California Land Conservation Act of 1965 (as amended).

It is my intent to enter into Contract pursuant to the Act. I have read a sample copy of the Contract proposed to be offered to these property owners within such a Preserve and understand its contents, restrictions, terms and conditions.

OWNER'S NAME _____

ADDRESS _____ .....PHONE NO. _____

I am the _____[principal *or* sole] owner of _____ acres and I desire to place _____ acres of my property under Contract.

Assessor's Parcel Number(s) of property to be placed under Contract:

_____
_____
_____

_____[The Assessor's map(s) *or describe other prepared map*] clearly showing property boundaries is attached to this request.

OTHER PART OWNERS OF RECORD OR INTEREST

NAME	ADDRESS	TYPE OF INTEREST
_____	_____	_____
_____	_____	_____
_____	_____	_____

NOTE:
All fee owners of any surface interest, including all trust deed beneficiaries or mortgagees of record, must join in any Contracts.

DESCRIPTION OF LAND AND INCOME

LAND CLASS	CROP OR USE	LAND CAPABILITY CLASSIFICATION	ACREAGE
PRIME AGRICULTURAL LAND ($200/ac. gross or more)			
PRIME AGRICULTURAL LAND (less than $200/ac. gross)			
OPEN SPACE LANDS			
TOTAL ACREAGE			

Annual Gross Agricultural Income: _____
(highest 3 of last 5 years)

Do you have plans for more intensive agricultural use of your property? _____

Proposed crop type(s) and acreage(s): _____

How many acres of your property could be irrigated with locally available water resources? _____

Click here to view image.

I understand that this Agricultural Preserve request also constitutes a request for appropriate agricultural zoning, which will be processed subsequent to the Agricultural Preserve request as needed.

Your favorable consideration of my request will be appreciated.

VERIFICATION:

I hereby certify that the petitioners listed above are the owners of property affected by the requested preserve and zoning and certify under penalty of perjury that all statements in this application are true and correct. *I am one of the petitioners listed above.*

_____ ..... _____
Signature ..... Date

AGRICULTURAL PRESERVE ESTABLISHMENT AND CONTRACT FILING FEE PAID

_____ _____ _____
(date) (receipt no.) (received by)

NOTE:
Please retain one completed application. After the Board of Supervisors approves establishment of your agricultural preserve, complete the section below the dotted line and return the application with a completed standard form Agricultural Preserve contract and a title company lot book report. Standard form Agricultural Preserve contracts are provided and processed by the Planning Department.

_____

APPLICATION FOR CONTRACT

I hereby request that the processing to place the property described under Agricultural Preserve contract be completed.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART IV. FORMS
A. Agricultural Preserves
1. Establishing Agricultural Preserves

12-28D California Legal Forms--Transaction Guide § 28D.201

§ 28D.201 Resolution to Establish Agricultural Preserve [Gov. Code §§ 51230, 51237]

[1] Comment--Use of Form

This form, adapted from the form used in San Luis Obispo County, illustrates a simple form of resolution establishing an agricultural preserve. To establish an agricultural preserve, a city or county must comply with the notice requirements [*see Gov. Code §§ 6061, 51230*; *see also § 28D.120*], hold a public hearing, and adopt a resolution establishing the preserve [*see Gov. Code § 51230*]. The resolution must include a finding on whether the proposed agricultural preserve is consistent with the local general plan [*see Gov. Code § 51234*].

This form states the Williamson Act requirements and the board of supervisors' compliance, recites the findings of the board of supervisors, states the required minimum parcel size, and identifies and establishes the preserve. Some localities provide a more detailed resolution, setting forth procedures and compatible uses in the resolution itself.

When an agricultural preserve is established, the city or county must file the resolution and a map of the agricultural preserve with the county recorder [*Gov. Code § 51237*].

[2] FORM

Resolution to Establish Agricultural Preserve [Gov. Code §§ 51230, 51237]

IN THE BOARD OF SUPERVISORS
County of _____, State of California

Date: _____

RESOLUTION NO. _____
RESOLUTION ESTABLISHING AN AGRICULTURAL PRESERVE PURSUANT TO THE CALIFORNIA LAND CONSERVATION ACT OF 1965

The following resolution is hereby offered and read:

WHEREAS, *Section 51230 of the Government Code* of the State of California provides that this Board of Supervisors may, by resolution, establish an agricultural preserve after a public hearing is held and after notice of hearing has been published pursuant to *Government Code Section 6061*; and

WHEREAS, the County of _____ has a General Plan; and

WHEREAS, *Government Code Section 51233* provides that two weeks' written notice of the public hearing shall be given to the Local Agency Formation Commission and to every city within one mile of the exterior boundaries of the preserve; and

WHEREAS, a public hearing has been held to consider the establishment of an Agricultural Preserve (File No. _____) for the real property situated in the County of _____, State of California, and more particularly described in Exhibit "A," attached to and by this reference incorporated in this resolution; and

WHEREAS, notice of hearing has been published and written notice of hearing given as required by *Government Code Sections 51230* and *51233*.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED by the Board of Supervisors of the County of _____, State of California, as follows:

1. This board finds that:

(a) Having received and reviewed the report of the Planning Commission as to the request to establish this preserve, the establishment of this preserve is consistent with the General Plan of the County of _____, State of California.

(b) The area described in Exhibit "A" will qualify for an Agricultural Preserve contract for _____ [*number, no fewer than 10*] years.

(c) A public hearing has been held pursuant to *Section 51230 of the Government Code* of the State of California after publication of notice and after giving written notice as required by *Sections 51230* and *51233 of the Government Code* of the State of California.

2. The area described in Exhibit "A" is hereby designated Agricultural Preserve No. _____. The appropriate minimum parcel size in Agricultural Preserve No. _____ is to be _____ acres.

On motion of Supervisor _____[*name of supervisor*], seconded by Supervisor _____[*name of supervisor*], and on the following roll call vote, to wit:

Ayes:	_____
Nays:	_____
Absent:	_____
Abstaining:	_____

This resolution is hereby

adopted.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART IV. FORMS
A. Agricultural Preserves
1. Establishing Agricultural Preserves

12-28D California Legal Forms--Transaction Guide § 28D.202

§ 28D.202 Consent to Establish Agricultural Preserve

[1] Comment--Use of Form

This form is for use by a landowner seeking to establish an agricultural preserve to obtain the consent of contiguous property owners to the establishment of the preserve. In general, an agricultural preserve must generally consist of at least 100 acres [*Gov. Code § 51230*]; however, smaller preserves may be established under certain circumstances [*see Gov. Code § 51230*; *see also § 28D.11[1][b]*]. To meet the acreage requirement, two or more parcels of land that are contiguous or under common ownership may be combined [*Gov. Code § 51230*]. When the requirement of 100 acres must be met, the landowner with a smaller parcel must obtain the consent of contiguous property owners to similarly restrict use of their land so that the preserve will contain at least 100 acres [*see Gov. Code § 51230*].

This form, adapted from the form used by Fresno County, has the effect of permitting the owner of contiguous property to place his or her land in an agricultural preserve without entering into a land conservation contract [*see §§ 28D.13, 28D.120[2], 28D.210, 28D.211*]. However, the owner of the contiguous property may elect to enter into a land conservation contract. In that case, the city or county must offer a similar contract to that used for the landowner initiating the preserve [*see Gov. Code § 51241*]. If any land inside an agricultural preserve is not subject to a Williamson Act contract, its use must be restricted by zoning, including appropriate minimum parcel sizes that are at a minimum consistent with the Government Code provisions concerning agricultural land, so as not to be incompatible with the agricultural use of the land that is under contract [*Gov. Code § 51230*]. The failure by a city or county to restrict the use of land not under contract that is within a preserve is not a sufficient reason to cancel or invalidate any contract on land within the preserve [*Gov. Code § 51230*; *see §§ 28D.12[2], 28D.13*].

2. Land Conservation (Williamson Act) Contract

12-28D California Legal Forms--Transaction Guide § 28D.210

§ 28D.210 Land Conservation Contract [Gov. Code §§ 51240-51255]

[1] Comment

[a] Use of Form

This form is a land conservation contract, also referred to as a Williamson Act contract, for use by a municipality and an owner of land within an established agricultural preserve to enter into a contract restricting the use of the land for the purpose of preserving the land in accordance with the Williamson Act. Land that is restricted by a Williamson Act contract is entitled to special valuation methods for property tax purposes; land that is in the agricultural preserve but not under contract is not entitled to the same treatment [*see Rev. & Tax. Code §§ 421-430.5*; *see also Rev. & Tax. Code § 402.1*; §§ 28D.50, 28D.51].

This form is a short form of contract adapted from the form used by Marin County. Some counties use an even shorter contract form, which reduces the recording costs associated with a long agreement. For example, a county might use a very short contract form that simply incorporates by reference the previously recorded resolution of the board of supervisors [*see § 28D.201*], which includes the applicable restrictions and conditions.

Once a contract is entered into with any landowner, the governing locality must offer contracts with similar terms to every other owner of land within the same preserve. The contracts need not be identical, except as required by the Williamson Act, as long as any differences are related to the location and characteristics of the land and are pursuant to the uniform rules adopted by the locality [*Gov. Code § 51241*].

For more information on Williamson Act land conservation contracts, see *Sections 28D.13, 28D.120[2]*.

[b] Required Provisions

Land subject to a Williamson Act contract must be devoted to agricultural use and must be within a designated agricultural preserve [*Gov. Code § 51242*]. Every land conservation contract must prohibit any use that is not

agricultural or compatible with agricultural uses [*Gov. Code § 51243*]. The city or county may require terms that are more restrictive than or in addition to those required by the Williamson Act [*Gov. Code § 51240*].

Every contract must be for an initial term of at least 10 years [*Gov. Code § 51244*]. In addition, every contract must provide for the automatic addition of one year to the term of the contract on the anniversary date of the contract, or on some other annual date specified in the contract, unless one of the parties gives a notice of nonrenewal [*Gov. Code § 51244*; *see Gov. Code § 51244.5*; *see also §§ 28D.14 [1], 28D.220*]. The contract must be binding on and inure to the benefit of all successors in interest of the landowner [*Gov. Code § 51243*].

[2] FORM

Land Conservation Contract [Gov. Code §§ 51240-51255]

LAND CONSERVATION CONTRACT

THIS CONTRACT, made and entered into this _____[*date*], by and between _____[*name of property owner or owners*] (referred to as Owner in this contract) and _____[*name of city or county*], a political subdivision of the State of California (referred to as _____[City *or* County] in this contract):

Recitals

1. Owner possesses certain real property (referred to as the Property in this contract) located within _____[City *or* County], which is currently devoted to agricultural use and is generally described as follows: _____[*insert legal description*], Assessor's Parcel Number _____.

2. The Property is situated within an agricultural preserve established by _____[City *or* County].

3. Both Owner and _____[City *or* County] desire to limit the use of the Property to agricultural purposes (or uses compatible with agricultural purposes) in order to discourage premature and unnecessary conversion of the Property to urban use, recognizing that the Property has substantial public value as open space and that the preservation of the Property in agricultural production constitutes an important physical, social, aesthetic, and economic asset to _____[City *or* County].

THEREFORE, the parties, in consideration of the mutual covenants and conditions set forth in this contract and the substantial public benefits to be derived from this contract, agree as follows:

Williamson Act

1. This contract is made and entered into pursuant to the provisions of the Williamson Act, appearing at Division 1, Title 5, Chapter 7 (commencing with *Section 51200) of the Government Code* of California, and is subject to all of the provisions of that act.

Agricultural Use Restriction

2. During the term of the contract, the Property shall not be used for any purpose other than (1) the production of agricultural commodities for commercial purposes, (2) uses within the purview of *Government Code Section 51205*, or *(3)* other uses that are determined by _____[County *or* City] to be compatible with agricultural uses. No structures will be erected on the Property except those structures that are directly related to and compatible with the uses allowed in this contract.

Condemnation

3. If any action in eminent domain for the condemnation of any land described in this contract is filed after the execution of this contract, or if any portion of the Property is acquired in lieu of condemnation, the provisions of *Section 51295 of the Government Code* apply.

Term and Renewal of Contract

4. This contract is effective commencing on _____[*date*], and will remain in effect for a period of _____[*number, no fewer than 10*] years from that date. Each year, on _____[the anniversary date of this contract *or specify other date*], one year will be automatically added to the initial term, unless notice of nonrenewal is given as provided in *Section 51245 of the Government Code*.

No Compensation

5. Owner shall not receive any payment from _____[City *or* County] in consideration of the obligations imposed by this contract. The parties recognize and agree that the consideration for the execution of this contract is the substantial public benefit to be derived from this contract and the advantage that will accrue to Owner as a result of any reduction in the assessed value of the Property due to the imposition of the limitations on its use contained in this contract.

Cancellation

6. This contract may not be terminated or cancelled by either party except in the manner provided in *Sections 51280 through 51287 of the Government Code*.

Contract Runs With Land

7. This contract runs with the land described as the Property in this contract and is binding on the heirs, successors, and assigns of the parties.

IN WITNESS WHEREOF, the parties have executed this contract on the date written above.

PART IV. FORMS
A. Agricultural Preserves
2. Land Conservation (Williamson Act) Contract

12-28D California Legal Forms--Transaction Guide § 28D.211

§ 28D.211 Amendment to Land Conservation Contract

[1] Comment--Use of Form

This form, adapted from a form used by San Diego County, is for use by the landowner or the municipality in adopting amendments to an existing land conservation contract. The form as illustrated is for use in changing the minimum parcel size; however, the form may be adapted for purposes of other amendments as well.

Although the Williamson Act does not expressly provide for amendments to land conservation contracts, several localities have adopted forms to enable landowners and governing municipalities to amend the contract. When the amendment alters the boundaries of the existing preserve, the same procedures must be followed as those required for establishing a preserve [*see § 28D.11 [2]*], including referral to the local planning agency and a noticed public hearing, with additional notice requirements imposed on the municipality [*Gov. Code §§ 51231, 51232*; *see §§ 28D.11[2], 28D.132*].

[2] FORM

Amendment to Land Conservation Contract

AMENDMENT TO LAND CONSERVATION CONTRACT

Agricultural Preserve Number _____

THIS AMENDMENT, made and entered into on _____[*date*], by and between _____[*name of owner*] "Owner," and _____[*name of county or city*, a political subdivision of the State of California, _____ ["County" *or* "City"]:

WITNESS:

WHEREAS, ON _____[*date*], Owner and _____[County *or* City] entered into Land Conservation Contract No. _____, referred to as "Contract"; and

WHEREAS, The Contract provides that _____[*specify provision, e.g.,* the premises cannot be divided so as to create a parcel of land having an area of less than _____ acres]; and

WHEREAS, _____[*describe the general policy of the city or county on subject of amendment, e.g.,* the minimum parcel size is prescribed by the Board of Supervisors' Policy No. _____ and varies depending on the various agricultural activities authorized to be conducted in the agricultural preserve]; and

WHEREAS, the Owner requests _____[*specify requested amendment, e.g.,* a reduction in the parcel size allowed under the contract but not below the minimum parcel size prescribed by Board Policy No. _____ for the particular agricultural activities authorized in this agricultural preserve];

NOW, THEREFORE, THE PARTIES AGREE TO AMEND SECTION(S) OF EXHIBIT _____ OF LAND CONSERVATION CONTRACT _____ TO READ AS FOLLOWS:

_____[*Specify, e.g.,* The premises subject to this Contract may not be divided to create a parcel of land having an area of less than _____ acres. This restriction will not be construed to prohibit the owner of premises having an area of more than _____ acres (referred to as "Grantor") from conveying to the owner of contiguous premises subject to a contract of equal or longer unexpired term a parcel containing less than _____ acres for the purpose of enlarging the contiguous premises where the remainder of the Grantor's premises after the conveyance has an area of not less than _____ acres.]

All other provisions of the Contract remain in full force and effect.

IN WITNESS WHEREOF, the Owner and the _____[County *or* City] have executed this Amendment on the date written above.

_____
Owner

_____ [*name of city or county*]

3. Termination of Land Conservation Contract

12-28D California Legal Forms--Transaction Guide § 28D.220

§ 28D.220 Notice of Nonrenewal of Land Conservation Contract [Gov. Code §§ 51245, 51246]

[1] Comment

[a] Use of Form

This form is a notice of nonrenewal for use by a landowner to notify the city or county of his or her intent not to renew a land conservation contract. Several localities do not use a standardized notice of nonrenewal form and will, instead, accept a letter from the landowner stating his or her intent not to renew the land conservation contract. This form, provided by San Diego County, may be used as a model for drafting a letter of nonrenewal.

Any of the parties to a land conservation contract may serve a notice of nonrenewal on all of the land subject to the contract [*Gov. Code § 51245(a)*]. With authorization by the county or city, a landowner may serve a nonrenewal notice on only a portion of the land covered by the contract [*see Gov. Code § 51245(b)*]. This form is for use when the notice of nonrenewal applies to all of the land under contract. For a form of partial nonrenewal, see *§ 28D.221*.

A landowner must give a notice of nonrenewal at least 90 days before the renewal date of the contract. If the notice of nonrenewal is given by the county or city, it must be given at least 60 days before the renewal date of the contract [*Gov. Code § 51245*].

For further discussion and a detailed guide to the nonrenewal procedures, see *§§ 28D.14[1], 28D.130[1]*.

[b] Effect of Notice of Nonrenewal

The notice of nonrenewal effectively stops the contract from annually automatically renewing itself and adding an additional year to its term. It does not immediately terminate the contract. The contract terminates at the end of the balance of the time period remaining on the contract, usually nine years [*see Gov. Code § 51246(a)*; *see § 28D.14[1]*].

Once the landowner has served a notice of nonrenewal, taxes on the contracted land gradually return to the level of

taxes on comparable nonrestricted property as the contract draws nearer to expiration [*Rev. & Tax. Code § 426*; *see Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 853, 171 Cal. Rptr. 619, 623 P.2d 180]* . For a further explanation of the effect a notice of nonrenewal has on property taxes, see *§ 28D.53*.

[c] Cancellation and New Contract Designating Farmland Security Zone

A landowner or group of landowners may petition to rescind a contract or contracts entered into pursuant to the Williamson Act [*Gov. Code § 51200 et seq.*] in order to simultaneously place the land subject to that contract or those contracts under a new contract designating the property as a farmland security zone [*Gov. Code § 51296.1*; *see Gov. Code § 51296*]. Only land that is designated on the Important Farmland Series maps or that is defined as predominantly prime agricultural land is eligible for this designation [*Gov. Code § 51296.8*; *see Gov. Code § 51201(c)* (definition of prime agricultural land)]. Statutory provisions specify all of the requirements for the creation of a farmland security zone, including the petition process, as well as limitations with regard to matters such as annexation, special districts, and school districts [*see Gov. Code §§ 51296.1(a)-(e), 51296.3-51297.3*.].

A petition for cancellation of a farmland security zone contract may be filed only by the landowner with the city or county within which the contracted land is located. The city or county may grant a petition only in accordance with specified procedures [*see Gov. Code § 51280 et seq.*] and only if all of the following requirements are met [*Gov. Code § 51297*]:

- The city or county must make required specific findings [*see Gov. Code § 51282(a)(1), (2), (b)-(e)*] or instead must make a finding that no authorized use may be made of a remnant contract parcel of five acres or less left by public acquisition pursuant to *Gov. Code § 51295*.

- Prior to issuing tentative approval of the cancellation of the contract, the board or council must determine and certify to the county auditor the amount of the cancellation fee that the landowner will be required to pay the county treasurer on cancellation of the contract. The cancellation fee must equal 25 percent of the cancellation valuation of the property.

- In its resolutions tentatively approving cancellation of the contract, the city or county must find that (1) no beneficial public purpose would be served by the continuation of the contract, (2) the uneconomic nature of the agricultural use is primarily attributable to circumstances beyond the control of the landowner and the local government, and (3) the landowner has paid a cancellation fee equal to 25 percent of the cancellation valuation computed in accordance with *Gov. Code § 51283(b)*.

- The Director of Conservation must approve the cancellation after reviewing the record of tentative cancellation, or the director must find that (1) there is substantial evidence in the record supporting the decision, and (2) no beneficial public purpose would be served by the continuation of the contract.

Nothing in these provisions would limit the authority of a board to rescind a portion or portions of the Williamson Act contract or contracts for the purpose of immediately enrolling the land in a farmland security zone contract, as long as the remaining land was retained in a Williamson Act contract and the board determined that its action would improve the conservation of agricultural land in the county where the rescission occurs [*Gov. Code § 51297.4*]. In any case, the creation of multiple contracts does not constitute a subdivision of the land [*Gov. Code § 51297.4*].

Land within a designated farmland security zone is eligible for property tax valuation pursuant to *Rev. & Tax. Code § 423.4*, which requires the land to valued for assessment purposes at 65 percent of the value under *Rev. & Tax. Code § 423* or *Rev. & Tax. Code § 110.1*, whichever is lower. In addition, notwithstanding any other provision of law, any special tax approved by the voters after 1998 for urban-related services on the land or any living improvement must be levied at a reduced rate unless the tax directly benefits the land or the living improvements [*Gov. Code § 51296.2*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART IV. FORMS
A. Agricultural Preserves
3. Termination of Land Conservation Contract

12-28D California Legal Forms--Transaction Guide § 28D.221

§ 28D.221 Notice of Partial Nonrenewal of Land Conservation Contract [Gov. Code §§ 51245, 51246]

[1] Comment--Use of Form

This form, based on a form provided by San Luis Obispo County, is for use by a landowner to serve notice of nonrenewal of his or her Williamson Act contract as to only a portion of the land under contract. For a form of notice of nonrenewal covering the entire portion of land subject to contract, see *§ 28D.220[2]*.

A city or county is authorized to permit the landowner, on request, to give a notice of nonrenewal on only a portion of the land under contract [*Gov. Code § 51245(b)*]. Landowners should be aware that the portion of the property remaining under contract must conform to the existing legal parcels and minimum parcel standards applied by the locality to the preserve.

Most localities require that each owner sign the notice, and some also require each signature to be notarized. Counsel is advised to consult with the locality to ensure compliance with applicable rules.

For further discussion of the procedure and effect of nonrenewal, see *§§ 28D.14[1]*, *28D.130[1]*, and *28D.220[1]*.

3. Termination of Land Conservation Contract

12-28D California Legal Forms--Transaction Guide § 28D.222

§ 28D.222 Petition for Cancellation of Land Conservation Contract [Gov. Code §§ 51280-51287]--Letter Form

[1] Comment

[a] Use of Form

This form is a letter for use as a petition to cancel a land conservation contract [*see Gov. Code § 51282*; *see also Gov. Code §§ 51280-51287*]. Cancellation is the termination procedure to be used in an emergency or extraordinary situation when the public interest no longer dictates that the contract be continued [*Sierra Club v. City of Hayward (1981) 28 Cal. 3d 840, 852-853, 171 Cal. Rptr. 619, 623 P.2d 180]* . Many cities and counties do not provide form petitions, and instead accept letters that set forth the required information. Some counties require both a petition form [*see § 28D.223*] and an accompanying letter.

This form is designed for use by an attorney representing a landowner. However, there is no requirement that it be submitted by an attorney, and the letter may be signed by the landowner or by another agent on his or her behalf.

The form refers to an attestation by the landowner client as to the truth of the information provided in the letter. Many cities and counties require this type of declaration. For a form of declaration that may be adapted for use with this letter, see *§ 28D.223[2]*.

For a detailed discussion of cancellation, see *§ 28D.14[2]*. For a guide to cancellation procedures, see *§ 28D.130[2]*.

[b] Required Information

A landowner may petition for cancellation of a land conservation contract as to all or any part of the subject land [*Gov. Code § 51282(a)*]. Most cities and counties require that a cancellation petition fully describe the contracted land that will be freed from the contractual restrictions, and state the names and addresses of all of the affected landowners.

The petition must be accompanied by or include a proposal for a specified alternative use of the land. The proposal must

list the governmental agencies known by the landowner to have permit authority related to the proposed alternative use. Further, the proposal must provide sufficiently specific information on the proposed alternative use to permit the board of supervisors or city council to make the required findings [*Gov. Code § 51282(e)*].

Landowners planning projects that require environmental impact reports under the California Environmental Quality Act [*see Pub. Res. Code § 21000 et seq.*] generally submit the report as part of the proposal for a specified alternative use. For further discussion of the California Environmental Quality Act, see California Environmental Law and Land Use Practice, Chs. 20- 23 (Matthew Bender).

[c] Hearing and Fees

The city or county may require the payment of a reasonable application fee at the time that a cancellation petition is filed [*Gov. Code § 51281.1*]. Once the petition is filed, the city or county must give notice of, and hold, a public hearing [*Gov. Code § 51284*].

To approve a request for cancellation, the governing body must make one of the following two required findings [*Gov. Code § 51282(a)*; *see Gov. Code § 51282(c)*]: (1) cancellation is consistent with the purposes of the Williamson Act; or (2) cancellation is in the public interest. For a detailed discussion of the elements of each of these required findings, see *§§ 28D.14[2][b]* and *28D.130[2]*. If cancellation is approved, the landowner is generally required to pay, within one year from the date of the recording of the certificate of tentative cancellation [*see Gov. Code § 51283.4*], a cancellation fee equal to 121/2 percent of the fair market value of the property, valued as if it were free of the contractual restriction [*see Gov. Code § 51283*; *see also § 28D.14[2][f]*]. Under some circumstances, the city or county may waive or extend the time to pay the fee [*see Gov. Code § 51283(c)*; *see § 28D.14[2][f][ii]*]. In any case, the legislature intended that fees paid to cancel a contract would not constitute taxes but would be payments that, when made, provide a private benefit that tends to increase the value of the property [*Gov. Code § 51283(f)*].

Re: Request for cancellation of Land Conservation
Contract No. _____
Dear Sir or Madam:

On behalf of my client, _____[*name of landowner*], owner of the property described below, I request the cancellation of Land Conservation Contract No. _____, entered into between _____[*name of city or county*] and _____[*name of landowner or landowners who entered into contract*] on _____[*date of contract*] as it applies to the property described below, which constitutes _____[all *or* a portion of] the land described in that contract. This request is made pursuant to *Government Code Sections 51280-51287*.

The subject property is within Agricultural Preserve No. _____. The legal description of the subject property is _____[*give legal description or* attached as Attachment _____]. It is located at _____[*state street address or describe location, e.g.,* the southeast side of the agricultural

preserve, situated between Oak Street on the north, Magnolia Street on the south, Elm Street on the east, and Pine Street on the west]. The Assessor's Parcel Number is _____. The subject property includes _____[*specify number*] parcels of _____ acres each.

The subject property is currently used for _____[*describe current use, e.g.,* production of dairy products for commercial purposes]. During the past five years, the subject land has been _____[*describe past uses, e.g.,* used as a dairy farm and also for the growth and production of corn and alfalfa crops]. Existing on the property currently are the following structures: _____[*describe existing structures, e.g.,* one barn, one residence, one chicken coop].

[*If appropriate, add:*]

Adjacent lands are used in a manner that conflicts with the existing agricultural operations in the following manner: _____[*explain uses of surrounding property and impact of those uses on agricultural use of subject property*].

[*Continue with the following:*]

The proposed alternative use for the subject property is _____[*describe proposed project or development, e.g.,* the development of the subject property into light industrial, research and development buildings, warehouses, and mixed uses]. The development _____[will *or* will not] include subdividing the land [*add, if land will be subdivided:* into _____ lots of _____ (*specify size of lots*)]. Access into the proposed development will be by _____[*describe proposed access*]. Construction of the development is proposed to begin on _____[*date*] and to be completed by _____[*date*]. Enclosed as Attachment _____ is the following: _____[*list and enclose any reports, plans, maps, or other documents, including environmental impact reports, that describe proposed project*].

The following permits _____[will be required *or* have been applied for]: _____[*list required permits and government agencies having authority over permits*].

[*Choose one of the following paragraphs:*]

The _____[board of supervisors *or* city council] may find that cancellation is consistent with the purposes of the Williamson Act in that:

(1) A notice of nonrenewal concerning the subject property was given on _____ [*date*].

(2) Cancellation is not likely to result in the removal of adjacent lands from agricultural use because _____ [*give reasons, e.g.,* the adjacent lands are currently used for light industrial and residential purposes].

(3) The proposed alternative use is consistent with the applicable provisions of the General Plan of _____ [*name of city or county*] in that _____ [*specify reasons, e.g.,* the General Plan calls for industrial development or agricultural use of the subject property].

(4) Cancellation will not result in discontiguous patterns of urban development because

_____ [*give reasons, e.g.,* all of the property surrounding the subject property is currently used for the same industrial purpose as that proposed for the subject property].

(5) _____ [There is no proximate noncontracted land available and suitable for the proposed alternative use because _____ (*specify reasons*) *or* Development of the subject property would provide more contiguous patterns of urban development than development of proximate noncontracted land because _____ (*specify reasons*)].

[*OR*]

The _____[board of supervisors *or* city council] may find that cancellation is in the public interest in that:

(1) Other public concerns substantially outweigh the objectives of the Williamson Act in that _____ [*set forth reasons, e.g.,* (a) early termination of the contract will help to prevent leapfrog development or relieve pressures for urban expansion and conversion of agricultural land in the surrounding rural areas by providing land for more orderly, compact, and timely development within the community; (b) the site has insignificant value to the public as agricultural land because of its small size, nonprime soils, the discontinuation of greenhouse operations that originally qualified the site for the agricultural preserve program, location within an urban area and the clearly destined use of the site for urban development; and (c) the site has no significant open space value because of its similarity to other land within the area and the much greater open space value of rural lands surrounding the area].

(2) _____ [There is no proximate noncontracted land available and suitable for the proposed alternative use because _____ (*specify reasons*) *or* Development of the subject property would provide more contiguous patterns of urban development than development of proximate noncontracted land because _____ (*specify reasons*)].

[*Continue with the following:*]

Enclosed as Attachment _____ please find a declaration, signed by all of the persons having an interest in the subject property, attesting to the information provided in this letter.

Thank you for your attention and cooperation. My client and I look forward to a favorable resolution of this matter.

Yours truly,

_____ [*signature*]
[*typed name*]
Attorney for _____ [*name of client*]

12-28D California Legal Forms--Transaction Guide § 28D.223

§ 28D.223 Petition for Cancellation of Land Conservation Contract--Standardized Form

[1] Comment--Use of Form

This form is a standardized application form adopted by San Luis Obispo County for use by a landowner applying for cancellation of a land conservation contract. The form sets forth identifying information about the property, the past and existing uses, and about proposed alternative uses of the land. It does not include all of the information required by statute to be included in a petition for cancellation. It is designed to be accompanied by a letter and maps fully describing the proposed alternative use of the land and setting forth the justification for cancellation that would support the findings required by the Williamson Act [*see Gov. Code § 51282*].

Many localities do not use standard cancellation forms and instead accept letters drafted with the required information. For a discussion of the required information and a sample form of cancellation letter, which may be adapted for use as a letter to accompany the form petition, see *Section 28D.222*.

For further information on cancellation, see *Sections 28D.14 [2], 28D.130[2], 28D.222[1]*.

Agricultural Preserve Contract Cancellation

San Luis Obispo County Planning Department
File No. _____
_____

Please complete this form accurately and legibly. Attach additional sheets if necessary.

APPLICANT INFORMATION

Applicant Name _____ Daytime Phone _____

Mailing Address _____ Zip _____

Landowner Name _____ Daytime Phone _____

Mailing Address _____ Zip _____

Names of Owners Under Original Contract _____

PROPERTY INFORMATION

Agricultural Preserve Area and Number _____

Contract Recording Data:

Volume _____ Page _____ Date _____

Cancellation Request applies to all _____ or a portion _____ of the contracted property.

Assessor Parcel Number(s) _____ .....Parcel Size _____

Legal Description:
Lot _____ Block _____
Tract _____ Section _____
Township _____ Range _____
Parcel Map Number _____

Site Location (if no street address, describe first with name of road providing access to the site, then nearest roads, landmarks): _____
_____

PAST AND EXISTING LAND USES

1. EXISTING USE: What is present use of the property? _____

2. FORMER AGRICULTURAL USES: List agricultural uses of the property during the past five years: _____
If farmed, specify crops and acreages: _____

3. EXISTING STRUCTURES: List existing structures, improvements and vegetation on the property:

_____

4. EXISTING PARCELS: List the number of lots and their sizes that make up the agricultural preserve proposed for cancellation: _____

5. ADJACENT LAND USES: Do adjacent land uses conflict with existing agricultural operations? Yes _____
No _____ If yes, explain: _____
_____

PROPOSED ALTERNATE USE OF THE PROPERTY

1. PROPOSED USE: What is the proposed development and/or land use? If residential, how many units? _____

2. LAND DIVISION: Does the proposed use involve land division? Yes _____ No _____ If yes, list the number and sizes of lots proposed: _____

3. ACCESS: Describe the proposed access to the development: _____

4. PHASING: Explain the proposed phasing schedule if development or alternate use is proposed to occur in phases: _____

ATTACHMENTS

This application must be accompanied by a letter and maps fully describing the proposed alternative use of the land. The letter should also include justification for your cancellation request according to the state-required findings for approval. State law allows the Board of Supervisors to approve cancellation only if it makes all the findings under one of the following two alternative sets of findings:

Alternative A:

1. A notice of nonrenewal has been served.

2. Cancellation is not likely to result in the removal of adjacent lands from agricultural use.

3. The alternative use is consistent with the local general plan.

4. Cancellation will not result in discontiguous patterns of urban development.

5. There is "no proximate noncontracted land" which is both available and suitable for the specified use, or that development of the contracted land would provide more contiguous patterns of urban development than development of proximate noncontracted land, which is sufficiently close to the contracted land that it can serve as a practical alternative for the use which is proposed for the contracted land (*Government Code Section 51282(b)(5)*).

Alternative B:

1. Other public concerns substantially outweigh the objectives of the Williamson Act.

2. There is no proximate noncontracted land which is both available and suitable for the specified use or that

development would provide more contiguous patterns of development than development of proximate noncontracted land (*Government Code Section 51282(c)*).

§ 28D.224 Certificate of Tentative Cancellation of Land Con servation Contract [Gov. Code §§ 51282, 51283.4]

[1] Comment

[a] Use of Form

This form is a certificate of tentative cancellation, adapted from the form used by San Luis Obispo County. It illustrates the certificate that is issued after a petition for cancellation has been tentatively approved and before the conditions and contingencies have been fulfilled. In addition to the mandatory provisions [*see* [b], *below*], the form includes several optional conditions and contingencies that illustrate the types of additional requirements that a board or council might impose.

The board or council may grant tentative approval only after making one of the findings required by the Williamson Act [*see Gov. Code § 51282(a)*; *see also §§ 28D.14[2][b], 28D.130 [2], 28D.222[1][b]*], and determining the amount of the cancellation fee [*see Gov. Code § 51283*; *see also § 28D.14[2][f]*]. After tentative approval of a cancellation petition, the clerk of the board or council must record a certificate of tentative cancellation in the office of the county recorder. For further information on cancellation, see *Sections 28D.14 [2], 28D.130[2], 28D.222[1]*.

[b] Information Required in Certificate

A certificate of tentative cancellation must state the name of the landowner requesting the cancellation, a description of the conditions and contingencies that the landowner must satisfy to obtain final cancellation, and the fact that a certificate of cancellation of the contract will be issued and recorded when the conditions and contingencies are met [*Gov. Code § 51283.4*; *see also § 28D.14[2][e]*]. The conditions to be satisfied must include the payment in full of the cancellation fee. Further, the certificate must state that the fee must be paid or a certificate of cancellation issued within one year of the recording date of the tentative cancellation certificate, or the fee will be recomputed as of the date of the notice described in *Gov. Code § 51283.4(b)* [*see § 28D.14[2][g]*] or the date the landowner requests a recomputation [*Gov. Code § 51283.4(a), (b)*].

The stated conditions and contingencies also must include the requirement that the landowner obtain all permits necessary to start the project [*Gov. Code § 51283.4(a)*]. For further discussion, including information on obtaining a waiver of the cancellation fee, see *§§ 28D.14[e], [f], 28D.130[2]*.

[2] FORM

Certificate of Tentative Cancellation of Land Conservation Contract [Gov. Code §§ 51282, 51283.4]

RECORDING REQUESTED BY:
County of _____
WHEN RECORDED MAIL TO:
Clerk, _____[Board of Supervisors *or* City Council]
_____[*address*]

Re: Assessor's Parcel No. _____

CERTIFICATE OF TENTATIVE CANCELLATION OF
LAND CONSERVATION CONTRACT

NOTICE IS HEREBY GIVEN that _____[*name of owner(s*)], current [owner *or* owners] of the land described in Land Conservation Contract No. _____, by and between _____[*name of owner(s) who signed contract*] and _____[*city or county*], recorded on _____[*date*], as Document No. _____ in Book _____, Pages _____ through _____ of the Official Records of _____[*city or county*], _____[has *or* have] been granted tentative approval for cancellation.

A certificate of cancellation of contract for this parcel of land will be issued and recorded only if the following conditions are satisfied:

(1) Payment of the cancellation fee to the _____ [*specify, e.g.*, county treasury *or* city treasury] in the amount of $_____, as determined pursuant to *California Government Code Section 51283*. Unless the fee is paid or a certificate of cancellation of contract is issued within one year of the date of the recording of this certificate of tentative cancellation, the cancellation fee shall be recomputed as of the date of the notice described in *Government Code Section 51283.4(b)* or the date the landowner requests a recomputation pursuant to *Government Code Section 51283.4(a)*.

(2) The landowner must obtain all discretionary and ministerial permits needed to begin the project, including, if applicable, reclassification of the property to an appropriate zoning district, and tentative and final subdivision maps within one year of the recording of this tentative cancellation.

[*Include optional conditions or contingencies as appropriate:*]

(3) A showing must be made that water and sewage disposal are available, either by a letter from the _____ [*name of city or county*] or by a letter from the Health Department; the letter must state that there are adequate wells on the property to serve employee needs and that septic tanks will be adequate for sewage disposal.

(4) The subdivision of property will be limited to a minimum parcel size of _____ acres unless and until public sewer and water utilities are extended to the property.

(5) Any individual sewage disposal system must be approved in addition by _____ [*name of appropriate city or county departments*] to ensure that the intensity of use is consistent with the policies of _____ [*name of department*].

(6) The landowner must bind _____ [himself *or* herself] and _____ [his *or* her] successors in interest not to oppose timely annexation to the _____ [*name of appropriate city*] by a recorded document that runs with the land and is acceptable to the County Counsel.

(7) If sewer and water lines are not extended to the property before the development, the landowner must bind _____ [himself *or* herself] and _____ [his *or* her] successors in interest to agree to participate in an assessment district or similar mechanism for the extension of water and sewer lines when the district is formed with costs limited to its pro rata share.

(8) The landowner must comply with the provisions of *Government Code Section 51282(b)(1)* by serving notice of nonrenewal on subject property pursuant to *Government Code Section 51245*.

[*Continue with the following:*]

IN WITNESS WHEREOF, this certificate of tentative cancellation of land conservation contract is hereby approved and executed on _____[*date*].

B. Open-Space Easements

12-28D California Legal Forms--Transaction Guide § 28D.230

§ 28D.230 Grant of Open-Space Easement [Gov. Code §§ 51075(d), 51080-51087]

[1] Comment

[a] Use of Form

This form is a grant of an open-space easement for use by an owner of open-space land to offer and grant an open-space easement on the land to a city, county, or nonprofit organization under the Open-Space Easement Act of 1974 [*see Gov. Code § 51070 et seq.*]. Most counties do not require an application or offer form, but instead will accept the instrument itself as an offer and will base their acceptance or refusal on the terms of the instrument.

An open-space easement constitutes a dedication to the public of the open-space character of the land for the term specified [*Gov. Code § 51081*]. Additionally, it entitles the landowner to certain property tax benefits [*see Rev. & Tax. Code §§ 402.1, 421-430.5*; *see also §§ 28D.50-28D.53*], and possibly to an income tax deduction as a charitable contribution [*see § 28D.30[4]*].

This form illustrates provisions commonly found in open-space easements. Instruments creating open-space easements must be tailored to each situation, because the provisions included in the grant depend on the individual characteristics of the land and the activities that will be allowed on the land. Additionally, localities may require provisions in addition to those required by the Open-Space Easement Act of 1974 that differ from those in other localities [*see Gov. Code § 51082*].

Before accepting a grant of an open-space easement, the city or county must find, by resolution, that the preservation of the land in issue as open space is consistent with the general plan of the city or county and is in the best interest of the city or county [*Gov. Code § 51084*]. For further discussion of open-space easements, see *§ 28D.30*. For a comparison of open-space and conservation easements, see *Section 28D.30[1][b]*. For a guide to procedures, see *Section 28D.121*.

[b] Required Provisions

An open-space easement must run in perpetuity or for a term of at least 10 years [*Gov. Code §§ 51075(d), 51081*]. If for

a term of years, the easement must provide for the automatic addition of one year to the term of the grant on a specified annual renewal date, unless a notice of nonrenewal [*see § 28D.231 [2]*] is given by the landowner, city, county, or nonprofit organization [*Gov. Code §§ 51081, 51091*].

The instrument creating the easement must impose restrictions on the use of the land that will preserve the natural or scenic character of the open-space land for public use or enjoyment [*Gov. Code § 51075(d)*]. The easement must contain a covenant, running with the land, with the city, county, or nonprofit organization that prohibits the landowner from permitting the construction of improvements. However, improvements for which the right to construct was expressly reserved, and that were determined to be consistent with the purposes of the Open-Space Easement Act, are permissible [Gov. Code § 51705(d)].

A city or county may require that the instrument creating the open-space easement contain any restrictions, conditions, or covenants necessary or desirable to maintain the natural or scenic character of the land, or to prevent any activity, use, or action that could impair the open-space character of the land [*Gov. Code § 51082*].

GRANT OF OPEN-SPACE EASEMENT

THIS GRANT DEED OF OPEN-SPACE EASEMENT is made on _____[*date*], by _____[*name of grantor or grantors*], having an address at _____[*address*] (called _____[Grantor *or* Grantors] in this grant), in favor of _____[*name of city, county, or nonprofit organization. If nonprofit organization, add:*, a nonprofit corporation qualified to do business in California, having an address at _____ (*address*)] (called Grantee in this grant).

Recitals

Description of Property

1. _____[Grantor *or* Grantors] _____[is *or* are] the sole _____[owner *or* owners] of the property that is the subject of this grant (called Subject Property in this grant), located in the County of _____, State of California, legally described as fully set forth in Exhibit A, which is attached to and made a part of this grant by reference. The Subject Property is delineated on the map or plat on file in the office of the Clerk of the _____[Board of Supervisors *or* City Council] of _____[*name of county or city*] as Map No. _____ and listed and described on Exhibit B, which is attached to and made a part of this grant by reference.

Conservation Values

2. The Subject Property possesses _____[*describe value of open-space property, e.g.,* natural *or* scenic *or* open-space *or* recreational *or* agricultural *or* wildlife *or* public safety and health] values. In particular, _____[*describe conservation values of property, e.g.*, the Subject Property, which exists in an essentially unimproved, natural state, harbors a diversity of plant and animal life in an unusually broad range of habitats for property of its size, including wetlands, nesting ledges, a fir forest, and open meadows, and is an active nesting territory for the endangered spotted owl]. The specific conservation values of the Subject Property are documented in an inventory of relevant features of the Subject Property, dated _____, which is attached as Exhibit C and made a part of this grant by reference. This inventory consists of _____[*specify, e.g.*, reports, maps, photographs, and other documentation that the parties to this grant deed agree provide, collectively, an accurate representation of the Subject Property at the time of this grant].

Intention of _____ [Grantor *or* Grantors]

3. It is the intention of _____[Grantor *or* Grantors] to grant to Grantee an open-space easement on, over, across, and under the Subject Property pursuant to the Open-Space Easement Act of 1974, appearing at Chapter 6.6 (commencing with *Section 51070) of Part 1, Division 1, Title 5 of the California Government Code*, whereby _____[Grantor relinquishes *or* Grantors relinquish] certain rights and _____[enters *or* enter] into certain covenants concerning the Subject Property, as more particularly set forth below.

Purpose of Easement

4. The purpose of this grant of an open-space easement in the Subject Property is to preserve the natural and scenic character of the property for public use and enjoyment.

[*If grantee is nonprofit organization, add:*]

Description of Grantee

5. Grantee is a tax-exempt nonprofit organization, qualified under *Internal Revenue Code Section 501(c)(3)* and *Internal Revenue Code Section 170(h)*, whose primary purpose is _____[*describe purpose, e.g.*, the preservation, protection, or enhancement of open-space property in its natural condition].

[*Continue with the following:*]

Acceptance by Grantee

6. By accepting this grant, Grantee agrees to honor the intentions of _____[Grantor *or* Grantors], to act in a manner consistent with the purposes of this grant, and to preserve and protect for the term of this easement the conservation values of the Subject Property.

Grant of Easement

7. In consideration of the above and the mutual covenants, terms, conditions, and restrictions contained in this grant deed, and pursuant to the laws of California and in particular to the Open-Space Easement Act of 1974, _____[Grantor *or* Grantors] voluntarily _____[grants and conveys *or* grant and

convey] to Grantee an open-space easement in the Subject Property _____[in perpetuity *or* for a term of _____ (*specify number not less than 10*) years], subject to the terms of this grant deed. [*Add, if grant is for a term of years:* Every year on _____ (*specify date and month*), a year shall be automatically added to the term of this grant unless a notice of nonrenewal is given as provided in *Section 51091 of the California Government Code*.]

Covenants

8. The Subject Property shall be used by _____[Grantor *or* Grantors] and _____[Grantor's *or* Grantors'] successors in interest only for those purposes that will maintain the existing open-space character of the Subject Property. _____[Grantor *or* Grantors] and _____[Grantor's *or* Grantors'] successors in interest will refrain from doing, causing, or permitting any of the following acts with respect to the Subject Property:

(1) Using or permitting the use of the Subject Property for any purpose except as is consistent with the stated purposes, terms, conditions, restrictions, and covenants of this easement, with the provisions of the Open-Space Easement Act of 1974, and with the findings of the _____ [Board of Supervisors *or* City Council] of _____ [*name of city or county*] pursuant to *California Government Code Section 51084*.

(2) Constructing improvements on the Subject Property, other than those that exist at the time of the grant of this open-space easement, as are described in Exhibits B and C, and except those for which the right is expressly reserved in this grant.

(3) Locating any advertising of any kind or nature on the Subject Property.

(4) Constructing, placing, or maintaining a parking lot, storage area, or dump site for the storage or disposal of anything that is not indigenous or natural to the Subject Property.

(5) Constructing, placing, or maintaining overhead pipes, conduits, or wires above the Subject Property for the purpose of transmitting communications or power.

(6) Surfacing the Subject Property, in whole or in part, with any asphalt, stone, concrete, or other material that does not constitute natural cover for the land, except acts reserved in this grant.

[*If rights to mine, extract, or remove natural resources are restricted, add:*]

(7) Mining, extracting, severing, or removing any natural resource found or located on, above, or below the Subject Property, or otherwise engaging in any activity that will alter the unique physical and scenic characteristics of the Subject Property.

[*If fishing rights are restricted, add:*]

(8) Fishing, trapping, hunting, capturing, killing, or destroying fish or other marine or aquatic life on the Subject Property, except with prior written permission of the Grantee and for health or safety purposes only.

[*If hunting rights are restricted, add:*]

(9) Hunting, trapping, killing, capturing, or destroying animal life on the Subject Property, except with prior written permission of the Grantee and for health and safety purposes only.

[*If rights to cut or remove trees are restricted, add:*]

(10) Cutting or removing timber or trees found or located on the Subject Property, except as may be required for fire prevention, thinning, elimination of diseased growth, or similar preventive measures in a manner compatible with the purposes of this grant.

[*If rights to remove natural growth are restricted, add:*]

(11) Cutting, uprooting, or removing natural growth found or located on the Subject Property, except as may be required for fire prevention, thinning, elimination of diseased growth, or similar preventive measures in a manner compatible with the purposes of this grant.

[*If right to divide or subdivide property is restricted, add:*]

(12) Dividing or subdividing the Subject Property or otherwise conveying (other than under threat of condemnation) a portion of the Subject Property to another party, subject to those rights reserved in Paragraph 9, below; provided, however, that the exercise of any reserved rights may not materially impair the open-space character of the land.

[*If rights to grade, excavate, or alter topography are restricted, add:*]

(13) Excavating, grading, or placing any sand, soil, rock, gravel, or any material on the Subject Property, subject to those rights reserved in Paragraph 9, below, and except with prior written permission of grantee, provided that the excavation, grading, or placing of material on the Subject Property is consistent with the purposes of this grant.

[*If rights to operate motor-powered vehicles are restricted, add:*]

(14) Operating a motor bike, trail bike, go-cart, or other motor-powered vehicle, except those motor vehicles that are reasonably necessary for the use and convenience of the _____ [Grantor *or* Grantors] or reasonably necessary for the accomplishment of the purposes of this grant.

[*Continue with the following:*]

Reservation of Rights

9. _____[Grantor reserves *or* Grantors reserve] the right to all uses and occupancy of, and ingress and egress to and from, the Subject Property in any manner consistent with the stated purposes, terms, conditions, restrictions, and covenants of this grant. [*Add, if grantor wishes to reserve specific rights:* Without limiting the generality of the foregoing, the following rights are expressly reserved: _____ (*specify rights reserved, e.g.,* to engage in any and all agricultural uses of the Subject Property in accordance with sound, generally accepted agricultural practices, including but not limited to breeding, raising, pasturing, and grazing livestock; breeding and raising bees, fish, poultry, and other fowl; planting, raising, harvesting, and producing agricultural, aquacultural, horticultural, and forestry crops and products of every nature and description; and the primary processing, storage, and sale, including direct retail sale to the public, of crops and products harvested and produced principally on the Subject Property).]

Grantee's Approval

10. Whenever this grant deed requires _____[Grantor *or* Grantors] to obtain the prior written approval or permission of the Grantee, the _____[Grantor *or* Grantors] will notify the Grantee not less than _____[*specify number*] days in advance of the date _____ that [Grantor intends *or* Grantors intend] to undertake the activity. The notice must describe the nature, scope, design, location, timetable, and any other material aspect of the proposed activity in sufficient detail to permit Grantee to make an informed judgment as to the consistency of the activity with the purpose of this grant. The Grantee shall grant or deny approval in writing within _____[*specify number*] days of receipt of _____[Grantor's *or* Grantors'] notice. Grantee may deny approval only on a reasonable determination that the proposed action would be inconsistent with the purpose of this grant.

Right to Prevent Prohibited Use

11. _____[Grantor grants *or* Grantors grant] to Grantee and Grantee's successors and assigns, for the duration of this grant, the right, but not the obligation, to prevent or prohibit any activity that is inconsistent with the stated purposes, terms, conditions, restrictions, or covenants of this grant and the right to enter the Subject Property for the purpose of removing any building, structure, improvement, or any material whatsoever constructed, placed, stored, deposited, or maintained on the Subject Property contrary to the stated purposes of this grant or to any term, condition, restriction, or covenant of this grant.

Enforcement

12. The purposes, terms, conditions, restrictions, and covenants in this grant may be specifically enforced or enjoined by proceedings in the Superior Court of the State of California, consistent with the terms of _____ *[Section 51086(a) of the California Government Code or, if grantee is nonprofit organization: Section 51086(b) of the California Government Code*].

Costs of Enforcement

13. Any costs incurred by Grantee in enforcing, against _____[Grantor *or* Grantors], the terms, conditions, restrictions, and covenants in this grant, including, but not limited to, the costs of suit and attorneys' fees, and any costs of restoration required by _____[Grantor's *or* Grantors'] violation of the terms of this easement will be borne by _____[Grantor *or* Grantors]. If _____[Grantor prevails *or* Grantors prevail] in an action to enforce the terms of this easement, _____[Grantor's *or* Grantors'] cost of suit, including, without limitation, attorneys' fees, will be borne by Grantee.

Acts Beyond _____ [Grantor's *or* Grantors'] Control

14. Nothing contained in this instrument may be construed to entitle Grantee to bring any action against _____[Grantor *or* Grantors] for any injury to or change in the Subject Property resulting from causes that are beyond _____[Grantor's *or* Grantors'] control, including, but not limited to, fire, flood, storm, earth movement, or any prudent or reasonable action undertaken by _____[Grantor *or* Grantors] in emergency situations to prevent or mitigate significant damage or injury to the Subject Property resulting from such causes.

No Authorization for Public Trespass

15. The granting of this open-space easement by this instrument and the acceptance of the easement by the Grantee do not authorize, and are not to be construed as authorizing, the public or any member of the public to enter, trespass on, or use all or any portion of the Subject Property, or as granting to the public or any member of the public any tangible rights in or to the Subject Property. It is understood that the purpose of this grant is solely to restrict the use of the Subject Property, so that it may be kept as near as possible in its natural state.

Costs, Taxes, and Liabilities

16. _____[Grantor retains *or* Grantors retain] all responsibility and shall bear all costs and liabilities of any kind concerning the ownership, operation, and maintenance of the Subject Property, including maintaining comprehensive liability insurance. _____[Grantor *or* Grantors] must pay before delinquency all taxes, assessments, fees, and charges of whatever description levied on or assessed against the Subject Property by competent authority. _____[Grantor *or* Grantors] must keep the Subject Property free of any liens arising out of any work performed for, materials furnished to, or obligations incurred by _____[Grantor *or* Grantors].

Condemnation

17. If an action in eminent domain for condemnation of any interest in the Subject Property is filed, or if the Subject Property is acquired for a public improvement by a public agency or person, these restrictions will be null and void as to the interest in the Subject Property actually condemned or acquired. However, all conditions, restrictions, and covenants of this grant will be in effect during the pendency of such an action; if such an action is abandoned before the recordation of a final order of condemnation, any portion of the Subject Property that is not actually acquired for public use will once again be subject to all of the terms, conditions, restrictions, and covenants of this grant. _____[Grantor *or* Grantors] will be entitled to the amount of compensation as if the Subject Property had not been burdened by the open-space easement, consistent with *Section 51095 of the California Government Code*.

Abandonment

18. The easement granted by this instrument may be abandoned in the manner provided in *Sections 51093* and *51094 of the California Government Code*.

Amendment

19. This open-space easement may not be amended in whole or in part as to any term, condition, restriction, or covenant without the prior written consent of the Grantee.

Binding on Successors and Assigns

20. This grant, and each and every term, condition, restriction, and covenant of this grant, is intended for the

benefit of the public and is enforceable pursuant to the provisions of the Open-Space Easement Act of 1974. This grant binds _____[Grantor and Grantor's *or* Grantors and Grantors'] successors and assigns and constitutes a servitude on the Subject Property that runs with the land.

Liberal Construction

21. This easement is to be liberally construed in favor of the grant in order to effectuate the purposes of the easement and the policy and purpose of the Open-Space Act of 1974. If any provision in this grant is found to be ambiguous, an interpretation consistent with the purpose of this easement that would render the provision valid will be adopted over any interpretation that would render it invalid.

Severability

22. If any provision of this grant is found to be invalid, or if the application of this easement to any person or circumstance is disallowed or found to be invalid, the remainder of the provisions of the grant, or the application of the grant to persons or circumstances other than those to which its application was disallowed or found invalid, will not be affected and will remain in full force and effect.

Controlling Law

23. This grant of easement is to be interpreted, enforced, and performed in accordance with the laws of the State of California.

Entire Agreement

24. This grant sets forth the entire agreement of the parties with respect to the open-space easement and supersedes all previous conversations, negotiations, understandings, settlements, or agreements related to the open-space easement.

Captions

25. The captions in this grant have been inserted solely for the purpose of convenience of reference and are not to be construed as part of this instrument and do not affect the construction or interpretation of the grant.

Enforceable Restriction

26. This easement is intended to constitute an enforceable restriction pursuant to the provisions of *California Constitution, Article XIII, Section 8,* and Sections 402.1 and 421 through 423.3 of the California Revenue and Taxation Code.

Counterparts

27. The parties may execute this instrument in two or more counterparts, which shall, collectively, be signed by all parties. Each counterpart shall be deemed an original instrument as against any party who has signed it. In the event of any disparity between the counterparts produced, the recorded counterpart controls.

PART IV. FORMS
B. Open-Space Easements

12-28D California Legal Forms--Transaction Guide § 28D.231

§ 28D.231 Notice of Nonrenewal of Open-Space Easement [Gov. Code §§ 51090-51092]

[1] Comment--Use of Form

This form is for use by a landowner to give written notice to the city, county, or nonprofit organization holding an open-space easement of the landowner's intention not to renew the open-space easement [*see § 28D.230*]. It may be adapted for use by a city, county, or nonprofit organization.

Any party to an open-space easement may serve written notice of nonrenewal [*see Gov. Code § 51091*]. The notice must be served at least 90 days before the annual renewal date, that is, the anniversary date of the grant or other date identified in the instrument creating the easement [*Gov. Code § 51091*]. If timely notice of nonrenewal is not given, one year is automatically added to the initial term of an open-space easement on the annual renewal date [*Gov. Code § 51081*]. On service of the nonrenewal notice, the automatic renewals cease and the existing open-space easement remains in effect for the balance of the period remaining since either the original execution or the last renewal of the easement [*Gov. Code § 51092*].

Once the landowner has served a notice of nonrenewal, taxes on the restricted land gradually return to the level of taxes on comparable nonrestricted property as the contract draws nearer to expiration [*Rev. & Tax. Code § 426*]. For further discussion, see *§ 28D.53*.

For a discussion of nonrenewal of an open-space easement, see *§ 28D.30[5][a], [b]*. For a guide to the procedures of nonrenewal, see *§ 28D.131[1]*.

§ 28D.232 Petition for Abandonment of Open-Space Easement [Gov. Code §§ 51090, 51093, 51094]

[1] Comment

[a] Use of Form

This form is for use by a landowner to petition the governing body of the city, county, or nonprofit organization for abandonment of an open-space easement [*see Gov. Code § 51093(a)*]. To approve an abandonment [*see Gov. Code §§ 51090, 51093(a)*], the city, county, or nonprofit organization must, by resolution, make all of the following findings [*Gov. Code § 51093(a)*; *see also §§ 28D.30[5][c][i], 28D.131[2]*]:

(1) No public purpose considered by the governing body in its approval of the easement [*see Gov. Code § 51084*] will be served by keeping the land as open space;

(2) Abandonment is not inconsistent with the Open-Space Easement Act of 1974;

(3) Abandonment is consistent with the local general plan; and

(4) Abandonment is necessary to avoid a substantial financial hardship to the landowner due to involuntary factors unique to him or her.

For a discussion of abandonment and a guide to abandonment procedures, see *Sections 28D.30[5][a], [c], 28D.131[2]*.

[b] Abandonment Fee

If the petition for abandonment is approved, the landowner must pay an abandonment fee in order for the abandonment to become effective [*Gov. Code §§ 51093(e), 51094*]. The fee is equal to 12 1/2 percent of the full cash value of the land, valued as though it were free of the open-space easement [*Gov. Code § 51093(b), (c)*]. For more information on the abandonment fee, see *Section 28D.30 [5][c][iii]*.

When the abandonment fee has been paid in full, a certified copy of the resolution abandoning the open-space easement is recorded in the office of the county recorder. Once the resolution is recorded, the land is relieved of the easement and the covenants contained in the easement are terminated [*Gov. Code § 51094*].

[2] FORM

Petition for Abandonment of Open-Space Easement [Gov. Code §§ 51090, 51093, 51094]

PETITION FOR ABANDONMENT OF OPEN-SPACE EASEMENT

1. _____[The *or* Each] petitioner, _____[*name or names*], petitions _____[*name of city, county, or nonprofit organization*] for the abandonment of the open-space easement granted by _____[*name of grantor*] to _____[*name of city, county, or nonprofit organization*], by an instrument recorded on _____[*date*] as Instrument Number _____, in Book Number _____, Page Number _____ of the official records of the County of _____, State of California.

2. This petition for abandonment involves _____[all *or* a portion] of the land specified in the above-described instrument, and includes the property described in Exhibit A, which is attached to and made a part of this petition by this reference.

3. For the following reasons, no public purpose described in *Section 51084 of the Government Code* will be served by keeping the land as open space: _____[*state reasons*].

4. The abandonment of this open-space easement is not inconsistent with the purposes of the Open-Space Easement Act of 1974.

5. The abandonment of this open-space easement is consistent with the general plan of _____[*name of city or county*].

6. The abandonment of this open-space easement is necessary to avoid a substantial financial hardship to the _____[petitioner *or* petitioners] due to the following involuntary factors unique to _____[him *or* her *or* them]: _____[*describe*].

12-28D California Legal Forms--Transaction Guide § 28D.240

§ 28D.240 Deed of Conservation Easement [Civ. Code §§ 815-816]

[1] Comment--Use of Form

This form is a conservation easement for use by a landowner to grant an agricultural conservation easement on the land to a governmental agency or nonprofit organization under *Civil Code Sections 815 through 816*. This form is a sample agricultural conservation easement drafted by, and reprinted here with the permission of, the Marin Agricultural Land Trust. The form can be adapted for use for any kind of conservation easement.

A conservation easement is an interest in real property voluntarily created and freely transferable in whole or in part for the purpose of retaining the land predominantly in its natural, scenic, historical, agricultural, forested, or open-space condition [*Civ. Code §§ 815.1, 815.2*]. Conservation easements may be granted to nonprofit, tax-exempt organizations, or to an agency or entity of the state, city, county, city and county, district, or other state or local government [*Civ. Code § 815.3*]. For further discussion, see *Section 28D.31*. For a comparison of conservation and open-space easements, see *Section 28D.30[1][b]*.

A conservation easement must be tailored to the specific property and to the uses that will be made of the property. This form illustrates some common provisions.

Deed of Agricultural Conservation Easement and Development Rights

THIS DEED OF AGRICULTURAL CONSERVATION EASEMENT AND DEVELOPMENT RIGHTS (the "Deed") is made by _____ and _____, husband and wife ("Grantors"), to MARIN AGRICULTURAL LAND TRUST, a California nonprofit public benefit corporation ("Grantee").

WITNESS THAT:

WHEREAS, Grantors are the owners in fee simple of certain real property in Marin County, California, more particularly described in Exhibit A attached hereto and incorporated herein by this reference (the "Property"); and

WHEREAS, the Property possesses agricultural, open-space, and scenic values of great importance to Grantors, the people of Marin County, and the people of the State of California; and

WHEREAS, Grantors intend that the Property be maintained in agricultural production by the maintenance of the agricultural values thereof and that the open-space and scenic values of the Property be preserved by the continuation of the agricultural and ranching uses that have proven historically compatible with such values; and

WHEREAS, the County of Marin (the "County") has established an Agricultural Conservation Easement Grant Program to help preserve Marin County's agricultural lands by making grants to Grantee for the acquisition of agricultural conservation easements using funds authorized by the California Wildlife, Coastal and Park Land Conservation Bond Act of 1988; and

WHEREAS, the County has made a grant to Grantee for the acquisition of this Deed of Agricultural Conservation Easement and Development Rights from Grantors; and

WHEREAS, Grantors intend, as owners of the Property, to convey to Grantee the right to preserve and protect the agricultural, open-space, and scenic values of the property in perpetuity; and

WHEREAS, Grantee is a publicly supported, tax-exempt nonprofit organization qualified under *Sections 501(c)(3)* and *170(h) of the Internal Revenue Code*, whose primary purpose is the preservation and protection of agricultural, open space, and scenic lands in Marin County, California; and

WHEREAS, Grantee intends, by acceptance of the grant made hereby, forever to honor the intentions of Grantors to preserve and protect in perpetuity the agricultural, open space, and scenic values of the Property;

NOW, THEREFORE, for good and valuable consideration, and in consideration of the mutual covenants, terms, conditions, and restrictions contained herein, and pursuant to the laws of the State of California including, inter-alia, *Sections 815-816 of the California Civil Code*, Grantors do hereby voluntarily grant to Grantee an Agricultural Conservation Easement in gross in perpetuity over the Property of the nature and character and to the extent hereinafter set forth (the "Easement"). Grantors also grant to Grantee certain development rights associated with the Property as hereinafter described.

1. Purpose. It is the purpose of this Easement to enable the Property to remain in agricultural use for the production of food and fiber by preserving and protecting in perpetuity its agricultural values, character, use, and utility, and to prevent any use of the Property that would significantly impair or interfere with its agricultural values, character, use, or utility. To the extent that the preservation of the open space and scenic values of the Property is consistent with such

use, it is within the purpose of this Easement to protect those values.

2. Affirmative Rights and Interests Conveyed. To accomplish the purpose of this Easement, the following rights and interests are conveyed to Grantee by this Easement:

(a) To identify, preserve, and protect in perpetuity the agricultural values, character, use, and utility, including the soil and water quality and the open-space and scenic values, of the Property (the "protected values").

(b) To enter on, inspect, observe, and study the Property for the purposes of (1) identifying the current uses and practices thereon and the baseline condition thereof, and (2) monitoring the uses and practices regarding the Property to determine whether they are consistent with this Easement. Such entry shall be permitted on prior notice to Grantors, and shall be made in a manner that will not unreasonably interfere with Grantors' use and quiet enjoyment of the Property.

(c) To prevent any activity on or use of the Property that is inconsistent with the purpose of this Easement and to require the restoration of such areas or features of the Property that may be damaged by any inconsistent activity or use. However, it is the intention of this Easement not to limit Grantors' discretion to employ their choices of farm and ranch uses and management practices so long as those uses and practices are consistent with the purpose of this Easement.

(d) Subject to Grantors' consent, to erect and maintain a sign or other appropriate marker in a prominent location on the Property, visible from a public road, bearing information indicating that the Property is protected by Grantee. The wording of the information shall be determined by Grantee, but shall clearly indicate that the Property is privately owned and not open to the public. Grantee shall be responsible for the costs of erecting and maintaining such sign or marker.

(e) The development rights referred to in Paragraph 11 below.

3. Uses and Practices. Grantee and Grantors intend that this Easement shall confine the uses of the Property to agriculture, ranching, residential use associated with the agricultural use of the Property, and the other uses which are described herein. Examples of uses and practices which are consistent with the purpose of this Easement, and which are hereby expressly permitted, are set forth in Exhibit B, attached hereto and incorporated herein by this reference. Examples of uses and practices which are inconsistent with the purpose of this Easement, and which are hereby expressly prohibited, are set forth in Exhibit C, attached hereto and incorporated herein by this reference. The uses and practices set forth in Exhibits B and C are not necessarily exhaustive recitals of consistent and inconsistent activities, respectively. They are set forth both to establish specific permitted and prohibited activities, and to provide guidance in determining the consistency of other activities with the purpose of this Easement.

4. Current Practices and Conditions. Grantee acknowledges by acceptance of this Easement that Grantors' present uses of the Property are compatible with the purpose of this Easement. In order to establish the present condition of the Property's protected values, Grantee may prepare an inventory of the Property's relevant features and conditions. Grantors and Grantee recognize that changes in economic conditions, in agricultural technologies, in accepted farm and ranch management practices, and in the situations of Grantors may result in an evolution of agricultural uses of the Property, provided such uses are consistent with the purpose of this Easement.

5. Reserved Rights. Grantors reserve to themselves, and to their personal representatives, heirs, successors, and assigns, all rights accruing from their ownership of the Property, including the right to engage in or permit or invite others to engage in all uses of the Property that are not expressly prohibited herein and are not inconsistent with the purpose of this Easement. Without limiting the generality of the foregoing, the following rights are expressly reserved: (a) all right, title, and interest in and to all tributary and non-tributary water, water rights, and related interests in, on, under, or appurtenant to the Property, provided that such water rights are used on the Property in a manner consistent with the purpose of this Easement; and (b) all right, title, and interest in subsurface oil, gas, and minerals; provided that the manner of exploration for, and extraction of any oil, gas, or minerals shall be only by a subsurface method, and shall

not damage, impair, or endanger the protected values of the Property.

6. Arbitration. If a dispute arises between the parties concerning the consistency of any proposed use or activity with the purpose of this Easement, and Grantors agree not to proceed with the use or activity pending resolution of the dispute, either party may refer the dispute to arbitration by request made in writing upon the other. Within 30 days of the receipt of such a request, the parties shall select a single arbitrator to hear the matter. If the parties are unable to agree on the selection of a single arbitrator, then each party shall name one arbitrator and the two arbitrators thus selected shall select a third arbitrator; provided, however, if either party fails to select an arbitrator, or if the two arbitrators selected by the parties fail to select the third arbitrator within 14 days after the appointment of the second arbitrator, then in each such instance a proper court, on petition of a party, shall appoint the second or third arbitrator or both, as the case may be. A judgment on the arbitration award may be entered in any court having jurisdiction thereof. The prevailing party shall be entitled, in addition to such other relief as may be granted, to a reasonable sum as and for all its costs and expenses related to such arbitration, including, without limitation, the fees and expenses of the arbitrator(s) and attorneys' fees, which shall be determined by the arbitrator(s) and any court of competent jurisdiction that may be called on to enforce or review the award.

7. Grantee's Remedies. If Grantee determines that Grantors are in violation of the terms of this Easement or that a violation is threatened, Grantee shall give written notice to Grantors of such violation and demand corrective action sufficient to cure the violation and, where the violation involves injury to the Property resulting from any use or activity inconsistent with the purpose of this Easement, to restore the portion of the Property so injured. If Grantors fail to cure the violation within 30 days after receipt of notice thereof from Grantee, or under circumstances where the violation cannot reasonably be cured within a 30-day period, fail to begin curing such violation within the 30-day period, or fail to continue diligently to cure such violation until finally cured, Grantee may bring an action at law or in equity in a court of competent jurisdiction to enforce the terms of this Easement, to enjoin the violation by temporary or permanent injunction, to recover any damages to which it may be entitled for violation of the terms of this Easement or injury to any protected values, including damages for any loss thereof, and to require the restoration of the Property to the condition that existed prior to any such injury. If Grantee, in its sole discretion, determines that circumstances require immediate action to prevent or mitigate significant damage to the protected values of the Property, Grantee may pursue its remedies under this paragraph without waiting for the period provided for cure to expire. Grantee's rights under this paragraph apply equally in the event of either actual or threatened violations of the terms of this Easement, and Grantors agree that Grantee's remedies at law for any violation of the terms of this Easement are inadequate and that Grantee shall be entitled to the injunctive relief described in this paragraph, both prohibitive and mandatory, in addition to such other relief to which Grantee may be entitled, including specific performance of the terms of this Easement, without the necessity of proving either actual damages or the inadequacy of otherwise available legal remedies. Grantee's remedies described in this paragraph shall be cumulative and shall be in addition to all remedies now or hereafter existing at law or in equity.

7.1. Costs of Enforcement. Any costs incurred by Grantee in enforcing the terms of this Easement against Grantors, including, without limitation, costs of suit and attorneys' fees, and any costs or restoration necessitated by Grantors' violation of the terms of this Easement shall be borne by Grantors. If Grantors prevail in any action to enforce the terms of this Easement, Grantors' costs of suit, including, without limitation, attorneys' fees, shall be borne by Grantee.

7.2. Grantee's Discretion. Enforcement of the terms of this Easement shall be at the discretion of Grantee, and any forbearance by Grantee to exercise its rights under this Easement in the event of any breach of any term of this Easement by Grantors shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent breach of the same or any other term of this Easement or of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy on any breach by Grantors shall impair such right or remedy or be construed as a waiver.

7.3. Acts Beyond Grantors' Control. Nothing contained in this Easement shall be construed to entitle Grantee to

bring any action against Grantors for any injury to or change in the Property resulting from causes beyond Grantors' control, including, without limitation, fire, flood, storm, and earth movement, or from any prudent action taken by Grantors under emergency conditions to prevent, abate, or mitigate significant injury to the Property resulting from such causes.

8. Costs and Taxes. Grantors retain all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, operation, upkeep, and maintenance of the Property. Grantors shall pay any and all taxes, assessments, fees, and charges levied by competent authority on the Property or on this Easement. It is intended that this Easement constitute an enforceable restriction within the meaning of *California Constitution, Article XIII, Section 8*, and that this Easement qualify as an enforceable restriction under the provisions of *California Revenue and Taxation Code Section 402.1*.

9. Hold Harmless. Grantors shall hold harmless, indemnify, and defend Grantee and its directors, officers, employees, agents, and contractors and the heirs, personal representatives, successors, and assigns of each of them (collectively "Indemnified Parties") from and against all liabilities, penalties, costs, losses, damages, expenses, causes of action, claims, demands, or judgments, including, without limitation, reasonable attorneys' fees arising from or in any way connected with: (1) injury to or the death of any person, or physical damage to any property, resulting from any act, omission, condition, or other matter related to or occurring on or about the Property, regardless of cause, except to the extent of the adjudicated proportionate fault of any of the Indemnified Parties; (2) the obligations specified in Paragraph 8.

10. Access. No right of access by the general public to any portion of the Property is conveyed by this Easement.

11. Development Rights. The parties acknowledge that under currently applicable zoning regulations of the County the property is so classified that on receipt of required government approvals the Property could be developed to a density of _____ single family residential dwelling units ("the development rights"), and, further, that under certain circumstances the development rights may be transferred to and utilized on other property or properties. The parties agree to deal with the development rights as follows:

(a) Grantors retain one of the _____ development rights associated with the Property. [The development right retained by Grantor shall apply and relate to the existing residential improvements on the Property, which consist of _____. Grantors reserve the right to maintain, use, repair, and replace the existing improvements on the property with approval of appropriate governmental agencies and in conformity with Paragraph 3 of Exhibit B and all other applicable provisions of this Deed. The development right retained by Grantors shall not be used to support or enable the creation of any additional residential uses or units on the Property except as expressly provided in Paragraph 3 of Exhibit B hereto.] [*If property has no existing residence:* The development right retained by Grantors shall apply to and may be utilized on the Property. Grantors may build, use, maintain, repair, and replace a residence on the Property with the approval of appropriate governmental agencies and in conformity with all applicable provisions of this Deed, provided that Grantors first obtain the express written approval of Grantee as to the exact size and location of such residence.]

(b) The _____ development rights associated with the Property which are not retained by Grantors are conveyed to Grantee. Grantee shall have the right to use, sell, or otherwise benefit from the development rights owned by it in accordance with applicable laws and regulations of the County, provided that such development rights shall not be used on the Property.

(c) Neither Grantors nor Grantee shall use or receive the benefit from any increase in allowable development rights associated with the Property resulting from future zoning changes.

(d) Grantors understand and acknowledge that any transfer of the development rights acquired herein by Grantee to another property is subject to the provisions of applicable laws including, inter alia, the County's Code which requires,

among other things, a master plan of the Property and a conservation easement or restrictions recorded against it which reflect the conditions of approval of the master plan. Grantors covenant and agree to cooperate fully with Grantee in Grantee's attempts to obtain approval for transfer of development rights acquired herewith pursuant to the County's Code and other applicable laws including, without limitation, executing and delivering such consents, master plan applications, conservation easements or restrictions and other documents as may be required by the County for review and approval of such transfers, provided that any such master plan, conditions of approval, and/or conservation easement or restrictions do not materially differ from the terms and conditions of this Deed. Grantee shall be responsible for all fees and costs of preparing and processing documents required by the County for review and approval of such transfers.

12. Extinguishment. If circumstances arise in the future that render the purpose of this Easement impossible to accomplish, this Easement can only be terminated or extinguished, whether in whole or in part, by judicial proceedings in a court of competent jurisdiction, and the amount of the compensation to which Grantee shall be entitled from any sale, exchange, or involuntary conversion of all or any portion of the Property subsequent to such termination or extinguishment, shall be determined, unless otherwise provided by California law at the time, in accordance with Paragraph 13. Grantee shall use all such proceeds in a manner consistent with the purposes of Section 5709(b)(3)(P) of the California Wildlife, Coastal and Park Land Conservation Bond Act of 1988.

13. Compensation. This Easement constitutes a real property interest immediately vested in Grantee. For the purpose of Paragraph 12, the parties stipulate that this Easement has a fair market value determined by multiplying (a) the fair market value of the property unencumbered by the Easement (minus any increase in value attributable to improvements made after the date of this grant) by (b) the ratio of the value of the Easement at the time of this grant to the value of the Property, unencumbered by the Easement, at the time of this grant.

For the purposes of this paragraph, Grantor and Grantee agree that the ratio of the value of the Easement to the value of the Property unencumbered by the Easement is _____. This ratio shall remain constant.

14. Condemnation. If the Easement is taken, in whole or in part, by exercise of the power of eminent domain, Grantee shall be entitled to compensation in accordance with applicable law.

15. Assignment of Grantee's Interest. Grantee may assign its interest in this Easement only to an organization that is a "qualified organization," within the meaning of *Section 170(h) of the Internal Revenue Code*, as amended, or any successor provision, and that is authorized to acquire and hold conservation easements under California law, on obtaining the prior written consent of Grantors and the County. Any assignment without such consents shall be void and of no effect. Such consents shall not be unreasonably withheld by Grantors and the County.

16. Executory Limitation. If Grantee shall cease to exist, or to be a qualified organization under *Section 170(h) of the Internal Revenue Code of 1954*, as amended, or to be authorized to acquire and hold conservation easements under California law, then Grantee's rights and obligations under this Easement shall become immediately vested in the County.

17. General Provisions.

(a) Controlling Law. The interpretation and performance of this Easement shall be governed by the laws of the State of California.

(b) Liberal Construction. Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the grant to effect the purpose of this Easement and the policy and purpose of the California Conservation Easement Act of 1979, as amended. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the purpose of this Easement that would render the provision valid shall be favored over any interpretation that would render it invalid.

(c) Severability. If any provision of this Easement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Easement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.

(d) Entire Agreement. This instrument sets forth the entire agreement of the parties with respect to the Easement and supersedes all prior discussions, negotiations, understandings, or agreements relating to the Easement, all of which are merged herein.

(e) No Forfeiture. Nothing contained herein will result in a forfeiture or reversion of Grantor's title in any respect.

(f) Joint Obligation. The obligations imposed by this Easement on Grantors shall be joint and several.

(g) Successors. The covenants, terms, conditions, and restrictions of this Easement shall be binding on, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running in perpetuity with the Property.

(h) Termination of Rights and Obligations. A party's rights and obligations under this Easement terminate on transfer of the party's interest in the Easement or Property, except that liability for acts or omissions occurring before transfer shall survive transfer.

(i) Future Conveyance. Grantors agree that reference to this Deed will be made in any subsequent deed or other legal instrument by means of which they convey any interest in the Property (including but not limited to a leasehold interest).

(j) Not Governmental Approval. No provision of this Easement nor the approval by the County of a grant for the acquisition of this Easement shall constitute governmental approval of any improvements, construction, or other activities which may be permitted under this Easement.

IN WITNESS WHEREOF, Grantors have executed this Deed of Easement this _____ day of _____.

Grantors

[Notarization of Grantors' signatures.]

[*Attach Exhibit A, the property description.*]

Exhibit B

Permitted Uses and Practices

The following uses and practices, though not necessarily an exhaustive recital of consistent uses and practices, are expressly permitted under this Easement, and they are not to be precluded, prevented, or limited by this Easement.

1. To reside on the Property.

2. To engage in any and all agricultural uses of the Property in accordance with sound, generally accepted agricultural practices. For the purposes of this Easement "agricultural uses" shall be defined as: breeding, raising, pasturing, and grazing livestock of every nature and description for the production of food and fiber; breeding and raising bees, fish, poultry, and other fowl; planting, raising, harvesting, and producing agricultural, aquacultural, horticultural, and forestry crops and products of every nature and description; and the processing, storage, and sale, including direct retail sale to the public, of crops and products harvested and produced principally on the Property, provided that the processing, storage, and sale of any such crops or products that are not food or fiber shall require the consent of Grantee; provided, however, that such agricultural uses shall not result in significant soil degradation, or significant pollution or degradation of any surface or subsurface waters.

3. To maintain and repair existing structures, housing, fences, corrals, roads, ditches, and other improvements on the Property. Additional improvements accessory to the residential use of the Property, and additional structures, housing, facilities, and roads reasonably necessary to the agricultural uses of the Property, shall be permitted, provided that Grantors obtain the express written approval of Grantee for the construction of any such additional improvements, structure, housing, facility, or road, including the size, function, capacity, and location, which consent should not be unreasonably withheld. Grantor shall provide Grantee written notice of Grantor's intention to undertake such construction, together with information on its size, function, capacity, and location, not less than 45 days before the commencement thereof. Additional fencing deemed by Grantors to be reasonably necessary to ranching and agricultural activities may be constructed without Grantee's consent. In the event of destruction, deterioration, or obsolescence of any improvements, structures, housing, fences, corrals, roads, or ditches, whether existing at the date hereof or constructed after pursuant to the provisions of this paragraph, Grantors may replace the same with improvements or structures of similar size, function, capacity, and location.

4. To develop and maintain such water resources on the Property as are necessary or convenient for ranching, agricultural, irrigation, and residential uses in a manner consistent with the purpose of this Easement.

5. To use agrichemicals, including, but not limited to, fertilizers and biocides in those amounts and with that frequency of application necessary to accomplish reasonable grazing and agricultural purposes. Such use shall be carefully circumscribed near surface water and during periods of high ground water.

6. To control predatory and problem animals by the use of selective control techniques.

7. To utilize the Property for recreational or educational purposes, including, without limitation, hiking, horseback riding, hunting and fishing, that require no surface alternation or other development of the land.

Exhibit C

Prohibited Uses and Practices

The following uses and practices, though not necessarily an exhaustive recital of inconsistent uses and practices, are inconsistent with the purposes of this Easement and are expressly prohibited on or within the Property:

1. The impairment of the protected values, except as otherwise provided herein.

2. The establishment of commercial or industrial uses or the construction, placing, or erection of any signs or billboards; provided, however, that neither ranching, agriculture, nor the production or processing of food and fiber products as contemplated by the provisions of Exhibit B, shall be considered commercial or industrial uses.

3. The construction, reconstruction, or replacement of any road or structure except as provided in Paragraph 11(a) of this Easement or Paragraph 3 of Exhibit B.

4. The division, subdivision, or de facto subdivision of the Property, provided, however, that a lease of a portion of the Property for agricultural use shall not be prohibited by this paragraph.

5. The use of motorized vehicles, except by Grantors or others under Grantors' control for agricultural, ranching, or attendant residential use of the Property. Any use of motorized vehicles off of roadways is prohibited except when necessary for agricultural and ranching purposes.

6. The commercial harvesting of timber; provided, however, that Grantors shall have the right (a) to cut or collect firewood for the heating of ranch and residential facilities on the Property; (b) to cut trees as necessary or desirable for agricultural purposes, for the construction of fences, and for the repair and construction of such buildings or other improvements on the Property as are allowed hereunder; and (c) to develop and implement a long-range plan for the growing and harvesting of plants and trees in a manner that is consistent with the purpose of this Easement, on the express written consent of Grantee, which shall not be withheld unreasonably.

7. The dumping or other disposal of non-combustible refuse on the Property.

8. Ranching, agricultural, or other uses, otherwise permitted under th is Easement, which result in significant degradation of topsoil quality.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 28D CONSERVATION RESTRICTIONS ON USE OF AGRICULTURAL AND OPEN-SPACE LAND
PART IV. FORMS
C. Conservation Easement and Land Trusts

12-28D California Legal Forms--Transaction Guide § 28D.241

§ 28D.241 Articles of Incorporation of Land Trust

[1] Comment--Use of Form

This form represents articles of incorporation for use by an organization incorporating as a nonprofit, tax-exempt land trust. It is based on a form provided by the California Coastal Conservancy, a statutorily created, state funded land trust [*see Pub. Res. Code §§ 31000-31405*].

A land trust may be a private, charitable organization or a governmental entity. Its purpose is to purchase and hold interests in land in order to preserve the natural, open-space, scenic, or agricultural character of the land. For further discussion, see *Section 28D.40*.

Both the Open-Space Easement Act of 1974 [*see Gov. Code §§ 51070-51097*] and the provisions governing conservation easements [*see Civ. Code §§ 815-815.5*] require that a nonprofit organization granted an easement qualify as a tax-exempt nonprofit organization under *Internal Revenue Code Section 510(c)(3)* and have as its primary purpose certain conservation goals [*see Gov. Code § 51075(f)*; *Civ. Code § 815.3*]. For a nonprofit organization to accept an open-space easement, it must include the preservation of open space as a stated purpose in its articles of incorporation [*Gov. Code § 51075(f)*]. For a nonprofit organization to accept a conservation easement, it must have as its primary purpose the preservation, protection, or enhancement of land in its natural, scenic, historical, agricultural, forested, or open-space condition or use [*Civ. Code § 815.3*].

For further information about corporations and nonprofit organizations, including forms of bylaws, see Volume 1, Chapters 2, *Preincorporation Planning*, 3, *Articles of Incorporation*, and 4, *Bylaws*, and Volume 4, Chapter 13, *Nonprofit Corporations and Associations.*

[2] FORM

Articles of Incorporation of Land Trust

ARTICLES OF INCORPORATION

OF
_____ [*name of land trust*]

I.

The name of this Corporation is _____[*name*].

II.

A. This organization is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Benefit Corporation Law for charitable purposes.

B. The specific purposes for which this Corporation is organized include, but are not limited to: _____[*specify, e.g.*, the preservation, protection and enhancement of land in its natural, scenic, historical, agricultural, forested, or open-space condition or use *or* the preservation of open space].

III.

The name and address in the State of California of this Corporation's legal agent for service of process is:
Name: _____
Address: _____

IV.

A. This Corporation is organized and operated exclusively for charitable purposes within the meaning of *Section 501(c)(3) of the Internal Revenue Code*.

B. Notwithstanding any other provision of these Articles, this Corporation may not carry on any other activities not expressly permitted for (1) corporations exempt from federal income tax under *Section 501(c)(3) of the Internal Revenue Code*, or *(2)* corporations to which contributions are deductible under *Section 170(c)(2) of the Internal Revenue Code*, or the corresponding provisions of any future statute of the United States.

C. No substantial part of the activities of this Corporation may consist of carrying on propaganda or otherwise attempting to influence legislation. Further, this Corporation may not participate or intervene in any political campaign (including publishing or distributing statements) on behalf of any candidate for public office.

V.

The names and addresses of the persons designated to act as the initial Board of Directors of this Corporation are: _____[*list names and addresses*].

VI.

A. The property of this Corporation is irrevocably dedicated to charitable purposes and no part of the net income or assets of this Corporation may inure to the benefit of any director, trustee, member, or officer of this Corporation, or to any private person.

B. On the dissolution or winding up of this Corporation, any assets remaining after payment of, or provision for

payment of, all debts and liabilities must be distributed to a governmental entity described in *Section 170(b)(1)(A)(v) of the Internal Revenue Code*, or to a nonprofit fund, foundation, or corporation that (1) is organized and operated exclusively for charitable purposes, (2) has established its tax exempt status under *Section 501(c)(3) of the Internal Revenue Code*, and *(3)* is qualified to receive "qualified conservation contributions" within the meaning of *Section 170(h) of the Internal Revenue Code*, or the corresponding provisions of any future statute of the United States.

C. If this Corporation is liquidated, all corporate assets shall be disposed of in such a manner as may be directed by decree of the superior court for the county in which this Corporation has its principal office, on petition by the Attorney General or by any person concerned in the dissolution, in a proceeding to which the Attorney General is a party.

IN WITNESS, the Incorporators of _____[*name of nonprofit organization*] and the initial directors named in the Articles of Incorporation place their signatures on _____[*date*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES

13-29A California Legal Forms--Transaction Guide Scope

Scope

Scope

This chapter covers joint ventures for investment in or development of real estate. The term "joint venture" is sometimes used to describe any type of unincorporated real estate investment association, including a syndicate or limited partnership. As used in this chapter, however, "joint venture" refers to a general partnership that is limited in scope and duration to a single transaction or a single series of transactions. Thus, like partners in a general partnership, joint venturers are personally liable for obligations of the joint venture.

Organizing a real estate investment as a joint venture is most effective when a small number of investors are involved, all of the investors will actively participate in managing the investment, and the investors desire some flexibility in the structure of their organization. The Legal Background of this chapter provides discussion of the law governing joint ventures, including the tax consequences of organizing an investment as a joint venture.

The Transaction Guide provides step-by-step guides to determining whether a joint venture is appropriate and to forming a real estate joint venture. The Drafting Guide and Forms include checklists and sample forms of typical real estate joint venture agreements. Included are forms for joint ventures created by individuals to purchase and operate an apartment building, to purchase land for speculative resale, and to construct a building for sale, as well as a form of agreement for a joint venture between two corporations, with one corporation lending funds to the venture.

For further coverage of all aspects of general partnerships, see Ch. 15, *General Partnerships* . The Legal Background of that chapter regarding the property rights and liability of a partner, as well as the taxation of a partnership, is equally applicable to a joint venture. Also, many of the alternative provisions for partnership agreements set forth in that chapter, especially those relating the term of the partnership, capital, profits, taxes, and attention to partnership business, may be substituted for equivalent provisions of the agreements in this chapter.

Depending on the circumstances of a particular investment transaction, a different legal entity, such as a limited partnership or limited liability company, might better serve the investors' interests. For general coverage of limited partnerships, see Ch. 16, *Formation of Limited Partnerships* ; for general coverage of limited liability companies, see Ch. 12C, *Limited Liability Companies* . Special aspects of limited partnerships and limited companies formed to invest in real estate are covered in Ch. 29B, *Nonpublic Real Estate Syndicates* . For coverage of real estate investment trusts, see California Real Estate Law and Practice, Chs. 40- 45 (Matthew Bender).

CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
A. Nature and Purpose of Real Estate Joint Ventures

13-29A California Legal Forms--Transaction Guide § 29A.10

§ 29A.10 Nature of Real Estate Joint Venture

[1] Real Estate Joint Venture Defined

A joint venture is an undertaking by two or more persons jointly to carry out a single business enterprise for profit [*Holtz v. United Plumbing & Heating Co. (1957) 49 Cal. 2d 501, 506, 319 P.2d 617* ; *580 Folsom Assocs. v. Prometheus Dev. Co. (1990) 223 Cal. App. 3d 1, 15, 272 Cal. Rptr. 227]* . Three elements are generally necessary for the creation of a joint venture [*Holtz v. United Plumbing & Heating Co. (1957) 49 Cal. 2d 501, 506-507, 319 P.2d 617* ; *Orosco v. Sun-Diamond Corp. (1997) 51 Cal. App. 4th 1659, 1666, 60 Cal. Rptr. 2d 179* ; *580 Folsom Assocs. v. Prometheus Dev. Co. (1990) 223 Cal. App. 3d 1, 15-16, 272 Cal. Rptr. 227]* :

- Joint ownership of a business enterprise.
- An understanding to share profits and losses.
- A joint right to control the business (although this may be delegated).

The existence of a joint venture depends on the intention of the parties [*580 Folsom Assocs. v. Prometheus Dev. Co. (1990) 223 Cal. App. 3d 1, 16, 272 Cal. Rptr. 227* ; *Boyd v. Bevilacqua (1966) 247 Cal. App. 2d 272, 285, 55 Cal. Rptr. 610* ; *Rennick v. O.P.T.I.O.N. Care, Inc. (9th Cir. 1996) 77 F.3d 309, 317]* . A formal written contract is not essential to the creation of a joint venture. Thus, a joint venture may be formed by an oral agreement, or it may be reasonably inferred from the acts and declarations of the parties [*Holtz v. United Plumbing & Heating Co. (1957) 49 Cal. 2d 501, 506-507, 319 P.2d 617* ; *580 Folsom Assocs. v. Prometheus Dev. Co. (1990) 223 Cal. App. 3d 1, 16, 272 Cal. Rptr. 227]* .

[2] General Partnership Distinguished

The major distinction between a typical partnership and a joint venture is that a partnership ordinarily is formed to engage in a continuing business for an indefinite or fixed period of time, but a joint venture is a species of general partnership limited in scope and duration to a single transaction or a single series of transactions [*Rickless v. Temple*

(1970) 4 Cal. App. 3d 869, 893, 84 Cal. Rptr. 828 ; *see* Ch. 15, *General Partnerships*].

A joint venture resembles a general partnership in that its members associate themselves together as co-owners of a business enterprise, agreeing to share profits and losses [*Rickless v. Temple (1970) 4 Cal. App. 3d 869, 893, 84 Cal. Rptr. 828]* , and the incidents of both relationships, partnership and joint venture, are the same in all essential respects [*Bank of Cal. v. Connolly (1973) 36 Cal. App. 3d 350, 364, 111 Cal. Rptr. 468]* .

Unless the parties form a distinct legal entity such as a limited liability company or a limited partnership [*see Corp. Code § 15900 et seq.* (California Uniform Limited Partnership Act of 2008); *Corp. Code § 17000 et seq.* (Beverly-Killea Limited Liability Company Act)], their relations as between themselves and as to third parties generally are the same as those of general partners, and to that extent the joint venture is governed by the same law as general partnerships [*Weiner v. Fleischman (1991) 54 Cal. 3d 476, 482, 286 Cal. Rptr. 40, 816 P.2d 892* ; *Orlopp v. Willardson Co. (1965) 232 Cal. App. 2d 750, 754, 43 Cal. Rptr. 125]* . Thus, in all essential characteristics joint ventures, like other partnerships, are governed by the Uniform Partnership Act of 1994 [*Corp. Code § 16100 et seq.*]. For detailed discussion of the Uniform Partnership Act of 1994, and the requirements for formation of general partnerships, see Ch. 15, *General Partnerships* .

[3] Limited Partnership Distinguished

A limited partnership is different from a joint venture in two important respects. First, a limited partner is not personally liable for any obligation of the limited partnership unless the partner is named as a general partner in the limited partnership certificate or participates in the control of the business [*see Corp. Code § 15903.03(a)*]. A joint venturer, in contrast, is jointly liable for all debts and obligations of the venture [*see Holtz v. United Plumbing & Heating Co. (1957) 49 Cal. 2d 501, 506-507, 319 P.2d 617* ; *Orosco v. Sun-Diamond Corp. (1997) 51 Cal. App. 4th 1659, 1666, 60 Cal. Rptr. 2d 179]* .

Second, the general partner in a limited partnership has sole control over the management and conduct of the partnership business, while the limited partners are essentially passive investors [*see Corp. Code §§ 15903.03(a), 15904.06(a)*]. A joint venture, in contrast, has no passive investors, and the joint venturers have joint rights to participate in the management of the enterprise [*see Holtz v. United Plumbing & Heating Co. (1957) 49 Cal. 2d 501, 506-507, 319 P.2d 617* ; *Orosco v. Sun-Diamond Corp. (1997) 51 Cal. App. 4th 1659, 1666, 60 Cal. Rptr. 2d 179]* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
A. Nature and Purpose of Real Estate Joint Ventures

13-29A California Legal Forms--Transaction Guide § 29A.11

§ 29A.11 Deciding to Use Joint Venture

[1] Choice of Entities to Hold Investment Property

Persons voluntarily associating themselves together to invest in real property may select any of several types of legal entities to acquire, hold, and eventually sell the property. For example, they may form a corporation, business trust, general or limited partnership, limited liability company, or real estate investment trust.

Traditionally, the income-tax factors involved and the purposes sought to be attained by the investors usually dictated that some form of partnership or unincorporated association, such as a joint venture, should be the entity used for the real property investment. More recently, limited liability companies (LLCs) have become available as vehicles for real estate investments [*see Corp. Code § 17000 et seq.*]. If structured properly, a California LLC can be taxed as a partnership on both the federal and California level, without some of the restrictions imposed on corporations [*see Treas. Reg. § 301.7701-3(a)* (noncorporate business entity such as LLC with two or more members can simply elect to be taxed as partnership or as corporation); *see also* Ch. 12C, *Limited Liability Companies*].

[2] Tax Considerations Not Significant in Choosing Entity

Under the Tax Reform Act of 1986, the tax-shelter advantages of real estate investments have been significantly curtailed and virtually eliminated with regard to passive investors such as limited partners. The "at risk" rules now apply to real estate, so that a taxpayer generally may not deduct losses in excess of the taxpayer's cash and property contributions to the venture, plus borrowed amounts for which the taxpayer is personally liable for repayment or has pledged property as security for repayment ("recourse financing") [*I.R.C. § 465(a),(b)(1),(2)*; *see Rev. & Tax. Code § 17851*].

Under IRS regulations that took effect on January 1, 1997, a noncorporate business entity (such as a joint venture or limited partnership) with two or more members can simply elect to be taxed as a partnership or as a corporation [*Treas. Reg. § 301.7701-3(a)*]. If a no election is made, the entity will be automatically classified as a partnership for tax purposes [*Treas. Reg. § 301.7701-3(b)*].

As a result, most of the income-tax reasons for choosing a particular form of business entity have been eliminated. However, there are certain non-tax advantages that may indicate in a particular situation that a joint venture rather than a general or limited partnership or a corporation should be formed for an investment in real property [*see* [3], *below*].

[3] Advantages of Real Estate Joint Venture

[a] Persons Who May Form Joint Venture

Like any other general partnership, a joint venture may be formed by any combination of natural and artificial persons, including individuals, corporations, partnerships, trusts, and limited liability companies [*see Corp. Code § 16101(9),(13)* ("partnership" is association of two or more persons to carry on business; "person" encompasses any legal or commercial entity, including individual, corporation, business trust, estate, trust, partnership, limited partnership, and limited liability company)].

At one time, a corporation could not enter into a partnership unless expressly authorized to do so in its articles of incorporation. It could, however, enter into a joint venture for any business within its legitimate powers [*see Milton Kauffman, Inc. v. Superior Court (1949) 94 Cal. App. 2d 8, 17, 210 P.2d 88* ; *Consolidated Furniture Mfrs. v. Goldstein (1934) 140 Cal. App. 563, 565, 35 P.2d 627]* . Under current law, this distinction between general partnerships and joint ventures has been erased. The specific powers of a corporation, such as the power to enter into a partnership, no longer need be stated in its articles of incorporation [*see Corp. Code § 202(b)*]. Any corporation organized under the General Corporation Law may participate in any partnership, joint venture, or other association, transaction, or arrangement of any kind [*Corp. Code § 207(h)*].

[b] Ease of Formation of Joint Venture

An advantage a joint venture has over a corporation, limited partnership, or limited liability company is the ease and minimal expense with which it may be formed. The agreement creating a joint venture may be oral [*Rickless v. Temple (1970) 4 Cal. App. 3d 869, 893, 84 Cal. Rptr. 828]* , and it need not even be express; an agreement to form a joint venture may be inferred from the acts and declarations of the parties [*Holtz v. United Plumbing & Heating Co. (1957) 49 Cal. 2d 501, 506-507, 319 P.2d 617* ; *Rickless v. Temple (1970) 4 Cal. App. 3d 869, 893, 84 Cal. Rptr. 828]* .

[c] Flexible Structure of Joint Venture

One advantage a joint venture has over a corporation is flexibility. A corporation's shareholders are more or less bound by the fixed corporate structure. Each shareholder's entitlement to the earnings of the corporation is usually based on the percentage of shares he or she owns in the corporation. The income and losses of a partnership or joint venture can, however, be distributed among the partners or joint venturers in any manner provided by the partnership or joint venture agreement [*see I.R.C. § 704(a)*]; there is no federal or state requirement that income or losses of the partnership or joint venture be allocated among the partners or joint venturers according to their respective contributions to the capital of the partnership or joint venture.

However, the allocation of income and losses among partners or joint venturers provided in their partnership or joint venture agreement must, for federal income-tax purposes, have a "substantial economic effect" independent of income tax consequences, or it will be disregarded [*see I.R.C. § 704(b)(2)*].

A partnership or joint venture agreement may provide for the venturers to share the venture's losses in a different ratio than their shares of the venture's income, as long as the agreement has the required "substantial economic effect" [*see I.R.C. § 704(b)(2)*]. Furthermore, the provisions of the agreement for the sharing of income and losses by the joint venturers may be modified at any time. The modifications, whether written or oral, will be honored for income tax purposes, even if they are made after the close of a taxable year so long as they are made prior to the date for filing the

venture's informational income-tax return [*Treas. Reg. § 1.761-1(c)*]. However, when any venturer's interest changes during the taxable year of the venture, each venturer's distributive share of income, gain, loss, deduction, or credit must be determined by using any method prescribed by the Treasury Regulations that takes into account the varying interests of the venturers in the venture during the taxable year [*I.R.C. § 706(c)(2)(B),(d)*]. Thus, the joint venture agreement may not be amended in a manner that would retroactively allocate all or a large portion of the venture's loss for the entire taxable year to a venturer entering the venture at the end of the taxable year. Instead, income or losses are allocable to a venturer only if they are paid or incurred by the venture during the portion of the year in which the venturer is a member of the venture [*see I.R.C. § 706(d)*].

[d] Joint Venturers' Participation and Control

Unlike limited partners, all joint venturers have equal rights in the management and conduct of the joint venture business, unless otherwise agreed by the joint venturers [*see Corp. Code §§ 15904.06(a), 16401(f)*; *Bank of Cal. v. Connolly (1973) 36 Cal. App. 3d 350, 364, 111 Cal. Rptr. 468]* . A limited partner in a limited partnership loses his or her status as a limited partner if he or she takes part in control of the partnership business [*Corp. Code § 15903.03(a)*]. In contrast, an essential element of a joint venture is the right of all joint venturers to participate in the management and control of the partnership or joint venture business [*Corp. Code § 16401(f)*; *Bank of Cal. v. Connolly (1973) 36 Cal. App. 3d 350, 364, 111 Cal. Rptr. 468* ; *see § 29A.10[3]*].

[4] Disadvantages of Real Estate Joint Venture

[a] Unlimited Personal Liability of Joint Venturers

Joint venturers are agents of each other in carrying out partnership business [*Leming v. Oilfields Trucking Co. (1955) 44 Cal. 2d 343, 350, 282 P.2d 23* ; *Campagna v. Market St. Ry. Co. (1944) 24 Cal. 2d 304, 308, 149 P.2d 281]* , and joint venturers are jointly and severally liable for all debts and obligations of the venture [*Corp. Code § 16306(a)*]. Thus, each joint venturer risks unlimited liability for contracts made or torts committed by another joint venturer [*see Corp. Code §§ 16305(a),* 16036(a); *Leming v. Oilfields Trucking Co. (1955) 44 Cal. 2d 343, 350, 282 P.2d 23* ; *Lindner v. Friednash (1958) 160 Cal. App. 2d 511, 517, 325 P.2d 612]* . In contrast, corporate shareholders, limited partners, and members of a limited liability company generally are not at risk of incurring unlimited personal liability for debts and obligations of the business entity [*see Corp. Code §§ 15903.03(a), 17101(a)*].

[b] Lack of Centralized Management of Joint Venture

An essential element of a partnership or joint venture is the right of joint participation in the management and control of the business [*Corp. Code § 16401(f)*; *Bank of Cal. v. Connolly (1973) 36 Cal. App. 3d 350, 364, 111 Cal. Rptr. 468* ; *see* [3][d], *above*]. If there are many members of the joint venture, control of the joint venture business may become unwieldy. In effect, therefore, the usefulness of a joint venture or for real property investment purposes is limited to a situation in which there are only two or three persons interested in associating themselves together for the investment.

Joint venturers may agree to give one of them the right to manage the business [*see Constans v. Ross (1951) 106 Cal. App. 2d 381, 389, 235 P.2d 113]* . However, such an agreement would eliminate one of the advantages of using a joint venture for investing in real property [*see* [3][d], *above*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
B. Formation, Operation, and Termination of Real Estate Joint Venture

13-29A California Legal Forms--Transaction Guide § 29A.21

§ 29A.21 Joint Venture Property

[1] Acquiring and Holding Real Property

Generally, a joint venture is treated as a separate entity rather than merely an aggregation of the individual venturers [*Corp. Code § 16201*]. Thus, property is treated as acquired by the entity if it is acquired either (1) in the name of the joint venture; or (2) in the name of one or more venturers, with an indication in the instrument transferring title to the property of either (a) the transferee's capacity as a joint venturer or (b) the existence of the joint venture, but without an indication of the name of the joint venture [*Corp. Code § 16204(a)*]. Property is acquired "in the name of" the joint venture by a transfer either (1) to the joint venture in its name, or (2) to one or more venturers in their capacity as such, with the name of the joint venture indicated in the instrument transferring title to the property [*Corp. Code § 16204(b)*].

In addition, property purchased with the joint venture's assets is presumed to be property of the venture, even if the foregoing requirements are not satisfied [*Corp. Code § 16204(c)*]. In contrast, property (other than property purchased with the joint venture's assets) that is acquired in the name of one or more of the joint venturers, without an indication in the instrument transferring title to the property of the transferee's capacity as a venturer or of the existence of the joint venture, is presumed to be separate property, even if used for partnership purposes [*Corp. Code § 16204(d)*].

Property acquired by a joint venture is the property of the venture, and not of the venturers individually [*Corp. Code § 16203*]. Thus, a venturer is not a co-owner of the joint venture's property and has no transferable interest in that property [*Corp. Code § 16502*]. A joint venturer's only transferable interest in the venture is his or her share of the profits and losses of the venture, and the right to receive distributions; that interest is treated as personal property [*Corp. Code § 16502*].

Thus, if the parties want property that will be used for joint venture purposes not to be treated as joint venture property, that property should not be purchased with joint venture assets, and title to that property should be taken in the names of the joint venturers individually or as tenants in common, without reference to the existence of the joint venture [*see Corp. Code § 16204(c),(d)*]. In addition, to avoid later disputes, the joint venture agreement, or a separate agreement between the joint venturers, should clearly spell out the rights of the individual joint venturers in any such property.

[2] Transfer of Real Property

Property held in the joint venture's name may be transferred by an instrument of transfer executed by a joint venturer in the venture's name [*Corp. Code § 16302(a)(1)*]. If the venturers wish to limit their authority to make such a transfer, they should file a statement of partnership authority to document that limitation [*see Corp. Code § 16303*; *see also §§ 29A.22[1], 29A.120*].

Joint venture property held in the name of one or more of the venturers with an indication, in the instrument transferring the property to the venture, of their capacity as venturers or of the existence of the joint venture, but without an indication of the name of the joint venture, may be transferred by an instrument of transfer executed by the persons in whose name the property is held [*Corp. Code § 16302(a)(2)*]. After a transfer of either kind, the joint venture may recover the property from a transferee only if (1) execution of the instrument of initial transfer did not bind the joint venture [*see Corp. Code § 16301* (when partner's act does not bind partnership)]; and (2) as to a subsequent transferee who gave value, the subsequent transferee knew or had received notice that the person who executed the instrument of initial transfer lacked authority to bind the joint venture [*Corp. Code § 16302(b)(1)*].

Joint venture property held in any name or names other than the venture's name without an indication, in the instrument transferring the property to the venture, of the holders' capacity as joint venturers or of the existence of the joint venture, may be transferred by an instrument of transfer executed by the persons in whose names the property is held [*Corp. Code § 16302(a)(3)*]. The joint venture may recover the property from a transferee only if (1) execution of the instrument of initial transfer did not bind the joint venture [*see Corp. Code § 16301* (when partner's act does not bind partnership)]; and (2) as to a transferee who gave value, the transferee knew or had received notice that the property was joint venture property and that the person who executed the instrument of initial transfer lacked authority to bind the venture [*Corp. Code § 16302(b)(2)*].

A joint venture may not recover its property from a subsequent transferee if the venture would not have been entitled to recover the property from any earlier transferee of the property [*Corp. Code § 16302(c)*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
B. Formation, Operation, and Termination of Real Estate Joint Venture

13-29A California Legal Forms--Transaction Guide § 29A.22

§ 29A.22 Management of Joint Venture Property

[1] Right to Manage Joint Venture's Property

In general, every joint venturer is an agent of the venture for the purpose of conducting the venture's business, and the act of any venturer apparently carrying on that business in the usual way binds the joint venture [*Corp. Code § 16301(1)*].

A partnership (including a joint venture) may file a statement of partnership authority, which may specify the authority, or limitations on the authority, of some or all the joint venturers to enter into transactions on behalf of the venture and any other matters [*Corp. Code § 16303(a)(2)*]. A person that is not part of a joint venture is deemed to know of a limitation on the authority of a joint venturer to transfer real property held in the venture's name if a certified copy of the filed statement of partnership containing the limitation is of record in the office for recording transfers of real property [*Corp. Code § 16303(e)*].

[2] Joint Venturers' Mutual Fiduciary Duties

Like any partner, a joint venturer owes a duty of loyalty and a duty of care to the joint venture [*Corp. Code § 16404(a)*]. A joint venturer must discharge those duties and any duties imposed by the joint venture agreement, and must exercise any rights as a joint venturer, in a manner that is consistent with the obligation of good faith and fair dealing [*Corp. Code § 16404(d)*]. A joint venturer does not violate a duty or obligation or the joint venture agreement simply because the venturer's conduct furthers his or her own interest [*Corp. Code § 16404(e)*].

The obligation of good faith and fair dealing may not be eliminated by the joint venture agreement. However, the agreement may prescribe standards to measure a venturer's performance of the obligation [*Corp. Code § 16103(b)(5)*].

For further discussion of partners' fiduciary duties to each other and the partnership, see Ch. 15, *General Partnerships* .

[3] Liabilities of Joint Venturers

Joint venturers are agents of each other in carrying out the business of the joint venture [*Leming v. Oilfields Trucking Co. (1955) 44 Cal. 2d 343, 350, 282 P.2d 23* ; *Campagna v. Market St. Ry. Co. (1944) 24 Cal. 2d 304, 308, 149 P.2d 281]* , and joint venturers are jointly and severally liable for all debts and obligations of the venture [*Corp. Code § 16306(a)*; *see § 29A.11[4][a]*]. Thus, one joint venturer may bind all other members of the joint venture by a contract made with a third person in furtherance of the joint venture's purpose [*Lindner v. Friednash (1958) 160 Cal. App. 2d 511, 517, 325 P.2d 612* ; *see Orlopp v. Willardson Co. (1965) 232 Cal. App. 2d 750, 754, 43 Cal. Rptr. 125]* .

Similarly, joint venturers are jointly and severally liable for all torts committed by any joint venturer in the ordinary course of business [*Corp. Code §§ 16305(a), 16306(a)*]. Thus, the negligence or other wrong of one joint venturer or his or her employees acting in connection with the joint venture ordinarily is imputed to the other joint venturers [*Leming v. Oilfields Trucking Co. (1955) 44 Cal. 2d 343, 350, 282 P.2d 23* (negligence); *Rickless v. Temple (1970) 4 Cal. App. 3d 869, 894, 84 Cal. Rptr. 828* (fraud); *but see Orosco v. Sun-Diamond Corp. (1997) 51 Cal. App. 4th 1659, 1669-1670, 60 Cal. Rptr. 2d 179* (nonnegligent joint venture is not liable when member of joint venture negligently injures member's employee, and member has provided workers' compensation coverage)].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
B. Formation, Operation, and Termination of Real Estate Joint Venture

13-29A California Legal Forms--Transaction Guide § 29A.23

§ 29A.23 Dissolution of Real Estate Joint Venture

A joint venture established for a definite term or a particular undertaking is dissolved, and its business must be wound up, on the occurrence of any of the following:

- Express agreement by all the partners to dissolve the joint venture [*Corp. Code § 16801(2)(B)*].

- Expiration of the term of the joint venture, or the completion of the joint venture's undertaking [*Corp. Code § 16801(2)(C)*]. A transferee of a transferable interest in a joint venture may seek a judicial determination that is equitable to dissolve after the expiration of the term or completion of the undertaking [*see Corp. Code § 16801(6)*].

- The passage of 90 days after a joint venturer's dissociation by death or otherwise [*see Corp. Code § 16601(6)-(10)*], or a joint venturer's wrongful dissociation [*see Corp. Code § 16602(b)*], unless before that time a majority in interest of the joint venturers, including those who have rightfully dissociated [*see Corp. Code § 16602(b)(2)(A)*], agree to continue the joint venture [*Corp. Code § 16801(2)(A)*].

If the joint venturers have not agreed to continue the joint venture until the expiration of a definite term or the completion of a particular undertaking [*see Corp. Code § 16101(11)*], the joint venture must be dissolved and wound up if it is the express will of at least half the joint venturers (including venturers, other than wrongfully dissociating venturers, who have dissociated within the preceding 90 days) [*Corp. Code § 16801(1)* (dissociation under *Corp. Code § 16601(1)* constitutes expression of will to dissolve venture)].

Whether or not the joint venturers have agreed on a definite term or a particular undertaking, the joint venture is dissolved, and its business must be wound up, on the occurrence of an event specified in the joint venture agreement as triggering the winding up of the venture [*Corp. Code § 16801(3)*]. In addition, a joint venture must be dissolved and wound up if an event makes it unlawful for all or substantially all of the venture's business to be continued [*Corp. Code § 16801(4)* (cure of illegality within 90 days after notice to joint venture of event causing illegality is effective retroactively to date of event for purposes of this provision)].

In addition, a court may, on the application of a joint venturer, order the dissolution and winding up of the joint venture if the court finds any of the following [*Corp. Code § 16801(5)*]:

- The economic purpose of the joint venture is likely to be unreasonably frustrated.

- Another joint venturer has engaged in conduct relating to the venture's business that makes it not reasonably practicable to carry on the business in partnership with that venturer.

- It is not otherwise reasonably practicable to carry on the joint venture's business in conformity with the joint venture agreement.

For detailed coverage of the dissolution of partnerships, see Ch. 15, *General Partnerships* .

CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
C. Tax Considerations

13-29A California Legal Forms--Transaction Guide § 29A.30

§ 29A.30 Overview

Under the Tax Reform Act of 1986, the tax-shelter advantages of real estate partnerships were significantly curtailed and virtually eliminated with regard to passive investors. The "at risk" rules now apply to real estate, so that a taxpayer generally may not deduct losses in excess of the taxpayer's cash and property contributions to, and recourse financing in, the real estate activity, plus borrowed amounts for which the taxpayer is personally liable for repayment or has pledged property as security for repayment ("recourse financing") [*I.R.C. § 465(a),(b)(1),(2)*; *see Rev. & Tax. Code § 17851*]. Furthermore, the extent to which losses from real estate ventures may be taken against other income has been greatly reduced [*see I.R.C. § 469*; *see also § 29A.32*]. Depreciation deductions must be taken under the straight-line method [*see I.R.C. § 168*; *see also § 29A.33*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
C. Tax Considerations

13-29A California Legal Forms--Transaction Guide § 29A.31

§ 29A.31 At-Risk Limitation on Losses

Individual and certain corporate taxpayers may deduct losses from an activity only to the extent of the aggregate amount with respect to which the taxpayer is "at risk" at the close of the taxable year [*I.R.C. § 465(a)*]. In general, the taxpayer is "at risk" with respect to money and property contributed to the activity and with respect to borrowed amounts for which the taxpayer is personally liable for repayment or has pledged property as security for repayment (recourse financing) [*see I.R.C. § 465(b)(1), (2)*]. However, in the case of an activity of holding real property, the taxpayer is considered at risk with respect to the taxpayer's share of qualified nonrecourse financing secured by the real property used in the activity [*I.R.C. § 465(b)(6)(A)*].

"Qualified nonrecourse financing" in this context is any financing borrowed by the taxpayer with respect to the activity of holding real property for which no person is personally liable for repayment [*I.R.C. § 465(b)(6)(B)(i),(iii)*]. The financing may not be convertible debt [*I.R.C. § 465(b)(6)(B)(iv)*] and must be borrowed from a qualified person [*see I.R.C. § 465(b)(6)(D)* ("qualified person" defined)] or borrowed from or insured by a governmental instrumentality [*I.R.C. § 465(b)(6)(B)(ii)*]. In the case of a joint venture, a venturer's share of any qualified nonrecourse financing is determined on the basis of his or her share of liabilities of the joint venture incurred in connection with the financing [*I.R.C. § 465(b)(6)(C)*; *see I.R.C. § 752*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
C. Tax Considerations

13-29A California Legal Forms--Transaction Guide § 29A.32

§ 29A.32 Losses and Credits From Passive Activities

The at-risk rule acts as a ceiling on the amount of loss that may be deducted in regard to any activity [*see § 29A.31*]. The passive-activity rule then acts as a potential further limitation on the deductibility of losses that are otherwise allowable under the at-risk rule.

An activity involving the conduct of a trade or business in which the taxpayer does not materially participate is a "passive" activity for federal income tax purposes [*I.R.C. § 469(c)(1)*]. Deductions and credits arising from passive activities may be taken only against income and tax liability attributable to all passive activities [*I.R.C. § 469(a)(1),(d)*]. Deductions and credits that are disallowed under the passive-activity rule in any taxable year may be carried forward to the next taxable year but not back to any previous taxable year [*I.R.C. § 469(b)*].

A taxpayer is deemed to "materially participate" in an activity if the taxpayer i s involved in the operations of the activity on a regular, continuous, and substantial basis [*I.R.C. § 469(h)(1)*]. Each case is to be determined independently based on its facts and circumstances. Relevant considerations are whether the activity is the taxpayer's principal business, the taxpayer's physical presence on the premises of the activity, and the taxpayer's performance of management functions and services for the activity [*see* Senate Finance Committee Report on Tax Reform Act of 1986, 732-735]. Although a limited partner generally is not deemed a material participant [*see I.R.C. § 469(h)(2)*], a joint venturer who is involved in the day-to-day management of the venture probably will be found to be materially participating in the venture's activity [*see I.R.C. § 469(h)(1)*].

The passive-activity rule applies to any taxpayer that is an individual, estate, trust, closely held corporation, or personal services corporation [*I.R.C. § 469(a)(2)*]. However, there is an exception that permits closely held corporations to use passive losses and credits against active income but not against investment income [*see I.R.C. § 469(e)(2)*].

A rental activity in which payments are principally for the use of tangible property is generally deemed to be a passive activity, regardless of material participation [*I.R.C. § 469(c)(2), (j)(8); but see I.R.C. § 469(c)(7)* (special rules for taxpayers in real property business)]. However, there is a limited allowance of deductions and credits attributable to real-estate rental activities against other income. A natural person may apply his or her passive-activity losses and

credits against up to $25,000 of nonpassive income, if the person "actively participates" in the real-estate rental activities [*I.R.C. § 469(i)(1),(2)*]. The $25,000 limit is reduced by 50 percent of the taxpayer's adjusted gross income over $100,000 [*I.R.C. § 469(i)(3)*; *see I.R.C. § 469(i)(5)* (all amounts halved for married taxpayers filing separately)].

"Active" participation in relation to real-estate rental activity is a less stringent standard than "material" participation in relation to other passive activities. "Active" participation requires only significant and bona fide participation in the making of management decisions, even if arrangements are made for others to provide services. However, at a minimum, the taxpayer must have an interest of at least 10 percent of all interests in the activity for the entire taxable year, regardless of the personal time and effort invested in the activity [*I.R.C. § 469(i)(6)(A)*; *see* Senate Finance Committee Report on Tax Reform Act of 1986, 736-738]. The taxpayer must satisfy this active participation standard in both the year in which the deduction or credit arises and in the year in which it is taken [*I.R.C. § 469(i)(1)*]. As with the material-participation standard, a joint venturer who is involved in the day-to-day management of the venture probably will be found to be actively participating in the venture's activity.

If the taxpayer disposes of his or her interest in a passive activity during the taxable year in a transaction in which all gain or loss from the disposition is recognized for income tax purposes, any and all previously suspended passive activity losses from the activity will be deductible from any (*i.e.*, passive or nonpassive) income [*I.R.C. § 469(g)(1)(A)*]. The Internal Revenue Service however, may promulgate regulations requiring that these deductible losses be reduced by any income or gain from the activity for preceding taxable years, to the extent necessary to prevent the avoidance of the statutory limitations on passive activity losses and credits [*I.R.C. § 469(g)(1)(C)*; *see I.R.C. § 469*]. Transactions between related taxpayers do not trigger the allowance of suspended losses [*I.R.C. § 469(g)(1)(B)*; *see I.R.C. §§ 267(b), 707(b)(1)* (definitions of related taxpayers)].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART II. LEGAL BACKGROUND
C. Tax Considerations

13-29A California Legal Forms--Transaction Guide § 29A.33

§ 29A.33 Depreciation Deductions

Residential rental property and nonresidential real property placed in service after December 31, 1986, must be depreciated according to the straight-line method [*I.R.C. § 168(b)(3)*; *see I.R.C. § 168(e)(2), 1250(c)* (definitions of residential rental property and nonresidential real property); *see also* Pub. L. No. 99-514, 203(a)(1) (effective date)]. The applicable recovery periods are 27.5 years for residential rental property and 39 years for nonresidential real property [*I.R.C. § 168(c)*], and the applicable recovery convention for both is the mid-month convention [*I.R.C. § 168(d)(1)*; *see I.R.C. § 168(d)(4)(B)* (definition of mid-month convention)]. An additional first-year depreciation deduction is available for qualified property acquired after December 31, 2007, and before January 1, 2010 [*I.R.C. § 168(k)(1),(2)(A)(iii)*]. The additional deduction is equal to 50 percent of the property's adjusted basis [*I.R.C. § 168(k)(1)(A)*]. The additional deduction generally applies to personal property, but it is also available for qualified leasehold improvement property, and it may come into play for real estate in this context [*I.R.C. § 168(k)(2)(A),(3)*]. Qualified leasehold improvement property includes an improvement to an interior portion of a building that is nonresidential real property if all of the following requirements are met [*I.R.C. § 168(k)(2)(A)(i)(IV),(3)(A)*]:

- The improvement is made under or pursuant to a lease between unrelated persons by either the lessee or the lessor.
- That portion is to be occupied exclusively by the lessee (or sublessee) of that portion.
- The improvement is placed in service more than three years after the date the building was first placed in service.

Certain improvements cannot qualify as qualified leasehold improvement property, including expenditures attributable to the enlargement of a building, any elevator or escalator, any structural component benefiting a common area, or the internal structural framework of the building [*I.R.C. § 168(k)(3)(B)*]. In order to be qualified property, the original use of the property generally must commence with the taxpayer after December 31, 2007 [*I.R.C. § 168(k)(2)(A)(ii)*] and generally must be placed in service by the taxpayer before January 1, 2010 [*I.R.C. § 168(k)(2)(A)(iv)*]. Property that is originally placed in service by a person and that is sold to the taxpayer and leased back to that person by the taxpayer

within three months after the date that the property was placed in service is treated as originally placed in service by the taxpayer not earlier than the date that the property is used under the leaseback [*I.R.C. § 168(k)(2)(E)(ii)*].

A taxpayer may elect an alternative to the bonus depreciation [*see I.R.C. § 168(k)(4)*]. If such an election is made for the taxpayer's first taxable year ending after March 31, 2008, for that taxable year and each subsequent taxable year *I.R.C. § 168(k)(1)* will not apply to any eligible qualified property [*see I.R.C. § 168(k)(4)(D), (k)(2)*] placed in service by the taxpayer [*I.R.C. § 168(k)(4)(A)(i)*]; the applicable depreciation method used with respect to that property will be the straight line method [*I.R.C. § 168(k)(4)(A)(ii)*]; and the limitations described in *I.R.C. § 38(c)* (general business credit) and *I.R.C. § 53(c)* (minimum tax credit) [*see I.R.C. § 168(k)(4)(B)*] will be increased by a bonus depreciation amount, which is determined under *I.R.C. § 168(k)(4)(C)* and allocated to that limitation under *I.R.C. § 168(k)(4)(E)* [*I.R.C. § 168(k)(4)(A)(iii)*].

CHAPTER 29A JOINT VENTURES
PART III. TRANSACTION GUIDE
A. Client Interview--Facts and Documents

13-29A California Legal Forms--Transaction Guide § 29A.100

§ 29A.100 Facts

1. For each person who will invest in the joint venture:

a. Name, address, telephone number, and e-mail address.

b. Name of spouse, if any.

c. If person is not individual, form of entity, such as:
(1) Corporation.

(2) General partnership.

(3) Limited partnership.

(4) Limited liability company.

c. Contribution each will make to joint venture, including:

(1) Cash.

(2) Property.

(3) Services.

2. Taxable year of each joint venturer.

NOTE:

This information will help in determining what the fiscal or taxable year of the joint venture should be [*see § 29A.111*, P 6].

3. Type of real property transaction or series of transactions for which joint venture will be formed, such as:

a. Acquisition and operation of apartment or office building [*see § 29A.200* (form)].

b. Purchase of vacant land with developmental potential for speculative resale to developer [*see § 29A.201* (form)].

c. Construction on real property of apartment, office, or other building for speculative sale on completion, such as:

(1) Property already owned by one of joint venturers [*see § 29A.202* (form)].

(2) Property to be purchased by one of joint venturers.

(3) Property to be acquired by joint venture itself.

(4) Property to be leased by the joint venture.

d. Acquisition of real property for investment, using funds lent to joint venture by one venturer [*see § 29A.203* (form)].

e. Purchase, and perhaps remodeling or construction, of suitable facilities for major tenant such as government or large corporation.

4. Location of real property that is to be subject of joint venture investment, including:

a. Exact legal description of real property.

b. Street address of real property.

c. Political subdivisions in which real property is located, including:

NOTE:

This information will be important in determining whether the property can be developed, if it is the desire of the joint venture to develop it, and what permits will be required to develop it. It may be difficult, for example, for a joint venture to sell land for subdivision purposes if the land is located in a sanitation district that will permit no new connections to be made to the sewer system it operates.

(1) County.

(2) City.

(3) School district.

(4) Fire district.

(5) Water, sanitation, and other districts.

5. Initial capital of joint venture, including:

a. Dollar amount to be contributed by each joint venturer.

b. If property is to be contributed by one or more joint venturers:

(1) Legal description of property.

(2) Value to be attributed on joint venture account books to property.

(3) Adjusted income tax basis for property of joint venturer who is contributing it to joint venture.

c. Manner in which contributions are to be made to joint venture, such as:

(1) By deposit in joint venture bank account at specific financial institution.

(2) By deposit in escrow account at specific title or escrow company for purchase of real property investment.

(3) By direct payment to third person for real property or for services rendered, such as architectural or engineering services, in connection with real property investment of joint venture.

6. Terms on which joint venture real property investment will be acquired, including:

a. Terms of purchase, including:

(1) Down payment.

(2) Installments on unpaid balance.
(a) When payments commence.

(b) Frequency of payments.

(c) Amount of payments.

(3) Subordination provisions.

(4) Partial release provisions, including:

(a) Amount that can be released at one time.

(b) Payments required for partial releases.

(c) Order in which parcels may be released.

b. Name, address, and contact information for seller.

c. Name, address, and contact information for real estate broker.

d. Escrow number, and name, address, and contact information for title company.

e. Details of construction to be done on property, including:

(1) Name, address, and contact information for architect.

(2) Name, address, and contact information for general contractor.

f. Details of construction loan, including:

(1) Name, address, and contact information for construction lender.

(2) Amount of loan.

(3) Interest terms.

(4) Repayment schedule.

(5) Whether lender has made commitment for permanent (take-out) loan.

7. Names in which title to joint venture real property investment is to be held, such as:

a. In name of joint venture.

b. In names of all joint venturers.

c. In name of one joint venturer as trustee for venture.

d. In name of title company under holding agreement.

8. Each joint venturer's role in conduct of venture's business, such as:

a. Resident manager of joint venture apartment or office building investment.

b. Broker for resale of speculation property purchased by joint venture as investment.

c. General contractor for construction of apartment or office building or other development joint venture is constructing for sale.

d. Resident manager of joint venture development after it is completed until it can be sold.

e. Nominal manager, keeping track of local taxes and assessments, and arranging for short-term rental of property purchased for eventual speculative resale to developer.

f. Solely investor in the joint venture real property project.

9. Manner in which profits and losses from joint venture investment are to be divided among joint venturers, including:

NOTE:

For income tax purposes, a joint venturer's distributive share of income, gain, loss, deduction, or credit is determined by the joint venture agreement [*I.R.C. § 704(a)*]. However, if the agreement does not provide for allocation of the venturers' distributive shares, or if the allocations provided for in the agreement do not have substantial economic effect independent of income tax consequences, the distributive shares are determined in accordance with each venturer's interest in the venture [*I.R.C. § 704(b)*]. A joint venture agreement may provide for the venturers to share the venture's losses in a different ratio than their shares of the venture's income, as long as the shares have "substantial economic effect" apart from tax consequences [*see I.R.C. § 704(b)(2)*; *see § 29A.11[3][c]*].

a. Venturers' shares of profits and losses from operation or rental of investment.

b. Venturers' shares of profits and losses on liquidation or resale of investment.

10. When accountings are to be made and profits or losses divided, such as:

a. Quarterly.

b. Monthly.

c. Monthly during operation of investment until sold.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART III. TRANSACTION GUIDE
B. Preliminary Determinations

13-29A California Legal Forms--Transaction Guide § 29A.110

§ 29A.110 Determining Whether to Organize Project as Joint Venture

1. Consider advantages and disadvantages of proceeding as joint venture.

a. Consider existence of any of following circumstances that favor use of joint venture:
(1) Participants are small group, usually fewer than five.

(2) Joint venture will invest in single property or project.

(3) Participants prefer flexibility in structure of their association [*see § 29A.11[3][c]*].

(3) All participants desire equal voice in management and control of investment [*see § 29A.11[3][d]*].

(4) Risks giving rise to personal liability of participants for joint venture's activities are insurable.

(5) No participant plans to assign his or her interest to third person.

b. Consider existence of any of following circumstances that favor formation of some association other than joint venture.

(1) There are five or more participants.

(2) Participants plan to invest in several successive transactions.

(3) Centralized management of investments will be needed [*see § 29A.11[4][b]*].

(4) Participants include "passive" investors who prefer:

NOTE:
discussion of the income tax considerations applicable to passive investors, see *§ 29A.32*.

(a) Not to participate personally in management of real property investments.

(b) To avoid personal liability for obligation or debts of association beyond their original capital contributions [*see § 29A.11[4][a]*].

(5) Association will make numerous conveyances and acquisitions of real property.

(6) Transactions contemplated by association will be complex and will require full-time attention of persons with considerable experience in real property transactions.

2. Consider advantages and disadvantages of other forms of business entity, such as [*see* Ch. 1B, *Selecting Form of Business Entity*]:

a. Corporation [*see* Ch. 2, *Formation of Corporations*].

b. Limited partnership [*see* Ch. 15A, *Formation of Limited Partnerships*].

c. Limited liability company [*see* Ch. 12C, *Limited Liability Companies*].

d. Business trust.

e. Real estate investment trust.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART III. TRANSACTION GUIDE
B. Preliminary Determinations

13-29A California Legal Forms--Transaction Guide § 29A.111

§ 29A.111 Planning Structure of Joint Venture

1. Clarify purpose of joint venture, such as:

    a. Indefinite operation of real property investment, such as apartment building.

    b. Acquisition of particular piece of land for speculative resale.

    c. Construction of real property development for speculative sale.

2. Determine term of joint venture, such as:

    a. Short term, for purchase and speculative sale of real property in short time.

    b. Time required to construct apartment building, office building, or other major real property development, and to sell it.

    c. Indefinite duration, for joint venture for permanent operation of apartment building or other real property investment.

3. Determine how title to real property investment should be held by joint venture, such as:

    a. In name of joint venture.

    b. In names of all joint ventures as tenants in common.

    c. In name of one joint venturer as trustee for all other joint venturers.

d. In name of title company under holding agreement.

e. In names of one joint venturer and spouse, as joint tenants as to undivided half interest, and in names of other joint venturer and spouse, as joint tenants as to undivided half interest.

4. Determine whether and how joint venture real property investment should be managed, considering:

a. Whether investment needs no management except continuous listing with reputable brokers for sale.

b. Whether investment needs only one person to keep track of when installment payments become due, and to arrange short-term rental of property pending sale by joint venture.

c. Whether investment requires resident manager to maintain premises and collect rents.

5. Determine what, if any, restrictions should be imposed on ability of joint venturer to incur liabilities in name and on credit of joint venture, such as:

NOTE:

Any restrictions placed in joint venture agreement will be binding only as between joint venturers. They will not be binding on a third person dealing with joint venture who has no knowledge of restrictions [*see Corp. Code § 15009*].

a. No restrictions at all.

b. No joint venturer may contract for liabilities over designated amount without consent of all joint venturers.

c. No liabilities at all may be contracted for without consent of all joint venturers.

6. Determine taxable year of joint venture.

NOTE:

There are three alternative methods of determining the taxable year of a partnership, including a joint venture. The first method determines the taxable year by reference to the taxable year and ownership interests of certain partners [*see I.R.C. § 706(b)(1)(B)*]. Under the second method, the partnership may use a taxable year that is based on a business purpose [*see I.R.C. § 706(b)(1)(C)*]. The third method permits the use of a taxable year other than a taxable year determined by reference to the partners or established by its business purposes [*I.R.C. § 444(a),(e)*]. Such an election may be made only if the "deferral period," that is, the period of time between the beginning of the tax period elected and the close of the first taxable year otherwise required ending within that year, is no longer than three months [*I.R.C. § 444(b)*]. If the partnership makes such an election, it must make advance tax payments [*I.R.C. § 444(c)(1)*; *see I.R.C. § 7519*]. For further discussion of these methods, see Ch. 15, *General Partnerships* .

7. If joint venture is for indefinite operation of real property investment, determine following:

a. Method of accounting, cash or accrual, to be used by joint venture.

b. Frequency, such as quarterly, monthly, or annually, with which accounting should be rendered of the joint venture enterprise [*see, e.g., § 29A.200[2],* P 11].

c. Whether any joint venturer is to receive any compensation for services in and about joint venture enterprise.

8. If joint venture is formed simply to acquire particular piece of land for speculation, determine following:

a. Contributions each joint venturer must make toward purchase price of land and toward payment of its taxes.

b. Manner in which contribution of joint venturers to installments coming due on purchase price of land and taxes levied on land will be collected.

c. What will happen if any joint venturer defaults in payment of any contribution due from him or her under joint venture agreement.

d. Terms on which real property will be resold by joint venture without further agreement among venturers.

9. If joint venture is formed to construct a real property development for speculation, determine following:

a. Duties of each joint venturer in relation to construction of project, including identification of:
(1) Venturer who is to obtain plans and specifications for project.

(2) Venturer or venturers who are to arrange construction financing for project.

(3) Venturer or venturers who are to obtain necessary permits and governmental authorizations to construct project.

(4) Venturer who is to supervise actual construction of project.

b. Manner in which construction funds for project are to be disbursed and construction costs paid, such as:

NOTE:

The manner in which construction funds will be disbursed will depend to some extent at least on the requirements imposed by the construction lender. The construction lender's requirements as to the manner in which construction loan funds are to be disbursed will usually be specified in the construction loan agreement between the lender and the joint venture. However, if construction financing has not yet been arranged at the time the joint venture agreement is drafted, counsel should include protective measures as to the disbursement of construction funds in the joint venture agreement. The joint venture agreement can be modified if the construction lender, when construction financing is arranged, requires disbursement procedures different from those included in the joint venture agreement. For a general discussion of construction financing, see Ch. 30A, *Basic Construction Financing* .

(1) On presentation of vouchers signed by all joint venturers [*see § 29A.202[2],* P 10].

(2) On vouchers to reimburse general contractor for amounts paid to subcontractors and material providers in accordance with cost estimates made by general contractor before construction began.

(3) On warrants or checks requiring signature of general contractor and one or more joint venturers.

(4) Through joint control or disbursement control agency [*see* Ch. 30E, *Joint (Builders') Control Agreements*].

c. What insurance should be carried by joint venture during construction and operation of project [*see § 29A.202[2]*, P 11], such as:

(1) General liability insurance.

(2) Fire, burglary, and other insurance:

(3) Employers' liability and workers' compensation insurance.

d. Manner in which project will be operated or preserved after completion, pending sale by joint venture, such as:

(1) Lease to one joint venturer for operation pending sale.

(2) Operation by joint venture pending sale.

e. Manner in which project after completion will be offered for sale, including:

(1) Broker who will handle sale.

(2) Acceptable terms of sale.

(3) How sale proceeds will be distributed [*see § 29A.202[2]*, P 13].

PART III. TRANSACTION GUIDE
C. Procedural Guide

13-29A California Legal Forms--Transaction Guide § 29A.120

§ 29A.120 Formation of Joint Venture

1. Draft joint venture agreement [*see § 29A.130*; *see, e.g., §§ 29A.200, 29A.201, 29A.202, 29A.203*].

2. Prepare sufficient originals and copies of joint venture agreement:

a. One original copy for each of joint venturer.

b. One conformed copy for counsel's office files.

c. One conformed copy for joint venture's accountant.

d. Additional conformed copies as may be required by any:
(1) Title company.

(2) Construction or purchase money lender.

(3) Accountant for joint venturer.

3. Have joint venturers execute originals of joint venture agreement.

a. Have each joint venturer sign sufficient copies so that each joint venturer will have fully executed original of agreement.

b. Conform copies to show agreement was signed by all joint venturers on specified date.

4. Distribute copies of joint venture agreement.

5. Ensure that joint venture complies with any applicable local and state regulatory requirements, including:

a. Obtaining city, county, and state licenses and permits for business joint venture will operate.

b. Filing fictitious business name statement [see *Bus. & Prof. Code §§ 17910, 17913*; see also Ch. 1A, *Role of Counsel in Starting a New Business*]

c. If joint venture will have employees, obtaining requisite workers' compensation insurance.

6. If joint venture agreement limits authority of any joint venturer to act on behalf of venture, arrange for filing of statement of partnership authority [*see Corp. Code § 16303*; *see also* Ch. 15, *General Partnerships*].

a. Prepare statement of partnership authority, specifying following [*Corp. Code § 16303(a)*]:

(1) Name of joint venture.

(2) Street address of joint venture's chief executive office and, if chief executive office is not in California, one office in California, if there is one.

(3) Names and mailing addresses of all joint venturers or of agent appointed and maintained by the joint venture to maintain list of venturers' names and mailing addresses [*see Corp. Code § 16303(b)*].

(4) Names of joint venturers authorized to execute any instrument transferring real property held in name of joint venture.

(5) Specification of authority, or limitations on authority, of some or all joint venturers to enter into other transactions on behalf of joint venture and any other matter.

b. Have statement of partnership authority executed by at least two joint venturers [*Corp. Code § 16105(c)*].

c. File statement of partnership authority with Secretary of State [*Corp. Code § 16105(a)*].

d. Obtain certified copies of filed statement of partnership authority from Secretary of State, and file certified copies in recorder's office in each county in which joint venture will do business [*see Corp. Code § 16303(e)*].

NOTE:

A person that is not part of a joint venture is deemed to know of a limitation on the authority of a joint venturer to transfer real property held in the venture's name if a certified copy of the filed statement of partnership containing the limitation is of record in the office for recording transfers of real property [*Corp. Code § 16303(e)*].

13-29A California Legal Forms--Transaction Guide § 29A.130

§ 29A.130 Joint Venture Agreement

1. Draft general provisions and recitals, specifying date of agreement and identifying parties [*see, e.g., §§ 29A.200[2]*; *29A.201[2]*; *29A.202[2]*; *29A.203[2]*].

2. State purpose of joint venture [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 1; 29A.201[2], P 1; 29A.202[2], P 1; 29A.203[2], P 1].

3. Specify name of joint venture [*see, e.g., §§ 29A.200[2]*, P 2; 29A.202[2], P 2; 29A.203[2], P 2].

4. Specify term of joint venture [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 3; 29A.201[2], P 10; 29A.202[2], P 20; 29A.203[2], P 10].

5. Specify how title to joint venture real property is to be acquired and held by joint venture [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 4; 29A.201[2], P 2; 29A.203[2], P 3].

6. Specify contributions to be made by each joint venturer to capital of joint venture [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 5; 29A.201[2], P 4; 29A.202[2], PP 4, 5; 29A.203[2], P 5].

7. Draft provisions for management of joint venture real property [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 7; 29A.201[2], P 5; 29A.203[2], P 13].

8. Draft provisions for sharing of profits and losses among joint venturers [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, PP 12, 13; 29A.201[2], P 9; 29A.202[2], PP 13, 14; 29A.203[2], P 6].

9. Draft provision governing payment of compensation to joint venturers for services rendered to venture [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 8; 29A.202[2], P 15; 29A.203[2], P 12].

10. If appropriate, draft authorization for manager to make short-term rental of property pending disposition of property by joint venture [*see §§ 29A.111*, P 1; *see, e.g., § 29A.201[2]*, P 11].

11. If appropriate, draft provisions for construction of improvements on joint venture real property, including provisions for financing of construction [*see §§ 29A.111*, P 1; *see, e.g., § 29A.202[2]*, PP 6-10].

12. Specify insurance to be obtained by joint venture [*see §§ 29A.111*, P 1; *see, e.g., § 29A.202[2]*, P 11].

13. Provide for keeping of books of account for joint venture [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 9; 29A.202[2], P 16; 29A.203[2], P 8].

14. Specify fiscal year of joint venture [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 10; 29A.202[2], P 17].

15. Draft provisions for joint venture's bank account [*see §§ 29A.111*, P 1; *see, e.g., § 29A.202[2]*, P 18].

16. Provide for accountings between joint venturers [*see §§ 29A.111*, P 1; *see, e.g., § 29A.200[2]*, P 11].

17. If desired, include provision for arbitration of disputes between joint venturers [*see, e.g., § 29A.202[2]*, P 19].

18. Draft provisions governing dissolution of joint venture [*see §§ 29A.111*, P 1; *see, e.g., §§ 29A.200[2]*, P 14; 29A.202[2], P 20; 29A.203[2], PP 10, 11].

19. Specify manner of giving notices [*see, e.g., §§ 29A.200[2]*, P 15; 29A.201[2], P 12; 29A.202[2], P 23; 29A.203[2], P 14].

20. Draft provision making agreement binding on heirs, successors, and assigns of joint venturers [*see, e.g., §§ 29A.201[2]*, P 13; 29A.202[2], P 24; 29A.203[2], P 16].

21. State that agreement is sole agreement as to joint venture [*see, e.g., §§ 29A.200[2]*, P 17; 29A.201[2], P 14; 29A.202[2], P 25; 29A.203[2], P 15].

22. Specify whether and how joint venture agreement may be modified or amended [*see, e.g., §§ 29A.200[2]*, P 18; 29A.201[2], P 15; 29A.202[2], P 26; 29A.203[2], P 17].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART IV. FORMS

13-29A California Legal Forms--Transaction Guide § 29A.200

§ 29A.200 Joint Venture Agreement for Real Property Investment--Agreement Between Two Persons for Joint Purchase and Operation of Apartment Building

[1] Comment--Use of Form

This form is a basic agreement for the ownership and operation of an apartment building as a joint venture. Because the venture is intended to last for a long period of time, it provides that legal title to the apartment building will be held in the names of one joint venturer and his or her spouse as joint tenants as to an undivided half interest and in the names of the other joint venturer and his or her spouse as joint tenants as to an undivided half interest. Thus, on the death of either joint venturer, his or her interest in the apartment building will automatically vest in his or her spouse. For additional discussion of the manner in which title to real property may be held and conveyed by a joint venture, see *§ 29A.21[1]*.

This form provides that each joint venturer must bear the same proportion of joint venture losses that he or she would receive of profits if the joint venture is successful. The provision may be modified to make each joint venturer's share of profits different from his or her share of losses. However, for federal income-tax purposes, the allocation to a joint venturer under the joint venture agreement of any item of income, gain, loss, deduction, or credit will not be upheld unless it has substantial economic effect independent of income-tax consequences [*I.R.C. § 704(b)(2)*; *see § 29A.11[3][c]*].

Many of the provisions contained in the agreements *set forth in §§ 29A.201*, *29A.202*, and *29A.203* may be substituted for particular provisions in this form. Also, provisions in the forms in Ch. 15, *General Partnerships* , may be added to or substituted for provisions of the agreement in this form.

[2] FORM

Joint Venture Agreement for Real Property Investment--Agreement Between Two Persons for Joint Purchase and Operation of Apartment Building

JOINT VENTURE AGREEMENT

THIS JOINT VENTURE AGREEMENT is entered into this _____ day of _____ [*month*], _____ [

year], by and between _____ [*name*] and _____ [*name*]. The parties have agreed and by these presents do hereby agree to associate themselves as joint venturers on the following terms and conditions.

Purpose of Joint Venture

1. The purpose of this joint venture shall be the purchase, ownership, and operation of an apartment building known as the "_____ Apartments," with an address of _____ [*number and street*], _____ [*city*], in _____ [*name of county*] County, California, and more particularly described as follows: _____ [*insert legal description of real property on which apartment building is located*].

Name of Joint Venture

2. The name of this joint venture shall be "_____ Apartments."

Term of Joint Venture

3. This joint venture shall commence on execution of this Agreement by the parties and shall continue until dissolved by mutual consent of the parties or terminated as provided for this Agreement.

Ownership of Apartment Building

4. Legal title to the apartment building and the real property on which it is located shall be acquired by this joint venture and maintained thereafter during the term of this joint venture in the names of _____ [*name of first joint venturer*] and _____ [*name of spouse*], _____ [his *or* her] spouse, as joint tenants as to an undivided half interest, and _____ [*name of second joint venturer*] and _____ [*name of spouse*], _____ [his *or* her] spouse, as joint tenants as to an undivided half interest.

Initial Capital

5. The initial capital of this joint venture shall be the sum of $_____, which shall, on or before _____ [*date*], be contributed to the joint venture by the parties as follows:

(a) _____ [*Name*] shall deposit in an escrow for the purchase of the apartment building to be opened at the _____ [*location*] Office of the _____ [*name*] Title Company in _____ [*city*], California, the sum of $_____, to be used as part of the down payment for the apartment building, together with an option for the purchase of the apartment building for which _____ [he *or* she] paid $_____ and for which _____ [he *or* she] shall be credited as contributing that sum to the joint venture;

(b) _____ [*Name*] shall deposit in an escrow for the purchase of the apartment building to be opened at the _____ [*location*] Office of the _____ [*name*] Title Company in _____ [*city*], California, the sum of $_____, to be used as part of the down payment for the apartment building, and shall deposit in a checking account in the name of the joint venture at the _____ [

location] Office of _____ [*name*] Bank in _____ [*city*], California, the sum of $_____ to be used as initial operating capital of the joint venture.

Purchase of Apartment

6. This joint venture shall purchase the apartment building on the terms contained and manner described in the "Option for Purchase of Real Property," attached to this Agreement and marked "Exhibit A."

Management

7. Each party shall have an equal voice in the management of this joint venture and the apartment building, and each party shall have authority to bind the joint venture in making contracts and incurring obligations in the name and on the credit of the joint venture, provided, however, that:

(a) _____ [*name*] shall be the resident manager of the apartment building having full charge of its day-to-day operations, and

(b) Neither party shall incur any obligations in the name or on the credit of the joint venture exceeding $_____ without the express written consent of the other party.

Salaries

8. Neither of the parties to this Agreement shall be entitled to any compensation for rendering services in and about the joint venture business or the apartment building, but _____ [*name*] shall be entitled to rent-free occupancy of a two-bedroom, two-bath apartment in the apartment building in exchange for _____ [his *or* her] services as resident manager of the apartment building.

Books of Account

9. At all times during the continuation of this joint venture, the parties shall keep accurate books of account in which all matters relating to the joint venture and the apartment building, including all income, expenditures, assets, and liabilities thereof, shall be entered. The books of account shall be kept on _____ [an accrual *or* a cash] basis and shall be open to examination by either party to this Agreement at any time.

Fiscal Year

10. The fiscal year of this joint venture shall end on the _____ day of [*month*] each year.

Accountings

11. A complete accounting of the joint venture affairs as of the close of business on the last day of March, June, September, and December of each year shall be rendered to each party to this Agreement within _____ [*number*] days after the close of each of those months. On each such accounting being made, the net profits and losses of the joint venture shall be distributed between the parties as herein provided. Except as to manifest errors brought to

the attention of the other party to this Agreement within _____ [*number*] days after its rendition, each such accounting shall be final and conclusive as to each party to this Agreement.

Profits and Losses

12. Any net profits or losses that may accrue to the joint venture shall be distributed to or borne by the joint venturers in equal proportions [*or* in the following proportions: _____ (*specify, e.g.*, Jones 60 percent and White 40 percent].

Net Profits and Losses Defined

13. The terms "net profits" and "net losses" as used in this Agreement shall mean the net profits or net losses of this joint venture as determined by generally accepted accounting principles for each accounting period provided for in this Agreement.

Dissolution of Joint Venture

14. On dissolution of this joint venture, the affairs of the joint venture shall be wound up, the assets of the joint venture liquidated, the debts of the joint venture paid, and the surplus divided among the parties to this Agreement according to their then net worth in the joint venture.

Notices

15. Any notice or other communication required or permitted by this Agreement or by law to be delivered to, served on, or given to either party to this Agreement by the other party to this Agreement shall be in writing and shall be deemed properly delivered, served, or given when personally delivered to the party to whom it is directed or, in lieu of such personal service, when deposited in the United States mail, first-class postage prepaid, addressed to _____ [*name of party*] at _____ [*number and street*], _____ [*city*], California _____ [*zip code*], or to _____ [*name of party*] at _____ [*number and street*], _____ [*city*], California _____ [*zip code*], as appropriate. Either party may change _____ [his *or* her *or* his or her] address for purposes of this paragraph by giving written notice of such change.

Consents and Agreements

16. Any consent or agreement provided for or permitted by this Agreement shall be in writing, and a signed copy thereof shall be filed and kept with the books of the joint venture.

Sole Agreement

17. This instrument contains the only agreement of the parties relating to their joint venture and correctly sets forth the rights, duties, and obligations of each to the other in connection with the joint venture as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force or effect.

Amendment

18. This Agreement may be amended or modified in any way by an instrument in writing, stating the amendment or modification, signed by both parties and attached to this Agreement.

EXECUTED at _____ County, California, on the day and year first above written.

_____ [*signature*]
[*typed name*]
_____ [*signature*]
[*typed name*]

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART IV. FORMS

13-29A California Legal Forms--Transaction Guide § 29A.201

§ 29A.201 Joint Venture Agreement for Real Property Investment--Agreement to Purchase Property for Speculative Resale to Developer

[1] Comment--Use of Form

This form sets forth an agreement between two or more persons to speculate on certain specific land having potential for subdivision or other development. Because the length of time the joint venture will need to hold the real property before it can be sold at a profit to a developer is uncertain, the agreement appoints a manager for the joint venture property. However, the duties, and therefore the authority, of the manager are rather limited. He or she is charged with the duty of keeping track of the payments and taxes on the property and seeing they are paid as they become due. The only express authority given to the manager is the authority to rent the real property for grazing or other temporary purposes pending its sale to a developer. In a typical case, any of the joint venturers, the bookkeeper for the joint venture, or the real estate broker who helped bring about the joint venture will be named manager.

Because the length of time the joint venture will hold the speculative real property is uncertain, the agreement in this form also provides for contributions by the joint venturers of such amounts as may be needed from time to time to meet mortgage and tax payments on the property. In the ideal situation, the property can be sold at a profit to a developer before any installment on the purchase-money mortgage or deed of trust executed by the joint venturers or any installment of taxes levied on the property becomes due. It also contains a provision that can be used either to require rentals received from use of the property pending its sale to be divided among the joint venturers equally, or to authorize their retention by the property manager.

Many of the provisions contained in the agreements *set forth in §§ 29A.200*, *29A.202*, and *29A.203* may be substituted for particular provisions in this form. Also, provisions in the forms in Ch. 15, *General Partnerships* , may be added to or substituted for provisions of the agreement in this form.

