sometimes is referred to as the "Effective Date"), Purchaser shall prepare and submit to Seller a conceptual master land-use plan which at a minimum shall depict the Property, each of the Parcels and such subparcels ("Subparcels") of Parcel C as elected by Purchaser. Such plan shall be subject to approval by Seller, which approval shall not be unreasonably withheld. In the event such plan is not disapproved by Seller in a writing specifying Seller's objections within ten days of Seller's receipt of such plan (or any revision made by Purchaser at Seller's request), Seller shall be deemed to have approved such plan (or the revision in question). Such plan as agreed upon by Seller and Purchaser and as thereafter revised by Purchaser from time to time in order, in its judgment, to obtain approval of the plan (or of Purchaser's use or development of any part of the Property) by the City of Streetsboro (and/or any of its agencies or authorities from whom approval is required) is referred to herein as the "Master Plan."

2. Purchase Price. (a) The purchase price for the Property shall be established as follows:

(i) The purchase price for Parcel A shall be equal to the product of multiplying \$30,000 by the Total Number of Acres, as hereinafter defined, in Parcel A, unless Purchaser theretofore has completed the purchase of Parcel B in which case the purchase price for Parcel A shall be equal to the product of multiplying \$32,500 by the total Number of Acres in Parcel A.

(ii) The purchase price for Parcel B shall be equal to the product of multiplying \$30,000 by the Total Number of Acres in Parcel B, unless Purchaser theretofore has completed the purchase of Parcel A in which case the purchase price for Parcel B shall be equal to the product of multiplying \$32,500 by the Total Number of Acres in Parcel B.

(iii) If Purchaser elects to purchase the entirety of Parcel C at one time, the purchase price for Parcel C shall be equal to the product of multiplying \$15,000 by the Total Number of Buildable Acres in Parcel C. If Purchaser elects to purchase less than the entirety of Parcel C at one time (i.e., in Subparcels as depicted on the Master Plan), the purchase price for the first 30 acres in Parcel C purchased hereunder shall be equal to the product of multiplying \$20,000 by the Total Number of Buildable Acres within such gross acreage, and the purchase price for the balance of the acreage in Parcel C shall be equal to the product of multiplying \$11,000 by the Total Number of Buildable Acres in such gross acreage.

(iv) The purchase price for Parcel C1 shall be equal to the product of multiplying \$30,000 by the Total Number of Acres in Parcel C1.

(v) The purchase price for Parcel D (including Land, buildings, and improvements) shall be \$600,000.

(vi) The purchase price for Parcel E shall be equal to the product of multiplying \$10,000 by the Total Number of Buildable Acres in Parcel E.

(b) The parties hereto agree that, subject to expiration of Purchaser's rights to purchase the Property or parts thereof as set forth in Sections 4 and 5 below, Purchaser shall have the right to purchase any Parcel (or Subparcels of Parcel C) in any order and at any time.

(c) As used herein, the term "Total Number of Acres" means the total number of acres (calculated to the nearest 1/100 th of an acre) contained in the Parcel or Subparcel at issue, exclusive of any land lying within the right-of-way of any highway, road, access easement, or railroad right-of-way, determined by the Surveyor and certified by the Surveyor to Seller and Purchaser.

(d) As used herein, the term "Total Number of Buildable Acres" means the Total Number of Acres contained in the Parcel or Subparcel at issue, reduced by the number of acres in such Parcel or Subparcel which are determined to be unbuildable because soil conditions are inadequate for Purchaser's intended use thereof (without commercially unreasonable expense as determined by Purchaser) and/or because they are classified as "wetlands," as either are determined by qualified soil testing agencies, wetland delineation experts, and/or the U.S. Army Corps of Engineers;

provided, however, that any acreage which otherwise could be classified as unbuildable pursuant to the preceding shall not be deducted from the Total Number of Acres as aforesaid if such acreage reasonably can be considered usable as open or green space areas as part of Purchaser's unmodified intended use or plan for the particular Parcel or Subparcel as set forth on the Master Plan.

3. Initial Deposit; Investments. (a) Within five days following the Effective Date, Purchaser shall deposit with Cleveland Title Corp. (the "Escrow Agent"), the sum of \$10,000 as an earnest money deposit applicable to the entirety of the Property other than Parcel E (the "Major Earnest Money Deposit") and the sum of \$500 as an earnest money deposit applicable to Parcel E (the "Parcel E Earnest Money Deposit"). (The Major Earnest Money Deposit and the Parcel E Earnest Money Deposit hereinafter sometimes collectively are referred to as the "Earnest Money Deposit.") Such sums shall be held and applied by the Escrow Agent in the manner specified in this Agreement.

(b) The Earnest Money Deposit, together with any other deposits made by Purchaser from time to time pursuant to Section 4 or Section 5 below shall be held by the Escrow Agent and invested from time to time in obligations of the United States of America or as otherwise directed jointly by Seller and Purchaser. Interest on such funds shall belong to Purchaser, shall not become part of the Earnest Money Deposit, shall be reported as Purchaser's taxable income, and may be paid to Purchaser from time to time upon demand.

4. Rights to Purchase Major Property. (a) Unless Purchaser has given Notice of Closing, as hereinafter defined, with respect to all or any portion of the Property other than Parcel E (the "Major Property"), Purchaser's right to purchase any of the Major Property shall expire at 11:59 p.m. on the 90th day following the Effective Date (said 90 day period being "Major Property Period One"), unless Purchaser elects to extend its rights as set forth in Section 4(b), below.

(b) At any time prior to expiration of Major Property Period One, Purchaser may elect to extend its right to purchase all or any part of the Major Property for an additional period of 90 days ("Major Property Period Two") commencing immediately upon expiration of Major Property Period One. Such election may be made only by giving written notice prior to expiration of Major Property Period One and depositing an additional \$10,000 ("Major Property Deposit Two") with the Escrow Agent. If Purchaser has elected to extend as provided in this Section, then, unless Purchaser has given Notice of Closing with respect to all or any portion of the Major Property by 11:59 p.m. of the last day of Major Property Period Two, Purchaser's rights to purchase the Major Property shall expire on such date at such time unless Purchaser elects to extend its rights as set forth in Section 4(c) below.

(c) At any time prior to expiration of Major Property Period Two, all or any part of the Major Property Period Two for an additional period of 180 days ("Major Property Period Three") commencing immediately upon expiration of Major Property Period Two. Such election may be made only by giving written notice prior to expiration of Major Property Period Two and depositing an additional \$15,000 ("Major Property Deposit Three") with the Escrow Agent. If Purchaser has elected to extend as provided in this section, then, unless Purchaser has given Notice of Closing with respect to all or any portion of the Major Property by 11:59 p.m. of the last day of Major Property Period Three, Purchaser's rights to purchase the Major Property shall expire on such date at such time unless Purchaser elects to extend its rights as set forth in Section 4(d) below.

(d) At any time prior to expiration of Major Property Period Three, Purchaser may elect to extend its right to purchase all or any part of the Major Property for an additional period of 180 days ("Major Property Period Four") commencing immediately upon expiration of Major Property Period Three. Such election may be made only by giving written notice prior to expiration of Major Property Period Three and depositing an additional \$50,000 ("Major Property Deposit Four") with the Escrow Agent.

(e) Notwithstanding the foregoing provisions of this Section 4, Purchaser shall have no right to give Notice of Closing with respect to Parcel D prior to January 31, _____[date].

(f) Notwithstanding any of the foregoing provisions of this Section 4, if Purchaser gives Notice of Closing at any time with respect to either Parcel A or Parcel B, Purchaser's right to give Notice of Closing with respect to the remaining parcel of Parcel A or Parcel B, as the case may be, shall be extended automatically for a 365-day period commencing on the Closing Date of the first to be conveyed hereunder of Parcel A or Parcel B without the need for any further earnest money or other deposits being made during such period; provided, however, such automatic extension shall not be applicable to Parcels C, C1 or D which shall remain governed by the provisions of subsections 4(a) through 4(d) above and subsection 4(g) below with respect to Parcel C.

(g) Notwithstanding any of the foregoing provisions 4(a) through 4(d) above, Purchaser's right to give Notice of Closing with respect to the remaining acreage of Parcel C shall be extended automatically for a period of three years commencing on the Closing Date of the tenth acre of Parcel C to be conveyed hereunder without the need for any further earnest money or other deposits being made during such period; provided, however, such automatic extension shall not be applicable to Parcels A, B, C1 or D.

5. Rights to Purchase Parcel E. (a) Unless Purchaser has given Notice of Closing with respect to Parcel E, Purchaser's right to purchase Parcel E shall expire at 11:59 p.m. on the 90th day following the Effective Date (said 90 day period being "Parcel E Period One"), unless Purchaser elects to extend its rights as set forth in Section 5(b) below.

(b) At any time prior to expiration of Parcel E Period One, Purchaser may elect to extend its right to purchase Parcel E for an additional period of 90 days ("Parcel E Period Two") commencing immediately upon expiration of Parcel E Period One. Such election may be made only by giving written notice prior to expiration of Parcel E Period One and depositing an additional \$2,500 ("Parcel E Deposit Two") with the Escrow Agent. If Purchaser has elected to extend as provided in this section, then, unless Purchaser has given Notice of Closing with respect to Parcel E by 11:59 p.m. of the last day of Parcel E Period Two, Purchaser's rights to purchase Parcel E shall expire on such date at such time unless Purchaser elects to extend its rights as set forth in Section 5(c) below.

(c) At any time prior to expiration of Parcel E Period Two, Purchaser may elect to extend its right to purchase Parcel E for an additional period of 180 days ("Parcel E Period Three") commencing immediately upon expiration of Parcel E Period Two. Such election may be made only by giving written notice prior to expiration of Parcel E Period Two and depositing an additional \$5,000 ("Parcel E Deposit Three") with the Escrow Agent. If Purchaser has elected to extend as provided in this section, then, unless Purchaser has given Notice of Closing with respect to Parcel E by 11:59 p.m. of the last day of Parcel E Period Three, Purchaser's rights to purchase Parcel E shall expire on such date at such time unless Purchaser elects to extend its rights as set forth in Section 5(d) below.

(d) At any time prior to expiration of Parcel E Period Three, Purchaser may elect to extend its right to purchase Parcel E for an additional period of 180 days ("Parcel E Period Four") *commencing* immediately upon expiration of Parcel E Period Three. Such election may be given only by written notice prior to expiration of Parcel E Period Three and the deposit of an additional \$15,000 ("Parcel E Deposit Four") with the Escrow Agent.

6. Anti-Forfeiture Provision; Independence of Purchase Rights. (a) It is agreed between Seller and Purchaser that it is the intention of the parties hereto to avoid forfeiture of Purchaser's right to elect to extend the term of this Agreement as set forth in Sections 4 and 5 by reason of Purchaser's inadvertent or negligent failure to give notice of election of extension of the periods set forth in Sections 4 and 5 hereof. Seller agrees that if Purchaser shall fail to give any such notice of extension to Seller as permitted by any provision of Section 4 or 5, Purchaser's right to extend nevertheless shall remain in effect until 11:59 p.m. on the 90th day following the applicable deadline, subject, however, to Seller's right to notify Purchaser that Seller has not received Purchaser's notice of extension, whereupon Purchaser's right to extend shall expire ten days following such notice unless, prior to expiration of said ten day period, Purchaser either gives Notice of Closing or extends the applicable period as otherwise permitted in this Agreement.

(b) The provisions of Sections 4 and 5 are separate and distinct and not conditional upon one another. Purchaser may

elect not to make any of the extensions of the Major Property Periods permitted in Section 4, and such failure to extend shall not affect or impair Purchaser's rights to extend the Parcel E Property Periods permitted in Section 5. Purchaser may elect not to make any of the extensions of the Parcel E Periods permitted in Section 5, and such failure to extend shall not affect or impair Purchaser's rights to extend the Major Property periods permitted in Section 4.

7. Payment of Purchase Price; Purchase Money Financing. (a) The purchase price (the "Purchase Price") for any portion of the Property for which Notice of Closing has been given (such portion sometimes referred to herein as a "Designated Parcel") shall be determined as provided in Section 2 above and shall be payable, through an escrow established with the Escrow Agent, on the Closing Date, as hereinafter defined.

(b) Upon the closing of the purchase and sale of a Designated Parcel which comprises part of the Major Property, the Major Earnest Money Deposit and any other sums theretofore paid into escrow by Purchaser pursuant to Section 4 above shall be applied by the Escrow Agent in payment of the Purchase Price of such Designated Parcel (to the extent not previously paid to Seller with respect to the Purchase Price of a Designated Parcel which comprises part of the Major Property).

(c) Upon the closing of the purchase and sale of Parcel E, the Parcel E Earnest Money Deposit and any other sums theretofore paid into escrow by Purchaser pursuant to Section 5 above shall be applied by the Escrow Agent in payment of the Purchase Price of Parcel E.

(d) There shall be deducted from the cash portion of the Purchase Price otherwise due to Seller on any Closing Date hereunder the amount of credits authorized to Purchaser hereunder, the amount of Seller's costs and expenses hereunder, and the amount of any Purchase Note, as hereinafter defined, to be delivered to Seller on the Closing Date in question.

(e) In the event Purchaser at any time or times gives Notice of Closing to Seller with respect to a Designated Parcel which is either the entirety of Parcel C or the entirety of Parcel E, Purchaser shall have the right, but not the obligation, to pay 75% of the Purchase Price allocable thereto by delivering a non-recourse purchase money promissory note (the "Purchase Note") executed by the grantee of the Designated Parcel made payable to the order of Seller (but with provisions pertaining to an Agent similar to those set forth in Section 35 below) which shall (i) bear interest at the rate of eight percent per annum, (ii) be payable in equal quarterly installments of principal and interest in such amount as would amortize the original principal amount thereof by equal quarterly installments over a period of 30 years, (iii) provide for the entire unpaid principal balance thereof to be due and payable in full on the fifth anniversary of its date, (iv) be prepayable in full or in part at any time without prepayment penalty or premium, (v) contain notice and cure provisions of not less than 15 days for monetary defaults, and (vi) not contain provision for any non-monetary defaults. At Seller's election, the Purchase Note shall be either (x) secured by a non-recourse mortgage deed encumbering the Designated Parcel in question, or (y) guaranteed as to payment by Max Turner individually. In the event of such a mortgage deed encumbering Parcel C (but not Parcel E), the terms of the mortgage deed shall provide that its lien shall be partially released from individual Subparcels upon payment of a release price equal to \$20,000 per acre in such Subparcel, such release price to be applied in prepayment of the Purchase Note.

(f) The Earnest Money Deposit and other deposits, if any, made pursuant to Sections 4 and 5 above which are not either (a) credited and applied to the Purchase Price as provided in Subsections 7(b) and 7(c) above, or (b) returned to Purchaser pursuant to the provisions of this Agreement, shall be paid to and become the sole property of Seller upon expiration of Purchaser's right to give any further Notice of Closing. The Major Earnest Money Deposit and all deposits, if any, made pursuant to Section 4 above, sometimes collectively are referred to herein as the "Major Deposits." The Parcel E Earnest Money Deposit and all other deposits, if any, made pursuant to Section 5 above sometimes collectively are referred to herein as the "Parcel E Deposits." The Major Deposits and the Parcel E Deposits sometimes collectively are referred to as the "Deposits."

8. Purchaser's Access to the Property. (a) Purchaser, and Purchaser's agents, architects, contractors, engineers, and

environmental consultants, shall have the right at any and all times to enter upon the Property for the purposes of inspecting, surveying, and testing the physical condition of the Property, including but not limited to the right to take samples of the soil by means of test borings or otherwise for analysis. In the event Purchaser disturbs the surface of the Property, Purchaser shall restore the surface of the Property to a condition reasonably equivalent to that existing immediately prior to such disturbance.

(b) Purchaser agrees to indemnify and hold harmless Seller from and against any loss or damages arising from damage to property and injury or death to persons caused by Purchaser's entry upon the Property in exercise of its rights set forth in Section 8(a) above; provided, however, that notwithstanding the foregoing, neither Purchaser nor its agents, architects, engineers, or environmental consultants shall have any liability or responsibility arising or resulting from the release of hazardous wastes or toxic materials presently located upon or within the Property caused by any testing, sampling, or inspection performed by Purchaser, or Purchaser's agents, architects, engineers, or environmental consultants.

9. Title to be Conveyed. (a) Seller shall convey good and marketable indefeasible fee simple absolute title to each Designated Parcel to Purchaser or Purchaser's nominee by full warranty deed (the "Deed") on the Closing Date, free and clear of rights of dower and all liens and encumbrances whatsoever, except for the following exceptions (collectively, the "Permitted Exceptions"):

(i) real estate taxes, both general and special, which are a lien but not then due and payable;

(ii) zoning regulations and ordinances; and

(iii) such additional exceptions to title to the Designated Parcel (other than a lien or liens for the payment of money only) which Purchaser, pursuant to the provisions of Sections 10 or 12 hereof, shall waive or approve.

(b) The Permitted Exceptions shall be specifically, and not categorically, excepted from the covenants of warranty in the Deed and the legal description of the Designated Parcel shall be the legal description prepared by the Surveyor and certified to Seller and Purchaser as provided in Section 13 below.

10. Title Commitment. (a) Promptly following the Effective Date, Purchaser shall request Escrow Agent to issue and deliver to Purchaser a Commitment for Issuance of an Owner's Fee Policy of Title Insurance (the "Commitment") covering the entirety of the Property issued by First American Title Insurance Company (the "Title Company").

(b) In the event that Purchaser shall disapprove any exceptions or matters ("Additional Matters") shown in the Commitment other than the Permitted Exceptions (other than a mortgage lien or other lien or liens for the payment of money only, any encumbrance or encumbrances which may be released or discharged by the payment of a definite sum of money, or any exception or exceptions to title, if any, which occurred after the date hereof as a result of the acts or volition of Seller, for any and all of which Seller in all events shall have the unconditional obligation on or prior to the Closing Date to release, discharge, or satisfy at no cost to Purchaser), Purchaser shall notify Seller of such disapproval in writing within 30 days after Purchaser's receipt of the Commitment. If Purchaser shall fail to give notice of such disapproval to Seller within said 30-day period, Purchaser shall be deemed to have disapproved such Additional Matters.

(c) In the event Purchaser shall give notice to Seller of Purchaser's disapproval of any Additional Matters within said 30-day period, Seller shall have 35 days from the date of Purchaser's notice of disapproval in which to cure or remove such disapproved Additional Matters or to advise Purchaser in writing that Seller is unable or unwilling to cure such disapproved Additional Matters. If (i) all such disapproved Additional Matters are not cured or removed, or (ii) all such disapproved Additional Matters are not waived in writing by Purchaser, Seller shall not be liable for breach of contract for failure to convey such title to the Property as is described in Section 9 above, and Purchaser shall have the right

(which right shall be exercised by written notice given to Seller within ten days after the earlier of the expiration of said 35-day period or Purchaser's receipt of Seller's notice that it is unable or unwilling to cure such disapproved Additional Matters) either: (i) to accept title to the Property subject to such disapproved Additional Matters with no abatement in the Purchase Price therefor and with additional exceptions for such disapproved Additional Matters shown in the Title Policy referred to in Section it below and with the covenants of warranty in the Deed modified accordingly, or (ii) to terminate this Agreement. If Purchaser shall fail to give notice of its election within said ten day period, Purchaser shall be deemed to have elected to proceed in accordance with the immediately preceding subclause (ii). In the event of the termination of this Agreement pursuant to this subsection 10 (c), the Escrow Agent shall return the Deposits to Purchaser.

11. Title Evidence. It shall be a condition precedent to Purchaser's obligation to consummate the purchase of any Designated Parcel hereunder that the Title Company can and will, upon filing the Deed for record, issue its ALTA Owner's Fee Policy of Title Insurance Form B-1970 (Amended 10-17-70) (the "Title Policy") in the amount of the Purchase Price for the Designated Parcel insuring Purchaser or Purchaser's nominee as the owner in fee simple absolute of the Designated Parcel subject only to the Permitted Exceptions and without exception for rights or claims of parties in possession not shown by the public records, for any matter which would be disclosed by an accurate survey and inspection of the Property, or for any lien, or right to a lien, for services, labor, or material furnished before the Closing Date, imposed by law and not shown by the public records (Seller hereby agreeing to deliver to the Title Company such statements and affidavits required to enable the Title Company to issue its Title Policy as aforesaid). The Title Policy affirmatively shall insure contiguity of the Designated Parcel with any contiguous portions of the Property theretofore conveyed by Seller pursuant to this Agreement.

12. Title Defect. If at any time prior to the filing of the Deed for a Designated Parcel for record, examination of title to the Designated Parcel shall disclose any matter affecting title to the Designated Parcel which is not included in the Permitted Exceptions (other than a mortgage lien or other liens for the payment of money only, any encumbrance or encumbrances which may be released or discharged by the payment of a definite sum of money, or an exception or exceptions to title, if any, which occurred after the date hereof as a result of the acts or volition of Seller, if any, for any and all of which Seller in all events shall prior to the Closing Date secure releases, discharges, or satisfactions at no cost to Purchaser), and which has not theretofore been approved by Purchaser as set forth in Section 10 above or is not waived by Purchaser in writing, Purchaser shall notify Seller of such defect ("Defect"), and Seller shall have 35 days thereafter in which to cure or remove such Defect. If within said 35 day period such Defect is not removed or cured by Seller (Seller hereby agreeing to use its best efforts to cause such removal or cure), or waived in writing by Purchaser, Seller shall not be liable for breach of contract for failure to convey such title to the Designated Parcel as is described in Section 9 hereof, and Purchaser shall have the option (which option shall be exercised by written notice given to Seller within 25 days after the expiration of said 35 day period) either:

(a) to accept title to the Designated Parcel subject to such Defect with no diminution in the Purchase Price, in which event such Defect shall be permitted as an additional exception to Seller's covenants in the Deed and to the Title Policy; or

(b) to terminate this Agreement; or

(c) to cure or remove the Defect by its own efforts, in which case Purchaser shall be entitled to an offset against the Purchase Price for Purchaser's costs and expenses in curing or removing such Defect; or

(d) to rescind the Notice of Closing pertaining to the Designated Parcel.

If Purchaser shall fail to give notice of its election to Seller within said 25-day period, Purchaser shall be deemed to have elected to proceed in accordance with subsection 12(d), in which event this Agreement shall remain in full force and effect as to all other portions of the Property. In the event of termination of this Agreement pursuant to subsection

12(b), the Escrow Agent shall return to Purchaser the Deposits, and any other amounts paid on account of the Purchase Price, whereupon, except as otherwise provided herein, this Agreement shall be null and void and neither party hereto shall have any further right, obligations or liability hereunder. The Closing Date shall be postponed a sufficient number of days, if necessary, to permit Seller and Purchaser to exercise their respective rights under this Section 12.

13. Survey. (a) Purchase, at Purchaser's cost, shall have the right to obtain (i) an accurate survey (the "Survey") of the Property prepared in accordance with minimum standard detail requirements for ALTA/ACSM Land Title Surveys, certified by a registered surveyor or professional engineer licensed to do business in Ohio (the "Surveyor"), which Survey shall indicate thereon the boundaries of the Property, each Parcel, and each Subparcel as well as the existence and location of (A) any existing buildings and improvements (including roadways, paved areas, and light standards), (B) all existing easements and rights-of-way (setting forth the volume and page number of the recorded instrument creating the same and showing the metes and bounds thereof), (C) any encroachments upon or over the Property, (D) all dedicated streets, roads and highways providing access to or adjacent to, the Property, and (E) whether or not any part of the Property is in an area considered designated as a flood plain area by the United States Department of housing and Urban Development; (ii) an accurate metes and bounds legal description of the entirety of the Property, each Parcel, and each Subparcel prepared by the Surveyor (which shall be imprinted upon the Survey); and (iii) the written certification of the Surveyor of the total number of acres (calculated to the nearest 1/100 of an acre) contained in the entirety of the Property, each Parcel, and each Subparcel, exclusive of any land lying within the right of way of any existing or proposed highway, roadway, access easement, or railroad spur track right of way. The Survey shall have imprinted upon it a statement to the effect that the Survey was prepared at the instance of Seller, Purchaser, the Escrow Agent, the Title Company, and any other party designated by Purchaser.

(b) In the event the Survey discloses any encroachment, overlap, boundary line dispute, strip, gore, any matter adversely affecting title to the Property or which violates any law, rule, or regulation, or any other matter whatsoever which is unacceptable to Purchaser, such shall be considered to be a Defect and the relative rights and obligations of the parties with respect thereto shall be governed by the provisions of Section 12, above.

(c) In the event any portion of any Parcel or Subparcel is determined to be unbuildable (within the meaning set forth in Section 2(d) above), Purchaser shall cause the Surveyor to revise the Survey to indicate thereon the portion or portions of such Parcel or Subparcel so determined to be unbuildable. Based thereon, the Surveyor shall certify to Seller and Purchaser the Total Number of Buildable Acres within such Parcel or Subparcel, it being agreed that the Surveyor, in making such certification, is certifying only to the accuracy of the Survey and such acreage calculations and not as to whether any acreage actually is unbuildable.

(d) Purchaser shall have the right to obtain the Survey at any time prior to the first Notice of Closing and shall have the further right to have an update of the Survey made with respect to each Designated Parcel for which a Notice of Closing is given from time to time.

14. Cooperation Regarding Zoning; Subdivision; and Other Matters. Seller agrees to cooperate with Purchaser at all times in Purchaser's efforts to rezone the Property to the extent required for Purchaser's Intended Use of the Property, as hereinafter defined; in obtaining all necessary governmental approvals for the subdivision or "split" of the Property so that each Parcel or Subparcel may be conveyed and reconveyed as a separate parcel with its own tax identification number; and in agreeing to such easements, road rights-of-way, and other matters pertaining to Purchaser's Intended Use of the Property required by Purchaser in order to provide such accommodations to the City of Streetsboro, the County of Portage, and other governmental and quasi-governmental authorities and agencies as is necessary, in Purchaser's judgment, for installation and relocation of utility lines and rights of way.

15. Purchaser's Intended Use. Seller acknowledges that Purchaser presently intends, without being committed to do so, to improve either or both of Parcel A and Parcel B as an industrial park, and to improve the balance of the Property for office or commercial purposes as determined by Purchaser from time to time ("Purchaser's Intended Use of the

Property"). In the event that there are any private restrictions affecting the use or development of the Property which require, as a condition to the use of the Property for Purchaser's Intended Use of the Property, the approval or consent of Seller or any person or entity directly or indirectly controlled by Seller, Seller will, or will cause such other party to, consent to or approve such use and development.

16. Leases. Seller represents that there presently are no leases, agreements to lease, license agreements, or other rights granted to any third parties to use or occupy all or any part of the Property or any interest therein now or in the future (collectively, "Leases") other than leases for portions of Parcel D ("Parcel D Leases"). Seller warrants that Seller has provided Purchaser with full, true, and correct copies of all Parcel D Leases and covenants that Seller will not, during the continuance of this Agreement, enter into any further Leases for any portion of the Property; provided, however, that Seller may enter into additional Parcel D Leases; provided further; however, that Seller covenants not to enter into any Parcel D Leases, the terms of which (including option and renewal terms) extend beyond January 31, _____[date] without first obtaining Purchaser's written approval, which approval shall not be unreasonably withheld.

17. Liabilities Assumed. Except as expressly provided for in this Agreement, or as hereinafter agreed in writing and except for (i) general and special real estate taxes (but not assessments) not yet due and payable on the Closing Date, and (ii) the obligations of the owner of the Property to comply from and after the Closing Date with covenants and easements of record, provisions of law, and the terms and conditions of all other agreements and contracts affecting the Property, Purchaser shall not, by the execution or performance of this Agreement, or otherwise, assume, become responsible for, or incur any liability or obligation of any nature of Seller, matured or contingent, known or unknown, and Seller shall indemnify Purchaser and Purchaser's successors and assigns, against, and save each of them and the Property harmless from, such liabilities and obligations and against and from all claims, costs and expenses (including reasonable attorneys' fees) with respect to the same, arising prior to the Closing Date. With respect to those liabilities expressly assumed by Purchaser, Purchaser shall indemnify Seller and Seller's successors and assigns, against, and save each of them harmless from, such liabilities and against and from all claims, costs, and expense (including reasonable attorneys' fees) with respect to the same, arising subsequent to the Closing Date.

18. Notice of Closing; Closing Date. Purchaser shall have the right at any time and from time to time, prior to expiration of its rights as set forth in Sections 4 and 5 above, to give notice to Seller ("Notice of Closing") that Purchaser has elected to consummate the purchase and sale of all or any portion of the Property. Each Notice of Closing shall specify the Designated Parcel (which must be one or more Parcels or Subparcels) and designate the date for the closing of the purchase and sale thereof (the "Closing Date") which must be not less than 30 nor more than 60 days following the giving of Notice of Closing.

19. Closing. (a) The closing of the purchase and sale of each Designated Parcel provided for in this Agreement shall be completed by the Escrow Agent on the Closing Date (provided that the Title Company can and will issue to Purchaser the Title Policy in the form and in the manner provided in Section 11 above) by doing the following:

(i) by delivering the Deed to Purchaser by filing it for record with the County Recorder and by delivering to Purchaser all other documents required to be delivered to it hereunder; and

(ii) by delivering to Seller the Purchase Price less Seller's closing costs and prorations and credits to which Purchaser is entitled, and by delivering to Seller all other documents required to be delivered to it hereunder.

(b) At or prior to the Closing Date, Seller shall deliver the following:

(i) the executed Deed for the Designated Parcel;

(ii) a FIRPTA Certificate;

(iii) such certificates and affidavits required of Seller to permit the Title Company to issue the Title Policy in the form required by Section 11 above;

(iv) evidence of Seller's authority; and

(v) such other funds and documents due from Seller pursuant to the terms of this Agreement.

(c) At or prior to the Closing Date, Purchaser shall deliver the following:

(i) Grantee's Statement; and

(ii) such other funds and documents due from Purchaser pursuant to the terms of this Agreement.

20. Expenses. (a) The following costs and expenses of closing the purchase and sale of each Designated Parcel shall be chargeable to, and paid by, Seller (or, where appropriate, allowed as a credit against the Purchase Price) at closing:

(i) prorated real estate taxes as set forth below;

(ii) all transfer taxes and conveyance fees required to be paid in connection with the transfer of the Property to Purchaser hereunder;

(iii) one-half of the Escrow Agent's fees for its services as escrow agent;

(iv) cost of title examination of the Designated Parcel;

(v) an amount equal to the premium charge for issuance of a title guaranty in the full amount of the Purchase Price;

(vi) all special assessments, if any, against the Designated Parcel; and

(vii) all other items which are the Seller's obligation hereunder.

(b) The following costs and expenses of this transaction shall be chargeable to, and paid by, Purchaser at closing:

(i) the cost of recording the Deed;

(ii) all premium charges of the Title Company applicable to issuance of the Title Policy other than those which are Seller's obligation as set forth in paragraph 20(a) above, including the premium difference between a title guaranty and an owner's fee policy of title insurance in the full amount of the Purchase Price; and

(iii) all other items which are the Purchaser's obligation hereunder.

21. Taxes. All real estate taxes; both general and special ("Taxes"), with respect to each Designated Parcel shall be prorated and adjusted between Seller and Purchaser as of the Closing Date on a calendar year basis (Seller to pay for the Closing Date). If the tax bill for any proration period has not been issued, Taxes shall be prorated using the most recently certified tax rate and a presumed assessed value of the Designated Parcel equal to the Purchase Price. Seller and Purchaser agree to re-prorate Taxes for each Designated Parcel outside of escrow upon issuance of the actual tax bill therefor. Unless the Escrow Agent provides evidence satisfactory to Purchaser that Purchaser will receive separate tax bills for the Designated Parcel (not including any other land) commencing with the next semi-annual bill for Taxes, special tax escrow account shall be established at the time of closing in an amount sufficient to pay Taxes as they

become due and payable for the next three semi-annual installments, with Seller depositing all estimated amounts required for the entire tax parcel except for the amount determined to be Purchaser's estimated responsibility with respect to the Designated Parcel, such latter amount to be deposited by Purchaser.

22. No Further Encumbrance. Following the date hereof, no contract for or on behalf of or affecting any portion of the Property shall be negotiated or entered into by Seller, and Seller shall not further encumber any portion of the Property without Purchaser's prior written consent (except to the extent permitted in Section 16 above).

23. Representations and Warranties of Seller. Seller represents and warrants to Seller that:

(a) This Agreement constitutes the valid and binding obligation of Seller enforceable in accordance with its terms.

(b) Seller has no knowledge of any litigation, proceeding or action pending or threatened against Seller relating to the Property or any part thereof which might adversely affect Purchaser or which questions the validity of this Agreement or any action taken or to be taken by Seller pursuant hereto.

(c) Neither the execution of this Agreement nor the consummation of the transactions contemplated hereby will constitute a violation of or be in conflict with or constitute a default under any term or provision of any agreement, instrument or lease to which Seller is a party.

(d) Seller has not been notified of possible future improvements by any public authority, any part of the cost of which would or might be assessed against the Property, or of any contemplated future assessments of any kind.

(e) To the best of Seller's knowledge and belief, there are no condemnation proceedings pending or contemplated which would affect any or all of the Property.

(f) Seller has no knowledge of any toxic or radioactive materials of any kind being located on, disposed of, buried, or accumulated on the Property.

All of the foregoing representations and warranties shall be true on the Closing Date and deemed to have been remade thereon with respect to each Designated Parcel.

24. Representations and Warranties of Purchaser. Purchaser represents and warrants to Seller that:

(a) This Agreement and the transactions contemplated hereby constitute the valid and binding obligation of Purchaser enforceable in accordance with its terms.

(b) Purchaser has no knowledge of any litigation, proceeding or action pending or threatened against Purchaser which might adversely affect Seller or which questions the validity of this Agreement or any action taken or to be taken by Purchaser pursuant hereto.

(c) Neither the execution of this Agreement nor the consummation of the transactions contemplated hereby will constitute a violation of or be in conflict with or constitute a default under any term or provision of any agreement, instrument or lease to which Purchaser is a party.

All of the foregoing representations and warranties shall be true on the Closing Date and deemed to have been remade thereon with respect to each Designated Parcel.

25. Conditions to Purchaser's Obligations. The obligation of Purchaser to consummate the transactions contemplated by this Agreement is subject to the satisfaction at the time of Closing of each of the following conditions with respect to

the closing of the Designated Parcel in question (any or all of which may be waived in whole or in part by Purchaser at or prior to Closing):

- (a) All of the representations and warranties by Seller set forth in this Agreement shall be true and correct as of the Closing Date in all respects as though such representations and warranties were made at and as of the Closing Date;
- (b) Seller shall have performed, observed, and complied with all covenants, agreements and conditions required by this Agreement to be performed, observed and complied with prior to or as of the Closing Date; and
- (c) All other contingencies in this Agreement to Purchaser's obligations hereunder being satisfied.

26. Conditions to Seller's Obligations. The obligation of Seller to consummate the transactions contemplated by this Agreement is subject to the satisfaction at the time of closing of each of the following conditions with respect to the closing of the Designated Parcel in question (any or all of which may be waived in whole or in part by Seller at or prior to closing): Purchaser shall have performed, observed, and complied with all of the covenants, agreements, and conditions required by this Agreement to be performed, observed, and complied with prior to or as of the Closing Date.

27. Purchaser's Rights to Terminate Agreement.

(a) In addition to Purchaser's right to terminate this Agreement as elsewhere expressly provided herein, Purchaser shall have the right to terminate this Agreement by written notice to Seller given at any time following the Effective Date of this Agreement in the event of any of the following conditions (all of which shall be determined by Purchaser in its sole and absolute discretion):

(i) The Survey discloses any condition or conditions which, in Purchaser's sole opinion, would render the project contemplated by Purchaser economically unfeasible or impractical.

(ii) All utilities, including, without limitation, sanitary and storm sewers, water (of sufficient pressure to accommodate sprinkler systems satisfactory to Purchaser), gas and electricity are not available at the perimeter of the Property for connection to the Property (in capacity satisfactory to Purchaser) at reasonable cost and expense, or that Purchaser will be unable to obtain agreements from appropriate public or private utilities and governmental authorities providing for the supply of such utilities without unreasonable expense and at rates which in Purchaser's sole opinion, would not render the project contemplated by Purchaser economically unfeasible or impractical.

(iii) Soil and underground conditions (other than wetlands) of the Property are found by Purchaser to be such that the project contemplated by Purchaser, in Purchaser's sole opinion, would be economically infeasible or impractical.

(iv) The Property is located in any flood hazard area, flood plain, or similar area as designated by any authority (governmental or otherwise) having jurisdiction over the Property.

(v) There is a violation of any laws, ordinances, orders, or requirements affecting the Property.

(vi) Purchaser determines, or receives any test results from soil samples or environmental testing reports, or air and/or noise tests; that any hazardous waste, toxic materials, or other environmentally hazardous or adverse conditions exist at the Property other than as identified in Section 27(d) and subject to Seller's rights set forth in Section 27(e).

(vii) Purchaser determines that it will be unable, through the use of reasonable efforts, to obtain final rezoning of the Property (subject to no possibility of appeal and without the requirement for referendum voting) to a classification permitting, in Purchaser's sole judgment, such use or uses as will permit Purchaser's Intended Use of the Property, including such height, area, setback, and density provisions as are completely acceptable to Purchaser.

(viii) Purchaser determines that it will be unable to obtain all final, irrevocable, uncontestable and unappealable permits and approvals which may be required to be issued by any local, state or federal governmental body having jurisdiction over the Property, including, without limitation, use, curb cut, building permits and approvals, permits and approvals for the construction and installation of sanitary and storm sewers and appurtenant systems to service the Property, licenses, subdivisions and other approvals, certificates, exceptions, and authorizations, (all of the foregoing being hereinafter called the "Permits") as may be required or desired by Purchaser to permit the lawful construction, installation, maintenance and operation on the Property of such improvements as Purchaser contemplates for Purchaser's Intended Use of the Property.

(b) If Purchaser determines to terminate this Agreement on or before the last day of Major Property Period One by reason of the existence of any of the conditions specified in Section 27 (a) Purchaser shall receive a refund of all Deposits and shall pay the fees of the Escrow Agent, whereupon neither party shall have any further obligation or liability to the other hereunder.

(c) If Purchaser determines to terminate this Agreement after the last day of Major Property Period One (but prior to expiration of Purchaser's right to give Notice of Closing pursuant to Sections 4 or 5 above) by reason of the existence of any of the conditions specified in Section 27(a), the Escrow Agent shall pay to Seller the sum of \$5,000 from the Deposits as a termination fee, the Escrow Agent shall refund the balance of the Deposits to Purchaser, and Purchaser shall pay the fees of the Escrow Agent, whereupon neither party shall have any further obligation or liability to the other hereunder.

(d) Purchaser acknowledges that Seller has advised Purchaser that Parcel C1 previously was used as the site of a retail gasoline service station. Notwithstanding the provisions of Section 27 (a) (vi), the contamination of Parcel C1 with hydrocarbons shall not be deemed to be a failure of condition and shall not give Purchaser the right to terminate this Agreement. Seller agrees to cooperate with Purchaser in remediating any such contamination prior to transfer of title thereof and agrees to make demand upon those persons (other than Seller) who may be liable under the laws of either the United States or Ohio for cleanup and remediation.

(e) In the event that Purchaser has the right to terminate this Agreement because of the existence of the condition described in Section 27(a)(vi), Seller shall have the right to void any notice of termination by agreeing to entirely remediate such contamination to Purchaser's satisfaction prior to the Closing Date.

(f) In the event that Purchaser terminates this Agreement pursuant to either subsection 27 (b) or 27(c), Purchaser shall provide to Seller, without cost to Seller, copies of all engineering plans and all written reports issued with respect to Purchaser's inspection and testing of the Property (collectively, the "Plans and Reports"). Purchaser's delivery of copies of the Plans and Reports shall be without recourse to Purchaser or to the generator of any of the Plans and Reports, Purchaser hereby specifically disclaiming the accuracy or adequacy of any of the same. In addition, delivery of copies of the Plans and Reports to Seller shall not, by implication or otherwise, give Seller the right to use the same to the extent that any third party has any proprietary interest therein.

28. Casualty Loss. (a) All risk of loss to the Property or any part thereof, including the buildings and improvements on Parcel D, shall be and remain upon Seller until the filing of the Deed pertaining to a Designated Parcel for record. If the buildings on Parcel D shall be damaged or destroyed by reason of any cause whatsoever, Purchaser shall have the right to and shall elect within 30 days of such damage or destruction either (i) to close the purchase and sale of Parcel D and receive the proceeds of insurance payable to Seller in connection with such damage or destruction plus a cash payment by Seller of the deductible amount, if any, under such insurance, in which event the obligation of the parties hereto shall not be affected by reason of such damage or destruction and they shall proceed to consummate the purchase and sale of Parcel D in accordance with the terms of this Agreement and there shall be no abatement or reduction in the Purchase Price, or (ii) to withdraw Parcel D from this Agreement in which latter event this Agreement shall continue with respect

to all portions of the Property other than Parcel D.

(b) Seller shall maintain fire and extended coverage insurance with respect to the improvements on the Property until the Closing Date at which time such insurance pertaining to the Designated Parcel shall be cancelled. Purchaser shall be responsible for obtaining its own insurance from and after the Closing Date.

29. Condemnation and Eminent Domain. If, prior to Closing, the Property shall be subjected to a taking, either total or partial, by eminent domain or other proceedings, for any public or quasi-public use, or if any notice of intent of taking is received by Seller or Purchaser, Purchaser may elect to (i) terminate this Agreement, in which event this Agreement shall be deemed cancelled and the Escrow Agent shall promptly refund to Purchaser all Deposits theretofore paid by Purchaser into escrow pursuant hereto or (ii) keep this Agreement in effect, in which event Purchaser shall be entitled to participate in any such condemnation or eminent domain proceedings and to receive all of the proceeds attributable to any portion of the Property then or thereafter identified as a Designated Parcel by Purchaser in a Notice of Closing. Such election shall be by written notice within 30 days after such taking or notice. Seller and Purchaser each agree promptly to forward to the other any notice of intent received pertaining to a taking of all or a portion of the Property by way of condemnation, eminent domain or similar procedure for a taking of the Property in connection with any public or quasi-public use.

30. Recording. This Agreement shall not be recorded by either party, but, upon request of Purchaser, Seller promptly agrees to execute a memorandum of Agreement (which may contain all provisions other than Purchase Price) which Purchaser shall be entitled to file for record.

31. Possession. Undisputed possession of each Designated Parcel shall be delivered by Seller to Purchaser on the Closing Date.

32. Right to Grant Possession. Seller represents and warrants to Purchaser that there are no outstanding written or oral leases covering or in any way affecting the Property (other than Parcel D), and that no person or entity has any right with respect to the Property (whether by option to purchase, contract, or otherwise) which would prevent or interfere with Purchaser's taking title to, and possession of, the Property pursuant to the terms of this Agreement.

33. Computation of Time. Wherever any period of time is specified in this Agreement for the taking of any action or the giving of any notice or notification, said period shall be computed by excluding the day upon which said period is specified to commence and including the last day of the period specified.

34. Parties Comprising Seller. The parties executing this Agreement as a Seller on the signature page hereof jointly and severally warrant to Purchaser that, to the best of their knowledge and belief, they constitute all of the owners of the fee simple interest in the entirety of the Property and that none of the persons comprising Seller has a spouse who is not (i) either also a person who has executed this Agreement as a Seller or (ii) a person who has executed this Agreement as a Seller's Spouse on the signature page hereof.

35. Actions by and Payment to Seller. (a) All persons comprising Seller agree that Purchaser and Escrow Agent only shall be required to deal with one person designated to act on their behalf, which designated person (the "Agent") initially shall be Christopher Smith. No notice from or on behalf of Seller shall be effective unless executed by the Agent and neither Purchaser nor Escrow Agent shall be required to send any notices required or permitted to be given to Seller hereunder to any person other than the Agent.

(b) The Agent, who always must be a person comprising Seller, may be changed from time to time, but only by written notice to both Purchaser and the Escrow Agent executed by all persons comprising Seller, including the resigning Agent and the substitute Agent.

(c) All payments required to be made to Seller hereunder by Escrow Agent shall be by check payable to the order of Agent, unless Escrow Agent is directed otherwise in writing by all persons comprising Seller. Payment to Agent (or as directed in such a writing) shall be full acquittance of Purchaser and satisfaction of Purchaser's and Escrow Agent's obligations to all persons comprising Seller with respect to such payment in full.

36. Waivers. Either party hereto, by written notice to the other may (a) extend the time for the performance of any of the obligations or other actions of the other party, (b) waive any inaccuracies in the warranties or representations of the other party contained herein, (c) waive compliance with any of the other agreements of the other party contained herein or waive performance of any of the obligations of the other party, or (d) waive satisfaction of any condition to its obligations hereunder.

37. Notices. All notices, requests and other communications under this Agreement shall be in writing and shall be sent by registered or certified mail, postage prepaid, return receipt requested, or overnight delivery service addressed as follows:

If to Seller, to:

 —

 —

 —

If to Purchaser, to:

 —

 —

 —

or at such other address of which Seller or Purchaser shall have given notice as herein provided. All such notices, requests and other communications shall be deemed to have been sufficiently given for all purposes hereof as of the second day after the date of mailing thereof, if mailed, or upon delivery, if sent by overnight delivery service or hand-delivered.

38. Broker's Commission. Seller and Purchaser each represents and warrants to the other that the warranting party has had no dealing with any real estate agent or broker so as to entitle such agent or broker to any commission or fee in connection with the sale of the Property to Purchaser, other than Meisner Investment Company which is recognized as the procuring broker hereunder. If for any reason any such commission or fee shall become due to any person or entity other than Meisner Investment Company, the party dealing with such agent shall pay any such commission or fee and agrees to indemnify and save the other party harmless from any and all claims for any such commission or fee and from any attorneys' fees and litigation or other expenses relating to any such claim. Seller agrees to pay all commissions and fees which may become due and payable to Meisner Investment Company in connection with this Agreement and the transactions contemplated hereby, all on such terms and conditions as may be agreed upon by Seller and Meisner Investment Company, and Seller shall indemnify, defend, and hold harmless Seller from and against any and all claims of Meisner Investment Company pertaining to this Agreement or the Property.

39. Remedies. In the event of breach of contract by Seller hereunder, Purchaser shall have all rights and remedies available at law and in equity, including the right of specific performance, to compel Seller to transfer title to the Property to Purchaser. In the event of breach of contract by Purchaser hereunder, Seller shall be paid all Deposits, if any, then held by Escrow Agent hereunder as liquidated damages, and not as a penalty, in lieu of all other remedies

hereunder.

40. Survival of Agreement. This Agreement shall survive the closing of the sale and purchase of the Designated Parcels and the delivery and recording of the Deed and other instruments.

41. Entire Agreement. This Agreement, together with the exhibits attached hereto, embodies and constitutes the entire understanding between the parties with respect to the transactions contemplated herein, and all prior or contemporaneous agreements, understanding, representations, and statements, oral or written, are merged into this Agreement. Neither this Agreement nor the provisions hereof may be waived, modified, amended, discharged, or terminated except by an instrument in writing signed by the party against which the enforcement of such waiver, modification, amendment, discharge, or termination is sought, and then only to the extent set forth in such instrument.

42. Joinder by Spouses. Individuals signing on the signature page as a Seller's spouse join in the execution of this Agreement solely for the purpose of agreeing, and each does hereby covenant and agree, to join in the execution of each Deed hereunder for the purpose of releasing, remising and forever quit-claiming to the grantee named in the Deed all right and expectancy of dower in and to each Designated Parcel.

43. Successors and Assigns. This Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors, heirs, and permitted assigns.

44. Escrow Instructions. A signed counterpart of this Agreement shall serve as escrow instructions to the Escrow Agent and may be accepted by the Escrow Agent subject to its standard conditions of acceptance of escrow to the extent they are not inconsistent herewith.

The parties hereto have caused this Agreement to be duly executed as of the _____[day] day of _____[month], _____[year]; provided, however, that the Effective Date shall be that date which is determined pursuant to the provisions of Section 1(d) above.

Current Legal Forms for Real Estate

Chapter 22 DEVELOPMENT AND SUBDIVISION

Part IV. FORMS

D. COMMERCIAL DEVELOPMENT Shopping Centers, Industrial Buildings and Office Buildings

26-22 Current Legal Forms for Real Estate FORM 22.71

FORM 22.71 Lease option agreement with ground lease attached containing option to purchase upon death of lessor.

COMMENT

This form contains an option to ground lease a large parcel of land from an elderly gentleman who does not want to outright sell the land because of his very low cost basis and the potential gain resulting from the sale. However, the optionee is willing to ground lease the property so that it may be developed for commercial or industrial purposes, assuming the condition of the property is satisfactory to the optionee, which will be found out during the term of the option and any extensions of that term. If the option is exercised, the land will be leased pursuant to the terms of the ground lease attached as an exhibit to the lease option agreement.

In the event the lessor should die, then pursuant to the terms of the ground lease, the lessee has the right and option to purchase the land for the price set forth in the purchase agreement attached as an exhibit to the ground lease. The reason the purchase option cannot be exercised until after the death of the lessor is because upon lessor's death, the cost basis of the land will be stepped up to date of death value pursuant to *Internal Revenue Code Section 1014*. Therefore, if the option is exercised after the date of death, there should be no gain on the sale because of the step up of the basis in the land. The fact that there will be no taxes to pay on the sale should provide additional funds to the estate of the lessor to pay estate taxes if estate taxes are required to be paid because of the size of the estate.

FORM

LEASE OPTION AGREEMENT

THIS LEASE OPTION AGREEMENT is executed at _____[city], Ohio, this _____[day] day of _____[month], _____[year], by and between ROBERT STONE, an individual ("Optionor"), and MILLER DEVELOPMENT CO., LTD., an Ohio limited liability company, or its nominee ("Optionee").

WITNESSETH:

In consideration of the promises and covenants hereinafter set forth, the parties mutually

agree as follows:

1. A. Grant of Option. In consideration of the payment of Two Hundred Thousand Dollars (\$200,000) in cash or by certified check, which sum shall be deposited with City Title Company as escrow agent for this transaction ("Escrow Agent"), the Optionor hereby grants to the Optionee the sole and exclusive right and option to lease the premises described on Exhibit A, attached hereto and made a part hereof. The parties agree that the Escrow Agent shall deposit such sum into an interest-bearing account, the interest to accrue for the benefit of the Optionee. The premises shall include the land consisting of approximately 100 acres, and all rights, privileges and easements appurtenant thereto, all of which shall hereinafter be referred to as the "Property." Upon the execution hereof the parties shall order a current and complete ALTA survey and metes and bounds legal description of the Property from a registered surveyor designated by Optionor and approved by Optionee, showing the exact boundary lines of the Property. In addition, the survey shall show the location of all improvements, driveways, paved and unpaved areas, curb cuts, ditches, ponds, gas wells, water wells, adjacent streets and ways, easements, restrictions, encroachments and water courses on or affecting the Property (including all matters set forth in Schedule B of the Commitment referred to in Paragraph 3.A. below), certifying the number of acres, to four (4) decimal places (exclusive of rights of way), within the Property (excluding any portions of the Property within rights-of-ways) and representing that all boundaries within the Property are contiguous with the boundaries of adjoining parcels, and showing what portion of the Property, if any, is within a flood plain, floodway or wetland or similarly restricted area (the "Survey"). The parties agree that at least 500 feet of frontage shall be left for the approximately 45 acre parcel located immediately east of the Property. The cost of the Survey shall be split equally between Optionor and Optionee.

If the aforesaid option is exercised by the Optionee, the Property shall be leased in accordance with the terms and provisions set forth in the Indenture of Lease set forth on Exhibit B, attached hereto and made a part hereof, hereinafter referred to as the "Ground Lease," which shall be executed by the parties hereto if and when the option is exercised, to be effective and to commence as of the date the option is exercised by Optionee. The metes and bounds legal description obtained from the surveyor shall be used as Exhibit A-1 to the Ground Lease for the purpose of identifying the land to be leased.

B. Warranty of Optionor. To Optionor's knowledge no Hazardous Substances (as hereinafter defined) have been used, manufactured, released, treated, stored or disposed of beneath, on or at the Property or off-site so as to affect the Property by Optionor and to the best of Optionor's knowledge no Hazardous Substances have been used, manufactured, released, treated, stored or disposed of beneath, on or at the Property or off-site so as to affect the Property by Optionor's predecessors-in-interest or by any other person from any other source whatsoever. The term Hazardous Substances includes, without limitation, those substances included within the definitions of "Hazardous Substances," "Hazardous Materials," "Toxic Substances," "Hazardous Waste" or "Solid Waste" in any Environmental Law as hereinafter defined. The term Environmental Law includes any federal, state or local law, statute, ordinance or regulation including without limitation, the Comprehensive Environmental Response, Compensation and Liability Act, the Resource Conservation Recovery Act, and the Hazardous Material Transportation Act. Notwithstanding the aforesaid, it is understood that this warranty does not apply to oil and gas, petroleum products or any by-product

thereof.

2. Initial Term of Option. Subject to the rights to extend the option term as set forth in Paragraph 5, below, this option may be exercised commencing on the date of execution of this Agreement (signed by both parties), and terminating as of midnight on the one hundred twentieth (120th) day thereafter.

3. A. Approval of Title to Property by Optionee. Upon the execution hereof, Optionor shall order a Commitment for a Leasehold Policy ("Commitment") from City Title Company, hereafter called the "Title Company," for the review and approval by Optionee of the condition of title to the Property. Within thirty (30) days of receipt of both the Survey and the Commitment, Optionee shall notify Optionor of any items shown therein which are objectionable to Optionee. If so notified, Optionor shall have thirty (30) days to cure the same. If not cured by Optionor within such 30-day period, Optionee shall either notify Optionor that such items are acceptable or shall terminate this Agreement by written notice to Optionor. If such items objected to are cured by Optionor, a new Commitment shall be issued showing only those items not objected to by Optionee, and all such items shall be deemed to have been approved by Optionee. The cost of the leasehold policy shall be split equally between Optionor and Optionee. During the term of the option, as it may be extended, Optionor agrees not to further encumber the Property without Optionee's prior written consent, not to be unreasonably withheld or delayed.

3. B. Exercise of Option. If the Optionee decides to exercise this option, the Optionee shall exercise said option by written notice signed by the Optionee and telecopied by facsimile (fax) communication or delivered or sent, postage prepaid, by United States registered or certified mail, with return receipt requested, or by a recognized national overnight courier service, delivered, telecopied or addressed to the address of the Optionor hereinafter set forth. If said notice is sent by United States mail, it shall be deemed to have been exercised within the aforesaid option period if it is postmarked as of a date on or before the expiration of the aforesaid option period.

4. Application of Payments. If the Optionee does not exercise this option as herein provided for any reason whatsoever, the sum of Ten Thousand Dollars (\$10,000) paid by the Optionee for this option shall be paid to the Optionor by the Escrow Agent, free of all claims of the Optionee, and neither party shall have any further rights or claims against the other. The balance of the funds on deposit plus the accrued interest thereon shall be paid to Optionee. If said option is exercised as herein provided, the consideration paid for the option as set forth in Paragraph 1, above shall be credited against the future rental payments for the Property, in the order in which they accrue under the terms of the Ground Lease. If the option is exercised, the Escrow Agent shall release funds to the Optionor from the funds on deposit in the amount of each monthly rental payment due under the terms of the Ground Lease as it accrues, until such funds (exclusive of the interest accrued thereon) have been fully expended. Thereafter, the accrued interest shall be paid to Optionee.

5. Right to Extend. Optionee shall have the right to extend the option term for three (3) additional consecutive periods of seventy-five (75) days each at a cost of Twenty-Five Thousand Dollars (\$25,000) for the first extension period, Twenty-Five Thousand Dollars (\$25,000) for the second extension period, and Fifty Thousand Dollars (\$50,000) for the third extension period. Such sums shall be considered a charge against the \$200,000 deposited into escrow pursuant to the terms of Paragraph 1, above, each charge to be effective as of the first day of each of the 75-day extension periods to which it applies. If Optionee elects not to exercise its option to lease for any reason whatsoever during any of the extended terms, the aforesaid sums held in escrow shall be paid to Optionor by the Escrow Agent after the expiration of the extended term then in effect, except for the interest accrued thereon which shall be paid to Optionee.

6. Delivery of Documents; Access. Optionor agrees to deliver, upon the execution of this Agreement, all surveys, reports of soil-bearing tests, environmental studies and reports, architectural drawings and other work relating to the Property, if any, as Optionor may have. If this option is not exercised such reports, if any, shall be returned to Optionor. During the term of the option agreement as it may be extended, Optionee, or its agents and employees, shall have access to the Property for the purpose of making such surveys, soil tests, studies and reports as Optionee shall determine, all at

Optionee's sole risk and expense. In consideration thereof, Optionee agrees to indemnify, defend and hold harmless Optionor from any claims, actions, causes of action, liabilities, expenses or liens resulting from or arising out of the exercise of such rights by Optionee, its agents and employees. After such studies or tests are completed, Optionee agrees to restore the Property to its prior condition.

Subsequent to the execution of this Agreement, it is the intention of Optionee to make application to obtain site plans and other necessary approvals for the development of the Property, in accordance with plans submitted by Optionee to the Township of Troy and other governmental authorities having jurisdiction over the Property. Optionor consents to such application and Optionor agrees to cooperate with Optionee at all stages of the proceedings in order to enable Optionee to obtain such approvals by signing applications therefor and performing such other acts as are reasonable under the circumstances; provided, however, Optionee shall pay all application fees and shall pay for the cost of preparation of all plans that Optionee feels are necessary in order to obtain such approvals. Furthermore, upon the execution of this Agreement, Optionor shall furnish Optionee upon request with an affidavit, in proper form prepared by Optionee's attorney for approval by Optionor's attorney, empowering Optionee to make application for approval for the development of the Property.

Although not a part of the Property which is the subject of this option to lease, Optionee shall have the same rights as are set forth in this Paragraph 6 with respect to the 25 acre parcel, hereinafter called the "Adjoining Parcel" located immediately west of the Property. Said Adjoining Parcel is the subject of a purchase option granted to Optionee pursuant to the terms of Paragraph 4.C. of the Ground Lease.

7. Time of Essence. Both of the parties hereto agree that time shall be of the essence for the exercise of the option rights that are granted herein.

8. Assignment. This option and all rights hereunder may not be assigned without the express written consent of Optionor; provided, however that Optionor agrees that this Agreement may be assigned to an entity which shall be controlled by Optionee or by the owners of Optionee provided that Optionee notifies the Optionor of such assignment and of the name and address of the assignee and sends to the Optionor a copy of such assignment plus a written agreement by the assignee to perform all the terms, promises and conditions of this option on the part of the Optionee.

9. Notices. Whenever the Optionor or the Optionee shall serve any notice which is required to be in writing under the terms of this Agreement upon the other, the same shall be sent as follows:

To Optionor at: Mr. Robert Stone

 Fax No.: (_____) _____

To Optionee at: Miller Development Company, Ltd.

 Fax No.: (_____) _____

or at such other address as the Optionor or the Optionee may theretofore by written notice to the other have designated for the service of such notice.

10. Recording. An executed counterpart of this Lease Option Agreement may be recorded at the election of either party, excluding Exhibit B attached to this Lease Option Agreement. Any costs incurred in connection therewith shall be at the expense of the party requesting the recording.

11. Broker's Commission. The parties represent each to the other that Green Real Estate Group ("Broker") is the only broker either has dealt with in connection with this Lease Option Agreement. The commission shall be due and payable only if and when the option is exercised. Optionor agrees to indemnify Optionee and hold Optionee harmless from and against any brokerage commission due Green Real Estate Group with respect to the lease of the Property by Optionee, and, by its execution of this Lease Option Agreement, Broker hereby agrees to look solely to Optionor for any such brokerage commission from this transaction in accordance with a separate agreement between Optionor and Broker. Optionor and Optionee each further agree to indemnify the other from and against all loss, cost, damage or expense arising out of or resulting from any act or acts of the indemnifying party which gives rise to any claim of any broker or agent other than Broker in connection with this transaction.

12. Death Prior to Exercise of Option. In the event of the death of Robert Stone during the term of this option, as it may be extended, in the event Optionee elects to exercise its option as set forth herein, the exercise of such option shall be considered an option to purchase the Property as set forth in Paragraph 4.B. of the Ground Lease, and to purchase the Adjoining Property as set forth in Paragraph 4.C. of the Ground Lease. Said option to purchase shall be governed by Paragraphs 4.B. and 4.C. of the Ground Lease and the Agreement of Sale and Purchase referred to therein.

13. Binding Effect. This Lease Option Agreement and the covenants and conditions herein contained shall inure to the benefit of and be binding upon the Optionor, and the Optionor's heirs and assigns, and shall be binding upon and inure to the benefit of the Optionee, and the Optionee's successors, nominee and permitted assigns of the Optionee. Any such assignee or nominee of Optionee shall be an entity related or affiliated with Optionee.

The parties hereto have signed this Lease Option Agreement as of the date first above written.

EXHIBIT "A-1"
Legal Description

TO BE ATTACHED

EXHIBIT "B"
INDENTURE OF LEASE

THIS INDENTURE OF LEASE is made and entered into at _____[city], Ohio, this _____[day] day of _____[month], _____[year], by and between ROBERT STONE, an individual, hereinafter called "Lessor," and MILLER DEVELOPMENT CO., LTD., an Ohio limited liability company, or its nominee, hereinafter called "Lessee."

WITNESSETH

WHEREAS, Lessor and Lessee previously executed a certain Lease Option Agreement dated _____[date] ("Lease Option Agreement") pursuant to which Lessee was granted an option to lease the Property hereinafter described; and

WHEREAS, Lessee has exercised its option to lease;

NOW, THEREFORE, Lessee and Lessor agree as follows:

1. Demised Premises. For the rents and upon the terms and conditions hereinafter set forth, Lessor hereby leases unto Lessee the parcel of real estate described on Exhibit A, attached hereto and made a part hereof, and all easements, rights and privileges appurtenant thereto. An exact metes and bounds legal description of the parcel of real estate shall be obtained from a registered surveyor approved by Lessor and Lessee, and such legal description shall be marked Exhibit A-1, attached hereto and made a part hereof. All of the aforesaid shall hereinafter be referred to as the "Property."

2. Term. To have and to hold the above Property and appurtenances thereto belonging unto Lessee, for the term of ninety-nine (99) years, commencing on the _____[day] day of _____[month], _____[year], and expiring on the ninety-ninth (99th) annual anniversary of said date, unless the term hereby demised shall be sooner terminated as hereinafter provided.

3. A. Rent. In consideration of said demise, Lessee covenants and agrees to pay to Lessor, as rent for the use of the Property each year during the term hereof, the sum of One Million Four Hundred Thousand and 00/100 Dollars (\$1,400,000.00), in equal monthly installments of One Thousand One Hundred Seventy-Eight and 45/100 Dollars (\$1,178.45) each, payable in current legal tender of the United States of America, as the same is then by law constituted. Notwithstanding the aforesaid, in the event Robert Stone dies, thereafter the monthly rent payable hereunder shall be adjusted to _____ Dollars (\$_____) per month for the balance of the term of the lease commencing on the first day of the thirteenth calendar month following such date of death. All such sums are due and payable in advance, on the first day of each and every calendar month during said term, at the office of Lessor at _____[address], _____[city], _____[state] _____[zip code], or at such other place as Lessor may in writing designate.

The aforesaid rent is based on an assumed acreage of one hundred (100) acres in the parcel being leased hereunder. In the event the total acreage excluding any portions which are within rights of way, measured to four decimal places, is determined by the surveyor to be more or less than 100 acres, the base rate of rent shall be adjusted up or down, as the case may be, by \$15,000 per acre per year for each acre (or fraction thereof) more or less than 100 acres (exclusive of rights of way).

Lessor shall cause the title company, City Title Company, to make a special tax search of the Property, both of record

and with appropriate municipal and county authorities, in order to ascertain the existence of any assessments which constitute a lien against the Property. Except for current real estate taxes and assessments against the Property, Lessor shall satisfy any liens against the Property and agrees not to further encumber the Property without the consent of Lessee, which consent shall not be unreasonably withheld or delayed.

4. A. Net Lease Provision. This lease shall be deemed and construed to be a "net lease." Lessee assumes the sole responsibility for all costs related to the condition, operation, maintenance and management of the Property and improvements to be constructed thereon and for the performance and observance of the obligations under all instruments to which the Property is subject as hereinabove stated, and Lessee shall indemnify, defend and hold Lessor harmless from any claims thereunder.

4. B. Option to Purchase the Property. Provided Lessee is not in default hereunder with due allowance given to any grace periods for the correction of said defaults, Lessee shall have the right to purchase the Property at any time during the term hereof after the death of Robert Stone. In order to properly exercise such option, Lessee shall give written notice to Lessor of Lessee's intention to purchase the Property, and shall concurrently execute and deliver to Lessor at least three (3) fully executed counterparts of the Agreement of Sale and Purchase, a copy of which is marked Exhibit B, attached hereto and made a part hereof. In such event, Lessor shall execute such Agreement of Sale and Purchase and return one (1) fully executed counterpart to Lessee, and deposit one (1) counterpart with the Escrow Agent designated therein for the purpose of opening an escrow for such transaction. The Agreement of Purchase and Sale shall govern the terms of the purchase and sale of the Property pursuant to this option to purchase. In the event this option is exercised, Lessee agrees that it shall concurrently exercise the option to purchase the 25 acre parcel described in Paragraph 4.C. next following.

4. C. Option to Purchase Adjoining Parcel. In consideration of Lessee exercising its option to lease the Property, Lessor hereby grants to Lessee the right and option to purchase the land consisting of 25 acres as described on Exhibit C attached hereto and made a part hereof, hereafter called the "Adjoining Parcel", any time during the term hereof after the death of Robert Stone, for a purchase price of Two Million Five Hundred Thousand and 00/100 Dollars (\$2,500,000.00). During the term of the option to lease the Property as set forth in the Option Lease Agreement, as it may be extended, and prior to the exercise of the purchase option Lessee, or its agents and employees, shall have access to the Adjoining Parcel for the purpose of making such surveys, soil tests, studies and reports as Lessee shall determine, all at Lessee's sole risk and expense. In consideration thereof, Lessee agrees to indemnify, defend and hold harmless Lessor from any claims, actions, causes of action, liability, expenses or liens resulting from or arising out of the exercise of such rights by Lessee, its agents and employees.

If Lessee decides to exercise such option, Lessee shall exercise such option by written notice signed by Lessee and delivered or sent postage prepaid by U.S. registered or certified mail, with return receipt requested, or by a recognized national overnight courier service, delivered or addressed to the address of Lessor set forth herein. If said notice is sent by U.S. mail, it shall be deemed to have been exercised within the aforesaid option period if it is postmarked as of a date on or before the expiration of the lease term. If exercised, the purchase and sale shall be closed in accordance with the terms of the Agreement of Sale and Purchase marked Exhibit B, attached hereto, except Lessor agrees to convey title subject only to those restrictions, reservations, limitations, easements and conditions of record as are identified on Exhibit D, attached hereto and made a part hereof, zoning ordinances, and taxes and assessments, both general and special, which are a lien but not yet due and payable.

5. Use. The Property shall be used for the construction at Lessee's option of a commercial or industrial building or buildings or other improvements on the Property consistent with the building and zoning codes applicable to the Property, including all codes and ordinances relating to the sustainability of the Property, and for any other legal purpose thereat. Such uses shall not require the consent of Lessor. In connection therewith, if requested by Lessee, Lessor shall promptly execute any consents required by any governmental authority to develop or construct any improvements on the Property. Any buildings or other improvements constructed by Lessee on the Property shall be and

remain the sole and absolute property of Lessee during the term of this lease and any extensions thereof. Lessee shall not use or occupy, or permit the use or occupancy of, the Property, or any part thereof, in any unlawful manner, or for any illegal purpose, or in such manner as to constitute a nuisance or violate the terms and conditions of any certificate of occupancy applicable to the improvements to be located on the Property.

The Lessee shall throughout the term of this lease, at the Lessee's sole cost and expense, but subject to Lessee's right to contest the validity thereof as set forth in Paragraph 7, below, promptly comply with all laws and ordinances and the orders, rules, regulations or requirements of all applicable governmental authorities and their agencies, and appropriate departments, commissions, boards and officers thereof, and the orders, rules and regulations of the applicable Board of Fire Underwriters, or any other body now or hereafter constituted exercising similar functions, foreseen or unforeseen, ordinary as well as extraordinary, and whether or not the same require structural repairs or alterations, which may be applicable to the improvements to be constructed by Lessee on the Property, or the use or manner of use of said improvements. Such compliance includes, without limitation, compliance with all environmental laws and with the American's with Disabilities Act, and all regulations issued thereunder; provided, however, that Lessee shall not be responsible to Lessor for environmental claims which are the result of a breach of Lessor's warranty regarding environmental claims as set forth in Paragraph 1.B. of the Lease Option Agreement..

6. Taxes and Other Charges Payable by Lessee. Lessee agrees, in addition to the rent hereinbefore provided and as a part of the consideration for this lease, to bear, pay and discharge, at Lessee's own cost and expense, and as promptly as the same shall become due (and before any penalty is added thereto or imposed thereon because of nonpayment), all legal taxes, assessments (both general and special), levies, license fees, dues, ministerial rents, water rents, excises, rates, charges, imposts, penalties and charges, general and special, ordinary and extraordinary, of whatever name, nature and kind, which are now, or may hereafter be, levied, assessed, charged or imposed, or which are or may hereafter become a lien upon the Property, the use or occupation thereof, the buildings and improvements constructed by Lessee, by virtue of any present or future law, ordinance, resolution or enactment of the United States of America, State of Ohio, County of Lewis, Township of Troy, or any other legal authority whatsoever. This paragraph shall apply to all taxes, assessments, etc., attributable to the term of this lease. Lessor shall pay all taxes attributable to the period prior to the commencement of this lease (even though payable during the term of the lease). However, Lessor agrees and understands that Lessee shall not hereby be liable for nor chargeable with any income tax, inheritance, succession, estate, excess profit, corporation or capital levy tax, or tax of a similar nature, which Lessor may be called upon to pay on account of Lessor's ownership of the Property.

7. Lessee's Right to Contest Taxes, Etc. Lessee, upon prior written notice to Lessor, shall be entitled to contest, in good faith, in the name of Lessor or Lessee, by appropriate proceedings diligently conducted, the validity or applicability, as the case may be of any:

- (a) law or requirement or any proposed law or requirement of any governmental authority,
- (b) tax, assessment or other governmental charge,
- (c) lien or encumbrance,
- (d) requirement of insurance carrier, or
- (e) other expense or charge,

which during the term of this lease shall be levied, assessed, imposed, demanded or threatened to be levied, assessed or demanded by any governmental authority or insurance carrier or with respect to, or alleged by any person to have been imposed, in connection with the possession, occupation, alteration, maintenance, repair or use of the Property or any part thereof or any improvements thereon. Lessor shall be obliged reasonably to cooperate with Lessee in any such

contest which Lessee shall elect to undertake and to that end shall make available to Lessee all books and records of the Lessor and all employees and agents of Lessor with personal knowledge of facts relating to any such contest. The period of any such permitted contest shall be excluded in computing the period during which a default shall be deemed to be in existence if such default would not have occurred before such contest. Lessee agrees that Lessee will indemnify and save harmless Lessor from any and all loss, cost, damage, expense, penalty or any liability whatsoever resulting from or in any manner arising out of the delay or failure to pay when due, discharge or comply with any such law, tax, assessment or other governmental charge, lien or encumbrance, requirement of any insurance carrier or other expense or charge as aforesaid which Lessee shall so contest. Any such contest which the Lessee shall elect to undertake shall be at the Lessee's expense.

8. Utilities. The Lessee shall, during the continuance of this lease, pay for all heat, electric current, water, gas, telephone and other utilities used by Lessee in or upon the Property, such payment to be made directly to the utility company or department furnishing the same, and Lessee agrees to indemnify Lessor and save Lessor harmless against any liability or damages on such account. Lessee shall also at Lessee's sole cost and expense procure any and all necessary permits, licenses or other authorizations required for the lawful and proper installation and maintenance upon the Property of wires, pipes, conduits, tubes and other equipment and appliances for use in supplying any such service to and upon the Property. Lessor agrees to cooperate with Lessee in obtaining the same. Lessee shall have the right to enter into agreements with utility companies or governmental authorities creating such easements as may be required to provide utilities and other services to the Property, and improvements constructed thereon, at Lessee's expense. Lessor agrees to execute any documents needed to effectuate the same, subject to the prior reasonable approval of Lessor's counsel.

9. A. Public Liability Insurance. Lessee shall, at Lessee's cost and expense, secure and keep in force and effect during the term hereof, for the protection of Lessor, comprehensive general liability insurance against claims for bodily injury or death occurring upon, in or under the Property and the sidewalks adjacent thereto, to the extent of not less than One Million Dollars (\$1,000,000) in respect of bodily injury or death to any one person, to the extent of not less than Two Million Dollars (\$2,000,000) for bodily injuries or death to any number of persons arising out of one accident or disaster, and property damage with limits of not less than Five Hundred Thousand Dollars (\$500,000).

9. B. Indemnity. Lessee agrees that no representations or warranties, either express or implied, have been made with reference to the condition of the Property or their fitness for the use of any purpose whatsoever. Lessee assumes the sole responsibility for the condition, operation, maintenance and management of the Property, and Lessee shall indemnify, defend and save harmless Lessor from any and all liabilities, damages, penalties, costs, expenses, claims, suits or actions due to or arising out of (i) any breach, violation or nonperformance of any covenant, condition or agreement in this lease contained on the part of Lessee to be fulfilled, kept, observed and performed; (ii) any contest by Lessee authorized by Paragraph 7 hereof; (iii) any damage to property or any injury to persons (including death) resulting at any time therefrom in, on, under or about the Property or the adjacent streets, sidewalks and other adjoining or adjacent areas caused by the negligence, willful acts or omissions of Lessee, or of the employees, agents, invitees, visitors, assignees and sublessees of Lessee, and the employees, agents, invitees and visitors of said assignees and sublessees.

10. Fire and Extended Coverage Insurance and Waiver of Subrogation.

A. Lessee covenants that Lessee will, at Lessee's own cost, immediately insure, and keep insured at all times, against fire and extended coverage risks and additional perils, all buildings now or hereafter placed upon the Property by Lessee, in an amount equal to the full insurable value thereof, exclusive of the cost of foundations, excavations and other underground improvements.

Said policy or policies of insurance shall be secured from responsible and solvent insurance companies admitted to do business in the State of Ohio, and the benefits shall be made payable to the Lessee, and, if required, to any mortgagee, as the interest of each may appear. Said policy or policies shall contain an agreement by the insurer that such policy shall not be canceled without at least ten (10) days' prior written notice to any mortgagee to whom a loss thereunder

may be payable.

B. Lessor agrees to, and does hereby, waive all rights of recovery and causes of action against Lessee and all parties claiming through or under Lessee for any insured damage or destruction to property of Lessor on or about the Property caused by any of the perils insurable by fire and extended coverage insurance policies available in the State of Ohio, and Lessee does hereby waive all rights of recovery and causes of action against Lessor and all parties claiming through or under Lessor for any damage or destruction to the buildings and improvements to be located on the Property or personal property of Lessee located on or about the Property caused by any of the perils insurable by fire and extended coverage insurance policies available in the State of Ohio. Said waivers shall apply notwithstanding that any such damage or destruction may be due to the negligence of either party, or the agents or employees of either party, and for which either party may be reimbursed as a result of insurance coverage affecting any loss suffered by either party. Lessor and Lessee agree that any such insurance policies shall include standard waiver of subrogation clauses therein.

11. Lessee to Give Insurance Notices. It shall be the duty of Lessee to give all notices of loss and make all proofs of loss and render all services of every kind as may be necessary and proper in the collection of any and all insurance monies. Lessor agrees to cooperate with Lessee in connection with the aforesaid matters.

12. Insurance Policies to Remain With Lessee. The policy or policies of insurance shall remain in the possession of Lessee, but upon demand Lessee shall furnish Lessor from time to time with satisfactory proof that the amount and type of insurance hereby required is actually being carried by Lessee.

13. Mortgagee Entitled to Use Insurance Proceeds. Subject to the terms of any leasehold mortgage obtained by Lessee which shall control the use of insurance proceeds resulting from damage or destruction of the improvements, in the event of any damage or destruction of the improvements constructed by Lessee, provided Lessee is not in default hereunder, with due allowance given to any grace periods applicable to such default, Lessee shall promptly rebuild and restore such improvements and the insurance proceeds shall be made available for such purpose. Regardless of the availability of the use of the insurance proceeds by the mortgagee of Lessee, Lessee shall not be relieved of liability for rent and the other covenants herein. Should Lessee fail promptly to repair, restore or rebuild the building or buildings upon the Property, and Lessor does not undertake to do so, such repairing, restoring or rebuilding may be undertaken by any mortgagee or mortgagees appearing as such upon the mortgage records in the office of the Recorder of the county wherein the Property is located, who shall have notified Lessor in writing of their mortgage or mortgages. In such event, the mortgagee or mortgagees shall be entitled to use for those purposes any insurance monies which may be available for such uses to the same extent and in the same manner as the Lessee might have done.

14. Delay in Building on Account of Strikes, Etc. If Lessee should proceed in good faith and with reasonable diligence with the repair, restoration or rebuilding of any building or buildings upon the Property under any of the provisions of this lease permitting or requiring such steps, and should be delayed in the progress thereof on account of any strike, Act of God, shortages of material, actions of a public enemy, or for any reason beyond the control of Lessee, whereby Lessee shall be unable to procure the necessary building materials or labor, the Lessee shall not be deemed in default by reason thereof. During such delays, however, Lessee shall in no way be relieved of liability for rent and upon other covenants.

15. Condemnation. In case of a taking of all or any part of the Property, or the commencement of any proceedings or negotiations which might result in such taking, Lessee will promptly after learning of same give written notice thereof to Lessor and any mortgagees of the Property (of which Lessee has actual notice) or leasehold created hereby, generally describing, to the extent known by Lessee, the nature and extent of such taking or the nature of such proceedings and negotiations, and the nature and extent of the taking which might result therefrom, as the case may be. Lessor and Lessee shall separately file and prosecute at their own expense their respective claims for an award, subject to the terms of this lease.

In case of a taking (other than for temporary use) of the fee of the entire Property, this lease shall terminate as of the date of such taking. In case of a taking (other than for temporary use) of (a) such perpetual easement on the entire Property, or (b) such a substantial part of the Property as shall result, in the good faith judgment of Lessee, in the property remaining after such taking (even if restoration were made) being unsuitable for the use contemplated in this lease, Lessee may, at Lessee's option, terminate this lease by written notice to Lessor given within ten (10) days after such taking, as of a date specified in such notice within thirty (30) days after such taking. Any taking of the Property of the character referred to in this paragraph is referred to as a "total taking."

In case of a taking of the Property other than a total taking, (a) this lease shall remain in full force and effect as to the portion of the Property remaining immediately after such taking, with a just and equitable abatement or reduction of rent or any other sum payable hereunder, and (b) Lessee, at Lessee's expense, will subject to the prior rights of Lessee's leasehold mortgagee under the terms of Lessee's leasehold mortgage, promptly commence and complete, subject to unavoidable delays, restoration of the Property as nearly as possible to its value, condition and character immediately prior to such taking, except for any reduction in area caused thereby, provided that, in case of a taking for temporary use, Lessee shall not be required to effect restoration until such taking is terminated.

Awards and other payments on account of a taking shall be applied as follows:

A. Net awards and payments received on account of a taking other than a taking for temporary use or a total taking shall (subject to the rights of Lessee's mortgagee, to participate in the Lessee's award to the full extent of its indebtedness) be held and applied to pay the cost of restoration of the Property, such application to be made substantially as provided in this lease with respect to insurance proceeds. Thereafter, the remainder of the net award, if any, shall be applied as set forth in subparagraph B, below.

B. Subject to the provisions of Paragraph 5, above, net awards and payments received on account of a total taking, and the remainder of any net award computed pursuant to subparagraph A, above, shall be divided between Lessor and Lessee (subject to the rights of Lessee's mortgagee, to participate in the Lessee's award to the full extent of its indebtedness) in the ratio, as nearly as practicable, which (a) the then value of Lessor's interest in the Property (including Lessor's interest hereunder) bears to (b) the then value of Lessee's interest in the Property (including the value of all improvements) and in the remainder of the lease term, in each case determined by three independent appraisers.

Lessor and Lessee shall each appoint one appraiser not more than thirty (30) days after any total taking, and shall notify the other of such appointment. A third appraiser shall be appointed by each of the previously appointed appraisers. If either party shall fail or refuse to appoint an appraiser within such 30-day period, the Chief Justice of the Common Pleas Court of Lewis County shall select the appraiser or appraisers not then appointed. The determination of the appraisers shall be binding upon the parties. Each of the appraisers shall be disinterested and shall be members in good standing in the American Institute of Real Estate Appraisers or its successor. The cost of the appraisal shall be borne equally by Lessor and Lessee.

In the event of a partial taking which does not result in a termination of this lease, the rent payable hereunder shall be reduced in the same proportion as the portion of the Property bears to the total Property, as of the date title to the portion taken is no longer in Lessor; provided, however, that if Lessee deems that such a proportionate reduction is inequitable, Lessee may within thirty (30) days following such partial taking, give Lessor written demand for appraisal. In the event of such demand, the rent reduction shall be determined by an appraisal as set forth in the immediately preceding paragraph.

16. A. Repairs. Lessee shall at all times during this term, at the Lessee's own expense, maintain the buildings and other improvements which may hereafter be erected on the Property in such repair as may be required by law or applicable government ordinances and making all necessary replacements thereof.

Lessee shall have the right, at Lessee's expense, to alter, demolish, remove, remodel, add to or rebuild, fail to replace all or any part in case of damage by fire or other casualty, any building or buildings to be constructed on the Property.

