§ 46.233 Notice of Billing Error

[1] Comment

[a] Use of Form

This form is a notice by a credit card holder informing the credit card issuer of a billing error and requesting a correction or explanation.

In order to take advantage of the fair credit billing provisions of the Truth in Lending Act and the Song-Beverly Credit Card Act of 1971, the cardholder must notify the card issuer, in writing, of a billing error no later than 60 days after receiving the first periodic statement reflecting the error [15 U.S.C. § 1666(a); 12 C.F.R. § 226.13(b)(1); *Civ. Code* § 1747.02(g)]. The notice must enable the issuer to identify the cardholder's name and account number, and, to the extent possible, indicate the consumer's belief that a billing error exists, the reasons for that belief, and the type, date, and amount of the error [15 U.S.C. § 1666(a); 12 C.F.R. § 226.13(b); *Civ. Code* § 1747.02(g)]. The credit card issuer may require that the notice of billing error be made on a separate sheet rather than on the payment medium or other material accompanying the periodic statement, provided that any such requirement is disclosed in the statement of billing rights [12 C.F.R. § 226.13(b) n.29; *see* § 46.212].

The fair credit billing provisions of the Truth in Lending Act and the Song-Beverly Credit Card Act of 1971 are inapplicable to transactions on business credit cards [15 U.S.C. § 1603(1); 12 C.F.R. § 226.2(a)(8); *Civ. Code* § 1747.02(d); *see American Express Co. v. Koerner* (1981) 452 U.S. 233, 241-244, 101 S. Ct. 2281, 68 L. Ed. 2d 803] .

[b] Billing Error Rights Independent of Right to Assert Claims and Defenses

The cardholder's right to the correction of billing errors is completely independent of the right to assert claims and defenses against the card issuer [12 C.F.R. pt. 226, supp. I, § 226.12(c) (Official Staff Interpretations)]. Thus, when a dispute constitutes both a defense to payment and a billing error, as in the case of nondelivery of merchandise, the cardholder may institute procedures to have the dispute corrected as a billing error without affecting the right to assert claims and defenses against the card issuer. Alternatively, such a dispute can be asserted as a billing error even if the

cardholder has waived the right to assert claims and defenses against the card issuer by paying the disputed balance [12 C.F.R. pt. 226, supp. I, § 226.12(c) (Official Staff Interpretations); *see* § 46.232].

[c] "Billing Error" Defined

The federal Truth in Lending Act and the California Song-Beverly Credit Card Act of 1971 define "billing error" differently. The Truth in Lending Act specifies seven specific categories of errors [*see* 15 U.S.C. § 1666(b); 12 C.F.R. § 226.13(a)], while the Song-Beverly Act simply defines the term as an error in posting any debit or credit, an error in computation, or a similar error of an accounting nature contained in a statement given to the cardholder by the card issuer [*Civ. Code* § 1747.02(j)]. When there is a conflict, the federal definition preempts any state definition [12 C.F.R. pt. 226, supp. I, § 226.28(a) (Official Staff Interpretations); *see* 12 C.F.R. § 226.28(a); *Civ. Code* § 1747.01].

Thus, a periodic statement that reflects any of the following contains a "billing error" [12 C.F.R. § 226.13(a); *see* 15 U.S.C. § 1666(b); *see also* *Civ. Code* § 1747.01]:

- (1) An extension of credit that was not made to the cardholder or to a person who has actual, implied, or apparent authority to use the cardholder's credit card or open-end credit plan.
- (2) An extension of credit that is not properly identified [*see* 12 C.F.R. §§ 226.7(b) (periodic statement requirements), 226.8 (transactions identification requirements)].
- (3) An extension of credit for property or services not accepted by the cardholder or the cardholder's designee, or not delivered to the cardholder or the cardholder's designee as agreed. This category covers a variety of disputes, including a billing for goods that the consumer refused to accept because the goods did not comply with the contract, delivery of property or services different from those agreed upon, delivery of the wrong quantity, late delivery, or delivery to the wrong location [12 C.F.R. pt. 226, supp. I, § 226.13(a)(3) (Official Staff Interpretations)]. Although the Song-Beverly Credit Card Act of 1971 specifies that "billing error" does not mean "any dispute with respect to value, quantity or quality of goods, services, or other benefits obtained through use of a credit card" [*Civ. Code* § 1747.02(j)], the Federal Reserve Board's Official Staff Interpretations to Regulation Z state that this category does not apply "to a dispute relating to the quality of property or services that a consumer accepts" [12 C.F.R. pt. 226, supp. I, § 226.13(a)(3) (Official Staff Interpretations)]. Because the federal definition preempts any conflicting state definition [12 C.F.R. pt. 226, supp. I, § 226.28(a) (Official Staff Interpretations); *see* 12 C.F.R. § 226.28(a); *Civ. Code* § 1747.01], a dispute over the quantity, quality, or value of goods may be asserted as a billing error provided the cardholder has not yet accepted the goods [*see* 12 C.F.R. pt. 226, supp. I, § 226.13(a)(3) (Official Staff Interpretations)]. Whether acceptance occurred is determined by state or other applicable law [12 C.F.R. pt. 226, supp. I, § 226.13(a)(3) (Official Staff Interpretations)].
- (4) The creditor's failure to properly credit a payment or other credit issued to the cardholder's account.
- (5) A computational or similar accounting error made by the creditor.
- (6) An extension of credit for which the consumer requests additional clarification, including documentary evidence.
- (7) The creditor's failure to mail or deliver a periodic statement to the consumer's last known address if that address was received by the creditor, in writing, at least 20 days before the end of the billing cycle for which the statement was required.

[d] Creditor's Duties After Receipt of Notice

The creditor must mail or deliver written acknowledgment to the consumer within 30 days of receiving a billing error notice if the matter is not resolved within that time [12 C.F.R. § 226.13(c)(1)]. If the creditor determines that a billing error occurred as asserted, it must correct the error and credit the consumer's account with any disputed amount and related finance or other charges, as well as mail or deliver a correction notice to the consumer [15 U.S.C. § 1666(a)(3)(B)(i); 12 C.F.R. § 226.13(e)]. If, after conducting a reasonable investigation, a creditor determines that no billing error occurred, the creditor must send the consumer an explanation of the creditor's position and furnish copies of documentary evidence of the consumer's indebtedness, if the consumer requests such copies [15 U.S.C. § 1666(a)(3)(B)(ii); 12 C.F.R. § 226.13(f)(1), (2)]. The creditor must complete the applicable procedures within two complete billing cycles, but in no event later than 90 days, after receiving a billing error notice [12 C.F.R. § 226.13(c)(2); Civ. Code § 1747.50(a)].

Pending resolution of the alleged billing error, the consumer need not pay (and the creditor may not try to collect) any portion of any required payment that the consumer believes is related to the disputed amount [12 C.F.R. § 226.13(d)(1)]. The amount may be reflected on a periodic statement but only if the creditor indicates that payment of any disputed amount and related charges is not required before the creditor resolves the billing error claim [12 C.F.R. § 226.13(d)(1) n.30]. During this period the creditor may not make or threaten to make any adverse credit report based on the consumer's nonpayment of the disputed amount [15 U.S.C. § 1666a(a); 12 C.F.R. § 226.13(d)(2)].

Further, if the cardholder maintains a deposit account with the card issuer and has agreed to pay the credit card indebtedness by periodic deductions from this account, the card issuer may not deduct any part of the disputed amount or related charges if the billing error notice is received at least three business days before the scheduled payment date [12 C.F.R. § 226.13(d)(1)].

[e] Creditor's Rights and Duties After Resolution

If a creditor determines that a consumer owes all or part of the disputed amount and related charges, the creditor must promptly notify the consumer, in writing, of the time when payment is due and the portion of the disputed amount and charges that the consumer owes [12 C.F.R. § 226.13(g)(1)].

If the creditor generally allows a "free-ride period" within which any credit extended may be paid without imposition of additional finance charges, the same time period must be allowed for payment of the disputed amount [12 C.F.R. § 226.13(g)(2)]. After the expiration of the free-ride period, or 10 days, whichever is longer, if the amount remains unpaid, the creditor may report the account as delinquent [12 C.F.R. § 226.13(g)(3)]. However, a creditor may not report that an account is delinquent if, within the time allowed for payment, the creditor receives written notice from the consumer that any portion of the billing error is still in dispute, unless (1) the creditor promptly reports that the account is in dispute, (2) delivers to the consumer written notice of the name and address of each person to whom the creditor makes a report (at the same time the report is made), and (3) promptly reports any subsequent resolution of the reported delinquency to all persons to whom such a report was made [15 U.S.C. § 1666a(b), (c); 12 C.F.R. § 226.13(g)(4)].

A creditor has no further responsibilities if a consumer reasserts substantially the same billing error [12 C.F.R. § 226.13(h)].

[f] Penalties for Creditor's Failure to Act

Under the federal Truth in Lending Act, a creditor who fails to comply with the billing error requirements forfeits any right to collect from the cardholder the amount of the claimed billing error and any finance charges on that amount, whether or not a billing error actually occurred [15 U.S.C. § 1666(e)]. However, the amount that may be forfeited for noncompliance is limited to \$50 [15 U.S.C. § 1666(e)]. The creditor is also subject to civil liability for actual damages, twice the amount of any finance charge in connection with the transaction, costs, and attorneys' fees [see 15 U.S.C. §

1640(a)], except in the case of unintentional violations resulting from bona fide errors [15 U.S.C. § 1640(c)].

The California Song-Beverly Credit Card Act of 1971 provides that a card issuer that fails to correct a billing error within the prescribed 90-day period is not entitled to collect the amount by which the outstanding balance of the cardholder's account is greater than the correct balance, or any other charges on the obligation giving rise to the billing error [Civ. Code § 1747.50(b)]. In addition, a card issuer may be liable for treble damages, reasonable costs, and attorneys' fees for willful failure to comply with the fair credit billing requirements [Civ. Code § 1747.50(c)]. There has been no definitive determination regarding whether the latter remedy is preempted by the Truth in Lending Act [see 12 C.F.R. § 226.28(a)(2)(i) (all state requirements relating to correction of billing errors are inconsistent if they provide different rights, responsibilities, or procedures); *but see* 15 U.S.C. § 1666j(a) (Federal Reserve Board may not declare inconsistent a state law giving consumer greater protection); 12 C.F.R. § 226.28(a)(2)(ii); *see also* 12 C.F.R. pt. 226, supp. I, § 226.28(a) (Official Staff Interpretations)]. However, there does not appear to be any fundamental inconsistency between the additional state remedy and the federal statute's stated purpose of protecting the consumer [see 15 U.S.C. § 1601(a)].

The Song-Beverly Credit Card Act of 1971 also provides for mandatory correction by a retailer of billing errors made by the retailer, within 60 days from the date of mailing of the billing-error inquiry [Civ. Code § 1747.60(a)]. It appears that this provision is not preempted since it covers a situation not dealt with in the Truth in Lending Act [see 12 C.F.R. § 226.28(a)(2)].

[1] Comment

[a] Use of Form

This form is a notice used to report the loss or theft of a credit card to the card issuer in order to limit the cardholder's liability to a maximum of \$50 [12 C.F.R. § 226.12(b)(1); see [b], *below*].

Notification is given when the cardholder takes whatever steps are reasonably required to provide the card issuer with pertinent information about the loss or theft of the card and possible unauthorized use. Notification may be given in person, by telephone, or in writing. Notification in writing is considered given at the earlier of the time of receipt or at the expiration of the time ordinarily required for transmission, whether or not received [12 C.F.R. § 226.12(b)(3)].

Prompt notification to the card issuer may limit or eliminate the cardholder's liability. Written notice of loss or theft is not required under either federal or state law [see 12 C.F.R. § 226.12(b)(3); *Civ. Code* § 1747.10(e)]. However, if a telephone call informing the issuer of loss or theft is followed by a written notice, the consumer will have proof of notice to the issuer if a dispute arises.

[b] Conditions and Extent of Liability for Unauthorized Use

A cardholder's maximum liability for unauthorized use (including a series of unauthorized uses) is limited to the lesser of \$50 or the amount of property, money, labor, or services obtained by the unauthorized use before the card issuer is notified of the loss, theft, or possible unauthorized use of the card [15 U.S.C. § 1643(a)(1)(B), (E); 12 C.F.R. § 226.12(b)(1); *Civ. Code* § 1747.10(b), (e); see 12 C.F.R. pt. 226, supp. I, § 226.12(b)(1) (Official Staff Interpretations)]. Liability may be imposed on the cardholder only if certain conditions are met [see 15 U.S.C. §§ 1602(l), 1643(a)(1); 12 C.F.R. § 226.12(b)(2); *Civ. Code* §§ 1747.02(b), 1747.10]. For discussion of the extent of the cardholder's liability for unauthorized use of the card, and the conditions under which liability can be imposed, see *Section 46.213[1][c]*. § 46.250 Notice of Unauthorized Access to Unencrypted Confidential Personal Information Contained in Data Files

[1] Comment

[a] Use of Form

This form is a notice to a California resident informing that person of the unauthorized acquisition of computerized data containing the person's personal information. The form is for use by a state agency, or a person or business that conducts business in California, that owns or licenses computerized data that includes personal information, following discovery of a breach in the security of that data [*see Civ. Code §§ 1798.29(a), (b), 1798.82(a); see also Civ. Code §§ 1798.29(d), (e), 1798.82(d), (e)* ("personal information" and "breach of the security system" defined); [b], *below*]. This form satisfies the requirements of written notice under the statute [*see Civ. Code §§ 1798.29(g)(1), 1798.82(g)(1); see also [d], below*]. The law became effective on July 1, 2003 [*see 2002 Stats., Ch. 915, § 5*].

For a notice of loss or theft of credit card and possible unauthorized use, see § 46.235.

[b] Disclosure Requirements

Effective July 1, 2003, a state agency, or a person or business that conducts business in California, that owns or licenses computerized data that includes personal information must disclose, in specified ways, any breach of the security of the data to any resident of California whose unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person [*Civ. Code §§ 1798.29(a), 1798.82(a); see Civ. Code §§ 1798.29(g), (h) 1798.82(g), (h)* (methods of giving notice); [c], *below*]. In addition, a state agency that maintains computerized data that includes personal information that the agency does not own must notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person [*Civ. Code § 1798.29(b)*].

"Personal information" in this context means an individual's first name or first initial and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted [*Civ. Code*

§§ 1798.29(e), 1798.82(e)]:

- Social security number.
- Driver's license number or California Identification Card number.
- Account number, credit or debit card number, in combination with any required security code, access code, or password that would permit access to an individual's financial account.
- Medical information [see *Civ. Code* §§ 1798.29(f)(2), 1798.82(f)(2) (definition)].
- Health insurance information [see *Civ. Code* §§ 1798.29(f)(3), 1798.82(f)(3) (definition)].

"Personal information" does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records [*Civ. Code* §§ 1798.29(f)(1), 1798.82(f)(1)].

"Breach of the security system" is unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of personal information maintained by the agency, person, or business [*Civ. Code* §§ 1798.29(d), 1798.82(d)]. Good faith acquisition of personal information by an employee or agent of the agency for the purposes of the agency is not a breach of the security of the system, provided that the personal information is not used or subject to further unauthorized disclosure [*Civ. Code* §§ 1798.29(d), 1798.82(d)].

Disclosure must be made "in the most expedient time possible and without unreasonable delay," consistent with any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system [*Civ. Code* §§ 1798.29(a), 1798.82(a)]. Notifications may be delayed if a law enforcement agency determines that it would impede a criminal investigation [see *Civ. Code* §§ 1798.29(a), (c), 1798.82(a), (c)].

[c] Notification Procedures

Notice may be provided by one of the following methods [*Civ. Code* §§ 1798.29(g)(1)-(3), 1798.82(g)(1)-(3)]:

- Written notice.
- Electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. § 7001 [see § 46.212[1][h]].
- Substitute notice, if the agency, person, or business demonstrates that the cost of providing notice would exceed \$250,000, or that the affected class of subject persons to be notified exceeds 500,000, or the agency, person, or business does not have sufficient contact information.

Substitute notice must consist of all of the following [*Civ. Code* §§ 1798.29(g)(3)(A)-(C), 1798.82(g)(3)(A)-(C)]:

- E-mail notice when the agency, person, or business has e-mail addresses for the subject persons.
- Conspicuous posting of the notice on the Web site page of the agency, person, or business, if a Web site page is maintained.
- Notification to major statewide media.

Notwithstanding these notice requirements, an agency, person or business that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of *Civ. Code* §§ 1798.29(a) and 1798.82(a) [see [b], above] is deemed to be in compliance with the statutory notification requirements [see *Civ. Code* §§ 1798.29(g), 1798.82(g)] if it notifies affected persons in accordance with its policies in the event of a breach of security of the system [*Civ. Code* §§ 1798.29(h) and 1798.82(h)].

[d] Rights and Remedies

Any customer injured by a violation of the law protecting consumer records [*Civ. Code* §§ 1798.80-1798.84] may institute a civil action to recover damages [*Civ. Code* § 1798.84(b)]. Injunctive relief is also available [*Civ. Code* § 1798.84(e)]. A prevailing plaintiff in any action commenced under *Civ. Code* § 1798.83 [discussed in § 46.96] is entitled to recover reasonable attorneys' fees and costs [*Civ. Code* § 1798.84(g)]. For additional discussion of the remedies available for violations of the laws governing consumer records, see § 46.97.

§ 46.251 Notice to Consumer Regarding Choice With Respect to Sharing of Nonpublic Personal Information

[1] Comment

[a] Use of Form

This form, entitled Important Privacy Choices for Consumers, is a notice from a financial institution to a consumer informing the consumer regarding the consumer's right to control the dissemination of his or her nonpublic personal information, and soliciting the consumer's response regarding whether or not the consumer will permit disclosure of that information. This form is set out by statute [*Fin. Code § 4053(d)(2)(A)*] and is presumed by statute to satisfy the notice requirements of the California Financial Information Privacy Act (*Fin. Code § 4050 et seq.*) [*see Fin. Code § 4053(d)(1)(A)*], effective July 1, 2004 [*Fin. Code § 4060*]. Financial institutions are required to send such a notice to consumers so that the consumers may make a decision and provide direction to the financial institution regarding the sharing of their nonpublic personal information. If the financial institution does not use the statutory form, it must use a form that meets specified requirements [*Fin. Code § 4053(d)(1)*; *see [e], below*].

However, state laws are preempted by provisions of the federal Fair Credit Reporting Act concerning the exchange of information among persons affiliated by common ownership or common corporate control [*15 U.S.C. § 1681t(b)(2)*], and the federal act preempts the Financial Information Privacy Act insofar as the California law attempts to regulate the communication between affiliates of consumer-report information as that term is defined in *15 U.S.C. § 1681a(d)(1)* [*American Bankers Ass'n v. Lockyer* (9th Cir. 2008) 541 F.3d 1214, 2008 U.S. App. LEXIS 18861, at *5-*6, *10 (*Fin. Code § 4053(b)(1)* is preempted insofar as it applies to consumer-report information as defined in *15 U.S.C. § 1681a(d)(1)* but is not preempted insofar as it applies to nonconsumer-report information); *American Bankers Ass'n v. Gould* (9th Cir. 2005) 412 F.3d 1081, 1087 (federal act preempts California Financial Information Privacy Act, *Fin. Code § 4050 et seq.*, insofar as California law attempts to regulate inter-affiliate communication of "information," as that term is defined in *15 U.S.C. § 1681a(d)(1)*)].

A financial institution is not required to provide the form to its consumers if the institution does not disclose any nonpublic personal information to any nonaffiliated third party or to any affiliate [*Fin. Code §§ 4053(b)(5), 4054(a)*; *see Fin. Code § 4052* (definitions); *[b], [c], below*].

[b] "Nonpublic Personal Information" Defined

For the purposes of the California Financial Information Privacy Act (Act) [*Fin. Code § 4050 et seq.*], "nonpublic personal information" means personally identifiable financial information (1) provided by a consumer to a financial institution, (2) resulting from any transaction with the consumer or any service performed for the consumer, or (3) otherwise obtained by the financial institution [*Fin. Code § 4052(a)*]. The term includes any list, description, or other grouping of consumers, and publicly available information pertaining to them, that is derived using any nonpublic personal information other than publicly available information [*Fin. Code § 4052(a)*]. However, the term does not include any list, description, or other grouping of consumers, and publicly available information pertaining to them, that is derived without using any nonpublic personal information [*Fin. Code § 4052(a)*]. Additionally, the term does not include publicly available information that the financial institution has a reasonable basis to believe is lawfully made available to the general public from federal, state, or local government records, widely distributed media, or disclosures to the general public that are required to be made by federal, state, or local law [*Fin. Code § 4052(a)*].

[c] "Consumer," "Financial Institution," and Related Terms Defined

"Consumer" means an individual resident of California, or that individual's legal representative, who obtains or has obtained from a financial institution a financial product or service to be used primarily for personal, family, or household purposes [*Fin. Code § 4052(f)*]. In this context, a California resident is someone whose last known mailing address, other than an Armed Forces Post Office or FPO address, as shown in the records of the financial institution, is located in California [*Fin. Code § 4052(f)*]. If the financial institution provides all required notices and rights required by the Act to the plan sponsor, group or blanket insurance policyholder, or group annuity contract holder, an individual is *not* a consumer of a financial institution solely because he or she is one of the following [*Fin. Code § 4052(f)*]:

- A participant or beneficiary of an employee benefit plan that a financial institution administers or sponsors, or for which the financial institution acts as a trustee, insurer, or fiduciary.
- Covered under a group or blanket insurance policy or group annuity contract issued by the financial institution.
- A beneficiary in a workers' compensation plan.
- A beneficiary of a trust for which the financial institution is a trustee.
- A person who has designated the financial institution as trustee for a trust.

"Financial institution" means any institution engaged in financial activities [*see 12 U.S.C. § 1843(k)* (applicable description of activities)] and doing business in California. Basically, this includes, among others, institutions engaged in lending, exchanging, transferring, investing for others, or safeguarding money and securities; insurers; investment and economic advisers; and securities dealers and underwriters [*see 12 U.S.C. § 1843(k)(4)*]. An institution that is not "significantly" engaged in financial activities is not a financial institution [*Fin. Code § 4052(c)*]. The term also is subject to numerous specific exceptions [*see Fin. Code § 4052(c)*]. For example, it does not include licensed auto dealers or manufacturers [*see Veh. Code § 11700 et seq.*] who enter into installment contracts for the sale or lease of motor vehicles and assign substantially all of those contracts to financial institutions within 30 days. Significantly, the term also does not include any provider of professional services (or any wholly owned affiliate of such a provider) that is prohibited by rules of professional ethics and applicable law from voluntarily disclosing confidential client information without the consent of the client [*Fin. Code § 4052(c)*].

An "affiliate" is any entity that controls, is controlled by, or is under common control with, another entity. The term does not include a joint employee of the entity and the affiliate. A franchisor, including any affiliate of the franchisor, is

an affiliate of the franchisee for purposes of the Act [*Fin. Code § 4052(d)*].

"Nonaffiliated third party" means any entity that is not an affiliate of, or related by common ownership or affiliated by corporate control with, the financial institution. The term does not include a joint employee of that institution and a third party [*Fin. Code § 4052(e)*].

[d] Disclosure of Nonpublic Personal Information Without Prior Written Consent Prohibited

The Act generally prohibits a financial institution from sharing, transferring, or otherwise disclosing a consumer's nonpublic personal information to any unaffiliated third parties without the consumer's express prior written consent [*see Fin Code §§ 4052.5, 4053(b)*]. The Act also allows a consumer to direct the financial institution not to share the nonpublic personal information with affiliated companies or with nonaffiliated financial companies with which the financial institution has contracted to provide financial products and services [*see Fin. Code § 4053(a)(1)*]. However, the Act does not restrict or prohibit the sharing of nonpublic personal information between a financial institution and its wholly owned financial institution subsidiaries or in certain other circumstances if, among other requirements, both entities are regulated by the same functional regulator and are engaged in the same line of business [*see Fin. Code § 4053(c)*].

For further discussion of the general prohibitions and limitations of the Act, see § 46.99[2].

[e] Privacy Notice Requirements

To obtain consent to disclose nonpublic personal information to nonaffiliated third parties, the financial institution must use a form, statement, or writing that [*Fin. Code § 4053(a)(2)*]:

- Is a separate document, not attached to any other document.
- Is dated and signed by the consumer.
- Clearly and conspicuously discloses that by signing, the consumer is consenting to the disclosure to nonaffiliated third parties of nonpublic personal information pertaining to the consumer.
- Clearly and conspicuously discloses (1) that the consent will remain in effect until revoked or modified by the consumer; (2) that the consumer may revoke the consent at any time; and (3) the procedure for the consumer to revoke consent.
- Clearly and conspicuously informs the consumer that (1) the financial institution will maintain the document or a true and correct copy; (2) the consumer is entitled to a copy of the document upon request; and (3) the consumer may want to make a copy of the document for the consumer's records.

If the financial institution does not use the statutory form set out in [2], *below*, the form must meet all of the following additional requirements [*Fin. Code § 4053(d)(1)*; *see Fin. Code § 4053(d)(2)(B)* (regulatory approval of alternative form)].

- It must use the same title as the statutory form ("IMPORTANT PRIVACY CHOICES FOR CONSUMERS").
- It must use headers, if applicable, as follows: "Restrict Information Sharing With Companies We Own Or Control (Affiliates)" and "Restrict Information Sharing With Other Companies We Do Business With To Provide Financial Products And Services."

- The titles and headers must be clearly and conspicuously displayed, and no text in the form may be smaller than 10-point type.
- It must be a separate document [*see Fin. Code §§ 4053(d)(2)(D), 4054, 4058.7* (limited exceptions)].
- It must provide choices in accordance with *Fin. Code § 4053(b)* [*see [d], above*] and *Fin. Code § 4054.6* (rules when credit cards are issued in name of business entity that is not financial institution), if applicable, that are stated separately and may be selected by checking a box.
- It must be designed to call attention to the nature and significance of the information in the document.
- It must present information in clear and concise sentences, paragraphs, and sections.
- It must use short explanatory sentences (an average of 15-20 words) or bullet lists whenever possible.
- It must avoid multiple negatives, legal terminology, and highly technical terminology whenever possible.
- It must avoid explanations that are imprecise and readily subject to different interpretations.
- It must achieve a minimum Flesch reading ease score of 50, as defined in *10 Cal. Code Reg. § 2689.4(a)(7)*, with specified exceptions [*see Fin. Code § 4053(d)(1)(J)*].
- It must provide wide margins, ample line spacing and uses boldface or italics for key words.
- It must not be more than one page.

None of the instructional items appearing in brackets in the form in [2], *below*, may appear in the form provided to the consumer, because those items are for explanation purposes only [*Fin. Code § 4053(d)(2)(A)*]. However, a financial institution does not violate the Act's notice requirements solely because it includes in the form one or more brief examples or explanations of the purposes, or context, within which information will be shared, provided those examples meet the required clarity and readability standards [*Fin. Code § 4053(d)(2)(C)*].

If a financial institution does not disclose or share nonpublic personal information as described in a header of the form, the financial institution may omit the applicable header or headers, and the accompanying information and box, in the form it provides. The form with those omissions is conclusively presumed to satisfy the notice requirements [*Fin. Code § 4053(d)(2)(A)*].

[f] Envelope and Mailing Requirements

The outside of the envelope in which the form is sent to the consumer generally must clearly state in 16-point boldface type "IMPORTANT PRIVACY CHOICES." However, a financial institution sending the form to a consumer in the same envelope as a bill, account statement, or application requested by the consumer does not have to include this wording on that envelope [*Fin. Code § 4053(d)(2)(D)*].

The form must be sent in one of the following ways [*Fin. Code § 4053(d)(2)(D)(i)-(iii)*]:

- With a bill, other statement of account, or application requested by the consumer. If sent in this manner, the information required by the Gramm-Leach-Bliley Act [*see* 15 U.S.C. § 6801 *et seq.*; *see also* § 46.99[1][d]-[f]] may also be included in the same envelope.
- As a separate notice or with the information required by the Gramm-Leach-Bliley Act, and including only information related to privacy.
- With any other mailing. If included with another mailing, the form must be the first page of the mailing.

If a financial institution uses a form other than that set forth in the statute [*see* [2], *below*], that form must be filed with the Office of Privacy Protection within 30 days after it is first used *Fin. Code* § 4053(d)(2)(E).

[g] Compliance With Consumer's Request

The financial institution must comply with the consumer's request regarding nonpublic personal information within 45 days of receipt of the request [*Fin. Code* § 4053(d)(3)].

Scope

Scope

This chapter covers financing arrangements for both consumer credit sales of vehicles and consumer vehicle leases. Consumer financing for vehicles is subject to strict disclosure requirements under both federal law and state law. Sales on credit are controlled by the Truth in Lending Act [15 U.S.C. § 1601 *et seq.*] and the Rees-Levering Motor Vehicle Sales and Finance Act [Civ. Code § 2981 *et seq.*], commonly called the Rees-Levering Act. Vehicle leasing is regulated by the Consumer Leasing Act [15 U.S.C. § 1667 *et seq.*] and the Vehicle Leasing Act [Civ. Code § 2985.7 *et seq.*]. This chapter also briefly discusses wholesale financing of a dealer's inventory.

The Truth in Lending Act applies to a wide range of credit transactions, most of which are not covered in this chapter. For further discussion of how the Truth in Lending Act applies to closed-end (single-transaction) consumer loans, see Ch. 45, *Consumer Installment Loans and Credit Sales*.

CHAPTER 47 AUTOMOTIVE FINANCING AND VEHICLE LEASING
PART II. LEGAL BACKGROUND
A. Automotive Finance

20-47 California Legal Forms--Transaction Guide § 47.10

§ 47.10 Automobile Credit Transactions

[1] Consumer Credit Financing

Consumer credit financing is the extension of credit by a seller to a buyer in order to finance the acquisition of a vehicle for noncommercial use. When the vehicle is being purchased on credit from a dealer by a person not in the business, who intends to use it primarily for noncommercial personal or family purposes, the relative bargaining power of each party is often unequal. The buyer could not be expected to know all of the "tricks of the trade" that the dealer has learned to use. Both the U.S. Congress and the California Legislature have enacted special statutes protecting "unsophisticated" buyers from the unscrupulous practices of dealers and lenders. The Rees-Levering Motor Vehicle Sales and Finance Act [*Civ. Code § 2981 et seq.*] regulates the conditional sale contract, chattel mortgages, and other purchase or credit instruments that may be involved in such a transaction. The federal Truth in Lending Act [*15 U.S.C. § 1601 et seq.*] is a disclosure statute requiring full disclosure of the terms of any retail credit transaction, including consumer leases, to the retail consumer.

[2] Purchasing of Conditional Sale Contracts

There are several types of so-called dealer plans under which commercial lenders purchase conditional sale contracts produced by automobile dealers. One is the full recourse plan, under which the dealer unconditionally guarantees every conditional sale contract assigned to the lender [*see § 47.207*]. If the buyer defaults, the lender deducts the full unpaid balance due on contract from the dealer's reserve account, reassigns the contract back to the dealer, and leaves the dealer to pursue whatever remedies may be available against the buyer. In most instances a necessary prerequisite to the establishment of a full recourse arrangement is the maintenance by the dealer of a reserve account with the lender. The account guarantees to the lender a ready source of funds from which to collect any amounts due from the dealer because of the default of a buyer on a conditional sale contract assigned to the lender.

Under the nonrecourse plan, the dealer does not guarantee the assigned contract. If the buyer defaults, the lender must either absorb the loss or pursue its remedies against the buyer.

Under a nonrecourse repurchase plan, the lender must repossess the vehicle and return it to the dealer within a specified

number of days after the buyer's first default. The dealer agrees that if the vehicle is returned within the specified period, the dealer will purchase it from the lender for the unpaid balance due on the conditional sale contract. If the lender is unable to repossess and return the vehicle as agreed, the dealer's liability under the assignment is ended.

When a dealer assigns an automobile conditional sale contract to a lender under a limited liability plan, the dealer's liability to the lender for any default by the buyer is limited to the amount in the dealer's reserve account.

[3] Wholesale Financing

Wholesale financing is the extending of credit to a dealer for the acquisition of inventory to be held for sale to retail customers. The parties are a bank or other commercial lender as lender and an automobile dealer as borrower. No special statutes regulate wholesale financing.

The major concerns for a lender in the wholesale financing of a dealer's inventory are preventing the dealer from disposing of a financed article without paying the loan secured by the article, and protecting the lender's security interest in a financed article against the claims of unsecured creditors and assignees of the dealer. In part these problems can be solved only by internal procedures established by the lender for checking and examining the financed inventory. Otherwise, the lender's concerns can be allayed, in large part, by compliance with the California Commercial Code provisions governing secured transactions [*Com. Code § 9301 et seq.*], discussed in Ch. 42, *Secured Transactions* .

CHAPTER 47 AUTOMOTIVE FINANCING AND VEHICLE LEASING
PART II. LEGAL BACKGROUND

20-47 California Legal Forms--Transaction Guide § 47.11

§ 47.11 Truth in Lending Act

[1] Requirements

The Truth in Lending Act [15 U.S.C. § 1601 *et seq.*] (TILA) and Regulation Z [12 C.F.R. pt. 226] require credit-sellers of automobiles, except casual sellers [15 U.S.C. § 1602(f); 12 C.F.R. § 226.2(a)(17)], to present disclosure statements containing uniform credit terms and computations to buyers who buy primarily for personal, family, or household purposes [12 C.F.R. § 226.2(a)(12)]--that is, consumers--unless the total amount to be financed exceeds \$25,000 [15 U.S.C. § 1603(3); 12 C.F.R. § 226.3(b)]. Credit transactions for business, commercial, or agricultural use would not be covered [15 U.S.C. § 1603(1); 12 C.F.R. § 226.3(a)].

The implementing mechanism of TILA is a detailed disclosure document containing uniformly defined and computed credit terms. If the document contains any information other than the disclosures required by TILA, the required disclosures must be grouped together and segregated from everything else [12 C.F.R. § 226.17(a)].

For discussion of the transactions and creditors covered by TILA, see Ch. 45, *Consumer Installment Loans and Credit Sales*.

[2] Coordination of Truth in Lending Act and Rees-Levering Act

The Truth in Lending Act (TILA) alters or annuls state credit disclosure laws only to the extent that the state laws are inconsistent with TILA provisions. The Federal Reserve Board may declare state disclosure requirements inconsistent and prohibit compliance with them, acting either on its own motion or at the request of an interested party [see 12 C.F.R. pt. 226, app. A]. The Federal Reserve Board may also determine that a state-required disclosure is substantially similar to one required under TILA, in which case creditors in that state may elect to comply with the state requirement alone [15 U.S.C. § 1610(a); 12 C.F.R. § 226.29].

The Rees-Levering Motor Vehicle Sales and Finance Act [Civ. Code § 2981 *et seq.*; see § 47.12] facilitates coordination with TILA by authorizing required disclosures to be made in the manner, method, or terminology required or permitted by Regulation Z [Civ. Code § 2982(m)] and eliminates inconsistency by requiring that all vehicle conditional sale

contracts contain the Regulation Z disclosures, whether or not Regulation Z applies to the transaction [*Civ. Code* § 2982]. Except in the area of disclosure requirements, TILA does not affect state law regarding terms of credit sales and formalities of the transactions [*15 U.S.C. § 1610(b)*].

CHAPTER 47 AUTOMOTIVE FINANCING AND VEHICLE LEASING
PART II. LEGAL BACKGROUND
A. Automotive Finance

20-47 California Legal Forms--Transaction Guide § 47.12

§ 47.12 Rees-Levering Act

[1] Transactions Governed by Act

[a] Conditional Sales of Vehicles to Consumers

The Rees-Levering Act [*Civ. Code § 2981 et seq.* (Rees-Levering Motor Vehicle Sales and Finance Act)] applies to a seller engaged in the business of selling or leasing motor vehicles [*Civ. Code §§ 2981(a), (b), 2982*], in any sale by conditional sale contract of a vehicle that is required to be registered under the Vehicle Code and is purchased for use primarily for personal and family purposes [*Civ. Code § 2981(k)*]. The Rees-Levering Act also applies when the seller substantially assists the buyer in obtaining financing from a third party, even though the loan obviates a conditional sale contract [*Hernandez v. Atlantic Fin. Co. (1980) 105 Cal. App. 3d 65, 77-80, 164 Cal. Rptr. 279*] .

The following transactions are not subject to the Rees-Levering Act [*Civ. Code § 2981(k)*]:

- Sale of a mobilehome [*see Health & Safety Code § 18008* (mobilehome defined)].
- Sale of a boat trailer sold in connection with a boat and included in the definition of "goods" under the Unruh Act [*see Civ. Code § 1802.1*].
- Sale of a vehicle for use primarily for business or commercial purposes.

[b] Exclusion for Loans by Financial Institutions

Nothing contained in the Rees-Levering Act affects a loan, or the security for it, between a purchaser of a vehicle and a supervised financial organization, other than the seller of the vehicle, when all or a portion of the loan is used in connection with the purchase of a vehicle. "Supervised financial organization" means a financial institution organized, chartered, or holding a license or authorization certificate under California law or federal law to make loans, which is subject to supervision by a California or federal official or agency [*Civ. Code § 2982.5(a)*].

[2] Contract Definitions**[a] Conditional Sale Contract**

"Conditional sale contract" means any contract for the sale of a vehicle between a buyer and a seller, with or without accessories, under which possession is delivered to the buyer and either (A) the title vests in the buyer only on the payment of all or a part of the price, or the performance of any other condition, or (B) a lien on the property is to vest in the seller as security for the payment of part or all of the price, or for the performance of any other condition [*Civ. Code* § 2981(a)(1)].

Any contract for the bailment (lease) of a vehicle, with or without accessories, from a seller also is a "conditional sale contract" if the bailee or lessee agrees to pay as compensation for use a sum substantially equivalent to or in excess of the aggregate value of the vehicle and its accessories, if any, at the time the contract is executed, and it is agreed that the bailee or lessee will become, or for no other or for a nominal consideration has the option of becoming, the owner of the vehicle on full compliance with the terms of the contract [*Civ. Code* § 2981(a)(2)].

PRACTICE TIP:

A contract for the bailment or leasing of a vehicle, with or without accessories, that establishes the maximum for which a bailee or lessee could be held liable at the end of the lease or bailment period, or on an earlier termination, by reference to the value of the vehicle at the time, is not a contract by which the bailee or lessee will become, or for no other or for a nominal consideration has the option of becoming the owner of the vehicle, for the purposes of *Civ. Code* § 2981(a)(2) or any other provision of the Rees-Levering Act [*Civ. Code* § 2981.5].

[b] Seller and Buyer

"Seller" means a person engaged in the business of selling or leasing vehicles under conditional sale contracts [*Civ. Code* § 2981(b)]. "Buyer" means the person who buys or hires a vehicle under a conditional sale contract [*Civ. Code* § 2981(c)]. "Person" includes an individual, company, firm, association, partnership, trust, corporation, limited liability company, or other legal entity [*Civ. Code* § 2981(d)].

[c] Motor Vehicle

"Motor vehicle" means any vehicle required to be registered under the Vehicle Code that is bought for use primarily for personal or family purposes [*Civ. Code* § 2981(k)]. The term does not include any vehicle that is bought for use primarily for business or commercial purposes, or a mobilehome [*see Health & Safety Code* § 18008 (definition)], and does not include any trailer that is sold in conjunction with a vessel and comes within the definition of "goods" under *Civ. Code* § 1802.1 [*Civ. Code* § 2981(k)].

[d] Purchase Order and Service Contract

"Purchase order" means a sales order, car reservation, statement of transaction, or any other instrument used in the conditional sale of a vehicle pending execution of a contract. The purchase order must conform to the disclosure requirements of *Civ. Code* § 2982(a) and *Civ. Code* § 2984.1 and the provisions of *Civ. Code* § 2982(m) apply to it [*Civ. Code* § 2981(l)].

"Service contract" means a contract in writing to perform, over a fixed period of time or for a specified duration, services relating to the maintenance or repair, or both, of the vehicle described in the contract [*Civ. Code* § 2981(p)].

Effective July 1, 2006, a "service contract" means a vehicle service contract or agreement for a separately stated consideration and for a specific duration to repair, replace, or maintain a motor vehicle or watercraft, or to indemnify for

the repair, replacement, or maintenance of a motor vehicle or watercraft because of an operational or structural failure due to a defect in materials or workmanship, or due to normal wear and tear. A vehicle service contract may also provide for the incidental payment of indemnity under limited circumstances only in the form of the following additional benefits: coverage for towing, substitute transportation, emergency road service, rental car reimbursement, road hazard protection, reimbursement of deductible amounts under a manufacturer's warranty, and reimbursement for travel, lodging, or meals. A vehicle service contract also includes an agreement of a term of at least one year, for separately stated consideration, that promises routine maintenance, and an agreement that promises repair or replacement of a vehicle's tire, wheel, or glass, necessitated by wear and tear, defect, or damage caused by a road hazard, or removal of a dent, ding, or crease using paintless dent repair techniques [see *Civ. Code* § 2981(p); see Stats. 2005 ch. 128, § 12 (effective July 1, 2006); *Ins. Code* § 12800(c)].

[e] Surface Protection Product; Theft Deterrent Device

"Surface protection product" means the following products installed by the seller after the motor vehicle is sold [*Civ. Code* § 2981(q); see Stats. 2005 ch. 128, § 12 (effective July 1, 2006)]:

- Undercoating.
- Rustproofing.
- Chemical or film paint sealant or protectant.
- Chemical sealant or stain inhibitor for carpet and fabric.

"Theft deterrent device" means the following devices installed by the seller after the motor vehicle is sold [*Civ. Code* § 2981(r); see Stats. 2005 ch. 128, § 12 (effective July 1, 2006)]:

- A vehicle alarm system.
- A window etch product.
- A body part marking product.
- A steering lock.
- A pedal or ignition lock.
- A fuel or ignition kill switch.

[3] Finance Definitions

[a] Amount Financed

"Amount financed" means the amount required to be disclosed pursuant to *Civ. Code* § 2982(a)(8) [*Civ. Code* § 2981(g)].

[b] Cash Price

"Cash price" means the amount for which the seller would sell and transfer to the buyer unqualified title to the vehicle described in the contract, if the property were sold for cash at the seller's place of business on the date the contract is executed, and includes taxes to the extent imposed on the cash sale and the cash price of accessories or services related

to the sale, including but not limited to delivery, installation, alterations, modifications, improvements, document preparation fees, a service contract, a vehicle contract cancellation option agreement (as of July 1, 2006), and payment of a prior credit or lease balance remaining on property being traded in [Civ. Code § 2981(e)].

[c] Down Payment

"Down payment" means a payment that the buyer pays or agrees to pay to the seller in cash or property value or money's worth at or prior to delivery by the seller to the buyer of the vehicle described in the contract. The term also includes the amount of any portion of the down payment the payment of which is deferred until not later than the due date of the second otherwise scheduled payment, if the amount of the deferred down payment is not subject to a finance charge. The term does not include any administrative finance charge charged, received or collected by the seller as provided in the Rees-Levering Act [Civ. Code § 2981(f)].

[d] Finance Charge

"Finance charge" has the meaning of that term in Regulation Z [see 12 C.F.R. § 226.4]. The term does not include delinquency charges or collection costs and fees as provided by Civ. Code § 2982(k), extension or deferral agreement charges as provided by Civ. Code § 2982.3, or amounts for insurance, repairs to or preservation of the vehicle, or preservation of the security interest in it advanced by the holder under the terms of the contract [Civ. Code § 2981(i)].

In practice, if the disclosed "cash price" in a credit sale is higher than the total price that the seller would fix for a cash buyer [see [b], above], then the difference is a finance charge and must be disclosed as such. This normally would be the case whenever the disclosed "cash price" in a credit sale is inflated because the buyer needs financing. (That practice usually is driven by various requirements imposed by financial companies as conditions for providing financing.) Moreover, when a higher "cash price" in a credit sale necessarily entails additional costs for the buyer, those also must be disclosed as finance charges. The extra amount of sales or use tax payable by the credit buyer is one such additional cost. In the case of buying a motor vehicle, the buyer will have to pay a license fee that is computed on the basis of the cash price, and the extra amount paid because of the higher "cash price" for the credit buyer is a finance charge that must be disclosed [*Thompson v. 10,000 RV Sales, Inc.* (2005) 130 Cal. App. 4th 950, 970, 974, 31 Cal. Rptr. 3d 18 ("dealer must offer the vehicle at a price that reflects an amount imposed equally in cash and credit transactions, so any additional charge is explicitly identified and disclosed as a finance charge")].

[e] Precomputed Basis

"Precomputed basis" means the determination of a finance charge by multiplying the original unpaid balance of the contract by a rate and multiplying that product by the number of payment periods elapsing between the date of the contract and the date of the last scheduled payment [Civ. Code § 2981(o)].

[f] Simple-Interest Basis

"Simple-interest basis" means the determination of a finance charge, other than an administrative finance charge, by applying a constant rate to the unpaid balance as it changes from time to time, computed on the basis of a 365-day year and actual days elapsed (although the seller may, but need not, adjust the computation to account for leap years). Reference in the Rees-Levering Act to the "365-day basis" means this method of determining the finance charge [Civ. Code § 2981(n)(1); but see Civ. Code § 2981(n)(2) (contract entered into before 1988)].

[g] Total of Payments

"Total of payments" means the amount required to be disclosed pursuant to Regulation Z [see 12 C.F.R. § 226.18(h)]. The term includes any portion of the down payment that is deferred until not later than the second otherwise scheduled payment and that is not subject to a finance charge. The term does not include amounts for which the buyer may later

become obligated under the terms of the contract in connection with insurance, repairs to or preservation of the vehicle, preservation of the security interest in it, or otherwise [*Civ. Code* § 2981(j)].

[h] Unpaid Balance

"Unpaid balance" means the difference between the cash price and the down payment, plus all insurance premiums (except for credit life or disability insurance when the amount of it is included in the finance charge), that are included in the contract balance, and the total amount paid or to be paid as follows: (1) to a public officer in connection with the transaction, (2) for license, certificate of title, and registration fees imposed by law, and the amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to *Bus. & Prof. Code* § 9889.56 [*Civ. Code* § 2981(h)].

[4] Seller's Dealings With Buyer

[a] Delivery of Contract Documents to Buyer

No vehicle may be delivered pursuant to a contract subject to the Rees-Levering Act until the seller delivers to the buyer a fully executed copy of the contract or purchase order, any vehicle purchase proposal, and any credit statement, that the seller has required or requested the buyer to sign and that the buyer has signed during the contract negotiations. The seller must furnish the buyer with an exact copy of the contract or purchase order at the time the buyer and the seller have signed it. The seller must not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed [*Civ. Code* § 2981.9].

[b] Application Fee

A seller may not impose an application fee for a transaction governed by the Rees-Levering Act [*Civ. Code* § 2982(o)].

PRACTICE TIP:

The seller may impose a document preparation fee, however, as long as the contract discloses that it is not a governmental fee [*Civ. Code* § 2982(n)].

[c] Inducement by Referral Discount

It is unlawful for any seller to induce or attempt to induce any person to enter into a contract subject to the Rees-Levering Act by offering a rebate, discount, commission, or other consideration, contingent on the happening of a future event, on the condition that the buyer either sells, or gives information or assistance for the purpose of leading to a sale by the seller of, the same or related goods [*Civ. Code* § 2982.1].

[d] Restitution After Failed Transaction

Any payment made by a buyer to a seller pending execution of a contract must be refunded to the buyer in the event the contract is not executed [*Civ. Code* § 2982.7(a)].

If a buyer becomes obligated to purchase or receives possession of a vehicle pursuant to a contract or purchase order, the seller knows that the buyer intends to obtain financing from a third party without the assistance of the seller, and the buyer is unable to obtain the financing, the contract or purchase order must be deemed rescinded, and all the parties must return all consideration received on it without demand [*Civ. Code* § 2982.9].

In the event of breach of a contract or purchase order by the seller, if the buyer left the buyer's vehicle with the seller as a down payment and the vehicle is not returned by the seller to the buyer for any reason, the buyer may recover from the seller either the fair market value of the vehicle left as a down payment or its value as stated in the contract or purchase

order, whichever is greater. The recovery must be tendered to the buyer within five business days after the breach [*Civ. Code* § 2982.7(b)]. This remedy is nonexclusive and cumulative, and does not preclude the buyer from pursuing any other remedy that the buyer may have under any other provision of law [*Civ. Code* § 2982.7(c)].

PRACTICE TIP:

The Rees-Levering Act provides various specific remedies for the buyer in the event of a seller's violation of statutory provisions [*see, e.g., Civ. Code* §§ 2983, 2983.1]. For discussion and forms for complaints, see *California Forms of Pleading and Practice, Ch. 89, Automobiles: Sales and Financing Under the Rees-Levering Act*, § 89.23 (Matthew Bender).

[e] Acceleration of Maturity

In the absence of default in the performance of any of the buyer's obligations under the contract, the seller or holder may not accelerate the maturity of any part or all of the amount due under it or repossess the vehicle [*Civ. Code* § 2983.3(a)].

PRACTICE TIP:

The buyer, on the other hand, has an absolute right to prepay [*Civ. Code* § 2982(l); *see* [6][a], *below*]. In addition, even if the buyer is in default, there may be a statutory right to reinstate the contract and prevent acceleration of maturity [*see Civ. Code* § 2983.3(b)-(e); *see also Civ. Code* § 2983.35 (cosigner's right to notice of delinquency)]. For discussion and a related complaint form, see *California Forms of Pleading and Practice, Ch. 89, Automobiles: Sales and Financing Under the Rees-Levering Act*, (Matthew Bender).

[5] Finance Charge Computation and Collection

[a] Forced Election of Simple-Interest Finance Charge

All contracts must provide for the computation of the finance charge contemplated by *Civ. Code* § 2982(j)(1)(A) on the simple-interest basis, if the date the final installment is due, according to the original terms of the contract, is more than 62 months after the date of the contract [*Civ. Code* § 2981.7].

[b] Restriction on Combining Computation Methods

No contract may provide for a finance charge that is determined in part by the precomputed basis and in part by the simple-interest basis, except for any finance charge permitted by *Civ. Code* § 2982.8(a) and (c) [*Civ. Code* § 2981.8], concerning delinquent payments of insurance premiums [*see* [7][a], *below*].

[c] Maximum Amount of Finance Charge

Until July 1, 2006, finance charges are governed by the rules set forth in the list in this paragraph [Stats. 2005 ch. 128, § 12; for rules effective on July 1, 2006, *see below*]. Except for contracts in which the finance charge or a portion of it is determined on the simple-interest basis and the disclosed amount financed [*see Civ. Code* § 2982(a)(8); § 47.200[1][d]] exceeds \$2,500, the amount of the disclosed finance charge may not exceed whichever of the following is the greatest [*Civ. Code* § 2982(j)(1)]:

- 1.5 percent on the first \$225 of the unpaid balance, plus 1.167 percent (1-and-1/6 percent) on the next \$675, plus 0.833 percent (5/6 of 1 percent) on the next \$1,600, the sum to be multiplied by the number of months (computed on the basis of a full month for any fractional month in excess of 15 days) elapsing between the date of the contract and the due date of the last installment [*Civ. Code* § 2982(j)(1)(A)(i)].

- 1 percent of the entire unpaid balance, multiplied by the number of months (computed on the basis of a full month for any fractional month in excess of 15 days) elapsing between the date of the contract and the due date of the last installment [*Civ. Code* § 2982(j)(1)(A)(ii)].

- \$25 if the finance charge is determined by the precomputed basis [*Civ. Code* § 2982(j)(1)(B)].

- The following sum if the finance charge or a portion of it is determined on the simple-interest basis [*Civ. Code* § 2982(j)(1)(C)]:

- \$25 if the unpaid balance does not exceed \$1,000.

- \$50 if the unpaid balance exceeds \$1,000 but does not exceed \$2,000.

- \$75 if the unpaid balance exceeds \$2,000.

If the contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge must be at the effective rate provided for in *Civ. Code* § 2982(j)(1), above, having due regard for the schedule of installments [*Civ. Code* § 2982(j)(4)].

PRACTICE TIP:

A ceiling on the amount of the finance charge, determined as described above, is imposed whenever the amount financed does not exceed \$2,500, regardless of whether the finance charge is computed on the simple-interest basis or is precomputed. When the amount financed exceeds \$2,500 and the finance charge is computed on the simple-interest basis, there is no ceiling (under the Rees-Levering Act) on the amount of the finance charge. However, if the finance charge is precomputed, it may not exceed the ceiling determined as described above.

Effective July 1, 2006, the rules listed below in this paragraph apply with respect to finance charges [*see Civ. Code* § 2982; Stat. 2005 ch. 128, § 12]. Except for contracts in which the finance charge or a portion of it is determined on the simple-interest basis and the disclosed amount financed [*see Civ. Code* § 2982(a)(8); § 47.200[1][d]] exceeds \$2,500, the amount of the disclosed finance charge may not exceed whichever of the following is the greatest [*Civ. Code* § 2982(j)(1)]:

- 1.5 percent on the first \$225 of the unpaid balance, plus 1.167 percent (1-and-1/6 percent) on the next \$675, plus 0.833 percent (5/6 of 1 percent) on the next \$1,600 [*Civ. Code* § 2982(j)(1)(A)(i)].

- 1 percent of the entire unpaid balance, multiplied by the number of months (computed on the basis of a full month for any fractional month in excess of 15 days) elapsing between the date of the contract and the due date of the last installment [*Civ. Code* § 2982(j)(1)(A)(ii)].

- \$25 if the finance charge is determined by the precomputed basis [*Civ. Code* § 2982(j)(1)(B)].

- The following sum if the finance charge or a portion of it is determined on the simple-interest basis [*Civ. Code* § 2982(j)(1)(C)]:

- \$25 if the unpaid balance does not exceed \$1,000.

- \$50 if the unpaid balance exceeds \$1,000 but does not exceed \$2,000.

- \$75 if the unpaid balance exceeds \$2,000.

If the contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge must be at the effective rate provided for in *Civ. Code* § 2982(j)(1)], above, having due regard for the schedule of installments [*Civ. Code* § 2982(j)(4)].

PRACTICE TIP:

A ceiling on the amount of the finance charge, determined as described above, is imposed whenever the amount financed does not exceed \$2,500, regardless of whether the finance charge is computed on the simple-interest basis or is precomputed. When the amount financed exceeds \$2,500 and the finance charge is computed on the simple-interest basis, there is no ceiling (under the Rees-Levering Act) on the amount of the finance charge. However, if the finance charge is precomputed, it may not exceed the ceiling determined as described above.

[d] Administrative Finance Charge

If the finance charge or a portion of it is determined on the simple-interest basis, and the amount of the unpaid balance exceeds \$5,000, the holder of the contract may charge, receive, or collect, on the date of the contract, an administrative finance charge not to exceed \$75, in lieu of a minimum finance charge under *Civ. Code* § 2982(j)(1)(C) [see [c], above]. The sum of the administrative finance charge and the portion of the finance charge determined on the simple-interest basis must not exceed the maximum total finance charge permitted by *Civ. Code* § 2982(j)(1)(A) [see [c], above]. The administrative finance charge must be deemed a finance charge earned on the date of the contract [*Civ. Code* § 2982(j)(3)].

[e] Contract Holder's Right to More Than Disclosed Finance Charge

The holder of the contract may not charge, collect, or receive a finance charge that exceeds the disclosed finance charge, except to the extent of [*Civ. Code* § 2982(j)(2)]:

- Any excess caused by the holder's receipt of one or more payments under a contract that provides for determination of the finance charge or a portion of it on the 365-day basis at a time or times other than as originally scheduled, whether or not the parties enter into an agreement pursuant to *Civ. Code* § 2982.3.
- Any excess permitted by Regulation Z [see 12 C.F.R. § 226.17(c)(2)-(4)].
- Any excess permitted by *Civ. Code* § 2982.8(a) and (c), concerning delinquent payments of insurance premiums [see [7][a], below].

[6] Prepayment

[a] Buyer's Right to Prepay

Notwithstanding any provision of a contract to the contrary, the buyer may pay, at any time before maturity, the entire indebtedness evidenced by the contract without penalty [*Civ. Code* § 2982(l)].

The amount required to prepay the contract must be the outstanding contract balance as of the date of prepayment in full [*Civ. Code* § 2982(l)(1), (2)].

If the finance charge or a portion of it was determined on the simple-interest basis, the amount required to prepay the contract includes, in addition, any earned finance charges that are unpaid as of that date and, if applicable, the amount provided in *Civ. Code* § 2982(l)(3) [*Civ. Code* § 2982(l)(2); see [c], below].

[b] Refund of Unearned Precomputed Finance Charge

If the finance charge was determined on the precomputed basis, the buyer is entitled to a refund credit in the amount of the unearned portion of the finance charge [*Civ. Code* § 2982(l)(1)], except as provided in *Civ. Code* § 2982(l)(3) and (4) [*see* [c], *below*].

The amount of the unearned portion of the finance charge must be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to *Civ. Code* § 2982.8 (concerning delinquent payment of insurance premiums [*see* [7][a], *below*]) or other additional charge imposed because the contract has been extended, deferred, or refinanced, as the sum of the monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as extended, deferred, or refinanced. When the amount of the refund credit is less than \$1, no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract [*Civ. Code* § 2982(l)(1)].

[c] Holder's Right to Additional Amounts

When the minimum finance charge provided by *Civ. Code* § 2982(j)(1)(B) or (C), if either is applicable [*see* [5][c], *above*], is greater than the earned finance charge as of the date of prepayment, the holder is also entitled to the difference [*Civ. Code* § 2982(l)(3)].

The provisions of *Civ. Code* § 2982(l) concerning prepayment may not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees [*see* *Civ. Code* § 2982(k); [8][a], *below*], or extension or deferral agreement charges [*Civ. Code* § 2982(l)(4); *see* *Civ. Code* § 2982.3 (extension or deferral); [8][c], *below*].

[7] Amounts Advanced to Cover Buyer's Obligations**[a] Maintenance of Insurance Coverage**

If the buyer is obligated under the terms of the contract to maintain insurance on the vehicle, and after the execution of the contract, the buyer either fails to maintain or requests the holder to procure the insurance, any amounts advanced by the holder to procure the insurance may be the subject of finance charges from the date of advance as provided in *Civ. Code* § 2982.8(e) [*Civ. Code* § 2982.8(a)].

PRACTICE TIP:

No contract may provide for a finance charge that is determined in part by the precomputed basis and in part by the simple-interest basis, except for any finance charge permitted by *Civ. Code* § 2982.8(a) or (c) [*Civ. Code* § 2981.8]. The maximum rate of finance charge imposed on amounts advanced by the holder after execution of the contract for insurance must not exceed the annual percentage rate disclosed pursuant to *Civ. Code* § 2982 [*Civ. Code* § 2982.8(e)].

These amounts are secured as provided in the contract and permitted by *Civ. Code* § 2984.2 concerning security [*see* [9], *below*] if the holder notifies the buyer in writing of the buyer's option to repay those amounts [*Civ. Code* § 2982.8(b)]. *See* § 47.205 for further discussion and a form for notice.

[b] Repairs; Preservation of Vehicle or Security Interest

If, after execution of the contract, the holder advances amounts for repairs to or preservation of the vehicle, or preservation of the holder's security interest in it, and the advances are occasioned by the buyer's default under the contract, the advances may be the subject of finance charges from the date of advance as provided in *Civ. Code* §

2982.8(e), and are secured as provided in the contract and permitted by *Civ. Code* § 2984.2 [*Civ. Code* § 2982.8(d)].

The maximum rate of finance charge imposed on amounts advanced by the holder after execution of the contract for repairs, preservation of the vehicle, or preservation of the holder's security interest in it, must not exceed the annual percentage rate disclosed pursuant to *Civ. Code* § 2982 [*Civ. Code* § 2982.8(e)].

[8] Consequences of Buyer's Default

[a] Delinquency Charges and Collection Costs

The contract may provide that for each installment that is in default for a period of not less than 10 days, the buyer must pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment. That amount may be collected only once on any installment, regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement may not be subject to a delinquency charge unless the charge is permitted by *Civ. Code* § 2982.3 [*see* [c], *below*]. The contract may provide for reasonable collection costs and fees in the event of delinquency [*Civ. Code* § 2982(k)].

The seller or holder may charge and collect a fee not to exceed \$15 for the return by a depository institution of a dishonored check, negotiated order of withdrawal, or share draft issued in connection with the contract, if the contract so provides or if the contract contains a generalized statement that the buyer may be liable for collection costs incurred in connection with the contract [*Civ. Code* § 2982(p)].

[b] Contract Holder's Taking of Vehicle

Notwithstanding any provision of the contract to the contrary, whenever the indebtedness created by the contract is satisfied before maturity through surrender of the vehicle, repossession of the vehicle, redemption of the vehicle after repossession, or any judgment, the outstanding obligation of the buyer must be determined as provided in *Civ. Code* § 2982(l)(1) or (2) concerning prepayment [*see* [6][a], [b], *above*]. Notwithstanding, the holder must compute the buyer's outstanding obligation as of the date the holder recovers the value of the vehicle through disposition of it or the date judgment is entered, or, if the holder elects to keep the vehicle in satisfaction of the buyer's indebtedness, the date the holder takes possession of the vehicle [*Civ. Code* § 2982(l)(5)].

[c] Extension or Deferral of Payment Obligation

The holder of the contract, on agreement with the buyer, may extend the scheduled due date or defer the scheduled payment of all or of any part of any installment or installments payable under it. No charge may be made for any extension or deferral unless the agreement for the extension or deferral is in writing and signed by the parties. However, the seller or holder, as an adjunct to, or to assist in, efforts to collect any delinquent installments on the contract, may advise any obligors on the contract, either in writing or orally, that the due date for any installment under the contract will be extended, with no charge being made for the extension other than any applicable late charge provided for in the contract [*Civ. Code* § 2982.3(a)].

When the contract includes a finance charge determined on the precomputed basis, the holder may contract for the payment of a charge by the buyer, and collect and receive the charge, for the extension or deferral agreement. The charge may not exceed an amount equal to 1 percent per month simple interest on the amount extended or deferred, for the period of extension or deferral. That period must not exceed the period from the date the extended or deferred amount would have been payable in the absence of the extension or deferral to the date the amount is payable under the extension or deferral agreement. However, a minimum charge of \$1 for the period of extension or deferral may be made in any case if the normal charge, when computed at the specified rate, amounts to less than \$1 [*Civ. Code* § 2982.3(b)].

When the contract includes a finance charge determined on the simple-interest basis, the holder may also contract for

the payment of a charge by the buyer, and collect and receive the charge, for the extension or deferral agreement. The charge may not exceed \$25 or 10 percent of the then outstanding principal balance of the contract, whichever is less. That charge must be in addition to any finance charges that accrue because the extended or deferred payments are received at a time other than as originally scheduled [*Civ. Code* § 2982.3(c)].

[9] Permissible Collateral

No contract or ancillary agreement between the seller and the buyer may provide for the inclusion of title to or a lien on any property other than the following:

- The vehicle, including any replacement vehicle, or accessories, accessions, or replacements of accessories or accessions, or proceeds [*Civ. Code* § 2984.2(a)(1)].
- The proceeds of any insurance covering the vehicle that is required by the seller or the returned premiums for that insurance if the premiums are included in the amount financed [*Civ. Code* § 2984.2(a)(2)].
- The proceeds of any credit insurance that the buyer purchases in connection with the contract or the returned premiums of that insurance if the premiums are included in the amount financed [*Civ. Code* § 2984.2(a)(3)].
- The proceeds and returned price of any service contract if the cost of the service contract is included in the amount financed [*Civ. Code* § 2984.2(a)(4)].

Civ. Code § 2984.2(a) does not apply to any agreement that meets the requirements of *Civ. Code* § 2982.5(b) concerning third-party loans [see § 47.13] and otherwise complies with the Rees-Levering Act [*Civ. Code* § 2984.2(b)]. A contract provision in violation of *Civ. Code* § 2984.2 is void [*Civ. Code* § 2984.2(c)].

[10] Disallowed Contract Provisions

[a] Buyer to Forgo Claim, Defense, or Remedy

The contract may not contain any provision by which the buyer does either of the following:

- Agrees not to assert against the seller a claim or defense arising out of the sale, or agrees not to assert against an assignee such a claim or defense [*Civ. Code* § 2983.7(a)].
- Relieves the seller from liability for any legal remedies that the buyer may have against the seller under the contract or any separate instrument executed in connection with it [*Civ. Code* § 2983.7(e)].

[b] Buyer to Confess Judgment, Assign Wages, or Empower Collection

The contract may not contain any provision by which the buyer does either of the following:

- Gives a power of attorney to confess judgment in California or gives an assignment of wages, except that this does not prohibit the giving of an assignment of wages contained in a separate instrument pursuant to *Lab. Code* § 300 [*Civ. Code* § 2983.7(b)].
- Executes a power of attorney appointing the seller or holder of the contract, or another person, as the buyer's agent in the collection of payments under the contract or in the repossession of the vehicle [*Civ. Code* § 2983.7(d)].

[c] Buyer to Waive Litigation Rights

The contract may not contain any provision by which the buyer does either of the following:

- Waives any right of action against the seller or holder of the contract or another person, for any illegal act committed in the collection of payments under the contract or in the repossession of the vehicle [*Civ. Code* § 2983.7(c)].
- Gives the seller or holder of the contract the right to commence an action on the contract in a county other than the county in which the contract was in fact signed by the buyer, the county in which the buyer resides at the commencement of the action, the county in which the buyer resided at the time the contract was entered into, or the county in which the vehicle purchased pursuant to the contract is permanently garaged [*Civ. Code* § 2983.7(f)].

[d] Prevailing Party to Recover Attorneys' Fees and Costs

Reasonable attorneys' fees and costs must be awarded to the prevailing party in any action on a contract or purchase order subject to the provisions of the Rees-Levering Act, regardless of whether the action is instituted by the seller, holder, or buyer [*Civ. Code* § 2983.4; see *Damian v. Tamondong* (1998) 65 Cal. App. 4th 1115, 1129-1130, 77 Cal. Rptr. 2d 262 (defendant in deficiency action brought under Rees-Levering Act can be "prevailing party" for purposes of awarding attorney fees when, prior to trial, plaintiff has voluntarily dismissed underlying contract-based action without prejudice)]. Therefore, the contract need not contain a provision for the prevailing party in any litigation based on the contract to recover attorneys' fees and costs, since the recovery is mandated by the Rees-Levering Act. Moreover, the contract may not contain any provision contravening that mandate, since such a provision would be forbidden by *Civ. Code* § 2983.7(a) or (e) [see [a], above].

CHAPTER 47 AUTOMOTIVE FINANCING AND VEHICLE LEASING
PART II. LEGAL BACKGROUND
A. Automotive Finance

20-47 California Legal Forms--Transaction Guide § 47.13

§ 47.13 Seller-Assisted Loans From Third Parties

[1] Down-Payment or Scheduled-Payment Loan

[a] Required Disclosures in Contract

Nothing in the Rees-Levering Act prohibits the seller from assisting the buyer in obtaining a loan on any security [*but see* [b], *below*] from any third party to be used as a part or all of the down payment or any other payment on a sale contract or purchase order, provided the sale contract sets forth the following on its face [*Civ. Code § 2982.5(b)*]:

- The amount of the loan.
- The finance charge.
- The sum of those amounts.
- The number of installments scheduled to repay the loan and the amount of each installment.
- A statement that the buyer may be required to pledge security for the loan, and the security must be mutually agreed to by the buyer and the lender.
- A notice to the buyer in at least eight-point type that the buyer is obligated for the installment payments on both the contract and the loan.

[b] Seller-Provided Security

The seller may not provide any security or other guaranty of payment on the third-party loan [*Civ. Code § 2982.5(b)*].

[c] Seller's Financial Interest in Loan

The seller may not receive any commission or other remuneration for assisting the buyer to obtain the loan [*Civ. Code* § 2982.5(b); see *Kunert v. Mission Financial Services Corp.* (2003) 110 Cal. App. 4th 242, 252-254, 1 Cal. Rptr. 3d 589 (payment to dealer of portion of finance charges--"dealer reserve"--due under conditional sales contract assigned to finance company which made loan to buyer did not violate Act)].

If any proceeds of the arranged loan are payable to the seller after the date of the contract but before the due date of the second payment otherwise scheduled under it, that amount must not be subject to a finance charge, and the amount must be disclosed [*Civ. Code* § 2982.5(c)] pursuant to *Civ. Code* § 2982(a)(6)(D) [see § 47.200[1][e]].

[d] Rescission and Restitution

If the buyer agrees to purchase the vehicle, or the buyer receives possession of the vehicle, before obtaining the loan, and the buyer, in either case, on appropriately applying for the loan is unable to obtain the loan on the conditions stated in the contract, then the contract or purchase order must be deemed rescinded, and all consideration received on it by either party must be returned without demand [*Civ. Code* § 2982.5(b)].

[2] Purchase-Money Loan

[a] Loan From Bank or Savings and Loan

Civ. Code § 2982.5(d), discussed in [b]-[i], below, regulates seller-assisted purchase-money loans from third parties. That section does not apply to state or federally chartered banks and savings and loan associations. It does not affect existing law governing sellers who assist buyers to obtain a loan from a bank or savings and loan association, or any loan obtained by the buyer from those lenders [*Civ. Code* § 2982.5(d)].

[b] Required Disclosures in Contract

Nothing in the Rees-Levering Act prohibits the seller from assisting the buyer in obtaining a loan from any third party to be used to pay the purchase price, or any part of the price, of a vehicle [*Civ. Code* § 2982.5(d)].

If the buyer becomes obligated to purchase the vehicle, or receives possession of the vehicle, before obtaining the loan, the agreement between the buyer and the seller must set forth the following on its face [*Civ. Code* § 2982.5(d)(5)]:

- The amount of the loan.
- The finance charge.
- The sum of those amounts.
- The number of installments scheduled to repay the loan and the amount of each installment.
- A statement that the buyer may be required to pledge security for the loan, and the security must be mutually agreed to by the buyer and the lender.
- A notice to the buyer in at least eight-point type that the buyer is obligated for the installment payments on the loan and for any payments that may be due on the agreement between the buyer and the seller.

[c] Seller-Provided Security

The seller may not provide any security or other guarantee of payment on the loan [*Civ. Code* § 2982.5(d)(5)].

[d] Seller's Financial Interest in Loan

The seller may not receive any commission or other remuneration for assisting the buyer to obtain the loan [*Civ. Code* § 2982.5(d)(5)].

[e] Rescission and Restitution

If the buyer becomes obligated to purchase the vehicle, or receives possession of the vehicle, before obtaining the loan, and the buyer, on appropriately applying for the loan, is unable to obtain the loan on the conditions stated in the contract, the contract or purchase order must be deemed rescinded, and all consideration received on it by either party must be returned without demand [*Civ. Code* § 2982.5(d)(5)].

[f] Real Property as Security

The loan may be on any security [*but see* [c], *above*], but except as provided in *Civ. Code* § 2982.5(d)(2), noted below, the loan may not be secured in whole or in part by a lien on real property. Any lien on real property taken in violation of *Civ. Code* § 2982.5 is void and unenforceable [*Civ. Code* § 2982.5(d)(1)].

A lien on real property may be taken to secure a loan of \$7,500 or more used to pay all or any part of the purchase price of a recreational vehicle [*see Health & Safety Code* § 18010 (definition)] that is not less than 20 feet in length [*Civ. Code* § 2982.5(d)(2)].

[g] Preservation of Buyer's Claims and Defenses

The lender or the lender's successor in interest is subject to all claims and defenses that the buyer could assert against the seller, but liability may not exceed the amount of the loan [*Civ. Code* § 2982.5(d)(4)].

[h] Consequences of Buyer's Default

The provisions of *Civ. Code* § 2983.2 concerning a notice of intention to sell the vehicle after repossession [*see* § 47.203] and *Civ. Code* § 2983.3 concerning acceleration of maturity [*see* § 47.12[4][e]] apply in the event of a default, except when the contract holder is a lender licensed under the Finance Lenders Law [*see Fin. Code* § 22000 *et seq.*]. To obtain a deficiency judgment, a secured creditor who sells a defaulting debtor's repossessed car must comply not only with all the provisions of the Rees-Levering Act, but also with any relevant provisions in Division 9 of the Commercial Code [*Bank of America v. Lallana* (1998) 19 Cal. 4th 203, 206, 77 Cal. Rptr. 2d 910, 960 P.2d 1133 (decided under version of Division 9 that was in effect prior to July 1, 2001); *see Civ. Code* §§ 2983.2(a), 2983.8(b); *Com. Code* §§ 9611(b)-(d), 9614; *see also* § 47.203, *below*].

The provisions of *Civ. Code* § 2984.4 concerning civil actions apply to the loan. For discussion of civil actions, see California Forms of Pleading and Practice, Ch. 89, *Automobiles: Sales and Financing Under the Rees-Levering Act* (Matthew Bender). In no event, however, is the lender or the lender's successor in interest authorized to charge for any costs, fees, or expenses, or to obtain any other benefit that the lender is prohibited from charging or obtaining under any regulatory law applicable to the lender [*Civ. Code* § 2982.5(d)(3)].

[i] Unenforceability of Waiver

Any waiver by the buyer of the provisions of *Civ. Code* § 2982.5 is void and unenforceable [*Civ. Code* § 2982.5(d)(6)].

§ 47.14 Translation of Contract Negotiated in Language Other than English

If a language other than English is the primary language used for negotiations with a consumer, the consumer may have to be provided with a translation of the contract in that other language. For contracts entered into prior to July 1, 2004, this requirement applied only to contracts negotiated primarily in Spanish. On and after July 1, 2004, it applies to contracts negotiated primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean [*see Civ. Code § 1632*].

Generally, any person engaged in a trade or business who negotiates primarily in the other language, orally or in writing, in the course of entering into any consumer contract or agreement, must deliver to the consumer, before the consumer executes the contract or agreement, a translation of the contract or agreement in the other language. This translation must include a translation of every term and condition in that contract or agreement. This requirement is specifically applicable to contracts under the Rees-Levering Act or the Vehicle Leasing Act [*Civ. Code § 1632(b)(1)*]. Generally, "contract or agreement" in *Civ. Code § 1632* means the document creating the rights and obligations of the parties, and includes any subsequent document making substantial changes in the rights and obligations of the parties [*Civ. Code § 1632(g)*]. For example, a notice of repossession and deficiency of a motor vehicle under *Civ. Code § 2983.2* is a document that substantially affects the borrower's rights under the contract; therefore, the borrower is entitled to a translation of the notice [*Reyes v. Superior Court (1981) 118 Cal. App. 3d 159, 162, 173 Cal. Rptr. 267*]. However, documents such as periodic statements, sales slips, invoices, and other similar documents are excluded [*see Civ. Code § 1632(g)*].

The above requirements, together with related requirements and exceptions, are discussed in detail in *Ch. 45, Consumer Installment Loans and Credit Sales, § 45.64*.

§ 47.15 Seller's Involvement in Related Insurance Transactions

[1] Requiring Credit Life or Disability Insurance

A retailer or credit card issuer may wish to protect its position through the use of credit disability insurance covering the debtor. However, a creditor who has sold, arranged for the sale, or received a commission for the sale of credit disability insurance to a debtor is precluded from collecting any credit balance until three calendar months after the first missed payment is due or the insurer pays or rejects the debtor's claim, whichever is first [*see Civ. Code § 1812.402(a)*], and that fact must be disclosed to the debtor by the creditor when the creditor sells the insurance to the debtor [*see Civ. Code § 1812.402(f)(1)*; *see also § 45.80 et seq. in Ch. 45, Consumer Installment Loans and Credit Sales*]. The insurer must disclose the claim procedure to the debtor when it sends claims forms to the debtor [*see Civ. Code § 1812.402(f)(2)*; *see also McManis v. San Diego Postal Credit Union (1998) 61 Cal. App. 4th 547, 557-558, 71 Cal. Rptr. 2d 617* (credit union failed to meet its burden on summary judgment to negate consumer's breach of contract claim because it did not establish compliance with *Civ. Code § 1812.400 et seq.*, including *Civ. Code § 1812.402(f)*, before repossession)].

Article 5.9 of the Insurance Code [*Ins. Code § 779.1 et seq.*] contains provisions regulating the sale and issuance of such credit life and disability insurance. For more detailed coverage of this topic, see *California Insurance Law and Practice*, Ch. 31, *Credit Life and Disability Insurance* (Matthew Bender).

[2] Steering Buyer to Insurance Agent

It is illegal in California for any person in the business of financing the purchase of personal property to require the purchaser to insure the property through any particular insurance agent or broker [*Ins. Code § 770*]. A written statement signed by the buyer to the effect that the buyer voluntarily chose the insurance agent or broker through whom the insurance was placed, and that the choice made was not a condition precedent to the sale, is *prima facie* evidence of compliance with *Ins. Code § 770*, if the buyer wrote the name of the chosen agent or broker into an authorization for the insurance [*Ins. Code § 772*].

If the creditor requires credit life insurance or credit disability insurance [*see [1], above*], the buyer on request to the

creditor must be given the option of furnishing the required insurance through existing policies owned or controlled by the buyer, or procuring it through any insurer acceptable to the creditor authorized to transact insurance business in California [*Ins. Code* § 779.20].

[3] Financial Interest in Insurance

An automobile dealer that enters into a vehicle insurance transaction must be licensed as an insurance agent or broker, unless the dealer receives no commission, dealer's reserve, or bonus that is directly or indirectly dependent on insurance and the insurance is personally transacted by a dealer's subsidiary or another person licensed to transact insurance business [*10 Cal. Code Reg. § 2110*]. Specified disclosures must be included either in the contract or in a separate document [*10 Cal. Code Reg. § 2114; see § 47.200[1][m]*].

An automobile dealer must remit any automobile insurance premium included in the "unpaid balance" of the contract to the insurance company issuing the policy within 90 days after execution of the conditional sale contract. If the premium is not remitted, the dealer cannot collect any finance charge on the amount of the premium until it is actually remitted to the insurance company [*10 Cal. Code Reg. § 2121.5*].

§ 47.16 Seller's Advertising

[1] Prices and Added Charges

Prices advertised [*see 13 Cal. Code Reg. § 255.00* ("advertising" defined)] by dealers or lessor-retailers must not be qualified by such terms as "unpaid balance" or "balance can be financed" unless the total cash price is included in the immediate proximity of the qualified price in type not less than one third of the type size in which the price is quoted [*13 Cal. Code Reg. § 262.00(a)*]. A dealer must not advertise the price of a new vehicle or class of new vehicles unless the vehicle has all of the equipment listed as standard by the manufacturer or distributor [*13 Cal. Code Reg. § 262.00(b)*].

"Dealer's cost," "factory invoice," and similar terms are defined as the actual cost to the dealer of any vehicle or part delivered to the dealer's place of business, not including expenses incurred by the dealer such as flooring, overhead, commissions, dealer advertising, or other costs [*13 Cal. Code Reg. § 255.01*].

A dealer may not identify any separate charge or charges for services performed on vehicles prior to delivery to the extent that the dealer is or will be reimbursed for the expenditures by another party. If a dealer does identify any separate charge or charges for delivery and preparation services performed over and above those delivery and preparation obligations specified by the franchiser and for which the dealer is to be reimbursed by the franchiser, the services performed and the charges for them must be separately itemized. The added charges must be included in the advertised price [*13 Cal. Code Reg. § 262.03*].

[2] Credit Terms

[a] In General

The Truth in Lending Act prescribes various items that must be disclosed in any kind of credit advertising in which any disclosure of certain "triggering" credit terms is made [*15 U.S.C. §§ 1662, 1664; see § 45.54 in Ch. 45, Consumer Installment Loans and Credit Sales*]. The Department of Motor Vehicles, under its authority to license dealers, also regulates advertising of credit sales of automobiles. Credit terms advertised must include all charges required to place

the transaction on a time-payment basis. Advertisements of terms that include escalated payments, balloon payments, or pick-up payments must clearly identify those payments as to amounts and time due [13 Cal. Code Reg. § 262.05(a)].

Claims such as "everybody financed" and "no credit rejected," or words of a similar nature, must not be made unless the advertiser is willing to extend credit to each and every individual under any and all circumstances [13 Cal. Code Reg. § 262.05(b)]. If qualifying words such as "on credit approval" are used in conjunction with advertised credit terms, the qualifying words must be clearly stated, unabbreviated, in type of a size not less than one third of the type size used for the credit terms, and in close proximity to the credit terms [13 Cal. Code Reg. § 262.05(c)].

[b] Down Payments and Trade-Ins

The amount of down payment required to purchase a vehicle must not be advertised unless it is clearly identified as being a down payment in type of size not less than one third of the type size in which the amount of the down payment is stated [13 Cal. Code Reg. § 262.05(d)]. The statement "no down payment" or a similar statement must not be advertised unless the dealer or lessor-retailer will sell and deliver the advertised vehicle to any qualified purchaser without prior payment of any kind or trade-in [13 Cal. Code Reg. § 262.05(e)].

If an advertisement quotes the amount of a periodic payment, the advertisement must also quote the amount of the down payment required, unless the down payment required is equal to or less than the amount of the quoted periodic payment [13 Cal. Code Reg. § 262.05(f)].

The amount of a down payment must not be advertised unless it represents the total payment to be required of the purchaser prior to delivery of the vehicle, including any payment for sales tax or license [13 Cal. Code Reg. § 262.05(g)].

[c] Tentative Offers as Enticements

If a dealer or the dealer's salesperson uses cards, circulars, letters, notes or similar means to communicate tentative offers such as "would you take \$ _____," "if I could get you \$ _____," or "your car is worth \$ _____," the dealer must allow the prospective purchaser the amount stated on the tentative offer as a trade-in allowance on any vehicle selected for purchase by the prospective purchaser. Each tentative offer must include an expiration date printed or written on the offering document [13 Cal. Code Reg. § 262.05(h)].

20-47 California Legal Forms--Transaction Guide § 47.30

§ 47.30 Consumer Leasing Act and Regulation M

[1] Overview

[a] Scope, Purpose, and Enforcement

The Consumer Leasing Act (CLA) [Pub. L. No. 94-240, § 3; *see 15 U.S.C. § 1667 et seq.*] was enacted in 1976 as an amendment to the Truth in Lending Act (TILA) [*see* Pub. L. No. 90-321, § 181 *et seq.*; *15 U.S.C. § 1601 et seq.*]. The CLA generally applies to "consumer leases" of "personal property" in which the contractual obligation does not exceed \$25,000 and has a term of more than four months [*see* [2], *below*]. An automobile lease is the most common type of consumer lease covered by the CLA. Under the CLA, lessors are required to provide uniform cost and other information [*see* [3]-[7], *below*] about consumer lease transactions.

The Board of Governors of the Federal Reserve System has rulemaking authority [*see 15 U.S.C. § 1667f*]. Its Regulation M [12 C.F.R. pt. 213] implements the CLA and applies to all persons that are lessors of personal property under consumer leases, as defined [*see* [2], *below*]. The purposes of Regulation M are (1) to ensure that lessees of personal property receive meaningful disclosures that enable them to compare lease terms with other leases and, where appropriate, with credit transactions, (2) to limit the amount of balloon payments in consumer lease transactions, and (3) to provide for the accurate disclosure of lease terms in advertising [12 C.F.R. § 213.1(b)]. An official staff commentary interprets the regulation [*see* 12 C.F.R. pt. 213, *supp. I*].

Several agencies have enforcement authority, depending on the status of the lessor (or other person required to comply with the CLA and Regulation M) as a bank, savings and loan association, and so forth. The Federal Trade Commission is the default enforcement agency. Enforcement agencies are listed in Appendix B to Regulation M [*see* 12 C.F.R. pt. 213, *app. B*].

[b] Exclusion of Lease to Organization or for Nonpersonal Use

"Consumer lease" does not include a lease for agricultural, business, or commercial purposes, or a lease to a government or governmental agency or instrumentality or to an organization [15 U.S.C. § 1667(1); 12 C.F.R. § 213.2(e)(2)]. In

addition, Regulation M does not apply to a lease transaction of personal property that is incident to the lease of real property and provides that (1) the lessee has no liability for the value of the personal property at the end of the lease term except for abnormal wear and tear and (2) the lessee has no option to purchase the leased property [12 C.F.R. § 213.2(e)(3)].

An "agricultural purpose" is a purpose related to the production, harvest, exhibition, marketing, transportation, processing, or manufacture of agricultural products by a natural person who cultivates, plants, propagates, or nurtures those agricultural products, including (but not limited to) the acquisition of personal property and services used primarily in farming. Agricultural products include horticultural, viticultural, and dairy products, livestock, wildlife, poultry, bees, forest products, fish and shellfish, and any products of the same, including processed and manufactured products, and any and all products raised or produced on farms and any processed or manufactured products of the same [12 C.F.R. pt. 213, supp. I, comment 2(e)-5].

A lease made to an organization [see 12 C.F.R. § 213.2(j) ("organization" means corporation, trust, estate, partnership, cooperative, association, or government entity or instrumentality)] is not subject to Regulation M even if the property is used (by an employee, for example) primarily for personal, family or household purposes. Likewise, a lease made to an organization is not a consumer lease even if it is guaranteed by or subsequently assigned to a natural person [12 C.F.R. pt. 213, supp. I, comment 2(e)-6].

[c] Exclusion of Lease Qualifying as Credit Sale

A lease that meets the definition of a credit sale in Regulation Z is not a consumer lease [12 C.F.R. pt. 213, supp. I, comment 2(e)-4]. Regulation Z defines a credit sale, in part, as a bailment or lease (unless terminable without penalty at any time by the consumer) under which (1) the consumer agrees to pay as compensation for use a sum substantially equivalent to, or in excess of, the total value of the property and services involved and (2) the consumer will become (or has the option to become), for no additional consideration or for nominal consideration, the owner of the property on compliance with the agreement [12 C.F.R. § 226.2(a)(16)]. For discussion of Regulation Z, see Ch. 45, *Consumer Installment Loans and Credit Sales*.

[d] Exclusion of Safe-Deposit Box Lease

A lease of a safe deposit box is not a consumer lease for purposes of Regulation M [12 C.F.R. pt. 213, supp. I, comment 2(e)-8].

[e] Exclusion of Lease Incidental to Service

Leases of the following kinds of personal property are deemed incidental to services and are not consumer leases subject to Regulation M [12 C.F.R. pt. 213, supp. I, comment 2(e)-7]:

- Home entertainment systems, when the consumer is required to lease equipment that enables a television to receive the transmitted programming.
- Security alarm systems requiring the installation of leased equipment intended to monitor unlawful entries into a home and in some cases to provide fire protection.
- Propane gas tanks, when the consumer must lease a tank to receive the propane gas service.

[2] Definitions

[a] Consumer Lease

"Consumer lease" means a contract in the form of a lease or bailment for the use of personal property [see [d], *below*] by a natural person, for a period of time exceeding four months, and for a total contractual obligation not exceeding \$25,000, primarily for personal, family, or household purposes, whether or not the lessee has the option to purchase or otherwise become the owner of the property at the expiration of the lease, except that the term does not include any credit sale as defined in 15 U.S.C. § 1602(g) [15 U.S.C. § 1667(1); 12 C.F.R. § 213.2(e)(1); see 12 C.F.R. § 226.2(a)(16) ("credit sale" defined)].

A lessor must determine in each case whether the leased property will be used primarily for personal, family, or household purposes. If a question exists as to the primary purpose for a lease, the fact that a lessor gives disclosures is not controlling on the question of whether the transaction is covered. The primary purpose of a lease is determined before or at consummation, and a lessor need not provide Regulation M disclosures when there is a subsequent change in the primary use [12 C.F.R. pt. 213, supp. I, comment 2(e)-1].

To be a consumer lease, the initial term of the lease must be more than four months. Thus, a lease of personal property for four months, three months or on a month-to-month or week-to-week basis (even though the lease actually extends beyond four months) is not a consumer lease and is not subject to the disclosure requirements of Regulation M. However, a lease that imposes a penalty for not continuing the lease beyond four months is considered to have a term of more than four months [12 C.F.R. pt. 213, supp. I, comment 2(e)-2]. For example:

- A three-month lease extended on a month-to-month basis and terminated after one year is not subject to Regulation M.
- A month-to-month lease with a penalty, such as the forfeiture of a security deposit for terminating before one year, is subject to Regulation M.

[b] Lessee

"Lessee" means a natural person who leases or is offered a consumer lease [15 U.S.C. § 1667(2); 12 C.F.R. § 213.2(g)]. Guarantors are not lessees for purposes of Regulation M [12 C.F.R. pt. 213, supp. I, comment 2(g)-1], although a guarantor would be entitled to a warning under California law [see *Civ. Code* § 1799.91; § 47.222].

[c] Lessor

"Lessor" means a person who is regularly engaged in leasing, offering to lease, or arranging to lease under a consumer lease [15 U.S.C. § 1667(3)]. A person who has leased, offered, or arranged to lease personal property more than five times in the preceding calendar year or more than five times in the current calendar year is subject to the CLA and Regulation M [12 C.F.R. § 213.2(h)]. "Person" means a natural person or an organization [12 C.F.R. § 213.2(k)]. "Organization" means a corporation, trust, estate, partnership, cooperative, association, or government entity or instrumentality [12 C.F.R. § 213.2(j)]; the term includes joint ventures and persons operating under a business name [12 C.F.R. pt. 213, supp. I, comment 2(j)-1]. An assignee may be a lessor for purposes of Regulation M in the same circumstances in which an assignee has been held to be a creditor for purposes of former Regulation Z because of being substantially involved in the credit transaction [12 C.F.R. pt. 213, supp. I, comment 2(h)-3; see *Ford Motor Credit Co. v. Cenance* (1981) 452 U.S. 155, 158, 101 S. Ct. 2239, 68 L. Ed. 2d 744 (assignee was creditor for purposes of pre-1980 Truth in Lending Act and Regulation Z because of substantial involvement in credit transaction)].

To "arrange" for the lease of personal property means to provide or offer to provide a lease that is or will be extended by another person under a business or other relationship pursuant to which the person arranging the lease either (a) receives or will receive a fee, compensation, or other consideration for the service or (b) has knowledge of the lease terms and participates in the preparation of the contract documents required in connection with the lease [12 C.F.R. pt. 213, supp. I, comment 2(h)-1]. For example:

- An automobile dealer who, pursuant to a business relationship, completes the necessary lease agreement before forwarding it to the leasing company (to whom the obligation is payable on its face) for execution is arranging for the lease.
- An automobile dealer who, receiving no fee for the service, refers a customer to a leasing company that will prepare all relevant contract documents is not arranging for the lease.

The term "other consideration" in this context refers to an actual payment corresponding to a fee or similar compensation, and not to intangible benefits, such as the advantage of increased business, that may flow from the relationship between the parties [12 C.F.R. pt. 213, supp. I, comment 2(h)-2].

Regulation M applies to all persons (including branches of foreign banks or leasing companies located in the United States) that offer consumer leases to residents of any state (including foreign nationals) [see 12 C.F.R. § 213.2(p) ("state" defined); [9], *below*]. Regulation M does not apply to a foreign branch of a U.S. bank or leasing company leasing to a U.S. citizen residing or visiting abroad or to a foreign national abroad [12 C.F.R. pt. 213, supp. I, comment 1-1].

[d] Property

"Personal property" means any property that is not real property under the laws of the state where it is situated at the time offered or otherwise made available for lease [15 U.S.C. § 1667(4); 12 C.F.R. § 213.2(l)]. Whether or not property is considered personal property depends on state or other applicable law. For example, a mobile home or houseboat may be considered personal property in one state but real property in another [12 C.F.R. pt. 213, supp. I, comment 2(l)-1]. A vehicle is personal property under California law [see *Civ. Code* §§ 657-663 (property is either real property or personal property, and "real property" is specifically defined; property other than real property is personal property)].

[e] Security and Security Interest

"Security" and "security interest" mean any interest in property that secures payment or performance of an obligation [15 U.S.C. § 1667(5); 12 C.F.R. § 213.2(o)]. Only interests that are security interests under state or other applicable law are encompassed by the definition. For example, any interest that the lessor may have in the leased property falls within this definition only if it is considered a security interest under state or other applicable law [12 C.F.R. pt. 213, supp. I, comment 2(o)-2]. Federally mandated disclosures [see [3], *below*] encompass a description of any security interest held or to be retained by the lessor in connection with the lease and a clear identification of the property to which the security interest relates [15 U.S.C. § 1667a(8); see § 47.220[1][c]].

For purposes of disclosure, a security interest is an interest taken by the lessor to secure performance of the lessee's obligation. For example, if a bank that is not a lessor makes a loan to a leasing company and takes assignments of consumer leases generated by that company to secure the loan, the bank's security interest in the lessor's receivables is not a security interest for purposes of Regulation M [12 C.F.R. pt. 213, supp. I, comment 2(o)-1]. The lessor's right to insurance proceeds or unearned insurance premiums is not a security interest for purposes of Regulation M [12 C.F.R. pt. 213, supp. I, comment 2(o)-3].

An interest that the lessor may have in leased property must be disclosed only if it is considered a security interest under state or other applicable law. The term includes (but is not limited to) security interests under the Uniform Commercial Code; real property mortgages, deeds of trust, and other consensual or confessed liens, whether or not recorded; mechanic's, materialman's, artisan's, and other similar liens; vendor's liens in both real and personal property; liens on property arising by operation of law; and any interest in a lease when used to secure payment or performance of an obligation [12 C.F.R. pt. 213, supp. I, comment 2(o)-2].

[3] Disclosure Requirements

[a] In General

Each lessor must give a lessee, before the consummation of the lease, a dated written statement on which the lessor and lessee are identified, setting out accurately and in a clear and conspicuous manner the information prescribed by statute with respect to that lease. The disclosures may be made in the lease to be signed by the lessee [15 U.S.C. § 1667a]. For further discussion, see § 47.220[1][b].

Disclosures must reflect the terms of the legal obligation between the parties. For example, in a three-year lease with no penalty for termination after a one-year minimum term, disclosures must be based on the full three-year term of the lease. The one-year minimum term is relevant only to the early-termination provisions of Regulation M [12 C.F.R. pt. 213, supp. I, comment 3(a)-1; see 12 C.F.R. § 213.4(g)(1), (k), (l)].

[b] Use of Estimates

If an amount or other item needed to comply with a required disclosure is unknown or unavailable after reasonable efforts have been made to ascertain the information, the lessor may use a reasonable estimate that is based on the best information available to the lessor, is clearly identified as an estimate, and is not used to circumvent or evade any disclosures required by Regulation M [12 C.F.R. § 213.3(d); see 15 U.S.C. § 1667a (regulations may provide that any information required to be disclosed may be given as estimates if lessor is not in position to know exact information)]. For example 12 C.F.R. § 213.4(n) requires the lessor to disclose the total amount payable by the lessee during the lease term for official and license fees, registration, certificate of title fees, or taxes. If these amounts are subject to increases or decreases over the course of the lease, the lessor may estimate the disclosures based on the rates or charges in effect at the time of the disclosure [12 C.F.R. pt. 213, supp. I, comment 3(d)(1)-1].

Estimates must be made on the basis of the best information reasonably available at the time disclosures are made. The "reasonably available" standard requires that the lessor, acting in good faith, exercise due diligence in obtaining information. The lessor may rely on the representations of other parties. For example, the lessor might look to the consumer to determine the purpose for which leased property will be used, to insurance companies for the cost of insurance, or to an automobile manufacturer or dealer for the date of delivery [12 C.F.R. pt. 213, supp. I, comment 3(d)(1)-2].

Generally, only the disclosure for which the exact information is unknown is labeled as an estimate. Nevertheless, when several disclosures are affected because of the unknown information, the lessor has the option of labeling as an estimate every affected disclosure or only the disclosure primarily affected [12 C.F.R. pt. 213, supp. I, comment 3(d)(1)-5].

[c] Tolerance for Minor Variations

A lessor may disregard the effects of the following in making disclosures [12 C.F.R. § 213.3(f)]:

- That payments must be collected in whole cents.
- That dates of scheduled payments may be different because a scheduled date is not a business day.
- That months have different numbers of days.
- That February 29 occurs in a leap year.

[d] Records-Retention Requirement

The lessor must retain evidence of compliance with the requirements imposed by Regulation M, other than the advertising requirements [see 12 C.F.R. § 213.7; [6], [7], *below*], for at least two years after the date the disclosures are required to be made or an action is required to be taken [12 C.F.R. § 213.8]. For discussion of the civil liability of lessors, see [8], *below*.

The lessor must retain evidence of having performed required actions and of having made required disclosures. These records may be retained in paper form, on microfilm, microfiche, or computer, or by any other method designed to reproduce records accurately. The lessor need retain only enough information to reconstruct the required disclosures or other records [12 C.F.R. pt. 213, supp. I, comment 8-1].

[4] Effect of Subsequent Event

[a] Disregard of Inaccurate Disclosure

If a required disclosure becomes inaccurate because of an event occurring after consummation, the inaccuracy is not a violation of Regulation M [12 C.F.R. § 213.3(e)]. Examples of subsequent occurrences include [12 C.F.R. pt. 213, supp. I, comment 3(e)-1]:

- An agreement between the lessee and lessor to change from a monthly to a weekly payment schedule.
- An increase in official fees or taxes.
- An increase in insurance premiums or coverage caused by a change in the law.
- Late delivery of an automobile caused by a strike.

When a disclosure becomes inaccurate because of a subsequent occurrence, the lessor need not make new disclosures unless new disclosures are required under 12 C.F.R. § 213.5 [12 C.F.R. pt. 213, supp. I, comment 3(e)-2] in a case of renegotiation or extension [see [b], *below*].

The lessor does not violate Regulation M if a previously given disclosure becomes inaccurate when a lessee fails to perform obligations under the contract and the lessor takes actions that are necessary and proper in the circumstances to protect the lessor's interest. For example, the addition of insurance or a security interest by the lessor because the lessee has not performed obligations contracted for in the lease is not a violation of Regulation M [12 C.F.R. pt. 213, supp. I, comment 3(e)-3].

[b] Renegotiation or Extension

A renegotiation occurs when a consumer lease subject to Regulation M is satisfied and replaced by a new lease undertaken by the same consumer. A renegotiation requires new disclosures [12 C.F.R. § 213.5(a)], except as provided in 12 C.F.R. § 213.5(d) [see [c], *below*].

An extension is a continuation, agreed to by the lessor and the lessee, of an existing consumer lease beyond the originally scheduled end of the lease term, except when the continuation is the result of a renegotiation. An extension that exceeds six months requires new disclosures [12 C.F.R. § 213.5(b)], except as provided in 12 C.F.R. § 213.5(d) [see [c], *below*]. If a consumer lease is extended for a specified term greater than six months, new disclosures are required at the time the extension is agreed on. If the lease is extended on a month-to-month basis and the cumulative extensions exceed six months, new disclosures are required at the commencement of the seventh month and at the commencement of each subsequent seventh month for as long as the extensions continue. If a consumer lease is

extended for terms of varying durations, one of which will exceed six months beyond the originally scheduled termination date of the lease, new disclosures are required at the commencement of the term that will exceed six months beyond the originally scheduled termination date [12 C.F.R. pt. 213, supp. I, comment 5(b)-1]. The disclosures for a lease extended on a month-to-month basis for more than six months should reflect the month-to-month nature of the transaction [12 C.F.R. pt. 213, supp. I, comment 5(b)-2].

These rules apply only to existing leases that are covered by Regulation M. They do not apply to the renegotiation or extension of leases with an initial term of four months or less, because such leases are not covered by the definition of consumer lease [see 12 C.F.R. § 213.2(e); see [2][a], above]. Whether and when a lease is satisfied and replaced by a new lease is determined by state or other applicable law [12 C.F.R. pt. 213, supp. I, comment 5-1].

[c] New Disclosures Not Required

New disclosures are not required when a consumer lease is assumed by another person, regardless of whether the lessor charges an assumption fee [12 C.F.R. § 213.5(c)].

New disclosures are not required for the following, even if they meet the definition of a renegotiation or an extension [see [b], above]:

- A reduction in the lease charge [12 C.F.R. § 213.5(d)(1)].
- The deferment of one or more payments, regardless of whether a fee is charged [12 C.F.R. § 213.5(d)(2)].
- The extension of a lease for not more than six months on a month-to-month basis or otherwise [12 C.F.R. § 213.5(d)(3)].
- A substitution of leased property with property that has a substantially equivalent or greater economic value, provided no other lease terms are changed [12 C.F.R. § 213.5(d)(4)].
- The addition, deletion, or substitution of leased property in a multiple-item lease, provided the average periodic payment does not change by more than 25 percent [12 C.F.R. § 213.5(d)(5)].
- An agreement resulting from a court proceeding [12 C.F.R. § 213.5(d)(6)].

[5] Expiration or Termination of Open-End Lease

[a] Estimated Residual Value of Property

When the lessee's liability on expiration of a consumer lease is based on the estimated residual value of the property (which is true in the case of an open-end lease), the estimated residual value must be a reasonable approximation of the anticipated actual fair market value of the property on lease expiration [15 U.S.C. § 1667b(a)]. "Residual value" means the value of the leased property at the end of the lease term, as estimated or assigned at consummation by the lessor, used in computing the base periodic payment [12 C.F.R. § 213.2(n)]. The estimate of the residual value must be based on the best information reasonably available to the lessor [see 12 C.F.R. § 213.3(d); see also [3][b], above]. A lessor generally should use an accepted trade publication listing estimated current or future market prices for the leased property unless other information or a reasonable belief based on the lessor's experience provides a better estimate [12 C.F.R. pt. 213, supp. I, comment 3(d)(1)-3].

EXAMPLE:

A lessor offering a three-year open-end lease assigns a wholesale value to the vehicle at the end of the

lease term. The lessor may disclose as an estimate a wholesale value derived from a generally accepted trade publication listing current wholesale values [12 C.F.R. pt. 213, supp. I, comment 3(d)(1)-3].

EXAMPLE:

The facts are the same as in the preceding illustration except that the lessor discloses an estimated value derived by adjusting the residual value quoted in the trade publication because, in the lessor's experience, the trade publication either understates or overstates the prices actually received in local used-vehicle markets. The lessor may adjust estimated values quoted in trade publications if the lessor reasonably believes, based on the lessor's experience, that the values are understated or overstated [12 C.F.R. pt. 213, supp. I, comment 3(d)(1)-3].

There is a rebuttable presumption that the estimated residual value is unreasonable to the extent that the estimated residual value exceeds the actual residual value by more than three times the average payment allocable to a monthly period under the lease. In addition, when the lessee has the liability on expiration of a consumer lease, there is a rebuttable presumption that the lessor's estimated residual value is not in good faith to the extent that the estimated residual value exceeds the actual residual value by more than three times the average payment allocable to a monthly period under the lease. The lessor must not collect from the lessee the amount of the excess liability on expiration of a consumer lease unless the lessor brings a successful action with respect to the excess liability. In all actions, the lessor must pay the lessee's reasonable attorneys' fees. However, these presumptions do not apply to the extent that the excess of estimated over actual residual value is due to physical damage to the property beyond reasonable wear and use, or to excessive use; and the lease may set standards for the wear and use if the standards are not unreasonable [15 U.S.C. § 1667b(a)].

Nothing in 15 U.S.C. § 1667b, discussed above, precludes the right of a willing lessee to make any mutually agreeable final adjustment with respect to the excess residual liability, provided the agreement is reached after termination of the lease [15 U.S.C. § 1667b(a)].

[b] Independent Appraisal of Residual Value

If a lease has a residual value provision at the termination of the lease, the lessee may obtain, at the lessee's expense, a professional appraisal of the leased property by an independent appraiser agreed to by both parties. The appraisal is final and binding on the parties [15 U.S.C. § 1667b(c)]. The lessor must disclose this appraisal right [12 C.F.R. § 213.4(l); see § 47.220[1][c]].

Regulation M does not specify a period in which the lessee must exercise the appraisal right. The lessor may require the lessee to obtain the appraisal within a reasonable period after termination of the lease [12 C.F.R. pt. 213, supp. I, comment 4(l)-4].

The lessee does not have the right to an independent appraisal merely because the lessee is liable at the end of the lease term or at early termination for unreasonable wear or use, and in that event, the disclosure requirement does not apply. For example, the lessor might expect the lessee to return an undented car with four good tires at the end of the lease term. Even though the lessor may hold the lessee liable for the difference between a dented car with bald tires and the value of a car in reasonably good condition, no disclosure of an appraisal right is required [12 C.F.R. pt. 213, supp. I, comment 4(l)-1].

[c] Delinquency, Default, or Early-Termination Charges

Penalties or other charges for delinquency, default, or early termination may be specified in the lease, but only at an amount that is reasonable in the light of the anticipated or actual harm caused by the delinquency, default, or early termination, the difficulties of proof of loss, and the inconvenience or nonfeasibility of otherwise obtaining an adequate

remedy [15 U.S.C. § 1667b(b); 12 C.F.R. pt. 213, supp. I, comment 4(q)-5; *see* 12 C.F.R. § 213.4(q) (disclosure requirement); § 47.220[1][c]].

In a simple-interest accounting lease, the additional rent charge that accrues on the lease balance when a periodic payment is made after the due date does not constitute a penalty or other charge for late payment. Similarly, continued accrual of the rent charge after termination of the lease because the lessee fails to return the leased property does not constitute a default charge. In either case, however, if the additional charge accrues at a rate higher than the normal rent charge, the lessor must disclose the amount of, or the method of determining, the additional charge [12 C.F.R. pt. 213, supp. I, comment 4(q)-3; *see* 12 C.F.R. § 213.4(q) (disclosure requirement)].

[6] Consumer Lease Advertisements

[a] In General

An advertisement is a commercial message in any medium that directly or indirectly promotes consumer lease transactions [12 C.F.R. § 213.2(b)]. "Advertisement" includes messages inviting, offering, or otherwise generally announcing to prospective customers the availability of consumer leases, whether in visual, oral, print or electronic media. Examples include the following [12 C.F.R. pt. 213, supp. I, comment 2(b)-1]:

- Messages in newspapers, magazines, leaflets, catalogs, and fliers.
- Messages on radio, television, and public address systems.
- Direct mail literature.
- Printed material on any interior or exterior sign or display, in any window display, in any point-of-transaction literature or price tag that is delivered or made available to a lessee or prospective lessee in any manner whatsoever.
- Telephone solicitations.
- On-line messages, such as those on the Internet.

The term does not apply to the following [12 C.F.R. pt. 213, supp. I, comment 2(b)-2]:

- Direct personal contacts, including follow-up letters, cost estimates for individual lessees, or oral or written communications relating to the negotiation of a specific transaction.
- Informational material distributed only to businesses.
- Notices required by federal or state law, if the law mandates that specific information be displayed and only the mandated information is included in the notice.
- News articles controlled by the news medium.
- Market research or educational materials that do not solicit business.

All "persons" must comply with the advertising provisions in this section, not just persons meeting the definition of lessor [*see* 12 C.F.R. § 213.2(h); [2][c], *above*]. Thus, automobile dealers, merchants, and others who are not themselves lessors must comply with the advertising provisions of Regulation M if they advertise consumer lease

transactions [12 C.F.R. pt. 213, supp. I, comment 7(a)-1]. However, owners and personnel of the media in which an advertisement appears or through which it is disseminated are not subject to civil liability for violations [see [g], *below*]. In addition, 12 C.F.R. § 213.7(a) does not prohibit the advertising of a single item or the promotion of a new leasing program, but prohibits the advertising of terms that are not and will not be available. Thus, an advertisement may state terms that will be offered for only a limited period or terms that will become available at a future date [12 C.F.R. pt. 213, supp. I, comment 7(a)-2].

[b] Lease and Payment Information

An advertisement for a consumer lease may state that a specific lease of property at specific amounts or terms is available only if the lessor usually and customarily leases or will lease the property at those amounts or terms [12 C.F.R. § 213.7(a)].

If an advertisement for a consumer lease includes a statement of the amount of any payment, or a statement that any or no initial payment is required, the advertisement must clearly and conspicuously state the following, as applicable [15 U.S.C. § 1667c(a); 12 C.F.R. § 213.7(b)]:

- That the transaction advertised is a lease [15 U.S.C. § 1667c(a)(1)].
- The total amount of any initial payments required on or before consummation of the lease or delivery of the property, whichever is later [15 U.S.C. § 1667c(a)(2)].
- That a security deposit is required [15 U.S.C. § 1667c(a)(3)].
- The number, amount, and timing of scheduled payments [15 U.S.C. § 1667c(a)(4)].
- With respect to an open-end lease, in which the liability of the consumer at the end of the lease term is based on the anticipated residual value of the property [see 12 C.F.R. § 213.2(i)], a statement that an extra charge may be imposed at the end of the lease term [15 U.S.C. § 1667c(a)(5)].

In order to conform to the "clearly and conspicuously" standard, any affirmative or negative reference to a charge that is a part of the total amount due at lease signing, other than the statement of a periodic payment [see 12 C.F.R. § 213.7(d)(2)(ii); [f], *below*], such as the amount of any capitalized cost reduction (or no capitalized cost reduction is required), must not be more prominent than the disclosure of the total amount due at lease signing [12 C.F.R. § 213.7(b)(1)]. The disclosures in an advertisement in any media must be reasonably understandable. For example, very fine print in a television advertisement or detailed and very rapidly stated information in a radio advertisement does not meet the clear and conspicuous standard if consumers cannot see and read or hear, and cannot comprehend, the information required to be disclosed [12 C.F.R. pt. 213, supp. I, comment 7(b)-1]. Only a total of amounts due at lease signing or delivery is required to be disclosed, not an itemization of its component parts [12 C.F.R. pt. 213, supp. I, comment 7(b)(1)-1]. However, except for a periodic payment, if there is any oral or written reference to components of the total due at lease signing or delivery (for example, a reference to a capitalized cost reduction, when permitted), that reference may not be more prominent than the disclosure of the total amount due at lease signing or delivery [12 C.F.R. pt. 213, supp. I, comment 7(b)(1)-2].

[c] Limitation on Rate Information

If a lessor provides a percentage rate in an advertisement, the rate must not be more prominent than any of the mandatory disclosures, with the exception of the notice referred to in the next sentence. The rate must be accompanied by a notice stating that "this percentage may not measure the overall cost of financing this lease." The lessor must not use "annual percentage rate" or "annual lease rate" or any equivalent term [12 C.F.R. §§ 213.4(s), 213.7(b)(2)].

The notice required to accompany a percentage rate stated in an advertisement must be placed in close proximity to the rate without any other intervening language or symbols. For example, the lessor may not place an asterisk next to the rate and place the notice elsewhere in the advertisement. In addition, with the exception of the required notice stating that "this percentage may not measure the overall cost of financing this lease," the rate cannot be more prominent than any mandatory disclosure [see 12 C.F.R. § 213.4; § 47.220[1][c]-[e]] stated in the advertisement [12 C.F.R. pt. 213, supp. I, comment 7(b)(2)-1].

[d] Catalog or Multipage Advertisement

A catalog or other multi-page advertisement that provides a table or schedule of the required disclosures must be considered as a single advertisement if, for lease terms that appear without all of the required disclosures, the advertisement refers to the page or pages on which the table or schedule appears [12 C.F.R. § 213.7(c)].

The multiple-page advertisements referred to above are advertisements consisting of a series of numbered pages (for example, a supplement to a newspaper). A mailing comprising several separate flyers or pieces of promotional material in a single envelope is not a single multiple-page advertisement [12 C.F.R. pt. 213, supp. I, comment 7(c)-1]. A multiple-page advertisement is a single advertisement (requiring only one set of lease disclosures) if it contains a table, chart, or schedule with the mandatory disclosures [see 12 C.F.R. § 213.7(d)(2)(i)-(v); [f], *below*]. If one of the triggering terms [see 12 C.F.R. § 213.7(d)(1); [e], *below*] appears in a catalog or other multiple-page advertisement, the page on which the triggering term is used must clearly refer to the specific page where the table, chart, or schedule begins [12 C.F.R. pt. 213, supp. I, comment 7(c)-2].

[e] Terms Triggering Disclosure Requirements

An advertisement other than a merchandise tag must contain required disclosures [see 12 C.F.R. § 213.7(d)(2); [f], *below*], or a radio or television advertisement must meet alternative requirements [see [7], *below*], if the advertisement states any of the following items:

- The amount of any payment [12 C.F.R. § 213.7(d)(1)(i)].
- The number of required payments [12 C.F.R. § 213.7(d)(1)(ii)].
- A statement of any capitalized cost reduction or other payment required before or at consummation, or by delivery if delivery occurs after consummation [12 C.F.R. § 213.7(d)(1)(ii)].

A merchandise tag stating any item listed above may comply with the disclosure requirement [see [f], *below*] by referring to a sign or display prominently posted in the lessor's place of business that contains a table or schedule of the required disclosures [12 C.F.R. § 213.7(e)].

When any triggering term appears in a lease advertisement, the mandatory disclosures [see 12 C.F.R. § 213.7(d)(2)(i)-(v); [f], *below*] must also appear. In a multi-lease advertisement, an example of one or more typical leases with a statement of all of the terms applicable to each may be used. The examples must be labeled as such and must reflect representative lease terms that are made available by the lessor to consumers [12 C.F.R. pt. 213, supp. I, comment 7(d)(1)-1].

[f] Mandatory Disclosures

When an advertisement contains a statement that triggers disclosure requirements [see 12 C.F.R. § 213.7(d)(1); [e], *above*], the following information must be disclosed:

- That the transaction advertised is a lease [12 C.F.R. § 213.7(d)(2)(i)].
- The total amount due before or at consummation, or by delivery if delivery occurs after consummation [12 C.F.R. § 213.7(d)(2)(ii)].
- The number, amounts, due dates or periods of scheduled payments, and total of such payments under the lease [12 C.F.R. § 213.7(d)(2)(iii)].
- A statement of whether or not a security deposit is required [12 C.F.R. § 213.7(d)(2)(iv)].
- A statement that an extra charge may be imposed at the end of the lease term when the lessee's liability (if any) is based on the difference between the residual value of the leased property and its realized value at the end of the lease term [12 C.F.R. § 213.7(d)(2)(v)].

The disclosure of the total amount due at lease signing or delivery may exclude third-party fees, such as taxes, licenses, and registration fees, and disclose that fact, or provide a total that includes third-party fees based on a particular state or locality, as long as that fact and the fact that fees may vary by state or locality are disclosed [12 C.F.R. pt. 213, supp. I, comment 7(d)(2)-1].

[g] Enforcement

From time to time, the Federal Trade Commission publishes enforcement documents that illustrate failures to comply with the advertising requirements [see, e.g., *Grey Advertising, Inc.*, 63 F.R. 3744 (F.T.C. 1998) (consent orders); *Volkswagen of America, Inc.*, 62 F.R. 53640 (F.T.C. 1997) (consent orders); *Herb Gordon Auto World, Inc.*, 62 F.R. 5414 (F.T.C. 1997) (consent orders)].

No owner or employee of any entity that serves as a medium in which an advertisement appears or through which an advertisement is disseminated is liable for noncompliance with 15 U.S.C. § 1667c [15 U.S.C. § 1667c(b)].

[7] Radio and Television Advertisements

[a] In General

An advertisement by radio broadcast (which includes television) to aid, promote, or assist, directly or indirectly, any consumer lease must be deemed to be in compliance with the requirements of 15 U.S.C. § 1667c(a) [see [6][b], *above*] if the advertisement clearly and conspicuously conforms to the following standards [see 15 U.S.C. § 1667c(c)(3) (nothing in these requirements for radio advertising affects requirements of federal law applying to advertisement by any medium other than radio broadcast)].

- It states the information required by 15 U.S.C. § 1667c(a)(1) and (2) [15 U.S.C. § 1667c(c)(1)(A); see [6][b], *above*].
- It states the number, amounts, due dates or periods of scheduled payments, and the total of the payments under the lease [15 U.S.C. § 1667c(c)(1)(B)].

PRACTICE TIP:

This statement of payment terms will trigger a disclosure requirement under Regulation M [see 12 C.F.R. § 213.7(d)(1); [6][e], *above*]. The advertisement will be in compliance with the disclosure requirement if it contains the first three mandatory disclosures [see 12 C.F.R. § 213.7(d)(2)(i)-(iii)] listed in [6][f], *above*, and meets the following requirements

[see 12 C.F.R. § 213.7(f)(1)].

- It includes a referral to one of the following [15 U.S.C. § 1667c(c)(1)(C)(i)]:
 - A duly established toll-free telephone number [see [b], below] that may be used by consumers to obtain the information required under 15 U.S.C. § 1667c(a) [see 12 C.F.R. § 213.7(f)(1)(i); [6][b], above].
 - A written advertisement that both (1) appears in a publication in general circulation in the community served by the radio station on which the advertisement is broadcast during the period beginning three days before the broadcast and ending 10 days after the broadcast and also (2) includes the information required to be disclosed under 15 U.S.C. § 1667c(a) [see 12 C.F.R. § 213.7(f)(1)(ii); [6][b], above].

PRACTICE TIP:

A reference to a written advertisement appearing in a newspaper circulated nationally, for example, *USA Today* or the *Wall Street Journal*, may satisfy the general circulation requirement [12 C.F.R. pt. 213, supp. I, comment 7(f)(1)-1].

- It includes the name and dates of any publication referred to in the preceding item [15 U.S.C. § 1667c(c)(1)(C)(ii)].
- It includes any other information that the Federal Reserve Board determines necessary to carry out the CLA [15 U.S.C. § 1667c(c)(1)(D)].

[b] Establishment of Toll-Free Number

In the case of a radio (or television) broadcast advertisement that includes a referral to a toll-free telephone number, the lessor who offers the consumer lease must do each of the following [15 U.S.C. § 1667c(c)(2)(A)]:

- Establish the toll-free telephone number not later than the date the advertisement including the referral is broadcast [15 U.S.C. § 1667c(c)(2)(A)(i)].
- Maintain the telephone number for a period of not less than 10 days, beginning on the date of the broadcast [15 U.S.C. § 1667c(c)(2)(A)(ii); 12 C.F.R. § 213.7(f)(2)(i)].
- Provide the information required under 15 U.S.C. § 1667c(a) [see [6][b], above] with respect to the lease to any person who calls the number [15 U.S.C. § 1667c(c)(2)(A)(iii)].

The information required to be provided may be provided orally or, if requested by the consumer, in written form [15 U.S.C. § 1667c(c)(2)(B); 12 C.F.R. § 213.7(f)(2)(ii)].

The lessor must provide a toll-free number for nonlocal calls made from an area code other than the one used in the lessor's dialing area. Alternatively, the lessor may provide any telephone number that allows a consumer to reverse the phone charges when calling for information [12 C.F.R. pt. 213, supp. I, comment 7(f)(1)-2]. When an advertised toll-free number responds with a recording, lease disclosures must be provided early in the sequence to ensure that the consumer receives the required disclosures. For example, in providing several dialing options (such as providing directions to the lessor's place of business), the option allowing the consumer to request lease disclosures should be provided early in the telephone message to ensure that the option to request disclosures is not obscured by other information [12 C.F.R. pt. 213, supp. I, comment 7(f)(1)-3]. Language must accompany a telephone and television number indicating that disclosures are available by calling the toll-free number, such as "call 1-800-000-0000 for details

about costs and terms" [12 C.F.R. pt. 213, supp. I, comment 7(f)(1)-4].

[8] Civil Liability of Lessors

Any lessor who fails to comply with any requirement imposed under the CLA regarding disclosures [see 15 U.S.C. § 1667a; [3], *above*] and the lessee's liability on expiration or termination of the lease [see 15 U.S.C. § 1667b; [5], *above*] with respect to any person is liable to the person as provided in 15 U.S.C. § 1640 [15 U.S.C. § 1667d(a)], which governs liability for failure to comply with the Truth in Lending Act (TILA) and is discussed in Ch. 45, *Consumer Installment Loans and Credit Sales*. For further discussion and forms for use in actions against lessors, see California Forms of Pleading and Practice, Ch. 80, *Automobiles*, pt. VII, "Actions Against Manufacturers, Dealers, Lessors, and Repairers," subpt. B (Matthew Bender).

Any lessor who fails to comply with any requirement imposed under the CLA regarding advertising [see 15 U.S.C. § 1667c; [6], [7], *above*] with respect to any person who suffers actual damage from the violation is liable to the person as provided in 15 U.S.C. § 1640. For this purpose, "creditor" as used in 15 U.S.C. §§ 1640 and 1641 includes a lessor as defined in the CLA [15 U.S.C. § 1667d(b)].

Notwithstanding 15 U.S.C. § 1640(e) (concerning jurisdiction and limitation of actions to enforce compliance with TILA), an action may be brought in any U.S. district court or in any other court of competent jurisdiction. An action alleging a failure to disclose or otherwise comply with the requirements of the CLA must be brought within one year after termination of the lease agreement [15 U.S.C. § 1667d(c)].

PRACTICE TIP:

The staff of the Division of Consumer and Community Affairs of the Federal Reserve Board issues official staff interpretations of Regulation M, which are published as Supplement I to Regulation M (following Appendix A) under the heading "Official Staff Commentary to Regulation M." Good faith compliance with this commentary affords protection from liability under 15 U.S.C. § 1640(f), which protects lessors from civil liability for any act done or omitted in good faith in conformity with any interpretation issued by a duly authorized official or employee of the Federal Reserve System [12 C.F.R. pt. 213, app. C; 12 C.F.R. pt. 213, supp. I, comment Introduction-1]. Anyone may request an official staff interpretation [12 C.F.R. pt. 213, supp. I, comment Introduction-2; see 12 C.F.R. pt. 213, app. C]. Except in unusual circumstances, interpretations will not be issued separately but will be incorporated in the official commentary to Regulation M (Supplement I to Regulation M), which will be amended periodically. No staff interpretations will be issued approving a lessor's forms, statements, or computation tools or methods [12 C.F.R. pt. 213, app. C].

[9] Applicability of State Laws

The CLA does not annul, alter, affect, or exempt any person subject to the provisions of the CLA from complying with, the laws of any state with respect to consumer leases, except to the extent that those laws are inconsistent with any provision of the CLA, and then only to the extent of the inconsistency. The Federal Reserve Board is authorized to determine whether inconsistencies exist. The FRB may not determine that any state law is inconsistent with any provision of the CLA if the FRB determines that the state law gives greater protection and benefit to the consumer than the CLA provision [15 U.S.C. § 1667e(a)]. "State" includes the District of Columbia, Puerto Rico, and any U.S. territory or possession [see 12 C.F.R. § 213.2(p)].

A state law that is inconsistent with the requirements of the CLA and Regulation M is preempted to the extent of the inconsistency. If a lessor cannot comply with a state law without violating a provision of Regulation M, the state law is inconsistent within the meaning of 15 U.S.C. § 1667e(a) and is preempted, unless the state law gives greater protection and benefit to the consumer. A state, through an official having primary enforcement or interpretative responsibilities

for the state consumer leasing law, may apply to the FRB for a preemption determination [12 C.F.R. § 213.9(a)].

[10] Exemptions

The Federal Reserve Board may by regulation exempt from the requirements of the CLA any class of lease transactions within any state if it determines that under the law of that state that class of transactions is subject to requirements substantially similar to those imposed under the CLA or that the law gives greater protection and benefit to the consumer, and that there is adequate provision for enforcement [15 U.S.C. § 1667e(b)]. "State" includes the District of Columbia, Puerto Rico, and any U.S. territory or possession [see 12 C.F.R. § 213.2(p)].

A state may apply to the FRB for an exemption from the requirements of the CLA and Regulation M for any class of lease transactions within the state [12 C.F.R. § 213.9(b)(1)]. The FRB will grant such an exemption if the FRB determines that:

- The class of leasing transactions is subject to state law requirements substantially similar to the CLA and Regulation M, or lessees are afforded greater protection under state law [12 C.F.R. § 213.9(b)(1)(i)].
- There is adequate provision for state enforcement [12 C.F.R. § 213.9(b)(1)(ii)].

After an exemption has been granted, the requirements of the applicable state law (except for additional requirements not imposed by federal law) will constitute the requirements of the CLA and Regulation M. No exemption will extend to the civil liability provisions of the CLA and Truth in Lending Act [12 C.F.R. § 213.9(b)(2); see [8], above].

PART II. LEGAL BACKGROUND
B. Vehicle Leasing and Renting

20-47 California Legal Forms--Transaction Guide § 47.31

§ 47.31 Vehicle Leasing Act

[1] Overview

[a] Statutory Scheme

California's Vehicle Leasing Act (VLA) [*Civ. Code § 2985.7 et seq.*] applies to consumer leases of motor vehicles for a term of more than four months [*Civ. Code § 2985.7(d)*]. The VLA supplements the federal Consumer Leasing Act [*15 U.S.C. § 1667 et seq.*] and Regulation M [*12 C.F.R. pt. 213*] when the lessee's total contractual obligation does not exceed \$25,000. When the contractual obligation exceeds that amount, the VLA alone governs (that is, the Consumer Leasing Act does not govern) the transaction [*see 15 U.S.C. § 1667(1); § 47.30[2][a]*]. The VLA in turn is supplemented by the Uniform Commercial Code--Leases [*Com. Code § 10101 et seq.*] (Division 10 of the UCC), which is a general law. In other words, in the case of a consumer lease of a motor vehicle, the governing laws will be determined as follows [*see 15 U.S.C. § 1667e(a); 12 C.F.R. § 213.9(a); Civ. Code § 2985.7(d); Com. Code §§ 10102, 10103(a)(5), (10), 10104(a)(3), (b)*]:

- When the lease term exceeds four months:
 - If the total contractual obligation does not exceed \$25,000: the Consumer Leasing Act and Regulation M [*see § 47.30*] apply primarily (they prescribe disclosure requirements, for the most part), while the VLA applies except as preempted by the Consumer Leasing Act (the VLA imposes numerous additional requirements), and the UCC--Leases applies to the extent that the other laws do not preempt the field.
 - If the total contractual obligation exceeds \$25,000: the VLA alone prescribes disclosure requirements and imposes additional requirements, while the UCC--Leases applies to the extent that the VLA does not preempt the field.
- When the lease term does not exceed four months: only the UCC--Leases applies.

When the VLA alone prescribes disclosure requirements, that is done by reference to Regulation M [*see Civ. Code* §§ 2985.71(b)(1), 2985.8(c)(1)]; therefore, in such a case, even though the Consumer Leasing Act and Regulation M do not apply by their own terms, Regulation M applies indirectly because the VLA incorporates it by reference. The official commentary to Regulation M by the Federal Reserve Board's staff [*see* 12 C.F.R. pt. 213, supp. I; § 47.30[1][a]] likewise is adopted along with Regulation M [*Civ. Code* § 2985.7(e)].

The UCC--Leases supplies a number of important provisions in the federal-state statutory scheme regulating consumer leases of goods. For instance, that division provides for the creation of warranties in the lease transaction [*see Com. Code* §§ 10210-10215]. For further discussion of the UCC--Leases, see Ch. 53, *Personal Property Leasing*.

[b] Administrative Regulations

The Director of Motor Vehicles may adopt and enforce rules and regulations to carry out or implement the provisions of the Vehicle Leasing Act [*Civ. Code* § 2989.6]. To date, no such regulations have been adopted.

[c] Exclusion of Lease to Government or for Nonpersonal Use

The Vehicle Leasing Act does not apply to a lease for agricultural, business or commercial purposes, or to a government or governmental agency or instrumentality [*Civ. Code* § 2985.7(d)].

[d] Exclusion of Rees-Levering Transaction

The Vehicle Leasing Act does not apply to any transaction that is regulated by the Rees-Levering Act [*Civ. Code* § 2990; *see Civ. Code* § 2981 *et seq.*].

[2] Definitions

[a] Lease and Vehicle

In the Vehicle Leasing Act, "lease" (or "lease contract") means any contract for or in contemplation of the lease or bailment for the use of a vehicle, and the purchase of incidental services, by a natural person for a term exceeding four months, primarily for personal, family or household purposes, whether or not it is agreed that the lessee will bear the risk of the vehicle's depreciation [*Civ. Code* § 2985.7(d)].

"Vehicle" (or "motor vehicle") means any vehicle required to be registered under the Vehicle Code, not including any trailer that is sold in conjunction with a vessel [*Civ. Code* § 2985.7(a)].

[b] Lessee

"Lessee" (which includes "bailee") is a natural person who leases, offers to lease, or is offered the lease of, a vehicle under a lease [*Civ. Code* § 2985.7(c)].

[c] Lessor

"Lessor" (which includes "bailor") is a person who is engaged in the business of leasing, offering to lease, or arranging the lease of, a vehicle under a lease. In this context, "person" means an individual, partnership, corporation, limited liability company, estate, trust, cooperative, association, or any other legal entity [*Civ. Code* § 2985.7(b)].

Under the Vehicle Leasing Act, an assignee may be considered a lessor only if the assignee has a substantial involvement in the lease transaction. Simply approving the creditworthiness of the lessee does not constitute "substantial involvement." Some greater involvement in the negotiations of the lease itself is required [*Bescos v. Bank*

of America (2003) 105 Cal. App. 4th 378, 390-391, 129 Cal. Rptr. 2d 423 (assignee bank that financed lease but was not agent of dealer in lease transaction was not responsible as lessor for misrepresentations made by dealer that were unknown to lender and not apparent on face of lease)].

[3] Disclosure Requirements

[a] Regulation M Disclosures

The lease must disclose all of the information prescribed by Regulation M, set forth in the manner required or permitted by Regulation M, whether or not Regulation M applies to the transaction [*Civ. Code* § 2985.8(c)(1)]. The Regulation M disclosures are discussed, and model disclosure forms are reproduced, in § 47.220. For further discussion in the context of the Vehicle Leasing Act, see § 47.221[1].

[b] Itemization of Gross Capitalized Cost

The lease must contain a separate statement labeled "Itemization of Gross Capitalized Cost" that appears immediately following or directly adjacent to the disclosures required to be segregated by Regulation M [*Civ. Code* § 2985.8(c)(2); see 12 C.F.R. § 213.3(a)(2) (segregated disclosures); § 47.220[1][d]]. For further discussion, see § 47.221[1][h].

[c] Execution of Contract Preceding Delivery of Vehicle

No vehicle may be delivered under a lease subject to the Vehicle Leasing Act until the lessor provides to the lessee a fully executed copy of the lease [*Civ. Code* § 2985.8(h)]. The lessor may not obtain the signature of the lessee to a contract when it contains blank spaces to be filled in after it has been signed [*Civ. Code* § 2985.8(i)].

[4] Prohibited Provisions

[a] Confession of Judgment or Assignment of Wages

The lease may not contain a provision by which a power of attorney is given to confess judgment in California, or an assignment of wages is given, except that this does not prohibit the giving of an assignment of wages contained in a separate instrument pursuant to *Lab. Code* § 300 [*Civ. Code* § 2986.3(a)]. For further discussion of *Lab. Code* § 300, see Ch. 76, *Assignments of Rights and Obligations*.

[b] Waiver of Right of Action

The lease may not contain a provision by which the lessee waives any right of action against the lessor or holder of the contract, or another person, for any illegal act committed in the collection of payments under the contract or in the repossession of the vehicle [*Civ. Code* § 2986.3(b)].

[c] Release of Liability

The lease may not contain a provision by which the lessee relieves the lessor from liability for any legal remedies that the lessee may have against the lessor under the contract or any separate instruments executed in connection with the lease [*Civ. Code* § 2986.3(c)].

[d] Waiver of Venue Right

The lease may not contain a provision by which the lessor or holder of the contract is given the right to commence action on a contract under the provisions of the Vehicle Leasing Act in a county other than the county in which the contract was in fact signed by the lessee, or the county in which the lessee resides at the commencement of the action, or the county in which the lessee resided at the time the contract was entered into, or the county in which the vehicle is

permanently garaged [*Civ. Code* § 2986.3(d)].

[5] Lease of Used Vehicle

No person may lease a used vehicle, for operation on California highways, that does not meet all of the equipment requirements of Division 12 of the Vehicle Code [*see Veh. Code* § 24000 *et seq.*]. This does not apply, however, to an extension or a subsequent lease of the same vehicle to the same lessee [*Civ. Code* § 2986.5(a)].

[6] Solicitations (Advertisements) by Lessor

[a] Content Triggering Disclosure Requirement

Any solicitation to enter into a lease that includes any of the following items must contain the disclosures described in [b], below [*Civ. Code* § 2985.71(a)]:

- The amount of any payment.
- A statement of any capitalized cost reduction or other payment required before or at consummation or by delivery, if delivery occurs after consummation.
- A statement that no capitalized cost reduction or other payment is required before or at consummation or by delivery, if delivery occurs after consummation.

[b] Required Disclosures

A solicitation to enter into a lease that includes any item listed in [a], *above*, must also clearly and conspicuously state all of the following items [*Civ. Code* § 2985.71(b)]:

- All of the disclosures prescribed by Regulation M set forth in the manner required or permitted by Regulation M, whether or not Regulation M applies to the transaction [*see* § 47.30[6][f]].
- The mileage limit after which mileage charges may accrue and the charge per mile for mileage in excess of the stated mileage limit.
- The statement "plus tax and license" or a substantially similar statement, if amounts due for use tax, license fees, and registration fees are not included in the payments.

[c] Bait and Switch

No solicitation to aid, promote, or assist directly or indirectly any lease may state that a specific lease of any vehicle at specific amounts or terms is available unless the lessor usually and customarily leases or will lease that vehicle at those amounts or terms [*Civ. Code* § 2985.71(c)].

[d] Limited Effect of Violation

A failure to comply with the provisions of *Civ. Code* § 2985.71 [*see* [a]-[c], *above*] does not affect the validity of the lease [*Civ. Code* § 2985.71(d)].

No owner or employee of any entity, other than the lessor, that serves as a medium in which a lease solicitation appears or through which a lease solicitation is disseminated, is liable under *Civ. Code* § 2985.71 [*Civ. Code* § 2985.71(d)].

[e] Referral Inducements

It is unlawful for any lessor to induce or attempt to induce any person to enter into a contract subject to the Vehicle Leasing Act by offering a rebate, discount, commission or other consideration, on the condition that the lessee give information or assistance for the purpose of enabling a lessor to either lease or sell a vehicle to another [Civ. Code § 2986.12].

[7] Extraneous Security Interests

No agreement providing, in connection with a lease, for the inclusion of title to or a lien on any personal or real property, other than the vehicle is the subject matter of the lease, or accessories for the vehicle, or special and auxiliary equipment used in connection with the vehicle, as security for the payment of the contract obligations, is enforceable. This rule does not apply, however, to a security deposit, advance payment of rent, or other cash prepayment [Civ. Code § 2986.6].

[8] Rights of Lessor's Assignee

An assignee of the lessor's rights is subject to all equities and defenses of the lessee against the lessor, notwithstanding an agreement to the contrary, but the assignee's liability may not exceed the amount of the obligation owing to the assignee at the time of the assignment [Civ. Code § 2986.10(a)].

The assignee has recourse against the lessor to the extent of any liability incurred by the assignee pursuant to foregoing rule regardless of whether the assignment was with or without recourse [Civ. Code § 2986.10(b)].

For further discussion of assignments, see Ch. 76, *Assignments of Rights and Obligations*.

[9] Refunds to Lessee and Return of Trade-In

Any payment made by a lessee to a lessor pending the execution of a lease must be refunded to the lessee in the event the lease is not executed [Civ. Code § 2986.13(a)].

If the lessee pays to the lessor an amount for the licensing or transfer of title of the vehicle to the lessee, and the amount paid exceeds the actual fees due for licensing or transfer, or exceeds the amount actually paid, before the sale, by the lessor to the state in order to avoid penalties that would have accrued because of late payment of fees, the lessor must return the excess amount to the lessee, whether or not the lessee requests the return of the excess amount [Civ. Code § 2986.5(b)].

In the event of the lessor breaches the after the lessee left a vehicle with the lessor as a trade-in down payment, if the vehicle is not returned by the lessor to the lessee for whatever reason, the lessee may recover from the lessor either the fair market value of the vehicle left as a down payment or its value as stated in the lease, whichever is greater. The recovery must be tendered to the lessee within five business days after the breach [Civ. Code § 2986.13(b)]. These remedies of the lessee are nonexclusive and cumulative, and do not preclude the lessee from pursuing any other remedy that the lessee may have under any other provision of law [Civ. Code § 2986.13(c)].

[10] Protection Against Excessive Open-End Lease Liability**[a] Legislative Findings**

The Legislature has found that it is necessary to provide protection for consumers who enter into leases in which the lessee will bear the risk of the vehicle's depreciation (that is, open-end leases, also called finance leases) by providing relief to the consumer when an ostensibly inexpensive lease establishes an excessively low level of periodic payment

resulting in an excessively high liability being imposed on the lessee at the expiration of the lease term because the lessor has failed to act in good faith, by either estimating an unreasonable residual value of the vehicle or establishing a level of periodic payment that bears no reasonable relation to the reasonably expected depreciation during the lease term. Therefore, the lessor has the obligation to act in good faith and to come forward with competent evidence showing that the estimated residual value was so determined given the circumstances existing at the inception of the lease [Civ. Code § 2988(a)].

[b] Estimation of Residual Value

When the lessee is to bear the risk of the vehicle's depreciation, and the lessee's liability on expiration of the lease is based on the estimated residual value of the vehicle, the estimated residual value must be a reasonable approximation of the anticipated actual fair market value of the vehicle on lease expiration. There is a rebuttable presumption that the estimated residual value is unreasonable to the extent that the estimated residual value exceeds the actual residual value by more than three times the average payment allocable to a monthly period under the lease. The presumption does not apply, however, to the extent that the excess of estimated over actual residual value is due to physical damage to the vehicle beyond reasonable wear and use or to excessive use, and the lease may set standards for wear and use if the standards are not unreasonable [Civ. Code § 2988(b)]. In this context, "fair market value" means the value that the vehicle would have when sold in a commercially reasonable manner in the customary market for the vehicle [Civ. Code § 2988(c)].

PRACTICE TIP:

The Consumer Leasing Act provides the same protection using the same rebuttable presumption [see 15 U.S.C. § 1667b(a); § 47.30[5][a]], and Regulation M requires disclosure of this protection to the lessee [see 12 C.F.R. § 213.4(m)(2); see also § 47.220[1][c], [4], [6]].

[c] Disposition and Notice of Intent to Sell

When the lessee is to bear the risk of depreciation on the scheduled expiration of the lease, the lessor, in disposing of the vehicle or obtaining cash bids for the purpose of setting the fair market value of the vehicle, must act in a commercially reasonable manner in the customary market for the vehicle [Civ. Code § 2989.2(a)]. Any provision in the lease to the contrary notwithstanding, the holder of the contract must give each lessee and guarantor at least 10 days written notice of intent to sell the vehicle, unless the lessor and lessee have agreed in writing to the amount of the lessee's liability under the lease after the lessee returns the vehicle to the lessor, or the lessee has satisfied the lease obligations by payment to the lessor [Civ. Code § 2989.2(b)]. For further discussion and a form for giving notice, see § 47.224.