[2] FORM

Joint Venture Agreement for Real Property Investment--Agreement to Purchase Property for Speculative Resale to Developer

JOINT VENTURE AGREEMENT

THIS JOINT VENTURE AGREEMENT is entered into this _____ day of _____ [*month*], _____ [*year*], by and between _____ [*name*] and _____ [*name*]. The parties have agreed and by these presents do hereby agree to associate themselves as joint venturers on the following terms and conditions.

Purpose of Joint Venture

1. The only purpose of this joint venture shall be the purchase, ownership, and resale for development purposes of the real property in the County of _____, California, described as follows: _____ [*insert legal description of real property*]. This property shall be referred to in this Agreement as the "Joint Venture Property."

Title to Joint Venture Property

2. Legal title to the Joint Venture Property shall be acquired and maintained during the term of this joint venture in the names of _____ [*name of first joint venturer*] and _____ [*name of second joint venturer*] as tenants in common.

Purchase of Joint Venture Property

3. This joint venture shall purchase the Joint Venture Property on the terms and conditions contained, and in the manner described, in that certain "Contract for Sale of Real Property" dated _____, executed by the parties to this Agreement as "Buyers," a copy of which contract is attached to this Agreement and marked "Exhibit A." Each party agrees to promptly on request execute, or execute and acknowledge, any and all instruments, including proper instructions, necessary to the complete performance by them as Buyers under the contract.

Initial Investment

4. Each party to this Agreement shall contribute the sum of $_____, which is half of the down payment required for the purchase of the Joint Venture Property, by depositing that sum on or before _____ [*date*] in an escrow established for the purchase of the Joint Venture Property with the _____ [*location*] Office of the _____ [*name*] Title Company in _____ [*city*], California. Further, each party to this Agreement agrees to pay promptly into that escrow, on request of _____ [*name*] Title Company, half of all the prorations, expenses, and costs required to be paid by "Buyers" pursuant to the contract attached as "Exhibit A" in order to close the escrow for the purchase of the Joint Venture Property by this joint venture.

Management

5. _____ [*Name*] shall have active management of the Joint Venture Property during the continuation of this joint venture, shall make all payments coming due on the Joint Venture Property during the term of this joint venture, and shall promptly notify each party to this Agreement at least 20 days before they become due of all installments of principal or interest and taxes becoming due on account of the Joint Venture Property or the purchase of the Joint Venture Property by this joint venture. However, no sale or other action shall be taken concerning the Joint Venture Property except as expressly provided in this Agreement without the express consent of all parties to this

Agreement.

Taxes and Installments

6. Each party to this Agreement agrees to pay by depositing with _____ [*name of manager*] at _____ [*number and street*], _____ [*city*], California, at least 10 days before they become due:

(a) Half of any and all installments of principal or interest becoming due under the contract attached as "Exhibit A" during the term of this joint venture, and

(b) Half of any and all taxes, including any water or sewer taxes imposed by any district charged with the responsibility for furnishing water or sewer services to the Joint Venture Property, levied or assessed against the Joint Venture Property during the term of this joint venture.

Default Clause

7. Should any party to this Agreement default in the payment of any amounts required by Paragraph 6 of this Agreement, such amount may be paid by the other party to this Agreement and charged as a lien on the interest of the defaulting party in the Joint Venture Property payable, together with interest at the annual rate of 6 percent, from the share of the defaulting party on the sale of the Joint Venture Property.

Sale of Property

8. The Joint Venture Property, after its acquisition by this joint venture, shall be continuously listed for sale by this joint venture with _____ [*name of broker*], a licensed real estate broker, and shall be sold on receipt of an offer for its purchase by a reputable buyer, acceptable to the parties to this Agreement, at a price agreeable to the parties to this Agreement at least _____ [*number, e.g.,* 150] percent of the purchase price recited in the contract hereto attached marked "Exhibit A." However, no such offer to purchase shall be accepted by this joint venture unless:

(a) The proposed buyer is a reputable firm or individual in a solvent condition able to pay all its or his obligations as they mature;

(b) Not less than _____ [*number*] percent, but not more than 30 percent, of the full purchase price for the Joint Venture Property is payable in cash at the close of escrow;

(c) The unpaid balance of the purchase price shall be secured by a Deed of Trust on the Joint Venture Property that may be subordinate or subordinated only to construction loans from institutional lenders that (1) are to be used only to finance the construction of designated improvements on the Joint Venture Property; (2) do not bear interest, exclusive of late charges and penalties or fees payable in case of default, greater than _____ [*number*] percent per annum; and (3) do not exceed half of the contemplated value of the improvement, when completed, each is to finance.

Proceeds of Sale

9. The net proceeds of any sale pursuant to Paragraph 8 of this Agreement, including payments made on any promissory note executed as part of the purchase price in a sale pursuant to Paragraph 8, shall be divided among and distributed to the parties to this Agreement equally [*or* according to the contribution made by each to the purchase price paid by this joint venture for the Joint Venture Property *or* in the following manner: _____ (*specify, e.g.,* 60 percent to John Jones and 40 percent to John White)].

Term of Joint Venture

10. The term of this joint venture shall commence on execution of this Agreement and continue until the full purchase price agreed to be paid to this joint venture as part of any sale pursuant to Paragraph 8 of this Agreement has been paid in full.

Rental of Joint Venture Property

11. Pending close of escrow for any sale described in Paragraph 8 of this Agreement, the manager named in Paragraph 5 of this Agreement may at any time and from time to time rent the Joint Venture Property, for grazing or other purposes that do not require the erection of permanent improvements on the Joint Venture Property, for such rental as may to _____ [him *or* her] seem reasonable. Any such rental shall, however, be on express condition it may be terminated within _____ [*number*] days after the close of escrow for any sale described in Paragraph 8 of this Agreement. Any rentals received for renting of the Joint Venture Property pursuant to this paragraph shall be equally divided, as received, among the parties to this Agreement [*or* retained by the manager for _____ [his *or* her] efforts in renting the Joint Venture Property].

Notices

12. Any notice or other communication required or permitted by this Agreement or by law to be delivered to, served on, or given to either party to this Agreement by the other party to this Agreement shall be in writing and shall be deemed properly delivered, served, or given when personally delivered to the party to whom it is directed or, in lieu of such personal service, when deposited in the United States mail, first-class postage prepaid, addressed to _____ [*name of party*] at _____ [*number and street*], _____ [*city*], California _____ [*zip code*], or to _____ [*name of party*] at _____ [*number and street*], _____ [*city*], California _____ [*zip code*], as appropriate. Any party may change _____ [his *or* her *or* his or her] address for purposes of this paragraph by giving written notice of such change.

Binding on Heirs

13. The provisions of this Agreement shall be binding on and inure to the benefit of the parties hereto and their heirs, administrators, and executors.

Sole Agreement

14. This instrument contains the only agreement of the parties relating to their joint venture and correctly sets forth the rights, duties, and obligations of each to the other in connection with the joint venture as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force or effect.

Amendment

15. This Agreement may be amended or modified in any way by an instrument in writing, stating the amendment or modification, signed by both parties.

EXECUTED at _____ County, California, on the day and year first above written.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART IV. FORMS

13-29A California Legal Forms--Transaction Guide § 29A.202

§ 29A.202 Joint Venture Agreement for Real Property Investment--Agreement Between Real Property Owner and General Contractor to Construct Apartment Building on Owner's Land for Speculative Sale

[1] Comment--Use of Form

This is a joint venture agreement between two parties who wish to combine their assets and talents to build an apartment house and sell it for a profit. Under the agreement, the apartment house is to be constructed by a joint venturer who is a licensed general contractor, on a specific piece of real property owned by the other joint venturer. Each joint venturer agrees to pay half of certain fees and to deposit specified sums in a joint venture bank account to cover general operating expenses of the joint venture. The major part of the cost of constructing the apartment building is, however, to be financed by a construction loan from a commercial lending institution [*see* [2], P 7, *below*].

By the terms of this agreement, the joint venture--consisting of the real property owner and the general contractor--is to sign a construction contract with the general contractor to construct the apartment building that is the subject of their joint venture. In other words, one joint venturer will assume full control and responsibility as a general contractor for construction of the apartment building. For the construction contracts that may be made between the joint venture and the general contractor, see Ch. 30D, *Construction Contracts and Subcontracts* .

This form provides that title to the real property involved is to remain in the name of the owner as trustee for both joint venturers until the apartment building is sold. Because the apartment building may not be sold as soon as it is completed, this form provides that the joint venturer who owns the real property may manage and operate the apartment building on behalf of the joint venture until it is sold. The proceeds from the operation are to be divided equally at the end of each month.

This form provides that on sale of the apartment building the net proceeds are to be divided equally between the joint venturers. If the sale results in a loss, however, the agreement provides for different proportions in which the loss will be borne by the two joint venturers. For federal income tax purposes, an allocation to a joint venturer under a joint venture agreement of any item of income, gain, loss, deduction, or credit will not be upheld unless it has substantial economic effect independent of income tax consequences. If the allocation agreement is not upheld, the allocation to a joint venturer is determined in accordance with the person's interest in the joint venture (determined by taking into

account all facts and circumstances) [*I.R.C. § 704(b)*; *see § 29A.11[3][c]*].

Many of the provisions contained in the agreements *set forth in §§ 29A.200*, *29A.201*, and *29A.203* may be substituted for particular provisions in this form. Also, provisions in the forms in Ch. 15, *General Partnerships* , may be added to or substituted for provisions of the agreement in this form.

[2] FORM

Joint Venture Agreement for Real Property Investment--Agreement Between Real Property Owner and General Contractor to Construct Apartment Building on Owner's Land for Speculative Sale

JOINT VENTURE AGREEMENT

THIS JOINT VENTURE AGREEMENT is entered into this _____ day of _____ [*month*], _____ [*year*], by and between _____ [*name*], "Owner," and _____ [*name*], "Contractor."

Recitals

A. *Identity of Owner and Property.* Owner is the owner of [*or* will acquire at _____ (his *or* her) own cost and expense] certain real property in the County of _____, California, described as follows: _____ [*insert legal description of real property*]. This property shall be referred to in this Agreement as the "Joint Venture Property."

B. *Identity of Contractor*. Contractor is a General Contractor duly licensed as such by the Contractors State License Board of the State of California and experienced in the construction of apartment buildings and other multiple-unit buildings.

C. *Identity of Project.* Owner and Contractor wish to erect for operation and sale an apartment building, herein called the "_____ [*name*] Apartment Building," of approximately _____ [*number*] units on the Joint Venture Property.

Formation of Joint Venture

The parties have agreed and by these presents do hereby agree to associate themselves as joint venturers on the following terms and conditions.

Purpose of Joint Venture

1. The purpose of this joint venture is to erect, operate, and sell the _____ [*name*] Apartment Building on the Joint Venture Property.

Name of Joint Venture

2. The name of this joint venture shall be _____ [*name of joint venture*].

Office for Joint Venture

3. This joint venture shall maintain an office for the transaction of its business at _____ [*number and street*], _____ [*city*], California. However, the location of the office may be changed by mutual agreement of the parties to any other site or sites that may be convenient to the erection, operation, and sale of the _____ [*name*] Apartment Building.

Contributions of Owner

4. Owner shall contribute all of the following to this joint venture:

(a) The Joint Venture Property, having an agreed value of $_____. However, record title to the Joint Venture Property shall remain in the name of Owner until the _____ [*name*] Apartment Building is sold pursuant to Paragraph 13 of this Agreement.

(b) The sum of $_____, to be used for general operational expenses of this joint venture and to be deposited in a checking account in the name of the joint venture at the _____ [*location*] Office of _____ [*name*] Bank in _____ [*city*], California, within _____ [*number*] days after execution of this Agreement.

(c) Half the cost, payable as they become due, of both of the following:

(1) Securing architect's plans and specifications for the _____ [*name*] Apartment Building.

(2) Obtaining any permits or licenses required for the construction or operation of the _____ [*name*] Apartment Building.

Contributions of Contractor

5. Contractor shall contribute all of the following to this joint venture:

(a) The 10-percent profit, normally earned by Contractor on multiple-unit construction contracts, that would otherwise be earned by Contractor on the contract for constructing the _____ [*name*] Apartment Building.

(b) The sum of $_____, to be used for general operational expenses of this joint venture and to be deposited in a checking account in the name of the joint venture at the _____ [*location*] Office of _____ [*name*] Bank in _____ [*city*], California, within _____ [*number*] days after execution of this Agreement.

(c) Half the cost, payable as they become due, of both of the following:

(1) Securing architect's plans and specifications for the _____ [*name*] Apartment Building.

(2) Obtaining any permits or licenses required for the construction or operation of the _____ [*name*] Apartment Building.

Architectural Plans and Specifications

6. Immediately following execution of this Agreement by both parties [*or* Immediately following the Joint Venture Property becoming available for construction of the _____ (*name*) Apartments], Contractor shall cause complete architectural plans and specifications, complying with the laws of the State of California and the city and county in which the Joint Venture Property is located, to be prepared for the _____ [*name*] Apartment Building by a qualified licensed architect. However, no such plans and specifications shall be placed into execution or accepted by this joint venture until approved by both parties to this Agreement. Further, the costs and expenses of causing such architectural plans and specifications to be prepared shall be an expense of this joint venture payable by it as provided in this Agreement.

Construction Financing

7. Immediately following preparation and acceptance by this joint venture of the plans and specifications described in Paragraph 6 of this Agreement, Contractor shall use _____ [his *or* her] best efforts to obtain from a commercial lending institution, at the most favorable rates and on the most favorable terms reasonably available, construction financing for the _____ [*name*] Apartment Building. In obtaining such financing, Contractor will attempt to arrange for all of the following:

(a) Payments on the construction loan not to commence until after completion of the _____ [*name*] Apartment Building.

(b) Interest to be charged on the construction loan only on funds actually paid out by the lending institution and then only from the date they are paid out by the lending institution.

(c) Construction loan funds to remain on deposit with the lending institution making the construction loan and to be paid out by it only pursuant to vouchers issued pursuant to the voucher system described in Paragraph 10 of this Agreement.

(d) A commitment, if possible, for long-term permanent financing of the _____ [*name*] Apartment Building after the completion of construction.

Building Permits

8. When a binding commitment for construction financing has been obtained from a lending institution pursuant to Paragraph 7 of this Agreement, Contractor shall apply for and secure, at the cost and expense of this joint venture, all building and use permits required for the construction of the _____ [*name*] Apartment Building.

Construction of Apartment Building

9. When arrangements for construction financing have been made and a building permit has been issued for the _____ [*name*] Apartment Building, this joint venture as owner of the _____ [*name*] Apartment Building shall enter into a construction contract in the form attached to this Agreement, with Contractor as General Contractor for the construction of the _____ [*name*] Apartment Building. In Contractor's capacity as General Contractor under the construction contract, and not in a capacity as a member of this joint venture, Contractor shall supply, purchase, hire, and make subcontracts for all labor, material, and equipment required for the construction of the _____ [*name*] Apartment Building. All such contracts, purchases, and hiring shall

be made in the individual [*or* corporate] name of Contractor and not in the name of this joint venture. Contractor shall have no authority to enter into any contracts or incur any obligations in the name or on the credit of this joint venture or Owner. Contractor, in Contractor's capacity as General Contractor under the above construction contract, shall supervise complete construction of the _____ [*name*] Apartment Building. Contractor agrees that the _____ [*name*] Apartment Building will be completed within _____ [*number, e.g.,* eight] months after commencement of construction unless delayed by acts of God or other acts beyond Contractor's control. Contractor further agrees to commence, as General Contractor under the construction contract, construction of the _____ [*name*] Apartment Building within _____ [*number, e.g.,* 30] days after issuance of a building permit for the work, weather permitting.

Payment of Construction Costs

10. All construction funds for the construction of the _____ [*name*] Apartment Building shall remain on deposit with the lending institution making the construction loan and shall be disbursed only on vouchers signed by Contractor and countersigned as approved by Owner. Vouchers will be prepared by Contractor. No voucher will be issued for an amount in excess of 90 percent of the cost of work, labor, or materials already actually performed or furnished to the construction of the _____ [*name*] Apartment Building. Contractor's signature on a voucher will be Contractor's certification that the amount of the voucher represents no more than 90 percent of the value of work, labor, or materials actually performed or supplied to the construction of the _____ [*name*] Apartment Building by the person or firm to whom the voucher is payable. Owner shall have the power to inspect any work, labor, or materials allegedly furnished in connection with the construction of the _____ [*name*] Apartment Building before approving a voucher for the work, labor, or materials. All amounts withheld and not paid by vouchers during the course of construction for work, labor, or materials furnished in the construction of the _____ [*name*] Apartment Building shall be paid to the person who performed or furnished the work, labor, or materials after completion of the _____ [*name*] Apartment Building and expiration of the period within which mechanics' liens could be filed for the construction of the _____ [*name*] Apartment Building.

Insurance

11. Owner, at the cost and expense of this joint venture, shall procure and maintain insurance to protect and hold this joint venture, and each of the joint venturers, harmless from all liability arising because of the construction, operation, and sale of the _____ [*name*] Apartment Building, including all of the following:

(a) A comprehensive general liability policy with limits not less than $_____ per occurrence.

(b) Fire, burglary, and other insurance indemnifying this joint venture for any loss or damage caused to the _____ [*name*] Apartment Building during the course of construction and thereafter by fire, water, burglary, or act of God.

(c) Workers' compensation insurance insuring any persons who become employees of this joint venture. Owner and Contractor have procured and will maintain during the continuation of this Agreement adequate workers' compensation insurance to cover persons employed by each of them in their individual capacities. Contractor will require each subcontractor employed by it to perform work or labor in the construction of the _____ [*name*] Apartment Building to furnish a certificate to Owner showing the employees of the subcontractor are fully covered by adequate workers' compensation insurance. Contractor will at all times maintain with Owner a certificate showing all persons employed by Contractor in the construction of the _____ [*name*] Apartment Building as General Contractor under the contract described in Paragraph 9 of this Agreement are covered by adequate workers'

compensation insurance.

Operation and Sale of Apartment Building

12. On completion of construction of the _____ [*name*] Apartment Building, it and the land on which it is located shall be promptly listed for sale with reputable real estate brokers at such price and on such terms as may be agreed on by the parties to this Agreement. Pending any such sale of the _____ [*name*] Apartment Building, it shall be operated as an apartment building in the following manner:

(a) Owner shall have charge of the day-to-day management of the _____ [*name*] Apartment Building and shall be entitled to a two-bedroom apartment, rent free, in the _____ [*name*] Apartment Building as resident manager of the _____ [*name*] Apartment Building.

(b) The _____ [*name*] Apartment Building shall be maintained and managed in accordance with the standards of reasonable apartment management in the community and, should Owner fail to maintain such standards, Contractor may demand that Contractor or Contractor's nominee be entrusted with day-to-day management of the _____ [*name*] Apartment Building.

(c) No expenditures or liabilities shall be made in the name or on this credit of this joint venture in the management and operation of the _____ [*name*] Apartment Building exceeding $_____ without the express written consent of both parties to this Agreement.

(d) The rentals to be charged for and the terms on which apartments are to be rented in the _____ [*name*] Apartment Building shall be determined according to prevailing rental policies in the community and at all times shall be sufficient to pay any installments coming due on the construction loan used to finance construction of the _____ [*name*] Apartment Building.

(e) A complete accounting of the operation of the _____ [*name*] Apartment Building shall be rendered as of the close of business each calendar month to each party to this Agreement within _____ [*number*] days after the close of each month, and on such accounting being made, the net profits and losses of the operation shall be distributed between the parties to this Agreement in equal proportions. If not objected to within _____ [*number*] days after it is rendered, each such accounting shall be binding and conclusive as to each party to this Agreement.

Sale of Apartment Building

13. On sale of the _____ [*name*] Apartment Building after its completion, the net proceeds from the sale, after payment of all necessary costs and expenses and commissions of the sale and the escrow for the sale, shall be disbursed as follows:

(a) First, all liens and encumbrances, including any mortgage or deed of trust securing a construction loan, then encumbering the _____ [*name*] Apartment Building and the land on which it is located, shall be paid;

(b) Second, all other unpaid debts incurred by this joint venture shall be paid;

(c) Third, Owner shall be reimbursed for the costs expended by Owner in acquiring the Joint Venture Property on which the _____ [*name*] Apartment Building is located; and

(d) Finally, any remaining balance of the purchase price paid to this joint venture for the _____ [*name*] Apartment Building shall be equally divided between and distributed to the parties to this Agreement.

Loss on Sale

14. Notwithstanding anything specified in Paragraph 13 of this Agreement, if the sale of the _____ [*name*] Apartment Building after completion should result in a net loss to this joint venture, that loss shall be borne by the parties in the following proportions: Owner shall bear _____ percent of the loss, and Contractor shall bear _____ percent of the loss.

No Compensation

15. Neither of the parties to this Agreement shall be entitled to any compensation for services rendered in and about this joint venture, the construction of the _____ [*name*] Apartment Building, or the operation and sale of the _____ [*name*] Apartment Building after it is completed.

Books of Account

16. At all times during the continuation of this joint venture, the parties shall keep accurate books of account in which all matters relating to the joint venture and the apartment building, including all income, expenditures, assets, and liabilities thereof, shall be entered. The books of account shall be kept on _____ [an accrual *or* a cash] basis and shall be open to examination by either party to this Agreement at any time.

Fiscal Year

17. The fiscal year of this joint venture shall end on the _____ day of [*month*] each year.

Bank Account

18. A bank account in the name of this joint venture shall be maintained at the _____ Office of _____ [*name*] Bank in _____ [*city*], California. All expenditures made by or on behalf of this joint venture directly shall be made by check drawn on that account, and all rentals received from apartments in the _____ [*name*] Apartment Building, after its completion, shall be deposited in that account. All checks on that account must be signed by an authorized representative of both parties to the Agreement.

Arbitration

19. Should any controversy arise between the parties to this Agreement concerning this joint venture, construction of the _____ [*name*] Apartment Building, operation of the _____ [*name*] Apartment Building, sale of the _____ [*name*] Apartment Building, or the rights and duties of either party under this Agreement, the controversy shall be settled by arbitration in the following manner. Each party shall select and appoint one arbitrator. The two arbitrators so appointed shall select and appoint a third arbitrator. The decision in writing of any two of the arbitrators so appointed shall be binding and conclusive as to both parties to this Agreement. Should either party to this Agreement fail to appoint an arbitrator as required by this paragraph within

_____ [*number*] days after receiving written notice from the other party to so do, the arbitrator appointed by the other party shall act for both parties and his or her decision in writing shall be binding and conclusive on both parties to this Agreement. The cost and expense and fees of the arbitrators shall be borne by the parties equally or may be assessed by the arbitrators, in whole or in part, against either party to this Agreement.

Termination of Joint Venture

20. This joint venture shall commence on execution of this Agreement and shall continue until the first of any of the following events or conditions occurs:

(a) The sale, after completion, of the _____ [*name*] Apartment Building and the distribution of the proceeds of that sale in the manner provided in this Agreement.

(b) The insolvency of either party, as defined in Paragraph 21 of this Agreement.

(c) The Contractor's failure to complete construction of the _____ [*name*] Apartment Building within the time specified in this contract.

(d) The Contractor's cessation of labor on the construction of the _____ [*name*] Apartment Building for a period in excess of 60 days, unless the cessation is due to causes beyond Contractor's control.

(e) Any voluntary or involuntary assignment or transfer by either party to this Agreement, without the consent of the other party, of an interest in this joint venture.

(f) The mutual agreement of the parties to this Agreement.

(g) A substantial default or breach of this Agreement by either party.

(h) The death of either party to this Agreement.

Insolvency Defined

21. For purposes of Paragraph 20 of this Agreement, neither party shall be deemed "insolvent" unless that party either (a) is adjudged a bankrupt; (b) has a receiver appointed to take possession of all or substantially all that party's property because of insolvency; (c) makes a general assignment for the benefit of creditors; or (d) allows any attachment, execution, or judgment against that party to remain unsatisfied or unbonded for a period of 30 days or longer.

Remedies on Termination

22. Should this joint venture be terminated for any cause mentioned in Paragraph 20 of this Agreement other than the sale after completion of the _____ [*name*] Apartment Building or mutual agreement of the parties, then:

(a) If the termination is caused by Contractor, Owner may secure the services of any other General Contractor licensed as such by the Contractors State License Board of the State of California to complete the _____ [*name*] Apartment Building on such terms as Owner may find reasonable, and charge the same against Contractor's interest in this joint venture.

(b) If the termination is caused by Owner, Contractor may complete the _____ [*name*] Apartment Building, operate it for a period not exceeding six months after its completion, and then sell it, charging Owner's interest in this joint venture with any loss sustained by Contractor or any damages suffered by Contractor because of Owner's action causing termination.

Notices

23. Any notice or other communication required or permitted by this Agreement or by law to be delivered to, served on, or given to either party to this Agreement by the other party to this Agreement shall be in writing and shall be deemed properly delivered, served, or given when personally delivered to the party to whom it is directed or, in lieu of such personal service, when deposited in the United States mail, first-class postage prepaid, addressed to Owner at _____ [*number and street*], _____ [*city*], California _____ [*zip code*], or to Contractor at _____ [*number and street*], _____ [*city*], California _____ [*zip code*], as appropriate. Either party may change _____ [his *or* her *or* his or her] address for purposes of this paragraph by giving written notice of such change.

Binding on Heirs

24. The provisions of this Agreement shall be binding on and inure to the benefit of the parties and their heirs, administrators, and executors.

Sole Agreement

25. This instrument contains the only agreement of the parties relating to their joint venture, the Joint Venture Property, and the _____ [*name*] Apartment Building and correctly sets forth the rights, duties, and obligations of each to the other in connection with the joint venture as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force or effect.

Amendment

26. This Agreement may be amended or modified in any way by an instrument in writing, stating the amendment or modification, signed by both parties.

EXECUTED at _____ County, California, on the day and year first above written.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29A JOINT VENTURES
PART IV. FORMS

13-29A California Legal Forms--Transaction Guide § 29A.203

§ 29A.203 Joint Venture Agreement for Real Property Investment--Agreement Between Two Corporations, With One Corporation Lending Funds to Joint Venture

[1] Comment--Use of Form

This is a joint venture agreement between two corporations to invest in real property, with the venture terminating when its properties are sold or on a specified date, whichever is earlier. Under this agreement, one corporation is obligated to lend additional funds needed by the joint venture beyond the parties' initial capital contributions. In return, the lending corporation is given the option of continuing the joint venture beyond the contractual termination date if its loans have not been repaid [*see* [2], P 10, *below*].

Many of the provisions contained in the agreements *set forth in §§ 29A.200 through 29A.202* may be substituted for particular provisions in this form. Also, provisions in the forms in Ch. 15, *General Partnerships* , may be added to or substituted for provisions of the agreement in this form.

[2] FORM

Joint Venture Agreement for Real Property Investment--Agreement Between Two Corporations, With One Corporation Lending Funds to Joint Venture

JOINT VENTURE AGREEMENT

THIS JOINT VENTURE AGREEMENT is entered into this _____ day of _____ [*month*], _____ [*year*], by and between _____ [*name of first corporation*] and _____ [*name of second corporation*]. The parties have agreed and by these presents do hereby agree to associate themselves as joint venturers on the following terms and conditions.

Purpose of Joint Venture

1. The purpose of this joint venture shall be to purchase, own, operate, maintain, and lease, as an investment, certain

real property in the County of _____, California, described as follows: _____ [*insert legal description of real property*]. This property shall be referred to in this Agreement as the "Joint Venture Property."

Name of Joint Venture

2. The name of this joint venture shall be _____ [*name of joint venture*]. The joint venture shall file a fictitious-name certificate with the _____ [*name*] County Recorder's Office indicating that the parties are doing business in the name of _____ [*name of joint venture*]. The parties may, from time to time, jointly designate other persons and entities to act as nominees for the joint venture.

Title to Joint Venture Property

3. Legal title to the Joint Venture Property shall be acquired and maintained during the term of this joint venture in the names of _____ [*name of corporation*] and _____ [*name of second corporation*] as tenants in common.

Purchase of Joint Venture Property

4. This joint venture shall purchase the Joint Venture Property on the terms and conditions contained, and in the manner described, in that certain "Contract for Sale of Real Property" dated _____, entered into by _____ [*name*] as buyer and nominee for this joint venture. A copy of the contract is attached to this Agreement and marked "Exhibit A." Each party agrees to promptly on request execute, or execute and acknowledge, any and all instruments, including proper instructions, necessary to the complete the purchase of the Joint Venture Property.

Initial Capital

5. The initial capital of this joint venture shall be $_____, to be contributed by the parties in equal shares. An individual capital account shall be maintained for each party, and no interest shall be paid or shall accrue on the capital account of either party.

Interests of Parties

6. Each party shall have a 50-percent interest in this joint venture and in the net profits and losses of this joint venture. The respective interests of the parties in the joint venture shall not be transferred or assigned in whole or in part

Loans to Joint Venture

7. _____ [*Name of venturer that will make loans to venture*] shall lend to this joint venture all additional funds necessary or required in connection with the purchase, ownership, operation, maintenance, and leasing of the Joint Venture Property, as and when required. Each such loan is referred to in this Agreement as a "Joint Venture Loan," At the time of making any Joint Venture Loan, the joint venture shall execute and deliver to _____ [*name of venturer that will make loans to venture*] a promissory note in the principal amount of the loan, payable to the order of _____ [*name of venturer that will make loans to venture*]. Each note

shall be in the form and contain the provisions of the form of note attached to this Agreement and marked "Exhibit B."

Books of Account

8. At all times during the continuation of this joint venture, _____ [*name of party that will maintain books of account*] shall keep accurate books of account in which all matters relating to the joint venture, including all income, expenditures, assets, and liabilities thereof, shall be entered. The books of account shall be kept on _____ [an accrual *or* a cash] basis and shall be open to examination by _____ [*name of other party*] at any time.

Repayment of Joint Venture Loans

9. All receipts, income, and proceeds of and from the Joint Venture Property, except funds required for the operation and maintenance of the Joint Venture Property, shall be paid by the joint venture in repayment of Joint Venture Loans. So long as any part of any Joint Venture Loan remains unpaid, _____ [*name of party not making Joint Venture Loans*] shall not be entitled to any distributions or loans from the joint venture, except with the express written consent of _____ [*name of party making Joint Venture Loans*].

Term of Joint Venture

10. This joint venture shall dissolve and terminate when the Joint Venture Property is sold or otherwise disposed of, or until _____ [*date*], whichever is earlier, unless the parties agree in writing to dissolve and terminate the joint venture at a different time. If, as of the date on which the joint venture terminates, any Joint Venture Loan has not been fully repaid, _____ [*name of party making Joint Venture Loans*] shall have the exclusive right to exercise either of the following options within 30 days:

(a) To require the termination and dissolution of the joint venture. Within 90 days after any exercise of such option, all of the joint venture's noncash assets shall be sold for cash at the highest cash prices then available. If after such sale the cash assets shall not be sufficient to pay all of the joint venture's liabilities, the parties shall each contribute, as capital contributions, half of the aggregate cash amount required to pay and discharge in full all of such liabilities. The joint venture shall thereupon fully pay all of its liabilities, including without limitation all unpaid amounts on the Joint Venture Loans. All remaining assets of the joint venture shall be distributed as provided in Paragraph 11.

(b) To continue the joint venture until such time as the joint venture shall have fully repaid all of the Joint Venture Loans. If _____ [*name of party making Joint Venture Loans*] exercises this option to continue the joint venture, the maturity date of all then unpaid Joint Venture Loans shall be deemed extended to the end of the then-current fiscal year.

Distribution on Dissolution

11. On the dissolution of this joint venture, the assets of the joint venture, after full payment of all liabilities, including the repayment of all Joint Venture Loans, shall be distributed to the parties as follows: first, in discharge and to return the respective capital contributions of the parties, and second, in proportion to the respective rights of the parties to share net profits and losses of the joint venture, as set forth in Paragraph 6. In the event the assets of the joint venture are insufficient to return to the parties all or any part of their respective capital contributions (including the contributions made under the provisions of subparagraph (a) of Paragraph 11), neither party shall have any claim or recourse against

the other for any unreturned portion of their capital contributions. In the event that the assets of the joint venture are insufficient to pay and discharge all of its obligations and liabilities (including without limitations all of the obligations of the joint venture under the Joint Venture Loans), each of the parties shall contribute as capital contributions half of the aggregate amount required to pay and discharge in full all of such obligations and liabilities.

No Compensation

12. Neither of the parties to this Agreement shall be entitled to any compensation for services rendered to this joint venture, or in connection with any of its business or property, except as may be expressly agreed to in writing by both of the parties.

Management

13. All questions relating to activities and operations of this joint venture, and all questions relating to the sale or other disposition of the Joint Venture Property, shall be determined by agreement of the parties.

Notices

14. Any notice or other communication required or permitted by this Agreement or by law to be delivered to, served on, or given to either party to this Agreement by the other party to this Agreement shall be in writing and shall be deemed properly delivered, served, or given when personally delivered to the party to whom it is directed or, in lieu of such personal service, when deposited in the United States mail, first-class postage prepaid, addressed to _____ [*name of first corporation*] at _____ [*number and street*], _____ [*city*], California _____ [*zip code*], or to _____ [*name of second corporation*] at _____ [*number and street*], _____ [*city*], California _____ [*zip code*], as appropriate. Either party may change its address for purposes of this paragraph by giving written notice of such change.

Sole Agreement

15. This instrument contains the only agreement of the parties relating to their joint venture and correctly sets forth the rights, duties, and obligations of each to the other in connection with the joint venture as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force or effect.

Binding on Successors and Assigns

16. The provisions of this Agreement shall be binding on and inure to the benefit of the parties and their respective successors and assigns.

Amendment

17. This Agreement may be amended or modified in any way by an instrument in writing, stating the amendment or modification, and executed by both parties.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES

13-29B California Legal Forms--Transaction Guide Scope

Scope

Scope

This chapter discusses the formation and operation of real estate syndicates and the "nonpublic" offering of syndicate interests. A real estate syndicate is basically an organization of investors who have joined together for the purpose of pooling capital for the acquisition of real property interests. A nonpublic syndicate, typically a relatively small investment group organized as a limited partnership or limited liability company, is one that is exempt from federal and California securities regulation.

The Legal Background presents an overview of applicable laws, including exemptions from securities requirements under the securities laws, and federal tax law, which treats most nonpublic real estate syndicates as partnerships. Federal tax considerations applicable to such entities are discussed in more detail in Ch. 29A, *Joint Ventures* .

The Transaction Guide provides a step-by-step guide to the formation and operation of syndicates and to the offer and sale of syndicate interests. The Drafting Guide and Forms include checklists and samples that are helpful in preparing some of the more important syndicate documents, including a limited partnership agreement, limited liability company operating agreement, private offering memorandum, and subscription agreement.

For coverage of the requirements for "qualifying" the sale of real estate syndicate interests under the California Corporate Securities Law of 1968 [*see Corp. Code § 25000 et seq.*], see Ch. 29C, *Public Real Estate Syndicates* . Detailed coverage of all aspects of nonpublic and public real estate syndicates can be found in California Real Estate Law and Practice, Chs. 20- 35 (Matthew Bender).

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
A. Nature and Purpose of Nonpublic Real Estate Syndication

13-29B California Legal Forms--Transaction Guide § 29B.10

§ 29B.10 Nature of Nonpublic Real Estate Syndicate

[1] Nonpublic Real Estate Syndicate Defined

A real estate syndicate is simply a combination of two or more persons to invest in some form of real estate. No particular form of organization is implied by the term "syndicate"; the investment property may be held by the investors as tenants in common, or they may form a corporation, partnership, or limited liability company [*see § 29B.12*].

For purposes of this chapter, a "nonpublic" or "private" real estate syndicate is one that is exempt from the qualification requirements of the California Corporate Securities Law of 1968 [*Corp. Code § 25000 et seq.*] and the Federal Securities Act of 1933 [*15 U.S.C. § 77a et seq.*]. Typically, a nonpublic syndicate attains exempt status by meeting the requirements of the limited offering exemption [*see § 29B.41[2]*]; thus, nonpublic syndicates tend to be smaller--in number of investors and total capital--than public syndicates. Nonpublic syndicates are popular because they are exempt from the expensive and time-consuming qualification and registration requirements of federal and state securities law. They also have more flexibility because they are not subject to the detailed syndicate regulations promulgated by the California Commissioner of Corporations [*see 10 Cal. Code Reg. §§ 260.140, 260.140.110.1 et seq.*; *see also* Ch. 29C, *Public Real Estate Syndicates*].

A real estate syndicate may be formed by a small group of investors, all of whom make capital contributions and actively participate in management of the syndicate. However, this chapter focuses on the kind of nonpublic syndicate put together by a syndicator (sometimes called a "promoter"), who finds a specific property, organizes the entity, sells interests to investors, and manages the syndicate, with a significant amount of capital contributed by "passive" investors who do not participate in management.

The nonpublic real estate syndicates discussed in this chapter are "specified property" syndicates, as opposed to "nonspecified property" syndicates. A specified property syndicate sells its interests in an offering based on a plan to purchase a specific property or properties [*see § 29B.21*]. A "nonspecified property" syndicate, sometimes called a "blind pool" syndicate, sells interests to raise a pool of capital without specifying the properties it will invest in. Because nonpublic syndicates are smaller than public syndicates, they tend to be specified property syndicates; a typical

nonpublic syndicate can only raise enough capital to invest in one or two properties and thus will usually be able to select the property before making its offering to investors.

[2] Governing Law

Real estate syndicates in California are governed by several separate sets of laws. The manner in which they must be formed and operated, and the rights of the parties, are determined by the law governing the particular form of entity chosen, such as the Beverly-Killea Limited Liability Company Act (Act) [*Corp. Code § 17000 et seq.*; *see* Ch. 12C, *Limited Liability Companies*] or the Uniform Limited Partnership Act of 2008 [*Corp. Code § 15900 et seq.*; *see* Ch. 16, *Formation of Limited Partnerships*]. The manner in which interests in real estate syndicates are offered and sold is governed by the California Corporate Securities Law of 1968 [Corp. Code § 15000 et seq.] and the federal Securities Act of 1933 [*15 U.S.C. § 77a et seq.*]. Finally, numerous Internal Revenue Code and California Revenue and Taxation Code sections determine the tax consequences of syndicate structure and operations.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
A. Nature and Purpose of Nonpublic Real Estate Syndication

13-29B California Legal Forms--Transaction Guide § 29B.11

§ 29B.11 Benefits and Risks of Nonpublic Syndication

A person who has the knowledge and experience to find a suitable property, raise the necessary capital, and manage the investment is a potential syndicator. Instead of using his or her own funds to purchase, develop, and resell property as a sole investor, a syndicator can realize greater profits by pooling his or her funds with those of passive investors to purchase larger properties, while earning promotional consideration and fees for other services rendered to the syndicate.

There are some risks or disadvantages to syndication. For example, in a typical specified property syndicate, the syndicator generally must put up the deposit money on the property before any passive investors have contributed to the syndicate's capital. In such a case, the syndicator risks losing the deposit if his or her efforts to raise the necessary additional capital fail. Also, once the syndicate is formed, if the property or project has problems, the investors may look to the syndicator for satisfaction to redeem their interests or to supply extra funds needed to complete the project.

Once the decision has been made to form a syndicate, the syndicator must decide whether to proceed with a public syndicate or a nonpublic syndicate. The main advantage of a nonpublic syndicate is that it is exempt from the expensive and time-consuming qualification and registration requirements of federal and state securities laws [*see 15 U.S.C. § 77a et seq.*; *Corp. Code § 25000 et seq.*], and it is not subject to the detailed syndicate regulations promulgated by the California Commissioner of Corporations [*see 10 Cal. Code Reg. §§ 260.140, 260.140.110.1 et seq.*; Ch. 29C, *Public Real Estate Syndicates*].

One disadvantage of a nonpublic syndicate is that to qualify for exemption from the securities qualification and registration requirements, the syndicate must be relatively small [*see, e.g., 17 C.F.R. §§ 230.504, 230.505, 230.506*; *Corp. Code § 25102(f)(1)* (California limited offering exemption applies only if there are no more than 35 investors)]. This effectively limits the amount of capital that can be raised.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
A. Nature and Purpose of Nonpublic Real Estate Syndication

13-29B California Legal Forms--Transaction Guide § 29B.12

§ 29B.12 Legal Structure of Syndicate

[1] Overview

A real estate syndicate can be organized as one of many different legal entities, such as a tenancy in common, joint tenancy with right of survivorship, joint venture, general or limited partnership, trust, real estate investment trust, corporation, or limited liability company. In practice, however, most real estate syndicates are organized as limited partnerships or as limited liability companies [*see* [2], [3], *below*], primarily because those entities allow for "pass-through" tax treatment [*see § 29B.61[1]*], limited personal liability for most or all investors, and centralized management.

The corporate form does provide its shareholders with protection against personal liability for obligations of the corporation. However, for tax reasons a corporation may not be advisable for a real estate syndicate. For a regular "C" corporation, income is taxed both at the corporate level and again at the shareholder level when distributions are made [*see I.R.C. §§ 1, 11*]. With an "S" corporation, the shareholders can elect to be taxed individually on the corporation's income [*see I.R.C. § 1363*]. However, an "S" corporation has structural and membership restrictions that may make it less desirable than a limited partnership or limited liability company as a vehicle for a real estate syndicate. For example, only individuals, estates, and qualified trusts can be shareholders in an "S" corporation, and nonresident aliens may not be shareholders [*see I.R.C. § 1361(b)(1), (c)(2)*]. In addition, an "S" corporation may not have more than one class of stock [*I.R.C. § 1361(b)(1)(D), (c)*].

Organizing a syndicate as a partnership or limited liability company (which can elect to be classified as a partnership for tax purposes) carries significant tax benefits. An entity classified as a partnership is essentially a "pass-through" entity, so that taxation occurs only at the partner or member level, not at the level of the entity [*see I.R.C. § 701*; *Rev. & Tax. Code § 17851*].

[2] Limited Partnership

Until the 1994 enactment of legislation authorizing the formation of limited liability companies [*see* [3], *below*], almost all real estate syndicates were formed as limited partnerships. The popularity of limited partnerships was attributable

primarily to the following features. First, a limited partner is not personally liable for any obligation of the limited partnership unless the partner is named as a general partner in the limited partnership certificate or participates in the control of the business [*see Corp. Code § 15903.03(a)*]. Second, the general partner has sole control over the management and conduct of the partnership business, while the limited partners are essentially passive investors [*see Corp. Code §§ 15903.03(a), 15904.06(a)*]. This centralized management is important when the success of the investment depends on the performance of experienced managers and when management by a large group of investors would be unwieldy.

Prior to passage of the Tax Reform Act of 1986 [Pub. L. No. 99-514], a third, and perhaps predominant, reason for the use of the limited partnership entity was the availability to the limited partners of favorable income tax features. These advantages have now been virtually eliminated [*see § 29B.61[1]*], with the result that the syndicate must now depend more on the expectation of profits rather than tax shelter features to attract investors. These changes lessened the attractiveness of the limited partnership as the preferred form of business organization used by real estate syndicates.

The limited partnership entity is no longer the most popular form of real estate syndicate; limited liability companies provide the same benefits as limited partnerships, plus the added advantage of limited personal liability for the syndicator-manager as well as for the members who are passive investors [*see* [3], *below*]. However, in some circumstances it may be desirable to organize the syndicate as a limited partnership, such as when a lender on the property or project insists that the syndicator-manager assume personal liability for any obligations that exceed the syndicate's capital.

Like a limited liability company [*see Rev. & Tax. Code § 17941*], a limited partnership must pay an annual minimum corporate franchise tax [*Rev. & Tax. Code §§ 17935(a), 23153*].

[3] Limited Liability Company

On September 30, 1994, the Beverly-Killea Limited Liability Company Act took effect [Stats. 1994, ch. 1200, § 27; *see Corp. Code § 17000 et seq.*]. The Limited Liability Company ("LLC") is essentially a hybrid of a corporation and a partnership. If structured properly, a California LLC can be taxed as a partnership on both the federal and California level, without some of the restrictions imposed on corporations [*see § 29B.61[1]*]. Properly structured LLCs can also provide their members, managers, and officers limited liability similar to that enjoyed by corporate shareholders; that is, liability limited to their investments and commitments to invest in the LLC [*see Corp. Code § 17101(a)*].

LLCs offer great flexibility of form and structure, which can range from the extremely simple to the very complex and, if desired, can closely resemble the management and ownership structures of either corporations or general or limited partnerships.

Like a limited partnership [*see Rev. & Tax. Code § 17935(a)*], an LLC must pay an annual minimum corporate franchise tax [*Rev. & Tax. Code §§ 17941, 23153*]. In addition, however, an LLC must pay the State of California an annual fee of up to $11,790, based on the company's gross annual receipts [*Rev. & Tax. Code § 17942*].

13-29B California Legal Forms--Transaction Guide § 29B.20

§ 29B.20 Role of Syndicator

In forming a small nonpublic real estate syndicate, the syndicator typically performs a variety of functions, including the following:

- Identifying and "tying up" the investment property [*see § 29B.21*].
- Forming the syndicate's legal entity [*see § 29B.22*].
- Raising capital by obtaining qualified investors [*see § 29B.23*].
- Following through with the acquisition of the property on behalf of the syndicate [*see § 29B.24*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
B. Formation of Nonpublic Real Estate Syndicate

13-29B California Legal Forms--Transaction Guide § 29B.21

§ 29B.21 Identifying and Tying Up Property or Project

[1] Selection of Suitable Property or Project

Once the decision has been made to form a specified property syndicate [*see § 29B.10[1]*], the syndicator must select a suitable property for the syndicate to acquire. For discussion of the general process of evaluating real estate as investment property, see California Real Estate Law and Practice, Ch. 1, *Analysis of Real Estate Investments* (Matthew Bender). In addition, in selecting investment property, the syndicator should consider factors such as the following:

- Whether the primary purpose of the investment will be to realize income from the property or to make substantial capital gains through appreciation of the property.

- How much of the syndicator's own funds are available to tie up the property [*see* [2], *below*] pending the capitalization of the syndicate. If a substantial down payment or option payment is required, the syndicator's resources may not be sufficient to ensure that the property will be available when the syndicate is ready to make the purchase.

[2] Tying Up the Property

Once the property has been selected, the syndicator must take steps to "tie up" the property for the time necessary to form the syndicate and raise the capital necessary to make the purchase. This may be accomplished in a number of ways. For example, the syndicator might make an outright purchase of the property, using the syndicator's funds to pay the purchase price or make a down payment. In such a case, if the syndicate entity has not yet been formed, the syndicator will have to transfer the property to the entity once it has been formed [*see § 29B.24*].

Alternatively, the syndicator might enter into a purchase agreement that conditions completion of the sale on the formation of the syndicate, or on capitalization of the syndicate to a specified minimum level. Such an agreement should incorporate a sufficiently lengthy escrow period (typically, several months), to enable the syndicator to raise the necessary funds for the syndicate. Also, in case unforeseen problems arise, the purchase agreement can include a provision for the extension of the escrow period on the payment of a specified additional sum into escrow, or on the

release of a specified sum from escrow. Similarly, the seller of the property might bargain for the inclusion of a provision treating the syndicator's deposit as liquidated damages, to be forfeited if the syndicate fails to complete the purchase.

Another method of tying up the property is for the syndicator to acquire an option to purchase the property, to be exercised by the syndicate once it is formed.

For detailed coverage of these and other methods of tying up the property, see California Real Estate Law and Practice, Ch. 29, *Syndicate Property Acquisition and Management* (Matthew Bender).

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
B. Formation of Nonpublic Real Estate Syndicate

13-29B California Legal Forms--Transaction Guide § 29B.22

§ 29B.22 Formation of Legal Entity

The timing of the creation of the legal entity can be important, especially in a specified property syndicate. If the syndicator has entered into an agreement to purchase the subject property on behalf of the syndicate, the syndicator should take steps to ensure that the legal entity is in existence before the closing date of the sale.

If the syndicate is organized as a limited partnership, it comes into existence when both (1) a certificate of limited partnership is filed with the Secretary of State; and (2) the partners shall have entered into a partnership agreement [*Corp. Code § 15902.01(a)*]. Since there must be at least two partners [*see Corp. Code § 15902.01(a)* ("partners" must have entered into partnership agreement)], the syndicator must obtain at least one limited partner before the entity can be created. For detailed coverage of the formation and operation of limited partnerships, see Ch. 16, *Formation of Limited Partnerships* .

If the syndicate is organized as a limited liability company, it comes into existence when the articles of organization are filed with the Secretary of State [*Corp. Code § 17050(c)*]. The operating agreement among the members need not be made before the articles are filed [*Corp. Code § 17050(a)*]. An LLC may be formed with only one member, so the syndicator will be able to form the entity with himself or herself as its sole member [*Corp. Code §§ 17001(t), 17050(b)*; *see Corp. Code § 17001(x), (ae)* (members may be natural persons, partnerships, limited partnerships, trusts, estates, associations, corporations, other LLCs, or other types of entities, whether domestic or foreign)]. For detailed coverage of the formation and operation of limited partnerships, see Ch. 12C, *Limited Liability Companies* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
B. Formation of Nonpublic Real Estate Syndicate

13-29B California Legal Forms--Transaction Guide § 29B.23

§ 29B.23 Attracting Investors

[1] Private Offering Memorandum

The main document used to offer interests in a nonpublic real estate syndicate is the private offering memorandum (sometimes called a private placement memorandum). The purpose of the document is to give potential investors the information they need to make an informed investment decision. For the syndicator, it is important that the offering memorandum disclose all relevant information, to protect the syndicator from later charges of misrepresentation. Thus, the memorandum has the same purposes as, and will contain the same information as, a prospectus or offering circular in a public offering.

If the syndicator is relying on SEC Regulation D for exemption, the private offering memorandum must comply with that regulation's requirements [*see 17 C.F.R. § 230.502*]. This means that, in essence, the syndicator will have to disclose the financial information required by SEC Form S-11, the registration form for a public offering of securities, which details the information required in the prospectus [*see 17 C.F.R. § 230.502(b)*].

Unless the offering is made under SED Regulation D, there are no regulatory requirements for the contents or format of a private offering memorandum. However, to protect the syndicator and provide complete information to prospective investors, the SEC's guide to preparing S-11 prospectuses ("Guide 5") can be used as a guide to preparing a private offering memorandum [*see* SEC, Securities Act Industry Guides, Preparation of Registration Statements Relating to Interests in Real Estate Limited Partnerships (Guide 5), http://www.sec.gov/about/forms/industryguides.pdf]. Guide 5 requires that the following matters be discussed:

- The syndicator's "suitability standards," that is, the standards for determining the acceptance of investors' subscription agreements.
- A summary of the syndicate entity (e.g., partnership or LLC) and use of proceeds.
- Compensation and fees for the general partner or manager and any of its affiliates.

- Potential conflicts of interest between the general partner or manager and the passive investors.
- Fiduciary responsibilities of the general partner or manager.
- Particular risk factors applicable to the offering and to the syndicate's plan of operations.
- Previous performance of the general partner or manager and any affiliates.
- The management of the syndicate.
- The syndicate's investment objectives and policies.
- A description of the syndicate's real estate investments.
- Federal income tax aspects of the offering.
- A glossary of technical terms used in the offering.
- A summary of the partnership agreement or limited liability company operating agreement.
- The offering itself, including a description of the units.
- Any agreements allowing the syndicate to redeem or repurchase interests, or allowing the investor to seek redemption or repurchase.
- The plan of distribution.

Guide 5 also sets forth requirements for a cover page.

For a detailed guide to drafting a private offering memorandum, see *§ 29B.132*.

[2] Use of Questionnaire to Establish Investor Qualifications

To meet the requirements of SEC Regulation D, the syndicator must have a reasonable belief, immediately prior to the sale of an interest in the syndicate, that a purchaser who is not an accredited investor (either alone or with his or her representative) has such knowledge and experience in financial and business matters that he or she is capable of evaluating the merits and risks of the investment [*17 C.F.R. § 230.506(b)(2)(ii)*; *see § 29B.203*].

To meet the requirements of the California limited offering exemption, all purchasers must either (1) have a preexisting personal or business relationship with the offeror (or any of its partners, officers, directors or controlling persons, or managers appointed or elected by the members if the offeror is a limited liability company), or (2) by reason of their business or financial experience or the business or financial experience of their professional advisers who are unaffiliated with and who are not compensated by the issuer or any affiliate or selling agent of the issuer, directly or indirectly, be reasonably assumed to have the capacity to protect their own interests in connection with the transaction [*Corp. Code § 25102(f)(2)*; *see § 29B.41[2]*].

To obtain the information necessary to make these determinations, syndicators commonly have potential investors fill out pre-offering questionnaires and apply investor-suitability standards similar to those imposed by the Commissioner of Corporations for public offerings [*see 10 Cal. Code Reg. § 260.140.112.1*].

For a sample form of an investor questionnaire, see *§ 29B.203*.

[3] Preserving Exemption

The nonpublic offering must be marketed in a way that does not cause it to lose its exemption from securities regulation. Thus, to ensure that the requirements of the limited offering and intrastate exemptions are met, the syndicator must do the following:

- Restrict the number of sales made, to no more than 35 investors [*see 17 C.F.R. § 230.506*; *Corp. Code § 25102(f)(1)*; *see also § 29B.40*].

- Sell syndicate interests only to persons who meet the suitability requirements and who have sufficient experience to evaluate the investment [*see Corp. Code § 25102(f)(2)*; *see also § 29B.41[2]*].

- Offer and sell only to California residents, if the intrastate exemption under federal law is being used [*see 15 U.S.C. § 77c(a)(11)*; *17 C.F.R. § 230.147*; *see also § 29B.40*].

- Avoid any public advertising or general solicitation, such as offers made at any seminar or meeting held pursuant to a public solicitation or advertising [*see 17 C.F.R. § 230.502(c)*; *Corp. Code § 25102(f)(4)*; *see also §§ 29B.40, 29B.41[2][c]*].

- Provide offerees the opportunity to ask questions and obtain additional information about the offering and the syndicate, to comply with the requirements of SEC Regulation D [*see 17 C.F.R. § 230.502(b)(2)(v)*] and to avoid later charges of misrepresentation.

[4] Subscription Agreement

The sale of an interest in a real estate syndicate is usually consummated by the execution of an instrument of purchase, commonly called a subscription agreement. This document serves several purposes:

- It is a contract obligating the investor to purchase a specified interest in the syndicate.

- It contains representations by the investor regarding facts that are necessary to qualify the sale for the applicable exemptions from federal and state securities laws.

- It acknowledges that the investor has received all relevant information and understands the restrictions on subsequent transfers of the interest in the syndicate.

For a form of subscription agreement, see *§ 29B.202*.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
B. Formation of Nonpublic Real Estate Syndicate

13-29B California Legal Forms--Transaction Guide § 29B.24

§ 29B.24 Acquisition of Property

Once the syndicate's legal entity has been formed [*see § 29B.22*], it may acquire and hold property. In a specified property syndicate, the typical type of private syndicate, the acquisition ordinarily consists of closing the transaction that tied up the property [*see § 29B.21[2]*].

If the syndicator tied up the property by making an outright purchase before formation of the syndicate's legal entity, then the syndicate will acquire the property by purchasing it from the syndicator. If the syndicate is exempt from state securities regulation, the transfer of the property from the syndicator to the syndicate will not be subject to the regulations that apply to such a transfer to a public syndicate [*see 10 Cal. Code Reg. §§ 260.140, 260.140.114.1*]. However, to avoid later claims of misrepresentation, the private offering memorandum [*see § 29B.23[1]*] should fully disclose the intended transfer, and the sale price paid to the syndicator should not exceed the price paid by the syndicator to acquire the property, plus any reasonable construction costs incurred by the syndicator [*see 10 Cal. Code Reg. § 260.140.114.6*], except that the syndicator may also receive a reasonable acquisition fee [*see 10 Cal. Code Reg. § 260.140.113.3*]. Further, any loan secured by the property should be assumable by the syndicate at the same interest rate as when the syndicator owned the property [*see 10 Cal. Code Reg. § 260.140.114.1(a)*].

For detailed coverage of the acquisition of syndicate property, see California Real Estate Law and Practice, Ch. 29, *Syndicate Property Acquisition and Management* (Matthew Bender).

PART II. LEGAL BACKGROUND
C. Management and Operation of Syndicate

13-29B California Legal Forms--Transaction Guide § 29B.30

§ 29B.30 Property Management

Once the syndicate has acquired the property, the syndicator must arrange for the management of the property. Depending on the nature of the property and the syndicate's investment objective, management of the property might consist of managing and maintaining income property such as an apartment building, or it might involve overseeing construction of an improvement to the property.

A distinction must be drawn between management of the legal entity that is the syndicate and management of the real property acquired by the syndicate. Although the general partner of the limited partnership or the manager of the LLC will always manage the syndicate itself, that person may be unwilling or unqualified to assume the day-to-day management of the particular kind of property involved. For discussion of management of the syndicate, see *§ 29B.31*.

In a private syndicate, the syndicator may perform property-management services for the syndicate and is not subject to the fairness requirements imposed by regulations of the Corporations Commissioner [*see 10 Cal. Code Reg. §§ 260.140, 260.140.114.5*]. However, to avoid claims of misrepresentation or overreaching, a syndicator providing management services should provide only services that are necessary to the prudent operation of the property and should receive reasonable compensation for those services pursuant to a written contract [*see 10 Cal. Code Reg. § 260.140.114.5(d)*]. The syndicator should fully disclose the scope of intended services and rate of compensation in the private offering memorandum.

Alternatively, the syndicate may hire competent employees or independent contractors to provide management services.

For detailed coverage of the management of syndicate property, see California Real Estate Law and Practice, Ch. 29, *Syndicate Property Acquisition and Management* (Matthew Bender).

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
C. Management and Operation of Syndicate

13-29B California Legal Forms--Transaction Guide § 29B.31

§ 29B.31 Syndicate Management

Management of the syndicate as an entity involves several elements:

- Ensuring that the entity complies with applicable statutory and regulatory formalities, such as filing necessary documents and reports with the Commissioner of Corporations, and conducting members' or partners' meetings for an LLC or limited partnership.

- Managing the syndicate's financial activities, including the maintenance of financial records for the syndicate entity and providing the investors with periodic financial reports.

- Preparing applicable federal and state tax returns and providing appropriate information and forms to the investors.

These entity-management duties are dependent more on the nature of the legal entity than the nature of the property held by the entity. For discussion of the operation and management of a limited partnership, see Ch. 16, *Formation of Limited Partnerships* . For discussion of the operation and management of an LLC, see Ch. 12C, *Limited Liability Companies* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
C. Management and Operation of Syndicate

13-29B California Legal Forms--Transaction Guide § 29B.32

§ 29B.32 Transfer of Syndicate Shares

Depending on the federal or state securities exemption that is being used, there may be limitations on the transfer of the interests in the syndicate. For example, interests sold under the federal exemption for intrastate transactions may not be resold for nine months after the issuer's last sale, and any resales after the nine-month period may be made only to buyers residing in the same state [*17 C.F.R. § 230.147(e)*]. The syndicator must disclose these restrictions in the offering memorandum [*see § 29B.23[1]*] and must prevent any improper transfers [*17 C.F.R. §§ 230.144, 230.147(f)(3), 230.502(d)*].

SEC Rule 237 allows the sale of unregistered privately placed securities after they have been held for five years if they are not sold through a broker or dealer [*17 C.F.R. § 230.237*]. The number of shares sold in any one year is limited to the lesser of the gross proceeds from the sale of 1 percent of the relevant class of securities, or $50,000 in aggregate gross proceeds [*17 C.F.R. § 230.237(b)*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
D. Exemptions From Regulation of Sales of Syndicate Interests

13-29B California Legal Forms--Transaction Guide § 29B.40

§ 29B.40 Exemption From Federal Securities Regulation

Under the Securities Act of 1933 [*15 U.S.C. § 77a et seq.*], it is generally unlawful for any person to use any means of interstate commerce to sell a security unless a registration statement has been filed and is in effect with the Securities and Exchange Commission (SEC), or unless the transaction is exempt from the registration requirement [*15 U.S.C. 77e*]. For purposes of the Act, "security" is defined broadly to include any "certificate of interest or participation in any profit-sharing agreement, ... preorganization certificate or subscription, transferable share, investment contract, investment contract, ... or any certificate of interest or participation in, temporary or interim certificate for, receipt for, guarantee of, or warrant or right to subscribe to or purchase, any of the foregoing"; thus, an interest in a limited-partnership or LLC real estate syndicate is a "security" [*see 15 U.S.C. § 77b(a)(1)*; *Securities & Exch. Com. v. Howey Co. (1945) 328 U.S. 293, 300, 66 S. Ct. 1100, 90 L. Ed. 1244]* .

Very large real estate syndicates may also be subject to the registration provisions of the Securities Exchange Act of 1934 [*see 15 U.S.C. § 781(g)(1)*; *see also* California Real Estate Law and Practice, Ch. 27, *Registration of a Syndicate Offering With the SEC* (Matthew Bender)].

There are three principal exemptions from the registration requirement under the Securities Act of 1933 that may be applicable to real estate syndicate offerings:

- The intrastate offering exemption under SEC Rule 147 [*see 15 U.S.C. § 77c(a)(11)*; *17 C.F.R. § 230.147* (SEC Rule 147)].

- The private offering exemption under SEC Regulation D [*see 15 U.S.C. § 77d(2)*; *17 C.F.R. §§ 230.501-230.508* (SEC Regulation D)].

- The small offering exemption [*see 15 U.S.C. § 77c(b)*].

SEC Regulation D establishes guidelines for three different exemptions: the Rule 504 exemption [*17 C.F.R. § 230.504*], available to certain offerings not exceeding $1,000,000; the Rule 505 exemption [*17 C.F.R. § 230.505*], available to

offerings not exceeding $5,000,000 and sold to no more than 35 purchasers; and the Rule 506 exemption [*17 C.F.R. § 230.506*], available to offerings to no more than 35 purchasers, regardless of the dollar amount. Of these three, the Rule 506 exemption will be the most useful to the majority of real estate syndicates. However, a syndicator ordinarily will try to qualify under as many exemptions as possible in case one or more claimed exemptions are unavailable due to inadvertent violation of the applicable requirements [*but see 17 C.F.R. § 230.508* (certain insignificant deviations from the requirements of a Regulation D exemption will not result in the loss of the exemption]. For further discussion, see Ch. 6A, *Federal Securities Exemptions for California Nonpublic Corporations* .

Under Regulation D, an issuer must disclose specific information to every purchaser who is not an "accredited investor" [*17 C.F.R. § 230.502(b)(1)*; *see 17 C.F.R. § 230.501(a)* (definition)]. The issuer need not furnish the information when selling securities to an accredited investor or pursuant to the Rule 504 exemption [*17 C.F.R. § 230.502(b)(1)*]. The most common method of complying with this requirement is to prepare a private placement memorandum that complies with "Guide 5," a drafting guide prepared by the Securities and Exchange Commission's Division of Corporation Finance [*see* SEC, Securities Act Industry Guides, Preparation of Registration Statements Relating to Interests in Real Estate Limited Partnerships (Guide 5), http://www.sec.gov/about/forms/industryguides.pdf; *see also § 29B.132*].

The offer or sale in California of a real estate syndicate interest that comes within one of the exemptions of the Securities Act of 1933 still must be qualified by the California Commissioner of Corporations, unless it also comes within an exemption of California's Corporate Securities Law of 1968. For discussion, see *§ 29B.41[2]*.

California Legal Forms--Transaction Guide

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
D. Exemptions From Regulation of Sales of Syndicate Interests

13-29B California Legal Forms--Transaction Guide § 29B.41

§ 29B.41 Exemption From California Securities Regulation

[1] General Applicability of California Securities Laws

[a] Interests in Real Estate Syndicate Generally Are Securities

Under the California Corporate Securities Law of 1968, it is unlawful to offer or sell any security in California unless the security is qualified for sale by the California Commissioner of Corporations or is exempt from qualification, or not subject to qualification [*Corp. Code §§ 25110*, *25120*, *25130*].

The Securities Law broadly defines "security" as including any membership in an incorporated or unincorporated association, certificate of interest or participation in any profit-sharing agreement, investment contract, and interest in a limited liability company [*Corp. Code § 25019*]. Thus, a real estate syndicate will be subject to the requirements of the Securities Law unless an exemption applies or the particular interest involved fits within an exception to the definition of "security" [*see* [b], *below*]. Although there are numerous exemptions from the California Securities Law qualification requirements [*see, e.g., Corp. Code § 25102(h)* ("small offering" exemption); *Corp. Code § 25102(i)* ("institutional investor" exemption); *Corp. Code § 25102(n)* ("qualified purchaser" exemption)], the limited offering exemption is perhaps the most attractive and most often utilized by nonpublic real estate syndicates, because its general and nontechnical criteria make it relatively easy to use [*see Corp. Code § 25102(f)*]. For discussion of the limited offering exemption, see [2], *below*; other exemptions are covered in Ch. 6B, *California Limited Offering Exemptions* , and Ch. 6D, *California Qualified Purchaser Exemptions* .

A real estate syndicate that does not qualify for an exemption must comply with the detailed qualification requirements promulgated by the Commissioner of Corporations. Those requirements are discussed in Ch. 6H, *Qualification of Securities* and Ch. 29C, *Public Real Estate Syndicates* .

[b] Exception for Certain Interests in Limited Liability Company

The Securities Law's definition of "security" generally includes an interest in a limited liability company, and any class or series of those interests (including any fractional or other interest in that interest) [*Corp. Code § 25019*; *see* [a], *above*

]. However, an exception to this definition provides that a membership interest in a limited liability company will not be treated as a security if all the members are actively engaged in the management of the limited liability company [*Corp. Code § 25019*]. For purposes of this exception, evidence that members vote or have the right to vote, or the right to information concerning the business and affairs of the limited liability company, or the right to participate in management, does not establish, without more, that all members are actively engaged in the management of the limited liability company [*Corp. Code § 25019*]. This exception is not available to a typical nonpublic real estate syndicate organized as a limited liability company, since most of the members of the company are passive investors who do not participate in management.

[2] Limited Offering Exemption

[a] Requirements of Exemption

Under the limited offering exemption, an offering or sale of a security (other than an offer or sale to a pension or profit-sharing trust of the issuer) need not be qualified with the California Commissioner of Corporations if the transaction meets all of the following requirements [*Corp. Code § 25102(f)*]:

- Sales of the security are not made to more than 35 persons, including purchasers outside California [*see* [b], *below*].

- All purchasers either (1) have a preexisting personal or business relationship [*see 10 Cal. Code Reg. § 260.102.12(d)*] with the offeror or any of its partners, officers, directors or controlling persons, or managers (as appointed or elected by the members) if the offeror is a limited liability company, or (2) by reason of their business or financial experience or the business or financial experience of their professional advisers who are unaffiliated with and who are not compensated by the issuer or any affiliate or selling agent of the issuer, directly or indirectly, could be reasonably assumed to have the capacity to protect their own interests in connection with the transaction [*see 10 Cal. Code Reg. § 260.102.12(d)* ("preexisting personal or business relationship" defined); *10 Cal. Code Reg. § 260.102.12(e)* ("partner" defined as general partner); *10 Cal. Code Reg. § 260.102.12(f)* ("controlling person" defined); *10 Cal. Code Reg. § 260.102.12(g)* ("professional adviser" defined); *10 Cal. Code Reg. § 260.102.12(h)* ("unaffiliated" defined); *10 Cal. Code Reg. § 260.102.12(i)* ("affiliate" defined)].

- Each purchaser represents that the purchaser is purchasing for the purchaser's own account (or a trust account if the purchaser is a trustee) and not with a view to, or for sale in connection with, any distribution of the security.

- The offer and sale of the security are not accomplished by the publication of any advertisement [*see* [c], *below*].

[b] Calculating Number of Purchasers

For purposes of the 35-purchaser limit, a "purchaser" is a person who acquires the beneficial ownership of the security, whether individually or in joint ownership, in the transaction under the exemption. Each person who takes in joint ownership with another counts as one, except as follows [*10 Cal. Code Reg. § 260.102.12(c)*].

The following are not counted for purposes of the 35-purchaser limit [*Corp. Code § 25102(f)*; *10* Cal. Code Reg. § 260.102.13]:

(1) Institutional investors [*see Corp. Code § 25102(i)*].

(2) Any officer, director, or affiliate of the issuer [*see 10 Cal. Code Reg. § 260.102.12(i)* ("affiliate" defined)].

(3) Any manager of the issuer (as appointed or elected by the members), if the issuer is a limited liability company.

(4) The trustee of an issuer that is a trust, and the general partner of an issuer that is a partnership, who exercises managerial functions with respect to those entities, and any officer, director, or general partner of a general partner of an issuer that is a partnership.

(5) Any person who occupies a position with the issuer, or with a general partner of an issuer that is a partnership, with duties and authority substantially similar to those of an executive officer of a corporation.

(6) Any relative, spouse, or relative of the spouse of a purchaser who has the same principal residence as the purchaser [*see 10 Cal. Code Reg. § 260.102.13(c)(3)* ("relative" is person related by blood, marriage, or adoption)].

(7) Any trust or estate in which a purchaser and any of the persons related to that purchaser (*see* PP 6, 8) collectively have more than 50 percent of the beneficial interest, excluding contingent interests.

(8) Any corporation or other organization of which a purchaser and any of the persons related to that purchaser (*see* PP 6, 7) collectively are beneficial owners of more than 50 percent of the equity securities (excluding directors' qualifying shares) or equity interests.

(9) Any individual who is a "promoter" of the issuer [*see 10 Cal. Code Reg. § 260.102.12(f)* ("promoter" is person who, acting alone or in conjunction with one or more other persons, takes initiative in founding and organizing issuer's business or enterprise)].

(10) Any person who purchases $150,000 or more of the securities offered in the transaction, provided that the person either meets or is reasonably believed by the issuer to meet either of the following requirements:

(a) That person, or that person's professional advisor, has the capacity to protect his or her own interests in connection with the transaction.

(b) The investment (including mandatory assessments) does not exceed 10 percent of that person's net worth (or joint net worth with that person's spouse).

(11) A small business investment company, business development company, or private business development company as defined by federal law [*see 15 U.S.C. §§ 80a-2(a)(48), 80b-2(a)(22), 681(c), (d)*].

(12) An "accredited investor" under federal law [*see 17 C.F.R. § 230.501(a)*].

(13) Any entity in which all of the equity owners are officers, directors, or affiliates of the issuer, who are institutional investors, or who are specified above (other than persons exempt under P 10, the $150,000-purchase provision).

For purposes of the 35-purchaser limit, a husband and wife (together with any custodian or trustee acting for the account

of their minor children) are counted as one person [*Corp. Code § 25102(f)*]. Also, a partnership, corporation, or other organization that was not specifically formed for the purpose of purchasing the security offered in reliance on the limited offer exemption is counted as one person [*Corp. Code § 25102(f)*; *see 10 Cal. Code Reg. § 260.102.12*(*l*)].

[c] Prohibition of Advertising

To qualify for the limited offering exemption, the offer and sale of the security must not be accomplished by the publication of any advertisement [*Corp. Code § 25102(f)(4)*; *see* [a], *above*]. This prohibition, however, is to be interpreted so as to facilitate the circulation of disclosure materials to offerees and purchasers, so long as those materials are not disseminated to the public. Thus, private placement memoranda, offering circulars, and similar disclosure documents are not considered to be disseminated to the public for purposes of the limited offering exemption if the issuer limits such circulation (1) to persons reasonably believed to be interested in purchasing the securities, or (2) to persons the issuer believes may meet the qualifications required of purchasers under the exemption [*10 Cal. Code Reg. § 260.102.12(j)*].

[d] Filing of Notice

An issuer conducting a transaction within the limited offering exemption must file a notice with the Commissioner of Corporations [*10 Cal. Code Reg. § 260.102.14*; *see Corp. Code § 25102(f)*]. The notice must be filed with the Commissioner no later than 15 calendar days after the first sale of a security in the transaction in California. No notice is required if none of the securities offered are purchased in California [*10 Cal. Code Reg. § 260.102.14(b)*].

If in connection with the transaction the issuer is filing a notice with the SEC [*see 15 U.S.C. § 77d(6)*; *17 C.F.R. § 230.503*], the notice may be a copy of the SEC form. The issuer must also file a consent to service of process, unless it is a California corporation or has already filed a consent to service. The filing should be accompanied with a cover letter indicating that the filing is pursuant to *Corp. Code § 25102(f)*, and if a consent to service is not included, a statement that the issuer already has a consent to service on file with the Commissioner [*10 Cal. Code Reg. § 260.102.14(a)(1)*].

If a copy of the SEC form is not filed, the notice ordinarily must be filed electronically through the Internet process made available by the Department of Corporations at www.corp.ca.gov. However, if the issuer claims a hardship exemption from the electronic-filing requirement, the notice must be in the form specified by Department regulations [*10 Cal. Code Reg. § 260.102.14(a)(2), (c)-(f)*].

The failure to file a timely notice does not affect the availability of the exemption. An issuer who fails to file the notice must, within 15 business days after discovery of the failure to file the notice or after demand by the commissioner, whichever occurs first, file the notice and pay the commissioner a fee equal to the fee payable had the transaction been qualified under *Corp. Code § 25110* [*Corp. Code § 25102(f)*].

[e] Integration of Transactions

The limited offering exemption applies to a single "transaction" [*Corp. Code § 25102(f)*]. Generally, a "transaction" does not include any offer or sale of a security made more than six months before the start of an offering under the exemption or made more than six months after completion of an offering under the exemption, so long as during those six-month periods there are no offers or sales of securities by or for the issuer that are of the same or a similar class as those offered or sold pursuant to the exemption [*10 Cal. Code Reg. § 260.102.12(b)(1)*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
D. Exemptions From Regulation of Sales of Syndicate Interests

13-29B California Legal Forms--Transaction Guide § 29B.42

§ 29B.42 Licensing Requirements for Persons Offering Syndicate Interests

[1] Distinguished From Registration and Qualification of Securities

Even if an offering of real estate syndicate interests is exempt from registration and qualification under federal and California law, the persons or entities that sell those interests to the public ordinarily must be properly licensed [*see 15 U.S.C. § 780(a)*; *Corp. Code § 25210*]. Exemptions from the licensing requirements are available under both federal and California law, however [*see* [2], [3], *below*].

[2] Federal Registration Requirement and Exemption

A broker or dealer generally is prohibited from using the mails or interstate commerce to effect any transaction in, or to induce the purchase or sale of, and security (including a real estate syndicate interest), unless the broker or dealer is registered with the SEC [*15 U.S.C. § 780(a)*]. A "broker" for this purpose is any person, other than a bank, engaged in the business of effecting transactions in securities for the account of others [*15 U.S.C. § 78c(a)(4)*]. A "dealer" is a person, other than a bank, who buys and sells securities for his or her own account, either individually or in a fiduciary capacity [*15 U.S.C. § 78c(a)(5)*].

Exempt from the registration requirement is a broker or dealer whose business is exclusively intrastate [15 U.S.C. § 780a]. Thus, a syndicator who sells syndicate interests only to investors located in California will be exempt from the registration requirement.

Also, a person is not considered a dealer--and therefore need not register--if he or she only sells, but does not buy, securities for his or her own account [*see 15 U.S.C. § 78c(a)(5)*].

For further coverage of the requirements and procedure for federal registration of brokers and dealers, see California Real Estate Law and Practice, Ch. 21, *Regulation of Syndicates* (Matthew Bender).

[3] California Licensing Requirement and Exemptions

A broker-dealer ordinarily may not effect any transaction in, or induce or attempt to induce the purchase or sale of, any security in this California unless the broker-dealer has obtained from the Corporations Commissioner a certificate authorizing that person such actions [*Corp. Code § 25210(a)*; *see Corp. Code § 25210(b)* (agent of broker-dealer must be employed in compliance with regulations)]. A "broker-dealer" generally is any person engaged in the business of effecting transactions in securities in California for the account of others or for his or her own account [*Corp. Code § 25004(a)*].

The foregoing broker-dealer certificate requirement is subject to a narrow exemption for certain real-estate syndicates. Specifically, a licensed real-estate broker is exempt when engaged in transactions in any interest in any general or limited partnership, joint venture, unincorporated association, or similar organization (but not a corporation) owned beneficially by no more than 100 persons and formed for the sole purpose of, and engaged solely in, investment in or gain from an interest in real property, including, but not limited to, a sale, exchange, trade, or development [*Corp. Code § 25206* (interest held by husband and wife is considered held by one person for this purpose)].

E. Termination of Syndicate

13-29B California Legal Forms--Transaction Guide § 29B.50

§ 29B.50 Dissolution and Winding Up of Syndicate Entity

Eventually, the syndicate will be wound up and terminated, usually after the syndicate completes its investment plan and sells the investment property. When the syndicate's operations terminate because of the sale of the property, the legal entity can be dissolved and its affairs wound down, following general procedures applicable to the particular kind of entity involved. For discussion of the dissolution and winding up of a limited partnership, see Ch. 16A, *Dissolution of Limited Partnerships* . For discussion of the dissolution and winding up of an LLC, see Ch. 12C, *Limited Liability Companies* .

Termination of the syndicate may also be triggered by the actions of the passive investors, or through the actions or threatened actions of creditors, if the syndicate runs into financial trouble. For detailed coverage of the reasons and procedures for involuntary termination of real estate syndicates, see California Real Estate Law and Practice, Ch. 32, *Dissolution and Termination of Syndicates* (Matthew Bender).

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
F. Tax Considerations

13-29B California Legal Forms--Transaction Guide § 29B.60

§ 29B.60 Classification of Real Estate Syndicate for Tax Purposes

[1] Noncorporate Syndicate Is Usually Classified as Partnership

Under IRS regulations that took effect on January 1, 1997, a noncorporate business entity (such as a limited partnership or LLC) with two or more members can simply elect to be taxed as a partnership or as a corporation [*Treas. Reg. § 301.7701-3(a)*]. If a noncorporate business entity with two or more members makes no election, it will be classified as a partnership [*Treas. Reg. § 301.7701-3(b)*]. Thus, a real estate syndicate organized as a limited partnership or LLC will automatically be treated as a partnership unless it affirmatively elects to be taxed as a corporation [*see Treas. Reg. § 301.7701-3(c)* (election procedures)].

Under IRS regulations in effect prior to 1997, a real estate syndicate would be classified as an "association taxable as a corporation" if it possessed a majority of the four "corporate characteristics" established by the IRS (continuity of life, centralized management, limited liability, free transferability of interests). An entity in existence prior to January 1, 1997, retains its former tax classification unless it affirmatively elects to change it [*Treas. Reg. § 301.7701-3(b)(3)*].

California generally conforms to the federal entity classification rules [*see Rev. & Tax. Code § 23038(b)(2)(B)(ii), (iii)*]. The classification of a business entity as an association taxable as a corporation is determined under FTB regulations, which must be consistent with the federal regulations in effect on January 1, 1997, that classify a business entity as a partnership or an association taxable as a corporation, or disregard the separate existence of the business entity [*Rev. & Tax. Code § 23038(b)(2)(B)(i)*]. The classification of an eligible business entity as a partnership or an association taxable as a corporation is the same as the classification of the entity for federal tax purposes [*Rev. & Tax. Code § 23038(b)(2)(B)(i)*]. However, if an eligible business entity was properly classified as an association taxable as a corporation for any income year beginning with the 60-month period preceding January 1, 1997, the entity continues to be an association taxable as a corporation until it elects to be classified the same as the entity is classified for federal purposes. This latter rule does not apply to any entity that was not doing business in California, did not derive income from California, and had no California resident owner during the 60-month period preceding January 1, 1997 [*Rev. & Tax. Code § 23038(b)(2)(C)*].

Because the tax classification of a noncorporate real estate syndicate is simply a matter of preference, tax considerations are no longer important in deciding how to structure a private real estate syndicate.

Under *I.R.C. § 7704*, a partnership may be classified as a corporation for tax purposes if it is "publicly traded" [*I.R.C. § 7704(a)*]. However, interests in nonpublic real estate syndicates are not registered with the SEC and are not traded on established securities markets. Thus, *I.R.C. § 7704* is inapplicable to the nonpublic syndicates discussed in this chapter.

[2] Syndicate's Taxable Year

A real estate syndicate classified as a partnership generally is required to adopt a taxable year as follows:

(1) The taxable year of the syndicate will be the taxable year of the partners who have an aggregate interest in partnership profits and capital of more than 50 percent [*I.R.C. § 706(b)(1)(B)(i), (4)*; *Rev. & Tax. Code § 17851*].

(2) If there is no taxable year that fits the description in (1), the taxable year of the syndicate will be the taxable year of all of its principal partners [*I.R.C. § 706(b)(1)(B)(ii)*; *Rev. & Tax. Code § 17851*]. A "principal" partner is one having an interest of 5 percent or more in the syndicate's profits or capital [*I.R.C. § 706(b)(3)*; *Rev. & Tax. Code § 17851*].

(3) If there is no taxable year that fits the description in (1) or (2), the taxable year of the syndicate will be the one that produces the least aggregate deferral of income [*Treas. Reg. § 1.706-1(b)(2)(i)(C), (3)*; *see I.R.C. § 706(b)(1)(B)(iii)*; *Rev. & Tax. Code § 17851*].

A newly formed partnership may adopt its required taxable year (as determined above), a taxable year elected under *I.R.C. § 444*, or a 52-53-week taxable year ending with reference to its required taxable year or a taxable year elected under *I.R.C. § 444*, without securing approval of the Commissioner [*see Treas. Reg. § 1.441-1(c)(1)* (taxable year of new taxpayer generally is adopted by filing its first federal income tax return using that taxable year)]. If a newly formed partnership wants to adopt any other taxable year, it must establish a business purpose and secure the approval of the Commissioner under *I.R.C. § 442* [*Treas. Reg. § 1.706-1(b)(7)*].

Under *I.R.C. § 444*, a partnership may adopt or retain an otherwise improper taxable year. A newly formed partnership that would otherwise have a required taxable year may elect a fiscal year with a deferral period of three months or less [*I.R.C. § 444(b)(1)*]. However, if a § 444 election is in effect, the partnership must make a required payment that approximates the tax deferral arising from the use of the fiscal year [*I.R.C. §§ 444(c)(1), 7519*].

An existing partnership may change its taxable year by securing the Commissioner's approval under *I.R.C. § 442* or by making an election under *I.R.C. § 444* [*Treas. Reg. § 1.706-1(b)(8)(i)(A)*].

As a practical matter, most real estate syndicates with individuals as investors adopt the calendar year as the taxable year, because of the limitations on required taxable years and the complexities of the payments required pursuant to a § 444 election.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
F. Tax Considerations

13-29B California Legal Forms--Transaction Guide § 29B.61

§ 29B.61 Tax Treatment of Income and Loss Resulting From Syndicate Operations

[1] Income and Losses Are Passed Through to Investors

A real estate syndicate that is taxed as a partnership is not required to pay either federal or California income taxes; rather, its income and losses--from regular operations and, ultimately, from the sale or other disposition of the investment property--are "passed through" to the partners [*see I.R.C. § 701*; *Rev. & Tax. Code § 17851*]. Each year the syndicate must file an "informational" income tax return showing its gains, losses, deductions, and credits for the year [*I.R.C. § 6031*; *Rev. & Tax. Code § 18633*]. Each partner must include on his or her individual income tax return the partner's distributive share of any profits earned by the partnership during the year [*I.R.C. § 702(a)*; *Rev. & Tax. Code § 17851*].

Under the Tax Reform Act of 1986, the tax-shelter advantages of real estate syndicates have been significantly curtailed and virtually eliminated with regard to passive investors such as limited partners in a real estate syndicate. The "at risk" rules now apply to real estate, so that a taxpayer generally may not deduct losses in excess of the taxpayer's cash and property contributions to the syndicate, plus borrowed amounts for which the taxpayer is personally liable for repayment or has pledged property as security for repayment ("recourse financing") [*I.R.C. § 465(a), (b)(1), (2)*; *see Rev. & Tax. Code § 17851*].

Deductions for losses incurred in "passive" activities are subject to additional limitations. An activity involving the conduct of a trade or business in which the taxpayer does not materially participate is denominated a "passive" activity for federal income tax purposes [*I.R.C. § 469(c)(1)*]. For most investors, therefore, a nonpublic real estate syndicate is a passive activity. Deductions and credits arising from passive activities may be taken only against income and tax liability attributable to all passive activities [*I.R.C. § 469(a)(1), (d)*]. Deductions and credits that are disallowed under this rule in any taxable year may be carried forward to the next taxable year but not back to any previous taxable year [*I.R.C. § 469(b)*; *see Rev. & Tax. Code § 17851*]. Further, even if the investor actively participates in management of the syndicate, any deduction for the partner's distributive share of losses sustained by the syndicate is allowable only to the extent of the adjusted basis of the partner's interest in the syndicate [*I.R.C. § 704(d)*; *see Rev. & Tax. Code § 17851*].

The Tax Reform Act of 1986 also eliminated the Accelerated Cost Recovery System is no longer available for real property depreciation and lengthened the recovery periods [*see I.R.C. § 168(b), (c)*]. For detailed coverage of deductions for depreciation of real property, see Ch. 29A, *Joint Ventures* .

[2] Investors' Distributive Shares

The tax consequences for each investor are based on his or her "distributive share" of the syndicate's income, loss, and other items [*I.R.C. § 702(a)*; *Rev. & Tax. Code § 17851*]. The "distributive share" does not refer to actual distributions made to the partners. Rather, it refers to the syndicate's allocation of income or loss to the partner, whether those items are actually distributed to the partner or retained and added to the partner's capital account.

Generally, each partner's distributive share of income, gain, loss, deduction, or credit is determined by the partnership agreement (or the equivalent document, such as the operating agreement for an LLC) [*I.R.C. § 704(a)*]. However, if the agreement does not specify a partner's distributive share, or if the agreement makes an allocation to the partner that does not have "substantial economic effect," the partner's distributive share will be determined in accordance with the partner's interest in the partnership [*I.R.C. § 704(b)*].

Thus, the partnership agreement (or the equivalent document, such as the operating agreement of an LLC) may allocate income, gain, loss, deductions, and credits so as to minimize the partners' overall tax burden. The partners may decide to share certain kinds of income or loss in different proportions than they share other items. For example, partners with substantial passive income from other sources might be allocated a greater proportion of operating losses than the proportion of income that is allocated to them. Such an allocation is limited, however, by the requirement that the allocation have "substantial economic effect" [*see I.R.C. § 704(b)*].

To have "substantial economic effect," an allocation must satisfy two requirements [*Treas. Reg. § 1.704-1(b)(2)(i)*]. First, the allocation must have economic effect. That is, the allocation must be consistent with the underlying agreement between the parties, which means that in the event there is an economic benefit or economic burden that corresponds to an allocation, the partner to whom the allocation is made must receive that economic benefit or bear that economic burden [*Treas. Reg. § 1.704-1(b)(2)(ii)*]. Second, the economic effect of the allocation must be substantial, that is, there must be a reasonable possibility that the allocation will substantially affect the dollar amounts to be received by the partners, independent of tax consequences [*Treas. Reg. § 1.704-1(b)(2)(iii)*]. For detailed coverage of "substantial economic effect," see Ch. 15, *General Partnerships* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND
F. Tax Considerations

13-29B California Legal Forms--Transaction Guide § 29B.62

§ 29B.62 Investor's Basis in Syndicate Interest

[1] Original Basis and Adjustments to Basis

A partner's original income tax basis for his or her partnership interest is the amount the partner contributed to the capital of the partnership, that is, the amount the partner paid for the partnership interest [*I.R.C. § 705(a)*; *see I.R.C. § 722*]. Thereafter, a partner's income tax basis is adjusted each year based on the partnership's earnings, losses, and distributions. The basis of the partner's partnership interest is decreased by any distributions made to the partner by the partnership, by the partner's distributive share of any partnership losses, and by the partner's distributive share of any partnership expenditures that, although not deductible on the partnership's informational income tax return, are not capital expenditures [*I.R.C. § 705(a)(2)*]. The basis is increased by the partner's distributive share of all taxable and exempt income earned by the partnership each year [*I.R.C. § 705(a)(1)*]. Any increase in a partner's share of the liabilities of a partnership, or any increase in a partner's individual liabilities by reason of the partner's assumption of partnership liabilities, also increases the partner's basis [*I.R.C. §§ 722*, *752(a)*]. This increase in basis is treated, for income tax purposes, as a further contribution by the partner of money in the amount of the increase to the capital of the partnership [*I.R.C. § 752(a)*].

[2] Allocation of Syndicate's Liabilities

An important aspect of the tax treatment of real estate syndicates is the inclusion of a share of the syndicate's liabilities in each investor's basis in his or her interest in the syndicate [*see I.R.C. § 752(a)* (increase in partner's share of partnership liabilities is treated as money contribution to partnership)]. This ability to increase basis is significant, because each investor's deduction of his or her share of the syndicate's losses is limited to the investor's adjusted basis [*see I.R.C. § 704(d)*; *see also § 29B.61[1]*].

Treasury Regulations for determining a partner's share of partnership liabilities distinguish between recourse and nonrecourse liabilities of the partnership. A partnership liability is a "recourse" liability to the extent that any partner or related person bears the economic risk of loss for that liability [*Treas. Reg. § 1.752-1(a)(1)*]. A partner's share of any recourse partnership liability equals the portion of that liability, if any, for which the partner (or related person) bears the economic risk of loss [*Treas. Reg. § 1.752-2(a)*]. The determination of the extent to which a partner bears the

economic risk of loss for a partnership liability is made by applying the rules in *Treas. Reg. § 1.752-2(b)*-(k) [*Treas. Reg. § 1.752-2(a)*].

A partnership liability is a "nonrecourse" liability to the extent that no partner (or related person) bears the economic risk of loss for that liability [*Treas. Reg. § 1.752-1(a)(2)*; *see Treas. Reg. § 1.752-2*]. The nonrecourse liabilities of a partnership must be allocated among the partners (1) to reflect the partners' shares of a partnership minimum gain; (2) to reflect any gain that would be allocated to the partners under *I.R.C. § 704(c)* if the partnership, in a taxable transaction, disposed of all partnership property subject to one or more nonrecourse liabilities of the partnership in full satisfaction of those liabilities and for no other consideration; and (3) in accordance with the partners' interests in partnership profits [*Treas. Reg. § 1.752-3(a)*].

A debt incurred by an LLC is a nonrecourse liability, because if the net assets of LLC are insufficient to pay the debt, the members, managers, and officers of the LLC generally are not personally liable on the debt [*Corp. Code §§ 17101(a), 17158*]. However, if one of the member of the LLC personally guarantees the debt, then it will be treated as a recourse debt, since the guaranteeing member bears the economic risk of loss on the debt [*see Treas. Reg. § 1.752-1(a)(1)*].

Another example of a nonrecourse liability is a purchase money deed of trust or mortgage given by a general partnership to a seller of property in California. A "purchase money" deed of trust is security for an obligation incurred in the purchase of real property and owed to the seller or a lender. Under California law, a deficiency judgment may not be obtained against a buyer on a purchase money deed of trust; therefore, the buyer is not personally liable and the security is a nonrecourse liability [*see Code Civ. Proc. § 580b*].

The increase of each partner's basis in the partnership through the use of nonrecourse financing potentially may increase the partners' distributive share of partnership losses. However, any potential tax deduction arising from a distributive share of partnership losses is limited by the "at risk" rule, which generally limits deductions for borrowed amounts to those for which the borrower is personally liable [*see I.R.C. § 465(b)(2)*; *see § 29B.61[1]*]. There is an exception to the "at risk" rule in regard to "qualified nonrecourse financing" secured by the real property used in the activity [*see I.R.C. § 465(b)(6)(A)*]. For further discussion of the "at risk" rule and qualified nonrecourse financing, see Ch. 29A, *Joint Ventures* .

As an example of application of the basis rules, suppose one general and nine limited partners, all ten of whom are to share equally in partnership profits, each contribute $2,000 toward the capital of a limited partnership. Suppose further that the limited partnership uses the $20,000 to purchase a $100,000 apartment building that is subject to an existing $80,000 deed of trust, and, although the partnership takes title to the apartment house subject to the deed of trust, it does not assume the deed of trust. Automatically, the income tax basis of each partner's interest in the partnership is increased from $2,000 to $10,000. Each partner may deduct $10,000 of partnership losses from his or her aggregate passive income as shown on his or her individual income tax return in the first year of the partnership's operation, assuming that the existing note and deed of trust represent qualified nonrecourse financing [*see I.R.C. § 465(b)(6)(A), 469(a), (d)*].

13-III California Legal Forms--Transaction Guide Scope

Scope

NOTE: This Transaction Guide assumes that the proposed real estate syndicate will be organized as a limited partnership or as a limited liability company (LLC). Most real estate syndicates are organized as limited partnerships or as LLCs, primarily because those entities allow for "pass-through" tax treatment, limited personal liability for most or all investors, and centralized management [***see*** *§ 29B.12*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART III. TRANSACTION GUIDE
A. Client Interview--Facts and Documents

13-29B California Legal Forms--Transaction Guide § 29B.100

§ 29B.100 Facts

1. Identifying information for syndicator, each known investor, and any other person who will act as manager of syndicate (general partner in limited partnership, or manager of LLC):

a. If individual:
(1) Name, address, telephone number, and e-mail address.

(2) Occupation and licenses.

(3) Education and experience.

(4) Net worth.

b. If corporation or other business entity:

(1) Name, address, telephone number, and e-mail address.

(2) Name, telephone number, and e-mail address of contact person at entity.

(3) State and date of incorporation or organization.

(4) Principal business of entity.

(5) If entity has real estate broker's license or other professional license:
(a) Name of officer or employee who qualified for license.

(b) Principal activity carried on by entity under license.

(6) Following information for each officer, general or managing partner, or manager of LLC:

(a) Name.

(b) Office or responsibility in entity.

(c) Education and experience.

2. Following information about real property to be acquired by syndicate:

NOTE:

The following assumes that the syndicate will be a "specified property" syndicate, with a particular piece of property already selected before formation of the syndicate. Because nonpublic syndicates are smaller than public syndicates, they tend to be specified property syndicates; a typical nonpublic syndicate can only raise enough capital to invest in one or two properties and thus will usually be able to select the property before making its offering to investors **[*see* *§§ 29B.10[1], 29B.21*].**

a. Type of real property to be acquired, such as:

(1) Existing residential building.

(2) Existing commercial building.

(3) Existing industrial building.

(4) Land on which residential building will be constructed.

(5) Land on which commercial building to be constructed.

(6) Undeveloped land for speculative resale.

b. Location of property, including:

(1) Exact legal description.

(2) Address.

(3) General description of surrounding area.

c. Size of property, including following as applicable:

(1) Acreage, if vacant land.

(2) Number of existing or planned residential units.

(3) Existing or planned square footage, if office or other commercial building.

3. Following information about planned acquisition and development of real property:

a. Steps syndicator has taken or plans to take to tie up property, such as:

(1) Completed purchase, with title now held in syndicator's name.

(2) Execution of purchase agreement, contingent on formation of syndicate to complete purchase.

(3) Obtaining option to purchase property, exercisable by syndicator.

(4) Obtaining option to purchase property, exercisable by syndicate.

b. Price and relevant terms of syndicate's planned purchase of property.

c. If syndicate will develop property, estimated cost of construction.

d. Known or expected terms of proposed financing for syndicate's purchase or development of property, including:

(1) Total purchase price or construction cost.

(2) Amount of down payment by syndicate.

(3) Manner in which deferred payments will be evidenced and secured, such as:
(a) Promissory note and all-inclusive, or wrap-around, deed of trust.

(b) Promissory note secured by second deed of trust and assumption by syndicate of existing first deed of trust.

(c) Promissory note secured by first deed of trust.

(4) Terms of promissory note or other instrument evidencing deferred balance of purchase price or construction cost, including:

(a) Interest rate on deferred payments.

(b) Any prepayment penalty.

(c) Any lump-sum "balloon" payments at end of term evidenced by promissory note.

(d) Any due-on-sale clause.

e. Name, address, telephone number, and e-mail address of persons involved in acquisition of property, including:

(1) Seller.

(2) Seller's real estate broker.

(3) Attorney.

f. Following information concerning any real estate broker handling transaction for syndicate:

(1) Name, address, telephone number, and e-mail address of particular salesperson or other employee handling transaction.

(2) Connection and affiliation, if any, of broker or salesperson with person or entity forming syndicate and proposed general partner or manager of syndicate.

(3) Commission to be paid by seller or syndicate to broker.

g. If syndicator has executed purchase agreement for property, following information concerning escrow:

(1) Escrow number.

(2) Name, address, telephone number, and e-mail address of title or escrow company office.

(3) Name of particular escrow or title clerk handling escrow.

(4) Anticipated closing date, if available.

h. If syndicator has option to purchase any property to be acquired by syndicate, information about option, including:

(1) Terms of option.

(2) Expiration date of option.

(3) Amount to be paid by syndicate for assignment of option to syndicate.

i. If syndicate plans to develop property, following information:

(1) Name, address, telephone number, and e-mail address of architect or engineer responsible for structure's design.

(2) Name, address, telephone number, and e-mail address of any proposed general contractor.

(3) Relationship (business or otherwise) of architect, engineer, and proposed general contractor to persons organizing syndicate and any proposed general partner or manager of syndicate.

(4) Following information about financing of project:

NOTE:
For a discussion of construction financing, see Ch. 30A, ***Basic Construction Financing*** .

(a) Name, address, telephone number, and e-mail address of lenders for construction loan and take-out loan.

(b) Type of disbursement control of construction loan funds required by lender or

proposed by syndicate.

(c) Terms of proposed loans.

4. How syndicate property will be managed, such as following:

NOTE:
A distinction must be drawn between management of the legal entity that is the syndicate itself and management of the real property acquired by the syndicate. Although the general partner or general partners will always manage the syndicate itself, they may be unwilling or unqualified to assume the day-to-day management of a large apartment complex or shopping center, especially when they are real property investment specialists or professional real estate syndicators.

a. By general partner or manager of syndicate.

b. Under management agreement to be executed with property's seller.

c. Under lease-back of property to seller.

d. Under management agreement with third-party real property management firm, either.

5. Information on passive investors' interests in syndicate, including:

a. Amount of money that must be raised through sale of interests for:

(1) Down payment on property and initial operating expenses.

(2) Anticipated commissions and compensation for brokers and dealers who sell interests.

(3) Other anticipated selling expenses, such as costs of printing subscription agreement and private offering memorandum.

(4) Estimated organizational costs, such as:

NOTE:
Generally, no income tax deduction is allowed to a partnership or partner (or to a member of an LLC taxed as a partnership) for amounts paid or incurred to organize the partnership (or LLC) or for syndication expenses incurred to sell or promote the sale of interests in the partnership (or LLC) [*I.R.C. § 709(a)*]. However, a partnership (or LLC taxed as a partnership) may elect to deduct its organizational expenses ratably over a 15-year period [*I.R.C. § 709(b)*; *Rev. & Tax. Code § 17851*].

(a) Attorney's fees.

(b) Accounting fees.

(c) Filing fees for organization documents such as certificate of limited partnership or articles of organization for LLC.

b. Number and structure of interests.

c. Offering price of each unit of interest.

d. Whether interests are to be assessable or nonassessable, and, if so, for what expenses.

6. Following information on any prior real estate syndicates or real estate investment trusts organized or operated by syndicator:

a. Name.

b. Property acquired.

c. Names and addresses of accountants and attorneys.

d. Which prior syndicates (if any) were registered with Securities and Exchange Commission or qualified with California Corporations Commissioner.

7. Any fees to be paid to syndicator for services rendered in organizing syndicate.

NOTE:

An income tax deduction is not allowed to the partnership or any partner for organizational and syndication expenditures. However, the partnership may elect to amortize certain organizational expenditures [*I.R.C. § 709*]. In addition, payments made to a general partner for services rendered in connection with the syndication and organization of the partnership are not currently deductible and must be capitalized if they are in the nature of capital expenditures [*I.R.C. § 707(c)*; ***see*** *I.R.C. § 263*].

8. Proposed interest of syndicator in syndicate, including any proposed dollar amounts or percentages reflecting following:

a. Promotional interest in syndicate's capital.

b. Promotional interest in profits and earnings.

c. Syndicate interest in exchange for cash contribution to capital.

9. Information about intended duration of syndicate, such as:

a. Termination on sale of property.

b. Termination after specified period of time.

c. Indefinite duration of syndicate, with reinvestment of all or portion of proceeds from sale of property.

d. Death or retirement of general partner or manager.

A. Client Interview--Facts and Documents

13-29B California Legal Forms--Transaction Guide § 29B.101

§ 29B.101 Documents

1. If syndicator is corporation:

    a. Copy of articles of incorporation.

    b. Copy of bylaws.

    c. If corporation is a foreign corporation, copy of certificate of qualification to transact intrastate business in California [*see* Ch. 12B, *Foreign Corporations and Associations*].

2. If syndicator is partnership:

    a. Copy of partnership agreement.

    b. Copy of certificate of limited partnership, if applicable.

3. If syndicator is LLC:

    a. Copy of articles of organization.

    b. Copy of operating agreement.

4. For syndicator and any other person who will be general partner or manager of syndicate:

    a. Balance sheet showing net worth.

b. Cash-flow or profit-and-loss statement for last taxable year.

5. Copy of documents reflecting syndicator's efforts to tie up property for syndicate, such as:

a. Any option taken by syndicator on property to be acquired by syndicate.

b. Purchase agreement entered into by syndicator.

6. Preliminary title report for any real property to be acquired by syndicate.

7. Copy of any promissory note or deed of trust to be executed by syndicate in purchasing specified real property or otherwise.

8. Copy of any deed of trust or other encumbrance that syndicate will assume or acquire property "subject to."

9. If syndicate is to construct building:

a. Copy of any letter of commitment issued for construction loan or take-out loan.

b. Copy of proposed agreement, promissory note, and deed of trust for construction loan.

c. Copy of any proposed design or construction contracts with any engineer, architect, or general contractor [*see* Ch. 30C, *Agreements with Architects, Engineers, and Other Design Professionals*].

10. Copy of any proposed management agreement for any property to be acquired by syndicate.

11. Copy of any proposed lease-back to sellers of any property to be acquired by syndicate.

12. Any other proposed contracts or agreements.

13. Syndicator's real estate license, if any.

14. If applicable, licenses of proposed seller of interests.

13-29B California Legal Forms--Transaction Guide § 29B.110

§ 29B.110 Determining Whether Syndicate Is Exempt From Registration Under Federal Securities Act

NOTE:

For an introductory discussion of the Securities Act of 1933 [*15 U.S.C. § 77a et seq.*], see *§ 29B.40*. For detailed coverage of the Act, see Ch. 6, ***Securities Regulation Issues*** . For detailed discussion and checklists of requirements for each of the following exemptions, see Ch. 6A, ***Federal Securities Exemptions for California Nonpublic Corporations*** .

Even if a federal exemption is available, the sale of syndicate interests still must be qualified by the California Commissioner of Corporations unless it comes within an exemption to California's securities laws [***see*** *§ 29B.111*].

1. Determine whether syndicate meets requirements for intrastate exemption, which is available if both [*15 U.S.C. § 77c(a)(11)*; *17 C.F.R. § 230.147*]:

a. Syndicate is organized and does business in California.

b. Syndicate interests are offered and sold only to persons resident within California.

2. Determine whether syndicate meets requirements of any of following Regulation D exemptions:

a. Small or limited offering exemption, applicable to offerings not exceeding $1,000,000 [*17 C.F.R. § 230.504*].

b. "Accredited investor" exemption, which is available if both [*17 C.F.R. § 230.505*]:
(1) Total offerings do not exceed $5,000,000.

(2) There are no more than 35 buyers, not counting accredited investors.

c. Private offering exemption, which is applicable if there are no more than 35 sophisticated buyers, not counting accredited investors [*17 C.F.R. § 230.506*].

3. Determine whether syndicate meets requirements of Regulation A small offering exemption, which is available if aggregate sales will not exceed $5,000,000 [*15 U.S.C. § 77c(b)*; *17 C.F.R. § 230.251 et seq.*].

NOTE:

The Regulation A exemption [*17 C.F.R. § 230.251 et seq.*] under Section 3(b) of Securities Act [*15 U.S.C. § 77c(b)*] is actually an exemption only from full registration, since a notification of the issuance is required [***see*** *17 C.F.R. § 230.251(d)(1)(i)*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART III. TRANSACTION GUIDE
B. Preliminary Determinations

13-29B California Legal Forms--Transaction Guide § 29B.111

§ 29B.111 Determining Whether Syndicate Is Exempt From Qualification Under California Securities Law

NOTE:

For an overview of the limited offering exemption from qualification under the California Corporate Securities Law of 1968 [*Corp. Code § 25102(f)*; ***see*** *§ 29B.41[2]*]. For detailed coverage, see Ch. 6B, ***California Limited Offering Exemptions*** .

1. Verify that sales of syndicate interests will be made to 35 or fewer persons [*Corp. Code § 25102(f)(1)*].

2. Verify that each purchaser either [*Corp. Code § 25102(f)(2)*]:

a. Has preexisting personal or business relationship with syndicator (or any of its partners, officers, directors or controlling persons, or managers appointed or elected by the members if the offeror is a limited liability company).

b. Can be reasonably assumed to have the capacity to protect his or her own interests in connection with the transaction, by reason of the purchaser's business or financial experience or the business or financial experience of the purchaser's professional advisers who are unaffiliated with and who are not directly or indirectly compensated by the issuer or any affiliate or selling agent of the issuer.

3. Verify that proposed offering does not involves same property as, or have some other connection with, prior offerings or sales so that they will be combined for purposes of exemption [*see 10 Cal. Code Reg. § 260.102.12(b)(1)*; *see also § 29B.41[2][e]*].

NOTE:

Under certain circumstances, past offerings or sales that have some connection with the proposed offering may be considered by the Commissioner to be a part of the limited offering transaction. In such cases, the prior offerings or sales, either alone or in conjunction with the other offers and sales of the transaction, may violate the conditions of the exemption [***see*** Ch. 6B, ***California Limited Offering Exemptions***].

C. Procedural Guide

13-29B California Legal Forms--Transaction Guide § 29B.120

§ 29B.120 Formation of Nonpublic Real Estate Syndicate

1. Prepare following documents needed to form legal entity for syndicate.

a. If syndicate will be organized as limited partnership, prepare following:

NOTE:
The two statutory requirements for the formation of a limited partnership are the execution of a partnership agreement and the filing of a certificate of limited partnership [*Corp. Code § 15902.01(a)*]. For detailed coverage of the formation of limited partnerships, ***see*** Ch. 16, ***Formation of Limited Partnerships*** .

(1) Limited partnership agreement [*see Corp. Code § 15902.01(a)*; *see also §§ 29B.130* (drafting guide), 29B.200 (form)].

(2) Certificate of limited partnership [*see Corp. Code § 15902.01(a)*; *see also* Ch. 16, *Formation of Limited Partnerships*].

b. If syndicate will be organized as limited liability company, prepare following:

NOTE:
The two statutory requirements for the formation of a limited liability company are the filing of articles of organization and the execution of an operating agreement among the members [*Corp. Code § 17050(a), (c)*]. For detailed coverage of the formation of limited liability companies, ***see*** Ch. 12C, ***Limited Liability Companies*** .

(1) Articles of organization [*see Corp. Code § 17050(c)*; *see also* Ch. 12C, *Limited Liability Companies*].

(2) Operating agreement [*see Corp. Code § 17050(a)*; *see also §§ 29B.131* (drafting guide), 29B.201 (form)].

2. Prepare following documents needed to complete sales of interests in syndicate:

a. Private offering memorandum [*see §§ 29B.23[1], 29B.132* (drafting guide)].

NOTE:
The distribution of a private placement memorandum or a similar document is required for most offerings under SEC Rule 506 [***see*** *17 C.F.R. § 230.506*]. Although the other exemptions from the registration and qualification requirements of federal and California securities laws do not require distribution of a private placement memorandum, such a document is distributed for any nonpublic offering in actual practice.

b. Investor questionnaire [*see §§ 29B.23[2], 29B.203* (form)].

c. Subscription agreement [*see §§ 29B.23[4], 29B.202* (form)].

3. If claiming California limited offering exemption [*see Corp. Code § 25102(f)*; *see also § 29B.41[2]*], prepare complete official notice of transaction form [*10 Cal. Code Reg. § 260.102.14(b)*; *see* Ch. 6B, *California Limited Offering Exemptions*].

4. Raise necessary capital for syndicate by selling interests to investors.

a. Present each prospective investor with package containing following:

(1) Organizational documents (*see* P 1, *above*).

(2) Documents needed to complete sale of interest in syndicate (*see* P 2, *above*).

b. Preserve relevant exemptions from securities laws by observing following precautions [*see §§ 29B.40, 29B.41*; *see also* 6A, *Federal Securities Exemptions for California Nonpublic Corporations*; Ch. 6B, *California Limited Offering Exemptions*].

(1) If claiming California limited offering exemption and federal regulation D exemptions, restrict the number of sales made, to no more than 35 investors [*see 17 C.F.R. §§ 230.505, 230.506*; *Corp. Code § 25102(f)(1)*; *see also §§ 29B.40, 29B.41[2]*[[b]].

NOTE:
In determining the number of purchasers, certain persons and entities, such as institutional investors and any officer, director, affiliate of the issuer, or a manager if the offeror is a limited liability company, are excluded from the count [***see*** *Corp. Code § 25102(f)*; *10* Cal. Code Reg. § 260.102.13]. Furthermore, certain combinations and classes of persons and entities are counted as one purchaser. For example, a husband and wife (together with any custodian or trustee acting for the account of their minor children) are counted as one person [*Corp. Code § 25102(f)*]. For a detailed coverage of the rules affecting the

purchaser count, ***see*** *§ 29B.41[2][b]* and Ch. 6B, ***California Limited Offering Exemptions*** .

(2) If claiming California limited offering exemption, sell syndicate interests only to persons who meet suitability requirements and who have sufficient experience to evaluate investment [*see Corp. Code § 25102(f)(2)*; *see §§ 29B.41[2][a], [b], 29B.111*].

(3) If claiming California limited offering exemption, have each purchaser represent that purchase is for his or her own account and not for resale [*see Corp. Code § 25102(f)(3)*; *see § 29B.41[2][a]*].

(4) Avoid any general solicitation or general advertising, such as offers made at any seminar or meeting whose attendees were invited by general solicitation or general advertising [*see 17 C.F.R. § 230.502(c)*; *Corp. Code § 25102(f)(4)*; *see also §§ 29B.40*, 41[2][c]].

NOTE:

This does not preclude distribution of documents and other material that are not disseminated to the public [***see*** *10 Cal. Code Reg. § 260.102.12(j)*].

(5) If claiming intrastate exemption under federal law, offer and sell only to California residents [*see 15 U.S.C. § 77c(a)(11)*; *17 C.F.R. § 230.147*; *see also § 29B.40*].

(6) Provide offerees opportunity to ask questions and obtain additional information about offering and syndicate, to comply with requirements of SEC Regulation D [*see 17 C.F.R. § 230.502(b)(2)(v)*] and to avoid later charges of misrepresentation.

NOTE:

Any oral or written communication made in connection with the offer or sale must disclose all material facts that are necessary to prevent the communication from being misleading [***see*** *Corp. Code § 25401*, *25501*].

c. Have each interested, acceptable investor complete and sign necessary documentation, including:

(1) Investor questionnaire [*see § 29B.203* (form)].

(2) Subscription agreement.

(3) Limited partnership agreement [*see § 29B.200* (form)] or limited liability company operating agreement [*see § 29B.201* (form)], as appropriate.

d. If interests are sold under California limited offering exemption, file official notice of transaction [*see* Ch. 6B, *California Limited Offering Exemptions*] with Commissioner of Corporations no later than 15 days after first sale of security in transaction in California [*10 Cal. Code Reg. § 260.102.14(b)*; *see Corp. Code § 25102(f)*; *see also § 29B.41[2][d]*].

NOTE:

If in connection with the transaction the issuer is filing a notice with the SEC [***see*** *15 U.S.C. § 77d(6)*; *17 C.F.R. § 230.503*], the notice filed in California may be a copy of the SEC form. The issuer must also file a consent to service of process, unless it is a California corporation or has already filed a consent to service. The filing should be accompanied with a cover letter indicating that the filing is pursuant to *Corp. Code § 25102(f)*, and if a consent to service is not included, a statement that the issuer already has

a consent to service on file with the Commissioner [*10 Cal. Code Reg. § 260.102.14(a)(1)*].

(1) File notice electronically through the Internet process made available by Department of Corporations at www.corp.ca.gov [*10 Cal. Code Reg. § 260.102.14(a)(2), (c)-(f)*].

(2) If issuer claims hardship exemption from electronic-filing requirement, notice must be in form specified by Department regulations [*10 Cal. Code Reg. § 260.102.14(a)(2), (c)-(f)*].

5. Complete procedures for formation of syndicate's legal entity.

a. If syndicate will be organized as limited partnership, file certificate of partnership [*see Corp. Code § 15902.01(a)*; *see also* Ch. 16, *Formation of Limited Partnerships*].

b. If syndicate will be organized as limited liability company, file articles of organization [*see Corp. Code § 17050(c)*; *see also* Ch. 12C, *Limited Liability Companies*].

6. Complete acquisition of property by syndicate [*see § 29B.24*; *see also* California Real Estate Law and Practice, Ch. 29, *Syndicate Property Acquisition and Management* (Matthew Bender)].

PART III. TRANSACTION GUIDE
D. Drafting Guide

13-29B California Legal Forms--Transaction Guide § 29B.130

§ 29B.130 Limited Partnership Agreement

NOTE:

Generally, the limited partnership agreement governs relations among the partners and between the partners and the partnership [*Corp. Code § 15901.10(a)*]. To the extent the partnership agreement does not provide otherwise, the Uniform Limited Partnership Act of 2008 governs relations among the partners and between the partners and the partnership [*Corp. Code § 15901.10(a)*]. However, the partnership agreement may not vary certain provisions of the Act [*Corp. Code § 15901.10(b)*]. For example, an agreement may not vary the information required to be maintained by the limited partnership [***see*** *Corp. Code § 15901.11*], unreasonably restrict partners' inspection of that information [***see*** *Corp. Code §§ 15903.04, 15904.07*], eliminate the general partner's fiduciary duties [***see*** *Corp. Code § 15904.08*], or vary the general partner's power to withdraw, or "dissociate," from the partnership [***see*** *Corp. Code § 15906.04(a)*]. For further discussion, see Ch. 16, Formation of ***Limited Partnerships***].

1. Include names of all partners [*see § 29B.200[2]*, Introductory Clause].

2. State intention to form partnership [*see § 29B.200[2]*, P 1.01].

3. Set forth name that [*see § 29B.200[2]*, P 1.02]:

a. Contains either of following at end of name [*Corp. Code § 15901.08(b)*]:
(1) "Limited partnership;" or

(2) Abbreviation "L.P."

b. If desired, contains name of limited partner [*Corp. Code § 15901.08(a)*].

c. Does not contain words "bank," "insurance," "trust," "trustee," "incorporated," "inc.," "corporation," or "corp." [*Corp. Code § 15901.08(g)*].

d. Is distinguishable from the following [*Corp. Code § 15901.08(d)*]:

NOTE:
A limited partnership may apply to the Secretary of State for authorization to use one of the following names if the present user, registrant, or owner of the conflicting name consents to the use and undertakes to change its name to one that does not conflict with the name applied for [*Corp. Code § 15901.08(e)(1)*].

(1) Name already reserved for another limited partnership.

(2) Name of limited partnership that previously filed a certificate.

(3) Name of registered foreign limited partnership.

4. State that business and purpose of partnership is to own and manage real property, and describe property if already selected [*see § 29B.200[2]*, P 1.03].

5. Provide address of office in California at which required records will be kept [*Corp. Code §§ 15901.11*, *15901.14(a)(1)*; *see § 29B.200[2]*, P 1.04].

6. If desired, state intention to file certificate of limited partnership [*see Corp. Code § 15902.01*; *see also § 29B.200[2]*, P 1.05].

7. Specify partnership term [*see § 29B.200[2]*, P 1.06].

8. If desired, specify method of holding title to syndicate property [*see § 29B.200[2]*, P 1.07].

9. Provide the following information concerning partners:

a. Names and residence addresses of original general and limited partners [*see § 29B.200[2]*, PP 2.01, 2.02].

b. If desired, method of admission of:

(1) Additional limited partners on acquisition of interest directly from partnership [*see Corp. Code § 15903.01(a)*; *see also § 29B.200[2]*, P 2.03].

(2) Assignee of limited partnership interest as substituted limited partner [*see Corp. Code §§ 15903.01(a)*, *15907.02(h)*; *see also § 29B.200[2]*, PP 2.04, 8.02].

(3) Additional general partner after filing of original certificate [*see Corp. Code § 15904.01(a)*; *see also § 29B.200[2]*, P 2.05].

(4) Replacement for general partner when former general partner ceases to be such and there is no remaining general partner [*see Corp. Code § 15904.01(a)*].

NOTE:
This action may be taken only by the affirmative vote of a majority in interest of the limited partners [***see*** *Corp. Code § 15908.01(c)(2)*].

c. If desired, procedure for removal of general partner [*see Corp. Code § 15906.03(c)*; *see also § 29B.200[2]*, P 2.06].

d. If desired, provision that interests of partners and assignees in partnership will be evidenced by certificates of interest issued by limited partnership [*see § 29B.200[2]*, P 2.08].

10. Set forth the following information concerning partnership finances:

a. Amount of initial capital [*see § 29B.200[2]*, PP 2.02, 2.03(a)].

b. Total number of partnership units and, if appropriate, cost of units and minimum number of units to be purchased by each limited partner [*see § 29B.200[2]*, P 2.03(a), (c)].

c. If minimum capitalization is stated, type of impound account to be used, closing date for receipt of above minimum, and procedure for return of purchase funds if minimum not received [*see § 29B.200[2]*, P 2.03(a)].

d. If appropriate, each original partner's initial contribution of any of the following, with description of contribution and its agreed on value [*see § 29B.200[2]*, PP 2.03, 3.01]:

(1) Money.

(2) Property.

(3) Services rendered.

(4) Promissory note or other obligation to contribute money or property.

(5) Obligation to render services.

e. If desired, provision permitting general partner to make contributions and share in profits, losses, and distributions, as limited partner [*see Corp. Code § 15905.01*; *see also* Ch. 16, *Formation of Limited Partnerships*].

f. Partners' rights to withdraw and receive return of capital [*see § 29B.200[2]*, P 3.03].

NOTE:
A limited partner may withdraw, or "dissociate" from the partnership, on the happening of events specified in the partnership agreement [*Corp. Code § 15906.01(b)*].

g. Manner of allocation of profits and losses [*see § 29B.200[2]*, PP 3.04, 3.05]:

NOTE:
The profits and losses of the partnership must be allocated among the partners in the manner provided in the partnership agreement. If no manner of allocation is specified, then the profits and losses must be allocated in the same manner as the partners share distributions [*Corp. Code § 15905.035*].

Any special allocation of profits and losses will be recognized by the IRS only if it has a "substantial economic effect" [***see*** *I.R.C. § 704(b)(2)*; ***see also*** *Treas. Reg. § 1.704-1*]. For a discussion of this matter, see the Legal Background to Ch. 15, ***General Partnerships***.

h. Method of distribution of profits [*see § 29B.200[2]*, PP 3.06, 3.07].

11. Concerning management of partnership:

a. State that powers of control and management belong only to designated general partners [*see § 29B.200[2]*, P 4.01].

b. Specify management duties and restrictions on authority of managing general partners [*see § 29B.200[2]*, P 4.01].

c. Provide for general partner's compensation, e.g. [*see § 29B.200[2]*, P 4.02]:

(1) Reimbursement for business expenses.

(2) For services rendered as general partner.

12. Specify which of the following rights and powers will belong to limited partners [*Corp. Code § 15632(b)*; *see § 29B.200[2]*, PP 5.01, 5.02]:

NOTE:

A limited partner is not liable for any obligation of a limited partnership unless he or she is named as a general partner in the certificate or participates in the control of the business to a greater extent than merely exercising the rights and powers of a limited partner. However, even if a limited partner participates in the control of the business without being named as a general partner, he or she is liable as a general partner only to persons who transact business with the limited partnership (1) with actual knowledge of that partner's participation in control, and (2) with a reasonable belief, based on the limited partner's conduct, that the partner is a general partner at the time of the transaction. Nothing in the California Uniform Limited Partner Act of 2008, however, will be construed to affect the liability of a limited partner to third parties for the limited partner's participation in tortious acts [*Corp. Code § 15903.03(a)*; ***see, e.g.,*** *Gruendl v. Oewel Partnership (1997) 55 Cal. App. 4th 654, 659, 64 Cal. Rptr. 2d 217]* .

A limited partner does not participate in the control of the business solely by engaging in, attempting to engage in, or having the right or power to engage in, any of the activities listed below [*Corp. Code § 15903.03(b)*]. Conversely, a limited partner's possession or exercise of any power not listed below does not necessarily constitute participation in the control of the partnership's business [*Corp. Code § 15903.03(c)*].

a. Being any of following [*Corp. Code § 15903.03(b)*; *see, e.g., Gruendl v. Oewel Partnership (1997) 55 Cal. App. 4th 654, 659, 64 Cal. Rptr. 2d 217* (limited partner may not be deemed to have participated in control merely because he exercised his duties as president of corporate general partner)]:

(1) An independent contractor for, or an agent or employee of, limited partnership or general partner.

NOTE:

A limited partner also does not participate in the control of the business solely by transacting (or attempting to transact, or having the right or power to transact) business with the limited partnership or a general partner of the limited partnership [*Corp. Code § 15903.03(b)(1)(A)*].

(2) Officer, director, or shareholder of corporate general partner of limited partnership.

(3) Member, manager, or officer of limited liability company that is general partner of limited partnership.

(4) Limited partner of partnership that is general partner of limited partnership.

(5) Trustee, administrator, executor, custodian, or other fiduciary or beneficiary of an estate or trust that is a general partner.

(6) Trustee, officer, advisor, shareholder, or beneficiary of business trust that is a general partner.

b. Consulting with and advising general partner with respect to business of limited partnership [*Corp. Code § 15903.03(b)(2)*].

c. Doing any of the following [*Corp. Code § 15903.03(b)(3)*; *see, e.g., Gruendl v. Oewel Partnership (1997) 55 Cal. App. 4th 654, 659, 64 Cal. Rptr. 2d 217* (limited partner not deemed to have participated in control merely because he acted as surety, lent money to limited partnership, or exercised duties as president of corporate general partner)]:

(1) Acting as surety for limited partnership or for general partner.

(2) Guaranteeing one or more specific debts of limited partnership.

(3) Providing collateral for limited partnership or general partner.

(4) Borrowing money from limited partnership or general partner.

(5) Lending money to limited partnership or general partner.

d. Approving or disapproving an amendment to partnership agreement [*Corp. Code § 15903.03(b)(4)*].

e. Voting on, proposing, or calling a meeting of the partners [*Corp. Code § 15903.03(b)(5)*; *see § 29B.200[2]*, P 5.02]:

f. Winding up partnership [*Corp Code 15903.03(b)(6)*; *see Corp. Code § 15908.03*].

g. Executing and filing certificate of limited partnership, certificate of withdrawal, or certificate of cancellation [*Corp. Code § 15903.03(b)(7)*; *see Corp. Code §§ 15902.04(a)(4), (6), 15902.05*].

h. Serving on audit committee or committee performing functions of audit committee [*Corp. Code § 15903.03(b)(8)*].

i. Serving on committee of limited partnership or of limited partners for purpose of approving actions of general partner [*Corp. Code § 15903.03(b)(9)*].

j. Calling, requesting, attending, or participating in any meeting of partners or limited partners [*Corp. Code §*

15903.03(b)(10)].

k. Taking any action required or permitted by law to bring, pursue, settle, or terminate derivative action on behalf of limited partnership [*Corp. Code § 15903.03(b)(11)*].

l. Performing any of following acts for any person in which limited partnership has an interest [*Corp. Code § 15903.03(b)(12)*]:

(1) Serving on board of directors or committee.

(2) Consulting or advising.

(3) Being or acting as officer, director, stockholder, partner, member, manager, agent, or employee.

(4) Being or acting as fiduciary.

m. Exercising any other right or power permitted to limited partners under the California Uniform Limited Partnership Act of 2008 [*Corp. Code § 15903.03(b)(13)*].

13. Include provisions governing partnership meetings [*see § 29B.200[2]*, art. 6].

14. Set forth syndicate's responsibilities concerning syndicate books, records, and reports [*see § 29B.200[2]*, art. 7].

15. If desired, prohibit or authorize assignment of partnership interests and substitution of limited partners [*Corp. Code § 15907.01 et seq.*; *see § 29B.200[2]*, PP 8.01, 8.02].

16. Concerning dissolution of partnership, specify:

a. That partnership will dissolve on happening of first to occur of events causing dissolution [*Corp. Code § 15908.01(a)*; *see § 29B.200[2]*, P 9.01].

b. Events causing dissolution [*see § 29B.200[2]*, P 9.01]:

c. Dissolution procedure, including distribution of proceeds resulting from liquidation of partnership assets [*see § 29B.200[2]*, PP 9.02, 9.03].

17. Include miscellaneous provisions specifying:

a. Procedure for giving notice of meetings and distributing reports [*see § 29B.200[2]*, P 10.01].

b. Governing law [*see § 29B.200[2]*, P 10.02].

c. Binding effect on heirs and assigns [*see § 29B.200[2]*, P 10.03].

d. Use of counterparts [*see § 29B.200[2]*, P 10.04].

e. Status as sole and only agreement of parties [*see § 29B.200[2]*, P 10.05].

f. Amendment procedure [*see § 29B.200[2]*, P 10.06].

13-29B California Legal Forms--Transaction Guide § 29B.131

§ 29B.131 Limited Liability Company Operating Agreement

NOTE:

The members of an LLC must enter into an operating agreement, either written or oral, before or after filing of its articles or organization [*Corp. Code § 17050(a)*]. An operating agreement is any agreement among all the members as to the affairs of the LLC and the conduct of its business in a manner not inconsistent with law or its articles, including amendments [*Corp. Code § 17001(ab)*]. For an LLC that will operate as a real estate syndicate, the operating agreement should be written. Generally, any contractual provision authorizing the syndicator or other manager to buy or sell real property on behalf of the syndicate must be written [***see*** *Civ. Code §§ 1624(a)(3), 2309*]. Also, as a practically matter, without a written operating agreement the syndicate would never come into being: investors will not be willing to buy interests in a real estate syndicate whose operations are governed by an oral agreement.

The following drafting guide presents provisions that are typical for an LLC that will operate as a real estate syndicate. For further guidance in drafting an operating agreement, see Ch. 12C, ***Limited Liability Companies*** . In addition, provisions typically found in corporate bylaws or partnership agreements can be adapted to LLC operating agreements in appropriate instances. For a variety of corporate bylaw provisions, see Ch. 4, ***Bylaws*** . For partnership provisions, see Ch. 15, Part A, ***Formation of General Partnerships.*** For other provisions that may be appropriate to this type of agreement, see Ch. 8C, ***Close Corporation Shareholder Agreements*** .

If the operating agreement conflicts with a provision of the articles of organization, the articles control [*Corp. Code § 17005(f)*]. If the articles of organization and operating agreement do not cover a particular matter, the provisions of the Limited Liability Company Law govern [*Corp. Code § 17005(a)*].

1. Define terms used in operating agreement, in accordance with statutory definitions as applicable [*see Corp. Code § 17001*; *see also § 29B.201[2],* art. 1].

NOTE:

An operating agreement may not vary the definitions set forth in *Corp. Code § 17001*, except as specifically provided in that section [*Corp. Code § 17005(b)(1)*].

2. State name, purpose, and operative date of LLC [*see § 29B.201[2]*, art. 2].

3. Set forth names and addresses of members.

4. Detail initial and additional (if any) capital contributions of members [*see § 29B.201[2]*, P 3.01].

5. Enumerate LLC's remedies in the event of member's failure to make initial and subsequent capital contributions.

6. Specify capital accounts and capital structure [*see § 29B.201[2]*, P 3.05].

7. Include provisions governing transfers and assignment of membership interests, and disposition of member's interest on death of that member [*see § 29B.201[2]*, P 3.09].

NOTE:

If the syndicate will be an association of closely acquainted individuals, in the nature of a small general partnership, the members may wish to place significant limitations on the transfer of membership interests, to ensure that they are not forced to accept as a member someone they do not want. Similarly, the disposition of a membership interest on the death of a member may be limited in appropriate cases. If desired, provisions similar to those frequently included in corporate or partnership buy-sell agreements should be included. The operating agreement in this chapter contains significant transfer restrictions on membership interests [***see*** *§ 29B.201[2]*, P 3.09], as well as simple buy-sell provisions for optional or mandatory purchase of a membership interest [***see*** *§ 29B.201[2]*, PP 3.13-3.17]. For other buy-sell provisions, see Ch. 8D, ***Buy-Sell Agreements*** , and Ch. 15, ***General Partnerships***).

8. Specify rights and duties of members, including limiting authority and liability [*see, e.g., § 29B.201[2]*, PP 3.06-3.08].

9. Specify rights and duties of classes of members, if any.

10. Specify procedures for amending articles of organization and operating agreement [*see, e.g., § 29B.201[2]*, P 4.01].

NOTE:

The power to adopt and change the operating agreement of an LLC is vested in its members, but its articles of organization or written operating agreement may prescribe the manner in which the operating agreement may be changed [*Corp. Code § 17059*].

11. Identify syndicator or other person who will serve as manager of LLC [*see § 29B.201[2]*, P 6.01].

NOTE:

Generally, an LLC may be managed by members, managers, or officers [*Corp. Code §§ 17150, 17151*]. In a private real estate syndicate, however, the syndicator typically manages the syndicate, usually as a member of the LLC, while the other members are

essentially "passive" investors.

12. Detail members' meeting requirements and voting rights, in accordance with statutory requirements as applicable [*see Corp. Code § 17103(b), (c)*; *see also § 29B.201[2]*, art. 10].

NOTE:
An operating agreement may not vary the voting requirements or voting rights set forth in *Corp. Code § 17103(b)* and *(c)* [*Corp. Code § 17005(b)(3)*].

13. Set forth method of allocating profits and losses and any special allocations [*see § 29B.201[2]*, art. 13].

14. Provide for indemnification of members and manager, and specify members' and managers' fiduciary duties [*see § 29B.201[2]*, art. 14].

15. Set forth provisions as to accounting, records, financial statements, and reports [*see § 29B.201[2]*, art. 15].

NOTE:
An operating agreement may not vary the members' information and inspection rights set forth in *Corp. Code § 17106* [*Corp. Code § 17005(b)(4)*].

16. Set forth method of making distributions.

17. Include provisions covering various tax matters such as tax elections and identification of "tax matters" member [*see § 29B.201[2]*, art. 11].

18. Include provisions governing dissolution and winding up [*see § 29B.201[2]*, art. 16].

19. Include provisions governing procedures common to detailed contracts, such as [*see § 29B.201[2]*, art. 17]:

a. Statements of consideration.

b. Provisions for notice, severability, integration, governing law, and confidentiality (if appropriate).

20. Provide for consents of spouses of married members with respect to any portion of membership interests that are community property.

21. Attach schedule showing:

a. Each member's initial contributions to capital.

b. Percentage interest of each member in LLC.

D. Drafting Guide

13-29B California Legal Forms--Transaction Guide § 29B.132

§ 29B.132 Private Offering Memorandum

NOTE:

A private placement memorandum is a disclosure document typically distributed to potential investors by issuers who are asserting one or more exemptions from the registration requirements of the federal Securities Act of 1933 [*15 U.S.C. § 77a et seq.*] or the qualification requirements of California's Corporate Securities Law of 1968 [*Corp. Code § 25000 et seq.*]. Most private placement memoranda contain the information set forth in "Guide 5," which is basically a drafting guide prepared by the Securities and Exchange Commission's Division of Corporation Finance [***see*** SEC, Securities Act Industry Guides, Preparation of Registration Statements Relating to Interests in Real Estate Limited Partnerships (Guide 5), http://www.sec.gov/about/forms/industryguides.pdf; ***see also*** *§ 29B.23[1]*].

The information in the memorandum may be presented in the order indicated below. References to the general partner and its affiliates or to sponsors are intended to include references to the general partners, promoters of the syndicate, and all persons that, directly or indirectly, through one or more intermediaries, control or are controlled by, or are under common control with, the general partner or promoters [Guide 5, Introductory Paragraph]. Counsel may wish to include a table of contents that indicates the pages on which each major discussion begins.

1. Prepare cover page containing [*see* Guide 5, P 1]:

a. Basic information about the offering, e.g.:
(1) Name of syndicate.

(2) Number of syndicate units.

(3) Status as California limited partnership or limited liability company.

b. Termination date of offering.

c. Any minimum required purchase.

d. Any arrangements to place funds received in escrow trust or similar arrangement.

e. Tabular presentation of total maximum and minimum interests to be offered.

f. A brief identification of material risks involved in purchase of interests, including:

(1) Cross-references to further discussion in prospectus; and

(2) Identification of most significant risk factors, if applicable.

2. Immediately following cover page, describe suitability standards to be utilized by syndicate in accepting or rejecting subscription agreements, including [*see* Guide 5, P 2]:

a. Those standards established by syndicate, and by California Corporations Commissioner.

b. Methods syndicate intends to employ to assure adherence to suitability standards by persons selling interests.

c. Brief discussion of factors pertaining to need for these standards.

NOTE:
These factors include lack of liquidity (resale or assignment of securities), importance of investor's federal income tax bracket in terms of the tax benefits to be derived, the long term nature of the investment, and possible adverse tax consequences of premature sale of the interests [Guide 5, P 2].

d. Any suitability standards applicable to resale of interests.

3. Include two-part concise outline summary of partnership or LLC and use of proceeds as follows [Guide 5, P 3]:

a. For summary of partnership or LLC, disclose following information in outline form with cross-references (if applicable):

(1) Name, address, and telephone number of general partner or manager.

(2) Names of persons making investment decisions for entity.

(3) Intended termination date of entity.

(4) If true, state that general partner or manager, and its affiliates, will receive substantial fees and profits in connection with offering.

(5) If current distributions are investment objective, state estimated maximum time from closing date that investor might have to wait to receive these distributions.

(6) Brief description of properties to be purchased.

(7) If material portion of minimum net proceeds of offering (allowing for reserves) is not committed to specific properties, indicate this fact.

(8) Depreciation method to be used.

(9) Maximum leverage expected to be used by entity as a whole and on individual properties, when it may differ.

(10) Cross-reference to glossary.

b. For summary of use of proceeds, prepare tabular summary including [Guide 5, P 3(B)]:

NOTE:
Although this summary will vary according to the circumstances, an example is attached to Guide 5 as Appendix I.

(1) Estimated amounts to be paid to general partner or manager, and its affiliates.

(2) Dollar amounts and percentages of maximum and minimum proceeds of offering.

(3) The following, if appropriate:
(a) Estimates of public offering expenses (both organizational and sales).

(b) Amount available for investment.

(c) Nonrecurring initial investment fees.

(d) Prepaid items.

(e) Financing fees.

(f) Cash down payments.

(g) Reserves.

(h) Acquisition fees, including those paid by seller.

(4) If desired, percentages of estimated maximum and minimum total assets.

4. Prepare summary tabular presentation of all compensation, fees, profits, and other benefits (including reimbursement of out-of-pocket expenses) to be paid general partner or manager, and its affiliates, prepared as follows [Guide 5, P 4]:

NOTE:
Examples of the types of compensation, fees, and other items that should be disclosed are set forth in the Guide [***see*** Guide 5, P 4].

a. Indicate clearly whether compensation relates to offering and organizational stage, developmental or acquisition stage, operational stage, or termination and liquidation stage of partnership or LLC (separate subcaptions are recommended).

b. Itemize by category and specify dollar amounts when possible.

c. If more detailed information is required, place it in Summary of Partnership Agreement or Summary of LLC Operating Agreement section and insert appropriate cross-reference in this section.

d. Identify person who will receive above compensation, including affiliations with general partner or manager.

e. Discuss any limitations partnership agreement or LLC operating agreement places on losses which general partner or manager, and its affiliates, can sustain.

f. Disclose maximum aggregate dollar front-end fees to be paid during first fiscal year of operations, based on assumption that entity's maximum leverage is utilized.

g. If compensation arrangements are based on formula or percentage, disclose and illustrate terms of arrangement, and:

(1) Disclose assumptions underlying dollar figures;

(2) If compensation is to equal percentage of contributed investor capital, disclose whether percentage is cumulative or noncumulative.

5. Draft conflict of interest section setting forth a summary of [Guide 5, P 5]:

a. Each type of transaction that may result in conflict between interests of investors and general partner or manager, and its affiliates; and

b. Proposed method of dealing with each potential conflict.

NOTE:
An organization chart should be included in this section if it would assist investors in understanding the relationship between the various organizations managed or controlled by the general partner or manager, or its affiliates, that will do business with the syndicate [Guide 5, P 5(B)].

6. Discuss fiduciary obligation owed by general partner or manager to passive investors [Guide 5, P 6].

7. Include short risk factors section containing [Guide 5, P 7]:

NOTE:
Risk factors relating to real estate limited partnership or LLC offerings in general should be briefly discussed after those relating to the specific syndicate. These risks might include the risks associated with the ownership of real estate, including uncertainty of cash flow to meet fixed and maturing obligations, adverse local market conditions, risks of "leveraging," and uninsured losses [Guide 5, P 7(D)].

a. Series of short, concise subcaptioned paragraphs, with cross-references to more complete discussions when appropriate, summarizing principal risk factors applicable to offering and to syndicate's particular plan of operations.

b. Summary of each material risk of adverse tax consequences with cross-references to more complete discussions in federal tax section [*see* Guide 5, P 7(B)].

8. Provide narrative summary ("track record") of prior performance of programs sponsored by syndicator and its affiliates containing specified information [*see* Guide 5, P 8].

9. Prepare management section setting forth the following information [Guide 5, P 9]:

a. If a material portion of maximum net proceeds (allowing for reserves) is not committed to specific properties, identity of (and certain background information concerning) individuals who will make investment decisions [*see* Guide 5, P 9(A)].

b. Any substantial reliance on a nonaffiliate in running syndicate's operations, including:

(1) Any relevant prior experience of nonaffiliate.

(2) If material amount of compensation or fees will be paid to nonaffiliates, a tabular presentation describing the fees under a separate heading entitled, "Fees and Compensation Arrangements with Nonaffiliates."

c. If partnership agreement or LLC operating agreement contains provision for change in entity's management, a description of how change could be accomplished.

d. Amount of, and reason for, any contingent liabilities of syndicator and its affiliates concerning prior programs now in existence.

NOTE:
If this information appears in the financial statements, it may be incorporated into the memorandum by reference [Guide 5, P 9(D)].

10. Specify investment objectives and policies, including [Guide 5, P 10]:

NOTE:
As a general rule, if the net proceeds of the offering will be invested in nonspecified properties or in properties that do not have any significant operating histories, it is not appropriate to make any statement setting forth a rate of return on the investment [Guide 5, P 10(C)].

a. Nature of property intended to be purchased (e.g., commercial, residential).

b. Criteria (e.g., method of depreciation, location) to be utilized in evaluating proposed investments.

c. If partnership agreement or LLC operating agreement contains provision for change in investment objectives, a description of how change could be made.

11. Describe real estate investments, including [Guide 5, P 11]:

a. Risks associated with specified properties.

NOTE:
Examples of these risks include competitive factors, environmental regulation, rent control regulation, and fuel or energy requirements and regulation [Guide 5, P 11(A)].

b. If applicable, a statement indicating that material portion of minimum net proceeds (allowing for reasonable reserves) is not committed to specific properties.

c. If reasonable probability exists that material portion of net proceeds of minimum offering will be used to acquire specific property, a description of that property.

12. Summarize all material federal income tax aspects of offering, dividing discussion into following subsections [*see* Guide 5, P 12]:

NOTE:
Citations to sections of the Internal Revenue Code, the Treasury Regulations, and decided cases or other sources should be included. Furthermore, an opinion of counsel as to all material tax aspects of the offering should be included as an exhibit. That opinion should cite relevant authority for any conclusions expressed, and should be prepared by a knowledgeable tax attorney. The tax section should summarize or restate the tax information contained in the opinion [Guide 5, P 12].

a. Election to be treated as partnership for tax purposes.

b. Taxation of limited partners or members of LLC.

c. Basis.

d. Depreciation and recapture.

e. Deductibility of prepaid and other expenses.

f. Tax liabilities in later years.

g. Sale or other disposition of syndicate interest.

h. Sale or other disposition of syndicate property.

i. Impact of *Internal Revenue Code § 183*.

j. Liquidation or termination of syndicate.

k. State, local, and foreign taxes.

l. Tax returns and tax information.

m. Other headings.

13. Include glossary of any terms used in memorandum that are technical or susceptible to varying methods of computation [*see* Guide 5, P 13 (examples provided)].

14. Provide brief summary of material provisions of limited partnership agreement or LLC operating agreement [Guide 5, P 14].

15. Identify all reports and other documents to be furnished to passive investors [*see* Guide 5, P 15 for further requirements].

16. Disclose all restrictions on transfer of interests [Guide 5, P 16].

17. Discuss any redemption, repurchase, and right of presentment provisions contained in partnership agreement or LLC operating agreement [*see* Guide 5, P 17].

18. Concerning any plan of distribution [Guide 5, P 18]:

a. Disclose any proposed understanding or arrangement between syndicate and any broker or dealer relating to distribution of interests.

b. Disclose any intention to pay referral or similar fees to any person in connection with distribution of interests.

c. If syndicator or its affiliates intend to purchase interests, and these interests will be included in satisfying minimum offering requirements, disclose the following:

(1) Whether these interests are intended to be resold.

(2) If resale is intended, period of time interests will be held prior to resale.

19. Summarize promotional and sales material, including [Guide 5, P 19]:

NOTE:

"Sales materials" include memoranda, summary descriptions, graphics, supplemental exhibits, media advertising, charts, and pictures relating to the offering and proposed to be transmitted to prospective investors [Guide 5, P 20(B)].

Any advertising must comply with the requirements of the relevant exemptions. Private syndicates are likely to be subject to the general prohibitions against advertising contained in California's limited offering exemption [***see*** *Corp. Code § 25102(f)(4)*; ***but see*** *10 Cal. Code Reg. § 260.102.12(j)* (documents and other material not disseminated to public); ***see also*** 29B.41[2][c]] and SEC Rule 506 [***see*** *17 C.F.R. § 230.502(c)*; ***see also*** Ch. 6A, ***Federal Securities Exemptions for California Nonpublic Corporations***].

a. Balanced discussion of both risk and reward.

b. All written sales material proposed to be transmitted to prospective investors, identified as follows:

(1) Identified by title and character.

(2) Separately categorized either as syndicate's material or that of another person.

(3) If material is provided by another person:
(a) Name of author and publication.

(b) Date of prior publication (if any).

(c) Identity of any persons quoted without being identified.

(d) Whether or not publication and author's consent have been obtained, unless source is an official public document or statement.

20. Attach issuer's financial statements [Guide 5, P 20; see *17 C.F.R. § 230.502(b)*].

PART IV. FORMS

13-29B California Legal Forms--Transaction Guide § 29B.200

§ 29B.200 Limited Partnership Agreement for Nonpublic Real Estate Syndicate

[1] Comment

[a] Use of Form

This form is a limited partnership agreement for a real estate syndicate. It may be used when the sale of syndicate interests need not be qualified under the California Corporate Securities Law of 1968 [*Corp. Code § 25000 et seq.*] or registered under the Securities Act of 1933 [*15 U.S.C. § 77a et seq.*]. There are numerous exemptions from these qualification and registration requirements; the most commonly used exemptions are the California limited offering exemption [*Corp. Code § 25102(f)*; *see § 29B.41[2]*; *see also* Ch. 6B, *California Limited Offering Exemptions*] and the federal "private offering" and intrastate exemptions [*15 U.S.C. § 77d(2)*; *see* § 27B.40; *see also* Ch. 6A, *Federal Securities Exemptions for California Nonpublic Corporations*]. A syndicator ordinarily will attempt to comply with as many exemptions as possible to ensure that if one is inapplicable for some reason, there will be another to fall back on.

If a real estate syndicate does not qualify for an exemption under California's Corporate Securities Law of 1968, then it is a public real estate syndicate and any sale of interests in the syndicate must be qualified with the Corporations Commissioner. Syndicates that must qualify their securities are discussed in Ch. 29C, *Public Real Estate Syndicates* . That chapter presents a form of limited partnership agreement that complies with the Commissioner's qualification requirements, and any of the provisions in that form in may be substituted for or added to the provisions of the form presented in [2], below. However, care must be taken in attempting to use any of the provisions of the form presented in [2], below, for a public real estate syndicate.

[b] Uniform Limited Partnership Act of 2008

Generally, the limited partnership agreement governs relations among the partners and between the partners and the partnership [*Corp. Code § 15901.10(a)*]. To the extent the partnership agreement does not provide otherwise, the Uniform Limited Partnership Act of 2008 governs relations among the partners and between the partners and the partnership [*Corp. Code § 15901.10(a)*]. However, the partnership agreement may not vary certain provisions of the Act [*Corp. Code § 15901.10(b)*]. For example, an agreement may not vary the information required to be maintained by the limited partnership [*see Corp. Code § 15901.11*], unreasonably restrict partners' inspection of that information [*see*

Corp. Code §§ 15903.04, 15904.07], eliminate the general partner's fiduciary duties [*see Corp. Code § 15904.08*], or vary the general partner's power to withdraw, or "dissociate," from the partnership [*see Corp. Code § 15906.04(a)*].

The Uniform Limited Partnership Act of 2008 is discussed in detail in Ch. 16, *Formation of Limited Partnerships* . The limited partnership agreements in that chapter contain provisions that may be inserted into this agreement.

[2] FORM

Limited Partnership Agreement for Nonpublic Real Estate Syndicate

LIMITED PARTNERSHIP AGREEMENT

THIS LIMITED PARTNERSHIP AGREEMENT is entered into this _____ day of _____ [*month*], _____ [*year*], by and between _____ [*name*], hereinafter referred to as "General Partner," and those persons executing this Agreement as limited partners, hereinafter collectively referred to as "Limited Partners."

IT IS HEREBY AGREED:

ARTICLE 1
FORMATION OF PARTNERSHIP

Formation of Limited Partnership

1.01. The parties to this Agreement hereby form a limited partnership, hereinafter referred to as "the Partnership," pursuant to the provisions of Chapter 5.5 of Title 2 of the California Corporations Code, known as the Uniform Limited Partnership Act of 2008.

Name of Partnership

1.02. The name of the Partnership shall be _____ [*name of partnership*], a limited partnership.

Business and Purpose of Partnership

1.03. The business and purpose of the Partnership is to acquire, hold, and operate that certain real property bearing an address of _____ [*street address*], _____ [*city*], _____ County, California, [*specify any improvement, e.g.,* on which is located a _____ (*number*)-unit apartment building,] and which is the real property situated in the County of _____, State of California more particularly described on the exhibit attached to this Agreement and marked "Exhibit A."

[*EITHER:*]

Principal Place of Business

1.04. The principal place of business of the Partnership shall be at _____ [*street address*], _____ [*city*], _____ County, California [, or at such other place as may be

determined from time to time by the General Partner, after _____ (*number*) days written notice of the change has been given to each Limited Partner].

[*OR*]

Partnership Office

1.04. The office at which all required Partnership records shall be kept is located at _____ [*street address*], _____ [*city*], _____ County, California _____ [*zip code*] [, or at such other place as may be determined from time to time by the General Partner, after _____ (*number*) days written notice of the change has been given to each Limited Partner].

[*CONTINUE:*]

Certificate of Limited Partnership

1.05. The General Partner shall, concurrently with the execution of this Agreement, execute a Certificate of Limited Partnership and cause the Certificate to be filed in the office of the Secretary of State of California. [The General Partner shall also record a certified copy of the Certificate in the office of the County Recorder in every county in which the Partnership owns real property.]

Term

1.06. The Partnership shall commence on the filing of a Certificate of Limited Partnership in the manner required by the California Limited Partnership Act and shall continue until _____ [*specify date or event on which partnership will terminate*], unless previously terminated in accordance with the provisions of this Agreement.

Title to Property

1.07. Title to all property, real or personal, acquired by the Partnership shall be acquired, held, and conveyed in the name of the Partnership.

ARTICLE 2
PARTNERS

Original General Partner

2.01. _____ [*Name of general partner*], whose residence address is _____ [*street address*], _____ [*city*], _____ County, California _____ [*zip code*] shall be the sole original General Partner of the Partnership and shall have full and exclusive charge and control of the management, conduct, and operation of the affairs and business of the Partnership in all respects.

Original Limited Partners

2.02. The names and residence addresses of the persons who shall be and are original Limited Partners in the Partnership are as specified on the signature page at the end of this Agreement under "LIMITED PARTNERS." [These Limited Partners shall purchase one Class A Partnership Unit each for the price specified in Paragraph 2.03(a) of this Agreement. On the first business day following the admission of additional Limited Partners, the Partnership will redeem the Class A Partnership Units of the original Limited Partners by returning their cash contributions, without interest. After the return of these contributions, each original Limited Partner shall cease to be a Limited Partner.]

Admission of Additional Limited Partners

2.03.(a) Class A Units. The Partnership intends to sell an additional _____ [*number*] Class A Units at a purchase price of $_____ per Unit, and to admit persons who acquire a minimum of _____ Class A Units as Limited Partners. The total amount paid by a Limited Partner for these Units shall constitute the Partner's initial capital contribution to the Partnership. [Amounts so received will be deposited in a Partnership impound account with _____ (*specify, e.g.*, a bank qualified to do business in California *or name impound account holder*) as the impound account holder. While in impound, these funds may be temporarily invested in short-term highly liquid investments that have an appropriate safety of principal. If a total of _____ (*number*) additional Class A Units has not been issued in exchange for a total contribution of $_____ on or before _____ [*date*], all amounts received will be returned, together with interest earned on those amounts, if any.]

(b) Admission of Limited Partners. Subject to any other provision of this Agreement, after the formation of the Partnership, a person may acquire a Class A Unit directly from the Partnership and be admitted as an additional Limited Partner on _____ [*specify, e.g.*, (1) purchasing Partnership Units in the manner specified in Paragraph 2.03(a) of this Agreement; (2) executing and filing with the Partnership a written instrument that states an intention to become a Limited Partner holding Class A Units and requests admission to the Partnership in that capacity; and (3) submitting any other instruments requested by the General Partner, including a written acceptance and adoption of this Agreement].

(c) Class B Units. _____ [*Name*] shall contribute _____ [*specify, e.g.*, to the capital of the Partnership all plans, specifications, permits, contracts, engineering reports, appraisals, economic studies, and any other tangible or intangible property it may have affecting or relating to the Property, for which contribution it shall receive _____ (*number*) Class B Units]. That contribution shall constitute the above Limited Partner's initial capital contribution to the Partnership.

Admission of Substituted Limited Partner

2.04. After the formation of this Partnership, a person may be admitted as a substituted Limited Partner _____ [*specify, e.g.*, in the manner set forth in Paragraph 8.02 of this Agreement].

Admission of Additional General Partners

2.05. Subject to any other provision of this Agreement, after the filing of a Certificate of Limited Partnership for the Partnership, _____ [*specify, e.g.*, no additional persons shall be admitted as General Partners].