B. Mechanic's Liens. Lessor does not consent to the filing of any mechanic's lien or notice thereof against the Property or Lessee's interest therein. If, because of any act or omission of Lessee, any mechanic's lien or other similar lien shall be filed against any portion of the Property or Lessee's interest therein, Lessee shall, whether or not defective, within ninety (90) days after the filing thereof, cause the same to be discharged of record by bonding or otherwise. Lessee may contest the validity of such liens by legal proceedings, diligently conducted, in good faith, without expense to Lessor, and Lessee shall defend, indemnify and hold Lessor harmless from all loss, cost, liability, expense, penalty, claims and demands arising therefrom. If Lessee shall fail to cause any such lien to be discharged of record or bonded within the aforesaid 90-day period, then Lessor shall have the right to cause the same to be discharged. Lessee shall, immediately upon written demand, reimburse Lessor for all amounts paid by Lessor to cause such lien to be discharged.

17. Inspection of Premises. Lessor reserves the right during all business hours, after giving reasonable advance written notice to Lessee, to enter the Property to examine the state of repair and structural safety of the Property, subject to the rights of Lessee's subtenants under the terms of their subleases with Lessee, which rights Lessee shall make known to Lessor.

18. New Building Permits. Lessor shall cooperate with Lessee for the purpose of securing building and repair permits as may be necessary from time to time to remove, alter, remodel or construct the buildings and improvements contemplated by this lease, but without expense to Lessor.

19. Fire or Other Casualty Shall Not Affect Payments of Rentals. No partial or complete destruction or disability to occupy the buildings or improvements hereafter situated upon the Property caused by fire, flood or other casualty shall in any way affect the payment of the rental hereinbefore prescribed or the validity of this lease or any portion thereof.

20. Personal Property of Lessee. All property belonging to Lessee located in or about the Property shall be at the sole risk of Lessee, and Lessor shall not be liable for the theft or misappropriation thereof, nor for any damage or injury thereto, nor for any damage or injury to Lessee, or any of the Lessee's officers, agents or employees, or to other persons or to any property caused by fire, explosion, wind, water, rain, snow, frost, steam, gas, electricity, any acts of God, heat or cold, dampness, falling plaster and/or ceilings, sewers or sewage odors, noise, leaks from any part of said building or by the bursting or leaking of pipes, plumbing, electrical wiring and equipment and fixtures of all kinds, or by any act or neglect of a tenant or of any person or caused in any manner whatsoever; provided, however, nothing herein shall be deemed a waiver of Lessor's responsibility for Lessor's negligence or wrongful acts, or those of its agents and employees.

21. Surrender to Lessor. At the expiration of the term, or in the event of a forfeiture or termination before the normal expiration, Lessee shall peaceably and quietly deliver up the Property, together with all improvements thereon, to the Lessor.

22. Quiet Possession. Lessor covenants with Lessee that the rents being paid in the manner and at the time herein provided, and the covenants, conditions and agreements herein being all and singular kept, fulfilled and performed, the Lessee shall lawfully, peaceably and quietly have, hold, possess and enjoy the Property during the term hereby granted, without any hindrance, disturbance or molestation whatsoever from the Lessor or anyone claiming under Lessor. Lessor hereby warrants and agrees to defend the Property against the lawful claims of all persons whomsoever, excepting such as may result from the acts or defaults of the Lessee, and excepting any and all installments of taxes, assessments and other current charges payable after the first half of _____[year] installment, which taxes, assessments, and current charges the Lessee hereby assumes and agrees to pay, subject to the provisions of Paragraph 6, provided, however, that the installment for the second half of _____[year] shall be prorated as of the

commencement date of the lease term, and the portion owed by Lessor applicable to the period prior to the commencement date shall be credited against the base rent due hereunder.

23. Waivers to Be in Writing. Neither Lessor nor Lessee shall be held to have waived any of the rights, privileges, powers or immunities under this lease unless the waiver thereof be made in writing. No waiver of any breach of any covenant, term or condition herein shall be construed to be a waiver of any succeeding or any future breach of the same or any other covenant, term or condition of this lease.

24. Default in Rent, Etc.

A. In the event any monthly installment of rent or any part thereof, or any other payments herein provided for, shall not be paid when due and shall continue unpaid for a period of thirty (30) days from receipt of written demand therefor, or in the event Lessee shall fail to perform any of the other covenants, terms or conditions of this lease to be performed by the Lessee, and such failure shall continue for a period of thirty (30) days after written demand on Lessee for such performance, or if such failure by its nature cannot reasonably be corrected within such 30-day period, then if Lessee shall not within such period have commenced in good faith to correct such failure and shall not have diligently pursued such action to completion, then the Lessor may at the Lessor's option elect one or more of the following remedies: (1) sue for payment of the unpaid rents or other payments as they become due; (2) subject to the terms of Paragraph 24.C., below, terminate this lease and work a forfeiture thereof, in which event every covenant, term and condition on the part of the Lessor to be performed, fulfilled and kept shall terminate as to all purposes whatsoever, and it shall be lawful for the Lessor to re-enter, repossess and enjoy the Property and Lessor's interest therein; and (3) enter upon the Property and improvements thereon, sublet the Property and improvements thereon to third parties, and apply the net rents in partial or complete satisfaction of the obligations of the Lessee without causing a forfeiture of this lease. The election of remedies (2) and (3) above provided shall not bar Lessor from recovery of the full amount of any sums of money due Lessor under this lease up until the date of the termination of this lease.

B. In no event shall Lessor be entitled to exercise Lessor's rights set forth in subparagraphs 24. A.(2) and (3) above, except after written notice of said default setting forth the default complained of, and after the Lessee shall have failed to cure said default within thirty (30) days of the delivery of said notice.

C. Lessor shall give like written notice of said default to Lessee's mortgagee or mortgagees appearing as such upon the mortgage records in the office of the Recorder of the county wherein the Property is located who shall have notified the Lessor in writing of the mortgage or mortgages, by mailing such written notice to the address furnished in writing to Lessor by such mortgagee or mortgagees. Thereupon, said mortgagee or mortgagees shall have like opportunity to cure said default within said 30-day period, or if not curable within thirty (30) days, within such longer period of time as shall reasonably be required, provided such mortgagee acts in good faith to correct such default and diligently pursues such correction to completion. Copies of any notices sent to mortgagee(s) hereunder shall be sent to Lessee simultaneously, and notice of such default shall not be deemed to be effective until both Lessee and such mortgagee shall have received such notice.

Notwithstanding the above, if any notice from Lessor to Lessee and Lessee's mortgagee states that Lessor is electing to terminate this lease and work a forfeiture, the mortgagee of Lessee shall have the right (i) to nullify the notice of termination as fully as though no default had occurred by giving Lessor notice with ten (10) days after receipt of Lessor's notice, notice of its intent to cure the default within ten (10) days thereafter, paying all rent and other payments then in default, or (ii) indefinitely postponing the termination of this lease by giving Lessor, within ten (10) days of Lessor's notice, notice of its intent to foreclose its leasehold mortgage, and within ten (10) days thereafter, paying all rent and other payments in default, and thereafter promptly commencing and proceeding with reasonable diligence to foreclose its leasehold mortgage, meanwhile paying all rent and other payments due under the lease. Such postponement shall continue until confirmation of the foreclosure sale, whereupon such notice of termination shall be deemed nullified.

D. Lessor agrees, notwithstanding anything herein to the contrary, that in the event of termination of this lease by reason of a default by Lessee, and upon notice from the leasehold mortgagee given within fifteen (15) days after the date upon which this lease terminates, Lessor will enter into a new lease for the Property with such leasehold mortgagee, or its designee, for the remainder of the term, effective as of the date of termination, at the rent and otherwise upon the same terms and provisions as are herein contained, subject to the same conditions of title that this lease is subject to on the date of termination and subject to the rights of any parties then in possession of any part of the Property.

Notwithstanding the foregoing, it shall be a condition of Lessor's obligation to enter into such a new lease, that the leasehold mortgagee or its designee pay to Lessor at the time of execution of said new lease all sums due Lessor by reason of Lessee's default in the payment of rent and other sums due hereunder, together with Lessor's costs and expenses incurred in termination of this lease and in preparing the new lease, including without limitation, attorneys' fees. Upon the execution and deliver of such new lease, the tenant thereunder shall have the same right, title and interest in and to the improvements then on the Premises as Lessee had under this lease.

25. Lessor's Title Upon Forfeiture and Re-Entry. In the event of a forfeiture and re-entry as hereinbefore provided, the title and interest of the Lessor in the Property shall be the same as the title and interest owned by Lessor at the date of the execution and delivery of the within lease, and shall include all appurtenant property now on the Property or hereafter placed upon the Property. In addition, all liens, claims and mortgages created or given by the Lessee upon Lessee's leasehold interest in the Property shall terminate upon such forfeiture, unless Lessor in Lessor's sole discretion shall have subordinated Lessor's interest to the interest of said mortgage or encumbered the fee by joining in the execution of such leasehold mortgage.

26. Assignment. Subject to the provisions of Paragraph 27 hereof, Lessee shall have the right to mortgage this lease to secure an actual indebtedness or contractual obligation of Lessee arising from Lessee's interest in the Property up to the full appraised value of Lessee's interest, the improvements to be constructed and Lessor's fee interest in the Property. Notwithstanding the foregoing, Lessee will not, except by such mortgage, assign or transfer this lease without the written consent of the Lessor which consent shall not be unreasonably withheld or delayed, provided that (1) there be at the time of such assignment or transfer no existing default on the part of the Lessee in the performance and observance of the covenants and conditions hereof; (2) the assignee of the Lessee in writing shall expressly assume all of the Lessee's engagements and obligations hereunder and agree to perform all and singular the covenants of this indenture; (3) the Lessee shall have first submitted for inspection by the Lessor a legal and sufficient instrument of assignment and transfer of assumption of this indenture by the assignee five (5) days before the execution, which instrument shall thereafter be duly filed and recorded in the office of the Recorder of the county wherein the Property is located, within ten (10) days after its execution, and a duplicate original thereof filed with the Lessor; and (4) Lessee shall pay the reasonable amount of any expense incurred by Lessor by reason of any assignment, including reasonable attorneys' fees in the case of any assignment. No assignment hereof, unless conforming to the above conditions, shall be of any validity or effect and no such assignment shall release Lessee from its obligations hereunder unless Lessee provides Lessor with all financial statements and other information reasonably requested by Lessor with respect to the assignee, and such financial data and information indicates that the assignee's financial condition and reputation is at least equal to that of Lessee. Such release, if granted, shall only release Lessee from obligations accruing from and after the effective date of the assignment.

Notwithstanding the above restrictions on assignment, in the event the Lessee's leasehold mortgagee, its designee or nominee, shall acquire ownership of the leasehold estate, either following foreclosure of such mortgage or by transfer or assignment in lieu of foreclosure, the Lessee's leasehold mortgagee, its designee or nominee, shall have the right, without the consent of Lessor, to further assign this lease, but thereafter all subsequent assignments (except by a leasehold mortgagee acquiring ownership through foreclosure or by transfer or assignment in lieu of foreclosure), shall be subject to the provisions of this Paragraph 26.

27. Mortgage of Leasehold; Subordination of Fee. It is expressly agreed that the Lessee may at any time, by mortgage

or conveyance in trust, mortgage or hypothecate Lessee's leasehold interest in the Property. The mortgagee or trustee, upon exhibiting to the Lessor such mortgage or deed of trust, and serving written request for notices, with the address to which the same shall be sent, shall thereafter during the existence of said mortgage or deed of trust be entitled to have mailed to the address so designated duplicate copies of notices which the Lessor may serve on the Lessee pursuant to the provisions of this indenture, such notices to be sent simultaneously with the notices sent to Lessee. The mortgagee or trustee may prevent or cure a default of the Lessee in any way that the Lessee might lawfully do; and such action shall be as effective to prevent forfeiture of the Lessee's interest hereunder as if done by the Lessee, and any such mortgage or deed of trust so given by the Lessee may, if the Lessee so desires, be so considered as to provide that, as between any such mortgagee or trustee and the Lessee, said mortgagee or trustee, upon making good and performing any such default or defaults on the part of the Lessee, shall thereby be subrogated to all rights of the Lessee under the terms of this lease.

In the event Lessee shall mortgage Lessee's leasehold interest as set forth above, Lessor shall, upon the request of Lessee and subject to the terms and conditions hereinafter set forth, execute any documents which may be required to subordinate Lessor's fee to said leasehold mortgage, or to join in the execution of any first mortgage of Lessee's leasehold interest and any refinancing thereof, to encumber Lessor's fee interest in the Property in the repayment of a first mortgage loan by a federal or state chartered bank or savings and loan association, insurance company or other institutional lender (collectively hereafter referred to as a "Lending Institution"), in the principal amount not to exceed 100 percent of the appraised value of Lessee's leasehold estate, the improvements to be constructed by Lessee on the Property and Lessor's fee interest in the Property, with interest not to exceed the then current rate of the Lending Institution for similar loans, for a term not to exceed thirty (30) years or the then remaining term of this lease, whichever is less. Lessor agrees to subordinate Lessor's fee interest or to join in such mortgage provided the fee mortgage shall contain the following provisions, among others, in form reasonably satisfactory to Lessor and the Lending Institution:

(a) a provision requiring the application of insurance and condemnation proceeds to the debt secured by the mortgage, or, unless waived by Lessee, providing that such proceeds shall be released to Lessee or any sublessee authorized by Lessee, in a manner satisfactory to the Lending Institution, only for repair, rebuilding, replacement or restoration of the improvements in the event of damage or destruction, or a public taking thereof;

(b) a provision exculpating Lessor and all partners of Lessor from personal liability for any default under the mortgage beyond Lessor's fee interest in the Property, providing that the Lending Institution shall look solely to such interest in the Property, and that the Lending Institution shall not seek or enforce any deficiency or other personal judgment against Lessor or any partner of Lessor, except to the extent necessary solely to realize on the interest of Lessor in the Property. If the Lending Institution shall not be able or willing to include such a provision in the fee mortgage, then, provided to do so does not cause a zoning violation, the Property shall be conveyed subject to this lease to either an individual or corporate (as Lessee shall desire) so-called "nominee" or "dummy" for the purpose of executing the fee mortgage, and immediately thereafter reconveyed to Lessor subject to this lease and the mortgage, all at the sole cost and expense of Lessee; and

(c) a provision that both Lessor and Lessee shall receive all notices given by the Lending Institution and that, if any default is not cured by Lessee within the period of time permitted under the fee mortgage, the Lending Institution shall accept performance of the covenant in default by Lessor if performed within a reasonable specified time.

28. Subletting. Lessee shall have the right to sublet for all lawful purposes all or any part of the Property, subject to the terms of this lease.

29. Nondisturbance of Sublessees; Right to Cure

A. Upon request by Lessee with respect to any of its sublessees, Lessor agrees to provide a nondisturbance agreement in

which Lessor covenants that so long as any sublessee agrees to attorn to Lessor as lessor pursuant to its sublease, such termination shall not result in the termination of any sublease of the Property or any part thereof so long as the sublessee thereunder is not in default, or the period for remedying any such default has not expired. Such nondisturbance agreement shall provide that any such sublease shall continue for the duration of its term and any extensions thereof, as fully as though originally entered into between such sublessee and Lessor (subject, however, to the prior right to any leasehold mortgagee or fee mortgagee). No sublessee who has attorned to Lessor shall be named or joined in any action or proceeding by Lessor to recover possession of the Property or for any other relief in connection with the termination of this lease. Lessor shall, at no expense to Lessee, execute, acknowledge and deliver such instruments evidencing and agreeing to the foregoing as any sublessee shall require.

B. Any act required to be performed by Lessee pursuant to the terms of this lease may be performed by any sublessee of Lessee, and the performance of such act shall be deemed to be performed by Lessee. Any rights or benefits accruing to Lessee under this lease may be exercised or enjoyed by any sublessee of Lessee to the extent provided in the sublease from Lessee to such sublessee.

30. Estoppel Certificate by Lessee. Lessee will execute, acknowledge and deliver to Lessor, promptly upon request, a certificate certifying that (a) this lease is unmodified and in full force and effect (or, if there have been modifications, that the lease is in full force and effect, as modified, and stating the modifications), (b) the dates, if any, to which rent and other sums payable hereunder have been paid, and (c) no notice has been received by Lessee of any default which has not been cured, except as to defaults specified in the certificate. Any such certificate may be relied upon by any prospective purchaser or mortgagee of the property or any part thereof.

31. Estoppel Certificate by Lessor. Lessor will execute, acknowledge and deliver to Lessee or any mortgagee of Lessee's leasehold interest or prospective purchaser of Lessee's interest under this lease, promptly upon request, a certificate certifying (a) that this lease is unmodified and in full force and effect (or, if there have been any modifications, that this lease is in full force and effect as modified, and stating the modifications), (b) the dates, if any, to which rent and other sums payable hereunder have been paid, and (c) whether or not, to the knowledge of Lessor, there are then existing any defaults under this lease (and, if so, specifying the same). Any such certificate may be relied upon by any prospective transferee or mortgagee of Lessee's interest under this lease.

32. Limitation of Lessor's Liability. The term "Lessor," as used in this lease, so far as covenants or obligations on the part of Lessor are concerned, shall be limited to mean and include only the owner or owners at the time in question of the fee of the Property. In the event of any transfer or transfers of the title to such fee, provided Lessor notifies Lessee in writing of such transfer and the name and address of the transferee the Lessor herein named (and in case of any subsequent transfers or conveyances, the then grantor) shall be freed and relieved from and after the date of such transfer and conveyance of all liability with respect to performance of any covenants or obligations on the part of Lessor contained in this lease thereafter to be performed. Without further agreement, the transferee of such title shall be deemed to have assumed and agreed to observe and perform any and all obligations of the Lessor hereunder during Lessor's ownership of the Property. Lessor may transfer Lessor's interest in the Property without the consent of Lessee, and such transfer or subsequent transfer shall not be deemed a violation on Lessor's part of any of the terms and conditions of this lease.

33. Notices. All notices required under this lease shall be deemed to be properly served if delivered in writing personally or sent by registered mail or by certified mail with return receipt requested to the Lessor c/o Robert Stone, _____ [address], _____ [city], _____ [state] _____ [zip code], unless otherwise specified by Lessor, and to Lessee c/o Miller Development Company, Ltd., _____ [address], _____ [city], _____ [state] _____ [zip code], or to any subsequent address which the Lessee may designate for that purpose. Date of service of notice served by mail shall be the date on which such notice is deposited in a post office of the United States Post Office Department.

34. Withholding. Should Lessee withhold from Lessor possession of the premises after the expiration or termination of this lease, then in that event such withholding shall constitute only a month-to-month tenancy.

35. Lease Binding Upon Heirs, Personal Representatives. Each and all of the terms, agreements, covenants, warranties, conditions and stipulations herein contained to be performed or observed by the Lessor and the Lessee, or by either of them, shall apply to, bind and embrace not only said Lessor and said Lessee, or either of them, but also their respective successors and permitted assigns.

36. Short Form. At either party's request, Lessor and Lessee agree to execute a "memorandum of lease," which memorandum of lease shall be suitable for recording and which Lessor or Lessee may promptly record. Payment for said recording shall be by the party requesting same. Said memorandum shall be amended to reflect the actual commencement and expiration date of the lease.

37. Headings. The headings hereinabove inserted are for convenience and reference only and are not intended, and shall not be construed, to define or limit or in any manner affect the scope or meaning of any paragraph or provision of this lease, and such headings shall not be considered in any construction of this lease.

38. Definitions. Where necessary or appropriate herein, the singular and plural shall be interchangeable, and words of any gender shall include all genders.

39. No Merger. There shall be no merger of the leasehold estate created by this lease with the fee estate in the Property by reason of the fact that the same person or entity may own or hold (a) the leasehold estate created by this lease or any interest in such leasehold estate, and (b) the fee estate in the Property or any interest in such fee estate; and no such merger shall occur unless and until all persons, including any mortgagees having any interest in (i) the leasehold estate created by this lease, and (ii) the fee estate in the Property, shall join in the written instrument effecting such merger and shall duly record the same.

40. Partial Invalidity. If any provision of this lease or the application thereof to any person or circumstances shall at any time or to any extent be invalid or unenforceable, the remainder of this lease or the application of such terms or provisions to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected thereby.

41. No Broker. Each of Lessor and Lessee warrant to the other that no broker was involved in this transaction or is due any commission hereunder save and except for Green Real Estate Group who shall be paid by Lessor. Each agrees to indemnify, defend and hold harmless the other from any breach of this warranty.

42. Lessor's Warranties. Lessor represents, warrants and covenants to Lessee that:

(a) Any mortgage against the fee interest or reversionary interest of Lessor in the Property shall be subject and subordinate in all respects to the Lessee's rights under this lease, and to the rights of the leasehold mortgagee contemplated by Paragraph 27, above, of which Lessor has been notified. Except for such mortgage liens against the fee as permitted aforesaid, Lessor shall discharge any liens filed against the Property (other than liens due to the acts or omissions of Lessee or occupancy of the Property by Lessee or those holding under Lessee), within sixty (60) days after the filing thereof. If Lessor shall fail to cause any such lien to be discharged of record or bonded within the aforesaid sixty (60)-day period, then after ten (10) days' prior written notice to Lessor, Lessee shall have the right to cause said lien to be discharged by the payment thereof. Lessee shall have a dollar-for-dollar set-off against the payment of the rent hereunder for any amount paid pursuant to the preceding sentence.

(b) Lessor shall reasonably cooperate with Lessee in obtaining any permits, approvals, easements, etc., necessary to

enable Lessee to develop the Property.

(c) Lessor shall cooperate to make any necessary changes to this lease reasonably requested by a mortgagee of Lessee to enable Lessee to develop the Property, provided the changes do not affect the economics of the transaction described herein and are reasonably acceptable to Lessor's counsel.

(d) Lessor and the individual signing below for the Lessor have the power and authority to enter into this lease as the sole general partner of Lessor, an Ohio limited partnership.

(e) Lessor has all necessary power and authority to enter into this lease and the execution of this lease constitutes the valid and binding obligation of Lessor, enforceable against Lessor in accordance with its terms.

(f) The execution, delivery and performance by Lessor of this lease and all acts contemplated under the terms of this lease have been fully authorized.

(g) Lessor has received no notice of citations for the violation of any zoning, building code or any other law, ordinance, regulation or directive of any governmental authority or authorities having jurisdiction related to the Property, or any part or parts thereof.

(h) There is no litigation, proceeding or action pending against Lessor or notice received by Lessor or threatened litigation against Lessor relating to the Property being leased to Lessee hereunder which might adversely affect the Property or which questions the validity of this lease or action taken or to be taken by Lessor pursuant hereto.

(i) Lessor is not a party to any contracts for services, supplies or the like relating to the Property which cannot be terminated by Lessor or Lessee as of the commencement date of the lease.

(j) There are no options or purchase agreements in effect with respect to the Property or any part thereof except as set forth in this lease, and no leases affecting the Property except as may be disclosed in the title Commitment obtained by Lessee in connection with the Lease Option Agreement and approved by Lessee, if any.

(k) To Lessor's knowledge no Hazardous Substances (as hereinafter defined) have been used, manufactured, released, treated, stored or disposed of beneath, on or at the Property or off-site so as to affect the Property by Lessor and to the best of Lessor's knowledge no Hazardous Substances have been used, manufactured, released, treated, stored or disposed of beneath, on or at the Property or off-site so as to affect the Property by Lessor's predecessors-in-interest or by any other person from any other source whatsoever. The term Hazardous Substances includes, without limitation, those substances included within the definitions of "Hazardous Substances", "Hazardous Materials", "Toxic Substances", "Hazardous Waste" or "Solid Waste" in any Environmental Law as hereinafter defined. The term Environmental Law includes any federal, state or local law, statute, ordinance or regulation including without limitation, the Comprehensive Environmental Response, Compensation and Liability Act, the Resource Conservation Recovery Act, and the Hazardous Materials Transportation Act. Notwithstanding the aforesaid, it is understood that this warranty does not apply to oil and gas, petroleum products or any by-product thereof.

(l) No notice of condemnation or appropriation proceeding affecting the Property exists or to the best of Lessor's knowledge is contemplated.

(m) Lessor has no notice of mechanic's liens or materialmen's liens filed or threatened against the Property for work requested by Lessor, and as to work requested by Lessor no work has been performed or materials furnished for which a lien could be filed.

43. Lessee's Warranties. Lessee represents and warrants to Lessor that:

(a) Lessee has all necessary power and authority to enter into this lease and that the execution of this lease and the consummation of the transaction contemplated hereby constitutes the valid and binding obligation of Lessee enforceable against it in accordance with its terms.

(b) The execution, delivery and performance by Lessee of this lease and the acts contemplated hereby have been duly authorized by all requisite legal actions.

(c) Neither the execution of this lease by Lessee nor the consummation by Lessee of the transactions contemplated hereby will violate any provision of law or violate or be in conflict with or constitute a default under term or provision of the documents establishing the legal existence of Lessee or of any agreement, lease or other contract or obligation to which Lessee is a party.

44. Entire Agreement. Lessor and Lessee agree that neither is relying on any representations or agreements other than those set forth herein, and that this lease is the entire agreement between them.

The parties hereto have executed this Indenture of Lease as of the date first hereinabove mentioned.

EXHIBIT B TO LEASE

AGREEMENT OF SALE AND PURCHASE

THIS AGREEMENT entered into by and between ROBERT STONE, or his legal representative ("Seller") and MILLER DEVELOPMENT CO., LTD., an Ohio corporation, or its nominee ("Buyer").

W I T N E S S E T H:

WHEREAS, the Seller is the owner of land containing approximately 100 acres described on Exhibit A, together with all appurtenances, hereditaments, rights, privileges, easements, rights-of-way now or hereafter belonging or in any way appertaining thereto, including, without limitation, all right, title and interest of Seller in any street, all rights and estates in reversion or remainders, and all rights to the proceeds of any condemnation award pertaining thereto or compensation in lieu thereof (the "Property"). A survey of the Property shall be attached hereto and made a part hereof as Exhibit B. Pending the receipt of said description and survey, a drawing showing the Property is attached hereto and made a part hereof as Exhibit C;

WHEREAS, Seller and Buyer entered into a Lease Option Agreement dated _____[date] ("Lease Option Agreement") granting to Buyer an option to ground lease the Property pursuant to the terms of a certain Indenture of Lease dated _____[date], hereafter called the "Ground Lease";

WHEREAS, as part of the Ground Lease, Seller previously granted Buyer an option to purchase the Property; and

WHEREAS, in the event the purchase option is exercised the parties agree that the terms of this Agreement shall control;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) paid by each party to the other, the receipt of which is hereby acknowledged, and in further consideration of the mutual promises, covenants and agreements hereinafter set forth, the parties agree as follows:

1. Agreement to Buy and Sell. Seller agrees to sell and convey the Property to Buyer, or Buyer's nominee, and Buyer agrees to buy and take title to the Property, under the terms and conditions set forth herein. Seller and Buyer have previously obtained a complete metes and bounds survey and legal description of the Property prepared by a registered surveyor approved by Buyer, showing the exact boundary lines of the Property, the location of all improvements, driveways, paved and unpaved areas, curb cuts, ditches, ponds, gas wells, water wells, adjacent streets and ways, easements, restrictions, encroachments and water courses on or affecting the Property (including all matters set forth in Schedule B of the Title Commitment referred to in Section 5 of this Agreement), certifying the number of acres (exclusive of rights-of-way) within the Property (excluding any portions of the Property within rights-of-ways), and representing that all boundaries within the Property are contiguous with the boundaries of adjoining parcels, and showing what portion of the Property if any, is within a flood plain, floodway or wetland or similarly restricted area, which survey is satisfactory to Buyer (the "Survey"). The Survey is in compliance with the requirements of the American Land Title Association and the American Congress of Surveying and Mapping and is sufficient to permit the Title Company (hereafter designated) to issue the Title Policy (hereafter defined) to Buyer with no exception for matters of survey. The surveyor has delivered a copy of the Survey to Buyer, Buyer's lender, Seller and the Title Company, certifying the same to such entities, together with all necessary or appropriate inspections, supporting reports and certificates. The legal description of the Property shall be used in the Deed (hereafter defined).

2. Appurtenances. The parties agree that the Property being purchased and sold hereunder includes the land, all landscaping, all appurtenant rights, easements and privileges, and any other improvements of whatsoever kind and nature currently existing on the land, together with all title policies, engineering, surveys, reports of soil-bearing tests,

environmental studies and reports, architectural drawings, and other work relating to the Property and the proposed development thereof, or the status of Seller's title thereto, if any, which Seller has previously delivered to Buyer.

3. Purchase Price. The Purchase Price for the Property is Two Hundred Thousand Dollars (\$200,000) per acre for the Property. The Purchase Price shall be deposited by the Buyer into escrow with the Escrow Agent (hereafter defined) on or before the Closing Date.

4. General Warranty Deeds. Seller shall deposit in escrow a good and sufficient general warranty deed (the "Deed"), conveying good, indefeasible, marketable and insurable fee simple title to the Property to Buyer or Buyer's nominee, free and clear of all liens and encumbrances whatsoever except the following: (a) zoning ordinances and regulations; (b) real estate taxes and assessments, both general and special, which were a lien but which were not yet due and payable as of the date of the commencement of the Ground Lease and (c) restrictions, conditions, reservations, limitations, and easements of record which were approved by Buyer pursuant to the terms of the Lease Option Agreement prior to the exercise by Buyer of its option to ground lease the Property, and any liens or encumbrances created pursuant to the terms of the Ground Lease or arising out of the use or occupancy of the Property by Buyer, its agents, employees, tenants and invitees.

On or before ten (10) days prior to the Closing Date, Seller agrees to submit to Buyer's attorney for approval the form of Deed and other documents of conveyance proposed to be executed by Seller.

5. Title Insurance. Seller shall furnish to Buyer an owner's fee policy of title insurance on ALTA Form B-1970 (Revised) from the office of City Title Company (the "Title Company") in the amount of the Purchase Price (with each of the Title Company's standard printed exceptions deleted) insuring the title to the Property to be good in Buyer or Buyer's nominee, subject only to the exceptions permitted under Section 4 hereof (the "Title Policy"). The Title Policy shall insure any easements that are for the benefit of the Property. The cost of the owner's fee policy shall be split equally between Seller and Buyer. Each of the parties hereto shall be equally entitled to any reissue credit based on the previous issuance of the leasehold policy of title insurance with respect to the Property at the time it was leased.

6. Escrow Agent. The Escrow Agent shall be the Title Company (the "Escrow Agent"). Buyer shall cause the escrow to be opened within three (3) days after the exercise of Buyer's option to purchase the Property. A copy of this Agreement shall serve as escrow instructions. The Escrow Agent shall be entitled to attach hereto its "Standard Conditions of Acceptance of Escrow" ("Standard Conditions"), provided, however, if there is a conflict between the terms and conditions of this Agreement, and the terms and conditions of the Standard Conditions, the terms and conditions of this Agreement shall prevail.

7. Closing Date and Possession. Unless the parties otherwise agree in writing, this transaction shall be closed thirty (30) days after Buyer's exercise of its option to purchase the Property (the "Closing" or the "Closing Date"), subject only to the provisions of Section 5 (relating to the extensions of time to cure defects in title disclosed by the Title Commitment). All necessary funds (or commitments therefor) and documents shall be deposited in escrow no later than the Closing Date. On the Closing Date, the Escrow Agent shall file for record the Deed, provided that the Title Company is prepared to issue its Title Policy in the amount of the Purchase Price and in the form as aforesaid.

8. Prorations and Charges. The Escrow Agent shall not be required to prorate and apportion, as of the close of business on the Closing Date, the real estate taxes in view of Buyer's obligation to pay the same under the terms of the Ground Lease. Any prepaid rent payable pursuant to the terms of the Ground Lease shall be prorated as of the Closing Date.

(a) From the funds to be deposited in escrow by Buyer, Seller shall be charged with the following closing costs (unless Seller deposits with the Escrow Agent a receipt or other evidence showing any of said costs were previously paid by Seller):

- (i) cost of the title examination;
- (ii) one-half (1/2) of the cost of the Title Policy;
- (iii) one-half (1/2) of the Ohio Real Estate Transfer Tax and conveyance fees;
- (iv) cost of discharging any and all mortgages on the Property; and
- (v) one-half (1/2) of the escrow fee.

(b) Buyer shall be charged with the following closing costs:

- (i) cost of the recording of the Deed;
- (ii) one-half (1/2) of the Title Policy;
- (iii) one-half (1/2) of the Ohio Real Estate Transfer Tax and conveyance fees; and
- (iv) one-half (1/2) of the escrow fee.

9. Representations and Warranties of Seller. Seller represents and warrants to Buyer that:

- (a) Seller has all necessary power and authority to enter into this Agreement and that the execution of this Agreement and the consummation of the transactions contemplated hereby constitute the valid and binding obligations of Seller enforceable against it in accordance with its terms.
- (b) The execution, delivery and performance by Seller of this Agreement and the delivery and recording of the Deed have been fully authorized.
- (c) No notices or citations for the violation of any zoning, building or other law, ordinance, regulation or directive of any governmental authority or authorities having jurisdiction relating to the Property, or any part or parts thereof, have been received by Seller or any agent or employee of Seller.
- (d) There is no litigation, proceeding or action pending against Seller or notice received by Seller of threatened litigation against Seller relating to the Property being conveyed, transferred and assigned to Buyer hereunder which might adversely affect the Property or which questions the validity of this Agreement or any action taken or to be taken by Seller pursuant hereto.
- (e) Neither the execution of this Agreement by Seller nor the consummation by Seller of the transactions contemplated hereby will violate any provision of law or violate or be in conflict with or constitute a default under any term or provision of the enabling documents of Seller or of any agreement, lease, or other obligation to which Seller is a party.
- (f) Seller is not a party to any contracts for services, supplies or the like relating to the Property which cannot be terminated by Seller or Buyer at Closing.
- (g) There are no options or purchase agreements in effect with respect to the Property or any part thereof (except as set forth in the Ground Lease), and no leases affecting the Property except the Ground Lease to Buyer and the leases, if any, which may be approved by Buyer after review of the Title Commitment obtained by Buyer pursuant to the terms of the Lease Option Agreement.

(h) No notice of condemnation or appropriation proceeding affecting the Property exists or, to the best of Seller's knowledge, is contemplated.

(i) Seller has no notice of mechanic's liens or materialmen's liens filed or threatened against the Property for work requested by Seller, and as to work requested by Seller, no work has been performed or materials furnished for which a lien could be filed.

(j) Seller is not a "foreign person" within the meaning of *Section 1445 of the Internal Revenue Code of 1954*, as amended.

All of the representations and warranties set forth above in this Section 9: (i) shall be deemed renewed by Seller on the Closing Date as if made at such time; (ii) shall survive the Closing of this transaction and the recording of the Deed; and (iii) do not and will not include any untrue statement of fact or omit to state any material fact necessary to make the statements made not misleading.

10. Representations and Warranties of Buyer. Buyer represents and warrants to Seller that:

(a) Buyer has all necessary power and authority to enter into this Agreement and that the execution of this Agreement and the consummation of the transaction contemplated hereby constitutes the valid and binding obligation of Buyer enforceable against it in accordance with its terms.

(b) The execution, delivery and performance by Buyer of this Agreement have been duly authorized by all requisite corporate action.

(c) Neither the execution of this Agreement by Buyer nor the consummation by Buyer of the transactions contemplated hereby will violate any provision of law or violate or be in conflict with or constitute a default under any term or provision of the articles of incorporation or code of regulations of Buyer or of any agreement, lease or other obligation to which Buyer is a party.

All of the representations and warranties set forth in this Section 10: (i) shall be deemed renewed by Buyer on the Closing Date as if made at such time; (ii) shall survive the Closing of this transaction and the recording of the Deed; and (iii) do not and will not include any untrue statement of fact or omit to state any material fact necessary to make the statement made not misleading.

11. Delivery and Payment. Upon consummation of this transaction, the Escrow Agent shall make delivery and payment as follows:

(a) To the Seller, _____ [address], _____ [city],
_____ [state] _____ [zip code];

(i) two (2) copies of the escrow statement; and

(ii) cash deposited by Buyer, less prorations and amounts hereinbefore mentioned to be charged to Seller, by check or wire transfer payable pursuant to payment instructions delivered by the Seller to the Escrow Agent prior to the Closing Date.

(b) To the Buyer _____ [address], _____ [city],
_____ [state] _____ [zip code];

- (i) Two (2) copies of the escrow statement;
- (ii) the recorded Deed;
- (iii) the Title Policy; and
- (iv) the balance, if any, in the escrow account to the credit of Buyer by check payable to Buyer.

12. No Outside Representations. This Agreement shall be deemed to contain all of the terms and conditions agreed upon, it being understood that there are no outside representations or oral agreements. Any and all prior discussions, correspondence, oral agreements or representations of any kind are hereby superseded in their entirety and are of no further force or effect. This Agreement may not be amended, modified or altered except by a writing signed by both parties.

13. Notices. All notices, requests, consents and other communications required or permitted under this Agreement shall be in writing (including telex, telegraphic and facsimile [fax] communication on weekdays between 9:00 a.m. and 5:00 p.m., at destination) and shall be (as elected by the person giving such notice) delivered, telecommunicated, faxed or mailed by registered or certified mail (postage prepaid), return receipt requested, addressed to:

As to Seller: c/o Executor of the Estate of Robert Stone

 Fax No.: (_____) _____ -

As to Buyer: Miller Development Co., Ltd.

 Fax No.: (_____) _____ -

14. Broker's Commission. The parties represent each to the other that Green Real Estate Group ("Broker") is the only broker either has dealt with in connection with this Agreement. Seller agrees to indemnify Buyer and hold Buyer harmless from and against any brokerage commission due Green Real Estate Group with respect to the purchase of the Property by Buyer, and, by its execution of this Agreement, Broker hereby agrees to look solely to Seller for any such brokerage commission from this transaction in accordance with separate agreement between Seller and Broker. Buyer and Seller each further agree to indemnify the other from and against all loss, cost, damage or expense arising out of or resulting from any act or acts of the indemnifying party which gives rise to any claim of any broker or agent other than Broker in connection with this transaction.

15. Escrow. This Agreement shall serve as escrow instructions and the Escrow Agent may attach hereto its standard form of acceptance of escrow instructions; provided, however, that in the event of any inconsistency between this Agreement and the Escrow Agent's form of acceptance, this Agreement shall govern. Upon the execution hereof, a fully executed copy of this Agreement shall be delivered to the Escrow Agent.

16. Conditions to Buyer's Obligations. Buyer's obligations under this Agreement are expressly conditioned upon the completion, occurrence or satisfaction of the following matters, and Buyer shall have no obligation under this

Agreement unless and until such conditions have been satisfied or waived by Buyer:

(a) The Title Company shall be in a position to issue the Title Policy to Buyer on the Closing Date in accordance with Section 5 hereof.

(b) All warranties and representations of the Seller shall be true and correct on the Closing Date, and shall survive the "Closing."

(c) The Seller shall have delivered all other items required by this Agreement to be delivered by it and shall have performed each and every term, covenant and condition required of it under this Agreement.

If all of the conditions of this Section 16 have not been satisfied or waived in writing by Buyer on or before the Closing Date, this Closing Date shall be delayed until Seller shall satisfy such conditions, not to exceed a delay of thirty (30) days.

17. Binding Effect. This entire Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. Buyer shall have the right to hereafter designate a nominee or nominees to take title to the Property, provided, however, any such nominee(s) shall assume, in writing, Buyer's obligations hereunder and thereupon Buyer shall be released therefrom.

18. Agreement for Further Execution. Prior to, at and after the Closing Date, Seller and Buyer shall execute and deliver to the Escrow Agent, Seller or Buyer (or Buyer's nominee), as the case may be, such other further instruments of conveyance, sale, assignment or transfer, and shall take or cause to be taken such other or further action that shall be reasonably requested at any time or from time to time in order to: (a) vest, confirm or evidence in Buyer title to all or part of the Property; or (b) effectuate, in any other manner, the terms and conditions of this Agreement.

19. Survival of Warranties, Etc. The warranties, representations and agreements contained in this Agreement shall survive the acceptance and recording of the Deed and shall not be merged therein.

20. Counterpart Copies. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original and all of which together shall constitute one agreement, and the signature of any party to any counterpart shall be deemed to be a signature to, and may be appended to, any other counterpart.

21. Fax Signatures. The parties agree that this Agreement may be transmitted between them by facsimile machine. The parties intend that faxed signatures constitute original signatures and that a faxed Agreement containing the signatures (original or faxed) of all of the parties is binding on the parties.

This Agreement is executed the _____[day] day of _____[month],
_____ [year].

Chapter 22 DEVELOPMENT AND SUBDIVISION

Part IV. FORMS

D. COMMERCIAL DEVELOPMENT Shopping Centers, Industrial Buildings and Office Buildings

26-22 Current Legal Forms for Real Estate FORM 22.72

FORM 22.72 Sale of land for office and warehouse facility after construction of the improvements by seller's general contractor

COMMENT

This form is for the sale of land to be used for an office and warehouse facility. The land and improvements are to be conveyed to the buyer after the seller has the office and warehouse facility constructed by a general contractor, to be hired by seller. In other words, it is a turnkey project meaning that the seller will cause the entire project to be built before it is conveyed. The land is being sold at an agreed upon price, and the improvements are to be sold on a cost plus basis with an upset or not to exceed price applicable to the improvements.

The only twist from the buyer's point of view is that the land and improvements built thereon will be owned by separate but related entities. The reason for this is because the owner of the land intends to enter into a long-term ground lease of the land with the entity which will own the improvements, and will collect a ground rent commensurate with the cost and value of the land. The owner of the improvements, which is an operating business, will be able to deduct the ground rent as a business expense and will be able to depreciate the cost of improvements as a business expense because it is the owner of those improvements during the term of the ground lease.

FORM

THIS PURCHASE AGREEMENT, entered into by and among SHANAFELT DEVELOPMENT COMPANY ("Seller"), and ABC LAND PARTNERS, LTD., a limited liability company, and ABC BUILDING COMPANY, LTD., a limited liability company (collectively, "Buyer").

WITNESSETH THAT:

Seller and Buyer have agreed, and by these presents do agree, as follows:

1. Seller agrees to sell and convey to Buyer or nominee, and Buyer agrees to purchase from Seller, for the purchase price and upon the terms and conditions hereinafter set forth, a parcel of land, containing approximately 4.12 acres, located on Buchtel Road, Akron, Ohio, together with the improvements to be constructed thereon, as herein provided, and tentatively to be known as 7400 Buchtel Road, together with all easements, rights and appurtenances thereunto appertaining. The land is more fully described in Exhibit A, attached hereto and made a part hereof, and the land and improvements to be constructed thereon are hereinafter collectively referred to as "Premises." The parties hereto acknowledge and agree that the two entities constituting Buyer are acquiring the land and the improvements separately, and that ABC LAND PARTNERS, LTD. shall become the owner of the land and ABC BUILDING COMPANY, LTD. shall become the owner of the improvements to be constructed thereon.

2. The Seller agrees to construct or cause to be constructed on the land described on Exhibit A at Seller's cost and expense, an office and warehouse facility, with site improvements, in strict accordance with certain drawings and specifications initialed by both Seller and Buyer and identified on Exhibit B, attached hereto and made a part hereof. The office and warehouse facility shall be designed to meet the requirements to be certified as LEED Certified as set by the U.S. Green Building Council. Seller shall take all necessary steps to apply for such certification. Certified Any changes in the construction work planned and specified, as hereinbefore mentioned, shall be made only by written agreement signed by both parties, specifying the addition to or subtraction from the purchase price occasioned by each change. With respect to those matters that shall be considered as additions to the construction work, the Seller covenants and agrees that Seller will perform such additions on the basis of their contractor's hard costs for such additions, as hereinafter defined, plus fifteen percent (15%). Such additions to the purchase price shall be paid upon the closing date set forth below. Seller agrees as follows with respect to construction of the aforementioned improvements:

A. Seller shall commence construction of the improvements not later than the execution date of this Agreement and shall thereafter diligently and in good faith prosecute such construction so that the same shall be completed on or before _____ [date]; provided, however, that said contemplated completion date shall be extended by such time as shall be occasioned by delays due to any act or neglect of Buyer or Buyer's agents and nominees, by changes ordered in the plans and specifications in writing, or by strike, public authority or lockout, fire or other casualty, material shortages, or any other cause beyond the control of Seller. The parties hereto agree that time is of the essence in the performance of this Agreement.

B. Seller shall cause all work in connection with construction of the improvements to be completed in accordance with all local ordinances, building codes, statutes and regulations of proper public authorities bearing on the construction of the improvements. If any of the construction work required herein is at variance with any applicable governmental laws, rules and regulations, Seller shall promptly notify Buyer in writing and any necessary changes shall be adjusted by proper change orders as hereinabove provided.

C. All materials and supplies used in connection with construction of the improvements shall be new and both workmanship and materials shall be of good quality.

D. Seller shall, upon discovery that any work in connection with construction of the improvements fails to conform to the requirements of this Agreement, correct the same without delay at Seller's cost and expense.

E. If within one (1) year after the date of final payment of the purchase price herein specified, any of the construction work to be performed hereunder is found to be defective or not in accordance with the plans and specifications hereinabove specified in Paragraph I. (or proper change orders with respect thereto), or if a defect is found with respect to work covered by guaranty or warranty not assignable to Buyer within such longer period of time as may be

prescribed by the terms of said guaranty or warranty obtained by the Seller from the general contractor or the subcontractors or suppliers of the general contractor, the Seller shall correct, or cause to be corrected, such situation promptly after receiving written notice from the Buyer specifying the nature of such defect. The Buyer agrees that it shall give such notice promptly after discovery of any such condition. Seller shall within a reasonable time after receipt of written notice thereof make good any defects in materials or workmanship which may develop during said one (1) year period and any damage to other work caused by the repairing of such defect at Seller's own expense and without cost to the Buyer. Seller shall assign to Buyer any and all warranties or guaranties of workmanship and/or materials that are assignable relating to the work to be performed hereunder.

F. Seller shall allow Buyer, and Buyer's duly authorized agents, at all reasonable times during construction of the improvements, (i) the right of entry and free access to the improvements, (ii) the right to inspect all work done, labor performed and materials furnished in and about the improvements, and (iii) the right to inspect all books, contracts and records of Seller's general contractor insofar as they relate to the construction of the improvements upon substantial completion of the improvement prior to and as a condition precedent to the closing of the transaction. Buyer agrees not to interfere with or in any way hamper Seller's general contractor's business or performance under this Agreement in the pursuance of the provisions of this subparagraph.

G. Seller shall purchase and maintain during construction of the improvements property insurance insuring the improvements under construction including any materials stored on the site or elsewhere, to the full insurable value thereof, against the perils of fire, extended coverage, vandalism and malicious mischief. Upon construction of the improvements being completed in accordance with the requirements of this Agreement, and prior to transfer of title to Buyer, Seller shall purchase and maintain property insurance on the improvements against loss or damage by fire and other perils normally included within extended coverage insurance policies, in an amount not less than the full replacement value of the improvements. Buyer shall be named as an additional insured under said insurance policies as its interest may appear. Certificates of such insurance shall be delivered to Buyer by Seller. In addition to the amounts payable by Buyer to Seller pursuant to Paragraph 4, hereof, Buyer shall reimburse Seller for the cost incurred to obtain such insurance, upon substantial completion of the construction work required herein.

H. Seller shall arrange the construction financing necessary by reason of this Agreement. In addition to the amounts payable by Buyer to Seller pursuant to Paragraph 4, hereof, all costs incurred in connection with such construction financing shall be paid by Buyer to Seller in addition to the purchase price set forth below, upon substantial completion of the construction work required herein. Seller agrees that concurrent with the construction loan draws to submit to Buyer for Buyer's review during the period of construction copies of the construction loan draw requests. Seller shall also assist Buyer in arranging permanent financing upon the request of Buyer, at no additional cost to Buyer from Seller.

I. Seller shall secure all permits, governmental fees and licenses necessary for the proper execution and completion of the construction work required herein. The cost of said permits, governmental fees and licenses shall be paid by Buyer to Seller in addition to the amounts set forth in Paragraph 4, below, upon substantial completion of the construction required herein.

J. At Buyer's request, Seller shall cause Seller's general contractor to obtain bonds satisfactory to Buyer covering the faithful performance of the construction work required herein. In such event, however, in addition to the amounts payable by Buyer to Seller pursuant to Paragraph 4, hereof, Buyer shall reimburse Seller for the costs of any such bonds within thirty (30) days of submission to the Buyer by Seller of the receipt evidencing payment therefore or upon substantial completion of the construction required herein, whichever shall first occur.

K. Upon substantial completion of the construction work required herein, and prior to the closing date of this Agreement, Seller agrees to submit to Buyer mechanic's lien affidavits from Seller's general contractor and the subcontractors and materialmen of the general contractor, for the purpose of satisfying Buyer that there will be no

mechanic's liens filed.

If the Seller should be adjudged a bankrupt, or if Seller should make a general assignment for the benefit of creditors of Seller, or if a receiver should be appointed on account of insolvency of Seller, or if Seller should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided or for reasons beyond the control of Seller, to supply enough properly skilled workmen or proper materials, should fail to make payment to Seller's general contractor, or persistently disregard laws, ordinances, or otherwise be guilty of a substantial violation of any provision of the Agreement, then the Buyer may, upon giving the Seller ten (10) days prior written notice, terminate this Agreement and prosecute any and all rights and claims of Buyer, including without limitation, the right of specific performance, accruing by law or equity.

3. A. The purchase price for the land to be paid by ABC LAND PARTNERS, LTD., to Seller shall be One Hundred Twenty Thousand Dollars (\$120,000), payable as follows:

(i)	Earnest money deposit, receipt of which is hereby acknowledged.	\$10,000.00
(ii)	Balance to be paid at closing dated as hereinafter defined.	110,000.00
	Total	\$120,000.00

B. The purchase price for the improvements being constructed as required herein to be paid by ABC BUILDING COMPANY, LTD., to Seller shall be the sum of the hard costs incurred by Seller's general contractor, as hereinafter defined, plus fifteen percent (15%) thereof, plus Twenty Thousand Dollars (\$20,000) for supervision, plus Five Thousand Dollars (\$5,000) for landscaping, but in no event shall the purchase price for the improvements being constructed exceed the sum of Five Hundred Fifty-Five Thousand Dollars (\$550,000) (which sum includes the said Twenty Thousand Dollars (\$20,000) for supervision and Five Thousand Dollars (\$5,000) allowance for landscaping), hereinafter referred to as the "upset price." In the event the total of the hard costs, plus fifteen percent (15%) thereof, plus supervision and landscaping allowance, is less than the upset price, the amount payable by Buyer for the aforesaid improvements shall be the upset price less an amount equal to sixty percent (60%) of the difference between (i) the sum of the hard costs, plus fifteen percent (15%) thereof, plus supervision and landscaping allowance, and (ii) the upset price. The maximum cost to the Buyer for said improvements is guaranteed not to exceed the sum of Five Hundred Fifty-Five Thousand Dollars (\$550,000.00) and Seller agrees to complete construction of the improvements in accordance with the provisions of this Agreement for such amount.

The hard costs of Seller's general contractor are hereby defined to include all costs incurred by Seller for:

- (i) direct labor and materials incorporated in the contract work;
- (ii) subcontracts performed by other contractors or materialmen in the contract work;
- (iii) engineering services;
- (iv) all work performed by the Seller's general contractor's employees and/or material supplied when said work is done in lieu of subcontracts and/or outside materials; provided, however, that there shall not be included in such hard cost any cost for supervision of construction or allowance for landscaping, which amounts shall be separately accounted for by Seller to Buyer; and
- (v) the cost of contributions, assessments, or taxes paid for unemployment compensation, workmen's compensation, and

social security, insofar as the same are based on wages, salaries or other remuneration paid to employees of the general contractor;

(vi) rental charges of all necessary machinery and equipment, exclusive of hand tools, used at the site of the construction work, including installation, minor repairs and replacements, dismantling, removal, transportation and delivery costs thereof, at rental charges consistent with those prevailing in the area;

(vii) sales, use or similar taxes related to the construction work for which the general contractor is liable, imposed by any governmental authority;

(viii) the cost of removal of all debris; and

(ix) other cash disbursements made or required to be made by Seller's general contractor in order to perform the contract work, exclusive of those with respect to which there is provision for direct reimbursement to Seller by Buyer as otherwise provided in this Agreement.

4. Seller shall convey the land to Buyer, ABC LAND PARTNERS, LTD., by general warranty deed in recordable form satisfactory to Buyer, good marketable title to the land in fee simple, free and clear of all defects, liens, encroachments, and encumbrances, except, general taxes and assessments, both general and special, which are due but not yet payable, and building and zoning ordinances existing upon the premises.

Seller shall convey the improvements to Buyer, ABC BUILDING COMPANY, LTD., by bill of sale in form satisfactory to Buyer, to evidence its ownership of the improvements.

5. Seller shall pay all delinquent taxes, penalties and interest applicable to the land being conveyed. Buyer shall receive a credit against the purchase price for all unpaid real estate taxes and assessments, both general and special, for years prior to the closing, and a portion of such unpaid taxes for the year of closing, prorated through the date of closing. The proration of undetermined taxes shall be based on the value of the land without any improvements constructed pursuant hereto on a 365-day year and on the last available duplicate showing the tax rate and valuation, and the amounts so computed and adjusted shall be final. Until closing date, taxes shall be paid as they become due by Seller. If any split tax bills are required, Buyer's credit as provided herein shall be estimated on a per-acre basis, and funds due the Seller shall be held in escrow pending receipt of the actual split tax bill issued by the County Auditor, at which time the proration shall be completed using said split tax bill.

6. At closing, Seller shall provide to Buyer a Title Insurance Policy issued by Beta Title Insurance Company ("title company") with mortgage protection, if required, in the full amount of the Buyer's costs pursuant to this contract, insuring marketable title as specified in Paragraph 5, above.

7. Save and except as provided in Paragraph 9, hereof, closing shall be on a date not more than thirty (30) days after the improvements required hereunder have been substantially completed, at a closing date mutually agreeable to the parties. Seller shall notify Buyer at such time as they deem the Premises to be substantially completed and if same is then acceptable to Buyer, an escrow shall be opened at Beta Title Insurance Company or at Buyer's lending institution, at Buyer's election within ten (10) days after such notice, and the same shall act as escrow agent for this transaction. If there is any dispute as to whether the Premises are substantially completed and acceptable to Buyer, occupancy of the Premises by the Buyer or the issuance of a conditional certificate of occupancy by the City of Akron permitting Buyer to occupy the Premises shall be deemed to be conclusive that the Premises are substantially completed and acceptable to Buyer. Prior to occupancy of the Premises, Buyer may advise Seller of certain items which it deems incomplete and which items shall be completed as soon as practicable after the closing by Seller. An executed counterpart of this Agreement shall be deposited with the escrow agent, and this Agreement shall act as the escrow instructions for said escrow agent. The escrow agent may attach its standard conditions of escrow, but in cases where they are inconsistent

herewith, this Agreement shall control.

All funds due and payable by Buyer to Seller pursuant hereto and not paid by Buyer to Seller pursuant to Paragraph 2, hereof, shall be deposited in escrow by Buyer on or before the closing date.

8. If on the closing date, title to all or part of the real estate to be conveyed hereunder is subject to any liens, encumbrances, easements, conditions or restrictions other than those set forth in Paragraph 5, above, or in the event of any encroachment, Seller shall have a reasonable time, not to exceed thirty (30) days after written notice thereof within which to remedy or remove any such defect, lien, encumbrance, easement, condition, restriction, or encroachment, or obtain title insurance against the same. If Seller is unable to cure or eliminate such objections or defects within said 30-day period, then Buyer may, by written notice to Seller and the escrow agent, either (i) terminate this Agreement whereupon this Agreement shall be null and void and the obligations of the parties hereunder shall cease, except that Seller shall be charged with all title fees, (ii) waive such objections or defects, or (iii) extend the time for curing or eliminating such objections or defects for an additional period not to exceed sixty (60) days. In the event (iii) is elected, then at the end of the 60-day period, if Seller has been unable to cure or remove said defects or obligations, Buyer will, by notice to Seller, either elect to terminate the within Agreement as provided in option (i) or waive the designated objections or defects as provided in option (ii). The closing date shall be postponed to a date five (5) days after resolution of title problems as set forth in this paragraph.

9. Possession of the premises shall transfer from Seller to Buyer as of the closing date in "broom clean" condition. Notwithstanding the foregoing, Buyer shall have the right at such time as the warehouse facilities are substantially completed to enter the premises for purposes of erecting and assembling shelves and accessories, and Buyer agrees that it shall be solely responsible for and agrees to save Seller harmless from any and all claims or damages resulting to Buyer's property occasioned by such early use and entry of the warehouse facilities. Buyer agrees not to interfere with or in any reasonable way hamper Seller's general contractor in the performances of its responsibilities for the timely completion of the construction of the improvements.

10. Seller shall be charged with and pay out of the funds due Seller any and all costs of: the conveyance fee required by law applicable to the value attributable to the land and improvements, the title search, the cost of a title insurance policy in the amount of the total costs of land and improvements paid by Buyer hereunder, the full amount of the proration of taxes and assessments, both general and special, and any delinquent taxes and assessments. Buyer shall be obligated to pay for the cost of filing the deed for record. Each of Seller and Buyer shall pay one half (1/2) of the escrow fee.

11. A. In the event that the premises, or such part of them as would necessitate a substantial alteration of the building plans referred to hereinabove, or make it economically unfeasible for Buyer to have constructed the improvements required hereunder, are taken for public or quasi-public purposes by the government of the United States, State of Ohio, or any government or power whatsoever, or by any corporation by the right of eminent domain, or be condemned by any court, state, city, county or governmental authority or office, department or bureau of any city, state or the United States, prior to transfer of record title, Buyer shall have the option of accepting any and all proceeds from any award or damages or otherwise and completing the purchase and sale without a reduction in the purchase price, or of withdrawing from this Agreement in which case all proceeds and any award or damages or otherwise shall belong to Seller and Buyer agrees to neither interfere with the claim made by Seller nor to make any claim itself. Buyer's exercise of the option to accept proceeds and complete the purchase or withdraw from the Agreement as provided in this paragraph shall be made in writing and delivered to Seller within ten (10) days after notice to Buyer of the appropriation. If Buyer fails to so notify Seller within said ten day period, Buyer shall be deemed to have withdrawn from the Agreement. In the event that Buyer withdraws from the Agreement as provided for in this paragraph, Buyer shall be without further liability to Seller and Seller shall pay all title costs incurred to such date.

B. In the event that any damage or destruction shall occur to the improvements being constructed at any time (whether during construction or after construction shall have been completed) prior to the Deed conveying title to the premises to

Buyer being filed for record with the County Recorder, Seller shall repair or reconstruct the improvements to the same condition as existed prior to the occurrence of such damage or destruction. Seller agrees that, upon the occurrence of any such damage or destruction, Seller shall promptly commence and diligently prosecute the repair or reconstruction thereof so that the same shall be completed as soon as reasonably possible. The closing date shall be postponed a sufficient period of time to permit Seller to complete the repair or reconstruction of the improvements in the manner contemplated by this paragraph.

12. All warranties, representations, covenants and options herein contained shall survive the closing, and if said deed and this Agreement are inconsistent, the provisions of this Agreement shall control.

13. This Agreement contains the entire understanding between the parties hereto and shall be governed by the laws of the State of Ohio.

14. Seller and Buyer warrant that no real estate broker has been involved in this transaction except for Simon Brokerage Company, whose commission shall be paid entirely by Seller outside of escrow, if and when this Agreement is consummated.

15. Any notices given or to be given by the parties must be in writing and delivered or mailed by United States mail, certified with return receipt requested, and addressed as follows:

If to the Seller: Shanafelt Development Company

If to the Buyer: ABC Land Partners, Ltd.

ABC Building Company, Ltd.

or addressed to such other address as the other party shall be notified in accordance with the terms of this paragraph.

16. Any disagreement arising out of this Agreement or from the breach thereof which relates to the construction of the improvements referred to herein shall be submitted to arbitration. Judgment upon the award rendered may be entered in any state or federal court having jurisdiction. It is mutually agreed that the decision of the arbitrators shall be a condition precedent to any right of legal action that either party may have against the other. The arbitration shall be held under the standard form of construction arbitration procedure of the American Arbitration Association of Akron, Ohio.

17. This Agreement and any rights hereunder, except as otherwise provided herein, shall not be assigned without the prior written consent of the other party.

Seller and Buyer have executed this Agreement as of the day and year first shown below.

Current Legal Forms for Real Estate

Chapter 22 DEVELOPMENT AND SUBDIVISION

Part IV. FORMS

D. COMMERCIAL DEVELOPMENT Shopping Centers, Industrial Buildings and Office Buildings

26-22 Current Legal Forms for Real Estate FORM 22.73

FORM 22.73 Restrictions on use and appearance of buildings in office park

COMMENT

Like the developer of a residential real estate project, the developer of a commercial project--such as an office park or industrial park--routinely files covenants and restrictions before the sale of the first building within the development. One common reason for filing such covenants and restrictions is to regulate the future use and appearance of the buildings by owners and tenants. In this way, the value of the individual buildings--and the development as a whole--can be maintained.

The developer in the form below clearly wants to maintain a particular "look" for its development. For example, the developer has required the use of red-brick exteriors and gray-tinted windows only. Buildings may not exceed ten stories in height, and there are strict rules limiting the number, size and content of signs that may appear on buildings. Indeed, all signs are subject to prior approval by the developer.

The developer also wants to maintain a very neat, orderly atmosphere throughout the office park. Accordingly, smokers are prohibited from smoking both inside the buildings and anyplace on the grounds where they can be spotted from the street. Building owners must erect "shelters" located behind their buildings where smokers can have a cigarette.

In addition, parked cars must also be kept out of sight. All parking areas must be screened by natural plantings--such as trees and shrubbery--so that cars are not readily visible from roadways. The grounds surrounding each building must be fully landscaped with a lawn and either hardwood or flowering trees.

Specific types of uses of the buildings are clearly prohibited in order to maintain the atmosphere

of an office complex. For example, the following types of businesses, among others, are expressly banned from the development:

- (1) manufacturing businesses;**
- (2) retail restaurants, bars and grills;**
- (3) retail sales businesses;**
- (4) mobile food vendors;**
- (5) operators of X-ray and magnetic resonance imaging (MRI) equipment; and**
- (6) laboratories of any kind, including chemical, medical, etc.**

Finally, the environmental concerns of the developer are addressed as well. For instance, no toxic or hazardous substances may be used, stored or disposed of on the premises. Nor may waste water be dumped onto the grounds. Instead, it must be disposed of through sewers.

FORM

DECLARATION OF RESTRICTIONS

by _____ [*insert developer's name*], INC.

WHEREAS, _____ [*insert developer's name*], INC. is the owner of a certain tract of land commonly known as _____ [*insert name of office park*] Office Complex, which land is more particularly described in Schedule A, which is annexed hereto and made a part hereof; and

WHEREAS, the said tract of land has received subdivision approval for sale of lots for use as office buildings; and

WHEREAS, _____ [*insert developer's name*], INC., desires to subject the land described in Schedule A to certain covenants and restrictions,

NOW, _____ [*insert developer's name*], INC. hereby declares that the tract of land described in Schedule A shall be conveyed subject to the following restrictions, covenants and conditions:

1. *Hazardous and toxic substances prohibited.* The storage, use or disposal of any hazardous or toxic substance on any lot herein shall be strictly prohibited.
2. *Equipment, materials and supplies used in purchaser's business.* All equipment, materials and supplies used in the operation of purchaser's business shall be stored in secure enclosures, so as not to be visible from roadways and so as not to be hazardous to the public. Notwithstanding the foregoing, picnic tables may be placed on the lawn areas for use by owners and their employees. All trash receptacles in the picnic area shall be covered and screened.
3. *Animals prohibited on premises.* No animals, except guide dogs, shall be permitted in any of the buildings or on the grounds. The preceding sentence shall not be interpreted as requiring owners to remove any wild animals from the grounds unless they pose a present danger to the public.

4. *Parking.* Each building shall be constructed with adequate parking. Owners shall be required to provide a minimum of _____[e.g., fifteen (15)] parking spaces in excess of the amount required by the zoning law in effect at the time of construction.

All parking areas shall be screened by trees and shrubbery, so that cars are not readily visible from the roadways.

All parking areas shall be supervised during regular business hours, in order to provide for the safety of users.

5. *Grounds must be landscaped.* The grounds surrounding each building shall be fully landscaped and include a lawn and at least _____[e.g., six (6)] mature hardwood or flowering trees per acre or part thereof.

6. *Signs on buildings.* Each building shall be entitled to one (1) sign, measuring no more than _____[insert number] feet by _____[insert number] feet and advertising the name and business of the owner or occupant. In addition, each building may have one (1) sign, measuring no more than _____[insert number] feet by _____[insert number] feet and setting forth the building's number. All signs shall be subject to prior written approval by _____[insert developer's name], INC., in order to maintain uniformity and aesthetic quality. No other signs of any nature shall be erected.

7. *Smoking.* There shall be no smoking in any building constructed on the land described in Schedule A. Each owner shall be required to provide a shelter for smoking behind the building. The shelter shall be regularly cleaned. Smoking shall only take place in the shelter.

8. *Building maintenance.* All buildings shall be maintained in a first-class manner. Public areas shall be cleaned daily. Public areas shall be repainted as needed, but no less often than annually.

9. *Discharge of waste water.* Owners shall not permit the discharge of used water outside of the buildings, except through municipally-approved sewers.

10. *Height of buildings.* No building shall exceed _____[e.g., ten (10)] stories in height. Basements and sub-basements shall not be counted as stories.

11. *Exterior design of buildings.* All buildings shall have red-brick exteriors with gray-tinted windows.

12. *Areas where parking is banned.* There shall be no parking permitted on roadways or in front of buildings. Notwithstanding the foregoing, a maximum of _____[e.g., five (5)] spaces for the handicapped may be placed near a doorway that is accessible by the handicapped, provided that the spaces are adequately screened with greenery. _____[insert developer's name], INC., in its sole discretion, shall determine whether screening is adequate.

13. *Trash receptacles.* Trash receptacles for ordinary waste and recyclables shall be maintained in a locked storage shed. They shall not be permitted to constitute a nuisance or danger to neighboring properties or users.

14. *Manufacturing prohibited.* No manufacturing or fabricating of any kind shall be performed in any lot listed in Schedule A.

15. *No laboratories permitted.* No laboratories may be housed in any building constructed on any lot described in Schedule A.

16. *Certain medical equipment prohibited.* X-ray and magnetic resonance imaging (MRI) machinery are prohibited from use on the premises described in Schedule A.

17. *No eating or drinking establishments allowed.* No retail restaurant, bar or grill may be located on the premises. However, the owners may provide one cafeteria per building for the use of employees only.

18. *No mobile food vendors allowed.* No owner shall permit mobile food vendors to stop or park along roadways, curbs or sidewalks in the _____[insert name of office park] Office Complex.

19. *Gambling prohibited.* No gambling, gaming or betting parlors shall be permitted in any building constructed in the _____[insert name of office park] Office Complex.

20. *Retail sales businesses prohibited.* No retail sales businesses shall be located in the _____[insert name of office park] Office Complex.

21. *Restrictions to run with land.* All restrictions, conditions and covenants herein shall run with the land and continue as such for _____[e.g., twenty (20)] years from the date hereof. They shall be extended from that time automatically for successive periods of _____[e.g., twenty (20)] years, unless the owners of _____[e.g., ninety (90)] percent of the lots shown on Schedule A shall covenant to alter, modify or eliminate any or all of these restrictions.

22. *Enforcement, waiver and binding effect of restrictions.* The provisions herein contained shall bind and be to the benefit of, and be enforceable at law and in equity by, _____[insert developer's name], INC., its successors and assigns, or by the grantee of any lot described in Schedule A. Failure by _____[insert developer's name], INC., its successors and assigns, or any grantee to enforce any of the restrictions, conditions and covenants herein contained shall in no event be deemed a waiver of the right to do so thereafter, and shall not subject _____[insert developer's name], INC., to any liability for failure to enforce.

_____ [insert developer's name], INC.

Current Legal Forms for Real Estate

Chapter 22 DEVELOPMENT AND SUBDIVISION

Part IV. FORMS

D. COMMERCIAL DEVELOPMENT Shopping Centers, Industrial Buildings and Office Buildings

26-22 Current Legal Forms for Real Estate FORM 22.74

FORM 22.74 Statement of restrictions--industrial property

COMMENT

This set of restrictions has been prepared for use in a development designed for industrial purposes. It therefore covers items as construction materials, loading docks, storage yards, parking areas, building-site ratios, and the obligation to maintain each site in a clean and safe condition. There is also a provision requiring all plans and specifications to be approved by a planning advisory board. The purchaser of a lot is obligated to begin permanent construction within a specified time. Otherwise, the developer may return the purchase price and rescind the purchase contract.

FORM

Deed Restrictions
Central Industrial District

State of Texas)
)
County of Tarrant)

Know All Men By These Presents that Central Realty Corporation, a Texas corporation, having its principal place of business in the City of Dallas, State of Texas, herein the Corporation, owner of 200 acres of land lying within the corporate limits of the City of Arlington, Tarrant County, Texas, all of the land being the Central Industrial District, and more particularly described in a certain plat, to wit: "Plat of Central Industrial District, an Addition to the City of Arlington, Texas" the plat being recorded in Volume 600, page 10 of the Plat Records of Tarrant County, Texas,

reference to the plat being made for a metes and bounds description of the land and for all other purposes, by this instrument adopts and places the following restrictions upon any and all sites and lots within the Central Industrial District.

1. *Construction materials.* The exterior walls of all buildings shall be of masonry construction, its equivalent, or better. The use of materials shall be subject to the approval of the Planning Advisory Board of the Corporation.

2. *Prohibited uses.* No site or lot shall be used for any purpose or business which is considered dangerous or unsafe, or which constitutes a nuisance, or is noxious or offensive by reason of emission of dust, odor, gas, smoke, fumes, or noise.

3. *Loading docks.* No loading dock shall be constructed facing on any public street or highway unless the loading dock and every part of it is at least 100 feet inside the right-of-way line of the street or highway on which the loading dock fronts.

4. *Storage yards.* Outdoor storage yards shall be screened from public view and shall be placed so as to conform with the building line restrictions.

5. *Parking.* Owners of lots shall not permit their employees or tenants to regularly park during business hours on public streets within the Central Industrial District. It will be the responsibility of the owners, their successors, assigns, or other persons holding under them to provide adequate off-street parking for employees and visitors within their property lines. All parking areas shall be covered with a hard, dust-free, paved surface.

6. *Building-site ratio.* The ratio of building coverage to the total site area will be subject to the approval of the Planning Advisory Board of the Corporation, but in no case may the ratio exceed 40 percent.

7. *Approval of plans.* Before commencing the construction or alteration of all buildings, enclosures, fences, loading docks, parking facilities, storage yards, or any other structures or permanent improvements on or to any site or lot within the Central Industrial District, the property owner shall first submit site plans or plans and specifications to the Planning Advisory Board of the Corporation for its written approval. The Planning Advisory Board of the Corporation shall be appointed by the Corporation and composed of an officer of the Corporation, a representative of the Architectural Consultants to the Corporation, and a representative of the property owners of lots within the Central Industrial District. The Board will be guided by the "C.I.D. Planning Standards," which will be kept on file at the offices of the Corporation. In the event that the Board, or its designated representative, shall fail to approve or disapprove the building plans, specifications, or site plans within 60 days after they have been submitted to the Board, the approval will not be required and this covenant will be deemed to have been complied with. Neither the members of the Board nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant.

8. *Setbacks.* No building shall be constructed on any lot nearer than 30 feet to the right-of-way line of streets. In the case of corner lots both 30-foot front setbacks will apply. There must be maintained a strip of 10 feet minimum of landscaped ground along and within the street property lines, exclusive of drives and walks. Minimum side yards shall be 25 feet and shall aggregate 50 feet on each individually owned lot, provided, however, that where suitable the 25-foot minimum may be waived by the Planning Advisory Board. In the event more than one lot is owned by one person or entity and in the improvement of the lot or tract a building shall be erected on more than one lot, then the side line restriction on the interior line or lines shall be waived. If a part of a tract or lot is sold before any improvement is erected, then the line between the part sold and the part retained shall be the property line to which this setback restriction applies.

9. *Condition of property.* The owner of any site or lot shall at all times keep the premises, buildings, improvements, and appurtenances in a safe, clean, wholesome condition and comply in all respects with all government, health, fire, and

police requirements and regulations; and the owner will remove at his or its own expense any rubbish of any character whatsoever which may accumulate on the site or lot. In the event the owner fails to comply with any or all of the specifications or requirements, then the Corporation shall have the right, privilege, and license to enter upon the premises and make any and all corrections or improvements that may be necessary to meet the standards and to charge the owner the expenses incurred in doing so.

10. *Construction period.* If, after the expiration of one year from the date of execution of a contract for the sale of any lot lying within the Central Industrial District, or after the expiration of one year from the date of completion of utilities, whichever is later, any purchaser shall not have begun in good faith the construction of a permanent building upon the acquired lot, the Corporation retains the option to rescind the contract, refund the purchase price, and enter into possession of the land. However, the Corporation, its successors or assigns, may extend in writing the time at which construction may be begun.

11. *Signs.* Plans and specifications for the construction, installation, or alteration of all outdoor signs shall be first submitted to and have the written approval of the Corporation, its successors or assigns.

12. *Partial invalidity.* The invalidation of any one of the restrictions in this instrument or the failure to enforce any of the restrictions at the time of its violation shall in no event affect any of the other restrictions nor be deemed a waiver of the right subsequently to enforce the unenforced restriction.

13. *Term and extensions.* Each condition and covenant in this instrument shall terminate and be of no further effect on _____[date]. However, at any time prior to _____[date], the then owners of a majority of the area in square feet within the Central Industrial District may by written declaration, signed, acknowledged by them, and duly recorded in the Deed Records of Tarrant County, Texas, extend the restrictions, conditions, and covenants for a period of ten additional years, and this right to extend for additional ten-year periods by the then owners shall exist as long as the owners of a majority of the area in square feet within the Central Industrial District affirmatively vote to so extend them.

14. *Beneficiaries.* These restrictions and covenants are made for the benefit of any and all persons who may now own, or who may hereafter own, property in the Central Industrial District. Such persons are specifically given the right to enforce these restrictions and covenants by injunction or other lawful procedure, and to recover damages resulting from any violation thereof.

Executed at Dallas, Texas, this _____[day] day of _____[month],
_____[year].

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.75

FORM 22.75 Master declaration of covenants, conditions, easements and restrictions--residential golf community

COMMENT

In connection with the development of a residential community, the developer will usually file a plat or subdivision map which subdivides a large parcel into small parcels. The plat will typically show the location of each lot. It will also show easements, setback lines, common areas, etc. However, a developer will also want to place restrictions upon the subsequent purchasers of the lots to assure that the integrity of the development is maintained.

The typical homeowner declaration will contain some or all of the following restrictions:

- (1) limit the use of lots to residential;
- (2) place standards on the size of the house;
- (3) restrict type of house (i.e., no ranch homes or garages facing the street);
- (4) place standards on the type of construction material that may be utilized in connection with the construction of the house;
- (5) limit out buildings;
- (6) limit type of pets which an owner may keep;
- (7) restrict or limit the construction and/or use of fences or swimming pools, types of mail boxes,

etc. (i.e., no chain link fences or above ground pools);

(8) limit vehicle storage in the driveway (i.e., no mobile homes);

(9) specify a time period in which the house must be constructed;

(10) place limitations on landscaping (i.e., must use Kentucky Blue Grass sod in front yard), sod must be in place within a certain period after occupancy permit is issued;

(11) provide for maintenance assessments for common expenses and for liens, and enforcement procedures for failing to pay.

The developer can be as creative as he wants, provided he does not violate any applicable laws (i.e., equal protection). The declaration is typically recorded in the public office where land conveyances are recorded. As a result, all the parties dealing with a property within a development have constructive notice of the restrictions.

A typical declaration will include a provision that the developer is entitled to make reasonable changes to the declaration until a certain number of lots are sold.

The following form is a good example of a very detailed and comprehensive residential community. It is for a large golf community. The declaration imposes many restrictions upon the homeowners and allows the developer to add land to the development as phases are completed.

Further, this declaration is a "Master Declaration." That is, it provides for additional declarations to be imposed on various phases of the development. This declaration allows for a portion of the property to be developed as a condominium-type cluster homes. Prior to selling any units, the Master Declaration contemplated that additional condominium-type declarations and restrictions will be imposed.

Lastly, the developer maintains control until a certain number of lots are sold.

For additional forms relating to homeowners' associations and residential development, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

MASTER DECLARATION OF COVENANTS, CONDITIONS, EASEMENTS AND RESTRICTIONS OF GOLF MEADOW

_____ [city or township], _____ [county], _____ [state]

BEING DEVELOPED AND BUILT BY:

GOLF MEADOW DEVELOPMENT LIMITED PARTNERSHIP,
a(n) _____ [city] _____ [entity]

[address]

[telephone number]

MASTER DECLARATION OF COVENANTS, CONDITIONS
EASEMENTS AND RESTRICTIONS OF GOLF MEADOW,

("Master Declaration")

THIS MASTER DECLARATION made as of the _____[day] day of _____[month],
_____[year] by GOLF MEADOW DEVELOPMENT LIMITED PARTNERSHIP, a(n) _____[city]
_____[entity] (referred to herein as the "Declarant").

PREAMBLE

A. The Declarant is the owner of real property in _____[city or township],
_____[state], legally described in Exhibit "A" (the "Property"), and desires to create thereon a planned
community in accordance with the Master Site Plan (hereafter defined) and in accordance with the R4 Controlled
Density Residential Development with Sewer and Water under the requirements of the Zoning Resolution of
_____[city or township], _____[state].

B. The Property consists of Sublots, Common Green Space, Cluster Sublots and Cluster Common Areas, including
Green Space, all as hereafter defined.

C. The Property may be developed in whole or in part: (a) as one or more residential communities; (b) for open space
and/or recreational purposes; or (c) any combination of the foregoing.

D. The Declarant desires to provide for: (a) the orderly development of the Property; (b) the establishment and
maintenance of architectural and design controls and standards; (c) the preservation of Common Green Space (hereafter
defined) and Cluster Green Space (hereafter defined); (d) the use and maintenance of the Areas of Common
Responsibility (hereinafter defined); (e) the compliance with the zoning requirements of _____[city]
(the "Township") and the _____[county] County Subdivision Regulations; and (f) the protection of
values within the Property. The foregoing is being provided so that the residents of the Property may enjoy a fine
environment for themselves and their families. For such purposes, the Declarant has prepared this Master Declaration to
define the manner in which the Property shall be governed and administered.

E. A central association will be required to regulate, administer and govern the Property (including the ownership of
Common Green Space) for the fulfillment of the foregoing purposes with the power to levy and collect assessments
from Owners (hereafter defined) within the Property and to pay the cost and expense of operating, staining, repairing
and replacing the Areas of Common Responsibility. The Declarant has assigned such functions to Golf Meadow Master
Association, Inc., a corporation not-for-profit, that Declarant has caused to be created under the laws of the State of
_____[state] (the "Master Association"). In addition, Cluster Associations will be required to regulate,
administer and govern the Cluster Areas (hereafter defined) of the Property and to own and administer the Cluster
Common Areas (hereafter defined), including the Cluster Green Space (hereafter defined).

NOW, THEREFORE, Declarant declares the Property and any other property as may by Subsequent Amendment

(hereafter defined) be added to and subjected to this Master Declaration shall be owned, held, transferred, sold, conveyed, used and occupied subject to the covenants, conditions, restrictions, easements, assessments, charges and liens (collectively, the "Covenants and Restrictions") provided in this Master Declaration, which Covenants and Restrictions shall run with the land and shall be binding on and inure to the benefit of all Persons (hereafter defined) having any right, title or interest in or to any part of the Property, or any other property as may by Subsequent Amendment be added to and subjected to this Master Declaration and certain of which Covenants and Restrictions shall inure to the benefit of the Township (hereafter defined), their (such Persons' and the Township's) respective heirs, personal representatives, successors and assigns.

ARTICLE I

PREAMBLE; PROPERTY SUBJECT TO THIS DECLARATION;

DECLARANT'S RIGHT TO ADD AND DELETE LAND

Section 1.1 - Preamble

The Preamble is incorporated in and made a part of this Master Declaration.

Section 1.2 - Property

The Property which is and shall be owned, held, transferred, sold, used and occupied subject to this Master Declaration is the, real property described in Exhibit "A" and is shown on the plot plan attached as Exhibit "B."

Section 1.3 - Expansion and Contraction of the Property

(a) The Declarant reserves the right from time to time to add additional property to the Property and to subject the same to the provisions of this Master Declaration. To add any additional property, the Declarant shall execute and record a Subsequent Amendment to this Master Declaration which expressly provides that the land described therein shall become a part of the Property and shall be subject to the Covenants and Restrictions set forth in this Master Declaration, except as the same may be modified by the Subsequent Amendment.

(b) The Declarant reserves the right from time to time to delete lands from the Property and thereby to free such lands from the provisions of this Master Declaration. Lands not owned by Declarant may be deleted from the Property only with the written consent of the title owner thereof. To delete such lands, the Declarant shall execute and record a Subsequent Amendment to this Master Declaration which expressly provides that the land described therein shall no longer be a part of the Property and shall no longer be subject to the Covenants and Restrictions set forth in this Master Declaration. No deletion of lands from the Property shall occur unless both the portion(s) of the land deleted and the remaining Property comply with Township zoning requirements.

ARTICLE II

EXHIBIT AND DEFINITIONS

Section 2.1 - Exhibit

The following Exhibits are attached to and made a part of this Master Declaration:

EXHIBIT "A"--A legal description of the Property.

EXHIBIT "B"--A plot plan of the Property.