[11] Violations

[a] Civil Action or Rescission

If the lessor fails to comply with any disclosure requirement imposed under Civ. Code § 2985.8 [see [3], above] or to provide the lessee protection mandated by Civ. Code § 2988 [see [10], above], and no specific relief is provided with respect to an aggrieved person, the lessor may be liable to that person for statutory damages as well as attorneys' fees and costs [Civ. Code § 2988.5(a)]. An assignee of the lease agreement, however, is only liable for defects apparent on the face of the document [Civ. Code § 2988.5(e); see *Bescos v. Bank of America* (2003) 105 Cal. App. 4th 378, 391, 129 Cal. Rptr. 2d 423 (assignee bank which financed lease but was not agent of dealer in lease transaction was not responsible as lessor for misrepresentations made by dealer that were unknown to lender and not apparent on face of lease)]. For discussion of civil actions under the Vehicle Leasing Act [see Civ. Code §§ 2988.5, 2988.9, 2989] and forms for complaints and affirmative defenses, see California Forms of Pleading and Practice, Ch. 90, *Automobiles: Vehicle Leasing Act* (Matthew Bender).

If the lessor fails to comply with disclosure requirements imposed under Civ. Code § 2985.8 [see [3], above], as an

alternative to an action under *Civ. Code* § 2988.5, the lessee may rescind the lease if the failure to comply was willful or if correction will increase the amount of the contract balance, unless the lessor waives the collection of the increased amount [*Civ. Code* § 2988.7].

[b] Nonactionable Violations

A lessor that does any of the following is in violation of the Vehicle Leasing Act:

- Fails to register the leased vehicle pursuant to the lease [*Civ. Code* § 2989.4(a)(1)].
- Advertises any specific vehicle in the inventory of the lessor for lease without identifying the vehicle by either the vehicle identification number or the license number [*Civ. Code* § 2989.4(a)(2)].
- Refuses to lease a vehicle to any creditworthy person at the advertised total price, exclusive of sales tax, vehicle registration fees, and finance charges [*Civ. Code* § 2989.4(a)(3)].

Although there can be no civil liability for any of these violations [*Civ. Code* § 2989.4(b)], there could be a criminal penalty [see [c], *below*]. In addition, the Department of Motor Vehicles has power to investigate consumer complaints about violations of the Vehicle Leasing Act [see *Civ. Code* § 2989.5].

[c] Criminal Violations

Any person who knowingly and willfully violates any provision of the Vehicle Leasing Act is guilty of a misdemeanor [*Civ. Code* § 2989.8].

CHAPTER 47 AUTOMOTIVE FINANCING AND VEHICLE LEASING
PART II. LEGAL BACKGROUND
B. Vehicle Leasing and Renting

20-47 California Legal Forms--Transaction Guide § 47.32

§ 47.32 Early Termination of Post-1997 Lease

[1] Lessee's Early-Termination Rights

In the case of a vehicle lease entered into after 1997 [*see Civ. Code § 2987(i)*], the lessee has the right to terminate the contract at any time before the scheduled expiration date specified in the contract [*Civ. Code § 2987(a)*].

If the lessee terminates the lease, voluntarily returns possession of the vehicle to the lessor, and timely pays all sums required under the lease as limited by *Civ. Code § 2987* [*see [2]-[8], below*], the lessor or holder must not provide any adverse information concerning the early termination to any consumer credit reporting agency [*Civ. Code § 2987(g)*].

[2] Early Termination by Purchase of Trade-In

If, before the scheduled expiration date specified in the lease, the lessee terminates the lease and purchases the vehicle or trades-in the vehicle in connection with the purchase or lease of another vehicle, the lessee must be relieved of any further liability under the lease, and the selling price of the leased vehicle, exclusive of taxes and other charges incidental to the sale, must not exceed the sum of the following [*Civ. Code § 2987(f)*]:

- All unpaid periodic lease payments that have accrued up to the date of termination. The Rule of 78 must not be used to compute accrued rent charges [*Civ. Code § 2987(h)*].
- All other amounts due and unpaid by the lessee under the lease, other than excess wear and mileage charges and unpaid periodic lease payments.
- Any charges, however denominated, that the lessor or holder of the lease may assess in connection with termination of the lease and the acquisition of the vehicle, not to exceed in the aggregate the amount of a reasonable purchase option fee, if any, disclosed in the lease and assessed on the scheduled termination of the lease.
- The adjusted capitalized cost disclosed in the lease less all depreciation and other amortized amounts

accrued through the date of early termination, computed in accordance with the constant yield or other generally accepted actuarial method.

[3] Lessee's Limited Liability in Other Cases

Unless the lessee purchases or trades in the vehicle on early termination of the lease [see [2], *above*], the lessee's liability under the contract must not exceed the sum of the following:

- All unpaid periodic lease payments that have accrued up to the date of termination [*Civ. Code* § 2987(b)(1)].

PRACTICE TIP:

The Rule of 78 must not be used to compute accrued rent charges [*Civ. Code* § 2987(h)].

- All other amounts due and unpaid by the lessee under the lease, other than excess wear and mileage charges and unpaid periodic lease payments [*Civ. Code* § 2987(b)(2)].
- Any charges, however denominated, that the lessor or holder of the lease may assess in connection with termination not to exceed in the aggregate the amount of a reasonable disposition fee, if any, disclosed in the lease and assessed on termination of the lease [*Civ. Code* § 2987(b)(3)].
- In the event of the lessee's default, reasonable fees paid by the lessor or holder for reconditioning of the leased vehicle, and reasonable and necessary fees paid by the lessor or holder, if any, in connection with the repossession and storage of the leased vehicle [*Civ. Code* § 2987(b)(4)].
- The difference, if any, between the adjusted capitalized cost disclosed in the lease and the sum of the following [*Civ. Code* § 2987(b)(5)]:
 - All depreciation and other amortized amounts accrued through the date of early termination, computed in accordance with the constant-yield (see below) or other generally accepted actuarial method [*Civ. Code* § 2987(b)(5)(A)].
 - The realized value of the vehicle [*Civ. Code* § 2987(b)(5)(B); see [6], *below*].

In the case of a periodic-payment lease, the "constant-yield" method is the method of determining the rent charge portion of each base payment in which the rent charge for each computational period is earned in advance, by multiplying the constant rate implicit in the lease times the balance subject to a rent charge as it declines during the scheduled lease term. At any time during the scheduled term of a periodic-payment lease, the balance subject to a rent charge is the difference between the adjusted capitalized cost and the sum of (1) all depreciation and other amortized amounts accrued during the preceding computational periods plus (2) the first base periodic payment [*Civ. Code* § 2985.7(f)(1)].

In the case of a single-payment lease, the "constant-yield" method is the method of determining the periodic earning of rent charges in which the rent charge for each computational period is earned in advance, by multiplying the constant rate implicit in the lease times the balance subject to a rent charge as it increases during the scheduled lease term. At any time during the scheduled term of a single-payment lease, the balance subject to a rent charge is determined by (1) subtracting from the residual value the total rent charge scheduled to be earned over the term of the lease and (2) adding to the difference all rent charges accrued during the preceding computational periods [*Civ. Code* § 2985.7(f)(2)].

In either case, periodic rent charge computations are based on the assumption that the lessor will receive the lease

payments on their exact due dates and that the lease does not end before its scheduled termination date [*Civ. Code* § 2985.7(f)(3)].

[4] Effect of Noncompliance and Bona Fide Error

The lessee has no liability if the lessor or holder of the lease does not comply with *Civ. Code* § 2987(d) [see [7], [8], *below*], relating to good faith and notice requirements, unless all of the following conditions are satisfied [*Civ. Code* § 2987(d)(3)]:

- Noncompliance was the result of a bona fide error in stating an amount required to be disclosed [*Civ. Code* § 2987(d)(3)(A); see *Civ. Code* § 2987(d)(2)(B)(ii)-(iv) (disclosures); § 47.223].
- The holder of the lease gives the lessee written notice of the error within 30 days after discovering the error and before an action is filed to recover the amount claimed to be owed and before written notice of the error is received by the holder of the lease from the lessee [*Civ. Code* § 2987(d)(3)(B)].
- The lessee is liable for the originally claimed amount or the correct amount, whichever is less [*Civ. Code* § 2987(d)(3)(C)].
- The holder of the lease refunds any amount collected in excess of the amount described in the preceding item within 10 days after notice of the error is given [*Civ. Code* § 2987(d)(3)(D)].

PRACTICE TIP:

"Bona fide error" means an error that was not intentional and occurred notwithstanding the maintenance of procedures reasonably adapted to avoid that error. Examples of bona fide errors include clerical errors, computation errors, errors caused by unintentionally improper computer programming or data entry, and printing errors. A bona fide error does not include an error of legal judgment with respect to a lessor's or lease holder's obligations under *Civ. Code* § 2987 [*Civ. Code* § 2987(d)(3)].

[5] Effect of Security Deposit or Advance Rent Payment

The lessor or holder of the lease must credit any security deposit or advance rent payment held by the lessor or holder of the lease against the lessee's liability under the lease as limited by *Civ. Code* § 2987. The portion of a security deposit or advance rental payment, if any, remaining after the lessee's liability under the lease as limited by *Civ. Code* § 2987 has been satisfied must be returned to the lessee not later than 30 days after satisfaction of the obligation [*Civ. Code* § 2987(e)].

[6] Realized Value

Subject to requirements for good faith and a notice to the lessee [see *Civ. Code* § 2987(d); [7], [8], *below*; § 47.223], the realized value of the vehicle used to compute the lessee's liability under *Civ. Code* § 2987(b)(5) [see [3], *above*] must be one of the following:

- If the lessee maintains insurance on the leased vehicle as required in the lease and the vehicle is a total loss as a result of theft or damage: the amount of any applicable insurance deductible owed by the lessee and the proceeds of the settlement of the insurance claim, unless a higher amount is agreed to by the holder of the lease [*Civ. Code* § 2987(c)(1); see [9], *below*].
- If the lessee elects to have an appraisal conducted as provided in Regulation M: the value determined on appraisal [*Civ. Code* § 2987(c)(2)].

- If the holder of the lease or lessor elects to retain ownership of the vehicle for use or to lease to a subsequent lessee: the wholesale value of the vehicle as specified in the current edition of a recognized used vehicle value guide customarily used by California vehicle dealers to value vehicles in California, including, but not limited to, the Kelley Blue Book Auto Market Report and the N.A.D.A. Official Used Car Guide [*Civ. Code* § 2987(c)(3)].

- In all other circumstances: either (whichever is higher) the price paid for the vehicle on disposition, or any other amount established by the lessor or the lease [*Civ. Code* § 2987(c)(4)].

[7] Contract Holder's Good Faith

The lessor or holder of the lease must act in good faith and in a commercially reasonable manner in connection with the disposition of the vehicle [*Civ. Code* § 2987(d)(1)].

[8] Notice Requirement

In addition to the good-faith requirement, any disposition of the vehicle must be preceded by a notice in writing [*see* § 47.223], which the holder of the contract must give to each lessee and guarantor at least 10 days in advance of any disposition or the valuation date pursuant to *Civ. Code* § 2987(c)(3) [*see* [3], *above*]. The notice must be personally served or must be sent by certified mail, return receipt requested, or first-class mail, postage prepaid, directed to the last known address of each lessee and guarantor. One notice is sufficient if those persons are married to each other and the most recent records of the holder of the lease indicate that they reside at the same address. The last known address of each lessee and guarantor must be presumed to be the address stated in the lease or guaranty for each lessee and guarantor unless the lessee or guarantor notifies the holder of the lease of a change of address [*Civ. Code* § 2987(d)(2)(A)].

[9] Total Loss of Insured Vehicle

The requirements for good-faith disposition of the vehicle and a related notice to the lessee [*see* [7], [8], *above*] do not apply when the lessee maintains insurance on the leased vehicle as required in the lease and the vehicle is declared a total loss by the insurer as a result of theft or damage [*Civ. Code* § 2987(d)(4)].

§ 47.33 Prohibition of Subleasing

It is unlawful to make, assist, cause, or arrange an actual or purported transfer or assignment of a right or interest in a vehicle subject to a lease, conditional sale contract, or security agreement if the following apply [*Penal Code §§ 570, 571*]:

- The transferor or assignor is not a party to the contract.
- The transferee or assignee is not a party to the contract.
- The terms of the contract prohibit the transfer or assignment of any right or interest in the vehicle.
- The transferor or assignor does not get written consent to the transfer or assignment from the lessor, seller, or secured party before the transfer or assignment.
- The transferor or assignor receives compensation or some other consideration for the transfer or assignment.

A person injured by unlawful vehicle subleasing may be able to bring an action for damages [*see Civ. Code § 3343.5(a)* (persons entitled to bring action)]. For further discussion, see *California Forms of Pleading and Practice*, Ch. 90, *Automobiles: Vehicle Leasing Act* (Matthew Bender).

20-47 California Legal Forms--Transaction Guide § 47.34

§ 47.34 Damage Liability and Waiver in Short Term Passenger Car Rental Agreement

[1] Definitions

[a] Rental Company and Renter

"Rental company" means a person or entity in the business of renting passenger vehicles to the public [*Civ. Code § 1936(a)(1)*].

"Passenger vehicle" means a passenger vehicle as defined in *Veh. Code § 465* [*Civ. Code § 1936(a)(10)*], that is, any motor vehicle, other than a motortruck or truck tractor, designed for carrying not more than 10 persons including the driver, and used or maintained for the transportation of persons, including a house car. In the present context, a "house car" is a motor vehicle originally designed, or permanently altered, and equipped for human habitation, or to which a camper has been permanently attached [*see Veh. Code § 362*], that is, a vehicle popularly known as a motor home (a recreational vehicle).

"Renter" means any person in any manner obligated under a contract for the lease or hire of a passenger vehicle from the rental company for a period shorter than 30 days [*Civ. Code § 1936(a)(2)*].

[b] Damage Waiver

"Damage waiver" means the rental company's agreement not to hold the renter liable for all or any portion of any damage or loss related to the rented vehicle, any loss of use of the rented vehicle, or any storage, impound, towing, or administrative charges [*Civ. Code § 1936(a)(5)*]. This is also known as a "collision damage waiver."

In the absence of a damage waiver, there are limitations on the renter's liability under the rental agreement for damage to the vehicle, loss of the vehicle, and the rental company's loss of use of the vehicle [*see [4], below*].

[c] Authorized Driver

"Authorized driver" means any of the following persons [*Civ. Code* § 1936(a)(3)]:

- The renter.
- The renter's spouse if that person is a licensed driver and satisfies the rental company's minimum age requirement.
- The renter's employer or coworker if he or she is engaged in business activity with the renter, is a licensed driver, and satisfies the rental company's minimum age requirement [*see Lazar v. Hertz Corporation* (1999) 69 Cal. App. 4th 1494, 1504-1506, 82 Cal. Rptr. 2d 368 (rejecting claim for age discrimination under Unruh Civil Rights Act since *Civ. Code* § 1936 expressly approves adoption of minimum age requirements; claim that defendants' business practice were unlawful and unfair under *Bus. & Prof. Code* § 17200 et seq. also rejected since practices were permitted by *Civ. Code* § 1936)].
- Any person expressly listed by the rental company on the rental agreement as an authorized driver.

[d] Customer Facility Charge

"Customer facility charge" means a fee required by an airport to be collected by a rental company from a renter, to finance, design, and construct consolidated airport car rental facilities, or to finance, design, construct, and provide common-use transportation systems that move passengers between airport terminals and those consolidated car rental facilities [*Civ. Code* § 1936(a)(4)(A)]. Limitations on the amount that may be collected are discussed in [6][c], *below*.

[e] Electronic Surveillance Technology

"Electronic surveillance technology" means a technological method or system used to observe, monitor, or collect information, including telematics, a global positioning system (GPS), wireless technology, and location-based technologies [*Civ. Code* § 1936(a)(6)]. The term does not include event data recorders (EDR), sensing and diagnostic modules (SDM), or other systems that are used either (1) to identify, diagnose, or monitor functions related to the potential need to repair, service, or perform maintenance on the rental vehicle or (2) as part of the vehicle's airbag sensing and diagnostic system in order to capture safety-related data for retrieval after a crash or in the event that the collision sensors are activated to prepare the decision-making computer to make the determination to deploy or not to deploy the airbag [*Civ. Code* § 1936(a)(6)].

[2] Authority to Use Damage Waiver

[a] Limitation on Use and Charge

A rental company may not require the purchase of a damage waiver, optional insurance, or other optional goods or services [*Civ. Code* § 1936(k)(1)].

Notwithstanding any other provision of law, a rental company may sell a damage waiver, subject to the following rate limitations for each full or partial 24-hour rental day for the damage waiver [*Civ. Code* § 1936(h)]:

- For a rental vehicle that the rental company designates as an "economy car," "subcompact car," "compact car," or another term having similar meaning when offered for rental, or another vehicle having a manufacturer's suggested retail price of \$19,000 or less, the rate may not exceed \$9.00.
- For a rental vehicle that has a manufacturer's suggested retail price from \$19,001 to \$34,999, inclusive, and that is also either a vehicle of the next year's model-year or not older than the previous year's model year, the rate may not exceed \$15.00. For those rental vehicles older than the previous

year's model-year, the rate may not exceed \$9.00.

The manufacturer's suggested retail prices are adjusted annually to reflect changes from the previous year in the Consumer Price Index. "Consumer Price Index," in this context, means the United States Consumer Price Index for All Urban Consumers, for all items [*Civ. Code* § 1936(i)].

See [4], *below*, for discussion of the renter's liability in the absence of a damage waiver.

[b] Required Disclosures

A rental company that offers or provides a damage waiver for any consideration in addition to the rental rate must clearly and conspicuously disclose specified information in the rental agreement or in the holder in which the agreement is placed, as well as in signs posted at the place, such as the counter, where the renter signs the rental agreement [*see Civ. Code* § 1936(g)(1)]. For renters enrolled in the company's membership program, a rental company must clearly and conspicuously disclose specified information in signs posted where their reserved cars are parked or near the exit for the bus transporting enrollees to their reserved cars [*see Civ. Code* § 1936(g)(1), [c], *below*; *see also Civ. Code* § 1936(a)(9)(A) (membership program means service offered by rental company that permits customers to bypass rental counter and go directly to previously reserved car); *Civ. Code* § 1936(a)(9)(A)-(E) (membership program's requirements)].

In addition, the rental company must orally disclose to all renters, except those who are participants in the rental company's membership program, that the damage waiver may be duplicative of coverage that the customer maintains under his or her own motor vehicle insurance policy [*Civ. Code* § 1936(g)(2)]. The renters' receipt of the oral disclosure is demonstrated through the renter's acknowledgment of receipt near that part of the contract in which the renter indicates, by the renter's own initials, that he or she has accepted or declined the damage waiver. Adjacent to that same part, the contract must also state that damage waiver is optional [*Civ. Code* § 1936(g)(2)]. Further, the contract must include a clear and conspicuous written disclosure that the damage waiver may be duplicative of coverage that the renter maintains under his or her own motor vehicle insurance policy [*Civ. Code* § 1936(g)(2)].

A statutory example of required disclosures [*see Civ. Code* § 1936(g)(3)] is included in the rental agreement in § 47.225[2].

[c] Special Disclosure Requirements for Renters Enrolled in Membership Program

A rental company's disclosure requirements will be satisfied for renters who are enrolled in the rental company's membership program if all of the following conditions are met: First, before the enrollee's first rental as a participant in the program, the renter must receive, in writing [*Civ. Code* § 1936(t)(1)(A)]:

- All of the disclosures required by *Civ. Code* § 1936(g)(1) [*see* [b], *above* and § 47.225[2]], including the terms and conditions of the rental agreement then in effect; and
- An internet website address, as well as a contact number or address, where the enrollee can learn of changes to the rental agreement or to the state laws governing rental agreements since the effective date of the rental company's most recent restatement of the agreement and distribution of that restatement to its members.

Second, at the beginning of each rental period, the renter must be provided, on the rental record or the folder in which it is inserted, with a printed notice stating that he or she had either previously selected or declined an optional damage waiver and that the renter has the right to change preferences [*Civ. Code* § 1936(t)(1)(B)].

Third, at the beginning of each rental period, the rental company must provide, on the rearview mirror, a hanger on which a statement is printed, in a box, in at least 12-point boldface type, notifying the renter that the collision damage waiver offered by the rental company may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance. If it is not feasible to hang the statement from the rearview mirror, it must be hung from the steering wheel [Civ. Code § 1936(t)(1)(C)]. The hanger must provide the renter a box to initial if he or she (not his or her employer) has previously accepted or declined the collision damage waiver and that he or she now wishes to change his or her decision to accept or decline the collision damage waiver. The language is specified by statute: "/_/ If I previously accepted the collision damage waiver, I now decline it. /_/ If I previously declined the collision damage waiver, I now accept it." [Civ. Code § 1936(t)(1)(C)]. The hanger must provide a box for the enrollee to indicate whether this change applies to this rental transaction only or to all future rental transactions. The hanger must also notify the renter that he or she may make such a change, before leaving the lot, by returning the form to an employee designated to receive the form who is present at the lot where the renter takes possession of the car, to receive any change in the rental agreement from the renter [Civ. Code § 1936(t)(1)(C); see also Civ. Code § 1936(t)(2)(A) (this provision is not applicable unless rental company employee actually is present at required location)].

These statutory provisions do not relieve the rental company from the disclosures required to be made within the text of a contract or holder in which the contract is placed; in or on an advertisement containing a rental rate; or in a telephonic, in-person, or computer-transmitted quotation or reservation [Civ. Code § 1936(t)(2)(B)].

[3] Scope of Damage Waiver

[a] General Protection Against Liability

Every damage waiver must provide (or, if not expressly stated in writing, must be deemed to provide) that the renter has no liability for any damage, loss, loss of use, or any cost or expense incident to damage, loss, or loss of use [Civ. Code § 1936(e)(1)]. The rental company may impose certain limitations, exceptions, and exclusions [see [b], *below*], but every other limitation, exception, or exclusion to any damage waiver is void and unenforceable [Civ. Code § 1936(e)(2)].

[b] Exceptions and Limitations

The rental company may provide in the rental contract that a damage waiver does not apply in any of the following circumstances:

- Damage or loss results from an authorized driver's [Civ. Code § 1936(f)(1)]:
 - Intentional, willful, wanton, or reckless conduct.
 - Operation of the vehicle under the influence of drugs or alcohol in violation of *Veh. Code* § 23152.
 - Towing or pushing anything.
 - Operation of the vehicle on an unpaved road if the damage or loss is a direct result of the road or driving conditions.
- Damage or loss occurs while the vehicle is [Civ. Code § 1936(f)(2)]:
 - Used for commercial hire.
 - Used in connection with conduct that could be properly charged as a felony.

- Involved in a speed test or contest or in driver training activity.
- Operated by a person other than an authorized driver.
- Operated outside the United States.
- An authorized driver [*Civ. Code § 1936(f)(3)*]:
 - Provided fraudulent information to the rental company.
 - Provided false information and the rental company would not have rented the vehicle if it had instead received true information.

[4] Renter's Liability Without Damage Waiver

[a] Limitation on Extent of Renter's Liability

The rental company and the renter may agree that the renter will be responsible for *no more than* all of the following [*Civ. Code § 1936(b)*], subject to a ceiling on the amount of the renter's liability for damage [*see [b], below*]:

- Physical or mechanical damage to the rented vehicle, up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from collision regardless of the cause of the damage [*Civ. Code § 1936(b)(1)*].
- Loss due to theft of the rented vehicle, up to its fair market value, as determined in the customary market for the sale of that vehicle, provided the rental company establishes by clear and convincing evidence that the renter or an authorized driver failed to exercise ordinary care while in possession of the vehicle. In addition, the renter is presumed to have no liability for any loss due to theft if (1) an authorized driver has possession of the ignition key furnished by the rental company or an authorized driver establishes that the ignition key furnished by the rental company was not in the vehicle at the time of the theft; and (2) an authorized driver files an official report of the theft with the police or other law enforcement agency within 24 hours of learning of the theft and reasonably cooperates with the rental company and the police or other law enforcement agency in providing information concerning the theft. This presumption is a presumption affecting the burden of proof, which the rental company may rebut by establishing that an authorized driver committed, or aided and abetted the commission of, the theft [*Civ. Code § 1936(b)(2)*].
- Physical damage to the rented vehicle, up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from vandalism occurring after, or in connection with, the theft of the rented vehicle; however, the renter must have no liability for any damage due to vandalism if the renter would have no liability for theft as stated in the preceding paragraph [*Civ. Code § 1936(b)(3)*].
- Physical damage to the rented vehicle and loss of use of the rented vehicle, up to a total of \$500, resulting from vandalism unrelated to the theft of the rented vehicle [*Civ. Code § 1936(b)(4)*].
- Actual charges for towing, storage, and impound fees paid by the rental company if the renter is liable for damage or loss [*Civ. Code § 1936(b)(5)*].
- An administrative charge, including the cost of appraisal and all other costs and expenses incident to

the damage, loss, repair, or replacement of the rented vehicle [*Civ. Code § 1936(b)(6)*; see [e], *below*].

[b] Ceiling on Amount of Renter's Liability for Damage

The total amount of the renter's liability to the rental company resulting from damage to the rented vehicle may not exceed the sum of the following amounts [*Civ. Code § 1936(c)*], as limited by statute [see [c], [d], *below*]:

- The estimated cost of parts that the rental company would have to buy to replace damaged vehicle parts [*Civ. Code § 1936(c)(1)*; see [c], *below*].
- The estimated cost of labor to replace damaged vehicle parts [*Civ. Code § 1936(c)(2)*; see [c], *below*].
- The estimated cost of labor to repair damaged vehicle parts [*Civ. Code § 1936(c)(3)(A)*; see [d], *below*].
- Actual charges for towing, storage, and impound fees paid by the rental company [*Civ. Code § 1936(c)(5)*].
- The administrative charge, including the cost of appraisal and all other costs and expenses incident to the damage, loss, repair, or replacement of the rented vehicle [*Civ. Code § 1936(c)(6)*; see [e], *below*].

[c] Replacement Parts and Labor

All discounts and price reductions or adjustments that are or will be received by the rental company must be subtracted from the estimated cost of parts to the extent not already incorporated in the estimate. Otherwise, the discounts or price reductions or adjustments must be promptly credited or refunded to the renter [*Civ. Code § 1936(c)(1)*].

The estimated cost of labor to replace damaged vehicle parts may not exceed the product of (1) the rate for labor usually paid by the rental company to replace vehicle parts of the type that were damaged times (2) the estimated time for replacement. All discounts and price reductions or adjustments that are or will be received by the rental company must be subtracted from the estimate to the extent not already incorporated in the estimate. Otherwise, the discounts or price reductions or adjustments must be promptly credited or refunded to the renter [*Civ. Code § 1936(c)(2)*]. "Estimated time for replacement" means the number of hours of labor, or fractional hours, needed to replace damaged vehicle parts as set forth in collision damage estimating guides generally used in the vehicle repair business and commonly known as "crash books" [*Civ. Code § 1936(a)(7)*].

[d] Repair Labor

The estimated cost of labor to repair damaged vehicle parts may not exceed the lesser of the following [*Civ. Code § 1936(c)(3)(A)*]:

- The product of (1) the rate for labor usually paid by the rental company to repair vehicle parts of the type that were damaged times (2) the estimated time for repair.
- The sum of the estimated labor and parts costs to replace the same vehicle parts [see [c], *above*].

All discounts and price reductions or adjustments that are or will be received by the rental company must be subtracted from the estimate to the extent not already incorporated in the estimate; otherwise, the discounts or price reductions or adjustments must be promptly credited or refunded to the renter [*Civ. Code § 1936(c)(3)(B)*].

"Estimated time for repair" means a good faith estimate of the reasonable number of hours of labor, or fractional hours, needed to repair damaged vehicle parts [*Civ. Code* § 1936(a)(8)].

[e] Administrative Charge

An administrative charge [*see Civ. Code* § 1936(b)(6); [a], *above*] may not be imposed if the total estimated cost of parts and labor does not exceed \$100 [*Civ. Code* § 1936(c)(6)]. Otherwise, the administrative charge is limited as follows [*Civ. Code* § 1936(c)(6)]:

- If the total estimated cost for parts and labor is more than \$100 and not more than \$500, the administrative charge may be \$50.
- If the total estimated cost for parts and labor is more than \$500 and not more than \$1,500, the administrative charge may be \$100.
- If the total estimated cost for parts and labor is more than \$1,500, the administrative charge may be \$150.

[5] Authorized Driver's Share of Liability

The total amount of an authorized driver's liability to the rental company, if any, for damage occurring during the authorized driver's operation of the rented vehicle may not exceed the amount of the renter's liability [*Civ. Code* § 1936(d)(1); *see* [4], *above*].

The rental company may not recover from the renter and another authorized driver an amount exceeding the renter's liability [*Civ. Code* § 1936(d)(2); *see* [4], *above*].

A claim against a renter resulting from damage or loss, excluding loss of use, to a rental vehicle must be reasonably related to the actual loss incurred. A rental company must mitigate damages when possible and may not assert or collect a claim for physical damage that exceeds the actual costs of the repairs performed--or the estimated cost of repairs, if the rental company chooses not to repair the vehicle--including all discounts and price reductions [*Civ. Code* § 1936(d)(3)]. However, if the vehicle is a total loss vehicle, the claim may not exceed the total loss vehicle value established in accordance with procedures that are customarily used by insurance companies when paying claims on total loss vehicles, less the proceeds from salvaging the vehicle, if those proceeds are retained by the rental company [*Civ. Code* § 1936(d)(3)].

If insurance coverage exists under the renter's applicable personal or business insurance policy, and the coverage is confirmed during regular business hours, the renter may require that the rental company submit any claims to the renter's applicable insurance carrier. The rental company may not make any written or oral representations that it will not present claims or negotiate with the renter's insurance carrier. Confirmation of coverage in this context includes telephone confirmation from insurance company representatives during regular business hours [*Civ. Code* § 1936(d)(4)]. On request of the renter and after confirmation of coverage, the amount of claim must be resolved between the insurance carrier and the rental company. The renter remains responsible for payment to the rental car company for any loss sustained that the renter's applicable insurance policy does not cover [*Civ. Code* § 1936(d)(4)].

A rental company may not recover from the renter or other authorized driver for any damage, loss, or fees for which the renter is responsible [*see Civ. Code* § 1936(b) (limitations on loss); [4][a], *above*], to the extent the rental company obtains recovery from another person [*Civ. Code* § 1936(d)(5)].

Civ. Code § 1936 applies only to the maximum liability of the renter or another authorized driver to the rental company resulting from damage to the rented vehicle, and not to the liability of another person [*Civ. Code § 1936(d)(6)*].

[6] Regulation of Trade Practices

[a] Advertisements

A rental company that disseminates in California any advertisement containing a rental rate must include in that advertisement a clearly readable statement of the charge for a damage waiver and a statement that a damage waiver is optional [*Civ. Code § 1936(j)*].

When the rental company states a rental rate in a television, radio, or print advertisement or in a telephonic, in-person, or computer-transmitted quotation, the rental company must disclose clearly in that advertisement or quotation the terms of any mileage conditions relating to the advertised or quoted rental rate, including (as applicable), but not limited to, the amount of mileage and gas charges, the number of miles for which no charges will be imposed, and a description of geographic driving limitations within the United States and Canada [*Civ. Code § 1936(n)(4)*].

When the rental company states a rental rate in an advertisement (including any radio, television, other electronic media, and print advertisement), quotation, or reservation (including those that are telephonic, in-person, and computer-transmitted) in connection with a car rental at an airport where a customer facility charge is imposed, the rental company must disclose clearly the existence and amount of the customer facility charge [*Civ. Code § 1936(n)(5)(A)*; see *Civ. Code § 1936(a)(4)* ("customer facility charge" defined); [1][d], *above*]. If the rate advertisement is intended to include transactions at more than one airport imposing a customer facility charge, the advertisement must state a range of fees. However, all rate advertisements that include car rentals at airport destinations must clearly and conspicuously include a toll-free telephone number at which a customer can be told the specific amount of the customer facility charge to which the customer will be obligated [*Civ. Code § 1936(n)(5)(A)*].

If a person or entity other than a rental car company, including a passenger carrier or a seller of travel services, advertises or quotes a rate for a car rental at an airport where a customer facility charge is imposed, that person or entity, provided the person or entity is provided with information about the existence and amount of the fee, to the extent not specifically prohibited by federal law, must clearly disclose the existence and amount of the fee in any telephonic, in-person, or computer-transmitted quotation, at the time of quoting an initial rental rate and at the time of making a rental car reservation. If a rental car company provides the person or entity with rate and customer facility charge information, the rental car company is not responsible for the failure of that person or entity to comply with applicable law when quoting or confirming a rate to a third person or entity [*Civ. Code § 1936(n)(5)(B)*].

[b] Charges In General

A rental company may advertise, quote, and charge a rental rate that includes only the entire amount (except taxes, a customer facility charge, if any [see [c], *below*], and a mileage charge, if any) that the renter must pay to hire or lease the vehicle for the period to which the rental rate applies. The rental company may not charge, in addition to the rental rate (and taxes and mileage charge, if any), any fee that is required to be paid by the renter as a condition of hiring or leasing the vehicle, including, but not limited to, required fuel or airport surcharges, nor any fee for transporting the renter to the location where the rented vehicle will be delivered to the renter [*Civ. Code § 1936(n)(1)*].

Despite these prohibitions, a rental car company may, in connection with the qualified business rental of a passenger vehicle to a business renter of a business-program sponsor under the sponsor's business program, do both of the following [*Civ. Code § 1936.05(b)*; see *Civ. Code § 1936.05(a)* (definitions); see also *Civ. Code § 1936.05(c),(d)* (enforcement; waiver is void as contrary to public policy)]:

- Separately quote additional charges for the rental if, at the time the quote is provided, the person receiving the quote is also provided a good faith estimate of the total of all the charges for the entire rental (except that the estimate may exclude mileage charges and charges for optional items and services that cannot be determined before completing the reservation based on the information provided by the renter).

- Separately impose additional charges for the rental, if the rental contract, or another document provided to the business renter at the time and place the rental begins, clearly and conspicuously discloses the total of all the charges for the entire rental, exclusive of charges that cannot be determined at the time the rental begins.

"Additional charges" in this context means charges other than a per-period base-rental rate established by the business program [*Civ. Code* § 1936.05(a)(1)].

However, a rental car company that separately quotes and separately imposes additional charges as discussed above must comply with the requirements of *Civ. Code* § 1936(n)(2)-(6) [*Civ. Code* § 1936.05(e)], discussed below.

The rental company may not charge a fee for authorized drivers in addition to the rental charge for an individual renter [*Civ. Code* § 1936(n)(3)].

In addition to the rental rate (and taxes, a customer facility charge, if any [*see* [c], *below*], and mileage charge, if any), the rental company may impose a charge based on reasonable age criteria established by the rental company [*see Lazar v. Hertz Corporation* (1999) 69 Cal. App. 4th 1494, 1507-1509, 82 Cal. Rptr. 2d 368 (holding that practice of imposing surcharges was neither unlawful nor unfair)]. The rental company also may charge for an item or service provided in connection with a particular rental transaction if the renter could have avoided incurring the charge by choosing not to obtain or use the optional item or service. Items and services for which the rental company may impose an additional charge, include, but are not limited to, the following [*Civ. Code* § 1936(n)(2)]:

- Optional insurance and accessories requested by the renter.
- Service charges incident to the renter's optional return of the vehicle to a location other than the location where the vehicle was hired or leased.
- Charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental [*see Schnall v. Hertz Corporation* (2000) 78 Cal. App. 4th 1144, 1162, 1170, 93 Cal. Rptr. 2d 439 (holding that *Civ. Code* § 1936(m)(2) provided rental car company with safe harbor against claim that amount of fuel service charge was unfair within meaning of Unfair Competition Law, but did not provide safe harbor against allegations that it confused and misled customers in violation of unfair and fraud prongs of UCL)].

If a rental company delivers a vehicle to a renter at a location other than the location where the rental company normally carries on its business, the rental company may not charge the renter an amount for the rental for the period before the delivery of the vehicle. If the rental company picks up a rented vehicle from the renter at a location other than the location where the rental company normally carries on its business, the rental company must not charge the renter an amount for the rental for the period after the renter notifies the rental company to pick up the vehicle [*Civ. Code* § 1936(n)(6)].

[c] Customer Facility Charge

An airport may require that a "customer facility charge" be collected by a rental company from a renter, to finance, design, and construct consolidated airport car rental facilities, or to finance, design, construct, and provide common-use transportation systems that move passengers between airport terminals and those consolidated car rental facilities [*Civ. Code § 1936(a)(4)(A)*; see [1][d], *above*]. However, the aggregate amount to be collected may not exceed the reasonable costs, as determined by an independent audit paid for by the airport, to finance, design, and construct those facilities. In the case of a transportation system, the audit also must consider the reasonable costs of providing the transit system or busing network [*Civ. Code § 1936(a)(4)(B)*]. Further, the fees designated as a customer facility charge may not be used to pay for terminal expansion, gate expansion, runway expansion, changes in hours of operation, or changes in the number of flights arriving or departing from the airport [*Civ. Code § 1936(a)(4)(B)*].

An airport's authorization to impose a customer facility charge will become inoperative when the bonds used for financing are paid [*Civ. Code § 1936(a)(4)(C)*].

A rental company may collect a customer facility charge when all of the following conditions are satisfied [*Civ. Code § 1936(m)(1)(A)-(G)*; see *Civ. Code § 1936(m)(1)(E)* (fees imposed); see also *Civ. Code § 1936(m)(1)(H)* (exceptions for certain airports)]:

- Collection of the fee by the rental company is required by an airport operated by a city, a county, a city and county, a joint powers authority, a special district, or the San Diego County Regional Airport Authority.
- The fee is calculated on a per-contract basis.
- The fee is a user fee, not a tax imposed upon real property or an incidence of property ownership [see *Cal. Const., Art. XIID*].
- With specified exceptions, the fee is \$10 per contract [see *Civ. Code § 1936(m)(1)(E)*] (exceptions).
- Revenues collected from the fee do not exceed the reasonable costs of financing, designing, constructing, or operating the facility or services and may not be used for any other purpose.
- The fee is separately identified on the rental agreement.

These fees, or fees collected under another law under which a local agency operating an airport requires a rental car company to collect a facility financing fee from its customers, are not subject to sales, use, or transaction taxes [*Civ. Code § 1936(m)(2)*].

[d] Unfair Conduct

A rental company may not engage in any unfair, deceptive, or coercive conduct to induce a renter to purchase a damage waiver, optional insurance, or another optional good or service, including, but not limited to, conduct such as refusing to honor the renter's reservation, limiting the availability of vehicles, requiring a deposit, or debiting or blocking the renter's credit card account for a sum equivalent to a deposit if the renter declines to purchase a damage waiver, optional insurance, or another optional good or service [*Civ. Code § 1936(k)(2)*].

A rental company may not seek to recover any portion of any claim arising out of damage to, or loss of, the rented vehicle by processing a credit card charge or causing a debit or block to be placed on the renter's credit card account [*Civ. Code § 1936(l)(1)*].

A rental company may not engage in any unfair, deceptive, or coercive tactics in attempting to recover or in recovering

on any claim arising out of damage to, or loss of, the rented vehicle [*Civ. Code* § 1936(l)(2)].

[e] Waiver

A waiver of any of the provisions of *Civ. Code* § 1936 is void and unenforceable as contrary to public policy [*Civ. Code* § 1936(s)].

[f] Restrictions on Use of Electronic Surveillance Technology

A rental company may not use, access, or obtain any information relating to the renter's use of the rental vehicle that was obtained using electronic surveillance technology, except in the following circumstances [*Civ. Code* § 1936(o)]:

- When the equipment is used by the rental company only to locate a stolen, abandoned, or missing rental vehicle, after [*Civ. Code* § 1936(o)(1)(A); see *Civ. Code* § 1936(o)(1)(B) (record-keeping requirements)]:
 - The renter or law enforcement has informed the rental company that the vehicle is missing, or has been stolen or abandoned; or
 - The rental vehicle has not been returned following one week after the contracted return date, or by one week following the end of an extension of that return date; or
 - The rental company discovers the rental vehicle is missing, or has been stolen or abandoned.
- In response to a specific request from law enforcement pursuant to a subpoena or search warrant [*Civ. Code* § 1936(o)(2)].

This law does not prohibit a rental company from equipping rental vehicles with:

- GPS-based technology, if the rental company does not use, access, or obtain information relating to the renter's use of the rental vehicle that was obtained using that technology, except to discover or repair a defect in the technology [*Civ. Code* § 1936(o)(3)].
- Electronic surveillance technology that allows the remote locking or unlocking of the vehicle at the renter's request, if the rental company does not use, access, or obtain information relating to the renter's use of the rental vehicle that was obtained using that technology, except as necessary to lock or unlock the vehicle [*Civ. Code* § 1936(o)(4)].
- Electronic surveillance technology that allows the company to provide roadside assistance, such as towing, flat-tire, or fuel services, at the renter's request, if the rental company does not use, access or obtain information relating to the renter's use of the rental vehicle that was obtained using that technology, except as necessary to provide the requested roadside assistance [*Civ. Code* § 1936(o)(5)].

This law also does not prohibit a rental company from obtaining, accessing, or using information from electronic surveillance technology for the sole purpose of determining the date and time the vehicle is returned to the rental company, and the total mileage driven and the vehicle fuel level of the returned vehicle, after the renter has returned the vehicle [see *Civ. Code* § 1936(o)(6)].

A rental company may not use electronic surveillance technology to track a renter in order to impose fines or surcharges

relating to the renter's use of the rental vehicle [*Civ. Code* § 1936(p)].

[7] Civil Actions

A renter may bring an action against the rental company for the recovery of damages and appropriate equitable relief for a violation of *Civ. Code* § 1936. The prevailing party is entitled to recover reasonable attorneys' fees and costs [*Civ. Code* § 1936(q)]. Any action by a rental company against a renter for loss due to theft of the vehicle must be brought in the county in which the renter resides or, if the renter is not a California resident, in the jurisdiction in which the renter resides [*Civ. Code* § 1936(r)]. For discussion of actions under *Civ. Code* § 1936, and an illustrative complaint, see *California Forms of Pleading and Practice*, Ch. 93, *Bailments*, § 93.100 *et seq.* (Matthew Bender).

C. Procedural Guide

20-47 California Legal Forms--Transaction Guide § 47.120

§ 47.120 Procedural Guide to Credit Sale by Dealer

[1] Conducting Consumer Conditional Sale Transaction

1. Review dealer's form of conditional sale contract for compliance with Rees-Levering Act [*Civ. Code* § 2981 *et seq.*; *see* §§ 47.12, 47.200] and disclosure requirements of Truth in Lending Act [15 U.S.C. § 1601 *et seq.*; *see* § 47.11; Ch. 45, *Consumer Installment Loans and Credit Sales*].
2. Instruct dealer to make appropriate disclosures to buyer, in a separate writing from the conditional sale contract, as required under the Car Buyer's *Bill of Rights*, [*see Civ. Code* § 2982.2 (effective July 1, 2006)].
3. If purchase order is negotiated in connection with conditional sale contract, instruct dealer to use purchase order form containing [*Civ. Code* §§ 2981(l), 2982]:
 - a. Same financial disclosures as required in conditional sale contract [*see Civ. Code* § 2982(a), (m); § 47.200[1][c]-[i]].
 - b. Same notice regarding liability insurance as required in conditional sale contract [*see Civ. Code* § 2984.1; § 47.200[1][m]].
4. Instruct dealer [*Civ. Code* § 2981.9; *see* §§ 47.12[4][a], 47.200[1][p]]:
 - a. Not to obtain buyer's signature until all blank spaces in contract have been filled in.
 - b. To furnish exact copy of executed conditional sale contract to buyer at time buyer and dealer execute the contract.

NOTE:

If a language other than English is the primary language used for negotiations with a consumer with respect to a contract under the Rees-Levering Act, the consumer (and any other party to the contract) may have to be provided with a translation of the contract in that other language *Civ. Code § 1632(b)(1); see § 47.14*. For contracts entered into prior to July 1, 2004, this requirement applied only to contracts negotiated primarily in Spanish. On and after July 1, 2004, it applies to contracts negotiated primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean [*see Civ. Code § 1632*]. For detailed discussion of these requirements, and exceptions, see *Ch. 45, Consumer Installment Loans and Credit Sales, § 45.64*.

c. Not to deliver vehicle to buyer until buyer has received fully executed copies of conditional sale contract and any other documents signed during purchase negotiations.

5. Instruct dealer not to charge application fee for conditional sale contract [*Civ. Code § 2982(o); see § 47.12[4][b]*].
6. Instruct dealer to return any property or payment given by buyer pending execution of contract, in event contract is not executed [*Civ. Code § 2982.7; see § 47.12[4][d]*].
7. Instruct dealer to allow buyer to rescind any contract or purchase order if buyer is unable to obtain third-party financing known by dealer to be required by buyer in order to make purchase [*Civ. Code § 2982.9; see § 47.12[4][d]*].
8. Instruct dealer not to compute finance charge in part on simple-interest basis and in part on precomputed basis [*Civ. Code § 2981.8; see § 47.12[5][b]*].
9. Instruct dealer not to impose excessive finance charge [*Civ. Code § 2982(j)(1); see § 47.12[5][c]*].
10. Instruct dealer not to take prohibited lien on or title to property as security [*Civ. Code § 2984.2; see § 47.12[9]*].
11. Instruct dealer to complete numbered report-of-sale form issued by Department of Motor Vehicles and attach copy to vehicle [*Veh. Code § 4456(a)(1)*].

NOTE:

A vehicle displaying a copy of the report of sale may be operated without a license plate or registration card until those items are received by the buyer [*Veh. Code § 4456(c)*].

12. When purchased vehicle is new vehicle not previously registered in California, instruct dealer to deliver or mail to Department of Motor Vehicles in Sacramento as soon as possible and not more than five days after date of sale [*Veh. Code § 5901(a)*]:

- a. Original report of sale for vehicle [*Veh. Code § 4456(a)*].
- b. Application for registration of vehicle.

NOTE:

The application must be submitted to the Department accompanied by all fees and penalties due for registration or transfer of registration within 20 days after the date of sale [*Veh. Code § 4456(a)(2)*].

- c. Consent, signed by buyer, to have lender that has taken assignment of contract to be named as legal

owner of vehicle.

d. Dealer's check, payable to Department of Motor Vehicles, for all registration and license fees payable on registration of vehicle and recordation of conditional sale contract.

13. If purchased vehicle is used vehicle already registered in California, instruct dealer to deliver or mail to Department of Motor Vehicles in Sacramento as soon as possible and not more than five days after date of sale [*Veh. Code § 5901*]:

a. Report of sale for vehicle [*Veh. Code § 4456(a)*].

NOTE:

The dealer must also notify the DMV of the vehicle's odometer reading at the time of sale or transfer. If the dealer knows that the odometer reading is incorrect, the dealer must indicate that the mileage registered by the odometer is incorrect [*Veh. Code § 5901(b)*]. If the dealer is not in possession of the vehicle, the person in physical possession must give the mileage notice to the DMV [*Veh. Code § 5901(c)*].

b. Certificate of ownership ("pink slip") endorsed by former owner of vehicle, endorsed by dealer, and showing buyer as new registered owner and lender as new legal owner.

c. Certificate of registration ("white slip") previously issued for vehicle.

d. Dealer's check, payable to Department of Motor Vehicles, for all fees payable for transfer of registration and legal ownership of vehicle.

a. Amount of buyer's down payment.

 - c. Assignment under repurchase agreement.
 - d. Assignment under limited liability agreement [*see* § 47.208[2]].
6. Instruct dealer to deliver executed assignment and original conditional sale contract to lender that has agreed to purchase contract.

§ 47.121 Procedural Guide to Vehicle Leasing

1. Review lessor's lease forms to ensure compliance with Vehicle Leasing Act [*Civ. Code* § 2985.7 *et seq.*; *see* §§ 47.31, 47.221] as well as Consumer Leasing Act [15 U.S.C. § 1667 *et seq.*] and Regulation M [12 C.F.R. pt. 213; *see* §§ 47.30, 47.220].

NOTE:

For example, in *Kroupa v. Sunrise Ford* (1999) 77 Cal. App. 4th 835, 843-844, 92 Cal. Rptr. 2d 42, the court found a violation of *Civ. Code* § 2985.8(a) when there was a single transaction involving two trade-ins and a new truck lease but no single document containing "all the agreements" regarding the parties' obligations.

2. Instruct lessor to have each lease executed by lessor and lessee, and give one fully completed and executed copy to lessee [*Civ. Code* § 2985.8(g)].

NOTE:

If a language other than English is the primary language used for negotiations with a consumer with respect to a contract under the Vehicle Leasing Act, the consumer (and any other party to the contract) may have to be provided with a translation of the contract in that other language *Civ. Code* § 1632(b)(1); *see* § 47.14]. For contracts entered into prior to July 1, 2004, this requirement applied only to contracts negotiated primarily in Spanish. On and after July 1, 2004, it applies to contracts negotiated primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean [*see Civ. Code* § 1632]. For detailed discussion of these requirements, and exceptions, *see Ch. 45, Consumer Installment Loans and Credit Sales*, § 45.64.

3. Advise that lessor and lessee must complete and sign application for registration or transfer of registration of leased vehicle by Department of Motor Vehicles to:

- a. Lessor and lessee, as registered owners.
- b. Lender, if any, that is financing purchase of vehicle by lessor, as legal owner.

NOTE:

The lessor will be shown on the registration card as the owner, and the lessee will be shown as the lessee of the vehicle. The DMV will designate their relationships on the card and the ownership certificate as "lessor" and "lessee." At the lessor's election, the DMV may designate the address of either party [*Veh. Code* § 4453.5(a)].

- 4. When lessor is engaged in business of selling automobiles, instruct lessor to have report of sale of leased vehicle completed and, together with paper license plate, attached to leased vehicle in same manner as if vehicle had been sold to lessee [*see* § 47.120[1], P 12].
- 5. Instruct lessor to forward necessary documents to Department of Motor Vehicles within five days after execution of lease by lessee [*see* § 47.120[1] P, 12].
- 6. Advise that lessor may assign and deliver lease to lender that is financing purchase of the leased vehicle by lessor [*see* § 47.226].

20-47 California Legal Forms--Transaction Guide § 47.200

§ 47.200 Conditional Sale Contract for Motor Vehicle--Between Dealer and Consumer [Civ. Code § 2982]

[1] Comment

[a] Use of Form

This form is a conditional sale contract for use by motor vehicle retailers in California when selling vehicles that will be used for noncommercial purposes. For a conditional sale contract that may be used for the casual sale of an automobile by a person not engaged in the business, see § 47.206.

[b] Form and Format of Contract

Every contract subject to the Rees-Levering Act must be in writing. If printed, it must be printed in at least 6-point type. It must contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the vehicle, including any promissory notes or any other evidences of indebtedness [Civ. Code § 2981.9].

The contract must disclose on its face, by printing the word "new" or "used" in a box outlined in red, that is not smaller than a half inch high and a half inch wide, whether the vehicle is sold as a new vehicle [see Veh. Code § 430 ("new vehicle" defined)] or as a used vehicle [Civ. Code § 2982(q); see Veh. Code § 665 ("used vehicle" defined)].

It is a licensing violation for a dealer to fail to disclose, in a clear and conspicuous manner in at least 10-point boldface type on the face of a contract for the retail sale of a new motor vehicle that the transaction is, or is not, subject to a fee received by an auto broker from the selling new motor vehicle dealer, and the name of the auto broker, if applicable [Veh. Code § 11713.1(x)].

If a language other than English is the primary language used for negotiations with a consumer with respect to a contract under the Rees-Levering Act, the consumer (and any other party to the contract) may have to be provided with a translation of the contract in that other language [Civ. Code § 1632(b)(1); see § 47.14]. For contracts entered into prior to July 1, 2004, this requirement applied only to contracts negotiated primarily in Spanish. On and after July 1, 2004, it

applies to contracts negotiated primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean [see *Civ. Code* § 1632]. For detailed discussion of these requirements, and exceptions, see *Ch. 45, Consumer Installment Loans and Credit Sales*, § 45.64.

[c] Disclosures and Notices in General

Every contract subject to the Rees-Levering Act must contain the disclosures required by Regulation Z [12 C.F.R. pt. 226], whether or not Regulation Z applies to the transaction. For discussion of Regulation Z, see *Ch. 45, Consumer Installment Loans and Credit Sales*. In addition, the contract must contain the other disclosures and notices, to the extent that they are applicable, required by *Civ. Code* § 2982 [see [d]-[o], below], and the contract must satisfy the other requirements and limitations of that section. All required notices and disclosures, except disclosures required by *Civ. Code* § 2982(a) [see [c], below], may appear in the contract in any location or sequence and may be combined or interspersed with other provisions of the contract [*Civ. Code* § 2982].

"Regulation Z" means any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System under the federal Truth in Lending Act, as amended [15 U.S.C. § 1601 *et seq.*], and any interpretation or approval issued by an official or employee of the Federal Reserve Board duly authorized under the Truth in Lending Act to issue the interpretation or approval [*Civ. Code* § 2981(m)].

Notwithstanding any other provision of the Rees-Levering Act to the contrary, any information required to be disclosed in a contract under the Rees-Levering Act may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time the disclosure is made, as long as all of the requirements and limitations set forth in *Civ. Code* § 2982(a) are satisfied [see [d], below]. However, the seller may not elect the option under Regulation Z to avoid itemizing the amount financed and merely state the buyer's right to receive a separate itemization [see 12 C.F.R. § 226.18(c)(2) ("The creditor need not comply with paragraph (c)(1) of this section [requiring itemization of the amount financed] if the creditor provides a statement that the consumer has the right to receive a written itemization of the amount financed, together with a space for the consumer to indicate whether it is desired, and the consumer does not request it"); see also [d], below]. Nothing in the Rees-Levering Act prohibits the disclosure in the contract of additional information required or permitted under Regulation Z, as in effect at the time the disclosure is made [*Civ. Code* § 2982(m)].

Effective July 1, 2006, a seller must provide a buyer with additional disclosures contained in a document separate from the conditional sales contract or purchase order, before the execution of a conditional sale contract [see *Civ. Code* § 2982.2; Stat. 2005 ch. 128, § 12 (effective date)]. For further discussion and a sample form, see § 47.200A.

[d] Itemization of Amount Financed

The components of the itemization of the amount financed, below, may be itemized or subtotaled to a greater extent than shown here, but in all cases they must be made together and in the sequence set forth here [*Civ. Code* § 2982]. No particular terminology is required to disclose these items except as expressly stated below [*Civ. Code* § 2982(b)]. The contract must contain these disclosures, as applicable, under the heading "itemization of the amount financed" [*Civ. Code* § 2982(a)]:

1. An itemization, as follows, of the total cash price:
 - a. The cash price, exclusive of document preparation fees, taxes imposed on the sale, pollution control certification fees, prior credit or lease balance remaining on property being traded in, the amount charged for a service contract, and, effective July 1, 2006 [see Stat. 2005 ch. 128, § 12], the amount charged for a surface protection product, the amount charged for an optional debt cancellation agreement, and the amount charged for a

contract cancellation option agreement [*Civ. Code* § 2982(a)(1)(A)].

b. The fee to be retained by the seller for document preparation [*Civ. Code* § 2982(a)(1)(B)].

c. The fee charged by the seller for certifying that the vehicle complies with applicable pollution control requirements [*Civ. Code* § 2982(a)(1)(C)].

d. A charge for a theft deterrent device [*Civ. Code* § 2982(a)(1)(D) (effective July 1, 2006; see Stat. 2005 ch. 128, § 12); see *Civ. Code* § 2981(r) (definition); § 47.12[2][e]].

e. A charge for a surface protection product [*Civ. Code* § 2982(a)(1)(E) (effective July 1, 2006; see Stat. 2005 ch. 128, § 12); see *Civ. Code* § 2981(q) (definition); § 47.12[2][e]].

f. Taxes imposed on the sale [*Civ. Code* § 2982(a)(1)(D) (renumbered *Civ. Code* § 2982(a)(1)(F), effective July 1, 2006); see Stat. 2005 ch. 128, § 12)].

g. The amount of any optional business partnership automation fee to register or transfer the vehicle (which must be labeled "Optional DMV Electronic Filing Fee") [*Civ. Code* § 2982(a)(1)(E) (renumbered *Civ. Code* § 2982(a)(1)(G), effective July 1, 2006); see Stat. 2005 ch. 128, § 12)].

h. The amount charged for a service contract [*Civ. Code* § 2982(a)(1)(F) (renumbered *Civ. Code* § 2982(a)(1)(H), effective July 1, 2006); see Stat. 2005 ch. 128, § 12)].

i. The prior credit or lease balance remaining on property being traded in [see *Civ. Code* § 2982(a)(6) (down payment and trade-in calculation)]. This disclosure must be labeled "prior credit or lease balance (see down payment and trade-in calculation)" [*Civ. Code* § 2982(a)(1)(G) (renumbered *Civ. Code* § 2982(a)(1)(I), effective July 1, 2006); see Stat. 2005 ch. 128, § 12]; see also [e], below].

j. Any charge for an optional debt cancellation agreement [*Civ. Code* § 2982(a)(1)(H) (renumbered *Civ. Code* § 2982(a)(1)(J), effective July 1, 2006); see Stat. 2005 ch. 128, § 12)].

k. Any charge for a used vehicle contract cancellation option agreement [*Civ. Code* § 2982(a)(1)(K) (effective July 1, 2006; see Stat. 2005 ch. 128, § 12)].

l. The total cash price, which is the sum of the foregoing amounts [*Civ. Code* § 2982(a)(1)(I) (renumbered *Civ. Code* § 2982(a)(1)(L), effective July 1, 2006); see Stat. 2005 ch. 128, § 12)].

The disclosures required for charges for a theft deterrent device, a surface protection product, or a charge for a used vehicle contract cancellation option agreement, under *Civ. Code* § 2982(a)(1)(D), (E), (K), respectively, effective July 1, 2006, as listed above, are not required on contracts involving the sale of a motorcycle [see *Veh. Code* § 400 (definition)], or on contracts involving the sale of an off-highway motor vehicle subject to identification under *Veh. Code* § 38010. Further, the amounts of those charges, if any, are not required to be reflected in the total cash price [*Civ. Code* § 2982(a)(1)(M) (effective July 1, 2006; see Stat. 2005 ch. 128, § 12)].

2. Amounts paid to public officials for vehicle license fees, registration, transfer, and titling fees, and tire fees imposed under the Public Resources Code [*Civ. Code* § 2982(a)(2); *see Pub. Res. Code* § 42885 (tire fees); Stats. 2001, ch. 287, §§ 1, 5 (effective date)].
3. The aggregate amount of premiums agreed, on execution of the contract, to be paid for policies of insurance included in the contract, excluding the amount of any insurance premium included in the finance charge [*Civ. Code* § 2982(a)(3)].
4. The amount of the state fee for issuance of a certificate of compliance, noncompliance, exemption, or waiver pursuant to any applicable pollution control statute [*Civ. Code* § 2982(a)(4)].
5. A subtotal representing the sum of all costs and charges above (items 1-4) [*Civ. Code* § 2982(a)(5)].
6. The amount of the buyer's down payment, which must be itemized [*Civ. Code* § 2982(a)(6); *see* [e], *below*].
7. The amount of any administrative finance charge, labeled "prepaid finance charge" [*Civ. Code* § 2982(a)(7)].
8. The subtotal of all costs and charges (item 5) less the sum of the down payment (item 6) plus any administrative finance charge (item 7), labeled "amount financed" [*Civ. Code* § 2982(a)(8)].

[e] Itemization of Down Payment

The amount of the buyer's down payment must be itemized [*see* [d], *above*] to show the following [*Civ. Code* § 2982(a)(6)]:

- The agreed value of the property being traded in [*Civ. Code* § 2982(a)(6)(A)].
- The prior credit or lease balance, if any, owing on the property being traded in [*Civ. Code* § 2982(a)(6)(B)].
- The net agreed value of the property being traded in, which is the difference between the property's agreed value and its prior credit or lease balance owing. If the prior credit or lease balance owing exceeds the agreed value, a negative number must be stated [*Civ. Code* § 2982(a)(6)(C)].

PRACTICE TIP:

This treatment of trade-in value is mandated to achieve two goals. One is to reduce the risk that the credit buyer and the financing company could be deceived about the buyer's actual financial situation; the other is to reduce the likelihood of unfair competition between sellers. Those goals would be frustrated by, for example, a seller's practice of inflating the agreed value of a trade-in vehicle in order to hide the buyer's negative equity—that is, hide the fact that the buyer owes more on a pre-existing contract for the trade-in vehicle than it is worth—and likewise inflating the disclosed cash price so as to absorb the phantom value added to the trade-in vehicle. The disclosure requirements concerning trade-in value will be enforced to suppress such practices [*e.g.*, *Thompson v. 10,000 RV Sales, Inc.* (2005) 130 Cal. App. 4th 950, 970, 974, 978, 31 Cal. Rptr. 3d 18 (injunction properly prohibited seller from including over-allowances on trade-in vehicles in cash price of vehicles being purchased in credit transactions)].

- The amount of any portion of the down payment to be deferred until not later than the due date of the

second regularly scheduled installment under the contract and that is not subject to a finance charge [*Civ. Code* § 2982(a)(6)(D)].

■ The amount of any manufacturer's rebate applied or to be applied to the down payment [*Civ. Code* § 2982(a)(6)(E)].

■ The remaining amount paid or to be paid by the buyer as a down payment [*Civ. Code* § 2982(a)(6)(F)].

■ The total down payment. If the sum of the amounts specified in *Civ. Code* § 2982(a)(6)(C)-(F), inclusive (discussed above), is zero or more, that sum must be stated as the total down payment, and no amount stated as the prior credit or lease balance under *Civ. Code* § 2982(a)(1)(G) (renumbered *Civ. Code* § 2982(a)(1)(I), effective July 1, 2006); see Stat. 2005 ch. 128, § 12). If the sum of amounts specified in *Civ. Code* § 2982(a)(6)(C)-(F), inclusive, is less than zero, that sum, expressed as a positive number, must be stated as the prior credit or lease balance under *Civ. Code* § 2982(a)(1)(G) [see Item 1(i) under [d], *above*; (renumbered *Civ. Code* § 2982(a)(1)(I), effective July 1, 2006); see Stat. 2005 ch. 128, § 12)], and zero must be stated as the total down payment. These disclosures must be labeled "total downpayment" and must contain a descriptor indicating that, if the total down payment is a negative number, a zero must be disclosed as the total down payment and a reference made that the remainder will be included in the disclosure required by *Civ. Code* § 2982(a)(1)(G) (renumbered *Civ. Code* § 2982(a)(1)(I), effective July 1, 2006); see Stat. 2005 ch. 128, § 12) [*Civ. Code* § 2982(a)(6)(G)].

If the down payment includes property being traded in, the contract must contain a brief description of that property [*Civ. Code* § 2982(d)].

PRACTICE TIP:

If payment of all or a portion of the down payment is to be deferred, the deferred payment must be reflected in the payment schedule disclosed pursuant to Regulation Z [*Civ. Code* § 2982(c)].

[f] Itemization of Insurance

The contract must contain an itemization of any insurance included as part of the amount financed disclosed pursuant to *Civ. Code* § 2982(a)(3) [see [d], *above*] and of any insurance included as part of the finance charge. The itemization must identify the type of insurance coverage and the premium charged for it. If the insurance expires before the date of the last scheduled installment included in the repayment schedule, the term of the insurance must be stated [*Civ. Code* § 2982(i)(1); see 10 Cal. Code Reg. § 2114(b), (c) (same information is required by Insurance Commissioner, and compliance with Rees-Levering Act is compliance with regulatory requirement); see also [m], *below*].

If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part of it is to be made more than one year after the date of the contract, any finance charge on the amount to be disbursed after one year must be computed from the month the disbursement is to be made to the due date of the last installment under the contract [*Civ. Code* § 2982(i)(2)].

[g] Document Preparation Fee

If the seller imposes a fee for document preparation, the contract must contain a disclosure that the fee is not a governmental fee [*Civ. Code* § 2982(n)].

[h] Prepayment--Simple-Interest Finance Charge

If the contract includes a finance charge that is determined on the simple-interest basis, the contract must contain a

notice, in at least 10-point boldface type if the contract is printed, reading as follows [*Civ. Code* § 2982(g)(3)]:

Notice

to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.

If the contract provides for a minimum simple-interest finance charge in the event of prepayment in full, the contract must contain a statement of that fact and the amount of the minimum finance charge or its method of computation [*Civ. Code* § 2982(f)(2)].

[i] Prepayment--Unearned Precomputed Finance Charge

If the contract includes a finance charge determined on the precomputed basis, the contract must do the following [*Civ. Code* § 2982(f)(1)]:

- Identify the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation.
- Contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer.

The method of computing the unearned portion of the finance charge must be sufficiently identified with a reference to the actuarial method if the computation will be under that method [*Civ. Code* § 2982(f)(1)]. In addition, the contract must contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows [*Civ. Code* § 2982(g)(2)]:

Notice

to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.

The method of computing the unearned portion of the finance charge must be sufficiently identified with a reference to the Rule of 78's, the sum of the digits, or the sum of the periodic time balances method in all other cases, and those references must be deemed to be equivalent for disclosure purposes [*Civ. Code* § 2982(f)(1)]. In addition, the contract must contain a notice, in at least 10-point boldface type if the contract is printed, reading as shown above but with this sentence appended to the third statement [*Civ. Code* § 2982(g)(1)]:

Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement.

[j] Consumer Complaint Procedure

The contract must contain a notice in at least 8-point boldface type, acknowledged by the buyer, that reads as follows [*Civ. Code* § 2982(h)]:

If you have a complaint concerning this sale, you should try to resolve it with the seller.

Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or an investigator for the Department of Motor Vehicles, or any combination thereof.

After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

Buyer's Signature

[k] Names and Addresses for Certain Notices

The contract must contain the names and addresses of all persons to whom the notices required under *Civ. Code* § 2983.2 concerning intent to dispose of the vehicle after repossession [see § 47.203] and permitted under *Civ. Code* § 2984 concerning correction of a failure to comply with the Rees-Levering Act [see § 47.202] are to be sent [*Civ. Code* § 2982(e)].

[l] Preservation of Buyer's Claims and Defenses as Consumer

In connection with any financed sale or lease of goods to consumers subject to the Truth in Lending Act [see 15 U.S.C. § 1601 *et seq.*] and Regulation Z [see 12 C.F.R. pt. 226], in or affecting interstate commerce, it is an unfair or deceptive act or practice under the Federal Trade Commission Act [see 15 U.S.C. § 45] for a seller to take or receive a consumer credit contract that fails to contain the following provision, in at least 10-point boldface type [see 16 C.F.R. § 433.2; see also 16 C.F.R. § 433.1 (definitions); Ch. 45, *Consumer Installment Loans and Credit Sales*]:

NOTICE

ANY HOLDER OF THIS CONSUMER CREDIT CONTRACT IS SUBJECT TO ALL CLAIMS AND DEFENSES WHICH THE DEBTOR COULD ASSERT AGAINST THE SELLER OF GOODS OR SERVICES OBTAINED PURSUANT HERETO OR WITH THE PROCEEDS HEREOF. RECOVERY HEREUNDER BY THE DEBTOR SHALL NOT EXCEED AMOUNTS PAID BY THE DEBTOR HEREUNDER.

[m] Liability Insurance Warnings and Notices

The contract must contain a statement in contrasting red ink in at least 8-point boldface type, which is to be signed or initialed by the buyer, as follows [*Civ. Code* § 2984.1]:

THE MINIMUM PUBLIC LIABILITY INSURANCE LIMITS PROVIDED IN LAW MUST BE MET BY EVERY PERSON WHO PURCHASES A VEHICLE. IF YOU ARE UNSURE WHETHER OR NOT YOUR CURRENT INSURANCE POLICY WILL COVER YOUR NEWLY ACQUIRED VEHICLE IN THE EVENT OF AN ACCIDENT, YOU SHOULD CONTACT YOUR INSURANCE AGENT.

WARNING:

YOUR PRESENT POLICY MAY NOT COVER COLLISION DAMAGE OR MAY NOT PROVIDE FOR FULL REPLACEMENT COSTS FOR THE VEHICLE BEING PURCHASED. IF YOU DO NOT HAVE FULL COVERAGE, SUPPLEMENTAL COVERAGE FOR

COLLISION DAMAGE MAY BE AVAILABLE TO YOU THROUGH YOUR INSURANCE AGENT OR THROUGH THE SELLING DEALER. HOWEVER, UNLESS OTHERWISE SPECIFIED, THE COVERAGE YOU OBTAIN THROUGH THE DEALER PROTECTS ONLY THE DEALER, USUALLY UP TO THE AMOUNT OF THE UNPAID BALANCE REMAINING AFTER THE VEHICLE HAS BEEN REPOSSESSED AND SOLD.

FOR ADVICE ON FULL COVERAGE THAT WILL PROTECT YOU IN THE EVENT OF LOSS OR DAMAGE TO YOUR VEHICLE, YOU SHOULD CONTACT YOUR INSURANCE AGENT.

THE BUYER SHALL SIGN TO ACKNOWLEDGE THAT HE/SHE UNDERSTANDS THESE PUBLIC LIABILITY TERMS AND CONDITIONS.

s/s _____

This warning satisfies the requirements of *Veh. Code § 5604* [*Civ. Code § 2984.1*]. Under that section, if the dealer or lender will require the transferee to insure the vehicle, the dealer or lender will obtain the policy, and the policy does not insure the transferee or obligor against damages resulting from ownership or operation of the vehicle arising by reason of personal injury or death of any person, or from injury to property, the dealer or lender must notify the transferee or obligor of that fact in writing on a document other than the policy. The document must be in duplicate and signed by the transferee or obligor [*Veh. Code § 5604*].

The Insurance Commissioner requires the following warning in eight-point type, in a "separately executed portion" of the contract (otherwise, in a separate document), whenever there is no insurance coverage provided against damages resulting from the ownership or operation of the vehicle arising by reason of personal injury to or the death of any person, or from damage to property: "UNLESS A CHARGE IS INCLUDED IN THIS AGREEMENT FOR PUBLIC LIABILITY OR PROPERTY DAMAGE INSURANCE, PAYMENT FOR SUCH COVERAGE IS NOT PROVIDED BY THIS AGREEMENT" [*10 Cal. Code Reg. § 2114(a)*]. In addition, the following statement in eight-point type must be included in the same "separately executed portion" of the contract (otherwise, in a separate document), in every case: "NOTICE. No person is required as a condition precedent to financing the purchase of an automobile that any insurance be negotiated or purchased through a particular insurance agent or broker" [*10 Cal. Code Reg. § 2114(d)*].

[n] Buyer's Acknowledgment of Seller's Compliance

Any acknowledgment by the buyer of delivery of a copy of a contract or purchase order, or any vehicle purchase proposal, or any credit statement that the seller has required or requested the buyer to sign and that the buyer signed, during the contract negotiations, must be printed or written in at least 10-point boldface type and, if contained in the contract, must appear directly above the space reserved for the buyer's signature or adjacent to any other notices required by law to be placed immediately above the signature space [*Civ. Code § 2984.3*].

PRACTICE TIP:

The acknowledgment would be "adjacent to" the required cooling off notice [*see* [o], *below*] if placed directly above it. The buyer's written acknowledgment, conforming to the requirements of *Civ. Code § 2984.3*, of delivery of a completely filled-in copy of the contract, and a copy of any other documents, creates a rebuttable presumption of delivery in any action or proceeding by or against a third party without knowledge to the contrary when the third party acquired an interest in the contract. If the third party furnishes the buyer a copy of the documents, or a notice containing the disclosures identified in *Civ. Code § 2982(a)* [*see* [d], *above*] and stating that the buyer must notify the third party in writing within 30 days if copies of the documents were not furnished, and that notification is not given, it must be conclusively presumed in favor of the third party that copies of the documents were furnished as required by the Rees-Levering Act [*Civ. Code § 2984.3*].

[o] Cooling Off Notice

Contracts executed prior to July 1, 2006 [see Stat. 2005 ch. 128, § 12], must contain a notice with a heading in at least 12-point bold type and the text in at least 10-point bold type, circumscribed by a line, immediately above the contract signature line, that reads as follows [*Civ. Code* § 2982(r)]:

THERE IS NO COOLING OFF PERIOD

California law does not provide for a 'cooling off' or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud.

Effective July 1, 2006, the notice must provide as follows [*Civ. Code* § 2982(r); see Stat. 2005 ch. 128, § 12]:

THERE IS NO COOLING-OFF PERIOD UNLESS YOU OBTAIN A CONTRACT CANCELLATION OPTION

California law does not provide for a "cooling-off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud.

However, California law does require a seller to offer a 2-day contract cancellation option on used vehicles with a purchase price of less than \$40,000, subject to certain statutory conditions. This contract cancellation option requirement does not apply to the sale of a recreational vehicle, a motorcycle or an off-highway motor vehicle subject to identification under California law. See the vehicle contract cancellation option agreement for details.

PRACTICE TIP:

Some retail vehicle purchasers and lessees may have a misconception that California law provides for a "cooling off" or other cancellation period after the sale or lease of a vehicle, during which a purchaser or lessee may return the vehicle and cancel the contract without cause or the consent of the seller. Although California law does provide for a "cooling off" period during which certain types of contracts, such as home solicitation contracts or offers, may be canceled, California law does not provide such a remedy for the cancellation of vehicle sale and lease contracts. However, the law does provide for numerous other rescission remedies relative to the purchase or lease of vehicles, such as rescission for fraud, mistake, duress, failure of consideration, and rescission by mutual consent. The legislative intent in adding *Civ. Code* § 2982(r) was to educate and put vehicle purchasers and lessees on notice that California law does not have a "cooling off" or other cancellation period during which a vehicle purchase contract or lease may be canceled because the purchaser or lessee undergoes a change of mind, decides that the vehicle costs too much, or wishes that a different vehicle had been acquired. The contract notice requirement is intended to educate purchasers and lessees of contractual obligations under current California law and is not intended to create, expand, repeal, or in any manner limit current rescission rights or remedies [Stats. 1993, ch. 1092, § 1].

[p] Signatures

The contract or a purchase order must be signed by the buyer or an authorized representative and by the seller or an

authorized representative. The seller must not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed [*Civ. Code* § 2981.9].

[q] Retention of Conditional Sales Contract

A seller must maintain the following documents for at least seven years, or the length of the conditional sales contract, whichever is longer [*Civ. Code* § 2984.5(a)]:

- A copy of each buyer's conditional sales contract.
- Any documents relied upon by the seller to determine a buyer's creditworthiness, including, but not limited to, any consumer credit report [*see Civ. Code* § 1785.3 (definition)], or any other document containing a buyer's credit score [*see Civ. Code* § 1785.15.1 (definition)].
- If the conditional sales contract is sold, assigned, or otherwise transferred, a copy of the terms of that sale, assignment, or transfer.

A seller that unlawfully fails to comply with a court order to produce any of these documents may be liable in an action brought by the Attorney General for a civil penalty for each violation [*see Civ. Code* § 2984.5(b)]. These penalties are in addition to all rights and remedies that are otherwise available under law [*Civ. Code* § 2984.5(b)].

[r] Assignment of Conditional Sales Contract

The provisions discussed in this subsection are effective as of July 1, 2006 [*Civ. Code* § 2982.10; *see Stat.* 2005 ch. 128, § 12].

In consideration of the assignment of a conditional sales contract, the seller may not receive or accept from the assignee any payment or credit based on any amount collected or received, or to be collected or received, under the contract as a finance charge, except to the extent the payment or credit does not exceed the amount that would be calculated, as provided by this statute, in accordance with Regulation Z, whether or not Regulation Z applies to the contract [*Civ. Code* § 2982.10(a)]. For purposes of this calculation, the seller must use as the contract's finance charge an annual percentage rate equal to 2.5 percent for a contract having an original scheduled term of 60 monthly payments or less, or 2 percent for a contract having an original scheduled term of more than 60 monthly payments [*Civ. Code* § 2982.10(a)].

These rules, however, do not apply to [*Civ. Code* § 2982.10(b)]:

- An assignment that is with full recourse or under other terms requiring the seller to bear the entire risk of financial performance of the buyer.
- An assignment that is more than six months following the date of the conditional sale contract.
- Isolated instances resulting from bona fide errors that would otherwise constitute a violation of *Civ. Code* § 2982.10(a), if the seller maintains reasonable procedures to guard against any errors and promptly, on notice of the error, remits to the assignee any consideration received in excess of that permitted by *Civ. Code* § 2982.10(a).
- The assignment of a conditional sale contract involving the sale of a motorcycle [*see Veh. Code* § 400 (definition)].
- The assignment of a conditional sale contract involving the sale of an off-highway motor vehicle that

is subject to identification under *Veh. Code § 38010*.

§ 47.201 Notice to Cosigner of Conditional Sale Contract [Civ. Code § 1799.91]**[1] Comment--Use of Form**

This form may be used to comply with a notice requirement that applies to conditional sale contracts governed by the Rees-Levering Act [*see Civ. Code § 2981 et seq.*], when the buyer's financial obligation is to be secured by another person's guaranty [*see Civ. Code § 1799.90(a)(3)*]. Unless the persons in question are married to each other, the seller must deliver to each person who does not in fact receive the vehicle that is the subject of the contract (that is, each guarantor), before that person becomes liable on the contract, the notice in [2], below. The notice must be in both English and Spanish, or whatever other language the contract is written in, in at least 10-point type [*Civ. Code § 1799.91(a), (b)*]. The word "your" in the last sentence of the third paragraph of the notice in English must be italicized [*Civ. Code § 1799.91(f)*]. If the notice is not included with the text of the contract, it must be on a separate sheet, which must not contain any other text except as is necessary to identify the seller and the contract to which the statement refers, and to provide for the date and the cosigner's acknowledgment of receipt [*Civ. Code § 1799.92(b)*].

A seller, or an assignee of the seller, who fails to comply with this notice requirement is precluded from suing a cosigner or enforcing a security interest against that party. However, the rights of a bona fide purchaser for value of property sold after enforcement of a security interest are unaffected if the purchase was made without notice of the facts constituting a violation of the requirement [*Civ. Code § 1799.95*].

NOTICE TO COSIGNER

(Traducci'on en Ingl'es Se Requiere por La Ley)

You are being asked to guarantee this debt. Think carefully before you do. If the borrower doesn't pay the debt, you will have to. Be sure you can afford to pay if you have to, and that you want to accept this responsibility.

You may have to pay up to the full amount of the debt if the borrower does not pay. You may also have to pay late fees or collection costs, which increase this amount.

The creditor can collect this debt from you without first trying to collect from the borrower. The creditor can use the same collection methods against you that can be used against the borrower, such as suing you, garnishing your wages, etc. If this debt is ever in default, that fact may become a part of *your* credit record.

This notice is not the contract that makes you liable for the debt.

20-47 California Legal Forms--Transaction Guide § 47.202

§ 47.202 Notice of Noncompliance With Rees-Levering Act and Demand for Correction [Civ. Code § 2984]

[1] Comment

[a] Use of Form

The form in [2], below, is a notice specifying how a conditional sale contract fails to comply with the Rees-Levering Act. The notice may be sent to the seller, before an assignment of the seller's interest in the contract, to notify the seller of a defect in the contract; or it may be sent to the seller's assignee, to notify the assignee of a violation that gives rise to a claim or defense of the buyer against the seller under the contract [*see Civ. Code § 2983.5* (assignee is subject to buyer's defenses and equities)]. Any failure of the contract to comply with any provision of the Rees-Levering Act must be corrected by the seller or assignee within 10 days after any notice in writing by the buyer of the failure to comply [*Civ. Code § 2984*].

PRACTICE TIP:

The statute does not clearly specify whether the 10-day period for correction begins on the mailing of the notice or on receipt by the seller or an assignee.

[b] Correction of Violations

A contract that violates any provision of the Rees-Levering Act may be corrected, and a corrected violation cannot serve as a basis for any recovery by the buyer or affect the enforceability of the contract by the holder. A violation that appears on the face of the contract may be corrected only if it is corrected within 30 days after the execution of the contract or within 20 days after the initial sale, assignment, or pledge of the seller's interest in the contract, except that if the holder is notified in writing by the buyer of a violation, the violation must be corrected within 10 days after notice [*Civ. Code § 2984*].

A correction is made by mailing or delivering a corrected copy of the contract to the buyer. A correction that increases the amount of the contract balance or the amount of any installment to more than the amount stated in the defective contract is not effective unless consented to in writing by the buyer. Any amount improperly collected by the holder

from the buyer must be credited against the debt evidenced by the contract or returned to the buyer [Civ. Code § 2984].

[2] FORM

Notice of Noncompliance With Rees-Levering Act and Demand for Correction [Civ. Code § 2984]

NOTICE OF NONCOMPLIANCE WITH REES-LEVERING ACT

To: _____[*name and address of seller or holder*]

You are hereby notified that the conditional sale contract executed on _____[*date*] by me as buyer and _____[*you or name*] as Seller for the purchase of a [*make and model of vehicle*], vehicle identification number _____, fails to comply with the requirements of Civil Code Section [*specify*] in that [*state manner in which contract violates Rees-Levering Act, e.g., the amount unpaid on the cash price is stated in the contract as \$9,235 when in fact it should be stated as \$2,235, the difference between the \$4,000 cash price shown on the contract and the \$1,765 down payment shown on the contract and paid by me*].

20-47 California Legal Forms--Transaction Guide § 47.203

§ 47.203 Notice of Intention to Dispose of Repossessed or Surrendered Vehicle [Civ. Code § 2983.2]

[1] Comment

[a] Use of Form

This form is a notice of disposition of a repossessed or surrendered vehicle that was the subject of a conditional sale contract. If the seller is engaged in the business of selling or leasing vehicles, the contract holder must give this notice to the persons liable on the contract before selling or otherwise disposing of the vehicle [Civ. Code § 2983.2(a)]. Compliance with the statutory notice requirements is a condition precedent to recovering a deficiency judgment after disposition of the vehicle [Civ. Code § 2983.2(a); see [i], below].

When the contract holder is a lender licensed under the Finance Lenders Law [see *Fin. Code § 22000 et seq.*; see also Stats. 1994, ch. 1115, §§ 8, 9 (meaning of statutory references to certain Financial Code provisions)], this requirement does not apply [Civ. Code § 2983.2(d)]. However, the lender is subject to a similar notification requirement under the Financial Code [see *Fin. Code § 22328*].

The notice must be accompanied by a copy of the *form in § 47.204[2]*, which the person receiving the notice may return in order to request an automatic 10-day extension of the redemption period and, if applicable, the reinstatement period [see *Civ. Code § 2983.2(a)(3)*; see also [d], [e], below].

If the seller negotiated primarily in a language other than English, whether orally or in writing, in the course of entering into the transaction, the buyer and any other person liable on the contract may be entitled to a translation of the notice in that other language [see *Civ. Code § 1632*; *Reyes v. Superior Court* (1981) 118 Cal. App. 3d 159, 162, 173 Cal. Rptr. 267; see § 47.14]. Until July 1, 2004, this requirement applied only to negotiations conducted primarily in Spanish. On and after July 1, 2004, it applies to negotiations conducted primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean [see *Civ. Code § 1632*]. For detailed discussion of these requirements, and exceptions, see *Ch. 45, Consumer Installment Loans and Credit Sales*, § 45.64.

[b] Exception for Vehicle Seized by Public Agency

Even if the notice requirement would otherwise apply, the seller or holder need not give the required notice if the vehicle has been seized by a federal, state, or local public agency or authority and the seizing authority, as a precondition to the return of the vehicle to the seller or holder, prohibits the return of the vehicle to the buyer or otherwise effects or requires the termination of the buyer's property rights in the vehicle [*Civ. Code* § 2983.2(a); see *Civ. Code* § 2983.3(b)(6)].

[c] Notice Period and Service of Notice

Notwithstanding any provision to the contrary in the conditional sale contract, the notice in [2], *below*, must be given to all persons liable on the contract at least 15 days before the date the seller or holder disposes of the vehicle. In addition, in order to preserve the right to recover a deficiency judgment, the notice must be given within 60 days of the date of repossession or surrender [*Civ. Code* § 2983.2(a)].

PRACTICE TIP:

If the notice is mailed from outside California, or mailed to an out-of-state address, the notice period is 20 days instead of 15 days [*Civ. Code* § 2983.2(a)(6)]. There is an automatic 10-day extension of this period on the written request of any person liable on the contract [*Civ. Code* § 2983.2(a)(3), (6); see § 47.204].

The notice must be either mailed or personally served. If mailed, the notice must be sent either by certified mail, return receipt requested, or by first-class mail, postage prepaid, and directed to the last known address of each of the persons liable on the contract. If the persons liable are married to each other, and, according to the most recent records of the seller or holder, reside at the same address, one notice addressed to both persons at that address is sufficient [*Civ. Code* § 2983.2(a)].

[d] Right to Redemption

The notice must state that the persons liable on the contract have the right to redeem the vehicle by paying in full the indebtedness evidenced by the contract, until the expiration of 15 days (or 20 days [see [c], *above*], in some cases) from the date the notice was given or mailed. The notice must itemize the contract balance and any delinquency, collection, or repossession fees, and set forth the computation or estimate of the amount of any credit for unearned finance charges or canceled insurance as of the date of the notice [*Civ. Code* § 2983.2(a)(1)]. It must also disclose the place at which the vehicle will be returned on redemption or reinstatement [*Civ. Code* § 2983.2(a)(4)] and designate the name and address of the person or office to whom payment must be made [*Civ. Code* § 2983.2(a)(5)].

[e] Right to Reinstatement

The notice must state that either (1) there is a conditional right to reinstate the conditional sale contract until the expiration of 15 days (or 20 days [see [c], *above*], in some cases) from the date the notice is given or mailed or (2) there is no such right. If there is no such right, the notice must specify why the right does not exist [*Civ. Code* § 2983.2(a)(2)]. The seller or holder of the contract may be entitled to prevent reinstatement and accelerate maturity of the obligation, if certain conditions exist [see *Civ. Code* § 2983.3]. For discussion, see California Forms of Pleading and Practice, Ch. 80, *Automobiles*, Part VII, "Actions Against Manufacturers, Dealers, Lessors, and Repairers," Subpart A (Matthew Bender).

The notice is required to state "all the conditions precedent" to the buyer's exercising the right to have the contract reinstated [*Civ. Code* § 2983.3(a)(2)]. The phrase "all the conditions precedent" does not, in itself, provide insight as to precisely what information regarding reinstatement must be provided. In a case in which a finance company, as holder of the buyer's contract, interpreted that phrase as requiring only general information, the requirement was construed by a court of appeal to mean that the seller or holder of the contract must provide sufficient information to defaulting buyers

to "enable them to determine precisely what they must do in order to reinstate their contracts, including stating the amounts due, to whom they are due, the addresses and/or contact information for those parties, and any other specific actions the buyer must take... The creditor must provide the consumer with *all* of the relevant information it possesses and/or information it has the ability to discern, concerning precisely what the buyer must do to reinstate his or her contract... [The notice] must inform the consumer of any amounts the consumer will have to pay to the creditor and/or to a third party to reinstate a contract. The [notice] must also inform the consumer if, when, and by how much those amounts may increase as a result of additional payments coming due, or as a result of late fees or other fees and charges. In other words, creditors must provide consumers with sufficient information to allow consumers to fulfill all of the conditions the consumer must meet before a creditor will reinstate the contract" [*Juarez v. Arcadia Fin., Ltd.* (2007) 152 Cal. App. 4th 889, 899, 909, 61 Cal. Rptr. 3d 382 (original emphasis)].

[f] Extension of Redemption or Reinstatement Period

The notice must state that on written request the seller or holder will extend the redemption period, or the reinstatement period if applicable, for an additional 10 days. The seller or holder must provide the proper form for applying for this extension [Civ. Code § 2983.2(a)(3)]. For a form for making such a request, see § 47.204[2].

[g] Accounting After Disposition

The notice must inform the persons liable on the contract of their right to receive an accounting on written request [see Civ. Code § 2983.2(b) (post-disposition accounting is required)]. It must also advise them that the request must be personally served or sent by first-class mail, postage prepaid, or by certified mail, return receipt requested, to a person or office and address designated by the seller or holder [Civ. Code § 2983.2(a)(7)].

[h] Potential Liability

The notice must include the following statement, in at least 10-point boldface type if the notice is printed: "**NOTICE. YOU MAY BE SUBJECT TO SUIT AND LIABILITY IF THE AMOUNT OBTAINED UPON DISPOSITION OF THE VEHICLE IS INSUFFICIENT TO PAY THE CONTRACT BALANCE AND ANY OTHER AMOUNTS DUE**" [Civ. Code § 2983.2(a)(8)]. In addition, the notice must state that on the disposition of the vehicle, the persons liable on the contract will be liable for the deficiency balance plus interest at the contract rate (or at the legal rate of interest pursuant to Civ. Code § 3289 if there is no contract rate of interest), from the date of disposition of the vehicle to the date of entry of judgment [Civ. Code § 2983.2(a)(9)].

PRACTICE TIP:

Compliance with this notice requirement will not affect the discretion of the court to strike out an unconscionable interest rate in the contract for which the notice is required, nor will it affect the court in determining whether the rate is unconscionable [Civ. Code § 2983.2(a)(9)].

[i] Requirements for Deficiency Judgment

To obtain a deficiency judgment, a secured creditor who sells a defaulting debtor's repossessed car must comply not only with all the provisions of the Rees-Levering Act, but *also* with any relevant provisions in Division 9 of the Commercial Code [*Bank of America v. Lallana* (1998) 19 Cal. 4th 203, 206, 77 Cal. Rptr. 2d 910, 960 P.2d 1133 (decided under version of Division 9 that was in effect prior to July 1, 2001)]. Civ. Code § 2983.2(a) requires a creditor to give the debtor written notice of its intent to dispose of a repossessed car. Civ. Code § 2983.2(a) specifies that, except as otherwise provided in Civ. Code § 2983.8, the debtor will be liable for any deficiency after disposition of the repossessed motor vehicle if the creditor gives the debtor requisite timely notice and provides specified information. Civ. Code § 2983.8 provides that no deficiency judgment will lie after any sale or other disposition of a motor vehicle unless the court has determined that the sale or other disposition was in conformity with the provisions of both the Rees-Levering Act and the relevant provisions of Division 9 of the Commercial Code [Com. Code § 9101 *et seq.*],

including *Com. Code* §§ 9610-9615 and 9626. A secured party who wishes to dispose of collateral must send "a reasonable authenticated notification" to specified persons, subject to specified exceptions [see *Com. Code* § 9611; see also *Ch. 42, Secured Transactions*, § 42.240]. The notification must be reasonable in the manner in which it is sent [see *Com. Code* § 9611(b)], its timeliness [see *Com. Code* § 9612 (timeliness of notification)], and its content [see *Com. Code* § 9613 (contents of notification generally); *Com. Code* § 9614 (contents of notification in consumer goods transaction); see also *Union Safe Deposit Bank v. Floyd* (1999) 76 Cal. App. 4th 25, 32, 90 Cal. Rptr. 2d 36 (bank's notice was defective under former *Com. Code* § 9504(3) [repealed eff. July 1, 2001; now see *Com. Code* §§ 9610, 9611] when it failed to state, expressly or impliedly, whether sale would be public or private)]. Every aspect of disposition of the collateral, including the method, manner, time, place, and other terms, must be reasonable [*Com. Code* § 9610(b)].

In *Bank of America v. Lallana*, the debtor's car was sold at a public auction [*Bank of America v. Lallana* (1998) 19 Cal. 4th 203, 206, 77 Cal. Rptr. 2d 910, 960 P.2d 1133] . The California Supreme Court determined that the secured creditor gave proper notice pursuant to the Rees-Levering Act, but because it failed to give the debtor proper notice of a public sale pursuant to former *Com. Code* § 9504(3) (repealed eff. July 1, 2001; now see *Com. Code* §§ 9610, 9611) (notice of both the time and place of sale), it was precluded from obtaining a deficiency judgment [*Bank of America v. Lallana* (1998) 19 Cal. 4th 203, 206, 77 Cal. Rptr. 2d 910, 960 P.2d 1133 (decided under version of Division 9 that was in effect prior to July 1, 2001)]. Thus, to obtain a deficiency judgment when the balance due on the obligation exceeds the proceeds from the disposition, the secured creditor must provide both the notice set forth in this form and the notice required by *Com. Code* § 9611. For a notice of sale pursuant to *Com. Code* § 9610, see *Ch. 42, Secured Transactions*, § 42.240.

§ 47.205 Notice of Options for Repayment of Advances for Insurance [Civ. Code § 2982.8]

[1] Comment

[a] Use of Form

This form is a notice from the holder of a vehicle conditional sale contract to the buyer, stating the buyer's options for repayment of amounts advanced by the holder to obtain insurance on the vehicle. If the contract requires the buyer to insure the vehicle, and the buyer fails to do so or asks the holder to buy the insurance, premiums advanced by the holder may be subjected to a finance charge [see *Civ. Code § 2982.8(e)*] and may be secured as provided in the contract and permitted by *Civ. Code § 2984.2* [Civ. Code § 2982.8(a)] concerning security [see § 47.12[9]], provided the holder notifies the buyer of options for repaying the amounts advanced [Civ. Code § 2982.8(b); see [b], below].

[b] Contents of Notice

The notice must inform the buyer of the options for repayment [see *Civ. Code § 2982.8(b)*; [c], below] and state the following [Civ. Code § 2982.8(c)]:

- The amounts advanced by the holder.
- The amount of the additional finance charge for each amortization plan.
- The sum of the amounts advanced and the additional finance charge.
- The number of installments required.
- The amount of each installment.
- The date for payment of the installments.

- A prescribed warning, in contrasting red ink in at least eight-point boldface type, concerning the buyer's responsibility to obtain liability insurance.

[c] Options for Repayment

The holder must offer the buyer two repayment options:

- Full payment within 10 days after the date of giving or mailing of the notice [*Civ. Code* § 2982.8(b)(1)].
- Full amortization during the term of the insurance [*Civ. Code* § 2982.8(b)(2)].

In addition, the holder may choose to offer any of the following amortization plans:

- Full amortization after the term of the conditional sale contract, payable in installments that do not exceed the average payment allocable to a monthly period under the contract [*Civ. Code* § 2982.8(b)(3)].
- Partial amortization during the term of the insurance, with the remainder of the amortization payable after the term of the conditional sale contract in installments that do not exceed the average payment allocable to a monthly period under the original terms of the contract [*Civ. Code* § 2982.8(b)(4)].
- Any other amortization plan complying with the required disclosures [*Civ. Code* § 2982.8(b)(5); see [b], *above*].

If the buyer neither pays the amounts advanced in full nor notifies the holder in writing what option the buyer chooses, before the expiration of 10 days from the date the notice is given or mailed, the holder may select one of the options offered in the notice [*Civ. Code* § 2982.8(b)]. For additional discussion of payments advanced by a holder, see § 47.12[7].

§ 47.206 Agreement for Private Sale of Vehicle

[1] Comment--Use of Form

This form is a conditional sale agreement for the sale of a vehicle by a person who is not engaged in the business of selling or leasing motor vehicles under conditional sale contracts. It may be used by a seller who has established a buyer's credit standing and agrees to sell the vehicle on the installment basis. It contains protective provisions governing installment payments, repossession, and reservation of legal ownership of the vehicle in the seller until satisfaction of the obligation.

A conditional sale agreement by one who is not engaged in the business of selling or leasing motor vehicles under conditional sale contracts does not have to meet the requirements of the Rees-Levering Act [*Civ. Code § 2981 et seq.*; see *Civ. Code § 2981(a), (b)*; § 47.12[2][a], [b]].

For discussion of Department of Motor Vehicles requirements after sale of a vehicle, and illustrations of DMV forms that must be filed, see Ch. 102D, *Registration and Transfer of Vehicles, Vessels, and Aircraft* .

[2] FORM

_____ [Name of seller] ("Seller") and _____ [name of buyer] ("Buyer") agree as follows:

The balance of the purchase price, namely \$ _____, plus interest from this date at the rate of _____ percent per annum, shall be paid in equal monthly installments of \$ _____, until the entire balance of the purchase price, plus interest, has been paid in full. The initial installment shall be due and payable on _____ [date], and the remainder of the installments shall be due and payable on the same day of each succeeding month until paid in full.

3. **Condition of Vehicle.** Buyer has made an independent investigation of the vehicle and is purchasing it in its present condition without warranty by Seller, express or implied.

4. **Security.** Possession of the vehicle is delivered to Buyer; however, as security for the payment of the entire balance of the purchase price, Seller reserves title to the vehicle until the entire balance of the purchase price has been paid and all other terms and conditions of this agreement have been satisfied.

5. **Use of Vehicle.** Buyer agrees to use, maintain, license, and register the vehicle in accordance with all applicable laws; to maintain the vehicle in good repair; and to house it in a suitable shelter. Buyer agrees not to use or permit the vehicle to be used (a) for hire, or in any race, test or contest, (b) in any manner that exceeds the insurance coverage or would affect, forfeit, or suspend insurance coverage, (c) in any manner contrary to law, or (d) in any manner that is injurious to the vehicle. Buyer further agrees not to be make or permit the making of any material modification of the vehicle.

6. **Location.** Buyer agrees to notify Seller in writing within [e.g., 30 days] of any change of Buyer's residence. Buyer also agrees not to remove or permit the removal of the vehicle from California without Seller's prior written consent.

7. **Risk of Loss.** Buyer assumes all risks of loss of the vehicle, and Buyer shall not be released from any obligations as a result of any loss, damage, or disrepair to the vehicle.

8. **Insurance.** Buyer agrees to keep the vehicle insured with a company and in the form acceptable to and with loss payable to Seller, against loss or damage by fire, theft, and collision and by causes insured against by comprehensive insurance, in amounts not less than the unpaid balance under this agreement, and to deliver all policies to Seller, the proceeds of which (including return premiums) Buyer assigns to Seller.

9. **Liens.** Buyer agrees to keep the vehicle free from all liens, taxes, fees, and encumbrances, and agrees not to commence or permit the continuance of any proceeding in bankruptcy or receivership, nor to make an assignment for creditors.

10. **Information.** Buyer agrees to establish on demand the correctness of all information and representations made by Buyer in connection with this agreement.

11. **Inspection.** On prior notice to Buyer, Seller shall have the right to inspect the vehicle at any reasonable time.

12. **Sale of Vehicle.** Buyer agrees not to sell or attempt to sell or otherwise convey or dispose of any interest in the vehicle until the entire balance of the purchase price has been paid.

13. **Delinquency Charge.** Buyer agrees to pay Seller, on demand, a delinquency charge on each installment in default for [e.g., 10 days] in an amount equal to [e.g., 5 percent] of the installment and, in the event of Buyer's delinquency or default, to pay Seller's reasonable collection costs and fees, including but not limited to attorneys' fees.

14. **Indemnification.** Buyer agrees to pay Seller the costs incurred by Seller if Seller, at its option, makes any payment or performs any act required to be undertaken by Buyer, and any necessary payment to Seller shall be secured by this

agreement.

15. Appointment as Attorney. Buyer irrevocably appoints Seller as Buyer's attorney-in-fact to make claims, receive payments, and execute and endorse all instruments for payments, for loss of, or damage to the vehicle, or for the return of premiums on policies issued in connection with the vehicle, and to sign, in the name of Buyer, any certificate of ownership, registration card, application, affidavit, or document necessary to register or transfer any right, title, or interest of Buyer in and to the vehicle.

16. Remedies on Default. On any default by Buyer under this agreement, Seller may declare all or any part of the amount unpaid to be immediately due and payable and, with or without legal process, may take possession of the vehicle and either (1) declare all of Buyer's rights under this agreement and to the vehicle terminated, and keep all sums paid by Buyer as compensation for the use and depreciation of the vehicle, or (2) sell the vehicle, without notice and without having the vehicle present at the place of sale, at a public sale (at which Seller may purchase) and in whatever manner Seller may determine, after which Buyer will pay Seller any deficiency remaining after deducting from the proceeds of the sale all sums owing by Buyer and Seller's total expenses for retaking, repairing, discharging all liens on, and selling the vehicle. On repossession of the vehicle, Seller may, without liability, take possession of all property found in the vehicle and store the property for the account of Buyer. Seller's rights and remedies are concurrent, cumulative, and in addition to those provided by law.

17. Nonwaiver. Seller's acceptance of partial or delinquent payments or the failure of Seller promptly to exercise any right or remedy provided in this agreement or by law shall not be a waiver of any obligation of Buyer nor shall it constitute a modification of this agreement.

18. Time of Essence. Time is of the essence of this agreement.

19. Entire Agreement. This document contains the entire agreement of the parties and supersedes any prior written or oral agreements between them concerning the subject matter of this agreement. There are no representations, agreements, arrangements, or understandings, oral or written, between the parties, relating to the subject matter of this agreement, that are not fully expressed in this document.

§ 47.207 Full-Recourse Agreement for Purchase of Conditional Sale Contracts--Between Lender and Automobile Dealer

[1] Comment--Use of Form

This form is a full-recourse agreement for the purchase of conditional sale contracts by a lender [see § 47.10[2]]. It is based on an agreement that was prepared by the American Bankers Association, and is used here with permission.

[2] FORM

Full-Recourse Agreement for Purchase of Conditional Sale Contracts--Between Lender and Automobile Dealer

FULL-RECOURSE AGREEMENT

This agreement is made _____[date] by and between _____[name of lender] ("Bank") and _____[dealer's business name] ("Dealer"), _____[address]. In consideration of their mutual covenants, Bank agrees to purchase from Dealer certain conditional sale contracts, notes, and chattel mortgages (the "Contracts") received by Dealer for the sale of merchandise, under the following terms and conditions:

1. Dealer covenants, warrants, and represents that all Contracts offered by Dealer to Bank under this agreement will be valid deferred payment obligations for the amounts set forth in the Contracts, covering the sale of merchandise owned by Dealer (free of encumbrances), which Dealer has a legal right to sell; that the Contracts are not subject to any disputes, offsets, or counterclaims; that the descriptions of the merchandise, or services rendered, contained in the Contracts are in all respects true and complete; that the purchasers named on all of the Contracts are bona fide and have legal capacity to make the Contracts; that the down payments made by the purchasers named in the Contracts have been made in cash and not its equivalent unless otherwise mentioned in the Contracts, and that no part of the down payment has been lent directly or indirectly by Dealer to the purchasers; that the carrying charges added to the purchase price of the merchandise have been correctly represented to the purchasers; and that on the date of each assignment the

merchandise mentioned in the assigned contract has been delivered to and accepted by the purchasers.

2. Dealer also covenants, warrants, and represents that all Contracts offered by Dealer to Bank will comply with and be valid under any and all applicable federal, state and other laws, executive orders and proclamations of the President of the United States, and rules and regulations of any governmental agency, board, department, or body.

3. All purchased Contracts shall be in a form, and include terms, covenants, and conditions, acceptable to Bank. Each Contract shall be properly executed by Dealer and the purchaser.

4. When the purchaser named in any Contract purchased by Bank shall be in default of a payment for a period of _____ days or more, Dealer promises and agrees to repurchase the Contract from Bank on demand and to pay the unpaid balance owing on the Contract, including all sums of principal, interest, and charges due and to become due, less a pro rata rebate of charges over and above Bank's minimum charge.

5. Should Dealer cease to do business as a going concern, or if a petition in bankruptcy or insolvency should be filed by or against Dealer, or for the appointment of a receiver, or if a creditors' committee should be named for Dealer, or Dealer should make an assignment for the benefit of creditors, or an attachment or execution should be levied on the property of Dealer and the attachment or execution is not released within [e.g., 10 days] from and after the levy, or if Dealer should fail to repurchase any of the Contracts within [e.g., 10 days] after demand is made on Dealer, then and from time to time thereafter Dealer shall on demand from Bank immediately repurchase from Bank any or all Contracts purchased by Bank that are delinquent at the time the demand is made, the purchase price of the Contract to be the amount owing on each Contract.

6. Bank shall be under no duty to notify Dealer of any default on the part of Dealer with reference to the terms of this agreement, or to notify Dealer of any default on the part of the purchasers mentioned in Contracts sold by Dealer to Bank, and Bank shall not be required to make formal tender or demand for the repurchase of contracts pursuant to this agreement. Dealer agrees that Bank may continue to make collections on any account to be repurchased, until the payment of the repurchase price, and Bank may extend the time of payment or make any compromise, adjustment, modification, or alteration that it deems reasonable without notice to or the consent of Dealer and without in any manner affecting the obligations of Dealer to repurchase any contracts pursuant to this agreement.

7. Dealer agrees not to accept payments or tender of payments made by a purchaser under any Contract sold to the Bank and will refer the purchaser to Bank.

8. This agreement may be terminated at any time by either party on notice in writing to the other, provided, however, that termination will not impair or affect the liability or obligations of Dealer to Bank under this agreement on account of any Contract purchased or transaction had before the time the notice is given.

§ 47.208 Limited-Liability Agreement for Purchase of Conditional Sale Contracts--Between Lender and Automobile Dealer

[1] Comment--Use of Form

The form in [2], below, illustrates the limited-liability agreement that may be entered into between an automobile dealer and a lenders to finance the dealer's conditional sale contracts with buyers [see § 47.10[2]].

[2] FORM

Limited-Liability Agreement for Purchase of Conditional Sale Contracts--Between Lender and Automobile Dealer

AUTOMOBILE DEALER AGREEMENT

(Limited Liability)

This agreement is made _____[*date*] by and between _____[*name of lender*] (the "Bank") and _____[*dealer's business name*] (the "Dealer"), _____[*address*]. Dealer proposes to sell and assign motor vehicle conditional sale contracts (the "Contracts") arising from the conduct of its business, and Bank will purchase at its sole option those Contracts it considers creditworthy, including all of Dealer's rights, title, and interest in the vehicles subject to the Contracts, all claims under insurance policies, guaranties and warranties in connection with the Contracts, and all proceeds of the Contracts. In consideration of the mutual promises, covenants, and conditions set forth in this document, the parties mutually agree as follows.

1. **Valid Contracts.** All Contracts offered by Dealer to Bank are to be valid, enforceable, existing, bona fide vehicle sale contracts for the amount set forth in the Contracts.

2. **Vehicle Description.** The description of the subject vehicle contained in a Contract is to be in all respects true and

complete, the vehicle having been delivered and all services contracted for having been performed unless Bank is notified in writing to the contrary.

3. **Contract Form and Content.** The Contracts offered by Dealer to Bank shall comply with all state and federal laws regarding form, content, manner of completion, and execution; and the buyer and each cobuyer, comaker, guarantor or cosigner shall not have been induced to enter into the Contract by fraud or false representation as to price, quality of product, or manufacturer's or Dealer's warranties or any other statement that would mislead or confuse the buyer.

4. **Security Interest in Vehicles.** All steps shall have been taken, and documents shall have been executed, to perfect Bank's interest in the vehicle, and an application for title shall have been filed with the Department of Motor Vehicles naming Bank as the legal owner, and Dealer shall provide Bank with a guaranty of title.

5. **Credit Information.** The credit information furnished to Bank by Dealer shall be true and correctly reported as received from the buyer; and any down payment shown on the Contract or credit application shall actually have been made by the buyer in cash or its equivalent, and no portion shall have been directly or indirectly advanced by Dealer.

6. **Insurance.** Vehicles subject to the Contracts sold and assigned to Bank shall be protected by fire, theft, comprehensive, and collision insurance (\$100 deductible). This insurance, naming Bank as loss payee, shall be placed, at the time a Contract is entered into, with an insurance company acceptable to Bank, and Bank shall receive notice of the placement within 15 days from the date of sale. Dealer, on a vehicle's having been repossessed by Bank, shall be liable for any loss sustained because of damage not covered by insurance, including any deductible amount. Dealer shall not be liable if insurance was in effect at the time Bank acquired the Contract, and the insurance subsequently lapsed or was canceled.

7. **Defenses, Setoffs, Counterclaims.** There are, and shall be, no legal or equitable defenses, setoffs, or counterclaims against any of the Contracts assigned or the vehicles subject to the Contracts.

8. **Modification.** This agreement is subject to further modification as provided for in this document and by mutual agreement of the parties in writing.

9. **Termination.** This agreement may be terminated by either party on written notice to the other party; but termination shall not affect any Contract previously sold and assigned to Bank pursuant to this agreement or the parties' respective rights under the Contract, and rights shall not be extinguished until the Contract is paid in full.

10. **Repurchase of Contracts.** If one or more of the warranties set forth in this document is not true as to any Contract acquired by Bank, Dealer shall at Bank's option repurchase the Contract for the net balance owing.

11. **Exercise or Waiver of Rights by Bank.** Bank's failure to exercise any of its rights shall not operate as a waiver of any rights, and Bank's rights shall continue until all Contracts have been paid in full. All of Bank's rights shall be cumulative and not in the alternative, and Bank's rights shall bind the Dealer's heirs, assigns, and successors in interest.

12. **Maturities.** Bank agrees to finance the Contracts that it finds creditworthy for the following maturities: *[specify maximum months for pay-off of contracts for new and current models, models from one year to two years old, etc.]*.

13. **Dollar Amount.** Bank agrees to finance the Contracts that it finds creditworthy for the following amounts: New Cars--dealer invoice, plus taxes, license fee and insurance; Used Cars--Kelley Bluebook wholesale price, plus taxes, license fees and insurance.

14. **Buying Rates.** The buying rates may be changed from time to time by Bank on written notice to Dealer as to all Contracts submitted after the notice.

15. **Discount.** On every contract sold and assigned by Dealer, Bank shall discount an amount of money equal to Bank's prevailing buying rate. The remainder of the finance charge to the buyer by Dealer, which shall not be more than _____ percent per annum (add-on) greater than Bank's prevailing buying rate, shall be accumulated by Bank in a Dealer Reserve Account and shall be liable for all debts of Dealer to Bank.

16. **Prepayment Rebates.** Dealer shall pay to Bank its share of any unearned finance charge refund to the buyer on the buyer's prepayment of the amount outstanding on any Contract before maturity. Dealer's share of the refund shall be computed by the Rule of 78's and shall be payable directly to Bank on demand. Bank may but shall be under no obligation to charge Dealer's share of the refund to the Dealer Reserve Account.

17. **Reserve Rebate.** Every _____ days Bank shall disburse to Dealer any amount in the Dealer Reserve Account that is in excess of _____ percent (reserve requirement) of the total gross amount outstanding due to Bank on all open Contracts that Bank purchased from Dealer, provided that Bank may withhold any or all funds due Dealer as long as Dealer is in default on any obligation presently owing to Bank or Dealer has ceased doing business with Bank or Bank with Dealer and Bank at its sole option determines that the funds in the Dealer Reserve Account are required to guarantee payment of any obligations of Dealer to Bank.

18. **Buyer Default.** If Bank has repossessed any vehicle subject to a Contract sold and assigned to Bank, Dealer shall have the following options:

- (a) Bid on the vehicle as a potential buyer.
- (b) Accept the vehicle on a consignment basis and, acting as agent for Bank, sell the vehicle, subject to Bank's approval before sale, within 20 days after receiving the vehicle.
- (c) Return the vehicle to Bank, thereby declining options (a) and (b).
- (d) Repurchase the Contract from Bank for the net balance due on the Contract.

On repurchase Bank shall reassign and return to Dealer the Contract, the vehicle, and the title and other documents necessary for Dealer to perfect Dealer's interest in the vehicle.

19. **Repossession.** Bank shall have the sole responsibility of repossessing the vehicles, and Dealer shall have no duty to assist Bank in doing so. However, should Dealer repossess or assist in repossessing a vehicle, at Bank's request, Bank shall pay to Dealer the reasonable costs incurred.

20. **Limited Liability.** If Bank presents a repossessed vehicle to Dealer, and Bank disposes of the repossessed vehicle in compliance with applicable law, the Dealer Reserve Account shall be charged for any deficiency, defined as the difference between the net balance due on the Contract with expenses added and the proceeds of the disposition. Dealer, on the Dealer Reserve Account's being charged for the deficiency, shall be subrogated to Bank's right to collect the deficiency from the buyer. The liability of Dealer for any deficiency shall not extend beyond the balance of the Dealer Reserve Account as it shall exist from time to time.

21. **Deferred Cash Down Payment.** Dealer agrees that on the failure of the buyer to pay any deferred cash down payment as agreed to in any Contract, Dealer shall pay to Bank the amount of the deferred cash down payment. Bank may but shall be under no obligation to charge the Dealer Reserve Account for any deferred cash down payment.

§ 47.220 Vehicle Lease Disclosures Under Consumer Leasing Act [12 C.F.R. pt. 213]

[1] Comment

[a] Use of Forms

These forms may be used to draft a vehicle lease disclosure document complying with Regulation M [12 C.F.R. pt. 213] under the Consumer Leasing Act (CLA) [15 U.S.C. § 1667 *et seq.*; see [c]-[e], *below*; see also § 47.30[1]]. A lessor must provide the disclosures to the lessee before the consummation of a consumer lease [12 C.F.R. § 213.3(a)(3)].

When a transaction involves more than one lessor, the disclosures required by Regulation M may be made by one lessor on behalf of all of the lessors. When a lease involves more than one lessee, the lessor may provide the disclosures to any lessee who is primarily liable on the lease [12 C.F.R. § 213.3(c)]. In either case, however, the disclosure statement must identify all of the lessors and lessees [12 C.F.R. pt. 213, *supp.* I, comment 3(a)(1)-4]. If a single lessor provides disclosures to a lessee on behalf of several lessors, all disclosures for the transaction must be given, even if the lessor making the disclosures would not otherwise have been obligated to make a particular disclosure [12 C.F.R. pt. 213, *supp.* I, comment 3(c)-1].

The Federal Reserve Board is directed to publish model disclosure forms in order to facilitate compliance with the disclosure requirements of Regulation M and to aid the consumer in understanding the transaction to which the subject disclosure form relates [15 U.S.C. § 1667f(b)(1)]. Model disclosure forms are published in Appendix A to Regulation M [see 12 C.F.R. pt. 213, *app.* A], and reproductions of those model forms are printed in [3]-[6], *below*. A lessor may use such a model disclosure form for purposes of compliance with Regulation M, at the discretion of the lessor [15 U.S.C. § 1667f(b)(3)]. Any lessor that properly uses the material aspects of such a model disclosure form must be deemed to be in compliance with the disclosure requirements to which the form relates [15 U.S.C. § 1667f(b)(4)].

The form in [7], *below*, contains completed paragraphs that may be used as examples for filling in the blanks on the model forms of Regulation M nonsegregated disclosures [see [4], [6], *below*]. Those disclosures encompass many of the subjects that should be covered in a vehicle lease, but the model forms do not prescribe terms and conditions to be stated in a lease, respecting those subjects (such as the parties' insurance obligations and rights, maintenance

responsibilities, warranties, and so forth). The completed paragraphs of the form in [7], below, illustrate terms and conditions that may be stated in the disclosures. Those paragraphs are set in the same order as they appear in the model disclosure forms.

[b] Form and Format of Disclosures

The disclosures must be made clearly and conspicuously in writing in a form that the consumer may keep [12 C.F.R. § 213.3(a); see 15 U.S.C. § 1667a], in accordance with 12 C.F.R. § 213.3 [see [c]-[e], below]. The clear and conspicuous standard requires that disclosures be reasonably understandable. For example, the disclosures must be presented in a way that does not obscure the relationship of the terms to each other. Appendix A to Regulation M [12 C.F.R. pt. 213, app. A] contains model forms that meet this standard [see [3]-[6], below]. In addition, although no minimum type size is required, the disclosures must be legible, whether typewritten, handwritten, or printed by computer [12 C.F.R. pt. 213, supp. I, comment 3(a)-2]. A lessor may use a multipurpose disclosure form, provided the lessor is able to designate the specific disclosures applicable to a given transaction, consistent with the requirement that disclosures be clearly and conspicuously provided [12 C.F.R. pt. 213, supp. I, comment 3(a)-3].

PRACTICE TIP:

While disclosures must be made clearly and conspicuously, lessors are not required to use the words "lessor" and "lessee" to identify the parties to the lease transaction [12 C.F.R. pt. 213, supp. I, comment 3(a)(1)-2]. The lessor must be identified by name, and an address (and a telephone number) may be provided [12 C.F.R. pt. 213, supp. I, comment 3(a)(1)-3].

The disclosures may be made in the lease to be signed by the lessee [15 U.S.C. § 1667a]. The disclosures must be given to the lessee together in a dated statement that identifies the lessor and the lessee, which may be either a separate statement that identifies the consumer lease transaction or the contract or other document evidencing the lease [see § 47.221]. Alternatively, certain disclosures required to be segregated from other information [see 12 C.F.R. § 213.3(a)(2); [d], below] may be provided in a separate dated statement that identifies the lease, and the other required disclosures may be provided in the lease or other document evidencing the lease [12 C.F.R. § 213.3(a)(1); 12 C.F.R. pt. 213, supp. I, comment 3(a)(2)-1].

The disclosures may be made in a language other than English, provided they are made available in English on the lessee's request [12 C.F.R. § 213.3(a)(4)]. Note, however, that under California law, if a language other than English is the primary language used for negotiations with a consumer with respect to a contract under the Vehicle Leasing Act, the consumer may have to be provided with a translation of the contract in that other language in any event [Civ. Code § 1632(a)(1) (operative until July 1, 2004; applicable only to contracts negotiated in Spanish); Civ. Code § 1632(b)(1) (operative July 1, 2004; applicable to contracts negotiated primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean); see § 47.14; see also Ch. 45, *Consumer Installment Loans and Credit Sales*, § 45.64].

PRACTICE TIP:

Lessors may include in the nonsegregated disclosures [see [c], below] cross-references to items in the segregated disclosures rather than repeat those items. A lessor may include in the segregated disclosures [see [d], below] numeric or alphabetic designations as cross-references to related information, as long as those references do not obscure or detract from the segregated disclosures [12 C.F.R. pt. 213, supp. I, comment 3(a)(1)-1].

In a lease of multiple vehicles, the required property description [see 15 U.S.C. § 1667a(1); 12 C.F.R. § 213.4(a)] may be given in a separate statement that is incorporated by reference in the principal disclosure statement [12 C.F.R. § 213.3(a)(1)]. Lessors generally have flexibility in handling lease transactions that may be viewed as multiple transactions; for example [12 C.F.R. pt. 213, supp. I, comment 3(a)-4]:

- When a lessor leases two items to the same lessee on the same day, the lessor may treat the leases, for disclosure purposes, as either one transaction or two transactions.
- When a lessor sells insurance or other incidental services in connection with a lease, or when a lessor includes an outstanding lease or credit balance in a lease transaction, the lessor may treat the entire business transaction either as a single lease transaction (in which Regulation M disclosures, not Regulation Z disclosures, are required) or as a lease transaction and a credit transaction.

[c] Mandated Disclosures

Before the consummation of the lease [*see* 12 C.F.R. pt. 213, supp. I, comment 3(a)(3)-1 (state law determines time of consummation, which occurs when contractual relationship is created between lessor and lessee)], the lessor must give the lessee a dated written statement, on which the lessor and lessee are identified, setting out accurately and in a clear and conspicuous manner [*see* [b], *above*] both the "segregated disclosures" described in [d], below, and the following information, with respect to that lease, as applicable [15 U.S.C. § 1667a]:

- A brief description or identification of the leased vehicle [15 U.S.C. § 1667a(1)] sufficient to identify the vehicle to the lessee and lessor [12 C.F.R. § 213.4(a)].

PRACTICE TIP:

There is no requirement as to the placement of this information. Although the description of the leased property may not be included among the segregated disclosures, a lessor may choose to place the description directly above the segregated disclosures [12 C.F.R. pt. 213, supp. I, comment 4(a)-1]. When the disclosures are included in the lease document, a natural placement of this information would be near the beginning of the text of the parties' agreement [*see* § 47.221[2]].

- The amount of any payment by the lessee required at the inception of the lease [15 U.S.C. § 1667a(2)].
- The amount paid or payable by the lessee for official fees, registration, certificate of title, or license fees or taxes [15 U.S.C. § 1667a(3)].
- A statement that the lessee will be liable for the differential, if any, between the anticipated fair market value of the leased property (also called residual value) and its appraised actual value (also called realized value) at the termination of the lease, if the lessee has the liability [15 U.S.C. § 1667a(4); *see* 12 C.F.R. § 213.2(m), (n) ("realized value" and "residual value" defined)].

PRACTICE TIP:

Realized value is not necessarily a required disclosure. It refers to the value of the property at the end of the lease term (or on early termination). It may be either the retail value or the wholesale value. Realized value is relevant only to an open-end lease [*see* 12 C.F.R. § 213.2(i) (definition)], in which the lessee's liability at the end of the lease term is the difference between the residual value of the property (or the adjusted lease balance) and its realized value [12 C.F.R. pt. 213, supp. I, comment 2(m)-1].

- A statement of the amount or method of determining the amount of any liabilities the lease imposes upon the lessee at the end of the term and whether or not the lessee has the option to purchase the leased property and at what price and time [15 U.S.C. § 1667a(5)].

- A statement identifying all express warranties and guarantees made by the manufacturer or lessor with respect to the leased property, and identifying the party responsible for maintaining or servicing the leased property together with a description of the responsibility [15 U.S.C. § 1667a(6)].

- A brief description of insurance provided or paid for by the lessor or required of the lessee, including the types and amounts of the coverages and costs [15 U.S.C. § 1667a(7)].

- A description of any security interest held or to be retained by the lessor in connection with the lease and a clear identification of the property to which the security interest relates [15 U.S.C. § 1667a(8)].

- If the lease provides that the lessee shall be liable for the anticipated fair market value of the property on expiration of the lease: a statement of the fair market value of the property at the inception of the lease, the aggregate cost of the lease on expiration, and the differential between them [15 U.S.C. § 1667a(10)].

- A statement of the conditions under which the lessee or lessor may terminate the lease before the end of the term and the amount or method of determining any penalty or other charge for delinquency, default, late payments, or early termination [15 U.S.C. § 1667a(11); 12 C.F.R. § 213.4(g)(1)].

- When default is a condition for early termination of a lease, default charges must be disclosed [12 C.F.R. pt. 213, supp. I, comment 4(g)(1)-4].

- When the lessee is liable for the difference between the unamortized cost and the realized value at early termination, the method of determining the amount of the difference must be disclosed [12 C.F.R. pt. 213, supp. I, comment 4(g)(1)-5].

PRACTICE TIP:

12 C.F.R. § 213.4(g)(1) requires a full description of the method of determining an early termination charge. The lessor should attempt to provide consumers with clear and understandable descriptions of early termination charges. Descriptions that are full, accurate, and not intended to be misleading will comply with 12 C.F.R. § 213.4(g)(1) even if the descriptions are complex. In providing a full description of an early termination method, the lessor may use the name of a generally accepted method of computing the unamortized cost portion (also known as the "adjusted lease balance") of the early termination charges. For example, a lessor may state that the "constant-yield" method [see generally § 47.32[3]] will be used in obtaining the adjusted lease balance, but the lessor must specify how that figure, and any other term or figure, is used in computing the total early termination charge imposed on the consumer. Additionally, if the lessor refers to a named method in this manner, the lessor must provide a written explanation of that method if requested by the consumer. The lessor has the option of providing the explanation as a matter of course in the lease documents or on a separate document [12 C.F.R. pt. 213, supp. I, comment 4(g)(1)-2]. While the lessor may provide an address or telephone number for the consumer to request a written explanation of the named method used to compute the adjusted leased balance, if at consummation the consumer requests such an explanation, the lessor must provide a written explanation at that time. If the consumer requests an explanation after consummation, the lessor must provide a written explanation within a reasonable time after the request is made [12 C.F.R. pt. 213, supp. I, comment 4(g)(1)-3].

- A statement of the lessee's liability, if any, at early termination or at the end of the lease term for the difference

between the residual value of the leased property (which is the value of the leased property at the end of the lease term, as estimated or assigned at consummation by the lessor, that is used in computing the base periodic payment) and its realized value (which is one of these: the price received by the lessor for the leased property at disposition, or the highest offer for disposition of the leased property, or the fair market value of the leased property at the end of the lease term; see the Practice Tip *below*) [12 C.F.R. § 213.4(k); see 12 C.F.R. § 213.2(m),(n) ("realized value" and "residual value" defined)].

PRACTICE TIP:

Realized value is not necessarily a required disclosure. Realized value is relevant only to an open-end lease [see 12 C.F.R. § 213.2(i) (definition)], in which the lessee's liability at early termination or at the end of the lease term is the difference between the residual value of the property (or the adjusted lease balance) and its realized value [12 C.F.R. pt. 213, supp. I, comment 2(m)-1], that is, the value of the property at early termination or at the end of the lease term. It may be either the retail value or the wholesale value, provided the choice is consistent with the lessor's general practice when determining the value of the property at the end of the lease term. The lessor should indicate whether the value disclosed is a retail or wholesale value [12 C.F.R. pt. 213, supp. I, comment 3(d)(1)-4]. Subject to the contract and to state or other applicable law, the lessor may choose any of the three methods mentioned in the item above for determining the realized value at the end of the lease term or at early termination. If the lessor sells the property before making that determination, the price received for the property is the realized value. If the lessor does not sell the property before making that determination, the lessor may choose either the highest offer or the fair market value as the realized value [12 C.F.R. pt. 213, supp. I, comment 2(m)-2]. In determining the highest offer for disposition, the lessor need not consider offers that the offeror has withdrawn or is unable or unwilling to perform [12 C.F.R. pt. 213, supp. I, comment 2(m)-4]. The lessor may obtain an appraisal of the leased property to determine its realized value [see 12 C.F.R. pt. 213, supp. I, comment 4(l)-2] or may estimate the retail or wholesale value [12 C.F.R. pt. 213, supp. I, comment 3(d)(1)-4] in accordance with the requirements for using estimates [see § 47.30[3][b]]. Disposition charges may not be subtracted in determining the realized value, but any amount attributable to taxes may be excluded [12 C.F.R. pt. 213, supp. I, comment 2(m)-3].

■ If the lessee's liability at early termination or at the end of the lease term is based on the realized value of the leased property (see the preceding item):

■ A statement that the lessee may obtain, at the lessee's expense, a professional appraisal by an independent appraiser (agreed to by the lessee and the lessor) of the value that could be realized at sale of the leased property [12 C.F.R. § 213.4(l)].

■ Whether the wholesale or retail appraisal value will be used [12 C.F.R. pt. 213, supp. I, comment 4(l)-3].

PRACTICE TIP:

While this is not normally an issue in the case of a closed-end lease, in the model disclosure form in [6], below, for a closed-end lease, under the "Early Termination and Default" provision, a reference to the lessee's right to an independent appraisal of the leased vehicle under 12 C.F.R. § 213.4(l) is included for those closed-end leases in which the lessee's liability at early termination is based on the vehicle's realized value [12 C.F.R. pt. 213, supp. I, comment app. A-3].

■ If the lessee is liable at the end of the lease term for the difference between the residual value of the leased property and its realized value:

■ A statement that the lessee and lessor are permitted, after termination of the lease, to make any mutually agreeable final adjustment regarding excess liability [12 C.F.R. § 213.4(m)(3); see 15 U.S.C. § 1667b(a); § 47.30[5][a]].

■ A statement about a rebuttable presumption that, at the end of the lease term, the residual value of the leased property is unreasonable and not in good faith to the extent that the residual value exceeds the realized value by more than three times the base monthly payment (or more than three times the average payment allocable to a monthly period, if the lease calls for periodic payments other than monthly); and that the lessor cannot collect the excess amount unless the lessor brings a successful court action and pays the lessee's reasonable attorneys' fees, or unless the excess of the residual value over the realized value is due to unreasonable or excessive wear or use of the leased property (in which case the rebuttable presumption does not apply) [12 C.F.R. § 213.4(m)(2); see 15 U.S.C. § 1667b(a); § 47.30[5][a]].

PRACTICE TIP:

The limitation on liability applies only to liability at the end of the lease term that is based on the difference between the residual value of the leased property and its realized value. Regulation M does not preclude a lessor from recovering other charges from the lessee at the end of the lease term. Examples of such charges include disposition charges, excess mileage charges, late payment and default charges, and in simple-interest accounting leases, the amount by which the unamortized cost exceeds the residual value because the lessee has not made timely payments [12 C.F.R. pt. 213, supp. I, comment 4(m)(2)-3]. The disclosure limiting the lessee's liability for the value of the leased property does not apply in the case of early termination [12 C.F.R. pt. 213, supp. I, comment 4(m)(2)-1]. If a lease has an alternative minimum term, the disclosures governing the liability limitation are not applicable for the minimum term [12 C.F.R. pt. 213, supp. I, comment 4(m)(2)-2].

■ A statement specifying whether the lessor or the lessee is responsible for maintaining or servicing the leased property, together with a brief description of the responsibility [12 C.F.R. § 213.4(h)(1)].

■ A statement of the lessor's standards for wear and use (if any), which must be reasonable [12 C.F.R. § 213.4(h)(2); 12 C.F.R. pt. 213, supp. I, comment 4(h)-1 (disclosure is not required if lessor does not set standards or impose charges for wear and use, such as excess mileage)].

■ A statement of whether the lessee has the option to purchase the leased property before the end of the lease term and, if so [12 C.F.R. § 213.4(i)(2)]:

■ The purchase price or the method for determining the price.

■ The purchase-option fee (if any), which may be separately itemized or disclosed as part of the purchase-option price [12 C.F.R. pt. 213, supp. I, comment 4(i)-3].

■ When the lessee may exercise this option.

PRACTICE TIP:

Generally, the lessor need only make the specific required disclosures that apply to the transaction. In the case of a purchase option disclosure, however, the lessor must disclose affirmatively that the lessee has no option to purchase the leased property if the purchase option is not available [12 C.F.R. pt. 213, supp. I, comment 4(i)-1]. Whether a purchase option exists under the lease is determined by state or other applicable law. The lessee's

right to submit a bid to purchase property at termination of the lease is not an option to purchase under 12 C.F.R. § 213.4(i) if the lessor is not required to accept the lessee's bid and the lessee does not receive preferential treatment [12 C.F.R. pt. 213, supp. I, comment 4(i)-2]. Official fees such as those for taxes, licenses, and registration charged in connection with the exercise of a purchase option may be disclosed as part of the purchase-option price (with or without a reference to their inclusion in that price) or may be separately disclosed and itemized by category. Alternatively, the lessor may provide a statement indicating that the purchase-option price does not include fees for tags, taxes, and registration [12 C.F.R. pt. 213, supp. I, comment 4(i)-4]. The lessor must disclose the purchase-option price as a sum certain or as a sum certain to be determined at a future date by reference to a readily available independent source. The reference should provide sufficient information so that the lessee will be able to determine the actual price when the option becomes available. Statements of a purchase price as the "negotiated price" or the "fair market value" do not comply with the requirements of 12 C.F.R. § 213.4(i) [12 C.F.R. pt. 213, supp. I, comment 4(i)-5].

■ The total dollar amount for all official and license fees, registration, title, or taxes required to be paid to the lessor in connection with the lease [12 C.F.R. § 213.4(n)], except as follows [12 C.F.R. pt. 213, supp. I, comment 4(n)-1]:

■ Taxes paid at lease signing or delivery must also be disclosed among the segregated disclosures [see 12 C.F.R. § 213.4(b); [d], *below*].

■ Taxes that are part of regularly scheduled payments must be reflected in the segregated disclosures [see 12 C.F.R. § 213.4(c); [d], *below*; see also 12 C.F.R. § 213.4(f)(10) (itemization required); [e], *below*].

■ A tax payable by the lessor and absorbed as a cost of doing business need not be disclosed (however, a tax payable by the lessor that is passed on to the consumer and is reflected in the lease documentation must be disclosed).

■ Taxes charged in connection with the exercise of a purchase option must be disclosed in the segregated statement about that option [see 12 C.F.R. § 213.4(i); [d], *below*].

■ A brief identification of insurance in connection with the lease including:

■ If the insurance is provided by or paid through the lessor: the types and amounts of coverage and the cost to the lessee [12 C.F.R. § 213.4(o)(1); 12 C.F.R. pt. 213, supp. I, comment 4(o)-1].

■ If the lessee must obtain the insurance: the types and amounts of coverage required of the lessee [12 C.F.R. § 213.4(o)(2)].

PRACTICE TIP:

Insurance purchased by the lessor primarily for the lessor's own benefit, and absorbed as a business expense and not separately charged to the lessee, need not be disclosed even if it provides an incidental benefit to the lessee [12 C.F.R. pt. 213, supp. I, comment 4(o)-2]. Whether products purchased in conjunction with a lease, such as mechanical breakdown protection (MBP) or guaranteed automobile protection (GAP), should be treated as insurance is determined by state or other applicable law. In states that do not treat MBP or GAP as insurance, disclosures are not required (but the lessor may disclose this information in accordance with the additional-information provision [see 12 C.F.R. §

213.3(b); [f], *below*)). For MBP insurance contracts not capped by a dollar amount, lessors may describe coverage by referring to a limitation by mileage or time period (for example, by indicating that the mechanical breakdown contract insures parts of the automobile for up to 100,000 miles) [12 C.F.R. pt. 213, supp. I, comment 4(o)-3]. Regarding whether California law would treat MBP or GAP as insurance [see *Ins. Code* § 22 ("insurance" defined)], which appears to be an open question, see *California Insurance Law and Practice*, Ch. 1, *Overview of California Insurance Law* (Matthew Bender).

- A statement identifying all express warranties and guarantees from the manufacturer or lessor with respect to the leased property that apply to the lessee [12 C.F.R. § 213.4(p)].

PRACTICE TIP:

Whether an express warranty or guaranty exists is determined by state or other law [12 C.F.R. pt. 213, supp. I, comment 4(p)-3; see *Com. Code* §§ 10210-10215 (warranties in consumer leases of goods)]. The statement identifying warranties may be brief and need not describe or list all warranties applicable to specific parts such as for air conditioning, radio, or tires. For example, manufacturer's warranties may be identified simply by a reference to the standard manufacturer's warranty. If the lessor provides a comprehensive list of warranties that may not all apply, then to comply with 12 C.F.R. § 213.4(p), the lessor must indicate which warranties apply or, alternatively, which warranties do not apply [12 C.F.R. pt. 213, supp. I, comment 4(p)-1]. Although a disclaimer of warranties is not required by Regulation M, the lessor may give a disclaimer as additional information in accordance with 12 C.F.R. § 213.3(b) [12 C.F.R. pt. 213, supp. I, comment 4(p)-2; see [f], *below*].

- The amount or the method of determining the amount of any penalty or other charge for delinquency, default, or late payments, which must be reasonable [12 C.F.R. § 213.4(q); see 15 U.S.C. § 1667b(b); § 47.30[5][c]]; in particular:

- The automatic imposition of collection costs or attorney fees upon default must be disclosed [12 C.F.R. pt. 213, supp. I, comment 4(q)-1].

- When default is a condition for early termination of a lease, default charges must also be disclosed under 12 C.F.R. § 213.4(g)(1) (see paragraph 9, *above*) [12 C.F.R. pt. 213, supp. I, comment 4(q)-2].

- Extension charges that exceed the rent charge in a simple-interest accounting lease or that are added separately must be disclosed [12 C.F.R. pt. 213, supp. I, comment 4(q)-4].

PRACTICE TIP:

Collection costs or attorney fees that are not imposed automatically, but are contingent on expenditures in conjunction with a collection proceeding or on the employment of an attorney to effect collection, need not be disclosed [12 C.F.R. pt. 213, supp. I, comment 4(q)-1]. The required disclosures under 12 C.F.R. § 213.4(q) and 12 C.F.R. § 213.4(g)(1) may, but need not, be combined [12 C.F.R. pt. 213, supp. I, comment 4(q)-2]. Examples of combined disclosures are provided in the model lease disclosure forms in Appendix A to Regulation M [see 12 C.F.R. pt. 213, app. A], which are reproduced in [4] and [6], *below*.

- A description of any security interest held or to be retained by the lessor, other than a refundable security deposit disclosed under 12 C.F.R. § 213.4(b) as a component of the total amount to be paid before or at consummation [see [d], *below*], along with a clear identification of the property to which the security interest relates [12 C.F.R. § 213.4(r)].

- If the lessor provides a percentage rate in documents evidencing the lease transaction: a notice stating that "this

percentage may not measure the overall cost of financing this lease" [12 C.F.R. § 213.4(s)].

PRACTICE TIP:

In the statement about the percentage rate, the lessor must not use "annual percentage rate" or "annual lease rate" or any equivalent term [12 C.F.R. § 213.4(s)]. A lease rate may not be included among the segregated disclosures [12 C.F.R. pt. 213, supp. I, comment 4(s)-1; *see* [d], *below*].

[d] Segregated Disclosures

The following disclosures must be segregated from other information, with headings, content, and format substantially similar to the applicable model form in Appendix A of Regulation M [12 C.F.R. § 213.3(a)(2); *see* [3], [5], *below*], and must contain only directly related information [12 C.F.R. § 213.3(a)(2); 12 C.F.R. pt. 213, supp. I, comment 3(a)(2)-2]:

- The total amount to be paid before or at consummation, using the term "amount due at lease signing" [12 C.F.R. § 213.4(b); *see* 15 U.S.C. § 1667a(2) (disclosure of amount of any payment by lessee required at inception of lease)].
- The number, amount, and due dates or periods of payments scheduled under the lease and the aggregate amount of the periodic payments [15 U.S.C. § 1667a(9); 12 C.F.R. § 213.4(c)].

PRACTICE TIP:

The phrase "number, amount, and due dates or periods of payments" requires the disclosure of all payments that are made at regular intervals and generally derived from rent, capitalized or amortized amounts such as depreciation, and other amounts that are collected by the lessor at the same intervals, including, for example, taxes, maintenance, and insurance charges. Other periodic payments may, but need not, be disclosed [12 C.F.R. pt. 213, supp. I, comment 4(c)-1].

- An itemization by type and amount, and the aggregate amount, of charges payable by the lessee and not included in the periodic payments, and a description of the charges [15 U.S.C. § 1667a(4); 12 C.F.R. § 213.4(d)].

PRACTICE TIP:

Such charges include the amount of any liability the lease imposes on the lessee at the end of the lease term, but the potential difference between the residual value and realized value in an open-end lease [*see* 12 C.F.R. § 213.4(k)] is excluded [12 C.F.R. § 213.4(d)]. The lessor is not required to disclose charges that are imposed when the lessee terminates early or fails to abide by, or modifies the terms of, the existing lease agreement, such as charges for late payment, default, early termination, deferral of payments, and extension of the lease [12 C.F.R. pt. 213, supp. I, comment 4(d)-2], or third-party fees or charges collected by the lessor on behalf of third parties, such as taxes [12 C.F.R. pt. 213, supp. I, comment 4(d)-3]. 12 C.F.R. § 213.4(d) requires the disclosure of charges that are anticipated by the parties as incidental to the normal operation of the lease agreement. If the lessor is unsure whether a particular fee is an "other charge," the lessor may disclose the fee as such without violating 12 C.F.R. § 213.4(d) or the segregation rule under 12 C.F.R. § 213.3(a)(2) [12 C.F.R. pt. 213, supp. I, comment 4(d)-1]. The "other charges" in question here are charges that are not required to be disclosed under some other provision of 12 C.F.R. § 213.4. For instance, the price of a mechanical breakdown protection (MBP) contract is sometimes disclosed as an "other charge"; nevertheless, the price of MBP is sometimes reflected in the periodic payment disclosure under 12 C.F.R. § 213.4(c) (*see* the preceding item), or in states where MBP is regarded as insurance, the cost is to be

disclosed in accordance with *12 C.F.R. § 213.4(o)* (one of the nonsegregated disclosures listed in [c], *above*) [12 C.F.R. pt. 213, supp. I, comment 4(d)-4].