Removal of General Partner

2.06. The Limited Partners shall have the right to vote on, prepare or solicit written consents to, or call a meeting of the Partners for a vote on, the removal of the General Partner. The removal of the General Partner shall be effective without further action upon the vote or written consent of a majority in interest of all Partners. Written notice of the General Partner's removal shall be served on the General Partner by certified mail. If [*add if partnership may have more than one general partner:* there is no remaining General Partner, and] the Limited Partners fail to elect a new General Partner pursuant to Paragraph 2.07 of this Agreement within 90 days after the removal becomes effective, the Partnership shall be dissolved and its business shall be wound up and terminated. If the removal of the General Partner does not cause the dissolution of the Partnership, that removal _____ [shall *or* shall not] cause that Partner's interest in the Partnership to be converted to that of a Limited Partner. [*Add if general partner's interest is converted to that of a limited partner:* A former General Partner whose interest has been converted to that of a Limited Partner shall have the same rights and obligations under this Agreement as any other Limited Partner and shall have that interest in profits, losses, and distributions reduced pro rata with all other partners to provide compensation and an interest in the Partnership to the new General Partner.]

Replacement of General Partner

2.07. If the General Partner ceases to be General Partner for any reason, a new General Partner may be admitted with the consent of _____ [a majority in interest of the Limited Partners *or require approval by greater than majority in interest*].

[*Optional provision:*]

Certificate of Interest

2.08. The interest of a Partner or assignee may be evidenced by a certificate of interest in the Partnership. The certificate will be in a form to be determined by the General Partners. The assignment and transfer of the interest represented by the certificate, and the admission of transferees of the certificate, will be determined in accordance with Article 8 of this Agreement.

[*Continue with the following:*]

ARTICLE 3
CAPITAL AND FINANCES

General Partner's Capital Contribution

3.01. The General Partner shall _____ [*specify, e.g.*, contribute the sum of $_____ to the capital of the Partnership. This contribution shall be made by a demand promissory note without interest. For this contribution, the General Partner shall receive the _____ percent interest in the Net Income, Net Loss, and Distributions of the Partnership that is provided to the General Partner in Paragraphs 3.04(a) and 3.06(a) of this Agreement].

No Additional Capital Contributions

3.02. Except for the initial amount to be contributed to the capital of the Partnership pursuant to Paragraph 2.03 of this Agreement, no Limited Partner shall be required to contribute or pay any further sum to the capital of the Partnership or to the creditors of the Partnership, and the liability of each Limited Partner shall therefore be limited to the amount of the Limited Partner's agreed initial contribution to the capital of the Partnership.

Interest and Withdrawal of Capital

3.03. No Partner, General or Limited, shall be entitled to receive any interest on that Partner's contribution to the capital of the Partnership except as herein provided, nor shall any Partner have a right to withdraw or demand the return of this capital contribution except on dissolution of the Partnership or withdrawal of that Partner from the Partnership.

Allocation of Profits and Losses

3.04.(a) Except as provided in Subparagraph (b) of this Paragraph, all net profits and net losses of the Partnership shall be _____ [*specify, e.g.,* allocated 1 percent to the General Partner, and 99 percent to the Limited Partners as a group].

(b) Notwithstanding Subparagraph (a) of this Paragraph, after each Limited Partner holding Class A Units has received an amount equal to that Partner's contributed capital plus an amount equal to _____ percent per annum cumulative cash distribution return on the balance of the Partner's invested capital, determined as of the close of each calendar year by an accountant for the Partnership, profit on sale and cash flow attributable thereto shall be allocated (1) _____ percent to the General Partner, (2) _____ percent to the Limited Partners holding Class A Units; and (3) to the Limited Partner holding Class B Units.

Definition of Net Profits and Losses

3.05. The terms "net profits" and "net losses" as used in this Agreement shall mean the net profits and net losses of the Partnership as determined by generally accepted accounting principles for each accounting period provided for in this Agreement.

Distributions

3.06. (a) Generally. The Partnership shall make _____ [*specify, e.g.,* quarterly] distributions, commencing with the calendar year following the calendar quarter in which it first has Limited Partners owning at least _____ [*number*] Partnership Units, of all cash funds that the General Partner determines, in its sole discretion, to be in excess of the amount reasonably necessary for the conduct of the Partnership business and therefore available for distribution. Any distributions to Limited Partners "as a group" shall be allocated in proportion to the number of Partnership Units held by each Partner in the group.

(b) Cash From Operations. All cash that has been determined by the General Partner to be available for distribution from operations shall be distributed _____ percent to the General Partner, _____ percent to the Limited Partners holding Class A Units, as a group, and _____ percent to the Limited Partner holding Class B Units.

(c) Cash From Sale or Refinancing. Cash from sales or refinancing of Partnership property shall be distributed among, and allocated to, the Partners as follows:

(1) First, _____ percent to the General Partner and _____ percent to the Limited Partners holding Class A Units, as a group, until these Limited Partners have received distributions equal to 100 percent of their invested capital contributions plus an amount equal to _____ percent per annum cumulative non-compounded return on an amount equal to their original invested capital less any other distributions received under this Paragraph 3.06.

(2) Second, 100 percent to the Limited Partner holding Class B Units, until this Limited Partner has received Distributions in an amount equaling 100 percent of its original invested capital.

(3) Third, _____ percent to the General Partner, and _____ percent to the Limited Partners holding Class A Units, as a group, until these Limited Partners have received distributions equal to a _____ percent per annum cumulative return on their original invested capital less any other distributions received under this Paragraph 3.06.

(4) Thereafter, any remaining cash from sales or refinancing shall be allocated _____ percent to the General Partner, _____ percent to the Limited Partners holding Class A Units, as a group, and _____ percent to the Limited Partner holding Class B Units.

"Cash From Operations" and "Cash From Sale or Refinancing" Defined

3.07.(a) Cash From Operations. "Cash from operations" shall mean the Gross Property Revenues less all cash funds used to pay the expenses of the Partnership Property, including rents, debt payments, and all other expenses related to the operation of the Property, including repair, maintenance, replacements, and capital improvements.

(b) Cash From Sale or Refinancing. "Cash from sale or refinancing" shall mean the net cash received by the Partnership from the sale, refinancing, or other disposition of Partnership property.

ARTICLE 4
MANAGEMENT

Duties of General Partner

4.01. The General Partner shall have a fiduciary responsibility to the Partnership and the Partners and, in the exercise of that responsibility, shall have all authority, rights, and powers conferred by law to act for and on the behalf of the Partnership and, in addition, shall have all the authority, rights, and powers required or appropriate to the management of the Partnership business. The General Partner shall devote itself and so much of its time to the business of the Partnership as it, in its sole discretion, deems necessary to the efficient and successful conduct of that business. The General Partner now and at any time in the future, and from time to time in the future, may engage in any other business or enterprise for its own account, including a business or enterprise similar in nature to that of the Partnership.

Compensation

4.02. Apart from its share of profits, losses, and distributions of cash described in Paragraphs 3.04 and 3.06 of this

Agreement, the General Partner shall receive the following compensation:

(a) Real Estate Brokerage Commissions. A real estate broker's commission of $_____, to be paid by the seller on the purchase of the Property by the Partnership. Furthermore, _____ [*name*], an Affiliate of the General Partner, shall be paid a real estate broker's commission of $_____ by the seller on the above purchase.

(b) Property Management Fee. For its services in providing day-to-day property management services for the Property, _____ [*name*], an Affiliate of the General Partner, shall receive a property management fee of _____ percent of the gross property revenues, payable monthly as these revenues are received, up to a maximum of $_____ in _____ [*year*] and $_____ in _____ [*year*]; provided, however, that no such fee shall be paid by the Partnership to any third parties retained by _____ [*name of above affiliate*] to perform property management services.

(c) Nonrecurring Partnership Management Fee. The General Partner or an Affiliate shall be paid a nonrecurring partnership management fee of $_____, payable in _____ [*year*], and $_____, payable in _____ [*year*]. This fee shall be payable as compensation for providing overall Partnership administration and management.

(d) Minimum Compensation. Notwithstanding any other provisions of this Paragraph, the General Partner shall be allocated not less than _____ [*specify, e.g.,* 1] percent of the Net Income and Net Loss.

ARTICLE 5
RIGHTS OF LIMITED PARTNERS

Restrictions on Limited Partners

5.01. No Limited Partner, Assignee, or Assignees of Record shall take part in or interfere in any manner with the control, conduct, or operation of the Partnership, nor shall they have any right or authority to act for or bind the Partnership.

Voting Rights

5.02. All Limited Partners [*if desired, add:* (but not Assignees or Assignees of Record)] shall have the right to vote, call and give notice of meetings, and solicit written consents, with respect to the matters described in this Paragraph as follows. [*If appropriate, add:* No distinction shall be drawn between Class A Units and Class B Units for purposes of the provisions of this Agreement relating to any voting rights.]

(a) Limited Partners shall have the right to vote on the following actions, which may be taken only by the General Partners, and then only with the affirmative vote of a majority in interest of the Limited Partners.

(1) The dissolution and winding up of the Partnership.

(2) The merger of the Partnership.

(3) The sale, exchange, lease, mortgage, pledge, or other transfer of, or the granting of a security interest in, all or a substantial part of the assets of the Partnership other than in the ordinary course of its business.

(4) The incurrence of indebtedness by the Partnership other than in the ordinary course of its business.

(5) A change in the nature of the business of the Partnership.

(6) Any transaction in which the General Partner has an actual or potential conflict of interest with the Limited Partners or the Partnership.

(7) An election to continue the business of the Partnership under circumstances other than those described in subparagraph (c), below.

[*If admission of general partners is permitted under 2.05, add:*]

(8) The admission of a General Partner other than under the circumstances described in subparagraph (c), below.

[*Continue as follows:*]

(b) The Limited Partners shall have the right to vote on the removal of the General Partner as provided in Paragraph 2.06 of this Agreement.

(c) The Limited Partners shall have the right to vote, as provided in Paragraph 2.07, on the admission of a General Partner, or an election to continue the business of the Partnership after the General Partner ceases to be a General Partner, when there is no remaining or surviving General Partner.

(d) The Limited Partners shall have the right to vote on the amendment of this Partnership Agreement, which may be accomplished only by the affirmative vote of a majority in interest of the Limited Partners.

(e) The Limited Partners shall have the right to vote on _____ [*describe any other matter related to the business of the partnership on which limited partners are to be entitled to vote*].

ARTICLE 6
PARTNERSHIP MEETINGS

Call and Place of Meetings

6.01. Meetings of the Limited Partners to vote on any matters on which the Limited Partners are authorized to vote pursuant to Paragraph 5.02 of this Agreement may be called at any time by the General Partner, or by one or more Limited Partners having not less than 10 percent of the Partnership Units by delivering written notice of the call to the General Partner. Meetings may be held _____ [*specify, e.g.,* at the office identified in Paragraph 1.04 of this Agreement or at any other location designated by the person or persons calling the meeting].

Notice of Meetings

6.02. Following the call of a meeting, the General Partner shall give notice of the meeting not less than 10, or more than 60, days before the date of the meeting to all Limited Partners entitled to vote at the meeting. The notice shall state the place, date, and hour of the meeting and the general nature of business to be transacted. Furthermore, on written request by any Limited Partner entitled to call a meeting of Partners, the General Partner must send a notice to all Limited Partners that a meeting will be held at a time requested by the Limited Partner calling the meeting. This notice must be sent not less than 10, or more than 60, days after receipt of the foregoing request.

Quorum

6.03. A quorum at any meeting of Limited Partners shall consist of _____ [*specify, e.g.*, a majority of the voting power of the Limited Partners, represented in person or by proxy]. The Limited Partners present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment, notwithstanding the withdrawal of enough Limited Partners to leave less than a quorum, if the action taken, other than adjournment, is approved by the requisite percentage of Partnership Units specified in this Agreement.

Use of Communications Equipment

6.04. Partners may participate in a meeting through the use of conference telephones or similar communications equipment if all Partners participating in the meeting can hear one another. Partners using this equipment will be considered to be present in person at the meeting.

Adjournment for Lack of Quorum

6.05. In the absence of a quorum, any meeting of Limited Partners may be adjourned from time to time by the vote of a majority of the interests represented either in person or by proxy, but no other business may be transacted, except as provided in Paragraph 6.03 of this Agreement.

Action Without Meeting by Written Consent

6.06. Any action that may be taken at any meeting of the Limited Partners may be taken without a meeting if a consent in writing, setting forth the proposed action, is signed by Limited Partners having not less than the minimum number of votes that would be necessary to authorize or take that action at a meeting at which all entitled to vote on the matter were present and voted. If the Limited Partners are requested to give this written consent, each Limited Partner must be given notice of the matter to be voted on in the same manner described in Paragraph 6.02 of this Agreement. If the General Partner, or Limited Partners representing more than 10 percent of the Partnership Units, request a meeting for the purpose of discussing or voting on the matter, the notice of a meeting must be given in accordance with Paragraph 6.02 and no action shall be taken until the meeting is held. Unless delayed by such a meeting, any action taken without a meeting will normally be effective 15 days after the required minimum number of voters have signed the consent. However, the action will be effective immediately if the General Partner and Limited Partners representing at least 90 percent of the Limited Partnership interests have signed the consent.

Proxies

6.07.(a) Every Limited Partner entitled to vote may authorize another person or persons to act by proxy with respect to that Limited Partner's interest in the Partnership.

(b) Any proxy purporting to be executed in accordance with this Paragraph 6.06 shall be valid.

(c) No proxy shall be valid after the expiration of 11 months from the date of the proxy unless otherwise provided in the proxy. Every proxy continues in full force and effect until revoked by the Limited Partner executing it prior to the vote pursuant to the proxy, except as provided in Subparagraphs (f) and (g) of this Paragraph 6.06. The dates contained on the forms of proxy presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed.

(d) A proxy is not revoked by the death or incapacity of the maker, (except as provided in Subparagraph (f) of this Paragraph 6.06), unless, before the vote is counted, written notice of the death or incapacity is received by the Partnership.

(e) Revocation of a proxy is effected by a writing delivered to the Partnership stating that the proxy is revoked, or by a subsequent proxy executed by the Limited Partner executing the proxy, or by attendance at the meeting and voting in person by the person executing the proxy.

(f) A proxy that states that it is irrevocable is irrevocable for the period specified in the proxy (notwithstanding Subparagraph (d) of this Paragraph 6.06) when it is held by any of the following or their nominee: a creditor or creditors of the Partnership or the Limited Partner who extended or continued credit to the Partnership or the Limited Partner in consideration of the proxy, if the proxy states that it was given in consideration of the extension or continuation of credit and the name of the person extending or continuing credit. In addition, a proxy may be made irrevocable (notwithstanding Subparagraph (d) of this Paragraph 6.06) if it is given to secure the performance of a duty or to protect a title, either legal or equitable, until the happening of events that, by its terms, discharge the obligations secured by it.

(g) Notwithstanding the period of irrevocability specified in the proxy as provided in Subparagraph (f) of this Paragraph 6.06, the proxy becomes revocable when the debt of the Partnership or Limited Partner is paid.

(h) A proxy may be revoked, notwithstanding a provision making it irrevocable, by the assignment of the interest in the Partnership of the Limited Partner who executed the proxy to an assignee without knowledge of the existence of the proxy and the admission of that assignee to the Partnership as a Limited Partner.

(i) The General Partner may, in advance of any Partnership meeting, prescribe additional regulations concerning the manner of execution and filing of proxies and their validation.

Fixing Record Date

6.08.(a) The General Partner, or Limited Partners representing more than 10 percent of the Limited Partners' interests, may fix a record date for and in advance of a meeting. This date must be not more than 60, or less than 10, days before the date of the meeting, or more than 60 days before any other action.

(b) If no record date is fixed as provided in Subparagraph (a) of this Paragraph 6.07, then the record date shall be determined as follows:

> (1) The record date for determining Limited Partners entitled to receive notice of, or to vote at, a meeting of Limited Partners shall be at the close of business on the business day preceding the day on which notice is given, or, if notice is waived, at the close of business on the business day preceding the day on which the meeting is held.

(2) The record date for determining Limited Partners entitled to give consent to Partnership action in writing without a meeting shall be the day on which the first written consent is given.

(3) The record date for determining Limited Partners for any other purpose shall be at the close of business on the day on which the General Partner adopts the record date, or the sixtieth day before the date of the action relating to that other purpose, whichever is later.

(4) The record date for adjourned meetings shall be the record date set in determining the Limited Partners entitled to receive notice of, or to vote at, the original meeting; however, the Limited Partners who called the original meeting may fix a new record date if the meeting is adjourned for more than 45 days from the date set for the original meeting.

ARTICLE 7
BOOKS, RECORDS, AND REPORTS

Books of Account

7.01. At all times during the continuance of the Partnership, the General Partner shall keep complete and accurate books of account in which all matters relating to the Partnership, including all income, expenditures, assets, and liabilities, shall be entered. The books of account shall be kept on the _____ [cash *or* accrual] basis of accounting in accord with generally accepted accounting practices and shall be open to inspection by any Limited Partner or the Partner's authorized representative at any and all reasonable times.

Required Records

7.02. The General Partner shall keep at the office identified in Paragraph 1.04 of this Agreement all of the following records:

(a) A current alphabetical list of the full name and last known business or residence address of each Partner, together with the contribution and the share in profits and losses of each Partner.

(b) A copy of the Certificate of Limited Partnership and all certificates of amendment thereto, together with executed copies of any powers of attorney pursuant to which any certificate has been executed.

(c) Copies of the Partnership's federal, state, and local income tax or information returns and reports, if any, for the six most recent taxable years.

(d) Copies of this Agreement and all amendments to this Agreement.

(e) Financial statements of the Partnership for the six most recent fiscal years.

(f) The Partnership's books and records for at least the current and past three fiscal years.

Delivery of Records to Limited Partners

7.03. On the request of a Limited Partner, or his or her agent or attorney, the General Partner must promptly deliver to

the Limited Partner, or his or her agent or attorney, at the expense of the Partnership, a copy of the following documents:

(a) The current list of Partners' names, addresses, contributions, and share in profits and losses.

(b) The Certificate of Limited Partnership, as amended, and any powers of attorney pursuant to which any certificate was amended.

(c) This Agreement, as amended.

Access to Records by Limited Partners

7.04. Each Limited Partner has the right, upon reasonable request, to each of the following:

(a) To inspect and copy during normal business hours any of the Partnership records required to be maintained pursuant to Paragraph 7.02 of this Agreement.

(b) To obtain from the General Partner, promptly after becoming available, a copy of the Partnership's federal, state, and local income tax or information returns for each year.

Any request, inspection, or copying by a Limited Partner may be made by that Limited Partner, or by his or her agent or attorney.

Amendments to Agreement

7.05. The General Partner shall promptly furnish to any Limited Partner a copy of any amendment to this Agreement executed by the General Partner pursuant to a power of attorney from the Limited Partner.

Income Tax Information

7.06. The General Partner shall send to each of the Limited Partners, within 90 days after the end of each taxable year, such information as is necessary to complete federal and state income tax or information returns [*add if partnership has 35 or fewer limited partners:*, and a copy of the Partnership's federal, state, and local income tax or information returns for the year].

[*Add the following 7.07 if partnership has more than 35 limited partners:*]

Financial Statements

7.07. The General Partner shall distribute financial statements as follows:

(a) The General Partner shall cause an annual report to be sent to each Limited Partner not later than 120 days after the close of the fiscal year. The report shall contain a balance sheet as of the end of the fiscal year and an income statement and statement of changes in financial position for the fiscal year.

(b) Within 30 days after receiving a written request from Limited Partners representing at least 5 percent of the interests of Limited Partners, the General Partner shall provide the Limited Partners with (1) an income statement of the Partnership for the initial three-month, six-month, or nine-month period of the current fiscal year ended more than 30 days before the date of the request, and (2) a balance sheet of the Partnership as of the end of that period.

(c) Any of the financial statements referred to in this Paragraph 7.07 shall be accompanied by any report on the statement prepared by independent accountants engaged by the Partnership, or, if there is no such report, the certificate of the General Partner that the financial statements were prepared without audit from the books and records of the Partnership.

ARTICLE 8
TRANSFER OF PARTNERSHIP INTERESTS

Assignment of Units

8.01. Limited Partners shall _____ [*specify, e.g.,* have the right to assign and transfer _____ (*restate minimum number of units that may be purchased, as specified in Paragraph 2.03*) or more Partnership Units owned by the Partner at any time. The assignment shall be effective as to the Partnership, and the Assignee shall become an Assignee of Record, when a bill of sale for the assigned Partnership Units signed by the Assignor and specifying the name and address of both the Assignor and Assignee are received by the General Partner at the office specified in Paragraph 1.04 of this Agreement]. An Assignee who becomes an Assignee of Record shall have the right to receive, to the extent assigned, the distributions and the allocations of income, gain, loss, deduction, credit, or similar items to which the assignor would be entitled under Article 3 of this Agreement. The Partnership interest of the General Partner cannot be voluntarily assigned or transferred.

Substituting Limited Partners

8.02. No Assignee shall have the right to become a substituted Limited Partner in place of the Assignor [*if desired, permit substitution, e.g.,* unless all of the following conditions are satisfied:

(a) A duly executed and acknowledged written instrument of assignment is filed with the Partnership, specifying the number of Units being assigned, which number is not less than the minimum purchase set forth in Paragraph 2.03 of this Agreement, and setting forth the Assignor's intention that the Assignee become a substituted Limited Partner in the Assignor's place.

(b) The Assignor and Assignee execute and acknowledge any other instruments deemed necessary or desirable by the General Partner to effect the substitution, including the written acceptance and adoption by the Assignee of the provisions of this Agreement.

(c) The written consent of the General Partner to the substitution is obtained, the granting or denial of which shall be within the absolute discretion of the General Partner.

(d) A transfer fee which is sufficient to cover all reasonable expenses in connection with the substitution, including any attorneys' fees, is paid to the Partnership by either the Assignor or Assignee.

(e) By executing or adopting this Agreement, each Limited Partner hereby consents to the admission of additional or substituted Limited Partners, and to any Assignee of the Partner's Units becoming a substituted Limited Partner on the

terms and subject to the conditions specified herein].

Death of Limited Partner

8.03. On the death of any Limited Partner owning Class A Units, or any Limited Partner owning Class A Units being adjudicated a bankrupt by any court of competent jurisdiction to make such an adjudication, the remaining Limited Partners owning Class A Units shall have the option to purchase the Class A Partnership Units in the Partnership owned by the deceased or bankrupt Limited Partner. Each such remaining Limited Partner shall have the right to purchase such proportionate part of the deceased or bankrupt Limited Partner's interest in the Partnership as the remaining Partner's interest in the _____ [profits *or* capital] of the Partnership bears to the total interest of all [profits *or* capital] of the Partnership. Provided, however, if any remaining Limited Partner shall fail to purchase that Partner's proportionate share, notice of that fact shall be given to each Limited Partner owning Class A Units, and that unpurchased proportionate share may be purchased by any one or more of the remaining Limited Partners owning Class A Units. The purchase shall be accomplished by paying to the person entitled thereto, within _____ [*number*] months of the death or adjudication, the value of the Partnership Units determined as follows:

(a) Within _____ [*number*] days after the date of death or bankruptcy adjudication of the Limited Partner, the General Partner and the person entitled to receive the value of the deceased or bankrupt Limited Partner's interest shall each appoint an appraiser;

(b) Within _____ [*number*] days after their appointment, the two appraisers appointed pursuant to Subparagraph (a) of this Paragraph shall appoint a third appraiser;

(c) The decision in writing of any two of the three appraisers shall be final and binding on the parties hereto and on the party entitled to receive the value of the deceased or bankrupt Limited Partner's interest in the Partnership; and

(d) If the three appraisers appointed pursuant to this Paragraph are unable to agree on a value within _____ [*number*] days after appointment of the third appraiser, both the highest value placed on the Partnership Units by any of the three appraisers and the lowest value placed on the Partnership Units by any of the three appraisers shall be disregarded, and the value placed on the Partnership Units owned by the deceased or bankrupt Limited Partner by the remaining appraiser shall be conclusive.

ARTICLE 9
DISSOLUTION OF PARTNERSHIP

Events Causing Dissolution

9.01. This Partnership shall be dissolved upon the first to occur of the following events:

(a) The written decision of the General Partner and a majority in interest of the Limited Partners.

(b) The expiration of the term of the Partnership as stated in Paragraph 1.06 of this Agreement.

(c) The General Partner ceases to be General Partner under *Corporations Code Section 15906.03* and at the time there is no remaining General Partner, unless _____ [a majority in interest *or specify greater percentage in interest*] of the Limited Partners agree in writing to continue the business of the Partnership and to the admission, within six months after the General Partner has ceased to be General Partner, of one or more new General Partners.

(d) The failure of a new General Partner to be appointed following removal of the General Partner in accordance with Paragraphs 2.06 and 2.07 of this Agreement.

[*Add if partnership may have more than one general partner:*]

(e) A General Partner ceases to be General Partner under *Corporations Code Section 15906.03*, unless there is at least one remaining General Partner, and the remaining General Partner or Partners continue the business of the Partnership. The remaining General Partner or Partners shall not refuse to continue the business of the Partnership, and thereby dissolve the Partnership under this Subparagraph, without the concurrence of _____ [a majority *or specify greater percentage in interest*] of the Limited Partners.

Responsibility for Winding Up

9.02. Upon dissolution of the Partnership, the affairs of the Partnership shall be wound up by the General Partner or, if there is no General Partner, by the Limited Partners; provided, however, that if dissolution occurs pursuant to court order, the winding up shall be conducted in accordance with the decree of dissolution. If the Limited Partners wind up the Partnership's affairs, they _____ [shall *or* shall not] be entitled to reasonable compensation.

Liquidation and Distribution

9.03. The person or persons responsible for winding up the affairs of the Partnership pursuant to Paragraph 9.02 of this Agreement shall take full account of the Partnership assets and liabilities, shall liquidate the assets of the Partnership as promptly as is consistent with obtaining the fair value of the assets, and shall apply and distribute the proceeds from the liquidation in the following order:

(a) To creditors, including Partners who are creditors to the extent permitted by law, in satisfaction of liabilities of the Partnership other than liabilities for any of the following:

(1) Distributions owing to Partners prior to their withdrawal from the Partnership and prior to dissolution and winding up of the Partnership.

(2) Distributions owing to Partners upon their withdrawal from the Partnership.

(b) To Partners and former Partners in satisfaction of liabilities for distributions owing to them prior to their withdrawal from the Partnership and prior to dissolution and winding up of the Partnership and upon their withdrawal from the Partnership.

(c) To the Partners pursuant to Paragraphs 3.04 and 3.06 of this Agreement.

ARTICLE 10
MISCELLANEOUS PROVISIONS

Notices

10.01. Any notice of any meeting of the Partners, or any report be given under this Agreement or otherwise in connection with the business of this Partnership, shall be given either personally, by mail, or by other means of written communication. The notice or report shall be addressed to the person to whom it is authorized to be given at the address appearing on the records of the Partnership or provided by the person for that purpose. If no such address appears or is given, then the notice or report must be given at the principal executive office of the Partnership or by publication at least once in a newspaper of general circulation in the county in which the principal executive office of the Partnership is located. The General Partner shall execute an affidavit of the giving of the notice or report. Notices and reports shall be deemed to have been given at the time when delivered personally, deposited in the mail, or sent by other means of written communication.

Governing Law

10.02. All questions with respect to the construction of this Agreement and the rights and liabilities of the parties to this Agreement shall be governed by the laws of the State of California.

Binding on Heirs and Assigns

10.03. Subject to any restrictions against assignments set forth herein, this Agreement shall inure to the benefit of and be binding on the assigns, successors in interests, personal representatives, estates, heirs, and legatees of each party to this Agreement.

Counterparts

10.04. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one Agreement notwithstanding the fact that all Partners are not signatories either on the same date or to the same counterpart.

Sole and Only Agreement

10.05. This Agreement contains the entire understanding of the parties and constitutes the sole and only agreement between them concerning the Partnership or the rights and duties of any of them in connection with the Partnership or the property of the Partnership. Any agreements or representations among the parties hereto, or between the General Partner and any Limited Partner, regarding the Partnership or the property of the Partnership not expressly set forth in this Agreement are null and void.

Amendment

10.06. This Agreement may be amended _____ [*specify, e.g.,* only by written consent or affirmative vote of Limited Partners owning a majority of the outstanding Partnership Units].

EXECUTED on the day and year first above written.

California Legal Forms--Transaction Guide

Copyright 2010, Matthew Bender & Company, Inc., a member of the LexisNexis Group.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART IV. FORMS

13-29B California Legal Forms--Transaction Guide § 29B.201

§ 29B.201 Limited Liability Company Operating Agreement for Nonpublic Real Estate Syndicate

[1] Comment--Use of Form

This form is an operating agreement for a California LLC that will operate as a real estate syndicate. It is intended to provide a basic outline of what an operating agreement should cover. It should be modified to meet the particular operating needs of the LLC being formed.

The members of an LLC must enter into an operating agreement either before or after the filing of the LLC's articles of organization [*Corp. Code § 17050(a)*]. An "operating agreement" is any agreement among all the members as to the affairs of the LLC and the conduct of its business in a manner not inconsistent with law or the LLC's articles, including amendments to those articles. An operating agreement may be written or oral, and it may be as simple as an agreement to organize an LLC [*Corp. Code § 17001(ab)*]. Nevertheless, for an LLC that will operate as a real estate syndicate, the agreement should be written. Generally, any contractual provision authorizing the managing member to buy or sell real property on behalf of the partnership must be written [*see Civ. Code §§ 1624(a)(3), 2309*]. Also, as a practically matter, without a written operating agreement the syndicate would never come into being: investors will not be willing to buy interests in a real estate syndicate whose operations are governed by an oral agreement. Finally, having the agreement in written form will help prevent subsequent disagreements over its terms.

This form is for an LLC that will be managed by the syndicator, who may also be a member of the LLC. For additional forms of operating agreements for LLCs, see Ch. 2C, *Limited Liability Companies* . In addition, many of the same types of provisions typically found in corporate bylaws or partnership agreements may be appropriate in a LLC operating agreement if desired. For a variety of corporate bylaw provisions, see Ch. 4, *Bylaws* . For partnership provisions, see Ch. 15, *General Partnerships* . For other provisions that may be appropriate to this type of agreement, see Ch. 8C, *Close Corporation Shareholder Agreements* .

[2] FORM

Limited Liability Company Operating Agreement for Nonpublic Real Estate Syndicate

OPERATING AGREEMENT OF

_____ [*full name of limited liability company*],
A CALIFORNIA LIMITED LIABILITY COMPANY

In accordance with the Beverly-Killea Limited Liability Company Act and subject to the Articles of Organization, which were filed on _____ [*date*], with the Secretary of State of California, the members of _____ [*name of limited liability company*], listed on the signature page, make the following agreement on _____ [*date*], regarding the conduct of the business and affairs of _____ [*name of limited liability company*], a California limited liability company ("Company")]:

ARTICLE 1
DEFINITION OF TERMS

1.01. When used in this agreement, the following terms have the meanings set forth here:

(a) "Act" means California's Beverly-Killea Limited Liability Company Act, as set forth in Corporations Code Title 2.5.

(b) "Agreement" means this operating agreement, as originally executed and as amended from time to time.

(c) "Articles" means the Articles of Organization for the Company filed under *Corp. Code § 17050*, including all amendments thereto or restatements thereof.

(d) "Available cash" of the Company means all cash funds of the Company on hand from time to time (other than cash funds obtained as contributions to the capital of the Company by the members and cash funds obtained from loans to the Company), after (1) payment of all operating expenses of the Company as of such time, (2) provision for payment of all outstanding and unpaid current obligations of the Company as of such time, and (3) provision for a working capital reserve, as defined below.

(e) "Bankrupt" or "bankruptcy" means, with respect to any person, being the subject of any order for relief under Title 11 of the United States Code, or any successor statute.

(f) "Capital account" means the individual accounts established and maintained pursuant to Paragraph 3.05.

(g) "Capital contribution" means the total value of cash and agreed fair market value of property contributed and agreed to be contributed to the Company by each member, as shown in Exhibit A, as the same may be amended from time to time.

(h) "Code" means the Internal Revenue Code of 1986, as amended. All references in this Agreement to sections of the Code include any corresponding provision or provisions of succeeding law.

(i) "Company" means _____ [*name of limited liability company*], a California limited liability company.

(j) "Entity" means any association, corporation, general partnership, limited partnership, limited liability company, joint stock association, joint venture, firm, trust, business trust, cooperative, or foreign association of like structure.

(k) "Interest" in the Company means the entire ownership interest of a Member in the Company at any particular time, including the right of the member to any and all benefits to which a Member may be entitled as provided in this Agreement and under the Act, together with the obligations of the member to comply with all of the terms and provisions of this Agreement.

(l) "Manager" means _____ [*name of syndicator*] or any other person elected by the Members of the Company to manage it.

(m) "Member" means a person who:

(1) Has been admitted to the Company as a Member in accordance with the Articles of Organization or Operating Agreement, or an assignee of an interest in the Company who has become a Member pursuant to *Corp. Code § 17303*.

(2) Has not resigned, withdrawn, or been expelled as a Member or, if other than an individual, been dissolved.

(n) "Percentage interest" of a Member means the percentage of the member set forth opposite the name of the Member in Exhibit A attached to this Agreement, as the percentage may be adjusted from time to time pursuant to the terms of this Agreement.

(o) "Principal office" means the office of the agent of this Company as shown in its Articles.

(p) "Pro Rata Part" means the proportion that a percentage interest of a Member bears to the aggregate interest in the Company of all Members.

(q) "Share" refers to an interest in the Company representing a contribution to capital. Whenever reference is made to "percentage interest," a share may be converted into the same by dividing a Member's number of shares by the total of all shares outstanding.

(r) "Substitute Member" means any individual or entity that is admitted into membership on the written consent of all Members in accordance with Paragraph 3.11.

(s) "Tax Matters Member" means the member chosen pursuant to *Internal Revenue Code § 6231(a)(7)* to deal with the Internal Revenue Service on tax matters.

ARTICLE 2
ORGANIZATION OF COMPANY

Formation of Company

2.01. The Members have formed a limited liability company under the Act by properly executing and filing the Articles and executing this Agreement. The rights, duties, and liabilities of the Members and the Manager are determined pursuant to the Act, the Articles, and this Agreement.

Company Name

2.02. The name of the Company is _____. The Company will transact business under that name. However, the Company may conduct business under another name if the _____ [Members *or* Manager] think it advisable, provided that the _____ [Members *or* Manager] comply with the Act and any other applicable laws, file fictitious name certificates and the like, and file any necessary amendments.

Company Purpose

2.03. The purpose of the Company is to engage in _____ [*specify business for which LLC is to formed, e.g.*, to purchase real property located at 123 Main Street, Bay City, California, and to develop and operate that property as a 10-unit residential apartment building].

Operative Date of Agreement

2.04. The provisions of this Agreement shall take effect on _____ [the date of execution of this agreement as specified above *or specify delayed operative date for agreement*].

ARTICLE 3
MEMBERS AND MEMBERSHIP INTERESTS

Names, Addresses, and Initial Capital Contributions of Members

3.01. Members, their respective addresses, their initial capital contributions to the Company, and their respective percentage interests in the Company are set forth on Schedule A, attached to this Agreement and made a part of it. Each Member agrees to make the initial contribution set out in Schedule A within _____ days from the date _____ [of execution of this Agreement *or* specified in Paragraph 2.04 of this Agreement]. Schedule A shall be amended from time to time to reflect any changes or adjustments in the respective contributions or percentage interests of the Members as required or permitted under this Agreement.

Failure to Make Contribution

3.02. (a) If a Member is required to contribute property or services in accordance with Paragraph 3.01 and Schedule A of this Agreement and fails to make that contribution within _____ days from the date _____ [of execution of this agreement *or* specified in Paragraph 2.04 of this Agreement], that Member shall be obligated, at the option of the Company, to contribute cash equal to that portion of the agreed value, as stated in Schedule A, of the contribution that has not been made. The foregoing option shall be in addition to, and not in lieu of, any other rights, including the right to specific performance, that the Company may have against the Member.

(b) The interest of a Member who fails to make the initial contribution provided for in Paragraph 3.01 shall be subject, at the option of the Company, to any or all of the following remedies:

(1) Loss of voting and approval rights until contribution has been made.

(2) Payment of damages in the amount of the agreed contribution.

(c) In addition to the remedies provided for in Subparagraph (b) of this Paragraph, the defaulting Member's interest in the Company is subject, at the option of the Company, to the following:

(1) Reduction, dilution or elimination of the defaulting Member's proportionate interest in the limited liability company;

(2) Subordination the defaulting Member's interest in the Company to that of nondefaulting Members;

(3) Forced sale of the Membership interest on the terms specified in Paragraphs 3.13 through 3.17 of this Agreement;

(4) The lending or contribution by other Members of the amount necessary to meet the defaulting Member's commitment;

(5) Adjustment of the interest rates or other rates of return, preferred, priority, or otherwise, with respect to contributions by or capital accounts of the other Members; or

(6) Fixing the value of the defaulting Member's interest in the limited liability company by appraisal, formula and redemption, or sale of the defaulting Member's interest in the limited liability company at a percentage of that value.

(d) The obligation of a Member to make the initial contribution required by Paragraph 3.01 may be compromised only by _____ [*specify, e.g.*, two-thirds *or* unanimous] vote of the Members.

Future Contributions

3.03. (a) No Member may required to make any capital contribution to the Company other than that required under Paragraph 3.01, except upon unanimous agreement of the Members.

(b) All additional contributions made in accordance with Subparagraph (a), above, shall be made on a pro rata basis in accordance with the respective percentage interests of the Members of the Company, unless the Members unanimously agree to a different method of determining contributions. If additional contributions are made other than on a pro rata basis, the respective percentage interests of the Members in the Company shall be adjusted to reflect the total respective contributions of the Members, and Schedule A of this Agreement shall be amended accordingly.

(c) Any Member who fails to make an additional capital contribution after that contribution has been validly authorized in accordance with Subparagraph (a), above, shall be subject to the remedies specified in Paragraph 3.02(a) and (c).

Member Loans or Services

3.04. Except as specified in Schedule A, services by any Member to the Company may not be considered to be contributions to the capital of the Company, and loans by any member to the Company shall not be treated as capital contributions to the Company. Any compensation that the Company pays to a Member for services, and any payment made by the Company to a Member on that Member's loan to the Company, shall not be treated as payment made to that Member acting in his, her, or its capacity as a Member under *Internal Revenue Code § 707*.

Capital and Capital Accounts

3.05. (a) The initial Capital Contribution of each Member is as set forth in Exhibit A. No interest may be paid on any Capital Contribution.

(b) The Company will establish and maintain an individual Capital Accounts for each Member pursuant to *Treasury*

Regulations § 1.704-1(b)(2)(iv).

(c) No Member has the right to withdraw his or her capital contribution or to demand and receive property of the Company or any distribution in return for his or her Capital Contribution, except as may be specifically provided in this Agreement or required by law. No Member may receive out of Company property any part of that Member's capital contribution until (1) all liabilities of the Company, except liabilities to Members on account of their loans, have been paid or sufficient Company property remains to pay them, and (2) all Members consent, unless the return of the contribution to capital is rightfully demanded as provided in the Act.

(d) Subject to the provisions of Subparagraph 3.05(c), a Member may rightfully demand the return of that Member's Capital Contribution (1) after the Company has been dissolved and wound up pursuant to Article 21 of this Agreement, or (2) as may otherwise be provided in the Act. A member may demand and receive only cash in return for the Member's Capital Contribution.

Admission of Additional Members

3.05. The Members may admit to the Company additional members to participate in the profits, losses, available cash flow, and ownership of the assets of the Company on such terms as are determined by all of the Members. Admission of any additional Member requires the written consent of all members then having any interest in the Company. Any additional Members are allocated gain, loss, income, or expense by the method provided in this Agreement.

Limitation on Liability

3.06. No Member is liable under a judgment, decree, or order of the court, or in any other manner, for a debt, obligation, or liability of the Company, except as provided by law. No Member is required to loan any funds to the Company.

No Individual Authority

3.07. Unless expressly provided in this Agreement, no Member, acting alone, has any authority to act for, or to undertake or assume, any obligation, debt, or responsibility on behalf of, any other Member of the Company.

No Member Responsible for Other Member's Commitment

3.08. In the event that a Member (or a Member's shareholders, partners, members, owners, or affiliates) has incurred any indebtedness or obligation before the date of this Agreement that relates to or otherwise affects the Company, neither the Company nor any other Member has any liability or responsibility with respect to the indebtedness or obligation unless the indebtedness or obligation is assumed by the Company pursuant to a written instrument signed by all Members. Furthermore, neither the Company nor any Member is responsible or liable for any indebtedness or obligation that is subsequently incurred by any other Member (or a Member's shareholder, partners, members, owners, or affiliates). In the event that a Member (or a Members' shareholders, partners, members, owners, or affiliates; collectively called the "liable Member"), whether before or after the date of this Agreement, incurs (or has incurred) any debt or obligation that neither the Company nor any of the other Members is to have any responsibility or liability for, the liable Member must indemnify and hold harmless the Company and the other Members from any liability or obligation they may incur in respect of the debt or obligation.

Transfer and Assignment of Membership Interests

3.09. No Member may assign, convey, sell, encumber, or in any way alienate all or any part of his or her interest in the Company as a Member without the prior written consent of all the other Members, which consent may be given or withheld, conditioned or delayed (as allowed by this Agreement or the Act), as the remaining Members may determine in their sole discretion. The remaining members in their sole discretion may require that any Member proposing to sell, assign, or in any way alienate all or any part of his or her interest in the Company offer the remaining members a right of first refusal to purchase that interest on the terms specified in Paragraphs 3.13 through 3.17 of this Agreement. Within _____ days after notice by a Member that the Member proposes to sell, assign, or in any way alienate all or any part of his or her interest in the Company, the remaining members shall advise the Member in writing of their consent or refusal to consent to the proposed transfer, and of any terms or conditions imposed with respect to the sale. If the remaining Members do not advise the Member of their consent or refusal to consent, or of any applicable conditions, within that _____-day period, they shall be deemed to have consented to the proposed sale, assignment, or other transaction. Transfers in violation of this Paragraph are effective only to the extent set forth in Paragraph 3.12(b), below.

Further Restrictions on Membership Transfers

3.10. No Member may assign, convey, sell, encumber, or in any way alienate all or any part of his or her interest in the Company (1) without registration under applicable federal and state securities laws, or unless the Member delivers an opinion of counsel satisfactory to the Company that registration under those laws is not required; or (2) if the interest to be sold or exchanged, when added to the total of all other sold or exchanged in the preceding _____ [*specify number*] consecutive months prior to that time, would result in the tax termination of the Company under *Internal Revenue Code § 708*.

Substitute Members

3.11. A transferee may become a Substitute Member if (1) the requirements of Subparagraphs 3.09 and *3.10, above*, are met; (2) the person executes an instrument satisfactory to the remaining Members accepting and adopting the terms and provisions of this Agreement; and (3) the person pays all reasonable expenses in connection with his or her admission as a remaining Member.

Effect of Transfer

3.12. (a) Any permitted transfer of all or any portion of a Member's interest in the company takes effect on the first day of the month following receipt by the Members of written notice of transfer. Any transferee of an interest in the company takes subject to the restrictions on transfer imposed by this Agreement.

(b) On a transfer of a Member's interest in the Company in violation of this Agreement, the transferee has no right to participate in the management of the business and affairs of the Company or to become a Member, but the transferee is entitled only to receive the share of profits or other compensation by way of income and the return of contributions to which the transferor of the interest in the Company would otherwise be entitled.

[*EITHER*]

Option to Purchase Member's Interest

3.13. In the event of the death of any Member, or the forced sale of any Member's interest as otherwise provided in this Agreement, the remaining Members shall have an option to purchase that Member's interest in the Company by paying to that Member or the person legally entitled thereto the value of that Member's interest, determined as provided in Paragraph 3.14. The remaining Members shall give written notice of their exercise of this option to the Member, or the personal representative of a deceased Member. In the case of a deceased Member, this notice shall be given within _____ [*number*] days after the death of the deceased Member. The portion of the interest that an individual remaining Member may purchase under this Agreement shall be that proportion which the remaining Member's net worth in the Company bears to the total net worth in the Company of all remaining Members. The amount of the purchase prices shall be determined under Paragraph 3.14 of this Agreement. If any remaining Member is unable or unwilling to purchase his or her proportionate share of the interest of a Member as provided in this Paragraph, that right may be exercised and the interest purchased by the other remaining Members. No remaining Member shall be denied a right to participate in any such purchase if that Member delivers to all other Members a written declaration of intent to participate. This written declaration shall be delivered to each other Member within _____ [*number*] days after the death, retirement, resignation, or expulsion of the departing Member.

[*OR*]

Mandatory Purchase of Membership Interest

3.13. In the event of the death of any Member, or the forced sale of any Member's interest as otherwise provided in this Agreement, that Member or that Member's personal representative shall sell, and each remaining Member shall buy, a portion of the departing or deceased Member's interest in the Company. The portion of the interest that an individual remaining Member shall be obligated to buy under this Agreement shall be that proportion which the individual remaining Member's net worth in the Company bears to the total net worth in the Company of all remaining Members. The amount of the purchase prices shall be determined under Paragraph 3.14 of this Agreement.

[*CONTINUE*]

Purchase Price of Member's Interest

3.14. On any purchase or sale of a Member's interest under Paragraph 3.02(c)(3), 3.09, or 3.13 of this Agreement, the purchase price of that interest shall be determined as follows:

(a) The departing or deceased Member, or that Member's legal representative, and the remaining Members shall appoint a single appraiser. If the parties are unable to agree on the identity of the appraiser within _____ days after _____ [the death, retirement, resignation, or expulsion of the departing Member *or* the giving of the notice required in Paragraph 3.09 or 3.13], each party thereafter shall appoint his or her own appraiser. If the two appraisers so appointed are unable to agree on the value of the interest within _____ [*number*] days after being so appointed, they shall appoint a third appraiser. The decision in writing of any two of the three appraisers so appointed shall be binding and conclusive on the parties to this Agreement and on any person legally entitled to receive the value of the departing or deceased Member's interest. All fees and expenses of each appraiser shall be paid by the _____ [Company *or* remaining Members *or* purchasing and selling parties in equal proportions *or* party on whose behalf that appraiser was appointed, and the fees and expenses of the third appraiser to be paid equally by the purchasing and selling parties].

(b) In determining the value of the membership interest to be purchased, the appraisers shall value:

(1) All items of inventory at their actual cost to the Company.

(2) All tangible assets of the Company, including lands, buildings, fixtures, machinery, automobiles, and equipment, at their fair cash market value.

(3) All accounts receivable due the Company that are not more than 90 calendar days old and not barred by the statute of limitations at half their face value.

(4) All accounts receivable due the Company that are less than 90 calendar days old at their full face value.

(5) Goodwill and other intangible assets of the Company at their fair cash market value.

Payment of Purchase Price

3.15. On any purchase and sale of a Member's interest under to this Agreement, the remaining Members shall pay to the person legally entitled thereto the value of the interest, determined as provided in Paragraph 3.14 of this Agreement, in the following manner: _____ [*describe payment terms, e.g.*, One half in cash on receipt of the appraisers' report, and the balance in 12 equal monthly installments commencing not later than 30 days after receipt of that report. Each monthly installment shall be applied first to interest at the rate of _____ percent per annum on the then remaining unpaid principal balance of the purchase price from the date the appraisers' report was received by the remaining Members and then to the reduction of principal].

Assumption of Departing Member's Obligations

3.16. On any purchase and sale of a Membership interest under this Agreement, the remaining Members shall assume all Membership obligations and shall protect, defend, and indemnify the departing Member, the personal representative and estate of a deceased Member, and the property of any departing Member, from liability for any Membership obligations of the departing Member.

Publication of Notice

3.17. On any purchase and sale of a Membership interest under this Agreement, the remaining Members shall, at their own cost and expense, as soon as reasonably practicable, prepare, publish, file, and serve all notices that may be required by law to protect the departing Member and the personal representative and estate of a deceased Member from liability for future obligations of the Membership business.

ARTICLE 4
POWER TO AMEND AGREEMENT

4.01. The power to adopt, alter, amend, or repeal this Agreement is vested entirely in the Members of the Company.

ARTICLE 5

MANAGEMENT BY MANAGER

5.01. The right to exercise the powers of the Company and to manage the business and affairs of the Company is vested entirely in the Manager.

ARTICLE 6
ELECTION OF MANAGER

6.01. The initial Manager specified in the articles of organization and identified in Paragraph 1.01(l) of this Agreement will serve as Manager until _____ [he *or* she] resigns or is removed under Article 7.

ARTICLE 7
REMOVAL OF MANAGER

7.01. The Members may remove the Manager if _____ [*specify events and circumstances that trigger members' rights to remove manager, e.g.,* the Manager acts outside the scope of the Manager's authority].

ARTICLE 8
COMPENSATION OF MANAGER

8.01. Members may, by _____ [*specify, e.g.,* a vote of a majority in interest *or* unanimous consent] establish reasonable compensation for the Manager for services to the Company.

ARTICLE 9
EXECUTION OF DOCUMENTS

9.01. The Manager has the authority to execute documents and instruments for the acquisition, mortgage, or disposal of property on behalf of the Company.

ARTICLE 10
MEETINGS OF MEMBERS

No Annual Meeting

10.01. The Company is not required to hold a regular annual meeting of Members.

Special Meetings

10.02. Special meetings of the Members will be held on request of the Manager or of Members holding _____ (*e.g.,* 10) percent or more interest in the Company]. The Manager or Members calling the meeting shall cause written notice of the location, date, and time of the meeting, and the general nature of the business to be transacted, to be sent by first class mail to the Members entitled to vote at that meeting at least _____ [*specify notice period, e.g.,* 10 days] before the

scheduled date of the meeting.

Record Date

10.03. Only persons whose names are listed as members in the official records of the Company _____ [*number*] days before any meeting of the Members are entitled to notice of or to vote at that meeting.

Waiver of Notice

10.04. (a) The transactions of any meeting of Members, however called and noticed and wherever held, are valid if a quorum is present either in person or by proxy and if, either before or after the meeting, each of the Members entitled to vote, not present in person or by proxy, signs a written waiver of notice, or a consent to the holding of the meeting, or an approval of the minutes of the meeting. All waivers, consents, and approvals must be filed with the records of the Company or made a part of the minutes of the meeting. Except as otherwise provided, neither the business to be transacted nor the purpose of any meeting of Members need be specified in any written waiver of notice, consent to the holding of the meeting, or approval of the minutes of the meeting.

(b) Attendance by a Member at any meeting also constitutes a waiver of notice to that person if he or she fails to object at the beginning of the meeting to the transaction of business because the meeting was not lawfully called or convened, but attendance does not constitute a waiver of the right to object to the consideration of matters required to be included in the notice but not so included if the objection is expressly made at the meeting.

Quorum

10.05. At all meetings of the Members, _____ [*number*] Members must be present to constitute a quorum for transaction of business.

ARTICLE 11
ACTIONS BY MEMBERS AND VOTING RIGHTS

Votes Required to Act

11.01. Except as otherwise provided in this Agreement, an act of the Members of record is effective if _____ [the majority *or specify percent*] of Members' votes adopt the act at a meeting at which a quorum of Members is present. The voting rights of the Members are to be distributed in proportion to each Member's contribution to capital in the following manner: _____ [*specify general voting rights*].

Vote by Proxy

11.02. Members may vote either in person or by proxy. Proxies must be executed in writing by the Members. A telegram, cablegram, or similar transmission by the member or a photographic, photostatic, facsimile, or similar reproduction of a writing executed by a Member is deemed an execution in writing for purposes of this Agreement.

Actions of Tax Matters Member

11.03. The Tax Matters Member of the Company, chosen pursuant to *Internal Revenue Code § 6231(a)(7)*, is _____ [*name of syndicator*], who has the same authority as granted by the Internal Revenue Code to a tax matters partner.

ARTICLE 12
ACTION BY CONSENT WITHOUT MEETING

12.01. Any action permitted to be taken by the Members may be taken without a meeting if all Members individually or collectively consent by signing a written approval of the action. Any action by written consent shall have the same force and effect as a unanimous vote of the Members.

ARTICLE 13
ALLOCATIONS: DISTRIBUTIONS AND INTERESTS

Allocation of Net Income, Net Loss, or Capital Gains

13.01. (a) Except as may be expressly provided otherwise in this Article 13, and subject to the provisions of *Internal Revenue Code § 704(c)*, the net income, net loss, or capital gains of the Company for each fiscal year of the Company is allocated to the Members pro rata, in accordance with their percentage interests in the Company.

(b) If a Member, on formation of the Company or at any time thereafter, contributes property with an adjusted income tax basis different from the fair market value at which the property is accepted and credited to that Member's capital account, then solely for income tax purposes and the determination of each Member's distributive share of the net Company profits and losses, any depreciation, depletion, gain, or loss with respect to that property shall, pursuant to *Internal Revenue Code § 704(c)* of 1986 and *Treasury Regulations § 1.704-3*, be allocated according to the _____ [traditional method *or* traditional method with curative allocations, *or* traditional method with remedial allocations].

Distribution of Available Cash

13.02. Periodically, but not less frequently than at the end of each calendar quarter, the available cash of the Company, if any, must be distributed to the Members, pro rata in accordance with their percentage interests. For any calendar quarter, available cash need not be distributed to the extent that the cash is required for a reasonable working capital reserve for the Company; the amount of the reasonable working capital reserve is to be determined by the Manager.

Allocation of Income and Loss and Distributions in Respect of Interests Transferred

13.03. (a) If any interest in the company is transferred, or is increased or decreased by reason of the admission of a new Member or otherwise, during any fiscal year of the Company, each item of income, gain, loss, deduction, or credit of the Company for the fiscal year must be assigned pro rata to each day in the particular period of the fiscal year to which the item is attributable (that is, the day on or during which it is accrued or otherwise incurred) and the amount of each item so assigned to any day shall be allocated to the Member based on his or her respective interest in the Company at the close of the day. For the purpose of accounting convenience and simplicity, the Company may treat a transfer of, or

an increase or decrease in, an interest in the Company that occurs at any time during a semimonthly period (commencing with the semimonthly period including the date of this Agreement) as having been consummated on the first day of the semimonthly period, regardless of when during the semimonthly period the transfer, increase, or decrease actually occurs (that is, sales and dispositions made during the first 15 days of any month are deemed to have been made on the 16th day of the month).

(b) Distributions of the Company assets in respect of any interest in the Company shall be made only to the Members who, according to the books and records of the Company, are holders of record of the interests in respect of which the distributions are made on the actual date of distribution. Neither the Company nor any Member incurs any liability for making distributions in accordance with the provisions of the preceding sentence, whether or not the Company or Member has knowledge or notice of any transfer or purported transfer of ownership of interest in the Company that has not been approved by unanimous vote of the Members. Notwithstanding any provision above to the contrary, gain or loss of the Company realized in connection with a sale or other disposition of any of the assets of the Company must be allocated solely to the parties owning interests in the Company as of the date the sale or other disposition occurs.

ARTICLE 14
INDEMNIFICATION AND FIDUCIARY DUTIES

Indemnification and Fiduciary Duties

14.01. The Company will indemnify the Manager for any act taken in that capacity other than acts that involve a breach of fiduciary duty. The standard of the fiduciary duty the Manager owes to the Company and to its Members are those of a partner to a partnership and to the partners of the partnership. The Manager's standard of conduct owed to the Company and its Members is to act in the highest good faith to the Members, and the Manager may not seek to obtain an advantage in the Company affairs by the slightest misconduct, misrepresentation, concealment, threat, or adverse pressure of any kind.

Power to Do Business With LLC

14.02. Any Member or the Manager, acting in that Member's or the Manager's individual capacity, shall have the power to do business with the Company at any time, provided that the transaction is fair and equitable to the Company, in the Company's best business interest, and in accordance with the basic fiduciary principles specified in Paragraph 14.01. This power includes, but is not limited to, the power to purchase property from or sell property to the Company at fair market value; exchange property for the Company's property of equal value; lease property from or to the Company at fair rental value; borrow funds from or lend or advance funds to the Company, with interest at then-prevailing rates, and give or receive security for any such loans in any commercially reasonable form.

ARTICLE 15
COMPANY RECORDS AND REPORTS

Required Books and Records

15.01. The Company shall keep the following books and records in compliance with *Corporations Code § 17058*:

(a) A current list setting forth, in alphabetical order, the full name and last known business or residence address of each

Member and of each holder of an economic interest in the Company, together with the contribution and the share in profits and losses of each Member and holder of an economic interest.

(b) A copy of the Company's articles of organization and all amendments thereto, together with any powers of attorney pursuant to which the articles of organization or any amendments thereto were executed.

(c) Copies of the Company's federal, state, and local income tax or information returns and reports, if any, for the six most recent taxable years.

(d) A copy of this Agreement, and any amendments thereto, together with any powers of attorney pursuant to which any written operating agreement or any amendments thereto were executed.

(e) Copies of the Company's financial statements, if any, for the six most recent fiscal years.

(f) Accurate books and records of the Company's internal affairs for at least the current and past four fiscal years.

Records and Accounting; Fiscal Year

15.02. The books and records of the Company must be kept, and the financial position and the results of its operations recorded, in accordance with the accounting methods elected to be followed by the Company for federal and state income tax purposes. The books and records of the Company must reflect all Company transactions and must be appropriate and adequate for the Company's business. The fiscal year of the Company for financial reporting and for federal income tax purposes is the calendar year.

Access to Accounting Records

15.03. All books and records of the Company must be maintained at any office of the Company or at the Company's principal place of business, and each Member, and his or her duly authorized representative, must have access to them at the office of the Company and the right to inspect and copy them at reasonable times.

Annual and Tax Information

15.04. The Company shall deliver to each Member, within _____ days after the end of each fiscal year, all information necessary for the preparation of each Member's federal income tax return. The Company must also prepare, within _____ days after the end of each fiscal year, a financial report of the Company for the fiscal year, which must contain a balance sheet as of the last day of the year then ended, an income statement for the year then ended, a statement of sources and applications of funds, and a statement of reconciliation of the capital accounts of the Members.

ARTICLE 16
DISSOLUTION AND WINDING UP OF COMPANY

Events Causing Dissolution

16.01. The Company shall be dissolved, its assets shall be disposed of, and its affairs shall be wound up on the first to occur of the following events:

(a) On determination by Members owning more than 50 percent of the interests in the Company that the Company should be dissolved.

(b) On the death, insanity, bankruptcy, retirement, resignation, or expulsion of any Member, unless at least 50 percent of the remaining Members consent to continue the Company within 90 days of the dissolution event.

(c) On the failure of the Company by _____ [*date*] to _____ [*e.g.*, complete the purchase of the property described in Paragraph 2.03 of this Agreement, or to obtain the necessary permits, approvals, or financing to develop and operate that property in accordance with the purpose stated in Paragraph 2.03].

[*Optional; if articles of organization specify a date for expiration of the company term:*]

(d) On the expiration of the term of the Company, as stated in the Articles.

[*CONTINUE*]

(e) At any earlier time at which dissolution may be required under any applicable law.

Winding Up

16.02. If the Company is dissolved, the Manager may wind up the Company's affairs and shall give written notice of the commencement of winding up by mail to all known creditors and claimants whose addresses appear on the records of the Company.

Distribution of Assets After Provision for Payment of Creditors.

16.03. (a) After determining that all the known debts and liabilities of the Company including, without limitation, debts and liabilities to Members who are creditors of the Company, have been paid or adequately provided for, the remaining assets shall be distributed among the Members according to their respective rights and preferences as follows:

(1) To members in satisfaction of liabilities for distributions pursuant to *Corporations Code § 17201*, *17202*, or *17255*.

(2) To Members for the return of their contributions.

(3) To Members in the proportions in which those Members share in distributions.

(b) The payment of a debt or liability, whether the whereabouts of the creditor is known or unknown, has been adequately provided for if the payment has been provided for by either of the following means:

(1) Payment has been assumed or guaranteed in good faith by one or more financially responsible persons or by the United States government or any agency thereof, and the provision, including the financial responsibility of the person, was determined in good faith and with reasonable care by the Manager to be adequate at the time of any distribution of the Company's assets pursuant to this Paragraph 16.03.

(2) The amount of the debt or liability has been deposited with the Controller of the State of California pursuant to *Corporations Code § 2008*.

ARTICLE 17
MISCELLANEOUS PROVISIONS

Complete Agreement

17.01. This Agreement and the Articles of this Company constitute the complete and exclusive statement of agreement among the Members with respect to the subject matter described. This Agreement and the Articles replace and supersede all prior agreements by and among any of the Members. This Agreement and the Articles supersede all prior written and oral statements; no representation, statement, or condition or warranty not contained in this Agreement or the Articles is binding on the Members or has any force or effect.

Governing Law

17.02. This Agreement and the rights of the parties under this Agreement will be governed by, interpreted, and enforced in accordance with the laws of the State of California.

Binding Effect

17.03. Subject to the provisions of this Agreement relating to transferability, this Agreement is binding on and inures to the benefit of the Members, and their respective distributees, successors, and assigns.

Severability

17.04. If any provision of this Agreement is held to be illegal, invalid, or unenforceable under the present or future laws effective during the term of this Agreement, the provision is fully severable; this Agreement is construed and enforced as if the illegal, invalid, or unenforceable provision had never comprised a part of this agreement; and the remaining provisions of this Agreement will remain in full force and effect and will not be affected by the illegal, invalid, or unenforceable provision; and there will be added automatically as a part of this Agreement a provision as similar in terms to the illegal, invalid, or unenforceable provision as may be possible and be legal, valid, and enforceable.

Multiple Counterparts

17.05. This Agreement may be executed in several counterparts, each of which is deemed an original but all of which constitute one and the same instrument. However, in making proof only one copy signed by the party to be charged is required.

Additional Documents and Acts

17.06. Each Member agrees to execute and deliver additional documents and instruments and to perform all additional

acts necessary or appropriate to effectuate, carry out, and perform all of the terms, provisions, and conditions of this Agreement and the transactions contemplated by it.

No Third-Party Beneficiary

17.07. This Agreement is made solely and specifically among and for the benefit of the parties to it, and their respective successors and assigns, subject to the express provisions of the agreement relating to successors and assigns, and no other person has or will have any rights, interest, or claims under this Agreement as a third-party beneficiary or otherwise.

Tax Consequences

17.08. Members acknowledge that the tax consequences of each Member's investment in the Company are dependent on each Member's particular financial circumstances. Each Member will rely solely on the Member's financial advisors and not the Company. The Company makes no warranties as to the tax benefits that the Members receive or will receive as a result of their investment in the Company.

Notices

17.09. Any notice to be given or to be served on the Company or any party to this Agreement in connection with this Agreement must be in writing and is deemed to have been given and received when delivered to the address specified by the party to receive the notice. Notices must be given to each Member at the address specified in Exhibit A. Any Member or the Company, at any time, may designate any other address in substitution of the foregoing address to which notice will be given by giving written notice to the other Members and the Company _____ days before the date of delivery of the notice.

Amendments

17.10. Any provision of this Agreement may be amended only with affirmative vote of the number of Members that would be required to approve the action authorized by the provision prior to its amendment. All amendments to this Agreement must be in writing and signed by all of the Members.

Title to Company Property

17.11. Legal title to all property of the Company must be held and conveyed in the name of the Company.

Reliance on Authority of Person Signing Agreement

17.12. In the event that a Member is not a natural person, neither the Company nor any Member will (1) be required to determine the authority of the individual signing this agreement to make any commitment or undertaking on behalf of the entity or to determine any fact or circumstance bearing on the existence of the authority of the individual, or (2) be required to see to the application or distribution of proceeds paid or credited to individuals signing this Agreement on behalf of the entity.

Execution of Spousal Consent

17.13. Each Member who is a married person agrees that at the time that Member executes this Agreement, he or she shall supply a signed consent by that Member's spouse, in the form attached to this Agreement, by which that Member's spouse agrees to be bound by the provisions of this Agreement.

Warranty of Each Member

17.14. Each Member agrees, represents, and warrants that at the time he or she executes this agreement, either:

(a) He or she is under no legal obligation, by way of judgment, agreement, contract, or otherwise, specifically including but not limited to any employment agreement, marital settlement agreement, prenuptial or postnuptial agreement, nonmarital property agreement, or creditor's agreement, that conflicts with the terms of this Agreement or might impede that Member's ability to comply with the terms of this Agreement, including but not limited to those provisions of this Agreement respecting the operation and management of the Company or dealing with the transfer of interests in the Company; or

(b) That if he or she is under any legal obligation referred to in Subparagraph (a), above, he or she shall supply, at the time he or she executes this Agreement, a signed consent by each person legally to entitled to enforce that obligation, in substantially the form of the spousal consent form attached to this Agreement, modified as appropriate to the circumstances and approved by all the other members of the Company, by which that person legally entitled to enforce the obligation agrees to be bound by all provisions of this Agreement.

IN WITNESS WHEREOF, the undersigned have executed this Agreement, to be effective as of the date the Articles of Organization of the Company are accepted for filing by the Secretary of State.

Consent of Spouses

The undersigned are the spouses (referred to individually as "spouse" or collectively as "spouses") of the Members of _____ [*name of limited liability company*] ("Company"). Each spouse acknowledges that he or she has read and understands the Operating Agreement of the Company ("Agreement"). Each spouse understands that by signing the Agreement, each Member has agreed that the Member's interest in the Company, including any portion of that interest that is the community property of the Member and that Member's spouse, shall be subject to all the provisions of the Agreement. Each spouse agrees to be bound by the provisions of the Agreement in their entirety, including, but not limited to, those provisions of the Agreement governing the sale or transfer of interests in the Company. Each spouse further agrees that in the event his or her Member spouse predeceases him or her, the non-Member spouse will not devise all or any part of any community property interest that he or she may have in the Member's interest in the Company in violation of this Agreement. The spouse of each Member understands and acknowledges that the Member is operating or managing the business of the Company to the extent provided in the Agreement and that the Member has and will continue to have the primary management and control of the Company's business, as provided in the Agreement, to the maximum extent that the member may lawfully do so.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART IV. FORMS

13-29B California Legal Forms--Transaction Guide § 29B.202

§ 29B.202 Subscription Agreement

[1] Comment

[a] Use of Form

This is a basic subscription agreement that may be used in a sale of real estate syndicate interests that fits within the "private offering" [*see 15 U.S.C. § 77d(2)*; *17 C.F.R. § 230.501 et seq.*] and intrastate exemptions [*see 15 U.S.C. § 77c(a)(11)*; *17 C.F.R. § 230.147*] from federal registration under the Securities Act of 1933, and the "limited offering exemption" from qualification with the California Commissioner of Corporations [*see Corp. Code § 25102(f)*]. All three of these exemptions are covered in this form because an issuer will ordinarily attempt to comply with as many exemptions as possible in order to increase the likelihood that the offering and sale will satisfy the requirements of at least one exemption. The three exemptions identified above are the ones most often asserted by issuers.

For a subscription agreement that may be used when the offering and sale must be qualified with the California Commissioner of Corporations under the Corporate Securities Law of 1968, see Ch. 29C, *Public Real Estate Syndicates* .

[b] California's Limited Offering Exemption

Paragraph 3, subparagraphs (b) and (i), of this form contains representations that the purchaser meets the investor suitability requirements of the California limited offering exemption [*see Corp. Code § 25102(f)(2)*; *see also § 29B.41[2][a]*; Ch. 6B, *California Limited Offering Exemptions*].

[c] Federal Private Offering Exemption

If the issuing real estate syndicate is asserting the federal private offering exemption, the interests cannot be resold without registration under the Securities Exchange Act of 1933 or an exemption from registration. Thus, the limited partnership must exercise reasonable care to assure that the purchasers of the interests are not acting as "underwriters" [*see 15 U.S.C. § 77b(a)(11)*]. Reasonable care includes, but is not limited to, the following: (1) reasonable inquiry to determine if a purchaser is acquiring the securities for himself or herself or for other persons; (2) written disclosure to

each purchaser prior to sale that the securities have not been registered under the Securities Exchange Act, and that they cannot be resold unless so registered or unless an exemption from registration is available; and (3) placement of a legend on the certificate or other document stating that the securities have not been registered under the Act and setting forth or referring to the restrictions on transferability and sale [*17 C.F.R. § 230.502(d)*; *see* Ch. 6I, *Issuance of Equity Securities*]. Paragraphs 3(c) and 4 of this form contain representations that the subscriber will abide by these limitations on resale.

[d] Federal Intrastate Exemption

Under the "intrastate exemption" under SEC Rule 147 [*see 15 U.S.C. § 77c(a)(11)*; *17 C.F.R. § 230.147* (SEC Rule 147)], any security that is part of an issue offered and sold only to persons residing within a single state or territory need not be registered with the Securities and Exchange Commission, if the issuer resides in and does business in that state or territory [*15 U.S.C. § 77c(a)(11)*]. This exemption is discussed in detail in Ch. 6A, *Federal Securities Exemptions for California Nonpublic Corporations* .

To comply with Rule 147, the issuer must obtain a written representation from each purchaser as to the purchaser's residence [*17 C.F.R. § 230.147(f)(1)(iii)*]. That representation is contained in Paragraph 3(b) of this form. An individual who is a subscriber will be deemed a resident of the state where the individual has his or her principal residence [*17 C.F.R. § 230.147(d)(2)*]. A corporation, partnership, or other business organization will be deemed a resident of the state in which it has its principal office, unless it is organized for the specific purpose of purchasing the limited partnership interests [*17 C.F.R. § 230.147(d)(1), (3)*].

Any document evidencing the syndicate interests must contain a legend stating that the interests have not been registered under the Securities Act of 1933 because of the intrastate exemption, and that transfers of the interests are restricted as required by Rule 147. Furthermore, every purchaser must be informed in writing of the above matters [*17 C.F.R. § 230.147(f)(1)(i), (3)*]. The transfer restriction required by Rule 147 is contained in Paragraph 3(h) of this form [*see 17 C.F.R. § 230.147(e)*].

[2] FORM

Subscription Agreement

SUBSCRIPTION AGREEMENT

_____ [*name of limited partnership or limited liability company, in capital letters*],

A California _____ [Limited Partnership *or* Limited Liability Company]

TO: _____ [*name of limited partnership or limited liability company*]
c/o _____ [*name of general partner or manager*]
_____ [*address in California*]

I, the undersigned, hereby make the following agreements and representations:

Subscription

1. I subscribe for and agree to purchase, at the price of $_____ per _____ [Partnership *or* Membership] Unit, the number of Units in _____ [*name of limited partnership or limited liability*

company], a California _____ [Limited Partnership *or* Limited Liability Company], set forth below immediately above my signature. I understand this subscription may be rejected by _____ [*name of general partner or manager*], hereinafter referred to as _____ ["General Partner" or "Manager"] of the above _____ [Limited Partnership *or* Limited Liability Company].

Exemption From Securities Law

2. I stipulate that I understand the _____ [Partnership *or* Membership] Units described in this Agreement are being offered and sold without registration under the federal Securities Act of 1933 and without being qualified pursuant to the California Corporate Securities Law of 1968, on the ground that federal registration is not required because of the private offering and interstate exemptions of that Act and that qualification in California is not necessary due to the limited offering exemption of that Law. I also understand that the applicability of those exemptions to the offer and sale of the _____ [Partnership *or* Membership] Units described in this Agreement depends, at least in part, on the accuracy of the representations made by me in this Agreement and in the "Investor Questionnaire" attached to, and hereby made a part of, this Agreement. I declare the representations made by me in this Agreement and in the "Investor Questionnaire" are true and correct to the best of my knowledge and are intended by me to be relied on by the _____ [General Partner *or* Manager] in determining my eligibility to purchase _____ [Partnership *or* Membership] Units in this _____ [Limited Partnership *or* Limited Liability Company].

Representations

3. I certify, represent, and warrant that:

(a) I have received a full copy of the _____ [Limited Partnership Agreement for this Limited Partnership *or* Articles of Organization and Operating Agreement for this Limited Liability Company] and a copy of the Private Placement Memorandum dated _____, prepared by the _____ [General Partner *or* Manager] for the _____ [Partnership *or* Membership] Units described in this Agreement.

(b) I am a bona fide permanent resident of the State of California, domiciled in California with no intent to move elsewhere, and this Subscription Agreement has been presented to and executed by me in California.

(c) The _____ [Partnership *or* Membership] Units described in this Agreement are being purchased by me:

(1) As a long-term investment and not for resale; and

(2) For my own account or in a fiduciary capacity for a person or entity described in subdivision (g)(2) of Rule 147 of the United States Securities and Exchange Commission.

(d) I am aware that registration of the _____ [Partnership *or* Membership] Units described in this Agreement with the Securities and Exchange Commission is unlikely, and that the _____ [Limited Partnership and General Partner *or* Limited Liability Company and Manager] have no obligation or intent so to register the Units described in this Agreement.

(e) I am also aware that the possibility of a public market developing for the _____

[Partnership *or* Membership] Units described in this Agreement is unlikely, and thus Rules 144 and 237 of the Securities and Exchange Commission, which authorize the routine sales of unregistered securities without investment letters in limited amounts, are inapplicable to these securities.

(f) I have not relied in executing this Agreement and making the purchase herein described on any representations not contained in the _____ [Limited Partnership Agreement *or* Limited Liability Company Operating Agreement] and the Private Placement Memorandum for the _____ [Partnership *or* Membership] Units described in this Agreement.

(g) I understand that no state or federal regulatory agency has passed on the merits of the _____ [Partnership *or* Membership] Units described in this Agreement or their sale to investors.

(h) I understand that transferability of the _____ [Partnership *or* Membership] Units described in this Agreement is limited by rules of the Securities and Exchange Commission, that they can be transferred only subject to the following conditions, and that any certificate or other document evidencing them must bear the following legend:

"The _____ [Limited Partnership *or* Limited Liability Company] Interests evidenced by this document have not been registered under the Securities Act of 1933 on the grounds that they are exempt from such registration requirement under the intrastate offering exemption set forth in Section 3(a)(11) of that Act. Therefore, during the period in which _____ [Partnership *or* Membership] Units are being offered and sold by the _____ [limited partnership *or* limited liability company] above named, and for a period of nine months from the date of the last sale of _____ [Partnership *or* Membership] Units by such _____ [limited partnership *or* limited liability company], all resales of any such _____ [Partnership *or* Membership] Units by any person shall be made only to persons resident, that is, to persons having at the time of resale their principal residence, within the State of California."

(i) I meet the investor suitability requirements for this _____ Limited Partnership *or* Limited Liability Company] by virtue of the fact that either: (1) I have a preexisting personal or business relationship with the _____ [General Partner *or* Manager *or specify issuer, if other than general partner or manager*] or any of its partners, members, officers, directors, or controlling persons; or (2) by reason of my business or financial experience, or the business or financial experience of my professional advisors who are unaffiliated with, and not compensated by, the _____ [Limited Partnership or the General Partner *or* Limited Liability Company or Manager], directly or indirectly, I have the capacity to protect my own interests in connection with my acquisition of these _____ [Partnership *or* Membership] Units.

Agreement Not To Resell

4. I agree the _____ [Partnership *or* Membership] Units described in this Agreement will not be sold by me unless either:

(a) They become registered with the Securities and Exchange Commission under the Securities Act of 1933, or

(b) Are sold in a transaction coming within an exemption contained in the Securities Act of 1933 from the registration requirements of that Act.

Adoption of _____ [Partnership Agreement *or* Limited Liability Company Operating Agreement]

5. I adopt, accept, and agree to be bound by all the terms and conditions of the _____ [Limited Partnership Agreement of this Limited Partnership *or* Operating Agreement of this Limited Liability Company].

Special Power of Attorney

6. I make, constitute, and appoint the _____ [General Partner *or* Manager] my true and lawful attorney, with full power of substitution, for me and in my name, place, and stead, and for my use and benefit, to execute, acknowledge, file, and record:

[*If syndicate is organized as limited partnership:*]

(a) A Certificate of Limited Partnership as required by the California Uniform Limited Partnership Act of 2008 for the Limited Partnership and any amendments to the Certificate that may hereafter become required or be deemed advisable by the General Partner;

(b) Any other instrument or document that may be required to be filed or recorded by the Limited Partnership by the laws of any state, by any governmental agency, or that the General Partner deems advisable for the Limited Partnership to file or record;

(c) Any instrument or document that may be required to effect the continuation of the Limited Partnership, the admission of an additional or substituted Limited Partner, or the dissolution or termination of the Limited Partnership; provided such continuation, admission, or dissolution and termination is in accordance with the terms and provisions of the Limited Partnership Agreement for the Limited Partnership.

[*Or, if syndicate is organized as limited liability company:*]

(a) Any instrument or document that may be required to be filed or recorded by the Limited Liability Company by the laws of any state, by any governmental agency, or that the Manager deems advisable for the Limited Liability Company to file or record;

(b) Any instrument or document that may be required to effect the continuation of the Limited Liability Company, the admission of an additional or substituted member, or the dissolution or termination of the Limited Liability Company; provided such continuation, admission, or dissolution and termination is in accordance with the terms and provisions of the Operating Agreement for the Limited liability Company.

[*Continue as follows:*]

This power of attorney and grant of authority:

(a) Is a special power of attorney coupled with an interest and is therefore irrevocable and shall survive the death of the undersigned;

(b) May be exercised by the _____ [General Partner *or* Manager] either by:

(1) Having one of its officers sign any instrument separately as the attorney in fact for each _____ [Limited Partner or Member of the Limited Liability Company] executing the instrument, or

(2) Listing the names of all the _____ [Limited Partners or Members of the Limited Liability Company] executing an instrument with the single signature of one of its officers executing the instrument as attorney-in-fact for all of them.

(c) Shall survive the delivery of an assignment by me of all or any portions of the _____ [Partnership *or* Membership] Units purchased by me.

Title to Partnership Units

7. The _____ [Partnership *or* Membership] Units being purchased pursuant to this Agreement will be owned by, and should be shown on the _____ [Limited Partnership *or* Limited Liability Company] records as held in the names of (please print) _____ and _____ as:

☐ Community Property

☐ Joint Tenants

☐ Tenants in Common

☐ Separate Property

☐ Other (please describe: _____).

Total Purchase Price: $_____

Number of _____ [Partnership *or* Membership] Units being Purchased: _____

EXECUTED on _____ [*date*] at _____, California.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29B NONPUBLIC REAL ESTATE SYNDICATES
PART IV. FORMS

13-29B California Legal Forms--Transaction Guide § 29B.203

§ 29B.203 Investor Questionnaire

[1] Comment

[a] Use of Form

This form is a questionnaire that should be completed by each potential investor who desires to purchase an interest in a California nonpublic real estate syndicate. The questionnaire is designed to provide the syndicator with reasonable proof that a sale of a syndicate interest to the potential investor will not violate the intrastate and private offering exemptions of the federal Securities Act of 1933 [*see 17 C.F.R. §§ 230.147(d), (f)(1)(iii), 230.502(d)(1), 230.506(b)(2)(i), (ii)*]. This form also requests sufficient information to determine whether the investor satisfies one or both of the investor qualification tests for purposes of the California limited offering exemption [*Corp. Code§ 25102(f)(2)*; *10* Cal. Code Reg.§ 260.102.12; *see § 29B.41[2][a]*; *see also* Ch. 6B, *California Limited Offering Exemptions*]. Each exemption is based on different requirements, and not all the information requested in this form relates to every exemption.

[b] Federal Requirements

The intrastate exemption from the Securities Act of 1933 requires that all purchasers of limited partnership interests, or limited liability company interests, be residents of the state in which the entity is organized and does business [*15 U.S.C. § 77c(a)(11)*]. The issuer is required, under SEC rules establishing objective standards for compliance with the exemption, to obtain a written representation to that effect from each purchaser [*17 C.F.R. § 230.147(f)(1)(iii)*]. SEC guidelines for the federal offering exemption require that (1) each purchaser who is not an accredited investor must possess, either alone or with his or her purchaser representatives, sufficient knowledge and experience in financial and business matters to be capable of evaluating the merits and risks of the prospective investment; or (2) the issuer must reasonably believe before making any sale that the purchaser comes within the foregoing description [*17 C.F.R. § 230.506(b)(2)*]. Thus, if each nonaccredited investor in fact possesses this "knowledge and experience," it does not matter whether the issuer has a reasonable belief as to the investor's sophistication.

[c] California Limited Offering Exemption Requirements

A syndicate using the California limited offering exemption [*see Corp. Code§ 25102(f)*] must also comply with

investor-suitability requirements. This form complies with those suitability requirements, which are discussed in *§ 29B.41[2][a]* and Ch. 6B, *California Limited Offering Exemptions* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES

13-29C California Legal Forms--Transaction Guide Scope

Scope

Scope

This chapter covers the special regulatory requirements of the California Commissioner of Corporations [*see 10 Cal. Code Reg. §§ 260.140.110.1-260.140.119.1*] applicable to a real estate syndicate that must be qualified with the Commissioner. These regulations apply primarily to syndicates organized as limited partnerships but will be applied by the Commissioner to real estate programs in other forms [*10 Cal. Code Reg. § 260.140.110.1(a)*; *see § 29C.11[1]* (definition of "real estate program")]. This chapter's coverage of the relevant regulations assumes that a real estate syndicate is organized as a limited partnership; an illustrative limited partnership agreement is included [*see § 29C.200*]. Substantive requirements under the Commissioner's regulations extend to all aspects of a syndicate's organization and operation and are briefly summarized in *Section 29C.11[2]*.

Syndicates are referred to in this chapter as "nonexempt"or "public" because they do not qualify for any of the exemptions under state securities laws applicable to private or nonpublic offerings and sales of syndicate interests. For coverage of real estate syndicates that do qualify for one or more exemptions from the California qualification requirements and the federal registration requirements, see Ch. 29B, *Nonpublic Real Estate Syndicates* . That chapter also discusses relevant tax considerations and provisions of the Uniform Limited Partnership Act of 2008 (ULPA '08) [*Corp. Code §§ 15900-15912.07*] as they apply to real estate syndicates generally, and that information is not repeated in this chapter.

The general requirements for qualifying the offering and sale of any security with the California Corporations Commissioner (including the streamlined procedure available for an offering and sale of securities subject to federal registration) are covered in Ch. 6H, *Qualification of Securities* . For discussion of limited partnerships in general, see Ch. 16, *Formation of Limited Partnerships* .

A real estate syndicate that must qualify in California may or may not be required to register with the Securities and Exchange Commission (SEC) under federal securities laws. Federal securities requirements are not covered in this chapter, but for general coverage of the subject, see California Real Estate Law & Practice, Ch. 27, *Registration of a Syndicate Offering With the SEC,* § 27.70 et seq. (Matthew Bender); Sowards, Business Organizations--Federal Securities Act, Volume 11 (Matthew Bender); and Gadsby, Business Organizations--Federal Securities Exchange Act of 1934, Volume 11A (Matthew Bender). Also, various exemptions from registration available under the Securities Act of 1933, are summarized in Ch. 29B, *Nonpublic Real Estate Syndicates,* § 29B. 40.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.10

§ 29C.10 Syndicate Interests as Securities

The Corporate Securities Law of 1968 [*Corp. Code §§ 25000-25706*] defines "security" broadly enough to extend to a limited partnership interest in a limited partnership real estate syndicate [*see Corp. Code § 25019*]. Accordingly, the offer or sale of this type of interest must be qualified with the California Commissioner of Corporations unless an exemption applies or the interest is not subject to qualification [*see Corp. Code §§ 25019*, *25110*, *25120*, *25130*; *see, e.g., Corp. Code § 25102.1*]. The limited offering exemption from qualification in California [*see Corp. Code § 25102(f)*] is discussed in Ch. 29B, *Nonpublic Real Estate Syndicates* . Other exemptions are discussed in Ch. 6C, *California Small Offering Exemption* [*see Corp. Code § 25102(h)*] and Ch. 6D, *California Qualified Purchaser Exemptions*.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.11

§ 29C.11 Commissioner's Regulations for Real Estate Syndicates

[1] In General

The Commissioner of Corporations may impose conditions on the qualification of offerings and sales of securities to ensure that they are fair, just, and equitable [*see Corp. Code §§ 25110, 25140*]. Pursuant to this general authority, the Commissioner has promulgated general regulations that outline the qualification procedures for any securities offering [*see, e.g., 10 Cal. Code Reg. §§ 260.110-260.131*]. In addition to these general regulations, the Commissioner has promulgated specific regulations that apply to the qualification of real estate programs in the form of limited partnerships [*10 Cal. Code Reg. § 260.140.110.1(a)*; *see 10 Cal. Code Reg. §§ 260.140.110.1-260.140.119.1*]. The focus of this chapter is on these specific regulations.

Under these regulations, a "program" means any organization, other than a corporation or a real estate investment trust, which has as a primary purpose the investment in, operation of, or receipt of gain from an interest in real property [*10 Cal. Code Reg. § 260.140.110.2(s)*]. A "program interest" is a limited partnership unit or other indicia of ownership in a program [*10 Cal. Code Reg. § 260.140.110.2(t)*]. Although the Commissioner's regulations apply specifically to the qualification of real estate programs in the form of limited partnerships, they will also be applied by analogy to real estate programs in other forms [*10 Cal. Code Reg. § 260.140.110.1(a)*]. For purposes of the coverage in this chapter, it is assumed that the syndicate is organized as a limited partnership.

The term "syndicate" is not defined in the Commissioner's Rules. However, the broad definition of "program" under the regulations (discussed above) encompasses the type of limited partnership commonly referred to as a real estate syndicate [*see* discussion in Ch. 29B, *Nonpublic Real Estate Syndicates*]. The terms "real estate program" and "real estate syndicate" may be used interchangeably in this chapter's coverage of the Commissioner's regulations, with the understanding that both terms exclude any entity organized as either a corporation or a real estate investment trust.

[2] Overview of Substantive Requirements

Guidelines contained in the Commissioner's regulations cover several broad subject matters: 1) requirements for sponsors; 2) suitability, rights and obligations of investors; 3) permitted fees, compensation, and expenses; 4) capital and finance; 5) conflicts of interest and investment restrictions; 6) disclosure and marketing requirements; and 7) special

requirements for nonspecified property programs. The Legal Background to this chapter summarizes these main subject matters [*see §§ 29C.14-29C.20*]; cross-references to other chapters are provided for more detailed coverage of particular subjects.

The substantive requirements of the Commissioner's regulations for a real estate syndicate must be incorporated, as appropriate, into the partnership agreement, the partnership prospectus (or other appropriate disclosure agreement), and the application for qualification [*see 10 Cal. Code Reg. §§ 260.140.110.1(c), 260.140.119.1*]. At the time an application for qualification is submitted [*see § 29C.121*], it must be accompanied by a cross-reference sheet [*see § 29C.202*] that shows where in a specific partnership document or instrument each provision of the regulations is covered. Any variance from provisions of the regulations must be explained and justified, and any regulations that do apply to a particular offering must be identified and stated to be inapplicable [*see 10 Cal. Code Reg. § 260.140.110.1(c)*].

Requirements or provisions of specific regulations must appear in the partnership agreement. These requirements are outlined in *Section 29C.130* and an illustrative limited partnership agreement is set forth in *Section 29C.200*. For discussion of the requirements for the partnership prospectus (or equivalent disclosure document), see *Section 29C.131*.

[3] Permitted Modifications

Applications for qualification with the Commissioner of Corporations that do not conform to the standards contained in the Commissioner's regulations are looked upon with disfavor. However, where good cause is shown, certain guidelines may be modified or waived by the Commissioner [*10 Cal. Code Reg. § 260.140.110.1(a)*]. In cases where individual characteristics of specific programs warrant modification of the standards, they will be accommodated insofar as possible, to the extent consistent with the spirit of the Commissioner's regulations [*10 Cal. Code Reg. § 260.140.110.1(b)*]. If any guidelines contained in the Commissioner's regulations conflict with a provision of the Securities and Exchange Commission, that guideline does not apply [*10 Cal. Code Reg. § 260.140.110.1(d)*].

[4] Coordination With Federal Securities Registration

If an offering is being registered with the Securities and Exchange Commission (SEC) [*see* discussion in Ch. 29B, *Nonpublic Real Estate Syndicates*] and is being qualified with the Commissioner by "coordination" [*see Corp. Code § 25111*], any regulation of the Commissioner that conflicts with SEC requirements will not apply [*10 Cal. Code Reg. § 260.140.110.1(d)*]. Also under those circumstances, a prospectus that is part of a registration statement that has been declared effective by the SEC is deemed to comply with all requirements of the Commissioner's regulations as to form except that the Commissioner may exercise his or her discretion to require additional, substantive disclosures [*see 10 Cal. Code Reg. § 260.140.117.2*; *see also § 29C.131*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.12

§ 29C.12 Specified Property and Nonspecified Property Syndicates

Types of real estate programs or syndicates regulated by the Commissioner's regulations fall into one of two broad categories. The first type is a nonspecified property syndicate, commonly referred to as a "blind pool" syndicate [*see* California Real Estate Law & Practice, vol. 1, ch. 20, *Introduction to Syndication,* § 20.04 (Matthew Bender)]. A "nonspecified property" syndicate includes any program where, at the time its qualification becomes effective, less than 75 percent of the net proceeds from the sale of program interests is allocable to the purchase, construction, or improvement of specific properties [*see 10 Cal. Code Reg. § 260.140.110.2(o)*]. The purpose of this type of syndicate is to raise a "pool" of money to invest in various real properties [*see* California Real Estate Law & Practice, vol. 1, ch. 20, *Introduction to Syndication,* § 20.04 (Matthew Bender)].

Even if a syndicate is not considered a nonspecified property syndicate under the circumstances described above, it may qualify as one under another set of circumstances. Specifically, any syndicate that permits the reinvestment of proceeds obtained from the sale or refinancing of syndicate properties is included in the Commissioner's definition of a "nonspecified property" syndicate [*see 10 Cal. Code Reg. § 260.140.110.2(o)*].

A "specified property" syndicate is defined under the regulations as simply any program other than a nonspecified property program [*see 10 Cal. Code Reg. § 260.140.110.2(y)*]. The type of syndicate must be determined since special regulations, in addition to those applicable to all real estate syndicates, apply to nonspecified property programs [*see 10 Cal. Code Reg. § 260.140.115.1*; *see also § 29C.201*].

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.13

§ 29C.13 Application for Qualification and Opinions of Counsel

The offering and sale of interests in a nonexempt real estate syndicate must comply with the general application requirements and other qualification procedures applicable to the offer and sale of any other type of security [*see 10 Cal. Code Reg. § 260.110-260.131*; *see also* Ch. 6D, *California Qualified Purchaser Exemptions*]. The Commissioner's regulations for a nonexempt real estate syndicate also contain specific, additional requirements for qualification.

For example, the application must contain a favorable ruling from the Internal Revenue Service or an opinion of counsel to the effect that the issuer will be taxed as a "partnership" and not as an "association" for federal income tax purposes [*10 Cal. Code Reg. § 260.140.117.5*; *see § 29C.21*]. An opinion of counsel to the effect that the securities being offered are duly authorized or created and validly issued interests in the issuer, and that the liability of the public investors will be limited to their respective total agreed upon investment in the issuer must also be included with the application. The Commissioner may also request an opinion of counsel concerning tax benefits flowing to the partnership when this appears necessary for the protection of investors [*10 Cal. Code Reg. § 260.140.117.5*]. Opinions of counsel must be satisfactory to the Commissioner (in form and substance) and must be unqualified except to the extent permitted by the Commissioner. However, the opinion may be based on reasonable assumptions outlined in the regulations [*see 10 Cal. Code Reg. § 260.140.117.5*; *see also* Ch. 29B, *Nonpublic Real Estate Syndicates, ,* § 29B.15].

Other specific information that must be included in an application for qualification of a nonexempt real estate syndicate is outlined in *Section 29C.121*.

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.14

§ 29C.14 Requirements for Syndicate Sponsors

[1] Definition of "Sponsor"

Specific regulations apply to "sponsors" of a syndicate. A sponsor is any person directly or indirectly instrumental in organizing all or part of the syndicate, or any person who will manage or participate in the management of the syndicate, including the general partner(s) and any affiliate of a general partner. The term does not include a person whose only relation with the syndicate is that of an independent property manager, whose only compensation is for that service. Similarly, wholly independent third parties such as attorneys, accountants, and underwriters whose only compensation is for professional services rendered in connection with the offering of interests in the syndicate are also excluded from the definition of "sponsor"[*10 Cal. Code Reg. § 260.140.110.2(z)*].

In most instances the sponsor will also be the proposed general partner of the syndicate [*see* California Real Estate Law & Practice, vol. 1, ch. 23, *Types of Syndicates and Syndicator's Compensation*, pt. B (Matthew Bender)]. However, the definition of "sponsor" outlined above may include persons other than the general partner(s). Some of the Commissioner's requirements apply only to general partners while others extend to any person who falls within the definition of a sponsor.

[2] General Requirements

The general partner(s) of a real estate syndicate must satisfy specific experience and net worth requirements outlined in the regulations [*see 10 Cal. Code Reg. §§ 260.140.111.1, 260.140.111.2*; *see also § 29C.111*]. Additional experience requirements apply to the general partner of a nonspecified property syndicate [*10 Cal. Code Reg. § 260.140.115.2*; *see § 29C.12* (definition)]. The sponsor has a fiduciary responsibility for the safekeeping and use of all syndicate funds and assets; an investor may not contract away the fiduciary duty owed to him or her by the sponsor [*10 Cal. Code Reg. § 260.140.111.5*]. Certain conditions must be satisfied if a sponsor is to be indemnified or held harmless for any liability or loss, and specific restrictions apply to losses arising from securities law violations and to the payment of liability insurance or legal expenses [*10 Cal. Code Reg. § 260.140.111.4*; *see § 29C.130[3][a]*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.15

§ 29C.15 Standards for Investor Suitability

[1] In General

Because of the limited transferability, lack of liquidity, and the risks associated with investments in real estate syndicates, the sponsor and each person selling syndicate interests on behalf of the sponsor or syndicate must be cautious concerning the persons to whom the securities are marketed. The Commissioner will impose suitability standards that are reasonable in view of these inherent risks and the type of syndicate to be offered. In determining how restrictive the suitability standards must be, the Commissioner will consider the type of program and the existence of such factors as high leverage, tax implications, mandatory deferred payments, balloon payments financing, excessive investments in unimproved land, and the prospect of uncertain or no cash available for distribution from operations. Programs that involve more than ordinary investor risk should emphasize suitability standards for investors of high net worth or income [*10 Cal. Code Reg. § 260.140.112.1*].

[2] Presumptive Suitability Standards

In addition to the general guidelines outlined in [1], *above,* the Commissioner's regulations contain specific standards for determining the presumptive suitability of a prospective investor in a syndicate. These standards vary based on the risk-level of the program but are generally based on the investor's annual gross income or minimum net worth, or a combination of both. Special rules apply in calculating an investor's net worth and in the case of sales to fiduciary accounts [*10 Cal. Code Reg. § 260.140.112.3*]. The presumptive suitability standards are outlined in *Section 29C.122[1]*.

[3] Duties of Sponsor

The syndicate sponsor and each person selling syndicate interests on behalf of the sponsor or syndicate must make every reasonable effort to assure that the persons being offered or sold interests in the syndicate can be reasonably assumed to have the capacity to understand the fundamental aspects of the program and to meet the suitability standards imposed. This assumption must be based on the educational, business, or financial experience of the prospective investor. The sponsor or its representatives must ascertain that the investor can bear the economic risk of an investment in the program and that the program interests are appropriate for the investor's investment objectives, portfolio structure,

and financial situation [*10 Cal. Code Reg. § 260.140.112.2*]. For an "Information Sheet" that may be used to solicit information from a potential investor necessary to establish his or her suitability for investment, see *Section 29C.203 [2]*. The sponsor must maintain for a least 4 years a record of the information obtained to determine than an investor meets the suitability standards imposed on the offer and sale of syndicate interests [*see 10 Cal. Code Reg. § 260.140.112.4*; *see also § 29C.203[1][c]*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.16

§ 29C.16 Restrictions on Fees, Compensation, and Expenses

The total amount of consideration of all kinds that may be paid by a real estate syndicate directly or indirectly to all persons must be reasonable. Unless otherwise permitted by the Commissioner's regulations, consideration may only be paid for reasonable and necessary goods, property, or services. Detailed information regarding any compensation paid to a sponsor (or its affiliate or underwriter) must appear in the partnership prospectus [*see 10 Cal. Code Reg. § 260.140.113.1*].

In addition to the general requirements discussed above, specific regulatory restrictions apply to the amount and payment of various types of fees and expenses. These include, but are not limited to organization and offering expenses, acquisition services and expenses, program management fees, real estate brokerage fees, and property management fees. Restrictions on these fees and expenses are outlined in *Sections 29C.120* and *29C.130[3][b]* and incorporated into the limited partnership agreement in this chapter [*see § 29C.200[2]*, art. 4].

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.17

§ 29C.17 Capital and Finance

Several of the Commissioner's regulations for a nonexempt real estate syndicate govern matters relating to a limited partnership's capital and finance. Some of these matters concern the redemption or transferability of limited partnership interests [*see 10 Cal. Code Reg. §§ 260.140.116.6*, *260.140.116.7*] and the reinvestment of program proceeds [*see 10 Cal. Code Reg. § 260.140.116.9*]. These provisions are outlined in *Section 29C.130[2]*.

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.18

§ 29C.18 Conflict of Interest and Investment Restrictions

Many of the Commissioner's regulations prohibit the real estate syndicate from engaging in certain activities which involve or may involve a conflict of interest with the syndicate sponsor or general partner. Some of these activities are permitted provided there is compliance with regulatory safeguards. For example, a syndicate may not purchase or lease property in which a sponsor has an interest unless several conditions outlined in the regulations are satisfied [*see 10 Cal. Code Reg. § 260.140.114.1*]. Other specific restrictions are discussed in *Section 29C.130[3][c]*.

Certain aspects of a real estate syndicate's investment policy are also specifically regulated. For example, the type of mortgage financing a syndicate may obtain on property it purchases, is restricted [*see 10 Cal. Code Reg. § 260.140.114.3*]. In addition, the total indebtedness that may be incurred by the syndicate is limited [*see 10 Cal. Code Reg. § 260.140.114.4*]. For a discussion of additional investment restrictions, see *Section 29C.130[3][c]*.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.19

§ 29C.19 Rights and Obligations of Investors

Certain rights and obligations of limited partners in a real estate limited partnership are governed by the applicable California limited partnership law [*Corp. Code §§ 15900-15912.07* (ULPA '08), operative January 1, 2008); *see also Corp. Code §§ 15912.04, 15912.06* (operative date and limited application of former limited partnership acts prior to January 1, 2010)]. For detailed discussion of California limited partnership law, see Chs. 16-16B. If the syndicate is not exempt from qualification in California, additional requirements under the Commissioner's regulations also regulate these rights and obligations. Among other matters, these regulations cover partnership meetings [*see 10 Cal. Code Reg. § 260.140.116.1*], voting rights [*see 10 Cal. Code Reg. § 260.140.116.2*] and required partnership information that must be given to limited partners [*see 10 Cal. Code Reg. § 260.140.116.3*]. Specific requirements of regulations that pertain to the rights and obligations of investors are covered in *Section 29C.130[1], [4],* and *[5]*.

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.20

§ 29C.20 Disclosure and Marketing Requirements

Advertising by a real estate syndicate subject to qualification in California must conform to the standards generally applicable to the sale of any type of securities [*10 Cal. Code Reg. § 260.140.117.1(a)*; *see 10 Cal. Code Reg. § 260.302* (applicable standards)]. The Commissioner's regulations impose additional requirements for advertising and on the use of forecasts (predicted future results of syndicate operations) [*see 10 Cal. Code Reg. §§ 260.140.117.1(b)-(d), 260.140.117.4*]. For further discussion of these requirements, see *Section 29C.122*. The specific requirements for a partnership prospectus are outlined in *Section 29C.131*.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART II. LEGAL BACKGROUND

13-29C California Legal Forms--Transaction Guide § 29C.21

§ 29C.21 Federal Tax Considerations

The application for qualification of a real estate syndicate must be submitted with a favorable ruling from the Internal Revenue Service or an opinion of counsel to the effect that the issuer will be taxed as a partnership and not as an "association" (in other words, a corporation) for federal income tax purposes [*see 10 Cal. Code Reg. § 260.140.117.5*; *§ 29C.13*]. Prior to January 1, 1997, this requirement was important because the tax classification of a limited partnership was detemined based on the presence or absence of four "corporate characteristics": continuity of life, centralized management, limited liability, and free transferability of interests. As a general rule, a partnership having three or more of these characteristics would be taxable as a corporation, rather than as a partnership.

However, entity classification rules effective January 1, 1997, substantially simplified the classification issue by permitting non-corporate entities, including limited partnerships, to elect whether to be taxed as a partnership or as a corporation [*see Treas. Reg. § 301.7701-3(a)*]. In light of these liberalized requirements, it should be a relatively simple matter for counsel to issue an opinion to the effect that the partnership will be taxable as such and not as a corporation.

13-29C California Legal Forms--Transaction Guide § 29C.100

§ 29C.100 Information for Nonexempt Real Estate Syndicate

NOTE:

For general information (facts and documents) that should be obtained from the client for any real estate syndicate, see Chapter 29B, ***Nonpublic Real Estate Syndicates*** , § 29B.100 et seq. Listed below are only those additional facts and documents that are necessary to comply with regulations of the California Corporations Commissioner for nonexempt real estate syndicates, that is, those that must qualify with the Commissioner [***see*** ;*10 Cal. Code Reg. §§ 260.140.110.1-260.140.119.1*].

[1] Facts

1.Type of syndicate:

a. Specified property syndicate; or

b. Nonspecified property syndicate [*see § 29C.12* (definition)].

2. For specified property syndicate, description of particular property or properties to be acquired by syndicate.

3. If syndicate is nonspecified, investment objectives of syndicate:

a. To obtain specific type of income-producing property, such as apartment buildings.

b. To obtain any type of income-producing real property that appears to satisfy syndicate's tax and other financial purposes.

[2] Documents

1.For each real estate syndicate or similar real estate investment program organized or managed by sponsor and each proposed general partner:

a. Cash flow statement.

b. Balance sheet.

2. Any proposed promotional materials.

B. Preliminary Determinations

13-29C California Legal Forms--Transaction Guide § 29C.110

§ 29C.110 Federal Securities Registration

1. Is registration required under federal law?

NOTE:

Securities subject to federal registration requirements may be qualified in California under streamlined procedures [***see*** Ch. 6, ***California Qualified Purchaser Exemptions***]. A detailed discussion of federal registration requirements is beyond the scope of this chapter. However, some federal exemptions are discussed in Ch. 29B, *Nonpublic Real Estate Syndicates* , and the registration requirements are covered in Sowards, Business ORGANIZATIONS--FEDERAL Securities Act, Volume 11 (Matthew Bender), and Gadsby, Business ORGANIZATIONS--FEDERAL Securities Exchange Act of 1934, Volume 11A (Matthew Bender).

2. Which (if any) exemptions from federal registration requirements will be asserted [*see* Ch. 29B, *Nonpublic Real Estate Syndicates* .

NOTE:

Issuers often attempt to comply with as many exemptions as possible to ensure that if one is inapplicable for any reason, one or more others will still be available.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART III. TRANSACTION GUIDE
B. Preliminary Determinations

13-29C California Legal Forms--Transaction Guide § 29C.111

§ 29C.111 Syndicate Formation and Organization

NOTE:
For other preliminary considerations relative to the formation and organization of a real estate limited partnership, such as those required to determine whether the partnership qualifies to be taxed as a partnership (rather than as a corporation), see Ch. 29B, *Nonpublic Real Estate Syndicates* .

1.Who is (are) person(s) considered under regulations to be "sponsor" of syndicate [*see 10 Cal. Code Reg. § 260.140.110.2(z)*]?

NOTE:
This identification is important since the Commissioner's regulations contain specific requirements and restrictions that apply to a sponsor.

a. General partner(s).

b. Any person directly or indirectly instrumental in organizing syndicate.

NOTE:
"Sponsor" does not include wholly independent third parties such as attorneys, accountants, and underwriters whose only compensation is for professional services rendered in connection with the offering of limited partnership interests [*10 Cal. Code Reg. § 260.140.110.2(z)*].

c. Any person who will manage or participate in management of syndicate.

NOTE:

A person whose only relationship with the syndicate is that of an independent property manager and who receives compensation from the syndicate only for that purpose is not considered to be a "sponsor" [*10 Cal. Code Reg. § 260.140.110.2(z)*].

d. "Affiliate" of person described in (a)-(c), *above* [*see* P 2, *below; 10 Cal. Code Reg. § 260.140.110.2(c)* ("affiliate" defined)].

2. Does sponsor [*see* P 1, *above*] have any "affiliate(s)" [*10 Cal. Code Reg. § 260.140.110.2(c)*]?

a. Any person directly or indirectly controlling, controlled by, or under common control with sponsor.

NOTE:

For purposes of the real estate syndicate regulations, a "person" is any individual, corporation, partnership, joint venture, association, joint stock company, trust, unincorporated organization, or other legal entity [*10 Cal. Code Reg. § 260.140.110.2(r)*].

b. Any person owning or controlling 10 percent or more of sponsor's outstanding voting securities or beneficial interests.

c. Any officer, director, partner, or trustee of sponsor (or any other persons acting in substantially similar capacity to sponsor).

d. Any officer, director, partner, trustee, or holder of 10 percent or more of the voting securities or beneficial interests of any person listed in a-c, *above.*

e. Any entity in which any person listed in a-d, *above,* is an officer, director, partner, or trustee (or serves in substantially similar capacity).

3. Does general partner (or, if general partner is not an individual, does general partner's principal operating officer) possess requisite experience?

a. For any type of real estate syndicate [*10 Cal. Code Reg. § 260.140.111.1*]:

(1) At least two years relevant real estate or other experience demonstrating knowledge and experience necessary to acquire and manage type of properties to be acquired.

(2) Either:

NOTE:

This experience requirement may be satisfied by the general partner (or its principal operating officer) or by any affiliate that will provide services to the syndicate [*10 Cal. Code Reg. § 260.140.111.1*; ***see*** P 2, ***above*** ("affiliate")].

(a) At least four years relevant experience in kind of service being rendered; or

(b) Ability to demonstrate sufficient knowledge and experience to perform proposed services.

b. For nonspecified property syndicate [*10 Cal. Code Reg. § 260.140.115.2*; *see §§ 29C.12* (definition)]:

(1) Experience described in subparagraph (a), *above;*

(2) At least 5 years experience in real estate business in executive capacity; and

(3) At least 2 years experience in management and acquisition of type of property to be acquired.

NOTE:

Absent this two-year management experience, a general partner must demonstrate to the satisfaction of the Commissioner that he or she has sufficient knowledge and experience to acquire and manage the type of properties proposed to be acquired by the syndicate [*10 Cal. Code Reg. § 260.140.115.2*].

4. Does general partner(s) satisfy basic financial requirements [*10 Cal. Code Reg. § 260.140.111.2*]:

NOTE:

If the limited partnership will seek to obtain an advance ruling from the IRS that it will be taxed as a partnership rather than a corporation, specific conditions must be satisfied, including additional requirements for a general partner's net worth [***see*** *Rev. Proc. 74-17, 1974-1 C.B. 438* ; Ch. 29B, *Nonpublic Real Estate Syndicates*.

a. Is financial condition commensurate with any financial obligations assumed in offering and in operation of syndicate?

b. Is aggregate financial net worth equal to or greater than lesser of one of following [*10 Cal. Code Reg. § 260.140.111.2(a)*]?

NOTE:

If contingent liabilities and promissory notes are used to determine net worth, an evaluation must be made to determine the appropriateness of including these items in the calculation of net worth [*10 Cal. Code Reg. § 260.140.111.2(a)*]. Also, if promissory notes are used to satisfy the net worth requirements for a general partner, special requirements apply [***see*** *10 Cal. Code Reg. § 260.140.111.2(b)*]. The Commissioner may require the general partner(s) to present evidence of the ability to maintain any claimed net worth for a period of three years following completion of the offering [*10 Cal. Code Reg. § 260.140.111.2(a)*].

(1) One million dollars; or

(2) Greater of either:

(a) One hundred thousand dollars; or

(b) Five percent of gross amount of all offerings sold within prior 12 months plus 5 percent of gross amount of current offering.

NOTE:

The gross amount of offerings includes amounts to be received on account of mandatory

deferred payments [*10 Cal. Code Reg. § 260.140.111.2(a)*].

5. For estimated or actual expenses, fees, and compensation to be paid by syndicate:

NOTE:

The total amount of consideration of all kinds that may be paid by a syndicate to all persons (directly or indirectly) must be reasonable. As a general rule, consideration may only be paid for reasonable and necessary goods, property, or services [*10 Cal. Code Reg. § 260.140.113.1(a), (b)*; ***see*** *§§ 29C.120, 29C.130[3][b]* (specific restrictions)].

a. What type of expenses or compensation have or will be paid?

(1) Expenses.
(a) Organization and offering expenses.

(b) Acquisition expenses.

(c) Goods or materials.

(d) Other.

(2) Fee or compensation for services:

(a) Acquisition.

(b) Development.

(c) Construction.

(d) Real estate brokerage.

(e) Management of syndicate or syndicate property.

(f) Insurance brokerage.

(g) Other

b. What is actual or estimated amount of each item?

c. How was or will each item be paid?

(1) Direct payment or reimbursement of original payor.

(2) Cash.

(3) Granting of subordinated interest in partnership [*see § 29C.130[2]*, P 6].

(4) Asset based fee [*see § 29C.200[1][f]*].

d. For each item, who was or will be payee?

(1) General partner.

(2) Syndicate "sponsor" other than general partner.

(3) Affiliate of syndicate sponsor.

(4) Underwriter or other independent third party.

e. When is each item payable?

C. Procedural Guide

13-29C California Legal Forms--Transaction Guide § 29C.120

§ 29C.120 Compliance With Restrictions on Organization and Operating Fees, Expenses, and Services

1.Advise client to limit all organization and offering expenses for selling limited partnership interests to no more than 15 percent of aggregate capital contributions [*10 Cal. Code Reg. § 260.140.113.2*]:

NOTE:

"Organization and offering expenses" are the actual expenses incurred in connection with and in preparing a syndicate for qualification and subsequently offering and selling the limited partnership interests. These include, but are not limited to, sales commissions paid to broker-dealers in connection with the distribution of partnership interests and all advertising expenses related to the offer and sale of the interests [*10 Cal. Code Reg. § 260.140.110.2(p)*]. The 15 percent limitation referred to above applies only to the portion of aggregate capital contributions when and as paid to the limited partnership [*10 Cal. Code Reg. § 260.140.113.2*]. "Capital contribution" is the gross amount of investment in a limited partnership by the limited partners [*10 Cal. Code Reg. § 260.140.110.2(g), (q), (t)*]; any mandatory deferred payments [***see*** *10 Cal. Code Reg. § 260.140.110.2(m)* (definition)] are included only as these amounts are paid to the limited partnership [*10 Cal. Code Reg. § 260.140.113.2*].

2. For payment by syndicate of acquisition fee [*see § 29C.130[3][b]*, P 1 (definition)] for property acquisition services and/or acquisition expenses [*see § 29C.130[3][b]*, P 2 (definition)], advise client that:

a. Maximum amount of fee is limited by regulations [*see 10 Cal. Code Reg. § 260.140.113.3(a), (b)*; *§ 29C.130[3][b]*, P 1];

b. Amount of all acquisition fees that will be paid must be set forth on face of prospectus [*see 10 Cal. Code Reg. § 260.140.113.3(c)*; *§ 29C.131*];

c. After last property acquisition, sponsor must forward verified schedule to Commissioner that lists acquisition fees and other information regarding property acquisitions [*se* e *10 Cal. Code Reg. § 260.140.113.3(c)*; *§ 29C.140*, P 9];

d. Syndicate may not reimburse sponsor for certain types of acquisition expenses [*see 10 Cal. Code Reg. § 260.140.113.4*; *§ 29C.130[3][b]*, P 2].

3. If interest in partnership will be given to person, e.g., general partner, as promotional interest and syndicate management fee, advise client that amount or percentage of interest must be reasonable and adequately subordinated [*see 10 Cal. Code Reg. § 260.140.113.5*; *§ 29C.130[2]*, P 6].

4. If sponsor intends to perform property management services for syndicate:

a. Verify that services are necessary to prudent operation of partnership and that sponsor has adequate staff to perform services [*10 Cal. Code Reg. § 260.140.113.8(a)*].

b. Confirm existence of (or draft) separate property management contract that, at a minimum [*10 Cal. Code Reg. § 260.140.113.8(b)*; *see* vol. 8A, ch. 38, *Real Property Management*]:

(1) Precisely describes services to be rendered and all compensation to be paid; and

(2) Permits material modification only by vote of majority of limited partners.

c. Confirm that limited partnership agreement details amount of property management fees to be paid to sponsor [*see 10 Cal. Code Reg. § 260.140.113.8(a)*; *§ 29C.130[3][b]*, P 6 (illustrative provision)].

d. Confirm that existence of property management agreement is disclosed in prospectus [*10 Cal. Code Reg. § 260.140.113.8(b)*; *see § 29C.131*].

5. If sponsor intends to provide insurance brokerage services in connection with obtaining insurance on syndicate property, advise sponsor that it may do so only if [*10 Cal. Code Reg. § 260.140.113.9*]:

a. Sponsor is independently engaged in business of providing these services other than to affiliates, and at least 75 percent of its insurance brokerage service gross revenue is derived from other than affiliates; and

b. Cost of providing services, including cost of insurance, is no greater than lowest quote obtained from two unaffiliated insurance agencies, and coverage and terms are likewise comparable.

6. Advise sponsor that it may not provide goods or services to syndicate unless all of following conditions are satisfied [*10 Cal. Code Reg. § 260.140.114.5(d)*]:

NOTE:

The requirements outlined below apply to any goods or services except those otherwise covered by a separate regulation of the Commissioner, for example property management or insurance services [*10 Cal. Code Reg. § 260.140.114.5(d)*; ***see*** *10 Cal. Code Reg. §§ 260.140.113.3-260.140.113.9, 260.140.114.6*, and *260.140.114.5(a)* (regulations covering specific services); ***see also*** 10 Cal. Code Reg. § 260.114.5(e) (goods and services also permitted in compliance with NASAA Statement of Policy on Real Estate Programs)].

a. Goods or services are necessary to prudent operation of syndicate.

b. Sponsor must have been previously engaged in business of rendering particular services or providing particular goods, independently of syndicate and as ordinary and ongoing business.

c. Goods or services must be provided at price that does not exceed maximum set by regulations [*see 10 Cal. Code Reg. § 260.140.114.5(d)(2)*; *§ 29C.130[3][b],* P 9].

d. Goods or services must be specified in a written contract that [*10 Cal. Code Reg. § 260.140.114.5(d)(3)*]:

(1) Precisely describes goods or services to be provided and all compensation to be paid;

(2) May be materially modified only by vote of majority of limited partners;

(3) Allows termination without penalty on 60 days' notice; and

(4) Is fully disclosed in prospectus.

e. Applicable requirements and restrictions above are contained in partnership agreement [*see 10 Cal. Code Reg. § 260.140.119.1*; *§ 29C.130[3][b],* P 9 (illustrative provision)].

7. Advise sponsor that it may not construct or develop properties (or render related services in this area) unless following conditions are satisfied [*10 Cal. Code Reg. § 260.140.114.6*]:

a. Transactions occur at formation of syndicate.

b. Specific terms of development and construction of identifiable properties are ascertainable and fully disclosed in prospectus.

c. Purchase price to be paid by syndicate is based on firm contract price that cannot exceed sum of cost of land and sponsor's cost of construction.

NOTE:
"Cost of construction" includes the contractor or construction fee customarily paid for services as a general contractor, provided, however, that any overhead of the general contractor is not charged to the syndicate or included in the cost of construction [*10 Cal. Code Reg. § 260.140.114.6(c)*].

d. Any construction fees paid to sponsor, other than development fees, consist solely of:

(1) Construction fee for acting as general contractor that is comparable and competitive with fee of unaffiliated persons rendering comparable services (excluding contractor's overhead); and

(2) Real estate commission in connection with acquisition of land, if appropriate, that complies with regulatory requirements for acquisition fee [*see 10 Cal. Code Reg. § 260.140.113.3*; *see also* P 2, *above,* and *§ 29C.130[3][b],* P 1].

e. For both development and construction fees, sponsor complies with general fee and contract requirements applicable to goods or services provided by sponsor [*see 10 Cal. Code Reg. § 260.140.114.5(d)(2), (3)*; *§ 29C.130[3][b]*, P 9].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART III. TRANSACTION GUIDE
C. Procedural Guide

13-29C California Legal Forms--Transaction Guide § 29C.121

§ 29C.121 Preparation and Filing of Application for Qualification

1.Prepare standard application for qualification.

NOTE:
The basic application for qualification of limited partnership interests in a real estate syndicate is the same one used for qualification of securities to be issued by a California corporation. That application is set forth and discussed in full in Ch. 6H, *Qualification of Securities*. In addition, the Transaction Guide to that chapter contains a detailed procedural guide to qualification of securities.

2. As part of application, submit cross reference sheet that shows compliance with Commissioner's regulations [*10 Cal. Code Reg. § 260.140.110.1(c)*; *see § 29C.202*].

3. Include sponsor's commitment (a letter should be acceptable) to submit to Commissioner, upon request, any report or statement required to be distributed to limited partners [*10 Cal. Code Reg. § 260.140.111.3*; *see 10 Cal. Code Reg. § 260.140.116.3* (required reports to limited partners); *see also § 29C.140*].

4. If promissory notes are used to satisfy net worth requirements of general partner(s) [*see 10 Cal. Code Reg. § 260.140.111.2(a)*; *see also § 29C.111*], include copy of notes and financial statement of maker demonstrating maker's ability to satisfy terms of note [*10 Cal. Code Reg. § 260.140.111.2(b)*].

5. Submit following financial information with application [*10 Cal. Code Reg. § 260.140.118.4*]:

NOTE:
The Commissioner may permit the omission of one or more the financial statements described below and the filing of a substitute statement that verifies financial information

and has comparable relevance to an investor in determining whether to invest in the program. Substitution will only be allowed if the Commissioner finds it would be consistent with the protection of investors [*10 Cal. Code Reg. § 260.140.118.4(f)*].

a. For syndicate that has been in operation one year or longer, audited financial statements of syndicate for each of last three fiscal years (or for life of syndicate, if less).

NOTE:

These audited financial statements must be contained in the prospectus. The only audited balance sheet required is the one for the end of the most recent fiscal year of the syndicate. If a syndicate has operated less than one year, audited financial statements are not required unless requested by the Commissioner [*10 Cal. Code Reg. § 260.140.118.4(a)*]. If an audited financial statement covers a period ending more than 90 days (or 135 days where an application is made in coordination with a Registration Statement submitted to the SEC) prior to the date of filing, a more recent interim, unaudited financial statement must also be submitted [***see** 10 Cal. Code Reg. § 260.140.118.4(e)*].

b. Audited balance sheet and statement of income of each corporate sponsor, covering end of most recent fiscal year [*10 Cal. Code Reg. § 260.140.118.4(b)*].

NOTE:

Each corporate sponsor's audited balance sheet must appear in the prospectus; the inclusion in the prospectus of the sponsor's statement of income is at the discretion of the Commissioner [*10 Cal. Code Reg. § 260.140.118.4(b)*]. If an audited financial statement covers a period ending more than 90 days (or 135 days where an application is made in coordination with a Registration Statement submitted to the SEC) prior to the date of filing, a more recent interim, unaudited financial statement must also be submitted [***see** 10 Cal. Code Reg. § 260.140.118.4(e)*].

c. Balance sheet for each non-corporate sponsor (including individual partners or individual joint venturers of sponsor) as of date not more than 135 days prior to date application is filed [*see 10 Cal. Code Reg. § 260.140.118.4(c)*].

NOTE:

A representation of the amount of a non-corporate sponsor's net worth or a representation that the sponsor meets the net worth requirements must be included in the prospectus [***see** 10 Cal. Code Reg. § 260.140.118.4(c)*].

d. If requested by Commissioner, financial statements of affiliates of sponsor [*see 10 Cal. Code Reg. § 260.140.118.4(d)*].

6. Submit either favorable IRS ruling or opinion of counsel that issuer will be taxed as "partnership" and not as "association" for federal income tax purposes [*10 Cal. Code Reg. § 260.140.117.5*].

NOTE:

Supplemental information may be requested from counsel as deemed appropriate by the Commissioner. Also, to the extent the opinion of counsel or an IRS ruling is based on the maintenance of or compliance with certain requirements or conditions by the issuer or general partner(s), the offering circular or prospectus must contain representations that these requirements or conditions will be satisfied. In

addition, the partnership agreement must, to the extent practicable, contain provisions requiring this compliance [*10 Cal. Code Reg. § 260.140.117.5*]. Requirements for and assumptions on which the opinion of counsel may be based are outlined in the regulations [***see*** *10 Cal. Code Reg. § 260.140.117.5*].

7. Submit opinion of counsel to effect that securities are duly authorized or created and validly issued interests in the issuer, and that the liability of public investors will be limited to their respective total agreed on investment in the issuer [*see 10 Cal. Code Reg. § 260.140.117.5*].

8. If requested by Commissioner, submit opinion of counsel concerning tax benefits flowing to the partnership [*see 10 Cal. Code Reg. § 260.140.117.5*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART III. TRANSACTION GUIDE
C. Procedural Guide

13-29C California Legal Forms--Transaction Guide § 29C.122

§ 29C.122 Selling Limited Partnership Interests

[1] Compliance With Investor Suitability Requirements

1.Restrict sales to investors who:

NOTE:
The determination concerning investor suitability is usually made on the basis of an investor information sheet [***see*** *§ 29C.203*], and the representations in the subscription agreement [***see*** *§ 29C.204*].

a. By reason of their educational, business, or financial experience, can be reasonably assumed to understand fundamental aspects of syndicate [*10 Cal. Code Reg. § 260.140.112.2*].

b. Can bear economic risk of investment in syndicate [*10 Cal. Code Reg. § 260.140.112.2*].

c. Have investment objectives, portfolio structure, and financial situation appropriate to those of syndicate interests [*10 Cal. Code Reg. § 260.140.112.2*].

d. Satisfy Commissioner's "presumptive suitability" standards [*10 Cal. Code Reg. § 260.140.112.3*]:

NOTE:
For purposes of these suitability requirements, "net worth" must be determined exclusive of home, home furnishings, and automobiles. Assets included in the computation of net

worth may be valued at fair market value [*10 Cal. Code Reg. § 260.140.112.3(c)*].

(1) For most offerings:
(a) Minimum annual gross income of $30,000 and net worth of $30,000; or

(b) Minimum net worth of $75,000.

(2) For syndicate offering mandatory deferred payments on account of purchase price of limited partnership interest [*see 10 Cal. Code Reg. § 260.140.110.2(m)* (definition of "mandatory deferred payments")]:

(a) Minimum annual gross income of $60,000 and net worth of $60,000; or

(b) Minimum net worth of $225,000.

(3) In high-risk or principally tax-oriented offerings, higher suitability standards than those set forth in (1) or (2) *above*, if required by Commissioner.

(4) In low-risk or non-tax-oriented offerings, lower standards than those set forth in (1) or (2), *above*, if allowed by Commissioner.

(5) For offering that varies from that permitted under Commissioner's regulations:

NOTE:
In this case, the Commissioner may require a statement signed by the investor acknowledging how the program varies from the standards set forth in the Commissioner's regulations [*10 Cal. Code Reg. § 260.140.112.3(b)*].

(a) Minimum net worth of up to $500,000; or

(b) Minimum net worth of up to $250,000 and gross of income of $65,000 for last tax year (or estimates of that amount for current tax year).

2. If sale is made to fiduciary account, verify that suitability standards are met by [*10 Cal. Code Reg. § 260.140.112.3(d)*]:

a. Each beneficiary of account.

b. Fiduciary, if it is donor of funds for investment in syndicate.

c. Donor to account, if only beneficiaries of fiduciary account are donor's ancestors, descendants, or spouse.

3. Have sponsor (or broker-dealer) prepare or obtain, and maintain for minimum of four years, all required records regarding investor suitability [*10 Cal. Code Reg. § 260.140.112.4*; *see § 29C.203[1][b], [c]*].

[2] Marketing and Advertising Disclosures and Requirements

1. Confirm that all advertising conforms to general requirements applicable to any materials used to sell corporate securities [*10 Cal. Code Reg. § 260.140.117.1(a)*; *see 10 Cal. Code Reg. § 260.302*].

NOTE:
These requirements are discussed in *Ch. 6H,* ***Qualification of Securities****, § 6H.180* et seq. The requirements do not apply to meetings attended solely by representatives of securities broker-dealers [*10 Cal. Code Reg. § 260.140.117.1(c)*].

2. Verify that all advertisements for and oral or written invitations to seminars or other group sales meetings [*10 Cal. Code Reg. § 260.140.117.1(b)*]:

NOTE:
The requirements below do not apply to meetings attended solely by representatives of securities broker-dealers [*10 Cal. Code Reg. § 260.140.117.1(c)*].

a. Clearly indicate:
(1) That purpose of meeting is to offer interests for sale;

(2) Minimum purchase price; and

(3) Name of sponsor, underwriter, or selling agent.

b. Do not offer cash, merchandise, or any other item of more than nominal value as inducement to attend meeting.

c. Do not make general offer of "free" or "bargain price" trips to visit property in which syndicate has invested or intends to invest.

3. If written or prepared audio-visual presentations will be used (including prepared script for oral presentation), submit them to Commissioner at least three business days prior to first use [*10 Cal. Code Reg. § 260.140.117.1(b)*].

4. Do not include photograph of properties acquired by previous syndicate of same or affiliated issuers in offering circular (or any supplement) unless [*10 Cal. Code Reg. § 260.140.117.1(d)*]:

a. Photograph is representative of type of property syndicate seeks to acquire under present offering.

b. Circular or similar material prominently features caveat required by regulations.

5. For specified property programs investing primarily in improved property, include, if desired, predicted future results of syndicate operations ("forecasts") in prospectus or other sales materials only if [*see 10 Cal. Code Reg. § 260.140.117.4*]:

a. Warning required by Commissioner's regulations appears in boldface print on cover of prospectus; and

b. Forecasts otherwise comply with detailed requirements of Commissioner's regulations.

6. For nonspecified property syndicate *or* for specified property syndicate investing primarily in unimproved land [*see 10 Cal. Code Reg. § 260.140.117.4(a)*]:

a. Do not use forecasts in prospectus or other sales material; and

b. Include statement of prohibition required by Commissioner's regulations (in boldface print) on cover of prospectus.

7. Prepare and distribute prospectus containing required information [*see 10 Cal. Code Reg. §§ 260.140.117.2, 260.140.117.3*; *see also § 29C.131*].

8. Confirm records of information used to determine investor suitability are kept and maintained for at least four years [*10 Cal. Code Reg. § 260.140.112.4*; *see § 29C.203[1][b], [c]*].

9. Do not permit deferred payments (or similar arrangement) for payment of limited partnership interest except on terms and conditions authorized by Commissioner, and, for nonspecified property syndicate, unless prior approval of Commissioner is obtained [*see 10 Cal. Code Reg. § 260.140.118.1(a)* (specified property syndicates), (b) (nonspecified property syndicates)].

10. Do not permit use of warrants or options (or their equivalents) for purchase of limited partnership interests except as permitted and on terms approved by Commissioner [*see 10 Cal. Code Reg. § 260.140.118.1(c)*].

11. Comply with any impound condition imposed by Commissioner [*10 Cal. Code Reg. § 260.140.118.6*; *see § 29C.204[1][c]*].

NOTE:

The sale of interests in a real estate syndicate is normally subject to an impound [*10 Cal. Code Reg. § 260.140.118.6*].

12. Comply with Commissioner's transfer restrictions applicable to most securities (e.g., disclosure and legend requirements) [*10 Cal. Code Reg. § 260.140.118.5* (applicability of restrictions to real estate syndicates); for specific transfer restrictions, *see 10 Cal. Code Reg. § 260.141.11*; *see also Ch. 6I, Issuance of Equity Securities, § 6I.200*].

13. For nonspecified property syndicate [*see 10 Cal. Code Reg. § 260.140.110.2(o)*; *§ 29C.12* (definition)], instruct client to not commence business until at least $1,000,000 in gross proceeds from offering have been generated (after payment of all offering and selling expenses) [*10 Cal. Code Reg. § 260.140.115.1*].

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART III. TRANSACTION GUIDE
D. Drafting Guide

13-29C California Legal Forms--Transaction Guide § 29C.130

§ 29C.130 Limited Partnership Agreement

NOTE:

The provisions for a partnership agreement covered in this Drafting Guide consist mainly of those required under the Commissioner's regulations for a real estate syndicate that must qualify with the Commissioner (referred to in this chapter as a "public" or "nonexempt" syndicate) [***see*** *10 Cal. Code Reg. § 260.140.110.1-260.140.119.1*]. Requirements and/or provisions of appropriate portions of specific regulations designated by the Commissioner must be included in the partnership agreement [***see*** *10 Cal. Code Reg. § 260.140.119.1* (list of required regulations)].

This guide must be used in conjunction with the drafting guide in Ch. 29B, ***Nonpublic Real Estate Syndicates*** . That guide covers required provisions of the Uniform Limited Partnership Act of 2008 (ULPA '08) [*Corp. Code §§ 15900-15912.07*] that apply to any limited partnership and also contains other provisions that are commonly included in a limited partnership agreement. Appropriate cross-references to that guide are included below.

Under the ULPA '08, except as provided below, the partnership governs relations among the partners and between the partners and the partnership. To the extent that the agreement does not otherwise provide, the ULPA '08 governs relations among the partners and between the partners and the partnership [*Corp. Code § 15901.10(a)*]. The partnership agreement, however, may not vary certain statutory provisions [***see*** *Corp. Code § 15901.10(b)*]. For further discussion, see *Ch. 16,* ***Formation of Limited Partnerships****, § 16.21[4][b]*].

[1] Partnership Interests

[a] General Rights and Restrictions

1. Draft provisions governing formation of limited partnership [*see § 29C.200[2],* Article 1; *see also* Ch.

29B, *Nonpublic Real Estate Syndicates*].

2. Require that purchasers be recognized as limited partners not later than [*10 Cal. Code Reg. § 260.140.116.5(a)*; *see § 29C.200[2]*, P 2.03 (illustrative provision)]:

a. Fifteen days after release of their funds from impound, if purchasers' funds are impounded [*see 10 Cal. Code Reg. § 260.140.118.6*]; or

b. If funds are not impounded, last day of calendar month following date partnership accepted subscription.

3. Permit majority in interest of limited partners to vote to do any of following without concurrence of general partner(s) [*see 10 Cal. Code Reg. § 260.140.116.2(a)(1)*; *see also § 29C.200[2]*, P 2.06 (illustrative provision)]:

a. Amend limited partnership agreement.

NOTE:
Any amendment to the partnership agreement that modifies the compensation or distributions to which a general partner is entitled or that affects the duties of a general partner may be conditioned on the consent of the general partner [*10 Cal. Code Reg. § 260.140.116.2(a)(2)*].

b. Remove general partner(s).

c. Elect new general partner(s).

d. Approve or disapprove sale of all or substantially all of partnership assets other than in ordinary course of its business.

e. Dissolve partnership.

4. Require general partner(s) to obtain concurrence of majority of outstanding limited partnership interests before general partner does any of following [*10 Cal. Code Reg. § 260.140.116.2(a)(2)*; *see* P 3, *above; see also § 29C.200[2]*, P 2.08 (illustrative provision)]:

a. Amends partnership agreement (except for amendments that do not adversely affect rights of limited partners).

NOTE:
Any amendment to the partnership agreement that modifies the compensation or distributions to which a general partner is entitled or that affects the duties of a general partner may be conditioned upon the consent of the general partner [*10 Cal. Code Reg. § 260.140.116.2(a)(2)*].

b. [Voluntarily withdraws as general partner.]

NOTE:
Corp. Code § 15901.10(b)(8), however, provides that a partnership agreement may not vary the power of a person to dissociate as a general partner under *Corp. Code §*

15906.04(a), except to require that the notice under *Corp. Code § 15906.03(a)* be in a record.

c. Appoints new general partner(s).

NOTE:

An additional general partner may be appointed without obtaining the consent of the limited partners if the addition of that person is necessary to preserve the tax status of the syndicate, that person has no authority to manage or control the syndicate under the partnership agreement, there is no change in the identity of persons who have authority to manage or control the program, and the admission of that person as an additional general partner does not materially adversely affect the participants [***see*** *10 Cal. Code Reg. § 260.140.116.2(a)(2)*; ***see also*** *§ 29C.200[2]*, P 5.05(b)].

d. Sells all or substantially all of syndicate's assets other than in ordinary course of business.

e. Causes merger or other reorganization of syndicate; or

f. Dissolves partnership syndicate.

[b] Assignment and Termination of Interests

1. Describe rights of limited partners to assign limited partnership interests and to substitute limited partners [*see § 29C.200[2]*, PP 5.02, 5.03 (illustrative provisions)]:

NOTE:

Only the regulatory requirements of the Commissioner are outlined below; for discussion of relevant statutory requirements applicable to any partnership ***see*** *Ch. 29B, Nonpublic Real Estate Syndicates, § 29B.130*.

a. Permit assignment of limited partnership interest in whole or part and do not include any restrictions on assignment of limited partnership interests or on substitution of limited partner unless restrictions are [*10 Cal. Code Reg. § 260.140.116.7*]:

NOTE:

Restrictions are generally disfavored and will be allowed only if the following requirements are satisfied [*10 Cal. Code Reg. § 260.140.116.7*].

(1) Intended to preserve tax status of partnership or characterization or treatment of income or loss;

NOTE:

For a discussion of why restrictions on a limited partner's right of substitution are necessary to preserve the partnership's tax status, see *Section 29C.200[1][g][i]*].

(2) Supported by opinion of counsel or demonstration by syndicate that restriction is necessary based on tax laws, regulations, rulings, notices, or other official pronouncements governing Internal Revenue

Service; and

(3) Limited partnership agreement requires general partner to eliminate or modify any restriction at such time as restriction is no longer necessary.

b. For valid assignment, require partnership to [*10 Cal. Code Reg. § 260.140.116.5(b)*; *see § 29C.200[2]*, P 5.03 (illustrative provision)]:

(1) Recognize assignment not later than first day of fiscal quarter following date that notice of assignment and other required documentation is received and accepted by general partner.

(2) Amend certificate of limited partnership on first day of each fiscal quarter to effect valid substitutions.

(3) Inform transferee in writing, within 45 days of receiving any notice of actual transfer, whether or not transferee will be recognized as possessing all of rights of limited partner.

c. If partnership has participants who hold interests by assignment from entities holding limited partnership interests for purpose of assigning all or portion of these interests to persons investing in the partnership, grant these participants same rights as limited partners except as may be otherwise prohibited by law [*see 10 Cal. Code Reg. § 260.140.116.5(c)*].

NOTE:

In these situations, the assignor/entity owes the assignees a fiduciary duty that must be expressly stated in the assignment agreement and prospectus [***see*** *10 Cal. Code Reg. § 260.140.116.5(c)*].

2. For termination (voluntary or involuntary) of general partner:

a. Describe events that will cause termination [*see Corp. Code §§ 15906.03*; *see also § 29C.200[2]*, P 5.05(a) (illustrative provision)].

b. Provide for disposition of general partner's interest by paying general partner its then present fair market value [*see 10 Cal. Code Reg. § 260.140.111.6* (requirements for determination of value and payment); *see also § 29C.200[2]*, P 5.06, (illustrative provision)].

3. If syndicate has only one general partner, describe procedure for electing new general partner and continuing business of syndicate to prevent dissolution of partnership [*see 10 Cal. Code Reg. § 260.140.116.2(a)(2), Corp. Code §§ 15908.01*; *see also §§ 29C.200[2]*, PP 2.06, 5.05(b) (illustrative provisions)].

NOTE:

If the syndicate has a sole general partner who is an individual, the partnership agreement should provide for a successor general partner [***see*** *10 Cal. Code Reg. § 260.140.116.2*].

[2] Capital and Finance

NOTE:

For additional discussion of capital and finance provisions for a real estate limited partnership, see Ch. 29B, *Nonpublic Real Estate Syndicates*, § 29B.130.

1. Specify otal amount of capital to be raised, total number of units, and dollar amount of each unit [*see § 29C.200[2],* P 3.01 (illustrative provision)].

2. Specify required contributions of general partner(s) and limited partners [*see § 29C.200[2],* PP 3.02, 3.03 (illustrative provisions)].

3. Require compliance with any impound condition imposed by Commissioner [*see § 29C.204[1][c]* (requirements for impound); *see also § 29C.200[2],* P § 3.04 (illustrative provision)].

4. For subscriptions received by partnership, require partnership to [*10 Cal. Code Reg. § 260.140.116.5(a)*; *see § 29C.200[2],* P 3.03 (illustrative provision)]:

a. Accept or reject any subscription within date 30 days of its receipt; and

b. Return all monies from rejected subscription within 10 business days.

5. If deferred payments [*see 10 Cal. Code Reg. § 260.140.110.2(m)*; *17 C.F.R. § 240.3a12-9* (definition)] are authorized for purchase of syndicate interests, describe all terms and conditions for payment and default (which must meet requirements outlined in Commissioner's regulation) [*see 10 Cal. Code Reg. § 260.140.118.1*].

NOTE:

For specified property programs, mandatory deferred payments may be permitted to the extent they bear a reasonable and demonstrable relationship to the capital needs and objectives of the program as described in the business development plan of the prospectus and provided they satisfy detailed conditions outlined in the Commissioner's regulation [***see*** *10 Cal. Code Reg. § 260.140.118.1(a)*]. Mandatory deferred payments are prohibited for a nonspecified property syndicate except if the sponsor is able to satisfy the Commissioner that the mandatory deferred payments bear a reasonable and demonstrable relationship to the capital needs and objectives of the program described in the business development plan in the prospectus, and then, only if specific conditions are satisfied [***see*** *10 Cal. Code Reg. § 260.140.118.1(b)*].

6. If interest in syndicate will be granted as promotional interest or syndicate management fee [*10 Cal. Code Reg. § 260.140.113.5*; *see § 29C.200[2],* P 3.07 (illustrative provision)]:

a. Specify amount or percentage of interest that is reasonable and adequately subordinated, e.g., one that is within one of following limitations:

NOTE:

Interests that fall within the limitations described below are considered by the Commissioner to be adequately subordinated and presumptively reasonable [***see*** *10 Cal. Code Reg. § 260.140.113.5(a)*].

(1) Twenty-five percent in distributions from any source remaining after payment to limited partners of an amount equal to 100 percent of capital contributions plus an amount equal to 6 percent of capital contributions per annum cumulative; or

NOTE:

"Capital contribution" as used above means the gross amount of investment in the syndicate by the limited partners [*10 Cal. Code Reg. § 260.140.110.2(g), (q), (t)*]. For purposes of computation, these capital contributions may only be reduced by a distribution to the limited partners from cash available from sale and refinancing of syndicate properties and distributions from reserves created from the proceeds of the offering [*10 Cal. Code Reg. § 260.140.113.5(b)*]. For the definition of "cash available from sale and refinancing" [*10 Cal. Code Reg. § 260.140.110.2(i)*], see the NOTE to subparagraph (2)(b), ***below***.

(2) Sum of following:

(a) Ten percent of distributions from cash available for distribution from operations; and

NOTE:
"Cash available for distribution from operations" means all syndicate cash funds provided from operations, including lease payments on net leases from builders and sellers, without deduction for depreciation, but after deducting cash funds used to pay all other expenses, debt payments, capital improvements, amounts set aside for restoration or creation of reserves, and replacements [*10 Cal. Code Reg. § 260.140.110.2(h)*].

(b) Fifteen percent of distributions from cash available from sale and refinancing of properties remaining after payment to limited partners of an amount equal to 100 percent of capital contributions plus an amount equal to 6 percent of capital contributions per annum cumulative.

NOTE:
"Cash available from sale and refinancing" means syndicate cash funds provided from a sale, financing, or refinancing of property less the amount necessary for the payment of all debts and obligations of the syndicate related to the particular property, the expenses incurred in the sale, financing, or refinancing, and amounts set aside for restoration or creation of reserves [*10 Cal. Code Reg. § 260.140.110.2(i)*]. For the definition of "capital contribution," see the Note to subparagraph (1), ***above***.

b. Require distribution of assets on dissolution and liquidation of partnership to conform to applicable subordination provisions described in subparagraphs a(1) and a(2)(b), *above* [*see 10 Cal. Code Reg. § 260.140.113.5(c)*].

7. Require that adequate reserves for normal repairs, replacements, and contingencies be maintained by retention of reasonable percentage of proceeds from offering and regular receipts [*10 Cal. Code Reg. § 260.140.118.2*; *see § 29C.200[2],* P 3.09 (illustrative provision)].

NOTE:
A minimum of 3 percent of the proceeds of the offering is ordinarily considered adequate as an initial reserve fund [*10 Cal. Code Reg. § 260.140.118.2*].

8. Effective at time offering is terminated, prohibit syndicate from incurring indebtedness that exceeds sum of following, as determined by lender as of date of refinancing [*10 Cal. Code Reg. § 260.140.114.14*; *see § 29C.200[2],* P 3.12 (illustrative provision)]:

a. Eighty percent of aggregate purchase price of properties that have not been refinanced; and

b. Eighty percent of aggregate fair market value of all refinanced properties.

NOTE:

For purposes of this requirement, "indebtedness" includes the principal of any loan together with any interest that may be deferred pursuant to the terms of the loan agreement that exceeds 5 percent per annum of the principal balance of the indebtedness (excluding contingent participations in income and/or appreciation in the value of the syndicate property). The term excludes any indebtedness incurred by the syndicate for necessary working capital [*10 Cal. Code Reg. § 260.140.114.14*]:

9. If syndicate will be authorized to reinvest partnership proceeds or limited partners will be permitted to elect reinvestment of proceeds, describe reinvestment procedure and/or plan that satisfies Commissioner's requirements [*see 10 Cal. Code Reg. §§ 260.140.116.9, 260.140.118.3*].

NOTE:

If a syndicate permits the investment of proceeds from the sale or refinancing of syndicate properties, it is considered to be a "nonspecified property" syndicate [*10 Cal. Code Reg. § 260.140.110.2(o)*; *§ 29C.12*] and subject to special requirements of the Commissioner [***see*** *§ 29C.201*].

10. For specified property syndicate *only*, consider granting syndicate power to levy assessments on limited partners if anticipated cash flow from property (after payment of debt service and all operating expenses) is not sufficient to pay taxes and/or special assessments imposed by governmental or quasi-governmental units [*see 10 Cal. Code Reg. § 260.140.116.8(a)*].

NOTE:

Assessments are not allowed for nonspecified property syndicates [*10 Cal. Code Reg. § 260.140.116.8(a)*; ***see*** *§ 29C.12* (definition)].

a. Limit power to specific purpose described, *above.*

b. Require that all amounts derived from assessments be applied only to satisfy obligation described above.

c. State that default in payment occurs on failure to pay assessment within 30-day period from date of notice imposing assessment [*10 Cal. Code Reg. § 260.140.116.8(c)*].

d. Provide fair and reasonable penalty for default in payment of assessment, for example [*10 Cal. Code Reg. § 260.140.116.8(b)*]:

NOTE:

A limited partner's interest may not be subject to forfeiture for nonpayment of assessments. The penalties described below are examples cited by the regulations [***see*** *10 Cal. Code Reg. § 260.140.116.8(b)*].

(1) Reduction of limited partner's proportionate interest in partnership;

(2) Subordination of defaulting limited partner's interest to that of nondefaulting partners;

(3) Forced sale that complies with notice of sale requirements;

(4) Loan by nondefaulting partners of amount necessary to meet obligation;

(5) Delayed payment for interest over reasonable period after value of interest is fixed by independent appraisal or other suitable formula.

NOTE:
Any debt security issued for the interest may not have a claim prior to that of the other limited partners in the event of liquidation [*10 Cal. Code Reg. § 260.140.116.8(b)*].

e. Provide for reinstatement to full status as limited partner on payment of delinquent assessment with interest at maximum rate allowed by law within 30 days of date of default [*10 Cal. Code Reg. § 260.140.116.8(c)*].

11. Regarding redemption of limited partnership interests:

a. If desired, *permit* partnership to redeem or repurchase outstanding limited partnership interests (voluntary redemption) if redemption will not impair capital or operation of partnership [*see 10 Cal. Code Reg. § 260.140.116.6*; *§ 29C.200[2]*, P 3.11(a) (illustrative provision)].

b. If desired, *require* partnership to redeem or repurchase outstanding limited partnership interests (mandatory redemption) but only on occurrence of following [*10 Cal. Code Reg. § 260.140.116.6*; *see § 29C.200[2]*, P 3.11(b) (illustrative provision)]:

(1) Death or legal incapacity of owner of interest; or

(2) Substantial reduction in owner's net worth or income, but then only if:

NOTE:
"Substantial reduction" means an involuntary loss of not less than 50 percent in income or net worth during the year in which redemption occurs [*10 Cal. Code Reg. § 260.140.116.6(b)*].

(a) Syndicate has sufficient cash to make purchase;

(b) Purchase is permissible under law; and

(c) Syndicate purchases no more than 15 percent of its outstanding units in any year.

c. Describe formula or other method that will be used to determine purchase price.

d. Require arbitration of any dispute over redemption purchase price [*see 10 Cal. Code Reg. § 260.140.116.6(b)*].

[3] Management and Investment

NOTE:
For illustrative provisions in a limited partnership agreement, see *Section 29C.200*, Article 4. For additional information, see Ch. 29B, *Nonpublic Real Estate Syndicates*.

[a] General Rights and Obligations

1. Describe sponsor's fiduciary duty to syndicate [*10 Cal. Code Reg. § 260.140.111.5*; *see § 29C.200[2]*, P 4.03 (illustrative provision)].

2. If general partner will be indemnified or held harmless for loss or liability suffered by syndicate:

a. Set forth Commissioner's required conditions that must be satisfied [*10 Cal. Code Reg. § 260.140.111.4(a)*; *see § 29C.200[2]*, P 4.16(a), (b) (illustrative provisions)].

b. If protection will extend to any losses, liabilities, or expenses arising from or out of alleged violation of federal or state securities law, set forth additional conditions that must be satisfied [*10 Cal. Code Reg. § 260.140.111.4(b)*; *see § 29C.200[2]*, P 4.16(c) (illustrative provision)].

c. Prohibit syndicate from paying or incurring cost of any portion of liability insurance that insures the sponsor for any liability for which sponsor is prohibited from being indemnified [*10 Cal. Code Reg. § 260.140.111.4(c)*; *see § 29C.200[2]*, P 4.16(d) (illustrative provision)].

d. If syndicate will be authorized to advance funds to sponsor for legal expenses and other costs incurred as result of any legal action, set forth Commissioner's conditions that must be satisfied and state that advancement may be made only if required conditions are satisfied [*10 Cal. Code Reg. § 260.140.111.4(d)*; *see § 29C.200[2]*, P 4.16(e) (illustrative provision)].

[b] Fees, Compensation, and Expenses

1. If syndicate will pay acquisition fee for property acquisition services [*see § 29C.200[2]*, P 4.05(a) (illustrative provision)], provide for fee that satisfies following requirements [*10 Cal. Code Reg. § 260.140.113.3*]:

NOTE:
An "acquisition fee" is the total of all fees and commissions paid by any party in connection with the purchase or development of property by a syndicate, except a development fee paid to a person not affiliated with a sponsor, in connection with the actual development of a project after acquisition of the land by the syndicate. It includes any real estate commission, acquisition fee, selection fee, development fee, non-recurring management fee, and any similar fee, regardless of its designation [*10 Cal. Code Reg. § 260.140.110.2(b)*]. For additional compliance requirements in connection with an acquisition fee, see *Section 29C.120*.

a. Fee may be paid only for services actually rendered and to be rendered directly or indirectly; and

b. Amount of fee must be reasonable, for example, one that does not exceed lesser of:

NOTE:
The total of all acquisition fees paid to everyone involved in the transaction by the

syndicate and/or any other person is deemed to be presumptively reasonable if it does not exceed the limits set forth in (1) or (2), ***below*** [*10 Cal. Code Reg. § 260.140.113.3(a)*].

(1) Compensation for acquisition services customarily charged in arms' length transactions by others rendering similar services as ongoing public activity in same geographical location and for comparable property; or

(2) Amount equal to 18 percent of gross proceeds of offering.

NOTE:
Notwithstanding the general limits outlined in (1) and (2), ***above***, an acquisition fee paid to a sponsor must be reduced to the extent that other real estate commissions, acquisition fees, finder's fees, or other similar fees or commissions are paid by any person in connection with the transaction [*10 Cal. Code Reg. § 260.140.113.3(a)*]. For purposes of (2), ***above***, "gross proceeds of the offering" includes mandatory deferred payments [***see*** *10 Cal. Code Reg. § 260.140.110.2(m)* (definition)] only as those amounts are paid to the limited partnership [*10 Cal. Code Reg. § 260.140.113.3(a)*].

c. For syndicate with multiple property acquisitions, limits on fees described in (b), *above*, apply separately to each acquisition.

NOTE:
The 18 percent maximum percentage is computed on that portion of the proceeds (adjusted to include a pro rata amount of any organization and offering expenses) applicable to the property that is the subject of the transaction [*10 Cal. Code Reg. § 260.140.113.3(b)*].

2. For payment of acquisition expenses [*see § 29C.200[2]*, P 4.05(b) (illustrative provision)]:

NOTE:
"Acquisition expenses" include, but are not limited to, legal fees and expenses, travel and communication expenses, cost of appraisals, non-refundable option payments on property not acquired, accounting fees and expenses, title insurance, and miscellaneous expenses related to selection and acquisition of properties, whether or not acquired [*10 Cal. Code Reg. § 260.140.110.2(a)*].

a. Permit syndicate to reimburse sponsor for actual cost of acquisition expenses consisting of goods or services provided to syndicate by persons who are unaffiliated with sponsor if those expenses were incurred by sponsor prior to time that syndicate had funds available to pay those expenses directly [*10 Cal. Code Reg. § 260.140.113.4(b)*].

b. Prohibit syndicate from directly paying or reimbursing sponsor for acquisition expenses consisting of salaries, fringe benefits, miscellaneous expenses related to evaluation, selection, or acquisition of properties, unless these expenses reduce the acquisition fee [*see* P 1, *above*] being paid to sponsor [*10 Cal. Code Reg. § 260.140.113.4(c)*].

c. For all other acquisition expenses not described in subparagraphs a or b, *above*, require syndicate to comply with requirements applicable to payment of expenses in general [*10 Cal. Code Reg. § 260.140.113.4(a)*; *see* P 9, *below*].

3. If sponsor is to receive commission or fee for any reinvestment, confirm that sum of that compensation or fee and acquisition fee received on initial acquisition together do not exceed regulatory limitations on acquisition fees [*see 10 Cal. Code Reg. § 260.140.113.3*; P 1 *above*] had initial and subsequent purchase occurred simultaneously on combined leverage basis not exceeding 80 percent of purchase price of properties [*10 Cal. Code Reg. § 260.140.114.4*].