Section 2.2 - Definitions

For the purposes of brevity and clarity, certain words and terms used in this Master Declaration are defined as follows:

(a) "AREAS OF COMMON RESPONSIBILITY." The Areas of Common Responsibility shall mean and refer to: (i) the Common Areas, including Common Green Space, but excluding the Golf Course Property; (ii) the entrances to the Property situated off of existing and future public streets that abut the Property (the "Entrances") and landscaping, irrigation systems (if any), lighting and other improvements operated by the Master Association at the Entrances and elsewhere within the Property; (iii) any security facilities, including walls and fences; (iv) signs, street lights (if any) and walks or pathways (if any); (v) storm drainage that generally serves the Property; (vi) real and personal property owned by the Master Association; (vii) real and personal property not owned by the Master Association but determined by the Board to be the responsibility of the Master Association; (viii) together with those areas, if any, which by contract with any Neighborhood (hereafter defined) or Cluster Association (hereafter defined), the Golf Club (hereafter defined), with any commercial establishment or association, or with any local governmental authority become the responsibility of the Master Association; (ix) the berms around the Property; and (x) the Lake and the ponds within the Property and any boat ramp that may serve Owners residing within the Property and may serve Golf Club Members. Any portions of public rights-of-way within or adjacent to the Property (i.e., boulevard entrances and cul-de-sac islands) may be part of the Areas of Common Responsibility.

(b) "ASSESSMENTS." The Assessments levied against all Owners of Living Units, Vacant Sublots, Cluster Blocks and Vacant Cluster Sublots to fund Common Expenses. The Assessments payable for a Cluster Block shall be determined by the number of Cluster Sublots that may be created within the Cluster Block as stated on the Plat.

(c) "BUILDER." A Person acquiring title to a portion or all of the Property for the sole purpose of engaging in the business of improving the Property with Living Units for sale.

(d) "CLASS "B" CONTROL PERIOD." The period of time during which the Class "B" Member (the Declarant) is entitled to appoint a majority of the members of the Board, as provided in Article III, Section 2 of the Master Code.

(e) "CLUSTER AREA." A land development concept under the Township's Controlled Density Residential Development zoning classification whereby single-family detached dwellings are grouped closely together to allow for common open space.

(f) "CLUSTER ASSOCIATION." A non-profit _____[state] _____[entity] created to own, govern, operate, control and administer the Cluster Common Areas, including the Cluster Green Space. All Owners of Cluster Living Units shall be members of the Cluster Association. A Cluster Association shall not be dissolved nor shall it dispose of any Cluster Common Areas or Cluster Green Space or recreation facility without: (i) having established a successor entity to take over said property pursuant to the Township's zoning resolution; and (ii) the approval of the Township's trustees.

(g) "CLUSTER BLOCK." A Cluster Block shall mean, at any given time, any portion of the Property; (i) that is platted as a Cluster Block; (ii) that had not been subdivided into Cluster Sublots; and (iii) which has been conveyed to a person or entity other than the Declarant (i.e., a Builder). For the purpose of imposing Assessments, the number of Cluster Sublots that may be created within a Cluster Block as stated on a Plat are treated as Vacant Sublots (hereafter defined).

(h) "CLUSTER COMMON AREAS." All portions of a Cluster Area exclusive of Cluster Sublots. Cluster Common Areas include private drives off of dedicated streets to serve Cluster Living Units and Cluster Green Space.

(i) "CLUSTER GREEN SPACE." Land that is set aside in a Cluster Area for the primary use of Cluster Living Units pursuant to the Township's Controlled Density Residential Development zoning classification that is not utilized for Cluster Sublots and Cluster Roads.

(j) "CLUSTER LIVING UNITS." A single-family detached dwelling situated within a Cluster Sublot. Cluster Living Units are included in the definition of "Living Units" set forth herein.

(k) "CLUSTER OWNER." The Owner of a Cluster Living Unit. Unless the context clearly indicates to the contrary, the term "Owner" (hereafter defined) includes a Cluster Owner.

(l) "CLUSTER ROADS." Private roads within a Cluster Common Area serving the Living Units situated on the Cluster Sublots. The Cluster Roads are owned and administered by the Cluster Association.

(m) "CLUSTER SUBLOT." A platted lot within which a single-family detached dwelling may be constructed.

(n) "COMMON AREAS." All real property (including Common Green Space, but excluding Cluster Common Green Space) and personal property now or hereafter owned by the Master Association or otherwise held for the common use and enjoyment of the Owners or Occupants. Common Areas shall include the Entrances of the Property referred to in subparagraph (a) of this Section and those areas of land intended for the common use, benefit and enjoyment of all Occupants of the Property. Common Areas does not include the Golf Course Property, nor is the Golf Club governed by the provisions of this Master Declaration, except as specifically provided herein. Any Owner may delegate, in accordance with the Master Code and subject to reasonable rules, regulations, and limitations as may be adopted in accordance therewith, his or her right of enjoyment to the Common Areas and facilities to the members of his or her family, tenants, and social invitees and shall be deemed to have made a delegation of all such rights to the Occupants of any leased Living Unit. Common Areas does not mean or imply that the public at large acquires any easement of use or enjoyment therein.

(o) "COMMON EXPENSES." The actual and estimated expenses of operating the Master Association, both for general or special purposes, including reasonable reserves, all as may be found to be necessary and appropriate by the Master Board pursuant to this Master Declaration, the Master Code, and the Articles of Incorporation of the Master Association.

(p) "COMMON GREEN SPACE." Undeveloped land or land developed for recreational uses which are designed primarily for the use of Owners within the Property pursuant to the Township's Zoning Resolution. Common Green Space does not include the Golf Course Property nor does it include Cluster Green Space. The Common Green Space is to be owned and administered by the Master Association. The Common Green Space shall remain as such in accordance with the Township's requirements.

(q) "COMMUNITY-WIDE STANDARD." The standard conduct, maintenance, or other activity generally prevailing within the Property. Such standard may be more specifically determined and set forth by the Design Review Committee and the Master Board.

(r) "COUNTY." _____ [county] County, _____ [state].

(s) "DECLARANT." GOLF MEADOW DEVELOPMENT LIMITED PARTNERSHIP, a(n) _____ [state] _____ [entity], and the specifically designated successors or assigns of any of its rights as Declarant under this Master Declaration or under any supplement to this Master Declaration involving the Property as the same may be expanded or contracted from time to time. No person, real or corporate, shall be deemed to be a successor, alternate or additional Declarant for the purposes of this Master Declaration unless and until such person or entity has been specifically so designated by Declarant herein, by instrument in writing and placed of record, and shall be deemed a successor and assign of Declarant only to the particular rights and interests of Declarant under this Master Declaration or under a supplement to this Master Declaration. The Declarant is also sometimes referred to herein as the "Original Declarant."

(t) "DESIGN REVIEW COMMITTEE." The board created by this Master Declaration and granted original jurisdiction to review and approve or disapprove all exterior and structural improvements, additions and changes within the Property.

(u) "ELIGIBLE MORTGAGE HOLDERS." Eligible Mortgage Holders shall mean banks, savings and loan associations, insurance companies and other institutional lenders, holders, insurers or guarantors of first mortgages on the Property or portions thereof.

(v) "GOLF MEADOW." An R-1 Controlled Density Residential Development with Sewer and water under the zoning requirements of _____[city] consisting of the Property.

(w) "GOLF CLUB." Golf Meadow Golf Limited Partnership, a(n) _____[state]
_____[entity], dba Golf Meadow Golf and Country Club.

(x) "GOLF CLUB MEMBER." A Person having a membership in the Golf Club.

(y) "GOLF COURSE." The 18-hole golf course and the golf cart paths situated on the Golf Course Property.

(z) "GOLF COURSE ENTRANCE." The drives and related improvements, including signs, golf, lighting, landscaping, irrigation systems, ponds, fountains and pumps, situated off of Golf Meadow Drive that serves the clubhouse, golf course maintenance area and the tennis/swimming pool area of the Golf Club.

(aa) "GOLF COURSE PROPERTY." Golf Course Property shall mean land and facilities adjacent to or in the vicinity of the Property which are (or will be) privately owned by the Golf Course Property Owner, its successors, successors-in-title, or assigns upon which land and facilities there is, or shall be situated, inter alia, (i) an 18-hole golf course; (ii) golf driving range, practice putting green acid golf cart paths; (iii) tennis courts and swimming pool; and (iv) a clubhouse facility, tennis and golf pro shops, locker room facilities, food and beverage facilities, parking lots and over facilities which are or will be operated as part of the Golf Club. The Golf Course Property is not part of the Property, nor is it governed by the provisions of this Master Declaration, except as expressly and specifically provided herein. No Owner or Occupant, nor the Master Association, shall have any rights in and to, or obligations with respect to, the Golf Club, except as expressly and specifically provided herein. Portions of Common Green Space and Cluster Green Space adjacent to the Golf Course Property and appearing to be part of the Golf Course Property may be maintained exclusively by the Golf Course Property Owner.

(bb) "GOLF COURSE PROPERTY OWNER." Golf Course Property Owner shall mean the record title holder, whether one or more persons or legal entities (including, specifically, the Declarant) of the fee simple title to the Golf Course Property; provided, however, at such time as the boundaries of the Golf Course Property are specifically located, it is anticipated that the Golf Course Property Owner will be Golf Meadow Golf Limited Partnership, an _____[state] _____[entity]. The term "Golf Course Property Owner" shall not mean or refer to any mortgagee of the Golf Course Property unless and until such mortgagee has acquired title to the Golf Course Property pursuant to foreclosure or any proceeding in lieu of foreclosure.

(cc) "LAKE." Golf Meadow Lake consisting of approximately 55 acres and situated within Golf Meadow.

(dd) "LIVING UNIT LOT." A platted single-family subplot upon which a Living Unit (including a Cluster Living Unit) has been constructed.

(ee) "LIVING UNITS." All units of residential housing to be situated on the Property, whether they are single family homes, Cluster Living Units, residential condominium units or any other type of living unit permitted to be constructed

or created upon the Property under any applicable zoning code that now exists or may hereafter be amended. Without limiting the generality of the foregoing, Living Unit shall mean a portion of the Property intended for any type of independent ownership for use and occupancy as a single family residence and shall, unless otherwise specified, include within its meaning (by way of illustration, but not by way of limitation) condominium units, patio or zero lot line homes, and single family houses or Cluster Living Units on separately platted lots, as may be developed, used and defined as herein provided or as provided in Subsequent Amendments; provided, further, the term shall also include all portions of the lot owned as a part of any structure thereon.

For the purposes of this Master Declaration, a Living Unit shall come into existence when the improvements constructed thereon are sufficiently complete to reasonably permit the habitation thereof, whether or not a certificate of occupancy has been issued for the Living Unit by the governmental authority having jurisdiction over the same.

(ff) "MASTER ARTICLES" or "MASTER ARTICLES OF INCORPORATION." The Articles of Incorporation of the Master Association which are filed with the Secretary of State of _____[state] to create the Master Association.

(gg) "MASTER ASSOCIATION." Golf Meadow Master Association, Inc., a(n) _____[state] _____[entity], its successors and assigns, created to govern, operate, control and administer the Areas of Common Responsibility for the benefit of the Living Units (including Cluster Living Units) and the Vacant Sublots (including vacant Cluster Sublots), and to supervise and enforce this Master Declaration. The Master Association shall not be dissolved nor shall it dispose of any Common Green Space or recreation facility without: (i) having established a successor entity to take over said property pursuant to the Township's zoning resolution; and (ii) the approval of the Township's trustees. Membership in the Master Association shall be mandatory of all Owners.

(hh) "MASTER BOARD." The Board of Trustees of the Master Association. The Board is sometimes also referred to as the "Trustees."

(ii) "MASTER CODE." The Code of Regulations of the Master Association.

(jj) "MASTER SITE PLAN." The preliminary site plan of the Property and adjacent lands which currently shows a total of _____[number] dwelling units, including _____[number] Sublots and _____[number] Cluster Sublots, as the same may be supplemented, modified and amended from time to time. Phase I of the Property consists of _____[number] Sublots and Cluster Block I upon which it is anticipated _____[number] Cluster Sublots will be platted.

(kk) "MEMBER." A person or entity entitled to membership in the Master Association, as provided herein. The Golf Club Property Owner is not a Member of the Master Association.

(ll) "NEIGHBORHOOD." Neighborhood shall mean and refer to each separately developed and denominated residential area comprised of _____ (_____) or more housing types subject to this Master Declaration, whether or not governed by an additional owners' association, in which owners may have common interests other than those common to all Master Association Members, such as a common theme, entry feature, development name, and/or common areas and facilities which are not available for use by all Master Association Members. Where the context permits or requires, the term Neighborhood shall also refer to the Neighborhood Committee (established in accordance with the Master Code) or Neighborhood Association (as defined in Article V, Section 5.1(c) of this Master Declaration) having jurisdiction over the property within the Neighborhood. Neighborhoods may be divided or combined in accordance with Article V, Section 5.1(c), of this Master Declaration. A Cluster Area is not a Neighborhood.

(mm) "NEIGHBORHOOD ASSESSMENTS." Neighborhood Assessments shall mean assessments levied against the

Living Units in a particular Neighborhood or Neighborhoods to fund Neighborhood Expenses.

Any Neighborhood Assessment shall be levied equally against all Living Units in the Neighborhood benefitting from the services supported thereby, provided that in the event of assessments (if any) for exterior maintenance of structures, or insurance on structures, or replacement reserves which pertain to particular structures, such assessments for the use and benefit of particular Living Units shall be levied on an equal basis among the benefitted Living Units.

(nn) "NEIGHBORHOOD EXPENSES." Neighborhood Expenses shall mean and include the actual and estimated expenses incurred by the Master Association for the benefit of Owners of Living Units within a particular Neighborhood, which may include a reasonable reserve for capital repairs and replacements, all as may be specifically authorized from time to time by the Master Board and as more particularly authorized herein.

(oo) "OCCUPANT." A person in possession of a Living Unit including, without limitation, an Owner or any guest, invitee, lessee, tenant, or family member of an Owner occupying, or otherwise using a Living Unit.

(pp) "ORIGINAL DECLARANT." GOLF MEADOW DEVELOPMENT LIMITED PARTNERSHIP, a(n)
 _____[state] _____[entity], as more fully described in paragraph (s) hereof.

(qq) "OWNER." The record Owner of fee simple title to (a) any Living Unit, including the Declarant and a Builder (except as otherwise provided herein) with respect to any unsold Living Unit, and (b) any Vacant Sublot (including a Vacant Cluster Sublot and a Cluster Block), but Owner shall exclude in all cases any party holding an interest merely as security for the performance of an obligation. If a Living Unit is sold under a land installment contract, the purchaser (Vendee) (rather than the fee Owner) will be considered to be the Owner. For the purpose of this Master Declaration, the Owner of Living Units that are rented to others shall be as follows: for the purpose of votes and Assessments, the record Owner of the Living Unit; for the purpose of use and enjoyment of common facilities and amenities which are part of the Common Areas, the Tenant residing in the Living Unit. Every Owner shall be treated for all purposes as a single Owner for each Living Unit held irrespective of whether such ownership is joint or in common. Where such ownership is joint or in common, the majority vote of such Owners shall be necessary to cast any vote to which such Owners are entitled.

(rr) "OWNERSHIP INTEREST." The entire right, title and interest of any Owner in all of the freehold and leasehold estates of such Owner in his Living Unit.

(ss) "PERSON." A natural individual, corporation, partnership, limited partnership, trust or other entity to which the law attributes the capacity of having rights and duties.

(tt) "PERSONAL VOTE." The circumstances under the Master Declaration and under the Master Code where a Class "A" Member is entitled personally to exercise the vote for his Living Unit or Vacant Sublot rather than having such vote exercised by the Voting Member representing such Member. Furthermore, until a Subsequent Amendment is filed which creates a Cluster Area or Neighborhood and provides for Voting Members, a Personal Vote shall be used in all instances where the vote of Class "A" Members is required.

(uu) "PLAT." The subdivision plat for the portion of the Property designated as Golf Meadow Subdivision--Phase I and additional plats of the Property.

(vv) "PROPERTY." The land described in Exhibit "A", as the same may from time to time be amended.

(ww) "RULES." Rules and regulations that govern the operation and use of the Living Units and the Areas of Common Responsibility, including the Common Areas and any other property owned by the Master Association, as such rules and regulations may be adopted from time to time by the Master Board or the Design Review Committee to implement

and carry out the provisions and intent of this Master Declaration.

(xx) "SUBSEQUENT AMENDMENT." An amendment to this Master Declaration which adds additional property (including Cluster Areas) to that covered by this Master Declaration or deletes property from that which is covered by this Master Declaration. A Subsequent Amendment may, but is not required to: (i) impose, expressly or by reference, additional restrictions and obligations on the land submitted by such Subsequent Amendment to the provisions of this Master Declaration; and/or (ii) create a Neighborhood and provide for Voting Member(s) for such Neighborhood; and/or (iii) otherwise amend this Master Declaration and/or the Master Code.

(yy) "SUBSIDY PERIOD." The Subsidy Period for Assessments attributable to the Areas of Common Responsibility shall be for a period beginning as of the date of this Master Declaration and ending _____ [month] _____ [day], _____ [year] or when there are _____ (_____) Living Units, whichever shall first occur.

(zz) "TENANT." Any person(s) having a possessory leasehold estate in a Living Unit, other than an Owner.

(aaa) "TOWNSHIP." _____ [name], a(n) _____ [state] municipal corporation.

(bbb) "VACANT SUBLLOT." Vacant Sublot shall mean, at any given time, any portion of the Property: (i) that is either a Sublot or a Cluster Sublot for which a plat has been recorded designating such portion of the Property as a lot upon which only one single family residence may be constructed; (ii) which has been conveyed to a person or entity other than the Declarant; and (iii) upon which no Living Unit is situated. For the purposes of Assessments, the term Vacant Sublot includes Cluster Sublots that may be created within a Cluster Block.

(ccc) "VACANT SUBLLOT OWNER." Vacant Sublot Owner shall mean the record titleholder (other than the Declarant), whether one or more persons or entities, of the fee simple title to any Vacant Sublot. The term "Vacant Sublot Owner" shall not mean or refer to any mortgagee of any Vacant Sublot unless and until such mortgagee has acquired title to such Vacant Sublot pursuant to foreclosure or any proceeding in lieu of foreclosure.

(ddd) "VOTING MEMBER." Voting Member shall mean and refer to the representative selected by the Members of each Cluster Area or Neighborhood to be responsible for casting all votes attributable to Living Units in the Cluster Area or Neighborhood for the election of Trustees to the Master Board, amending this Master Declaration or the Master Code, and all other matters provided for in this Master Declaration and in the Master Code which are not required to be determined by Personal Vote. The Voting Member from each Cluster Area or Neighborhood shall be the senior elected officer (e.g., Cluster Association President or Neighborhood Committee chairman or Neighborhood Association president) from that Cluster or Neighborhood; the alternate Voting Member shall be the next most senior officer. Neighborhood Voting Members shall not be elected until there are two (2) or more Neighborhoods and the Subsequent Amendment creating any such Neighborhood provides for the establishment of Voting Members. Until then, to the extent such vote is required, the Class "A" Members shall, by Personal Vote, elect the Trustees of the Master Board and vote on the other matters provided in this Master Declaration and in the Master Code.

ARTICLE III EASEMENTS

Section 3.1 - Utility Easements

There is hereby reserved in favor of Declarant and granted to the Master Association and each Builder, their successors and assigns, an easement upon, across, over, through and under the Property for ingress, egress, installation, replacement, repair and maintenance of all utilities and service lines and systems including, but not limited to, water, sewer, energy, drainage, gas, telephone, electricity, television, cable and communication lines and systems. By virtue of

this easement, it shall be expressly permissible for Declarant and the Master Association and their successors and assigns, or the providing utility or service company, to install and maintain facilities and equipment on the Property provided that such facilities shall not materially impair or interfere with any Living Units or the Golf Course Property and provided that any areas disturbed by such installation and maintenance are restored to substantially the condition in which they were found. Notwithstanding anything to the contrary contained in this Section, no sewers, electrical lines, water lines, or other utility service lines or facilities for such utilities may be installed or located except as approved by the Design Review Committee unless the same are shown on a recorded plat. There is hereby reserved in favor of the Declarant to grant the Golf Course Property Owner easements for utility purposes for the Golf Course Property and there is hereby reserved in favor of the Declarant and the Master Association the right (but not the obligation) to grant other neighboring property owners easements for utility purposes so long as the granting of such easements does not overburden the utilities serving the Property.

Section 3.2 - Easement for Ingress and Egress

There is hereby created an easement upon, across, over and through Cluster Roads and any sidewalks, walkways, bike paths; all-purpose trails and parking areas in favor of Declarant and the Master Association, all Owners, Occupants, and their respective guests, licensees and invitees for pedestrian and vehicular ingress and egress, as the case may be, to and from all of the various portions of the Property. Notwithstanding the foregoing, the Declarant and/or the Master Association may limit this right of ingress and egress by a Subsequent Amendment, provided, however, that any such amendment that limits or affects access to or from the Golf Course Property by the Golf Course Property Owner, members of the Golf Club, and guests, licensees and invitees of such parties shall require the prior written consent of the Golf Course Property Owner and the mortgagee, if any, of the Golf Course Property Owner.

Section 3.3 - Common Areas

Declarant, all Owners, Occupants and the guests of such parties shall have the right to enter upon, use and enjoy the Common Areas (including Common Green Space) for their intended purposes in accordance with this Master Declaration and the applicable Rules.

Section 3.4 - Easements for Construction. Alteration. etc.

Easements are hereby created upon portions of the Common Areas necessary in connection with the construction, alteration, rebuilding, restoration, maintenance and repair of any Living Unit or other structures and improvements within the Property or serving the Property; provided, however, that in the exercise of any rights under this easement, there shall be no unreasonable interference with the use of any Living Unit or other structure or improvement on the Property. Any Person benefitting from the foregoing easement shall indemnify and save harmless the Declarant, the Master Association and each Owner and Occupant from and against any and all losses, damages, liabilities, claims and expenses, including reasonable attorneys' and paralegals' fees resulting from any such construction, rebuilding, alteration, restoration, maintenance and shall repair any damage caused in connection with such activities to substantially the condition that existed prior to such activities.

Section 3.5 - Emergency and Service Easements

Easements are created in favor of fire, police, health, sanitation, medical, ambulance, school buses, utility company, mail service and other public or quasi-public emergency and service personnel and their vehicles shall have an easement for ingress and egress over and across the roads or drives within the Property for the performance of their respective duties. Included in the easements created by this Section is the grant of easements to the Township and other appropriate governmental bodies of the right of entrance to the Common Green Space, Cluster Green Space and recreation facilities (if any) for emergency purposes or in the event of nonperformance of maintenance of improvements affecting the public interest. Such governments shall have the right, after proper notice, to make improvements and perform maintenance functions with the costs levied in accordance with Section 9.10 hereof against (a) the Master

Association and its Members with respect to the Common Green Space; or (b) a Cluster Association and its members with respect to a Cluster Green Space. Advance notice is not necessary for emergency entrance onto such Common Green Space, Cluster Green Space or recreation facilities.

Section 3.6 - Easements for Watering Purposes: Damming Rights

(a) Easements are hereby created in favor of the Golf Course Property over the Property and the Common Areas (including the Common Green Space and Cluster Green Space) to use the water from the Lake or ponds situated on such properties for the purpose of watering the Golf Course Property and easements are hereby created in favor of the Association over the Golf Course Property to use the water from the Lake and ponds situated on the Golf Course Property for the purpose of watering the areas of the Common Areas so long as such usage does not create a shortage of water for the needs of the Golf Course Property. No restriction is placed upon the Golf Course Property Owner's right to use such Lake and the ponds for watering the Golf Course Property. Easements are also created in favor of the Golf Course Property Owner to maintain the lakes and ponds within the Property, including removal of silt, control of aquatic vegetation (including introduction of fish that control such vegetation) and maintenance of wetland areas along the perimeter of the Lake. The Master Association shall reimburse the Golf Course Property Owner for _____ percent (_____) of any such maintenance costs. The use of the above-described easements shall be in compliance with all applicable laws, including without limitation, those laws and regulations governing "wetlands."

(b) Declarant grants to the Golf Course Property Owner the right and privilege of damming the Lake and the outlet thereof, and of impounding the waters of the Lake and raising and drawing the same, together with the right of ingress and egress for the purpose of constructing, repairing and maintaining the dam, or any part or portion thereof, and any and all conduits, raceways or pipes connected therewith or leading therefrom, which now exist or may hereafter be constructed. The foregoing shall be done in accordance with all applicable laws.

Section 3.7 - Easements for the Golf Course Property

There is hereby reserved for the benefit of Golf Course Property Owner, its successors, assigns, and successors-in-title with respect to the Golf Course Property, the following transferable and alienable rights and easements:

(a) Golf Paths and Golf Course Maintenance. The right and easement on, over, and across the Common Areas (including Common Green Space) and Cluster Common Areas situated adjacent to the Golf Course, for all members, guests and other authorized users of the Golf Course for the pedestrian, golf cart and maintenance vehicle use of golf paths located in such portions of the Property and serving the Golf Course and the right and easement on, over, and across those same Common Areas not to exceed _____ (_____) feet in width for access from one golf hole to the next if such access is not shown on a Plat.

(b) Construction, Maintenance and Repair. The right and easement on, over, through, under, and across the Common Areas and Cluster Common Areas adjacent to the Golf Course Property for the purpose of constructing such improvements on the Golf Course Property or such portions of such Common Areas and Cluster Common Areas as the Golf Course Property Owner shall desire from time to time and for maintaining, repairing, and replacing such improvements, provided the Golf Course Property Owner shall not use such easement so as to unreasonably interrupt or interfere with any Owner's use of the Common Areas or Cluster Common Areas and shall promptly repair and restore any damage to said Common Areas and Cluster Common Areas caused by the use of the right and easement granted herein. In addition, there is hereby reserved for the benefit of the Golf Course Property Owner, its agents, employees, successors, and assigns, the right and easement to enter upon the Vacant Sublots, the proved portions of Living Unit Lots, Common Areas and Cluster Green Space which are located within _____ (_____) feet from the water's edge of the Lake, any pond, or other body of water located on the Golf Course Property, for the purpose of mowing such area and keeping the same free and clear from unsightly growth and

trash, as well as for the purpose of maintaining such bodies of water, such maintenance to include, without limitation, dredging and the maintenance of reasonable water quality standards and maintenance of wetland areas.

(c) Golf Course Maintenance. The non-exclusive right and easement over and across the portions of the Common Areas, Cluster Green Space, the Vacant Sublots and all unimproved portions of a Living Unit Lot which are adjacent to the Golf Course. This reserved right and easement shall permit, but shall not obligate, the Golf Course Property Owner and its agents, employees, successors, and assigns with respect to the Golf Course Property, to go upon any such portions of the Common Areas, Cluster Green Space and such Vacant Sublot or unimproved portions of such Living Unit Lot to maintain or landscape the area encumbered by such easement. Such maintenance and landscaping shall include planting of grass, watering, application of fertilizer, mowing, and the removal of underbrush, stumps, trash or debris, and trees of less than two (2) inches in diameter. The area encumbered by this easement with respect to Vacant Sublot and the unimproved portions of Living Unit Lots shall be limited to the portion of such Vacant Sublots and unimproved portion of Living Unit Lots within _____ (_____) feet of those boundary lines of the Common Areas and such Vacant Sublots and Living Unit Lots which are adjacent to such roughs, fairways or greens or adjacent to the Lake, ponds, or other bodies of water abutting the Golf Course; provided, however, that the entire Vacant Sublot and all unimproved portions of such Living Unit Lot shall be subject to such easement until the landscaping plan for such lot has been approved and implemented pursuant to Article VIII hereof. The area encumbered by this easement with respect to Common Areas and Cluster Green Space adjacent to roughs, fairways or greens or adjacent to the Lake, ponds or other bodies of water abutting the Golf Course that appears to be part of the Golf Course shall encumber the entire amount of such Common Areas and Cluster Green Space.

(d) Entry by Golfers. Each Vacant Sublot and Living Unit Lot and any portion of the Common Areas and Cluster Green Space which are adjacent to the Golf Course shall be subject to the right and easement on the part of Golf Course players and their caddies to enter upon the: (i) Vacant Sublot and the unimproved portion of any Living Unit Lot, or Common Area which is within _____ (_____) feet of the Golf Course; and (ii) the Common Area or Cluster Common Area adjacent to the Golf Course, to remove a golf ball, subject to the official rules of the Golf Course, and any such entering shall not be deemed to be a trespass. Golf Course players or their caddies shall not be entitled to enter on any such Vacant Sublot or Living Unit Lot, with a golf cart or other vehicle, nor to spend an unreasonable amount of time on any such Vacant Sublot or Living Unit Lot, or in any way commit a nuisance while on any such property.

(e) Landscaping Plan Approval. In addition to the provisions of Article VIII hereof, the landscaping plan for any (i) Vacant Sublots and Living Unit Lots adjacent to any portion of the Golf Course shall, for that portion of such Vacant Sublots and Living Unit Lots, which is within twenty _____ (_____) feet of the Golf Course, including any portion of the Common Areas or Cluster Common Areas that are between such Vacant Sublots and Living Unit Lots and the Golf Course which appear to be a part of the Golf Course; and (ii) Common Areas or Cluster Common Areas adjacent to any portion of the Golf Course, be in general conformity with the overall landscaping plan of the Golf Course, and shall be subject to Golf Course Property Owner's prior right of approval, which approval shall not be unreasonably withheld or delayed. To promote a suitable and attractive open space atmosphere, no fence, wall, shrubbery, building, or other structure will be permitted within said twenty (20) foot portion of those Vacant Sublots and Living Unit Lots, or portions of the Common Areas and Cluster Common Areas which are adjacent to the Golf Course, without the prior written approval of the Design Review Committee and the Golf Course Property Owner. There is hereby reserved over and across said twenty (20) foot portion of said Vacant Sublots and Living Unit Lots, and the Common Areas and Cluster Common Areas, the right and easement of light, air, and view for the benefit of the adjacent Golf Course.

(f) Water and Sanitary Sewer Tie-ins. The Golf Course Property Owner shall have the right to tie restrooms, snack shops and other facilities situated or to be situated on the Golf Course Property into the waterlines and/or sanitary sewer lines situated on the Property so long as: (1) such tie-ins are made in accordance with the requirements of the County or other governmental authority or utility company having jurisdiction; (ii) such tie-ins do not overburden the water and/or

sanitary sewer lines; (iii) such tie-ins are at the expense of the Golf Course Property Owner; (iv) such tie-ins and cost of usage shall not impair or interfere with any Living Units or with Master Association usage; (v) the lines installed by the Golf Course Property Owner through the Property are maintained by the Golf Course Property Owner; and (vi) any areas disturbed by such tie-ins and the repair and maintenance thereof are restored to substantially the condition in which they were found.

Section 3.8 - Cross--Easements

The right is hereby reserved by the Declarant to grant cross-easements for: (a) the creation and/or preservation of lakes and ponds which may tie in part on the Golf Course Property and/or in part on the Property; and (b) for and utilities or other facilities that will serve both the Golf Course Property and the Property or either of said properties.

Section 3.9 - Easements for Community Signs

Easements are created over the Common Areas to install, maintain, repair, replace and illuminate signs that are for the general benefit of the Property or for the identification of the public roads, the Neighborhoods, Cluster Areas, Cluster Roads and the Golf Club. The type, size and location of the sites shall meet the requirements of the Township, and shall be subject to the approval of the Design Review Committee and Golf Course Property Owner if such sites affect the Golf Club.

Section 3.10 - Easement to Maintain Sales Offices, Models, etc.

Notwithstanding any provisions contained in this Master Declaration to the contrary, so long as construction and sale of Living Units, and the sale of memberships in the Golf Club shall continue, it shall be expressly permissible for Declarant and/or a Builder authorized in writing by Declarant to maintain and carry on upon portions of the Common Areas such facilities and activities as, in the sole opinion of Declarant and/or such Builder, may be reasonably required, convenient, or incidental to the construction or sale of Living Units and memberships in the Golf Club, including, but not limited to, administrative/customer services, construction offices/trailers, parking signs, identification signs, model units, and sales and resales offices, and the Declarant, its guests, licensees and invitees shall have an easement for access to all such facilities. The right to maintain and carry on such facilities and activities shall specifically include the right to use Living Units owned by the Declarant and/or such Builder, as models and sales offices. Declarant further reserves the right for itself and its successors, assigns, contractors, material suppliers and others performing work and furnishing materials to construct Living Units and other improvements upon the Property to conduct business and carry on construction/site development activities during business hours that are customary within the _____[state] area. This Section may not be amended or modified without the express written consent of the Declarant.

Section 3.11 - Maintenance Easement

There is hereby reserved for the benefit of the Master Association and its agents, employees, successors, and assigns, an alienable, transferable, and perpetual right and easement to enter upon any Vacant Sublot, upon the unimproved portions of Living Unit Lots and upon any Cluster Green Space for the purpose of mowing, removing, clearing, cutting or pruning underbrush, weeds, stumps, or other unsightly growth and removing trash and debris in order to maintain reasonable standards of health, fire safety, and appearance within the Property, provided that such easements shall not impose any duty or obligation upon Declarant or the Master Association to perform any such actions; and provided, further, that in the exercise of its rights hereunder the Master Association shall be entitled to be reimbursed by such Owner pursuant to Article VII hereof.

Section 3.12 - Environmental Easement

There is hereby reserved for the benefit of Declarant, the Master Association, the Golf Course Property Owner and their

respective agents, employees, successors, and assigns, an alienable, transferrable, and perpetual right and easement on, over, and across all Vacant Sublots, all unbuilt portions of Living Unit Lots, Common Areas and Cluster Green Space for the purpose of taking any action necessary to effect compliance with environmental rules, regulations, and procedures from time to time promulgated or instituted by the Master Board, the Design Review Committee, the Golf Course Property Owner or by any governmental entity, such easement to include, without limitation, the right to implement erosion control procedures and practices, the right to drain standing water, and the right to dispense pesticides and the right to maintain any designated "wetland" areas.

Section 3.13 - Scope of Easements and Dedication of Roadways and Utilities

As the improvements to be located within the Property for the easement rights granted or reserved under Sections 3.1, 3.2, 3.7(f) and 3.8 are definable within specific areas, the Declarant or the Master Association (with the Declarant's prior written consent so long as Declarant is a Class "B" Member) shall have the right (but not the obligation) to: (a) limit such easements to specific areas and purposes, and record a document or documents releasing the balance of the lands from the burden of such easements; and/or (b) record a plat or other document or documents setting forth the specific areas subjected to such easements; and/or (c) dedicate to public or private use specific areas (and the improvements contained therein) within the Property to meet the requirements of the Township, the County and other public authorities having jurisdiction over the same. The Declarant or the Master Association may exercise any of such rights without the necessity of obtaining the consent or approval of Owners and other Persons for whose benefit the easement rights are granted or reserved

Section 3.14 - Easements to Run with the Lands

All easements and rights described herein are easements appurtenant to the Property (including the Living Units) and the Common Areas and the Cluster Green Space shall run with said lands, perpetually and at all times shall inure to the benefit of and be binding upon the Declarant, its successors and assigns, and any Owner, Tenant, Occupant, purchaser, mortgagee or other Person having an interest in the Property, or any part or portion thereof and to the benefit of the Golf Course Property Owner with respect to those easements and rights specifically created herein for the benefit of the Golf Course Property Owner and the Golf Club. Reference to the easements and rights described in any part of this Master Declaration, in any deed of conveyance, lease, mortgage, trust deed, declaration for another type of residential association, or other evidence of obligation, shall be sufficient to grant such easements and rights to the respective grantees, lessees, mortgages or trustees of such property, or any portion thereof and to reserve to the grantor or lessor therein, their successors and assigns, as easements appurtenant to the remainder of the such properties, easements created by this Master Declaration for the benefit of any Owner, Tenant, Occupant, purchaser, mortgagee or other Person in respect to any portion of the Property as fully and completely as though such easements and rights were recited fully as set forth in their entirety in such document.

ARTICLE IV OWNERSHIP AND OPERATION OF COMMON AREAS

Section 4.1 - Conveyances of Common Areas

Declarant shall convey the Common Areas to the Master Association. Such conveyance shall have priority over all liens and encumbrances whatsoever except the easements, covenants, restrictions and provisions of this Master Declaration; easements, covenants, restrictions, conditions and other similar matters of record; real estate taxes and assessments which are a lien, but are not due and payable at the time of said conveyance; and zoning and other ordinances, if any. Declarant shall cause such Common Areas to be released from any mortgage encumbering the same or shall cause the mortgagee of such areas to subordinate its mortgage on such areas in favor of this Master Declaration. The Master Association shall hold title to said parcels subject to the provisions of this Master Declaration. The Golf Course Property is not a Common Area.

Section 4.2 - Use of Common Areas

Any Owner may delegate, in accordance with the Master Code of the Master Association and subject to reasonable rules, regulations, and limitations as may be adopted in accordance therewith, his or her right of enjoyment to the Common Areas to the members of his or her family, tenants, and social invitees and shall be deemed to have made a delegation of all such rights to the Occupants or Tenants of any leased Living Unit.

ARTICLE V THE MASTER ASSOCIATION

Section 5.1 - Existence

The Master Association is a(n) _____[state] _____[entity]. The Declarant and all Owners (including Builders) shall be members of the Master Association.

Section 5.2 - Membership and Voting Rights

(a) Classes of Membership.

The membership of the Master Association is and shall be divided into two (2) classes:

(1) Class "A" Membership. Each Owner of a Living Unit (including, without limitation, the Declarant or a Builder if the Declarant or a Builder is the record titleholder of a Living Unit), each Vacant Sublot Owner and each Cluster Block Owner shall automatically be a Class "A" Member of the Master Association. The Class "A" Membership is appurtenant to the ownership of each Living Unit and each Vacant Sublot and each Cluster Block and shall not be separable from the ownership of any Living Unit or Vacant Sublot or Cluster Block and shall be deemed to have begun terminated with any voluntary or involuntary conveyance of any Living Unit or Vacant Sublot or Cluster Block, whether or not such membership is expressly referred to in the instrument effecting such conveyance, at which time the new Owner or other successor in interest shall immediately and automatically become a Member of the Master Association with all rights and responsibilities relative thereto. No Owner, whether one or more persons, shall have more than one membership per Living Unit owned.

(2) Class "B" Membership. The Declarant shall automatically be the sole Class "B" Member of the Master Association.

(b) Voting Rights.

(1) Class "A" Member. Class "A" Members shall be entitled to one (1) equal vote for each Living Unit and each Vacant Sublot (including Vacant Sublots that may be created within a Cluster Block) in which they hold the interest required for membership under Section 5.2(a)(1) hereof; there shall be only one (1) vote for each Living Unit and for each Vacant Sublot (including Vacant Sublots that may be created within a Cluster Block). Until there is a Cluster Area or until there is a Neighborhood and the Subsequent Amendment creating any such Cluster Area or Neighborhood provides for the establishment of Voting Members, the vote for each Living Unit and Vacant Sublot (including Vacant Sublots that may be created within a Cluster Block) may be exercised by the Personal Vote of the Owner of each Living Unit and Vacant Sublot (including Vacant Sublots that may be created within a Cluster Block). After the establishment of Voting Members, the vote of each Living Unit or Vacant Sublot shall be exercised by the Voting Member representing the Cluster Area or Neighborhood of which the Living Unit and Vacant Sublot is a part, unless a Personal Vote is specified by this Master Declaration or the Master Code or unless the Class "A" Member elects by notice to the Voting Member and the Secretary of the Master Association to exercise his or her Personal Vote.

In any situation where a Member is entitled to exercise a Personal Vote and more than one (1) Person holds the interest

in such Living Unit or Vacant Sublot required for membership, the Personal Vote for such Living Unit or Vacant Sublot shall be exercised as those Persons determine among themselves and advise the Secretary of the Master Association in writing prior to any meeting. In the absence of such advice, the vote of the Living Unit or the Vacant Sublot shall be suspended if more than one (1) Person seeks to exercise it.

(2) Class "B" Member. The Class "B" Member shall be the Declarant. The rights of the Class "B" Member, including the right to approve actions taken under this Master Declaration and the Master Code, are specified elsewhere in the Master Declaration and the Master Code. The Class "B" Member shall be entitled to appoint a majority of the members of the Master Board during the Class "B" Control Period, as specified in Article III, Section 2 of the Master Code. After termination of the Class "B" Control Period, the Class "B" Member shall have a right to disapprove actions of the Master Board and any committee as provided in Article III, Section 3, of the Master Code. The Class "B" membership shall terminate and become converted to Class "A" membership in accordance with Article III, Section 2 of the Master Code.

(c) Cluster Areas and Neighborhoods. Living Units and Vacant Sublots may be located within a Cluster Area or Neighborhood designated by the Declarant or the Master Board in a Subsequent Amendment. No other Person shall have the right to designate a Cluster Area or Neighborhood. The Living Units and Vacant Sublots within a particular Cluster Area or Neighborhood may be subject to additional covenants and/or the Owners of Living Units and Vacant Sublot Owners within a particular Cluster Area shall be members of a Cluster Association in addition to the Master Association, and the Owners of Living Units and Vacant Sublots within a particular Neighborhood may be members of another owners' association (the "Neighborhood Association") in addition to the Master Association, but no such Neighborhood Association shall be required. Any Neighborhood which does not have a Neighborhood Association shall elect a Neighborhood Committee, as described in Article V, Section 3, of the Master Code, to represent the interests of Owners of Living Units and Vacant Sublot Owners in such Neighborhoods.

The Voting Member for each Cluster Area shall be the President of the Cluster Association for such Cluster Area.

Each Neighborhood Association or Neighborhood Committee, upon the affirmative vote, written consent, or any combination thereof of a majority of Owner of Living Units and Vacant Sublots within the Neighborhood, may request that the Master Association provide a higher level of service or special services for the benefit of Living Units in such Neighborhood, the cost of which shall be assessed against the benefitted Living Units as a Neighborhood Assessment pursuant to Article IX of this Master Declaration.

If Voting Members are established by a Subsequent Amendment, the senior elected officer of each Neighborhood Association or the Neighborhood Committee shall serve as the Voting Member for such Neighborhood and shall cast all votes attributable to Living Units in the Neighborhood on all Master Association matters requiring membership vote, unless otherwise specified in this Master Declaration or the Master Code.

Upon a petition sided by a majority of the Owners of Living Units in the Neighborhood, any Neighborhood Association or Neighborhood Committee may also apply to the Master Board to divide the property comprising the Neighborhood into two (2) or more Neighborhoods or to combine two (2) Neighborhoods into one (1) Neighborhood. Any such application shall be in writing and shall include a survey plat of the entire parcel which indicates the boundaries of the proposed Neighborhoods. A Neighborhood division requested by the Neighborhood shall automatically be deemed granted unless the Master Board denies such application in writing within _____ (_____) days of its receipt thereof. The Master Board may deny an application in its sole discretion, including, without limitation, a determination that there is no reasonable basis for distinguishing between the areas proposed to be divided into separate Neighborhoods. All applications and copies of any denials shall be filed with the books and records of the Master Association and shall be maintained as long as this Master Declaration is in effect.

The creation of Neighborhood Voting Members pursuant to the provisions of this Subsection (c) shall not come into

operation until there is a Neighborhood and the Subsequent Amendment creating any such Neighborhood provides for the establishment of Voting Members. Until then, to the extent a vote is required, the Class "A" Members shall, by Personal Vote, elect the Trustees of the Master Board and vote on the other matters provided for in this Master Declaration and in the Master Code.

Section 5.3 - Board and Officers of the Master Association

The Trustees of the Master Board and the Officers of the Master Association shall be elected as provided in the Master Code and shall exercise the powers, discharge the duties and be vested with the rights conferred by operation of law, the Articles of Incorporation and Master Code, except as otherwise specifically provided.

Section 5.4 - Rights of the Master Association

Notwithstanding the rights and easements of enjoyment and use created in Article III of this Master Declaration, and in addition to any right the Master Association shall have pursuant to this Master Declaration or in law, the Master Association shall have the right:

- (a) To borrow money from time to time for the purpose of improving the Common Areas, and may secure said financing with a mortgage or mortgages upon all or any portion of property owned by the Master Association in accordance with its Articles and Master Code and subject to the provisions of this Master Declaration.
- (b) To take such steps as are reasonably necessary to protect the Common Areas from foreclosure.
- (c) To convey the Common Areas or a portion thereof, to a successor, provided, however, that any such conveyance shall require the Personal Vote of a majority of the Class "A" Members and the vote of the Class "B" Member; provided further that such successor shall agree, in writing, to be bound by the easements, covenants, restrictions and spirit of this Master Declaration; and provided further that such successor complies with the requirements of the Township's zoning rules and that the conveyance is approved by the Township's Trustees.
- (d) To enter or authorize its agents to enter on or upon the Property, or any part thereof, when necessary in connection with any maintenance, repair or construction for which the Master Association is responsible or has a right to maintain, repair or construct. Such entry shall be made with as little inconvenience to the Owner and Occupants thereof as practicable and any damage caused thereby shall be repaired by the Master Association.
- (e) To grant or obtain or dedicate to public use easements and rights-of-way (i) for access and easements for the construction, extension, installation, maintenance or replacement of utility services and facilities; or (ii) to or from a public utility or governmental authority, and to or from any body or agency which has the power of eminent domain or condemnation over any portion of the Property.

ARTICLE VI RESPONSIBILITIES OF THE MASTER ASSOCIATION

The Master Association shall have the exclusive duty to perform the following functions:

Section 6.1 - Maintenance of Areas of Common Responsibility

The Master Association shall maintain the Areas of Common Responsibility in a clean, safe, neat, healthy and workable condition, and in good repair, and shall promptly make all necessary repairs and replacements, structural and nonstructural, ordinary as well as extraordinary, subject only to the provisions of this Master Declaration. The Master Association shall provide equipment and supplies necessary for the maintenance (including landscape maintenance) and

enjoyment of such property. All work performed by the Master Association under this Article shall be performed in a good and workmanlike manner. The following are included among such Areas of Common Responsibility:

(a) Entranceway Areas. To operate, and to maintain, repair and replace, any now-existing or hereafter-created entranceway area at or in the vicinity of any entrance to the Property from public or private roads, together with all associated landscaping and other related facilities such as gatehouses, irrigation systems, signs, lighting, traffic control devices, decorative or screening walls and fences, ponds and fountains and pumps, provided, however, that the Golf Course Property Owner (and not the Master Association) shall maintain the Golf Club Entrances. The Master Association shall also pay or reimburse the Declarant for any real estate taxes assessed with respect to any such entranceway area and the improvements thereon, and if Declarant at any time requests, the Master Association shall (except the Golf Club Entrances, which shall be the responsibility of the Golf Course Property Owner), unconditionally and for a nominal consideration of _____ Dollars (\$_____), accept a deed to and hold title to such areas and the improvements thereon that are the Master Association's responsibility to maintain.

(b) Perimeter Fends and Walls. To maintain, repair and replace all fences and walls situated at or near the perimeter of the Property.

(c) Berms Along Public Roads, Median Strips and Cul-de-Sacs. With respect to the berms (including berms within public right-of-ways) and landscaping thereon which are desired or required to be maintained adjacent to the perimeter of the Property to maintain such berms, and any landscaping on such portions of such berms, in good and attractive condition; and with respect to landscaping, irrigation systems and other improvements within median strips and cul-de-sacs (including median strips and cul-de-sacs within public rights-of-way) to maintain the same in a good and attractive condition.

(d) Street Lighting. With respect to all parts (including, but not limited to, poles, standards, fixtures, transformers, wires, bulbs and cables) of any street lighting system which are now or hereafter installed by or at the direction of Declarant or the Master Association (with the approval of the Township and/or the County) in the median strips of or in the rights-of-way of any portion of any roads, to maintain the same in good order and condition, to make all replacements and renewals necessary to so maintain the same, and to operate and to pay all costs of operating the same, including, but not limited to, costs of electricity.

(e) Security. To provide such security for the Property as the Master Association may from time to time deem desirable, in such fashion as the Master Association may from time to time determine, including, but not limited to, if the Master Association shall deem the same desirable, the maintenance of guards and gatehouses. The Master Association will strive to maintain Golf Meadow as a safe, secure residential environment HOWEVER, NEITHER THE MASTER ASSOCIATION NOR THE DECLARANT SHALL BE HELD LIABLE FOR ANY LOSS OR DAMAGE BY REASON OF FAILURE TO PROVIDE ADEQUATE SECURITY OR BY REASON OF THE INEFFECTIVENESS OF SECURITY MEASURES UNDERTAKEN. ALL OWNERS, TENANTS, GUESTS, AND INVITEES OF ANY OWNER, ACKNOWLEDGE THAT THE MASTER ASSOCIATION, THE MASTER BOARD, THE DECLARANT, AND ANY COMMITTEES ESTABLISHED HEREUNDER, ARE NOT INSURERS AND THAT EACH OWNER, TENANT, GUEST, AND INVITEE ASSUMES ALL RISK OF LOSS OR DAMAGE TO PERSONS, TO LIVING UNITS, AND TO THE CONTENTS OF LIVING UNITS AND FURTHER ACKNOWLEDGE THAT DECLARANT HAS MADE NO REPRESENTATIONS OR WARRANTIES, NOR HAS ANY OWNER, TENANT, GUEST, OR INVITEE RELIED UPON ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR LIMITED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE RELATIVE TO ANY SECURITY MEASURES RECOMMENDED OR UNDERTAKEN BY THE MASTER ASSOCIATION.

(f) Drainage System. To maintain all lakes, ponds, canals, piping, culverts, drains, and other facilities now or hereafter situated upon any portion of the Property which are intended for the collection, retention, detention, transmittal or

disposal of stormwater (other than gutters, downspouts and other facilities attached to building), in clean and sanitary condition and in good order and repair and to make all replacements and renewals necessary to so maintain the same. The Golf Club Property Owner shall be responsible for maintenance of the portion of drainage facilities situated within the Golf Course Property and for the Lake situated within the Property and ponds and "wetland" areas (if any) that are situated in whole or in part within the Golf Club Property.

(g) Common Areas. To maintain the Common Areas in good and attractive condition, for the use and enjoyment of Owners. The Master Association shall also pay for any real estate taxes and assessments assessed with respect to any such Common Areas. The obligations set forth in this subsection shall be deemed to run with and burden the Master Association by its acceptance of a deed and title to the Common Areas.

(h) Community Signs. To install, maintain, repair, replace and illuminate all signs located on any portion of the Property which are for the general benefit of the Property and which comply with the requirements of the Township and other governmental authorities having jurisdiction.

(i) Maintenance of Non-Master Association Property. The Master Association shall maintain property which it does not own, including, without limitation, property dedicated to the public, if the Master Board determines that such maintenance is necessary or desirable to maintain the Community-Wide Standard.

(j) Right of the Master Association to Contract with Golf Club. The Master Association is authorized to contract with the Golf Club for the maintenance of some or all of the Areas of Common Responsibility.

(k) Rubbish Removal. The Master Association may (but is not obligated to) provide rubbish removal services, the cost of which services shall be a Common Expense. At the present time it is not contemplated that the Master Association will provide rubbish removal services.

(1) Township and County Not Obligated. If the Master Association is dissolved or otherwise ceases to function, the Township or County shall have the right, but not the obligation, to provide those municipal services to Living Units situated within Golf Meadow that are provided by the Township or County to homes situated on publicly dedicated streets. In no event, however, is the Township or County obligated to provide such services (except for fire, police, ambulance and other emergency services that are provided by the Township or County for all residents of the Township) to the residents of Golf Meadow, or to otherwise perform the functions of the Master Association under this Master Declaration.

Section 6.2 - Cluster Areas; Neighborhoods

The Master Association may, in the discretion of the Master Board, assume the maintenance responsibilities of a Cluster Area or Neighborhood set out in this Master Declaration or in any Subsequent Amendment or declaration subsequently recorded which creates any Cluster Area or Neighborhood Association upon all or any portion of the Property. In such event, all costs of such maintenance shall be assessed only against the Living Units within the Cluster Area or Neighborhood to which the services are provided. This assumption of responsibility may take place either by contract or agreement or because, in the opinion of the Master Board, the level and quality of service then being provided is not consistent with the Community-Wide Standard for the Property. The provision of services in accordance with this Section shall not constitute discrimination within a class.

Furthermore, upon resolution of the Master Board, each Cluster Area or Neighborhood shall be responsible for paying, through Cluster Area or Neighborhood Assessments, costs of maintenance of certain portions of the Area of Common Responsibility within or adjacent to such Cluster Area or Neighborhood, which may include, without limitation, special amenities and services within the Cluster Area or Neighborhood, the costs of maintenance of any right-of-way and Cluster Green Space or between the Cluster Area or Neighborhood and adjacent public roads, private streets within the

a Cluster Area or Neighborhood, and lakes or ponds within a Cluster Area or Neighborhood, regardless of ownership and regardless of the fact that such maintenance may be performed by the Master Association.

Any Cluster Association or Neighborhood Association having responsibility for maintenance of all or any portion of the property within a particular Cluster Area or Neighborhood pursuant to a declaration of covenants affecting the Cluster Area or Neighborhood shall perform such maintenance responsibility in a manner consistent with the Community-Wide Standard. If any such Cluster Association or Neighborhood Association fails to perform its maintenance responsibility as required herein and in any additional declaration, the Master Association may perform it and assess the costs against all Living Units within such Cluster Area or Neighborhood as provided in Article VII, Section 7.23 of this Master Declaration.

Section 6.3 - Taxes and Assessments

The Master Association shall pay all taxes and assessments levied against portions of the Property (including Common Green Space) owned by the Master Association or levied against the Areas of Common Responsibility, including, without limitation, personal property taxes, general real estate taxes and special assessments certified by the applicable public authority.

Section 6.4 - Utilities

The Master Association shall pay all charges for waxen, gas, sewer, electricity, light, heat or power, telephone and other services used, rented or supplied to or in connection with any property owned and/or operated by the Master Association. All such utility services shall be contracted for, metered and billed by and through the Master Association.

Section 6.5 - Insurance

(a) Insurance. The Master Board, or the Master Association's duly authorized agent, shall have the authority to and shall obtain insurance for all insurable improvements on the Common Areas (excluding Cluster Common Areas, unless the Cluster Association contracts with the Master Association for such insurance) against loss or damage by fire or other hazards, including extended coverage, vandalism, and malicious mischief. This insurance shall be in an amount sufficient to cover the full replacement cost of any repair or reconstruction in the event of damage or destruction from any such hazard.

The Master Board shall also obtain a public liability policy covering the Common Areas (excluding Cluster Common Areas, unless the Cluster Association contracts with the Master Association for such insurance), the Master Association and its Members for all damage or injury attributable to gay acts or omissions of the Master Association or any of its Members or agents. The public liability policy shall have a limit of at least _____ Dollars (\$_____) for bodily injury (including death) and property damage.

Premiums for all insurance on the Common Areas shall be a Common Expense of the Master Association. The policy may contain a reasonable deductible, and the amount thereof shall be added to the face amount of the policy in determining whether the insurance at least equals the full replacement cost. The deductible shall be paid by the party who would be responsible for the repair in the absence of insurance and in the event of multiple parties shall be allocated in relation to the amount each party's loss bears to the total loss or damage.

The cost of insurance coverage obtained by the Master Association shall be included in the Master Assessments.

All such insurance coverage obtained by the Board shall be written in the name of the Master Association as trustee for the respective benefitted parties, as further identified in (ii) below. Such insurance shall be governed by the provisions hereinafter set forth:

(i) All policies shall be written with a company licensed to do business in _____ [state] and holding a rating of B/VI or better in the Financial Category as established by A. M. Best Company, Inc., if reasonably available, or, if not available, the most nearly equivalent rating.

(ii) All policies on the Common Areas shall be for the benefit of the Owners and their mortgagees as their interests may appear. All policies secured at the request of a Cluster Area or Neighborhood shall be at the expense of such Cluster Area or Neighborhood for the benefit of such Cluster Area or Neighborhood Association, if any, the Owners within the Cluster Area or Neighborhood and their mortgagees, as their interests may appear.

(iii) Exclusive authority to adjust losses under policies obtained by the Master Association shall be vested in the Master Board; provided, however, no mortgagee having an interest in such losses may be prohibited from participating in the settlement negotiations, if any, related thereto.

(iv) In no event shall the insurance coverage obtained and maintained by the Master Board hereunder be brought into contribution with insurance purchased by individual Owners, Occupants, or their mortgages.

(v) All casualty insurance policies shall have an "inflation guard" endorsement, if reasonably available, and an "agreed amount" endorsement if reasonably available with an annual review by one or more qualified persons, at least one of whom must be in the real estate industry and familiar with construction in the _____ [state] area.

(vi) The Master Board shall be required to make every reasonable effort to secure insurance policies that will provide for the following:

(A) a waiver of subrogation by the insurer as to any claims against the Master Board, its manager (if any), the Owners, and their respective tenants, servants, agents, and guests;

(B) a waiver by the insurer of its rights to repair, and reconstruct, instead of paying cash;

(C) that no policy may be cancelled, invalidated, or suspended on account of the conduct of any Master Board member; officer, or employee of the Master Association or its duly authorized manager without prior demand in writing delivered to the Master Association to cure the defect and the allowance of a reasonable time thereafter within which the defect may be cured by the Master Association, its manager, any Owner, or mortgagee;

(D) that any "other insurance" clause in any policy exclude individual Owners' policies from consideration;

(E) that no policy may be cancelled or substantially modified without at least _____
(_____) days prior written notice to the Master Association; and

(F) directors (trustees) and officers liability coverage, if reasonably available.

In addition to the other insurance required by this Section, the Master Board shall obtain, if and to the extent necessary, as a Common Expense, worker's compensation insurance, and a fidelity bond or bonds on Board Members, officers, employees, and other persons handling or responsible for the Master Association's funds. The amount of fidelity coverage shall be determined in the Master Board's best business judgment, but may not be less than _____ (_____) months assessments, plus reserves on hand. Bonds shall contain a waiver of all defenses based upon the exclusion of persons serving without compensation and may not be cancelled or substantially modified without at least _____ (_____) days' prior written notice to the Master Association.

(b) Individual Insurance. By virtue of taking title to a Living Unit subject to the terms of this Master Declaration, each Owner covenants and agrees with all other Owners and with the Master Association that each individual Owner shall carry blanket all-risk casualty insurance on the Living Units (other than Living Units in a condominium development) and structures constructed thereon. Each individual Owner further covenants and agrees that in the event of a partial loss or damage and destruction resulting in less than total destruction, the individual Owner shall proceed promptly to repair or to reconstruct the damaged structure in a manner consistent with the original construction. In the event that the structure is totally destroyed and the individual Owner determines not to rebuild or to reconstruct, the individual Owner shall clear the Living Unit of all debris and return it to substantially the natural state in which it existed prior to the beginning of construction. A Cluster Association or Neighborhood Association may impose more stringent requirements regarding the standards for rebuilding or reconstructing structures on the Living Unit and the standard for returning the site of the Living Unit to its natural state in the event the Owner decides not to rebuild or reconstruct.

(c) Disbursement of Proceeds. Disbursement of Proceeds of insurance policies shall be disbursed as follows:

(i) If the damage or destruction for which the proceeds are paid is to be repaired or reconstructed, the proceeds, or such portion thereof as may be required for such purpose, shall be disbursed in payment of such repairs or reconstruction as hereinafter provided. Any proceeds remaining after defraying such costs of repairs or reconstruction to the Common Areas or, in the event no repair or reconstruction is made, after making such settlement, shall be retained by and for the benefit of the Master Association and placed in a capital improvements account.

(ii) If it is determined, as provided for in Subsection (a) of this Section, that the damage or destruction to the Common Areas for which the proceeds are paid shall not be repaired or reconstructed, such proceeds shall be disbursed in the manner as provided for excess proceeds in Subsection (c)(i) above.

(d) Damage and Destruction.

(i) Immediately after the damage or destruction by fire or other casualty to property covered by insurance written in the name of the Master Association, the Board, or its duly authorized agent shall proceed with the filing and adjustment of all claims arising under such insurance and obtain reliable and detailed estimates of the cost of repair or reconstruction of the damage or destruction. Repair or reconstruction, as used in this paragraph, means repairing or restoring the damaged or destroyed property to substantially the same condition in which it existed prior to the fire or other casualty.

(ii) Any damage or destruction to the Common Areas shall be repaired or reconstructed unless the Class "B" Member and at Least _____ percent (_____) of the Class "A" Members by Personal Vote shall decide within _____ (_____) days after the casualty not to repair or reconstruct. If for any reason either the amount of the insurance proceeds to be paid as a result of such damage or destruction, or reliable and detailed estimates of the cost of repair or reconstruction, or both, are not made available to the Master Association within said period, then the period shall be extended until such information shall be made available; provided, however, such extension shall not exceed _____ (_____) days. No mortgagee shall have the right to participate in the determination of whether the Common Areas so damaged or destroyed shall be repaired or reconstructed. Notwithstanding the foregoing, damage or destruction to any utility, including any sewer plant or sewage lift station, or other utility serving the Property shall, in any event, be repaired and/or reconstructed by the Master Association.

(iii) In the event that it should be determined by the Master Association in the manner described above that the damage or destruction of the Common Areas shall not be repaired or reconstructed and no alternative improvements are authorized, then and in that event such property shall be restored to its natural state and maintained as an undeveloped portion of the Common Areas by the Master Association in a neat and attractive condition.

(e) Repair and Reconstruction. If the damage or destruction for which the insurance proceeds are paid is to be repaired

or reconstructed, and such proceeds are not sufficient to defray the cost thereof, the Master Board shall, without the necessity of a vote of the Members, levy a special assessment against all Owners in proportion to the number of Living Units owned by such Owners. Additional assessments may be made in like manner at any time during or following the completion of any repair or reconstruction.

Section 6.6 - Management

The Master Association shall provide the management and supervision for the operation of the Areas of Common Responsibility. The Master Association shall establish and maintain such policies, programs and procedures to fully implement this Master Declaration for the purposes intended and for the benefit of the Members and may, but shall not be required to:

(a) Adopt Rules;

(b) Engage employees and agents, including without limitation, security personnel, attorneys, accountants and consultants, maintenance firms and contractors;

(c) Delegate all or any portion of its authority and responsibilities to a manager, managing agent, or management company. Such delegation may be evidenced by a management contract which shall provide for the duties to be performed by the managing agent and for the payment to the managing agent of a reasonable compensation. Upon the expiration of each management agreement, the Master Association may renew said management agreement or enter into a different agreement with the same or a different managing agent, provided that no management agreement or renewal thereof shall be for a period longer than _____ (_____) years, and provided, further, that the Master Board may designate a different managing agent with whom the Master Association shall enter into an agreement after the end of the then existing management agreement; and

(d) The management agreement may be with an entity owned by or associated with Original Declarant or owned by, associated with, controlled or employed by any partner, shareholder, officer, director, agent or employee of Original Declarant, and may be for a period of time not to exceed _____ (_____) years, in Original Declarant's sole discretion.

Section 6.7 - Upgrading

The Master Association shall continuously attempt to upgrade the Areas of Common Responsibility for the good and welfare of all of its Members. In so doing the Master Association is authorized to expend reasonable sums of money for such purpose and intent, subject to the provisions of this Master Declaration and reasonable monetary considerations.

Section 6.8 - Enforcement

The Master Association shall take all actions reasonably necessary under the circumstances to enforce the covenants and restrictions set forth in Article VII hereof.

Section 6.9 - Disputes Between Cluster Areas or Neighborhoods

The Master Association shall have the right (but not the obligation) to mediate or arbitrate disputes between Cluster Areas or between Neighborhoods, provided, however, no members of the Cluster Area or Neighborhood involved in such disputes shall mediate or arbitrate the same on behalf of the Master Association. Any fees, costs and expenses incurred by such mediation or arbitration shall be payable equally by the Cluster Areas or Neighborhoods involved in such disputes.

Section 6.10 - Rules and Regulations

The Master Association, through the Master Board, may make and enforce reasonable rules and regulations governing the Areas of Common Responsibility, which rules and regulations shall be consistent with the rights and duties established by this Master Declaration. Sanctions may include reasonable monetary fines and suspension of the right to vote. The Master Board shall, in addition, have the power to seek relief in any court for violations or to abate nuisances. Imposition of sanctions shall be as provided in the Master Code of the Master Association. An Owner shall be subject to the foregoing sanctions in the event of a violation by such Owner, his family, guests, Tenants or by his co-Owners or the family, guests or Tenants of such co-Owners. Furthermore, the Master Association, through the Master Board, may, by contract or other agreement, enforce Township ordinances or request the Township or other governmental authority having jurisdiction to enforce ordinances on the Property for the benefit of the Master Association and its Members. This Section shall in no way impair or prohibit the Township or other governmental authority from enforcing their ordinances and other regulations.

Section 6.11 - General

The Master Association shall perform and carry out all other duties and acts reasonably necessary to give effect to and implement the intent of the provisions of this Master Declaration.

Section 6.12 - Original Declarant's Rights

During the Class "B" Control Period, the Original Declarant shall exercise all or any of the powers, rights, duties and functions of the Master Association, including, without limitation, the right to levy special assessments as authorized herein, the right to enter into a management contract, the right to obtain insurance under Original Declarant's blanket policy (if any), the right to perform each duty and obligation of the Master Association set forth herein, the right to collect assessments and disburse all funds of the Master Association, and the right to have a lien (and to foreclose said lien) on a Living Unit and on a Vacant Sublot for unpaid assessments in the manner and to the extent granted to the Master Association as herein provided.

Section 6.13 - Zoning Complaint

Compliance with Zoning Requirement of the _____[city], _____[county], _____[state] with Respect to Common Green Space (minimum of _____ percent (_____%)) of the Property, and the Golf Course Property).

The following provisions are being imposed upon the Property in accordance with R-1 "Controlled Density Residential Development with Sewer and Water" requirements of the zoning requirements of _____[city] Township (the "Zoning Resolution").

(a) This Master Declaration guarantees that the Common Green Space shown as Common Area on the final development plan will remain as such (see also Section 2.2(P)).

(b) Common Green Space and any recreation facilities that comprise the Common Areas shall be deeded to the Master Association. The Master Association shall not be dissolved nor shall it dispose of any Common Green Space or any recreation facilities without having established a successor entity to take over said property pursuant to the terms of the Zoning Resolution and the approval of the _____[city] Trustees. Furthermore, membership in the Master Association and any homeowner's association is mandatory of all owners within the Property comprising the Golf Meadow development.

(c) This Master Declaration hereby conveys to the Township and other appropriate governmental bodies the right of entrance to the Common Green Space and recreation facilities encompassed by the Common Area for emergency

purposes or in the event of nonperformance of maintenance or improvements affecting the public interest. Such governments have the right, after proper notice, to make improvements and perform maintenance functions. In addition, the Township shall have the right to proceed against the Master Association and its Members for reimbursement of said costs in accordance with Section 9.10 hereof. Advance notice is not necessary for emergency entrance onto such Common Area (see also Section 3.5 hereof).

(d) Common Green Space shown as Common Area in each phase of Golf Meadow for which a Plat is filed must equal the minimum percentage _____ percent (_____%) required for the entire development. Where Common Green Space is not provided in proportionate amounts for each phase, the Township Board of Zoning Appeals shall specify an appropriate financial guarantee in the Conditional Zoning Certificate issued by the Township. On or before the date of recording of this Master Declaration the Declarant shall impose a restriction on the entire Golf Meadow development of 563.4 acres (including the Golf Course), as the same may be expanded or contracted, that no less than _____ percent (_____%) thereof shall be devoted to Common Green Space.

(e) The Declarant will conform in all ways to the _____ [county] County Subdivision Regulations applicable to any specific area of the Property.

(f) All utility lines shall be installed underground.

Section 6.14 - Zoning Compliance

Compliance with Zoning Resolution of _____ [city], _____ [county],
_____ [state] with Respect to the Cluster Green Space of Cluster Areas.

The following provisions are being imposed upon the Cluster Areas of the Property in order to comply with the
_____ [city]'s zoning requirements.

(a) Any land set aside for Cluster Area and not utilized for the actual construction of Living Units will be dedicated to Cluster Green Space primarily for the single-family Cluster Area. The Cluster Green Space shall be controlled by a Cluster Association. The Cluster Green Space in the Cluster Areas shall be in addition to the Cluster Green Space provided for in Section 126f of the _____ [city]'s zoning requirement and provided for in Section 6.13(d) hereof. Membership in the Cluster Association is mandatory for Owners of Cluster Living Units and Cluster Sublots. The Cluster Green Space referred to in this Section does not include any streets, non-recreational building or individually-owned Land. Each Cluster Living Unit within a Cluster Area will be designed to abut Cluster Green Space.

(b) Cluster Green Space areas may be improved with appropriate recreation facilities and structures, such as tennis courts, pools, pavilions or other recreation features, subject to review and approval by the Township's Board of Zoning Appeals and by the Design Review Committee.

(c) Significant natural amenities, such as outcroppings, tree stands, ponds, ravines and stream channels will be left in their natural state and considered part of the required Cluster Green Space.

(d) Cluster Green Space and the adjacent circulation system has been designed to limit through traffic on local streets. Any Cluster Green Space developed as a major activity center such as a swimming pool or recreation center will be located on a thoroughfare designed to accommodate the resulting traffic volume.

(e) No portion of the Cluster Green Space will have a dimension of less than _____
(_____) feet, unless it is used as a connecting green space link, subject to modification by the Township's Board of Zoning Appeals for smaller sections which are particularly designed and meet the objectives of

this Section.

(f) This Master Declaration hereby conveys (and of the Cluster Association documents shall convey) to the Township and other appropriate governmental bodies the right of entrance to the Cluster Green Space and recreation facilities encompassed by the Cluster Green Space for emergency purposes or in the event of nonperformance of maintenance or improvements affecting the public interest. Such governments have the right, after proper notice, to make improvements and perform maintenance functions. In addition, the Township shall have the right to proceed against the Cluster Association and its Members for reimbursement of said costs in accordance with Section 9.10 hereof. Advance notice is not necessary for emergency entrance onto such Cluster Green Space.

The Declarant shall require each Builder acquiring a Cluster Block to incorporate the above provisions in his Cluster Association documents.

ARTICLE VII COVENANTS AND RESTRICTIONS

The intent of this Master Declaration is to cause the Property to be kept and maintained as a high quality residential golf club community. Therefore, the covenants and restrictions provided in this Article shall be applicable to the Owners, Land Contract Venders, Lessees, Tenants and Occupants of the Property. The following Covenants and Restrictions shall be broadly construed and interpreted in furtherance of this intent. Any Subsequent Amendment, declaration or other document for any Cluster Area or Neighborhood may impose stricter standards than those contained in this Article so long as such standards do not conflict with Community-Wide Standards. The Master Association, acting through its Board, shall have standing and the power to enforce such standards.

The Master Association, acting through the Master Board, shall have authority to make and to enforce standards and restrictions governing the use of the Property in addition to those contained herein, and to impose reasonable user fees for use of Common Area facilities. Such regulations and use restrictions shall be binding upon all Owners, Land Contract Vendees, Lessees, Tenants and Occupants.

Section 7.1 - Covenant of Good Maintenance

Each Owner, the Master Association, Cluster Association and a Neighborhood, as the case may be, shall keep and maintain the property owned, leased to or controlled by or in the possession of such person and all improvements, buildings and structures therein or thereon, in a clean and safe condition and in good order and repair, including but not limited to the seeding, watering and mowing of all lawns; the pruning of trees, shrubbery and amass, the painting (or other appropriate external care) of all buildings, structures and other improvements located thereon, and the absence of conditions constituting violations of applicable building, fire and health codes and the Master Declaration, all in a manner and with such frequency as is consistent with good property management. As provided in Section 7.23 hereof each Owner, Cluster Association or Neighborhood shall be obligated to pay the costs incurred by the Master Association for repairing, replacing, maintaining or cleaning any item which is the responsibility of such Owner, Cluster Association or Neighborhood, but which responsibility such Owner, Cluster Association or Neighborhood fails or refuses to discharge.

Section 7.2 - Trailers

No temporary buildings, mailer, recreation vehicle, garage, tent, shack, barn, or any similar structure shall be used, temporarily or permanently, as a residence on any part of the Property at any time.

Section 7.3 - Fences, Walls and Hedges

Fences, walls, tress, hedges, and shrub plants shall be maintained in a sightly and attractive manner, and shall not obstruct the right-of-way sight lines for vehicular traffic. Fences, walls of any kind and landscaping of any kind shall not be erected, begun or permitted to remain upon any portion of the Property unless approved by the Design Review Committee or unless originally constructed by Declarant. The provisions of this Section are subject and subordinate to the provisions of Section 3.7 of this Master Declaration.

Section 7.4 - Nuisance

No noxious or any activity constituting an unreasonable source of discomfort or annoyance shall be carried on upon any portion of the Property (including the Living Units situated thereon), nor shall anything be done thereon that may be or become a nuisance or annoyance to other Owners. Loud speakers that cause a hazard or annoyance shall not be permitted. The Master Board shall have absolute power to determine what is "reasonable" and what is "unreasonable" under this Section.

Section 7.5 - Animals

No animals, livestock, reptiles or poultry of any kind shall be raised, bred or kept on any portion of the Property (including the Living Units situated thereon) without the approval of the Master Board, except that dogs, cats, birds and other customary household pets approved by the Master Board may be kept, subject to Rules adopted by the Master Board, provided that they are not kept, bred or maintained for any commercial purpose and provided, further, that any such pet causing or creating a nuisance or unreasonable disturbance or annoyance shall be permanently removed from the Property upon _____ (_____) days' written notice from the Master Board. Dogs shall at all times whenever they are outside a Living Unit be confined on a leash held by a responsible person. The Rules may limit the number of pets which may be kept in any one Living Unit. The Master Board shall have absolute power to prohibit a pet from being kept on the Property or within a Living Unit if the Master Board finds a violation of this Section. Additional covenants affecting the property within a Neighborhood may impose more stringent restrictions on animals.

Section 7.6 - Signs

No sign or other advertising device of any nature shall be placed upon any portion of the Property except for signs and advertising devices installed by or at the direction of the Design Review Committee, or which the Design Review Committee approves as to color, location, nature, size and similar characteristics. All signs shall comply with the Township's requirements. "For Rent" and "For Sale" signs are prohibited. Notwithstanding the foregoing, the restrictions of this Section 7.6 shall not apply to Declarant or to a Builder or real estate company authorized by Declarant.

Section 7.7 - Storage of Material and Trash Handling

No lumber, metals, bulk material, refuse or trash shall be burned, whether in indoor incinerators or otherwise (excluding the burning of firewood in a fireplace), kept, stored or allowed to accumulate on any portion of the Property, except normal residential accumulation pending pick-up and except building materials during the course of construction or reconstruction of any approved building or structure, except firewood may be stored within Living Units, on patio areas or other areas designated by the Master Board. If trash or other refuse is to be disposed of by being picked up and carried away on a regular recurring basis, containers may be placed in the open on any day that a pick up is to be made, thereby providing access to persons making such pick-up. At all other times, such containers shall be stored in such manner that they cannot be seen from adjacent and surrounding property. No dumping of rubbish shall be permitted on any portion of the Property. Anything herein to the contrary notwithstanding, the Master Association or the Master Board may adopt a Rule or Rules which permit burning, incineration or storage of refuse or trash if the same becomes reasonably necessary for the safety, health or welfare of the Occupants, and is permitted by law.

Section 7.8 - Commercial or Professional Uses

Except as expressly permitted in this Master Declaration, or by Rules adopted in accordance with this Master Declaration, no industry, business, trade or full-time occupation or profession of any kind, commercial, educational, or otherwise, designated for profit, altruism, exploration or otherwise, shall be conducted, maintained or permitted on any part of the Property; provided, however, an Occupant may use a portion of his or her Living Unit for his office or studio, so long as the activities therein shall not interfere with the quiet enjoyment or comfort of any other Occupant and that such use does not result in the Living Unit becoming principally an office, school or studio as distinct from a Living Unit. Furthermore, no trade or business may be conducted in or from any Living Unit without the written approval of the Master Board (or Covenants Committee referred to in the Master Code) first obtained. Such approval may be granted so long as: (a) the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the Living Unit; (b) the business activity conforms to all zoning requirements for the Property; (c) the business activity does not involve persons coming onto the Property who do not reside in the Property except by appointment only; (d) the business activity does not involve door-to-door solicitation of Occupants of the Property; and (e) the business activity is consistent with the residential character of the Property and does not constitute a nuisance, or a hazardous or offensive use, or threaten the security or safety of other residents of the Property, as may be determined in the sole discretion of the Master Board (or Covenants Committee referred to in the Master Code). The Master Board may adopt Rules which intensify, relax or amend the prohibitions of this Article. Nothing in this Section shall preclude the leasing of a Living Unit by the Declarant or an Owner, the right of the Declarant or the Master Board (or a firm or agent employed by the Declarant or Master Board) to approve commercial activities such as charity events, sporting events requiring admission, temporary food and beverage operations and brokerage offices for sales of Vacant Sublots and for new sales of Living Units and resales of Living Units.

Section 7.9 - Storage of Vehicles and Machinery: No Parking on Dedicated Roads

No truck (except a two-axle truck with no more than four tires), camper, camper trailer, recreation vehicle, boat, boat trailer, all terrain vehicle, airplane, snowmobile, commercial vehicle, van, mobile home, tractor, bus, farm equipment, off-road vehicles or other vehicle of any kind, licensed or unlicensed, shall be stored on any driveway or other area in or upon the Property, except in the confines of garages, maintenance buildings or parking areas approved by the Design Review Committee. No machinery of any kind shall be placed or operated upon any Portion of the Property except such machinery which is customarily required for the maintenance of the Property, related improvements, lawns and landscaping. Such permitted machinery shall be stored in garages and maintenance buildings approved by the Design Review Committee. Furthermore, on-street parking of motor vehicles shall be in accordance with the Township's Zoning Resolution and County requirements, if any.

Section 7.10 - Firearms; Preservation of Wildlife

Firearms, ammunition and explosives of every kind shall not be discharged nor shall any traps or snares be set, nor shall any hunting or poisoning of wildlife of any kind be permitted in or upon the Property, except for rodent control, and the control of such other animals as constitute a nuisance or cause damage to the Property or Golf Course Property, or except with the prior written approval of the Master Board.

Section 7.11 - Control of Trucks, Commercial Vehicles

No tractor trailers, commercial tractors, commercial vehicles, road machinery or excavating equipment shall be permitted to remain on any portion of the Property or on the public right-of-way adjoining any portion of the Property for any period of time whatsoever, except while making deliveries or performing services thereon and except as necessary for the construction, reconstruction or repair of buildings or structures on the Property.

Section 7.12 - Traffic Regulations; Golf Carts

All vehicular traffic on dedicated roads shall be subject to the provisions of the laws of the State of _____[state], the County, and the Township concerning operation of motor vehicles on public streets. All vehicles of any kind and nature which are operated on the Property shall be operated in a careful, prudent, safe, and quiet manner. Golf carts will not be permitted to operate on the public roads serving the Property.

Section 7.13 - Poles, Wires, Antennae and Satellite Dishes

Subject to applicable easement rights, no facilities, including poles and wires, for the transmission or receipt of electricity, telephone messages, ham radio messages and the like shall be placed or maintained above the surface of the mound in any portion of the Property without the prior approval of the Design Review Committee. No antennae or satellite dishes shall be permitted within the Property without the approval of the Declarant and the Design Review Committee. This provision shall not apply for temporary facilities for the construction or repair of any building or other structure.

Section 7.14 - Exterior Appearance and Lights on Exteriors of Residences

The exterior of any building or structure in the Property shall not be altered, modified, changed or redecorated in such a way as to change the appearance or decor of the structure, nor shall any of the landscaping appurtenant to such building or structure be materially changed without the express written authorization of the Design Review Committee. The type and location of mailboxes shall be prescribed by the Design Review Committee. The provisions of this paragraph are subject to the provisions of Section 8.2 of this Master Declaration.

For the purpose of providing security, each Owner of a Living Unit shall provide and operate one (1) gas light of a kind designated by the Design Review Committee which shall automatically go on at dusk and remain on until dawn. Each Owner shall utilize said light, and shall keep and maintain said light in good condition and repair.

Section 7.15 - Grading

No Person shall change the grade on any portion of the Property without first obtaining the consent of the Design Review Committee.

Section 7.16 - Drainage Ditches

No Person shall interfere with the free flow of water through any drainage ditches or storm sewers within the Property. The Township or other governmental authority having jurisdiction and the Golf Course Property Owner shall have the right to enter upon the Common Areas of the Property to repair and maintain all storm, drainage, courses, ditches, structures and appurtenances, including, without limitation, the Lake and ponds within the Property, for the purpose of relieving any flooding condition or threatened flooding condition which might be harmful to the Golf Course Property and to other property within the Township.

Section 7.17 - Resubdivision of Lots

No subplot shall be subdivided or its boundary lines changed except with the proper written approval of the Master Board or except as expressly authorized herein. Declarant, however, hereby expressly reserves the right to replat any lot or lots owned by Declarant. Any such division, boundary line change, or replatting shall not be in violation of the applicable subdivision and zoning regulations.

Section 7.18 - Golf Course Property

Owners of Living Units and Vacant Sublots adjacent to the Golf Course Property, as well as their families, tenants, guests, invitees and pets, and users of the Common Areas or Cluster Green Space, adjacent to the Golf Course Property

shall be obligated to refrain from any actions which would distract from the playing qualities of the Golf Course. Such prohibited activities shall include, but not be limited to, burning materials where the smoke will cross the Golf Course, maintenance of dogs or other pets under conditions which interfere with Golf Course play due to their loud barking or other actions, playing of loud radios, televisions, stereos, or musical instruments, running or walking on the Golf Course, picking up balls, or similar interference with play.

Section 7.19 - Use of Golf Course Property

Memberships authorizing use of the Golf Course Property are being offered by the Golf Club in accordance with the Plan for the Offering of Memberships in Golf Meadow Golf and Country Club (the "Membership Plan"), as it may be amended from time to time. Use of the Golf Course Property is only available to members, guests and invitees of the Golf Club. Owners and other persons who do not own property in Golf Meadow may apply for membership in the Golf Club in accordance with the terms and conditions of the Membership Plan. Ownership of a Living Unit or other property within Golf Meadow and membership in the Master Association does not give to any Owner any vested right or easement, prescriptive or otherwise, to enter or use the Golf Course Property and does not grant any ownership or membership interest in the Golf Club or Golf Course Property.