EXAMPLE: If, under a lease agreement, a lessee may return leased property to various locations, and the lessor charges a disposition fee depending upon the location chosen, the lessor must disclose the highest amount charged. Disposition and similar charges (such as "pick-up" charges) that are anticipated by the parties as an incident to the normal operation of the lease agreement must be disclosed under *12 C.F.R. § 213.4(d)* [12 C.F.R. pt. 213, supp. I, comment 4(d)-5]. In that event, the lessor may include a brief explanation of the fee structure in the segregated disclosure. For example, if no fee or a lower fee is imposed for returning a leased vehicle to the originating dealer as opposed to another location, that fact may be disclosed. By contrast, if the terms of the lease treat the return of the leased property to a location outside the lessor's service area as a default, the fee imposed is not disclosed as an "other charge," although it may be required to be disclosed under *12 C.F.R. § 213.4(q)* (one of the nonsegregated disclosures listed in [c], *above*) [12 C.F.R. pt. 213, supp. I, comment 4(d)-6].

- The total of payments, which is the sum of the amounts described in the first three items above, with a description such as "the amount you will have paid by the end of the lease" [*12 C.F.R. § 213.4(e)*].

PRACTICE TIP:

The total contractual obligation is not necessarily the same as the total of payments disclosed under *12 C.F.R. § 213.4(e)*. The total contractual obligation includes nonrefundable amounts that a lessee is contractually obligated to pay to the lessor, but it excludes items such as residual value amounts or purchase-option prices and amounts collected by the lessor but paid to another, such as taxes, licenses, and registration fees [12 C.F.R. pt. 213, supp. I, comment 2(e)-3]. The total of payments is relevant only to open-end leases, because the lessee's liability at the end of the lease term is based on the difference between the residual value of the leased property (or the adjusted lease balance) and its realized value; nevertheless, disclosure of the total of payments is required for closed-end leases as well. In the case of an open-end lease, a description such as "you will owe an additional amount if the actual value of the vehicle is less than the residual value" must accompany the disclosure [*12 C.F.R. § 213.4(e)*; 12 C.F.R. pt. 213, supp. I, comment 4(e)-1], as shown in [3], below. An "open-end lease" (also called a finance lease) is simply a consumer lease in which the lessee's liability at the end of the lease term is based on the difference between the residual value of the leased property and its realized value [*12 C.F.R. § 213.2(i)*]. A "closed-end lease" (also called a net lease or walk-away lease) is a consumer lease other than an open-end lease [*12 C.F.R. § 213.2(d)*]. In closed-end leases, the lessee is not responsible for the residual value of the leased property at the end of the lease term [12 C.F.R. pt. 213, supp. I, comment 2(d)-1; *see* [5], *below*]. Therefore, realized value is not a required disclosure except in connection with an open-end lease.

- An itemization of the "amount due at lease signing" [*12 C.F.R. § 213.4(b)*].

PRACTICE TIP:

The lessor must itemize each component by type and amount, including any refundable security deposit, advance monthly or other periodic payment, and capitalized cost reduction, in a format substantially similar to the model forms in Appendix A of Regulation M [*12 C.F.R. § 213.4(b)*; *see* 12 C.F.R. pt. 213, app. A]. Those model forms

are reproduced in [3] and [5], *below*. (As reproduced here, the forms include in this itemization space to include a California-mandated disclosure of an optional amount, a "document preparation fee" [*see Civ. Code* § 2985.8(c)(5)]; for discussion, *see* § 47.221[1][g]. If the lessor charges an optional business partnership automation fee to register or transfer the vehicle, this fee must also be listed. It must be labeled "Optional DMV Electronic Filing Fee" [*see Civ. Code* § 2985.8(c)(6); for discussion, *see* § 47.221[1][i]].) A capitalized cost reduction is a payment in the nature of a down payment on the leased property that reduces the amount to be capitalized over the term of the lease. This amount does not include any amounts included in a periodic payment paid at lease signing or delivery [12 C.F.R. pt. 213, supp. I, comment 4(b)-2]. The total for the column labeled "amount due at lease signing" must equal the total for the column labeled "how the amount due at lease signing will be paid" [12 C.F.R. pt. 213, supp. I, comment 4(b)-5].

- An itemization of how the "amount due at lease signing" will be paid [12 C.F.R. § 213.4(b)].

PRACTICE TIP:

The lessor must itemize how the amount due will be paid, by type and amount, including any net trade-in allowance, rebates, noncash credits, and cash payments, in a format substantially similar to the model forms in Appendix A of Regulation M [12 C.F.R. § 213.4(b); *see* 12 C.F.R. pt. 213, app. A; *see also* [3], [5], *below*]. If an amount owed on a prior lease or credit balance exceeds the agreed value of a trade-in, the difference is not reflected as a negative trade-in allowance under 12 C.F.R. § 213.4(b). The lessor may disclose the trade-in allowance as zero or not applicable, or may leave a blank line [12 C.F.R. pt. 213, supp. I, comment 4(b)-3]. Only rebates applied toward an amount due at lease signing or delivery are required to be disclosed [12 C.F.R. pt. 213, supp. I, comment 4(b)-4]. The term "cash" is intended to include payments by check or a similar payment medium in addition to currency payments; however, the lessor may add a line item in the column labeled "how the amount due at lease signing or delivery will be paid," for a noncurrency payment medium such as a credit card [12 C.F.R. pt. 213, supp. I, comment 4(b)-6]. The total for the column labeled "amount due at lease signing" must equal the total for the column labeled "how the amount due at lease signing will be paid" [12 C.F.R. pt. 213, supp. I, comment 4(b)-5].

- A mathematical progression of how the scheduled periodic payment is derived [*see* [e], *below*], in a format substantially similar to the applicable model form in Appendix A of Regulation M [12 C.F.R. § 213.4(f)].

- If the lessee is liable at the end of the lease term for the difference between the residual value of the leased property and its realized value: a statement of the rent and other charges, paid by the lessee and required by the lessor as an incident to the lease transaction, with a description such as "the total amount of rent and other charges imposed in connection with your lease is \$ _____ [*specify amount*]" [12 C.F.R. § 213.4(m)(1)].

PRACTICE TIP:

This disclosure is intended to represent the cost of financing an open-end lease based on charges and fees that the lessor requires the lessee to pay. Examples of disclosable charges, in addition to the rent charge, include acquisition, disposition, or assignment fees. Charges imposed by a person whose services are not required by the lessor (such as official fees and voluntary insurance) are not included in this disclosure [12 C.F.R. pt. 213, supp. I, comment 4(m)(1)-1].

- A notice substantially similar to the following: "Early Termination. You may have to pay a substantial charge if you end this lease early. The charge may be up to several thousand dollars. The actual charge will depend on when the lease is terminated. The earlier you end the lease, the greater this charge is likely to be" [12 C.F.R. § 213.4(g)(2)].
- A notice regarding wear and use substantially similar to the following (also specifying the amount or method for determining any charge for excess mileage): "Excessive Wear and Use. You may be charged for excessive wear based on our standards for normal use" [12 C.F.R. § 213.4(h)(3)].
- A statement of whether the lessee has the option to purchase the leased property at the end of the lease term and, if so, the purchase price [12 C.F.R. § 213.4(i)(1)].
- A statement that the lessee should refer to the lease documents for additional information on early termination, purchase options and maintenance responsibilities, warranties, late and default charges, insurance, and any security interests, if applicable [12 C.F.R. § 213.4(j)].

[e] Detailed Computation of Periodic Payment

A mathematical progression of how the scheduled periodic payment is derived must be disclosed and segregated from other information [12 C.F.R. §§ 213.3(a)(2), 213.4(f); see [d], above]. This must comprise the following items:

- The gross capitalized cost, including a disclosure of the agreed value of the vehicle, a description such as "the agreed upon value of the vehicle (\$ _____) and any items you pay for over the lease term (such as service contracts, insurance, and any outstanding prior credit or lease balance)" [12 C.F.R. § 213.4(f)(1)].

PRACTICE TIP:

"Gross capitalized cost" means the amount agreed on by the lessor and the lessee as the value of the leased property and any items that are capitalized or amortized during the lease term, including but not limited to taxes, insurance, service agreements, and any outstanding balance from a prior loan or lease [12 C.F.R. § 213.2(f)]. The agreed value of the vehicle includes the amount of capitalized items such as charges for vehicle accessories and options, and delivery or destination charges. The lessor may also include taxes and fees for title, licenses, and registration that are capitalized. Charges for service or maintenance contracts, insurance products, guaranteed automobile protection, or an outstanding balance on a prior lease or credit transaction are not included in the agreed value [12 C.F.R. pt. 213, supp. I, comment 4(f)(1)-1]. Regulation M also mandates a statement of the lessee's option to receive a separate written itemization of the gross capitalized cost (which, if requested by the lessee, must be provided before consummation) [12 C.F.R. § 213.4(f)(1)]. However, the lessor may elect to provide the itemization as a matter of course, in which case, the lessor need not provide a statement of the lessee's option to receive an itemization [12 C.F.R. pt. 213, supp. I, comment 4(f)(1)-2]. Since the California Vehicle Leasing Act requires the itemization to be provided [Civ. Code § 2985.8(c)(2); see § 47.221[1][h]], and that California law applies whenever Regulation M governs a lease transaction [see § 47.31[1][a]], and the California requirement is valid because it is not inconsistent with Regulation M [see 15 U.S.C. § 1667e(a); 12 C.F.R. § 213.9(a); § 47.30[9]], the lessor is bound to provide the itemization as a matter of course. For further discussion, see § 47.221[1][h].

- The capitalized cost reduction, which is the total amount of any rebate, cash payment, net trade-in allowance, and noncash credit that reduces the gross capitalized cost [12 C.F.R. § 213.2(f)], with a description such as "the amount of any net trade-in allowance, rebate, noncash credit, or cash you pay that reduces the gross capitalized cost" [12 C.F.R. § 213.4(f)(2)].
- The adjusted capitalized cost, which equals the gross capitalized cost less the capitalized cost reduction, and is the amount used by the lessor in computing the base periodic payment [12 C.F.R. § 213.2(f)], with a description such as "the amount used in calculating your base _____ [specify period, e.g., monthly] payment" [12 C.F.R. § 213.4(f)(3)].
- The residual value (which is the value of the leased property at the end of the lease term, as estimated or assigned at consummation by the lessor, used in computing the base periodic payment), with a description such as "the value of the vehicle at the end of the lease used in calculating your base _____ [specify period, e.g., monthly] payment" [12 C.F.R. § 213.4(f)(4); see 12 C.F.R. § 213.2(n) ("residual value" defined)].
- The depreciation and any amortized amounts, which is the difference between the adjusted capitalized cost and the residual value (see the preceding two items), with a description such as "the amount charged for the vehicle's decline in value through normal use and for any other items paid over the lease term" [12 C.F.R. § 213.4(f)(5)].
- The rent charge (which is the remainder of the total of the base periodic payments for the lease term minus the depreciation and minus any amortized amounts), with a description such as "the amount charged in addition to the depreciation and any amortized amounts" [12 C.F.R. § 213.4(f)(6)].
- The total of base periodic payments with a description such as "depreciation and any amortized amounts plus the rent charge" [12 C.F.R. § 213.4(f)(7)].
- The lease term, which is the number of periodic payments [12 C.F.R. pt. 213, supp. I, comment 4(f)(8)-1], with a description such as "the number of _____ [specify periods of repayment, e.g., months] in your lease" [12 C.F.R. § 213.4(f)(8)].
- The total of the base periodic payments divided by the number of payment periods in the lease [12 C.F.R. § 213.4(f)(9)].
- An itemization of any other charges included in the computation of the periodic payment [12 C.F.R. § 213.4(f)(10)].
- The sum of the base periodic payment plus any itemized other charges (the preceding item) [12 C.F.R. § 213.4(f)(11)].

[f] Additional and California Disclosures

Additional information may be provided with any disclosure that is not required to be segregated, but it must not be stated, used, or placed so as to mislead or confuse the lessee or to contradict, obscure, or detract attention from any disclosure required by Regulation M [12 C.F.R. § 213.3(b)]. For instance, a lessor may include in the nonsegregated disclosures any state law disclosures that are not inconsistent with the CLA and Regulation M [see 12 C.F.R. § 213.9; § 47.30[9]] as long as, in accordance with the standard set forth in 12 C.F.R. § 213.3(b) for additional information, the state law disclosures are not used or placed so as to mislead or confuse or detract from any disclosure required by Regulation M [12 C.F.R. pt. 213, supp. I, comment 3(b)-1].

For discussion of additional California disclosures and a vehicle lease form complying with California law, see § 47.221.

[g] Alterations and Modifications of Model Forms

Although use of the model forms is not required, lessors using them properly will be deemed to be in compliance with Regulation M [see [a], *above*]. Generally, lessors may make certain changes in the format or content of the forms without losing the CLA's protection from liability. For example, the model form based on monthly periodic payments may be modified for single-payment lease transactions or for quarterly or other periodic payments. Lessors also may delete any disclosures that are inapplicable to a transaction; for example, if a lease does not include a security interest, disclosures concerning a security interest may be omitted [12 C.F.R. pt. 213, supp. I, comment 4(j)-1; see 12 C.F.R. § 213.4(j); [c], *above*]. The content, format, and headings for the segregated disclosures must be substantially similar to those contained in the model forms; therefore, any changes should be minimal. The changes to the model forms should not be so extensive as to affect the substance and the clarity of the disclosures [12 C.F.R. pt. 213, supp. I, comment app. A-1]. Examples of acceptable changes include the following [12 C.F.R. pt. 213, supp. I, comment app. A-2]:

- Using the first person, instead of the second person, in referring to the lessee.
- Using "lessee" and "lessor" or names instead of pronouns.
- Rearranging the sequence of the nonsegregated disclosures [see [c], *above*].
- Incorporating certain state "plain English" requirements.
- Deleting inapplicable disclosures by blocking out, filling in "N/A" (not applicable) or "0" (zero), crossing out, leaving blanks, checking boxes for applicable items, or circling applicable items (which is expected to facilitate the use of multi-purpose standard forms).
- Adding language or symbols to indicate estimates [see § 47.30[3][b]].
- Adding numeric or alphabetic designations.
- Rearranging the disclosures into vertical columns, except for certain segregated disclosures required by 12 C.F.R. § 213.4(b)-(e) [see [d], *above*].
- Using icons and other graphics.

[h] Lessee's Signature

Regulation M does not require that the lessee sign the disclosure statement, whether disclosures are separately provided or are part of the lease. Nevertheless, to provide evidence that disclosures are given before a lessee becomes obligated on the lease transaction, the lessor may, for example, ask the lessee to sign the disclosure statement or an acknowledgment of receipt, may place disclosures that are included in the lease documents above the lessee's signature, or may include instructions alerting a lessee to read the disclosures before signing the lease [12 C.F.R. pt. 213, supp. I, comment 3(a)(1)-5].

[i] Electronic Disclosures

The disclosures required by the Consumer Leasing Act (CLA) [15 U.S.C. § 1667 *et seq.*] and Regulation M [12 C.F.R.

§ 213.1 et seq.] may be provided to the lessee in electronic form, subject to compliance with the consumer consent and other applicable provisions of the Electronic Signatures in Global and National Commerce Act (E-Sign Act) [15 U.S.C. § 7001 et seq.] [12 C.F.R. § 213.3(a); see 12 C.F.R. § 213.4 (content of disclosures, discussed in § 47.220[1][b], [c], above]. For an advertisement accessed by the consumer in electronic form, the required disclosures may be provided to the consumer in electronic form in the advertisement, without regard to the consumer consent or other provisions of the E-Sign Act [12 C.F.R. § 213.3(a); see 12 C.F.R. § 213.7 (advertisements)].

The disclosures must be made clearly and conspicuously in writing in a form the consumer may keep [12 C.F.R. § 213.3(a)]. Electronic disclosures are subject to this requirement [see 12 C.F.R. § 213.3(a)].

End of Term Liability.

(a) The residual value (\$ _____) of the vehicle is based on a reasonable, good faith estimate of the value of the vehicle at the end of the lease term. If the actual value of the vehicle at that time is greater than the residual value, you will have no further liability under this lease, except for other charges already incurred [and are entitled to a credit or refund of any surplus]. If the actual value of the vehicle is less than the residual value, you will be liable for any difference up to \$ _____ (3 times the monthly payment). For any difference in excess of that amount, you will be liable only if:

1. Excessive use or damage [as described in paragraph _____ and/or representing more than normal wear and use] resulted in an unusually low value at the end of the term.
2. The matter is not otherwise resolved and we win a lawsuit against you seeking a higher payment.
3. You voluntarily agree with us after the end of the lease term to make a higher payment.

Should we bring a lawsuit against you, we must prove that our original estimate of the value of the leased property at the end of the lease term was reasonable and was made in good faith. For example, we might prove that the actual value was less than the original estimated value, although the original estimate was reasonable, because of an unanticipated decline in value for that type of vehicle. We must also pay your attorney's fees.

(b) If you disagree with the value we assign to the vehicle, you may obtain, at your own expense, from an independent appraiser agreeable to both of us, a professional appraisal of the _____ value of the leased vehicle that could be realized at sale. The appraised value shall then be used as the actual value.

(a) Collision (replacement value): \$ _____.

(b) Comprehensive (replacement value): \$ _____.

_____ We (the Lessor) will provide the insurance coverage quoted above for a total premium cost of \$ _____.

_____ You (the Lessee) agree to provide insurance coverage in the amount and types indicated above.

[Include the following provision on end-of-term liability in open-end (finance) lease:]

End of Term Liability. (a) The residual value (\$ _____) of the vehicle is based on a reasonable, good faith estimate of the value of the vehicle at the end of the lease term. If the actual value of the vehicle at that time is greater than the residual value, you will have no further liability under this lease, except for other charges already incurred [and are entitled to a credit or refund of any surplus]. If the actual value of the vehicle is less than the residual value, you will be liable for any difference up to \$[insert amount up to three times monthly payment]. For any difference in excess of that amount, you will be liable only if:

1. Excessive use or damage [representing more than normal wear and use] resulted in an unusually low value at the end of the term.
2. The matter is not otherwise resolved and we win a lawsuit against you seeking a higher payment.

We must also pay your attorney's fees.

(b) If you disagree with the value we assign to the vehicle, you may obtain, at your own expense, from an independent appraiser agreeable to both of us, a professional appraisal of the [wholesale or retail] value of the leased vehicle that could be realized at sale. The appraised value shall then be used as the actual value.

[Continue:]

Standards for Wear and Use. The following standards are applicable for determining unreasonable or excess wear and use of the leased vehicle:

- (a) You will not allow the vehicle to be loaded, garaged, or used negligently or illegally, to be used as a public or private carrier, to become security for money owed to someone else, or to be taken from California to another state for an extended period, or outside the United States at all, without our written permission.
- (b) You will not, nor will you allow anyone else to, use the vehicle for any illegal purpose or for any purpose for which it was not intended, or operate it in any illegal or dangerous manner, or operate the vehicle in any manner that would cause cancellation or suspension of the insurance coverage required under this lease or would cause any applicable

manufacturer's warranty to become void.

(c) You must give us immediate written notice of any of these events: theft or loss of the vehicle, damage to the vehicle, an accident involving the vehicle, and any claims or demands related to such theft, loss, damage, or accident. You must assist us and any insurer in investigating and defending any such claim or demand and in making any claims that we have against someone else.

(d) _____ [in open-end (finance) lease, add if desired: The estimated residual value of the vehicle may be affected by your driving the vehicle in excess of _____ (specify, e.g., 10,000) miles a year. If that mileage limit is exceeded, you will pay the additional sum of \$ _____ for each mile over that limit. In the event of early termination of this lease, the excess-mileage charge, if any, will be prorated].

Maintenance. You are responsible for the following maintenance and servicing of the leased vehicle:

(a) You bear all risk of loss or destruction of the vehicle and all risk of damage to it.

(b) You will, at your own expense, have the vehicle serviced according to the manufacturer's recommendations and in compliance with the requirements of the manufacturer's warranties, if any. You will keep the vehicle in good operating order, repair, and appearance, and have all necessary repairs made.

(c) In the event of damage you will have the vehicle repaired promptly. If it is repaired satisfactorily and if we receive any insurance payment to cover the damage, we will turn the money over to you.

(d) If the vehicle is lost, stolen, confiscated, or damaged beyond repair, this lease ends. In that event your obligations will be figured as in a case of early termination at your option, described below, with this change: net sale value will be computed by adding all payments that we receive from insurance coverage and from sale or salvage of the vehicle.

(e) Without our prior written consent, you will not make changes to the vehicle that may decrease the vehicle's value or performance or limit its use.

Warranties. The leased vehicle is subject to the following express warranties: None. We make no warranties, express or implied, concerning the vehicle. We will not be responsible for any harm or loss that anyone suffers because of use or loss of use of the vehicle. We will give you a copy of the vehicle manufacturer's warranty.

Early Termination and Default. (a) You may terminate this lease before the end of the lease term under the following conditions: Only after it has been in effect for one year, and then only if you are currently in compliance with all your duties under this lease. To end this lease you must return the vehicle to the place of return specified in this lease and pay both the early termination charge specified below and any additional rentals required by this paragraph. Within 10 days after you return the vehicle, we must try to get three offers to buy the vehicle for cash, as well as accept any offer made by a person whom you name. We will determine "net sale value" by starting with the highest good faith offer and deducting from it any taxes, renovation costs, and official fees that we would have to pay to make the sale. We will also determine the "accumulated depreciation reserve" as follows. The "accumulated depreciation reserve" is \$ _____ (which is the portion of your basic monthly payment designated to cover depreciation of the vehicle) times the number of monthly payments that you have made. If the net sale value plus the accumulated depreciation reserve is more than the initial value of the vehicle, we will pay you the excess, but only after deducting the early termination charge. However, if the net sale value plus the accumulated depreciation reserve adds up to less than the initial value of the vehicle, you must pay us the difference, along with the early termination charge.

The charge for such early termination is \$ _____.

(b) We may terminate this lease before the end of the lease term under the following conditions: If you violate any term of this lease, die, become incompetent or insolvent, become the subject of legal action under any bankruptcy, insolvency, reorganization, or receivership laws, cancel required insurance on the vehicle, are determined by any insurer to be an uninsurable risk at standard rates, attempt to turn the vehicle or your rights under this lease over to someone else, or attempt to use the vehicle or this lease to secure an obligation to someone else, or if the vehicle is damaged beyond repair, or lost, destroyed, stolen, abandoned, or confiscated. We may then exercise any and all of our rights under this lease and also any others provided by law.

On such a termination, we shall be entitled to keep prior payments and retake and sell the vehicle. If we sell the vehicle, we may accept the highest cash offer then available to us. Whether you then owe us additional rent or we owe you a refund will be determined as in a case of early termination at your option, described above. You must pay us all reasonable costs of collection, repossession, storage, sale, attorney's fees, and other expenses of enforcing our rights under this lease.

Security Interest. We reserve a security interest of the following type in the property listed below to secure performance of your obligations under this lease: *[specify interest]* in *[describe property]*. We may use this security to cover any amount that you owe us under any part of this lease and fail to pay; but if you meet all of your obligations under the lease, we will return the deposit to you after the lease term expires.

Late Payments. The charge for late payments is \$ _____.

Option to Purchase Leased Vehicle Prior to the End of the Lease. You have an option to purchase the leased vehicle prior to the end of the term. The price will be either (a) _____ percent of the current wholesale value of the vehicle, including accessories, as indicated in the Western edition of the Kelley Blue Book or (b) the adjusted lease balance, whichever amount is greater. The "adjusted lease balance" equals the initial value of the vehicle minus the sum of the capitalized cost reduction, trade-in allowance, and monthly payments to date.

20-47 California Legal Forms--Transaction Guide § 47.221

§ 47.221 Consumer Vehicle Lease--Term Exceeding Four Months [Civ. Code § 2985.8]

[1] Comment

[a] Use of Form

This form may be used to draft a consumer vehicle lease for a term exceeding four months, in conformity with the Vehicle Leasing Act [Civ. Code § 2985.7 *et seq.*]. The resulting document will include not only disclosures and statements required by the Vehicle Leasing Act, but also disclosures mandated by Regulation M [12 C.F.R. pt. 213], in the format prescribed by that regulation [see § 47.220]. For additional discussion of the applicable requirements, see § 47.31.

See § 47.225 for an automobile rental agreement for a term not exceeding four months. Such an agreement is not governed by either the Vehicle Leasing Act or the Consumer Leasing Act and Regulation M.

[b] Form and Format of Lease

The lease must be in writing, and the printed portion must be in at least eight-point type and contain in a single document all of the agreements of the lessor and lessee with respect to the obligations of each party [Civ. Code § 2985.8(a); see *Kroupa v. Sunrise Ford* (1999) 77 Cal. App. 4th 835, 843-844, 92 Cal. Rptr. 2d 42 (finding violation of § 2985.8(a) when there was a single transaction involving two trade-ins and new truck lease but no single document containing "all the agreements" regarding parties' obligations)]. At the top of the lease must be a title containing the words "LEASE CONTRACT" or "LEASE AGREEMENT," which must be in at least 12-point boldface type [Civ. Code § 2985.8(b)]. For the lessor to be in compliance with both the Vehicle Leasing Act and also Regulation M, respecting the contents and format of the lease, the document may be constructed as follows:

- The first page must contain notices prescribed by the Vehicle Leasing Act [see [c], [e], *below*]. The notices may appear anywhere on the first page. Placing them immediately below the title would minimize problems in creating the other parts of the document. An additional required notice [see [d], *below*] could conveniently be placed there as well, for the same reason, even though it need not appear

on the first page.

- The text of the document (that is, the drafted provisions of the lease), including statements required by the Vehicle Leasing Act [see [f], *below*], may be laid out following the required notices. Many provisions that would normally appear in the text will be supplanted by references to the Regulation M disclosures, which must be included in the document and will contain many of the essential terms of the parties' agreement.
- The Regulation M segregated disclosures, which will have to be entirely on a separate page with no other information [see § 47.220[3], [5]], should be placed next. (These disclosures are required by the Vehicle Leasing Act and so must appear even in a lease that is not governed by Regulation M.) This page may be used also for some information that the Vehicle Leasing Act requires [see [g], *below*].
- On the next succeeding page should be an itemization of the gross capitalized cost [see [h], *below*]. This should be placed first on the page, since it must appear "immediately following or directly adjacent to" the Regulation M segregated disclosures [Civ. Code § 2985.8(c)(2)].
- The Regulation M nonsegregated disclosures [see § 47.220[4], [6]] (which are required by the Vehicle Leasing Act and so must appear even in a lease that is not governed by Regulation M) may begin next after the itemization of gross capitalized cost. These disclosures need not be set apart on a separate page. The prescribed format for these disclosures is a standard paragraph format (that is, no elements for emphasis, such as enclosing boxes and boldface type, are required).
- Finally, just above the signature lines, as prescribed by the Vehicle Leasing Act, must appear a warning to the lessee and, if required by the lessor, an acknowledgment of the lessee's having received an executed copy of the lease [see [j], [k], *below*].

If a language other than English is the primary language used for negotiations with a consumer with respect to a contract under the Vehicle Leasing Act, the consumer (and any other party to the contract) may have to be provided with a translation of the contract in that other language [Civ. Code; see § 47.14]. For contracts entered into prior to July 1, 2004, this requirement applied only to contracts negotiated primarily in Spanish. On and after July 1, 2004, it applies to contracts negotiated primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean [see Civ. Code § 1632]. For detailed discussion of these requirements, and exceptions, see *Ch. 45, Consumer Installment Loans and Credit Sales*, § 45.64.

[c] Warning About Cooling Off Period

The lease must contain, in at least eight-point bold face type, on the first page of the contract and circumscribed by a line, the following notice [Civ. Code § 2985.8(e)]:

"THERE IS NO COOLING OFF PERIOD

"California law does not provide for a 'cooling off' or other cancellation period for vehicle leases. Therefore, you cannot later cancel this lease simply because you change your mind, decided the vehicle costs too much, or wish you had acquired a different vehicle. You may cancel this lease only with the agreement of the lessor or for legal cause, such as fraud."

[d] Credit Disapproval Notice

The lease must contain, in at least eight-point boldface type, the following notice [Civ. Code § 2985.8(f)]:

"You have the right to return the vehicle, and receive a refund of any payments made if the credit application is not approved, unless nonapproval results from an incomplete application or from incorrect information provided by you."

[e] Insurance-Gap Liability Warning

If the lease contains a provision that holds the lessee liable for the difference between (1) the adjusted capitalized cost disclosed in the lease reduced by the amounts described in *Civ. Code* § 2987(b)(5)(A) [see § 47.32[3]] and (2) the settlement proceeds of the lessee's required insurance and deductible in the event of theft or damage to the vehicle that results in a total loss, the lease must contain the following notice in at least eight-point boldface type on the first page of the contract [*Civ. Code* § 2985.8(j)]:

"GAP LIABILITY NOTICE

"In the event of theft or damage to the vehicle that results in a total loss, there may be a GAP between the amount due upon early termination and the proceeds of your insurance settlement and deductible. THIS LEASE PROVIDES THAT YOU ARE LIABLE FOR THE GAP AMOUNT. Optional coverage for the GAP amount may be offered for an additional price."

[f] Property Descriptions

The lease must contain the following information:

- The vehicle identification number of the leased vehicle [*Civ. Code* § 2985.8(c)(3)].
- A brief description of each vehicle or other property being traded in and the agreed-on value of that property, if the amount due at the time of signing the lease or on delivery is paid in whole or in part with a net trade-in allowance or the "Itemization of Gross Capitalized Cost" includes any portion of the outstanding prior credit or lease balance from the trade-in property [*Civ. Code* § 2985.8(c)(4)]; see [h], below (Itemization of Gross Capitalized Cost).

[g] Documentation Fee

The lease must state the fee, if any, to be retained by the lessor for document preparation, which must not exceed \$45 and may not be represented as a governmental fee [*Civ. Code* § 2985.8(c)(5)].

PRACTICE TIP:

A documentation fee must be disclosed under Regulation M as one of the components of the "amount due at lease signing" [see § 47.220[1][d]], if it would be collected when the lease is signed. By listing it on the Regulation M disclosure form (as, for example, a "document preparation fee"), the lessor would be in compliance with both the Vehicle Leasing Act and Regulation M.

[h] Itemization of Gross Capitalized Cost

PRACTICE TIP:

A lease entered into before January 1, 2002 will not necessarily conform to the requirements of the separate "Itemization of Gross Capital Costs" listed below, but rather is subject to the pre-2002 requirements. The requirements listed below apply only to leases entered into on or after January 1, 2002 [see Stats. 2001 ch. 287, §§ 2, 5].

The contract must contain a separate statement labeled "Itemization of Gross Capitalized Cost" that appears

immediately following or directly adjacent to the disclosures required to be segregated by Regulation M [*Civ. Code* § 2985.8(c)(2); *see* 12 C.F.R. § 213.3(a)(2) (segregated disclosures); § 47.220[1][d]]. The itemization of gross capitalized cost must include all of the following and be circumscribed by a line:

- The agreed value of the vehicle, as equipped at the time of the lease signing [*Civ. Code* § 2985.8(c)(2)(A)].
- The agreed-on value and a description of each accessory and item of optional equipment the lessor agrees to add to the vehicle after the lease signing [*Civ. Code* § 2985.8(c)(2)(B)].
- The premium for each policy of insurance [*Civ. Code* § 2985.8(c)(2)(C)].
- The amount charged for each service contract [*Civ. Code* § 2985.8(c)(2)(D)].
- Any charge for an optional debt cancellation agreement [*Civ. Code* § 2985.8(c)(2)(E)].
- Any outstanding prior credit or lease balance [*Civ. Code* § 2985.8(c)(2)(F)].
- An itemization by type and agreed-on value of each good or service included in the gross capitalized cost other than those items included in the required disclosures listed above [*Civ. Code* § 2985.8(c)(2)(G)].

PRACTICE TIP:

Under Regulation M, this itemization is optional. Regulation M mandates a statement of the lessee's option to receive a separate written itemization of the gross capitalized cost (which, if requested by the lessee, must be provided before consummation) [12 C.F.R. § 213.4(f)(1)]. However, the lessor may elect to provide the itemization as a matter of course, in which case, the lessor need not provide a statement of the lessee's option to receive an itemization [12 C.F.R. pt. 213, supp. I, comment 4(f)(1)-2]. Since the California Vehicle Leasing Act requires the itemization to be provided [*Civ. Code* § 2985.8(c)(2); *see* § 47.221[1][h]], and that California law applies whenever Regulation M governs a lease transaction [*see* § 47.31[1][a]], and the California requirement is valid because it is not inconsistent with Regulation M [*see* 15 U.S.C. § 1667e(a); 12 C.F.R. § 213.9(a); § 47.30[9]], the lessor is bound to provide the itemization as a matter of course.

Under Regulation M, the gross capitalized cost must be itemized by type and amount. The lessor may include in the itemization an identification of the items and amounts of some or all of the items contained in the agreed value of the vehicle. The itemization must be provided at the same time as the other disclosures required by 12 C.F.R. § 213.4, but it may not be included among the segregated disclosures [12 C.F.R. pt. 213, supp. I, comment 4(f)(1)-2], which are described in § 47.220[1][d].

[i] Optional DMV Electronic Filing Fee

The lease must state the amount of any optional business partnership automation fee to register or transfer the vehicle. This fee must be labeled "Optional DMV Electronic Filing Fee" [*Civ. Code* § 2985.8(c)(6)].

[j] Preservation of Buyer's Claims and Defenses as Consumer

In connection with any financed lease of goods to consumers subject to the Truth in Lending Act [*see* 15 U.S.C. § 1601 *et seq.*] and Regulation Z [*see* 12 C.F.R. pt. 226], in or affecting interstate commerce, it is an unfair or deceptive act or practice under the Federal Trade Commission Act [*see* 15 U.S.C. § 45] for the lessor to take or receive a consumer

credit contract (such as a motor vehicle lease) that fails to contain the following provision, in at least 10-point boldface type [see 16 C.F.R. § 433.2; see also 16 C.F.R. § 433.1 (definitions); Ch. 45, *Consumer Installment Loans and Credit Sales*]:

"NOTICE

"ANY HOLDER OF THIS CONSUMER CREDIT CONTRACT IS SUBJECT TO ALL CLAIMS AND DEFENSES WHICH THE DEBTOR COULD ASSERT AGAINST THE SELLER OF GOODS OR SERVICES OBTAINED PURSUANT HERETO OR WITH THE PROCEEDS HEREOF. RECOVERY HEREUNDER BY THE DEBTOR SHALL NOT EXCEED AMOUNTS PAID BY THE DEBTOR HEREUNDER."

[k] Signatures and Related Contents

The lease must contain, in at least eight-point boldface type, above the space provided for the lessee's signature and circumscribed by a line, the following notice [*Civ. Code* § 2985.8(d)]:

"(1) Do not sign this lease before you read it or if it contains any blank spaces to be filled in.

"(2) You are entitled to a completely filled in copy of this lease.

"(3) Warning--Unless a charge is included in this lease for public liability or property damage insurance, payment for that coverage is not provided by this lease."

Any acknowledgment by the lessee of delivery of a copy of the lease (or purchase order and any vehicle lease proposal and any credit statement) that the lessor has required or requested the lessee to sign, and the lessee has signed, during the contract negotiations, must be printed or written in size equal to at least 10-point boldface type and, if contained in the contract, must appear directly above the space reserved for the lessee's signature [*Civ. Code* § 2986.4].

PRACTICE TIP:

The lessee's written acknowledgment, conforming to these requirements, of delivery of a completely filled in copy of the contract, and copies of other documents, constitutes a rebuttable presumption of delivery in any action or proceeding by or against a third party without knowledge to the contrary when the third party acquired an interest in the contract. If the third party furnishes the lessee copies of the documents, or a notice containing items set forth in *Civ. Code* § 2985.8(c) [see [b], [f]-[i]], and stating that the lessee must notify the third party in writing within 30 days if the lessee was not furnished copies of the documents, and no such notification is given, it must be conclusively presumed in favor of the third party that copies of the documents were furnished as required by the Vehicle Leasing Act [*Civ. Code* § 2986.4].

The lease must be signed by the lessor and lessee, or their authorized representatives, and an exact copy of the fully executed lease must be provided to the lessee at the time of signing [*Civ. Code* § 2985.8(g)].

[l] Liability Insurance Warning

This form includes an optional warning that no liability insurance is provided or required. Every dealer who, on transferring by lease any new or used vehicle of a type subject to registration, requires the lessee to insure the vehicle, if the required insurance policy is obtained by the dealer and does not insure the lessee against damages resulting from ownership or operation of the vehicle arising by reason of personal injury or death of any person, or from injury to property, must notify the lessee of that fact in writing on a document other than the insurance policy. The document must be in duplicate and signed by the lessee. This requirement also applies to lending agencies that as holders of

security interests in leased vehicles require their obligors to insure the vehicles [*Veh. Code* § 5604].

PRACTICE TIP:

The lease document, if in duplicate, will meet these requirements. The statute prescribes neither wording nor format nor placement for the warning. Although a similar warning is prescribed by the Vehicle Leasing Act [*see Civ. Code* § 2985.8(d); [i], above], it is not quite the same as the one required by *Veh. Code* § 5604.

[m] Arbitration Clause

This form includes an optional clause requiring arbitration of any dispute arising under the lease. For discussion and alternative arbitration clauses, see Ch. 75, *Formation of Contracts and Standard Contractual Provisions*.

LEASE CONTRACT

[Warning about cooling off period must be on first page of contract in at least 8-point boldface type and circumscribed by line; see [1][c], above:]

THERE IS NO COOLING OFF PERIOD

California law does not provide for a "cooling off" or other cancellation period for vehicle leases. Therefore, you cannot later cancel this lease simply because you change your mind, decided the vehicle costs too much, or wish you had acquired a different vehicle. You may cancel this lease only with the agreement of the lessor or for legal cause, such as fraud.

[Credit disapproval notice (see [1][d], above) must be in at least 8-point boldface type:]

You have the right to return the vehicle, and receive a refund of any payments made if the credit application is not approved, unless nonapproval results from an incomplete application or from incorrect information provided by you.

[Insurance-gap liability warning, if required, must be on first page of contract in at least 8-point boldface type; see [1][e], above:]

GAP LIABILITY NOTICE

In the event of theft or damage to the vehicle that results in a total loss, there may be a GAP between the amount due upon early termination and the proceeds of your insurance settlement and deductible. THIS LEASE PROVIDES THAT YOU ARE LIABLE FOR THE GAP AMOUNT. Optional coverage for the GAP amount may be offered for an additional price.

AGREEMENT

This agreement for the lease of the vehicle described below is made between _____ [name and address] ("Lessor") and _____ [name(s) and address(es)] ("Lessee").

1. **Leased Vehicle.** The subject of this lease is [describe vehicle sufficiently to identify it] (the "vehicle" or the "leased vehicle"). The vehicle identification number is: _____. The parties agree that the value of the vehicle at the date of execution of this lease is \$ _____ (the "initial value").

2. **Incorporated Disclosures.** This agreement is based in part on the terms and conditions stated in the "Federal Consumer Leasing Act Disclosures" (the "Disclosures") set out below. In the Disclosures, "you" and "your" refer to Lessee; "we" and "us" and "our" refer to Lessor.

3. **Lease Documents.** This single document contains the entire agreement between the Lessor and the Lessee concerning the leased vehicle. A reference in the Disclosures to "lease documents" is a reference solely to this document.

4. **Trade-In Vehicle.** The basis for computing the net trade-in allowance, if any, stated in the Disclosures and/or the outstanding prior credit or lease balance, if any, stated in the "Itemization of Gross Capitalized Cost" set out below is [briefly describe trade-in vehicle] having an agreed value of \$ _____.

5. **Lease Term.** This lease shall begin on the scheduled delivery date, _____ [date], or when the vehicle is available, whichever is later, and shall continue for the term stated in the Disclosures. If reasons beyond the Lessor's control either delay or prevent delivery of the vehicle, the Lessor shall have no liability to the Lessee for the delay or nondelivery. If there is a delay exceeding two weeks, the Lessee may require the Lessor to reschedule the due dates of the monthly payments provided for in the Disclosures, in accordance with the delay.

6. **Return of Vehicle.** When the lease expires or ends sooner, the Lessee will return the vehicle to the Lessor at the place of vehicle return specified below. The vehicle shall be free of damage, in good operating condition, and in good appearance, except for reasonable wear.

7. **Insurance.** If the Lessee agrees to provide insurance coverage in the amount and types indicated in the Disclosures, the Lessee shall arrange for, pay for, and keep up the insurance. The policy shall name the Lessor as additional insured and loss payee. The Lessee shall give the Lessor evidence that the Lessee has fulfilled this responsibility, including giving the Lessor the insurance policies or certificates if the Lessor asks for them. All comprehensive and collision insurance shall name the loss payee pursuant to Standard Form 49A--Loss Payable Endorsement or its equivalent. Each policy shall require at least 10 days written notice to the Lessor before any cancellation. If the Lessee fails to provide or keep up the insurance, the Lessor may obtain coverage benefitting the Lessor only and add the premiums to the balance owed to the Lessor. With respect to comprehensive and collision insurance, the Lessee appoints the Lessor as attorney in fact, with power to settle any claim, to sue in the Lessor's name and/or the Lessee's name, to add the expenses of suing to the Lessee's bill, to submit proofs of claim or loss in the Lessee's name, and to sign the Lessee's name to any settlement document or check. If an insurance company makes a payment under a comprehensive or collision policy that the Lessee is required to obtain, the payment must be to the Lessor. The Lessor will apply it first to amounts that the Lessee owes to the Lessor and will give the Lessee any part of the payment that is left over. The Lessee agrees not to cause the cancellation or suspension of insurance coverage on the vehicle.

8. **Costs During Use.** The Lessee shall pay all costs, fees, and taxes arising from the use, maintenance, and repair of the vehicle during the lease term. Among such expenses are registration fees and taxes as stated in the Disclosures. If the

Lessor pays amounts that the Lessee is responsible for, the Lessee shall repay the Lessor.

9. Parts and Accessories. All replacement parts and additions or accessories that are installed in the vehicle will become the Lessor's property.

10. Assignment. The Lessor may assign any or all of the Lessor's rights. The Lessee shall not assign rights without the Lessor's prior written permission and shall not sublet the vehicle.

11. Indemnity. If the Lessor, or anyone to whom the Lessor transfers rights, suffers any losses, claims, or expenses connected with the vehicle, the Lessee will indemnify the Lessor (or the party who holds the Lessor's rights). Such losses can include, among other things, obligations arising from manufacture, selection, delivery, possession, use, and return of the vehicle.

12. No Waiver of Rights. If the Lessor delays or refrains from exercising any right, the Lessor is not waiving or giving up that right or any other right, and the Lessor may assert it later.

13. Attorneys' Fees. Should any litigation be commenced between the parties for the enforcement of any rights of either party against the other pursuant to the provisions of this lease, or by reason of any alleged breach of any of the provisions of this lease, then, except as otherwise provided in the Disclosures, the party prevailing in the litigation shall be entitled to receive from the unsuccessful party all costs incurred in connection with the litigation, including a reasonable allowance for attorneys' fees incurred by the prevailing party.

14. Notices. Any notice that may or must be given to the Lessor may be mailed to _____[lessor's mail address]. Any notice that may or must be given to the Lessee may be mailed to the address shown below next to the Lessee's signature. Except as otherwise expressly provided by law, any and all notices or other communications required or permitted by this lease or by law to be served on or given to either party by the other party shall be in writing and shall be deemed duly served and given when personally delivered to a party [or a designated agent of a party] or, in lieu of personal service, when deposited in the United States mail, first-class postage prepaid, addressed to a party as provided in this paragraph. Either party may change the party's address for the purpose of this paragraph by giving written notice of the change to the other party in the manner provided in this paragraph.

15. Binding Agreement. This lease and each of its provisions shall be binding on and shall inure to the benefit of the respective heirs, devisees, legatees, executors, administrators, trustees, successors, and assigns of the parties. Nothing contained in this paragraph shall be construed as a consent by the Lessor to any assignment of rights or interest by the Lessee.

16. Time of the Essence. Time is of the essence in this lease and each provision contained in it.

17. Amendment. This lease may be amended only by a writing signed by the party against whom, or against whose successors and assigns, enforcement of the change is sought.

18. Partial Invalidity. Each provision of this lease is made and declared to be a material, necessary, and essential part of this lease. Nevertheless, if any term or provision of this lease or any application of this lease be held invalid or unenforceable, the remainder of this lease and any application of its terms and provisions shall not be affected but shall be valid and enforceable pursuant to this lease and California law.

19. Governing Law. This agreement shall be governed by and construed in accordance with the laws of California.

[Include provision for binding arbitration if desired; see [1][m], above:]

20. Arbitration. Any dispute that arises between the Lessor and the Lessee relating to the provisions of this lease shall be submitted to arbitration on application by either party. The arbitration panel shall consist of three persons; one each shall be appointed by the Lessor and the Lessee, and the third shall be jointly appointed by the appointees of the Lessor and the Lessee. The arbitration shall be conducted in compliance with *Code of Civil Procedure Section 1280 et seq.* relating to arbitration. The cost of the arbitration shall be divided evenly between the Lessor and the Lessee.

[Include provision on acceptance of vehicle if vehicle is delivered when lease is executed:]

21. Acceptance of Vehicle. The Lessee accepts the vehicle in its present condition. The Lessee agrees with, and represents to the Lessor, that the vehicle has been inspected by the Lessee and that the Lessee has been assured by means independent of the Lessor or any agent of the Lessor of the truth of all facts material to this lease and that the vehicle is being leased by the Lessee as a result of its inspection and investigation and not as a result of any representations made by the Lessor or any agent of the Lessor.

PART IV. FORMS
B. Vehicle Leasing

§ 47.222 Notice to Cosigner of Vehicle Lease [Civ. Code § 1799.91]

This form may be used to comply with a notice requirement that applies to leases governed by the Vehicle Leasing Act [see *Civ. Code* § 2985.7 *et seq.*], when the lessee's financial obligation is to be secured by another person's guaranty [see *Civ. Code* § 1799.90(a)(6)]. Unless the persons in question are married to each other, the lessor under such a lease must deliver to each person who does not in fact receive the vehicle that is the subject of the lease (that is, each guarantor), before that person becomes liable on the lease, the notice in [2], below. The notice must be in both English and Spanish, or whatever other language the contract is written in, in at least 10-point type [*Civ. Code* § 1799.91(b),(d)]. The word "your" in the last sentence of the third paragraph of the notice in English must be italicized [*Civ. Code* § 1799.91(f)]. If the notice is not included with the text of the contract, it must be on a separate sheet, which must not contain any other text except as is necessary to identify the seller and the contract to which the statement refers and to provide for the date and the cosigner's acknowledgment of receipt [*Civ. Code* § 1799.92(b)].

The seller, or an assignee of the seller, failing to comply with this notice requirement is precluded from suing a cosigner or enforcing a security interest against that party. However, the rights of a bona fide purchaser for value of property sold after enforcement of a security interest are unaffected if the purchase was made without notice of the facts constituting a violation of the requirement [Civ. Code § 1799.95].

Notice to Cosigner of Vehicle Lease [Civ. Code § 1799.91]

Re: _____ Motor Vehicle Lease Dated _____ [date] Between
_____ [name and address of lessee] and _____ [name of lessor]

NOTICE TO COSIGNER

(Traducci'on en Ingl'es Se Requiere por La Ley)

You are being asked to guarantee this lease. Think carefully before you do. If the lessee doesn't pay, you will have to. Be sure you can afford to pay if you have to, and that you want to accept this responsibility.

You may have to pay up to the full amount owed on the lease if the lessee does not pay. You may also have to pay late fees or other collection costs, which increase this amount.

The lessor can collect on the lease from you without first trying to collect from the lessee. The lessor can use the same collection methods against you that can be used against the lessee, such as suing you, garnishing your wages, etc. If this lease is ever in default, that fact may become part of *your* credit record.

This notice is not the contract that makes you liable for the lease obligation.

20-47 California Legal Forms--Transaction Guide § 47.223

§ 47.223 Notice to Lessee Electing Early Termination of Lease [Civ. Code § 2987]

[1] Comment--Use of Form

This form is a notice for use by the lessor or holder of a vehicle lease entered into after 1997 [*see Civ. Code § 2987(i)*], in the event the lessee elects to terminate early. When the lessee does not purchase or trade in the leased vehicle on early termination of the contract, the lessee's liability under the contract is limited by statute, and the lessor or holder of the contract may be required to give the lessee a prescribed notice [*see Civ. Code § 2987*]. For further discussion, see § 47.32. The notice will necessarily identify the parties in an appropriate conventional manner (the form in [2], *below*, does not illustrate this) as well as the lease and the vehicle.

The notice must set forth the following [*Civ. Code § 2987(d)(2)(B)*]:

- The time and place of any public sale, the beginning time of a private sale or other intended disposition, or the date for determining the realized value of the vehicle pursuant to *Civ. Code § 2987(c)(3)* [*see § 47.32[6]*].
- The following amounts:
 - An itemization of all amounts claimed under *Civ. Code § 2987(b)(1)-(4)* [*see § 47.32[3]*].
 - The amount of the difference between the adjusted capitalized cost and the sum of all depreciation and other amortized amounts paid through the date of early termination as provided in *Civ. Code § 2987(b)(5)* [*see § 47.32[3]*].
 - The total of the foregoing amounts, identified as the "Gross Early Termination Amount."

■ When the realized value will be determined pursuant to *Civ. Code* § 2987(c)(3) [see § 47.32[6]], the following statement:

"The amount you owe for early termination will be no more than the difference between the Gross Early Termination Amount stated above and (1) the appraised value of the vehicle or (2) if there is no appraisal, the wholesale value specified in a recognized used vehicle value guide. You have the right to get a professional appraisal to establish the value of the vehicle for the purpose of figuring how much you owe on the lease. If you want an appraisal, you will have to arrange for it to be completed at least three days before the scheduled valuation date. The appraiser has to be an independent person acceptable to the holder of the lease. You will have to pay for the appraiser. The appraised value will be considered final and binding on you and the holder of the lease."

■ Whenever the statement in the preceding item is not required, the following statement instead:

[1] Comment--Use of Form

This form is a notice that may be used to comply with the Vehicle Leasing Act requirement for notifying lessees of the lessor's intent to sell a leased vehicle at the end of the lease, when the lessee is to bear the risk of the vehicle's depreciation on the scheduled expiration of the lease [*see Civ. Code § 2989.2; § 47.31[10][c]*]; that is, in the case of an open-end (finance) lease. Any provision in the lease to the contrary notwithstanding, the holder of the contract must give at least 10 days written notice of intent to sell the vehicle to each lessee and guarantor, unless the lessor and lessee have agreed in writing to the amount of the lessee's liability under the lease after the lessee returns the vehicle to the lessor, or the lessee has satisfied the lease obligations by payment to the lessor. The notice must set forth separately any charges or sums due, and must state that the lessee will be liable for the difference between the amount of liability imposed on the lessee at the expiration of the lease term and the actual cash value of the vehicle when it is sold. The notice also must state that the lessee has the right to submit a cash bid for the purchase of the vehicle. The notice must be personally served or be sent by certified mail, return receipt requested, directed to the address of the lessee shown on the contract, unless the lessee has notified the holder in writing of a different address [*Civ. Code § 2989.2(b)*].

§ 47.225 Automobile Rental Agreement--Term Less Than Four Months

[1] Comment

[a] Use of Form

This form is an automobile rental agreement to be used for rentals of passenger vehicles for periods not exceeding four months. Such an agreement is not subject to either the Vehicle Leasing Act [*Civ. Code* § 2985.7 *et seq.*] or the Consumer Leasing Act [15 U.S.C. § 1667 *et seq.*] and Regulation M [12 C.F.R. pt. 213] but is governed by the Uniform Commercial Code--Leases (UCC Division 10) [*Com. Code* § 10101 *et seq.*; see § 47.31[1][a]]. For discussion of the UCC--Leases, see Ch. 53, *Personal Property Leasing*.

[b] Damage Waiver Disclosures

This form includes a statutory example of disclosures that are required when a rental company offers a damage waiver for an additional charge [see *Civ. Code* § 1936(g)(3)]. See § 47.34 for discussion of the regulation of a damage waiver in a rental agreement for a passenger vehicle for up to 30 days. A rental company that offers or provides a damage waiver, for any consideration in addition to the rental rate, must clearly and conspicuously disclose the following information in the rental agreement (or in the holder in which the agreement is placed and, also, in signs posted where the renter signs the contract; and for renters enrolled in the company's membership program, in signs posted where their reserved cars are parked or near the exit for the bus transporting enrollees to their reserved cars) [*Civ. Code* § 1936(g)(1)]:

- The nature of the renter's liability (for example, liability for all collision damage regardless of cause).
- The extent of the renter's liability (for example, liability for damage or loss up to a specified amount).
- That the renter's personal insurance policy may provide coverage for all or a portion of the renter's potential liability.

- That the renter should consult with an insurer to determine the scope of insurance coverage, including the amount of the deductible, if any, for which the renter is obligated.
- That the renter may purchase an optional damage waiver to cover all liability, except liability for loss due to theft [*see Civ. Code § 1936(g)*; § 47.34[3][a]], subject to whatever permitted exceptions the rental company expressly lists [*see Civ. Code § 1936(f)*; § 47.34[3][b]].
- The range of damages for the damage waiver.

In addition to the disclosures listed above, a rental company that offers or provides a damage waiver must orally disclose to all renters, except those who are participants in the rental company's membership program, that the damage waiver may be duplicative of coverage that the customer maintains under his or her own motor vehicle insurance policy [*Civ. Code § 1936(g)(2)*; *see Civ. Code § 1936(a)(9)(A)* (membership program means service offered by rental company that permits customers to bypass rental counter and go directly to previously reserved car); *see also Civ. Code § 1936(a)(9)(A)-(E)* (membership program's requirements)]. The renters' receipt of the oral disclosure is demonstrated through the renter's acknowledgment near that part of the contract in which the renter indicates, by the renter's own initials, his or her acceptance or declination of the damage waiver. Adjacent to that same part, the contract also must state that the damage waiver is optional [*Civ. Code § 1936(g)(2)*; *see [2], below*]. Further, the contract must include a clear and conspicuous written disclosure that the damage waiver may be duplicative of coverage that the renter maintains under his or her own motor vehicle insurance policy [*Civ. Code § 1936(g)(2)*].

[c] Disclosures Required When Renting 15-Passenger Van

In addition to the disclosures discussed in [b], above, a rental company that rents a 15-passenger van must provide the renter with a copy of the National Highway Traffic Safety Administration's consumer advisory for 15-passenger vans entitled "Reducing the Risk of Rollover Crashes" (as updated from time to time). The renter must acknowledge receipt of it by signing an acknowledgment on the rental agreement or on an attached form [*Civ. Code § 1936.1(a)(1)*; *see [2], below*].

If the rental of the van is for a business purpose or use, the rental company must also state in the same document that only an employee with the proper licensing may drive that vehicle. The renter must acknowledge receipt of this information by signing an acknowledgment on the rental agreement or on an attached form [*Civ. Code § 1936.1(a)(2)*; *see Civ. Code § 1936.1(a)(1)* (manner of acknowledgment)].

A 15-passenger van is any van manufactured to accommodate 15 passengers, including the driver, regardless of whether that van has been altered to accommodate fewer than 15 passengers, except a 15-passenger van with dual rear wheels that has a gross weight rating of not less than 11,500 pounds [*Civ. Code § 1936.1(b)*].

(b) The proposed lessee will be unable, for any reason, to perform fully all of the terms and conditions of the lease.

(c) Either Lessor or the proposed lessee is more than _____ [number] months delinquent in the payment of any obligation owed by Lessor or the proposed lessee to any creditor.

(f) The driving privileges of the proposed lessee have been suspended or revoked, or the proposed lessee is unable to obtain automobile public liability insurance in an amount required to satisfy California financial responsibility laws under an assigned risk plan.

(a) All information and representations made to or furnished to Bank by Lessor are true and correct.

(b) The financed vehicle and Bank's security interest in it are and will be in all respects as stated in the security agreement executed by Lessor securing the promissory note evidencing the Loan.

(c) The lease of the financed vehicle and the rent payable under it are and will remain in all respects as specified in the lease.

(d) Lessor will duly perform all of Lessor's obligations to be performed pursuant to the lease.

(7) Other documents, instruments, and deposits, as Bank may require.

8. Acceptance of Insurance by Bank. The acceptance by Bank of any certificate of insurance or policy of insurance delivered to it pursuant to this agreement shall not be construed as any of the following:

9. Indemnity Against Public Liability. Lessor agrees to indemnify Bank against, and hold Bank and the property of Bank free and harmless from, any and all liability, including liability for any injuries suffered by employees of Lessor or employees of a lessee, caused by or connected with the ownership, leasing, operation, maintenance, or use of any financed vehicle.

10. Indemnity Against Damage to Vehicle. Lessor agrees to indemnify Bank for any loss suffered by it because of the theft, loss, damage, or destruction of any financed vehicle whether caused by the negligence of Lessor or other cause. Lessor shall indemnify Bank for any damages, expenses, or liabilities, including attorneys' fees, incurred by Bank in any litigation instituted by Bank on behalf of or for the benefit of Lessor.

11. Foreign Operation of Vehicles. Lessor shall not allow, without the prior written consent of Bank, any financed vehicle to be operated in such a manner outside California as to require the vehicle to be registered and licensed in another state or country or to exclude coverage of the vehicle by any insurance policy required by this agreement. If Bank consents, Lessor will, at Lessor's own cost and expense or at the cost and expense of the lessee of the vehicle, register the vehicle with a governmental agency as required by Bank, in a manner so as to provide Bank with a first and enforceable security interest in the vehicle. Bank shall not only have a security interest in each vehicle financed by it pursuant to this agreement but also have a security interest in all rent received for the leasing or rental of the financed vehicle, all proceeds received from the sale of the vehicle, and all insurance proceeds received because of the theft, loss, damage, or destruction of the vehicle. If Lessor receives any funds in which Bank has a security interest, Lessor shall immediately deliver the funds to Bank in the same form as they were received by Lessor, and Lessor shall have no right to use the funds or commingle them with other funds not the property of Bank.

13. Power of Attorney to Cash Checks. Lessor appoints Bank as Lessor's true and lawful attorney in fact to do any of the following acts at any time:

(a) Sign the name of Lessor to all checks, drafts, and evidences of indebtedness received by Bank in connection with any funds in which Bank has a security interest.

(b) Adjust, settle, and collect in the name of Lessor any amounts that may become due under any insurance policy insuring a financed vehicle.

14. Accountings to Lessor. As long as Lessor is not in default in the performance of any obligation, Bank does not deem itself insecure as to any obligation, Bank shall on the January 1, April 1, July 1, and October 1 of each year release to Lessor as much of the total rent payments and other amounts received by Bank pursuant to this agreement during the preceding calendar quarter as may exceed the total amount of all payments and other amounts that became due from Lessor to Bank during that period.

15. Default in Rent by Lessee. Within [number] days after a default by any lessee of a financed vehicle in the payment of the rent due for the vehicle, Bank shall serve written notice of default on Lessor and may, unless the default is cured within [number] days after giving the notice, declare the balance due on the Loan for the vehicle immediately due and payable.

16. Repossessions by Lessor. If any lessee of a financed vehicle defaults in the performance of any obligation under the lease covering the vehicle, Lessor shall, within [number] days after receiving a written request from Bank, repossess the vehicle and take other actions as Bank may deem necessary or appropriate to protect and preserve its security

interest in the vehicle.

17. Default of Lessor. On default by Lessor in the performance of any obligation under this agreement or any promissory note or security agreement executed pursuant to this agreement, Bank, at its election, may take any or all of the following actions:

- (a) Declare in whole or in part the unpaid balance of all indebtedness and obligations owing by Lessor to Bank immediately due and payable.
- (b) Apply all rent and other amounts received by Bank, including without limitation any proceeds received on termination of the lease term of any financed vehicle before the regular expiration of the lease term, toward payment of any indebtedness owing by Lessor to Bank.
- (c) Endorse, assign, or otherwise transfer, in the name of Lessor or otherwise, to Bank any evidence of title to any financed vehicle or other personal property that is security for any indebtedness owed by Lessor to Bank.
- (d) Exercise any and all rights, options, and remedies existing in favor of Lessor under any lease or other instrument covering property in which Bank has a security interest or providing for rent, proceeds, or other funds in which Bank has a security interest.

18. Termination of Lease. On termination of any lease for a financed vehicle, the full remaining unpaid principal balance of the promissory note and security agreement executed by Lessor pursuant to this agreement for the vehicle shall immediately become due and payable.

19. Vehicle Licenses and Taxes. Lessor shall pay all applicable sales and use taxes imposed on any financed vehicle, its use, operation, or leasing, and promptly pay as they become due all renewal license or registration fees for each financed vehicle. If Bank receives payment of any tax or fee from the lessee of a financed vehicle, Bank may pay the tax or fee to the appropriate taxing agency directly or remit it to Lessor, who shall promptly pay the tax or fee.

20. Notices. Any and all notices or other communications required or permitted by this agreement or by law to be served on or given to either party by the other party shall be in writing and shall be deemed duly served or given when personally delivered to the party to whom it is directed, or in lieu of personal service, when deposited in the United States mail, first-class postage prepaid, addressed to Bank at _____[address], _____[city], California, or to Lessor at _____[address], _____[city], California. Either party may change its address for the purposes of this paragraph by giving written notice of any change to the other party in the manner provided in this paragraph.

21. Attorneys' Fees. If any litigation is commenced between the parties concerning any financed vehicle, this agreement, or any instrument executed by either of them pursuant to this agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, costs, and necessary disbursements, in addition to any other relief to which that party may be entitled.

22. Approval of Instruments. The acceptance or approval by Bank of any document or instrument delivered to it pursuant to this agreement by Lessor, or the acceptance or approval by Lessor of any document or instrument delivered to Lessor by Bank, shall not be deemed a warranty by Bank or Lessor of the effectiveness, sufficiency, or legal effect of the instrument or document.

DIVISION III: COMMERCIAL TRANSACTIONS
CHAPTER 48 AGRICULTURAL FINANCING
PART II. LEGAL BACKGROUND

20-48 California Legal Forms--Transaction Guide § 48.10

§ 48.10 Types of Agricultural Loans

Agricultural lenders categorize loans by several different methods. Loans may be categorized by the property by which they are secured, for example, loans secured by agricultural real property, loans secured by farm products, loans secured by equipment, or loans secured by farm accounts. Loans may also be categorized by either the type of operation the borrower is engaged in, for example, crop loans, dairy loans, or livestock loans; or by the loan purpose and method of repayment.

The federal Farm Credit System and many commercial lenders categorize loans as "capital loans" and "operating loans." Capital loans are made for long-term financing needs, such as the purchase of replacement livestock, land acquisition, farm building construction, and equipment purchases. These loans are generally secured by deeds of trust covering the property purchased with the loan proceeds. Operating loans are made to finance all aspects of seasonal agricultural operations. Operating loans are normally secured by granting a security interest in the crops, livestock, or farm equipment purchased with the loan proceeds. For a discussion of these types of loans, see § 48.11 et seq.

DIVISION III: COMMERCIAL TRANSACTIONS
CHAPTER 48 AGRICULTURAL FINANCING
PART II. LEGAL BACKGROUND

20-48 California Legal Forms--Transaction Guide § 48.11

§ 48.11 Sources of Agricultural Credit

Agricultural credit may be obtained from a number of sources in both the private and government sectors.

Government lenders include the Farm Credit System institutions: farm credit banks, federal land bank associations, production credit associations, and the Bank for Cooperatives [see discussion in § 48.13 et seq.]. Other government lenders are the Farmers Home Administration and Commodity Credit Corporation [see discussion in §§ 48.14, 48.15]. The loan programs of each government lender are targeted to a specific lending purpose and require applicants to meet a variety of eligibility requirements. For a discussion of the eligibility requirements of each lender, see § 48.122.

Government financing is available for buying or improving farmland and farm buildings; purchasing livestock, equipment, and supplies; paying farm operating and family living expenses; refinancing farm debts; providing a residence for the farmer or rancher and his or her family; and providing facilities for processing, storing, and marketing farm products and handling farm equipment or supplies.

Attorneys counseling clients in loan-related matters should determine the most suitable government lender for the needs of the client [see § 48.122]. Any of the institutions discussed in this Legal Background may be contacted directly for information relating to their particular loan programs and requirements for borrower eligibility. Loan offices of production credit associations, federal land bank associations, and the Farmers Home Administration may be found in the local telephone directory of the area in which the farmer or rancher is in operation.

As an alternative to government lending programs, private individual lenders, including family members, local farmers or ranchers, and other persons involved in financing arrangements may be sources for agricultural financing. Although commercial and federal lenders ordinarily require the use of their own standard forms [see samples in §§ 48.221, 48.241], this chapter includes forms of loan and security agreements that may be used by private parties involved in agricultural financing [see §§ 48.220, 48.240]. For further discussion of loan arrangements between private parties, see Ch. 97, *Private Loans and Annuities*.

Insurance companies are also involved in agricultural financing and are estimated to hold approximately 6.5 percent of outstanding farm debt as of late 1988 [see Walraven and Rosine, *Agricultural Finance Databook*, Federal Reserve Board

Statistical Release E.15 (1989)]. Insurance companies are permitted to make loans secured by first or second liens on real property if certain requirements relating to the value of the collateral are met [*see Ins. Code §§ 1194.81, 1194.82*]. For coverage of insurance companies' permissible investments, see California Insurance Law and Practice, Ch. 6, *The Regulation of Insurer Investments* (Matthew Bender).

§ 48.12 Commercial Banks and Other Private Lending Institutions

Commercial loans for land purchase and equipment financing are commonly available because they afford the lender fairly stable security interests in the land or equipment. However, inexpensive operating loans may be more difficult to obtain due to the speculative nature of farming and ranching, which subjects secured interests in crops and livestock to possible rapid devaluation.

Federally chartered banks have the authority to lend funds for real estate purchases [12 U.S.C. § 371], and for operating costs and equipment purchases [see 12 U.S.C. § 24]. These lenders are subject to restrictions on the amounts of secured and unsecured loans made to an individual borrower [see 12 U.S.C. § 84]. The total amount of unsecured indebtedness of one borrower must not exceed 15 percent of the unimpaired capital and surplus of the lender, and the total amount of an individual borrower's debt secured by readily marketable collateral must not exceed 10 percent of the unimpaired capital and surplus of the lender [12 U.S.C. § 84(a)]. These limitations are subject to exceptions depending on the type of collateral securing the loan [see 12 U.S.C. § 84(c); see also Whitley et al., *Banking Law--National Banks*, Ch. 28, *The Lending Limit* (Matthew Bender)].

Commercial banks [see *Fin. Code* § 105 (definition)] chartered or authorized to transact business by the state of California also operate with restrictions as to the amount of secured and unsecured indebtedness any one person can incur with that institution [see *Fin. Code* § 1221; see also *Fin. Code* § 1226 (maximum limit exceptions)]. A commercial bank also may lend on the security of a first lien on a farm or productive agricultural lands, or of an agricultural leasehold that expires not less than 10 years after the loan matures. However, the loan term must not exceed 30 years, the loan amount must be repayable in substantially equal installments not less often than annually, and the amount must not exceed 90 percent of the sound market value of the property or leasehold, including the improvements located on the premises made subject to the lien, as determined by proper appraisal [*Fin. Code* § 1227(d)].

Federal savings and loan associations, and federal savings banks, are organized under and governed by the Home Owner's Loan Act of 1933 [see 12 U.S.C. § 1461 *et seq.*]. These institutions are authorized to make a variety of secured and unsecured loans, including loans to and for the use of agricultural entities [see 12 U.S.C. § 1464(c)(2)(A)]. Loans made for commercial, corporate, business, or agricultural purposes may not exceed 10 percent of the institution's total assets [12 U.S.C. § 1464(c)(2)(A)].

California chartered savings and loan associations [see *Fin. Code* § 5102 (definition)] are governed by the provisions of the Savings Association Law [see *Fin. Code* § 5000 *et seq.*]. A California association may make, or otherwise deal in, secured and unsecured loans for agricultural, business, commercial, or corporate purposes, to the extent that the total of these loans does not exceed 10 percent of the assets of the association [*Fin. Code* § 7453; see *Fin. Code* § 7450 (association must make necessary determinations to assure financial soundness of loan)]. An association may not make or acquire total loans with respect to one borrower, or on one project, in an amount exceeding 25 percent of the net worth of the association, except as provided by the Commissioner of Financial Institutions [*Fin. Code* § 7451]. The term "one borrower" is defined as any person who is, or on making a loan will become, an obligor on the loan, including nominees of the obligor and persons, trusts, syndicates, partnerships, and corporations of which the obligor is a nominee, beneficiary, member, or general partner, or a limited partner, record stockholder, or beneficial stockholder with at least a 10 percent capital interest. Excluded from the definition are guarantors, if the primary obligor qualifies for the loan independently of the guarantor, and former debtors on loans assumed by third parties with the consent of the association [*Fin. Code* § 7453(e)].

For a general discussion of the basic powers of commercial lending institutions, see Schlichting, Rice & Cooper, *Banking Law*, Ch. 4, *Banking Powers* (Matthew Bender).

CHAPTER 48 AGRICULTURAL FINANCING
PART II. LEGAL BACKGROUND

20-48 California Legal Forms--Transaction Guide § 48.13

§ 48.13 Federal Farm Credit System

[1] In General

In addition to the commercial and private sources of loan funds, the "cooperative" Farm Credit System established under the federal Farm Credit Act of 1971 is an important source of farm financing [*see 12 U.S.C. § 2001 et seq.*]. The Farm Credit System is cooperative in that it is composed of four separate lending entities working together and owned by its clientele [*see 12 U.S.C. § 2001(a), (b)*].

The four component parts of the Farm Credit System are the farm credit banks, the federal land bank associations, the production credit associations, and the banks for cooperatives [*12 U.S.C. § 2002*]. All of these Farm Credit System lenders are chartered and subject to supervision by the federal Farm Credit Administration [*12 U.S.C. § 2002*]. Their purpose is to improve the income and well-being of American farmers and ranchers by furnishing sound, adequate, and constructive credit and closely related services to them, their cooperatives, and to selected businesses necessary for efficient farm operations [*12 U.S.C. § 2001(a)*].

[2] Farm Credit Banks and Federal Land Bank Associations

Farm credit banks and federal land bank associations are components of the federal Farm Credit System [*see 12 U.S.C. §§ 2011, 2091*]. The primary purpose of these lenders is to make real estate mortgage loans to eligible borrowers [*see 12 U.S.C. §§ 2015(a), 2091(b)(1)*]. To be eligible, a prospective borrower must be, or become, a stockholder in the entity from which the loan is sought [*see 12 U.S.C. §§ 2017, 2021(c), 2154a(c)(1)(E)*].

Farm credit banks perform the merged operations of the former federal land banks and the federal intermediate credit banks, which existed under the Federal Farm Loan Act [*see former 12 U.S.C. §§ 2011, 2071*]. Farm credit banks may make long-term real estate mortgage loans in rural areas for terms of 5 to 40 years [*12 U.S.C. §§ 2015(a), 2091(b)(1)*] for agricultural or aquatic purposes, rural housing financing, and farm-related services [*12 U.S.C. § 2019*]. Loan applicants must be either bona fide farmers, ranchers, producers or harvesters of aquatic products; persons furnishing farm-related services to farmers and ranchers directly related to their on-farm operating needs; or owners of rural homes [*12 U.S.C. § 2017*]. Loans made by a farm credit bank to farmers, ranchers, and producers or harvesters of aquatic products may be for any agricultural or aquatic purpose, and other credit needs of the applicant, including financing for

basic processing and marketing directly related to the applicant's operations, and those of other eligible farmers, ranchers, and producers or harvesters of aquatic products. However, the applicant's operations must supply some portion of the total processing or marketing for which financing is extended [12 U.S.C. § 2019(a)(1)]. If the operations of the applicant supply less than 20 percent of the total processing or marketing for which financing is extended, the aggregate of the financing provided by any farm credit bank for basic processing and marketing directly related to the applicant's operations must not exceed 15 percent of the total of all outstanding loans of that bank [12 U.S.C. § 2019(a)(2)].

Farm credit banks must make loans through the federal land bank association chartered to serve the territory in which the real estate of the borrower is located, if an association has been established in that territory [12 U.S.C. § 2021(a)]. If no association has been established in the applicant's territory, the farm credit bank may make the loan directly or through a designated bank, trust company, or savings or other financial institution [12 U.S.C. § 2021(b)]. Federal land bank associations exist in most agricultural areas of California.

Instead of applying directly to the farm credit bank for a loan, an applicant may join with a minimum of nine other persons desiring to borrow money from the farm credit bank and they may form a federal land bank association for their territory [see 12 U.S.C. § 2091(b)(1)]. By forming an association, the potential borrowers acquire specific corporate powers that may be exercised in loan transactions and other financial-related services. Each land bank association has its own board of directors elected from its voting shareholders that conducts the affairs of the association [see 12 U.S.C. § 2092]. The association, through various departments and committees, has, among others, the power to review applicants for membership in the association, review and recommend loans to the farm credit bank, provide technical assistance to borrowers, and provide other appropriate financial services [12 U.S.C. § 2093]. In contrast to the centralized district farm credit bank, the land bank association may be better able to serve and respond to the financial needs of borrowers in its locale by operating at a local level and through a board comprising fellow agricultural producers.

For further discussion of the Farm Credit System, including federal land bank associations, see Harl, *Agricultural Law*, Ch. 100, *Farm Credit Administration; The Farm Credit System* (Matthew Bender).

[3] Production Credit Associations

Production credit associations are the second major branch of the federal Farm Credit System [see 12 U.S.C. § 2071]. The purpose of a production credit association (PCA) is to provide financing on a short and intermediate term basis [see 12 C.F.R. §§ 614.4110, 614.4200 (length of terms)] to bona fide farmers and ranchers and the producers or harvesters of aquatic products [see 12 U.S.C. § 2075(a)]. In contrast to federal land bank associations, a PCA's main lending purpose is to provide short and intermediate loans required for basic processing and marketing [see 12 U.S.C. § 2075(a)(1)]. A PCA may be organized by 10 or more farmers, ranchers, or producers or harvesters of aquatic products who desire to borrow money under the Farm Credit System [12 U.S.C. § 2071(b)(1)].

Loans made to eligible borrowers by a PCA may be used for agricultural and aquatic purposes, including basic processing and marketing directly related to the operations of the borrower and other eligible farmers, ranchers, and producers or harvesters of aquatic products [12 U.S.C. § 2075(a)(1)]. However, the operations of the borrowers must provide at least some portion of the processing or marketing for which financing is requested [12 U.S.C. § 2075(a)(1)]. If the operations of the loan applicant supply less than 20 percent of the total processing or marketing for which financing is extended, the aggregate of the financing provided by the association for marketing and processing will not exceed 15 percent of the total of all outstanding loans of all associations in the district at the end of its preceding fiscal year [12 U.S.C. § 2075(a)(1)]. Loans may also be made to rural residents for financing housing in rural areas, and to persons furnishing to farmers and ranchers farm-related services that are directly related to their on-farm operating needs [see 12 U.S.C. § 2075(a)(2), (3)].

To borrow from a PCA, the applicant must own voting stock or participation certificates of the PCA equal to the lesser

of \$1,000 or 2 percent of the loan [see 12 U.S.C. §§ 2074(a), 2154a(c)(1)(E)]. Production credit associations are located throughout the state and potential borrowers may contact the office of the nearest one for assistance in determining loan eligibility and availability [see § 48.122].

For a discussion of production credit associations, see Harl, Agricultural Law, Ch. 100, *Farm Credit Administration; The Farm Credit System* (Matthew Bender).

[4] Bank for Cooperatives

The Bank for Cooperatives is the third branch of the federal Farm Credit System and is primarily engaged in making loans to eligible cooperatives [see 12 U.S.C. § 2128; see also 12 C.F.R. § 614.4120]. A "cooperative" means any association of farmers, ranchers, or producers or harvesters of aquatic products involved in the processing and handling of farm or aquatic products, or providing equipment or services to farmers, ranchers, or producers or harvesters of aquatic products [see 12 C.F.R. § 613.3100(a)(1)]. The business of the cooperative must be conducted for the mutual benefit of the members as patrons [see 12 C.F.R. § 613.3100(a)(1)].

To be eligible to borrow from the Bank for Cooperatives, the applicant cooperative must not allow any member more than one vote because of the amount of stock or membership capital owned by that member, or the cooperative must not pay dividends on stock or membership capital in excess of the maximum allowable annual percentage [see 12 C.F.R. § 613.3100(b)(1)(iii) (maximum annual percentage)]. The applicant cooperative must not engage with nonmembers in business transactions relating to the processing and handling of farm or aquatic products, or providing equipment or services to farmers, ranchers, or producers or harvesters of aquatic products in an amount greater than the total amount of this same business transacted with members, excepting those transactions involving the United States or its agencies [12 U.S.C. § 2129(a)(3)]. The applicant cooperative also must meet minimum percentage voting control requirements [see 12 U.S.C. § 2129(a)(4); see also 12 C.F.R. § 613.3100(b)(1) (minimum percentage voting control requirements of cooperative held by farmers, ranchers, or producers and harvesters of aquatic products)]. Other entities eligible to borrow from Banks for Cooperatives include those cooperatives and entities already receiving loans, loan commitments, or loan guarantees from the Rural Electrification Administration, or loans or loan commitments from the Rural Telephone Bank, or legal entities in which an eligible utility [see 12 C.F.R. § 613.3100(c)(1)(ii)] has an ownership interest (or a subsidiary or other entity in which an eligible utility has an ownership interest) [12 C.F.R. § 613.3100(c)(1)]. Legal entities with more than 50 percent voting control held by otherwise eligible cooperatives [see 12 C.F.R. § 613.3100(b)(1)(iv)], or that hold more than 50 percent voting control of an otherwise eligible cooperative, may be eligible to borrow [12 C.F.R. § 613.3100(b)(2)(i)]. Finally, domestic lessors are eligible to borrow to finance facilities or equipment leased to eligible cooperatives [12 C.F.R. § 613.3110(e)].

At the time the loan is made, the borrower cooperative must own at least one share of voting stock issued by the Bank for Cooperatives [12 U.S.C. § 2130(a); see also 12 U.S.C. § 2124 (stock of banks for cooperatives)]. Loans for California-based cooperatives are made through the Bank for Cooperatives based in the office of the Farm Credit Banks of Sacramento [see 12 C.F.R. § 611.500].

Banks for cooperatives are subject to state income taxation [*Director of Revenue of Missouri v. CoBank ACB* (2001) 531 U.S. 316, 121 S.Ct. 941, 944-946, 148 L. Ed. 2d 830 ; see 12 U.S.C. § 2134].

For a discussion of the Bank for Cooperatives, see Harl, Agricultural Law, Ch. 100, *Farm Credit Administration; The Farm Credit System* (Matthew Bender). For a discussion of the requirements and formation of an agricultural cooperative, see Ch. 14, *Cooperative Corporations* .

PART II. LEGAL BACKGROUND

20-48 California Legal Forms--Transaction Guide § 48.14

§ 48.14 Farmers Home Administration

[1] In General

The Farmers Home Administration (FmHA) is a federal agency responsible for making a variety of loans to eligible farmers and ranchers. In the field of agricultural operations, the FmHA makes loans in three major categories: farm ownership loans [see 7 U.S.C. § 1923], farm operating loans [see 7 U.S.C. § 1942], and loans for disaster-based emergencies [see 7 U.S.C. § 1961].

To qualify for loans in any of these categories, borrowers must be citizens of the United States and must have sufficient agricultural training or experience to assure reasonable prospects of success in the proposed farming operation. In addition, prospective borrowers must be or must become owner-operators of farms no larger than "family farms" [see 7 C.F.R. § 1943.4 (family farm defined)], and must be unable to obtain sufficient credit elsewhere to finance their actual needs, taking into account prevailing loan market conditions [see 7 U.S.C. § 1922(a)]. An applicant for a farm operating loan need only be an operator, rather than an owner-operator [7 U.S.C. § 1941(a)]. Generally, if borrowers are cooperatives, corporations, or partnerships, these eligibility requirements apply to the individuals holding the majority interest in the organization [see 7 U.S.C. §§ 1922(a), 1941(a)].

[2] Farm Ownership Loans

Farm ownership loans may be made or insured by the FmHA for acquiring, enlarging, or improving farms or ranches, making capital improvements to farms or ranches, paying for activities to promote soil and water conservation and protection [see 7 U.S.C. 1924], refinancing existing indebtedness, and loan closing costs [7 U.S.C. § 1923(a); see 7 C.F.R. § 1943.16]. In making loans in this category, preference is given to applicants who have dependent families, who are able to make initial down payments, or who are owners of livestock and implements necessary to carry on farming or ranching operations successfully [7 U.S.C. § 1923(b)]. Loans to one borrower made under this category may not exceed the smaller of either (1) the value of the farm or other security, or (2) in the case of a loan other than a loan guaranteed by the FmHA, \$200,000, or in the case of loan guaranteed by the FmHA \$700,000 (increased, beginning with the fiscal year 2000, by the inflation percentage applicable to the fiscal year in which the loan is guaranteed and reduced by the unpaid indebtedness of the borrower on specified loans guaranteed by the FmHA) [7 U.S.C. § 1925(a)].

[3] Farm Operating Loans

In the farm operating loan category, loans may be made for a variety of purposes. These include loans for paying costs incident to reorganizing the farming system for greater profits; purchasing livestock, poultry, and farm equipment; purchasing feed, seed, and supplies; financing land or water development, use, or conservation; paying loan closing costs; assisting a farmer or rancher in changing equipment, facilities, or methods of operation to comply with specified statutory standards; training a limited-resource borrower receiving a loan under 7 U.S.C. § 1934 in maintaining records of farming and ranching operations; providing other borrower training [see 7 U.S.C. § 2006a]; refinancing certain borrower indebtedness; and providing other farm, ranch, or home needs, including family subsistence [see 7 U.S.C. § 1942]. Loans to one borrower made under the farm operating loan category may not exceed \$700,000 (increased, beginning with the fiscal year 2000, by the inflation percentage applicable to the fiscal year in which the loan is guaranteed and reduced by the unpaid indebtedness of the borrower on specified loans guaranteed by the FmHA) if guaranteed by the FmHA, or \$300,000, if guaranteed by another lender [7 U.S.C. § 1943(a)(1)].

[4] Loans for Disaster-Based Emergencies

To be eligible for loans in the third category, disaster-based emergency loans, farmers and ranchers must have been substantially affected by a natural disaster in the United States as determined by the Secretary of Agriculture, or by a major disaster or emergency designated by the President under the Disaster Relief Act of 1974 [see 42 U.S.C. § 5121 *et seq.*]. The borrower must submit the application within eight months after the date on which the Secretary's determination or the President's designation is made [7 U.S.C. 1961(a)]. To determine the eligibility of applicants, the net worth of the applicant must be taken into account [7 U.S.C. § 1962(a)]. The applicant also must present at least one letter (or, for loans in excess of \$300,000, two letters) from a local legally organized lending institution within reasonable proximity to the applicant declining to extend credit to the applicant, including its reasons for the declination [7 U.S.C. § 1962]. However, this requirement may be waived for loans of \$100,000 or less, if it is determined that it would impose an undue burden on an applicant [7 U.S.C. § 1962(b)].

Loans for disaster-based emergencies may be made for the same purposes as those made for farm ownership or operation [7 U.S.C. § 1963]. The maximum amount of a loan made for a disaster-based emergency may not exceed the actual loss caused by the disaster, or cause the total indebtedness of the borrower for emergency loans to exceed [7 U.S.C. § 1964(a)].

[5] Other Loans

The FmHA also makes loans for development of water and waste disposal facilities, soil and water conservation and protection, and rural industrialization assistance [see 7 U.S.C. §§ 1924, 1926, 1932]. For a discussion of each of the loan programs administered by the Farmers Home Administration and related issues, see Harl, *Agricultural Law*, Ch. 96, *Consolidated Farm and Redevelopment Act* (Matthew Bender).

§ 48.15 Commodity Credit Corporation

The Commodity Credit Corporation (CCC) is the part of the Department of Agriculture responsible for providing assistance in stabilizing, supporting, and protecting farm income and prices, and facilitating adequate production and orderly distribution of agricultural commodities [15 U.S.C. § 714]. One method by which the CCC supports prices is by making nonrecourse secured loans to producers of certain agricultural commodities [15 U.S.C. § 714c(a); 7 U.S.C. § 1425; see 7 C.F.R. § 1421.4(a) ("eligible producer" defined)]. Marketing assistance loans made by the CCC generally are short-term operating loans secured by the crops for which the loan is acquired [see 7 C.F.R. § 1421.6]. If the loan is not paid at maturity, the CCC may sell the pledged collateral and retain the proceeds [7 U.S.C. § 1425(a)]. The borrower is not personally liable for any deficiency arising from the sale of the collateral by the CCC unless the loan was obtained through fraudulent representations, the pledged collateral is deficient in grade, quality, or quantity, or the borrower fails or refuses to deliver the collateral [7 U.S.C. § 1425(a)]. As an alternative to a marketing assistance loan, a producer may obtain Loan Deficiency Payments (LDP) on their crop. An LDP is available to a producer who, although eligible to obtain a marketing assistance loan, agrees to forgo a marketing assistance loan for the commodity in return for an LDP [see 7 C.F.R. 1421.201-1421.203].

Applications for marketing assistance loans and loan deficiency payments are available from, and are submitted to, the local county office of the Agricultural Stabilization and Conservation Service [7 C.F.R. § 1421.7(a)]. For a discussion of the CCC and price support programs, see Harl, *Agricultural Law*, Ch. 90, *Commodity Credit Corporation*, and Ch. 91, *Production Control and Price Support Programs for Agricultural Commodities* (Matthew Bender).

In addition to marketing assistance loans and loan deficiency payments, the Secretary of Agriculture may make recourse loans available to eligible borrowers on a finding that the loans are necessary to ensure that adequate operating credit is available to producers [see 7 U.S.C. §§ 1433c, 1433c-1].

Under the Agricultural Adjustment Act of 1938, Congress mandated permanent price supports for specified agricultural commodities through the use of parity payments [see 7 U.S.C. §§ 1301-1303]. These payments, when appropriated by Congress, are based on a formula for computing the parity price [see 7 U.S.C. § 1301(a)]. However, subsequent legislation established payment programs based on fixed support prices, also known as target prices, that have temporarily superseded the parity payment programs [see 7 U.S.C. §§ 1421, 1441; see also 7 U.S.C. § 8782(a), (b) (7

U.S.C. §§ 1421 and 1441 are not applicable from 2008 through 2012 to crops of covered commodities, peanuts, and sugar)].

These payments, administered by the CCC, are subject to total amount limitations [*see 7 U.S.C. § 1308*] and limitations on eligibility [*see 7 U.S.C. § 1308-1; see also 7 U.S.C. § 1308-2* (denial of program benefits)]. Target price programs vary for each commodity and for each crop year. The availability of these programs may influence the decisions of a farmer or rancher client in relation to financing needs for the upcoming crop year. For detailed information about the current availability of target price programs, counsel may contact the local office of the Agricultural Stabilization and Conservation Service.

PART II. LEGAL BACKGROUND

§ 48.16 Loan Disclosures and Borrower's Rights

[1] Exemption From Federal Truth in Lending Act

Agricultural credit transactions are exempt from the provisions of the federal Truth in Lending Act [*see 15 U.S.C. § 1603(1); see also 12 C.F.R. § 226.3(a)*], which provide for disclosure of credit costs and terms to consumers [*see 15 U.S.C. § 1601(a)*]. The exemption applies to credit transactions involving governmental or private lenders [*12 C.F.R. § 226.2(a)(17), (22)*].

However, Farm Credit System lenders [*see § 48.13[2] et seq.*] must make specific disclosures and provide certain documents to borrowers for all loans exempt from the federal Truth in Lending Act. Before the time of the loan closing, the lender must disclose to the borrower the current rate of interest on the loan and, for an adjustable or variable interest loan, the amount and frequency by which the interest rate can be increased [*12 U.S.C. § 2199(a)(1), (2)*]. The lender must also disclose the factors that will be taken into account in determining the adjustments to the interest rate, and if there are no limitations on these adjustments, a statement to that effect [*12 U.S.C. § 2199(a)(2)*]. Additional required disclosures include the effect of any loan origination charges or purchases of stock or participation certificates on the effective interest rate, and any change in the interest rate applicable to the borrower's loan [*12 U.S.C. § 2199(a)(3), (4)*]. Finally, the lender must include a statement that purchases of stock in the lending institution are at risk, and a statement indicating the various types of loan options available to borrowers [*12 U.S.C. § 2199(a)(5), (6)*].

At the time of execution of a Farm Credit System loan, the Farm Credit System lender must provide the borrower with copies of all documents signed by the borrower [*12 U.S.C. § 2200*]. On request of the borrower, the lender must further provide additional copies of all documents signed by the borrower, a copy of the lender's articles of incorporation or charter and bylaws, and copies of each appraisal of the borrower's assets made or used by the lender [*see 12 U.S.C. § 2200*]. Loan applicants must be provided with prompt written notice of the action on the application, including the reasons for denial or reduction of the loan and the applicant's right to a review of the lender's actions regarding the application [*see 12 U.S.C. § 2201(a); see also 12 U.S.C. § 2202* (review of lender's actions)].

For further discussion of the federal Truth in Lending Act, see Ch. 45, *Consumer Installment Loans and Credit Sales*.

[2] Applicability of Unruh Act

In California, the Unruh Act regulates the retail installment sale of consumer goods and services [*see Civ. Code § 1801 et seq.*]. Sales of real property, including any site preparation incidental to the sale, and contracts for the construction or sale of an entire residence, are expressly exempt from the Act [*Civ. Code § 1801.4*]. Unlike the federal Truth in Lending Act [*see 15 U.S.C. § 1603(1)*], the Unruh Act does not expressly exempt credit transactions for agricultural purposes from its disclosure requirements. Generally, farm equipment is not considered to be consumer goods. "Goods" means tangible chattels bought for use primarily for personal, family, or household purposes; farm equipment purchased for use primarily in operating a farm or ranch business ordinarily does not fall within the scope of the Act [*Civ. Code § 1802.1*; *Crestwood Lumber Co. v. Citizens Sav. & Loan Assn.* (1978) 83 Cal. App. 3d 819, 823, 148 Cal. Rptr. 129 ((Unruh Act applies to consumer goods only) *overruled on other grounds by Southwest Concrete Products v. Gosh Constr. Corp.* (1990) 51 Cal. 3d 701, 274 Cal. Rptr. 404)].

The Unruh Act expressly exempts from its coverage transactions in the form of loans made by a supervised financial organization [*Civ. Code § 1801.6(b)*]. "Supervised financial organization" is defined as a person organized, chartered, or holding a license or authorization certificate to make loans pursuant to California or federal law and is subject to supervision by an official or agency of California or the federal government [*Civ. Code § 1801.6(c)(1)*; *see Civ. Code § 1802.15* ("person" includes individual, partnership, corporation, limited liability company, association, or other group, however organized)]. Thus, this section exempts loans obtained through commercial banks, savings and loans, and government lenders.

For further discussion of the Unruh Act, see Ch. 45, *Consumer Installment Loans and Credit Sales* .

DIVISION III: COMMERCIAL TRANSACTIONS
CHAPTER 48 AGRICULTURAL FINANCING
PART II. LEGAL BACKGROUND

20-48 California Legal Forms--Transaction Guide § 48.17

§ 48.17 Uniform Commercial Code Security Interests

[1] In General

Division 9 of the Uniform Commercial Code applies to transactions that are intended to create "security interests" in personal property or fixtures, including "goods" [see *Com. Code* §§ 1201(b)(35) ("security interest" defined) 9101 et seq.]. Ordinarily, when a borrower obtains an operating loan, he or she grants a security interest in the property for which the loan is sought. Crops, livestock, standing timber, and farm equipment are examples of "goods" in which security interests are commonly created [see *Com. Code* § 9102 (goods-related definitions)]. The Code contains a number of provisions specifically related to financing of agricultural operations [see, e.g., *Com. Code* §§ 9102(a)(34) ("farm products" defined), 9308(b) (perfection of agricultural lien), 9334(i) (priority of growing crops). Revised Division 9 [*Com. Code* § 9101 et seq.], adopted in 1999 and operative on July 1, 2001 [see 1999 Stats., ch. 991, § 35] also has been expanded to include nonpossessory statutory agricultural liens [see *Com. Code* § 9102(a)(5) (definition)] within its scope [see *Com. Code* § 9109(a)(2)].

Determining the appropriate category of goods to which collateral belongs is crucial for attaching and perfecting a security interest. Failure to identify collateral properly in the security agreement or financing statement may cause the creditor to lose its advantage in the event of default by the debtor [see *Com. Code* § 9203; Meyer, "Crops" as Collateral for an Article 9 Security Interest and Related Problems, 15 U.C.C. L.J. 3, 4 (1982) (discussing former Division 9)]. Within the definition of goods, the Code includes "equipment," which is defined as goods that are not included in the definitions of inventory, farm products, or consumer goods [*Com. Code* § 9102(a)(33)]. "Farm products" are goods, other than standing timber, with respect to which the debtor is engaged in a farming operation [see *Com. Code* § 9102(a)(35) (definition)] and which are one of the following [*Com. Code* § 9102(a)(34)]:

- Crops grown, growing, or to be grown, including crops produced on trees, vines, and bushes and aquatic goods produced in aquacultural operations.
- Livestock, born or unborn, including aquatic goods produced in aquacultural operations.
- Supplies used or produced in a farming operation.

- Products of crops or livestock in their unmanufactured states.

Goods are "inventory" if they are goods, other than farm products, that are leased by a person as lessor; held by a person for sale or lease or to be furnished under a contract of service; furnished by a person under a contract of service; or consist of raw materials, work in process, or materials used or consumed in a business (for example, fuel used in operations) [*Com. Code § 9102(a)(48)*; see *Com. Code § 9102* (UCC Comment P 4a)]. For further discussion of classification of agricultural collateral, see § 48.17[2] et seq.

With specified exceptions, a security interest attaches and is enforceable against the debtor and third parties with respect to the collateral only if each of following conditions is satisfied [*Com. Code § 9203(b)*; see *Com. Code § 9203(c)-(i)* (exceptions)]:

- Value has been given [*Com. Code § 9203(b)(1)*].
- The debtor has rights in the collateral or the power to transfer rights in the collateral to a secured party [*Com. Code § 9203(b)(2)*].
- There is an agreement, plus satisfaction of one of the following evidentiary tests [see *Com. Code § 9203(b)(3)*; *Com. Code § 9203* (UCC Comment PP 2-4)]:

- **Authenticated security agreement:** The debtor has authenticated a security agreement that provides a description of the collateral and, if the security interest covers timber to be cut, a description of the land concerned [*Com. Code § 9203(b)(3)(A)*].

- **Possession pursuant to the agreement:** The collateral is not a certificated security and is in the possession of the secured party under *Com. Code § 9313* (perfection by possession or delivery without filing), in accordance with to the debtor's security agreement [*Com. Code § 9203(b)(3)(B)*].

- **Delivery pursuant to the agreement:** The collateral is a certificated security in registered form and the security certificate has been delivered to the secured party under *Com. Code § 8301* (delivery of security), in accordance with the debtor's security agreement [*Com. Code § 9203(b)(3)(C)*; see *Com. Code § 8102(a)(4)* ("certificated security" defined); *Com. Code § 8102(a)(16)* "security certificate" defined)].

- **Control pursuant to the agreement:** The collateral is deposit accounts, electronic chattel paper, investment property, letter-of-credit rights, or electronic documents, and the secured party has control under *Com. Code §§ 7106 and 9104-9107*, in accordance with the debtor's security agreement [*Com. Code § 9203(b)(3)(D)*; see *Com. Code § 9102* (definitions)].

A security interest must also be perfected, or it is subordinate to several other classes of competing interests in the same collateral [see *Com. Code § 9317*]. A security interest in goods is perfected either by the acquisition of the collateral by the secured party, or by the filing of a financing statement in the proper location [see *Com. Code §§ 9310, 9313*].

A financing statement that covers timber *to be cut* is filed in the office designated for filing or recording of a mortgage on the related real property [*Com. Code § 9501(a)(1)(A)*; see *Com. Code § 9102(a)(44)* ("goods" includes standing timber that is to be cut and removed under conveyance or contract for sale)]. However, once cut, the timber is no longer timber to be cut, and the filing in the real property mortgage office ceases to be effective. The timber then becomes

ordinary goods, and filing in the office of the Secretary of States is necessary for perfection [see *Com. Code* § 9501(a)(2); *Com. Code* § 9501 (UCC Comment P 3)].

There are two ways in which a secured party may file a financing statement to perfect a security interest in goods that are or will become fixtures. A secured party may file in the Division 9 records, as with most other goods [see *Com. Code* § 9501(a)(2); *Com. Code* § 9501 (UCC Comment P 4); see also Ch. 42, *Secured Transactions*]. In these circumstances, the secured party files in the office of the Secretary of State [see *Com. Code* § 9501(a)(2)]. Alternatively, a secured party may file the financing statement as a "fixture filing" [see *Com. Code* § 9501(a)(1)(B)]. A "fixture filing" is the filing of a financing statement covering goods that are or will become fixtures and satisfying *Com. Code* § 9502(a), (b), governing the contents of the financing statement [*Com. Code* § 9102(a)(40); see *Com. Code* § 9102(a)(41) ("fixtures" defined)]. Filing is in the office in which the record of a mortgage on the related real estate would be filed [see *Com. Code* § 9501(a)(1)(B)].

Financing statements covering most other types of security interests must be filed in the Office of the Secretary of State [see *Com. Code* § 9501(a)(2); see also § 48.141, P 12].

A financing statement that covers timber to be cut or is filed as a fixture filing must satisfy conditions in addition to those required of a standard financing statement [see *Com. Code* § 9502(b); see also *Com. Code* § 9334 (priority of security interests in fixtures)]. For further discussion of these issues, see Ch. 42, *Secured Transactions* . For a copy of the official UCC financing statement and a discussion of the required contents and filing procedures, see Ch. 42, *Secured Transactions* .

Even though a creditor may perfect a secured interest in collateral belonging to the debtor, the secured party may not always have the first priority in claiming rights to the collateral [see *Com. Code* §§ 9317, 9322]. For information on the priorities among creditors, see generally Forms and Procedures Under the Uniform Commercial Code, Article 9, *Secured Transactions* (Matthew Bender).

For a discussion of secured transactions in general, see Ch. 42, *Secured Transactions* .

[2] Crops as Collateral

The UCC definition of "goods" includes growing crops [see *Com. Code* § 9102(a)(44)(iv)]. Goods include farm products if the debtor is engaged in farming operations with respect to the goods [see *Com. Code* § 9102(a)(34), (35)]. Products of crops remain farm products as long as they have not been subjected to a manufacturing process [see *Com. Code* § 9102 (UCC Comment P 4a)]. Goods that are farm products are not equipment or inventory [see *Com. Code* § 9102 (UCC Comment P 4a) (classes of goods are mutually exclusive); see § 48.17[1]]. As is the case with any other collateral, a security interest in crops is not enforceable unless the requirements for attachment are met [*Com. Code* § 9203(a); see § 48.17[1]]. Since the crops are ordinarily in the possession of the debtor, an agreement containing a description of the crops is necessary to enforce the security interest [see *Com. Code* § 9203(b)(3)(A); see Meyer, "Crops" as Collateral for an Article 9 Security Interest and Related Problems, 15 U.C.C. L.J. 3, 11 (1982) (discussing former Division 9)]. Although the debtor is required to have rights in the collateral pledged as security [see *Com. Code* § 9203(b)(2)], the debtor may pledge crops that are "to be grown" [see *Com. Code* §§ 9102(a)(34)(A), 9109(a)(1)].

A perfected security interest in crops growing on real property has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in, or is in possession of, the real property *Com. Code* § 9334(i)].

[3] Livestock as Collateral

The definition of "goods" includes the unborn young of animals [see *Com. Code* § 9102(a)(44)(iii)]. "Goods" also

includes farm products that are livestock, born and unborn, including aquatic goods produced in aquacultural operations [see *Com. Code* § 9102(a)(34)]. Goods that are farm products are neither equipment nor inventory [see *Com. Code* § 9102 (UCC Comment P 4a) (classes of goods are mutually exclusive); see § 48.17[1]].

Livestock populations in farm operations are subject to changes in number and quality that require the parties to include an after-acquired property clause in the security agreement [see *Com. Code* § 9204]. Livestock covered by the agreement should cover those animals presently owned by the debtor, future acquisitions by purchase or otherwise, and natural increase due to present or future gestation [see Clark, *The Agricultural Transaction: Livestock Financing*, 11 U.C.C. L.J. 106 (1978); see § 48.261[1]]. Although the security interest ordinarily attaches after value has been given, the debtor has rights in the collateral, and there is an authenticated agreement, plus satisfaction of an evidentiary test [see *Com. Code* § 9203(b)(3); *Com. Code* § 9203 (UCC Comment PP 2-4)], the agreement may specify a later time for attachment to cover after-acquired collateral [see *Com. Code* §§ 9203, 9204].

[4] Farm Equipment as Collateral

Farm equipment is useful as collateral in purchase money loans for the equipment itself or for obtaining credit secured by equipment previously acquired. Included in the definition of goods is "equipment," which is defined as goods that are not included in the definitions of inventory, farm products, or consumer goods [*Com. Code* § 9102(a)(33); see § 48.17[1]].

Secured transactions in farm equipment are similar to those in business equipment, and security agreements covering these transactions should be drafted in a like manner [see *Forms and Procedures Under the Uniform Commercial Code*, Article 9, *Secured Transactions*, Part 2, *Security Agreements for Equipment*, PP 92.07, 92.08, and Part 3, *Security Agreements for Farm Products*, P 93.01 (Matthew Bender)]. For a form provision describing equipment as collateral, see § 48.263. Farm equipment qualifying as fixtures (for example, fixed irrigation systems) may require a fixture filing in addition to the financing statement [see *Com. Code* §§ 9102(a)(40), 9501(a)(1)(B); see § 48.17[1]].

[5] Protection for Purchasers of Farm Products

Various state laws permit secured lenders to enforce liens against purchasers of farm products, even though the purchaser has no knowledge of the secured lender's interest in the products, has no practical method for determining the existence of the interest, and has no means to ensure that the seller uses the sale proceeds to repay the lender [see 7 U.S.C. § 1631(a)(1)]. These liens force the purchaser to make double payments for the products and inhibit free competition in the market for farm products [see 7 U.S.C. § 1631(a)(2), (3)]. To remove this burden on interstate commerce in farm products, Congress has established that a buyer who in the ordinary course of business buys a farm product from a seller engaged in farming operations takes free of a security interest created by the seller, even though the security interest is perfected and the buyer is aware of the security interest [7 U.S.C. § 1631(b), (d)]. However, a secured lender may protect its interest in the farm products, and a buyer will take subject to the security interest, if the lender or seller delivers a notice of the security interest to the buyer within one year before the sale of the farm products, and the buyer has failed to perform its payment obligations [7 U.S.C. § 1631(e)(1); see § 48.300]. Similar provisions apply to commission merchants and selling agents who sell farm products for others in the ordinary course of business [see 7 U.S.C. § 1631(g)]. The statute provides additional filing and notice mechanisms for protecting lenders' interests in states that have established a central filing system for that purpose [see 7 U.S.C. § 1631(e)(2), (3); 9 C.F.R. § 205.1 *et seq.*]. California has not enacted this type of system.

A security agreement under which a person engaged in farming operations creates a security interest in a farm product may require that person to provide the secured party with a list of the buyers, commission merchants, and selling agents to or through whom that person may sell the farm product [7 U.S.C. § 1631(h)(1)]. If an agreement contains such a provision and the person engaged in farming operations sells the farm product to or through a person not on the list, the seller must notify the secured party in writing at least seven days before the sale, or must account to the secured party

for the proceeds of the sale no later than 10 days after the sale [7 U.S.C. § 1631(h)(2)]. Violation of this requirement subjects the seller to a fine [see 7 U.S.C. § 1631(h)(3)].

For a further discussion of the notice and filing requirements of the federal law, including a form meeting the notice requirements currently applicable in California, see § 48.300. For a form provision requiring the debtor to provide the lender with a list of potential buyers, commission merchants, and selling agents, see § 48.240[2], P 7.

Buyers, commission merchants, or selling agents may be able to take title to the products free of the security interest if they do not receive this notice from either the lender or the seller [7 U.S.C. § 1631(d), (e), (g); *see* § 48.17[5]; *see also* § 48.300[1], § 48.240[2], PP 7, 8].

3. If borrower is corporation, copy of articles of incorporation.
4. If borrower is partnership, copy of partnership agreement.

5. If borrower is agricultural cooperative [*see Food & Agric. Code §§ 54001-54294*], copy of articles of incorporation.
6. Agreements for outstanding loans owed by borrower.
7. Agreements creating security interests in any of borrower's real or personal property, including fixtures and negotiable warehouse receipts.

PART III. TRANSACTION GUIDE

B. Preliminary Determinations

20-48 California Legal Forms--Transaction Guide § 48.121

§ 48.121 Feasibility of Loan

1. Determine whether borrower meets general requirements for agricultural loan.

NOTE:

Each lending institution adopts its own written standards for prudent lending and issues written policies and procedures for agricultural financing arrangements [*see* 12 C.F.R. § 614.4150]. However, lenders may consider extenuating circumstances that establish repayment of the loan, despite the failure to meet any one or more loan of the established underwriting standards [12 C.F.R. § 614.4150(i)]. In addition, the Farmers Home Administration makes loans to "limited resource" borrowers who may qualify although they have unproven credit histories [*see* § 48.122, P 2(e)(2)]. Counsel may refer to the information assembled in the Farm and Home Plan for assistance in making this preliminary determination [*see* § 48.200].

2. Determine whether borrower meets particular requirements for agricultural crop loan.

NOTE:

The following preliminary determinations relate to the suitability of the crop to the locale and the borrower's premises, the anticipated market for the crop, and the ability of the borrower to successfully produce the crop. Lenders may be reluctant to finance operations if there is little or no history of success for the crop in the farm or ranch locale. For assistance in determining the success rate and market conditions of the borrower's proposed crop, contact the local office of the University of California Cooperative Extension Service.

- a. Is crop for which borrower seeks financing typically grown in borrower's locale with

successful yields?

b. Has borrower had experience in growing crop for which financing is sought?

c. Has agricultural land on which proposed crop will be planted successfully produced proposed crop or similar crops in past?

d. Does market forecast for proposed crop indicate strong or weak price and demand?

e. Does borrower own or have access to sufficient equipment necessary for crop production and harvest?

f. Does borrower have sufficient fiscal reserves to carry operations beyond first harvest year and meet repayment schedule if crop fails?

g. If borrower is tenant under crop share lease arrangement, has landlord agreed to share waiver [*see* § 48.301]?

3. Determine whether borrower meets particular requirements for livestock loan.

NOTE:

See discussion in P 2 NOTE, *above*.

a. Does borrower have sufficient experience in livestock management to indicate likelihood of success?

b. If dairy farming:

(1) Is milk production sufficient to cover operating and living expenses of borrower?

(2) Is dairy certified by Department of Food and Agriculture [*see Food & Agric. Code* § 33222]?

(3) Has dairy passed required inspections [*see 3 Cal. Code Reg. § 602*]?

(4) Does dairy have contract with milk processor?

NOTE:

If the dairy has a contract with a milk processor, the right to payment under that contract may be used as security for the repayment of a debt [*see* § 48.281].

c. If raising range livestock:

(1) Does borrower have sufficient grazing land to support livestock for which financing is sought?

NOTE:

Questions regarding proper range management and grazing use may be directed to the local office of the University of California Cooperative Extension Service [*see also Developing Livestock Leases for Annual Grasslands*, Leaflet 21424 (Univ. of Cal. Coop. Ext. 1987)].

(2) Does the borrower's herd or flock have sufficient collateral value to cover the loan?

NOTE:

A formal appraisal of the herd or flock may be necessary to determine the value. Assistance in determining the value of the livestock may be obtained through the University of California Cooperative Extension Service.

4. Determine whether borrower meets particular requirements for equipment loan.

a. Is equipment usually required in agricultural operations borrower engaged in?

b. Is equipment custom built or modified in design?

NOTE:

If equipment is not of standard manufacture, its collateral value may be impaired by its decreased saleability.

CHAPTER 48 AGRICULTURAL FINANCING

PART III. TRANSACTION GUIDE

B. Preliminary Determinations

20-48 California Legal Forms--Transaction Guide § 48.122

§ 48.122 Appropriate Type, Source, and Collateral of Loan

1. If not already established, determine appropriate type of loan for borrower's needs.

NOTE:

This determination is necessary in deciding which lenders would be most likely to make the loan. Significant costs in preparation of loan applications and interviews can be saved by establishing the most likely sources for loans matched to the borrower's needs [*see* § 48.122, P 2].

- a. Short term operating loan for production of crops.

- (1) Ground preparation costs.

- (2) Planting costs.

- (3) Cultivation costs.

- (4) Irrigation costs.

- (5) Harvesting costs.

- (6) Marketing costs.

- (7) Farmland rental costs.

NOTE:

For a discussion of the leasing of farmlands on a cash or crop share basis, see *Ch. 37*,

Farm Leases, §§ 37.200, 37.201.

- (8) Taxes and insurance costs.
- (9) Living expenses.
- (10) Costs related to debt service on capital loans.

b. Intermediate or long term capital loan for production of crops.

- (1) Purchase of equipment required for efficient crop production and management.

NOTE:

For a discussion of agreements creating security interests in equipment used in business, including farm equipment, see Ch. 42, ***Secured Transactions*** .

- (2) Debt refinancing.
- (3) Purchase of farmland.

NOTE:

For a discussion of real property purchases and the methods of financing used, see Ch. 25, ***Real Estate Loans*** , and Ch. 25A, ***Security Instruments for Real Estate Financing*** .

c. Short-term operating loan for livestock production and management.

- (1) Feed costs.
- (2) Grazing land rental costs.

NOTE:

For a discussion of the leasing of annual grasslands for livestock grazing, see Ch. 37, ***Farm Leases, § 37.202.***

- (3) Labor costs.
- (4) Supplies.
- (5) Costs related to debt service on capital loans.
- (6) Taxes and insurance costs.
- (7) Living expenses.

d. Intermediate or long-term capital loan for livestock production.

- (1) Purchase of replacement or breeding herd or flock.
- (2) Purchase of equipment related to livestock production and management.

NOTE:

For a discussion of agreements creating security interests in equipment used in business, including farm equipment, see Ch. 42, ***Secured Transactions*** .

(3) Debt refinancing.

(4) Purchase of grasslands.

NOTE:

For a discussion of real property purchases and the various methods of financing used, see Ch. 25, ***Real Estate Loans*** , and Ch. 25A, ***Security Instruments for Real Estate Financing*** .

2. If not already established, determine appropriate source of loan matching borrower's needs.

NOTE:

For a discussion of the variety of sources of agricultural financing, see § 48.11 et seq.

a. Commercial lender, including banks and savings and loans.

NOTE:

Financing for land and equipment acquisition is easily obtainable if the borrower demonstrates soundness [*see* § 48.121] and if the collateral offered is the land or equipment for which financing is sought. Commercial and other private lenders are more reluctant to lend funds for crop production purposes when the collateral offered is the crop or its proceeds, and costs related to these loans may therefore be prohibitive. For a discussion of availability of credit from commercial banking lenders, see § 48.12.

b. Insurance company lenders.

NOTE:

Insurance companies are heavily restricted as to the types of loan they may make or participate in. Generally, loans may be made if secured by a lien on real property held in fee simple or, with certain restrictions, under a leasehold [*see Ins. Code* §§ 1194.81, 1194.82]. For a discussion of insurance companies' permissible investments, see California Insurance Law and Practice, Ch. 6, ***The Regulation of Insurer Investments*** (Matthew Bender).

c. Farm credit banks, federal land bank associations, and production credit associations.

NOTE:

Farm credit banks and federal land bank associations primarily make loans for the acquisition of agricultural real property for terms of 5 to 40 years [*see 12 C.F.R. § 614.4000*], although farm credit banks are permitted to make loans for any agricultural purpose [*see 12 U.S.C. § 2019*]. Production credit associations primarily make operating and capital loans for short and intermediate terms [*see 12 C.F.R. § 614.4040*]. For a discussion of these federal lenders, see § 48.13[2], [3].

(1) Determine whether applicant is eligible for loan in one of following categories [12

C.F.R. § 613.3020(a)]:

NOTE:

The authority of farm credit banks and federal land bank associations to finance eligible farm-related service businesses under *12 C.F.R. § 613.3020(b)(1), (2)* is limited to necessary capital structures, equipment, and initial working capital [*12 C.F.R. § 613.3020(c)*]; *see Independent Bankers Ass'n of Am. v. Farm Credit Admin. (D.C. Cir. 1999) 164 F.3d 661, 664* (establishing this limitation as consistent with Federal Farm Credit Act)].

(a) Person satisfies either of the following:

NOTE:

"Person" is a legal entity or an individual who is a citizen of the United States or a foreign national who has been lawfully admitted into the United States either for permanent residency [*see 8 U.S.C. § 1101(a)(20)*] or on a visa pursuant to a provision in *8 U.S.C. § 1101(a)(15)* that authorizes the individual to own property or operate or manage a business or a legal entity [*12 C.F.R. § 603.3000(a)(3)*]. "Legal entity" is any partnership, corporation, estate, trust, or other legal entity that is established under the laws of the United States, or of any state, the Commonwealth of Puerto Rico, the District of Columbia, or any tribal authority and is legally authorized to conduct a business [*12 C.F.R. § 603.3000(a)(2)*]. "Eligible borrower" is a bona fide farmer or rancher, or producer or harvester of aquatic products for any agricultural or aquatic purpose and for other credit needs [*12 C.F.R. § 603.3000(b)*].

(i) Is bona fide farmer, rancher, or producer or harvester of aquatic products [*see 12 C.F.R. § 613.3010(a)(1), (4)* (definitions)].

(ii) Qualifies for financing of basic processing and marketing activities of eligible farmers, ranchers, or producers or harvesters of aquatic products [*see 12 C.F.R. § 613.3045* (qualification)].

(b) Rural resident [*see 12 C.F.R. § 613.3040(a)(1)* (definition)].

(c) Farm-related business [*see 12 C.F.R. § 613.3050(a)* (definition)].

(2) If applicant is legal entity in which eligible borrower [*see 12 C.F.R. § 613.3000(b)*, Note, *above*] meets one of following requirements:

(a) Owns more than 50 percent of voting stock or equity and regularly produces some portion of throughput used in processing or marketing operation [*12 C.F.R. § 613.3010(a)(2)*].

(b) Owns 50 percent or less of the voting stock or equity, regularly produces some portion of throughput used in processing or marketing operation and:

(i) Exercises majority voting control over legal entity; or

(ii) Constitutes majority of directors of corporation, general partners of limited

partnership, or managing members of limited liability company who exercise control over legal entity by determining and overseeing policies, business practices, management, and decision-making process of legal entity [12 C.F.R. § 613.3010(a)(3)].

(c) Meets all of following criteria [12 C.F.R. § 613.3010(a)(4)]:

(i) Owns at least 25 percent of voting stock equity in processing or marketing operation;

(ii) Regularly produces 20 percent or more of throughput used in processing or marketing operation; and

(iii) Maintains representation on board of directors or in applicable management structure of entity.

(d) Meets all of following criteria [12 C.F.R. § 613.3010(a)(4)]:

(i) Was created primarily for processing or marketing eligible borrower's throughput and would not exist but for eligible borrower's involvement;

(ii) Fulfills business need and supports operation of eligible borrower through product branding or other value-added business activity directly related to eligible borrower's operations;

(iii) Legal entity and eligible borrower coordinate to operate in functionally integrated manner; and

(iv) Legal entity regularly receives throughput produced by eligible borrower representing either:

(A) At least 20 percent of throughput used by legal entity in processing or marketing operation; or

(B) At least 50 percent of eligible borrower's total output of commodity processed or marketed.

d. Bank for Cooperatives.

NOTE:

Eligible agricultural cooperatives may apply to the Bank for Cooperatives for loans to finance operations related to the processing and handling of farm products [see 12 C.F.R. § 613.3100(b); see § 48.13[4]]. For a discussion of the requirements and formation of agricultural cooperatives, see Ch. 14A, *Agricultural Nonprofit Cooperative Associations*.

(1) Determine whether borrower cooperative is stockholder in Bank for Cooperatives [see 12 U.S.C. § 2130].

NOTE:

At the time a loan is made by the Bank for Cooperatives, the borrower must own at least

one share of the bank's stock and may be required to own as much as 10 percent [*see* 12 U.S.C. § 2130(a); *see* § 48.13[4]].

(2) Determine if agricultural cooperative borrower is eligible for participation in loan program.

(a) Does cooperative meet one of following requirements [12 U.S.C. § 2129(a)(1)-(2); *see* 12 C.F.R. § 613.3100(b)]?

(i) Does not permit any member more than one vote because of amount of stock held;
or

(ii) Does not pay dividends on stock or membership capital in excess of 10 percent per year.

(b) Does cooperative deal in farm products with or for members in amount at least equal in value to total amount of similar business conducted with or for nonmembers [*see* 12 U.S.C. § 2129(a)(3); *see* 12 C.F.R. § 613.3100(b)]?

NOTE:

In making this calculation, exclude the amount of business in farm products transacted with the United States or any its agencies or instrumentalities [*see* 12 U.S.C. § 2129(a)(3)].

(c) Is 80 percent of voting control of cooperative held by farmers, ranchers, or other eligible cooperatives [*see* 12 U.S.C. § 2129(a)(4); *see* 12 C.F.R. § 613.3100(b)(1)]?

NOTE:

For certain types of cooperatives, a 60 percent voting requirement applies [*see* 12 U.S.C. § 2129(a)(4)(A)-(C)].

(d) Has cooperative received loan, loan commitment, or loan guarantee from the Rural Electrification Administration or loan or loan commitment from Rural Telephone Bank [12 U.S.C. § 2129(b)(1)(A)]?

(e) Has cooperative or other entity or subsidiary been certified by Administrator of Rural Electrification Administration to be eligible for loan, loan commitment, or loan guarantee [12 U.S.C. § 2129(b)(1)(A)]?

(f) Does legal entity hold more than 50 percent of voting control of association or other entity that is eligible to borrow from bank for cooperatives [*see* 12 U.S.C. § 2129(a), (b)(1)(A)] and borrow for purpose of making funds available to that association or entity, and make funds available to that association or entity under same terms and conditions that funds are borrowed from bank for cooperatives [12 U.S.C. § 2129(b)(1)(B)]?

(g) Is cooperative or other entity one described in 12 U.S.C. § 2128(b) [12 U.S.C. § 2129(b)(1)(C)]?

(h) Is creditworthy private entity one that satisfies requirements for service cooperative under paragraphs 12 U.S.C. § 2129(a), as specified, and subsidiaries of entity, if entity is organized to benefit agriculture in furtherance of welfare of its farmer-members and is operated on not-for-profit basis [12 U.S.C. § 2129(b)(1)(D)]?

e. Farmers Home Administration.

NOTE:

Loans are made by the FmHA in three agricultural production areas: farm ownership, farm operation, and natural disaster-based emergency loans. For a discussion of the Farmers Home Administration's loan programs, see § 48.14.

(1) Determine whether borrower meets general eligibility requirements for FmHA loans [see 7 U.S.C. §§ 1922(a), 1941(a), 1961(a); 7 C.F.R. §§ 1941.12(a), 1943.12(a), 1945.162(b)].

(a) Is borrower lawful resident or citizen of United States?

(b) Does borrower possess legal capacity to incur obligations of loan?

NOTE:

To determine the legal capacity necessary to enter into a binding contract, see § 48.120.

(c) Does borrower have sufficient training or farming experience, character, and managerial ability and industry to assure reasonable prospects of success in proposed operation?

NOTE:

For the relevant factors used in making this determination, see § 48.121. The applicant or borrower must honestly endeavor to carry out his or her undertakings and obligations. This includes, but is not limited to, providing current, complete, and truthful information when applying for assistance, and making every reasonable effort to meet the conditions and terms of the loan [7 C.F.R. § 1945.162(h); see 7 C.F.R. § 1941 (general loan eligibility requirements); 7 C.F.R. § 1943 (farm ownership loan eligibility requirements)]. When the applicant is an entity, this requirement must be met also by individual members, stockholders, partners, or joint operators [7 C.F.R. § 1945.162(h)].

(d) Has borrower been unable to obtain sufficient credit elsewhere to finance actual needs at reasonable rates and terms?

NOTE:

In making this determination the FmHA considers private and cooperative rates and terms available in the borrower's community for loans for similar purposes and periods of time [7 C.F.R. §§ 1941.12(a)(5), 1943.12(a)(5), 1945.162(a)].

(e) Is borrower the operator, or in case of farm ownership loan, owner-operator, of family farm?

NOTE:

A "family farm" is one that will produce agricultural commodities for sale in sufficient quantities so that it is recognized in the community as a farm rather than a rural residence and provides enough agricultural income to support the family and operation, and pay debts. The farm must be managed by the borrower and a substantial amount of the labor requirements must be provided by the borrower and the borrower's family [see 7 C.F.R. §§ 1941.4(d), 1943.4(d), 1945.154(a)(10)].

(2) Does borrower qualify as limited resource borrower?

NOTE:

In addition to the eligibility requirements listed above, a limited resource borrower may qualify by

meeting any of the following requirements. Those qualifying for limited resource status are eligible for farm operation or ownership loans at reduced interest rates [7 C.F.R. §§ 1941.4(h), 1941.18(a)(1), 1943.18(c)]. A "limited resource applicant" is a farmer or rancher who is an operator of a small or family farm (including a new operator) with a low income who demonstrates a need to increase farm or ranch income. A limited resource applicant must meet the eligibility requirements for a farm ownership or operating loan, but must be unable to pay the regular interest on those loans due to low income. These applicants require special assistance to achieve a standard of living comparable to other residents of the surrounding community [7 C.F.R. §§ 1941.4(h), 1943.4(h)].

(3) Determine whether borrower cooperative, corporation, partnership, or joint operation meets specific eligibility requirements for FmHA loans [see 7 C.F.R. §§ 1941.12(b), 1943.12(b), 1945.162(a)].

NOTE:

These nonindividual borrowers must meet the following additional requirements for FmHA loans. For a general discussion of agricultural cooperatives, see Ch. 14A, ***Agricultural Nonprofit Cooperative Associations***.

(a) Are all members of cooperative, stock-holders, partners, and joint operators, as individuals, unable to obtain sufficient credit elsewhere?

NOTE:

See § 48.122, P 2(e)(1)(e) NOTE.

(b) Is entity controlled by farmers or ranchers engaged primarily and directly in farming or ranching in United States?

(c) If applying for farm ownership or operating loan, do any members, stockholders, partners, or joint operators, as individuals, have outstanding FmHA loan for farm ownership or operation?

NOTE:

FmHA loans for farm ownership or operation will not be made to entities whose members, stockholders, partners, or joint operators, as individuals, already have outstanding FmHA loans for these purposes. This restriction further applies if the borrowing entity's members, stockholders, partners, or joint operators are members of or have an interest in another entity obligated for a farm ownership or operating loan to the FmHA [see 7 C.F.R. §§ 1941.12(b)(3), 1943.12(b)(3)].

(4) Determine whether borrower meets additional requirements for disaster-based emergency loan.

NOTE:

In addition to these general requirements for receiving FmHA loans [see § 48.122, P 2(e)(1)], a borrower applying under the disaster-based emergency loan program must comply with the following requirements:

(a) Is borrower's operation located in county designated for emergency loan disbursement [see 7 C.F.R. § 1945.162(d)]?

NOTE:

Areas may be designated for emergency loan purposes by the Federal Emergency

Management Agency after the issuance of an order of the President of the United States, Secretary of Agriculture, or the Administrator of the FmHA [7 C.F.R. § 1945.20].

(b) Has borrower suffered qualifying losses [see 7 C.F.R. § 1945.162(e)]?

NOTE:

Qualifying losses are divided into "physical losses" and "production losses" [7 C.F.R. § 1945.6(c)(3)(ii), (iii)]. Loss values are calculated according to formulas established by the FmHA [see 7 C.F.R. § 1945.163].

(c) Does borrower intend to continue farming operation after disaster [see 7 C.F.R. § 1945.162(j)]?

(d) If cooperative, corporation, partnership, or joint operation, is more than 50 percent of entity held by citizens or lawful residents of United States [7 C.F.R. § 1945.162(b)(2)]?

(e) Is over 50 percent of the entity's gross income derived from its farming operation and is at least one principal member, stockholder, partner, or joint operator managing farming operation [7 C.F.R. § 1945.162(c)]?

(f) Is entity ineligible because it is an estate or trust, or a corporation, partnership, or joint operation with over 50 percent of ownership held by an estate or trust [7 C.F.R. § 1945.162(c)(1)]?

f. Commodity Credit Corporation.

NOTE:

The Commodity Credit Corporation (CCC) makes marketing assistance loans and loan deficiency payments for grains and similarly handled commodities to agricultural producers, as one method of price support for agricultural commodities [see § 48.15].

(1) Determine whether borrower is engaged in production of eligible commodity [see 7 C.F.R. § 1421.5(a)(1)-(3)].

(a) Barley.

(b) Corn.

(c) Canola.

(d) Oats.

(e) Peanuts.

(f) Rice.

(g) Oil seeds.

(h) Dual purpose Sorghum varieties as determined by CCC.

- (i) Soybeans.
- (j) Dry peas.
- (k) Wheat.
- (l) Lentils.
- (m) Small chickpeas.
- (n) Other crops designated by CCC and produced mechanically in United States.
- (o) Wool and mohair produced and shorn from live animals in United States.

(2) Determine whether borrower is eligible producer.

(a) Is borrower an individual, partnership, association, corporation, estate, trust, state or political subdivision or agency of that entity, or other legal entity that [7 C.F.R. § 1421.4(a)]:

- (i) Produces commodity as landowner, landlord, tenant, or sharecropper?

NOTE:

In the case of rice, an eligible producer is one that furnishes land, labor, water, or equipment for a share of the rice crop. With respect to wool and mohair, the producer must own, other than through a security interest mortgage, or lien, the sheep and goats that produced the wool and mohair respectively for a period of not less than 30 days [7 C.F.R. § 1421.4(a)(1)].

(ii) Meets eligibility requirements to receive marketing assistance loans or loan deficiency payments [see 7 C.F.R. § 1421.4]?

(iii) Meets additional specific eligibility requirements [see 7 C.F.R. pts. 12, 718, 1400, 1403, 1405]?

(b) Does borrower have beneficial interest in crops for which marketing assistance loan or loan deficiency payments are sought [see 7 C.F.R. § 1421.6(c)]?

NOTE:

The beneficial interest in the commodity for which the marketing assistance loan or loan deficiency payments are sought must be, and have always been, in the producer/borrower, except in cases where the borrower succeeded to the original producer's interest before the commodity was harvested, sheared, or slaughtered in the case of unshorn pelts [7 C.F.R. § 1421.6(a)(1)].

g. Other lender, including individuals, equipment dealers, and finance companies.

3. If not already established, determine appropriate collateral necessary for securing loan.

NOTE:

Security transactions involving personal property and fixtures are governed by Division 9 of the California Commercial Code [see *Com. Code* § 9101 et seq.; see Ch. 42, **Secured Transactions**]. For a discussion of secured transactions relating to agriculture, see § 48.17 et seq. For a discussion of the use

of real property as security, see Chs. 25 through 25D.

PART IV. FORMS

A. Borrower's Application Materials

20-48 California Legal Forms--Transaction Guide § 48.200

§ 48.200 FmHA Farm and Home Plan

[1] Comment

[a] Use of Form

This form is a sample of the Farmers Home Administration (FmHA) Farm and Home Plan, which is required by the FmHA for loan applicants under any of the FmHA loan programs. It is illustrated here to assist counsel in assembling a complete portrait of the borrower [see § 48.200[1][b][i]]. For a discussion of Farmers Home Administration loan programs, see § 48.14.

This Form is of particular value in situations where the borrower is seeking loan funds for the first time and has not previously assembled comprehensive data on the status of his or her farming or ranching operation. The different parts of the Plan call for specific information relating to the assets and liabilities, and management practices of the farmer or rancher, including their relative specific dollar values. The information gathered for the completion of this form may be useful in making the preliminary determinations relating to the feasibility of the loan. For a listing of the preliminary determinations necessary for this and other conclusions relating to loans, see § 48.121.

[b] Contents of Form

[i] Balance Sheet

The first part of the Farm and Home Plan is a balance sheet reflecting the assets and liabilities of the borrower. To be included in the assets portion of this section are the relative dollar values of the borrower's holdings in real estate, livestock, machinery and equipment, and other personal property. The amounts of the borrower's debt obligations on the listed assets, other outstanding liens or judgments, and taxes due are also included in the section covering the borrower's liabilities. The bottom portion of the balance sheet section is set aside for an accounting of the borrower's cash assets and a calculation of the net worth of the borrower.

[ii] Accounting for Production and Sales of Crops and Livestock

The fourth and fifth parts of the Plan require an accounting of the borrower's production and sales of crops and livestock. The categories are divided into the "Planned" and "Actual" amounts of production and sales. The borrower's projected operational figures should be inserted under the "planned" portion at the beginning of the crop or livestock growing term, and the "actual" figures should be entered after the crop or livestock year has ended.

To complete the portion of the Plan covering the production and sale of crops, first enter the applicable figures for the number of acres and yields per acre for each crop in production. Of the total yields produced, enter the quantity amounts (for example, bushels or tons) owned by the borrower for use on the farm and those held for sale. Of the amounts held for sale, enter the quantity sold and the average price obtained for a total cash income for each crop. The borrower should exclude any crop shares paid under a crop share lease arrangement from the calculations for the quantities consumed on the farm or ranch and held for sale. For a discussion of crop share leases, see *Ch. 37, Farm Leases*, § 37.201. Total the cash incomes from each type of crop and enter in Part (J) of the Plan [see § 48.200[1][b][iv]].

Under the livestock production and sale portion of the Plan enter the relative numbers of livestock head and the production per animal (for example, wool clip, fryer chickens, or cattle for slaughter). For livestock production and sales, enter the figures for farm use and for amounts sold at the average price for a total cash income per type of livestock. At the bottom of this portion of the Plan enter the amounts of production of milk and eggs, if applicable. Total the cash incomes from each type of livestock and enter in Part (J) of the Plan [see § 48.200[1][b][iv]].

[iii] Farm Improvements and Practices

Part (C) of the Plan is for a listing of the improvements and major farming or ranching practices planned during the course of the crop year. This section is an important element in the overall evaluation of the borrower's agricultural standing. A clear and comprehensive list of the improvements and practices that may build on or establish a farming or ranching operation serve to show a loan officer the intentions of the borrower. Realistic assessments by the borrower of what may be accomplished in the course of the year are an essential element in the determination of the likelihood for successful operations and repayment of the loan made by the lender.

[iv] Expenses, Summary of Year's Business, and Debt Repayment Portions of Plan

Under Parts (F) through (H) of the Plan, enter the relative amounts of expenses necessary for the support of the farm and the borrower's family and capital expenditures for the farm or ranch. For all these expenses listed enter the amounts of financing necessary to reasonably meet the expense. Although the Plan calls for a separate listing of credit to be sought from the Farmers Home Administration, for general purposes counsel may enter an abbreviation for the probable lender of funds. That is, list the abbreviation for the Farmers Home Administration (FmHA), Production Credit Association (PCA), Federal Land Bank Association (FLBA), or other institution from whom the borrower may be eligible to obtain these funds. For a listing of the eligibility requirements for various lenders, see § 48.122, P 2. For a discussion of the various lenders of funds for agricultural purposes, see § 48.11 et seq.

Part (J) of the Plan calls for a computation of the various figures calculated under Parts (A) through (H) to reach the gross cash income of the farm or ranch operation. Enter the necessary figures and make the additions and subtractions as called for in the listing [see form].

The final portion of the Plan, Part (K), calls for a detailed listing of the types of indebtedness for which the borrower is obligated. Enter the name of the party to whom the money is owed, the amount of principal and interest owing in the forthcoming year, and a projection of the amounts that will be paid in the same period. Although the Plan does not call for them, the borrower should probably include the total amount and interest rate for each loan for informational purposes.

PART IV. FORMS

A. Borrower's Application Materials

20-48 California Legal Forms--Transaction Guide § 48.201

§ 48.201 Loan Application--Agricultural Real Estate

[1] Comment

[a] Use of Form

This form is a sample application for an agricultural loan. The form reproduced here was supplied by the Farm Credit Bank of Sacramento. This particular form was designed for use in financing transactions involving agricultural real estate, but the information solicited on the form is typical of basic loan applications used by governmental and commercial lenders. It is included here to illustrate the types of information typically included in agricultural financing transactions.

[b] Security Requirements

[i] In General

Of primary interest to a lender is the borrower's ability to repay the loan according to the terms of the agreement; adequate security is always a factor. Borrowers must provide detailed information covering the type and value of collateral they will offer as security for the loan.

[ii] Long-Term Mortgage Loans

Long-term real estate mortgage loans made by farm credit banks must be secured by a first lien on an interest in agricultural real estate, an eligible farm-related business, an eligible rural residence, or real estate used as an integral part of an eligible aquatic operation. Additional security may be required, but that security is considered only supplementary protection, and is not included in the value of the security for purposes of applying loan-to-value limitations for mortgages [12 C.F.R. § 614.4210(a)]. No funds may be advanced if the outstanding loan balance exceeds a specified percentage of the appraised value of the real estate taken as primary security [12 C.F.R. § 614.4210(b)].

[iii] Other Loans

Short-term and intermediate-term operating loans may be unsecured only when the creditworthiness of the borrower warrants [12 C.F.R. § 614.4220(b)]. Non-farm rural home loans for the purchase, construction, or refinancing of rural residences must be secured by a first lien on the residence [12 C.F.R. § 614.4222]. Loans to eligible cooperatives may or may not be secured, depending on the circumstances, but loans to be repaid over an extended period should normally be secured [12 C.F.R. § 614.4230(b)]. Seasonal loans to finance commodities that qualify for special interest rate and lending limit consideration must be secured by a chattel mortgage, factor's lien, warehouse receipt, or other security [12 C.F.R. § 614.4231(b); *see* 12 C.F.R. § 614.4231(a)(1) (definition of "commodities")].

[iv] Farmers Home Administration Loans

Loans made by the Farmers Home Administration (FmHA) for farm ownership are secured by real estate, or by real estate and a combination of chattels and other security [7 C.F.R. § 1943.19]. FmHA loans are secured by the best lien obtainable on all assets owned by the applicant [7 C.F.R. § 1943.19(a)(1)]. When available, a first lien is required on real estate. Loans may be secured by junior liens on real estate in certain circumstances [7 C.F.R. § 1943.19(a)(4)]. Other security may include liens on fixtures, machinery, livestock, crops, products, supplies, cash, leases, copyrights, and third party pledges of security [*see* 7 C.F.R. § 1943.19(a)(2), (3), (c)]. The FmHA does not take liens on certain types of property [*see* 7 C.F.R. § 1943.19(b)].

For further discussion of FmHA loans, *see* § 48.14[1] *et seq.*

[v] Emergency Loans

Emergency loans for operating purposes must be secured by a first lien on the crops, livestock, or livestock products being financed with the loan funds, and by the best lien obtainable on all other assets owned by the loan applicant. Emergency loans for real estate purposes are secured by a lien on all assets [7 C.F.R. § 1945.169(a)].

PART IV. FORMS

B. Loan Agreements

20-48 California Legal Forms--Transaction Guide § 48.220

§ 48.220 Loan Agreement for Transaction Among Private Parties

[1] Comment

[a] Use of Form

This form is a negotiable loan agreement that may be used by private parties entering into a basic financing arrangement. Commercial lending institutions and federal agricultural lenders usually require the use of their own forms; counsel assisting borrowers in these financing arrangements should consult with the prospective lender for samples of the required agreements. For a discussion of the various lenders of funds for agricultural purposes, see § 48.11. For more detailed coverage of loans between private individuals, see Ch. 97, *Private Loans and Annuities*.

This form contains provisions describing the parties' contractual obligations in detail. Its use may be of greatest benefit when the parties have had no prior dealings, the loan term is for an extended duration, or the parties require greater specificity than is normally provided in a simple promissory note. As an alternative, the sample FmHA promissory note may be adapted for use when the parties obligations can be established in a short form document [see § 48.221].

The pertinent provisions contained in this form are a recital of the parties, the principal amount of the loan, the method of calculating and paying interest, the security for the borrower's obligations, and the representations, warranties, and covenants of the borrower. Also, the circumstances of the borrower's default and the remedies for default are provided for. For a discussion of the late payment charge provisions included in this form, see Ch. 55, *Negotiable Instruments*.

The maximum interest rate that may be charged by a lender in California depends on the status of the lender. Under the California Constitution, the maximum rate is 10 percent unless the lender is exempted by statute [Cal. Const., art. XV, § 1; see Ch. 55, *Negotiable Instruments*]. Minimum interest rates are governed by tax considerations. Insufficient interest may subject the transaction to imputed interest rules [see I.R.C. §§ 483, 1271-1275] or to treatment as a loan with a below-market interest rate [see I.R.C. § 7872; see also Ch. 97, *Private Loans and Annuities*].

If the loan is to be secured by collateral, the parties should execute a security agreement. For a sample deed of trust covering real property as security for the loan, see § 48.241. For a security agreement covering personal property,

including crops, livestock, or equipment, see § 48.240.

[b] Negotiability of Loan Agreement

This form is a loan agreement that is designed to be negotiable. The primary benefit of negotiability is that the transfer of the instrument transfers all the rights that were held by the transferor [*Com. Code* §§ 3201, 3203]. A note is a written promise to pay money signed by the person promising to pay [*Com. Code* § 3103(a)(9); see *Com. Code* § 3104(e) (definition of "note")]. A note is negotiable if it is an unconditional promise to pay a fixed amount of money, with or without interest or other charges; if it is payable to bearer or to order at the time it is issued or first comes into the holder's possession; if it is payable on demand or at a definite time; and (with limited exceptions) if it does not state any other undertaking or instruction by the person promising or ordering payment [*Com. Code* § 3104(a); see *Com. Code* § 3104(b), (c) (exceptions)].

The promissory note in § 48.221 may also be negotiated. For a discussion of the negotiability of promises to pay, see Ch. 55, *Negotiable Instruments*.