4. For payment of management fee to general partner, provide for one of following:

a. Promotional interest in partnership that is adequately subordinated [*see 10 Cal. Code Reg. § 260.140.113.5*; *§ 29C.130[2]*, P 6 (requirements); *§ 29C.200[2]*, P 3.07 (illustrative provision).

b. If syndicate owns unimproved land, annual compensation that may not exceed one quarter of 1 percent of cost of land until [*10 Cal. Code Reg. § 260.140.113.6(a)*]:

(1) Land is sold; or

(2) Syndicate begins improving land.

NOTE:
Regardless of the number of years the property is held, the annual management fee may not exceed a cumulative total of 2 percent of the original cost of the land [*10 Cal. Code Reg. § 260.140.113.6(a)*].

c. If syndicate holds property in government subsidized projects, annual compensation that may not exceed one half of 1 percent of cost of property, until property is sold, provided aggregate of all compensation received is consistent with maximum allowed for nonsubsidized syndication [*10 Cal. Code Reg. § 260.140.113.6(b)*; *see* b, *above*].

d. Asset based fee, but only if offering is declared effective by Securities and Exchange Commission and if other requirements are satisfied [*see 10 Cal. Code Reg. § 260.140.113.10*; *§ 29C.200[1][f]*].

5. If eligible sponsor [*see § 29C.120*, P 7] is acting as developer or contractor for syndicate property (or rendering related services) [*see 10 Cal. Code Reg. § 260.140.114.6(a), (b)*]:

a. Specify price to be paid by syndicate for property.

NOTE:
The price may not exceed the sum of the cost of the land and the sponsor's cost of construction [***see*** *10 Cal. Code Reg. § 260.140.114.6(c)*].

b. Specify amount of any construction and/or development fee to be paid to sponsor.

NOTE:
Guidelines for maximum amounts are outlined in the Commissioner's regulations [***see*** *10 Cal. Code Reg. § 260.140.114.6(d), (e)*; ***see*** *§ 29C.120*, P 7].

6. If eligible sponsor [*see § 29C.120*, P 4] will perform property management services for partnership [*see § 29C.200[2]*, P 4.07 (illustrative provision)]:

a. State that services will be performed pursuant to separate written contract that [*10 Cal. Code Reg. § 260.140.113.8(b)*]:

(1) Precisely describes services to be rendered and all compensation to be paid.

(2) Permits material modification only by vote of majority of limited partners.

b. Detail amount of property management fees to be paid to sponsor, which may not exceed lesser of [*10 Cal. Code Reg. § 260.140.113.8(a)*]:

NOTE:
A "property management fee" is the fee paid for professional property management services in connection with a syndicate's real property projects [*10 Cal. Code Reg. § 260.140.110.2(v)*]. Any amounts paid for bookkeeping services and fees paid to persons unaffiliated with the sponsor for property management services must be included in this fee [*10 Cal. Code Reg. § 260.140.113.8(a)*].

(1) Fees that are competitive with amounts charged by unaffiliated parties for similar services in same geographic location; or

(2) Maximum percentage of property's gross revenues permitted by Commissioner's regulations.

NOTE:
The maximum percentage permitted depends on the type of property and the precise services performed by the sponsored [***see*** *10 Cal. Code Reg. § 260.140.113.8(a)(1)-(3)*].

c. Consider permitting sponsor to be reimbursed for actual cost of on-site property management personnel but only if [*10 Cal. Code Reg. § 260.140.114.5(a)(5)*]:

(1) These amounts are customarily reimbursed for similar property in same geographical location in addition to payment of property management fee.

(2) Sponsor's regular fee for property management complies with requirements outlined in subparagraph b, *above;* and

(3) Amount of reimbursement does not exceed competitive rate for comparable services for similar property in same geographic location.

7. If eligible sponsor [*see 10 Cal. Code Reg. § 260.140.113.9*; *§ 29C.120*, P 5] will provide insurance brokerage services in connection with obtaining insurance on syndicate property, require that cost of providing services, including cost of insurance, be no greater than lowest quote obtained from two unaffiliated insurance agencies (for comparable coverage and terms) [*see 10 Cal. Code Reg. § 260.140.113.9*; *§ 29C.200[2]*, P 4.09 (illustrative provision)].

8. For real estate brokerage commission payable on sale of syndicate property [*10 Cal. Code Reg. § 260.140.113.7*; *see § 29C.200[2]*, P 4.08 (illustrative provision)]:

a. Limit total compensation paid to all persons for sale to competitive real estate commission, not to exceed 6 percent of contract price for property.

NOTE:
"Competitive real estate commission" means a real estate or brokerage commission paid for the purchase or sale of property that is reasonable, customary, and competitive in light of the size, type, and location of the property [*10 Cal. Code Reg. § 260.140.110.2(j)*].

b. If it is anticipated that sponsor may or will provide substantial amount of sales services, consider including provision that:

(1) Provides sponsor with up to one half of commission, not to exceed 3 percent; and

(2) Subordinates commission in same manner as required by regulations for promotional interest or program management fee [*see 10 Cal. Code Reg. § 260.140.113.5(a)*; *see also § 29C.130[2]*, P 6]:

NOTE:
If the sponsor participates with an independent broker on resale, the subordination requirement applies only to the commission earned by the sponsor [*10 Cal. Code Reg. § 260.140.113.7*].

9. If eligible sponsor will provide goods or services to syndicate [*see 10 Cal. Code Reg. § 260.140.114.5(d)*; *§ 29C.120*, P 6 (eligibility requirements)]:

NOTE:
The requirements outlined below apply to any goods or services except those otherwise covered by a specific regulation of the Commissioner, for example property management or insurance services [*10 Cal. Code Reg. § 260.140.114.5(d)*; ***see*** *10 Cal. Code Reg. §§ 260.140.113.3-260.140.113.9*, *260.140.114.6*, and *260.140.114.5(a)* (regulations covering specific services); ***see also*** 10 Cal. Code Reg. § 260.114.5(e) (goods and services also permitted in compliance with NASAA Statement of Policy on Real Estate Programs)].

a. State that goods or services will be rendered pursuant to separate written contract that [*10 Cal. Code Reg. § 260.140.114.5(d)(3)*]:

(1) Precisely describes goods or services to be provided and all compensation to be paid;

(2) May be materially modified only by vote of majority of limited partners;

(3) Allows termination without penalty on 60 days' notice.

b. Specify that goods or services must be provided at price that does not exceed lesser of [*10 Cal. Code Reg. § 260.140.114.5(d)(2)*]:

(1) Actual cost of goods and services to sponsor; or

NOTE:
The regulations set forth specific items that must be included or excluded in computing the "actual cost" of goods or services [***see*** *10 Cal. Code Reg. § 260.140.114.5(d)(5)*].

(2) Ninety percent of compensation, price, or fee charged by unaffiliated persons for providing comparable goods or services on competitive terms in same geographic location.

10. For billing and payment of syndicate expenses in general [*see § 29C.200[2]*, P 4.04 (illustrative provision)]:

a. Require all expenses to be billed directly and paid by syndicate, but if desired, permit sponsor to pay and to be reimbursed for following [*10 Cal. Code Reg. § 260.140.114.5(a)*]:

(1) Organization and offering expenses [*see 10 Cal. Code Reg. § 260.140.113.2*; *§ 29C.120*, P 1];

(2) Acquisition expenses [*see 10 Cal. Code Reg. § 260.140.113.4*; P 2, *above*].

(3) Actual cost of goods and materials used for or by syndicate and obtained from unaffiliated persons;

(4) Reasonable and necessary administrative and transfer agency type services provided by sponsor, such as legal, accounting, and investor communications services [*see 10 Cal. Code Reg. § 260.140.114.5(a)(4)* (required conditions)].

(5) If sponsor provides property management services to syndicate, actual, reasonable, and customary costs of on-site property management personnel [*see 10 Cal. Code Reg. § 260.140.114.5(a)(5)*; P 6, *above* (required conditions)].

b. Prohibit reimbursement for any of following [*10 Cal. Code Reg. § 260.140.114.5(b)*]:

(1) Any services for which sponsor is entitled to compensation by way of separate fee.

(2) Rent or depreciation, utilities, capital equipment, and other administrative items generally falling under category of overhead;

(3) Salaries, fringe benefits, travel expenses, and other administrative items incurred or allocated to any controlling persons of sponsor [*see 10 Cal. Code Reg. § 260.140.114.5(c)* ("controlling persons" defined)].

[c] Investment Authority and Restrictions

1.For purchase by syndicate of any real property:

a. Prohibit syndicate from purchasing any property for price that exceeds appraised value of property [*see 10 Cal. Code Reg. § 260.140.113.3(d)*].

b. Require that any purchase be supported by appraisal [*10 Cal. Code Reg. § 260.140.114.12*; *see § 29C.200[2]*, P 4.15 (illustrative provision)].

NOTE:
Any appraisal obtained by the syndicate, whether or not required by the Commissioner's regulations, must be maintained in the sponsor's records for at least five years [*10 Cal. Code Reg. § 260.140.114.12*].

2. For all mortgage financing to be obtained by syndicate or retained on acquired properties:

a. Outline terms permitted by Commissioner and require that all syndicate financing comply with these terms [*see 10 Cal. Code Reg. § 260.140.114.13(a)*; *§ 29C.200[2]*, P 4.13(a) (illustrative provision)].

b. Set forth required restrictions on balloon payments [*see 10 Cal. Code Reg. § 260.140.114.13(b)*; *§ 29C.200[2]*, P 4.13(b)].

c. If desired, describe types of financing exempt from requirements referred to in subparagraphs (a) and (b), but only to extent specifically authorized by regulations [*see 10 Cal. Code Reg. § 260.140.114.13(c)*; *§ 29C.200[2]*, P 4.13(c)].

3. If syndicate will acquire property that is under construction, require that completion of construction be guaranteed at contract price by adequate completion bond or by other satisfactory arrangements, e.g. [*see 10 Cal. Code Reg. § 260.140.114.11*]:

a. Written guarantee of completion by a person, supported by financial statements demonstrating sufficient net worth or adequately collateralized by real or personal properties or other personal guarantees.

b. Retention of reasonable portion of purchase consideration as potential in event seller does not perform in accordance with purchase and sale agreement.

c. Other satisfactory arrangements to guarantee completion if:

(1) Arrangements are disclosed in prospectus; and

(2) Prior written approval of Commissioner has been obtained.

4. For purchase or lease of property in which sponsor has interest, either:

NOTE:
Subject to two exceptions described in subparagraphs a(1) and a(2), ***below***, a syndicate is not permitted to purchase or lease property in which a sponsor has an interest unless the conditions described in subparagraph b(2), ***below***, are satisfied [***see*** *10 Cal. Code Reg. § 260.140.114.1(a)*].

a. Prohibit syndicate from purchasing or leasing property [*see 10 Cal. Code Reg. § 260.140.114.1(a)*].

(1) Consider including limited exception for property only temporarily owned by sponsor for purpose of acquiring it or financing it or for other related business purpose [*see 10 Cal. Code Reg. § 260.140.114.1(a)(4)* (detailed requirements for this exception)];

(2) Consider including exception for purchase of property owned by other syndicate formed by same sponsor through exercise of right of first refusal [*see 10 Cal. Code Reg. §§ 260.140.114.1(a)(5), 260.140.114.9*].

b. Permit syndicate to purchase or lease property in which sponsor has interest:

(1) If desired, grant authority for circumstances described in subparagraphs a(1) and a(2), *above* [*see 10 Cal. Code Reg. § 260.140.114.1(a)(4), (5)*].

(2) For all other situations, grant authority only if following conditions are satisfied [*10 Cal. Code Reg. § 260.140.114.1(a)(1)-(3)*]:

(a) Transaction occurs at formation of syndicate and is fully disclosed in prospectus;

(b) Property is sold on terms fair to syndicate and at price not in excess of its appraised value; and

(c) Cost of property and its improvements (if any) to sponsor is clearly established.

NOTE:

If the sponsor's cost was less than the price to be paid by the syndicate, that price will not be deemed fair, regardless of the appraised value, unless some material change has occurred to the property that would increase the value since the sponsor acquired the property. Material factors may include holding the property for a period of at least two years, the assumption by the promoter of the risk of obtaining a rezoning of the property and its subsequent rezoning, or some other extraordinary event that in fact increases the property's value [*10 Cal. Code Reg. § 260.140.114.1(a)(3)*].

5. For leasing of property by syndicate to sponsor, either prohibit it or permit it only as follows [*10 Cal. Code Reg. § 260.140.114.1(b)(1), (2)*]:

a. Pursuant to leaseback arrangement made at time syndicate is formed and that:

(1) Has its specific terms fully disclosed in prospectus; and

(2) Has terms that are not less favorable to syndicate that those offered to and accepted by persons who are not affiliates of sponsor.

b. If leasing will not result in more than 10 percent of aggregate leasable space owned by syndicate being under lease to sponsor on terms not less favorable to syndicate than those offered to and accepted by persons who are not affiliates of sponsor, and provided sponsor is not permitted to sublet leased properties unless all profits derived from subleases in excess of rentals due on master lease are paid to syndicate.

6. For sale of property (or contract rights) by syndicate to sponsor, either prohibit it or permit it but only if following criteria are satisfied [*10 Cal. Code Reg. § 260.140.114.1(b)(3)*]:

a. Syndicate does not have sufficient offering proceeds available to retain property.

b. Sponsor pays syndicate amount in cash equal to cost of property to syndicate (including all related cash payments and carrying costs).

c. Sponsor assumes all of syndicate's obligations and liabilities incurred in connection with holding of property by syndicate.

d. Sale to sponsor occurs not later than 90 days following termination date of offering.

e. A reasonable and satisfactory methodology to be used by sponsor in determining that properties it will purchase in event syndicate's offering proceeds are insufficient to retain all properties is fully disclosed

in prospectus.

7. If sponsor will provide financing to syndicate [*10 Cal. Code Reg. § 260.140.114.10*]:

a. Impose following limitations on sponsor [*10 Cal. Code Reg. § 260.140.114.10(a)*]:

(1) May not receive interest and other financing charges or fees in excess of the amounts that would be charged by unrelated lending institutions on comparable loans for same purpose in same locality of property.

(2) May not require prepayment charge or penalty on loan to syndicate secured by either first, junior, or all-inclusive trust deed, mortgage, or encumbrance on property, except to extent that charge or penalty is attributable to underlying encumbrance.

(3) May not provide permanent financing for syndicate except on terms outlined in subparagraph b, *below.*

b. Permit sponsor to provide permanent financing for purchase of syndicate property (through use of "all-inclusive" or "wrap around"note) only if following conditions are satisfied [*10 Cal. Code Reg. § 260.140.114.10(b)*]:

NOTE:
"Permanent financing" means all indebtedness encumbering syndicate properties or incurred by the syndicate, the principal amount of which is scheduled to be paid over a period at not less than 48 months, and more than 50 percent of the principal amount of which is scheduled to be paid during the first 24 months. This definition does not prohibit a bona-fide prepayment provision in the financing agreement [*10 Cal. Code Reg. § 260.140.114.10(c)*].

(1) General partner must not receive interest on amount of underlying encumbrance included in all-inclusive note in excess of that payable to lender on underlying encumbrance;

(2) Syndicate must receive credit on its obligation under note for payments made directly on underlying encumbrance; and

(3) Either:
(a) All payments on all-inclusive and underlying note must be made directly by syndicate; or

(b) Paying agent (e.g., financial institution or escrow company) must collect payments (other than any initial payment of prepaid interest or loan points not to be applied to underlying encumbrance) on note and make disbursements to holder of underlying encumbrance prior to making any disbursement to holder of note, subject to requirements of subparagraph b(1), *above.*

8. Prohibit syndicate from making any loans to sponsor, but if syndicate is otherwise authorized to advance legal fees to sponsor in certain legal actions [*see 10 Cal. Code Reg. § 260.140.111.4(d)*; *§ 29C.200[2],* P 4.16(e) (illustrative provision)], provide for limited exception in that case [*see 10 Cal. Code Reg. § 260.140.114.1(c)*].

9. Prohibit syndicate from acquiring property from another syndicate in which sponsor has an interest, but if syndicate is otherwise permitted to acquire this property under circumstances described in Paragraph 4(a)(2), *above* [*see 10 Cal.*

Code Reg. § 260.140.114.1(a)(5)], provide for that limited exception [*see 10 Cal. Code Reg. § 260.140.114.1(d)*].

10. Prohibit syndicate from acquiring property in exchange for limited partnership interests unless [*10 Cal. Code Reg. § 260.140.114.2*]:

a. Partnership agreement contains provision describing terms of exchange.

b. Prospectus describes:

(1) Property and specific terms of transaction; and

(2) Tax effects of exchange.

c. Property will be exchanged immediately on effectiveness of qualification.

d. Exchange meets following conditions:

(1) Property to be acquired comes within objectives of syndicate;

(2) Purchase property assigned to property may be no higher than its appraised value.

(3) Each syndicate interest must be valued at no less than market value if there is a market (or if there is no market, at fair market value of syndicate's assets as determined by independent appraiser within preceding 90 days), less its liabilities, divided by number of syndicate interests outstanding.

(4) No more than one half of interests issued by syndicate may have been issued in exchange for property; and

(5) No securities sales or underwriting commissions may be paid in connection with exchange.

11. If syndicate plans to make one of following types of investment in or with other syndicates, permit investment only on conditions outlined in Commissioner's regulations [*see 10 Cal. Code Reg. § 260.140.114.9*].

NOTE:
For each specific type of investment listed below, a cross-reference is included to the appropriate regulation that outlines conditions that must be satisfied.

a. Investment in general partnership or joint venture with non-affiliates that own and operate one or more particular properties [*see 10 Cal. Code Reg. § 260.140.114.9(a)*].

b. Investment in general partnership or joint venture with other publicly registered affiliates of syndicate [*see 10 Cal. Code Reg. § 260.140.114.9(b), (d)*].

c. Investment in general partnership or joint ventures with affiliates other than publicly registered affiliates of syndicate [*see 10 Cal. Code Reg. § 260.140.114.9(c), (d)*].

d. Investment in general partnership interests of limited partnerships [*see 10 Cal. Code Reg. §*

260.140.114.9(e)].

e. Investment in limited partnership interests of other limited partnerships [*see 10 Cal. Code Reg. § 260.140.114.9(f), (g)*].

12. For nonspecified property syndicate [*see 10 Cal. Code Reg. § 260.140.110.2(o)*; *§ 29C.12* (definition); *see also § 29C.201 [2]* (illustrative provisions)]:

a. Prohibit syndicate from acquiring unimproved or non-income producing property unless [*10 Cal. Code Reg. § 260.140.115.3(a)*]:

(1) Terms can be financed by syndicate proceeds or from cash available for distribution from operations [*see 10 Cal. Code Reg. § 260.140.110.2(h)* (definition of "cash available for distribution from operations")].

(2) Acquisition will not result in total investment in this type of property exceeding 25 percent of gross proceeds of offering.

NOTE:
Properties that are expected to produce income within a reasonable period of time will not be considered non-income producing. For purposes of this rule, a two-year period is deemed to be presumptively reasonable [*10 Cal. Code Reg. § 260.140.115.3(a)*].

b. Describe manner in which acquisitions will be financed and amount of leverage to be employed [*10 Cal. Code Reg. § 260.140.115.3(c)*].

NOTE:
This information must also be included in the statement of investment objectives section of the prospectus [***see*** *10 Cal. Code Reg. § 260.140.115.3(c)*].

c. Prohibit investment in junior trust deeds or similar obligations, except for junior trust deeds that arise from sale of syndicate properties [*10 Cal. Code Reg. § 260.140.115.3(b)*].

d. Describe any joint venture arrangements syndicate will enter into [*see 10 Cal. Code Reg. § 260.140.115.3(d)*].

NOTE:
This information must also be included in the prospectus [***see*** *10 Cal. Code Reg. § 260.140.115.3(d)*].

e. Consider authorizing temporary investment of offering's net proceeds in short-term, highly liquid investments, with appropriate safety of principal (e.g., U.S. Treasury Bonds or Bills), until proceeds are invested in real property [*10 Cal. Code Reg. § 260.140.115.4*].

f. Require pro rata distribution to partners, as return of capital, of any offering proceeds (except for necessary operating capital) not invested within [*10 Cal. Code Reg. § 260.140.115.4*]:

(1) Later of two years from date of effectiveness of qualification or one year after termination of offering; or

(2) Six months from last scheduled mandatory deferred payment date, if permitted by Commissioner.

g. Require syndicate to prepare "special report" [*see § 29C.140,* P 5] describing any real property acquisitions made during most recent quarter and to distribute it to all limited partners within 60 days after end of quarter [*10 Cal. Code Reg. § 260.140.115.5*].

h. If sponsor is acting in same capacity for one or more other syndicates and is seeking to acquire similar types of properties for two or more syndicates, describe reasonable method that will be used by sponsor for allocating acquisition of properties among multiple syndicates [*10 Cal. Code Reg. § 260.140.115.6*].

NOTE:

The method that will be used must also be described in the prospectus [*10 Cal. Code Reg. § 260.140.115.6*].

13. Prohibit syndicate from giving general partner exclusive right or exclusive employment to sell syndicate property [*10 Cal. Code Reg. § 260.140.114.3*; *see § 29C.200[2],* P 4.08 (illustrative provision)].

14. Prohibit any rebates or kickbacks to sponsor and prohibit sponsor and general partner (and affiliates of either) from participating in any reciprocal business arrangement that would circumvent this prohibition [*10 Cal. Code Reg. § 260.140.114.7(a)*; *see § 29C.200[2],* P 4.11 (illustrative provision)].

NOTE:

The prospectus must also expressly state this prohibition [*10 Cal. Code Reg. § 260.140.114.7(a)*].

15. Prohibit sponsor, underwriter, dealer, and salesperson of syndicate's interests from directly or indirectly paying or awarding any finder's fees, commissions, or other compensation to a potential investor's investment advisor to induce advisor to recommend purchase of syndicate's interests [*10 Cal. Code Reg. § 260.140.114.7(b)*; *see § 29C.200[2],* P 4.11 (illustrative provision)].

NOTE:

This prohibition does not extend to normal sales commissions payable to a registered broker-dealer or other properly licensed person for selling syndicate interests [*10 Cal. Code Reg. § 260.140.114.7(b)*].

16. Prohibit commingling of syndicate funds with funds of any other person [*10 Cal. Code Reg. § 260.140.114.8*; *see § 29C.200[2],* P 4.12 (illustrative provision)], but, if appropriate, provide limited exceptions for:

a. Establishment by sponsor of master fiduciary account under which separate subtrust accounts are established for the benefit of affiliated limited partnerships and syndicate funds are protected from claims of those other partnerships and/or creditors [*10 Cal. Code Reg. § 260.140.114.8*].

b. Investments by syndicate in or with other syndicates [*see 10 Cal. Code Reg. § 260.140.114.9*; *see* P 11, *above*].

[4] Meetings

NOTE:

The Commissioner's requirements for meetings of nonexempt real estate limited partnerships are outlined below. Unlike prior law [*see, e.g., Corp. Code § 15637* (CRLPA, repealed January 1, 2010)], the ULPA '08 does not contain default provisions regarding partnership meetings. Therefore, the partnership agreement should set forth all desired provisions governing this topic [*see* Ballantine & Sterling,

California Corporation Laws, Ch. 25, *Limited Partnerships* , § 732.01[2] (Matthew Bender)].

1. For matters on which limited partners may vote, authorize meeting of limited partners to be called at any time by general partner(s) or limited partners holding not less than 10 percent of outstanding limited partnership interests [*10 Cal. Code Reg. § 260.140.116.1*;*see § 29C.200[2],* P 6.01 (illustrative provision)].

2. Designate place(s) for meetings [*see § 29C.200[2],* P 6.01 (illustrative provision)].

3. Describe notice requirements for meetings [*§ 29C.200[2],* P 6.02 (illustrative provision)].

a. Require written notice to be given whenever:
(1) Partners are required or permitted to take any action at meeting.

(2) Written request has been made to general partner by any person(s) entitled to call meeting [*see* P 1, *above*].

b. Set forth following information in notice:

(1) Place, date, and hour of meeting.

NOTE:
If the meeting will be called pursuant to a written request by any partner entitled to call a meeting of partners [***see*** P 1, ***above***], the meeting date must be set for the date specified in the written request, provided that date is not less than 15 nor more than 60 days after the date on which the request is received [***see*** *10 Cal. Code Reg. § 260.140.116.1*].

(2) General nature of business to be transacted.

(3) Detailed statement of action proposed, including verbatim statement of wording of any resolution proposed for adoption and/or of any proposed amendment to partnership agreement [*see 10 Cal. Code Reg. § 260.140.116.1*].

(4) Statement that no other business may be transacted at meeting.

c. Require that notice of any meeting be accompanied by proxies or written consents that specify a choice between approval and disapproval of each matter to be acted upon at meeting [*10 Cal. Code Reg. § 260.140.116.1*].

d. Require notice to be sent either personally or by first class mail not less than 10, nor more than 60, days before date of meeting, to each limited partner [*10 Cal. Code Reg. § 260.140.116.1*].

4. State that majority of limited partnership interests entitled to vote, represented in person or by proxy, will constitute a quorum [*10 Cal. Code Reg. § 260.140.116.1*].

5. If desired, permit participation in meeting through use of conference telephones or similar communications equipment.

6. Describe consequences of withdrawal of partners resulting in less than quorum.

7. Set out requirements for adjournment of meeting.

8. Specify method (i.e., waiver of notice or consent) to validate meeting not duly called, noticed, or held.

9. Include requirements for waiver of notice.

10. If desired, specify method for taking action without holding otherwise-required meeting.

11. State requirements for use of proxies.

12. Include provisions that provide for setting of record date for determination of partners entitled to notices of meetings, right to vote, distributions, or right to take any other lawful action as of record date.

13. If desired, specify who will preside at meetings.

[5] Books, Records, and Reports

NOTE:

Statutory and regulatory requirements relating to partnership books, records, and reports are outlined in *Section 29C.140* and are not repeated here. Most of the requirements must be incorporated into provisions of the partnership agreement [***see*** *10 Cal. Code Reg. § 260.140.119.1*; ***see also*** *§ 29C.200[2]*, Article 7 (illustrative provisions)].

[6] Dissolution of Partnership

NOTE:

The statutory requirements applicable to the dissolution of any limited partnership [Ch. 29B, *Nonpublic Real Estate Syndicates*, § 29B.130]. For illustrative dissolution provisions for a nonexempt limited partnership agreement, see *Section 29C.200[2]*, Article 8.

[7] Other Provisions

1. Define "affiliate" of general partner [*see 10 Cal. Code Reg. § 260.140.110.2(c)*; *§ 29C.200[2]*, P 9.01 (illustrative provision)].

2. Describe procedure for amending agreement [*see 10 Cal. Code Reg. § 260.140.116.2(a)*; *§ 29C.200[2]*, P 9.02 (illustrative provision)].

3. Include other provisions desired, e.g. [*see* are *set forth in Ch. 29B, Nonpublic Real Estate Syndicates, § 29B.130*]:

a. Governing law.

b. Binding effect on heirs and assigns.

c. Use of counterparts.

d. Status as sole and only agreement.

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART III. TRANSACTION GUIDE
D. Drafting Guide

13-29C California Legal Forms--Transaction Guide § 29C.131

§ 29C.131 Prospectus

NOTE:

If an offering is registered with the Securities and Exchange Commission (SEC) and qualified with the Commissioner by coordination [***see*** Ch. 6H, *Qualification of Securities*], a prospectus that is part of a registration statement declared effective by the SEC will be deemed to comply with all requirements as to form of the Commissioner's regulations. However, the Commissioner reserves the right to require additional disclosures [*10 Cal. Code Reg. § 260.140.117.2*].

1. Provide all information required by SEC Guide 5, plus following information [*10 Cal. Code Reg. § 260.140.117.3*]:

NOTE:

SEC Guide 5 is a guide to the preparation of registration statements under the Securities Act of 1933 [*15 U.S.C. §§ 77a-77aa*]. For a discussion of Guide 5 as it relates to a private placement memorandum (the "nonpublic" offering equivalent of a prospectus), see are *set forth in Ch. 29B, Nonpublic Real Estate Syndicates, § 29B.132*.

a. For foreign limited partnership that does not provide limited partners with voting rights required by Commissioner, include legend required by Commissioner [*see 10 Cal. Code Reg. § 260.140.116.2(c)*].

b. If sponsor also serves as sponsor for one or more other syndicates seeking to acquire similar types of properties, describe method that will be used to allocate acquisition of properties between or among multiple syndicates [*see 10 Cal. Code Reg. §§ 260.140.115.6, 260.140.117.3*].

c. Fully describe terms, consequences, and risks to participants and syndicate of any mandatory deferred payments [*see 10 Cal. Code Reg. § 260.140.118.1* (requirements and restrictions for these payments)].

d. Make any additional disclosures required by Commissioner for specific offering.

2. Fully disclose and itemize in one location, in tabular form [*10 Cal. Code Reg. § 260.140.113.1(c)*]:

a. All consideration that may be received from syndicate directly or indirectly by sponsor, its affiliates, and underwriters;

b. What consideration is for; and

c. How and when consideration will be paid.

3. On face of prospectus, set forth amount of all acquisition fees that may be paid [*10 Cal. Code Reg. § 260.140.113.3(c)*; *see § 29C.130[3][b]*, P 1 (restriction on amount of acquisition fees)]:

a. Must be expressed in both absolute dollars and as percentage of gross proceeds of offering.

b. May be expressed as percentage of purchase price of property.

4. If sponsor will receive "asset based" fee [*see 10 Cal. Code Reg. § 260.140.113.10*], include statement that primary investment objective of syndicate is to generate and to distribute to participants cash flow from operation of syndicate properties [*10 Cal. Code Reg. § 260.140.113.10(b)(1)*].

5. Disclose, in tabular form, estimate of expenses that are proposed to be reimbursed to sponsor for next fiscal year, with breakdown by year of these expenses actually reimbursed in each of last five public syndicates formed by sponsor [*see 10 Cal. Code Reg. § 260.140.114.5(f)(B)*].

6. Prohibit sponsor, general partner, and affiliates from receiving any rebates or kickbacks and from participating in any reciprocal business arrangement that would circumvent Commissioner's regulations [*see 10 Cal. Code Reg. § 260.140.114.7(a)*].

7. For nonspecified property syndicate [*see 10 Cal. Code Reg. § 260.140.110.2(o)*; *§ 29C.12* (definition)]:

a. Describe manner in which acquisitions will be financed (including use of all-inclusive note or wrap-around mortgage) and amount of leverage to be used [*10 Cal. Code Reg. § 260.140.115.3(c)*].

b. State whether syndicate will enter into joint venture arrangements and if so, projected extent of these [*10 Cal. Code Reg. § 260.140.115.3(d)*].

c. If same sponsor will be allocating acquisition of properties among two or more syndicates, describe reasonable method of allocation that will be used [*see 10 Cal. Code Reg. § 260.140.115.6*].

8. If sponsor is to construct or develop properties, or render any related services:

a. Fully disclose specific terms of development and construction of identifiable properties [*10 Cal. Code Reg. § 260.140.114.6(b)*; *see § 29C.130[3][b]*, P 5].

b. State that written contract exists between syndicate and sponsor for services to be rendered [*10 Cal. Code Reg. §§ 260.140.114.6(e), 260.140.114.5(d)(3)*].

9. If sponsor will provide property management services to syndicate [*see § 29C.130[3][b]*, P 6], state that written contract exists for services to be rendered [*see 10 Cal. Code Reg. § 260.140.113.8(b)*].

10. If completion of construction of property acquired by syndicate will be guaranteed by method other than one ordinarily required under Commissioner's regulations [*see 10 Cal. Code Reg. § 260.140.114.11(a), (b)*; *§ 29C.130[3[[c]*, P 3], disclose alternative method (which must have been previously approved by Commissioner) [*see 10 Cal. Code Reg. § 260.140.114.11(c)*].

11. If syndicate has participants who hold program interests by assignment from entities holding limited partnership interests for purpose of assigning all or portion of interests to persons investing in syndicate [*see § 29C.130[1][b]*, P 1], state that assignor's management owes fiduciary duty to assignees for safekeeping and use of all funds and assets of assignees [*see 10 Cal. Code Reg. § 260.140.116.5(c)*].

12. If photographs of properties acquired by previous syndicates of same or affiliated issuers will be included in prospectus as representative of property to be acquired by this syndicate, include caveat required by regulations [*see 10 Cal. Code Reg. § 260.140.117.1(d)*].

13. If syndicate is authorized to obtain financing with balloon payment due not less than two years after anticipated holding period of acquired property [*see § 29C.130[3][c]*, P 2], specify anticipated holding period for property [*10 Cal. Code Reg. § 260.140.114.13(b)(2)*].

14. If syndicate will purchase or lease property in which sponsor has interest *or* if program will sell or lease property to sponsor, fully describe transaction [*see 10 Cal. Code Reg. § 260.140.114.1(a)(1), (b)(1)*; *§ 29C.130[3][c]*, P 4].

15. If syndicate will acquire property in exchange for limited partnership interest(s) [*10 Cal. Code Reg. § 260.140.114.2*; *see 29C.130[3][c]*, P 10 (additional requirements for exchange of this type)]:

a. Describe specific terms of transaction;

b. Disclose tax effects of exchange.

16. If syndicate is specified property syndicate investing primarily in improved property and predicted future results ("projections") are to be included in prospectus, include required statement on cover of prospectus and comply with other detailed regulatory disclosure requirements [*see 10 Cal. Code Reg. § 260.140.117.4*].

17. If syndicate is nonspecified property syndicate *or* specified property syndicate investing primarily in *un* improved land, verify that prospectus does not contain any "projections" [*see* P 16, *above*] and include required statement regarding prohibition on cover of prospectus [*see 10 Cal. Code Reg. § 260.140.117.4(a)*].

18. Include financial statements and other financial information required by Commissioner's regulations [*see 10 Cal. Code Reg. § 260.140.118.4*].

NOTE:

Specific financial information must be submitted to the Commissioner at the time an application for qualification is filed, and certain of the information must be included in the prospectus [***see*** *§ 29C.121*].

13-29C California Legal Forms--Transaction Guide § 29C.140

§ 29C.140 Maintenance and Distribution of Required Records and Reports

NOTE:

The requirements below incorporate recordkeeping requirements from both California limited partnership law [***see*** *Corp. Code §§ 15900-15912.07* (ULPA '08)] and the Commissioner's regulations for nonexempt real estate syndicates [*10 Cal. Code Reg. §§ 260.140.110.1-260.140.119.1*].

Under the ULPA '08, except as provided below, the partnership governs relations among the partners and between the partners and the partnership. To the extent that the agreement does not otherwise provide, the ULPA '08 governs relations among the partners and between the partners and the partnership [*Corp. Code § 15901.10(a)*]. The partnership agreement, however, may not vary certain statutory provisions [***see*** *Corp. Code § 15901.10(b)*]. For further discussion, see *Ch. 16,* ***Formation of Limited Partnerships****, § 16.21[4][b]*]. For detailed discussion of California limited partnership law, see Chs. 16-16B.

1. Keep following documents at partnership's office in California [*Corp. Code § 15901.11*; *see § 29C.200[2]*, P 7.04]:

a. Current list containing following information about each partner:

NOTE:

The Commissioner requires syndicates to maintain a list of names and addresses of all limited partners [*10 Cal. Code Reg. § 260.140.116.4*].

(1) Full name (listed alphabetically);

(2) Last known street and mailing address; and

(3) Contribution and share in profits and losses.

b. Copy of initial certificate of limited partnership and all amendments to and and restatements of certificate, with executed copies of any powers of attorney pursuant to which any certificate was executed.

c. Copies of limited partnership's federal, state, and local income tax returns and reports, if any, for six most recent taxable years.

d. Copies of original partnership agreement and all amendments.

e. Financial statements of limited partnership for six most recent fiscal years.

f. Partnership's books and records for at least current and past three fiscal years.

g. Copy of any filed certificate of conversion or merger.

h. Unless contained in partnership agreement made in record:

(1) Amount of cash, and description and statement of agreed value of other benefits, contributed and agreed to be contributed by each partner;

(2) Times at which or events upon which additional contributions agreed to be made by each partner are to be made;

(3) For person that is both general and limited partner, specification of what transferable interest person owns in each capacity; and

(4) Any events upon which limited partnership will be dissolved and activities wound up.

2. Permit any limited partner to do following [*Corp. Code § 15903.04*; *see § 29C.200[2]*, P 7.05, 7.06]:

a. Upon 10 days' demand made in record received by limited partnership, inspect and copy during normal business hours any partnership records required to be maintained [*see Corp. Code § 15901.11*; P 1, *above*].

NOTE:
The Commissioner's regulation does not specifically require that a request be made. Instead, it simply provides that limited partners must have access to syndicate records (for inspection or copying) at all times and that the syndicate may impose reasonable copying charges [*10 Cal. Code Reg. § 260.140.116.4*].

b. Inspect and copy during regular business hours at reasonable location specified by partnership, true and full information regarding state of activities and financial condition of partnership and other just and reasonable information regarding its activities if [*Corp. Code § 15903.04(b)*; *see also Corp. Code § 15903.04(d)* (rights of dissociated limited partner)]:

NOTE:

This right is subject to a partnership's right to keep certain information confidential [*see Corp. Code § 15903.04(g)*; *see Ch. 16, **Formation of Limited Partnerships, § 16.30[1]*]. This information may be transmitted to the limited partner via electronic transmission [*Corp. Code § 15903.04(b)*; ***see** Corp. Code § 15901.02(h)* (definition)].

(1) Limited partner seeks information for purpose reasonably related to partner's interest as limited partner;

(2) Limited partner makes demand in record received by partnership, describing with reasonable particularity information sought and purpose for which sought; and

(3) Information sought is directly connected to limited partner's purpose.

3. Have general partner distribute financial reports and documents to limited partners as follows [*see § 29C.200[2]*, PP 7.05, 7.07-7.10]:

a. If syndicate is registered under Section 12 of Securities Exchange Act of 1934, distribute within 60 days after end of each quarter a report that contains financial statements and other information required by Commissioner [*see 10 Cal. Code Reg. § 260.140.116.3(a)*; *see also § 29C.200[2]*, P 7.10 (illustrative partnership agreement provision that describes required statements and information)].

b. Not later than 75 days after end of fiscal year, furnish information necessary to complete federal and state income tax or information returns [*10 Cal. Code Reg. § 260.140.116.3(b)*; *see § 29C.200[2]*, P 7.08 (illustrative partnership agreement provision)].

c. Not less than 120 days after end of syndicate's fiscal year, distribute annual report containing [*10 Cal. Code Reg. § 260.140.116.3(c)*; *see § 29C.200[2]*, P 7.07 (illustrative partnership agreement provision)]:

(1) Audited financial statements [*see 10 Cal. Code Reg. § 260.140.110.2(f)* (definition)] covering fiscal year, plus auditor's report that may contain qualified opinion or explanatory paragraph.

(2) Report of syndicate activities during period covered by report.

(3) If forecasts [*see 10 Cal. Code Reg. § 260.140.117.4* (requirements and restrictions for forecasts)] have been provided to limited partners, table comparing forecasts previously provided with actual results during period covered by report.

(4) Schedule of all distributions to limited partners that identifies source of each and dollar amount attributable to each source.

(5) Schedule of all compensation paid and distributions made to sponsor, which must:
(a) Include description of services performed;

(b) Identify source of each distribution; and

(c) Include breakdown of costs reimbursed to sponsor [*see 10 Cal. Code Reg. § 260.140.114.5(f)*].

NOTE:
As part of the annual audit of the syndicate's financial statement, the independent certified public accountant must verify the allocation of costs reimbursed to the sponsor under an approved verification method [***see*** *10 Cal. Code Reg. § 260.140.114.5(f)*].

4. For nonspecified property syndicate [*see § 29C.12* (definition)], provide all limited partners, within 45 days after end of each quarter during which there has been any acquisition of real property, a special report that contains [*10 Cal. Code Reg. § 260.140.115.5*; *see § 29C.201 [2]* (illustrative partnership agreement provisions)]:

NOTE:
The special report must be sent periodically, until the time proceeds of the offering are committed or returned to investors [*10 Cal. Code Reg. § 260.140.115.5*; ***see*** *10 Cal. Code Reg. § 260.140.115.4*; *§ 29C.201* (requirements for return of proceeds for noninvestment)]. If the syndicate is registered under Section 12 of the Securities Exchange Act of 1934, the special report may be a part of the regular quarterly report [*10 Cal. Code Reg. § 260.140.115.5*; ***see*** *10 Cal. Code Reg. § 260.140.116.3(a)*; P 4a, ***above*** (required quarterly report)].

a. Location and description of general character of all materially important real properties acquired or presently intended to be acquired by or leased to syndicate during quarter.

b. Present or proposed use of properties described in subparagraph a, *above*, and their suitability and adequacy for such use.

c. Terms of any material lease affecting property.

d. Proposed method of financing, including:

(1) Estimated down payment;

(2) Leverage ratio;

(3) Prepaid interest;

(4) Balloon payment(s);

(5) Prepayment penalties;

(6) Due-on-sale or encumbrance clauses, (including possible adverse effects of those clauses); and

(7) Similar details of proposed financing plan.

e. Statement that following will be obtained on all properties acquired:

(1) Title insurance;

(2) Any required financing (construction, permanent, or other); and

(3) Performance bonds or other assurances from builders.

f. Statement of amount of proceeds that remain uncommitted or unexpended, stated as both dollar amount and percentage of total amount of syndicate's offering proceeds.

5. Maintain, for minimum of four years, required records regarding investor suitability [*10 Cal. Code Reg. § 260.140.112.4*; *see § 29C.203[1][b], [c]* (required records); *§ 29C.200[2],* P 7.13 (illustrative partnership agreement provision)].

6. If requested by Commissioner, submit copy of any report or statement syndicate is required to distribute to limited partners [*10 Cal. Code Reg. § 260.140.111.3*; *see 10 Cal. Code Reg. § 260.140.116.3*].

7. If acquisition fees are paid on syndicate property purchases [*see 10 Cal. Code Reg. §§ 260.140.113.3, 260.140.113.4*; *§ 29C.130[3][b],* P 1 (restrictions on amount and payment of acquisition fees and expenses)], within 30 days after last property acquisition, forward to Commissioner a verified schedule that describes [*10 Cal. Code Reg. § 260.140.113.3(b)*]:

a. Each acquisition made;

b. Purchase prices paid;

c. Aggregate of all acquisition fees paid on each transaction; and

d. Computation showing compliance with rule limiting total acquisition fees paid [*see 10 Cal. Code Reg. § 260.140.113.3*].

8. Retain any appraisal(s) of syndicate's real property for at least five years [*10 Cal. Code Reg. § 260.140.114.12*; *see § 29C.200[2],* P 7.14 (illustrative partnership agreement provision)].

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART IV. FORMS

13-29C California Legal Forms--Transaction Guide § 29C.200

§ 29C.200 Limited Partnership Agreement for Nonexempt, Specified Property Syndicate

[1] Comment

[a] Use of Form

This form is a limited partnership agreement for a real estate limited partnership that must qualify with the California Commissioner of Corporations [*see 10 Cal. Code Reg. § 260.140.110.1(a)*]. It incorporates the regulatory requirements of the Commissioner of Corporations for a nonexempt limited partnership real estate syndicate [*see 10 Cal. Code Reg. §§ 260.140.110.1-260.140.119.1*]. Because this agreement is intended for a "specified property" syndicate [*see § 29C.12* (definition); *see also* [e], *below*], it does not include provisions for the special regulatory requirements that apply to a "nonspecified property" syndicate [*see § 29C.201*].

A limited partnership agreement for a real estate limited partnership that is exempt from qualification in California is set forth in Chapter 29B, *Nonprofit Real Estate Syndicates* . Unlike this form, that form does not contain the special provisions required by the Commissioner's regulations for a nonexempt real estate syndicate. However, any provisions from that form that do not concern matters regulated by the Commissioner's regulations may be used in lieu of similar provisions included in the form below. For example, the Commissioner does not restrict the number of classes of partnership units that may be created, and § 29B.300[2], Article 2 (unlike this form) creates two classes of limited partnership units.

Federal securities laws are not covered in this chapter, and this agreement does not incorporate (except perhaps coincidentally) any requirements for a partnership agreement that may be required for a limited partnership required to register with the Securities and Exchange Commissioner.

[b] Specific Provisions of Form

Several of the requirements and/or provisions contained in the Commissioner's regulations governing nonexempt real estate syndicates are specifically required to be included in the limited partnership agreement [*see 10 Cal. Code Reg. § 260.140.119.1*]. As part of the application for qualification, the limited partnership must submit a cross-reference sheet that identifies the location in the prospectus, partnership agreement, or other exhibit, of the required provisions of the

Commissioner's regulations. Regulations that are inapplicable to a particular limited partnership must be indicated in the cross-reference sheet and any provision that varies from the requirements of a Commissioner's regulation must be explained and justified [*see 10 Cal. Code Reg. § 260.140.110.1(c)*]. For an illustrative cross reference sheet, see *Section 29C.202*.

The Transaction Guide to this chapter includes a lengthy drafting guide for a nonexempt limited partnership agreement [*see § 29C.130*]. That drafting guide must be used in conjunction with this form since it contains a detailed summary of specific provisions required under the Commissioner's regulations and that summary is not repeated here. Many of the provisions included in this form are governed by the Uniform Limited Partnership Act of 2008 (ULPA '08) [*Corp. Code §§ 15900-15912.07*]. Except in a few instances, the specific requirements of that Act are not covered in this chapter. However, requirements of the Act as they relate to a real estate syndicate are covered in Ch. 29B, *Nonpublic Real Estate Syndicates* .

Under the ULPA '08, except as provided below, the partnership governs relations among the partners and between the partners and the partnership. To the extent that the agreement does not otherwise provide, the ULPA '08 governs relations among the partners and between the partners and the partnership [*Corp. Code § 15901.10(a)*]. The partnership agreement, however, may not vary certain statutory provisions [*see Corp. Code § 15901.10(b)*]. For further discussion, see *Ch. 16, Formation of Limited Partnerships, § 16.21[4][b]*]. For detailed discussion of California limited partnership law, see Chs. 16-16B. For the most part, the discussion below merely summarizes the provisions of this form and cross-refers the drafter to the drafting guide or other source for a discussion of applicable law.

[c] Formation of Partnership

The matters covered in Article I of this agreement are governed by specific provisions of the Uniform Limited Partnership Act of 2008 (ULPA '08) [*Corp. Code §§ 15900-15912.07*]. Because this agreement is intended for a "specified property" syndicate [*see § 29C.12* (definition)], Paragraph 1.03 identifies the specific property or properties to be owned by the Partnership. For the same reason, Paragraph 3.10 prohibits reinvestment of the proceeds from the sale or refinancing of partnership properties [*see 10 Cal. Code Reg. § 260.140.110.1(o), (y)*; *see also* [e], *below*]. For special provisions that must be included in a limited partnership agreement for a nonspecified property syndicate, see *Section 29C.201*.

[d] Partners

This agreement provides for a sole corporate general partner [*see* [2], P *2.01, below*], but the partnership may have more than one general partner and the general partner is not required to be a corporation [*see Corp. Code § 15901.02(q)*].

For the most part, the other provisions of Article 2 are based on specific requirements of the Commissioner's regulations that are outlined in *Section 29C.130[1][a]*.

[e] Capital and Finance

Limited partners under this agreement are required to pay cash for their interests in the partnership [*see* [2], P *3.03, below*]. Deferred payments for partnership interests are not permitted except under specific circumstances outlined by the Commissioner [*see 10 Cal. Code Reg. § 260.140.118.1*].

Under this agreement, assessments on limited partners after their initial contribution of required capital to the partnership are prohibited [*see* [2], P *3.06, below*]. Assessments are not permitted for a nonspecified property syndicate but may be permitted for a specified property syndicate when special circumstances demonstrate a need. If permitted, the assessments may be made only to cover certain obligations, and the types of penalties that may be imposed for

nonpayment are restricted [*see 10 Cal. Code Reg. § 260.140.116.8*; *§ 29C.130[2]*, P 10].

Unless a partnership agreement otherwise provides, the profits and losses of a limited partnership must be allocated among the partners in the same manner as the partners share distributions [*Corp. Code § 15905.035*]. A distribution is shared among the partners on the bases of the value, as stated in the required records when the limited partnership decides to make the distribution, of the contributions the limited partnership has received from each partner [*Corp. Code § 15905.03*].

This agreement provides for the allocation of profits and losses and the distribution of income based on granting the general partner an interest in the partnership as a promotional interest and partnership management fee [*see* [2], PP 3.07, 3.08, *below*]. This type of arrangement is sanctioned by the Commissioner's regulations if the interest is "adequately subordinated"; the interest is considered to be adequately subordinated if it falls within regulatory limitations noted in either alternative of Paragraph 3.07(b) [*see 10 Cal. Code Reg. § 260.140.113.5*]. For a discussion of alternative partnership management fees that may be required or used, see [f], *below.*

This agreement prohibits the reinvestment by the Partnership of cash available for distribution from operations or cash available from the sale or refinancing of partnership property [*see* [2], P *3.10, below ; see also* [2], P 3.07(d), (e), *below* (definition of terms)]. If a partnership permits reinvestment of cash available from sale or refinancing, it is considered to be a "nonspecified property" syndicate and must satisfy additional requirements of the Commissioner for that type of syndicate [*see 10 Cal. Code Reg. §§ 260.140.115.1-260.140.115.6*; *§ 29C.201*]. Also, the authority of a partnership to reinvest proceeds or any partnership plan that allows limited partners to elect to have cash distributions reinvested is subject to specific regulatory requirements [*see 10 Cal. Code Reg. §§ 260.140.116.9, 260.140.118.3*].

Requirements for other provisions in Article 3 of this agreement, such as those covering the repurchase by the partnership of partnership interests [*see* [2], P *3.11, below*] and the maximum indebtedness of a limited partnership [*see* [2], P *3.12, below*] are outlined in *Section 29C.130[2]*.

[f] Management and Investment

Most of the provisions in Article 4 of this agreement are based on requirements of the Commissioner's regulations for a nonexempt real estate syndicate. These cover the general powers and duties of a general partner; investment authority and restrictions; fees, compensation and expenses that may be paid by the limited partnership; and conflict of interest restrictions. Specific requirements and citations to the appropriate regulations are outlined in *Section 29C.130[3]*.

Paragraph 4.06 is compatible with Paragraph 3.07 of the agreement, which, as discussed under [e], *above,* provides the general partner with a partnership management fee in the form of an interest in the partnership. If the real property owned by the limited partnership is unimproved land or a government subsidized project, Paragraph 4.06 should be modified to provide for a different partnership management fee [*see 10 Cal. Code Reg. § 260.140.113.6*] and Paragraph 3.07 should be modified accordingly.

A real estate limited partnership that has been declared effective by the Securities and Exchange Commission and that meets other specific requirements may authorize payment of an "asset based" fee to its general partner(s) [*see 10 Cal. Code Reg. § 260.140.113.10*]. An illustrative clause for this type of fee is not included here since its inclusion would be materially inconsistent with other provisions of the agreement. For example, if an asset based fee will be paid, the partnership must comply with requirements relating to capitalization, maximum allowable expenses, reinvestment, and reserves that differ significantly from the illustrative provisions used in this agreement. Also, if an asset based fee is paid, the general partner is restricted as to which other amounts or compensation it may receive from the partnership. For example, only a portion of the distributions provided for in Paragraph 3.07 of this Agreement could be paid to the general partner under these circumstances. The method of computing the fee and all conditions that must be satisfied if this fee will be paid are fully described in the relevant regulation [*see 10 Cal. Code Reg. § 260.140.113.10*].

[g] Assignment and Termination of Interests

[i] Limited Partners

Under the Uniform Limited Partnership Act of 2008, a transfer of a partner's transferable interest [*see Corp. Code § 15901.02(ak)* (right to receive distributions)] is permissible [*Corp. Code § 15907.02(a)*]. Upon transfer, the transferor retains the rights of a partner other than the interest in distributions transferred, and retains all duties and obligations of a partner [*Corp. Code § 15907.02(d)*]. Under the Commissioner's regulations, restrictions on the assignment of limited partner interests or on the substitution of a limited partner are generally disfavored. The regulations provide that these types of restrictions will be permitted, however, if they are intended to preserve the tax status of the partnership or the characterization or treatment of income or loss. Any restriction must be affirmatively supported by an opinion of counsel [*see 10 Cal. Code Reg. § 260.140.117.5*] or a demonstration by the limited partnership that the restriction is necessary based on the tax laws, regulations, rulings, notices, or other official pronouncements governing the Internal Revenue Service. In addition, the partnership agreement must require the general partner to eliminate or modify any restriction on substitution or assignment at such time as the restriction is no longer necessary [*10 Cal. Code Reg. § 260.140.116.7*]. In light of the liberalized entity classification rules, effective January 1, 1997, that eliminate the former reliance on the presence or absence of certain corporate characteristics to determine an entity's classification for tax purposes, and instead permit limited partnerships simply to elect whether they are to be classified as a partnership or as a corporation [*see Treas. Reg. § 301.7701-3(a)*], restrictions on the assignment of limited partnership interests are no longer necessary for federal tax purposes.

The provision in this agreement that governs the effect on a limited partnership interest of a limited partner's death [*see* [2], P 5.04, *below*] is based on a provision of the Uniform Limited Partnership Act of 2008 [*see Corp. Code § 15907.04*].

[ii] General Partner(s)

The events or circumstances under which a general partner will cease to be a general partner should be described in the agreement. The provisions included in this agreement [*see* [2], P *5.05, below*] are based on statutory provisions contained in the Uniform Limited Partnership Act of 2008 [*see Corp. Code § 15906.03*].] and the Commissioner's regulations [*see 10 Cal. Code Reg. § 260.140.116.2(a)*]. Under one of these provisions, a majority in interest of the limited partners may remove the general partner [*see* [2], PP 2.06(b), 5.05(a), *below*]. Because this agreement uses only one general partner, provisions are included to replace the general partner and continue the partnership business [*see* [2], P 5.05(b), *below*]. If the only general partner is an individual, the agreement should provide for a successor general partner [*see 10 Cal. Code Reg. § 260.140.116.2(a)*].

This agreement terminates the general partner's interest and requires the partnership to pay the fair market value of that interest to the terminated general partner [*see 10 Cal. Code Reg. § 260.140.111.6*; *§ 29C.130[1][b]*].

[h] Partnership Meetings

The provisions for partnership meetings included in this form reflect requirements of the Commissioner [*see 10 Cal. Code Reg. § 260.140.116.1*]. Specific requirements are outlined in *§ 29C.130[4]*. Unlike prior law [*see, e.g., Corp. Code § 15637* (CRLPA, repealed January 1, 2010)], the ULPA '08 does not contain default provisions regarding partnership meetings [*see* Ballantine & Sterling, California Corporation Laws, Ch. 25, *Limited Partnerships* , § 732.01[2] (Matthew Bender)].

[i] Books, Records, and Reports

Article 7 of this agreement incorporates report and recordkeeping requirements of the Uniform Limited Partnership Act of 2008 (ULPA '08) [*Corp. Code §§ 15900-15912.07*] and the Commissioner's regulations [*see, e.g., 10 Cal. Code Reg.*

§ 260.140.116.3]. For a discussion of these specific requirements, see *§ 29C.140*.

[j] Dissolution of Partnership

Dissolution of a limited partnership and its winding up and distribution of assets are governed by the Uniform Limited Partnership Act of 2008 (ULPA '08) [*Corp. Code §§ 15900-15912.07*]. Article 8 of this agreement is an example only for a partnership's dissolution that is consistent with the other provisions of this particular agreement.

[k] Miscellaneous Provisions

Paragraph 9.01 of this agreement sets forth the definition of a general partner's "affiliate" contained in the Commissioner's regulations [*see 10 Cal. Code Reg. § 260.140.110.2(c)*]. Other common "miscellaneous" type provisions are included in 29B, *Nonpublic Real Estate Syndicates*, § 29B.200.

Limited Partnership Agreement for Nonexempt, Specified Property Syndicate

LIMITED PARTNERSHIP AGREEMENT

THIS LIMITED PARTNERSHIP AGREEMENT is entered into on _____[*date*], by and between _____[*name of general partner*], a California corporation (referred to in this Agreement as the "General Partner") and those persons executing this Agreement as limited partners (collectively referred to in this Agreement as the "Limited Partners").

THE PARTIES AGREE AS FOLLOWS:

ARTICLE 1.
FORMATION OF PARTNERSHIP

Formation of Limited Partnership

1.01. The parties to this Agreement hereby form a limited partnership (referred to in this Agreement as "the Partnership") pursuant to the provisions of the Uniform Limited Partnership Act of 2008, *Corp. Code § 15900 et seq.*

Name of Partnership

1.02. The name of the Partnership shall be _____[*name of partnership*], a limited partnership.

Business and Purpose of Partnership

1.03. The business of the Partnership is to invest in real property by acquiring, holding, and operating for purposes of eventual sale, the real property owned by the Partnership. Real property owned [*or* to be acquired] by the Partnership consists of: _____[*describe specific property or properties, by type of improvement, street address, city, and state*], which is [*or* all of which are] more particularly described in Exhibit A attached to and incorporated in this Agreement. This real property [*if Partnership will also purchase additional property, add:* and any other real property purchased by the Partnership] is referred to in this Agreement as the Partnership property.

Principal Place of Business

1.04. The principal place of business of the Partnership shall be at _____[*street address and city*],

California.

Certificate of Limited Partnership

1.05. The General Partner shall concurrently with the execution of this Agreement duly execute and acknowledge a Certificate of Limited Partnership and cause the Certificate to be filed in the office of the Secretary of State of California. The General Partner shall also record a certified copy of the Certificate in the office of the County Recorder of any county in which Partnership property is located.

Term of Partnership

1.06. The Partnership shall commence on the filing of a Certificate of Limited Partnership in the manner required by the Uniform Limited Partnership Act of 2008, *Corp. Code § 15900 et seq.*, and shall continue until _____[*specify date, event, or other that causes termination, e.g.,* the earlier of thirty days after the close of escrow for the sale of the (last) Partnership property *or* _____ (*date certain*)], unless sooner terminated in accordance with the provisions of this Agreement or by law.

Title to Property

1.07. Title to all property, real or personal, acquired by the Partnership shall be acquired, held, and conveyed in the name of the Partnership.

ARTICLE 2.
PARTNERS

General Partner

2.01. _____[*name of general partner*], a California corporation, whose address is _____[*street address, city, state, and zip code*], is and shall be the sole original General Partner of the Partnership. No other person or entity shall be admitted to the Partnership as a General Partner except that if the General Partner ceases to be a General Partner, a new General Partner may be elected pursuant to the provisions of Paragraphs 2.06 and 5.05(c) of this Agreement.

Original Limited Partners

2.02. The names and residences of the original Limited Partners are set forth on a schedule attached to this Agreement and marked "Exhibit B."

Time Periods for Admission of Limited Partners

2.03. Persons who purchase Partnership Units directly from the Partnership ("Original Limited Partners") shall be admitted into the Partnership as Limited Partners not later than 15 days after release to the Partnership from impound of the money they have paid for their Partnership Units [*or, if impound condition is not imposed by Commissioner:* not later than the last day of the calendar month following the date the Partnership accepts their subscription]. Additional Limited Partners, if any are permitted under the provisions of Paragraph 2.04 of this Agreement, shall be admitted into the Partnership not later than the last day of the calendar month following the date on which the Partnership accepts the subscription of the Additional Limited Partner. Substitute limited partners shall be admitted to the Partnership only in accordance with the provisions of Paragraph 5.03 of this Agreement.

Additional Limited Partners

2.04. After the sale of the initial _____[*number, e.g.*, 5,000] Partnership Units described in Paragraph 3.01 of this Agreement, _____ [*describe conditions of admission, e.g.*, the General Partner shall admit no additional Limited Partners to the Partnership except on the affirmative vote of 51 percent or more of the Partnership Units already sold to Limited Partners. Notwithstanding the foregoing, a substitute Limited Partner may be admitted to the Partnership pursuant to the provisions of Paragraph 5.03 of this Agreement].

Prohibition Against Withdrawal by Limited Partner

2.05. Once admitted to the Partnership, a Limited Partner may not withdraw from the Partnership but may assign its interest in the Partnership as provided in Paragraph 5.02. Substitution of a Limited Partner is permitted only as authorized under Paragraph 5.03 of this Agreement.

Voting Rights

2.06. The Limited Partners shall have the right to vote, call and give notice of meetings, and solicit written consents, as follows.

(a) The Limited Partners shall have the right to vote on the following actions, which may be taken only by the General Partners, and then only with the affirmative vote of a majority in interest of the Limited Partners.

(1) The dissolution and winding up of the Partnership.

(2) The merger of the Partnership.

(3) The sale, exchange, lease, mortgage, pledge, or other transfer of, or the granting of a security interest in, all or a substantial part of the assets of the Partnership other than in the ordinary course of its business.

(4) The incurrence of indebtedness by the Partnership other than in the ordinary course of its business.

(5) A change in the nature of the business of the Partnership.

(6) Any transaction in which the General Partner has an actual or potential conflict of interest with the Limited Partners or the Partnership.

(7) An election to continue the business of the Partnership under circumstances other than those described in subparagraph (c), below.

(8) The admission of a General Partner other than under the circumstances described in subparagraph (c), below.

(b) The Limited Partners shall have the right to vote on the removal of the General Partner. This action shall be effective without further action on the affirmative vote or written consent of a majority in interest of all Partners. If this action is taken by written consent, written notice of the General Partner's removal shall be served on the General Partner by certified mail. The notice shall set forth the day on which the removal is to be effective.

(c) The Limited Partners shall have the right to vote on the admission of a General Partner, or an election to continue the business of the Partnership after the General Partner ceases to be a General Partner, when there is no remaining or surviving General Partner. Each of these actions may be taken only by the affirmative vote of _____[a majority *or greater percentage; see 10 Cal. Code Reg. § 260.140.116.2(a)(1)(C)*] in interest of the Limited Partners.

(d) The Limited Partners shall have the right to vote on the amendment of this Partnership Agreement, which may be accomplished only by the affirmative vote of a majority in interest of the Limited Partners.

(e) The Limited Partners shall have the right to vote on _____[*describe any other matter related to the business of the partnership on which limited partners are to be entitled to vote*].

Restrictions on Limited Partners

2.07. No Limited Partner or Assignee of a Limited Partner shall take part in or interfere in any manner with the control, conduct, or operation of the Partnership, nor shall he or she have any right or authority to act for or bind the Partnership.

Limitations on General Partner

2.08. Without the vote or written consent of Limited Partners holding at least 51 percent of the Partnership Units of the Partnership then outstanding, the General Partner shall have no power or authority to:

(a) Amend any provision of this Agreement.

(b) Appoint a new General Partner.

(c) Sell all or substantially all of the assets or properties of the Partnership other than in the ordinary course of the Partnership's business.

(d) Cause the merger or other reorganization of the Partnership.

(e) Dissolve the Partnership.

(f) _____[*Describe any other desired restrictions*].

General Rights of Partners

[*Paragraph 2.09 is an example only, based on Corp. Code §§ 15905.02(c), 15905.06; the partnership agreement may provide otherwise.*]

2.09. The obligation of a Partner to make a contribution or return money or property distributed in violation of the Uniform Limited Partnership Act of 2008 may be compromised only by the written consent of all of the Partners. No Partner shall have the right to receive property other than money upon any distribution made by the Partnership.

ARTICLE 3.
CAPITAL AND FINANCE

Initial Capital

3.01. The initial capital of the Partnership shall be $_____[*specify, e.g.,* $10,000,000] divided into _____[*number, e.g.,* 5,000] Partnership Units having a Unit value of $_____[*specify, e.g.,* $2,000] each.

Contribution of General Partner

3.02. The General Partner shall contribute to the Partnership _____[*describe contribution, if any, e.g.,* the sum of $_____ in the form of a demand promissory note (with no interest) payable to the Partnership]. The General Partner shall be entitled to distributions of the Partnership provided for in Paragraph 3.07 of this Agreement and shall share in any Partnership losses to the extent provided for in Paragraph 3.08 of this Agreement.

Contribution of Limited Partners

3.03. Each Limited Partner shall contribute to the capital of the Partnership by paying the amount of $_____[*repeat unit value specified in Paragraph 3.01*] for each Partnership Unit purchased in the Partnership. The full amount of $_____[*repeat amount specified above*] per Partnership Unit must be tendered in cash by each Limited Partner the Partnership at the time the Partner submits a subscription for the purchase of Partnership Units to the General Partner [*or permit mandatory deferred payments for partnership interests but only on conditions permitted by the Commissioner (see 10 Cal. Code Reg. § 260.140.118.1)*]. Each subscription shall be accepted or rejected by the General Partner within 30 days after it is received by the General Partner. All moneys tendered with any rejected subscription shall be returned to the subscriber within 10 business days. [*If minimum purchase is required, add:* Each subscriber must subscribe for not less than _____ (*number*) Partnership Units or the subscription shall be automatically rejected by the General Partner.] Except as may be expressly provided otherwise in this Agreement, a Limited Partner has no right to demand the return of his or her capital contribution to the Partnership.

[*Use Paragraph 3.04 if formal impound condition is imposed by Commissioner (see § 29C.204[1][c]):*]

Impound of Funds

3.04. All funds tendered with and for initial subscriptions for Partnership Units in the Partnership shall be placed in a separate escrow account with a depositary selected by the General Partner and approved by the California Commissioner of Corporations. Should the full amount of the initial capital of the Partnership, as specified in Paragraph 3.01 of this Agreement, not be subscribed at or before 5:00 P.M. Pacific Time _____[*state date specified in Commissioner's impound condition*], the Partnership shall not be formed and each subscriber will promptly receive a refund of the payments tendered by the subscriber with his or her subscription. If the California Commissioner of Corporations extends the time for satisfying the impound condition stated in this Paragraph, the General Partner shall give each subscriber notice of the extension. Any subscriber who does not agree to the extension shall be entitled, on demand made to the Commissioner within 30 days from the date the notice of extension is distributed, to a refund of payments tendered by the subscriber with his or her subscription.

Capital Accounts

3.05. A capital account shall be maintained for the General Partner and for each Limited Partner on the books of the Partnership. The capital account for a Partner shall be credited with the Partner's capital contribution under this Agreement and shall be credited or charged with the Partner's respective share of profits and losses of the Partnership.

Further Assessments

3.06. Except as otherwise expressly provided in this Agreement, none of the Partners shall be required to make any further contributions to the capital of the Partnership after their original purchase of Partnership Units pursuant to this Article and no assessments of any kind may be made on any Partnership Units owned by Limited Partners. Any amounts paid to the Partnership by any General Partner or Limited Partner in excess of the Partner's original contribution to the capital of the Partnership shall be considered a mere loan to the Partnership repayable on such terms and conditions as may be agreed on at the time it is received by the Partnership.

[*Or, for specified property limited partnership only:*]

Further Assessments

3.06. Following the initial capitalization of the Partnership provided for in Paragraph 3.01, assessments may be levied on Partnership Units owned by Limited Partners and Limited Partners shall be required to pay any Assessment so levied but only as provided in this Paragraph. _____[*Describe circumstances under which assessments may be levied and penalties for default, subject to limitations contained in 10 Cal. Code Reg. § 260.140.116.8*].

Distributions to Partners

3.07. Prior to dissolution of the Partnership, distributions by the Partnership shall be made only as follows:

[*Describe method and manner of disposition; the following is an example only, based on granting the General Partner a subordinated partnership interest as a promotional interest and management fee (see 10 Cal. Code Reg. § 260.140.113.5; see also 10 Cal. Code Reg. § 260.140.110.2(g)-(i) for definitions used below). For an alternative method of allocating profits and losses and distributing income, see Ch. 29B, Nonpublic Real Estate Syndicates, § 29B.200.*]

(a) Right to Distributions. Following initial capitalization of the Partnership provided for in Paragraph 3.01, Limited Partners and the General Partner shall have the right to receive distributions from the Partnership described in subparagraph (b), below, to the extent available, at the end of each calendar quarter.

[*Include either of the following provisions:*]

(b) Amount and Method of Distributions. All cash that has been determined by the General Partner to be "available for distribution from operations," as that term is defined in this Paragraph, shall be distributed 90 percent to the Limited Partners, in proportion to their respective holdings of Units, and 10 percent to the General Partner. All cash that has been determined by the General Partner to be "available from sale and refinancing" of properties shall be distributed as follows: First to the Limited Partners, in proportion to their respective holdings of Units, until they have received a return equal to 100 percent of their "capital contributions," as that term is defined in this Paragraph, plus an amount equal to 6 percent of capital contributions per annum cumulative. Thereafter, 85 percent shall be distributed to the Limited Partners, in proportion to their respective holdings of Units, and 15 percent to the General Partner.

[*OR*]

(b) Amount and Method of Distributions. Any cash that has been determined by the General Partner to be "available for distribution from operations" or to be "available from sale and refinancing" (as those terms are defined in this Paragraph) shall be distributed as follows: first, to the Limited Partners, in proportion to their respective holdings of Units, until they have received a return equal to 100 percent of their "capital contributions," as that term is defined in this Paragraph, plus an amount equal to 6 percent of capital contributions per annum cumulative; thereafter, 75 percent shall be distributed to the Limited Partners, in proportion to their respective holdings of Units, and 25 percent to the General Partner.

[*Continue:*]

(c) Capital Contributions Defined. The term "capital contributions" as used in this Agreement means the gross amount of investment in the Partnership by a Limited Partner, or all Limited Partners as the case may be. For purposes of making any computation required under subparagraph (b), above, the amount of capital contributions by a Limited Partner shall be reduced by any previous distributions to the Limited Partner from cash available from sale and refinancing of Partnership properties and by any distribution to the Limited Partner from reserves created from the

Partnership's initial capitalization.

(d) Cash Available From Sale and Refinancing Defined. The term "cash available from sale and refinancing" as used in this Agreement means Partnership cash funds provided from a sale, financing, or refinancing of property, less the amount necessary to pay all debts and obligations of the Partnership related to the particular property, the expenses incurred in the sale, financing, or refinancing, and amounts set aside for restoration or creation of reserves.

(e) Cash Available for Distribution From Operations Defined. The term "cash available for distribution from operations" as used in this Agreement means the Partnership cash funds realized from operations, including lease payments on net leases from builders and sellers, without deduction for depreciation, but after deducting cash funds used to pay all other expenses, debt payments, capital improvements, amounts set aside for restoration or creation of reserves, and replacements.

Allocation of Losses

3.08. Any Partnership net losses shall be allocated to Limited Partners and to the General Partner in the same proportion as distributions are payable to each under Paragraph 3.07.

Reserve Account

3.09. The Partnership shall create and maintain a reserve account for normal repairs, replacements, and contingencies. _____ percent [*specify, e.g., normally a minimum of 3 percent is considered adequate (see 10 Cal. Code Reg. § 260.140.118.2)*] of the initial capital of the Partnership as specified in Paragraph 3.01 of this Agreement and _____ percent [*specify, e.g.*, 3] of the cash available for distributions from operations, as defined in Paragraph 3.07(e) of this Agreement, of the Partnership for each fiscal year, shall be set aside in and credited to the reserve account of the Partnership.

Reinvestments Prohibited

3.10. The Partnership shall not reinvest cash available for distribution from operations or cash available from sale and refinancing, as those terms are defined in Paragraph 3.07, but rather shall distribute all such amounts as provided in Paragraph 3.07 [*or authorize reinvestment on terms authorized by Commissioner's regulations (see 10 Cal. Code Reg. §§ 260.140.114.4, 260.140.116.9, 260.140.118.3); also, if reinvestment of proceeds from sale or refinancing is authorized, comply with all regulations for "non-specified property" limited partnership (see § 29C.201)*].

[*Continue:*]

For purposes of this Paragraph, "reinvestment" does not include the placement of funds held as reserves or short-term deposits (90 days or less) to fund distributions to Partners.

Repurchase of Partnership Units

3.11. (a) Voluntary Repurchases. The Partnership shall have the right, but not the obligation [*if mandatory repurchases are required under certain circumstances, add:* (except as otherwise provided in subparagraph (b), below)], to repurchase any of the Partnership Units outstanding. This right may be exercised at any time and under any circumstances determined necessary by the General Partner, but only if the General Partner determines, for each proposed repurchase, that payment of the repurchase price will not impair the capital or operation of the Partnership. The purchase price paid for any Partnership Units shall not exceed that determined in accordance with subparagraph (d), below.

[*Optional; use if partnership will be required to repurchase under certain circumstances:*]

(b) Conditionally Mandatory Repurchase. Subject to the limitations stated in this Paragraph 3.11, the Partnership shall repurchase Partnership Units under the following circumstances:

(1) The owner of the Partnership Units dies or becomes legally incapacitated;

(2) The owner of the Partnership Units suffers a substantial reduction in net worth or income. For purposes of this requirement, "substantial reduction in net worth or income" means an involuntary loss of at least 50 percent in income or net worth during the year in which the repurchase of Partnership Units occurs. In no event may the Partnership repurchase Partnership Units under the circumstances described in this subparagraph unless the Partnership has sufficient cash to make the purchase; the purchase will not violate applicable legal requirements; and for any fiscal year of the Partnership, not more than 15 percent of the outstanding Partnership Units are repurchased by the Partnership. Units described in this subparagraph shall be repurchased in the order in which a written request is received for their repurchase by the Partnership, but only to the extent the Partnership is able to make the repurchase in compliance with the limitations stated in this subparagraph. The purchase price for Partnership Units may not exceed the amount stated in subparagraph (d) below.

[*Continue:*]

(c) Limited Repurchase Reserve Account. The General Partner shall establish on behalf of the Partnership a special account to be known as the "Limited Repurchase Reserve Account" ("Account"). This account shall be funded by depositing in the account _____[*describe method and source of funding, e.g.,* 2 percent of the net proceeds of the Partnership derived from the public offering of its Units (after deduction of underwriting commissions and estimated expenses of the offering)]. All funds shall be invested _____[*describe, e.g.,* in the same manner as funds held in the reserve account described in Paragraph 3.09 of this Agreement]. Any income earned by the investment of these funds must be retained in the account [*or* may be retained in the account or transferred to the general account of the Partnership, at the discretion of the General Partner *or describe other disposition*].

[*Include either of the following:*]

The repurchase of Partnership Units permitted [*if mandatory repurchases are required, add:* and conditionally required] under this Paragraph shall be paid solely from the Limited Repurchase Reserve Account and to the extent there are no available funds in that Account, any repurchase shall not be made by the Partnership.

[*OR*]

The repurchase of Partnership Units permitted [*if mandatory repurchases are required, add*: and conditionally required] under this Agreement shall be paid first, to the full extent available, from the Limited Repurchase Reserve Account. In the event additional funds are required for a repurchase, the General Partner shall determine whether or not other Partnership funds are available for a particular repurchase within the limitations expressed and conditions stated in subparagraph (a) [*if optional subparagraph (b) is used, add:* and subparagraph (b)] of this Paragraph].

(d) Purchase Price. The purchase price for each Partnership Unit shall be _____[*describe formula or method for determining price, e.g.,* the price per Unit stated in Paragraph 3.03 of this Agreement, less any cash distributions from the sale or refinancing of Partnership property previously made to the owner of the unit (including the original Limited Partner and any subsequent assignee of the original Limited Partner)].

Limit on Partnership Indebtedness

3.12. Following initial capitalization of the Partnership described in Paragraph 3.01, the Partnership shall at no time incur indebtedness that exceeds the sum of _____[*specify percentage which may not exceed 80 percent*] percent of the aggregate purchase price of Partnership properties that have not been refinanced, and _____ percent [*specify percentage which may not exceed 80 percent*] of the aggregate fair market value of all refinanced Partnership properties, as determined by the lender as of the date of refinancing. For purposes of this paragraph only, the term "indebtedness" includes the principal of any loan together with any interest that may be deferred pursuant to the terms of the loan agreement that exceeds five percent per annum of the principal balance of the indebtedness (excluding contingent participations in income and/or appreciation in the value of the Partnership property). The term excludes any indebtedness incurred by the Partnership for necessary working capital.

ARTICLE 4.
MANAGEMENT AND INVESTMENT

Management by General Partner

4.01. Except as expressly provided otherwise in this Agreement, the General Partner has full and complete management and control of the Partnership business and affairs. This authority includes, but is not limited to, the power to do any of the following:

(a) Sell, exchange, and convey any property of the Partnership, whether real or personal or mixed, except that the General Partner may not sell, convey, or encumber all or substantially all of the Partnership assets other than in the ordinary course of the Partnership's business, without the approval of at least 51 percent of the Partnership Units owned by Limited Partners.

(b) Borrow money and incur obligations on behalf of the Partnership in the name and on the credit of the Partnership, and as security for the repayment of any such obligations to mortgage or otherwise encumber property of the Partnership.

(c) Negotiate, execute, and modify leases of real or personal property owned by the Partnership in the name and on behalf of the Partnership.

(d) Prepay in whole or in part, refinance, increase, modify, or extend any obligation affecting the property of the Partnership.

(e) Authorize the purchase of and payment for by the Partnership, at a reasonable price, of all goods and materials that are necessary for prudent operation of the Partnership.

(f) Employ or retain from time to time at the expense of the Partnership, at a reasonable rate of compensation, persons who render services required for the prudent operation and maintenance of the Partnership business.

(g) Pay all attorneys' fees and accountants' fees and other organization and offering expenses incurred in the formation of the Partnership and sale of Partnership Units, provided these expenses do not exceed _____ percent [*specify percentage, up to maximum of 15 percent*] of aggregate capital contributions to the Partnership.

(h) Pay a competitive real estate commission for the sale of Partnership property, provided that the total commission paid to all persons for the sale of any Partnership property may not exceed _____ percent [*specify percentage, up to maximum of 6 percent*].

(i) Cause the Partnership to comply with all federal and state laws applicable to a California limited partnership.

(j) Execute, acknowledge, and deliver any and all instruments in writing required to effectuate any of its other powers.

Nonexclusive Services of General Partner

4.02. The General Partner shall devote itself and so much of its time to the business of the Partnership as it, in its sole discretion, deems necessary to the efficient and successful conduct of that business. The General Partner, now and at any time in the future, may engage in any other business or enterprise for its own account, including a business or enterprise that may be similar in nature to that of the Partnership.

Fiduciary Duty to Keep Funds and Assets

4.03. The General Partner has a fiduciary responsibility for the safekeeping and use of all funds and assets of the Partnership, whether or not in the General Partner's immediate possession or control. The General Partner may not employ, or permit another to employ, funds or assets of the Partnership in any manner except for the exclusive benefit of the Partnership. A Limited Partner may not waive or otherwise contract away the fiduciary duty owned to the Limited Partner by the General Partner under common law.

Payment of Expenses

4.04. All operating and administrative expenses of the Partnership must be billed directly to the Partnership, in the name of the Partnership, and must be paid by the Partnership from the total net revenue received by it from its properties.

[*If desired, add any of following, as appropriate for particular partnership:*]

Notwithstanding, the General Partner may be reimbursed by the Partnership for any of the following that have been paid directly by the General Partner: organization and offering expenses not to exceed 15 percent of aggregate capital contributions to the Partnership, acquisition expenses provided for in Paragraph 4.05(b), the actual costs of goods and materials used for or by the Partnership and obtained from any person or entity unaffiliated with the General Partner, reasonable and necessary administrative services provided by the General Partner (such as legal, accounting, or investor communication services) [*if General Partner provides property management services to Partnership (see P 4.07), add:* , and the actual, reasonable, and customary costs of on-site property management personnel].

[*Continue:*]

In no event may the General Partner be reimbursed by the Partnership for any of the following: any services for which the General Partner is entitled to a separate fee either under this Agreement or by other written agreement; administrative items that fall under the general category of overhead (including, but not limited to, rent or depreciation, utilities, capital equipment); or any administrative items incurred or allocated to any controlling person of the General Partner (as that term is defined in *Section 260.140.114.5(c) of Title 10 of the California Code of Regulations*) including, but not limited to salaries, fringe benefits, and travel expenses.

Payment of Acquisition Fees and Expenses

4.05. (a) Acquisition Fee. The Partnership may pay an acquisition fee(s) for services actually rendered and for services to be rendered directly or indirectly to the Partnership. As used in this Paragraph, "acquisition fee" means the

total of all fees and commissions paid by any party in connection with the purchase or development of property by the Partnership, except a development fee paid to a person not affiliated with the General Partner, in connection with the actual development of a project after acquisition of the land by the Partnership. Any real estate commission, acquisition fee, selection fee, development fee, non-recurring management fee, or any fee of a similar nature, however designated, shall be included in the computation of these fees or commissions. Total acquisition fees to all persons or entities may in no event exceed _____[*specify, e.g., an amount up to 18 percent of gross proceeds of the offering or other lesser percentage customary for similar activity in same geographical location for comparable property*].

[*If any acquisition fee will be paid to General Partner or affiliate, add:*]

The General Partner [*or name of affiliate*] shall receive an acquisition fee equal to $_____[*specify*], but that amount shall be reduced to the extent that other real estate commissions, acquisition fees, finder's fees, or other similar fees or commissions are paid to the General Partner [*or name of affiliate*] by any other person in connection with the transaction.

[*If Partnership will make multiple property acquisitions, add:*]

The limitations imposed above on the amount of any acquisition fee shall be applied separately to each property acquisition, with the _____[*use same percentage as above*] percent limitation computed on that portion of the gross proceeds of the Partnership offering (adjusted to include a pro rata amount of any organization and offering expenses of the Partnership) applicable to the property that is the subject of the transaction.

[*Continue:*]

Within 30 days of the _____[last] acquisition of property by the Partnership, the General Partner shall forward to the California Commissioner of Corporations a schedule that describes each acquisition made, the purchase price paid, the aggregate of all acquisition fees paid on each transaction, and such other information as the Commissioner may require. The schedule shall be verified by the General Partner under penalty of perjury.

(b) Acquisition Expenses. The Partnership shall pay only necessary and reasonable acquisition expenses. "Acquisition expenses" include, but are not limited to, legal fees and expenses, travel and communication expenses, cost of appraisals, nonrefundable option payments on property not acquired by the Partnership, accounting fees and expenses, title insurance, and miscellaneous expenses related to the selection and acquisition of properties, whether or not ultimately acquired by the Partnership. Subject to the exceptions described in this subparagraph (b), all acquisition expenses shall be billed directly to and paid by the Partnership. The Partnership may reimburse the General Partner for the actual cost of acquisition expenses incurred by the General Partner prior to the time the Partnership had available funds to pay the expenses but only if the expenses consist of goods or services provided to the Partnership by persons who are unaffiliated with the General Partner. Notwithstanding this exception, the Partnership may not directly pay or reimburse the General Partner or its affiliate for acquisition expenses consisting of salaries, fringe benefits, or miscellaneous expenses related to the evaluation, selection or acquisition of properties, unless those expenses reduce the amount of the acquisition fee permitted under subparagraph (a), above.

Partnership Management Fee

4.06. As a promotional interest and program management fee, the General Partner shall receive the amounts described in Paragraph 3.07 of this Agreement [*or if partnership property is unimproved land or government subsidized project or if general partner will be paid "asset based" fee, provide for alternative discussed in § 29C.200[1][f] and*

also revise Paragraphs 3.07 and 3.08].

[*Optional: use Paragraph 4.07 if eligible general partner (see § 29C.120, P 4) will provide property management services:*]

Real Property Management Fee

4.07. Pursuant to separate written contract, the General Partner shall provide all property management services to the Partnership that are necessary to the prudent operation of the Partnership and shall at all times provide adequate staff to perform these services. The contract may be modified in any material respect only by a vote of a majority in interest of Limited Partners and shall permit termination without penalty on 60 days' written notice. The General Partner shall be paid a real property management fee equal to _____[*specify amount of fee, which is usually a percentage of yearly gross revenues, with specific maximum percentage that varies depending on type of property and geographic location (see 29C.130[3[[b], P 6; 10 Cal. Code Reg. § 260.140.113.8(a))*]. All amounts paid for bookkeeping services and fees paid to persons unaffiliated with the General Partner for property management services shall be included in this property management fee. [*If actual cost of on site property management personnel is to be paid in addition to basic property management fee, add:* The property management fee payable under this subparagraph does not include the actual cost of on site property management personnel that the General Partner is authorized, at the expense of the Partnership, to employ for the prudent management and operation of the Property].

Real Estate Brokerage Commission on Resale of Property

4.08. The total compensation paid to all persons for the sale of a Partnership property shall not exceed a competitive real estate commission based on the geographic location of the property, and in any event, may not exceed six percent of the contract price for the sale of the property. Neither the General Partner nor any affiliate of the General Partner may be granted an exclusive right to sell or exclusive employment to sell any property of the Partnership.

[*If general partner will provide brokerage services, add:*]

If the General Partner provides a substantial amount of real estate brokerage services in the sale of any Partnership Property, the General Partner may receive a real estate brokerage commission equal to _____ percent [*specify percentage, up to maximum of 3 percent*] of the sale price of the property, provided the commission is subordinated in the same manner as the distributions payable to the General Partner under Paragraph 3.07 of this Agreement. If the General Partner participates with an independent broker in the resale of property, only the commission earned by the General Partner need be subordinated.

[*Optional: use Paragraph 4.09 if eligible general partner (see § 29C.120, P 5) will provide insurance brokerage services:*]

Insurance Services Provided by General Partner

4.09. The General Partner may provide insurance brokerage services in connection with obtaining insurance on the Partnership property, but only if the cost of providing the insurance, including the cost of the insurance, is no greater than the lowest quote obtained from two unaffiliated insurance agencies and the coverage and terms are likewise comparable.

Conflict of Interest Restrictions

[*The restrictions below are not mandatory; rather, the described actions are permitted if certain conditions and requirements of the Commissioner's regulations are satisfied (see § 29C.130[3][c], PP 4-11, and § 29C.130[3][b], P 5 (detailed list of conditions and requirements).*]

4.10. The Partnership shall not, and the General Partner shall have no power or authority to allow or permit the Partnership to:

(a) Purchase or lease property in which the General Partner or an affiliate of the General Partner has an interest;

(b) Sell or lease property to the General Partner or any affiliate of the General Partner;

(c) Obtain financing (permanent or otherwise) from the General Partner or its affiliate;

(d) Make a loan to the General Partner or any affiliate of the General Partner [*if optional paragraph 4.16(e) is used, add:* , except as provided in Paragraph 4.16(e) of this Agreement];

(e) Acquire any property from any other real estate syndicate in which the General Partner or its affiliate has an interest;

(f) Exchange Partnership Units in the Partnership for any property other than money;

(g) Invest in general partnership or joint venture with any other entity;

(h) Invest in general partnership interests of any other limited partnership;

(i) Invest in limited partnership interests of any other limited partnership; or

(j) Permit the General Partner or any affiliate of the General Partner to construct or develop Partnership properties, or render any services in connection with that development or construction.

Rebates and Reciprocal Arrangements

4.11. The General Partner may not accept or receive any rebates, kickbacks, or similar payments because of transactions involving the Partnership, nor may the General Partner participate in any reciprocal business arrangements that would circumvent the provisions of this Paragraph, this Agreement, or any provision of law. The General Partner, underwriter, dealer or salesman of Limited Partnership Units may not directly or indirectly pay or award any finder's fees, commissions, or other compensation to any person engaged by a potential Limited Partner for investment advice as an inducement to that advisor to advise or recommend the purchase of Limited Partnership Units. This latter prohibition does not prohibit the lawful payment of a sales commission ordinarily payable to a registered broker-dealer or other properly licensed person for selling Limited Partnership Units.

Commingling and Interests in Other Partnership

4.12. Except as this Agreement may specifically otherwise authorize, the funds of the Partnership shall not be commingled with the funds of any other entity or person.

Mortgage Financing

4.13. (a) Permitted Financing. Except as provided in subparagraph (c), below, all mortgage financing obtained by the Partnership or retained on any property acquired by the Partnership must provide for one of the following:

(1) Equal periodic payments (except for differences attributable to adjustable rate loans) on a schedule sufficient to fully amortize the loan over a 20-40-year period;

(2) Payments of interest only for a period not greater than 10 years, with the remaining balance payable in equal periodic payments on a schedule sufficient to fully amortize the loan over a 20-30-year period;

(3) Payments of a portion of stated interest currently, and the deferral of remaining interest for a period not greater than 5 years, with the remaining principal and interest payable in equal periodic payments on a schedule sufficient to fully amortize the loan over a 20-35-year period (provided that the amount of deferred interest is included in calculating the 25 percent exception referred to in subparagraph (c), below).

(b) Balloon Payments. The Partnership shall not obtain any financing (including all-inclusive and wrap-around loans and interest-only loans) that provides for any balloon payment to become due any sooner than the earlier of either: ten years from the date the Partnership acquires the property, or two years beyond the anticipated holding period of the property stated in the Partnership prospectus (provided that no balloon payment may become due sooner than seven years from the date the Partnership acquires the property).

(c) Inapplicability of Restrictions. The restrictions described in subparagraphs (a) and (b), above, do not apply to the following:

(1) Financing representing, in the aggregate, 25 percent or less of the total purchase price of Partnership properties or 25 percent or less of the fair market value of properties that have been financed subsequent to acquisition;

(2) Interim financing, including construction financing, with a full take-out commitment for financing that complies with subparagraphs (a) or (b), above; or

(3) The Partnership establishes a reserve equal to the amount of any balloon payment and holds the reserve for the purpose of the balloon payment.

Execution of Conveyances

4.14. The General Partner has and is granted full power and authority to sign, execute, acknowledge, and deliver in the name and on behalf of the Partnership any deed, deed of trust, lease, contract of sale, bill of sale, or other instrument as to property owned by, held by, or being purchased by the Partnership.

Appraisal of Real Property

4.15. All real property acquired by the Partnership shall be appraised by a competent, independent appraiser before it is acquired by the Partnership, and the acquisition price to the Partnership must be supported by the appraisal. A copy of any appraisal obtained by the Partnership must be maintained in the General Partner's records for at least 5 years after the date of the appraisal.

Indemnification of General Partner

4.16. (a) General Restrictions. Except as otherwise provided in this Paragraph 4.16, the Partnership shall not indemnify the General Partner for any liability or loss suffered by the General Partner, and shall not hold the General Partner harmless for any loss or liability suffered by the Partnership, unless:

(1) The General Partner has determined, in good faith, that the course of conduct that caused the loss or

liability was in the best interests of the Partnership;

(2) The General Partner was acting on behalf of or performing services for the Partnership; and

(3) The liability or loss was not the result of gross negligence or gross misconduct by the General Partner.

(b) Indemnification by the Partnership or the Partnership's agreement to hold the General Partner harmless under the circumstances described in subparagraph (a), above, is recoverable only from and may be enforced only against the assets of the Partnership and not from or against the Limited Partners, individually or collectively.

(c) Notwithstanding subparagraph (a), above, the General Partner shall not be indemnified for any losses, liabilities, or expenses arising from or out of an alleged violation of federal or state securities laws unless:

(1) There has been a successful adjudication on the merits of each count involving alleged securities law violations as to the particular indemnitee;

(2) The claims have been dismissed with prejudice on the merits by a court of competent jurisdiction as to the particular indemnitee; or

(3) A court of competent jurisdiction approves a settlement of the claims against a particular indemnitee and finds that indemnification of the settlement and related costs should be made (provided that prior to seeking court approval, the court has been apprised of the position of the California Commissioner of Corporations and the Securities and Exchange Commission with respect to indemnification for securities laws violations).

(d) The Partnership shall not pay or incur the cost of any portion of liability insurance that insures the General Partner for any liability for which the General Partner may not be indemnified under this Agreement.

[*Optional:*]

(e) The Partnership may advance funds to the General Partner for legal expenses and other costs incurred as a result of any legal action, but only under the following circumstances:

(1) The legal action relates to acts or omissions with respect to the performance of duties or services on behalf of the Partnership;

(2) The legal action is initiated by a third party who is not a Limited Partner, or legal action is initiated by a Limited Partner and a court of competent jurisdiction specifically approves the advancement; or

(3) In cases in which the General Partner is not entitled to indemnification under the provisions of this Agreement, the General Partner agrees in writing and undertakes to repay any advanced funds [*if obligation must be secured, add:* and that agreement and undertaking is secured as follows _____ (*describe security required*)].

ARTICLE 5.
ASSIGNMENT AND TERMINATION OF INTERESTS

[*Optional; use Paragraph 5.01 to prohibit general partner from assigning or encumbering its interest in partnership:*]

Assignment by General Partner

5.01. The General Partner may not assign or encumber its interest in the Partnership. [*If Paragraph 5.06 (Alternative 1) is used, add:* However, if the General Partner ceases to be General Partner of the Partnership and becomes a Limited Partner as provided in Paragraph 5.06, the former General Partner may assign its interest in the Partnership to the same extent and subject to the same limitations as a Limited Partner, as provided in Paragraph 5.02.]

Assignment by Limited Partners

5.02. A Limited Partner may assign and transfer any full, but not fractional, Partnership Units owned by the Partner at any time. The assignment shall be effective as to the Partnership when a written notice of assignment for the assigned Partnership Units signed by the Assignor and specifying the name and address of both the Assignor and Assignee are received by the General Partner at the principal place of business of the Partnership.

5.03. [Reserved]

Death of Limited Partner

5.04. If a Limited Partner who is an individual either dies, the deceased Limited Partner's personal representative or other legal representative may exercise the rights of a transferee under *Corporations Code Section 15907.02*. For purposes of settling the estate, the representative may exercise the rights of a current limited partner under *Corporations Code Section 15903.04*.

Termination of General Partner

5.05. (a) Causes of Dissociation of General Partner. The General Partner shall cease to be a General Partner of the Partnership on the occurrence of any of the events specified in *Corporations Code Section 15906.03*, including voluntary withdrawal from the Partnership, or removal in accordance with Paragraph 2.06(b) of this Agreement.

(b) Election to Continue Business or Dissolve. During the period beginning on the occurrence of any event that results in the General Partner ceasing to be a General Partner and ending _____[*specify time period (see Corp. Code § 15908.01; see also 10 Cal. Code Reg. § 260.140.116.2(a))*] thereafter (the "transition period"), the Limited Partners shall vote, as provided in Paragraph 2.06 of this Agreement, either: (1) to dissolve and wind up the Partnership; or (2) to continue the existence of the Partnership, in which event they shall also elect a new General Partner. For purposes of continuing the existence of the Partnership, an election by the Limited Partners to continue the existence of the Partnership shall be effective as of the date the General Partner ceased to be a General Partner of the Partnership. Failure by the Limited Partners to elect a new General Partner within the transition period shall be deemed to be a vote by the Partnership to dissolve and wind up.

[*Optional:*]

Effective immediately on the occurrence of any event that causes the General Partner to cease to be General Partner of the Partnership, _____[*name of entity or individual*] shall serve as successor General Partner of the Partnership for the limited purposes of continuing the existence of the Partnership and preserving the tax status of the Partnership. The successor General Partner shall have no authority under this Agreement or otherwise to manage or control the Partnership and shall not take any action that adversely affects the Partnership or the Limited Partners. The successor General Partner shall serve only until such time as the Limited Partners either vote to dissolve the Partnership or to elect a new General Partner to continue the business of the Partnership.

Rights of Terminated General Partner

5.06. (a) Valuation of Interest. If the General Partner ceases to be a General Partner of the Partnership and the business of the Partnership continues, the new General Partner shall determine all amounts then accrued and owing to the terminated General Partner and the then present fair market value of the terminated General Partner's interest in the Partnership. These determinations shall be made not later than _____[*specify time period, e.g.,* 120 days after occurrence of the event that caused the General Partner to cease to be General Partner of the Partnership]. The fair market value of the terminated General Partner's interest shall be the amount the terminated General Partner would receive upon dissolution and termination of the Partnership, assuming that the dissolution or termination occurred on the date of the terminating event and the assets of the Partnership were sold for their then fair market value without any compulsion on the part of the Partnership to sell the assets. However, from the fair market value so determined shall be deducted any damages resulting to the Partnership from a General Partner's voluntary withdrawal from the Partnership in breach of this Agreement. The valuation by the new General Partner of the fair market value of the terminated General Partner's interest (as adjusted, if necessary, for damages described above) shall be deemed approved by the terminated General Partner and shall become binding on it unless within 30 days after receiving the written valuation, the former General Partner notifies the new General Partner in writing of an objection to the valuation. In that case, the matter shall be settled by arbitration under the then current rules of the American Arbitration Association. Judgment on arbitration awards may be entered by any court with appropriate jurisdiction. The costs of this arbitration shall be borne equally by the terminated General Partner and the Partnership.

(b) Payment of Interest. Not later than _____[*specify, e.g,* 30 days after final agreement or judicial determination of the fair market value of the terminated General Partner's interest in the Partnership], the Partnership shall pay to a terminated General Partner the fair market value of the terminated General Partner's interest in the Partnership, as determined in accordance with subparagraph (a), above. Payment of this amount shall terminate all interests of the terminated General Partner in Partnership income, losses, distributions, and capital provided for under this Agreement. Payment to the terminated General Partner shall be made as follows: _____[*describe fair method of payment which protects solvency and liquidity of partnership, e.g., see examples listed in 10 Cal. Code Reg. § 260.140.111.6*].

ARTICLE 6.
PARTNERSHIP MEETINGS

Call and Place of Meetings

6.01. Meetings of the Limited Partners to vote on any matters that the Limited Partners are entitled to vote on may be called at any time by the General Partner, or by one or more Limited Partners holding not less than 10 percent of the outstanding limited partnership interests by delivering a written request for a meeting to the General Partner. Meetings shall be held at the Partnership's principal place of business designated in Paragraph 1.04.

Notice of Meeting

6.02. The General Partner shall give written notice of a meeting to all Limited Partners entitled to vote at the meeting. This notice shall be given either personally or by first class mail not less than 10 nor more than 60 days prior to the date of the meeting. The notice shall state the place, date, and hour of the meeting. If the meeting has been called by one or more Limited Partners pursuant to Paragraph 6.01, the meeting date must be set for the date specified in the written request for a meeting delivered to the General Partner, provided that date is not less than 15 nor more than 60 days after the date on which the request is received by the General Partner. The notice shall also state the general nature of business to be transacted and shall be accompanied by a detailed statement of the proposed action, including a verbatim statement of the wording of any resolution proposed for adoption by the Limited Partners and of any proposed amendment to this Agreement. Notice of any meeting must be accompanied by proxies or written consents that specify

a choice between approval and disapproval of each matter to be acted upon at the meeting.

Quorum

6.03. A quorum at any meeting of Limited Partners must consist of _____[*specify, e.g.*, a majority of the voting power of the Limited Partners, represented in person or by proxy]. The Limited Partners present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment, notwithstanding the withdrawal of enough Limited Partners to leave less than a quorum, if the action taken, other than adjournment, is approved by the requisite percentage of Partnership Units specified in this Agreement.

Adjournment for Lack of Quorum

6.04.

[*See Paragraph 6.05 of § 29B.200 in Ch. 29B, Nonpublic Real Estate Syndicates*].

Action Without Meeting by Written Consent

6.05.

[*See Paragraph 6.06 of § 29B.200 in Ch. 29B, Nonpublic Real Estate Syndicates*].

Proxies

6.06.

[*See Paragraph 6.07 of § 29B.200 in Ch. 29B, Nonpublic Real Estate Syndicates*].

Fixing Record Date

6.07.

[*See Paragraph 6.08 of § 29B.200 in Ch. 29B, Nonpublic Real Estate Syndicates*].

ARTICLE 7.
BOOKS, RECORDS, AND REPORTS

Books of Account

7.01. At all times during the continuance of the Partnership, the General Partner shall keep complete and accurate books of account in which all matters relating to the Partnership, including all income, expenditures, assets, and liabilities, shall be entered. The books of account shall be kept on a _____[cash *or* accrual] basis of accounting in accordance with generally accepted accounting practices.

Access to Books and Records

7.02. The books of account of the Partnership and all records of the Partnership shall be maintained by the General Partner at the address specified in Paragraph 1.04 of this Agreement and shall be available, on request, for inspection and copying by any Limited Partner or the Partner's designated representative at all times between 9:00 A.M. and 5:00 P.M. Monday through Friday, federal and California legal holidays excepted.

Fiscal Year

7.03. The fiscal year of the Partnership shall end on the _____ day of _____[*month*] each year.

Required Records

7.04. The General Partner shall keep at the address specified in Paragraph 1.04 of this Agreement all of the following records:

(a) A current list of the full name and last known street or mailing address of each Partner, separately identifying the general partners, in alphabetical order, and the limited partners, in alphabetical order

(b) A copy of the initial Certificate of Limited Partnership, any certificates of amendment or restatement, and executed copies of any powers of attorney pursuant to which any certificate has been executed.

(c) Copies of the Partnership's federal, state, and local income tax or information returns and reports, if any, for the six most recent taxable years.

(d) Copies of this Agreement and any amendments to the Agreement.

(e) Financial statements of the Partnership for the six most recent fiscal years.

(f) A copy of any filed certificate of conversion or merger.

(g) A copy of any record made by the Partnership during the past three years of any consent given by or vote take of any partner pursuant to the Uniform Limited Partnership Act of 2008 or this Partnership Agreement.

(h) Unless contained in partnership agreement made in record:

(1) Amount of cash, and description and statement of agreed value of other benefits, contributed and agreed to be contributed by each partner;

(2) Times at which or events upon which additional contributions agreed to be made by each partner are to be made;

(3) For person that is both general and limited partner, specification of what transferable interest person owns in each capacity; and

(4) Any events upon which limited partnership will be dissolved and activities wound up.

Access to Records by Limited Partners

7.05. Each Limited Partner has the right, on 10 days' demand to inspect and copy during normal business hours any of the Partnership records required to be maintained pursuant to Paragraph 7.04 of this Agreement, provided, however, that the Limited Partner shall pay any reasonable copying charge imposed by the Partnership.

Information Regarding Partnership Activities

7.06. A limited partner has the right to obtain from the Partnership, during regular business hours at a reasonable location specified by the Partnership, true and full information regarding the state of the activities and financial

condition of the Partnership and other just and reasonable information regarding its activities if:

(1) The Limited Partner seeks the information for a purpose reasonably related to the partner's interest as a limited partner;

(2) The Limited Partner makes the demand in a record received by the Partnership, describing with reasonable particularity the information sought and purpose for which sought; and

(3) The information sought is directly connected to the Limited Partner's purpose.

Annual Financial Report

7.07. Not less than 120 days after the end of each fiscal year of the Partnership, the General Partner shall cause to be prepared and distributed to each Limited Partner an annual report containing:

(a) Audited financial statements for the fiscal year (balance sheet, statement of income, statement of partners' equity, and statement of cash flows) prepared in accordance with generally accepted accounting principles, accompanied by an independent auditor's report (which may contain a qualified opinion or explanatory paragraph).

(b) A report of the Partnership activities during the period covered by the report.

(c) A schedule of all distributions to Limited Partners, identifying the source of each distribution.

(d) A schedule of all compensation paid and distributions made to the General Partner or its affiliates, which includes a description of the services performed and identifies the source of each distribution, and also includes a breakdown of costs reimbursed to the General Partner (with verification of the allocation of these costs to the Partnership by an independent certified public accountant).

[*If limited partners were previously provided with forecasts of predicted future results of Partnership operations, add:*]

(e) A table comparing forecasts previously provided to the Limited Partners of predicted future results of Partnership operations with actual results of Partnership operations for the period covered by the report.

Tax or Information Return Data

7.08. Not later than 75 days after the end of the Partnership's fiscal year, the General Partner shall cause to be prepared and distributed to each Limited Partner all information necessary for the preparation of the Limited Partners' federal and state income tax or information returns.

[*Use Paragraph 7.09 only if partnership agreement authorizes levying of assessments against limited partners (see 10 Cal. Code Reg. § 260.140.116.8) or if partnership permits deferred payments for purchase of limited partnership interests (see 10 Cal. Code Reg. § 260.140.118.1):*]

Other Required Reports

7.09. Within 75 days after the end of the Partnership's fiscal year, the General Partner shall provide the following to the Limited Partners: (1) a detailed statement of any assessments levied against Limited Partners during the fiscal year, including a description of how and where the proceeds derived from the assessments were applied; and (2) for any fiscal year in which there remains an unpaid balance of mandatory deferred payments for the purchase of Limited Partnership interests, a detailed statement of the status of all mandatory deferred payments, actions taken by the Partnership in

response to any defaults, and a discussion and analysis of the impact of the outstanding payments on capital requirements of the Partnership.

[*Use Paragraph 7.10 only if syndicate is registered under Section 12 of Securities Exchange Act of 1934:*]

Quarterly Financial Report

7.10. Within 60 days after the end of each quarter of the Partnership, the General Partner shall provide to each Limited Partner a quarterly report containing:

(a) A balance sheet, which may be unaudited;

(b) A statement of income for the quarter, which may be unaudited;

(c) A cash flow statement for the quarter, which may be unaudited; and

(d) Any other pertinent information regarding the Partnership and its activities during the quarter.

[*If assessments on limited partners are authorized (see Paragraph 3.06 (second alternative) of this agreement), add:*]

(e) A detailed statement of any assessments levied against Limited Partners during any quarter, with a description of how and where the proceeds derived from the assessments were applied.

[*If partnership permits purchase of limited partnership interests on mandatory deferred payment basis, add:*]

(f) For any quarter in which there remains an unpaid balance of mandatory deferred payments for the purchase of Limited Partnership interests, a detailed statement of the status of all mandatory deferred payments, actions taken by the Partnership in response to any defaults, and a discussion and analysis of the impact of outstanding payments on capital requirements of the Partnership.

Records of Investor Suitability

7.11. The Partnership shall maintain for a period of at least four years the following information for each Limited Partner: (1) A record of the information obtained to determine that the Limited Partner meets the purchaser suitability standards set forth in the Prospectus; and (2) either a representation by the Limited Partner that he or she is investing for his or her own account or information indicating that the Limited Partner for whose account the investment was made met the suitability standards.

Retention of Real Property Appraisals

7.12. All real property appraisals obtained by the Partnership shall be maintained for at least 5 years after the date of the appraisal.

Agent of Limited Partner

7.13. Any right granted to a Limited Partner under this Agreement to request, inspect, or copy Partnership records or information may be exercised by a Limited Partner's agent, attorney, or other authorized representative, provided the Partnership is provided with written authorization, signed by the Limited Partner.

ARTICLE 8.
DISSOLUTION OF PARTNERSHIP

Events Causing Dissolution

8.01. Notwithstanding any other provision of this Agreement, the Partnership shall terminate and dissolve upon the first to occur of the following events:

(a) The written decision of the General Partner and a majority in interest of the Limited Partners to dissolve and terminate the Partnership.

(b) The expiration of the term of the Partnership as stated in Paragraph 1.06 of this Agreement.

(c) The General Partner ceases to be General Partner under circumstances described in Paragraph 5.05, unless before the end of that period the Limited Partners owning a majority of the rights to receive distributions as Limited Partners consent to continue the activities of the Limited Partnership and admit at least one General Partner, and at least one person is admitted as a General Partner in accordance with the consent.

(d) The Partnership's last Limited Partner ceases to be a Limited Partner, unless before the end of the period specified in *Corporations Code § 15908.01(d)* the Partnership admits at least one Limited Partner.

(e) Pursuant to an action filed by a Partner, a court of competent jurisdiction decrees the dissolution of the limited partnership.

Responsibility for Winding Up

8.02. Upon dissolution of the Partnership, the affairs of the Partnership shall be wound up by the General Partner or, if there is no General Partner, by a person appointed in accordance with *Corporations Code Section 15908.03*. If the Limited Partners wind up the Partnership's affairs, they _____[shall *or* shall not] be entitled to reasonable compensation.

Liquidation and Distribution

8.03. The person or persons responsible for winding up the affairs of the Partnership pursuant to Paragraph 8.02 of this Agreement shall take full account of the Partnership assets and liabilities and shall liquidate the assets of the Partnership as promptly as is consistent with obtaining their fair value. Subject to the requirements of Paragraph 2.09, the proceeds shall be applied and distributed in the following order:

(a) To creditors, including partners who are creditors to the extent permitted by law, in satisfaction of liabilities of the Partnership other than liabilities for any of the following:

(1) Distributions, if any, that may be owing to Partners under Paragraph 3.07 of this Agreement; or

(2) Distributions, if any, that may be owing to a former General Partner under Paragraph 5.06.

[*Continue with priority, e.g.:*]

(b) To Partners in satisfaction of distributions owing to them under Paragraph 3.07 and to a former General Partner in satisfaction of any amount owing under Paragraph 5.06.

ARTICLE 9.
MISCELLANEOUS

Definition of "Affiliate"

9.01. For purposes of this Agreement, an "affiliate" of the General Partner means the following:

(a) Any persons directly or indirectly controlling, controlled by or under common control with the General Partner;

(b) Any person owning or controlling ten percent or more of the outstanding voting securities or beneficial interests of the General Partner;

(c) Any officer of, director of, partner of, trustee of, or anyone acting in a substantially similar capacity with respect to, the General Partner;

(d) Any person who is an officer, director, partner, trustee, or holder of ten percent or more of the voting securities or beneficial interests of any person described in subparagraphs (a)-(c), above; or

(e) Any entity of which any of the persons described in subparagraphs (a)-(d), above, is an officer, director, partner, or trustee, or with respect to which the General Partner serves in a substantially similar capacity.

Amendment of Agreement

9.02. This Agreement may be amended by the General Partner with the written consent or affirmative vote of at least a majority of the outstanding interests of the Limited Partners. The Agreement may also be amended by a majority of the outstanding interests of the Limited Partners, without the necessity of obtaining the concurrence of the General Partner.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART IV. FORMS

13-29C California Legal Forms--Transaction Guide § 29C.201

§ 29C.201 Limited Partnership Agreement Provisions for Nonspecified Property Syndicate

[1] Comment

[a] Use of Form

This form contains various provisions for a limited partnership agreement of a nonspecified property real estate syndicate [*see § 29C.12* (definition)]. The provisions cover matters regulated by the Commissioner's special regulations for this type of syndicate [*see 10 Cal. Code Reg. §§ 260.140.115.1-260.140.115.6*]. A nonspecified property syndicate is subject to these special regulations, in addition to all of the other general regulations that apply to a real estate syndicate subject to qualification with the California Commissioner of Corporations [*see 10 Cal. Code Reg. §§ 260.140.110.1-260.140.119.1*]. For a detailed outline of the regulatory requirements that pertain to the provisions of this form, see *§ 29C.130[3][c]*, P 12. For the most part, the provisions below may be added to the complete partnership agreement in *§ 29C.200[2]*, with appropriate renumbering of paragraphs and other revisions made as necessary for internal consistency.

By definition, a limited partnership is considered to be a nonspecified property syndicate under either of the following circumstances: (1) the partnership, at the time of its initial qualification is effective, has 75 percent or less of the net proceeds from its initial offering allocated to the purchase, construction, or improvement of specific properties; or (2) the partnership permits the reinvestment of proceeds obtained from the sale or refinancing of partnership properties [*see 10 Cal. Code Reg. § 260.140.110.2(o)*; *see also § 29C.200[1][e]*]. If the partnership is considered a nonspecified property syndicate under the first set of circumstances, the first provision in the form below, which describes the business and purpose of the partnership, should be substituted for Paragraph 1.03 of the agreement in *§ 29C.200[2]* since that Paragraph 1.03 describes an appropriate business purpose for a specified property syndicate. If the partnership is considered a nonspecified property syndicate under the second set of circumstances described above, the partnership agreement in *Section 29C.200[2]* must be modified to authorize the reinvestment of sale or refinancing proceeds and to change the distributions otherwise payable to partners [*see § 29C.200[1][e]*].

[b] Other Regulatory Requirements

Some of the Commissioner's regulations for a nonspecified property syndicate do not apply specifically to the

partnership agreement but rather pertain to the formation and operation of the limited partnership. For example, a nonspecified property syndicate may not commence business until it has obtained minimum gross proceeds from its initial offering of at least $1,000,000 (after payment of all organizational and offering expenses) [*10 Cal. Code Reg. § 260.140.115.1*]. Also, the experience requirements for a general partner of a nonspecified property syndicate are more stringent than those that apply to the general partner of a specified property syndicate [*see 10 Cal. Code Reg. § 260.140.115.2*]. The partnership prospectus must also contain additional information not specifically required for a specified property syndicate prospectus [*see 10 Cal. Code Reg. §§ 260.140.115.3, 260.140.115.6*; *see also, e.g.* Article 4, second, third, and fourth paragraphs of form].

[2] FORM

Limited Partnership Agreement Provisions for Nonspecified Property Syndicate

ARTICLE 1. FORMATION OF PARTNERSHIP

Business and Purpose of Partnership

_____. The purpose of the Partnership is to acquire, own, operate, improve, lease, and sell income-producing real property and to engage in any and all general business activities related or incidental to that purpose. [*If partnership is limited as to type of property in which it may invest, add:* The Partnership shall invest its capital in the following types of real property only: _____ (*describe type of property, e.g., office buildings or new apartment projects or other*)].

ARTICLE 3. CAPITAL AND FINANCE

[*Optional:*]

Temporary Investment of Proceeds

_____. Until the time the net proceeds received by the Partnership from the initial offering of Partnership Units are invested in real property, the proceeds may [*or* shall] be temporarily invested in short-term highly liquid investments that provide appropriate safety of principal, such as United States Treasury Bonds or Bills [*or designate specific type of investment that meets these requirements*].

Refund of Uninvested Proceeds

_____. Any net proceeds received by the Partnership from its initial offering of Partnership Units that are not invested in real property within the later of two years from the effective date of the Partnership's qualification with the California Commissioner of Corporations or one year after the Partnership's initial offering is terminated [*if approved by Commissioner for partnership that provides for deferred payments for Partnership interests, add:* or six months from the last scheduled mandatory deferred payment date for the purchase of Partnership Units] shall, except for any amounts that may be necessary for operating capital of the Partnership, be distributed to the Limited Partners, in accordance with the number of Partnership Units owned by each, as a return of their capital contribution.

ARTICLE 4. MANAGEMENT AND INVESTMENT

Specific Investment Restrictions

_____. (a) Unimproved Property. The Partnership shall not acquire any unimproved or non-income producing property unless it is able to do so on terms that can be financed by the proceeds received by the Partnership from its initial offering of Partnership Units or from the cash available for distribution from operations of the Partnership (as that term is defined in Paragraph _____[*specify (see § 29C.200[2], P 3.07(e) for example)*] of this Agreement). In any event, investments in unimproved or non-income producing property may not exceed _____ percent [*specify percentage which may not exceed 25 percent*] of the gross proceeds received by the Partnership from its initial offering of Partnership Units. For purposes of this limitation, properties that are expected to produce income within a reasonable period of time shall not be considered non-income producing, and two years shall be presumed to be a reasonable period of time.

(b) *Junior Trust Deeds*. The Partnership may not invest in junior trust deeds or other similar obligations, except for junior trust deeds that arise from the sale of Partnership properties.

Mortgage Financing

_____. All mortgage financing obtained to acquire Partnership properties, including, but not limited to, the use of any all-inclusive note or wrap-around mortgage and the maximum permitted financing leverage, shall satisfy the requirements set forth in the Partnership prospectus and all of the following requirements _____[*set forth all requirements, e.g., those in P 4.13 of § 29C.200[2]*].

Joint Venture Arrangements

_____. The Partnership shall not enter into any joint venture arrangements except as may be described in the Partnership prospectus.

[*Optional: use if general partner is also general partner of one or more other syndicates that seek to acquire property similar to that to be acquired by this syndicate:*]

Allocation of Property Acquisitions

_____. The General Partner does, and is permitted under this Agreement to, serve as general partner for one or more other real estate syndicates that seek to acquire real property similar in type to that which this Partnership will acquire. In allocating the acquisition of properties between or among this Partnership and any other syndicate(s), the General Partner shall at all times strictly adhere to the requirements of the acquisition allocation plan described in the Partnership prospectus.

ARTICLE 7. BOOKS, RECORDS, AND REPORTS

Special Reports of Acquisitions

_____. Until the proceeds received by the Partnership from the sale of Partnership Units have been fully invested or returned to the Limited Partners pursuant to Paragraph _____ of this Agreement, a Special Report of real property acquisitions shall be sent to all Limited Partners by the Partnership within 60 days after the end of each quarter during which the Partnership has acquired real property. [*Consider adding, if syndicate is registered under § 12 of Securities Exchange Act of 1934 (see 10 Cal. Code Reg. § 260.140.116.3(a)):* This report may be a part of the

quarterly report described in Paragraph _____ (*specify [see § 29C.200[2], P 7.10 for example]*) of this Agreement. Whether or not it is included in the quarterly report,] This special report shall contain the following information:

(a) The location and a description of the general character of all materially important real properties acquired or presently intended to be acquired by or leased to the syndicate, during the quarter.

(b) The present or proposed use of those properties and their suitability and adequacy for such use.

(c) The terms of any material lease affecting the property.

(d) The proposed method of financing, including estimated down payment, leverage ratio, prepaid interest, balloon payment(s), prepayment penalties, due-on-sale or encumbrance clauses, possible adverse effects of these clauses, and similar details of the proposed financing plan.

(e) A statement that title insurance and any required construction, permanent, or other financing and performance bonds or other assurances with respect to builders have been or will be obtained on all properties acquired.

(f) A statement of the amount of Partnership proceeds that remain uncommitted or unexpended, stated as both a dollar amount and percentage of the total amount of the Partnership's initial offering proceeds.

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART IV. FORMS

13-29C California Legal Forms--Transaction Guide § 29C.202

§ 29C.202 Cross-Reference Sheet for Application for Qualification

[1] Comment

[a] Use of Form

This form is a suggested format for the cross-reference sheet that must be submitted with an application for qualification of a real estate syndicate. The sheet must show the location in the prospectus, partnership agreement, or other documents or exhibits, of compliance with, or variance from, all of the provisions of the Commissioner's regulations for real estate syndicates [*10 Cal. Code Reg. § 260.140.110.1(c)*; *see 10 Cal. Code Reg. §§ 260.140.110.1-260.140.119.1* (applicable regulations)]. Requirements and/or provisions of designated regulations are specifically required to be included in the partnership agreement [*see 10 Cal. Code Reg. § 260.140.119.1*]. Part I of the cross-reference sheet below should be used to satisfy these requirements.

If the prospectus or partnership agreement contains any provision which varies from requirements of a regulation, the cross-reference sheet must contain a concise statement explaining and justifying each variance [*see* pt. III of cross-reference sheet]. If any of the regulations are inapplicable to a particular syndicate, a statement to that effect must be included in the cross-reference sheet [*10 Cal. Code Reg. § 260.140.110.1*; *see* pt. II of cross-reference sheet].

[b] General Applicability of Commissioner's Regulations

The guidelines contained in the Commissioner's regulations apply to qualifications of real estate syndicates in the form of limited partnerships but will also be applied by analogy to real estate programs in other forms. As a general rule, applications that do not conform to the standards contained in the Commissioner's regulations are looked upon with disfavor. However, where good cause is shown, certain guidelines may be modified or waived by the Commissioner [*10 Cal. Code Reg. § 260.140.110.1(a)*]. Where the individual characteristics of a particular program warrant modification from the regulatory standards, they will be accommodated to the extent possible if they are consistent with the spirit of the Commissioner's regulations [*10 Cal. Code Reg. § 260.140.110.1(b)*]. In the event of any conflict between requirements of the Securities and Exchange Commissioner and the Commissioner's regulations, the regulations do not apply [*10 Cal. Code Reg. § 260.140.110.1(d)*].

[2] FORM

Cross-Reference Sheet for Application for Qualification

CROSS-REFERENCE SHEET

This cross-reference sheet is submitted in conjunction with the application for qualification of [*name of limited partnership*], a limited partnership. Part I shows the location in the partnership agreement, prospectus, and application for qualification, where required provisions of the Commissioner's regulations for real estate programs [*10 Cal. Code Reg. §§ 260.140.110.1-260.240.119.1*] are covered. Part II lists all regulations that do not apply to this offering. Part III explains any provisions of this offering that vary from those contained in the regulations. All references and citations to "Regulations" are to Title 10 of the California Code of Regulations.

I. Location of Required Provisions

A. Limited Partnership Agreement

Regulation.....Location in Agreement

[*List all regulations set forth in 10 Cal. Code Reg. § 260.140.119.1 (regulations which must be included in partnership agreement) and, for each regulation, cross-refer to appropriate provision of partnership agreement where provisions of that regulation are covered. If any required regulations do not apply to particular partnership or if partnership agreement contains provisions which vary from requirements of these regulations, list those, as appropriate, in pt. II and pt. III, below.*]

B. _____ [Prospectus *or* Offering Circular *or other disclosure document*]

Regulation.....Location in Prospectus

[*List all of Commissioner's regulations which apply to the prospectus (or equivalent disclosure document)(e.g., see § 29C.131) and, for each regulation, cross-refer to appropriate provision of prospectus where provisions of that regulation are covered.*]

C. Application for Qualification

Regulation.....Location in Application or Exhibit

[*List all of Commissioner's regulations which apply to the application for qualification (e.g., see § 29C.121) and, for each regulation, cross-refer to appropriate provision of application (or exhibit) where provisions of that regulation are covered.*]

II. Inapplicable Regulations

The following regulations are inapplicable to this offering: [*list all inapplicable regulations, if any*].

[*If necessary, add*:]

III. Variances From Regulations

The _____[*relevant document(s), e.g., partnership agreement, prospectus, application for qualification or other*] contains the following provisions that vary from the Commissioner's regulations, for the reason(s) stated: [*describe specific variation and concisely explain or justify variance*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART IV. FORMS

13-29C California Legal Forms--Transaction Guide § 29C.203

§ 29C.203 Limited Partner Information Sheet

[1] Comment

[a] Use of Form

This form is an information sheet that should be completed by every potential investor in a real estate syndicate when the offering and sale of interests in the syndicate must be qualified by the California Commissioner of Corporations. The syndicate sponsor [*see 10 Cal. Code Reg. § 260.140.110.2(z)*; *§ 29C.14 [1]* (definition)] may then use this form to satisfy the investor suitability and recordkeeping requirements of the Commissioner [*see* [b], [c], *below*].

For a limited partner information sheet that incorporates the requirements of several exemptions from the qualification and registration requirements of California and federal securities laws, see Form 29B.203 in Ch. 29B, *Nonpublic Real Estate Syndicates*.

[b] Investor Suitability Requirements

Because of the limited transferability, lack of liquidity, and the risks associated with investments in real estate syndicates, the sponsor and each person selling syndicate interests on behalf of the sponsor or syndicate must be cautious concerning the persons to whom the securities are marketed. The Commissioner will impose suitability standards that are reasonable in view of these inherent risks and the type of syndicate to be offered. In determining how restrictive the suitability standards must be, the Commissioner will consider the type of program and the existence of such factors as high leverage, tax implications, mandatory deferred payments, balloon payments financing, excessive investments in unimproved land, and the prospect of uncertain or no cash available for distribution from operations. Programs that involve more than ordinary investor risk should emphasize suitability standards for investors of high net worth or income [*10 Cal. Code Reg. § 260.140.112.1*]. By regulation, the Commissioner has outlined, for various types of offerings, specific standards based on gross income or net worth (or a combination of these) by which a potential investor may be determined to be "presumptively suitable' [*see 10 Cal. Code Reg. § 260.140.112.3*]. These standards are outlined in *Section 29C.122[1]*.

The sponsor (and each person selling syndicate interests on behalf of the sponsor or syndicate) must make every

reasonable effort to assure that those persons being offered or sold syndicate interests, by reason of their educational, business, or financial experience, can be reasonably assumed to have the capacity to understand the fundamental aspects of the program and to meet the applicable suitability investment standards. In addition, the sponsor or its representatives must ascertain that the investor can bear the economic risk of an investment in the syndicate and that the syndicate interests are appropriate for the investor's investment objectives, portfolio structure, and financial situation [*10 Cal. Code Reg. § 260.140.112.2*].

[c] Recordkeeping Requirements

A syndicate sponsor must maintain the following for at least four years [*10 Cal. Code Reg. § 260.140.112.4*]:

(1) A record of the information obtained to determine that an investor meets the suitability standards for investment in the syndicate; and

(2) Either a representation by the investor that he or she is investing for his or her own account, or information indicating that the investor for whose account the investment was made met the suitability standards. If the offering is underwritten or sold by a broker-dealer, the sponsor must obtain a commitment from the broker-dealer to maintain the same record of information [*10 Cal. Code Reg. § 260.140.112.4*].

CHAPTER 29C PUBLIC REAL ESTATE SYNDICATES
PART IV. FORMS

13-29C California Legal Forms--Transaction Guide § 29C.204

§ 29C.204 Subscription Agreement--Nonexempt Offering Subject to Impound Condition

[1] Comment

[a] Use of Form

This form is a subscription agreement to purchase limited partnership interests in a California real estate syndicate that must qualify with the California Commissioner of Corporations and that is subject to an impound condition imposed by the Commissioner [*see* [c] and [d], *below*]. It also contains representations concerning investor suitability requirements imposed by the Commissioner [*10 Cal. Code Reg. §§ 260.140.112.1-260.140.112.4*; *see* [2], P 3(c), *below*]. These requirements are discussed in *Section 29C.122[1]*. The agreement also contains representations and other matters required to establish an "intrastate exemption" from registration under federal securities law [*see* [b], *below*].

[b] Federal Intrastate Exemption

Syndicates subject to the Commissioner's qualification requirements often attempt to assert one or more federal exemptions in order to avoid the expensive and time-consuming federal securities registration requirements. The requirements of the federal intrastate exemption [*see 15 U.S.C. § 77c(a)(11)*; *17 C.F.R. § 230.147*] are incorporated into this form [*see* [2], PP 2, 3(b), (f), *below*] because it is frequently asserted by issuers and because it may be available to syndicates even though they do not qualify for any exemption from California registration. For a discussion of the specific requirements of this exemption, see the comment to 29B.202 in Ch. 29B, *Nonpublic Real Estate Syndicates*. For discussion of various federal exemptions, see *§ 29B.40* in the Legal Background of that chapter.

For a subscription agreement that may be used by a syndicate that is exempt from qualification in California, see Ch. 29B, *Nonpublic Real Estate Syndicates*, § 29B.303[2].

[c] Commissioner's Impound Condition

The sale of limited partnership interests in a real estate syndicate that must be qualified in California must normally be subject to an impound [*10 Cal. Code Reg. § 260.140.118.6*]. Whether the standard impound requirements applicable to the sale of securities [*see 10 Cal. Code Reg. §§ 260.141.20-260.141.27*] will be imposed on a real estate syndicate is

determined by the Commissioner on a case-by-case basis. This subscription agreement incorporates the standard requirements for an impound condition [*see* [2], P 6, *below*] and these requirements are discussed below. The impound requirements are also included in the limited partnership agreement in this chapter [*see § 29C.200[2]*, P 3.04].

An impound condition requires that all funds received from the sale of securities subject to the condition be placed in a separate escrow account with an approved depositary, which will normally be a national bank located in California or a California bank [*10 Cal. Code Reg. §§ 260.141.21, 260.141.23(a)*]. To obtain the Commissioner's approval of a depositary, the issuer must submit a separate application containing prescribed information [*see 10 Cal. Code Reg. § 260.141.23(b)*].

Ordinarily, the order imposing the impound condition specifies a minimum amount of money that must be raised by a certain date [*see 10 Cal. Code Reg. §§ 260.141.20, 260.141.24(a), 260.141.25(a)*]. If the specified amount of impounds has not been obtained as of the date stated in the impound condition, the Commissioner will issue an order directing the depositary to return to each subscriber the amount he or she has paid for the securities [*10 Cal. Code Reg. § 260.141.25(a)*]. In unusual cases, an extension may be granted [*see 10 Cal. Code Reg. § 260.141.25(b)*]. An issuer who satisfies the Commissioner's conditions must apply to the Commissioner for an order authorizing the release of impounds [*see 10 Cal. Code Reg. § 260.141.24(b)*].

[d] Requirements for Subscription Agreement

When an impound condition is imposed, the issuer must deliver to each subscriber a subscription agreement in a form approved by the Commissioner [*10 Cal. Code Reg. § 260.141.22*]. The Commissioner has not approved an official subscription form, but any subscription agreement must (and the form below does) set forth the following minimum information: (1) the complete names and addresses of the issuer and the subscriber; (2) the complete name of the agent of the issuer or broker receiving the payment; (3) the number of securities purchased and the total purchase price; (4) the amount of the payment received; (5) the complete name and address of the depositary with whom the payment will be placed; and (6) the date of the payment. In addition, the subscription agreement should contain the following statement: "This subscription is made pursuant to, and is subject to, the terms and conditions of the qualification approved by the Commissioner of Corporations of the State of California for _____ [*name of issuer*] under date of _____ [*date of qualification*]" [*10 Cal. Code Reg. § 260.141.22(a)*; *see* [2], P 1, *below*].

Subscription agreements must be consecutively numbered and prepared in quadruplicate. The original copy must be given to the subscriber, the first copy to the depositary together with the payment received, the second copy to the issuer, and the third copy must be retained by the broker (if any) unless the Commissioner approves another form of subscription agreement. For example, the Commissioner may require that the subscription agreements be press-numbered [*10 Cal. Code Reg. § 260.141.22(a)*]. If securities are paid for in installments, each subscriber must be given a receipt, in a form satisfactory to the Commissioner, for each installment payment made subsequent to the first payment [*see 10 Cal. Code Reg. § 260.141.22(b)*].

[2] FORM

Subscription Agreement--Nonexempt Offering Subject to Impound Condition

SUBSCRIPTION AGREEMENT

This subscription is made pursuant to, and is subject to, the terms and conditions of the qualification approved by the Commissioner of Corporations of the State of California for _____[*name of issuer*], under date of _____[*date of qualification*].

_____ [*Name of limited partnership in capital letters*]

A California Limited Partnership

To: _____[*name of limited partnership*]
c/o _____[*name of security dealer or broker*]

To whom it may concern:

Subscription

1. I subscribe for and agree to purchase at the price of $_____ per Partnership Unit the number of Partnership Units in _____[*name of limited partnership*], a California Limited Partnership, set forth below immediately above my signature. I understand this subscription may be rejected by _____[*name of general partner*], the general partner of the Limited Partnership ("the General Partner").

Exemption From Federal Registration

2. I stipulate that I understand the Partnership Units described in this Agreement are being offered and sold without registration under the federal Securities Act of 1933 on the ground that registration is not required because these Partnership Units qualify for the intrastate exemption of that Act. I understand that the applicability of this exemption to this transaction depends in part on the accuracy of the representations made by me in this Agreement and in the "Limited Partner Information Sheet" attached to and made a part of this Agreement. I declare that the representations made by me in this Agreement and in the "Limited Partner Information Sheet" are true and correct to the best of my knowledge and are intended by me to be relied on by the General Partner in determining my eligibility to purchase the Partnership Units described in this Agreement.

Representations

3. I certify, represent, and warrant that:

(a) I have received a full copy of the Limited Partnership Agreement executed by the General Partner for the Limited Partnership and a copy of the Prospectus [*or* Offering Circular *or other similar disclosure document*] dated _____, for the Partnership Units described in this Agreement.

(b) I am a bona fide resident of and I have my principal residence in the State of California, and this Subscription Agreement has been presented to and executed by me in California.

(c) I have either: _____[*describe minimum investor suitability standards (the following is an example only based on 10 Cal. Code Reg. § 260.140.112.3; see § 29C.122[1])*]

(1) A minimum annual gross income of $30,000 and a net worth of $30,000 (exclusive of my home, home furnishings, and automobiles); or

(2) A minimum net worth of $75,000 (exclusive of my home, home furnishings, and automobiles).

(d) I am aware that it is unlikely that the Partnership Units described in this Agreement will be registered with the Securities and Exchange Commission, and that the limited partnership issuing the Partnership Units and its General Partner have no obligation or intent to so register those Partnership Units.

(e) I am also aware that the possibility of a public market developing for the Partnership Units described in this

Agreement is unlikely and thus Rules 144 and 237 of the Securities and Exchange Commission, which authorize the routine sales of unregistered securities without investment letters in limited amounts, are inapplicable to these securities.

(f) I understand that transferability of the Partnership Units described in this Agreement is limited by rules of the Securities and Exchange Commission, that they can be transferred only subject to the following conditions, and that any certificate or other document evidencing them must bear the following legend: "The Limited Partnership Interests evidenced by this document have not been registered under the Securities Act of 1933 on the grounds that they are exempt from such registration requirement under the intrastate offering exemption set forth in Section 3(a)(11) of that Act. Therefore, during the period in which Partnership Units are being offered and sold by the limited partnership above named, and for a period of nine months from the date of the last sale of Partnership Units by such limited partnership, all resales of any such Partnership Units by any person shall be made only to persons who are a resident of the State of California at the time of resale."

(g) I have not relied in executing this Agreement and making the above purchase on any representations not contained in the Limited Partnership Agreement or the Prospectus [*or* Offering Circular *or other required disclosure document*] for the Partnership Units described in this Agreement.

Adoption of Partnership Agreement

4. I adopt, accept, and agree to be bound by all the terms and conditions of the Limited Partnership Agreement of the Limited Partnership.

[*If special power of attorney will be granted to general partner, add:*]

Special Power of Attorney

5. _____[*Describe power, e.g., see* 29B.202, Paragraph 6 in Ch. 29B, *Nonpublic Real Estate Syndicates*].

Payment for Subscription

6. I enclose with this Subscription Agreement my check payable to "_____[*name of bank*]--Escrow Holder" for the full amount of the purchase price of the Partnership Units for which I have subscribed in this Agreement.

Title to Partnership Units

7. The Partnership Units being purchased pursuant to this Agreement will be owned by, and should be shown on the partnership records as held in the names of (please print) _____ and _____ as:

[ ] Community Property [ ] Joint Tenants

[ ] Tenants in Common [ ] Separate Property

[ ] Other (please indicate whether corporation, trust, single person, etc.):

Number of Partnership Units Being Purchased:

Total Purchase Price: $_____

MAKE ALL CHECKS, DRAFTS, AND MONEY ORDERS ISSUED IN PAYMENT OF THIS SUBSCRIPTION PAYABLE TO _____[*complete name of depositary*], ESCROW AGENT, _____[*complete address of depositary*], _____, CALIFORNIA.

EXECUTED on _____[*date*], at _____[*city*], California.

Reviewed by Edward L. Shaffern* Scope

This chapter discusses the laws and regulations that cover the creation of subdivisions. It is designed primarily for use by counsel representing the owner of real property to be subdivided and sold. It may, however, be used by counsel for any party involved in the process of creating or selling subdivided lands. Part II of this chapter provides a discussion of the law applicable to subdivision creation and sales in California. It focuses primarily on the Subdivision Map Act [*Gov. Code § 66410 et seq.*] and the Subdivided Lands Act [*Bus. & Prof. Code § 11000 et seq.*]. For coverage of the Interstate Land Sales Full Disclosure Act [*15 U.S.C. § 1701 et seq.*], which may apply to certain transactions also covered by this chapter, see Rabkin & Johnson, Current Legal Forms with Tax Analysis, Chapter 22, *Development and Subdivision* (Matthew Bender).

Part III of this chapter sets forth the procedures that counsel for a developer must follow to obtain the necessary approval for the subdivision of land and/or the sale or lease of interests in land that has already been subdivided. Part IV of this chapter contains forms for use in connection with those procedures. It reproduces several official forms promulgated by the California Department of Real Estate (DRE) for use in connection with transactions covered by the Subdivided Lands Act and indicates how those official forms may be obtained from the DRE.

This chapter also discusses the provisions of California law that govern the sale or lease, within California, of out-of-state subdivision interests. Further, it covers "land projects," which are subject to somewhat stricter regulation than standard subdivisions.

Subdivisions are to a large extent regulated by local municipalities. Thus, counsel must consult the laws of the city or county where the subdivision is to be located to ensure compliance with specific local requirements.

Most of the statutory requirements discussed in this chapter apply to all types of subdivisions. However, this chapter does not specifically cover special requirements applicable to common interest subdivisions or common interest developments, generally referred to as "condominium projects," "planned developments," "stock cooperatives," or "time share projects." For comprehensive coverage of common interest subdivisions and common interest developments, see Ch. 33A, *Time-Share Projects* , Ch. 33B, *Membership Camping Contracts* , Ch. 33C, *Stock Cooperatives* , Ch. 33D,

Planned Developments , and Ch. 34, *Condominiums* . Special requirements for mobilehome parks are also not covered in this chapter [*see* Ch. 39, *Mobilehome Parks*].

A complete discussion of the many environmental laws and regulations applicable to land development is beyond the scope of this chapter. For a discussion of those laws and regulations, see Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30 SUBDIVISION REGULATION
PART II. LEGAL BACKGROUND
A. Overview

13-30 California Legal Forms--Transaction Guide § 30.10

AUTHOR: Reviewed by Edward L. Shaffer

§ 30.10 Governing Laws

The division and sale of interests in subdivisions are primarily governed by the Subdivided Lands Act (SLA) [*Bus. & Prof. Code § 11000 et seq.*; *see § 30.40*] and the Subdivision Map Act (SMA) [*Gov. Code § 66410 et seq.*; *see § 30.20*]. State laws and local ordinances that do not conflict with the SMA, such as building, health, and zoning laws, also indirectly regulate subdivisions because they prevent subdivided developments from proceeding until developers have complied with the laws and the minimum standards imposed as conditions for granting approval or issuing permits [*see Pratt v. Adams (1964) 229 Cal. App. 2d 602, 605, 40 Cal. Rptr. 505* ; *see also Modesto Irrigation Dist. v. Modesto (1962) 210 Cal. App. 2d 652, 655-657, 27 Cal. Rptr. 90]* .

The Department of Real Estate (DRE) administers extensive regulations that are designed to implement the SLA [*see 10 Cal. Code Reg. § 2790 et seq.*; *see also Bus. & Prof. Code § 11001*]. Furthermore, governmental entities have the power to adopt local ordinances that regulate and control the design and improvement of subdivisions as long as those ordinances and regulations are not more restrictive than the provisions of the SMA [*see Gov. Code § 66421*]. Similarly, pursuant to their general police powers, cities and counties may adopt local ordinances that (1) do not conflict with the SMA [*see § 30.20[2]*] and (2) are reasonably related to the protection of the public health, safety, and general welfare [*Longridge Estates v. Los Angeles (1960) 183 Cal. App. 2d 533, 538-539, 6 Cal. Rptr. 900* (decided under former *Bus. & Prof. Code §§ 11500-11628*)].

§ 30.20 Subdivision Map Act

[1] "Subdivision" Defined

For purposes of the Subdivision Map Act (SMA) [*Gov. Code § 66410 et seq.*], a "subdivision" is the division by any subdivider of any unit or units of improved or unimproved land shown on the latest equalized county assessment roll as a unit or contiguous units for the purpose of immediate or future sale, lease, or financing [*Gov. Code § 66424*]. A "subdivider" is the person who causes land to be divided into a subdivision; in virtually all cases, the "subdivider" is the property owner and/or developer [*see Gov. Code § 66423*]. The mere fact that property is separated by roads, streets, utility easements, or railroad rights-of-way does not preclude it from being considered as "contiguous" for purposes of the SMA [*see Gov. Code § 66424*].

PRACTICE TIP:

Watch Out For Common Ownership of Nearby Property. Two pieces of land on opposite sides of a street owned by the same person may constitute one legal parcel, unless they were legally subdivided or otherwise qualify for separate handling. Thus a sale, lease, or financing of only one may constitute an illegal subdivision. Land has been found to be "contiguous" when separated by a highway; even land divided by a canal may be treated as only one parcel [*61 Ops. Cal. Atty. Gen. 299 (1978)] . By Edward Shaffer*

The definition of "subdivision" under the SMA specifically includes condominium projects [*Gov. Code § 66424*; *see Civ. Code § 1351(f)* (definition)], community apartment projects [*Gov. Code § 66424*; *see Civ. Code § 1351(d)* (definition)], and the conversion of five or more existing dwelling units to a stock cooperative [*Gov. Code § 66424*; *see Civ. Code § 1351(m)*]. For a discussion of these common interest developments, see Ch. 33A, *Time-Share Projects* , Ch. 33B, *Membership Camping Contracts* , Ch. 33C, *Stock Cooperatives* , and Ch. 33D, *Planned Developments* Ch. 34, *Condominiums*.

The definition of the term "development project," as used in the Permit Streamlining Act [*Gov. Code § 65920 et seq.*]

includes any project undertaken for the purpose of subdividing land pursuant to the SMA [*Gov. Code §§ 65927, 65928*]. Consequently, the term encompasses the preparation, processing, and approval of subdivision maps. Notwithstanding the provisions of the SMA, local agencies that regulate subdivisions are subject to the procedural requirements applicable to development projects under the Permit Streamlining Act [*Gov. Code § 65920(b)*].

[2] Purpose and Administration

[a] Authority of Cities and Counties to Administer SMA

The SMA governs the approval of subdivision maps filed by property owners and developers. It is administered by the cities and counties in which subdivisions are created [*see Gov. Code § 65000 et seq.*; *Cal. Const., Art. XI, § 7* (city or county may make and enforce within its limits all local police, sanitary, and other ordinances and regulations not in conflict with general laws); *see also Gov. Code §§ 65800-65912* (city or county may adopt and administer zoning laws, ordinances, rules, and regulations)]. Each city or county has the power necessary to carry out the laws applicable to planning and land use either through an assigned planning agency or through its legislative body [*see, e.g., Clemons v. City of Los Angeles (1950) 36 Cal. 2d 95, 103-104, 222 P.2d 439* (ordinance prescribing minimum lot size is valid as promotion of public health and general welfare)]. The legislative body of each city and county may assign the functions of the planning agency to a planning department or one or more planning commissions, administrative bodies, hearing officers, and/or the legislative body itself. In the absence of such an assignment, the legislative body will carry out all of the functions of a planning agency [*Gov. Code § 65100*].

Under the SMA, regulation and control of the design and improvement of subdivisions are vested in the legislative bodies of local agencies. Each local agency must, by ordinance, regulate the initial design and improvement of subdivisions [*Gov. Code § 66411*].

[b] Administration Consistent With Statutory Purposes

The manner in which the cities and counties administer the SMA may vary. However, the manner of administration must be designed to achieve the purposes of the SMA, which are to:

- Provide local regulation and control of design and improvement of nonexempt subdivisions [*Gov. Code § 66411*; *see 56 Ops. Cal. Atty. Gen. 496, 497 (1973)* (SMA is intended to encourage wholesome and orderly community development and to prevent fraud in real estate transactions); *see also Pratt v. Adams (1964) 229 Cal. App. 2d 602, 606, 40 Cal. Rptr. 505]* .

- Ensure that the proposed subdivision is consistent with applicable land use plans [*Gov. Code § 66473.5*; *see Woodland Hills Residents Assn., Inc. v. City Council (1975) 44 Cal. App. 3d 825, 838-839, 118 Cal. Rptr. 856* (decided under former *Bus. & Prof. Code § 11526*)].

- Prescribe dedication requirements [*see Gov. Code §§ 66475-66478*].

  PRACTICE TIP:
  Subdivision Law Not the Only Source of Conditions. The SMA authorizes a broad range of dedications, exactions, and other conditions to subdivision approval. Other possible sources of fees, dedications, design restrictions, ongoing maintenance obligations and other conditions include the California Environmental Quality Act (CEQA) [*Pub. Res. Code § 21000 et seq.*], general plan law [*Gov. Code § 65300 et seq.*], and the general police power of cities and counties to protect the public health, safety, and welfare. *By Edward Shaffer*

- Increase public access to public resources [*Gov. Code §§ 66478.1-66478.14*].

- Relieve the tax burden of the community involved by requiring that the subdivider initially improve the areas dedicated for public purposes [*see Gov. Code §§ 66462(a), 66477.1*; *see also Hoover v. Kern County (1953) 118 Cal. App. 2d 139, 142, 257 P.2d 492* (decided under former *Bus. & Prof. Code § 11611*)].

[c] Authority and Limitations on Supplemental Ordinances

Local agencies may enact supplemental ordinances applicable to the activities governed under the SMA [*see Gov. Code § 66411*]. However, supplemental ordinances must be reasonably related to the purposes and requirements of the SMA and may not be inconsistent with it [*see* Benny v. Alameda (1980) 105 Cal. App. 3d 1006, 1011-1012, 164 Cal. Rptr. 776] . For example, a city ordinance preconditioning the filing of a tentative map on compliance with zoning regulations is consistent with the authority of a city to disapprove a map when the project does not conform to zoning ordinances, or to condition its approval on future compliance [*see* Benny v. Alameda (1980) 105 Cal. App. 3d 1006, 1011-1012, 164 Cal. Rptr. 776] . In the event that current land use regulations would not allow the proposed development, the subdivider may be required to obtain other approvals, such as general plan amendment or rezoning, in addition to subdivision of the property.

PRACTICE TIP:

Beware of Need for Multiple Approvals. Although the Planning Commission ordinarily is the final decision maker for subdivisions (barring an appeal), only the legislative body (city council or board of supervisors) can approve most general plan and zoning amendments. When both types of approval are needed to allow the project, the subdivider normally will prefer following the most efficient procedure: to have the commission hold one combined hearing on both applications, vote to recommend council/board approval of the general plan/zoning amendment, and also vote to approve the subdivision *conditioned on approval of the amendment by the council/board*. However, some jurisdictions will require final action on the regulatory amendment before the subdivision application will be processed--either under a formal ordinance, as in *Benny v. Alameda*, or informally by custom. This may cause considerable delay. *By Edward Shaffer*

[3] Exemptions

[a] Miscellaneous Exemptions

A number of transactions that relate to the development and sale of subdivided land are specifically exempted from the requirements of the SMA. The SMA does not apply to the financing or leasing of apartments, offices, stores, or similar spaces in apartment, industrial, or commercial buildings or trailer or mobilehome parks [*Gov. Code § 66412(a)*]. It does not apply to mineral, oil, or gas leases [*Gov. Code § 66412(b)*]. It does not apply to land dedicated for cemetery purposes under the Health and Safety Code [*Gov. Code § 66412(c)*]. It does not apply to boundary line or exchange agreements to which the State Lands Commission or a local agency holding a trust grant of tide and submerged lands is a party [*Gov. Code § 66412(e)*]. Leases of land for agricultural purposes (defined as cultivating food or fiber, or grazing or pasturing livestock) are exempted under the SMA [*Gov. Code § 66412(k)*]. It is inapplicable to the leasing of, or the granting of an easement to, all or a portion of a parcel of land in conjunction with the financing, erection, and sale or lease of a wind-powered electrical generation device on the land if the project is subject to discretionary action by the appropriate advisory agency or legislative body [*Gov. Code § 66412(i)*]. It is inapplicable to the leasing or licensing of a portion of a parcel, or the granting of an easement, use permit, or similar right on a portion of a parcel, to a telephone corporation [*see Pub. Util. Code § 234* (definition)] exclusively for the placement and operation of cellular radio transmission facilities in connection with projects that are subject to discretionary action by an advisory agency or legislative body [*Gov. Code § 66412(j)*]. The SMA also does not apply to leasing or granting an easement in conjunction with the financing, erection, and sale or lease of either (1) a solar electrical generation device, or (2) a biogas project that utilizes agricultural waste or by-products from the land where the project is located and reduces

overall emissions of greenhouse gases from agricultural operations on the land; provided in either case that the project is subject to review either under other local agency ordinances regulating design and improvement, or by discretionary action by the local advisory agency or legislative body [*Gov. Code § 66412(l), (m)*]. It is important to remember that even when the SMA exempts a certain type of financing or leasing activity, *sale* of the same property still requires subdivision approval.

The SMA also is inapplicable to the conversion of either a community apartment project or a stock cooperative to a condominium if certain conditions are met [*Gov. Code § 66412(g), (h)*]. For a detailed discussion of those conditions, see Ch. 33C, *Stock Cooperatives* , and Ch. 34, *Condominiums* .

[b] Exclusion for Lot Line Adjustments

The SMA contains an exclusion for lot line adjustments between four or fewer adjoining legal parcels that satisfy detailed criteria. The land taken from one parcel must be added to an adjoining parcel, and a greater number of parcels than originally existed must not result. The lot line adjustment must be approved by resolution of a local agency or advisory agency. The local agency or advisory agency must limit its review and approval of the adjustment to a determination of whether or not the parcels resulting from the adjustment will conform to the local general plan, any applicable specific plan, any applicable coastal plan, and zoning and building ordinances. Furthermore, the agency must not impose conditions or exactions on its approval except to (1) conform to local zoning and building ordinances, (2) require the prepayment of real property taxes prior to the approval of the lot line adjustment, or (3) facilitate the relocation of existing utilities, infrastructure, or easements. No tentative map, parcel map, or final map can be required as a condition to the approval. A recorded deed must reflect the adjustment; a record of survey is required only under limited circumstances. A local agency must approve or disapprove a lot line adjustment pursuant to the Permit Streamlining Act [*Gov. Code § 66412(d)*; *see Gov. Code § 65920 et seq.*; *see also § 30.23[2][b][ii]*].

PRACTICE TIP:

Fighting Over Lot Line Adjustments. Many planners think that lot line adjustments can only be used for "minor" changes in boundaries between two parcels. In fact, this procedure can be used to accomplish substantial changes to an already-approved subdivision, and is a useful tool. However, be prepared for a fight [*see San Dieguito Partnership, L.P. v. City of San Diego (1992) 7 Cal. App. 4th 748, 9 Cal. Rptr. 2d 440] . By Edward Shaffer*

PRACTICE TIP: Lot Line Adjustment May be Trap for the Unwary. Moving the boundary between existing parcels can violate the SMA if any property involved is subject to a lease or deed of trust. The end result may be that only part of a legal parcel is included within the leasehold or loan security--which will constitute an illegal subdivision unless covered by one of the SMA exemptions. The cooperation of all parties involved to revise the lease or deed and conform to the new parcel boundaries is needed to avoid a messy situation! *By Edward Shaffer*

[c] Subdivisions Into Four or Fewer Parcels for Removable Commercial Buildings or by Public Entities

If a local ordinance so specifies, the SMA is inapplicable to subdivisions of four parcels or less for construction of removable commercial buildings having a floor area of less than 100 square feet [*Gov. Code § 66412.5*]. If four or fewer parcels are created and the local jurisdiction does not impose its option to require a tentative parcel map [*see § 30.22[3][d]*], no subdivision approval is needed for a conveyance (via sale, lease, or easement) *to or from* a public entity (for example, school district, utility) [*Gov. Code § 66428(a)(2)*].

PRACTICE TIP:

Non-educational Use of School Property. The city/county will have no authority to require subdivision approval if a school district conveys part of its property by sale, lease, or easement. However, if the planned use of school property is not related to education (for example, housing development, flea

market), the use still must be consistent with zoning and other approvals (for example, use permit, design review) may be needed [*People v. Rancho Santiago College (1990) 226 Cal. App. 3d 1281, 277 Cal. Rptr. 69* ; *see Gov. Code §§ 53091, 53094*]. *By Edward Shaffer*

[d] Leasing or Financing of Commercial or Industrial Buildings on Single Large Parcel

Leasing or financing of separate commercial or industrial buildings on a single large parcel does not require subdivision approval; leasing or financing of parts of a large parcel for construction of separate commercial or industrial buildings also are exempt, so long as the construction is subject to some other form of local design review [*Gov. Code § 66412.1*]. However, *sale* of such a building or portion of land cannot occur without subdividing the property to create a separate parcel for the site.