Section 7.20 - Lakes, Water Bodies and Wetlands

Subject to the restrictions provided herein and the rules and regulations of the Master Association, as the same may from time to time be promulgated, each Owner and Golf Club Member shall be permitted to use the Lake for the purposes set forth herein. All ponds, streams, water courses and wetlands, other than the Lake, shall be for aesthetic purposes only, and no other use thereof including, without limitation, swimming, boating, fishing, wading, playing, or use of flotation devices, shall be permitted. This Section shall not apply to prohibit use by the Golf Club of the Lake, ponds, streams and water courses within the Golf Course Property for irrigation of the Golf Course Property and other Golf Course purposes.

(a) Launching Ramp. The Declarant and/or the Master Association (and no one else) may provide the Owners and Golf Club Members with access, over or through a Common Area(s) to be designated by the Declarant and/or the Master Association, to provide said Owners and Golf Club Members access to the Lake for the purpose of launching and retrieving watercraft permitted pursuant to subparagraph (b) of this Section 7.20. All Owners, Golf Club Members, their guests, tenants, invitees, and licensees shall defend and hold harmless the Declarant, Master Association and Golf Club from any and all actions, suits, proceedings, injuries or damages arising out of or related to the use of the launching ramp and facilities.

(b) Permitted Watercraft. Subject to the rules and regulations of the Master Association, as the same may from time to time be promulgated, sail boats, row boats, and canoes shall be permitted on the Lake. No boat shall exceed the length of _____ (_____) feet, as measured in a straight line from the center of the bow to the center of the stem. Boats may be powered by electric motors; however, no boat shall be powered by gasoline or other petroleum derivative engines. During the boating season, no boats may be stored on the Lake except at an approved dock. No boat shall be beached on any Living Unit Lot or Vacant Lot or tied to any Living Unit Lot or Vacant Lot. All boats shall be removed from the Lake or dock between November 1 and March 1 of each year. No boat shall be operated within _____ (_____) feet of the shoreline of any Living Unit Lot or portion of the Golf Course unless such boat is in the process of entering or exiting an approved dock.

(c) Docks. Following Design Review Committee approval, the Owners of Living Unit Lots (but not Cluster Sublots) abutting the Lake may construct a maximum of one (1) dock from their property into the waters of the Lake. In addition, following Design Review Committee approval, a Cluster Association for a Cluster Area abutting the Lake may construct one or more docks to serve the members of such Cluster Association. All docks approved by the Design Review Committee shall be constructed parallel to the shoreline, shall not extend more than _____

(_____) feet into the Lake, shall not have a shoreline length of more than _____
 (_____) feet, shall be natural in color, and shall have decking of weather/pressure-treated
 (wolmanized) boards. No boat lifts, dock boxes, or canopies shall be permitted on any dock. The provisions of this
 Section 7.20(c) are subordinate to Section 7.20(g) entitled "Alteration of Wetlands."

All approved docks shall be maintained in a first-class condition. The Owner of any dock that is in a state of disrepair, as determined by the Master Association or the Design Review Committee, shall repair or replace such dock within _____ (_____) days after receipt of written notice from the Master Association that said dock is in a state of disrepair. All repairs to docks or replacements of docks must be approved, prior to repairing or replacing, as the case may be, by the Design Review Committee. If the Owner fails to complete the repairs or replacement of a dock within _____ (_____) days after receipt of written notice as provided above, the Master Association may, but is not obligated to, repair or remove said dock. The cost of any such repair or removal together with an administrative fee equal to _____ percent (_____) % of such cost shall be paid to the Master Association by the Owner within _____ (_____) days after receipt of a bill therefore. All unpaid amounts shall bear interest at the rate of _____ percent (_____) % per annum (or highest rate allowed by law if lesser) and shall upon perfection as provided in Section 9.5 become a lien on the Living Unit Lot. The rights and powers granted the Master Association pursuant to this Section 7.20 shall be in addition to all rights and powers granted the Master Association elsewhere in the Declaration, including, but not limited to, those rights and powers set forth in Section 7.23 of the Declaration.

(d) Fishing. Fishing is permitted in the Lake. All persons fishing in the Lake shall comply with the rules and regulations of the Master Association and the laws and regulations of the State of _____[state]. No guest of an Owner or Club Member may fish in the Lake unless accompanied by such Owner or Club Member. No fish cleaning is allowed on the docks. All fish remains must be sealed in plastic bags and disposed of in appropriate trash containers.

(e) Swimming. There shall be no swimming, diving, wading, playing or use of flotation devices in the Lake, except that the Master Association or the Golf Club may establish a beach and swimming area.

(f) Assumption of Risk. Those persons engaging in activities, whether permitted or not permitted, upon, in, around or above the Lake, ponds, streams and water courses of the Property, expressly assume the risk of the inherent dangers of said activities and agree that the Declarant, Master Association or Golf Club shall not be responsible for any loss, damage, or injury to any person or property arising out of the authorized or unauthorized use of Lake, ponds, streams and water courses within the Property.

(g) Alteration of Wetlands. No activity (including, without limitation, the construction of and docks pursuant to Section 7.20(c), "weed-eating," mowing, plant removal, plant trimming, dredging or filling) shall be conducted at the Property which would in any manner disturb or potentially disturb either (i) designated "wetlands" within the Property; or (ii) wetland vegetation within _____ (_____) feet of the high water mark of any water body within the Property, without the prior written consent of both the Master Association and the Golf Course Property Owner and unless all permits required to conduct such activity have been first obtained from any governmental authorities having jurisdiction over "wetlands."

Section 7.21 - Use of the Name "Golf Meadow"

No Person shall use the words "Golf Meadow" or any derivative thereof in any printed or promotional material without the prior written consent of Declarant. However, Owners may use the name "Golf Meadow" in printed and promotional material where such words are used solely to specify that particular property is located within Golf Meadow.

Section 7.22 - Waiver of Subrogation

Each Person as a condition of accepting title and/or possession of a Living Unit and the Master Association agree for themselves, and their respective successors, heirs, executors, administrators, personal representatives, assigns, and lessees, provided said agreement does not invalidate or prejudice any policy of insurance, that in the event that any building, structure or improvement within the Property or the fixtures or personal property of anyone located therein or thereon are damaged or destroyed by fire or other casualty that is covered by insurance, the rights, if any, of any of them against the other, or against the employees, agents, licensees or invitees of any of them with respect to such damage or destruction and with respect to any loss resulting therefrom are hereby waived.

Section 7.23 - Violation of This Article

If any Person required to comply with the foregoing Covenants and Restrictions is in violation of any one of same, including, but not by way of limitation, design review criteria or standards established by the Design Review Committee, the Declarant (as long as the Declarant is a Class "B" Member of the Master Association) or the Master Board and/or the Design Review Committee shall have the right to give written notice to such Person to terminate, remove or extinguish such violation. Such notice shall expressly set forth the facts constituting such violation.

Except in the case of an emergency situation, the violating party shall have _____ (_____) days after written notice of the violation to take reasonable action to cause the removal, alleviation or termination of same. In the case of an emergency situation, or in the case of the failure of the violating party to comply with the provisions hereof after notice, the Declarant and/or the Master Association shall have the right, through their respective agents and employees, to enter upon the land where the violation exists and to summarily terminate, remove or extinguish the violation. In addition to the foregoing, the Declarant and/or the Master Association shall have the right to obtain an injunction from any Court having jurisdiction for the cessation of such violation or attempted violation of this Article. The rights and remedies of the Master Association and Declarant contained in this Article shall be nonexclusive and in addition to any other right or remedy available at law or in equity, including a claim or action for specific performance and/or money damages (including punitive damages), together with attorney's fees, paralegal's fees and other costs of such actions. Furthermore, the failure or neglect to enforce any term, covenant, condition, restriction, right or procedure herein shall in no event and under no circumstances be construed, deemed or held to be a waiver with respect to any subsequent breach or violation thereof. Subject to the provisions of the Section of the Master Code entitled, "Hearing Procedure," a Person in violation of this Article VII shall be obligated to the Master Association and/or Declarant for money damages and for the full amount of all costs and expenses, including attorneys' and paralegals' fees, incurred to remedy any such violation. If said amounts are not paid within _____ (_____) calendar days following said notification, then said amount shall be deemed "delinquent," and shall, upon perfection as provided in Section 9.5, become a continuing lien upon the portion of the Property owned or occupied by such Person(s) and a personal obligation of the Person(s) violating this Article. In addition, the Owner of any portion of the Property shall be liable jointly and severally for any obligations of any Occupant of such Owner's property.

Section 7.24 - Restrictions of Other Documents

Nothing contained in these Covenants and Restrictions shall preclude the imposition of more stringent restrictions imposed elsewhere in this Master Declaration, restrictions imposed on Cluster Areas, restrictions in a Neighborhood, restrictions imposed on sublots within subdivisions, restrictions imposed in deeds conveying the Property or portions thereof and restrictions imposed by the Design Review Committee so long as such restrictions are not inconsistent with Community-wide Standards created by this Master Association or adopted by the Master Board.

Section 7.25 - Certificate of Compliance with Restrictions

Upon the conveyance of a Living Unit or an interest therein, the grantor shall have the right to request the Master

Association to issue a Certificate of Compliance stating that it has no record of a violation of this Article. A Certificate of Compliance may be relied upon by all persons for all purposes. Neither the Master Board, nor such officer or agent shall have any liability to the grantor, grantee or mortgagee of a Living Unit or to others if the Certificate of Compliance issued hereunder is not correct. The Master Association may require the advance payment of a processing fee in the amount established by the Master Association for the issuance of the Certificate of Compliance.

ARTICLE VIII DESIGN REVIEW COMMITTED

Section 8.1 - Structure of Design Review Committee

The Design Review Committee (sometimes referred to as the "DRC") shall be composed of up to five (5) natural persons (but not less than three (3) natural persons) who need not be Members of the Master Association or Occupants. It is recommended, but not required, that one (1) member of the DRC be an architect. The size of the DRC and the persons who shall serve on the DRC shall be designated from time to time by (a) Declarant for so long as the Declarant is a Class "B" Member of the Master Association (unless Declarant shall sooner notify the Board in writing that Declarant has waived its rights under this subsection) and (b) the Board of the Master Association thereafter. After the Initial term of each member of the DRC, the regular term of office for such member shall be _____ (_____) years with terms staggered so that one of three members (or no more than two of five member's) terms expiring each year. Accordingly, one member (or two members if there are five members of the DRC) shall be designated for an initial term of _____ (_____) years, one member (or two members if there are five members of the DRC) shall be designated for an initial term of _____ (_____) years, and the remaining member will be designated for an initial term of _____ (_____) year(s). A member of the DRC may be removed with or without cause by the Declarant or the Master Board, as the case may be, by written notice to such appointee, and a successor or successors appointed to fill such vacancy shall serve the remainder of the term of the former member. The DRC shall elect a chairman and he or she, or in his or her absence, the vice chairman, shall preside at the meeting of the DRC. The affirmative vote of a majority of the members of the DRC shall be required in order to adopt or promulgate any Rule or to issue any permit, authorization or approval pursuant to this Article. The DRC is authorized to retain the services of consulting architects, landscape architects, engineers, inspectors and/or attorneys in order to advise and assist the DRC in performing its functions set forth herein.

Section 8.2 - Approval of Plans

(a) Architectural Approval. No building or structure shall be commenced, erected, placed, moved onto or permitted to remain on the Property nor shall any building or structure be altered, modified or changed in any way which changes the exterior or the appearance thereof, nor shall any new use be commenced or made on the Property or any part thereof unless an application, plans and specifications for the proposed construction, installation or change, including the description of any proposed new use thereof, shall have been submitted to and approved in writing by the DRC. Furthermore, following approval of any plans and specifications by the DRC, representatives of the DRC shall have the right at reasonable hours to enter upon the building site and inspect the improvements with respect to which construction is underway to determine whether or not the previously approved plans and specifications are being complied with.

(b) Landscaping Approval. No landscaping, grading, excavation, or filling of any nature whatsoever shall be implemented, installed or altered by any Builder or Owner, other than Declarant, unless and until the plans therefor have been submitted to and approved in writing by the DRC. Such plans shall include a calculation of the ratio of the area to be covered by grass lawns versus the area to be left in a natural state, and the DRC shall be entitled to promulgate standards with respect to such ratios. In addition, the landscaping plan for any area adjacent to the Golf Course Property shall be subject to the rights of the Golf Course Property Owner set forth in Section 3.7 hereof.

Furthermore, no hedge or shrubbery plantings or trees which obstructs sight-lines of any road shall be placed or permitted to remain on any Vacant Sublot or Living Unit Lot where such hedge, shrubbery, tree or other planting interferes with traffic sight-lines, including sight-lines at the intersection of a driveway and any road. Unless located within _____ (_____) feet of a Living Unit, no Builder or Owner, other than Declarant, shall be entitled to cut, remove, or mutilate any trees, shrubs, bushes, or other vegetation having a trunk diameter of _____ (_____) inches or more at a point of _____ (_____) feet above mound level, without obtaining the prior approval of the DRC that dead or diseased trees which are inspected and certified as dead or diseased by the DRC or its representatives, as well as dead or diseased shrubs, bushes, or other vegetation, shall be cut and removed from any Vacant Sublot or Living Unit Lot by the Builder or Owner of the same.

(c) Design Review Committee Policies and Guidelines. Plans and specifications for building and other structures and for landscaping shall conform to a document entitled "Design Review Committee Policies and Guidelines" on file with the Master Association, as the same may be amended from time to time by the DRC. Any conflict between the provisions of the DRC Policies and Guidelines, and the provisions of this Master Declaration shall be resolved in favor of this Master Declaration. The plans and specifications submitted to the DRC shall be in such form and shall contain such information as may be reasonably required by the DRC. PROVIDED, HOWEVER, the provisions of this subsection requiring submission of plans and specifications to, and approval by the DRC, shall not be applicable to the Declarant nor any entity related to or affiliated with the Declarant and shall not be applicable to the Golf Club Property.

Declarant or the Master Association may at any time cause design and construction criteria for other structures within the Property including, without limitation, recreation structures, to be prepared and made applicable to the Property.

The decision of the DRC shall be based upon the applicable manual (as then amended) in effect at the time that the plans and specifications are submitted to the DRC.

Section 8.3 - Grounds for Disapproval

The DRC shall have the right to disapprove any plans and specifications submitted hereunder because of any of the following: (a) failure of such plans and specifications to comply with any Covenants and Restrictions contained in this Master Declaration or with design and construction criteria adopted by Declarant or the Master Association or the DRC; (b) failure to include information in such plans and specifications as may have been reasonably requested; (c) incompatibility of design or appearance of any proposed structure or building with any existing or contemplated structures or buildings upon the same or other nearby property; (d) objection to the location of any proposed structures or buildings upon any portion of the Property with reference to any other area in the vicinity; (e) objection to the grading plan; (f) objection to the landscape plan; (g) objection to the color scheme, finish, proportions, style or architecture, height, bulk or appropriateness of any proposed building or structure; (h) objection based solely on aesthetic reasons; or (i) any other matter, in the reasonable judgment of the DRC, that will render the proposed building or structure or use inharmonious with the general plan of the improvement for the Property, or with the building, structures or uses located upon other parts of the Property or in the vicinity of the proposed building, structure or use.

In any case where the DRC shall disapprove any plans and specifications submitted hereunder or shall approve the same only as modified or under specified conditions, such disapproval or qualified approval shall be accompanied by a written statement of the grounds upon which such action was based. In any such case, the DRC shall, if requested, make reasonable efforts to assist and advise the applicant to enable the applicant to provide an acceptable proposal for submission for approval.

Section 8.4 - Right of Appeal

If the DRC shall disapprove any plans and specifications submitted hereunder, there shall be a right to appeal such

decision to the Master Board. Such appeal must be submitted to the Master Board by the applicant, in writing, within _____ (_____) days after receipt of notice of the decision from the DRC. No later than _____ (_____) days after receipt of notice of appeal, the Master Board shall examine the plans and specifications submitted, as well as the grounds upon which the DRC disapproves such plans and specifications. The affirmative vote of at least two-thirds (2/3) of the members of the Master Board shall be required to reverse or modify a decision of the DRC.

Section 8.5 - Variances

The DRC may authorize variances from compliance with any of the provisions of the Design Review Committee Policies and Guidelines when circumstances such as topography, natural obstructions, hardship, aesthetic, or environmental considerations require, but only in accordance with duly adopted rules and regulations. Such variances may only be wanted, however, when unique circumstances dictate and no variance shall (a) be effective unless in writing; (b) be contrary to the restrictions set forth in the body of this Master Declaration; or (c) prevent the DRC from denying a variance in other circumstances. For purposes of this Section, the inability to obtain approval of any governmental agency, or the issuance of any permit, or to comply with the terms of any financing shall not be considered a hardship warranting a variance.

Section 8.6 - Approval Expiration

Applicants must begin construction within _____ (_____) days after final approval by the DRC in accordance with the DRC Policies and Guidelines. Failure to do so will automatically revoke approval without prior notice from the DRC. Time extensions may be requested from the DRC if written requests are received prior to the expiration of the _____ (_____) days after final approval by the DRC. The DRC shall have the right to grant or reject a request for an extension of time in its sole and absolute discretion.

Section 8.7 - Violation of Article

(a) If any building or structure shall be altered, erected, placed or maintained upon any portion of the Property, or any new use is commenced on any portion thereof other than in accordance with plans and specifications approved by the DRC (unless exempt pursuant to the provisions of this Article VIII), such alteration, erection, placement, maintenance or use shall be deemed to have been undertaken in violation of this Article and without the approval required herein. Upon written notice from either the DRC, any Board member or officer of the Master Association or the Declarant, any such building so altered, erected, placed or maintained upon any portion of the Property in violation hereof shall be promptly removed or altered and any such use shall be terminated as to extinguish such violation.

(b) If within _____ (_____) days after written notice of such a violation, reasonable steps have not been taken by the violator toward the alleviation or termination of the same or if such remedial action is not prosecuted with due diligence until satisfactory completion thereof, the Master Association and/or Declarant shall have the right, through agents and employees, to enter upon the land and/or Living Unit and to summarily abate and/or remove any building or structure, or to take such steps as may be necessary to extinguish such use, or to otherwise cure the violation. In addition to the foregoing, the Master Association and/or Declarant shall have the right to file to obtain an injunction from any court having jurisdiction for the cessation of such alteration, erection, maintenance or use which is in violation of this Article. The rights and remedies of the Master Association and Declarant pursuant to the Article shall be non-exclusive and in addition to any other rights or remedies available at law or in equity. Moreover, the failure or neglect to enforce any term, covenant, condition, restriction, right or procedure herein shall in no event and under no circumstances be construed, deemed or held to be a waiver with respect to any subsequent breach or violation thereof. Subject to the provisions of the Master Code entitled "Hearing Procedure," a Person in violation of this Article VIII shall be obligated to the Master Association and/or Declarant for the amount of all costs and expenses, including attorneys' and paralegals' fees, incurred to remedy any such violation. If said amounts are not paid within

_____ (_____) calendar days following said notification, then said amount shall be "delinquent" and shall, upon perfection as provided in Section 10.1, become a continuing lien upon the portion of the Property owned or occupied by such Person(s) and a personal obligation of the Person(s) violating this Article. In addition, the Owner of any portion of the Property shall be liable jointly and severally for any obligations of any Occupant of such Owner's property.

Section 8.8 - Cost of Design Review Committee

The Declarant and the Master Association shall establish an annual budget for the cost and expenses of the DRC which may include, among other things, compensation for its members, support staff and the employment of professional consultants. The budget shall be part of the Common Expenses. The Board and/or the DRC shall have the right to charge fees sufficient to cover the expense for processing applications; reviewing plans, specifications and related data, whether or not the same are approved or disapproved; and compensating any consulting architects, landscape architects, designers, inspectors and/or attorneys retained in accordance with the terms hereof. The Declarant shall be exempt from any such fees.

Section 8.9 - Liability of Members of the Design Review Committee

No Member of the DRC shall be liable to the Association, any Member or any Person for his acts or omissions or failure to act in any particular manner.

ARTICLE IX ASSESSMENTS

Section 9.1 - Definition of Assessments

As used in this Master Declaration, Assessments shall mean all of the costs and expenses incurred by the Master Association in the exercise of its obligations with respect to the Areas of Common Responsibility, including, without limitation:

- (a) All expenditures required to fulfill the responsibilities of the Master Association;
- (b) All amounts incurred in collecting Assessments, including all legal and accounting fees;
- (c) Reserves for uncollectible Assessments, unanticipated expenses, replacements, major repairs and contingencies;
- (d) Annual capital additions and improvements and/or capital acquisitions (but not repairs or replacements) having a total cost in excess of _____ Dollars (\$_____), without in each case the prior approval of the Class "B" Member and the Personal Vote of at least a majority of the Class "A" Members. In case of an emergency requiring prompt action to avoid further loss, the Master Board shall have the discretion to expend whatever is necessary to mitigate such loss;
- (e) Such other costs, charges and expenses which the Master Association determines to be necessary and appropriate within the, meaning and spirit of this Master Declaration;
- (f) The Assessments are separate and distinct from Cluster Assessments or Neighborhood Assessments.

Section 9.2 - Responsibility for Payment of Assessments

The Declarant or the Master Board shall prepare or cause the preparation of an annual operating budget for the Master Association and shall fix the amount of the Assessments. Written notice of the Assessments shall be sent to the Owner

of each Living Unit, each Vacant Sublot Owner and the Owner of each Cluster Block. Payment of Assessments shall be on an annual basis or on another basis established by the Master Board.

(a) The Assessments during the Subsidy Period shall be shared as follows:

(i) Initial Share of Assessments. The Assessments to be paid by the Owner of each Living Unit and Vacant Sublot (including the maximum number of Cluster Lots that may be created within a Cluster Block) shall be in an equal amount. During the Subsidy Period the Assessments per Living Unit and per Vacant Sublot (including the maximum number of Cluster Lots that may be created within a Cluster Block) shall be the following amounts:

Calendar Year	Full Year	Half Year
_____	Assessment Per Living Unit and	Assessment Per Living Unit and
_____	Vacant Lot acquired between	Vacant Lot acquired between Ju-
_____	January 1 and June 30	ly 1 and December 31

If a Living Unit or Vacant Sublot (including a Cluster Block) is acquired from the Declarant between January 1 and June 30 of a year, the purchaser of such Living Unit or Vacant Sublot shall pay through escrow the Full Year Assessment. If such Living Unit or Vacant Sublot is acquired between July 1 and December 31 of a year, the purchaser of such Living Unit or Vacant Sublot shall pay through escrow the Half Year Assessment.

(ii) Share of Owners of Two or more Sublots. If an Owner acquires two (2) or more Sublots and has a Living Unit constructed on one (1) or more of the lots, such Owner shall pay an Assessment for each Sublot as originally platted. Furthermore, the Owner of a Cluster Block shall be required to pay an Assessment for the maximum number of Cluster Sublot that may be created within such Cluster Block as stated on the Plat for such Cluster Block.

(iii) Share of the Declarant. During the Subsidy Period, Declarant shall pay all Common Expenses which are not covered by the annual Assessments payable by Owners of Living Units, Vacant Sublots (including Cluster Blocks) as set forth above. This obligation may be satisfied in the form of a cash subsidy or by "in kind" contributions of services or materials, or a combination of both. The Master Association is specifically authorized to enter into subsidy contracts or contracts for "in kind" contribution of services or materials or a combination of services and materials with Declarant or other entities for the payment of some portion of the Common Expenses during the Subsidy Period.

(b) Rate of Assessments After the Subsidy Period. After the Subsidy Period, the amount of the annual Assessment attributable to the Living Units and the Vacant Sublots (including Cluster Blocks) shall be established as of January 1 of each year and shall be payable by January 10 of each year. If a Living Unit or Vacant Sublot (including a Cluster Block) is acquired from the Declarant between January 1 and June 30 of a year, the purchaser of such Living Unit or Vacant Sublot shall pay through Escrow the Full Year Assessment. If such Living Unit or Vacant Sublot is acquired between July 1 and December 31 of a year, the purchaser of such Living Unit or Vacant Sublot shall pay through escrow the Half Year Assessment.

(c) In addition to the above Assessments, Neighborhood Assessments shall be levied against the Living Units and Vacant Sublots in particular portions of the Property for whose benefit Common Expenses are incurred, if such Neighborhood Assessments benefit less than all Members of the Master Association as a whole. Neighborhood Assessments shall be levied in accordance with the provisions of Subsequent Amendments submitting the Neighborhoods to the same or in accordance with contractual arrangements between a Neighborhood on one hand, and the Master Association on the other hand.

Section 9.3 - Computation of Neighborhood Assessments

It shall be the duty of the Master Board, at least _____ (_____) days before the beginning of each fiscal year, to prepare a separate budget covering the estimated Neighborhood Expenses to be incurred by the Master Association for each Neighborhood on whose behalf Neighborhood Expenses are expected to be incurred during the coming year. The Master Board shall be entitled to set such budget only to the extent that this Master Declaration or the Master Code specifically authorizes the Master Board to assess certain costs as a Neighborhood Assessment. The Neighborhood Association or Committee for each Neighborhood may request that additional services or a higher level of services be provided by the Master Association, and in such case, any additional costs shall be added to such budget. Such budget may include a capital contribution establishing a reserve fund for repair and replacement of capital items within the Neighborhood, as appropriate. Neighborhood Expenses shall be allocated on an equal basis as Assessments among all Living Units and Vacant Sublots within the Neighborhood benefitted thereby and levied as a Neighborhood Assessment. The Master Board shall cause a copy of such budget and notice of the amount of the Neighborhood Assessment to be levied on each Living Unit in the Neighborhood for the coming year to be delivered to each Owner in the Neighborhood at least _____ (_____) days prior to the beginning of the fiscal year. Such budget and assessment shall become effective unless disapproved by a majority of the Owners in the Neighborhood which the Neighborhood Assessment applies; provided, there shall be no obligation to call a meeting for the purpose of considering the budget except on petition signed by at least _____ percent (_____) of the Owners in such Neighborhood. Meeting of Neighborhood Committees, if called, shall be conducted in accordance with Article V, Section III of the Master Code.

In the event the proposed budget for any Neighborhood is disapproved or the Master Board fails for any reason to determine the budget for any year, then and until such time as a budget shall have been determined as provided herein, the budget in effect for the immediately preceding year shall continue for the current year.

Section 9.4 - No Exemption for Non-Use of Facilities; No Refund of Reserves

A Member not otherwise exempt from the Assessments may not exempt himself from liability for Assessments levied against him by waiver of the use of the Common Areas that are owned and/or operated by the Master Association. Furthermore, no Member shall be entitled to any portion of the funds held for reserves; nor shall any Owner have a claim against the Master Association with respect thereto.

Section 9.5 - Creation of Lien and Personal Obligation

Each Owner acquiring a Living Unit or Vacant Sublot (including a Cluster Block) covenants and agrees by acceptance of the deed to such Living Unit or Vacant Sublot (including a Cluster Block) whether or not it shall be so expressed in any such deed or other conveyance, to pay to the Master Association all Assessments levied against such Owner in accordance with this Master Declaration on or before the due date for any such Assessment. In the event that the Assessment is not paid by the _____ (_____) day after which it is due, then such Assessment shall be "delinquent" and the Assessment, together with the Costs of Collection, as hereinafter defined in Section 11.3 hereof shall, upon "Perfection" as provided in Section 10.1, become a continuing lien upon the interest of such Person in his Living Unit or Vacant Sublot (including a Cluster Block), as the case may be, and shall bind such Owner, his heirs, devisees, personal representatives, successors and assigns. A co-Owner of a Living Unit or a Vacant Sublot shall be personally liable, jointly and severally, with all other co-Owners for all Assessments made by the Master Association with respect to said Living Unit or Vacant Sublot.

Section 9.6 - Non-Liability of Foreclosure Sale Purchaser for Past Due Assessments

Where the mortgagee of a first mortgage of record acquires an Ownership Interest as a result of foreclosure of the mortgage or an acceptance of a deed in lieu of foreclosure, such mortgagee, its successors and assigns, shall not be

liable for the Assessments levied against file Owner of such Ownership Interest prior to the acquisition of the Ownership Interest. The Owner or Owners of an Ownership Interest prior to the judicial sale thereof shall be and remain personally liable, jointly and severally, for the Assessments accruing against the judicially sold Ownership Interest prior to the date of the judicial sale as provided in Section 10.3, but any unpaid part of the Assessments shall be assessed and levied against all of the Owners, including the Owner of the Ownership Interest foreclosed, his successors or assigns, at the time of the first Assessment next following the acquisition of title by such mortgagee, its successors and assigns.

Section 9.7 - Liability for Assessments on Voluntary Conveyance

Upon the voluntary conveyance of an Ownership Interest, the grantee of the Ownership Interest shall be jointly and severally liable with the grantor for all unpaid Assessments levied pursuant to this Master Declaration against the grantor of his Ownership Interest prior to the time of the grantor's conveyance, without prejudice to the grantor's right to recover from the grantor the amounts paid by the grantee therefor. However, any such prospective grantee, upon written request delivered to the Master Association, shall be entitled to a statement from the Trustees of the Master Board or an officer of the Master Association setting forth the amount of all unpaid Assessments due the Master Association with respect to the Ownership Interest to be conveyed and such grantee shall not be liable for, nor shall the Ownership Interest conveyed be subject to a lien, for any unpaid Assessments which become due, prior to the date of the making of such request if the same are not set forth in such statement. The statement referred to herein may be included in the Certificate of Compliance with Restrictions referred to in Section 7.25 of this Master Declaration. The Master Association may require the advance payment of a processing fee for the issuance of the Certificate of Compliance. A devise of an Ownership Interest or the distribution of said Ownership Interest pursuant to the Statute of Descent and Distribution shall be deemed to be a voluntary conveyance. An unpaid Assessment shall not be deemed a charge or lien against the Ownership Interest until perfected as such pursuant to Article X.

Section 9.8 - Additional Assessments

After the Subsidy Period, if the Assessments shall for any reason prove to be insufficient to cover the actual expenses incurred by the Master Association, the Master Association shall, at such time as it deems it necessary and proper, levy an additional assessment (the "Additional Assessment") against the Living Unit Owners and the Vacant Sublot Owners. Each such Owner shall pay a share of each such Additional Assessment determined in accordance with Section 9.2 hereof as if the Additional Assessment were part of the original Assessment.

Section 9.9 - Exempt Property

Except as provided in Sections 6.13 and 6.14 hereof the Common Areas and Cluster Green Space shall be exempt from payment of Assessments, Additional Assessments, Cluster Area Assessments and Neighborhood Assessments.

Section 9.10 - Township's Right to Collect Assessments

The Township shall have the right to proceed against (a) the Master Association for reimbursement of costs expended by the Township pursuant to Section 6.13 hereof; and (b) a Cluster Association for reimbursement of costs expended by the Township pursuant to Section 6.14 hereof; in which event the Master Association or Cluster Association, as the case may be, shall collect Assessments from their respective members to reimburse the Township for such costs. If the Master Association and/or Cluster Association(s) fail to so collect Assessments from their respective members and remit such Assessments to the Township, the Township shall have the right to proceed against the Master Association and/or Cluster Association(s) to collect said Assessments. In addition, the Township shall have the rights accorded said associations to collect the costs expended by the Township pursuant to Sections 6.13 and 6.14 hereof directly against the members of said associations, including the right to file liens against the Living Units and Vacant Sublots (including Cluster Blocks) of such members.

ARTICLE X

LIENS

Section 10.1 - Perfection of Lien

If any Owner or a Builder shall fail to pay as Assessment, Additional Assessment, Cluster Area Assessment or Neighborhood Assessment levied in accordance with this Master Declaration (such Owner hereinafter referred to as the "Delinquent Owner") when due and such Assessment, Additional Assessment, Cluster Area Assessment or Neighborhood Assessment is delinquent, or if an Owner or a Builder shall violate any rule or breach any restriction, covenant or provision contained in this Master Declaration or in the Master Code, the Master Board may authorize the perfection of a lien on the Ownership Interest of the delinquent and/or violating Owner or Builder by filing for record with the Recorder of _____ [county] County, a Certificate of Lien. The Certificate of Lien shall be in recordable form and shall include the following:

- (a) The name of the delinquent Owner or Builder.
- (b) A description of the Ownership Interest of the delinquent Owner or Builder.
- (c) The entire amount claimed for the delinquency and/or violation, including interest thereon and Costs of Collection (defined in Section 11.2 and Section 11.3).
- (d) A statement referring to the provisions of this Master Declaration authorizing the Certificate of Lien.

Section 10.2 - Duration of Lien

Said lien shall remain valid for a period of _____ (_____) years from the date of filing of said Certificate of Lien, unless sooner released or satisfied in the same manner provided by law for the release or satisfaction of mortgages on real property, or discharged by the final judgment order of a court in action to discharge such lien. A lien may be renewed by the subsequent filing of a Certificate of Lien prior to the expiration of the _____ (_____) year period referred to above.

Section 10.3 - Priority

A lien perfected under this Article X shall take priority over any lien or encumbrance subsequently arising or created, except liens for real estate taxes and assessments and liens of bona fide mortgagees which have been heretofore filed for record. A lien perfected pursuant to this Article may be foreclosed in the same manner as a mortgage on real property in an action brought by the Master Association after authorization from the Master Board. In any such foreclosure action, the affected Owner shall be required to pay reasonable rental for such Ownership Interest during the pendency of such action and the plaintiff in such action shall be entitled to the appointment of a receiver to collect the same. Any funds received at the judicial sale of the delinquent Owner or Builder's Ownership Interest in excess of mortgage liens, court costs and the taxes and assessment liens shall be paid over to the Master Association to the extent of its lien.

Section 10.4 - Dispute as to Assessment

The Declarant or any Owner or Builder who believes that an Assessment, Cluster Area Assessment or Neighborhood Assessment levied by the Master Association against him for which a Certificate of Lien has been filed by the Master Association has been improperly determined, may bring an action under the Arbitration Provisions contained in Section 15.9 of this Master Declaration for the discharge of all or any portion of such lien; but the lien shall continue until the actual amount of the lien so determined is paid in full or otherwise be fully discharged.

Section 10.5 - No Waiver Implied

The creation of a lien upon an Ownership Interest owned by a delinquent Owner shall not waive, preclude or prejudice the Master Association for pursuing any and all other remedies granted to it elsewhere in this Master Declaration, whether at law or in equity.

Section 10.6 - Personal Obligations

The obligations created pursuant to this Article X shall be and remain the personal obligations of the delinquent Owner until fully paid, discharged or abated and shall be binding on the heirs, personal representatives, successors and assigns of such delinquent Owner.

ARTICLE XI REMEDIES OF THE ASSOCIATION

Section 11.1 - Denial of Voting Rights

If any Owner fails to pay an Assessment, Additional Assessment, Cluster Area Assessment or a Neighborhood Assessment when due, such Owner and the Occupants of any and all Living Units of such Owner or the Owner or Builder of a Vacant Sublot shall not be entitled to vote on Master Association matters until said Assessment, Additional Assessment, Cluster Area Assessment or Neighborhood Assessment is paid in full.

Section 11.2 - Specific Remedies

The violation of any Rule, or the breach of any restriction, covenant or provision contained in this Master Declaration or in the Master Code, shall give the Master Association and the Original Declarant the right, in addition to all other rights set forth herein and provided by law, (a) to enter upon the Living Unit or Vacant Sublot or portion thereof upon which, or as to which, such violation or breach exists, and summarily abate and remove, at the expense of the Owner or Builder of the Ownership Interest where the violation or breach exists, any structure, thing, or condition that may exist thereon, which is contrary to the intent and meaning of this Master Declaration, the Master Code, or the Rules, and the Master Association, or its designated agent shall not thereby be deemed guilty in any manner of trespass; (b) to enjoin, abate or remedy by appropriate legal proceedings, either at law or in equity, the continuance of any breach; (c) to commence and prosecute an action for specific performance or an action to recover any damages which may have been sustained by the Master Association or any of its Members as well as an action for punitive damages if warranted; and/or (d) to collect costs of suit and reasonable attorneys' and paralegals' fees incurred in connection with the exercise by the Master Association of any remedies hereunder, the same to be deemed "Costs of Collection" under Section 11.3 hereof.

Section 11.3 - Cost of Collection

If any Owner fails to pay any Assessment, Additional Assessment, Cluster Area Assessment or Neighborhood Assessment when due or upon delinquency in the payment of any sums or cost due under this Master Declaration, the Master Association may pursue any or all of the following remedies, which remedies shall be in addition to any other remedy available in this Master Declaration, or at law or in equity:

(a) Sue and collect from such Owner the amount due and payable, together with interest thereon at the rate of _____ percent (_____%) per annum (but in no event shall said interest rate exceed the highest interest rate chargeable to individuals under applicable law) and Costs of Collection (hereafter defined).

(b) In addition to the amount referred to in (a) above, the Master Association may assess against such Owner, liquidated damages, not to exceed _____ percent (_____%) of the amount of the delinquency or _____ Dollars (\$ _____), whichever amount is greater, said amount to be determined by the Master Board providers, however, in no event shall said amount exceed the highest interest rate chargeable to individuals under applicable law. Said liquidated damages shall be in addition to interest, the expenses of

collection incurred by the Master Association, such as attorneys' fees, paralegals' fees, court costs and filing fees. The actual expenses of collection and the liquidated damages shall hereinafter be referred to as "Cost of Collection."

(c) Foreclose a lien filed in accordance with Article X of this Master Declaration in the same manner as provided by the laws of the State of _____ [state] for the foreclosure of real estate mortgages.

Section 11.4 - Binding Effect

The remedies provided in this Article XI against a Delinquent Owner or Builder may also be pursued against the heirs, executors, administrators, successors and assigns and grantees of such Owner or Builder, except as specifically provided in Section 9.6 of this Master Declaration.

ARTICLE XII NO PARTITION

Except as is permitted in this Master Declaration or in any amendments thereto, there shall be no physical partition of the Common Areas or any part thereof, nor shall any person acquiring any interest in the Property or any part thereof seek any such judicial partition. This Article shall not be construed to prohibit the Master Board from acquiring and disposing of tangible personal property nor from acquiring title to real property which may or may not be subject to this Master Declaration.

ARTICLE XIII CONDEMNATION

Whenever all or any part of the Common Areas shall be taken (or conveyed in lieu of and under threat of condemnation) by any authority having the power of condemnation or eminent domain, the Master Association shall give each Owner notice thereof. The award made for such taking shall be payable to the Master Association as trustee for all Owners to be disbursed as follows:

If the taking involves a portion of the Common Areas on which improvements have been constructed, then, unless within _____ (_____) days after such taking the Declarant (so long as the Declarant is a Class "B" Member), and at least _____ percent (_____%) of the Class "A" Members of the Master Association shall otherwise agree by Personal Vote, the Master Association shall restore or replace such improvements so taken on the remaining land included in the Common Areas to the extent lands are available therefor, in accordance with plans prepared by the Design Review Committee and approved by the Master Board. If such improvements are to be repaired or restored, the provisions in Section 6.5 hereof regarding the disbursement of funds in respect to casualty damage or destruction shall apply. If the taking does not involve any improvements on the Common Areas, or if there is a decision made not to repair or restore, or if there are net funds remaining after any such restoration or replacement is completed, then such award or net funds shall be disbursed to the Master Association and used for such purposes as the Master Board shall determine in its sole and absolute discretion.

ARTICLE XIV MORTGAGEES' RIGHTS

The following provisions are for the benefit of holders, insurers, or guarantors of first mortgages on Living Units and Vacant Sublots. To the extent applicable, necessary, or proper, the provisions of this Article shall apply to both this Master Declaration and to the Master Code. Where indicated, these provisions apply only to Eligible Mortgage Holders; provided, however, that voting percentages set forth herein are subject to and controlled by higher percentage

requirements, if any, set forth elsewhere in this Master Declaration for specific actions.

Section 14.1 - Notices of Action

An Eligible Mortgage Holder who provides written request to the Master Association (such request to state the name and address of such holder, insurer, or guarantor and the address of the Living Unit or Vacant Sublot), will be entitled to timely written notice of:

- (a) any proposed termination of the Master Association;
- (b) any condemnation or casualty loss which affects a material portion of the Property or which affects any Living Unit on which there is a first mortgage held, insured, or guaranteed by an Eligible Mortgage Holder;
- (c) any delinquency in the payment of assessments or other charges owed by an Owner subject to the mortgage of such Eligible Mortgage Holder, insurer, or guarantor, where such delinquency has continued for a period of _____ (_____) days;
- (d) any lapse, cancellation, or material modification of any insurance policy or fidelity bond maintained by the Master Association; or
- (e) any proposed action which would require the consent of Eligible Mortgage Holders, as required in Sections 14.2 and 14.3 of this Article.

Section 14.2 - Other Provisions for First Lien Holders

To the extent possible under _____ [state] law:

- (a) Any restoration or repair of the Property following a partial condemnation or damage due to an insurable hazard shall be substantially in accordance with this Master Declaration and the original plans and specifications unless the approval of the Eligible Holders of first mortgages on Living Units to which at least _____ percent (_____) of the votes of Living Units and Vacant Sublots and the Eligible Mortgage Holders of first mortgages of the Class "A" Members and the Class "B" Member, subject to mortgages held by such Eligible Mortgage Holders, are allocated, is obtained to act otherwise.
- (b) Any election to terminate the Master Association after substantial destruction or a substantial taking in condemnation shall require the approval of the Eligible Mortgage Holders on Living Units and Vacant Sublots of at least _____ percent (_____) of the votes of Living Units and Vacant Sublots, and the Eligible Mortgage Holders of first mortgages of the Class "A" Members and the Class "B" Member, subject to mortgages held by such Eligible Mortgage Holders, are allocated.

Section 14.3 - Amendments to Documents

The following provisions apply to amendments to the constituent documents or termination of the Master Association made as a result of destruction, damage, or condemnation pursuant to Section 14.2(a) and (b) of this Article:

- (a) The consent of at least _____ percent (_____) of the Class "A" Members and of the Class "B" Member and the approval of the Eligible Mortgage Holders on Living Units and Vacant Sublots to which at least _____ percent (_____) of the votes of Living Units and Vacant Sublots subject to a mortgage appertain, shall be required to terminate the Master Association.

(b) The Personal Vote of at least _____ percent (_____%) of the Class "A" Members and the consent of the Class "B" Member and the approval of Eligible Mortgage Holders on Living Units and Vacant Sublots to which at least _____ percent (_____%) of the votes of Living Units and Vacant Sublots subject to a mortgage appertain, shall be required to materially amend any provisions of the Declaration, Master Code, or Articles of Incorporation of the Master Association, or to add any material provisions thereto, which establish, provide for, govern, or regulate any of the following:

(i) voting;

(ii) Assessments, Additional Assessments, Cluster Area Assessments, Neighborhood Assessments, assessment liens, or subordination of such liens;

(iii) reserves for maintenance, repair, and replacement of the Common Area;

(iv) insurance for fidelity bonds;

(v) rights to use of the Common Areas; (vi) leasing of Living Units;

(vi) imposition of any right of first refusal or similar restriction of the right of any Owner to sell, transfer, or otherwise convey his or her Living Unit (this provision is subject and subordinate to any provision in documents creating a Cluster Area or Neighborhood or in an agreement for the sale by the Declarant of Vacant Sublots.);

(vii) establishment of self-management by the Master Association where professional management has been required by an Eligible Mortgage Holder, or

(viii) any provisions included in this Master Declaration, Master Code, or Articles of Incorporation which are for the express benefit of Eligible Mortgage Holders on Living Units and Vacant Sublots.

Section 14.4 - Special Federal National Mortgage Association Provisions

So long as required by the Federal National Mortgage Association, the following provisions shall apply to this Master Declaration:

(a) Amendments of a material nature must be agreed to by Owners who represent at least _____ percent (_____%) of the total allocated votes in the Master Association and by Eligible Mortgage Holders who represent at least _____ percent (_____%) of the votes of unit estates that are subject to mortgages held by Eligible Mortgage Holders. A change to any of the provisions governing the following would be considered as material: (i) voting rights; (ii) increases in assessments that raise the previously assessed amount by more than _____ percent (_____%), assessment liens, or the priority of assessment liens; (iii) reduction in reserves for maintenance, repair, and replacement of common elements; (iv) responsibility for maintenance and repairs; (v) reallocation of interests in the general or limited common elements or rights to their use; (vi) redefinition of any Living Unit boundaries; (vii) convertibility of Living Units into common elements or vice versa; (viii) expansion or contraction of the project, or the addition, annexation, or withdrawal of property to or from the project; (ix) hazard or fidelity insurance requirements; (x) imposition of any restrictions on the leasing of units; (xi) imposition of any restrictions on a unit owner's right to sell or transfer his or her unit; (xii) a decision by the Master Association of a project that consists of fifty (50) or more Living Units to establish self-management if professional management had been required previously by the project documents or by an Eligible Mortgage Holder; (xiii) restoration or repair of the project (after damage or partial condemnation) in a manner other than that specified in the documents; or (xiv) any provisions that expressly benefit mortgage holders, insurers, or guarantors.

(b) Any action to terminate the legal status of the project after substantial destruction or condemnation occurs must be agreed to by Owners who represent at least _____ percent (_____) of the total allocated votes in the Master Association and by Eligible Mortgage Holders who represent at least _____ percent (_____) of the votes of the unit estates that are subject to mortgages held by Eligible Mortgage Holders.

(c) Termination of the legal status of the project for reasons other than substantial destruction or condemnation of the property must be agreed to by the Eligible Mortgage Holders that represent at least _____ percent (_____) of the votes of the mortgaged Living Units. However, implied approval may be assumed when an Eligible Mortgage Holder fails to submit a response to any written proposal for an amendment within _____ (_____) days after it receives proper notice of the proposal, provided the notice was delivered by certified or registered mail, with a "return receipt" requested.

(d) The provisions of this Section shall not be construed to reduce the percentage vote that must be obtained from mortgagees or Owners or a larger percentage vote as otherwise required for any of the actions contained in this Article.

Section 14.5 - Special Federal Home Loan Mortgage Corporation Provisions

So long as required by the Federal Home Loan Mortgage Corporation, the following provisions shall apply to this Master Declaration:

(a) Unless _____ (_____) of the first mortgagees or Owners give their consent, the Master Association shall not (i) by act or omission seek to abandon, partition, subdivide, encumber, sell or transfer any portion of the Property owned by the Master Association (the granting of easements for public utilities or for public purposes or the dedication to public use of utilities or roads consistent with the intended use of the property shall not be deemed a transfer); (ii) change the method of determining the obligations, Assessments, dues or other charges which may be levied against an Owner, (iii) change the method of allocating hazard insurance proceeds or condemnation awards; (iv) fail to maintain fire and extended coverage insurance as required by the Master Declaration; or (v) use hazard insurance proceeds for any Common Area losses for other than repair, replacement or reconstruction of such properties.

(b) The provisions of this Section shall not be construed to reduce the percentage vote that must be obtained from mortgagees or owners or a larger percentage vote as otherwise required for any of the actions contained in this Article.

(c) First mortgagees may, jointly or singularly, pay taxes or other charges which are in default or which may or have become a charge against the Common Area and may pay overdue premiums of casualty insurance policies or secure new casualty insurance coverage upon the lapse of a policy, for the Common Areas and first mortgagees making such payments shall be entitled to immediate reimbursement from the Master Association.

ARTICLE XV GENERAL PROVISIONS

Section 15.1 - Covenants Run with the Property; Binding Effect

All of the Easements, Covenants and Restrictions which are imposed upon, granted and/or reserved in this Master Declaration constitute Easements, Covenants and Restrictions running with the Property and are binding upon every subsequent transferee of all or any portion thereof, including, without limitation, grantees, Tenants, Owners and Occupants.

Each grantee accepting a deed or Tenant accepting a lease (whether oral or written) which conveys any interest in any portion of the Property that is submitted to all or any portion of this Master Declaration, whether or not the same incorporates or refers to this Master Declaration, covenants for himself, his heirs, personal representatives, successors and assigns to observe, perform and be bound by all provisions of this Master Declaration and to incorporate said Master Declaration by reference in any deed, lease or other agreement of all or any portion of his interest in any real property subject hereto.

Section 15.2 - Duration

Unless sooner terminated as hereinafter provided, the Covenants, Conditions and Restrictions of this Master Declaration shall continue for a term of _____ (_____) years from the date this Master Declaration is recorded, after which time, said covenants and restrictions shall automatically be extended for successive periods of _____ (_____) years each unless terminated by an instrument sided by: (i) Members (individually and not Voting Members) entitled to exercise not less than _____ percent (_____%) of the Class "A" Members; (ii) the Class "B" Member, and (iii) the Township.

Section 15.3 - Notices

Any notices required to be given to any Person under the provisions of this Master Declaration shall be deemed to have been given when personally delivered to such Person's Living Unit or mailed, postage prepaid, to the last known address of such Person or principal place of business if a corporation, provided, however, that a notice of "delinquency" of any payment due hereunder shall be made by personal delivery to such Living Unit or principal place of business if a corporation, or by certified or registered mail, return receipt requested, or by telegram. The effective date of such a notice shall be the date said notice is personally delivered, or postmarked, or the date the telegraph company receives the message, as the case may be.

Notices to the Declarant shall be deemed given only when received and must be either hand delivered or mailed by certified or registered mail, postage prepaid, to Declarant, _____[address], with a copy to _____[address].

Any notices to the Township pursuant to Sections 6.13 or 6.14 hereof shall be deemed given only when received and must be either hand delivered or mailed by certified or registered mail, postage prepaid, to the Township at _____[address], with a copy to _____[address].

Section 15.4 - Enforcement--Waiver

Enforcement of the Easements, Covenants and Restrictions may be by any proceeding at law or in equity against any Person or Persons violating or attempting to violate any Easement, Covenant or Restriction, either to restrain violation or to recover damages and against the Person or Ownership Interest, or to enforce any lien perfected pursuant to this Master Declaration. The failure by the Master Association or any one permitted by this Master Declaration to enforce any Easement, Covenant or Restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 15.5 - Construction of the Provisions of this Master Declaration

The Declarant, the Master Association or the Design Review Committee, where specifically authorized herein to act, shall have the right to construe and interpret the provisions of this Master Declaration and in the absence of an adjudication by arbitrator(s) or a court of competent jurisdiction to the contrary, its construction or interpretation shall be final and binding as to all Persons or property which benefit or which are bound by the provisions hereof. Any conflict between any construction or interpretation of the Declarant, the Master Association or the Design Review Committee and that of any Person or entity entitled to enforce the provisions hereof shall be resolved in favor of the

construction or interpretation by the Declarant, the Master Association or the Design Review Committee, as the case may be.

The Master Association and the Design Review Committee to the extent specifically provided herein may adopt and promulgate Rules regarding the administration, interpretation and enforcement of the provisions of this Master Declaration. In so adopting Rules and in making any finding, determination, ruling or order, or in carrying out any directive contained herein relating to the issuance of permits, authorizations, approvals, rules or regulations, the Master Association and the Design Review Committee, as the case may be, shall take into consideration the best interests of the Declarant(s), Owners, Tenants and Occupants to the end that Golf Meadow shall be preserved and maintained as a high quality, residential golf club community.

Section 15.6 - Reservations by Original Declarant--Exempt Property

(a) Original Declarant reserves the right and easement for itself and owners of nearby lands to whom Original Declarant, in Original Declarant's sole discretion, may grant the same right and easement to tie into, use, repair, maintain and replace without charge any and all common lines, pipes, utilities, conduits, ducts, wires, cables, private roads and rights-of-way in, on, or over the Property (as the Property may be expanded by a Subsequent Amendment) or any part thereof that will not materially interfere with the use or operation of a building or structure or other improvement thereon or the Golf Course Property in connection with the development and/or operation of the Property. Any damage to buildings, improvements and real estate (including landscaping, if any) caused thereby shall be promptly repaired and restored to its prior condition by the party to whom such right and easement had been wanted.

(b) Original Declarant hereby reserves the right to enter into any easements or covenants for the installation, maintenance, service or operation of any and all common lines, pipes, utilities, conduits, ducts, wires, cables, private roads and rights-of-way in, on, or over the Property (as the Property may be expanded), or any part thereof that will not materially interfere with the use or operation of a building, structure or other improvement thereon or the Golf Course Property. Any damage caused thereby shall be promptly repaired and the land shall be restored to its prior condition.

(c) Original Declarant reserves the right to enter into covenants and easements with any utility or public authority which Original Declarant believes, in its sole discretion, to be in the best interests of the development of the Property (as the Property may be expanded).

(d) Original Declarant reserves the right to perform or cause to be performed such work as is incident to the completion of the development and improvement of the Property (as the Property may be expanded by a Subsequent Amendment), owned or controlled by the Original Declarant, notwithstanding any covenant, easement, restriction or provision of this Master Declaration or its exhibits, which may be to the contrary.

(e) Original Declarant reserves the right to impose, reserve or enter into additional covenants, easements and restrictions with grantees of Living Units and Vacant Sublots as long as such additional easements, covenants and restrictions are not in conflict with the rights, duties and obligations of Owners as set forth in this Master Declaration.

(f) Each reservation, right and easement specified or permitted pursuant to this Article shall include the right of ingress and egress for the full utilization and enjoyment of the rights reserved and/or granted herein. The word "common" as used in this paragraph shall mean any and all lines, pipes, utilities, conduits, ducts, wires, cables, private roads and rights-of-way intended for the use of or used by more than one Owner. Any easements or rights referred to in this Article, whether granted by Original Declarant prior to the filing of this Master Declaration or subsequent thereto, shall at all times have priority over the provisions of this Master Declaration and any lien created under this Master Declaration.

(g) So long as Declarant has an Ownership Interest in the Property, no Person (including a Builder) shall record any

declaration of covenants, conditions and restrictions, or declaration of condominium or similar instrument affecting any portion of the Property (including a Cluster Area) without Declarant's review and written consent thereto, and any attempted recordation without compliance herewith shall result in such declaration of covenants, conditions and restrictions, or declaration of condominium or similar instrument being void and of no force and effect unless subsequently approved by recorded consent signed by the Declarant.

(h) So long as Declarant continues to have rights under this Subsection, all sales, promotional, and advertising materials, and all forms for deeds, contracts for sale and other closing documents for the subdivision and sale of Vacant Sublots by any Builder, or the sale or lease of a Living Unit by any Builder, shall be subject to the written approval of Declarant, which approval shall not be unreasonably withheld. Declarant shall deliver notice to any Builder of Declarant's approval or disapproval of all such materials and documents within _____ (_____) days of receipt of such materials and documents and, if disapproved, the specific reasons therefore or changes required to obtain such approval. If Declarant fails to so notify any Builder within such, _____ (_____) day period, Declarant shall be deemed to have waived any objections to such materials and documents and to have approved the foregoing. Upon disapproval, the foregoing procedure shall be repeated until approval is obtained or deemed to be obtained or the request to use such materials or documents is withdrawn or abandoned.

Section 15.7 - Assignability by Original Declarant

The Original Declarant, and its successors, shall have the right, from time to time, to assign all or any part of its rights as a Declarant under this Master Declaration (but not the rights expressly conferred upon the Original Declarant), provided that the deed or other writing selected by Original Declarant, in Original Declarant's sole discretion, shall expressly state that the rights of a Declarant shall be assigned. Any such assignment may provide that said assignee shall have the rights of a Declarant (other than those rights reserved by the Original Declarant in any such assignment) set forth in this Master Declaration with respect to the Living Units and/or real property owned by such designee.

Section 15.8 - Severability

Invalidation of any one of the easements, covenants, restrictions or provisions contained herein shall in no way affect any other provision which shall remain in full force and effect.

Section 15.9 - Arbitration

Unless otherwise provided in this Master Declaration, any controversy, dispute or claim arising out of or relating to this Master Declaration or the breach thereof shall be settled by arbitration in _____[city], _____[state] in accordance with the Commercial Rules of the American Arbitration Association and the judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction hereof.

Section 15.10 - Litigation

No judicial or administrative proceeding shall be commenced or prosecuted by the Master Association unless approved by the Personal Vote of _____ percent (_____%) of the Class "A" Members or by a vote of _____ percent (_____%) of the Voting Members. In the case of such a vote, and notwithstanding anything contained in this Master Declaration or the Master Articles of Incorporation or Master Code of the Master Association to the contrary, a Voting Member shall not vote in favor of bringing or prosecuting any such proceeding unless authorized to do so by a vote of _____ percent (_____%) of all Members of the Cluster Area or Neighborhood represented by the Voting Member. This Section shall not apply, however, to (a) actions brought by the Master Association to enforce the provisions of this Master Declaration (including, without limitation, the foreclosure of liens); (b) the imposition and collection of assessments as provided in Articles IX and X hereof; (c) proceedings involving challenges to real estate taxation; or (d)

counterclaims brought by the Master Association in proceedings instituted against it. This Section shall not be amended unless such amendment is made by the Declarant or approved by the percentage votes, and pursuant to the same procedures, necessary to institute proceeding as provided above.

Section 15.11 - Validity of Mortgage

No violation of any Easement, Covenant or Restriction of this Master Declaration shall defeat or render invalid the lien of any mortgage made in good faith and for value upon any portion of the Property; provided, however, that any mortgagee in actual possession, or any purchaser at any mortgagees' foreclosure sale shall be bound by and subject to this Master Declaration as fully as any other Owner of any portion of the Property.

Section 15.12 - Amendment of Master Declaration

Except as expressly provided to the contrary in this Master Declaration, this Master Declaration may be amended as follows:

(a) For so long as the Declarant or a successor designated by the Declarant is the Owner of a fee simple interest in the Property, the Original Declarant shall be entitled from time to time to amend or modify any of the provisions of this Master Declaration or to waive any of the provisions, either generally or with respect to particular real property, if in its judgment, the development or lack of development of the Property requires such modification or waiver, or if in its judgment the purposes of the general plan of development of the Living Units and Vacant Sublots will be better served by such modification or waiver; provided no such amendment, modification or waiver shall materially and adversely affect the value of existing Living Units or Vacant Sublots or shall prevent a Living Unit or Vacant Sublot from being used by the Owner in the same manner that said Living Unit or Vacant Sublot was used prior to the adoption of said amendment, modification or waiver; and provided, further, that no such amendment, modification or waiver shall be made of Sections 6.13 and 6.14 and other sections of this Master Declaration granting rights to the Township without the prior written consent of the Township first obtained. To modify the Master Declaration in accordance with this paragraph, Original Declaration shall file a supplement to this Declaration setting forth the Amendment, which supplement need not be but shall, at Original Declarant's request, be executed by the Master Association and all Owners of real property within the Property. Each such Owner, by accepting a deed to his Living Unit or other real property, hereby appoints Original Declarant his attorney-in-fact, coupled with an interest, to execute on his behalf any such amendments. Each amendment shall be effective when signed by the Original Declarant and filed for record with the Recorder of _____[county] County.

(b) This Master Declaration may also be amended by Original Declarant or a successor designated by Declarant or the Master Association at any time and from time to time for the purpose of: (1) complying with requirements of the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Department of Housing and Urban Development, the Federal Housing Association, the Veteran's Administration, or any other governmental agency or any other public, quasi-public entity, or private insurance company which performs (or may in the future perform) functions similar to those currently performed by such entities; or (2) inducing any of such agencies or entities to make, purchase, sell, insure, or guarantee first mortgages; or (3) correcting clerical or typographical or obvious factual errors in this Master Declaration or any Exhibit hereto or any supplement or amendment hereto; or (4) complying with the underwriting requirements of insurance companies providing casualty insurance, liability insurance or other insurance coverages for the Master Association; or (5) bringing any provision hereof into compliance or conformity with, the provisions of any applicable governmental statute, ordinance, resolution, rule or regulation or any judicial determination; or (6) correcting obvious factual errors or inconsistencies between this Master Declaration and other documents governing Golf Meadow, the correction of which would not materially impair the interest of any Owner or Eligible Mortgage Holder; or (7) enabling a title insurance company to issue title insurance coverage with respect to the Property or any portion thereof. In furtherance of the foregoing, a power coupled with an interest is hereby reserved and granted to Declarant and/or to the Master Board to

vote in favor of, make, or consent to a Subsequent Amendment on behalf of each Owner as proxy or attorney-in-fact, as the case may be. Each deed, mortgage, trust deed, other evidence of obligation, or other instrument affecting any portion of the Property and the acceptance thereof shall be deemed to be a grant and acknowledgment of, and a consent to the reservation of the power to the Original Declarant to vote in favor of, make and record a Subsequent Amendment To effect said amendment, Original Declarant shall file a supplement to the Declaration setting forth the Subsequent Amendment which shall be sided by Original Declarant and shall be effective upon the filing of the Subsequent Amendment with the _____[county] County Recorder.

(c) Original Declarant shall have the right to amend this Master Declaration at any time and from time to time in accordance with or in implementation of any of the rights wanted to or reserved by Original Declarant in this Master Declaration.

(d) Except as expressly provided in this Master Declaration, and after expiration of the period set forth in (a) of this Article, any provision of this Master Declaration may be amended or repealed following a meeting of the Members held for such purpose, by the affirmative vote of the Class "B" Member and the Personal Vote of at least a majority of the voting power of the Class "A" Members unless a greater percentage of vote is required pursuant to this Master Declaration or in accordance with the statutes of the State of _____[state]; provided, however, that any amendment which would terminate or materially affect the easements set forth in Article III of this Master Declaration shall not be amended (except as expressly provided to the contrary in this Master Declaration) unless all persons whose rights are terminated or materially affected shall affirmatively consent in writing to such amendment; provided further, that any amendment affecting the rights of Declarant in this Master Declaration shall not be effective without the prior written consent of Declarant; and provided further, that any amendment which would terminate or materially affect the rights of the Township under this Master Declaration shall not be effective without the prior written consent of the Township. Written notice shall be given each Member at least _____ (_____) days in advance of the date of the meeting held for the purpose of amending this Master Declaration, which notice shall expressly state the modification to be considered at such meeting. Each amendment shall be effective when signed by the President and one other officer of the Master Association, signed by the Declarant if the amendment affects the rights of the Declarant and filed for record with the _____[county] County Recorder.

(e) Notwithstanding anything in this Master Declaration to the contrary, no amendment to this Master Declaration shall affect or modify in any way any of the provisions of this Master Declaration concerning the use of the Golf Course Property and the use of all roadways necessary to enable members, guests and invitees of the Golf Course Property Owner to have access to and from the Golf Course Property unless such amendment shall receive the prior written consent of the Golf Course Property Owner.

Section 15.13 - Interest Rates

After this Master Declaration shall have been recorded for _____ (_____) years or more, the Board shall have the right to change any interest rates or late payment charge referred to herein by majority vote, but in no event shall said interest rate or late payment charge exceed the highest interest rate chargeable to individuals under applicable law.

Section 15.14 - Headings

The heading of each Article and of each paragraph in this Master Declaration is inserted only as a matter of convenience and for reference and in no way defines, limits or describes the scope or intent of this Master Declaration or in any way affects this Master Declaration.

Section 15.15 - Rule Against Perpetuities

If any of the options, privileges, covenants or rights created by this Master Declaration shall be unlawful or void for violation of (a) the rule against perpetuities or some analogous statutory provision, (b) the rule restricting restraints on alienation, or (c) any other statutory or common law rules imposing time limits, then such provision shall continue only until twenty-one (21) years after the death of the survivor of the now living descendants of

_____[name], President of the United States of America, and _____[name] Vice President of the United States of America.

26-22 Current Legal Forms for Real Estate FORM 22.76

FORM 22.76 Policies and guidelines for design review committee

COMMENT

Many associations establish a design review committee to insure that all new construction and additional improvements are done in a manner which is consistent with the development. The following is an example of guidelines which have been established for a residential community which are intended to govern construction of improvements in the development.

FORM

DESIGN REVIEW COMMITTEE POLICIES AND GUIDELINES
(SINGLE FAMILY SUBLOTS ON DEDICATED STREETS)

GOLF MEADOW, _____ [city], _____ [state]

PURPOSE

In order to assure an attractive, compatible and a aesthetically pleasing community, Golf Meadow has established an on-going committee designated as the Design Review Committee (DRC). The purpose of the DRC is to guide the residential development of single-family sublots on dedicated public streets with a view to maximum compatibility of construction and landscaping with the natural beauty and topography of the land within the Golf Meadow community.

The DRC seeks to assume that overall high grade superior quality construction with emphasis on good design and use of green building alternatives to achieve energy savings and water use efficiencies based on that existing in the region will be provided and that natural materials such as stone, wood or brick will be utilized.

These Policies and Guidelines have been prepared by the DRC for builders and homeowners in their selection of concepts for construction within the Golf Meadow community. These Policies and Guidelines do not include all building, use and other deed restrictions associated with Golf Meadow and, accordingly, builders and homeowners should familiarize themselves with the provisions of the Master Declaration (hereafter defined), Subdivision Declaration (hereafter defined), and Rules and Regulations of the Master Association. The inclusion of any recommendation in these Policies and Guidelines shall not preclude the DRC's right to disapprove any proposed matter for any reason.

AUTHORITY

The authority of the Design Review Committee (DRC) is set forth in Master Declaration of Covenants, Conditions, Easements and Restrictions of Golf Meadow (the "Master Declaration"), which governs the development of every building site. The DRC is responsible for carrying out its duties on behalf of all members of Golf Meadow Master Association, Inc. (the "Master Association") for the benefit of the total community.

MEMBERS

The DRC is composed of up to _____ (_____) natural persons (but not less than _____ (_____) natural persons). The size of the DRC and the persons who shall serve on the DRC shall be designated from time to time by (a) the Declarant (i.e., Golf Meadow Development Limited Partnership) so long as the Declarant is a Class "B" Member of the Master Association and (b) the Board of Trustees of the Master Association thereafter. Members will be selected to create a balance of lay people and professionals with experience in architecture, construction, and landscaping. It is recommended, but not required, that one member of the DRC be an architect. The DRC is authorized to retain the services of consulting architects, landscape architects, engineers, inspectors and attorneys in order to advise and assist the DRC in performing its functions.

MAJORITY VOTE

Each member of the DRC shall have an equal vote and the majority of all members of the DRC shall constitute a decision for approval or denial of a DRC.

MEETINGS

The DRC shall meet as necessary to review Applications for DRC approval received within _____ (_____) days after receipt.

APPROVAL PROCESS

The following outline of steps may be further augmented and detailed by Design Review Procedures to be approved by the DRC from time to time. No construction or site disturbances of any nature whatsoever may take place until required approvals are obtained from the DRC.

Preliminary Design Review

The applicant must submit a letter of application and preliminary schematic plans (three sets), consisting of the following:

1. Site Plan - including Grading and Utility Plan
2. Floor Plans
3. Exterior Elevations (All Sides)
4. Exterior Materials, Colors and Finishes
5. Request for any Variances

The DRC will review the design documents within _____ (_____) days and return one set of plans to the applicant with appropriate comments.

Final Design Review

The applicant must submit the final construction plans (three sets), together with actual material samples, product photographs, and color chips to be utilized, supplemented with the following minimum plans and materials:

1. Site Plan; Topography and Landscape Plan
2. Floor Plans
3. Building Sections
4. Exterior Elevations (All Sides)
5. Window Schedule Listing Manufacturer, Type size and Finish
6. Door Schedule
7. Patio/Decks: Materials and Finish
8. Screen Enclosures
9. Mechanical Equipment: Location and Screening Detail
10. Driveway: Materials and Finish

The DRC will review all design documents, sample materials, color chips and return one set of plans to the applicant within _____ (_____) days with the necessary approval or appropriate comments in the event of conditional approval or disapproval.

Grounds for Disapproval

The DRC shall have the right to disapprove any plans and specifications submitted hereunder because of any of the following: (a) failure of such plans and specifications to comply with any Covenants and Restrictions contained in the Master Declaration or the Subdivision Restrictions (hereafter defined) or with design and construction criteria adopted by Declarant or the Master Association or the DRC; (b) failure to include information in such plans and specifications as may have been reasonably requested; (c) incompatibility of design or appearance of any proposed structure or building with any existing or contemplated structures or buildings upon the same or other nearby property; (d) objection to the location of any proposed structures or buildings upon any Sublot with reference to any other area in the vicinity; (e) objection to the grading plan; (f) objection to the landscape plan; (g) objection to the color scheme, finish, proportions, style or architecture, height, bulk or appropriateness of any proposed building or structure; (h) objection based solely on aesthetic reasons; or (i) any other matter, in the reasonable judgment of the DRC, that will render the proposed building or structure or use inharmonious with the general plan of the improvement for the Sublot, or with the buildings, structures or uses located upon other parts of the Sublot or in the vicinity of the proposed building, structure or use.

In any case where the DRC shall disapprove any plans and specifications submitted hereunder or shall approve the same only as modified or under specified conditions, such disapproval or qualified approval shall be accompanied by a written statement of the grounds upon which such action was based. In any such case, the DRC shall, if requested, make reasonable efforts to assist and advise the applicant to enable the applicant to provide an acceptable proposal for submission for approval.

Right of Appeal

If the DRC shall disapprove any plans and specifications submitted hereunder, there shall be a right to appeal such decision to the Master Board. Such appeal must be submitted to the Master Board by the applicant, in writing, within _____ (____) days after receipt of notice of the decision from the DRC. No later than _____ (____) days after receipt of notice of appeal, the Master Board shall examine the plans and specifications submitted, as well as the grounds upon which the DRC disapproves such plans and specifications. The affirmative vote of at least two-thirds (2/3) of the members of the Master Board shall be required to reverse or modify a decision of the DRC.

Variances

The DRC may authorize variances from compliance with any of the provisions of the Design Review Committee Policies and Guidelines when circumstances such as topography, natural obstructions, hardship, aesthetic, or environmental considerations require, but only in accordance with duly adopted rules and regulations. Such variances may only be granted, however, when unique circumstances dictate and no variance shall (1) be effective unless in writing; (2) be contrary to the restrictions set forth in the body of this Master Declaration; or (3) prevent the DRC from denying a variance in other circumstances. For purposes of this section, the inability to obtain approval of any governmental agency, or the issuance of any permit, or to comply with the terms of any financing shall not be considered a hardship warranting a variance.

Approval Expiration

Applicants must begin construction within _____ (____) days after final approval by the DRC in accordance with the DRC Policies and Guidelines. Failure to do so will automatically revoke approval without prior notice from the DRC. Time extensions may be requested from the DRC if written requests are received prior to the expiration of the _____ (____) days after final approval by the DRC. The DRC shall have the right to

grant or reject a request for an extension of time in its sole and absolute discretion.

Approval of Building Department

The applicant must submit the DRC approved final construction plans to the Medina County Department of Building Inspection and any other agency having jurisdiction for the issuance of required permits and fees.

Design Document Changes

The applicant must notify the DRC prior to making any changes to approved plans. A letter with the applicable supporting data (as required) must be submitted for the file. Any deviations (as determined solely by the DRC) may require DRC approval prior to commencement of work with respect to any changes. The DRC reserves the right to inspect construction in progress for conformity with approved design documents and applicant is expected to fully cooperate with the DRC and Board Members at all times.

Design Documents

In order to provide a systematic and uniform review of the proposed construction, the design document should adhere to the criteria outlined below.

SITE PLAN: SCALE 1" - 20'

Property Lines
Building Setback Lines
"Easements"
Right-Of-Ways
Driveways
Patios/Decks
Walkways
Culverts and Drainage Plan
Dwelling Overhangs (1st/2nd Floor)

KEY DESIGN GUIDELINES

The following list summarizes those design elements which the DRC requires, recommends, and/or encourages:

1. Use of professionals qualified in the fields of planning, architecture landscape design, engineering, and surveying.
2. Compliance with all deed restrictions as found in the Master Declaration and Declaration of Covenants, Conditions and Easements for the Subdivision (the "Subdivision Declaration").
3. Preservation of the natural character of the site.
4. Emphasis on the aesthetics of exterior architectural and landscape design.
5. Minimum square footage shall conform to those set forth in the Master Declaration.
6. Requirements for a minimum 7/12 roof pitch with cedar shakes, cedar shingles, natural slate, tile or asphalt roofing.
7. Requirements for each house to be pre-wired for cable TV.
8. Minimum two-car garage with automatic door openers.
9. Conformance with the standard mailbox design.
10. Overall, high-grade, superior quality construction with emphasis on good design and the use of natural materials such as stone, wood, and brick.
11. Sign control in conformance with the criteria set forth in the DRC.
12. Whenever possible, use of green building alternatives to achieve energy savings and water use efficiencies.

DWELLING SIZE/MINIMUM STANDARDS

All residences to be constructed on Sublots fronting on dedicated public streets shall conform to the following standards:

1. No more than one Dwelling may be erected on any lot.
2. All Dwellings shall be used only for private single-family residential purposes.
3. The Declarant shall prescribe a minimum square footage of habitable space for each Dwelling within

each identified neighborhood of the community. All Dwellings should bear a reasonable relationship to the size and shape of the lot upon which a Dwelling is situated, as well as the anticipated character of the Neighborhood where such Dwelling will be located, and the Declarant reserves the right to establish higher or lower minimum square footages for specific lots in its sole and absolute discretion.

4. Enclosed Garage: _____ (____) car minimum, attached to Dwelling. No garage doors shall face any street, except the DRC shall have the right to waive this restriction with respect to corner lots.

5. Electrical Garage Door Openers: Required

6. Driveways: _____ (____) foot minimum width at entrance to garage. All driveways shall be concrete and shall be installed within _____ (____) months after the owner takes possession of his Dwelling.

7. Each Dwelling will be completed at a finished floor elevation compatible with its surroundings.

8. Each Dwelling shall have a basement equal to a minimum of _____ percent (____%) of the ground floor area of such dwelling.

9. Minimum Square Footage: _____ (____) sq. ft. Ranch; _____ (____) sq. ft. 1 1/2 or 2 story home.

10. Setbacks, except as may be otherwise shown on the Setback Guidelines attached as Exhibit "A" of the Subdivision Declaration for the relevant Subdivision Phase:

A. Front yard. _____ (____) feet to _____ (____) feet as shown on the subdivision plat. For corner lots the DRC has the authority to determine fronting street.

B. Rear yard. See above-referenced Setback Guidelines.

C. Side yard. See above-referenced Setback Guidelines.

EXTERIOR ELEVATIONS

1. Exterior elevations will be reviewed for architectural design/materials and for aesthetic appearance in terms of the overall dwelling and its relationship to other homes.

2. Approval of exterior design will be based on overall design themes and will consider mass and scale; materials, textures, colors and finishes, continuity between primary design elements and secondary surface treatments; placement of windows, doors, and openings; vertical and horizontal lines; roof pitches, and the like.

3. Depending on the architectural style, preferred exterior features and materials include horizontal or vertical wood siding, stone, brick, stucco, high-pitch roofs, brick chimneys, and the like.

4. The DRC may bar any proposed new construction or changes to existing homes on purely aesthetic grounds, where, in its sole judgment, such action is required to maintain the desire for good architecture.

5. Side entry garages required on all homes.

6. Awnings and canopies shall not be permitted or affixed to the exterior of the Dwelling unless approved by the DRC.

EXTERIOR MATERIALS

1. The selection of exterior materials shall be harmonious with the architectural style of each dwelling unit and the community development as a whole. Natural materials are preferred over synthetic materials however synthetic materials are allowed pending DRC approval. _____ percent (____%) of a front elevation, excluding windows and glazing, must be brick, stone or "Dryvit" (see below). Elevations shall include a maximum of two materials: e.g., brick and stone, brick and cedar, stone and vinyl, with the use of brick veneers, a minimum of _____ (____) foot return at front corners must be included. "Dryvit" or other approved stucco-type materials may be used if applied to a minimum of _____ percent (____%) of all elevations.

2. The following exterior materials are not approved for construction: Decorative concrete block; concrete block (except for sub-surface walls); fiberglass, logs (imitation or otherwise except for landscaping purposes); fiberglass garage doors; aluminum mill finish doors and windows; exterior storm sash/doors; and certain types of imitation stone and brick; fiberglass or asphalt shingles used as siding. High quality simulated stone and brick from natural materials will be considered on their own merit by the DRC, but are subject to disapproval. Modular prefabricated homes and home designs will not be permitted while pre-fabricated subassemblies are acknowledged as the industry norm and are an acceptable method of construction. Exposed portions of foundation walls shall be brick or stone.

3. The DRC shall have final approval of all exterior color submittals and each applicant must submit to the DRC as part of final design review, a sample board showing the color and specific material of the roof, exterior walls, shutters, trim and other exterior construction items, most earth-tone colors work well to tie together.

4. The continuity of buildings. The intent is for individual houses to blend into the total Golf Meadow community image. Pastel hues do not work well, stains are preferred to paint. Roof colors should not contrast sharply with the rest of the house.

5. All chimneys must be masonry.

ROOF PITCH/ROOFING MATERIALS

1. Generally, the roof lines should follow the slope of the land, roof should slope a minimum of 7/12 pitch. Flat roofs are not indigenous to the development concept and are not permitted. Roof textures and materials shall be cedar shake or sawn shingles; natural slate; or three dimensional asphalt/fiberglass shingles. Gutters and downspouts are required. Overhangs are encouraged.

2. All roof stacks, flashing, and metal chimney caps shall be painted to match the approved roof color. Roof stacks and plumbing vents shall be placed on rear slopes of roof.

3. Solar roof panels are not permitted unless designed to be mounted flush with roof plane and approved

by the DRC in writing in advance.

DESIGN DUPLICATION

1. Applicants should select building sites and home plans which will not result in the construction of repetitious designs within close proximity of each other. Similar designs or design duplications will not be approved on contiguous lots and must be spaced a minimum four sub lots apart. Designs are subject to disapproval without sufficient variation in exterior colors, materials finishes, trim and detailing.
2. Elevations that are similar in appearance are prohibited on any four adjacent home sites, any three home sites immediately across the street, or any three home sites on a cul-de-sac.
3. The approval of plans for a specific site does not automatically imply approval by the DRC of identical or similar plans for another building site within the development.

GENERAL COMMUNITY STANDARDS

1. Attempts to establish property lines through individual fencing are not approved. Every effort must be made to retain the feeling of open space.
2. No wall, fence, coping or other device installed for the purpose of separating lots (other than natural shrubbery) shall be maintained on any lot, unless approved in writing by the DRC.
3. No wall, fence, coping or boundary planting may be constructed on the boundary line on any lot where it adjoins a natural resource or the golf course.
4. No wall, fence, coping or boundary planting may be constructed or maintained in such a manner as to interfere with the vision of drivers at any intersection of streets or roads.
5. No chain link fences shall be permitted unless required variance is approved in writing in advance by the DRC.
6. All mailboxes shall be of common design and shall include only the surname and house number. Mailboxes shall be located as prescribed by the United States Postal Service. The type, design and color of a mailbox shall be approved by the DRC.
7. All Living Units shall have a standard specific gas exterior light in a prescribed location that assures lighting during hours of darkness. No exterior lighting shall be permitted which in the opinion of the DRC would create a nuisance to the adjoining property owners or would otherwise be incompatible with the overall residential development and landscaping plan for Golf Meadow. No interval lighting shall be installed along driveways since a "runway" effect is to be avoided.

LANDSCAPING

1. All easements and right-of-ways shall be landscaped in accordance with the DRC specifications.
2. All homes must be landscaped prior to obtaining a Certificate of Occupancy issued by the

_____ [county] County Building Department, unless temporary waiver is granted by DRC because of weather. The type of brass seed or sod shall be subject to DRC approval.

3. Trees with a diameter of _____ (_____) inches or more (measured _____ (_____) feet above grade) must be noted on the site plan, tree survey, and landscape plan. Specimens scheduled for removal must be included on plans and tagged with colored ribbons on-site for inspection along with the final stakeout. In no case shall trees with a diameter of 4 inches or more (measured _____ (_____) feet above glade) be removed without the prior approval of the DRC. Nor shall fill be placed within dripline diameter to threaten the life of trees. Fill shall not be deposited at any location without prior DRC approval.
4. All Applicants shall make a diligent effort to protect all remaining trees during construction, to provide staked-off areas to protect root systems from heavy vehicles and equipment, to install tree wells, and to take other precautions in cases where fill is required around trees.
5. Each Applicant shall be responsible for removal of dead or fallen trees or wood or other obstructions from the Lot and the abutting tree lawn and restoration of the surface, including seeding of the tree lawn. Burning of trees, stumps and brush is prohibited. These items must be removed from the lot and disposed of outside the Subdivision.
6. The following represents mandatory landscaping and irrigation requirements prior to submission of the Certificate of Compliance:

Minimum Shrubs: 40 one-gallon or greater, 25 two-gallon or greater, 25 three-gallon or greater or balled or burlaped. Minimum trees: 7 deciduous, ornamental or evergreens as designed to individualize house.

ACCESSORY STRUCTURES/UTILITIES/SERVICE AREAS

1. Accessory structures, such as playhouses, tool sheds, doghouses, or dogruns, shall not be permitted unless the specific written approval of the DRC is obtained.
2. All playground equipment shall be placed to the rear of the residence and only with the prior approval of the DRC.
3. No decorative objects such as sculptures, birdbaths, fountains and the like shall be placed or installed on the building site without the prior approval of the DRC.
4. No tent, trailer, shack, barn or other out-building, nor any form of living quarters of a temporary nature shall be permitted, except as permitted by the DRC and by the Subdivision Declaration.
5. Outside antennas and satellite dishes shall not be permitted.
6. A flagpole for display of the American Flag shall be permitted, subject to DRC approval of the size, placement, color, finish, and design. No flagpole shall be used as an antenna.
7. No clothes lines shall be allowed.
8. All garbage containers, AC compressors, pool pump equipment, etc., shall be located in rear yards or side yards within the setback line and shall be screened or walled from front streets, adjoining properties,

and from the golf course as required by the DRC.

9. Applicant shall be responsible for all utility services from the point of utility company connections underground to the Applicant's home. All utilities shall be underground except temporary electrical service for homes under construction. Meters, transformers, and other utility service equipment/gear shall be shielded by screening, walls or landscaping approved by the DRC.

10. The elevation of the top of any swimming pool construction on any lot may not be over _____ (_____) feet above the natural grade unless integrated into terraced construction upon approval of the DRC. No above-ground swimming pools are permitted. The location of a swimming pool is subject to the approval of the DRC and no swimming pool is permitted on the street side of any Dwelling.

11. Screen enclosures must not be visible from the street in front of the Dwelling unless same is approved by the DRC. All screen enclosure materials and colors must be approved by the DRC. Pool enclosures must be neutral in color.