[c] Collateral Securing the Borrower's Obligation

Lenders may make both secured and unsecured loans depending on the principal amount of the loan and the ability of the borrower to repay the loan. Usually, however, a lender demands a security interest in property of the borrower that will satisfy the borrower's obligation in the event of default or bankruptcy. For a discussion of real property security interests, see Ch. 25A, *Security Instruments for Real Estate Financing*. Personal property security interests are subject to Division 9 of the California Commercial Code [see *Com. Code* § 9101 et seq.]. For a discussion of security interests relating to agricultural financing arrangements, see § 48.17[1] et seq. [see also §§ 48.240, 48.260-49.32]. For a discussion of the basic security requirements of Farm Credit System and Farmers Home Administration loans, see § 4.201[1].

[1] Comment--Use of Form

This form is a sample of a promissory note used by the Farmers Home Administration for all loans made under its farm ownership, farm operating, or disaster-based emergency loan programs. It is included here to illustrate the use of a promissory note as the total loan agreement evidencing the borrower's indebtedness. Ordinarily a promissory note will be accompanied by a separate instrument evidencing the security interest held by the lender [see § 48.240]. A simplified version of this form may be drafted in private party transactions to supplement a more complex loan agreement [see § 48.220].

For a discussion of the general attributes of promissory notes, see Ch. 55, *Negotiable Instruments*. For a discussion of the Farmers Home Administration loan programs, see § 48.14[1] et seq.

PART IV. FORMS

C. Agreements for Creating Security Interests

20-48 California Legal Forms--Transaction Guide § 48.240

§ 48.240 Security Agreement

[1] Comment

[a] Use of Form

This form is an agreement for creating a secured interest under the Uniform Commercial Code [*see Com. Code § 9101 et seq.*]. It should be used when the parties agree to use personal property or fixtures as collateral for an agricultural loan commitment. For form provisions describing various types of collateral found in agricultural financing arrangements, see § 48.260-48.262. For forms to be used in secured transactions pertaining to financing arrangements other than agricultural operations, see Ch. 42, *Secured Transactions*. For a security agreement that may be used when the collateral is real property, see § 48.241.

If the debtor is conducting farming operations on leased land under a crop share lease [*see § 37.201* in Ch. 37, *Farm Leases*], the creditor may request a landlord share waiver from the lessor. The landlord share waiver subordinates any interest the lessor has in the debtor's crops grown on the premises to the creditor's lien. For a discussion and form of a landlord share waiver, see § 48.301.

For a copy of the official UCC financing statement [*see Com. Code § 9521(a)*] and a discussion of the contents and filing requirements, see Ch. 42, *Secured Transactions*, § 42.211.

For a security agreement creating a nonpossessory security interest in equipment, which includes farm equipment used in business, see Ch. 42, *Secured Transactions*, § 42.201. For a discussion of the form and use of security agreements, see Ch. 42.

[b] Provision Requiring Debtor to Provide List of Potential Buyers, Commission Merchants, and Selling Agents

This form includes a provision requiring the debtor to create and send a list of all potential buyers, commission merchants, and selling agents [*see P 7 of form*]. Pursuant to the Food Security Act of 1985 [*see 7 U.S.C. § 1631*] a

buyer, commission merchant, or selling agent takes free of a security interest in farm products created by the seller unless properly noticed by the secured party [see 7 U.S.C. § 1631(e), (g)]. To help protect his or her security interest, the secured party may require that the security agreement include a provision requiring the debtor to furnish to the secured party a list of the buyers, commission merchants, and selling agents to or through whom the debtor may sell the farm products described as collateral in the security agreement [see 7 U.S.C. § 1631(h)(1)].

If required to furnish a list, the debtor may not sell to a buyer or through a commission merchant or selling agent not included on that list, unless the debtor properly notifies the secured party. To meet this notice requirement, the debtor must either notify the secured party in writing of the identity of the buyer, commission merchant, or selling agent at least 7 days in advance of the sale, or must account to the secured party for the proceeds of the sale not later than 10 days after the sale [7 U.S.C. § 1631(h)(2)]. A debtor who fails to comply with this notice requirement is subject to a fine of \$5,000 or 15 percent of the value or benefit received from the sale of the collateral, whichever is greater [7 U.S.C. § 1631(h)(3)].

For the notice that may be used to inform buyers, commission merchants, and selling agents of the lender's security interest, see § 48.300.

Description of Collateral

3. The Collateral in which this security interest is granted and transferred to Secured Party is described as follows:

(b) To use the proceeds of loans made by Secured Party to it for the purposes set forth in the loan agreement.

Debtor's Warranties

5. Care of Collateral

6. Debtor shall maintain the collateral in the following manner:

[Continue with the following:]

(c) Debtor shall at all times keep the Collateral and the proceeds from any authorized disposition of the Collateral identifiable and separate from any other property belonging to the Debtor or any other party.

(d) If the value of the Collateral is substantially affected by any event, or the ability to market or dispose the Collateral is substantially impaired by any event, the Debtor shall notify the Secured Party immediately. Also, Debtor shall notify Secured Party immediately if the Collateral becomes subject to any impairment that may affect Secured Party's rights and remedies in relation to the Collateral. The notice required by this Paragraph shall be given in the manner set forth in Paragraph 13 of this Agreement.

List of Potential Buyers

7. Pursuant to the Food Security Act of 1985 as codified in *Section 1631 of Title 7 of the United States Code*, Debtor shall furnish to Secured Party the names and addresses of all persons to whom Debtor may sell any of the Collateral, and all Commission Merchants and Selling Agents, as defined in the Act, to whom Debtor may sell the Collateral or otherwise engage in any transaction relating to it. The lists required under this Paragraph shall be submitted to Secured Party within _____ days of the execution of this Agreement, and shall thereafter be supplemented with any additional names and addresses of potential buyers, Commission Merchants, or Selling Agents on the first day of each month this Agreement is in force.

Sale of Collateral to Party Not Listed

8. Before the sale or contract to sell any part of the Collateral to a person whose name and address has not been provided to Secured Party under Paragraph 7, and before any transaction relating to the Collateral conducted between Debtor and a Commission Merchant or Selling Agent, as defined by the Food Security Act of 1985 [7 U.S.C. § 1631], Debtor shall give notice of the intended transaction and provide Secured Party with the name and address of the person with whom the Debtor intends to contract. Notice under this Paragraph shall be given in the manner provided for in Paragraph 13 of this Agreement, and with sufficient time so that Secured Party is notified not less than _____ days before the transaction.

Insurance

9. During the continuation of this Security Agreement, Debtor, at Debtor's own cost and expense, shall keep the Collateral, and all parts thereof, insured against all hazards for the full amount of indebtedness owed to Secured Party. Insurance policies procured pursuant to this Paragraph shall be made payable to both Debtor and Secured Party to the extent of their respective interests in the Collateral. Proof of the insurance coverage obtained by Debtor shall be given to Secured Party within _____ days after execution of this Security Agreement. Any contract entered into by Debtor for insurance coverage on the Collateral shall include a provision requiring timely notice to Secured Party in the event of cancellation of coverage by the insurer.

Inspection by Secured Party

10. Secured Party, or any designated agent of Secured Party, shall have the right to enter the premises on which the Collateral is located for the purpose of inspecting the Collateral at any reasonable times and intervals.

Default

11. Any of the following events constitute a default under this Agreement:

(a) A breach by Debtor of any of the terms, provisions, covenants, warranties, or representations of this Agreement, of the note [*or other obligation*] that this Agreement secures, or of any other agreement between Debtor and Secured Party;

(b) If Debtor fails to make any payment owed Secured Party covered by this security Agreement;

(c) If debtor should die, dissolve, become insolvent or unable to pay debts as they become due, or if a trustee or receiver is appointed to take all or a substantial portion of Debtors assets, or if Debtor makes a general assignment for the benefit of creditors;

(d) If there is issued against the Collateral any levy of attachment, execution, tax assessment, or other similar process and it is not released within _____ days of the date of issuance; or

(e) If Debtor furnishes to Secured Party any financial statement, profit and loss statement, or other document relating to this transaction that is false or incorrect in any material respect.

Remedies on Default

12. If any of the above events of default occurs, in addition to the statutory remedies provided under *Section 9601 et seq. of the California Commercial Code*, the Secured Party may do any of the following:

Effect of Partial Invalidity

PART IV. FORMS

D. Alternative Security Agreement and Financing Statement Provisions

20-48 California Legal Forms--Transaction Guide § 48.260

§ 48.260 Alternative Provision Describing Collateral: Crops

[1] Comment

[a] Use of Form

This form is an alternative provision that may be used to describe the collateral in a security agreement when the collateral is crops. It may be substituted for Paragraph 3 of § 48.240, or renumbered and inserted into the official UCC financing statement provision describing collateral [see *Ch. 42, Secured Transactions*, § 42.211]. For an alternative provision describing livestock as collateral, see § 48.261. For an alternative provision describing negotiable warehouse receipts as collateral, see § 48.262. For an alternative provision describing equipment as collateral, see § 48.263.

For a security agreement creating a nonpossessory security interest in equipment, which includes farm equipment used in business, see *Ch. 42, Secured Transactions*, § 42.201.

[B] Sufficiency of Description of Crops as Collateral in Security Agreement or Financing Statement

The description of the personal or real property collateral that must be included in a security agreement does not need to be specific. With specified exceptions, the description is sufficient, whether or not it is specific, if it reasonably identifies the collateral described [*Com. Code* § 9108(a); see *Com. Code* § 9108(c)-(e) (exceptions)]. The test of the sufficiency of the description is whether the description provides information adequate to lead a reasonable inquirer to the identity of the collateral [*In re Amex-Protein Dev. Corp.* (9th Cir. 1974) 504 F.2d 1056, 1060-1061 (decided under prior law); see *Com. Code* § 9108 (UCC Comment P 2) (test is that "the description ... make possible the identification of the collateral described")]. However, if the security interest covers timber to be cut, the agreement must contain a description of the land concerned [*Com. Code* § 9203(b)(3)(A)]. Moreover, if the description identifies the location of the property, it must do so accurately [see, e.g., *Matter of California Pump & Mfg. Co., Inc.* (9th Cir. 1978) 588 F.2d 717, 719 (description is insufficient when collateral is not located in city identified in description, decided under prior law)].

There are a variety of ways in which a description may reasonably identify collateral. With specific exceptions not

relevant here [see *Com. Code* § 9108(d) (exceptions related to security entitlement, securities account, or commodity account)], a description reasonably identifies the collateral if it describes it by any of the following [*Com. Code* § 9108(b)]:

- Specific listing.
- Category.
- A type of collateral defined in the Commercial Code [see *Com. Code* § 9108(e) exception for commercial tort claim or consumer transaction].
- Quantity.
- Computational or allocational formula or procedure.
- Except as otherwise provided in *Com. Code* § 9108(c) (see below), any other method, if the identity of the collateral is objectively determinable.

A description of collateral as "all the debtor's assets" or "all the debtor's personal property" or similar words does not reasonably identify the collateral and is *not* sufficient for purposes of a security agreement [see *Com. Code* § 9108(c)]. Note, however, that under *Com. Code* § 9504, a financing statement sufficiently indicates collateral if it "covers all assets or all personal property" [see *Com. Code* § 9504(2)].

Under the Food Security Act of 1985, however, a notice of security interest given to potential buyers, commission merchants, or selling agents must contain a greater degree of specificity than what is required for a valid security agreement or financing statement [7 U.S.C. § 1631(e), (g)]. For further discussion, and for a form for notice of a security agreement that meets those more stringent requirements, see § 48.300.

Although former Division 9 required that the security agreement or financing statement contain a description of real property on which crops are grown [see former *Com. Code* § 9203(1)(a), that requirement has been retained in the revised division only when the security interest covers timber to be cut [see *Com. Code* § 9203(b)(3)(A); see also *Com. Code* § 9102(a)(34) (revised definition of "farm products" clarifies distinction between crops and standing timber); *Com. Code* § 9102 (UCC Comment P 4a)]. However, regardless of the minimum legal requirements for specificity, it is ordinarily advisable to be as specific as possible in describing the collateral covered by the security agreement to avoid confusion.

The description of collateral in this form provision includes proceeds from any authorized sale of the collateral [see *Com. Code* § 9102(a)(12) (security interest may be created in proceeds to which a security interest attaches); *Com. Code* § 9102(a)(64) ("proceeds" defined)]. As a general rule, a security interest attaches to any identifiable proceeds of collateral [see *Com. Code* § 9315(a)(2)]. A security interest in proceeds is a perfected security interest if the security interest in the original collateral was perfected [*Com. Code* § 9315(c)]. A security interest in proceeds is automatically perfected for 20 days. Generally, a security interest in proceeds becomes unperfected on the 21st day after the security interest attaches to the proceeds, unless specified statutory conditions are satisfied [see *Com. Code* § 9315(d), (e); see also *Com. Code* § 9322(b)(1) (priority in proceeds--general rule); *Cassel v. Kolb* (1999) 72 Cal. App. 4th 568, 577, 84 Cal. Rptr. 2d 878 (under former *Com. Code* § 9306(3)(a), now see *Com. Code* § 9315(d)(1), security interest in stock was perfected by operation of law)]. For further discussion of the perfection and priority rules relating proceeds, see Ch. 42, *Secured Transactions*.

Although a security interest generally attaches to any identifiable proceeds of collateral [see *Com. Code* § 9513(a)(2)], the borrower ordinarily executes a separate form assigning the proceeds to the secured party [see §§ 48.280, 48.281

J. For a general discussion of the inclusion of proceeds in the description of the collateral, see § 48.280[1][b].

The description of collateral given in this provision also includes after-acquired property. A security agreement may provide that any or all obligations covered by the security agreement are to be secured by after-acquired collateral [Com. Code § 9204]. For further discussion of after-acquired collateral, see Ch. 42, *Secured Transactions* .

For a security agreement creating a nonpossessory security interest in equipment, which includes farm equipment used in business, see *Ch. 42, Secured Transactions*, § 42.201.

[b] Description of Livestock as Collateral

For discussion of the sufficiency of a description of collateral in a security agreement or financing statement, see § 48.260[1][b]. It is ordinarily advisable to as specific as possible in describing the collateral covered by the security agreement to avoid confusion.

This form provision includes both a general description of the debtor's livestock and poultry, and a provision for describing the debtor's livestock by brand markings. Brands may be registered with the Bureau of Livestock Identification [*Food & Agric. Code* §§ 20602, 20663, 20691], and are evidenced by a registration certificate bearing a number [*Food & Agric. Code* § 20697].

Other methods of describing livestock include listings by cattle record brands [see *Food & Agric. Code* § 20901 *et seq.*], and description by breed, kind or class, age, location, and other identifying marks. Specificity in the description of the collateral may prevent conflicts over the extent of the coverage of the security agreement and accompanying financing statement, and provide adequate notice to third party creditors.

This provision includes as collateral the farmer's accounts arising from the sale of livestock products, including eggs or milk [see *Com. Code* § 9102(a)(12); see Form]. The borrower ordinarily executes a separate form assigning the proceeds to the secured party [see §§ 48.280, 48.281]. For a general discussion of the inclusion of proceeds in the description of the collateral, see § 48.280[1][b].

PART IV. FORMS

D. Alternative Security Agreement and Financing Statement Provisions

20-48 California Legal Forms--Transaction Guide § 48.262

§ 48.262 Alternative Provision Describing Collateral: Warehouse Receipts

[1] Comment

[a] Use of Form

This form is an alternative description of collateral for use when the debtor's obligation is secured by negotiable warehouse receipts. This form provision may be added to another alternative provision for the description of collateral [see §§ 48.260, 48.261] or, if the security interest covers only the negotiable warehouse receipts, inserted in the description of collateral paragraph of a general security agreement and financing statement [see § 48.240, P 3 and § 42.211 in Ch. 42, *Secured Transactions*]. For discussion of negotiable and nonnegotiable warehouse receipts, see Ch. 54A, *Storage of Goods*, § 54A.200.

[b] Warehouse Receipt Defined

A "warehouse receipt," which is also a document of title [see *Com. Code* § 1201(b)(16)], is a receipt issued by a person engaged in the business of storing goods for hire [*Com. Code* § 1201(b)(42); see *Com. Code* § 7102(a)(13) ("warehouse" defined); *Com. Code* § 7102(a)(8) ("issuer" defined), *Com. Code* § 7202 (forms of receipt); *Com. Code* § 7102(a)(9) ("person entitled under the document" defined)]. If goods, including distilled spirits and agricultural commodities, are stored under a statute requiring a bond against withdrawal or a license for the issuance of receipts in the nature of warehouse receipts, a receipt issued for the goods is deemed to be a warehouse receipt, even if issued by a person that is the owner of the goods and is not a warehouse [*Com. Code* § 7201(b); see *Com. Code* § 7012(a)(13) ("warehouse" means person engaged in business of storing goods for hire)].

[c] Value and Use of Warehouse Receipts as Collateral

It is common practice in agricultural operations for farm products to be stored in warehouse facilities either before or after the completion of a secured transaction and the advancement of funds pursuant to a loan agreement. If the perfected security agreement covers the farm products as "goods," the secured party will be protected; however, if the debtor has or acquires negotiable warehouse receipts for the farm products, the debtor may cut off the secured party's

rights in the collateral by negotiating the warehouse receipts [*see Com. Code §§ 7502, 7503, 9320, 9331(a)*].

For the secured party to be adequately protected, the security agreement and financing statement should include the negotiable warehouse receipts in the description of the collateral.

Negotiable documents may be, and usually are, delivered to the secured party [*see Com. Code § 9312* (UCC Comment P 3)]. The secured party's act of taking possession will suffice as a perfection step [*see Com. Code § 9313(a)*]. However, a security interest in a negotiable document may be perfected by filing a financing statement [*see Com. Code § 9312(a)*]. For discussion of filing a financing statement, and the national financing statement form, see Ch. 42, *Secured Transactions*.

PART IV. FORMS

D. Alternative Security Agreement and Financing Statement Provisions

20-48 California Legal Forms--Transaction Guide § 48.263

§ 48.263 Alternative Provision Describing Collateral: Farm Equipment

[1] Comment

[a] Use of Form

This form is an alternative provision that may be used to describe the collateral in a security agreement when the collateral is farm equipment. It may be substituted for Paragraph 3 of § 48.240 or may be inserted into the official UCC financing statement provision describing collateral [see *Ch. 42, Secured Transactions, § 42.211*]. For an alternative provision describing negotiable warehouse receipts as collateral, see § 48.262. For an alternative provision describing crops as collateral, see § 48.260. For an alternative provision describing livestock as collateral, see § 48.261.

[b] Farm Equipment as Collateral

[i] In General

If the goods are not included in the definitions of inventory, farm products, or consumer goods, they are "equipment" [*Com. Code § 9102(a)(33)*]. It is advisable to be specific in describing the equipment covered by the security agreement to avoid confusion.

[ii] Financing Statements

Security interests in farm equipment are perfected in a similar manner as other goods by filing a financing statement in the proper location [see *Com. Code § 9310(a)*; see discussion in the Legal Background]. Security interests created in vehicular farm equipment are subject to certain exceptions to this rule. Generally, security interests in vehicles subject to registration under motor vehicle laws are perfected by notation on the certificate of title [see *Com. Code § 9311(a)(2), (3)*]. However, the Vehicle Code exempts from registration certain types of farm use vehicles [see *Veh. Code §§ 36100-36109*]. Security interests in these types of vehicles are perfected by filing a financing statement with the Secretary of State [see *Com. Code § 9501(a)(2)*].

Certain pieces of farm equipment may be fixtures (for example, irrigation systems affixed to real property) [*see Com. Code § 9102(a)(41)* ("fixtures" defined)]. If there may be confusion over whether the goods are fixtures or equipment, the secured party may protect itself by filing in the appropriate place for goods and fixtures [*see Com. Code § 9501*]. A fixture filing is made by filing a financing statement in the office where a mortgage on real property would be recorded [*Com. Code § 9501(a)(1)(B)*; *see Com. Code § 9334* (priority of security interests in fixtures)].

PART IV. FORMS

E. Assignments

20-48 California Legal Forms--Transaction Guide § 48.280

§ 48.280 Assignment to Lender of Proceeds From Sale of Farm Products

[1] Comment

[a] Use of Form

This form is an assignment of the proceeds from the sale of farm products that may be made by the borrower to the lender. This form both effects the assignment and serves as notice of the assignment to persons who deal with the borrower. The form is not sufficiently specific, however, to comply with the notice requirements of the Food Security Act of 1985 for buyers, commission merchants, and selling agents to take free of a security interest created in farm products [see 7 U.S.C. § 1631(e), (g)]. For a discussion of those requirements and a notice complying with the Food Security Act of 1985, see §§ 48.240, 48.300.

[b] Assignment of Proceeds

The California Commercial Code provides that as a general rule, a security interest attaches to any identifiable proceeds of collateral [see *Com. Code* § 9315(a)(2); see also *Com. Code* § 9102(a)(12) (security interest may be created in proceeds to which a security interest attaches); *Com. Code* § 9102(a)(64) ("proceeds" defined)]. A security interest in proceeds is a perfected security interest if the security interest in the original collateral was perfected [*Com. Code* § 9315(c)]. A security interest in proceeds is automatically perfected for 20 days. However, a perfected security interest in the proceeds becomes unperfected on the 21st day after the security interest attaches to the proceeds unless any of the following conditions are satisfied [*Com. Code* § 9315(d)]:

- The filed financing statement covers the original collateral, and the proceeds are collateral in which a security interest may be perfected by filing in the office where the original financing statement was filed, and the proceeds are not acquired with cash proceeds [*Com. Code* § 9315(d)(1); see *Com. Code* § 9315(e)];
- The proceeds are identifiable cash proceeds; or

- The security interest in the proceeds is perfected other than under *Com. Code § 9315(c)* (providing for perfection of a security interest in proceeds if the security interest in the original collateral is perfected) when the security interest attaches to the proceeds or within 20 days thereafter.

For further discussion of the perfection and priority rules relating proceeds, see Ch. 42, *Secured Transactions*. In the absence of an assignment or other agreement regarding proceeds, the failure to perfect the security interest in proceeds may cause the lender to lose its priority in the collateral [see *Com. Code § 9317*].

Because of the limitations discussed above on a secured party's security interest in proceeds, and because farm products, particularly crops, are contracted for sale before the date of harvest, lenders often require the borrower of operating or production loans secured by farm products to execute an assignment of the proceeds from the sale of those farm products. The lender may also require the debtor to provide the lender with the names of any buyers of the debtor's farm products [7 U.S.C. § 1631(h)(1); see § 48.240, P 7]. On receipt of the buyer's name, the lender will serve a copy of the assignment on the buyer and have the buyer acknowledge and accept the assignment directing payment of the proceeds to the lender [see 7 U.S.C. § 1631(e)(1)(A)(v), (g)(2)(A)(v)].

[c] Deduction of Processor's Fees

Processors who handle agricultural products for farmers usually deduct the costs of processing from the amounts owed the farmer. In drafting assignments of proceeds counsel should take this practice into account and provide an acceptable method for the lender and processor to receive the amounts owed them. In the absence of language instructing the offset by the processor, the processor may be allowed priority to the extent that the funds were advanced for costs related to the production of the crop [see *Fricker v. Uddo & Taormina Co. (1957) 48 Cal. 2d 696, 701, 312 P.2d 1085*].

PART IV. FORMS

E. Assignments

20-48 California Legal Forms--Transaction Guide § 48.281

§ 48.281 Assignment of Proceeds From Sale of Dairy Products

[1] Comment--Use of Form

This form is a specific type of assignment used in financing arrangements involving dairy farm operators. The use of this "milk check assignment" is common in situations in which the dairy farmer has a contractual agreement with a milk processor/marketer. These contracts often call for specific payments on specific dates to farmers for milk deliveries, and it is this right to payment that may be assigned.

Although proceeds arising from the sale of collateral generally are protected under the security agreement [*see Com. Code § 9315(a)(2); see also § 48.280*], the use of the milk check assignment will avert any possible conflicts in priority stemming from the failure of the secured party to comply with perfection requirements for proceeds [*see § 48.280[1][b]*]. The common use of the milk check assignment in the dairy industry will facilitate smooth relations with processor/marketers of milk.

For a general discussion of the use of assignments in agricultural financing, see *§ 48.280[1]*.

20-48 California Legal Forms--Transaction Guide § 48.300

§ 48.300 Notice to Buyers, Commission Merchants, and Selling Agents Under the Food Security Act of 1985

[1] Comment

[a] Use of Form

This form is a notice of security interest as required by the Food Security Act of 1985 [*see 7 U.S.C. § 1631*]. It should be used by secured parties or sellers of farm products to give notice to potential buyers in the ordinary course of business, commission merchants, or selling agents of the security interest held by the secured party [*7 U.S.C. § 1631(e)(1), (g)(2)(A); see 7 U.S.C. § 1631(c)* (definitions)]. For a general discussion of the effect of the Act, see § 48.17[5]. For discussion of and provisions for a security agreement requiring a debtor to provide the secured party with a list of potential buyers, commission merchants, or selling agents, and requiring the debtor to supplement the list and notify the secured party of any sale of the collateral to a party not on the list, see § 48.240[1][b], [2], PP 7, 8. For an assignment of the proceeds from the sale of farm products to the secured party, see § 48.280.

[b] Food Security Act of 1985

[i] In General

Buyers, commission merchants, and selling agents take farm products free of a security interest created in them, unless the secured party complies with the notice requirements of the Food Security Act of 1985 [*see 7 U.S.C. § 1631(e), (g)*]. The Act provides for two different methods of providing notice to potential buyers, commission merchants, and selling agents. The first provides for direct notification by the secured party to all potential buyers, and others, of the security interest [*see 7 U.S.C. § 1631(e)(1), (g)(2)(A)*]. The alternate method of notice involves a central filing system [*see 7 U.S.C. § 1631(c)(2)* (definition)] that is handled by the office of the Secretary of State and is similar to, but separate from, a filing system for financing statements [*see 7 U.S.C. § 1631(e)(2), (3), (g)(2)(C), (D)*].

California has not adopted the central filing system provided for by the Act. Secured parties and sellers of farm products in California therefore must comply with the direct notice provisions of the Act to preserve a perfected security interest on sale to a buyer, commission merchant, or selling agent.

[ii] Required Contents of Notice

Although the Act does not prescribe any specific form, the notice must contain certain information relating to the secured interest. The notice must be organized according to farm product and must contain the names and addresses of the secured party and the debtor. It must state the social security number of the debtor, or, if the debtor is not an individual, the Internal Revenue Service taxpayer identification number. Relating to the collateral covered by the security interest, the notice must state a description of the collateral, including the amount of the products if applicable, the year in which the crop is produced, the name of each county or parish in which the farm products are produced or located, and a reasonable description of the property on which the farm product is produced [see 7 U.S.C. § 1631(e)(1)(A)(ii), (g)(2)(A)(ii)].

The Act provides for an optional provision stating the conditions that must be met by the buyer for the release of the secured party's interest in the collateral [see 7 U.S.C. § 1631(e)(1)(A)(v), (g)(2)(A)(v)]. The effect of the inclusion of this provision is to place the payment obligation created by a debtor on the buyer, commission merchant, or selling agent [see Bender's Uniform Commercial Code Service, Art. 9, *Secured Transactions*, Part 3, *Security Agreements for Farm Products* (Matthew Bender)]. This form includes a sample optional provision illustrating the kinds of payment obligations that a buyer might be required to meet to release the secured party's interest in the collateral.

[iii] Duration, Amendments, and Execution of Notice

The Act provides that a buyer, commission merchant, or selling agent takes title to farm products subject to the security interest created by the seller if a notice containing the required information is received by the buyer within one year before the sale of the farm products [see 7 U.S.C. § 1631(e)(1)(A), (g)(2)(A); see § 48.300[1][b][ii]]. Thus, if the security interest is intended to cover a period greater than one year, the secured party must renew the notice on a yearly basis [see Sanford, *The Reborn Farm Products Exception Under the Food Security Act of 1985*, 20 U.C.C. L.J. 3, 19 (1987)]. The notice lapses at the expiration of the one-year period or on the transmission of a notice signed by the secured party stating that the notice has lapsed, whichever comes first [7 U.S.C. § 1631(e)(1)(A)(iv), (g)(2)(A)(iv)].

If there are any material changes in the information provided in the notice, a writing must be sent to potential buyers, commission merchants, and selling agents amending the original notice within three months from the date of those changes. Although there is no provision for the execution of the original notice, the Act requires that the writing indicating amendments be "similarly signed, authorized, or otherwise authenticated and transmitted" [see 7 U.S.C. § 1631(e)(1)(A)(iii), (g)(2)(A)(iii)]. A conservative approach would have the original notice, and any subsequent writing describing amendments to that notice, be executed by both the debtor and the secured party [see Sanford, *The Reborn Farm Products Exception Under the Food Security Act of 1985*, 20 U.C.C. L.J. 3, 20 (1987)].

[a] Use of Form

This form is a landlord share waiver that may be used if the debtor operates a farm on leased real property. The use of this form is generally tied to a financing arrangement by which the party advancing funds has taken a secured interest in farm products [see *Com. Code § 9102(a)(34)* (definition); see also § 48.240 (security agreement)]. For a discussion of leases of agricultural real property and acknowledgment and recordation instruments, see Ch. 37, *Farm Leases*.

[b] Purpose of Landlord Share Waiver

When a relationship of lessor and lessee exists, the title to the crops grown on the leased premises is held by the lessee, and not by both parties as tenants in common [*Cox v. Miller* (1936) 15 Cal. App. 2d 494, 498, 59 P.2d 628]. However, by the terms of a lease agreement, the parties may be made cotenants in the crops grown [see *Woodsend v. Chatom* (1923) 191 Cal. 72, 76, 214 P. 965]. A provision creating a cotenancy in the crops grown on leased premises is not uncommon to share basis leases [see Ch. 37, *Farm Leases*].

The tenant in a crop or livestock share leasing arrangement may have difficulty procuring financing because of the landlord's interest in the crops or livestock. If the landlord signs a share waiver, the tenant can offer the first lien to a party advancing funds under a security agreement. The landlord share waiver also serves to inform the secured party of the extent to which the tenant can encumber the crops or livestock.

PART IV. FORMS
F. Miscellaneous

20-48 California Legal Forms--Transaction Guide § 48.302

§ 48.302 Bill of Sale Draft

[1] Comment

[a] Use of Form

This form is a bill of sale draft for use in financing arrangements involving the purchase of livestock. The circumstances of the sale may require the debtor/buyer to have greater flexibility than is usual in financing arrangements: the debtor/buyer may be unable to describe the livestock specifically until the purchase, the particular livestock sought by the debtor/buyer may become unavailable if standard loan approval methods are followed, or purchases of livestock may take place in locations far from the offices of the lender. By the use of a bill of sale draft, the debtor/buyer has the flexibility to purchase only the livestock that meets his or her approval at the time of purchase and the lender is protected by a previously executed security agreement covering all after-acquired property [*see Com. Code § 9204(a)*].

The bill of sale draft in this form is a negotiable instrument within the definition of the Uniform Commercial Code [*see Com. Code § 3104*]. For a discussion of negotiable instruments and the statutory provisions affecting them, see Ch. 55, *Negotiable Instruments*.

[b] Method of Financing Using Bill of Sale Draft

When using the bill of sale draft system for financing a purchase of livestock, the borrowing rancher arranges in advance of any purchases for the lender to lend up to a specified sum of money for the purchase of livestock over a limited time period. For a loan agreement that may be adapted for this purpose, see § 48.220. The lender and rancher then usually execute a security agreement specifying the purpose of the loan, the maximum amount to be loaned to the rancher, and the general type of livestock for which the loan is made. For a general form for a security agreement that may be used for this purpose, see § 48.240. The executed financing statement should then be filed in the office of the Secretary of State [*see Com. Code § 9501(a)(2)*; *see Ch. 42, Secured Transactions*].

Because the livestock will not be identified before the sale, the description of the collateral that must be included in the security agreement and financing statement should describe the livestock in general terms [*see § 48.261*]. The security

agreement must specify that the collateral securing the debt will include the livestock purchased under the bill of sale as after-acquired collateral [*see Com. Code § 9204(a)*]. After purchase of the livestock by the debtor, the lender may file an amended financing statement with a detailed description of the livestock purchased [*see Com. Code § 9512; see also Ch. 42, Secured Transactions*].

When the rancher makes a purchase of livestock financed under the bill of sale draft system, the rancher completes the upper portion of the form providing the necessary information relating to the seller and the lender who will cover the draft. The seller of the livestock then completes the lower portion of the form, which constitutes a bill of sale transferring title to the livestock being purchased to the buyer. The seller then retains the bill of sale draft, which on presentation to the lender will be paid in full.

[c] Consent of Secured Party

If the livestock to be purchased by the rancher under the bill of sale draft is the subject of an outstanding lien or secured interest, the consent of that lienholder or secured party to the sale of the livestock should be obtained. This draft contains an optional provision for that consent. The consent of the lienholder or secured party is made conditional to the payment of the balance owed under the outstanding obligation.

Scope

This chapter covers federal and state laws regulating parties to common agricultural contracts. The Transaction Guide contains drafting guides for assistance in assembling specific agricultural contracts and includes coverage of the regulations governing the specific agricultural commodities covered by those contracts. Additionally, coverage of the procedural steps necessary in preserving a seller's rights in statutory trusts of sales proceeds is included in the Transaction Guide. Forms illustrated include contracts for the sale of farm products by producers to processors and resellers, marketing contracts for farm products involving cooperative associations, and livestock feeding contracts.

For a general discussion of the formation of contracts, their required elements, and forms, see Ch. 75, *Formation of Contracts and Standard Contractual Provisions* . For a discussion of the general application of the Commercial Code to contracts for the sale of goods, see Ch. 52, *Sales of Goods Under the Uniform Commercial Code* .

This chapter does not include coverage of agricultural contracts involving real property or farm equipment and implements. For contracts relating to the sale of real property, see Ch. 23, *Real Property Sales Agreements* . For various forms of agreements used in leasing agricultural lands, see Ch. 37, *Farm Leases* . Personal property leasing in general is covered in Ch. 53, *Personal Property Leasing* .

Ch. 48, *Agricultural Financing*, covers the various forms of agricultural financing. An examination of those materials will provide additional background to attorneys assisting clients in transactions involving sales and purchases of agricultural commodities.

PART II. LEGAL BACKGROUND

20-49 California Legal Forms--Transaction Guide § 49.10

§ 49.10 Types of Agricultural Contracts

Agricultural contracts are employed in a wide variety of transactions relating to the sale and procurement of goods and services in the field of agriculture. As in other types of businesses, agricultural contracts serve to stabilize the relationships between buyers and sellers of either goods or services. Contractual arrangements involving agricultural transactions are commonly employed in sales of crops and livestock [*see* §§ 49.300, 49.301], including price support purchasing contracts, individual and cooperative marketing of farm products [*see* §§ 49.340, 49.341], crop and livestock processing, livestock feeding or fattening [*see* § 49.360], and sales of feed [*see* § 49.361], fertilizer, seed, and other production materials.

One of the most common types of agricultural contracts is a producer-processor agreement, in which a processor of crops contracts with a producer for the purchase of a specified quantity of a particular commodity [*see* § 49.300]. A variation of this contract is a producer-reseller agreement, in which the grower sells the commodity to a dealer or broker. This type of transaction varies from the producer-processor contract, among other ways, in that the producer may have the responsibility for sorting, grading, and packing prior to delivery [*see* § 49.301[1]].

Another common type of agreement is the agricultural cooperative marketing agreement [*see* Ch. 14A, *Agricultural Nonprofit Cooperative Associations*, §§ 14A.203, 14A.204], in which a producer contracts with a cooperative association to process and market the producer's commodity. Individual producers benefit from the collective resources and marketing abilities of agricultural cooperatives while maintaining their independent operations. For a discussion of the formation and function of agricultural cooperatives, see Ch. 14A, *Agricultural Nonprofit Cooperative Associations* .

Contracts providing for the feeding of livestock and for the purchase of livestock feeds are commonly employed in California. Specific issues concerning the care and sale of livestock, including an animal's age, weight, health, and dietary requirements, necessitate separate contractual treatment of transactions concerning these agricultural commodities. Ranchers often contract with feedlot operators for the purpose of fattening cattle before sale [*see* § 49.360]. Ranchers also contract for the purchase of livestock feeds to supplement their own stores [*see* § 49.361]. Both types of livestock-related agreements may provide beneficial tax attributes for certain income taxpayers [*see* §§ 49.360[1], 49.361[1]].

CHAPTER 49 AGRICULTURAL CONTRACTS
PART II. LEGAL BACKGROUND

20-49 California Legal Forms--Transaction Guide § 49.11

§ 49.11 Federal Laws Affecting Agricultural Contracts

[1] Federal Marketing Agreements and Orders

The Agricultural Adjustment Act [*see 7 U.S.C. §§ 601-625*] is intended to prevent the impairment of the purchasing power of farmers caused by the disruption of the orderly exchange of commodities by establishing and maintaining orderly market conditions [*7 U.S.C. §§ 601, 602*]. The Act provides for the control of production and distribution of specified agricultural commodities through the use of marketing agreements and marketing orders [*see 7 U.S.C. §§ 608b, 608c*]. Marketing agreements and orders restrict the flow of agricultural commodities in the marketplace, rather than on the farm or ranch; marketing orders are not applicable to producers in their capacity as producers [*7 U.S.C. § 608c(13)(B)*]. In other words, producers generally are not restricted by a marketing agreement or order as to the amounts of agricultural commodities they produce; instead, the handlers of agricultural commodities are restricted in the amounts of their purchases of the covered commodity.

Under the Act, the Secretary of Agriculture may enter into marketing agreements with processors, producers, associations of producers, and others engaged in the handling of any agricultural commodity for any purpose allowed under the Act. The Secretary must give due notice and opportunity for hearing to those affected by the agreement before it is enforceable. The agreements must pertain only to those agricultural commodities or their products that are handled in the current of interstate or foreign commerce or that directly burden, obstruct, or affect interstate or foreign commerce [*7 U.S.C. § 608b(a)*].

In practice, very few independent marketing agreements have been established. However, the Act requires the adoption of a marketing agreement covering the commodity to be regulated by a marketing order before that order can take effect [*7 U.S.C. § 608c(8)*; *but see 7 U.S.C. § 608c(9)* (limited exception to requirement for marketing agreement)].

Marketing orders issued under the Agricultural Adjustment Act cover a wide variety of specified fruits and vegetables produced in California [*see 7 C.F.R. §§ 907.1-993.602*; *see also § 49.121*]. Counsel assisting in negotiations and contract drafting should be aware that an order may impose specific regulations limiting or allotting the quantity or amount of the commodity marketed, and the grade, size, or quality of the commodity [*see 7 U.S.C. § 608c(6)(A)-(C)*]. Marketing orders may also include the means for determining the existence and extent of any surplus of the commodity,

and for providing for the control and disposition of that surplus [7 U.S.C. § 608c(6)(D)]. Also permitted are terms establishing reserve pools of the commodity, providing for the equitable distribution of the net returns derived from the sale of the commodity, and providing for the fixing of size, capacity, weight, dimensions, or pack of the containers used to ship or contain the commodity [see 7 U.S.C. § 608c(6)(E), (H)].

Among the collective activities that Congress authorized for certain specific commodities is "production research marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption or efficient production" of any of the specified commodities or products [7 U.S.C. § 608c(6)(I)]. This marketing promotion includes paid advertising [7 U.S.C. § 608c(6)(I)]. In a case in which California tree fruit growers, handlers, and processors challenged the validity of various regulations contained in marketing orders that imposed assessments covering the expenses of administering the orders, including the cost of generic advertising of California nectarines, plums, and peaches, the United States Supreme Court held that imposing the assessments did not violate the First Amendment [*Glickman v. Wileman Bros. & Elliott* (1998) 521 U.S. 457, 117 S. Ct. 2130, 2137-2142, 138 L. Ed. 2d 585]. The Court stated that it was reviewing a type of economic regulation that should enjoy the same strong presumption of validity accorded to other policy judgments made by Congress. The mere fact that one or more producers did not wish to foster generic advertising of their product was not a sufficient reason for overriding the judgment of the majority of market participants who find these types of programs beneficial [*Glickman v. Wileman Bros. & Elliott* (1998) 521 U.S. 427, 117 S. Ct. 2130, 2142, 138 L. Ed. 2d 585].

Marketing orders apply to all processors, associations of producers, and handlers involved in the handling of specified agricultural commodities within the specified production areas as set forth in the marketing order covering the commodity [7 U.S.C. § 608c(1)]. Violations of the terms of marketing orders subject the violator to fines and penalties [see 7 U.S.C. § 608c(14)]. Marketing orders may be terminated on the determination by the Secretary of Agriculture that the order no longer effectuates the intent of the Act [7 U.S.C. § 608c(16)(A)].

For a discussion of marketing orders issued by the California Department of Food and Agriculture regulating the intrastate production and distribution of agricultural commodities, see § 49.12[1].

[2] Marketing Quotas and Acreage Allotments

The Agricultural Adjustment Act of 1938 [7 U.S.C. §§ 1281-1393] regulates interstate and foreign commerce in wheat, cotton, and peanuts to the extent necessary to provide an orderly, adequate, and balanced flow of those commodities [7 U.S.C. § 1282; see 7 U.S.C. §§ 1331-1340 (wheat), 1341-1350 (cotton), 1357-1359 (peanuts)]. Two of the most important ways by which the Act accomplishes this purpose are marketing quotas and acreage allotments [7 U.S.C. § 1282]. When these controls are in effect, a producer's or handler's ability to meet contractual demands may be restricted, so counsel assisting in contract negotiation or drafting should be aware of current production restrictions.

The specific amounts of marketing quotas and acreage allotments are determined by the Secretary of Agriculture. Generally, national marketing quotas may be announced by the Secretary for years in which the Secretary has determined that an excess quantity of the commodity has been produced [see 7 U.S.C. §§ 1332(b) (wheat), 1342 (cotton)]. After announcing a national marketing quota, the Secretary must conduct a referendum of farmers engaged in production of the crop to determine whether they oppose the quota or favor it by a margin sufficient to put it into effect [see 7 U.S.C. §§ 1336 (wheat), 1343 (cotton)].

Marketing quotas are implemented through a system of acreage allotments that, based on an average rate of crop production per acre, restrict the overall amount of production [see 7 U.S.C. §§ 1334 (wheat), 1344 (cotton), 1358(a) (peanuts)]. National acreage allotments (or, in the case of wheat, the national marketing quotas) are apportioned among the various states by the Secretary [7 U.S.C. §§ 1333-1334b, 1379b (wheat), 1344 (cotton)].

All acreage allotments and farm marketing quotas must be kept freely available for public inspection in the appropriate

county or other local administrative area. Notice of the acreage allotment and farm marketing quota established for each farm must be mailed to the farmer [7 U.S.C. § 1362]. For a more detailed discussion of the use and implementation of marketing quotas and acreage allotments, see Harl, *Agricultural Law*, Ch. 91, *Production Control and Price Support Programs for Agricultural Commodities* (Matthew Bender).

[3] Unlawful Practices: Perishable Agricultural Commodities

The Perishable Agricultural Commodities Act [see 7 U.S.C. §§ 499a-499s; 7 C.F.R. §§ 46.1-47.68] regulates the activities of licensed commission merchants, dealers, and brokers of perishable agricultural commodities involved in interstate or foreign commerce transactions with other persons [7 U.S.C. § 499b]. The term "perishable agricultural commodities" means fresh fruits and vegetables of every kind or character, whether or not frozen or packed in ice, and specifically includes cherries in brine [7 U.S.C. § 499a(b)(4); see 7 C.F.R. § 46.2(t)-(w)].

Under the Act, commission merchants, dealers, and brokers are prohibited from engaging in or using any unfair, unreasonable, discriminatory, or deceptive practices in connection with weighing, counting, or in any way determining or representing the quantity or quality of commodities involved in a transaction [7 U.S.C. § 499b(1), (5); 7 C.F.R. § 46.45]. Commission merchants, dealers, and brokers must not make any fraudulent misrepresentations or statements for fraudulent purposes in connection with a transaction involving a perishable agricultural commodity, and they must not fail or refuse either to account and make full payment promptly in connection with a transaction or to perform any related specification or duty [7 U.S.C. § 499b(4); 7 C.F.R. § 46.2(y)-(aa)]. Commission merchants, dealers, and brokers must not remove or alter for a fraudulent purpose any card, stencil, tag, or other notice placed on containers of perishable agricultural commodities by state or federal inspectors regarding the grade or quality of the commodity [7 U.S.C. § 499b(6)]. In addition, commission merchants, dealers, and brokers must not make or allow any change in the contents of a load of any perishable agricultural commodity without the consent of an inspector, except for re-sorting and removing inferior produce [see 7 U.S.C. § 499b(7)].

Dealers and commission merchants are subject to additional restrictions. A dealer must not without reasonable cause reject or fail to deliver in accordance with the terms of the contract any perishable agricultural commodity bought or sold, or contracted to be bought, sold, or consigned in interstate or foreign commerce [7 U.S.C. § 499b(2); 7 C.F.R. § 46.2(bb)]. A commission merchant must not discard, dump, or destroy without reasonable cause any perishable agricultural commodity received by the commission merchant in interstate or foreign commerce [7 U.S.C. § 499b(3); see 7 C.F.R. §§ 46.21-46.23].

Recognized perishable agricultural commodities subject to a federal marketing order receive special name protection [7 U.S.C. § 499b-1]. For perishable agricultural commodities traditionally identified as being produced in a distinct geographic area, state, or region that have a unique identity based on the geographic area and promoted with funds collected through producer contributions pursuant to the marketing order, no one may use the unique name or geographical designation to promote the sale of a similar commodity produced outside the area, state, or region [7 U.S.C. § 499b-1(a)].

All perishable agricultural commodities received by a commission merchant, dealer, or broker, all inventories of food or other products derived from those commodities, and any receivables or proceeds from the sale of those commodities or products must be held in trust by the commission merchant, dealer, or broker for the benefit of any unpaid supplier, seller, or agents involved in the transaction until full payment has been received by the supplier, seller, or agent [7 U.S.C. § 499e(c)(2); see 7 C.F.R. § 46.46]. Failure to maintain this trust as required by law is a prohibited practice under the Act [7 U.S.C. § 499b(4)]. To avoid losing the benefits of the trust, the unpaid supplier, seller, or agent must give written notice of its intent to preserve those benefits to the commission merchant, dealer, or broker and must file the notice in a timely manner with the Secretary of Agriculture [7 U.S.C. § 499e(c)(3); see 7 C.F.R. § 46.46(g); see also § 49.380].

A commission merchant, dealer, or broker who commits an unfair practice under the Act will be liable to the person injured as a result of the unfair practice for the full amount of the damages sustained [7 U.S.C. § 499e(a)]. Liability may be enforced by a complaint to the Secretary of Agriculture demanding reparation [see 7 U.S.C. §§ 499f, 499g; 7 C.F.R. §§ 47.6-47.25] or by a suit in any court of competent jurisdiction [7 U.S.C. § 499e(b)]. If the licensee fails to comply with a reparation order or to appeal that order, his or her license will be suspended automatically [7 U.S.C. §§ 499g(d), 499h; 7 C.F.R. § 46.9].

The Act does not apply to producers of perishable agricultural commodities when selling their own crops, or to persons purchasing perishable agricultural commodities for sale at retail with an invoice cost of \$230,000 or less in any one calendar year [7 U.S.C. § 499a(b)(6)(A), (B); 7 C.F.R. § 46.2(m)]. Also excluded from the application of the Act are persons purchasing perishable agricultural commodities other than potatoes for processing or canning within the state in which the crop is grown, unless the commodity is to be shipped frozen or packed in ice, or is cherries in brine [7 U.S.C. § 499a(b)(6)(C); 7 C.F.R. § 46.2(m)]. In addition, the Act does not apply to persons acting as independent agents negotiating sales, for and on behalf of a vendor, of frozen fruits and vegetables with an invoice value of less than \$230,000 in any calendar year [7 U.S.C. § 499a(b)(7); 7 C.F.R. § 46.2(n)]. Trust requirements under the Act do not apply to transactions between a cooperative association and its members [7 U.S.C. § 499e(c)(2)].

[4] Unlawful Practices: Packers and Stockyards

The Packers and Stockyards Act of 1921 regulates the activities of packers, stockyard owners, market agencies, livestock dealers, and live poultry dealers in interstate or foreign transactions involving livestock and livestock products [7 U.S.C. §§ 181-229]. The term "livestock" means cattle, sheep, swine, horses, mules, or goats, whether alive or dead; "livestock products" means all products and by-products (other than meats and meat food products) of the slaughtering and meat-packing industry derived in whole or in part from livestock [7 U.S.C. § 182(5); see 7 U.S.C. §§ 182, 191, 201 (additional definitions)].

Under the Act, it is unlawful for any packer with respect to livestock, meats, meat food products, or livestock products in unmanufactured form, or for any live poultry dealer with respect to live poultry, to perform any of the following practices [7 U.S.C. § 192; see 9 C.F.R. §§ 201.53-201.70]:

- Engage in or use any unfair, unjustly discriminatory, or deceptive practice or device.
- Give unreasonable advantage to any person or locality, or subject any person or locality to unreasonable disadvantage.
- Engage in any course of business or any act for the purpose or with the effect of manipulating or controlling prices, creating a monopoly, or restraining commerce.
- Conspire with any other person to do any of these acts.

In the absence of an express written agreement providing for an alternative manner of payment, any packer, market agency, or livestock dealer purchasing livestock must deliver the full amount of the purchase price to the seller, or to the seller's representative, before the close of the next business day after the purchase and transfer of possession of the livestock [7 U.S.C. § 228b(a); see 7 U.S.C. § 228b(b) (waiver)]. In the case of livestock purchased for slaughter where the purchase price is based on the grade and yield of the carcass, the full purchase price must be paid no later than the close of the first business day following the determination of the purchase price [7 U.S.C. § 228b(a)]. If the seller or its representative is not present to receive payment at the point of transfer of possession, the packer, market agency, or livestock dealer must wire the funds or place a check in the mail within the specified time limits [7 U.S.C. § 228b(a)].

Live poultry dealers purchasing live poultry in a cash sale must make full payment to the seller before the close of the

next business day following the purchase of the poultry [7 U.S.C. § 228b-1(a), (c)]. A live poultry dealer purchasing poultry under a poultry growing arrangement must remit payment in full before the close of the 15th day following the week in which the poultry is slaughtered [7 U.S.C. § 228b-1(a); see 7 U.S.C. § 182(9)].

Any delay or attempt to delay the collection of funds as required by law is an unfair practice under the Act [7 U.S.C. §§ 228b(c), 228b-1(b)].

Any packer or live poultry dealer found to be in violation of the Act is subject, following notice and a hearing, to a cease and desist order and a civil penalty imposed by the Secretary of Agriculture [7 U.S.C. §§ 193, 194]. Those failing to obey an order of the Secretary are subject to additional fines and imprisonment [7 U.S.C. § 195; see 9 C.F.R. §§ 202.101-202.123 (practice rules)].

Stockyard owners and market agencies are required to establish, observe, and enforce just, reasonable, and nondiscriminatory regulations and practices concerning stockyard practices. Under the Act, every unjust, unreasonable, or discriminatory regulation or practice is prohibited [7 U.S.C. § 208]. Violators are liable to the person or persons injured by the violation, enforceable by a complaint to the Secretary of Agriculture or by a suit in any district court of competent jurisdiction [7 U.S.C. § 209; see 7 U.S.C. §§ 210-217]. Those found to have engaged in discriminatory or unfair practices in connection with determining whether persons should be authorized to operate at the stockyards, or in connection with dealing with livestock at the stockyards, are subject to a cease and desist order from the Secretary and civil penalties [7 U.S.C. §§ 213]. Failure to obey an order of the Secretary subjects the violator to additional fines [7 U.S.C. § 215; see 9 C.F.R. §§ 202.101-202.123 (practice rules)].

In addition to the provisions outlined above, the Act requires packers whose average annual cash purchases of livestock equal or exceed \$500,000 to hold all livestock purchased, as well as all inventories of or receivables or proceeds from meat, meat food products, or livestock products, in trust for the benefit of all unpaid cash sellers of that livestock until the sellers have received full payment [7 U.S.C. § 196(b)]. Similar statutory trust requirements, for the benefit of unpaid sellers and poultry growers, apply to live poultry dealers having \$100,000 or more in average annual sales of live poultry or in average annual value of live poultry obtained by purchase or by poultry growing arrangement [7 U.S.C. § 197(b)].

To preserve the benefits of the trust, the unpaid cash seller of livestock or poultry or the unpaid poultry growers must give written notice to the packer or live poultry dealer and file the notice with the Secretary of Agriculture. The notice must be given no later than 30 days after the final date for making payment, which is generally before the close of the next business day after which the livestock or poultry is delivered [7 U.S.C. §§ 196(b), 197(d); see 7 U.S.C. §§ 228b, 228b-1]. However, if payment is made by an instrument later dishonored, notice must be served no later than 15 business days from the date on which the unpaid seller has received notice that the instrument has been dishonored [7 U.S.C. §§ 196(b), 197(d); see § 49.380].

CHAPTER 49 AGRICULTURAL CONTRACTS
PART II. LEGAL BACKGROUND

20-49 California Legal Forms--Transaction Guide § 49.12

§ 49.12 California Laws Affecting Agricultural Contracts

[1] State Marketing Orders and Agreements

The California Marketing Act of 1937 [*see Food & Agric. Code §§ 58601-59293*] was enacted to aid producers within California in preventing economic waste in the marketing of their commodities, to develop more efficient and equitable methods in the marketing of commodities, and to aid producers in restoring and maintaining their purchasing power at a more adequate, equitable, and reasonable level [*Food & Agric. Code § 58652*]. The legislature has adopted a scheme similar to that enacted by Congress [*see § 49.11[1]*], using marketing orders and marketing agreements as the primary tools with which to accomplish those purposes [*see Food & Agric. Code §§ 58741, 58745*].

The California Department of Food and Agriculture issues marketing orders to regulate producer marketing, processing, distributing, and handling in any manner of any commodity within California [*Food & Agric. Code § 58741*]. The department may issue marketing orders that regulate California agricultural commodities for which federal marketing regulatory powers are not being exercised [*Food & Agric. Code § 58742*], and intrastate marketing orders that are compatible with existing federal marketing orders covering interstate and foreign commerce in the same commodity [*Food & Agric. Code § 58743*].

Marketing orders may contain any or all of the following provisions permitted by statute, but no others [*Food & Agric. Code § 58881*]:

- Provisions for determining the existence and extent of any surplus of any commodity, for the control and disposition of the surplus, and for equalizing the burden of any surplus elimination or control among the affected producers, processors, distributors, or other handlers, including provisions establishing surplus, stabilization, or by-product pools [*Food & Agric. Code §§ 58882, 58887*].
- Provisions uniformly limiting the total quantity or quality of any commodity produced for market during a specified period [*Food & Agric. Code § 58883*].
- Provisions for allotting the quantity of any commodity equally among its producers during any

specified period, based on a prior period or on the current season's crop [*Food & Agric. Code* §§ 58884, 58885].

- Provisions that regulate the period during which a commodity may be processed or marketed [*Food & Agric. Code* § 58886].
- Provisions establishing grading standards for commodities [*Food & Agric. Code* § 58888].
- Provisions regarding advertising, sales promotion, and unfair trade practices [*Food & Agric. Code* §§ 58889-58890].
- Provisions for the payment of production adjustment benefits [*Food & Agric. Code* § 58891].
- Provisions for carrying on research studies or educational programs [*Food & Agric. Code* §§ 58892, 58893.1].
- Provisions establishing and regulating official board brands, trade names, or labels [*Food & Agric. Code* § 58894].
- Provisions to control insects, predators, diseases, or parasites [*Food & Agric. Code* § 58895].
- Provisions for the gathering and dissemination of weather data [*Food & Agric. Code* § 58896].

If the director of the department has reason to believe that a marketing order, or amendments to an existing order, may promote the purposes of the Act with respect to any commodity, he or she ordinarily must give at least 30 days' notice of a public hearing on the proposed marketing order or amendment [*Food & Agric. Code* § 58771; see *Food & Agric. Code* §§ 58773-58788 (notice and hearing requirements)]. After notice and hearing, and before the issuance of a marketing order or amendment, the director must make specific findings regarding the necessity, effectiveness, and legality of the proposed order or amendment, and whether the required producer assent to the order must be determined by written assents or by referendum [*Food & Agric. Code* § 58787; see *Food & Agric. Code* §§ 58811-58814 (required findings), 58991-59000 (assent requirements)].

Marketing orders are administered generally by the director of the Department of Food and Agriculture [*Food & Agric. Code* § 58711], but each order must establish an advisory board to assist the director in that duty. Members of advisory boards are appointed by the director; however, a marketing order may provide for the appointment of members from nominees made by producers and handlers [*Food & Agric. Code* § 58841; see *Food & Agric. Code* §§ 58842-58852]. The boards' administrative duties include making recommendations to the director regarding rules and regulations, violations of the marketing order, amendments to the marketing order, and establishment of seasonal marketing regulations [*Food & Agric. Code* § 58846; see *Food & Agric. Code* §§ 59171-59176 (seasonal marketing regulations)].

Violation of any provision of the Act or of any marketing order is a misdemeanor, punishable by a fine or imprisonment or both [*Food & Agric. Code* § 59233], and by additional civil penalties and forfeitures [*Food & Agric. Code* §§ 59234, 55235; see *Food & Agric. Code* §§ 59231-59252, (actions and penalties), 59281-59293 (inspection and abatement)].

The director may enter into marketing agreements with processors, distributors, producers, and others engaged in the handling of any commodity, after due notice and opportunity for hearing. These agreements regulate the preparation for market and handling of the covered commodity, and are binding only on the signatories [*Food & Agric. Code* § 58745]. The provisions of the Act governing marketing orders apply equally to marketing agreements, except certain provisions regarding producer lists, written assents, termination and reapproval of orders, and misdemeanor liability [*Food & Agric. Code* § 58746; see *Food & Agric. Code* §§ 58779 (lists of producers), 58991-59000 (written assents),

59082-59086 (termination and reapproval), 59233 (offense and punishment)].

A marketing order can provide that producers of the covered commodity will be assessed to fund a generic advertising campaign by an advisory board or by the Department of Food and Agriculture, such as the "Real California Cheese" campaign for which milk producers are assessed. If a producer challenges such a funding scheme on the ground that it violates the producer's free-speech rights under the California Constitution, then the court may appropriately decide the issue by following the reasoning of the U.S. Supreme Court in a case [see *Johanns v. Livestock Marketing Ass'n* (2005) 544 U.S. 550, 125 S. Ct. 2055, 161 L. Ed. 2d 896] in which the validity of such commodity advertising was upheld under the U.S. Constitution [*Gallo Cattle Co. v. Kawamura* (2008) 159 Cal. App. 4th 948, 952, 72 Cal. Rptr. 3d 1] .

[2] Marketing Programs for Proration Zones

The California Agricultural Producers Marketing Law [see *Food & Agric. Code §§ 59501-60016*] authorizes the establishment and administration of marketing programs to aid producers of agricultural commodities in improving and expanding existing markets and marketing conditions, to develop more efficient and equitable marketing methods, and to aid agricultural producers to achieve and maintain an adequate, reasonable purchasing power [Food & Agric. Code § 59542]. Marketing programs may be established for specific districts known as "proration zones" [Food & Agric. Code § 59513]. The term "commodities" includes all horticultural, viticultural, and vegetable products of the soil, aquaculture, livestock and livestock products, and poultry and poultry products; the term excludes milk and milk products [Food & Agric. Code § 59504].

Generally, a marketing program may be established to minimize the effect of any surplus or any other adverse market effect [Food & Agric. Code § 59801]. Marketing programs may correlate the supply of a commodity with the demand [see Food & Agric. Code §§ 59655, 59656, 59815], regulate the flow of the commodity, establish uniform grading standards, or provide for advertising and trade promotion [see Food & Agric. Code §§ 59657, 59658]. To accomplish these purposes, a marketing program may authorize the establishment of stabilization and surplus pools [Food & Agric. Code §§ 59802-59807]; diversion or substandard pools [Food & Agric. Code §§ 59808-59810]; or facilities for storing, financing, grading, packing, servicing, processing, preparing for market, selling, or disposing of the contents of pools [Food & Agric. Code § 59811]. In addition, a marketing program may authorize the creation of an equalization fund [Food & Agric. Code §§ 59813, 59814]; the stimulation of educational and trade efforts [Food & Agric. Code §§ 59816-59820]; or the institution of production adjustments by tree or vine pulling and acreage adjustment payments [Food & Agric. Code §§ 59821, 59822].

Under the Act, 10 or more producers of an agricultural commodity may petition the director of the Department of Food and Agriculture for the establishment of a proration zone and the institution of a marketing program to affect that commodity within the proposed zone [Food & Agric. Code § 59641]. If the director determines that the petition is consistent with the provisions of the Act, the director must hold a public hearing to consider the matter at some central point within the proposed zone [Food & Agric. Code § 59643]. After notice and hearing, the director must make specific findings regarding the necessity, effectiveness, and legality of the proposed marketing program [see Food & Agric. Code §§ 59655-59659]. The director must then submit the program for the written assent of the producers of the commodity in the proposed proration zone [Food & Agric. Code § 59851; see Food & Agric. Code §§ 59852-59857].

The affairs of each proration zone are managed by a marketing program committee whose members are appointed by the director from a list of eligible producers established by vote of the producers of the commodity in the district [Food & Agric. Code §§ 59721-59723; see Food & Agric. Code §§ 59724-59738]. The director may also appoint handlers to serve on the committee at the request of producer-members [Food & Agric. Code § 59727].

Any person who violates any provision of an approved marketing program or regulation is subject to an injunction and civil penalties [Food & Agric. Code §§ 60012, 60013]. Other specified offenses are punishable as misdemeanors [see

Food & Agric. Code § 60014].

[3] Regulation of Farm Products Processors

Processors of farm products in California are regulated under Chapter 6 of Division 20 of the Food and Agricultural Code [see *Food & Agric. Code* §§ 55401-55922]. "Processors" are persons engaged in the business of processing or manufacturing any farm product, who solicit, buy, contract to buy, or otherwise take title to or possession of any farm product from a producer for the purpose of processing or manufacturing it and selling it in any preserved or processed form. The term excludes any retail merchant with a fixed or established place of business in California who does not sell at wholesale any farm product that he or she processed or manufactured [*Food & Agric. Code* § 55407]. "Farm products" means every agricultural, horticultural, viticultural, or vegetable product of the soil; honey and beeswax; oilseeds; poultry; poultry product; livestock product; and livestock for immediate slaughter. The term does not include timber, timber products, milk or milk products, or any aquacultural products [*Food & Agric. Code* § 55403].

Under the Act, processors are required to make payment for the receipt of farm products in the time and manner specified in the contract. If a time is neither stated in the contract nor established at the time of delivery, the processor must pay for the farm product within 30 days of delivery or taking of possession [*Food & Agric. Code* § 55601]. Processors must make full payment for purchases of livestock for slaughter within two business days from the delivery of the livestock to the processor [*Food & Agric. Code* § 55601.4]. Any delinquent payment must include a late charge of 5 percent of the unpaid balance for the first month, calculated on a daily basis, and an additional 1 percent per month thereafter, unless waived in writing by the seller after the delinquency has occurred [*Food & Agric. Code* § 55881]. A processor must notify the seller (on a form prescribed by the department) of these requirements on the delinquency of a contract, or when payment is not made within the required 30 days if (1) the contract does not specify time of payment, (2) there is no contract, or (3) the contract is oral, irrespective of the agreed time of payment [*Food & Agric. Code* § 55601.3].

A producer of farm products retains a lien on farm products sold to a processor under an express or implied contract and in the processor's possession [*Food & Agric. Code* §§ 55631, 55634]. The lien is to the extent of the agreed-on price for the farm products delivered; if the price is not agreed on in advance, the lien is for the value of the farm products as of the date of delivery [*Food & Agric. Code* § 55631; see *Food & Agric. Code* § 55633 (lien priority)]. The lien attaches on the date of delivery [*Food & Agric. Code* § 55632]. A processor may secure a release of the lien by any of the following means [*Food & Agric. Code* §§ 55637, 55639]: (1) paying the agreed-on or actual value of the farm product within 20 days from the date of its delivery; (2) depositing a surety bond with the director conditioned on payment of all claims within 35 days after the date of the bond; (3) depositing a cash sum with the director guaranteeing payment of all claims within 35 days after the date of the deposit; (4) depositing a quantity of processed farm products in a public warehouse and endorsing and delivering the warehouse receipt to the director as a guarantee of payment within 35 days from the deposit of all existing related claims; or (5) securing a release from the director after paying for the farm product in full. A producer does not release its agricultural producer's lien by agreeing to a deferred payment arrangement or by agreeing to a demand-payment program in connection with the sale of its produce [*In re T.H. Richards Processing Co.* (9th Cir. 1990) 910 F.2d 639, 645-647] .

This statutory lien is in addition to the statutory trust imposed on the interstate or foreign sale or delivery of perishable agricultural commodities under the federal Perishable Agricultural Commodities Act [see *Food & Agric. Code* § 55631; see § 49.11[3]].

One who sells or furnishes livestock to a meatpacker has a statutory lien, not dependent on possession, on the livestock and on the identifiable proceeds and products of that livestock, for the unpaid part of the purchase price or, if no purchase price has been agreed on, for the unpaid value of the livestock at the time of transfer of possession [*Food & Agric. Code* § 55702(a)]. Liens are not available if the buyer is a buyer in the ordinary course of business [*Food & Agric. Code* § 55702(b)], or if the sale was made on credit terms [*Food & Agric. Code* § 55702(d)]. The lien

commences on the date of the transfer of the livestock, and has priority over all other liens without regard to the time of their attachment or perfection [*Food & Agric. Code* § 55702(a)]. If a notice of the lien is filed with the Secretary of State and the Director of the Department of Food and Agriculture within 21 days from the date of delivery of the livestock, the lien is valid for five years or until a lien foreclosure suit is determined [*Food & Agric. Code* § 55703]; otherwise, the lien expires after 21 days from the date of delivery [*Food & Agric. Code* §§ 55702(c); see *Food & Agric. Code* § 55702(e) (required contents of notice)].

This statutory lien is in addition to the statutory trust created under the federal Packers and Stockyards Act [see *Food & Agric. Code* § 55704; see § 49.11[4]]. For a discussion of the procedural requirements necessary in obtaining the lien, see § 49.180.

Violation of any provision of the Act may be enjoined, and the violator subjected to civil penalties. Additional offenses, including acting as a processor or agent without a license and knowingly employing an unlicensed agent, are punishable as misdemeanors [see *Food & Agric. Code* §§ 55901-55922].

[4] Regulation of Produce Resellers

Brokers, commission merchants, and dealers of farm products are regulated by California law in a similar manner as are those persons when conducting agricultural transactions in interstate or foreign commerce [see § 49.11[3], [4]]. Under California law, the term "farm product" includes every agricultural, horticultural, viticultural, and vegetable product of the soil; poultry and poultry products; livestock products and livestock not for immediate slaughter; bees and apiary products; hay; dried beans; honey; and cut flowers. The term does not include any timber or timber product, flower or agricultural or vegetable seed not purchased from a producer, milk product subject to the licensing and bonding provisions of *Food and Agricultural Code Section 61801 et seq.*, or any aquacultural product [*Food & Agric. Code* § 56109].

Persons engaged in the business of buying, receiving on consignment, soliciting for sale on commission, or negotiating the sale of farm products for resale must obtain a license under these provisions [*Food & Agric. Code* § 56181; see *Food & Agric. Code* § 55610 (exemption of processors reselling raw products)]. Excepted from the Act are nonprofit cooperative associations; processors; retail merchants with fixed places of business in California; purchasers of farm products for personal consumption; licensed distributors and handlers of milk and milk products purchasing farm products from a dealer, broker, or commission merchant; and licensed landscape contractors [*Food & Agric. Code* § 56161; see § 49.12[3]].

Persons otherwise exempt from the licensing requirements of the Produce Dealers Act [see *Food & Agric. Code* § 56101 *et seq.*] who buy or acquire any farm product from a nonprofit cooperative association that has processed the farm product are also exempt from the licensing requirements [*Food & Agric. Code* § 56161(g)].

Licensees are subject to additional restrictions. They are prohibited from deducting excessive commissions or brokerages, and from diverting to their own use the proceeds of sales of farm products handled by them [*Food & Agric. Code* § 56251]. Licensed commission merchants and dealers must keep detailed records of the sales transactions in which they participate [see *Food & Agric. Code* §§ 56271-56277, 56301], must make payments in a timely manner [see *Food & Agric. Code* §§ 56273, 56302], and must notify their consignors or sellers of their obligations under the law [see *Food & Agric. Code* §§ 56280, 56281, 56302.5]. Proof of the sale of any farm product by a commission merchant for less than current market price to one with whom the merchant has a financial connection establishes a rebuttable presumption of fraud [*Food & Agric. Code* § 56278]. Brokers involved in sales transactions for farm products must issue to both the buyer and seller a memorandum of sale that may not be altered without the consent of both parties [*Food & Agric. Code* §§ 56331, 56332].

Violation of any provision of the Act may be enjoined, and the violator subjected to civil penalties [*Food & Agric. Code*

§§ 56651, 56652]. Additional offenses, including acting without a license, are punishable as misdemeanors [see *Food & Agric. Code* §§ 56631-56639].

[5] Farm Products Trust Fund

Farm products creditors are afforded payment protection under provisions of a statutory trust known as the Farm Products Trust Fund [see *Food & Agric. Code* §§ 56701-56716]. "Farm products creditors" means either (1) persons who produced and sold a farm product produced in California to a licensed processor or produce dealer who failed to pay for the product; or (2) persons licensed as produce dealers who sold a farm product produced in California to a licensed processor who failed to pay for the product [*Food & Agric. Code* § 56702.5; see *Food & Agric. Code* § 56711 (license required at time transaction is entered into); see also § 49.12[3], [4]]. The fund is financed by farm products processors and produce dealers from fees charged as a condition to the issuance or renewal of a license [*Food & Agric. Code* § 56703].

Farm products processors and produce dealers who pay the full purchase price in cash at the time of obtaining title to those goods, and processors or other licensed purchasers of livestock who are bonded under the federal Packers and Stockyards Act, are exempted from the trust provisions [*Food & Agric. Code* § 56703; see 7 U.S.C. §§ 181-229]. For perishable agricultural commodities sold to commission merchants, dealers, or brokers by transactions involving interstate or foreign commerce, a federally mandated statutory trust assures payment to sellers and suppliers if properly preserved by filing notices with the appropriate parties [see § 49.183; see also § 49.380].

Claims on the fund must be filed in accordance with specific statutory restrictions to be processed [see *Food & Agric. Code* § 56705.5]. A farm products creditor may file a verified statement of his or her respective claim after notification and request for the claimant's verified statement by the director [see *Food & Agric. Code* § 56705]. Additionally, a farm products creditor may file a verified complaint under *Food & Agric. Code* § 55751 or 56451. The director is relieved of further liability to the farm products creditor if, after 60 days from the date of request for a verified statement of the claim, the farm products creditor fails, refuses, or neglects to file his or her claim [*Food & Agric. Code* § 56706].

Payment of individual claims will be made after ascertainment of all claims against a processor or produce dealer if (1) a verified claim is filed with the Department of Agriculture; (2) the amount due the claimant has been determined by an audit or investigation by the Department, and the amount of indebtedness has been fully substantiated by the claimant and verified by the director; and (3) the amount is not disputed by the processor or produce dealer, or, if disputed, an amount has been adjudicated by an administrative hearing and decision [*Food & Agric. Code* § 56707]. An individual claim may be paid up to 50 percent, and the total amount paid to all claimants as a result of the acts of one licensee may not exceed \$50,000 [*Food & Agric. Code* § 56708].

[6] Effect of the Uniform Commercial Code

Contracts for the sale of goods in California are governed by Division 2 of the Commercial Code [*Com. Code* § 2102; see *Com. Code* §§ 2101-2801]. Under the Commercial Code, a "sale" takes place when the title to goods passes from the seller to the buyer for a price [*Com. Code* § 2106(1)]. "Goods" are all things that are movable at the time of identification to the contract for sale other than the money in which the price is to be paid, investment securities, and things in action. The term includes the unborn young of animals and growing crops [*Com. Code* § 2105(1)].

A contract for the sale of goods may be made in any manner sufficient to show an agreement, including conduct by both parties that recognizes the existence of a contract [*Com. Code* § 2204(1)]. However, a contract for sale of goods for \$500 or more is not enforceable by way of action or defense unless there is some writing sufficient to indicate that a contract for sale has been made between the parties and signed by the party against whom enforcement is sought, or that party's authorized agent or broker [*Com. Code* § 2201(1); see *Com. Code* § 2201(4) (exception for qualified financial contract); see also *Civ. Code* § 1624(b)(2) ("qualified financial contract" defined)]. The Code establishes different

requirements for contracts made by or between merchants than for contracts in general [see, e.g., *Com. Code* §§ 2201(2), 2205, 2207(2), 2209(2), 2314(1), 2327(1)(c), 2603, 2605]. For example, a contract between merchants complies with the Statute of Frauds if within a reasonable time a written confirmation of a contract, sufficient against the sender, is received by the other party and if that party, having reason to know of its contents, fails to give written notice objecting to the contents of the confirmation within 10 days of its receipt [*Com. Code* § 2201(2)]. Farmers or ranchers held to be merchants may also be liable for warranties of merchantability [see *Com. Code* § 2314]; unless excluded or modified by contract, a warranty that the goods shall be merchantable is implied in a contract for their sale if the seller is a merchant with respect to goods of that kind [*Com. Code* § 2314(1)].

Under the Code, a "merchant" is a person who deals in goods of the kind involved in the transaction, or who otherwise by occupation holds himself or herself out as having knowledge or skill peculiar to the practices or goods involved in the transaction, or to whom that knowledge or skill may be attributed by his or her employment of an agent, broker, or other intermediary who by occupation holds himself or herself out as having that knowledge or skill [*Com. Code* § 2104(1)]. If both parties to a transaction are chargeable with the knowledge or skill of merchants, that transaction is deemed to be between merchants [*Com. Code* § 2104(3)].

Although no California court has determined the issue, the majority of courts in other jurisdictions have found that a farmer or rancher is not a merchant under either the "dealer in goods" or "knowledge and skill" language [see *Com. Code* § 2104(1)] for purposes of applying the Statute of Frauds. The majority position holds that farmers and ranchers do not qualify as merchants because they are usually engaged in limited sales of their own crops, and their knowledge and skills are equal to that of a casual seller. A significant minority holds farmers or ranchers to be merchants based on a pattern of prior business dealings and an implied necessity of the knowledge and skill required to be successful in farming or ranching.

California courts have also not decided the issue of whether ranchers or farmers are merchants for purposes of liability under implied warranties of merchantability. The criteria for merchant status under the implied warranty of merchantability are much narrower than those required under the Statute of Frauds, requiring a professional status as to particular kinds of goods [see *Com. Code* § 2104, comment 2]. Courts in other jurisdictions have reached conflicting conclusions depending on the pattern of prior business dealings [see *Fear Ranches, Inc. v. Berry* (10th Cir. 1972) 470 F.2d 905 (all prior livestock sales to meat packers distinguished from one sale to breeder); *Woodruff v. Clark County Farm Bureau Coop. Ass'n* (1972) 153 Ind. App. 31, 286 N.E.2d 188 (defendant regularly engaged in sale of chickens liable for implied warranty in sale of chickens for egg production)]. In drafting contracts for the sale of agricultural products, counsel may expressly exclude or modify any implied warranties to prevent litigation concerning the farmer's or rancher's liability for implied warranties [see *Com. Code* §§ 2314, 2316; see, e.g., § 49.300, P 15].

For a discussion of the farmer-as-merchant issue, including coverage of the out-of-state cases representing these majority and minority views, see Harl, *Agricultural Law*, Ch. 116, *The Farmer or Rancher as a Merchant Under the UCC* (Matthew Bender). For further discussion of the application of the Commercial Code to sales contracts, including a discussion of remedies available to parties in the event of a breach, see Ch. 52, *Sales of Goods Under the Uniform Commercial Code*, § 52.10.

[7] Marketing Laws Regarding Particular Products

In addition to the laws discussed above, the California Legislature has enacted several laws tailored to the requirements of particular agricultural products. Among those products are milk and dairy products [see *Food & Agric. Code* § 61301 et seq.], edible nuts [see *Food & Agric. Code* § 62801 et seq.], avocados [see *Food & Agric. Code* § 63001 et seq.], and strawberries [see *Food & Agric. Code* § 63101 et seq.].

Several commissions have been established under California law to encourage the effective promotion and sale of specific crops. Their powers include advertising of the commodity and dissemination of information concerning the

current production and handling practices to persons in the industry. These commissions may require that producers, handlers, and shippers of the covered commodity maintain records of production and handling [see *e.g.*, *Food & Agric. Code* §§ 64221, 64222]. Failure to comply with the regulations of these commissions may subject the producer, handler, or shipper to criminal and/or civil penalties [see *e.g.*, *Food & Agric. Code* § 68111].

Promotional commissions have been established for the following commodities:

- Dairy products [see *Food & Agric. Code* § 64001 et seq.].
- Beef [see *Food & Agric. Code* § 64501 et seq.].
- Grapes and wine [see *Food & Agric. Code* § 65500 et seq., 74001 et seq.].

- Peaches [see *Food & Agric. Code* § 70000 et seq.].
- Wheat [see *Food & Agric. Code* § 72001 et seq.].
- Navel oranges [see *Food & Agric. Code* § 73001 et seq.].
- Eggs [see *Food & Agric. Code* § 75001 et seq.].
- Cherries [see *Food & Agric. Code* § 76001 et seq.].
- Sheep [see *Food & Agric. Code* § 76201 et seq.].
- Salmon [see *Food & Agric. Code* § 76501 et seq.].
- Walnuts [see *Food & Agric. Code* § 77001 et seq.].
- Peppers [see *Food & Agric. Code* § 77201 et seq.].
- Cut flowers [see *Food & Agric. Code* § 77901 et seq.].

5. If seller is guardian or conservator of estate, determine whether court administering estate or supervising guardianship or conservatorship has granted order authorizing sale of personal property.

NOTE:

Subject to certain exceptions, a sale of real or personal property of the estate is subject to the authorization, confirmation, or direction of the supervising court [*Prob. Code § 2540; see Prob. Code §§ 2541-2548; see also California Forms of Pleading and Practice, Ch. 290A, **Guardianship and Conservatorship: Asset Management and Investment**, § 290A.15 (Matthew Bender)*].

6. If seller is personal representative of estate, determine whether sale of personal property is authorized by statute [*see Prob. Code §§ 10000-10002*].

7. If agent is acting for either party in execution of contract required to be in writing [*see Civ. Code § 1624; Com. Code § 2201*], determine whether agent has written authority to act in that capacity [*see Civ. Code § 2309; see also Ch. 85, **Employment Agreements***].

§ 49.182 Claim Under Milk Producers Security Trust Fund

NOTE:

The California Legislature has found that the marketing of milk requires producers to receive prompt payment [*Food & Agric. Code § 62501*] and has assured payment by means of a milk producers security trust fund [*Food & Agric. Code § 62502*]. Eligible producers that do not receive payment for milk shipments may file a claim with the Director of the Department of Food and Agriculture for payment from the fund [*see Food & Agric. Code §§ 62580-62587*]. For a discussion of the livestock servicer's lien available to persons providing feeding, care, and other services to livestock, see § 49.360[1][d].

1. Determine eligibility for coverage [*see Food & Agric. Code § 62580*]:

a. Was milk shipment made after December 31, 1986?

b. Was valid contract between producer and handler filed with Director of Department of Food and Agriculture before date of shipment [*see Food & Agric. Code §§ 61411, 62191* (contract requirements)]?

NOTE:

This requirement does not apply if shipment was made within five days after execution of contract [*Food & Agric. Code § 62580(b)*].

c. Was handler licensed and bonded as of date contract filed with director [*see Food & Agric. Code §§ 61405, 61492, 62143, 62182*]?

d. Was milk produced in and delivered to plant within California?

e. Has director issued prior notice that shipments would not be covered by fund [*see Food & Agric. Code § 62582*]?

NOTE:

Director's notification precludes coverage under the Fund.

f. Was shipment made under custom processing arrangement with producer retaining title?

NOTE:

Shipments under custom processing arrangements are not covered under the Fund.

g. Was producer's contract with handler directly?

NOTE:

In the case of a cooperative, only the members' milk shipped under contract is covered. Milk shipped under a contract held by an intermediary, broker, or agent is not covered, nor is milk shipped by a cooperative produced by nonmembers [*Food & Agric. Code § 62580(g)*].

h. Does producer have beneficial ownership in handler to whom shipments were made?

NOTE:

Beneficial interest in handler precludes coverage under Fund.

i. Is producer in compliance with applicable statutory provisions [*see Food & Agric. Code §§ 61301-62731*]?

2. Notify director of handler's failure to make payment as required by statute [*Food & Agric. Code § 62600; see Food & Agric. Code §§ 61411(c), 62191(b)(4)*].

NOTE:

On notification of the handler's failure to make payment to the producer, the director will investigate. If the director determines that a default has occurred, he or she will notify the handler that it has one business day to make the payment [*Food & Agric. Code §§ 62601, 62603*]. If the handler fails to correct the payment deficiency the director shall notify the produce of its right to file a claim and provide a claim form [*Food & Agric. Code § 62604*].

3. Return verified claim form to Director within 60 days from date of receipt [*Food & Agric. Code § 62620*].

NOTE:

The Director makes the determination of the amount owed and makes the distribution after allowed deductions have been made [*see Food & Agric. Code §§ 62622-62625*].

a. Expiration of time by which payment must be made as prescribed by regulation [*see* 7 C.F.R. § 46.2(z), (aa)];

b. Expiration of other time for payment as expressly agreed to by parties in writing before entering into transaction;

NOTE:

The maximum time for payment to which the seller, supplier, or agent can agree and still qualify for coverage is 30 days after receipt and acceptance of the commodities [7 C.F.R. § 46.46(f)(2); *see* 7 C.F.R. §§ 46.2(dd), 46.46(b)(1)].

CHAPTER 49 AGRICULTURAL CONTRACTS

PART IV. FORMS

A. Sales Agreements

20-49 California Legal Forms--Transaction Guide § 49.300

§ 49.300 Agreement for Sale of Farm Products by Producer to Processor

[1] Comment

[a] Use of Form

This form is an agreement for the sale of crops by a producer to a processor. It is intended for use by a farmer or rancher and a person engaged in the business of processing or manufacturing any farm product and selling, reselling, or redelivering it in any dried, canned, extracted, fermented, distilled, frozen, eviscerated, or other preserved or processed form [see *Food & Agric. Code* § 55407]. The form contemplates the distribution of the farm products in interstate commerce, and therefore includes applicable provisions stemming from federal regulations of the use of pesticides and farm labor [see § 49.300[2], PP 13, 14].

For a form of a contract for sale of farm products from a producer to a licensed reseller of agricultural commodities, see § 49.301. For a discussion of the specific statutory regulations relating to contracts for the sale of milk and its related products, and edible nuts, see §§ 49.161, 49.162.

[b] Regulation of Processors

California processors of agricultural products and their agents must be licensed by the California Department of Food and Agriculture [*Food & Agric. Code* §§ 55521, 55481]. Licensees are required to make prompt payment for purchases of farm products. If the contract fails to state the time and manner of payment, and if no time is set at the time of delivery, the processor must pay for the farm product within 30 days of the delivery or taking possession of the farm product [*Food & Agric. Code* § 55601]. Processors of livestock for slaughter must make full payment within two business days from the date of delivery [*Food & Agric. Code* § 55601.4].

A lien is imposed on the farm products sold to a processor, and on all processed or manufactured forms of the product, for labor, care, and expense in growing and harvesting the product. The lien is to the extent of the agreed price, if any, for the product, or to the extent of the value of farm products on the date of delivery [*Food & Agric. Code* § 55631]. A similar lien is imposed on livestock furnished to a meatpacker and on identifiable proceeds and products of the livestock

[see *Food & Agric. Code* § 55702]. For further discussion of the regulations of processors, including producer's liens, see § 49.12[3].

Processors transacting business in interstate or foreign commerce as packers of livestock are subject to restrictions regarding unfair practices, statutory trust protections, and prompt payment requirements [see 7 U.S.C. §§ 191, 196, 228b]. For further discussion of the regulations of packers involved in foreign or interstate business transactions, see § 49.11[4]. For a form of the required notice necessary for preserving the seller's rights in the statutory trust, see § 49.380.

[c] Sale of Farm Products by Weight

If any farm product is sold to and purchased by a processor on the basis of weight, the farm product must be weighed by a weighmaster licensed by the state [*Food & Agric. Code* § 55581; see *Bus. & Prof. Code* § 12730]. This form includes payment provisions with alternative language calling for payment of farm products by weight or volume [see § 49.300[2], P 5].

[d] Passage of Title Provision

This form contains a provision governing the passage of title and the allocation of risk of loss [see § 49.300[2], P 12]. The passage of title to goods under sales contracts is governed by Division 2 of the California Commercial Code. Title to goods cannot pass under a contract for sale prior to their identification to the contract, and unless otherwise explicitly agreed the buyer acquires by their identification a special property as limited by the Code [*Com. Code* § 2401(1)]. The goods may be identified at any time and in any manner explicitly agreed to by the parties. In the absence of explicit agreement, identification occurs in the following situations [*Com. Code* § 2501(1)]:

- If the contract is for the sale of goods already existing and identified, when the contract is made;
- If the contract is for the sale of future goods other than the unborn young or future crops, when the goods are shipped, marked, or otherwise designated by the seller as goods to which the contract refers; or
- If the contract is for the sale of unborn young or future crops, when the crops are planted or otherwise become growing crops or the young are conceived.

Subject to Division 2 and Division 9 of the California Commercial Code, title to goods passes from the seller to the buyer in any manner and on any conditions explicitly agreed on by the parties [*Com. Code* § 2401(1)]. Unless otherwise explicitly agreed, title passes to the buyer at the time and place at which the seller completes his or her performance with reference to the physical delivery of the goods [*Com. Code* § 2401(2)].

The parties may agree on the allocation of the risk or burden between the parties. In the absence of agreement, the Code provides for the assignment of the risk of loss [see *Com. Code* § 2509].

For further discussion of the passage of title and the allocation of risk of loss, see *Ch. 52, Sales of Goods Under the Uniform Commercial Code*, § 52.10.

[e] Regulation of Pesticide Chemicals

The Federal Food, Drug, and Cosmetic Act [see 21 U.S.C. § 301 *et seq.*] prohibits the introduction or delivery for introduction into interstate commerce of any food that is adulterated, misbranded, or processed in violation of a permit issued to regulate contamination in a designated locality [21 U.S.C. §§ 331(a), (d), 344]. Among the definitions of "adulterated" foods are foods, whether or not canned or otherwise processed, that have been treated with a pesticide chemical and the residue of that pesticide in or on the food exceeds the limits prescribed by the Environmental

Protection Agency [21 U.S.C. §§ 342(a)(2)(B), 346(a); see 40 C.F.R. § 180.1 *et seq.* (EPA tolerances and exemptions)]. "Misbranded food" includes insufficiently labeled raw agricultural commodities containing a pesticide chemical applied after harvest [21 U.S.C. § 343(l)]. A "pesticide chemical" is defined as any substance that is a pesticide within the meaning of the Federal Insecticide, Fungicide, and Rodenticide Act, including all active and inert ingredients of that pesticide. The term pesticide also includes ethylene oxide and propylene oxide when those substances are applied to food [21 U.S.C. § 321(q)(1)(A); 7 U.S.C. § 136(u); see 21 U.S.C. § 321(q)(1)(B) (exceptions)].

There are both criminal and civil penalties for violations of these restrictions [see 21 U.S.C. §§ 332-334]. However, a buyer of agricultural commodities is excused from criminal liability when he or she can establish a guaranty or undertaking signed by the person from whom the buyer received the adulterated or misbranded commodity stating that the commodity is not adulterated or misbranded [see 21 U.S.C. § 333(c)]. This form includes a provision restricting the use of pesticides and requiring the seller to provide notice to the buyer of the use of pesticides [see § 49.300[2], P 13].

California regulations for pesticide chemical tolerances and exemptions are identical to those adopted by the federal government [see 3 Cal. Code Reg. § 6490]. Under California law, it is unlawful for any person to pack, ship, or sell any produce that carries pesticide residue in excess of the permissible tolerances established [Food & Agric. Code § 12671].

[f] Fair Labor Standards Act

The Fair Labor Standards Act [see 29 U.S.C. § 201 *et seq.*] regulates a number of labor practices, including minimum wage, maximum hours, and the use of child labor, when the employee is engaged in interstate commerce or in the production of goods for interstate commerce [see 29 U.S.C. §§ 206 (minimum wage), 207 (maximum hours), 212 (child labor)]. Exemptions from these statutory requirements exist for many agricultural employees [see 29 U.S.C. § 213].

The Act prohibits any producer, manufacturer, or dealer from shipping or delivering into commerce any goods produced in a domestic establishment where within 30 days prior to their removal from the establishment any "oppressive child labor" has been employed [29 U.S.C. § 212]. "Oppressive child labor" includes the employment of a child younger than 16 years of age in any occupation, or a child between 16 and 18 years of age in an occupation deemed to be particularly hazardous for children of that age or detrimental to their health or well-being [29 U.S.C. § 203(l)].

Persons found to have shipped or delivered goods in violation of the child labor restrictions may be subject to civil penalties [see 29 U.S.C. § 216(e)]. However, if the purchaser of goods produced with oppressive child labor took possession of the goods in good faith, for value, without notice of the violation, and in reliance on the seller's written assurance of compliance with the child labor provisions of the Act, shipment or delivery of the goods is not barred by the Act [29 U.S.C. § 212(a)]. This form contains a provision requiring the seller to comply with all applicable sections of the Act, and to provide the buyer with written assurance of its compliance [see § 49.300[2], P 14].

For further discussion of the applicability of the Fair Labor Standards Act to employees of agricultural operations, see Harl, Agricultural Law, Ch. 17, *The Fair Labor Standards Act* (Matthew Bender).

Specifications of Harvested Crop

9. Promptly after harvesting, Seller shall deliver the crop(s) to point of delivery specified in Paragraph 8 in a condition suitable for Buyer's processing requirements, as specified in Paragraph 6 of this Agreement. The crop(s) must be free from doubles, worms, worm damage, insect bites, or other pest infestations; frost, hail, rain, or other meteorologically caused damage; and rot, mildew, mold, shrivel, scab, or other foreign matter or imperfections. In addition, the crop(s) must meet the following specifications:

_____ [describe special requirements for color, texture, quality, state of maturity, etc.].

Right of Rejection

10. Buyer reserves the right to reject any quantity of the crop(s) delivered under this Agreement that does not meet the specifications and requirements described in this Agreement. On rejection, Buyer may charge to Seller's account all costs, freight charges, and expenses paid or incurred by it in connection with the receipt and return of the rejected crop(s) to Seller or Seller's agent. The rejection or regrading of any of the delivered crop(s) by Buyer shall not relieve the Seller's duty to provide Buyer with the remaining amount of the crop(s) due under this contract. Buyer shall provide Seller with notice of the rejection of any crop(s) in accordance with Paragraph 18 of this Agreement.

Crop Grading

11. Seller shall grade the crop(s) before delivery, and shall deliver crop(s) only of the size and grade described in Subparagraph 2(b). In the event Buyer reasonably determines from a representative sampling that the delivered crop(s) are of an inferior size and/or grade, Buyer may, as an alternative to the rejection remedy provided in Paragraph 10, retain and pay Seller the sum of _____ dollars per _____ [specify measure, e.g., ton or bushel] for the nonconforming crop(s). Buyer shall provide Seller with notice of the regrading of any crop(s) in accordance with Paragraph 18 of this Agreement.

Passage of Title

12. The crops sold under this Agreement shall be identified as soon as possible. Title to any crop now in existence passes to Buyer on execution of this contract, and title to any crop not now in existence passes to Buyer as soon as that crop comes into existence. All risk of loss, depreciation, and damage shall remain with Seller until actual delivery of the crop to Buyer.

Pesticide Chemicals

13. Seller agrees not to apply to the crop(s) or the land on which they are grown any pesticide chemical, as defined in *Section 321(q) of Title 21 of the United States Code*, except as may be permitted under the tolerance levels for application of pesticide chemicals promulgated by the Environmental Protection Agency. Seller shall not adulterate or misbrand the crop(s), as defined by *Sections 342 and 343 of Title 21 of the United States Code*. On delivery, Seller shall provide Buyer with an undertaking signed by Seller guaranteeing that the crop(s) have not been so adulterated or misbranded.

On application of any permitted pesticide chemical, Seller shall provide notice of the application to Buyer in accordance with Paragraph 18 of this Agreement. Failure of Seller to provide notice of any pesticide application is a breach of this contract, giving Buyer the option to refuse delivery of the crop(s).

Fair Labor Standards Act

14. Seller warrants and represents that the crop(s) delivered pursuant to this Agreement have been or will be produced in compliance with all applicable provisions of the Fair Labor Standards Act of 1938. On delivery of the crop(s) produced pursuant to this Agreement, Seller shall provide Buyer with written assurance executed by Seller of its compliance with those provisions.

Limitation on Warranties

15. The goods sold to Buyer under this Agreement are sold subject only to the implied warranty of title described in *Section 2312(1) of the California Commercial Code* and the implied warranty of merchantability described in *Section 2314 of the California Commercial Code* as existing on the date of execution of this contract. Seller makes no express warranties concerning the goods sold under this Agreement and any affirmations or representations made by Seller or Seller's agents concerning the goods were made for illustrative purposes only and do not constitute warranties of the goods. SELLER MAKES NO WARRANTY THAT THE GOODS SOLD UNDER THIS CONTRACT ARE FIT FOR ANY PARTICULAR PURPOSE OR PURPOSES.

Force Majeure Clause

16. Should the performance of the obligations of either party under this Agreement be prevented or delayed by an act of God, war, civil insurrection, fire, flood, storm, strikes, lockouts, or by any law, regulation, or order of any federal, state, county, or municipal authority, or by any other cause beyond the control of the party to be excused, that party's performance under this Agreement, to the extent it is prevented or delayed, shall be excused.

Expenses of Enforcement

17. Should any litigation be commenced between the Buyer and Seller for the enforcement of any rights of either party against the other pursuant to the provisions of this Agreement, or by reason of any alleged breach of any of the provisions of this Agreement, the party prevailing in the litigation shall be entitled to receive from the unsuccessful party all costs incurred in connection with the litigation, including a reasonable allowance for attorneys' fees incurred by the prevailing party.

Notices

18. Except as otherwise expressly provided by law, any and all notices or other communications required or permitted by this Agreement or by law to be served on or given to either party by the other party shall be in writing, and shall be deemed duly served and given when personally delivered to _____ [designate recipient, e.g., the party or the designated agent of the party] to whom they are directed, or instead of such personal service, when deposited in the United States mail, first-class postage prepaid, addressed to the Borrower at _____ [address], or to the Lender at _____ [address]. Either party may change its address for the purpose of this Paragraph 18 by giving written notice of the change to the other party in the manner provided in this Paragraph.

Time of Essence

19. Time is of the essence of this Agreement and of each provision contained in it.

Assignment and Transfer

20. Seller shall not assign or transfer this Agreement to any person without the prior express written consent of the Buyer.

Amendments to Agreement

21. This Agreement may be amended only by a writing signed by the party against whom or against whose successors and assigns enforcement of the change is sought.

Saving Clause

22. If any term or provision of this Agreement or any application hereof shall be held invalid or unenforceable, the remainder of this contract and any application of its terms and provisions shall not be affected thereby but shall be valid and enforceable.

Governing Law

23. This Agreement shall be governed by and construed in accordance with the laws of _____
[specify jurisdiction, e.g., California].

Waiver

24. The waiver of any breach of any of the provisions of this Agreement by Buyer shall not constitute a continuing waiver or a waiver of any subsequent breach by Seller either of the same or any other provision of this Agreement.

Arbitration

25. Any dispute that arises between Seller and Buyer relating to the provisions of this Agreement shall be submitted to arbitration on application by either party. The arbitration panel shall consist of three persons, one each appointed by Seller and Buyer, and the third shall be jointly appointed by the appointees of Seller and Buyer. The arbitration shall be conducted in compliance with *Code of Civil Procedure Sections 1280 through 1294.2* relating to arbitration. The cost of the arbitration shall be divided evenly between Seller and Buyer.

PART IV. FORMS
A. Sales Agreements

20-49 California Legal Forms--Transaction Guide § 49.301

§ 49.301 Agreement for Sale of Farm Products by Producer to Licensed Reseller

[1] Comment

[a] Use of Form

This form is an agreement for the sale of farm products by a producer or a licensed reseller to a reseller of farm products. It differs from the sales agreement in § 49.300 in that this form is designed for use when the buyer is a reseller of the farm product and not involved in any form of processing [*see* § 49.12[3]].

This form does not contemplate that the reseller of farm products is involved in interstate or foreign commerce. For a discussion of regulations regarding those resellers, see § 49.11[3]. If this form is to be adapted for use in transactions involving interstate or foreign commerce, counsel should consider including provisions relating to the use of pesticide chemicals and the application of the Fair Labor Standards Act [*see* § 49.300[1]].

For a general discussion of the California regulations pertaining to persons involved in the reselling of farm products, including a discussion of licensing requirements, see § 49.12[4]. For a description of the passage of title provision of this form, see § 49.300[1][d].

[b] Contracts Involving Resellers of Farm Products

[i] In General

Licensed resellers of farm products include dealers, cash buyers, and their agents [*see Food & Agric. Code* §§ 56107, 56104, 56102 (definitions)]. Brokers are involved solely in the negotiation for the sale or purchase of farm products and therefore should not be parties to a contract of this type [*see Food & Agric. Code* § 56103 (definition)]. Commission merchants may use this contract as sellers [*see Food & Agric. Code* § 56105 (definition); *see* § 49.301[1][b][iii]].

A reseller must not refuse to accept without reasonable cause any farm product contracted for, or fail to provide packing, harvesting, or hauling services contracted to be done in connection with the acceptance, handling, or

harvesting of the farm product [*Food & Agric. Code* § 56612]. Failure or refusal to carry out a lawful contract with a producer or another licensee is a punishable violation [*Food & Agric. Code* § 56617].

Licensed resellers are required to prepare and preserve detailed records that fully and correctly disclose all transactions in which they are involved. At minimum, licensees must maintain records of cash received and disbursed, a general ledger or its equivalent, and a record of amounts due California producers and all others [*Food & Agric. Code* § 56255(a)]. The records must also disclose the true ownership and management of the business [*Food & Agric. Code* § 56255(b)]. All required records must be maintained for a period of four years [*Food & Agric. Code* § 56255(c)].

Failure to keep the required records subjects the violator to license suspension or revocation, injunction, and civil penalties [*Food & Agric. Code* §§ 56618, 56651 (injunction), 55922 (civil penalties)]. The required records are subject to examination by the director on a verified complaint or on the director's motion [*Food & Agric. Code* §§ 56381 (general examination), 56275 (commission merchants)]. Failure or refusal to produce records for examination by the director is also grounds for suspension or revocation of a license [*Food & Agric. Code* § 56383]. For a discussion of the additional records required of dealers and commission merchants, see § 49.301[1][b][ii], [iii].

[ii] Dealers

Dealers of farm products must promptly make and keep records of any purchase of farm products from a producer or another licensee for resale purposes [*Food & Agric. Code* § 56301; see *Food & Agric. Code* § 56107 ("dealer" defined)]. The records must include the name and address of the producer or other licensee, the date on which the farm products are received, the price to be paid, and an itemized statement of any charges paid by the dealer for the account of the seller [*Food & Agric. Code* § 56301(a)-(d)].

A dealer must pay for any farm product purchased at the time and in the manner specified in the contract [*Food & Agric. Code* § 56302]. If the contract does not specify a time for payment, the dealer must pay for the farm product within 30 days from the delivery or taking possession [*Food & Agric. Code* § 56302]. Any delinquent payment for the purchase of a farm product is subject to a statutory late charge of 5 percent per month of the unpaid balance calculated on a daily basis for the period of the delinquency for the first month, and an additional 1 percent per month for the remaining period. The late charge may be waived by the seller in writing after the delinquency has occurred [*Food & Agric. Code* § 56620].

In connection with the first contract between a seller and a dealer during any calendar year, the dealer must notify the seller, on a form prescribed by the department, of his or her obligations regarding timely payment and late charges. The notice is due on the delinquency of the contract, or if payment is not made with 30 days when the contract does not specify time of payment, when there is no contract, or when the contract is oral [*Food & Agric. Code* § 56302.5].

It is a violation for a dealer to obtain title to, or possession, control, or delivery of, any farm product from any producer or other licensee without having executed either a sales contract or a contract agreeing to purchase the farm product at a designated price [*Food & Agric. Code* § 56619].

[iii] Commission Merchants

Although "commission merchants," unlike dealers, receive farm products on consignment from producers and other licensed resellers rather than by direct purchase, this form may be used by commission merchants acting as sellers of farm products to other resellers. For a form of a contract establishing a relationship between a consignor and a commission merchant, see Ch. 91, *Contracts With Sales Representatives* .

Commission merchants must keep records relating to handling, sale, or storage of the farm products received by them [*Food & Agric. Code* § 56271; see *Food & Agric. Code* § 56105 ("commission merchant" defined)]. The record must

include the name and address of the person consigning the farm products to the commission merchant, the date the farm product was received, its condition and quality on arrival, the date of the sale for the account of the consignor, and the selling price [*Food & Agric. Code* § 56271(a)-(e)]. The records must also include an itemized statement of the charges to be paid by the consignor, and the names and addresses of all purchasers who have any financial interest in the business of the commission merchant, or in whose business the commission merchant has any financial interest [*Food & Agric. Code* § 56271(f), (g)]. Other records relating to identification of farm products and the filing of claims against the commission merchant must also be maintained [*see Food & Agric. Code* § 56271(h), (i)].

Unless otherwise agreed to in writing, the commission merchant must remit to the consignor in full the amount realized from the sale, including all collections, overcharges, and damages, less the commission due, within 10 days after receipt of the funds, along with a complete account of the sale [*Food & Agric. Code* § 56273]. If requested by its consignors, a commission merchant must provide a true written report of the quantity sold and the selling price of the farm products, before the close of the next business day following the request [*Food & Agric. Code* § 56272].

Neither state law nor federal law precludes a common law action in conversion. Although a statute specifically proscribes a conversion action [*Food & Agric. Code* § 56623], nothing in the state statutory scheme precludes a plaintiff from pursuing a claim for conversion at common law, instead of a statutory remedy [*Fischer v. Machado* (1996) 50 Cal. App. 4th 1069, 1074-1075, 58 Cal. Rptr. 2d 213 (commission merchant commingled general accounts and sale proceeds of farm products that merchant sold as agent for farmer, then merchant went out of business; held, that merchant converted proceeds)].

Commission merchants must provide notice to consignors of agricultural products with whom they transact business of certain duties imposed on the consignor by statute [*Food & Agric. Code* § 56281]. These duties relate to recordkeeping and reports of sales by the commission merchant [*see Food & Agric. Code* §§ 56271, 56272], charges against the consignor's account as a result of a breach of contract [*see Food & Agric. Code* § 56280], adjustments on transactions [*see Food & Agric. Code* § 56281], disallowance of adjustments by the director [*see Food & Agric. Code* § 56282], and claims against consignors by commission merchants [*see Food & Agric. Code* § 56351]. For a complete discussion of the records requirements of commission merchants, see Ch. 91, *Contracts With Sales Representatives* .

For a notice preserving the producer's rights in the statutory trust for perishable agricultural commodities, livestock, and poultry and the proceeds of sales of these in foreign or interstate commerce, see § 49.380.

[c] Inspection and Grading of Produce

This contract contains alternative provisions governing the harvest and delivery of the crops grown under the agreement [*see* § 49.301[2] P 7]. Farming practice varies among crops and locales regarding the harvest and delivery and counsel may consult the client or the University of California Cooperative Extension for assistance in determining the proper alternative.

Under either alternative, the seller and buyer are both subject to state and federal law regarding the standards for farm products. Detailed standards for preparation and packing of fruits, vegetables, and nuts have been promulgated by the Department of Food and Agriculture pursuant to the Food and Agricultural Code [*see Food & Agric. Code* § 42501 *et seq.*; 3 Cal. Code Reg. § 1359 *et seq.*]. Under California law, it is unlawful for any person to prepare, pack, place, deliver for shipment, deliver for sale, load, ship, transport, cause to be transported, or sell any fruits, nuts, or vegetables in bulk, or in any container or subcontainer unless the produce and containers comply with state standards [*Food & Agric. Code* § 42941]. Farm products found to be in violation of the standards may be condemned and abated as a nuisance [*see Food & Agric. Code* § 43031 *et seq.*].

Federal standards promulgated by the Department of Agriculture apply to farm products entering into interstate or foreign commerce [*see 7 U.S.C. § 1622(h)*]. Federal regulations govern the standards of marketable fruits and

vegetables [see 7 C.F.R. pt. 51].

CHAPTER 49 AGRICULTURAL CONTRACTS

PART IV. FORMS

B. Sales Agreements: Alternative Form Provisions

20-49 California Legal Forms--Transaction Guide § 49.320

§ 49.320 Form Provision: Agreements for Sale of Market or Manufacturing Milk

[1] Comment

[a] Use of Form

This form illustrates provisions that must be included in a contract for the sale of market or manufacturing milk. The form may be adapted for either commodity and incorporated into either of the complete sales contracts illustrated in this chapter [*see* §§ 49.300, 49.301]. For a form illustrating required provisions for an agreement for the sale of edible nuts, *see* § 49.321.

[b] Milk Contracts

[i] Required Provisions

"Market milk" is milk that conforms to the standards provided in *Food & Agric. Code* §§ 35751-36123 [*Food & Agric. Code* § 32510]. Those standards cover bacteria counts, temperature, milk fat and solids, and grades [*see Food & Agric. Code* §§ 35781-35788]. "Manufacturing milk" is defined as milk that does not conform to the requirements of market milk [*Food & Agric. Code* §§ 61307, 32509].

Generally, it is unlawful to purchase manufacturing or market milk in excess of 1000 gallons per month from a milk producer without a written contract that complies with statutory requirements. The contract must contain the following information [*Food & Agric. Code* §§ 61411, 62191]: (1) the amount of milk to be purchased for any period; (2) the price to be paid for all milk received; (3) the date and method of payment for the milk [*see* § 49.320[1][b][iii]]; and (4) the charges for transportation, if hauled by the handler [*see* § 49.320[1][b][iv]].

Contracts for the sale of market milk are more stringent; they must also contain the minimum quantity of the market milk to be paid for as Class 1, if any. The quantity must be stated in pounds of market milk, pounds of market milk fat, or gallons of market milk. However, if the price to be paid for Class 1 milk is established separately for market milk fat and market skim milk, quantity may be stated separately in pounds of market milk fat and pounds of market skim milk.

The minimum quantity to be paid for as Class 1 must not be less than 70 percent of the total quantity to be purchased at a milk products plant, and not less than 60 percent of the total quantity of market milk fat, or market skim milk components (but not necessarily both), to be purchased at a country plant [*Food & Agric. Code* § 62191(b)(2); see *Food & Agric. Code* § 61932 (Class 1 milk)]. Additionally, market milk contracts must contain a provision that market milk received within the total quantity to be purchased for any period must not be paid for at less than the minimum price for market milk used for Class 2 [*Food & Agric. Code* § 62191(b)(6); see *Food & Agric. Code* § 61933 (class 2 milk)]. However, neither of these requirements applies if the milk is subject to an equalization pool [*Food & Agric. Code* § 62191(d); see *Food & Agric. Code* §§ 62700-62731].

The contract requirements for manufacturing milk do not apply to the purchase of milk that does not meet market milk standards if the milk has been processed on a dairy farm that held a valid market milk permit during the 30 day period preceding the purchase [*Food & Agric. Code* § 61411; see *Food & Agric. Code* §§ 35751-36123]. Contract requirements do not apply to the purchase of manufacturing or market milk that is necessary to meet an unanticipated increase in demand or an unanticipated shortage in supply of a handler if the quantity purchased from one producer does not exceed 5000 gallons in any one month, provided that in the case of market milk, the handler keeps a complete record of these purchases, and the price paid for the milk by the handler is not less than the price established in the applicable stabilization and marketing plan for the usage to which the milk is applied. If the producer is a cooperative association acting as a producer, the total quantity purchased must not exceed 30,000 gallons per month [*Food & Agric. Code* §§ 61411.2, 62193]. The contract requirements also do not apply to manufacturing or market milk purchased under cash-on-delivery terms [*Food & Agric. Code* §§ 61411.3, 62194].

Milk contracts may contain additional provisions not in conflict with the statutory requirements. The producer must file a signed copy of the contract with the director with five days of its execution [*Food & Agric. Code* §§ 61411, 62191(c)].

[ii] Voidability of Contract

Any contract between a producer and a handler is voidable by the producer for a 45-day period following the occurrence of either of the following [*Food & Agric. Code* §§ 61411.4, 62198]:

- The handler's failure to pay the producer the full price specified in the contract or failure to comply with the payment requirement contained in *Food & Agric. Code* § 61411 or 62191, if the failure has not been corrected by the handler within one business day after notification by the producer or the Director of the Department of Food and Agriculture. The 45-day period commences on the day after payment was due; or
- The handler's failure on three separate occasions within a 12-month period to pay the producer the full price specified in the contract or failure to comply with the payment requirement contained in *Food & Agric. Code* § 61411 or 62191. The 45-day period commences on the day after the third occurrence.

A contract between a producer and a handler is also voidable by the producer if a notice has been issued by the director stating that the future deliveries to the handler will not be covered by the Milk Producers Security Trust Fund. Producers have the option to void their contracts for a 45-day period from the date the notice is issued or until the date the director establishes for reinstatement of the handler's eligibility under the trust fund, whichever is later [*Food & Agric. Code* §§ 61411.5, 62199; see § 49.182].

[iii] Payment for Milk

Handlers must pay producers for purchases of milk either by check or cash; promissory notes do not constitute payment. Handlers paying in cash must obtain a dated, signed receipt from each producer. Cash receipts must be made a part of the permanent records of the handler. Handlers paying by check must issue checks that are reducible to cash by the

producer in no more than one business day [*Food & Agric. Code* §§ 61415.1, 62200].

Payment must be made for the amount of manufacturing milk delivered during the first 15 days of any calendar month not later than the first day of the next following month, and for the amount delivered during the remainder of the month not later than the 15th day of the next following month [*Food & Agric. Code* §§ 61411(c), 62191(b)(4)]. However, in the case of market milk subject to a pooling plan, the payment must be made in accordance with the provisions of the plan, if any [*Food & Agric. Code* § 62191(b)(4); see *Food & Agric. Code* §§ 62700-62731].

For an unanticipated single transaction between a producer and handler, payment must be made for the amount of milk delivered during the first 15 days of any calendar month not later than the first day of the next following month, and for the amount delivered during the remainder of the month not later than the 15th day of the next following month. However, if the milk is subject to an authorized pooling plan [see *Food & Agric. Code* §§ 62700-62731], the date and method of payment must be in accordance with the plan [*Food & Agric. Code* § 61411.2].

A handler is subject to a 12 percent interest penalty on unpaid balances [*Food & Agric. Code* §§ 61415.2, 62201]. The director also may assess additional monetary penalties against handlers for failing to properly pay for milk purchases [see *Food & Agric. Code* §§ 61415.3, 62202]. In transactions involving manufacturing milk, the director may refuse to grant or renew a handler's license for failing to properly pay for manufacturing milk purchases [*Food & Agric. Code* § 61416.1].

The failure of any handler to pay for market milk delivered to him or her at the time and in the manner specified in the contract with the producer is an unlawful trade practice, except as provided in *Food & Agric. Code* § 62074 (exception for market milk received by pool handlers under pooling plan) [*Food & Agric. Code* § 62196]. It is also an unlawful trade practice for a handler to pay a producer less than the minimum prices established by the director for market milk for the marketing area [*Food & Agric. Code* § 62195].

[iv] Hauling Charges for Milk

A contract for the sale of manufacturing or market milk must contain the charges for the hauling of the milk, if hauled by the handler [*Food & Agric. Code* §§ 61411(d), 62191(b)(5)]. The charge for the hauling of manufacturing milk by the handler must be the lower of (1) a rate not in excess of the rate charged for actual or reasonably similar services by highway carriers; or (2) the actual amount paid by a handler for that transportation [*Food & Agric. Code* § 61411(d)].

PART IV. FORMS

C. Marketing Agreements

20-49 California Legal Forms--Transaction Guide § 49.340

§ 49.340 Cooperative Association Marketing Agreement

[1] Comment

[a] Use of Form

This form is an agreement for use between an agricultural cooperative association and a member-producer of that association. It requires the member-producer to exclusively provide the association with farm products that will be marketed by the association. For a discussion of the formation and operation of agricultural cooperative associations, see Ch. 14A, *Agricultural Nonprofit Cooperative Associations*.

Marketing contracts may be entered into on a purchase and sale or an agency basis [*see 5 Ops. Cal. Atty. Gen. 247, 249 (1945)*; *Irvine Co. v. McColgan (1945) 26 Cal. 2d 160, 164, 157 P.2d 847*]. "Purchase and sale" contracts grant the association title to the products produced by the member and allow the association to handle, process, and market them. "Agency" contracts generally are used when the association is to perform marketing rather than processing services for the member, and are similar to arrangements involving commission merchants or brokers [*see Food & Agric. Code §§ 54261, 54171, 54173*; *see also* discussion in § 49.301[1]]. This form contains alternative provisions pertaining to each kind of contract, as appropriate.

For a form of a marketing contract between a producer-member and an agricultural cooperative bargaining association, see § 49.341.

[b] Statutory Authorization for Contract

Agricultural cooperative associations and their members may enter into marketing contracts that require the members to sell, for any duration not greater than 15 years, all or any specified part of any product or commodity exclusively to or through the association, or any facilities created by the association. Under a contract for a sale to the association, title passes absolutely and unreservedly, except for recorded liens, on delivery of the product or at any other time specified in the contract [*Food & Agric. Code § 54261*]. Marketing contracts between an association and its members are not illegal, in restraint of trade, or contrary to any statute enacted against pooling or combinations [*Food & Agric. Code §*

54039].

Statutory provisions regulating the activities of processors and produce dealers do not apply to agricultural cooperative associations, except when the association is transacting business with a nonmember [*Food & Agric. Code* §§ 55461 (processors), 56161(a) (produce dealers)]. For a discussion of the requirements pertaining to processors and produce dealers, see § 49.12[3], [4] [*see also* §§ 49.300[1], 49.301[1]].

[c] Disposition of Proceeds

The contract may provide that the association sell or resell any product delivered by its members, with or without taking title to the product, and pay the member-producer the resale price after making allowable deductions. Deductions are allowed for (1) necessary selling, overhead, and other costs and expenses, including interest on preferred stock, not exceeding 8 percent per year, and reserves for retiring the stock, if any; (2) other proper reserves; and (3) interest not exceeding 8 percent per year on common stock [*Food & Agric. Code* § 54262].

[d] Income Tax Consent

In computing taxable income, agricultural cooperative associations are entitled to deduct amounts paid to patrons as patronage dividends, per-unit retain allocations, and nonpatronage distributions [*see I.R.C. §§ 1382(b)(1), 1381(a); Treas. Reg. § 1.1382-1(a)*]. To do so, payment must be made in money, property, or a qualified written notice of allocation or per-unit retain certificate by the fifteenth day of the ninth month following the close of the taxable year [*see I.R.C. § 1382(b)-(d)*]. A notice is qualified if it is redeemable at face value within 90 days, or if the patron has consented to include the allocated amount in gross income for the year [*I.R.C. § 1388(c); see I.R.C. § 1385(a)*]. This form includes a provision for the member-producer's consent to include allocations in gross income, to ensure that any payments in the form of allocations will be qualifiable and thus deductible to the association. For a more detailed discussion of the need for the consent provision, see discussion in Ch. 14A, *Agricultural Nonprofit Cooperative Associations* .

[e] Pooling of Products

This form contains a provision authorizing the association to pool products of individual producers [*see* § 49.340[2], P 6]. Pooling systems allow the association to receive products from individual producers and, after crediting the individual accounts, mix together individual producer's fungible products. Sales are then made out of the pool without regard for the original source. When the products in the pool are sold, the pool is closed and the individual producer's accounts are credited with the proceeds from the sale of the products on a pro rata basis. The system minimizes risk for all members, and permits them to share in price fluctuations [*see Wiles, Taxation of Farmers' Cooperatives and Their Patrons*, 18 So. Cal. Tax. Inst. 449, 457 (1966)].

For purposes of deducting patronage dividends [*see* § 49.340[1][d]], patronage of products marketed under pooling arrangements is treated as occurring during the taxable year in which the pool closes, and marketing of products is treated as occurring during any of the taxable years in which the pool is open [*I.R.C. § 1382(e); see* Ch. 14A, *Agricultural Nonprofit Cooperative Associations*].

[f] Action on Contract

[i] Specific Performance and Injunction

Any marketing contract entered into by a member of an association that calls for the delivery of products produced or acquired by the member may be specifically enforced in an action by the association [*Food & Agric. Code* § 54263]. If there is a breach or a threatened breach of a marketing contract by a member, the association may bring an action for an injunction to prevent further breach and a decree of specific performance of the contract. On the filing of a verified

complaint and filing of a sufficient bond, the association may obtain a temporary restraining order and preliminary injunction against the member [*Food & Agric. Code* § 54265]. For further discussion of the availability of these remedies to the association, see California Forms of Pleading and Practice, Ch. 528, *Specific Performance*.

[ii] Presumption of Producer's Ability to Deliver Products

In any action commenced by an association on a marketing contract, it is conclusively presumed that a member who is also a landowner, landlord, or lessor is able to control the delivery of any product that is produced on that member's land by tenants or others whose tenancy, possession, or work on the land, or the terms of whose tenancy, possession, or work were created or changed after the member's execution of the marketing contract [*Food & Agric. Code* § 54266].

[iii] Liquidated Damages

This form contains a provision fixing liquidated damages in the event of breach by the member-producer [see § 49.340[2], P 11]. The association's bylaws or the marketing contract may contain a provision fixing, as liquidated damages, specific sums to be paid by the member-producer to the association in the event of breach by the member-producer regarding the sale, delivery, or withholding of any product. The clause may provide that the member will pay all costs, premiums for bonds, expenses, and fees. These liquidated damages provisions are valid and enforceable, and are not regarded as penalties [*Food & Agric. Code* § 54264].

The Association may reject or refuse to accept delivery of any or all products that in its judgment do not conform to the standards established by it. All products shall be at the Producer's risk until delivered to the Association.

The Board of Directors may, at any time, for reasons deemed sufficient by it, close any pool or extend the time for the closing of any pool. The Board of Directors may also exclude from any pool any products because of differences in quality or damage by the elements, or for other reasons satisfactory to the Board of Directors. Each Producer whose products are included shall share ratably in the net proceeds received from the sale of the pool according to the amount of Producer's products included in the pool.

Determination of Net Proceeds Payable to Producer

(a) The specific expenses reasonably incurred by the Association in marketing the products, such as the cost of receiving, grading, cleaning, packing, shipping, and selling the products;

(b) A ratable portion of the general operating costs and expenses of the Association, including, among other things, depreciation on property, losses, salaries, wages, insurance, taxes, *[add if appropriate: interest not exceeding 8 percent per annum on its issued and outstanding preferred stock, reserves for retiring preferred stock, interest not exceeding 8 percent per annum on its issued and outstanding common stock,]* and interest on debt obligations incurred by the Association;

(c) To provide capital for its corporate purposes, the Association shall also deduct and temporarily retain from the resale proceeds due Producer any amounts, called "retains," that the Board of Directors of the Association may determine annually in accordance with Article _____, Section _____ of the bylaws of the Association. The retains shall be credited to the account of the Producer and deposited in the revolving fund of the Association as provided in the Association's bylaws.

However, if at the time of any delivery there stands on the record, or the Association has actual knowledge of, a crop mortgage covering the products delivered, the payments or advances shall, except as otherwise provided in this Agreement, be made only as directed by written request delivered to the Association and signed by both the mortgagor and mortgagee.

CHAPTER 49 AGRICULTURAL CONTRACTS

PART IV. FORMS

C. Marketing Agreements

20-49 California Legal Forms--Transaction Guide § 49.341

§ 49.341 Marketing Agreement of Agricultural Cooperative Bargaining Association

[1] Comment

[a] Use of Form

This form is a marketing agreement for use between a member-producer and a cooperative bargaining association. Many provisions of this contract, including those governing liquidated damages and income tax consent, are similar to those provisions in a purchase and sale or agency contract between a member-producer and an agricultural cooperative association. For a discussion of those provisions, see § 49.340[1].

[b] Nature of Cooperative Bargaining Association

A cooperative bargaining association is a farmer association organized under the provisions of the Food and Agricultural Code pertaining to nonprofit agricultural cooperatives [*see Food & Agric. Code §§ 54001-54294*] to perform group bargaining between its producer-members and the first handler or processor, with respect to the sale of any agricultural commodity except milk, cotton, or cottonseed [*Food & Agric. Code § 54401*]. It is the public policy of the state to establish and support the right of any farmer to join voluntarily, belong to, and freely participate in cooperative bargaining associations. Interference with the rights of producers, including the obligation of processors to negotiate and bargain with cooperative bargaining associations, is an unfair trade practice [*Food & Agric. Code § 54402*].

[c] Unfair Trade Practices

[i] Acts of Processors and Associations

It is an unfair trade practice for any processor, handler, distributor, or their agents to interfere with, restrain, coerce, or boycott producers in the exercise of their rights to join and participate in cooperative bargaining associations [*Food & Agric. Code § 54431(a)*]. It is also unlawful for a processor, handler, distributor, or their agents to discriminate against any producer with respect to price or other terms of purchase of any raw agricultural commodity because of the

producer's participation in or contract with cooperative bargaining associations [*Food & Agric. Code § 54431(b)*]. Further, it is unlawful for a processor, handler, distributor, or their agents to pay or loan money, or give any other thing of value, to a producer as an inducement or reward for refusing to join, withdrawing from, or breaching an agreement with an association [*Food & Agric. Code § 54431(c)*].

It is unlawful and an unfair trade practice for any cooperative bargaining association, as well as any processor, handler, distributor, or their agents, maliciously or knowingly to give false reports about the finances, management, or activities of any cooperative bargaining association [*Food & Agric. Code § 54431(d)*]. It is unlawful and an unfair trade practice for processors, handlers, distributors, their agents, and certain types of cooperative bargaining associations to refuse to negotiate or bargain in a reasonable manner regarding contract terms including price, terms of sale, compensation for commodities produced under contract, and others [*see Food & Agric. Code §§ 54431(e), (f), 54432-54435*].

Refusal by producers or cooperative bargaining associations to negotiate or bargain in a reasonable manner includes refusal to comply with court-ordered conciliation procedures [*Food & Agric. Code § 54431(e)*; *see Food & Agric. Code § 54451 et seq.* (conciliation)].

[ii] Enforcement and Penalties

Producers or processors may file complaints with the Secretary of Agriculture against cooperative bargaining associations relating to any unfair trade practices [*Food & Agric. Code § 54404*]. The Secretary, on receipt of the complaint, will investigate, and may summon the person charged to appear at a hearing [*see Food & Agric. Code §§ 54404-54404.5*]. A willful violation of the provisions governing unfair trade practices is punishable by fines and subject to injunction [*see Food & Agric. Code §§ 54461-54463*].

[2] FORM

Marketing Agreement of Agricultural Cooperative Bargaining Association

MARKETING AGREEMENT

Identification of Parties

1. This Agreement is made on _____ [*date*], by and between _____ [*name(s)*] (Producer), _____ [*status, e.g., a California corporation or a partnership or a sole proprietor*], _____ [*address or principal place of business in California*], California, and _____ [*name of association*] (Association), a nonprofit cooperative bargaining association organized under the laws of the State of California, _____ [*address or principal place of business in California*], California.

Term of Agreement

2. The initial term of this Agreement shall commence on _____ [*date*] and terminate on _____ [*date*]. On termination of the initial term, the Agreement shall be automatically renewed for successive one-year terms unless either party serves written notice as provided in this Agreement indicating a contrary intention. In no event, however, shall the Agreement period extend beyond 15 years.

Appointment of Association as Exclusive Agent

3. Producer appoints and designates the Association exclusive sales agent for, and agrees to sell and deliver all _____ [*specify type of products*] (products), produced by or for Producer or acquired by or for Producer as landlord, tenant, lessor, or lessee in the State of California during the existence of this Agreement, only to the persons, firms, or corporations, and only on the terms and conditions fixed, established, and approved by the Association.

Obligations of Association

4. Each year during the term of this Agreement, the Association shall, for and on behalf of Producer and all other growers who have executed similar Agreements with the Association (the Producers), solicit and negotiate with the largest number of processors practicable, the terms, conditions, and prices for the sale of the products produced during the year as the Association in its absolute discretion deems to be to the best advantage of all Producers. On completion of negotiations, and in no event later than the _____ day of _____ [*specify month*] of each year, the Association shall deliver to Producer, in the manner provided for in this Agreement, a form of "approved contract" for the sale of Producer's products to any processor with whom the Association has conducted negotiations, which approved contract shall be in the form and contain the terms, conditions, and prices negotiated with the processors by the Association.

Producer to Sell Products Only on Contracts Approved by Association

5. During the term of this Agreement Producer shall not sell any products to any buyer except pursuant to purchase and sale contracts approved by the Association. After issuance of its form of approved contract each year, the Association shall approve, on written request of Producer, any and all purchase and sale contracts entered by Producer for the sale of products for the year that are in the form of, and contain the same terms, conditions, and prices as are contained in, the approved contract form. Notice of approval by the Association shall be given in the manner provided for in this Agreement.

Payment for Products Sold

6. During the term of this Agreement, any buyer of Producer's products shall, unless otherwise directed by the Association, pay directly to Producer the full purchase price of all products sold by Producer to the buyer, less the amount, not to exceed _____ percent, of the gross purchase price as shall be determined, on or before _____ [*specify month and day*] of the year in which the sale occurs, by the Board of Directors of the Association. Producer authorizes and directs the buyer to retain the deductible amount from the gross purchase price of the products and pay that sum directly to the Association. The amounts deducted and paid to the Association shall be used by the Association to pay the operating costs and expenses of the Association, including, among other things, depreciation on property, losses, salaries, wages, insurance, taxes, [*add if applicable: interest not exceeding 8 percent per annum on its issued and outstanding preferred stock, reserves for retiring preferred stock, interest not exceeding 8 percent per annum on its issued and outstanding common stock,*] and interest on debt obligations incurred by the Association. If, at the end of any fiscal year of the Association, the Board of Directors finds that the aggregate amount deducted during the fiscal year from the gross sales proceeds of products sold during the year by all Producers exceeds the amount required in that year to pay operating costs and expenses, the excess amount of the deductions shall, in the absolute discretion of the Board of Directors, either be ratably credited to the account of each Producer in the Revolving Fund of the Association according to the amount of the products sold by that Producer during the year, or distributed among all Producers according to the amount of products sold by each of them during the year. The determination by the Board of Directors of the amount required to pay the operating costs and expenses in any year, the amount of deductions in excess of the required amount, and the ratable portion of the excess to be credited or paid to Producer

shall be conclusive and binding on Producer.

Information to Be Furnished by Producer

7. Upon receiving a written request from the Association in the manner provided for in this Agreement, Producer agrees to notify the Association promptly in writing of the location of all crops of the products covered by this Agreement or controlled by Producer, the number of acres planted with those products, the varieties of products planted, and the amount of products Producer expects to produce in any specified year.

Articles of Incorporation and Bylaws Part of Agreement

8. The articles of incorporation and bylaws of the Association constitute a part of this Agreement, and any amendment to the articles, made in the manner provided by law, or to the bylaws, made as provided therein, shall automatically modify and amend this Agreement.

Liquidated Damages

9. In the event that Producer sells, markets, or disposes of any product covered by this Agreement contrary to the provisions of this Agreement, or otherwise fails to deliver the products to the Association or to perform any other duty in accordance with the provisions of this Agreement, that act or omission will injure the Association in an amount that will be extremely difficult to ascertain and establish. Therefore, an amount shall be fixed at \$ _____ [*specify measure of liquidated damages, e.g., \$20 per ton or 25 percent of the market value*] of all products that are delivered, marketed, or otherwise disposed of contrary to the provisions of this Agreement, which shall be paid to the Association on demand as liquidated damages.

Income Tax Consent

10. Producer consents and agrees that Producer shall take into account, at their stated dollar amounts, and in the manner specified in *Section 1385(a) of the Internal Revenue Code*, in the taxable year in which received by it:

(b) The amount of any distributions as referred to in *Section 1382(c)(2)(A) of the Internal Revenue Code* of any income derived by the Association from business done with the United States, its agencies, or from sources other than patronage, when made in qualified written notices of allocation as defined in *Section 1388(b) of the Internal Revenue Code* and received by Producer from the Association;

(c) The amount of any per-unit retain allocations as defined in *Section 1388(f) of the Internal Revenue Code* when made in per-unit certificates as defined in *Section 1388(g) of the Internal Revenue Code* and received by Producer from the Association;

Force Majeure Clause

11. Should the performance of the obligations of either party under this Agreement be prevented or delayed by an act of God, war, civil insurrection, fire, flood, storm, strikes, lockouts, or by any law, regulation, or order of any federal, state, county, or municipal authority, or by any other cause beyond the control of the party to be excused, that party's performance under this Agreement, to the extent it is prevented or delayed, shall be excused.

Expenses of Enforcement

12. Should any litigation be commenced between the Producer and the Association for the enforcement of any rights of either party against the other pursuant to the provisions of this Agreement, or by reason of any alleged breach of any of the provisions of this Agreement, the party prevailing in the litigation shall be entitled to receive from the unsuccessful party all costs incurred in connection with the litigation, including a reasonable allowance for attorneys' fees incurred by the prevailing party.

Notices

13. Except as otherwise expressly provided by law, any and all notices or other communications required or permitted by this Agreement or by law to be served on or given to either party by the other party shall be in writing and shall be deemed duly served and given when personally delivered to _____ [*designate recipient, e.g., the party or the designated agent of the party*] to whom they are directed, or instead of such personal service, when deposited in the United States mail, first-class postage prepaid, addressed to the Producer at _____ [*address*], or to the Association at _____ [*address*]. Either party may change its address for the purpose of this Paragraph by giving written notice of the change to the other party in the manner provided in this Paragraph.

Time of Essence

14. Time is of the essence of this Agreement and of each provision contained in it.

Assignment and Transfer

15. Producer shall not assign or transfer this Agreement to any person without the express prior written consent of the Association. In the event that all or any part of the land now or hereafter owned or acquired by Producer and used for the production of products covered by this Agreement is sold, leased, or otherwise transferred, this Agreement shall nevertheless remain in full force and effect and Producer shall remain obligated unless and until the written consent of the Association to a transfer or termination of this Agreement has been obtained.

Amendments to Agreement

16. This Agreement may be amended only by a writing signed by the party against whom or against whose successors and assigns enforcement of the change is sought.

Saving Clause

17. If any term or provision of this Agreement or any application hereof shall be held invalid or unenforceable, the

remainder of this Agreement and any application of the terms and provisions thereof shall not be affected thereby but shall be valid and enforceable.

Governing Law

18. This Agreement shall be governed by and construed in accordance with the laws of _____
[specify jurisdiction, e.g., California].

Waiver

19. The waiver of any breach of any of the provisions of this Agreement by the Association shall not constitute a continuing waiver or a waiver of any subsequent breach by Producer either of the same or any other provision of this Agreement.

Arbitration

20. Any dispute that arises between the Association and Producer relating to the provisions of this Agreement shall be submitted to arbitration on application by either party. The arbitration panel shall consist of three persons, one each appointed by the Association and Producer, and the third jointly appointed by the appointees of the Association and Producer. The arbitration shall be conducted in compliance with *Code of Civil Procedure Sections 1280 through 1294.2* relating to arbitration. CHAPTER 49 AGRICULTURAL CONTRACTS

PART IV. FORMS

D. Livestock-Related Agreements

20-49 California Legal Forms--Transaction Guide § 49.360

§ 49.360 Livestock Feeding Contract

[1] Comment

[a] Use of Form

This form is an agreement for use between a cattle owner and a commercial registered feedlot operator for the feeding and fattening of cattle for marketing. This particular form includes alternate provisions for the method of determining the amount the cattle owner will pay the operator of the feedlot. One payment method provides that the feedlot operator will receive a fixed sum on a per head, per day basis, known as a "custom feeding" contract. The alternate provision establishes a payment method based on the amount of weight gain in the cattle fed by the feedlot operator [*see* § 49.360[2], P 14].

[b] Alternate Payment Provisions

[i] Custom Feeding Basis

The most common type of payment provision employed in livestock feeding agreements is known as the custom feeding method. Using the custom feeding method, the feedlot operator receives a specified sum per day for each head of cattle in the feedlot. The operator also receives from the cattle owner reimbursement for the actual cost to the feedlot operator of all feed and supplements given to the cattle plus a specified handling charge for each ton of feed fed to the cattle.

The contractual amount per day for each head of an owner's cattle in the feedlot that the feedlot operator is to receive depends primarily on the number and size of the cattle, the type and amount of equipment required to care for them properly, and the labor required to care for the cattle. The handling charge per ton of feed usually depends on the type of feed the cattle are being fed. Because the owner is to reimburse the feedlot operator for the actual cost of all feed and supplements fed the cattle, the owner may and often does request that a specified ration be fed to the cattle. When the feedlot operator personally grows or produces the feed that is to be fed to the cattle, the contract usually specifies that he or she will be reimbursed for the market value of the feed.

[ii] Rate of Gain Agreements

The alternate provision for a method of payment contained in this form is based on the rate of weight gain in the livestock fed by the feedlot operator. Although not as common as the custom feeding method, rate of gain agreements are still used in the industry.

Under the typical rate of gain payment clause, the feedlot operator is paid a specified sum for each designated amount of weight gain in the cattle. The feedlot operator is not, as is the case under a custom feeding provision, reimbursed separately for the cost of feed, veterinary care, or other services provided to the owner's cattle. Thus, the specified sum to be paid for each measure of weight gain will differ among contracts depending on the cost of feed, labor, equipment, and services, and the market grade to which the cattle are being fed.

[c] Regulation of Commercial Feedlots

All feedlot operators having more than 500 head of cattle at one time during the calendar year must be registered with the Department of Food and Agriculture [*Food & Agric. Code* § 21081; see *Food & Agric. Code* §§ 21082-21084 (registration procedure)]. A "feedlot" is a beef cattle feedlot or feed yard having more than 500 head of cattle at one time during the calendar year in which the cattle are being fed for slaughter [*Food & Agric. Code* § 20013]. "Beef cattle" are bovine animals of any breed being grown primarily for meat production [*Food & Agric. Code* § 20014].

Operators of registered feedlots are required to maintain records for each lot of incoming and outgoing cattle. Records for incoming cattle must include (1) the name and address of the owner or shipper; (2) the date and number of cattle received; (3) the name of the trucking firm and the location from which the cattle were shipped; and (4) a description of the cattle that includes their brand and the lot numbers assigned them [3 *Cal. Code Reg.* § 856]. Records for cattle shipped from a registered feedlot must include (1) name and address of the owner; (2) date of shipping and slaughter plant or other destination; (3) description of cattle, including brand and lot numbers; and (4) the number of cattle shipped and the name of the trucking firm hauling the cattle [3 *Cal. Code Reg.* § 857].

Cattle entering a registered feedlot must be kept separate and not commingled with other cattle until inspected by a state inspector [*Food & Agric. Code* § 21051(d); 3 *Cal. Code Reg.* § 859]. Inspection is not necessary before slaughter at a licensed slaughterhouse if the cattle are being shipped directly from a registered California feedlot, other than by the director as necessary to monitor compliance with inspection requirements [*Food & Agric. Code* §§ 21057(a), 21206(a)].

[d] Livestock Service Lien

Under California law, a livestock servicer is granted a general lien on the livestock in its possession to secure the performance of all obligations of the owner of the livestock to the livestock servicer for both the provision of livestock services to the livestock in possession of the livestock servicer, and the provision of livestock services to other livestock for which livestock services were provided in connection with or as part of the same livestock service transaction, if the services were provided within the 12 months before the date on which the lien arose. The lien has priority over all other liens on and security interests in the livestock, and arises as the charges become due [*Civ. Code* § 3080.01]. "Livestock services" means any and all grazing, feeding, boarding, and general care, including animal health services, obtained or provided by the livestock servicer, and transportation or other services rendered by a person to livestock for the owner or his or her agent [*Civ. Code* § 3080(c)].

In addition to other rights and remedies provided by law, a lienholder may (1) retain possession of the livestock and charge the owner the reasonable value of providing livestock services until the owner's obligations secured by the lien have been satisfied; (2) after notice and hearing [see *Civ. Code* §§ 3080.03-3080.19], sell all or any portion of the livestock; or (3) commence legal action on its claim against the owner for services to the livestock and reduce the claim to judgment [*Civ. Code* § 3080.02(c)]. For a discussion of the procedural elements of enforcing the livestock servicers

lien, see California Forms of Pleading and Practice, Ch. 24, *Animals: Liens*.

[e] Dairy Cattle Supply Lien

Any person providing feed or materials to aid the raising or maintaining of dairy cattle has a lien on the proceeds of the milk or its products, for the reasonable or agreed charges for the feed or materials and the cost of enforcing the lien. The amount of charges secured by the lien may not exceed an amount equal to the reasonable or agreed charges for material or feed provided within a 45-day period, and only two providers may have an enforceable lien at anytime according to the priority established by statute [*Food & Agric. Code* § 57402; see *Food & Agric. Code* §§ 57406 (priority), 57401(e) ("reasonable or agreed charges" defined)]. The lien also extends to the proceeds from the sale of the milk or milk products [*Food & Agric. Code* § 57403(a)].

The lien must be perfected by filing, on a standard form of an original financing statement, a notice of claim with the Secretary of State that includes the following information [*Food & Agric. Code* § 57405(a), (b), (d)]: (1) the name and address of the lien claimant; (2) the name and address of the lien debtor; (3) the location of the dairy to which the feed and materials were provided; and (4) that the lien claimant has a dairy cattle supply lien pursuant to *Food & Agric. Code* § 57402.

On the original financing statement, the lien claimant may be identified as either the lien claimant or as the secured party [*Food & Agric. Code* § 57405(d)(1)]. The notice of lien must be signed by either the lien claimant or its authorized agent, and need not be signed by the lien debtor [*Food & Agric. Code* § 57405(c), (d)(2)]. The lien claimant must provide the lien debtor with written notice of the claim within 10 days from the date of filing with the office of the Secretary of State [*Food & Agric. Code* § 57405(f)]. For a discussion of requirements for filing financing statements, see Ch. 42, *Secured Transactions*.