PRACTICE TIP:

What About Land Around the Building? The Legislature adopted *Gov. Code § 66412.1* to encourage development of shopping centers and business parks. This is similar to the exemption under *Gov. Code § 66412(a)* for individual offices or stores within a building. However, there is one question not answered by the statute and not yet addressed by the courts: does *Gov. Code § 66412.1* also exempt leasing or financing of land surrounding a building (for example, fenced space used for outdoor sales, protected parking)? The developer can argue the logic of such a result, but the statute is silent on the matter. *By Edward Shaffer*

PRACTICE TIP: Beware Financing Traps for the Unwary. Attorneys and planners generally do not think of financing as a subdivision issue, because the SMA focuses on development. However, granting a security interest in less than an entire parcel does violate the SMA, because the lender could foreclose and effectively split the parcel in two. Another problem scenario occurs when an entire parcel is given as security but the lender releases a portion in return for partial repayment; this also violates the SMA because it creates the potential for later foreclosure and division of the parcel. And do not forget that a lot line adjustment involving property subject to a deed of trust may result in the same problems. *By Edward Shaffer*

§ 30.21 Establishment of Subdivision

[1] Map Approval Requirement

The approval and recordation of a final map [*Gov. Code § 66499.30(a)*; *see § 30.23[4]*] or a parcel map [*Gov. Code § 66499.30(b)*; *see § 30.23[5]*] is a prerequisite to the sale, lease, or financing of subdivided property or the commencement of construction of any building other than model homes on subdivided land [*Gov. Code § 66499.30(a), (b)*]. Generally, a developer must obtain approval of a tentative map before filing a final subdivision map; this may also apply to a parcel map if required by local ordinance [*see Gov. Code §§ 66426, 66428*; *see also § 30.22[3][d]*].

[2] When Subdivision Deemed Established

For purposes of the SMA, a subdivision is usually deemed "established" on the date of recordation of the final map or parcel map [*Gov. Code § 66412.7*]. However, a subdivision is deemed to have been established on the date the subdivision map or application for a certificate of exception was filed with a local agency if (1) the subdivision map was filed for approval prior to March 4, 1972, and subsequently approved by a local agency, or (2) the subdivision was exempted from map requirements by a certificate of exception or its equivalent applied for prior to March 4, 1972, and subsequently issued by the local agency pursuant to local ordinance [*Gov. Code § 66412.7*]. For purposes of the SMA or any local ordinance, any parcel created prior to March 4, 1972, is conclusively presumed to have been lawfully created if (1) at the time of the creation of the parcel there was compliance with any local ordinance or there was no local ordinance in effect that regulated divisions of land creating fewer than five parcels, or (2) any subsequent purchaser acquired the parcel for valuable consideration without actual or constructive knowledge of a violation of the SMA or a local ordinance [*Gov. Code § 66412.6(b)*].

In the absence of an applicable local subdivision statute, ordinance, or regulation, a subdivision map recorded before 1893, when subdivisions were first regulated in California, does not in and of itself establish subdivisions or create legal parcels for which certificates of compliance must be issued [*Gardner v. County of Sonoma (2003) 29 Cal. 4th 990, 1006, 129 Cal. Rptr. 2d 869, 62 P.3d 103] . Gov. Code §§ 66499.30(d)* and *66412.7* protect subdivisions that either

already were approved by local agencies, or were deemed exempt under previous subdivision laws in effect at the time the subdivisions were established [*Gardner v. County of Sonoma (2003) 29 Cal. 4th 990, 1000, 129 Cal. Rptr. 2d 869, 62 P.3d 103* (subdivision map recorded in Sonoma County in 1865 did not qualify under these statutes because there was no subdivision statute, ordinance, or regulation specifically authorizing public agency approval of subdivisions in Sonoma County in 1865)].

A map that was undisputedly recorded in compliance with subdivision map laws in effect in 1915 was not valid under the Subdivision Map Act, because the statutes in effect in 1915 did not regulate the design and improvement of subdivisions as required by *Gov. Code § 66499.30(d)* [*Witt Home Ranch., Inc. v. County of Sonoma (2008) 165 Cal. App. 4th 543, 564, 81 Cal. Rptr. 3d 123]* . As a result of this decision, the Act's grandfather provisions do not validate subdivision maps approved under the statutes in effect from 1893 (the date of the state's first regulation of private subdivision maps) through 1915 [Witt Home Ranch., Inc. v. County of Sonoma (2008) 165 Cal. App. 4th 543, 548, 81 Cal. Rptr. 3d 123] . The reasoning of *Witt* was subsequently applied by a court holding that maps recorded in compliance with the 1907 statewide subdivision map law do not come within the scope of the Subdivision Map Act grandfather clause [*Abernathy Valley, Inc. v. County of Solano (2009) 173 Cal. App. 4th 42, 51, 92 Cal. Rptr. 3d 459]* .

§ 30.22 Types of Maps

[1] Applicable Requirements Dependent on Number of Parcels Created by Proposed Subdivision

The SMA treats subdivisions differently depending on their size. Large projects dividing a property into five or more parcels (often referred to as a "major" subdivision) ordinarily will involve a two-step process based on discretionary approval of a "tentative map" followed by later approval and recording of a "final map" after conditions of approval are satisfied [*Gov. Code § 66426*; *see* [2] (tentative maps), [4] (final maps), *below*]. Projects creating only two-to-four parcels ("minor subdivisions")--as well as some subdivisions specifically exempted from the tentative/final map process--require only a "parcel map," which may be approved pursuant to a simplified procedure and is subject to fewer conditions [*Gov. Code §§ 66426(f), 66428*; *see* [3], *below*]. However, cities and counties are authorized to require a tentative parcel map when a parcel map is required by the SMA. An election by a local jurisdiction to require this additional map eliminates many of the procedural differences between the parcel map and the tentative/final map procedures, although there still will be fewer conditions allowed in the case of the parcel maps [*Gov. Code § 66428*; *see Gov. Code § 66426*].

[2] Tentative Maps

[a] Definition

A "tentative map" is a map that shows the design and improvement of a proposed subdivision and the existing conditions in and around the subdivision. A tentative map need not be based on an accurate or detailed final survey of the property [*Gov. Code § 66424.5(a)*; *see § 30.120[1]*; *see also § 30.23[2]*]. It is normally the first type of map prepared and submitted to a governmental entity with regulatory jurisdiction over a proposed subdivision. Its approval by the governmental entity allows the subdivider to proceed with the initial phases of the development.

[b] Effect of Approval

With some exceptions, once a tentative map has been approved for a subdivision of single-family or multiple-family residential units, a local agency cannot condition the issuance of a building permit or equivalent permit on the satisfaction of requirements that the agency could have imposed as conditions to the tentative map. The limitation on imposing conditions extends for five years from the recordation of the final map or parcel map [*Gov. Code § 65961*; *but see Gov. Code § 65961(e), (f)*]. However, the local jurisdiction may impose conditions applicable to an approved tentative map if those conditions are (1) required by state or federal law, or (2) necessary to protect the health or safety of the subdivision residents [*Gov. Code § 65961(a)*]. The local agency may also take any steps necessary to ensure compliance with the applicable zoning ordinance and may withhold or refuse to issue a permit if it finds that it must do so to comply with state or federal law [*Gov. Code § 65961(b), (c)*].

[c] Vesting Tentative Map

A "vesting tentative map" is a tentative map that (1) serves as a guarantee to the subdivider that only those local requirements in effect at the time the map application is accepted as complete will apply to the development of the proposed project, and (2) complies with certain statutory requirements in addition to the statutes applicable to tentative maps [*Gov. Code §§ 66498.1-66498.9*; *see* Gov. Code § 66472.2; *see also Gov. Code § 66424.5(b)*]. A vesting tentative map enables a private subdivider to rely on an approved vesting tentative map and to expend resources and incur liabilities in connection with the project without the risk of having the project frustrated by subsequent action by the local agency [*Gov. Code § 66498.9(b)*; *see Gov. Code § 66498.9(a), (c)*; *see also Bright Development v. City of Tracy (1993) 20 Cal. App. 4th 783, 792, 24 Cal. Rptr. 2d 618]* . Thus, it provides greater statutory protection to the subdivider than was afforded under the common law vested rights doctrine [*see Bright Development v. City of Tracy (1993) 20 Cal. App. 4th 783, 792, 24 Cal. Rptr. 2d 618]* . Vesting tentative maps may be obtained for both residential and nonresidential subdivisions [*Gov. Code § 66498.7*]. A subdivider has the discretion to file a vesting tentative map in lieu of a tentative map [*Gov. Code § 66498.1(a)*] or a parcel map [*Gov. Code § 66498.1(a)*]. For additional discussion relating to the approval or disapproval of vesting tentative maps, see *§ 30.23[3]*.

[3] Parcel Maps

[a] When Required

A parcel map, instead of tentative and final maps, is required for the five types of subdivisions described in *Gov. Code § 66426(a) through (e)* even if five or more parcels will be created [*Gov. Code § 66426(f)*].

First, a parcel map is required if, prior to the proposed division, all of the following apply [*Gov. Code § 66426(a)*]:

- The land contains fewer than five acres;
- Each new parcel will abut a maintained public street or highway; and
- The legislative body will not require dedications or improvements.

Second, a parcel map is required if each new parcel will have [*Gov. Code § 66426(b)*]:

- A gross area of at least 20 acres; and
- Approved access to a maintained public street or highway.

Third, a parcel map will be required if the land consists of a parcel or parcels [*Gov. Code § 66426(c)*]:

- With approved access to a public street or highway;

- That is or are part of a tract of land zoned for industrial or commercial development; and
- That is or are approved by the governing body as to street alignments and widths.

Fourth, a parcel map is required if each new parcel will be [*Gov. Code § 66426(d)*]:

- A minimum of 40 acres in gross area; or
- Not less than a quarter of a quarter section.

Fifth, a parcel map is required for land being subdivided solely for the creation of an environmental subdivision under *Gov. Code § 66418.2* [*Gov. Code § 66426(e)*].

In addition to the above, a parcel map is required for subdivisions for which a final or parcel map is not otherwise required by *Gov. Code §§ 66425-66431*, unless the preparation of that parcel map is waived by a local ordinance [*Gov. Code § 66428*]. Because a tentative and final map normally are required for subdivisions consisting of five or more parcels [*Gov. Code § 66426*], this provision means that a subdivision consisting of four or fewer parcels will, as a general rule, require a parcel map.

PRACTICE TIP:

Conveyances to Public Entities. Under *Gov. Code § 66426.5*, selling or giving land to a public agency (for example, for a school or fire station) will not count as a parcel when determining if a subdivision has more than four parcels. This may be significant in a jurisdiction that treats parcel map applications more casually than "major" subdivisions. *By Edward Shaffer*

PRACTICE TIP: Beware Controversy Over Number of Parcels. Because subdivisions with five or more parcels may trigger more burdens than a "minor" subdivision, subdividers sometimes try to manipulate the process. This has become less of a risk because few jurisdictions waive parcel maps entirely and many now impose additional tentative map procedures on even small parcel splits. One red flag is if the parcel being subdivided was itself the product of one or more earlier "minor" subdivisions that involved the current owner or a related party--a trick known as "quartering." Public agencies and the courts do not take such evasion lightly; even lengthy delays between subdivisions may not provide immunity [*Bright v. Board of Supervisors (1977) 66 Cal. App. 3d 191, 135 Cal. Rptr. 758* ; *55 Ops. Cal. Atty. Gen. 414 (1972)]* . *By Edward Shaffer*

[b] When Not Required

A parcel map is *not* required for either of the following [*Gov. Code § 66428(a)*]:

- Subdivisions of a portion of the operating right-of-way of a railroad corporation [*see Pub. Util. Code § 230*] that are created by short-term leases; or
- Land conveyed to or from a governmental agency, public entity, or public utility, or for land conveyed to a subsidiary of a public utility for conveyance to that utility for rights-of-way, unless a showing is made in individual cases, on substantial evidence, that public policy necessitates a parcel map.

For these purposes, land conveyed to or from a governmental agency includes a fee interest, a leasehold interest, an easement, or a license [*Gov. Code § 66428(a)(2)*].

[c] Contents of Parcel Map

The SMA does not define "parcel map." Generally, parcel maps must indicate the (1) durable monuments on the property to be subdivided, and (2) location of streets and property lines that bound the proposed subdivision [*Gov. Code §§ 66445, 66495, 66496-66498*]. Parcel maps must be prepared by, or under the direction of, registered civil engineers or licensed land surveyors [*Gov. Code § 66445*]. For a detailed list of the requirements applicable to the preparation of parcel maps, see *§ 30.120[7]*.

[d] Relationship to Final Map and Tentative Map

When a parcel map is required for a project, a final map [*see* [4], *below*; *see also § 30.23[4]*] will not be required [*see Gov. Code §§ 66426, 66428*]. Similarly, when a final map is required for a project, a parcel map will not be required [*see Gov. Code §§ 66426, 66428*].

The subdivider must file a tentative map [*see* [2], *above*; *see also § 30.23[2]*] before he or she may file a final map. However, the filing and approval of a tentative map is not a prerequisite to the filing of a parcel map unless local ordinances so require [*see Gov. Code § 66428(a), (c)*].

[4] Final Maps

The SMA does not define "final map." The subdivider must file the final map for approval before the tentative map expires [*see Gov. Code § 66452.6*; *see also § 30.23[4]*].

Final maps must be prepared by registered civil engineers or licensed land surveyors [*see Gov. Code § 66434*]. Final maps must (1) be based on approved tentative maps, and (2) show durable monuments on the subdivided property [*see Gov. Code § 66495*; *see also Gov. Code §§ 66496-66498*]. The engineer or surveyor retained to prepare a final map must ensure that it complies with the detailed requirements of the SMA and any local ordinances as to form and content [*see Gov. Code § 66434(a)*].

For a detailed list of the requirements applicable to the preparation of final maps, see *§ 30.120[5]*.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30 SUBDIVISION REGULATION
PART II. LEGAL BACKGROUND
B. Subdivision Map Act

13-30 California Legal Forms--Transaction Guide § 30.23

AUTHOR: Reviewed by Edward L. Shaffer

§ 30.23 Approval or Disapproval of Map

[1] In General

A city or county may disapprove a tentative or parcel map for failure to comply with any provision of the SMA or local ordinances that do not conflict with the SMA. Once the tentative map has been approved, a final map may be disapproved only for failure to meet or perform requirements or conditions that were applicable to the subdivision when the tentative map was approved [*Gov. Code § 66473*].

Under certain circumstances, the SMA specifies the final action that must be taken on a proposed subdivision map. For example, the legislative body of a city or county must deny approval of a tentative map or a parcel map for which a tentative map was not required if the legislative body finds that the proposed map is inconsistent with applicable plans adopted for the city or county [*Gov. Code § 66474(a)*].

For a list of the factors that affect approval or disapproval of maps under the SMA, see *§ 30.120[2]*, Paragraph 15.

[2] Tentative Maps

[a] In General

Approval of a tentative map is classified as an adjudicatory (quasi-judicial) function: it applies previously adopted standards to a specific property (in contrast with legislative approvals such as general plans and zoning, which adopt those general standards). An adjudicatory approval requires a noticed public hearing, followed by adoption of findings that justify the approval.

Approval of the tentative map generally will be accompanied by a set of conditions, which the subdivider must satisfy (or else provide security to ensure future satisfaction) before the final map can be approved and recorded. The subdivider likely will have to spend substantial sums to comply with the conditions, and in doing so relies on the ability

to obtain the final map. Therefore, the SMA emphasizes that the last opportunity for discretion on the part of the city or county is at the time of tentative map approval. The governing body cannot impose new conditions or change its mind later; approval of the final map is ministerial (meaning it must be approved if all previous conditions of approval have been satisfied).

PRACTICE TIP:

The Battle Over Exactions. It should come as no surprise that the most controversy (and case law) regarding development involves the ability of cities and counties to require payments, dedication of land, construction of public improvements, and other "exactions" in return for approval. Developers call it legal (and not so legal) extortion; local officials consider it necessary to offset the burdens created by the new development on the surrounding community. The statutes [*see Gov. Code §§ 66000-66025*] and court decisions [*see Nollan v. California Coastal Comm'n (1987) 483 U.S. 825, 107 S. Ct. 3141, 97 L. Ed. 2d 677 ; Dolan v. City of Tigard (1994) 512 U.S. 374, 114 S. Ct. 2309, 129 L. Ed. 2d 304]* try to set standards (for example, "nexus," "rough portionality")--but the question of when an exaction goes too far and becomes a taking is similar to the problem in defining pornography: You can't define it, but you know it when you see it. *By Edward Shaffer*

Final map approval (and recording) only grants a subdivider the right to sell, lease, or finance newly created parcels--but not an absolute right to build the project as envisioned. Changes to applicable land use regulations may restrict actual development or impose new conditions. The option of a vesting tentative map [*Gov. Code § 66498.1 et seq.*; *see* [3], *below*] provides some protection from such changes; another alternative means of gaining a vested right to build is to negotiate a development agreement [*Gov. Code § 65864 et seq.*].

[b] Standards and Procedures

[i] Local Ordinance and Role of Local Agencies

The mechanics of processing a map application are governed by the local ordinance(s) adopted by the city or county pursuant to *Gov. Code § 66441* [*see § 30.20[2]*]. Thus, it is essential that counsel consult the ordinance(s) for the applicable procedures.

The Act grants the local jurisdiction flexibility to decide who may approve a subdivision map. Thus, the local ordinance may authorize an "advisory agency" [*see Gov. Code § 66415*], such as the planning commission, to approve, conditionally approve, or disapprove a map [*see Gov. Code § 66452.1(b)*]. Alternatively, the local ordinance may require an advisory agency to prepare a written report on the map application and to submit the report to the legislative body for its decision [*Gov. Code § 66452.2(a)*; *see Gov. Code § 66452.2(a)*]. Finally, if the local ordinance does not provide for participation by an advisory agency, the map will be handled by the legislative body [*see Gov. Code § 66452.2(b)*].

[ii] Permit Streamlining Act

The Permit Streamlining Act [*Gov. Code § 65920 et seq.*] regulates the review and approval of development projects. The definition of "development project" includes any project undertaken for the purpose of subdividing land pursuant to the SMA [*see Gov. Code §§ 65927, 65928*], and therefore includes the preparation, processing, and approval of subdivision maps. Notwithstanding the provisions of the SMA, public agencies that regulate subdivisions are subject to the procedural requirements set forth in the Permit Streamlining Act [*Gov. Code § 65920(b)*]. Thus, for example, when processing an application for a tentative map, the local agency must comply with the time limits specified in the Permit Streamlining Act for the (1) approval or disapproval, by a lead agency, of a project [*see Gov. Code § 65950(a)(1)-(3)* (requiring action within 180 days from the date of certification of the environmental impact report, 90 days from date of certification if project is affordable to low-income or very-low-income households, or 60 days from date of adoption of negative declaration or determination that project is exempt from CEQA); *see also Gov. Code § 65929* ("lead agency"

defined)], or the (2) approval or disapproval of a project by a responsible agency [*Gov. Code § 65952.1(a)*; *see Gov. Code § 65952* (responsible agency must act within 180 days from date on which lead agency approved project, or within 180 days of date on which completed application was received and accepted as complete by responsible agency, whichever is longer); *see also Gov. Code § 65933* ("responsible agency" defined)]. However, notwithstanding the above, the time limits specified in the SMA for action on tentative maps apply and are not extended by the Permit Streamlining Act [Gov. Code § 6952.1(b); *see Gov. Code § 65952.1(a)*; *see also Gov. Code §§ 66452.1, 66452.2, 66463*]. The Permit Streamlining Act does not apply to the approval or disapproval of final maps [*Gov. Code § 65927*].

Under the Permit Streamlining Act, the local agency must compile one or more lists that specify in detail the information that will be required from any applicant for a development project [*Gov. Code § 65940*; *see Gov. Code § 65942* (list revisions normally apply prospectively only)]. Not later than 30 calendar days after the agency has received an application for a development project, it must determine in writing whether the application is complete and immediately transmit the determination to the applicant. If the application is determined not to be complete, the agency's determination will specify those parts of the application that are incomplete and indicate the manner in which they can be made complete. If the written determination is not made within 30 days after receipt of the application, and the application includes a statement that it is an application for a development permit, the application will be deemed complete [*Gov. Code § 65943(a)* (statute also provides for resubmittals and appeals)].

After the agency accepts the application as complete, the agency must not subsequently request of the applicant any new or additional information that was not required as a part of the application [*Gov. Code § 65944(a)*]. The date the application is considered complete pursuant to *Gov. Code § 65943* is extremely important because, in determining whether to approve or disapprove an application for a tentative map under the SMA, the local agency must apply only those ordinances, policies, and standards in effect on that date [*Gov. Code § 66474.2(a)*; *but see Gov. Code § 66474.2(b), (c)* (limited exceptions)]. Similarly, when a local agency approves or conditionally approves a vesting tentative map under the SMA, the approval confers a vested right to proceed with development in substantial compliance with the ordinances, policies, and standards in effect on the date the application is considered complete under *Gov. Code § 65943* [*Gov. Code § 66498.1(b)*].

If a lead agency or responsible agency fails to approve or disapprove a map within the time limits specified in the Permit Streamlining Act, the failure to act will be deemed approval of the permit application, but only if the public notice required by law has occurred [*Gov. Code § 65956(b)*]. The right to deemed approval is subject to common law waiver, which can be evidenced by the applicant's conduct indicating an intent to relinquish the right [*see Bickel v. City of Piedmont (1997) 16 Cal. 4th 1040, 68 Cal. Rptr. 2d 758, 946 P.2d 427]* .

[iii] SMA Deadlines

The deadlines under the SMA for the approval, conditional approval, or disapproval of a tentative map vary depending on whether the map is to be approved by an advisory agency or by the local legislative body [*Gov. Code §§ 66452.1, 66452.2*]. The following are the most important time limits [*see Gov. Code § 65952.1(b)* (following time limits are not extended by Permit Streamlining Act); *see also* [ii], *above*]:

- If an advisory agency is authorized by local ordinance to approve, conditionally approve, or disapprove a tentative map, it must take that action within 50 days after the filing of the map with its clerk [*Gov. Code § 66452.1(b)*].

- If, under the local ordinance, an advisory agency must submit a written report on a tentative map to the legislative body, it must do so within 50 days after the filing of the map with its clerk [*Gov. Code § 66452.1(a)*]. At the next regular meeting of the legislative body following the filing of the report, the legislative body must fix the meeting date at which the tentative map will be considered by it, which date must be within 30 days thereafter, and the legislative body must approve, conditionally approve, or

disapprove the tentative map within that 30-day period [*Gov. Code § 66452.2(a)*].

- If there is no advisory agency, the clerk of the legislative body must submit the tentative map to the legislative body at its next regular meeting, and the legislative body must approve, conditionally approve, or disapprove the map within 50 days thereafter [*Gov. Code § 66452.2(b)*].

The above time periods do not commence until after certification of the environmental impact report, adoption of a negative declaration, or a determination by the local agency that the project is exempt from CEQA [*Gov. Code §§ 66452.1(c), 66452.2(c)*; *see Pub. Res. Code § 21000 et seq.*]. Further, the local agency must comply with the time periods set forth in *Pub. Res. Code § 21151.5* [*Gov. Code §§ 66452.1(c), 66452.2(c)*], which govern the preparation of EIRs and negative declarations. For comprehensive coverage of CEQA, see California Environmental Law and Land Use Practice, Chs. 20- 23 (Matthew Bender).

Under the SMA, if the advisory agency or legislative body fails to approve, conditionally approve, or disapprove a tentative map within the above time limits, the map will be deemed approved, insofar as it complies with other applicable requirements of the SMA and local ordinance [*Gov. Code § 66452.4(a)*; *but see Horn v. Ventura County (1979) 24 Cal. 3d 605, 612-616, 156 Cal. Rptr. 718, 596 P.2d 1134* ; *see also* [iv], *below*]. An advisory agency or legislative body may not deny an application for a map solely because the time to approve or deny the map is due to expire; there must be other reasons for disapproval [*Gov. Code § 66451.4*].

[iv] Notice and Hearing Requirements

Appropriate notice of an application for approval of a tentative map and an opportunity to be heard must be given to persons whose property interests may be significantly affected by the proposed subdivision [*Horn v. Ventura County (1979) 24 Cal. 3d 605, 612-616, 156 Cal. Rptr. 718, 596 P.2d 1134]* . This requirement essentially means that a map will not be automatically approved following a failure by the advisory agency or legislative body to act on they application within the statutory time periods [*see* [iii], *above*].

The SMA contains numerous other notice requirements. For example, notice of a hearing held pursuant to the SMA must be given pursuant to the requirements set forth in the Permit Streamlining Act [*Gov. Code § 65920 et seq.*] for public notices [*Gov. Code § 66451.3*; *see Gov. Code §§ 65090, 65091*].

PRACTICE TIP:

Monitor Notices Carefully. State and local regulations contain a bewildering array of notice requirements. Both the SMA and CEQA trigger various notices at different stages in the review and approval process, directed at both the general public and other government entities. Failure to comply may jeopardize project approval; courts have been known to force a city or county to repeat the approval process because of deficient notices. The developer is well-advised to monitor all notices: this practitioner has caught planning staff using outdated codes that omitted newly adopted notice requirements! *By Edward Shaffer*

[v] Notice to School Districts and Other Agencies

A tentative map must be reviewed by some agencies other than the local agency with primary jurisdiction over the subdivision, and may be reviewed by others [*see Gov. Code § 66453 et seq.*]. For example, a local agency must send a detailed notice of the filing of a tentative map to all affected school districts for their review. Each school district may submit a report to the local agency regarding possible impacts of the proposed subdivision on the district and recommending appropriate solutions [*Gov. Code § 66455.7*]. For a complete list of other agencies that must or may review a tentative map application, see *§ 30.120[2],* Paragraph 14.

PRACTICE TIP:

Monitor Consultations Carefully. As with notices, both the SMA and CEQA require various efforts to involve other local and state agencies in project review. Make sure planning staff has followed the proper steps, and document that an agency was contacted but failed to respond (a common occurrence). This practitioner once observed approval of a use permit delayed by months because the planning department forgot to send the application to the public works department for review. *By Edward Shaffer*

[vi] Findings for Approval or Disapproval

A map cannot be deemed approved if it does not comply with all applicable requirements of the SMA and applicable local ordinances [*Gov. Code § 66473*; *Pongputmong v. City of Santa Monica (1993) 15 Cal. App. 4th 99, 104-105, 18 Cal. Rptr. 2d 550]* . Approval must be denied if the local legislative body makes certain findings [*see Gov. Code §§ 66473, 66474*]. For example, a local agency cannot approve a tentative map unless it has affirmatively found that the proposed subdivision is consistent with the general plan or specific plans [*Gov. Code § 66473.5*; *see Gov. Code §§ 66412.3, 66473.1* (additional findings regarding regional housing needs and heating or cooling opportunities)]. For a complete list of the statutory standards governing the approval or disapproval of maps, see *§ 30.120[2]*, Paragraph 15.

PRACTICE TIP:

Beware Perfunctory Approval Findings. When the proposed subdivision is controversial and the decision may be challenged in court, beware bare bone findings that simply recite the statutory language (e.g., "the map is consistent with the general plan"), without any supporting documentation. Findings serve as the legal footprints that bridge the gap between background information and the ultimate decision, and courts will overturn actions if the findings do not explain the decision making path followed by the legislative body. A prudent developer will insist on detailed findings confirming the appropriateness of subdivision approval under each of the criteria specified in *Gov. Code § 66474* and other SMA statutes, as described below [*see Topanga Ass'n for a Scenic Community v. County of Los Angeles (1974) 11 Cal. 3d 506, 113 Cal. Rptr. 836, 522 P.2d 12* ; an excellent discussion of findings is provided in "Bridging the Gap: Using Findings in Local Land Use Decisions" (1989), a report published by the Governor's Office of Planning and Research]. *By Edward Shaffer*

[vii] Approval Conditioned on Availability of Sufficient Water Supply

The local legislative body or the advisory agency (to the extent that the latter is authorized by local ordinance to approve, conditionally approve, or disapprove a tentative map) must include as a condition in any tentative map that includes a subdivision consisting of a residential development of more than 500 dwelling units, a requirement that a sufficient water supply be available. Proof of the availability of a sufficient water supply must be requested by the subdivision applicant or local agency, at the agency's discretion, and must be based on written verification from the applicable public water system within 90 days of a request [*Gov. Code § 66473.7(b)*; *see Gov. Code § 66473.7(a)(1), (2)* ("subdivision" and "sufficient water supply" defined for these purposes)].

The condition does not apply to any residential project proposed for a site that is within an urbanized area and has been previously developed for urban uses, or when the immediate contiguous properties surrounding the residential project site are, or previously have been, developed for urban uses, or housing projects that are exclusively for very low and low-income households [*Gov. Code § 66473.7(i)*].

[viii] Appeals

A subdivider may appeal any action of the advisory agency (or legislative body, when there is no advisory agency) with respect to a tentative map. The appeal must be filed within 10 days of the disputed action, with the clerk of the appeal board established by local ordinance or, if none, with the clerk of the legislative body. Once an appeal is filed, the appeal board or legislative body will set the matter for hearing, which must be held within 30 days after the date of the subdivider's or appellant's request. If the legislative body is not scheduled to meet within that 30-day period, the appeal

may be heard at the next regular meeting for which notice can be given, or within 60 days from the date the request for hearing was received, whichever period is shorter [*Gov. Code § 66452.5(a)*]. The decision of the appeal board may be further appealed to the legislative body or the advisory agency [*see Gov. Code § 66452.5(b)*]. If the appeal board or legislative body fails to act on an appeal within the statutory time limits, the tentative map, insofar as it complies with the requirements of the SMA and local ordinance, will be deemed approved as it was last approved [*Gov. Code § 66452.5(c)*].

Any interested person adversely affected by a decision of the advisory agency or appeal board may file an appeal with the clerk of the legislative body within 10 days after the disputed action. Once an appeal is filed, the legislative body will set the matter for hearing, which must be held within 30 days after the date of the subdivider's or appellant's request. If the legislative body is not scheduled to meet within that 30-day period, the appeal may be heard at the next regular meeting for which notice can be given, or within 60 days from the date the request for hearing was received, whichever period is shorter. The findings and decision must be rendered within 10 days of the hearing's conclusion [*Gov. Code § 66452.5(d), (e)*].

[c] Effect of Subsequent Law

The local agency generally must apply only ordinances, policies, and standards in effect at the time an application for approval of a tentative map is deemed complete when determining whether to approve or disapprove that application [*Gov. Code § 66474.2(a)*; *see Gov. Code § 65943* (determination regarding completeness of application); *see also § 30.120[2], [3]*]. However, the local agency may apply amendments to applicable general or specific plans or to zoning or subdivision ordinances that became effective after the application was accepted as complete, if (1) the amendments are in effect when the map is approved or disapproved, and (2) the agency initiated the amendment process and published notice of the proposed change before accepting the application as complete [*see Gov. Code § 66474.2(b)*; *see also Gov. Code § 65090(a)*]. Similarly, any changes in the applicable ordinances, policies, or standards requested by the applicant in connection with the same development project will apply if they are adopted [*Gov. Code § 66474.2(c)*].

PRACTICE TIP:

Remember to Check Out Amendments in the Works. This rule can cause unpleasant surprises for an unwary developer. Be sure to ask staff what zoning or other amendments are in process or being considered that may restrict or prohibit subdivision approval if adopted in time. This rule also qualifies what regulations will apply to development of a project protected by a vesting tentative map [*see Gov. Code § 66498.1(b)*]. Sometimes there are serious disagreements over whether a new restriction should apply. For example, when the city council has been considering wholesale general plan amendments over a long period of time, and the proposed changes are continually modified, at what stage is the test of *Gov. Code § 66474.2(b)* satisfied to bind future projects? Another source of dispute is whether--and at what time--a restriction adopted by initiative might apply under *Gov. Code § 66474.2*. *By Edward Shaffer*

Furthermore, with some exceptions, within five years after a tentative map for a residential subdivision has been approved, a city or county cannot condition the issuance of a building permit on the satisfaction of conditions that could have been lawfully imposed when the map was approved or filed. Neither can a permit be refused for failure to satisfy later-imposed conditions. This restriction is referred to as the "one bite of the apple rule" [*Gov. Code § 65961*; *but see Gov. Code § 65961(e), (f)*]. Notwithstanding this prohibition, a city or county may impose conditions or withhold permits if (1) failure to do so would jeopardize the health or safety of its residents, (2) the condition is necessary to ensure compliance with applicable state or federal requirements, (3) withholding or refusing to issue a building permit is required under the circumstances by state or federal law, or (4) the conditions are necessary to assure compliance with local zoning ordinances [*Gov. Code § 65961(a)-(c)*]; *see Golden State Homebuilding Assoc. v City of Modesto (1994) 26 Cal. App. 4th 601, 31 Cal. Rptr. 2d 572* (because city did not adopt impact fees until after tentative map approved, fee condition could not have been lawfully imposed on map approval--and so city could require fees for building

permits without violating *Gov. Code § 65961*)]. For a discussion of building permits, see Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits* .

[d] Term of Approved Map

Generally, an approved tentative map expires (1) 24 months after the approval, or (2) after any additional period of time beyond 24 months prescribed by local ordinance and not in excess of 12 months [*Gov. Code § 66452.6(a)(1)*]; *but see Gov. Code § 66452.6(a)(1)* (conditions under which subdivider may obtain extension of expiration date)]. In 1993, the Legislature adopted an urgency statute that extended the life of any approved tentative map that had not expired as of September 13, 1993, by another 24 months [*Gov. Code § 66452.11*]. In 1996, the Legislature again amended the SMA to extend the life of approved tentative maps that had not expired as of May 14, 1996, by another 12 months [*Gov. Code § 66452.13*]. These two extensions were automatic, and in addition to all other discretionary and mandatory extensions available under the SMA.

Because of a severely depressed housing market with subdividers facing the prospect of having their tentative and parcel maps expire before they could obtain financing or have their projects be economically viable on completion, legislation was enacted in 2008 to extend by 12 months the expiration date of any tentative or vesting tentative map or parcel map that had not expired on July 15, 2008, but was due to expire before January 1. 2011 [*Gov. Code § 66452.21(a)*]. The extension is in addition to any other statutory extensions [*Gov. Code § 66452.21(b)*; *see Gov. Code §§ 66452.6, 66452.11, 66452.13, 66463.5*]. The determination of whether a map expires before January 1, 2011, will count only those local discretionary extensions of time pursuant to *Gov. Code § 66452.6(e)* approved on or before July 15, 2008, and any additional time in connection with the filing of a final map pursuant to *Gov. Code § 66452.6(a)* for a map that was recorded on or before July 15, 2008. The determination does not include any development moratorium or litigation stay [*Gov. Code § 66452.21(d)*].

In 2009, the Legislature again amended the Act to extend, for an additional 24 months, the expiration date of any tentative or vesting tentative map that (1) was in existence on July 15, 2009, and (2) will not expire before January 1, 2012 [*Gov. Code § 66452.22(a)*; *see Gov. Code § 66452.22(d)* (determining whether map expires before January 1, 2012)]. The extension also applies to any legislative, administrative, or other state agency approval pertaining to a development project included in the map, provided the approval had not expired on July 15, 2009 [*Gov. Code § 66452.22(c)*]. These extensions are automatic, and in addition to all other discretionary and mandatory extensions available under the Act [*Gov. Code § 66452,22(b), (c)*].

For a detailed outline of the periods of validity of tentative maps, see *§ 30.120[4]*.

The periods of validity do not include any time during which a "development moratorium" exists, provided that the moratorium was imposed after approval of the map and that the original length of the moratorium does not exceed five years [*Gov. Code § 66452.6(b)(1)*]. For these purposes, a development moratorium includes a water and/or sewer moratorium, as well as certain other actions of public agencies that regulate land use, development, or land services and that interfere with the processing of subdivision maps [*see Gov. Code § 66452.6(f)*]. Further, a development moratorium will be deemed to exist for any period of time during which a condition imposed by the city or county could not be satisfied because of the failure of the local jurisdiction or another public agency to take certain necessary actions [*see Gov. Code § 66452.6(f)*]. When the moratorium is terminated, the map is valid for the same period of time as was left to run on the map at the time the moratorium was imposed. However, if the remaining time is less than 120 days, the map will be valid for at least 120 days following termination of the moratorium [*Gov. Code § 66452.6(b)(3)*].

A local agency may approve a stay of the period of validity pending the outcome of a lawsuit involving the approval of the map. The subdivider must apply for this stay after service of the initial petition or complaint in the lawsuit. Within 40 days after receiving this application, the agency must either deny the request or grant a stay of up to five years. Additional requirements may be established by local ordinance [*Gov. Code § 66452.6(c)*].

[3] Vesting Tentative Maps

[a] Significance and Use

A subdivider has the discretion to file a vesting tentative map [*see § 30.22[2][c]*] in lieu of a tentative map [*Gov. Code § 66498.1(a)*] or a parcel map [*Gov. Code § 66498.1(a)*]. A "vesting tentative map" is a tentative map that (1) serves as a guarantee to the subdivider that only those local requirements in effect at the time the map application is accepted as complete will apply to the development of the proposed project, and (2) complies with certain statutory requirements in addition to the statutes applicable to tentative maps [*Gov. Code §§ 66498.1-66498.9*; *see* Gov. Code § 66472.2; *see also Gov. Code § 66424.5(b)*].

PRACTICE TIP:

Malpractice Not to Suggest a Vesting Map. Attorneys and engineers commit malpractice every day by not advising their developer clients to consider applying for a vesting map. In some jurisdictions all that is needed to gain this significant vested rights protection is to add the word "VESTING" to the map! The subdivider can weigh the added up-front cost of submitting additional plans earlier in the approval process, versus the risk of more restrictive regulations being adopted before the project is built. *By Edward Shaffer*

PRACTICE TIP: Vesting Maps Not Only for Residential Development. Do not forget that vesting maps can be used for any type of project. Subdividing a shopping center into two or more parcels (even if not necessary for the development) may provide valuable vested rights. This practitioner once subdivided a church from its parking lot with a vesting tentative parcel map, to preserve the ability to expand in a community considering potential new restrictive regulations. *By Edward Shaffer*

[b] Conditions for Approval

The local agency may condition approval of the vesting map on obtaining a necessary change in a zoning ordinance that is inconsistent with the proposed subdivision [*Gov. Code § 66498.3*]. If the change is obtained, the approved or conditionally approved vesting tentative map must confer the vested right to proceed with the development in substantial compliance with the change in the zoning ordinance and the map as approved [*Gov. Code § 66498.3*; *but see Gov. Code § 66498.1* (vested rights conferred by approval of vesting tentative map)]. Further, a local agency may grant any other departures from zoning ordinance that are authorized under applicable law (for example, variances) [*see Gov. Code § 66498.4*].

[c] Filing and Processing

In general, a vesting tentative map must be filed and processed in the same manner as a tentative map [*Gov. Code § 66452(b)*; *see § 30.120[1], [2]*].

PRACTICE TIP:

Ability to Demand Information Still Restricted. The city/county should have an ordinance regulating the processing of vesting map applications [*Gov. Code § 66498.8*]. Some communities try to burden the application with detailed design submissions that otherwise would only be required after subdivision approval as part of final design review. *Gov. Code § 66498.8(d)* has triggered heated debate over how far these demands can go. Never forget that the Permit Streamlining Act requires a formal list of information needed to complete the application, so staff cannot keep coming up with new ideas [*see Gov. Code § 65940*]. *By Edward Shaffer*

[d] Effect of Approval on Subsequent Conditions

An approved or conditionally approved vesting map will not limit a local agency's authority to impose reasonable conditions on subsequent approvals or permits necessary for the development and authorized by local ordinances, policies, or standards in effect when the vesting map application was deemed complete [*Gov. Code § 66498.1(e)*; *see Gov. Code § 66498.1(b)*].

PRACTICE TIP:

Beware Attempts to End-Run Freeze on Regulations. Planners can be creative in attempting to tack on new conditions or fees, notwithstanding approval of a vesting map that locks in what local regulations can apply to project construction. They may claim the right to add new conditions so long as they do not preclude development, despite the plain language and intent of *Gov. Code § 66498.1(e)*. The court in *Kaufman & Broad Central Valley, Inc. v. City of Modesto* [*Kaufman & Broad Central Valley, Inc. v. City of Modesto (1994) 25 Cal. App. 4th 1577, 30 Cal. Rptr. 2d 904]* rejected as a violation of this rule an open-ended fee escalator imposed on a vesting tentative map; this fee escalator attempted to collect *whatever fee was in effect at the time of building permit issuance*. *By Edward Shaffer*

[4] Final Map

[a] In General

Before the tentative map expires, the subdivider must arrange for the preparation of a final map [*see § 30.120[5]*] and file an application for its approval, along with all necessary supporting documents, with the appropriate legislative body [*Gov. Code §§ 66457(a), 66452.6(d)*; *see § 30.120[6]*]. As long as the final map is filed before expiration of the tentative map, subsequent approval and recording can proceed. A final map may be disapproved only for failure to meet or perform requirements or conditions imposed when the tentative map was approved [*Gov. Code § 66473*]. Any disapproval must be accompanied by a finding identifying the requirements or conditions that have not been met or performed. Local ordinances must include procedures for waiver of this disapproval requirement when final map noncompliance results from a technical and inadvertent error that the city or county determines does not materially affect the validity of the map [*Gov. Code § 66473*]. Furthermore, a final map must contain any certificates, statements, and acknowledgments required by applicable local ordinances [*see Gov. Code § 66443*]. Local agencies may require that these certificates, statements, and acknowledgments be made by separate instrument to be recorded concurrently with the final map [*Gov. Code § 66435.1*]. Whenever a separate instrument is required, the county recorder must place a reference to the separately recorded document on the final map [*Gov. Code §§ 66435.2, 66468.1*].

If the local governing body certifies that the final map substantially complies with a previously-approved tentative map, approval of the subdivision becomes a ministerial matter and no notice of approval of the final map is necessary [*Youngblood v. Board of Supervisors (1978) 22 Cal. 3d 644, 653-657, 150 Cal. Rptr. 242, 586 P.2d 556]* .

For territory being incorporated into a newly incorporated city after 1998, when any area in a subdivision or proposed subdivision as to which a tentative map or vesting tentative map has been approved by a county board of supervisors is incorporated into a newly incorporated city, the city must approve the final map (and give effect to the vesting tentative map) if it meets all of the conditions of the tentative map and the requirements and conditions for approval of final maps under the Subdivision Map Act [*Gov. Code § 66413.5(a), (b), (g)*; *see Gov. Code § 66413.5(f)*]. The newly incorporated city may condition or deny approval, however, if it determines that failure to condition or deny approval would place the subdivision residents or the immediate community, or both, in a dangerous condition or the condition or denial is required in order to comply with state or federal law [*Gov. Code § 66413.5(c)*]. The newly incorporated city may impose reasonable conditions on subsequent approvals or permits necessary for the development and authorized by the ordinances, policies, and standards in effect when the tentative or vested tentative map application was complete [*Gov. Code § 66413.5(e)*].

Under *Gov. Code § 66413.5(f)*, a newly-incorporated city is only compelled to approve a final map if two temporal conditions are met: (1) the application for the tentative map or vesting tentative map was submitted before the first signature was placed on the incorporation petition; and (2) the county approved the tentative map before the incorporation election. Thus, a city properly disapproved a final map when neither of those conditions were met, even though at the time of incorporation the city had adopted the county ordinance providing for ministerial approval of final maps that conformed with approved tentative maps [*City of Goleta v. Superior Court (2006) 40 Cal. 4th 270, 277-279, 52 Cal. Rptr. 3d 114, 147 P.3d 1037*].

The county recorder who examines a final map must either accept or reject it for filing within 10 days [*Gov. Code § 66466(a)*]. If the county recorder accepts the map for filing, an acceptance must be certified on the face of the map [*Gov. Code § 66466(c)*; *see § 30.120[6]*].

For a step-by-step guide to the procedures that must be followed in filing an application for the approval of a final map, see *§ 30.120[6]*.

[b] Effect of Multiple Final Maps

Local agencies may impose reasonable conditions relating to the filing of multiple final maps. The filing of a final map on a portion of an approved or conditionally approved tentative map will not invalidate any part of the tentative map [*Gov. Code § 66456.1*].

The subdivider may file multiple final maps relating to different portions of an approved or conditionally approved tentative map prior to the expiration of the tentative map [*see* [2][d], *above*] if (1) after the filing of the tentative map, the local agency and the subdivider concur in the filing of multiple final maps; or (2) the subdivider, at the time the tentative map is filed, informs the local advisory agency of the intention to file multiple final maps. In the latter case, the subdivider's notice of intention need not define the number or configuration of the proposed multiple final maps [*Gov. Code § 66456.1*].

If the subdivider must provide public off-site improvements [*see* [d], *below*], the filing of multiple final maps will extend the expiration of the approved or conditionally approved tentative map. In 2004, the Legislature set the threshold value for such off-site public improvements to extend map life at $178,000, subject to annual adjustment for inflation beginning January 1, 2005 [*see* Gov. Code § 66432.6(a)(1), (2)].

PRACTICE TIP:

Abutting Road Improvements Do Not Count. Developers are disappointed to learn that the opportunity to extend tentative map life by filing multiple final maps requires the minimum expenditure for off-site improvements that do not include rights-of-way that abut the property and are related to the planned development [*Gov. Code § 66452.6(a)*]. Merely widening the road fronting on the project site will not qualify. *By Edward Shaffer*

The recordation of several final maps on various phases of a project covered by a single vesting tentative map will affect the period of validity of the vesting tentative map. Ordinarily, the rights conferred by such a map will last for an initial time period, as provided by ordinance, that must not be less than one year or more than two years beyond the recording of the final map. When several final maps are recorded, however, the "one year initial time period" will begin for each phase when the final map for that phase is recorded [*Gov. Code § 66452.6(g)* (statute also provides for automatic extensions under specified circumstances)].

[c] Expiration of Vested Rights

A vesting tentative map [*see* [3], *above*] is subject to the same rules regarding effective life and expiration as other tentative maps [*see* [2], *above*]. After the final map is recorded, the vested rights protected by the map pursuant to *Gov. Code § 66498.1* [*see* [3], *above*] are not permanent, but will only last initially for one or two more years (depending on the local implementing ordinance), with a possible one-year extension at the local agency's discretion [*Gov. Code § 66452.6(g)*]. Thereafter, development of the property again will be subject to any regulations that may have been adopted but blocked by the vesting tentative map application and approval. If multiple final maps are filed for phases of the project, these time periods will apply separately for each phase. The time periods also will be extended during prolonged review of grading permits or project design. Finally, if a complete building permit application is submitted before expiration of the vested rights, those rights will continue for the future life of the building permit (as it may be extended) [*Gov. Code § 66452.6(g)*].

PRACTICE TIP:

Beware Expiring Vested Rights. Developers often receive their vesting tentative map approval, record their final map, and forget about the deadline to build--until they eventually apply for permits, only to face a recently adopted zoning restriction that severely restricts or prevents the intended project! Attorneys and engineers should advise their clients carefully on this matter, and calendar deadlines for action. For projects with potential delays or extended buildout schedules, developers should consider the merits of negotiating a development agreement that may extend vested rights considerably longer. Another tactic is to delay recording the final map as long as possible, and take advantage of the opportunities to extend the life of the tentative map. *By Edward Shaffer*

[d] Agreement for Off-Site Improvements

As a condition precedent to the approval of a final map, a city or county may require the subdivider to install any public facilities that are reasonably necessary for the general use of the lot owners in the subdivision, the local neighborhood traffic, and area drainage needs [*Gov. Code §§ 66411, 66418, 66419*; *see Gov. Code §§ 66451, 66473*]. These facilities or improvements are referred to as "off-site improvements" and are generally provided for in an agreement between the subdivider and the governmental entity with approval jurisdiction under the SMA. This agreement is in lieu of requiring the improvement before the final map is approved.

The agreement will generally provide for either (1) the completion of the improvements by the subdivider at his or her expense, or (2) the initiation of proceedings under a special assessment act [*see Sts. & Hy. Code § 5000 et seq.* (Improvement Act of 1911); *see also Sts. & Hy. Code § 10000 et seq.* (Municipal Improvement Act of 1913)] or the Mello-Roos Community Facilities Act of 1982 (Mello-Roos) [*Gov. Code § 53311 et seq.*; *see § 30.24[2]*] to finance and complete the improvements [*Gov. Code § 66462*; *see* Ch. 30A, *Construction Financing*]. If the agreement requires special assessment proceedings, it must also obligate the subdivider to complete the improvements at the subdivider's expense if they are not completed under the special assessment or Mello-Roos [*Gov. Code § 66462(a)(2)(B)*].

In situations involving parcel map subdivisions, unless required by the public health and safety or as a prerequisite to the orderly development of the surrounding area, the subdivider cannot be required to fulfill any requirements to construct off-site or on-site improvements until either (1) the local agency has issued a permit [*see* Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits*] or other grant of approval for development of the parcel, or (2) the time construction of the improvements is required pursuant to any authorized agreement and the public agency finds that fulfillment of the construction requirement is necessary for either the public health and safety or as a prerequisite to the orderly development of the surrounding area. The subdivider may be required to fulfill the requirements within a reasonable time after the parcel map is approved or a waiver is granted but before a permit or other approval for the development is issued [*Gov. Code § 66411.1(b)*]. Although the local agency cannot require that the improvements be finished before approving the parcel map, it can require the developer to provide security to ensure that the improvements will be completed [*see 62 Ops. Cal. Atty. Gen. 175, 176-179 (1971)]* .

"Off-site improvements" or "public improvements" include traffic controls, streets and highways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities [*Gov. Code § 66452.6(a)(3)*]. Local ordinances may require the developer to construct off-site improvements at its own expense and to dedicate them without charge to the city or county [*see Gov. Code §§ 66439, 66447*], which is legal to the extent that the need for the improvement is reasonably related to burdens caused by the new development.

For further discussion of off-site improvements and a form of agreement between a subdivider and a local government, see *§ 30.200*.

[e] Dedication and Public Easements

As a condition precedent to the approval of a final map, a local ordinance may require that any or all of the parcels shown on the map as intended for public use be offered for dedication for that use [*Gov. Code §§ 66439, 66447*; *see Gov. Code §§ 66475-66478*]. A local agency may require that a waiver of direct access rights to a dedicated street from property abutting that street be included in any dedication or offer for dedication [*Gov. Code § 66476*]. An offer of dedication of real property for street or public utility easement purposes will be deemed not to include any public utility facilities located on or under the real property unless an intent to dedicate the facilities is expressly declared in the statement [*Gov. Code § 66439(c)*].

If the subdivider is required to make a dedication for specified public purposes on a final map, the local agency must specify whether the dedication is to be in fee or as an easement, and the dedication statement must include statutorily prescribed language to that effect [*Gov. Code § 66439(d)*; *see Gov. Code § 66439(d)(2), (3)* (prescribed language)].

The local governmental entity or its designated official must accept or reject any or all offers of dedication contained on the final map when it approves that map [*Gov. Code §§ 66458, 66462, 66477.1*].

A local agency to which property is dedicated in fee for public purposes or for making public improvements or constructing public facilities (other than for open space, parks, or schools) must record a certificate with the county recorder in the county where the property is located. The certificate must be attached to the map and must contain specified information regarding the dedication and the obligation to reconvey [*Gov. Code § 66477.5(a)*]. If the local agency later determines that the same public purpose for which the dedication was required no longer exists [*Gov. Code § 66477.5(b)* (subdivider may request local agency to determine whether or not original public purpose still exists)], it must reconvey the property to the subdivider or the subdivider's successor in interest. The local agency need not reconvey any portion of the property that is still required for the same public purpose or for public utilities [*Gov. Code § 66477.5(c)*]. Finally, the local agency must give at least 60 days' notice to the subdivider whose name appears on the certificate before vacating, leasing, selling, or otherwise disposing of the dedicated property, unless that property will be used for the same public purpose for which it was dedicated [*Gov. Code § 66477.5(d)*].

As an alternative to dedication, local ordinances may authorize the creation of public easements on private lands for specified purposes [*see Gov. Code §§ 65870-65875*]. For a discussion of public easements, see Ch. 28A, *Easements and Licenses* . For a detailed discussion of dedication, see Ch. 28, *Dedication* , and California Real Estate Law and Practice, Ch. 291, *Substantive Requirements of the Subdivision Map Act* (Matthew Bender).

[5] Parcel Maps

[a] In General

A parcel map generally is not subject to local survey and map requirements that do not affect record title interests [*Gov. Code § 66445(g)*]; *but see Gov. Code § 66434.2*]. Generally, an approved parcel map must include, among other things [*see § 30.120[7], [8]*], a statement consenting to its recordation, signed and acknowledged by all parties with record

title interest in the property [*Gov. Code § 66445(e)*; *but see § 30.120[7]*, P 3]. Dedications or offers of dedication may be made by separate instrument as well as by a statement affixed to the parcel map. If made by separate instrument, they must be recorded before or concurrently with the filing of the parcel map for recordation [*Gov. Code § 66447(a)*].

In general, the SMA grants local legislative bodies wide discretion in establishing the procedure for processing, approval, conditional approval, disapproval, and filing of parcel maps [*see Gov. Code § 66463*]. However, local procedures must comply with certain requirements. For example, whenever a local ordinance requires the legislative body (as opposed to the advisory agency or a designated official, such as the county engineer) to approve parcel maps, the statutory procedures for the filing [*see Gov. Code § 66457*; *see also § 30.120[6]*] and approval [*see Gov. Code § 66458*; *see also § 30.120[6]*] of final maps are applicable [*Gov. Code § 66463*].

The county recorder who examines a parcel map must either accept or reject it for filing within 10 days [*Gov. Code § 66466(a)*]. If the county recorder accepts the map for filing, an acceptance must be certified on the face of the map [*Gov. Code § 66466(c)*].

[b] Approval or Disapproval

The SMA specifies the grounds for approval and disapproval of certain parcel maps [*see Gov. Code §§ 66473.5, 66474, 66474.1, 66474.4(a)*]. At the time of approval, the legislative body or its designated official must also accept, accept subject to improvement, or reject any offer of dedication [*Gov. Code §§ 66477.1, 66463*]. A local ordinance that provides for the approval, conditional approval, or disapproval of parcel maps by the county engineer, surveyor, or other designated official may also provide that the officer may accept or reject dedications and offers of dedication that are made by a statement on the map [*Gov. Code § 66463*].

The local time limits for action or approval of a parcel map for which a tentative map is not required must be no longer than the time limits applicable to (1) action by an advisory agency on a tentative map and (2) consideration of a tentative map by a legislative body [*Gov. Code § 66463(d)*; *see Gov. Code §§ 66452.1, 66452.2*]. Even when a tentative map is required by local ordinance for a parcel map, more relaxed procedures may apply.

For discussion of the limited circumstances under which a subdivider can be required, as a condition to the approval of a parcel map, to defend, indemnify, or hold harmless a local agency and local officials from claims relating to any local approval of the subdivider's application [*see Gov. Code § 66474.9*], see [6], below.

[c] Recordation

The parcel map must be recorded before the expiration of the approved or conditionally approved tentative map [*Gov. Code § 66463.5(a)*; *see Gov. Code § 66463.5(d)- (f)*].

PRACTICE TIP:

Six-Year Potential Extension. *Government Code Section 66463.5(c)* was amended effective July 15, 2008, to allow discretionary extensions of parcel map life for up to six years instead of five. The other opportunities to extend the deadline for filing the map discussed above regarding tentative maps also will apply for parcel maps. *By Edward Shaffer*

[d] Effect on Building Permits

Generally, within five years after the approval of a parcel map for a residential subdivision for which a tentative map was not required, a city or county cannot condition the issuance of a building permit on the satisfaction of conditions that could have been lawfully imposed when the map was approved or filed. A permit also cannot be refused for failure to satisfy subsequently-imposed conditions [*Gov. Code § 65961*; *but see Gov. Code § 66961(e), (f)*]. Notwithstanding this prohibition, a city or county may impose conditions or withhold permits if (1) failure to do so would jeopardize the

health or safety of its residents, (2) the condition is necessary to ensure compliance with applicable state or federal requirements, (3) withholding or refusing to issue a building permit is required under the circumstances by state or federal law, or (4) the conditions are necessary to assure compliance with local zoning ordinances [*Gov. Code § 65961(a)-(c)*].

For a discussion of building permits, see Ch. 30B, *Zoning, Building, and Environmental Permits* .

[6] Indemnification Requirements

Generally, a local agency may not require as a prerequisite to the approval of a tentative, parcel, or final map that the subdivider defend, indemnify, or hold harmless the local agency or its agents, officers, and employees from any claim, action, or proceeding against the local agency as a result of the action or inaction of the local agency or an advisory agency, appeal board, or legislative body in reviewing, approving, or denying the map [*Gov. Code § 66474.9(a)*]. However, the agency may impose such a condition for any claim, action, or proceeding to attack, set aside, void, or annul an approval of the local agency, advisory agency, appeal board, or legislative body concerning a subdivision [*Gov. Code § 66474.9(b)(1)*; *see Gov. Code § 66499.37* (limitations period)], provided that the condition requires the local agency to promptly notify the subdivider of any claim, action, or proceeding, and to cooperate fully in the defense [*Gov. Code § 66474.9(b)(2)*]. If the local agency fails to perform either of those tasks, the subdivider will not be required to defend, indemnify, or hold harmless the local agency [*Gov. Code § 66474.9(b)(2)*].

PRACTICE TIP:

Obligation to Defend Universally Imposed. In these days of frequent litigation over controversial development, it is rare to see any major project approval that does not include a condition requiring the developer to handle litigation expenses. However, prudent developers will choose to take charge of the defense in any case, rather than trust their approvals to government attorneys who likely are not as strongly motivated to defend the project. *By Edward Shaffer*

§ 30.24 Financing Considerations

[1] Security Requirements

When the SMA or a local ordinance that was adopted to implement the SMA authorizes or requires the subdivider to post security in connection with the performance of any act or agreement, the security must be one of the following:

- A bond or undertaking by one or more duly authorized corporate sureties [*Gov. Code §§ 66499(a)(1), 66499.1*; *see Code Civ. Proc. § 995.210*; *see also Gov. Code § 66499.2* (labor and material bond)].

- A deposit, either with the local agency or a responsible escrow agent or trust company, of money or negotiable bonds of the kind approved for securing deposits of public moneys [*Gov. Code § 66499(a)(2)*].

- An instrument of credit from an agency of the state, federal, or local government that provides at least 20 percent of the financing for the portion of the act or agreement requiring security, or from one or more financial institutions subject to regulation by the state or federal government and pledging that the funds necessary to carry out the act or agreement are on deposit and guaranteed for payment, or a letter of credit issued by such a financial institution [*Gov. Code § 66499(a)(3)*; *see Sts. & Hy. Code § 6400 et seq.* (Improvement Act of 1911); *see also Sts. & Hy. Code § 8500 et seq.* (Improvement Bond Act of 1915)].

- A lien on the property to be subdivided, created by an agreement between the owner and the local agency, if the local agency finds that it would not be in the public interest to require the installation of the required improvement sooner than two years after the recordation of the map [*Gov. Code § 66499(a)(4)*].

- Any form of security, including security interests in real property, that is acceptable to the local agency and specified by the appropriate local ordinance [*Gov. Code § 66499(a)(5)*].

If the developer is a California nonprofit corporation funded by the state or federal government or one of its agencies [*see Gov. Code § 66499.3(c)*], the security will be subject to the approval of the local agency. In the case of any other developer, the local agency will select the type of security and then have the right to approve the security [*Gov. Code § 66499(a)*].

When an action is commenced on the subdivider's bond, the Real Estate Commissioner (Commissioner) may require the filing of a new bond. Immediately upon the recovery in any action on the bond, the subdivider must file a new bond [*Bus. & Prof. Code § 10237.9*].

[2] The Mello-Roos Community Facilities Act

The Mello-Roos Community Facilities Act ("Mello-Roos") [*Gov. Code § 53311 et seq.*] provides for the establishment of a community facilities district to finance the purchase, construction, expansion, improvement, or rehabilitation of any real or other tangible property with an estimated useful life of five years or longer [*Gov. Code § 53313.5*]. Mello-Roos may also be used to finance planning and design work directly related to the purchase, construction, expansion, or rehabilitation of any real or tangible property [*Gov. Code § 53313.5*]. Unless other funds are available, the purchase or work provided for in a Mello-Roos proceeding will be financed by a special tax assessed on an annual basis [*see Gov. Code §§ 53321(d), 53326, 53328*].

For purposes of a special tax under Mello-Roos, a "subdivision" is improved or unimproved land that is divided or proposed to be divided into two or more lots, parcels, or units for the purpose of immediate or future sale, lease, or financing. This definition specifically includes condominium projects [*see Civ. Code § 1350*], community apartment projects [*see Bus. & Prof. Code § 11004*], stock cooperatives [*see* Bus. & Prof. Code § 11003.2], and limited-equity housing cooperatives [*Gov. Code § 53341.5(b)*; *see Bus. & Prof. Code § 11003.4*]. For a discussion of these common interest developments, see Ch. 33A, *Time-Share Projects* , through Ch. 34, *Condominiums* .

For a detailed discussion of Mello-Roos, see Ch. 30A, *Construction Financing* .

§ 30.25 Effect of Noncompliance

[1] In General

A subdivider may not sell or lease subdivided lands that have not been established as conforming to applicable subdivision laws and ordinances through the procedures mandated by the SMA [*Gov. Code §§ 66499.30, 66499.31*; *see § 30.120*]. A subdivider who does so will be subject to penalties [*see Gov. Code §§ 66499.30, 66499.31*]. A city or county may refuse to issue building or other permits pending the developer's compliance with applicable subdivision laws and ordinances [*see Pratt v. Adams (1964) 229 Cal. App. 2d 602, 606, 40 Cal. Rptr. 505]* .

PRACTICE TIP:

"A Subdivision by Any Other Name?" There are several ways that use of property can unexpectedly be deemed a "division for purposes of sale, lease or finance, immediate or future" without the benefit of formal approval--that is, an illegal subdivision. The key element to investigate is whether some *right of exclusive occupancy* has been created--especially if that right is transferable. This may apply to an exclusive easement, a will that divides land among heirs, or a "permit" to build and use a cabin. Before conveying an interest in land that appears to be a separate legal parcel, the attorney should look closely at the legal description: use of metes and bounds rather than reference to a recorded map is a definite red flag. Another common mistake is to assume that any separate assessor's parcel number denotes a legal parcel; in fact, one has nothing to do with the other. *By Edward Shaffer*

[2] Certificate of Compliance

[a] Effect of Issuance

A certificate of compliance must be issued for any real property that has been approved for development pursuant to *Gov. Code § 66499.34* [*Gov. Code § 66499.35(c)*]. The existence of a certificate of compliance constitutes a conclusive determination that parcels have not been merged [*Stell v. Jay Hales Development Co. (1992) 11 Cal. App. 4th 1214,*

1226-1228, 15 Cal. Rptr. 2d 220] . If a local agency determines that the property is not in compliance with applicable ordinances or the SMA, it will issue a *conditional* certificate of compliance. A local agency may, as a condition to granting the conditional certificate of compliance, impose conditions that (1) would have been applicable to the division of the property at the time the applicant acquired his or her interest, and (2) had been established at that time by the SMA or local ordinance. However, when an applicant was the owner of record at the time of the initial violation of the SMA or local ordinance and, by a grant of the real property, created parcels in violation of the SMA or local ordinance, and that person is the current owner of record of one or more of those parcels, then the local agency may impose those conditions that would be applicable to a current division of the property. On making that determination and establishing those conditions, the city or county will file a conditional certificate of compliance with the recorder of the county where the real property is located. That certificate will serve as notice that the full formal implementation of those conditions will be required prior to the issuance of a permit or other grant of approval for development of the property [*Gov. Code § 66499.35(b)*]. Compliance with those conditions will not be required until the local agency issues a permit or other grant of approval for development of that property [*see Gov. Code § 66499*].

[b] Required Contents

A certificate of compliance must identify the property to which it relates and state that the division of the property complies with the provisions of the SMA and local ordinances [*Gov. Code § 66499.35(a)*]. The certificate or conditional certificate of compliance must include any information required by local ordinance, as well as the following [*see Gov. Code § 66499.35(f)(1)*]:

- The names of the owners of the parcels.
- The assessment or parcel number.
- The number of parcels for which the certificate or conditional certificate of compliance is being issued or recorded.
- The legal description of the parcels for which the certificate or conditional certificate of compliance is being issued and recorded.
- Any conditions to be fulfilled and implemented before a permit or other grant of development approval will be issued.
- A prescribed notice stating the effect of the certificate.

A recorded final map, parcel map, or official map will constitute a certificate of compliance with respect to the parcels of real property described in it [*Gov. Code § 66499.35(d)*]. An official map prepared pursuant to *Government Code Section 66499.52(b)*will constitute a certificate of compliance with respect to the parcels of real property described and may be filed for record, whether or not the parcels are contiguous, as long as the parcels are within the same section or, with the approval of the city engineer or county surveyor, within contiguous sections of land [*Gov. Code § 66499.35(e)*].

[3] Purchaser's Rights

[a] In General

The purchaser may declare a deed that was issued in violation of the SMA void [*Gov. Code § 66499.32(a)*; *see* [c], *below*; *see also Gov. Code § 66473* (map that does not indicate compliance with SMA and local ordinances may be rejected or disapproved by local agency)]. However, an innocent purchaser of subdivided land sold in violation of the

SMA is not subject to any sanction if he or she has neither actual nor constructive notice of the violation [*see Gov. Code § 66499.32(b)*; *see also Munns v. Stenman (1957) 152 Cal. App. 2d 543, 554-555, 314 P.2d 67* (decided under former *Bus. & Prof. Code §§ 11500-11641*)]. Thus, for example, an innocent purchaser for value may not be denied a building permit on a lot sold by a subdivider who violated the SMA by the sale of the lot [*Keizer v. Adams (1970) 2 Cal. 3d 976, 980, 88 Cal. Rptr. 183* (decided under former *Bus. & Prof. Code §§ 11500-11641*)]. On the other hand, a purchaser who violates the SMA may be denied a building or other permit pending compliance with applicable subdivision laws and ordinances [*Pratt v. Adams (1964) 229 Cal. App. 2d 602, 606, 40 Cal. Rptr. 505]* .

For a detailed discussion of the rights of purchasers in real estate transactions, see Ch. 23, *Real Property Sales Agreements* .

[b] Effect of Failure to Record Final Map or Parcel Map

If a final map or parcel map has not been properly recorded for a subdivision, no person may (1) sell, lease, or finance any parcel of real property in the subdivision; (2) commence construction of any building for sale, lease, or financing, except model homes; or (3) allow occupancy of the real property [*Gov. Code § 66499.30(a), (b)*]. Furthermore, a conveyance of any part of a division of real property for which a final or parcel map is required cannot be made by parcel or block number, initial, or other designation, unless and until the required map has been properly recorded [*Gov. Code § 66499.30(c)*].

Any person who enters into a prohibited transaction with the subdivider may void that transaction. However, subdividers are allowed to make offers or enter into agreements to sell, lease, or finance real property or to construct improvements in advance of map recording if the sale, lease, or financing or the commencement of the construction is expressly conditioned on the approval and filing of a final subdivision map or parcel map [*Gov. Code § 66499.30(e)*].

[c] Voidability of Deeds, Sales, or Contracts

Any deed of conveyance, sale, or contract to sell real property that was divided or resulted from a division in violation of the SMA or applicable local ordinances is voidable at the sole option of the grantee, buyer, or person contracting to purchase, or his or her heirs, personal representative, or trustee in insolvency or bankruptcy. The option to void must be exercised within one year after discovery of the violation of the SMA or local ordinances [*Gov. Code § 66499.32(a)*].

A deed of conveyance, sale, or contract to sell is binding on any successor in interest of the grantee, buyer, or person contracting to purchase, other than the grantee, buyer, or person contracting to purchase, or his or her heirs, personal representative, or trustee in insolvency or bankruptcy. Likewise, a deed of conveyance, sale, or contract to sell is binding on the grantor, vendor, or person contracting to sell, or his or her assignee, heir, or devisee [*Gov. Code § 66499.32(a)*].

A conveyance of real property identified in a certificate of compliance [*see Gov. Code § 66499.35*] or in a recorded final map or parcel map from and after the date of recording may not be voided [*Gov. Code § 66499.32*].

[d] Action for Damages

Any grantee, or the grantee's successor in interest, of real property that was divided or resulted in a division in violation of the SMA or applicable ordinances may bring an action to recover damages resulting from the improper division of the subdivided property. The action must be brought in superior court within one year from the date on which the grantee or his or her successor in interest discovered the violation of the SMA. The action may be brought against the subdivider who violated the SMA as well as against his or her successors in interest who had actual or constructive knowledge of the improper division of property [*Gov. Code § 66499.32(b)*].

The right to bring an action for damages is inapplicable to the conveyance of real property identified in (1) a certificate of compliance [*see Gov. Code § 66499.35*], or (2) a recorded final map or parcel map from and after the date of recording [*Gov. Code § 66499.32(b)*].

For a discussion of actions for damages resulting from violations of the SMA, see California Forms of Pleading and Practice, Chapter 579, *Zoning and Planning* (Matthew Bender).

[e] Enjoining Subdivision or Sale

A public agency or any person, firm, or corporation may seek to restrain or enjoin any proposed violation of the SMA, such as the sale of subdivided land for which a map has not been approved [*Gov. Code § 66499.33*; *see Gov. Code § 66420* (SMA does not bar any legal, equitable, or summary remedy to which aggrieved public or private party would otherwise be entitled)]. A suit for injunctive relief must be filed in the superior court of the county where the property attempted to be subdivided or sold, leased, or financed in violation of the SMA or local ordinance is located [*Gov. Code § 66499.33*; *see Tiburon v. Northwestern P.R. Co. (1970) 4 Cal. App. 3d 160, 174-181, 84 Cal. Rptr. 469* (decided under former *Bus. & Prof. Code § 11542*)].

For a detailed discussion of injunctive relief, see California Forms of Pleading and Practice, Chapter 579, *Zoning and Planning* (Matthew Bender).

§ 30.26 Requirements Related to Sales of Real Property

Contracts for the sale for real property must contain certain information relevant to the SMA. The contracts must specify that the subject parcel was either made in compliance with or was exempt from the requirements of the SMA [*see Civ. Code § 2985.51*]. The specific information required to be included in the contract depends on whether the property was subdivided prior to or after January 1, 1978 [*see Civ. Code § 2985.51*]. For purposes of the SMA, a "real property sales contract" is an agreement in which one party agrees to convey title to unimproved real property to another party upon the satisfaction of the conditions specified in the contract and that does not require conveyance of title within one year from the date of the contract [*Civ. Code § 2985.51(e)*]. "Unimproved real property" is real property on which no permanent structure intended for human occupancy or commercial use is located [*Civ. Code § 2985.51(e)*].

The sale of subdivided land is primarily governed by the Subdivided Lands Act (SLA) [*see Bus. & Prof. Code § 11000 et seq.*]. For a detailed discussion of the SLA, see *Sections 30.40* et seq.

§ 30.27 Resubdivision

[1] Reversion to Acreage

[a] In General

Subdivided lands may be reverted to acreage under the procedures set out in *Government Code Sections 66499.11-66499.20* 3/4 [*see Gov. Code § 66499.11*]. Reversion proceedings may be initiated by the legislative body on its own motion or by petition of all of the landowners within the subdivision [*Gov. Code § 66499.12*]. The petition by the landowners must (1) be in the form prescribed by the local agency, and (2) include the contents specified in *Government Code Section 66499.13*. The petition may be acted on only following a properly noticed public hearing [*see Gov. Code § 66499.15*; *see also Gov. Code § 66451.3* (hearing conducted pursuant to SMA must provide notice in compliance with *Gov. Code § 65090*)].

[b] When Permissible

Reversion to acreage may only take place if the legislative body finds that the dedications to be abandoned by the reversion are unnecessary for present or prospective public purposes. Furthermore, the legislative body must find that one of the following conditions exists [*see Gov. Code § 66499.16*]:

- All owners of interests in the subdivided property have consented to the reversion.

- None of the improvements required to be made have been made within two years from the date on which the final parcel map was filed for record or within the time allotted by agreement for completion of improvements, whichever is later.

- No lots shown on the final parcel map have been sold within five years from the date on which the map was recorded.

[c] Conditions Imposed

As conditions for reversion, the legislative body must require the following [*Gov. Code § 66499.17*]:

- Dedication or offers of dedication necessary for the purposes specified by local ordinance following reversion.

- Retention of all previously paid fees if necessary to accomplish the purposes of the SMA or applicable local ordinances.

- Retention of any portion of the required improvement security or deposits necessary to accomplish the purposes of the SMA and applicable local ordinances.

[d] When Effective

Reversion will be effective when the final map is filed for record by the county recorder. At that time, any dedication not shown on the map will be of no further effect [*Gov. Code § 66499.18*; *see* ch. 27A, *Dedication*].

[e] Parcel Map for Reversion

A city or county may authorize a parcel map to be filed under *Government Code Sections 66499.11-66499.29* for the purpose of reverting to acreage land previously subdivided and consisting of four or less contiguous parcels under the same ownership. That map must be accompanied by evidence of title and nonuse or lack of necessity of any streets or easements to be left in effect after the reversion. The filing of the map with the county recorder will constitute legal reversion to acreage and abandonment of all streets and easements not shown on the map. It will also constitute a merger of the separate parcels into one parcel. The parcel map used for reverting acreage must include a certificate of consent to the reversion to acreage. The certificate must be signed by all parties with record title interest in the land being reverted [*Gov. Code § 66499.20* 1/4].

[2] Merger Without Reversion

Subdivided lands may be merged and resubdivided without the added step of reversion to acreage by complying with all of the requirements of the SMA and applicable local ordinances. The filing of the final map [*see § 30.23[4]*] or parcel map [*see § 30.23[5]*] will constitute legal merging of the separate parcels into one parcel and the resubdivision of that parcel. Any unused fees or deposits previously made will be credited pro rata towards any similar requirements applicable at the time of resubdivision [*see Kaufman and Broad Central Valley, Inc. v. City of Modesto (1994) 25 Cal. App. 4th 1577, 1588-1589, 30 Cal. Rptr. 2d 904* (because subdivider will be bound by local ordinances, policies, and standards in effect at time map application is deemed complete, due process requires that subdivider have actual or constructive notice of ordinances, policies, and standards, including development fees)]. Any streets or easements [*see* ch. 28A, *Easements and Licenses*] to be left in effect after the resubdivision must be delineated on the map. The filing of the map with the county recorder will constitute (1) legal merger, (2) resubdivision of the land, and (3) abandonment of all streets and easements not shown on the map [*Gov. Code § 66499.20*].

A city or county may adopt an ordinance that both authorizes the merger of contiguous parcels under common ownership without reverting to acreage and requires the recordation of an instrument evidencing the merger [*Gov. Code § 66499.20* 3/4]. For example, a resubdivision was accomplished when, as required by a county waiver ordinance, a unilateral agreement was recorded setting forth, among other matters, a statement signed by the owner and subdivider under penalty of perjury attesting that all the conditions of approval had been met. When the unilateral agreement was endorsed by the county director of planning and recorded, a subdivision was deemed effective under *Government Code Section 66499.20* [*see Gomes v. County of Mendocino (1995) 37 Cal. App. 4th 977, 44 Cal. Rptr. 2d 93]* .

§ 30.40 Overview of Subdivided Lands Act

[1] Administration and Purpose

The Subdivided Lands Act (SLA) [*Bus. & Prof. Code § 11000 et seq.*] governs the sale and leasing of subdivided lands. It is administered by the California Department of Real Estate (DRE) through an extensive series of regulations [*see 10 Cal. Code Reg. § 2790 et seq.*]. The provisions of the SLA and the implementing regulations are intended to protect purchasers and lessees of subdivision lots from fraud, misrepresentation, or deceit [*see Bus. & Prof. Code § 11018*; *see also People v. Byers (1979) 90 Cal. App. 3d 140, 148, 153 Cal. Rptr. 249]* .

The SLA has been held to be a limited economic regulation of the use of real property imposed to protect the members of the public exposed to that land use. The object of the law is the prevention of fraud and sharp practices in a type of real estate transaction peculiarly open to such abuses [*People v. Byers (1979) 90 Cal. App. 3d 140, 148, 153 Cal. Rptr. 249]* .

[2] "Subdivision" and "Subdivided Lands" Defined

For purposes of the SLA, "subdivisions" and "subdivided lands" are improved or unimproved land or lands, wherever situated within California, divided or proposed to be divided into five or more lots or parcels for the purpose of immediate or future sale, lease, or financing [*Bus. & Prof. Code § 11000(a), (c)*]. This definition includes improved or unimproved lands, lots, and parcels of any size in which, for the purpose of immediate or future sale or lease or financing, five or more undivided interests are created or are proposed to be created [*Bus. & Prof. Code § 11000.1*]. The definition specifically includes the following types of developments [for discussion of the following developments, *see* Ch. 33A, *Time-Share Projects* , through Ch. 34, *Condominiums*]:

- Planned developments of five or more lots [*see Bus. & Prof. Code § 11003*].
- Community apartment projects of five or more apartments [*see Bus. & Prof. Code § 11004*].

- Condominium projects of five or more condominiums [*see Civ. Code § 1351(f)*; *see also Civ. Code § 783*].

- Stock cooperatives having or intended to have two or more shareholders [*see Bus. & Prof. Code § 11003.2*].

- Certain limited-equity housing cooperatives [*see Bus. & Prof. Code § 11003.4*].

Time-share plans, exchange programs, incidental benefits, and short-term product subject to the Vacation Ownership and Time-Share Act of 2004 [*Bus. & Prof. Code § 11210 et seq.* (effective July 1, 2005)] are not subject to the Subdivided Lands Act [*Bus. & Prof. Code § 11004.5(g)*].

[3] Basic Public Report Requirement

As a condition precedent to the sale or lease of subdivided property situated within California, the SLA requires that a public report on the subdivision be provided to the prospective purchaser or lessee [*Bus. & Prof. Code §§ 11010, 11018.1, 11018.2*; *see § 30.41*]. To obtain a public report, the owner or subdivider must file a notice of intention to sell or lease subdivided lots, units, or parcels [*see 10 Cal. Code Reg. § 2801.5*; *see also § 30.220*]. The public report must be issued by the Commissioner, who will do so only if he or she is assured that the purchaser or lessee is protected [*Bus. & Prof. Code § 11018*].

Prior to issuing a final public report, the Commissioner may, if requested, issue a preliminary public report [*see § 30.41[1]*] or a conditional public report [*see § 30.41[3]*] covering the project. A preliminary public report permits the subdivider to solicit and accept reservations to purchase or lease subdivision interests before a final public report is issued, provided certain other requirements are met [*10 Cal. Code Reg. § 2795(b)*]. A conditional public report permits the subdivider to sell, lease, or offer for sale or lease lots or parcels in the subdivision prior to the issuance of the final public report, provided that (1) delivery of legal title will not take place until issuance of a final public report, and (2) certain other requirements are satisfied [*Bus. & Prof. Code § 11018.12(d)*].

[4] Applicability to Other Transactions, Interests, and Projects

In addition to the sale and leasing of interests in subdivisions, the SLA applies to various types of memberships and other rights and privileges in subdivisions [*Bus. & Prof. Code § 11004.5*]. For example, the leasing of apartments in a community apartment project [*see Bus. & Prof. Code § 11004*] in an apartment or similar space within a commercial building or complex is governed by the SLA [*Bus. & Prof. Code § 11000(a)*].

For coverage of the applicability of the SLA to out-of-state subdivisions see [5], below.

[5] Out-of-State Subdivisions

[a] Out-of-State Subdivisions Located *Inside* United States

Before offering in California to sell or lease any lots, parcels, or interests in a subdivision that is situated outside of California but within the United States, a person acting as principal or agent must register the subdivision with the Commissioner and comply with applicable disclaimer requirements [*Bus. & Prof. Code § 10249 et seq.*; *see §§ 30.230-30.232*]. For purposes of these requirements, "subdivision" includes the following [*Bus. & Prof. Code § 10249.1*]:

- Improved or unimproved land or lands that, for purposes of sale or lease (1) are divided or proposed to be divided into five or more lots or parcels, or (2) are not divided, but out of which five or more

undivided interests are created or proposed to be created.

- Common-interest subdivisions, such as condominiums and planned developments.

An application for registration must be filed by anyone seeking to promote out-of-state subdivision interests in California [*Bus. & Prof. Code § 10249(a)*; *see § 30.230* (application form)]. Once the Commissioner has received the application, he or she must provide the applicant with a notice of completion or notice of deficiency within 10 days. If no notice is provided within that time, the registration will be deemed complete [*Bus & Prof. Code § 10249(b)*]. The term of the registration is one year unless the Commissioner prescribes a longer term [*Bus & Prof. Code § 10249.91*].

Any printed material, literature, advertising, or invitation in California that is related to the sale or lease or offer of sale or lease of any of the out-of-state subdivision interests must clearly and conspicuously include a disclaimer informing the prospect that the DRE has not inspected, examined, or qualified the offering [*Bus. & Prof. Code § 10249.8(a)*]. A more detailed disclaimer is required to be furnished to a California resident who is presented in California with an agreement or contract to lease or purchase an interest in an out-of-state subdivision [*Bus. & Prof. Code § 10249.8(c)*]. Both required disclaimers are *set forth in § 30.231*.

[b] Subdivisions Located Outside United States

It is unlawful for a person in California to sell, lease, or offer to sell or lease, a lot, parcel, or interest in a subdivision located outside the United States, unless the printed material, literature, advertising, or invitation and the contract or agreement relating to the sale, lease, or offer of sale or lease clearly and conspicuously contains a disclaimer required by the Commissioner [*Bus. & Prof. Code § 10249.9*; *see § 30.232* (disclaimer)]. Unlike out-of-state subdivisions located in the United States, which must be registered with the Commissioner [*see* [a], *above*], subdivisions located outside the Unites States need not be registered.

[6] Exemptions

[a] All Requirements of the SLA

Leases of apartments, offices, stores, or similar space within an apartment building, industrial building, or commercial building are not governed by the SLA [*Bus. & Prof. Code § 11000(a)*; *see § 30.110[2]*]. Likewise, the leasing of space within a mobilehome park [*see Health & Safety Code § 18214*] is exempt from the requirements of the SLA, provided that tenants are not required to sign a lease for a term in excess of five years as a prerequisite to tenancy [*Bus. & Prof. Code § 11000(a)*]. The proposed sale or lease of lots or other subdivision interests that are limited to industrial or commercial uses, whether by zoning or by a duly recorded declaration of CC&Rs, is not subject to the SLA [*Bus. & Prof. Code § 11010.3*]. The sale, lease, or financing of subdivided land by state agencies, including the University of California, local agencies, and other public agencies is not subject to the SLA [*Bus. & Prof. Code § 11010.6*]. Land sold by lots or parcels of 160 acres or more is generally exempt from the requirements of the SLA [*Bus. & Prof. Code § 11000(a)*]. Subdivisions [*see Bus. & Prof. Code § 10249.1* (applicable definition)] located entirely *outside* California are exempt from the SLA [*Bus. & Prof. Code § 11000(c)*], but are subject to registration and/or disclaimer requirements of the Commissioner [*Bus. & Prof. Code § 10249 et seq.*; *see § 30.40[5][b]*].

For transactions entered into after 2000 [*see Bus. & Prof. Code § 11010.35(c)*], a notice of intention is generally not required when one developer sells parcels to another. Specifically, the notice of intention requirement does not apply in the case of either (1) a sale of one or more lots or parcels in a subdivision, when the lots or parcels are intended to be further subdivided into five or more subdivision interests, or (2) a sale or lease of five or more lots, parcels, or other subdivision interests, to (in either case) any person who acquires the lots, parcels, or other subdivision interests to engage in the business of constructing residential, commercial, or industrial buildings, or for the purpose of resale or lease to persons engaged in such a business [*see Bus. & Prof. Code §§ 11000, 11000.1, 11004.5*]. To qualify for this

exemption, the purchase or lease agreement (or a separate disclosure document) must include a statement or provision that the purchaser or tenant is required to comply with the applicable provisions of the SLA before offering for sale or lease any lot, parcel, or other subdivision interest acquired pursuant to the exemption [*Bus. & Prof. Code § 11010.35(a)*].

[b] Notice of Intention and Public Report Requirements

The following activities are exempt from the notice of intention and public report requirements of the SLA [*Bus. & Prof. Code § 11018.2*], but are subject to its other requirements:

- The proposed offering of subdivided land that is located within city limits, when all arrangements for improvements have been made and each lot is improved with a residence, is not subject to the notice of intention and public report requirements of the SLA [*see Bus. & Prof. Code § 11010.4*].

- Efforts by a subdivider to obtain a nonbinding expression of intent to purchase or lease units that are proposed for conversion to a condominium, community apartment project, or stock cooperative project [*see Bus. & Prof. Code §§ 11010.7, 11018.2*; *see also* Ch. 33A, *Time-Share Projects* , Ch. 33C, *Stock Cooperatives* , and Ch. 34, *Condominiums*].

- The purchase of mobilehome parks by certain tenant-controlled nonprofit corporations [*see Bus. & Prof. Code § 11010.8*].

For a checklist designed to be used to determine whether a proposed transaction is exempt from the provisions of the SLA, see *§ 30.110[2]*.

[7] Application for Review of Declaration When Notice of Intention Not Required

In a situation described below, a developer who plans to offer for sale or lease any lots or other subdivision interests may submit an application requesting review of the declaration, along with any required supporting documentation, to the Real Estate Commissioner, without filing a notice of intention for the subdivision for which the declaration is being prepared [*see Bus. & Prof. Code § 11010.10*; *see also Bus. & Prof. Code § 11011(c)* (filing fee)]. The application process is generally intended for sales of lots or parcels between subdividers when the buyer-subdivider will ultimately sell the lots or parcels to individual retail buyers. The process specifically is available when the sale or lease either [*Bus. & Prof. Code § 11010.10*]:

- Is not subject to the SLA;

- Does not require a notice of intention to be submitted [*see* [3], *above*]; or

- In the case of a common interest development that is subject to the SLA: the local jurisdiction requires review and approval of the declaration [*see Civ. Code § 1351(h)*] before or at the same time the subdivision map is recorded and before the declaration is approved pursuant to a notice of intention.

The Commissioner must notify the applicant of any deficiency or inadequacy in the declaration within 60 days after receiving the application. Once an application has been resubmitted, the applicant must be notified of further deficiencies with 30 days [*Bus. & Prof. Code § 11010.2(e)*]. On approval, the Commissioner must give notice to the applicant that the declaration will be approved for a subsequent notice-of-intent filing for any public report for the subdivision identified in the application, provided the subdivision setup is substantially the same as that originally described in the application for review of the declaration [*Bus. & Prof. Code § 11010.10*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30 SUBDIVISION REGULATION
PART II. LEGAL BACKGROUND
C. Subdivided Lands Act

13-30 California Legal Forms--Transaction Guide § 30.41

AUTHOR: Reviewed by Edward L. Shaffer

§ 30.41 Public Reports

[1] Preliminary Public Reports

[a] Use

A subdivider who wants to take reservations for the purchase or lease of subdivided lots from prospective purchasers or tenants before obtaining a final public report [*see* [2], *below*] must obtain a preliminary public report from the Commissioner [*10 Cal. Code Reg. § 2795(b)*]. The subdivider (or person acting on his or her behalf) must (1) provide a copy of the preliminary public report to each prospective purchaser or tenant ("potential buyer") [*10 Cal. Code Reg. §§ 2795(b), 2795.1*], and (2) obtain an official receipt for the report signed by each recipient before any money or other thing of value is accepted by or on behalf of the subdivider in connection with the reservation [*10 Cal. Code Reg. §§ 2795(b), 2795.1*]. Further, the subdivider and potential buyer must complete and execute an official reservation instrument [*see § 30.221*]. This instrument and any deposit taken from the potential buyer must be placed into a neutral escrow depository acceptable to the Commissioner [*10 Cal. Code Reg. § 2795(b)(2)*; *see 10 Cal. Code Reg. § 2795(b)(3)(C)*].

Preliminary public reports only allow a subdivider to take nonbinding reservations that, unlike written offers, will not result in an enforceable agreement if accepted. Either party may unilaterally cancel the reservation at any time, and the total deposit must be returned to the potential buyer on cancellation [*see 10 Cal. Code Reg. § 2795(b)(3)*].

[b] Standards for Issuance; Term

The Commissioner may issue a preliminary public report when he or she finds that it is reasonable to expect that the developer will satisfy, in due course, all of the requirements for issuance of a final public report [*see 10 Cal. Code Reg. § 2795*; *see also* [2], *below*].

The initial term of a preliminary public report may not exceed one year from the date of issuance. The authority to use

the report automatically terminates with respect to the subdivision interests covered by a final report, if any, that is issued before the scheduled termination date of the preliminary report [*10 Cal. Code Reg. § 2795(c)*].

[2] Final Public Reports

[a] Contents; Use

A final public report contains detailed consumer information relating to a particular subdivision. It specifies the developer's name, the location, size, and name of the project, the nature of the interest offered, and procedures for handling monies and operating the project. It also describes unusual features of the project, if any, such as hazards, land or other use restrictions, and financial requirements or arrangements [*see § 30.42*].

The owner, developer, or an agent of either must give a copy of the final public report to a prospective purchaser before the execution of a binding contract or agreement to purchase or lease an interest in subdivided lands. The prospective purchaser must acknowledge receipt of the report on a prescribed form, which prominently directs the purchaser not to sign it until he or she has received and read a copy of the final public report [*Bus. & Prof. Code § 11018.1(a)*; *see 10 Cal. Code Reg. § 2795.1(c)* (form)].

[b] Preparation, Filing, and Processing of Application Packet

In preparing and filing an application for a final public report, the developer must disclose substantial information concerning the subdivision and provide extensive supporting documentation [*see 10 Cal. Code Reg. § 2792(a)*; *see also § 30.121[2]*]. The developer must certify that the information and documentation is accurate [*see Code Civ. Proc. § 2015.5*]. If the developer fails to furnish all necessary information and documentation within three years from that date that he or she filed a notice of intention, the Commissioner may abandon the application [*Bus. & Prof. Code § 11018.13(a)*; *see Bus. & Prof. Code § 11018.13(b)*].

Before final processing of an application for a final public report may begin, the DRE must determine that the application is substantially complete with respect to quantitative requirements [*see Bus. & Prof. Code § 11010.2(b)*; *10* Cal. Code Reg. § 2792; *see also Bus. & Prof. Code § 11010.2(a)(1)-(3)*]. For a list of the documents and information required for a substantially complete application (SCA), and related notification and resubmittal requirements, see *§ 30.121[2]*.

Once the Commissioner determines that an application is substantially complete with respect to quantitative requirements, he or she will provide the applicant with a list of any deficiencies and substantive inadequacies that must be corrected before the application will be qualitatively complete [*Bus. & Prof. Code § 11010.2(b)(2)*; *see Bus. & Prof. Code § 11010.2(a)(2)*]. Within 20 days of the receipt of the additional information, the Commissioner will notify the applicant whether the application is qualitatively complete [*Bus. & Prof. Code § 11010.2(c)* (provision also sets forth requirements for resubmittals)]. The Commissioner will issue a final public report within 10 days after (1) the determination that the application is qualitatively and substantially complete, and (2) the applicant has submitted all recorded or filed instruments and evidence of financial arrangements required by the Commissioner [*Bus. & Prof. Code § 11010.2(d)*].

For a step-by-step guide to the preparation, filing, and processing of the application, see *§ 30.121[2]*.

[c] Standards for Issuance or Denial

If the Commissioner determines that the developer's application is qualitatively complete, he or she may take either of two steps. If the developer has established that a prospective purchaser or lessee of the subdivided land is adequately informed concerning the subdivision, the final public report will be issued [*Bus. & Prof. Code §§ 11010.2*, *11018*]. On the other hand, the Commissioner may refuse to issue the final public report until the developer has satisfied any

additional conditions that the Commissioner deems necessary for the protection of prospective purchasers or lessees [*see Bus. & Prof. Code § 11010.2*].

The Commissioner may deny the issuance of a final public report for a subdivision if the subdivider fails to comply with the SLA or its implementing regulations [*Bus. & Prof. Code §§ 11018, 11018.5*]. A subdivider whose application has been denied may, within 30 days after receipt of the order of denial, file a written request for a hearing. The Commissioner must hold the hearing within 20 days of the request unless the subdivider has requested a postponement. The Commissioner must render a proposed decision within 45 days and must issue an order adopting or rejecting the proposed decision within 15 days after it is reached. If the Commissioner fails to meet any of these procedural requirements, the order of denial must be rescinded and a public report must be issued [*Bus. & Prof. Code § 11018.3*].

The Commissioner may deny the issuance of a report if the developer (1) is unable to deliver title or other interest contracted for, or (2) fails or is unable to demonstrate that adequate financial arrangements have been made for improvements and guaranties or warranties included in the offering [*Bus. & Prof. Code § 11018*].

[d] Distribution and Display of Copies; Receipts

As noted in [a], *above*, the owner, developer, or an agent of either must give a copy of the final public report to a prospective purchaser before the execution of a binding contract or agreement to purchase or lease an interest in subdivided lands. The prospective purchaser must acknowledge receipt of the report on a prescribed form [*Bus. & Prof. Code § 11018.1(a)*; *see 10 Cal. Code Reg. § 2795.1(c)* (form)].

A copy of the public report must also be given by the owner, subdivider, or agent at any time it is requested by any member of the public. A statement disclosing this requirement and a copy of the public report must be posted in a conspicuous place where sales or leases or offers to sell or lease lots within the subdivision are regularly made [*Bus. & Prof. Code § 11018.1(b)*].

The subdivider or his or her agent must retain any receipt taken for a final public report for three years from the date of the receipt, and all such receipts must be made available for inspection by the Commissioner or the designated representative of the Commissioner during regular business hours [*10 Cal. Code Reg. § 2795.1(b)*].

[e] Term

The initial term of a final subdivision public report is five years [*10 Cal. Code Reg. § 2795.3*]. However, a renewal will be issued upon application of the subdivider, owner, or agent [*see § 30.121[4]*]. The Commissioner may require the submission of additional information in connection with any application for renewal of a final public report [*10 Cal. Code Reg. § 2795.3*].

[3] Conditional Public Reports

[a] Use

If an application for a public report has been determined to be qualitatively complete [*see Bus. & Prof. Code § 11010.2*; [2][b], *above*] but the applicant has not satisfied certain other requirements for the issuance of the final report [*see Bus. & Prof. Code § 11018.12*], the Commissioner may, under certain circumstances, issue a conditional public report for the subdivision. A conditional public report permits the applicant to sell or lease, or offer for sale or lease, lots or parcels in the subdivision only if the following conditions are met [*Bus. & Prof. Code § 11018.12(d)*]:

- Delivery of legal title or other interest contracted for must not take place until issuance of the final public report.

- The requirements of *Bus. & Prof. Code § 11018.12(e)* (discussed in the next paragraph) are satisfied.

Bus. & Prof. Code § 11018.12(e) requires the developer to supply evidence that all purchase money will be deposited in compliance with the provisions of the SLA that govern financing [*see Bus. & Prof. Code §§ 11013.2(a), 11013.4(a)*; *see also § 30.42*]. The developer must also describe the nature of the transaction to which the conditional public report will relate [*Bus. & Prof. Code § 11018.12(e)(2)*]. Further, the developer must provide for the return of the entire sum of money paid or advanced by the purchaser if (1) the subdivision public report has not been issued within six months of the date of issuance of the conditional public report, or (2) the purchaser is dissatisfied with the public report because of a material change in the setup of the offering [*Bus. & Prof. Code § 11018.12(e)(3)*; *see Bus. & Prof. Code § 11012*].

[b] Standards for Issuance

The Commissioner may issue a conditional public report if the application for the public report has been determined to be qualitatively complete, the requirements of *Bus. & Prof. Code § 11018.12(e)* [*see* [a], *above*] are satisfied, and all requirements for issuance of a public report have been met except for one or more of the following [*Bus. & Prof. Code § 11018.12(b)*]:

- A final map has been approved pursuant to *Gov. Code § 66458*, but has not been recorded pursuant to *Gov. Code § 66466(c)*.

- A declaration of covenants, conditions, and restrictions has not been recorded.

- A current preliminary report of a licensed title insurance company issued after the filing of the final map and recording of the declaration covering all subdivision interests to be included in the public report has not been provided.

- The Commissioner determines that other requirements are likely to be timely satisfied by the applicant, notwithstanding the fact that the failure to meet these requirements makes the application qualitatively incomplete.

The Commissioner must give the developer written notification of any decision to not issue a conditional public report. The notice must be provided within five business days and must specify the reasons why the report will not be issued [*Bus. & Prof. Code § 11018.12(c)*].

[c] Distribution of Report and Related Written Statement; Receipt

The subdivider, principal, or agent of either must provide a prospective purchaser or lessee with a copy of the conditional public report and a written statement that does the following [*Bus. & Prof. Code § 11018.12(f)*]:

- Specifies the information required for issuance of a public report.

- Specifies the information required in the public report that is not available in the conditional public report, along with a statement of the reasons why that information is not available at the time of issuance.

- States that no person acting as a principal or agent may sell or lease or offer for sale or lease lots or parcels in a subdivision for which a conditional public report has been issued except as provided in the applicable provisions of the SLA [*see Bus. & Prof. Code §§ 11010-11023*].

- Specifies the requirements of *Bus. & Prof. Code § 11018.12(e).*

The prospective purchaser must sign a receipt indicating that he or she has received and has read the conditional public report and the written statement [*Bus. & Prof. Code § 11018.12(g)*].

[d] Term

A conditional public report remains valid for up to six months. It may be renewed for one additional six-month term if the Commissioner determines that the requirements for issuance of a public report are likely to be satisfied during the renewal term [*Bus. & Prof. Code § 11018.12(h)*].

The term of a conditional public report for attached residential condominium units [*see Civ. Code § 783*] consisting of 25 units or more as specified on the approved tentative tract map may not exceed 30 months. It may be renewed for one additional term of six months if the Commissioner determines that the requirements for issuance of a public report are likely to be satisfied during the renewal term [*Bus. & Prof. Code § 11018.12(i)*].

[4] Persons Required to Obtain Public Reports

The SLA requirement that a public report be obtained prior to the sale or lease of interests in subdivided land applies to the landowner or developer who originally subdivides a parcel of land. It also applies to persons who purchase or have an option or contract to purchase five or more interests in a subdivision and subsequently plan to sell or lease those interests. In the case of subdivided lands for which a public report has previously been issued, the terms "owner" and "subdivider" include any person who, at any point in time, owns or has an option or contract to acquire the subdivision interests for purposes of sale, lease, or financing, if the subdivision interests were acquired or are to be acquired from the original recipient of a public report or from a person who succeeded to the interest of the original recipient in (1) five or more subdivision interests in a subdivision other than a time-share project, or (2) 12 or more time-share estates or uses in a time-share project [*10 Cal. Code Reg. § 2801.5*]. For a discussion of time-share projects, see Ch. 33A, *Time-Share Projects* .

[5] Fees

A schedule of maximum fees that may be charged in connection with applications for subdivision public reports is established by statute [*see Bus. & Prof. Code § 11011*]. However, the DRE may establish lower fees if it determines that they are sufficient to offset the costs and expenses of administering the SLA [*see 10 Cal. Code. Reg. § 2790.1.5*]. All necessary filings related to securing public reports must be made on official DRE forms. The instructions that accompany those forms generally specify the required filing fees.

[6] Effect of Subsequent Changes

The public report will include only the lots or parcels shown by the recorded map or other documents or reports acceptable to the Commissioner. If a particular lot or parcel within a subdivision is to be subsequently subdivided into smaller lots or parcels, the subdivider must obtain a new public report [*Bus. & Prof. Code §§ 11000(a), 11010, 11011*].

A subdivider may, for the purpose of developing and marketing subdivided land in increments or phases, obtain a public report that covers less than all of the contiguous subdivision interests or land that the subdivider intends ultimately to develop as part of an overall project. In that case, the subdivider must submit a new notice of intention, questionnaire, and original filing fee in connection with each subsequent application for a public report covering subdivision interests to be annexed to the subdivision interests for which a final public report was previously issued [*10 Cal. Code Reg. § 2798*].

[7] Prohibited Acts and Penalties

It is unlawful for any person to knowingly make, issue, publish, deliver, or transfer as true and genuine any public

report that is forged, altered, false, or counterfeit. It is also unlawful for any person to cause to be made or participate in the making, issuance, delivery, transfer, or publication of a public report with knowledge that it is forged, altered, false, or counterfeit [*Bus. & Prof. Code § 11020(a)*]. Any person who commits one of these acts is guilty of a public offense punishable by either or both (1) a fine not exceeding $10,000, and/or (2) imprisonment in the state prison or the county jail for up to one year [*Bus. & Prof. Code § 11020(b)*]. This penalty does not affect any other penalty, relief, or remedy provided by law [*Bus. & Prof. Code § 11020(c)*].

Anyone who violates or fails to comply with the provisions of the SLA may be guilty of a public offense punishable by a fine not exceeding $10,000, or by imprisonment in the state prison or in the county jail not exceeding one year, or by both such fine and imprisonment [*Bus. & Prof. Code § 11023*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30 SUBDIVISION REGULATION
PART II. LEGAL BACKGROUND
C. Subdivided Lands Act

13-30 California Legal Forms--Transaction Guide § 30.42

AUTHOR: Reviewed by Edward L. Shaffer

§ 30.42 Blanket Encumbrances and Release Clauses

[1] Definitions

[a] "Blanket Encumbrance"

For purposes of the SLA, a "blanket encumbrance" is a trust deed, mortgage, other lien or encumbrance, or mechanics' lien that secures or evidences the payment of money and affects either (1) land to be subdivided, or (2) more than one lot or parcel of subdivided land. This definition also includes an agreement that affects more than one lot or parcel of subdivided land by which the owner or subdivider holds the subdivision under an option, contract to sell, or trust agreement [*Bus. & Prof. Code § 11013*; *see Bus. & Prof. Code § 11013.3* (taxes and assessments levied by public authority are not blanket encumbrances within meaning of SLA)].

[b] "Release Clause"

A "release clause" is a provision in a blanket encumbrance or other supplementary agreement that unconditionally provides that the purchaser or lessee of a lot or parcel can obtain legal title or other interest contracted for, free and clear of the blanket encumbrance, on compliance with the terms and conditions of the purchase or lease [*Bus. & Prof. Code § 11013.1*].

[2] Sale or Lease Subject to Blanket Encumbrance

[a] Release Required

If subdivided property is subject to a blanket encumbrance, proper releases of that encumbrance must be obtained and legal title or a leasehold interest must be delivered to the purchaser or lessee free of any liens and encumbrances that are not assumed or taken subject to by the purchaser or lessee [*see Bus. & Prof. Code §§ 11013-11013.5*; *10* Cal. Code Reg. §§ 2791-2791.2]. If the necessary releases have not been obtained, all moneys paid by the purchaser or lessee must be

impounded or some other approved alternative measure must be taken to protect the purchaser or lessee who has paid money on account of the purchase price or rental [*Bus. & Prof. Code §§ 11013-11013.5*; *10* Cal. Code Reg. §§ 2791-2791.8; *39 Ops. Cal. Atty. Gen. 16 (1962)* ; *see* [b], *below*]. The public report must indicate what, if any, alternative measure has been employed to address the blanket encumbrance [*Bus. & Prof. Code § 11013.5*].

[b] Sale or Lease Subject to Blanket Encumbrance Without Unconditional Release Clause

[i] Overview of Alternative Procedures

If an unconditional release clause is not included in the contract of sale or lease, one of four procedures established by the SLA must be complied with in any sale or lease of a subdivision lot or parcel that is subject to a blanket encumbrance [*see Bus. & Prof. Code § 11013.2*; *see also* [ii]-[v], *below* (alternative procedures)]. These procedures are designed to protect the prospective purchaser or lessee from unanticipated liabilities arising from the encumbrance.

[ii] Deposit of Money Into Escrow Depository

Under the first of the four procedures mentioned in [i], above, the entire sum of money paid or advanced by the purchaser or lessee (or any portion of the sum of money that the Commissioner deems sufficient to protect the interest of the purchaser or lessee) must be deposited into an escrow depository acceptable to the Commissioner [*see* [4], *below*]. The deposit will remain in escrow until (1) a proper release is obtained from the blanket encumbrance [*see 10 Cal. Code Reg. § 2791.1(b)* (requirements for proper release)]; (2) either the owner, subdivider, agent, purchaser, or lessee defaults under the contract of sale or lease and there is a determination as to the disposition of the moneys; or (3) the owner, subdivider, or agent orders the return of the moneys to the purchaser or lessee [*Bus. & Prof. Code § 11013.2(a)*]. The amount of money deposited and retained in escrow must ordinarily be the entire amount of money received, less disbursements made to third parties for credit reports, escrow services, preliminary title reports, appraisals, and loan processing services [*10 Cal. Code Reg. § 2791.1(a)*; *see 10 Cal. Code Reg. § 2791(b)*].

[iii] Title Held in Trust

Under the second procedure, the title to the subdivision must be held in trust under an agreement of trust acceptable to the Commissioner until a proper release from the blanket encumbrance is obtained [*Bus. & Prof. Code § 11013.2(b)*]. The trustee must ordinarily be a trust company [*see Fin. Code § 107* (definition)] that is qualified to do business in California [*10 Cal. Code Reg. § 2791.6*]. The Commissioner may, however, approve a different trustee [*10 Cal. Code Reg. § 2791.6*].

[iv] Bond or Undertaking

Under the third procedure, a bond or undertaking to the State of California must be furnished to the Commissioner for the benefit and protection of purchasers or lessees of the lots or parcels, in an amount and subject to any terms that are approved by the Commissioner [*Bus. & Prof. Code § 11013.2(c)*; *see Code Civ. Proc. § 995.010 et seq.* (undertaking may be substituted for bond)]. The amount of the bond or undertaking must ordinarily be 100 percent of the money paid or advanced by any purchasers or lessees, less the amount held in escrow depositories pursuant to *Bus. & Prof. Code § 11013.2(a)* and the disbursements made to third parties for credit reports, escrow services, preliminary title reports, appraisals, and loan processing services [*10 Cal. Code Reg. § 2791.2*; *see 10 Cal. Code Reg. § 2791(b)*]. The bond or undertaking must provide for the return of the moneys paid or advanced by any purchaser or lessee for or on account of the purchase or lease of any subdivision lot or parcel, if a proper release from the blanket encumbrance is not obtained [*Bus. & Prof. Code § 11013.2(c)*]. However, in the event that the purchaser or lessee, by reason of default or otherwise, is not entitled to the return of all or any portion of the funds, the bond or undertaking must be exonerated in the amount to which the purchaser or lessee is not entitled [*Bus. & Prof. Code § 11013.2(c)*]. For a detailed discussion of bonds, see Ch. 79, *Suretyship, Guaranty, and Indemnity* .

[v] Other Procedure Approved by Commissioner

Under the fourth "procedure," the subdivider must comply with any other alternative requirement or method that the Commissioner deems acceptable for purposes of the SLA [*Bus. & Prof. Code § 11013.2(d)*].

[3] Sale or Lease Not Subject to Blanket Encumbrance

[a] Overview of Alternative Conditions

If a subdivision is not subject to a blanket encumbrance, it is unlawful for the owner, subdivider, or agent to sell or lease lots or parcels within the subdivision unless one of the conditions set forth in *Bus. & Prof. Code § 11013.4* is satisfied. These alternative conditions are described in [b]-[g], below.

[b] Deposit of Money Into Escrow

Under the first procedure specified in *Bus. & Prof. Code § 11013.4*, the purchaser or lessee must advance or pay the entire sum of money for the lot or parcel, or a portion of that sum deemed by the Commissioner to be sufficient to protect the interest of the purchaser or lessee. That advance or payment must be deposited into an escrow depository or trust account. The escrow depository or trust account, whichever is used, must be acceptable to the Commissioner [*see* [4], *below*]. The money must be held in the escrow depository or trust account until either of the following requirements is satisfied [*Bus. & Prof. Code § 11013.4(a)*]:

- The legal title or other interest contracted for is delivered to the purchaser or lessee; or

- The owner, subdivider, agent, purchaser, or lessee defaults and a determination is made as to the disposition of the funds, or the owner, subdivider, or agent orders the return of the funds to the purchaser or lessee.

[c] Bond or Undertaking

Under the second procedure, a bond or undertaking to the state of California must be furnished to the Commissioner for the benefit and protection of purchasers or lessees of the lots or parcels [*Bus. & Prof. Code § 11013.4(b)*; *see Code Civ. Proc. § 995.010 et seq.* (undertaking may be substituted for bond)]. The bond or undertaking must be in an amount and subject to any terms approved by the Commissioner [*Bus. & Prof. Code § 11013.4(b)*]. Ordinarily, the bond will be 100 percent of the money paid or advanced by any purchasers or lessees, less (1) the amount held in escrow depositories or trust accounts, and (2) the disbursements made to third parties for credit reports, escrow services, preliminary title reports, appraisals, and loan processing services by the third parties [*10 Cal. Code Reg. § 2791.2*; *see 10 Cal. Code Reg. § 2791(b)*].

The bond must provide for the return of the money that any purchaser or lessee pays or advances for or on account of the purchase or lease of any subdivision lot or parcel in the event that the owner, subdivider, or agent does not, within the time specified in the contract, deliver the legal title or other interest contracted for. The return of the money must be required regardless of whether the failure to deliver title is attributable to any reason other than an uncured default of the purchaser or lessee [*Bus. & Prof. Code § 11013.4(b)*].

[d] Certificate Filed by Association

Under the third procedure, an association must file a certificate with the Commissioner. The certificate must state that (1) the owner, subdivider, or agent is a member of the association, and (2) there is on file with the Commissioner a bond or undertaking that has been approved as to amount, terms, and coverage for the benefit and protection of all purchasers and lessees of subdivided lots or parcels to be sold or leased by members of the association. The Commissioner may

require that the certificate be verified [*Bus. & Prof. Code § 11013.4(c)*; *see Code Civ. Proc. § 995.010 et seq.* (undertaking may be substituted for bond)].

[e] Security and Lien and Completion Bonds

The fourth procedure is available to owners, subdividers, or agents who propose to sell or lease lots or parcels that contain residential structures [*Bus. & Prof. Code § 11013.4(d)(2)*]. Under it, the Commissioner must be given satisfactory proof that (1) security for payment of taxes [*see Gov. Code § 66493*] and improvements [*Gov. Code § 66499 et seq.*] has been approved or is unnecessary, and (2) a lien and completion bond (or bonds) approved by the Commissioner as to amount, terms, and coverage, and including within its scope all on-site construction work to be undertaken on the lots or parcels, has been written and issued by an admitted surety insurer [*see Code Civ. Proc. § 995.120(a)*].

[f] Escrow When Property Has Residential Improvements

The fifth procedure is available to owners, subdividers, or agents who propose to sell or lease lots or parcels with improvements that are in the nature of residential structures. Under that procedure, the entire sums of moneys paid or advanced by the purchasers or lessees of the lots or parcels, or any portion of the funds that the Commissioner determines is sufficient to protect the interest of the purchaser or lessee, must be deposited into an escrow depository or other agency acceptable to the Commissioner [*see* [4], *below*]. The deposit must be held in whole or in part by the escrow depository or other agency or, at the election of the owner, subdivider, or agent, must be disbursed in whole or in part for the construction of residential or other structures to be built on the lots or parcels within the subdivision (or any unit or units specified by the Commissioner), in the manner and pursuant to the instructions approved by the Commissioner [*Bus. & Prof. Code § 11013.4(e)*].

[g] Another Alternative Procedure

The sixth "procedure" consists of any alternative procedure or method that the Commissioner deems acceptable for purposes of the SLA [*Bus. & Prof. Code § 11013.4(f)*].

[4] Requirements for Escrow Depositories

[a] Acceptable Entities

An escrow depository will be acceptable to the Commissioner under *Bus. & Prof. Code §§ 11013.2* or *11013.4* [*see* [2], [3], *above*] if it is qualified to do business in California. Acceptable depositories include licensed escrow agents, banks, trust companies, savings and loan associations, title insurers, and underwritten title companies [*10 Cal. Code Reg. § 2791.4(a)*]. In exceptional circumstances, the Commissioner may approve an escrow depository other than one of the entities enumerated above [*see 10 Cal. Code Reg. § 2791.4(b)*].

[b] Escrow Instructions

The instructions to the escrow depository must include the following [*10 Cal. Code Reg. § 2792(a)(13)* (regulation also requires submission of instructions to DRE as part of public report application)]:

- A description of the nature of the transaction.
- A requirement for the return to nondefaulting buyers of funds deposited toward the purchase of subdivision interests if escrows are not closed on or before a date specified in the instructions.
- The name and address of the escrow depository.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30 SUBDIVISION REGULATION
PART II. LEGAL BACKGROUND
C. Subdivided Lands Act

13-30 California Legal Forms--Transaction Guide § 30.43

AUTHOR: Reviewed by Edward L. Shaffer

§ 30.43 Contractual Provisions Regarding Purchase or Rental Monies

[1] In General

Regulations promulgated under the SLA that affect agreements between subdividers and prospective purchasers and lessees of subdivided lands are designed primarily to protect those purchasers and lessees [*see* [2]-[4], *below*]. A detailed discussion of contracts for the sale or lease of real property is beyond the scope of this chapter. For a complete discussion of sales contracts, see Ch. 23, *Real Property Sales Agreements* . For a discussion of leases, see Ch. 34B, *Residential Leases* , and Ch. 34C, *Commercial, Industrial, and Office Leases* .

[2] Purchase Money Disbursements

[a] In General

The sale or lease agreement relating to land governed by the SLA must contain certain provisions with respect to purchase money. The agreement must require the remittance of all purchase money if the escrow for sale or lease of the subdivision interest does not close on or before the date specified in the agreement or a later closing date mutually agreed to by the subdivider and the prospective buyer or lessee. The agreement must require that the order for remittance be made within 15 days after the closing date set forth in the contract or an extended closing date mutually agreed to by the subdivider and buyer [*10 Cal. Code Reg. § 2791(a)*].

The agreement may provide for disbursements or charges from purchase monies for payments to third parties for credit reports, escrow services, preliminary title reports, appraisals, and loan processing services by third parties. If a provision of that nature is included, the agreement must also (1) enumerate all of the disbursements or charges that may be made against purchase money, and (2) specify the subdivider's estimate of the total amount of these disbursements and charges [*10 Cal. Code Reg. § 2791(b)*].

[b] Defaults

[i] Liquidated Damages

Except in the case of disbursements for services performed by third parties [*see § 30.43[2][a]*], any contractual provision that requires a disbursement or charge against purchase money based on the buyer's failure to complete the purchase of the subdivision interest must conform to certain liquidated damages provisions of the California Civil Code [*10 Cal. Code Reg. § 2791(c)(1)*; *see Civ. Code §§ 1675-1678*; *see also* Ch. 23, *Real Property Sales Agreements*]. Except for a disbursement made following an adequate waiver by the buyer [*see 10 Cal. Code Reg. § 2791(c)(4)*], or pursuant to a written agreement that either cancels the contract or is executed after the final closing date specified by the parties, a disbursement or charge against purchase money as liquidated damages may be accomplished only pursuant to a determination by a court or by an arbitrator if the parties have provided for the disbursement in their agreement and the buyer has defaulted [*10 Cal. Code Reg. § 2791(c)(2)*].

[ii] Arbitration

A contractual provision for a determination of default by arbitration must require that (1) the arbitration be conducted in accordance with the commercial arbitration rules of the American Arbitration Association, and (2) the subdivider remit the fee to initiate arbitration, with the costs of the arbitration ultimately to be borne as determined by the arbitrator [*10 Cal. Code Reg. § 2791(c)(3)*].

[iii] Escrow Holder's Obligation to Disburse Purchase Money to Subdivider as Liquidated Damages

The agreement may require that the escrow holder disburse the purchase money to the subdivider as liquidated damages upon the buyer's waiver of the right to a determination of default by a court or arbitrator. If the agreement contains a provision to this effect, it must require that the subdivider give written notice by registered or certified mail to the escrow holder that the buyer is in default and that the subdivider is demanding that the escrow holder remit a specified sum from the purchase money to the subdivider as liquidated damages unless the buyer gives appropriate written notice to the escrow holder within 20 days [*10 Cal. Code Reg. § 2791(c)(4)(A)*]. The buyer then has 20 days from the date he or she receives the subdivider's notice and demand in which to give the escrow holder a written objection to disbursement of purchase money as liquidated damages [*10 Cal. Code Reg. § 2791(c)(4)(B)*]. The contract cannot make the buyer's failure to provide such a written objection a waiver of any cause of action the buyer may have against the subdivider under the contract, other than a waiver of the right to specific performance of the contract, unless the waiver is conditioned on proper service of the subdivider's 20-day notice and demand [*10 Cal. Code Reg. § 2791(c)(5)*].

[iv] Subdivider's Obligation to Transmit Purchase Money to Escrow Holder

If the subdivider has had the use of purchase money pending consummation of the sale or lease transaction under authorization by the DRE pursuant to *Bus. & Prof. Code § 11013.2(c)* or *(d)* or *Bus. & Prof. Code § 11013.4(b)* or *(c)* the subdivider, immediately upon alleging default by the buyer, must transmit to the escrow holder funds equal to all of the purchase money paid by the buyer [*see 10 Cal. Code Reg. § 2791(c)(6)*].

[3] Real Property Sales Contract

[a] Definition; Required Contents

A "real property sales contract" is an agreement in which one party agrees to convey title to real property to another party upon the satisfaction of specified conditions set forth in the contract and that does not require conveyance of title within one year from the date of formation of the contract [*Civ. Code § 2985(a)*; *see also Bus. & Prof. Code § 10029*]. These agreements generally provide for payment of the purchase price in installments. A "real property sales contract" does not include a contract for purchase of an attached residential condominium unit entered into pursuant to a conditional public report issued by the Department of Real Estate under *Bus. & Prof. Code § 11018.12* (applicable to condominium projects containing five or more units) [*Civ. Code § 2985(b)*].

A real property sales contract must specify the number of years required to complete payments under the contract and the basis upon which the tax estimate is made [*Civ. Code § 2985.5*]. The contract must also set forth the legal description of the property, the encumbrances outstanding at the date of the contract, and the controlling terms [*Bus. & Prof. Code § 11200*].

[b] Buyer's Lien and Risks

Under a real property sales contract, the buyer has a special lien upon the property and does not receive legal title until he or she completes the payments called for under the agreement [*Civ. Code § 3050*].

A buyer of subdivided land under a real property sales contract may face several potential risks. For example, if the subdivider fails to make payments on an encumbrance on the individual lot existing at the time the contract is executed, the holder of the encumbrance may start foreclosure proceedings even though the buyer is current in his or her payments. Thus, the buyer may lose the payments, the home, and any home improvements he or she has made. Furthermore, after delivery of the contract, the subdivider may place subsequent liens on the subdivision lot or may suffer mechanics' liens for both on-site and off-site improvements. This problem is accentuated by the fact that most contracts are not executed in a recordable form or the subdivider frequently specifies that on pain of forfeiture the contract is not to be recorded. The seller under a real property sales contract may suffer delinquent federal and/or state tax liens on the property. Finally, on completion of the payments, the buyer may be forced to initiate litigation to secure title if the subdivider has been adjudicated bankrupt [*see 39 Ops. Cal. Atty. Gen. 16 (1962)]* .

[c] Restrictions on Transfer

In general, a real property sales contract is nontransferable unless it is accompanied by a transfer of the real property to which it relates. Similarly, real property covered by an installment sale contract may not be transferred unless it is accompanied by an assignment of the contract. However, there are two exceptions to these prohibitions on transfers. First, a real property sales contract may be transferred to the holder of a first lien as security or for collection purposes. Second, a fee title in trust is transferable [*Civ. Code § 2985.1*].

[d] Prepayment

A buyer may prepay all or any part of the balance due on any real property sales contract with respect to the sale of land that has been subdivided into a residential lot or lots that contain a dwelling for not more than four families. However, the seller may enter into a written agreement with the buyer to prohibit prepayment for up to a 12-month period following the sale [*Civ. Code § 2985.6(a)*]. Any waiver by the buyer of his or her legal entitlement to prepay will be void and unenforceable as contrary to public policy. However, the unenforceability and voidability of a prepayment waiver will in no way affect the validity of the remainder of the real property sales contract [*Civ. Code § 2985.6(b)*].

[e] Prohibited Acts

Under certain conditions, it is illegal to sell a parcel of land under an unrecorded real property sales contract if the seller later encumbers the property in a manner that the parties have not consented to in writing. This prohibition applies only if (1) the encumbrance is in an amount that, together with existing encumbrances, exceeds the amount due under the contract, or (2) the aggregate amount of any periodic payments under the encumbrance exceeds the periodic payments due on the contract, excluding any pro rata amount for insurance and taxes. A person who violates these prohibitions is guilty of a public offense punishable by a fine not exceeding $10,000 or by imprisonment in the state prison and/or in the county jail for up to one year [*Civ. Code § 2985.2*].

The seller of improved or unimproved real property under a real property sales contract is prohibited from knowingly receiving certain installment payments from the buyer. These payments are prohibited if (1) they would result in a

payment by the seller or his or her assignee being due on an obligation secured by an encumbrance on the property, and (2) the seller appropriates the payment to a use other than payment of the amount then due on the seller's or assignee's obligation (except to the extent that the payment received exceeds the amount due from the seller or assignee). A person who violates these prohibitions is guilty of a public offense punishable by a fine of up to $5,000 and/or imprisonment in the state prison or county jail [*Civ. Code § 2985.3*].

Every seller of improved or unimproved real property under a real property sales contract who receives pro rata payments for insurance and taxes must hold these amounts in trust for the purpose designated [*see Civ. Code § 2985.4*]. The seller is prohibited from disbursing those amounts for any other purpose without the consent of the payor and any person or corporation holding an encumbrance on the property [*Civ. Code § 2985.4*]. However, this prohibition does not apply to a state or federal supervised assignee of a seller who as agent for the seller receives and disburses payments [*Civ. Code § 2985.4*]. A person who violates these prohibitions is guilty of a public offense punishable by a fine of up to $5,000 and/or imprisonment in the state prison or county jail for up to one year [*Penal Code § 506b*; *see Civ. Code § 2985.4*].

[4] Conveyances in Trust

[a] Basic Requirements

Most subdividers sell subdivision interests using real property sales contracts [*see Bus. & Prof. Code § 10029*; *see also* [3], *above*]. However, *Bus. & Prof. Code §§ 11013.2(d)* and *11013.4(f)* provide for an alternative sales method under which the subdivider conveys the subdivision interests in trust and records the conveyance before the execution of a sales contract by a prospective purchaser [*10 Cal. Code Reg. § 2791.9*]. Under this type of arrangement, the Commissioner must approve of the original trustee and any successor trustee. The trust instrument may not be amended in a way that affects the purchaser's interests, either directly or indirectly, without the Commissioner's prior written approval. The trustee must agree to continue in that capacity until a successor trustee acceptable to the Commissioner has assumed the position. The trust instrument must expressly designate purchasers as beneficiaries [*Bus. & Prof. Code §§ 11013.2(d), 11013.4(f)*; *see 10 Cal. Code Reg. § 2791.9*].

[b] Additional Requirements When Interests Not Subject to Blanket Encumbrance

If the subdivision interests held in trust under this type of arrangement are not subject to a blanket encumbrance [*see § 30.42*], provisions for the purchaser to make payments under the contract to the trustee and for the trustee to make disbursements from purchase money must satisfy specific requirements. The trustee must pay or set aside funds to pay the debt service, taxes, assessments, insurance premiums, and any other periodic payments related to the ownership and use of the subdivision interest that the purchaser is obligated to make under terms of the sales contract. Payment must be made to the subdivider from the balance of purchase money remaining after the trustee has paid or set aside those funds [*Bus. & Prof. Code §§ 11013.2(d), 11013.4(f)*; *see 10 Cal. Code Reg. § 2791.9*].

[c] Additional Requirements When Interests Subject to Blanket Encumbrance

If the subdivision interests are subject to a blanket encumbrance, different requirements must be satisfied [*see Bus. & Prof. Code § 11013*; *see also § 30.42*]. Unless there has been an independent determination that the purchaser is in default under the terms of the sales contract, the trustee will hold all of the purchase money in an interest-bearing account for the benefit of the purchaser until the subdivision interest that the purchaser has contracted to purchase is released from the blanket encumbrance. Unless there has been an independent determination that the purchaser is in default under the terms of the sales contract, a refund of the entire purchase money amount must be made, on the purchaser's demand, if the subdivision interest has not been released from the blanket encumbrance within a specified period determined by the Commissioner to be reasonable. If the subdivider wishes to disburse purchase money to himself or herself or for his or her account based on the purchaser's default under the sales contract, there must be a procedure for a determination of default by a court or arbitrator and for the disbursement by the trustee of funds as

liquidated damages on the basis of the determination that the purchaser has defaulted [*Bus. & Prof. Code §§ 11013.2(d), 11013.4(f)*; *see 10 Cal. Code Reg. § 2791.9*].

§ 30.44 Restrictions on Sales Representations and Advertising

It is unlawful for a subdivider to intentionally use any false or misleading statement, pictorial representation, or sketch in connection with the sale or lease of subdivided lands, lots, or parcels. It is also unlawful to authorize, use, direct, or aid in the publication, distribution, or circularization of any advertisement, radio broadcast, or telecast concerning the subdivided lands that is false or misleading. However, a newspaper or magazine publisher, job printer, broadcaster, telecaster, or employee of any of the above will not be deemed liable for any publication violating these prohibitions unless that person or entity had actual knowledge of the falsity of the publication or has an interest either as an owner or agent in the advertised lands [*Bus. & Prof. Code § 11022*]. The Commissioner has issued detailed regulations setting forth the standards that will be applied in determining whether advertising for the sale or lease of subdivision interests is false, untrue, or misleading [*see 10 Cal. Code Reg. § 2799.1*].

Statements appearing in the public report for a subdivision may not be quoted, paraphrased, or cited out of context, nor may any part of the public report be underscored, italicized, boldfaced, or otherwise highlighted except in strict conformance with highlighting in the public report itself [*10 Cal. Code Reg. § 2799.1(a)(37)*].

§ 30.45 Changes in Offering

It is unlawful for the owner, the owner's agent, or the subdivider to materially change the setup of an offering after it is submitted to the DRE without first notifying the DRE in writing of the intended change. This requirement applies only when the owner, agent, or subdivider has knowledge or constructive knowledge of the change [*Bus. & Prof. Code § 11012*; *see 10 Cal. Code Reg. § 2800*].

§ 30.46 Changes in Documents Affecting Interests

[1] Approval Requirement

The Commissioner's consent must be obtained for any proposed change to documents, such as bylaws and articles of incorporation, that control or affect rights, preferences, privileges, or restrictions on subdivision interests or the owner of subdivision interests [*see Bus. & Prof. Code §§ 11000.1, 11004.5*]. If a subdivider fails to take the steps necessary to obtain the Commissioner's approval within 90 days after the application is filed, the Commissioner may deem the application to be abandoned. In that case, the applicant must file a new application [*10 Cal. Code Reg. § 2793(e)*].

[2] Ownership Rights

Subject to certain conditions, any amendment or modification of provisions in the declaration of restrictions, bylaws, articles of incorporation, or other documents that control or otherwise affect rights to ownership, possession, or use of interests in subdivisions [*see Bus. & Prof. Code §§ 11000.1, 11004.5*] that would materially change an owner's rights must be approved in writing by the Commissioner before it will be effective [*Bus. & Prof. Code § 11018.7(a)*]. The Commissioner's written consent is necessary even if the change in the owner's rights is only indirect, such as a change that is generally applicable to an owners' association of which he or she is a member. The Commissioner's consent must be obtained whenever the subdivider or his or her successor in interest holds or directly controls one-fourth of the votes necessary to effect the change [*Bus. & Prof. Code § 11018.7(a)*].

[3] Limitations on Meetings and Solicitations

The Commissioner's prior approval must be obtained prior to any official meeting of owners or members or written solicitation of them for the purpose of changing rights to ownership, possession, or use of subdivision interests [*Bus. & Prof. Code § 11018.7*]. Nevertheless, the governing body of the owners association may meet and vote on the question of submission of a proposed change to the Commissioner [*Bus. & Prof. Code § 11018.7(b)*].

[4] Conditions for Approval

The Commissioner will not consent to the submission of a proposed change to a vote of owners or members if the proposed change will create a new condition or circumstance that would form the basis for denial of a public report [*Bus. & Prof. Code § 11018.7(b)*; *10* Cal. Code Reg. § 2793(d); *see § 30.41[2][c]*]. If the Commissioner finds that the proposed change will not materially change the rights of any owner or member, he or she will consent to the submission of the proposed change to a vote of the owners or members. If the Commissioner finds that the proposed change will materially change any owner's rights, he or she will require, as a condition to consent, that a notice describing the change be given to those persons eligible to vote at least 15 days before the vote [*10 Cal. Code Reg. § 2793(c)*].

[5] [Reserved]

[6] Responses to Violations

[a] Desist and Refrain Orders

The Commissioner may order a person to desist and refrain from violating provisions of the SLA or from the further sale or lease of interests in a subdivision pending correction of the violation. Specifically, a desist and refrain order may by directed toward any person who has done any of the following [*Bus. & Prof. Code § 11019(a)*]:

- Violated any provision of the SLA, its implementing regulations, or specified statutory provisions regulating the offering of prices in connection with promotional, advertising, and marketing programs [*see Bus. & Prof. Code §§ 17537, 17537.1, 17539.1*].

- Not yet fulfilled representations or assurances with respect to the subdivision or the subdivision offering on which the DRE relied in issuing the subdivision public report.

- Failed to inform the DRE of material changes in the subdivision or subdivision offering that have caused the subdivision public report to be misleading or inaccurate or that would have caused the DRE to deny a public report if the conditions had existed at the time of issuance [*see § 30.223[1]*].

A person who receives a desist and refrain order must immediately comply with its terms [*Bus. & Prof. Code § 11019(b)*]. The recipient may, within 30 days, file with the Commissioner a written request for hearing to contest the order. The Commissioner must, after receipt of that request, assign the matter to the Office of Administrative Hearings to conduct a hearing for findings of fact and determinations of the issues set forth in the order. The hearing must be commenced within 15 days after receipt of the request, unless the subdivider agrees to a continuance, and the Commissioner must render a decision within 30 days after completion of the hearing. If these procedural requirements are not satisfied, the order will be deemed to be vacated [*Bus. & Prof. Code § 11019(c)*].

Service and proof of service of an order to desist and refrain may be made in the same manner prescribed for the service of summons in *Code of Civil Procedure Sections 415.10 through 417.40* [*Bus. & Prof. Code § 11019(d)*]. A written order to desist and refrain must specify the nature of the subject activity and the factual and legal basis for the Commissioner's determination that the recipient has engaged or is engaging in an activity that violates the Real Estate Law [*Bus. & Prof. Code § 10000 et seq.*] or its implementing regulations [*Bus. & Prof. Code § 10086(a)*].

[b] Disciplinary Actions Against Licensees

The Commissioner may suspend or revoke the license of any real estate licensee or deny the issuance of a license to an applicant who has willfully disregarded or violated any of the provisions of the SLA or its implementing regulations [*Bus. & Prof. Code § 10177(d)*]. Generally, an action to revoke or suspend a license must be taken within three years of the date the infraction occurred. However, in the case of fraud, misrepresentation, or a false promise, the action to

revoke or suspend a license must be taken within the later of (1) one year after the date of discovery by the aggrieved party of the fraud, misrepresentation, or false promise, or (2) three years after the occurrence of the act. Under no circumstances may an action to revoke or suspend a license be taken later than 10 years from the occurrence of the alleged grounds for disciplinary action [*Bus. & Prof. Code § 10101*].

[c] Accrual of Action for Wrongful Sale or Lease

The period of any applicable statute of limitations in a civil or criminal action or proceeding involving a violation of the SLA is based on the date on which the instrument of conveyance that describes the lot or parcel that was wrongfully sold or leased is recorded. The limitations period commences running after the deed, lease, or contract of sale conveying the property in violation of the SLA was recorded with the county recorder of the county in which the property is situated. However, the SLA does not prohibit the maintenance of an action at any time before the recording of those instruments [*Bus. & Prof. Code § 11021*].

§ 30.100 Facts

1. Client's name, address, and telephone number.

2. Nature of client's ownership interest in property to be subdivided [*see* ch. 27, *Deeds and Recording*].

3. Names, addresses, and telephone numbers of all other entities involved in proposed project, such as:

    a. Owner of real property to be subdivided (if other than client).

    b. Engineers.

    c. Consultants.

    d. Surveyors.

4. Names, addresses, and telephone numbers of counsel representing any other parties to project.

5. Name, location, and identity of officer of any financial institution with which client has discussed project.

6. Forms of client's business organization, such as:

    a. Sole proprietorship or individual.

b. General partnership.

c. Limited partnership.

d. Corporation.

e. Nonprofit corporation [*see Gov. Code § 66499.3* (exemptions from certain off-site improvement security requirements for nonprofit corporations); *see also § 30.201[1][c][ii]*].

7. Legal description of real property to be subdivided.

a. Numbered/lettered parcel from recorded subdivision map; or

b. Only metes and bounds description based on recorded deeds.

NOTE:
If only a metes and bounds description exists, counsel should verify the legality of the property as a separate parcel.

8. Status of real property to be subdivided, such as:

a. Unimproved land.

b. Improved or partially improved land.

9. Status of areas adjacent to and in proximity to real property to be subdivided, e.g.:

a. Owner (client or related party?).

b. General plan and zoning classification.

c. Actual or proposed usage.

d. Location in city or unincorporated county.

10. Source for the following services on real property to be subdivided and adjacent real property:

a. Water supply.

b. Sewage.

c. Utilities.

11. General plan and zoning classification of real property to be subdivided and adjacent real property.

12. Location of nearest facilities, such as:

a. Elementary schools.

b. Transportation lines.

c. Fire and police stations.

13. Proposed nature of subdivision, including:

a. Types of structures, such as:

(1) Single-family residences.

(2) Condominiums or other shared-interest projects [*see* Ch. 33A, *Time-Share Projects* , through Ch. 34, *Condominiums*].

(3) Planned unit developments.

b. Number of lots or parcels.

c. Nature and source of financing.

d. Whether subdivided lots will be sold or leased.

e. Manner in which payment for subdivided lots will be made [*see* Ch. 30A, *Construction Financing*].

14. Past subdivisions creating or including parcel (if facts suggest quartering or other history of avoiding "major" subdivision).

4. Any documents already ordered or executed by client, such as:

    a. Surveyors' written reports.

    b. Maps.

    c. Environmental impact report.

    d. Applications related to financing of project.

    e. Contracts with financial institutions or public entities.

5. Property line or boundary survey map that shows:

    a. Bearings and distances of all boundaries.

    b. Location and dimensions of connecting and adjacent streets and tracts.

c. Any encroachments on the property as well as easements within and contiguous to the property.

d. Names of record owners or references to recorded subdivisions of adjacent property.

e. All monuments found or set that determine boundary or boundary references.

f. Computed areas and other special data pertinent to parcel.

6. Topographic, drainage, and contour maps that show:

a. Elevations or contours (to show topography of property).

b. Location and elevations of all structures, such as:
(1) Buildings.

(2) Bridges.

(3) Walls.

(4) Culverts.

c. Location and elevations of all physical features, such as:

(1) Roads.

(2) Watercourses.

(3) Marsh or pond areas.

(4) Rock outcrops.

d. Location and size of trees and wooded areas.

e. Location of test pits or borings.

7. Site location or vicinity map that shows:

a. Highway and street pattern.

b. Size and extent of commercial establishments.

c. Character of neighboring area and employment potentials.

d. Locations of churches, schools, recreational facilities, etc.

e. Zoning and area of jurisdiction.

f. Other special features.

8. Public utility maps that show:

a. All utilities easements and rights-of-way.

b. Location and size of all parts of storm and sanitary sewage system.

c. Location and size of all underground conduits for:

(1) Water.

(2) Gas.

(3) Steam.

d. Location of public transportation, police and fire alarms, and similar facilities.

9. Complete aerial photographs of:

a. Real property to be subdivided.

b. All adjacent properties.

§ 30.110 Determining Applicability of Laws

[1] Subdivision Map Act

1. Determine whether proposed project falls within following definition of "subdivision" for purposes of Subdivision Map Act (SMA) [*Gov. Code § 66424*; *see Gov. Code § 66410 et seq.* (SMA)]:

a. Division by subdivider [*see Gov. Code § 66423*]:

NOTE:
A "subdivider" is the person who causes land to be divided into a subdivision [*Gov. Code § 66423*].

(1) Of unit(s) of improved or unimproved land shown on latest equalized county assessment roll as unit or as contiguous units;

NOTE:
The mere fact that property is separated by roads, streets, utility easements, or railroad rights-of-way does not preclude it from being considered as "contiguous" [*Gov. Code § 66424*; ***see*** *61 Ops. Cal. Atty. Gen. 299 (1978)* ; ***see also*** "PRACTICE TIP: Watch Out For Common Ownership of Nearby Property" in § 30.20[1]].

(2) For purpose of immediate or future sale, lease, or financing.

b. Condominium project [*see Civ. Code § 1351(f)*; *see also* Ch. 34, *Condominiums*].

c. Community apartment project [*see Civ. Code § 1351(d)*].

d. Conversion of five or more existing dwelling units to stock cooperative [*see Civ. Code § 1351(m)*].

2. Determine whether proposed project falls within one of following exceptions from requirements of SMA:

a. Financing or leasing of apartments, offices, stores, or similar space within apartment buildings, industrial buildings, commercial buildings, mobilehome parks, or trailer parks [*Gov. Code § 66412(a)*].

b. Mineral, oil, or gas leases [*Gov. Code § 66412(b)*].

c. Land dedicated for cemetery purposes under Health and Safety Code [*Gov. Code § 66412(c)*].

d. Lot line adjustment between four or fewer adjoining parcels, if following conditions are met [*Gov. Code § 66412(d)*]:

NOTE:

Lot line adjustments need not be limited to relatively minor changes in boundaries; they can be used to accomplish substantial changes to an already-approved subdivision [***see*** "PRACTICE TIP: Fighting Over Lot Line Adjustments" in § 30.20[3][b]]. Moving the boundary between existing parcels can violate the SMA if any of the property involved in subject to a lease or trust deed [***see*** "PRACTICE TIP: Lot Line Adjustment May Be Trap for the Unwary" in § 30.20[3][b]].

(1) Land taken from one parcel is added to adjoining parcel.

(2) Adjustment does not result in creation of greater number of parcels than originally existed.

(3) Adjustment is approved by resolution of local agency.

NOTE:

The local agency must limit its review and approval to a determination of whether or not the resulting parcels will conform to the local general plan, any applicable specific plan, any applicable coastal plan, and zoning and building ordinances. The agency must approve or disapprove a lot line adjustment pursuant to the Permit Streamlining Act [*Gov. Code § 66412(d)*; *see Gov. Code § 65920 et seq.*; *see also § 30.23[2][b][ii]*].

e. Boundary line or exchange agreement to which State Lands Commission or local agency holding a trust grant of tide and submerged lands is a party [*Gov. Code § 66412(e)*].

f. Separate assessment of community apartment project, stock cooperative, or limited equity housing cooperative under *Rev. & Tax. Code § 2188.7* [*Gov. Code § 66412(f)*].

g. Conversion of community apartment project [*see Bus. & Prof. Code § 11004* (definition)] or stock cooperative [*see Bus. & Prof. Code § 11003.2* (definition)] to condominium [*see Civ. Code § 1351(f)* (definition)], if conversion meets specified requirements [*see Gov. Code § 66412(g), (h)*].

h. Leasing of, grant of easement to, all or portion of parcel of land if it is [*Gov. Code § 66412(i)*]:

(1) In conjunction with financing, erection, and sale or lease of wind-powered electrical generation device on parcel; and

(2) Subject to discretionary action by advisory agency or legislative body.

i. Lease, license, or grant of easement, use permit, or similar right, with respect to portion of parcel, to telephone corporation if project is [*Gov. Code § 66412(j)*; *see Pub. Util. Code § 234* (definition)]:

(1) Exclusively for placement and operation of cellular radio transmission facilities.

(2) Subject to discretionary action by advisory agency or legislative body.

j. Leases of agricultural land for agricultural purposes [*Gov. Code § 66412(k)*].

k. Financing or leasing of [*Gov. Code § 66412.1*]:

NOTE:
It is not clear whether this exemption also exempts the leasing or financing of land surrounding a building [***see*** "PRACTICE TIP: What About Land Around the Building" in § 30.20[3][d]].

(1) Any parcel of land in conjunction with construction of commercial or industrial buildings on single parcel, unless project is to subject to review under other local agency ordinances regulating design and improvement.

(2) Existing separate commercial or industrial buildings on single parcel.

l. Subdivision of four parcels or less for construction of removable commercial buildings of less than 100 square feet in floor area, if exempted by local ordinance [*Gov. Code § 66412.5*].

m. Construction, financing, or leasing (but not sale or transfer) of [*Gov. Code § 66412.2*]:

(1) Senior citizen multiple dwelling units in areas zoned for single-family residences [*see Gov. Code § 65852.1*].

NOTE:
The statutory authorization for a zoning variance, special use permit, or conditional use permit for construction of these dwelling units became inoperative on January 1, 2007, and thereafter has no effect. However, a variance, special use permit, or conditional use permit issued before that date remains valid, and a dwelling unit constructed pursuant to such a variance or permit is considered in compliance with all relevant laws, ordinances, rules, and regulations after January 1, 2007 [*Gov. Code § 65852.1(b)*].

(2) Specified "second units" in certain residential areas [*see Gov. Code § 65852.2*].

n. Conversion of mobilehome park to tenant-owned condominium project if:

NOTE:

The local agency with jurisdiction over the park must provide applications for a waiver and issue an approval or denial of submitted map within 50 days [*Gov. Code § 66428.1(c)*].

(1) At least two-thirds of mobilehome owners who rent parcels in park sign petition indicating intent to purchase park for purposes of converting it to resident ownership [*Gov. Code § 66428.1(a)* (requirement for parcel map or tentative and final map may be waived)].

(2) Field survey is performed and following conditions do not exist [*see Gov. Code § 66428.1(a)* (requirement for parcel map or tentative and final map must be waived)]:

(a) Health or safety concerns make significant design or improvement requirements necessary.

(b) Exterior boundary discrepancy exists.

(c) Existing lot or lots were not created by recorded parcel or final map.

(d) Conversion would create additional parcels.

o. Leasing or granting an easement in conjunction with financing, erection, and sale or lease of either [*Gov. Code § 66412(l), (m)*]:

(1) Solar electrical generation device; or

(2) Biogas project that utilizes agricultural waste or by-products from land where project is located and reduces overall emissions of greenhouse gases from agricultural operations.

NOTE:
In either case, for the exemption to apply, the project must be subject to review either under other local agency ordinances regulating design and improvement, or by discretionary action by the local advisory agency or legislative body [*Gov. Code § 66412(l), (m)*].

3. Determine whether proposed projects falls within any of following categories for which parcel map must be prepared [*Gov. Code §§ 66426, 66428*]:

a. Land (before division) contains less than five acres, each divided parcel will abut a maintained public street or highway, and legislative body will not require any dedications or improvements [*Gov. Code § 66426(a)*].

b. Each new parcel created by division will have [*Gov. Code § 66426(b)*]:

(1) Gross area of at least 20 acres.

(2) Approved access to maintained public street or highway.

c. Land consists of parcel or parcels with approved access to public street or highway that [*Gov. Code § 66426(c)*]:

(1) Is part of tract of land zoned for industrial or commercial development.

(2) Has approval of governing body as to street alignments and widths.

d. Each divided parcel will have gross area of at least 40 acres or is not less than a quarter of a quarter section [*Gov. Code § 66426(d)*].

e. Land is being subdivided solely to create environmental subdivision pursuant to *Gov. Code § 66418.2* [*Gov. Code § 66426(e)*].

NOTE:

An environmental subdivision is a subdivision of land for biotic and wildlife purposes that meets specified conditions. Among other things, the parcel must usually consist of at least 20 acres, and be encumbered by an easement to ensure compliance with the goal of maintaining and preserving the biotic or wildlife character of the land [*Gov. Code § 66418.2*].

f. Final or parcel map is not otherwise required by SMA [*Gov. Code § 66428*].

NOTE:

Because a tentative and final map normally are required for all subdivisions creating five or more parcels [***see*** *Gov. Code § 66426*], the above provision essentially means that a parcel map will normally be required if the subdivision will consist of four or fewer parcels. For important considerations relating to the counting of the number of parcels, see "PRACTICE TIP: Conveyances to Public Entities" and "PRACTICE TIP: Beware Controversy Over Number of Parcels" in § 30.13[3].

4. If parcel map is required by SMA [*see* P 3, *above*], determine whether local ordinance [*Gov. Code § 66428*]:

a. Waives parcel map requirement; or

b. Requires preparation of tentative map in addition to parcel map [*see § 30.120[1]*].

5. If SMA requires parcel map [*see* P 3, *above*], and local ordinance does not require tentative map, determine whether subdivider wishes to exercise option of submitting either of following in addition to parcel map [*Gov. Code § 66428*]:

a. Tentative map [*see Gov. Code § 66424.5(a)*; *see also § 30.120[1]*].

b. Vesting tentative map [*see Gov. Code § 66424.5(b)*; *see also § 30.120[1]*].

6. Determine whether proposed project satisfies following criteria, and therefore requires both tentative map and final map [*Gov. Code § 66426*]:

a. Parcel map is not required by statute [*see Gov. Code § 66426(a)-(d)*; *see also* P 3, *above*].

b. Proposed project would create:

(1) Five or more parcels;

(2) Five or more condominiums;

(3) Community apartment project containing five or more parcels; or

(4) Stock cooperative containing five or more dwelling units.

7. If proposed project requires tentative map and final map [*see* P 6, *above*], determine whether:

a. Proposed project involves construction of condominiums on single parcel and, if so, whether local ordinance waives map requirement [*Gov. Code § 66428*].

b. Subdivider intends to file multiple final maps [*see Gov. Code § 66456.1*; *see also § 30.120[2]*, P 2].

c. Subdivider intends to file "vesting tentative map" in lieu of tentative map [*Gov. Code §§ 66498.1, 66498.7*; *see Gov. Code § 66499.6*].

NOTE:
The attorney should advise the subdivider to consider the benefits of a vesting map application [***see*** "PRACTICE TIP: Malpractice Not To Suggest A Vesting Map" in § 30.23[3][a]].

[2] Subdivided Lands Act

1. Determine whether proposed project falls within one of the following categories, which are considered "subdivided land" or "subdivisions" subject to Subdivided Lands Act (SLA) [*see Bus. & Prof. Code § 11000 et seq.* (SLA); *see also § 30.40[2][a]*]:

a. Improved or unimproved land, wherever situated within California, divided or proposed to be divided into five or more parcels for immediate or future sale, lease, or financing, with following exceptions [*Bus. & Prof. Code § 11000(a)*]:
(1) Land sold by lots or parcels of not less than 160 acres that:
(a) Are designated by lot or parcel description by government surveys; and

(b) Appear as such on current assessment roll of county in which land is situated.

NOTE:
The exception set forth in a(1), ***above***, does not apply if the land is divided or proposed to be divided for sale for oil and gas purposes. In that case, the land will be deemed to be subdivided land or a subdivision under the SLA [*Bus. & Prof. Code § 11000(a)*].

(2) Leasing of:

(a) Apartments;

(b) Offices;

(c) Stores; or

(d) Similar space within apartment building, industrial building, commercial building, or mobilehome park [*see Health & Safety Code § 18214*].

b. Leasing apartments in community apartment project in apartment or similar space within commercial building or complex [*Bus. & Prof. Code § 11000(a)*; *see Bus. & Prof. Code § 11004* ("community apartment project" defined)].

c. Improved or unimproved land(s), lot(s), or parcel(s) of any size, in which, for purpose of immediate or future sale, lease, or financing, five or more undivided interests are created or proposed to be created, unless creation or proposed creation of undivided interests involves or will involve any of the following [Bus. & Prof. Code § 11001.1(b)]:

NOTE:
If any of the following conditions are met, the land, lot, or parcel will not be considered subdivided land or a subdivision under the SLA [*Bus. & Prof. Code § 11000.1(b)*].

(1) Undivided interests are held or to be held by persons related one to the other by blood or marriage.

(2) Undivided interests are to be purchased and owned solely by persons who present evidence satisfactory to Real Estate Commissioner that they:

(a) Are knowledgeable and experienced investors.

(b) Comprehend nature and extent of risks involved in ownership of the interests.

NOTE:
The Commissioner will grant an exemption from the SLA if the undivided interests described in (2), ***above***, are to be purchased by no more than 10 persons, each of whom furnishes a signed statement to the Commissioner that he or she (1) is fully informed concerning the real property to be acquired and his or her interest in the property, including the risks involved in ownership of undivided interests, (2) is purchasing the interest(s) for his or her own account and with no present intention to resell or otherwise dispose of the interest for value, and (3) expressly waives protections afforded to a purchaser by the SLA [*Bus. & Prof. Code § 11000.1(b)(2)*].

(3) Undivided interests are created as result of foreclosure sale.

(4) Undivided interests are created by valid judicial order or court decree.

(5) Offering and sale of undivided interests have been expressly qualified by permit issued by California Commissioner of Corporations pursuant to Corporate Securities Law of 1968 [*Corp. Code § 25000 et seq.*].

d. Planned development containing five or more lots [*Bus. & Prof. Code § 11004.5(a)*; *see Bus. & Prof. Code § 11003*].

e. Community apartment project containing five or more apartments [*Bus. & Prof. Code § 11004.5(b)*; *see Bus. & Prof. Code § 11004*].

f. Condominium project containing five or more condominiums [*Bus. & Prof. Code § 11004.5(c)*; *see Civ. Code § 1351(f)*; *see also Civ. Code § 783*].

g. Stock cooperative that [*see Bus. & Prof. Code § 11003.2*]:

(1) Includes legal or beneficial interests.

(2) Has or is intended to have five or more shareholders [*Bus. & Prof. Code § 11004.5(d)*].

h. Limited-equity housing cooperatives [*Bus. & Prof. Code § 11004.5(e)*; *see Bus. & Prof. Code § 11003.4*].

NOTE:

Time-share plans, exchange programs, incidental benefits, and short-term product subject to the Vacation Ownership and Time-Share Act of 2004 [*Bus. & Prof. Code § 11210 et seq.* (effective July 1, 2005)] are not subject to the Subdivided Lands Act [*Bus. & Prof. Code § 11004.5(g)*].

2. Determine whether proposed project is exempt from SLA coverage:

NOTE:

The following transactions are exempt from all provisions of the SLA. If the proposed project falls within an exemption but will result in a subdivision of two to four units [*Civ. Code § 1133*; ***see*** *Bus. & Prof. Code § 11000*] that is subject to a blanket encumbrance [***see*** *Bus. & Prof. Code § 11013*; ***see also*** *§ 30.42*], the subdivider must provide a prospective purchaser or lessee with an official notice warning that person of the existence of the blanket encumbrance; the prospective purchaser or lessee must sign the notice to indicate that the subdivider has complied with the warning requirement [*Civ. Code § 1133*; ***see*** *§ 30.250*].

a. Subdivision located entirely outside California [*Bus. & Prof. Code § 11000(c)*; *see Bus. & Prof. Code § 10249.1*; § 30.40[5]].