12. No tennis courts shall be permitted on a Dwelling lot unless approved by the DRC.

CONSTRUCTION SITE REQUIREMENTS

1. All job sites will be kept in a clean and orderly condition. No materials will be stored or placed in the swale or right-of-way areas. Debris shall be collected into a dumpster or wire cage and shall be removed weekly at a minimum. Care shall be exercised on storage of materials (and debris) on golf course frontages.

2. The Applicant shall control silt, erosion or other runoff in accordance with the requirements of the _____ [state] E.P.A. and other governmental authorities having jurisdiction and in accordance with the requirements of the DRC and the Declarant. No drainage ditches, cuts, swales, streams, ponds or lakes; no bounds, knobs, dams or hills; and no other physical improvements or elements of landscape or terrain which control or determine the location or flow of surface water or drainage patterns shall be created, destroyed, altered or modified without the prior written consent of the DRC, whether on private property or common area. Under no circumstances shall silt be permitted to run onto the golf course or into the lake.

3. No signage is permitted at any job site unless required by law or approved by the DRC.

4. Construction hours: 7 a.m. to 7 p.m. Monday through Friday and 8:00 a.m. to 4:30 p.m. Saturday. Hours are subject to change once residents move in.

5. All builders are required to keep on record with the Declarant and the DRC a 24 hour emergency phone number.

6. No alcoholic beverages or illegal drugs are permitted on job site.

7. The playing of loud music that may be annoying to residents or golfers is prohibited.

8. Any agents, subcontractors and employees of builders who violate construction site requirements or any other criteria may be removed and prohibited from entering Golf Meadow by the Declarant and the

DRC.

9. The DRC may require a rough stakeout of the Sublot prior to the commencement of any improvements, alterations or additions. Any and all inspections are at the discretion of the DRC or its duly appointed representatives. Any inspections shall not constitute a trespass.

10. No signs, flags, banners and the like shall be permitted unless approved by the DRC. If so approved, they shall be installed in locations approved by the DRC, and shall be promptly removed at the request of the DRC.

11. The interior and exterior of all homes shall be kept clean and free of debris and all landscaping and other site improvements shall be well manicured at all times. No builder shall use a model home other than for the selling and marketing of homes in Golf Meadow. Refuse shall be placed in containers and regularly and properly disposed of.

VIOLATION OF MASTER DECLARATION, SUBDIVISION DECLARATION OR DRC REQUIREMENTS

1. If any building or structure shall be altered, erected, placed or maintained upon any portion of the Sublot, or any new use is commenced on any portion thereof other than in accordance with plans and specifications approved by the DRC, such alteration, erection, placement, maintenance or use shall be deemed to have been undertaken in violation of the Master Declaration, the Homeowners' Declaration and these Policies and Guidelines above documents and without the approval required therein. Upon written notice from either the DRC, any Board member or officer of the Master Association or the Declarant, any such building so altered, erected, placed or maintained upon any portion of the Sublot in violation thereof shall be promptly removed or altered and any such use shall be terminated as to extinguish such violation.

2. If within _____ (____) days after written notice of such a violation reasonable steps have not been taken by the violator toward the alleviation or termination of the same or if such remedial action is not prosecuted with due diligence until satisfactory completion thereof, the Master Association and/or Declarant shall have the right, through agents and employees, to enter upon the Sublot and/or Living Unit and to summarily abate and/or remove any building or structure, or to take such steps as may be necessary to extinguish such use, or to otherwise cure the violation. In addition to the foregoing, the Master Association and/or Declarant shall have the right to obtain an injunction from any court having jurisdiction for the cessation of such alteration, erection, maintenance or use which is in violation of the foregoing. The rights and remedies of the Master Association and Declarant pursuant to the Article shall be non-exclusive and in addition to any other rights or remedies available at law or in equity. Moreover, the failure or neglect to enforce any term, covenant, condition, restriction, right or procedure herein shall in no event and under no circumstances be construed, deemed or held to be a waiver with respect to any subsequent breach or violation thereof. Subject to the provisions of the Code of Regulations of the Master Association entitled "Hearing Procedure," a person in violation of the DRC Article of the Master Declaration shall be obligated to the Master Association and/or Declarant for the amount of all costs and expenses, including attorneys' and paralegals' fees, incurred to remedy any such violation. If said amounts are not paid within _____ (____) calendar days following said notification, then said amount shall be "delinquent" and shall, upon perfection as provided in the Master Declaration, become a continuing lien upon the portion of the Sublot owned or occupied by such person(s) and a personal obligation of the violating person(s). In addition, the Owner of the Sublot shall be liable jointly and severally for any obligations of any occupant of such Owner's Sublot.

COST OF DRC

The Declarant and the Master Association shall establish an annual budget for the cost and expenses of the DRC which may include, among other things, compensation for its members, support staff and the employment of professional consultants. The Master Board and/or the DRC shall have the right to charge fees sufficient to cover the expense for processing applications; reviewing plans, specifications and related data, whether or not the same are approved or disapproved, and compensating any consulting architects, landscape architects, designers, inspectors and/or attorneys retained in accordance with the terms hereof. The Declarant shall be exempt from any such fees.

LIABILITY OF MEMBERS OF DRC

No member of the DRC shall be liable to the Association, any Owner or any other person for his acts or omissions or failure to act in any particular manner.

Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.77

FORM 22.77 Statement of reservations and restrictive covenants--single family residential development

COMMENT

This form is a simple declaration of reservations and restrictive covenants applicable to residential property. The declaration is recorded, and subsequently incorporated by reference in each separate deed. Each purchaser has the right to enforce violations of the covenants by any other owner.

For additional forms relating to homeowners' associations and residential development, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

Reservations and Restrictive Covenants South Beach Shores

_____[*name*], a(n) _____ [*state*] _____ [*entity*], referred to in this instrument as the Subdivider.

The Restrictions and Covenants in this instrument are to run with the land described on Exhibit A and shall be binding upon all parties and all persons owning lots in the development commonly known as South Beach Shores (the "Development") or claiming under them until _____ [*month*] _____ [*day*], _____ [*year*].

If the owners of any Development lots, or their heirs or assigns, shall violate any of the covenants in this instrument, it shall be lawful for any other person owning real property situate in the subdivision to prosecute any proceedings at law

or in equity against the person or persons violating any of the covenants, and either to prevent him from so doing or to recover damages for the violation, or both.

Invalidation of any of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

1. *Residence "AA" district.* Applicable to all of Blocks 1, 3, 4 and Blocks 9 through 36 inclusive; Lots 2 through 28 inclusive and Lots 38 through 43 inclusive of Block 2; Lots 17 through 23 inclusive of Block 7 and Lots 29 through 42 inclusive of Block 7.

(a) No lot or lots embraced in the Residence "AA" District shall be used for other than single-family residence purpose. There shall not exist on any lot at any time more than one residence. No trailer, tent, shack, barn, temporary building, outbuildings, or guest house shall be erected on any of the lots in the subdivision without approval in writing from the Committee. No garage shall be constructed except as an integral part of the residence it is intended to serve.

(b) No one story buildings shall be constructed on lots with a fully enclosed first floor area of less than _____ (_____) square feet, exclusive of carport, garage, and open porches. No one story buildings shall be constructed on lots bordering on the Golf Course with a fully enclosed first floor area of less than _____ (_____) square feet, exclusive of carports, garage, and open porches. No two-story or higher buildings shall be constructed with a fully enclosed first floor area of less than _____ (_____) square feet. No one and one-half story building shall be constructed with a fully enclosed first floor area of less than _____ (_____) square feet.

2. *Residence "A" district.* Applicable to Lot 1 and Lots 29 through 37 inclusive and Lots 44 through 50 inclusive of Block 2; all of Blocks 5, 6, 8; Lots 1 through 16 inclusive in Block 7, Lots 24 through 28 inclusive in Block 7 and Lot 43 in Block 7. The restrictions in this district shall be exactly the same as single family dwellings except that duplexes, for no more than two families each, may be built on lots in this district.

3. *Setback lines.* No building or any part thereof, including garages and porches, shall be erected on any lot closer than _____ (_____) feet to the front street line, or closer than _____ (_____) feet to either side lot line, or closer than _____ (_____) feet to the rear lot line. However, in the case of corner lots the set back from the side street line shall not be less than _____ (_____) feet). When one and one-half, two, or more lots are acquired as a single building site, the side lot lines shall refer only to the lot lines bordering the adjoining property owners. The Committee shall have the right to permit reasonable modifications of the setback requirements where in the discretion of the Committee strict enforcement of these setback provisions would work a hardship.

4. *Approval of plans.* For the purpose of further insuring the development of the lands so platted as an area of high standards, the Subdivider reserves the power to control the buildings, structures, and other improvements placed on each lot, as well as to make such exceptions to these Reservations and Restrictions as the Subdivider or the Committee, shall deem necessary, appropriate, or proper.

Whether or not specifically stated in any conveyance of a lot made by the Subdivider, the owner or occupant of each and every lot, by acceptance of title or by taking possession, covenants and agrees that no building, wall, or other structure shall be placed upon the lot unless and until the plans and specifications therefor and plot plan have been approved in writing by the Committee. Each building, wall, or structure shall be placed on the premises only in accordance with the approved plans and specifications and the approved plot plan. Refusal to approve plans and specifications by the Committee may be based on any ground, including purely aesthetic grounds which, in the sole and uncontrolled discretion of the Committee shall seem sufficient. No alteration in the exterior appearance of the buildings or structures shall be made without like approval. If no Committee exists or if the Committee shall fail to approve or

disapprove the plans and specifications within _____ (_____) days after written request, then approval shall not be required; provided that no building or other structure shall be erected which violates any of the Covenants contained in this instrument.

5. *Committee.* The Subdivider shall appoint one or more persons to the Committee and a Successor Committee or Committees shall also be appointed by the Subdivider. After _____ [month] _____ [day], _____ [year], all privileges, powers, rights, and authority shall be exercised by and vested in a Committee to be selected by the owners of a majority of the lots in the subdivision.

6. *Commercial vehicles.* No trucks, except pick-up trucks or similar size vans or recreational vehicles, and no commercial type vehicles shall be stored or parked on any Residence "AA" or Residence "A" lot, unless parked in a closed garage, nor parked on any residential street in the subdivision, unless engaged in transporting to or from a residence in the subdivision.

7. *Filling in and removing.* No lot or parcel shall be increased in size by filling in the water it abuts. The elevation of a lot shall not be changed so as to materially affect the surface elevation or grade of the surrounding lots. No rock, gravel, or clay shall be excavated or removed from any property for commercial purposes.

8. *Nuisances.* No horses, cattle, swine, goats, poultry, fowl or other farm animals shall be kept on any lot. No clotheslines or drying yards shall be permitted unless concealed by hedges, lattice work, or screening acceptable to the Committee. No signs or other advertising, except standard real estate "for sale" signs, shall be displayed on any lot unless the size, form, and number of same are first approved in writing by the Committee. No weeds, underbrush, or other unsightly growths shall be permitted to grow or remain upon the premises, and no refuse pile, unused motor vehicles, or unsightly objects shall be allowed to be placed or to remain anywhere on the premises. In the event that any owner of any property in the subdivision shall fail or refuse to keep the premises free from weeds, underbrush, refuse piles, unused motor vehicles, or other unsightly growths or objects, then the subdivider or the Committee may enter upon the lands and remove the same at the expense of the owner and such entry shall not be deemed a trespass. In the event of such a removal a lien shall arise and be created in favor of the Subdivider or the Committee and against the owner's lot for the full amount chargeable to the lot and that amount shall be due and payable within _____ (_____) days after the owner is billed for it.

9. *Walls.* No boundary wall shall be constructed with a height of more than _____ (_____) feet and no boundary line hedge or shrubbery shall be permitted with a height of more than _____ (_____) feet. No wall of any height shall be constructed on any lot until after the height, type, design, and approximate location are approved in writing by the Committee. The heights or elevations of any wall shall be measured from the existing elevations of the property at or along the applicable points or lines. Any question as to heights may be completely determined by the Committee.

10. *Taxes and government limitations.* Any conveyance of property is made subject to taxes and other assessments if any levied or assessed against the property in the year in which it is conveyed and subject to all restrictions and limitations imposed by governmental authority.

11. *Subdivision of lots.* None of the lots shall at any time be divided into as many as two building sites and no building site shall be less in area than the area of the smallest lot platted in the block of which the building site is a part. A single lot together with contiguous portion or portions of one or more lots in the same block may be used for one building site, and no building or structure or any part thereof shall be erected or maintained nearer the side boundary lines of such integral unit than _____ (_____) feet.

12. *Sewers.* In the event governmental authority should require the installation of sanitary sewers and appurtenances in part or in all of the subdivision, the purchasers or owners of the lots in the subdivision shall pay their proportionate

share of the cost and expense of installing the sewer system. This proportionate share will be computed by the total number of lots served by the sewer system or section of the sewer system and dividing the total number of lots served into the total cost of the system. All buildings must be connected to the sewer system, if any are connected, as soon as constructed and thereafter further use of septic tanks or other sanitary disposal systems shall be prohibited. Owners of lots shall pay a monthly minimum and monthly charge for the use of the sewage system.

13. *Remedies for violations--invalidations.* For a violation or a breach of any of these Reservations and Restrictions by any person claiming by, through, or under the Subdivider, or by virtue of any judicial proceedings, the Subdivider, and the lot owners, or any of them severally, shall have the right to proceed at law or in equity to compel a compliance with the terms hereof or to prevent the violation or breach of any of them. In addition to the foregoing right, the Subdivider shall have the right, whenever there shall have been built on any lot any structure which is in violation of these restrictions, to enter upon the property where the violation of these Reservations and Restrictions exists and summarily abate or remove the same at the expense of the owner, and any such entry and abatement or removal shall not be deemed a trespass. The failure promptly to enforce any of the Reservations and Restrictions shall not bar their enforcement. The invalidation of any one or more of the Reservations and Restrictions by any Court of competent jurisdiction in no wise shall affect any of the other Reservations and Restrictions, but they shall remain in full force and effect.

Should the owner fail, neglect, or refuse to satisfy and discharge any lien arising hereunder within _____ (_____) days, the Subdivider, its successors and assigns, shall have the right to interest on the liens at the rate of _____ percent (_____%) per annum and shall be entitled to receive all costs of collection, including a reasonable attorney's fee.

14. *Utility easements and lines.* Reserved for the purpose of installing and maintaining municipal and public utility facilities, and for such other purposes incidental to the development of the property, are the easements shown upon the plat of the Development, as recorded in the Public Records of _____[county] County, _____[state]. All claims for damages, if any, arising out of the construction, maintenance, and repair of utilities or on account of temporary or other inconvenience caused thereby against the Subdivider, or any utility company or municipality, or any of its agents or servants are waived by the owners. The Subdivider further reserves the right to change, lay out a new, or discontinue any street, avenue, or way shown on the plan of development not necessary for ingress or egress to and from an owner's premises, subject to the approval of the County of _____[county], if approval is required.

15. *Temporary wells.* Temporary wells are permissible for lawn and outside use. However, it is understood that as soon as the water mains are installed property owners are required to connect at their own expense to the mains for water for household use and thereafter shall not use well water for household purposes. The Owners of lots shall pay a monthly minimum and monthly charges for water used.

16. *Exteriors and roofs.* All structures shall be painted with two coats of paint unless constructed of ornamental masonry or brick. No roofs shall be constructed unless they are tiled or poured Bermuda type.

IN WITNESS WHEREOF, _____[name] has caused these presents to be signed in its name by its President, and its corporate seal affixed, attested by its Secretary, the _____ day of _____[month] _____[day], _____[year].

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.78

FORM 22.78 Statement of reservations and restrictive covenants--residential subdivision--limiting style of home

COMMENT

In the subdivision depicted in this form, the developer desires that only a certain style of home be constructed. Accordingly, in the statement of reservations and restrictive covenants below, the developer states that the only permitted style of home design is Spanish. The developer has also specified that the proposed exterior design of any home must receive the developer's written approval prior to commencement of construction. The developer has also provided that there will be no appeal from its decision on the issue of style.

The developer intends to have very expensive houses constructed within this subdivision, some of which may include separate quarters for domestic employees. Consequently, some of the lots to be sold exceed five square acres. Only those lots may include stables for horses and kennels for dogs.

The developer also wishes to maintain a quiet and staid atmosphere throughout the development. Consequently, the statement of reservations and restrictive covenants provides that children may not play in the front yards or driveways of homes, or on the streets and sidewalks of the development. In addition, all motorized vehicles, other than passenger cars, must be kept out of sight.

For additional forms relating to homeowners' associations and residential development, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

DECLARATION OF RESTRICTIONS

by _____ [developer's name]

WHEREAS, _____ [name], is the owner and developer of a certain tract of land known as _____ [name of development, e.g., Spanish Fork], more particularly described in Schedule A, which is annexed hereto and made a part hereof; and

WHEREAS, the said _____ [name], is expecting to sell residential lots within said tract to individual homeowners and desires to subject the land and purchasers thereof to certain restrictions, conditions and covenants for the purpose of maintaining the value and atmosphere desired for the subdivision,

NOW, THEREFORE, _____ [name], hereby declares that all lots shown on the tract of land described in Schedule A are held and shall be conveyed subject to the following restrictions, conditions and covenants:

1. *Use of lots in development.* All lots in the residential subdivision known as _____ [name of development, e.g., Spanish Fork] shall be used solely for residential purposes. No business activities of any kind or nature shall be carried on in any of the homes constructed therein.

2. *Style of homes.* All homes shall be constructed with a _____ [name of acceptable style of exterior design, e.g., Spanish] motif exterior. [Discuss any specific architectural features that must be included, e.g.: Roofs shall be constructed of clay tile or of a similar-appearing material. Exteriors shall be stucco or brick.] All exterior plans must be approved, in writing, by _____ [name], prior to the commencement of construction. The determination of this issue by _____ [name], shall be made in its sole discretion and shall not be subject to review.

3. *Patio decks.* Homes may possess outdoor patio decks. Such decks must not be visible from the street, however.

4. *Lot may contain only house and garage.* Each lot may contain only one single-family residence and a detached garage. The garage may contain a two-bedroom apartment for domestic employees on the second level. The garage exterior shall match that of the residence.

5. *Number of stories.* Homes may not exceed _____ (_____) levels. Each level must contain between _____ (_____) square feet of living space.

6. *Water and sewer services.* All homes must be connected to public water and sewer systems. However, each home may install a maximum of _____ (_____) point-type wells for lawn and garden maintenance.

7. *Stables.* Stables shall be permitted only on lots exceeding _____ (_____) acres in size. Only horses may be housed in such stables. Cattle, swine, chickens and other livestock are prohibited on lots in _____ [name of development, e.g., Spanish Fork].

8. *Dog kennels.* Dog kennels shall be permitted only on lots exceeding _____ (_____) acres in size. Kennels shall not be visible from the street. Dogs shall not be allowed to disturb neighbors. Kennels shall be fully fenced-in. The kennels shall be constructed to match the exterior of the main house.

9. *Manufacture and sale of alcoholic beverages.* Manufacture and sale of alcoholic beverages is prohibited in _____ (name of development, e.g., Spanish Fork). Consumption of alcoholic beverages must not be visible from the street.

10. *Prohibited vehicles.* Use of "all terrain" motorized recreational vehicles (whether of two, three, four or more wheel design) is forbidden; use of trail bikes, dirt bikes, motorcycles and other motorized off-road vehicles is forbidden; use of snow mobiles or other motorized snow or ice recreational vehicles is prohibited.

11. *No noxious or offensive activity permitted.* No noxious or offensive activity shall be carried on upon any lot or lots, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

12. *Tents, etc.* Tents, shacks, trailers or other motorized vehicles shall not be used as a dwelling, either temporarily or permanently. No motorcycle, truck, trailer or boat shall be stored on any lot unless it is garaged.

13. *Portable air conditioners, satellite dishes, and antennae.* Portable air conditioners, satellite dishes, and television, radio, citizens' band (C.B.) and short wave antennae are not to be visible from the street or from any lot within the development.

14. *Means of advertising.* No signs, billboards or advertising media shall be erected or maintained on any lot.

15. *Refuse.* Trash, lawn cuttings, branches and other refuse shall not be burned or buried on any lot. Refuse shall be removed no less often than _____ (_____) per week. Refuse shall be stored in locked sheds between collections.

16. *Clothes lines.* Outdoor clothes lines are prohibited, except in fenced-in areas which cannot be viewed from the street or adjoining lots.

17. *Mowing of grass.* Grass on all lawns shall be allowed to grow to a height of no more than _____ (_____) inches in height. Lawns shall be fertilized as needed and treated for pests and weeds at least _____ (_____) annually. Shrubbery shall be trimmed no less often than _____ (_____) annually.

18. *Activities of children.* Children may not play in the front yards or driveways of homes, or on the streets and sidewalks of the development.

19. *Survival clause.* Invalidation of any one of these covenants, conditions and restrictions, whether by judgment or court order, shall not affect any of the remaining provisions, which shall remain in full force and effect.

20. *Duration of restrictions, conditions and covenants.* All restrictions, conditions and covenants herein shall run with the land and continue as such for _____ (_____) years from the date hereof. They shall be extended from that time for successive periods of _____ (_____) years, unless the owners of _____ percent (_____) of the lots shown on Schedule A shall agree to alter, modify or eliminate any or all of these restrictions.

21. *Binding effect.* The provisions herein contained shall bind, inure to the benefit of, and be enforceable at law and in equity by _____ [name], its successors and assigns, or by the grantee of any lot described in Schedule A. Failure by _____ [name], its successors, assigns or any grantee to enforce any of the restrictions, conditions and covenants herein contained shall in no event be deemed a waiver of the right to do so thereafter, and shall not subject _____ [name], to any liability for failure to enforce.

FORM 22.79 Statement of reservations and restrictive covenants--club style residential development

COMMENT

This declaration sets forth special provisions unique to a club style project which may include a golf course, a country club, and a homeowners' association. The homeowners' association will exercise control over common areas and over prospective purchasers. Plans for the construction of roads and driveways and all building plans whether in the nature of new construction or remodeling or alteration require the approval in writing of the developer.

For additional forms relating to homeowners' associations and residential development, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

Declaration and Establishment of Conditions, Reservations, and Restrictions
for Cactus County Club Estates

_____[name], a[n] _____[state] _____[entity], as Trustee, being
the owner of the following described premises, situate within the County of _____[county], State of
_____[state]:

(Insert legal description)

has established a general plan for the improvement and development of the premises, and declares the covenants, conditions, reservations, and restrictions upon which and subject to which all lots and portions of lots shall be improved,

sold and conveyed by it as owner. Each and every one of these covenants, conditions, reservations, and restrictions is for the benefit of each owner of land in the subdivision, or any mortgage or other interest therein, and shall inure to and pass with each and every parcel of the subdivision, and shall bind the respective successors in interest of the present owner. These covenants, conditions, reservations, and restrictions are each imposed upon the lots, all of which are to be construed as restrictive covenants running with the title to the lots and with each and every parcel:

1. *Residential use.* The lots, and each and every one of them, are for single-family residential purposes only. No building or structure intended for or adapted to business purposes, and no apartment house, double house, lodging house, rooming house, hospital, sanatorium or professional office, or other multiple-family dwelling shall be erected, placed, permitted, or maintained on any lot, or on any part of any lot. No improvement or structure whatever, other than a first class private dwelling house, patio walls, swimming pool, and customary outbuildings, garage, carport, servants' quarters, or guest house may be erected, placed, or maintained on any lot in the premises.

2. *Preservation of natural environment.* The native growth of the premises shall not be permitted to be destroyed or removed except as approved in writing by the reversionary owner. In the event such growth is removed, except as approved, the reversionary owner may require the replanting or replacement of same, at the cost of the lot owner. Bermuda grass, except that of a variety recognized to be pollen free and approved in writing by the reversionary owner, shall not be grown on any lot.

3. *Tanks, and other storage.* No elevated tanks of any kind shall be erected, placed, or permitted on any part of the premises, provided, that nothing herein shall prevent the reversionary owner, his heirs and assigns, from erecting, placing, or permitting the placing of tanks and other water system apparatus on the premises for the use of the water company serving the premises. Any tanks for use in connection with any residence, including tanks for the storage of fuels, must be buried or walled sufficiently to conceal them from the view from neighboring lots, roads, or streets. All clotheslines, garbage cans, equipment, coolers, wood piles, or storage piles shall be walled in to conceal them from the view of neighboring lots, roads, or streets. Plans for all enclosures of this nature must be approved by the reversionary owner prior to construction.

4. *Setback lines.* No building, structure, fence, hedge, outbuilding, or appurtenance of any nature shall be located closer than _____ (_____) feet from any lot or property line.

5. *Horses and pets.* No horses shall be kept or stabled on any of the lots. This shall not be construed to prevent lot owners from keeping horses in the community stable which is proposed for the subdivision. No more than two pets of the customary household variety (including birds) may be kept on any lot in such premises, except upon the express written permission of the reversionary owner; provided, however, that the provisions hereof shall not be deemed to permit the keeping of domestic fowl or farm animals.

6. *Utility lines, and radio and television antennas.* All electrical service and telephone lines shall be placed underground and no outside electrical lines shall be placed overhead. This restriction may be waived by the reversionary owner. No exposed or exterior radio or television transmission or receiving antennas shall be erected, placed, or maintained on any part of the premises. This restriction also may be waived by the reversionary owner. Any waiver of these restrictions shall not constitute a waiver as to other lots or lines or antennas.

7. *Nuisances.* No lot shall be used in whole or in part for the storage of rubbish of any character whatsoever, nor for the storage of any property or thing that will cause such lot to appear in an unclean or untidy condition or that will be obnoxious to the eye; nor shall any substance, thing, or material be kept upon any lot that will emit foul or obnoxious odors, or that will cause any noise that will or might disturb the peace, quiet, comfort, or serenity of the occupants of surrounding property.

8. *Signs.* No billboards or advertising signs of any character shall be erected, placed, permitted, or maintained on any lot

or improvement except as herein expressly permitted. A name and address sign, the design of which shall be furnished to the lot owner on request by the reversionary owner, shall be permitted. No other sign of any kind or design shall be allowed. The provisions of this paragraph may be waived by the reversionary owner, only when in his discretion the same is necessary to promote the sale of property in the subdivision area. Nothing herein shall be construed to prevent the reversionary owner from erecting, placing, or maintaining sign structures and offices as may be deemed necessary by him for the operation of the subdivision.

9. *Mining.* No derrick or other structure designed for use in boring for oil or natural gas shall be erected, placed, or permitted upon any part of such premises, nor shall any oil, natural gas, petroleum, asphaltum, or hydrocarbon products or minerals of any kind be produced or extracted.

10. *Construction requirements.* Each private dwelling house erected upon any lot shall be constructed of stucco masonry or burnt adobe or clay brick or part redwood and other materials as shall be approved in writing by the reversionary owner, with either a gravel, shake, or mission tile roof, or such other materials as are approved by the reversionary owner. No white or light-colored roofs shall be permitted unless approved by the reversionary owner. No evaporative cooler shall be placed, installed, or maintained on the roof or wall of any building or structure. All coolers shall be concealed.

All construction shall be done in compliance with applicable sustainability ordinances relating to the use of energy efficient systems and water saving systems.

11. *Garage.* No garage or other outbuilding shall be placed, erected, or maintained upon any part of the premises except for use in connection with a residence already constructed or under construction. Nothing herein shall be construed to prevent the incorporation and construction of a garage as a part of a dwelling house.

12. *Occupancy.* No private dwelling house erected upon any lot shall be occupied in any manner while in the course of construction, nor at any time prior to its being fully completed. Nor shall any residence, when completed, be in any manner occupied until made to comply with the approved plans, the requirements herein, and all other covenants, conditions, reservations, and restrictions herein set forth. All construction shall be completed within six months from its start, provided, that the reversionary owner may extend the time when in his opinion conditions warrant an extension. No temporary house, temporary dwelling, temporary garage, temporary outbuilding, trailer home, recreational vehicle, or other temporary structure shall be placed or erected upon any lot unless approved by the reversionary owner. Rental of any guest house is prohibited, the occupancy thereof being limited to either guests or servants.

13. *Approval of plans.* All plans for the construction of private roads and driveways and all building plans for any building, fence, corral, wall, or structure to be erected upon any lot, and their proposed location upon any lot, and any changes after approval, any remodeling, reconstruction, alteration, or addition to any building, road, driveway, or other structure upon any lot in the premises shall require the approval in writing of the reversionary owner. Before beginning the construction of any road, driveway, building, fence, wall coping, or other structure whatsoever, or remodeling, reconstruction, or altering any road, driveway, or structure upon any lot, the person or persons desiring to erect, construct, or modify the same shall submit to the reversionary owner two complete sets of road or driveway plans, showing the locations, course, and width or two complete sets of building plans and specifications for the building, fence, wall coping, or other structure, as is applicable, planned to be erected, constructed, or modified. No structure of any kind, the plans, elevations, and specifications of which have not received the written approval of the reversionary owner, and which does not comply fully with the approved plans and specifications, shall be erected, constructed, placed, or maintained upon any lot. Approval of plans and specifications shall be evidenced by written endorsement on the plans and specifications, a copy of which shall be delivered to the owner of the lot upon which the prospective building, road, driveway, or other structure is planned prior to the beginning of construction. No changes or deviations in or from the plans and specifications as approved shall be made without the prior written consent of the reversionary owner. The reversionary owner shall not be responsible for any structural defects in the plans or specifications or in any

building or structure erected according to the plans and specifications. The reversionary owner may waive the set back provisions contained in paragraph four.

14. *Letter and delivery boxes.* The reversionary owner shall determine the location, color, size, design, lettering, and all other particulars of all mail or paper delivery boxes, and standards and brackets and name signs for the boxes in order that the area be strictly uniform in appearance with respect to these items.

15. *Drainage.* Drainageways shall conform to the requirements of all lawful public authorities, including the County Engineer of _____ County, State of _____, to the full extent of the authority given him by law.

16. *Commercial vehicles.* No commercial vehicles, construction, or like equipment or mobile or stationary trailers of any kind shall be permitted on any lot of the subdivision unless first approved by the reversionary owner and kept in a garage completely enclosed.

17. *Division of lots.* No lot shall be resubdivided except as approved by the reversionary owner.

18. *Golf course.* Easements to permit the doing of every act necessary and proper to the maintenance and playing of golf on the golf course adjacent to the lots which are subject to these restrictions are granted and established. These acts shall include, but not be limited to, the recovery of golf balls from the lots, the flight of golf balls over and upon the lots, the use of necessary and usual equipment upon the golf course, the usual and common noise level created by the playing of the game of golf, together with all the other common and usual activity associated with the game of golf and with all the normal and usual activities associated with the operation of a country club. The reversionary owner shall have the right to prescribe in writing to the governing body charged with operating the golf course and country club the manner and extent to which the rights under this easement shall be exercised. In addition the reversionary owner may, in his sole discretion, limit or withdraw or prohibit certain of the acts authorized by this easement, and he may limit the manner or place of doing all or certain of the acts authorized by this easement.

19. *Homeowners' association.* For the purpose of maintaining roads, traffic control, general planting within roadway areas, and all common community services of every kind and nature required or desired within the subdivision for the general use and benefit of all lot owners, each and every lot owner, in accepting a deed or contract for any lot in the premises, agrees to and shall be a member of and be subject to the obligations and duly enacted Bylaws and rules of the Cactus Country Club Estates Improvement Association, a nonprofit corporation.

20. *Approval of purchaser.* No lot shall be sold or resold unless the name of the prospective purchaser has been submitted in writing to the membership committee of the Cactus Country Club Estates Improvement Association and such prospective purchaser has been approved for membership by the membership committee. This provision shall not defeat or render invalid the lien of any mortgage or other encumbrance made in good faith for value as to any lot or lots or portions of lots in the premises.

21. *Reversionary owner.* The reversionary owner is _____, his personal representatives and assigns. The reversionary owner shall have the right to grant and convey all his rights to enforce these covenants, conditions, reservations, and restrictions to the _____ Improvement Association, at such time as in the sole judgment of the reversionary owner the Improvement Association is ready to undertake the obligation of enforcing them. Upon the conveyance and grant the Improvement Association shall have and shall succeed to all rights and duties with the same powers as if the Association had been named as reversionary owner.

22. *Term, extensions.* All of the foregoing covenants, conditions, reservations, and restrictions shall continue and remain in full force and effect at all times as against the owner of any lot in the premises, regardless of how he acquired title, until the commencement of the calendar year _____, on which date these covenants, conditions,

reservations, and restrictions shall terminate and end, and thereafter be of no further legal or equitable effect on the premises or any owner. However, these covenants, conditions, reservations, and restrictions shall be automatically extended for a period of _____ (_____) years, and thereafter in successive _____ (_____) year periods, unless on or before the end of one of the extension periods or the initial period the owners of a majority of the lots in the subdivision shall by written instrument duly recorded declare a termination of the same. Although these covenants, conditions, reservations, and restrictions may expire, any and all reversions for breach of these covenants, conditions, reservations, or restrictions committed or suffered prior to expiration shall be absolute.

23. *Reversion, reentry.* A breach of any of the covenants, conditions, reservations, or restrictions established by this instrument shall cause the real property upon which the breach occurs to revert to the reversionary owner, and the reversionary owner shall have the right of immediate reentry upon the real property in the event of a breach. As to each lot owner in the premises these covenants, conditions, reservations, and restrictions shall be covenants running with the land and the breach of any of them or the continuance of any breach may be enjoined or remedied by appropriate proceedings by the reversionary owner or by the owner of another lot in the premises but by no other person.

24. *Expenses.* If the reversionary owner hires counsel to enforce any of the foregoing covenants, conditions, reservations, or restrictions, or to reenter, by reason of a breach, all costs incurred in the enforcement, including a reasonable fee for counsel, shall be paid by the owner of the lot or lots and the reversionary owner shall have a lien upon the lot or lots to secure payment of all such accounts.

25. *Mortgages.* The breach of any of the foregoing covenants, conditions, reservations, or restrictions, or any reentry by reason of a breach, shall not defeat or render invalid the lien of any mortgage or deed of trust made in good faith for value as to any lot or lots or portions of lots in the premises, but these covenants, conditions, reservations, and restrictions shall be binding upon and effective against any mortgagee or trustee or owner, whose title or whose grantor's title is or was acquired by foreclosure, trustee's sale, or otherwise.

26. *Waiver.* No delay or omission on the part of the reversionary owner or the owners of other lots in the premises in exercising any rights, power, or remedy herein provided, in the event of any breach of the covenants, conditions, reservations, or restrictions herein contained, shall be construed as a waiver thereof or acquiescence therein, and no right of action shall accrue nor shall any action be brought or maintained by anyone whatsoever against the reversionary owner for or on account of his failure to bring any action on account of any breach of these covenants, conditions, reservations, or restrictions, or for imposing restrictions herein which may be unenforceable by the reversionary owner.

27. *Severability.* In the event any one or more of the foregoing covenants, conditions, reservations, or restrictions is declared for any reason, by a court of competent jurisdiction, to be null and void, the judgment or decree shall not in any manner whatsoever affect, modify, change, abrogate, or nullify any of the covenants, conditions, reservations, and restrictions not declared to be void or unenforceable, but all of the remaining covenants, conditions, reservations, and restrictions not expressly held to be void or unenforceable shall continue unimpaired and in full force and effect.

28. *Perpetuities rule.* In the event the provisions hereunder are declared void by a court of competent jurisdiction by reason of the period of time herein stated for which the same shall be effective, then in that event the terms shall be reduced to a maximum period of time which shall not violate the rule against perpetuities as set forth in the laws of the State of _____[state].

29. *Dedicated rights.* The premises shall be subject to any and all rights and privileges which the City of _____[city] or the County of _____[county], State of _____[state], may have acquired through dedication or the filing or recording of maps or plats of such premises, as authorized by law, and provided further, that no covenants, conditions, reservations, or restrictions, or acts performed shall be in conflict with any County Zoning Ordinance or Law.

26-22 Current Legal Forms for Real Estate FORM 22.80

FORM 22.80 Statement of restrictions and covenants--ocean-front residential property--assessments--owners' membership corporation

COMMENT

This form illustrates the statement of restrictions and covenants for an ocean-front residential development, and the articles of incorporation and the bylaws for a corporation set up by the owners for general community improvement. In addition to the more usual terms, there are provisions dealing with assessments and problems indigenous to ocean-front property. Assessments are to be levied for a large number of facilities and services, including roads, lighting system, and the cost of municipal services (such as fire and police protection, and garbage collection) until the responsibility for such items is assumed by a public body. The association formed by the homeowners may levy these assessments.

FORMS

(1) Covenants and restrictions

General Covenants and Restrictions

I. Permitted and Prohibited Uses

1.1. *Single family residences.* The premises may be used only for single family residences with the usual outbuildings. One lot, as shown on the plat of Surf Village, shall be the minimum building area upon which a single family residence and the usual outbuildings may be constructed. One or more lots may be utilized as a single building plot.

1.2. *Garages.* Garages, which shall be for the use only of the occupants of the residence to which they are appurtenant, may be attached or detached from the residence and may not have entrances facing the street.

1.3. *Use and dimensions.* The premises shall not be used or occupied by other than a single family and family servants and shall not be used for other than residential use. The ground floor area of the main dwelling shall not be less than _____ (_____) square feet for a one story dwelling and _____ (_____) square feet for two stories, exclusive of garage, covered walks, and open porches. The height of any building shall be not more than two full stories above street level. The main roof of the dwelling shall have a pitch of not less than _____ (_____) to _____ (_____) feet.

1.4. *Construction period.* When the construction of any building is once begun, work must proceed diligently and must be completed within a reasonable time. No building shall be occupied during construction. No construction shall commence between December 15 and April 1. All construction must be substantially completed by December 15 following commencement. If not substantially completed by that date, construction work shall be suspended until April 1.

1.5. *Outbuildings.* No outbuilding, garage, shed, tent, trailer, or temporary building of any kind shall be erected, constructed, permitted, or maintained prior to commencement of the erection of a residence, and no outbuilding, garage, shed, tent, trailer, basement, or temporary building shall be used for permanent or temporary residence purposes; provided, however, that this paragraph shall not be deemed or construed to prevent the use of a temporary construction shed during the period of actual construction of any structure on the property, nor the use of adequate sanitary toilet facilities for workmen which shall be provided during such construction.

1.6. *Nuisance.* No owner of any part of the property will do or permit to be done any act upon his property which may be, is, or may become a nuisance.

1.7. *Signs* No sign of any character shall be displayed or placed upon any part of the property except "For Rent" or "For Sale" signs, referring only to the premises on which displayed and not to exceed _____ (_____) square feet in size and one sign to a property.

1.8. *Pets.* No animals, birds, or fowl shall be kept or maintained on any part of the property, except dogs, cats, and pet birds which may be kept thereon in reasonable numbers as pets for the pleasure and use of the occupants but not for any commercial use or purpose. Birds shall be confined in cages.

1.9. *Clothes lines.* Clothes lines or drying yards shall be so located as not to be visible from the street serving the premises or from the waterfront or golf course.

1.10. *Trash receptacles.* Trash receptacles shall be in complete conformity with sanitary rules and regulations. No trash or garbage incinerators shall be permitted. Trash receptacles are not to be visible from the street, ocean or golf course. All trash is to be removed from the premises no less often than once each week.

1.11. *Trucks, trailers.* No trailers or habitable motor vehicles of any nature shall be kept on or stored on any part of the property except within an enclosed garage. No trucks of any nature shall be parked overnight on any lot except in an enclosed garage. A pleasure boat on its trailer may be parked or stored on that portion of the lot away from the street lying beyond the front building line.

1.12. *Private water supply.* No individual water supply system shall be permitted except solely for irrigation purposes, swimming pools, or for other nondomestic use.

1.13. *Boat docks.* No boathouses shall be permitted. Boat docks, the highest projection of which shall not exceed the elevation of the land adjoining the docks, shall be permitted to be constructed adjoining any waterfront lot. No such

boat docks shall be erected, constructed, maintained, or permitted which will extend beyond _____
(_____) feet from the lot line paralleling and adjoining the waterfront.

1.14. *Boat size.* No boat exceeding in length 50 percent of bulkhead length (property water frontage) of the lot shall be docked at the back of any waterfront lot.

1.15. *Trees and shrubs.* No trees shall be maintained on any golf course or water frontage lots having substantial foliage lower than _____ (_____) feet from the ground within _____
(_____) feet of the golf course or bulkhead, and no walls, fences, hedges, plants or shrubs higher than _____
(_____) feet shall be maintained on golf course or water frontage lots within _____
(_____) feet of the property line or bulkhead.

1.16. *Weeds and refuse.* No weeds, underbrush, or other unsightly growths shall be permitted to grow or remain upon any part of the property and no refuse pile or unsightly objects shall be allowed to be placed or suffered to remain anywhere on the property. All organic yard waste shall be composted in an approved enclosed container. A list of approved containers may be obtained from the Homeowners' Association. Such containers shall be stored so as not to be visible from the street, ocean or golf course.

1.17. *Land elevation.* No substantial changes in the elevations of the land shall be made on the premises.

1.18. *Waterfront obstructions.* No structure except docks, piers, or pilings permitted by paragraph 1.13 shall be constructed nor any fill used to extend the property beyond the lot and bulkhead line on any waterfront property.

1.19. *Sewage disposal.* Until a sewage treatment plant shall be provided, a septic tank and drain field shall be placed on each lot by the property owner in accordance with the requirements of the Public Health Department having jurisdiction over the premises. When and if a sewage treatment plant and collection system for the service of the premises is provided it shall be used as the sole means of sewage disposal for such premises. When and if the sewage treatment plant is provided, the cost of connection to the plant shall be the sole expense of each homeowner.

1.20. *Beach sand dunes.* The elevation of the ridge on ocean front property shall be maintained at not less than _____ (_____) feet above mean sea level as fixed by the U.S. Coast and Geodetic Survey datum. The natural vegetation on the slope of the ridge to the beach level shall not be disturbed. Seawalls may be constructed only on the seawall line shown on the plat of Surf Village. Groins shall not be permitted. No structures shall be permitted east of the seawall line. Pipe lines for swimming pool water intake and drainage must be buried and concealed below the beach level.

II. Setbacks and Building Lines

2.1. *Building defined.* For the purpose of this paragraph, building shall mean the main residence, the garage, and related outbuildings and all projections thereof such as bay, bow, or oriel windows, exterior chimneys, covered porches, porticos, loggias, and the like, but shall not include the eaves of structures, open pergolas, uncovered porches, open terraces, stoops, steps, or balustrades, the sides of which do not extend more than _____
(_____) feet above the level of the ground floor of the main building.

2.2. *Setbacks and building lines.* No building shall be erected nearer than _____
(_____) feet to the street line or bulkhead line of the lake, or _____
(_____) feet to the property line of the golf course, or _____
(_____) feet to the ocean ridge line established on the plats, or _____
(_____) feet to the lot side line.

2.3. *Pools.* Swimming pools shall not be nearer than _____ (_____) feet to any lot line and shall not project with their coping more than _____ (_____) feet above the established grade.

2.4. *Walls, fences, and hedges.* Walls and fences may be erected and hedges grown but shall be no higher than _____ (_____) feet from the street to the building line and _____ (_____) feet from the building line to the rear property line. Walls, fences, or hedges may be erected or grown at any height within the building lines except that none may be erected or grown nearer than _____ (_____) feet from the bulkhead on lake lots, or _____ (_____) feet from the property line along the golf course or easterly from the ridge line on ocean front lots.

III. Streets, Easements, and Rights of Way

3.1. *Easements reserved.* The grantor has not conveyed to any lot owner any of the land in any platted street and reserves all easements for utilities or drainage shown on the recorded plat and full rights of ingress and egress for itself, its agents, employees, and assigns over any part of the property for the purpose of installing and servicing the utilities and drains for which the easements are reserved.

3.2. *Obstructions.* No structures, including walls, fences, paving, or planting, shall be erected upon any part of the property which will interfere with the rights of ingress and egress provided in paragraph 3.1.

IV. Duration of Covenants, Restrictions, Reservations, and Servitudes

4.1. *Term.* The covenants, restrictions, reservations, and servitudes herein set forth shall continue in full force and effect until _____ [date]. The covenants, restrictions, reservations, and servitudes may be extended for successive (_____) year periods by the execution and filing of a document of extension, signed and acknowledged by the owners of _____ percent (_____) of the properties located within Surf Village.

V. Assessment for Maintenance of Roads, Streets, and Other Public Services

5.1. *Annual assessment.* The lot owner, for himself, his heirs, executors, and assigns, covenants and agrees to pay annually his pro rata share of the cost to maintain the roads, streets, and lighting system and the cost of providing other reasonable and necessary public services including but not limited to fire protection, police protection, and garbage collection. The lot owner's assessment in this regard shall be paid promptly when same becomes due.

5.2. *Nonpayment remedies.* In the event of the lot owner's failure to pay the annual assessment promptly when due, the amount of the assessment shall be a lien against the lot owner's premises to which the assessment applies. The assessment lien may be enforced in equity as in the case of any lien foreclosure. The annual assessment shall accrue to the benefit of and may be enforced jointly and severally by the other property owners in the subdivision of Surf Village or an association of property owners in Surf Village subdivision, if one is formed, by the grantor, or by the Building Committee for Surf Village subdivision.

5.3. *Termination of assessments.* At such time as any public body shall undertake to maintain the roads and streets and provide the other public services described in paragraph 5.1, this covenant shall cease, terminate, and be held for naught.

VI. Building Plans Shall be Approved by Building Committee

6.1. *Building plans approval.* All plans for buildings and other improvements shall first be approved by a Building

Committee to be appointed by grantor, its successors, or assigns.

VII. Covenants and Restrictions to Run With Land

7.1. *Binding effect.* All of the covenants, restrictions, reservations, and servitudes set forth in this instrument shall run with the land and grantee, by accepting the deed to the premises, accepts the same subject to the covenants, restrictions, reservations, and servitudes and agrees for himself, his heirs, administrators, and assigns to be bound by each of the covenants, restrictions, reservations, and servitudes jointly, separately, and severally.

VIII. Covenants and Restrictions, Enforceable Severally

8.1. *Severability.* Each and every one of the covenants, restrictions, reservations, and servitudes contained herein shall be considered to be an independent and separate covenant and agreement and in the event any one or more of the covenants, restrictions, reservations, and servitudes shall for any reason be held to be invalid or unenforceable all remaining covenants, restrictions, reservations, and servitudes shall nevertheless remain in full force and virtue.

Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.81

FORM 22.81 Declaration of residential homeowners' association--simple form

COMMENT

In this form the developer of a residential housing project establishes a homeowners' association, which is essentially responsible for the upkeep and operation of common areas within the development.

This form would be used typically by an attorney on behalf of a real estate developer who has built a residential subdivision with many common areas intended for recreational use. These common areas might include parks, a swimming pool, a club house, riding trails, walking and jogging paths, tennis courts and a boat launch. The homeowners' association has the ability to add to the variety of recreational facilities available to tenants and homeowners.

To support the existing facilities, an annual fee is charged to all lot owners, covering the cost of operations, insurance, and maintenance of the common area. The amount is fixed for the first year and may be raised thereafter upon a vote of the lot owners. The lot owners have the ability to impose additional assessments in order to cover the cost of further improvements.

For additional forms relating to homeowners' associations and residential development, see Chapter 20, Real Estate Entities, in Volume 24, *supra* .

FORM

DECLARATION OF HOMEOWNERS' ASSOCIATION

THIS DECLARATION is made on the _____[day] day of _____[month],
 _____[year], by _____[name], hereinafter referred to as "Grantor."

W I T N E S S E T H:

WHEREAS, Grantor is the owner of certain real property in the City of _____[city], County of
 _____[county] and State of _____[state], which is more particularly described in
 Schedule A, which is annexed hereto and made a part hereof;

Grantor hereby declares that all of the properties described in the annexed Schedule A shall be held, sold and conveyed subject to the following easements, restrictions, covenants and conditions, which are intended for the purpose of protecting the value and desirability of the said property. Each of these easements, restrictions, covenants and conditions shall run with the real property. The easements, restrictions, covenants and conditions shall be binding upon all parties having any right, title or interest in the real property described in Schedule A, or any part thereof. These easements, restrictions, covenants and conditions shall bind their heirs, successors and assigns forever. These easements, restrictions, covenants and conditions shall inure to the mutual benefit of each owner hereafter.

ARTICLE I DEFINITIONS

1. "Association" shall mean the _____[name] HOMEOWNERS' ASSOCIATION, INC., its successors and assigns.
2. "Grantee" shall mean the record owner or owners of the fee simple title to any lot which is part of the properties. It shall not include mortgagees until such time as title is transferred by deed. Each lot shall be deemed to have one grantee for voting purposes, regardless of the number of actual owners.
3. "Properties" shall mean all of that certain real property described in Schedule A, which is annexed hereto and made a part hereof, and such additional real property as may hereafter be brought under the jurisdiction of the Association by purchase, gift or devise.
4. "Common Area" shall mean all real property (including the improvements thereon) owned by the Association for the common use and enjoyment of the Grantees. This shall include, but not be limited to, parks, swimming pools, tennis courts, jogging and walking trails, club house, and boat launch.
5. "Lot" shall mean and refer to any plot of land set aside for residential construction, as shown upon the subdivision map which was recorded in the office of the _____[county] County Clerk on
 _____[month] _____[day], _____[year], as Map No.
 _____[number].
6. "Grantor" shall mean the _____[name], its successors and assigns.
7. "Family members" shall include the mother, father, spouse, son, daughter, sister or brother of any Grantee, provided that the person shall have his or her primary residence with the Grantee.
8. "Annual maintenance and insurance expenses" shall mean any expenses incurred by the Association for the care of the common areas. These may include, but shall not be limited to, landscaping, snow removal, general repairs, equipment and supply expenses, overhead and other expenses deemed necessary or appropriate by the Association for

the full use and enjoyment of the common areas. Insurance shall include casualty and liability insurance for the common areas.

ARTICLE II GRANTEE'S RIGHT TO USE COMMON AREA

1. Every Grantee shall have the right to use and enjoy the common area as hereinafter described. Said right of use shall be appurtenant to the Grantee's lot and shall pass with title to every lot, subject only to the following provisions:

(a) the right of the Association to impose annual maintenance and insurance charges to the Grantees; and

(b) the right of the Association to dedicate, sell or transfer all or any part of the common area to the City of _____ [city] for public use by residents of the City. Such a transfer, sale or dedication shall be approved by the Grantees as herein provided.

2. The family members of any Grantee may exercise his/her right to use the common area.

3. A Grantee shall forfeit his/her right of use in the event that he/she fails to make any payment described in Paragraph 1(a) above when due. Rights of use shall be reinstated upon payment in full of any past due amount.

ARTICLE III GRANTEE SHALL BE MEMBER OF HOMEOWNERS' ASSOCIATION

1. Every Grantee of a lot shall be a member of the Association. Membership shall be appurtenant to ownership.

2. Every Grantee shall be entitled to cast one (1) vote upon any matter taken up by the Association. This shall apply regardless of any difference in lot size or value. Any Grantee who owns more than _____ (_____) lot may cast _____ (_____) vote for each such lot.

3. Written notice of any meeting called for the purposes of taking any action authorized under this Declaration shall be sent to all members not less than _____ (_____) days nor more than _____ (_____) days prior to the scheduled date. A quorum shall be necessary for the transaction of business and shall be deemed to exist if _____ percent (_____) of the Grantees are present. No proxy voting shall be permitted. In the event that a quorum does not exist, the only action which may be taken is to adjourn the meeting to another date and direct the secretary to send notice of the new meeting date to all members.

4. To take effect, any matter brought before the Association must be approved by a majority of those Grantees who are present and voting. On any proposition to sell or acquire land, the approval of _____ (_____) of those Grantees who are present and voting shall be required. A quorum must be present at the time any vote is taken. Loss of quorum requires immediate adjournment of the meeting.

ARTICLE IV ASSESSMENTS

1. The Grantees shall establish the annual maintenance and insurance expense in January of each year. This amount shall be divided equally among and assessed against the lots. A notice of assessment shall be sent to each Grantee. Payment terms shall be specified in the notice. At least _____ (_____) days shall be given for payment. Interest shall accrue on assessments at the rate of _____ percent (_____) per annum from the date on which they are due, as set forth in the assessment.

2. The assessment shall be a lien against the lot of the Grantee as of the date on which the Grantees determine the amount of the assessment. The Association shall be entitled to foreclose its lien and shall be entitled to collect reasonable legal fees and expenses in such a foreclosure action. The Association may also personally sue the Grantee for the amount of the assessment, together with legal fees and interest.

3. For the year ____[year], the maximum assessment shall not exceed _____ Dollars (\$_____) per lot.

4. The Association, upon approval of _____ (_____) of the Grantees present and voting at a meeting at which a quorum exists, may establish additional assessments for other purposes. Collection shall be as set forth in Paragraphs 1 and 2 above.

5. Transfer of any lot, by whatever means, shall not extinguish any lien for an unpaid assessment.

ARTICLE V

OFFICERS OF HOMEOWNERS' ASSOCIATION

1. These declarations may be amended by approval of _____ percent (_____) of the Grantees. The secretary of the Association shall cause such an amendment to be signed and acknowledged by all such Grantees. The secretary shall record the amendment in the office of the _____ County Clerk. A copy of Schedule A shall be annexed thereto.

2. The Grantees shall elect a secretary annually. The secretary shall send notice of the meetings and take minutes at said meetings. The secretary shall maintain the records of the Association. The secretary shall be an officer of the Association.

3. The Grantees shall elect a treasurer annually. The treasurer shall send notice of and collect assessments. The treasurer shall also have the authority to pay expenses of the Association. The treasurer shall make a report at each meeting. The treasurer shall be an officer of the Association.

4. The Grantees shall elect an executive director annually. The executive director shall preside at meetings and observe the business of the Association. The executive director shall be an officer of the corporation.

5. No elected officer shall receive a salary. Officers may be reimbursed for out-of-pocket expenses in connection with the duties they perform for the Association.

6. All elected officers shall be Grantees. In the event an officer ceases to be a Grantee, he/she shall immediately forfeit his/her office.

7. Elections shall occur at the meeting in January of each year when the annual maintenance and insurance expense is determined. Each officer shall hold office until a successor is elected. In the event of a vacancy, an interim election shall be held at a special meeting. The newly-elected officer shall complete the term of the officer he/she is replacing.

8. Special meetings shall be called at the request of any Grantee.

ARTICLE VI
MISCELLANEOUS

1. The Association shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed under the provisions of this Declaration. Failure by the Association to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so hereafter.

2. Invalidation of any one of these restrictions, conditions, covenants or reservations by judgment or court order shall in no way affect any other provisions, all of which shall remain in full force and effect.

3. The restrictions, conditions, covenants and reservations of this Declaration shall run and bind the land for a term of _____ (_____) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of _____ (_____) years.

The Grantor hereto has set its hand and seal the day and year first above written.

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.82

FORM 22.82 Statement of restrictions--mixed use subdivision with both residential and commercial property

COMMENT

Generally, the restrictions imposed on residential property differ from those for commercial property. Nevertheless, an owner planning or constructing both types of improvements may file a single document stating the restrictions for all properties in the tract.

This document is divided into three sections. First, it lists the restrictions applicable to all properties. These include items relating to easements, building plans, utility betterment fees, signs, animals, fences, and waterways. In a separate section dealing with residential property, it defines lot sizes, setback lines, and a schedule of the minimum number of square feet in all single-family and multiple dwellings. The final section is devoted to restrictions relating to commercial and mixed commercial areas.

For additional forms relating to homeowners' associations and residential development, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

DECLARATION OF RESTRICTIONS

_____ [name]

To

All Future Owners Of Lots In _____ [city], _____ [county], _____
[state].

Recitals

_____[name], a[n] _____[state] _____[entity], is the owner and developer of certain lands situated in _____[county], _____[state], and known and designated as _____[subdivision], and

_____[name] desires to establish and secure the enforcement of uniform restrictive covenants upon the use and development of lots within the _____[subdivision],

Now, therefore, by this instrument there are created, declared, and established in _____[city], _____[county], _____[state], the following restrictive covenants, easements, reservations, and requirements upon the lands within such subdivision, which restrictive covenants, easements, reservations, and requirements shall run with the land and remain in full force and effect for a period of _____ (_____) years from the date hereof, or until Garden Ridge Subdivision shall become part of an incorporated municipality, or until amended or rescinded upon the written consent of the owners of record of a majority of the lots in the subdivision, whichever event shall first occur.

Restriction A

Uniform General Requirements

1. *Easements.* Easements and rights-of-way are reserved for the creation, construction, and maintenance of utilities, including gas, water, telephone, electricity, sewers, storm drains, public, quasi-public, and private, as well as for any public, private, or quasi-public utility or function necessary or expedient for the public health and welfare. The easements and rights-of-way shall be confined to the rear _____ (_____) feet of every lot and _____ (_____) feet along the side of every building plot, and along every street of the subdivision.

2. *Building plans.* Plans and specifications for all structures must be submitted to _____[name], or its duly authorized agent, or to its successors or assigns, for written approval as to quality of workmanship and materials, harmony of external design, size, and existing structures, and as to location with respect to topography and finish grade elevation prior to the commencement of any construction in the subdivision.

3. *Utility installation fee.* No construction of any kind shall be commenced until the utility installation fee has been paid, or arrangements for payment satisfactory to _____[name] have been made. The utility installation fee has been fixed and established by a Declaration of Trust declared and executed by _____[name] as trustee and properly recorded in the Public Records of _____[county] County, _____[state].

4. *Signs.* No sign of any kind shall be exhibited in any way on or above the property of the subdivision without the written approval of _____[name] or its duly authorized agent, except one professional sign of not more than one square foot, one sign of not more than _____ (_____) square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period, and except for signs in commercial or mixed commercial zones advertising accredited businesses.

5. *Animals.* No husbandry of either animals or fowls shall be conducted or maintained in the subdivision provided, however, that house pets only shall be excluded from this restriction.

6. *Fences.* No fence or hedge shall be erected or maintained on the property of the subdivision which shall unreasonably restrict or block the view from an adjoining lot or which shall materially impair the continuity of the general landscaping plan of the subdivision. For this purpose, a hedge or fence should, if possible, be maintained at no greater height than _____ (_____) feet, and no wall or fence shall be erected or placed within the front setback lines of any lot, unless the wall or fence shall be ornamental and a desirable feature and shall not in any manner impair the general scheme of the subdivision area. The subdivision may, in its discretion, approve minor projections above the restricted heights for architectural features. No wall or fence of any kind whatsoever shall be constructed on any lot until after the height, type, design, and location has been approved in writing by _____ [name], or its duly authorized agent.

7. *Water and sewage.* The laws of the State of _____ [state] and County of _____ [county], as well as the rules and regulations of their administrative agencies, now or in the future in effect with regard to sewage disposal, water supply, and sanitation apply to the subdivision under this instrument. All buildings shall connect with central water and sewer utilities within _____ (_____) days when made available. However, wells may be maintained for outside use, including watering of lawns, swimming pools, etc., subject to approval of duly constituted public health authorities.

8. *Trucks and trailers.* No trailers shall be allowed on any of the lots. No lot shall be used as a junkyard or auto graveyard. No trucks or house trailers of any kind shall be permitted to be parked in the subdivision for a period of more than four hours, unless the same is present in the actual construction or repair of buildings located on the land, and no trucks shall be parked overnight in areas zoned residential.

9. *Waterways.* Boat landings, docks, piers, and mooring posts shall be constructed only in accordance with plans and specifications, approved in writing by _____ [name], or its duly authorized agent. The owners and occupants of land in the subdivision shall have an easement in common for the purposes of navigation on all waterways. No boathouse or boat canal or slip shall be constructed, dug, or excavated into any of the waterfront lots until the plans have been approved by _____ [name], or its duly authorized agent. No vessel or boat shall be anchored off shore in any of the waterways adjacent to the subdivision so as to interfere in any way with navigation.

Restriction B Single and Multiple Dwellings

In addition and supplemental to the Uniform General Restrictions, the following restrictive covenants, easements, reservations, and requirements shall apply to and govern the erection and maintenance of single and multiple dwellings:

1. *Limitation on buildings.* There shall not be erected or maintained on the property of that part of the subdivision which is zoned exclusively for residential purposes any structure of any kind other than a one-family dwelling and suitable accessory building or ground improvements, such as a garage or carport for not more than two cars, except garden house and trellises, on estate-size homesites, to be used by the family and bona fide guest occupants of the dwelling. No garage or accessory building shall be used as living quarters, except for employees, and the garage or accessory building shall not be used or occupied as living quarters prior to the erection of the dwelling. All garages must be built on rear half of lot or attached to the house.

2. *Lot size and setbacks.* No single family dwelling shall be constructed on less than two lots or its equivalent of at least _____ (_____) square feet, and no building shall be located on any lot closer than _____ (_____) feet, or further than _____ (_____) feet to the front lot line (except for pie-shaped lots of less than _____ (_____) feet of street frontage which permit setbacks to a depth of the point where lot becomes _____ (_____) feet wide), _____ (_____) feet to the rear lot line, or

_____ (_____) feet to a side lot line. For the purpose of these covenants open or screened porches, garage, or carports, shall not be subject to side setbacks.

3. *Location and size of building.* The minimum size of all single-family dwellings (exclusive of homesite, carport, breezeways, patios, and porches) shall conform to the following schedule:

Nonwaterfront

Homesite Location	Minimum Size
A Section	_____ (_____) Square Feet
B Section	_____ (_____) ""
C Section	_____ (_____) ""
D Section	_____ (_____) ""
E Section	_____ (_____) ""

Waterfront

Homesite Location	Minimum Size
F Section	_____ (_____) Square Feet
G Section	_____ (_____) ""
H Section	_____ (_____) ""
I Section	_____ (_____) ""
J Section	_____ (_____) ""

4. *Multiple dwellings.* Multiple dwellings shall be erected in accordance with the following minimum schedule:

Minimum Area	Type of Multiple Dwelling
_____ (_____) x _____ (_____)	Duplex
_____ (_____) x _____ (_____)	Three or more apartments provided the building erected conforms with the subdivision's front and side setback restriction of record.
_____ (_____) x _____ (_____)	

Multi-storied multiple dwellings may be erected in areas where complete blocks are zoned for multiple dwellings, but

only a single-story or split-level multiple dwelling may be erected in a block where the remainder of its sites are zoned exclusively residential, except for "Finger" Blocks where the entire fingertip is multiple dwelling.

Restriction C
Commercial and Mixed Commercial

In addition and supplemental to the Uniform General Restrictions, the following restrictive covenants, easements, reservations, and requirements shall apply to and govern the erection and maintenance of commercial and mixed commercial buildings, all of which are limited and restricted to those sections and areas of such subdivision as are zoned for that purpose.

1. *Setbacks.* No front setback shall be required for buildings erected on sites zoned for business, but a _____ (_____) foot rear setback must be maintained to enable delivery trucks to load and unload without blocking traffic in alleyways. However, buildings erected on corner lots may be built to the alley lot line. Those not built to the alley lot line must leave a minimum lot width of _____ (_____) feet to permit erection of another building fronting on the side street. When buildings in such cases are erected fronting on side streets, there shall be left open an easement _____ (_____) feet in width for access to the rear of buildings facing the front street.

2. *Sidewalks, curbing, etc.* As part of the construction of each building erected in a commercial area, there shall be included a sidewalk in front of the buildings of eight-foot minimum width. The sidewalk or such part thereof as shall be required for such purpose may extend into the platted street in front of the building. Likewise, as part of the construction of each building, there shall be constructed concrete curbing and gutters, and storm sewers, plus that portion of the unpaved street fronting on each building lying between the curb and gutter and the street as paved by _____ [name] shall be paved. All of the construction required by this paragraph shall be at the expense of the lot owner and shall be paid for by the lot owner concurrently with the erection of a building or buildings. Lot owners who erect buildings on only a fractional portion of a lot must provide curbs, sidewalks, gutters, and paving for the entire lot.

3. *Commercial restrictions.* The following restrictions shall apply to areas zoned 100 percent commercial:

(a) Buildings shall be limited to stores, offices, business buildings, commercial enterprises, hotels, restaurants, bars, theaters, and light industry.

(b) All structures erected must be of brick, concrete block, or cement masonry construction, or a combination of these, and must include adequate toilet facilities for owners and occupants and their employees. No building shall be used or occupied as living quarters, except bona fide hotels.

(c) All buildings erected by the owner of only one lot must be built flush to both of its side lot lines. All buildings erected by owners of two or more contiguous lots must be built with at least one of its sides flush with an end-lot side line, and if it is not built flush to the side lot lines of both end lots, the minimum width that can be left vacant must be at least _____ (_____) feet to permit the erection of another acceptable building at a later date.

(d) When and where the use of a party wall is not in conflict with the laws and regulations governing fire protection, party walls are permissible by the mutual consent of all parties concerned.

4. *Mixed commercial restrictions.* Restrictions for areas zoned mixed commercial are identical to those covering the areas zoned _____ percent (_____) commercial, except that motels are

permissible, and business enterprises are permitted living quarters on the premises provided the living quarters are located either in the rear or above the street level of the business buildings which in all other respects must conform to the restrictions set up for the _____ percent (_____) commercial zones as to construction, street front appearance, and architecture.

Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.83

FORM 22.83 Sublot Purchase Agreement With Builder

COMMENT

This form is an example of a purchase agreement that would be used by a developer in order to sell lots to a residential home builder. The agreement anticipates that more than one sublot will be purchased. The agreement requires the builder places, in any sale or construction agreement, various provisions which are important to the developer/golf course owner. The agreement also provides for the builder to become a "Featured Builder." Essentially, if the builder agrees to comply with certain restrictions, the developer will include the builder in its promotional campaign and sales efforts.

For additional forms relating to sale and exchange of property, see Chapter 21, Real Estate Sales and Exchanges, in Volume 25, *supra* .

For additional forms relating to homeowners' associations and residential development, see Chapter 20, Real Estate Entities, in Volume 24, *supra* .

FORM

SUBLOT PURCHASE AGREEMENT
(Golf Meadow Subdivision, Phase 1)

THIS AGREEMENT MADE AND ENTERED INTO at _____ [city], _____ [state]
this _____ [day] day of _____ [month], _____ [year], by and
between GOLF MEADOW DEVELOPMENT LIMITED PARTNERSHIP, a(n) _____ [state]

_____ [entity], hereinafter referred to as SELLER, whose address is _____ [address];
 _____ [telephone number], and _____ [name] hereinafter referred to as BUILDER
 whose address is _____ [address]; _____ [telephone number].

WITNESSETH:

1. PREMISES

Seller agrees to sell and Builder agrees to buy for the consideration and on the terms and conditions hereinafter set forth, the following described subplot(s), hereinafter referred to herein as either the SUBLOTS or the PREMISES:

Situated in the _____ [city], _____ [county], _____ [state] and known as being Sublots Nos. _____ in Golf Meadow Subdivision, Phase 1 ("Subdivision") as shown by plat recorded in Volume _____, Page _____ of _____ [county] County Plat Records.

2. PURCHASE PRICE AND EARNEST MONEY

Purchase Price. The Purchase Price (the "Purchase Price") to be paid by Builder for the Sublots is _____ Dollars (\$_____). The Purchase Price for each Sublot is set forth in Schedule "A" attached hereto and made a part hereof. The Purchase Price shall be payable as follows:

- (a) Earnest money deposit ("Earnest Money") equal to \$_____
 _____ percent
 (_____%) of
 the Purchase Price due and payable by Builder to Seller upon the signing of this Agreement
- (b) The Balance of Purchase Price \$_____
 shall be due at Closing (hereafter defined), and shall be in the form of a wire transfer, cashier's or certified check payable to the order of the Title Company (hereafter defined), acting as escrowee, and shall be deposited into the escrow
- Total Purchase Price \$_____

3. WARRANTY DEED

Seller shall furnish a general warranty deed (the "Deed") conveying to Builder indefeasible fee simple title to the Premises, free and clear of all liens and encumbrances whatsoever except Master Declaration of Covenants, Conditions, Easements and Restrictions of Golf Meadow ("Master Declaration"); Code of Regulations ("Master Code") of Golf Meadow Master Association, Inc. ("Master Association"); Declaration of Covenants, Conditions and Restrictions for Golf Meadow Subdivision No. 1 ("CCRs"); Seller's "Right to Repurchase" the Sublot(s) under Section 13 hereof; restrictions, conditions, reservations, limitations and easements of record; zoning ordinances, if any; and real estate taxes and assessments currently a lien, but not yet due and payable.

4. TITLE COMMITMENT AND TITLE POLICY

A title commitment and an owner's fee policy of title insurance ("Title Policy") for the Premises shall be furnished to Builder. Seller and Builder shall each pay one-half (1/2) the cost of the Title Policy.

5. TITLE DEFECTS

If title defects appear of record, other than permitted exceptions as provided in Section 3 of this Agreement, then in such event, Builder shall have _____ (_____) days upon receipt of the title commitment to serve written notice to Seller of Builder's objections to title. Seller shall have sixty _____ (_____) days following receipt of Builder's written notice to remove all properly objectionable title defects other than liens of liquidated amount required to be removed which may be removed by payment of cash at Seller's expense on or before the Closing Date. If Seller fails to remove the title defect(s) within the time allowed, and such defect(s) render(s) title to a Sublot(s) unmarketable, Builder may cancel this Agreement by written notice to Seller within _____ (_____) days following the expiration of said _____ (_____) day period receive a refund of the portion of the Earnest Money attributable to such Sublot and thereupon the parties shall be released from further liability with respect to such Sublot; otherwise Builder shall be deemed to accept title to such Sublot "as is" without reduction of the Purchase Price.

6. MASTER DECLARATION; CCRs; DESIGN REVIEW

(a) Master Declaration, Master Code and CCRs

Builder acknowledges that the Premises are part of a planned residential community known as Golf Meadow, the development, use and enjoyment of which is principally governed by the Master Declaration, the Master Code and CCRs, and that Builder shall automatically become a member of the Master Association and shall be subject to the Master Declaration, Master Code, the CCRs, amendments thereto and rules and regulations adopted thereunder. Reference is hereby made to the Master Declaration, Master Code and CCRs for a statement of the rights and obligations of Builder as an owner of the Premises; for a description of the easements, covenants, conditions and restrictions created by the Master Declaration, Master Code and CCRs; insurance requirements; and for other matters affecting Builders use and enjoyment of the Premises and other property and amenities located within Golf Meadow.

(b) Design Review

Builder agrees to comply with all of the requirements of the Design Review Committee Policies and Guidelines. Prior to Seller conveying any Premises to Builder, the Builder agrees to execute and deliver the Featured Builder Agreement in the form attached hereto as Exhibit C.

(c) Feature Builder Program

Builder agrees to comply with the terms and conditions of "Feature Builder Program" established by Seller for the Subdivision.

(d) Setbacks

Builder acknowledges that Seller may impose setback restrictions on each Sublot that exceeds the minimum setback requirements of the

_____ [city] zoning rules. Builder agrees to comply with the Setback Guidelines as shown on Exhibit A, attached hereto and made a part hereof.

(e) Provisions to be Incorporated by Builder in its New Home Sales/Construction Contract

Builder agrees to incorporate in its standard form New Home Sales/Construction Contract for sales of new homes to be constructed by Builder on the Sublots certain contract provisions to be furnished by Seller to Builder ("New Home Contract Provisions"). A copy of the New Home Contract Provisions is attached hereto and made a part hereof as Exhibit B.

Builder acknowledges receipt of the Master Declaration, Master Code, CCRS, plat of the Subdivision, "Information Book for Golf Meadow" containing copies of the Design Review Committee Policies and Guidelines, the Seller's Feature Builder Program and the New Home Contract Provisions, and other documents governing Builder's acquisition, use and ownership of the Premises, and Builder covenants and agrees to comply with the requirements of the same. Seller reserves the right to amend said documents; provided, however, if Seller amends said documents in a manner which would have a materially adverse effect on Builder, then Builder shall have _____ (_____) days after receipt of notice from Seller of such amendment to give notice to Seller of Builder's election to either (i) approve the amendment; or (ii) terminate this Agreement and receive a refund of the Earnest Money, and thereupon the parties shall be relieved of any further liability hereunder. The failure by Builder to notify Seller under (i) or (ii) above shall be deemed an election by Builder to approve the amendment under (i) above. The covenants and agreements contained in this Section shall survive the closing of this transaction and the recording of the Deed.

7. IMPROVEMENT PLANS AND CONDITION OF PREMISES

(a) Builder acknowledges and represents that Builder has inspected the Premises and has had an opportunity to review the improvement plans and specifications for the Premises. Except as provided in (c) of this Section, Builder agrees to take title to the Premises in "AS IS" condition. Builder's representation hereof shall survive the closing of this transaction and the recording of the Deed. Furthermore, Seller makes no representation or warranty whatsoever as to the soil conditions of the Premises, including, but not by way of limitation, the existence of rock and/or fill and/or other unstable soil conditions. In addition, Builder acknowledges that the building envelope area (i.e., the portion of the Sublot upon which the home will be constructed of approximately 80' X 60'), starting at the front setback line as set forth on Exhibit A, of this Agreement (the "Setback Guidelines") may contain "engineered fill" pursuant to Seller's mass grading plan, a copy of which mass grading plan is available for Builder's review. If the Sublot contains "engineered fill," Seller will furnish Builder soils compactions reports of the "engineered fill" area and a copy of Seller's master grading plan prior to the Closing Date and will permit Builder to make soils tests of the engineered soil areas. Builder shall have a period of

_____ (_____) days after the date of this Agreement to perform soil tests on the Sublots. If the soils tests indicate unstable soils conditions, Builder shall have a period of

_____ (_____) days after the expiration of said

_____ (

_____) day period to elect, by notice to Seller, to terminate this Agreement with respect to the affected Sublot(s), in which event Seller shall refund to Builder the portion of the Earnest Money Deposit attributable to the affected Sublot and this transaction shall Close with respect to any remaining Sublots. The failure by the Builder to give such notice of termination to Seller within said

_____ (

_____) day period shall be an acceptance by Builder of all the Sublots.

(b) Builder acknowledges that the Premises may contain an abandoned gas well capped and plugged in accordance with the requirements of the State of

_____ [state]. The plat of the Subdivision and Exhibit A of this Agreement (the Setback Guidelines) indicate if the Premises contains an abandoned gas well.

(c) Seller agrees that it has not used any portion of the building envelope of the Premises (i.e., the Sublots) as a "burial pit," i.e., a place for burial of tree stumps and other construction debris.

8. PAYMENT TO MASTER ASSOCIATION; PROBATION OF TAXES AND ASSESSMENTS

All real estate taxes and assessments, both general and special, levied on the Premises, shall be prorated as of the Closing Date on the basis of the calendar year using the figures shown on the latest available tax duplicate. If the amount of the tax proration cannot be determined as of the Closing Date, the Escrow Agent (hereafter defined) shall estimate the proration amount (the "Estimated Proration Amount"). If the real estate tax bill for the year of transfer differ from the Estimated Proration Amount, the parties shall adjust the difference outside of escrow. The common charges attributable to each Sublot under the Master Declaration (specifically Section 9.2) and Master Code shall be paid by the Escrow Agent to the Master Association on the Closing Date.

9. ESCROW; CLOSING DATE

(a) Within

_____ (

_____) days after execution of this Agreement, a copy of this Agreement shall be delivered to

_____ [name],

_____ [address],

_____ [telephone number]; which shall be designated as escrow agent ("Escrow Agent"). This Agreement shall thereupon constitute the escrow instructions.

(b) The Escrow Agent shall accept this escrow subject only to its "standard conditions of acceptance of escrow," provided, however, that the provisions of this Agreement shall govern in the event of any conflict therewith.

(c) With the exception of the amount set forth in Section 2(a) of this Agreement, Seller and Builder shall

deposit all funds and documents required in connection with this transaction in escrow on or before

_____ [month]

_____ [day],

_____ [year].

(d) The closing of this transaction (the "Closing") shall take place in escrow when all funds and documents have been deposited in escrow and when all parties are in compliance with all terms and conditions of this Agreement. The "Closing Date" shall be the date on which the parties have deposited into escrow all funds and documents necessary for the Closing, on which date the Escrow Agent shall cause the Deed and other necessary documents to be filed for record. The Builder shall be entitled to possession of the Premises on the Closing Date.

(e) If this sale and purchase is not closed within

_____ (

_____) months after the date of execution of this Agreement, and Builder is not then in default, Seller shall return the Earnest Money, or cause the same to be returned, and this Agreement shall thereupon be null and void and of no further force and effect Seller's liability hereunder at all times shall be limited to the return of the Earnest Money.

10. CLOSING COSTS

(a) The Escrow Agent shall make the required prorations, and charge the expenses of the transactions as follows.

TO SELLER: (1) One-half (1/2) the real property conveyance fee; (2) Prorated real estate taxes and assessments to be credited to Builder; (3) Cost of removing any lien or encumbrance as required by this Agreement; (4) One-half (1/2) of the escrow fee; and (5) One-half (1/2) the cost of the Title Policy.

TO BUILDER: (1) Funds due in accordance with this Agreement; (2) One-half (1/2) the real property conveyance fee; (3) Cost of recording the Deed; (4) One-half (1/2) of the escrow fee; (5) One-half (1/2) the cost of the Title Policy; and (6) The sum payable to the Master Association (c/o Seller) in accordance with Section 8 of this Agreement.

(b) Upon closing of this transaction, the Escrow Agent shall deliver the documents and funds as follows:

TO SELLER: (1) All funds due, less deductions; (2) duplicate copies of the escrow statement; (3) duplicate copies of the

_____ [state] E.P.A. Individual Lot Notice of Intent form sided by Builder; and (4) signed Acknowledgment and Agreement by Builders and Purchasers of Homes in Golf Meadow that No Homes Shall be Occupied Prior to Completion by

_____ [county] County of the Golf Meadow Water Tower.

TO BUILDER: (1) The recorded Deed, (2) All funds on deposit to the credit of Builder, (3) Duplicate

copies of the escrow statement; and (4) the Title Policy.

11. CONSTRUCTION INDEMNITY

Builder shall, at its expense, install or accomplish, and indemnify and hold harmless the Seller against the cost of the following;

(a) Removal of dead or fallen trees or wood or other obstructions from the Premises and the abutting tree lawn and restoration of the surface, including seeding of the tree lawn. Burning of trees, stumps, brush and construction debris is prohibited. These items must be properly removed from the Premises and disposed of outside of Golf Meadow.

(b) Planting of shrubs or trees on the Premises in accordance with the Master Declaration and in accordance with the Design Review Committee Guidelines and Procedures.

(c) Installing yard drainage in addition to that shown on the improvement plans in accordance with the Master Declaration and in accordance with the Design Review Committee Guidelines and Procedures.

(d) Controlling of silt, erosion or other runoff in accordance with the requirements of the

_____ [state] E.P.A. and other governmental authorities having jurisdiction over the same and in accordance with the requirements of Seller. Specifically, Builder acknowledges that upon the Closing Date, Builder is responsible for compliance of the Premises with all federal, state and local stormwater control regulations including, without limitation, compliance with

_____ [state] NPDES permitting requirements for construction sites and, if applicable, the NPDES permit for Golf Meadow, Permit No.

_____ . Upon the Closing Date or

_____ (

_____) days prior to initiating construction activities at the Premises, whichever comes first, Builder shall submit to

_____ [state] EPA an Individual Lot Notice of Intent for Coverage under

_____ [state] E.P.A. Storm Water Construction General Permit Builder agrees to indemnify Seller for any costs and expenses reasonably incurred by Seller resulting from Builder's failure to perform its obligations pursuant to this Section.

(e) Keeping the Premises and the streets giving access to the Premises free from accumulations of mud and debris occasioned by work on or about the Premises by Builder, Builders employees, contractors or agents. If Builder fails to perform his duty within

_____ (

_____) days after written notice from Seller (unless an emergency exists in which event no notice is required), Seller may clean the Premises and streets including cleaning and flushing of sewers, catch basins and inlet basins at Builder's expense.

(f) Repairing any damage caused by Builder to the streets, curbing (if any), berms, open ditches, common lands or the golf course within or abutting Golf Meadow.

(g) If Builder fails to comply with the repair and maintenance requirements of this Section within a period of

_____ (

_____) days after written notice from Seller (unless an emergency exists in which event no notice is required), or if Builder fails to comply with the completion requirements of this Section within a period of

_____ (

_____) days after the issuance of a certificate of occupancy for each house constructed on a Sublot (unless such failure is weather related in which event builder shall promptly comply when weather permits), Seller shall have the right to complete such work after written notice to Builder and Builder's failure to perform such work within

_____ (

_____) days after such notice, and charge Builder for the cost thereof, together with interest thereon at the maximum rate permitted by law, court costs and/or legal fees incurred by Seller. Furthermore, Seller shall have the right to cancel any option granted to Builder to purchase additional Sublots in the Subdivision.

12. INSURANCE

The Builder shall maintain liability and other insurance on the Premises in accordance with the requirements of the Master Declaration. The liability insurance policy shall name the Seller, the Master Association as additionally insured parties, and the Builder shall furnish evidence of such insurance to such parties.

13. REPURCHASE RIGHTS OF SELLER RELATING TO BUILDER'S COMMENCEMENT OF CONSTRUCTION; RESALE OF SUBLOTS

(a) Commencement of Construction

If Builder fails to commence construction of a single-family home (i.e., the pouring of footers for the home) on any Sublot being purchased hereunder within a period of

_____ (

_____) months after the Closing Date, Seller shall have the right (but not the obligation) at any time thereafter by notice to Builder to repurchase such Sublot for a repurchase price equal to the original Purchase Price for each such Sublot paid by Builder to Seller.

(b) Resale of Sublots

To maintain the high quality of homes within the Subdivision, Builder acknowledges that Seller has

reserved the right to designate the builders that may construct houses within, the Subdivision. For this reason, Builder covenants and agrees not to resell any or all of the Sublots without Seller's prior, written consent, which consent Seller may withhold in its absolute discretion. Furthermore, if Builder desires to sell any or all of the Sublots with respect to which construction has not commence, Builder shall promptly give notice to Seller to that effect and Seller shall have the right to repurchase any or all of such Sublots for a repurchase price equal to the original sales price for each Sublot paid by Builder to Seller.