For a discussion of the procedural elements of enforcing the dairy cattle supply lien, see California Forms of Pleading and Practice, Ch. 24 *Animals: Liens*.

[f] Use for Income Tax Purposes

Commercial feedlot operations may provide certain taxpayers with a tax benefit by use of prepaid feed plans. For further discussion of the "prepaid feed deduction," see § 49.361[1][b][i] et seq.

The insolvency of Owner, as evidenced by the appointment of a receiver to take possession of all or substantially all of the assets of Owner, the making of a general assignment by Owner for the benefit of creditors, or an action taken or suffered by Owner under any bankruptcy or insolvency act, shall terminate this Agreement and entitle Feeder, in addition to any other remedy at law or equity, to claim a valid lien against Owner's cattle on the feedlot for the unpaid balance of amounts owed to Feeder by Owner for services provided under this Agreement.

CHAPTER 49 AGRICULTURAL CONTRACTS

PART IV. FORMS

D. Livestock-Related Agreements

20-49 California Legal Forms--Transaction Guide § 49.361

§ 49.361 Agreement for Prepaid Purchase of Livestock Feed

[1] Comment

[a] Use of Form

This form is an agreement for the prepaid purchase of livestock feed and supplies. It is designed to give a farmer purchasing feed and supplies an income tax benefit. An eligible farmer may wish to prepay certain farm expenses and claim the available deduction if the farmer has received unexpected income that places it in a higher tax bracket for the year in which the deduction is taken than is likely to be the case in the following year [see *Estate of Cohen v. Commissioner* (1970) 29 T.C.M. 1221, T.C. Memo. 1970-272] .

When a farmer takes the deduction, money that would otherwise have been paid in taxes can be used to purchase feed and other supplies in advance. This may alleviate the farmer's need for borrowing of funds to pay for the feed at a later time, thereby saving the farmer any interest that would have to be paid on the borrowed funds [see Pinney, *Agricultural Tax Problems, Including the "Prepaid Feed" Controversy*, 25 So. Cal. Tax. Inst. 477, 513 (1973)]. Other nontax reasons may influence the farmer's decision to prepay feed expenses and claim the deduction [see, e.g., *Cravens v. C.I.R.* (10th Cir. 1959) 272 F.2d 895, 897 (drought conditions)].

For a discussion of dairy cattle supply liens, see § 49.360[1].

[b] Income Tax Benefits

[i] In General

Generally, farmers have the option, for both federal and state tax purposes, of reporting their income under either the cash or accrual methods of accounting [Treas. Reg. §§ 1.446-1(c)(1)(iv), 1.471-6; Rev. & Tax. Code §§ 17024.5(d), 24651; see § 49.361[1][b][ii]]. A taxpayer who reports income under the cash method of accounting generally may deduct all ordinary and necessary expenses of carrying on a trade or business [see I.R.C. § 162] in the year during which those expenses are paid, regardless of when the items purchased are actually used or consumed [I.R.C. § 162; Treas.

Reg. § 1.461-1(a)(1)). Thus, a farmer using the cash method may deduct the cost of purchasing cattle feed in the year the cost is paid, regardless of when the livestock actually consume the feed.

[ii] Limitations on Tax Benefits

Several rules operate to reduce the availability of the tax benefits for prepaid feed deductions. First, corporations other than "S" corporations, certain "family corporations," and corporations with gross annual receipts of \$1,000,000 or less must compute taxable income from farming on an accrual method of accounting, and capitalize expenses pursuant to *I.R.C. § 263A* [*I.R.C. § 447*; *Rev. & Tax. Code § 24652*]. Second, farming syndicates may only deduct expenses for feed, seed, fertilizer, and other similar farm supplies in the taxable year during which they are actually used or consumed or, if later, in the year during which the expenses would otherwise be deductible [*I.R.C. § 464(a), (c)*; see *Rev. & Tax. Code § 17551*].

The farming syndicate limitation also applies to nonsyndicate taxpayer-purchasers of excess prepaid farm supplies who do not use an accrual method of accounting and who are not qualified farm-related taxpayers [*I.R.C. § 464(f)*]. "Excess prepaid farm supplies" are amounts paid for feed, seed, fertilizer, or other farm supplies that would be deductible in a subsequent year, to the extent that the amount exceeds 50 percent of the deductible farming expenses for the taxable year [*I.R.C. § 464(f)(4)*]. A "qualified farm-related taxpayer" means any taxpayer (1) whose principal residence is on a farm, or whose principal occupation is farming (or who is a member of such a taxpayer's family), and (2) whose aggregate prepaid farm supplies for the three taxable years preceding the taxable year are less than 50 percent of the aggregate deductible farming expenses for those years, or whose excess prepaid farm supplies for the taxable year result from any change in business operations directly attributable to extraordinary circumstances [*I.R.C. § 464(f)(3)*].

[iii] Contract Requirements Assuring Validity of Deduction

The Internal Revenue Service has promulgated a three-prong test for establishing the validity of a prepaid feed deduction for cash method taxpayers engaged in the business of raising or feeding livestock [see *Rev. Rul. 79-229, 1979-2 C.B. 210*]. The prepaid expense must be for the purchase of feed rather than a deposit, the prepayment must be made for a business purpose and not tax avoidance, and the deduction must not result in a material distortion of the taxpayer's income [*Rev. Rul. 79-229, 1979-2 C.B. 210*].

Whether an expense under a prepaid feed contract is a deposit or payment depends largely on the language of the sales contract used. When it can be shown that the expenditure is not refundable and is made pursuant to an enforceable sales contract, it will not be considered a deposit [*Rev. Rul. 79-229, 1979-2 C.B. 210*]. This form includes a nonrefundability clause [see § 49.361[2], P 7]. Provisions in the contract allowing variation in feed mixes to accommodate the current dietary needs of the cattle and allowing the contract price to vary according to the current market price of the feed are not indicative of a deposit [*Rev. Rul. 79-229, 1979-2 C.B. 210*].

A taxpayer has been held to have shown a business purpose rather than an intent to avoid taxation when the contract specifies a guaranteed maximum price for feed [see *Mann v. Commissioner* (8th Cir. [T.C.] 1973) 483 F.2d 673, 680] . In another case showing a business benefit to the taxpayer and not mere tax avoidance, the taxpayer was assured priority in the delivery of feed in the event of a shortage [see *Cravens v. Commissioner* (10th Cir. [T.C.] 1959) 272 F.2d 895, 899] . This agreement contains provisions establishing both of these business purposes [see § 49.361[2], PP 5, 9].

Transactions involving closely held investor-oriented groups formed to take advantage of syndicated tax shelter schemes will receive greater scrutiny by the Internal Revenue Service regarding the motives of the investors and their business purposes [see *Rev. Rul. 79-229, 1979-2 C.B. 210*].

E. Notices and Claims Related to Statutory Trusts

20-49 California Legal Forms--Transaction Guide § 49.380

§ 49.380 Notice of Seller's Intent to Preserve Rights in Statutory Trust Under Federal Law

[1] Comment

[a] Use of Form

This is a form for a notice to buyers of perishable agricultural products sold in interstate or foreign commerce, packers, and live poultry dealers of the seller's intent to preserve its rights in the statutory trust imposed on those products. For further discussion of the Perishable Agricultural Commodities Act [*see 7 U.S.C. §§ 499a-499s*] and Packers and Stockyards Act of 1921 [*see 7 U.S.C. §§ 181-229*], see § 49.11[3], [4].

For a discussion of the applicability of this form to transactions involving packers and live poultry dealers, see § 49.380[1][c].

[b] Nature of Statutory Trust for Perishable Agricultural Commodities

[i] In General

Congress established a statutory trust procedure for the benefit of unpaid sellers or suppliers of perishable agricultural commodities [7 U.S.C. § 499e(c)(1); *see* § 49.11[3]]. Perishable agricultural commodities, all inventories of food or other products derived from them, and any receivables or proceeds from their sale received by a commission merchant, dealer, or broker are deemed to be held in trust by that person for the benefit of any unpaid supplier of seller of those commodities, or their agents, until full payment has been made. Payment is not considered to have been made if the seller, supplier, or agent receives a payment instrument that is dishonored. Statutory trust provisions do not apply to transactions between a cooperative association and its members [7 U.S.C. § 499e(c)(2)].

[ii] Preservation of Rights in Trust Assets

To preserve its right to the trust assets, an unpaid seller, supplier, or their agents, of perishable agricultural commodities, must give notice of its intent to preserve the benefits of the trust to the commission merchant, dealer, or broker [7 U.S.C.

§ 499e(c)(3)]. The notice must be given within 30 days either (1) after the date payment must be made, as set forth in regulations issued by the secretary, (2) after any other date contractually agreed on by the parties before entering into the transaction, or (3) after the date the supplier, seller, or agent received notice that the payment instrument promptly presented for payment was dishonored [7 U.S.C. § 499e(c)(3)]. When the parties agree to a payment date different from that established by the secretary, a copy of that agreement must be filed in the records of each party to the transaction, and the terms of payment must be disclosed in invoices, accountings, and other documents related to the transaction [7 U.S.C. § 499e(c)(3)].

[iii] Contents of Notice

The notice of a seller's or supplier's intent to preserve trust benefits must be in writing, and must include a statement that it is a notice of that intent [7 C.F.R. § 46.46(g)(3)]. The notice must also include the following information for each shipment: (1) the names and addresses of the seller, supplier, or agent, and the commission merchant, broker, or dealer, as applicable; (2) the date of the transaction, commodity, contract terms, invoice, price, and the date payment was due; (3) if applicable, the date of receipt of notice that a payment instrument was dishonored; and (4) the amount past due and unpaid [7 C.F.R. § 46.46(g)(3)].

[c] Notice to Packers and Live Poultry Dealers

This form of notice may also be used to notify packers and live poultry dealers of the seller's or supplier's intent to preserve the benefits of the statutory trust imposed on livestock and poultry, and their proceeds, receivables, and inventories [see 7 U.S.C. §§ 196(a), 197(a)]. The requirements for the notice are identical to those for the notice involved in transactions for perishable agricultural commodities except as follows: (1) packers whose average annual purchases do not exceed \$500,000 and live poultry dealers whose average annual sales or average annual value of purchases of poultry do not exceed \$100,000 are exempt from the trust imposition provisions [7 U.S.C. §§ 196(b), 197(b)]; and (2) the seller or supplier who receives notice that payment has been dishonored must notify the packer or live poultry dealer within 15 business days after receipt of the notice of dishonor [7 U.S.C. §§ 196(b), 197(d)]. For additional discussion of statutory regulation of livestock transactions in interstate or foreign commerce, see § 49.11[4].

CHAPTER 50 ADVERTISING AND PROMOTION

20-50 California Legal Forms--Transaction Guide Scope

Scope

Scope

This chapter is intended to assist an attorney in advising advertisers or advertising agencies on the legal aspects of obtaining and providing advertising services, in the context of California and federal regulation of advertising. It discusses some of the state and federal restrictions on the contents of advertising materials, along with constitutional considerations relating to those restrictions. It also includes coverage of the licensing and permit requirements applicable to outdoor advertising under California law.

The purely business aspects of advertising are within the sphere of an advertising agency's competence and not within the scope of this chapter. The legal aspects of an advertiser's relationship with an advertising agency are governed by contract, and this chapter addresses that relationship and includes illustrative agreements between advertisers and advertising agencies. This chapter also includes specimen agreements with various media for the dissemination of advertising. For discussion of general contract law, see Ch. 75, *Formation of Contracts and Standard Contractual Provisions* .

This chapter does not cover requirements that may be included in sales or consignment contracts for the promotion of goods sold or consigned, nor does it include sales promotion agreements between manufacturers and distributors. For coverage of these subjects, see Ch. 91, *Contracts With Sales Representatives* . Advertising by professional persons is not covered in this chapter; for discussion, see Rosden, the Law of Advertising(Matthew Bender).

DIVISION III: COMMERCIAL TRANSACTIONS
CHAPTER 50 ADVERTISING AND PROMOTION
PART II. LEGAL BACKGROUND

20-50 California Legal Forms--Transaction Guide § 50.10

§ 50.10 Constitutional Considerations

[1] Commercial vs. Noncommercial Speech

Under the *First Amendment*, commercial speech can be forbidden or regulated in situations in which noncommercial speech could not be [see *Bates v. State Bar of Arizona* (1977) 433 U.S. 350, 379-381, 97 S. Ct. 2691, 53 L. Ed. 2d 810]. However, commercial advertising is not wholly outside the protection of the *First Amendment* [see *Va. Pharmacy Bd. v. Va. Consumers Council* (1976) 425 U.S. 748, 770-773, 96 S. Ct. 1817, 48 L. Ed. 2d 346]. The U.S. Supreme Court has adopted the following tests for determining the validity of governmental restrictions on commercial speech:

- First, commercial speech is protected only if it concerns lawful activity and is not misleading [see *Central Hudson Gas v. Public Service Comm'n* (1980) 447 U.S. 557, 563-566, 100 S. Ct. 2343, 65 L. Ed. 2d 341]. As "unprotected speech," false and misleading advertising may be banned [see *Better Business Bureau, Etc. v. Medical Directors* (5th Cir. 1982) 681 F.2d 397, 404]. However, truthful advertising related to lawful activities is entitled to *First Amendment* protection [see *Better Business Bureau, Etc. v. Medical Directors* (5th Cir. 1982) 681 F.2d 397, 405].
- Second, a restriction on otherwise-protected commercial speech is valid only if the restriction (1) seeks to implement a substantial governmental interest, (2) directly advances that interest, and (3) reaches no farther than necessary to accomplish the given objective [see *Central Hudson Gas v. Public Service Comm'n* (1980) 447 U.S. 557, 563-566, 100 S. Ct. 2343, 65 L. Ed. 2d 341].

The dispositive test often will be whether the governmental restriction reaches beyond what is necessary. The government has the burden of proving that its restriction, such as an ordinance banning signs, is narrowly tailored to achieve the desired objective. A relevant consideration for a court is whether there are numerous and obvious alternatives that would be less burdensome on affected persons, such as local merchants, than the existing restriction. If that restriction is not a neutral restriction based on time, place, and manner of advertising but is content-based--for instance, banning all signs except certain ones described according to their content--it indicates that the government has not carefully calculated the costs and benefits associated with the burden on speech imposed by its restriction [*Ballen*

v. *City of Redmond* (9th Cir. 2006) 466 F.3d 736, 742-745 (ordinance banning all portable signs except certain ones was unconstitutional; merchant, who was thus prohibited from advertising by portable sandwich-board sign in front of store and who sued for relief under 42 U.S.C. § 1983, was entitled to recover substantial attorney's fees in addition to nominal damages and injunction)].

A city ordinance prohibiting commercial billboards that are not on the advertiser's commercial site (while permitting them on the advertiser's site) does not violate the Supreme Court's guidelines. That prohibition directly advances governmental interests in traffic safety and esthetics while permitting on-site billboards; thus the ordinance reflects a proper decision on the part of the city that the interest in permitting on-site billboards is stronger than the city's interests in traffic safety and esthetics. However, the fact that the ordinance also prohibits noncommercial signs renders it invalid on its face [*Metromedia, Inc. v. San Diego* (1981) 453 U.S. 490, 512, 513, 101 S. Ct. 2882, 69 L. Ed. 2d 800 ; *Metromedia, Inc. v. City of San Diego* (1980) 26 Cal. 3d 848, 164 Cal. Rptr. 510, 610 P.2d 407] . If severance of the valid prohibition from the invalid prohibition is impossible, the ordinance is invalid [*Metromedia, Inc. v. City of San Diego* (1982) 32 Cal. 3d 180, 190, 191, 185 Cal. Rptr. 260, 649 P.2d 902] .

The rule that a city's esthetic interests are sufficiently substantial to justify a content-neutral ordinance against the use of billboards [see *Metromedia, Inc. v. San Diego* (1981) 453 U.S. 490, 507-508, 101 S. Ct. 2882, 69 L. Ed. 2d 800] extends to political advertising [see *City Council v. Taxpayers for Vincent* (1984) 466 U.S. 789, 817, 104 S. Ct. 2118, 80 L. Ed. 2d 772] and may also be applied to other noncommercial speech [e.g., *Showing Animals Respect & Kindness v. City of West Hollywood* (2008) 166 Cal. App. 4th 815, 819-825, 83 Cal. Rptr. 3d 134 (ordinance banning all mobile billboard advertising was not unconstitutional as applied to nonprofit organization's vehicle that, while on city streets, presented messages, in both videos and sound recordings, against cruelty to animals)].

[2] Advertising by Attorneys

An attorney may advertise if the advertising is not misleading [*Zauderer v. Office of Disciplinary Counsel* (1985) 471 U.S. 626, 641, 105 S. Ct. 2265, 85 L. Ed. 2d 652, 17 Ohio B. 315] . Letters from an attorney to members of the public that refer to services offered by the attorney and that are sent with an economic motive embody commercial speech. For commercial speech to be protected, it must concern lawful activity and not be misleading. Thus, the rule of professional conduct that prohibits misleading or deceptive communications [see *Cal. Rules Prof. Conduct, Rule 1-400*] are constitutional, and misleading advertising by an attorney violates that rule [*Leoni v. State Bar* (1985) 39 Cal. 3d 609, 624-625, 217 Cal. Rptr. 423, 704 P.2d 183] .

DIVISION III: COMMERCIAL TRANSACTIONS
CHAPTER 50 ADVERTISING AND PROMOTION
PART II. LEGAL BACKGROUND

20-50 California Legal Forms--Transaction Guide § 50.11

§ 50.11 California Regulation of Advertising

[1] False or Deceptive Advertising

[a] General Prohibition of False or Deceptive Advertising

Generally, untrue or misleading statements are illegal in advertising for the sale of goods, services, or real estate [*Bus. & Prof. Code § 17500*]. However, this does not apply to broadcasting or publishing, including over the internet, an advertisement in good faith, without knowledge of its false, deceptive, or misleading character [*Bus. & Prof. Code § 17502*]. A number of particular types of false or misleading representations that are illegal are specified by statute [*see Bus. & Prof. Code §§ 17530 et seq., 17540 et seq.*]; for a guide, see § 50.120. Note that in some cases, *Bus. & Prof. Code § 17500* could be preempted by federal law [*see, e.g., Silvas v. E*Trade Mortg. Corp. (9th Cir. 2008) 514 F.3d 1001, 1006*]. For discussion, see *California Forms of Pleading and Practice, Ch. 14, Advertising, § 14.12[1]*.

Anyone who makes untrue or misleading advertising statements concerning goods, services, or real estate is guilty of a misdemeanor [*Bus. & Prof. Code § 17500*] and is subject to a civil penalty [*Bus. & Prof. Code § 17536(a)*] and an injunction [*see Bus. & Prof. Code § 17535; see, e.g., Day v. AT&T Corp. (1998) 63 Cal. App. 4th 325, 335-337, 74 Cal. Rptr. 2d 55* (action that sought only to enjoin misleading or deceptive practices in advertising of phone card rates and sought no monetary recovery did not implicate federal "filed rate doctrine" under 47 U.S.C. § 203 and could proceed under *Bus. & Prof. Code §§ 17200, 17500*)]. A violator of an injunction is subject to a civil penalty [*Bus. & Prof. Code § 17535.5(a)*].

[b] Civil Remedies for False or Deceptive Advertising

Consumers are entitled to sue for damages for the types of misrepresentations proscribed by the California Consumers Legal Remedies Act [*Civ. Code § 1750 et seq.*; for discussion and forms, see *California Forms of Pleading and Practice, Ch. 504, Sales: Consumers Legal Remedies Act* (Matthew Bender)]. Certain specifically listed types of misrepresentations made by any person in any transaction intended to result in the sale or lease of goods or services to any consumer are illegal [*see Civ. Code § 1770*; for a guide, see § 50.120]. Individual actions and class actions by consumers are authorized, in addition to common law or statutory remedies available to consumers and the Attorney General [*Civ. Code § 1780 et seq.; see Civ. Code § 1752*]. As a prerequisite to an action for damages, a consumer must

notify the advertiser of the alleged misrepresentation and demand rectification [*see Civ. Code § 1782(a)*]. No suit may be brought if the advertiser takes appropriate corrective action [*see Civ. Code § 1782(b), (c)*].

The Consumers Legal Remedies Act applies to advertisers, but not to the owners or employees of any advertising medium that publishes the prohibited representations, in the absence of proof that they knew that the representations were unlawful [*Civ. Code § 1755*]. Moreover, anyone who unintentionally perpetrated a deceptive practice under *Civ. Code § 1770* and makes the appropriate correction is excused from liability for damages [*see Civ. Code § 1784*].

For additional discussion of the Consumers Legal Remedies Act, see Ch. 92, *Service Contracts* .

[2] Outdoor Advertising

[a] General Standards for Outdoor Advertising

The Outdoor Advertising Act [*Bus. & Prof. Code § 5200 et seq.; see 4 Cal. Code Reg. § 2240 et seq.* (regulations)] regulates the placement of advertising displays within view of highways located in unincorporated areas and within 660 feet of main highways located within incorporated areas of the state [*Bus. & Prof. Code § 5271*]. It does not regulate advertising displays placed along city and county streets and roads. Rather, it permits local entities to enact zoning regulations to control those displays [*see [g], below; for discussion of constitutional considerations relating to governmental regulation of advertising, see § 50.10[1]*].

A license is required to engage in the outdoor advertising business [*see Bus. & Prof. Code § 5300 et seq.; § 50.240 (form)*]. Permits may be required for individual advertising displays [*see Bus. & Prof. Code § 5350 et seq.; § 50.241 (form)*]. The displays themselves also are regulated, and certain types of outdoor advertising displays can be removed by order of the Director of the Department of Transportation (Caltrans) [*see Bus. & Prof. Code § 5400 et seq.*].

In general, no advertising displays may be placed within 660 feet from the right of way of, and the copy of which is visible from, any interstate or primary highway other than those that comply with Caltrans regulations [*Bus. & Prof. Code § 5405*] and give information in the specific interest of the traveling public [*Bus. & Prof. Code § 5405(e); see 23 U.S.C. § 131*]. While the "specific interest of the traveling public" is not defined by statute or in regulations [*see 4 Cal. Code Reg. § 2240 et seq.*], the Legislature has found that outdoor advertising is a legitimate commercial use of property and an integral part of the business and marketing function that should be allowed to exist, subject to reasonable controls in the public interest [*see Bus. & Prof. Code § 5226*].

A display that meet the requirements discussed in the preceding paragraph and advertises the business conducted on the property where the display is located [*Bus. & Prof. Code § 5405(c)*], and "for sale" and "for rent" signs [*Bus. & Prof. Code § 5405(b); see [d], below*], are not subject to the foregoing regulation. No advertising display may be placed beyond the 660-foot limit outside of business or urban areas if it is visible from the highway unless it is within one of the categories permitted by *Bus. & Prof. Code § 5405* [*Bus. & Prof. Code § 5408.1(a)*].

Temporary political signs are permitted [*Bus. & Prof. Code § 5405.3*], as are directional displays for farm produce outlets [*Bus. & Prof. Code § 5405.5*]. Certain types of displays may be placed on bus passenger shelters or benches [*see Bus. & Prof. Code § 5408.5*].

[b] Specific Requirements for Outdoor Advertising

The name of the person who owns or maintains an advertising structure must be plainly displayed on the structure [*Bus. & Prof. Code § 5400*]. Advertising structures must be built to withstand a wind pressure of 20 pounds per square foot of exposed surface [*Bus. & Prof. Code § 5401*]. Obscene, indecent, or immoral displays are prohibited [*Bus. & Prof. Code § 5402; see People v. Turner (1976) 55 Cal. App. 3d Supp. 74, 76, 128 Cal. Rptr. 638* (statute is not unconstitutionally

vague)].

No advertising display may be placed within the right of way of any highway. Displays that are visible from a highway may not simulate an official warning or information sign, use a red or flashing light likely to be mistaken for a warning or danger signal, be placed on trees or other natural features, or impair the vision of travelers on adjacent highways. Illumination will be considered vision-impairing when its brilliance exceeds the values set forth in *Veh. Code* § 21466.5 [Bus. & Prof. Code § 5403; see 4 Cal. Code Reg. § 2305 (standards for regulating outdoor advertising on protected bonus segments of interstate highway)].

Displays may not be placed outside of any business district, any unincorporated town, or certain subdivided areas within 300 feet from an intersection, except on structures that already obstruct the view of approaching vehicles for that distance, or in such a way that they prevent any traveler on any highway from having a clear view of approaching vehicles for 500 feet [Bus. & Prof. Code § 5404].

[c] Advertising Displays in Business Areas

Advertising displays not in violation of the statutory standards may be placed within 660 feet of an interstate or primary highway if placed in a business area and if they meet certain specific requirements. Business-area displays may not exceed 1,200 square feet in area and may not exceed 25 feet in height or 60 feet in length, including border and trim [Bus. & Prof. Code § 5408(a)].

Those displays may not be so illuminated that they interfere with the effectiveness of, or obscure, official traffic devices. They may not include flashing or moving lights (except for public service information such as time or temperature) or lights directed at travelers that would cause glare, impair vision, or interfere with the operation of motor vehicles [see Bus. & Prof. Code § 5408(b)]. They may not obstruct or interfere with official traffic devices or the vision of drivers in approaching, merging, or intersecting traffic [see Bus. & Prof. Code § 5408(c)], and they must be separated from each other [see Bus. & Prof. Code § 5408(d)].

[d] Advertising Displays Adjacent to Landscaped Freeways

Advertising displays adjacent to landscaped freeways are severely limited [see Bus. & Prof. Code § 5440]. The only type of displays generally allowed are those that advertise goods manufactured or produced, or services rendered, on the property where the displays are placed, those that designate the owner or occupant of the premises on which the display is placed or that identify the premises, or "for sale" or "for lease" signs placed on the subject property [Bus. & Prof. Code § 5442; see Bus. & Prof. Code §§ 5442.7, 5442.8, 5442.9 (limited exceptions); see also *Dept. of Transportation v. Maldonado* (2001) 86 Cal. App. 4th 1225, 1230-1233, 104 Cal. Rptr. 2d 66 (affirming trial court's judgment enjoining property owner from violations; challenged advertising did not fall within statutory exception)].

[e] Advertising Displays Along Scenic Highways and Byways

Generally, no advertising display may be placed or maintained along any highway or segment of any interstate highway or primary highway that is an officially designated scenic highway or scenic byway [Bus. & Prof. Code § 5440.1; see 23 U.S.C. § 131(s)]. The only types of advertising displays permitted are those used exclusively for any of the following purposes [Bus. & Prof. Code § 5442.5]:

- Directional and official signs and notices, including, but not be limited to, signs and notices pertaining to natural wonders or scenic and historical attractions that are otherwise required or authorized by law and conform to the applicable regulations.
- Signs, displays, and devices advertising the sale or lease of real property on which they are located.

- Signs, displays, and devices, including, but not limited to, those that may be changed at reasonable intervals by electronic process or by remote control, advertising activities conducted on the property on which they are located.
- Landmark signs, including signs on farm structures or natural surfaces, or of historic or artistic significance.
- Signs, displays, and devices advertising the distribution by nonprofit organizations of free coffee to individuals traveling on the interstate or primary highway system.

[f] Message Center Displays

In addition to the classifications of outdoor advertising permitted within the 660-foot range, "message center displays" complying with all requirements of the Outdoor Advertising Act may be operated [*Bus. & Prof. Code § 5405(d)*; see *Bus. & Prof. Code § 5405(a)-(c)*; [a]-[e], *above*]. The illumination or appearance of illumination resulting in a message change of a message center display is not the use of flashing, intermittent, or moving light for the purpose of *Bus. & Prof. Code § 5408(b)* [*Bus. & Prof. Code § 5405(d)(1)*; see *Bus. & Prof. Code § 5408(b)* (advertising displays in business areas); [c], *above*]. However, no message center display may include any illumination or message change that is in motion or appears to be in motion or that changes in intensity or exposes its message for less than four seconds [*Bus. & Prof. Code § 5405(d)(1)*]. No message center may be placed within 1,000 feet of another message center display on the same side of the highway, or placed in violation of 23 U.S.C. § 131 (control of outdoor advertising) [*Bus. & Prof. Code § 5405(d)(1)*].

Message center displays located beyond the 660-foot limit and permitted by a city, county, or city and county on or before December 31, 1988, are deemed to be in compliance with permit requirements and structural regulations [*Bus. & Prof. Code § 5405(d)(2)*; see *Bus. & Prof. Code §§ 5350 et seq., 5400 et seq.* (permits; regulations)]. Any message center display legally placed before 1990, but not in conformance with the requirements of *Bus. & Prof. Code § 5405*, may be maintained under its existing criteria if it advertises only the business conducted, services rendered, or goods produced or sold on the property where the display is placed [*Bus. & Prof. Code § 5405(d)(3)*].

[g] Local Zoning Regulation of Outdoor Advertising

Although the Outdoor Advertising Act occupies the whole field of regulation of advertising displays along interstate or primary highways, it does not prohibit enforcement of its provisions by local entities or the passage of county zoning ordinances affecting the placement of advertising displays [*Bus. & Prof. Code § 5227*]. Moreover, cities and counties may enact zoning ordinances imposing restrictions on advertising displays adjacent to any street, road, or highway [*Bus. & Prof. Code § 5230*], and may require licenses and permits for the placement of displays in view of any highway within their boundaries [*Bus. & Prof. Code § 5231*]. For instance, a local building permit could be required, not only for erecting a new billboard but also for reconstructing a billboard if it has been destroyed or substantially damaged [*Viacom Outdoor, Inc. v. City of Arcata (2006) 140 Cal. App. 4th 230, 243-244, 246, 44 Cal. Rptr. 3d 300* (Act cannot be deemed either expressly or implicitly to displace traditional regulatory power of cities and counties, and therefore it does not preempt city's efforts to enforce permit requirements of its building code and sign code)].

A city, county, or city and county may adopt restrictions or prohibitions affecting off-premises message center displays. The restrictions or prohibitions may be equal to or greater than those imposed by *Bus. & Prof. Code § 5405(d)* [see [f], *above*]. However, the ordinance or regulation may not restrict or prohibit on-premises advertising displays [*Bus. & Prof. Code § 5405(d)(4)*; see *Bus. & Prof. Code § 5490 et seq.*]. For example, no city or county may require removal of an on-premises advertising display on the basis of its height or size by requiring conformance with an ordinance or regulation if special topographic circumstances would result in a material impairment of visibility of the display or the

owner's or user's ability to adequately and effectively continue to communicate with the public through the use of the display [see *Bus. & Prof. Code* § 5499; see also *Denny's v. City of Agoura Hills* (1997) 56 Cal. App. 4th 1312, 66 Cal. Rptr. 2d 382 (preexisting business signs were protected under that statute from city signage ordinance)].

Local governmental entities may make relocation agreements regarding existing advertising [*Bus. & Prof. Code* § 5443; see *Bus. & Prof. Code* § 5412].

[h] Compelled Removal of Outdoor Advertising

If any governmental entity requires the removal of a lawfully erected advertising display as a condition or prerequisite for the issuance or continuation of its approval for any activity other than a display, that act constitutes a "compelled removal" [*Bus. & Prof. Code* § 5412.6]. A compelled removal must be compensated [*Bus. & Prof. Code* § 5412]. However, a removal is not "compelled" when the construction for which the entity's approval is requested cannot be done without removing the display [*Bus. & Prof. Code* § 5412.6]. In addition, local agencies may remove certain specified types of advertising displays with compensation [see *Bus. & Prof. Code* § 5412.1].

When the Department of Transportation acquires property, it may relocate existing displays, subject to the approval of the public agency acquiring the property and the approval of the jurisdiction in which the display will be located. However, any relocation may not cause either a reduction in federal highway funds or an impermissible increase in the number of displays within the jurisdiction of a governmental entity [*Bus. & Prof. Code* § 5443.5].

[3] Restrictions When Post Office Box Address Is Used

Anyone operating a business in California who uses a post office box address, private mailbox receiving service, or street address representing a site used to receive or deliver mail or as a telephone answering service must, in the process of selling or offering for sale any consumer goods or services, disclose the legal name under which business is done and the complete street address from which business is actually conducted, in all advertising and promotional materials, including order blanks and forms. Violation of this requirement is a misdemeanor [*Bus. & Prof. Code* § 17538.5(a)], and injunctive and other civil remedies are available [see *Bus. & Prof. Code* §§ 17535, 17536]. A person operating a business from his or her residence is not required to disclose the residence address if the person has filed Form 1583 (Application for Delivery of Mail Through Agent) with the U.S. Postal Service and signed a statutory acknowledgment form provided by the commercial mail receiving agency [*Bus. & Prof. Code* § 17538(b)(2)].

Exemptions apply for persons who sell a preponderance of goods and services at retail from trade premises open to the public and persons who provide services under a license issued by a state entity or (except for mail order or catalog businesses) a city or county that has the person's current business or home address on record and is authorized to reveal that address to inquiring persons [*Bus. & Prof. Code* § 17538.5(b)(1)].

[4] Advertising Grey Market Goods

Any retailer who offers grey market goods [see *Civ. Code* § 1797.8 et. seq.] must make a required disclosure in any advertisement of those goods [*Civ. Code* § 1797.82; see *Civ. Code* §§ 1797.81, 1797.83 (required disclosures)]. For a procedural guide, see § 50.120. Grey market goods are trademarked consumer goods imported into the United States through channels other than the manufacturer's authorized American distributor without the normal express written warranty by the manufacturer [*Civ. Code* § 1797.8(a)].

A retailer who violates this requirement is liable to any buyer who returns the product [*Civ. Code* § 1797.85]. In addition, a violation is unfair competition [see *Bus. & Prof. Code* § 17200], a ground for rescission [*Civ. Code* § 1689], and an unfair method of competition [*Civ. Code* § 1797.86; see *Civ. Code* § 1770(a)(21)].

[5] Direct Mail, Catalog, or Internet Advertising

Orders from a telephone, mail order, catalog, or internet business must be acted on within 30 days unless a different period is conspicuously stated in its advertisements or a shorter time is clearly communicated by the person conducting the transaction [see *Bus. & Prof. Code* § 17538]. Advertisements may indicate that a delay can be expected for a specified period [see *Bus. & Prof. Code* § 17538.3(a)]. Mail order, catalog, or internet advertisers who use a post office box return address must observe other restrictions [see [3], *above*].

[6] Unsolicited E-Mail Advertising

[a] California Requirements for E-Mail

Former *Bus. & Prof. Code* § 17538.4, governing unsolicited commercial e-mail advertising, was repealed effective January 1, 2004. However, a cause of action in existence before that date will be governed by the law that was in effect when that cause of action arose [see *Stats.* 2003, ch. 487, § 4]. The former statute was replaced with a law creating an "opt-in" scheme for regulating unsolicited commercial e-mail [see *Bus. & Prof. Code* § 17529 *et seq.*]. Under that scheme, it is unlawful to advertise to or from a California e-mail address in an unsolicited commercial e-mail [*Bus. & Prof. Code* § 17529.2(a), (b)]; that is, an e-mail as to which the recipient neither (1) has provided direct consent to receive advertisements from the advertiser, nor (2) has a preexisting or current business relationship with the advertiser [*Bus. & Prof. Code* § 17529.1(o); see *Bus. & Prof. Code* § 17529.1(l) (defining preexisting or current business relationship)].

However, it appears probable that the California opt-in law has been pre-empted by federal law [see *15 U.S.C. § 7701 et seq.*, Pub L. 108-187, 117 Stat. 2699 discussed in [b], *below*]. For that reason, the California requirements are not discussed in greater detail here. For additional discussion of the California legislation, see *California Forms of Pleading and Practice*, Ch. 14, *Advertising* (Matthew Bender).

[b] Federal CAN-SPAM Act

[i] Purpose

The Controlling the Assault of Non-Solicited Pornography and Marketing Act of 2003, popularly referred to as the CAN-SPAM Act of 2003 (Act) [*15 U.S.C. § 7701 et seq.*, Pub L. 108-187, 117 Stat. 2699], took effect on January 1, 2004. The Act generally requires unsolicited commercial e-mail messages to be labeled (though not by a standard method) and to include opt-out instructions and the sender's physical address. The Act prohibits the use of deceptive subject lines and false headers in those messages. The Act supersedes any California statute or state or local regulation or rule that expressly regulates the use of electronic mail to send commercial messages, except to the extent that the statute, regulation, or rule prohibits falsity or deception in any portion of a commercial electronic mail message or information attached to it [*15 U.S.C. § 7707(b)(1)*]. It appears probable, therefore, that the statute preempts all or at least most of the California legislation discussed in [a], *above*.

[ii] Scope of Act

The Act regulates commercial electronic e-mail messages. For purposes of the Act, "commercial electronic e-mail message" means "any electronic mail message the primary purpose of which is the commercial advertisement or promotion of a commercial product or service (including content on an Internet website operated for a commercial purpose)." The term does not include a transactional or relationship message [Pub L. 108-187, § 3(2)(A), (B)]. Thus, contacting customers about their accounts or any ongoing services appears to be outside the scope of the Act. It is also unclear whether solicitation from nonprofit organizations are exempt.

In addition, including a reference to a commercial entity or a link to the website of a commercial entity in an electronic mail message (e-mail) does not, by itself, cause the e-mail to be treated as a "commercial electronic mail message" for

purposes of this Act, if the contents or circumstances of the e-mail indicate a primary purpose other than commercial advertisement or promotion of a commercial product or service [15 U.S.C. § 7702(2)(D)].

Unlike California's "opt-in" anti-spam legislation [see *Bus. & Prof. Code § 17529 et seq.*, discussed in [a], *above*], the federal Act takes an "opt-out" approach to spam. Under the California law, marketers would have to prove the "direct consent" of the recipients either in response to a clear and conspicuous request for the consent or at the recipient's own initiative [see *Bus. & Prof. Code § 17529.1(d)*]. In contrast, the federal Act requires a business to stop sending e-mails to those who request to be removed from a list [see 15 U.S.C. § 7704(a)(3), (4); [vii], *below*]. However, the Act directs the Federal Trade Commission to investigate a "Do-Not-E-mail" list approach [see 15 U.S.C. § 7708], which could be similar to the federal "Do-Not-Call" list [see [8][a]].

[iii] Fraud and Related Activity Prohibited

The Act prohibits fraud and related activity. Specifically, the Act makes it a crime to do any of the following [18 U.S.C. § 1037(a)]:

- Access a protected computer without authorization and intentionally initiate the transmission of multiple commercial e-mail messages from or through that computer.
- Use a protected computer to relay or retransmit multiple commercial e-mail messages, with the intent to deceive or mislead recipients, or any Internet access service, about the origin of these messages.
- Materially falsify header information in multiple commercial e-mail messages and intentionally initiate the transmission of those messages.
- Register, using information that materially falsifies the identity of the actual registrant, for five or more e-mail accounts or online user accounts or two or more domain names, and intentionally initiate the transmission of multiple commercial e-mail messages from any combination of those accounts or domain names.
- Falsely represent oneself to be the registrant or the legitimate successor in interest to the registrant of 5 or more Internet Protocol addresses, and intentionally initiate the transmission of multiple commercial e-mail messages from those addresses.
- Conspire to do any of these prohibited acts.

Penalties include a fine, imprisonment, and criminal forfeiture [see 18 U.S.C. § 1037(b); see also 15 U.S.C. § 7706 (civil enforcement provisions)].

[iv] Use of Illegally Obtained E-mail Addresses Prohibited

The Act also prohibits sending e-mail obtained through illegal means, such as by:

- Harvesting e-mail addresses that appear on websites [see 15 U.S.C. § 7704(b)(1)].
- Automatically generating multiple e-mail accounts [see 15 U.S.C. § 7704(b)(2)].
- Relaying or transmitting e-mail obtained through unauthorized access [see 15 U.S.C. § 7704(b)(3)].

[v] Pornography Prohibited

Warning labels must be placed on commercial e-mail containing sexually oriented material [see 15 U.S.C. § 7704(d)]. "Sexually oriented material" means any material that depicts sexually explicit conduct (as defined in 18 U.S.C. § 2256), unless the depiction constitutes a small and insignificant part of the whole, and the remainder of the material is not primarily devoted to sexual matters [15 U.S.C. § 7704(d)(4)]. The Federal Trade Commission will prescribe marks or notices that must be included in the subject heading of the e-mail [see 15 U.S.C. § 7704(d)(1)(A), (3)]. These rules do not apply if the recipient has given prior affirmative consent to receipt of the message [15 U.S.C. 7704(d)(2)].

Penalties for knowingly violating these rules include fine and imprisonment, or both [15 U.S.C. § 7704(d)(5)].

[vi] Sending False or Misleading E-Mail Transmission Information Prohibited

The Act also prohibits sending false or misleading transmission information, including the following:

- Initiating a transmission to a protected computer of a commercial e-mail message, or a transactional or relationship message, that contains materially false or materially misleading header information [15 U.S.C. § 7704(a)(1)].
- Initiating a transmission to a protected computer of a commercial e-mail message if the person transmitting the message has knowledge (actual or fairly inferred) that the message subject heading would be likely to mislead a recipient about a material fact regarding the contents or subject matter of the message [15 U.S.C. § 7704(a)(2)].

It is also unlawful for a person to promote, or allow the promotion of, that person's trade or business by e-mail with false or misleading information if that person knows, or should have known in the ordinary course of that person's trade or business, that the goods were being promoted in such a message and took no reasonable effort to prevent the transmission [15 U.S.C. § 7705(a); see 15 U.S.C. § 7705(b) (when liability is imputed to third-party promoter)].

[vii] Inclusion of Identifier, Opt-Out, and Physical Return Address in Commercial E-Mail

A commercial e-mail must contain a functioning return e-mail address or other Internet-based mechanism, clearly and conspicuously displayed, that the recipient may use to submit a reply e-mail requesting no further solicitation [see 15 U.S.C. § 7704(a)(3)(A)]. The e-mail also must include clear and conspicuous identification that the message is an advertisement or solicitation; clear and conspicuous notice of the opportunity to decline to receive further commercial electronic mail messages from the sender; and a valid physical postal address of the sender [15 U.S.C. § 7704(a)(5)(A)].

If a recipient makes a request not to receive some or any commercial e-mail messages, the sender, or any person acting on behalf of the sender, may not send a commercial e-mail that falls within the scope of the recipient's request more than 10 days after the request, [see 15 U.S.C. § 7704(a)(4)(A)(i)-(iii)]. In addition, the sender, or any other person who knows that the recipient has made such a request, may not sell, lease, exchange, or otherwise transfer or release the e-mail address of the recipient (including through any transaction or other transfer involving mailing lists bearing the e-mail address of the recipient), except to comply with the Act [15 U.S.C. § 7704(a)(4)(A)(iv)].

[c] Violation of E-Mail Service Provider's Policy

No registered user [see Bus. & Prof. Code § 17538.45(a)(5)] of any electronic mail service provider [see Bus. & Prof. Code § 17538.45(a)(3)] may use or cause to be used that electronic mail service provider's equipment located in California in violation of that electronic mail service provider's policy prohibiting or restricting the use of its service or equipment for the initiation of unsolicited electronic mail advertisements [Bus. & Prof. Code § 17538.45(b)]. No individual, corporation, or other entity may use or cause to be used, by initiating an unsolicited electronic mail

advertisement, any electronic mail service provider's equipment located in California in violation of that electronic mail service provider's policy prohibiting or restricting the use of its equipment to deliver unsolicited electronic mail advertisements to its registered users [*Bus. & Prof. Code § 17538.45(c)*]. An electronic mail service provider may not sue a specific defendant under both *Bus. & Prof. Code § 17529.8* and *Bus. & Prof. Code § 17538.45* for the same unsolicited commercial electronic mail advertisement [*Bus. & Prof. Code § 17538.45(f)(4)*]. For discussion of a cause of action for damages under *Bus. & Prof. Code § 17529.8*, see California Forms of Pleading and Practice, Ch. 14, *Advertising* (Matthew Bender).

An unsolicited electronic mail advertisement is any electronic mail message, the principal purpose of which is to promote, directly or indirectly, the sale or other distribution of goods or services to the recipient, that is (1) addressed to a recipient with whom the initiator does not have an existing business or personal relationship and (2) not sent at the request of or with the express consent of the recipient [see *Bus. & Prof. Code § 17538.45(a)(1), (2)*]. "Initiation" of an unsolicited electronic mail advertisement refers to the action by the initial sender of the electronic mail advertisement. It does not refer to the actions of any intervening electronic mail service provider that may handle or retransmit the electronic message [*Bus. & Prof. Code § 17538.45(a)(4)*].

An electronic mail service provider is not required to create a policy prohibiting or restricting the use of its equipment for the initiation or delivery of unsolicited electronic mail advertisements [*Bus. & Prof. Code § 17538.45(d)*].

Nothing in *Bus. & Prof. Code § 17538.45* limits or restricts the rights of an electronic mail service provider under 47 U.S.C. § 230(c)(1) (protection for "good samaritan" blocking and screening of offensive material: treatment of publisher or speaker), or any decision of an electronic mail service provider to permit or to restrict access to or use of its system, or any exercise of its editorial function [*Bus. & Prof. Code § 17538.45(e)*].

Note that *Bus. & Prof. Code § 17538.45* may be preempted by the federal CAN-SPAM Act of 2003 [15 U.S.C. § 7701 *et seq.*]. The preemption provisions of the CAN-SPAM Act applies to any California statute that expressly regulates the use of electronic mail to send commercial messages, except to the extent that the statute, regulation, or rule prohibits falsity or deception in any portion of a commercial electronic mail message or information attached to it [15 U.S.C. § 7707(b)(1); see [b][i], *above*].

[7] Mobile Telephony (Cell Phones), Pager, and Two-Way Messaging Services

Generally, no person, entity conducting business, candidate, or political committee in California may transmit or cause to be transmitted a text message advertisement to a mobile telephony services handset, pager, or two-way messaging device that is equipped with short-message capability or any similar capability allowing the transmission of text messages. [*Bus. & Prof. Code § 17538.41(a)(1)*]. "Mobile telephony service" (a term in use at the Public Utilities Commission and the Federal Communications Commission) means commercially available interconnected mobile phone services that provide access to the public switched telephone network (PSTN) via mobile communication devices employing radiowave technology to transmit calls, including cellular radiotelephone, broadband Personal Communications Services (PCS), and digital Specialized Mobile Radio (SMR) [*Bus. & Prof. Code § 17538.41(g)*]. This proscription applies when a text message advertisement is transmitted to a number assigned for mobile telephony, pager, or two-way messaging service to a California resident [*Bus. & Prof. Code § 17538.41(a)(2)*].

A text message advertisement is a message, the principal purpose of which is to promote the sale of goods or services, or to promote a political purpose or objective, to the recipient, and consisting of advertising material for the lease, sale, rental, gift offer, or other disposition of any realty, goods, services, or extension of credit, or advertising material for political purposes [*Bus. & Prof. Code § 17538.41(a)(1)*].

Bus. & Prof. Code § 17538.41 does not apply to the following:

- Text messages transmitted at the direction of a person or entity offering mobile telephony, pager, or two-way messaging service, if the subscriber is offered an option not to receive those text messages [*Bus. & Prof. Code § 17538.41(b)*].

- Text messages transmitted by a business, candidate, or political committee that has an existing relationship with the subscriber, if the subscriber is offered an option not to receive text messages from that business, candidate, or political committee [*Bus. & Prof. Code § 17538.41(c)*].

- Text messages transmitted by an affiliate (that is, any company that controls, is controlled by, or is under common control with, another company) of a business that has an existing relationship with the subscriber, but only if the subscriber has provided consent to the business with which he or she has that relationship to receive text messages from affiliates of that business [*Bus. & Prof. Code § 17538.41(d)*].

- Electronic mail messages that are forwarded without the knowledge of the sender, to a mobile telephony services handset, pager, or two-way messaging device [*Bus. & Prof. Code § 17538.41(e)*].

There is no obligation on a person or entity offering mobile telephony, pager, or two-way messaging service, to control the transmission of a text message unless the message is transmitted at the direction of that person or entity [*Bus. & Prof. Code § 17538.41(f)*].

[8] Telephone Advertising

[a] "Do Not Call" List

The California Attorney General is required to maintain a "do not call" list containing the telephone numbers and ZIP codes of residential or wireless telephone subscribers who do not want to receive unsolicited and unwanted telephone calls from telephone solicitors [*Bus. & Prof. Code § 17591*]. For these purposes, a "telephone solicitor" is any person or entity who, on his or her own behalf or through salespersons or agents, announcing devices, or otherwise, makes or causes a telephone call that does any of the following to be made to a California telephone number [*Bus. & Prof. Code § 17592(a)*]:

- Seeks to offer a prize, or to rent, sell, exchange, promote, give, or lease goods or services or documents that can be used to obtain goods or services.
- Offers or solicits, or seeks to offer or solicit, any extension of credit for personal, family, or household purposes.
- Seeks marketing information that will or may be used for the direct solicitation of a sale of goods or services to the subscriber.
- Seeks to sell or promote any investment, insurance, or financial services.
- Seeks to make any telephone solicitation or attempted telephone solicitation described in *Bus. & Prof. Code § 17511.1*, which lists various specific telephone solicitation representations relating to offers of no-cost items, prizes, gifts, reduced-price goods, sales of specific types of goods (such as gold, silver, or other metals, coins, gemstones, oil, gas, or mineral interests), obtaining or arranging loans or credit, and other specified activities.

A person or entity does not necessarily qualify as a telephone solicitor if the products or services of the person or entity are sold or marketed by an independent contractor whose business practices are not controlled by the person or entity [

Bus. & Prof. Code § 17592(b)].

With specified exceptions [see [b], *below*], telephone solicitors may not call any telephone number, beginning on or after the 31st day after the then current do not call list becomes available, to, among other things, seek to offer a prize, to rent, sell, exchange, promote, gift, or lease any goods or services; to offer or solicit credit, or to seek to offer or solicit credit, for personal family or household uses; to seek marketing information that will, or may, be used for a direct solicitation of a subscriber; or to seek to sell or promote any investment, insurance, or financial services [see *Bus. & Prof. Code § 17592(c)*; see also *Bus. & Prof. Code § 17591* (unlawful uses of list)]. In addition, persons who sell, lease, exchange, or rent telephone solicitation lists--except for directory assistance lists and telephone directories that list substantially all publicly available telephone numbers in a specific geographic area--may not include in their lists telephone numbers that appear on the then current do not call list [*Bus. & Prof. Code § 17592(d)*].

Violators of any of these provisions may be subject to an injunction, civil penalties, and any other relief the court deems proper [see *Bus. & Prof. Code § 17593(a), (b)*; see also *Bus. & Prof. Code § 17593(d)* (affirmative defenses includes that violation was accidental and in violation of solicitor's procedures)]. These rights and remedies are cumulative of any other rights, remedies, and penalties under other law [*Bus. & Prof. Code § 17593(c)*].

In general, it is an abusive telemarketing act or practice and a violation of the Federal Trade Commission's telemarketing rule [see 16 C.F.R. pt. 310] for a telemarketer (or for a seller to cause a telemarketer) to initiate a telephone call to a person whose number is on a national do not call list maintained by the FTC, unless the telemarketer (or seller) has that person's express written permission or has an established business relationship with that person [16 C.F.R. § 310.4(b)(1)(iii)(B); but see 16 C.F.R. § 310.4(b)(3) (safe harbor standards for immunity of telemarketers and sellers)].

The California Attorney General has elected to coordinate the California do not call list with the FTC's national do not call list. Compliance information for telemarketers and sellers, along with information about consumer registration, can be found on a web site maintained by the California Attorney General at <http://nocall.doj.state.ca.us/> and on the FTC's web site at <http://www.ftc.gov/>.

Effective January 1, 2004, any contact with a consumer located in California that is made in connection with a telephone solicitation (made in or from outside California) for the purchase of goods or services primarily for personal, family, or household use is unlawful if the telemarketer is in violation of Section 310.4(a)(6)(i) of the FTC's telemarketing rule [*Civ. Code § 1670.6*], which requires that a seller or telemarketer making an offer involving both preacquired account information and a "free-to-pay conversion" (or "opt-out free trial") must (1) obtain from the customer, at a minimum, the last four digits of the account number to be charged, (2) obtain from the customer his or her express agreement to be charged for the goods or services and to be charged using the account for which the consumer provided the four digits, and (3) make and maintain an audio recording of the entire telemarketing transaction [16 C.F.R. § 310.4(a)(6)(i)].

Additionally, any contact with a consumer located in California that is made in connection with a telephone solicitation for the purchase of goods or services primarily for personal, family, or household use is unlawful if the telemarketer has not complied with Section 310.5(a)(5) of the FTC's telemarketing rule [*Civ. Code § 1670.6*], which provides that a telemarketer must keep specified authorizations or records for 24 months [16 C.F.R. § 310.5(a)(5)].

[b] Exceptions to Restrictions on Telephone Advertising

The rules regulating unsolicited and unwanted telephone solicitations discussed in [a], *above*, do not apply to telephone calls made in any of the following circumstances:

- In response to the express agreement, in writing, of the subscriber to place calls to that California

telephone number [see *Bus. & Prof. Code § 17592(e)(1)*].

- In response to the express request of the subscriber [*Bus. & Prof. Code § 17592(e)(2)*].
- In connection with the collection of a debt or the offer by a creditor to the subscriber of an extension of credit to pay a delinquent obligation owed by the subscriber to that creditor [*Bus. & Prof. Code § 17592(e)(3)*].
- To a subscriber, if the telephone solicitor has an established business relationship with the subscriber [see *Bus. & Prof. Code § 17592(e)(4)*].
- By an individual business person or a small business (excluding a telemarketing business) that employs no more than five full-time or part-time employees or independent contractors, if the individual business person or a principal of the small business makes the telephone calls himself or herself for the sale of goods or services offered by the person or business, and the telephone calls are made to subscribers within a 50-mile radius of the location of the individual person or business [see *Bus. & Prof. Code § 17592(e)(5)*].
- Solely to verify that a subscriber, and not an unauthorized third party, has terminated an established business relationship [*Bus. & Prof. Code § 17592(e)(6)*].
- By a tax-exempt charitable organization [*Bus. & Prof. Code § 17592(e)(7)*].
- To solicit a donation without the purchase of goods or services [*Bus. & Prof. Code § 17592(e)(8)*].

For these purposes, "express agreement" or "express request" does not include any consent or permission included in any contract of adhesion [*Bus. & Prof. Code § 17592(e)(1), (2)*; see *Bus. & Prof. Code § 17592(e)(2)(A)-(D)* (when telephone calls are presumed not to be made at subscriber's express request)]. "Express request" may include a telephone call from a person or entity who has been provided the subscriber's telephone number and name as a referral from a solicitor with which the subscriber has an established business relationship, if that solicitor has obtained the subscriber's express request for the referral [*Bus. & Prof. Code § 17592(e)(2)*].

"Established business relationship" in this context means a relationship between a seller and a subscriber based on the subscriber's purchase, rental, or lease of the seller's goods or services or a financial transaction between the consumer and seller, within the 18 months immediately preceding the date of a telemarketing call [*Bus. & Prof. Code § 17592(e)(4)*]. Further, if a subscriber purchases or obtains a product or service through a licensed agent or broker, an established business relationship is created with the licensed agent or broker individually, apart from and in addition to, any established business relationship that may have been created by a licensed agent or broker acting on behalf of another. In these circumstances, the licensed agent or broker is a "telephone solicitor" [*Bus. & Prof. Code § 17592(e)(4)*; see also *Bus. & Prof. Code § 17592(a)* ("telephone solicitor" defined)].

In addition, a telephone solicitor is not prohibited from contacting by mail a subscriber whose telephone number appears on the "do not call" list to obtain the subscriber's express written permission allowing the telephone solicitor to make the calls described in *Bus. Code § 17592(c)* [*Bus. & Prof. Code § 17592(f)(1)*; see *Bus. & Prof. Code §§ 17592(f)(2)* (required disclosures), *17592(f)(3)* (exceptions to disclosure requirement); see also [a], above (discussing *Bus. & Prof. Code § 17592(c)*)]. In any dispute regarding whether a subscriber has provided this express written permission, the telephone solicitor has the burden of proving that the subscriber has provided this permission by producing the original or a facsimile document, signed by the subscriber, showing that permission [*Bus. & Prof. Code § 17592(f)(4)*].

[9] Unsolicited Advertising Faxes

Generally, no person or entity may use any telephone facsimile machine, computer, or other device to send, or cause another person or entity to send, an unsolicited advertisement to a fax machine, if either the person or entity or the recipient is located within California [*Bus. & Prof. Code § 17538.43(b)*; see *Bus. & Prof. Code § 17538.43(a)* (definitions)].

The recipient of an unsolicited advertising fax may bring an action for injunctive relief, actual damages or statutory damages of \$500 per violation, whichever is greater, or both injunctive relief and damages [*Bus. & Prof. Code § 17538.43(b)(2)*]. If the violation is willful, a court may award treble damages [*Bus. & Prof. Code § 17538.43(b)(2)(C)*].

A person or entity also may not initiate a fax using a machine that does not provide specified identification, or use a device to send a message via a fax, unless the message is clearly marked with specified identifying information, if either the person or entity is located in California or the recipient is located in California [*Bus. & Prof. Code § 17538.43(c)(1), (2)*]. This identifying information includes the date and time sent, an identification of the business, other entity, or individual sending the message, and the telephone number of the sending machine or of the business, other entity, or individual. This information must appear in a margin at the top or bottom of each transmitted page or on the first page of each transmission [*Bus. & Prof. Code § 17538.43(c)(1), (2)*].

These provisions do not apply to fax sent by or on behalf of a professional or trade association that is a tax-exempt nonprofit organization, in furtherance of the association's tax-exempt purpose to a member of the association, if all of the following conditions are met *Bus. & Prof. Code § 17538.43(d)*:

- The member voluntarily provided the association the fax number to which the fax was sent.
- The fax is not primarily for the purpose of advertising the commercial availability or quality of any property, goods, or services of one or more third parties.
- The member who is sent the fax has not requested that the association stop sending faxes for the purpose of advertising the commercial availability or quality of any property, goods, or services of one or more third parties.

[10] Spyware Advertisements

Under the Consumer Protection Against Computer Spyware Act (Act) [*Bus. & Prof. Code § 22947 et seq.*], a person or entity who is not an authorized user of a computer owned by a person in California may not, with actual knowledge, conscious avoidance of actual knowledge, or willfully, take control of the consumer's computer by opening multiple, sequential, stand-alone advertisements in the consumer's Internet browser without the authorization of an authorized user and with knowledge that a reasonable computer user cannot close the advertisements without turning off the computer or closing the consumer's Internet browser [*Bus. & Prof. Code § 22947.3(a)(4)*; see *Bus. & Prof. Code § 22947.1(a)* (definitions)]. For further discussion of the Act, see *Ch. 57, Computer-Related Transactions*, § 57.39.

[11] Advertising of Information Access Services

A variety of activities related to soliciting and advertising information access services and telephone numbers with the 900 prefix are prohibited, including soliciting by automatic dialing devices, requiring callers to dial more than one 900-prefix number, and advertising that information access services are free [*Bus. & Prof. Code § 17539.5(b)*; see *Bus. & Prof. Code § 17539.5(a)* (definitions)]. Anyone soliciting or selling information access services must make certain required disclosures in all solicitations [see *Bus. & Prof. Code § 17539.5(c)*].

Solicitations and sales of information access services that offer the opportunity to participate in sweepstakes [see *Bus. & Prof. Code § 17539.5(a)(12)* (definition)] must meet additional requirements [see *Bus. & Prof. Code § 17539.5(d)-(e)*]. Persons soliciting callers may not state or imply that the person solicited will receive a prize in a sweepstakes except in specified situations [see *Bus. & Prof. Code § 17539.5(h)*]. To operate a sweepstakes through the use of a 900-prefix number, the information provider must first register with the Department of Justice [*Bus. & Prof. Code § 17539.55(a)*; see *Bus. & Prof. Code § 17539.55(b)* (contents of registration)].

If incentives are offered in a solicitation for an information access service, all restrictions, qualifications, and deadlines relating to the incentives must be disclosed [*Bus. & Prof. Code § 17539.5(f)*]. Persons soliciting callers may not state or imply that the caller is part of a significantly limited group unless that is true [*Bus. & Prof. Code § 17539.5(g)*]. Phone-in games of skill are subject to additional regulations [see *Bus. & Prof. Code § 17539.5(j)*].

[12] Open-End Consumer Credit Advertising

A seller may not advertise any method of payment for goods, property, or services purchased through the use of consumer credit under an open-end credit plan accepted for purchases by more than one seller unless certain clear and conspicuous disclosures are made [*Bus. & Prof. Code § 17538.7(a)*]. These include the details of the price and the down payment [*Bus. & Prof. Code § 17538.7(a)(1)*], payment details [*Bus. & Prof. Code § 17538.7(a)(2)*], finance charge data [*Bus. & Prof. Code § 17538.7(a)(3)*], and other specified information [see *Bus. & Prof. Code § 17538.7(a)(4)-(6)*]. Catalogs or multi-page advertisements may make these disclosures in a clear and conspicuous table [see *Bus. & Prof. Code § 17538.7(b)*]. For a guide to the required disclosures, see § 50.120.

In any such advertising, the cash price must be clearly and conspicuously stated next to the payment terms [*Bus. & Prof. Code § 17538.7(c)*]. Bait terms may not be advertised [see *Bus. & Prof. Code § 17538.7(d)*]. The terms in the statute have the same meanings as in the federal Truth in Lending Act regulations (Regulation Z) [*Bus. & Prof. Code § 17538.7(e)*].

[13] Automatic Purchase Renewals and Continuous Service Offers

Effective December 1, 2010, *Bus. & Prof. Code § 17600 et seq.* governs automatic purchase renewals and continuous service offers [*Bus. & Prof. Code § 17606*]. For these purposes, "automatic renewal" means a plan or arrangement in which a paid subscription or purchasing agreement is automatically renewed at the end of a definite term for a subsequent term [*Bus. & Prof. Code § 17601(a)*]. A "continuous service" is a plan or arrangement in which a subscription or purchasing agreement continues until the consumer cancels the service [*Bus. & Prof. Code § 17601(e)*].

The law was enacted to end the practice of ongoing charging of consumer credit or debit cards or third-party payment accounts without the consumers' explicit consent for ongoing shipments of a product or ongoing deliveries of service [*Bus. & Prof. Code § 17600*].

On and after December 1, 2010, it is unlawful for any business making an automatic renewal or continuous service offer to a consumer in California to do any of the following [see *Bus. & Prof. Code § 17602(d)* (requirements generally apply only prior to completion of initial order for automatic renewal or continuous service)]:

- Fail to present the automatic renewal or continuous service offer terms in a clear and conspicuous manner [*Bus. & Prof. Code § 17602(a)(1)*].
- Charge the consumer for an automatic renewal or continuous service without first obtaining the consumer's affirmative consent to the agreement containing the automatic renewal offer terms or continuous service terms [*Bus. & Prof. Code § 17602(a)(2)*].

- Fail to provide an acknowledgment that includes the automatic renewal or continuous service offer terms, cancellation policy, and information regarding how to cancel in a manner that is capable of being retained by the consumer [*Bus. & Prof. Code § 17602(a)(3)*].

If the offer includes a free trial, the business must disclose in the acknowledgment how to cancel and allow the consumer to cancel before the consumer pays for the goods or services [*Bus. & Prof. Code § 17602(a)(3)*; *see Bus. & Prof. Code § 17602(b)* (cost-effective, timely, easy-to-use mechanism to contact seller must be described in acknowledgment)].

If there is a material change in the terms of the automatic renewal or continuous service offer that has been accepted by a consumer in California, the business must provide the consumer with a clear and conspicuous notice of the material change and provide information on how to cancel in a form that the consumer may retain [*Bus. & Prof. Code § 17602(c)*].

If a business sends any goods, wares, merchandise, or products to a consumer under a continuous service agreement or automatic renewal of a purchase, without first obtaining the consumer's affirmative consent, the goods, wares, merchandise, or products will be deemed an unconditional gift to the consumer, who may dispose of them in any manner [*Bus. & Prof. Code § 17603*].

Except as specified, a violation of these provisions is not a crime, but is subject to enforcement by any available civil remedies [*Bus. & Prof. Code § 17604(a)*; *see Bus. & Prof. Code § 17604(b)* (exception for business that complies with statutory provisions in good faith)].

Certain services and businesses are exempt from these requirements [*see Bus. & Prof. Code § 17605*].

CHAPTER 50 ADVERTISING AND PROMOTION
PART II. LEGAL BACKGROUND

20-50 California Legal Forms--Transaction Guide § 50.12

§ 50.12 Federal Trade Commission Act

[1] In General

The Federal Trade Commission (FTC) regulates advertisements in interstate commerce that constitute unfair or deceptive acts or practices under various provisions of the Federal Trade Commission Act [see 15 U.S.C. §§ 45, 52, 57a, 64; see also *California Dental Ass'n v FTC* (1999) 526 U.S. 756, 119 S. Ct. 1604, 143 L. Ed. 2d 935 (although jurisdiction of FTC extended to California Dental Association, abbreviated or "quick look" analysis by federal appeals court was not sufficient to justify finding that certain advertising restrictions adopted by association violated 15 U.S.C. § 45)]. The commercial speech exception to the *First Amendment* [see § 50.10[1]] applies when the commercial expression is unlawful or misleading. FTC orders affecting direct home solicitation of customers are even less subject to constitutional restraints. In-person solicitation, because of its potential for abuse, can be more strictly regulated than public advertising [*Grolier, Inc. v. F.T.C.* (9th Cir. 1983) 699 F.2d 983, 988] .

[2] Advertising as Interstate Commerce

The dissemination of advertising on a nationwide scale is interstate commerce. Interstate commerce is involved when the medium disseminates news from other states or, in the case of print media, the paper on which the medium is printed has been shipped across state borders [see *Lorain Journal Co. v. United States* (1951) 342 U.S. 143, 150, 151, 72 S. Ct. 181, 96 L. Ed. 162] . Further, the copy and other materials used in advertising are usually shipped across state borders [see *Indiana Farmer's Guide Pub. Co. v. Prairie F.P. Co.* (1934) 293 U.S. 268, 276, 55 S. Ct. 182, 79 L. Ed. 356] . If payment for advertising is made across state borders, interstate commerce is involved. Interstate commerce is also involved if the goods or services that are advertised in any particular medium are sold across state lines [see *Lorain Journal Co. v. United States* (1951) 342 U.S. 143, 150, 151, 72 S. Ct. 181, 96 L. Ed. 162] .

[3] False Advertising of Food, Drugs, Devices, and Cosmetics

Federal law specifically prohibits the false advertisement of food, drugs, devices, and cosmetics [see 15 U.S.C. § 52]. A "false advertisement" of food, drugs, devices, or cosmetics is an advertisement, other than labeling, that is misleading in a material respect. A determination that the advertising is misleading is made on the basis of not only the representations given but also the extent to which the advertising fails to reveal facts or material in the light of such

representations which may result from the use of the advertised commodity [*see 15 U.S.C. § 55(a)(1)*].

The dissemination of any false advertisement that is likely to induce the purchase in interstate commerce of food, drugs, devices, or cosmetics is prohibited [*15 U.S.C. § 52(a)*]. That type of advertising is an unfair or deceptive act or practice [*see 15 U.S.C. §§ 45, 52(b)*].

The advertiser is liable for fine or imprisonment if the use of the commodity advertised may be injurious to health under the advertised circumstances, or if the violation is with intent to defraud or mislead. The advertising agency or medium is not liable unless it refuses to furnish the advertiser's name and mailing address to the FTC [*15 U.S.C. § 54*].

The FTC may sue in federal district court to temporarily restrain or enjoin false advertising pending a final administrative order, when the FTC believes that dissemination of the material is imminent and the restraint would be in the public interest. A regularly issued publication may go to court to prevent such an order to the extent it appears to the court that the restraint would delay the delivery of the issue beyond its regular time, and that the delay would be the result of the method of the manufacture and distribution of the publication in accordance with sound business practice, rather than any method or device adopted for evasion of the law [*15 U.S.C. § 53(a), (d)*].

[4] Regulation of Unfair or Deceptive Acts

The Federal Trade Commission Act does not specifically prohibit false advertising of services or goods other than food, drugs, devices, or cosmetics. However it gives the FTC extensive authority to define specific acts or practices that are unfair or deceptive and therefore proscribed [*see 15 U.S.C. §§ 45(a)(1), 57a(a)*; *see also California Dental Ass'n v FTC (1999) 526 U.S. 756, 119 S. Ct. 1604, 1607, 143 L. Ed. 2d 935*]. The FTC has issued a number of regulations directly concerning advertising practices. For example, it is an act of unfair competition to engage in deceptive pricing by means of fictitious former price statements [*see 16 C.F.R. § 233.1*] or fictitious or misleading retail price comparisons [*see 16 C.F.R. §§ 233.2, 233.5*]. Advertising a reduction from the manufacturer's list price when in fact the product is seldom sold at the list price is prohibited [*see 16 C.F.R. § 233.3*], and bargain offers based on the purchase of other merchandise are regulated [*see 16 C.F.R. § 233.4*]. Bait advertising also is prohibited [*see 16 C.F.R. pt. 238*]. For a guide to the regulations, see § 50.121.

Deceptive advertising of guarantees is prohibited [*16 C.F.R. pt. 239*; *see § 50.121*] under the Consumer Product Warranties Act [*15 U.S.C. § 2301 et seq.*], which protects consumers with respect to written or implied warranties on tangible personal property and in relation to certain services.

CHAPTER 50 ADVERTISING AND PROMOTION
PART II. LEGAL BACKGROUND

20-50 California Legal Forms--Transaction Guide § 50.13

§ 50.13 Other Federal Regulation of Advertising

[1] False Advertisements Prohibited Under Lanham Act

Under the Lanham Act [15 U.S.C. § 1051 *et seq.*], the use of words or symbols tending falsely to describe advertised goods or services entered into interstate commerce subjects the user to civil liability to the party damaged thereby [see 15 U.S.C. § 1125(a)]. A determination that the challenged descriptions or representations create a likelihood of confusion in the consuming public is central to a finding of false representations in advertising. Representations are not shielded from liability simply because they are literally true. The proscription against false representation [15 U.S.C. § 1125(a)] reaches innuendo, indirect intimations, and ambiguous suggestions evidenced by the consuming public's misapprehension of the hard facts underlining an advertisement [see *Better Business Bureau, Etc. v. Medical Directors* (5th Cir. 1982) 681 F.2d 397, 400]. False representations of a competitor's products and services in a comparative advertising campaign are also actionable under the Act [*U-Haul Int'l, Inc. v. Jartran, Inc.* (9th Cir. 1982) 681 F.2d 1159, 1162].

[2] Truth in Lending Act Restrictions

The Truth in Lending Act [15 U.S.C. § 1601 *et seq.*] provides that credit advertisements may not state that a specific credit amount or installment amount can be arranged unless the creditor usually and customarily arranges or will arrange the credit amount or installment amount [15 U.S.C. § 1662(1)]. Credit advertisements may not state that a specified down payment will be accepted or that none is required in connection with any credit extension, unless the creditor usually and customarily accepts or will accept down payments in that amount [15 U.S.C. § 1662]. For a guide to the requirements for credit advertising, see § 50.122. For additional discussion of the Truth in Lending Act, see Ch. 45, *Consumer Installment Loans and Credit Sales*, and Ch. 46, *Credit Card and Other Open-End Credit Transactions*.

[3] Consumer Lease Advertising

Consumer lease advertising is subject to limitations under the Truth in Lending Act [see 15 U.S.C. § 1667c; see also § 50.123]. A "consumer lease" is a contract in the form of a lease or bailment for the use of personal property by a natural person for a period exceeding four months and for a total contractual obligation not exceeding \$25,000, primarily for

personal, family, or household purposes. The lessee may or may not have an option to purchase or otherwise become the owner of the property at the expiration of the lease. The term "consumer lease" does not include a credit sale, nor does it cover a lease for agricultural, business, or commercial purposes or one made to an organization [15 U.S.C. § 1667(1); 12 C.F.R. § 213.2(e)(1)]. The regulation of consumer lease advertising does not apply to transactions in which personal property is leased as an incident to the lease of real property and the lease provides that the lessee has no liability for the value of the property at the end of the lease term, except for abnormal wear and tear, and the lessee has no option to purchase the leased property [12 C.F.R. § 213.2(e)(3)].

[4] Federal Communications Commission Regulation

The Federal Communications Commission (FCC) regulates broadcast media [see 47 U.S.C. § 151], including a variety of matters relating to broadcast advertisements. For example, the FCC requires that every broadcast commercial identify its sponsor [see 47 C.F.R. § 73.1212], and regulates false, misleading, or deceptive advertising [FCC Public Notice 61-1316], loud commercials [FCC Public Notice 75-880], and program-length commercials [FCC Public Notice 74-77].

The majority of the FCC rules relating to advertising are contained in formal FCC Public Notices and informal communications covering a number of subjects. The notices are made available to the broadcast media. The FCC requires the broadcasters to comply with them and to reject proposed advertising if it fails to comply. For this reason, an advertiser or agency that plans to use radio or television advertising should contact the broadcaster to determine whether a proposed radio or television commercial meets FCC criteria before producing it.

[5] Federal Election Commission Regulation

Federal law forbids corporations, national banks, and labor organizations to pay for "electioneering communications," that is, candidate-focused advertisements transmitted by cable or satellite communication or broadcasted within 30 days of a federal primary election or 60 days of a federal general election, in the jurisdiction in which the candidate is running for office [see 2 U.S.C. §§ 434(f)(3), 441b(a), (b)(2)]. The Federal Election Commission has power to enforce the prohibition [see 2 U.S.C. § 437g].

The prohibition is not unconstitutional on its face but could be subject to a challenge on the ground of being applied in an unconstitutional manner [*Wis. Right to Life, Inc. v. FEC* (2006) 546 U.S. 410, 126 S. Ct. 1016, 1018, 163 L. Ed. 2d 990 (lawsuit challenging application to "grassroots lobbying advertisements" could be pursued in federal courts)].

DIVISION III: COMMERCIAL TRANSACTIONS
CHAPTER 50 ADVERTISING AND PROMOTION
PART II. LEGAL BACKGROUND

20-50 California Legal Forms--Transaction Guide § 50.14

§ 50.14 Advertising Matter as Express Warranty

An express warranty is created by an affirmation of fact or promise made by a seller to a buyer that relates to the goods involved and becomes a part of the bargain between a buyer and a seller. The warranty is that the goods will conform to the affirmation or promise [*Com. Code § 2313(1)(a)*; see, e.g., *McDonnell-Douglas Corp. v. Thiokol Corp.* (9th Cir. 1997) 124 F.3d 1173, 1176-1179 (evidence failed to show that manufacturer of motors used to propel satellites from space shuttle breached express warranty that motors were free from defects in labor, material, or manufacture, or that statements in attached drawings were intended to be additional warranties forming part of parties' bargain)]. Any description of goods that is made part of the bargain creates an express warranty that the goods conform to the description [*Com. Code § 2313(1)(b)*]. A sample that is made part of the basis of the bargain creates an express warranty that all of the goods will conform to the sample [*Com. Code § 2313(1)(c)*]. However, a mere statement of the value of goods or of the seller's opinion or commendation of the goods does not create a warranty [*Com. Code § 2313(2)*].

A statement in an advertisement may be considered an express warranty and part of an implied or written contract of sale. Accordingly, the purchaser of a product who detrimentally relies on representations in advertising material may recover damages on the theory of breach of express warranty. Even the manufacturer can be held liable for breach of the warranty contained in advertising material without any showing of privity between the buyer and the manufacturer [see *Thomas v. Olin Mathieson Chem. Corp.* (1967) 255 Cal. App. 2d 806, 811, 63 Cal. Rptr. 454 ; see also *Smith v. Gates Rubber Co.* (1965) 237 Cal. App. 2d 766, 768, 47 Cal. Rptr. 307] .

NOTE:

A contract for the placement of advertising does not involve the sale of goods under Division 2 of the Commercial Code, which therefore has no application to a case involving or arising from such a contract [*Wall Street Network, Ltd. v. New York Times Co.* (2008) 164 Cal. App. 4th 1171, 1186-1187, 80 Cal. Rptr. 3d 6 (contract obligated one party to place popup ads at web sites of its marketing partners, and then to relay to other party certain information provided by potential customers who responded to those ads; party that placed those ads could not argue that Commercial Code was applicable based on party's theory that it was delivering goods when it relayed that information, since that party was only providing service)].

20-50 California Legal Forms--Transaction Guide § 50.111

§ 50.111 Business Considerations

1. Consider pertinent statutory and common law requirements for copyrights and trademarks [see Ch. 103A, *Copyrights* ; Gilson on Trademarks, Ch. 1, *General Principles* (Matthew Bender)] and ascertain:

- a. What copyrights and trademarks have been registered.
- b. Whether client's proposed advertising might infringe trademarks or copyrights of others.

2. Advise client to determine whether any of its advertising agencies or consultants represent any of client's competitors, or other persons with conflicting interests, which representation would impair agency's ability to fully represent client's best interests [see Rosden, the Law of Advertising, Ch. 1, *The Relationship Between Advertisers and Advertising Agencies* (Matthew Bender)].

3. Consider whether proposed advertising would involve or constitute defamation or invasion of privacy.

NOTE:

This question may arise if the advertising content contains statements about competitors or competitors' products [see Rosden, the Law of Advertising, Ch. 31, *Comparative Advertising* (Matthew Bender)] or contains an individual's name or likeness, testimonial, or endorsement [see Rosden, the Law of Advertising, Ch. 29, *Testimonials and Endorsements*; Ch. 30, *Pictorial Representations* (Matthew Bender)]. For discussion of the issues in the litigation context, see California Forms of Pleading and Practice, Ch. 340, *Libel and Slander* , and Ch. 429, *Privacy* (Matthew Bender).

4. Consider effect of advertising copy as warranty, and advise client:

NOTE:

An advertisement could be interpreted as an express warranty, particularly if the advertised product is sold without any disclaimer. However, a mere statement of the value of goods or of the seller's opinion or commendation of the goods does not create a warranty [*Com. Code § 2313(2)*]. For discussion of express warranties, see § 50.14. Prohibitions against deceptive advertising of guarantees are *covered in § 50.121*.

a. Do not make affirmation of fact or promise relating to goods involved unless goods conform to that affirmation or promise [*Com. Code § 2313(1)(a)*].

b. Do not include description of goods unless they conform to that description [*Com. Code § 2313(1)(b)*].

c. Do not use sample or model as part of advertisement scheme unless all goods will conform to the sample [*Com. Code § 2313(1)(c)*].

5. Consider extent to which advertising medium (such as radio or television) is subject to legal restrictions that could affect client's advertising.

6. Advise client to consider advertising medium's policies with respect to form and content of advertisements.

C. Procedural Guide to Legal Aspects of Advertising

20-50 California Legal Forms--Transaction Guide § 50.120

§ 50.120 California Prohibitions Against False or Misleading Advertising

1. Screen all proposed advertising to ensure that:

- a. It does not violate, or come within, any specific statutory requirement.
- b. It does not contain any untrue or misleading statements concerning sale or disposition of any [*see Bus. & Prof. Code § 17500*]:
 - (1) Real property.
 - (2) Personal property.
 - (3) Services.

NOTE:

Untrue or misleading statements of this nature may not be made in California or from California and communicated to the public in any other state in any newspaper or other publication, radio or television broadcast, advertising device, or any other manner, including over the internet [*Bus. & Prof. Code § 17500; see, e.g., Day v. AT&T Corp.* (1998) 63 Cal. App. 4th 325, 331, 74 Cal. Rptr. 2d 55 (action to enjoin misleading or deceptive practices in advertising of phone card rates)].

2. Ensure that advertiser will not advertise goods or services with the intent not to supply reasonably expectable demand without disclosing limitation of quantity [*Civ. Code § 1770(a)(10)*].

3. If quantity of specific articles to be sold to any customer is to be limited, ensure that advertiser will state restriction [*see Bus. & Prof. Code § 17500.5(a)*].

NOTE:

An advertiser that fails to state a limit in its advertising and then refuses to sell the advertised item at the advertised price in any quantity then available for sale on the premises will be liable to the consumer for damages [*see Bus. & Prof. Code § 17500.5(b)-(d)*].

4. If price is to be described in terms of worth or value, ensure that advertiser will [*Bus. & Prof. Code § 17501*]:

a. Specify prevailing market price:

(1) At time of publication.

(2) In location where published.

b. Describe price as:

(1) Retail worth or value if offer is at retail.

(2) Wholesale worth or value if offer is at wholesale.

5. Ensure that advertiser will not advertise any price as "former price" unless either [*Bus. & Prof. Code § 17501*]:

a. Former price was prevailing market price (retail if offer is retail or wholesale if offer is wholesale) within three months immediately before publication of advertisement; or

b. Date when former price prevailed is clearly, exactly, and conspicuously stated in advertisement.

6. If price reduction is advertised, ensure that advertiser will not make any false or misleading statement of fact concerning [*Civ. Code § 1770(a)(13)*]:

a. Existence of reduction.

b. Reasons for reduction.

c. Amount of reduction.

7. Ensure that advertiser will not advertise any of following contingent on any event that must occur after consummation of advertised transaction [*Civ. Code § 1770(a)(17)*]:

a. Rebate.

b. Discount.

c. Other economic benefit.

8. If consumer goods or services [*see Bus. & Prof. Code § 17504(c), (d)*] are sold in multiple units (more than one item for one stated price), ensure that advertiser will:

a. Advertise goods or services at price of minimum multiple unit in which they are offered [*Bus. & Prof. Code § 17504(a)*]; or

b. Advertise goods or services to retail buyers at single unit price but also disclose, at least as prominently, price of minimum multiple unit [*Bus. & Prof. Code § 17504(b)*].

9. Ensure that advertiser will not represent advertiser as source of advertised goods unless representation is true; specifically, will not misrepresent that advertiser is [*see Bus. & Prof. Code § 17505; Civ. Code § 1770(a)(2)*]:

- a. Producer or manufacturer of advertised goods.
- b. Processor of advertised goods.
- c. Wholesaler of advertised goods.
- d. Importer of advertised goods.
- e. Owner or person who controls factory or other source of supply.

10. Ensure that advertiser will not misrepresent advertised goods as those of another person [*see Civ. Code § 1770(a)(1)*].

11. Ensure that advertiser will not misrepresent any of following with respect to advertiser's goods or services [*Civ. Code § 1770(a)(2), (5)*; *see Consumer Advocates v. Echostar Satellite Corporation (2003) 113 Cal. App. 4th 1351, 1353-1354, 8 Cal. Rptr. 3d 22* (consumers alleged that provider of satellite TV service violated *Civ. Code § 1770(a)(5)*; triable issues of fact found on whether defendants violated statute with representations about number of channels and program schedule)]:

- a. Sponsorship.
- b. Approval.
- c. Certification.
- d. Characteristics.
- e. Ingredients.
- f. Uses.
- g. Benefits.
- h. Quantities.

12. Ensure that advertiser will not misrepresent following characteristics of advertiser's business [*Bus. & Prof. Code § 17505*]:

- a. Character or type.
- b. Extent or volume.

13. Ensure that advertiser will not misrepresent advertiser's:

- a. Affiliation, connection, or association with another person [*Civ. Code* § 1770(a)(3), (5)].
- b. Certification by another person [*Civ. Code* § 1770(a)(3)].
- c. Sponsorship by another person [*Civ. Code* § 1770(a)(5)].
- d. Approval by another person [*Civ. Code* § 1770(a)(5)].
- e. Status with respect to another person [*Civ. Code* § 1770(a)(5)].

14. When advertisement pertains to more than one article of merchandise or type of service within same class of merchandise or service, ensure that advertiser will clearly and conspicuously identify article or service to which any stated price relates [*Bus. & Prof. Code* § 17507].

NOTE:

Disclosure of the relationship between an item and a price by means of an asterisk or other symbol and a corresponding footnote does not meet the requirement of clear and conspicuous identification when the item is not represented pictorially [*Bus. & Prof. Code* § 17507].

15. Ensure that advertiser will not make false or misleading claims that [*Bus. & Prof. Code* § 17508(a)]:

- a. Purport to be based on factual, objective, or clinical evidence;
- b. Compare advertised product's effectiveness or safety to that of other brands or products; or
- c. Purport to be based on any fact.

NOTE:

If any of these types of advertising claims are made, the advertiser must be able to substantiate them at the request of the Department of Consumer Affairs, the Attorney General, any city attorney, or any district attorney any time within one year from the last day on which the claims were made [*see Bus. & Prof. Code* § 17508(b), (c)].

16. Ensure that advertiser will not permit real estate advertising that is untrue or misleading in any of following respects [*Bus. & Prof. Code* § 17530]:

- a. Extent.
- b. Location.
- c. Ownership.
- d. Title.
- e. Any other characteristic, quality, or attribute.

17. Ensure that advertiser will not represent goods as original or new if they [*Civ. Code* § 1770(a)(6)]:

- a. Have deteriorated unreasonably.

- b. Are altered.
- c. Have been reconditioned.
- d. Are reclaimed.
- e. Are used or secondhand.

18. If merchandise being advertised is secondhand, used, defective, consists of "seconds" or blemished goods, or has been rejected by manufacturer as not first class, ensure that advertisement will [*Bus. & Prof. Code § 17531*]:

NOTE:

Merchandise must be advertised as "second hand" or "used" if it is used, worn, or sampled for a short time by a consumer and then returned in like-new condition in accordance with the retailer's policy allowing returns of merchandise at the customer's discretion, unless the customer's use was for inspection purposes only [*81 Ops. Cal. Atty. Gen. 161, 165 (May 22, 1998)*] .

a. Clearly, directly, and unequivocally state that goods involved are secondhand, used, defective, "seconds" or blemished goods, or have been rejected by manufacturer, as appropriate.

b. Display that statement:

(1) Conspicuously.

(2) Directly and in connection with name and description of that merchandise.

19. Ensure that advertiser will not misrepresent that advertiser's goods or services are any of following [*Civ. Code § 1770(a)(7)*; see *Consumer Advocates v. Echostar Satellite Corporation (2003) 113 Cal. App. 4th 1351, 1353-1354, 8 Cal. Rptr. 3d 22* (consumers alleged that provider of satellite TV service violated *Civ. Code § 1770(a)(7)*; triable issues of fact found on whether defendants violated statute with representations about number of channels and program schedule)]:

a. Of particular standard, quality, or grade.

b. Of particular style or model.

20. If federal surplus goods are advertised:

a. Ensure that advertisement will [*Bus. & Prof. Code § 17531.5*]:

(1) Clearly, directly, and unequivocally state that goods involved are federal surplus property.

(2) Display that statement:

(a) Conspicuously.

(b) Directly and in connection with name and description of that merchandise.

b. Ensure that advertiser will not misrepresent that [*Bus. & Prof. Code § 17533.5*]:

- (1) Sales location has official relation to federal government.
- (2) All articles sold there are surplus.
- (3) Articles sold there are of higher quality and lower prices than those obtainable elsewhere.

21. Ensure that advertiser will not accompany pictorial display of any merchandise not made in United States by words indicating that merchandise was made in United States [see *Bus. & Prof. Code* § 17533.7].

NOTE:

The fact that a product may have been designed, processed, and assembled in the United States would not prevent a conclusion that some part of the product was "substantially made, manufactured or produced" [*Bus. & Prof. Code* § 17533.7] outside the United States [*Colgan v. Leatherman Tool Group, Inc.* (2006) 135 Cal. App. 4th 663, 672, 38 Cal. Rptr. 3d 36 (tools were unlawfully claimed to be "Made in U.S.A." since significant working parts were investment cast, fineblanked, formed, hardened, cut, forged, polished, or machined in various foreign countries; importantly, plier jaws that were investment cast in Mexico had letters "USA" stamped onto them)].

Merchandise has been "substantially made, manufactured, or produced outside the United States" when foreign operations, processes, or activities employed to create the merchandise are found to be considerable in either amount, value, or worth. When the merchandise consists of two or more physical elements or pieces, *Bus. & Prof. Code* § 17533.7 applies to any distinct component of the merchandise that is necessary for its proper use or operation [*Benson v. Kwikset Corp.* (2007) 152 Cal. App. 4th 1254, 1272-1273, 62 Cal. Rptr. 3d 284 (screws and pins made in Taiwan were distinct components clearly necessary to proper use or operation of lockset because without them one could not install or operate that product; partial assembly of lockset latches in Mexico was part of manufacturing process)].

22. If prizes are offered as part of advertising scheme, ensure that advertiser will not:

a. Offer prize or gift by mail, telephone, or in person with intent to make sales presentation without disclosing that intent in clear and unequivocal manner [*Bus. & Prof. Code* § 15733.8(a)].

b. Notify any person that he or she has won a prize or will receive a gift conditioned on [*Bus. & Prof. Code* § 17537]:

- (1) Payment of money; or
- (2) Purchase or rental of goods or services.

c. Offer any prize or gift to induce recipient to visit a location, attend sales presentations, or contact sales agent without written disclosure of [*Bus. & Prof. Code* § 17537.1(a)]:

- (1) Name and street address of owner of property or provider of services involved.
- (2) General description of business of owner of property or provider of services involved.
- (3) General description of property or services involved.

(4) Statement of odds of winning, in Arabic numerals of winning.

(5) All restrictions, qualifications, and other conditions to be satisfied before winning.

NOTE:

These include any deadlines, the approximate duration of any visit and sales presentation, minimum age qualification, financial qualification, and any requirement that if the winner is married both spouses must be present [*see Bus. & Prof. Code § 17537.1(a)(4)*].

(6) Statement that owner or provider reserves right to provide rain check or substitute a like item, if applicable.

(7) Statement that winner may request and will receive evidence that prize matches item selected for distribution to him or her.

(8) All other rules, terms, and conditions.

d. Offer any prize to induce recipient to visit a location, attend sales presentations, or contact sales agent if offeror knows that there is insufficient quantity of prize to meet anticipated response [*Bus. & Prof. Code § 17537.1(b)*].

e. Offer any prize to induce recipient to visit a location, attend sales presentations, or contact sales agent and fail to award prize to winner [*Bus. & Prof. Code § 17537.1(c)*; *see Bus. & Prof. Code § 17537.1(d)* (disclosure to be made if prize is unavailable for specified reasons)]:

(1) Unless prize is not reasonably available; and

(2) Offer disclosed reservation of right to give rain check or substitute item if offered prize is unavailable.

f. Offer incentive and request that recipient pay any money to any person, or purchase, rent, or otherwise pay any person or entity for product or service, including deposit, to use incentive [*Bus. & Prof. Code § 17537.2(a)*].

NOTE:

It is permissible to require a small refundable deposit if the incentive is a certificate or coupon redeemable for transportation, accommodations, recreation, vacation, entertainment, or like services if the deposit is payable directly to the provider of the services [*Bus. & Prof. Code § 17537.2(a)*]. The prohibition on incentives [*see Bus. & Prof. Code § 17537.2(a)*] does not apply to an opportunity to stay at a hotel or other resort accommodation at a discount from the standard rate if four conditions are satisfied: (1) the fee to use the incentive and any requirement to attend a sales presentation are disclosed, (2) a disclosure concerning the payment of taxes is provided, (3) the accommodations are within a 20-mile radius of the property on which the accommodations offered for sale are located, or if outside that radius, certain requirements regarding ownership and operation are met, and (4) the incentive is offered in conjunction with additional incentives in a group of incentives, and certain additional requirements are met [*Bus. & Prof. Code § 17537.2(f)*].

g. State or imply in offer that recipient is one of select group to receive particular incentive, without clear and conspicuous disclosure of number of persons in group or odds of receiving incentive [*Bus. & Prof. Code § 17537.2(b)*].

h. State or imply in offer that recipient is likely to receive one or more offered incentives because other named people

have already received other named incentives, without clear and conspicuous disclosure of recipient's odds of receiving incentive [*Bus. & Prof. Code § 17537.2(c)*].

i. Falsely state or imply that recipient is likely to receive incentive with higher retail price than that of another incentive [*Bus. & Prof. Code § 17537.2(d)*].

NOTE:

A list of incentives implies that they are listed in descending or ascending order of value unless the solicitation clearly and conspicuously negates that implication in close proximity to the list [*Bus. & Prof. Code § 17537.2(d)*].

j. Describe incentive in untrue or misleading manner, including [*Bus. & Prof. Code § 17537.2(e)*]:

(1) Implying that incentive is of greater fair market value or of different kind than reader would be led to believe from reading offer.

(2) Listing recipient's name near specific incentive without clearly and conspicuously disclosing, immediately above, below, or adjacent to recipient's name, recipient's odds of receiving that incentive.

23. If advertiser sells or offers consumer goods or services for sale and its advertising uses post office or "mail drop" address (that is, that of answering service or street address for site used primarily for receipt of mail), ensure that advertisement will disclose [*Bus. & Prof. Code § 17538.5*]:

NOTE:

There are a number of important exceptions to this requirement. The exceptions are noted in § 50.11[3]. The exceptions include, under specified circumstances, operations of retail premises open to the public, persons conducting mail order business from their personal residences, and persons conducting business under a state, county, or municipal license that contains the person's residence address, if the licensing entity is authorized to reveal that address to inquiring persons [*see Bus. & Prof. Code 17538.5(b)*].

a. Legal name of business.

b. Street address from which it is actually conducted.

24. If advertisement consists of catalog or seeks mail, telephone, or internet orders, ensure that orders will be acted on within 30 days unless:

NOTE:

A vendor who offers a return and refund policy allowing return of goods or cancellation of services must process and send to the buyer any refund due within 30 days or otherwise arrange to credit the buyer's account [*Bus. & Prof. Code § 17538(e)*].

a. Different period is conspicuously stated in advertisement [*Bus. & Prof. Code § 17538(a)*];

b. Shorter time is clearly communicated by one conducting the transaction [*Bus. & Prof. Code § 17538(a)*]; or

c. Advertisement indicates in type size as large as used for price that delay can be expected for specified

period [*Bus. & Prof. Code § 17538.3(a)*].

25. If advertiser is motel or motor court, ensure that:

NOTE:

Local governmental entities may enact more stringent controls on motel or motor court advertising [*Bus. & Prof. Code § 17567.5*] and, accordingly, these should be checked for such clients.

a. Outdoor signs will not show room rates unless they show [*Bus. & Prof. Code § 17564*]:

- (1) Rates charged for all accommodations offered for rent.
- (2) Number of rooms offered at each rate.
- (3) Number of persons accommodated at rate posted.
- (4) All rates and other data in type and material in same size and prominence.

b. Outdoor signs will not contain any untrue or misleading rate representations [*see Bus. & Prof. Code § 17566*].

26. Ensure that advertiser will not advertise products as made by:

a. Blind workers, unless at least 75 percent of time involved in manufacture was performed by blind persons [*Bus. & Prof. Code § 17522*].

b. American Indians, unless made by authentic American Indian labor [*Bus. & Prof. Code § 17569*].

27. Ensure that advertiser will not use deceptive representations or designations of geographic origin in connection with advertisement of goods or services [*Civ. Code § 1770(a)(4)*].

28. Ensure that advertiser will not disparage goods, services, or business of another by false or misleading representation of fact [*Civ. Code § 1770(a)(8)*].

29. Ensure that advertiser will not advertise goods or services with intent not to sell them as advertised [*Civ. Code § 1770(a)(9)*; *see Consumer Advocates v. Echostar Satellite Corporation (2003) 113 Cal. App. 4th 1351, 1353-1354, 8 Cal. Rptr. 3d 22* (consumers alleged that provider of satellite TV service violated *Civ. Code § 1770(a)(9)*; triable issues of fact found on whether defendants violated statute with representations about number of channels and program schedule)].

30. Ensure that advertiser will not represent that any advertised transaction confers or involves rights, remedies, or obligations [*Civ. Code § 1770(a)(14)*; *see Wang v. Massey Chevrolet (2002) 97 Cal. App. 4th 856, 867-870, 118 Cal. Rptr. 2d 770* (parol evidence rule did not constitute bar or defense to claim based on violation of statute)]:

- a. It does not have or involve; or
- b. That are prohibited by law.

31. Ensure that advertiser will not misrepresent authority of salesperson, representative, or agent to negotiate final terms

of transaction with consumer [*Civ. Code § 1770(a)(18)*].

32. If unassembled furniture is advertised, ensure that advertiser will not:

- a. Advertise it without clearly indicating that it is unassembled [*Civ. Code § 1770(a)(11)*].

33. Ensure that advertiser will not state in advertising that any particular part, replacement, or repair service is needed when it is not [*Civ. Code § 1770(a)(15)*].

34. If advertisement, including any advertisement over internet, solicits purchase or lease of product or service that requires purchase or lease of different product or service as condition of that transaction, ensure that advertiser will disclose price of all such extras in advertisement [*Bus. & Prof. Code § 17509(a)*].

and the seller has complied with the Song-Beverly Consumer Warranty Act [*Civ. Code* § 1790 *et seq.*; *see Civ. Code* § 1747 *et seq.*] and the provisions on availability of presale warranties in the Federal Trade Commission regulations under the Magnuson-Moss Warranty-Federal Trade Commission Improvement Act [*see 15 U.S.C. § 2302(b)(1)(A)*].

39. If advertiser is mortgage broker or lender, ensure that advertiser will not use (directly or indirectly) home improvement contractor to negotiate terms of any loan that is secured, in whole or in part, by borrower's residence and is used to finance home improvement contract [*Civ. Code* § 1770(b)(1)].

40. If any method of payment for goods, property, or services to be purchased will use open-end consumer credit plan accepted by more than one seller, ensure that advertisement will:

NOTE:

(3) Delivered in printed form to any person responding to oral solicitation or broadcast advertisement before person is obligated to pay for service.

42. If advertiser is vehicle dealer, auto broker, or lessor-retailer, ensure that advertiser will:

NOTE:

It is unlawful for any holder of a vehicle dealer license to violate any of the following statutory prohibitions concerning the advertising of vehicle sales [*see Veh. Code §§ 11713, 11713.1; Bus. & Prof.*

Code § 17537.7. A number of the following prohibitions also apply to auto brokers [*see, e.g., Veh. Code §§ 11713(b), (p), 11713.1(x); Bus. & Prof. Code § 17537.7; see also Veh. Code §§ 166, 232.5, 285* (definition)]. Similar advertising restrictions apply to lessor-retailers [*see Veh. Code §§ 11614, 11614.1* (prohibited acts)].

c. Not advertise any vehicle not actually for sale at dealer's premises or available to dealer directly from manufacturer or distributor at time of advertisement [*Veh. Code § 11713(b)*].

NOTE:

A dealer registered as an auto broker [*see Veh. Code § 11735*] may advertise its services of arranging or negotiating the purchase of a new motor vehicle from a franchised new motor vehicle dealer and specify the line-makes and models of those new vehicles [*Veh. e. Not advertise vehicle as new if vehicle is used [*Veh. Code § 11713(d); see Veh. Code §§ 430, 665*].

f. Not advertise that down payment is not required when in fact down payment is required and buyer is advised to finance down payment by additional loan [*Veh. Code § 11713(k)*].

NOTE:

The term "no down payment," "zero down delivers," or a similar term, must not be advertised unless the vehicle will be sold to any qualified purchaser without a trade-in or prior payment of any kind [*Veh. Code § 11713(k)*].

g. Not use picture in connection with any advertisement of price of specific vehicle or class of vehicles unless picture is of year, make and model being offered for sale [*Bus. & Prof. Code § 11713(s)*].

NOTE:

The picture must not depict a vehicle with optional equipment or a design not actually offered in the advertised price [*Bus. & Prof. Code § 11713(s)*].

h. Not advertise vehicle for sale that was used by selling licensee in its business as demonstrator, executive vehicle, service vehicle, rental, loaner, or lease vehicle, unless advertisement clearly and conspicuously discloses vehicle's previous use [*Bus. & Prof. Code § 11713(t)*].

Identify advertised vehicle by its model, model year, and either license number or that portion of vehicle identification number that distinguishes vehicle from all other vehicles of same make, model, and model year [*Veh. Code § 11713.1(a); see Veh. Code § 11713.1(y)* ("make" and "model" defined)].

NOTE:

Model year is not required to be advertised for current year models. Year models are no longer current when ensuing year models are available for purchase at retail in California [*Veh. Code § 11713.1(a)*]. Any advertisement that offers for sale a class of new vehicles in a dealer's inventory, consisting of five or more vehicles, that are all the same make, model, model year, and type, is not required to include the vehicle identification numbers or license numbers [*Veh. Code § 11713.1(a)*].

Code § 11713.1(b)*]. The dealer document preparation charge may not exceed \$55 [*Veh. Code § 11713.1(b)*].

- k. Include, in any advertisement of vehicle for sale, statement that following charges will be added to advertised total price at time of sale [*Veh. Code § 11713.1(c)(1)*]:

NOTE:

This disclosure requirement is met by adding to the advertisement a statement that contains no abbreviations and is worded in substantially the following form: "Plus government fees and taxes, and finance charges, any dealer document preparation charge, and any emission testing charge" [*Veh. Code § 11713.1(c)(2)*]. An "advertisement" is any advertisement in a newspaper, magazine, or direct mail publication that is two or more columns in width or one column in width and more than seven inches in length, or on any web page of a dealer's web site that displays the price of a vehicle offered for sale on the internet [*Veh. Code § 11713.1(f)(2)*; *see also Veh. Code §§ 260, 396, 38012* (commercial vehicle; mobilehome; off-highway motor vehicle); *Health & Safety Code §§ 18010, 18001.8* (recreational vehicle; commercial modular, or coach)].

Code § 11713.1(g)*]; *see Health & Safety Code § 18009.3(b)* ("loft area" defined); *Health & Safety Code § 18033* (requirements for loft areas excluded from gross floor area)].

p. Not advertise free merchandise, gifts, or services contingent on purchase of vehicle [*Veh. Code § 11713.1(h)*].

NOTE:

"Free" includes merchandise, gifts, or services offered at a price below the dealer's cost [*Veh. Code § 11713.1(h)*].

q. Not advertise vehicles or related goods and services without being able to supply reasonably expectable demand, unless advertisement discloses limitation of quantity [*Veh. Code § 11713.1(i)*].

NOTE:

An advertisement that uses phrases such as "starting at," "from," or "beginning as low as" in reference to an advertised price must disclose the number of vehicles available at the advertised price. Newspaper advertisements for vehicles that are two model years old or newer must state the number of vehicles in stock at the advertised price in specified type sizes and styles. The statements must be immediately above, below, or beside the advertised price without intervening words, pictures, marks, or symbols [*see Veh. Code § 11713.1(i)*].

r. Not use "rebate" or similar words, including, but not limited to, "cash back" offers unless amount is specifically expressed and rebate is directly offered from manufacturer or distributor to retail purchaser [*Veh. Code § 11713.1(j)*].

NOTE:

This prohibition does not apply to a communication that occurs during face-to-face negotiations for the purchase of a specific vehicle, or to a communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. "Commercial purchaser" means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, government entity, or person who purchases 10 or more vehicles a year [*Veh. Code § 11713.1(n)(2)*].

x. Not make untrue or misleading statement that vehicle is equipped with all factory-installed optional equipment offered by manufacturer [*Veh. Code § 11713.1(p)*].

(1) Supplemental sticker clearly and conspicuously discloses in largest print on sticker, other than dealer's name, that supplemental price is dealer's asking price, and not manufacturer's suggested retail price.

(2) Supplemental sticker clearly and conspicuously discloses manufacturer's suggested retail price.

(3) Supplemental sticker lists each item that is not included in manufacturer's suggested retail price, and discloses additional price of each item.

NOTE:

If the supplemental sticker price is greater than the sum of the manufacturer's suggested retail price and the price of items added by the dealer, the supplemental sticker price must set forth that difference and describe it as "added mark-up" [*Veh. Code § 11713.1(q)(3)*].

(3) Vehicle identification number.

dd. Not submit false purchaser's name or false sale date to franchisor [*Veh. Code § 11713.1(u)*].

Code § 11713.1(x)*; see Ch. 47, *Automotive Financing and Vehicle Leasing*].

43. If sending or causing to be sent unsolicited advertising by e-mail, include the following in all documents:

NOTE:

The Controlling the Assault of Non-Solicited Pornography and Marketing Act of 2003 (CAN-SPAM Act of 2003) [*15 U.S.C. § 7701 et seq.*, effective January 1, 2004; see § 50.11[6][b] for discussion] generally requires unsolicited commercial e-mail messages to be labeled (though not by a standard method) and to include opt-out instructions and the sender's physical address. The law prohibits the use of deceptive subject lines and false headers in those messages.

20-50 California Legal Forms--Transaction Guide § 50.121

§ 50.121 Federal Prohibitions Against False or Deceptive Advertising

NOTE:

This is a guide to the generally applicable federal prohibitions against false or deceptive advertising. The Federal Trade Commission issues trade-practice rules governing deceptive advertising of specific products and services [*see* 16 C.F.R. § 228.0 et seq.]. For discussion of the FTC's power over advertising in interstate commerce, see Rosden, the Law of Advertising, Ch. 4, *The Federal Power to Regulate Advertising* (Matthew Bender).

1. Advise advertiser not to disseminate any false advertisement [*see* § 50.12[3]] in interstate commerce that is likely to induce purchase of [15 U.S.C. § 52(a)]:

- a. Food [*see* 15 U.S.C. § 55(b) (definition)].
- b. Drugs [*see* 15 U.S.C. § 55(c) (definition)].
- c. Devices [*see* 15 U.S.C. § 55(d) (definition)].
- d. Cosmetics [*see* 15 U.S.C. § 55(e) (definition)].

2. Advise advertiser not to include deceptive pricing representations in advertisements [*see* 16 C.F.R. pt. 233].

- a. Ensure that reduction in price is not based on former fictitious price [16 C.F.R. § 233.1].

NOTE:

A former price is not necessarily fictitious merely because no sales were made at that price, if the product was openly and actively offered for that price [*see 16 C.F.R. § 233.1(b)*]. If the advertiser sets forth the former price and uses the term "regularly," "usually," or "formerly," the advertiser should be certain that the former price was not fictitious [*see 16 C.F.R. § 233.1(e)*].

b. Ensure that "sale" price is compared to former price when reduction is insignificant [*16 C.F.R. § 233.1(e)*].

c. If retail price comparison is advertised [*16 C.F.R. § 233.2*]:

(1) Ensure that merchandise is not being offered at price lower than that charged by others when higher price is either fictitious or misleading [*16 C.F.R. § 233.2(a)*].

(2) Advise advertiser not to represent price as below those in its area unless [*16 C.F.R. § 233.2(a)*]:

(a) Reasonably certain that higher prices mentioned in advertisement do not appreciably exceed price at which article is being sold in advertiser's trade area in substantial number of sales.

(b) Sales of article in trade area at higher price are numerous enough for consumers to consider reduction as genuine bargain.

(c) Higher price does not represent isolated and unrepresentative price in that area.

d. Ensure that advertiser will not:

(1) Make retail price comparisons unless based on fact [*see 16 C.F.R. § 233.2(a)*].

(2) Advertise reduction from price being charged either by advertiser or others in trade area for other merchandise of like grade and quality when that other merchandise is not essentially of similar quality or is not obtainable in trade area [*see 16 C.F.R. § 233.2(a)*].

(3) Advertise reduction from manufacturer's list price when product is seldom sold at list price [*see 16 C.F.R. § 233.3(a)*].

NOTE:

A list price is not fictitious if there are substantial sales of the product made at that price in the advertiser's trade area [*16 C.F.R. § 233.3(d)*]. Generally, the question is resolved on the basis of the good faith of the advertiser in not attempting to establish a deceptive comparison in any trade area [*16 C.F.R. § 233.3(i)*].

(4) Advertise misleading bargain offers based on purchase of other merchandise [*16 C.F.R. § 233.4(a)*].

NOTE:

If merchandise is offered with terms such as "free," "2-for-1," "half-price sale," "1-cent sale," and "50 percent off," the terms and conditions of the offer must be made clear at the outset [*16 C.F.R. § 233.4(c)*].

(5) Represent retail price as "wholesale" price [*see 16 C.F.R. § 233.5*].

(6) Represent price as "factory" price unless it is price paid by those purchasing directly from manufacturer [see 16 C.F.R. § 233.5].

(7) Advertise second, imperfect, or irregular merchandise at reduced price without disclosing that stated higher comparative price refers to perfect merchandise [see 16 C.F.R. § 233.5].

(8) Advertise an advance sale unless advertiser actually expects, in good faith, to increase price at later date [see 16 C.F.R. § 233.5].

(9) Advertise that "limited" offer is being made if, in fact, offer is not limited [see 16 C.F.R. § 233.5].

3. Advise advertiser not to use bait advertising [16 C.F.R. pt. 238]:

NOTE:

Bait advertising is an insincere offer to sell a product or service that the advertiser in truth does not intend to sell. Its purpose is to switch consumers from buying the advertised merchandise in order to sell something else, usually at a higher price or on a basis more advantageous to the advertiser. The primary aim is to obtain leads to persons interested in buying merchandise of the type advertised [16 C.F.R. § 238.0]. After an advertisement has drawn a customer to the advertiser's place of business, the advertiser should neither attempt to discourage the purchase of the advertised merchandise [see 16 C.F.R. § 238.3] nor "unsell" the advertised product with the intent of making a switch [see 16 C.F.R. § 238.4].

a. Advise advertiser not to advertise offer to sell any product unless offer is bona fide effort to sell that product [16 C.F.R. § 238.1].

b. Advise advertiser not to create false impression of grade, quality, make, value, currency of model, size, color, usability, or origin of offered product, which on later disclosure of true facts will cause purchaser to switch from one product to another [16 C.F.R. § 238.2].

4. Advise advertiser not to use deceptive advertising of warranty or guarantee [see 16 C.F.R. § 239.1 et seq.; § 50.14 (express warranties in advertising)] and that advertiser must:

a. Clearly and conspicuously disclose nature and extent of guarantee, including [16 C.F.R. § 239.1(a)]:

(1) Product or part of product that is guaranteed.

(2) Characteristics or properties included or excluded from guarantee.

(3) Duration of guarantee.

(4) Procedural steps consumers must take before advertiser will fulfill its obligation under guarantee.

b. Include, as part of advertisement, manner in which advertiser will perform [16 C.F.R. § 239.1(b)].

NOTE:

This should consist primarily of a statement of exactly what the guarantor undertakes to do under the

guarantee, such as repair, replace, or refund. If the guarantor or the person receiving the guarantee has an option as to what may satisfy the guarantee, that fact should be specified [16 C.F.R. § 239.1(b)].

c. Include identity of advertiser [16 C.F.R. § 239.1(c)].

d. If guarantee is advertised on pro rata basis: clearly disclose basis on which proration will be made [16 C.F.R. § 239.2].

e. If guarantee offers trial period (for example "satisfaction or your money back," "10-day free trial") and guarantee is subject to conditions or limitations: set forth conditions or limitations in full [16 C.F.R. § 239.3].

f. If "life" or "lifetime" guarantee is advertised and it relates to any life other than that of purchaser: clearly and conspicuously disclose what life is referred to [16 C.F.R. § 239.4].

g. If guaranteed savings (for example "guaranteed to save you 50 percent" or "guaranteed lowest price in town") are advertised: include clear and conspicuous disclosure of [16 C.F.R. § 239.5(c)]:

(1) What advertiser will do if savings are not realized (such as refund purchase price).

(2) Any time or other limitations imposed.

h. Not make any guarantee that advertiser does not intend to perform or cannot perform [see 16 C.F.R. § 239.6].

§ 50.122 Credit Advertising Under Federal Truth in Lending Act

NOTE:

For discussion of electronic advertisements relating to credit plans, see Ch. 45, ***Consumer Installment Loans and Credit Sales***, and Ch. 46, ***Credit Cards and Other Open-End Credit Transactions***.

1. Advise advertiser that credit advertisements must state only specific credit terms [15 U.S.C. § 1662; 12 C.F.R. §§ 226.16(a), 226.24(a)]:

- a. That actually are available.
- b. That will be arranged or offered by creditor.

2. Advise advertiser that open-end credit advertisement containing specific credit terms [see 12 C.F.R. § 226.6] must disclose [15 U.S.C. § 1663; 12 C.F.R. § 226.16(b)]:

NOTE:

"Open-end credit" and "open-end consumer credit" describe consumer credit extended under an open account, that is, when the creditor contemplates repeated transactions and may impose a finance charge from time to time on the outstanding unpaid balance and when the amount of credit that may be extended under the account is generally made available to the extent that any outstanding balance is repaid [15 U.S.C. § 1602(i); 12 C.F.R. § 226.2(a)(20)]. An advertisement for open-end credit that states specific credit terms must state only those terms actually arranged or offered by the creditor [12 C.F.R. § 226.16(a)]. If any of the terms required to be disclosed to a consumer in an initial disclosure statement [see 12 C.F.R. § 226.6; see also Ch. 46, ***Credit Card and Other Open-End Credit Transactions***] are also set forth in an advertisement, it must clearly and conspicuously set forth the following terms [16 C.F.R. § 226.16(b)].

- a. Any minimum, fixed, transaction, activity, or similar charge that might be imposed.
- b. Any periodic rate, expressed as annual percentage rate.
- c. Fact that periodic rate is variable, if it is.
- d. Any membership or participation fee that could be imposed.

3. Advise advertiser that closed-end credit advertisement in which rate of finance charge is stated must [15 U.S.C. § 1664(c); 12 C.F.R. § 226.24(c)]:

NOTE:

"Closed-end credit" describes any type of consumer credit other than open-end credit [see 15 U.S.C. § 1664(a); 12 C.F.R. § 226.2(a)(10)].

- a. State rate as "annual percentage rate," using that term.
- b. State fact that rate may increase, if it might.
- c. Not state any other rate.

NOTE:

A simple annual rate or periodic rate that is applied to an unpaid balance may be stated in conjunction with, but not more conspicuously than, the annual percentage rate [12 C.F.R. § 226.24(c)].

4. Advise advertiser that closed-end credit advertisement generally must state:

- a. Amount or percentage of down payment.
- b. Terms of repayment.
- c. Annual percentage rate, using that term.
- d. Fact that rate may increase, if it might.

NOTE:

This requirement applies if, as is generally the case, the closed-end credit advertisement contains any of the following terms: amount or percentage of down payment, number of payments or period of repayment, amount of any payment, or amount of finance charge [15 U.S.C. § 1664(d); 12 C.F.R. § 226.24(d)(1), (2)].

5. Advise advertiser that catalogues and multiple-page advertisements must [15 U.S.C. § 1661; 12 C.F.R. §§ 226.16(c), 226.24(e)(1)]:

- a. State required advertising disclosures in single table or schedule.
- b. State page number on which table or schedule begins throughout catalogue each time credit term

appears.

NOTE:

A catalog or other multiple-page advertisement or an electronic advertisement (for example, an advertisement appearing on an Internet Web site) complies with these requirements if the table or schedule of terms includes all appropriate disclosures for a representative scale of amounts up to the level of the more commonly sold higher-priced property or services offered [12 C.F.R. § 226.24(e)(2)]. If an advertisement using electronic communication contains the table or schedule permitted under 12 C.F.R. § 226.24(d)(1), any statement of terms set forth in 12 C.F.R. § 226.6 (initial disclosure statement) appearing anywhere else in the advertisement must clearly direct the consumer to the location where the table or schedule begins. For example, a term triggering additional disclosures may be accompanied by a link that directly takes the consumer to the additional information [*see* 12 C.F.R. pt. 226, supp. I, comment 16(c)-1].

§ 50.123 Consumer Lease Advertising

NOTE:

For discussion of electronic advertisements relating to consumer leases, see Ch. 47, ***Automotive Financing and Vehicle Leasing***, and Ch. 53, ***Personal Property Leasing***.

1. Advise advertiser not to state amount of any payment, number of required payments, or that any or no down payment or other payment is required at inception of lease without also stating [15 U.S.C. § 1667c; 12 C.F.R. § 213.7(d); see 12 C.F.R. § 213.7(e), (f) (alternative disclosures for merchandise tags, television or radio advertisements, and toll-free number or print advertisements)]:

- a. That advertised transaction is lease.
- b. Total amount due before or at consummation or by delivery, if delivery occurs after consummation.
- c. Number, amounts, due dates or periods of scheduled payments, and total of these payments under lease.
- d. Whether or not a security deposit is required.
- e. That extra charge may be imposed at end of lease term, when lessee's liability is based on difference between residual value of leased property and its realized value at end of lease term.

2. Advise advertiser not to advertise that specific lease of any property at specific terms or amounts is available, unless lessor usually and customarily leases or will lease that property at those amounts or

terms [12 C.F.R. § 213.7(a)].

3. Advise advertiser that catalogues and multiple-page advertisements must [12 C.F.R. § 213.7]:

- a. State required advertising disclosures in single table or schedule.
- b. State page number on which table or schedule begins throughout catalogue each time credit term appears.

NOTE:

If catalog or other multiple-page advertisement or electronic advertisement sets forth or gives information in sufficient detail to permit determination of required consumer lease advertisement disclosures in table or schedule of lease terms, it will be considered a single advertisement if the material contained and the disclosures made therein are set forth clearly and conspicuously. Unless the statement discloses all of the required lease terms, it will also be considered a single advertisement even when any statement of the lease terms appearing elsewhere in the catalog clearly and conspicuously refers to the page or pages on which the table or schedule appears [12 C.F.R. § 213.7(c)]. Electronic advertisements comply with 12 C.F.R. § 213.7(c) if the table or schedule with the additional information is set forth clearly and conspicuously and the triggering lease terms appearing anywhere else in the advertisement clearly refer to the page or location where the table or schedule begins [*see* 12 C.F.R. pt. 213, supp. I, comment 7(c)-2].

PART IV. FORMS

A. Advertising Agency Services

20-50 California Legal Forms--Transaction Guide § 50.200

§ 50.200 Advertising Agency Services Agreement

[1] Comment

[a] Use of Form

The form in [2], *below*, may be used to draft an agreement between an advertiser and an advertising agency for advertising services. This form is in a formal contract format. For a more informal letter agreement regarding advertising services, see § 50.201. For discussion of the terms and conditions of contracts between advertisers and advertising agencies, see Rosden, the Law of Advertising, Ch. 1, *The Relationship Between Advertisers and Advertising Agencies* (Matthew Bender).

[b] Particular Provisions

The advertiser should have the right to accept, reject, or modify projects and estimates submitted by the agency. This type of flexibility is necessary because the parties must exercise individual judgment with respect to the content and cost of a particular promotion, and will help avoid disputes.

Covering the details of the agency's billing procedures will protect the advertiser by helping to ensure accuracy and avoid disputes over payments. The agreement should also protect the agency against loss in the event of a default by the advertiser.

While the agency will be an independent contractor [*see* Ch. 84, *Independent Contractors*], it will be a special agent of the advertiser, subject to the direction and control of the advertiser and subject to fiduciary duties owed to the advertiser. The agreement should prescribe the agency's authority and responsibility in dealings with other persons.

The agreement should contemplate that the parties' relationship will continue for a long-enough period (commonly one year) to enable the agency to properly prepare promotions and to take advantage of media discounts for long-term placements. Nevertheless, an option to terminate a service agreement is essential, especially when one party must rely on the other's artistic judgments.

Since the advertiser normally relies on the skill and experience of the agency with respect to the content of promotional matter, an indemnification provision should be included, to protect the advertiser from claims or damages arising out of the materials prepared by the agency.

Title to all products and materials created for promotional use should be vested in the advertiser. When those materials are no longer to be used, the agency should turn over possession to the advertiser.

[c] Agency Compensation

An advertising agency usually receives at least a part of its compensation through commissions paid by the media with which it places advertising. The commission usually is a percentage of all gross advertising billings by the agency.

The agreement for the agency's services should specify in detail the methods to be used in compensating the agency, including the expected commission payments. When the advertiser is ignorant of the standard practice, and the agreement does not spell out the agency's right to receive the commissions, the advertiser could sue to recover the commission amounts, on the theory that the agent made a secret profit by misappropriating money that came into the agency's possession as an incident of the principal-agent relationship [see *Store of Happiness v. Carmona & Allen* (1957) 152 Cal. App. 2d 266, 270-271, 272, 312 P.2d 1104] .

The advertising agency may want to impose a monthly service charge, in addition to the agency's usual compensation, if the type of promotion expected will require extensive use of agency or specially hired personnel. An agency also generally will require reimbursement for various expenses in connection with its services.

1.06. Obligations Incurred for Advertiser. Agency shall not incur any obligations or provide any services for Advertiser's account without first obtaining written approval from _____ [name and title of authorized person]. In order to obtain Advertiser's approval, Agency shall submit to Advertiser written proposals containing full descriptions of the proposed advertisements and estimates of the cost of the obligations or services involved, including media costs, cost of preparation of the advertisements, costs of production, and any additional costs, such as travel, mailing, postage, and similar expenses. All estimates shall be submitted on Agency's standard estimate forms with sufficient copies to meet the needs of Advertiser.

1.07. Missed Deadlines. Agency shall not be responsible for missed deadlines, missed closing dates, or missed insertions when the cause is delay by Advertiser in approving the advertising to be used.

2. COST AND PAYMENTS

2.01. Advertising Costs and Expenditures. Advertiser shall reimburse Agency for the following:

- (a) All costs incurred and expenditures made on behalf of Advertiser for approved advertising, except as specifically provided in this agreement (in addition to compensation as provided in Section 2.02).
- (b) The direct costs of mailing, packaging, shipping, taxes and duties, telephones, and telegrams incurred by Agency in connection with the performance of this agreement.
- (c) All of Agency's costs for any necessary traveling done on behalf of Advertiser (other than to or from the main office of Agency).
- (d) If Advertiser approves any planned advertising and then cancels all or any part of it: all costs incurred to the date of cancellation and any unavoidable costs incurred afterward, including any noncancellable commitments for time or space.

In the event that media or other charges increase or decrease after Agency has submitted an estimate, Advertiser shall pay for any increase or be given a credit for any decrease, as the case may be. If the amount of space or time or other advertising services actually used is less than that previously contracted for, Advertiser shall pay for any increased rate charged by the media because of loss of volume discount or because of higher scheduled rates. If additional space or time or services are so used, resulting in a lower rate, Advertiser shall make payments at the lower rate.

2.02. Agency's Compensation. Agency shall receive the following compensation for its services under this Agreement:

(a) Agency shall be entitled to receive a media-paid commission of _____ percent of the gross charges made by the advertising media for time or space used by Advertiser, except with respect to outdoor advertising, for which Agency's commission shall be _____ percent of the gross charges. If the media used do not provide commissions at the above rates, Advertiser shall pay any deficiency to Agency.

(b) Agency shall receive a contractor-paid commission of _____ percent of the charges made by other persons with whom Agency has contracted for products or services that are to be used to implement the advertising proposals approved by Advertiser.

(c) Agency shall prepare proposals of all planned advertising without cost to Advertiser unless and until the proposal is approved by Advertiser or, after having approved the proposal, Advertiser cancels the planned advertising due to circumstances beyond the control of Agency; then, in either event, Advertiser shall pay for a proposal to the same extent as for other advertising services.

(d) Advertiser shall pay to Agency the sum of \$ _____ per month as a service fee, for which Agency shall provide Advertiser with all normal advertising agency services or general supervision of, and advice and counsel on, its advertising program, and Agency shall give Advertiser the full benefit of its experience in devising the best methods of advertising Advertiser's products or services. The monthly service fee shall be payable to Agency until the effective date of termination of this agreement.

(e) Advertiser shall pay Agency a fee in an amount to be determined by the parties for any special services not otherwise provided for by this agreement. Before rendering or otherwise contracting for any special services, Agency shall present Advertiser with a written estimate of the cost of the services and obtain the approval of Advertiser as provided in Section 2.05. For this purpose, public relations or publicity work performed by Agency on behalf of Advertiser shall be considered within the usual scope of this agreement.

2.03. Billing. Agency shall bill Advertiser in conformity with the standards recommended by the American Association of Advertising Agencies and on Agency's standard forms. Agency shall bill Advertiser from time to time as necessary to take advantage of cash discounts provided by the media and other third-party suppliers. Preliminary bills estimating the costs involved may be used, but final, detailed bills, supported by invoices of charges of other persons and showing all adjustments and credits, will be submitted to Advertiser as soon as available. Agency's bills shall indicate the amount of commissions involved and any adjustments necessary to bring them into conformity with this agreement. The amount of cash discount allowed to Agency by suppliers will be credited to Advertiser, provided that payment is made to Agency in accordance with the specific discount terms contained in Agency's bills to Advertiser, and provided further that Advertiser is not in default in payment of any amounts due to Agency. Advertiser shall be entitled to proof of payment by Agency of all sums expended on behalf of Advertiser. Advertiser shall have the right to examine the books and records of Agency in regard to Advertiser's account at all reasonable times.

2.04. Payment. Advertiser shall pay each bill rendered by Agency not later than the stated due date, which shall be not sooner than 10 days after receipt by Advertiser unless Agency is required to make payment to the media or other suppliers within five days of the billing date and that fact is indicated on the bill.

2.05. Payment to Other Persons. Agency shall make all payments to other persons who become entitled to payment in accordance with this agreement. However, Agency has the right to discontinue making such payments if Advertiser is in default in any payment to Agency required by this agreement. Agency further has the right to terminate any arrangement for credit with Advertiser at any time.

3. INDEMNIFICATION AND INSURANCE

3.01. Sole Liability. Agency shall indemnify and hold Advertiser harmless from and against any and all claims, liabilities, or damages arising from the preparation or presentations of any advertising covered by this agreement, including the costs of litigation and counsel fees.

3.02. Insurance. Agency, during the term of this agreement, shall continuously maintain in force a liability insurance policy in a minimum amount of \$_____. The premiums shall be paid by Agency. Agency shall not commence performance of this agreement until the insurance coverage, or another mutually satisfactory insurance arrangement, is in full force and effect.

4. TERMINATION OF AGREEMENT

4.01. Notice of Termination. Either party may terminate this agreement by giving the other person written notice of termination at least 60 days before the effective date of termination. On receipt of notice of termination, Agency shall not commence work on any new advertisements but shall complete and place all advertisements previously approved by Advertiser. All other rights and duties of the parties shall continue during the notice period, and Advertiser shall be responsible to Agency for the payment of any contract obligation incurred with other persons during that period. If Advertiser or Agency should desire to terminate all work in progress on advertisements commenced before receipt of notice of termination, then termination may be effected on the parties' mutual consent and determination of the compensation to be received by Agency for partially completed work.

4.02. Assignment of Contracts. In the event of termination, Agency shall assign to Advertiser all of Agency's rights in contracts, agreements, arrangements, or other transactions made with other persons for Advertiser's account, effective on the date of termination or on another date the parties so agree; and Advertiser shall assume all obligations and hold Agency harmless from all liability under those contracts, agreements, arrangements, or other transactions. If any such contract is nonassignable or consent to assignment is refused, or if Agency cannot obtain a release from its obligations, then Agency shall continue performance, and Advertiser shall meet its obligations to Agency as though this agreement had not been terminated.

4.03. Billing on Termination. On termination of this agreement, Agency shall bill Advertiser for all amounts not previously billed and due Agency at that time under the terms of this agreement. Agency shall not be entitled to commission on or payment for any advertisement if work on it commenced after Agency received notice of termination of this agreement. Agency shall, however, be entitled to payment for services and commissions for advertisements commenced and approved for placement in specific media by Advertiser before receipt of the notice or, with the express written consent of Advertiser, before the effective date of termination.

4.04. Disposition of Property and Materials. (a) All plans, preliminary outlines, sketches, copy, and all other property and materials which are produced by reason of this agreement shall be the property of Advertiser as soon as payment for them has been made. On termination of this agreement, all such property and materials shall be the property of Agency unless Advertiser pays for them in accordance with the terms of this agreement, even if Advertiser or another person has physical possession of them.

(b) When Agency determines that art work, electrotypes, engravings, photographs, manuscripts, or any other items are of no further use in carrying out the terms of this agreement, Agency shall notify Advertiser in writing of that fact and shall clearly describe the particular items. Advertiser shall then be obligated to notify Agency in writing of the disposition Advertiser desires with respect to the items. All shipping and transportation costs shall be borne by Advertiser, and Agency shall not be obligated to store such material at its own expense except for a period of 30 days after the notice has been given. This procedure shall apply whether the items in question are in the possession of Agency or other persons. In the event that Advertiser fails to respond to Agency's notice within 30 days, Agency shall

have the option of discarding or otherwise disposing of the items, or storing the items in public storage facilities in the name of Advertiser and at Advertiser's expense and risk. In that event, Agency shall notify Advertiser in writing of the storage and give Advertiser the necessary particulars.

5. GENERAL TERMS AND CONDITIONS

5.01. Arbitration. Any controversy or claim arising out of or relating to this agreement, or the breach of it, shall be settled by arbitration in accordance with the rules of _____ [e.g., the American Arbitration Association], and judgment on the award rendered by the arbitrators may be entered in any court of competent jurisdiction.

5.02. Assignment and Delegation. Neither party may assign any rights or delegate any duties under this agreement without the express prior written consent of the other.

5.03. Entire Agreement. This writing contains the entire agreement of the parties. No representations other than those expressly set forth in this agreement were made or relied on by either party. No agent, employee, or other representative of either party is empowered to alter any of the terms of this agreement, unless done in writing and signed by an executive officer of each party.

5.04. Controlling Law. The validity, interpretation, and performance of this agreement shall be controlled by and construed under the laws of the State of California without reference to its conflict of law principles.

5.05. Failure to Object Not a Waiver. The failure of either party to object to, or to take affirmative action with respect to, any conduct of the other party that is in violation of the terms of this agreement shall not be construed as a waiver of that conduct or of any future breach or subsequent wrongful conduct.

5.06. Notices. All notices pertaining to this agreement shall be in writing and shall be transmitted either by personal hand delivery or through the U.S. Postal Service. The addresses on the signature page of this agreement for the respective parties shall be the places where notices shall be sent, unless written notice of a change of address is given.

§ 50.201 Advertising Agency's Letter Agreement to Represent Advertiser

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft a letter agreement between an advertiser and an advertising agency for advertising services. It is a less formal version of the same type of agreement illustrated in § 50.201. For further comment on particular terms (such as terms governing the agency's compensation), see § 50.200[1]. For an attachment showing a schedule of the agency's expected charges, see § 50.202.

[2] FORM

Advertising Agency's Letter Agreement to Represent Advertiser

LETTER AGREEMENT FOR ADVERTISING SERVICES

This letter states the terms and conditions on which we will agree to represent you as your advertising agency.

Duties and Services. In acting as your advertising agency, we will make every effort to further your best interests and to successfully conduct your advertising campaign. In order to do this, we will become sufficiently familiar with your business to recommend and prepare the most effective advertising possible, and we will submit to you for your approval our ideas and plans concerning your advertising program before they are put into effect. We will exercise our best efforts to obtain advertising space and time from the various media at the lowest possible cost and we will prepare estimates of cost showing the proposed use for your advertising budget. We will inspect and check all advertising placed by us for you to determine if it has been properly executed and maintained. In addition, we will pay all bills incurred for your advertising program after having received your authorization to incur and pay for the various obligations involved.

Duration of Agreement. Our agreement shall become effective _____ [as of the date of this letter or *specify other date*] and shall continue in force until _____ [terminated by following the procedure described in this letter or *specify date*]. When your assent is shown by returning a signed copy of this letter to us, we will commence your advertising campaign as of the agreed date.

Charges and Billing. Our charges and billing procedure are set out in detail in the attached schedule, which shows the cost of the various services we will perform for you.

Payments. At the end of each month you will be obligated to pay us \$ _____. That amount shall constitute our minimum monthly guaranteed compensation. All media commissions for time and space, commissions on services and supplies obtained by us for you, and all charges made for our services will be credited against this minimum amount. If the total compensation we receive on your account during a month exceeds the amount of our minimum guaranteed compensation, no further payment is required by you and the amount received by us in excess of the minimum will be accumulated to reduce the minimum payable in future months. If the total amount of compensation we receive on your account, including all commissions and charges made to you for certain agency services specified in the schedule of charges attached, does not equal the guaranteed minimum, you shall pay the difference to us at the end of each month. However, the amount of the payments will be allowed as a credit against any amounts due us from you in subsequent months when our total compensation from your account exceeds the minimum guaranteed compensation. We will not make a cash refund of the balance of this account in any event, and if a balance remains on termination of this contract, it will be considered compensation fully earned by us. These provisions for our minimum guaranteed compensation do not affect the amounts charged for time, space, or services or the maximum amount of compensation to be received by us on your account, but they only cause our compensation over the term of the agreement to be not less than the guaranteed amount stated per month.

Ownership of Advertising Materials. All advertising material prepared by us or procured from other sources, including but not limited to films, art work, and copy, shall be considered your property, provided you have fully paid for it. If advertising material, including plans and ideas, was not paid for by you because it was rejected or not used, we shall be considered its owners and may use it as we see fit, except that it shall not be used in a manner that discloses confidential information about your business.

Competition. At the present time we do not represent any advertiser that produces goods or provides services that will compete with yours, and we understand that you are not represented by any other advertising agency. We will obtain your prior written consent before we undertake to represent such an advertiser, and you will obtain our prior written consent before you undertake to obtain the services of another advertising agency.

Termination. The agreement between us and you may be terminated by written notice submitted by you to us or by us to you. The notice shall be submitted not less than 90 days before the effective termination date. Your and our rights and duties shall continue during the notice period until the effective termination date. The following provisions shall apply if the agreement is terminated:

- (a) All property and evidence of title belonging to you which is in our possession will be returned to you or to any other person designated by you.
- (b) Any information developed by us concerning your advertising will be furnished to you.
- (c) We will assist in the necessary assignments and transfers to you of all contracts and agreements with the advertising media and with other parties made by us for you.
- (d) You will assume all liability on those contracts and assist us in obtaining release from liability, and you shall indemnify us against any loss resulting from our continued liability under those contracts after the termination of the

agreement.

(e) Any work uncompleted at termination of the agreement, either being done by us or contracted for by us, will be paid for by you, provided that you have given your approval to the advertising program involved. We will be entitled to all media commissions for media advertising, even if the advertising has not been presented at the time of termination, provided that you have approved the advertisement and its placement with the media for presentation on specified dates and substantially all of the advertising material involved has been prepared by us or delivered to the media for presentation before termination.

Execution and Agreement. When signed by you, this letter will constitute a binding agreement between us and you.

Sincerely,

§ 50.202 Schedule of Advertising Agency Charges

[1] Use of Form

The form in [2], *below*, may be used to draft a statement of an advertising agency's expected charges, which may be attached to the agreement between the agency and an advertiser.

[2] FORM

Schedule of Advertising Agency Charges

SCHEDULE OF CHARGES

1. The Media Commission System. When _____ [name of advertising agency] (the "Agency") places advertisements with media, the Agency may be compensated by the media owner with commissions. (Such media are commonly called commissionable media.) The Advertiser is billed by the Agency for the gross cost of the advertising, and the Agency is billed by the media owner for the gross cost less _____ percent (except in the case of outdoor advertising, in which case, the commission is _____ percent), which amount is retained by the Agency as its commission. If any media owner does not allow a percent discount to the Agency, the Agency will bill the Advertiser in an amount sufficient to allow it to retain the applicable commission.

2. Entitlement to Commission. If the Agency prepares the advertising copy, but it is directly placed with the media and paid for by the Advertiser, the Agency is entitled to its full commission. The mechanical costs of radio and television production, including talent, are normally billed to the Advertiser at cost plus a _____ percent Agency commission unless the charges are made by a television network which allows the Agency a _____ percent discount, in which event the Advertiser is billed at the gross cost.

3. Foreign Advertising. When an Agency conducts an advertising campaign in certain foreign countries, the rate of commission is _____ percent in order to compensate for the additional cost of doing business abroad.

4. Agency Services Performed for Basic Commission. In regard to magazines, newspapers, outdoor posters and painted signs, and transit advertising, the Agency will plan and prepare all advertising copy. It will place the copy with the media and will check to see that it has been properly presented. It will pay all bills from the media.

5. Radio and Television. In regard to radio and television, the Agency will plan and prepare the programs to be presented and will supervise their production, including the hiring of artists and the various production elements such as sets, costumes, and lighting effects.

6. Surveys. The Agency will also conduct appropriate consumer and business surveys and will plan and prepare certain collateral promotional matter in regard to the product being otherwise advertised.

7. Other Services for Which Agency Makes Charges. In order to take into account the different preferences of Advertisers in the comprehensiveness of layouts and television storyboards they desire, the Agency charges \$_____ per hour and _____ percent of costs for them when they are prepared for a commissionable media. If the Agency will not collect a commission, the fee is \$_____ per hour plus a _____ percent commission. No media commission will be payable when the layouts or storyboards are prepared for a dealer, or for point-of-sale advertising material, sale manuals, and similar items, if the Advertiser does the printing.

8. Writing Radio and Television Copy. No charge is made for writing radio and television advertising copy if the Agency will collect a media commission when it is used, or for copy that is collateral to that radio and television advertising copy, or if the Agency will receive a commission from the printing of the material. For other radio and television commercials the Agency will charge \$_____ per hour. This same charge will be made for writing point-of-purchase material, leaflets, catalogs, and sales presentations.

9. Charges for Surveys. Most consumer and business surveys made for the purpose of getting information on the preparation of advertising will be paid for by the Agency. However, an investigation made primarily for the Advertiser's own use must be paid for by the Advertiser at an agreed rate. The cost to be billed to the Advertiser will take into account the pay rate of Agency employees conducting the survey, the actual out-of-pocket expenses of the Agency, and the percentage of the field worker's salary to compensate for the supervisor's time involved. No percentage commission will be added to these cost figures.

10. Recipe Development and Associated Costs. If recipe development is required, the Agency will charge \$_____ per hour for recipe development in a test kitchen and preparation of advertisement illustrations in addition to its costs plus _____ percent. For performing miscellaneous services the actual out-of-pocket expenses of the Agency, other than transportation, will be billed at cost plus _____ percent.

11. Visual Presentations. For visual presentations prepared within the Agency, a charge of \$_____ an hour is made. If visual presentations are obtained from outside sources, the Advertiser is billed at cost plus _____ percent.

12. Agency's Billing Procedure. (a) For newspaper space, the Agency sends out an estimated bill near the end of the month for advertising inserted during that month, usually with a _____ percent cash discount included. Near the end of the following month a detailed statement is submitted showing the actual cost and cash discount.

(b) The billing time for magazine space varies according to the schedules of the various publications. Usually, the Advertiser will be billed by the Agency 15 days before the date on which the Agency must pay the publication for advertising. The various adjustments and credits given by the publication will be reflected in the invoices sent to the

Advertiser by the Agency after it has received them from the publication.

(c) An estimated bill is sent near the end of the month for radio and television spot commercials, as in the case of magazine advertising space, and near the end of the following month a detailed statement of charges is submitted together with a credit in the amount of the estimated bill. The same procedure is followed for network time, but the final bill is sent after it is received from the network. This will include credits for rate changes and loss of advertising time because of technical difficulties.