NOTE:

Although subdivisions located outside California are exempt from the SLA, any person who intends, in California, to sell or lease or offer for sale or lease lots, parcels, or interests in a subdivision located outside California, must still comply with certain registration, disclosure, and/or other requirements of the Commissioner [***see*** *Bus. & Prof. Code § 10249 et seq.*; ***see also*** *§ 30.40[5]*].

b. Leasing of apartments, offices, stores, or similar space within apartment building, industrial building, commercial building, or mobilehome park [*Bus. & Prof. Code § 11000(a)*; *see* P 1a(2), *above*].

c. Proposed sale or lease of subdivision interests in which interests are limited to industrial or commercial uses by [*Bus. & Prof. Code § 11010.3*]:

(1) Zoning; or

(2) Duly recorded declaration of CC&Rs.

d. Offer or proposed offer of subdivided land for sale, lease, or financing by state agency, including University of California, local agency, or other public agency [*Bus. & Prof. Code § 11010.6*].

e. Sale of land by lot or parcel of not less than 160 acres [*Bus. & Prof. Code § 11000(a)*; for further discussion of this exemption, *see* P 1a(1), *above*].

f. Creation or proposed creation of certain undivided interests in land [*see Bus. & Prof. Code § 11000.1(b)*; for further discussion of this exemption, *see* P 1d, *above*].

g. Purchase of mobilehome park by tenant-controlled nonprofit corporation [*see Bus. & Prof. Code § 11010.8*; *see also* Ch. 39, *Mobilehome Parks*].

h. For transactions entered into after 2000, either proposed sale or lease of five or more lots, parcels, or other subdivision interests, or sale of one or more lots or parcels if lots or parcels are intended to be further subdivided into five or more subdivision interests [*see Bus. & Prof. Code §§ 11000, 11000.1, 11004.5*], when (in either case) sale or lease is to any person who is acquiring those lots, parcels, or other subdivision interests in order to construct residential, commercial, or industrial buildings, or for to resell or lease them to persons engaged in such construction business [*Bus. & Prof. Code § 11010.35(a)*].

NOTE:
To qualify for this exemption, the purchase or lease agreement (or a separate disclosure document) must include a statement or provision that the purchaser or lessee is required to comply with the applicable provisions of the SLA before offering for sale or lease any lot, parcel, or other subdivision interest acquired pursuant to the exemption [*Bus. & Prof. Code § 11010.35(a)*].

3. Determine whether proposed transaction involves one of following projects that are exempt from notice of intention and public report requirements, but not from other requirements of SLA [*see Bus. & Prof. Code § 11018.2*; § 30.40[6]]:

a. Subdivided lands located within city limits and improved with residences [*see Bus. & Prof. Code § 11010.4*].

b. Nonbinding expressions of intent to purchase or lease units proposed to be converted to a condominium, community apartment project, or stock cooperative project [*see Bus. & Prof. Code § 11010.7*].

[3] Environmental Laws

NOTE:
A detailed discussion of environmental laws that may affect real estate development is beyond the scope of this chapter. For a complete analysis of these laws, see Ch. 30B, ***Zoning, Building, and Environmental Entitlements and Permits*** .

1. Determine whether National Environmental Policy Act (NEPA) [*42 U.S.C. § 4321 et seq.*] applies to proposed project by ascertaining whether project [*see 42 U.S.C. § 4332*]:

a. Is major federal action.

NOTE:
A "major federal action" is one with effects that may be major and that are potentially subject to federal control and responsibility [42 C.F.R. § 1508.18].

b. Potentially affects quality of human environment.

2. Determine whether California Environmental Quality Act (CEQA) applies to proposed project [*Pub. Res. Code § 21000 et seq.*].

NOTE:

CEQA requires public agencies to consider environmental factors before deciding whether or not to approve or carry out "discretionary projects," unless the project is exempt from the requirements of CEQA [*Pub. Res. Code §§ 21000, 21001*; *14* Cal. Code Reg. § 15002(a)].

3. If project will be located in coastal zone [*see Pub. Res. Code § 30103(a)*], determine whether it is subject to California Coastal Act [*Pub. Res. Code § 30000 et seq.*].

NOTE:

A subdivider who intends to subdivide land in a coastal zone must obtain a coastal development permit [*Pub. Res. Code § 30600(a)*]. A detailed discussion of the California Coastal Act is beyond the scope of this chapter. For coverage of that law, see Ch. 30B, ***Zoning, Building, and Environmental Entitlements and Permits*** .

4. Determine existence and applicability of regional environmental regulations, if any [*see* Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits*].

§ 30.111 Determining Applicability of Local Ordinances

1. Ascertain identity of legislative body of city and/or county that controls land use and planning matters, such as [*Gov. Code § 66421*]:

a. Planning commission.

b. City council.

NOTE:
If the property is near a city boundary, the project may require annexation and/or conformance to city as well as county land use designations.

2. If no legislative body exists in area where proposed subdivision will be developed, ascertain what entity carries out functions of planning agency [*Gov. Code § 65100*].

3. Determine which local ordinances are applicable to design and improvement of subdivisions.

NOTE:
The Subdivision Map Act (SMA) [*Gov. Code § 64100 et seq.*] authorizes cities and counties to adopt additional ordinances and regulations so long as they are not more restrictive than the provisions of the SMA [***see*** *Gov. Code § 66421*].

§ 30.120 Submissions Under Subdivision Map Act

[1] Preparation of Vesting Tentative Maps and Tentative Maps

NOTE:

Unless otherwise provided by the Subdivision Map Act (SMA) [*Gov. Code § 66410 et seq.*] or a local ordinance, a vesting tentative map must be filed and processed in the same manner as a tentative map [*Gov. Code § 66452(b)*]. Thus, all references in this Part to tentative maps should be deemed to include vesting tentative maps unless otherwise indicated. For a detailed discussion of vesting tentative maps and tentative maps, see *§ 30.22*.

1. Have map prepared and confirm that it complies with all applicable local requirements as to form, content, required number of copies, and processing fee [*see Gov. Code §§ 66451, 66451.2, 66473, 66498.8*].

NOTE:

A civil engineer or licensed land surveyor must prepare the final map, which will be based on the tentative map [***see*** *Gov. Code § 66434*]. Consequently, counsel should consider the advantages of eliminating duplicative work by retaining the services of a registered civil engineer or licensed land surveyor to prepare the tentative map or vesting tentative map.

A vesting tentative map must have the words "Vesting Tentative Map" printed conspicuously on its face before filing [*Gov. Code § 66452(c)*]. If the proposed development, at the time of filing the vesting tentative map, is inconsistent with the applicable zoning ordinance, that inconsistency must be noted on the map. The local

agency may deny the map or approve it conditioned on obtaining the necessary change in the zoning ordinance to eliminate the inconsistency. If the change is obtained, the approved or conditionally approved vesting tentative map must confer the vested right to proceed with the development in substantial compliance with the change in the zoning ordinance and the map, as approved, notwithstanding *Gov. Code § 66498.1(b)*, which sets forth the basic rule governing the vested rights conferred by the approval of a vesting tentative map [*Gov. Code § 66498.3(a)*].

2. Confirm that map application:

a. Includes all information required by local ordinance [*see Gov. Code § 65940*; *see also § 30.23[2][b][ii]*]; and

b. States that it is application for development permit [*Gov. Code § 65943*].

NOTE:
This statement will preserve the subdivider's right to claim that the application has been deemed complete in the event that the agency fails to issue a written determination within the appropriate time period [***see*** *Gov. Code §§ 65940, 65943*].

3. Satisfy any pre-filing requirements imposed by local ordinance.

NOTE:
A city or county may enact supplemental ordinances in connection with matters covered by the SMA as long as those regulations are reasonably related to the SMA purposes and requirements and are not inconsistent with it. For example, a local ordinance that requires zoning approvals be obtained before a tentative map may be filed is valid because it is consistent with the undisputed authority of a city or county to disapprove a map when a project does not conform to zoning ordinances, or to condition approval on future compliance [Benny v. City of Alameda (1980) 105 Cal. App. 3d 1006, 1011-1012, 164 Cal. Rptr. 776] . When the subdivider must obtain planning commission approval for the subdivision and the legislative body's approval of a general plan or zoning amendment, the subdivider should attempt to have the planning commission hold one combined hearing on both applications [***see*** "PRACTICE TIP: Beware Need for Multiple Approvals" in § 30.20[2][c]].

[2] Filing, Processing, and Approval or Disapproval of Vesting Tentative Maps and Tentative Maps

1. File map with [*Gov. Code § 66452*]:

a. Clerk of appropriate advisory agency;

NOTE:
The "advisory agency" is the designated official or official body, such as the local planning commission, charged with (1) making investigations and reports on the design and improvement of proposed divisions of real property; (2) imposing conditions or requirements on subdivisions; and/or (3) approving, conditionally approving, or disapproving maps [*Gov. Code § 66415*].

b. Clerk of appropriate legislative body if there is no advisory agency; or

c. Other local officer or employee designated by local ordinance.

2. If subdivider wishes to file multiple final maps relating to approved or conditionally approved tentative map, inform local advisory agency of this intention at time tentative map is filed [*Gov. Code § 66456.1*].

NOTE:

Multiple final maps relating to different portions of an approved or conditionally approved tentative map may be filed prior to the expiration of the tentative map if (1) after the filing of the tentative map, the local agency and the subdivider concur in the filing of multiple final maps, or (2) the subdivider, at the time the tentative map is filed, informs the local advisory agency of this intention. Such a notice of intention need not define the number or configuration of the proposed multiple final maps [*Gov. Code § 66456.1*].

Local agencies may impose reasonable conditions relating to the filing of multiple final maps. The filing of a final map on a portion of an approved or conditionally approved tentative map will not invalidate any part of the tentative map [*Gov. Code § 66456.1*].

If the subdivider must provide $178,000 or more for public off-site improvements, the filing of multiple final maps will extend the expiration of the approved or conditionally approved tentative map [*Gov. Code § 66452.6(a)(1)*; ***see*** *Gov. Code § 66452.6(a)(2)* ($178,000 threshold subject to annual inflation adjustment beginning January 1, 2005)].

3. After application is filed with appropriate agency:

a. Provide any further information that agency requires in order to complete final action [*Gov. Code § 65944(b)*].

NOTE:

If an application is accepted as complete and the proposed project is located either within 1,000 feet of a military installation, within special use airspace, or beneath a low-level flight path, the agency that accepted the application must provide a copy to any branch of the United States Armed Forces that has provided the Office of Planning and Research with a single California mailing address for delivery of a copy of such applications [*Gov. Code § 65944(d)(1)*]. Once the copy of the application has been received, the relevant branch of the U.S. Armed Forces may request consultation with the agency and the project applicant to discuss the effects of the proposed project on military installations, low-level flight paths, or special use airspace, and potential alternatives and mitigation measures [*Gov. Code § 65944(e)*].

b. Provide any information needed by agency to demonstrate compliance with CEQA [*see Pub. Res. Code § 21000 et seq.*; *see also Gov. Code § 65944(c)*].

c. Expect to receive written determination regarding completeness of application for approval of map within 30 days of filing date [*Gov. Code § 65943*].

NOTE:

The subdivider and the appropriate legislative body or advisory agency may agree to extend the 30-day time limit. However, the agency or legislative body may not require a routine waiver of time limits as a condition of accepting the application for or processing of the map unless the routine waiver is obtained to permit concurrent processing of related

approvals or an environmental review on the same development project [*Gov. Code § 66451.1(a)*; ***see*** Ch. 30B, ***Zoning, Building, and Environmental Entitlements and Permits***].

d. Ensure that agency's written determination satisfies following requirements [*Gov. Code § 65943(a)*]:

(1) Identifies incomplete portions of application, if any.

NOTE:
The agency's determination regarding the completeness of the application must be based on the formal list, prepared by the agency, that specifies in detail the information that is required from any applicant for a development project [***see*** *Gov. Code § 65940*].

(2) Lists and describes specific information required to complete application.

(3) Indicates method of completion.

NOTE:
Generally, if the agency fails to issue a written determination with 30 days of the filing date, the application is deemed complete [***see*** *Gov. Code § 65943* (application must include necessary statement to trigger time-limit default provision of SMA)].

PRACTICE TIP:
Document "Deemed Complete" Status of Application. Prudent developers will send a letter stating that because the city/county has not responded within 30 days, the application is deemed complete. This may be important later when disputes arise--such as when a vesting tentative map locked in local regulations. It also may stimulate more timely responses and cooperation in handling the application by showing that the developer plans to monitor the process closely. *By Edward Shaffer*

4. Submit any additional information specified as missing in agency's determination [*Gov. Code § 65943(b)*].

NOTE:
After the application is accepted as complete, the public agency cannot subsequently request a subdivider to provide new or additional information that was not required as part of the application. While processing the application, the public agency may ask the subdivider to clarify, amplify, correct, or otherwise supplement the required information [*Gov. Code § 65944(a)*].

5. Not later than 30 calendar days after agency receives any additional information described in P 4, *above*, expect to receive written determination as to whether application, including additional information, is complete.

NOTE:
If the public agency fails to provide a written determination within 30 days, the application and additional materials will be deemed complete [*Gov. Code § 65943(b)*]. If the application and additional materials are determined to be incomplete, the public agency must provide an appeal process [***see*** *Gov. Code § 65943(c)*].

6. If notified by local agency that it will not be able to issue written determination on application within 30 days, either:

NOTE:

At the time a subdivider submits an application for approval of a subdivision map, the local agency must determine whether or not it is able to comply with the relevant statutory time limits [*Gov. Code § 66451.1(b)*].

a. Agree to extension [*Gov. Code § 66451.1(a)*];

b. Request agency to contract or employ private entity or person to perform services necessary to meet time limits; or

NOTE:

The local agency must grant this request unless (1) no qualified entities or persons are available, or (2) the agency would be able to perform the services in a more rapid fashion than would any available and qualified substitute. Any person or entity hired pursuant to this request may perform all processing functions except those required by the SMA or local ordinance to be performed by the legislative body. The agency may charge the subdivider for costs directly attributable to this arrangement [*Gov. Code § 66451.1(b)*].

c. Allow time limit to expire.

PRACTICE TIP:

Do Not Count on Statutory Deadlines. The time limits for map decisions described above sound nice, but are of little or no value--primarily because of the due process requirement of notice and opportunity to be heard [*see Horn v. Ventura County (1979) 24 Cal. 3d 605, 156 Cal. Rptr. 718, 596 P.2d 1134]* . The only deadlines with any potential usefulness are in the Permit Streamlining Act [*see Gov. Code § 65950 et seq.*]--and even they require overcoming substantial obstacles regarding (1) completion of the CEQA process, and (2) public notice of an impending deemed approval. *By Edward Shaffer*

7. If map was filed with advisory agency, expect agency to either:

a. Submit written report to legislative body within 50 days after filing, if agency is not authorized to approve, conditionally approve, or disapprove map [*Gov. Code § 66452.1(a)*]; or

NOTE:

A failure of the advisory agency to act within the 50-day period will trigger the 30-day period within which the legislative body must act [Benny v. City of Alameda (1980) 105 Cal. App. 3d 1006, 1012, 164 Cal. Rptr. 776 ; ***see*** *Gov. Code § 66452.2(a)* (discussed in P 8, ***below)***].

b. Approve, conditionally approve, or disapprove map within 50 days after filing, if authorized to take such an action, and report its action to subdivider [*Gov. Code § 66452.1(b)*].

NOTE:

Although the SMA provides that the filing of the tentative map triggers the 50-day deadlines discussed in a and b, ***above***, it also states that those 50-day periods will not commence until the environmental impact report has been certified, a negative declaration has been adopted, or the local agency has determined that the project is exempt from the requirements of CEQA [*Gov. Code § 66452.1(c)*]. For a discussion of the environmental laws applicable to real estate development, see Ch. 30B, ***Zoning, Building, and Environmental Entitlements and Permits*** .

8. If report by advisory agency is filed with legislative body [*see* P 7a, *above*], expect legislative body to [*Gov. Code § 66452.2(a)*; *see § 30.23[2][b][iii]*]:

a. Fix, at its next regular meeting following that filing, the meeting date (within 30 days after that regular meeting) at which it will consider the map; and

b. Approve, conditionally approve, or disapprove map within that 30-day period.

NOTE:

Although the SMA provides that the next regular meeting of the legislative body will trigger the 30-day deadline, it also states that the 30-day time period will not commence until the environmental impact report has been certified, a negative declaration has been adopted, or the local agency has determined that the project is exempt from the requirements of CEQA [*Gov. Code § 66452.2(c)*].

9. If there is no advisory agency and map is filed with clerk of legislative body, ensure that [*Gov. Code § 66452.2(b)*; *see § 30.23[2][b][iii]*]:

a. Clerk submits map to legislative body at its next regular meeting.

b. Within 50 days after that meeting, legislative body approves, conditionally approves, or disapproves map.

NOTE:

Although the SMA provides that the next regular meeting of the legislative body will trigger the 50-day deadline, it also states that the 50-day period will not commence until the environmental impact report has been certified, a negative declaration has been adopted, or the local agency has determined that the project is exempt from the requirements of CEQA [*Gov. Code § 66452.2(c)*].

10. Ensure that all reports or recommendations by staff of local agency are in writing and served on subdivider at least three days prior to hearing or action on map by advisory agency or legislative body [*Gov. Code § 66452.3*].

NOTE:

A copy of the report must also be served within the time period discussed above on each tenant of the subject property, in the case of a proposed conversion of residential real property to a condominium project, community apartment project, or stock cooperative project. The subdivider may be charged for expenses incurred informing the tenants [*Gov. Code § 66452.3*].

11. If hearing is to be held on application, ensure that local agency provides notice of hearing at least 10 days prior to hearing date [*Gov. Code § 66451.3*; *see Gov. Code §§ 65090, 65091* (procedural notice requirements); *but see Gov. Code § 66474.64* (special rules applicable when City of Los Angeles authorizes advisory agency to report disposition of map application directly to subdivider)].

12. If legislative body or advisory agency fails to act within time limits specified in SMA and no extension of time limit has been granted [*Gov. Code § 66452.4(a)*]:

NOTE:

As mentioned in the PRACTICE TIP preceding P 7, ***above***, the SMA deadlines for map decisions are of limited importance because of the due process requirement of notice and opportunity to be heard [***see***

Horn v. Ventura County (1979) 24 Cal. 3d 605, 156 Cal. Rptr. 718, 596 P.2d 1134] .

a. Map is deemed approved to extent it is in compliance with applicable laws.

b. Clerk of legislative body must verify approval of map.

NOTE:

An advisory agency or legislative body may not disapprove an application for approval of a tentative map merely to comply with applicable time limits. Disapproval must be based on other substantive reasons [*Gov. Code § 66451.4*].

Once the tentative map is deemed approved, the subdivider is entitled to request and receive a written certification of approval [*Gov. Code § 66452.4(b)*].

13. Ensure that final approval or disapproval of the subdivision map is made [*see Gov. Code § 65952.1*]:

NOTE:

The time limits discussed below are set forth in the Permit Streamlining Act [*Gov. Code § 65920 et seq.*] and apply to all proposed development projects, including subdivision maps [***see*** *Gov. Code § 65952.1*].

a. By lead agency, if any, within following time periods, as applicable:

NOTE:

The time limits set forth in (1) and (2), ***below***, may be extended once for a period up to 90 days if the public agency and the applicant consent to that extension [*Gov. Code § 65957*]. If the lead agency fails to approve or disapprove the project within the applicable time limit, the project will be deemed approved [***see*** *Gov. Code § 65956(b)*; ***but see*** *Bickel v. City of Piedmont (1997) 16 Cal. 4th 1040, 68 Cal. Rptr. 2d 758, 946 P.2d 427* (right to deemed approval subject to common law waiver)].

(1) If environmental impact report (EIR) is prepared [*see Pub. Res. Code §§ 21100, 21151*], within 180 days from date of certification by lead agency of EIR [*Gov. Code §§ 65950(a)(1), 65952.1*; *see* Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits*].

NOTE:

This period is reduced to 90 days for subdivisions that are affordable to low-income or very-low-income households, provided certain conditions are met [***see*** *Gov. Code § 65950(a)(2)*].

(2) If combined environmental impact report-environmental impact statement is prepared, within 60 days after completion and adoption of combined document [*Gov. Code § 65951*; *see* Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits*].

(3) If negative declaration is prepared or if project is exempt from CEQA and proponent of project has not requested extension, within 60 days from [*Gov. Code § 65950(a)(3), (4)*; *see* Ch. 30B, *Zoning, Building, and Environmental Permits*]:

(a) Date of adoption of a negative declaration; or

(b) Determination by lead agency that project is exempt.

b. By any responsible agency within 180 days from later of [*Gov. Code §§ 65952, 65952.1*; *see Gov. Code § 65933* ("responsible agency" is public agency, other than lead agency, responsible for carrying out or approving development project)]:

NOTE:

The following time periods apply only if the development project has been approved by the lead agency [*Gov. Code § 65952(a)*]. If a lead agency disapproves a development project, applications for the project that have been filed with responsible agencies will be deemed withdrawn when the decision to disapprove becomes final [*Gov. Code § 65952(b)*]. If the lead agency or responsible agency fails to act within statutory time limits [***see*** *Gov. Code §§ 65952, 65952.1*] the development project will be deemed approved, provided that proper public notice has been given [*Gov. Code § 65956(b)*; ***see*** Ch. 30B, ***Zoning, Building, and Environmental Permits*** ; ***but see*** *Bickel v. City of Piedmont (1997) 16 Cal. 4th 1040, 68 Cal. Rptr. 2d 758, 946 P.2d 427* (right to deemed approval subject to common law waiver)].

(1) Date on which lead agency approved project; or

(2) Date on which completed application was received and accepted as complete by responsible agency.

NOTE:

The public agency and applicant may agree to extend this time period once for up to 90 days [*Gov. Code § 65957*].

14. Notify subdivider that map may or will be reviewed by other agencies and entities as follows:

NOTE:

Counsel should monitor carefully all efforts to involve other state and local agencies and entities in the review of the map [***see*** "PRACTICE TIP: Monitor Consultations Carefully" in § 30.23[2][b][v]].

a. Local agency.

NOTE:

Local agencies may make recommendations concerning subdivisions in adjoining cities or unincorporated territories if the subdivision is within three miles of the agency's exterior boundary of agency [*Gov. Code § 66453*].

b. Adjacent cities.

NOTE:

If the map involves the proposed subdivision of unincorporated territory, the subdivider may file the tentative map with an adjacent city [*Gov. Code § 66454*]. Approval of the map must be conditioned on annexation of the property to the city within a specified time period. Annexation must be completed within that time period (or any extension) and before the final map is approved [*Gov. Code § 66454*].

c. Legislative body of any local agency having jurisdiction of any territory within one mile of state highway [*Gov. Code § 66455(a)*].

NOTE:

The State Department of Transportation may file a map with the legislative body of any such local agency if it believes that the subdivision would have an effect on an existing or future state highway in that territory [*Gov. Code § 66455(a)*].

d. Governing board of any of following within whose boundaries subdivision would be located [*Gov. Code § 66455.7(a)* (submission must be made by local agency within five days of time tentative map is determined to be complete)].

NOTE:

The notice must include information about the location of the proposed subdivision, the number of units, density, and any other information that would be relevant to the affected district [*Gov. Code § 66455.7(b)*].

(1) Elementary school.

(2) High school.

(3) Unified school district.

NOTE:

Within 15 days after receipt of the notice, the school district may make recommendations regarding the effect of the subdivision on the district. If the school district does not respond within the 15-day period, the district will be deemed to have approved the subdivision. The local agency with jurisdiction over the proposed subdivision must consider any recommendations from the school district before acting on the tentative map [*Gov. Code § 66455.7(c)*].

e. Other officials or agencies, such as:

(1) City or county surveyor or engineer;

(2) Health department;

(3) Assessor;

(4) Gas and electric company;

(5) Telephone company; or

(6) Department of Real Estate.

15. Notify client that map will be disapproved if any of following circumstances exist [*see Gov. Code § 66473* (circumstances under which disapproval is mandatory)]:

PRACTICE TIP:

Beware Perfunctory Approval Findings. When the proposed subdivision is controversial and the decision may be challenged in court, beware bare bone findings that simply recite the statutory language (for example, "the map is consistent with the general plan"), without any supporting documentation. Findings serve as the legal footprints that bridge the gap between background information and the ultimate decision, and courts will overturn actions if the findings do not explain the decision making path followed by the legislative body. A prudent developer will insist on detailed findings confirming the appropriateness of subdivision approval under each of the criteria specified in *Gov. Code § 66474* and other SMA statutes, as described below [*see Topanga Ass'n for a Scenic Community v. County of Los Angeles (1974) 11 Cal. 3d 506, 113 Cal. Rptr. 836* ; for an excellent discussion of findings, *see Bridging the Gap: Using Findings in Local Land Use Decisions* (1989), a report published by the Governor's Office of Planning and Research]. *By Edward Shaffer*

NOTE:

A map cannot be deemed approved if it does not comply with all applicable requirements of the SMA and applicable local ordinances [*Pongputmong v. City of Santa Monica (1993) 15 Cal. App. 4th 99, 104-105, 18 Cal. Rptr. 2d 550]* .

a. Local agency finds that map fails to meet or perform any requirements of SMA or local ordinance [*Gov. Code § 66473*].

b. Legislative body of city or county makes any of following findings:

(1) Map is not consistent with applicable general and specific plans as specified in *Gov. Code § 65451* [*Gov. Code § 66474(a)*].

(2) Design or improvement of proposed subdivision is not consistent with applicable general and specific plans [*Gov. Code § 66474(b)*].

(3) Site is not physically suitable for:
(a) Type of development [*Gov. Code § 66474(c)*]; or

(b) Proposed density of development [*Gov. Code § 66474(d)*].

(4) Design of subdivision or proposed improvements are likely to cause substantial environmental damage or substantially and unavoidably injure fish or wildlife or their habitat [*Gov. Code § 66474(e)*; *see* Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits* ; *but see Gov. Code § 66474.01* (local government may approve tentative map or parcel map for which tentative map was not required if EIR was prepared for the project and finding was made under *Pub. Res. Code § 21081(c)* that specific economic, social, or other considerations make infeasible the mitigation measures or project alternatives identified in the EIR)].

(5) Design of subdivision or type of improvements:

(a) Is likely to cause serious public health problems [*Gov. Code § 66474(f)*]; or

(b) Will conflict with easements, acquired by the public at large, for access through or use of property within proposed subdivision [*Gov. Code § 66474(g)*].

(6) Subdivision would result in residential development not incidental to commercial agricultural use of

land, or resulting parcels would be too small to sustain agricultural use, and land is subject to any of following entered into on or after January 1, 2003 [*Gov. Code § 66474.4(a), (k)* as amended by 2002 Stats., ch. 613, § 1; *but see Gov. Code § 66474.4(c)* (limited exceptions)]:

(a) Williamson Act contract [*Gov. Code § 51200 et seq.*; *see* Ch. 28D, *Conservation Restrictions on Use of Agricultural and Open-Space Land*], including easement entered into pursuant to *Gov. Code § 51256*;

(b) Open-space easement entered into pursuant to Open Space Easement Act of 1974 [*see* Gov. Code § 51074 et seq.];

(c) Agricultural conservation easement entered into pursuant to *Pub. Res. Code § 10260 et seq.*]; or

(d) Conservation easement entered into pursuant to *Civ. Code § 815 et seq.* [*see § 28D.240*].

NOTE:
Land (whether agricultural or not) is presumed to be in parcels too small to sustain their agricultural use if the land is either less than 10 acres if it is prime agricultural land, or less than 40 acres if it is land that is not prime agricultural land [*Gov. Code § 66474.4(b)* as amended by 2002 Stats., ch. 613, § 1].

c. Legislative body does not make affirmative finding that proposed subdivision, together with provisions for design and improvement, is consistent with applicable general or specific land use plans [*Gov. Code § 66473.5*].

d. Governing body of any local agency determines that discharge of water from proposed subdivision into existing community sewer system would result in or add to violation of existing requirements prescribed by a California regional water quality control board [*Gov. Code §§ 66474.6, 66474.63*].

NOTE:
In this case disapproval is discretionary [*Gov. Code §§ 66474.6, 66474.63*].

e. Local agency finds that:

(1) Proposed subdivision is to front on public waterway, river, or stream and no provision has been made for:

(a) Reasonable public access [*Gov. Code § 66478.4(a)*]; and

(b) Public easement along bank of waterway, river, or stream [*Gov. Code § 66478.5(a)*]; or

(2) Subdivision fronts on any of following and no provision for reasonable public access has been made to:

(a) Coastline or shoreline [*Gov. Code § 66478.11(a)*]; or

(b) Publicly owned lake or reservoir [*Gov. Code § 66478.12(a)*].

NOTE:
Property within the coastal zone will be subject to very detailed local and state regulations imposed under the California Coastal Act [*Pub. Res. Code § 30000 et seq.*].

[3] Appeal From Decisions on Vesting Tentative Maps and Tentative Maps

1. If public agency determines that filing is incomplete, ensure that agency [*see Gov. Code § 65943(c)*]:

a. Provides process by which applicant may appeal its decision.

b. Makes final written determination on appeal no later than 60 calendar days after receipt of appeal.

NOTE:
If the public agency fails to make a timely written determination on the appeal, the submitted materials will be deemed complete. However, the applicant and public agency may mutually agree to an extension of the 60-day time limit [*Gov. Code § 65943(d)*].

2. Consider advisability of pursuing appeal from any decision of agency [*Gov. Code § 66452.5(a)*; *see* P 3, *below*]:

a. Rejecting map.

b. Attaching conditions to approval of map.

NOTE:
In the case of a proposed conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, any tenant of the subject property also has the right to appeal using the procedure described in Paragraph 3, ***below***. If the appeal is taken by tenants of residential property, notice of each hearing in the process must be mailed to those tenants at least three days prior to the hearing [***see*** *Gov. Code § 66452.5(f)*].

3. If desired, file appeal of any action of advisory agency within 10 days after disputed action with clerk of [*Gov. Code § 66452.5(a)(2)*]:

a. Appeal board; or

NOTE:
An "appeal board" is a designated board or other official body responsible for hearing and making determinations on appeals with respect to the following: divisions of real property; the imposition of requirements or conditions on those divisions; and the kind, nature, and extent of the design or improvements, or both, recommended or imposed by the advisory agency [*Gov. Code § 66416*].

b. Legislative body if no appeal board exists.

4. Ensure that appeal board or legislative body [*Gov. Code § 66452.5(a)(3)*]:

a. Hears appeal within 30 days after hearing was requested.

NOTE:
If the legislative body is not scheduled to meet within that 30-day period, the appeal may be heard at the next regular meeting for which notice can be given, or within 60 days from the date the request for hearing was received, whichever period is shorter [*Gov. Code § 66452.5(a)(3)*].

b. Renders decision within 10 days following conclusion of hearing.

5. If decision of appeal board is unacceptable [*Gov. Code § 66452.5(b)*]:

NOTE:
The advisory agency may also appeal the decision [*Gov. Code § 66452.5(b)(1)*].

a. Draft written appeal.

b. File appeal with clerk of legislative body within 10 days after disputed action and request hearing.

6. If appeal board fails to take timely action on appeal, notify appellant that decision is deemed affirmed and [*Gov. Code § 66452.5(c)*]:

a. Appellant may file further appeal with legislative body; or

b. If no further appeal is taken, map (to extent it complies with SMA and local ordinance) is deemed approved or conditionally approved as last approved or conditionally approved by advisory agency, and:

(1) Clerk of legislative body must certify or state that approval; or

(2) If advisory agency is not authorized to approve, conditionally approve, or disapprove map, advisory agency must submit its report to legislative body as if no appeal had been taken.

7. If necessary, prepare for appeal of advisory agency or appeal board decision by interested persons adversely affected by decision within 10 days of hearing request [*Gov. Code § 66452.5(d)(1)*].

NOTE:
Once an appeal is filed, the legislative body will set the matter for hearing, which must be held within 30 days after the date of the subdivider's or appellant's request. If the legislative body is not scheduled to meet within that 30-day period, the appeal may be heard at the next regular meeting for which notice can be given, or within 60 days from the date the request for hearing was received, whichever period is shorter. The findings and decision must be rendered within 10 days of the hearing's conclusion [*Gov. Code § 66452.5(d)(1), (2)*].

[4] Amendment and Expiration of Approved Vesting Tentative Maps and Tentative Maps

1. Notify client that approved or conditionally approved tentative map expires [*Gov. Code § 66452.6(a)(1)*; *but see Gov. Code § 66452.6(a)(1), (2)* (conditions under which subdivider may obtain extension of expiration date)]:

NOTE:

The periods specified below do not apply to tentative maps that have been prepared in connection with parcel maps. For a discussion of applicable periods, see [8], ***below***.

a. Twenty-four months after approval or conditional approval; or

b. After any additional period of time, not exceeding 12 months, prescribed by local ordinance.

NOTE:

As noted in "PRACTICE TIP: Count the Years Carefully" in § 30.23[2][d], the life of a tentative map may extend more than 26 years under current law [***see*** *Gov. Code § 66452.6*], and future statutory revisions may provide for even more extensions.

2. Advise client regarding expiration of rights conferred by vesting tentative map, as follows [*Gov. Code § 66498.1(d)*; *see Gov. Code § 66498.5(b)-(d)*]:

a. Rights will expire with expiration of vesting tentative map unless final map is approved in interim [*see* P 1, *above*].

NOTE:

Subdividers often receive their vesting tentative map approval, record their final map, and then forget about the deadline to build [***see*** "PRACTICE TIP: Beware Expiring Vested Rights" in § 30.23[4][c]].

b. If final map is approved before vesting tentative map expires:

(1) Rights will last for initial time period provided by ordinance, but not less than one year nor more than two years beyond recording of final map [*Gov. Code § 66498.5(b)*].

NOTE:

When several final maps are recorded on various phases of a project covered by a single vested tentative map, the one-year initial time period begins for each phase when the final map for that phase is recorded [*Gov. Code § 66498.5(b)*].

(2) Initial time period will be automatically extended by any time used by local agency for processing a complete application for grading permit or for design or architectural review, if this time exceeds 30 days from date of filing of complete application [*Gov. Code § 66498.5(c)*].

(3) Client may apply for one-year extension anytime during initial time period [*Gov. Code § 66498.5(c)*].

NOTE:

If application is denied, client may appeal to legislative body within 15 days [*Gov. Code § 66498.5(c)*].

(4) If client submits complete application for building permit during initial time period, including any extensions described in PP (2) and (3), *above*, rights will continue until building permit expires [*Gov. Code § 66498.5(d)*].

3. Monitor changes in ordinances, policies, and standards in effect when application for map was accepted as complete and, if they change following approval or conditional approval of vesting tentative map, take following steps, as desired [*Gov. Code §§ 66498.1(b), 66498.2*]:

a. Advise subdivider or subdivider's assignee that application for amendment to map may be made any time prior to expiration of map [*see* PP 1, 2, *above*], to secure vested right to proceed with changed ordinances, policies, or standards.

b. If client desires to exercise this right, file application for amendment, which must clearly specify changes for which amendment is sought.

4. If desired, obtain or provide for extension of expiration date of map as follows:

a. If subdivider is required to expend at least $178,000 to construct, improve, or finance construction or improvement of offsite public improvements, and subdivider wishes to file multiple final maps [*see § 30.120[2],* P 2], inform subdivider that [*Gov. Code § 66452.6(a)(1)*]:

NOTE:

For these purposes, "public improvements" include traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, andlighting facilities. That term does not include improvements of public rights-of-way that abut the boundary of the property to be subdivided and that are reasonably related to the development of the property [*Gov. Code § 66452.6(a)(3)*].

The $178,000 threshold is adjusted annually for inflation beginning January 1, 2005 [***see*** Gov. Code § 66432.6(a)(2)].

(1) Each filing of a final map extends expiration of approved or conditionally approved map by 36 months from later of:

(a) Expiration date applicable to standard (non-multiple) final maps [*see Gov. Code § 66452.6(a)(1)*]; or

(b) Date of previously filed final map.

(2) Extensions for multiple maps must not extend tentative map more than 10 years from its approval or conditional approval.

b. If tentative map is for property subject to development agreement [*see Gov. Code §§ 65864-65869.5*], notify client that map may be extended for period of time provided for in agreement, but not beyond duration of agreement [*Gov. Code § 66452.6(a)(1)*; *see* Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits*].

PRACTICE TIP:

Pros and Cons of Development Agreements. A development agreement can provide more definite protection from future restrictive regulations; for larger-scale projects it may extend for 20 years or more. It also guarantees issuance of any follow-up discretionary approvals (for example, use permit, design review), in contrast to a vesting map, which says only that any other approval will be based on locked-in regulations and not new amendments. However, a development agreement is discretionary, while a

vesting map must be treated the same as a standard subdivision and cannot be denied or overly conditioned based on its vesting nature. There often will be a price to pay for a development agreement, in terms of extra dedications or other concessions that could not legally be imposed on a subdivision. In some cases the best course is to obtain both a vesting map and a development agreement--they each have unique benefits. *By Edward Shaffer*

c. For extension up to six years for tentative map [*Gov. Code § 66452.6(e)*; *see Gov. Code § 66452.6(c)* (local agency also may approve stay of extension period pending outcome of lawsuit involving approval of map)]:

NOTE:

The period of the extension will be in addition to the period of time provided by *Gov. Code § 66452.6(a)(1)* [***see*** PP a, b, ***above***].

(1) File application before expiration date with legislative body or advisory agency authorized to approve or conditionally approve map.

NOTE:

If a subdivider, before the expiration of an approved or conditionally approved tentative map, files an application to extend the expiration date of that map, the expiration date will automatically be extended for 60 days or until the application is approved, conditionally approved, or denied, whichever occurs first [*Gov. Code § 66452.6(e)*].

PRACTICE TIP:

Use Processing Time to Squeeze Under the Wire. Even if political or other circumstances make denial of the extension certain, there still may be a value to applying. If the developer is almost ready to file for the final map, the extra time (up to 60 days) while the application is being processed and scheduled for one or more hearings may be enough to complete needed work to submit the final map. *By Edward Shaffer*

(2) If advisory agency denies application, appeal to legislative body within 15 days after denial.

d. If vesting tentative map is about to expire, consider advising subdivider to apply for one-year extension by taking following steps [*Gov. Code § 66452.6(g)*]:

(1) Submitting application to advisory agency or legislative body prior to expiration of initial time period; and

(2) If extension is denied by advisory agency, filing appeal of advisory agency's denial to legislative body within 15 days.

NOTE:

If the subdivider submits a complete application for a building permit prior to expiration of the vested rights protected by a vesting tentative map, the rights conferred by the map will continue until the expiration (including any extensions) of that permit [*Gov. Code § 66452.6(h)*].

[5] Preparation of Final Maps

NOTE:

Attorneys are rarely involved in the process of final map preparation.

1. Before expiration of tentative map [*see Gov. Code § 66452.6*; *see also § 30.23[2][d]*], have final map prepared as follows [*Gov. Code § 66456*]:

a. Hire registered civil engineer or licensed land surveyor to [*Gov. Code §§ 66433, 66434, 66456*; *see* [1], *above* (this individual may have been hired to prepare tentative map or vesting tentative map as well)]:

(1) Survey all or part of real property included within tentative map.

(2) Set sufficient durable monuments on real property in manner required by SMA [*see Gov. Code § 66495*; *see also Gov. Code §§ 66496-66498*].

(3) Prepare (or direct preparation of) final map.

b. Confirm that content and form of map comply with local ordinance and with following requirements of SMA [*Gov. Code § 66433*]:

(1) Map must be legibly drawn, printed, or reproduced by process that ensures permanent record in black on tracing cloth or polyester base film [*Gov. Code § 66434(a)*].

NOTE:
Certificates, affidavits, and acknowledgments may be legibly stamped or printed on the map with opaque ink. If ink is used on polyester base film, the ink surface must be coated with a suitable substance to assure permanent legibility [*Gov. Code § 66434(a)*].

(2) Scale of map must be large enough to show all details clearly, and enough sheets must be used to accomplish this [*Gov. Code § 66434(b)*].

(3) Each sheet must [*Gov. Code § 66434(b)*]:

(a) Measure 18 by 26 inches (or 460 by 660 millimeters).

(b) Contain marginal lines drawn completely around the sheets leaving entirely blank margins of one inch (or 25 millimeters).

(c) State particular number of sheet and total number of sheets making up map.

(d) Clearly show its relation to adjoining sheets.

(4) All survey and mathematical information and data necessary to locate all monuments and to locate and retrace any and all interior and exterior boundary lines appearing thereon must be shown, including [*Gov. Code § 66434(c)*]:

(a) Bearings and distances of straight lines.

(b) Radii and arc length or chord bearings and length for all curves.

(c) Information necessary to determine location of centers of curves and ties to existing monuments used to establish subdivision boundaries.

(5) Each parcel must be numbered, each block may be numbered or lettered, each street must be named or otherwise designated, and the subdivision number must be shown together with the description of the property being subdivided [*Gov. Code § 66434(d)*].

(6) Exterior boundary of subdivision must be indicated by distinctive symbols and clearly designated as such, and definite location of subdivision (particularly its relation to surrounding surveys) must be shown [*Gov. Code § 66434(e)(1)*].

NOTE:

The exterior boundary must not include a designated remainder or omitted parcel that is designated or omitted under *Gov. Code § 66424.6*. The designated remainder or omitted parcel must be labeled as such [*Gov. Code § 66434(e)(1)*]. The map need not show any designated remainder parcel of five acres or more in gross area. The survey also need not indicate the location of the remainder parcel. However, the parcel must at least be indicated by a deed reference to the existing boundaries of the remainder parcel [Gov. Code § 55434(e)(2). For these purposes, a parcel designated as "not a part" will be deemed to be a designated remainder [*Gov. Code § 66434(e)(3)*].

(7) Map must contain notation or reference to any additional information required by local ordinance, if any, adopted pursuant to *Gov. Code § 66434.2* [*Gov. Code § 66434(f)*].

(8) Map must adequately delineate any public streets or public easements to be left in effect after subdivision [*Gov. Code § 66434(g)*].

NOTE:

Filing the map constitutes abandonment of all public streets and public easements not shown on the map, provided a written notation of each abandonment is listed by reference to the recording data or other official record creating these public streets or easements and certified to on the map by the clerk of the legislative body approving the map. Before a public easement vested in another public entity may be abandoned, however, that entity must receive notice of the proposed abandonment. No public easement vested in another public entity will be abandoned if that entity objects to the proposed abandonment [*Gov. Code § 66434(g)*].

2. Confirm that following statements, certificates, and acknowledgments appear on map [*Gov. Code § 66457(a)*; *see Gov. Code § 66435*]:

NOTE:

Required certificates, acknowledgments, and statements may be combined when appropriate [*Gov. Code § 66435*]. Before the map is filed, all required certificates or statements on the map must be signed and, when necessary, acknowledged [*Gov. Code § 66457(a)*]. A person or entity that omits a signature from a final map pursuant to *Gov. Code § 66436* will not be subject to civil or monetary liability based on that omission [*Gov. Code § 66436(b)*].

a. Statement consenting to preparation and recordation of final map, signed and acknowledged by all parties with record title interest in property, except as follows [*Gov. Code § 66436*; *see § 30.204*]:

NOTE:

Trust interests under bond indentures, mechanics' liens, and liens for special assessments or for state, county, municipal, or local taxes are not "record title interests." Generally,

therefore, they need not be included. However, local agencies may require that statements of this nature be made by separate instruments [*Gov. Code § 66436(a)(1)*; *Gov. Code § 66436(a)(2)* (trustee's or beneficiary's signature will constitute subordination of deed of trust lien and any interest created by the final map)].

(1) Map may omit signature of either [*Gov. Code § 66436(a)(2)*]:
(a) Holder of beneficial interests under trust deeds; or

(b) Trustee under trust deeds.

NOTE:
The map may omit either of these signatures, but not both [*Gov. Code § 66436(a)(2)*].

(2) Map may omit signatures of parties with following types of interests, provided that final map states their names and respective interests [*see Gov. Code § 66436(a)(3)(A)(i)*]:

(a) Rights-of-way, easements, or other interests that cannot ripen into fees [*Gov. Code § 66436(a)(3)(A)(i)*; *see* Ch. 28A, *Easements and Licenses*].

(b) Obsolete rights-of-way, easements, or reversions [*Gov. Code § 66436(a)(3)(B)*].

(c) Interests in or rights to minerals, including oil, gas, or other hydrocarbon substances [*see Gov. Code § 66436(a)(3)*].

(3) Real property originally patented by United States or State of California under patent that reserved interest to either or both of them may be included in map without their consent to map or dedications made by it.

b. If map includes any dedication, or offer to dedicate, statement of every party having record title interest in property being subdivided, offering affected property for dedication [*Gov. Code § 66439(a)*; *see § 30.204*].

NOTE:
The individuals and entities that need not sign the statement consenting to the preparation and recordation of the final map are also exempted from this statement requirement [***see*** *Gov. Code §§ 66436, 66439(a)*; ***see also*** a, ***above***].

If any street shown on the map is not offered for dedication, the statement may contain a declaration to that effect [*Gov. Code § 66439(b)*].

An offer of dedication of real property for street or public utility easement purposes will be deemed not to include any public utility facilities located on or under the real property unless an intent to dedicate the facilities is expressly declared in the statement [*Gov. Code § 66439(c)*].

c. Statement or certificate by clerk of each approving legislative body, verifying that body approved map and acted on offer of dedication [*Gov. Code § 66440*].

d. Statement by engineer or surveyor responsible for survey and final map, which specifies date on which survey was conducted and states that [*Gov. Code § 66441*]:

(a) Survey and final map were made by certifier or under certifier's direction.

(b) Survey is true and complete as shown.

(c) All monuments are of the character and occupy the positions indicated, or will be set in those positions on or before a specified later date.

(d) Monuments are or will be sufficient to enable survey to be retraced.

e. Statement by engineer or surveyor responsible for survey and final map stating that final map substantially conforms to conditionally approved tentative map [*Gov. Code § 66442.5(a)*].

NOTE:

This statement is not the same as that described in P d., ***above***. The form for the statement is prescribed by statute [***see*** *Gov. Code § 66449(a)*].

f. Certificate or statement signed by county surveyor (if subdivision is within unincorporated area) or city engineer or city surveyor (if within a city), stating that [*Gov. Code § 66442(a)*]:

NOTE:

City or county engineers registered as civil engineers after January 1, 1982, can only make the statements required by Paragraphs (1) through (3), ***below***, while the statement required by Paragraph (4), ***below***, can only be made by a person authorized to practice land surveying under the Professional Land Surveyor's Act or a person registered as a civil engineer before January 1, 1982 [*Gov. Code § 66442(b)*; ***see*** *Bus. & Prof. Code § 8700 et seq.*]. The certifying official must sign and date the certificate and indicate his or her license number and expiration date and the stamp of his or her seal immediately below or adjacent to the signature [*Gov. Code § 66442(a)*], and file it with his or her legislative body within 20 days from the time the final map is submitted to him or her by the subdivider for approval [*Gov. Code § 66442(b)*; *see Gov. Code § 66442(c)* (referencing *Bus. & Prof. Code §§ 6735.5* and *8770.6* to define "certificate," "certify," and "certified" in this context)].

(1) Surveyor or engineer has examined map;

(2) Subdivision as shown is substantially same as it appeared on tentative map and any approved alterations of tentative map;

(3) All provisions of SMA and any applicable local ordinances have been complied with; and

(4) Surveyor or engineer is satisfied that map is technically correct.

g. Any certificates required by local ordinance [*Gov. Code § 66443*].

NOTE:

Local agencies may require that these certificates be made by separate instrument recorded concurrently with the final map filed for recording [*Gov. Code § 66435.1*]. If this procedure is required, the final map must contain a reference to the separately recorded document. This reference must be completed by the county recorder pursuant to *Gov. Code § 66468.1* [*Gov. Code § 66435.2*].

h. Recorder's certificate or statement indicating filing date, citation to county records, and identifying person who requested filing [*Gov. Code § 66442.5(b)*].

NOTE:
The form for the certificate or statement is prescribed by statute [***see*** *Gov. Code § 66449(b)*].

[6] Filing and Processing of Final Map and Related Documents

1. File following tax-related documents and security with recorder of county where subdivision is located:

a. Certificate or statement showing that there are no liens against all or any part of subdivision for unpaid taxes or special assessments collected as taxes, except taxes or assessments not yet payable [*Gov. Code § 66492*].

NOTE:
This certificate or statement must be prepared by the official who computes redemptions in any public agency where subdivision is located, and must be filed prior to the filing of the final map [*Gov. Code § 66492*].

b. If any part of subdivision is subject to lien for taxes or special assessments, certificate or statement by appropriate state or local official giving that official's estimate of amounts that are lien but that are not yet payable [*Gov. Code § 66493(a)(1)*].

NOTE:
The requirements of *Gov. Code § 66493* must be satisfied prior to the recordation of the final map [***see*** *Gov. Code § 66493(a)*; ***see also*** P b, ***above***, and PP c, d, ***below***].

c. Security conditioned on payment of all state, county, municipal, and local taxes and current installment of principal and interest of all special assessments collected as taxes that, at time final map is recorded, are a lien against the property but not yet payable [*Gov. Code § 66493(a)(2)*; *see Gov. Code § 66494*].

NOTE:
After consulting with the tax collector, a county may adopt an ordinance permitting waiver of the security requirement for a final parcel map of four or fewer parcels or for a lot line adjustment [*Gov. Code § 66493(d)*]. A county may also adopt an ordinance requiring the tax collector, when a property owner or subdivider deposits cash to satisfy the security requirement, to draw on the cash deposit, at the taxpayer's request, to pay the taxes or special assessments when they become payable [*Gov. Code § 66493(c)*].

If the land being subdivided is a portion of a larger parcel shown as a unit on the last preceding tax roll, the security is required to be only for the sum that the county determines is sufficient to pay the current and delinquent taxes on the land being subdivided, together with accrued penalties and costs if those taxes have been or are allowed to become delinquent. If the land being subdivided is tax-defaulted, it may be redeemed without redeeming the remainder of the larger parcel as if it were held in ownership separate from and other than that of the remainder [*Gov. Code § 66493(b)*].

d. If subdivision land is part of larger parcel that is subject to special assessment, and special assessment is not paid in full or secured pursuant to *Gov. Code § 66493(e)*, certificate that [*Gov. Code § 66493(f)*]:

NOTE:
Generally, when the line of a subdivision lot or parcel divides land that is subject to a special assessment

or bond that is payable in full, the assessment or bond must be paid in full, or security must be filed with the clerk of the board of supervisors, payable to the county as trustee for the assessment bondholders [*Gov. Code § 66493(e)*].

(1) Was prepared by clerk of legislative body that created assessment district.

(2) Certifies that legislative body has determined that responsibility for assessment payment obligation has been adequately allocated among affected parcels.

2. Prior to expiration of tentative map, file final map with appropriate legislative body as follows [*Gov. Code §§ 66457(a), 66452.6(d)*].

NOTE:

If the subdivision lies entirely within the territory of a city, the map must be filed with the city. If it is entirely within unincorporated territory, the map must be filed with the county. If it is partially within two or more of those territories, the map must be filed with each [*Gov. Code § 66457(b)*].

Gov. Code § 66458(c) states that the meeting at which the legislative body receives the map will be the date on which the clerk of the legislative body receives the map.

3. If required by local ordinance, file or record any additional map sheet or other document that [*Gov. Code § 66434.2*]:

a. Contains additional information required by local ordinance, such as:

(1) Setback lines.

(2) Flood hazard zones.

(3) Seismic lines and setbacks.

(4) Geologic mapping.

(5) Archaeological sites.

b. Indicates its relationship to final map.

NOTE:

If the requirement is being applied to a parcel map, then the additional map sheet or document must indicate its relationship to the parcel map [*Gov. Code § 66434.2(a)*].

c. Includes statement that additional information:

(1) Is for informational purposes;

(2) Describes conditions as of filing date; and

(3) Is not intended to affect record title interest [*see Gov. Code § 66434(f)*].

d. If desired, contains notation that:

(1) Its additional information is derived from public records or reports; and

(2) It does not imply correctness or sufficiency of those records or reports by preparer of document or sheet [*Gov. Code § 66434.2(a)*].

e. Contains notation of each abandonment of public street or public easement listed by reference to recording date or other official record creating streets or easements to be abandoned [*Gov. Code § 66434(g)*].

NOTE:
The notations must be certified to on the map by the clerk of the legislative body approving the map [*Gov. Code § 66434(g)*].

4. If required by local agency as condition for approval of final map, arrange for indemnification of claims against local agency [*see Gov. Code § 66474.9*].

5. Confirm that legislative body and subdivider comply with following procedures for processing map:

NOTE:
In lieu of these procedures, the local legislative body may by ordinance delegate the responsibility for approving or disapproving final maps to the city or county engineer, surveyor, or other designated official, who may also be authorized to accept, or accept subject to improvement, or reject dedications and offers of dedications that are made by statement on the map. The designated official must notify the legislative body at its next regular meeting after the official receives the map that he or she is reviewing the map for final approval. The clerk of the legislative body must provide notice of any pending approval or disapproval by the designated official by attaching a notice to the regular meeting agenda, posting the notice, and mailing it to interested persons who request notice. The designated official must approve or disapprove the final map within 10 days following the legislative body's meeting. The designated official's action may be appealed to the legislative body. The legislative body must periodically review the delegation of authority [*Gov. Code § 66458(d)*; ***see*** *Gov. Code § 66462(d)*].

a. At meeting at which it receives map or at its next regular meeting, legislative body must [*Gov. Code § 66458(a)*]:

(1) Approve map if it conforms to applicable requirements; or

NOTE:
In addition to satisfying the requirements of the SMA, the map must comply with any local subdivision ordinance applicable at the time of approval or conditional approval of the tentative map, and to any rulings made thereunder [*Gov. Code § 66458(a)*].

The legislative body must not deny approval if it finds that the map substantially complies with the tentative map previously approved for the proposed subdivision [*Gov. Code §§ 66474.1, 66474.62*].

(2) Disapprove map if it does not conform to these requirements.

b. At time of approval, legislative body or its designated official must unconditionally accept, accept subject to improvement, or reject any or all offers of dedication contained on map [*Gov. Code § 66477.1(a)*].

NOTE:

The clerk of the legislative body or its designated official must certify or state on the map the action taken [*Gov. Code § 66477.1(a)*].

The legislative body of a county, or a designated county officer, may, by adoption of a resolution [***see*** *Sts. & Hy. Code § 941*], accept into the county road system any road for which an offer of dedication has been accepted or accepted subject to improvements [*Gov. Code § 66477.1(b)*].

c. At time of approval, if any required public improvements have not been completed and accepted by agency, legislative body and subdivider (as condition precedent to approval of map) must enter into agreement providing for [*Gov. Code § 66462(a)*]:

(1) Completion of improvements at subdivider's expense [*see § 30.200*]; or

(2) Either of following:

(a) Initiation and consummation of proceedings under appropriate special assessment act or Mello-Roos Community Facilities Act [*Gov. Code § 53311 et seq.*] to complete improvements at subdivider's expense; or

(b) If improvements are not completed under special assessment act or Mello-Roos, completion of improvements at subdivider's expense [*see § 30.200*].

d. If subdivider and local agency enter into one of the agreements described in P c, *above*, subdivider must provide security in form and amount required by local agency [*see Gov. Code §§ 66499, 66499.3, 66499.4, 66499.7, 66499.9*; *see also §§ 30.201, 30.202*].

e. If legislative body does not act on map at meeting when map was submitted or next regular meeting [*see Gov. Code § 66458(a)*; *see also Gov. Code § 66458(c)* (meeting at which legislative body receives map will be date on which clerk of legislative body receives map)] or authorized time extension and map conforms to applicable requirements and rulings, ensure that [*Gov. Code § 66458(b)*]:

(1) Map is approved; and

(2) Clerk of legislative body certifies or states approval on map.

6. After appropriate local official has transmitted approved map to county recorder [*see Gov. Code §§ 66464, 66468.2*]:

a. Have subdivider present county recorder with evidence that at time of filing of map, all parties having record title interest in affected property whose signatures are required by statute, as shown by recorder's records, have consented to filing [*Gov. Code § 66465*].

NOTE:

All persons having any record title interest in real property that is being subdivided must sign and acknowledge (1) a statement by which they consent to the preparation and recordation of the final subdivision map [*Gov. Code § 66436(a)*; ***see*** *§ 30.120[5],* P 2a]; and (2) if applicable, a statement offering specified property for dedication [*Gov. Code § 66439*; ***see*** P 30.120[5], P 2b]. The "evidence" referred to in a, ***above***, customarily consists of a subdivision guarantee that (1) is issued in favor of a named county and any

city within which the subdivision is located, and (2) provides assurance that the only parties having any record title interest whose signatures must appear on the foregoing statement(s) are as specified in the guarantee.

b. Notify subdivider that county recorder must accept or reject map for filing within 10 days after its receipt, and that [*Gov. Code § 66466(a)*]:

(1) If map is rejected, county recorder must, within 10 days thereafter, mail notice to subdivider that [*Gov. Code § 66466(b)*; *see Gov. Code § 66468.2*]:

NOTE:
The county recorder must also mail this notice to the city engineer if the subdivision property is within a city or the county surveyor if the property is within an unincorporated area [*Gov. Code § 66466(b)*].

(a) Map has been rejected for filing (giving reasons); and

(b) Map is being returned to appropriate clerk or officer for action by legislative body.

(2) If map is returned, it will be placed on agenda of legislative body's next regular meeting [*see Gov. Code § 66468.2*; *see also Gov. Code § 66458(c)* (meeting at which legislative body receives map will be date on which clerk of legislative body receives map)].

NOTE:
Within 15 days after the next regular meeting, the legislative body must rescind its approval and return the map to the subdivider unless the subdivider presents evidence that the basis for the rejection by the county recorder has been removed. The subdivider may consent to a continuance of the meeting date; however, the prior approval of the legislative body is deemed rescinded during any period of continuance. If a map is returned to the county recorder, the recorder has 10 days to accept or reject it for filing [*Gov. Code § 66466(b)*].

(3) If map is accepted, county recorder will [*see Gov. Code § 66466(c)*]:

(a) Certify acceptance on face of map.

(b) Securely fasten map in book of subdivision maps or other appropriate location.

(c) If map preparer has provided postage-paid, self-addressed envelope or postcard, provide preparer with filing data within 10 days of map filing.

NOTE:
For these purposes, "filing data" includes the date, book or volume number, and page number at which the map is filed by the county recorder [*Gov. Code § 66466(c)*].

[7] Preparation of Parcel Map

1. Retain registered civil engineer or licensed land surveyor to prepare or direct preparation of parcel

map [*Gov. Code § 66445*].

2. Confirm that map:

a. Shows location of street and property lines bounding property [*Gov. Code § 66445*].

b. Conforms to technical format specifications outlined in *Gov. Code § 66445*.

NOTE:
These specifications are similar to those applicable to final maps [***see*** *Gov. Code § 66433*; ***see also*** [5], P 1, ***above***].

If the map contains notations of abandonment of any public streets or public easements, the notations must be certified to on the map by the clerk or other designee of the legislative body approving the map [*Gov. Code § 66445(j)*].

c. Satisfies any additional map requirements of applicable local ordinances, such as:

NOTE:
A parcel map is generally not subject to local survey and map requirements that do not affect record title interests [***see*** *Gov. Code § 66445(g)*].

(1) Requirement for notation of reference to any survey and map information required by *Gov. Code § 66434.2* [*Gov. Code § 66445(g)*].

(2) Requirement that parcel map be based on field survey made in conformity with Professional Land Surveyors' Act [*Gov. Code § 66448*; *see Bus. & Prof. Code § 8700 et seq.* (Land Surveyors Act)].

d. Satisfies either of following if local ordinance does not require field survey [*Gov. Code § 66448*]:

(1) Is based on such a field survey; or

(2) Is compiled from recorded or filed data, but only if:
(a) Sufficient survey information exists on filed maps to locate and retrace exterior boundary lines of map; and

(b) Location of at least one of these boundary lines can be established form existing monumented line.

3. When parcel map is completed, affix following documents to it before its recording:

a. Statement signed and acknowledged by all parties having any record title interest in subdivided real property, consenting to preparation and recordation of map [*Gov. Code § 66445(e)*].

NOTE:
This statement is subject to the requirements of *Gov. Code § 66436* [***see*** [5], P 2, ***above***]. Further, the local ordinance may specify less inclusive requirements, which would apply in lieu of the statutory requirements [***see*** *Gov. Code § 66445(e)*].

Local agencies may require that this statement be made by separate instrument recorded

concurrently with the parcel map [*Gov. Code § 66445(f)*]. In that case, the county recorder must include a reference to the separately recorded document in the parcel map [*Gov. Code §§ 66445(h), 66468.1*].

If the land is to be divided into four or fewer parcels and no dedications or offers of dedication are required, only the subdivider need sign and acknowledge the statement [*Gov. Code § 66445(e)*].

b. Statement of dedications or offers of dedication, if necessary [*Gov. Code § 66447*; *see § 30.204*].

NOTE:

Any required dedications or offers of dedication may be made either by a statement on the parcel map or by separate instrument, as provided by local ordinance. If made by separate instrument, they must be recorded before or concurrently with the filing of the parcel map for recordation [*Gov. Code § 66439(a)*]. Whether by statement or separate instrument, the dedication or offers of dedication must be signed by the same parties and in the same manner as set forth in *Government Code Section 66439* for dedications on a final map [*Gov. Code § 66447(b)*; *see* [5], P 2, *above*]. If the subdivider is required to make a dedication for specified public purposes on a parcel map, the local agency must specify whether the dedication is to be in fee or as an easement, and the dedication statement must include statutorily prescribed language to that effect [*Gov. Code § 66447(c)*].

c. Engineer's or surveyor's statement [*see Gov. Code § 66449(a)*].

NOTE:

Although *Gov. Code § 66449* sets forth the official engineer's (or surveyor's) statement that must appear on a parcel map, the statement set forth in that section does not reflect the provisions of *Gov. Code § 66445(i)*. Under Section 66445(i), if a field survey was prepared, the parcel map must contain a statement by the engineer or surveyor responsible for the preparation of the map, providing (1) that all monuments are of the character and occupy the positions indicated, or that they will be set in those positions on or before a specified date; and (2) that all monuments are, or will be, sufficient to enable the survey to be retraced.

d. Certificate or statement by one of following [*see Gov. Code § 66450*]:

(1) County surveyor.

(2) City engineer.

(3) City surveyor.

e. Certificate or statement of legislative body signifying its acceptance or rejection of any offer of dedication [*Gov. Code §§ 66463, 66477.1*].

[8] Filing and Processing of Parcel Map and Related Documents

1. File same tax-related documents and security that are required in connection with filing of final maps [*see Gov. Code §§ 66463, 66477.1*; *see also* [6], P 1, *above*].

2. File map with appropriate local agency of [*Gov. Code § 66457(b)*; *see Gov. Code § 66463*]:

a. Every city within which any part of subdivision is located; and

b. Every county within whose unincorporated territory any part of subdivision is located.

NOTE:

The parcel map will be deemed filed on the date on which the clerk of the legislative body receives it [*Gov. Code § 66457(a)*; ***see*** *Gov. Code § 66428*]. If a tentative map was required for the project [***see*** *Gov. Code § 66428*], the parcel map must be filed before the expiration of the approved or conditionally approved tentative map [*Gov. Code § 66463.5(a)*; ***see*** *Gov. Code § 66463.5(b)* (expiration of tentative map before filing of parcel map terminates all proceedings, and new tentative map must be obtained before parcel map can be filed)]. Any tentative map will expire 24 months after its approval or conditional approval, or after any additional period of time (up to 12 months) specified by local ordinance [*Gov. Code § 66463.5(a)*; ***see*** *Gov. Code § 66463.5(d)-(f)* (period of validity excludes any time during which a development moratorium or lawsuit is pending)].

A subdivider may apply for an extension (of up to six years) of the expiration date of a tentative map. The application will automatically extend the expiration date for 60 days or until the local jurisdiction acts on the application, whichever occurs first. The subdivider may appeal, within 15 days, a denial of an extension [***see*** *Gov. Code § 66463.5(c)*].

A local agency may, following the timely filing of a parcel map with the county surveyor or city engineer, subsequently process, approve, and record the map and take other related actions, whether or not the tentative map has expired [*Gov. Code § 66463.5(b)*].

3. If applicable, file or record any additional information required by local ordinance [*Gov. Code § 66434.2*].

4. Follow local procedures for processing and filing of map [*see Gov. Code § 66463*].

NOTE:

As a general rule, the SMA grants local legislative bodies wide discretion in establishing the procedure for processing, approval, conditional approval, disapproval, and filing of parcel maps [***see*** *Gov. Code § 66463*]. For example, whenever the local ordinance requires the legislative body (as opposed to the local agency or a designated official, such as the county engineer) to approve parcel maps, the statutory procedures for the filing [***see*** *Gov. Code § 66457*; ***see also*** [6], ***above***] and approval [***see*** *Gov. Code § 66458*; ***see also*** [6], ***above***] of final maps are applicable [*Gov. Code § 66463(c)*]. Further, the Act specifies the grounds for approval and disapproval of certain parcel maps [***see*** *Gov. Code §§ 66473.5* (requiring consistency with general and specific plans), 66474 (requiring disapproval on making of certain findings), 66474.1 (requiring approval of parcel map that complies with previously approved tentative map), 66474.4(a) (requiring disapproval if land is subject to California Land Conservation Act of 1965 and certain other conditions exist)]. As a matter of practice, many legislative bodies base any procedural requirements not governed by statute on those applicable to the processing and approval of tentative maps [***see*** [2], ***above***].

5. Have map recorded.

NOTE:

The procedure for recording a parcel map is the same as that required for recording a final map. For a discussion of that procedure, see [5], ***above***.

§ 30.121 Submissions Under Subdivided Lands Act

[1] Application for and Use of Preliminary Public Report

1. If developer wishes to take reservations for purchase or lease of lots in subdivision from prospective purchasers or tenants before obtaining final public report [*10 Cal. Code Reg. § 2795(b)*]:

a. Apply for preliminary public report by submitting appropriate filing fee [*see Bus. & Prof. Code § 11011(b)(7)*; *10* Cal. Code Reg. § 2790.1.5] along with official application [*see § 30.220*].

b. Complete and file reservation instrument [*see § 30.221*].

2. Provide copy of preliminary public report to each prospective purchaser or tenant and:

a. Ensure that reservation agreement is signed by [*10 Cal. Code Reg. §§ 2795(b), 2795.1*]:
(1) Developer or someone else on developer's behalf.

(2) Each prospective purchaser.

(3) Each prospective tenant.

b. Ensure that official receipt for preliminary public report [*see § 30.222*] is signed by [*10 Cal. Code Reg. §§ 2795(b), 2795.1*]:

NOTE:

Before the developer may accept any money or other thing of value in connection with the reservation, he or she must obtain these signed receipts [*10 Cal. Code Reg. § 2795(b)(1)*]. The developer or developer's agent must retain each receipt for three years and must make the receipts available for inspection by the Commissioner or his or her designated representative during regular business hours [*10 Cal. Code Reg. § 2795.1(b)*].

(1) Each prospective purchaser.

(2) Each prospective tenant.

3. Prepare and execute official escrow agreement and place following documents into escrow depository [*10 Cal. Code Reg. § 2795(b)(2)*]:

a. Executed reservation instruments.

b. Any deposit taken from prospective purchaser or tenant.

[2] Application for Public Report for Standard Subdivision

1. Complete official application for public report [*Bus. & Prof. Code § 11010*; *see 10 Cal. Code Reg. § 2790*; *see also § 30.220*].

2. Include following documents in application package [*10 Cal. Code Reg. § 2792(a)*]:

a. Subdivision filing fee, including fee for preliminary public report if applicable.

b. Completed subdivision questionnaire.

c. Approved tentative subdivision map, unless Commissioner found that because of processing delays, tentative subdivision map has not been approved but will be approved within reasonable time.

d. Certificate of qualification from Secretary of State if applicant is foreign corporation.

e. Consent to service of process on Secretary of State if applicant is nonresident of California [*see* DRE Form 608 (official consent form)].

f. Current preliminary title report covering all subdivision interests for which public report is sought and including:

(1) Legal description of subdivided property;

(2) Nature of interest or estate covered by report;

(3) Record owner of interest or estate covered by report;

(4) All easements, liens, rights, interest, and claims disclosed by examination of indices

in office of recorder of county where property is located;

(5) Existence of any encroachment of improvements over lines of record title;

(6) All mechanics' liens arising out of work completed or in progress; and

(7) Existence of assessments or potential assessments for public improvements completed or under construction.

g. Proposed or existing covenants, conditions, and restrictions for subdivision.

h. Coastal Commission permit or exemption if subdivision is in coastal zone.

i. Evidence of availability of domestic utilities and services to subdivision.

j. Information concerning hazards and other unusual conditions within or in vicinity of subdivision.

k. Assessment and improvement bond information, if applicable to subdivision interests to be offered.

l. Exemplars of all marketing, financing, and conveyancing instruments to be used in offering of subdivision interests.

m. Exemplar of escrow instructions, which must include:

(1) Description of nature of transaction;

(2) Provision for return to nondefaulting buyers of funds deposited toward purchase of subdivision interests if escrows are not closed on or before date prescribed in instructions; and

(3) Name and address of escrow depository to be used.

n. Bond or other device to be used as means of compliance with *Bus. & Prof. Code §§ 11013.2* and *11013.4* [*see* DRE Forms 600, 600A (official surety and blanket surety bonds)].

o. Completed documents for reservations and reservation deposits if preliminary public report is requested [*see § 30.221*; *see also* [1], *above*].

p. Evidence of financial arrangements to assure completion of all off-site improvements included in offering.

q. Evidence of financial arrangements for any guarantee or warranty included in offering.

r. Evidence of all arrangements to assure completion, maintenance, and availability for use of any privately owned facility that will be offered as inducement to purchase of subdivision interests.

3. Have application executed by or on behalf of developer or other person to whom public report is to be issued and [*10 Cal. Code Reg. § 2790*]:

a. If executed within California, have developer either:

(1) Verify information in application and supporting documents before notary public or other person qualified to administer oaths; or

(2) Execute written certificate that specifies [*Code Civ. Proc. § 2015.5*; *see Code Civ. Proc. § 2015.5(a)*]:
(a) That all information in application is certified to be true under penalty of perjury.

(b) Date and place of execution.

(c) That it is certified under California law.

b. If executed outside of California, have developer either:

(1) Verify information in application and supporting documents before person qualified to administer oaths within jurisdiction where application is executed; or

(2) Execute written certificate that specifies [*Code Civ. Proc. § 2015.5*; *see Code Civ. Proc. § 2015.5(b)*]:

(a) That it is certified to be true under penalty of perjury.

(b) Date of execution.

(c) That it is certified under California law.

4. Submit application package and filing fee [*see Bus. & Prof. Code § 11011(b)(3)*; *10* Cal. Code Reg. § 2790.1.5(a), (c)] to DRE [*see Bus. & Prof. Code § 11010*; *see also 10 Cal. Code Reg. § 2790*].

NOTE:
If the subdivider does not furnish the data required by *Bus. & Prof. Code § 11010* [***see*** P 2, ***above***] within three years from the date a notice of intention is filed, the Commissioner may abandon the application after written notice to the subdivider or the subdivider's representative [*Bus. & Prof. Code § 11018.13(a), (b)*; ***see*** *10 Cal. Code Reg. § 2804*].

5. If, after Commissioner determines that application is qualitatively complete [*see Bus. & Prof. Code § 11010.2*], developer is currently unable to satisfy certain remaining conditions for issuance of public report but wishes to commence sale or leasing of lots or parcels in subdivision:

NOTE:
The Commissioner may issue a conditional public report if, among other things, all requirements for issuance of a public report have been met except for one or more of the requirements specified in *Bus. & Prof. Code § 11018.12(b)*. Those requirements generally involve the recordation or submission of certain supporting documentation [***see*** *Bus. & Prof. Code § 11018.12(b)*].

a. Apply for conditional public report by:

(1) Providing evidence that all purchase money will be deposited in compliance with

Bus. & Prof. Code § 11013.2(a) or *11013.4(a)* [*Bus. & Prof. Code § 11018.12(e)(1)*].

(2) Providing description of nature of transaction [*Bus. & Prof. Code § 11018.12(e)(2)*].

(3) Making provision for return of entire sum of money paid or advanced by purchaser if [*Bus. & Prof. Code § 11018.12(e)(3)*]:

(a) Public report is not issued within six months of date of issuance of conditional public report; or

(b) Purchaser is dissatisfied with public report because of material change in setup of offering [*see Bus. & Prof. Code § 11012* (material changes)].

b. If Commissioner issues conditional public report, notify developer of his or her right to sell or lease, or offer for sale or lease, lots or parcels in subdivision pursuant to report, provided that following requirements are satisfied:

(1) As condition of sale, lease, or offer, delivery of legal title or other interest contracted for will not take place until issuance of final public report.

(2) Requirements of *Bus. & Prof. Code § 11018.12(e)* are met [*see* P a, *above*].

(3) Each prospective purchaser is provided with copy of conditional public report and written statement that includes all of the following:

(a) Specification of information required for issuance of public report.

(b) Specification of information required in public report that is not available in conditional public report, along with statement of reasons why that information is not available at time of issuance of conditional public report.

(c) Statement that no person acting as principal or agent may sell, lease, or offer for sale or lease lots or parcels in subdivision for which conditional public report has been issued except as provided in applicable provisions of SLA [*see Bus. & Prof. Code §§ 11010-11023* (applicable provisions)].

(d) Specification of requirements of *Bus. & Prof. Code § 11018.12(e)* [*see* P a, *above*].

(4) Prospective purchaser signs receipt indicating that he or she has received and read conditional public report and written statement accompanying report [*Bus. & Prof. Code § 11018.12(g)*; *see* P b(3), *above*].

c. If term of conditional public report is about to expire, apply for six-month renewal (if desired) [*see Bus. & Prof. Code § 11018.12(h), (i)*].

NOTE:

A conditional public report may be renewed for one additional six-month term if the Commissioner determines that the requirements for issuance of a public report are likely to be satisfied during the renewal term [*Bus. & Prof. Code § 11018.12(h), (i)*].

6. After obtaining public report, and prior to entering into any contract or agreement for sale or lease of any lot or parcel

in subdivision, have developer [*Bus. & Prof. Code § 11018.1*]:

NOTE:

The Real Estate Commissioner will issue a public report unless there are grounds for denial [*Bus. & Prof. Code § 11018*; ***see*** *Bus. & Prof. Code § 11018(a)-(i)* (grounds for denial)].

a. Give each prospective purchaser or tenant copy of report and obtain his or her receipt for report [*see Bus. & Prof. Code § 11018.1*; *10* Cal. Code Reg. § 2795.1].

NOTE:

The prospective purchaser or tenant must execute this receipt before the developer or the developer's agent may accept any money or other thing of value in connection with the reservation [*10 Cal. Code Reg. § 2795(b)(1)*].

b. Have developer, on oral or written request, give copy of public report to any member of public [*Bus. & Prof. Code § 11018.1(b)*].

c. Have developer post following documents in conspicuous place at any office where sales or leases or offers to sell or lease are regularly made [*Bus. & Prof. Code § 11018.1(b)*]:

(1) Copy of public report; and

(2) Statement advising that developer will provide copy of public report at any time, on oral or written request.

[3] Registering and Promoting Out-of-State Subdivision

NOTE:

Before offering in California to sell or lease any lots, parcels, or interests in a subdivision that is situated outside of California but within the United States, a person acting as principal or agent must register the subdivision with the Commissioner and comply with applicable disclaimer requirements, as described below [*Bus. & Prof. Code § 10249(a)*; ***see*** *Bus. & Prof. Code § 10249.1* (applicable definition of subdivision)]. If the out-of-state subdivision is located outside the United States, compliance with disclaimer requirements is, but registration is not, required.

1. Complete application for registration [*see § 30.230*], which must include following information [*Bus. & Prof. Code § 10249(a)*]:

a. Description of offering.

b. Applicant's certification that subdivision complies with all applicable requirements of state or states where subdivision is located.

c. Evidence from state or states of such compliance, if applicable.

d. Irrevocable consent to service of process [*see* DRE Form 608 (official consent form)].

NOTE:

This consent must state that if, in any action commenced against the applicant in California, personal service cannot be made after a due diligence effort, the applicant may be validly served by delivering the process to the Secretary of State [***see*** *Bus. & Prof. Code § 10249.92*].

2. File application with DRE accompanied by prescribed, non-refundable filing fee [*Bus. & Prof. Code § 10249.3*; *see § 30.230* (form of application)].

NOTE:

Once the Commissioner has received the application, he or she must provide the applicant with a notice of completion or notice of deficiency within 10 days. If no notice is provided within that time, the registration will be deemed complete [*Bus. & Prof. Code § 10249(b)*]. Presumably, if a notice of deficiency is issued, the applicant may cure the deficiency and file an amended application accompanied by an additional filing fee [***see*** *Bus. & Prof. Code § 10249.3(b)(3)*]. The term of the registration is one year unless the Commissioner prescribes a longer term [*Bus. & Prof. Code § 10249.91*].

3. Provide following disclaimers on materials specified below [*Bus. & Prof. Code § 10249.8*].

a. On any printed material, literature, advertising, or invitation in California that is related to sale, lease, or offer of sale or lease of any subdivision situated outside California but within United States, include following disclaimer (which must be presented clearly and conspicuously) in at least 10-point type [*Bus. & Prof. Code § 10249.8(a)*; *see § 30.231[2]* (Disclaimer #1)]:

WARNING:

THE CALIFORNIA DEPARTMENT OF REAL ESTATE HAS NOT INSPECTED, EXAMINED, OR QUALIFIED THIS OFFERING.

NOTE:

Failure to include this disclaimer is unlawful [*Bus. & Prof. Code § 10249.8*].

b. If California resident is to be presented in California with agreement or contract to lease or purchase interest in subdivision situated outside California but within United States, insert copy of statutory disclaimer [*see § 30.231[2]* (Disclaimer #2)], in at least 10-point type, at top of first page of that agreement or contract, and have offeree initial it [*Bus. & Prof. Code § 10249.8(c)*].

NOTE:

If an offer is not initially made in writing, this same disclaimer must be mailed to the offeree, first-class postage prepaid, at least five days before the offeree attends any scheduled or arranged visit to a location, sales presentation, or contact with a person representing the offeror, when the visit or contact was scheduled or arranged by the offeror or its representative [*Bus. & Prof. Code § 10249.8(b)*].

c. In case of subdivision located entirely outside United States, insert statutory disclaimer, in at least 10-point capital type, in any printed material, literature, advertising, or invitation in California that is related to the sale, lease, or offer of sale or lease [*Bus. & Prof. Code § 10249.9(a)* (statute also requires disclaimer to be placed "clearly and conspicuously"); *see § 30.232[2]* (required disclaimer)].

NOTE:

Inclusion of this disclaimer is the only requirement imposed on the marketing and promoting of subdivisions situated entirely outside the United States. Failure to include the disclaimer is unlawful [*Bus. & Prof. Code § 10249.9(a)*]. The disclaimer must also be

inserted at the top of the first page of any agreement or contract to lease or purchase an interest in a subdivision located outside the United States that is presented in California to a California resident. The offeree must initial the disclaimer [*Bus. & Prof. Code § 10249.9(c)*].

If an offer is not initially made in writing, this same disclaimer must be mailed by U.S. mail to the offeree, first-class postage prepaid, at least five days before the offeree attends any scheduled or arranged visit to a location, sales presentation, or contact with a person representing the offeror, when the visit or contact was scheduled or arranged by the offeror or its representative [*Bus. & Prof. Code § 10249.9(b)*].

[4] Advertising Subdivisions for Sale

1. Review proposed advertising for subdivisions and consider submitting it to appropriate DRE District Office for review and clearance.

NOTE:
Each submission to the DRE must be accompanied by a prescribed fee [***see*** *10 Cal. Code Reg. § 2799.2*].

2. Verify that any proposed advertising:

a. Contains no false or misleading statement, pictorial representation, or sketch [*Bus. & Prof. Code § 11022*; *see Bus. & Prof. Code §§ 10140, 10177(c), 17500, 17530*].

b. Complies with all criteria set forth in Commissioner's detailed regulation for subdivision advertising [*see 10 Cal. Code Reg. § 2799.1*].

3. For out-of-state subdivision, confirm that any promotional materials contain disclaimers required by statute [*Bus. & Prof. Code §§ 10249.8, 10249.9; see §§ 30.231, 30.232*].

[5] Application for Review of Declaration When Notice of Intention Not Required

NOTE:
This application process is generally intended for sales of lots or parcels between subdividers when the buyer-subdivider will ultimately sell the lots or parcels to individual retail buyers.

1. Submit application requesting review of declaration, along with required supporting documentation and filing fee [*see Bus. & Prof. Code § 11011(c)* (filing fee)], to Real Estate Commissioner if [*Bus. & Prof. Code § 11010.10*]:

a. Transaction is not subject to SLA;

b. Transaction does not require notice of intention to be submitted; or

c. In case of common interest development that is subject to SLA, local jurisdiction requires review and approval of declaration [*see Civ. Code § 1351(h)*] before or at same

time subdivision map is recorded and before declaration is approved pursuant to notice of intention.

2. Await Commissioner's notification of approval or of any deficiency or inadequacy in declaration [*Bus. & Prof. Code § 11010.10*].

NOTE:

The Commissioner must notify the applicant of any deficiency or inadequacy in the declaration within 60 days after receiving the application. Once an application has been resubmitted, the applicant must be notified of further deficiencies within 30 days [*Bus. & Prof. Code § 11010.2(e)*]. On approval, the Commissioner must give notice to the applicant that the declaration will be approved for a subsequent notice-of-intent filing for any public report for the subdivision identified in the application, provided the subdivision setup is substantially the same as that originally described in the application for review of the declaration [*Bus. & Prof. Code § 11010.10*].

§ 30.130 Agreement for Off-Site Improvements

NOTE:
The local legislative body may provide by ordinance that the agreement for off-site improvements may be entered into by a designated official in accordance with standards adopted by the local agency. The designated official's action may be appealed to the legislative body for conformance with the SMA and any applicable local subdivision ordinance [*Gov. Code § 66462(d)*].

1. If necessary public improvements are incomplete when final subdivision map is submitted for approval under SMA, prepare agreement that either [*Gov. Code §§ 66458, 66462, 66477.1*]:

a. Obligates subdivider to construct and pay for improvements [*see § 30.200*]; or

b. Specifies that special assessment district [*see Gov. Code § 66462(a)(2)(B)*] or community facilities district must be created to finance improvements [*see Gov. Code § 53311 et seq.* (Mello-Roos Community Facilities Act); *see also § 30.24[2]*].

2. Ensure that agreement specifies [*see § 30.200*]:

a. All improvements for which the subdivider will be responsible.

b. Time within which all improvements must be completed.

c. Reference to specific improvement plan [*Gov. Code § 66456.2(a)*].

d. Security that will guarantee performance under agreement [*see Gov. Code §§ 66462,*

66499], such as bond or undertaking issued by authorized corporate surety [*Code Civ. Proc. § 995.210*; *see Code Civ. Proc. § 995.010 et seq.*; *see also Code Civ. Proc. § 995.190*].

e. Estimated cost of improvements.

f. City or county will own improvements on completion.

g. Party who will be liable for any errors and omissions in completion of improvements and extent of required insurance coverage for that party.

h. Approval rights, if any, that may be exercised by either party.

§ 30.140 Construction of Improvements

1. If subdivider entered into contract with city or county to form special assessment district to finance off-site improvements [*see § 30.130*], ensure that [*see* Ch. 30A, *Construction Financing*]:

a. Governmental entity initiates necessary proceedings for formation of special assessment district of subdivided land.

b. Contract for off-site improvement construction is awarded in manner required by law.

2. If applicable, assist subdivider in arranging loans (including any necessary interim loans) to finance construction of on-site improvements [*see* Ch. 30A, *Construction Financing*].

3. If necessary, arrange commitments for loans to be available to prospective purchasers of homes or buildings to be erected in subdivision [*see* Ch. 30A, *Construction Financing*].

4. If governmental agency or its designee determines that subdivider cannot complete improvements for which he or she is responsible under agreement [*see § 30.200*] and parties cannot agree on an extension, have subdivider request that agency temporarily retain private party to assist it in meeting time limits unless agency or designee determines that no private parties [*Gov. Code § 66456.2(c)*]:

NOTE:
The governmental agency may charge the subdivider for any fees charged by the private party [*Gov. Code § 66456.2(c)*].

a. Are available or qualified to perform required services; or

b. Would be able to perform required services faster than any available and qualified persons or entities.

5. On completion of all off-site and on-site improvements in subdivision, arrange for sale or leasing of homes and any other buildings in subdivision in accordance with all applicable laws [*see* Ch. 30A, *Construction Financing*].

§ 30.142 Amendment and Renewal of Public Report

NOTE:

The following requirements apply to California subdivisions. Out-of-state subdivisions located within the United States must be registered with the Commissioner but are not subject to the SLA's public report requirements [***see*** *Bus. & Prof. Code § 10249*]. The effective term for registration of an out-of-state subdivision is one year unless the Commissioner prescribes a longer term [*Bus. & Prof. Code § 10249.91*]. For a form of application that may be used to renew a registration, see *§ 30.230[2]*.

1. Report any material changes in subdivision or in program for marketing subdivision to DRE after [*Bus. & Prof. Code § 11012*; *see 10 Cal. Code Reg. § 2800*; *see also § 30.223*]:

a. Application for public report has been filed; or

b. Public report has been issued.

2. File application for amended public report and pay necessary fee if change in subdivision results in public report that does not [*see Bus. & Prof. Code § 11011(b)(11)*; *see also 10 Cal. Code Reg.§ 2790.1.5(a)(11), (c), (d)*]:

a. State true facts.

b. Represent offering because of omission of facts.

3. Before expiration of five-year period following issuance of public report, apply for renewal by [*Bus. & Prof. Code § 11011(b)(9)*; *10* Cal. Code Reg. § 2795.3]:

a. Completing and filing DRE renewal application [*see § 30.223*].

b. Paying required fee [*see Bus. & Prof. Code § 11011(a)* (Commissioner may lower fee)].

4. File certificate of correction or amendment of map if necessary to [*Gov. Code §§ 66469, 66472.1*]:

a. Correct error in course or distance indicated on original filing.

b. Show course or distance indicated on original filing.

c. Correct error in description of real property shown on map.

d. Indicate monuments set after death, disability, retirement from practice, or replacement of engineer or surveyor responsible for setting monuments.

e. Show proper location or character of any relocated monument that:
(1) Has been relocated.

(2) Has changed in character.

(3) Was originally shown at wrong location.

(4) Was originally shown incorrectly as to its character.

f. Correct any additional survey or map information that has been filed or recorded, if correction does not impose additional burden on property's present fee owner and does not alter any right, title, or interest in property reflected on recorded map [*see Gov. Code § 66434.2* (authorization for local government to require additional information)].

g. Correct any other type of map error or omission approved by county surveyor or city engineer, provided correction does not affect property rights, such as mistakes involving [*Gov. Code § 66469(g)*]:

(1) Lot numbers.

(2) Acreage.

(3) Street names.

(4) Identification of adjacent record maps.

h. Reflect changes in circumstances that make conditions of map no longer appropriate or necessary, provided that correction or amendment does not [*Gov. Code § 66472.1*]:

(1) Impose additional burden on present fee owner; or

(2) Alter right, title, or interest in property.

5. Ensure that amending map or certificate of correction [*Gov. Code § 66470*]:

a. Is signed by registered civil engineer or licensed land surveyor.

b. Details corrections made.

c. Shows names of present fee owners of property affected by correction or omission on date original recorded map was filed or recorded.

6. Before filing, submit amending map or certificate of correction for examination and certification by [*see Gov. Code § 66471*]:

a. County surveyor if subdivision is in unincorporated territory.

b. City surveyor or city engineer if subdivision is in city.

NOTE:

The official will examine the amending map or certificate of correction and, if the only changes made are those set forth in *Gov. Code § 66469* [***see*** P 4, ***above***], he or she will certify to this fact on the amending map or certificate of correction [*Gov. Code § 66471(a)*]. In the case of a certificate of correction, statutory procedures and deadlines apply to the examination, revision, certification, and recordation of the certificate [***see*** *Gov. Code § 66471(b)*].

7. File or record amending map or certificate of correction in recorder's office of county where original final map was filed [*Gov. Code § 66472*; *see Gov. Code § 66471* (requirements governing recordation of certificate of correction)].

§ 30.143 Reversion of Subdivision to Acreage

1. If owners wish to initiate proceedings for reversion to acreage [*Gov. Code § 66499.13*; *see § 30.27[1]*]:

a. Prepare petition in form required by local agency.

b. Ensure that petition includes:
(1) Adequate evidence of title to real property within subdivision.

(2) Sufficient data to enable legislative body to make necessary determinations and findings [*see Gov. Code § 66499.16*].

(3) Delineation of dedications that:
(a) Will not be vacated.

(b) Are conditions to reversion.

(4) Other information required by local agency.

2. If required by local agency, pay fee for processing of reversion petition [*Gov. Code § 66499.14*].

3. Ensure that legislative body:

a. Schedules public hearing for consideration of petition [*Gov. Code § 66499.15*].

b. Makes all of following finding prior to processing reversion [*Gov. Code § 66499.16*]:

(1) Dedications or offers of dedication to be vacated or abandoned are unnecessary for present or prospective public purposes.

(2) Either:

(a) All owners of interests in subdivider property have consented to reversion and no improvements required to be made have been made within later of:

(i) Two years from date final parcel map was filed for record.

(ii) Time allowed by agreement for completion of improvements, whichever is later.

(b) No lots shown on final or parcel map have been sold within five years from date map was filed for record.

4. Confirm that client is prepared to [*Gov. Code § 66499.17*]:

a. Dedicate or offer to dedicate property necessary for purposes specified by local ordinance following reversion [*see § 30.204*].

b. Retain all previously paid fees if necessary to accomplish purposes of SMA or applicable local ordinance.

c. Retain any portion of required improvement security or deposits if necessary to accomplish purposes of SMA or local ordinance.

5. File final map for recordation to ensure reversion to acreage [*see Gov. Code § 66499.18*].

§ 30.200 Agreement Between Subdivider and Governmental Entity for Construction of Subdivision Improvements

[1] Comment

[a] Use of Form

This form is an agreement between a subdivider and a governmental entity for the construction of subdivision off-site improvements. It is designed to be executed, if necessary, at the time the final subdivision map is submitted to a governmental entity for approval [*see § 30.120[6]*].

If required public improvements are incomplete when the final subdivision map is submitted for approval, either the subdivider must agree to construct and pay for the improvements or a special assessment district or community facilities district must be created to finance the improvements [*Gov. Code §§ 66458, 66462, 66477.1*]. The special assessment proceedings must be conducted pursuant to the provisions of the Mello-Roos Community Facilities Act [*Gov. Code § 53311 et seq.*]. Under this form, the subdivider agrees to complete and pay for the improvements if they are not completed under the special assessment provisions of Mello-Roos [*Gov. Code § 66462(a)(2)(B)*]. Paragraph 2.00 requires the drafter to specify the particular improvements for which the subdivider will be responsible. Subparagraph (a) should be included if the subdivider will be required to submit a soils report [*see Gov. Code § 66490*].

A subdivider must furnish a prospective purchaser of a lot, parcel, or unit in the subdivision (or a prospective lessee if the lease term is to exceed five years) with a "notice of special tax" if the subdivision is subject to a special tax levied under Mello-Roos [*Gov. Code § 53341.5(a)*; *see § 30.251[2]* (notice of special tax)].

For coverage of the Subdivision Map Act (SMA) [*Gov. Code § 66410 et seq.*] in general, see *§ 30.20* et seq.

[b] Time Limitations

Paragraph 3.00 of this form requires the subdivider to complete the improvements by a date to be specified by the drafter. On the date of completion, the improvements will be subject to the inspection and approval or disapproval of the city engineer or county surveyor.

An improvement plan processed in conjunction with an approved tentative, parcel, or final subdivision map must be acted on within 60 working days of its submittal, except that at least 15 working days must be provided for processing any resubmitted improvement plan. This 60-day period does not include any days during which the plan has been returned to the applicant for correction or has been subject to review by an entity other than the local agency [*Gov. Code § 66456.2(a)*].

The subdivider and reviewing advisory agency or legislative body may agree to extend any applicable time limits. However, an advisory agency or legislative body may not require a routine waiver of time limits as a condition of accepting the plan. The agency may require a routine waiver for the purpose of permitting concurrent processing of other requirements related to the plan or map [*Gov. Code § 66456.2(b)*].

[c] Required Security

A subdivider who enters into an agreement for the construction of off-site subdivision improvements must guarantee performance of the agreement by providing security that meets detailed statutory requirements [*see Gov. Code §§ 66462*, *66499*; *see also § 30.23[4][d]*]. Typically, the security must be a bond issued by an authorized corporate surety. The Bond and Undertaking Law [*Code Civ. Proc. § 995.010 et seq.*] provides that an undertaking may be substituted for any bond required by statute [*see Code Civ. Proc. § 995.210*; *see also Code Civ. Proc. § 995.190*].

California nonprofit corporations that receive state or federal funds are exempt from certain security requirements under specified circumstances [*see Gov. Code § 66499.3(c)*]. For discussion of these exemptions and circumstances, see *§ 30.201[1][c]*.

Paragraph 4.00 of this form allows the drafter to provide for either a surety bond or undertaking commitment on the part of the subdivider. For a statutory performance bond, see *§ 30.201[2]*.

[d] Insufficient Title or Interest

The approval of a tentative map may be conditioned on the requirement that the subdivider construct or install off-site improvements. In some cases, however, neither the subdivider nor the local agency will have sufficient title or interest in the property involved when the tentative or final map is filed to permit the improvements to be made. Under those circumstances, the city or county may not postpone or refuse approval of the final map because the subdivider has failed to meet that condition [*Gov. Code § 66462.5(a)*]. Unless the local government requires the subdivider to enter into an agreement to complete the improvements [*see Gov. Code § 66462.5(c)*], the local government must, within 120 days of the filing of the final map [*see Gov. Code § 66457*], acquire by negotiation, or commence proceedings under the Eminent Domain Law [*Code Civ. Proc. § 1230.010 et seq.*] to acquire, a sufficient interest in the property to permit the necessary improvements to be made. Furthermore, the local government must seek immediate possession of the property on which the improvements are to be constructed [*see Code Civ. Proc. §§ 1255.410-1255.480*]. If the local government fails to meet the 120-day time limitation, the condition for construction of off-site improvements will be conclusively deemed to have been waived. The waiver will occur whether or not the local government has postponed or refused to approve the final map [*Gov. Code § 66462.5(b)*].

An off-site improvement condition is not waived, however, unless the local jurisdiction refuses to approve the final map. If the map is approved, the subdivider remains obligated to satisfy the condition [*Hill v. City of Clovis (2000) 80 Cal. App. 4th 438, 447-450, 94 Cal. Rptr. 2d 901]* .

When the subdivider or local agency has insufficient title or interest in property to allow the construction of off-site improvements, the local government may require the subdivider to enter into an agreement, prior to the approval of the final map, to complete the required off-site improvements when the sufficient title or interest is acquired. Further, the local government may require the subdivider to pay the cost of acquiring the necessary off-site real property interests. For these purposes, improvements that are necessary to assure replacement or construction of housing for persons and families of low or moderate income are specifically excluded from the definition of "off-site improvements" [*Gov. Code § 66462.5(c)*; *see Health & Safety Code § 50093*].

[2] FORM

Agreement Between Subdivider and Governmental Entity for Construction of Subdivision Improvements

AGREEMENT BETWEEN _____ [*name of subdivider*]
AND _____ [*name of city or county*]

This Agreement is entered into on_____[*date*], between_____[*name of city or county*], referred to in this Agreement as_____["City" *or* "County"], a [*specify, e.g.,* municipal corporation] of the State of California, and_____[*name of subdivider*], [*specify legal status of subdivider, e.g.,* a California corporation], referred to in this Agreement as "Subdivider." This Agreement is entered into pursuant to the provisions of [*specify applicable ordinance*] with respect to Tract No. [*specify tract number*], located in_____[*name of subdivision*], referred to in this Agreement as the "Subdivision."

RECITALS

Subdivider owns fee title to the tract of land located in_____[*name of city or county*], California, and described as [*full legal description of property*], generally known as Tract No. _____, in [*identify public office where legal description and title are recorded*].

Certain public improvements, as described in Paragraph 2.00 of this Agreement, are necessary to bring the Subdivision in accordance with the contents of_____[*specify, e.g.,* the final map submitted and approved on _____ (*date*)].

_____[City *or* County] wishes to ensure that Subdivider will construct the improvements covered by this Agreement in accordance with all applicable laws, statutes, ordinances, rules, and regulations in effect in_____[*name of city or county*] on the date on which those improvements are constructed. In particular,_____[City *or* County] wishes to ensure that Subdivider conforms to the requirements of [specify law or rule of particular application to improvements to be constructed], which is attached as Exhibit A and hereby incorporated by reference. Subdivider declares that it is familiar with, and agrees to comply with, the requirements contained in [*specify law or rule of particular application to improvements to be constructed*] and in the California Subdivision Map Act set forth in Division 2 of Title 7 of the California Government Code.

Subdivider has prepared a final map of Tract No. _____ in accordance with the provisions of [*specify provision of applicable ordinance*] and filed that final map with the_____[City Council *or* Board of Supervisors] of_____[*name of city or county*].

In consideration of the construction and dedication of the improvements specified in this Agreement and the approval and acceptance of the final map by the_____[City Council *or* Board of Supervisors] of_____[*name of city or county*], the parties agree as follows:

ARTICLE I

1.00. General Requirements. Subdivider shall, at Subdivider's own expense, complete all of the improvements described in Paragraph 2.00 of this Agreement to the satisfaction of_____[*specify governmental official with approval authority, e.g.,* the City Engineer] of_____[*name of city or county*]. Subject to the provisions of Paragraph 3.00 of this Agreement, subdivider shall complete the improvements described in Paragraph 2.00 of this Agreement on or before_____[*date*]. The_____[*specify governmental official with approval authority, e.g.,* City Engineer] may extend time for completion of the improvements covered by this Agreement for good cause shown by the Subdivider. Any such extension must be in writing, signed by both parties to this Agreement.

1.01. Estimated Cost. The improvements shall be completed at an estimated cost of $ _____, including the cost of checking and inspection. The estimated cost has been determined by the_____[*specify governmental official with approval authority, e.g.,* City Engineer] and [*specify individuals acting on subdivider's behalf, e.g.,* the XYZ Civil Engineering Firm retained by and acting on behalf of Subdivider].

ARTICLE II

2.00. Definition of Improvements. As used in this Agreement, the term "improvements" means_____[*specify all types of improvements to be covered by agreement, e.g.,* grading, paving, curbs and gutters, pathways, storm and sanitary sewers, utilities, and streetlights], which shall be shown in detail on an improvement plan, profiles, and specifications that have been or are being prepared by [*specify individuals acting on subdivider's behalf, e.g.,* the XYZ Civil Engineering Firm retained by and acting on behalf of Subdivider]. Work shall not commence on those improvements until the plan, profiles, and specifications have been submitted to and approved by the_____[*specify governmental official with approval authority, e.g.,* City Engineer] within the time periods set forth in *Government Code Section 66456.2*. Subdivider shall pay all costs incurred in the inspection conducted incident to obtaining the approval of the plans, profiles, and specifications.

2.01. Ownership of Improvements. On the acceptance of all public improvements constructed pursuant to this Agreement, including, but not limited to, water and sewer lines, those improvements shall become the sole property of_____[*name of city or county*].

ARTICLE III

3.00. Time of Completion. All public improvements specified in Paragraph 2.00 of this Agreement shall be completed within _____ months from the date of execution of this Agreement.

3.01. Failure of Timely Completion. If Subdivider fails to complete the public improvements within the above time period,_____[City *or* County] may complete the work and recover all expenses of the work from Subdivider or Subdivider's guarantor as required under Paragraph 4.00 of this Agreement._____[City *or* County] may require Subdivider or Subdivider's guarantor to pay_____[City *or* County], in advance, sufficient monies to cover_____[City *or* County]'s costs in completing the construction of the improvements.

ARTICLE IV

4.00. [Surety Bond *or* Undertaking]. Contemporaneously with the execution of this Agreement, Subdivider shall file with_____[City *or* County] a [surety bond *or* undertaking], in an amount determined by the_____[City Council *or* Board of Supervisors] pursuant to *California Government Code Section*

66499.3, to guarantee performance of all of the provisions of this Agreement and compliance with all applicable laws and regulations of_____[*name of city or county*], and to secure payment to the Contractor, its subcontractors, and persons renting equipment or furnishing labor or materials to them for the improvements required under this Agreement.

4.01. Compliance With Bond and Undertaking Law. The [bond *or* undertaking] shall reflect the requirements of *Government Code Sections 66499 through 66499.10* and any provisions of the Bond and Undertaking Law that are not inconsistent with those Government Code sections.

ARTICLE V

5.00. Effective Date. This Agreement shall not become effective unless and until the final subdivision map of Tract No. _____ is approved by the_____[City Council *or* Board of Supervisors] of_____[*name of city or county*] and accepted for recordation by the County Recorder of _____ County, California.

ARTICLE VI

6.00. Liability for Errors and Omissions. Neither_____[*name of city or county*] nor any of its officers or agents shall be liable to Subdivider or its Contractors for any error or omission arising out of or in connection with any work to be performed under this Agreement.

6.01. Liability for Personal Injury._____[City *or* County] shall not be liable to Subdivider or to any other person or entity for any injury or damage that may result to any person or property by or from any cause in, on, or about the subdivision of all or any part of the subdivision covered by this Agreement.

ARTICLE VII

7.00. Indemnification. Subdivider shall indemnify and hold_____[City *or* County] free and harmless from any and all claims, losses, damages, injuries, and liabilities arising from the death or injury of any person or persons, or from the damage or destruction of any property or properties, caused by or connected with the performance of this agreement by Subdivider or Subdivider's agents, employees, or subcontractors.

7.01. Insurance. Subdivider's contractor shall, prior to the commencement of any work pursuant to this Agreement, furnish to_____[City *or* County] satisfactory evidence of an insurance policy that is acceptable to_____[City *or* County]. The policy shall insure_____[City *or* County] and its officers, agents, and employees against loss or liability that may arise during, or result from, the performance of work on the improvements covered by this Agreement, including all costs of defending any claim arising from that work. The minimum limits of that policy shall be $ _____for the death of or injury to any person in any one accident, $ _____ for death of or injury to more than one person in any one accident, and $ _____ for property damage in any one accident. The policy shall be in favor of Subdivider or its contractors and of_____[City *or* County], its officers, agents, and employees and shall be maintained in full force and effect from the effective date until the full performance of this Agreement. The policy shall state by its terms and by an endorsement that it shall not be canceled until City shall have had at least _____ days' notice in writing of the cancellation.

ARTICLE VIII

8.00. Use of Streets and Improvements Prior to Completion. The use of the streets and improvements covered by this Agreement shall be at Subdivider's sole risk at all times prior to the final acceptance by_____[City *or* County] of the completed streets and improvements; provided, however, that acceptance by_____[City

or County] shall in no way eliminate or lessen any of Subdivider's obligations or undertakings contained in this agreement. The issuance of any occupancy permits by_____[City *or* County] for dwellings located within the subdivision shall not be construed in any manner to constitute an acceptance and approval of any or all of the streets and improvements in the subdivision.

8.01. Obligations of Subdivider. Subdivider shall take all steps and make all related payments as set forth below: [*include any of following subparagraphs as appropriate:*

(1) Subdivider shall arrange and pay for the preparation of a preliminary soils report by a civil engineer registered in the State of California. The report shall be based on adequate test borings.

(2) Subdivider shall arrange and pay for soil tests to be made by a reputable soils testing laboratory to determine gradation, bearing, and resistance value of soils within the subdivision for purposes of the improvement work covered by this Agreement. Subdivider shall also arrange and pay for all compaction tests necessary to determine that the utility trenches have been satisfactorily backfilled.

(3) Subdivider and Subdivider's subcontractors shall pay for any materials, provisions, and other supplies or equipment used for the performance of the work covered by this Agreement and for any related work or labor.

(4) All required improvements shall be constructed under the inspection and subject to the approval of the_____[*specify governmental official with approval authority, e.g.,* City Engineer]. Subdivider shall pay for all inspections conducted to determine Subdivider's compliance with the terms of this Agreement.

(5) Subdivider shall pay for sewer and water connection fees as established by_____[City *or* County] for each lot in the subdivision. Subdivider shall pay these connection fees before the time of connection to any existing sewer or water line, or to any extension of an existing sewer or water line. If Subdivider sells lots before paying the sewer and water connection fees, no building permit shall be issued for any lot within the subdivision until the sewer and water connection fees are paid. The payment of the connection fees shall be the primary obligation of Subdivider, subject to the right of_____[City *or* County] to collect connection fees at the time of issuance of a building permit.

8.02. Approval Not Waiver. Notwithstanding the fact that Subdivider's plans and specifications, completion of the work, and other acts are subject to approval of_____[City *or* County], it is understood and agreed that any such approval by_____[City *or* County] shall in no way relieve Subdivider of Subdivider's obligation to perform the work in a satisfactory manner, or from Subdivider's obligations under this agreement. The construction shall be done strictly in accordance with (1) the improvement plan and specifications prepared by Subdivider or Subdivider's agents; (2) the_____[*specify applicable local standards, e.g.,* Standard Specification of _____ (City *or* County)]; and (3) the provisions of the laws and regulations of_____[*name of city or county*], particularly but not exclusively [*specify provisions*]. Subdivider warrants that the improvement plan and specifications conform to all applicable local standards and that they are adequate to accomplish the work in accordance with sound construction practices.

ARTICLE IX

9.00. Warranty. Subdivider warrants and guarantees all materials and work for a period of three years after they are completed by the Subdivider and accepted by the _____ [*specify governmental official with approval authority, e.g.,* City Engineer].

9.01. Notice of Completion. Subdivider shall execute, acknowledge, and record in the manner provided by law, a notice of completion of all work covered under this Agreement within _____ days after final inspection and

approval of the work by the_____[*specify governmental official with approval authority, e.g.,* City Engineer].

9.02. Relationship of Contractors. The parties to this Agreement acknowledge and agree that any and all contractors retained by Subdivider shall not be agents of_____[City *or* County] and that contractors' relations to_____[City *or* County] shall be those of independent contractors.

9.03. Certification of Satisfactory Completion. Upon the satisfactory completion of the improvements by the Subdivider, the_____[*specify governmental official with approval authority, e.g.,* _____(City *or* County) Engineer] shall certify that the work has been satisfactorily completed.

9.04. Approval by_____[*specify governmental official with approval authority, e.g.,* City Engineer]. The_____[*specify governmental official with approval authority, e.g.,* City Engineer] shall have the right to reject any or all of the work to be performed under this Agreement if the work does not conform with the Subdivider's improvement plan and specifications or the laws and regulations of_____[City *or* County]. Subdivider shall repair any damage to the sewer system, utilities, concrete work, or street paving that occurs after installation to the satisfaction of the_____[*specify governmental official with approval authority, e.g.,* City Engineer] before release of the [bond or undertaking] specified in Paragraph 4.00 of this Agreement or final acceptance of the completed work.

9.05. No Assignment. This Agreement shall not be assignable by Subdivider without the written consent of_____[City *or* County].

AUTHOR: Reviewed by Edward L. Shaffer

§ 30.201 Performance Bond

[1] Comment

[a] Use of Form

This form is a performance bond. It is designed to be used by a corporate surety to secure a subdivider's performance of its obligation to construct subdivision improvements pursuant to a written agreement with a city or county prior to approval of the final subdivision map under the SMA [*Gov. Code § 66499.1*; *see § 30.200*].

For a discussion of arrangements for public improvements as a prerequisite to the approval of a final subdivision map, see *Section 30.23[4][d]*. For a form of the labor and material bond required by the SMA [*see Gov. Code § 66499.2*], see *Section 30.202[2]*.

If desired, the subdivider may substitute an undertaking for the bond provided in this form [*Code Civ. Proc. § 995.210*; *see Code Civ. Proc. § 995.190*; *see also Code Civ. Proc. § 995.010 et seq.*].

[b] Approval of Security

If the subdivider is a California nonprofit corporation funded by the state or federal government or one of its agencies [*see Gov. Code § 66499.3(c)*], the security will be subject to the approval of the local agency. In the case of any other subdivider, the local agency will select the type of security and then have the right to approve the security [*Gov. Code § 66499(a)*].

[c] Amount of Security

[i] In General

The security must cover the costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by the local agency in successfully enforcing the secured obligation [*Gov. Code § 66499.4*]. Furthermore, the security provided under this form must be in the following amounts [*Gov. Code § 66499.3*]:

(1) An amount determined by the legislative body, which must be neither less than 50 percent nor more than 100 percent of the total estimated cost of the improvement or of the act to be performed, conditioned on performance of the act or agreement [*but see Gov. Code § 66499.3(c)* (nonprofit corporation generally exempt from requirement)].

(2) An additional amount determined by the legislative body, which must be neither less than 50 percent nor more than 100 percent of the total estimated cost of the improvement or the performance of the required act, securing payment to the contractor, the subcontractors, and persons furnishing labor, materials, or equipment to them for the improvement or the performance of the required act [*but see Gov. Code § 66499.3(c)* (nonprofit corporation generally exempt from requirement)].

(3) Generally, an amount determined by the legislative body to be necessary for the guarantee and warranty of the work for a period of one year following the completion and acceptance of the work against any defective work or labor done, or defective materials furnished.

[ii] Exemptions for Nonprofit Corporations

A subdivider who is a California nonprofit corporation funded by the state or federal government or one of its agencies need not comply with the requirements specified in the first two numbered paragraphs in [i], above, if the following requirements are satisfied [*Gov. Code § 66499.3(c)*]:

(1) The nonprofit corporation provides a letter of credit [*see Gov. Code § 66499(a)(3)*] for 100 percent of the improvements, or the contractor installing the improvements has bonded to the nonprofit corporation and the local agency as co-obligee the amount of 100 percent of the agreement for the performance of the work, and has further bonded to the nonprofit corporation and the local agency as co-obligee an amount of not less than 50 percent of the agreement for the payment of labor and materials, and those bonds comply with the improvement security requirements of the SMA.

(2) All moneys under the control of the nonprofit corporation and payable to the contractor by the nonprofit corporation are deposited in a depository that complies with the improvement security requirements of the SMA, and progress payments made from those moneys are conditioned on the following: (a) the contractor's certification to the nonprofit corporation that all labor and materials have been paid for in full to the date of the certification; (b) the written approval of the nonprofit corporation; (c) review and approval of progress payment billings by the local government; and (d) final payment to the contractor not being made until 30 days after a notice of completion has been recorded, the work has been accepted, and the contractor has provided a written waiver of lien rights to the local agency.

(3) All certifications of progress payments are delivered through the United States mail to the nonprofit corporation. For these purposes, "progress payments" are payments made in compliance with the schedule of partial payments agreed on in the agreement [*see § 30.200*] for the work. No less than 10 percent of the total agreement [*see § 30.200*] price must be retained for the 60 days following the filing of the notice of completion.

[d] Security and Recordation

Performance under the bond may be secured in several ways. For a discussion of the various forms of security, see *Section 30.24*. For a general discussion of security in real estate transactions, see Ch. 25A, *Security Investments for Real Estate Financing* .

The bond must be recorded if the security is in the form of either of the following:

(1) A lien on the subdivision property created by an agreement between the owner and the local agency pursuant to a finding by the local agency that it would not be in the public interest to require the installation of the improvement sooner than two years after the recordation of the map [*Gov. Code § 66499(a)(4)*]; or

(2) Any type of security, including security interests in real property, that is acceptable to the local agency and specified by the appropriate local ordinance [*Gov. Code § 66499(a)(5)*].

Consequently, this form must be recorded with the county recorder of the county where the subdivision is located. From the time of recordation, a lien will attach to the real property described in the document and will have the priority of a judgment lien in an amount necessary to complete the subject improvements. The recorded document must be indexed in the Grantor Index to the names of all record owners of the real property as specified on the map and in the Grantee Index to the local agency approving the map [*Gov. Code § 66499(b)*].

At any time, the local agency may release all or any portion of the property subject to the lien or security interest. Alternatively, the local agency may subordinate the lien or security interest to other liens or encumbrances if it determines that security for performance is sufficiently secured by a lien on other property or that the release or subordination of the lien will not jeopardize the completion of improvements [*Gov. Code § 66499(b)*].

[e] Liability Under Bond

Liability on the security for a subdivider's performance under an agreement for the construction of off-site improvements is limited to the following [*Gov. Code § 66499.9*]:

- The performance of the work covered by the agreement.
- The performance of any changes or alterations in the work, provided that all the changes or alterations do not exceed 10 percent of the original estimated cost of the improvement.
- The guarantee and warranty of the work, for a period of one year following its completion and acceptance, against any defective work, labor, or materials.
- Costs and reasonable expenses and fees, including reasonable attorneys' fees.

[2] FORM

Performance Bond

FAITHFUL PERFORMANCE BOND

Bond. No. _____

Premium No. _____

Whereas, the_____[Board of Supervisors of the County of _____ *or* the City Council of the City of _____], State of California, and_____[*name of subdivider*], designated as the "Principal," have entered into an Agreement under which Principal agrees to install and complete certain designated public improvements. That Agreement, dated _____, and identified as project [*specify project number*], is hereby incorporated by reference as if fully copied and set forth in this Agreement.

Whereas, Principal is required under Paragraph [*specify paragraph number*] of the Agreement dated _____ to furnish a bond for the faithful performance of that Agreement.

Now, therefore, we, the Principal and_____[*name of surety*], as surety, are held and firmly bound unto the_____[City *or* County] of_____[*name of city or county*] referred to as "_____[City *or* County]," in the penal sum of $ _____, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, successors, executors, and administrators, jointly and severally, firmly by these presents.

The condition of this obligation is such that if the above-bounded Principal,_____[his *or* her *or* its] heirs, executors, administrators, successors, or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions, and provisions in the Agreement and any alteration of the Agreement made according to its terms, on_____[his *or* her *or* their] part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meaning, and shall indemnify and save harmless_____[*name of city or county*], its officers, agents, and employees, as stipulated in the Agreement dated _____, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a part of the obligation secured hereby and in addition to the face amount specified therefor, there shall be included costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by_____[City *or* County] in successfully enforcing that obligation, all to be taxed as costs and included in any judgment rendered.

The surety hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the Agreement or to the work to be performed thereunder or the specifications accompanying that work shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration, or addition to the terms of the agreement or to the work or to the specifications.

In witness whereof, this instrument has been duly executed by the above-named Principal and surety, on_____[*date*].

§ 30.202 Labor and Material Bond

[1] Comment--Use of Form

This form is a labor and material bond. It is designed to be executed in connection with an agreement between a subdivider and a governmental agency for the construction of off-site improvements to a subdivision [*see Gov. Code § 66499.2*; *see also Gov. Code § 66462(c)*]. For a complete discussion of the various types of security that may be used to guarantee the performance of an agreement for the construction of off-site improvements, see *§ 30.24*.

The subdivider may substitute an undertaking for the bond provided in this form [*Code Civ. Proc. § 995.210*; *see Code Civ. Proc. § 995.190*; *see also Code Civ. Proc. § 995.010 et seq.*]. For a general discussion of security arrangements in real estate transactions, see Ch. 25A, *Security Instruments for Real Estate Financing* .

When the subdivider's obligation to pay contractors, subcontractors, and persons who furnished labor, materials, or equipment in connection with the construction of off-site improvements is secured by a labor and material bond, any unpaid claimant may seek to recover the amounts owed to him or her by filing suit against the surety [*Gov. Code § 66499.10*].

[2] FORM

Labor and Material Bond

LABOR AND MATERIAL BOND

Reference: _____
Estimate: _____
Agreement: _____

Bond Number: _____

Whereas, the_____[Board of Supervisors *or* City Council] of the_____[City *or* County] of_____[*specify name of city or county*], State of California, and_____[*name of subdivider*], referred to as the "Principal," have entered into an Agreement dated _____, under which the Principal agrees to install and complete certain designated public improvements. That Agreement is identified as Project_____[*specify name of project*] and is hereby incorporated by reference and made a part of this instrument as if fully copied and set forth; and

Whereas, under the terms of the Agreement, Principal is required before entering upon the performance of the work, to file a good and sufficient payment bond with the_____[City *or* County] of_____[*specify name of city or county*] to secure the claims to which reference is made in Title 15 (commencing with Section 3082) of Part 4 of Division 3 of the California Civil Code.

Now, therefore, the Principal and the undersigned as corporate surety, are held firmly bound unto the_____[City *or* County] of_____[*specify name of city or county*] and all contractors, subcontractors, laborers, materialmen, and other persons employed in the performance of the Agreement and referred to in Title 15 (commencing with Section 3082) of Part 4 of Division 3 of the California Civil Code, in the sum of $_____, for materials furnished or labor of any kind, or for amounts due under the Unemployment Insurance Act with respect to this work or labor, that the surety will pay the same in an amount not exceeding the amount set forth above, and also in case suit is brought upon this bond, will pay, in addition to the face amount thereof, costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by the_____[City *or* County] of_____[*specify name of city or county*] in successfully enforcing this obligation, to be awarded and fixed by the court, and to be taxed as costs and to be included in the judgment rendered.

It is hereby expressly stipulated and agreed that this bond shall inure to the benefit of any and all persons, companies, and corporations entitled to file claims under Title 15 (commencing with Section 3082) of Part 4 of Division 3 of the California Civil Code, so as to give a right of action to them or their assigns in any suit brought upon this bond.

Should the condition of this bond be fully performed, then this obligation shall become null and void. Otherwise, it shall be and remain in full force and effect.

The surety hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the agreement or the specifications accompanying it shall in any manner affect its obligations on this bond, and it does hereby waive notice of any such change, extension, alteration, or addition.

In witness whereof, this instrument has been duly executed by the above-named Principal and surety on_____[*date*].

§ 30.203 Notice of Election to Void Transaction

[1] Comment

[a] Use of Form

This form is a notice to a subdivider that the purchaser of a subdivision interest is exercising his or her option to void the deed, sale, or purchase agreement because the real property involved has been divided or has resulted from a division in violation of the SMA or local implementing legislation. The purchaser may exercise this option at any time within one year after discovery of the violation [*Gov. Code § 66499.32(a)*]. However, a conveyance of real property cannot be voided in this manner after the date on which a final or parcel map has been filed [*Gov. Code § 66499.32(b)*].

For a complete discussion of the remedies available to parties aggrieved by a violation of the SMA, see *§ 30.25[3]*.

[b] Violations Leading to Voidability

If a final map or parcel map has not been properly recorded for a subdivision, no person may do any of the following [*Gov. Code § 66499.30(a), (b)*]:

- Sell, lease, or finance any parcel of real property in the subdivision.
- Commence construction of any building for sale, lease, or financing, except model homes.
- Allow occupancy of the real property.

Furthermore, a conveyance of any part of a division of real property for which a final or parcel map cannot be made by parcel or block number, initial, or other designation, unless and until the required map has been properly recorded [*Gov. Code § 66499.30(c)*]. Any person who enters into a prohibited transaction with the subdivider may void that transaction.

These prohibitions. however, do not extend to offers or agreements to sell, lease, or finance real property or to construct improvements when the sale, lease, or financing, or the commencement of the construction, is expressly conditioned on the approval and filing of a final subdivision map or parcel map [*Gov. Code § 66499.30(e)*].

[c] Parties Entitled to Exercise Option to Void

The option to void a transaction prohibited under the SMA may be exercised by the grantee, buyer, or person contracting to purchase and by the heirs, personal representative, or trustee in insolvency or bankruptcy of those persons. However, the option cannot be exercised by other successors in interest of the grantee, buyer, or person contracting to purchase, or by the grantor, vendor, or person contracting to sell, or his or her assignee, heir, or devisee [*Gov. Code § 66499.32(a)*].

[d] Certificate of Compliance

[i] In General

A certificate of compliance identifies subdivided property and states that its division complies with applicable requirements [*Gov. Code § 66499.35(a)*]. Recorded final maps, parcel maps, official maps, and certificates of exception [*see Gov. Code §§ 66499.35(d), (e), 66499.52*; *see also Gov. Code § 66422*] constitute certificates of compliance with respect to the parcels of real property that they describe [*Gov. Code § 66499.35(d)*].

Any person who owns real property, or that person's vendee under a sales agreement, may ask a local government to record a certificate of compliance for the property. The local government must do so if it finds that the property complies with the SMA and its local implementing ordinances and may charge a reasonable fee to cover the cost of issuing and recording the certificate [*Gov. Code § 66499.35(a)*].

If the local government finds that the real property does not comply with applicable laws, it will issue a conditional certificate of compliance. It may, as a condition to granting a conditional certificate, impose any conditions that would have been applicable to the division of the property at the time the applicant acquired an interest in it. However, the local government may impose any conditions that would apply to a current division of the property if the applicant (1) was the owner of record at the time of the initial violation, (2) granted a parcel or parcels in violation of applicable requirements, and (3) is the current owner of record of one or more of the parcels created by the violative act [*Gov. Code § 66499.35(b)*].

A conditional certificate of compliance constitutes notice that the fulfillment of the conditions will be required prior to subsequent issuance of a permit or other grant of approval for development of the property to (1) the property owner or vendee who applied for the certificate, (2) a grantee of the property owner, or (3) any subsequent transferee or assignee of the property. Compliance with the conditions will not be required until the local government issues a permit or other grant of approval for development [*Gov. Code § 66499.35(b)*].

[ii] Effect on Voidability

The election to void is not available in the case of a conveyance of any parcel of real property identified in a certificate of compliance [*Gov. Code § 66499.32(b)*]. A certificate of compliance must be issued for any real property that has been approved for development pursuant to *Gov. Code § 66499.34(b)* [*Gov. Code § 66499.35(c)*; *see Gov. Code § 66499.34* (authorizing local agency to approve development of illegally subdivided lands subject to certain restrictions)]. The following actions constitute this approval for development: (1) the issuance of a permit or grant of approval for development of real property or with respect to improvements that have been completed prior to the time a permit or grant of approval for development was required by local ordinances in effect at the time of the improvements; or (2) with respect to improvements that have been completed in reliance on a permit or grant of approval. On request of the owner of real property affected by any of these actions or a vendee of the owner under a sales contract, the local

agency must issue a certificate of compliance for the affected property [*Gov. Code § 66499.34*].

[e] Notice of Violation

A local government that has knowledge that real property has been divided in violation of applicable laws must send a notice of intention to record a notice of violation by certified mail to the current owner of record of the property. A notice of violation must do the following [*Gov. Code § 66499.36*]:

- Describe the real property in detail.
- Name the owners of the real property.
- Describe the violation.
- Explain why the subject parcel is not presumed to be lawful under *Government Code Section 66412.6(a), (b)*.
- State that an opportunity will be given to the owner to present evidence.

The notice must also specify a time, date, and place for a meeting at which the owner may present evidence to the legislative body or advisory agency of why the notice should not be recorded [*Gov. Code § 66499.36*]. The meeting must take place no sooner than 30 days and no later than 60 days from the date of mailing. If, within 15 days of receipt of the notice, the owner fails to inform the local agency of his or her objection to recording the notice of violation, the legislative body or advisory agency will record the notice of violation with the county recorder [*Gov. Code § 66499.36*].

If, after the owner has presented evidence, it is determined that there has been no violation, the local agency must mail a clearance letter to the current owner of record. However, if it is determined that the property has been illegally divided, the legislative body or advisory agency must record the notice of violation with the county recorder. The recorded notice will be deemed to be constructive notice of the violation to all successors in interest in the property. The county recorder will index the names of the fee owners in the general index [*Gov. Code § 66499.36*].

[2] FORM

Notice of Election to Void Transaction

NOTICE OF ELECTION TO VOID

_____[*Specify transaction or document, e.g.,* SALE]

To: [*name and address of grantor, seller, or person contracting to sell*]

From: [*name and address of grantee, buyer, or person contracting to buy*]

Date: _____

This document shall constitute notice that the undersigned,_____[*name*], pursuant to *Government Code Section 66499.32(a)*, has elected to exercise the right to void the [*specify transaction, e.g.,* sale or deed or sales contract] executed on_____[*date*] pertaining to [*describe parcel*] in the_____[*name of subdivision*] subdivision between the undersigned, as [grantee *or* buyer *or* the person contracting to purchase], and the addressee of this notice, as [grantor *or* seller *or* the person contracting to sell]. This election to void is exercised on

the grounds that the [*specify transaction, e.g.,* sale *or* deed *or* sales contract] is in violation of the provisions of the [Subdivision Map Act *or identify local ordinance enacted pursuant to Subdivision Map Act*] as follows: [*specify all violations of Subdivision Map Act or local implementing ordinance, e.g.,* The grantor did not file a subdivision map before creating the previously described subdivision and executing the sales agreement described above].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30 SUBDIVISION REGULATION
PART IV. FORMS
A. Subdivision Map Act

13-30 California Legal Forms--Transaction Guide § 30.204

AUTHOR: Reviewed by Edward L. Shaffer

§ 30.204 Owner's Statements of Consent and Dedication

[1] Comment

[a] Use of Form

This form is an owner's statement of consent to the preparation and recordation of the final map under the SMA [*see Gov. Code §§ 66435*, *66436*] and of dedication of designated portions of the subdivided property for public use [*see § 30.23[4][e]*]. It may be combined, if appropriate, with the statement of the person who prepared the map [*see § 30.206*], the approval of the city engineer or county surveyor [*see § 30.207*], the clerk's certificate regarding any special assessment [*see § 30.208*], and/or the certificate of the clerk of a board of supervisors [*see § 30.209*]. It must either be affixed to the final subdivision map or submitted along with the map for approval [*see Gov. Code § 66435*; *see also* [b][i], *below*].

This form is appropriate for use by either individuals or business entities. If the owner is an individual, the drafter should use the first signature block. If the owner is a business entity, the drafter should use the second signature block.

For a discussion of final maps, see *Section 30.23[4]*. For a guide to the procedures to be followed in preparing and filing final maps for approval under the SMA, see *Section 30.120[5]*, *[6]*.

[b] Persons Responsible for Filing Consent

[i] In General

Unless specifically exempted, [*see* [c], *below*], any party who has a record title interest in real property being subdivided under the SMA must sign and acknowledge a statement consenting to the preparation and recordation of the final map [*see Gov. Code §§ 66435, 66436*]. The statement of consent must generally appear on the final map [*Gov. Code § 66436*; *see Gov. Code § 66435*]. However, a local agency may require that the statement be made by separate

instrument and recorded concurrently with the final map [*Gov. Code § 66435.1*]. If a separate instrument is required, the county recorder must place on the final map a reference to the separately recorded document [*Gov. Code §§ 66435.2, 66468.1*].

This form contains alternative provisions. The first alternative is designed to be used when the statement of consent appears on the final map. The second alternative may be used when the statement of consent is to be filed in a separate instrument.

[ii] Exemptions

Under certain conditions, specified persons need not execute and file statements of consent in connection with the filing of final maps under the SMA. For example, the trustee and the holder of a beneficial interest under a trust deed need not both execute statements of consent; only one or the other must do so. Similarly, owners of rights-of-way, easements, and other interests that cannot ripen into fees need not execute a statement of consent. Owners of interests in or rights to minerals need not execute such a statement. Finally, neither the United States nor the State of California need execute and file a statement of consent if the subdivided property was patented and the federal or state government reserved an interest in it [*see Gov. Code § 66436*]. For a detailed checklist of the conditions applicable to the exemptions from the statement of consent requirement for final maps, see *Section 30.120[5]*, Paragraph 2.

[c] Owner's Dedication of Real Property

This form includes an optional statement dedicating or offering to dedicate interests in portions of the subdivided property for specified public purposes [*see Gov. Code §§ 66436, 66439(a)*; *see also § 30.23[4][e]*].

As an alternative to dedication, local ordinances may authorize the creation of public easements on private lands for specified purposes [*see Gov. Code §§ 65870-65875*]. For a discussion of these easements, see Ch. 28, *Easements, Covenants, and Adjoining Owners* . For forms to be used in connection with granting these easements in lieu of making a dedication, see *Section 30.205[2]*.

A final map must contain a certificate or statement for execution by the clerk of each approving legislative body stating that the legislative body (1) approved the map, and (2) either accepted, subject to improvement, or rejected on the public's behalf any real property offered for dedication for public use [*Gov. Code § 66440*]. This form includes an appropriate form of certification for use by the clerk of the legislative body with which the final map is filed for approval.

[d] Acknowledgment

The owner's statements of consent and dedication must be acknowledged. The officer who takes the acknowledgment must endorse on it or attach to it a statutory certificate of acknowledgment [*Civ. Code § 1188*; *see* ch. 27, *Deeds, Conveyancing, Dedication, and Homesteads*]. Normally, the officer's seal of office must be affixed to the certificate [*Civ. Code § 1193*; *see Gov. Code § 8207*]. However, a notary acknowledgment on the owner's statement need not contain the notary's official seal if the following information is typed or printed below or immediately adjacent to the notary's signature in the acknowledgment: (1) the notary's name, (2) the county of the notary's principal place of business, and (3) the expiration date of the notary's commission [*Gov. Code § 66436(c)*]. This limited exception to the standard acknowledgment requirements applies regardless of whether the owner's statement includes dedication provisions [*see Gov. Code §§ 66436(c), 66439*; *see also § 30.23[4][e]*]. The acknowledgment in this form complies with the requirements of *Civil Code Section 1189(a)*.

§ 30.205 Owner's Grant of Easements

[1] Comment--Use of Form

This form is an owner's grant of easements in connection with the filing of a final map for approval under the SMA. It is designed to be included, if appropriate, with the owner's statement of consent [*see § 30.204*] and the statement of the person who prepared the map [*see § 30.206*], the approval of the city engineer or county surveyor [*see § 30.207*], the clerk's certificate regarding any special assessment [*see § 30.208*], and/or the certificate of the clerk of a board of supervisors [*see § 30.209*]. If local ordinances allow the creation of public easements on private lands for specified purposes [*see Gov. Code §§ 65870-65875*], this form may be used in lieu of the dedication provisions that appear above the acknowledgment *form in Section 30.205[2]*. For a detailed discussion of easements, see Ch. 28, *Easements, Covenants, and Adjoining Owners* .

For a discussion of final maps, see *Section 30.23[4]*. For a guide to the procedures to be followed in preparing and filing final maps for approval under the SMA, see *Section 30.120[5]*, *[6]*.

[2] FORM

Owner's Grant of Easements

DRAINAGE EASEMENT

The area marked "drainage easement" is dedicated to the County of [*specify county*], or its designee, and to the public for public use for storm, flood, and surface water drainage, including construction, access, or maintenance of works, improvements, and structures, whether covered or open, or the clearing of obstructions and vegetation.

SEWER EASEMENT

The area marked "sewer easement" is dedicated to the [*specify sanitary district*] Sanitary District, or its designee, for public use for sanitary sewers including construction, access, or maintenance of works, improvements, and structures whether covered or open, or the clearing of obstructions and vegetation.

COMMON AREAS

The areas designated as parcels [*specify, e.g.,* A, B, C, and D] are "common areas" and are not dedicated for use by the general public but are dedicated for use of the homeowners of Subdivision [*number*] for, but not limited to, access, recreation, parking, utilities, drainage, ingress, and egress in accordance with the Subdivision Restrictions recorded concurrently with the filing of this map, in Book [*number*], Official Records of [*specify county*] County, at Page [*number*].

ABUTTERS' RIGHTS

The undersigned [does *or* do] relinquish all abutters rights of access to_____[*road name*], a county road, along the property line adjacent to_____[*road name*] on lot numbers [*specify numbers*].

EASEMENTS

The map shows all easements on the premises or of record.

§ 30.206 Statement of Preparer of Map

[1] Comment

[a] Use of Form

This form is a statement by the preparer of a final map filed for approval under the SMA. It is designed to be included, if appropriate, with the owner's statement of consent and dedication [*see § 30.204*], the owner's grant of easements [*see § 30.205*], the approval of the city engineer or county surveyor [*see § 30.207*], the clerk's certificate regarding any special assessment [*see § 30.208*], and/or the certificate of the clerk of a board of supervisors [*see § 30.209*].

For a discussion of final maps, see *Section 30.23[4]*. For a guide to the procedures to be followed in preparing and filing final maps for approval under the SMA, see *Section 30.120[5], [6]*.

[b] Required Contents

The engineer or surveyor responsible for the survey and final map [*see Gov. Code § 66434*] must prepare a statement that includes (1) the date on which the survey was conducted; (2) a statement that the survey and final map were made by or under the direction of the engineer or surveyor; (3) a statement that the survey is true and complete as shown; (4) a statement that all of the monuments are of the character and occupy the positions indicated, or that they will be set in those positions on or before a specified later date; and (5) a statement that the monuments are, or will be, sufficient to enable the survey to be retraced [*Gov. Code § 66441*].

The drafter must affix the statement of the engineer or surveyor to the final map before filing it for approval [*Gov. Code § 66441*].

[2] FORM

Statement of Preparer of Map

STATEMENT OF PREPARER OF MAP

I am a [registered civil engineer *or* licensed land surveyor]. I state that the final map entitled Subdivision [*number*] was prepared from a survey that [I made *or* was made under my direction] on_____[*date*] and that the survey is true and complete as shown. I further state that_____[the monuments set are of the character shown and occupy the positions indicated on the final map and are sufficient to enable the survey to be retraced *or* monuments of the character shown on the final map will be set in the positions indicated on the map on or before _____ (*date*), and will be sufficient to enable the survey to be retraced].

The subdivision contains approximately [*number*] acres._____[No part of this subdivision lies within the incorporated area of any city or town *or* This subdivision lies partly in the incorporated _____ (City *or* Town) of _____ (*specify*) and partly in the unincorporated area of _____ (*specify*) County].

§ 30.207 Statement or Certificate of Approval by City Engineer or County Surveyor

[1] Comment

[a] Use of Form

This form is a statement of approval of a final subdivision map by the city engineer or county surveyor. It is designed to be included with the final subdivision map when it is filed for approval under the SMA. It may be combined, if appropriate, with the owner's statement of consent and dedication [*see § 30.204*], the owner's grant of easements [*see § 30.205*], the statement of the engineer or surveyor who prepared the final map [*see § 30.206*], the clerk's certificate regarding any special assessment [*see § 30.208*], and/or the certificate of the clerk of a board of supervisors [*see § 30.209*].

For a discussion of final maps, see *Section 30.23[4]*. For a guide to the procedures to be followed in preparing and filing final maps for approval under the SMA, see *Section 30.120[5], [6]*.

[b] Required Contents

The final map must contain a certificate or statement signed by the county surveyor, the city engineer, or the city surveyor. If the subdivision is in an unincorporated area, the certificate must be signed by the county surveyor, and if it lies within a city it must be signed by the city engineer or the city surveyor [*Gov. Code § 66442(a)*; *see Gov. Code § 66416.5(a)* (authority of city surveyor to perform land surveying functions of city engineer)]. The certificate must state the following [*Gov. Code § 66442(a)*]:

- The certifying official has examined the final map.

- The subdivision as shown is substantially the same as it appeared on the tentative map and any approved alterations of the tentative map.

- All provisions of the SMA governing maps and any applicable local ordinances have been complied with.

- The certifying official is satisfied that the map is technically correct.

Only city or county engineers who are registered as civil engineers may make the first three statements listed above. The fourth statement set fourth above may be made only by a person authorized to practice land surveying under the Professional Land Surveyors' Act [*see Gov. Code § 66442(b)*; *see also Bus. & Prof. Code § 8700 et seq.*]. The certifying official must sign the certificate and indicate his or her license number and expiration date and the stamp of his or her seal immediately below or adjacent to the signature [*Gov. Code § 66442(a)*] and file it with his or her legislative body within 20 days after it has been submitted for certification [*Gov. Code § 66442(b)*; *see Gov. Code § 66442(c)* (referencing *Bus. & Prof. Code §§ 6735.5* and *8770.6* to define "certificate," "certify," and "certified" in this context)].

§ 30.208 Clerk's Certificate Regarding Special Assessment

[1] Comment

[a] Use of Form

This form is a clerk's certificate regarding the status of a special assessment to which subdivided land is subject. It is designed to be included with the final subdivision map when it is filed for approval under the SMA. It may be combined, if appropriate, with the owner's statement of consent and dedication [*see § 30.204*], the owner's grant of easements [*see § 30.205*], the statement of the engineer or surveyor who prepared the final map [*see § 30.206*], the statement or certificate of approval by the city engineer or county surveyor [*see § 30.207*], and/or the certificate of the clerk of a board of supervisors [*see § 30.209*].

For a discussion of final maps, see *§ 30.23[4]*. For a guide to the procedures to be followed in preparing and filing final maps for approval under the SMA, see *§ 30.120[5], [6]*.

[b] Required Contents

Before the approval of a final map under the SMA, any special assessment or bond to which the lands involved are subject must be paid in full or security must be filed with the clerk of the board of supervisors, payable to the county as trustee for the assessment bondholders [*Gov. Code § 66493(e)*]. If the assessment is not properly paid in full or secured, the final map cannot be recorded until the owner or subdivider files with the clerk of the board of supervisors a certificate prepared by the clerk of the legislative body that created the assessment district. The certificate must state that the legislative body has determined that responsibility for the assessment payment obligation has been allocated among the affected parcels in the manner required by the applicable statutes [*Gov. Code § 66493(f)*].

[2] FORM

Clerk's Certificate Regarding Special Assessment

_____ [COUNTY *or* CITY] CLERK'S CERTIFICATE REGARDING SPECIAL ASSESSMENT

I,_____[*name*], am the Clerk of the_____[Board of Supervisors *or* City Council] of_____[*name of county or city*], State of California, certify that:

1. [All *or* A portion of] the lands delineated and embraced within the red lines on the final map entitled Subdivision [*number*] recorded concurrently with the filing of this certificate, in Book [*number*] of Maps at Page [*number*], in the office of the County Recorder of [*specify county*] County, State of California, lies within the special assessment district created by the_____[Board of Supervisors *or* City Council] of_____[*name of county or city*], State of California, and identified in Resolution No. [*number*].

2. The_____[Board of Supervisors *or* City Council] has determined that adequate provision has been made for the allocation to each subject subdivided parcel of responsibility for its share of the assessment payment obligation in the manner provided in [*identify statute under which assessments were levied or bonds were issued*].

§ 30.209 Certificate of Clerk of Board of Supervisors

[1] Comment--Use of Form

This form is a certificate of approval by a clerk of a board of supervisors whose approval is required for a final map. It is designed to be included with the final subdivision map when it is filed for approval under the SMA. It may be combined, if appropriate, with the owner's statement of consent and dedication [*see § 30.204*], the owner's grant of easements [*see § 30.205*], the statement of the engineer or surveyor who prepared the final map [*see § 30.206*], the statement or certificate of approval by the city engineer or county surveyor [*see § 30.207*], and/or the clerk's certificate regarding a special assessment district [*see § 30.208*].

Whenever a board of supervisors must approve a final map, the map must contain a certificate or statement for execution by the clerk of the board stating that the board approved the map and accepted subject to improvement, or rejected on behalf of the public, any real property offered for dedication for public use in conformity with the terms of the offer of dedication [*Gov. Code § 66440*]. Furthermore, if a final map is subject to the security requirements of *Gov. Code § 66493* [*see § 30.120[6]*], the clerk of the board of supervisors must (1) certify that the required certificates or statements and security have been filed and deposited with the clerk and approved by the county; and (2) transmit the final map to the county recorder [*Gov. Code § 66464(b)*]. This form includes an optional paragraph that the drafter may insert if the final map is subject to these statutory security requirements.

For a discussion of dedication, see *§ 30.23[4][e]*. For a discussion of final maps, see *§ 30.23[4]*. For a guide to the procedures to be followed in preparing and filing final maps for approval under the SMA, see *§ 30.120[5], [6]*.

§ 30.220 Notice of Intention for Standard Subdivision [RE Form 628 (Rev. 6/05)]

[1] Comment

[a] Use of Form

This form is the official application for a public report for a standard subdivision. It may be used for a final public report, conditional public report, or preliminary public report. The form was prepared by the Department of Real Estate (DRE) and is reproduced here for illustrative purposes only. Only Parts II (index/quantitative deficiency notice) and III (questionnaire) of the three-part form are set forth below. Although the official instructions (Part I) for the completion and submittal of the form are not reproduced, their requirements are discussed throughout this comment.

Applications for public reports are distributed and processed by DRE subdivision offices in Los Angeles and Sacramento. The Los Angeles office processes applications for subdivisions located in Imperial, Orange, San Bernardino, Santa Barbara, Los Angeles, Riverside, San Diego, and Ventura counties. The Sacramento office handles subdivisions located in all other California counties. The following are the addresses and phone numbers for the two offices:

Subdivisions Office--North
2201 Broadway
P.O. Box 187005
Sacramento, CA 95818-7005
Telephone: (916) 227-0813

Subdivisions Office--South
320 W. 4th Street, Suite 350
Los Angeles, CA 90013-1105

Telephone: (213) 576-6983

Application forms also may be filled in online and printed out by visiting the forms page at DRE's website at <<www.dre.ca.gov/forms_sub.htm >>.

For extensive coverage of final, conditional, and preliminary public reports, see *§ 30.41*. For a checklist of the public report application process, see *§ 30.121*. For discussion of additional requirements of the Subdivided Lands Act (SLA) [*Bus. & Prof. Code § 11000 et seq.*], see *§ 30.40* et seq.

For public report applications appropriate for use in transactions involving common-interest developments, such as condominiums projects and planned developments, see Ch. 33A, *Time-Share Projects* , through Ch. 34, *Condominiums* .

[b] Overview of Application and Public Report Requirements

Any person who intends to offer subdivided lands [*see Bus. & Prof. Code § 11000*; *see also § 30.40[2][a]*] within California for sale or lease must (1) file with the DRE an application for a public report consisting of a notice of intention and a completed questionnaire on a form prepared by the DRE (this form) [*Bus. & Prof. Code § 11010(a)*; *see Bus. & Prof. Code § 11011*; § 30.121[2]], and (2) obtain a public report covering the subdivision from the Real Estate Commissioner [*Bus. & Prof. Code § 11018.2*].

The remainder of this comment discusses issues relating to the completion and filing of the application. For a step-by-step guide to the entire public report application process, see *§ 30.121[2]*.

[c] Overview of Functions of Index and Questionnaire

The index portion of the application (Part II) is used as a guide in assembling and filing the supporting documentation for the application. The questionnaire portion (Part III) requires the applicant to provide detailed information about the subdivision project and to submit supporting documentation.

[d] Waiver of Questionnaire

The Commissioner may, by regulation, or on the basis of the particular circumstances of a proposed offering, waive the requirement of the submission of a completed questionnaire if the Commissioner determines that prospective purchasers or lessees of the subdivision interests to be offered will be adequately protected through the issuance of a public report based solely on information contained in the notice of intention [*Bus. & Prof. Code § 11010(c)*; *see 10 Cal. Code Reg. § 2790.4* (waiver for Rural Housing Service project)].

[e] Alternative Methods of Filing for Final Public Report

[i] In General

The DRE has developed two alternative methods of filing for a final public report. These methods permit the applicant to stagger the submission of the large amount of supporting documentation required for an acceptable application, or to submit a complete application package at the outset. Below is a summary of these filing methods, which are also described in the official instructions (Part I) to this form, and of the interrelated review process followed by the DRE.

[ii] Minimum Filing Package

The first method of filing involves submission of a "minimum filing package" (MFP). The MFP consists of a completed index and questionnaire, the filing fee [*see* [g], *below*], and a minimum amount of supporting documentation. The

required supporting documents are requested by those questions in the index and questionnaire that are marked with an asterisk.

After receiving an acceptable MFP, the DRE will accept the filing as a notice of intention and will continue processing to determine if the filing is a substantially complete application [*see* [iii], *below*]. Alternatively, the applicant may request that the MFP serve as an application for a preliminary public report. Whether the applicant initially requests that the MFP serve as an application for a final public report or a preliminary public report, no further processing of the MRP for a final public report will occur until the filing is substantially complete.

If the MRP requirements are not met, the application and filing fee will be returned to the applicant.

[iii] Substantially Complete Application

Before final processing of an application for a final public report may begin, the DRE must determine that the application is substantially complete with respect to quantitative requirements [*see Bus. & Prof. Code § 11010.2(b)*; *see also Bus. & Prof. Code § 11010.2(a)(1)-(3)* (definitions)]. A substantially complete application (SCA) includes an MFP plus most of the other documentation required for the issuance of a final public report. By matching the answers in columns 2 and 3 of the index (this form), the applicant can determine what must be included in the SCA. For a list of the documents and information required for an SCA [*see 10 Cal. Code Reg. § 2792*], see *§ 30.121[2]*.

Within 10 days of the receipt of the application, the Commissioner must (1) determine whether it is substantially complete with respect to quantitative requirements, and (2) notify the applicant in writing of this determination [*Bus. & Prof. Code § 11010.2(b)*]. If it is not complete, the notification will specify the missing or incomplete information. If the application is then resubmitted, the Commissioner will make and submit another written determination regarding the "substantially complete" status of the application within 10 days [*Bus. & Prof. Code § 11010.2(b)(1)*].

[iv] Processing of Substantially Complete Application; List of Deficiencies; Qualitatively Complete Application

If the Commissioner determines that the application is substantially complete with respect to quantitative requirements, he or she will take the following steps:

- Provide the applicant, within 20 days of the foregoing determination, with a list of any deficiencies and substantive inadequacies that must be corrected before the application will be qualitatively complete [*Bus. & Prof. Code § 11010.2(b)(2)*; *see Bus. & Prof. Code § 11010.2(a)(2)* ("qualitatively complete" defined)].

- Notify the applicant, within 20 days of the receipt of the information submitted in response to the list described above, whether the application is qualitatively complete. If it is not, the notification will identify the remaining deficiencies and substantive inadequacies. On receipt of any resulting resubmittal, the Commissioner will have another 20 days to determine whether or not the application is qualitatively complete and to notify the applicant of the decision [*Bus. & Prof. Code § 11010.2(c)*].

- Issue a public report within 10 days after (i) the determination that the application is qualitatively and substantially complete, and (ii) the applicant has submitted all recorded or filed instruments and evidence of financial arrangements required by the Commissioner [*Bus. & Prof. Code § 11010.2(d)*].

The Commissioner may adopt emergency regulations providing for the extension of the above deadlines if the number of applications for subdivision public reports filed with the DRE during the preceding six months has increased by more than 15 percent over the monthly average number of applications filed for a specified base period [*see Bus. & Prof.*

Code § 11010.2(g)].

For a detailed step-by-step guide to the preparation and filing of notices of intention, see *§ 30.121[2]*.

[f] Contents of Notice of Intention and Questionnaire

[i] In General

Bus. & Prof. Code § 11010(b) requires the notice of intention (this form) to contain detailed information about the subdivision project. For example, it must contain the names and addresses of both the owner and the subdivider [*Bus. & Prof. Code § 11010(b)(1), (2)*; *see* Pt. III, PP 1I, 1J of Form], as well as a legal description and specification of the area of subdivided lands [*Bus. & Prof. Code § 11010(b)(3)*; *see* Pt. III, P 1C of Form]. The additional information required by Section 11010(b) (and, in a few cases, related information required by other statutes or regulations) is described in the following subsections.

[ii] Title and Liens

The notice of intention must include a true statement of the condition of the title to the land, including all encumbrances [*Bus. & Prof. Code § 11010(b)(4)*; *see* Pt. III, PP 6, 7 of Form]. The owner, subdivider, or agent of the foregoing must submit with the questionnaire a current preliminary title report covering all subdivision interests for which a public report is sought. This report must include the following [*10 Cal. Code Reg. § 2792(a)(6)*]:

- A legal description of the subdivided property.
- The nature of the interest or estate covered by the report.
- The record owner of the interest or estate covered by the report.
- All easements, liens, rights, interest, and claims disclosed by an examination of the indices in the office of the recorder of the county in which the property is located.
- The existence of any encroachment of improvements over lines of record title.
- All mechanics' liens arising out of work completed or in progress.
- The existence of assessments or potential assessments for public improvements completed or under construction.

Furthermore, the notice of intention must specify the amount of any indebtedness that constitutes a lien on the subdivision or any party to the subdivision transaction if the lien was incurred to pay for the construction of on-site or off-site improvements or community or recreational facilities [*Bus. & Prof. Code § 11010(b)(9)*; *see* Pt. III, P 16C of Form].

The subdivider's failure to demonstrate that adequate financial arrangements have been made is grounds for the denial of issuance of a public report. Similarly, a public report may be denied if the Commissioner determines that the subdivider is unable to deliver the title or other interest contracted for [*Bus. & Prof. Code § 11018*].

[iii] Uses, Covenants, and Restrictions

The notice of intention must specify the uses for which the proposed subdivision will be offered [*Bus. & Prof. Code § 11010(b)(7)*; *see* Pt. III, P 9A of Form]. It must also identify any provisions that limit the use or occupancy of the

parcels in the subdivision [*Bus. & Prof. Code § 11010(b)(8)*; *see* Pt. III, PP 46, 47 of Form].

The subdivider's failure to show that the parcels can be used for the purpose for which they are offered, or, if the subdivision is offered for residential purposes, that vehicular access and a source of potable domestic water either is or will be available, is grounds for denying the issuance of a public report [*Bus. & Prof. Code § 11018(f)*]. Similarly, the failure to specify in the sales contract or other writing the uses for which the parcels are offered, together with any relevant covenants or conditions, is grounds for the denial of a public report [*Bus. & Prof. Code § 11018(g)*].

[iv] Special Districts

The notice of intention must contain a true statement or reasonable estimate, if applicable, of the amount of any indebtedness proposed to be incurred by an existing or proposed special district, entity, taxing area, or assessment district, within the boundaries of which all or any part of the subdivision is located and that (1) is to pay for the construction or installation of any improvement or to furnish community or recreational facilities to the subdivision, and (2) is to be obtained by ad valorem tax or assessment or by a special assessment or tax on all or any part of the subdivision [*Bus. & Prof. Code § 11010(b)(10)* (also applicable to indebtedness incurred or proposed to be incurred by existing or proposed community facilities district); *see 10 Cal. Code Reg. § 2792(a)(11)*; Pt. III, P 18 of Form]. If the subdivider is unable to demonstrate that adequate financial arrangements have been made for any facilities or off-site improvements included in the offering, the Commissioner may deny the issuance of a public report [*Bus. & Prof. Code § 11018(d), (e)*].

[v] Conditions of Sale or Lease

The notice of intention must specify the terms and conditions on which the subdivider intends to dispose of the subdivided land and must include copies of any contracts that he or she intends to use [*Bus. & Prof. Code § 11010(b)(5)*; *see 10 Cal. Code Reg. § 2792(a)(12)*; Pt. III, PP 21, 23 of Form]. The terms and conditions must include purchase money disbursement provisions required by the Commissioner [*10 Cal. Code Reg. § 2791 ; see* Pt. III, P 20 of Form]. The Commissioner may use and rely on any relevant information or data concerning a subdivision obtained from the Federal Housing Administration (FHA), the Department of Veterans Affairs (VA), or any other federal agency having comparable duties and functions in relation to subdivisions or the property in the subdivision [*Bus. & Prof. Code § 11014*].