(c) Closing of Repurchase

The rights of Seller under (a) and (b) above are referred to herein as the Seller's "Right to Repurchase." If Seller exercises its Right to Repurchase, Builder shall reconvey any such Sublot to Seller or Seller's nominee by general warranty deed, free and clear of all liens and encumbrances whatsoever except the matters in Section 3 hereof. All funds and documents necessary to effect such reconveyance shall be deposited with the Escrow Agent within

_____ (

_____) days after the date of notice by Seller to Builder of the exercise by Seller of the Right to Repurchase. Builder shall furnish Seller with a Title Policy in the amount of the repurchase price insuring title to be in accordance with Section 3 hereof. The Escrow Agent shall prorate real estate taxes and assessments (on the basis of the then last available tax duplicate) and the payments to the Associations as of the date of reconveyance. The Builder shall pay all expenses involved in the reconveyance including, but not limited to, the cost of the title search and Title Policy, the conveyance fee tax and escrow and recording fees.

(d) The repurchase rights of Seller set forth in this Section shall be contained in the Deed and shall survive the recording of the Deed.

14. MEMBERSHIP PLAN FOR GOLF MEADOW GOLF AND COUNTRY CLUB

Builder acknowledges that memberships entitling use of recreational facilities ("Club Facilities") are presently being offered by Golf Meadow Golf and Country Club (the "Club") in accordance with Membership Plan for Golf Meadow Golf and Country Club (the "Plan"). Builder acknowledges receipt of the Plan, and that it may be amended from time to time in accordance with its terms. The Plan provides that each initial purchaser of a home from Builder may apply for membership in accordance with the Plan. Builder acknowledges that, by purchasing or paying for the Sublot(s), or by acquiring a membership in the Master Association, Builder and any subsequent purchaser do not acquire any vested right or easement, prescriptive or otherwise, to use the Club Facilities, nor do they acquire any ownership or membership interest in the Club Facilities. Builder acknowledges that no representations have been made to Builder regarding use of the Club Facilities now or in the future, other than as set forth herein or in the Plan.

Builder represents and warrants that it shall make no statements or representations regarding the availability of memberships entitling use of the Club Facilities to purchasers or prospective purchasers of the Sublot(s) unless the prior written approval of Seller is obtained. The terms of this Section shall survive the delivery of the Warranty Deed and the closing of this transaction.

15. REAL ESTATE COMMISSION

Builder warrants and represents that Builder has not dealt with any real estate broker or agent in connection with this transaction except for _____ [name] (IF NONE, WRITE "NONE") ("Broker") and that no other real estate commission is payable in this transaction due to Builder's act. Builder shall indemnify and hold Seller harmless

from payment of any real estate commission and for all costs and expenses, including reasonable attorney's fees, arising in connection with the defense of any claim caused by Builder's acts. This warranty and representation shall survive delivery of the Deed and closing of this transaction. Seller **shall** pay real estate commission to the Broker (or a co-broker, if any, agreed to by Seller and Broker) in accordance with the terms of a separate agreement between Seller and Broker, provided, however, such commission shall be deemed to be earned only upon closing of the escrow and transfer of record title to the Premises to Builder. Said commission shall be paid from Seller's escrow proceeds.

16. DEFAULT BY BUILDER

If Builder fails to close on the purchase of the Premises as provided herein for reasons other than Seller's default or the failure of any of the conditions set forth in Sections 5 and/or 7 above, Seller, in addition to any other rights or remedies available to Seller, shall have the right to terminate this Agreement, in which event the Earnest Money shall be delivered to and retained by Seller as agreed upon liquidated damages, and Seller and Builder shall have no further rights or obligations hereunder.

17. SUBORDINATION

In order for Seller to obtain a loan for the development of the Premises, it will be necessary for Seller to execute and deliver to its lender a mortgage encumbering the Premises. The lender will require that said mortgage be a first and best lien on the Premises, superior to Builder's interest in the Premises, and, therefore, Builder hereby postpones, subordinates and waives to such lender the priority of any right, equitable lien or interest which Builder may have or claim to have as a result of payments made or to be made by Builder prior to Closing for the purchase of the Premises. Title to the Premises shall be transferred to Builder in accordance with Section 3 hereof, free and clear of any mortgage placed on the Premises by Seller.

18. NOTICES

Any notice to be given by either party to the other shall be in writing and either hand-delivered or sent by registered or certified mail, postage prepaid, return receipt requested, to the respective addresses set forth above; or to such other address as either party may hereafter designate to the other in writing. Hand-delivered notices shall be effective upon actual receipt. Mailed notices shall be deemed to have been given not later than forty-eight (48) hours after the date that such notice is deposited in the U.S. Mail as provided above, except that the date of actual receipt of notice shall be deemed to be the date of the giving of any notice of change of address.

19. FIRPTA CERTIFICATION

Seller hereby certifies and affirms that Seller is not a "foreign person" within the meaning of *Section 1445 of the Internal Revenue Code of 1986*, as amended.

20. SECTION HEADINGS

The section headings of the paragraphs contained herein are for convenience only and do not limit, enlarge or define the contents of such paragraphs.

21. BINDING EFFECT

The covenants, conditions and agreement made and entered into by the parties hereto shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of the respective parties hereto. Builder shall not assign its interest under this Agreement without Seller's prior written consent.

22. EXAMINATION OF AGREEMENT

Submission of this instrument of examination or signature by Builder does not constitute an option to purchase the Premises, and this instrument shall have no force as a purchase agreement or otherwise until said Agreement has been signed by Seller.

23. ENTIRE AGREEMENT

This Agreement contains the entire agreement between the parties and no statement or representation of the respective parties hereto, their agents or employees, made outside this Agreement and no contained herein, shall form a part hereof or be binding upon the parties hereto. This Agreement shall not be changed or modified except by written instrument signed by the parties hereto.

The parties have set their hands on the date first written above.

PROVISIONS TO BE INCORPORATED BY BUILDER
IN ITS NEW HOME - SALES/CONSTRUCTION
CONTRACTS WITH RETAIL PURCHASERS

GOLF MEADOW GOLF AND COUNTRY CLUB MEMBERSHIP

1. Golf Meadow Golf and Country Club Membership. Purchaser shall have a period of _____ (_____) days after acquiring title to the home to apply for a membership in Golf Meadow Golf and Country Club (the "Club"). Purchaser acknowledges that if Purchaser does not make such application within said _____ (_____) day period, the Club will be free to offer such membership to a non-resident of the Golf Meadow residential community. Furthermore, if Purchaser elects not to apply for a membership, Purchaser shall provide the Club with a written waiver of such right on a form to be furnished to Purchaser by the Club.
2. Use of Club Facilities. Purchaser acknowledges that memberships entitling use of the Club's recreational facilities ("Club Facilities") are presently being offered by the Club in accordance with the Plan for the Offering of Memberships in Golf Meadow Golf and Country Club (the "Plan"). Purchaser acknowledges receipt of the Plan, and that the Plan may be amended from time to time in accordance with its terms. The Plan provides that Purchaser may apply for membership in accordance with the Plan. Purchaser acknowledges that, by purchasing or paying for the Property, or by acquiring membership in the Master Association, a Neighborhood Association, or a Cluster Association, Purchaser does not acquire any vested right or easement, prescriptive or otherwise, to use the Club Facilities, nor does Purchaser acquire any ownership or membership interest in the Club Facilities. Purchaser acknowledges that no representations have been made to Purchaser regarding use of the Club Facilities now or in the future, other than as set forth herein or in the Plan, and that Purchaser has not relied on any statements made by the Seller of the Property with respect thereto. The terms of this paragraph shall survive the delivery of the Warranty Deed and the closing of this transaction.
3. Proximity of Sublot to Golf Course. Purchaser acknowledges that the Property is located adjacent or in close proximity to the Golf Meadow Golf and Country Club golf course and that Purchaser has assessed the location of the Property in relation to the layout and operation of the golf course. Purchaser further acknowledges that owning property adjacent or in close proximity to a golf course, and the Property in particular, involves certain risks which may have an effect on Purchaser's enjoyment of the Property. Purchaser acknowledges that such risks may include (as examples and not as a limitation on the generality of such risks) golf balls being hit into Purchaser's Property, with the potential of causing bodily injury or physical damage to property, and golfers coming into Purchaser's Property to look for errant golf balls. Purchaser hereby expressly assumes such risk and agrees that neither Seller nor any other entity owning or managing the golf course shall be liable to Purchaser or anyone claiming any loss or damage, including, without limitation, indirect, special or consequential loss or damage arising from personal injury, destruction of property, trespass or any other alleged wrong or entitlement to remedy based upon, due to, arising from or otherwise related to the proximity of Purchaser's Property to the golf course, including, without limitation, any claim arising in whole or in part from the negligence of the Club, or Golf Meadow Development Limited Partnership ("Developer") or any other entity owning or managing the golf course. Purchaser hereby agrees to indemnify and hold harmless Seller, the Developer, the

Club, or any other entity owning or managing the golf course against any and all claims by Purchaser's guests, invites or licensees with respect to the above. Purchaser further acknowledges that the covenants of this provision have been required by Developer as a condition of Seller's purchase of the Property from Developer and that these covenants shall survive closing and inure to the benefit of Seller, the Developer, the Club, and any other entity owning or managing the golf course, and their respective successors and assigns. Nothing in this paragraph shall restrict or limit any power of the Developer, Builder or any entity owning or managing the golf course to change the design of the golf course, and such changes, if any, shall not nullify, restrict or impair Purchaser's covenants and duties contained herein. The terms of this paragraph shall survive the delivery of the Warranty Deed and closing of this transaction.

EXHIBIT C

FEATURED BUILDER AGREEMENT

The following Terms and Conditions are included in the FEATURED BUILDERS Program for Golf Meadow Golf and Lake Community as of the _____ [day] day of _____ [month], _____ [year]. Declarant reserves the right to change, alter or amend this Featured Builders Agreement prior to its execution by FEATURED BUILDER.

LIMITATION OF FEATURED BUILDERS

Golf Meadow Development Limited Partnership (the "Declarant") will identify up to six designated builders to participate in the Golf Meadow "FEATURED BUILDERS" program. These builders will be expected to sell a minimums of five (5) homes within the first twelve months of closing on their initial lots. FEATURED BUILDERS will also be expected to sell a minimum of eight (8) homes within the second 12 months and each 12 month period thereafter.

INITIAL RELEASE AND LOT DEPOSITS

To qualify as a "FEATURED BUILDER" at Golf Meadow, FEATURED BUILDER agrees to make an initial purchase of not less than _____ (_____) lots from the Declarant and may option an additional lot for each lot purchased. All options shall be exercised within _____ [number] months after the signing of the Option Addendum. Concurrently with the signing of this Agreement FEATURED BUILDER shall sign the Sublot Purchase Agreement and Option Addendum and FEATURED BUILDER shall make specific homesite selections from the lots currently being developed by the Declarant in Golf Meadow. FEATURED BUILDER will pay an Earnest Money Deposit equal to _____ percent (_____) of the purchase price of each of the first _____ (_____) lots upon signing the Sublot Purchase Agreement. An option deposit of _____ Dollars (\$) (_____) per option lot is also payable at the time of signing the Option. Addendum.

Declarant has set aside Sublots _____ in Phase I as "Enclave" lots which will be represented by _____ [broker] and sold to individual purchasers ("Retail Purchasers"). To induce Retail Purchasers of the Enclave lots to select a FEATURED BUILDER to construct their homes within the "Enclave," Declarant will offer such Retail Purchasers a _____ percent (_____) rebate off the retail price of the "Enclave" lot when such Retail Purchaser contracts with FEATURED BUILDER to construct a home on said lot and commences construction of the home based on the terms of the Purchase Agreement between FEATURED BUILDER and the Retail Purchasers.

FINANCIAL CONDITIONS

Prior to executing a Sublot Purchase Agreement with FEATURED BUILDER, Declarant shall have the right to review, and FEATURED BUILDER shall submit to Declarant upon request, all pertinent financial information relating to FEATURED BUILDER. FEATURED BUILDER warrants and represents to Declarant that all financial information submitted will be complete and correct and will warrant to Declarant as a condition to each lot closing that there has been no material adverse change in FEATURED BUILDER'S financial condition from the date of FEATURED BUILDER'S last submission of such information to Declarant.

MODEL HOMES/SPEC HOMES

Within _____ (_____) days following the closing on initial purchase, FEATURED BUILDER is required to start and diligently complete construction of one model home and, additionally, shall at all times have at least one speculative home under construction, or completed and available for sale. The model home shall be fully furnished and landscaped, and shall remain unoccupied and serve as a model as long as FEATURED BUILDER has available lots. for sale. All design, construction and landscaping will be required to be installed under the terms of the Golf Meadow Design Review Policies and Guidelines and shall be subject to Declarant's prior approval.

INFORMATION CENTER

A temporary information center will be established on-site by Declarant. Declarant's on site sales representative will provide home-site and golf membership information to prospective purchasers. FEATURED BUILDER acknowledges that Declarant's sales personnel may, but are not obligated to, provide information about FEATURED BUILDERS at Golf Meadow.

Golf Meadow "FEATURED BUILDERS" may at their option, elect to establish a sales trailer on one of their lots during the period of model home construction only. Such sales trailer must meet requirements of the Declarant. However, FEATURED BUILDER understands that all preliminary site improvements to sustain a free standing sales trailer may not be immediately available.

MARKETING & ADVERTISING

In addition to the marketing through the information center, Declarant will provide print advertising for FEATURED BUILDERS in appropriate local publications. All costs and expenses of such advertising and promotion shall be borne by Declarant until the earlier of (i) the date which is _____ (_____) months after the first model permit becomes available or (ii) _____ [month] _____ [day] _____ [year]. Thereafter, FEATURED BUILDERS agree to reimburse Declarant for a portion of such expenses by payment of an amount equal to _____ percent (_____) of the sale price of each home sold by FEATURED BUILDER, payable out of escrow to Declarant at time of title transfer of the house by the Featured Builder to its Purchaser. FEATURED BUILDER is encouraged to also advertise on its own; provided, however, that Declarant must approve all sales, promotional and advertising materials. All advertising materials and promotions must refer to Golf Meadows as a "Natural Choice Home" community.

FEATURED BUILDER understands that Golf Meadow is a "Broker Friendly" community. Therefore, by becoming a "FEATURED BUILDER" at Golf Meadow, FEATURED BUILDER is required to pay commissions to brokers who

present bona fide purchasers of homes. Such commission will be due and payable upon completion of the residence and successful transfer of title.

Declarant recognizes that all commissions are negotiable between FEATURED BUILDER and the broker; however, for the sake of fair competition, Declarant suggests that current and acceptable industry prevailing rates be offered. Additional bonuses, promotional incentives and advance commission payouts are acceptable practices to encourage marketing and sales momentum.

PLAN REVIEW

FEATURED BUILDERS will be expected to submit a minimum of three floor plans and site plans to be pre-approved by the Design Review Committee referred to in the Master Declaration of Covenants, Conditions, Easements and Restrictions for Golf Meadow (the "DRC"). FEATURED BUILDER must be willing to build these plans on any adaptable lot in Golf Meadow. Plan packages submitted for approval must include all information required in Design Review Policies and Guidelines. Further, each FEATURED BUILDER agrees not to duplicate another FEATURED BUILDER'S plans at Golf Meadow.

FEATURED BUILDER acknowledges and agrees that any and all plans used by FEATURED BUILDER, its architects, subcontractors and landscapers, in connection with the construction of any home (whether custom or speculative) in Golf Meadow shall be submitted to Declarant and are subject to the review and approval of the DRC prior to the use thereof or the commencement of any site work or construction at any homesite.

NATURAL CHOICE COMMUNITY

Declarant has entered into an agreement with _____ [name] ("Gas Company") to develop Golf Meadow as a Natural Choice Home Community. By entering into the Featured Builder Agreement, all FEATURED BUILDERS agree to install at each single-family home and at each cluster home area a Trim-Gas Gaslight to be provided by Gas Company. The cost of the installation of the Trim-Gas Gaslight shall be reimbursed to FEATURED BUILDERS by Gas Company. The reimbursement will be limited to incremental costs incurred by the FEATURED BUILDER and will be at a pre-determined rate that is mutually agreeable to Gas Company and the FEATURED BUILDERS. All model homes constructed by FEATURED BUILDERS shall adhere to the "Natural Choice Home" program, a copy of which is available from Gas Company. FEATURED BUILDER agrees all competitive utility programs, signage, brochures and/or advertising by FEATURED BUILDER will be prohibited in reference to Golf Meadow or within the Golf Meadow community itself.

TERMINATION

Either party shall have the right to terminate this Agreement upon the occurrence of any of the following events: (i) immediately upon receipt of notice that the other party has been adjudicated bankrupt or insolvent, or has filed or is the subject of a petition in bankruptcy or for reorganization, or has made an assignment of all or substantially all its assets for the benefit of its creditors, or has sought to have or permitted a temporary or permanent receiver to be appointed to administer such party's affairs or (ii) upon any default by the other party hereunder which default remains uncured for _____ (_____) days following receipt of notice from the other party of such default, including non-compliance with The Model Homes/Spec Homes provision of this agreement and including a default under the Sublot Purchase Agreement and/or the Option Addendum

FEATURED BUILDER acknowledges that it has been selected by Declarant to participate in the Golf Meadow

"FEATURED BUILDERS Program" due to its reputation in the community as a quality home builder and its representations to Declarant that it is in sound financial condition and is a professional builder of the highest quality and integrity. As a consequence thereof, FEATURED BUILDER acknowledges and agrees that, (a) it shall have no right to assign any agreement or contract entered into between FEATURED BUILDER and Declarant or

_____ [broker] or a customer of FEATURED BUILDER, or any of FEATURED BUILDER'S obligations thereunder, and (b) in the event this Agreement is terminated or FEATURED BUILDER violates any of the terms, provisions or intent of any agreement entered into between FEATURED BUILDER or Declarant or

_____ [broker] or a customer of FEATURED BUILDER, and such violation is not cured within _____ (_____) days after receipt of written notice thereof from Declarant, in addition

to all rights and remedies available to the non-defaulting party under this Agreement or such other agreements, Declarant shall have the right to any or all of the following: (i) terminate this Agreement and all other agreements between Declarant and FEATURED BUILDER; (ii) repurchase all homesites held by FEATURED BUILDER, as specified in the Sublot Purchase Agreement at the original purchase price; (iii) retain all funds of FEATURED BUILDER held by Declarant; and (iv) terminate all rights of FEATURED BUILDER to continue to participate in the Golf Meadow FEATURED BUILDER Program.

TOTALITY OF AGREEMENT

This Agreement contains the sole and entire understanding between Declarant and FEATURED BUILDER with respect to the FEATURED BUILDER'S participation in the FEATURED BUILDERS Program. All promises, inducements, representations and warranties previously made by Declarant are merged into this Agreement. This Agreement shall not be modified except by a subsequent written agreement executed by both Declarant and FEATURED BUILDER.

Declarant and FEATURED BUILDER each agree that they will execute and deliver to the other such additional documents, certificates, resolutions and other matters as may be reasonably requested by either party or their counsel after the execution of this Agreement.

This Agreement may be signed in counterparts, all of which shall be deemed originals. Declarant and *FEATURED BUILDER* each represent and warrant to the other that such party has not dealt with any real estate broker, real estate agent or finder in connection with FEATURED BUILDER'S selection as a "FEATURED BUILDER" in Golf Meadow, and each agrees to indemnify and save the other harmless from any loss, cost, liability or expense incurred in connection with any claim for any real estate commission or fee which may arise by reason of the actions of such party.

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.83A

FORM 22.83A Sublot Purchase Agreement With Homeowner

COMMENT

This form is an example of a purchase agreement that would be used by a land developer in order to sell lots to the ultimate homeowner, as opposed to a residential home builder. In other words, in this form the purchaser will have the home built for the purchaser and has the option to hire a builder, subject to the approval of the seller. Attached to this purchase agreement as Exhibit A is a Declaration of Covenants and Restrictions which are imposed on all lots located in this subdivision. The purchase agreement itself is contingent on approval of those restrictions within ten (10) days from the date the purchase agreement is executed by the purchaser.

In this particular case, the purchase agreement is also contingent upon the developer's submission and approval by the local governing authority of its subdivision plat, the approval for which will be dependent upon the seller's compliance with the local subdivision statute and installation of all infrastructure, such as roads and utilities, to serve the lots. If the plat is not approved by a certain date, the purchaser has the right to terminate the agreement and receive the refund of the purchaser's earnest money deposit.

Because there is an oil and gas well on a portion of the property, there is an acknowledgment by the purchaser of that fact and that there is an oil and gas well tailings pit and debris contained within the subdivision resulting from the oil and gas drilling previously conducted, as described in Paragraph 1.C. of the purchase agreement.

This agreement is also unique in that some of the lots border on a lake, as referred to in Paragraph 6.D. in the Declaration of Covenants and Restrictions for Winton Heights, attached as Exhibit B to the purchase agreement. That Paragraph 6.D. imposes certain restrictions on the use of the lake by the lot owners

which adjoin the lake, such as the type of watercraft permitted to be used on the lake to limit noise, and also restrictions on any owner administering any chemical treatment into the lake or releasing any fish stock or other wildlife into the lake, or any portion thereof, without the consent of the other owners in the subdivision having Lots which adjoin the lake.

FORM

WINTON HEIGHTS

SUBLOT PURCHASE AGREEMENT WITH HOMEOWNER

THIS SUBLOT PURCHASE AGREEMENT WITH HOMEOWNER ("Agreement") is made and entered into this _____ day of _____, between _____, an Ohio limited liability company ("Seller"), or its assignee, whose address for notice purposes is _____, and _____ and _____ (collectively "Buyer"), whose address for notice purposes is _____.

1. A. Premises. Seller agrees to sell to Buyer and Buyer agrees to purchase from Seller upon the terms, provisions and conditions set forth in this Agreement, the vacant lot owned by Seller, situated in the Township of Winton, County of _____, State of _____, and generally described as follows ("Premises"):

Known as being proposed Sublot No. _____ in Winton Heights Subdivision, Township of Winton, State of _____, as shown on the Preliminary Plan for Winton Heights, as set forth on **Exhibit A**, attached hereto and made a part hereof, subject to the final record subdivision plat to be recorded with the _____ County Recorder. Once recorded, the legal description of the Sublot shall make reference to such recorded plat.

Buyer acknowledges that the Preliminary Plan has not been finalized or approved. Buyer further acknowledges that sublots depicted on the Preliminary Plan, including the Premises, may be changed or eliminated as determined by Seller to be in the best interest of the subdivision or as required to obtain necessary government approvals for the subdivision and each sublot therein. In the event the Premises shown on the Preliminary Plan are eliminated or materially changed in the final plan of the subdivision, or in the event any necessary government approval for building on the Premises cannot be obtained, Seller shall refund all money paid by Buyer, this Agreement shall be void, and neither party shall have any liability or obligation to the other.

B. Easements Reserved. Seller reserves the right to create all necessary easements affecting the Premises as shall be required for the installation, operation and maintenance of drainage and water retention facilities, for landscaping installation and maintenance, and for other utilities and related services.

C. Seller hereby discloses to Buyer, and Buyer acknowledges and agrees that Seller previously disclosed to Buyer, that the Premises that is the subject of the Agreement contains an oil and gas well tailings pit and debris in connection with oil and gas drilling conducted on one or more of the parcels comprising the Winton Heights Subdivision or on land adjacent thereto. Buyer further acknowledges and agrees that Seller has provided Buyer sufficient access to the Premises for Buyer to inspect the Premises for any defects relating to said tailing pit and debris, and Buyer accepts the Premises in its AS IS, WHERE IS CONDITION, WITH ALL FAULTS. Buyer agrees that Seller shall not be liable for any costs, expenses or other liabilities relating to said tailings pit and debris and releases Seller from any liability relating thereto.

2. Purchase Price. The purchase price for the Premises is _____ Dollars (\$_____) ("Purchase Price") and shall be payable as follows:

(a) The sum of Five Thousand Dollars (\$5,000) by certified or bank check shall be delivered to Seller concurrently with the execution of this Agreement by Buyer. The aforesaid sum is to be earnest money to be applied against the purchase price at closing. Seller shall deposit the earnest money with the Escrow Agent, as hereafter defined.

(b) The balance of the Purchase Price or the sum of _____ Dollars (\$_____) by certified or bank check drawn on a local bank shall be deposited with the Escrow Agent no later than seventy-two (72) hours prior to the Closing Date as hereafter defined.

3. Conveyance.

A. Seller shall convey fee simple title to the Premises to Buyer by Seller's general warranty deed ("Warranty Deed") warranting title to the Premises to be free and clear of all liens and encumbrances whatsoever except: (i) easements, rights of way, restrictions, conditions, reservations and limitations of record which are approved by Buyer in the manner set forth in Paragraph 3.B. below, (ii) the Deed of Declaration of Covenants and Restrictions, to be prepared by Seller, as the same may be further amended from time to time (collectively, the "Deed of Declaration of Restrictions") a copy of which is described on Exhibit B, attached hereto and made a part hereof; (iii) zoning and building ordinances; (iv) any matters that might be disclosed by an accurate survey or inspection of the Premises; (v) real estate taxes and assessments, both general and special, which are a lien but not yet due and payable; and (vi) all necessary easements for drainage, water retention and landscaping.

The conveyance of title and closing of this transaction shall be contingent upon Buyer approving the Deed of Declaration of Covenants and Restrictions marked Exhibit B attached hereto. Within ten (10) days of the execution of this Agreement, Buyer shall notify Seller if it consents to the Deed of Declaration of Covenants and Restrictions, which consent shall not be unreasonably withheld by Buyer. If Buyer does not consent to the Deed of Declaration of Covenants and Restrictions within ten (10) days of the execution hereof, this Agreement shall terminate and Seller shall return the earnest money to Buyer.

B. Upon the execution hereof or as soon as the Plat referred to in Paragraph 6.A. has been recorded, whichever is later, Seller shall order a Commitment for Title Insurance ("Commitment") from Chicago Title Insurance Company, sometimes hereafter called the "title company," a copy of which shall be sent or delivered to Buyer for review. Within ten (10) days from receipt of such Commitment Buyer shall notify Seller of any restrictions, reservations, limitations, easements and conditions of record (other than the Declaration) which are reasonably objectionable to Buyer, hereafter collectively called "title defects." If any such title defects cannot be cured by Seller by the Closing Date as referred to in Paragraph 6.A. below, or within thirty (30) days after Seller is notified of such title defects by Buyer, whichever is later, which latter date shall then become the Closing Date (other than title defects which Seller can clear at the closing from funds deposited into escrow), this Agreement shall be automatically terminated unless Buyer agrees to take subject to such title defects. In the event of termination, all funds and documents shall be returned to the respective parties without further liability to either party. Failure of Buyer to object within the aforesaid 10-day period shall be deemed an acceptance of the condition of title as shown in the Commitment.

C. Any liens or encumbrances affecting the Premises not specified in Paragraphs 3.A. and 3.B. hereof shall not be grounds for rejecting title provided Seller causes the title company without cost to Buyer, to insure against the collection thereof out of the Premises.

D. Buyer acknowledges that Buyer shall automatically become a member of the Homeowners Association, subject to its Code of Regulations, upon acquisition of title.

4. Title Insurance. Seller and Buyer shall each pay one-half (1/2) of the cost to furnish Buyer with an Owner's Fee Policy of Title Insurance issued by the title company in the amount of the purchase price, in its customary form, which

shall insure marketable title to the Premises upon the filing of the Warranty Deed for record to be good in Buyer subject only to (i) the matters permitted as exceptions in the Warranty Deed as provided in Paragraph 3.A. hereof, (ii) those matters which Buyer shall have agreed to or shall have been deemed to have agreed to pursuant to Paragraph 3.B. hereof, if any, (iii) those matters which the title insurance company will insure against as provided in Paragraph 3.C. hereof, if any, and (iv) the printed schedules, conditions and stipulations of the customary form of title insurance issued by the title company in its usual form of title policy.

5. Escrow. Within ten (10) days after the execution of this Agreement, an escrow shall be established with the Chicago Title Insurance Company, who shall serve as the Escrow Agent and perform the title work required for this transaction. No later than seventy-two (72) hours prior to the Closing Date, each of the parties shall deposit with the Escrow Agent all documents required of each hereunder.

A signed copy of this Agreement shall constitute the escrow instructions of the parties to the Escrow Agent who is authorized hereby to attach its standard conditions of acceptance of escrow, but if any provisions of this Agreement conflict with the provisions thereof, then the provisions of this Agreement shall govern, it being understood and agreed that the parties hereto do not intend that either said escrow instructions or the acts or actions of the parties hereto in executing the same shall supersede or be construed as superseding this Agreement.

6. A. Closing Date. The transaction contemplated hereby shall be closed within thirty (30) days from the date of execution of this Agreement or if the subdivision plat for Winton Subdivision (the "Plat") has not been filed by such date, within fifteen (15) days after such Plat is recorded, subject, however, to Seller's right to extend such date in accordance with the provisions of Paragraph 3.B. hereof (such date, as the same may be extended from time to time, being herein referred to as the "Closing Date"). Seller agrees to use commercially reasonable efforts to cause the public roads within the subdivision to be installed and to be dedicated as soon as is practicable. To that end, Seller shall construct the roadways, install underground utilities and landscape the entrance to Winton Heights Subdivision as soon as is practicable.

In the event Seller is unable to obtain approval of the Plat and to have it recorded by _____, _____, notwithstanding Seller's commercially reasonable efforts, Seller or Buyer shall be entitled to terminate this Agreement, in which case Seller will refund the earnest money to Buyer. On the Closing Date, the Escrow Agent shall file for record with the County Recorder the Warranty Deed and shall proceed to close this transaction, provided that: (a) all funds and documents to be deposited with the Escrow Agent for the consummation of this transaction have been so deposited (b) upon such filing, it is in a position to and will issue its Title Insurance Policy as provided in Paragraph 4. hereof; and (c) it will observe, comply with and perform the other provisions hereof on its part to be observed, complied with and performed.

7. Prorations. The Escrow Agent shall prorate as of the Closing Date all real estate taxes and assessments based on the then last available tax duplicate, provided, however, that if the Premises is not valued as a separate tax parcel for real estate purposes as of the Closing Date, then the Escrow Agent shall estimate the taxes applicable to the Premises based on the last available tax duplicate using the amount of acreage in the Premises to the total amount of acreage in the tax parcel of which it is a part.

8. Closing Costs. The Escrow Agent shall charge to Seller the following costs: (a) one-half (1/2) of the cost of the title examination and the premium for the Title Insurance Policy; (b) one-half (1/2) the cost of the conveyance tax for transfer of real estate imposed by the County and/or State of _____; (c) the amount of the proration of real estate taxes and assessments chargeable to Seller as hereinbefore provided; and (d) one-half (1/2) of the escrow fee.

The Escrow Agent shall charge Buyer with the following costs: (a) one-half (1/2) of the cost of the title examination and the premium for the Title Insurance Policy; (b) one-half (1/2) the cost of the conveyance tax for transfer of real estate imposed by the County and/or State of _____; (c) the cost of recording the Warranty Deed; (d)

one-half (1/2) of the escrow fee; and (e) the fees or costs in connection with Buyer's mortgage financing, if any.

9. Delivery of Funds and Documents. The Escrow Agent shall deliver to Seller on the Closing Date, the following: (a) its check for the purchase price, less any charges, costs, credits or prorations required to be charged to Seller; and (b) an Escrow Statement reflecting the prorations and charges to Seller's account.

The Escrow Agent shall deliver to Buyer, the following: (a) the receipt for the recorded Warranty Deed; (b) the Title Insurance Policy, as the case may be, as soon as it is available; (c) any balance of funds deposited by Buyer or to which Buyer is entitled remaining to Buyer's credit; and (d) an Escrow Statement reflecting the prorations, credits and charges to Buyer's account.

10. Broker. Seller and Buyer mutually represent that no broker was involved in this transaction except _____ whose commission shall be paid through escrow only if and when this transaction closes.

11. No Representations by Seller.

A. Buyer acknowledges that Buyer has inspected the Premises and is fully familiar with the physical condition thereof and all other matters affecting or relating to this transaction as Buyer deems necessary.

B. Buyer agrees to accept the Premises in "as is," "where is" condition, with all faults.

C. In entering into this Agreement, Buyer has not been induced by and has not relied upon any representations, warranties or statements, whether express or implied, made by Seller or any agent, employee or other representative of Seller or by any broker or any other person representing or purporting to represent Seller, which are not expressly set forth in this Agreement, whether or not any such representations, warranties or statements were made in writing or orally.

12. Assignment. Buyer agrees that Buyer shall not assign or otherwise transfer any of Buyer's rights or interest under this Agreement. The benefit afforded Buyer hereunder is intended to run to Buyer's sole benefit and shall not devolve by law, and any assignment or transfer attempted to be made by Buyer shall be void.

13. Buyer's Default. In the event that Buyer shall have failed to perform and comply with Buyer's obligations under this Agreement on the Closing Date, Seller shall have the following rights:

(a) The earnest money deposited may at Seller's option be retained by Seller as liquidated damages and applied by Seller as reimbursement for attorneys' fees, title costs, lost time, effort and profits, and all other expenses incurred by Seller or on its behalf, retaining the balance, if any, for itself;

(b) Seller may enforce this Agreement by specific performance or otherwise; and

(c) Seller shall have any and all other remedies available to it at law or in equity.

Each and every right, remedy and power of Seller hereunder shall be cumulative and in addition to any other right, remedy or power herein specifically granted or hereafter existing in equity, at law, or by virtue of statute or otherwise and may be exercised by Seller from time to time concurrently or independently and as often and in such order as Seller may deem expedient. Any failure or delay on the part of Seller in exercising any such right, remedy or power or abandonment or discontinuance of steps to enforce the same, shall not operate as a waiver thereof or affect Seller's rights thereafter to exercise the same. No failure or delay on the part of Seller in exercising any right hereunder shall operate as a waiver of the same and no single or partial exercise of any such rights shall preclude any other or further exercise thereof or the exercise of any other such power or right.

14. Notices. All notices, demands, elections, requests, consents and other communications hereunder shall be in writing and shall be delivered or sent by certified or registered mail, postage prepaid, return receipt requested and addressed to the parties at their respective addresses mentioned at the beginning of this Agreement, or at such other address as Seller or Buyer may hereafter designate by notice to the other, and shall be effective as of the date of the postmark or mailing.

15. Release of Seller. It is anticipated that Seller will be assigning this Agreement to an affiliated company. In the event it does, as of the date of such assignment, Seller shall be released from all obligations hereunder and the assignee shall thereafter assume all obligations and rights of the Seller under this Agreement.

16. Miscellaneous.

A. All understandings and agreements heretofore had between the parties hereto are merged into this Agreement, which alone fully and completely expresses their understanding.

B. This Agreement shall not be modified or amended except by a written instrument duly executed by the parties hereto.

C. If any provisions of this Agreement or the application thereof to any part or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

D. Subject to the terms of Paragraph 15. above, this Agreement shall be binding upon and shall inure to the benefit of the Seller and its successors and assigns, and shall be binding upon and inure to the benefit of the Buyer and the Buyer's heirs, personal representatives and permitted assigns.

E. The paragraph headings contained in this Agreement are for reference purposes only, and shall not affect in any way the meaning or interpretation of this Agreement.

F. The use herein of the singular number shall be deemed to mean the plural and the use of the masculine gender shall be deemed to mean the feminine or neuter gender, whenever the sense of this Agreement so requires.

G. Time is of the essence of this Agreement and in the performance of the covenants and provisions hereof.

H. If there is more than one individual comprising Buyer then all such persons shall be jointly and severally liable under all obligations, covenants and agreements of Buyer contained herein.

I. All exhibits, if any, referred to in and attached to this Agreement are hereby made a part of this Agreement.

WHEREFORE, the parties hereto have executed this Agreement as of the day and year first above written.

By: _____

BUYER:

EXHIBIT A
Preliminary Plan

EXHIBIT B
DECLARATION OF COVENANTS AND RESTRICTIONS
FOR WINTON HEIGHTS

THIS DECLARATION is made this ____ day of ____, ____, by ____, an Ohio limited liability company ("Declarant").

WHEREAS, Declarant is the owner of certain real property situated in the Township of Winton, _____ County, _____, known as Winton Heights, and further described on Exhibit A, attached hereto (the "Subdivision"); and

WHEREAS, Declarant wishes to impose certain covenants and restrictions upon all real property in the Subdivision to insure uniformity of development as a residential subdivision;

NOW THEREFORE, Declarant hereby declares that the Subdivision and each parcel therein (each such parcel hereinafter referred to as a "Lot") is and shall be held, used, owned, occupied, transferred, sold and conveyed subject to the covenants, restrictions, obligations, easements, reservations, conditions, limitations, agreements, charges and liens set forth below:

1. Residential Use. Each Lot shall be limited in use to single family residence purposes only, except that an owner of a Lot ("Owner") may use a portion of his or her residence constructed on a Lot for office or studio use, provided (i) the activities conducted therein shall not interfere with the quiet enjoyment or comfort of any other Owner, (ii) such use does not violate any local zoning ordinance, and (iii) no more than three (3) outside, non-resident employees are present at any time.

2. Approval by Committee.

A. Plan Approval. No construction, including, but not limited to, the construction of any residence, garage, deck, gazebo, outbuilding, patio, swimming pool, landscaping, grading or other improvement to the Lot, may be commenced or erected on any Lot unless the complete plans, specifications (including brand, style and color of the brick, shingles, and all other exterior surfaces) and building grades for such construction be first submitted to and approved in writing by an architectural committee (the "Committee") selected by Declarant, its successors, or any person or persons hereafter designated by Declarant or its successors. Any material changes made subsequent to the written approval by the Committee must be resubmitted and approved in writing prior to the commencement of changes.

B. Builder Approval. No general contractor, subcontractor, corporation, sole proprietorship, partnership, limited liability company, individual or any other party or combination of parties (the "Builder") may commence or erect any construction described in Paragraph A. hereof, or assist or participate in such construction, unless the Committee shall first approve such Builder for such purpose.

C. Committee. It will be the purpose of the Committee to insure the integrity and harmony of the Subdivision and each building constructed therein for the benefit of each Owner. The Committee will have sole and absolute discretion in its decisions. Refusal of approval of plans, specifications or locations by the Committee may be based on any ground, including purely aesthetic grounds. No action or conduct by the Committee in furtherance of these restrictions, or

Declarant in establishing the Committee, shall be grounds for any liability whatsoever against the Committee or Declarant by any Owner, such Owner's heirs, successors or assigns, or any third party. Nothing herein shall be construed as relieving any Owner, such Owner's heirs, successors or assigns from any obligation to comply with all applicable local, state and federal laws and regulations.

3. Building Restrictions.

A. Number of Residence Buildings. No more than (1) residence building may be erected on any Lot, provided, however, a guest house conforming to the same architectural standards and of similar design to the main residence building is permitted.

B. Size of Residence. No residence erected on any Lot may contain less than 3,500 square feet for a two-story residence, less than 3,200 square feet for a two-story residence with a first floor master bedroom, or less than 3,000 square feet for a one-story residence. The area of any residence shall be computed on the outside foundation of the first floor and, if applicable, the exterior dimensions of the second floor. In the case of a Cape Cod, the second floor area shall be computed from the outside dimension of the knee walls. Basement and garage area shall not be included in the computation. Any guest house constructed on a Lot shall not be required to meet the requirements of this subparagraph, provided, however, the area of any such guest house shall not be included in the computation for the residence.

C. Garages. Except as provided herein, all garages shall be affixed to their respective residence building, shall have side or rear entry, and, except as otherwise provided in this subparagraph, shall have minimum inside dimensions of 23 feet by 32 feet so as to accommodate a minimum of three (3) automobiles. Detached garages are permissible but may not replace the required attached garage. Detached garages must conform to the same architectural standards as residence buildings and must be similar to the residence in design. In the event that a detached garage accommodating three (3) or more automobiles is constructed, the attached garage may be built so as to accommodate only three (3) automobiles. No garage doors may face or open toward the front of any Lot. In the case of corner Lots, the front of the Lot shall be considered the side of the Lot running along the residential building face with the longest dimension exclusive of the garage. All garage doors must face away from traffic traveling in the Subdivision, except where, in the discretion of the Committee, topographical conditions and/or aesthetic considerations prohibit such compliance.

D. Foundation. No exposed foundation may be constructed with cement or cinder block as the completed face. Exterior foundation surfaces must be brick, stone, stucco, wood, aluminum or vinyl siding, or any natural material.

E. Exposed Surfaces. No exposed surface may be constructed with unfinished masonry material (i.e., cement or cinder block) as the completed face. Exposed exterior walls must be entirely covered in natural materials of brick, stone, stucco/dryvit, or wood, or any similar natural materials. Notwithstanding the foregoing, upon the prior written consent of the Committee, which consent may be withheld or granted in the Committee's sole and absolute discretion, (i) up to 50% of the front exposed exterior wall(s) may be covered with vinyl shakes or vinyl products having the appearance of six to eight inch wide cedar planks ("Approved Substitutes"), and (ii) up to 100% of all other exposed exterior walls may be covered with Approved Substitutes. Fascia and soffits may be constructed from aluminum or vinyl materials.

F. Roof Pitch. All residence buildings, guest houses, and garages (attached or otherwise) shall have a sloping roof with a minimum pitch of 7/12 side facing and 10/12 forward facing peaks and hips. All roofs of residence buildings, guest houses, and garages shall have a maximum pitch of 15/12 for 70% of the roof area. Shingles for roofs shall be architecturally textured shingles, shakes, or slate.

G. Outbuildings. Outbuildings must conform to residence's architecture, including color and material. Outbuildings must be a minimum of 20 feet from the side property line or 30 feet from the rear property line.

H. Utilities. All electrical, television or telephone cables and any other utility lines and facilities which are to extend from outside a Lot to any residence or other structure located on the Lot or between structures on the Lot shall be placed underground.

I. Front Set Back. No building may be erected on any Lot, Lots or parts thereof nearer than 90 feet to the front of the Lot line, unless otherwise specified on plans which the Committee has approved pursuant to Paragraph 2., above. The Committee may increase or decrease the required front set back if it deems, in its sole discretion, that topography and Lot configuration so require.

J. Fireplaces and Chimneys. Fireplaces shall be of masonry, metal inserts, or direct vent flue type. Chimneys on the exterior or roof of any building shall be covered in brick, stone, or stucco/dryvit. All Chimneys on exterior walls shall extend to the ground and have a separate foundation. Protruding vinyl-covered boxes enclosing direct vent fireplaces are not permitted on any exterior walls other than the rear exterior wall(s). Direct vent termination caps are not permitted on any exterior wall, other than side exterior walls if approved by the Committee. Protruding firebox covers are not permitted.

4. Construction and Maintenance.

A. Timing for Completion. Once construction on any structure on a Lot has commenced, it must be completed within 18 months of commencement.

B. Construction Debris. During construction, the Owner shall keep the Lot free from construction debris and shall not allow the burial of such debris on the Lot or its use as fill material at any location on the Lot.

C. Construction Mud and Damage. Each Owner shall keep such Owner's Lot and the streets providing access thereto free of accumulations of dirt, mud and debris, and shall be responsible for all repairs of damage to the swales, ditches, storm sewers and streets occasioned by work on or around the Lot by the Owner or the Owner's contractor, or their agents, representatives, subcontractors or employees. If the Owner shall fail to keep such Owner's Lot and the streets free of such accumulations, or shall fail to repair any damage to the swales, ditches, storm sewers and streets, then in addition to all other rights and remedies Declarant may have (including the right to specific performance), Declarant shall have the right to remove such dirt, mud and debris and repair all damage and shall charge the cost of such removal or repair to the Owner. Such costs shall be payable by the Owner upon demand and shall constitute an assessment, as set forth in Paragraph 8. below, against the Lot.

D. Building Maintenance. Each Owner shall, at such Owner's sole cost and expense, maintain and keep the residence building and all other buildings or structures on the Lot in a state of good repair.

E. Building Casualties. If all or any portion of a residence on a Lot is damaged or destroyed by fire or other casualty, the Owner shall promptly rebuild, repair or reconstruct such residence or raze the structure, remove all rubble and debris, fill in any basement areas or excavation areas with clean fill, and grade the Lot in accordance with any applicable improvement plans for the Subdivision or Lot.

F. Storm Sewer Maintenance on Lots. Each Owner shall maintain the ditches, storm sewers, culverts, water management areas and basins, swales and grading for the Lots owned by them in accordance with the improvement plans approved for the Subdivision.

5. Landscaping and Lot Appearance.

A. Lawns and Vegetation; Existing Trees. Lawns shall be kept properly trimmed at all times. No grains, underbrush, excessive weeds or other unsightly vegetation shall be permitted to grow or remain on any Lot or in any ditches in

whole or in part on a Lot or in the street right-of-way in front of any Lot. All grass on any unbuilt lot must be kept at a maximum height of twelve (12) inches. Vegetables may be grown on a lot, provided they are not grown for commercial purposes and provided they are restricted to an area which is situated to the rear of the Lot and is at least 20 feet from any Lot line.

All plans for the clearing of a Lot which include removal of any tree with a trunk diameter greater than five (5) inches must be approved by the Committee prior to commencement of work.

B. Timing of Landscaping. All landscaping must be completed within one (1) year of the occupancy of the residence, including the replacement of any landscaping that does not survive initial and subsequent plantings.

C. Fences. No freestanding fences, solid or living, may be erected, placed, or permitted on any Lot from the street to the front building line, provided, however, that an entrance gate, the design and construction material of which must be approved by the Committee in writing, may be constructed. Fences may be installed from the building line to the rear property line for safety, decorative and/or aesthetic value only if approved in writing by the Committee. Chain link fences will not be permitted except for dog runs contiguous to and in the rear of the residence which are not visible from the street.

D. Driveways. All driveways must either be concrete, asphalt or brick and must be installed within one (1) year of commencement of construction.

E. Signs. No nuisance or advertising signs, billboards, or banners will be permitted, erected, or maintained on any Lot. Signs offering the sale of Lots or residences in the Subdivision shall be limited to twelve (12) square feet in area. Subdivision signs at the entrances shall be a maximum of 60 square feet. All construction and realty signs shall be removed upon the occupancy of the building or sale of the Lot or Lots to which they relate. In the case of signs erected for the purpose of resale of Lots or residences, the same shall be removed at such time as the Lot or residence offered for sale is sold or is taken off the market.

F. Mailboxes. All mailbox stands or posts shall be of uniform design which shall be designed by and which shall be available from the Committee.

G. Re-grading. No re-grading of any Lot that affects drainage or construction work on any building shall be performed by any Owner, builder or contractor prior to receiving written approval for such grading, filling or excavating from the Committee.

H. Vehicles. No recreational vehicles, boats, buses, dump trucks or any other vehicle may be parked on any portion of a Lot beyond a period of 24 hours unless completely enclosed in a garage. Commercial vehicles are permitted during the period of time during which they are necessary to perform specific duties. No abandoned or non-operational vehicles may be parked on a Lot beyond a period of 24 hours unless it is parked in a garage so as to be concealed from public view.

I. Trash. No rubbish, trash, garbage, or waste material shall be kept or permitted on any Lot except in sanitary containers which shall be placed within enclosed areas so as to be concealed from public view, except when placed for collection.

J. Satellite Dishes. No satellite dish is permitted on any Lot in front of the rear line of any structure. If a satellite dish is installed, it shall be screened so as not to be visible from any adjoining Lots or from the street right-of-way.

K. Above-Ground Swimming Pools. No above-ground swimming pools are permitted.

L. Fuel Storage. All fuel storage containers on a Lot must be placed within the residence or underground, subject to applicable laws and regulations.

M. Clothes Lines. No clothes lines or clothes poles or other device or mechanism for hanging clothes shall be maintained on any building lot, unless totally screened from both public view and neighboring lots.

6. Use Restrictions.

A. Pets. No poultry or livestock of any kind shall be raised, bred or kept on any Lot, except for dogs, cats and other common household pets provided they are not kept, bred or maintained for commercial purposes.

B. Hazardous Substances. No Owner shall release, store or bury or permit the release, storage or burial of any hazardous substance on any Lot. "Hazardous substance" and "release" shall have the meanings given them in the Federal Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. 9601).

C. Oil and Gas Leases. No oil or gas lease will be permitted within the Subdivision other than _____ recorded on _____, _____ at Volume _____, Page, _____ in the _____ County Recorder's Office. No Lot or portion of any Lot shall be used in any way for oil and/or gas drilling, exploration or production, including consolidation of any Lot or any portion of any Lot with any other property for purposes of oil and/or gas drilling, exploration or production.

D. Lake Facilities. The provisions of this subparagraph 6.D. shall apply solely with respect to Lot Nos. _____ through _____, which adjoin and partly comprise the inland water reservoir commonly referred to as Blue Lake located in _____, _____ (the "Lake"). No owner of Lot Nos. _____ to _____ (individually a "Lake Owner" and collectively the "Lake Owners") shall use or permit the use of any sailboat or other watercraft whatsoever, other than sailboats and other watercraft not exceeding eighteen (18) feet in length and power by an electric motor not exceeding two (2) horsepower (if at all), and in no event shall any Lake Owner use or permit the use of any internal combustion engine powered watercraft. No Lake Owner shall administer any chemical treatment to the Lake or any portion thereof, nor release any fish stock or other wildlife into the Lake or any portion thereof, without the express written consent of the other Lake Owner(s), all of which shall be conducted in strict accordance with all applicable laws, rules, regulations, ordinances, rulings, and other requirements or restrictions of all governmental authorities having jurisdiction thereof.

7. Homeowners' Association.

A. Membership. All Owners shall be members of Winton Heights Homeowners' Association (the "Association"). Each Owner shall participate in and be subject to all rules, regulations, assessments and contractual obligations of the Association which may be established or enacted by its governing body. Each Owner shall have one (1) vote for each Lot owned by such Owner in all matters requiring approval of the Owners, whether such approval is required pursuant to this Declaration or the rules and regulations of the Association.

B. Governing Body. The governing body shall be established by the Owners after three-fourths (3/4) of the Lots in the Subdivision have been deeded to Owners other than Declarant. At such time as the governing body is created and the requisite number of Lots have been sold, the Association shall succeed to all rights and obligations of the Declarant under this Declaration, except Declarant's rights under Paragraph 10., which Declarant shall retain.

8. Assessments.

A. Covenant to Pay Assessments. Declarant, for each Owner of a Lot within the Subdivision, hereby covenants and each Owner of a Lot by acceptance of a deed, whether or not it shall be so expressed in the deed, is deemed to covenant

and agree to pay the Association annual assessments or charges and special assessments for capital improvements, such assessments to be established and collected by the Association. The annual and special assessments, together with interest, costs and reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien on the Lot against which each assessment is made. Each assessment, together with interest, costs and reasonable attorneys' fees, shall also be a personal obligation of the person or persons who are the titleholders to such Lot at the time the assessment falls due. Personal obligation for delinquent assessments shall not pass to successors in title unless expressly assumed by them, but the assessments shall continue as a charge on the Lot conveyed to the successor in title. The assessments levied by the Association shall be used for the improvement and maintenance of those portions of Lots which are subject to landscaping or other easements for the benefit of Declarant and/or the Association ("Easement Areas"), and for the maintenance of the private road and any other common areas within the Subdivision.

B. Allocation of Assessments. Each Owner of a Lot, including the Declarant, shall be responsible for the payment of his, her or its respective share of each assessment and charge established by the Association. Each Owner's share shall be determined by dividing the amount of such assessment or charge by the total number of Lots in the Subdivision. In the event that any Lot shall be jointly owned by two (2) or more Owners, all such Owners shall be treated collectively as one (1) Owner for purposes of determining the share allocated to such Lot hereunder.

C. Interest on Assessments. Any assessments not paid within thirty (30) days after the date due shall bear interest at the rate of ten percent (10%) per annum and shall include costs and reasonable attorneys' fees incurred in collection. The Association will bring an action of law against the owner personally obligated to pay the same, or foreclose the lien against the Lot in accordance with the laws of the State of _____. No Owner may waive or otherwise escape liability for the assessments by non-use of the Easement Areas or abandonment of the Lot.

D. Commencement of Assessments. The Association's responsibility and obligation to collect assessments and maintain any Easement Areas shall commence as of the date of creation of the Association's governing body. Prior to such date, maintenance of any Easement Areas shall be the responsibility of Declarant.

E. Maintenance of Common Areas and Easement Areas. The Association shall provide for the maintenance and repair of all common areas and all Easement Areas. In furtherance thereof, Declarant, for each Owner of a Lot within the Subdivision, hereby grants to the Association, its agents, employees, and contractors, such easements of access to all common areas and all other Easement Areas, as shall be required for the purpose of carrying out the maintenance and repair thereof. In consideration thereof, the Association hereby indemnifies, defends, and holds harmless Declarant, and the Owners of any other Easement Areas, are or will be located, from all claims, actions, causes of action, liens, costs, expenses (including reasonable attorneys fees), and damages to persons or property caused by or growing out of the exercising of any of the rights granted under the aforesaid easements of access. In addition, to insure against the aforesaid risks, the Association shall carry comprehensive general public liability insurance in such amounts as the Association shall reasonably determine, naming the Association, Declarant, and future owners of the Lots on which Easement Areas are or will be located, as insured parties thereunder. The Association shall provide proof of such insurance to the named insureds upon request.

F. Failure to Maintain Common Areas and Easement Areas. In the event the Association fails to make reasonable and necessary maintenance and repairs to any common area or Easement Area and to correct such failure within ten (10) days of receipt of notice of such failure, the Owners shall have the right to maintain and repair such common area or Easement Area and to recover the costs so incurred from the Association, and, in the event the Association shall fail to make such payment within sixty (60) days after written request therefor, from the Owners in proportion to each Owner's respective share of such costs determined in accordance with subparagraph 8.B., above. In addition, in the event the Association and the Owners fail to make reasonable and necessary maintenance or repairs to any common area or Easement Area, the Township of Sharon, after prior written notice upon the Association and the failure of the Association or the Owners to make such maintenance or repair within ten (10) days of receipt of said notice, shall have the right to perform such maintenance or repair at the expense of the Association and Owners. In furtherance thereof,

Declarant, for each Owner of a Lot within the Subdivision, hereby grants to the Township of _____ and County of _____, and their respective agents, employees, and contractors, such easements of access to all common areas, and to all Easement Areas as shall be required for the purpose of carrying out the maintenance and repair thereof. The Township of _____ shall have the right to assess the costs of such maintenance and repair against the Association, and, in the event the Association shall fail to make such payment within sixty (60) days after written request therefor, may collect such assessment from the Owners, provided however that each Owner shall be liable solely for such Owner's respective share of such assessment, which share shall be determined in the manner described in subparagraph 8.B., above.

9. Remedies. The remedies described in this Paragraph 9. shall be in addition to any other remedies provided for in this Declaration.

A. Correction of Violations. Declarant shall provide written notice to any Owner whose Lot is in violation of this Declaration. The Owner shall have fifteen (15) days from receipt of written notice to take reasonable steps to correct the violation. If reasonable steps have not been taken toward the alleviation or termination of the violation within said fifteen (15) days, Declarant shall have the right, through agents and employees, to enter the Lot for the purpose of taking such steps as are necessary to abate and/or remove the violation. The Owner of the Lot in violation shall pay all costs incurred by Declarant in abating and/or removing the violation, including, without limitation, reasonable attorneys' fees and expenses, within fifteen (15) days of receipt of an invoice for same from Declarant. Beginning on the sixteenth (16th) day after receipt of such invoice, the outstanding balance of the costs incurred shall accrue interest at the rate of ten percent (10%) per annum until paid.

B. Lien. Declarant shall have a perpetual lien upon the Lots to secure, as to any specific Lot, the payment of assessments levied pursuant to Paragraph 8. above and costs incurred by Declarant in maintaining any specific Lot, and such costs shall also be the personal responsibility of the Owner, other than Declarant (and the joint and several obligation of all parties comprising an owner, if applicable) as of the time the assessment or costs come due pursuant to subparagraphs 8.A. and 9.A. respectively. If default in payment continues for a period of forty-five (45) days after the same shall become due and payable, Declarant shall have the right to declare the entire balance of such assessments or costs and any interest thereon to be immediately due and payable and may cause a "Notice of Lien" to be filed with the County Recorder. Such lien shall remain valid for ten (10) years from the time of filing thereof, unless extended or unless sooner released or satisfied in the manner provided by law or discharged by the final judgment or order of the court in an action brought to discharge such lien as hereinafter provided. In the event any such costs are not paid when due, the Declarant may, when and as often as such delinquencies occur, proceed by process of law to collect the amount then due by foreclosure of the above described lien or otherwise, and in such event shall also be entitled to recover and enforce against each Lot a lien for its costs and expenses, including attorneys' fees.

C. Priority of Declarant's Lien. The lien of Declarant may be foreclosed in the same manner as a mortgage on real property in an action brought by Declarant. In any such foreclosure action, Declarant shall be entitled to become a purchaser at the foreclosure sale. Sale or transfer of any Lot shall not affect the Declarant's lien; provided, however, that the sale or transfer of any Lot pursuant to foreclosure of a first mortgage shall, to the extent provided by laws as to liens, extinguish the lien of Declarant as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any costs thereafter becoming due or from the lien thereof.

D. Court Enforcement. Declarant shall have the right to have any breach of the covenants and restrictions contained herein enjoined by order of any court having jurisdiction and the right of specific performance with respect to the provisions of each such covenant or restriction.

10. Amendment. This Declaration may be amended only as follows:

A. Addition or Deletion of Real Property. So long as Declarant owns at least (1) Lot in the Subdivision, this

Declaration may be amended by an instrument in writing signed by Declarant for the purpose of adding real property to the Subdivision, which shall then be subjected to the provisions of this Declaration, or deleting real property from the Subdivision, which shall then not be subjected to the provisions of this Declaration.

B. Amendment by Declarant. So long as Declarant owns at least one (1) Lot in the Subdivision, Declarant reserves the right to add to, modify or waive any or all of the covenants or restrictions set forth herein as to any individual Lot or as to all Lots, as Declarant, in its sole discretion, deems advisable.

C. Other Amendments and Termination. Provided Declarant does not own any Lot in the Subdivision, this Declaration may be amended or terminated for any reason by written instrument signed by Owners owning, in the aggregate, at least two-thirds (2/3) of the Lots in the Subdivision.

D. Amendment Regarding Duties of Association. Notwithstanding the foregoing provisions of this Paragraph 10., no amendment to this Declaration shall materially affect the provisions of subparagraph 8.F. unless such amendment shall be submitted to and approved by the Township of _____ and County of _____.

Any amendment shall become effective from and after the date of filing with the County Recorder an instrument stating the amendment and signed with the formalities required by law for recording by either (i) Declarant, in the case of amendment pursuant to subparagraph 10.A. or 10.B., or (ii) the requisite number of Owners in the case of amendment pursuant to subparagraph 10.C.

11. Miscellaneous Provisions.

A. No Waiver. No covenant, restriction, condition, obligation or provision contained herein shall be deemed to have been abrogated or waived by reason of any failure to enforce the same, regardless of the number of violations or breaches which may occur.

B. Lot Division. Except for Lots owned by Declarant, no Lot shall be further divided, nor shall any portion less than the whole Lot be conveyed, either voluntarily or involuntarily, without prior approval of Declarant.

C. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions, which shall remain in full force and effect.

D. Application of Zoning Code. In the event that the local zoning code or other governmental regulation is more restrictive than this Declaration with regard to matters addressed herein, the local zoning code or applicable regulation shall control; otherwise the provisions of this Declaration shall control.

E. Covenants Binding on Owners. The covenants, rights, terms, reservations, limitations, agreements and restrictions contained in this Declaration shall be deemed to be covenants running with the Subdivision and each Lot therein, and not conditions, and shall bind Declarant and all Owners, their respective heirs, successors and assigns. This Declaration shall create privity of contract and/or estate with and among all Owners of any part of the Subdivision and/or any Lot therein, their heirs, executors, administrators, successors or assigns. It is understood and agreed that the covenants, rights, terms, reservations, limitations, agreements and restrictions herein are part of a uniform plan of development for the Subdivision as a whole, and the recording of this Declaration shall be constructive notice to any present or future Owner or Owners of any interest in the Subdivision and/or any Lot therein of the terms of this Declaration, whether or not specific reference is made in the deed or instrument of transfer to such Owner or Owners. By the acceptance of a deed or other instrument of conveyance, the Owner accepting such instrument automatically thereby consents to and approves of this Declaration and agrees to be bound by its provisions.

F. Duration. This Declaration and the covenants and restrictions set forth herein shall remain binding from the date of

the filing of this Declaration for record in the County Recorder's office and for fifty (50) years thereafter, subject to termination pursuant to subparagraph 10.C. above, and shall automatically extended for successive five (5) year periods thereafter unless on or before expiration of any one (1) such extension period the owners of a majority of the Lots shall by written instrument, duly recorded, declare a termination of the same.

G. Notice. Any notice to be delivered to an Owner hereunder shall be deemed received when mailed, postage prepaid, to the last address of such Owner as such address appears on the records of the County Auditor.

WHEREFORE, Declarant has executed this Declaration of Covenants and Restrictions as of the date first above written.

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.84

FORM 22.84 Contract between real estate developer and purchaser of housing development which developer will build--project will provide housing for low-income persons--purchaser of housing project is non-profit corporation--funds to purchase housing project will be provided by government program--developer will transfer housing project to non-profit corporation, which will own and operate project

COMMENT

Some states throughout the nation offer programs that provide funding to non-profit corporations which use the money to purchase housing for low-income Americans. Once purchased, the corporations then own and operate the housing. In the agreement below, a real estate developer agrees to construct a housing development for a non-profit corporation which, in exchange, agrees to purchase it with government-supplied funds, and then own and operate it for the benefit of low-income citizens.

In such cases, the developer will typically file the application for the funds with the applicable state agency. In so doing, the developer must: (1) estimate its costs in acquiring the underlying land and constructing the housing project; and (2) calculate a reasonable profit. Should there be an error in these calculations or a cost overrun during construction, then the developer itself would absorb any loss.

For its part, the non-profit corporation agrees to accept title to the property before completion of the project. In exchange, the developer provides the non-profit corporation with a "hold harmless" covenant in case there is any injury to person or property after title has been transferred to the non-profit corporation and during completion of construction. The developer "backs up" the hold harmless with liability insurance which names the non-profit corporation as the insured.

The construction loan documents, such as the mortgage and the building loan agreement, must be signed by the president of the non-profit corporation as its representative; however, the non-profit

corporation does not sign the promissory note. All documents must provide that the mortgage obligation is non-recourse as to the non-profit corporation.

Under the terms of this agreement, the architect is paid by the developer, but she still has a fiduciary duty that extends to the non-profit corporation. The architect must make certain that, during construction, the drawings, plans and specifications she prepared earlier are fully implemented by the developer. This provision is necessary in order to protect the non-profit corporation, which is not free to terminate the contract if it dislikes the construction job done by the developer.

For additional forms relating to joint ventures, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

AGREEMENT made this _____ [day] day of _____ [month], _____ [year], between _____ [name], a non-profit corporation existing under the laws of the State of _____ [state] (hereafter "Transferee"), with offices for the transaction of business at _____ [address], and _____ [name], a(n) _____ [state] _____ [entity], with offices for the transaction of business at _____ [address], (hereafter referred to as "Developer").

WITNESSETH:

WHEREAS, Developer is the contract vendee of a certain parcel of land which is located at _____ [insert geographical location of parcel], in the City of _____ [city], County of _____ [county], and State of _____ [state], more particularly described in Schedule A, which is annexed hereto and made a part hereof; and

WHEREAS, Developer has received preliminary approval from the Department of [_____ insert name of government department or agency that is providing funding for development] of the State of _____ [state] (hereafter referred to as "State") for the construction of _____ (_____) unit project of new construction, which will consist of housing for low-income senior citizens]; and

WHEREAS, the State requires that the owner and operator of a real estate development project for which it grants financing must be a non-profit corporation; and

WHEREAS, Transferee is a non-profit corporation established to assist low-income citizens;

NOW, in consideration of the mutual promises contained herein, it is agreed as follows:

1. *Environmental concerns.* Developer shall engage an experienced and licensed environmental consulting firm to perform a Phase I environmental site assessment. This assessment shall consist of the following, at a minimum:

(a) identification of all prior owners and users of the subject property in order to determine the likelihood that any prior owner may have used or disposed of toxic or hazardous substances on the premises;

(b) a physical inspection of the entire area in order to search for physical indications of the prior use or disposal of toxic

or hazardous substances;

(c) a review of state and federal databases (both computer and otherwise) in order to locate the sites nearest the subject premises which have been previously cited for releasing or disposing of toxic or hazardous substances;

(d) an evaluation of the likelihood of migration of toxic or hazardous substances from such sites to the subject premises; and

(e) a review of current uses of sites adjacent to the subject premises in order to determine the likelihood of current or future contamination of those adjacent sites due to the discharge of toxic or hazardous substances, and the likelihood of migration of such substances from the sites to the subject premises.

In the event that the environmental consulting firm informs the Developer that the results of the Phase I assessment indicate that actual testing of soil, water and/or air samples may be necessary, Developer shall engage the said firm to perform the sampling and testing. In the event that any toxic or hazardous substances are located, Transferee shall have the right to terminate this agreement for good cause. In such case, all expenses incurred pursuant to the provisions of this Paragraph 1 shall be the sole cost and expense of Developer.

Transferee shall be entitled to receive from Developer a copy of a written report prepared by the environmental consulting firm, indicating that there is no evidence of any adverse environmental condition existing on the subject premises due to the disposal or release of toxic or hazardous substances on or near said premises, as described in Schedule A. If such a report is not received by Transferee on or before _____[month] _____[day], _____[year], Transferee may terminate this Agreement for good cause. In such case, all expenses incurred pursuant to the provisions of this Paragraph 1 shall be the sole cost and expense of Developer.

2. *Approvals.* Developer shall prepare and submit all necessary applications to the City of _____[city] in order to obtain zoning and planning board approvals. Transferee shall attend and testify at any hearing, upon the request of Developer. Transferee shall review all applications prior to submission, if requested to do so by Developer.

3. *Transfer of title.* Transferee agrees to accept transfer of title prior to completion of construction. Upon transfer of title, Developer shall provide to Transferee the following items at Developer's sole cost and expense:

(a) An abstract of title or a title insurance policy evidencing marketable title, which is free and clear of any and all liens. The title must also be free of any easements, except for water, sewer, electric, gas, telephone and cable television easements. In the event that other easements exist, Developer will obtain a release prior to transfer of title.

(b) An assignment of the contract entered into by Developer for the purchase and sale of the undeveloped property described in Schedule A, which assignment shall include the written consent of the contract vendor to the assignment.

(c) A warranty deed.

(d) A preliminary survey certified to Transferee and showing all existing easements. A final survey showing the project as completed shall be provided by Developer upon completion of construction. The "as built" survey shall be certified to Transferee and to the State

4. *Mortgage.* Developer shall arrange for construction financing. Developer shall be obligated on the note. Transferee shall sign only the mortgage. The loan documents shall specifically provide that the loan shall be without recourse to Transferee. Developer shall pay all costs associated with the mortgage closing, including, but not limited to:

(a) state mortgage tax (if any);

(b) mortgage and deed recording fees;

(c) building loan agreement filing fee;

(d) mortgage loan points;

(e) appraisal fee;

(f) application fee; and

(g) legal fees to lender and Transferee.

5. *Insurance.* Developer shall obtain the following types of insurance for the benefit of Transferee and the construction lender:

(a) liability insurance in at least the amount of _____ Dollars (\$_____) for any single incident, and _____ Dollars (\$_____) in the aggregate;

(b) casualty insurance in at least the amount of _____ Dollars (\$_____);

(c) a completion bond with a value equal to at least the amount of the construction contract; and

(d) contractual liability insurance to fund the hold harmless clause contained herein.

All insurance policies shall name Transferee and the construction lender as additional insureds. Copies of the policies shall be delivered to Transferee at the time of transfer of title. All policies shall have a provision requiring written notice of cancellation to be sent by the insurer to the Transferee at least _____ (_____) days prior to the effective date of such cancellation, regardless of the reason for such cancellation.

6. *Hold harmless.* Developer shall indemnify and hold Transferee harmless from and against any and all claims and losses--including costs of defense, attorneys' fees, judgments, settlements, etc.--for any injury to persons or property occurring on or about the premises described in Schedule A, which injury occurs during the period extending from the transfer of title until the acceptance of the building by Transferee or issuance of a certificate of occupancy by the City of _____[city], whichever is later, regardless of when the claim is actually brought.

7. *Scope of the project.* The project shall consist of _____ (_____) units of housing designed in the "townhouse" style.

Each unit shall be on ground level and shall be accessible to the handicapped. Each unit shall contain:

(a)

_____) bedroom;

(b)

_____ (_____) full bathroom;

(c) a kitchen with an eating area measuring no less than

_____ (_____) feet by _____ (_____) feet;

(d) a living room; and

(e) a porch or deck area.

Each unit shall also contain storage space and a driveway large enough to park a single car.

The project shall also contain a community building with laundry facilities, an office for the manager, and a meeting room with kitchen facilities attached.

Units may be attached to each other in groups of no more than _____ (_____) units. If attached units are constructed, then common parking areas may be used, instead of driveways.

8. *Construction.* Developer shall engage a reputable contractor to construct the project described herein. All work shall be of superior quality and shall strictly comply with all state and local building codes. The architect's drawings, plans and specifications are annexed hereto as Schedule B and made a part hereof. Said Schedule B shall form part of this contract. The construction shall conform in all respects to said Schedule B. The architect shall determine whether the construction meets the standards set forth herein. Developer shall make all modifications required by the architect in order to be certain that the construction conforms to the architect's drawings, plans and specifications.

9. *Warranty.* Developer shall obtain from the contractor a warranty on the project. The warranty shall cover defects in labor and materials for at least _____ (_____) years on the entire project. The warranty shall run to Transferee and shall not allow for consequential damages. In addition, the following major items and systems shall be warranted for a period of at least _____ (_____) years:

- (a) the roof;
- (b) the plumbing system;
- (c) the heating, ventilation and air conditioning system (HVAC); and
- (d) the foundation.

Transferee shall be the beneficiary on any manufacturer's warranty on household appliances. The warranty provided by the contractor shall state that the contractor shall be responsible for repair of any defect in the household appliances, and

shall act as Transferee's subrogee on any manufacturer's warranty.

The warranty provided by the contractor shall also state that the contractor shall act within twenty-four (24) hours of receipt of notice of any defect in the plumbing system or the HVAC system.

10. *Completion of construction.* Upon the completion of construction, Developer shall obtain a certificate of occupancy from the City of _____[city]. Developer shall also obtain certification from the architect that the project has been completed in accordance with the architect's plans and specifications.

In the event that minor items still remain to be completed or repaired, a list of such items may be prepared by Transferee and the architect. Developer shall complete or repair the list items within _____ (_____) days after receipt of the list. (The term "minor items" shall mean any single item which costs less than _____ Dollars (\$_____) to complete or repair; the term shall also mean all such items together, the aggregate cost of which to complete or repair may not exceed _____ Dollars (\$_____). If the list items are not completed or repaired by the Developer before the closing with the State, then the sum of _____ Dollars (\$_____) shall be withheld from Developer's fee until all such items are completed or repaired to the satisfaction of Transferee and the architect.

11. *Architect.* The architect or firm shall be _____[name]. The architect shall be paid by Developer. However, the architect shall be the agent of Transferee. The architect shall not be changed without the prior written consent of Transferee. The architect shall be provided with a copy of this Agreement, and any amendments thereto, by Developer.

12. *License.* Transferee shall give Developer, its agents, employees, and invitees a limited revocable license to enter onto the property described in Schedule A during the period of construction, for the purpose of performing the tasks required hereunder.

13. *Closing with State.* Developer shall be paid the purchase price of _____ Dollars (\$_____) at the closing with the State. Such payment is to be paid from the State funds allocated to this project, based on the application made by Developer prior to the date of this Agreement. There is no obligation on the part of Transferee to make any payment to Developer from its own funds. Any shortfall shall reduce the amount of funds due to Developer. Developer shall pay off the construction mortgage from the purchase price funds.

14. *Transferee to own and operate housing project.* Transferee agrees to own and operate the project in full compliance with all applicable State regulations for the period of _____ (_____) years. Throughout this entire period, this housing project must be used to provide affordable housing to persons of low and moderate income, as defined by the State.

15. *Entire agreement.* This Agreement, together with the other written agreements and instruments executed concurrently herewith or pursuant to the provisions hereof, contains the entire agreement between the parties concerning the matters herein set forth and supersedes all prior agreements between them respecting such matters.

16. *Counterparts.* This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. At the trial of any matter arising under this Agreement, only one counterpart need be produced.

17. *Headings.* Paragraph headings are for the purposes of convenience and identification only and shall not be used to interpret or construe this Agreement.

18. *Waivers.* Except as herein expressly provided, no waiver by either party of any breach of this Agreement, or of any

warranty or representation hereunder, shall be deemed to be a waiver by the same party of any other breach of any kind or nature (whether preceding or succeeding the breach in question, and whether or not of the same or similar nature).

No acceptance by a party of payment or performance after any such breach shall be deemed to be a waiver of any breach of this Agreement or of any representation or warranty hereunder, whether or not the party knows of the breach when it accepts such payment or performance.

No failure by a party to exercise any right it may have under this Agreement or under law upon another party's default, and no delay in the exercise of that right, shall prevent it from exercising the right whenever the other party continues to be in default. No such failure or delay shall operate as a waiver of any default or as a modification of the provisions of this Agreement.

19. *Gender and number.* Whenever the singular or plural number, or the masculine, feminine or neuter gender, is used herein, it shall equally include the other(s).

20. *Notices.* Any notice which any party is required or may desire to give hereunder shall be in writing and may be personally delivered, transmitted by facsimile machine, or delivered by the United States Postal Service or private delivery service to the above addresses. Notice is deemed given when received.

21. *Governing law.* This Agreement shall be construed and enforced in accordance with the laws of the State of _____[state].

22. *Binding effect.* This Agreement shall be binding upon, and inure to the benefit of, both parties and their respective heirs, representatives, successors and assigns.

23. *Termination.* This Agreement may only be terminated by a party for good cause. Termination shall only become effective upon receipt of the written consent of the State to the termination. In the event the State fails to consent to the termination, then the parties shall be obligated to fulfill the terms of this Agreement in their entirety.

The parties hereto have set their hands and seals the day and year first above written.

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.85

FORM 22.85 Contract between real estate developer and purchaser of housing development which developer will build--project will provide housing for low-income persons--purchaser of housing project is non-profit corporation--funds to purchase housing project will be provided by government program--developer will transfer housing project to non-profit corporation, which will own and operate it--alternate form

COMMENT

As noted in the Comment to the immediately preceding Form 22.84, some states throughout the nation offer programs that provide funding to non-profit corporations which use the money to purchase housing for low-income Americans. Once purchased, the corporations then own and operate the housing project.

In the agreement below, a real estate developer agrees to rehabilitate an abandoned public school building and turn it into rental units. The rehabilitated structure will then be transferred to a non-profit corporation, which agrees to purchase it with government-supplied funds and then own and operate it for the benefit of low-income citizens for a fixed number of years.

In the form below, the developer files the application for funds with the applicable state agency. In so doing, the developer must: (1) estimate its costs in acquiring the property and rehabilitating it; and (2) calculate a reasonable profit for itself. Should there be an error in these calculations or a cost overrun during construction, then the developer itself would absorb any shortfall.

For its part, the non-profit corporation agrees to accept title to the property. Typically, the government agency providing the financing covers all expenses of the non-profit corporation--including, among others, attorneys' fees and title review costs--as a further incentive for the non-profit corporation to participate in the program. The non-profit corporation is contractually obligated to own and operate the rental property for a fixed number of years. After that time period has expired, the corporation will own the property free and clear of any further

duty owed to the state.**FORM**

AGREEMENT made this _____ [day] day of _____ [month], _____ [year], between _____ [name], a non-profit corporation existing under the laws of the State of _____ [state], with offices for the transaction of business at _____ [address] (hereafter referred to as "Non-profit corporation"), and _____ [name] a(n) _____ [state] _____ [entity], with offices for the transaction of business at _____ [address] (hereafter referred to as "Developer").

WITNESSETH:

WHEREAS, Developer is the contract vendee for a parcel of real property commonly known as _____ [identify the property that is being rehabilitated into housing units, e.g., Public School No. 19, located in the City of _____ [city] and State of _____ [state]], and more particularly described in Schedule A, which is annexed hereto and made a part hereof; and

WHEREAS, it is the intention of Developer to rehabilitate _____ [e.g., the former school building] into rental housing units for low-income persons; and

WHEREAS, it is the intention of Developer to seek funding for the project from the Department of _____ [insert name of state department or agency that is providing funding for project, e.g., Housing and Community Development] of the State of _____ [state] (hereafter referred to as the "State"); and

WHEREAS, the State requires that the ultimate owner of the project be a non-profit corporation; and

WHEREAS, the Non-profit corporation has experience in owning and operating rental housing for low-income persons, and is willing to accept this project;

NOW, in consideration of the mutual promises contained herein, it is agreed as follows:

1. *Developer to file application for State funding for rehabilitation project.* Developer shall make and file a funding application with the State for the rehabilitation project described above. This application shall comply in all respects to the regulations and departmental policies issued by the State. The application shall be subject to review and approval by the Non-profit corporation prior to filing. The Non-profit corporation shall not unreasonably withhold approval. Developer shall promptly make all changes reasonably requested by the Non-profit corporation. The parties shall cooperate so that the completed application will be filed on or before _____ [month] _____ [day], _____ [year].

2. *Obtaining architectural plans for rehabilitation project.* Developer shall engage the architectural firm of _____ [name], located at _____ [address], to prepare all architectural plans needed for the project. These plans shall include construction drawings, site plans and other materials that will be necessary to win municipal approval of the project, as well as approval from the State agency that is providing funding. The fee charged by the architectural firm shall be the expense of the Developer.

3. *Developer to seek municipal approval for project.* Upon receipt of preliminary notice from the State that it will grant funding for the project, Developer shall make application for any municipal approvals required from the City of

_____[city]. As requested by Developer, the Non-profit corporation shall assist in the preparation of the application and at any hearings conducted pursuant to the application.

4. *Developer to obtain bids from contractors for construction of project.* Upon receipt of the municipal approvals, Developer shall obtain bids from contractors for construction of the project. Developer shall not be obligated to accept the lowest bid. Developer may select any reputable bidder whose bid falls within the project budget submitted to the State by Developer as part of Developer's application for funding. Developer may select a related bidder provided that the bid falls within said budget.

5. *All work by contractor must be performed in first-class manner.* Developer shall require, in its construction contract with the successful bidder, that all work be performed in a first-class manner, in compliance with state and local building codes, and pursuant to the construction drawings prepared by the architectural firm.

6. *Contractor must provide warranty.* Developer shall require the successful bidder to provide a written warranty that incorporates the following provisions. All systems and items described below shall be warranted to be free of any defects in labor and materials for the following periods of time, measured from issuance of the certificate of occupancy:

(a) the roof, _____ (_____) years;

(b) the plumbing system, _____ (_____) years;

(c) the heating, ventilation and air conditioning system (HVAC), _____ (_____) years; and

(d) all other work, _____ (_____) years.

The warranty shall run from the contractor to the Developer and shall be transferable to the Non-profit corporation. The warranty shall not exclude consequential damages.

7. *Completion bond.* Developer shall require a completion bond from any contractor who is awarded the contract. The completion bond shall be delivered to Developer prior to the commencement of construction.

8. *Builder's all-risk insurance.* Developer shall require the successful bidder to obtain builder's all-risk insurance, including personal injury insurance with a limit of _____ Dollars (\$_____), and property damage coverage with a limit of _____ Dollars (\$_____). The certificate of insurance evidencing coverage shall be delivered to Developer prior to the commencement of construction. The policy of insurance shall contain a provision requiring notice of cancellation to be sent to Developer at least _____ (_____) days prior to the effective date of cancellation.

9. *Historic preservation considerations.* Developer acknowledges that all aspects of the existing structure that are designated as historically significant by the State of _____ [state] shall be preserved during construction. These shall include, at a minimum, _____ [e.g., the classroom blackboards, school bell, and the iron cupola on the roof].

10. *Construction financing.* Developer shall be entitled to procure whatever construction financing it shall deem necessary or appropriate to facilitate completion of the project. All expenses in connection with such financing shall be the sole responsibility of Developer.

11. *Certificate of occupancy.* Upon completion of construction, Developer shall obtain a certificate of occupancy from the City of _____ [state] for the structure as a whole and one for each dwelling unit contained therein.

Copies of the certificates of occupancy shall be provided to the Non-profit corporation and to the State.

12. *Environmental considerations.* In the event that any environmental problems are discovered during the course of construction, such problems shall be remediated at the sole expense of Developer. Such remediation activities shall be in strict compliance with all federal, state and local laws, regulations and policies.

13. *Asbestos.* The parties acknowledge that there is asbestos insulation in the structure. Such asbestos insulation is located in the following places in the building: _____ [*designate areas*]. All asbestos shall be removed from the premises. Developer shall not be entitled to use "asbestos containment" procedures. Developer shall use only licensed asbestos handlers in conducting such removal. Once removal is completed, the premises must undergo an air quality test, indicating that the premises then meet or exceed State regulatory standards for acceptable levels of friable asbestos fibers in an enclosed area. Copies of all air-testing results shall be provided to the Non-profit corporation within _____ (_____) hours of receipt by Developer.

14. *Closing.* Upon receipt of the certificates of occupancy, the parties shall schedule a closing with representatives of the State. At the closing:

(a) Developer shall provide to the Non-profit corporation releases of liens from all subcontractors and materialmen.

(b) Developer shall provide evidence that title is marketable. Title shall be free of all liens. The only acceptable easements shall be for water, sewer, gas, electric, telephone and cable television service. In the event that any other easements burden the property, Developer shall obtain a release at the request of the Non-profit corporation.

(c) Developer shall provide the Non-profit corporation with a survey certified to both the Non-profit corporation and the State, showing the property described in Schedule A as having been completely built.

(d) Developer shall provide a warranty deed, with deed stamps affixed in the proper amount, so as to convey fee title to the Non-profit corporation.

(e) Developer shall receive from the State a check in the sum of _____ Dollars (\$_____).