(d) An estimated bill for entertainment talent is submitted about a week before the performance is to be made, and is subject to subsequent adjustment if necessary. Charges for commercial talent and other production charges made by the Agency or an outside source are billed at the end of each month. The Agency will act as a withholding agent for purposes of collecting various payroll taxes which will be submitted to the Advertiser each month. The Advertiser is responsible as an employer for collecting social security and unemployment insurance taxes and in providing worker's compensation coverage for entertainers employed, except where the Advertiser uses a "package" show.

(e) The Agency will bill for billboards and car cards after it has received a bill from the media involved. Such a bill is usually received about the start of the posting period.

(f) The Agency will bill for art and mechanical production costs in the latter part of the month for those costs incurred in the preceding month. The billing will be supported by a statement of the details of the services performed. Commissionable items and cash discounts, if available, will be indicated.

§ 50.210 Advertising Agreement--Banner Advertisements and Links on Web Site

[1] Comment--Use of Form

The form in [2], *below*, may be used for drafting an agreement for the owner of a web site to display banner advertisements for, and links to web pages where visitors can buy, products that are offered for sale on the advertiser's web site. For illustrative purposes, it is assumed that the advertiser sells recorded music products. This agreement is based on an actual agreement filed as an exhibit to an SEC S-1 filing.

The form references exhibits that are not illustrated here. The exhibits would be used for such purposes as:

- Showing examples of specified kinds of web pages referenced in the agreement.
- Listing companies that are to be treated as competitors of the advertiser, for purposes stated in the agreement.
- Specifying termination-or-survival standards for other advertising agreements that the site owner has with competitors of the advertiser.
- Detailing a payment schedule for fees due from the advertiser for "page views" displayed by the site owner.
- Showing examples of various links and logos to be used in the advertising covered by the agreement.

Using exhibits can simplify the documentation burden when the parties subsequently modify the agreement by changing certain details that are covered in an exhibit.

Before any modifications to Buy-Option Links that are Above-the-Fold, Site Owner will consult with Advertiser in good faith. Site Owner agrees that Advertiser may vary the Buy-Option Links, up to _____[*number*] per month, unless otherwise agreed to in writing by Site Owner. The parties agree to cooperate with respect to testing the performance of the Buy-Option Links during the Term of this agreement.

3. SITE OWNER'S REPRESENTATIONS

3.01. Page Views During Initial Term. "Page View" means a web site user's viewing of any Included Page, and any discrete page on the Portal Directory or the Shopping Guide, which includes Advertiser as a featured site or content module as described in Sections 7.01 through 7.03. Site Owner represents that it will deliver, to users of the Site Owner Service and the Portal Directory and the Shopping Guide, a minimum of _____[*number*] Page Views during the Initial Term of this agreement, in accordance with the schedule set forth in Exhibit _____. In the event that Site Owner fails to deliver that number of Page Views during any quarter set forth in Exhibit _____, Site Owner will make good the shortfall during the next quarter by delivering substitute Page Views. Such substitute Page Views will be in addition to any Page Views otherwise stated in Exhibit _____ for that subsequent quarter. In the event of a shortfall during the last quarter of the Initial Term, and if Advertiser exercises its termination rights under this agreement, Site Owner's obligations under this Section 3.01 shall extend beyond the end of the Initial Term until the Page View obligation is satisfied. Sections 3.01 through 3.03 set forth the entire liability of Site Owner and Advertiser's sole remedy for Site Owner's breach of its representations under Sections 3.01 through 3.03.

3.02. Page Views During Subsequent Term. During the Subsequent Term (if any), Site Owner represents that it will deliver, to users of the Site Owner Service and the Portal Directory and the Shopping Guide, a minimum number of Page Views equal to the number of actual Page Views during the last _____[*number*] months of the Initial Term multiplied by _____[*specify factor*], but in any event not fewer than _____[*number*] Page Views. Within 30 days after the end of the Initial Term, Site Owner shall set forth the schedule, as reasonably agreed by Advertiser, for the delivery of Page Views of the Subsequent Term. In the event that Site Owner fails to deliver the scheduled number of Page Views in and for any quarter during the Subsequent Term, Site Owner will make good the shortfall during the next quarter by delivering substitute Page Views. Such substitute Page Views will be in addition to any Page Views otherwise scheduled for such subsequent quarter. In the

event of a shortfall during the last quarter of the Subsequent Term, Site Owner's obligations under this Section 3.02 shall extend beyond the end of such Subsequent Term until the Page View obligation is satisfied.

3.03. Existing Contracts. Except as set forth in Exhibit _____, Site Owner represents that no contract referenced in Sections 6.01 through 6.03 will remain in effect after _____[*date*].

3.04. Reports. On a monthly basis, or more frequently if relevant information is available to Site Owner, Site Owner will deliver to Advertiser a written report that describes in reasonable detail Site Owner's determination of the number of Page Views delivered during the period covered by the report.

3.05. User Estimates. During the Term of this agreement, at Advertiser's reasonable request, Site Owner will provide, up to once per month, estimates and research results that Site Owner has readily available in the normal course of its business, solely for use by Advertiser in determining usage pertaining to the Included Pages and Portal Directory. All such estimates and research results shall be considered confidential information under Section 9.03.

4. ADVERTISEMENTS

4.01. Insertion Order. Advertiser has placed with Site Owner an insertion order, _____[*identify by site owner's customary method, such as order number*], in accordance with Site Owner's standard terms and conditions for insertion orders.

4.02. Banner Advertisements. Site Owner agrees to place an Advertiser banner advertisement on _____[*specify number or selection criteria*] of the Included Pages ("Selected Pages"), on an as-available basis, such that on each Selected Page, the banner advertisement will appear Above-the-Fold with a size, prominence, and placement equivalent to other banners placed on the relevant portion of the Site Owner Service for similar inventory. The content and functionality of the banner advertisements will be as reasonably determined by Advertiser, subject to the provisions of this Section 4.02 and to Site Owner's generally applicable technical specifications and advertising guidelines. Advertiser shall be entitled to vary the banners, up to _____[*number*] per month. The banner advertisements shall only promote Advertiser in general or Recorded Music sold by Advertiser at the Advertiser Site, and shall not feature any non-Recorded Music items or merchandise.

4.03. Other Promotional Opportunities. From time to time during the Term of this agreement, the parties agree to discuss in good faith the possibility of additional promotional opportunities that may include the Site Owner trademark or trade name.

5. COMPENSATION AND AUDIT RIGHTS

5.01. Compensation During Initial Term. In consideration of Site Owner's performance and undertakings, Advertiser will pay Site Owner a total marketing fee of \$_____ for the Initial Term. That fee shall be divided into (1) a non-refundable slotting fee of \$_____ (the "Slotting Fee") and (2) a referral fee of at least \$_____ (the "Referral Fee"), as determined in Section 5.03. Such payments will be made in accordance with the terms of Sections 5.01 through 5.04.

5.02. Slotting Fee. Advertiser shall pay to Site Owner _____[*specify fraction, percentage, or amount*] of the Slotting Fee, as a set-up, design, and consultation fee, on _____[*specific launch date defined in Section 2.04*]. The balance of the Slotting Fee shall be due and payable in accordance with the schedule set forth in Exhibit _____. During the Subsequent Term, Advertiser shall pay Site Owner a Slotting Fee based on the following formula: the number of actual Page Views during the last _____[*number*] months of the Initial Term multiplied by _____[*factor*].

5.03. Referral Fee. Advertiser shall pay to Site Owner a Referral Fee of \$_____ per quarter during the Term. In addition, Advertiser shall pay to Site Owner (1) \$_____ per Click-through for any Click-throughs over _____[*number*], during the Initial Term, and (2) \$_____ per Click-through for any Click-throughs over _____[*number*], during the Subsequent Term.

"Click-through" means a user presence at the Advertiser Site that originated from the Included Pages, the Portal Directory, or the Shopping Guide, including any banner ads that are part of this agreement pursuant to Section 4.01. The payments under this Section 5.03 shall be due and payable within 30 days after the last day of each calendar quarter during the Term of this agreement.

5.04. Audit Rights. Site Owner shall maintain complete and accurate records in accordance with generally accepted methods of accounting for all transactions that are the subject of this agreement for three years after the last payment is due under this agreement. An independent accounting firm retained by Advertiser shall have access to Site Owner's records, on reasonable notice, for the purposes of auditing the number of Click-throughs and Page Views reported by Site Owner in support of Section 5.02, during normal business hours, for as long as those records are maintained. Advertiser shall pay the expenses of the accounting firm, unless the number of Click-throughs determined by the accounting firm is less than 90 percent of the Click-throughs reported by Site Owner over the preceding 12 months or the life of this agreement (whichever is shorter), in which case Site Owner shall promptly pay Advertiser the accounting firm's reasonable fees for that audit, and shall promptly reimburse any amount overpaid by Advertiser to Site Owner based on such excess Click-through amounts.

6. EXCLUSIVITY

6.01. "Advertiser Competitor" Defined. "Advertiser Competitor" means, collectively, (1) every Recorded-Music merchant listed on Exhibit _____, for any period during which the Recorded-Music merchant derives more than _____[*specify fraction, percentage, or amount*] of its annualized gross revenues directly from the sale of Recorded Music, and (2) every other business entity, without limitation as to legal form, that derives more than _____[*specify fraction, percentage, or amount*] of its annualized gross revenues directly from the sale of Recorded Music.

6.02. Advertiser Competitors. During the Term, no Advertiser Competitor will be permitted to purchase (1) advertising on the Included Pages, (2) banner advertisements on pages of the Portal Directory described in Section 7.01, or (3) banner advertisements on pages of the Shopping Guide that include Advertiser's content module as described in Section 7.03. However, notwithstanding the foregoing, (1) Site Owner may honor its current contracts with Advertiser Competitors or other entities, the terms of which would otherwise constitute a breach of the obligations of Site Owner as set forth above, provided, however, that all such contracts shall terminate in accordance with Site Owner's representations in Section 3.03, and shall not be renewed to the extent that those contracts include placement on Included Pages; and (2) Site Owner may run banner advertisements of Advertiser Competitors on the Portal Directory to the extent such advertisements are bartered by _____[*name of company sponsoring portal directory*] in connection with its agreement with Site Owner relating to the Portal Directory. Except as otherwise set forth in this agreement, Site Owner shall not be restricted from conducting its normal course of business with Advertiser Competitors outside the Included Pages.

6.03. Recorded Music Advertisements. Except as set forth in Section 6.02, during the Term of this agreement, Site Owner shall not permit any other person to purchase advertising on the Included Pages or any banner advertisements on pages of the Portal Directory described in Section 7.01, or banner advertisements on pages of the Shopping Guide which include Advertiser's content module as described in Section 7.03, if such advertising, to Site Owner's knowledge, either (1) promotes the sale of Recorded Music or (2) takes the user on a direct link from an Included Page to the page of another site, the substantial purpose of which page is the promotion or sale of Recorded Music. However, Site Owner shall not be in breach of this provision if Site Owner uses commercially reasonable efforts to remove such a link within

five business days after receipt by Site Owner of written notice by Advertiser of that link. Notwithstanding the foregoing, Site Owner may honor its current contracts with other persons, the terms of which would otherwise constitute a breach of the obligations of Site Owner as set forth here, provided that such contracts shall terminate in accordance with Site Owner's representations made in Section 3.03 and shall not be renewed to the extent that such contracts include placement on Included Pages. Notwithstanding the foregoing, Site Owner also may run banner advertisements of other persons on the Portal Directory to the extent that such advertisements are bartered by _____ [name of company sponsoring portal directory] in connection with its agreement with Site Owner relating to the Portal Directory. Except as otherwise set forth in this agreement, Site Owner shall not be restricted from conducting its normal course of business with any other person.

7. PORTAL DIRECTORY AND SHOPPING GUIDE

7.01. "Portal Directory" Defined. "Portal Directory" means the intellectual property currently referred to as _____ [name] by Site Owner and located at _____ [specify URL], which is maintained by Site Owner pursuant to an agreement between Site Owner and _____ [name of company sponsoring portal directory], in effect as of the Effective Date of this agreement.

7.02. Portal Directory. During the term (including any renewal terms) of the agreement cited in Section 7.01, Site Owner will include Advertiser as a featured site and a content module on the Portal Directory's _____ [describe page(s)] page[s].

7.03. Shopping Guide. Site Owner currently has an agreement with _____ [name of company sponsoring shopping guide] to produce a Shopping Guide by Site Owner. The Shopping Guide currently is located at _____ [specify URL]. During the term (including any renewal terms) of that agreement, Site Owner will include Advertiser as a content module on the Shopping Guide site. By way of example, but not limitation, attached as Exhibit _____ is a sample page from the Shopping Guide illustrating a content module. Site Owner's obligations under this Section 7.03 are subject to Advertiser meeting the generally applicable merchant standards as applied to merchants in the Shopping Guide.

8. TERMINATION

8.01. Termination With Cause. This agreement may be terminated at any time by either party:

(a) Immediately on written notice if the other person becomes insolvent, files a petition in bankruptcy, or makes an assignment for the benefit of creditors; or

(b) Thirty days after written notice to the other person of that person's breach of any of its obligations under this agreement in any material respect, if that breach is not remedied within that 30-day period.

8.02. Renewal; Termination Without Cause. On completion of the Initial Term, this agreement will automatically renew for the Subsequent Term, unless Advertiser notifies Site Owner in writing, at least 90 days before the expiration of the Initial Term, that Advertiser will not renew this agreement. If Site Owner is unable to enter into a substantially similar advertising transaction with a other person before the end of the Initial Term, and after using commercially reasonable efforts to do so, then Advertiser will pay Site Owner a nonrefundable termination fee of \$_____ (the "Termination Fee"), which shall be paid to Site Owner within 30 days after the expiration of the Initial Term. The Termination Fee shall be creditable toward advertising, on an as-available basis, on the Site Owner's Service (except that such advertising will not be placed on any Site Owner inventory directly linking to sites that are pornographic, racist, or indecent), within the first 30 days after the Initial Term. In the event that insufficient advertising is available to Advertiser under this Section 8.02, then the credit shall extend to first-available advertising through the end of calendar year _____ [specify year]. In no event shall the Termination

Fee credit toward advertising set forth in this Section 8.02 extend beyond _____[date], and that credit will be considered fully discharged as of that date. Advertiser shall execute standard insertion orders with respect to any advertising placed on the Site Owner's Service.

8.03. Survival of Provisions. The following provisions shall survive expiration or termination of this agreement: Section 1.01; the "make good" provisions of Sections 3.01 and 3.02; Section 5.04 (as stated there); and Sections 9.01 through 11.11.

9. CONFIDENTIAL INFORMATION AND PUBLICITY

9.01. Terms and Conditions. The terms and conditions of this agreement shall be considered confidential and shall not be disclosed to any person except to a party's accountants or attorneys, or except as otherwise required by law. Neither party shall make any public announcement regarding the existence of this agreement without the other person's prior written approval and consent.

9.02. Publicity. Any and all publicity relating to this agreement and subsequent transactions between Site Owner and Advertiser and the method of its release shall be approved in advance of the release by both Site Owner and Advertiser. Approval shall not unreasonably be withheld or delayed.

9.03. Nondisclosure Agreement. Site Owner and Advertiser have previously entered into a mutual nondisclosure agreement, dated _____, and expressly acknowledge that the nondisclosure agreement remains in full force and effect in accordance with its terms during the Term of this agreement.

10. INDEMNITY AND LIMITED LIABILITY

10.01. Indemnity. (a) Advertiser, at its own expense, will indemnify, defend and hold harmless Site Owner and its employees, representatives, agents and affiliates, against any claim, suit, action, or other proceeding brought against Site Owner based on or arising from a claim that any Advertiser trademark, service mark, or other brand feature, any material, product or service produced, distributed, offered, or provided by Advertiser, or any material presented on the Advertiser Site, infringes in any manner any copyright, patent, trademark, trade secret, or any other intellectual property right of any other person, is or contains any material or information that is obscene, defamatory, libelous, slanderous, or in violation of any law or regulation, or that otherwise violates any rights of any person or entity, including, without limitation, rights of publicity, privacy, or personality, or has otherwise resulted in any consumer fraud, product liability, tort, breach of contract, injury, damage, or harm of any kind to any other person; provided, however, that in any such case (1) Site Owner provides Advertiser with prompt notice of any such claim, (2) Site Owner permits Advertiser to assume and control the defense of such action on Advertiser's written notice to Site Owner of its intention to indemnify, and (3) on Advertiser's written request, and at no expense to Site Owner, Site Owner will provide to Advertiser all available information and assistance necessary for Advertiser to defend such a claim.

(b) Advertiser will not enter into any settlement or compromise of any such claim if that settlement or compromise would result in any liability to Site Owner, without Site Owner's prior written consent, which shall not unreasonably be withheld. Advertiser will pay any and all costs, damages, and expenses, including, but not limited to, reasonable attorneys' fees and costs awarded against or otherwise incurred by Site Owner in connection with or arising from any such claim, suit, action, or proceeding.

10.02. Limited Liability. Except as provided in Section 10.01, under no circumstances shall Advertiser or Site Owner, or any Affiliate of either party, be liable to the other for indirect, incidental, consequential, special or exemplary damages arising from this agreement, even if that party has been advised of the possibility of such damages, such as, but not limited to, loss of revenue or anticipated profits or lost business. For purposes of this agreement, the term "Affiliate" means any company or any other entity world-wide, including, without limitation, corporations, partnerships, joint

ventures, limited liability companies, in which Site Owner or Advertiser, as applicable, has at least 50-percent ownership or equity or at least a 50-percent financial interest.

11. GENERAL PROVISIONS

11.01. Independent Contractors. It is the intention of Site Owner and Advertiser that Site Owner and Advertiser are, and shall be deemed to be, independent contractors with respect to the subject matter of this agreement, and nothing contained in this agreement shall be deemed or construed in any manner whatsoever as creating any partnership, joint venture, employment, agency, fiduciary or other similar relationship between Site Owner and Advertiser.

11.02. Entire Agreement. This agreement, together with all exhibits, represents the entire agreement between Site Owner and Advertiser with respect to its subject matter and shall supersede all prior agreements and communications of the parties, oral or written.

11.03. Amendment and Waiver. No amendment to, or waiver of, any provision of this agreement shall be effective unless in writing and signed by both parties. The waiver by any party of any breach or default shall not constitute a waiver of any different or subsequent breach or default.

11.04. Governing Law. This agreement shall be governed by and interpreted in accordance with the law of the State of California without regard to its conflict of laws principles.

11.05. Successors and Assigns. Neither party shall assign its rights or obligations under this agreement without the prior written consent of the other person. Consent shall not unreasonably be withheld or delayed. Notwithstanding the foregoing, either party may assign its entire interest under this agreement to an entity that acquires substantially all of the stock or assets of a party, provided that consent will be required in the event that the nonassigning party reasonably determines that the assignee will not have sufficient capital or assets to perform all obligations under this agreement, or that the assignee is a direct competitor of the nonassigning party. All terms and provisions of this agreement shall be binding on and inure to the benefit of the parties and their respective permitted transferees, successors, and assigns.

11.06. Force Majeure. Neither party shall be liable for failure to perform or delay in performing any obligation (other than the payment of money) under this agreement if that failure or delay is due to fire, flood, earthquake, strike, war (declared or undeclared), embargo, blockade, legal prohibition, governmental action, terrorist act, riot, insurrection, damage, destruction, or any other similar cause beyond the control of that party.

11.07. Notices. All notices, requests and other communications called for by this agreement shall be deemed to have been given immediately if made by FAX or electronic mail (confirmed by concurrent written notice sent via overnight courier for delivery by the next business day), if made to Site Owner at the physical and electronic mail addresses set forth on the signature page of this agreement, with a copy to Site Owner's identified General Counsel, and if made to Advertiser at the physical and electronic mail addresses set forth on the signature page of this agreement, with a copy to Advertiser's identified General Counsel, or to such other address as either party shall specify to the other. Notice by any other means shall be deemed made when actually received by the party to which notice is provided.

11.08. Severability. If any provision of this agreement is held to be invalid, illegal, or unenforceable for any reason, that invalidity, illegality or unenforceability shall not affect any other provisions of this agreement, and this agreement shall be construed as if the invalid, illegal, or unenforceable provision had never been contained in it.

11.09. Sole Responsibility. Advertiser will remain solely responsible for the operation of the Advertiser Site, and Site Owner will remain solely responsible for the operation of the Site Owner's Services. Each party acknowledges that the Advertiser Site and the Site Owner's Services may be subject to temporary shutdowns from causes beyond the operating party's reasonable control. Each party, subject to the terms of this agreement, retains sole right and control over the

programming, content, and conduct of transactions over its internet-based service.

11.10. Counterparts. This agreement may be executed in two counterparts, both of which taken together shall constitute a single instrument. Execution and delivery of this agreement may be evidenced by facsimile transmission.

11.11. Authority. Site Owner and Advertiser represent to each other and warrant that the negotiation and entry of this agreement will not violate, conflict with, interfere with, result in a breach of, or constitute a default under any other agreement to which either is a party.

PART IV. FORMS

20-50 California Legal Forms--Transaction Guide § 50.211

§ 50.211 Co-Branding Agreement--Goods or Services to Be Advertised on Market-Segment Web Site

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft an agreement for operation of a co-branded web site, which is a web site that one party operates under sponsorship by the other person for the parties' mutual benefit in marketing their goods or services to a segment of the buying public that is expected to be interested in the goods or services that both parties offer. For illustrative purposes, it is assumed that the web site operator targets young adult buyers of services related to attending a college or graduate school and that the co-branding sponsor is an airline. This agreement is based on an actual agreement filed as an exhibit to an SEC S-1 filing.

The form references exhibits that are not illustrated here. The exhibits would be used for such purposes as:

- Setting up a schedule for payments required under the agreement.
- Listing trademarks, brand names, and the like that are referenced in the agreement.
- Giving specifications for content and technical aspects of web pages referenced in the agreement, and describing each party's responsibility for creating or providing content.
- Detailing any ancillary activities that the agreement contemplates (such as one party's obligation to engage in promotional activities benefitting the other person, outside the framework of the c-branding agreement).

Using exhibits can simplify the documentation burden when the parties subsequently modify the agreement by changing certain details that are covered in an exhibit.

3. COMPENSATION AND REPORTING

3.01. Up-Front Payment. On execution of this agreement, Sponsor will pay Site Owner the amounts set forth in Exhibit ____ (the "Up-Front Fee") in consideration of Site Owner's development and integration of travel-related content for use on the Co-Branded Pages and the Sponsor Web Site.

3.03. Launch of Co-Branded Pages. After execution of this agreement, the parties shall work together cooperatively to determine a mutually agreeable timeline for the launch of the Co-Branded Pages. If the parties determine that an adjustment to the timing of quarterly payments under this agreement is appropriate, the parties may amend the quarterly payment schedule set forth in Exhibit ____ with a written amendment signed by both parties.

4. TERM AND TERMINATION

4.01. Term. The Term shall commence on the date of this agreement and, unless earlier terminated or extended as provided below, shall end at midnight on _____[date].

4.02. Termination. Either party may terminate this agreement on not less than _____[e.g., 60] days prior written notice to the other person of any breach of this agreement by the other person. Each party acknowledges that its breach of the provisions of this Section 8.01 will result in immediate and irreparable harm to the other person and that damages alone would be inadequate to compensate the injured party. Therefore, in the event of a breach of this Section 8.01 by either party, the other person may, without waiving the right to pursue any other remedies, immediately obtain and enforce injunctive relief prohibiting the breach or threatened breach or compelling specific performance. Notwithstanding any other provision of this agreement, the restrictions set forth in this Section 8.01 shall not apply to any information that is in or enters the public domain through no fault of the receiving party, or is disclosed to the receiving party by a third person legally entitled to make the disclosure, or is independently developed by the receiving party without reference to any Confidential Information of the other person, or is required to be disclosed by applicable law, regulation, or order of any governmental authority; provided that in the event of any such occurrence, the receiving party shall provide the disclosing party with prior notice that is reasonable in the circumstances of the disclosure and shall use reasonable efforts to cooperate with the disclosing party to minimize the extent and scope of the disclosure.

Subject to the foregoing, this agreement will be binding on, enforceable by, and inure to the benefit of, the parties and their respective successors and assigns.

8.04. Choice of Law; Forum Selection. This agreement shall be governed by, and construed in accordance with, the law of the State of California without reference to its choice of law rules. 8.06. Force Majeure. Neither party shall be deemed to be in default of or to have breached any provision of this agreement as a result of any delay, failure in performance, or interruption of service, resulting directly or indirectly from any act of God, act of civil or military authorities, civil disturbance, war (declared or undeclared), strike or other labor dispute, fire, transportation contingency, interruption in telecommunication or internet service or network-provider service, other catastrophe, or any other occurrence that is beyond the party's reasonable control.

PART IV. FORMS
B. Internet Advertising

20-50 California Legal Forms--Transaction Guide § 50.212

§ 50.212 Marketing and Advertising Agreement--Exclusive Internet Marketing Rights in Exchange for Advertising Commitment

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft an agreement for a retailer to obtain exclusive marketing rights for featured products on a web site in exchange for the retailer's commitment to buy advertising on the web site, and on a radio network affiliated with the web site owner, and in magazines published by the web site owner. For illustration purposes it is assumed that the retailer sells popular music recordings and related items primarily to teenagers and young adults; that the web site has content designed to be attractive to buyers in the retailer's market segment; that the web site is jointly owned by a radio network owner (which operates the web site) and a magazine publisher (which provides content for the web site); and that the radio network's programming and publisher's magazines also appeal to the same market segment. The transaction embodied in the form includes a license to the retailer for displaying content from the web site on the retailer's own web pages, which is a kind of co-branding arrangement [see § 50.211] that helps the retailer to attract the same users who normally would visit the web site operated by the radio-network owner and publisher. This agreement is based on an actual agreement filed as an exhibit to an SEC S-1 filing.

The form references exhibits that are not illustrated here. The exhibits would be used for such purposes as the following:

- Specifying the design of web pages, and features of web pages, that are referenced in the agreement.
- Listing numerous items that are subsumed under a defined term in the agreement (in this case, the term "Publisher Content").
- Showing examples of web pages, and features of web pages, that are referenced in the agreement.

Using exhibits can simplify the documentation burden when the parties subsequently modify the agreement by changing certain details that are covered in an exhibit.

All orders accepted shall be subject to the terms and conditions of Retailer's then current terms and conditions of sale, which may be changed at any time without notice to Site Owner or its customers. Retailer shall have no obligation to ship any orders unless payment in full is received in advance. Prices for the products shall be set solely by Retailer. 10. LICENSE; OWNERSHIP

10.01. License to Publisher Brand Name and Marks. Publisher grants to Retailer, during the Term, a limited, worldwide, nontransferable license to use the Publisher Brand name and other marks (as authorized by Publisher from time to time) as reasonably necessary for Retailer to exercise its rights, promote and sell its products, and fulfill its obligations under this agreement. Retailer shall be the exclusive Music Seller licensed to use the Publisher Brand name in connection with on-line sales, except for sales by other persons licensed to sell music compilations under the Publisher Brand name. Publisher shall have the right to approve all initial uses of the Publisher Brand name, and approval shall not be unreasonably withheld or delayed.

10.02. License Between Site Owner and Retailer for Use of Marks. Retailer grants to Site Owner, during the Term, a limited, nonexclusive, nontransferable license to use Retailer's Marks (as authorized by Retailer from time to time) solely as reasonably necessary for Site Owner to perform its obligations under this agreement. Site Owner grants to Retailer, during the Term, a limited, nonexclusive, nontransferable license to use Site Owner's Marks (as authorized by Site Owner from time to time) solely as reasonably necessary for Retailer to perform its obligations under this agreement. Retailer and Site Owner shall each have the right to approve all initial uses of its Marks by the other, and approval shall not be unreasonably withheld or delayed.

10.03. Ownership. Each party owns and shall retain all right, title, and interest in its Marks and other intellectual property. No party shall copy, distribute, reproduce, or use the other's Marks or other intellectual property, except as expressly permitted under this agreement. No party shall at any time contest, impair, or disparage in any manner, or assist any other person in contesting, impairing, or disparaging in any manner, either directly or indirectly, another party's (the owning party's) Marks or its ownership rights in its Marks. Any and all goodwill arising from the use by a

party of another party's Marks shall inure solely to the benefit of the owning party, and each party expressly acknowledges the other's superior rights in those Marks.

11. TERM AND TERMINATION

11.01. Term. The term of this agreement shall commence on the Effective Date and shall continue for three years (the "Term") unless previously terminated. The Term shall include any renewal terms.

11.02. Renewals; Right of First Negotiation. If Retailer desires to renew this agreement, Retailer shall notify Site Owner and Publisher of its intention to renew not less than _____ [e.g., 75] days before the expiration of the Term, and, beginning not less than _____ [e.g., 60] days before the expiration of the Term, Site Owner and Publisher shall diligently and in good faith negotiate with Retailer to determine reasonable terms and conditions for renewal of this agreement and extension of the Term before the end of the Term. If the parties are not able to conclude negotiations within 30 days, then Site Owner or Publisher shall be free to initiate negotiations with any other person. Publisher and Site Owner shall not otherwise negotiate with any other person while the Agreement is in effect. If the Publisher/Site Owner Exclusive License Agreement is terminated at any time during the Term or while Retailer is negotiating a renewal of the Term, then Retailer shall have the right of first negotiation to use the Publisher Content (similar to the license set forth in Section 2.01 et seq.) directly with Publisher, and Publisher will diligently and in good faith negotiate such a license for a reasonable period of time.

11.03. Termination for Cause. If a party becomes insolvent, files a petition in bankruptcy, makes an assignment for the benefit of creditors, or dissolves or ceases to do business, then that party's rights and obligations under this agreement (except for the obligations applicable to the party specified in Section 11.07) shall be terminated by that act. If a party becomes insolvent, files a petition in bankruptcy, makes an assignment for the benefit of creditors, or otherwise is no longer able to fully perform its obligations under this agreement, this agreement shall not be terminated with respect to the remaining parties, and the terminated party shall not be relieved from liability for the performance of its obligations before the termination, and the other parties shall not be deprived of any rights and remedies available to them under this agreement or at law or in equity.

11.04. Termination for Material Breach. If a party materially breaches any of the terms of this agreement, any other party may terminate the breaching party's rights and obligations under this agreement (except for the obligations applicable to the party specified in Section 11.07) _____ [e.g., 30] days after written notice to the breaching party, if the breach is not remedied within that period to the reasonable satisfaction of the nonbreaching parties. The termination shall not relieve the breaching party from liability for the performance of its obligations before the termination, and shall not deprive the other parties of any rights and remedies available to them under this agreement or at law or in equity.

11.05. Termination for Breach of Exclusivity. Retailer may terminate this agreement immediately on providing written notice of termination to Site Owner and Publisher in the event that Site Owner or Publisher breaches any of the exclusivity provisions or their respective representations and warranties set forth in this agreement.

11.06. Termination Resulting From Termination of Publisher/Site Owner Exclusive License Agreement. If the Publisher/Site Owner Exclusive License Agreement is terminated or modified (so that Site Owner cannot fulfill its obligations to Retailer under this agreement) at any time during the Term, then Retailer shall have the right to immediately terminate this agreement and to receive a pro rata refund of all outstanding unearned advance payments made to Site Owner, and the applicable provisions of Section 11.02 shall apply.

11.07. Effects of Termination. On the termination or expiration of this agreement, each party will immediately cease any and all existing, and not make any future, use of the other party's name, brand names, Marks, and other proprietary indicia, and Retailer shall cease all use of the Content, and each party shall certify that use has ceased (as applicable) in

writing to the other party.

11.08. Survival. Sections 1.01, 6.01, 10.03, 13.01 through 13.03 (limited to actions arising during the Term), and 14.01 through 15.14 shall survive termination of this agreement.

12. GENERAL REPRESENTATIONS

12.01. Power to Act. Each party represents and warrants that it has, and will retain during the Term, all necessary rights, title and authority to enter into and fulfill its obligations under this agreement, to grant the other parties the rights and licenses granted in this agreement and to perform all of its obligations under this agreement.

12.02. No Restrictions. Each party represents and warrants that as of the Effective Date and continuing throughout the Term (1) there are no restrictions, agreements or understandings whatsoever to which the representing party is a party that would prevent or make unlawful its execution of this agreement or its engagement under this agreement, and (2) its execution of this agreement and its engagement under this agreement will not constitute a breach of any contract, agreement, or understanding, oral or written, to which it is a party or by which it is bound.

12.03. Retailer. Retailer represents and warrants that to the best of its knowledge any content provided by Retailer and displayed on Retailer's Site during the Term does not constitute defamation or invasion of the right of privacy or publicity, or infringement of the copyrights, Marks, or other intellectual property rights, of any other person. This representation and warranty shall specifically not apply to content provided by visitors to Retailer's Site such as visitors who use chat rooms, bulletin boards, or other forums that allow visitors to display material that is not within the control of Retailer.

12.04. Site Owner. Site Owner represents and warrants that to the best of its knowledge any Content provided by Site Owner to Retailer during the Term under this agreement does not constitute defamation or invasion of the right of privacy or publicity, or infringement of the copyrights, Marks, or other intellectual property rights, of any other person.

13. INDEMNIFICATION

13.01. Retailer Indemnification. Retailer shall indemnify, defend, and hold harmless Site Owner and Publisher and their respective affiliates, directors, officers, employees, and agents, against any and all claims, actions, liabilities, losses, and expenses (including reasonable attorneys' fees) brought about by any other person and relating to or arising out of any claim that any content provided by Retailer and displayed on the Co-Branded Pages or the Venture Web Site during the Term constitutes a defamation or invasion of the right of privacy or publicity, or infringement of the Marks, copyrights, or other intellectual property rights, of any other person. This indemnity specifically shall not apply to content provided by visitors to Retailer's Site who use Retailer's chat rooms, bulletin boards, or other forums that allow visitors to display material that is not within the control of Retailer.

13.02. Site Owner Indemnification. Site Owner shall indemnify, defend, and hold harmless Retailer and its respective affiliates, directors, officers, employees, and agents, against any and all claims, actions, liabilities, losses, and expenses, including reasonable attorneys' fees, brought about by any other person and relating to or arising out of any claim that any content provided by Site Owner that is displayed on the Co-Branded Pages, Retailer's Site or the Venture Web Site during the Term constitutes a defamation or invasion of the right of privacy or publicity, or infringement of the copyrights, Marks, or other intellectual property rights, of any other person.

13.03. Duties of Indemnifying Party. The indemnified party shall promptly provide the indemnifying party with written notice of any claim that the indemnified party believes falls within the scope of Sections 13.01 through 13.03; however, except to the extent the indemnifying party is actually prejudiced by the indemnified party's failure, a failure to provide prompt notice shall not limit the indemnified party's rights under Sections 13.01 through 13.03. The

indemnifying party shall have the right to control the defense and any settlement of a claim; however, in defending or settling a claim, the indemnifying party shall not prejudice the rights of or disclose the Confidential Information (see *Section 14.01*) of the indemnified party, without the prior written consent of the indemnified party. The indemnified party, at its own expense, may assist in the defense of any claim if it so chooses, except that the indemnifying party shall control the defense or the negotiations relative to the settlement of any claim.

14. CONFIDENTIALITY; PUBLIC RELATIONS

14.01. Definition. For purposes of this agreement, "Confidential Information" means the terms of this agreement, except as otherwise specifically provided in this agreement; each party's trade secrets, financial information, processes, formulas, specifications, programs, instructions, source code, technical know-how, methods and procedures for operation, benchmark test results, information about employees, customers, marketing strategies, services, business or technical plans and proposals, in any form; and any other information relating to either party that is not generally known to the public at large.

14.02. Protection of Confidential Information. Each party agrees that the Confidential Information of the other parties will be held in confidence to the same extent and the same manner as each party protects its own Confidential Information, but each party agrees that in no event will less than reasonable care be used. Each party, however, shall be permitted to disclose relevant aspects of Confidential Information to its officers, employees, and consultants on a need-to-know basis for the purpose of the party's performance of its obligations under this agreement, provided those persons agree to protect the other parties' Confidential Information to the same extent as required under this agreement. Each party agrees to use all reasonable steps to ensure that the other parties' Confidential Information received under this agreement is not disclosed in violation of this Section 14.02.

14.03. Exclusions From Confidential Information. Confidential Information shall not include information that (1) is or becomes generally known or available to the public at large through no negligent act or omission of either party; (2) can be demonstrated to have been available lawfully to either party before the disclosure or to have been furnished to either party without restrictions to disclosure or use after the disclosure; or (3) can be demonstrated to be independently developed by the recipient of Confidential Information without use of the Confidential Information (and independent development may be proved on the basis of either party's records related to that development).

14.04. Regulatory Disclosures. Each party agrees that it shall not be deemed a breach of this agreement for any person to disclose the terms and conditions of this agreement in any required regulatory filing with the Securities & Exchange Commission, a national stock exchange, or the NASDAQ, which the person, in good faith, determines is required, provided the person seeks confidential treatment of the material financial terms and conditions of this agreement.

14.05. Publicity. No party will make any announcements or statements to the public or create any written materials concerning the relationship between the parties without the prior written consent of the other parties, and consent is not to be unreasonably withheld or delayed. The parties agree to issue a joint press release within five business days of the Effective Date in a form and containing language reasonably acceptable to the parties.

15. MISCELLANEOUS

15.01. Indulgences, Etc. Neither the failure nor any delay on the part of any party to exercise any right, remedy, power, or privilege under this agreement shall operate as a waiver, nor shall any single or partial exercise of any right, remedy, power, or privilege preclude any other or further exercise of the same or any other right, remedy, power, or privilege, nor shall any waiver of any right, remedy, power, or privilege with respect to any occurrence be construed as a waiver with respect to any other occurrence or as a waiver of any other right, remedy, power, or privilege.

15.02. Controlling Law. This agreement and all questions relating to its validity, interpretation, performance, and

enforcement, shall be governed by and construed in accordance with the law of the State of California, other than conflicting choice of law provisions.

15.03. Notices. All notices, requests, demands, and other communications required or permitted under this agreement and the transactions contemplated in this agreement shall be in writing and shall be deemed to have been duly given, made, and received when delivered against receipt if sent by U.S. certified mail, return receipt requested, postage prepaid, or by reputable overnight courier, addressed as set forth below:

15.04. Provisions Separable. The provisions of this agreement are independent of and separable from each other, and no provision shall be affected or rendered invalid or unenforceable by virtue of the fact that for any reason any other or others of them may be invalid or unenforceable in whole or in part.

15.05. Entire Agreement. The terms and conditions of this agreement and any and all exhibits attached to this agreement represent the entire understanding between the parties with respect to the subject matter of this agreement and supersede all prior and contemporaneous agreements and understandings, inducements, or conditions, express or implied, oral or written. The express terms of this agreement control and supersede any course of performance or usage of trade inconsistent with any of the terms of this agreement. This agreement may not be modified or amended other than by an agreement in writing signed by the parties.

15.06. Headings. Headings in this agreement are for convenience only, form no part of this agreement, and shall not affect its interpretation.

15.07. Telefaxes Constitute Valid Documents. This agreement and subsequent modifications may be transmitted by telecopy facsimile machine, and a facsimile copy shall be deemed an original if all pages are initialed and the document is signed by the duly authorized representatives of the parties. Facsimiles shall constitute valid, binding documents and shall be regarded as such on receipt. The original of the document sent by telefax shall be promptly sent within 72 hours by overnight courier to the receiving party so that accurate files may be maintained. Failure to send any original document as provided shall not affect the validity or binding nature of the document.

15.08. Force Majeure. No party shall be held to be in breach of this agreement by reason of any failure or delay in its performance under this agreement if that failure is due to causes beyond its reasonable control, including but not limited to, acts of the other parties, acts of God, delays in transportation, inability beyond its reasonable control to obtain necessary labor or materials, or events such as fires, floods, earthquakes, storms, wars (declared or undeclared), acts of public enemy, civil commotions, and the like or by any law, rule, regulation, order, or other action by any public authority. To the extent that failure to perform is caused by such an event, the failing party shall be excused from performance under this agreement as long as the event continues to prevent performance, provided that party takes all reasonable steps to resume full performance.

15.09. Independent Contractors. Each party is an independent contractor and shall have no authority to obligate or bind the other parties in any respect. No employee of a party shall represent himself or herself to be an employee of another party.

15.10. Compliance With Laws. Each party shall comply with all federal, state, and local laws, licensing regulations, and rulings of governmental bodies having jurisdiction over its business. Nothing in this agreement shall be construed to require either party to perform any act in violation of any laws, regulations, or rulings.

15.11. Disclaimer of Warranty. Except as otherwise provided in this agreement, the Retailer Site and the Co-Branded Pages are provided on an "as is" basis without warranties of any kind, either express or implied, including, but not limited to, warranties of title and implied warranties of merchantability or fitness for a particular purpose, other than those warranties that are implied by or incapable of exclusion, restriction, or modification under, the laws applicable to this agreement.

15.12. Limitations of Liability. (a) In no event shall any party be liable for any indirect, special, exemplary, consequential, or incidental damages, of any nature under this agreement, whether the damages are alleged in tort, contract, or indemnity, even if the party is informed of the possibility of the damages, unless the damages are due to the party's gross negligence or willful misconduct.

(b) Site Owner shall not be liable to Retailer for claims arising solely as a result of a breach by Publisher of any of its representations, warranties, or obligations under this agreement.

(c) Publisher shall not be liable to Retailer for claims arising solely as a result of a breach by Site Owner of any of its representations, warranties, or obligations under this agreement.

15.13. Binding Agreement. This agreement shall be binding on the parties and their respective heirs, executors, successors, and assigns. No party, without the prior written consent of the other parties, may assign or transfer this agreement or any obligation incurred under this agreement, and any attempt to do so in contravention of this section shall be void and of no force and effect.

15.14. Timely Performance. In the performance of this agreement, time is of the essence.

20-50 California Legal Forms--Transaction Guide § 50.220

§ 50.220 Agreement for Extended Term Display Advertising--Newspaper or Chain of Newspapers

[1] Comment

[a] Use of Form

The form in [2], *below*, may be used to draft an agreement between an advertiser and a newspaper publisher for extended term display advertising in a single newspaper or a chain of newspapers. For a similar agreement covering advertisements in a magazine, see § 50.221.

This agreement contains detailed provisions concerning the rates for the various types of advertisements. For discussion of rates, see [b], *below*. Usually the publisher will have a rate card; in that case, the rate should be identified with particularity in the agreement because rates are subject to change.

It is the usual practice for a publisher to limit its liability for mistakes in advertising copy. For this reason, it is the better practice to include provisions calling for the submission of copy and proofs in ample time to discover errors.

A publisher will maintain its own standards regarding the content of advertising matter, and will usually reserve the right to reject copy that it deems objectionable. The agreement, therefore, should contain provisions specifying these standards and the procedure on rejection.

This agreement requires the advertiser to indemnify the publisher for claims or liability arising from advertising copy because as a general rule either the advertiser or an advertising agency prepares the advertisement. This type of provision is usually required by the publisher because, under normal circumstances, the publisher does not have time to check advertising copy for libel, invasion of privacy, or other factors that may result in civil liability.

[b] Rates

The rates for advertising space will usually vary according to the type of advertisement and whether a specified amount of space is used each week under the agreement (a fixed-space agreement). As a general rule, fixed-space advertising

will cost less than open-space advertising (in which the total space is used for the term of the agreement with no minimum amount allocated to a fixed period). Amusement advertisements are usually more expensive than retail advertisements. Special requirements such as a specified page or a preferred position will usually be subject to an additional charge, if the publisher consents to such an accommodation. As a general practice, newspapers offer discounts based on the quantity of lines or space used over a period of time (usually one year), and therefore an extended term agreement is preferable if the advertiser desires to take advantage of the lower rates.

[2] FORM

Agreement for Extended Term Display Advertising--Newspaper or Chain of Newspapers

EXTENDED TERM DISPLAY ADVERTISING AGREEMENT

_____ [name of advertiser] ("Advertiser") and _____ [name of publisher] ("Publisher"), in consideration of the promises made in this agreement, agree as follows.

1. ADVERTISING SPACE

[EITHER, for advertising in chain of newspapers:]

1.01. Amount. Advertiser agrees to use and Publisher agrees to provide a minimum of _____ [e.g., 10,000 agate lines] of advertising space in _____ [names of newspapers] (collectively "the Publications" or individually a "Publication") during the term of this agreement, subject to the terms and conditions of this agreement.

1.02. Period of Advertising. The period for inserting advertising in the Publications shall commence within 30 days after the execution of this agreement, and shall continue for a period of 12 months from the date of the first insertion ("the Period").

1.03. Same Advertisement in All Publications. Each particular advertisement shall be inserted in each Publication, and those advertisements must be identical in size and in copy and must appear in those Publications within the same calendar week.

[Or, for advertising in single newspaper:]

1.01. Description. Advertiser agrees to use and Publisher agrees to provide advertising space in _____ [name of newspaper] ("the Publication") subject to the terms and conditions of this agreement.

1.02. Insertion Period. The period for the insertion of advertising shall be _____ [e.g., 12 months] commencing _____ [date] ("the Period").

1.03. Amount and Use of Space. The amount of advertising space that shall be used and provided during the Period is _____ [e.g., for retail or local display advertising: 500 inches or for general or national display advertising: 5,000 agate lines], which shall be used _____ [e.g., for open-space advertising: at the option of Advertiser during the Period or for fixed-space advertising: at the rate of 10 inches every week during the Period].

[Continue with the following:]

1.04. Positioning of Advertisements. The position of the advertising space shall be _____[e.g., above the fold or run-of-the-paper].

1.05. Colors. The advertisements shall be printed in _____[e.g., black and white or four color].

1.06. Products or Services Advertised. The products or services that are to be advertised are _____[specify].

2. RATES AND PAYMENTS

2.01. Rates. Advertiser shall pay the following rates for the advertisements: _____[e.g., \$_____ per inch for retail fixed-space display advertising, using 10 inches per week for the Period, for a total cost of \$_____,] plus a premium of \$_____ for placement _____[specify preferred placement, e.g., above the fold], for an overall cost of \$_____.

2.02. Billing and Payments. Publisher shall present a bill to Advertiser detailing the charges for advertisements inserted during the preceding month on or before the 15th of each month. Advertiser shall pay within 30 days after presentment.

2.03. Cash Discount and Commission. Advertiser shall be entitled to a cash discount of _____ percent for payments made within 10 days after receipt of a monthly bill, provided no outstanding balance remains due to the Publisher. The total cost stated in Section 2.01 includes an amount that can be used to pay a commission to an advertising agency, which at the option of Advertiser and on written request, the Publisher shall pay to a designated agency.

2.04. Taxes. Any and all taxes, whether federal, state, or local, that may be imposed on any advertising published pursuant to this agreement shall be the responsibility of Advertiser, and the amount shall be billed to Advertiser in addition to the amount otherwise payable.

2.05. Increase in Rates. Publisher reserves the right to increase the rates stated in this agreement from time to time and in its sole discretion, based on an increase in its rate schedule. In the event of such an increase, Advertiser shall have the option of canceling the remainder of this agreement as of the date the new rates become effective or continuing at the new rates. If Advertiser cancels this agreement because of increased rates, Publisher shall not charge Advertiser the scheduled higher rate for the decreased amount of advertising space used because of the cancellation, provided Advertiser makes immediate payment of all sums due under this agreement. Publisher shall increase the rates stated in this agreement only if the increase is applicable to all advertisements in the same classification. Publisher shall notify Advertiser in writing of any increase in rates at least 20 days before the effective date of the increase, and Advertiser shall notify Publisher in writing of Advertiser's election to cancel the balance of this agreement, at least 10 days before the effective date of any increase.

2.06. Effect of Nonpayment. Publisher may stop inserting Advertiser's advertisements in the Publication[s] if the payment of any bill is not made when due, or if Advertiser makes an assignment for the benefit of creditors, or if a petition in bankruptcy or for reorganization is filed by or against Advertiser, or if Advertiser goes out of business or announces an intention of doing so. If advertising is stopped, or if the specified amount of advertising space is not used during the Period for any other reason not caused by Publisher, payment in full is due immediately at Publisher's scheduled open display rate for the lesser amount of advertising actually used. If Advertiser pays that amount in full, Advertiser shall have the right to use additional advertising space during the Period, and any additional advertising shall be subject to a charge based on the open display rate for the total amount of advertising actually used pursuant to this

agreement.

2.07. Adjustment of Rates Based on Space Used. If Advertiser uses space in addition to the agreed amount specified in Section 2.01, Publisher shall remit the difference, if any, between the amount paid by Advertiser based on the rate for the agreed amount of space and the charges based on any reduced rate to which Advertiser becomes entitled by reason of the increase in space used. Payment shall be made by Publisher on termination of this agreement, subject to an offset for any amount owed to Publisher by Advertiser at that time. If, on termination of this agreement, Advertiser has not used all of the agreed amount of space, Advertiser shall pay to Publisher the difference, if any, between the charges for which Advertiser has been billed based on the agreed amount of space, and the charges based on the higher rate that becomes applicable by reason of the reduction in space used by Advertiser. This additional amount shall be due and payable immediately on termination of this agreement. However, if Advertiser cancels this agreement because of increased rates, payment will be governed by Section 2.05.

2.08. Rating Classifications of Advertisements. Local retail display rates apply to advertisements, other than those concerning airplanes, automobiles, and all other motor vehicles, placed by Advertiser for goods or services offered to the public through retail outlets controlled by Advertiser. If, however, Advertiser sells through retail outlets it does not control, as well as through those it does control, no mention may be made, in any advertisements qualifying for local retail display rates, of retail outlets not controlled by Advertiser. General or national display rates apply to all other advertising.

2.09. Additional Charges. In addition to the rates specified on Publisher's rate schedule for normal copy that can be set in the usual manner, other charges are applicable when special services are involved. An additional composition charge will be made for intricate layouts, copy calling for type to be set on the bias, circles and other difficult composition, or revision of original copy after it is set in type, and for any advertising ordered that is not to be published by Publisher or is set on a wait-order basis and is not to be published within 10 days. An additional charge will be made for all drawings, engravings, or mats furnished by Publisher at the request of Advertiser. Additional position charges will be made and will increase the basic rates as follows: (1) for full position at top of column or following and next to reading matter, _____ percent; (2) for a specified page, _____ percent; and (3) next to reading matter, _____ percent. Any copy that requires engraving shall be subject to an additional engraving charge, to be determined.

3. CONTENT AND DESIGN OF ADVERTISING

3.01. Content. Publisher reserves the right to censor, reject, alter, or refuse any advertising copy, in its sole discretion and to disapprove any advertising copy in accordance with any rules Publisher may now have, or may adopt in the future, concerning acceptance of advertising matter, but no change in advertising copy will be made without the prior consent of Advertiser.

3.02. Advertising Appearing to Be News Matter. Any advertising copy resembling news matter or advertisements in cartoon technique or comic strip form must carry the word "Advertisement" over each column in which the advertisement appears. Publisher in its sole discretion shall decide whether advertising copy is subject to this provision, but no advertising with such a caption shall be printed without the prior consent of Advertiser.

3.03. Design. Advertisements that encompass one or more columns must be as many inches deep as columns wide. The minimum acceptable depth is 14 lines. Advertisements may not be irregular or nonrectangular in shape (commonly known as "stair-step," "step-down," or "step-up" advertisements). Advertisements may not be composed entirely of solid black background with white letters (commonly referred to as "reverse plate"). If Advertiser submits advertising copy not in conformity with the foregoing restrictions, Publisher shall have the option of either refusing to print it or redesigning it in accord with the normal design of advertising in use, without submitting a proof to Advertiser unless one was specifically requested on the order. Publisher reserves the right to change, benday, or otherwise lighten type,

cuts, and borders without submitting a proof to Advertiser.

4. SUBMISSION OF ADVERTISING COPY

4.01. Time Limit. Advertiser shall be responsible for the submission of all advertising copy, including changes, to Publisher not later than _____ [e.g., noon Friday for Monday publication, 4:00 P.M. Friday for Tuesday publication, or noon of the fourth day before publication for remaining publishing days]. Advertising submitted and ordered in accordance with the foregoing cannot be canceled after the closing time. Publisher reserves the right to change the closing hour for receiving advertising copy by giving 10 days' notice in writing to Advertiser. All orders for advertisements, for changes of copy, and for discontinuance of any "until forbid" advertisements shall be in writing.

4.02. Correction of Proofs. (a) If Advertiser furnishes advertising copy to Publisher at least 48 hours before the time it is to be published, Publisher shall furnish to Advertiser a proof of the advertisement as set for insertion and shall make any corrections or changes that may be desired by Advertiser, provided Advertiser returns the proof with any corrections or changes noted on it at least _____ hours before the time it is to appear in the Publication[s]. In the event the proof is not returned before that time, Publisher will regard the advertisement as correct and may insert it in the Publication[s] without liability for any errors. Advertiser shall pay the scheduled composition charge for any changes in the proof from the advertising copy submitted.

(b) Publisher will not be liable for any errors in any advertisement unless the proof is returned in ample time for corrections to be made before going to press. If any error properly noted is not corrected by Publisher, Publisher shall be liable only for refunding or crediting such portion of the entire cost of the advertisement as the space occupied by the noted error bears to the whole space occupied by the advertisement.

4.03. Publication Orders. Advertiser agrees to use Publisher's standard publication order form. No change or addition to the terms and conditions stated in that form shall be binding on Publisher, and any attempt to alter those terms and conditions shall be treated as a request only. If orders contain incorrect rates or conditions, the advertising referred to in the form shall be published, and Advertiser shall pay for it at the applicable rate in accordance with the terms of this agreement.

4.04. Available Space Limitations. Publisher has the right to omit any advertisement when the space allotted to advertising in a particular issue has been filled. In addition, Publisher has the right to limit the amount of space that Advertiser may use in any one issue.

4.05. Requests for Position. Notwithstanding any other provision in this agreement, any specification or order for the use or nonuse of any particular page or relating to the type of news or advertising on the page where the advertisement is to be inserted shall be treated as a request only, and Publisher shall not be obligated to comply with such a request. If a request for position is granted, Advertiser shall pay any additional charges that are applicable by reason of the terms of this agreement.

4.06. Drawings, Cuts, and Mats. Publisher shall not be responsible for drawings, cuts, or mats left with Publisher for more than 30 days after they are no longer to be used by Publisher.

5. PRINTING ERRORS

[EITHER]

5.01. Omission of Advertisement. If any advertisement fails to appear as agreed in this agreement, without the fault of

Advertiser, and subject to the provisions of Section 8.01, Publisher shall not be entitled to payment for that advertisement.

[OR]

5.01. Omission of Advertisement. The failure of Publisher to insert any advertisement in any issue of the Publication[s] shall be deemed immaterial, and shall not be considered a breach of this agreement, nor shall Publisher be liable for damages for such a failure. If copy for an advertisement is submitted in accordance with this agreement and is omitted from one or more issues of the Publication[s], the identical advertisement or an advertisement of the same size will be published by Publisher within six days after the date of the omission in the Publication[s] from which it was omitted.

[Continue with the following:]

5.02. Misplacement of Advertisement. If any advertisement appears in a position other than as provided in this agreement, Publisher shall make no charge for that advertisement, and Advertiser shall have the option of canceling the remainder of this agreement by written notice to Publisher.

5.03. Errors and Quality. Publisher assumes no responsibility for a failure to obtain clear impressions when key numbers are mortised into cuts or casts of mats, provided due care is exercised in the handling of key numbers in electros by Publisher. Publisher shall not be liable for any incorrect cuts or matrix supplied by another publisher.

6. TERMINATION

6.01. Cancellation by Publisher. Publisher may cancel this contract at any time on the failure of Advertiser to pay any bill submitted under this agreement within the time specified in this agreement for the payment of bills; or on any other breach of this agreement by Advertiser; or on Advertiser's violation of any of the terms and conditions in this agreement; or on Advertiser becoming insolvent or filing an assignment for the benefit of creditors; or if any insolvency proceedings are commenced by or against Advertiser. Publisher shall give Advertiser written notice of cancellation not less than 10 days before the cancellation is to be effective.

6.02. Cancellation by Advertiser. Advertiser may cancel this agreement at any time by giving written notice of cancellation to Publisher.

6.03. Payment on Cancellation. In the event of cancellation of this agreement, whether by Publisher or by Advertiser, Advertiser shall immediately pay for all advertising published under this agreement, at the rate earned for the amount of space actually used according to Publisher's rate schedule then in effect, and for any other charges incurred in connection with this agreement.

7. INDEMNIFICATION

Advertiser assumes full and complete responsibility and liability for the content of all advertising copy submitted, printed, and published pursuant to this agreement, and shall indemnify and hold Publisher harmless from any resulting demands, claims, or liability. Advertiser shall reimburse Publisher for any amount paid by Publisher in settlement of claims or in satisfaction of judgments obtained by reason of publication of advertising copy, and for all expenses incurred in that regard, including, but not limited to, attorneys' fees and costs of litigation.

8. MISCELLANEOUS PROVISIONS

8.01. Excuse for Failure to Publish. In such an event, Advertiser shall have the option of either having the advertisement inserted in a future issue of the Publication [in which the advertisement normally would have appeared] on the terms and conditions contained in this agreement or of having no charge made by Publisher for the advertisement not inserted and of having the rate charged per line or inch of advertising be unaffected by the reduction in space used.

8.02. Assignment and Delegation. Neither party may assign any rights or delegate any duties under this agreement without the express prior written consent of the other.

8.03. Entire Agreement. This writing contains the entire agreement of the parties. No representations were made or relied on by either party, other than those expressly set forth in this agreement. No agent, employee, or other representative of either party is empowered to alter any of the terms of this agreement, unless done in writing and signed by executive officers of the parties. In particular, and not in limitation of the foregoing, Advertiser acknowledges that no representations of Publisher were made or relied on with respect to circulation guaranties. Advertiser also acknowledges that no representations of Publisher were made regarding the lowest advertising rates in force.

8.04. Controlling Law. The validity, interpretation, and performance of this agreement shall be controlled by and construed under the laws of the State of California without reference to its conflict of law principles.

8.05. Failure to Object Not a Waiver. The failure of either party to object to, or to take affirmative action with respect to, any conduct of the other that is in violation of the terms of this agreement shall not be construed as a waiver of any rights or of any future breach or subsequent wrongful conduct.

PART IV. FORMS

C. Newspaper and Magazine Advertising

20-50 California Legal Forms--Transaction Guide § 50.221

§ 50.221 Agreement for Extended Term Magazine Advertising

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft an agreement between an advertiser and the publisher of a monthly magazine for extended term advertising in the magazine. An extended term is usually one year.

While newspaper advertising agreements can include terms permitting the advertiser to specify the position of its advertising [*see* § 50.220], that practice is not common and usually involves an extra charge. In magazine advertising, the position of the advertisements is usually specified.

This agreement contains provisions that apply if the circulation falls below a stated guaranteed minimum. These provisions help to assure the advertiser that advertisements will reach the contemplated audience or, at least, that there will be a reduction in cost if circulation falls below the guaranteed minimum.

[2] FORM

Agreement for Extended Term Magazine Advertising

EXTENDED TERM ADVERTISING AGREEMENT

[*name of advertiser*] ("Advertiser") and _____ [*name of publisher*]
("Publisher"), in consideration of the promises made in this agreement, agree as follows.

2.03. Discount and Commission. The amount billed shall be reduced by a discount of _____ percent on payment within 10 days after presentment of Publisher's bill, and that payment date shall be stated on the bill. The total cost includes an amount that can be used to pay a commission to an advertising agency, which at the option of Advertiser and on written request, Publisher shall pay to a designated agency.

2.04. Taxes. Any and all taxes, whether federal, state, or local, that may be imposed on any advertising published pursuant to this agreement shall be paid by Advertiser and shall be billed to Advertiser on a regular basis.

3. CONTENT AND DESIGN OF ADVERTISING

3.01. Content. Publisher has the right to censor, reject, alter, or refuse any advertising copy, in its sole discretion, and to disapprove any advertising copy in accordance with any rules that Publisher has or might have concerning acceptance of advertising matter, but no change in advertising copy will be made without the prior consent of Advertiser.

3.02. Advertising Appearing to Be News Matter. Any advertising copy resembling news matter or advertisements in cartoon technique or comic strip form must carry the word "Advertisement" over each column in which the advertisement appears. Publisher in its sole discretion shall decide whether advertising copy is subject to this provision, but no advertising with such a caption shall be printed without the prior consent of Advertiser.

3.03. Design. Advertisements that encompass one or more columns must be as many inches deep as columns wide. The minimum acceptable depth is 14 lines. Advertisements may not be irregular or nonrectangular in shape (commonly known as "stair-step," "step-down," or "step-up" advertisements). Advertisements may not be composed entirely of solid black background with white letters (commonly referred to as "reverse plate"). If Advertiser submits advertising copy not in conformity with the foregoing restrictions, Publisher shall have the option of either refusing to print it or redesigning it in accord with the normal design of advertising in use, without submitting a proof to Advertiser unless one was specifically requested on the order. Publisher reserves the right to change, benday, or otherwise lighten type, cuts, and borders without submitting a proof to Advertiser.

4. SUBMISSION OF ADVERTISING COPY

4.01. Submission in Advance. Advertiser shall submit all advertising copy to Publisher at least seven days before each date it is to be inserted in the Publication. If Advertiser fails to submit advertising copy within that time limit, Publisher shall have the option of inserting any copy previously used by Advertiser or of declining to publish any advertisement for Advertiser in that issue. If the first alternative is followed, Advertiser shall pay to Publisher the full amount of the contract price for the advertising. If the second alternative is followed, the rate charged to Advertiser shall be increased to the rate charged for the frequency of advertising actually done, as shown on Publisher's rate schedule.

5. PRINTING ERRORS

[OR]

5.01. Omission of Advertisement. If copy for an advertisement is submitted in accordance with this agreement and is omitted from one or more issues of the Publication, the identical advertisement or an advertisement of the same size will be published by Publisher within six days after the date of the omission in the Publication from which it was omitted.

[Continue with the following:]

5.02. Misplacement of Advertisement. If any advertisement appears in a position other than that provided for in this agreement, Publisher shall make no charge for that advertisement and Advertiser shall have the option of canceling the remainder of this agreement by written notice to Publisher.

5.03. Errors and Quality. Publisher assumes no responsibility for a failure to obtain clear impressions when key numbers are mortised into cuts or casts of mats, provided due care is exercised in the handling of key numbers in electros by Publisher. Publisher shall not be liable for any incorrect cuts or matrix supplied by another publisher.

6. GUARANTEE OF CIRCULATION

6.01. Number of Copies Per Issue. Publisher guarantees that the average circulation of the Publication shall be not less than _____[number] copies per issue for those issues in which the advertisement of Advertiser is to be inserted. The report of average circulation figures for the Publication as indicated in _____[name of publication or report], published by _____[name of service], shall be conclusive.

6.02. Refund and Termination. If the actual average circulation of the Publication is less than that guaranteed, Publisher shall credit a pro rata refund to Advertiser based on the shortage in circulation. Advertiser shall have the option of terminating the balance of this agreement by written notice if a shortage of circulation continues for _____[number] successive issues in which an advertisement of Advertiser is inserted.

7. INDEMNIFICATION

7.01. Advertiser Responsible for Advertising Copy. Advertiser assumes full and complete responsibility and liability for the content of all advertising copy submitted, printed, and published pursuant to this agreement, and shall indemnify and hold Publisher harmless from any resulting demands, claims, or liability. 8. MISCELLANEOUS PROVISIONS

8.01. Excuse for Failure to Publish. Publisher shall not be responsible or liable for any damages to Advertiser by reason of a failure to insert any advertisement provided for in this agreement because of any labor dispute, strike, war (declared or undeclared), riot, terrorist act, insurrection, civil commotion, fire, flood, accident, storm, or any act of God, or any other cause beyond the control of Publisher. In such an event, Advertiser shall have the option of either having the advertisement inserted in a future issue of the Publication on the terms and conditions contained in this agreement or of having no charge made by Publisher for the advertisement not inserted and of having the rate charged be unaffected by the reduction in space used.

8.02. Assignment and Delegation. Neither party may assign any rights or delegate any duties under this agreement without the express prior written consent of the other.

8.03. Entire Agreement. This writing contains the entire agreement of the parties. No representations were made or relied on by either party, other than those expressly set forth in this agreement. No agent, employee, or other representative of either party is empowered to alter any of the terms of this agreement, unless done in writing and signed by executive officers of the parties. In particular, and not in limitation of the foregoing, Advertiser acknowledges that no representations of Publisher were made or relied on with respect to circulation guaranties. Advertiser also acknowledges that no representations of Publisher were made regarding the lowest advertising rates in force.

8.04. Controlling Law. The validity, interpretation, and performance of this agreement shall be controlled by and construed under the laws of the State of California without reference to its conflict-of-law principles.

8.05. Failure to Object Not a Waiver. The failure of either party to object to, or to take affirmative action with respect to, any conduct of the other that is in violation of the terms of this agreement shall not be construed as a waiver of any rights or of any future breach or subsequent wrongful conduct.

§ 50.230 Agreement for Local Broadcast Advertising--Between Advertiser and Radio or Television Station

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft an agreement for radio or television broadcasting of advertisements and is designed for use when an advertiser deals directly with a station for local broadcasting. It includes provisions for use when program material is to be supplied by the station or when the advertiser is to do so. For a network broadcasting agreement between an agency and a radio or television broadcasting system, see § 50.231. This form can be adapted for use when an agency deals with the station, by changing party references (from "Advertiser" to "Agency") and including a provision to the effect that the stated rates include the agency commissions.

This form contains provisions dealing with the effect of an interruption in the contemplated advertising schedule that could result from preemptive coverage of major news events or from technical difficulties.

[2] FORM

Agreement for Local Broadcast Advertising--Between Advertiser and Radio or Television Station

AGREEMENT FOR BROADCAST ADVERTISING

_____ [name of advertiser] ("Advertiser") and _____ [name of station owner]
 ("Broadcasting Company"), in consideration of the promises made in this agreement, agree as follows:

1. BROADCASTING TIME

1.01. Agreement to Use and Provide Broadcasting Time. Advertiser agrees to use and Broadcasting Company agrees to provide broadcasting time on _____ [radio or television] station _____ [call letters] located in _____ [city and state] ("the Station"), subject to the terms and conditions of this agreement.

1.02. Term of Agreement. The term of this agreement shall be from _____[*date*] to and including _____[*date*] ("the Term").

1.03. Advertising Spots. Throughout the Term, Advertiser shall have the right to use _____[*e.g.*, three periods of one minute each] for presenting commercial announcements _____[*specify regular-schedule context, e.g.*, immediately before, during, and immediately after each broadcast of a series of programs entitled _____ to be presented on the Station on _____ (*specify days, e.g.*, every Monday) from _____ (*time of day*) to _____ (*time of day*)] ("the Advertising Spots").

1.04. Subject of Commercial Announcements. Advertiser shall not use the Advertising Spots to advertise any person or entity other than Advertiser, and shall not advertise any products or services other than _____[*specify products or services to be advertised*] without the express prior written consent of Broadcasting Company.

2. COST AND PAYMENTS

2.01. Rates and Charges. The rates for the Advertising Spots are based on Broadcasting Company's rate card, a copy of which is attached and incorporated into this agreement. The total charge per Advertising Spot is \$_____.

2.02. Agency Commission and Rate Representation. The charges specified in this agreement are based on Broadcasting Company's _____[gross rates and are not subject to an agency commission or net rates and have been reduced by the amount that would be payable to an advertising agency as its commission. Advertiser represents that no advertising agency is entitled to a commission by reason of the broadcasts agreed to in this agreement]. Broadcasting Company represents that the rates, discounts, and charges specified in this agreement are as favorable to Advertiser as any available for broadcasts under a like agreement as of the date of execution of this agreement. If any other advertiser or agency is given more favorable treatment in this regard during the Term, then Broadcasting Company shall apply those standards to this agreement as of the date they become effective with respect to that other advertiser or agency.

[EITHER]

2.03. Discounts. The rates and charges specified in this agreement have been reduced by the maximum discounts applicable to the particular terms of this agreement, and any deviation may result in higher or lower discounts and charges for the time actually used pursuant to the rate card of Broadcasting Company.

[OR]

2.03. Discounts. The rates and charges specified in this agreement represent the gross rates and charges of Broadcasting Company, and on billing Advertiser, Broadcasting Company will reduce those charges as follows:

(a) Advertiser shall be entitled to a cash discount of _____ percent of the total charges billed if payment is made to Broadcasting Company on or before the 15th of each month for the charges incurred in the preceding month, provided there are no other amounts due to Broadcasting Company from Advertiser.

(b) Advertiser shall be allowed an overall discount of _____ percent on the total gross billing for station time pursuant to this agreement, if that total gross billing is not less than \$_____ during any

yearly period commencing with the date of the first broadcast and terminating 12 months later. If Advertiser is not entitled to an overall discount during any specified year, it shall have the right to qualify for either or both of the following discounts.

(1) If the broadcasts provided for in this agreement are continued for not less than 13 consecutive weeks, Advertiser is entitled to a discount on gross billing for station time as follows:

_____ [*specify*].

(2) If the broadcasts provided for in this agreement are presented for continuous periods of not less than one year, commencing with the date of the first broadcast under this agreement, Advertiser shall be entitled to an annual discount of 52 times

_____ percent of the largest gross billings (less any advertising agency commission previously allowed on it) for station time used for broadcasts under this agreement for any week of that annual discount year. On termination of this agreement, if broadcasts under this agreement have continued for more than one annual discount year, Advertiser may elect to have this discount based on any consecutive 52-week period between the start of the last completed annual discount year and the termination date of this agreement, but that 52-week period may not include any period during which an overall discount has been allowed.

[OR]

2.03. Discounts. The rates and charges specified in this agreement represent the gross rates and charges of Broadcasting Company, and on billing Advertiser, Broadcasting Company will reduce those charges as follows:

(a) Advertiser shall be entitled to a cash discount of _____ percent of the total charges billed if payment is made to Broadcasting Company on or before the 15th of each month for the charges incurred in the preceding month, provided there are no other amounts due to Broadcasting Company from Advertiser.

(b) Advertiser shall be entitled to a volume discount of _____ percent based on the total amount of station time provided for under this agreement, as provided in the rate card of Broadcasting Company. This discount shall be reflected in the bills submitted to Advertiser. If the volume of broadcast time actually used exceeds that provided for in this agreement, any additional time shall be considered covered under this agreement for purposes of this discount, and if Advertiser becomes entitled to a higher discount as specified on Broadcaster's rate card, that discount shall apply to the entire period covered by this agreement. If a lesser amount of broadcasting time than that called for in this agreement is actually used, the lower discount specified in Broadcasting Company's rate card will apply to the entire period of broadcasting under this agreement.

[CONTINUE]

2.04. Copyright License Costs. Broadcasting Company reserves the right to commence charging Advertiser for the cost of obtaining any standard music license issued by the American Society of Composers, Authors and Publishers, or by Broadcast Music, Inc., or by SESAC, Inc., covering the nondramatic performance of the compositions, as published, of those organizations. Broadcasting Company shall give Advertiser written notice of its intention to make any such charge at least two weeks before the effective date, and on receiving that notice, Advertiser may cancel this agreement by giving written notice to Broadcasting Company, effective within one week after receipt of the notice. Advertiser

shall not lose the benefit of any discount or lower rate by reason of cancellation under this provision.

2.05. Taxes. Any and all taxes, whether federal, state, or local, that may be charged or assessed against Broadcasting Company on account of this agreement or the performance of any obligations under this agreement shall be paid by Advertiser and shall be included on the regular billings as an additional charge.

2.06. Billing and Payment. (a) Broadcasting Company shall bill Advertiser monthly for all broadcasts presented during the previous month. Advertiser shall remit all payments due under this agreement to Broadcasting Company at _____ [or specify address] within 30 days after receipt of each bill. Payments shall be deemed made for all purposes under this agreement as of the date Broadcasting Company actually receives the remittance.

(b) All payments shall be received by Broadcasting Company subject to collection. Any delay in the collection of or failure to honor a payment instrument shall void the attempted payment, and payment shall not be considered made for purposes of this agreement until the instrument actually clears or the amount involved is otherwise in the actual possession of Broadcasting Company.

(c) All bills submitted pursuant to this agreement shall be deemed correct unless Advertiser makes written objection within 10 days after receipt.

(d) If Advertiser fails to make any payment when required by this agreement, Broadcasting Company shall have the option of canceling the balance of this agreement by giving written notice of cancellation before the payment in arrears has been received by Broadcasting Company.

2.07. Increase in Rates. Broadcasting Company reserves the right to increase any rate or charge, or to reduce any discount specified in this agreement, by giving Advertiser not less than 20 days' prior notice of the change. On notification of a change of rates, Advertiser shall have the option of continuing this agreement in effect at the higher rates or canceling this agreement as of the date the change in rates becomes effective, without reduction of discounts or increase of rates because of the resulting reduction in time used. No increase of rates will be effective unless Broadcasting Company issues new rate cards reflecting the increase in rates applicable to all similar broadcasts.

3. PROGRAMS AND ANNOUNCEMENTS

[EITHER]

3.01. Production by Broadcasting Company. Broadcasting Company shall provide the materials, talent, and all other production facilities for the commercial announcements to be presented in the Advertising Spots. If additional services not covered in this agreement are provided, the charges for those services will be determined by the mutual agreement of the parties. If the cost of talent or other production services as specified in this agreement should be increased by union action or any other causes beyond the control of Broadcasting Company, the change in cost will be borne by Advertiser. Broadcasting Company assumes no liability for the default or nonappearance of talent contracted for in this agreement, and reserves the right to provide substitute talent, provided that no additional charge shall be made to Advertiser and any resulting savings will accrue to Advertiser. Broadcasting Company retains all rights in all material furnished by it for the broadcasts, and Advertiser shall make no other use of that material without the express prior written consent of Broadcasting Company.

[OR]

3.01. Production by Advertiser. Advertiser shall provide the materials, talent, and all other production facilities for

the commercial announcements to be presented in the Advertising Spots; however, Broadcasting Company shall always provide its usual technical and transmission facilities and the services of its regular staff announcers without any charge in addition to that for broadcast time.

3.02. Submission to Broadcasting Company. Advertiser shall present all materials to be used in broadcasts under this agreement to Broadcasting Company not less than 48 hours in advance of its scheduled broadcast date. Materials required to be submitted shall include scripts, continuity, tape recordings, records, commitments for talent, and all other material necessary to present the broadcast. These materials shall not be considered submitted to Broadcasting Company until Broadcasting Company actually receives them. If Broadcasting Company has not received these materials at least 48 hours before the scheduled broadcast, it shall notify Advertiser of that fact, and Broadcasting Company may use substitute materials that Broadcasting Company deems suitable and appropriate under the circumstances, and Advertiser shall pay, in addition to all other charges specified in this agreement, the entire cost of that production reasonably incurred by Broadcasting Company.

3.03. Approval of Content of Broadcasts. Broadcasting Company shall have the right to disapprove all materials submitted for broadcasts and to refuse to permit any individual to participate in any broadcast. Broadcasting Company may delete or omit any part of any broadcast. Broadcasting Company's right of disapproval shall be exercised in its sole discretion as to any matter it deems objectionable for any reason whatsoever. Broadcasting Company reserves the right to refuse to broadcast all or any part of any announcement, or to interrupt any broadcast in progress and cease to transmit all or any part, if Broadcasting Company reasonably and in good faith determines that the program or announcement material is of substandard technical quality, or not in conformity with the standards of quality broadcasting, or is in bad taste or otherwise objectionable.

3.04. Standards for Acceptable Content. In order to express certain minimum standards of Broadcasting Company for accepting broadcast material, the following rules are set forth. They do not purport to be a complete list of Broadcasting Company's standards, and are set forth for example only. In appropriate situations, Broadcasting Company may waive certain of the following requirements if good broadcasting in the public interest will result. Advertiser may submit any questionable matter to Broadcasting Company for a determination of the permissibility of its use before contracting any obligations or commitments. Advertiser agrees that, in order to obtain the highest possible degree of excellence in the broadcasting of programs and announcements, the following types of statements and practices shall not be used:

- (a) False or unwarranted claims for any product or service.
- (b) Infringements of another advertiser's rights through plagiarism or unfair imitation of either program idea or copy, or any other unfair competition.
- (c) Disparagement of competitors or competitive goods.
- (d) Lotteries or "drawing contests" or any other contest in which the public is unfairly treated or where fair and competent judging is not provided.
- (e) Presentation of slanderous, obscene, profane, vulgar, repulsive, or offensive matter, either in theme or in treatment.
- (f) Ambiguous statements that may be misleading to the audience.
- (g) Unpleasantly rapid delivery of commercial announcements.
- (h) Testimonials that cannot be authenticated.

4. FAILURE TO BROADCAST

4.01. Preemptions. Broadcasting Company reserves the right to preempt the time provided under this agreement, in order to present special events or programs of outstanding public importance. Broadcasting Company shall give Advertiser as much notice of preemption as is reasonably possible under the circumstances. If advance notice of the preemption is not possible, Broadcasting Company shall give notice promptly after preemption. Advertiser shall not be required to pay for any time preempted by Broadcasting Company. If a substitute time can be agreed on by Broadcasting Company and Advertiser, the preempted broadcast shall be presented at that time pursuant to the terms of this agreement. If mutual agreement in this regard is not possible, Advertiser shall continue to be entitled to all discounts and reductions of rates charged called for by this agreement notwithstanding the reduction in broadcasting time used. Broadcasting Company shall present courtesy announcements referring to Advertiser at the beginning and end of the broadcast of the preempting program.

4.02. Technical Difficulties or Other Causes Beyond Control of Broadcasting Company. (a) Any failure, interruption, or delay in presenting the broadcasts provided for in this agreement, in whole or in part, resulting from technical difficulties or mechanical failure of any of the broadcasting equipment or from strikes, labor disputes, boycotts, riots, terrorist acts, civil insurrection, war or national emergencies, governmental restrictions, acts of God, or any other cause beyond the control of Broadcasting Company, shall not constitute a breach of this agreement.

(b) If an entire broadcast is not presented, Broadcasting Company and Advertiser shall attempt to agree on a mutually satisfactory time to reschedule that broadcast pursuant to this agreement. If rescheduling cannot be agreed on or if part of a broadcast is omitted, Broadcasting Company shall grant a pro rata reduction in charges for the broadcasting time lost by Advertiser. However, if any commercial announcements are omitted, in whole or in part, Advertiser shall be entitled to a reduction in the time charges for the entire broadcast in the same ratio as the omitted announcement time bears to the total announcement time included in the broadcast, if this results in a greater reduction in charges.

(c) Advertiser shall continue to be entitled to all discounts and rates provided in this agreement, notwithstanding any reduction in broadcasting time used pursuant to this section.

5. INDEMNIFICATION

5.01. By Advertiser. Advertiser agrees to indemnify and hold harmless Broadcasting Company from and against any and all claims, damage, or liability, including attorneys' fees and the costs and expense of any legal action resulting from the broadcasting of material supplied or produced by Advertiser, including any musical composition or performance.

5.02. By Broadcasting Company. Broadcasting Company agrees to indemnify and hold harmless Advertiser from and against any and all claims, damage, or liability, including attorneys' fees and the costs and expense of any legal action resulting from the broadcasting of material supplied or produced by Broadcasting Company, including any musical composition or performance.

5.03. Advertiser Responsible for Advertising Copy. Advertiser assumes full and complete responsibility and liability for the content of all advertising copy submitted and broadcast pursuant to this agreement, and shall indemnify and hold Broadcasting Company harmless against any demands, claims, or liability on it. Advertiser shall reimburse Broadcasting Company for any amount paid by Broadcasting Company in settlement of claims or in satisfaction of judgments obtained by reason of broadcasting advertising copy, and for all expenses incurred in that regard, including, but not limited to, attorneys' fees and costs of litigation.

5.04. Continuing Effect. The provisions of Sections 5.01 through 5.03 shall remain effective and inure to the benefit of the respective parties notwithstanding the expiration, cancellation, or termination of this agreement.

6. TERMINATION OF AGREEMENT

6.01. Termination. Either Broadcasting Company or Advertiser may terminate this agreement at the completion of the thirteenth, twenty-sixth, or thirty-ninth week of broadcasting, by giving the other party written notice of termination not less than 21 days before the effective date of the termination.

6.02. Cancellation for Nonperformance. Either Broadcasting Company or Advertiser may cancel this agreement at any time by giving the other party written notice of cancellation, if the other party has not complied with the terms and conditions of this agreement. Broadcasting Company may so cancel this agreement if Advertiser has failed to make any payment when due pursuant to this agreement or has become bankrupt, or if insolvency proceedings are instituted by or against Advertiser, or if it reasonably appears that the credit of Advertiser is impaired.

6.03. Effect on Rates. The rates and discounts specified in this agreement shall continue in effect in the event Broadcasting Company terminates this agreement pursuant to Section 6.01 or Advertiser cancels this agreement pursuant to Section 6.02. If Advertiser terminates this agreement pursuant to Section 6.01 or Broadcasting Company cancels this agreement pursuant to Section 6.02, the rates and discounts applicable to the entire term of this agreement shall be modified to reflect those shown in Broadcasting Company's rate schedule for the amount of time and other services actually used under this agreement.

7. RENEWAL OF AGREEMENT

7.01. Advertiser Renewal Option. Advertiser shall have an option to renew this agreement on the terms and conditions contained in this agreement, except that the rates and charges provided in this agreement may be changed to match the rates and charges for other purchasers of broadcasting time according to Broadcasting Company's rate schedules in effect at the commencement date of the renewed contract.

7.02. Notice of Intention to Renew. Written notice of intention to renew this agreement shall be given to Broadcasting Company by Advertiser not less than 10 days before the termination date of this agreement.

7.03. Nonrenewal. No option to renew shall be available if there has been any default in the payments to Broadcasting Company required by this agreement or as to Advertiser's performance of any of the other terms and conditions of this agreement. [Broadcasting Company may refuse to renew this agreement by giving Advertiser notice to that effect within five days after it has received notice that Advertiser has exercised its option to renew this agreement.]

8. MISCELLANEOUS PROVISIONS

8.01. Governmental Regulation. This agreement is subject to the terms of the licenses held by Broadcasting Company and to all federal, state, and municipal laws, regulations, and decisions either presently in existence or to be enacted, made, or enforced in the future, including the regulations and actions of all governmental administrative agencies and commissions.

8.02. Assignment and Delegation. Neither party may assign any rights or delegate any duties under this agreement without the express prior written consent of the other.

8.03. Entire Agreement. This writing contains the entire agreement of the parties. No representations other than those expressly set forth in this agreement were made or relied on by either party. No agent, employee, or other representative of either party is empowered to alter any of the terms of this agreement, unless done in writing and signed by an officer of each party.

8.04. Controlling Law. The validity, interpretation, and performance of this agreement shall be controlled by and

construed under the laws of the State of California without reference to its conflict of law principles.

8.05. Failure to Object Not a Waiver. The failure of either party to object to, or to take affirmative action with respect to, any conduct of the other that is in violation of the terms of this agreement shall not be construed as a waiver of any rights or of any future breach or subsequent wrongful conduct.

8.06. Cessation of Performance. In the event of any material breach of this agreement, including a failure to make any payments required under this agreement, the nonbreaching party shall, in addition to any other rights and remedies available, have the option to immediately cease all performance under this agreement.

PART IV. FORMS
D. Radio and Television Advertising

20-50 California Legal Forms--Transaction Guide § 50.231

§ 50.231 Agreement for Network Broadcast Advertising--Between Advertising Agency and Radio or Television Network

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft an agreement by an advertising agency with a radio or television network (which has operating arrangements with local stations). Unlike the agreement between an advertiser and a local station *set forth in § 50.230*, this form contains provisions with respect to agency commissions.

[2] FORM

Agreement for Network Broadcast Advertising--Between Advertising Agency and Radio or Television Network

AGREEMENT FOR NETWORK BROADCASTS

_____[*name of agency*] ("Agency"), acting for the benefit of _____[*name of advertiser*] ("Advertiser"), and _____[*name of network owner*] ("Network"), in consideration of the promises made in this agreement, agree as follows:

1. BROADCASTING TIME

1.01. Agreement to Use and Provide. Agency agrees to use and Network agrees to provide broadcasting time, as described in this agreement, on the _____[*radio or television or radio and television*] stations identified in Exhibit _____ ("the Stations"), subject to the terms and conditions of this agreement.

1.02. Term of Agreement. The term of this agreement shall be from _____[*date*] to and including _____[*date*] ("the Term").

1.03. Advertising Spots. Throughout the Term, Agency shall have the right to use _____ [e.g., three periods of one minute each] for presenting commercial announcements _____ [specify regular-schedule context, e.g., immediately before, during, and immediately after each broadcast of a series of programs entitled _____ to be presented on the Stations on _____ (specify days, e.g., every Monday) from _____ (time of day) to _____ (time of day)] ("the Advertising Spots").

1.04. Subject of Commercial Announcements. Agency shall not use the Advertising Spots to advertise any person or entity other than Advertiser and shall not advertise any products or services other than _____ [list products or services to be advertised] without the express prior written consent of Network.

2. COST AND PAYMENTS

2.01. Rates and Charges. The rates for the Advertising Spots are based on Network's rate card, a copy of which is attached and incorporated into this agreement. The total charge per Advertising Spot is \$_____.

2.02. Agency Commission and Rate Representation. The charges specified in this agreement are based on Network's gross rates and are subject to an agency commission of _____ percent on billing to Agency. Network represents that the rates, discounts, and charges specified in this agreement are as favorable to Agency as any available for broadcasts under a like agreement as of the date of execution of this agreement. If any other advertiser or agency is given more favorable treatment in this regard during the Term, then Network shall apply those standards to this agreement as of the date they become effective with respect to that other advertiser or agency.

[EITHER]

2.03. Discounts. The rates and charges specified in this agreement have been reduced by the maximum discounts applicable to the particular terms of this agreement, and any deviation may result in higher or lower discounts and charges for the time actually used pursuant to the rate card of Network.

[OR]

2.03. Discounts. The rates and charges specified in this agreement represent the gross rates and charges of Network, and on billing Agency, Network will reduce those charges as follows:

(a) Agency shall be entitled to a cash discount of _____ percent of the total charges billed if payment is made to Network on or before the 15th of each month for the charges incurred in the preceding month, provided there are no other amounts due to Network from Agency.

(b) Agency shall be allowed an overall discount of _____ percent on the total gross billing for station time pursuant to this agreement, if that total gross billing is not less than \$_____ during any yearly period commencing with the date of the first broadcast and terminating 12 months later. If Agency is not entitled to an overall discount during any specified year, it shall have the right to qualify for either or both of the following discounts.

(1) If the broadcasts provided for in this agreement are continued for not less than 13 consecutive weeks, Agency is entitled to a discount on gross billing for station time as follows:

_____ [specify].

(2) If the broadcasts provided for in this agreement are presented for continuous periods of not less than one year, commencing with the date of the first broadcast under this agreement, Agency shall be entitled to an annual discount of 52 times

_____ percent of the largest gross billings (less any advertising agency commission previously allowed on it) for station time used for broadcasts under this agreement for any week of that annual discount year. On termination of this agreement, if broadcasts under this agreement have continued for more than one annual discount year, Agency may elect to have this discount based on any consecutive 52-week period between the start of the last completed annual discount year and the termination date of this agreement, but that 52-week period may not include any period during which an overall discount has been allowed.

[OR]

2.03. Discounts. The rates and charges specified in this agreement represent the gross rates and charges of Network, and on billing Agency, Network will reduce those charges as follows:

(a) Agency shall be entitled to a cash discount of _____ percent of the total charges billed if payment is made to Network on or before the 15th of each month for the charges incurred in the preceding month, provided there are no other amounts due to Network from Agency.

(b) Agency shall be entitled to a volume discount of _____ percent based on the total amount of station time provided for under this agreement, as provided in the rate card of Network. This discount shall be reflected in the bills submitted to Agency. If the volume of broadcast time actually used exceeds that provided for in this agreement, any additional time shall be considered covered under this agreement for purposes of this discount, and if Agency becomes entitled to a higher discount as specified on Broadcaster's rate card, that discount shall apply to the entire period covered by this agreement. If a lesser amount of broadcasting time than that called for in this agreement is actually used, the lower discount specified in Network's rate card will apply to the entire period of broadcasting under this agreement.

[OR]

2.03. Discounts. The rates and charges specified in this agreement represent the gross rates and charges of Network, and on billing Agency, Network will reduce those charges as follows:

(a) Agency shall be entitled to a cash discount of _____ percent of the total charges billed if payment is made to Network on or before the 15th of each month for the charges incurred in the preceding month, provided there are no other amounts due to Network from Agency.

(b) If the aggregate of the gross rates per night hour of all continental United States Stations actually used on any broadcast equals or exceeds \$_____, there will be allowed on the net billing (after deduction of dollar volume and annual or overall discounts) for all Stations used on that broadcast a discount of _____ percent, less half of the percentage points, if any, by which the aggregate of the gross rates per night hour of all Stations actually used for the broadcast is less than \$_____, provided that at least _____ [number] Stations whose gross rates per night hour aggregate at least \$_____ remain on firm order throughout the Term. In computing the rate of the discount applicable to any broadcast that is one of a series of broadcasts, a Station that has been ordered for and has accepted that series of broadcasts, but is unavailable

for a particular broadcast because it has preempted the broadcast time for a special event of importance or because of failure of facilities, shall be deemed to have actually been used for that broadcast. The term "Station" for this purpose shall mean any Station identified on Exhibit _____, except that bonus Stations shall not be counted and two or more Stations sold as a unit shall be counted as a single Station.

(c) The discounts on any broadcasts that are transmitted between the hours of 9:00 A.M. and 1:00 P.M. shall be adjusted so that 10 percentage points shall be deducted from the total of all other discounts allowable.

[CONTINUE]

2.04. Copyright License Costs. Network reserves the right to commence charging Agency for the cost of obtaining any standard music license issued by the American Society of Composers, Authors and Publishers, or by Broadcast Music, Inc., or by SESAC, Inc., covering the nondramatic performance of the compositions, as published, of those organizations. Network shall give Agency written notice of its intention to make any such charge at least two weeks before the effective date, and on receiving that notice, Agency may cancel this agreement by giving written notice to Network, effective within one week after receipt of the notice. Agency shall not lose the benefit of any discount or lower rate by reason of cancellation under this provision.

2.05. Taxes. Any and all taxes, whether federal, state, or local, that may be charged or assessed against Network on account of this agreement or the performance of any obligations under this agreement shall be paid by Agency and shall be included on the regular billings as an additional charge.

2.06. Billing and Payment. (a) Network shall bill Agency monthly for all broadcasts presented during the previous month. Agency shall remit all payments due under this agreement to Network at _____[or specify address] within 30 days after receipt of each bill. Payments shall be deemed made for all purposes under this agreement as of the date Network actually receives the remittance.

(b) All payments shall be received by Network subject to collection. Any delay in the collection of or failure to honor a payment instrument shall void the attempted payment, and payment shall not be considered made for purposes of this agreement until the instrument actually clears or the amount involved is otherwise in the actual possession of Network.

(c) All bills submitted pursuant to this agreement shall be deemed correct unless Agency makes written objection within 10 days after receipt.

(d) If Agency fails to make any payment when required by this agreement, Network shall have the option of canceling the balance of this agreement by giving written notice of cancellation before the payment in arrears has been received by Network.

2.07. Increase in Rates. Network reserves the right to increase any rate or charge, or to reduce any discount specified in this agreement, by giving Agency not less than 20 days' prior notice of the change. On notification of a change of rates, Agency shall have the option of continuing this agreement in effect at the higher rates or canceling this agreement as of the date the change in rates becomes effective, without reduction of discounts or increase of rates because of the resulting reduction in time used. No increase of rates will be effective unless Network issues new rate cards reflecting the increase in rates applicable to all similar broadcasts.

3. PROGRAMS AND ANNOUNCEMENTS

[EITHER]

3.01. Production by Network. Network shall provide the materials, talent, and all other production facilities for the commercial announcements to be presented in the Advertising Spots. If additional services not covered in this agreement are provided, the charges for those services will be determined by the mutual agreement of the parties. If the cost of talent or other production services as specified in this agreement should be increased by union action or any other causes beyond the control of Network, the change in cost will be borne by Agency. Network assumes no liability for the default or nonappearance of talent contracted for in this agreement, and reserves the right to provide substitute talent, provided that no additional charge shall be made to Agency and any resulting savings will accrue to Agency. Network retains all rights in all material furnished by it for the broadcasts, and Agency shall make no other use of that material without the express prior written consent of Network.

[OR]

3.01. Production by Agency. Agency shall provide the materials, talent, and all other production facilities for the commercial announcements to be presented in the Advertising Spots; however, Network shall always provide its usual technical and transmission facilities and the services of its regular staff announcers without any charge in addition to that for broadcast time.

3.02. Submission to Network. Agency shall present all materials to be used in broadcasts under this agreement to Network not less than 48 hours in advance of its scheduled broadcast date. Materials required to be submitted shall include scripts, continuity, tape recordings, records, commitments for talent, and all other material necessary to present the broadcast. These materials shall not be considered submitted to Network until Network actually receives them. If Network has not received these materials at least 48 hours before the scheduled broadcast, it shall notify Agency of that fact, and Network may use substitute materials that Network deems suitable and appropriate under the circumstances, and Agency shall pay, in addition to all other charges specified in this agreement, the entire cost of that production reasonably incurred by Network.

3.03. Approval of Content of Broadcasts. Network shall have the right to disapprove all materials submitted for broadcasts and to refuse to permit any individual to participate in any broadcast. Network may delete or omit any part of any broadcast. Network's right of disapproval shall be exercised in its sole discretion as to any matter it deems objectionable for any reason whatsoever. Network reserves the right to refuse to broadcast all or any part of any announcement, or to interrupt any broadcast in progress and cease to transmit all or any part, if Network reasonably and in good faith determines that the program or announcement material is of substandard technical quality, or not in conformity with the standards of quality broadcasting, or is in bad taste or otherwise objectionable.

3.04. Standards for Acceptable Content. In order to express certain minimum standards of Network for accepting broadcast material, the following rules are set forth. They do not purport to be a complete list of Network's standards, and are set forth for example only. In appropriate situations, Network may waive certain of the following requirements if good broadcasting in the public interest will result. Agency may submit any questionable matter to Network for a determination of the permissibility of its use before contracting any obligations or commitments. Agency agrees that, in order to obtain the highest possible degree of excellence in the broadcasting of programs and announcements, the following types of statements and practices shall not be used:

- (a) False or unwarranted claims for any product or service.
- (b) Infringements of another advertiser's rights through plagiarism or unfair imitation of either program idea or copy, or any other unfair competition.
- (c) Disparagement of competitors or competitive goods.

- (d) Lotteries or "drawing contests" or any other contest in which the public is unfairly treated or where fair and competent judging is not provided.
- (e) Presentation of slanderous, obscene, profane, vulgar, repulsive, or offensive matter, either in theme or in treatment.
- (f) Ambiguous statements that may be misleading to the audience.
- (g) Unpleasantly rapid delivery of commercial announcements.
- (h) Testimonials that cannot be authenticated.

4. NETWORK BROADCASTS

4.01. Stations. The broadcasts described in this agreement shall be carried over Network's facilities and be presented by all of the Stations except as otherwise provided in this agreement.

4.02. Omission of Broadcasts. (a) The fact that any Station is unavailable or will not accept the programs or announcements, or for any other reason does not present one or more of the broadcasts, shall not constitute a breach of this agreement on the part of Network. However, Agency shall not be required to pay for the facilities of the Stations for any such broadcast.

(b) Network and Agency may agree on mutually satisfactory dates to present omitted broadcasts on a delayed basis, on the Stations not presenting them, in which event the provisions of this agreement, including all charges, shall fully apply to the delayed broadcasts. In any event, Agency shall not be penalized by way of increased rates or reduced discounts because of the failure of any Station to present any broadcast.

(c) If presentation of the broadcasts has been suspended by any Station for _____[*period of time*], Agency shall have the option of deleting that Station from the coverage of this agreement and of not using the facilities of that Station when it again becomes available, provided that no Station may be deleted from the coverage of this agreement if that deletion would cause the gross amount of time charges for the Stations actually used to be less than 80 percent of the total amount of those charges provided in this agreement.

4.03. Broadcast Origination. All broadcasts shall originate in the studios of Network in _____[*city or cities*]. On request of Agency, and if Network consents, broadcasts may be originated from places other than those listed above, but in that event Agency shall pay a special origination charge.

4.04. Use of Recordings. (a) If any Station cannot receive any broadcast on a direct basis because of lack of service of coaxial cable, microwave relay, or leased lines, that Station shall present the broadcast by means of recordings of the original broadcast. The cost of making those recordings and of shipping them to any such Station, and all incidental expenses, shall be paid by Network. All such recordings shall be and remain the property of Network.

(b) The presentation of any broadcast on a recorded basis is subject to and dependent on the rules of any union having jurisdiction, the conditions under which the owners of musical, literary, and other material rights make that material available for recorded broadcasts, and the availability of suitable facilities for transmitting the recordings to the Stations involved. All expenses made necessary by the demands for payment by the owners of musical, literary, or other rights for the use of recordings shall be paid by Network.

5. FAILURE TO BROADCAST

5.01. Preemptions. Network reserves the right to preempt the time provided under this agreement, in order to present special events or programs of outstanding public importance. Network shall give Agency as much notice of preemption as is reasonably possible under the circumstances. If advance notice of the preemption is not possible, Network shall give notice promptly after preemption. Agency shall not be required to pay for any time preempted by Network. If a substitute time can be agreed on by Network and Agency, the preempted broadcast shall be presented at that time pursuant to the terms of this agreement. If mutual agreement in this regard is not possible, Agency shall continue to be entitled to all discounts and reductions of rates charged called for by this agreement notwithstanding the reduction in broadcasting time used. Network shall present courtesy announcements referring to Agency at the beginning and end of the broadcast of the preempting program.

5.02. Technical Difficulties or Other Causes Beyond Control of Network. (a) Any failure, interruption, or delay in presenting the broadcasts provided for in this agreement, in whole or in part, resulting from technical difficulties or mechanical failure of any of the broadcasting equipment or from strikes, labor disputes, boycotts, riots, terrorist acts, civil insurrection, war or national emergencies, governmental restrictions, acts of God, or any other cause beyond the control of Network, shall not constitute a breach of this agreement.

(b) If an entire broadcast is not presented, Network and Agency shall attempt to agree on a mutually satisfactory time to reschedule that broadcast pursuant to this agreement. If rescheduling cannot be agreed on or if part of a broadcast is omitted, Network shall grant a pro rata reduction in charges for the broadcasting time lost by Agency. However, if any commercial announcements are omitted, in whole or in part, Agency shall be entitled to a reduction in the time charges for the entire broadcast in the same ratio as the omitted announcement time bears to the total announcement time included in the broadcast, if this results in a greater reduction in charges.

(c) Agency shall continue to be entitled to all discounts and rates provided in this agreement, notwithstanding any reduction in broadcasting time used pursuant to this section.

6. INDEMNIFICATION

6.01. By Agency. Agency agrees to indemnify and hold Network harmless from and against any and all claims, damage, or liability, including attorneys' fees and the costs and expense of any legal action resulting from the broadcasting of material supplied or produced by Agency, including any musical composition or performance.

6.02. By Network. Network agrees to indemnify and hold harmless Agency from and against any and all claims, damage, or liability, including attorneys' fees and the costs and expense of any legal action resulting from the broadcasting of material supplied or produced by Network, including any musical composition or performance.

6.03. Agency Responsible for Advertising Copy. Agency assumes full and complete responsibility and liability for the content of all advertising copy submitted and broadcast pursuant to this agreement, and shall indemnify and hold Network harmless against any demands, claims, or liability on it. Agency shall reimburse Network for any amount paid by Network in settlement of claims or in satisfaction of judgments obtained by reason of broadcasting advertising copy, and for all expenses incurred in that regard, including, but not limited to, attorneys' fees and costs of litigation.

6.04. Continuing Effect. The provisions of Sections 6.01 through 6.03 shall remain effective and inure to the benefit of the respective parties notwithstanding the expiration, cancellation, or termination of this agreement.

7. TERMINATION OF AGREEMENT

7.01. Termination. Either Network or Agency may terminate this agreement at the completion of the thirteenth, twenty-sixth, or thirty-ninth week of broadcasting, by giving the other party written notice of termination not less than 21 days before the effective date of the termination.

7.02. Cancellation for Nonperformance. Either Network or Agency may cancel this agreement at any time by giving the other party written notice of cancellation, if the other party has not complied with the terms and conditions of this agreement. Network may so cancel this agreement if Agency has failed to make any payment when due pursuant to this agreement or has become bankrupt, or if insolvency proceedings are instituted by or against Agency, or if it reasonably appears that the credit of Agency is impaired.

7.03. Effect on Rates. The rates and discounts specified in this agreement shall continue in effect in the event Network terminates this agreement pursuant to Section 7.01 or Agency cancels this agreement pursuant to Section 7.02. If Agency terminates this agreement pursuant to Section 7.01 or Network cancels this agreement pursuant to Section 7.02, the rates and discounts applicable to the entire term of this agreement shall be modified to reflect those shown in Network's rate schedule for the amount of time and other services actually used under this agreement.

8. RENEWAL OF AGREEMENT

8.01. Agency Renewal Option. Agency shall have an option to renew this agreement on the terms and conditions contained in this agreement, except that the rates and charges provided in this agreement may be changed to match the rates and charges for other purchasers of broadcasting time according to Network's rate schedules in effect at the commencement date of the renewed contract.

8.02. Notice of Intention to Renew. Written notice of intention to renew this agreement shall be given to Network by Agency not less than 10 days before the termination date of this agreement.

8.03. Nonrenewal. No option to renew shall be available if there has been any default in the payments to Network required by this agreement or as to Agency's performance of any of the other terms and conditions of this agreement. [Network may refuse to renew this agreement by giving Agency notice to that effect within five days after it has received notice that Agency has exercised its option to renew this agreement.]

9. MISCELLANEOUS PROVISIONS

9.01. Governmental Regulation. This agreement is subject to the terms of the licenses held by Network and the Stations and to all federal, state, and municipal laws, regulations, and decisions either presently in existence or to be enacted, made, or enforced in the future, including the regulations and actions of all governmental administrative agencies and commissions.

9.02. Assignment and Delegation. Neither party may assign any rights or delegate any duties under this agreement without the express prior written consent of the other.

9.03. Entire Agreement. This writing contains the entire agreement of the parties. No representations other than those expressly set forth in this agreement were made or relied on by either party. No agent, employee, or other representative of either party is empowered to alter any of the terms of this agreement, unless done in writing and signed by an officer of each party.

9.04. Controlling Law. The validity, interpretation, and performance of this agreement shall be controlled by and construed under the laws of the State of California without reference to its conflict of law principles.

9.05. Failure to Object Not a Waiver. The failure of either party to object to, or to take affirmative action with respect to, any conduct of the other that is in violation of the terms of this agreement shall not be construed as a waiver of any rights or of any future breach or subsequent wrongful conduct.

9.06. Cessation of Performance. In the event of any material breach of this agreement, including a failure to make any payments required under this agreement, the nonbreaching party shall, in addition to any other rights and remedies available, have the option to immediately cease all performance under this agreement.

Generally, any person who wishes to conduct an outdoor advertising business must first obtain an outdoor operator's license [*Bus. & Prof. Code §§ 5301, 5303*] or apply for permits for individual displays [*Bus. & Prof. Code § 5303*]. For the requirements for individual displays, see § 50.241[1].

The requirements of the Outdoor Advertising Act [*see* § 50.11[2]] (and, thus, the requirements for a license and permits) apply only when the business involves the placement of advertising displays (1) within view of highways located in unincorporated areas of the state or (2) within 660 feet from the edge of the right-of-way of interstate or primary highways, including portions of those highways located within incorporated areas, if the copy is visible from the highway [*Bus. & Prof. Code* § 5271].

[c] Exempt Advertising Displays

With limited exceptions [*see Bus. & Prof. Code* §§ 5300 *et seq.*, 5400-5404 (exceptions)], advertising displays used exclusively for any of the following purposes are not subject to the requirements of the Outdoor Advertising Act [*Bus. & Prof. Code* § 5272]:

- To advertise the sale, lease, or exchange of the real property on which the display is placed.
- To advertise directions to, and the sale, lease, or exchange of, real property for which the display is placed (but this exemption does not apply to displays subject to the Highway Beautification Act of 1965 [*see* 23 U.S.C. § 131]).
- To designate the name of the owner or occupant of the premises.
- To identify the premises.
- To advertise the business conducted, services rendered, or goods produced or sold on the property on which the display is placed. This display must be on the same side of the highway and within 1,000 feet of the point on the property or within 1,000 feet of the entrance to the site where the business is conducted, services are rendered, or goods are produced or sold [*Bus. & Prof. Code* § 5272].
- To advertise products, goods, or services sold by persons on the premise of an arena, provided these advertising displays are in existence before January 1, 2009, at an arena located on public land with a capacity of 5,000 seats or more that provides a permanent venue for professional sports, and that advertises products, goods, or services that are or will be sold on the premise of the arena on a regular basis under an agreement of at least one year duration between the vendor or business and the property owner, facility owner, or facility operator. This advertising display may not advertise products, goods, or services directed at an adult population, including, but not limited to, alcohol, tobacco, gambling, or sexually explicit material.

Further, noncommercial, protected speech contained within any advertising display authorized by, or exempted from, the Outdoor Advertising Act may not be regulated under the Act [*Bus. & Prof. Code* § 5275].

Owners of real property have additional rights to place signs on property relating to the ownership, location, and disposition of the property [*see Civ. Code* § 713]. Restrictions in fee-interest grants or purchase money security instruments on the right of property owners to display reasonable signs relating to the property are void as unreasonable restraints on alienation [*see Civ. Code* § 712].

[d] Outdoor Advertising Business

A person engages in the outdoor advertising business whenever, personally or through employees, that person places an advertising display, or changes the advertising message of an advertising display that does not pertain exclusively to that person's business and is visible from a state highway or freeway [*Bus. & Prof. Code* § 5300(a)]. A manufacturer or

distributor of a consumer product does not engage in this type of business merely by furnishing a sign pertaining to the product to a retailer of that product for installation on the retailer's place of business, or by installing on the retailer's place of business a sign containing advertising pertaining to the product, the name, or the business of the retailer [*Bus. & Prof. Code § 5300(b)*].

[e] Advertising Display Defined

An advertising display is an advertising structure or sign [*Bus. & Prof. Code § 5202*]. An advertising structure is any kind of structure erected or maintained for outdoor advertising purposes and on which any kind of advertisement may be placed [*see Bus. & Prof. Code § 5203*]. A sign is any type of device placed for outdoor advertising purposes on the ground, a building, or anything other than an advertising structure [*Bus. & Prof. Code § 5221*]. The definitions of advertising structure and sign do not include any of the following [*Bus. & Prof. Code §§ 5203, 5221*]:

- Official notices issued by any court or public body or officer.
- Notices posted by any public officer in performance of a public duty or by any person in giving legal notice.
- Directional warning or information structures or signs required by or authorized by law or by federal, state, or county authority.
- A sign erected near a city or county boundary that contains the name of that city or county and the names of, or any other information regarding, civic, fraternal, or religious organizations located within that city or county.

In addition, "advertising structure" does not include a structure erected near a city or county boundary that contains the name of that city or county and the names of, or any other information regarding, civic, fraternal, or religious organizations located in that city or county [*Bus. & Prof. Code § 5203(d)*].

[f] Contents of Application

The application must show the applicant's full name and the post office address of the applicant's fixed place of business. It must also contain a certification that the applicant has obtained a copy of the Outdoor Advertising Act and all applicable regulations and is aware of their contents [*Bus. & Prof. Code § 5303*].

[g] Initial and Renewal License Fees

The applicant must pay the initial license fee and each annual renewal fee. A higher fee rate is set for applicants maintaining seven or more sign or structure permits [*Bus. & Prof. Code § 5484*]. Fees for original licenses issued after the first of July will be apportioned and collected on the basis of one twelfth of the fee for each month or part of a month remaining in the fiscal year that begins on the first of July [*Bus. & Prof. Code § 5302*]. Each license remains in force for one year and may be renewed annually. The renewal fee is due annually in advance on the first of July [*Bus. & Prof. Code § 5301*].

[1] Comment

[a] Use of Form

The form in [2], *below*, is an application for an outdoor advertising display permit under the Outdoor Advertising Act [*Bus. & Prof. Code § 5200 et seq.*; *see 4 Cal. Code Reg. § 2240 et seq.* (regulations)]. It is California Department of Transportation (Caltrans) Form ODA-0002. It is for use by a person that has previously obtained and currently maintains a license to engage in the outdoor advertising business [*see § 50.240*].

The form is available from the Department of Transportation, 1120 N Street, MS 37 (or P.O. Box 942874), Sacramento, California 94274-0001. The form also may be obtained from a Caltrans district office or online at the Caltrans web site.

ELECTRONIC FORMS NOTE

ELECTRONIC FORMS NOTE: Electronic copies of this form that may be printed out and filled in for filing can be obtained at through the outdoor advertising pages of the Department of Transportation's web site, located at <http://www.dot.ca.gov/oda/>. You may also obtain a copy of this form via e-mail by contacting Matthew Bender & Co. at (800) 424-0651, ext. 405, or e-mailing us at cal.custquest@bender.com and requesting an electronic copy of CLF Form 50.241. Please be sure to include your e-mail address along with your request and we will provide the form via return e-mail. To view and print these forms, your computer system will need Adobe Acrobat Reader version 3.0 or higher.

The form must be filed at the appropriate Caltrans district office (see the reverse side of the form), based on the location of the display.

A permit to place temporary political signs does not require use of this form; instead, a person who will be responsible for removing the signs must submit a Statement of Responsibility for Temporary Political Signs [*see Bus. & Prof. Code*

§ 5405.3]. The form for that statement can be obtained, and must be filed, at the Caltrans district office serving the location where the signs will be displayed. That form also may be obtained from the Caltrans web site or the Sacramento office address.

[b] Requirement for Display Permit

The Outdoor Advertising Act forbids the placement of any advertising display within the areas affected by the Act [see § 50.240[1][b]] without a permit for that display from the California Department of Transportation [Bus. & Prof. Code § 5350].

A new permit is required for any relocation of an existing permitted display or portion of an existing permitted display, regardless of the reason for relocating (even if, for example, the display is relocated for reasons of safety) [*People ex rel. Dept. of Transportation v. Ad Way, Inc.* (1992) 8 Cal. App. 4th 309, 315, 11 Cal. Rptr. 2d 407 ; see 4 Cal. Code Reg. § 2270 (customary maintenance, which may be done without permit, does not include any relocation of display or portion of display, and any relocation constitutes placement of new display); *People ex rel. Dep't of Transportation v. Ad Way Signs, Inc.* (1993) 14 Cal. App. 4th 187, 196-197, 17 Cal. Rptr. 2d 496 (regulatory exclusion of relocation from definition of customary maintenance, and requirement to obtain new permit for relocation, are not contrary to legislative intent of Outdoor Advertising Act)].

The permit holder has the right to place the advertising display for the remainder of the calendar year in which the permit is issued and for an additional four calendar years [Bus. & Prof. Code § 5358], as well as the right to change the advertising copy without obtaining a new permit and without paying any additional fee [Bus. & Prof. Code § 5359(a)]. However, issuance of a permit does not affect the obligation of the display owner to comply with applicable zoning ordinances [Bus. & Prof. Code § 5359(b)].

[c] Contents of Application for Display Permit

The application must show the name and address of the applicant. It must also contain a general description of the property where the proposed display is to be placed and a diagram indicating the location of the display on the property. The description and diagram must be drafted in a manner that will allow the property and the location of the proposed display to be readily ascertained and identified [Bus. & Prof. Code § 5353]. The applicant must offer written evidence that both the owner or person in control or possession of the property and the city or county with land use jurisdiction over the property have consented to placement of the display [Bus. & Prof. Code § 5354(a)]. At the request of the city or county with land use jurisdiction over the property, the Department of Transportation (Caltrans) must reserve a location for an applicant for a period of time not to exceed 90 days from the date Caltrans received the request, in advance of receiving written evidence of consent [Bus. & Prof. Code § 5354(b); see Bus. & Prof. Code § 5354(c) (Caltrans has discretion to grant additional period of 30 days on proof of extenuating circumstances)].

The application must describe the proposed display, including its material, size, and subject, as well as the manner proposed for its placement [Bus. & Prof. Code § 5355]. The applicant's outdoor advertising display license number must appear on the permit application [Bus. & Prof. Code § 5357].

[d] Application and Permit Fees

An application for an original permit to place an advertising structure [see § 50.240[1][e] (definition)] must be accompanied by an application fee [Bus. & Prof. Code § 5486] and a permit fee [see Bus. & Prof. Code § 5485(a)(1)]. An application for a permit to place a sign [see § 50.240[1][e] (definition)] must also be accompanied by a fee [see Bus. & Prof. Code § 5485(a)(1)]. When an application is filed in full compliance with the law, and the appropriate fee is paid, a permit is issued [see Bus. & Prof. Code § 5358]. A permit renewal term is for five years and must be reflected on the face of the permit [Bus. & Prof. Code § 5360(a)]. Regulations for permit renewal adopted by the Department of

Transportation (Caltrans) must include procedures for late renewal within a period not exceeding one year from the date of permit expiration. Any permit that is not renewed is deemed revoked [*Bus. & Prof. Code* § 5360(b); see *Bus. & Prof. Code* § 5485(a), (b) (annual fees); see also *Traverso v. Department of Transportation* (2001) 87 Cal. App. 4th 1142, 1143, 105 Cal. Rptr. 2d 179 (trial court properly sustained demurrer by Caltrans to individual's action seeking to revive, renew, or have reissued permits for billboards that were canceled many years earlier)].

20-50 California Legal Forms--Transaction Guide § 50.242

§ 50.242 Lease of Real Property for Billboard

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft an agreement between an outdoor advertising company and the owner of real property (land or building) for the placement of a billboard and for access to the billboard. It is essentially a commercial lease. For additional discussion, procedural and drafting guides, and alternate provisions, see Ch. 35, *Real Property Leases and Lease Provisions*.

This agreement does not specify the lease term. The industry standard for the term of a billboard space lease is a minimum of 10 years, in order to allow the billboard owner enough time to fully amortize the cost of building and maintaining the advertising display and to make a profit on advertising operations. For billboard advertising display agreements, see §§ 50.250, 50.251.

This agreement provides for adherence by the billboard owner to all governmental requirements. For discussion of those requirements, see §§ 50.11[2], 50.240[1] (application for outdoor advertising license) and 50.241[1] (application for outdoor display permit).

This agreement grants the billboard owner a right of access over the lessor's land or through a building to the billboard itself, but that is not a grant of an easement. For discussion of easements, see Ch. 28, *Easements, Covenants, and Adjoining Owners*, Pt. A.

[2] FORM

Lease of Real Property for Billboard

1. Lease. _____[*name of landowner*] ("Landlord"), a California [*or specify other state*]

8. Government Requirements. Billboard Owner, at Billboard Owner's own cost and expense, shall comply with all statutes, ordinances, regulations, and requirements of all governmental entities, whether federal, state, county, or local, relating to Billboard Owner's use of the Premises, whether those statutes, ordinances, regulations, or requirements are now in force or are yet to be enacted. The judgment of any court of competent jurisdiction, or the admission by Billboard Owner in a proceeding brought against Billboard Owner by any government entity, that Billboard Owner has violated any such statute, ordinance, regulation, or requirement shall be conclusive as between Landlord and Billboard Owner and shall be ground for termination of this agreement by Landlord.

9. Taxes. Billboard Owner shall be responsible for and shall pay all taxes, federal, state, or local, imposed on account of the Display.

10. Maintenance of Premises. Billboard Owner accepts the Premises in present condition and acknowledges that the condition is satisfactory as of the date of this agreement. Landlord shall maintain the Premises in the same condition (or better condition, at Landlord's option, from time to time) and shall make no alterations without the express prior written consent of Billboard Owner.

11. Ownership of Display. The Display shall remain the personal property of Billboard Owner, shall not be considered for any purpose whatsoever to be a fixture on the Premises, and shall be removed by Billboard Owner, leaving no evidence that the Display ever was on the Premises, on termination of this agreement.

12. Indemnity and Insurance. Billboard Owner shall indemnify and hold Landlord and the Premises free and harmless from any and all claims, liability, loss, damage, or expense resulting from Billboard Owner's use of the Premises. (b) A policy of fire insurance insuring Landlord against damage or destruction by fire caused by or connected with Billboard Owner's use of the Premises.

13. Option to Renew. Billboard Owner shall have an option to renew this agreement. Billboard Owner shall exercise that option by giving Landlord written notice of intention to do so not less than six months before the end of the Term.

14. Termination by Landlord. Landlord shall have the right to terminate this agreement by giving Billboard Owner _____[number] days notice in writing and reentering and regaining possession of the Premises in the manner provided by law if Billboard Owner breaches any of the covenants, conditions, or promises contained in this agreement. If Billboard Owner breaches this agreement or abandons the Premises before the expiration of the Term, Landlord, in addition to terminating this agreement, may recover from Billboard Owner any unpaid rent due at the time of termination and any other amount necessary to compensate Landlord for all detriment proximately caused by Billboard Owner's breach. The waiver by Landlord of any breach by Billboard Owner shall not constitute a continuing waiver or a waiver of any subsequent breach of the same or another provision of this agreement.

15. Termination by Billboard Owner. Billboard Owner shall have the right to terminate this agreement by giving Landlord _____[number] days notice in writing in the event that any covenant or restriction or any statute, ordinance, regulation, or requirements of any governmental entity, whether federal, state, county, or local, relating to Billboard Owner's use of the Premises shall prohibit, limit, or restrict Billboard Owner's use of the Premises as contemplated by this agreement.

16. Notices. All notices required by this agreement or to be given pursuant to this agreement shall be in writing and either personally served on the other party or delivered to the other party by _____[specify means] at the address given for that party on the signature page of this agreement.

20. Entire Agreement. This writing sets forth the entire agreement between the parties with regard to the subject matter. No other agreements, representations, or warranties have been made by either party to the other with respect to the subject matter.

21. Severability. Any provision of this agreement found or deemed by a court of competent jurisdiction to be invalid or unenforceable shall be considered severable from the remainder of this agreement and shall not cause the invalidity or unenforceability of the remainder of this agreement.

22. Amendment. This agreement may be amended only by a written agreement signed by both parties.

§ 50.250 Agreement for Outdoor Painted-Panel Display

[1] Comment

[a] Use of Form

The form in [2], *below*, may be used to draft an agreement between an advertising agency and an outdoor advertising company, known in the industry as a plant operator, for the procurement of painted-panel billboard advertising display space [see [b], *below*]. For discussion of outdoor advertising in general, see Rosden, the Law of Advertising, Ch. 48, *Billboard Advertising* (Matthew Bender).

[b] Painted-Panel Billboards

Painted-panel billboards are usually 14 feet high and 48 feet long with the advertising display hand-painted onto the billboard. Painted-panel billboards are usually illuminated and contracted for on a single-sign basis for a single location that may be changed from time to time under a rotary plan for a minimum period of one year. Such billboards are referred to as rotating bulletins. See § 50.251[1] regarding poster-panel billboards.

[c] Basis for Cost of Outdoor Advertising

The cost of outdoor advertising displays is based on the amount of exposure the sign receives at the agreed location. This is measured in terms of gross rating points (G.R.P.), a means of stating the percentage of the population near the display that will be exposed to it daily. The G.R.P. measurement is established by the Traffic Audit Bureau, an organization sponsored by advertisers, advertising agencies, and outdoor advertising billboard owners.

[d] Licenses and Permits

An outdoor advertising display business must obtain a license to engage in that type of business from the California Department of Transportation [*Bus. & Prof. Code* §§ 5301, 5303; see § 50.240 (form)] and must also obtain a permit for

each display it places [see *Bus. & Prof. Code* § 5350; see also § 50.241 (form)] and comply with local zoning ordinances applicable to outdoor advertising. This agreement includes provisions designed to ensure that the plant operator is duly licensed and that it complies with the applicable statutes and regulations.

[2] FORM

Agreement for Outdoor Painted-Panel Display

OUTDOOR ADVERTISING DISPLAY AGREEMENT

_____ [name of agency] ("Agency"), acting in the interest of _____ [name of advertiser] ("Advertiser"), and _____ [name of billboard company] ("Plant Operator"), in consideration of the promises made in this agreement, agree as follows.

1. ADVERTISING DISPLAY

1.01. Responsibility of Plant Operator. Plant Operator shall provide a painted-panel billboard bearing copy that conforms to a design furnished by Agency and that is illuminated and maintained in a manner satisfactory to Agency ("the Display") for a period of _____ [specify time period], commencing on _____ [date], at the locations stated in Section 1.02.

1.02. Location. The Display shall be exhibited at _____ [specify exact location or describe location in terms of percentage of population to be exposed to display] from _____ [date] to _____ [date] and then at _____ [specify each additional location or describe location in terms of percentage of population to be exposed to display] from _____ [date] to _____ [date].

1.03. Copy. All copy shall be furnished by Agency and shall be subject to the approval of Plant Operator, which may reject any of it if it reasonably appears to be unlawful or detrimental to Plant Operator's business.

1.04. Instructions. Plant Operator shall not commence operations until it receives and thoroughly understands all written instructions from Agency with respect to the construction and maintenance of, and copy for, the Display. This applies to the construction of new displays as well as any maintenance or repaint services that Plant Operator is obligated to perform under the terms of this agreement.

1.05. Illumination. The Display shall be illuminated _____ [specify time period, e.g., from sunset to midnight]. Plant Operator shall maintain brilliant and even illumination at all times and shall advise Agency in writing of any lack of illumination. Agency shall be entitled to a pro rata credit in an amount equal to _____ percent of the stated monthly rate for the Display in the event of any failure of illumination. The cost for the Display, as set forth in Section 2.01, includes the cost of illumination, and billings shall not commence until after all service, including illumination, is completed.

1.06. Maintenance of Display. The display shall be [constructed and] painted with dispatch and shall be completed in a first-class workmanlike manner. It shall be maintained in first-class order and shall be subject to inspection by Agency and Advertiser. The rates for the Display, as set forth in Section 2.01, include _____ [number] repaints. Agency shall, however, have the right to order additional repaints at a charge of \$_____ for each repaint.

2. COST AND PAYMENTS

2.01. Monthly Rate. The monthly rate for the Display is \$_____.

2.02. Completion Notices and Billing. Plant Operator shall forward a written notice of completion to Agency within five days after the completion of the Display or any repaint or after any loss or other change in the Display. Completion notices shall be accompanied by an invoice covering the period from the date of actual completion to the end of the applicable calendar month. All subsequent billings shall cover the period from the first of the month. All pro rata invoices and credits shall be computed on the basis of a 30-day month. All completion notices shall be accompanied by at least four photographs (not smaller than five inches by seven inches), two of which shall be close-up shots, and two of which shall be middle-distance shots, and all of which shall be taken from the line of travel.

2.03. Payments. The rate stated in this agreement includes an Agency commission of _____ percent. Plant Operator shall bill Agency monthly, in advance, for the Display, commencing on the completion of service on each space, and Agency shall remit payments to Plant Operator within 30 days after the billing date. Agency shall be directly responsible to Plant Operator for all payments called for under this agreement.

2.04. Taxes. Plant Operator shall pay any and all state, federal, or local taxes that may be imposed on account of the Display.

3. INDEMNIFICATION

3.01. Insurance. Plant Operator shall, at its own expense, obtain from a reputable insurance company a general liability and property damage insurance policy in the minimum amount of \$_____. That policy shall contain an appropriate provision to the effect that its benefits shall be in favor of Agency and Advertiser.

3.02. Plant Operator's Responsibility. Plant Operator shall be responsible for any damage or loss due to property damage or personal injury by reason of the construction, maintenance, painting, or removal of the Display. Plant Operator shall protect, defend, and hold Agency and Advertiser harmless from any liability by reason of any claims or demands arising out of property damage or personal injury that may result from the construction, maintenance, painting, or removal of the Display, including reasonable attorneys' fees and expenses of litigation.

3.03. Display Existing After Termination. Plant Operator shall indemnify and hold Agency and Advertiser harmless with respect to any claims or liability resulting from the Display if it remains on any location designated in this agreement after the termination of the Agreement.

3.04. Actual Owner of Space. Plant Operator shall indemnify and hold Agency and Advertiser harmless from any and all claims by and liabilities to any actual owner, plant owner, or operator of any location referred to in this agreement.

4. TERMINATION

4.01. By Agency. Agency shall have the right to terminate this agreement if one or more of the following events should occur:

(a) There is a change in the length of approach of traffic to the Display.

(b) There is a change in the direction of traffic flow.

(c) There is a reduction in the circulation of population past the Display.

(d) An advertising display that advertises a competitive product or service is erected facing the same direction and within 150 feet of the Display.

(e) Authority to erect the Display at any location specified in this agreement is not secured within 45 days after the execution of this agreement.

4.02. Notices. Agency shall give Plant Operator 30 days written notice of its election to terminate this agreement. Plant Operator shall give Agency written notice of the occurrence of any conditions *set forth in Section 4.01*.

4.03. Display Obscured. In the event that the Display becomes obscured or cannot be fully viewed from the line of travel, Agency shall be entitled to a pro rata credit based on the stated monthly cost of the Display for any period in which it is so affected. Credit shall be given either in cash or by credit memorandum. Plant Operator shall notify Agency immediately, in writing, of any condition that would affect the ability of the Display to be viewed from the line of travel.

4.04. Cancellation by Plant Operator. Plant Operator shall have the right to cancel this agreement with respect to the placement of the Display in a location for which Plant Operator does not currently have authority to erect and maintain an advertising display, if Plant Operator cannot expeditiously obtain such authority. Plant Operator shall give Agency written notice of cancellation, and cancellation shall be without penalty other than loss of payment for the Display for the location involved.

4.05. Cancellation by Agency. Agency shall have the right to cancel this agreement after the expiration of 90 days from the date of completion of the original display. Agency shall give Plant Operator written notice of its intention to cancel and that cancellation shall not be effective until 30 days after Plant Operator has received that notice. In the event of cancellation, Agency shall pay, in addition to all other charges, an amount equal to _____ percent of the monthly charge for the canceled display.

4.06. Governmental Restriction. In the event that any action by federal, state, or local government prohibits or restricts the subject matter or continuance of the Display, Agency or Plant Operator shall have the right to cancel this agreement without penalty, as of the effective date of the restriction or prohibition.

5. RIGHT TO ERECT DISPLAYS

5.01. Authority of Plant Operator. Plant Operator has the right and authority to erect the Display as specified or shall, within 45 days after the execution of this agreement, secure the necessary authority to erect and maintain the Display at any location at which Plant Operator does not now have that authority. On demand by Agency, Plant Operator shall exhibit or supply copies of the permits and other documents on which Plant Operator relies as authority to erect and maintain the Display at any particular location.

5.02. Independent Contractor. Plant Operator shall retain sole control and supervision over the construction, execution, maintenance, and removal of the Display at any particular location and sole control and supervision over the property on which the Display shall be located. Agency understands, and Plant Operator represents, that Plant Operator is an independent contractor for all purposes with respect to its relationship with Agency and Advertiser.

6. COMPLIANCE WITH LAW AND CONTRACT

6.01. License and Permits. Plant Operator shall, at its own expense, secure the necessary license and all necessary permits and consents, and shall comply with all applicable state, federal, and local statutes and regulations with respect to the placing and showing of the Display.

6.02. Merger Clause. This writing is intended to encompass the complete and entire agreement of the parties. Neither party has made, or relied on, any representations, stipulations, or agreements other than those expressly contained in this

agreement. No agent, officer, employee, or other representative of either party has the right or authority to alter any of the terms of this agreement.

6.03. Assignment and Delegation. Neither party shall assign any rights or delegate any duties under this agreement without obtaining the prior written consent of the other.

6.04. Controlling Law. The validity, interpretation, and performance of this agreement shall be controlled by and construed under the laws of the State of California without reference to its conflict of law principles.

§ 50.251 Agreement for Outdoor Poster-Panel Display

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft an agreement between an advertising agency and an outdoor advertising company, known in the industry as a plant operator, for a poster-panel billboard. For discussion of outdoor advertising in general, see Rosden, the Law of Advertising, Ch. 48, *Billboard Advertising* (Matthew Bender).

Poster-panel billboards are approximately 12 feet high and 24 feet wide with the advertising applied in the form of pre-printed posters or sheets of paper of varying dimensions that fit together and are pasted onto the billboard to form the complete display. The posters are regularly printed in three different sizes: 24-sheet posters are 8 feet by 19 feet 6 inches; 30-sheet posters are 9 feet 7 inches by 21 feet 7 inches; and bleed posters are 10 feet 5 inches by 22 feet 8 inches. The billboards are contracted for in sets (called showings) of a specified number of signs, on a monthly basis at a fixed charge regardless of size; and they may or may not be illuminated.

See § 50.250[1] regarding painted-panel billboards as well as the basis for the cost of billboard advertising and the requirement for a license and a permit.

Agreement for Outdoor Poster-Panel Display

OUTDOOR ADVERTISING DISPLAY AGREEMENT

_____[*name of agency*] ("Agency"), acting in the interest of _____ [*name of advertiser*] ("Advertiser"), and _____ [*name of billboard company*] ("Plant Operator"), in consideration of the promises made in this agreement, agree as follows.

1. POSTER DISPLAYS

1.01. Responsibility of Plant Operator. Plant Operator shall display and maintain the poster-panel billboard showings ("the Billboards") described in this agreement for Agency and Advertiser in accordance with the terms of this agreement.

1.02. Description. The Billboards are to be located in _____ [name or description of city, town, county, or other area]. The showing shall consist of _____ [number] Billboards, of which _____ [number] shall not be illuminated and _____ [number] shall be illuminated. The Billboards shall use _____ [describe panel size, e.g., 24-sheet or 30-sheet or bleed] panels. The showing shall run for _____ [number] months and shall adhere to the following posting schedule: _____ [specify].

1.03. Posters. All posters used on the showing shall be supplied by Agency and shall be shipped prepaid to _____ [address] so that Plant Operator shall receive them at least 15 days before each scheduled posting date. Plant Operator shall immediately and expeditiously notify Agency if the posters are not received on the agreed date, if the design is incorrect, or if the amount of paper received is incorrect. Plant Operator shall have the right to reject any copy that it, reasonably and in good faith, believes to be unlawful or detrimental to Plant Operator's business.

1.04. Illuminated Billboards. All illuminated Billboards shall be illuminated _____ [specify period, e.g., from sunset to midnight]. All illuminated Billboards shall be properly equipped with a sufficient number of reflectors and lamps of adequate size to permit illumination of each panel to the extent necessary to effectuate even and brilliant illumination, in keeping with standards of the outdoor advertising industry. Plant Operator shall grant Agency a pro rata credit for any loss of illumination, not to exceed \$ _____ per panel per month.

1.05. Substitute Dates. If the showing cannot be posted on the dates ordered, Plant Operator shall submit available substitute dates. The substitute dates shall be subject to the approval of Agency, and Plant Operator shall not post any paper without the prior written approval of Agency with respect to all substitute dates.

2. COSTS AND PAYMENT

2.01. Commission and Rates. The cost of the showing is \$ _____ per month, which includes an Agency commission of _____ percent. Agency shall be directly responsible to Plant Operator for all payments called for under this agreement.

2.02. Discounts. The cost has been reduced by the highest discount applicable by reason of continuity, frequency, or quantity, or any other plan involving a discount, offered by Plant Operator to any advertiser or agency; and the discount has been computed by combining the space ordered with other advertising space ordered by Advertiser and Agency, its parent company, affiliates, or subsidiaries, including space ordered for other products and services, from Plant Operator for poster showings. In addition, any future orders by Advertiser or Agency, its parent company, affiliates, or subsidiaries, shall be combined for the purpose of computing any additional or higher discount that may be due for any applicable period. Any additional or higher discount earned by reason of these combinations shall apply to all such agreements.

2.03. Rate Protection. Plant Operator represents that the rates for the showing are the minimum available to any advertiser or agency for the same services and that its rates are published. In the event that any advertiser is given a lower rate, Plant Operator shall immediately notify Agency and shall make that lower rate applicable under this agreement. Plant Operator shall extend to Agency as favorable a showing and other considerations and privileges as are extended to any other advertiser or agency with a similar agreement.

2.04. Billing. Plant Operator shall forward to Agency monthly bills in advance from the date of commencement of service, together with location lists, in duplicate. The location lists shall be signed by Plant Operator's plant manager or posting superintendent and shall certify that the postings referred to in the bill were delivered as scheduled and in accordance with the terms of this agreement. Agency shall not be liable for any payment unless and until the bill and duplicate certified location list are received. Agency, within 30 days after the receipt of the bill and list, shall pay the amount due as shown on it. Plant Operator shall look solely to Agency for payment.

2.05. Credits. If a poster is removed because of loss of location, reduction in circulation, or for any other reason, a location of equal advertising value shall be substituted by Plant Operator, provided Agency grants prior written approval of the substitution. Agency's prior written approval shall not be unreasonably withheld. In the event an appropriate substitute location cannot be agreed on, a pro rata credit shall be given Agency with respect to any removed poster. Credits shall be given either in cash or by credit memo. In the event that an advertisement for a competitive product is posted within 150 feet of any of the Billboards, Agency shall not pay for the scheduled poster for the period after the advertisement for the competitive product is posted, or shall be given a pro rata credit for each poster if the competitive advertisement is discovered subsequent to any payment made under this agreement.

2.06. Taxes. All federal, state, or local taxes now effective or imposed in the future with respect to the showing referred to in this agreement and the posting and maintenance of the paper shall be paid by Plant Operator.

3. POSTING AND MAINTENANCE OF SHOWING

3.01. Posting. The showing shall be posted by Plant Operator in a first-class workmanlike manner in accordance with the specific instructions of Agency and Advertiser. All paper shall be posted within five working days from each scheduled posting date. All posters shall be maintained by Plant Operator on display for one month until the corresponding date in the following month, unless otherwise specified in writing by Agency or Advertiser. Plant Operator shall post the showing only if the entire showing can be posted in accordance with the terms of this agreement. Plant Operator shall not post a partial showing without the express prior written consent of Agency. All Billboards shall be well distributed in prominent locations, not closer than 150 feet from any advertisement for a competitive product or service.

3.02. Maintenance. Plant Operator shall maintain all posters and surrounding blanking areas in good condition. Posters shall be promptly renewed, if required, at no extra cost to Agency. Agency shall supply renewal posters to Plant Operator on request. Plant Operator shall keep all molding and lattices clean and in good condition at all times, and shall see to it that the premises directly in front of all panels are kept in a clean and presentable condition. Plant Operator shall freshly blank the posters each month. Plant Operator shall post all paper and maintain all panels in accordance with the standards of the industry as specified by the _____ [Outdoor Advertising Association of America or Institute of Outdoor Advertising].

4. INDEMNIFICATION

4.01. By Plant Operator. Plant Operator shall be solely responsible for the property on which the Billboards are placed. Plant Operator shall indemnify and hold the Agency and Advertiser harmless from any liability or claim resulting from the installation, maintenance, or removal of the Billboards. Plant Operator shall indemnify and hold Agency and Advertiser harmless from all claims, demands, and liability resulting from any advertising remaining on display after termination of this agreement. All indemnification shall include attorneys' fees and reasonable costs of litigation.

4.02. By Agency. Agency shall indemnify and hold Plant Operator harmless from all liabilities, claims, and loss arising out of the character, content, and subject matter of any advertising copy displayed pursuant to this agreement. All

indemnification shall include attorneys' fees and reasonable costs of litigation.

5. TERMINATION

5.01. Cancellation by Either Party. This agreement is subject to cancellation by either party on written notice to the other person at least 30 days in advance of any scheduled posting date. If Agency cancels this agreement, the cost of the display shall be computed on the basis of Plant Operator's rate schedules for the advertising actually used, and Agency shall be responsible for any short rate that may result. If Plant Operator cancels this agreement, Agency shall be entitled to a pro rata refund, including any discounts that would have been earned had all of the advertising been posted and exhibited for the full term of this agreement.

5.02. Termination Because of Legal Restrictions. Agency or Plant Operator shall have the right to terminate this agreement immediately in the event that the sale or advertising of the products or services to be advertised under this agreement is prohibited or restricted by any law, regulation, or order, either federal, state, or local. The terminating party shall give the other party written notice of termination, and termination shall be effective on the effective date of the law, regulation, or order. Termination shall be without penalty other than a reduction in cost, on a pro rata basis, for the service not supplied.

6. COMPLIANCE WITH LAW AND CONTRACT

6.01. Assignment and Delegation. Neither party shall assign any rights or delegate any duties under this agreement without the express prior written consent of the other.

6.02. Waiver. The failure of either party to insist on rigid adherence to any of the provisions of this agreement shall not be deemed a waiver of any conduct by the other party with respect to any past breach or right to insist on rigid adherence to the provisions of this agreement at any future time.

6.03. Control of Display. Plant Operator is an independent contractor with respect to Agency and Advertiser. Plant Operator shall retain sole control and supervision of the manner in which the display is executed, maintained, and removed.

6.04. License and Permits. Plant Operator, at its own expense, shall secure all necessary licenses, permits, and consents and shall comply with all applicable statutes and regulations with respect to the posting and showing of the displays.

6.05. Merger Clause. This writing contains the complete and entire agreement of the parties. No representations other than those expressly set forth in this agreement were made or relied on by either party. No agent, employee, or career representative of either party is empowered to alter any of the conditions of this agreement, unless done in writing and signed by an officer of each party.

6.06. Controlling Law. The validity, interpretation, and performance of this agreement shall be controlled by and construed under the laws of the State of California without reference to its conflict of law principles.

Company represents that the rates set forth in this agreement are the lowest rates applicable to any agency or advertiser for like service, and that Company's rates are published. The rates set forth in this agreement are subject to an agency commission of _____ percent, and are also subject to the highest discount available by reason of continuity, frequency, quantity, or any other plan involving a discount that may be offered to any other agency or advertiser by Company for like advertising. For the purpose of computing any applicable discount under this agreement, Company shall combine the space ordered under this agreement with any other agreement with Company for the advertisement of any other product or service by Advertiser or Agency, its parent company, any other subsidiary of the parent company, and any affiliates of Advertiser or Agency. In addition, any future orders by Advertiser or Agency, its parent company, affiliates, or subsidiaries, shall be combined for the purpose of computing any additional or higher discount for any applicable period. Any additional discount earned by reason of such combinations shall apply to all agreements.

2.03. Billing. Company shall forward to Agency monthly bills in advance from the date of commencement of service. Those bills shall reflect the gross cost less Agency's commission. Agency shall pay the amount due as shown on each bill within 30 days after its submission. Service shall be deemed to commence on the date the installation of all display material is completed. Company shall include an affidavit of services rendered with each bill if requested. Company shall look solely to Agency for payment. All credits (or payments) shall be by cash or credit memo.

2.04. Taxes. All taxes, federal, state, or local, which are now or may be imposed on the Showing shall be borne by Company.