If the subdivider fails to specify in the contract or other writing the uses for which the parcels are offered and any applicable covenants or conditions, the Commissioner may deny the issuance of a public report [*Bus. & Prof. Code § 11018(g)*].

[vi] Geologic Report on Soil Condition

The notice of intention must contain, if applicable, an accurate statement referencing any soils or geologic reports that have been prepared specifically for the subdivision [*Bus. & Prof. Code § 11010(b)(14)*; *see* Pt. III, P 12 of Form]. It must also contain a true statement that (1) indicates whether or not fill has been or is proposed to be used in the subdivision, and (2) provides the name and address of the public agency from which information concerning soil conditions in the subdivision is available [*Bus. & Prof. Code § 11010(b)(15)*; *see* Pt. III, P 12 of Form].

[vii] On-site and Off-site Improvements

The notice of intention must specify the amount of indebtedness that (1) is a lien on all or any portion of the subdivision, and (2) was incurred to pay for the construction of any on-site or off-site improvement or any community or recreational facility [*Bus. & Prof. Code § 11010(b)(9)*; *see* Pt. III, P 16C of Form].

[viii] Water Supply and Public Utilities

The notice of intention must accurately state what, if any, provisions have been made for public utilities in the proposed subdivision, including water, electricity, gas, telephone, and sewerage facilities [*Bus. & Prof. Code § 11010(b)(6)*; *see 10 Cal. Code Reg. § 2792(a)(9)*; *see* Pt. III, PP 11, 14 of Form].

If the development includes a subdivision consisting of a residential development of more than 500 dwelling units, a copy of the written verification of the available water supply obtained by the developer in accordance with *Gov. Code § 66473.7(b)* will satisfy the requirement for an accurate statement of the provisions made for water facilities [*Bus. & Prof. Code § 11010(b)(6)*; *see Gov. Code § 66473.7*].

If the financing of these facilities or other off-site improvements requires the creation of special assessment districts, the notice of intention must also indicate the amount of indebtedness that the special district is likely to incur [*Bus. & Prof. Code § 11010(b)(10)*; *see* [vii], *above*].

[ix] Location of Schools

The notice of intention must include a statement from the appropriate school district indicating the location of each high school, junior high school, and elementary school that serves the subdivision. Alternatively, the notice of intention may include documentation that a statement providing all of this information has been requested from the school district [*Bus. & Prof. Code § 11010(b)(12)(A)*; *see* Pt. III, P 15 of Form].

If, as of the date the notice of intention and application for a public report are otherwise deemed to be qualitatively and substantially complete, any school district serving the area has not provided a requested statement, the subdivider or other person who filed the notice of intention and application must immediately provide the DRE with the name, address, and telephone number of that district [*Bus. & Prof. Code § 11010(b)(12)(B)*].

[x] Suitability of Land

The developer must make a showing that the parcels can be used for the purpose for which they are offered; in the case of a residential subdivision, this includes a showing that there is or will be vehicular access and a source of potable domestic water. Failure to make such a showing is grounds for denial of a public report [*Bus. & Prof. Code § 11018(f)*].

[xi] Nearby Airports

The notice of intention must disclose the location of all existing airports, and of all proposed airports shown on the local general plan, located within two statute miles of the subdivision. If the property is located within an airport influence area, the notice must also include a statutorily-prescribed statement informing potential buyers of the possible annoyances and inconveniences associated with living near an airport [*Bus. & Prof. Code § 11010(b)(12)(A)*; *see Bus. & Prof. Code § 11010(b)(13)(B)* ("airport influence area" defined); Part III, P 9C of Form].

[xii] San Francisco Bay Conservation and Development Commission Jurisdiction

On or after July 1, 2005, if the property is located within the San Francisco Bay Conservation and Development Commission's jurisdiction, the notice of intention must include a statement that the property is so located and a statutory notice stating that the use and development of the property may be subject to special regulations, restrictions, and permit requirements [*Bus. & Prof. Code § 11010(b)(16)*].

[xiii] Notice of Supplemental Property Tax Bill

The notice of intention must include a "Notice of Your 'Supplemental' Property Tax Bill" informing the prospective purchaser that a reassessment of the property on the change of ownership may result in the issuance of one or two

supplemental tax bills, payment of which will be the purchaser's responsibility, notwithstanding the fact that the purchaser has arranged with the lender to pay property taxes through an impound account [*Bus. & Prof. Code § 11010(b)(11)*; *see Civ. Code § 1102.6c* (text of notice)].

[xiv] Notice of Right to Farm

If the property is located within one mile of a farm or ranch designated on the current county-level GIS "Important Farmland Map" issued by Department of Conservation's Division of Land Resource Protection, the notice of intention must include a statutory Notice of Right to Farm. The notice basically warns of possible inconveniences or discomforts resulting from agricultural operations that are a normal and necessary aspect of living in a community with a strong rural character [*Bus. & Prof. Code § 11010(b)(17)*].

[g] Filing Fees

Bus. & Prof. Code § 11011 sets forth a schedule for filing fees charged in connection with applications for subdivision public reports. These are maximum fees; the Commissioner may by regulation prescribe lower fees if he or she determines that the reduced fees are sufficient to offset the costs and expenses incurred in the administration of the SLA. The Commissioner's fee schedule is set forth in *10 Cal. Code Reg. § 2790.1.5*.

[h] Consent to Service of Process by Nonresident Subdivider

Every nonresident subdivider must file an irrevocable consent to service of process along with his or her application for a public report [*see Bus. & Prof. Code § 11007*]. The consent must specify that if, in any action commenced against the subdivider in California, personal service of process upon him or her cannot be made in California after exercise of due diligence, a valid service may be made by delivering the process to the Secretary of State [*Bus. & Prof. Code § 11007*; *10* Cal. Code Reg. § 2792(a)(5); *see* DRE Form 608 (official consent form)].

[i] Abandonment of Application by Commissioner

[i] Circumstances Justifying Abandonment; Required Notices

The Commissioner may abandon an application for a final public report if [*10 Cal. Code Reg. § 2804*; *see Bus. & Prof. Code § 11018.13*]:

- The data required by *Bus. & Prof. Code § 11010* [*see* [f], *above*] has not been furnished within three years from the date the application was filed;

- Six months have elapsed since the Commissioner has given notice of deficiencies or substantive inadequacies contained in the documents that are required to make the filing substantially complete and the deficiencies and inadequacies have not been corrected by the applicant; and

- The term of any one-year extension of time in which to complete the application [*see* [ii], *below*] has elapsed.

Ninety days before abandoning the application, the Commissioner must mail to the applicant and the applicant's designated representative, notice of the Commissioner's intent to abandon the application. The notice must include a statement that the applicant may, in accordance with *10 Cal. Code Reg. § 2804(d)*, file a petition to keep the application open [*10 Cal. Code Reg. § 2804(b)*].

Sixty days or more following the mailing of the notice described above, the Commissioner may issue a final notice of intention to abandon the application. The application will be deemed abandoned 30 days after the final notice is mailed

to the applicant and the applicant's designated representative unless, before the expiration of the 30-day period, a one-year extension has been granted [*10 Cal. Code Reg. § 2804(c)*; *see* [ii], *below*].

[ii] One-Year Extension

The Commissioner, on his or her own motion, or after receipt of a petition from the applicant or the applicant's designated representative, may, under the following terms and conditions, grant a one-year extension to allow the applicant to complete the application [*10 Cal. Code Reg. § 2804(d)*]:

- The petition is received prior to the expiration of the 30-day notice period described in [i], *above*.

- The petition sets forth reasons of hardship or justifiable extenuating circumstances explaining why the file has been inactive. Hardship and justifiable extenuating circumstances include mistake, inadvertence, surprise, excusable neglect, or circumstances beyond the control of the applicant or the applicant's designated representative.

Written notice of the decision to grant or deny the petition will be mailed or delivered to the applicant and the applicant's designated representative, within 30 calendar days after receipt of the petition [*10 Cal. Code Reg. § 2804(d)*]. The Commissioner may grant one or more one-year extensions, provided that the application has not been abandoned [*10 Cal. Code Reg. § 2804(e)*; *see* [i], *above*].

§ 30.221 Reservation Instrument [RE Form 612 (Rev. 1/04)]

[1] Comment

[a] Use of Form

This form is the official DRE form that must be used by a subdivider to take reservations for the purchase or lease of subdivided lots after the subdivider has obtained a preliminary public report [*see 10 Cal. Code Reg. §§ 2795, 2795.1*]. For the locations at which official DRE forms appropriate for filing may be obtained, see *§ 30.220[1][a]*. Forms also may be filled in online and printed out by visiting the forms page at DRE's website at <<www.dre.ca.gov/forms_sub.htm >>.

For a detailed discussion of preliminary public reports, see *§ 30.41[1]*. For a step-by-step guide to the process for obtaining a preliminary public report, see *§ 30.121[1]*.

[b] Conditions for Reservation of Subdivision Interest

If a preliminary public report has been issued for a subdivision, the subdivider and persons acting on his or her behalf may solicit and accept reservations to purchase or lease subdivision interests, provided the following conditions are met [*10 Cal. Code Reg. § 2795(b)*]:

- The person making the reservation (potential buyer) has been given a copy of the preliminary public report and has executed a receipt for a copy before any money or other thing of value has been accepted by or on behalf of the subdivider in connection with the reservation [*see § 30.222* (receipt)].

- The potential buyer and subdivider (or person acting on the subdivider's behalf) have completed and signed a copy of the official reservation instrument (this form).

- The executed reservation instrument, along with any deposit taken from the potential buyer, is placed into a neutral escrow depository acceptable to the Commissioner [*see* DRE Form 612A (reservation deposit handling agreement between subdivider and escrow depository)].

[c] Contents of Instrument; Rights and Obligations of Parties

The rights and obligations of the parties to the reservation instrument include the following [*see 10 Cal. Code Reg. § 2795(b)(3)*]:

- The right of either the subdivider or the potential buyer to unilaterally cancel the reservation at any time.

- The right of the potential buyer to have his or her total deposit returned upon cancellation of the reservation by either party.

- The right of the potential buyer to have the deposit placed into an interest-bearing account for his or her benefit, provided he or she requests that this be done and agrees to pay any charges of the escrow depository for this service.

§ 30.222 Receipt for Public Report [RE Form 614E (Rev. 6/05)]

[1] Comment--Use of Form

This form is the official receipt that must be signed by each person (1) who executes a reservation agreement under authority of a preliminary public report [*see § 30.221*], or (2) who has made a written offer to purchase or lease a subdivision interest under authority of a final subdivision public report [*see 10 Cal. Code Reg. § 2795.1(a), (c)*; § 30.41[2]]. After obtaining the recipient's signature, the subdivider or his or her agent must retain the receipt for a period of three years from the date of the receipt. Further, the subdivider or agent must make the receipt available for inspection by the Commissioner or his or her designated representative during regular business hours [*10 Cal. Code Reg. § 2795.1(b)*].

For the locations at which official DRE forms may be obtained, see *§ 30.220[1][a]*. This form also may be filled in online and printed out by visiting the forms page at DRE's website at www.dre.ca.gov/forms_sub.htm.

NOTE:
DRE made minor revisions to Form 614E in March 2006; as of June 1, 2006, the new form was not available on the Department's website. The revised form may be found at *10 Cal. Code Reg. § 2795.1(c)*.

§ 30.223 Amendment/Renewal Application [RE Form 635 (Rev. 6/05)]

[1] Comment

[a] Use of Form

This form is the official DRE application that must be used to request an amendment or renewal of a final public report or conditional public report. Specifically, Parts II (index/checklist) and III (application) of the form are set forth below. Part I, consisting of detailed instructions for the completion and submission of the application, is not reproduced here. The completion and submission procedures are, however, discussed below.

DRE forms may be filled in online and printed out by visiting the forms page at DRE's website at <www.dre.ca.gov/forms_sub.htm>.

In addition to being used for a standard renewal or amendment, this form may serve as a notice of intention and statement that must be filed by a purchaser of five or more lots, units, or memberships [*see 10 Cal. Code Reg. § 2801.5*; *see also* [d], *below*].

For a form that may be used in lieu of this application to expedite the process for obtaining an amended public report under certain circumstances, see *§ 30.224[2]*. For the locations at which official DRE forms appropriate for filing may be obtained, see *§ 30.220[1][a]*.

This form is appropriate for use with respect to standard and common interest subdivisions. For comprehensive coverage of common interest developments, see Ch. 33A, *Time-Share Projects* , through Ch. 34, *Condominiums* .

[b] Renewal of Final Subdivision Public Report

[i] In General

A final public report remains effective for five years from the date of issuance. The subdivider, owner, or agent may apply for a renewal of the final report. If an application for renewal (this form) is filed, the Commissioner may require the applicant to furnish supplemental information concerning the subdivision [*10 Cal. Code Reg. § 2795.3*].

For a step-by-step guide to submitting applications for renewal of public reports, see *§ 30.142*. For a discussion of the duration of public reports and the effect of their expiration, see *§ 30.41*.

[ii] Filing Fees

A filing fee, in the amount specified by statute, must accompany this application [*Bus. & Prof. Code § 11011(b)(9)* (renewal), (11) (amendment); *10 Cal. Code. Reg. § 2790.1.5(a)(9)* (renewal), (11) (amendment)].

[c] Renewal of Conditional Public Report

A conditional public report remains valid for up to six months. It may be renewed for one additional six-month term if the Commissioner determines that the requirements for issuance of a public report are likely to be satisfied during the renewal term [*Bus. & Prof. Code § 11018.12(h)*].

A conditional public report for attached residential condominium units [*see Civ. Code § 783*] consisting of 25 units or more as specified on the approved tentative tract map is valid for up to 30 months. It may be renewed for one additional term of six months if the Commissioner determines that the requirements for issuance of a public report are likely to be satisfied during the renewal term [*Bus. & Prof. Code § 11018.12(i)*].

[d] Notice and Statement by Purchaser of Five or More Interests

A person who purchases or has an option or contract to purchase five or more interests in a subdivision and plans to subsequently sell or lease those interests must obtain a public report before proceeding with the transaction. If a public report was previously issued for the subdivision, the terms "owner" and "subdivider" include any person who owns or has an option or contract to acquire (1) five or more subdivision interests in a subdivision other than a time-share project, or (2) 12 or more time-share estates or time-share uses in a time-share project for sale, lease, or financing under certain circumstances. A public report is necessary if the subdivision interests are acquired from (1) the original recipient of the public report, or (2) a person who succeeded to the interest of the original recipient in five or more subdivision interests in a subdivision other than a time-share project or in 12 or more time-share estates or uses in a time-share project [*10 Cal. Code Reg. § 2801.5*].

Before proceeding with the transaction, the owner or subdivider must obtain a public report that expressly authorizes the sale or lease of the designated interests [*10 Cal. Code Reg. § 2801.5*]. This form is for use in connection with the subsequent sale of lots or parcels that have already been subdivided. It serves as both (1) notice to the Commissioner of the intention to sell or lease the lots, units, or parcels, and (2) the application for the required public report.

[e] Notice of Material Changes

[i] Reporting Requirements and Options

The owner of a subdivision that is the subject of an outstanding public report must immediately report to the Commissioner any relevant details concerning any "material change" in the subdivision itself or in the program for marketing the subdivision interests [*Bus. & Prof. Code § 11012* (report of material changes required only if owner, owner's agent, or subdivider has knowledge or constructive knowledge of change); *10 Cal. Code Reg. § 2800*]. The report should be made on this form. Generally, the DRE will prepare and issue an amended report following the receipt

of a report of material change in a subdivision. However, if the subdivider reports the material change on the DRE form that appears in § 30.224[2], he or she may prepare a proposed amended report as part of the application package that must accompany the filing [*see § 30.224[1]*].

[ii] "Material Change" Defined

A "material change" in a subdivision or in an offering includes, but is not limited to, the following [*10 Cal. Code Reg. § 2800*]:

(1) The sale, conveyance (including a transfer of title in trust), or granting of an option to another to acquire five or more interests in a subdivision other than a time-share project, or 12 or more time-share estates or time-share uses in a time-share project.

(2) A change in the name or organization of the subdividing entity, such as incorporation, corporate dissolution, or change in corporate or fictitious business name.

(3) A change in purchase money handling procedures under *Bus. & Prof. Code § 11013.2* or *11013.4* [*see § 30.42*], including (but not limited to) a change in name or location of escrow or trust account depository or the creation of a blanket lien or encumbrance affecting a lot, parcel, or unit of subdivided land being offered for sale.

(4) A change in methods of marketing or conveyance of subdivision interests, including, but not limited to (a) the use of real property sales contracts, lease-option agreements, or similar marketing instruments, and (b) special sales inducements involving a financial commitment to purchasers by or on behalf of the subdivider, such as buy-back agreements, special interest rates or a short-term basis, and prizes, gifts, or premiums.

(5) The subdivider's inability to fulfill agreements and assurances to purchasers of subdivision interests given by the subdivider to the Commissioner in the application for a public report.

(6) The creation or discovery of latent hazards affecting the subdivision, such as adverse geologic conditions not apparent at the time of issuance of the current public report for the subdivision.

(7) Addition of common areas or common facilities for the use and enjoyment of owners in the subdivision that were not contemplated at the time of issuance of the current public report for the subdivision.

(8) A relocation of easements affecting unsold subdivision interests.

(9) The creation of a district, or the annexation of the subdivision into a district, having the power to tax or levy assessments against real property interests within the subdivision.

(10) An increase of 20 percent or more or a decrease of 10 percent or more in the regular assessment charged by an association against owners in a common interest subdivision over the amount of the regular assessment reflected in the current public report for the subdivision.

(11) Delinquencies in the payment of regular assessments by owners within a common interest subdivision resulting in the receipt by the association of income that is more than 10 percent less than scheduled income from the assessments.

(12) A proposed change in the use for which the subdivision is offered as, for example, from residential to investment, or a proposed change from an offering of the sole and exclusive use of a unit in a common interest subdivision to a program involving the sharing of ownership or use with others as, for example, a time-sharing program.

(13) Changes in the means for furnishing potable water, sewage disposal, and other public services to lots, parcels, or units within the subdivision.

(14) Any change in the configuration of the subdivision interest being offered for sale from the configuration according to the subdivision map or parcel map upon which the current public report for the subdivision was based.

(15) An amendment to the CC&Rs or other governing instruments for the subdivision or for an association of owners of subdivision interests.

(16) A failure by the subdivider as an owner of interests in a common interest subdivision to pay regular assessments when (a) assessments are payable on a monthly basis and the subdivider has failed to pay these assessments for three or more months, or (b) assessments are not payable on a monthly basis and the subdivider has failed to pay these assessments within three months after they become due and payable.

(17) An undertaking by the subdivider to subsidize the costs of operating and maintaining common areas and of providing services in lieu of payment of regular assessments by the subdivider, when the subsidization program does not comply with the subsidization requirements of *10 Cal. Code Reg. § 2792.10*.

§ 30.224 Expedited Amendment Application [RE Form 635A (Rev. 5/03)]

[1] Comment

[a] Use of Form

This form is an "expedited amendment application," which may be used to provide notice of a "material change" in a subdivision and to submit an amended public report for approval. It is an official DRE form and is reproduced here for illustrative purposes only. For information on obtaining and filing the form, see *§ 30.220[1][a]*.

This form may be used in lieu of the standard amendment/renewal application to report a material change in either the subdivision or the marketing program used to sell interests in the subdivision [*see Bus. & Prof. Code § 11012*; *10* Cal. Code Reg. § 2800; *see also § 30.223*] when (1) the subdivider wishes to submit a proposed amended public report along with the application (instead of relying on the DRE to prepare and issue the amended public report), and (2) none of the categories requiring the use of the standard application applies [*see* [b], *below*].

DRE forms may be printed out by visiting the forms page at DRE's website at http://www.dre.cahwnet.gov/forms_sub.htm.

[b] When Expedited Process is Unavailable

The expedited process to which the following form relates is unavailable under certain circumstances. Under those circumstances, the subdivider or owner must file the standard application form that appears in § 30.223[2]. Specifically, the expedited form is not appropriate for use when any of the following applies:

- The applicant is someone other than the person to whom the original or previously-amended public report was issued (except in the case of a change of ownership in a standard subdivision offered with

completed residential structures) [*see* discussion under "Change of Ownership" on p. 4 of this form].

- A budget review is necessary.

- There has been a material change in the homeowners' association's budget.

- The amended public report will involve proposed amendments of the governing instruments of a common interest subdivision for which the Commissioner's consent to a vote of owners is required [*see Bus. & Prof. Code § 11018.7*].

- The public report was originally issued prior to May 5, 1962.

- The amended public report relates to a subdivision offering that is, or is to be, registered with the HUD, Interstate Land Sales Registration Division.

- The public report is for a raw land subdivision.

- The offering involves the use of real property sales contracts, all inclusive deeds of trust, balloon payments, subsidized interest and loan payments, creative financing plans, equity sharing plans, affordable housing financing, or similar financing provisions.

§ 30.230 Registration Application for Out-of-State Subdivision [RE Form 626C Part II (Rev. 1/97)]

[1] Comment

[a] Use of Form

This form must be used for an original, renewal, or amended registration of an out-of-state subdivision with the Department of Real Estate (DRE) [*see* [b], *below*, for description of subdivisions subject to registration requirement]. It is an official DRE form, and is reproduced here for illustrative purposes. Only Part II of the form (the application portion) is set forth below; Part I (the general information sheet) is not reproduced. For the locations at which official DRE forms may be obtained, see *§ 30.220[1][a]*.

When completed, this application form should be submitted to the Department of Real Estate, Subdivisions--Technical Office, 2201 Broadway, P.O. Box 187005, Sacramento, CA 95818. For items and fees that must accompany this application at the time of filing, see the following subsections.

[b] Registration Required for Subdivisions in Other States

A person acting as a principal or agent who intends, in California, to sell or lease any lots, parcels, or interests in a subdivision that is situated outside of California but within the United States, must first register the subdivision with the Real Estate Commissioner and comply with applicable disclaimer requirements [*Bus. & Prof. Code § 10249(a)*; *see* [h], *below* (disclaimer requirements)]. For purposes of these requirements, "subdivision" includes the following [*Bus. & Prof. Code § 10249.1*]:

- Improved or unimproved land or lands that, for purposes of immediate or future sale or lease, are divided or proposed to be divided into five or more lots or parcels.

- Improved or unimproved land(s) in which, for purposes of immediate or future sale or lease, five or more undivided interests are created or proposed to be created.

- Common-interest subdivisions, such as condominiums and planned developments [*see Bus. & Prof. Code § 11004.5(a)-(d), (e), (f)*].

Time-share plans, exchange programs, incidental benefits, and short-term product subject to the Vacation Ownership and Time-Share Act of 2004 [*Bus. & Prof. Code § 11210 et seq.* (effective July 1, 2005)] are not subject to the Subdivided Lands Act [*Bus. & Prof. Code § 11004.5(g)*].

[c] Registration Not Required for Subdivisions Located Outside United States

Only out-of-state subdivisions located in the United States must be registered with the Commissioner [*see Bus. & Prof. Code § 10249(a)*; [b], *above*]. For subdivisions located outside the United States, registration is not required, but the promotional material and contracts for those subdivisions presented to California residents must contain a statutory disclaimer [*Bus. & Prof. Code § 10249.9*; *see* [h], *below*].

[d] Required Form and Contents

The application for registration must be made on this form and include a description of the offering [*Bus. & Prof. Code § 10249(a)*; *see* Boxes 2-7 of form]. Certification by the applicant that the subdivision is in compliance with all applicable requirements of the state or states where the project is located and supporting evidence of that compliance are also required [*Bus. & Prof. Code § 10249(a)*; *see* Box 9 of form and Certification at end of form].

[e] Submission Requirements

The application must be submitted with the required filing fee [*Bus. & Prof. Code §§ 10249(a), 10249.3(b)*] and the subdivider's consent to service of process [*Bus. & Prof. Code §§ 10249(a), 10249.92*]. If someone other than the subdivider files the registration application on behalf of the subdivider, the subdivider's written authorization for that individual to submit the application and to make representations on behalf of the subdivider must also accompany the application [*see* Box 8 and Certification portion of form].

[f] Processing

Once the Commissioner has received the application, he or she must provide the applicant with a notice of completion or notice of deficiency within 10 days. If no notice is provided within that time, the registration will be deemed complete [*Bus. & Prof. Code § 10249(b)*]. Presumably, if a notice of deficiency is issued, the applicant may cure the deficiency and file an amended application accompanied by an additional filing fee [*see Bus. & Prof. Code § 10249.3(b)(3)*].

[g] Term of Registration

The term of the registration is one year unless the Commissioner prescribes a longer term [*Bus. & Prof. Code § 10249.91*]. This form may be used for an amended registration or a renewal registration, as well as for original registration [*see* Box 1 of form].

[h] Disclaimers Required in Promotional Materials/Contracts for Out-of-State Offerings

Specific disclaimers mandated by statute must appear in any promotional or advertising material pertaining to an out-of-state subdivision and in any agreement or contract to lease or purchase presented to a California resident [*see Bus. & Prof. Code §§ 10249.8, 10249.9*]. The precise disclaimer(s) required depends on whether the out-of-state

subdivision is located in the United States or outside the United States. For the required disclaimer language, see *§§ 30.231* (inside United States), 30.232 (outside United States).

§ 30.231 Disclaimers Required for Subdivisions Located in Other States [Bus. & Prof. Code § 10249.8]

[1] Comment

[a] Use of Form

This form contains two separate statutory disclaimers required in promotional materials and contracts pertaining to out-of-state subdivision interests offered to California residents. These disclaimers apply to subdivisions located outside California but within the United States [*see Bus. & Prof. Code § 10249.8*]. Subdivisions fitting that description must also be registered with the Commissioner [*Bus. & Prof. Code § 10249(a)*; *see § 30.230* (registration application)]. For a different disclaimer required in connection with offerings in California of out-of-state subdivisions located *outside* the United States, see *§ 30.232*.

[b] Disclaimer Required in Promotional Materials

It is unlawful for a person, in California, to sell or lease or offer for sale or lease lots, parcels, or interests in a subdivision (as defined in *Bus. & Prof. Code § 10249.1*) [*see § 30.230[1][b]*] entirely located outside of California but within the United States, unless any printed material, literature, advertising, or invitation in California relating to that sale, lease, or offer clearly and conspicuously contains the disclaimer first set forth in the form below (designated "DISCLAIMER #1"). The disclaimer must be in at least 10-point type [*Bus. & Prof. Code § 10249.8(a)*].

[c] Disclaimer Required in Contracts or Agreements or Prior to Contact with Subdivider

If a California resident is presented in California with an agreement or contract to lease or purchase an interest in a subdivision situated outside California but within the United States, the second disclaimer in the form below (designated DISCLAIMER #2) must be inserted in at least 10-point type at the top of the first page of that agreement or contract. It must also be initialed by the California resident offeree [*Bus. & Prof. Code § 10249.8(c)*].

If an offer to lease or purchase is not initially made in writing, this same disclaimer must be mailed to the offeree, first-class postage prepaid, at least five days before the offeree attends any scheduled or arranged visit to a location, sales presentation, or contact with a person representing the offeror, when the visit or contact was scheduled or arranged by the offeror or its representative [*Bus. & Prof. Code § 10249.8(b)*].

[2] FORM

Disclaimers Required for Subdivisions Located in Other States [Bus. & Prof. Code § 10249.8]

DISCLAIMER #1

[*Set forth following disclosure clearly and conspicuously, in at least 10-point type, in any printed material, literature, advertising, or invitation (Bus. & Prof. Code § 10249.8(a)):*]

WARNING:
THE CALIFORNIA DEPARTMENT OF REAL ESTATE HAS NOT INSPECTED, EXAMINED, OR QUALIFIED THIS OFFERING.

DISCLAIMER #2

[*In at least 10-point type, set forth following disclosure (1) at top of first page of agreement or contract to lease or purchase, and (2) if initial sales offering was not in writing, in written instrument delivered to offeree prior to offeree's visit to location, sales presentation, or other contact with person representing offeror (Bus. & Prof. Code § 10249.8(b), (c)):*]

WARNING:
THE CALIFORNIA DEPARTMENT OF REAL ESTATE HAS NOT QUALIFIED, INSPECTED, OR EXAMINED THIS OFFERING, INCLUDING, BUT NOT LIMITED TO, THE CONDITION OF TITLE, THE STATUS OF BLANKET LIENS ON THE PROJECT (IF ANY), ARRANGEMENTS TO ASSURE PROJECT COMPLETION, ESCROW PRACTICES, CONTROL OVER PROJECT MANAGEMENT, RACIALLY- DISCRIMINATORY PRACTICES (IF ANY), TERMS, CONDITIONS, AND PRICE OF THE OFFER, CONTROL OVER ANNUAL ASSESSMENTS (IF ANY), OR THE AVAILABILITY OF WATER, SERVICES, UTILITIES OR IMPROVEMENTS. IT MAY BE ADVISABLE FOR YOU TO CONSULT AN ATTORNEY OR OTHER KNOWLEDGEABLE PROFESSIONAL WHO IS FAMILIAR WITH REAL ESTATE AND DEVELOPMENT LAW IN THE STATE WHERE THIS SUBDIVISION IS SITUATED.

§ 30.232 Disclaimer Required for Subdivisions Located Outside United States [Bus. & Prof. Code § 10249.9]

[1] Comment

[a] Use of Form

This form is a disclaimer that must be furnished by a subdivider to California residents in connection with any offering in California to sell or lease any interest in a subdivision located *outside* the United States [*see Bus. & Prof. Code § 10249.9*]. The disclaimer requirement is the only one imposed by the Commissioner on offerings in California of subdivision interests located *outside* of the United States. Out-of-state subdivisions located *inside* the United States must register with the Commissioner [*Bus. & Prof. Code § 10249*; *see § 30.230* (registration requirements and application)] and comply with separate disclaimer requirements [*Bus. & Prof. Code § 10249.8*; *see § 30.231*].

[b] When and Where Disclaimer is Required

It is unlawful for a person in California to sell, lease, or offer to sell or lease, a lot, parcel, or interest in a subdivision located outside the United States, unless the printed material, literature, advertising, or invitation in California that is related to the sale, lease, or offer of sale or lease clearly and conspicuously contains the disclaimer prescribed by statute and set forth in the form below. The disclaimer must be set forth in at least 10-point capital type [*Bus. & Prof. Code § 10249.9(a)*].

If an offer on property described above is not initially made in writing, the same disclaimer set forth in the form below must be mailed to the offeree, first-class postage prepaid, at least five days before the offeree attends any scheduled or arranged visit to a location, sales presentation, or contact with a person representing the offeror, when the visit or contact was scheduled or arranged by the offeror or its representative [*Bus. & Prof. Code § 10249.9(b)*].

If a California resident is presented in California with an agreement or contract to lease or purchase any interest in a

subdivision situated outside the United States, a copy of the disclaimer set forth in this form must be inserted in at least 10-point type at the top of the first page of that agreement or contract. It must also be initialed by the California resident offeree [*Bus. & Prof. Code § 10249.9(c)*].

§ 30.250 Notice of Blanket Encumbrance

[1] Comment--Use of Form

This form is a statutory notice of blanket encumbrance. It must be signed by a prospective purchaser or lessee (if the lease term is to exceed five years) of a lot, parcel, or unit of a subdivision that (1) is subject to a blanket encumbrance that does not contain a release clause, and (2) is not subject to the requirements of the SLA [*Civ. Code § 1133(a)*]. A subdivider or a subdivider's agent or representative may not directly or indirectly sell or lease for a term exceeding five years a lot, parcel, or unit in a subdivision subject to a blanket encumbrance and not governed by the SLA until this notice requirement has been satisfied [*Civ. Code § 1133(a)*].

For purposes of the notice requirement, a "subdivision" is improved or unimproved land that is divided or proposed for division into two or more lots, parcels, or units, for immediate or future sale, lease, or financing [*Civ. Code § 1133(b)*]. This definition specifically includes the following: condominium projects [*see Civ. Code § 1351(f)*]; community apartment projects [*see Civ. Code § 1351(d)*]; stock cooperatives [*see Civ. Code § 1351(m)*]; and limited-equity housing cooperatives [*Civ. Code § 1133(b)*; *see Civ. Code § 1351(m)*]. For a complete discussion of these types of projects, see Ch. 33A, *Time-Share Projects* , through Ch. 34, *Condominiums* .

The failure of a buyer or lessee to sign this notice will not invalidate any grant, conveyance, lease, or encumbrance [*Civ. Code § 1133(c)*]. However, any person who willfully violates this notice requirement will be liable to purchasers (but not lessees) for actual damages, and will be guilty of a public offense punishable by a fine of up to $500 [*Civ. Code § 1133(d)*]. In an action to enforce the liability or fine, the prevailing party will be awarded reasonable attorneys' fees [*Civ. Code § 1133(d)*].

§ 30.251 Notice of Special Tax

[1] Comment

[a] Use of Form

This form is a notice of a special tax levied under the Mello-Roos Community Facilities Act (Mello-Roos) [*see Gov. Code § 53311 et seq.*; *see also § 30.24[2]*]. If a lot, parcel, or unit of a subdivision is subject to such a special tax, the subdivider or the subdivider's agent or representative must provide this notice to a prospective (1) purchaser of the lot, parcel, or unit, or (2) lessee of the lot, parcel, or unit if the proposed lease term exceeds five years [*Gov. Code § 53341.5(a)*]. The subdivider must give this notice before the lot, parcel, or unit is sold or leased and before the prospective purchaser or lessee signs a contract of purchase, a deposit receipt, or any substantially equivalent document used in a rental transaction [*Gov. Code § 53341.5(a)*]. The prospective purchaser or lessee must sign the notice [*Gov. Code § 53341.5(a)*].

[b] Required Contents

The notice must be in substantially the form specified by *Government Code Section 53341.5* and must be printed in at least eight-point type. However, the notice may be modified as needed to clearly and accurately (1) describe the tax structure and other characteristics of a district created before January 1, 1993, or (2) consolidate information about the tax structure and other characteristics of two or more districts that levy or are authorized to levy special taxes with respect to the lot, parcel, or unit [*Gov. Code § 53341.5(a)*].

[c] Termination of Sale Agreement

The purchaser may terminate an agreement for the sale of a lot, parcel, or unit that is subject to a special tax levied under Mello-Roos. The purchaser must exercise his or her termination rights within three days after personal delivery of

the following notice or five days after delivery by deposit in the mail. A purchaser who wishes to terminate his or her agreement must deliver a written termination notice to the owner, subdivider, or agent [*Gov. Code § 53341.5(c)*].

[d] Effect of Noncompliance

Neither the subdivider's failure to furnish this notice to the buyer or lessee nor the buyer's or lessee's failure to sign the notice of special tax will invalidate any grant, conveyance, lease, or encumbrance [*Gov. Code § 53341.5(d)*]. However, willful failure to comply with the notice requirements will subject the subdivider to liability to a purchaser for actual damages and to a fine in an amount not to exceed $500. In any action to enforce the liability or fine, the prevailing party will be awarded reasonable attorneys' fees [*Gov. Code § 53341.5(e)*].

[2] FORM

Notice of Special Tax

NOTICE OF SPECIAL TAX

COMMUNITY FACILITIES DISTRICT NO. _____ COUNTY OF _____, CALIFORNIA

TO: THE PROSPECTIVE PURCHASER OF THE REAL PROPERTY KNOWN AS: [*describe property*]

THIS IS A NOTIFICATION TO YOU PRIOR TO YOUR ENTERING INTO A CONTRACT TO PURCHASE THIS PROPERTY. THE SELLER IS REQUIRED TO GIVE YOU THIS NOTICE AND TO OBTAIN A COPY SIGNED BY YOU TO INDICATE THAT YOU HAVE RECEIVED AND READ A COPY OF THIS NOTICE.

(1) This property is subject to a special tax, that is in addition to the regular property taxes and any other charges, fees, special taxes, and benefit assessments on the parcel. It is imposed on this property because it is a new development, and is not necessarily imposed generally upon property outside of this new development. If you fail to pay this tax when due each year, the property may be foreclosed upon and sold. The tax is used to provide public facilities or services that are likely to particularly benefit the property. YOU SHOULD TAKE THIS TAX AND THE BENEFITS FROM THE FACILITIES AND SERVICES FOR WHICH IT PAYS INTO ACCOUNT IN DECIDING WHETHER TO BUY THIS PROPERTY.

(2) The maximum special tax that may be levied against this parcel to pay for public facilities is $_____ during the _____- _____ tax year. This amount will increase by _____ percent per year after that (if applicable). The special tax will be levied each year until all of the authorized facilities are built and all special tax bonds are repaid, but in any case not after the _____- _____ tax year. An additional special tax will be used to pay for ongoing service costs, if applicable. The maximum amount of this tax is _____ dollars ($_____) during the _____- _____tax year. This amount may increase by _____ percent, if applicable, and that part may be levied until the _____- _____ tax year (or forever, as applicable).

(3) The authorized facilities which are being paid for by the special taxes, and by the money received from the sale of bonds which are being repaid by the special taxes, are: [*list facilities*].

These facilities may not yet have all been constructed or acquired and it is possible that some may never be constructed or acquired.

In addition, the special taxes may be used to pay for costs of the following services: _____.

YOU MAY OBTAIN A COPY OF THE RESOLUTION OF FORMATION THAT AUTHORIZED CREATION OF THE COMMUNITY FACILITIES DISTRICT, AND THAT SPECIFIES MORE PRECISELY HOW THE SPECIAL TAX IS APPORTIONED AND HOW THE PROCEEDS OF THE TAX WILL BE USED, FROM THE [*specify jurisdiction*] BY CALLING [*telephone number*]. THERE MAY BE A CHARGE FOR THIS DOCUMENT NOT TO EXCEED THE REASONABLE COST OF PROVIDING THE DOCUMENT.

[I *or* WE] ACKNOWLEDGE THAT [I *or* WE] HAVE READ THIS NOTICE AND RECEIVED A COPY OF THIS NOTICE PRIOR TO ENTERING INTO A CONTRACT TO PURCHASE OR SIGNING A DEPOSIT RECEIPT WITH RESPECT TO THE ABOVE-REFERENCED PROPERTY. [I *or* WE] UNDERSTAND THAT [I *or* WE] MAY TERMINATE THE CONTRACT TO PURCHASE OR DEPOSIT RECEIPT WITHIN THREE DAYS AFTER RECEIVING THIS NOTICE IN PERSON OR WITHIN FIVE DAYS AFTER IT WAS DEPOSITED IN THE MAIL BY GIVING WRITTEN NOTICE OF THAT TERMINATION TO THE OWNER, SUBDIVIDER, OR AGENT SELLING THE PROPERTY.

[*Add signature blocks for all purchasers or lessees*]

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING

14-30A California Legal Forms--Transaction Guide Scope

Scope

Scope

This chapter considers the terms and methods of obtaining "construction financing," that is, the loans that are typically used to finance improvements to real property. Specifically, it focuses on short-term or interim construction loans, which finance actual construction. It also considers permanent or long-term loans, which pay off the construction costs after completion of the project. Of course, the lender will determine what types of financing will be offered to a prospective developer. However, a developer's attorney can use this chapter to make recommendations concerning the types of financing that should be pursued and to participate in negotiations concerning loan terms, rates, conditions, and related matters.

The Legal Background presents an overview of the laws and practices relevant to construction financing. The Transaction Guide sets forth a guide to sources of construction financing and a step-by-step procedural guide to obtaining financing. Finally, the forms section contains several construction loan documents prepared by a major construction lender.

This chapter does not reproduce permanent loan documents, because permanent commitments are becoming increasingly difficult to obtain, as discussed throughout this Legal Background. Long-term real estate loans are discussed in detail in Ch. 25, *Real Estate Loans* . Although this chapter does not repeat that coverage, it does contain numerous cross-references to relevant Ch. 25 discussions.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART II. LEGAL BACKGROUND

14-30A California Legal Forms--Transaction Guide § 30A.10

§ 30A.10 Construction Loans Generally

A construction loan is a short-term or interim loan of money to be used for construction of improvements on real property and for incidental expenses [*see Pollock v. Tiano (1967) 253 Cal. App. 2d 183, 186, 61 Cal. Rptr. 235]* . The loan is made on the basis of plans and specifications, and is necessary because construction costs must be paid when accrued and before completion of construction [*see* California Real Estate Law and Practice, Ch. 420, *Financing Construction and Development* (Matthew Bender)]. Construction loans are repaid with the proceeds from permanent loans [*see § 30A.11[1]*].

A "construction lender" is any mortgagee or beneficiary under a deed of trust that lends funds for the complete or partial payment of works of improvement [*see Civ. Code § 3087*]. The lender's security will be the first lien on the completed property [*see § 30A.14*].

Typical features of a construction loan include the following [*see* California Real Estate Law and Practice, Ch. 420, *Financing Construction and Development* , Part C (Matthew Bender)]:

- A term of up to three years, with maturity occurring shortly after the completion of construction;
- A relatively high interest rate, which is based on the lender's expenses and risks [*see § 30A.12*];
- Disbursement of loan proceeds on the completion of specified stages or percentages of construction (progress payments), with interest accruing only on the amount advanced; and
- Use of the proceeds to pay for most or all construction costs, including labor, materials, loan interest, appraisal costs, incidental fees, and title insurance premiums.

For a discussion of long-term construction loans whose terms may be extended at the option of the borrowers, see *§ 30A.11[3]*.

Any contract subject to the California Statute of Frauds is invalid unless the contract, or some note or memorandum of

it, is in writing and subscribed by the party to be charged or by the party's agent [*Civ. Code § 1624*]. A contract, promise, undertaking, or commitment to loan money or to grant or extend credit, in an amount greater than $100,000, is subject to the Statute of Frauds if (1) it is made by a person engaged in the business of lending or arranging for the lending of money or extending credit, and (2) it is not primarily for personal, family, or household purposes. A contract, promise, undertaking, or commitment to loan money secured solely by residential property consisting of one to four dwelling units is deemed to be for personal, family, or household purposes [*Civ. Code § 1624(a)(7)*], and therefore is not subject to the Statute of Frauds. For further discussion, see California Forms of Pleading and Practice, Ch. 530, *Statute of Frauds* (Matthew Bender).

As a condition to making a construction loan, the construction lender may insist that the developer first obtain a written commitment for a permanent loan [*see § 30A.11[1]*]. However, it is more likely that at this early stage the construction lender will be expected to obtain only conditional permanent financing [*see § 30A.11[2]* or special interim financing that can be extended for a relatively long term [*see § 30A.11[3]*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART II. LEGAL BACKGROUND

14-30A California Legal Forms--Transaction Guide § 30A.11

§ 30A.11 Long-Term Financing

[1] Permanent or Take-Out Loans

A "permanent" or "take-out" loan is a long-term loan, payable in installments over a period of several years, which is used to "take out" or pay off an interim construction loan. Although the loan is not made until construction has been completed, a permanent lender may make a written commitment to make the loan before the construction lender proceeds with a construction loan [*see § 30A.10*]. That contractual commitment, which is made in consideration of a fee and is contingent on the satisfaction of specified conditions [*see § 30A.12*], serves as a guarantee that the permanent loan will be made (and the construction loan repaid) if the construction project is completed according to specifications and is free from mechanics' liens [*see* California Real Estate Law and Practice, Ch. 420, *Financing Construction and Development* (Matthew Bender)]. In a subdivision, the home buyer usually obtains the permanent loan while the subdivider or builder makes the construction loan [*Jones v. Sacramento Sav. & Loan Asso. (1967) 248 Cal. App. 2d 522, 527, 56 Cal. Rptr. 741]* .

These written permanent commitments were almost always required until the late 1970s and early 1980s, when permanent commitments became quite difficult to obtain because of fluctuating interest rates. Now most construction projects go forward without written permanent commitments. A construction loan that is not conditioned on receipt of a permanent commitment is referred to in the industry as an "uncovered" loan [*see* California Real Estate Law and Practice, Ch. 420, *Financing Construction and Development* (Matthew Bender)]. For discussion of alternatives to permanent commitments and uncovered loans, see *§ 30A.11[2], [3]*.

Most permanent commitments offered today do not establish a fixed rate of interest, but instead specify an index that will be used to determine the rate if and when the loan is funded. This commitment assures the borrower of permanent funding without giving a prior indication of its cost and therefore protects the lender from unstable interest rates [*see* California Real Estate Law and Practice, Ch. 420, *Financing Construction and Development* (Matthew Bender)].

If the attorney's client is unable to obtain permanent financing before commencing construction, the attorney should consult Ch. 25, *Real Estate Loans* , for a discussion of long-term real estate loans.

[2] Standby Commitments

If high interest rates or other conditions make it undesirable or impossible for a developer to obtain a permanent loan commitment when the developer wishes to commence construction, the construction lender may agree to accept a standby commitment in lieu of a standard permanent loan commitment. A lender who makes a standby commitment agrees to provide permanent financing on the completion of construction if the developer is unable to obtain alternative (more attractive) financing in the meantime. The lender will charge a fee for this arrangement and, if the loan is made, will charge an interest rate that is higher than the rate that would have been charged for a standard permanent loan [*see* California Real Estate Law and Practice, Ch. 420, *Financing Construction and Development* (Matthew Bender)].

As a practical matter, lenders are frequently hesitant to make standby commitments because of the risk that fluctuating interest rates will cause the borrower to accept the funding when the offered rate is relatively low. However, some lenders will make a standby commitment, collect high commitment fees, and avoid the risk of unfavorable interest rates by identifying, in the commitment documents, an index which will be used to compute a competitive interest rate at the time of funding [*see § 30A.11[1]*].

[3] Long-Term Construction Loans

A long-term construction loan is an interim financing device and an alternative to the standard construction loan. These "long-term" loans actually have a short initial term that rarely exceeds 24 months; however, the borrower may elect to extend the term to up to five (or, occasionally, as many as 15) years by paying annual or semi-annual extension fees. This term and its optional extensions provide the borrower with additional time in which to obtain permanent funding. Although the interest rate is usually tied to an index, the borrower may be permitted to fix the rate for specified periods [*see* Matkins, Loan Commitments and Negotiations, First Annual Real Property Institute: Capital Formation in Real Property Development (Cal. C.E.B. Program Material, Feb. 1984)].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART II. LEGAL BACKGROUND

14-30A California Legal Forms--Transaction Guide § 30A.12

§ 30A.12 Relationship Between Construction and Permanent Loans

Assuming that a developer is able to obtain both a construction loan and a permanent loan commitment at the outset of the project, the two loans may be made by the same lender, either as separate loans or as a combination loan. However, in most cases the two loans are obtained from different lenders, with the construction lender's interest in the improvements terminating once the construction loan is repaid with the proceeds from the permanent loan. Thus, the construction lender's security consists of the permanent loan commitment. Because that commitment will inevitably be contingent on the satisfaction of certain conditions, such as the timely completion of construction in accordance with the plans and specifications, the lender must protect its security by seeing that the conditions can and will be satisfied. To minimize the risks associated with these conditions, the construction lender will attempt to make the conditions subject to its control, rather than the control of the permanent lender or a third party (such as an architect or an engineer).

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART II. LEGAL BACKGROUND

14-30A California Legal Forms--Transaction Guide § 30A.13

§ 30A.13 Sources and Regulation of Loans

The major sources for construction loans are savings and loan associations and commercial banks. Permanent loan lenders include savings and loans, life insurance companies, and mutual savings banks. Other institutional lenders such as pension funds and foundations rarely enter the construction loan field because they usually maintain lending offices only in one or more major cities and do not have adequate staffs available in local communities to supervise construction financed by these loans [*see* California Real Estate Law and Practice, Ch. 420, *Financing Construction and Development* , Part B (Sources of Financing) (Matthew Bender)].

A number of significant governmental factors influence the terms and conditions of available loans. For example, California banks and savings and loan associations are directly regulated by the California Financial Code [*see Fin. Code §§ 1227, 7500-7507*] and the regulations of the Federal Home Loan Bank Board and the Board of Governors of the Federal Reserve System [*see 12 U.S.C. §§ 1421-1470*]. For an outline of the restrictions applicable to construction and permanent loans, see *§ 30A.120*.

Various governmental loan assistance programs are also available. It is often to the developer's advantage to qualify for Veterans Administration or Federal Housing Administration financing, since this may enhance the marketability of the project, especially residential subdivisions. For the procedure required to qualify for government-insured financing, see *§ 30A.110*. These programs are discussed in detail in California Real Estate Law and Practice, Ch. 101, *Conventional Financing (Loans)* and Ch. 420, *Financing Construction and Development* (Matthew Bender).

For additional discussion of long-term real estate loans, see Ch. 25, *Real Estate Loans* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART II. LEGAL BACKGROUND

14-30A California Legal Forms--Transaction Guide § 30A.14

§ 30A.14 Subordination of Purchase Money Deed of Trust

A commercial bank will [*Fin. Code § 1227*; *12 U.S.C. § 371(a)*], and any other type of construction lender may, insist that its loan be secured by a first lien, or in other words a first deed of trust, on the property on which the financed project is to be constructed. Thus, the construction lender must confirm that any purchase money deed of trust given for the land on which the project is to be constructed can properly be subordinated to the deed of trust securing its construction loan [*see* Ch. 23, *Real Property Sales Agreements*].

To be specifically enforceable, a subordination provision contained in a purchase money deed of trust must specify enough terms of the subordinating loan to minimize the risk that the new loan will impair or destroy the seller's security [*Handy v. Gordon (1967) 65 Cal. 2d 578, 581, 55 Cal. Rptr. 769, 422 P.2d 329]* . Those terms should include all of the following [*see Roskamp Manley Associates, Inc. v. Davin Development & Investment Corp. (1986) 184 Cal. App. 3d 513, 518, 229 Cal. Rptr. 186* ; *see also* Ch. 25B, *Subordination, Assumption, and Assignment*]:

- The maximum principal amount;
- The maximum interest rate;
- The term (i.e., maturity date) of the loan;
- Maximum loan fees and costs, and whether they are to be paid from the principal amount of the subordinating loan;
- Repayment terms, including any provisions for balloon payments;
- Prepayment terms, such as maximum penalties, if any;
- Restrictions on the use of the loan proceeds; and
- Specifics as to any commitment for "take-out" or permanent financing after completion of the

construction or development.

A construction loan that does not comply with the specified terms will not gain priority over the purchase money deed of trust and be a first lien on the security property [*Jones v. Sacramento Sav. & Loan Asso. (1967) 248 Cal. App. 2d 522, 526, 56 Cal. Rptr. 741]* . When the proceeds of the construction loan are used for purposes not allowed by the subordination provisions of the purchase money deed of trust, the purchase money deed of trust may not be subordinated to the construction loan [*Miller v. Citizens Sav. & Loan Asso. (1967) 248 Cal. App. 2d 655, 663, 56 Cal. Rptr. 844]* . However, the lender may receive an equitable lien, with priority over the purchase money deed of trust, for the portion of loan funds actually used for the permitted purposes [*Jones v. Sacramento Sav. & Loan Asso. (1967) 248 Cal. App. 2d 522, 529, 56 Cal. Rptr. 741]* , or the loan may be held to have lost priority only as to the amounts that were misappropriated [*Miller v. Citizens Sav. & Loan Asso. (1967) 248 Cal. App. 2d 655, 665, 56 Cal. Rptr. 844]* . For a complete discussion of subordination agreements, see Ch. 25B, *Subordination, Assumption, and Assignment* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART II. LEGAL BACKGROUND

14-30A California Legal Forms--Transaction Guide § 30A.15

§ 30A.15 Marks-Foran Residential Rehabilitation Act of 1973

The Marks-Foran Residential Rehabilitation Act of 1973 [*Health & Safety Code § 37910 et seq.*] authorizes cities and counties, housing authorities, and redevelopment agencies to conduct programs for the financing of residential rehabilitation of housing. Under the Act, the local entities must report directly to the California Debt and Investment Advisory Commission [*Health & Safety Code § 37913*]. Loans for residential rehabilitation must be repaid within the lesser of 40 years or four-fifths of the economic life of the property [*Health & Safety Code § 37922(d)(2)*]. The maximum amount of all loans for residential rehabilitation under the Act, exclusive of acquisition costs or refinancing, is $45,000 for each dwelling unit and for each commercial unit. However, financing by a redevelopment agency may exceed that limitation with respect to loans for rehabilitation of one- to four-unit dwellings, provided the total amount financed, including any amount loaned for acquisition or refinancing, does not exceed the lesser of $80,000 per dwelling unit or 90 percent of the after-rehabilitation value [*see Health & Safety Code § 37922(d)(1)*], regardless of whether the loan is or is not insured or guaranteed [*Health & Safety Code § 37922(d)(3)*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART II. LEGAL BACKGROUND

14-30A California Legal Forms--Transaction Guide § 30A.16

§ 30A.16 Liability of Construction Lender

[1] Defects in Construction

Under *Civ. Code § 3434*, if a loan is or may be used by the borrower to finance the design, manufacture, construction, repair, modification, or improvement of real property for sale or lease to others, the lender is not liable to third persons for any loss or damage resulting from the borrower's failure to use due care in performing the above activities, or for any loss or damage caused by any defect in the property. However, the lender may be liable if the loss or damage results from acts that are outside the scope of a lender's activities, or if the lender has been a party to misrepresentations with respect to the property [*Civ. Code § 3434*].

Before the enactment of *Civ. Code § 3434*, the California Supreme Court had held a construction lender liable for construction defects because the lender's actions went beyond those of a mere lender of money. Specifically, the lender had the right to exercise extensive control over the enterprise and received substantial fees for making the loans, a 20 percent capital gain for warehousing the land, and protection from loss of profits if individual home buyers sought permanent financing elsewhere. Consequently, the lender was found to be an "active participant in a home construction enterprise" and held to have a duty to the purchasers of the homes to exercise reasonable care to protect them from damages caused by major structural defects, but not to holders of second deeds of trust on the property [*Connor v. Great Western Sav. & Loan Asso. (1968) 69 Cal. 2d 850, 864, 866-870, 73 Cal. Rptr. 369, 447 P.2d 609]* . Although that decision has been overruled at least in part by *Civ. Code § 3434*, it does provide examples of acts that are beyond the scope of a typical lender's activities and which would therefore appear to subject the lender to liability under *Civ. Code § 3434*.

[2] Bonded Stop Notices and Mechanics' Liens

Because a construction loan is based on the value of improvements not yet constructed, the construction lender must take precautions and exercise controls to insure that the general building contractor is able to complete construction of the project on which it has loaned its money. These precautions and controls are ordinarily contained in a construction (or building) loan agreement [*see § 30A.201*] executed by the landowner-borrower, the general contractor, and the lender at the time the construction loan is made. In addition to giving the lender the right to inspect the project as work progresses and to control disbursement of the loan proceeds, the agreement usually provides that if construction work is

discontinued before the project is fully completed, any funds in the loan account not due or payable as progress payments to the contractor will revert to the lender and be credited toward repayment of the construction loan. Thus, if a $100,000 construction loan were payable to the contractor in five equal progress payments, each due as a specified stage of construction was completed, and the contractor abandoned the project after he or she had finished the fourth stage of construction, $20,000 should remain in the loan account, revert to the lender, and be credited toward repayment of the $100,000 construction loan. The lender would then have a deed of trust securing an unpaid principal balance of $80,000 on a partially completed building theoretically worth $80,000.

Any person furnishing labor, services, equipment, or materials for any improvement work cannot assert a right to a construction fund unless the right is created by direct written contract with the person holding the fund or is created by a duly served stop notice [*Civ. Code § 3264*; *see Civ. Code § 3103* (stop notices); *see also* Ch. 31, *Mechanics' Liens*]. A person who has not been paid for labor or materials furnished for a construction project may serve a stop notice on a lender or other persons holding any funds that were furnished or are to be furnished to pay the construction costs of the project. An owner who is served with a stop notice, whether or not it is bonded, has a mandatory duty to withhold funds unless a payment bond has been previously recorded [*Civ. Code § 3161*]. A construction lender's withholding responsibilities--that is, whether a lender has a duty to withhold funds or merely discretion to do so--depend on various factors, including whether or not the stop notice is a bonded stop notice [*Civ. Code § 3162(a)*]. On receipt of a stop notice, a lender must withhold funds when either of the following occur [*Civ. Code § 3162(a)(2), (3)*]:

- The stop notice is a bonded stop notice filed by an original contractor, regardless of whether a payment bond has been previously recorded [*Civ. Code § 3162(a)(1)*]; or

- The stop notice is a bonded stop notice filed by any person entitled to do so [*see Civ. Code § 3159(a)*] other than an original contractor and a payment bond was not recorded before the first stop notice was served.

A construction lender may, but is not required to, withhold funds on receipt of a stop notice when (1) the stop notice is not bonded, regardless of who gives it [*Civ. Code § 3161(a)*]; or (2) the stop notice is a bonded stop notice filed by any person entitled to do so other than an original contractor and a payment bond was recorded pursuant to *Civ. Code § 3235* before the first stop notice was served [*Civ. Code § 3162(a)(2), (3)*]. No assignment by the owner or contractor of construction loan funds, whether made before or after the stop notice is filed, takes priority over a claim represented by a bonded stop notice [*Civ. Code § 3166*].

Because a stop notice claim requires the fund holder to withhold sufficient moneys from "the fund," and not just from the portion of the fund that is or will become due to the contractor or landowner, the stop notice claim attaches to the portion of the fund that, after construction is stopped, will revert to the lender under the construction loan agreement [*A-1 Door & Materials Co. v. Fresno Guar. Sav. & Loan Asso. (1964) 61 Cal. 2d 728, 732-734, 40 Cal. Rptr. 85, 394 P.2d 829]* . Thus, under the example given in the first paragraph under this heading, if all progress payments had been made to the contractor as they became due and a $10,000 bonded stop notice claim was thereafter duly served on the lending institution, the $10,000 claim would have to be withheld from the $20,000 remaining in the loan account and the lender would have a deed of trust securing an unpaid principal balance of $90,000 on a partially completed building theoretically worth only $80,000.

Notwithstanding the above, a bonded stop notice does not require the lender to withhold any amount from the construction loan funds if, before the serving of the first stop notice or bonded stop notice, the original construction contract between the landowner and contractor was duly recorded in the county where the project is located, together with a bond equal to 50 percent of the contract price [*Civ. Code §§ 3162, 3235*]. Following that recordation, the court in any action to enforce a stop notice claim must, when it would be equitable to do so, restrict the recovery under lien claims to an aggregate amount equal to the amount found to be due from the owner to the original contractor and render judgment against the original contractor and his or her sureties on the bond for any deficiency or difference remaining

between the amount found to be due to the original contractor and the whole amount found to be due to claimants [*Civ. Code § 3235*].

For a discussion of the relationship between stop notices and mechanics' liens, see Ch. 31, *Mechanics' Liens* .

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART II. LEGAL BACKGROUND

14-30A California Legal Forms--Transaction Guide § 30A.17

§ 30A.17 Availability of Purchase Money Protection

If, following a judicial foreclosure of a loan secured by real estate, the value of the security does not pay off the debt, a court may award a deficiency judgment for the difference [*see Code Civ. Proc. § 726*]. However, a court does not have this option if the security is a purchase money security (i.e., security for an obligation incurred in the purchase of real property and owed to the seller or, in some cases, a third party) [*Code Civ. Proc. § 580b*; *see* Ch. 25B, *Subordination, Assumption, and Assignment*].

This prohibition against deficiency judgments generally applies to sales of real property in which the lender is a third party other than the seller and the real property is intended to be an owner-occupied, one-to-four-family residential structure, or in which the seller retains a security interest in the property sold. The latter situation does not include the customary construction loan transaction, because construction loans are usually made by third-party lenders. Thus, only construction loans made to construct owner-occupied, one-to-four-family residential units are protected by the antideficiency provisions of *Code Civ. Proc. § 580b*. For instance, protection against deficiency judgments is not available if real property is purchased with third-party financing and a home to be built on the real property is not originally intended to be occupied by the purchasers [*Paramount Sav. & Loan Asso. v. Barber (1968) 263 Cal. App. 2d 166, 169, 69 Cal. Rptr. 390]* . However, antideficiency protection will apply to a construction loan to build an owner-occupied home on real property even though the real property is owned by the borrower at the time the loan is executed. This type of construction loan is, in fact, used to pay the purchase price of a dwelling, and the deed of trust is a purchase money instrument within the meaning of *Code Civ. Proc. § 580b* [*Prunty v. Bank of America (1974) 37 Cal. App. 3d 430, 436-437, 112 Cal. Rptr. 370]* .

For a detailed discussion of purchase money antideficiency protection, see California Real Estate Law and Practice, Ch. 122, *Antideficiency Legislation* (Matthew Bender).

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART III. TRANSACTION GUIDE
A. Client Interview--Facts and Documents

14-30A California Legal Forms--Transaction Guide § 30A.100

§ 30A.100 Facts

1. Type of project, e.g.:

    a. Single-family residence.

    b. Residential duplex or triplex.

    c. Multiunit residential development (e.g., apartment building, condominium, etc.).

    d. Shopping center.

    e. Single-purpose commercial building.

    f. Office or multipurpose commercial building.

    g. Industrial park.

    h. Residential subdivision, with or without commercial and industrial sites.

    i. Off-site improvements for subdivision.

    j. Housing for elderly.

    k. Nursing home or intermediate care facility.

    l. Residential rehabilitation or urban renewal facility.

m. Group practice facility.

2. Purpose for which project is being constructed, e.g.:

a. Occupancy by present landowner as residence.

b. Rental of dwelling units.

c. Leasing to commercial tenants.

d. Occupancy by present landowner's business.

e. Operation as going business, such as hotel or theater.

f. Sale to long-term investors such as investment syndicates.

g. Sale to potential subdivision home buyers.

3. Concerning developer/borrower:

a. Name and address.

b. Legal status, e.g., individual, partnership, corporation.

c. Experience in development projects.

d. Financial ability and worth.

e. Reputation.

4. Concerning contractor:

a. Name and address.

b. Legal status, e.g., individual, partnership, corporation.

c. Contractor's license number.

NOTE:
Every contractor licensed in California must include his or her contractor's license number in all construction contracts, subcontracts, calls for bid, and all forms of advertising [*Bus. & Prof. Code § 7030.5*]. The lending institution will use the number to determine whether or not any complaints have been filed against the contractor with the Contractors' State License Board.

d. Net worth and financial ability.

e. General experience as contractor.

f. Major projects previously completed.

g. Projects now under construction and possibility that work or other matters connected with those projects might interfere with work on proposed project.

h. Reputation for quality work and complaints of persons for whom he or she had previously done construction work.

NOTE:

Probably the best method of making this determination is to have the landowner visit projects previously constructed by contractor and talk with the occupants of those projects.

i. Reputation among subcontractors and materialmen for payment and quality of work.

j. Mechanics' liens and collection problems of subcontractors and materialmen who performed labor or furnished material for previous projects constructed by contractor.

k. Ability and willingness of contractor to post performance and payment bonds for project [*see* Ch. 30D, *Construction Contracts and Subcontracts*].

NOTE:

A performance bond guarantees the faithful performance of the contract by the contractor. A payment bond guarantees the payment of all mechanics' liens that may be filed against the real property on which the project is being constructed [***see*** *Civ. Code § 3235*]. A reputable contractor should have no objection to posting these bonds when the landowner agrees to pay the premiums on them.

5. Governmental requirements relating to:

NOTE:

Counsel should consult Ch. 30B, ***Zoning, Building, and Environmental Entitlements and Permits*** , for additional discussion of these governmental requirements.

a. Zoning.

b. Off-site improvements.

c. Improvements to off-site facilities, such as:

(1) Sewage disposal plant.

(2) Water trunk lines.

d. School, highway, and other public building plans.

e. Minimum lot or building area requirements.

f. Parking area requirements.

NOTE:

These requirements are usually expressed in terms of so many feet of parking space for each commercial

or dwelling unit to be constructed.

g. Street or sidewalk improvements required by project.

NOTE:

When a commercial structure is built or a residential structure is remodeled into a commercial structure in a suburban area, some counties require that curbs, gutters, and sidewalks designed by a privately hired civil engineer be installed by the property owner along the street(s) on which the structure fronts.

h. Any considerations that might require filing environmental impact reports and statements.

NOTE:

For a discussion of state and federal requirements regarding the filing of environmental impact documents, see California Real Estate Law and Practice, Ch. 303, ***Requirements of the California Environmental Quality Act*** (Matthew Bender), and California Environmental Law and Land Use Practice, Ch. 22, ***Environmental Impact Reports*** (Matthew Bender). For forms and a discussion of the California Real Estate Commissioner's requirements, see *Ch. 30,* ***Subdivision Regulation****, §§ 30.220-30.224*.

6. Financial requirement analysis, i.e.:

a. Cost of land.

b. Cost of any off-site improvements.

c. Construction costs, including:

(1) Architects' fees.

(2) Engineers' fees.

(3) Cost of on-site improvements.

d. Financial costs.

(1) Costs during construction, including:
(a) Interest.

(b) Taxes.

(c) Insurance.

(2) Interim and permanent lenders' fees.

(3) Performance bond and labor and material bond.

(4) Title and recording expenses.

(5) Escrow expenses.

e. Miscellaneous costs, e.g.:

(1) Legal expense.

(2) Organization expense.

(3) Promotion expense.

(4) Commission expense.

(5) Advertising expense.

(6) Ground lease rental.

(7) Cash required to furnish or equip project.

(8) Operating expenses during construction.

(9) Costs of obtaining governmental approval regarding zoning, subdivision maps, and environmental clearance.

f. Funds available:

(1) Mortgage proceeds.

(2) Loan sources.

(3) Other sources of funds.

7. Economic potential of project.

NOTE:

The detail in which the economic potential of the project is to be studied will depend on the type and size of the project. When a large project such as a shopping center or large subdivision is contemplated, a competent planning or research organization should be engaged to make a complete economic survey of the project and the area in which it is to be located. However, some (if not all) of the items listed under this heading will be relevant to any construction project.

a. Exact location of project.

b. Type of area in which project is located, e.g., residential, commercial, retail, or industrial.

c. If single-family dwelling is to be constructed and occupied by landowner, the income and potential continued employment of landowner.

d. If other than a single-family dwelling is to be constructed and occupied by landowner, the market area to be served by project.

NOTE:

Even when the building project is a single-family dwelling to be occupied by the landowner, the market area in which it is located may have an important bearing on the eventual resale value of the home and the landowner's potential for continued employment while living in it.

e. If residential subdivision or multiple-dwelling project is to be built, the housing market in the area.

NOTE:

An evaluation of the housing market in a given area requires analysis of several factors, including the number of unsold houses in the area, the vacancy factor in apartment buildings in the area, and the price of similar houses or apartments in the area. This information is usually available from real estate departments of lending institutions and such local agencies as apartment owner associations, real estate boards, and credit reporting concerns.

f. If residential subdivision, the type and contemplated sales price of homes that will be built in subdivision.

g. If shopping center or other multi-rental commercial project, the potential tenants and leases for space in project.

NOTE:

Lending institutions will usually ask the applicant for a construction loan to present copies of already executed leases for space in the project [***see*** Ch. 34E, ***Shopping Centers: Leasing and Operation***].

8. Other liens and encumbrances on land on which project is to be constructed.

a. Purchase money deed of trust for land.

(1) Amount, interest, terms of payment.

(2) Provisions for subordination to construction loans [*see § 30A.14*].

(3) Contemplated payment from construction loan.

b. Bonds or special assessments for off-site improvements [*see* California Real Estate Law and Practice, Ch. 470, *Subdivisions* (Matthew Bender)].

A. Client Interview--Facts and Documents

14-30A California Legal Forms--Transaction Guide § 30A.101

§ 30A.101 Documents

1. Detailed plans and specifications of project.

2. Signed construction contract between owner/developer and general building contractor [*see* Ch. 30D, *Construction Contracts and Subcontracts*].

NOTE:
The attorney must confirm that the financing documents are consistent with the provisions of the construction contract, particularly the contractual provisions governing change orders, disbursements, and inspections.

3. Detailed cost breakdown sheet for project prepared by contractor.

4. Copy of any purchase money deed of trust for land or other lien encumbering property containing subordination provisions.

5. Financial statement for owner.

6. Balance sheet and recent profit and loss statement for contractor.

7. If project is a shopping center or multirental commercial building, copies of all leases with major tenants.

8. Any documents bearing on project's environmental impact.

9. Additional documents required by lender at initial interview [*see § 30A.121*, P 2.].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART III. TRANSACTION GUIDE
B. Preliminary Determinations

14-30A California Legal Forms--Transaction Guide § 30A.110

§ 30A.110 Governmental Requirements

1. What governmental approvals must be obtained for construction project?

a. Zoning permits.

b. Environmental clearances.

c. Building permits.

2. Should client seek a construction loan from a state bank, considering that any such loan must be secured by first lien on real property and will be subject to following limitations [*see Fin. Code § 1227*]?

NOTE:

Both state and federal commercial banks are much more likely to make short-term construction loans (particularly for projects larger than single-family residential dwellings) than long-term permanent loans. Note that California banks are extremely reluctant to make construction loans for the maximum terms and amounts permitted by statute [***see*** California Real Estate Law and Practice, Ch. 420, ***Financing Construction and Development*** (Matthew Bender)].

a. Term cannot exceed 60 months [*Fin. Code § 1227(f)*].

b. Amount will not exceed 85 percent of appraised market value of land and improvements in place at time each disbursement is made [*Fin. Code § 1227(f)*].

c. Purpose of loan must be to finance building operations under plan providing for payment of loan in

lawful manner [*Fin. Code §§ 1200-1239*].

3. Does client's desired financing fall within following limitations on real estate loans made by California savings and loan associations?

NOTE:

A "real estate loan" for state savings and loan purposes is a loan or other obligation secured by a lien on real estate, if the security property is "real estate" as defined in *Civ. Code § 658*; the security interest of the association may be enforced as a real estate mortgage, deed of trust, or equivalent; the security property is capable of separate appraisal; and the association relies substantially on the real estate as primary security for the loan [*Fin. Code § 5115*]. A California savings and loan association may adjust the interest rate, payment, balance, or term-to-maturity on any loan secured by real property as authorized by the loan contract, subject to certain limitations [*Fin. Code § 7504*; ***see*** *Fin. Code § 7504(b)*; ***see also*** *12 U.S.C. § 1701j-3* (applicable limitations)].

The statutory authorization for a California savings and loan association to originate or otherwise deal in real estate loans specifically includes the authority to make construction loans [*Fin. Code § 7500(a)*]. Savings and loans tend to make construction loans for smaller construction projects, such as single-family residences, and are often willing to offer long-term, permanent financing [***see*** California Real Estate Law and Practice, Ch. 420, ***Financing Construction and Development*** (Matthew Bender)].

A savings and loan association may, under very limited circumstances, make a loan that (1) is secured by real property, but (2) does not comply with some of the statutory restrictions normally governing these loans [***see*** *Fin. Code § 7507*].

For additional discussion of real estate loans made by state and federal savings and loan associations, see Ch. 25, ***Real Estate Loans*** , and California Real Estate Law and Practice, Ch. 101, ***Conventional Financing (Loans)*** (Matthew Bender).

a. Any real estate loan must:
(1) Be evidenced by note or instrument of obligation that [*Fin. Code § 7501*]:
(a) Is for amount of the loan;

(b) Specifies amount and terms of repayment including any penalty or charge for late payment; and

(c) May contain all other terms of loan contract.

(2) Be secured by deed of trust, mortgage, or other transaction or instrument constituting a lien or claim (or its equivalent) on real estate securing loan; transaction or instrument must [*Fin. Code § 7502*]:

(a) Provide specifically for full protection to association with respect to loan and additional advances; and

(b) Include any terms and conditions that association deems necessary and appropriate to state agreement between parties.

NOTE:
In making a residential real estate loan, a savings and loan may rely substantially on the

borrower's general credit standing and projected future income for repayment, without other security, or may rely on other assurances for repayment, such as guarantees or other obligations of third parties [*Fin. Code § 7505.5(a)*; *see* *Fin. Code § 7505.5(b)*].

(3) Not exceed maximum loan-to-value ratio established by associations's board of directors [*Fin. Code § 7509*].

NOTE:

At the time of origination, a real estate loan may not exceed 100 percent of the market value of the security property. The board of directors of each savings and loan association must establish maximum loan-to-value ratios for loans secured by real estate [Fin. Code § 7509(a)(1); *see* *Fin. Code § 7509(e)* (requirements governing determination of whether particular loan complies with applicable loan-to-value ratio)]. An association may not make a loan secured by unimproved real property if the loan-to-value ratio would exceed 80 percent of the appraised value of the unimproved real property [*Fin. Code § 7509(d)*]. Statutory requirements and restrictions apply to loans in excess of 90 percent of the appraised value of the security property [***see*** *Fin. Code § 7509(a)-(c)*].

4. Is national bank or federally chartered savings association suitable lender for client's purposes, considering real estate loans are subject to following maximum loan-to-value limits set forth below [12 C.F.R. pt. 34, subpt. D, app. A (national banks), § 560.101, appendix (savings associations); *see 12 U.S.C. § 84*; *12 C.F.R. §§ 32.3, 34.62* (national banks), 560.93, 560.101 (savings associations)]?

NOTE:

These limits are the maximum allowable by law. Individual banks and savings associations may establish their own lower limits. The limits should be applied to the underlying property that collateralizes the loan. For loans that fund multiple phases of the same project, the appropriate loan-to-value limit is the limit applicable to the final phase of the project funded by the loan (for example, the limit applicable to a loan for both land development and construction of an office building should be 80 percent); loan disbursements should not, however, exceed actual development or construction costs. When a loan is fully cross-collateralized by two or more properties or is secured by a collateral pool of two or more properties, the appropriate maximum loan amount is the sum of the value of each property, less senior liens, multiplied by the appropriate loan-to-value limit for each property [12 C.F.R. pt. 34, subpt. D, app. A (national banks), § 560.101, appendix (savings associations)].

a. Sixty-five percent for raw land.

b. Seventy-five percent for land that is ready for development.

c. Eighty percent for commercial, multifamily (including condominiums and cooperatives), and other nonresidential construction.

d. Eighty-five percent for one-to-four-family, non-owner-occupied, residential construction.

e. Eighty-five percent for improved property.

NOTE:

There is no established limit for owner-occupied, one-to-four-family residential construction and home equity construction loans. For any such loan with a loan-to-value ratio that equals or exceeds 90 percent at origination, however, an

institution should require appropriate credit enhancement in the form of either mortgage insurance or readily marketable collateral [12 C.F.R. pt. 34, subpt. D, app. A, n.2 (national banks), § 560.101, appendix, n.2 (savings associations)].

CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART III. TRANSACTION GUIDE
B. Preliminary Determinations

14-30A California Legal Forms--Transaction Guide § 30A.111

§ 30A.111 Miscellaneous Considerations

1. If purchase money deed of trust was given for land on which project is to be constructed, can it be subordinated to deed of trust securing construction loan [*see § 30A.14*]?

2. Should client retain a mortgage loan broker or other "packager" to perform any or all of the following services?

NOTE:

Mortgage loan brokers are helpful when (1) the borrower and the attorney lack a working knowledge of real estate financing; or (2) extensive negotiations are anticipated because the proposed project is large. These brokers are usually contacted after the loan package has been assembled [***see*** Ch. 25, ***Real Estate Loans***].

a. Rendering advice concerning lenders who are currently interested in type of project proposed.

b. Providing specific information concerning the term, interest rate, conditions, and contents of application package likely to be offered or required.

c. Completing loan application.

d. Preparing or otherwise obtaining supporting documentation for application.

e. Drafting some or all of the loan documents.

f. Representing borrower in negotiations.

g. Performing ongoing services (e.g., inspections) after loan is made.

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART III. TRANSACTION GUIDE
C. Procedural Guide to Obtaining Construction Financing

14-30A California Legal Forms--Transaction Guide § 30A.120

§ 30A.120 Obtaining Commitment for Permanent Loan

NOTE:

Although written permanent loan commitments have traditionally been prerequisites to the making of a construction loan, it is becoming increasingly difficult for borrowers to obtain those commitments. Thus, most construction projects are commenced before permanent financing has been obtained [***see*** *§§ 30A.10, 30A.11*]. Consequently, the attorney for a developer who cannot obtain a permanent commitment by following the procedure in this section should refer to Ch. 25, ***Real Estate Loans***, for a discussion of real estate loans.

1. To obtain commitment for conventional, uninsured permanent loan, have developer participate in following procedure:

a. Negotiate conditions to permanent commitment, e.g.:

NOTE:

It is very important that the developer's attorney participate in these negotiations because they will serve as the basis for all of the permanent documents (permanent loan agreement, buy-sell or tri-party agreement, etc.) and for the funding of the permanent loan [***see*** *§ 30A.12*].

For a detailed discussion of conditions to permanent commitments, see California Real Estate Law and Practice, Ch. 420, ***Financing Construction and Development*** **(Matthew Bender).**

(1) Receipt of construction loan commitment [*see § 30A.122*].

(2) Execution of buy-sell or tri-party agreement [*see* P 1.b., *below*].

(3) Submission of copies of related documents, e.g.:

NOTE:
The permanent lender will use these documents to independently determine whether or not the developer can afford to complete the project.

(a) Construction contract.

(b) Subcontracts.

(c) Cost breakdown sheet.

(4) Completion of construction by certain date.

(5) Approval of title insurance.

(6) Concerning final plans and specifications:

NOTE:
The expiration date of the permanent loan may require the developer to commence construction before the final plans and specifications have been completed. If that is the case, the attorney should arrange with the lender to submit the final version at a later date.

(a) Approval of foregoing by lender.

(b) Certification, by independent architect, that project was completed in accordance with terms of above documents.

(c) Specific procedures for obtaining permanent lender's approval of change orders.

NOTE:
Permanent lenders always insist on the right of approval of change orders. The borrower's attorney should insist that this right be subject to reasonable, written restrictions.

(7) Receipt by lender of survey of completed improvements showing no violations of applicable zoning requirements or recorded restrictions and no encroachments.

b. Anticipate execution of one of the following agreements prepared by lender and governing permanent loan conditions:

NOTE:
This chapter does not reproduce the following types of documents because, as discussed in the Legal Background, lenders are becoming increasingly hesitant to make written permanent commitments for construction projects.

(1) Buy-sell agreement, under which construction lender and permanent lender agree on set of loan documents that former will sell to latter when permanent loan is made.

(2) Tri-party agreement between borrower, permanent lender, and construction lender which:

(a) Lists conditions to funding of permanent loan; and

(b) Provides that permanent lender will record new loan documents for permanent loan.

c. Pay commitment fee, which is usually:

(1) Designed to compensate permanent lender, if loan is not funded, for:

(a) Special treatment of funds (e.g., placement in short-term investments) during commitment period.

(b) Lender's out-of-pocket expenses for commitment, such as attorneys' fees and appraisal fees.

(2) Nonrefundable or, if loan is made, refundable only after subtracting processing costs.

d. Anticipate receipt of written commitment.

NOTE:

As mentioned above, this chapter does not include permanent loan documents. For an illustrative permanent loan commitment, see Rabkin & Johnson, Current Legal Forms with Tax Analysis, Ch. 22, *Development and Subdivision* , pt. F, Form 22.85 (Matthew Bender).

2. To obtain commitment for government-financed permanent loan, take following steps:

NOTE:

This discussion does not repeat the detailed information regarding government-financed real estate loans contained in Ch. 25, *Real Estate Loans*. Instead, this section considers only those matters that apply solely to construction loans and sets forth cross-references to the more general discussion in Ch. 25, ***Real Estate Loans*** .

a. For loans insured by Federal Housing Administration (FHA):

NOTE:

The FHA will insure loans for a variety of development and construction projects, including the construction of one- to four-family homes [*see* *12 U.S.C. § 1709*; *24 C.F.R. §§ 200.10, 203.1-203.499*; *see also* Ch. 25, *Real Estate Loans*]. For an overview of these FHA-insured projects, see California Real Estate Law and Practice, Ch. 420, ***Financing Construction and Development*** (Matthew Bender).

One of the more significant FHA loan programs, dealing with multifamily residential rental projects [*see* *12 U.S.C. § 1713*], should be mentioned here because it is not considered in either of the sources discussed in the preceding paragraph. The loans for those projects are usually take-out loans; combination construction and take-out loans

are authorized, but few are made because of FHA fee limitations. The maximum amount of the loan cannot exceed the lesser of either 90 percent of the estimated value of the project [*12 U.S.C. § 1713(c)(2)*] or a specified amount, ranging from $38,025 to $85,328, per family unit, depending on the number of bedrooms and whether the structure contains an elevator [*12 U.S.C. § 1713(c)(3)*]. The rent, charges, capital structure, rate of return, and methods of operation of any FHA-financed project are subject to regulatory restrictions [*12 U.S.C. § 1713(b)(2)*; ***see*** 24 C.F.R. Part 290].

(1) Request approved lender to submit application for insurance [*24 C.F.R. § 200.45*].

(2) Obtain conditional and firm commitment from FHA [*see 24 C.F.R. §§ 200.46-200.47*].

(3) Obtain endorsement from FHA evidencing insurance [*see 24 C.F.R. §§ 200.100*].

b. For home take-out loan insured by Department of Veterans Affairs, follow statutory and regulatory application procedure [*see 38 U.S.C. §§ 3701-3736*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART III. TRANSACTION GUIDE
C. Procedural Guide to Obtaining Construction Financing

14-30A California Legal Forms--Transaction Guide § 30A.121

§ 30A.121 Obtaining Construction Loan

1. Advise owner to be prepared to discuss following matters at initial interview with lender:

a. Amount and terms of loan.

b. Method for handling any difference between amount of loan and total cost of construction.

c. Loan fees.

d. Bond requirements.

2. Have owner submit following information to lender at initial interview:

a. Two copies of either of the following:
(1) Contract for construction of project, signed by owner and general building contractor and acknowledged by notary public; or

NOTE:
If the lending institution makes the construction loan, it will retain one signed copy of the construction contract and will record the other one as a protection against mechanics' liens for amounts exceeding the contract price [*see* *Civ. Code § 3124*].

(2) Plans and specifications for project, signed by owner and contractor.

NOTE:
The appraiser for the lending institution will use these documents in evaluating the project.

Assuming it makes the loan, the lending institution will retain one copy in its construction loan file and will record the other one as part of the contract between the owner and the general building contractor [*see* NOTE to (1), *above*]. Because the contract between the owner and the contractor usually specifically refers to the plans and specifications, they can normally be recorded with the contract as one instrument and therefore need not be acknowledged before a notary public so long as the signatures on the contract are so acknowledged.

b. Two copies of contractor's detailed cost (or "trade payment") breakdown sheet for project, which should contain:

(1) Figures on types of work and purchases; and

(2) Lists of necessary subcontractors and materialmen.

c. Concerning property to be developed:

(1) Evidence of title;

(2) Legal description;

(3) Survey; and

(4) If available, photographs sufficient for appraiser to find and identify property.

d. Copies of any purchase money deeds of trust or other security instruments encumbering property to be developed [*see § 30A.14*].

e. Owner's current and complete financial statement.

f. Concerning general contractor:

(1) License number assigned by Contractors' State License Board.

NOTE:

Every contractor licensed in California must include his or her contractor's license number in all construction contracts, subcontracts, calls for bid, and all forms of advertising [*Bus. & Prof. Code § 7030.5*]. The lending institution will use the number to determine whether or not any complaints have been filed against the contractor with the Contractors' State License Board.

(2) Two copies of current balance sheet.

(3) Two copies of recent profit and loss statement.

NOTE:

The lending institution may not require the financial information listed under (2) and (3), *above*, if it has had prior dealings with the contractor or the contractor is well known.

g. Copies of any leases executed for space in proposed project.

NOTE:

The lending institution may also require a financial statement from one or more of the major tenants.

h. Any economic or other analyses of market area and feasibility of project.

i. Any appraisals of property.

NOTE:

Although lenders typically select appraisers for large projects, they may permit owner-developers of smaller projects to submit an appraisal with the loan application, provided that the owner-selected appraiser meets the lender's standards. If this is done, the developer should demand that the lender's acceptance of the appraisal be stated in the loan commitment.

j. Copies of any commitment for permanent financing obtained by owner [*see § 30A.120*].

k. Evidence that required governmental permits (*e.g.*, building and zoning permits) and permission have been or can be obtained.

NOTE:

Questions concerning zoning can be answered to the satisfaction of most lenders by obtaining a letter from the planning department. Also, it may be possible to obtain a zoning endorsement from a title company. For a discussion of zoning and related environmental permits and approvals, see Ch. 30B, *Zoning, Building, and Environmental Entitlements and Permits* .

l. Any other project documents.

3. Inform owner that lender may, if impressed with owner's presentation, ask owner to do the following at initial interview:

a. Complete and sign loan application [*see* Ch. 25, *Real Estate Loans*].

b. If required, pay good-faith deposit that will usually be refundable if loan commitment is not issued by lender and accepted by owner.

c. Grant lender authority to open an escrow with title company acceptable to lender.

d. Agree to pay for two copies of preliminary title report.

4. Advise owner that lender, if it decides to make loan, will issue written commitment [*see § 30A.200*] that will:

NOTE:

Although written loan commitments have traditionally been in the form of a letter which incorporates the terms of the borrower's application, lenders now use a variety of formats [*see § 30A.200[1]*].

a. Commit lender to making loan on certain specified conditions, such as:

(1) Execution of loan documents.

(2) Commitment for permanent loan and satisfaction of all conditions of this commitment which lender feels can be fulfilled before closing of construction loan.

(3) Approval of construction contract, title insurance report, appraisal, insurance, contractor's bonds, and similar documents and agreements.

(4) Execution of written acceptance of commitment by borrower.

b. Describe terms of loan, including amount, term, interest rate, prepayment provisions, and loan fees.

NOTE:

Any loan commitment will be slanted in favor of the lender because of the lender's superior bargaining position. However, attorneys for borrowers often succeed in negotiating with lenders regarding provisions that, in their original form, are unacceptable to borrowers.

5. Pay loan commitment fee, which will be:

a. Negotiable in most cases.

b. Designed to reimburse lender for processing costs and for withholding funds during period of commitment.

c. Refundable or applied against loan fee if loan closes.

d. Retained if loan fails to close for any reason other than lender's default.

6. Have owner and contractor sign construction loan agreement with lender [*see § 30A.201*].

7. Instruct owner to deposit following documents with lender for transmittal to title company that furnished preliminary title report:

a. Duly executed promissory note in form used by lending institution and evidencing construction loan [*see § 30A.203*].

b. Duly executed and acknowledged deed of trust securing promissory note [*see Civ. Code § 3097(j); see also § 30A.204*].

c. Instructions to issue to lender an ALTA title insurance policy at owner's expense.

NOTE:

The lending institution will insist on the issuance of certain endorsements at appropriate times during the construction phase of the project. These endorsements, which are set forth in Ch. 26A, *Title Insurance* , are (1) a foundation endorsement [***see*** *§ 26A.262*], which must be issued before the first progress payment is made to the contractor; (2) a covenants, conditions, and restrictions endorsement [***see*** *§ 26A.260*], which will be issued after completion of the project; and (3) a mechanics' liens endorsement [***see*** *§ 26A.261*], which must be issued before final disbursement of the construction contract price is made.

d. Instructions to record the following at owner's expense:

(1) Deed of trust.

(2) Contract between owner and contractor.

(3) Signed copy of plans and specifications for project.

(4) Completion and payment bonds to be furnished by contractor [*see* P 9., *below*].

(5) Any other instruments required by lending institution.

e. Sufficient funds to pay all recording and other escrow costs.

8. Have owner deposit the following with lending institution:

a. If applicable, funds equaling amount by which estimated construction costs exceed amount of construction loan.

b. Fire and other risk insurance policies that must:

(1) Be acceptable to lending institution.

(2) Have extended coverage endorsement insuring property and project in amount at least equal to amount of construction loss.

(3) Have loss payable endorsement in favor of lender.

NOTE:
**The lender must disclose to the borrower in writing the fact that the borrower cannot be required, as a condition of receiving or maintaining the loan, to provide hazard insurance coverage against risks to the improvements on the real property in an amount exceeding the replacement value of the improvements [*Civ. Code § 2955.5(a), (b)*; *see* *Civ. Code § 2955.5(e)* (definitions of "hazard insurance coverage" and "improvements")]. Failure to make the disclosure or a violation of its prohibition will not affect the validity of the loan, deed of trust or mortgage, or secured note; but any person harmed by such a failure or violation may obtain injunctive relief and recover damages and reasonable attorneys' fees and costs [*Civ. Code § 2955.5(c), (d)*].

9. Confirm that general contractor secures and deposits with lender bonds that must [*see* Ch. 30D, *Construction Contracts and Subcontracts* ; *see also* Ch. 79, *Suretyship, Guaranty, and Indemnity*]:

a. Be issued by sureties acceptable to lender.

b. Guarantee the following:

(1) Faithful performance of construction contract by general contractor.

(2) Payment of all mechanics' liens that may be recorded against project.

c. Be in amount required by lending institution, which will not be less than 50 percent of construction contract price.

NOTE:

If a construction contract and the above bond have been recorded, then, in any subsequent action on a mechanic's lien, any judgment returned against the owner will be for only the amount found due under the contract from the owner to the contractor. Judgment for any additional amount due on the mechanic's lien will be returned only against the contractor and the sureties on the bonds [*Civ. Code § 3235*].

d. By its terms, inure to the benefit of the lending institution, owner, and all claimants so as to give claimants a right of action to recover on bond in any suit brought to foreclose mechanic's lien or in a separate suit brought on bond [*see Civ. Code § 3096*].

e. Must be issued by corporate surety in response to an application and current financial statement filed by contractor with local insurance broker.

10. If one or more construction loans are obtained after commencement of construction, have owner provide name and address of construction lender(s) to each person who has given owner a preliminary 20-day notice [*Civ. Code § 3097(n)*; *see § 31.202*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART III. TRANSACTION GUIDE
C. Procedural Guide to Obtaining Construction Financing

14-30A California Legal Forms--Transaction Guide § 30A.122

§ 30A.122 Disbursing Construction Loan Funds

1. If loan terms provide for monthly progress payments, confirm that:

NOTE:

These payments are intended to pay the contractor for the increase in value of the project during a month, with that increase being measured by construction costs. For a discussion of progress payments and the owner-prime contractor contract, see California Real Estate Law and Practice, Ch. 432, *The Owner-Prime Contractor Relationship and Contract* (Matthew Bender).

a. Contractor files application for payment with lender on or about first day of each month stating nature and value of work completed during month.

b. Lender's inspector visits jobsite on monthly or biweekly basis and inspects and values the following:

NOTE:

The inspector will be an architect, engineering consultant, or other person familiar with construction. Although larger lenders tend to have inspectors on their staffs, the permanent lender may insist on an independent, unbiased inspector.

(1) Work completed during prior month; and

(2) Materials delivered to jobsite during prior month and properly stored thereon.

c. On receipt of inspector's monthly report, lender pays contractor from construction loan funds an amount equal to specified percentage (typically 90 percent) of:

NOTE:
The retained funds serve as additional security for the lender. The amount retained will be subject to negotiation.

(1) Value of work completed during prior month, as determined by inspector; and

(2) Materials delivered to and stored property on jobsite during prior month.

d. Lending institution pays remaining percentage only after expiration of lien period following completion of project [*see* P 5., *below*].

2. If fixed stage of completion disbursement schedule is to be used, inform client that following procedure usually applies:

a. Lender, developer, and contractor agree in construction loan agreement that specified installment payments (usually from three to seven) will be made to contractor as various portions of project are completed and accepted by lender's inspector.

b. If single-family dwelling is involved, installment payments from loan proceeds are often made as follows:

(1) Twenty percent when foundations and subflooring, if required, have been completed.

(2) Twenty percent when exterior walls have been completed, roof is finished, and utilities have been roughed in.

(3) Twenty percent when interior walls are ready for painting or papering and doors and windows have been installed.

(4) Twenty percent when building has been completed and notice of completion has been duly recorded.

(5) Twenty percent after expiration of mechanics' lien period.

3. If "voucher" or "warrant" system is selected, notify client that following or similar procedure will be used:

NOTE:
As a general rule, this system is only used on large projects because its specific documentation requirements are more costly than other disbursement methods.

a. At or before time construction loan is made, contractor must file detailed estimated cost breakdown sheet with lending institution showing:

(1) Cost of each portion of project; and

(2) Name of subcontractor or supplier that is to perform each portion.

NOTE:
The items are usually listed by building trade as, for example, "grading and excavating," "concrete-rough," "concrete-finish," "carpentry-rough," "carpentry-finish," "masonry," "electrical and fixtures," "plumbing," etc.

b. Either of the following payment methods will be used:

(1) Special checking account will be established with loan proceeds, then, as amounts become due to contractor, subcontractors, or suppliers:

(a) Contractor will make out and sign check, then send it to lender with applicable voucher or invoice.

(b) Lender will sign check and distribute it to payee if amount agrees with cost breakdown.

NOTE:
Before signing and mailing the check, the lender will confirm that the requested payment will not, when combined with the amount already disbursed for that portion of the project, exceed the amount listed on the estimated cost breakdown sheet for that portion.

(2) Contractor will pay bills of subcontractors and suppliers on receipt and then:

(a) Contractor will file voucher or "request for reimbursement" for each bill with lender.

NOTE:
This document will list the name of the payee and the relevant portion of the project, as it is listed on the estimated cost breakdown sheet.

(b) Lender will pay contractor for voucher if requested amount is consistent with estimated cost breakdown sheet and lender inspections indicate that payment request is justified.

c. Final payment of contractor's profit and overhead will be made only after lien period following completion of project has expired [*see* P 5., *below*].

4. If joint (builders') control agency is to be used, participate in agency's procedure [*see* Ch. 30D, *Construction Contracts and Subcontracts*].

5. For disbursement of final payment:

a. After project has been completed, inspected, and accepted as fully or substantially complete, have client execute, verify, and record a notice of completion containing [*Civ. Code § 3093*]:

NOTE:
Under most construction loan agreements, the lending institution is authorized to execute and record the notice of completion as agent of the owner and will do so if the owner is unavailable. The notice must be recorded in the office of the county

recorder of the county in which the project is located, within 10 days after the project is completed. It need not be acknowledged [*Civ. Code § 3093*].

(1) Date of completion (other than a cessation of labor).

NOTE:
The recital of an erroneous date of completion will not affect the validity of the notice if the true date of completion is within 10 days preceding the date of recordation [*Civ. Code § 3093*; *see* *Fontana Paving, Inc. v. Hedley Bros., Inc. (1995) 38 Cal. App. 4th 146, 154, 45 Cal. Rptr. 2d 295* (notice recorded more than 10 days after completion was invalid)].

(2) Name and address of owner(s).

NOTE:
If there is more than one owner and the notice is signed by less than all of the co-owners, the notice must recite the names and addresses of all of the co-owners. If the notice is signed by a successor in interest, it must recite the names and addresses of the transferor(s) [*Civ. Code § 3093*; *see* *Civ. Code § 3092(g)* ("owner")].

(3) Nature of interest or estate of owner.

(4) Description of project site sufficient for identification, containing street address, if any.

NOTE:
If a sufficient legal description of the site is given, the validity of the notice will not be affected by the fact that the street address is omitted or incorrectly recited [*Civ. Code § 3093(d)*].

(5) Name of original contractor, if any.

NOTE:
If the construction work is performed under two or more original construction contracts, each covering a particular portion of the work of improvement [*see* *Civ. Code § 3117*], and the notice of completion relates only to one of the contracts, then the name of the original contractor under that contract must be accompanied by a general statement of the kind of work done or materials furnished under the contract [*Civ. Code § 3093(e)*].

b. Lending institution will request title company that issued ALTA title insurance policy at time construction loan was made to issue and forward to lender, at expiration of mechanics' lien period, CLTA Endorsement 101.5 or 101.6 [*see § 26A.261*].

NOTE:
Subcontractors and materialmen have 30 days from the date of recording the notice of completion to record claims of liens against the project [*Civ. Code § 3116*]. CLTA Endorsement 101.5 protects the lender against the existence of mechanics' liens recorded against the land covered by the lender's deed of trust and against the absence of a valid recorded notice of completion. It provides coverage up to an amount specified in the endorsement. CLTA Endorsement 101.6 insures the lender against the same risks for the face amount of the title insurance policy to which it is

attached instead of an amount specified in the endorsement itself [*see* California Real Estate Law and Practice, Ch. 92, ***Title Insurance*** (Matthew Bender); ***see also*** *§ 26A.261*].

c. General building contractor must deliver to lending institution an executed and acknowledged waiver of mechanics' lien [*see* Ch. 31, *Mechanics' Liens*].

d. Lender will disburse final payment due under construction loan agreement to contractor after:

(1) Passage of at least 35 days since recordation of notice of completion of project; and

(2) Receipt of the following:

(a) CLTA Endorsement 101.5 or 101.6 from title company [*see* P 5.b., NOTE, *above*]; and

(b) Waiver of mechanic's lien duly executed and acknowledged by general building contractor [*see* P 5.c., *above*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART IV. FORMS

14-30A California Legal Forms--Transaction Guide § 30A.200

§ 30A.200 Approval (Commitment) for Variable Interest Rate Loan

[1] Comment

[a] Use of Form

This form is an approval for a variable interest rate loan. As explained in Paragraph 6 of the form, it may be used as a commitment to make a construction loan. Alternatively, it may be attached to a commitment offer that must be executed in conjunction with this approval in order to create a binding commitment. The lender would use the latter approach to make a standby commitment, with the attached commitment offer describing the terms of the commitment [*see § 30A.11[1]*].

For a commitment to make a permanent loan, which is in the more traditional letter format, see Rabkin & Johnson, Current Legal Forms with Tax Analysis, Ch. 22, *Development and Subdivision* , pt. E, Form 22.85 (Matthew Bender).

For discussion of *Civ. Code § 1921*, which imposes disclosure requirements on lenders who make certain adjustable-rate residential mortgage loans, see Ch. 25, *Real Estate Loans* .

[b] Written Loan Commitments

Construction lenders frequently make binding written commitments to make construction loans. Written loan commitments are often referred to as "commitment letters" because these commitments have traditionally been in the form of letters which set forth the terms of the loan (and/or incorporate terms contained in the loan application), list numerous lender-imposed conditions, are signed by the lender, and require the borrower's signature to become binding. However, lenders also use alternative formats such as this preprinted form, which sets forth standard conditions, provides blanks for the insertion of the basic terms, and reserves space for any conditions unique to a particular loan. Another approach is to use the loan application form as the commitment document, which will become binding if the lender approves and countersigns the application after it has been completed and signed by the borrower. This alternative obviously gives the lender, rather than the borrower, the final option to make the agreement binding.

As mentioned above, this particular form is used as a construction loan commitment. Binding written commitments may

also be issued for permanent take-out loans, standby commitments, and long-term construction loans [*see § 30A.11*].

DIVISION II: REAL ESTATE TRANSACTIONS
CHAPTER 30A BASIC CONSTRUCTION FINANCING
PART IV. FORMS

14-30A California Legal Forms--Transaction Guide § 30A.201

§ 30A.201 Construction (Building) Loan Agreement

[1] Comment

[a] Use of Form

This form is a construction (or building) loan agreement which, in addition to providing for a construction loan, creates deposit accounts for the loan proceeds and imposes other strict requirements designed to protect the lender's security [*see § 30A.201[1][b][i]*].

For additional construction loan agreements, see Rabkin & Johnson, Current Legal Forms with Tax Analysis, Ch. 22, *Development and Subdivision* , Part G (Matthew Bender).

[b] Loan Conditions

[i] Disbursement of Proceeds by Lender

The construction agreement will contain many provisions that are designed to increase the likelihood that the project will be completed in a satisfactory manner [*see § 30A.10*]. One such provision contained in this form establishes four "loans in process accounts" [*see* P 2 of this form]. The funds deposited into each of these accounts are earmarked for specified purposes and must be disbursed in accordance with the restrictions set forth in this agreement. Among other things, these restrictions provide for disbursement only on completion of specified stages of construction and give the lender the authority to demand evidence of amounts due. For further discussion of loan disbursements, see *§ 30A.122*.

[ii] Miscellaneous Requirements

This agreement contains other provisions that are commonly used to protect the lender's security. For example, if the lender determines at any time that the loan proceeds are insufficient to pay all construction costs, it may demand that the owner deposit funds to cover this deficiency [*see* P 8 of this form]. Further, the lender has the right to approve changes [*see* P 4(b) of this form], to inspect the work, to order stoppages and replacement of unsatisfactory work [*see* P 9 of this form], and to complete the work following the developer's default [*see* P 11 of this form]. Finally, the general contractor

must join in executing this form if he or she is not the owner, and by so doing agrees to be bound by its terms, commence construction promptly after recordation of the deed of trust and consummation of the loan, continue construction with reasonable speed, and complete the improvements promptly in accordance with the plans and specifications and applicable laws [*see* provisions immediately following signature blocks for owner(s) and lender].

For a list that includes other common construction contract provisions, see California Real Estate Law and Practice, Ch. 420, *Financing Construction and Development* (Matthew Bender).

§ 30A.203 Promissory Note Evidencing Construction Loan

[1] Comment--Use of Form

This form is a promissory note evidencing a construction loan. This note is intended to be used in conjunction with the other construction loan documents set forth in this chapter. It is likely that any construction loan note will provide for a short term (rarely longer than three years) and a balloon payment of all or a major portion of the principal when the note is due [*see § 30A.10*].

For a discussion of the types of promissory notes encountered in real estate transactions, see Ch. 25A, *Security Instruments for Real Estate Financing* . For other illustrative construction loan promissory notes, see Rabkin & Johnson, Current Legal Forms with Tax Analysis, Ch. 22, *Development and Subdivision* , Part G (Matthew Bender).

PART IV. FORMS

14-30A California Legal Forms--Transaction Guide § 30A.204

§ 30A.204 Multifamily Deed of Trust, Assignment of Rents, and Security Agreement for Construction Loan Agreement

[1] Comment

[a] Use of Form

This form is a combination deed of trust, assignment of rents, and security agreement for a loan for the construction of a multifamily structure. Because there is no statutorily required format for deeds of trust, many lenders use their own preprinted forms or, as is the case with this form, a uniform document approved by the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation. However, as stated in Paragraph 22 of the form, this uniform security instrument will be governed by the law of the jurisdiction in which the property is located [*see § 30A.204[1][b]*].

If the property is located in California, certain conditions must be met for this instrument to be valid.

[b] California Requirements Governing Security Instruments

Any deed of trust or other instrument securing a construction loan should contain the following information [*Civ. Code § 3097(j)*]:

- The designation "Construction Trust Deed" (which must be placed prominently on the face of the instrument);
- The name and address of the lender, and of the owner of the subject real property; and
- A legal description (and the street address, if known) of the real property that secures the loan.

However, the failure to set forth any of this information will not affect the validity of the security instrument [*Civ. Code § 3097(j)*]. In fact, many lenders do not use the "Construction Trust Deed" designation, as demonstrated by this form.

The trust deed should be executed and acknowledged by the trustor and recorded in every county in which any portion of the property is located [*Civ. Code §§ 1169, 2952*]. The trustor should execute the trust deed in the same manner as his or her name appears of record as the owner of the property. The trustor's spouse must also execute the trust deed if the property is community property, even though the spouse's name may not appear of record [*Fam. Code § 1102*]. However, this joint execution requirement does not prevent either spouse from encumbering his or her interest in community real property, pursuant to *Fam. Code § 2033*, to pay reasonable attorneys' fees to retain or maintain legal counsel in a proceeding for dissolution or nullity of marriage, or legal separation [*Fam. Code § 1102(e)*].

Civ. Code § 1189 sets forth a single statutory certificate of acknowledgment that must be used when the acknowledgment is taken within California [*see Civ. Code § 1189(a)*].

For additional discussion of deeds of trust, see Ch. 25A, *Security Instruments for Real Estate Financing* , and Rabkin & Johnson, Current Legal Forms with Tax Analysis, Ch. 22, *Development and Subdivision* , pt. G (Matthew Bender).

[c] Security Agreement

This multipurpose instrument is intended to be, among other things, a security agreement for any of the items covered by the instrument that are subject to the secured transactions division of the Uniform Commercial Code [*see* P 15 of this form; *see also Com. Code § 9101 et seq.*]. For a discussion of the secured transactions provisions of the Uniform Commercial Code, as adopted in California, see Ch. 42, *Secured Transactions* . A lender will always insist that a security agreement be provided, either in the deed of trust or as a separate security agreement.

[d] Assignment of Rents

Most deeds of trust contain a rents-and-revenues provision which grants the beneficiary and the beneficiary's agent the right to the rents, issues, and profits of the property following a default by the borrower. If the provision pledges the rent as additional security, it operates as a prospective lien on the property which must be perfected (usually by taking possession) before the creditor is entitled to the rents [*Childs Real Estate Co. v. Shelburne Realty Co. (1943) 23 Cal. 2d 263, 268-269, 143 P.2d 697* ; *Snyder v. Western Loan & Bldg. Co. (1934) 1 Cal. 2d 697, 701, 37 P.2d 86]* . Paragraph 26 of this form takes the alternative approach of absolutely and unconditionally assigning and transferring the rents and revenues of the property to the lender immediately on execution of the agreement. However, the borrower may collect those amounts and use them for specified purposes unless the lender delivers a written notice of default to the borrower, at which time lender is entitled to immediate possession without the need to take possession of the property [*see Kinnison v. Guaranty Liquidating Corp. (1941) 18 Cal. 2d 256, 263, 115 P.2d 450]* .

A written assignment of interest in rents, issues, and profits of real property made in connection with a loan secured by real property, stating that it is absolute, will be deemed to constitute a present transfer of the assignor's interest in existing and future rents, issues, and profits of that real property [*Civ. Code § 2938(a)*; *see Childs Real Estate Co. v. Shelburne Realty Co. (1943) 23 Cal. 2d 263, 268-269, 143 P.2d 697* (courts will not enforce a clause providing for absolute assignment of rents unless an absolute assignment is the clearly-expressed intention of the parties)]. The transfer will be effective on the execution and delivery of the assignment by the assignor [*Civ. Code § 2938(a)*].

This type of written assignment, whether it is a part of a trust deed or mortgage or is in a separate document, may be recorded in the county in which the real property is located, in the same manner as any other conveyance of an interest in real property. When duly recorded (1) the assignment will be deemed to give constructive notice of the content and effect of the assignment, and (2) the interest granted by the assignment will be deemed perfected as of the date of recordation, notwithstanding any provision of the assignment or of any other provision of law that would otherwise preclude or defer enforcement of the rights granted the assignee under the assignment until the occurrence of a subsequent event, including a subsequent default of the assignor [*Civ. Code § 2938(b)*].

For additional coverage of the assignment of rents, see California Forms of Pleading and Practice, Ch. 555, *Trust Deeds and Real Property Mortgage* s (Matthew Bender).

FOOTNOTES:

(n11)Footnote *. Andrew L. Faber is a partner in the San Jose law firm of Berliner Cohen. He is a graduate of Swarthmore College (B.A., physics), Harvard University (A.M., applied physics), and Stanford Law School (J.D. 1974, Articles Editor of Stanford Law Review).

Mr. Faber's practice is focused on land use law and litigation. He represents both public and private clients working through the entitlement process, with an emphasis on general plan and zoning entitlements, and compliance with the California Environmental Quality Act and other environmental protection laws. His litigation practice emphasizes land use and CEQA litigation, and eminent domain trial work.

CHAPTER 30B ZONING, BUILDING, AND ENVIRONMENTAL ENTITLEMENTS AND PERMITS

14-30B California Legal Forms--Transaction Guide Scope

AUTHOR: Revision Author Andrew L. Faber

Scope

Revision Author
Andrew L. Fabern* Scope

This chapter covers the various types of governmental permits and other approvals that are frequently required in connection with real estate development projects. The focus of this chapter is on the legal requirements and procedures for obtaining zoning and building approvals from local governments, and environmental approvals or clearances from federal, state, or local governmental agencies. The Legal Background surveys the laws that govern the issuance of these entitlements and permits. The Transaction Guide lists the steps that counsel, the applicant, and the local governmental entity must take in completing and processing applications for entitlements and permits. The Forms reproduce representative forms from various jurisdictions and government entities, and a number of useful agreements. The forms are included in this chapter for illustrative purposes only.

This chapter does not provide detailed coverage of the unique governmental regulations applicable to subdivisions, condominium-type developments, or mobilehomes. Those topics are extensively covered in Ch. 30, *Subdivision Regulation* , Ch. 33A, *Time-Share Projects* Ch. 33B, *Membership Camping Contracts* Ch. 33C, *Stock Cooperatives* Ch. 33D, *Planned Developments* Ch. 34, *Condominiums* , Ch. 39, *Mobilehome Parks* , and Ch. 40, *Mobilehomes* . In addition, this chapter does not cover contamination issues in real property transactions. These issues are discussed in Ch. 33, *Contamination Considerations in Real Property Transactions* .

CHAPTER 30B ZONING, BUILDING, AND ENVIRONMENTAL ENTITLEMENTS AND PERMITS
PART II. LEGAL BACKGROUND
A. Permit Streamlining Act, Zoning, and Development Agreements

14-30B California Legal Forms--Transaction Guide § 30B.20

AUTHOR: Revision Author Andrew L. Faber

§ 30B.20 Review and Approval of "Development Projects"

Most construction projects are considered "development projects" for purposes of state legislation that regulates the processing of development permit applications by state and local agencies [*see Gov. Code §§ 65927, 65928, 65931* (definitions); *see also Gov. Code §§ 65920-65957.1*]. This legislation, called the Permit Streamlining Act, requires agencies with permit authority to do all of the following:

- Prepare lists of required application information [*Gov. Code §§ 65940, 65941*];
- Provide notice, on request, of proposed changes in laws potentially affecting proposed development projects [*Gov. Code §§ 65945, 65945.3, 65945.5*];
- Decide, within 30 days, whether or not an application is complete [*Gov. Code § 65943*];
- Refrain from demanding new or additional information once an application has been accepted as complete [*Gov. Code § 65944*]; and
- Take final action on an application within specified periods [*Gov. Code §§ 65950-65952.2*].

PRACTICE TIP:
Is the Project in the Permit Streamlining Act? The Permit Streamlining Act (PSA) has important exclusions: (1) it does not apply to legislative entitlements, such as a rezoning or a general plan amendment [*see Landi v. County of Monterey (1983) 139 Cal. App. 3d 934, 189 Cal. Rptr. 55]* ; and (2) it does not apply to Local Agency Formation Commision (LAFCO) approval of annexations, or to ministerial project approvals [*see Gov. Code §§ 65927, 65928*]. The developer has more influence over the speed of processing of entitlements if the PSA does apply. In certain circumstances, it might be advisable to modify the project to remove the need for legislative approvals (which also means that the

approvals are not subject to referendum).

§ 30B.21 Zoning and General Plan Requirements

[1] Zoning Defined

"Zoning" is the division of a city, county, or other geographical area into districts and the imposition and application of different restrictions on the use of private property in each district. Zoning regulations have traditionally been divided into two classes [*Miller v. Board of Public Works (1925) 195 Cal. 477, 486, 234 P. 381 , appeal dismissed, 273 U.S. 781 (1927)]* :

- Those that regulate the height or bulk of buildings within designated districts; and
- Those that prescribe the permissible uses of buildings and land within designated districts.

Modern zoning has moved well beyond this traditional dichotomy. Regulation of height and bulk has expanded to include regulation of many aspects of site design, including parking, architectural design, minimum lots size, setbacks, and the like. Likewise, the concept of zoning districts arranged in a "Euclidean" pattern [*see Village of Euclid v. Ambler Realty Co. (1926) 272 U.S. 365, 47 S. Ct. 114, 71 L. Ed. 303, 4 Ohio Law Abs. 816]* has been expanded to include such innovations as floating zones, overlay zones, historic zones, and planned developments.

For extensive discussions of the modern scope and limits of the use of zoning, see California Environmental Law and Land Use Practice, Ch. 60, *Zoning* (Matthew Bender), and California Real Estate Law and Practice, Chs. 260- 265 (zoning as instrument of land use control) (Matthew Bender).

[2] State and Local Laws

Cities and counties may make and enforce within their jurisdictional boundaries any local, police, sanitary, and other ordinances and regulations that do not conflict with general laws [*see Cal. Const., art. XI, § 7*; *see also* discussion of Planning and Zoning Law, *below*]. Local zoning ordinances fall within this home rule power [*Miller v. Board of*

Public Works (1925) 195 Cal. 477, 486, 234 P. 381 , appeal dismissed, 273 U.S. 781 (1927)] .

The zoning provisions [*see Gov. Code § 65800 et seq.*] of the Planning and Zoning Law [*Gov. Code § 65000 et seq.*] provide for the adoption and administration of zoning laws, ordinances, rules, and regulations by counties and cities. These provisions also establish certain minimal limitations that must be incorporated into local ordinances but that still leave local jurisdictions with the power to exercise a great deal of control over local zoning matters [*Gov. Code § 65800*; *see Gov. Code § 65804*; *see also Gov. Code § 65860* (scope of power to regulate by ordinance)].

Those statutory zoning requirements apply to all counties and general law cities, but do not (with a few exceptions) [*see, e.g., Gov. Code § 65804*] apply to a charter city unless adopted by it [*Gov. Code § 65803*]. A "charter city" is one that has adopted a charter governing its municipal affairs [*see Cal. Const., art. XI, §§ 3, 5*]. For a complete list of California charter and general law cities, see *California Real Estate Law and Practice, Ch. 260, Sources and Limitations of Zoning Power, § 260.90* (Matthew Bender).

Because there are so many potential methods for regulating uses of land and building designs, zoning ordinances differ widely from jurisdiction to jurisdiction. However, most local zoning ordinances specify three types of permissible uses: (1) permitted, (2) accessory (uses that are supplementary to the main permitted uses), and (3) conditional (uses that are not automatically allowed but that may be conditionally approved).

[3] Relation to General Plan Requirements

All cities and counties must have a general plan [*see Gov. Code § 65300*], which has, in the last three decades, achieved a level of primacy over zoning as the fundamental blueprint for growth in the jurisdiction. Its power arises primarily from the fact that certain other approvals must be consistent with it, for example, subdivisions and conditional use permits. In general law cities, zoning must also be consistent, but, with a few exceptions, that requirement does not apply to charter cities unless the charter city has by local ordinance made the consistency requirement applicable to itself [*see Gov. Code §§ 65803, 65860*; *but see Gov. Code § 65860(d)* (consistency requirement does apply to Los Angeles)].

The general plan is adopted and amended by resolution [*see Gov. Code § 65356*]. Both processes are legislative acts, which are subject to referendum, and can be accomplished by initiative.

PRACTICE TIP:

General Plan Amendment Process. If a general plan amendment will be needed for a project, the developer should ascertain early on what local requirements apply. Cities vary widely in their procedures for amending their general plans. General law cities can amend the plan only four times per year [*see Gov. Code § 65358(b)*]. Although charter cities are not subject to that limitation, some have their own limitations, such as the practice in the City of San Jose of hearing all proposed amendments only once a year. In some cities, the amendment must be initiated by the city council itself.

For detailed coverage of general plans, see California Environmental Law and Land Use Practice, Ch. 62, *Planning* (Matthew Bender), and California Real Estate Law and Practice, Ch. 253, *Local Planning and the General Plans* (Matthew Bender).

[4] Annexation and Changes of Boundaries

If a project needs some change to city or special district boundaries, then approval must be obtained from the Local Agency Formation Commission (LAFCO). There is a LAFCO in each county, and they operate under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 [*Gov. Code § 56000 et seq.*]. Common examples would include an annexation of county land into a city and modifying the boundaries of a services district,

such as a water district or fire district, to include the project site. Note that there are exceptions to the general rules of LAFCO jurisdiction, for example, a special exemption for annexations into cities in Santa Clara County under certain circumstances [*see Gov. Code § 56757*].

For further discussion of LAFCO jurisdiction, see *§ 30B.203*. For detailed coverage of all aspects of LAFCOs, see California Environmental Law and Land Use Practice, Ch. 73, *Annexation and Boundary Issues* (Matthew Bender).

§ 30B.22 Zoning Relief

[1] Administrative Options

[a] Variances and Conditional Use Permits

Every zoning ordinance specifies administrative procedures that must be followed when a developer wishes to obtain approval of a proposed project that is not a permitted use or is otherwise inconsistent with the existing zoning laws. Variances and conditional use permits are two of the more common administratively-approved departures from standard zoning requirements. A "variance" is a deviation from the standa rd established by the zoning ordinance, and is granted for the benefit of an individual property owner [*see Bringle v. Board of Supervisors (1960) 54 Cal. 2d 86, 88, 4 Cal. Rptr. 493, 351 P.2d 765* ; *Essick v. City of Los Angeles (1950) 34 Cal. 2d 614, 623, 213 P.2d 492]* . A "conditional use" is one that is expressly authorized by ordinance, subject to conditions that may be specified in the ordinance or applied by the city or county on an individual basis [*see Essick v. City of Los Angeles (1950) 34 Cal. 2d 614, 622, 213 P.2d 492* ; *see also* California Real Estate Law and Practice, Ch. 265, *Zoning Relief: Amendments, Conditional Use Permits, and Variances* (Matthew Bender)]. For further discussion and an illustrative application for a conditional use permit or variance, see *§ 30B.200*.

[b] Exhaustion of Administrative Remedies

A frustrated developer must exhaust any and all administrative remedies established by the applicable zoning ordinance before seeking judicial relief [*see United States v. Superior Court (1941) 19 Cal. 2d 189, 194, 120 P.2d 26]* . For a discussion of judicial zoning remedies, see *California Forms of Pleading and Practice, Ch. 579, Zoning and Planning, § 579.260 et seq.* (Matthew Bender).

[2] Legislative Option--Rezoning

As an alternative to administrative actions, the developer can apply for a rezoning of the property. Rezoning is

accomplished by amending the zoning map to change the zoning district designation for a given property (e.g., changing zoning from "agricultural" to "residential-single family"). Alternatively, the text of the zoning ordinance can be amended to change the uses permitted in a given zone. This is a legislative rather than an administrative remedy because it requires a legislative act effected by ordinance [*see* California Real Estate Law and Practice, Ch. 265, *Zoning Relief: Amendments, Variances, and Conditional Use Permits* (Matthew Bender)]. The Planning and Zoning Law [*Gov. Code §§ 65000-66499.58*] sets forth rezoning procedures [*see Gov. Code § 65853*] which require, among other things, that the planning commission hold a public hearing on the matter [*Gov. Code § 65854*] and submit a recommendation to the legislative body [*Gov. Code § 65856*], which must take the final action [*see Gov. Code § 65857*].

Whether or not a local entity is subject to or has adopted the zoning procedures established in the Planning and Zoning Law [*see § 30B.21[2]*], it may establish rezoning procedures that are more stringent than the ones contained in that law [*see Gov. Code § 65804*]. For example, local ordinances may require the owner to demonstrate that the proposed amendment conforms with existing policies and laws (including the general plan) and would benefit the public. Or, an owner may have to demonstrate that the amendment is justified by changed conditions affecting the land, such as recent population increases, the construction of a new freeway, or the development of a new subdivision. Obviously, the attorney or developer must consult the zoning ordinance for rezoning requirements before commencing the application process.

When a planning commission is required to hold a hearing and make a recommendation, the board hearing notice cannot be published until the commission (1) has completed its hearing, (2) adopted its recommendation, and (3) formally delivered the recommendation. Furthermore, the board hearing notice must include the commission's recommendation [*Environmental Defense Project of Sierra County v. County of Sierra (2008) 158 Cal. App. 4th 877, 893, 70 Cal. Rptr. 3d 474]* . Thus, a "streamlined zoning process," under which the county gave notice of a hearing before the board of supervisors before the planning commission made its recommendation on a proposed amendment to the zoning ordinance, violated the Planning and Zoning Law [*Environmental Defense Project of Sierra County v. County of Sierra (2008) 158 Cal. App. 4th 877, 881, 70 Cal. Rptr. 3d 474]* .

For an application for rezoning, see *§ 30B.200*. For further discussion of rezoning procedures, see California Real Estate Law and Practice, Ch. 265, *Zoning Relief: Amendments, Variances, and Conditional Use Permits* (Matthew Bender).

§ 30B.23 Development Agreements Between Developers and Local Governments

[1] Purpose of Development Agreements

A developer can receive assurances that existing versions of local rules, regulations, and official policies will govern the future development of a particular property by entering into a development agreement with the appropriate city or county provided that the arrangement complies with the state Development Agreement Law [*see Gov. Code §§ 65864-65869.5*]. The Development Agreement Law was passed in 1979 to establish a procedure to ameliorate the harsh "no vested rights in existing zoning" rule enunciated by the *California Supreme Court in Avco Community Developers, Inc. v. South Coast Regional Commission (1976) 17 Cal. 3d 785, 132 Cal. Rptr. 386, 553 P.2d 546* .

PRACTICE TIP:

Other Ways to Vest Rights in a Project. The attractiveness of a development agreement should always be weighed against other possible ways of vesting rights in a project. Of these, probably the most useful is a vesting tentative map [*see Gov. Code § 66498.1 et seq.*]. Vesting tentative maps lock in the right to build using the same ordinances, policies, and standards in effect at the time the map application is deemed complete. Cities and counties are required to have an ordinance authorizing the use of vesting tentative maps, and their use avoids the time and expense of negotiating a customized development agreement. In addition, the scope of exactions that can be required for approval of a tentative map is less open-ended than the consideration that may have to be given by a developer to obtain a development agreement. Another advantage of a vesting tentative map is that its approval is deemed to be an administrative act, so it is not subject to being overturned by referendum. Development agreements, by contrast, are approved legislatively, and are by statute subject to referendum [*see Gov. Code § 65867.5(a)*].

[2] Required Provisions of Development Agreements

First, the developer must have a legal or equitable interest in the subject parcel [*see Gov. Code § 65865(a)*]. The

property must also be within the jurisdiction of the city or county, although a city can enter into a development agreement for property in unincorporated territory conditional on annexation [*see Gov. Code § 65865(b)*]. In addition, the development agreement must contain certain provisions, including the following:

- The duration of the agreement;
- If applicable, provisions for reservation or dedication of land for public purposes; and
- A description of the following aspects of the proposed development:

  (1) The permitted uses of the property;

  (2) The density or intensity of use; and

  (3) The maximum height and size of the buildings.

A development agreement that includes a subdivision, as defined by *Gov. Code § 66473.7* [*see Gov. Code § 66473.7(a)(1)*], must provide that any tentative map prepared for the subdivision will comply with the provisions of § 66473.7, which requires proof that a sufficient water supply will be available for the subdivision [*Gov. Code § 65867.5(c)*; *see Gov. Code § 66473.7*; *see also Ch. 30, § 30.23[2][b][vii]*].

A development agreement may also include limitations on subsequent discretionary actions, and may establish times for commencement or completion of all or part of the project [*see Gov. Code § 65865.2*].

PRACTICE TIP:

Representing the Legal Owner. Commonly a developer will be an equitable owner of the property by virtue of being under contract to purchase the property from the legal owner. Local jurisdictions vary as to whether they want to have the legal owner as a party to the agreement, even though the negotiations are with the developer. If the landowner is a party, his or her counsel should be sure that there are appropriate provisions in the agreement to release the landowner from the burdens of the agreement after the sale closes. The landowner must also consider whether he or she wants to retain the possible benefits of the agreement if the developer does not actually purchase the property.

[3] Procedure for Adoption of Development Agreements

In entering into a development agreement, the local jurisdiction must do all of the following:

- Find that the proposed agreement is consistent with the general plan and any applicable specific plan [*Gov. Code § 65867.5(b)*];
- Hold a noticed public hearing on the developer's agreement application in front of both the planning agency (e.g., the planning commission) and the legislative body (e.g., the city council or board of supervisors) [*see Gov. Code § 65867*; *see also Gov. Code §§ 65090, 65091* (applicable notice requirements)];
- Approve the agreement by ordinance [*Gov. Code § 65867.5*]; and
- Have the agreement recorded [*see Gov. Code § 65868.5*].

The local jurisdiction must review the agreement at least annually [*see Gov. Code § 65865.1*]. Any party to the

agreement may enforce it [*Gov. Code § 65865.4*].

[4] Amending or Canceling Development Agreements

The parties may agree to amend or cancel the agreement [*see Gov. Code § 65868*], and must amend the agreement to reflect subsequent changes in state or federal laws that are inconsistent with provisions of the agreement [*Gov. Code § 65869.5*].

§ 30B.30 Overview of Environmental Regulations

The following federal and state environmental laws, among others, may affect a proposed development project in California:

- The National Environmental Policy Act of 1969 (NEPA) [*42 U.S.C. § 4321 et seq.*; *see 40 C.F.R. § 6.100 et seq.*].
- The California Environmental Quality Act of 1970 (CEQA) [*Pub. Res. Code § 21000 et seq.*; *see 14 Cal. Code Reg. § 15000 et seq.*].
- The California Coastal Act of 1976 [*Pub. Res. Code § 30000 et seq.*; *see 14 Cal. Code Reg. § 13001 et seq.*].
- The federal Endangered Species Act [*16 U.S.C. §§ 1531-1544*].
- The California Endangered Species Act [*Fish & Game Code §§ 2050-2098*].
- The federal Water Pollution Control Act of 1972 ("Clean Water Act") [*33 U.S.C. § 1251 et seq.*].

In addition, projects in certain areas are subject to further regulations and restrictions, such as those on lands under the jurisdiction of the San Francisco Bay Conservation and Development Commission [*see Gov. Code § 66600 et seq.*; *14 Cal. Code Reg. § 10110 et seq.*], the California Tahoe Regional Planning Agency [*Gov. Code § 67000 et seq.*], or the Tahoe Regional Planning Compact [*Gov. Code §§ 66800, 66801*].

§ 30B.31 National Environmental Policy Act of 1969 (NEPA)

The National Environmental Policy Act of 1969 (NEPA) [*42 U.S.C. § 4321 et seq.*; *see 40 C.F.R. § 6.100 et seq.* (implementing regulations)] requires an environmental impact statement (EIS) in connection with every major federal action significantly affecting the quality of the human environment [*42 U.S.C. § 4332*]. If the federal agency examining a proposed project subject to NEPA determines that the project will not have a significant effect on the environment, it must prepare a finding of no significant impact [*40 C.F.R. § 1508.13*].

For purposes of NEPA, "major federal action" is an action with effects that may be major and that are potentially subject to federal control and responsibility. The term "major" reinforces but does not have a meaning independent of "significant" [42 C.F.R. § 1508.18; *see City of Davis v. Coleman (9th Cir. 1975) 521 F.2d 661, 673 n.15* (federal action need only have significant effect and need not independently be "major")]. "Significantly" requires consideration of both context and intensity [*40 C.F.R. § 1508.27*]. "Effects" include direct effects that are caused by the action and occur at the same time and place, and indirect effects [*see 40 C.F.R. § 1508.8*].

PRACTICE TIP:

Possible Increased Role for NEPA. Traditionally, NEPA has played only a minor role in private developments in California, while CEQA has been preeminent. NEPA involvement in the main has been restricted to projects involving federal money, such as public highway and mass transit projects. However, with the expansion of habitat conservation and endangered species listings, more and more private projects are requiring action by a federal agency, such as the Army Corps of Engineers or the U.S. Fish and Wildlife Service, and these agencies are subject to NEPA. It therefore seems likely that counsel for private developers will have to become more conversant with NEPA in the coming years.

A detailed discussion of NEPA is beyond the scope of this chapter but is contained in Treatise On Environmental Law, Ch. 9, *The National Environmental Policy Act of 1969 and Related Provisions* (Matthew Bender), and California Real Estate Law and Practice, Ch. 303, *Requirements of the California Environmental Quality Act* , Part C (Matthew

Bender).

§ 30B.32 California Environmental Quality Act of 1970 (CEQA)

[1] General Requirements; Environmental Impact Reports

The California Environmental Quality Act of 1970 (CEQA) [*Pub. Res. Code § 21000 et seq.*] requires public agencies to consider environmental factors before deciding whether or not to approve or carry out "discretionary projects," unless the project is exempt from the requirements of CEQA [*see Pub. Res. Code §§ 21000, 21001*; *14 Cal. Code Reg. § 15002(a)*]. The analysis of environmental impacts must follow statutory and regulatory procedures [*see § 30B.210*; *see also 14 Cal. Code Reg. § 15000 et seq.* (implementing regulations, referred to as the "CEQA Guidelines")]. The single most important procedural step involves the preparation, by the public agency that has the principal responsibility for carrying out or approving the project (the "lead agency"), of an environmental impact report (EIR) or a mitigated negative declaration if the project may have a significant effect on the environment. The EIR must contain detailed information regarding the project and its impact on the environment [*Pub. Res. Code §§ 21100, 21151*; *14 Cal. Code Reg. § 15120 et seq.*]. After considering the EIR or mitigated negative declaration, the lead agency will decide whether or how to approve or carry out the project [*14 Cal. Code Reg. § 15092*].

There are numerous CEQA forms contained in this chapter, along with considerable discussion of the procedural and substantive requirements of CEQA [*see §§ 30B.210-30B.221*].

For detailed coverage of CEQA, including discussion of the requirements applicable to EIRs, see California Environmental Law and Land Use Practice, Chs. 20- 23 (Matthew Bender), and CALIFORNIA Real Estate Law and Practice, Ch. 303, *Requirements of the California Environmental Quality Act* (Matthew Bender).

[2] Relationship to NEPA Requirements

When a project requires both an EIR prepared pursuant to CEQA and an EIS prepared pursuant to NEPA [*42 U.S.C. § 4321 et seq.*], the lead agency must, whenever possible, use the EIS to satisfy the CEQA requirements [*Pub. Res. Code § 21083.7(a)*; *see 14 Cal. Code Reg. § 15221*]. In these situations, the lead agency must (1) consult with the federal

agency required to prepare the EIS, and (2) notify the federal agency regarding any scoping meeting for the proposed project [*Pub. Res. Code § 21083.7(b)*].

If a lead agency finds that an EIS or finding of no significant impact would not be prepared by the federal agency by the time the lead agency will need to consider an EIR or negative declaration, the lead agency should try to prepare a combined EIR/EIS or negative declaration/finding of no significant impact. The lead agency must involve the federal agency in the preparation of the joint document [*14 Cal. Code Reg. § 15222*; *see 14 Cal. Code Reg. §§ 15223-15228*].

§ 30B.33 California Coastal Act

[1] Area Covered

The California Coastal Act of 1976 [*Pub. Res. Code § 30000 et seq.*; *see 14 Cal. Code Reg. § 13001 et seq.* (implementing regulations)] provides for the regulation, primarily by local governments, of developments undertaken within the coastal zone. The "coastal zone" established by the Act runs the length of the California coast, and extends seaward to the outer limit of California jurisdiction. The zone extends inland less than 1,000 yards in urban areas, up to five miles in significant estuarine, habitat, and recreational areas, and 1,000 yards in all other areas [*Pub. Res. Code § 30103(a)*; *see § 30B.222[1][b]*]. The coastal zone does not include the area under the jurisdiction of the San Francisco Bay Conservation and Development Commission [*see § 30B.223[1][e]*], or any area contiguous thereto [*Pub. Res. Code § 30103(a)*]. A detailed map of the coastal zone is on file with the county clerk of each coastal zone jurisdiction [*see Pub. Res. Code § 30103(b)*].

For detailed coverage of the Coastal Act, see California Environmental Law and Land Use Practice, Ch. 66, *Coastal Zone Regulation* (Matthew Bender), and California Real Estate Law and Practice, Ch. 300, *Regulation in the Coastal Zone* (Matthew Bender).

[2] Permit Requirement

In addition to obtaining any other permit required by law, developers undertaking most types of development in the coastal zone must obtain a coastal development permit [*Pub. Res. Code § 30600(a)*]. The permit must be obtained from the local government having jurisdiction over the development if the local government has a certified local coastal program (LCP) [*Pub. Res. Code § 30600(d)*; *see Pub. Res. Code § 30510 et seq.*]. Before certification of the LCP, the California Coastal Commission is the permit-issuing authority [*Pub. Res. Code § 30600(c), (d)*], unless the local government has established interim permit review procedures [*see Pub. Res. Code § 30600(b)*] or has been delegated the authority to issue these permits before certification [*see Pub. Res. Code § 30600.5*].

In *Marine Forests Society v. California Coastal Commission* [Marine Forests Society v. California Coastal Com. (2002) 104 Cal. App. 4th 1232, 128 Cal. Rptr. 2d 869 , *review granted, 132 Cal. Rptr. 2d 527 (2003)]* , the court of appeal held that the appointment structure of the California Coastal Act, which gave the Senate Committee on Rules and the Speaker of the Assembly the power not only to appoint a majority of the Coastal Commission's voting members but also to remove them at will, contravened the separation of powers clause of the California Constitution. Accordingly, the court held that the trial court properly enjoined the Commission from granting, denying, or conditioning permits and from issuing and hearing cease and desist orders. In response to *Marine Forests*, the Legislature amended *Pub. Res. Code § 30312* to address the constitutional issues by changing the manner of appointment [2003 Stats., ch. 1, ABX2 1]. The California Supreme Court granted review in the case and reversed the court of appeal [Marine Forests Society v. California Coastal Com. (2005) 36 Cal. 4th 1, 57-58, 30 Cal. Rptr. 3d 30] , *cert. denied, 546 U.S. 979, 126 S. Ct. 577 (2005)* .

The Supreme Court concluded that the current statutory provisions governing the composition of the Coastal Commission do not violate the separation of powers clause of the California Constitution. The Court found that the history of the State Constitution, as well as case law, made it clear that the California Constitution, unlike the United States Constitution, does not categorically preclude the Legislature from enacting a statutory provision authorizing the Legislature itself to appoint a member or members of an executive commission or board [Marine Forests Society v. California Coastal Com. (2005) 36 Cal. 4th 1, 43, 30 Cal. Rptr. 3d 30] , *cert. denied, 546 U.S. 979, 126 S. Ct. 577 (2005)* . Rather, the Court concluded that the California separation of powers clause precludes the adoption of a statutory scheme authorizing the legislative appointment of an executive officer or officers whenever the statutory provisions as a whole, viewed from a realistic and practical perspective, operate to defeat or materially impair the executive branch's exercise of its constitutional functions. The Court found that the current versions of *Pub. Res. Code §§ 30301* and *30312* did not violate that standard [Marine Forests Society v. California Coastal Com. (2005) 36 Cal. 4th 1, 45, 30 Cal. Rptr. 3d 30] , *cert. denied, 546 U.S. 979, 126 S. Ct. 577 (2005)* .

The parties in *Marine Forests* also requested, in light of the court of appeal's conclusion that the prior statutory scheme was unconstitutional, that the Supreme Court clarify the status of the numerous actions that were taken by the Coastal Commission during the period in which the prior statutes were in effect. The Court stated that even if it assumed that the prior version of the statutes violated the separation of powers clause, the past actions of the Commission could not properly be set aside on that ground. The Court stated that the applicable statute of limitations would bar a present challenge to most of the prior actions of the Commission [Marine Forests Society v. California Coastal Com. (2005) 36 Cal. 4th 1, 54, 30 Cal. Rptr. 3d 30] , *cert. denied, (2005) 546 U.S. 979, 126 S. Ct. 577* . The Court further stated that even with regard to those cases in which a timely separation of powers challenge to the Commission's composition had been raised and remained pending, under the "de facto officer" doctrine, prior actions of the Commission could not be set aside on the ground that the appointment of the commissioners who participated in the decision might be vulnerable to constitutional challenge [Marine Forests Society v. California Coastal Com. (2005) 36 Cal. 4th 1, 54-55, 30 Cal. Rptr. 3d 30 , *cert. denied, 546 U.S. 979, 126 S. Ct. 577* , citing *In re Redevelopment Plan for Bunker Hill (1964) 61 Cal. 2d 21, 37 Cal. Rptr. 74* (given existence of de jure office, "persons claiming to be public officers while in possession of an office, ostensibly exercising their function lawfully and with the acquiescence of the public, are de facto officers. ... The lawful acts of an officer de facto, so far as the rights of third persons are concerned, are, if done within the scope and by the apparent authority of office, as valid and binding as if he were the officer legally elected and qualified for the office and in full possession of it")].

§ 30B.34 Other Federal and State Permit Requirements

[1] Overview

There are other federal and state permits that may be required for a private development project, depending on the location of the project and the activities to be undertaken. Some of the more commonly implicated procedures are discussed below. In general these are the requirements to get a federal permit for any impact to wetlands [*see* [2], *below*], both federal and state permits for adverse impacts on endangered species [*see* [3], *below*], and both federal and state permits for any impact to streams, rivers, or lakes [*see* [4], *below*].

[2] Army Corps of Engineers Section 404 Permit

Anyone proposing to locate a structure, excavate, or discharge dredged or fill material into waters of the United States must obtain a permit issued under Section 404 of the Clean Water Act [*33 U.S.C. § 1344*]. In addition to the waters that are truly navigable, such as oceans and major rivers, "waters of the United States" has a very broad definition, including, streams, lakes, and noncoastal wetlands [*but see Solid Waste Agency v. U.S. Army Corps of Eng'rs (2001) 531 U.S. 159, 185, 121 S. Ct. 675, 148 L. Ed. 2d 576* ("migratory bird rule" cannot confer Section 404 jurisdiction over isolated pond)]. For an extensive discussion of the regulation of wetlands, see California Environmental Law and Land Use Practice, Ch. 68, *Wetlands Regulation* (Matthew Bender).

The Army Corps of Engineers, which administers the Section 404 process, issues both individual and "nationwide" permits. The issuance of either is a federal action triggering the application of NEPA (although nationwide permits are designed to be issued more quickly, as the environmental analysis has already been performed for conforming activities). If there is likely to be jeopardy to any species protected by the Endangered Species Act [*16 U.S.C. § 1531 et seq.*], then the application will also trigger a "Section 7" consultation between the Corps and the United States Fish and Wildlife Service.

[3] Endangered Species Acts Incidental Take Permits

There are both federal and state Endangered Species Acts [*16 U.S.C. § 1531 et seq.*; *Fish & Game Code § 2050 et seq.*]. Both are designed to protect rare and endangered species, as well as their habitat. Under both Acts it is possible to obtain an "incidental take" permit, which authorizes the "take" of protected species incidental to other lawful activity, such as real estate development. For complete discussion of the application of these laws, see California Environmental Law and Land Use Practice, Ch. 81, *Endangered, Threatened, and Sensitive Species Regulation* (Matthew Bender).

PRACTICE TIP:

Can the Project be Redesigned? The obtaining of permits under either the federal or state Endangered Species Acts can be a very long, arduous, and uncertain process, that may involve opposition from various special interest groups. It may also require the approval of a complex, multi-species Habitat Conservation Plan. Rather than be subjected to this process, it is often desirable to scale back a project, if possible, to avoid a sensitive habitat area. Even though that may reduce the yield of the project, it may avoid a lengthy and costly delay (as well as helping achieve the purposes of endangered species protection).

[4] State Fish & Game Permit

If the proposed activity would obstruct the natural flow or change the bed, channel, or bank of any river, stream, or lake, the developer must reach agreement with the Department of Fish and Game as to measures necessary to protect fish and wildlife [*see Fish & Game Code §§ 1602, 1603*]. Such actions may also trigger the need for a federal Section 404 permit, as discussed in [2], *above*. For further discussion of these agreements, see *California Enviromental Law and Land Use Practice, Ch. 80, Forestry Development, § 80.17[3][c]* (Matthew Bender).

C. Building Requirements

14-30B California Legal Forms--Transaction Guide § 30B.40

AUTHOR: Revision Author Andrew L. Faber

§ 30B.40 State Building Requirements

[1] State Housing Law and Building Standards Law

The two most important laws regulating the construction and modification of buildings in California are the State Housing Law [*Health & Safety Code § 17910 et seq.*; *see 25 Cal. Code Reg. § 1 et seq.* (implementing regulations)] and the California Building Standards Law [*Health & Safety Code § 18901 et seq.*; *see* 24 Cal. Code Reg. § 1-101 et seq. (administrative regulations)]. The State Housing Law establishes minimum construction and occupancy requirements for buildings used for human habitation. The California Building Standards Law requires the California Building Standards Commission [*see Health & Safety Code §§ 18910-18934.5*] to codify all building standards adopted by state agencies, and all statutes defining building standards, into one California Building Standards Code [*Health & Safety Code § 18931(b)*]. That standard code is contained in Title 24 of the California Code of Regulations [24 Cal. Code Reg. § 2-100 et seq.]. Any building standard adopted by any state agency must be approved by the California Building Standards Commission before codification [*Health & Safety Code § 18930*].

[2] Adoption and Submission of Standards

The Department of Housing and Community Development is the principal agency authorized to adopt and submit building standards for approval by the California Buildings Standards Commission in the manner discussed in [1], *above* [*Health & Safety Code § 17921(a)*]. The building standards submitted by that Department, and any regulations adopted, amended, or repealed under the State Housing Law, must impose substantially the same requirements as those contained in the most recent editions of the following uniform industry codes, as adopted by the organizations specified [*Health & Safety Code § 17922(a)*]:

- The Uniform Housing Code of the International Conference of Building Officials, except its definition of "substandard building" [*see Health & Safety Code § 17920.3*].

- The Uniform Building Code of the International Conference of Building Officials.

- The Uniform Plumbing Code of the International Association of Plumbing and Mechanical Officials.

- The Uniform Mechanical Code of the International Conference of Building Officials and the International Association of Plumbing and Mechanical Officials.

- The National Electrical Code of the National Fire Protection Association.

- Appendix Chapter 1 of the Uniform Code for Building Conservation of the International Conference of Building Officials [*Health & Safety Code § 17922(a)(6)*].

In the absence of adoption by regulation, the most recent editions of the uniform codes referred to above are considered to be adopted and in effect one year after the date of publication [*Health & Safety Code § 17922(a)*]. Although as a general rule all California cities and counties must adopt the rules and regulations of the California Building Standards Commission, a city or county may make modifications to the requirements of the state code and regulations that it determines to be reasonably necessary because of local conditions, including, but not limited to, green building standards [*Health & Safety Code § 17958.5*; *see 55 Ops. Cal. Atty. Gen. 157, 161-162 (1972)]* . Before making these modifications, the city or county must make an express finding that the changes are reasonably necessary because of local climatic, geological, or topographical conditions [*Health & Safety Code § 17958.7(a)*]. Thereafter, the finding and modification must be filed with the California Building Standards Commission to be effective [*Health & Safety Code § 17958.7*].

PRACTICE TIP:

Role of Private Attorney in Building Code Disputes. Attorneys for private developers rarely play a major role in connection with the obtaining of building permits or the compliance with building codes. Occasionally, however, great sums of money can ride on a particular interpretation of a building code requirement. In such a case, the attorney should carefully review the ordinances of the local jurisdiction to see exactly which editions of the applicable building code have actually been adopted. It is not unusual for the officially adopted code to be several years behind the latest revision, and the differences can be significant.

§ 30B.41 Special Building Requirements

[1] Earthquake Standards and Special Studies Zones

[a] Earthquake Protection Laws

The following are the three most important earthquake protection laws in California:

- The Alquist-Priolo Earthquake Fault Zoning Act [*Pub. Res. Code §§ 2621-2630*], which applies to potentially hazardous earthquake fault zones identified by the State Geologist [*see Pub. Res. Code § 2622*]. Various construction and development projects within these zones are subject to a variety of requirements enforced by local governments [*see Pub. Res. Code § 2623*].

- The Seismic Hazards Mapping Act [*Pub. Res. Code §§ 2690-2699.6*], which requires the State Geologist to compile and distribute maps identifying seismic hazard zones [*Pub. Res. Code § 2696(a)*; *see Pub. Res. Code §§ 2695, 2696(b)*]. A city or county normally must require, before the approval of a "project" [*see Pub. Res. Code § 2693(d)* (definition)] located in a seismic hazard zone, a geotechnical report defining and delineating any seismic hazard [*Pub. Res. Code § 2697(a)*; *see Pub. Res. Code § 2693(b)*; *see also Pub. Res. Code §§ 2697(b), 2698*].

- The general earthquake protection laws [*see Health & Safety Code §§ 19100-19217*].

As a general rule, these laws apply throughout the State. The local entity must make compliance with the general earthquake protection laws a condition precedent to the issuance of a building permit [*Health & Safety Code § 19130*], and must enforce the fault zone requirements by approving or disapproving proposed construction based on special reports filed with the entity [*Pub. Res. Code § 2623*].

[b] Exceptions to Earthquake Protection Laws

All buildings in California are subject to the general earthquake protection laws except the following [*Health & Safety Code § 19100*]:

- Buildings outside the limits of any city that are not intended for the occupancy of human beings or are to be used exclusively as a dwelling by not more than two families;

- Buildings that do not exceed certain structural and size limitations and that are located in a labor camp; and

- Buildings designed to house farm animals, machinery, or supplies.

[c] Enforcement of Earthquake Protection Laws

The local agency charged with the enforcement of laws or ordinances regulating the erection, construction, or alteration of buildings must also enforce the building standards derived from the earthquake protection laws [*Health & Safety Code §§ 19120, 19121*], unless the city or county has designated a separate officer or agency to enforce the earthquake regulations [*Health & Safety Code § 19122*].

[2] Housing for the Elderly

A local jurisdiction cannot require more than one building permit for a project that involves the development of low-rent housing for the elderly and that will be financed or insured, in whole or in part, by the federal or state government [*Health & Safety Code § 19900*]. The fee for such a permit must not exceed $25 per one-story building contained in the development, provided that those buildings do not contain more than 10 dwelling units. These requirements apply on a statewide basis, notwithstanding any other statutory provisions [*Health & Safety Code § 19900*].

[3] Access for Persons with Disabilities

[a] General Rule

As a general rule, all buildings, structures, and related facilities built with state or local governmental funds must be constructed so that they are usable by persons with disabilities [*see Gov. Code § 4450*]. Buildings, structures, and related facilities built with private funds must be similarly constructed if they are to be used by the general public [*see Health & Safety Code §§ 19955, 19955.5, 19956.5*].

[b] Funding

The source of construction funds will determine which agency will enforce this requirement. If the construction project is to be built with private funds, the officer or department charged with enforcing building standards within the city or county where the structure is to be located is the enforcement agency [*Health & Safety Code § 19958*]. When local governmental funds are used, the governing body of the funding entity is the enforcement agency [*Gov. Code § 4453(a)*]; however, if those funds are used to construct elementary, secondary, or community college projects, then the State Director of the Department of General Services is responsible for enforcement [*Gov. Code § 4453*; *see Gov. Code §§ 14602-14608*]. The Director is also charged with enforcing those requirements for any project using state funds [*Gov. Code § 4453(a)*].

[c] Approval of Contracts

When the Director of the Department of General Services is responsible for enforcing the access requirement, the

Department must approve, in writing, the awarding of any contract [*Gov. Code § 4454(a), (b)*]. An application for approval must be accompanied by a filing fee, plans, and full, complete, and accurate specifications meeting Department requirements [*Gov. Code § 4454(c), (d)*].

[d] Exception to Access and Approval Requirements

The statutory access and approval requirements do not apply to buildings that were constructed before the effective date of the statutes discussed above, but do apply to any alterations, structural repairs, or additions to pre-existing buildings [*Gov. Code § 4456* (effective date 11/13/68); *Health & Safety Code § 19959* (effective date 7/1/70)]. In the case of a pre-existing structure, only the area of specific alteration, structural repair, or addition, and not the entire building, is subject to these requirements [*Gov. Code § 4456*; *Health & Safety Code § 19959*].

[e] Alternative Access Requirements

Alternative access requirements apply to any publicly or privately owned place of amusement or resort for which a building permit or a building plan for new construction was issued on or after January 1, 1985. The owner or manager of a facility subject to this requirement must provide seating or accommodations for physically disabled persons in a variety of locations within the facility, so as to provide those persons with a choice of admission prices otherwise available to members of the general public, if this variety can be provided while meeting fire and panic safety requirements of the State Fire Marshal [*Health & Safety Code § 19952(a), (c)*; *see Health & Safety Code § 19952(d)*]. Readily removable seats may be installed in wheelchair spaces when the spaces are not required to accommodate wheelchair users [*Health & Safety Code § 19952(b)*].

[4] Smoke Detectors

A smoke detector must be installed in each dwelling unit intended for human occupancy. Installation of the smoke detector must occur on the owner's application for a permit for alterations, repairs, or additions to the dwelling unit exceeding $1,000. Smoke detectors in all other dwelling units intended for human occupancy were required to be installed on or after January 1, 1987 [*Health & Safety Code § 13113.7(a)*].

"Dwelling units intended for human occupancy" include a duplex, lodging house, apartment complex, hotel, motel, condominium, stock cooperative, time-share project, or dwelling unit of a multiple-unit dwelling complex. It does not include manufactured homes [*see Health & Safety Code § 18007*], mobilehomes [*see Health & Safety Code § 18008*], or commercial coaches [*Health & Safety Code § 13113.7(b)*; *see Health & Safety Code § 18001.8*]. Factory built housing [*see Health & Safety Code § 19971*] and single family residences sold on or after January 1, 1986 are also required to have smoke detectors [*see* discussion of *Health & Safety Code § 13113.8(a)* in the Legal Background to Ch. 23, *Agreements to Sell Real Property*].

§ 30B.110 Applicability of Local Requirements

1. Ascertain whether client's proposed project complies with following local zoning and planning laws and policies:

a. General Plan [*see Gov. Code §§ 65300-65403*], particularly following sections:

NOTE:
For detailed coverge of general plans, see California Real Estate Law and Practice, Ch. 253, ***Local Planning and the General Plan*** (Matthew Bender), and California Environmental Law and Land Use Practice, Ch. 62, ***Planning*** (Matthew Bender).

(1) Land use designation for client's property.

(2) Standards for development.

(3) Transportation.

(4) Open space.

(5) Public facilities.

b. Any Specific Plans adopted pursuant to General Plan [*see Gov. Code §§ 65450-65452*].

NOTE:

A specific plan contains detailed plans for the systematic implementation of the general plan for all or part of the area covered by the general plan [*Gov. Code §§ 65450, 65451*; for further discussion, see California Real Estate Law and Practice, Ch. 253, ***Local Planning and the General Plan***, § 253.14, and California Environmental Law and Land Use Practice, Ch. 62, ***Planning***].

c. Redevelopment Plan, if property is within redevelopment area established under Community Redevelopment Law [*Health & Safety Code § 33000 et seq.*].

d. Any applicable land use plan created by county Airport Land Use Commission, if property is near an airport [*see Pub. Util. Code §§ 21670-21679.5*].

e. Any applicable Regional Transportation Plan [*see Gov. Code §§ 65080-65086.5*] or Congestion Management Program [*see Gov. Code §§ 65088-65089.1*].

f. Zoning ordinance, particularly the following items:

(1) Zoning map.

(2) Zoning districts and permitted uses.

(3) Standards for development.

(4) Procedures for relief [*see § 30B.121*].

g. Any formal written administrative interpretations of zoning ordinance or related ordinances.

PRACTICE TIP:

Rule Number 1--Visit the Site. Any land use lawyer involved in obtaining entitlements for a development project should make an invariable rule: Always visit the site early in the engagement. Examine the property. Look at the character of the neighborhood. Size up possible sources of opposition. Unless you have first-hand knowledge of the site, you cannot talk intelligently to city staff or others involved in the approval process. Do not rely on the client's description of the property, or his or her desire to save money by having you stay in your office. If you do, you will not see either opportunities or problems, and may seriously dilute your effectiveness.