15. *Non-profit corporation to own and operate housing project for fixed term of years.* The Non-profit corporation agrees to own and operate the project, in full compliance with all State regulations, for a period of _____ (_____) years. During said period, the Non-profit corporation agrees that this project shall be used solely to provide affordable rental housing to persons of low and moderate incomes, as defined by applicable State regulations.

16. *Entire agreement.* This Agreement, together with the other written agreements and instruments executed concurrently herewith or pursuant to the provisions hereof, contains the entire agreement between the parties concerning the matters herein set forth and supersedes all prior agreements between them respecting such matters.

17. *Counterparts.* This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. At the trial of any matter arising under this Agreement, only one counterpart need be produced.

18. *Headings.* Paragraph headings are for the purposes of convenience and identification only and shall not be used to interpret or construe this Agreement.

19. *Waivers.* Except as herein expressly provided, no waiver by either party of any breach of this Agreement, or of any

warranty or representation hereunder, shall be deemed to be a waiver by the same party of any other breach of any kind or nature (whether preceding or succeeding the breach in question, and whether or not of the same or similar nature).

No acceptance by a party of payment or performance after any such breach shall be deemed to be a waiver of any breach of this Agreement or of any representation or warranty hereunder, whether or not the party knows of the breach when it accepts such payment or performance.

No failure by a party to exercise any right it may have under this Agreement or under law upon another party's default, and no delay in the exercise of that right, shall prevent it from exercising the right whenever the other party continues to be in default. No such failure or delay shall operate as a waiver of any default or as a modification of the provisions of this Agreement.

20. *Gender and number.* Whenever the singular or plural number, or the masculine, feminine or neuter gender, is used herein, it shall equally include the other(s).

21. *Notices.* Any notice which any party is required or may desire to give hereunder shall be in writing and may be personally delivered, transmitted by facsimile machine, or delivered by the United States Postal Service or private delivery service to the above addresses. Notice is deemed given when received.

22. *Governing law.* This Agreement shall be construed and enforced in accordance with the laws of the State of _____[state].

23. *Binding effect.* This Agreement shall be binding upon, and inure to the benefit of, both parties and their respective heirs, representatives, successors and assigns.

24. *Termination.* This Agreement may only be terminated by a party for good cause. Termination shall only become effective upon receipt of the written consent of the State to the termination. In the event the State fails to consent to the termination, then the parties shall be obligated to fulfill the terms of this Agreement in their entirety.

The parties hereto have set their hands and seals the day and year first above written.

26-22 Current Legal Forms for Real Estate FORM 22.86

FORM 22.86 Declaration of expandable condominium-housing for older persons

COMMENT

In connection with the development of a residential condominium community, the developer will "declare" that the land is a condominium. The declaration is a written document which is filed in the public office where deeds are typically filed. It puts the world on constructive notice that the property is governed by a condominium declaration.

The contents of a declaration of condominium are determined principally by two factors: the items required under the applicable condominium statute and the draftsman's decision as to whether other items should be covered in the declaration or in the bylaws. The following form is an expandable condominium. As expandable condominium is typically when an adjacent parcel is being held back to see if the project is successful. If the project is successful, the condominium declaration is expanded to cover the adjacent parcel. Further, this declaration is intended to limit the occupants of the units to persons that are fifty-five (55) years of age or older.

For additional forms relating to condominium development and condominium associations, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

BAYVIEW CONDOMINIUMS

DECLARATION OF CONDOMINIUM OWNERSHIP
AN EXPANDABLE CONDOMINIUM

This will certify that a copy of this Declaration, together with Bylaws, drawings, legal descriptions and other documents attached hereto as exhibits, have been filed in the Office of the County Auditor, _____[county]
County, _____[state].

Date: _____[month] _____[day], ____[year]

[name]

**DECLARATION OF CONDOMINIUM OWNERSHIP
FOR
BAYVIEW CONDOMINIUMS**

This Declaration of Condominium Ownership ("Declaration") is made this _____[day] day of
_____ [month], ____ [year], by Bayview, Ltd., the "Declarant," a(n) _____[state]
_____ [entity], for the purpose of submitting certain property to condominium use and ownership in
accordance with the provisions of the Condominium Act.

WHEREAS, Declarant is the owner in fee simple of the premises described on Exhibit A, attached hereto and made a part hereof.

WHEREAS, it is the desire and intention of Declarant to enable the premises described on Exhibit A, together with all buildings, structures, improvements, and other permanent fixtures of whatsoever kind situated or to be situated thereon, and all privileges belonging or in any way appertaining thereto (hereafter called the "Condominium Property"), to be owned under and pursuant to that certain type of ownership commonly known as "CONDOMINIUM" and to subject and submit such property to the provisions of Chapter _____[number] of the Condominium Act, as now in effect and as hereinafter amended.

WHEREAS, Declarant reserves the right and option to submit all or any part of the additional property described on Exhibit B, attached hereto and made a part hereof (the "Additional Property") to the Bayview Condominiums in its sole discretion as set forth hereinbelow.

WHEREAS, Declarant is further desirous of establishing for the mutual benefit of all future owners, mortgagees or occupants of the Condominium Property or any part thereof, certain easements and rights in, over and upon such Condominium Property and certain mutually beneficial restrictions and obligations with respect to the use, conduct and maintenance thereof.

WHEREAS, Declarant desires and intends that several owners, mortgagees, occupants and other persons hereinafter acquiring any interest in the Condominium Property shall at all times enjoy the benefits of, and shall hold their interests therein subject to the terms of this Declaration, and all exhibits or other documents referred to herein, all of which are declared to be in furtherance of a plan to promote and protect the condominium aspect of ownership and to facilitate the proper administration of the Condominium Property and are established for the purpose of enhancing the value, desirability, financial stability, harmony and attractiveness of the Condominium Property.

NOW, THEREFORE, Declarant hereby makes the following Declaration as to the provisions, covenants, restrictions limitations, conditions and uses to which the Condominium Property may be put, hereby specifying that said Declaration shall constitute covenants to run with the land and shall be binding on Declarant, its successors and assigns, and all subsequent owners of all or any part of the Condominium Property, together with their respective grantees, heirs, executors, administrators, devisees, successors and assigns:

ARTICLE I

A. Definitions. The following terms used herein are defined as follows.

1. "Act" means the _____ Condominium Act as contained in _____ [citation to relevant statute], as the same may be amended or supplemented from time to time.

2. "Additional Property" means the parcels described on Exhibit B, attached hereto, or so much thereof as may hereafter be submitted to the provisions of the Act, the additional residential buildings and all other structures, improvements and facilities that may hereafter be constructed or installed on the parcel described on Exhibit B, all easements, rights and appurtenances thereto belonging, and all articles of personal property that may be owned by Declarant and may be located on the land described on Exhibit B, for the common use of the Unit Owners.

3. "Additional Drawings" means the drawings that shall accompany any Amendment of this Declaration pursuant to which the Additional Property or any portion thereof may be submitted to the provisions of the Act.

4. "Additional Residential Buildings" means the part of the Additional Property which will consist of such additional single-family residential buildings as may be constructed from time to time upon the land described on Exhibit B, pursuant to the provisions of Article XIV hereof.

5. "Assessments" means regular and special assessments charged proportionately against all Units for accounting purposes.

6. "Association" means the Bayview Condominium Unit Owners Association, Inc., a non-profit corporation to be formed under the State of _____ [state], which shall be a unit owners' association as defined in Section _____ [number] of the Act.

7. "Board" means the Board of Managers of the Association as the same may be constituted from time to time.

8. "Bylaws" means the Bylaws of the Association, marked Exhibit C, attached hereto and made a part hereof.

9. "Common Areas and Facilities" or "Common Areas" means all parts of the Condominium Property except the Units.

10. "Common Surplus" means the amount by which common assessments collected during any period, exceed expenses.

11. "Common Expenses" means all costs, expenses and charges which the Association may charge against a Unit or a Unit Owner as Assessments, pursuant to this Declaration, Bylaws or the Act.

12. "Common Losses" means the amount by which the common expenses during any period of time exceeds Common Assessments and Common Profits during that period.

13. "Common Profits" means the amount by which the total income received from assessments charges for special benefits to specific Units, rents received from rentals of equipment or space in Common Areas, and any other fee, charge or income other than Common Assessments, exceeds expenses allocable to the income, rental, fee or charge.

14. "Condominium Ownership Interest" means a fee simple estate in a Unit, together with its appurtenant, undivided interest in the Common Areas and Facilities.

15. "Condominium Property" means the land described on Exhibit A, attached hereto, and the appurtenant easement for ingress and egress and utilities described in Exhibit A, if any, the Single-Family Buildings located thereon, all other structures, improvements and facilities that have been or may hereafter be constructed or installed on the land described on Exhibit A, and all easements, rights and appurtenances thereto belonging, and all articles of personal property owned by Declarant or the Association and now or hereafter located on the land described on Exhibit A for the common use of the Unit Owners, provided, however, that if Declarant submits the Additional Property to the provisions of the Act by amending this Declaration, references herein to Condominium Property shall include the Additional Property or so much thereof as is added to the Condominium Property.

16. "Condominium Roadway" means the private roadway to be called Bayview Court upon which the Single-Family Buildings front, and which roadway connects the driveways of the Units to the dedicated roadway known as _____[name], and such private roadway is part of the Common Areas and Facilities.

17. "Declaration" means this instrument and all of the Exhibits hereto, as originally executed, or if amended, as so amended, by which the Condominium Property is submitted to the provisions of the Act.

18. "Drawings" means the drawings prepared and certified a registered surveyor, which Drawings are to be filed with this Declaration; provided, however, that if the Additional Property is submitted to the provisions of the Act by amending this Declaration, reference herein to Drawings shall include the Additional Drawings.

19. "Expandable Condominium Property" means a Condominium Property in which this Declaration reserves the right to add Additional Property.

20. "General Provisions" means the covenants, restrictions and easements imposed pursuant to the documents identified in Exhibit E hereof.

21. "Limited Common Areas and Facilities" or "Limited Common Areas" means the Common Areas and Facilities reserved for the use of a certain Unit or Units to the exclusion of all other Units.

22. "Occupant" means the natural person or persons in possession of a Unit.

23. "Par Value" means a number expressed in points attached to a Unit by this Declaration; each Unit is assigned the equal par value of one (1).

24. "Single-Family Buildings" means that part of the Condominium Property consisting of the single-family residential buildings constructed on the land described on Exhibit A and further depicted on Exhibit B; provided, however, that if the Additional Property is submitted to the provisions of the Act by amending this Declaration, references herein to Single-Family Buildings shall include the Additional Single-Family Buildings.

25. "Rules" means such rules and regulations as the Association may periodically adopt relative to the use of all or any part of the Condominium Property.

26. "Special Charges" means all costs, expenses and charges (excluding Assessments) which the Association shall

charge against a Unit or a Unit Owner pursuant to this Declaration, the Bylaws or the Act.

27. "Unit" means that part of the Condominium Property designated in Article II hereof and delineated on the Drawings, provided, however, that if Declarant submits the Additional Property or any portion thereof to the provisions of the Act, the references herein to "Unit" shall include each Unit comprised as part of the Additional Property.

28. "Unit Owner" or "Owner" means a person or persons, natural or artificial, owning the fee simple estate in a Unit, together with its appurtenant, undivided interest in the Common Areas and Facilities.

29. All other terms and/or words used herein that are defined in Chapter _____[number] of the Act have the same meaning as set forth therein.

B. Name. The Condominium Property shall be known as the BAYVIEW CONDOMINIUMS.

ARTICLE II

Establishment of Condominium Ownership,
Division and Declaration of Condominium Property

Declarant, in order to establish a plan of Condominium ownership for the Condominium Property, hereby submits the Condominium Property, hereinbefore described, to the provisions of Chapter _____[number] of the Act. The Condominium Property shall include the structures separately designed and legally described freehold estates, hereinafter described and referred to as "Units," and underlying freehold estate, hereinafter described and referred to as the "Common Areas and Facilities" (including Limited Common Areas and Facilities).

A. Units. The Condominium Property will initially be comprised of four (4) Single-Family Units (identified as Building Nos. _____[number] and _____[number] in the Drawings. Each Unit bears the identifying number as shown on the Drawings. The addresses, type of Units, square footage of each Unit and description of the Units are set forth on Exhibit D, attached hereto and made a part hereof. Each such Unit has appurtenant to it a two-car attached garage.

Subject to the provisions of subparagraph B, next following, each Single-Family Unit consists generally of the entire residential building (with attached garage) including the foundation, walls, and roof together with everything contained within the building such as heating, electrical and plumbing equipment and fixtures, appliances, and that portion of the utility systems as are located fully within and/or servicing solely that Unit, to which the same are appurtenant.

No Unit Owner shall, by deed, plat or otherwise, subdivide or by any other means cause his Unit to be separated into tracts or parcels as the whole Unit is shown on the Drawings. Each Unit Owner shall be entitled to the exclusive ownership and possession of his Unit, and to the ownership of an undivided interest in the Common Areas and Facilities, in the percentage designated on Exhibit D, attached hereto.

B. Common Area and Facilities

1. (a) Description of Common Areas and Facilities. That part of the Condominium Property which comprises the Common Areas and Facilities consists of all parts of the Condominium Property which have not been designated nor delineated as part of the Units in this Declaration or in the Drawings, including the Limited Common Areas and Facilities described in subparagraph (b) next following, and the Condominium Roadway.

(b) Limited Common Areas and Facilities. The Limited Common Areas and Facilities consist of the following:

- (i) The driveway and apron which is accessory to each Unit and which connects to the Condominium Roadway.
- (ii) Any utility pipe, line or system connecting a single Unit to a main or trunk, which main or trunk serves more than a single Unit; and any sump pump serving a single Unit.
- (iii) That portion of the real property (land) surrounding the foundation of the Unit as depicted on the Drawings.
- (iv) That portion of the real property (land) upon which a Unit is situated.

2. Use of Common Areas and Facilities. Each owner of a Unit shall own an undivided interest in the Common Areas and Facilities as a tenant in common with all other such owners, and, except as otherwise limited in this Declaration and in the Bylaws attached hereto as Exhibit C, shall have the right to use the Common Areas and Facilities for all purposes incident to the use and occupancy of his Unit for the purposes described in Article V below, subject to the right of other Unit Owners to the use and enjoyment of the Common Areas and Facilities and for ingress and egress to and from the respective Units, which rights shall be appurtenant to and shall run with his Unit. The extent of such ownership in the Common Areas and Facilities is hereby deemed and expressed by the Par Value of the Unit and shall be filed for record. Each Unit is being assigned an equal par value of 1. The percentages in the Common Areas and Facilities applicable to a Unit set forth on Exhibit D, attached hereto, is based upon the par value of 1 assigned to each Unit divided by the total of the par values for all the Units. The procedures whereby the aforesaid percentage interest may be altered are set forth in Article XV, Section H, below. Except as permitted by Article XV, the percentages of interest cannot be altered or amended except by an amendment to this Declaration unanimously approved by all the Unit Owners affected. Where a Unit is owned by more than one person, whether fiduciaries, tenants in common or otherwise, each shall be entitled to exercise the proportion of the voting power for such Unit as is equivalent to such person's proportionate interest in the Unit.

3. Ownership of Common Areas and Facilities. The percentage of ownership interest in the Common Areas and Facilities attributable to the ownership interest in each Unit, together with the percentage of interest in the division of common profits and expenses, as hereinafter described in Section B, of Article VI of this Declaration, are set forth on Exhibit D, attached hereto. The voting rights of the Unit Owners shall be in accordance with their respective interests in the Common Areas and Facilities.

4. Parking Areas. A Unit Owner shall have the right to use the outdoor parking spaces within the Condominium Property as shown on the Drawings, which are not designated as Limited Common Areas and Facilities, on a non-exclusive basis in common with other Unit Owners, and their respective guests and invitees. Such use shall be subject to Rules from time to time established by the Association.

5. Regulation of Common Areas and Facilities

(a) Regulation by Association. No person shall use the Common Areas and Facilities or any part thereof in any manner contrary to or not in accordance with such Rules pertaining thereto as from time to time may be adopted by the Association, which Rules shall not be in conflict with the provisions hereof. Without in any manner intending to limit the generality of the foregoing, the Association shall have the right, but not the obligation, to promulgate Rules limiting the use (subject to all easements) of the Common Areas and Facilities to members of the Association and their respective families, guests, invitees and servants, as well as to provide for the exclusive use by a Unit Owner and his guests for special occasions, of recreational areas and other similar facilities, if any. Such use may be conditioned upon, among other things, the payment by the Unit Owner of such assessment as may be established by the Association for the purposes of defraying costs thereof.

(b) Use of Common Areas and Facilities. Subject to the Rules from time to time promulgated by the Association, all

owners may use the Common Areas and Facilities in such manner as will not restrict, interfere or impede the use thereof by the other Unit Owners.

ARTICLE III

General Provisions as to Units and Common Areas and Facilities

A. Maintenance of Units

1. By the Association. Except as otherwise provided in Section 2, next following, the Association at all times, at its cost and expense, shall maintain the Common Areas and Facilities in good order, condition, replacement and repair, shall maintain, plant, seed, reseed, fertilize, cut and trim all of the lawns comprised as part of the Condominium Property, including the Limited Common Areas defined in Article II, Section B. 1.(b)(ii) above and shall edge and mulch all landscape beds and shall trim all shrubs, bushes and trees. The Association shall plow snow from the driveways and all front sidewalks, which sidewalks are on areas designated as Limited Common Areas in Article II, Section B. 1.(b) hereof, as well as from the Condominium Roadway.

2. By the Unit Owner. Each Unit Owner at all times shall:

(a) Except as set forth in subparagraph A.1., immediately above, clean, maintain, repair and replace, at his cost and expense, his Unit and the Limited Common Areas and Facilities appurtenant to his Unit, in good order, condition, replacement and repair, subject however, to the provisions of Article VIII below.

(b) Maintain, repair and replace, at his cost and expense, that portion of the utility systems appurtenant to his Unit, designated as Limited Common Areas in Article II, Section B.1.(b) above, as well as that portion of the utility systems located wholly within and/or servicing only his Unit, subject however to the provisions of Article VIII below.

(c) Perform his responsibilities in such a manner as shall not unreasonably disturb the Occupants of other Units.

(d) Pay all costs for utility services furnished to his Unit, and for the Limited Common Areas and Facilities appurtenant to his Unit.

(e) Promptly report to the Association (or the managing agent, if any) employed by it, the need for any repairs to any portion of the Condominium Property which are the obligations of the Association to maintain hereunder.

(f) Reimburse the Association for such costs, if any, in excess of proceeds of insurance, if any, as the Association shall incur for maintaining, repairing or replacing any portion of the Common Areas and Facilities (including those portions thereof designated in this Declaration as Limited Common Areas and Facilities) which may be damaged or destroyed by his act or negligence, or by the act or negligence of any of his tenants, invitees, licensees or guests.

3. No Contractual Liability of Association. Nothing herein contained, however, shall be construed so as to impose a contractual liability upon the Association for maintenance, repair and replacement, except to the extent funds shall be available and said maintenance, repair and replacement shall be deemed necessary by the Board of the Association.

B. Right to Correct. If any Unit Owner fails to perform any act required of such Owner by this Declaration, the Bylaws or the Rules of the Association, the Association may, but shall not be obligated to, undertake such performance or cure such violation, and shall charge and collect from the defaulting Unit Owner the entire cost and expense, including reasonable attorneys' fees incurred by the Association in effecting such performance or cure. Any such amount shall be

deemed to be an additional assessment upon the Owner and such Owner's Unit, and shall be due and payable with the payment for Common Expenses which falls due next following notification by the Association of such assessments. The Association may obtain a lien for said amount against such Owner and such Owner's Unit, to the extent as if it were a lien for common expenses.

C. Construction Defects. The obligations of the Association and of Unit Owners to repair, maintain and replace the portions of the Condominium Property for which they are respectively responsible shall not be limited, discharged or postponed by reason of the fact that any maintenance, repair or replacement may be necessary to cure any latent or patent defects in material or workmanship in the construction of the Condominium Property.

D. Effect of Insurance or Construction Guarantees. Notwithstanding the fact that the Association and/or any Unit Owner may be entitled to the benefit of any guarantee of material and workmanship furnished by any construction trade responsible for any construction defects, or to benefits under any policies of insurance providing coverage for loss or damage for which they are respectively responsible, the existence of said construction guarantee or said insurance coverage shall not excuse any delay by the Association or any Unit Owner in performing the obligations hereunder. The undertaking of repair, maintenance or replacement by the Association or any Unit Owner shall not constitute a waiver of any rights against any warrantor, but such rights shall be specifically reserved. The Association shall have the right to enforce, on behalf of the Unit Owners, any warranty, oral or written, express or implied, or any other contractual obligation, arising from construction defects, if the Association shall repair the same. It may institute litigation in the name of the Unit Owners and a release executed by the Association shall be binding upon all Unit Owners.

E. No Severance of Ownership. No Unit Owner shall execute any deed, mortgage, lease or other instrument affecting title to his Condominium Ownership Interest without including therein both his interest in the Unit and his corresponding percentage of ownership in the Common Areas and Facilities, it being the intention hereof to prevent any severance of such combined ownership and rights. Any such deed, mortgage, lease or other instrument purporting to affect the one without including all shall be deemed and taken to include the interest so omitted, even though the latter is not expressly mentioned or described therein. For purposes of conveyance of title to a purchaser of a Unit, description by Unit number and reference to this Declaration and to the Drawings shall be adequate to convey the fee simple title thereto, together with the percentage interest in and to the Common Areas and Facilities and voting rights with respect thereto.

F. Easements

1. Encroachments. In the event that, by reason of the construction, settlement or shifting of any Single-Family Building, or by reason of the partial or total destruction and rebuilding of any Single-Family Building, any part of the Common Areas and Facilities presently encroaches or shall hereafter encroach upon any part of a Unit, or any part of a Unit presently encroaches or shall hereafter encroach upon any part of the Common Areas and Facilities, or another Unit or Units, or if by reason of the design or construction of any Units it shall be necessary or advantageous to an owner to use or occupy, for formal uses and purposes, any portion of the Common Areas and Facilities consisting of unoccupied space within the building and adjoining his Unit, or, if by reason of the design or construction of utility systems, any main pipes, ducts or conduits serving more than one Unit presently encroaches or shall hereafter encroach upon any part of any Unit, valid easements for the maintenance of such encroachment and for the use of such adjoining space are hereby established and shall exist for the benefit of such Unit and the Common Areas and Facilities, as the case may be, so long as all or any part of the Single-Family Building containing such Unit shall remain standing; provided, however, that in no event shall a valid easement for any encroachment be created in favor of the Unit Owner of any Unit or in favor of the Common Areas and Facilities if such encroachment occurred due to the willful conduct of said Owner.

2. Limited Common Areas. The owner of each Unit with respect to any Limited Common Area appurtenant to his Unit shall have, for himself, his heirs and successors in interest, an exclusive easement for his use and enjoyment of such Limited Common Area; provided, however, that no Unit Owner shall decorate, landscape, change the appearance of the

exterior thereof or otherwise adorn such Limited Common Area in any manner contrary to the Rules as may be established therefor by the Association, unless he shall first obtain the written consent of the Association. In no event shall the appearance of said exterior area be changed except in accordance with the provisions hereof.

3. Maintenance Easements. The ownership of each Unit shall be subject to easements for access arising from necessity of maintenance or operation of the Common Areas and Facilities and the Single-Family Building in which his Unit is located. The Owner of each Unit shall have the permanent rights and easements to and through the Common Areas and Facilities to the use of utilities now or hereafter existing within the walls.

4. Easements for Certain Utilities. The Association may hereafter grant easements for utility purposes for the benefit of the Condominium Property, including the right to install, lay, maintain, repair and replace cable television wires and facilities, water mains and pipes, sewer lines, gas mains, telephone wires and equipment, and electrical conduits and wires over, under, along and on any portion of the Common Areas and Facilities, and each Unit Owner hereby grants the Association an irrevocable power of attorney to execute, acknowledge and record, for and in the name of such Unit Owner, such instruments as may be necessary to effectuate the foregoing. Said power of attorney is coupled with an interest.

5. Easements for Additional Property. Developer reserves to itself easements over such portions of the property described on Exhibit A, attached hereto, or over the property which then constitutes the Condominium Property, as shall be necessary for the purpose of providing means of ingress and egress to the Additional Property and utilities for the benefit of the Additional Property, or any portion thereof.

6. Easements to Run with Land. All easements and rights described herein are easements appurtenant, running with the land, perpetually in force and effect, and at all times shall inure to the benefit of and be binding upon the undersigned, its successors and assigns, and any Owner, purchaser, mortgagee and other person having an interest in said land, or any part or portion thereof.

7. Reference to Easements in Deed. Reference in the respective deeds of conveyance, or in any mortgage or trust deed or other evidence of obligation, to the easements and rights described in this Declaration, shall be sufficient to create and reserve such easements and rights to the respective grantees, mortgagees and trustees of such parcels as fully and completely as though such easements and rights were recited fully and set forth in their entirety in such document.

ARTICLE IV

Unit Owners' Association

A. Membership. Declarant shall cause to be formed a corporation not for profit to be called the BAYVIEW CONDOMINIUM UNIT OWNERS ASSOCIATION (herein called the "Association") which shall act as the manager of the Condominium Property. Each Unit Owner, upon acquisition of title to a Unit, shall automatically become a member of the Association. Such membership shall terminate upon the sale or other disposition by such member of his Condominium Ownership Interest, at which time the new Owner of such Unit shall automatically become a member of the Association. Any membership shall be terminable by the Association in accordance with the Association's Bylaws. The Board and officers of the Association elected as provided in the Bylaws of the Association attached hereto as Exhibit C shall exercise the powers, discharge the duties, and be vested with the rights conferred by operation of law, by the Bylaws, and by this Declaration upon the Association, except as otherwise set forth herein; provided, however, that in the event any such power, duty or right shall be deemed exercisable or dischargeable by, or vested in, an officer or member of the Board, solely in his capacity as an officer or a member of the Board, he shall be deemed to act in such capacity to the extent required to authenticate his acts and to carry out the purposes of this Declaration and the Bylaws attached hereto as Exhibit C.

B. Administration of Condominium Property. The administration of the Condominium Property shall be in accordance with the provisions of this Declaration and the Bylaws of the Association which are attached hereto as Exhibit C. Each Owner, tenant or occupant of a Unit shall comply with the provisions of this Declaration, the Bylaws, decisions and resolutions of the Association or its representative, as lawfully amended from time to time, and failure to comply with any such provisions, decisions or resolutions shall be grounds for an action to recover sums due for damages, or for injunctive relief.

C. Service of Process. Service of summons or other process upon the Association may be made in accordance with the provisions of _____[statute], Section _____[number]. The statutory agent for service of summons or other process shall be _____[name], _____[address]. Any successor statutory agents shall be designated by the Board and shall be the statutory agent of the Association. Such change may be effected by filing with the _____[state] Secretary of State the appropriate forms for the subsequent appointment of a statutory agent for a(n) _____[state] _____[entity].

ARTICLE V

Covenants and Restrictions as to Use and Occupancy

The following covenants, restrictions, conditions and limitations as to the use and occupancy of a Unit or the Common Areas and Facilities which shall run with the land shall be binding upon each Unit Owner, his heirs, tenants, licensees, successors and assigns.

A. Purpose of Property. No part of the Condominium Property shall be used for other than residential housing and the common recreational purposes for which the Condominium Property was designed. Each Unit shall be used as a residence for a single family and for no other purpose; provided, however, the Declarant shall be allowed to utilize one or more Units together with such portion of the Common Areas and Facilities as it shall require as a place of business, construction office, sales office and for demonstration purposes so long as Declarant shall retain ownership of one or more Units or shall retain the right to add all or portions of the Additional Property to the Condominium Property, and further provided that a Unit Owner may incidentally use an immaterial portion of such Owner's Unit for such Owner's office or studio, provided the activities therein shall not interfere with the quiet enjoyment of any other Owner.

B. Obstruction of Common Areas and Facilities. There shall be no obstruction of the Common Areas and Facilities, nor shall anything be stored in the Common Areas and Facilities without the prior consent of the Association, except as hereafter expressly provided; provided, however, that during construction and for a reasonable period thereafter, the Declarant shall have the right to store construction equipment and material thereon so long as the same shall not unreasonably interfere with the rights of others.

C. Hazardous Uses and Waste. Nothing shall be done or kept in any Unit or in the Common Areas and Facilities which will increase the rate of insurance of the Single-Family Buildings, or contents thereof, without the prior written consent of the Association. No Unit Owner shall permit anything to be done or kept in his Unit or in the Common Areas and Facilities which will result in the cancellation of insurance on the Single-Family Buildings, or contents thereof, or which would be in violation of any law. No waste will be committed in the Common Areas or Facilities or in a Unit. Each Unit Owner shall abide by all rules and regulations of governmental authorities and rules and requirements of the issuer of all insurance policies with respect to the Common Areas and Facilities.

D. Exterior Surface of Buildings. Unit Owners shall not cause or permit anything to be hung or displayed in or on windows or placed on the outside walls of a Single-Family Building, and no sign, awning, canopy, or shutter shall be affixed to or placed upon the exterior walls or roof or any part thereof, or in the Common Areas and Facilities contrary to the Rules as may be established thereof by the Association, other than those originally provided by the Declarant, if any. Unit Owners may, at their sole cost and expense, install or affix radio or television antenna, or satellite dish, for

their personal use only, upon the exterior walls or roof or any part thereof. No Unit Owner shall paint, decorate, remodel, or in any manner change or improve the appearance of the exterior of the Single-Family Buildings or other structures, or the driveways, parking areas or walkways, or any other portions of the Common Areas and Facilities or any improvements thereto contrary to the Rules as may be established thereof by the Association, other than those original provided by the Declarant, if any.

E. Animals and Pets. No animals, rabbits, livestock, fowl or poultry of any kind shall be raised, bred or kept in any Unit or in the Common Areas and Facilities, except that dogs, cats, or other household pets, not collectively to exceed three (3), may be kept in Units, subject to Rules regulating the number of pets per Unit and other matters adopted by the Association, provided that they are not kept, bred or maintained for any commercial purpose; and provided further that any such pet causing or creating a nuisance or disturbance shall be permanently removed from the Condominium Property subject to these restrictions upon _____ (_____) days prior written notice from the Board of the Association.

F. Nuisances. No noxious or offensive activity shall be carried on in any Unit or in the Common Areas and Facilities, nor shall anything be done therein, whether willfully or negligently or by omission, which may be or become an annoyance or nuisance to the other Unit Owners or occupants.

G. Impairment of Structural Integrity of Buildings. Nothing shall be done in any Unit or in, on or to the Common Areas and Facilities which will impair the structural integrity of the Single-Family Buildings, or which would structurally change same.

H. Laundry or Rubbish in Common Areas and Facilities. No clothes, sheets, blankets, laundry of any kind or other articles shall be hung out or exposed on any part of the Common Areas and Facilities. The Common Areas and Facilities shall be kept free and clear of rubbish, debris and other unsightly materials.

I. Lounging or Storage in Common Areas and Facilities. There shall be no playing, lounging, parking of baby carriages or playpens, bicycles, wagons, toys, vehicles, benches or chairs on any part of the Common Areas and Facilities except in accordance with the Rules therefor adopted by the Association.

J. Prohibited Business Activities. Except as provided in Article V, Section A, above, no industry, business, trade, occupation or profession of any kind, commercial, religious, educational, or otherwise, designated for profit, altruism, or otherwise shall be conducted, maintained or permitted on any part of the Condominium Property. The right is reserved by the Declarant, or its agent, to place "for sale" or "for rent" signs in Common Areas and Facilities and on any unsold or unoccupied Units for the purpose of selling unsold or unoccupied Units. In addition, the right is hereby given to the Association to establish Rules to place or authorize a Unit Owner or his agent to place "for sale" signs on any Unit or on the Condominium Property for the purpose of facilitating the disposal of Units by any Unit Owner, a mortgagee, or the Association.

K. Alteration of Common Areas and Facilities. Nothing shall be altered or constructed in or removed from the Common Areas and Facilities except as hereinafter provided and except upon the written consent of the Association. No decoration, placement of statuary or yard ornamentation of any kind shall be permitted in the Common Areas and Facilities unless done pursuant to prior written approval of the Board. No free-standing basketball sets, swing sets, slides, playground equipment, sheds, barns, tents, treehouses or other such structures or devices shall be permitted in the Common Areas without the prior written approval of the Board.

No change, alteration, construction or redecoration of any kind shall be permitted to the exterior of any Unit or its appurtenant deck, porch, patio, driveways or walks, including any change of color of the exterior of any Unit, unless done pursuant to prior written approval of the Board. Landscaping within Limited Common Areas shall be tastefully done and with the exception of lawns, shall be maintained by the Unit Owner of that Unit to which the Limited

Common Area is appurtenant.

No natural, artificial or man-made fence or hedge, or natural, artificial or man-made wall (other than any wall which is part of a Unit), trellis, arbor or any similar nature, artificial or man-made means of screening or physically separating one Unit from another shall be permitted without the prior written approval of the Board.

L. Rental of Units. The respective Units shall not be rented by the owners thereof for transient or hotel purposes, which shall be defined as (i) rental for any period less than twelve (12) months, or (ii) any rental if the occupants of the Units are provided customary hotel service, such as for food and beverage, or maid service, or furnishing of laundry and linen. The Owners of the respective Units may lease the same only in conformity with the terms and conditions set forth in Article XIV below and the Bylaws attached hereto as Exhibit C. Each lease shall be made subject to the covenants and restrictions in this Declaration and further subject to the Bylaws of the Association attached hereto as Exhibit C. Units which are unsold and which are owned by the Declarant may be leased by the Declarant, as determined by Declarant, and leases made by the Declarant shall not require the approval of the Board of the Association and shall not be subject to other provisions in the Bylaws of the Association relating to leasing and rental.

M. Use of Units by Declarant. During the period in which sales of Units by the Declarant or its agents are in progress, Declarant may occupy or grant permission to any person or entity to occupy, with or without rental, as determined by Declarant, one or more Units in such apportions of the Common Areas and Facilities as Declarant considers necessary, for business or promotional purposes, including clerical activities, sales offices and model units for display and the like.

N. Use of Parking Areas. Any unenclosed parking areas (being those parking areas designated on the Drawings other than the parking spaces in the garages) shall only be used for the periodic parking of automobiles and non-commercial trucks, not for the parking of any other kind of vehicle nor for the storage of any automobile or other vehicle or item. No boats, campers, mobile homes, trailers, commercial trucks, recreational vehicles or the like shall be parked or stored between the hours of 12:00 a.m. and 6:00 a.m. either (i) on any street or driveway within the Condominium Property, or (ii) otherwise outside of any Unit or any unenclosed parking area. The foregoing parking and storage restrictions shall not apply to the parking and storage of construction vehicles and equipment reasonably necessary to construct any Unit or other improvement in or to the Condominium Property. Any automobile (other than an automobile periodically parked, as permitted herein), vehicle or other item occupying such a space (or any portion thereof) may be removed and/or stored at the sole expense of the Unit Owner who shall have caused or permitted the improper use of said unenclosed parking area.

O. Motor Vehicles. There shall be no driving or riding of any motor vehicles upon any non-paved area of the Condominium Property, except for normal landscaping or maintenance purposes. Without limiting the generality of the foregoing, specifically prohibited within any non-paved area are motor vehicles such as motorcycles, motorbikes, minibikes, mopeds, all-terrain vehicles and snow mobiles.

P. Repair of Vehicles. No powered vehicle of any kind shall be constructed or repaired on the Condominium Property, except for normal maintenance performed by an Owner entirely within the garage that is appurtenant to the Unit of such Owner.

Q. Liquor. No spirits, vinous and/or fermented liquor shall be manufactured (except so-called "home manufacture" for on-premises consumption by the Owner) or sold, either at wholesale or retail, in any Unit or Common Area, and no place of public entertainment of any character shall be established, conducted or suffered to remain upon any part of the Condominium Property.

R. No Refuse Materials. No lumber, metals, bulk materials, refuse or trash shall be burned, whether in indoor incinerators or otherwise (excluding the burning of wood in a fireplace), kept, stored or allowed to accumulate on any portion of the Condominium Property, except normal residential accumulation pending pick-up, reasonable amounts of

racked firewood for normal residential use and building materials during the course of construction or reconstruction of any approved building or structure.

S. Housing for Older Persons. The Developer intends to construct, market, and sell the Units as "housing for older persons" in such a manner as to fall within the exemption provided in the Federal Fair Housing Act. The Federal Fair Housing Act (Title VIII of the Civil Rights Act of 1988, as amended, 42 U.S.C. Sections 3601-3619) prohibits discrimination in the sale or rental of housing because of familial status. However, 42 U.S.C. Section 3607 provides that anti-discrimination provisions concerning familial status do not apply with respect to "housing for older persons." This exemption under Section 3607 allows housing communities that are intended and operated for occupancy by persons fifty-five years of age or older. Generally, the following are the requirements to qualify as "housing for older persons:" (1) at least _____ percent (_____) of the occupied units are occupied by at least one person who is fifty-five years of age or older; (2) the housing facility publishes and adheres to policies and procedures that demonstrate the intent to provide housing for persons age fifty-five years of age or older; and (3) the housing facility complies with HUD Rules and Regulations for verification of occupancy. In addition, the exemption allows the restriction against permanent occupancy by any resident under the age of eighteen (18) years of age. The Developer and the Association may establish and implement Rules to consistently enforce this exemption.

The Developer reserves, however, the right to change this method of development, marketing and sales so that the Condominium Development will no longer conform to the exemption allowed under Section 3607. Similarly, the Declaration, Bylaws and the Rules of the Association may also be amended, as provided therein, to no longer comply with the exemption. In either such event, the Condominium Development could no longer be classified as "housing for older persons" under the exemption provided for in Section 3607.

Solely to comply with the exemption provided in the Federal Fair Housing Act, any Unit Owner, other than the Development, who wishes to transfer, sell or lease (which term shall include any type of lease or rental arrangement) his or her Unit shall give the Association no less than _____ (_____) days prior written notice of the terms of any contemplated transfer, sale or lease, together with the name and address of the proposed transferor, purchaser or lessee, together with an affidavit, if applicable, in form approved by the Association, of the transferee, buyer or lessee that after the transfer, sale or lease (a) that at least one person who is fifty-five (55) years of age or older will occupy the Unit and (b) that no person under the age of eighteen (18) years shall be a permanent occupier of the Unit. The Association will make reasonable inquiry as to the truth of such affidavit and if the statements contained therein are true, shall immediately consent to the contemplated transfer, sale or lease. If, however, the proposed transferee, purchaser or lessee is unable to make such an affidavit, or if the Association determines that such facts contained therein are not true, then the Association, acting on behalf of the association, shall have the first right and option to purchase or lease the Unit upon the same terms and conditions contained therein, which option may be exercised during the period of _____ (_____) days following the date of receipt of such notice. Provided, however, that if the proposed transfer, purchase or lease shall be for a consideration which the Association deems inconsistent with the bona fide market value of such Unit ownership or leasehold, the Association may elect to exercise such option in the manner, within the period, and on the following terms relative to price: The cash fair market value shall be determined by arbitration. Within _____ (_____) days receipt of said written notice by the Association, the Association and the owner desiring to make such transfer, sale or lease, shall each appoint a qualified real estate appraiser to act as arbitrators. The two arbitrators so appointed shall, within _____ (_____) days after their appointment, appoint another qualified real estate appraiser to act as the third arbitrator. Within _____ (_____) days after the appointment of said arbitrator, the three arbitrators shall determine, by majority vote, the fair market value of the unit ownership or interest therein which the owner contemplates conveying by transfer, sale or lease, and shall thereupon give written notice of such determination to the owner and the Association. If said option is not again exercised by the Association within _____ (_____) days after this determination, the Unit owner may, at the expiration of said 10 day period, contract to transfer, sale or lease such Unit to the proposed transferee, purchaser or lessee named in such notice upon the terms specified therein. The Association may adopt rules to implement the first

right and option to purchase or lease contained in this Section.

T. Rules. The use of the Unit or common area shall be subject to such additional restrictions as may be set forth in the Rules.

ARTICLE VI

Assessments

A. General. Assessments for the maintenance, repair and insurance of the Common Areas and Facilities, together with the payment of the common expenses, shall be made in the manner provided herein and in the manner provided in the Bylaws. Assessments for renewals or renovations may be made by the Association as set forth in Article X, below.

B. Division of Common Profits and Common Expenses. The percentage proportionate shares of the separate owners of the respective Units in the Common Profits and the Common Expenses of the operation of the Condominium Property, as well as their representation for voting purposes in the Association, shall be as referred to in Article II, Section B. 3.

C. Nonuse of Facilities. No owner of a Unit may exempt himself from any liability for his contribution toward the Common Expenses by waiver of the use or enjoyment of any of the Common Areas and Facilities, or by the abandonment of his Unit or by any other act whatsoever.

D. Lien of Association. The Association shall have a lien upon the estate or interest in any Unit of the then owner thereof and the percentage of interest of that owner in the Common Areas and Facilities for the payment of the portion of the common expenses chargeable against such Unit which remain unpaid for _____ (_____) days after the same have become due and payable, together with the amount of any costs, including without limitation, reasonable attorneys' fees, court costs, title reports and recording costs incurred by the Association. A certificate therefor, subscribed by the President, Secretary or other officer of the Association, may be filed with the Recorder of _____ [county] County, _____ [state], pursuant to authorization given by the Board. Such certificate shall contain a description of the Unit, the name or names of the record Owner or Owners thereof, and the amount of such unpaid portion of the common expenses. Upon the filing of such certificate, notification thereof shall be by regular mail to the Unit Owner and his mortgagee as shown on the books of the Association. Said lien shall be effective as of the date it is filed with the Recorder of _____ [county] County, _____ [state]. Such lien shall remain valid for a period of _____ (_____) years from the time of filing thereof, unless sooner released or satisfied in the same manner provided by law for the release and satisfaction of mortgages on real property or discharged by the final judgment or order of the court in an action brought to discharge such lien, as hereinafter provided.

E. Priority of Association's Lien. The lien provided for in Section D, of this Article VI shall take priority over any lien or encumbrance subsequently arising or created, except liens for real estate taxes and assessments and liens for bona fide first mortgages which have been filed for record, and may be foreclosed in the same manner as a mortgage on real property in an action brought by the Association. In any such foreclosure actions the owner or owners of the Unit affected shall be required to pay a reasonable rental for such Unit during the pendency of such action, and the plaintiff in such action is entitled to the appointment of a receiver to collect the same. In any such foreclosure action, the Association shall be entitled to become a purchaser at the foreclosure sale. The Unit Owner shall pay all costs of said proceedings, including the Association's reasonable legal fees. In addition, the Unit Owner and any occupant thereof shall be personally liable for the amount secured by such lien and any fees incurred to enforce such lien.

F. Dispute as to Common Expenses. Any Unit Owner who believes that the portion of common expenses chargeable to his Unit, for which a certificate of lien has been filed by the Association, has been improperly charged against him/her

or his/her Unit, may bring an action in the Court of Common Pleas of _____[county] County, _____[state], for the discharge of such lien, or may contest the same in a foreclosure action brought by the Association.

G. Nonliability of Judicial Sale Purchaser for Past Due Common Expenses. Where the holder of a first mortgage of record or other purchaser of a Unit acquires title to the Unit as a result of a judicial sale resulting from litigation to which the Association has been made a party, or if the mortgagee accepts a deed in lieu of foreclosure, such person acquiring title, his successors and assigns, shall not be liable for the share of the Common Expenses or other assessments by the Association chargeable to such Unit which became due prior to the acquisition of title to such Unit by such person. Such unpaid share of Common Expenses or assessments shall be deemed to be Common Expenses collectible from all of the Units, including that of the person purchasing at the judicial sale, his successors or assigns.

H. Liability for Assessments Upon Conveyance. In the event of a conveyance of a Unit other than by judicial sale, the transferee of the Unit shall be jointly and severally liable with the transferor for all unpaid assessments, dues and other charges levied by the Association against the transferor and the Unit for his share of common expenses up to the time of the grant or conveyance attributable to that Unit. Such joint and several liability shall be without prejudice to the transferee's right to recover from the transferor the amounts paid by the transferee therefor. Any such transferee shall be entitled to a statement from the Board setting forth the amount of all unpaid assessments against the transferor due the Association as of the date of the transferee's acquisition, and such transferee shall not be liable for, nor shall the Unit conveyed be subject to a lien for, any unpaid assessments made by the Association against the transferor in excess of the amount set forth in such statement for the period reflected in such statement.

I. Common Profits. The Common Profits shall be distributed among the Unit Owners in accordance with their respective percentages of interest in the Common Areas and Facilities appurtenant to their respective Units.

J. Transfer of Funds to Grantee. Upon the conveyance of transfer of title to a Unit (whether voluntarily or involuntarily) all funds, credits and Common Profits then pertaining to such Unit shall automatically inure to the sole benefit of the Grantee or Transferee of such Unit.

ARTICLE VII

Insurance

A. Casualty Insurance. Each Unit Owner of a Single-Family Unit shall maintain at his own cost and expense, fire and extended coverage insurance with vandalism and malicious mischief endorsements (known commonly as "all risk" insurance) with respect to the Single-Family Unit he owns, with respect to Limited Common Areas and Facilities, and with respect to any patio, porch or deck accessory thereto. All such insurance shall be in an amount equal to the full replacement costs of the property covered thereby. The Association and each mortgagee in whose favor a mortgage with respect to such Single-Family Unit shall be named as insured parties in such policies as their interest may appear and such casualty insurance policies shall provide that all proceeds payable as a result of losses shall be paid jointly to the respective mortgagees and the Unit Owners as their interests may appear. Such insurance policies shall provide for the issuance of certificates of insurance to the Association and to the holders of mortgages on the Single-Family Units and shall further provide that coverage shall not be terminated, canceled or materially modified without _____ (_____) days prior written notice to the Association and the mortgagees.

The Association, as a Common Expense, shall maintain for the benefit of each Unit Owner, such insurance as it deems necessary for the buildings, if any, structures and improvements comprising the Common Areas and Facilities and the Limited Common Areas and Facilities of the Condominium Property.

In respect of all policies of insurance obtained by the Association and by the Unit Owners, the Association and each

Unit Owner do hereby waive (to the extent permitted by such policy, but only the extent of the proceeds payable in connection therewith) all rights of recovery and causes of action against each other, the Owners of Units, the members of the family of each Owner of a Unit, and their tenants and other occupants of the Condominium Property, the Association, the Board, and the managing agent, if any, for any loss which may result from any of the perils insured against under any such policies; and each such policy shall provide for release by the insurance company issuing such policy of such of its rights of subrogation thereunder as shall be coextensive with the foregoing waivers.

B. Public Liability Insurance. The Association shall insure itself, all Unit Owners and members of their respective families and other persons residing with them in the Condominium Property, their tenants, and all persons lawfully in possession or control of any part of the Condominium Property, against liability for bodily injury, disease, illness or death, and for any injury to or destruction of property occurring upon, in or about, or arising from, the Common Areas and Facilities, or from activities or acts or omissions of the Association, its agents and employees. Such insurance shall afford protection to a limit of not less than a combined single limit of _____ Dollars (\$_____) with respect to bodily injury, disease, illness, death or property damage. Such policy shall not insure against liability for personal injury or property damage arising out of or relating to ownership, maintenance or use of individual Units, and any automobiles or motor-driven vehicles driven by or on behalf of such individual Owner. All liability insurance shall contain cross-liability endorsements to cover liabilities of the Unit Owners as a group to a Unit Owner. The Association shall also obtain such other insurance as the Board in its discretion may determine.

In the event that the public liability insurance shall not fully protect and indemnify the Unit Owners from all cost and liability arising from a loss insured thereunder or other loss not insured against, or from a negligent act or omission of an employee or agent of the Association occurring in the course and scope of his employment or agency, there shall be a right of contribution amongst the Unit Owners with respect to such unprotected or uninsured cost or liability. It is the intention of this paragraph that a Unit Owner paying or required to pay more than his respective percentage interest of said cost or liability shall have the right to cause the other Unit Owners to reimburse him for such excessive payment.

C. Insurance Premiums. Insurance premiums for the policies obtained by the Association shall be a common expense.

D. Unit Owner's Insurance. Each Unit Owner shall obtain insurance at his own expense, affording coverage upon his personal property, including any insurance not insured under the Association's policies described above, and for his personal liability as may be required by law or with respect to liability affecting his own Unit.

ARTICLE VIII

Damage or Destruction and Restoration of Buildings

A. Single Family Units. In the event a Single-Family Unit shall be damaged or destroyed, the Single-Family Unit Owner shall make all necessary repairs and restorations and shall apply in payments thereof the insurance proceeds received by him. In the event such damage or destruction results from any peril not insured against, or if the insurance proceeds shall not be available to pay the entire cost of such repairs and restoration, the entire cost of such repairs and restoration or the amount of the difference between the insurance proceeds available therefor and the cost for such repairs and restoration (as the case may be) shall be borne by the Single-Family Unit Owner. In the event the Single-Family Unit Owner fails or refuses to make the necessary repairs or restoration within a reasonable time, the Association may after reasonable notice, make such necessary repairs and restoration and shall apply in payment thereof the insurance proceeds made available to the Single-Family Unit Owner and in the event such damage or destruction results from any peril not insured against, or if the insurance proceeds shall not be available to pay the entire cost for such repairs and restoration, the entire cost for such repairs and restoration, or the amount of the difference between the insurance proceeds available therefor and the cost for such repairs and restoration (as the case may be) shall be borne by and assessed against the Single-Family Unit Owner. In the event a Single-Family Unit Owner shall refuse or fail after

reasonable notice to pay such cost and assessments, the Association shall have a lien upon the estate or interest of such Unit Owner, enforceable to the same extent and the same manner as any other assessments made by the Association.

B. Nonrestoration of Damage or Destruction

1. Common Areas. If the damaged improvement is a part of the Common Areas and Facilities, the damaged improvement in the Common Areas and Facilities shall be reconstructed and repaired unless the Unit Owners entitled to exercise not less than _____ percent (_____) of the total voting power determine not to repair the damaged or destroyed improvement. Thereupon, the proceeds of any insurance shall be utilized to eliminate or remove the damaged or destroyed improvement. The balance of any proceeds shall be (i) utilized to construct or acquire additional common improvements, or (ii) distributed to the Unit Owners (subject to the rights of their respective lien holders) in proportion to their respective percentage interests in the common profits and expenses, all as determined by the Unit Owners entitled to exercise _____ percent (_____) of the total voting power.

2. Units. Notwithstanding the foregoing provisions of Article VIII, Section A, above, in the event that Single-Family Units and the buildings, structures and improvements comprising the Common Areas and Facilities of the Condominium Property shall be damaged or destroyed to the extent of _____ percent (_____) or more of the insurable replacement cost thereof, the Owners, by the affirmative vote of those entitled to exercise not less than _____ percent (_____) of the voting power, may elect not to repair or restore the Condominium Property. Upon such election, all of the Condominium Property shall be subject to an action for sale as upon partition at the suit of any Owner. In the event of any such sale, the net sales proceeds, the net insurance, if any, and any other indemnity arising because of such damage or destruction shall be considered as one fund and shall be distributed to all Owners of a Unit in proportion to their respective percentages of interest in the Common Areas and Facilities. No Unit Owner, however, shall receive any portion of his share of such proceeds until all liens and encumbrances on his Unit shall have been paid, released or discharged.

ARTICLE IX

Condemnation

In the event that the entire Condominium Property is taken by eminent domain or condemned, or sold, or otherwise disposed of in lieu of or in avoidance thereof, the Condominium Property shall be withdrawn from the provisions of Chapter _____ [number] of the Act. The condemnation award shall be apportioned among the Unit Owners in accordance with their respective percentage interests in the common profits and expenses, subject to the right of their respective lienholders. The Association shall as soon as practicable determine the share of the condemnation award to which each Unit Owner is entitled, and such shares shall be paid into separate accounts and disbursed as soon as practicable to the Unit Owners entitled to same, subject to the right of their respective lienholders.

In the event that less than the entire Condominium Property is taken or condemned, or sold or otherwise disposed of in lieu of or in avoidance thereof, the Condominium Property hereunder shall not be terminated. Each Unit Owner shall be entitled to a share of the condemnation award to be determined in the following manner: As soon as practicable the Association shall, reasonably and in good faith, allocate the condemnation award between compensation, damages, or other proceeds, and shall apportion the amounts so allocated among the Unit Owners, as follows: (a) the total amount allocated to taking of or injury to the Common Areas and Facilities (excluding Limited Common Areas and Facilities) shall be apportioned among all Unit Owners in proportion to their respective percentages of interest in the Common Areas and Facilities, (b) the total amount allocated to severance damages shall be apportioned to those Units which were not taken or condemned, (c) the respective amounts allocated to the taking of or injury to a particular Unit and/or improvements a Unit Owner has made within his Unit or to the Limited Common Areas appurtenant to such Unit shall be apportioned to the particular Unit involved, and (d) the total amount allocated to consequential damages and any

other takings or injuries shall be apportioned as the Association determines to be equitable under the circumstances. If an allocation of the condemnation award is already established in negotiation, judicial decree, or otherwise, then in allocating the condemnation award the Association shall employ such allocation to the extent it is relevant and applicable. Distribution of apportioned proceeds shall be made by checks payable jointly to the respective Unit Owners and the respective lienholders holding liens against their Units.

In the event a partial taking results in the taking of a complete Unit, the Owner thereof shall automatically cease to be a member of the Association. Thereafter the Association shall reallocate the ownership, voting rights and assessment ratio determined in accordance with this Declaration according to the same principles employed in this Declaration at its inception and shall submit such reallocation to the Owners of the remaining Units for amendment of this Declaration and the amended Declaration shall be filed as required by law.

Any reconstruction and repair necessitated by condemnation shall be governed by the procedures specified in Article VIII hereinabove.

ARTICLE X

Renovation and Subsequent Improvements of Existing Buildings, Structures and Other Improvements

The Association may, by the affirmative vote of the Single-Family Unit Owners entitled to exercise not less than _____ percent (_____) of the voting power of the Single Family Unit Owners, determine that the portion of the Condominium Property zoned for single-family homes is obsolete or in need of renovation, in whole or in part, and elect to have the same renewed and renovated. The Association shall thereupon proceed with such renewal and renovation and the cost thereof shall be a Special Charge of the Single-Family Unit Owners, subject to assessment in the same as set forth in Article VI above. Any Single-Family Unit Owner who does not vote for such renewal and renovation may elect, in a writing served by him on the Association within _____ (_____) days after receiving notice of such vote, to receive the fair market value of his Unit, less the amount of any liens and encumbrances thereon as of the date such vote is taken, in return for a conveyance of his Unit, subject to such liens and encumbrances, to the Association. In the event of such election, such conveyance and payment of the consideration therefor, which shall be a Special Charge to the Single-Family Unit Owners who have not so elected, shall be made within _____ (_____) days thereafter, and if such owner and a majority of the Association cannot agree upon the fair market value of such Single-Family Unit within _____ (_____) days after such election, such determination shall be made by the majority vote of three appraisers, one of which shall be appointed by such Single-Family Unit Owner, one of which shall be appointed by the Association, and the third of which shall be appointed by the first two appraisers. Each party shall pay for the cost of its own appraiser, and the cost of the third appraiser shall be split between the Single-Family Unit Owner and the Association.

ARTICLE XI

Removal from Condominium Ownership

To the extent the removal of the Condominium Property from the provisions of the Act shall not, in and of itself, violate the local zoning and building codes applicable thereto, the Unit Owners, by the affirmative vote of not less than _____ percent (_____) of the voting power, may elect to remove the Condominium Property from the provisions of Chapter _____ [number] of the Act. In the event of such election, all liens and encumbrances, except taxes and assessments not then due and payable, upon all or any part of the Condominium Property, shall be paid, released, or discharged, and a certificate setting forth that such election was made

shall be filed with the Recorder of _____ [county] County, _____ [state]. Such certificate shall certify therein under oath that all liens, except taxes and assessments not then due and payable, upon all or any part of the Common Areas and Facilities, have been paid, released or discharged, and shall also be signed by the Unit Owners, each of whom shall certify therein under oath that all such liens on his Unit or Units have been paid, released or discharged. The Board may, at their discretion, require as a condition precedent to the filing of said certificate the issuance of a policy of title insurance evidencing the nonexistence of any liens as aforesaid. The Board shall designate the amount and issuer of said title insurance, and the cost thereof shall be a common expense.

ARTICLE XII

Amendment of Declaration and Bylaws

A. Reservation of Rights to Amend. Declarant shall have the right, exercisable in its sole discretion at any time during the _____ (_____) year period following the date this Declaration is filed for record, and the Board shall have the right thereafter to amend, from time to time, this Declaration, the Bylaws and/or the Drawings in such respects as Declarant may consider necessary, convenient or appropriate for the purpose of (i) complying with any regulations of the Federal Home Loan Bank Board, the Federal National Mortgage Association, the Federal Housing Administration, the Federal Home Loan Mortgage Corporation, the Veteran's Administration, the Department of Housing and Urban Development and/or the Mortgage Guaranty Insurance Corporation (as such regulations may be amended periodically), (ii) complying with any regulations of any federal, state or local governmental agency or instrumentality (as such regulation may be amended periodically), (iii) correcting any scrivener's error or curing any ambiguity, inconsistency or form of defect or omission in this Declaration, the Bylaws and/or the Drawings, and/or (iv) effecting any other changes not adverse to the Unit Owners or to the holders of the mortgages encumbering the Units. Each Unit Owner, by accepting a Deed conveying title to his Unit, and each mortgagee accepting a mortgage encumbering any Unit, automatically consents and approves the provisions of this Section A and all Unit Owners and their respective mortgagees shall perform such actions and shall promptly execute and deliver to Declarant and/or the Board from time to time, as the Declarant and/or the Board shall request, all instruments as Declarant and/or the Board shall consider necessary, convenient or appropriate to effectuate the provisions of this Section A. In addition, each Unit Owner, by acceptance of a Deed in respect to his Unit, and each mortgagee, by accepting a mortgage encumbering any Unit, automatically hereby irrevocably appoints Declarant and/or the Board as the proxy of such Unit Owner and mortgagee coupled with an interest, to act and vote for on behalf of each such Unit Owner and each such mortgagee in such manner as shall enable Declarant and/or the Board to effectuate the rights reserved by Declarant and/or the Board pursuant to this Section A and to that end, each such Unit Owner and each such mortgagee hereby authorizes, directs and empowers Declarant and/or the Board, as the holder of such proxy, to execute, and to have witnessed, acknowledged and recorded, for and in the name of such Unit Owner and each such mortgagee, such amendments of the within Declaration, the Bylaws and/or the Drawings, together with such consents thereto as Declarant and/or the Board shall consider necessary, convenient or appropriate to comply with the provisions of this Section if Declarant shall exercise the rights reserved to it in this Section. Any documents requiring execution by any person, firm, corporation, or other entity (other than Declarant) shall be in full compliance if executed by Declarant and/or the Board on behalf of such person, firm, corporation or other entity.

B. Procedure for Amendments. This Declaration and the Bylaws attached hereto as Exhibit C may be amended upon the filing for record with the Recorder of _____ [county] County, _____ [state], an instrument in writing setting forth specifically the item or items to be amended and any new matter to be added, which instrument shall have been duly executed by the Unit Owners entitled to exercise at least _____ percent (_____%) of the voting power of the Association. Such amendment must be exercised with the same formalities as this instrument and must refer to the volume and page in which this instrument and its attached exhibits are recorded and must contain an affidavit by the Secretary of the Association that a copy of the amendment has been mailed by certified mail to all mortgagees having bona fide liens of record against any Unit. However, no amendment shall have any effect upon a bona fide first mortgagee until the written consent to such amendment of such

mortgagee has been secured. No amendments may diminish or alter the security or rights of any existing lienholder. Such consents shall be retained by the Secretary of the Association and his certification in the instrument of amendment as to the names of the consenting and nonconsenting mortgagees of the various Units shall be sufficient for reliance by the general public. If less than all mortgagees consent to an amendment to the Declaration and/or the Bylaws, said amendment or modification shall nevertheless be valid among the Unit Owners, *inter sese*, provided that the rights of a nonconsenting mortgagee shall not be abrogated thereby. No provision in this Declaration or Bylaws may be changed, modified or rescinded, however, which, after such change, modification or rescission, would conflict with the provisions of Chapter _____[*number*] of the Act, as now in effect or as hereafter amended.

Notwithstanding the above, no consent of any mortgagee shall be required with respect to an amendment by the Declarant, its successors and assigns, if said amendment shall be made pursuant to Article XV, irrespective of the fact that said amendment shall affect the Unit Owners' percentage interest in the Common Areas and Facilities and their voting representation.

C. Exceptions. Notwithstanding the foregoing, for purposes of amending this Declaration:

(i) to submit the Additional Property to the provisions of the Act, the Declarant need only comply with the provisions of the Act pertaining to the right to add "Additional Property" (as defined in the Act) in respect of an "Expandable Condominium Property" as defined in the Act; and

(ii) to effect the rights reserved to Declarant pursuant to Section A, above, Declarant need only comply with the provisions of such Section A and the Act.

ARTICLE XIII

Remedies for Breach of Covenants and Regulations

Abatement and Enjoyment. The violation of any restriction or condition or regulation adopted by the Association or the breach of any covenant or provision contained in this Declaration or in the Bylaws of the Association shall give the Association the right, in addition to all other rights in law or in equity, to (i) enter upon the land or Unit or portion thereof upon which, or as to which, such violation or breach exists and to summarily abate and remove, at the expense of the defaulting Owner, any structure, thing or condition that may exist thereon contrary to the intent and meaning of the provisions of this Declaration and the Bylaws of the Association, and the Association or its agents shall not thereby be deemed guilty in any manner of trespass; or to (ii) enjoin, abate or remedy by appropriate legal proceedings, either at law or in equity, the continuance of any breach. All expense and costs thereof, including reasonable attorneys' fees, shall be paid by the Unit Owner guilty of the breach and constitute the basis for a lien upon his Unit and interest in accordance with Article VI thereof.

ARTICLE XIV

Expansion of Condominium Property by Declarant

A. This Condominium, as planned and envisioned by the Declarant, is intended to be an Expandable Condominium Property. Therefore, in accordance with Chapter _____[*number*] of the Act, Declarant reserves the right, at Declarant's exclusive option, to expand the Condominium Property by submitting all or a portion, as provided below, of the Additional Property to the provisions of Chapter _____[*number*]. Except as otherwise provided in this Section, there are no limitations on the exercise of said option, including, but not limited to, no limitation requiring the consent of any Unit Owner. Said option shall expire _____
(_____) years after the Declaration is filed for record unless said _____
(_____) year period is extended in accordance with the provisions of Section _____

of the Act. There are no circumstances under which said option will terminate prior to the expiration of the above-described time limit, except that Declarant may elect at any time to terminate said option.

B. All or a portion of the Additional Property, as described in Exhibit B, may be added to the Condominium Property in connection with the complete development of the Condominium. Different portions of the Additional Property may be added to the Condominium Property at different times, in phases, so that the entire contemplated development may proceed in an orderly fashion. However, the Declarant is under no legal obligation or duty to add any of such Additional Property to the Condominium Property and may add or decline to add any such portion of the Additional Property within the unrestricted and uncontrolled discretion of Declarant. There are no limitations with respect to the boundaries of portions of the Additional Property that may be added, or with respect to the order in which portions may be added; provided, however, that each portion added shall be contiguous, at some point, to what then constitutes the Condominium Property. There are no limitations as to the location of any improvements contemplated to be constructed on any portion of the Additional Property. Declarant reserves the right to change the design of structures and buildings to be constructed and the order of additions to the Condominium Property of portions of the Additional Property.

C. The Additional Property consisting of the real property set forth on Exhibit A, attached hereto, is owned by Declarant and zoned for single-family residences on which a total of fifteen (15) additional Single-Family Units may be constructed. The Additional Property described on Exhibit B, attached hereto, is zoned for single family-residences and an additional forty (40) Single-Family Units may be constructed. As stated in Article V, subparagraph A, above, all of the land and Units thereon which are added to the Condominium Property are restricted to residential use.

D. With respect to improvements, other than structures, to any portion of any of the Additional Property to be added to the Condominium Property, the Declarant reserves the right to make such improvements as Declarant deems necessary, if any. There are no restrictions or limitations upon improvements that may be made except that Declarant intends that such improvements, if made, will be of substantially the same kind, style and quality as exist with respect to the Condominium Property.

E. With respect to all Units to be constructed on any portion of the Additional Property, all such Single-Family Units are intended to be compatible with the Single-Family Units contained within the Condominium Property when and if initially constructed, as submitted to the provisions of Chapter _____ [number] of the Act in accordance with this Declaration. Design shall not be deemed to be incompatible because of changes in the number of Units, changes in interior layout of Units, or variances in set-backs or relations of structures to other improvements.

F. All or any portion of the Common Areas and Facilities designated on any portion of the Additional Property may be assigned as Limited Common Areas and Facilities by the Declarant. It is anticipated that the type of Limited Common Areas will be substantially of the same type as those designated on the Condominium Property. The size and number of such newly created Limited Common Areas cannot be ascertained precisely because those facts will depend on how large each portion to the Additional Property added to the Condominium Property may be, the size and location of the buildings and other improvements on each portion, and other factors presently undetermined.

G. All or any portion of the Additional Property shall be submitted to the provisions of Chapter _____ [number] of the act, by the Declarant, by filing an amendment to this Declaration, which contains the information, Drawings and other items required by Section _____ [number] of the Act, and which allocates and reallocates the fractions of undivided interest in the Common Areas and Facilities appurtenant to each Unit on the real estate previously submitted to provisions of Chapter _____ [number] and for each Unit constructed or to be constructed on a portion of the Additional Property being submitted to the provisions of Chapter _____ [number] by said amendment. Said amendment shall uniformly reallocate said undivided fractional interests in the Common Areas and Facilities pursuant to the formula described below.

H. The fractional interest of each Unit Owner in the Common Areas and Facilities shall be allocated and reallocated so

that at all times the interest shall be based on the relative Par Values assigned to Units being added to the Condominium Property to the Par Value of all Units. It is intended that the Single-Family Units, once and if added to the Condominium Property, shall be assigned an equal par value of one (1). Such amendment shall be executed by the Declarant in recordable form and filed for record, and shall be effective on the date on which it is filed for record.

ARTICLE XV

Certain Disclosures Required by the Act

In accordance with Section _____ [number] of the Act and in connection with the sale or offer to sell Condominium Ownership Interests by the Declarant, the Declarant agrees that:

A. Any deposit or down payment made in connection with the sale of a Unit will be held in trust or escrow until delivered at settlement or returned to or otherwise credited to the purchaser of a Unit or forfeited to the Declarant, and if a deposit or down payment of _____ Dollars (\$_____) or more is held for more than _____ (_____) days, interest at the rate of at least _____ percent (_____%) per annum for any period exceeding _____ (_____) days shall be credited to the purchaser of a Unit at settlement or upon return or other credit made to such purchaser, or added to any forfeiture to the Declarant. Deposits and down payments held in trust or escrow pursuant to this paragraph shall not be subject to attachment by creditors of the Declarant or a purchaser of a Unit.

B. Except in its capacity as a Unit Owner of unsold Condominium Ownership Interests, the Declarant will not retain a property interest in any of the Common Areas and Facilities after control of the Condominium Property is assumed by the Association, except that the Declarant may retain an interest consistent with this Declaration for the purpose of insuring a means of ingress and egress from and to the Common Areas and Facilities by the prospective Unit Owners in the Additional Property.

C. The owners of Condominium Ownership Interests that have been sold by the Declarant or his agent will assume control of the Common Areas and Facilities and of the Association in the following manner:

(1) The Association shall be established not later than the date the deed or other evidence of ownership is filed for record following the first sale of a Condominium Ownership Interest in the development. Membership in the Association shall be limited to Unit Owners, and all Unit Owners shall be members. Until the Association is established, the Declarant shall act in all instances where action of the Association or its officers is authorized or required by law or the Declaration.

(2) Not later than the time that Condominium Ownership Interests to which _____ percent (_____%) of the undivided interest in the Common Areas and Facilities appertain have been sold and conveyed by the Declarant, the Association shall meet and the Unit Owners, other than the Declarant shall elect not less than _____ percent (_____%) of the members of the Board. Not later than the time that Condominium Ownership Interests to which _____ percent (_____%) of the undivided interests appertain have been sold and conveyed, such Unit Owners shall elect not less than _____ percent (_____%) of the members of the Board. Since the Condominium is an Expandable Condominium, the percentage interest in the Common Areas and Facilities is to be computed by comparing the number of Units sold and conveyed to the maximum number of Units that may be created, as stated in the Declaration.

(3) Except as stated in subparagraph (2) above, the Declarant or person authorized by Declarant may appoint and remove members of the Board and other officers of the Association and exercise the powers and responsibilities otherwise assigned by law or the Declaration to the Association, the Board or other officers. Such authorization shall

extend from the date of the establishment of the Association until the earlier of:

- (a) _____ (_____) years; or
- (b) _____ (_____) days after the sale and conveyance of Condominium Ownership Interests to which appertain _____ percent (_____) of the undivided interests in the Common Areas and Facilities to purchasers in good faith for value.

Within _____ (_____) days of the expiration of control by the Declarant as aforesaid, the Association shall meet and elect all members of the Board and all other officers of the Association. The persons so elected shall take office upon election.

D. Neither the Association nor the Unit Owners will be subject to any management contract or agreement executed prior to the assumption of control as required by the preceding paragraph of this Article for more than _____ (_____) year(s) subsequent to the date of that assumption of control, unless such contract or agreement is renewed by a vote of the Unit Owners pursuant to the Bylaws of the Association.

E. Solely and only to the extent such warranties are or may be required by the provisions of Section _____ [number] of the Act, Declarant will furnish a _____ (_____) year warranty covering the full cost of labor and materials for any repair or replacement of roof and structural components and mechanical, electrical, plumbing and common service elements serving the Condominium Property, as a whole, occasioned or necessitated by a defect in material or workmanship and a _____ (_____) year warranty covering the full cost of labor and materials for any repair or replacement of structural, mechanical and other elements pertaining to each Unit, occasioned or necessitated by a defect in material or workmanship commencing as follows:

- (1) The _____ (_____) year warranty shall commence on the date that the deed is filed for record following the first sale of the first Condominium Ownership Interest to a purchaser in good faith for value, except in the case of Expandable Condominium Property, the _____ (_____) year warranty with respect to Units located on the Additional Property shall commence from the date the deed is filed for record following sale of the first Condominium Ownership Interest on the Additional Property.
- (2) The _____ (_____) year warranty shall commence on the date the deed is filed for record following the first sale of a Condominium Ownership Interest to a purchaser in good faith for value.
- (3) In the case of ranges, refrigerators, washing machines, clothes dryers, hot water heaters and other similar appliances, if any, installed and furnished as part of the Unit by Declarant, the valid assignment, if permitted, of any express or implied warranties, if any, of the manufacturer satisfies the Declarant's warranty under this Section E. with respect to such appliances, and the Declarant's warranty shall be limited to the installation of the appliances.
- (4) All warranties made to the Declarant that exceed the time periods set forth hereinabove with respect to any part of the Units or Common Areas and Facilities shall be assigned to purchasers of Units, provided that such warranties are assignable.

None of the foregoing warranties shall cover repairs or replacements necessitated or occasioned by ordinary wear and tear or by the negligent or wanton acts of any Unit Owner or occupant or any tenant, guest or invitee of a Unit Owner or occupant or occasioned or necessitated for any reason whatsoever except by reason of defects in materials and workmanship. Any dispute in defining what constitutes a defect in materials and/or workmanship in the aforesaid items and the above warranties shall be mandatorily referred to the American Arbitration Association, and the determination thereby shall be final and binding.

F. The Declarant shall assume the rights and obligations of a Unit Owner with respect to Units not yet sold, including the obligation to pay common expenses attaching to such Units, from the date the Declaration is filed for record.

ARTICLE XVI

Special Declarant Rights

The Declarant hereby reserves unto itself, its successors and assigns, the following rights for the benefit of the Declarant:

(i) to complete all improvements that serve the Condominium Property, including without limitation, the right and easement through the Common Areas and Facilities for the purpose of making the improvements within the Condominium Property or within the Additional Property, if and when all or portions thereof are added to the Condominium Property; and

(ii) to maintain sales offices, management offices, signs, advertising and models at such places as Declarant shall determine.

ARTICLE XVII

Miscellaneous Provisions

A. Binding Effect. Each grantee of the Declarant, by acceptance of a deed of conveyance, accepts the same subject to all restrictions, conditions, covenants, reservations, liens and charges, and the jurisdiction, rights and powers created or reserved by this Declaration, and all rights, benefits and privileges of every character hereby granted, created, reserved or declared, and all impositions and obligations hereby imposed, shall be deemed and taken to be covenants running with the land, and shall bind any person having at any time any interest or estate in said real property, and shall inure to the benefit of such owner in like manner as though the provisions of the Declaration were recited and stipulated at length in each and every deed of conveyance. All of the provisions of this Declaration are in furtherance of a common plan to develop, promote and protect the desirability and value of the property described herein for the benefit of each owner thereof.

B. Nonwaiver. No covenants, restrictions, conditions, obligations or provisions contained in this Declaration shall be deemed to have been abrogated or waived by reason of any failure to enforce the same, irrespective of the number of violations or breaches which may occur.

C. Separability. The invalidity of any covenant, restrictions, condition, limitation or other provisions of this Declaration, or of any part of the same, shall not impair or affect in any manner the validity, enforceability or effect of the rest of this Declaration.

D. Statute of Perpetuities. If any of the privileges, covenants or rights created by this Declaration shall be unlawful or void for violation of (a) the Rule Against Perpetuities or some analogous statutory provision, (b) the rule restricting restraints on alienation, or (c) any other statutory or common law rules imposing time limits, then such provision shall continue only until twenty-one (21) years after the death of the survivor of the now living descendants of the United States Senator representing the State of _____[state], the Honorable _____[name].

E. Sales by Declarant. So long as Declarant, its successors and assigns, own one or more of the Units established and described herein, the Declarant, its successors and assigns, shall be subject to the provisions of this Declaration and of the Drawings, except that Declarant may lease, sell, exchange and transfer Units owned by Declarant without approval

of the Board.

F. Nonliability Of Declarant. Neither Declarant nor its principals, members, shareholders, officers or other representatives, successors or assigns shall be liable for any claim whatsoever arising out of or by reason of any actions performed pursuant to any authorities granted or delegated to it by or pursuant to this Declaration in the management and operation of the Condominium and the Condominium Property and the Association, whether or not such claim (i) shall be asserted by a Unit Owner, occupant, the Association, or by any person or entity claiming through any of them; or (ii) shall be on account of injury to person or damage to or loss of property wherever located and however caused; or (iii) shall arise ex contractu or (except in the case of gross neglect) ex delicto. Without limiting the generality of the foregoing, the foregoing enumeration includes all claims for, or arising by reason of, the Condominium Property or any part thereof being or becoming out of repair or containing any patent or latent defects, or by reason of any act or neglect of any Unit Owner, occupant, the Association, and their respective agents, employees, guests, invitees, or by reason of any neighboring property or personal property located on or about the Condominium Property, or by reason of the failure to function or disrepair of any utility services (heat, air conditioning, electricity, gas, water, sewage, etc.). The foregoing exculpatory language shall not include claims against the Declarant arising from Declarant's capacity as a developer, builder and seller.

G. Section Headings; Gender. The heading of each Article and to each Section hereto are inserted only as a matter of convenience and for reference and in no way define, limit or describe the scope or intent of this Declaration nor in any way affect this Declaration.

The use of the masculine gender herein or in the Bylaws shall be deemed to include the feminine and the neuter genders, as the case may be, and the use of the singular shall be deemed to include the plural, wherever the context so requires.

H. Uniform Plan. The provisions of this Declaration shall be liberally construed to effectuate its purpose of creating a uniform plan for the establishment and operation of a proper and harmonious condominium development.

I. Service of Notices. Any notice by the Association or by the Declarant to a Unit Owner shall be deemed to be duly given, and any demand upon him shall be deemed by him to have been duly made, if delivered in writing to him personally, or if sent to him by United States certified mail, return receipt requested, addressed to him at the Unit owned by him, and any notice by a Unit Owner to the Association shall be deemed to be duly given and made, if in writing and delivered to the Secretary of the Association.

Each Unit Owner shall furnish written notice to the Secretary of the Association of the name and address of such Unit Owner's first mortgagee and of any change in the name and address of such mortgagee.

THIS DECLARATION executed by the undersigned Declarant at _____, _____[city]
_____[state], on the _____[day] day of _____[month] _____[year].

FORM 22.87 Typical disclosure statement

COMMENT

In several jurisdictions, in addition to requirements concerning the recording of a declaration and bylaws before a condominium is established, a disclosure statement must be used. In some states the disclosure statement and/or the public report must be filed with a governmental agency. The disclosure statement is intended to provide purchaser's full and adequate disclosure of all material aspects of the development.

For additional forms relating to condominium development and condominium associations, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

BAYVIEW CONDOMINIUMS

_____ [city], _____ [state]

DISCLOSURE STATEMENT

Introduction

BAYVIEW CONDOMINIUMS (the "Condominium") constitutes condominium property under the _____ [state] Condominium Act (the "Act") and this Disclosure Statement is provided to prospective

purchasers of Units in the Condominium in compliance with the Act. This Disclosure Statement is intended to be a fully and accurate presentation of all material circumstances or features affecting the Condominium, without the omission of any material facts or the inclusion of any untrue statement of a material fact. It is requested and encouraged that each prospective purchaser of a unit carefully read this Disclosure Statement.

In addition to the information furnished in this Disclosure Statement, copies of the original condominium instruments are available for review at the offices of the Condominium, as required by the Act. The Condominium instruments (the "Condominium Instruments") include the Declaration of Condominium Ownership of the Condominium, as amended (the "Declaration") and the accompanying drawings, as amended (the "Drawings"), the Bylaws of the Bayview Condominium Unit Owners Association (the "Bylaws"), and any other documents, contracts or instruments establishing ownership of or exerting control over the condominium property or any unit.

THE CONDOMINIUM INSTRUMENTS ARE BINDING AND LEGAL DOCUMENTS IMPOSING RIGHTS AND OBLIGATIONS UPON THE PARTIES. SHOULD THEY NOT BE CLEARLY UNDERSTOOD, THE PROSPECTIVE PURCHASERS ARE TO SEEK COMPETENT LEGAL ADVICE

This Disclosure Statement is intended to be relied upon only by prospective purchasers of Units in the Condominium who purchase their units from the Developer. Prospective purchasers should rely only upon the information, data, or representations referred to in this Disclosure Statement or contained in the various Condominium Instruments described above. No person has been authorized by Bayview, Ltd. (the "Developer") to make any representation which is not expressly contained in this Disclosure Statement or in any of the other Condominium Instruments. This presentation may not be changed or modified orally, but only in a writing signed by the Developer.

The information regarding the Condominium that is required to be furnished to the purchaser of a Unit has been assembled in this Disclosure Statement in a manner which is intended to be informative and useful. The Disclosure Statement includes both a narrative statement and attached Exhibits. The narrative statement provides an explanation of the significant features of the Condominium, as well as additional information of interest to prospective purchasers. The exhibits include projections and other estimates which should be closely reviewed by prospective purchasers.

Unless otherwise defined herein, the terms used in this Disclosure Statement should be interpreted to have the meanings given to them in the Declaration and Bylaws. In case of any inconsistency between this Disclosure Statement and the Declaration or Bylaws, the Declaration and Bylaws shall control.

NATURE OF CONDOMINIUM FORM OF PROPERTY OWNERSHIP

The term "condominium" refers to a form of property ownership which combines features of individual home ownership with features of apartment or other multi-family living. The owner of a residential condominium unit ("Unit Owner") is the sole owner of the portion of the single-family residential building that contains his residence or Unit, and has exclusive use of his residence or Unit, in the same manner that a tenant would have exclusive use of a leased apartment.

However, in contrast to the Owner of a single-family home, who owns his yard and driveway, the owner of a Condominium Unit is one of many co-owners, the lawns, roadways and sidewalks, and all other parts of the condominium development necessary or convenient to its existence, maintenance and safety, or normally in common use. Such common owned portions are referred to as "Common Areas and Facilities." All Unit Owners share the right to use the Common Areas and Facilities, as would be the case in an apartment building, except certain portions of the Common Areas and Facilities designated as Limited Common Areas are designated for the exclusive use of the owner of the Unit near which they are physically located. In this Condominium, these areas include the areas surrounding the Unit such as driveways and sidewalks, and decks and patios, if any. The Unit Owners also share the right to manage the

Common Areas and Facilities, subject to the terms of the Declaration and Bylaws, and share the obligation to pay the expenses of operating, maintaining, repairing and replacing the Common Areas and Facilities (the "Common Expenses") and Limited Common Areas, save and except that some of such expenses as they relate to the Limited Common Areas shall be borne solely by the Unit Owner to which those Limited Common Areas pertain as enumerated in Article III of the Declaration.

Each Unit Owner owns an undivided, fractional fee simple interest in all of the Common Areas and Facilities. This fractional interest is expressed as a fraction or its percentage equivalent and, in accordance with the Declaration, is determined by the Developer on the basis of par value assigned to the Unit. As later discussed, each Unit (which Unit consists of a "Single-Family Building" as more fully described in the Declaration), shall be assigned the same par value.

Each Unit Owner receives and is responsible for paying an individual real estate tax bill just as would the owner of a single-family home, but the real estate taxes are based upon the assessed value of the Unit and the assessed value of the Unit's percentage interest in the Common Areas and Facilities. Each Unit Owner may mortgage his Unit, together with its percentage interest in the Common Areas and Facilities. In addition, each Unit Owner may sell his Unit to anyone without restrictions or limitations except for those certain restrictions or limitations set forth in the Declaration or which are imposed by rules and regulations adopted by the Unit Owners' Association.

The Condominium is an expandable condominium, which means that in the Declaration the Developer has reserved the right to expand the Condominium Property by adding a parcel of vacant land more fully described below and buildings and improvements which may be constructed thereon from time to time in the future. The current construction, development and sales program now being undertaken by the Developer is referred to in this Disclosure Statement as "Phase I." Future expansion may happen on the land described in Exhibit B-1 which is referred to in this Disclosure Statement as "Phase II."