3. ADVERTISING MATERIAL

3.01. Responsibility of Agency. All advertising display materials referred to in this agreement shall be provided by Agency without expense to Company. Those materials shall be shipped to _____[specify location], or such other locations as Company shall designate in writing, in time to arrive at least 10 days before any scheduled installation date. Company shall immediately and expeditiously notify Agency if the materials do not arrive by that time. Company shall properly care for and store all advertising materials so that they shall be in good condition on the scheduled installation dates.

3.02. Display Service. Company shall install all advertising materials as scheduled and in accordance with any specific instructions of Agency. Company shall maintain all displays in good condition and shall promptly replace all soiled or defaced material with extra displays furnished by Agency for that purpose. Company shall not change any scheduled installation date without the prior written approval of Agency. The rates specified in this agreement shall include a change of display material once each month without additional charge. Company shall make any such changes on written request of Agency. Company shall not make any changes in locations without first obtaining the written approval of Agency.

3.03. Competitive Products. Company shall see to it that any advertising concerning a competitive product or service is not placed on the same or adjacent location showing to the same circulation. All displays involving a competitive product or service shall be placed a reasonable distance away from any advertising of products or services scheduled in this agreement.

4. COMPLIANCE WITH CONTRACT AND LAWS

4.01. Omission of Advertising. The loss of service by reason of omitted advertising shall not constitute a breach of this agreement, provided there is satisfactory reason for that loss. In any such event, Agency shall have the option of receiving a pro rata credit for that loss, or the equivalent in additional service, or extension of service. The fact that any such loss has occurred or that any such credit, additional service, or extension of service has been granted shall not affect any discount structure.

4.02. Control. Company shall have complete and sole control and supervision of the manner in which the displays are mounted, executed, maintained, and removed, as well as sole and complete control and supervision over the displays and the property on which they are located. Company is an independent contractor with respect to Agency and Advertiser.

4.03. Copy Approval. Company shall have the right to approve all copy submitted by Agency, and all copy shall also be subject to the approval of any other person that may control the vehicles or locations on which the displays are to be exhibited. Company or any such other person shall reject copy only on reasonable grounds.

4.04. Waiver. The failure of Agency to insist on rigid adherence to any of the provisions of this agreement shall not be deemed a waiver of any conduct of Company with respect to any past breach or of the right to insist on rigid adherence to the provisions of this agreement at any future time.

4.05. Assignment and Delegation. Neither party shall assign any rights or delegate any duties under this agreement without the express prior written consent of the other.

4.06. License and Permits. Company shall, at its own expense, secure all necessary permits and consents, and shall comply with all applicable statutes and regulations with respect to the placing and showing of the displays.

4.07. Merger Clause. This writing contains the complete and entire agreement of the parties. No representations other than those expressly set forth in this agreement were made or relied on by either party. No agent, employee, or other representative of either party is empowered to alter any of the terms of this agreement, except in a writing signed by an officer of each party.

4.08. Controlling Law. The validity, interpretation, and performance of this agreement shall be controlled by and construed under the laws of the State of California without reference to its conflict of law principles.

5. TERMINATION OF CONTRACT

5.01. Rejection of Advertising Material. If any of the advertising material referred to in this agreement is rejected or disapproved in accordance with Section 5.03, Agency shall immediately have the right to terminate this agreement, either in whole or as to that part involving the rejected material. Company shall not alter or change any of the displays without the prior written consent of Agency.

5.02. Cancellation by Notice. Agency and Advertiser reserve the right to cancel this agreement on written notice by either Agency or Advertiser to Company 30 days in advance of the scheduled cancellation date. In the event of cancellation, any applicable short rate bill shall become immediately due and payable and shall be computed on the basis of the difference between the rate actually earned, according to Company's schedule of rates effective at the time this agreement was made, and the rate applicable to the service for the full term agreed on.

5.03. Cancellation in Event of Changed Law or Condition. Agency and Advertiser reserve the right to cancel this agreement in the event that the sale or advertising of any of the products or services to be advertised is restricted or

prohibited by any form of federal, state, or local governmental action. Cancellation on this basis shall be without short rate penalty and a pro rata refund for the service not provided will be made. If, for causes beyond the control of Company, the right to display advertising in or on any of the vehicles or locations referred to in this agreement is lost, this agreement shall not be considered to have been breached, but Agency shall be entitled to a pro rata refund for the cost of the service not provided.

6. INDEMNIFICATION

6.01. Execution of Displays. Company shall indemnify and hold Agency and Advertiser harmless from all claims, demands, and liabilities arising out of the installation, maintenance, or removal of all displays. Indemnification shall include attorneys' fees and the reasonable costs of litigation, and any loss by reason of personal injury or property damage.

6.02. Content of Displays. Agency shall hold Company harmless and indemnify Company from all claims, demands, and liabilities arising from the copy and content of any of the displays.

6.03. Display Continued After Termination of Agreement. Company shall indemnify and hold Agency harmless from all claims, demands, and liability caused by any advertising remaining on display after the termination of this agreement.

§ 50.270 Exhibition Agreement

[1] Comment--Use of Form

The form in [2], *below*, may be used to draft an agreement between a trade association or other group that intends to hold an exhibition or trade show and an advertiser that desires to lease space or display advertising materials. Exhibits at trade shows are a popular and effective method of promotion. In essence, the advertiser leases space, or is granted a license, to erect a display. The agreement normally would be subject to the terms of the primary agreement (lease) between the trade association and the owner of the premises, and to any rules and regulations of that owner.

Most exhibitions are centered around similar and competing products. For this reason, this exhibition agreement contains detailed provisions designed to provide an equal opportunity for all individual exhibitors to effectively show their products or services.

[2] FORM

Exhibition Agreement

EXHIBITION AGREEMENT

_____[*name of advertiser*] ("Exhibitor") and _____[*name of trade association*] ("Association"), in consideration of the promises made in this agreement, agree as follows.

1. SPACE GRANTED AND TERMS OF PAYMENT

1.01. Space. Exhibitor is granted the right to use the space described as follows ("the Exhibit Space"):

_____[*describe, e.g., booth number* _____] located as shown on the floor plan attached to this agreement].

1.02. Term and Payment. Exhibitor shall be entitled to use the Exhibit Space for a total period of _____ days, commencing on _____ [date] and expiring on _____ [date]. Exhibitor shall pay to Association for the use of the Exhibit Space the total sum of \$_____, of which \$_____ is payable on the execution of this agreement, receipt of which is hereby acknowledged, and the balance of \$_____ is payable before the installation of any materials to be used in the Exhibit Space.

2. USE AND DESIGN OF EXHIBIT

2.01. Use of Exhibit. Exhibitor shall use the Exhibit Space to display, demonstrate, or sell the following products or services: _____ [specify]. The type of exhibit to be constructed is _____ [specify]. The Exhibit Space shall not be used for any type of exhibit or for advertising any product or service other than those specifically mentioned in this agreement, without the express prior written approval of Association.

2.02. Conditions on Design of Exhibit. (a) Exhibitor shall have the right, subject to any limitations contained in this agreement, to arrange and design the exhibit within the Exhibit Space in the manner that Exhibitor deems best suited for the display, demonstration, or sale of the products or services being advertised, demonstrated, shown, or sold.

(b) Before the installation of the exhibit, Exhibitor shall submit to Association, for approval, a detailed diagram and any other specifics and statements that are necessary to definitely illustrate the exact nature of the exhibit to be installed, including its appearance and character.

(c) Association reserves the right to disapprove the display of any item that Association, reasonably and in good faith, determines is not in keeping with the nature, character, or orderly conduct of the exhibition, or is detrimental to the appearance of any other exhibits or of the exhibition as a whole.

(d) Association reserves the right to require that the exhibit be arranged in a manner that will not interfere with other exhibits, particularly those in close proximity to that of Exhibitor.

(e) Association reserves the right to require alteration of the appearance of the exhibit in order to prevent the destruction, deterioration, or loss of effect of any other advertising or any other exhibit.

(f) Association reserves the right to disapprove any design or arrangement of the exhibit that Association, reasonably and in good faith, determines may endanger the lives or safety of persons attending the exhibition.

3. OPERATION OF EXHIBIT

3.01. Conduct. Exhibitor shall not use any scheme or device that is illegal, in bad taste, or detrimental to Exhibitor's trade or industry. Association reserves the right to require cessation of any such activity. Exhibitor shall not cause any apparatus or device to be placed in the Exhibit Space that will produce undue noise or in any way interfere with, or be objectionable to, any other exhibitor. Association may require the removal of any such apparatus or device.

3.02. Maintenance. Exhibitor shall be responsible for all maintenance of the exhibit. At all times, including the hours during which the exhibition is open to the public, Exhibitor shall maintain the exhibit in a clean and orderly manner and shall take any steps that may be necessary to prevent injury or damage to any person or exhibit on the premises.

3.03. Removal. Exhibitor, at Exhibitor's own expense and within 12 hours after the close of the exhibition, shall remove the exhibit and all of Exhibitor's property from the premises. The Exhibit Space shall be left broom clean and in the same condition as when first occupied by Exhibitor. No property or material shall be removed before the close of the exhibition without the express prior written consent of Association.

3.04. Indemnification and Insurance. Exhibitor shall indemnify and hold Association harmless and at its own expense obtain a liability insurance policy against claims, demands, and liabilities for personal injuries or property damage that may be caused by the installation, maintenance, or conduct of the exhibit. That policy shall be obtained from a reputable insurance carrier and shall be in a minimum amount of \$ _____ for each occurrence.

3.05. Restriction on Liability. Association shall not be responsible or liable for the loss of, or damage to, any of the property of Exhibitor, notwithstanding the provisions of Section 4.02 concerning night security guards and special police. Exhibitor shall, at its own expense, obtain the necessary insurance coverage with respect to loss by fire, theft, accident, or other cause, if that type of protection is desired.

4. OPERATION OF EXHIBITION

4.01. Admission. The exhibition shall be open to the public from _____[time] to _____[time] of each day of the exhibition. Except for those persons issued identification passes, all persons shall be required to pay an admission charge of \$ _____ for adults and \$ _____ for children. Exhibitor shall be given a total of _____[number] free passes to the exhibition for use in the discretion of Exhibitor.

4.02. Protection. Association shall provide night security guards at all hours from the time of closing of the exhibition until the time the exhibition is opened to the public on the following day. Association shall also provide special police to maintain order during the times the exhibition is open to the public, and Exhibitor shall require that all persons connected with the use of the Exhibit Space must obey the reasonable requests and directives of the special police. The special police and night security guards will be independent contractors, and Association shall not be held liable or responsible for any of their acts or conduct.

4.03. Identification Passes. Exhibitor shall supply Association with a list of employees and other personnel who will be entitled to access to the exhibit, and Association shall issue identification passes to those personnel. No more than _____[number] identification passes shall be issued. No other persons will be permitted to enter the premises during the hours when the exhibition is closed to the public. This restriction will be strictly enforced.

5. INTERPRETATION OF CONTRACT

5.01. Force Majeure. In the event the premises in which the exhibition is to be held are destroyed or damaged by fire, the elements, other calamity, or other cause beyond the control of Association, so that the exhibition cannot be held, Association shall not be liable to Exhibitor except to the extent of returning any payment previously made by Exhibitor to Association pursuant to this agreement. In the event the exhibition commences and cannot continue because of any circumstances beyond the control of Association, Association shall not be liable except to the extent of returning to Exhibitor the difference between the total cost of the Exhibit Space and the pro rata cost of the Exhibit Space for the period the exhibition was open to the public.

5.02. Assignment. Neither party shall assign any right or delegate any duty under this agreement, or permit any other person to use the Exhibit Space without the express prior written consent of the other party. If Exhibitor attempts to permit any other person to use the Exhibit Space, or attempts an assignment in violation of this agreement, that permit or assignment shall be without effect, and Association shall have the right to refuse admittance to that other person and to prevent that other person from using the Exhibit Space. In that event, Exhibitor shall not be entitled to the return of any payment, and Association shall not be liable to Exhibitor for any damages.

§ 50.280 Co-Marketing Agreement--Retail Web Site to Be Promoted on Portal Web Site

[1] Comment--Use of Form

The form in [2], *below*, may be used for drafting an agreement by the operator of a retail web site to buy promotional links and advertising on another party's portal web site (that is, a web site that provides access to many other web sites through links that are grouped in categories). For illustration purposes it is assumed that the retailer sells computer hardware and software and that the portal web site is aimed at Spanish-speaking users. This agreement is based on an actual agreement filed as an exhibit to an SEC S-1 filing.

The form references exhibits that are not illustrated here. The exhibits would be used for such purposes as:

- Listing particular logos, trade names, trademarks, and service marks that are covered by a general reference in the agreement.
- Specifying locations within the portal web site for the retailer's buttons, banners, and links.

2.01. The Link. Commencing on the Activation Date, Site Owner will establish and maintain the Link. Retailer will provide Site Owner with the URLs necessary to establish the Link.

2.02. Marketing. Retailer shall deliver to Site Owner appropriate artwork and logos constituting the Retailer Marks, from which Site Owner shall develop the Banners and the Buttons in forms that Site Owner reasonably determines will maximize the number of Portal Customers. Site Owner, commencing on the Activation Date, shall place the Buttons in the locations within the Portal Web Site specified in Exhibit _____. If Site Owner changes the layout of the Portal Web Site in such a way that the Buttons cannot be placed as provided in Exhibit _____, then the Buttons shall be given essentially the same placement within the redesigned Portal Web Site as described in Exhibit _____. Site Owner shall provide to Retailer not less than the Guaranteed Impressions. Within 20 days after the end of each calendar quarter after

the Effective Date, Site Owner shall deliver to Retailer a confirmation of the number of impressions received by the Banners and the Buttons during that quarterly period. Within 20 days after the end of each of the first three months following the Effective Date and after each subsequent calendar quarter, Retailer shall deliver to Site Owner a Usage Report covering the monthly or quarterly period.

2.03. Co-Marketing. Site Owner shall employ traditional co-branded marketing initiatives valued at not less than _____ percent of the Sponsorship Fees actually received from Retailer during the Term. This co-branded marketing will be intended to introduce Retailer to the Latin American marketplace as a brand featured on the Portal Web Site. Co-branded marketing initiatives may include television, newspaper, magazine, and radio advertising.

2.04. Targeted Marketing. Site Owner shall designate a representative to work with Retailer's personnel to translate into Spanish the Newsletter that Retailer delivers to its customer base via electronic mail and, using commercially reasonable efforts, to measure the effectiveness of marketing strategies employed pursuant to Sections 2.02 and 2.03. Site Owner, in its sole discretion, may arrange for the translation into Spanish of product reviews and other material provided by Retailer, but if Site Owner elects to arrange for those translations, Retailer agrees that those translations shall be available only to users of the Portal Web Site, and shall not be used or seen by users of the Retail Web Site who have not used the Link.

2.05. Trademarks. (a) Retailer hereby grants to Site Owner a non-exclusive non-transferable license to use the Retailer Marks during the Term solely in conjunction with the design, creation, and display of the Banners and Buttons as provided in this agreement. However, Site Owner shall submit to Retailer for its prior written approval the design of the Banners and Buttons, and approval shall not be unreasonably withheld or delayed.

(b) Site Owner acknowledges and agrees that the Retailer Marks will remain the exclusive property of Retailer, nothing in this agreement shall confer on Site Owner any right of ownership in the Retailer Marks, and Site Owner shall not now or in the future contest the validity of the Retailer Marks.

(c) Retailer acknowledges and agrees that the Site Owner Marks are and shall remain the sole property of Site Owner. Nothing in this agreement shall confer on Retailer any right of ownership in the Site Owner Marks, and Retailer shall not now or in the future contest the validity of the Site Owner Marks.

(d) Site Owner does not grant a license, or authorize Retailer in any way whatsoever, to use Site Owner Marks, and any use of Site Owner Marks by Retailer must be pursuant to Site Owner's specific prior written approval.

2.06. Exclusivity. During the Term, Site Owner shall not establish a direct link from the Portal Web Site to the web site of any broad-based reseller of _____ [product or product line, e.g., new personal computers, related hardware, software, and peripherals] listed in Exhibit _____ [add any limitations, e.g.,; however, in the event that Retailer does not have a competitive auction offering in Spanish in development and being beta-tested before _____ (date) and a complete and fully functioning version of a competitive auction offering available in Spanish before _____ (date), Site Owner may establish a direct link to the web site of any auction-format reseller of _____ (product or product line, e.g., new personal computers, related hardware, software, and peripherals)].

2.07. Public Relations. Each party agrees to cooperate, when possible, for all public relations events relating to the activation of the Link and the placement of the Banners and Buttons.

2.08. Confidentiality. All information (whether written, oral, or in any other form) disclosed by each party to the other person during the negotiation of this agreement, or to be disclosed during the Term, including, but not limited to, all information disclosed pursuant to Section 2.02 as well as business plans, product ideas, marketing concepts, and

financial information and projections, shall constitute "Confidential Information." However, Confidential Information does not include Quarterly Commission Reports, information that is or becomes publicly known through no wrongful act of either party (or any of its employees), has been approved for release by written authorization of the originating party, or has been disclosed pursuant to a requirement of a government agency or of law. During the Term and at all times after termination of this agreement, the party to whom Confidential Information has been imparted shall maintain that information as confidential and shall not disclose or permit the same to be disclosed to any person or entity. Each party shall use its best efforts to take all reasonable steps to minimize the risks of disclosure of Confidential Information. The unauthorized disclosure by a party of Confidential Information received from the other person will cause irreparable harm and significant injury to the other person, which may be difficult to ascertain; accordingly, each party shall be entitled to equitable relief, including, without limitation, an immediate injunction enjoining any breach of this Section 2.08, in addition to all other remedies available at law or in equity. This Section 2.08 shall survive the termination or expiration of this agreement.

3. FEES AND COMMISSIONS

3.01. Sponsorship Fee. Retailer shall pay to Site Owner a Sponsorship Fee as follows: \$_____ payable on the Effective Date, and the remainder payable in 11 equal monthly installments of \$_____ on the first business day of each succeeding calendar month. Notwithstanding anything to the contrary contained in this agreement, the Sponsorship Fee shall be payable to Site Owner regardless of the termination of this agreement. This Section 3.01 shall survive the termination of this agreement for any cause, other than as a result of a Default by Site Owner or pursuant to Section 5.02. On termination of this agreement as a result of a Default by Site Owner, any remaining monthly installments shall not be paid to Site Owner by Retailer; however, Site Owner shall retain or be paid the Sponsorship Fee previously received by, or owing to, Site Owner before the Termination Date.

3.02. Commissions. Retailer shall pay to Site Owner the Commissions owing for each calendar quarter, payable within 30 days of the last day of the quarter; however, the Commissions payable may be offset by an amount equal to the installment of the Sponsorship Fee actually paid to Site Owner in each quarter. Within 30 days after the end of each calendar quarter, Retailer shall deliver to Site Owner a Quarterly Commission Report with respect to the quarter, and in the event of any refunds by Retailer to Portal Customers, for returned products or otherwise, of amounts with respect to which Commissions have already been paid to Site Owner, the amount of those Commissions shall be deducted from the next quarterly payment of Commissions; or if no quarterly payment is owing by Retailer for the following quarter, Retailer may render a statement to Site Owner for those amounts, which shall be due and payable by Site Owner within 30 days after receipt of the statement. This Section 3.02 shall survive the termination of this agreement with respect to any Commissions accrued (including any revenues billed to Portal Customers but not yet collected by Retailer) and unpaid during the Term.

4. REPRESENTATIONS AND WARRANTIES

4.01. Representations and Warranties of Site Owner. Site Owner represents and warrants to Retailer that:

(a) Site Owner has full power and authority, and has taken all action necessary, to execute and deliver this agreement and to fulfill its obligations under this agreement.

(c) Site Owner has duly executed and delivered this agreement, and it constitutes legal, valid and binding obligations, enforceable against Site Owner in accordance with the terms of this agreement (except to the extent that enforceability may be limited by bankruptcy, insolvency, or other similar laws of general applicability affecting enforcement of

creditors' rights generally, or by a court's discretion in relation to equitable remedies).

(c) Retailer has duly executed and delivered this agreement, and it constitutes legal, valid and binding obligations, enforceable against Retailer in accordance with the terms of this agreement (except to the extent that enforceability may be limited by bankruptcy, insolvency, or other similar laws of general applicability affecting enforcement of creditors' rights generally, or by a court's discretion in relation to equitable remedies).

(d) All approvals, authorizations or other actions by, or filings with, any governmental authority or other person or entity necessary for the validity or enforceability of Retailer's obligations under this agreement have been obtained.

4.03. Disclaimer. Except as expressly set forth in this agreement, neither party makes, and each party specifically disclaims, any representations or warranties, express or implied, regarding the party's web site or web pages, including any implied warranty of merchantability or fitness for a particular purpose and implied warranties arising from course of dealing or course of performance. Specifically, each party acknowledges and understands that the other may encounter technical or other difficulties that may periodically hinder the operation of the Link.

5. TERMINATION

5.01. Default. Either party may immediately terminate this agreement in the event of a Default by the other person, on written notice to the other person, without prejudice to any other rights the terminating party may have under this agreement or at law.

5.02. Optional Termination. If Site Owner receives 100 or more unique complaints from users in any calendar month regarding their experiences with Retailer or the Retail Web Site, then Site Owner shall notify Retailer about those complaints within five business days after the end of that month. Site Owner may terminate this agreement at any time, on written notice to Retailer if Site Owner has received at least 100 unique complaints per month for two consecutive months, and Site Owner has provided Retailer with the notice required above, or if Retailer ceases to be a broad-based reseller of _____ [product or product line, e.g., new personal computers, related hardware, software, and peripherals]. For purposes of this Section 5.02, a complaint shall not include any complaint regarding the fact that the product-specific pages within the Retail Web Site are not in Spanish or with regard to matters as to which Retailer has, before receipt of the complaint, conspicuously posted a notification in Spanish on the Retail Web Site; and those matters include, without limitation, the fact that certain products sold by Retailer may not be shipped to certain countries and the fact that users in certain countries may experience difficulties in receiving delivery of international shipments. Notwithstanding anything to the contrary contained in this agreement, on any termination of this agreement pursuant to this Section 5.02, Retailer shall pay to Site Owner the Optional Termination Payment within three days following the Termination Date.

6. INDEMNIFICATION

6.01. Indemnification of Retailer. Site Owner shall indemnify, hold harmless, and defend Retailer from and against any and all claims, liabilities, losses, damages, expenses and costs (including, without limitation, legal fees and costs) arising out of or relating to Site Owner's breach of any of its representations and warranties set forth in this agreement, Site Owner's breach of any of its obligations under this agreement, the Site Owner Marks, or any negligence or intentional wrongdoing by Site Owner or Site Owner's employee or agent.

6.02. Indemnification of Site Owner. Retailer shall indemnify, hold harmless, and defend Site Owner from and against any and all claims, liabilities, losses, damages, expenses and costs (including, without limitation, legal fees and costs) arising out of or relating to Retailer's breach of any of its representations and warranties set forth in this agreement, Retailer's breach of any of its obligations under this agreement, any of the products or services offered for sale on the Retail Web Site, the Retail Web Site, the Retailer Marks, or any negligence or intentional wrongdoing by Retailer or Retailer's employee or agent.

7. GENERAL

7.01. Review Rights. Retailer shall retain complete, clear, and accurate records regarding the products and services purchased by Portal Customers. Site Owner shall have the right, on not less than 10 days prior written notice to Retailer, but not more often than twice during the Term, to cause an independent Certified Public Accountant to inspect and review, during Retailer's normal business hours, all relevant records of Retailer and any of its affiliates on which the Quarterly Commission Reports and Commissions are based. The cost of the review shall be paid by Site Owner; however, if the review reveals an under-reporting in excess of 5 percent in amounts due to Site Owner from Retailer, Retailer shall promptly pay to Site Owner the cost of the review, the amount of any underpayment, and interest on the amount of any underpayment equal to 11.5 percent per month from the date originally owing to Site Owner. The provisions of this Section 7.01 shall survive the Termination Date, but Site Owner may not commence a review after the date 90 days following the Termination Date.

7.02. Notices. All notices and other communications between the parties required or permitted under this agreement shall be in writing and shall be deemed to have been duly given on delivery by certified or registered mail, return receipt requested, or by telecopy transmission with confirmation of receipt, addressed as follows, or to any other address that has been duly specified by the receiving party in a notice or communication to the sending party pursuant to this Section 7.02:

To Site Owner at _____ [specify]

To Retailer at _____ [specify].

7.03. No Waiver; Cumulative Remedies. No failure or delay in the exercise, by either party, of any right, remedy, power, or privilege under this agreement shall operate as a waiver of it; nor shall any single or partial exercise of any right, remedy, power, or privilege under this agreement preclude any other or further exercise of it or the exercise of any other right, remedy, power, or privilege. The rights, remedies, powers, and privileges provided in this agreement are cumulative and not exclusive of any rights, remedies, powers, and privileges provided by law.

7.04. Counterparts. This agreement may be executed simultaneously in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument. Transmission by telecopy of an executed counterpart of this agreement shall be deemed to constitute due and sufficient delivery of the counterpart.

7.05. Severability. Any provision of this agreement that is prohibited or unenforceable in any jurisdiction shall be ineffective in that jurisdiction to the extent of the prohibition or unenforceability, without invalidating the remaining provisions of this agreement, and the prohibition or unenforceability in that jurisdiction shall not invalidate that

provision in any other jurisdiction or render it unenforceable there.

7.06. Governing Law. This agreement shall be governed by and construed in accordance with the law of the State of California without reference to its conflict of law principles.

7.07. Jurisdiction. Any judicial proceeding brought with respect to this agreement must be brought in a court of competent jurisdiction in the State of California. By execution and delivery of this agreement, each party:

(a) Accepts, generally and unconditionally, the exclusive jurisdiction of such a court and any related appellate court, and irrevocably agrees to be bound by any judgment rendered by those courts in connection with this agreement;

(b) Irrevocably waives any objection it may now or in the future have as to the venue of any suit, action, or proceeding brought in such a court or that such a court is an inconvenient forum; and

(c) Agrees that service of process in the action or proceeding may be effected by mailing a copy by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the receiving party's address *set forth in Section 7.02* or in any other manner permitted by law.

7.08. Headings. The section headings in this agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this agreement.

7.09. Entire Agreement. This agreement, including the exhibits, embodies the entire agreement and understanding of the parties with respect to the subject matter of this agreement and supersedes all previous agreements and understandings between the parties with respect to the subject matter.

7.10. Amendments; Waivers; Binding Effect. Any amendments to, or waivers of, this agreement shall be in writing and signed by both parties or, in the case of a waiver, by the party waiving compliance. This agreement shall be binding on and inure to the benefit of the parties and their respective successors and permitted assigns.

7.11. Assignment. Neither party may assign this agreement without the prior written consent of the other person, and any attempt by a party to assign this agreement without consent shall be null and void; however, either party shall be entitled to assign this agreement without the other person's prior written consent in connection with a merger of the assigning party with or into, or sale of all or substantially all of the assets of the assigning party to, an entity that is not a direct competitor of the other person.

7.12. No Agency. No agency, partnership, joint venture, or employment relationship shall be created by or inferred from the existence or performance of this agreement, and neither party shall have any authority to bind the other in any respect whatsoever.

7.13. Survival. In addition to the provisions in this agreement that provide for their surviving after the Termination Date, paragraphs (b) and (c) of Section 2.05, and Sections 6.01, 6.02, 7.02, 7.03, 7.05 through 7.09, and 7.15, and this Section 7.13 shall also survive after the Termination Date.

7.14. Force Majeure. Either party shall be excused from any delay or failure in performance under this agreement, except the payment of money due and payable under this agreement, caused by reason of any occurrence or contingency beyond its reasonable control, including, without limitation, acts of God, fires, floods, wars (declared or undeclared), civil disturbances, acts of sabotage, accidents, or labor disputes. The obligations and rights of the party excused shall be extended on a day-to-day basis for the period of time equal to that of the underlying cause of the delay.

7.15. Interpretation. All terms set forth in this agreement and not otherwise defined in this agreement shall be

construed to have meanings consistent with the internet, world wide web, and telecommunications industry.

7.16. Limitation of Liability. In no event shall either party be liable to the other or any other person or entity in connection with this agreement for any special, consequential, incidental, or reliance damages (or any loss of revenue, profits, or data), however caused, whether for breach of contract or negligence or under any other legal theory, whether foreseeable or not and whether or not the other person has been advised of the possibility of the damages, and notwithstanding the failure of essential purpose of any limited remedy. Both parties agree that these limitations of liability are agreed allocations of risk and are reflected in the fees agreed on by the parties.

Scope

Scope

This chapter covers the drafting of franchise agreements. Franchising is a method of expanding and financing a business and delivering goods and services. It has enabled a large number of companies to achieve national and even international trademark and trade name recognition within a short time and with little outlay of their own capital. The chapter discusses state and federal statutes governing franchising and franchise agreements, and it outlines the determinations that must be made before drafting or entering into franchising agreements. It also includes guides for drafting franchise agreements, certain related and subsequent procedures, and representative complete forms of franchise agreements.

For detailed coverage of franchise registration under the California Franchise Investment Law, see Ch. 51A, *Franchise Registration*. Copyright is discussed in Ch. 103A, *Copyrights*. Trademarks are covered in detail in Gilson on Trademarks (Matthew Bender). Other relevant chapters include Ch. 1A, *Role of Counsel in Starting a New Business*; Ch. 1B, *Selecting Form of Business Entity*; Ch. 1C, *Regulation of Employers*; Ch. 1E, *Taxation of Businesses*; Ch. 1F, *Insurance Considerations in Business Formation*; Ch. 75, *Formation of Contracts and Standard Contractual provisions*; and Ch. 76, *Assignment of Rights and Obligations*.

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

A. Governing Law

21-51 California Legal Forms--Transaction Guide § 51.10

§ 51.10 California Law

[1] Franchise Investment law

California's Franchise Investment Law [*Corp. Code § 31000 et seq.*], requiring registration of franchise offerings with the Commissioner of Corporations and the making of prescribed disclosures to prospective franchisees, is the most comprehensive California law affecting the offer and sale of franchises. If a franchise is subject to registration under the Franchise Investment Law, or is exempted from registration by rule of the Commissioner or under the seasoned franchisor exemption [*see Corp. Code §§ 31100, 31101; see also Ch. 51A, Franchise Registration*], the franchise is not subject to the Corporate Securities Law [*Corp. Code § 25019; People v. Kline (1980) 110 Cal. App. 3d 587, 168 Cal. Rptr. 185*] .

The disclosure requirements mandated by the Act are discussed in greater detail in Ch. 51A, *Franchise Registration*. However, several Franchise Investment Law provisions merit special comment in connection with franchise agreements as opposed to franchise registration. First, any written or oral representations made to prospective franchisee that include an untrue statement of a material fact, or omit a material fact necessary to make the statements made not misleading, can be the basis for both civil action by the franchisee and criminal liability [*see Corp. Code §§ 31201, 31301, 31410, 31411*]. Second, the Franchise Investment Law is violated when a franchisor, directly or indirectly, restricts or inhibits the right of franchisees to join a trade association or to prohibit the right of free association among franchisees for any lawful purpose [*Corp. Code § 31220*]. Violation of this prohibition is the basis for a civil suit for injunctive relief and damages [*Corp. Code § 31302.5*].

The Franchise Investment Law is modeled after the federal Securities Act of 1933 and many provisions closely track the California Corporate Securities Act. The Commissioner of the Department of Corporations administers the Franchise Investment Law [*see Corp. Code § 31502; see also 10 Cal. Code Reg. § 310.002 et seq.*].

The Commissioner of Corporations may halt the sale of franchises when, in the case of a franchise other than a subfranchise [*see Corp. Code § 31008.5*], a major inducement to prospective franchisees is compensation that they may earn from the participation in the sale of additional franchises [*Corp. Code § 31115(b)*].

The California statute voiding any franchise agreement provision binding a franchisee to waive compliance with the Franchise Investment Law (or any rule or order) [*see Corp. Code § 31512*] directly conflicts with the Federal Arbitration Act [*see 9 U.S.C. § 2*] and violates the Supremacy Clause to the extent that the California statute requires judicial consideration of claims brought under that law rather than arbitration [*Southland Corp. v. Keating* (1984) 465 U.S. 1, 16, 104 S. Ct. 852, 79 L. Ed. 2d 1] .

[2] Cartwright Act

The Cartwright Act [*Bus. & Prof. Code §§ 16720-16760*] basically codifies common law prohibitions against restraint of trade. The Act is closely patterned on the Sherman Antitrust Act [*see 15 U.S.C. § 1*] and, with respect to tying agreements, on Section 3 of the Clayton Act [*see 15 U.S.C. § 14*]. Consequently, federal decisions interpreting the Sherman Act and the Clayton Act [*see § 51.11*] are applicable in construing the Cartwright Act [*Corwin v. Los Angeles Newspaper Serv. Bureau, Inc.* (1971) 4 Cal. 3d 842, 852-853, 94 Cal. Rptr. 785, 484 P.2d 953] .

[3] Franchise Relations Act

The California Franchise Relations Act [*Bus. & Prof. Code § 20000 et seq.*] regulates the substantive terms of franchise agreements, specifically with respect to the termination and nonrenewal of franchises, offers to repurchase inventories, and the use of binding arbitration. The Act applies under the following conditions [*Bus. & Prof. Code §§ 20001, 20015, 20041, 20042*]:

- The franchised business is neither a motor vehicle dealership nor a petroleum distributorship or service station; and
- The franchisee is domiciled in California or the franchise business is or has been operated in California;
- The franchise was granted or renewed on or after January 1, 1981; or
- The franchise is of an indefinite duration that may be terminated by either party without cause.

In general, the Act prohibits a franchisor from terminating a franchise before the expiration of its term, except for good cause [*Bus. & Prof. Code § 20020*]. "Good cause" is not defined, but it does include breach of the franchise agreement, if not cured within a reasonable period after the franchisee is notified of the breach [*Bus. & Prof. Code § 20020*]. The Act's provisions govern regardless of any contractual terms to the contrary [*Bus. & Prof. Code § 20010*].

For further discussion of termination and nonrenewal, see § 51.26.

[4] Fair Dealership Law

The California Fair Dealership Law [*Civ. Code §§ 80-86*] prohibits discrimination on the basis of any characteristic listed in *Civ. Code § 51(b)* or defined in *Civ. Code § 51(e)* in the granting, sale, transfer, bequest, termination, or nonrenewal of dealerships [*Civ. Code § 82(a)*; *see Civ. Code § 51(b)* ("All persons within the jurisdiction of this state are free and equal, and no matter what their sex, race, color, religion, ancestry, national origin, disability, medical condition, marital status, or sexual orientation...")]. It further prohibits grantors and dealers from refusing to consent to assignment or transfer of a dealership on any of the grounds listed or defined in *Civ. Code § 51* [*Civ. Code § 85*].

The statute defines "dealership" to include any express or implied contract between two or more persons that grants the right to sell or distribute goods or services under a trade name, trademark, or other commercial symbol, and in which

there is a continuing financial interest between the grantor and the grantee in the operation of the dealership or the marketing of the goods or services [see *Civ. Code* § 81(b), (d)]; thus, the Fair Dealership Law applies to franchises.

Any portion of a contract which attempts to waive the provisions of the Fair Dealership Law is void and unenforceable [*Civ. Code* § 82]. In any action based on a violation of the statute, the prevailing party is entitled to recover reasonable attorneys' fees and taxable court costs [*Civ. Code* § 86].

For further discussion of termination and nonrenewal, see § 51.26.

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

A. Governing Law

21-51 California Legal Forms--Transaction Guide § 51.11

§ 51.11 Federal Law

[1] Miscellaneous Antitrust Laws Governing Franchises

A typical franchise agreement imposes controls over the franchise to ensure that the method of doing business perfected by the franchisor is followed. These controls are generally recognized as essential to the franchise system. Moreover, controls over the use of the franchisor's trademark are required in order to avoid any implication that the trademark has been abandoned [see 15 U.S.C. §§ 1055, 1127]. However, the use of these controls cannot violate the antitrust laws [see 15 U.S.C. § 1115(b)(7)]. The facts and circumstances of a particular franchise arrangement will determine whether it has the desirable effect of increasing competition or whether it will tend to monopolize and restrain trade because of the restrictive controls. The written agreement and other practices of the parties to a franchise agreement must be carefully considered in the light of the federal antitrust and restraint of trade laws.

The Sherman Antitrust Act contains the broadest antitrust language. Every contract, combination, or conspiracy in restraint of trade or commerce among the states or with foreign nations is illegal [see 15 U.S.C. § 1]. For further discussion, see [2], *below*.

The Clayton Act prohibits price discrimination and certain "tying" and exclusive dealing agreements when the effect of any pertinent agreement, condition, understanding, lease, sale, or contract for sale may be to substantially lessen competition, or to tend to create a monopoly in any line of commerce [see 15 U.S.C. §§ 12-27]. Requirements that a franchisee buy all supplies from the franchisor are subject to prohibition under the Act except possibly when quality control and goodwill or trademark protection are essential.

The Robinson-Patman Act prohibits price discrimination if that discrimination substantially lessens competition or tends to create a monopoly [15 U.S.C. § 13]. For further discussion, see [3], *below*.

The Federal Trade Commission Act prohibits "unfair methods of competition" and "unfair or deceptive acts or practices in commerce" [15 U.S.C. §§ 41, 45]. The Act is broader than many of the other anti-monopoly and restraint of trade laws, and is enforced by the Federal Trade Commission. Unreasonable or unfair practices of franchisors are subject to

regulation under the Act, and specific franchise offering disclosures have been mandated under the Act under Rule 436 [16 C.F.R. § 436.1 *et seq.*; see [4], *below*; see also Ch. 51A, *Franchise Registration*].

[2] Sherman Act

[a] Broad Prohibition Against Restraint of Trade

The Sherman Antitrust Act contains the broadest antitrust language. Every contract, combination, or conspiracy in restraint of trade or commerce among the states or with foreign nations is illegal [see 15 U.S.C. § 1]. The prevailing standard of analysis in determining the existence of a violation of this statutory provision is the "rule of reason" under which the fact finder weighs all of the circumstances of the case in deciding whether a restrictive practice should be prohibited as imposing an unreasonable restraint on competition [*Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 49, 97 S. Ct. 2549, 53 L. Ed. 2d 568] . Certain restrictions, because of their pernicious effect on competition and lack of any redeeming virtue, are per se violations; that is, they are conclusively presumed to be unreasonable and therefore illegal. Per se violation rules are appropriate only when they relate to conduct that is manifestly anticompetitive [*Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 49-50, 97 S. Ct. 2549, 53 L. Ed. 2d 568] .

[b] Monopolization Claims

Monopolization under Section 2 of the Sherman Act [15 U.S.C. § 2] assumes a number of forms, including the use of monopoly power in one market to gain an unwarranted competitive advantage in another. The plaintiff who alleges this type of monopolization must identify the relevant product and geographic markets. Proof of the existence of two separate product or service markets is necessary. Market definition is characterized in terms of cross-elasticity of demand for or reasonable interchangeability of a given set of products or services. If the product and its substitutes are reasonably interchangeable by consumers for the same purposes, or if they have a high cross-elasticity of demand in the trade, they will be included in the same market [see *M.A.P. Oil Co., Inc. v. Texaco Inc.* (9th Cir. 1982) 691 F.2d 1303, 1306, 1307] . A monopoly claim under Section 2 of the Sherman Act [15 U.S.C. § 2] must include a specific intent to control prices or destroy competition in some part of commerce, predatory or anticompetitive conduct directed to accomplishing that unlawful purpose, and a dangerous possibility of success [see *Zoslaw v. MCA Distributing Corp.* (9th Cir. 1982) 693 F.2d 870, 887] .

[c] Refusal to Deal Claims

The Sherman Antitrust Act bars contracts and combinations that would unduly interfere with the free exercise of the right of freedom to trade by those engaged in trade and commerce. Absent any purpose to create or maintain a monopoly, the Act does not restrict the right of a trader or manufacturer to freely exercise independent discretion as to the parties with whom he or she will deal. A trader or manufacturer may even announce in advance the circumstances under which he or she will refuse to sell [*United States v. Colgate & Co.* (1919) 250 U.S. 300, 307, 39 S. Ct. 465, 63 L. Ed. 992] .

A manufacturer of a product may select his or her customers and franchise certain dealers to whom, alone, he or she will sell the goods provided that other and equivalent brands are readily available in the market. If the refusal to deal stops at this point, there is no violation of the Sherman Act [*United States v. Arnold, Schwinn & Co.* (1967) 388 U.S. 365, 376, 87 S. Ct. 1856, 18 L. Ed. 2d 1249] . However, if the refusal to deal results from a group boycott or concerted refusals by traders to deal with other traders, as distinguished from an agreement between a manufacturer and a dealer granting the latter an exclusive distributorship, the Act has been violated [see *Klor's v. Broadway-Hale Stores* (1959) 359 U.S. 207, 212, 79 S. Ct. 705, 3 L. Ed. 2d 741] . Thus, for example, if a franchisor is substantially owned by its franchisees, an agreement between the franchisor and the franchisees forbidding the franchisor to establish new franchisees within existing exclusive territories constitutes an illegal horizontal restraint or refusal to deal [see *United States v. Sealy* (1967) 388 U.S. 350, 351-354, 87 S. Ct. 1847, 18 L. Ed. 2d 1238] . This does not mean, however, that the

state, acting under its police power, cannot require a franchisor to submit to an administrative hearing on the propriety of granting a new franchise in accordance with a procedure which is triggered by the protests of existing franchisees [*New Motor Vehicle Bd. v. Orrin W. Fox Co.* (1978) 439 U.S. 96, 109-111, 99 S. Ct. 403, 58 L. Ed. 2d 361 (*Veh. Code* §§ 3062, 3063, permitting franchisees within a 10-mile radius of proposed new or relocated automobile franchisee to cause hearing to be held to determine whether new or relocated franchise can be established, come within "state action" exemption to the provisions of the Sherman Act)].

Although a simple refusal of a manufacturer to sell to customers who will not resell at prices suggested by the seller is permissible under the Sherman Antitrust Act, an unlawful combination results if the manufacturer secures adherence to its suggested prices by means that go beyond merely declining to sell to customers who will not resell at the suggested price. Use of a refusal to deal with wholesalers to elicit their willingness to deny the manufacturer's products to retailers and thereby ensure the retailers' adherence to the manufacturer's suggested minimum retail price constitutes an unlawful combination [*United States v. Parke, Davis & Co.* (1960) 362 U.S. 29, 43-46, 80 S. Ct. 503, 4 L. Ed. 2d 505] .

[d] Territorial and Customer Restrictions on Franchisees

Territorial and customer restrictions on franchisees are also known as nonprice vertical restrictions. Territorial or location restrictions are those that prevent franchisees from selling franchised products at outlets other than the one covered by the franchise agreement [*Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 54, 97 S. Ct. 2549, 53 L. Ed. 2d 568] . A customer restriction is one that prohibits franchisees from selling franchised products to other retailers or wholesalers [*Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 46, 97 S. Ct. 2549, 53 L. Ed. 2d 568] .

In the case of either a territorial or a customer restriction, the existence of a violation of the Sherman Antitrust Act is determined by applying the rule of reason in most cases. Departure from the rule of reason standard; that is, application of the principle that the transaction is illegal per se, may be justified, but any departure from the rule of reason must be based on demonstrable economic effect [*Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 57-59, 97 S. Ct. 2549, 53 L. Ed. 2d 568] . The basic inquiry under the rule of reason is whether the challenged vertical restriction promotes competition or suppresses it. Courts determine whether the distribution restraint is unreasonable in view of (1) the facts peculiar to the business involved, (2) the condition of competition before and after the restraint was imposed, and (3) the nature of the restraint, and its actual or probable effect [*Cowley v. Braden Industries, Inc.* (9th Cir. 1980) 613 F.2d 751, 754] . For example, a territorial restriction was found reasonable when it promoted sales, appeared to be the only efficient method of product distribution, and did not harm competition with other brands [*Cowley v. Braden Industries, Inc.* (9th Cir. 1980) 613 F.2d 751, 754-756] . Customer restrictions have been found reasonable when created either to protect the public from a potentially dangerous line of products for professional use or to protect the manufacturer against potential product liability [*Tripoli Co., Inc. v. Wella Corp.* (3d Cir. 1970) 425 F.2d 932, 938] . A restriction that prevents a franchisee from selling franchised products from outlets other than the one covered by the franchise agreement is permissible under the rule of reason, regardless of whether the product is sold to the franchisee or on consignment to him [*Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 57-59, 97 S. Ct. 2549, 53 L. Ed. 2d 568] . However, if the restriction is enforced through a conspiracy in restraint of trade, such as through collaborative action by the franchisor and its franchisees to prevent certain franchisees from dealing with third parties in violation of the franchise location clause, the Sherman Act has been violated [see *United States v. General Motors Corp.* (1966) 384 U.S. 127, 139-140, 86 S. Ct. 1321, 16 L. Ed. 2d 415] .

A dual distribution system, in which a franchisor (1) licenses independent area franchisors to manufacture products to be sold under the franchisor's trademark (a vertical system), and (2) operates as an area franchisor (a horizontal system), is not a per se unlawful horizontal market allocation. The hallmark of a horizontal market allocation is collusion among competitors to confer on each a monopoly in a specific area. When the allocation of territories is dictated at all times by the franchisor, it is seeking to compete with other manufacturers by imposing reasonable vertical restraints that are not per se illegal [*Krehl v. Baskin-Robbins Ice Cream Co.* (9th Cir. 1982) 664 F.2d 1348, 1354, 1355] . The combination

of a vertical system with a horizontal system into a dual distribution system is not subject to the rule of per se illegality because the test for determining whether that standard should be extended to a business practice is whether, on its face, the practice appears to be one that would always or almost always tend to restrict competition and decrease output rather than one that is designed to increase economic efficiency and render markets more competitive. Absent any showing of any significant adverse impact on either interbrand or intrabrand competition, and when evidence indicates that the effect of the system was to promote competition, the system should be evaluated under the traditional rule of reason standard [*Krehl v. Baskin-Robbins Ice Cream Co.* (9th Cir. 1982) 664 F.2d 1348, 1355-1357] .

When an agreement grants one party the exclusive right to sell products to a specialized type of customer only, it is not a violation of Section 1 of the Sherman Act [15 U.S.C. § 1] to grant another party the exclusive right to sell products to other types of customers if the effect is to increase rather than decrease competition. Since the second agreement does not violate antitrust law, the second party can legitimately ask for aid in enforcing the agreement without incurring antitrust liability [see *JBL Enterprises, Inc. v. Jhirmack Enterprises, Inc.* (9th Cir. 1983) 698 F.2d 1011, 1018-1019] .

[e] Price Restraints Imposed on Franchisees

The fixing of prices at which others may sell is anticompetitive and unlawful [see *United States v. Arnold, Schwinn & Co.* (1967) 388 U.S. 365, 376, 87 S. Ct. 1856, 18 L. Ed. 2d 1249] . Restraints as to territory or customers, vertical or horizontal, are unlawful if they are ancillary to price-fixing [*White Motor Co. v. United States* (1963) 372 U.S. 253, 260, 83 S. Ct. 696, 9 L. Ed. 2d 738] . Price-fixing is also illegal if it is an integral part of a whole distribution system [*United States v. Bausch & Lomb Co.* (1944) 321 U.S. 707, 720, 64 S. Ct. 805, 88 L. Ed. 1024] . However, the mere suggestion of resale prices, without attempts to enforce the suggestion, is permissible [see *United States v. Parke, Davis & Co.* (1960) 362 U.S. 29, 43, 80 S. Ct. 503, 4 L. Ed. 2d 505] .

A supplier's attempt to fix the prices charged by those who resell its products, "vertical price fixing," violates Section 1 of the Sherman Act [15 U.S.C. § 1] and is per se illegal. Any claim of vertical price fixing must be supported by a demonstration of affirmative action that will induce or coerce customers to adhere to a uniform price rather than engage in price competition. Although suppliers engage in a variety of actions that might influence resale prices, these actions are not unlawful unless they sufficiently induce avoidance of price competition. Thus, even though a supplier of movies to exhibitors announced its prices to the exhibitors in advance, this did not show any attempt to induce or coerce those exhibitors to set a resale price other than a competitive price [see *General Cinema Corp. v. Buena Vista Distribution* (9th Cir. 1982) 681 F.2d 594, 597] . For discussion of the legal right of a manufacturer to announce its resale prices in advance and refuse to deal with those who fail to comply, see [f], *below*.

If a manufacturer requires retailers to sell its products only from authorized locations, a vertical restraint on trade, the retailer has the burden of proving that the restraint is unreasonable and therefore unlawful under Section 1 of the Sherman Act. The issue is whether the restraint promotes or suppresses competition. A vertical restraint may be reasonable if it is likely to promote interbrand competition without overly restricting intrabrand competition [*Continental T.V., Inc. v. G.T.E. Sylvania Inc.* (9th Cir. 1982) 694 F.2d 1132, 1136-1137] .

[f] Termination of Franchises

A manufacturer has a right to select its customers and to refuse to sell its goods to anyone, for reasons sufficient to itself [see *United States v. Colgate & Co.* (1919) 250 U.S. 300, 307, 39 S. Ct. 465, 63 L. Ed. 992] . A refusal to deal becomes illegal under the Sherman Act only when it produces an unreasonable restraint of trade, such as price-fixing, elimination of competition, or the creation of a monopoly [see *United States v. Parke, Davis & Co.* (1960) 362 U.S. 29, 32, 80 S. Ct. 503, 4 L. Ed. 2d 505] . Thus, unless it can be shown that the termination of a franchise results from an attempt to enforce a price-fixing policy, involves an attempt to create a monopoly, has the result of suppressing competition, or constitutes a restraint of trade, the Sherman Act is not violated when the franchisor terminates one distributor and substitutes another [*Ace Beer Distributors, Inc. v. Kohn, Inc.* (6th Cir. 1963) 318 F.2d 283, 286-287] .

Accordingly, a franchisor may set forth the terms under which it will deal and under which the agreement will be terminated in the franchise agreement. Further, a franchisee's failure to meet sales quotas or quality standards is a valid ground for termination [see Glickman, Franchising, Ch. 4, *Legal Pitfalls of Franchise Operations* (Matthew Bender)].

In distributor termination cases, there are two important distinctions. First, there is the basic distinction between concerted and independent action; the former is proscribed under the Sherman Act, the latter is not [see 15 U.S.C. § 1]. A manufacturer may deal or refuse to deal with whomever it likes, as long as it does so independently, and it can announce its resale prices in advance and refuse to deal with those who fail to comply. A distributor is free to acquiesce in the manufacturer's demand in order to avoid termination [*Monsanto Co. v. Spray-Rite Service Corp.* (1984) 465 U.S. 752, 104 S. Ct. 1464, 79 L. Ed. 2d 775 ; see *United States v. Colgate & Co.* (1919) 250 U.S. 300, 307, 39 S. Ct. 465, 63 L. Ed. 992] . The second important distinction is that between concerted action to set prices and concerted action on nonprice restrictions. The former are per se illegal; the latter are judged under the rule of reason, which requires a weighing of the relevant circumstances of a case to determine whether the practice in question is an unreasonable restraint on competition [*Monsanto Co. v. Spray-Rite Service Corp.* (1984) 465 U.S. 752, 763, 104 S. Ct. 1464, 79 L. Ed. 2d 775 ; see *Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 97 S. Ct. 2549, 53 L. Ed. 2d 568] .

Independent action by the manufacturer and concerted action on nonprice restrictions are distinguished from price-fixing agreements. On a claim of concerted price-fixing, the antitrust plaintiff must present evidence sufficient to carry its burden of proving the existence of the agreement [*Monsanto Co. v. Spray-Rite Service Corp.* (1984) 465 U.S. 752, 763, 104 S. Ct. 1464, 79 L. Ed. 2d 775] . The United States Supreme Court has stated that permitting an agreement to be inferred merely from the existence of complaints about the terminated distributor from other or competing distributors, or even from the fact that termination came about in response to complaints, could deter or penalize perfectly legitimate conduct [*Monsanto Co. v. Spray-Rite Service Corp.* (1984) 465 U.S. 752, 763, 104 S. Ct. 1464, 79 L. Ed. 2d 775] . Therefore, evidence that tends to exclude the possibility that the manufacturer and nonterminated distributors were acting independently must be introduced. The antitrust plaintiff should present direct or circumstantial evidence reasonably tending to prove that the manufacturer and others had a conscious commitment to a common scheme designed to achieve an unlawful objective [*Monsanto Co. v. Spray-Rite Service Corp.* (1984) 465 U.S. 752, 764, 104 S. Ct. 1464, 79 L. Ed. 2d 775] .

[3] Robinson-Patman Act

The Robinson-Patman Act generally prohibits price discrimination if that discrimination substantially lessens competition or tends to create a monopoly [15 U.S.C. § 13]. However, it is permissible to discriminate in good faith to meet competition. Differences in price are also permissible if based on bona fide differences in the quality and quantity of good sold and other marketing factors.

A prima facie showing of illegal price discrimination under the Robinson-Patman Act may be rebutted by establishing that the extension of a lower price to any purchaser or purchasers was made in good faith to meet an equally low price of a competitor [see 15 U.S.C. § 13(b)]. This defense is not so inflexible that it applies only if the defendant sets its lower price on a customer-by-customer basis and creates the price discrimination by lowering rather than by raising prices [*Falls City Industries v. Vanco Beverage* (1983) 460 U.S. 428, 431, 451, 103 S. Ct. 1282, 75 L. Ed. 2d 174] . However, the "meeting-competition" defense requires the seller at least to show the existence of facts that would lead a reasonable and prudent person to believe that the seller's lower price would meet the equally low price of a competitor's; the defense also requires the seller to demonstrate that its lower price was a good faith response to a competitor's lower price [*Falls City Industries v. Vanco Beverage* (1983) 460 U.S. 428, 431, 451, 103 S. Ct. 1282, 75 L. Ed. 2d 174] .

The Act centrally addresses price discrimination in cases involving competition between different purchasers for resale of the purchased product. Competition of that character ordinarily is not involved when a product subject to special order is sold through a customer-specific competitive bidding process. Thus, a manufacturer offering its dealers

different wholesale prices may not be held liable for price discrimination proscribed by the Robinson-Patman Act, in the absence of a showing that the manufacturer discriminated between dealers contemporaneously competing to resell to the same retail customer [*Volvo Trucks N. Am., Inc. v. Reeder-Simco GMC, Inc.* (2006) 546 U.S. 164, 126 S. Ct. 860, 866, 163 L. Ed. 2d 663] .

[4] Federal Trade Commission Rule 436

Federal Trade Commission Rule 436 [16 C.F.R. §§ 436.1-436.3], entitled "Disclosure Requirements and Prohibitions Concerning Franchising and Business Opportunity Ventures," establishes minimum federal standards of disclosure that are applicable to all offerings covered by the Rule and mandates time periods within which those disclosures must occur. This Rule has the force and effect of federal law [*National Petroleum Refiners Ass'n v. FTC* (D.C. Cir. 1973) 482 F.2d 672 , cert. denied, 415 U.S. 951 (1974)] . 21-51 California Legal Forms--Transaction Guide § 51.12

§ 51.12 Preemption Issues

Both California and federal law may apply to a proposed franchise, or one but not the other. When both may apply, it is important to determine which law applies to the proposed transaction.

Federal Trade Commission Rule 436 [16 C.F.R. § 436.1 *et seq.*; see § 51.11[4]] raises federal preemption issues with regard to the California Franchise Investment Law [see § 51.10[1]]. This rule has the force and effect of federal law and, as a substantive regulation, may preempt state or local laws to the extent they conflict with the federal rule [see *Free v. Bland* (1962) 369 U.S. 663, 82 S. Ct. 1089, 8 L. Ed. 2d 180]. However, the Rule 436 preemption standard indicates that state and local laws or regulations are only preempted to the extent that they provide less protection to the franchisee than that afforded by the Rule [see 16 C.F.R. §§ 436.1-436.3, Note 2; see also 43 Fed. Reg. No. 246, pp. 59719-59720 (1978)]. California rules generally are stricter than federal law and therefore are not preempted.

In addition, the federal Petroleum Marketing Practices Act [15 U.S.C. § 2801 *et seq.*] governs the termination of gasoline dealer or petroleum distributor franchises. Because the California statute permitting franchises to be terminated for "other legitimate reasons" [see *Bus. & Prof. Code* § 20999.1] is an obstacle to the accomplishment and execution of the purposes and objectives of the federal Act, the California statute is therefore preempted by the federal statute [see *California ARCO Distributors, Inc. v. Atlantic Richfield Co.* (1984) 158 Cal. App. 3d 349, 363, 204 Cal. Rptr. 743]. Further, the Petroleum Marketing Practices Act preempts state common-law claims arising out of a petroleum franchise termination or nonrenewal [*Mobil Oil Corp. v. Superior Court* (1987) 189 Cal. App. 3d 485, 488-489, 234 Cal. Rptr. 482].

For further discussion of preemption issues, see Ch. 51A, *Franchise Registration*.

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

A. Governing Law

21-51 California Legal Forms--Transaction Guide § 51.13

§ 51.13 Definitions

[1] Franchise

[a] California Law

Under the Franchise Investment law, a "franchise" is any contract or agreement, either expressed or implied, whether oral or written, between two or more persons to which the following apply [*Corp. Code § 31005(a)*; see Commissioner of Corporations Release No. 3-F (revised 1994)]:

- The franchisee is granted the right to engage in the business of offering, selling, or distributing goods or services;
- The right is granted to engage in business under a marketing plan or system prescribed in substantial part by a franchisor [*see* [6], *below*];
- The operation of the franchisee's business pursuant to the plan or system is substantially associated with the franchisor's trademark, service mark, trade name, logotype, advertising, or other commercial symbol designating the franchisor or its affiliate; and
- The franchisee is required to pay, directly or indirectly, a franchise fee for the right to enter into the business [*see* [7], *below*].

The term "franchise" does not include a nonprofit organization operated on a cooperative basis by and for independent retailers that wholesales goods and services primarily to its member retailers and to which all of the following applies [*Corp. Code § 31005(c)*]:

- Control and ownership of each member is substantially equal.
- Membership is limited to those who will avail themselves of the services furnished by the

organization.

- Transfer of ownership is prohibited or limited.
- Capital investment receives no return.
- Substantially equal benefits pass to the members on the basis of patronage of the organization.
- Members are not personally liable for obligations of the organization in the absence of a direct undertaking or authorization by them.
- Services of the organization are furnished primarily for the use of the members.
- Each member and prospective member is provided with an offering circular that complies with statutory specifications [*see Corp. Code § 31111*].
- No part of the receipts, income, or profit of the organization is paid to any profit making entity, except for arms-length payments for necessary goods and services, and members are not required to purchase goods or services from any designated profit making entity.

The nonprofit organization is subject to an action for rescission or damages under *Civ. Code § 3343.7* if the organization fraudulently induced the plaintiff to join the organization [*Corp. Code § 31005(d)*]. For this purpose, "fraudulently induced" includes the failure to disclose all required information [*see Corp. Code §§ 31005(c)(8), 31111*] unless the defendant proves that (1) the plaintiff knows the facts concerning the untruth or omission, or (2) the defendant exercised reasonable care and did not know (or would not have known) of the untruth or omission [*Civ. Code § 3343.7*]. As a consequence of being fraudulently induced to join the organization, a plaintiff is entitled to rescission of the membership contract and any damages sustained as a consequence of joining [*Civ. Code § 3343.7*].

[b] Federal Law

As the Federal Trade Commission observed in the course of holding hearings on the regulation of sales of franchises [*see Ch. 51A, Franchise Registration*], although there is not complete agreement on precisely what elements are common to all franchises, it is clear that "... franchising is not an industry, a product or a service, but is instead a method of doing business or a method of distribution. Typically, a company (the franchisor) owns a trademark that it licenses others to use upon condition that the user (the franchisee) conform its business operations to the franchisor's standards, insofar as it is associated with the trademark. The franchisor is usually distributing or marketing a product, service, or a method of selling a product or service through a limited number of distributors (franchisees), whose methods of operation may be subject to the control and supervision of the franchisor. A franchisor may also provide extensive assistance to its franchisees in terms of their organization, promotional activities, management, marketing plan, methods of operation or other business affairs" [*43 Fed. Reg. 246, 59623 (1978)*].

The Federal Trade Commission defines "franchise" as follows [*16 C.F.R. § 436.2(a)*]:

- The term "franchise" means any continuing commercial relationship created by any arrangement or arrangements whereby a person (the "franchisee") offers, sells, or distributes to any person other than a "franchisor", goods, commodities, or services that are: (1) identified by a trademark, service mark, trade name, advertising or other commercial symbol designating another person, the franchisor; or (2) indirectly or directly required or advised to meet the quality standards prescribed by a franchisor when the franchisee operates under a name using the trademark, service mark, trade name, advertising or other commercial symbol designating the franchisor; or

- The franchisor exerts or has authority to exert a significant degree of control over the franchisee's method of operation, including but not limited to, the franchisee's business organization, promotional activities, management, marketing plan or business affairs; or
- The franchisor gives significant assistance to the franchisee in the latter's method of operation, including, but not limited to, the franchisee's business organization, management, marketing plan, promotional activities, or business affairs; provided, however, that assistance in the franchisee's promotional activities does not, in the absence of assistance in other areas of the franchisee's method of operation, constitute significant assistance; or
- The franchisee offers, sells, or distributes to any person other than a franchisor goods, commodities, or services that are: (1) supplied by a franchisor; (2) supplied by a third person (such as a supplier) with whom the franchisee is directly or indirectly required to do business by the franchisor; or (3) supplied by a third person (such as a supplier) with whom the franchisee is directly or indirectly advised to do business by a franchisor when that third person is affiliated with the franchisor; and
- The franchisor (1) secures for the franchisee retail outlets or accounts for the goods, commodities, or services; (2) secures for the franchisee locations or sites for vending machines, rack displays, or any other product sales display used by the franchisee in the offering, sale, or distribution of the goods, commodities, or services; or (3) provides to the franchisee the services of a person able to secure the retail outlets, accounts, sites or locations; and
- The franchisee is required as a condition of obtaining or commencing the franchise operation to make a payment or a commitment to pay to the franchisor, or to a person affiliated with the franchisor.

Rule 436.2 defines a package or business format franchise as a franchise whereby the franchisee is authorized by the franchisor to operate a business conforming to a format established by the franchisor and identified by the franchisor's trademark. The exercise by the franchisor of "significant control" or the granting of "significant assistance" is the key to coverage under the Rule. "Significant types of control" include site approval, site design or appearance requirements, hours of operation, production techniques, accounting practices, personnel policies and practices, promotional campaigns requiring, franchisee participation or financial contribution, customer restrictions, location or territorial restrictions. Significant assistance is deemed to include: formal sales, repair or business training programs, establishing accounting systems, furnishing management, marketing or personnel advice, selecting site locations, furnishing a detailed operating manual. "Significant control" or "significant assistance" may also include: requirements that a franchisee service or repair a product (except warranty work), inventory controls, required displays of goods, and on-the-job assistance in sales or repairs. Controls not considered significant in this context include trademark controls designed solely to protect the owner's legal ownership rights under state and federal law; health or safety restrictions required by law; and assistance to distributors in obtaining financing necessary to transact business [see 16 C.F.R. § 436.2(a)(i)(A)(2), (B), 436.2(a)(2)].

Rule 436.2 also includes in its definition of franchise "business opportunity ventures," which are systems of distribution of goods or services that do not bear the franchisor's trademark [see 16 C.F.R. § 436.2(a)(1)(ii)].

For tax purposes, the term "franchise" includes an agreement that gives one of the parties to the agreement the right to distribute, sell, or provide goods, services, or facilities within a specified area [I.R.C. § 1253(b)(1)].

[c] Applicable Law

The federal definition of "franchise" is controlling. Although generally broader than the California FIL definition, the

federal definition does not cover certain franchises that are subject to registration under state law. Further, certain exemptions from registration under California laws are not available under the federal rule. If a business venture would not be a franchise or is exempt from registration under California law, but would still be subject to the federal rules, the federal rules control [*see* 44 Fed. Reg. No. 166, p. 49971 (1979)].

[2] Petroleum Products Franchise

[a] California Law

For purposes of the Franchise Investment law, the term "franchise" also means the following [*Corp. Code* § 31005(b)]:

- Any contractual agreement between a petroleum corporation or distributor and a gasoline dealer, or between a petroleum corporation and distributor, under which the petroleum distributor or the gasoline dealer is granted the right to use a trademark, trade name, service mark, or other identifying symbol or name owned by the other party to the agreement, or any agreement between a petroleum corporation or distributor and a gasoline dealer, or between a petroleum corporation and distributor, under which the petroleum distributor or the gasoline dealer is granted the right to occupy premises owned, leased, or controlled by the other party to the agreement, for the purposes of engaging in the retail sale of petroleum and other products of the other party to the agreement.
- Any contract between a refiner and a petroleum distributor, between a refiner and a petroleum retailer, between a petroleum distributor and another petroleum distributor, or between a petroleum distributor and a petroleum retailer, under which a refiner or petroleum distributor authorizes or permits a petroleum retailer or petroleum distributor to use, in connection with the sale, consignment, or distribution of gasoline, diesel, gasohol, or aviation fuel, a trade mark that is owned or controlled by that refiner or by a refiner that supplies fuel to the petroleum distributor authorizing or permitting the use.

The term "franchise" as defined in the second category above specifically includes any of the following [*Corp. Code* § 31005(b)]:

- Any contract under which a petroleum retailer or petroleum distributor is authorized or permitted to occupy leased marketing premises, which premises are to be employed in connection with the sale, consignment, or distribution of fuel under a trademark that is owned or controlled by that refiner, or by a refiner that supplies fuel to the petroleum distributor authorizing or permitting the occupancy.
- Any contract pertaining to the supply of fuel that is to be sold, consigned, or distributed under a trademark owned or controlled by a refiner, or under a contract that has existed continuously since May 15, 1973, and pursuant to which, on May 15, 1973, fuel was sold, consigned, or distributed under a trademark owned and controlled on that date by a refiner.
- The unexpired portion of any franchise, that is transferred or assigned as authorized by the provisions of that franchise or by any applicable provision of state law that permits that transfer or assignment without regard to any provision of the franchise.

For purposes of the Franchise Dealers Fair Practices Act, "franchise" is defined to mean any contract between a refiner and a distributor, between a refiner and a retailer, between a distributor and another distributor, or between a distributor and a retailer, under which a refiner or distributor authorizes or permits a retailer or distributor to use, in connection with the sale, consignment, or distribution of gasoline, diesel, gasohol, or aviation fuel, a trademark that is owned or controlled by that refiner or by a refiner that supplies fuel to the distributor that authorizes or permits that use. The term "franchise" includes the following [*Bus. & Prof. Code* § 21140]:

- Any contract under which a retailer or distributor is authorized or permitted to occupy leased marketing premises, which are to be used in connection with the sale, consignment, or distribution of fuel under a trademark that is owned or controlled by that refiner or by a refiner that supplies fuel to the distributor that authorizes or permits the occupancy.

- Any contract pertaining to the supply of fuel that is to be sold, consigned, or distributed under a trademark owned or controlled by a refiner, or under a contract that has existed continuously since May 15, 1973, and pursuant to which, on May 15, 1973, fuel was sold, consigned, or distributed under a trademark owned and controlled on that date by a refiner.

- The unexpired portion of any franchise, as defined by the preceding provisions of this section, that is transferred or assigned as authorized by the provisions of the franchise or by any applicable provision of state law permitting transfer or assignment without regard to any provision of the franchise.

[b] Federal Law

The term "franchise" includes a contract under which a retailer or distributor is authorized or permitted to occupy leased marketing premises that are to be used in connection with the sale, consignment, or distribution of motor fuel under a trademark. The trademark is owned or controlled by the refiner that supplies motor fuel to the distributor that authorizes or permits the occupancy. "Franchise" includes a contract pertaining to the supply of motor fuel to be sold, consigned, or distributed under a trademark owned or controlled by the refiner. The term includes the unexpired portion of a franchise properly transferred or assigned [*see 15 U.S.C. § 2801(1)(B)*].

[3] Marketing Plan

The presence of a prescribed marketing plan is considered crucial to the concept of a franchise. The Commissioner has stated that the following elements in an agreement, alone or together, may suggest the existence of a marketing plan [Commissioner of Corporations Release No. 3-F (revised 1994)]:

- Prescribing or limiting resale prices.
- Restrictions on use of advertising or mail order business.
- Requiring display racks.
- Giving detailed directions and advice concerning operating techniques.
- Assigning exclusive territory.
- Providing for uniformity or distinctiveness of appearance.
- Limiting sale of competitive products.
- Limiting use of products.
- Requiring approval of advertising and signs.
- Prohibiting engaging in other activities.

- Providing training sessions.
- Assigning contract.
- Use of manual.
- Providing "trade secrets."

While any one of the examples of restrictions may not amount to "a marketing plan or system prescribed in substantial part by a franchisor," several such restrictions taken together may be sufficient to amount to a marketing plan or system.

A marketing plan or system may be "prescribed by implication," even absent an obligation on the part of the franchisee to observe it, if a specific sales program is outlined, suggested, recommended, or otherwise originated by the franchisor. Thus, a sales program may be "prescribed" by the franchisor when the franchisor supplies the franchisee with sales aids or props, such as demonstration kits, films, or detailed instructions for personal introduction and presentation of the product, possibly including the text of a sales pitch and especially when the program is supported by training material, courses, or seminars. Even a non-mandatory program may constitute a prescribed program, particularly when there are negative covenants against the use of specified modes of distribution such as a prohibition of sales to retail stores. Therefore, a provision in the agreement that the franchisee is to be considered an independent contractor or that the franchisor is not concerned with the means employed by the franchisee to make sales, or with the manner in which the business of the franchisee is, does not preclude the possibility that the franchisor's business is operated pursuant to a marketing plan or system prescribed in substantial part by the franchisor. As a result, such an agreement, if other requirements of the definition are satisfied, may be a franchise [Commissioner of Corporations Release No. 3-F (revised 1994)].

Nevertheless, the prescribed marketing plan or system requirement is not satisfied merely because an agreement imposes procedures or techniques on the business operator that are customarily observed in business relationships in the particular trade or industry, even though, to some extent, they may restrict the freedom of action or the discretion of the operator. Thus, an obligation imposed on a distributor to use best efforts to make or increase sales of the licensor's product is too general a requirement to amount to a marketing plan or system. If a television station is licensed to produce a copyrighted game show, there is no marketing plan or system merely because the station is required to follow the format of the show and use props provided by the licensor. If a restaurant is authorized to be conducted under a trade name without the imposition of any other marketing plan or system, a requirement that public liability insurance be maintained in a certain amount does not characterize the agreement as a franchise because that requirement is not a substantial limitation and is normal and customary in an agreement in which the licensor may be exposed to liability as a result of the licensee's operation of the business. Likewise, if a manufacturer is licensed by an inventor to make and sell a patented device subject to a royalty reserved by the inventor, or if a retail store is licensed to distribute trademarked articles subject to a royalty reserved by the manufacturer, it would be customary to require maintenance of records and accounts by the licensee for verification of the royalty due under the agreement. Specifications to be observed by a licensee in the manufacture of a patented device designed to protect the quality of the product are normal in those circumstances. These requirements in and of themselves do not amount to a marketing plan or system [Commissioner of Corporations Release No. 3-F (revised 1994)].

[4] Area Franchise

An "area franchise" is any franchise between a franchisor and a franchisee whereby the franchisee is granted the right to operate more than one unit within a specified geographical area [*Corp. Code § 31008; see Corp. Code § 31010* ("franchise" includes "area franchise")].

[5] Subfranchise

A "subfranchise" is any contract or agreement between a franchisor and a subfranchisor whereby the subfranchisor is granted the right, for consideration given in whole or in part for that right, to sell or negotiate the sale of franchises in the name or on behalf of the franchisor. A contract or agreement that is a franchise does not become a subfranchise merely because under its terms a person is granted the right to receive compensation for referrals to a franchisor or subfranchisor or to receive compensation for acting as a sales representative on their behalf [*Corp. Code § 31008.5*; see *Corp. Code § 31010* ("franchise" includes "subfranchise")]. A "subfranchisor" is any person to whom a subfranchise is granted [*Corp. Code § 31009*].

[6] Substantially Associated With Trademark or Other Commercial Symbol

To constitute a franchise, the operation of the franchisee's business must be substantially associated with the franchisor's commercial symbol, such as a trademark, service mark, trade name, or logotype. An agreement is not a franchise, even though it prescribes a detailed marketing plan or system for the operation of the business authorized by the plan, if that business is not substantially associated with a commercial symbol of the franchisor or the franchisor's affiliate. If a franchisee is granted the right to use a franchisor's symbol, that part of the franchise definition is satisfied even if the franchisee is not obligated to display the symbol [Commissioner of Corporations Release No. 3-F (revised 1994)].

Moreover, in line with the objective of the Franchise Investment Law, for the operation of the franchisee's business to be substantially associated with the symbol, it must be communicated to the customers of the franchisee. A commercial symbol that a supplier of goods or services only uses on its invoices or in its advertising to distributors, but that the supplier does not permit the distributors to show in dealing with their customers, is not in the eyes of the public substantially associated with the operation of the supplier. However, if the trademark is communicated to the supplier's customers, the appearance of a unified operation is established and it is immaterial whether the advertising containing the trademark is originated, distributed, or paid for by the supplier or by the distributor. In resolving the question whether there is a substantial association between the licensee's business and the licensor's commercial symbol, it is necessary to consider whether that commercial symbol is brought to the attention of the licensee's customers to such an extent that the customers regard the licensee's establishment as one in a chain identified with the licensor. Thus for example, the various manufacturing plants with which the franchisor entered into service contracts with, and that were later assigned to the franchisees, were considered "customers" of the franchisees. Since the franchisor communicated its name to these customers as a result of negotiating the service contracts and by being a named party to the service contracts, the franchisees' businesses were substantially associated with the commercial symbol of the franchisor [Commissioner of Corporations Release No. 3-F (revised 1994)].

[7] Franchise Fee

A "franchise fee" is any fee or charge that a franchisee or subfranchisor is required to pay or agrees to pay for the right to enter into a business under a franchise agreement, including, but not limited to, payments for those goods and services [*Corp. Code § 31011*]. However, the following are not considered to constitute the payment of a franchise fee [*Corp. Code § 31011*]:

- The purchase or agreement to purchase goods at a bona fide wholesale price if no obligation is imposed on the purchaser to purchase or pay for a quantity of goods in excess of that which a reasonable businessman normally would purchase by way of a starting inventory or supply or to maintain a going inventory or supply.
- The payment of a reasonable service charge to the issuer of a credit card by an establishment accepting or honoring that credit card.
- Amounts paid to a licensed trading stamp company [*see Bus. & Prof. Code § 17750 et seq.*] by a

person issuing trading stamps in connection with the retail sale of merchandise or service.

A franchise fee may be payable in a lump sum or in installments. The amount of the installment payments may be made to depend on gross receipts or net profits in the form of a royalty, or it may be charged on units of merchandise ordered or sold by the franchisee. Thus, the franchise fee may be contained in the price charged by the franchisor or an affiliate of the franchisor for goods or services supplied to the franchisee or in the rental fee payable by the franchisee for business premises or equipment rented from the franchisor or an affiliate of the franchisor [Commissioner of Corporations Release No. 3-F (revised 1994)].

The franchise law defines a franchise fee as a fee paid for the right to do business. A person is not a franchisee if the person does not invest anything in return for the right to enter into business with or for a so-called franchisor, makes no required contribution of capital, makes no unrecoverable investment in the so-called franchisor, is not required to purchase any inventory, is not required to purchase services from the so-called franchisor in order to become a dealer, and places none of his or her own funds, even the de minimis amounts required under the franchise law, at risk in exchange for a dealership. Ordinary business expenses paid during the course of business cannot be counted as a franchise fee [*Thueson v. U-Haul Int'l, Inc.* (2006) 144 Cal. App. 4th 664, 676, 50 Cal. Rptr. 3d 669] .

The Corporations Commissioner considers this statutory definition to be broad, including any fee or charge that a franchisee is required to pay or agrees to pay for the right to enter into a business under a franchise agreement. In accordance with this definition, any fee or charge that the franchisee is required to pay to the franchisor or an affiliate of the franchisor for the right to engage in business is a franchise fee regardless of the designation given to, or the form of, that payment. Whether or not a fee or charge is "required" and whether it is made "for the right to enter into a business," is a mixed question of fact and law [Commissioner of Corporations Release No. 3-F (revised 1994)].

The Corporations Commissioner's opinions have considered the following types of payments as constituting a "franchise fee" [Commissioner of Corporations Release No. 3-F (revised 1994) (citing individual opinions dealing with each of the following)]:

- Performance guarantee or deposit.
- Deposit of money.
- An initial or set-up fee.
- Fee for advertising.
- Nonrefundable bookkeeping charge.
- A payment for training and school expenses.
- Royalty or percentage of gross receipts.
- Charges for sales kits, brochures, programs, forms, decals, shirts, displays and announcements.
- Rental or lease fee.
- Payment for services, such as consulting or management fees.

§ 51.20 Nature of Franchising

A franchise is invariably granted as part of a package, reflecting the franchisor's business and designed to ensure the success of the franchisee's new outlet. Successful franchising is dependent on the existence of a salable product or service. As a rule, therefore, the salability of the product or service (both referred to in the text as product) is established before franchising is attempted. Salability normally is determined by market surveys and either the use of an outlet owned by the producer of the product, or distribution through regular trade channels, wholesalers and retailers, to the ultimate consumers. The franchise itself is typically granted for a period of years and renewed automatically for successive periods of the same duration. The franchise also is also typically limited to a specified geographical area.

Accompanying the franchise are both tangibles and intangibles that vary from company to company and with the nature of the business. The tangibles include inventory and supplies, such as office and promotional items, and may include equipment and even the site itself. Among the intangibles that a franchisor may provide are the following services:

- Location analysis and counsel.
- Store development aid, including lease negotiation.
- Store design and equipment purchasing.
- Initial employee and management training, and continuing management counsel and assistance.
- Advertising and merchandising counsel and assistance.
- Standardized procedures and operations.
- Centralized purchasing with consequent savings.
- Financial assistance in the establishment of the business.

In addition to providing location analysis and counsel, many franchisors insist on the right to approve the franchisee's site, recognizing the importance of location to the success of the business. Furthermore, a number of franchisors, particularly in the food business, prescribe the building design and furnishings because the franchisor has found a design with great appeal to the public.

In return for the franchisee's costs, a franchisee should expect, at a minimum, the following items:

- Home office training.
- Field training.
- Field back-up training.
- A continual flow of promotional business-getting material.
- The availability of a "trouble shooter" to help overcome special and recurring problems.
- Regional and national franchise clinics to make possible beneficial interchange of ideas, experiences, and viewpoints.
- Basic supplies including stationery, flow and control forms, signs, showcards, sales manuals, sales brochures, collection aids, and the like.

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

B. Franchise Agreements

21-51 California Legal Forms--Transaction Guide § 51.21

§ 51.21 Advantages and Disadvantages of Franchising

[1] Basic Considerations

To expand the number of outlets or points of distribution for goods or services, firms have two primary options: the creation of branch or chain operations or franchising independent dealer/distributors. There are four main considerations to be evaluated in determining whether franchising is the more desirable option.

[2] Flexibility and Control

The first factor is flexibility and control. The branch office system allows the firm a free hand to determine how expansion is financed, the setting of prices, the hiring of personnel, purchasing policies, and when unprofitable operations should be shut down or moved. A franchise operation provides little direct control over additional capital investment. Although under-financing could constitute grounds for terminating a franchise, this procedure could entail costly accounting, litigation, and delay. A franchisor also is limited in its power to impose pricing policies and to dictate the sources for the franchisee's supplies.

[3] Financial Considerations

The second factor involves financial considerations. Branch or chain outlets require a considerable capital outlay, including the acquisition of suitable space, the hiring of personnel, inventory storage, and the payment of applicable local taxes. Under a franchise system, these items of capital investment are borne by the franchisee, who must typically pay an annual fee or royalty for the privilege of exercising the franchise.

[4] Compliance With State and Local Laws

The third factor involves the responsibility for compliance with state and local laws. If a business is operated in several states through independent franchisees rather than through branch offices or outlets, the franchisee ordinarily is obligated to ensure that all sales taxes are collected and paid, that state wage and hour laws are observed, that employment taxes and payroll taxes are deducted and paid, and that all other laws relating to employee welfare are

obeyed. In a branch operation, the cost in terms of time and record keeping burdens entailed in meeting these obligations may make a business with a narrow profit margin uncompetitive with locally based independent outlets.

[5] Franchisor's Liability

The fourth factor involves the relative liability of the franchisor for acts of branch managers and franchisees. A branch manager is an agent of the company with authority to bind the company, at least with respect to acts within the scope of the manager's authority. The company may also be secondarily liable for the negligence of the manager in the course of performing his or her duties. Whether a franchisee is considered the agent of the franchisor turns on the degree of control the franchisor may exercise under the franchise agreement, and the extent to which the franchisor, either intentionally or through want of ordinary care, leads third persons to believe that the franchisor and the franchisee are part of the same business [see, e.g., *Kuchta v. Allied Builders Corp.* (1971) 21 Cal. App. 3d 541, 547-548, 98 Cal. Rptr. 588] .

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

B. Franchise Agreements

21-51 California Legal Forms--Transaction Guide § 51.22

§ 51.22 Trademark Protection

[1] Importance of Trademarks to Franchising

The existence of a trademark is indispensable to franchising. The FTC's compliance guide makes it clear that the Commission considers the franchisor's mark a crucial element of the franchise relationship. The Guide states that the Commission does not intend to cover package or product franchises in which no mark is involved. If a mark is not necessary to a particular distribution arrangement, the supplier may avoid coverage under the rule by expressly prohibiting the use of the mark by the distributor [Final Guide to Compliance With Franchising Rule 436.2]. Thus, the provisions of a distribution and dealership agreement between a petroleum marketer and a gasoline dealer authorizing the dealer to use the petroleum marketer's registered marks in the resale of gasoline were sufficient to constitute the relationship a franchise subject to the rule [Final Guide to Compliance With Franchising Rule 436.2].

[2] Restrictions Over Use

A trademark owner has a legal right to license or assign the use of the trademark [see 15 U.S.C. § 1060]. However, if the trademark owner has caused the mark to lose its significance as an indication of origin, either through acts of commission or omission, it may be found that the owner has abandoned the rights to the trademark [see 15 U.S.C. § 1127]. Purchaser motivation is not a test for determining whether a trade or service mark holder has abandoned the mark [15 U.S.C. § 1127]. In determining whether a registered mark has become a common descriptive name, the primary significance of the mark to the relevant public, rather than purchaser motivation, is the test. A registered mark will not be deemed a common descriptive name solely because it is also used as a name of or to identify a unique product or service [15 U.S.C. § 1064(3)].

Although a registered trademark may not be used in such a way as to restrain trade in violation of the federal antitrust laws [see 15 U.S.C. § 1115(b)], the trademark owner may legitimately control trademark licensees with respect to the nature and quality of the goods or services in connection with which the mark is used, and to see that the mark is not used in a manner as to deceive the public [see 15 U.S.C. §§ 1055, 1127]. Thus, the owner of a trademark has an affirmative duty to invoke some type of control on licensees to prevent loss of property rights under the trademark [see *Siegel v. Chicken Delight, Inc.* (9th Cir. 1971) 448 F.2d 43, 51, cert. denied, 405 U.S. 955 (1972)] .

For discussion of copyrights, see Ch. 103A, *Copyrights* . For detailed coverage of trademark protection, refer to Gilson on Trademarks (Matthew Bender).

[3] Controls Over Premises

A franchisor may require a particular physical layout of the franchise store premises in the interest of protecting the goodwill of the franchisor's trademark. The franchisor may specify design, color of paint, quality of materials, and uniform arrangement of equipment. The franchisor may require the use of distinctive symbols or architectural features, and the franchisor may specify the placement and size of those features and symbols. In addition, the franchisor may also set standards for maintenance of the premises. These requirements may be imposed by the franchise agreement without violating the antitrust laws [see *Susser v. Carvel Corp.* (2d Cir. 1964) 332 F.2d 505, 517] .

[4] Exclusive Trade Provisions

The establishment of exclusive territories in the protection of a trademark does not violate the antitrust laws. Further, a restriction barring the licensee of a trademark from using the licensor's specifications in the manufacture of products sold under another brand name does not violate the antitrust laws [see *Denison Mattress Factory v. Spring-Air Co.* (5th Cir. 1962) 308 F.2d 403, 409, 412] .

The antitrust laws do not require that the licensor of a trademark permit licensees to associate with that trademark other products that are unrelated to those customarily sold under the mark. Trademark licensing agreements requiring the sole use of the trademarked item are not in violation of the antitrust laws if they are reasonably necessary to the protection of the goodwill interest of the trademark owner [*Susser v. Carvel Corp.* (2d Cir. 1964) 332 F.2d 505, 517] .

PART II. LEGAL BACKGROUND

B. Franchise Agreements

21-51 California Legal Forms--Transaction Guide § 51.23

§ 51.23 Equipping the Franchise Premises

Depending on the amount and kind of equipment needed to operate a franchise, the franchisor may do any of the following:

- Require no special equipment or furnishings;
- Sell equipment and furnishings to the franchisee;
- Lease equipment; or
- Make arrangements for the franchisee to purchase or lease the equipment from one or more recommended suppliers [see § 51.24].

Traditionally, tying the purchase of equipment to the sale of a franchise was deemed a tie-in sale in violation of antitrust law. However, the courts now recognize that most franchisees want and expect equipment as part of a total franchise package. Thus, only when the franchisee is *coerced* into purchasing equipment does the issue of antitrust violation arise. If the franchisor has a sound business reason for requiring the franchisee to use certain equipment, a requirement that it be purchased from the franchisor or a specified supplier ordinarily will be upheld. If the equipment is not customized or otherwise tailored to the needs of the franchised business, the franchisor can avoid antitrust problems by listing the equipment needed, and the specifications required, but otherwise leaving the franchisee free to obtain the equipment from another source.

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

B. Franchise Agreements

21-51 California Legal Forms--Transaction Guide § 51.24

§ 51.24 Buying Restrictions Imposed on Franchisees

[1] Tying Arrangements

Franchise agreement requirements that the franchisee buy goods or services only from the franchisor ("tying arrangements") may be viewed as exclusionary conditions, violative of both Section 3 of the Clayton Act [15 U.S.C. § 14] and Section 1 of the Sherman Antitrust Act [15 U.S.C. § 1]. These arrangements may also be treated as unfair or deceptive trade practices under Section 5 of the Federal Trade Commission Act [15 U.S.C. § 45]. To establish that an unlawful tying arrangement exists, the following must be shown [see *Siegel v. Chicken Delight, Inc.* (9th Cir. 1971) 448 F.2d 43, 47] :

- That the scheme in question involves two distinct items and provides that one, the tying product, may not be obtained unless the other, the tied product, is also purchased;
- That the tying product possesses sufficient economic power appreciably to restrain competition in the tied product market; and
- That a not insubstantial amount of commerce is affected by the arrangement.

Until 2006, the fact of sufficient economic power could be presumed if the tying product was patented. The Supreme Court concluded, however, that the presumption cannot be supported in view of the patent law [*Ill. Tool Works, Inc. v. Indep. Ink, Inc.* (2006) 547 U.S. 28, 126 S. Ct. 1281, 1284, 1291, 164 L. Ed. 2d 26 (any conclusion that particular tying arrangement is unlawful must be supported by proof of power in relevant market rather than by mere presumption, whether or not tying product is patented)].

Legal justification may exist for certain types of tying arrangements. For example, a trademark licensor owes an affirmative duty to the public to ensure that the trademark continues to represent that which it purports to represent in the hands of licensees. However, restraint of trade in protection of the trademark can be justified only in the absence of less restrictive alternatives. Thus, the only situation in which the protection of the goodwill related to the trademark may

necessitate the use of tying clauses is when specifications for a substitute would be so detailed that they could not practicably be supplied. In most situations, mere specification of the type and quality of the product to be used in connection with the tying item is protection enough [see *Siegel v. Chicken Delight, Inc.* (9th Cir. 1971) 448 F.2d 43, 51] .

A tie-in that is instituted at the inception of a new business with a highly uncertain future will be viewed as reasonable and not in violation of the Sherman Antitrust Act for a limited period of time [see *United States v. Jerrold Electronics Corp.* (E.D. Pa. 1960) 187 F. Supp. 545, 557-558 , *aff'd*, 365 U.S. 567 (1961)] . A decision to tie the sale of one type of goods to the sale of another type of goods may also be reasonable when it can be shown that a sound business reason exists to do so. For example, if it is reasonable to tie the sale of equipment to a requirement that franchisees agree to a contract for the service and repair of that equipment, and the limited knowledge and instability of the equipment make specifications an impractical if not impossible alternative, a policy requiring the purchase of all components of the equipment from the franchisor would be viewed as legitimate under the Sherman Antitrust and the Clayton Act until the need for compulsory service contracts disappears and the need for the exclusive sale of complete systems is eliminated [see *United States v. Jerrold Electronics Corp.* (E.D. Pa. 1960) 187 F. Supp. 545, 560 , *aff'd*, 365 U.S. 567 (1961)] . When the franchise agreement prohibits the franchisee from using supplies from other sources that, in the franchisor's opinion, would not be suitable, and the franchisor's approval of supplies from other sources is not unreasonably withheld, the restraint will be viewed as legitimate [see *United States v. Jerrold Electronics Corp.* (E.D. Pa. 1960) 187 F. Supp. 545, 561-562 , *aff'd*, 365 U.S. 567 (1961)] .

A trademark may constitute a separate tying item if the trademark can be viewed as a separate and distinct product; an agreement granting a franchisee the right to use this type of trademark on the condition that the franchisee sell only the franchisor's products under the trademark can constitute an illegal tying arrangement. There are two functional categories of trademarks: (1) those that identify the source of a product; and (2) those that warrant a certain method of doing business and certain quality standards, in which case the franchisee does not pass on a branded product but actually prepares a product under the franchisor's standards. In the latter category, the trademark and the tied items (ingredients for the finished product) may be separate products. In the former category, the source trademark, the product, and the trademark are so inextricably interrelated in the mind of the consumer as to preclude any finding that the trademark is a separate item for tie-in purposes [*Hamro v. Shell Oil Co.* (9th Cir. 1982) 674 F.2d 784, 787, 788 ; see *Krehl v. Baskin-Robbins Ice Cream Co.* (9th Cir. 1982) 664 F.2d 1348, 1354] .

[2] Requirements for Purchases From Third Parties

Requirements imposed on franchisees that the franchisees make purchases of materials or services from third parties "sponsored" by the franchisor are viewed as illegal restraints on competition. Thus, if an agreement between a franchisor and a third-party supplier provides that the franchisor will assist the supplier in perfecting sales arrangements with its franchisees and then bolsters its agreement with threats and coercive practices directed towards its franchisees, the Federal Trade Commission is warranted in finding that the effect of the plan is as though the franchisor had agreed to require its franchisees to buy the supplier's products, and had indeed done so. The effect of such a plan is an unfair and illegal restraint on competition [*Atlantic Refining Co. v. Federal Trade Comm'n* (1965) 381 U.S. 357, 369-371, 85 S. Ct. 1498, 14 L. Ed. 2d 443] . In this situation, an unfair method of competition will be found if the franchisor has dominant economic power over its franchisees, the franchisor exercises that power in order to fulfill its agreement to sponsor the supplier's products, and anticompetitive effects result from the exercise of that power [see *FTC v. Texaco, Inc.* (1968) 393 U.S. 223, 226, 89 S. Ct. 429, 21 L. Ed. 2d 394] . Similarly, a requirement imposed on franchisees by the franchisor that they use the services of one of a number of specified third parties approved by the franchisor compels contracts in restraint of commerce in violation of the Sherman Antitrust Act [see *Arthur Murray, Inc. v. Reserve Plan, Inc.* (8th Cir. 1969) 406 F.2d 1138, 1143-1145] .

An exception to this general rule exists if protection of the goodwill embodied in a trademark is involved. Some quality control is essential for the protection of goodwill and required by law for a proper trademark licensing agreement [see

Susser v. Carvel Corp. (2d Cir. 1964) 332 F.2d 505, 515] . However, the only situation in which the protection of the trademark's goodwill may necessitate the use of tying clauses is when the specifications for a substitute for the tied product would be so detailed that they could not practicably be supplied [see *Standard Oil Co. v. United States* (1949) 337 U.S. 293, 306, 69 S. Ct. 1051, 93 L. Ed. 1371] .

PART II. LEGAL BACKGROUND

B. Franchise Agreements

21-51 California Legal Forms--Transaction Guide § 51.25

§ 51.25 Payments to Franchisor

A franchisor is typically compensated by one of the following four different methods or combinations:

- One sizable franchise charge payable at the time of grant of the franchise, without any royalties on the franchisee's sales and without any profit on supplies that the franchisor provides.
- A small franchise charge, plus royalties on the franchisee's sales.
- A smaller franchise charge, plus a profit on supplies that the franchisor furnishes.
- A smaller franchise charge, plus royalties on the franchisee's sales and a profit on the supplies that the franchisor provides.

The compensation to the franchisor, regardless of the method of payment, pays for the rights granted in the form of the franchise, at least those tangibles that the franchisor initially provides, and the intangibles provided throughout the duration of the franchise, including the renewal periods. The franchisor invariably charges for subsequent tangibles, either at approximate cost or cost plus some profit, as appropriate to the overall method of compensation. At the expiration of the initial franchise period, the franchise typically is renewed without charge, or at a minimal charge to apply toward payment of the record keeping costs.

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

B. Franchise Agreements

21-51 California Legal Forms--Transaction Guide § 51.26

§ 51.26 Termination and Nonrenewal

[1] Termination for Good Cause

Under the Franchise Relations Act [*Bus. & Prof. Code § 20000 et seq.*], a franchisor may not terminate a franchise before the expiration of its term except for good cause [*Bus. & Prof. Code § 20020*]. "Good cause" is not defined, but it does include breach of the franchise agreement, if not cured within a reasonable period after the franchisee is notified of the breach [*Bus. & Prof. Code § 20020*]. In addition, the Act specifies a number of occurrences that suffice to make immediate termination without opportunity to cure "reasonable" [*Bus. & Prof. Code § 20021*]. Presumably a "reasonable" termination will be deemed to have been based on good cause, but the Act fails to make this explicit. The specified events giving rise to reasonable termination include, among other things, the inability to continue operating the business, illegal conduct or conduct reflecting materially and unfavorably on the franchise system, repeated breaches of the franchise agreement, and failure to pay sums due to the franchisor within five days of receipt of a delinquency notice [*Bus. & Prof. Code § 20021*].

[2] Nonrenewal

A franchisor may not refuse to renew a franchise unless the franchisor provides the franchisee at least 180 days prior written notice of its intention not to renew; and one of the following grounds exists [*Bus. & Prof. Code § 20025*]:

- During the 180 days before the expiration of the franchise, the franchisor permits the franchisee to sell the business to a purchaser meeting the franchisor's then current requirements for granting new franchises, or, if the franchisor is not granting a significant number of new franchises, the then current requirements for granting renewal franchises.
- The refusal to renew is not for the purpose of converting the franchisee's business premises to operation by employees or agents of the franchisor for the franchisor's own account, except that a franchisor may exercise a right of first refusal to purchase the franchisee's business, and the franchisor agrees not to seek to enforce any covenant of the nonrenewed franchisee not to compete with the franchisor or the franchisor's other franchisees after the expiration of the franchise.

- The existence of grounds that would justify termination before expiration of the franchise [*see Bus. & Prof. Code §§ 20020, 20021; see also [1], above*].
- The franchisee and the franchisor agree not to renew the franchise.
- The franchisor withdraws from distributing its products or services through franchises in the geographic market served by the franchisee, provided that the following conditions are satisfied:
 - The franchisor agrees not to seek to enforce any covenant of the nonrenewed franchisee not to compete with the franchisor or the franchisor's other franchisees after the expiration of the franchise.
 - The failure to renew is not for the purpose of converting the business conducted by the franchisee pursuant to the franchise agreement to operation by employees or agents of the franchisor for that franchisor's own account.
 - If the franchisor determines to sell, transfer, or assign its interest in a marketing premises occupied by a franchisee whose franchise agreement is not renewed and (1) the franchisor, during the 180-day period after giving notice offers the franchisee a right of first refusal of at least 30 days duration of a bona fide offer, made by another to purchase the franchisor's interest in the premises; or (2) in the case of the sale, transfer, or assignment of the franchisor's interest in one or more other controlled marketing premises, the prospective transferee in good faith offers the franchisee a franchise on substantially the same terms and conditions currently being offered by that other person to other franchisees.
- The franchisee fails to agree to changes in the terms of the franchise that conform the agreement to the franchisor's current customary renewal franchises.

[3] Notice

Required notices of termination or nonrenewal must be in writing; and delivered personally, by registered, certified or other receipted mail, or by telegram. The notice must state the intention to terminate or not renew, the reasons for the action, and the effective date of termination, nonrenewal, or expiration [*Bus. & Prof. Code § 20030*].

[4] Inventory

Under the Franchise Relations Act, the only sanction expressly provided is a requirement that the franchisor terminating or failing to renew a franchise in violation of the Act must offer to repurchase the franchisee's resalable inventory meeting the franchisor's present standards that is required by the franchise agreement or commercial practice and held for use or sale in the franchised business. The price is the lower of the fair wholesale market value or the price paid by the franchisee. The franchisor is not liable for offering to purchase personalized items that have no value to the franchisor in the business that it franchises. [*Bus. & Prof. Code § 20035; see JRS Products, Inc. v. Matsushita Electric Corporation of America (2004) 115 Cal. App. 4th 168, 178, 8 Cal. Rptr. 3d 840 (repurchase of inventory is not exclusive remedy for wrongful termination of franchise pursuant to Bus. & Prof. Code § 20035); see discussion below*]. The franchisor may offset any sums owed the franchisor or its subsidiaries by the franchisee pursuant to the franchise or any ancillary agreement against the repurchase offer [*Bus. & Prof. Code § 20036*].

A franchisee may seek legal or equitable relief for termination or nonrenewal prohibited by the statute [*see Bus. & Prof.*

Code § 20037 (right to sue under any other law remains); *JRS Products, Inc. v. Matsushita Electric Corporation of America* (2004) 115 Cal. App. 4th 168, 178, 8 Cal. Rptr. 3d 840 (plaintiff could pursue breach of contract claim against franchisor for wrongful termination of franchise agreement, but compensatory and punitive damage awards for intentional interference with prospective economic advantage were not permissible); *Civ. Code § 1428* (obligation arising from operation of law enforceable in civil proceeding); *Palo Alto-Menlo Park Yellow Cab Co. v. Santa Clara County Transit Dist.* (1976) 65 Cal. App. 3d 121, 131, 135 Cal. Rptr. 192 (enforceability in law or equity of right created by statute which does not prescribe remedy)].

[5] Survivorship

Under the Franchise Relations Act, franchisors are prohibited from denying the surviving spouse, heirs, or estate of a deceased franchisee (or majority shareholder of the franchisee) the opportunity to participate in the ownership of a franchise for a reasonable time after the death of that person. During that period, the survivor must either satisfy all of the then current requirements for qualification as a purchaser or transfer the franchise to one who satisfies the then current standards for new franchisees, or sell, transfer, or assign the franchise to a person who satisfies the franchisor's then current standards for new franchisees. The survivor must maintain all standards and obligations of the franchise [*Bus. & Prof. Code § 20027(a)*]. This restriction, however, does not prohibit a franchisor from exercising its right of first refusal to buy the franchise after receipt of a good faith offer [*Bus. & Prof. Code § 20027(b)*]. The foregoing does not apply to bequests or intestate successions before January 1, 1984, or to any agreement in effect before that date except an agreement for an indefinite term [*Bus. & Prof. Code § 20027(c)*].

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

C. Specific Types of Franchises

21-51 California Legal Forms--Transaction Guide § 51.40

§ 51.40 Motor Vehicle Franchises

[1] Motor Vehicle Franchise Agreement

A "franchise" is a written agreement between two or more persons to which all of the following apply [*Veh. Code* § 331(a)]:

- The franchisee and franchisor have a commercial relationship of definite duration or continuing indefinite duration.
- The franchisee is granted the right to:
 - Offer for sale or lease, or to sell or lease, at retail, new motor vehicles or new trailers subject to identification [*see Veh. Code* § 5014.1] manufactured or distributed by the franchisor; or
 - The right to perform authorized warranty repairs and service; or
 - The right to perform any combination of these activities.
- The franchisee constitutes a component of the franchisor's distribution system.
- The operation of the franchisee's business is substantially associated with the franchisor's trademark, trade name, advertising, or other commercial symbol designating the franchisor.
- The operation of a portion of the franchisee's business is substantially reliant on the franchisor for a continued supply of new vehicles, parts, or accessories.

The term "franchise" does not include an agreement entered into by a manufacturer or distributor and a person if all the

following apply [*Veh. Code* § 331(b)]:

- The person is authorized to perform warranty repairs and service on vehicles manufactured or distributed by the manufacturer or distributor.
- The person is not a new motor vehicle dealer franchisee of the manufacturer or distributor.
- The person's repair and service facility is not located within the relevant market area of a new motor vehicle dealer franchisee of the manufacturer or distributor.

[2] Procedure for Terminating Existing Franchise

Veh. Code § 3060 *et seq.* regulate the termination, establishment, and relocation of motor vehicle dealership franchises and business dealings between a motor vehicle franchisor and its franchisees [*see Veh. Code* § 3062(e)(1) ("motor vehicle dealership" defined)]. Several distinct procedural steps must be followed before a franchisor may terminate or refuse to continue any existing franchise.

With respect to the termination of a franchise, the franchisor must give the franchisee and the New Motor Vehicle Board written notice of the termination, specifying the grounds for terminating or refusing to continue a franchise. Sixty days before the effective date of any proposed termination or refusal to continue the franchise, the franchisor must send a written notice to the franchisee and to the New Motor Vehicle Board stating the specific grounds for termination or refusal to continue [*Veh. Code* §§ 3060(a)(1)(A)]. The franchisor must send a second written notice to the franchisee and the Board 15 days before the effective date setting forth the specific grounds for termination or refusal to continue if due to any of the following [*Veh. Code* § 3060(a)(1)(B)]:

- Transfer of any ownership or interest in the franchise without the consent of the franchisor (which may not be unreasonably withheld).
- Misrepresentation by the franchisee in applying for the franchise.
- Insolvency of the franchisee, or filing of a petition for bankruptcy or receivership by or against the franchisee.
- Any unfair business practice by the franchisee after a written warning of the practice.
- Failure of the dealer to conduct its customary sales and service operations during its customary hours of business for seven consecutive business days, giving rise to a good faith belief on the part of the franchisor that the motor vehicle dealer is in fact going out of business, except for circumstances beyond the direct control of the dealer or by order of the department.

[3] Statutory Notice Requirements

When a written notice of termination is given by the franchisor, the first page of the notice must contain, in at least 12-point bold type and circumscribed by a line to segregate it from the rest of the text, one of two prescribed statements [*Veh. Code* § 3060(a)(1)(C)]. The 60-day notice of termination must contain the following statement [*Veh. Code* § 3060(a)(1)(C)]:

"NOTICE TO DEALER: You have the right to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing in which you may protest the termination of your franchise under provisions of the California Vehicle Code. You must file your protest with the board within 30

calendar days after receiving this notice or within 30 days after the end of any appeal procedure provided by the franchisor or your protest right will be waived."

The 15-day notice of termination must contain the following statement [*Veh. Code § 3060(a)(1)(C)*]:

"NOTICE TO DEALER: You have the right to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing in which you may protest the termination of your franchise under provisions of the California Vehicle Code. You must file your protest with the board within 10 calendar days after receiving this notice or within 10 days after the end of any appeal procedure provided by the franchisor or your protest appeal right will be waived."

[4] Filing Protest With Board

The franchisee may file a protest with the Board within 30 days after receiving a 60-day notice that satisfies the statutory notice requirements, or within 30 days after the end of any appeal procedure provided by the franchisor, or within 10 days after receiving a 15-day notice that satisfies the statutory notice requirements, or within 10 days after the end of any appeal procedure provided by the franchisor [*Veh. Code § 3060(a)(2)*]. The Board then must notify the franchisor that a timely protest has been filed, that a hearing is required, and that the franchisor may not terminate or refuse to continue until the Board makes its findings [*Veh. Code § 3060(a)(2)*]. In the absence of a protest, the franchisor cannot act until either the period for filing a protest has elapsed or the franchisor has received the consent of the franchisee to the termination or refusal to continue [*Veh. Code § 3060(a)(3)*].

One or more specific issues raised by a protest or petition filed with the Board may be resolved without a hearing if stipulated decisions and orders submitted by the parties are adopted by the Board [*Veh. Code § 3050.7(a)*]. Except for stipulated issues, the Board must conduct a hearing and find good cause for termination or refusal to continue [*Veh. Code § 3060(a)(2)*; see *Duarte & Witting, Inc. v. New Motor Vehicle Board* (2002) 104 Cal. App. 4th 626, 637, 128 Cal. Rptr. 2d 501 (Board had implied authority to dismiss protest when undisputed facts demonstrated good cause for franchise termination as matter of law)]. Guidelines for the Board are set forth in *Veh. Code § 3061*.

[5] Board's Jurisdiction to Modify or Replace Existing Franchises

The Board's jurisdiction also extends to the modification and replacement of existing franchises. A franchisor may not act to adversely affect a franchisee by modifying or replacing the franchise unless the Board and each affected franchisee is given written notice at least 60 days in advance of any action [*Veh. Code § 3060(b)(1)*]. When a written notice of modification or replacement is given by the franchisor, the first page of the notice must contain, in at least 12-point bold type and circumscribed by a line to segregate it from the rest of the text, the following statement [*Veh. Code § 3060(b)(2)*]:

"NOTICE TO DEALER: Your franchise agreement is being modified or replaced. If the modification or replacement will substantially affect your sales or service obligations or investment, you have the right to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing in which you may protest the proposed modification or replacement of your franchise under the provisions of the California Vehicle Code. You must file your protest with the board within 30 calendar days of your receipt of this notice or within 30 days after the end of any appeal procedure provided by the franchisor or your protest rights will be waived."

The franchisee may file a protest within 30 days of receipt of the notice satisfying the statutory requirements, or within 30 days after the end of any appeal procedure provided by the franchisor, thus staying the franchisor's acts until resolution of the protest by the Board [*Veh. Code § 3060(b)(1)*].

[6] Notification of Intent to Establish New Franchise or to Relocate Existing Franchise

An automobile franchisor must give written notice to the Board and all affected franchisees in a relevant market area [see *Veh. Code* § 507 (defining relevant market area as any area within 10-mile radius from site of potential new dealership)] in which the same line-make is then represented of its intention to establish an additional franchise, or to relocate an existing one representing the same line-make [*Veh. Code* § 3062(a)(1); see *Veh. Code* § 3062(a)(2) (rules for establishment or relocation of satellite warranty facility); see also *Veh. Code* § 3062(e)(2) ("satellite warranty facility" defined)]. For these purposes, the reopening of a dealership that has not been in operation for one year or more is considered to be the establishment of an additional motor vehicle dealership [*Veh. Code* § 3062(d)]. The written notice must contain, on the first page, in at least 12-point bold type and circumscribed by a line to segregate it from the rest of the text, the following statement [*Veh. Code* § 3062(a)(3)]:

"NOTICE TO DEALER: You have the right to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing on your protest under the terms of the California Vehicle Code if you oppose this action. You must file your protest with the board within 20 days of your receipt of this notice, or within 20 days after the end of any appeal procedure that is provided by us to you. If within this time you file with the board a request for additional time to file a protest, the board or its executive director, upon a showing of good cause, may grant you an additional 10 days to file a protest."

Within 20 days of receiving statutory notice, or within 20 days after the end of any appeal procedure provided by the franchisor, any franchisor required to be given notice may file a protest with the Board in order that a hearing may be held to determine whether good cause exists for not permitting the establishment or relocation of a franchise [*Veh. Code* § 3062(a)(1)]. This procedure has been held not to conflict with the Sherman Antitrust Act, even though it permits dealers to invoke state power for the purpose of restraining intrabrand competition [*New Motor Vehicle Bd. v. Orrin W. Fox Co.* (1978) 439 U.S. 96, 109-111, 99 S. Ct. 403, 58 L. Ed. 2d 361 ; see § 51.13]. The circumstances that the Board must consider in making its good-cause determination are listed in *Veh. Code* § 3063.

The duty of the franchisor to notify the Board and all affected franchisees about, and the right of other franchisees to protest, the modification or replacement of an existing franchise is subject to three exceptions [*Veh. Code* § 3062(b)]. The franchisor's duty to notify and the right of other franchisees to protest do not arise in the following situations [see *Veh. Code* § 3062(b), (c)]:

- When an existing dealership has been relocated both within the same city as, and within one mile from, its existing location.
- When a replacement for a dealership of the same line-make that has been out of operation for less than 90 days is established both within the same city and within one-quarter mile from the location of the dealership that is out of operation.
- When there is a display of vehicles at a fair, exposition, or similar event of less than 30 days duration and no sales are made.

[7] Compensation Schedule Requirement

Every franchisor must specify the delivery and preparation obligations of its franchisees before the delivery of new motor vehicles to retail buyers. The franchisor must file a copy of the delivery and preparation obligations (which constitute the franchisee's only responsibility for product liability between the franchisee and the franchisor but that do not in any way affect the franchisee's responsibility for product liability between the purchaser and either the franchisee or the franchisor) with the New Motor Vehicle Board [*Veh. Code* § 3064(a)]. The franchisee must give a copy of the delivery and preparation obligations to the purchaser on delivery of the vehicle, as well as a written certification that these obligations have been fulfilled [*Veh. Code* § 3064(b)].

The franchisor must also file a schedule of compensation to be paid franchisees for the required work and services with the board. The schedule of compensation must be reasonable. If the franchisee files a notice of protest with the board, the board must approve the reasonableness of the schedule. In determining the reasonableness of the schedules, the board must consider all relevant circumstances, including, but not limited to, the time required to perform each function that the dealer is obligated to perform and the appropriate labor rate [*Veh. Code § 3064(a)*; see *Veh. Code § 3066* (hearing)].

All claims made by franchisees for labor and parts must be paid within 30 days following the franchisor's approval. However, the failure to approve or pay within this time limit, in individual instances for reasons beyond the reasonable control of the franchisor, does not constitute a statutory violation [*Veh. Code § 3065(d)*].

[8] Warranty Reimbursement Schedule Requirement

Every franchisor must properly fulfill warranty agreements and adequately and fairly compensate each of its franchisees for labor and parts used to fulfill a warranty when the franchisee fulfills warranty obligations of repair and servicing. The franchisor must file a copy of its warranty reimbursement schedule or formula with the board. The warranty reimbursement schedule or formula must be reasonable with respect to the time and compensation allowed the franchisee for the warranty work and all other conditions of the obligation. The board will determine the reasonableness of the warranty reimbursement schedule or formula if a franchisee files a notice of protest with the board [*Veh. Code § 3065(a)*; see *Veh. Code § 3066* (hearing)].

All claims made by franchisees for warranty reimbursement must be approved or disapproved within 30 days after their receipt by the franchisor. Any claim not specifically disapproved in writing within the 30-day period are deemed approved on the 30th day. If the franchisor disapproves any claim, the franchisor must notify the franchisee in writing of the disapproval within the required period and state the specific grounds for disapproval. The franchisor must pay all approved claims within 30 days following approval. However, the failure to approve or pay within this time limit, in individual instances for reasons beyond the reasonable control of the franchisor, does not constitute a statutory violation [*Veh. Code § 3065(d)*].

The franchisor may conduct audits of a franchisee's warranty records on a reasonable basis, and for a period of 12 months after a claim is paid or credit issued. Franchisee claims for warranty compensation may not be disapproved except for good cause, such as performance of nonwarranty repairs, lack of material documentation, or fraud. Any chargeback to a franchisee for warranty parts or service compensation must be made within 90 days of the completion of the audit. If a false claim was submitted by a franchisee with intent to defraud the franchisor, a longer period for audit and any resulting chargeback may be permitted if the franchisor obtains an order from the board [*Veh. Code § 3065(e)*].

CHAPTER 51 FRANCHISE AGREEMENTS

PART II. LEGAL BACKGROUND

C. Specific Types of Franchises

21-51 California Legal Forms--Transaction Guide § 51.41

§ 51.41 Gasoline Distributor or Dealer Franchise

[1] In General

State and federal law each contain a number of provisions designed to protect franchisees distributing or retailing gasoline. These protections generally extend to agreements granting petroleum distributors or retailers the right to use trade names, as well as to leases of premises by refiners or distributors to distributors or retailers, for the sale of petroleum products [see *Bus. & Prof. Code* §§ 20999, 21140, 21150; 15 U.S.C. § 2801; see also *Forty-Niner Truck Plaza, Inc. v. Union Oil Co. of California* (1997) 58 Cal. App. 4th 1261, 1273, 68 Cal. Rptr. 2d 532 (Petroleum Marketing Practices Act as federal counterpart of California Act)]. The statutes governing petroleum franchises also generally apply to refiners, distributors, and retailers of "fuel," which is defined to include gasoline, diesel, gasohol, and aviation fuel [*Bus. & Prof. Code* §§ 20999(l), 21140(k), 21150(k)].

State law prohibits a franchisor from denying a current or prospective retail dealer the right of representation by counsel or other personal representative during negotiations on the terms of a franchise [*Bus. & Prof. Code* § 20999.2].

[2] Operating Restrictions

[a] Supplies

Notwithstanding the terms of any franchise agreement, a franchised gasoline dealer may purchase gasoline, diesel fuel, or gasohol from any available source if the franchisor is unable or refuses to supply the franchisee with the agreed on or contracted quantities of these fuels within 72 hours of the specified contract time, agreement, or request to deliver. Requests for deliveries of fuel may be telephoned to the franchisor; however, if the franchisee intends to seek fuel from another supplier under this statute because the franchisor is unable or refuses to supply, a request for fuel must be made in writing to a franchisor at least 48 hours before desired delivery. Once the notice has been given and the franchisor has failed to deliver, no further written request will be required from the franchisee until the franchisor notifies the franchisee in writing that the franchisor is prepared to deliver the contracted, agreed on, or requested quantities of fuel. Nondelivery due to accident, fire, theft, or other similar acts does not constitute inability or refusal to deliver. If the franchisee does procure and sell fuel from another source, the franchisee must prominently post the sign required by the

statute indicating that the fuel is from a source other than the franchisor. This provision shall not be construed to permit a franchisee to purchase more fuel than may be allowed by any federal statute or regulation [*Bus. & Prof. Code* § 21140.1].

With respect to other automotive accessories sold by the franchisee, such as tires, batteries, and motor oil, the franchisor is prohibited from tying these items to the other rights or products granted or supplied under the franchise agreement. A franchised retail gasoline dealer may sell any tires, batteries, motor oil, and other automotive accessories that may be available to him or her for retail sale [*Bus. & Prof. Code* § 21140.2].

The franchisor's executive officer, representative, or agent who negotiates any contract in violation of these rules, or who otherwise coerces a franchisee in violation of the Franchise Dealers Fair Practices Act will be subject to civil penalties [*Bus. & Prof. Code* § 21140.3] and to civil actions by injured persons [*Bus. & Prof. Code* § 21140.4]. In both types of actions, attorneys' fees and costs may be recovered [*Bus. & Prof. Code* §§ 21140.3, 21140.4]; if suit is brought by an injured person, treble damages are available [*Bus. & Prof. Code* § 21140.4].

[b] Operating Hours

A franchise agreement cannot require a franchised retail gasoline dealer to operate a service station during hours that are "not profitable" [*see Bus. & Prof. Code* § 21150.1(f)] to the franchisee, provided that the franchisee's hours of operation are for a continuing period of time [*Bus. & Prof. Code* § 21150.1(a)]. If the terms and conditions of the franchise agreement prescribe hours of operation that the franchisee determines in good faith to be unprofitable, the franchisee must notify the franchisor in writing of that determination and provide the franchisor with any documentation prepared or reviewed in connection with the determination [*Bus. & Prof. Code* § 21150.1(b)]. If the franchisor in good faith disagrees with the franchisee's determination, the franchisor may prepare its own documentation on the matter and then be reimbursed by the franchisee for the actual cost (up to \$300) incurred in preparing that documentation [*Bus. & Prof. Code* § 21150.1(c)]. Thereafter, if an agreement cannot be reached, the franchisor and franchisee must conduct arbitration in accordance with the rules of the American Arbitration Association, and the arbitrator's decision will be final [*Bus. & Prof. Code* § 21150.1(d)].

The franchisee may establish its own hours of operation without regard to the hours specified in the franchise if any of the following events occur in connection with the above-mentioned statutory procedure [*Bus. & Prof. Code* § 21150.1(e)]:

- The franchisor fails to notify the franchisee, within 15 days after receipt of the franchisee's notice, of its intent to prepare documentation;
- The franchisor fails to complete the documentation within 30 days after receipt of the franchisee's notice; or
- It is established that the operation of the service station is not profitable during the period or periods specified by the franchisee.

None of the above provisions dealing with hours of operation apply in the following instances [*Bus. & Prof. Code* § 21150.1(g)]:

- When different hours of business or operation are required under the franchisor's prime lease or license from any governmental entity, airport, parking, marine or port authority, shopping center, or any private investor not affiliated with or controlled by the franchisor;
- When the gasoline station is within one half mile access of any highway that is part of a California

freeway and expressway system, or, if there is no commercial property developed within the one half mile limit, then within a quarter mile beyond the first such development existing at any distance from such a highway entry or exit; or

- When the business is not primarily a gasoline station but sells gasoline incidentally to its business.

[3] Restrictions on Transfer

For franchise agreements entered into after January 1, 1981, there are also restrictions on a petroleum franchisor's ability to limit the franchisee's transfer of the franchise. Regardless of the terms of the franchise, the franchisor may only withhold consent to a sale, transfer, or assignment if the franchisor demonstrates in writing to the franchisee within 45 days of receiving the application or required paperwork from the potential buyer that the transferee fails to meet financial or experience requirements that the franchisor normally applies to prospective franchisees, or other requirements that are uniformly applied; or if the franchisee has not extended to the franchisor a written offer, good for 30 days, to sell, transfer, or assign the franchise to the franchisor on the same terms offered to the proposed transferee [*Bus. & Prof. Code § 21148(a)*]. In addition, regardless of the terms of the franchise, a franchisor may not withhold its consent to a sale, transfer, or assignment for purposes of diminishing the market value of the franchise [*Bus. & Prof. Code § 21148(b)*]. Furthermore, regardless of the terms of the franchise, a franchisor may not withhold its consent to a sale, transfer, or assignment because the prospective franchisee is of foreign origin or is non-English-speaking, as long as the prospective franchisee is able to adequately communicate with the franchisor and with the appropriate government agencies concerning matters of management, operations, environmental compliance, and public safety [*Bus. & Prof. Code § 21148(c)*]. In addition, the franchisor may not prohibit the transfer of the franchise to a corporation, if the franchisee has a controlling interest in the corporation and offers in writing to personally guarantee the corporation's performance of its obligations under the franchise [*Bus. & Prof. Code § 21149*].

[4] Termination and Nonrenewal

Under federal law, a franchisor may terminate an existing franchise only for specified reasons and by complying with various restrictions. The approved reasons basically amount to material breaches of the franchise by the franchisee or changes in circumstances that make termination reasonable [*15 U.S.C. § 2802*]. Moreover, a franchisor may only refuse to renew an expired franchise for one of these reasons or for certain other bona fide business reasons [*15 U.S.C. § 2802*]. The franchisor seeking to terminate or to refuse to renew a franchise must meet particular notification requirements [*15 U.S.C. §§ 2802, 2804*] and, in some cases, compensate the franchisee or offer the franchisee specified alternative opportunities [*15 U.S.C. § 2802(b)(2)(E)(iii), (3)(D)(iii), (d)*]. Under some conditions the franchisor may write the franchise agreement to create a trial franchise or an interim one, in which case nonrenewal is restricted only by notice requirements [*15 U.S.C. § 2803*].

Similar restrictions exist under state law [*Bus. & Prof. Code § 20999 et seq.*]. However, to the extent that a provision of the federal statute applies to the termination or nonrenewal of a franchise relationship, state provisions are preempted, except those that are "the same as" the applicable provisions of the federal law [*15 U.S.C. § 2806; see § 51.12*]. State restrictions on other aspects of the franchise relationship, of which California has several, are unaffected [*see 15 U.S.C. § 2806; 1978 U.S.C.C.A.N. 877, 900-901*].

The California statutory provision that gasoline dealer or petroleum distributor franchises may be terminated for "other legitimate reasons" [*see Bus. & Prof. Code § 20999.1*] is an obstacle to the accomplishment and execution of the purposes and objectives of the federal Petroleum Marketing Practices Act [*15 U.S.C. §§ 2801-2806*] and therefore is preempted by the federal statute [*see California ARCO Distributors, Inc. v. Atlantic Richfield Co. (1984) 158 Cal. App. 3d 349, 363, 204 Cal. Rptr. 743*]. The Petroleum Marketing Practices Act preempts state common law claims arising out of a petroleum franchise termination or nonrenewal [*Mobil Oil Corp. v. Superior Court (1987) 189 Cal. App. 3d 485, 488-489, 234 Cal. Rptr. 482*].

Under state law, good cause is required for "failure to renew" [*Bus. & Prof. Code* § 20999.1]. This term is defined to include a failure to reinstate, continue, or extend the franchise relationship [*Bus. & Prof. Code* § 20999(n)]:

- At the conclusion of the term or on the expiration date stated in the franchise agreement;
- At any time, in the case of a franchise that does not have a specific expiration date; or
- Following a termination on or after January 1, 1982, of a franchise that was entered into before that date and that was not renewed after that date (preexisting franchise agreements).

A franchisor that intends to withdraw from retail sales and distribution in California or in a standard metropolitan statistical area (as defined by the Office of Management and Budget) within California must promptly notify the Governor of its intention to withdraw, and must furnish a plan describing the schedule and conditions of the withdrawal [*Bus. & Prof. Code* § 20999.4].

[5] Franchisee's Right of First Refusal

In the case of leased marketing premises as to which the franchisor owns a fee interest, the franchisor may not sell, transfer, or assign its interest to another person without first either [*Bus. & Prof. Code* § 20999.25(a); *see* 15 U.S.C. § 2802(b)(2)(E)(iii); *see, e.g., Abraham & Sons Enterprises v. Equilon Enters., LLC* (2002) 292 F.3d 958, 963-964 (lessor gas companies violated *Bus. & Prof. Code* § 20999.25(a) by relinquishing title, possession, and control of gas stations to LLP without offering lessees chance to purchase stations; LLP was "another person" under statute, even though it was owned and controlled by gas companies, and oil companies' contribution of assets to LLP was "sale, transfer, or assignment" under statute)]:

- Making a bona fide offer to sell, transfer, or assign to the franchisee the franchisor's interest in the premises (other than signs displaying the franchisor's insignia and any other trademarked, service marked, copyrighted or patented items of the franchisor); or
- Offering the franchisee the right of first refusal of any bona fide offer acceptable to the franchisor from a third party to purchase the franchisor's interest in the premises.

For example, when oil companies contribute title, possession, and control of franchised gas stations to a limited liability company wholly owned by the oil companies, the contribution constitutes a "transfer to another person" under this statute; if the oil companies do not first offer to sell their fee interest in the leased marketing premises stations to the franchisee operators before the transfer, the transfer violates this statute [*Abraham & Sons Enters. v. Equilon Enters.* (9th Cir. 2002) 292 F.3d 958, 961-963 (noting that no California cases interpret phrase "sell, transfer, or assign to another person" and no cases interpret identical language in Petroleum Marketing Practices Act; rejecting argument that tax-free nature of transfer prevents transaction from constituting transfer)].

If the franchisor leases the franchise premises from a third party and notifies the franchisee of the termination or nonrenewal of the franchise by reason of the expiration of the franchisor's underlying lease, that is a lawful ground for the termination or nonrenewal [15 U.S.C. § 2802(b)(2)(C),(c)(4)], as long as the franchisor actually anticipates losing possession of the premises [*see, e.g., Mustang Mktg., Inc. v. Chevron Prods. Co.* (9th Cir. 2005) 406 F.3d 600, 609-610 (franchisor pretended to act in compliance with statute but actually manipulated negotiations with ground lessor and with franchisee so as to remove franchisee, and franchisor then made new ground lease for franchisor's own direct operation of service station)]. The franchisee has certain priority rights under both federal law and state law.

- Under federal law, the franchisor is required to offer to assign to the franchisee any option that the

franchisor has to extend the underlying lease or to purchase the premises [15 U.S.C. § 2802(c)(4)(B); e.g., *Mustang Mktg., Inc. v. Chevron Prods. Co.* (9th Cir. 2005) 406 F.3d 600, 607-608] .

■ Under state law, the franchisor, on request by the franchisee and subject to the franchisee purchasing or leasing the premises from the third party before the date of termination or nonrenewal set forth in the notice, must make a bona fide offer to sell the franchisee any interest that the franchisor has in the improvements on the property (other than signs displaying the franchisor's insignia and other proprietary items). The offer price may not exceed the greater of the fair market value of the improvements or their book value [Bus. & Prof. Code § 20999.25(b) ("book value" means actual cost less actual depreciation taken)]. If applicable, the franchisor must offer the franchisee a right of first refusal of any bona fide offer acceptable to the franchisor made by another to purchase the franchisor's interest in the improvements [Bus. & Prof. Code § 20999.25(b)].

However, nothing in Bus. & Prof. Code § 20999.25 may be deemed to require a franchisor to continue an existing franchise agreement, or to renew a franchise relationship, if not otherwise required by federal law [Bus. & Prof. Code § 20999.25(c)].

[6] No Termination on Franchisee's Death if Successor Properly Designated

An additional restriction on franchise termination provides that it is unlawful to include a provision terminating the agreement on the death of the franchisee if the franchisee, designates a successor in interest in a form prescribed by and delivered to the franchisor before death [Bus. & Prof. Code § 21140.6(a) (applicable on or after January 1, 1980); see Bus. & Prof. Code § 21140.6(c) (statute inapplicable to trial franchises as defined in the Petroleum Marketing Practices Act)]. A successor in interest may only be a surviving spouse or adult child of the franchisee, but the franchisee may designate a primary and one alternate successor in interest. Any successor in interest so designated must meet the reasonable qualifications then being required of dealers by the franchisor for the operation of service stations [Bus. & Prof. Code § 21140.6(b), (g)]. The statute permitting designation of a successor in interest by a franchisee contains detailed provisions concerning the successor in interest's election to operate the franchise [see Bus. & Prof. Code § 21140.6(d)]; the franchisee's obligation to deposit security with the franchisor [Bus. & Prof. Code 21140.6(e)]; the franchisor's election to operate the franchise prior to full assumption of franchise obligations by the successor [Bus. & Prof. Code § 21140.6(i), (j)]; and the requirement that the successor account to the heirs of the deceased [Bus. & Prof. Code § 21140.6(k)]. Except for the accounting provisions, all of the provisions affecting the designation of a successor in interest and the mutual obligations entailed by this procedure should be incorporated into the gasoline dealer franchise agreement.

§ 51.50 Taxation of Franchisors

[1] Basic Tax Classifications

[a] Categories

Traditionally, the tax consequences of the transfer of a franchise and the receipt of payments by a franchisor (or subfranchisor) from the transfer and franchise operations depend on which of the following classifications applies to the arrangement:

- A license rather than a sale;
- A sale of a capital asset; or
- A sale of a noncapital asset (sold in the ordinary course of business).

[b] License

If the transfer is treated as a license [*see* [2], *below*], then all payments for the franchise are treated as royalties and are taxable to the franchisor as ordinary income without any offset for basis. Specifically, the consequences are as follows:

- All payments are taxable and there is no deduction for the franchisor's basis, if any.
- There can be no deductible loss because there is no deduction for basis.
- The income is taxable at ordinary income tax rates.
- If the franchisor is a corporation, the receipt of royalties may cause the franchisor to be penalized as a personal holding company, or to lose the benefit of Subchapter S despite an S election, or to lose a loss deduction [*see I.R.C. § 1244*].

[c] Sale of Capital Asset

If the transfer is treated as a sale of a capital asset [see [3], *below*], then the franchisor will be entitled to capital gain treatment. The franchisor will treat the initial fee portion as capital gain, and be entitled to recover all or a portion of its basis. If the fixed fee portion is payable in installments, the franchisor will be entitled to installment sales treatment. The deferred payments may have to be discounted (and partially accounted for as ordinary interest income) if a below-market rate of interest applies or no interest accrues. Contingent payments will be treated as amounts received from the sale of a noncapital asset and treated as ordinary income or loss. Specifically, the consequences are as follows:

- The franchisor will recognize taxable income only to the extent that the amount realized from the sale exceeds the franchisor's basis in the sold franchise.
- If the franchisor's basis in the sold franchise exceeds the amount realized from the sale, the franchisor will be entitled to a loss deduction, which may or may not be currently usable.
- The taxable gain may be taxed at a lower tax rate. For individuals, the maximum tax rate applicable to long-term capital gain currently is 15 percent, significantly less than the 35 percent maximum rate that applies to ordinary income [I.R.C. § 1(a)-(e), (h), (i)(2)]; for corporations, the maximum tax rate applicable to long-term capital gain currently is 35 percent, which is equal to the maximum tax rate applicable to ordinary income [see I.R.C. § 1201].
- Losses generally are deductible, but only as capital losses, which are subject to limits on deductibility [see I.R.C. §§ 1211(a), (b), 1212(a), (b)].

[d] Sale of Noncapital Asset

If the transfer of a franchise is treated as a sale of a noncapital asset [see [3], *below*], then the franchisor will recognize gain equal to the excess of its amount realized over its basis, and the gain will be taxable as ordinary income. If the fixed fee portion is paid in installments, the franchisor will be entitled to installment sales treatment. Specifically, the consequences are as follows:

- The franchisor recognizes taxable income only to the extent its amount realized from the sale exceeds its basis in the sold franchise.
- If the franchisor's basis in the sold franchise exceeds its amount realized from the sale, the franchisor is entitled to a loss deduction.
- The taxable gain is taxed at ordinary income tax rates, not at the possibly preferential capital gain tax rates.
- Losses are currently deductible against ordinary income without limitation. If the sale of a franchise results in a tax loss, it is better tax-wise for the franchisor if the sale is treated as a sale of a noncapital asset rather than of a capital asset.

[2] Distinguishing Between License and Sale

Historically, it was quite difficult to characterize franchise transfers as sales or licenses. In general, the distinction between a sale and a license is that in the former the transferor vests the transferee with all substantial rights in the intangible property. However, courts have diverged sharply on the issue of how much must be transferred to qualify. In the franchising context, if a transfer is not treated for tax purposes as a sale, it will be treated as a license. Before the

adoption of *I.R.C. § 1253* [*I.R.C. § 1253*; see [e], *below*], no clear line existed between sales and licenses. Judicial decisions probably were dictated by the judge's visceral reaction to the franchisor's level of participation in the franchisee's business--whether the franchisor was acting only like a creditor trying to protect an interest that already exists, or acting as an owner trying to enlarge his or her interests.

The difficulty in distinguishing a sale from a license arises in particular in deferred payment sales of franchises. In this situation, the seller takes a security interest in the transferred assets and imposes conditions on the purchaser's operations to protect the security interest until the purchase price is fully paid. In addition, the nature of the franchise relationship usually results in the franchisor retaining controls over the franchisee's operations. The retention of an interest in the assets sold sometimes has been viewed by the courts as a transfer of less than the franchisor's entire interest and therefore not a sale.

Security interest restrictions have not precluded a "sale" from capital gains treatment in sales of trademarks, copyrights, and patents. Payment for the sale of these assets is generally extended over a period of time, and the seller requires a retained interest in the property to ensure payment. Cancellation provisions, such as the reservation of a right to terminate for the transferee's default or dissolution, bankruptcy, or receivership, are generally insufficient protection for the seller of a franchise since the deferred payment is not only extended but is also contingent on future sales. Similarly, a franchise involves a high degree of risk in its exploitation, which makes its value, before realization, extremely difficult to determine. A lump-sum sale price would have to be small to make it attractive to franchisees, but a low price would deprive the franchisor of a share in the profits from the successful exploitation of the franchise.

If the franchisor will receive periodic royalty payments, the franchisor typically retains the right to cancel the license if the franchisee files a bankruptcy petition or is adjudicated a bankrupt. Although these retained rights result in a franchisee receiving something less than outright ownership, the nature of the retained interest is a "condition subsequent" that does not preclude a transfer from being held a sale. Further, the retention of a right to cancel the license for failure to make the payments does not preclude capital gains treatment. However, some restrictions, such as requiring that records be kept, that payments be made, and that the franchise may be assigned only with the approval of the franchisor, are similar to conditions held consistent with the "sale" requirement in cases involving other intangible rights.

[3] Distinguishing Between Capital Assets and Noncapital Assets

To qualify for capital gain treatment, the transfer of property must qualify as (1) the sale or exchange of (2) a capital asset [*I.R.C. § 1221*] or a Section 1231 asset [*I.R.C. § 1231* (assets *used* in trade or business and capital assets *held* for more than one year and *held* in trade or business or transaction entered into for profit)]. In general, courts have held that a franchise is a capital asset [see, e.g., *Moberg v. Commissioner* (9th Cir. 1962) 310 F.2d 782]. However, if a franchisor or subfranchisor is held to be a dealer (in the business of selling franchises), the asset will be treated as inventory-type property and excluded from capital asset treatment [*I.R.C. § 1221(a)(1)* (property held primarily for sale to customers in ordinary course of trade of business)]. The proceeds from the sale of franchises by a dealer are ordinary income, and any losses on the sales are ordinary losses.

I.R.C. § 1253 provides that a transfer of a franchise, trademark, or trade name is not treated as a sale or exchange of a capital asset if the transferor retains sufficient any significant power, right, or continuing interest with respect to the subject matter of the franchise, trademark, or trade name [*I.R.C. § 1253(a)*; see [5], *below*].

[4] Determining Franchisor's Basis

If the transfer of a franchise is treated as a sale rather than as a license, the franchisor will be entitled to deduct its basis in the transferred franchise when it computes its taxable gain or loss.

When a franchisor sells an entire franchise it developed rather than purchased, the franchisor's basis equals all of its capitalized development cost. When a franchisor develops its own franchise and sells less than the whole franchise, it must equitably allocate its capitalized development costs.

When a franchisor purchases the franchise rights from another franchisor and then sells the entire franchise, the franchisor's basis will be the purchase price less any amortization it was entitled to deduct. If the franchise had a reasonably ascertainable useful life, the franchisor could amortize its purchase price so that its adjusted basis at any time could be less than its initial acquisition cost. If the franchisor is selling less than its entire franchise, it must equitably allocate its initial acquisition cost to the portion sold [see *Treas. Reg. § 1.61-6*].

[5] Application of I.R.C. § 1253

I.R.C. § 1253 provides for the tax treatment of both the transferor and the transferee of a franchise [see § 51.51]. For this purpose, "franchise" includes an agreement that gives one of the parties to the agreement the right to distribute, sell, or provide goods, services, or facilities within a specified area [*I.R.C. § 1253(b)(1)*]. With respect to the transferor of a franchise, *I.R.C. § 1253* determines whether any revenues, gain, or loss is treated as capital gain or loss, or as ordinary income or loss [see *I.R.C. § 1253*]. Under general tax principles, capital gain or loss treatment requires that the asset transferred must be a capital asset and the transfer must be a sale or exchange. Although *I.R.C. § 1253* codifies many general tax principles defining a sale; it does not codify the general tax principles defining a capital asset. Accordingly, if the asset transferred is not a capital asset, as determined under general tax principles, any income or loss will be taxable as ordinary and there is no need to refer to *I.R.C. § 1253* [see [2], [3], *above*].

The effect of *I.R.C. § 1253* generally is to eliminate capital gain treatment of any franchise or initial fee received on the grant of a franchise in the typical case. Because the heart of the franchise system is the trade name and the trademarks of the franchisor, and a franchisor is required by the Lanham Act and other consumer protection laws to prescribe and police standards of quality of products or services associated with the trademark to retain the trademark, the franchisor would put the trademark at risk to obtain capital gain treatment.

I.R.C. § 1253 provides that a transfer of a franchise, trademark, or trade name is not treated as a sale or exchange of a capital asset if the transferor retains sufficient any significant power, right, or continuing interest with respect to the subject matter of the franchise, trademark, or trade name [*I.R.C. § 1253(a)*]. The section provides a nonexclusive list of six retained rights resulting in the transferor having retained a significant power, right, or continuing interest for which capital gain treatment will be denied [*I.R.C. § 1253(b)(2)*]:

- A right to disapprove any assignment of all or any part of the transferred interest.
- A right to terminate at will.
- A right to prescribe the standards of quality of products used or sold, or of services furnished, and of the equipment and facilities used to promote those products or services.
- A right to require that the transferee sell or advertise only products or services of the transferor.
- A right to require that the transferee purchase substantially all supplies and equipment from the transferor.
- A right to payments contingent on the productivity, use, or disposition of the subject matter of the interest transferred, if the payments constitute a substantial element under the transfer agreement.

If a franchisor retains any one of these rights, the transfer is not treated as a sale and the franchisor's income is taxable

as ordinary income. A franchisor may be treated as retaining one or more of these rights even if the actual transfer agreement does not so state because the retention of the right might be implied in fact from the conduct of the parties.

[6] Contingent Payments Under I.R.C. § 1253

A franchisor typically grants a franchise in exchange for a fixed fee plus a continuing royalty [see § 51.25]. The continuing royalty is usually a percentage of sales, or some other measure of the franchisee's productivity. As such, the royalty constitutes a "contingent payment" and is entitled to special tax treatment. Amounts received or accrued on account of a transfer, sale, or other disposition of a franchise, trademark, or trade name that are contingent on the productivity, use, or disposition of the transferred franchise, trademark, or trade name are treated as amounts received or accrued from the sale or other disposition of property that is not a capital asset [I.R.C. § 1253(c)].

In the rare instances when a transfer qualifies as a sale, the franchisor is taxed as having sold a noncapital asset and may deduct its basis when determining its gain (or loss) with respect to the contingent payments, and the gain (or loss) is taxable as ordinary income (or loss). If the franchisor's disposition of the franchise is characterized as a license, then the contingent payments are taxable as royalties, entirely includible in ordinary income without any offset for basis.

Sometimes the initial fixed fee portion of the consideration for the franchise is not paid as a lump sum, but is paid over time in installments that are themselves contingent on the franchisee's sales or other measure of performance. Although these specific installments are contingent, they are not treated as "contingent payments" under I.R.C. § 1253.

§ 51.51 Taxation of Franchisees

[1] Overview

In the typical purchase of a franchise, the franchisee makes a lump-sum payment and agrees to make future periodic payments based on performance. Payments by the franchisee to the franchisor for a franchise are allowed as an offset against income at some time. The important question from the franchisee's point of view is the timing of the deduction. The payment will be either currently deducted, capitalized and eligible for amortization, or capitalized and not amortizable. Ordinarily, the most desirable tax consequence for the franchisee is for the payment to be currently deductible. A current deduction reduces ordinary taxable income in the current year and saves tax dollars at the earliest possible time.