2. Determine whether city or county is contemplating changes to its zoning laws and policies.

NOTE:

A local legislative body may adopt, under specified circumstances, an interim ordinance prohibiting any uses that may conflict with proposed changes to the general plan, specific plan, or zoning laws [***see*** *Gov. Code § 65858*; ***but see*** *Building Indus. Legal Defense Foundation v. Superior Court (1999) 72 Cal. App. 4th 1410, 1420, 85 Cal. Rptr. 2d 828* (interim ordinance may not prohibit formal processing of development applications)].

3. Determine whether any boundary changes of public agencies are necessary to implement project (e.g., annexation into city or modifying boundary of special district to include property) [*see § 30B.203*].

4. According to local building standards enforcement agency, ascertain the following:

a. Applicable construction standards;

b. Types of construction requiring permits, and whether proposed project will require permit or other approval from applicable state agencies [*see § 30B.123*];

c. Types of permits required;

d. Other local departments or officers to consult; and

e. Procedural requirements for issuance of building permits.

§ 30B.111 Applicability of Development Agreement with Local City or County

1. Determine scope of project.

2. Ascertain whether development agreement would be in applicant's interest.

3. Determine whether client has legal or equitable interest in property.

4. Determine whether City or County is receptive to development agreement.

PRACTICE TIP:

Pros and Cons of Development Agreements. There are times when it may make sense for both parties to avoid the time and expense of negotiating a development agreement. Development agreements are most appropriate for long-term, phased projects that require substantial initial investment in infrastructure. Then the public agency gets the early school site, road improvements, or other public improvements, and the developer can justify spending large sums up front in the knowledge that he or she is guaranteed the right to complete the entire project. From the agency's viewpoint, if there are not substantial up front exactions, then it may not be a good bargain to lock in the zoning and other entitlements. Similarly, from the developer's perspective, if the entire project will be built out at once, then he or she may not want to risk opening up the project for exactions above those that could legally be required in the absence of the development agreement.

§ 30B.112 Applicability of National Environmental Policy Act and California Environmental Quality Act

NOTE:

This section focuses on the National Environmental Policy Act of 1969 (NEPA) [*42 U.S.C. § 4321 et seq.*] and the California Environmental Quality Act of 1970 (CEQA) [*Pub. Res. Code § 21000 et seq.*]. For discussions of regional environmental legislation, see *§ 30B.113* (California Coastal Act of 1976) [*Pub. Res. Code § 30000 et seq.*] and *§ 30B.114* (McAteer-Petris Act) [*Gov. Code § 66600 et seq.*].

1. Determine whether project is major federal action potentially affecting quality of human environment and thus is subject to National Environmental Protection Act of 1969 (NEPA) [*42 U.S.C. § 4321 et seq.*; *see § 30B.31*].

2. Determine whether project is potentially subject to California Environmental Quality Act of 1970 (CEQA) [*Pub. Res. Code § 21000 et seq.*].

a. Ascertain whether project is to be carried out or approved by a public agency [*see Pub. Res. Code § 21065*; *14 Cal. Code Reg. § 15378(a)*; *see also § 30B.210[1][b][ii]*].

b. Ascertain whether project is a "discretionary" project [*Pub. Res. Code § 21080(a)*; *14 Cal. Code Reg. § 15357*; *see § 30B.210[1][b][iii]*].

c. Ascertain whether it is likely that appropriate public agency will determine that project may have significant effect on environment [*see Pub. Res. Code §§ 21068, 21100, 21151*; *14 Cal. Code Reg. § 15382*; *see also § 30B.210[1][b][iv]*].

3. If project is potentially subject to CEQA, ascertain whether project falls within statutory or regulatory exemption from requirements of CEQA [*see Pub. Res. Code §§ 21108(a), 21152(a)*; *14 Cal. Code Reg. §§ 15061(d), 15062, 15282*; *see also § 30B.211[1]*].

§ 30B.113 Applicability of California Coastal Act

NOTE:

Under the California Coastal Act of 1976 [*Pub. Res. Code § 30000 et seq.*], any person wishing to perform or undertake a development in the coastal zone must obtain a coastal development permit in addition to any other permit required by law [*Pub. Res. Code § 30600(a)*]. For a discussion of the Coastal Act and this permit requirement, see *§ 30B.222*.

1. Ascertain whether proposed development is to be located within coastal zone subject to Act, according to either:

a. Appropriate district office of California Coastal Commission; or

b. Coastal zone map that is on file with county clerk of each coastal county [*see Pub. Res. Code § 30103(b)*].

2. Ascertain whether proposed project is a "development" for purposes of Act [*see Pub. Res. Code § 30106*].

NOTE:

Most activities that alter existing conditions in the coastal zone will be considered "developments" under *Pub. Res. Code § 30106*. For a discussion of that statutory definition, see *§ 30B.222[1][f]*.

3. Ascertain whether proposed development falls within one of following categories, which are exempt from Act's permit requirement:

NOTE:

The following exempted developments are discussed in greater detail under *§ 30B.222[1][g]*. Although the following list is nonexclusive, it contains the exemptions that are most likely to apply to private developers.

a. Most improvements to existing structures [*Pub. Res. Code § 30610(a), (b)*; *see 14 Cal. Code Reg. §§ 13250, 13253*].

b. Repair or maintenance activities that do not [*Pub. Res. Code § 30610(d)*; *see 14 Cal. Code Reg. § 13252*]:

(1) Result in additions, enlargements, or expansions; or

(2) Involve risk of substantial adverse environmental impact.

c. Replacement of structure (other than public works facility) destroyed by a disaster [*Pub. Res. Code § 30610(g)*].

d. Conversion of existing multiple-unit residential structure to a time-share project, estate, or use, and related improvements [*Pub. Res. Code § 30610(h)*; *see Bus. & Prof. Code § 11212(x), (z)* (effective July 1, 2005)].

e. Categories of developments that have been exempted by vote of Coastal Commission [*Pub. Res. Code § 30610(e)*; *14 Cal. Code Reg. §§ 13240-13249*].

14-30B California Legal Forms--Transaction Guide § 30B.114

AUTHOR: Revision Author Andrew L. Faber

§ 30B.114 Applicability of McAteer-Petris Act

NOTE:

For a discussion of the McAteer-Petris Act [*Gov. Code § 66600 et seq.*], which regulates projects involving any substantial change in the use of San Francisco Bay or its shoreline [***see*** *Gov. Code § 66632*], see *§ 30B.223*.

1. Determine whether proposed project is within jurisdiction of San Francisco Bay Conservation and Development Commission (BCDC) [*see Gov. Code § 66610*].

NOTE:

The area of jurisdiction of the BCDC essentially includes San Francisco Bay, all land within 100 feet of the Bay's shoreline, salt ponds, managed wetlands, and certain specified waterways [***see*** *Gov. Code § 66610*].

2. Determine whether proposed project requires permit from BCDC [*see Gov. Code § 66632(a)*].

a. Ascertain whether project involves making any substantial change in use of San Francisco Bay or its shoreline [*see Gov. Code § 66632*], for example:
(1) Shoreline construction; or

(2) Dredging, filling, or diking Bay.

b. Ascertain whether project involves construction of either of the following, which are exempt from permit requirements:

(1) Public service facilities [*see Gov. Code § 66632.2*]; or

(2) Certain planned community developments on land already filled [*see Gov. Code § 66660.1*].

§ 30B.115 Applicability of Other State and Federal Permitting Requirements

1. Determine whether proposed project is within jurisdiction of Army Corps of Engineers under federal Clean Water Act so as to need a Section 404 Permit [*see 33 U.S.C. § 1344*].

a. Ascertain whether project area impacts "waters of the United States."

NOTE:
The Army Corps of Engineers has jurisdiction over "waters of the United States," including oceans, rivers, streams, and wetlands. The Corps has interpreted such jurisdictional grant very broadly, but recent case law may cut back on the expansive scope of the Corps interpretation [***see*** *Solid Waste Agency v. U.S. Army Corps of Eng'rs (2001) 531 U.S. 159, 174, 121 S. Ct. 675, 148 L. Ed. 2d 576* ("migratory bird rule" cannot confer Section 404 jurisdiction over isolated pond)].

b. Determine whether activity involves locating structure, excavating, or discharging dredged or fill material.

2. Determine whether proposed project adversely impacts endangered or threatened species or their habitat.

NOTE:
If a project has an adverse impact on endangered or threatened species or their habitat, it will be necessary to redesign the project, or consult with the United States Fish & Wildlife Service pursuant to the Endangered Species Act [*16 U.S.C. § 1531 et seq.*] or the California Department of Fish and Game pursuant to the California Endangered Species Act [*Fish & Game Code §§ 2050-2098*].

3. Determine whether proposed project would obstruct natural flow or change bed, channel, or bank of any river, stream, or lake.

NOTE:

If a project will have this effect, it will be necessary to redesign the project, or to negotiate a Section 1603 Permit with the Department of Fish and Game [***see*** *Fish & Game Code § 1603*] or, if necessary, obtain a Section 404 Permit from the Army Corps of Engineers [***see*** *33 U.S.C. § 1344*].

§ 30B.120 Submitting Applications for Entitlements and Local Permits

PRACTICE TIP:

Obtaining Entitlements and Permits. The following is the general procedure required to procure construction permits in most California jurisdictions. A more detailed discussion is not possible due to variations in local procedures and requirements.

Generally speaking, there is a certain sequence of entitlements that must be obtained to allow a development to proceed. Not all of these entitlements will be required for any one project, but the following is a list of categories of entitlements and permits, the need for which should be considered in planning and scheduling a course of project approval:

- General Plan Amendment.
- Zoning Change.
- Administrative zoning relief.
- Variance.
- Use permit.
- Subdivision.
- Regional Permits (e.g., from Regional Water Quality Control Boards).

- State Permits (e.g., from Department of Fish and Game or California Coastal Commission).

- Federal permits (e.g., from Army Corps of Engineers to fill wetlands).

- Local Agency Formation Commision (LAFCO) reorganization (e.g., annexation and district boundary changes).

- Building permits, including demolition and grading.

All along the way, compliance must be ensured with the National Environmental Policy Act (NEPA) [*42 U.S.C. § 4321 et seq.*] and the California Environmental Quality Act (CEQA) [*Pub. Res. Code § 21000 et seq.*], as applicable.

1. Before completing applications:

a. Obtain application information list from each local agency with jurisdiction over proposed development project [*see Gov. Code §§ 65940, 65941*]; and

NOTE:
Each local agency must also notify applicants for development permits of (1) the time limits established for the review and approval of development permits [***see*** *Gov. Code §§ 15399.50-15399.56, 65940-65945.7, 65950-65957*; ***see also*** *§ 30B.123*], (2) the applicable public notice distribution requirements, (3) requirements governing the use of lists of local hazardous waste sites [***see*** *Gov. Code § 65962.5(f)*; ***see also*** P b, ***below***], and (4) limitations on the imposition of certain conditions to the approval of a building permit or a tentative map or parcel map [*Gov. Code § 65941.5*; ***see*** *Gov. Code § 65961*].

b. If proposed development project will be used by any person [*Gov. Code §§ 65940, 65962.5*]:

(1) Consult any lists of local hazardous waste sites filed by state agencies with local jurisdiction in which development will be located; and

(2) Submit signed statement to local agency indicating:
(a) Whether or not project and any alternatives will be situated on listed sites; and

(b) What (if any) list(s) contain(s) project site [*see Gov. Code § 65962.5(f)* (procedure lead agency must follow if statement does not identify applicable list)].

2. Submit entitlement or permit applications, supporting documents, and fees to local building standards enforcement agency.

3. At time application is filed with city or county, consider requesting that local entity notify applicant of any proposal to adopt or amend any of the following [*Gov. Code § 65945(a)*]:

NOTE:
The city or county will inform the applicant of this right and of the manner in which it must be exercised. The applicant will be required either to submit a written request or to subscribe to a

periodically updated notice or set of notices that list pending proposals. A reasonable fee may be charged for the notice(s) [*Gov. Code § 65945*]. A slightly different procedure applies if the local permit agency is not a city or county [***see** Gov. Code § 65945.3*].

a. General plan.

b. Specific plan.

c. Zoning ordinance [*see § 30B.121*].

d. Ordinance affecting building permits or grading permits.

4. Monitor local agencies' actions in reviewing applications to ensure that agencies comply with statutory requirements [*see § 30B.123*, PP 4-12].

NOTE:

Statutory requirements govern the handling of development projects by public agencies [***see** Gov. Code § 65932*; ***see also** Gov. Code §§ 65920-65957.1* (Permit Streamlining Act)]. "Development project" is broadly defined to include almost every kind of construction project [***see** Gov. Code §§ 65927, 65928*]. Among other things, this legislation regulates the contents, processing, approval, and disapproval of applications for development projects. It does not apply, however, to legislative actions, such as rezonings or general plan amendments. The primary discussion of this legislation is contained in *§ 30B.123* (Obtaining State Permits).

5. Obtain approvals or permits from other concerned agencies.

NOTE:

The applicant will be required to obtain and file any additional permits or approvals as a condition precedent to the issuance of the building permit. Regional, state, or federal permits and approvals also must be on file if they will be a major determinative factor in the granting or denying of the local permits.

6. Correct plans, if necessary.

NOTE:

An enforcement agency [***see** Health & Safety Code § 19870(b)(2)* (definition)] may require, as a condition of issuing a building permit, that a permittee participate in a preconstruction conference before the completion of the checking of the permittee's submitted plans and specifications. The purpose of the conference must be to review the plans to ensure (1) consistency of building code interpretations, and (2) adequacy and sufficiency of plan details [*Health & Safety Code § 19872(a)*; ***see** Health & Safety Code § 19872(b)* (participation of other appropriate enforcement agencies)]. The agency may require the permittee to maintain at the project site a set of plans and specifications that reflect any points of discussion, understandings, or agreements derived from the conference [*Health & Safety Code § 19872(c)*].

7. Secure building permits and comply with inspection procedures.

a. Permit applications may include:

(1) Building permit applications.

(2) Plumbing permit applications.

(3) Electrical permit applications.

(4) Mechanical (or heating and ventilation) permit applications.

(5) Demolition, grading, and landscaping applications.

b. Supporting documents may include:

(1) Plot plans.

(2) Structural plans.

(3) Survey plats.

(4) Grading and drainage plans.

(5) Street improvement plans.

(6) Architect's statement.

(7) Workers' compensation insurance.

(8) Permits and approvals issued by other agencies.

c. Fees may include:

(1) Filing fees.

(2) Plan checking fees.

(3) Site inspection fees.

(4) Permit issuance fees.

(5) Development or aesthetic control commission fees.

(6) Plan maintenance fees.

(7) Strong motion instrumentation fees.

(8) Hazard zone administration fees.

(9) Area Housing Council fees.

(10) Impact mitigation fees.

§ 30B.121 Obtaining Relief From Zoning Ordinance

NOTE:

This section examines legislative and administrative methods for resolving conflicts between the applicable zoning laws and a client's development proposal. Most of the statutory procedural requirements discussed are established by the Planning and Zoning Law [*Gov. Code § 65800 et seq.*]. Because these statutory requirements do not necessarily apply to charter cities [***see*** *Gov. Code § 65803*; ***see also*** *§ 30B.21[2]*], and they are intended to provide only a minimum of limitations so that local jurisdictions may exercise a maximum degree of control over local zoning matters [*Gov. Code § 65800*], it is essential that counsel comply with any supplementary requirements established by local ordinance.

1. Consult planning department to:

a. Attempt to resolve disagreements;

b. Ascertain whether or not it will make favorable recommendation to planning commission;

c. Discover what (if any) conditions it may place on its approval; and

d. Learn role and inclinations of other possible participants in application process, for example:

(1) City council or board of supervisors.

(2) City attorney or county counsel, who is responsible for legal interpretations of zoning

ordinance and for evaluating related legal claims.

(3) City or county engineer, who makes recommendations concerning certain conditions of approval of construction projects.

(4) Department of Building and Safety, which issues building permits.

(5) City manager or other chief administrative officer.

2. Consult local ordinance to determine how closely local entity follows procedural and administrative zoning requirements [*see Gov. Code § 65800 et seq.*] of Planning and Zoning Law [*Gov. Code § 65000 et seq.*; *see § 30B.21[2]*].

3. Select form of zoning relief:

a. Change of zone [*see* P 5, *below*].

b. Variance [*see* P 6, *below*].

c. Conditional use permit [*see* P 6, *below*].

4. Review general and specific plans, if any, to determine if general plan amendment is necessary.

PRACTICE TIP:

Interpreting General Plan to Avoid Need for Amendment. General plans typically contain a multitude of goals, policies, guidelines, implementation strategies, and the like. Of necessity, these are not always reconcilable as applied to a given project. While general plans must be internally consistent, it is the province of the legislative body to interpret the plan and to resolve perceived inconsistencies. In practice, this means that there may be enough flexibility for the decision makers to interpret the plan so that a project that is seemingly contrary to one or more policies of the plan actually does not require a general plan amendment, particularly when the amendment would be to the text of the plan, rather than to the land use diagram.

5. If client is applying for rezoning, take following steps [*see Gov. Code § 65853*]:

PRACTICE TIP:

Charter Cities and Zoning Conformance. When all else fails, remember that a charter city is not obligated by State law to conform its zoning to its general plan [*see Gov. Code § 65803*]. Thus, a rezoning that appears to conflict with the general plan can be approved, though most charter cities are reluctant to do so in practice, and Los Angeles is prevented from doing so by statute [*see Gov. Code § 65860(d)*].

a. Submit application to appropriate city official.

b. Work with staff and review staff recommendation, when available.

c. Attend public hearing [*see Gov. Code § 65854*].

d. Obtain copy of written recommendation of planning commission [*see Gov. Code § 65855*].

e. If planning commission recommends rejecting application and legislative body does not intend to take further action, file written request for hearing with clerk of legislative body within five days after filing of recommendation with legislative body [*Gov. Code § 65856(a)*].

f. Attend public hearing conducted by legislative body [*Gov. Code § 65856(a)*].

6. For conditional use permit or variance, take following steps:

a. Submit application to appropriate city official for action by board of zoning adjustment or zoning administrator [*Gov. Code § 65900*] or, if there is none, by planning commission [*Gov. Code § 65902*; for discussion of limitations on the granting of variances (*see Gov. Code §§ 65906, 65906.5, 65909*), see *§ 30B.201[1][c]*].

PRACTICE TIP:

Variances--Neutralize Planning Staff and City Attorney. The planning staff, if opposed to your project, may use the requirement for variance findings as an excuse, claiming that it is not possible for the decision-making body to make the findings. Or the city attorney may opine that the findings cannot legally be made. It can be very difficult for the decision-makers to approve the variance when confronted with such internal opposition. Thus, an applicant should take two steps to help with the findings. First, write a letter to the decision-making body quoting each required finding and stating the supporting evidence that allows the finding to be made. Second, try to get the staff to a more neutral position: even if staff opposes the variance, see if they will agree to state their opposition, but leave it up to the decision-making body as to whether or not that body thinks the appropriate findings can and should be made.

b. Attend public hearing on application [*Gov. Code § 65905(a)*; *see Gov. Code §§ 65905(b), 65091* (notice requirements)].

NOTE:

The local ordinance may authorize either the board of zoning adjustment or the zoning administrator to decide an application for a variance without a public hearing. Any such ordinance must specify the kinds of variances that the board or administrator may grant [***see*** *Gov. Code § 65906*], and the extent of the permissible variation [*Gov. Code § 65901(b)*].

c. If application is rejected and appeal is desired, take following steps [*see § 30B.202*]:

(1) Submit appeal in strict compliance with local ordinance and on a local form if required, with any applicable appeal fee.

(2) Attend public hearing on appeal [*Gov. Code § 65905*].

(3) After final decision is made, either consider seeking judicial relief or, if decision is favorable, recommend that client consider postponing work until expiration of opposition's appeal period.

NOTE:

Litigation-related matters are beyond the scope of this publication. For discussions of

zoning litigation, see California Forms of Pleading and Practice, Ch. 579, ***Zoning and Planning*** (Matthew Bender), and California Real Estate Law and Practice, Ch. 283, ***Judicial Review of Zoning Decisions*** (Matthew Bender).

d. If variance is granted, work with city staff to make sure that resolution granting variance makes proper findings and supports them with substantial evidence in the record [*see § 30B.201*].

§ 30B.122 Obtaining Development Agreement with Local City or County

1. Negotiate the Agreement.

PRACTICE TIP:

Form of Agreement. There is no standard form for a development agreement. The sample form in *§ 30B.204* may be used as a guide. It is recommended that, if possible, developer's counsel should start with his or her own draft submittal to the agency. Because the developer typically ends up making concessions to the agency as consideration for the agreement over and above those that could legally be imposed on the project, it can be important to "time your give-aways." It is often desirable to leave some public benefit for the planning commission or city council to extract.

2. Be involved with process for approval.

PRACTICE TIP:

A Development Agreement Prior to Entitlements? Most commonly, development agreements are approved as part of an overall package of entitlements, including environmental review under CEQA. This is generally the easiest way to get an agency's cooperation, and avoids calling the public's attention to the development agreement as a separate entitlement. For large-scale projects, however, it may be more appropriate to enter into a development agreement before receiving any entitlements, as a way of "testing the waters" to justify proceeding further with such a project. Doubts about the validity of such an agreement were laid to rest when an appellate court, in overruling a challenge to the validity of the agreement, noted that the Development Agreement Law "permits local government to make commitments to developers at the time the developer

makes a substantial investment in a project" [*Santa Margarita Area Residents Together v. Board of Supervisors (2000) 84 Cal. App. 4th 221, 230, 100 Cal. Rptr. 2d 740]* .

3. Get staff report in advance of hearing required by planning agency (usually a planning commission) and attend hearing.

4. Get staff report in advance of hearing required by City Council and attend hearing.

PRACTICE TIP:

Two Hearings. Two hearings are required to adopt any ordinance, including approving a development agreement or a rezoning [*see Gov. Code § 36934*]. The first hearing is when the ordinance is "introduced." This is generally the important hearing at which any significant public debate takes place. The second hearing is technically when the ordinance is "adopted," often on the consent calendar without debate. Usually the second hearing is pro-forma, but it should be monitored as well.

5. Get fully executed copy of agreement and make sure it is recorded.

§ 30B.123 Obtaining State Permits in General

1. [Reserved]

2. If proposed project will require permit or other approval, contact appropriate state agency, for example:

a. Air Pollution Control Districts.

b. California Coastal Commission [*see § 30B.125*].

c. California Energy Commission.

d. California Environmental Protection Agency, Division of Toxic Substances Control (DTSC).

e. California Public Utilities Commission.

f. Department of Forestry and Fire Protection.

g. Department of Conservation: Division of Oil and Gas.

h. Department of Fish and Game.

i. Department of Health Services.

j. Department of Housing and Community Development.

k. Department of Parks and Recreation.

l. Department of Transportation.

m. Department of Water Resources.

n. Integrated Solid Waste Management Board.

o. San Francisco Bay Conservation and Development Commission [*see § 30B.126*, P 1].

p. State Lands Commission.

q. State Water Resources Control Board.

r. Tahoe Regional Planning Agency [*see § 30B.126*, P 2].

3. Apply for permits, using application information lists that must be provided by all state agencies with jurisdiction over proposed project [*see Gov. Code §§ 65940, 65941*].

NOTE:

Each state agency must also notify applicants for development permits of (1) the time limits established for review and approval of development permits [***see*** *Gov. Code §§ 15399.50-15399.56, 65940-65945.7, 65950-65957.5* (discussed throughout the remainder of this *§ 30B.123*)]; (2) the applicable public notice distribution requirements; (3) requirements governing the use of lists of local hazardous waste sites [***see*** *Gov. Code § 65962.5(f)*; ***see also*** *§ 30B.120*, P 1, b.]; and (4) limitations on the imposition of certain conditions to the approval of a building permit, tentative map, or parcel map [*Gov. Code § 65941.5*; ***see*** *Gov. Code § 65961*].

4. Consider submitting written request to each agency with permit authority for notice of any proposal to adopt or amend any regulation affecting issuance of permit [*Gov. Code § 65945.5*].

5. Consider application to be complete if applicant does not receive written determination regarding completeness from governing agency within 30 days after filing date [*Gov. Code § 65943(a)*].

6. If applicant receives timely written determination by agency that application is incomplete [*see* P 5, *above*], have applicant submit missing information identified in written determination [*Gov. Code § 65943(a)*].

NOTE:

The applicant and the public agency may agree to extend any of the time limits specified by *Gov. Code § 65943* [*Gov. Code § 65943(d)*; ***see*** PP 5, ***above***, 7, ***below***].

7. If applicant, within 30 days after agency receives resubmission [*see* P 6, *above*], receives another written determination of incompleteness, have applicant take following steps if appeal is desired [*see Gov. Code § 65943(b)*]:

NOTE:

If the applicant does not receive a response concerning the resubmission within that 30-day period, the application and supporting documentation will be deemed complete [*Gov. Code § 65943(b)*].

a. Following agency procedure, submit written appeal to [*Gov. Code § 65943(c)*]:
(1) Governing body of agency, if any; or

(2) Director of agency.

b. Notify client that application and submitted materials will be deemed complete unless agency makes a final, adverse written determination on appeal not later than 60 calendar days after agency's receipt of appeal [*Gov. Code § 65943(c)*].

8. Inform applicant that public agency, once it has accepted application as complete, cannot subsequently request any new or additional information that was not required as part of application [*Gov. Code § 65944(a)*; *but see Gov. Code § 65944(c)* (discussed in NOTE, *below*)].

NOTE:

This rule does not mean the applicant must submit with the initial application all the information that a public agency may require to take final action on the application. Before accepting an application, each agency must inform the applicant of any information that will subsequently be required to complete final action on the application [*Gov. Code § 65944(b)*].

The prohibition against requesting additional information does not limit the ability of the agency to request and obtain information that is needed to comply with the California Environmental Quality Act (CEQA) (*Pub. Res. Code § 21000 et seq.*) [*Gov. Code § 65944(c)*; ***see*** *§ 30B.210[1]*]. In addition, if an application is accepted as complete and the proposed project is located either within 1,000 feet of a military installation, within special use airspace, or beneath a low-level flight path, the agency that accepted the application must provide a copy to any branch of the United States Armed Forces that has provided the Office of Planning and Research with a single California mailing address for delivery of a copy of such applications [*Gov. Code § 65944(d)(1)*]. Once the copy of the application has been received, the relevant branch of the U.S. Armed Forces may request consultation with the agency and the project applicant to discuss the effects of the proposed project on military installations, low-level flight paths, or special use airspace, and potential alternatives and mitigation measures [*Gov. Code § 65944(e)*].

9. Notify applicant that final approval or disapproval of project must be made:

a. By lead agency within [*Gov. Code § 65950(a)(1), (3)*]:

NOTE:

The "lead agency" is the public agency that has the principal responsibility for carrying out or approving the development project [*Gov. Code § 65929*]. The applicant and lead agency may agree to extend the applicable time limit once for up to 90 days [*Gov. Code § 65957*].

A public agency may not disapprove a development project application merely to comply with the following time limits. Any disapproval of an application must give reasons for disapproval other than the agency's failure to timely act [*Gov. Code § 65952.2*].

(1) 180 days from date of certification by lead agency of environmental impact report [*see Pub. Res. Code §§ 21100, 21151*; *see also § 30B.124*].

NOTE:
Notwithstanding the above requirement, if the lead agency has extended the deadline for the completion and certification of the environmental impact report [***see*** *Pub. Res. Code §§ 21100.2, 21151.5*], it must approve or disapprove the project within 90 days after certification of the environmental impact report [*Gov. Code § 65950.1*]. This time limit may be extended once for up to 90 days with the consent of the public agency and the applicant [*Gov. Code § 65957*]. The 180-day period is also reduced to 90 days for subdivisions that are affordable to low-income or very-low-income households, provided certain conditions are met [***see*** *Gov. Code § 65950(a)(2)*].

(2) 60 days from date of adoption of negative declaration or determination by lead agency that project is exempt from CEQA, unless applicant requests extension of time limit.

NOTE:
For detailed coverage of all aspects of CEQA, see California Environmental Law and Land Use Practice, Chs. 20- 23 (Matthew Bender).

b. By any responsible agency within 180 days from later of [*Gov. Code § 65952(a)*]:

NOTE:
A "responsible agency" is a public agency, other than the lead agency, that has responsibility for carrying out or approving a development project [*Gov. Code § 65933*].

(1) Date on which lead agency approved project; or

(2) Date on which completed application was received and accepted as complete by responsible agency.

NOTE:
The public agency and the applicant may agree to extend this time limit once for up to 90 days [*Gov. Code § 65957*].

10. If lead agency or responsible agency is obligated to provide public notice of project or to hold a public hearing and agency has not done so at least 60 days before expiration of time limits specified in P 9, *above*, consider filing petition for writ of mandate [*see Code Civ. Proc. § 1085*] to compel agency to do so [*Gov. Code § 65956(a)*].

NOTE:
The public agency must notify the applicant of all applicable public notice distribution requirements [*Gov. Code § 65941.5*; ***see*** NOTE to P 3, ***above***].

For a general discussion of writs of mandate, see California Forms of Pleading and Practice, Ch. 358, ***Mandate and Prohibition*** (Matthew Bender).

11. If lead agency or responsible agency fails to act within time limits specified in P 9, *above*, and any required public notice has been given, inform applicant that permit application will be deemed approved by that agency [*Gov. Code § 65956(b)*; *but see Bickel v. City of Piedmont (1997) 16 Cal. 4th 1040, 68 Cal. Rptr. 2d 758, 946 P.2d 427* (right to deemed approval subject to common law waiver)].

12. If lead agency or responsible agency fails to act within time limits specified in P 9, *above*, and any required public notice has not been given, applicant can give notice in following manner [*Gov. Code § 65956(b)*]:

a. Provide seven days' advance notice to permitting agency of applicant's intent to provide public notice; and

b. No earlier than 60 days from expiration of time limits specified in P 9, *above*, provide required public notice by:

NOTE:

If the applicant provides the public notice in the following manner, the time limit for action by the permitting agency will be extended to 60 days after the public notice is provided. Further, the permitting agency must refund to the applicant any fees that were collected for providing notice and that were not used for that purpose [*Gov. Code § 65956(b)*].

(1) Using distribution information provided by public agency pursuant to *Gov. Code § 65941.5* [*see* P 3, NOTE, *above*]; and

(2) Including following information in public notice:

(a) Description of proposed development substantially similar to descriptions that are commonly used in public notices by permitting agency;

(b) Location of proposed development;

(c) Permit application number;

(d) Name and address of permitting agency; and

(e) Statement that project will be deemed approved if permitting agency does not act within 60 days [*Gov. Code § 65956(b)*].

14-30B California Legal Forms--Transaction Guide § 30B.124

AUTHOR: Revision Author Andrew L. Faber

§ 30B.124 Complying With Requirements of CEQA

NOTE:

If the proposed project is subject to both the California Environmental Quality Act of 1970 (CEQA) [*Pub. Res. Code § 21000 et seq.*] and the National Environmental Policy Act of 1969 (NEPA) [*42 U.S.C. § 4321 et seq.*], counsel should consult the discussion in *§ 30B.32[2]*.

1. Submit application for first required governmental approval of project.

NOTE:

At a potential applicant's request, the lead agency must provide consultation before the filing of an application regarding CEQA compliance issues [*Pub. Res. Code § 21080.1(b)*].

For further discussion of the permit approval process under CEQA, see California Real Estate Law and Practice, Ch. 303, ***Requirements of the California Environmental Quality Act*** (Matthew Bender).

2. After application is accepted as complete by appropriate public agency:

a. If public agency determines that project is exempt from CEQA and approves project, file or request that public agency file a notice of exemption [*see Pub. Res. Code §§ 21108(a), 21152(a)*; *14 Cal. Code Reg. §§ 15061(d), 15062(a)*; *see also § 30B.211*].

NOTE:

Once an application is deemed complete, the lead agency must first determine whether an activity is subject to CEQA before conducting an initial study. An activity is not subject to CEQA if (1) it does not involve the exercise of discretionary powers by a public agency; (2) it will not result in a direct or reasonably foreseeable indirect physical change in the environment; or (3) it is not a "project" [*14 Cal. Code Reg. § 15060(c)*; *see 14 Cal. Code Reg. § 15378*]. If the lead agency determines that an activity is a project subject to CEQA, the agency must then determine whether the project is exempt [*14 Cal. Code Reg. § 15061*]. If such a determination is made, the agency will prepare a notice of exemption [*Pub. Res. Code §§ 21108(a), 21152(a)*; *14 Cal. Code Reg. §§ 15061(d), 15062(a)*; ***see*** *§ 30B.211*].

The filing of a notice of exemption shortens the statute of limitations for legal challenges to the finding of exemption [***see*** *14 Cal. Code Reg. § 15062(d)*].

b. Monitor scope of work contracted for and attempt to get as much control as possible.

PRACTICE TIP:

Remain Informed of Contractors and Consultants. Since most environmental documentation is prepared by third party consultants at the developer's expense, counsel should determine the practice of the applicable lead agency in contracting with developers and consultants [*see §§ 30B.212* and *30B.213* for representative contracts between the agency and the consultant and between the agency and the developer].

c. If lead agency [*see Pub. Res. Code § 21067*; *14 Cal. Code Reg. § 15367*; *see also § 30B.210[1][b][v]*] conducts an initial study [*see 14 Cal. Code Reg. §§ 15060(d), 15063*]:

(1) Submit any environmental data and information requested by agency [*14 Cal. Code Reg. § 15063(e)*, App. H; *see § 30B.214*].

(2) During or immediately after preparation of initial study, if requested to do so, meet with lead agency regarding possible project modifications that would reduce or avoid significant environmental effects identified in initial study [*14 Cal. Code Reg. § 15063(g)*].

d. Inform client that lead agency will prepare:

NOTE:

At the applicant's request, a responsible agency must begin processing a development project permit application before final lead agency action on the project to the extent information needed to begin processing is available [*Gov. Code § 65941(c)*].

(1) A negative declaration if [*Pub. Res. Code § 21080(c)*; *14 Cal. Code Reg. § 15070*; *see § 30B.217*]:

(a) It finds that there is no substantial evidence, in light of whole record, that project may have significant effect on environment (this is a plain negative declaration); or

(b) Potentially significant effects identified in initial study will be avoided or sufficiently mitigated by revisions made by or agreed to by applicant, and there is no substantial evidence, in light of whole record, that project as revised may have significant

effect on environment (this is a mitigated negative declaration) [*see Pub. Res. Code § 21064.5*; *14 Cal. Code Reg. § 15369.5*].

(2) Following documents (among others) if project may have significant effect on environment [*see § 30B.210[1][b][iv]*]:

NOTE:
For discussion of the various types of Environmental Impact Reports (EIRs) and their differing uses and requirements, see *§ 30B.210[1][e]*.

(a) Notice of Preparation [*Pub. Res. Code § 21080.4*; *14 Cal. Code Reg. § 15082*; *see § 30B.216*].

(b) Draft EIR [*Pub. Res. Code §§ 21082.1, 21100, 21151*; *14 Cal. Code Reg. § 15084*; *see 14 Cal. Code Reg. §§ 15120-15132*; *see § 30B.218*].

(c) Final EIR [*Pub. Res. Code §§ 21100, 21151*; *14 Cal. Code Reg. § 15089(a)*; *see 14 Cal. Code Reg. § 15132*].

(d) Notice of Determination if project is approved [*Pub. Res. Code §§ 21108(a), 21152(a)*; *14 Cal. Code Reg. § 15094*; *see § 30B.221*].

(e) Resolution of findings regarding significant effects [*Pub. Res. Code § 21081*; *14 Cal. Code Reg. § 15091*; *see § 30B.219*].

(f) Mitigation Monitoring Program [*Pub. Res. Code § 21081.6*; *14 Cal. Code Reg. § 15097*; *see § 30B.220*].

e. Make sure that lead agency provides copy of final, certified EIR (if any) to each responsible agency [*14 Cal. Code Reg. § 15095(d)*; *see Pub. Res. Code § 21069*; *14 Cal. Code Reg. § 15381*; *see also § 30B.210[1][b][v]*].

§ 30B.125 Filing and Processing Applications for Coastal Development Permits

1. Determine whether California Coastal Commission has certified local coastal program (LCP) for applicable city or county [*see Pub. Res. Code §§ 30500-30525*].

2. If LCP has been certified, apply for permit in the following manner:

NOTE:
After certification of an LCP, a coastal development permit must be issued if the issuing agency finds that the proposed development conforms to the certified LCP [*Pub. Res. Code § 30604(b)*].

a. Complete and file official application with appropriate district office of statewide Commission and comply with applicable regulatory procedure [*see* NOTE, *below*] if proposed development is to be located [*Pub. Res. Code § 30519(b)*]:

NOTE:
The applicant must also provide the Commission with the names and addresses of all persons who, for compensation, will be communicating on the applicant's behalf or on behalf of the applicant's business partners. The disclosure must be made before any communication with the Commission takes place [*Pub. Res. Code § 30319*; ***see*** *Pub. Res. Code § 30319.5*].

(1) On any tidelands, submerged lands, or on public trust lands [*but see Pub. Res. Code §*

30613], whether filled or unfilled, lying within coastal zone;

(2) Within certain enumerated port districts [*see Pub. Res. Code §§ 30700-30721*; *see also 14 Cal. Code Reg. §§ 13600-13648*]; or

(3) Within any state university or college or private university located within coastal zone [*see Pub. Res. Code §§ 30605, 30606*; *see also 14 Cal. Code Reg. §§ 13500-13577*].

b. For any other type of proposed development, complete and file local application form with city or county and comply with any other requirements set forth in LCP [*Pub. Res. Code §§ 30519(a), 30600(d)*].

c. If decision by local agency is adverse, consider appealing decision in court.

NOTE:

The right to appeal an action by a local government on a coastal development permit application is strictly limited by *Pub. Res. Code § 30603(b)* if the LCP has been certified. *Pub. Res. Code § 30603(b)* specifies the only permissible grounds for such an appeal. As a general rule, those grounds are limited to allegations that the development does not conform to the applicable LCP or the public access policies of the Coastal Act [*Pub. Res. Code § 30603(b)(1)*]. Because these allegations are useful only to those challenging permit approvals, an unsuccessful applicant must resort to litigation to try to overturn a permit denial. An exception to this restriction applies to major public works projects or major energy facilities, a denial of which must be appealed to the Commission based on the allegations that the development conforms to the applicable LCP and the public access policies of the Coastal Act [*Pub. Res. Code § 30603(b)(2)*].

3. If LCP has not been certified, take following steps:

NOTE:

Before certification of an LCP, a coastal development permit must be issued if the issuing agency finds that the proposed development conforms to the coastal resources planning management policies of the Act [***see*** *Pub. Res. Code §§ 30200-30265.5*], and that the permitted development will not prejudice the ability of the local government to prepare an LCP that conforms to those policies [*Pub. Res. Code § 30604(a)*].

a. File application with:

(1) Appropriate city or county, if it has authority to issue development permits before certification of its LCP [*see Pub. Res. Code §§ 30600(b), 30600.5*]; or

(2) In all other cases, appropriate district office of statewide Commission [*Pub. Res. Code § 30600(c)*].

b. Participate in regulatory or local procedure governing processing of application.

c. If decision by local agency is adverse, consider appealing local decision to Commission.

NOTE:

Before certification of an LCP, any action taken by a local government on a coastal development permit application may be appealed to the Commission [*Pub. Res. Code § 30602*] by complying with the applicable interim appeals procedure.

§ 30B.126 Obtaining Regional Approvals and Permits

1. For projects in San Francisco Bay Area subject to McAteer-Petris Act [*Gov. Code § 66600 et seq.*; *see § 30B.223[1]*], take following steps:

a. Determine which type of permit must be obtained:
(1) Emergency permit [*see* P b, *below*].

(2) Administrative permit [*see* P c, *below*].

(3) Major permit [*see* P d, *below*].

(4) Regionwide permit [*see* P e, *below*].

b. For emergency permit, apply by letter if time allows, and by telephone or in person otherwise [*14 Cal. Code Reg. § 10640*; *see Gov. Code § 66632(f)*].

NOTE:
The Executive Director may grant an emergency permit, on reasonable terms and conditions, if he or she finds that an emergency exists and requires action more quickly than permitted by the procedures for other types of permits, and that the proposed work would be consistent with applicable laws [*14 Cal. Code Reg. § 10652*; ***see*** *Gov. Code § 66632(f)*; ***see also*** *§ 30B.223[1][h]*].

c. For administrative permit, submit completed application along with all attachments and exhibits specified in form [*14 Cal. Code Reg. § 10610*; *see § 30B.223[1][f]*].

NOTE:

If the Executive Director denies the application, the applicant may resubmit it as an application for a major permit [*14 Cal. Code Reg. § 10624*]. For further discussion of the processing of an application for an adminstrative permit, see *§ 30B.223[1][f]*.

d. If major permit is required, submit completed application along with all attachments and exhibits specified in form as follows [*14 Cal. Code Reg. § 10610*; *see § 30B.223[1][g]*].

(1) If application is accepted and filed:

(a) Obtain Executive Director's approval of any amendments to application [*see 14 Cal. Code Reg. §§ 10370, 10371*; *see also § 30B.223[1][g][v]*]; and

(b) Attend public hearing and, if desired, present additional information [*14 Cal. Code Reg. § 10410(a)(3)*; *see § 30B.223[1][g][iv]*].

(2) If permit is denied, either:

(a) Contest denial in court within 90 days after date of denial [*Gov. Code § 66632(i)*]; or

(b) Submit another application to San Francisco Bay Conservation and Development Commission (BCDC) more than 90 days after date of denial [*Gov. Code § 66632(g)*].

(3) If permit is granted, either:

(a) Inform Executive Director in writing, within 30 days of receiving permit, if permit appears not to express action of BCDC correctly [*14 Cal. Code Reg. § 10526(a)*]; or

(b) Instruct permittee to return permit to BCDC after acknowledging on it that he or she has received it and understands and accepts its contents [*14 Cal. Code Reg. § 10525*].

e. For authorization to perform work covered by existing regionwide permit:

(1) Submit to Executive Director notice of intent to proceed [*14 Cal. Code Reg. § 11710*; *see 14 Cal. Code Reg. § 11711* (required contents)].

(2) If Executive Director determines that project is covered by existing regionwide permit and provides sponsor with copy of permit, have project sponsor sign and date copy of permit and return it to Executive Director within 14 days of receipt [*14 Cal. Code Reg. § 11715*].

f. Within two weeks of completion of work authorized in permit, have permittee file executed notice of completion with Executive Director [*14 Cal. Code Reg. § 10540*].

2. For projects in Lake Tahoe area:

NOTE:

These requirements are not discussed in detail in this Transaction Guide because of their limited applicability. For further discussion, see California Real Estate Law and Practice, Ch. 252, ***State and Regional Planning*** (Matthew Bender), and California Environmental Law and Land Use Practice, Ch. 69, ***Tahoe Regional Planning Agency*** (Matthew Bender).

a. Comply with requirements of Tahoe Regional Planning Compact, if applicable [*Gov. Code §§ 66800, 66801*].

b. Comply with requirements of California Tahoe Regional Planning Agency, if applicable [*see Gov. Code §§ 67000-67132*].

§ 30B.127 Obtaining Other State and Federal Permits

1. For projects within jurisdiction of Army Corps of Engineers under federal Clean Water Act, negotiate a Section 404 Permit [*see 33 U.S.C. § 1344*; *see also* California Environmental Law and Land Use Practice, Ch. 68, *Wetlands Regulation* (Matthew Bender)].

2. For projects that may adversely affect endangered or threatened species or their habitat, redesign project or:

a. Consult with U.S. Fish & Wildlife Service pursuant to federal Endangered Species Act [*16 U.S.C. § 1531 et seq.*].

b. Consult with California Department of Fish and Game pursuant to California Endangered Species Act [*Fish & Game Code §§ 2050-2098*].

3. For projects that would obstruct natural flow or change the bed, channel, or bank of any river, stream, or lake, redesign project or:

a. Negotiate Section 1603 Permit with Department of Fish & Game [*see Fish & Game Code § 1603*].

b. If necessary, obtain Section 404 Permit from Army Corps of Engineers [*see 33 U.S.C. § 1344*].

§ 30B.200 Application for Rezoning, Conditional Use Permit, Variance, or Design Review--City of Oakland Form

[1] Comment

[a] Use of Form

The form in [2], *below*, is a combined application for a variety of zoning actions, as well as for other entitlements, for the City of Oakland. It includes a general plan change and approval of a subdivision map. Earlier versions of this form were less detailed. The City of Oakland form, for example, has evolved over the years into a more complicated document.

The form in [2], *below*, is representative of applications used throughout the state. Local jurisdictions typically also require supporting documentation (usually on official forms) such as environmental assessment forms, disclosures of all persons having any interest in the application and in the property involved, and evidence of ownership.

PRACTICE TIP:

Get Forms Online. Most cities and counties now have their zoning codes, and in many cases, application packages, available on the Internet. Since the forms and procedures are subject to change, and may or may not be updated online immediately, counsel should obtain the information from the agency's web site, then call or visit the planning or community development department to verify that the forms downloaded are complete and reflect the agency's latest revisions. Links to all city and county web sites can be found at the State of California home page at http://my.ca.gov.

Application forms and requirements vary from jurisdiction to jurisdiction. The Oakland form in [2], *below*, obviously reflects some issues of particular concern to that city, for example, tree preservation and creek protection. Other cities or counties may have similarly detailed requirements relating to other features of particular interest to that jurisdiction.

As noted above, the application form in [2], *below*, has become much more complex over the years. The assistance of various professionals is now required to fill out and certify some of the technical components of the form. For example, a professionally certified tree survey is required for all new construction. Similarly, a licensed professional must certify that there are no creeks on the property (or application must be made for a creek permit). And, of course, various types of plans (as applicable) must be attached to the application, such as a floor plan, site plan, grading plan, landscape and irrigation plan, and the like.

For a step-by-step guide to the application process, see *§ 30B.123*.

[b] Rezoning

The effect of an ordinance on a particular parcel of land can be changed legislatively by an amendment of the zoning map that places the property in a different zone, or by amendment of the text of the zoning ordinance to change the use(s) permitted in the relevant district. The owner of the subject property, owners of adjacent parcels who wish to impose restrictions on the use of the subject property, or the local legislative body may initiate the amendment process. For further discussion, see California Real Estate Law and Practice, Ch. 265, *Zoning Relief: Amendments, Variances, and Conditional Use Permits* , Part B.

A decision by a legislative body on a petition for rezoning is normally a quasi-legislative (as opposed to quasi-judicial) function, does not need written findings, and may be reviewed by ordinary mandamus [*Ensign Bickford Realty Corp. v. City Council (1977) 68 Cal. App. 3d 467, 473, 137 Cal. Rptr. 304] , overruled in part, 41 Cal. 4th 279, 59 Cal. Rptr. 3d 442* . The motive of the governing body in denying an application is irrelevant as long as its action is reasonable. The reasonableness of its action must be judged on the objective results of the decision; if the objective facts provide any rational basis for the zoning decision, the decision will be deemed reasonable [*Ensign Bickford Realty Corp. v. City Council (1977) 68 Cal. App. 3d 467, 478, 137 Cal. Rptr. 304] , overruled in part, 41 Cal. 4th 279, 59 Cal. Rptr. 3d 442* .

On the other hand, when approval or rejection of a petition involves the application of general standards to specific parcels of real property, affects relatively few people, and is determined by facts peculiar to the individual case, it is an adjudicatory action by the local governing body. These adjudicative or quasi-judicial, local agency decisions require adequate findings for purposes of judicial review [*see Horn v. Ventura County (1979) 24 Cal. 3d 605, 614, 156 Cal. Rptr. 718, 596 P.2d 1134]* .

In applying this distinction, the California Supreme Court has determined that all rezonings are to be deemed quasi-legislative acts, even if only a small parcel is involved [*see Arnel Development Co. v. City of Costa Mesa (1980) 28 Cal. 3d 511, 516, 169 Cal. Rptr. 904, 620 P.2d 565]* . On the other hand, the decision to grant a use permit or variance is deemed to be an adjudicative or quasi-judicial act [*see Horn v. Ventura County (1979) 24 Cal. 3d 605, 614, 156 Cal. Rptr. 718, 596 P.2d 1134* ; *Topanga Ass'n for a Scenic Community v. Los Angeles County (1974) 11 Cal. 3d 506, 514, 113 Cal. Rptr. 836, 522 P.2d 12]* .

PRACTICE TIP:

Significance of the Distinction. There are significant consequences to the characterization of a land use action in California as legislative versus adjudicative. First, legislative actions are subject to being overturned by referendum, while adjudicative decisions are not. Second, the standard of judicial review of legislative decisions is much lower. They are reviewable by ordinary mandamus under *Code Civ. Proc. § 1085*, so that no findings are required and the agency's decision will be upheld if it is not arbitrary or capricious. Adjudicative actions, by contrast, are reviewable by administrative mandamus under *Code Civ. Proc. § 1094.5*. This requires that the decision be supported by findings, and that the findings be supported by substantial evidence in the record.

[c] Variances Defined

A variance is essentially a permitted deviation from the strict terms of a zoning ordinance to alleviate a hardship affecting a particular parcel while adhering to the general purposes of the zoning ordinance. The typical variance provides for a relatively minor deviation affecting setback lines, floor/area ratios, etc. It therefore differs from a conditional use permit, which permits a use conditionally authorized under the zoning ordinance [*see* California Real Estate Law and Practice, Ch. 265, *Zoning Relief: Amendments, Variances, and Conditional Use Permits* (Matthew Bender); *see also* [d]-[g], *below*].

PRACTICE TIP:

Keeping Up With the Joneses. When neighboring businesses have been granted variances to allow signs larger than those permitted by the zoning code, your client may quite reasonably feel entitled to the same consideration for his or her proposed sign. Unfortunately, the law is clear that the grant of variances to similarly situated properties does not justify your client's variance [*see Hill v. City of Manhattan Beach (1971) 6 Cal. 3d 279, 286-287, 98 Cal. Rptr. 785, 491 P.2d 369]* . What the agency should do when it grants repeated variances is change the underlying zoning requirement.

[d] Statutory Limitations on Variances

Under the Planning and Zoning Law [*Gov. Code § 65000 et seq.*], variances can be granted only when, because of special circumstances applicable to the property (e.g., its size, shape, topography, location, or surroundings), the strict application of the zoning ordinance deprives the property of privileges enjoyed by other property in the vicinity and under identical zoning classification. Any variance must be subject to conditions that will assure that the authorized adjustment will not constitute a grant of special privileges inconsistent with the limitations applicable to other properties in the same vicinity and zone [*Gov. Code § 65906*]. Variances (unlike conditional use permits) may not be used to allow a use of property that is not otherwise expressly authorized by the zone regulation governing the parcel of property [*Gov. Code § 65906*]. For further discussion, see California Real Estate Law and Practice, Ch. 265, *Zoning Relief: Amendments, Variances, and Conditional Use Permits* (Matthew Bender).

PRACTICE TIP:

No "Use" Variance in California. Not infrequently, property owners want a variance to permit a use of property not allowed by the zoning classification. For example, on a street of old houses that are being converted to commercial uses over time, the owner of a house may desire a variance for professional office use. If the property is zoned residential, and office use is not an allowed use in that zoning district, then a variance cannot be granted; the proper remedy is a rezoning to a district that allows the office use. Unlike in some states, in California, a "use" variance may not be granted [*see Gov. Code § 65906*].

[e] Special Standards for Specified Types of Variances

Special statutory provisions apply under the following circumstances:

- When the proposed variance covers land in an open-space zoning district [*see Gov. Code § 65911*]; or

- When the proposed variance would locate required parking spaces offsite or provide for in-lieu fees or facilities as an aid to use of public transit [*see Gov. Code § 65906.5*].

For additional discussion of these special standards, see California Real Estate Law and Practice, Ch. 265, *Zoning Relief: Amendments, Variances, and Conditional Use Permits* (Matthew Bender).

[f] Additional Requirements Commonly Imposed by Ordinance

Local ordinances usually impose additional requirements that supplement the statutory provisions governing the granting of variances. For example, many local ordinances require that a variance not adversely affect neighboring property or persons who live and work nearby [*see* California Real Estate Law and Practice, Ch. 265, *Zoning Relief: Amendments, Variances, and Conditional Use Permits* (Matthew Bender)].

Any local jurisdiction that is subject to the above zoning requirements of the Planning and Zoning Law may adopt additional or supplemental requirements or conditions governing variances [*Topanga Ass'n for a Scenic Community v. Los Angeles County (1974) 11 Cal. 3d 506, 511, 113 Cal. Rptr. 836, 522 P.2d 12]* .

For additional discussion of variances, including the need for factual support for the grant, see *§ 30B.201* (Resolution Granting Variance). For restrictions on the conditions that can be attached to the grant of a variance, see [d], *above*.

[g] Conditional Use Permits

Most zoning ordinances authorize the administrative issuance of a conditional use permit (CUP) for specified uses, subject to certain conditions [*see* discussion *below*]. Unlike variances, these permits do not authorize departures from the terms of the ordinance [*see Essick v. Los Angeles (1950) 34 Cal. 2d 614, 623, 213 P.2d 492]* . By providing for the use of these permits, local governments leave open the possibility of approving a use that should not be automatically authorized for an entire district or without the imposition of restrictions.

PRACTICE TIP:

CUP versus a Rezoning. Sometimes a particular project could be approved either under a conditional use permit without a zone change, or with an actual rezoning. There are benefits to each approach. *Pro CUP:* (1) May be faster, due to lower level approval; (2) Approval is an administrative act, not subject to referendum. *Pro Rezoning:* (1) For tactical reasons, you may prefer a hearing in front of the legislative body (see next Practice Tip); (2) Rezoning is of indefinite duration, while a CUP might be issued for a limited time, or subject to review.

PRACTICE TIP:

Choice of Approving Body? Sometimes the choice of whether to go with a rezoning or a conditional use permit under the existing zoning may depend on the identity of the approving body. Generally, the lower the level of the approving body (e.g., director of planning or planning commission versus city council), the quicker the approval process. On the other hand, there are cities where the city council may be easier for a developer to deal with than the planning commission, due to greater sophistication, knowledge, or maybe just a more favorable attitude towards a particular type of project. In that case, the longer process ending up with an approval hearing in front of the city council may be preferable, particularly if under the local ordinance, a denial cannot be appealed to the council.

A conditional use permit cannot be granted unless the use will be in the best interests of public convenience and necessity, and will not be contrary to the public health, morals, or welfare [*see Upton v. Gray (1960) 269 Cal. App. 2d 352, 357, 74 Cal. Rptr. 783]* . When the local ordinance authorizes a board of zoning adjustment or zoning administrator to hear and decide applications for conditional uses, the ordinance must establish criteria to be used in reaching that decision [*Gov. Code § 65901*]. These criteria are not established by state law, but are left to the local jurisdiction.

The ordinance may specify the conditions to the granting of a conditional use permit or variance, or it may authorize the permit-issuing entity to impose conditions that are tailored to each particular application. Under the Planning and Zoning Law, the ordinance and permit-issuing authority cannot condition the issuance of a conditional use permit or a variance on either of the following [*Gov. Code § 65909*]:

- The dedication of land for any purpose not reasonably related to the use of the property; or

- The posting of a bond to guarantee installation of public improvements not reasonably related to the use of the property.

PRACTICE TIP:

Periodic Review of a CUP. For a newly permitted use, public agencies or neighbors often push to have the permit last for only a limited period, say one year, or to have it automatically reviewed after a certain period of time. Since the permit can be modified or revoked at such a review, it is in the applicant's interest to (1) try and have the permit issued with no definite expiration date, (2) have any periodic review date be as far in the future as possible, or (3) have the review condition written so that there need be no review unless complaints are received. This later provision may avoid the need for periodic review altogether. Note that even a time-limited CUP may create a vested right to continued operation of a business [*see Goat Hill Tavern v. City of Costa Mesa (1992) 6 Cal. App. 4th 1519, 8 Cal. Rptr. 2d 385]* .

Conditional use permits run with the land and are available to subsequent owners barring expiration or revocation by the issuing body [*Imperial Co. v. McDougal (1977) 19 Cal. 3d 505, 510, 138 Cal. Rptr. 472, 564 P.2d 14]* .

§ 30B.201 Resolution Granting Variance

[1] Comment

[a] Use of Form

The form in [2], *below*, is an example of a resolution by a city planning commission granting a variance. Some sample language is included in the form to illustrate the kind of factual support that must underlie the findings for the grant of the variance.

Two examples are provided throughout this form. The first is a classic variance from street setbacks for a residential corner lot. The second is a more unusual situation and is adapted from a restaurant project that needed a variance from the requirement that all parking required by city code be provided on site. The justification for the variance for this second situation is primarily the existence of an historical structure on the property that limits normal utilization of the site.

PRACTICE TIP:

Need for Evidentiary Findings. Variances are the poster children for administrative findings. In fact, the leading land use case in California requiring that administrative agencies make detailed, evidentiary findings is a variance case [*see Topanga Asso. for Scenic Community v. County of Los Angeles (1974) 11 Cal. 3d 506, 113 Cal. Rptr. 836, 522 P.2d 12]* . Each of the required statutory findings must be supported by substantial evidence in the record.

[b] Recitals

The Recitals should give some of the procedural history of the project, and explain that the granting body has carried out its duties to hold a public hearing and consider all the evidence in front of it. This is also a good place to define basic terms used in the Resolution.

[c] Findings

Findings are the heart of the resolution and the critical part that is necessary to defend the grant of the variance against any legal challenge. The form contains sample findings. The specific findings that must be made are governed by state law [*see Gov. Code § 65906*] and by local ordinance.

Gov. Code § 65906 essentially requires the following two findings:

- First, that "because of special circumstances applicable to the property, including size, shape, topography, location or surroundings, the strict application of the zoning ordinance deprives such property of privileges enjoyed by other property in the vicinity and under identical zoning classification."

- Second, that the variance is subject to such conditions that it "shall not constitute a grant of a special privileges inconsistent with the limitations on other properties in the vicinity and zone."

PRACTICE TIP:

Difficulty of Development Is Not Enough. The issue is not whether the property would be hard to develop, but rather how its development difficulties compare to those of nearby properties. For example, the California Supreme Court found evidence of development difficulties due to three streambeds, rugged terrain, and a public road's bisecting the property to be insufficient to justify a variance absent a showing that such conditions do not apply to other properties in the area [*see Topanga Asso. for Scenic Community v. County of Los Angeles (1974) 11 Cal. 3d 506, 113 Cal. Rptr. 836, 522 P.2d 12]* .

Local law may impose additional requirements, such as that the variance be consistent with the general intent of the zoning ordinance, and that it not adversely affect adjoining properties. Findings generally should be drafted to parrot the required finding, with the supporting evidence and reasoning added thereto, as on the form in [2], *below*.

PRACTICE TIP:

Special Circumstances Must Relate to the Property, not the Owner. The special circumstance that justify the grant of a variance must relate to the property itself, not to the owner or user. For example, if the client needs a setback variance to squeeze a second unit (permitted by the zoning) onto his or her lot, it should be justified by the size, shape, and peculiar circumstances of the property itself, thus warranting the variance to give that property the same rights and privileges as neighboring properties enjoy. The owner's desire to care for his or her sick parents may be helpful at a hearing, but is not a legal justification for the variance.

[d] Conditional Grant

Note that the grant of the variance in the form in [2], *below*, is conditioned to reduce neighborhood impacts caused by the grant of the variance.

[2] FORM

Resolution Granting Variance

Resolution Granting a Variance

RESOLUTION Number _____

Resolution Of The Planning Commission of _____ Granting a Variance to

Allow_____[*e.g., for variance from street setback for residential corner lot,* Reduced Setbacks for a Residential Parcel on a Corner Lot *or, for variance from requirement that all parking required by city code be provided on site,* Off-Site Parking for a Property Located in the LM Zone].

RECITALS

WHEREAS, This matter came before the Planning Commission of the City of _____ ("City") for public hearing on_____[*date*] and was regularly noticed in conformance with State and City law.

WHEREAS, the Planning Commission received testimony and documentary evidence from the applicant and all interested persons who wished to testify or submit documents. The Commission considered all testimony and materials submitted, including the record of the Design Review Board proceedings and the packet of material contained in the Commission Agenda Report dated_____[*date*], along with subsequent reports and materials prepared concerning this application.

WHEREAS, Variance Application _____ seeks relief from the requirements of City Code Section _____ requiring that_____[*e.g., for variance from street setback for residential corner lot,* a residential structure have a front yard setback of no less than 25 feet from the curb *or, for variance from requirement that all parking required by city code be provided on site,* all required parking spaces be provided on site] in order to provide the applicant_____[*e.g., for variance from street setback for residential corner lot,* the ability to build a 3,000 square foot house on the lot *or, for variance from requirement that all parking required by city code be provided on site,* thirty (30) additional off-site parking spaces needed to meet the parking requirements for the increased number of seats] for the property located at _____ (the "Property").

FINDINGS

THE PLANNING COMMISSION MAKES THE FOLLOWING FINDINGS, required by City Code Section _____ to grant a variance:

(1) There are special circumstances applicable to the Property in that the size, shape, location and surroundings of the Property are unique and deprive the Property of privileges enjoyed by other property in the vicinity and under the identical zone. [*Insert facts, e.g., for variance from street setback for residential corner lot,* The Property is a standard 5,000 square foot lot. However, unlike all the other lots in the subdivision, it is on the corner of two streets, so that the application of the front yard setback of 25 feet as required by the City Code to each street would allow the applicant to construct a house of only 1,000 square feet *or, for variance from requirement that all parking required by city code be provided on site,* The Property covers 39,396 square feet with a 10,877 square foot historic industrial building that is nonconforming, since it does not meet the front setback requirements; thus, the applicant is restrained from re-designing the size or shape of the building and/or altering the building's location on the Property to provide for adequate parking to allow full utilization of the building and adjacent outdoor area.]

(2) The strict application of the ordinance would deprive the applicant of privileges enjoyed by other properties in the vicinity and under the identical zone._____[*Insert facts, e.g., for variance from street setback for residential corner lot,* All other lots in the subdivision have a 25 foot front setback and five foot side setbacks, so they can accommodate a 3,000 square foot house. However, unlike all the other lots in the subdivision, the Property is on the corner of two streets, so that the application of a front yard setback of 25 feet as required by the City Code to each street would allow the applicant to construct a house of only 1,000 square feet *or, for variance from requirement that all parking required by city code be provided on site,* Since the Property has a historic structure located on it, the demolition or aggressive remodeling of the building would not be allowed and the applicant is limited to restoring and

rehabilitating an existing historic industrial building. However, another property owner without a historic building on his or her property would be able to alter or demolish the existing building to provide for parking on site.]

(3) The granting of the variance would not constitute a grant of special privileges inconsistent with limitations on other properties in the vicinity and zone because the Property_____[*insert facts, e.g., for variance from street setback for residential corner lot,* will then be able to accommodate the same size house as all the other similarly sized and zoned lots in the subdivision *or, for variance from requirement that all parking required by city code be provided on site,* being improved with a historic building, is subject to development limitations that do not affect other properties in the vicinity and zone.]

(4) Furthermore,_____[*insert any other supporting facts, e.g., for variance from street setback for residential corner lot,* XYZ Street is a small cul-de-sac street with no other house fronting on it; thus a normal front yard setback is not necessary *or, for variance from requirement that all parking required by city code be provided on site,* the proposed off-site parking is a functional equivalent to on-site parking because it is located on private properties which are directly adjacent to the Property and are accessible only by way of an alley; therefore, this off-site parking will not interfere with public traffic and/or street parking and will provide safe and convenient pedestrian access to the Property.]

(5) The applicant's request for a variance is consistent with the intent of the City's Zoning Code which is_____[*insert rationale, e.g., for variance from street setback for residential corner lot,* to promote a uniform pattern of housing sizes on a subdivision such as this one so that property values do not suffer and that neighborhood integrity is maintained *or, for variance from requirement that all parking required by city code be provided on site,* to promote a safe, effective traffic circulation system, and to provide adequate off-street parking].

NOW, THEREFORE, IT IS HEREBY RESOLVED THAT:

1) Variance Application _____ is hereby granted.

2) The following additional conditions of approval shall be added to the variance, a complete copy of which is attached hereto as Exhibit A and incorporated herein:_____[*Insert appropriate conditions, e.g., for variance from street setback for residential corner lot,* The setback from ABC Avenue shall be no less than 15 feet and the setback from XY *Z* Street shall be no less than 10 feet *or, for variance from requirement that all parking required by city code be provided on site,* Fifteen (15) parking spaces in each lot shall be prominently marked as "reserved for patrons of the restaurant during the hours of 5:00 p.m. to 10:00 p.m. Monday through Saturday and 7:00 p.m. to 10:00 p.m. Sunday."]

PASSED AND ADOPTED at a regular meeting of the Planning Commission of _____, California, held on _____ by the following vote.

COMMISSION MEMBERS:

AYES: _____
NOES: _____
ABSTAIN: _____
SIGNED: _____ CHAIRPERSON
ATTEST: _____ CLERK OF THE COMMISSION

§ 30B.202 Notice of Appeal From Action of Planning Commission--City and County of San Francisco Form

[1] Comment--Use of Form

The form in [2], *below*, is a notice of appeal from an action of the San Francisco Planning Commission. Under the zoning provisions of the Planning and Zoning Law [*Gov. Code § 65800 et seq.*], local legislative bodies may, by ordinance, provide that applications for conditional uses or other zoning permits will be heard by the planning commission or by either a board of zoning adjustment or a zoning administrator [*Gov. Code §§ 65900-65902*]. An appeal of the decision of that entity must be made to the board of appeals [*Gov. Code § 65903*] or, if there is none, to the legislative body [*Gov. Code § 65904*]. In San Francisco, the Planning Commission and Board of Supervisors handle these matters.

Appeals procedures vary from jurisdiction to jurisdiction. Some agencies have required forms, while others will accept appeals by letter. There is generally a filing fee, and there is always a time deadline (usually 10 days), which must be strictly observed. Counsel facing an appeal situation should immediately determine the local time requirement, filing method, and whether a special form must be used. In San Francisco, for example, the appeal time is 30 calendar days, and the fee is $275. The appeal must be subscribed to by owners of at least 20 percent of specified neighboring properties to the property at issue.

In filling out such a form, it is recommended that the reasons given for the appeal track the provisions of the zoning code that cover the appeal. For example, if local ordinance requires that the city council can only grant an appeal if it finds that the planning commission erred, or it attempted to modify a policy over which it has no jurisdiction to modify, then the reasons for appeal should track this language (for example, "The planning commission erred and abused its discretion when it ..." or "The effect of the planning commission's denial would be to modify a policy of the city council, in that ...").

PRACTICE TIP:

Trap for the Unwary--Appeal the CEQA Determination, Not Just the Project Approval. Suppose an

Environmental Impact Report (EIR) is certified or a negative declaration is adopted by a lower agency body, for example, a planning commission, when it approves a project that does not need to go to the city council. In that case, an opponent must appeal both the project approval *and* the certification of the EIR or adoption of the negative declaration to the city council. If only the project approval itself is appealed, then the opponent may be held to have waived any challenge to the project on CEQA grounds [*see Tahoe Vista Concerned Citizens v. County of Placer (2000) 81 Cal. App. 4th 577, 592-593, 96 Cal. Rptr. 2d 880]* .

§ 30B.203 Petition for Annexation--Imperial County LAFCO Form

[1] Comment

[a] Use of Form

The form in [2], *below*, is a petition to initiate proceedings in front of a Local Agency Formation Commission (LAFCO) under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 [*Gov. Code § 56000 et seq.*]. Such proceedings are necessary for any city or special district boundary changes that may be required for the project. These commonly include an annexation of county land into a city, or modifying the boundaries of a services district, such as a water district or fire district, to include the project site. Note that there are exceptions to the general rules of LAFCO jurisdiction, for example, a special exemption for annexations into cities in Santa Clara County applies under certain circumstances [*see Gov. Code § 56757*].

Any single boundary change has a specific descriptive name, such as an annexation, or a detachment, while any two or more are collectively called a reorganization [*see Gov. Code § 56073*].

[b] Role of LAFCOs Generally

A petition to initiate proceedings in front of LAFCOs can be filed by registered voters or landowners, and is subject to numerous statutory requirements [*see Gov. Code § 56700 et seq.*]. If a proceeding is begun by petition, then the LAFCO is actually the lead agency under the California Environmental Quality Act (CEQA). More commonly, a proceeding is initiated by a resolution adopted by an affected local agency [*see Gov. Code § 56654*]. Thus, for example, adoption of such a resolution might be one of a package of project approvals granted by a city, which has been the lead agency to consider the project.

A reorganization under a LAFCO's jurisdiction can be a complicated legal and political activity. The requirements of the LAFCO must be observed, but general agreement must also be reached among taxing agencies as to an

apportionment of tax revenues. For an extensive discussion of the role of LAFCOs, see California Environmental Law and Land Use Practice, Ch. 73, *Annexation and Boundary Issues* (Matthew Bender).

Although a LAFCO is forbidden to impose terms on an approval that regulates "land use density or intensity, property development, or subdivision requirements" [*Gov. Code § 56375(a)(6)*], the LAFCO is charged to attempt to preserve prime agricultural land in open-space use [*Gov. Code § 56377*].

PRACTICE TIP:

Ascertain LAFCO Requirements in Advance. For most private projects, if a LAFCO is involved, it is as a responsible agency. Typically, after a city or county has approved the project, the LAFCO will have to act on any annexation or special district boundary changes. The LAFCO's requirements should be considered from the very beginning, however, so that one does not run into any last-minute roadblocks. One should visit the local LAFCO and obtain any policies or rules they may have at an early stage, especially since their procedures may have changed as a result of the extensive reorganization of their enabling legislation in 2000 (one effect of the new law was to give LAFCOs more autonomy and freedom from their county government) [*see* the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, *Gov. Code § 56000 et seq.*].

§ 30B.204 Development Agreement

[1] Comment

[a] Use of Form

The form in [2], *below*, is a generic development agreement that is relatively neutral in tone, but slightly weighted towards the developer. Statutory development agreements are authorized under the California Development Agreement Law [*Gov. Code § 65864 et seq.*]. Generally, development agreements can provide certainty to developers in the form of a contractual vested right to complete a development but also can provide local governments with the ability to require public improvements or other concessions from a developer.

It is possible for development agreements to be much more detailed than the form in [2], *below*. For example, the specific obligations of the developer and a detailed phasing schedule can be spelled out either in the text or in exhibits.

For detailed coverage of development agreements, see California Environmental Law and Land Use Practice, Ch. 74, *Development Agreements and Other Negotiated Land Use Agreements* (Matthew Bender).

[b] Recitals

The Recitals should explain the background of the agreement, say a little of its processing history, and describe some of the rationale for its adoption. It is not uncommon for there to be turnover of city staffs and elected officials, as well as developer's representatives. Recitals are thus particularly helpful if the factual background is unusual or not likely to be remembered by those administering the agreement during the project's development lifetime.

PRACTICE TIP:
The Importance of Recitals in a Development Agreement. A development agreement may be challenged on the grounds that it is invalid for failure of consideration, particularly if it appears that the developer is

vesting rights without giving the agency additional consideration over and above the exactions of fees and/or land dedications that the agency could require anyway. Recitals are very important in defending such a suit, as they would certainly be given substantial weight by a court. Thus, the recitals should contain a clear explanation of the public benefits that the agency is receiving and should explicitly state that such consideration is over and above the level of exactions that could normally be imposed on the project.

[c] Effective Date

If not explicitly defined, then the agreement vests the developer's rights as of the "time of execution of the agreement" [*Gov. Code § 65866*]. The date of adoption of the ordinance, which is readily ascertainable from the public record, should be used instead of the date of execution. This avoids any confusion in the event the agency may intentionally or accidentally delay execution to the detriment of the developer [*see* Section 4.1 in form in [2], *below*].

[d] Term

The term of the agreement is often hotly negotiated. It may be keyed to specific development milestones, or there could be a relaxation of vesting if a certain intensity of development is not completed by a specific date (for example, vesting might relax as against increased fees) [*see* Section 4.2 in form in [2], *below*].

[e] Applicable Rules

Usually the heart of a development agreement is the freezing of applicable "rules, regulations, and official policies" [*see Gov. Code § 65866*], as of the Effective Date of the agreement. Sometimes a similar vesting is agreed to with regard to building codes, but Section 6.2 of the form in [2], *below*, provides for the application of building codes in effect at the time a complete application is submitted for a construction permit.

[f] Timing of Development

The agency may not want to give the developer the unrestricted right to develop at its own pace, and may wish to negotiate incentives to encourage timely development [*see* Section 8 of form in [2], *below*]. In particular, if there are substantial public improvements to be put in by the developer up front, the timing of such improvements should be clearly stated. The wording of this section is also designed specifically to prevent the timing of development from being restricted by a slow-growth initiative, as happened in *Pardee Construction Co. v. City of Camarillo (1984) 37 Cal. 3d 465, 208 Cal. Rptr. 228, 690 P.2d 701* .

[g] Processing

It is often unclear exactly how much discretionary approval authority the public agency has left after entering into a development agreement. The agreement itself can include restrictions on subsequent discretionary actions [*see Gov. Code § 65864*; *see also* Section 10 in form in [2], *below*].

PRACTICE TIP:

Lock in the Ability to Build at Maximum Density, Height, etc. A development agreement is typically entered into at a stage of project approvals when major approvals are being granted concurrently, such as a general plan amendment or rezoning. Often design review or site and architectural review for specific buildings is left for later approvals. In the normal project review process, it is not uncommon for total density or maximum heights of individual buildings to be scaled back in design review, particularly when the design review body is not the legislative body that approved the development agreement. Developers, accordingly, are well-advised to try to include language in the development agreement that specifically gives them the right to build at the maximum density, height, or other parameters as

authorized by the zoning approvals, and specifically prevents the agency from cutting back on the project during design review.

[h] Amendment or Cancellation

Section 12.1 is designed to allow the developer an out in the event of a significant change in federal or state law. Section 12.3 allows for relatively minor modifications to the agreement to be approved at the staff level, rather than being treated as formal amendments which would trigger the same public hearing process as the original adoption of the agreement.

[i] Annual Review

The Development Agreement Law requires review by the local agency of a development agreement at least every 12 months [*see Gov. Code § 65865.1*; Section 13 of form in [2], *below*]. It is generally in the developer's interest to have the review conducted at a staff level if possible. Thus, this part of the agreement could be worded so that the Community Development Director makes an initial determination of compliance, and the review only goes to the legislative body for a hearing if he or she finds noncompliance. The other extreme would be that all reviews are conducted by the legislative body with full public hearings. The wording in the form in [2], *below*, is a compromise provision.

PRACTICE TIP:

The Missing Annual Review. The annual review of a development agreement can have significant consequences, as the public agency has the power to modify or revoke the development agreement if it finds a lack of good faith compliance [*see Gov. Code § 65865.1*]. However, the requirement for annual review is often overlooked, particularly in a multi-year project when there might not be much point to such a review in early years. From the developer's perspective, therefore, it is desirable to put a clause in the agreement like Section 13.6 in the form in [2], *below*, so that failure to initiate and complete such a review must be conclusively deemed to be the same as if the review had been successfully conducted. The agency may want such a clause to put the onus on the developer to initiate the review process.

[j] Default

Although not in the sample form in [2], *below*, often the public agency will insist that the developer waive all right to obtain money damages against the agency for breach of the agreement. The developer should then try to negotiate an expedited dispute resolution process, including the explicit right to seek specific performance [*see* Section 14 (Default), of form in [2], *below*].

[k] Mortgagee Protection

A mortgagee protection provision is normally required to obtain third-party financing of the project [*see* Section 15 of form in [2], *below*]. A lender then knows that it is not bound to complete the project after foreclosure, though if it does want to take the benefits of the development agreement, then it must accept the burdens also.

[l] Severability

This clause [*see* Section 16 of form in [2], *below*] deals with the tricky issue of what happens to the agreement if part of it is determined to be invalid.

PRACTICE TIP:

Beware of Severability Clauses. Many drafters of agreements of all types treat the severability clause as boilerplate. Commonly it provides that if any part of the agreement is invalidated, then the remainder

continues in effect. However, this provision should not be included in a development agreement. The reason is that the part of a development agreement that is most valuable to the developer, i.e., the vesting of the developer's rights, is precisely the part most likely to be attacked by a project opponent. If a developer will not receive the benefits of the agreement, then the agreement should be renegotiated or terminated, as provided in Section 16 of the form in [2], *below*. A poorly drafted severability clause, however, could conceivably leave the developer without a project but still bearing the burdens of the agreement.

[m] Transfers and Assignments

These clauses should be carefully thought through [*see* Section 18 of form in [2], *below*]. The agency wants to retain liability for the developer, at least until all the public improvements are in place. The developer, on the other hand, typically needs to be able to sell or lease developed product without having the ultimate user or owner be subject to the agreement. If parts of the property are to be sold to different entities, then the respective obligations to be assumed by each buyer should be spelled out as specifically as possible. This is much easier to do at the drafting stage then later when the agency may have less incentive to cooperate.

[n] Force Majeure

Section 23 is definitely biased towards the developer, and the agency may want to limit the scope of excusable delay, particularly when it is expecting substantial public improvements to be installed by the developer.

[2] FORM

Development Agreement

Development Agreement

THIS DEVELOPMENT AGREEMENT (hereafter "Agreement") is made and entered into on_____[*date*], by and between the City of_____[*name of city*], a Municipal Corporation (hereafter "City"), and_____[*name of developer*], a [*capacity of developer, e.g.,* California corporation] ("Developer"), pursuant to the authority of *California Government Code Section 65864 et seq.*

RECITALS

A. *California Government Code Section 65864 et seq.* authorizes the City to enter into an agreement for the development of real property with any person having a legal or equitable interest in such property in order to establish certain development rights in such property.

B. On_____[*date*], Developer submitted an application to develop certain real property owned by Developer, which application includes a request for General Plan Text Amendment, approval of a Use Permit and Design Review, approval to renovate, redevelop, relocate, and expand facilities currently existing on the Property (defined below), and to construct additional facilities on the Property described as follows: [*use appropriate description of the project*] (the "Project").

C. City has approved various land use approvals in connection with the development of the Project, including [*list approvals, e.g.,* a general plan amendment, rezoning, and a conditional use permit], by Resolution No. [*refer to resolution for general plan amendment*] and Ordinance No. [*refer to ordinance for rezoning*], adopted on_____[*date*] (collectively, together with any approvals or permits now or hereafter issued with respect to the Project, the "Project Approvals").

D. Pursuant to the California Environmental Quality Act ("CEQA") the City prepared an Environmental Impact Report ("EIR") for the Project. The EIR was certified by the City Council on_____[*date*]. Pursuant to CEQA, a mitigation/monitoring program for the Project was approved by the City Council. As to all environmental impacts identified in the EIR as not being capable of mitigation to an insignificant level, the City has determined that the benefits of the proposed Project outweigh these unmitigated environmental effects and the City accordingly adopted a Statement of Overriding Considerations on_____[*date*].

E. The purpose of this Agreement is to facilitate the implementation of the Project Approvals through the development of the Project, thereby realizing the public benefits to City and private benefits to Developer, including those described in these Recitals. The development of the Project requires a major investment by the Developer in public facilities, substantial front-end investment in on-site and off-site improvements, dedications of land, participation in other programs for public benefit and purposes, and substantial commitments of resources to achieve both private benefits of the Project for the Developer and the public purposes and benefits of the Project for the City. The Developer will be unable to make and realize the benefits from such commitments of land and resources without the assurances of a realized Project provided by this Agreement.

F. The City Council has found that, among other things, this Agreement is consistent with its General Plan; that this Agreement is compatible with the uses authorized in, and the regulations prescribed for, the Property; that this Agreement is in conformity with public convenience, general welfare, and good land use practice; that this Agreement will not be detrimental to the health, safety, or general welfare; and that this Agreement will not adversely affect the orderly development of property or the preservation of property values.

G. Developer is willing, pursuant to the terms of this Agreement, to make expenditures and provide benefits to the City including, without limitation [*describe improvements, e.g.,* construction of public traffic improvements, and control of flood drainage in a manner that benefits a wider area, and mitigates traffic and flooding impacts resulting in part from certain existing conditions and cumulative development in addition to those impacts caused by the Project], thus conferring a public benefit on the City.

H. Some or all of those expenditures and dedications of land by Developer are over and above those that City could require of Developer in the normal course of granting project approvals. Developer is willing to make such additional expenditures and/or grant such additional dedications in return for receiving the benefits conferred on Developer by this Agreement.

I. City desires the timely, efficient, orderly, and proper development of the Project, and believes it is in the public interest to accept the benefits conferred by the additional expenditures and additional dedications by Developer referred to above. City further believes it is in the public interest to provide for the vesting of Developer's rights to develop the Project in conformance with the Project Approvals and the terms and conditions contained herein so that such vested rights shall not be disturbed by changes in laws, rules, or regulations, including measures passed by initiative, that occur after the Effective Date (as defined below) of this Agreement.

J. City and Developer have reached agreement and desire to express herein a development agreement that will facilitate development of the Project subject to conditions set forth in this Agreement and set forth in the Project Approvals, as defined herein.

K. On_____[*date*], the City Council adopted Ordinance No. _____ approving this Agreement.

NOW, THEREFORE, with reference to the above recitals and in consideration of the mutual promises, obligations and covenants herein contained, City and Developer agree as follows:

AGREEMENT

1. Description of Property. The Property which is the subject of this Agreement is described in Exhibit A attached to this agreement ("Property").

2. Interest of Developer. The Developer has a legal or equitable interest in the Property.

3. Relationship of City and Developer. This Agreement is a contract that has been negotiated and voluntarily entered into by City and Developer. The Developer is not an agent of City. The City and Developer hereby renounce the existence of any form of joint venture or partnership between them, and agree that nothing contained in this Agreement or in any document executed in connection with this Agreement shall be construed as making the City and Developer joint venturers or partners.

4. Effective Date and Term.

4.1. Effective Date. The effective date of this Agreement ("Effective Date") shall be the date on which the ordinance approving this Agreement is adopted by City.

4.2. Term. The term of this Agreement ("Term") shall commence on the Effective Date and extend [*insert term, e.g.* ten (10)] years thereafter, unless this term is otherwise terminated or modified as set forth in this Agreement.

4.3. Term of Project Approvals. Pursuant to *California Government Code Section 66452.6(a)*, the term of any tentative map and the other Project Approvals described in the Recital above shall automatically be extended for the Term of this Agreement.

5. Use of the Property.

5.1. Right to Develop. Developer shall have the vested right to develop the Project on the Property in accordance with the terms and conditions of this Agreement, the Project Approvals (as and when issued), and any amendments to any of them as shall, from time to time, be approved pursuant to this Agreement.

5.2. Permitted Uses. The permitted uses of the Property, the maximum density and intensity of use, the maximum height, bulk and size of proposed buildings, provisions for reservation or dedication of land for public purposes and location and maintenance of on-site and off-site improvements, location of public utilities, and other terms and conditions of development applicable to the Property, shall be those set forth in this Agreement, the Project Approvals, and any amendments to this Agreement or the Project Approvals, and the "Applicable Rules" (as defined in this Agreement).

5.3. Additional Conditions. Provisions for the following additional conditions (the "Additional Conditions") are set forth in Exhibit B attached to this Agreement and incorporated herein by reference. These include additional or modified conditions agreed on by the parties to eliminate or mitigate adverse environmental impacts of the Project or otherwise relating to development of the Project, including certain conditions that otherwise would not be required.

6. Applicable Rules, Regulations, and Official Policies.

6.1. Rules re Permitted Uses. For the term of this Agreement except as otherwise provided in this Agreement, the City's ordinances, resolutions, rules, regulations, and official policies, including, without limitation, the Project Approvals, governing the permitted uses of the Property, governing density, design, improvement and construction standards and

specifications applicable to the Property, including but not limited to, all public improvements, shall be those in force and effect on the Effective Date of this Agreement (the "Applicable Rules").

6.2. Uniform Codes Applicable. The Project shall be constructed in accordance with the provisions of the Uniform Building, Mechanical, Plumbing, and Electrical Codes and Title 24 of the California Code of Regulations, relating to Building Standards, in effect in City at the time a completed application is submitted for the appropriate building, grading, or other construction permits for the Project.

7. Subsequently Enacted Rules and Regulations.

7.1. New Rules and Regulations. During the term of this Agreement, the City may, in subsequent actions applicable to the Property, apply new or modified ordinances, resolutions, rules, regulations and official policies of the City which were not in force and effect on the Effective Date of this Agreement and which are not in conflict with the Applicable Rules, provided that (1) such new or modified ordinances, resolutions, rules, regulations or official policies do not affect the permitted uses of the Property, the maximum density and intensity of use, the maximum height, bulk and size of proposed buildings, provisions for reservations or dedication of land for public purposes and location and maintenance of on site and off site improvements, location of public utilities or any other terms and conditions set forth in this Agreement; and (2) such laws are applied on a city-wide basis and in a manner which does not discriminate against Developer.

7.2. Denial or Conditional Approval. Nothing in this Agreement shall prevent the City from denying or conditionally approving any subsequent land use permit or authorization for any subsequent development project application on the basis of any new or modified ordinances, resolutions, rules, regulations, or policies applicable to the Property pursuant to and subject to Section 7.1.

7.3. Moratorium Not Applicable. Notwithstanding anything to the contrary contained in this Agreement, in the event an ordinance, resolution, or other measure is enacted, whether by action of City, by initiative, referendum, or otherwise, that imposes a building moratorium which would otherwise affect the Project or all or any part of the Property or which would require a vote of the people as a condition to the grant of any approvals for the Project, City agrees that such ordinance, resolution, or other measure shall not apply to the Project, the Property, this Agreement, or the Project Approvals. If, however, it is determined by a court of competent jurisdiction that a building moratorium or voter approval referenced above is effective as to any portion of the Project, this Agreement shall remain unchanged and in full force and effect as to the portion of the Project not affected by such moratorium or voter requirement, unless Developer elects to terminate this Agreement within ninety (90) days after Developer receives written notice of such court determination.

8. Timing of Development. It is the parties' specific intent that this Agreement shall prevail over any later-adopted initiative that might otherwise have the effect of restricting or limiting the timing or sequencing of development of the Project. Therefore, subject to the terms of this Agreement, the Project Approvals, and the Applicable Rules, Developer shall have the right (without obligation) to develop the Property in such order and at such rate and at such times as Developer deems appropriate within the exercise of its subjective business judgment, and such order, rate, and time selected by Developer shall in no way affect or impair Developer's vested rights under this Agreement.

9. Infrastructure Capacity. City hereby acknowledges that it has sufficient capacity in its existing infrastructure, services, and utility systems, including, without limitation, traffic circulation, flood control, sewer collection, sewer treatment, sanitation service and, except for services not provided by and outside City's control, water supply, treatment, distribution, and service, to accommodate the Project as provided in this Agreement. To the extent that City renders these services or provides such utilities, City hereby agrees that it will serve the Project and that there shall be no restriction on hookups or service for the Project except for reasons beyond City's control.

10. Processing.

10.1. Further Approvals and Permits. On satisfactory completion by Developer of all required preliminary actions and payments of all required processing fees, if any, City shall, subject to all legal requirements, promptly initiate, commence, diligently process, complete at the earliest reasonable time, all required steps, and expeditiously consider any approvals and permits necessary for the development by Developer of the Property in accordance with this Agreement, including, but not limited to, the following:

10.1.1. The processing of applications for and issuing of all discretionary approvals requiring the exercise of judgment and deliberations by City ("Discretionary Approvals"); and

10.1.2. The processing of applications for and issuing of all ministerial approvals requiring the determination of conformance with the Applicable Rules, including, without limitation, site plans, development plans, land use plans, grading plans, improvement plans, building plans and specifications, and ministerial issuance of one or more final maps, zoning clearances, grading permits, improvement permits, wall permits, building permits, lot line adjustments, encroachment permits, certificates of use and occupancy and approvals, and entitlements and related matters as necessary for the completion of the development of the Project ("Ministerial Approvals").

10.2. No Abridgement of Density or Height. City acknowledges that notwithstanding its ability to issue Discretionary Approvals in relation to site and architectural review and design review, City may not refuse such approvals, or require changes in the Project, that would have the effect of restricting or preventing the ability of Developer to construct buildings at the maximum density and maximum height allowed in the Project Approvals as of the Effective Date of this Agreement.

10.3. Processing During Third Party Litigation. The filing of any third party lawsuit(s) against City or Developer relating to this Agreement or to other development issues affecting the Property shall not delay or stop the development, processing, or construction of the Project, or issuance of Discretionary Approvals or Ministerial Approvals, unless the third party obtains a court order preventing the activity. City shall not stipulate to the issuance of any such order.

11. Subsequently Enacted or Revised Fees, Assessments, and Taxes.

11.1. New Fees. No fees, dedications, or exactions imposed on new development adopted by the City after the Effective Date of this Agreement, and no fees, dedications, or exactions which result from any modification after the Effective Date of any existing ordinances, resolutions, rules, regulations, or official policies of the City (except as expressly provided in Section 11.2, below), shall be applicable to the Project.

11.2. Revised Application Fees. Any existing application, processing, and inspection fees that are revised during the term of this Agreement shall apply to the Project provided that (1) such fees have general applicability on a city-wide basis and do not discriminate against Developer; (2) the application of such fees to the Property is prospective; and (3) the application of such fees would not prevent development in accordance with this Agreement.

11.3. New Taxes. Except for taxes solely imposed on new development, any subsequently enacted city-wide taxes shall apply to the Project provided that (1) such taxes have general applicability on a city-wide basis and do not discriminate against Developer; (2) the application of such taxes to the Property is prospective; and (3) the application of such taxes would not prevent development in accordance with this Agreement.

11.4. Assessments. Nothing in this Agreement shall be construed to relieve the Property from assessments levied against it by City pursuant to any statutory procedure for the assessment of property to pay for infrastructure and/or services which benefit the Property.

11.5. Right to Contest. Nothing contained in this Agreement shall prevent Developer from paying any such fee, tax, or assessment under protest, or otherwise asserting its legal rights to protest or contest a given fee, tax, or assessment assessed against the Project or the Property.

12. Amendment or Cancellation.

12.1. Modification Because of Conflict with State or Federal Laws. In the event that State or Federal laws or regulations enacted after the Effective Date of this Agreement prevent or preclude compliance with one or more provisions of this Agreement or require changes in plans, maps, or permits approved by the City, the parties shall meet and confer in good faith in a reasonable attempt to modify this Agreement to comply with such State or Federal laws or regulations. Any such amendment or suspension of the Agreement shall be approved by the City Council. If such modification or suspension is infeasible in Developer's reasonable business judgment, then Developer may elect any one or more of the following in any sequence:

12.1.1. To terminate this Agreement by written notice to City;

12.1.2. To challenge the new law preventing compliance with the terms of this Agreement, and extend the Term of this Agreement for the period of time required to make such challenge. If such challenge is successful, this Agreement shall remain unmodified, except for the extension of the Term and shall remain in full force and effect.

12.2. Amendment by Mutual Consent. This Agreement may be amended in writing from time to time by mutual consent of the parties to this Agreement and in accordance with the procedures of State law.

12.3. Operating Memoranda. The provisions of this Agreement require a close degree of cooperation between City and Developer, and refinements and further development of the Project may demonstrate that clarifications with respect to the details of performance of City or Developer or minor revisions to the Project are appropriate. If and when, from time to time, during the term of this Agreement, City and Developer agree that such clarifications or minor modifications are necessary or appropriate, they shall effectuate such clarifications through operating memoranda approved by City and Developer, which, after execution, shall be attached to this Agreement. No such operating memoranda shall constitute an amendment to this Agreement requiring public notice or hearing. The City Attorney shall be authorized to make the determination whether a requested clarification may be effectuated pursuant to this Section or whether the requested clarification is of such a character to require an amendment hereof pursuant to Section 12.2 of this Agreement. The parties agree that modifications which would be categorized as exempt under CEQA, or which, after an initial study, the City determines do not require any further environmental review, or do not increase the density or intensity of use or the maximum height, bulk, size or architectural style of proposed buildings may be effectuated through operating memoranda pursuant to this Section. The City Manager may execute any operating memoranda hereunder without further City Council action.

12.4. Cancellation by Mutual Consent. Except as otherwise permitted in this Agreement, this Agreement may be cancelled in whole or in part only by the mutual consent of the parties or their successors in interest, in accordance with the same procedure used when entering into this Agreement.

13. Annual Review.

13.1. Review Date. The annual review date for this Agreement (the "Review Date") shall be one year following the Effective Date and the annual anniversary of said date each year thereafter.

13.2. Annual Review Process. The Community Development Director shall initiate the annual review by giving to Developer no later than sixty (60) days following the Review Date written notice that the City intends to undertake such review for the annual period ending with the Review Date. Developer shall provide evidence of good faith compliance

with the terms and conditions of this Agreement to the Community Development Director within thirty (30) days following receipt of the Community Development Director's notice. The Community Development Director shall review the evidence submitted by Developer and shall, within thirty (30) days following receipt of Developer's evidence, make a recommendation to the City Council either (1) that the City Council find that Developer has demonstrated good faith compliance with the terms and conditions of this Agreement, or (2) that the City Council find that Developer has not demonstrated good faith compliance with the terms and conditions of this Agreement, setting forth with specificity the basis on which the Community Development Director makes his/her recommendation of a finding of non-compliance. Developer shall provide additional evidence as and when reasonably determined necessary by the Community Development Director.

13.3. Hearing. The Community Development Director's recommendation shall be considered by the City Council at a regularly scheduled meeting following the Council's receipt of the Community Development Director's recommendation. If the Community Development Director's recommendation is that the City Council find that Developer has demonstrated good faith compliance with the terms and conditions of this Agreement, the matter shall be placed on the "Consent Calendar." If the matter is either removed from the Consent Calendar or the Community Development Director's recommendation is that the City Council find that Developer has failed to demonstrate good faith compliance with the terms and conditions of this Agreement, the matter shall be heard by the City Council. The burden of proof of good faith compliance with the terms of this Agreement shall be on the Developer.

13.4. Determination. If the City Council finds and determines that the Developer has complied in good faith with the terms and conditions of this Agreement during the period under review, the review for that period shall be concluded. If the City Council finds and determines, on the basis of substantial evidence, that the Developer has not complied in good faith with the terms and conditions of this Agreement during the period under review, and Developer has been notified and given an opportunity to cure in accordance with the provisions of Section 14.2, below, the Council may modify or terminate this Agreement in accordance with State law.

13.5. Fee for Annual Review. The fee for City's annual review shall be paid by Developer, and shall not exceed the costs of reimbursement of City staff time and expenses at the customary rates then in effect.

13.6. Failure to Hold Review. In the event that City does not initiate an annual review or that the City Council does not make its determination within six months of the Review Date for a given year, then it shall be deemed conclusive that Developer has complied in good faith with the terms and conditions of this Agreement during the period under review.

14. Default.

14.1. Other Remedies Available. On the occurrence of an event of default, the parties may pursue all other remedies at law or in equity which are not otherwise provided for in this Agreement expressly including the remedy of specific performance of this Agreement.

14.2. Notice and Cure. On the occurrence of an event of default by either party, the nondefaulting party shall serve written notice of such default on the defaulting party. If the default is not cured by the defaulting party within thirty (30) days after service of such notice of default, the nondefaulting party may then commence any legal or equitable action to enforce its rights under this Agreement; provided, however, that if the default cannot be cured within the thirty (30) day period, the nondefaulting party shall refrain from any such legal or equitable action so long as the defaulting party begins to cure such default within the thirty (30) day period and diligently pursues such cure to completion. Failure to give notice shall not constitute a waiver of any default.

14.3. Judicial Reference. Pursuant to *Code of Civil Procedure Section 638 et seq.*, all legal actions shall be heard by a referee who shall be a retired judge from either the [*insert county, e.g.*, San Francisco] County Superior Court, the California Court of Appeal, the United States District Court, or the United States Court of Appeals, provided that the

selected referee shall have experience in resolving land use and real property disputes. Developer and City shall agree on a single referee who shall then try all issues, whether of fact or law, and report a finding and judgment thereon and issue all legal and equitable relief appropriate under the circumstances of the controversy before such referee. If Developer and City are unable to agree on a referee within ten (10) days of a written request to do so by either party to this Agreement, either party may seek to have one appointed pursuant to *Code of Civil Procedure Section 640*. The cost of such proceeding shall initially be borne equally by the parties. Any referee selected pursuant to this Paragraph shall be considered a temporary judge appointed pursuant to *Article 6, Section 21 of the California Constitution*.

14.4. Estoppel Certificate. Either party may, at any time, and from time to time, request written notice from the other party requesting such party to certify in writing that, to the knowledge of the certifying party, (1) this Agreement is in full force and effect and a binding obligation of the parties, (2) this Agreement has not been amended or modified either orally or in writing, or if so amended, identifying the amendments, and (3) the requesting party is not in default in the performance of its obligations under this Agreement, or if in default, to describe therein the nature and amount of any such defaults. A party receiving a written request under this Section shall execute and return such certificate within thirty (30) days following the receipt thereof, or such longer period as may reasonably be agreed to by the parties. City Manager of City shall be authorized to execute any certificate requested on behalf of City. The failure to deliver such certificate within such time shall be conclusive evidence on the party which fails to deliver such statement that this Agreement is in full force and effect without modification and that there are no uncured defaults in the performance of the requesting party. Failure to execute such an estoppel certificate shall not be deemed a default.

15. Mortgagee Protection; Certain Rights of Cure.

15.1. Mortgagee Protection. This Agreement shall be superior and senior to any lien placed upon the Property, or any portion thereof after the date of recording this Agreement, including the lien for any deed of trust or mortgage ("Mortgage"). Notwithstanding the foregoing, no breach hereof shall defeat, render invalid, diminish or impair the lien of any Mortgage made in good faith and for value, but all of the terms and conditions contained in this Agreement shall be binding upon and effective against any person or entity, including any deed of trust beneficiary or mortgagee ("Mortgagee") who acquires title to the Property, or any portion thereof, by foreclosure, trustee's sale, deed in lieu of foreclosure, or otherwise.

15.2. Mortgagee Not Obligated. Notwithstanding the provisions of Section 15.1, above, no Mortgagee shall have any obligation or duty under this Agreement to construct or complete the construction of improvements, or to guarantee such construction or completion of improvements; provided, however, that a Mortgagee shall not be entitled to devote the Property to any uses or to construct any improvements thereon other than those uses or improvements provided for or authorized by the Project Approvals and by this Agreement and only on payment to City of any delinquent and current fees and other mandatory obligations due under this Agreement.

15.3. Notice of Default to Mortgagee. If City receives notice from a Mortgagee requesting a copy of any notice of default given Developer hereunder and specifying the address for service thereof, then City shall deliver to such Mortgagee, concurrently with service thereon to Developer, any notice given to Developer with respect to any claim by City that Developer has committed an event of default. Each Mortgagee shall have the right during the same period available to Developer to cure or remedy, or to commence to cure or remedy, the event of claimed default set forth in the City's notice.

16. Severability. The unenforceability, invalidity, or illegality of any provision, covenant, condition, or term of this Agreement shall not render the other provisions unenforceable, invalid, or illegal, except that if it is determined in a final judgment by a court of competent jurisdiction that Developer's rights are not vested in the manner and to the extent agreed to in this Agreement, then the Parties shall meet and confer in a good faith attempt to agree on a modification to this Agreement that shall fully achieve the purposes hereof. If such a modification cannot be agreed on, then Developer or City may terminate this Agreement on 90-days' written notice to the other Party.

17. Attorneys' Fees and Costs. If City or Developer initiates any action at law or in equity to enforce or interpret the terms and conditions of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs in addition to any other relief to which it may otherwise be entitled. In addition to the above award of attorneys' fees to the prevailing party, the prevailing party in any lawsuit shall be entitled to its attorneys' fees incurred in any post-judgment proceedings to collect or enforce the judgment. This provision is separate and several and shall survive the merger of this Agreement into any judgment on this Agreement. If any person or entity not a party to this Agreement initiates an action at law or in equity to challenge the validity of any provision of this Agreement or the Project Approvals, the parties shall cooperate in defending such action. Developer shall bear its own costs of defense as a real party in interest in any such action, and shall reimburse City for all reasonable court costs and attorneys' fees expended by City in defense of any such action or other proceeding. Developer shall be entitled to select counsel to conduct the defense of City, who shall be authorized to represent City if City issues its written consent thereto as well as Developer. If City elects to select counsel other than counsel selected by Developer, City shall be responsible for paying the fees and costs of counsel it selects and shall continue to be obligated to cooperate in Developer's defense of such action. City shall not reject any financial settlement acceptable to Developer, provided that Developer pays any and all consideration which is part of said settlement; if City does reject any financial settlement acceptable to Developer, City may continue to defend such action at its own expense.

18. Transfers and Assignments.

18.1. Right to Assign. Developer's rights under this Agreement may be transferred, sold, or assigned in conjunction with the transfer, sale, or assignment of all or a portion of the Property subject to this Agreement at any time during the term of this Agreement; provided that, except as provided in this Agreement, no transfer, sale, or assignment of Developer's rights hereunder shall occur without prior written notice to City and the consent of the City Council, which consent shall not be unreasonably withheld or delayed.

18.2. Release Upon Transfer. Upon the transfer, sale, or assignment of Developer's rights and interests hereunder pursuant to the preceding subparagraph of this Agreement, Developer shall be released from the obligations under this Agreement with respect to the Property transferred, sold, or assigned, arising after the date of City Council approval of such transfer, sale, or assignment; provided, however, that if any transferee, purchaser, or assignee approved by the City Council expressly assumes the obligations of Developer under this Agreement, Developer shall be released with respect to all such assumed obligations. In any event, the transferee, purchaser, or assignee shall be subject to all the provisions of this Agreement and shall provide all necessary documents, certifications, and other necessary information before City Council approval.

18.3. Pre-Approved Transfers. The following transfers shall not require approval by the City Council, and shall automatically, on the satisfaction of the other conditions in Section 18.2, above, result in the release of Developer from its obligations under this Agreement as they may relate specifically to the specific property or asset sold or transferred: (1) sale or lease of a subdivided parcel of the Property or of one or more completed buildings or portions thereof by Developer; and (2) transfer of any interest in the Project or the Property by Developer to an affiliated or related company or entity.

18.4. Foreclosure. Nothing contained in this Section 18 shall prevent a transfer of the Property, or any portion of the Property, to a lender as a result of a foreclosure or deed in lieu of foreclosure, and any lender acquiring the Property, or any portion of the Property, as a result of foreclosure or a deed in lieu of foreclosure shall take such Property subject to the rights and obligations of Developer under this Agreement; provided, however, in no event shall such lender be liable for any defaults or monetary obligations of Developer arising before acquisition of title to the Property by such lender, and provided further, in no event shall any such lender or its successors or assigns be entitled to a building permit or occupancy certificate until all fees due under this Agreement (relating to the portion of the Property acquired by such lender) have been paid to City.

19. Agreement Runs with the Land. Except as otherwise provided in this Agreement, all of the provisions, rights, terms, covenants, and obligations contained in this Agreement shall be binding on, and inure to the benefit of, the parties and their respective heirs, successors, and assignees, representatives, lessees, and all other persons acquiring the Property, or any portion of the Property, or any interest therein, whether by operation of law or in any manner whatsoever. All of the provisions of this Agreement shall be enforceable as equitable servitudes and shall constitute covenants running with the land pursuant to applicable laws, including, but not limited to, *California Civil Code Section 1468*. Each covenant to do, or refrain from doing, some act on the Property under this Agreement, or with respect to any owned property, (1) is for the benefit of such properties and is a burden on such properties, (2) runs with such properties, and (3) is binding on each party and each successive owner during its ownership of such properties or any portion thereof, and shall be a benefit to and a burden on each party and its property hereunder and each other person succeeding to an interest in such properties.

20. Bankruptcy. The obligations of this Agreement shall not be dischargeable in bankruptcy.

21. Indemnification. Developer agrees to indemnify and hold harmless City, and its elected and appointed councils, boards, commissions, officers, agents, employees, and representatives from any and all claims, costs, and liability for any personal injury or property damage which may arise directly or indirectly as a result of any actions or negligent omissions by the Developer, or any actions or negligent omissions of Developer's contractors, subcontractors, agents, or employees in connection with the construction, improvement, operation, or maintenance of the Project; provided, however, the provisions of this Paragraph 21 shall not apply to the extent the City or its elected and appointed councils, boards, commissions, officers, agents, employees, or representatives are found to have been negligent or to have committed willful misconduct.

22. Insurance.

22.1. Public Liability and Property Damage Insurance. During the term of this Agreement, Developer shall maintain in effect a policy of comprehensive general liability insurance with a per-occurrence combined single limit of not less than One Million Dollars ($1,000,000) and a deductible of not more than _____ Thousand Dollars ($_____) per claim. The policy so maintained by Developer shall name the City as an additional insured and shall include either a severability of interest clause or cross-liability endorsement.

22.2. Workers Compensation Insurance. During the term of this Agreement Developer shall maintain Workers Compensation insurance for all persons employed by Developer for work at the Project site. Developer shall require each contractor and subcontractor similarly to provide Workers Compensation insurance for its respective employees. Developer agrees to indemnify the City for any damage resulting from Developer's failure to maintain any such insurance.

22.3. Evidence of Insurance. Before City Council approval of this Agreement, Developer shall furnish City satisfactory evidence of the insurance required in Sections 22.1 and 22.2, above, and evidence that the carrier is required to give the City at least thirty (30) days' prior written notice of the cancellation or reduction in coverage of a policy. The insurance shall extend to the City, its elective and appointive boards, commissions, officers, agents, employees, and representatives and to Developer and each contractor and subcontractor performing work on the Project.

23. Force Majeure. In addition to any specific provisions of this Agreement, performance of obligations under this Agreement shall be excused and the term of this Agreement shall be similarly extended during any period of delay caused at any time by reason of acts of God such as floods, earthquakes, fires, or similar catastrophes; wars, riots, or similar hostilities; strikes and other labor difficulties beyond the party's control; shortage of materials; the enactment of new laws or restrictions imposed or mandated by other governmental or quasi-governmental entities preventing this Agreement from being implemented; litigation involving this Agreement or the Project Approvals, which delays any

activity contemplated under this Agreement; or other causes beyond a party's control. City and Developer shall promptly notify the other party of any delay under this Agreement as soon as possible after the delay has been ascertained.

24. Notices. All notices required or provided for under this Agreement shall be in writing and delivered in person or sent by certified mail, postage prepaid, by overnight delivery or by facsimile.

Notices required to be given to City shall be addressed as follows:

_____ [*name, address, and fax number*]

Notices required to be given to Developer shall be addressed as follows:

_____ [*name, address, and fax number*]

A party may change its address for notices by giving notice in writing to the other party, and thereafter all notices shall be addressed and transmitted to the new address. Notices shall be deemed given and received on the earlier of personal delivery, or if mailed, on the expiration of 48 hours after being deposited in the United States Mail or on the delivery date or attempted delivery date shown on the return receipt, air bill, or facsimile.

25. Agreement Is Entire Understanding. This Agreement is executed in four duplicate originals, each of which is deemed to be an original. This Agreement constitutes the entire understanding and agreement of the parties.

26. Exhibits. The following documents are referred to in this Agreement and are attached to this Agreement and incorporated herein as though set forth in full:

Exhibit A: Legal Description of Property

Exhibit B: Additional Conditions

27. Recordation of Development Agreement, Amendment, or Cancellation. Within ten (10) days after the Effective Date of this Agreement, the City Clerk shall submit a fully-executed original of this Agreement for recording with the County Recorder. If the parties to the Agreement or their successors-in-interest amend or cancel the Agreement or if the City terminates or modifies the Agreement for failure of the Developer to comply in good faith with the terms or conditions of the Agreement, the City Clerk shall submit for recording the notice of such action with the County Recorder.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date and year first above written.

§ 30B.210 Flow Chart Describing Environmental Impact Evaluation Process

[1] Comment

[a] Use of Form

The form in [2], *below*, is a flow chart that illustrates the process for determining environmental impact established by the California Environmental Quality Act of 1970 (CEQA) [*Pub. Res. Code § 21000 et seq.*]. It appears as Appendix A to the implementing regulations of CEQA (the "CEQA Guidelines") [*14 Cal. Code Reg. § 15000 et seq.*]. For private projects, this process is triggered when a public agency accepts as complete the first application for a governmental approval submitted by the developer [*see Gov. Code §§ 65920-65964* (restrictions on governmental consideration and approval of application); *see also § 30B.123*].

Although this is not a typical form that is filled out or created by the applicant or a public agency, it is helpful in that it illustrates the entire process for complying with CEQA for private and public projects. It is thus used in this chapter as a springboard for a discussion of CEQA's substantive and procedural provisions. Further additional discussion of other CEQA requirements, see *§§ 30B.211-30B.221*.

For detailed coverage of all aspects of CEQA, see California Environmental Law and Land Use Practice, Chs. 20- 23 (Matthew Bender).

PRACTICE TIP:

CEQA Information Online. CEQA statutes, Guidelines, and cases can all be found on the Internet. A very good starting point is a state site maintained by the California Resources Agency and the Governor's Office of Planning and Research (OPR). Its web address is http://ceres.ca.gov/ceqa/. The statutes and Guidelines are also available for purchase in a handy booklet published by the Consulting Engineers and Land Surveyors of California. An order form can be downloaded at http://www.celsoc.org. Documents filed with the State Clearinghouse can be tracked from the OPR web site at http://www.opr.ca.gov. Some

cities and counties put the full text of CEQA documents (including EIRs) online at their own sites.

[b] Applicability of CEQA

[i] Introduction

The California Environmental Quality Act (CEQA) requires public agencies to consider environmental factors when deciding whether or not to approve or carry out a "project" [*see Pub. Res. Code §§ 21000, 21001*; *14 Cal. Code Reg. § 15002(a)*]. The single most important aspect of CEQA is the requirement that any state or local agency prepare an environmental impact report (EIR) whenever the agency proposes to carry out or approve a "discretionary" (as opposed to "ministerial") project that may have a "significant effect on the environment" [*Pub. Res. Code §§ 21100, 21151*].

Several of the above terms have been defined by statute and regulation; these definitions are set forth in [ii] through [v], *below*.

If the project will not have a significant effect on the environment, the public agency must prepare a negative declaration [*Pub. Res. Code § 21064*; *see § 30B.217*].

Some projects are exempt from the requirements of CEQA. For a discussion of these exemptions, see *§ 30B.211[1][c]*.

[ii] "Project"

For purposes of CEQA, a "project' " is an activity that may cause either a direct physical change, or a reasonably foreseeable indirect physical change, in the environment, and that is any of the following [*Pub. Res. Code § 21065*; *14 Cal. Code Reg. § 15378(a)*]:

- An activity directly undertaken by any public agency;

- An activity undertaken by a person that is supported in whole or in part through contracts, grants, subsidies, loans, or other forms of assistance from one or more public agencies; or

- An activity involving the issuance to a person of a lease, permit, license, certificate, or other entitlement for use by one or more public agencies.

The term "project" refers to the activity that is being approved and that may be subject to several discretionary approvals by governmental agencies. It does not mean each separate governmental approval [*14 Cal. Code Reg. § 15378(c)*; for limited exclusions from the definition of project, see *14 Cal. Code Reg. § 15378(b)*].

PRACTICE TIP:

Plan the Level of Detail in the EIR. It is important at the outset of EIR preparation to consider which approvals will be covered in the EIR. Because each subsequent approval is not deemed to be a separate project, more environmental analysis is not needed unless the original EIR lacks the detail necessary to analyze the later approval. For example, if an EIR prepared for a general plan change is intended to cover actual construction of a development, then it must be prepared at a greater level of detail than normally required for a general plan change. This may not be possible if the actual development project has not yet been fully designed--but then additional analysis will be necessary at further stages of review.

[iii] "Discretionary" and "Ministerial" Projects

CEQA applies solely to "discretionary" projects [*Pub. Res. Code § 21080(a)*]. A discretionary project is a project that requires the exercise of judgment or deliberation when the public agency or body decides to approve or disapprove a

particular activity. It does not include situations in which the public agency or body merely has to determine whether an activity conforms to applicable statutes, ordinances, or regulations [*14 Cal. Code Reg. § 15357*]. Discretionary projects specifically include the enactment and amendment of zoning ordinances, the issuance of zoning variances, the issuance of conditional use permits, and the approval of tentative subdivision maps [*Pub. Res. Code § 21080(a)*].

CEQA does not apply to "ministerial" projects proposed to be carried out or approved by public agencies [*Pub. Res. Code § 21080(b)(1)*]. As used in CEQA, "ministerial" describes a governmental decision involving little or no personal judgment by the public official as to the wisdom or manner of carrying out the project. A public official makes a ministerial decision when he or she merely applies the law to the facts as presented but uses no special discretion or judgment in reaching a decision. Put another way, a ministerial decision involves only the use of fixed standards or objective measurements, and does not permit the public official to use personal, subjective judgment in deciding whether or how the project should be carried out [*14 Cal. Code Reg. § 15369*].

Examples of ministerial permits given in the Guidelines include automobile registrations, dog licenses, and marriage licenses. A building permit is ministerial if the ordinance requiring the permit limits the public official to determining whether the zoning allows the structure to be built in the requested location, the structure would meet the strength requirements in the Uniform Building Code, and the applicant has paid his or her fee [*14 Cal. Code Reg. § 15369*].

For additional discussion of ministerial projects, see *§ 30B.211[1][c][i]*.

[iv] "Significant Effect on the Environment"

"Significant effect on the environment" means a substantial, or potentially substantial, adverse change in any of the physical conditions within the area affected by the project including land, air, water, minerals, flora, fauna, ambient noise, and objects of historic or aesthetic significance [*Pub. Res. Code §§ 21100(d), 21068*; *14 Cal. Code Reg. § 15382*]. An economic or social change by itself is not a significant effect on the environment. However, a social or economic change related to a physical change may be considered in determining whether the physical change is significant [*14 Cal. Code Reg. § 15382*].

PRACTICE TIP:

Dealing with Non-Environmental Effects. There is often pressure from project opponents to analyze every concern in an EIR, and to some extent in recent years the EIR has become the focal point for public debate about the merits of a project having nothing to do with the environment. An example is the question of whether there might be a decline of neighborhood property values due to the project, which is not an environmental impact except in the rare case when it can be projected to lead to actual blight. Generally, it is best to leave such a subject out of the EIR completely. If that cannot be done, then any analysis of non-environmental effects should be put in a technical appendix, and the EIR should state clearly that it is included for convenience only and is not actually part of the EIR itself.

Numerous legislative, administrative, and judicial guidelines assist public agencies in determining whether or not a project may have a significant effect on the environment [*see, e.g., Pub. Res. Code § 21083*; *14 Cal. Code Reg. §§ 15064-15065* and Appendix G to the CEQA Guidelines]. For a detailed discussion of these official guidelines, see *California Environmental Law and Land Use Practice, Ch. 22, Environmental Impact Reports, § 22.04[6]* (environmental impacts), and California Real Estate Law and Practice, Ch. 303, *Requirements of the California Environmental Quality Act* (Matthew Bender).

[v] "Lead" and "Responsible" Agencies

The "lead agency," for purposes of administering the requirements of CEQA, is the public agency that has the principal responsibility for carrying out or approving a project that may have a significant effect on the environment [*Pub. Res.*

Code § 21067; *14 Cal. Code Reg. § 15367*]. The lead agency will decide whether an EIR or negative declaration will be required for the project and will have the document prepared [*14 Cal. Code Reg. § 15367*]. If two or more public agencies have jurisdiction over a project, they should apply certain criteria given in the Guidelines to determine the identity of the lead agency [*see 14 Cal. Code Reg. § 15051*]. If the agencies cannot agree on this designation, the applicant or any of the agencies may request the Office of Planning and Research to make this determination [*Pub. Res. Code § 21165*; *14 Cal. Code Reg. § 15053*].

A "responsible agency" is a public agency, other than the lead agency, that has responsibility for carrying out or approving a project that requires the preparation of an EIR or negative declaration [*Pub. Res. Code § 21069*; *14 Cal. Code Reg. § 15381*]. Under certain circumstances, a responsible agency can become a lead agency for a given project [*see 14 Cal. Code Reg. § 15052* (shift in lead agency designation)].

All public agencies must adopt objectives, criteria, and procedures for evaluating projects and preparing EIRs and negative declarations [*see Pub. Res. Code § 21082*; *see also* [c][i], *below*].

PRACTICE TIP:

Check Local Rules. Always check with the local jurisdiction to see if it has adopted local rules governing the implementation of CEQA. Many agencies, particularly special districts and general law cities, have no special rules, and merely follow state law. Other agencies have rather elaborate procedural and substantive regulations to govern the process. Such rules may not be on an agency's web site, since they may not have been adopted in ordinance form, but rather as a policy resolution. Finally, many agencies have informal guidelines that can only be learned from a preliminary face-to-face meeting before starting the CEQA process.

[c] Environmental Impact Evaluation Process

[i] Preliminary Review

A public agency has 30 days to review for completeness any application for a development permit or other entitlement for use [*Gov. Code § 65943(a)*; *14 Cal. Code Reg. § 15060(a)*]. Once the lead agency accepts an application as complete, it must determine whether an activity is subject to CEQA [*14 Cal. Code Reg. § 15060(c)*]. An activity is not subject to CEQA if [*14 Cal. Code Reg. § 15060(c)*; *see 14 Cal. Code Reg. § 15378*]:

- It does not involve the exercise of discretionary powers by a public agency;
- It will not result in a direct or reasonably foreseeable indirect physical change in the environment; or
- It is not a "project."

If the lead agency determines that an activity is a project subject to CEQA, the agency must then determine whether the project is exempt from CEQA [*14 Cal. Code Reg. § 15061*]. If such a determination is made, the agency will prepare a notice of exemption [*Pub. Res. Code §§ 21108(a), 21152(a)*; *14 Cal. Code Reg. §§ 15061(d), 15062(a)*; *see* further discussion of exempt categories in *§ 30B.211[1][c]*].

[ii] Initial Study

If a project is not exempt from CEQA and it is not clear whether an EIR will be required, the lead agency will conduct an initial study to determine if the project may have a significant effect on the environment [*14 Cal. Code Reg. § 15063*; *see 14 Cal. Code Reg. §§ 15064-15065*; *see also §§ 30B.214[1][b], 30B.215*]. This determination is made based on substantial evidence in light of the whole record [*Pub. Res. Code § 21082.2(a)*; *see Pub. Res. Code § 21082.2(b)-(e)* (factors to consider in determining whether there is substantial evidence of significant effect)]. If the project will not

have such an effect, the lead agency will prepare a negative declaration [*Pub. Res. Code § 21064*; *14 Cal. Code Reg. § 15371*; *see § 30B.217*].

If there is substantial evidence in light of the whole record that the project will have a significant effect on the environment, the lead agency must prepare an EIR [*Pub. Res. Code §§ 21100, 21080(d)*]. However, if the initial study identifies potential significant impacts, but the project applicant and the agency agree to modify the project to mitigate to all such impacts to the level of insignificance, then the agency may use a mitigated negative declaration (MND) instead of an EIR [*see Pub. Res. Code § 21064.5*; *14 Cal. Code Reg. § 15369.5*].

PRACTICE TIP:

MND or EIR? When an applicant is willing to incorporate mitigations into the project and there are no remaining unmitigated impacts, it may be possible to comply with CEQA using either a mitigated negative declaration (MND) or an environmental impact report (EIR):

- *Pro MND*: It is a simpler, shorter process with less paper work. The EIR process has much more complex rules and more can go wrong.

- *Pro EIR*: An EIR may be more appropriate for a controversial project. The record is fuller, with more opportunity for public input. Furthermore, there is a lower standard of judicial review. For an EIR, the standard of review is substantial evidence, while negative declarations are subjected to greater scrutiny, and will be set aside if a "fair argument" can be made that the project will have a significant environmental impact [*see No Oil, Inc. v. City of Los Angeles (1974) 13 Cal. 3d 68, 75, 118 Cal. Rptr. 34, 529 P.2d 66]* .

As noted, the negative declaration process is simpler and less time-consuming than the full EIR process, although there are many elements of similarity. Although practice guides tend to focus on EIR preparation, many more projects are approved by local agencies each year on the basis of negative declarations.

[d] Negative Declaration Process

[i] Contents of Negative Declaration

A negative declaration is a shorter document than an EIR. It is required to be a "brief written statement" explaining why the project will not have significant effect on the environment [*see Pub. Res. Code §§ 21064, 21064.5*; *14 Cal. Code Reg. §§ 15369.5, 15371*; *see also § 30B.217* for further discussion of the negative declaration process].

Although CEQA itself does not specify the contents of a negative declaration, the CEQA Guidelines require that it include all of the following elements [*see 14 Cal. Code Reg. § 15071*]:

- A brief description of the project, including a commonly used name for the project, if any;

- The location of the project, preferably shown on a map, and the name of the project proponent;

- A proposed finding that the project will not have a significant effect on the environment;

- An attached copy of the Initial Study documenting reasons to support the finding [*see* [c][ii], *above*, and *§ 30B.214[1][b]*]; and

- Mitigation measures, if any, included in the project to avoid potentially significant effects.

[ii] Process for Review of Negative Declaration

A negative declaration for private projects must be completed and approved within 180 days of the time the application for entitlement is accepted as being complete [*see 14 Cal. Code Reg. § 15107*]. Noticing requirements are similar to those for an EIR [*see* [e], *below*], including a notice of intent to adopt a negative declaration [*see 14 Cal. Code Reg. § 15071*], and a notice of determination after the project is approved [*see 14 Cal. Code Reg. § 15075*]. As with EIRs, the agency must also adopt a mitigation monitoring program when adopting a mitigated negative declaration [*see 14 Cal. Code Reg. § 15074(d)*].

There must be at least a 20-day public review period [*see 14 Cal. Code Reg. § 15073(a)*], and the agency must consider the negative declaration and the comments received in deciding whether or not to approve the project [*see 14 Cal. Code Reg. § 15074*]. Unlike with EIRs, however, there is no duty to respond in writing to comments received, and there is no concept of a "draft" or "final" negative declaration.

[e] EIR Process

[i] Preliminary Steps

A lead agency that has decided to prepare an EIR must send a notice of preparation to the responsible agencies, the Office of Planning and Research, and those public agencies having jurisdiction by law over natural resources that are held in trust for the people of California and that are affected by the project. Thereafter, the lead agency, in conjunction with the above recipients of the notice of preparation, must determine the scope of the EIR [*Pub. Res. Code § 21080.4(a)*; *see 14 Cal. Code Reg. § 15082*].

[ii] Draft EIR

Next, the lead agency must prepare or have prepared a draft EIR [*Pub. Res. Code §§ 21082.1, 21100, 21151*; *14 Cal. Code Reg. § 15084*; *see also* [f], *below* (contents of EIR) and *§ 30B.218* (sample draft EIR)]. As soon as the draft EIR is completed, the lead agency must file a notice of completion with the Office of Planning and Research in printed hard copy, on diskette, or by E-mail [*14 Cal. Code Reg. § 15085(a)*; *see 14 Cal. Code Reg. § 15085(b)* (required contents)].

PRACTICE TIP:

Contact Between Developer and EIR Consultant. The EIR is technically the lead agency's EIR, even though on private projects the costs are almost always paid by the private developer. Public agencies vary greatly in the degree of contact they allow between the developer and the EIR authors, ranging from having the developer hire the consultant and supervise his or her work (subject to agency approval), at one extreme, all the way to "hands off" until the developer gets to review the draft EIR along with the public, at the other. This latter approach is obviously highly undesirable to the developer, who should try to push for as much contact as possible (even if it is "supervised visitation" with agency staff present), to make sure that the EIR is properly prepared and that the developer's money is not wasted. It is most useful for the developer to have input into the initial scoping of the EIR, to comment on the administrative draft of the draft EIR, and to discuss proposed responses to comments received on the draft EIR.

The public review period for a draft EIR may not be less than 30 days [*Pub. Res. Code § 21091(a)*]. If the draft EIR is submitted to the State Clearinghouse for review, the review period must be at least 45 days [*Pub. Res. Code § 21091(a)*], and the public review period must be at least as long as the clearinghouse review period [*Pub. Res. Code § 21091(c)*]. The lead agency must consider any comments it receives during the public review period [*Pub. Res. Code § 21091(d)*; *see* [iii], *below*].

[iii] Comment and Review Period

The lead agency must consult with and obtain comments from, the following entities, after preparing a draft EIR: each responsible agency, trustee agencies any public agency that has jurisdiction by law over the project, and any city or county that borders on a city or county within which the project is located, unless the state lead agency and the city or county annually enter into an agreement that provides otherwise [*Pub. Res. Code §§ 21104(a), 21153*; *see 14 Cal. Code Reg. § 15086*]. The lead agency must also provide the public with notice of, and an opportunity to comment on, the draft EIR.

Notice must be given by mail to all those who have requested it, and also by one of the following methods [*Pub. Res. Code § 21092(b)*; *see 14 Cal. Code Reg. § 15087(a)*]:

- Published notice;
- Posted notice; or
- Mailed notice to owners and occupants of contiguous property.

The notice must include all of the following information [*Pub. Res. Code § 21092(b)*; *see 14 Cal. Code Reg. § 15087(c)*]:

- A description of the project, its location, and its significant environmental impacts;
- The starting and ending dates of the public comment period;
- Information regarding public meetings about the project;
- A list of the significant environmental effects anticipated as a result of the project, to the extent they are known;
- The presence of the site on any of the lists of sites enumerated under *Gov. Code § 65962.5*; and
- The address where copies of the draft EIR are available.

Agencies may provide additional notice by other means [*Pub. Res. Code § 21092(e)*]. The lead agency must evaluate and respond to comments concerning the draft EIR [*14 Cal. Code Reg. § 15088*]. The lead agency is required to recirculate the EIR when significant new information is added to it after public notice is given of the draft EIR [*14 Cal. Code Reg. § 15088.5*].

PRACTICE TIP:

To Recirculate or Not to Recirculate. Project opponents may submit new information or expert opinions during the comment period on a draft EIR and then demand that the draft be revised and recirculated to take into account their new information. Whether to do so is often a judgment call. The recirculation process adds at least two to three months to the timeline, and may generate a new round of comments requiring still further responses. On the other hand, if the demand for recirculation is ignored, a court might later conclude that the new information was indeed significant and invalidate the EIR. A decision not to recirculate must be supported by substantial evidence.

The lead agency must mail the notices required by *Pub. Res. Code §§ 21080.4* (notice to responsible agencies of determination that EIR is required), *21092* (notice of preparation of EIR), *21108* (notice of approval or determination to carry out state project), and *21152* (notice of approval or determination to carry out local project) to every person who

has filed a written request for notices with either the clerk of the governing body or, if there is no governing body, the director of the agency. If the agency offers to provide the notices by e-mail, on filing a written request for notices, a person may request that the notices be provided by e-mail. The request may also be filed with any other person designated by the governing body or director to receive these requests. The agency may require these requests to be renewed annually, and may charge a fee for providing the notices [*Pub. Res. Code § 21092.2*].

The lead agency must post the notices required by *Pub. Res. Code §§ 21080.4* (notice to responsible agencies of determination that EIR is required) and 21092 (notice of preparation of EIR) in the office of the county clerk of the county or counties in which the project will be located. The notices must remain posted for 30 days [*Pub. Res. Code § 21092.3*].

PRACTICE TIP:

Opponents Must Comment. Opponents of an EIR must comment on the draft, or they may be barred from judicial remedies by the doctrine of failure to exhaust administrative remedies. It is not enough to make critical comments; rather, the public agency should specifically be put on notice by written comments that the EIR is defective because of the failures noted in the comment. Finally, a plaintiff challenging a project approval for failure to comply with CEQA must have appeared and objected in front of the agency, though in court he or she can take advantage of CEQA arguments that had been raised below by others [*see Pub. Res. Code § 21177*].

[iv] Final EIR and Project Approval

Finally, the lead agency will prepare a final EIR (FEIR) and consider it along with the project [*14 Cal. Code Reg. § 15089(a)*; *see 14 Cal. Code Reg. § 15132* (required contents)]. This involves all of the following:

- Considering providing an opportunity for review of the final EIR by the public or by commenting agencies [*14 Cal. Code Reg. § 15089(b)*];
- Responding to comments from public agencies in writing at least 10 days before certification of the EIR (often done by sending a copy of the FEIR) [*see Pub. Res. Code § 21092.5*];
- Certifying that the FEIR has been completed in compliance with CEQA, that it was presented to the decisonmaking body, which has reviewed and considered it, and that it reflects the agency's independent judgment and analysis [*Pub. Res. Code § 21061*; *14 Cal. Code Reg. § 15090*]; and
- Approving or rejecting the project [*14 Cal. Code Reg. § 15092*], and if the project is approved:
    - Preparing written findings concerning the handling of any significant environmental effects identified in the EIR [*Pub. Res. Code § 21081*; *14 Cal. Code Reg. § 15091*; *see § 30B.219*];
    - Adopting a Mitigation Monitoring Program [*see Pub. Res. Code § 21081.6*; *14 Cal. Code Reg. § 15097*; *see also § 30B.220*]; and
    - Filing a notice of determination [*Pub. Res. Code §§ 21108(a), 21152(a)*; *14 Cal. Code Reg. § 15094*] and filing and retaining copies of the final EIR [*14 Cal. Code Reg. § 15095*].

At the applicant's request, a responsible agency must begin processing a development project permit application before final lead agency action on the project to the extent information needed to begin processing is available [*Gov. Code §*

65941(c)].

When an EIR is certified by a local lead agency's decisionmaking body that is not elected, certification may be appealed to the agency's elected decisionmaking body, if any [*Pub. Res. Code § 21151(c)*; *14 Cal. Code Reg. § 15090(b)*; *see § 30B.202*].

[f] Contents of EIR

The contents of the EIR is prescribed by statute [*see Pub. Res. Code § 21100*] and by the CEQA Guidelines [*see 14 Cal. Code Reg. §§ 15120-15132*]. Whenever feasible, a standard format should be used for an EIR [*Pub. Res. Code § 21100(a)*]. The EIR may be prepared as a separate document, as part of a general plan, or as part of a project report [*14 Cal. Code Reg. § 15120(b)*].

The EIR must include a detailed statement of all of the following [*Pub. Res. Code § 21100(b)*]:

- The significant effects on the environment of the proposed project [*see 14 Cal. Code Reg. § 15126.2(a)*; *see also 14 Cal. Code Reg. §§ 15127, 15128*];

- In a separate section [*see Pub. Res. Code § 21100(b)(2)*] (1) any significant effects that cannot be avoided if the project is implemented [*see 14 Cal. Code Reg. § 15126.2(b)*], and (2) any significant effects that would be irreversible if the project is implemented [*see 14 Cal. Code Reg. § 15126.2(c)*];

- Any growth-inducing impacts of the project [*see Pub. Res. Code § 21100(b)(5)*; *14 Cal. Code Reg. § 15126.2(d)*];

- Mitigation measures proposed to minimize the significant effects on the environment, including, but not limited to, measures to reduce the wasteful, inefficient, and unnecessary consumption of energy [*see Pub. Res. Code § 21100(b)(3)*; *14 Cal. Code Reg. § 15126.4*]; and

- Alternatives to the proposed project [*see Pub. Res. Code § 21100(b)(4)*; *14 Cal. Code Reg. § 15126.6*].

The EIR must also contain a statement briefly indicating the reasons for determining that various effects on the environment of a project are not significant, and consequently have not been discussed in detail [*Pub. Res. Code § 21100(c)*; *14 Cal. Code Reg. § 15128*].

In addition, the EIR must contain all of the following:

- A table of contents or index [*14 Cal. Code Reg. § 15122*];

- A summary of the proposed actions and their consequences [*14 Cal. Code Reg. § 15123*];

- A description of the project [*14 Cal. Code Reg. § 15124*];

- A description of the project's environmental setting [*14 Cal. Code Reg. § 15125*];

- A list of all governmental agencies, other organizations, and individuals consulting in preparing the draft EIR [*14 Cal. Code Reg. § 15129*];

- The identity of the preparer of the draft EIR [*14 Cal. Code Reg. § 15129*];

- A discussion of any significant cumulative impacts [*14 Cal. Code Reg. § 15130*]; and
- Economic and social information, when appropriate [*14 Cal. Code Reg. § 15131*].

The final EIR must contain all of the following [*14 Cal. Code Reg. § 15132*]:

- The draft EIR or a revision of the draft;
- Comments and recommendations received about the draft EIR;
- A list of persons, organizations, and public agencies commenting on the draft EIR;
- The response of the lead agency to significant environmental points raised in the review and consultation process; and
- Any other information added by the lead agency.

PRACTICE TIP:

What Comprises the Final EIR? A Final EIR consists of the Draft EIR, plus comments on the Draft EIR and responses to those comments by the lead agency, plus any changes to the Draft. If you are doing due diligence on a project for which an EIR has already been approved, when requesting a copy of a Final EIR, make sure to request the Draft EIR as well, since sometimes the comments and responses are bound in a separate document misleadingly called the "Final EIR." Without the Draft EIR, this separate document is incomplete (though it is often the best place to get a quick look at areas of controversy revealed by comments received from critics of the Draft EIR).

An EIR may incorporate by reference all or part of any other document that is a matter of public record or generally available to the public, provided that certain conditions are satisfied [*see Pub. Res. Code § 21061*; *14 Cal. Code Reg. § 15150*]. An EIR may be used for more than one project if the projects have essentially the same impact on the environment [*see 14 Cal. Code Reg. § 15153*]. A program EIR may be prepared for a series of integrated actions that are related geographically and in other specified ways [*see 14 Cal. Code Reg. § 15168*].

Alternative EIR requirements apply to all of the following types of projects:

- EIRs on all or portions of local general plans [*see 14 Cal. Code Reg. § 15166*];
- Redevelopment projects [*see Health & Safety Code § 33352*; *Pub. Res. Code § 21090*; *14 Cal. Code Reg. § 15180*];
- Projects pursuant to a specific plan or consistent with a community plan or zoning [*see Pub. Res. Code § 21083.3*; *14 Cal. Code Reg. §§ 15182*, *15183*];
- State mandated local projects [*see Pub. Res. Code § 21154*; *14 Cal. Code Reg. § 15184*];
- Phased or multiple projects [*see 14 Cal. Code Reg. § 15165*]; and
- Large capital projects requiring more than two years for the receipt of applicable governmental entitlements [*see 14 Cal. Code Reg. § 15167*].

For further discussion of the required contents of EIRs, see California Environmental Law and Land Use Practice, Ch. 22, *Environmental Impact Reports* (Matthew Bender), and California Real Estate Law and Practice, Ch. 303, *Requirements of the California Environmental Quality Act* (Matthew Bender).

[g] Subsequent EIRs and Supplements and Addenda to EIRs

A subsequent EIR must be prepared when (1) major revisions to an EIR will be required because substantial changes are proposed to the project, (2) substantial changes occur with regard to the circumstances under which the project will be undertaken, or (3) new information of substantial importance to the project becomes available [*Pub. Res. Code § 21166*; *see 14 Cal. Code Reg. § 15162*].

A supplement to an EIR must be prepared when any of the conditions requiring a subsequent EIR occurs, and only minor changes are necessary to make the previous EIR apply to the project in the changed situation. The supplement need contain only the information necessary to make the previous EIR adequate [*14 Cal. Code Reg. § 15163*; *see Pub. Res. Code § 21166*].

If none of the conditions that would require a subsequent EIR have occurred, but minor technical changes or additions that do not raise important new issues about the project's environmental effects are necessary to make the EIR adequate for CEQA purposes, the lead agency or a responsible agency must prepare an addendum to the EIR [*14 Cal. Code Reg. § 15164*; *see Pub. Res. Code § 21166*].

PRACTICE TIP:

Subsequent/Supplemental EIR versus Addendum. A supplemental or subsequent EIR is really a new EIR, although it may be more focussed than the original EIR on the project. Thus, it is subject to all the same procedural considerations that govern the preparation of any EIR. An addendum to an EIR or negative declaration, by contrast, can be a very short document (even one page in appropriate circumstances), and need not be circulated for public review at all. It thus can be prepared and adopted very quickly, and is generally less visible.

[h] Master EIRs and Focused EIRs

[i] Legislative Intent

The 1993 CEQA revisions added detailed procedures for preparing master EIRs to address broad issues and focused EIRs for subsequent projects [1993 Stats., ch. 1130, § 18]. In making these changes to CEQA, the Legislature intended that a master EIR evaluate cumulative, growth-inducing, and irreversible significant environmental effects of subsequent projects to the greatest extent feasible. The Legislature further intended that environmental review of subsequent projects be substantially reduced to the extent that the master EIR reviews project impacts and sets forth mitigation measures [*Pub. Res. Code § 21156*; *see 14 Cal. Code Reg. §§ 15175-15179* (implementing regulations)].

[ii] Master EIRs

A master EIR may be prepared for any of the following [*Pub. Res. Code § 21157(a)*; *14 Cal. Code Reg. § 15175(b)*]:

- A general plan;
- A specific plan;
- A project consisting of smaller individual phased projects;
- A regulation to be implemented by subsequent projects;

- A project to be carried out or approved pursuant to a development agreement;
- A project to be carried out or approved pursuant to a redevelopment plan;
- A state highway or mass transit project subject to multiple reviews or approvals;
- A regional transportation plan or congestion management plan;
- A proposed plan for reuse of a federal military base that is closed or proposed for closure; or
- A plan for district projects to be undertaken by a school district that also complies with applicable school facilities requirements.

The master EIR must describe and present sufficient information about anticipated subsequent projects within its scope. Information required about subsequent projects includes their size, location, intensity, and scheduling. The master EIR must also preliminarily describe potential impacts of anticipated subsequent projects for which insufficient information is available to support a full impact assessment [*Pub. Res. Code § 21157(b)*; *see 14 Cal. Code Reg. § 15176*].

The lead agency and responsible agencies identified in the master EIR may use the master EIR to limit review of subsequent projects. The subsequent project lead agency must prepare an initial study [*see* [c][ii], *above*, and *§ 30B.214[1][b]*] to determine whether the subsequent project and its significant environmental effects were included in the master EIR. If the lead agency finds that the subsequent project will have no additional significant environmental effects and that no new mitigation measures or alternatives may be required, it may prepare a written finding to that effect without preparing a new environmental document. The lead agency must provide public notice of its intent to approve or carry out the project and incorporate all feasible applicable mitigation measures or alternatives [*Pub. Res. Code § 21157.1*; *see 14 Cal. Code Reg. § 15177(a), (b)*]. If the lead agency for the subsequent project cannot make the above finding, it must prepare either a mitigated negative declaration or an EIR for the subsequent project [*Pub. Res. Code § 21157.1(d)*]. With limited exceptions, the master EIR may not be used to limit subsequent project reviews if it was certified more than five years before the filing of an application for a subsequent project [*see Pub. Res. Code §§ 21157.5, 21157.6*; *14 Cal. Code Reg. § 15179*].

[iii] Focused EIRs

A focused EIR is an EIR for a subsequent project identified in a master EIR. It may be used only if the lead agency finds the master EIR analyses of cumulative, growth-inducing, and irreversible significant environmental effects are adequate for the subsequent project [*Pub. Res. Code § 21158(a)*]. The focused EIR must analyze additional project-specific significant environmental effects not addressed in the master EIR and any new mitigation measures or alternatives not included in the master EIR. It must also examine significant effects discussed in the master EIR for which substantial new information exists that shows those effects may be more significant than described in the master EIR, and it must examine those mitigation measures found to be infeasible in the master EIR for which substantial new information exists that shows those measures may now be feasible [*Pub. Res. Code § 21158(c)*; *see Pub. Res. Code § 21158(d)*]. It need not examine effects that were mitigated through master EIR mitigation measures, examined in the master EIR in sufficient detail to allow project-specific mitigation, or for which mitigation was found to be the responsibility of another agency [*Pub. Res. Code § 21158(b)*; *see 14 Cal. Code Reg. § 15178*].

Special rules govern focused EIRs for small multi-family projects, mixed use projects, and the installation of pollution control devices [*see Pub. Res. Code § 21158.5, 21159.1*; *14 Cal. Code Reg. § 15179.5*]. For further discussion of master EIRs and focused EIRs, see California Environmental Law and Land Use Practice, Ch. 22, *Environmental Impact Reports* (Matthew Bender), and California Real Estate Law and Practice, Ch. 303, *Requirements of the California*

Environmental Quality Act (Matthew Bender).

§ 30B.211 Notice of Exemption From CEQA Requirements

[1] Comment

[a] Use of Form

The form in [2], *below*, is the official notice of exemption of a project or governmental action from the requirements of the California Environmental Quality Act of 1970 (CEQA) [*Pub. Res. Code § 21000 et seq.*]. It appears as Appendix E to the CEQA Guidelines [*14 Cal. Code Reg. § 15000 et seq.*]. A Notice of Exemption may be filed by a public agency or the project applicant after the agency has approved or determined to carry out a project and has determined that the project is exempt from the requirements of CEQA [*Pub. Res. Code §§ 21108(a), 21152(a)*; *14 Cal. Code Reg. §§ 15061(d), 15062(a)*]. The filing of a Notice of Exemption shortens the statute of limitations for legal challenges to the exemption determination [*see 14 Cal. Code Reg. § 15062(d)*; *see also* [d][i], *below*].

[b] Required Contents

A Notice of Exemption must include all of the following [*14 Cal. Code Reg. § 15062(a)*]:

- A brief description of the project;
- The location of the project (either by street address and cross street for a project in an urbanized area or by attaching a specific map, preferably a copy of a U.S.G.S. 15' or 71/2 ' topographical map identified by quadrangle name);
- A finding that the project is exempt, including a citation to the CEQA Guidelines section or statute under which it is found to be exempt; and
- A brief statement of reasons to support the finding.

[c] Exemptions From CEQA Requirements

[i] Statutory Exemptions

Some projects that might normally be considered discretionary projects subject to CEQA have been specifically exempted from the requirements of CEQA. These exemptions fall into two categories: (1) statutory exemptions [*see below*], and (2) "categorical" or regulatory exemptions [*see* [ii], *below*]. The statutory exemptions are listed in the Public Resources Code itself, while the categorical exemptions are created by the Office of Planning and Research as authorized by *Pub. Res. Code § 21084*, and are listed in the CEQA Guidelines. Note that there is actually a third category of CEQA exemptions: certain public actions listed in *14 Cal. Code Reg. § 15378(b)* that are explicitly excluded from the definition of "project" contained in that section. In practice, these are treated as statutory exemptions.

The statutory exemptions [*see Pub. Res. Code §§ 21080(b), 21080.01-21080.33, 21083.3*; *see also 14 Cal. Code Reg. §§ 15260-15285*] primarily involve projects that are undertaken by public agencies (e.g., projects for the institution or increase of certain public transportation services) [*see 14 Cal. Code Reg. § 15275*] and therefore are, as a class, beyond the scope of this chapter. However, there are also statutory exemptions for certain private or public projects to provide affordable housing [*see Pub. Res. Code § 21080.10*; 14 Cal. Code Reg. §§ 15079, *15080*]. For a complete list of these statutory exemptions, see *California Environmental Law and Land Use Practice, Ch. 21, Preliminary Review, Exemptions, and Negative Declarations, § 21.06* (Matthew Bender), and California Real Estate Law and Practice, Ch. 303, *Requirements of the California Environmental Quality Act* (Matthew Bender).

The statutory exemptions for ministerial and emergency projects frequently do apply to private projects. For a discussion of exempt ministerial projects [*see Pub. Res. Code § 21080(b)(1)*; *14 Cal. Code Reg. § 15300.1*], see *§ 30B.210[1][b][iii]*.

PRACTICE TIP:

Are Building Permits Ministerial? The ministerial project exemption is widely used, for example, for final subdivision maps, and, perhaps most importantly, for building permits. Traditionally, the issuance of building permits had been regarded as a ministerial act. This doctrine was put to the test in a case where a 26-story office building was to be constructed on the issuance of a building permit without any environmental review at all. In *Friends of Westwood, Inc. v. City of Los Angeles (1987) 191 Cal. App. 3d 259, 271-273, 235 Cal. Rptr. 788* , however, the court concluded that when there was some discretion available to the agency in the issuance of a building permit, the decision to issue one could be considered discretionary. In practice, this may constitute a "too big to be ministerial" rule. It has since been put in the Guidelines [*see 14 Cal. Code Reg. §§ 15268(b)(1), 15369*].

The following emergency projects are exempted by statute from the requirements of CEQA [*Pub. Res. Code § 21080(b)(2)-(4)*; *14 Cal. Code Reg. § 15269*]:

- Projects to maintain, repair, restore, demolish, or replace property or facilities damaged or destroyed as a result of a disaster in a disaster stricken area in which a state of emergency has been proclaimed by the Governor, including projects that will remove, destroy, or significantly alter an historical resource when that resource represents an imminent threat to the public of bodily harm or of damage to adjacent property or when the project has received a determination by the State Office of Historic Preservation [*see Pub. Res. Code § 5028(b)*];

- Emergency repairs to publicly or privately owned service facilities necessary to maintain service essential to the public health, safety, or welfare;

- Specific actions necessary to prevent or mitigate an emergency, not including long-term projects

undertaken to prevent or mitigate a situation that has a low probability of occurrence in the short-term;

- Projects undertaken, carried out, or approved by a public agency to maintain, repair, or restore an existing highway damaged by fire, flood, storm, earthquake, land subsidence, gradual earth movement, or landslide, provided the project is within the existing right of way of that highway and is initiated within one year of the damage occurring; and

- Seismic work on highways and bridges [*see Sts. & Hy. Code § 180.2*].

For these purposes, "emergency" means a sudden, unexpected occurrence, involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of, or damage to life, health, property, or essential public services. The term includes fires, floods, earthquakes, other soil or geologic movements, riots, accidents, and sabotage [*Pub. Res. Code § 21060.3*; *14 Cal. Code Reg. § 15359*].

[ii] Categorical Exemptions

The categorical exemptions are set forth in the CEQA Guidelines [*see 14 Cal. Code Reg. §§ 15300-15333*; *see also Pub. Res. Code §§ 21080(b)(9), 21084*]. For a complete list of these exemptions, see *California Environmental Law and Land Use Practice, Ch. 21, Preliminary Review, Exemptions, and Negative Declarations, § 21.06* (Matthew Bender), and California Real Estate Law and Practice, Ch. 303, *Requirements of the California Environmental Quality Act* (Matthew Bender). The following list summarizes the categorical exemptions that are most likely to apply to private projects:

- Minor work on existing facilities and structures that involves negligible or no expansion of use [*see 14 Cal. Code Reg. § 15301*].

- Replacement or reconstruction of existing structures, provided that the new structure is on the same site and has substantially the same purpose and capacity as the replaced structure [*see 14 Cal. Code Reg. § 15302*].

- New construction or conversion of small structures, such as single-family residences [*see 14 Cal. Code Reg. § 15303*].

- Minor alterations in the condition of land, water, and/or vegetation that (with certain exceptions) do not involve the removal of trees [*see 14 Cal. Code Reg. § 15304*].

- Minor alterations in land use limitations (not involving changes in land use or density) in areas with an average slope of less than 20 percent [*see 14 Cal. Code Reg. § 15305*].

- Construction or addition of minor accessory structures to existing commercial, industrial, or institutional facilities [*see 14 Cal. Code Reg. § 15311*].

- Divisions of urban properties into four or fewer parcels if the division does not require zoning relief and other conditions are met [*see 14 Cal. Code Reg. § 15315*].

- Establishment or acceptance of open space contracts or similar easements [*see 14 Cal. Code Reg. § 15317*].

- Actions by regulatory agencies to enforce land use entitlements [*see 14 Cal. Code Reg. § 15321*].

- Normal operations of existing facilities for appropriate public gatherings [*see 14 Cal. Code Reg. § 15323*].

- Transfers of ownership of interests in land to preserve open space [*see 14 Cal. Code Reg. § 15325*].

- Leasing of a private facility by a public agency when the building has been found to be exempt from CEQA [*see 14 Cal. Code Reg. § 15327*].

- In-fill development projects on urban sites no larger than five acres [*see 14 Cal. Code Reg. § 15332*].

PRACTICE TIP:

Big Exemption--In-fill Projects. The exemption for in-fill developments in urban areas was added to the Guidelines in 1998. It is potentially applicable to many projects where (1) the project is consistent with the general plan and zoning, (2) the site is no larger than five acres in an urban area with all public services and no habitat value, and (3) approval would lead to no significant effects on traffic, noise, and air or water quality. It is suggested that every small urban project be examined closely to see if it can be positioned to take advantage of this exemption.

[d] Filing of Notice

[i] Statute of Limitations

Either the public agency [*see* [ii], *below*] or the applicant [*see* [iii], *below*] may file the Notice of Exemption after the project has been approved [*14 Cal. Code Reg. § 15062(c)*]. The filing of a Notice of Exemption and the posting on the list of notices start a 35-day statute of limitations period on legal challenges to the decision by the agency that the project is exempt from CEQA. If a notice is not filed, a 180-day statute of limitations will apply [*14 Cal. Code Reg. § 15062(d)*].

[ii] By Public Agency

State agencies that choose to file the notice must file it with the Office of Planning and Research. A list of these filings is posted on a weekly basis at the Office (1400 Tenth Street, Sacramento, California, 95814). Each weekly list must remain posted for at least 30 days. OPR must retain each notice for not less than 12 months [*14 Cal. Code Reg. § 15062(c)(1)*]. Local agencies must file the notice with the county clerk of the county or counties in which the project will be located. Copies of all notices will be available for public inspection and must be posted within 24 hours of receipt by the clerk. Each notice must remain posted for 30 days. Thereafter, the clerk will return the notice to the local agency with a notation that it was posted. The agency must retain the notice for not less than 12 months [*14 Cal. Code Reg. § 15062(c)(2)*]. In addition, public agencies are encouraged to post filed notices on the Internet [*14 Cal. Code Reg. § 15062(c)(3)*].

PRACTICE TIP:

Find Notices Online. It is always a good practice to verify that the notice of exemption has been received by the State. This can now be done online, by searching the State CEQA database at http://www.ceqanet.gov.

[iii] By Applicant

Applicants who file the notice must file it with the Office of Planning and Research if the project was approved by a state agency, or with the county clerk of the county or counties in which the project will be located if the approval was granted by a local agency [*14 Cal. Code Reg. § 15062(c)(4)(A)*]. The notice must contain the required information [*see* [b], *above*] and be accompanied by a certified document issued by the public agency stating that the agency has found

the project to be exempt. This certified document may be a certified copy of an existing document or record of the public agency [*14 Cal. Code Reg. § 15062(c)(4)(B)*]. Notices filed by applicants are subject to the same posting and time requirements as notices filed by public agencies [*14 Cal. Code Reg. § 15062(c)(4)(C)*; *see* [ii], *above*].

[e] Distribution of Copies

An agency that prepares a notice of exemption must mail a copy of the notice to any person who has filed a written request for CEQA notices with either the clerk of the governing body or, if there is no governing body, the director of the agency. The request may also be filed with any other person designated by the governing body or director to receive these requests. The agency may require these requests to be renewed annually, and may charge a fee for providing the notices [*Pub. Res. Code § 21092.2*].