If the payment is not currently deductible, it will be capitalized. If the payment is capitalized, it may or may not be amortizable. For a capitalized payment to be amortized, either the acquired franchise must have a limited and determinable useful life, it must qualify for special amortization treatment under *I.R.C. § 1253*, or it must qualify for amortization under *I.R.C. § 197*. If amortizable, the payment will be deducted from ordinary income in ratable portions over a period of years. Because the tax savings are partially deferred, the present value of the tax savings will be less than if the payment were entirely currently deductible. If a capitalized payment is not amortizable, the franchisee will not secure any tax benefit from the payment until the franchisee sells or abandons the franchise. Furthermore, the deduction at that time may be from capital gain rather than from ordinary income. If the tax rate applicable to capital gains is less than the tax rate applicable to ordinary income, a reduction in capital gain does not save as much tax money as a deduction from ordinary income.

The Revenue Reconciliation Act of 1993 amended *I.R.C. § 1253* and enacted new *I.R.C. § 197* [*I.R.C. §§ 197, 1253*]. These amendments, which simplify the tax treatment of payments made to acquire a franchise, apply to acquisition after August 10, 1993. By special election, a franchisee may rely upon these amendments for acquisitions made after July 25, 1991. Following these amendments, there are only two types of payments [*I.R.C. § 1253(d)*]: (1) contingent serial payments, and (2) all other payments, contingent or fixed [*see [2], [3], below*].

[2] Contingent Serial Payments

Contingent serial payments that are paid or incurred during the taxable year on account of a transfer, sale, or other disposition of a franchise, trademark, or trade name are deductible as a trade or business expense when paid or incurred [I.R.C. § 1253(d)(1)(A); see I.R.C. § 162(a); see also I.R.C. § 197(f)(4)(C)]. "Contingent serial payments" are amounts that are contingent on the productivity, use, or disposition of a franchise, trademark, or trade name that are payable at least annually throughout the entire term of the franchise agreement and that are payable under a fixed formula or are substantially equal in amount [I.R.C. § 1253(d)(1)(B)]. This rule applies regardless of whether a transfer is treated as a sale or as a license.

To determine the term of a transfer agreement, all renewal options, and any other period for which the parties reasonably expect the agreement to be renewed, must be taken into account [I.R.C. § 1253(d)(3)].

[3] Other Payments

Any amount paid or incurred during the taxable year on account of a transfer, sale, or other disposition of a franchise, trademark, or trade name that are not contingent serial payments [see [2], *above*] are treated as an amount chargeable to the capital account and must be capitalized [I.R.C. § 1253(d)(2)]. These payments, whether fixed or contingent, are amortized over 15 years [I.R.C. § 197(a), (d)(1)(F)]. This amortization is determined on a monthly basis, beginning with the month in which the franchise is acquired [I.R.C. § 197(a)].

A special rule applies to covenants not to compete (or other arrangement having substantially the same effect) [see I.R.C. § 197(d)(1)(E), (f)(1)(B)]. Amounts paid or incurred pursuant to a covenant or similar arrangement must be treated as an amount chargeable to the capital account [I.R.C. § 197(f)(3)]. However, the covenant or other arrangement cannot be treated as disposed of, or as becoming worthless, before the disposition of the entire interest in the trade or business to which the covenant relates [I.R.C. § 197(f)(1)(B)].

I.R.C. § 197, and its definition of intangible property, does not apply to a franchise to engage in professional football, basketball, baseball, or other professional sport, or to any item acquired in connection with the franchise [I.R.C. § 197(e)(7)].

[4] Investigation and Negotiation Costs

Before a prospective franchisee actually enters into a franchise agreement, the franchisee may incur expenses other than the actual cost of the franchise, including (1) the cost of exploring for and finding franchise opportunities; (2) the cost of investigating the value of the franchise; and (3) expenses incurred in negotiating the franchise agreement. Because these expenditures are incurred when the franchisee has not yet entered into the operation of the franchised business, a noncorporate taxpayer may not deduct these amounts as a trade or business deductions [see I.R.C. § 162]. However, a corporate taxpayer may take a Section 162 deduction when the search or investigation has been abandoned. Further, these costs may be deductible as losses [see I.R.C. § 165 (taxpayer must actually enter into transaction for profit)], or as depreciation allowances [see I.R.C. § 167].

Expenses incurred in the investigation or creation of a new business venture, as well as pre-opening expenses incurred before a trade or business begins, must ordinarily be capitalized unless the taxpayer properly elects to amortize the costs over a period of not less than 60 months [see I.R.C. § 248(a)]. If the interest is disposed of before the costs have been fully amortized, the unamortized expenses are deductible losses [see I.R.C. § 165]. However, if no franchise agreement is ultimately agreed to, there can be no depreciation deduction because no property has been brought into existence with a determinable useful life.

CHAPTER 51 FRANCHISE AGREEMENTS
PART II. LEGAL BACKGROUND
D. Tax Considerations

21-51 California Legal Forms--Transaction Guide § 51.52

§ 51.52 Estate Tax Considerations

[1] Use of Retirement Plans

As an individual franchisee ages, certain issues will become increasingly important, such as planning for retirement income security. Retirement plans defer an employee's recognition of taxable income until he or she actually receives the cash. Deferral is ordinarily desirable, because money that would have been paid in taxes can be invested and earn additional income. Further, the deferred income may be taxed at a lower tax rate. Types of retirement plans include:

- Deferred compensation plans [*see Treas. Reg. § 1.451-1(a)*; *see also I.R.C. § 3121(v)* (deferred compensation is subject to employment taxes, including old-age, survivors, and disability portions and Medicare portion in year of deferral)].
- Pension plans [*see I.R.C. §§ 402, 404, 501*; *see also I.R.C. §§ 410(a)(1), 411* (nondiscrimination rules permit exclusion of employees under 21 or with less than one year of service)].
- Profit-sharing plans [*see I.R.C. § 415(c)* (limitations)].

[2] Franchise Security Ownership Plan

A franchisor typically has a long-term commitment to and interest in its franchisees; a franchisor wants its franchisees to stay in business as long as possible, increase sales as much as possible, improve quality as much as possible, and pay their bills to the franchisor as promptly as possible. One way to motivate franchisees is to design an economic incentive program that rewards desired behavior and punishes undesired behavior. A franchise security ownership plan, referred to as a ZSOP or ZEESOP, is a nonqualified deferred compensation plan sponsored by a franchisor for the benefit of its franchisees. In a ZSOP, a franchisor contributes money to a trust in which the franchisee is beneficiary. A franchisor might contribute a portion of the franchise fee plus periodic payments depending on the franchisee's performance. For example, a franchisor might contribute a percentage of each bill paid by the franchisee, provided that the payment is received according to the terms of the franchise agreement. Alternatively, the contribution might take the form of a rebate of money paid to the franchisor by the franchisee, or simply a contribution out of the franchisor's general funds,

triggered by the franchisee's accomplishment of some standard.

The ZSOP trust fund is invested by the trustee in accordance with the fiduciary guidelines established by the trust document. Presumably, the trust will earn income or appreciate in value as a result of these investments. A ZSOP is useful because the accumulated funds are typically payable to the franchisee only at the end of a stated term, which might last several years. If the franchisee is somehow disqualified before the end of the term, all or a portion of the fund typically reverts to the franchisor. This forfeiture provision becomes increasingly compelling as the years pass and the fund grows, and keeps the franchisor's contributions from being taxable to the franchisee under the economic benefit doctrine. From a federal income tax standpoint, the franchisor's contributions to the trust are nondeductible at the time of the contributions. Correspondingly, franchisees do not recognize taxable income at that time either. Only when the funds become payable to the franchisee will the franchisee report income and the franchisor take a deduction. Because a ZSOP is a nonqualified plan, the income earned by the trust is currently taxable to the franchisor.

[3] Income-Splitting With Family Members

Splitting income with other members of the franchisee's family can save taxes. However, tax practitioners must be alert to three simple caveats

- First, the plan will not work with respect to children under 14 years of age because they will be taxed at their parent's marginal tax rate [see *I.R.C. § 1(g)*].
- Second, if the parent diverts so much income to the children that the parent does not adequately compensate himself or herself for services performed, the IRS may reallocate all or a portion of the children's taxable income back to the parent, and then treat the parent as having made taxable gifts to the children.
- Third, if the parent splits income by paying taxable compensation to the children, the parent may reduce the marginal income tax rate, but may create a liability for state and federal employment taxes.

The use of an S corporation [see Ch. 2B, *Electing Subchapter S Status*] or a family partnership or family limited liability company may be helpful in this regard. For further discussion, see Ch. 68A, *Using Family Limited Partnerships and Other Business Entities in Estate Planning* .

[4] Succession Planning

At some stage during the life of a franchise, the business owner may begin to plan for his or her succession, shifting control to other family members, unrelated managers, or key employees. The business owner may desire to vacation more or retire, or the owner may become disabled or die. However, the transfer of equity and eventually control has profound tax implications and will most likely require franchisor approval.

A business owner may want to provide managers and key employees with a compelling incentive to stay with the business. Transferring an equity interest affords the manager or key employee an opportunity to accumulate wealth. If the corporation issues stock to the manager, there is no taxable event. However, if the manager is permitted to acquire a limited equity interest, either without cost or at a price substantially less than fair market value, the employee recognizes ordinary taxable income equal to the amount of the bargain [*I.R.C. § 83(a)*]. The corporation is entitled to a corresponding deduction [*I.R.C. §§ 83(h), 162*].

A manager's receipt of stock typically is subject to restrictions that further bind the manager to the company. For example, the manager might be required to forfeit the stock if the employment terminates before a certain date. Such a transfer restriction, referred to as a substantial risk of forfeiture [see *I.R.C. § 83(c)(1)* (definition)], profoundly affects

the tax consequences to the employee and to the corporation. In this situation, the taxable event does not occur until the risk of forfeiture or restriction on transfer ends [see *I.R.C. § 83(a)*]. Although deferral normally favors taxpayers, deferral in this situation can prove disastrous: the amount of the bargain (taxable as ordinary income) is determined at the time the risk of forfeiture ends, presumably with built-in appreciation. However, the manager or employee may make a "Section 83(b) election" on receipt of the stock. If the election is properly made, the taxable event occurs at that time, and not at some later date when the risk of forfeiture or restriction on transfer terminate. If the property is subsequently forfeited, no deduction is allowed in respect of that forfeiture [*I.R.C. § 83(b)*].

Another method to entice a key manager is to issue incentive stock options. A stock option permits the holder to choose to buy stock at a later date, typically at a time when the holder knows whether or not the purchase price is a bargain. The key advantage of an option over an outright transfer of stock is that the employee does not have to risk money to purchase the stock before he or she knows how the company will perform. For tax purposes, there are two different kinds of stock options: an incentive stock option, that is, one that meets certain statutory qualifications and entitles its holder to certain tax benefits [see *I.R.C. § 422*] and a nonstatutory stock option, which refers to any stock option not qualifying as an incentive stock option.

A franchisee might also seek to retain and motivate key personnel by recapitalizing and issuing common stock to the key employees. However, this plan can result in gift tax liability if the stock is issued to the franchisee's family members.

[5] Reducing Estate Tax Liability

At some point a business owner begins to anticipate his or her own death and starts analyzing the after-tax position not only with respect to income taxes, but with an eye toward reducing estate tax liability. The business owner will be concerned about what will happen to his or her equity interest at death, as well as about how the estate taxes will be paid. Although these issues are not unique to franchisees, but are relevant to every owner of a successful business, these issues are often complicated by the fact that a franchisee is constrained by a franchise agreement and the enforceable interests of a franchisor.

With advance planning, a franchisee can reduce federal estate taxes payable at death and increase the portion of the overall estate transferable to members of the franchisee's family. Appropriate methods of reducing the taxable estate include the taking of minority discounts, the selection of a valuation date, the use of a buy-sell agreement, the implementation of a recapitalization, the creation of a family business, the sale of a remainder interest, the payment of compensation and the making of gifts, and the use of the marital deduction and the unified credit. For further discussion, including the prospective repeal of the federal estate tax and the effect of that repeal on estate planning, see Ch. 60, *Estate Planning*, and Ch. 68A, *Using Family Limited Partnerships and Other Business Entities in Estate Planning*.

[6] Deferring Payment of Estate Taxes

If the value of an interest in a closely held business exceeds 35 percent of the adjusted gross estate of a decedent, the executor may elect to pay part of the estate tax in as many as ten equal annual installments [*I.R.C. § 6166(a)(1)*], beginning as many as five years after the due date for the filing of the estate tax return, and subject to a below-market interest rate [*I.R.C. §§ 6166(a)(3), 6601(j)*]. The maximum percentage of the estate tax liability that may be deferred equals the ratio of the value of the closely held interest to the amount of the adjusted gross estate [*I.R.C. § 6166(a)(2)*]. For further discussion, see Ch. 68A, *Using Family Limited Partnerships and Other Business Entities in Estate Planning*.

CHAPTER 51 FRANCHISE AGREEMENTS

PART III. TRANSACTION GUIDE

B. Preliminary Determinations

21-51 California Legal Forms--Transaction Guide § 51.110

§ 51.110 Franchisor's Preliminary Determinations

1. Evaluate advantages and disadvantages of franchising from business owner's viewpoint:

- a. Business owner has greater flexibility and control over branch outlet rather than franchise.
- b. Business owner faces less capital outlay for franchise rather than branch outlet.
- c. Business owner is responsible for branch outlet's compliance with state and local laws while franchisee is typically responsible for these matters.
- d. Business owner is more likely to be held liable for branch outlet manager's actions than those of franchisee.

NOTE:

The degree to which a franchisor will be held liable for the acts of a franchisee turns on whether the franchisee is determined to be an agent of the franchisor. This determination turns on the degree of control that the franchisor may exercise over the franchisee and whether the franchisor has intentionally or negligently led third parties to believe that the franchisor and franchisee are part of the same business.

- e. Potential for expanding distribution network through outside investment.
- f. Reducing increasing costs of employee fringe benefits.

NOTE:

The costs of fringe benefits for employees, including such mandated costs as social security,

unemployment insurance, and workers' compensation, typically reach over 25 percent of payroll. Franchising is one method by which employers can avoid adding new employees or share their cost.

2. Determine whether franchisor should restrict franchisee's form of business organization [*see also* P 3, *below*]:

NOTE:

Of primary concern in this determination is whether the franchisee will require sufficient amounts of working capital and personal skills and supervision that the franchisee should be an entity other than a sole proprietorship, such as a partnership, limited liability company, or corporation.

a. Sole proprietor.

(1) Determine whether franchisee can be permitted to form and operate as sole proprietorship within goals of franchise.

(2) Determine whether arrangement depends on franchisee's personal skill and ability.

(3) Determine whether arrangement depends on franchisee being personally liable for business debts.

b. General or limited partnership.

NOTE:

If the franchisee will be a partnership, the franchisor might want to bargain for veto power over new general or limited partners or the right to terminate franchise on any change in controlling partners. Counsel should evaluate the allocation of liability for the franchise business whenever an entity has participants with limited liability.

c. Limited liability company.

NOTE:

If the franchisee will be a limited liability company, the franchisor might want to bargain for veto power over new members or managing members or the right to terminate the franchise on any change in controlling members. Counsel should evaluate the allocation of liability for the franchise business whenever an entity has participants with limited liability.

d. Corporation or S corporation.

NOTE:

If the franchisee will be a corporation, the franchisor might want to bargain for the right to restrict stock ownership. Counsel should evaluate the allocation of liability for the franchise business whenever an entity has participants with limited liability.

3. Determine whether franchisor should require franchisee to devote entire time and skill to franchise operation.

a. Determine whether arrangement depends on franchisee's personal skill and ability.

b. Determine whether arrangement depends franchisee being personally liable for business debts.

4. Determine whether grant of license to use franchisor's patents, trademarks, service marks, trade names, copyrights,

and other indicia should be:

- a. Limited as to time, subject to automatic or other renewal, or limited simply to duration of franchise agreement.
- b. If patent, should patent be accompanied by license to manufacture or assemble patented item or items.

5. Determine what controls franchisor should exercise over franchisees to ensure uniform quality of product or service rendered by franchisees to protect franchisor's trademark rights and whether agreement should include provisions covering or governing any of following:

- a. Site selection by franchisor.
- b. Appearance of franchised premises and the size, color, and placement of franchisor's trademark or trade name.
- c. Hours of franchise establishment operation to ensure uniformity of service to public, while clarifying that franchisee is independent contractor not agent or employee.
- d. Type and quality of merchandise or services to be sold, to ensure identity of franchisor's indicia with franchisor's products or services.
- e. Sources of franchisee's supply to protect secret formulae and maintain quality.
- f. Franchisee's bookkeeping procedures, to facilitate uniform reporting of receipts and profits for computation of royalties and orderly record keeping.
- g. Standards to be made applicable to franchisee's employees, including minimum standards of service (e.g., politeness, courteousness, efficiency, etc.) and dress or uniform.

6. Determine whether initial franchise fee should be uniform for all franchisees, negotiable for each franchisee, or varied on basis of market analysis of territory involved.

NOTE:

For discussion of the federal tax implications of the treatment of income from the transfer of a franchise trademark or trade name [*see* I.R.C. § 1253], and the methods of accounting for initial fee income, see Glickman, Franchising, Ch. 9, *Considerations in Developing the Agreement*, § 9.03[4][a] (Matthew Bender).

7. Determine structure of royalty provisions of agreement:

- a. Whether royalty should be paid fortnightly, monthly, or annually.
- b. Whether royalty should be set amount or percentage of gross or net income.
- c. Whether record keeping and reporting should be required in conjunction with royalties.

8. Determine whether franchise agreement should address following matters:

- a. Deposits to be made with orders, or as consideration for future orders, for goods from franchisor:

(1) Whether agreement should provide for refund of deposit as credit against purchases.

(2) Whether portion of deposit will be forfeited if franchisee fails to make requisite number of purchases.

b. Payments for supplies or services furnished by franchisor, including whether agreement should provide for separate ordering and billing.

c. Payment for equipment furnished by franchisor and whether equipment should be sold or leased.

d. Payment for inventory manufactured by franchisor and delivered to franchisees, and whether inventory should be sold on consignment or financed.

e. Payment for administrative services provided by franchisor, including accounting services, business advice, site inspection, and quality control.

f. Payment for advertising and promotion expenses.

9. Determine whether agreement should require franchisees to maintain specific level of working capital.

10. Determine whether franchisee should be required to purchase or lease suitable premises and, if leased, whether franchisor should purchase property and lease or sublease to franchisees.

11. Determine amount and types of insurance franchisees should be required to carry:

a. Whether franchise agreement should include provisions indemnifying franchisor.

b. Whether franchisee should be required to obtain and retain insurance naming franchisor as additional insured.

12. Determine whether agreement should include dispute settlement provisions and, if so, whether agreement should include arbitration procedures covering following matters [see §§ 51.210[2], Section 8.03, 51.250[2]]:

a. Nature of disputes to be arbitrated.

b. Procedures required before arbitration.

c. Selection and qualifications of arbitrators.

d. Location where arbitration proceedings will be held.

e. Allocation to parties of expenses of arbitration.

f. Whether arbitrator's award is final and binding.

g. Whether award is judicially enforceable and, if so, in which court.

13. Determine events that agreement should specify as cause for termination of agreement, including any of following:

NOTE:

The following list is of general applicability to franchise agreements. However, in the case of automobile franchises and gasoline dealer franchises, California has imposed certain limitations on the grounds for termination and granted franchisees remedies for the franchisor's failure to observe these limitations. See the discussion in §§ 51.40, 51.41[4]-[6].

- a. Voluntary termination by franchisee.
 - b. Termination on incapacity, insolvency, or death of franchisee.
 - c. Termination on mutual agreement of parties.
 - d. Termination on occurrence of specified events constituting default, identifying particular events and elements of proof required before actual termination.
14. Determine whether agreement should permit or prohibit assignment of franchise by franchisee.
15. Determine whether trade secrets of franchisor will be adequately protected by requiring return of documents (i.e., customer lists and secret formulae) or whether further protection, in form of covenant not to compete for limited time in limited area following termination, will be necessary.

CHAPTER 51 FRANCHISE AGREEMENTS

PART III. TRANSACTION GUIDE

B. Preliminary Determinations

21-51 California Legal Forms--Transaction Guide § 51.111

§ 51.111 Franchisee's Preliminary Determinations

1. Determine if client fully understands nature of franchise arrangement.

NOTE:

Franchising is a method of expanding and financing a business and delivering goods and services. It has enabled a large number of companies to achieve national and even international trademark and trade name recognition within a short time and with little outlay of their own capital. At the same time, franchising has enabled innumerable individuals with little capital to achieve independent businessman status under the guidance of an experienced company and backed by the reputation of a well-known product or trade name. A franchise arrangement typically allows for relatively independent business ownership and a larger defined market than might otherwise be available at an early stage. However, this advantage is subject to numerous trade-offs, primarily the lack of flexibility in business operations.

2. Identify advantages of franchise arrangement:

- a. Business and financial expertise.
- b. Market and product analysis and experience.
- c. Additional sources of capital.
- d. Name recognition for product or service.
- e. Initial and ongoing training.

f. Supplies.

3. Identify disadvantages of franchise arrangement:

- a. Initial capital outlay may be higher than independent business.
- b. Payment of annual fee or royalty for privilege of exercising franchise.
- c. Business and market restrictions.
- d. Ongoing capital requirements for advertising, training expenses, required amounts and types of insurance.
- e. Less control over business [*see* P 13, *below*].

4. If not restricted by franchise offering, select form of franchise business entity, considering following:

NOTE:

Although the form of business entity selected will not ensure the ultimate economic success or failure of the business, the form may greatly facilitate or hinder operations and substantially influence the amount of net profit ultimately accruing to the beneficial owners of the enterprise. Therefore, it is critical to determine which form of business organization is most suitable for the particular business and its owner. Tax factors may be determinative. For federal income tax purposes, there are only two basic types of business organization: the partnership and the corporation. Regardless of their differences for nontax purposes, associations, joint stock companies, and insurance companies are all taxed as corporations. Practically all other types of business organizations outside the sole proprietorship, including syndicates, groups, pools, joint ventures, limited liability companies, and any organization that is not an association, are taxed as partnerships. For further discussion, see Ch. 1B, *Selecting Form of Business Entity*.

a. Is it more advantageous if income is earned by corporation, rather than by franchisee as individual or partner?

NOTE:

A corporation is an entity distinct from its shareholders and is subject to state and federal taxation. Items of gain and deduction are determined at the corporate level and reported on the corporate income tax return. Any corporate income distributed to the shareholders is taxed a second time as dividend income to them. Items of income and deduction are subject to special disallowance and deferral rules.

An S corporation is an entity distinct from its shareholders and is exempt from federal income taxation. S corporate status must be elected. The election allows items of gain and deduction to be passed through to the shareholders and taxation occurs at this level. In this respect, the S corporation resembles a partnership. Specific statutory requirements must be met in order to qualify for S corporation status [*see* Ch. 2B, *Electing Subchapter S Status*].

A general partnership is a tax-reporting entity distinct from its individual partners. While

the venture's items of gain and deduction are determined at the partnership level, the partnership itself is not subject to federal taxation. Each partner is required to report a portion of these items of gain and deduction on the partner's personal income tax return based on the interest in the partnership. Special rules require adjustments to a partner's interest in a partnership to reflect the initial contribution of property to the partnership; any assumption of partnership liabilities; and distributions received from the partnership.

Limited partnerships are taxed in the same way as a general partnership. The limited partnership form of organization allows investors to contribute capital to a business venture without incurring unlimited liability. One of the most important differences among the states' limited partnership statutes is the extent to which they permit an investor to participate in management without forfeiting his limited liability. A limited partnership will be taxable as a partnership unless it elects to be taxable as a corporation.

Limited liability companies (LLCs) are unincorporated business entities that provide the limited liability of a corporation and the tax advantages of a partnership. Unless it elects otherwise, an LLC is treated as a partnership for federal tax purposes. For discussion, see *Ch. 12C, Limited Liability Companies*, § 12C.50.

b. Will capital gains constitute significant part of business' income and can franchisee use capital gains to offset capital losses or otherwise to reduce tax?

c. What types of deductions may business take in computing its taxable income, and can deductions be timed to secure maximum tax advantage?

d. Will particular form of business organization secure tax-related benefits not otherwise obtainable through another form of operation?

e. If franchisee has substantial income from other sources and reasonably anticipates that new franchise venture will show loss in early development stages, would it be tax wise to start franchised business as sole proprietorship to give franchisee tax benefit of losses?

NOTE:

When a sole proprietor sells a business, each asset is treated individually, and the gain or loss is capital or ordinary, depending on the nature of the individual item. Sole proprietorships cannot allocate income and expenses because income and expenses automatically belong to the sole proprietor.

5. Determine franchisor's financial and business background by analyzing franchisor's capitalization, financing, and affiliations and franchisor's personnel:

NOTE:

An attorney representing a prospective franchisee needs to investigate the prospective franchisor. Counsel should analyze the economic and legal aspects of the franchise offering, comparing different business opportunities and evaluating financing potential. The economic analysis should estimate initial, continuing, and operating costs, including royalty payments and the franchisor's costs of advertising and administrative services; revenue sources; controls that might limit business profits; and termination provisions that might limit the recoupment of investment costs.

- a. Examine Dun and Bradstreet or financial report.
- b. Analyze franchisor's disclosures [*see* Ch. 51A, *Franchise Registration*].
- c. Determine from local Better Business Bureau, Chamber of Commerce, or industry sources, whether reports or complaints have been made with respect to franchisor.

6. Determine litigation background of franchisor and franchisor's personnel.

NOTE:

This background must be disclosed by the franchisor to prospective franchisees [*see* Ch. 51A, *Franchise Registration*]. This information may be confirmed by references to state and federal court litigation indices, the Federal Trade Commission's case indices, and state and local consumer protection agencies.

7. Determine whether any of franchisor's other franchisees have failed and, if so, why.

8. Determine whether other franchisees have encountered problems:

- a. Nature of problem, e.g. conflict with franchisor or litigation with third parties.
- b. Method of resolving problems, including whether franchisor assisted or hindered resolution of issues.

9. Determine from nonfranchised businesses furnishing similar products or services whether franchisor's charges and terms are reasonable or economically suitable.

10. Determine initial costs to franchisee.

- a. Estimate costs related to starting business.
- b. Estimate costs related to starting franchise.

11. Estimate volume of business franchisee would have to obtain to break even.

NOTE:

If the franchisor makes earnings claims for typical franchisees or for a particular franchise area, the bases for such claims must be disclosed to the prospective franchisee [*see* Ch. 51A, *Franchise Registration*]. If the franchisor furnishes projections of cost, volume, and anticipated profits at various volume levels, these projections must be analyzed from the standpoint of how realistic they are for the specific area under consideration.

12. Determine percentage of profit that may be reasonably anticipated, based on initial and recurring costs, including royalties based on gross income.

- a. As percentage of sales.
- b. As percentage of capital investment (to enable franchisee to compare forms of investment).

13. Determine whether franchisor will provide sufficient guidance and training to enable franchisee to succeed, given level of the franchisee's knowledge and experience.

14. Determine practical effect that following controls will have on franchisee, as well as any antitrust implications.

- a. Limitations on business site.
- b. Limitations on form of franchisee's business organization.
- c. Requirements for purchase of supplies and equipment from specified parties.
- d. Limitations on products or services that franchisee may sell.
- e. Imposition of sales quotas.
- f. Price suggestions.
- g. Uniform bookkeeping requirements.
- h. Restrictions on sale, lease, or assignment of franchise.

15. Determine effect of termination provisions of franchise agreement.

- a. Determine causes for which franchisor may terminate agreement.
- b. If failure of franchisee to meet stated quotas can cause termination, determine whether provision is fair and flexible.

NOTE:

This analysis requires a determination as to whether the quota is fixed or subject to variation based on economic and other conditions, the time within which quotas must be met, whether the time limits are themselves flexible, and whether failure to meet the quota may be excused for reasons beyond the franchisee's control.

- c. Determine whether any breach, no matter how minor, can be cause for termination, or whether only specified major breaches constitute cause for termination.
- d. Determine whether termination provision permits franchisee to cure any breach following notice by franchisor.
- e. Determine whether agreement provides for arbitration of termination disputes.

16. Determine whether agreement permits franchisee to terminate agreement.

- a. Whether franchisee may transfer franchise to reasonably satisfactory substitute.
- b. Whether franchisee is required to return franchise to franchisor for reasonable price.

17. Determine whether agreement provides for incapacity, death, or bankruptcy of franchisee, such as whether agreement permits heirs to inherit or provides for reasonable buy-out by franchisor.

18. Determine whether agreement provides reasonable terms for windup of business on termination.

NOTE:

This determination requires inquiry into whether the franchisee will be permitted to return unused merchandise; whether the franchisor agrees to assist in disposing of premises, equipment, and supplies; whether the franchisee will be permitted to retain the premises and use them for other business; and, if the franchisor is to repurchase the business, whether the agreement contains a fair formula for determining the price and a method of settling price disputes.

19. Determine effect of any covenant not to compete.
20. Determine economic effect of separate agreements (e.g., premise leases or supply contracts) executed concurrently with franchise agreements.
21. Determine whether any discrepancies exist between written agreement or agreements and prospective franchisee's understanding of any oral agreements that may have been made in amplification or supplementation of written documentation.
22. If agreement refers to franchisor's manual, determine whether manual materially changes or expands provisions set forth in agreement.
23. Determine effect of antitrust and business protection laws of state whose law governs interpretation of agreement.
24. Determine whether franchisor's agreement form is subject to negotiation.

D. Drafting Guide

21-51 California Legal Forms--Transaction Guide § 51.130

§ 51.130 Statutory Restraints on Agreement Provisions

1. Review effect of antitrust laws on proposed terms of franchise agreement in following areas:

NOTE:

The following list by no means exhausts the potential areas of conflict between the franchisor's desire to exploit its system or product and the pro-competitive spirit of the antitrust laws. The following is only intended to suggest some major questions that may arise in the course of drafting a franchise agreement. Depending on the specific type of franchise (e.g., either a "package" or a "product" type) and a number of other variables, analysis of the antitrust implications of a proposed franchise agreement may require a fairly sophisticated appraisal of its economic impact. Such an appraisal is beyond the scope of this chapter. For analysis, see Glickman, *Franchising*(Matthew Bender).

- a. Reasonableness of location and territorial restrictions on franchisee.

NOTE:

The anti-competitive effect of these non-price vertical restraints are judged according to the "rule of reason" [*Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 57-59, 97 S. Ct. 2549, 53 L. Ed. 2d 568] . Although the determination of anti-competitive effect may require an economic evaluation of several factors, including the franchisor's relative share of the market and the benefits in terms of efficiency bestowed on the franchisee, the most salient issue to be resolved is whether, although perhaps limiting intrabrand competition, restriction of a franchisee's business to a specific outlet or area in fact enhances interbrand competition [see *Continental T.V., Inc. v. GTE Sylvania, Inc.* (1977) 433 U.S. 36, 54, 97 S. Ct. 2549, 53 L. Ed. 2d 568] .

b. Reasonableness of restrictions limiting type of customer to whom franchisee may sell.

NOTE:

Customer limitations are reasonable when, for example, they are created to prevent the franchisor's product from being used by nonprofessionals, which could expose the franchisor to potential products liability [*Tripoli Co., Inc. v. Wella Corp.* (3d Cir. 1970) 425 F.2d 932, 938] .

c. Fixing of prices at which franchisor's product or services may be sold by franchisee.

NOTE:

Although the mere suggestion of prices is legal [*see United States v. Parke, Davis & Co.* (1960) 362 U.S. 29, 43, 80 S. Ct. 503, 4 L. Ed. 2d 505] , the fixing of prices at which others may sell is per se illegal whether by an express term of the agreement or secured by coercive methods such as a threat of termination [*see United States v. Arnold, Schwinn & Co.* (1967) 388 U.S. 365, 376, 87 S. Ct. 1856, 18 L. Ed. 2d 1249] .

d. Prohibitions on sales of noncompeting products by franchisee operating under trademark license granted by franchisor.

NOTE:

The antitrust laws do not require that the licensor of a trademark permit licensees to associate that mark with unrelated products [*Susser v. Carvel Corp.* (2d Cir. 1964) 332 F.2d 505, 515] .

e. Prohibitions on sales of competing products by franchisee operating under trademark license granted by franchisor.

NOTE:

If the franchisor licenses a trademark, the duty to protect the significance of the mark, to ensure that the public is not deceived, and to preserve the goodwill value of the mark, permits the franchisor to exclude competing products and require sole use of the trademarked product, particularly when the franchisor has created a series of franchises resembling a chain operation [*Susser v. Carvel Corp.* (2d Cir. 1964) 332 F.2d 505, 515 ; but *see Bus. & Prof. Code § 21140.1* (gasoline dealers, permitting purchase of fuel from other sources if franchisor refuses or is unable to deliver)]. However, depending on the size of the franchisor and the potential impact on the market, an exclusive dealing provision may run afoul of the Federal Trade Commission Act's proscription of "unfair trade practices" [*Federal Trade Comm'n v. Brown Shoe Co.* (1966) 384 U.S. 316, 321-322, 86 S. Ct. 1501, 16 L. Ed. 2d 587 (franchise agreement giving retail shoe store franchisees certain valuable services in exchange for agreement not to handle shoes conflicting with franchisor's lines violated spirit of Sherman and Clayton Acts)].

f. Restrictions on sources of supplies that tie sales of product or package to purchase of franchisor's supplies or those sponsored by franchisor.

NOTE:

Restrictions on sources of supplies are most often sought to be imposed by franchisors of "package" franchises, such as fast food outlets where equipment and/or containers and the like are sold by the franchisor or a franchisor-sponsored company. Generally, the product (e.g., paper packaging) that is tied to a trademarked franchise system must be one that

cannot be satisfactorily substituted through specification in order for the tying arrangement to be legal [*Siegel v. Chicken Delight, Inc.* (9th Cir. 1971) 448 F.2d 43, 51 , **cert. denied**, 405 U.S. 955 (1972)] . An exception may be made if the business is unseasoned and has an uncertain future, and the nature of the product, its servicing requirements, and the impracticability of obtaining specified substitutes make the tying arrangement reasonable [*United States v. Jerrold Electronics Corp.* (E.D. Pa. 1960) 187 F. Supp. 545, 557-558 , *aff'd*, 365 U.S. 567 (1961)] .

If the franchisor requires the franchisee to purchase franchisor-sponsored products or services and protection of the goodwill embodied in a trademark is not the motive for the requirement (or at least it cannot be shown that other products may not easily be substituted for the tied products), the tying arrangement will violate the Sherman Act [*Atlantic Refining Co. v. Federal Trade Comm'n* (1965) 381 U.S. 357, 369, 85 S. Ct. 1498, 14 L. Ed. 2d 443 ; *Arthur Murray, Inc. v. Reserve Plan, Inc.* (8th Cir. 1969) 406 F.2d 1138, 1143-1145] .

2. Ensure that major inducement to prospective franchisees is not compensation that they may earn from participation in sale of additional franchises [*Corp. Code* § 31115(b)].

NOTE:

This prohibition applies to all franchises except subfranchises [*Corp. Code* § 31115(b); **see** *Corp. Code* § 31008.5 ("subfranchise" defined)].

3. If gasoline distributor or dealer franchise agreement is involved, ensure that following state and federal limitations are observed:

a. Grounds for termination, nonrenewal, or refusal to renew may not be broader than those permitted by statute [see 15 U.S.C. §§ 2802-2804; *Bus. & Prof. Code* §§ 20999-20999.3; see also § 51.41[4]-[6]].

b. Agreement's terms concerning franchisee's right to transfer franchise and franchisor's right to disapprove transfer correspond to parties' statutory rights [see *Bus. & Prof. Code* §§ 21148-21149.5].

c. Provision is made for designation of successor in interest in event of death of franchisee, and this provision comports with all statutory requirements relating to designation of successors-in-interest [see *Bus. & Prof. Code* § 21140.6; see also § 51.41[6], 51.210[2], Art. 7].

d. Agreement contains no provision requiring franchisee to purchase tires, batteries, motor oil, or other accessories from franchisor or franchisor-sponsored source [*Bus. & Prof. Code* § 21140.2].

e. Agreement does not include exclusive dealing provisions that would prohibit dealer from obtaining fuel from other sources when permitted by statute [see *Bus. & Prof. Code* § 21140.1].

f. Agreement does not prescribe business hours that are unprofitable, provided that [*Bus. & Prof. Code* § 21150.1]:

(1) Franchisee's hours of operation are for continuing period of time; and

(2) Dealership is not within one of three statutory exceptions to this rule [see § 51.41[2][b]].

g. If franchisor owns fee interest in leased marketing premises [see *Bus. & Prof. Code* § 20999(i) (definition)], franchisor may not sell or transfer its interest without first offering to do one of following [*Bus. & Prof. Code* § 20999.25(a); see *Abraham & Sons Enterprises v. Equilon Enters., LLC* (2002) 292 F.3d 958, 963-964 (lessor gas companies violated *Bus. & Prof. Code* § 20999.25(a) by relinquishing title, possession, and control of gas stations to LLP without offering lessees chance to purchase stations; LLP was "another person" under statute, even though it was owned and controlled by gas companies, and oil companies' contribution of assets to LLP was "sale, transfer, or assignment" under statute); see also *Forty-Niner Truck Plaza, Inc. v. Union Oil Co.* (1997) 58 Cal. App. 4th 1261, 1276-1278, 68 Cal. Rptr. 2d 532 (*Bus. & Prof. Code* § 20999.25(a) is not preempted by Federal Petroleum Marketing Practices Act (15 U.S.C. § 2806(a)(1)))]:

- (1) Sell or transfer that interest to franchisee; or
- (2) Give franchisee right of first refusal of bona fide offer from third party.

h. If franchisor leases franchise premises from third party and franchisee terminates by reason of expiration of lease, on request by franchisee and before termination or nonrenewal date on notice, franchisor must do following [*Bus. & Prof. Code* § 20999.25(b)]:

- (1) Make bona fide offer to sell franchisee its interest in improvements on property.
- (2) Make sale offer at greater of fair market or book value.

4. If a motor vehicle dealership franchise is involved [see *Veh. Code* § 3062(e)(1) ("motor vehicle dealership" defined); see also § 51.40], incorporate following terms and conditions:

a. Provision requiring written notice to franchisee of franchisor's intention to terminate or refuse to continue an existing franchise, setting forth specific grounds for termination or nonrenewal, s follows [*Veh. Code* § 3060(a)(1)]:

NOTE:

Notwithstanding the statute requiring good cause for termination of a franchise [see *Bus. & Prof. Code* § 20999.1] and the terms of the franchise agreement, no franchisor may terminate or refuse to continue any existing franchise unless the notices provided for in (a), **above**, and (b), **below**, and are given [*Veh. Code* § 3060(a), (b)]. When a written notice of termination is given, the first page of the notice must contain, in at least 12-point bold type and circumscribed by a line to segregate it from the rest of the text, a 60-day or 15-day statement, whichever is applicable [*Veh. Code* § 3060(a)(1)(C)].

If no protest is filed, or if the franchisor receives the franchisee's written consent to the termination, the franchise may then be terminated [see *Veh. Code* § 3060(a)(3)]. However, if a protest is filed, the Board must hold a hearing. The franchise may only be terminated if the Board finds that there is good cause for the franchisor's action [see *Veh. Code* § 3060(a)(2); see also *Veh. Code* §§ 3050.7 (stipulated decisions and orders), 3066 (procedure for hearing)].

- (1) 60 days before effective date of termination or refusal to continue; or

NOTE:

The 60-day notice of termination must contain the following statement [*Veh. Code* § 3060(a)(1)(C)]:

"NOTICE TO DEALER: You have the right to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing in which you may protest the termination of your franchise under provisions of the California Vehicle Code. You must file your protest with the board within 30 calendar days after the end of any appeal procedure provided by the franchisor or your protest appeal right will be waived."

(2) 15 days before effective date of termination or refusal to continue if grounds relate to:

NOTE:

The 15-day notice of termination must contain the following statement [*Veh. Code* § 3060(a)(1)(C)]:

"NOTICE TO DEALER: You have the right to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing in which you may protest the termination of your franchise under provisions of the California Vehicle Code. You must file your protest with the board within 10 calendar days after receiving this notice or within 10 days after the end of any appeal procedure provided by the franchisor or your protest appeal right will be waived."

(a) Transfer of any ownership or interest in franchise without consent of franchisor, which consent must not be unreasonably withheld.

(b) Misrepresentation by franchisee in applying for franchise.

(c) Insolvency of franchisee or filing of any petition by or against franchisee under any bankruptcy or receivership law.

(d) Any unfair business practice, after written warning.

NOTE:

On receipt of this notice, the franchisee may protest the termination or refusal to continue and is entitled to a good cause hearing before the New Motor Vehicle Board [*Veh. Code* §§ 3060(a)(2), 3061, 3066; *see Duarte & Witting, Inc. v. New Motor Vehicle Board* (2002) 104 Cal. App. 4th 626, 637, 128 Cal. Rptr. 2d 501 (Board had implied authority to dismiss protest when undisputed facts demonstrated good cause for franchise termination as matter of law)].

(e) Failure of franchisee to conduct customary sales and service operations during customary business hours for seven consecutive business days, except when beyond direct control of franchisee or by order of DMV [*Veh. Code* § 3060(a)(1)(B)(v)].

b. Provision that franchisor will not modify or replace franchise with succeeding franchise if modification or replacement substantially affects franchisee's sales or service obligations or its investment, unless franchisor first gives franchisee 60 days prior written notice [*Veh. Code* § 3060(b)(1)].

NOTE:

This written notice must contain on the first page, in at least 12-point bold type and circumscribed by a line to segregate it from the rest of the text, the following statement [*Veh. Code § 3060(b)(2)*]:

"NOTICE TO DEALER: Your franchise agreement is being modified or replaced. If the modification or replacement will substantially affect your sales or service obligations or investment, you have the right to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing in which you may protest the proposed modification or replacement of your franchise under the provisions of the California Vehicle Code. You must file your protest with the board within 30 calendar days of your receipt of this notice or within 30 days after the end of any appeal procedure provided by the franchisor or your protest rights will be waived."

c. Provision for notice to franchisee of franchisor's intention to establish or relocate dealership within relevant market area [*see Veh. Code § 507* (defining "relevant market area" as any area within radius of 10 miles from site of potential new dealership)] in which same line-make is already represented [*Veh. Code § 3062(a)(1)*; *see Veh. Code § 3062(a)(2)* (rules relating to establishment or relocation of satellite warranty facility); *see also Veh. Code § 3062(e)(2)* ("satellite warranty facility" defined)], except under following circumstances:

NOTE:

For these purposes, the reopening of a dealership that has not been in operation for one year or more is considered to be the establishment of an additional motor vehicle dealership [*Veh. Code § 3062(d)*].

(1) Relocation of existing dealership to any location that is both within same city as, and is within one mile from, existing dealership location [*Veh. Code § 3062(b)(1)*].

(2) Establishment at any location that is both within same city as, and is within one-quarter mile from, location of dealership of same line-make that has been out of operation for less than 90 days [*Veh. Code § 3062(b)(2)*].

(3) Display of vehicles at fair, exposition, or similar exhibit if no actual sales are made at event and display does not exceed 30 days [*Veh. Code § 3062(c)*].

NOTE:

The written notice must contain, on the first page, in at least 12-point bold type and circumscribed by a line to segregate it from the rest of the text, the following statement [*Veh. Code § 3062(a)(3)*]:

"NOTICE TO DEALER: You have the right to file a protest with the NEW MOTOR VEHICLE BOARD in Sacramento and have a hearing on your protest under the terms of the California Vehicle Code if you oppose this action. You must file your protest with the board within 20 days of your receipt of this notice, or within 20 days after the end of any appeal procedure that is provided by us to you. If within this time you file with the board a request for additional time to file a protest, the board or its executive director, upon a showing of good cause, may grant you an additional 10 days to file a protest."

5. If franchise agreement involving neither petroleum business nor automobile dealership is involved, observe following California limitations:

a. Franchisor has no right to terminate franchise before expiration without good cause [*Bus. & Prof.*].

Code § 20020].

NOTE:

The definitions of good cause and reasonable termination are quite broad [*see Bus. & Prof. Code §§ 20020, 20021*]. The main effect of the statute on the terms of an agreement would be to void any provision permitting termination at will by the franchisor. Depending on judicial interpretation of the statute, it is also possible that good cause will not include business reasons unrelated to any breach by the franchisee of the agreement.

b. Franchisee is entitled to renew franchise at its expiration, unless circumstances permitting franchisor's refusal to renew are present and franchisor has not provided 180 days written notice of intention not to renew [*Bus. & Prof. Code § 20025; see § 51.26[2]*].

c. Notice of termination or nonrenewal must be made in writing and to be delivered personally or by receipted mail or telegram to franchisee [*Bus. & Prof. Code § 20030*].

NOTE:

The notice must state the reasons for and the effective date of termination or nonrenewal [*Bus. & Prof. Code § 20030*].

PART III. TRANSACTION GUIDE

D. Drafting Guide

21-51 California Legal Forms--Transaction Guide § 51.131

§ 51.131 Drafting Guide for Franchise Agreement

NOTE:

This guide lists the kinds of provisions that should be considered when drafting a franchise agreement. Because there are so many different types of franchise businesses, it is impossible to list every provision that might be appropriate in any particular franchise agreement. For an exhaustive drafting guide for business franchise agreements, see Rabkin & Johnson, *Current Legal Forms*, Ch. 3, ***Licenses and Franchises***, (Matthew Bender) (business franchise drafting checklist). For drafting considerations relevant to contracts in general, and provisions common to all contracts, see Ch. 75, ***Formation of Contracts and Standard Contractual Provisions***.

Although franchisors and franchisees each have distinct and sometimes conflicting interests in a prospective franchise arrangement, both have common interests in the creation of a successful and legally permissible franchise relationship. The franchisor ordinarily prepares the franchise agreement and the franchisee can accept it or reject it. Although changes in some of the terms of the agreement may be possible, it is the better practice to be fair and treat all franchisees equally and to make similar changes in all outstanding agreements. It can be expected that the usual franchise agreement would tend to favor the franchisor. However, the franchisee should be alert to any unconscionable provisions that the franchisee should demand to be changed or refuse to execute the agreement. It has been noted that if a franchisor is not hesitant about changing provisions of its franchise agreement to induce a prospect to enter into a franchise relationship, it tends to show lack of experience and possibly an unethical organization. Responsible franchisors attempt to prepare a reasonable agreement and will not vary it to make sales to individual franchisees. However, they commonly do make changes because of economic, competitive, and other changed conditions.

1. Essential elements of legally effective franchise agreement.

a. Grant of license.

- b. Description of consideration.
- c. Obligations of franchisor.
- d. Obligations of franchisee.
- e. Provisions for controls, including the following:

§ 51.200 Information Sheet for Use in Preliminary Evaluation of Potential Franchisee

[1] Comment--Use of Form

This form is designed for use in evaluating the qualifications of a potential franchisee in a service-type franchise. This form may be modified to meet the particular needs of other franchise businesses. However, regardless of the type of business, the ensuing personal interview with the potential franchisee will reveal significant information about the prospect's attitudes and aptitudes that cannot be elicited by a written questionnaire. Thus, the form should be regarded as a screening device rather than a definitive indicator of a potential franchisee's suitability.

The end of the form contains space for the prospective franchisee to explain why he or she is a good candidate for a franchise, as well as space for the prospective franchisee to ask specific questions about the franchise opportunity.

21-51 California Legal Forms--Transaction Guide § 51.210

§ 51.210 Complete Form for Basic Franchise Agreement--Products and Services Franchise System

[1] Comment

[a] Use of Form

This form is a complete long form franchise agreement. It is drafted specifically for use in the franchising of products and service franchise system. It is also designed as a basic form that may be adapted for use in any type of franchise business with the addition or substitution of alternative language more appropriate to the particular type of franchise business involved. For example, § 51.211 is a restaurant/fast food franchise agreement that incorporates many standard franchise agreement provisions, found in this form, and sets forth alternative provisions and language more appropriate to the restaurant/fast food business.

The standard features of any franchise agreement include the grant of a license to a franchisee for the use of the franchisor's system, which typically includes certain trademarks, trade names, and other indicia, as well as certain specified operating methods, default and termination provisions, transfer and assignment provisions, covenants of the two parties, and so on. The chief area of difference between different types of franchise systems lies in the operating methods prescribed in the franchise agreements. Thus, for example, the operating method specified in product and service franchise agreements typically revolves around the sale and installation of products manufactured by the franchisor or by others to the franchisor's specifications. This form incorporates such an operating method. On the other hand, restaurant/fast food franchises typically prescribe adherence to specified menus and recipes and other operating methods peculiar to restaurant enterprises. Those terms are illustrated in § 51.211.

[b] Drafting Franchise Agreements

Apart from the terms and conditions of a franchise agreement that are dictated by the particular type of franchise, the state and federal antitrust laws and specific protections afforded certain franchisees under California law must be taken account of in the drafting process. These considerations are treated in § 51.130. Of particular note with respect to this form are the California requirements for automobile franchises and gasoline dealer franchises. In addition, under the California Franchise Relations Act, franchisors in fields other than automobile and petroleum sales are subject to

restrictions on terminating and on refusing to renew franchises [see § 51.130, P 5]. The modifications listed in this guide for these types of franchises should be incorporated in this form as applicable.

For a general drafting guide, see § 51.131. For detailed coverage of franchise agreements, see Glickman, *Franchising*, Chapters 9-11 (Matthew Bender).

[c] Negotiation of Terms of Agreement

The franchisor ordinarily prepares the franchise agreement, and it often appears that the agreement is closed to further negotiation. Although it generally can be expected that the agreement will tend to favor the franchisor, responsible franchisors attempt to prepare a reasonable agreement, particularly in light of the disclosure requirements [see Ch. 51A, *Franchise Registration*] and the statutory restrictions on franchise agreements [see § 51.130]. However, franchisors may be willing to agree to changes or concessions on request and commonly make changes because of changed economic, competitive, and other conditions.

[d] Default and Termination

The California Franchise Relations Act restricts the franchisor's right to terminate a franchise before the expiration of the franchise agreement. All the situations specified in Section 8.02 of this form for termination are clearly in compliance with the Act [see *Bus. & Prof. Code* §§ 20020, 20021], with the possible exception of the authorization in Section 8.02(d)(3) of immediate termination for a purported assignment of the franchise. A franchisee could at least theoretically challenge this termination event as illegal for lack of "good cause" [*Bus. & Prof. Code* § 20020]. However, "good cause" specifically includes breach of the franchise agreement, if the franchisee is first given notice of the breach and a reasonable time, which need not exceed 30 days in any event, to cure it [*Bus. & Prof. Code* § 20020]. The prudent franchisor therefore should give notice and time to cure, if possible. However, there is no need to foreclose the franchisor's options by removing assignments from the list of events "constituting grounds for immediate termination."

The Franchise Relations Act can also affect the franchisor's right of automatic termination. Termination must be for good cause [*Bus. & Prof. Code* § 20020]. Moreover, if termination is for any of the causes listed in Section 8.06(a) through (c) of the form, the franchisor apparently is entitled to a conclusive presumption that the facts, if true, do constitute good cause [*Bus. & Prof. Code* § 20021]. However, to secure the benefit of this presumption, the franchisor cannot rely on the "automatic termination" language of the agreement. Written notice stating the reason for and effective date of the termination is required [*Bus. & Prof. Code* § 20021].

Notices to the franchisee of termination and nonrenewal must be personally delivered, sent by telegram, or posted by registered, certified, or other receipted mail [*Bus. & Prof. Code* § 20030]. Although Section 10.08, the general notice provision of the agreement, covers some situations not covered by the statute, specification of one or more of the legally sufficient means of delivery would help ensure that the franchisor complies with statutory requirements when is applicable.

In the event that Franchisor makes this determination, Franchisor or a franchisee licensed by Franchisor may operate those additional shops as long as the following conditions are met:

- (a) Reasonable projections based on pertinent marketing data demonstrate that the protected area can support one or more additional _____ [*name of franchise business*] shops and Franchisor concludes that the opening of an additional shop or shops is desirable to avoid loss of market position and business to competitors.
- (b) Franchisor communicates in writing to Franchisee its intention to open an additional shop or shops, based on the reasonable market projections and determinations set forth in subsection (a), above.

- (e) Franchises granted under the right of first refusal set forth in subsection (c), above, will not be governed by the terms and conditions of this Agreement, but by the Franchise Agreement employed by Franchisor at the time Franchisee exercises its right to open additional shop or shops. However, the franchise fee and royalty provisions of Section 2.04(b), (e) apply to the new shop or shops.

Protected Area

Section 2.03. The "protected area" referred to in Section 2.02 is _____ [*describe area, either by name of county or counties, definable marketing area, city or town, portion of state, or other*].

Exercise of Right to New Franchise

Section 2.04. If Franchisor communicates to Franchisee its intent to open additional _____ [*name of franchise business*] shops in Franchisee's protected area, and Franchisee decides to elect to open those shops, pursuant to Section 2.02, Franchisor will grant Franchisee a franchise under which Franchisee may operate the shops pursuant to the following terms and conditions:

- (a) Within 30 days after receiving notice of Franchisor's intent to open additional shops in the protected area, Franchisee may elect to purchase a nontransferable option, under all the terms and conditions of the Franchise Agreement then currently employed by Franchisor, to open the first additional shop under the notice. The option price will be \$ _____, and the option price is not refundable. Purchase of the option will reserve the entire protected area for _____ [*number*] months from the date of receipt of the notice.
- (b) Within six months after receipt of the notice, Franchisee will pay Franchisor the franchise fee for the additional shop to be opened under this section. The franchise fee and royalty rate for the additional shop will be _____ [*specify, e.g., the same amount and rate as the franchise fee and royalty rate stipulated in this Agreement*]. The option price _____ [*will or will not*] be credited against that franchise fee.

(c) Franchisee will proceed to open the additional shop under this section within _____ [specify, e.g., six months] following payment of the franchise fee.

(d) In the event that more than one shop is involved, Franchisee will notify Franchisor within 30 days of _____ [e.g., opening the first shop under this section] of Franchisee's intention to open an additional shop, after which Franchisee will proceed again as outlined in this section.

(e) The franchise fee and royalty rate for each additional shop will be as specified _____ [in subsection (b), above or in the Franchise Agreement used by Franchisor at the time Franchisee exercises the right to open the additional shop].

Use of Franchise Name

Section 2.05. Franchisee agrees not to interfere in any manner with or attempt to prohibit the use of the name _____ [name of franchise business] by any other franchisee of franchisor in any area other than the protected area described in Section 2.03. Franchisee further agrees to execute any and all other necessary papers, documents, and assurances to effectuate this purpose and agrees to cooperate fully with Franchisor or any franchisee of Franchisor in securing all necessary and required authority from any secretary of state, licensing authority, or any other state or federal authority to the use of the name " _____ " [name of franchise business] whenever and wherever needed.

Exclusivity of Territory or Clientele

Section 2.06. The designation of Franchisee's address and its protected area does not grant exclusivity of marketing territory or clientele. All _____ [name of franchise business] shops may sell their products and services to any customer.

Relocation of Premises

Section 2.07. If Franchisee's right to possession of the premises designated in Section 2.01 is terminated before the expiration of the term of this Agreement without fault or affirmative action on the part of Franchisee (including, without limitation, the expiration of the term of Franchisee's lease or sublease by lapse of time, destruction by casualty, or taking by eminent domain of all or part of the premises resulting in termination of the lease or sublease by its terms or by action of a party other than Franchisee, or the taking by eminent domain of all or a material part of the premises if the premises are owned by Franchisee), then Franchisee must notify Franchisor in writing that such an event has occurred or will occur on a date certain not more than six months after the date of the notice. Within 120 days after Franchisee notifies Franchisor, Franchisor, subject to the provisions of Sections 2.08 through 2.10, must propose to Franchisee a new location at which Franchisee's shop may be operated for the remainder of the term of this Agreement.

Selection of New Location

Section 2.08. The location to be proposed by Franchisor must be within the trading area of the shop operated by Franchisee. However, if Franchisor determines that no appropriate location is available within that trading area, then Franchisor must propose the next nearest location determined by it to be appropriate and available.

The definition of the trading area of Franchisee's shop, the selection of a particular location within that trading area, the determination that an appropriate location is not available within that trading area, and the determination, if necessary,

of the next nearest appropriate and available location outside Franchisee's trading area, are within the sole and absolute discretion of Franchisor and Franchisor's decisions are final. However, any given location within or without the trading area of the shop operated by Franchisee will not be deemed inappropriate or unavailable pursuant to this section solely based on a decision by Franchisor to establish and operate itself, or to license any party other than Franchisee to establish and operate, a shop at that location, if Franchisor has not become legally committed with respect that decision.

Relocation Proposal

Section 2.09. Franchisor's proposal of a new location at which Franchisee's shop may be operated must be given to Franchisee in writing. If that location is to be leased, subleased, or sold by Franchisor or any affiliated corporation to Franchisee, the proposal must be accompanied by a statement of any requirements prescribed by Franchisor relating to the construction or alteration of improvements on the premises. Franchisor may not require that Franchisee sell, assign, grant, or transfer to Franchisor or any affiliated entity, on termination of this Agreement, ownership of or a leasehold interest in the premises. Franchisor may not submit to Franchisee any lease or sublease with Franchisor or any affiliated entity the term of which extends beyond the term of this Agreement.

Acceptance of Relocation

Section 2.10. If Franchisee gives written notice of the acceptance of the Franchisor's new location proposal within 30 days after receipt of the proposal, and either enters into the tendered lease, sublease, or sale contract, or, if none is tendered, agrees in writing to comply with any and all requirements prescribed by Franchisor relating to the construction or alteration of improvements on the premises, then notwithstanding the automatic termination provisions of Section 8.06(a), this Agreement will be reinstated for the remainder of the term specified in Section 1.02, as if it had not been terminated, and Section 2.01, will be deemed amended to refer to that new location.

If Franchisee fails to comply with these provisions within the 30-day period, then the termination of this Agreement pursuant to Section 8.06(a), is and will remain effective and Franchisee will have no further rights under or by virtue of Sections 2.07 through 2.10 of this Article.

ARTICLE 3. USE OF SYSTEM, MARKS, AND INDICIA

Validity and Use of Proprietary Marks

Section 3.01. Franchisee acknowledges the validity of the Proprietary Marks identified above and acknowledges that they are the sole property of Franchisor. Franchisee may use these Proprietary Marks only for so long as the right, franchise, and license granted in this Agreement remains in force, and only in connection with the _____ [e.g., conduct of the franchise business or sale and installation of products bearing Franchisor's trademark or rendition of genuine _____ (name of franchise business) services], in the manner and for the purposes specified in this Agreement. Franchisee may not, either during or after the term of this Agreement, do anything, or aid or assist any other party to do anything, that would infringe on, harm, or contest the rights of Franchisor in any of its Proprietary Marks or in any other mark or name that incorporates the _____ [word or words] " _____ " [name of franchise business]. Franchisee will not use any mark or name other than as licensed in this Agreement in connection with the conduct of the franchise business, and will not place any name or mark other than the original names or marks on any products, packages, or other materials that Franchisee obtains from _____ [Franchisor or any manufacturer designated by Franchisor as qualified to supply products conforming to Franchisor's specifications].

Validity and Use of Indicia

Section 3.02. Franchisee acknowledges that Franchisor's Indicia are the exclusive property of Franchisor. Franchisee will not, either during or after the term of this Agreement, utilize any of Franchisor's Indicia, or any confusingly similar indicia, except in accordance with the terms of this Agreement.

Future Marks or Indicia

Section 3.03. Franchisee agrees that any further rights that may develop in any of Franchisor's Proprietary Marks or in any of the Franchisor's Indicia in the future, whether as trade names, trademarks, service marks, or copyrighted materials, will inure and accrue to the benefit of Franchisor.

Use of Franchise Business Name

Section 3.04. Franchisee will operate, advertise, and promote Franchisee's shop under the designation " _____ " *[name of franchise business]*, without the addition of any prefix, suffix, or any other name or names, or under any other name or names as Franchisor may from time to time designate, and under no other name or designation whatsoever. Franchisee will not use the name " _____ " *[name of franchise business]*, any word in that name, or any other Franchisor's Proprietary Marks in or as part of Franchisee's firm or corporate name.

Confidentiality of Franchise System

Section 3.05. Franchisee acknowledges that Franchisor is the sole owner of all proprietary rights in and to the Franchise System and all material and information relating to the System now or subsequently revealed to Franchisee under this Agreement. Franchisee further acknowledges that the System, in its entirety, constitutes trade secrets of Franchisor and that they have been revealed to Franchisee in confidence, solely for the purpose of enabling Franchisee to establish and operate the _____ *[name of franchise business]* shop licensed in accordance with the terms of this Agreement. These trade secrets include, but are not limited to, _____ *[e.g., product catalogues, price lists, training manuals, operating manuals, policy manuals, sales promotion aids, business forms, accounting procedures, marketing reports, informational bulletins, and inventory systems]*. Franchisee agrees that, both during and after the term of this Agreement, the Franchisee will not reveal any trade secrets to any other person or entity and that the Franchisee will not use any trade secrets in connection with any business or venture in which the Franchisee has a direct or indirect interest, whether as a proprietor, partner, joint venturer, shareholder, officer, director, or in any other capacity whatsoever, other than in connection with the operation of the _____ *[name of franchise business]* shop licensed under this Agreement.

Nothing contained in this section will be deemed to prohibit Franchisee from engaging or participating in any lawful trade or business, either during or after the term of this Agreement, whether or not competitive with Franchisor or its franchisees, provided that Franchisee does not reveal, use, or appropriate in connection that business any of the proprietary rights, confidential information, or trade secrets referred to in this section and does not violate any other provision of this Agreement.

Rights to Goodwill

Section 3.06. Franchisee acknowledges that all goodwill that may arise from Franchisee's use of Franchisor's Proprietary Marks, the Indicia, or System, is and will at all times remain the sole and exclusive property of Franchisor and will inure to the sole benefit of Franchisor. However, nothing in the preceding sentence will be construed to prohibit Franchisee from receiving a price that includes payment for any goodwill belonging to Franchisee for the sale

of the Franchisee's business made in compliance with the provisions of this Agreement.

Unauthorized Use

Section 3.07. Franchise must promptly report to Franchisor any unauthorized use of Franchisor's Proprietary Marks or Indicia that comes to Franchisee's attention in any manner whatsoever. If requested by Franchisor, Franchisee will cooperate with Franchisor in precluding unauthorized use of Franchisor's Proprietary Marks and Indicia, or any confusingly similar mark or indicia, but at the sole expense of Franchisor.

ARTICLE 4. FRANCHISOR'S CONTINUING OBLIGATIONS

Services to Be Rendered

Section 4.01. In addition to any assistance that Franchisor may have rendered to Franchisee relating to site selection, shop construction and layout, and equipment selection and installation, Franchisor agrees that it will perform the following continuing services for the benefit of Franchisee:

(a) If Franchisee's shop has not yet opened, Franchisor will instruct Franchisee, before the opening of Franchisee's shop, in all aspects of the System by providing a training program that must be attended by Franchisee and as much of Franchisee's management and supervisory personnel as Franchisor may reasonably designate. From time to time after the opening of Franchisee's _____[*name of franchise business*] shop, Franchisor may reasonably designate, and Franchisee agrees to attend and to cause all designated employees to attend ongoing training program or programs. All expenses of travel, lodging, meals, and other living expenses, incurred by Franchisee and/or such employees in attending the initial or subsequent program or programs will be borne and paid by Franchisee.

(b) Franchisor agrees to make available to Franchisee from time to time all improvements and additions to the System, to the same extent and in the same manner as they are made available to Franchisor's franchisees generally.

(c) Franchisor agrees to counsel and assist Franchisee on a continuing basis with respect to the management and operation of Franchisee's _____[*name of franchise business*] shop, and will make available to Franchisee the benefits of Franchisor's information, experience, advice, guidance, and know-how in that connection.

(d) Franchisor agrees to purchase and place from time to time advertising promoting Franchisor's franchisees and the products and services sold by them. Subject to the provisions set forth in this Agreement, all decisions from time to time regarding whether to utilize national, regional, or local advertising, or some combination, and regarding selection of the particular medium and advertising content, are within the sole discretion of Franchisor and the agencies or others as Franchisor may appoint. Franchisor agrees that it will expend for media costs, commissions and fees, production costs, and other costs of advertising, with respect to all of Franchisor's franchisees, an amount not less than the sum of _____[*set forth formula, e.g., _____ (percentage) of the royalties received by Franchisor from all of Franchisor's franchisees, plus all advertising fees actually received by Franchisor from all franchisees*]. These amounts must be expended for advertising that is published, broadcast, displayed, or otherwise disseminated either during the calendar year within which the royalties and advertising fees are received by Franchisor or during the immediately succeeding calendar year.

Nothing in this Agreement will be deemed to prohibit Franchisee from engaging in any advertising or promotion of Franchisee's shop or business, in addition to the advertising paid for by Franchisor. However, this additional advertising or promotion will be at the sole cost of Franchisee, without deduction or credit against royalties or other amounts owed by Franchisee to Franchisor, and will be subject to the provisions of Section 5.08, below.

Sale of Products

Section 4.02. Franchisor agrees to sell to Franchisee, during the term of this Agreement and subject to the terms of this Agreement, the quantities of those products referred to in Schedule A as Franchisee may order from time to time. However, Franchisor may at any time and from time to time, in its sole discretion, discontinue the sale to all its franchisees of any product or products, if, in the opinion of Franchisor, the continued sale of the product or products becomes unfeasible, unprofitable, or otherwise undesirable. The discontinuation of the license granted in this Agreement with respect to the product or products terminates the Agreement unless Franchisor has provided for alternative sources of supply that meet Franchisor's standards and specifications and expressly elects to continue that license subject to these standards and specifications.

Price and Terms of Sale

Section 4.03. The prices, delivery terms, terms of payment, and other terms relating to the sale of such products by Franchisor are as prescribed by Franchisor from time to time, and will be subject to change by Franchisor without prior notice at any time.

Sales Following Termination

Section 4.04. On the giving by Franchisee of notice of termination of this Agreement, or on the giving by Franchisor of notice of termination, or on the termination of this Agreement, Franchisor will not be obligated to fill or ship any outstanding orders for merchandise or any orders received thereafter from Franchisee.

Unavailability or Delay

Section 4.05. Franchisor will in no event be liable to Franchisee for any unavailability of or delay in shipment or receipt of merchandise due to temporary product shortages or unavailabilities, order backlogs, production difficulties, delays in or unavailability of transportation, fire, strikes, work stoppages, or other causes beyond the reasonable control of Franchisor.

ARTICLE 5. OPERATION OF FRANCHISEE'S BUSINESS**Operation of Shop**

Section 5.01. Franchisee agrees to keep the _____ [*name of franchise business*] shop open to the public during all normal business days and hours throughout the year during the term of this Agreement, and will at all times operate the shop diligently so as to maximize its revenues and profits.

Promotion of Sales

Section 5.02. Franchisee agrees to actively promote the sale of Franchisor's products and services at all times, and will use best efforts to cultivate, develop, and expand the market for Franchisor's products and services.

Maintenance of Inventory

Section 5.03. Franchisee acknowledges that a large public demand has been created and exists for genuine products carrying Franchisor's trademark, and that members of the public have come to expect that they will be able to obtain these products at an authorized _____[*name of franchise business*] shop. Accordingly, Franchisee agrees that Franchisee, at all times during the term of this Agreement, will maintain an inventory of the products listed in Schedule A that is adequate, both in terms of range of items covered and in terms of the quantities of the respective items, to fulfill the public demand in Franchisee's market for these products and to promptly satisfy customers seeking these products at Franchisee's shop [, including customers' requests for replacement under the terms of Franchisor's guaranties].

Managerial Responsibility

Section 5.04. Subject to the provisions of subsections (a) and (b) of this section, it is agreed that at all times during the term of this Agreement, _____[*name or names of individuals who will actually manage franchisee's business*] will (1) devote _____[*his or her or their*] full time and effort to the active management and operation of Franchisee's shop; (2) reserve and exercise ultimate authority and responsibility with respect to the management and operation of Franchisee's shop, regardless of any delegation of authority not inconsistent with this section; and (3) Represent and act on behalf of Franchisee in all dealings with Franchisor.

If two or more individuals are named in this Agreement, each of them must fulfill the requirements of this section, and both or each of them must jointly fulfill the requirements of this section.

(a) If Franchisee operates or subsequently commences to operate under license from Franchisor, one or more additional _____[*name of franchise business*] shops, and if _____[*the individual or individuals*] named in this Agreement _____[*is or are*] also named in the corresponding provision of the other agreement or agreements, then these provisions will be deemed to apply to all shops in the aggregate.

(b) In the event of the resignation, disability, or death of the individual or individuals actually managing the franchise, the provisions of Article 7 of this Agreement govern. However, if two or more individuals are named in this Agreement then on the resignation, disability, or death of one or more but less than all of the named individuals, the provisions of Article 7 do not govern and the provisions of this section apply to the remaining or surviving individual or individuals.

Design and Appearance of Premises

Section 5.05. Franchisee acknowledges that the design and appearance of both the exterior and interior of the shop building are part of the Franchisor's Indicia, subject to modification of that Indicia from time to time by Franchisor, and that it is essential to the integrity of Franchisor's Indicia that as great a degree of uniformity as possible be maintained among the various shop premises of Franchisor's franchisees. Accordingly, Franchisee agrees that:

(a) Franchisee will make no change, addition, or alteration of any kind to the structural elements of the shop building or to the adjacent areas, without the prior written consent of Franchisor.

(b) Franchisee will at Franchisee's sole expense maintain interior and exterior painting and decor in the manner and form as may be reasonably prescribed from time to time by Franchisor.

(c) Franchisee will follow the reasonable instructions of Franchisor with respect to floor layout and character of interior furnishings.

(d) Franchisee will purchase and display, on and about the interior and exterior and the shop building, only the signs, emblems, logos, lettering, and pictorial materials that may be reasonably prescribed by Franchisor from time to time.

Maintenance of Premises

Section 5.06. Franchisee agrees that Franchisee will at all times maintain the shop premises in a clean, wholesome, attractive, and safe condition, and will keep the same in good maintenance and repair.

Standards of Operation

Section 5.07. Franchisee agrees that Franchisee will at all times give prompt, courteous, and efficient service to the public; will perform work competently and in a professional manner; and will be governed by the highest standards of honesty, integrity, fair dealing, and ethical conduct in all business dealings with members of the public. Franchisee will do nothing that would tend to discredit, dishonor, reflect adversely on, or in any manner injure the reputation of Franchisor, Franchisee, or any other franchisee of Franchisor.

Advertising by Franchisee

Section 5.08. Franchisee will not use, display, publish, broadcast, or in any manner disseminate any advertising or promotional material unless the same has first been approved in writing by Franchisor. In the event that Franchisor from time to time furnishes to Franchisee any advertising, promotional, or informational materials to be used, displayed, or distributed in or about Franchisee's shop, Franchisee agrees to follow the instructions of Franchisor in connection with those materials.

Franchisee's Liability and Insurance

Section 5.09. Franchisee is solely responsible for all loss or damage arising out of or relating to the operation of Franchisee's _____ [*name of franchise business*] shop or arising out of the acts or omissions of Franchisee or any of Franchisee's agents, servants, or contractors in connection with the sale of products or rendering of services by Franchisee, and for all claims for damage to property or for injury or death of any persons directly or indirectly resulting therefrom. Franchisee agrees to indemnify and hold Franchisor harmless against and from any and all claims, loss, and damage, including costs and reasonable attorneys' fees.

Franchisee will obtain and at all times during the term of this Agreement maintain in force and pay the premiums for _____ [*public liability or specify other*] insurance, with complete operations coverage, in companies acceptable to Franchisor, with limits of liability for bodily injury of not less than \$ _____ for each injury and \$ _____ for all injuries in each accident, and of not less than \$ _____ for property damage in each occurrence. These limits of liability will be increased and modified, or additional types of coverage will be obtained, at the direction of Franchisor, as and when changed circumstances reasonably so require. These policies of insurance must expressly protect both Franchisee and Franchisor and must require the insurer to defend both Franchisee and Franchisor in any action. Franchisee will furnish to Franchisor a certified copy or certificate with respect to each insurance policy, evidencing coverage as set forth above, naming Franchisor as an additional insured, and providing that the policy may not be canceled, amended, or modified except on 10 days prior written notice to Franchisor. Maintenance of the insurance required under this section does not relieve Franchisee of the obligations of indemnification contained in the first sentence of this section. If Franchisee fails to procure or maintain in force any insurance as required by this section, or to furnish the requisite certified copies or certificates to Franchisor, then Franchisor may, in addition to all other remedies it may have, procure that insurance and/or certified copies or

certificates, and Franchisee must promptly reimburse Franchisor for all premiums and other costs incurred in connection with securing the insurance.

Submission of Financial Data

Section 5.10. In addition to the reports required of Franchisee pursuant to Sections 6.03 and 6.04, Franchisee must submit to Franchisor, within 90 days after the end of each fiscal year of Franchisee, complete financial statements in the form prescribed by Franchisor, including balance sheet, profit and loss statement, and statement of source and disposition of funds. In addition, Franchisee must submit to Franchisor any other reports and financial information as Franchisor may from time to time require, including by way of example and not limitation, _____ [specify, e.g., sales and cost data and analyses, data on jobs performed under the Franchisor's guaranty, and personal financial statements of any persons having a material financial interest in Franchisee's business].

Payment of Bills

Section 5.11. Franchisee will pay all invoices rendered by Franchisor for merchandise or other items sold to Franchisee in strict accordance with the applicable payment and credit terms. Any amounts not paid when due, as well as any amount due from Franchisee pursuant to Section 5.09, bear interest at the rate of _____ percent per annum from 30 days after the date due until paid. The payment of interest does not authorize any delay in payment of other invoices or other amounts. Franchisee will further pay when due all bills and other amounts owed to third parties under any purchasing arrangement in which Franchisor may be involved, but Franchisor does not become liable to any third party.

Compliance With Laws

Section 5.12. Franchisee will comply with all federal, state, county, municipal, or other statutes, laws, ordinances, regulations, rules or orders of any governmental or quasi-governmental entity, body, agency, commission, board, or official applicable to Franchisee's shop or business. Nothing in this Agreement prevents Franchisee from engaging in a bona fide contest of the validity or applicability thereof in any manner permitted by law.

Employment Practices

Section 5.13. During the term of this Agreement, and for a period of _____ [number] months thereafter, Franchisee, without the written consent of that person's employer, will not employ or attempt to employ any person who is then employed by Franchisor or by any other franchisee of Franchisor. Franchisor, without the written consent of Franchisee, will not employ or attempt to employ any person who is at the time employed by Franchisee. Neither Franchisee nor Franchisor will otherwise directly or indirectly induce or attempt to induce any person to leave employment.

Franchisee Not Franchisor's Agent

Section 5.14. This Agreement does not in any way create the relationship of principal and agent between Franchisor and Franchisee, and in no circumstances will Franchisee be considered an agent of Franchisor. Franchisee may not act or attempt to act, or represent _____ [himself or herself], directly, or by implication, as an agent of Franchisor or in any manner assume or create or attempt to assume or create any obligation on behalf of or in the name of Franchisor. Franchisee may not act or represent _____ [himself or herself] as an affiliate of any

other authorized franchisee of Franchisor.

Compliance With Franchisor's Policies

Section 5.15. Franchisee will at all times comply with all lawful and reasonable policies, regulations, and procedures promulgated or prescribed from time to time by Franchisor in connection with Franchisee's shop or business, including but not limited to standards, techniques, and procedures in installation or servicing of products or the rendering of other services, selection, supervision, and training of personnel, sales, advertising, and promotional techniques, programs, and procedures, maintenance and appearance of shop and shop premises, policies and procedures relating to warranties or guaranties, payment, credit, and accounting, and financial reporting policies and procedures.

Franchisor's Right to Inspect

Section 5.16. Franchisor, through its authorized representatives, has the right at all reasonable times, to visit Franchisee's shop for the purpose of inspecting the merchandise and equipment on hand, inspecting the nature and quality of goods sold and services rendered, examining and auditing Franchisee's books and records, and observing the manner and method of operating the shop. If any of Franchisee's books, records, or inventory is located outside the shop premises, Franchisor has similar rights with regard to the same.

ARTICLE 6. ROYALTIES

Royalty Based on Net Revenue

Section 6.01. Franchisee agrees to pay to Franchisor, within _____ [number] days after the close of each calendar month during the term of this Agreement, a royalty in an amount equal to _____ percent of Franchisee's net revenue for the preceding month. If the term of this Agreement commences or ends on a day other than the first or last day of a calendar month, respectively, the royalty for that month will be based on net revenue for the portion of the month commencing or ending with the date of commencement or termination of the term of this Agreement, as the case may be.

"Net Revenue" Defined

Section 6.02. For the purpose of Section 6.01, the term "net revenue" is defined as the total gross revenue derived by Franchisee from the operation of the shop, whether from sales for cash or credit [optional: determined without regard to the collection of the debt], including sales of both merchandise and services, and including installation charges, exclusive of all sales taxes, use taxes, gross receipts taxes, and other similar taxes added to the sales price and collected from the customer, and less any bona fide refunds, rebates, and discounts. Royalties received by Franchisor pursuant to this section will be deemed general funds of Franchisor for all purposes; royalties will not be deemed trust funds and Franchisor is not required to segregate these funds in any way.

Net Revenue Report

Section 6.03. Franchisee will submit to Franchisor, with and at the time each monthly royalty payment is required pursuant to Section 6.01, a true, correct, and complete statement of net revenue on forms provided by Franchisor, containing all information requested by those forms and certified to by Franchisee.

Annual Revenue Report

Section 6.04. Within 60 days after the close of Franchisee's fiscal year, Franchisee will furnish a statement, on forms provided by Franchisor, containing all information requested by those forms, certified to by Franchisee and signed by Franchisee's accountant, showing the total net revenue for the preceding fiscal year, as finally adjusted and reconciled after the closing and review of Franchisee's books and records for that fiscal year. If the statement discloses any underpayment of royalties for that fiscal year, Franchisee will pay to Franchisor, at the time of submitting the statement, the amount of any underpayment. Any overpayment will be credited to Franchisee's account.

Maintenance and Audit of Records

Section 6.05. Franchisee will maintain books and records in a manner as to clearly and accurately reflect net revenue. All books and records must be preserved for a period of not less than _____ [e.g., six] years after the close of the fiscal year to which they relate and will be open at all reasonable times to inspection and verification by Franchisor or any of Franchisor's representatives. Franchisor is entitled to have Franchisee's books and records examined or audited at any time at Franchisor's expense, and Franchisee will cooperate fully with the party or parties examining the books or conducting an audit on behalf of Franchisor. Franchisee will promptly pay to Franchisor or Franchisor will credit to Franchisee's account, as the case may be, any underpayment or overpayment of royalties disclosed by the examination or audit.

If any examination or audit is necessitated by (1) Franchisee's failure to submit statements of net revenue, (2) Franchisee's failure to maintain books and records as required by this Article 6, or (3) if net revenues reported by Franchisee for any period of 12 consecutive months are more than _____ [e.g., 5] percent below the actual net revenues of Franchisee for the period as determined by any examination or audit, then Franchisee must immediately pay to Franchisor the cost of the examination or audit (including reasonable compensation for any time necessarily expended by Franchisor's own employees and reimbursement for expenses necessarily incurred by them), as well as any additional amount of royalties shown to be due. These payments are without prejudice to any right of Franchisor to terminate this Agreement on account of these defaults by Franchisee, in accordance with the terms of Section 8.02.

Interest

Section 6.06. Any amount properly owing from Franchisee to Franchisor for royalties, if not paid when due, (whether that amount has been shown on any report required to be submitted by Franchisee or has subsequently been determined by verification, examination, or audit to have been due for any month), will bear interest at the rate of _____ [e.g., 7 percent per annum accruing from 30 days after the date that the amount was or would have been due until paid].

ARTICLE 7. TRANSFER OR ASSIGNMENT**General Prohibition**

Section 7.01. Except as *set forth in Sections 7.02 through 7.10*, and subject to all their terms and provisions and the terms and provisions of Section 7.11, Franchisee will not make or suffer any assignment of this Agreement, or of any rights or interest in this Agreement. For all purposes of this Agreement, each of the following will be deemed to be an assignment of this Agreement:

(a) Any sale, assignment, transfer, subfranchise, or sublicense by Franchisee of or with respect to this Agreement or any rights or interest in this Agreement.

(b) Any pledge, encumbrance, or grant of any security interest in this Agreement by Franchisee.

(c) Any sale at judicial sale or under power of sale, conveyance or retention of collateral in satisfaction of debt, or other procedure to enforce the terms of any pledge, encumbrance, or security interest in this Agreement that results in disposition of Franchisee's interest in this Agreement.

(c) The passing by operation of law to any other party or parties of Franchisee's interest in this Agreement or any part of this Agreement.

(d) If Franchisee is a corporation, partnership, or other form of business association, any act, transaction, or event of a nature described above, that, instead of operating on this Agreement as such, operates on or affects any interest in the corporation, partnership, or association and results in any change in the present controlling interest in that corporation, partnership, or association, whether by means of one or a sequence of more than one transaction or event. If Franchisee is two or more individuals, Franchisee will be deemed to be a partnership for all purposes of this Article 7, irrespective of whether or not the individuals are designated in this Agreement as a partnership.

(e) In the event the person or persons designated in Section 5.04 of this Agreement ceases to comply with any one or more of the provisions of that section, whether by reason of voluntary action or inaction, disability, death, or other cause, subject however, to the proviso of Section 5.04(b).

Any assignment of this Agreement, other than in accordance with and subject to all the terms and provisions of Sections 7.02 through 7.11, constitutes a breach of this Agreement subject to the provisions of Section 8.02(d)(3), and confers no rights or interest whatsoever under this Agreement on any other party.

Transfer to Controlled Corporation

Section 7.02. If Franchisee is an individual or a partnership, Franchisee may at any time assign and transfer this Agreement to a corporation organized and operated for the sole purpose of conducting the business for which Franchisee is franchised and licensed under this Agreement, subject to the following conditions:

(a) Franchisee will be and remain the owner of 100 percent of the issued and outstanding capital stock of the corporation, provided that Franchisee may cause stock possessing not more than 49 percent of the total voting power in said corporation to be issued to Franchisee's spouse.

(b) The person or persons designated in Section 5.04, above, continue to comply with all the requirements of that section.

(c) The assignment and transfer is evidenced by a written instrument, in form reasonably satisfactory to Franchisor, in which the corporation expressly assumes all obligations of Franchisee under this Agreement, whether accrued at the time of the assignment or arising thereafter, and agrees to be bound by all the terms and provisions of this Agreement to the same extent and in the same manner as Franchisee. A copy of the instrument of assignment and transfer, executed by both Franchisee and the corporation, must be promptly delivered to Franchisor.

(d) Franchisee will execute and deliver to Franchisor its then standard forms of personal guaranty of the corporation's debts and subordination agreement. Further, Franchisee will not be released from but will remain personally bound and liable to Franchisor notwithstanding the assignment and transfer, with respect to all nonmonetary obligations of

Franchisee under this Agreement then accrued or thereafter arising, and to evidence those obligations will execute the personal undertaking set forth at the end of this Agreement, following the signatures of Franchisor and Franchisee.

Sale of Business

Section 7.03. In the event that Franchisee proposes to sell the business operated pursuant to this Agreement, whether by sale of the assets, by sale of a controlling interest in Franchisee if Franchisee is a corporation, partnership, or other form of business association, or by any other means that directly or indirectly transfers the business or its control, Franchisee must first submit to Franchisor a copy of any bona fide written offer made or received, or if none, a statement in writing of all the terms of the proposed sale and the identity of any proposed purchaser. Franchisor has the irrevocable first right and option to purchase the business on the same terms as stated in this Agreement, exercisable by notifying Franchisee in writing of its election to do so within 14 days after receipt of the written offer or statement. If Franchisor does not so notify Franchisee within this 14-day period, then a sale of the business to a third party may be consummated, but only on all the same terms as are set forth in the written offer or statement and to the same party, if any, identified in the offer, and subject to all the provisions, conditions, and limitations of Sections 7.01 and 7.04. If the sale is not consummated with the third party within 120 days after receipt by Franchisor of the written offer or statement, then the proposed sale will be deemed withdrawn, and all the provisions of this section will again become fully applicable, as if no sale had been proposed. Nothing contained in this section abrogates, impairs, or limits the application of any of the provisions of Section 7.01 or 7.04.

Franchisor's Consent to Voluntary Assignment

Section 7.04. In the event Franchisee desires or proposes to voluntarily sell, assign, or transfer this Agreement to any party other than a corporation described in Section 7.02, or, if Franchisee is a corporation, partnership, or other form of business association, then in the event Franchisee and/or the holder or holders of any interest in that corporation, partnership, or association desire or propose to take any action that would constitute or create an assignment of this Agreement within the meaning of Section 7.01, Franchisee or the holders of that interest, as the case may be, must first notify Franchisor in writing of the proposed sale, assignment, transfer, or other action, setting forth in detail the nature of the item or interest to be sold, assigned, transferred, or otherwise acted on; the name and address of the proposed purchaser, assignee, or transferee, or party acquiring any interest; and any consideration. Subject to prior compliance with the provisions of Section 7.03, Franchisor will consent to the proposed transaction provided that each of the following conditions is fulfilled:

(a) It is demonstrated to Franchisor's reasonable satisfaction that the proposed purchaser, assignee, transferee, or person otherwise to acquire an interest, is of good moral character, and possesses the business experience and capability, credit standing, health, and financial resources necessary to successfully operate Franchisee's shop in accordance with the terms of this Agreement. If the proposed purchaser, assignee, or transferee is a corporation, partnership, or other business association, the provisions of the preceding sentence apply to the individuals who are to own the corporation, partnership, or association. Franchisee will cooperate with Franchisor in making available such information as Franchisor may require to make the above-described determinations.

(b) The person who is to be substituted in Section 5.04 of this Agreement has been approved by Franchisor and has successfully completed the training course then in effect for Franchisor's franchisees. On consummation of the transaction, this Agreement will be deemed amended to insert the name of the substituted person in Section 5.04 of this Agreement.

(c) Franchisee is not in default under any provision of this Agreement, and pays in full all amounts owed to Franchisor at or before the closing of the transaction.

(d) Any sale, assignment, or transfer of this Agreement to be made by Franchisee must be evidenced by a written instrument, in form reasonably satisfactory to Franchisor, in which the purchaser, assignee, or transferee expressly assumes all obligations of Franchisee under this Agreement, whether accrued at the time of the assignment or arising thereafter, and agrees to be bound by all the terms and provisions of this Agreement to the same extent and in the same manner as Franchisee. A copy of this written instrument executed by both Franchisee and the purchaser, assignee, or transferee, must be promptly delivered to Franchisor. If the purchaser, assignee, or transferee is a corporation, limited partnership, or other entity whose owners enjoy limited liability by law, the individual or individuals who own the controlling interest in the entity must execute and deliver to Franchisor its then standard forms of personal guaranty and subordination agreement, and will further execute the personal undertaking set forth at the end of this Agreement following the signatures of Franchisor and Franchisee.

(e) In the case of any party or parties who are to acquire an interest in Franchisee, the individual or individuals who are to acquire, directly or indirectly, the controlling interest in Franchisee must have executed and delivered to Franchisor its then standard forms of personal guaranty and subordination agreement, and will further execute the personal undertaking set forth at the end of this Agreement, following the signatures of Franchisor and Franchisee.

(f) Franchisee and each of its stockholders, directors, and officers must have executed and delivered to Franchisor a general release of any and all claims and causes of action against Franchisor, its affiliated corporations, and their respective officers, agents, and employees.

Franchisor's Consent to Encumbrances

Section 7.05. In the event Franchisee desires or proposes to pledge, encumber, or grant any security interest in this Agreement, or, if Franchisee is a corporation, partnership, or other form of business association, then in the event the holder of any interest in that corporation, partnership, or association desires or proposes to pledge, encumber, or grant any security interest under circumstances that would constitute or create an assignment of this Agreement within the meaning of Section 7.01, Franchisee or the holder of that interest, as the case may be, must first notify Franchisor in writing of the proposed transaction. Franchisor will not unreasonably withhold its consent to the transaction, subject to the following conditions:

(a) Any consent so granted may not be deemed to consent to the pledgee, encumbrancer, or secured party exercising any rights to prerogatives of Franchisee under this Agreement, nor to its exercise of any rights or prerogatives of a holder of an ownership interest in Franchisee.

(b) Any consent so granted may not be deemed a consent to any subsequent disposition described in Section 7.01(c), or so much of Section 7.01(e) as refers to Section 7.01(c). Any subsequent disposition will be deemed an assignment of this Agreement within the meaning of Section 7.01, and will be subject to the provisions of Section 7.06.

(c) The pledgee, encumbrancer, or secured party must have executed and delivered to Franchisor an instrument in writing agreeing to be bound by the provisions of this Article.

Approval of Transferee

Section 7.06. In the event any party proposes to acquire the interest of Franchisee in this Agreement, if Franchisee is an individual, in a transaction described in Section 7.01(c), or if any such party proposes to acquire the interest of any party or parties having an interest in Franchisee, if of a type described in Section 7.01(e), the party proposing to acquire the interest must notify Franchisor in writing. Subject to prior compliance with the provisions of Section 7.03, Franchisor

will consent to the proposed transaction, provided that each of the following conditions is fulfilled:

(a) It is demonstrated to Franchisor's reasonable satisfaction that the party is of good moral character, and possesses the business experience and capability, credit standing, health, and financial resources necessary to successfully operate Franchisee's shop in accordance with the terms of this Agreement. If the party is a corporation, partnership, or other business association other than a corporation whose stock is publicly traded, the provisions of the preceding sentence apply to the individuals who own the same.

(b) The person who is to be substituted in Section 5.04 of this Agreement has been approved by Franchisor and has successfully completed the training course then in effect for Franchisor's franchisees. On consummation of the transaction, this Agreement will be deemed amended to insert the name of the transferee in Section 5.04 of this Agreement.

(c) Franchisee is not in default under any provision of this Agreement, and pays in full all amounts owed to Franchisor at or before the closing of the transaction.

(d) The transferee submits to Franchisor satisfactory evidence that the transferee has acquired and has become entitled to all rights of Franchisee under this Agreement, or to all rights in Franchisee belonging to the party or parties whose interests have been acquired, as the case may be. If the interest of Franchisee under this Agreement is to be acquired, the acquiring party must have executed and delivered to Franchisor a written instrument, in form reasonably satisfactory to Franchisor, by which the transferee expressly assumes all obligations of Franchisee under this Agreement, whether then accrued or thereafter arising, and agrees to be bound by all the terms and provisions of this Agreement to the same extent and in the same manner as Franchisee. In addition, if the acquiring party is a corporation other than a corporation whose stock is publicly traded, a limited partnership, limited liability company or other entity any of whose owners enjoy limited liability by law, the individual or individuals holding the controlling interest in the entity must execute and deliver to Franchisor its then standard forms of personal guaranty and subordination agreement, and will further execute the personal undertaking set forth at the end of this Agreement, following the signatures of Franchisee and Franchisor. If an interest in Franchisee is to be acquired, the individual or individuals who are to acquire, directly or indirectly, the controlling interest in Franchisee must have executed and delivered to Franchisor these forms of guaranty and subordination agreement and must have further executed the personal undertaking set forth at the end of this Agreement, following the signatures of Franchisor and Franchisee.

Death of Franchisee

Section 7.07. In the event of the Franchise's death if Franchisee is an individual, or in the event of the death of any party or parties owning an interest in Franchisee if Franchisee is a corporation, partnership, or other form of business association, and that death results in an assignment of this Agreement within the meaning of Section 7.01, Franchisor will consent to an assignment and transfer of this Agreement to the executor, administrator, or other personal representative of the deceased, and subsequently to the person or persons entitled to distribution from the deceased's estate (or directly to the latter persons if no probate proceedings are instituted with respect to the estate), provided that each of the following conditions is fulfilled with respect to each assignment and transfer:

(a) It is shown to the Franchisor's reasonable satisfaction that the executor, administrator, personal representative, or distributee is of good moral character, and possesses the business experience and capability, credit standing, health, and financial resources necessary to successfully operate Franchisee's shop in accordance with the terms of this Agreement. The executor, administrator, personal representative, or distributee must cooperate with Franchisor in making available any information that Franchisor requires to make these determinations.

(b) The person who is to be substituted in Section 5.04 of this Agreement has been approved by Franchisor and has

successfully completed the training course then in effect for Franchisor's franchisees. On approval and completion, this Agreement will be deemed amended to insert the name of that person in Section 5.04 of this Agreement.

(c) Franchisee is not in default under any provision of this Agreement, and pays in full all amounts owed to Franchisor as of the date of death.

(d) The executor, administrator, personal representative, or distributee must have submitted to Franchisor satisfactory evidence that he or she has succeeded or otherwise become entitled to all rights of Franchisee under this Agreement, or to all rights of the deceased in Franchisee, as the case may be. If the deceased was the Franchisee, the executor, administrator, personal representative, or distributee must have executed and delivered to Franchisor a written instrument, in form satisfactory to Franchisor, by which he or she expressly assumes all obligations of Franchisee under this Agreement, whether accrued at the date of Franchisee's death or arising thereafter, and agrees to be bound by all the terms and provisions of this Agreement to the same extent and in the same manner as Franchisee. If the deceased was the owner of an interest in Franchisee, the executor, administrator, personal representative, or distributee must execute and deliver to Franchisor its then standard forms of personal guaranty and subordination agreement (limited, in the case of an executor, administrator, or personal representative to his or her representative capacity), and must execute the personal undertaking (similarly limited to that representative capacity) set forth at the end of this Agreement, following the signatures of Franchisor and Franchisee.

Any consent by Franchisor to an assignment and transfer of this Agreement or of any interest in Franchisee to the executor, administrator, or personal representative of the deceased does not constitute consent to any subsequent assignment or transfer from the executor, administrator, or personal representative to any distributee of the estate. Any consent by Franchisor to any subsequent assignment or transfer will be subject to the fulfillment, with respect to the subsequent assignment or transfer separately and specifically, of all the conditions stated in this section.

Consent to Transfer of Managerial Responsibility

Section 7.08. In the event the person designated in Section 5.04 of this Agreement ceases to comply with any one or more of the provisions of this Agreement, whether by reason of voluntary action or inaction, disability, death, or other cause (or, if two or more persons are designated in Section 5.04, then in the event all of them cease to comply), other than in connection with a transaction described in Section 7.04, 7.06, or 7.07, Franchisor will consent to the designation by Franchisee of another person or persons to be substituted, and Section 5.04 will be amended accordingly, but only if Franchisor in its reasonable discretion finds the person or persons acceptable and _____ [he or she or they] then successfully complete the training course then in effect for Franchisor's franchisees.

Time Limitation

Section 7.09. In the case of any transaction described in either Section 7.02, or 7.04 through 7.07, Franchisor will not be required to consent to the transaction unless each condition precedent to that consent requiring action by Franchisee or any third party has been fulfilled within 90 days from the date of the event giving rise to the requirement of the consent. However, if the person who is to be substituted in Section 5.04 of this Agreement has been unable to complete the required training course within the 90-day period, solely because that course has not been offered by Franchisor at an earlier date, and if all other conditions to Franchisor's consent have been fulfilled within the 90-day period, then Franchisor will consent to the transaction conditioned on successful completion of that training course by that person at the earliest practicable date.

Exclusion

Section 7.10. Nothing contained in this Article will be deemed to refer to any event referred to in subsection (b), (c), or (d) of Section 8.06, as causing automatic termination of this Agreement.

Arbitration

Section 7.11. In the event that Franchisor is required, pursuant to Section 7.04, 7.05, 7.06, 7.07, or 7.08, to grant any consent, subject to the conditions set forth in those sections and in Section 7.09, and if Franchisor fails or refuses to grant that consent, then on written demand made by Franchisee on Franchisor at any time within 10 days after Franchisee's receipt of written refusal by Franchisor to grant consent or, if no written refusal is sent by Franchisor, then at any time within 10 days after the expiration of the period defined in Section 7.09, within which the conditions to Franchisor's consent are to be fulfilled, or within 10 days after earlier written notice of Franchisee's binding election to waive the balance of that period and to stand on the circumstances then existing, the dispute must be submitted to arbitration in accordance with and subject to all the same terms, provisions, and conditions as are set forth in Section 8.03, (except subsections (e) and (f)). However, the time within which the arbitration is to be requested must be as provided in this section, and the issues of fact and law referred to in subsection (b) of Section 8.03, will be those whose determination is needed to determine whether Franchisor is required, pursuant to and subject to all the conditions of Sections 7.04, 7.05, 7.06, 7.07, or 7.08, and of Section 7.09, to grant that consent.

If Franchisee makes proper and timely written demand for arbitration pursuant to this section, then Franchisor must grant the requisite consent promptly after the termination of the proceedings in favor of Franchisee, either by final decision or award by the arbitrator or by entry of a final and nonappealable order of any court of competent jurisdiction in which lawful review of the arbitrator's decision or award may be sought by Franchisor or Franchisee. Franchisor is not liable to Franchisee for any damage alleged to have accrued to Franchisee by reason of the fact that the Franchisor's consent was delayed until termination of the arbitration proceedings.

If Franchisee fails to serve proper written demand for arbitration as set forth in this section within the specified time, Franchisee will be barred from seeking any relief, whether by way of arbitration or by way of action or defense in any court, with respect to any matter or issue that was subject to arbitration pursuant to this section.

Assignability by Franchisor

Section 7.12. This Agreement may be assigned by Franchisor or by any hereafter referred to successor, to any corporation that may succeed to the business of Franchisor or of the successor by sale of assets, merger, or consolidation, and may also be assigned by Franchisor or by the successor to the shareholder or shareholders in connection with any distribution of the assets of that corporation.

ARTICLE 8. DEFAULT AND TERMINATION

Termination by Franchisee

Section 8.01. Franchisee may terminate this Agreement at any time, at the will of Franchisee and without cause, by giving Franchisor written notice of termination at least 30 days before the date of termination.

Termination by Franchisor

Section 8.02. (a) In the event Franchisee fails to make any payment of money owed to Franchisor when due, or fails to

submit to Franchisor when due any report required by this Agreement and that default is not totally cured within 30 days after Franchisor gives written notice of the default to Franchisee, then Franchisor may terminate this Agreement at any time thereafter by giving written notice of termination to Franchisee.

(b) In the event Franchisee fails to perform any obligation imposed on Franchisee by this Agreement, other than those referred to in subsections (a) and (d) of this section, and the default is not totally cured within 30 days after Franchisor gives written notice of the default to Franchisee, then Franchisor may terminate this Agreement at any time thereafter by giving written notice of the termination to Franchisee. However, if the default is of such a nature that it is not capable of being totally cured with reasonable diligence by Franchisee within the 30-day period, then this Agreement may not be terminated by Franchisor if Franchisee has commenced, immediately on receipt of the notice, to exercise reasonable diligence to cure the default, Franchisee continues to be diligently engaged in curing the default on the expiration of the 30-day period, and the curing is completed as soon after the expiration of the 30-day period as is reasonably practicable.

(c) In the event Franchisee has been given written notice of default by Franchisor _____[*e.g.*, 3] times within any period of 12 consecutive months pursuant to subsections (a) and/or (b), above, and in each of the previous instances Franchisee has cured the default within the time permitted, then in the event Franchisee again fails, within that 12-month period, to perform any obligation referred to in subsection (a) or (b), Franchisor may at any time thereafter terminate this Agreement forthwith, without giving prior notice of default and without affording Franchisee any period within which to cure the default, by giving written notice of termination to Franchisee.

(d) Franchisor may terminate this Agreement forthwith, by giving written notice to Franchisee, on account of any of the following matters:

(a) Any willful and material falsification by Franchisee of any report, statement, or other written data furnished to Franchisor. Any report submitted pursuant to Article 6 will be conclusively deemed to be materially false if it understates net revenue by more than _____ [*specify, e.g.*, 5 percent].

(b) Any willful and repeated deception of customers by Franchisee, relating to the source, nature, or quality of goods sold, or relating to the applicable terms of any of Franchisor's guaranties.

(c) Any attempted or purported assignment of this Agreement not in compliance with Sections 7.02 through 7.11, provided that if Franchisor does not elect to exercise its right to terminate this Agreement pursuant to this subsection, this inaction will not be deemed to (1) constitute a consent to the assignment or (2) confer any rights or interest whatever on the purported assignee. However, this Agreement remains binding and in full force and effect as between Franchisor and Franchisee unless and until Franchisor elects to terminate the Agreement.

(d) Any willful and repeated refusal to honor any of the Franchisor's guaranties or any willful and repeated issuance of guaranties other than those permitted and authorized by this Agreement.

(e) Any act or omission described in subsection (c) or (d), above, will be conclusively deemed to be willful and repeated if it occurs after written notice from Franchisor to cease and desist. Nothing in the preceding sentence may be construed to mean that acts or omissions described in either of those subsections may not be considered to be willful and repeated in the absence of notice from Franchisor. Any notice of termination given by Franchisor pursuant to this subsection is fully effective, and this Agreement is terminated, notwithstanding that Franchisee may have ceased engaging in, or may not at the time of the notice be engaged in, any of the acts which give rise to the notice, and notwithstanding that Franchisee may have taken steps to counteract the effects of any these acts.

Arbitration

[For an alternative arbitration provision, see § 51.250[2]]

Section 8.03. In the event that Franchisor gives to Franchisee any notice of default and/or notice of termination pursuant to Section 8.02, and Franchisee disputes the right of Franchisor to terminate this Agreement pursuant to that notice or notices, then on written demand made by Franchisee on Franchisor at any time before or within 10 days after notice of termination, the dispute will be submitted to arbitration in accordance with the rules and procedures for commercial arbitration of the American Arbitration Association or any successor organization, and in accordance with and subject to all the provisions of the Uniform Arbitration Act as in force in the State of _____. The place of arbitration will be _____ [city], _____ [state].

(a) The procedure for selection of the arbitrator will be as may then be prescribed by the Association or its successor. If the Association or a successor is not in existence or does not provide an arbitration procedure, then Franchisor and Franchisee will each select one arbitrator and those two arbitrators will select a third. In the event of the death, resignation, or disability of any arbitrator, a successor will be chosen in the same manner as the arbitrator being succeeded.

(b) The arbitrator or arbitrators have full authority to determine all issues of fact and of law necessary to determine whether Franchisor has the right to terminate this Agreement pursuant to the notice or notices given. The determination of the arbitrators will be final and conclusive on the parties, subject only to the provisions of the Uniform Arbitration Act. Any determination of an issue of fact or law made by the arbitrators, however, binds the parties only with respect to and in connection with the particular arbitration proceeding and the specific final decision or award of the arbitrators, and does not bind the parties nor will it be admissible in any other proceeding or for any other purpose. Nothing in this Agreement prevents any party from enforcing the specific decision or award of the arbitrators by any appropriate and lawful means.

(c) The costs of arbitration (not including attorneys' fees) will be taxed and borne as provided in the Uniform Arbitration Act.

(d) The arbitrators do not have the authority to decide any issue other than those expressly set forth above. In no event do the arbitrators have authority to award or assess damages to or against any party.

(e) The serving of a proper and timely demand for arbitration suspends the running of any period for curing a default or the effectiveness of any termination of this Agreement until the decision or award of the arbitrator is made. If the decision or award is in favor of Franchisor, the curative period immediately resumes running or the termination takes immediate effect, notwithstanding the pendency of any proceedings to modify, set aside, or vacate the decision or award, whether taken or brought before the arbitrators or in any court.

(f) If Franchisee fails to serve proper written demand for arbitration within the time specified, Franchisee will be barred from seeking any relief, whether by way of arbitration or by way of action or defense in any court, with respect to any matter or issue that was subject to arbitration in accordance with this section.

Notice of Default or Termination

Section 8.04. No notice of default or notice of termination purporting to be given pursuant to this Article 8 will be of any force or effect unless signed by a corporate officer of Franchisor. [Optional: Regional directors, district managers, and other agents of Franchisor having authority with respect to a specific geographic area will in no event be deemed corporate officers for purposes of this section.]

Nonexclusive Remedy

Section 8.05. The right of Franchisor to terminate this Agreement pursuant to this Article, whether or not exercised, is not exclusive of any other remedies given Franchisor by this Agreement, or by law on account of any default by Franchisee under this Agreement.

Automatic Termination

Section 8.06. This Agreement terminates immediately on the occurrence of any of the following events, without the necessity of notice of any kind by Franchisor or Franchisee:

- (a) Any termination of Franchisee's right to possession of the premises designated in Section 2.01, subject however, to the provisions of Sections 2.07 through 2.10.
- (b) The Franchisee has been subject to an order for relief in bankruptcy, or the filing of any petition by or against Franchisee, under the federal bankruptcy laws or the laws of any state or territory relating to relief of debtors, for reorganization, arrangement, or other similar relief, unless the petition filed against Franchisee is dismissed within 30 days.
- (c) The making by Franchisee of a general assignment for the benefit of creditors.
- (d) The appointment of any receiver, trustee, sequestrator, or similar officer to take charge of Franchisee's business, or any attachment, execution, levy, seizure, or appropriation by any legal process of Franchisee's interest in this Agreement, unless the appointment of the officer is vacated or discharged or the effect of that legal process is otherwise released within 30 days.
- (e) If Franchisee is a corporation, partnership, or other business association, the occurrence of any act of a type described in subsection (b) or (d), above, that relates to, involves, or affects the interest of any person owning a controlling interest in Franchisee.

Relief in Equity

Section 8.07. Franchisee agrees that neither termination of this Agreement, nor an action at law, nor both, would be an adequate remedy for a breach or default by Franchisee, or by any other persons bound by this Agreement, in the performance of any obligation relating to Franchisor's Proprietary Marks or Indicia, the trade secrets revealed to Franchisee in confidence pursuant to this Agreement, Franchisor's guaranties, or the obligations of Franchisee and other persons, on and after termination of this Agreement. It is agreed that in the event of any such breach or default, in addition to all other remedies provided elsewhere in this Agreement or by law, Franchisor will be entitled to relief in equity (including a temporary restraining order, temporary or preliminary injunction, and permanent mandatory or prohibitory injunction) to restrain the continuation of any breach or default, or to compel compliance with the provisions of this Agreement.

Liquidated Damages

Section 8.08. Franchisor, Franchisee, and all other parties bound under this Agreement, mutually acknowledge that it would be difficult to ascertain the exact amount of damages incurred by Franchisor in the event of any breach of this Agreement or default, as defined in this Article, and that, in addition to all other remedies provided elsewhere in this

Agreement or by law, Franchisor will be entitled to recover from all parties, jointly and severally, as and for its liquidated damages, the sum of \$_____ for each day's continuance of the breach or default after written notification by Franchisor to Franchisee. It is agreed that this sum represents a reasonable estimate of the damage that would accrue to Franchisor, reserving to Franchisor the right to recover such other or additional damages as may be provided by law.

Obligations After Termination

Section 8.09. On termination of this Agreement, whether by lapse of time, by termination pursuant to any provision of this Article, by mutual consent of the parties, by operation of law, or in any other manner whatsoever, and in the absence of renewal of this Agreement pursuant to Article 9, Franchisee will cease to be an authorized _____[*name of franchise business*] franchisee as to any products or services whatsoever, and Franchisee and all persons directly or indirectly owning any interest in Franchisee or in any way associated with or related to Franchisee will:

- (a) Promptly cause Franchisee to pay Franchisor all liquidated or ascertainable sums owing from Franchisee to Franchisor, without set-off or other diminution on account of unliquidated claims.
- (b) Immediately and permanently discontinue the use of any of Franchisor's Proprietary Marks or Indicia or the System, or any marks, names, or indicia that in the opinion of Franchisor are confusingly similar thereto, or any other materials that may in any way indicate or tend to indicate that Franchisee is or was an authorized franchisee of Franchisor, or is or was in any way associated with Franchisor.
- (c) Immediately and permanently remove, destroy, or obliterate, at Franchisee's expense, all signs containing any of the marks, names, indicia, or other things the use of which is prohibited by subsection (b), above, and will also sell to Franchisor, f.o.b., Franchisee's shop, any of the aforesaid signs requested by Franchisor, at a price equal to the original installed cost to Franchisee minus a reasonable allowance for depreciation, wear and tear, and obsolescence.
- (d) Promptly destroy or surrender to Franchisor all stationery, letterheads, forms, printed matter, promotional displays, and advertising containing any of the marks, names, indicia, or other things the use of that is prohibited by subsection (b), above.
- (e) Immediately and permanently discontinue all advertising placed by Franchisee as an authorized franchisee of Franchisor or that contains or makes reference to any of the marks, names, indicia, or other things the use of which is prohibited by subsection (b), above, and will cancel all advertising already placed or contracted for that would otherwise be published, broadcast, displayed, or disseminated after the date of the termination of this Agreement.
- (f) Immediately cease using or claiming any right to use any telephone number that Franchisor, as the subscriber, has allowed Franchisee to use during the term of this Agreement, and pay all bills incurred for the period during which Franchisee used those number or numbers. As to each telephone number for which Franchisee may be the subscriber and that have been listed or advertised by Franchisee at any time within the 24-month period before termination in any telephone directory or other medium in connection with any of the Proprietary Marks or any similar designation, Franchisee will immediately transfer and assign the number to Franchisor or to the person or firm designated by Franchisor, and must immediately execute any instruments and take any steps that the Franchisor reasonably believes necessary or appropriate to transfer and assign each telephone number. Franchisee further irrevocably appoints the then acting President of _____[*franchisor's corporate name*] or its successor as Franchisee's duly authorized agent and attorney-in-fact to execute all instruments and take all steps to transfer and assign each telephone number.

(g) Immediately and permanently discontinue any use of the name " _____ " [name of franchise business] or any word confusingly similar name in Franchisee's firm name, corporate name, or trade name, and take all steps as necessary or appropriate in the opinion of Franchisor to change those names to eliminate the name " _____ " [name of franchise business] or any word confusingly similar to that name.

(h) Sell to Franchisor, f.o.b., Franchisee's shop, all or any part of inventories of genuine products bearing Franchisor's Proprietary Marks or Indicia on hand as of the date of termination as Franchisor may request in writing before or within 30 days after the date of termination at the current published prices then being charged by Franchisor to authorized franchisees operating under agreements in form similar to this Agreement, not including any costs of storage or transportation paid by Franchisee to bring the goods initially to the shop, minus all costs incurred or to be incurred by Franchisor to restore the goods or packaging to a salable condition, and minus a reasonable allowance for physical deterioration, obsolescence, or damage to the extent not restored under the preceding clause. Franchisor has the right to set off and apply any amounts due to Franchisee pursuant to this subsection against any and all other amounts that may be due from Franchisee to Franchisor. [Optional: Franchisee will surrender all guaranty certificates in Franchisee's possession or control.]

(i) Refrain from doing anything tending to indicate that Franchisee is or was an authorized franchisee of Franchisor, or is or was in any way associated with Franchisor.

General Provisions Regarding Termination

Section 8.10. (a) Termination of this Agreement under any circumstances does not abrogate, impair, release, or extinguish any debt, obligation, or liability of Franchisee to Franchisor that may have accrued under this Agreement, including without limitation, any debt, obligation, or liability that was the cause of termination or arose out of that cause.

(b) All covenants and agreements of Franchisee that by their terms or by reasonable implication are to be performed, in whole or in part, after the termination of this Agreement survive termination.

(c) In the event this Agreement is assigned by Franchisee and that assignment is consented to by Franchisor, this Agreement will be deemed to have terminated as to the assignor or assignors as of the date of that consent, and the assignor or assignors will then be bound by all provisions of Section 8.09, above, (except subsection (h)) and this section to the same extent and in the same manner as if this Agreement had been terminated in its entirety as of that date.

(d) Nothing contained in Section 8.09 will be deemed to apply to or affect the operation by Franchisee or by any other party bound thereby of a _____ [name of franchise business] shop at any other location pursuant to and in accordance with the provisions of any other valid and outstanding agreement with Franchisor.

ARTICLE 9. EXPIRATION AND RENEWAL

Expiration

Section 9.01. Unless sooner terminated or modified in accordance with the provisions of this Agreement, the expiration date of this Agreement and the right, franchise, and license granted is _____ [specify date or _____ (e.g., 10 years from the date of this Agreement or 10 years from the last day of the month following the month in which Franchisee's shop first opens for business)].

Renewal Option

Section 9.02. Subject to the provisions of Section 9.07, and pursuant to *Bus. & Prof. Code § 20025*, Franchisee is granted an option to extend this Agreement for a successive _____ [e.g., 10-year] period. This option may be exercised by Franchisee at its sole election by sending to Franchisor written notice of its intention to do so, by _____ [specify type of mail] mail, at least _____ [number, e.g., 90 days] before the expiration date specified in *Section 9.01, above*. On payment of the renewal fee at least _____ [number] days before the expiration date, the franchise will be renewed for an additional _____ [number] years.

Renewal Fee

Section 9.03. The renewal fee is _____ [set forth formula or other terms, e.g., _____ percent of Franchisee's gross revenues for the fiscal year immediately preceding exercise of the renewal option referred to in Section 9.02, or the initial franchise fee specified in franchise agreements then being used by Franchisor].

Royalties After Renewal

9.04. At the beginning of the renewal period, the royalties payable to Franchisor _____ [may be adjusted, at the option of Franchisor, to equal the unweighted average of the royalty rates then currently being paid by all other existing franchisees or will be the same as the royalties provided for in franchise agreements then being used by Franchisor].

Conditions for Renewal Option

Section 9.05. Franchisee may not exercise the renewal option referred to in *Section 9.02, above*, unless all amounts to be paid by Franchisee to Franchisor are currently paid, and no default under this Agreement exists uncured five days after the Franchisee has received written notice of any overdue amounts. Even if no default exists, Franchisor may revoke the renewal option and refuse to allow renewal if, during the franchise period, Franchisee has repeatedly and unreasonably been in material default of this Agreement. Franchisor and Franchisee agree that, for the purposes of this section, repeated, unreasonable, material default includes, but is not limited to, failure to make at least _____ percent of all payments and reports within _____ [number] days of the date they are actually due. It is further agreed that repeated, unreasonable, material default also includes, if Franchisee's sales have been consistently low as compared with all franchisees similarly situated over at least a _____ [number]-year period, Franchisee's consistently demonstrated unwillingness to take remedial actions as recommended by Franchisor to improve Franchisee's sales and marketing methods, in accordance with Franchisee's obligations under Article 5 of this Agreement.

Remodeling Requirement

Section 9.06. As a further condition of renewal, Franchisee will remodel, redecorate, or otherwise update its franchise premises to conform with the then current physical appearance of new comparably located _____ [name of franchise business] shops, to the extent that the work can be accomplished within the physical, architectural, and design limitations and requirements applying to the existing shop or at its location. Completion of this work at any time within two years before the expiration of this Agreement or actual commencement of the work, or a written agreement to do the work within two years after the renewal date, will be deemed to meet this

requirement. The requirement for remodeling, redecoration, or updating specified in this Agreement must be reasonably construed, taking into account marketing conditions (including past and projected revenues of Franchisee), community and local market size, competition, and the effectiveness of the existing design of Franchisee's premises. The completion of the work, or the agreement to do the work, is a condition precedent to any renewal of this franchise. In the event that Franchisee agrees to perform the work and then fails to complete the same within 21/2 years after the renewal date, this franchise will expire at the end of that 21/2 -year period.

Franchisor's Election Not to Renew

Section 9.07. In the event Franchisor determines that Franchisee would not have the right to exercise the renewal option referred to in Section 9.02, pursuant to Section 9.05, and Franchisor is unwilling to renew the right, franchise, and option granted by this Agreement, Franchisor must mail to Franchisee, by _____[*type of mail*] mail, not less than _____[*number of months, earlier than time given franchisee to exercise option, e.g., nine months*] before expiration, a Notice of Probable Intention Not to Renew ("Notice"). This Notice must set forth the acts and/or omissions of Franchisee that constitute the reasons under this Agreement that Franchisor is unwilling to renew.

In the event Franchisor is convinced that Franchisee is incapable of fulfilling its obligations under this Agreement, Franchisor will then send to Franchisee a Notice of Refusal to Renew by registered or certified mail at least _____[*number of months, which must be less than that for original notice, greater than 180 days, and greater than period given to franchisee to exercise option, e.g., six months*] before the expiration of this Agreement. The notice must state the reasons for the refusal to renew and the effective date of the nonrenewal or expiration of this Agreement. To the extent permitted by *Bus. & Prof. Code § 20025*, the Notice of Refusal to Renew will be deemed to supersede, revoke, and otherwise withdraw the option of Franchisee to renew.

In the event Franchisor is satisfied that Franchisee is able to and will correct any uncured deficiencies claimed in its Notice of Probable Intention Not to Renew, Franchisee will be so advised and will be allowed to exercise its option to renew referred to in Section 9.02.

ARTICLE 10. MISCELLANEOUS PROVISIONS

"Franchisee"

Section 10.01. On any effective assignment of Franchisee's interest in this Agreement, any and all references to "Franchisee", unless the context otherwise requires, will refer to the assignee.

Section Headings

Section 10.02. Section headings are for convenience of reference only. They are not construed as part of this Agreement and do not limit or define the meaning of any provision in this Agreement.

Cost of Enforcement or Defense

Section 10.03 In the event Franchisor is required to employ legal counsel or to incur other expense to enforce any obligation of Franchisee under this Agreement, or to defend against any claim, demand, action, or proceeding by reason of Franchisee's failure to perform any obligation imposed on Franchisee by this Agreement, and provided that legal action is filed by or against Franchisor and the action or its settlement establishes Franchisee's default, then Franchisor will be entitled to recover from Franchisee the amount of all reasonable attorneys' fees and all other costs and expenses

incurred in enforcing the obligation or in defending against that claim, demand, action, or proceeding, whether incurred before, in preparation for, or in contemplation of the filing of an action or thereafter. Nothing contained in this section relates to arbitration proceedings pursuant to this Agreement.

Remedies Cumulative

Section 10.04. All rights and remedies conferred on Franchisor by this Agreement and by law are cumulative of each other, and neither the exercise nor the failure to exercise any right or remedy precludes the exercise of any other right or remedy.

Nonwaiver

Section 10.05. No failure by Franchisor to take action on account of any default by Franchisee, whether in a single instance or repeatedly, constitutes a waiver of any default or of the performance required of Franchisee. No express waiver by Franchisor of any provision or performance under this Agreement or of any default by Franchisee will be construed as a waiver of any other or future provision, performance, or default.

Invalidity and Severability

Section 10.06. If any provision of this Agreement is found to be invalid or unenforceable, either in its entirety or by virtue of its scope or application to given circumstances, that provision will be deemed modified to the extent necessary to render the same valid, as not applicable to the given circumstances, or to be excised from this Agreement, as the situation may require. This Agreement will be construed and enforced as if that provision had been included in this Agreement as so modified in scope or application, or had not been included in this Agreement, as the case may be. It is the stated intention of the parties that had they known of any invalidity or unenforceability at the time of entering into this Agreement, they would have nevertheless contracted on the terms contained in this Agreement, either excluding those provisions, or including those provisions only to the maximum scope and application permitted by law, as the case may be. If the total or partial invalidity or unenforceability of any provision of this Agreement exists only with respect to the laws of a particular jurisdiction, this section operates on that provision only to the extent that the laws of that jurisdiction are applicable to that provision.

Notices

Section 10.07. Any notice or demand given or made pursuant to the terms of this Agreement must be served in the following manner:

(a) If given to Franchisor, notices and demands must be sent by *[type of mail]* mail, postage fully prepaid, addressed to _____ *[franchisor's corporate name]*, _____ *[street address]*, _____ *[city, state, zip]*, or at the changed address or addresses as Franchisor may from time to time designate.

(b) If given to Franchisee, notices and demands must be delivered personally to person (or any one of the persons) designated in Section 5.04, or be sent by _____ *[type of mail]* mail, postage fully prepaid, addressed to Franchisee at the address of Franchisee's shop as shown in Section 2.01.

(c) Notices and demands will be deemed to have been given or made, and deemed effective, on receipt, provided that any demand for arbitration or any relocation notice pursuant to Section 2.10, will be deemed to have been given or

made, and deemed effective, when mailed in accordance with this section, provided that the same is received by Franchisor within five business days after expiration of the period for giving or making that demand or notice.

Entire Agreement

Section 10.08. This Agreement, together with any written lease or sublease of the shop premises described in Section 2.01, entered into between Franchisee and Franchisor or any of its subsidiaries or affiliated corporations, constitutes and contains the entire agreement and understanding of the parties with respect to the subject matter of the franchise. There are no representations, undertakings, agreements, terms, or conditions not contained or referred to in this Agreement or in any lease or sublease.

This Agreement supersedes and extinguishes any prior written agreement between the parties relating to the shop location described in Section 2.01. However, this Agreement does not abrogate, impair, release, or extinguish any debt, obligation, or liability of Franchisee to Franchisor that accrued before the execution of this Agreement, nor cancel any credit owned by Franchisor to Franchisee at that time. Further this Agreement does not abrogate or impair any understandings or approvals relating to plans and specifications for the shop building and premises, or the equipment and opening inventory. Nothing contained in this Agreement affects or relates to any agreement between the parties or any of them relating to any shop location other than the one described in Section 2.01, except as expressly stated in Section 5.04.

Binding Effect

Section 10.09. Subject to all the provisions of Article 7 and Section 8.10(c), above, this Agreement is binding on and inures to the benefit of the parties (including the parties whose signatures follow those of Franchisor and Franchisee) and their respective heirs, executors, administrators, personal representatives, successors, and assigns.

Governing Law

Section 10.10. The validity of this agreement and of any of its terms or provisions, as well as the rights and duties of the parties under this agreement, shall be construed pursuant to and in accordance with the laws of _____ [*specify jurisdiction, e.g., the state of California*].

Counterparts

Section 10.11. This Agreement may be executed in any number of identical counterparts, and each counterpart will be deemed a duplicate original of this Agreement.

CHAPTER 51 FRANCHISE AGREEMENTS
PART IV. FORMS
B. AGREEMENTS

21-51 California Legal Forms--Transaction Guide § 51.211

§ 51.211 Franchise Agreement-Restaurant/Fast Food Franchise

[1] Comment

[a] Use of Form

This form is a franchise agreement containing provisions peculiar to restaurant or fast food types of franchise operations. The form also includes certain provisions that are found in all types of franchise agreements, either set forth as alternatives to language found in the complete basic franchise agreement form illustrated in § 51.210[2] or by cross-reference to that form. For further comment regarding the use and drafting of franchise agreements, see § 51.210[1].

[b] Default and Termination

A franchisor may not terminate a franchise without good cause [*Bus. & Prof. Code § 20020*]. Section 9.01(a)-(c) describes events under which immediate termination is "deemed reasonable" under the statute, which presumably means with good cause [*see Bus. & Prof. Code § 20021*]. A franchisor intending to terminate on any of the remaining grounds could avoid litigation over the existence of good cause by first giving the franchisee written notice of the default and a reasonable opportunity, which need not exceed 30 days, to cure. Failure to comply with any requirement of the franchise agreement within a reasonable time after notice constitutes good cause for termination [*Bus. & Prof. Code § 20020*].

Although the statute is ambiguous on this point, a franchisor intending to terminate should provide written notice of intent to terminate, with a statement of the effective date and the reasons for the action [*Bus. & Prof. Code § 20030*]. The notice should be personally delivered to the franchisee or sent by telegram or registered or certified mail [*Bus. & Prof. Code § 20030*].

II. Proprietary Rights

Franchisor is the sole and exclusive owner of all proprietary and other property rights and interests in and to the trade names and/or trademarks "_____, "_____, and "_____ " [set forth all marks and names], and all other trademarks and service marks used in connection with this System, including but not limited to those trademarks, service marks, and rights residing in the appearance of buildings, signs, and portions thereof by which the franchise and the products are known and identified.

Provided that Franchisee fully, faithfully, and timely performs all obligations under this Agreement, Franchisee may renew the franchise granted under this Agreement for successive terms of _____ [number] years each on the expiration of the then current term. Any failure by Franchisee to perform its obligation under this Agreement that does not constitute grounds for nonrenewal under *California Business and Professions Code Sections 20025, 20020, and 20021* does not affect Franchisee's right to renew. Regardless of any nonperformance under this Agreement, Franchisee may renew the franchise if the Franchisee has not received, within 180 days before the expiration of this Agreement, Franchisor's written notice of intention not to renew. The notice of intention not to renew must state the reasons for nonrenewal and the effective date of nonrenewal or expiration, and it must be delivered personally to Franchisee or sent by registered or certified mail.

Any relocation is at Franchisee's sole expense. On relocation outside the exclusive area designated in Section 1.05, below, Franchisee will be accorded a new exclusive area as determined by Franchisor in its

sole discretion.

Exclusive Area

Section 1.05. To facilitate the successful development of the franchised business and to protect Franchisee's investment, Franchisor grants to Franchisee the exclusive right to operate a _____[*name of franchise business*] restaurant within the following area: _____[*describe area*]. Franchisee will pay this royalty for each month on or before the last day of the month following the month for which payment is due during the operation of the franchised business. Franchisee will bear the cost of duplicating these plans and specifications and the cost of adapting the same to the franchised business premises. Section 4.01. Franchisee agrees that the premises from which Franchisee will conduct the franchised business will be _____ [constructed or improved] by Franchisee at Franchisee's expense at the location designated in Section 1.01, in strict accordance with the plans and specifications made available to Franchisee pursuant to Section 3.02. Section 4.04. Franchisee agrees to maintain a high and uniform standard of cleanliness and sanitation in the operation of the franchise premises and to conduct the franchised business in accordance with the standards, procedures, and methods established and prescribed by Franchisor from time to time. Adherence to Manual and Standards

Section 4.07. Franchisee agrees that adherence to the manual and to Franchisor's standardized design and specifications for decor of the franchised business premises and uniformity of equipment, layout, signs, menus, and other incidents of the franchised business are essential to the image and goodwill of the franchise. In recognition of the mutual benefits accruing from the maintenance of uniformity of appearance, service, products, and marketing procedures, it is mutually agreed as follows:

- (a) Except as specifically authorized by Franchisor, Franchisee will not alter the appearance of the premises, or the improvements to the premises necessitated by this Agreement. Franchisee will promptly make all repairs and alterations to the premises and improvements as may be determined by Franchisor to be reasonably necessary.
- (b) Franchisee agrees to display Franchisor's trade names and trademarks at the premises in the manner authorized by Franchisor. Franchisee further agrees to maintain and display signs of the color, size, and design and in the locations specified by Franchisor. As items of equipment become obsolete or in need of replacement, Franchisee will replace them with the same or substantially similar types and kinds of equipment as are being installed in _____ [name of franchise business] restaurants when replacement becomes necessary. All equipment used in Franchisee's restaurant must meet Franchisor's specifications.
- (d) Pay telephones, newspaper racks, jukeboxes, gum machines, games, rides, or coin vending machines will not be installed on the premises without the prior written approval of Franchisor. However, Franchisor will not object to the installation of _____ [specify, e.g., _____ (number) cigarette vending machines and _____ (number) pay telephones in locations that meet Franchisor's specifications].

- (f) Franchisee agrees that cups, containers, napkins, paper goods, packaging, and other items imprinted with Franchisor's trade name, trademark, or other indicia will be purchased by Franchisee through a supplier or manufacturer approved in writing by Franchisor. Franchisor agrees to assist Franchisee in establishing approved sources for these items. Franchisor further agrees to assist Franchisee in establishing approved sources of supply of food items or ingredients.
- (g) Regardless of any provision in this Agreement, if Franchisee gives Franchisor notice sufficiently in advance to

permit Franchisor to verify adherence to Franchisor's standards and specifications, that Franchisee desires to purchase equipment, food supplies, containers, or other products from reputable, dependable sources other than those previously approved, Franchisor will not unreasonably withhold the prompt approval of purchase, provided that the items purchased conform to the appearance, quality, size or portion (and, where applicable, taste), and uniformity standards and other specifications of Franchisor. Franchisor may require that samples from these alternative suppliers be delivered to Franchisor for testing before approval and use. Further, Franchisor may charge and Franchisee will pay an amount, not to exceed the actual costs of testing.

Refurbishments

Section 4.08. Franchisee agrees to effect any refurbishment of the franchised business premises as Franchisor may from time to time require to maintain or improve the appearance and efficient operation of the franchised business and/or increase its sales potential. This duty of disclosure applies regardless of whether Franchisor's facilities, materials, or personnel are utilized in the conception or making of the discoveries or ideas. Franchisee acknowledges and agrees that all such discoveries and ideas are the exclusive property of Franchisor, and that Franchisor has no obligation to Franchisee with respect to them.

[OR]

All payments to this account will be made on or before the last day of each month.

Franchisor warrants that all sums in the account will be used for advertising purposes. Franchisor will maintain good and adequate books and records of each expenditure and hold these books and records available for inspection by Franchisee at all reasonable times.

Promotion of Business

Section 4.14. Franchisee will diligently and fully exploit all rights under this Agreement in every manner by devoting best efforts and adequate time to the operation of the franchise business. Franchisee will not be involved in any conflicting enterprises or any other activities that would be detrimental to or interfere with either the operation of the franchise or with any similar establishment conducted by another franchisee of Franchisor.

Franchisee will neither directly or indirectly induce or attempt to induce such person to leave his or her employment.

ARTICLE 5. USE OF SYSTEM

Use or Duplication of System

Section 5.01. Franchisee acknowledges that Franchisor is engaged in nationwide franchising of the System and that Franchisor's franchises are valuable because its franchisees obtain the benefit of a System that provides expert and experienced organization, meticulous instruction in every detail of building, planning, equipping, purchasing, accounting, marketing, promotion, advertising, and operation of a _____ [*describe restaurant, e.g., self-service, carry-out food*] establishment, including the goodwill of a nationally established name and reputation. Franchisee further acknowledges that any appropriation or duplication of this System or any part of this System for any use or purpose other than for the operation of the establishment at the location specified in this Agreement will seriously impair the value of Franchisor's national franchising business, as well as the value of the franchises granted by Franchisor to all of its franchisees throughout the United States. Accordingly, Franchisee agrees that, except as to any of Franchisor's establishments operating under bona fide franchises granted by Franchisor or any direct or beneficial ownership in a company listed on any national exchange, Franchisee, for the duration of this Agreement, without the prior written consent of Franchisor, will not directly or indirectly engage in or acquire any financial or beneficial interest in any business, or otherwise directly or indirectly use or duplicate the System (or any portion of the System) at any location other than that specified in this Agreement at which food or beverages are dispensed by any establishment that is the same as or similar to the franchised business other than pursuant to this Agreement.

Trade Secrets

Section 5.02. Franchisee acknowledges that Franchisor is the owner of all proprietary rights in and to the System and each and every part of the System, as well as the material and information now and subsequently provided and/or revealed to Franchisee under this Agreement relating to the System. Franchisee further acknowledges that the System, in its entirety, constitutes trade secrets of Franchisor, that they are revealed to Franchisee in confidence, and that no right is given to or acquired by Franchisee to disclose any portion of the System. Franchisee covenants and agrees to keep and respect the confidentiality of these matters.

Ownership of Names, Marks, Goodwill

Section 5.03. Franchisee acknowledges that Franchisor is the sole owner of all names and marks and goodwill associated with the System, now or subsequently associated with the System, and used in connection with the System. Franchisee, by this Agreement, acquires no right, title, or interest in or to the same whatsoever, other than the right to use the same in the manner prescribed and approved by Franchisor and in accordance with this Agreement.

Violation as Breach

Section 5.04. Franchisee agrees that any violation of the provisions of Sections 5.01 through 5.03 of this Agreement will be deemed to be a substantial breach of this Agreement and will give Franchisor the right to terminate this Agreement in accordance with the terms and provisions of Article 9 of this Agreement.

ARTICLE 6. RELATIONSHIP OF PARTIES

Franchisor's Control

Section 6.01. Franchisee will be responsible to Franchisor only for the requirements and results specified by this Agreement. Franchisee is not subject to Franchisor's control with respect to the physical actions or activities of Franchisee or of Franchisee's employees or agents in connection with the operation of the franchised business or Franchisee's fulfillment of the requirements of this Agreement, except as specifically provided in this Agreement.

Scope of Authority

Section 6.02. Franchisee is, and at all times during the term of this Agreement will represent and conduct himself or herself as, an independent contractor and not as an agent of Franchisor. Franchisee does not have the authority, express or implied, to bind or obligate Franchisor in any way.

ARTICLE 7. LIABILITY INSURANCE AND INDEMNITY

Insurance Coverage

Section 7.01. Franchisee agrees to carry products liability insurance and public liability insurance in amounts not less than \$_____ per person and \$_____ per incident for bodily injury, and \$_____ property damage covering the franchised business and its premises and products. Franchisee further agrees to name Franchisor as an additional insured in all insurance policies procured pursuant to this Article.

Indemnity

Section 7.02. Franchisee covenants and agrees that if Franchisor is or becomes, without fault on franchisor's part, or is made or becomes a party to any suit by reason of this Agreement or by any act or omission by Franchisee under this Agreement, Franchisee will pay all costs and expenses, including attorneys' fees, incurred by or imposed on Franchisor by or in connection with the litigation.

ARTICLE 8. ASSIGNMENT

[See § 51.210[2], Article 7 for alternative assignment provisions.]

Section 8.01. Neither this Agreement nor any interest in this Agreement may be assigned by Franchisee unless Franchisee secures the prior written consent from Franchisor. If consent is given, Franchisee will continue to be obligated for the performance of Franchisee's obligations under this Agreement, notwithstanding the grant of that consent.

ARTICLE 9. DEFAULT AND TERMINATION

Termination On Default

Section 9.01. Franchisor, at its option and without prejudice to any and all legal and equitable remedies that Franchisor may otherwise have or under the terms of this Agreement, may immediately terminate the franchise granted under this Agreement on the occurrence of any of the following events of default:

(a) The franchisee or the franchise has been subject to an order for relief in bankruptcy, is judicially determined to be insolvent, all or a substantial part of the franchise's assets are assigned to or for the benefit of creditors, or the franchisee

admits its inability to pay its debts as they come due.

(b) The franchisee abandons the franchise by failing to operate the business for five consecutive days during which the franchisee is required to operate the business under the terms of the franchise, or any shorter period after which it is not unreasonable under the facts and circumstances for the franchisor to conclude that the franchisee does not intend to continue to operate the franchise. Exceptions include a failure to operate due to fire, flood, earthquake, or other similar causes beyond the franchisee's control.

(c) The franchisor and franchisee agree in writing to terminate the franchise.

d) The franchisee makes any material misrepresentations relating to the acquisition of the franchise business or the franchisee engages in conduct that reflects materially and unfavorably on the operation and reputation of the franchise business or system.

(e) The franchisee fails, for a period of 10 days after notification of noncompliance, to comply with any federal, state, or local law or regulation applicable to the operation of the franchise.

(f) The franchisee, after curing any failure in accordance with *Business and Professions Code Section 20020*, engages in the same noncompliance whether or not that noncompliance is corrected after notice.

(g) The franchisee repeatedly fails to comply with one or more requirements of the franchise, whether or not corrected after notice.

(h) The franchised business or its business premises are seized, taken over or foreclosed by a government official, or seized, taken over, or foreclosed by a creditor, lienholder or lessor, if a final judgment against the franchisee remains unsatisfied for 30 days (unless a supersedeas or other appeal bond has been filed).

(i) A levy of execution has been made on the license granted by the franchise agreement or on any property used in the franchise, and it is not discharged within five days.

(j) The franchisee is convicted of a felony or any other criminal misconduct relevant to the operation of the franchise;

(k) The franchisee fails to pay any franchise fees or other amounts due to the franchisor or its affiliate within five days after receiving written notice that the fees are overdue.

(l) The franchisor makes a reasonable determination that continued operation of the franchise by the franchisee will result in an imminent danger to public health or safety.

Notice and Cure of Default

Section 9.02. If Franchisee defaults in the performance of any of the terms and conditions of this Agreement [optional: or any other agreement with Franchisor pertaining to the operation of the franchised business or any lease or sublease of the premises in which Franchisee operates the franchised business], Franchisor, at its option, will serve on Franchisee by _____ [specify type] mail, a _____ [specify number of days] -day notice of default. The notice must specify those acts that constitute a default of this Agreement. Franchisee then has _____ [number] days from the receipt of the notice in which to fully cure all of the described defaults and Franchisee's action in curing the defaults operates to reinstate Franchisee's rights under this Agreement. If Franchisee does not fully cure the default or defaults within the specified time period, Franchisor has the absolute right to fully and finally terminate this Agreement without further notice.

Option to Purchase

Section 9.03. On the termination of this Agreement, Franchisor has an option for _____[*number*] days following the termination to purchase from Franchisee the franchised business at its fair market value. Franchisor may deduct and withhold from the purchase price all amounts then due Franchisor from Franchisee, including liens or security interests on any of the assets so purchased, rentals due under any lease or sublease, or any other indebtedness of Franchisee with respect to the franchise business and the assets being purchased under the Agreement.

On request by Franchisor, Franchisee must forthwith furnish Franchisor with an affidavit and other instruments required by applicable sales tax or other statute. In addition, Franchisee must assign and convey to Franchisor, at Franchisor's option, all rights, title, and interest of Franchisee in or under any lease or sublease of any real or personal property used by Franchisee in the operation of the franchised business. In addition to all other remedies provided for in this Agreement, Franchisor is entitled to specific performance of the option granted in this Agreement.

Effect of Termination

Section 9.04. On termination of this Agreement, Franchisee's right to use the System or Franchisor's trademarks, service marks, trade names, or other indicia immediately terminates. Franchisee will not thereafter, directly or indirectly, identify himself or herself in any manner as a _____[*name of franchise business*] franchisee, or publicly identify himself or herself as a former _____[*name of franchise business*] franchisee, or use any of Franchisor's trade secrets or materials constituting part of Franchisor's System.

If Franchisor does not exercise the option to require the assignment and conveyance to Franchisor of Franchisee's rights, title, and interest in or under any lease or sublease of the premises, Franchisee agrees on termination of this Agreement that Franchisee will immediately remove or make changes in signs and colors of buildings and structures as Franchisor reasonably requests so as to distinguish the premises from their former appearance and from any other _____[*name of franchise business*] establishment. If Franchisee fails to make the requested changes _____[*specify, e.g., within 30 days or as soon as practicable, but in no event later than 60 days*], Franchisor may enter Franchisee's premises and make the changes at Franchisee's expense.

Attorneys' Fees

Section 9.05. If any _____[*legal action or specify more limited provision, e.g., legal action based in contract law*], including an action for declaratory relief, is commenced by either party to this Agreement, the prevailing party is entitled to recover from the other party, in addition to any other costs and relief that may be granted, the reasonable attorneys' fees incurred in the action or proceeding by the prevailing party. This award will include any court costs and attorneys' fees incurred on appeal.