The remainder of this Disclosure Statement follows generally the specific requirements of Section _____[number] of the _____[state] Revised Code, and each portion of this Disclosure Statement bears the alphabetical and numerical designations of that Section _____[number].

A. NAME AND ADDRESS OF THE CONDOMINIUM DEVELOPMENT AND OF THE DEVELOPER

The name of the Condominium Development is the "Bayview Condominiums." The Condominium will be an expandable residential condominium situated along a new private roadway to be constructed and called Bayview Court, ending in a cul-de-sac. Bayview will run north off of Smith Road. The Developer of the Condominium is Bayview, Ltd., a(n) _____[state] _____[entity]. The Developer's address is _____[address], and its telephone number is _____[number].

The Developer is the manager of the actual construction and development of the Condominium, and will initially manage the Condominium on a month-to-month basis until Unit Owners other than the Developer control the Unit Owners' Association to be established.

B. GENERAL NARRATIVE DESCRIPTION OF CONDOMINIUM DEVELOPMENT

Phase I of the Condominium includes _____ (_____) parcel(s) of land zoned for single-family purposes, _____ (_____) parcels consisting of approximately _____ (_____) acres of land and zoned to allow the construction thereon of Single-Family Buildings on which the Developer has approval to construct _____

(_____) Single-Family Buildings or Units. The Units shall be either a ranch plan consisting of approximately _____ (_____) square feet or a two-story plan consisting of approximately _____ (_____) square feet. In either case, they will be of frame construction, with vinyl siding and constructed with basements. Under the Act, the Condominium cannot be formed until at least some of the Units in it have been substantially completed. Therefore, the Condominium will be created in stages as sales and construction of Units are completed. As Units are constructed and added, the Condominium Instruments will be amended to include such improvements so constructed. At the time the Condominium Instruments are first recorded, it is anticipated that just 3 or 4 of the Units will be substantially completed and described in the Drawings to be filed. As additional Units are constructed, the Condominium Instruments will be amended accordingly.

Phase II may consist of _____ (_____) additional Single-Family Unit on approximately _____ (_____) acres of land located across the street from Phase I. Phase II is zoned single-family and the Developer has not determined the size, architectural design or building materials which may be utilized.

The numerical designation, location, layout, dimensions, number of rooms in each Unit and the location of the immediate Limited Common Areas to which each Unit has access shall be graphically shown on the Drawings, or shall be set forth elsewhere in the Declaration and/or the exhibits thereto. The Limited Common Areas to the Units are as follows: driveways, sidewalks, patios and decks (if any), and planting beds adjacent to the structure. In addition to the Limited Common Areas, the Common Areas and Facilities and for use by all the Unit Owners.

Unit Owners will share ownership of the Common Areas and Facilities and will share the responsibility for paying all of the Common Expenses relating to the Common Areas and Facilities. The option to expand the Condominium extends for a _____ (_____) year period from the time the Condominium is created, unless Unit Owners vote to extend that time. There is no provision for the merger of the Condominium with any other condominium.

The initial base price range at which each Unit to be located in Phase I of the Condominium is listed on Exhibit A to this Disclosure Statement. However, economic circumstances may result in price changes from time-to-time after the initial base price list is established. Therefore, prospective purchasers are to contact the Developer to make certain that the price schedule contained in this Disclosure Statement is effective as of the date it is received by the prospective purchaser. Changes in the standard features of the Units will affect the base price.

The portion of the Condominium that is to be exclusively owned by a Unit Owner is called a "Unit." Each Unit Owner will own the entire "fee simple" interest in the Unit that the Unit Owner purchases. A fee simple interest in a Unit is the full legal title to that Unit. Each Unit consists of the single-family building, including the attached garage. The precise location of each Unit is shown on the Drawings.

C. STATUS OF CONSTRUCTION, ZONING, SITE PLAN, ETC. AND THE ACTUAL OR SCHEDULED DATES OF COMPLETION OF THE UNITS AND OTHER COMMON AREAS AND FACILITIES

As of the date of this Disclosure Statement, the status of construction of the Units is that none have been started but they are in the planning stages. The Condominium Property is presently zoned for single-family residences under the ordinances of the City of _____ [city], _____ [state]. The Developer has not received notice of violation of any federal, state or local statutes, ordinances or regulations applicable to the Condominium, and to the best of its knowledge it is in compliance with the requirements of such governmental authorities and its statutes, ordinances and regulations.

The estimated schedule dates of completion of the Condominium is as follows: the first _____

(_____) Units should be done by _____[month] _____[day],
_____[year].

D. FINANCING

As of the date of this Disclosure Statement, there is no financing offered by or through the Developer to purchasers of Units in the Condominium. Upon request, Developer will be able to suggest a lending institution which may, but is not obligated to, finance a portion of the purchase price of Units in the Condominium. Such a suggestion will not obligate or commit any purchaser to obtain financing for such source and each Purchaser is free to obtain financing wherever financing is available.

E. DESCRIPTION OF WARRANTIES

The Developer will furnish to each Purchaser of a Unit, but to no other person or party, certain limited warranties, solely and only to the extent such warranties are required by Section _____ of the Act. Those warranties, which will be included in the written sales agreement between the Developer and the purchaser(s) of each Unit, are a _____ (_____) year warranty covering the full cost of labor and materials for any repair or replacement of roof and structural components, and mechanical, electrical, plumbing and common service elements serving the Condominium Property or Additional Property as a whole, occasioned or necessitated by a defect in material or workmanship and a _____ (_____) year(s) warranty covering the full cost of labor and materials for any repair or replacement of structural, mechanical and other elements pertaining to each Unit, occasioned or necessitated by a defect in material or workmanship, commencing as follows:

(a) The _____ (_____) year warranty shall commence for property submitted by the original Declaration on the date the deed or other evidence of ownership was filed for record following the first Sale of a Condominium Ownership Interest (defined as the execution by both parties of an agreement for the conveyance or transfer for consideration of a fee simple interest in a Unit) in the Condominium Property, and for any Additional Property submitted by Amendment to the Declaration, on the date the deed or other evidence of ownership is filed for record following the sale of the first Condominium Ownership Interest in the Additional Property; in either case to a purchaser in good faith for value.

(b) The _____ (_____) year warranty shall commence on the date the deed or other evidence of ownership is filed for record following the first sale of a Condominium Ownership Interest to a purchaser in good faith for value.

The limited warranties given by the Developer in the written sales agreement, which will include those set forth above, are the only warranties, expressed or implied, made by the Developer to the purchaser of a Unit with respect to the construction or physical condition of the Condominium Property, including, without limitation, the Unit that is the subject of the written sales agreement, and any Additional Property and improvements thereon. None of the warranties set forth above cover repairs or replacements necessitated or occasioned by ordinary wear and tear or by the negligent or wanton acts of any Unit Owner, occupant, guest or invitee, or for any reason whatsoever other than by a defect in material or workmanship. All warranties made to the Developer that exceed the period specified in the warranties described above and included in the written sales agreement with respect to any part of the Units or Common Areas and Facilities shall be assigned to the Unit Owners, if assignable.

F. PROJECTION OF ANNUAL EXPENDITURES NECESSARY TO OPERATE AND MAINTAIN THE COMMON AREAS AND FACILITIES AND THE ESTIMATED MONTHLY COST PER UNIT

The Developer has prepared and has attached to this Disclosure Statement on Exhibit B a _____ (_____) year projection of annual expenditures necessary to operate and maintain the Common Areas and Facilities of the Condominium, specifically stating the assumptions and basis of the projection. The annual and monthly projections will be updated every _____ (_____) months.

The projections are merely estimates based on limited available information and cannot be viewed as assurances or representations that actual expenditures will not exceed projected figures. The actual Common Expenses will be determined by operating experience and by services contracted for, charges made by, and decisions of, the Board of Managers of the Association. These matters are in many respects beyond the control of the Developer and could materially affect the projections from the date of this Disclosure Statement. Updated projections will cover at least _____ (_____) years.

Based on the projections set forth on Exhibit B, attached hereto, the estimated monthly cost per Unit of annual expenses necessary to operate and maintain the Common Areas and Facilities (exclusive of Limited Common Areas and Facilities) is _____ Dollars (\$_____) per month for the first year and _____ Dollars (\$_____) per month for the second year. Each Unit's annual share of Common Expenses is calculated on the basis of the Unit's percentage interest in the Common Areas and Facilities which shall be proportional to the par value. In this instance, because the primary Common Areas and Facilities for which expenses will be incurred exclude Limited Common Areas and Facilities appurtenant to a Unit (which Limited Common Areas and Facilities are maintained by each Unit Owner, not by the Association) and therefore consist primarily of the private roadway and lift station facility, each Unit shall have the same par value of one (1) assigned to it. The percentage interest of a Unit will therefore be the percentage equivalent of one (1) divided by the total number of Units.

The Association does not own any real estate, and will not be liable for real estate taxes. Real estate taxes will be levied individually against each Unit, and will be the responsibility of each Unit Owner. Association assessments will not include amounts to pay these taxes.

G. REPORT BY DEVELOPER STATING THE AGE, CONDITION AND DEVELOPER'S OPINION OF THE REMAINING USEFUL LENGTH OF STRUCTURAL ELEMENTS AND MECHANICAL AND SUPPORTING SYSTEMS AND DEVELOPER'S ESTIMATE OF REPAIR AND REPLACEMENT COSTS PROJECTED FOR _____ (_____) YEARS FROM RECORDING OF THE DECLARATION

Not applicable to this Condominium.

H. MANAGEMENT OF THE CONDOMINIUM DEVELOPMENT

1. Formation of Association. The Association that will be created is a(n) _____ [state] nonprofit corporation, for the purpose of managing and maintaining the Condominium. Each Unit Owner is a member of the Association and will continue to be a member so long as such ownership continues. The Association shall manage the Condominium and the affairs of the Condominium with the right, however, to delegate its authority to a management company. The Association shall be established by the Developer not later than a date the deed or other evidence of ownership is filed for record following the first sale of a Unit in the Condominium. Until the Association is established, the Developer shall act in all instances where action of the Association or its officers is authorized or required by law or the Declaration.

2. Voting Rights. Each purchaser, upon acquisition of a fee simple title interest ("Condominium Ownership Interest") in

a Unit within the Condominium automatically becomes a member of the Association. Such membership shall automatically terminate upon the sale or the disposition by such member of his Condominium Ownership Interest, at which time the new owner of such Unit automatically becomes a member of the Association. Each member constituting the entire Condominium Ownership Interest in the Unit shall be entitled to exercise in person or by proxy that percentage of the total voting power of the Association which is equivalent to the percentage interest of such member's Unit in the Common Areas and Facilities. If two or more persons, whether fiduciaries, tenants in common or otherwise, own individual interests in the Condominium Ownership Interests, each shall be entitled to exercise the proportion of the voting power for such Unit as is equivalent to such person's proportionate interest in the Condominium Ownership Interest of such person.

3. Responsibility of the Unit Owners' Association

(a) Management. The administration, management, maintenance, repair, alterations and improvements of the Condominium Property shall be the responsibility of the Association; provided, however, that the Association may delegate all or any portion of its authority to discharge such responsibility as hereinafter provided.

(b) Common Areas. Except as otherwise expressly provided herein or in the Declaration or Bylaws, the Common Areas and Facilities and driveways (excluding the other Limited Common Areas and Facilities) are required to be maintained in good repair and condition by the Association and the cost thereof shall be Common Expenses.

(c) Improvements Within Units. All maintenance, repairs and replacements to the Units are required to be made by the Owners of the Units, respectively, at their own expense. However, excluding the driveways, Limited Common Areas designated for the exclusive use of the Owner of a Unit, must be maintained, repaired and replaced solely by such Unit Owner. The Board of Managers has the right of access to any Unit for the purpose of making any repairs or replacements to any of the Common Areas and Facilities contained in such Unit or to remedy any condition which would result in damage to any other Unit or to the Common Areas and Facilities, or for the purpose of complying with any laws, orders, rules or regulations of any governmental body having jurisdiction thereof. In addition, if a Unit or a Limited Common Area, excluding the driveways, designated for the exclusive use of a Unit Owner becomes impaired, in a neglected state or otherwise in need of repair or restoration and if the Unit Owner fails after notice from the Association to correct the condition, the Association may but is not obligated to correct the situation at the expense of the responsible Unit Owner.

(d) Bylaws. The Bylaws of the Association provide that the Board of Managers will consist of _____ (_____) persons, each of whom shall be the owner of a Unit or the spouse of such Owner elected by the Owners of the Units. The term of office of the members of the Board of Managers is _____ (_____) years and members of the Board of Managers serve without compensation. It is anticipated that the _____ (_____) members of the Board of Managers will be _____ [name], _____ [name], and _____ [name]. The Bylaws provide that the officers of the Association will include a President, Vice President, Secretary and a Treasurer, each of whom is elected by and is a member of the Board of Managers. Officers serve without compensation. The officers are _____ [name], President, _____ [name], Vice President and _____ [name], Secretary-Treasurer.

(e) Rights of the Developer. Pursuant to the provisions of the Bylaws and the Declaration, the Developer presently possesses all of the powers, rights, duties and functions of the Association and of the Board of Managers. Accordingly, through the exercise of this authority, the members of the Board of Managers and the officers of the Association have been designated by the Developer. The Developer will continue to have the right to exercise the powers, rights, duties and functions of the Association and of the Board of Managers until the earlier of: (i) _____ (_____) years from the date of the establishment of the Condominium Owners' Association; or (ii) _____ (_____) days after the sale and conveyance of Condominium Ownership

Interests to which appertain _____ percent (_____%) of the undivided interests in the Common Areas and Facilities to purchasers in good faith for value. Prior to the earlier of the aforesaid, the Developer shall under certain instances as provided in the Declaration provide for certain minority representation on the Board of Managers, but not majority control.

(f) Delegation of Authority. The Developer, prior to formation of the Association, and the Association thereafter may, but shall not be required to, delegate all or any portion of its authority and responsibilities to a manager, managing agent, or managing company (herein called the "Managing Agent"). Such delegation may be evidenced by a management agreement which shall provide for the duties to be performed by the Managing Agent and for the payment to the Managing Agent of a reasonable compensation as a common expense. Upon the expiration of each management agreement the Association may renew said agreement or enter into a different agreement with a different Managing Agent. The Managing Agent, whether selected by the Developer or the Association, may be an entity owned, in whole or in part, associated with in whole or in part or in any other manner connected or associated with any owner, partner, agent, contractor or employee of Developer without in any manner restricting, limiting or affecting the validity of said agreement; provided, however, that any contract entered into by the Developer with a Managing Agent shall be in accordance with the provisions of Section _____ [number] of the Act which limits the duration of any management contract entered into prior to the assumption of control of the Association by the Unit Owners to _____ (_____) years following such assumption of control, unless such contract is renewed by a vote of the Unit Owners. The holders of first mortgages on Units shall be given notice by the Association of the name and address of any new management company at least _____ (_____) days prior to the employment of said new management company. In the event the Association decides or elects to terminate the employment of a Managing Agent or management company with the intent to manage the Condominium itself and no longer employ a Managing Agent or management company, and the terms of any first mortgage on a Unit provides that said termination shall be a default sufficient to accelerate and immediately call due and payable the entire principal balance of said mortgage, that said termination must be approved by said mortgagee(s) prior to the effective date of the termination.

4. Condominium Instruments --Binding Legal Documents-- Alterations or Amendments. The Condominium Instruments are binding legal documents. All amendments to the Declaration to change percentages of interest in Common Areas and Facilities must be approved by all Unit Owners, except that the Developer reserves the right in the Declaration to amend the Declaration to change percentages of interest, without the consent of the Unit Owners, upon the addition of Units to the Condominium Property.

All other amendments to the Declaration or the Bylaws may be made only by the affirmative vote of Unit Owners entitled to exercise not less than _____ percent (_____%) of the voting power of the Association, except that the Developer reserves the right to amend the Declaration, without the consent of the Unit Owners, in connection with the addition of Additional Property and Units thereon to the Condominium, and except that no amendment shall affect the rights of the Developer under the Declaration and the rights of bona fide first mortgagees until the written consent to such amendment has been obtained from the Developer and if required, from such mortgagees.

I. NO MANAGEMENT AGREEMENT

The Association has not entered into any management contract or other agreement affecting the operation, use or maintenance of or access to all or part of the Condominium. As mentioned, it is the Developer's present intention to manage the Condominium on a month-to-month basis until the Unit Owners meet and determine who will manage the Association's affairs, and on what basis.

J. PURCHASER'S RIGHTS

Set forth on Exhibit C attached hereto, is a statement in twenty-point boldface type of the purchaser's right to review the Condominium Instruments, to void the contract for the purchase and sale of the Unit which is the subject of such contract, the conditions for the return of the purchase deposit made by the purchaser, and the statement of the rights of purchasers under Section 5311.27 of the Revised Code.

K. ESTABLISHMENT OF RESERVE FUND FOR REPAIR OR REPLACEMENT OF COMPONENTS OF CONDOMINIUM AREAS AND FACILITIES

The Bylaws of the Association provide that the Association shall build up and maintain a reasonable reserve for contingencies and replacements, to finance the cost of repair and replacement of the components of the Common Areas and Facilities. The projected Common Expenses set forth on Exhibit B to this Disclosure Statement include a reserve for repairs and replacements. In addition, the Association may assess each Unit Owner for payments to be made into the reserve account on the basis of the budgeted or actual costs.

L. SIGNIFICANT TERMS OF ANY ENCUMBRANCES, EASEMENTS, LIENS, AND MATTERS OF TITLE AFFECTING THE CONDOMINIUM DEVELOPMENT

Attached as Exhibit D to this Disclosure Statement is a list of any encumbrances, easements, liens, and matters of title affecting the Condominium Development. To the best of the Developer's knowledge, none of the items listed on Exhibit D to this Disclosure Statement constitutes an impairment to the use and enjoyment of the common development as a residential property. The mortgages referred to on Exhibit D to this Disclosure Statement will be released as to each Unit and its percentage of interest in the Common Areas and Facilities at the time of the sale of each such Unit and interest in the Common Areas and Facilities.

M. ESCROW DEPOSITS

Any deposit or down payment made in connection with the sale will be held in trust or escrow until delivered at closing, returned to or otherwise credited to the purchaser or forfeited to the Developer. If a deposit or down payment of _____ Dollars (\$ _____) or more is held for more than _____ (_____) days, interest at the rate of _____ percent (_____%) per annum for any period exceeding _____ (_____) days shall be credited to the purchaser at closing or upon return or other credit made to the purchaser, or added to any forfeiture to the Developer. Deposits and down payments held in trust or escrow shall not be subject to attachment by creditors of the Developer or of the purchaser.

N. RESTRICTIONS ON ALIENABILITY

No Unit shall be rented by the respective Unit Owner thereof for transient or hotel purposes, which shall be defined as (i) rental for any period less than twelve (12) months, or (ii) any rental if the occupants of the Units are provided customary hotel service, such as room service for food and beverage, maid service, or the furnishing of laundry and linen and bellboy service. Other than the foregoing obligations, the Unit Owners shall have the right to lease the same, provided that said lease is made subject to the covenants and restrictions in the Declaration, the Bylaws and the Rules, as amended.

O. LITIGATION

There is no present litigation concerning the Condominium.

P. ATTACHED EXHIBITS

As an integral part of this Disclosure Statement, there are attached hereto the following Exhibits, which are incorporated herein and made a part hereof:

Exhibit A - Price List of Units

Exhibit B - Projection of Costs and Expenses

Exhibit B-1 - Description of Expansion Land (Exhibit not attached)

Exhibit C - Statutory Rights of Condominium Purchasers

Exhibit D - List of Title Encumbrances

26-22 Current Legal Forms for Real Estate FORM 22.88

FORM 22.88 Townhouse/condominium disclosure statement

COMMENT

The development of townhouses is very similar to condominiums. The following form is an expandable condominium offering relating to townhouses.

For additional forms relating to condominium development and condominium associations, see Chapter 20, Real Estate Entities, in Volume 24, *supra* .

FORM

Huntington Townhouses Condominium Presentation

Huntington Development Corporation, (the "Sponsor"), herewith presents its proposal for condominium ownership of land adjacent to Hunting Lake Park, _____[city], _____[state] (the "Land"), and the buildings and other improvements to be constructed thereon, (the "Buildings"). The condominium thus established will be known as Huntington Townhouses. This Presentation is intended only as a summary of the main features proposed by Huntington Townhouses and of the legal documents required for the creation of the Condominium. Because of the complexity and interdependence of those legal documents, all of the Sponsor's sales and other representatives are prohibited from changing any of the terms and conditions thereof or attempting to interpret their legal effect. You are urged to consult your own counsel in connection with a review of these documents. The Sponsor's counsel, in turn, will be available to discuss any matters that your counsel may wish to discuss. The Exhibits which follow this Presentation provide a more detailed description of the Condominium and the rights and obligations of the Unit Owners. If there is any inconsistency between the Exhibits and this Presentation, the Exhibits will govern.

The Condominium Concept

Condominium ownership yields the investment and tax advantages of homeowning without the attendant concerns of maintenance. A Condominium Unit Owner buys his own residence in fee simple and is entitled to the exclusive possession thereof. Through the Unit Deed, he acquires not only the physical apartment itself, but the right to use the facilities which all the Condominium participants own in common, such as the grounds, parking areas, and recreational facilities.

In order to insure full enjoyment of the common facilities, a Board of Managers is elected from among the Unit Owners to oversee the operation and maintenance of the Condominium. The cost of that operation and maintenance is shared by the individual Unit Owners in proportion to their respective interests in the common facilities, which proportion is established at the outset of the Condominium. Huntington Townhouses, however, may consist of one, two, or three Sections as more fully described in this Presentation.

As the Unit Deed makes each purchaser an owner in his own right, he bears no responsibility for the mortgage obligations or real estate taxes of his neighbors (just as the owner of a private home is unaffected by the mortgage responsibility or tax liability of the family next door). Each Unit Owner may mortgage his Unit or not, as he sees fit, and in such amount as he chooses, with any bank or other institutional lender. Each Unit Owner is free to resell his Unit, at such price as he determines, to any buyer subject only to the right of first refusal of the Board of Managers as specified in the Bylaws. The interior of one's Unit may be decorated in any way desired, except that in order to assure an aesthetically pleasing exterior, the color of the reverse side of draperies and curtains must meet with the approval of the Board of Managers.

As in the case of all other homeowners, a Unit Owner receives a federal income tax deduction for real estate tax and mortgage interest payments made in connection with his Unit, subject however, to applicable provisions of the Internal Revenue Code with regard to the deduction of interest under certain circumstances.

For these reasons the Sponsor believes that the creation of Huntington Townhouses as a condominium will offer many advantages not available elsewhere in the community.

Huntington Townhouses

The Sponsor proposes to establish the Condominium in three Sections. However, the Sponsor retains the option to complete only one, two, or all three Sections, as market and other relevant considerations dictate.

Section A will consist of _____ (_____) Townhouse Units with surface parking facilities, together with the security and recreational facilities hereinafter described. Section B will consist of _____ (_____) Townhouse Units with surface parking facilities. Section C will consist of _____ (_____) Townhouse Units with parking facilities and a Unit for a resident manager.

Section A of the Condominium will be created by the recording of the Master Deed of the Section A portion of the land, which deed will be in the form attached hereto as Exhibit E. The Master Deed permits the Sponsor to amend its provisions to include either or both of Sections B or C, without the approval or consent of Unit Owners. Simultaneously with the recording of the Master Deed, the Sponsor will also record a Declaration of Easements to reserve for the benefit of Sections B and C certain utility and access easements in the event the Master Deed is not amended to include either or both of those Sections. If Sections B or C are not included in the Condominium, they will have the benefit of those easements only if developed as single family or multifamily residential projects. In no event will Section B or C

have the benefit of the recreational facilities unless the respective Section is included in the Condominium. Unless and until Section C is included in the Condominium, the Board of Managers will have to provide, outside of the Condominium, an office for the Board and a residence for the resident manager or pay him a larger salary. So long as the existing structures remain on the Section C land, the Sponsor is willing to make suitable space available for such office and residence to the Board of Managers at a nominal cost, but the Sponsor reserves for itself, its successors, and assigns, the right to terminate such arrangement at any time on _____ (_____) days' written notice.

You will note in the attached Exhibits the alternative proportionate interests and estimated expenses which will be appropriate depending on which of the Sections are included in the Condominium.

The Land

The Land, consisting of slightly wooded and gently sloping area, is located on the westerly side of Max Lane in _____ [city], _____ [state], only a short walk from Huntington Square. It abuts directly on Huntington Park, a town forest and park surrounding Huntington Lake. The Sponsor, in planning the site and placement of the buildings, has taken advantage of these features to preserve the character of the neighborhood.

All utilities, including electric and telephone lines, will be underground.

The roads and drives that the Sponsor will construct on the Land will be owned by the Condominium and the obligation to maintain them will be that of the Condominium unless and until they are dedicated to, and accepted by, the governmental authority having jurisdiction.

Transportation, Shopping, and Services

_____ [name] is a well-planned, progressive community offering a full range of municipal services and programs. Full police, fire, recreation, park, sewer, and water services are combined with one of the state's best known secondary school systems. Excellent youth and senior citizen programs assure a full life in Huntington Townhouses. Library, post offices, churches, professional offices, convenience stores, and the Marshall Inn are within easy walking distance to support day-to-day activities or to aid when unexpected guests arrive for dinner or the weekend. All these features combine to provide the utmost in ease and convenience.

The Townhouses, Units, and Utilities

Each Townhouse will be a duplex structure constructed primarily of concrete and masonry material in substantial accordance with the specifications contained in Exhibit A attached hereto.

The Units will contain either two bedrooms, three bedrooms, or three bedrooms and a library. Each Unit shall be used only as a residence for a single family. A more complete description of the Units and the specifications for their construction is set forth in said Exhibit A.

Each Unit Owner will pay for all electricity consumed within his Unit, including electricity for heating and for the distribution of air conditioning. Electrical consumption will be measured by a separate meter for each Unit. Water and air conditioning coolant supplied to each Unit will be paid for by the Board of Managers as a part of the services for which the common charge is paid.

Parking Facilities

Each Unit Owner will have the exclusive right to use one designated parking space within the Section in which his Unit is located. The exclusive right to use some additional parking spaces will also be available for purchase as follows:

Section A	_____	[number] spaces
Section B	_____	[number] spaces
Section C	_____	[number] spaces

So long as additional spaces in a particular Section remain unsold, any purchaser in that Section may acquire the exclusive right to use an additional designated parking space or spaces in such Section. If rights in such additional space are acquired, the percentage interest attributable to the Unit will be increased as indicated in the Exhibits annexed hereto so that the user of such additional space pays an additional common charge. Thereafter the Unit may be sold or mortgaged only with the benefit of the rights in the additional space or spaces. The owner of an additional space may, however, license such space to another Unit Owner without the consent or approval of the Board of Managers provided notice of such license is given to the Board of Managers.

Recreational Facilities

One of the common facilities of the Condominium will be an architecturally designed outdoor swimming pool surrounded by a pool deck area and located on the Land. A cabana with toilet facilities will be located adjacent to the pool. The pool will be available only for the exclusive use of Unit Owners and their invited guests. The estimated expenses for the _____ (_____) year of operation as set forth in the Exhibits annexed hereto include the salary of a lifeguard at the pool for _____ (_____) months, the estimated pool season. There will be a clubhouse available for the use of Unit Owners and their invited guests.

Security Facilities

The Condominium can be approached by car only from Evergreen Road. A gate house is to be constructed at that entranceway with a manned gate.

Expenses in Connection with the Creation, Construction, and Sale of the Condominium

The Sponsor will bear all costs and expenses incurred in connection with the creation of the Condominium and the sale of Units, including selling expenses and commissions upon the initial sale of Units, advertising and printing expenses, architects' fees, Sponsor's attorneys' fees, organization costs, and engineering and surveying costs, whether incurred by the Sponsor prior or subsequent to the effective date of the Condominium. The Sponsor will pay all brokerage commissions, if any, on initial sales of Units by the Sponsor's affiliated corporation, Townhouse Management Corp.. At the time of conveyance of a Unit to a Purchaser, there will be no liens or liabilities against such Unit, except the lien for current real estate taxes not then due and payable.

Purchase Agreement and Payments

If a prospective purchaser decides to purchase a Unit, a Purchase Agreement in the form attached hereto will be executed and a down payment toward the total price of the Unit shall be made in an amount which will equal _____ percent (_____) of the full purchase price.

Deposits

The Sponsor will place all deposits in its account at the _____ [name]. If the Sponsor does not complete the contemplated transaction for any reason, such moneys will be returned to the purchasers. It is intended, however, that when a respective Section becomes effective, such deposits as are attributable to that Section will be used by the Sponsor in connection with the construction of the Condominium. Therefore, a purchaser should understand that just as in a situation where a builder is to build single family homes, if the Sponsor fails to complete the construction of a Unit and has no financial resources, the purchaser may lose all or part of his deposit. You should consult your attorney in order to best evaluate the nature and extent of that risk. For purposes of this paragraph, the term "effective" means that Purchase Agreements for _____ percent (_____) in interest of the Units (or such lesser percentage as the Sponsor may determine) in the respective Section have been executed and accepted by the Sponsor. If the Plan does not become effective by _____ [month] _____ [day], _____ [year], with respect to Section A, _____ [month] _____ [day], _____ [year], with respect to Section B, or _____ [month] _____ [day], _____ [year], with respect to Section C, all moneys paid by a purchaser of a Unit in the affected Section will be returned by the Sponsor.

Sale of Units

The Townhouse Units will be sold by the Sponsor, in fee simple, to purchasers who may be individuals, partnerships, corporations, or fiduciaries. Units will be sold together with their respective undivided interests in the Common Elements and exclusive rights and easements. Good record and insurable title to each Unit and its appurtenant interests in the Common Elements will be conveyed by the Sponsor by quitclaim deed, free and clear of all liens and encumbrances other than:

1. A state of facts as shown on the subdivision plan made by _____ dated _____ [month] _____ [day], _____ [year], which indicates a utility easement to the Town of _____. Any additional state of facts which a subsequent survey would show, provided such additional facts do not render title uninsurable or materially interfere with the use of the Property as contemplated in this Presentation.
2. Zoning and Building Bylaws and any amendments thereto now or hereafter adopted. The Sponsor represents and warrants that the contemplated improvements comply with present zoning and building bylaws of the City of _____ [city].
3. Site Plan approval by the Board of Appeals of the City of _____ [city], and conditions, if any, imposed in connection therewith.
4. Easements in favor of utility companies for the construction and maintenance of utility and telephone lines, which easements may or may not have yet been recorded.
5. Easements in favor of the City of _____ [city], for use of sewer, drainage, and water lines, which easements may or may not have yet been recorded.
6. The Master Deed, Bylaws, Map, and Floor Plans to be recorded in _____ [county] County Registry

of Deeds, as the same may be amended from time to time as provided in this Presentation, the Master Deed, or the Bylaws.

7. Any state of facts which an accurate survey of the Unit would show, provided that such state of facts would not render title unmarketable or materially interfere with the use of the Unit as contemplated in this Presentation.

8. Easements in favor of adjoining Units and in favor of the Common Elements for the continuance of all encroachments of such adjoining Units or Common Elements on the Unit, existing as a result of construction of the Units, or which may come into existence as a result of settling or shifting of the Units, or as a result of repair or restoration of the Units or of any adjoining Unit or of the Common Elements made by or with the consent of the Board of Managers, after damage or destruction by fire or other casualty, or after a taking in condemnation or eminent domain proceedings, or by reason of an alteration or repair to the Common Elements, made by or with the consent of the Board of Managers, so that any such encroachments may remain so long as the Units shall stand.

9. Easements in favor of the other Units to use the pipes, wires, flues, ducts, conduits, cables, public utility lines, roads, and other Common Elements located in the Unit or elsewhere on the Property and serving such other Units.

10. Exclusive rights in favor of other Units for the exclusive use of designated underground and surface parking spaces and storage cubicles.

11. Real estate taxes attributable to such Unit for the then current year as are not due and payable on the date of closing of the sale.

Section A shall have the benefit of a ten-foot utility easement and a seven-foot parking easement over Section B and two-foot drainage easements over land adjacent to the Premises.

Closing of Sales

The closing of the sale of each Unit shall take place only after, or concurrently with, the following events:

1. The issuance of a temporary or permanent Certificate of Occupancy permitting occupancy of the Unit under contract.
2. The Master Deed, Bylaws, floor plans, and architects' certification required by general laws shall be recorded as required by law.
3. Release of the Unit from the lien of all mortgages except the purchaser's mortgage, if any.
4. The issuance of a title insurance policy, if purchaser has applied for such title insurance, insuring fee title to the Unit in the purchaser, free and clear of all liens and encumbrances except those set forth or referred to in the Purchase Agreement and purchaser's mortgage, if any.
5. Assignment of all applicable warranties to the Board of Managers as set forth in the Exhibits annexed hereto.
6. Delivery to the purchaser of all applicable warranties on kitchen appliances and air conditioning equipment in his Unit as set forth in the Exhibits annexed hereto.

Closing Costs and Expenses

The estimated closing costs and expenses to be borne by each purchaser of a Unit will be as follows:

1. An Owner's title insurance policy, if ordered from _____ [title company], will cost approximately _____ Dollars (\$ _____) through a special arrangement made by the Sponsors with the title insurer.
2. Recording fees for recording the Unit Deed and accompanying plans and certificate.
3. The fees and expenses of the purchaser's own attorney, if any.
4. The purchaser will be required to pay to the Board of Managers common charges allocable to his Unit monthly in advance. Common charges assessed during the month in which the sale of a Unit closes shall be adjusted on a per diem basis as of the closing date. The percentage of common charges to be assessed against each Unit is fixed by the Master Deed. The estimated common charges for the _____ (_____) years of operation for each Unit are set forth in the Exhibits annexed hereto.
5. In addition to the regular monthly charge, the purchaser will be required to pay at the closing to the Board of Managers an amount equal to _____ percent (_____%) of the estimated annual common charges to provide the Condominium with working capital and a contingency reserve.
6. Current real estate taxes attributable to the Unit shall be adjusted as of the closing date.

Obligations of the Sponsor

The Sponsor will deliver to the Board of Managers, at the time of conveyance of the first Unit, an agreement requiring the Sponsor to perform the following:

1. The Sponsor will pay or cause to be paid all contractors, subcontractors, and materialmen and all others involved in the construction of the Units and Common Elements for work performed and fixtures, material, and equipment supplied or installed in the construction of the Condominium.
2. The Sponsor, at its sole cost and expense, will with reasonable diligence perform or cause to be performed such work, or will supply or cause to be supplied all materials necessary to complete the Units and Common Elements, including the recreational facilities, substantially in accordance with the provisions of this Presentation. The construction of the recreational facilities will be substantially completed within _____ (_____) months after the time _____ percent (_____%) of the Units in Section A have been occupied.
3. The Sponsor will cause any and all mechanic's liens arising out of the construction of the Units or Common Elements to be discharged by bonding or otherwise, promptly after the filing of such liens.
4. If a permanent Certificate of Occupancy shall not have been issued at the date of closing of any Unit, the Sponsor will use its best efforts to secure such permanent Certificate of Occupancy and will, at its sole cost and expense, perform or cause to be performed all work and supply or cause to be supplied all materials necessary therefor, consistent with the standards of this Presentation.
5. The Sponsor will pay the indebtedness secured by the construction loan mortgage and will comply with all the other terms and provisions of such mortgage and the note which it secures.

6. The Sponsor will promptly correct any defects in the construction of a Unit, or in the installation or operation of any mechanical equipment therein, that is due to improper workmanship or materials substantially at variance with this Presentation, provided it is notified of such defects in writing within _____ (_____) years from the date of occupancy of such Unit by the Unit Owner. The Sponsor will correct any defects in the construction of the Common Elements, or in the installation or operation of any mechanical equipment therein, due to improper workmanship or materials substantially at variance with this Presentation, provided it is notified of such defects in writing by the Board of Managers (or by any three Unit Owners if the Board of Managers fails to give such notice) within _____ (_____) years from the date of conveyance of the first Unit in the respective Section. The quality of construction shall be comparable to local standards customary in the particular trade. The Sponsor makes no warranties as to fixtures or equipment except that it will deliver to purchasers any manufacturer's warranties thereon received by the Sponsor. In no event shall the Sponsor be responsible for any nail pops, normal settlement, or any consequential damage resulting therefrom.

7. The Sponsor will deliver to the Board of Managers, when the Board takes over the management of the Condominium, heating, electrical, plumbing, roofing, and appliance warranties to the extent the same are given by the subcontractors and manufacturers.

The Sponsor makes no other undertakings or warranties except as otherwise set forth in this Presentation and none should be implied.

The Sponsor has no obligation to make any repair to the Units or Common Elements except as set forth in this paragraph, and shall not be liable for or required to defend any suit arising out of any occurrence except claims arising out of acts of the Sponsor.

No bond or other security has been furnished to secure the performance of the Sponsor's obligations. The ability of the Sponsor to perform its obligations will depend upon its financial resources at the time it is called upon to perform.

Change in Number and Location of Units, Size, Layout, and Percentage of Common Interest of Units and Substitution of Materials, Etc.

In order to meet possible unforeseen or varying demands for the number and type of Units, or to meet particular requirements of prospective purchasers, lending institutions, or title insurance companies or for any other reason, the Sponsor reserves the right to change the size, number, and location of Units and other improvements in each Section (and the size, layout, location, and percentage interest in the Common Elements, of any Unit for which a Purchase Agreement has not been executed by the Sponsor or with respect to which the purchaser is in default), provided such changes do not change the percentage interest in the Common Elements of any Unit already sold or under an executed Purchase and Sale Agreement as to which the purchaser is not in default; increase the earlier purchaser's proportionate share of common expenses; alter the Sponsor's responsibilities and warranties; or diminish the assessments against unsold Units when Section A becomes effective. The Sponsor also reserves the right to substitute for any of the materials, equipment, and appliances specified in the Exhibits annexed hereto, materials, equipment, and appliances of equal or better quality.

Estimate of Common Charges

Annexed hereto are estimated annual budgets for the Condominium based respectively upon occupancy of all Units in Section A, upon occupancy of all Units in Sections A and B, and upon occupancy of all Units in Sections A, B, and C.

The Sponsor has prepared the estimates in the Exhibits annexed hereto. The Sponsor believes these estimates to be dependable, but because of actual expenditures differing from estimated expenditures, possible changes in the future income or expenses of the Condominium, and other variable factors, such estimates are not intended nor should they be considered as guarantees or warranties of any kind whatsoever.

Liens for Nonpayment of Common Charges.

Under the provisions of the _____ [state] General Laws, the Board of Managers, on behalf of the Unit Owners, shall have a lien on each Unit for unpaid common charges assessed against such Unit by the Board of Managers. Such lien, however, shall be subordinate to the liens for taxes on the Unit and any sums unpaid on a first mortgage of record on such Unit.

No Unit Owner may exempt himself from liability for his common charges by waiving use of any of the Common Elements or by abandonment of his Unit. Subject to the provisions of the Bylaws, a Unit Owner may, by conveying his Unit and his interest in the Common Elements to the Board of Managers, exempt himself from common charges thereafter accruing.

Other Liens

Until the Condominium is terminated, no lien of any kind may be created against the Common Elements after the Master Deed is recorded unless all Unit Owners consent thereto. During such period, liens may arise only against the Units and their respective interests in the Common Elements. A lien for labor performed on or materials furnished to a Unit may not be filed against the Unit or any Unit Owner not expressly consenting to or requesting such labor or materials, except in the case of emergency repairs.

Bylaw Provisions

The following is a summary of important provisions of the Bylaws of the Condominium.

1. Management. Under the Bylaws of the Condominium, the affairs of the Condominium will be managed by a Board of Managers ultimately consisting of six members. The Board of Managers is authorized to employ a manager or a managing agent for the buildings and grounds on such terms as the Board of Managers may deem proper. The services to be rendered by the Board of Managers or any such manager or managing agent shall include billing and collecting common charges, hiring and discharging employees, supervising repairs and alterations, purchasing supplies, maintaining the Condominium's books, and attending meetings of the Board of Managers and of the Unit Owners when reasonably requested.

In order to assure professional management for the Condominium during the initial years of its operation, Huntington Townhouse Management Corp., an affiliate of the Sponsor, has been employed to act as managing agent for the Condominium for a period of _____ (_____) years following the conveyance of the first Unit at a maximum compensation equal to _____ percent (_____) per annum of the actual cumulative initial sales prices of the Units in the respective Section pursuant to the terms and provisions of a Management Agreement. The Management Agreement may not be cancelled without the consent of two-thirds (2/3) of the Unit Owners in each Section. A copy of the Management Agreement is available for inspection at the office of the Sponsor's counsel.

2. Board of Managers and Officers. The term of office of members of the Board of Managers shall be _____ (_____) years, with the term of _____ (_____) of the Board of Managers expiring each year.

The officers shall consist of the President, the Vice President, the Secretary, and the Treasurer, all of whom shall be elected by the Board of Managers at its annual meeting. All members of the Board of Managers and officers shall serve without compensation from the Condominium. The Board of Managers and Officers need not be Unit Owners, until the Board of Managers is elected by the Owners and all Units in all Sections have been sold by the Sponsor.

3. Control by Sponsor. The first Board of Managers shall consist of six members who shall be designated by the Sponsor, one of whom shall be a Unit Owner. At the first annual meeting of Unit Owners which will take place within _____ (_____) days after title to _____ percent (_____) of the Units in Section A have been conveyed, or _____ (_____) years following the date of conveyance of the first Unit, whichever is sooner, two of the original Managers will resign and be replaced by Managers elected by the Unit Owners. At each of the next two annual meetings, two of the Managers designated by the Sponsor will resign and be similarly replaced. Prior to the second annual meeting, the Sponsor will have voting control of the Board which shall be responsible for maintenance, the facilities and services to be provided, and will determine the common charges to be paid by all Unit Owners, including the Sponsor. So long as the Sponsor owns one or more Units, the Sponsor will be entitled to elect at least one member of the Board of Managers and can vote as owner of all Units still held by the Sponsor.

4. Voting. Each Unit Owner shall be entitled to cast one vote at all meetings of the Unit Owners for each _____ percent (_____) of interest in the Common Elements belonging to the Unit or Units owned by him. The presence in person or by proxy of a majority of Unit Owners shall constitute a quorum at all meetings of the Unit Owners and, unless otherwise provided, the vote of a majority in interest of Unit Owners at a meeting at which a quorum shall be present shall be binding upon all Unit Owners. To amend or modify the Bylaws, a vote of _____ percent (_____) in number and in common interest of all Unit Owners entitled to vote, cast at a meeting duly held for such purpose, shall be necessary. Special meetings of Unit Owners may be held from time to time, whenever necessary to conduct the affairs of the Condominium.

If the Sponsor duly amends the Master Deed so as to cause the Condominium to be enlarged by the addition of Section B, Units in Section B shall be entitled to vote and shall be chargeable with their share of common charges from and after the date of conveyance of the first Unit in such Section. If the Sponsor duly amends the Master Deed so as to cause the Condominium to be enlarged by the addition of Section C, Units in Section C shall be entitled to vote and shall be chargeable with their share of common charges from and after the date of conveyance of the first Unit in such Section.

5. Common Charges. The common charges payable by each Unit Owner from time to time shall be based upon budgets prepared annually by the Board of Managers and in accordance with such Unit Owner's proportionate interest in the Common Elements. Each Unit Owner shall be advised promptly after the adoption of each budget of the amount of common charges payable by him for the period covered by such budget. The Sponsor shall pay _____ percent (_____) of the common charges allocable to Units that it owns but are unoccupied.

No Unit Owner shall be liable for the payment of any part of the common charges assessed against his Unit subsequent to a permissible transfer by him of such Unit, or subsequent to his conveyance of such Unit to the Board of Managers on behalf of all Unit Owners, in accordance with the provisions of the Master Deed and Bylaws. The latter conveyance may be made only if his Unit is free and clear of liens and encumbrances other than statutory lien for common charges.

6. Repairs. All painting, decorating, maintenance, repairs, and replacements to the Common Elements shall be made by the Board of Managers, and the cost thereof shall be charged to all Unit Owners as a common expense, except to the

extent that the same are necessitated by the negligence, misuse, or neglect of a Unit Owner, as determined by the Board of Managers, in which case such expense shall be charged to such Unit Owner. The estimate of common charges for the first year covers the projected cost of upkeep of grounds and snow plowing.

All painting, decorating, maintenance, repairs, and replacements to any Unit shall be at the Unit Owner's expense, except as otherwise provided herein.

The Board of Managers and the manager or managing agent shall have the right of access to any Unit, at reasonable times and in the case of emergency, in the performance of their duties.

7. Insurance. The Board of Managers shall obtain and maintain, to the extent obtainable, fire insurance with extended coverage, insuring the Units (including the bathroom and kitchen fixtures initially installed in all of the Units by the Sponsor, but excluding wall covering, fixtures, furniture, furnishings, or other personal property supplied or installed by Unit Owners), together with all service machinery contained therein and covering the interests of the Condominium, the Board of Managers, and all Unit Owners and their mortgagees, as their respective interests may appear. Each of such policies shall contain a standard mortgagee clause in favor of each mortgagee of a Unit which shall provide that the loss, if any, thereunder, shall be payable to such mortgagee as its interest may appear, subject, however, to the loss payment provisions in favor of the Board of Managers hereinafter set forth. The cost of all such insurance shall be paid by the Board of Managers and shall constitute a common expense. The proceeds of all policies of physical damage insurance shall be payable to the Board of Managers, to be applied for the purpose of repairing, restoring, or rebuilding the Buildings unless otherwise determined by the Unit Owners in accordance with the Bylaws and the provisions of Chapter _____ [number] of _____ [state] General Laws. All policies of physical damage insurance shall, to the extent obtainable, contain waivers of subrogation, or reduction of pro rata liability of the insurer as a result of any insurance carried by Unit Owners, and of invalidity arising from any acts of the insured or any Unit Owners, and shall provide that such policies may not be cancelled or substantially modified without at least _____ (_____) days prior written notice to all of the insured, including all mortgagees of Units.

The public liability insurance policy to be maintained until the first meeting of the Board of Managers following the first annual meeting of the Unit Owners will be in limits of _____ Dollars (\$_____) for bodily injury to any one person and _____ Dollars (\$_____) covering all claims for bodily injury arising out of any one occurrence and _____ Dollars (\$_____) for property damage arising out of any one occurrence in the Common Elements and covering cross liability claims of one insured against another. However, such policy does not cover the individual liability of a Unit Owner arising from occurrences within his own Unit. A Unit Owner should insure himself against such liability by purchasing insurance for this purpose at his own expense.

Unit Owners should also carry insurance for their own benefit insuring their carpeting, parquet flooring, wall covering, fixtures, furniture, furnishings, and other personal property, provided that such policies contain waivers of subrogation and further provided that the liability of the carriers issuing insurance procured by the Board of Managers shall not be affected or diminished by reason of any Unit Owner's other insurance.

The Board of Managers will arrange for repair of the Units and Common Elements in the event of casualty loss. If the insurance proceeds are not sufficient to cover the cost of repairs to the Units, the balance of such cost will be assessed against all Unit Owners.

8. Improvements; Costs. If _____ percent (_____) or more but less than _____ percent (_____) of the Unit Owners agree to make an improvement to the Common Elements, the cost of such improvement shall be borne solely by the Unit Owners so agreeing. _____ percent (_____) or more of the Unit Owners may agree to make an

improvement to the Common Elements and assess the cost thereof to all Unit Owners as a common expense, but if such improvement shall cost in excess of _____ percent (_____%) of the then value of the Condominium, any Unit Owner not so agreeing may apply to the superior court, on such notice to the Board of Managers as the court shall direct, for an order directing the purchase of his Unit by the Board of Managers at the fair market value thereof as approved by the court. The cost of any such purchase shall be a common expense.

No Unit Owner shall make any structural alteration, addition, or improvement in his Unit without the prior written approval of the Board of Managers, but this provision shall not apply to Units owned by the Sponsor until such Units have been initially sold by the Sponsor.

9. Liability of Board of Managers and Unit Owners. Any contract or other commitment made by the Board of Managers, the managing agent, or the manager shall be made only as agent for the Unit Owners, and none of them shall be personally liable on any such contract or commitment (except as Unit Owners). The liability of any Unit Owner on any such contract or commitment shall be limited to such proportionate share of the total liability thereunder as the common interest of such Unit Owner bears to the aggregate common interest of all Unit Owners. The Board of Managers shall have no liability to the Unit Owners for errors of judgment, negligence, or otherwise, except for willful misconduct or bad faith. The Unit Owners shall severally indemnify the members of the Board of Managers against any liability or claims except those arising out of bad faith or willful misconduct of the members of the Board of Managers, but the liability of any Unit Owner on account of such indemnification shall be limited to such proportionate share thereof as the common interest of such Unit Owners bears to the aggregate common interest of all Unit Owners. Members of the Board of Managers shall not be required to be bonded.

10. Easements. Each Unit Owner shall have, in common with all other Unit Owners, an easement to use all pipes, flues, ducts, cables, wires, conduits, public utility lines, or other Common Elements located in other Units and serving his Unit and an easement for the continuance of any encroachment by his Unit on an adjoining Unit or on any Common Element, existing as a result of construction of the Units, or which may come into existence thereafter as a result of the Units settling or shifting, or as a result of restoration of the Units or a Unit after damage by fire or other casualty, or as a result of condemnation or eminent domain proceedings, or as a result of repairs or alterations made or approved by the Board of Managers or the Unit Owners as hereinabove provided, so that any such encroachment may remain undisturbed so long as the Units stand. Each Unit shall be subject to these easements in favor of all other Unit Owners. The Board of Managers, through the manager, managing agent, or their employees, shall have a right of access to each Unit to inspect and make repairs to the Unit to prevent damage to the Common Elements or any other Unit. The owner or owners of Sections B and C, or either, shall have the easement set forth in the Declaration of Easements.

General Information Concerning the Parties Involved

The Sponsor

Huntington Development Corporation is a(n) _____ [state] _____ [entity].

The Builder

Blue Construction Company, a(n) _____ [state] _____ [entity] having a place of business in _____ [city], _____ [state], will construct the Units and improvements on the Land, pursuant to a general contract with the Sponsor. The builder has no financial relationship, past or present, to the Property or the Sponsor, except as builder.

The Attorneys for the Sponsor

The Sponsor has retained the law firm of _____ [name] of _____ [city], _____ [state], who have drafted the Master Deed, the Bylaws, the form of Purchase Agreement, the form of Unit Deed, and all other documents necessary in connection with the formation of the Condominium, and who are advising the Sponsor in connection with all legal matters incidental thereto. The Condominium may retain its own counsel following the filing of the Master Deed.

The Architect

_____ [name] of _____ [city], _____ [state], have been retained by the Sponsors as architects for the project. The architects have no financial relationship, past or present, to the Property or to the Sponsor, except as architects.

Sales and Managing Agent

Huntington Management Corp., a(n) _____ [state] _____ [entity] which owns a majority of the stock of the Sponsor, has been engaged to act as sales agent for the Sponsor and has been employed to act as managing agent for the Condominium for a period of _____ (_____) years following the conveyance of the first Unit.

Termination of Condominium

The Condominium shall continue (unless terminated by casualty loss or by condemnation) until such time as the Property shall be withdrawn from the provisions of the _____ [state] General Laws, as a result of the vote to do so of at least _____ percent (_____) in number of the Unit Owners. At that time the Property shall be subject to an action for partition by any Unit Owner or any lienor, as if owned in common. In that event the net proceeds of the sale resulting therefrom shall be divided among all Unit Owners in proportion to their respective common interests after first applying the share of the net proceeds of such sale otherwise payable to any Unit Owner, to the payment of any liens on his Unit, in the order of the priority of such liens.

The Exhibits which follow this Presentation provide a more detailed description of the Condominium and the rights and obligations of the Unit Owner. Please consider the Exhibits carefully and discuss your questions with your own counsel. Your counsel should direct his inquiries to the Sponsor's counsel.

Any information, data, or representation not referred to in this Presentation and not contained in the various Exhibits and documents mentioned herein, must not be relied upon. No person has been authorized by the Sponsor to make any representation which is not expressly contained herein. This Presentation may not be changed or modified orally.

The Sponsor reserves the right to change the terms of this Presentation as they affect potential purchasers not then under contract provided any such change shall not affect the substance of the Presentation with respect to prior purchasers or purchasers under contract, or their undivided interest in the Condominium.

Dated: _____ [month] _____ [day], _____ [year] _____ [city], _____ [state]

Huntington Townhouse Condominium Presentation

Description of Units, Common Elements, Utilities,
Appliances, and Pool Area

1. Description of units. _____[*Description of Units, i.e., number of bedrooms, bathrooms, etc.*]

2. Description of Common Elements. The Common Elements consist of the entire Property not located within any Unit. They include, without limitation, the following:

(a) The land on which the buildings are erected;

(b) All roofs, foundations, pipes, ducts, flues, chutes, conduits, wires, and other utility installations to outlets, bearing walls, perimeter walls, columns, and girders to the interior surfaces thereof, regardless of location;

(c) All land, lawns, gardens, gatehouse, pool, cabana, clubhouse, roads, parking, and other improved or unimproved areas not within the Units, provided, however, that each Unit owner shall have an easement for the exclusive use of one designated parking space and may have an easement for the exclusive use of one or more additional parking spaces as designated in his Unit Deed;

(d) All installations of power, lights, gas, hot and cold water, and heating existing for common use and all other parts of the property necessary or convenient to its existence, maintenance, and safety or normally in common use;

(e) All sewer and drainage pipes;

(f) All storage rooms located outside of the Units, provided, however, that each Owner shall have an easement for the exclusive use of one storage cubicle to be designated in his Unit Deed; and

(g) All other apparatus and installations existing in the Units for common use or necessary or convenient to the existence, maintenance, or safety of the buildings.

3. Types of Units. The dimension and sizes given below are approximate dimensions or sizes, and are subject to variation due to field conditions. The following floor areas are taken from inside finish to inside finish. They include the partition walls with the Unit and the area of the patio to which the Unit has access and exclusive use.

[Description for types of Units, i.e., description of floor plans for types of Units]

4. Utilities and Appliances

(a) Water supply. Water will be supplied by the _____[*name*] and is a common expense of the Condominium. Meters will be supplied and installed by the City of _____[*city*].

(b) Sewers. All building waste lines will be connected to sewer lines which connect to public sewers at the property lines.

(c) Waste disposal. Waste will be picked up several times weekly. There will be a compactor to compact and wrap the waste for transporting out of the Condominium. The cost of the pick up is included in the estimated annual operating expenses.

(d) Plumbing. Interior water lines will be copper. Interior waste lines will be cast iron.

(e) Plumbing Fixtures. All fixtures will be white.

(1) Bathtub will be a five-foot, standard width, cast iron unit with a nonskid bottom surface, nonscald shower control, shower head, and tub spout.

(2) Water closet will be a tank-type, floor mounted unit of a vitreous china material.

(3) Lavatory will be a counter mounted, oval unit of vitreous china with a wide spread faucet.

(4) Stall showers, where applicable, will have a nonscald shower control and head set.

Bathrooms will have high pressure laminate vanity tops and cabinet bases. There will be a combination unit with three dimensional mirrors and two medicine cabinets. The unit will be 36 inches high and the width of the vanity top. Each bathroom will contain two or more chrome towel bars and a flush mounted chrome toilet paper holder. There will be ceiling high ceramic tile around the bathtub and a ceramic tile floor in all bathrooms that have bathtubs or showers. There will be combination ceramic soap dish and grab bar for each bathtub and shower stall. Stall showers will have 2'0" glass shower doors.

(f) Kitchen Sink. Kitchen sinks will be a stainless steel duplex sink with a single lever faucet.

(g) Kitchen Cabinets and Countertops. All kitchen cabinets will be wood. All countertops will be high pressure laminate.

(h) Heat. Each Unit will contain electric baseboard radiation with individual room control provided by wall thermostats. The cost of operating and maintaining the heating system is a Unit expense.

(i) Air Conditioning. Each Unit will contain its own compressor and air handler with control from a wall thermostat within the Unit. Coolant will be provided to each compressor. The cost of operating and maintaining the compressor and air handler is a Unit expense. The cost of operating and maintaining the central cooling equipment will be included in the common charge.

(j) Hot Water Heaters. Hot water heaters will be electric. The cost of operating and maintaining the water heater is a Unit expense.

(k) Electrical Equipment. Each Unit will be metered separately from a central location in the garage area. A 150 amp feeder will be installed to a 150 amp 120/208 volt single phase, three wire circuit breaker panel. Common area electricity will be separately metered and will be included in the common charge.

(l) Electrical Outlets. All outlets are duplex receptacles. In all rooms where there are no ceiling fixtures, two duplex outlets will be wired to a switch. There will be special outlets for range, dishwasher, disposal, refrigerator, dryer, washer, air conditioning, or electric heat.

(m) Telephone and Television. All Units will be prewired for telephone in accordance with current _____[city] requirements. Each Unit will contain at least two television antenna jacks connected to a master antenna system.

(n) Appliances. The following appliances or equal are included in every Unit at no extra cost:

- Electric range: Double oven with self-cleaning lower master oven and built-in two level exhaust system
- Refrigerator-freezer: 15 cu. ft. no frost refrigerator-freezer with icemaker.
- Dishwasher: Built in with push button selection of washing cycles.
- Food waste disposer: 1/2 hp. motor, insulated for sound control.

The above appliances come in the standard manufacturer's colors.

(o) Light Fixtures. Above-counter light fixtures will be supplied in kitchens and bathrooms. Stall shower will have recessed fixtures. Standard fixtures will be provided in the entry hall and hallways. Porcelain socket fixtures will be provided in walk-in closets and clothes closets. Electric outlet boxes for light fixtures will be provided as follows: kitchen--one; dining room--one.

(p) Floor Covering. In each Unit the floor will be covered with wood parquet in all areas except baths and lavatory which will be covered with ceramic tile and the kitchen which will be covered with sheet vinyl.

(q) Warranties and Reservations. At the time of conveyance of title to the first Unit in each Section, the plumbing, heating, central air conditioning, roofing, and electrical subcontractor's guaranties, covering for each Building a _____ (_____) years period subsequent to the conveyance of title to the first Unit in each Building, shall be delivered to the Board of Managers. At the time of conveyance of each Unit, the kitchen appliances and Unit air conditioning equipment manufacturer's warranties covering a period subsequent to conveyance of title as outlined in each warranty, shall be delivered to the purchaser thereof.

All Buildings and facilities will conform to the applicable governmental codes. Sponsor reserves the right to substitute for any of the materials or equipment specific materials or equipment of equal or better quality.

5. Pool Area. The pool area contains a rectangular swimming pool of approximately _____ (_____) square feet surrounded by an attractive deck with an adjoining cabana. Pool water will be filtered to comply with local health codes.

6. Clubhouse. The clubhouse is a two-story brick and concrete building with basement, containing meeting rooms, game rooms, and party rooms with a six-lane bowling alley in the basement.

Rules and Regulations

of
Huntington Townhouses

1. The greens and walkways in front of the entranceways to the Townhouses shall not be obstructed or used for any purpose other than ingress and egress from the Townhouses.
2. No owner shall in any manner decorate the exterior of any Townhouses without the prior written consent of the Board of Managers.
3. No article shall be hung or shaken from the doors or windows or placed upon the window sills of the Townhouses.

4. No bicycles, scooters, baby carriages, or similar vehicles or toys, or other personal articles shall be allowed to stand in any of the common areas.
5. No owner shall make or permit any noises that will disturb or annoy the occupants of any of the Townhouses or do or permit anything to be done which will interfere with the rights, comfort or convenience of other owners.
6. Each owner shall keep such owner's Townhouse in a good state of preservation and cleanliness and shall not sweep or throw or permit to be swept or thrown therefrom, or from the doors or windows thereof, any dirt or other substance.
7. No shades, awnings, window guards, ventilators, fans, or air conditioning devices shall be used in or about the buildings except such as shall have been approved by the Board of Managers.
8. All garbage and refuse from the Townhouses shall be deposited with care in garbage containers intended for such purpose only at such times and in such manner as the Board of Managers may direct.
9. Water closets and other water apparatus in the buildings shall not be used for any purposes other than those for which they were constructed nor shall any sweepings, rubbish, rags, paper, ashes, or any other article be thrown into the same. Any damage resulting from misuse of any water closets or other apparatus shall be paid for by the owner in whose Townhouse it shall have been caused.
10. No owner shall send any employee of management out of the development on any private business of the owner.
11. No bird or animal shall be kept or harbored in the development unless the same in each instance is expressly permitted in writing by the Board of Managers. In no event shall dogs be permitted in any of the public portions of the development unless carried or on leash. The owner shall indemnify the Board of Managers and hold it harmless against any loss or liability of any kind or character whatsoever arising from or growing out of having any animal in the development.
12. No industry, business, trade, occupation, or profession of any kind, commercial, religious, educational, or otherwise, designed for profit, altruism, or otherwise, shall be conducted, maintained, or permitted on any part of the Property, nor shall any "For Sale," "For Rent," or "For Lease" signs or other window displays or advertising be maintained or permitted on any part of the Property or in any Unit therein nor shall any Unit be used or rented for transient, hotel, or motel purposes. The right is reserved by the Sponsor and the Board of Managers, or its agent, to place "For Sale," "For Rent," or "For Lease" signs on any unsold or unoccupied Units, and the right is hereby given to any mortgagee, who may become the owner of any Unit, to place such signs on any Unit owned by such mortgagee, but in no event will any sign be larger than _____ (_____) foot by _____ (_____) feet.
13. Nothing shall be altered or constructed in or removed from the Common Elements, except upon the written consent of the Board of Managers.
14. All radio, television, or other electrical equipment of any kind or nature installed or used in each Unit shall fully comply with all rules, regulations, requirements, or recommendations of the Board of Fire Underwriters and the public authorities having jurisdiction, and the Unit Owner alone shall be liable for any damage or injury caused by any radio, television, or other electrical equipment in such Unit.
15. The agents of the Board of Managers or the managing agent, and any contractor or workman authorized by the Board of Managers or the managing agent, may enter any room or Unit in the Buildings at any reasonable hour of the day after notification (except in case of emergency) for the purpose of inspecting such Unit for the presence of any

vermin, insects, or other pests and for the purpose of taking such measures as may be necessary to control or exterminate any such vermin, insects, or other pests.

16. The Board of Managers, or its designated agent, may retain a pass key to each Unit. No Unit Owner shall alter any lock or install a new lock or a knocker on any door of a Unit without the written consent of the Board of Managers. In case such consent is given, the Unit Owner shall provide the Board of Managers, or its agent, with an additional key pursuant to its right of access to the Unit.

17. No vehicle belonging to an owner or to a member of the family or guest, tenant, or employee of an owner shall be parked in such manner as to impede or prevent ready access to another owner's space. The owners, their employees, servants, agents, visitors, licensees, and the owner's family shall obey the parking regulations posted at the private streets, parking areas, and drives and any other traffic regulations promulgated in the future for the safety, comfort and convenience of the owners.

18. The owner shall not cause or permit the blowing of any horn from any vehicle of which he or his guests or family shall be occupants, approaching or upon any of the driveways or parking areas serving the development.

19. An owner must not permit his guests, tenants, or members of his family to use parking spaces owned by other owners.

20. All damage to the Townhouses caused by the moving or carrying of any article therein shall be paid by the owner responsible for the presence of such article.

21. Water shall not be left running for any unreasonable or unnecessary length of time.

22. No owner shall use or permit to be brought into the Townhouses any inflammable oils or fluids such as gasoline, kerosene, naphtha, or benzine, or other explosives or articles deemed extra hazardous to life, limb, or property, without in each case obtaining written consent of the Board of Managers.

23. The owners shall not be allowed to put their names on any entry of the Townhouses, except in the proper places provided for such purpose.

24. The owners shall close all windows when necessary, to avoid possible damage from storm, rain, or freezing.

25. No owner shall do any painting of the exterior of the Townhouses or to the patio, fences, parking spaces, or storage areas.

26. The swimming pool may be used by owners or their guests. No alcoholic drinking shall be permitted in the pool area. The owners and their guests must abide by the swimming pool rules as posted in the pool area. Personal copies shall be available upon request.

27. The Board of Managers may charge guests for the use of the swimming pool and may restrict the number of guests that may use the swimming pool.

28. The swimming pool may not be used unless a qualified lifeguard is present.

29. Rules of behavior for the swimming pool and pool area will be promulgated by the Board of Managers, and all Unit Owners and their families and guests must abide by such rules.

30. Draperies or curtains must be installed by each Unit Owner on all windows of his Unit and must be maintained in

such windows at all times. No blinds may be installed or used without draperies. The color of the portion of such draperies, blinds, or curtains visible from the exterior shall conform to standards specified by the Board of Managers.

31. The Board of Managers shall, from time to time, promulgate a list of service and convenience individuals and firms such as dry cleaners, launderers, milkmen, repairmen, etc., who are authorized to do business on the Property. No owner shall authorize other such individuals or firms on the Property without the approval of the Board of Managers.

32. Any owner wishing to plant flowers, trees, or shrubs outside of his patio area must obtain written permission from management before doing so.

33. Any damage to the buildings, recreational facilities, or other common areas or equipment caused by children or their guests shall be repaired at the expense of the Unit Owners.

34. Complaints regarding the management of the Townhouses and grounds or regarding actions of other owners shall be made in writing to the Board of Managers.

35. Any consent or approval given under these Community Rules by the Board of Managers shall be revocable at any time.

36. These community rules may be modified, added to or repealed at any time by the Board of Managers.

Huntington Townhouses Swimming Pool Regulations and Administration

1. The swimming pool and swimming pool area are for the use of the Huntington Townhouses residents and their invited guests.

2. All guests 18 years of age or under must be accompanied by a resident at all times.

3. All guests over 18, when not accompanied by a resident, must present a guest card. Guest cards may be obtained from the manager by the residents.

4. Except by prior arrangement with the lifeguard, the number of guests in one group in the pool at any one time will not exceed four.

5. No group of guests over four will be allowed on Saturday and Sunday.

6. Every Tuesday from one p.m. to nine p.m., the pool will be open only to persons over 18 years of age.

7. Residents are reminded that they are responsible for the conduct of their guests at all times.

8. Residents will sign the register for themselves and their guests when entering the pool area for swimming.

9. Swimming pool hours will be from nine a.m. to nine p.m.

10. The swimming pool attendant is in charge of bathing and safe conduct in the swimming pool area. Please respect his judgment and authority in enforcing safety and sanitation regulations.

11. Any person having any apparent skin disease, sore or inflamed eyes, cough, cold, nasal, or ear discharges, or any

communicable disease shall be excluded from the pool.

12. No boisterous or rough play, except supervised water sports, is permitted in the pool, on diving board, or in the pool area.

13. Spitting, spouting water, and blowing nose in the pool, etc., are prohibited.

14. Solo swimming (swimming alone when no other person is in the immediate pool area) is prohibited.

15. Double bouncing on diving board is prohibited.

16. Drinking alcoholic beverages in the pool area is prohibited.

17. No horseplay... . No running... . Please walk.

18. The use of glassware or glass bottles, etc., in the pool area is prohibited.

19. Please observe swimming hours as posted.

20. All individuals will take a shower in their Townhouse or in facilities provided for that purpose before entering the swimming pool and will provide their own towels.

21. Attire will conform to conventional swimming suits. Full trunks or swimming suits will be worn.

22. It is requested that all individuals cooperate in maintaining maximum cleanliness and tidiness in the swimming pool area.

23. Tobacco, beverages, or food may not be taken within _____ (_____) feet of the swimming pool.

24. No children in diapers are allowed in the pool.

25. No pets are allowed in the swimming pool or the clubhouse area.

Clubhouse Regulations

1. The Clubhouse is for the use of Huntington Townhouse residents and their invited guests.

2. The Clubhouse shall be used in accordance with the rules and regulations as posted therein.

3. Any persons using the Clubhouse shall be responsible for keeping it clean and presentable.

4. Each owner shall be responsible for any damage caused to the Clubhouse or its contents by the owner or any of the owner's family, tenants, or guests. The owner shall pay for any such damage.

FORM 22.89 Agreement for Sale of Condominium

COMMENT

The following agreement is for the sale of a new condominium under construction. It includes many of the typical provisions that one would find in a purchase agreement (i.e., price, closing date, title insurance, etc.). It also includes some provisions that are specific to the offering of a new condominium unit, which is usually governed by the condominium statute of the state in which the condominium is located, and because this unit is in the process of being built, it includes provisions which you would also see in a construction contract. The purchase of a condominium includes not only the purchase of the unit itself, but also the purchase of an undivided interest in the common areas, and provides that the buyer is buying the condominium subject to the governing condominium documents and provisions. Therefore, the buyer should always review those governing condominium documents in advance of signing the purchase agreement. Many states provide that a disclosure statement must be given to the buyer prior to the sale of the condominium, disclosing the essential facts which the buyer should know prior to purchasing that condominium and provide for a right of rescission for a period of time after the buyer is in receipt of the disclosure statement. As set forth in Paragraph 7.A., the sale of a new condominium will also typically require certain statutory warranties to be given by the seller, a warranty relating to the construction of the condominium unit itself and its contents, and to the common areas.

In this particular purchase agreement, the buyer is required to make a down payment which would be applied against the purchase price of the unit, but provides at the end of Paragraph 2.A. that the earnest money deposit may be used by the seller as opposed to being deposited into escrow, as long as the funds are used towards the actual construction of the unit and it is fully disclosed in the purchase agreement that the earnest money deposit can be used for that purpose. Obviously, if that is the case, the buyer should make sure that the buyer is dealing with a reputable condominium developer, otherwise the buyer could lose that down payment if the buyer uses it for unallowed purposes or otherwise gets into financial

trouble and cannot complete the unit. Another way to possibly protect the interest of the buyer is to require that the down payment be deposited into an escrow account, to be disbursed only upon receipt by the escrow agent of evidence of paid invoices for actual expenditures made with respect to the construction of the unit. That may or may not be possible to negotiate, depending on the bargaining position of the buyer.

It is important that the buyer of a new condominium unit have the right to inspect it prior to closing the transaction and taking occupancy of the unit. That is provided for in Paragraph 6.C. of this Agreement. Obviously, the condominium statutes of each state are different and the laws of the jurisdiction should be reviewed prior to entering into the agreement.

FORM

AGREEMENT FOR SALE OF CONDOMINIUM

for

Aspen Condominiums

THIS AGREEMENT is made this ____ day of ____, 20____, by and between Meaden Homes, Ltd., an Ohio limited liability company ("Seller"), and _____ and _____ (collectively "Buyer").

1. Definitions. Except as otherwise set forth herein, all terms used herein shall have the same respective meanings as specified in the Declaration of Condominium Ownership for Aspen Condominiums (the "Declaration").

2. Agreement to Purchase. Seller hereby agrees to sell to Buyer, and Buyer hereby agrees to purchase from Seller, a condominium unit known as Unit ____ (the "Unit"), to be located on Site No. _____ as shown on the Plot Plan marked Exhibit "A," attached hereto and made a part hereof, to be known by the street address _____, _____, _____, together with an undivided percentage interest (the "percentage interest") in the Common Areas and Facilities appurtenant to the Unit, and all of Seller's right, title and interest in and to any fixtures, built-in appliances and equipment located in the Unit, all of which shall hereinafter sometimes be referred to collectively as the "Premises." The Premises shall be constructed in accordance with the terms of Paragraph 6. below.

3. A. Purchase Price. Buyer shall pay to Seller for the Premises the sum of:

Purchase Price of Unit \$_____

The purchase price consists of the allowances set forth on Exhibit B, attached hereto.

The purchase price shall be paid as follows:

Earnest Money Received \$_____

Balance Due Per P 6.C. \$_____

Any deposit or down payment made by Buyer with Seller in connection with the sale of a condominium ownership interest shall be held in trust or in an escrow account. If this transaction is closed as provided herein, the earnest money deposit together with interest, if any, which may be due Buyer shall be applied at closing as a credit against the purchase price.

Notwithstanding the above, Seller may at its option withdraw the aforesaid deposit or down payment held in trust or in escrow upon commencement of construction of the Unit and site work and use the monies in the actual construction and development of the Premises, it being understood that the Seller shall not use the monies for advertising purposes or for the salaries, commissions or expenses of agents.

PURCHASER ("BUYER") ACKNOWLEDGES THAT, PURSUANT TO THIS CONTRACT, THE DEVELOPER ("SELLER") MAY WITHDRAW AND THEN USE FOR CONSTRUCTION AND DEVELOPMENT OF THE CONDOMINIUM PROPERTY ANY DEPOSIT OR DOWN PAYMENT THAT THE PURCHASER ("BUYER") MAKES PRIOR TO CLOSING.

B. Other Payments. In addition to the above purchase price, Buyer shall also pay Seller for any extras, alterations or additions not provided for by this Agreement, but requested by Buyer and approved in writing by Seller, hereafter referred to as the "Change Orders." Such amounts shall be deposited in escrow on or before the date specified in Paragraph 6. C. below

C. Financing. If Buyer is unable, after exercising Buyer's commercially reasonable efforts, to obtain a commitment for mortgage financing for the purchase of the Premises, within thirty (30) days after the date of this Agreement, which mortgage loan shall be an amount equal to not less than _____ percent (____%) of the total purchase price payable under this Agreement with a term of not less than _____ (____) years at the then prevailing interest rate in _____ County, Ohio, then either party shall have the right to terminate this Agreement by notice to the other. In the event of termination, the earnest money shall be refunded to Buyer. A copy of Buyer's loan commitment shall be delivered to Seller promptly upon receipt by Buyer from the lending institution.

4. Governing Documents. The sale and purchase of the Premises, together with the percentage interest shall be subject to:

- (i) the Declaration and any amendments thereto made pursuant to the authority granted therein or reserved herein;
- (ii) the Bylaws of the Aspen Condominium Unit Owners Association (the "Bylaws"), and any amendments thereto made pursuant to the authority granted therein or reserved herein;
- (iii) the Aspen Condominium Drawings (the "Drawings"), and any amendments thereto made pursuant to the authority granted therein or reserved herein;
- (iv) The Condominium Statute of the State of Ohio (the "Act"); and
- (v) the matters set forth in the Disclosure Statement ("Disclosure Statement"), required by the Act and furnished to Buyer.

Seller reserves the right to make such modifications, additions or deletions in or to the Declaration, the Bylaws and the Drawings as shall be deemed appropriate or necessary by Seller or its counsel, or as may be required by Seller's lender or the title company hereafter designated, provided that none of the same shall increase the purchase price specified in Paragraph 3. above or require a material physical modification of the Unit.

5. Title.

A. Deed. Seller shall furnish a general warranty deed (the "Deed") conveying to Buyer good fee simple title to the Premises, together with the percentage interest, free and clear of all liens and encumbrances whatsoever except:

(i) the terms, provisions, obligations and conditions contained in (1) the Act, (2) the Declaration and any amendments thereto made pursuant to the authority granted therein or reserved herein, and (3) the Bylaws and any amendments thereto made pursuant to the authority granted therein or reserved herein;

(ii) the Drawings and any amendments thereto made pursuant to the authority granted therein or herein;

(iii) conditions, restrictions, covenants, reservations and easements of record;

(iv) zoning and other building ordinances; and

(v) taxes and assessments, both general and special, which are a lien but not due and payable on the date the Deed is filed for record.

B. Title Evidence. After closing, Seller shall also furnish Buyer with an Owner's Fee Policy of Title Insurance (with a condominium endorsement) issued by Chicago Title Insurance Company (the "Title Company") in the amount of the purchase price which shall insure marketable title to the Premises and its percentage interest to be good in Buyer, free and clear of all liens and encumbrances, except the exceptions in the Deed set forth in Paragraph 5.A. above.

6. Construction.

A. Description of Work. It is acknowledged that Buyer previously selected and paid for a certain set of architectural plans for this Unit, which plans describe the model known as _____ (the "Model"), containing approximately _____ (_____) square feet. Such Model contains the Detailed List of Features described on Exhibit C, attached hereto and made a part hereof, and is modified by the document captioned Optional Items Selected by Buyer as set forth on Exhibit D, attached hereto and made a part hereof.

Upon the execution hereof, or as soon as Seller can obtain a building permit therefor, Seller shall cause the Premises to be constructed in accordance with the Plans and Specifications dated _____, 20____, prepared by _____ Architects, more fully identified on Exhibit D, attached hereto and made a part hereof. Two (2) full sets of the Plans and Specifications shall be initialed by Seller and Buyer and each shall keep one set.

No Change Orders should be made in the Plans and Specifications, except upon a written order signed by both Seller and Buyer. If there is more than one Buyer, the signature of the Buyer on such change order shall be deemed obtained when signed by any one (1) Buyer. Buyer agrees to direct all communication concerning the Plans and Specifications for the construction of the Premises to the attention of Seller in writing, and expressly agrees not to communicate or negotiate directly with the vendors or subcontractors before or during the construction of the Premises. Buyer agrees to make all selections necessary for substantial completion of the Premises on a timely basis, on a schedule to be provided by Seller to Buyer.

B. Estimated Completion Date. The estimated date for substantial completion is _____, 20____. Seller shall use commercially reasonable efforts to substantially complete the Premises by such date, subject to delays due to Acts of God, strikes, material shortages, or other reasons beyond the control of Seller, including without limitation, delays due to the acts or omissions of Buyer. In no event, however, shall Seller be liable to Buyer for any damages or inconveniences suffered by Buyer for Seller's delay in construction and delivery of possession and title, or for Seller's failure to substantially complete and deliver by said date.

C. Closing Date. Seller will notify Buyer when Seller has substantially completed construction of the Premises. The closing date shall occur on or before seven (7) business days after Seller gives such notice ("Closing Date"), whether or not the decorating, floor coverings and electric fixturing have then been substantially completed. The consummation of

this transaction shall be evidenced by the filing of the Deed with the County Recorder. If any of the decorating, floor coverings and electric fixturing work required to be done by Seller is not done on the Closing Date, or if there is need for "touch up" or minor repairs to Seller's other work on the Closing Date, Buyer agrees not to use such failure to complete, need for touch up or need for repair, either to defer the Closing Date or to refuse to deposit the entire balance of the purchase price with the escrow agent hereafter designated. If the Premises are substantially completed by the Closing Date except for the completion of certain interior and/or exterior items, including such items as exterior concrete, driveways, exterior paving, final grading and landscaping, provided that a Certificate of Occupancy or a Conditional or Temporary Occupancy Permit is issued for the Premises, the parties agree that the escrow will be closed without any holdback of funds from the purchase price to Seller, except for the estimated cost to complete such punch list items as reasonably determined by Seller. It is understood and agreed by Seller that such punch list items will be promptly completed by Seller as soon as reasonably possible.

If Seller is unable to obtain the exact materials specified in the Plans and Specifications, or option items selected by Buyer, through Seller's ordinary use or sources of supply, Seller shall have the right to substitute materials of similar pattern and design and of the same or higher quality. The parties agree that the Premises shall be substantially completed upon issuance of a Certificate of Occupancy or a Conditional or Temporary Occupancy Permit, at which time Buyer agrees to immediately sign and deliver to Buyer's mortgage lender, if any, all necessary mortgage loan papers pertaining to Buyer's financing, and Buyer agrees to immediately sign and deliver to Seller and the escrow agent duplicate copies of Seller's standard form acceptance letter ("Acceptance Letter") accepting the Premises and authorizing the disbursement to Seller of the balance of the purchase price save and except for an amount agreed to cover the cost of finishing the punch list items, if any, and setting forth additional escrow instructions, if any, and the Closing Date. Buyer acknowledges receipt of a copy of the Seller's standard form Acceptance Letter.

As of the Closing Date, Buyer acknowledges there may be construction and other improvements still under way at or near the Condominium Property, and the Common Areas and Facilities may not be fully completed. Furthermore, Buyer acknowledges that Seller may add additional land to the Condominium Property ("Additional Property") as more fully described in the Declaration, and will be required to use the existing road within the Condominium Property for ingress and egress and to deliver construction materials, equipment, vehicles and the like to construct other Units and improvements on the Condominium Property and on such Additional Property, if added. Buyer agrees to and accepts such use. None of the foregoing conditions or rights of Seller will relieve Buyer of Buyer's obligation to close, or having closed, will give to Buyer any claim against Seller.

7. Limited Warranty.

A. Statutory Limited Warranty. Solely and only to the extent that such warranties are required by the provisions of the Act, Seller hereby furnishes, solely to Buyer, and to no other person or party, a two-year warranty covering the full cost of labor and materials for any repair or replacement of roof and structural components, and mechanical, electrical, plumbing and common service elements serving the Condominium Property or Additional Property as a whole, occasioned or necessitated by a defect in material or workmanship and a one-year warranty covering the full cost of labor and materials for any repair or replacement of structural, mechanical, and other elements pertaining to the Premises being purchased by Buyer, occasioned or necessitated by a defect in material or workmanship, commencing as follows:

(1) The two-year warranty shall commence for property submitted by the original Declaration on the date the Deed or other evidence of ownership was filed for record following the sale of the first condominium ownership interest in the Condominium Property, and for any Additional Property submitted by amendment to the Declaration, on the date the deed or other evidence of ownership is filed for record following the sale of the first condominium ownership interest in the Additional Property, to a purchaser in good faith for value.

(2) The one-year warranty shall commence on the date the Deed or other evidence of ownership is filed for record

following the first sale of a condominium ownership interest to a purchaser in good faith for value.

With respect to any fixtures, appliances or equipment installed in the Unit by Seller, Seller agrees to and does hereby assign the express and/or implied warranty of the manufacturer to Buyer effective as of the Closing Date, to the extent assignable. Buyer acknowledges that Buyer shall not look to Seller for any defects in material or workmanship with respect to such items, but solely to the manufacturer.

B. Seller's Only Warranties. The limited warranties set forth in Paragraph 7.A. above are the only warranties, expressed or implied, made by Seller to Buyer with respect to the construction or physical condition of the Condominium Property, including, without limitation, the Premises. None of the warranties set forth in Paragraph 7.A. above shall cover repairs or replacements necessitated or occasioned by ordinary wear and tear or by the negligent or wanton acts of any unit owner, occupant, guest or invitee, or for any reason whatsoever other than by a defect in material or workmanship.

8. Closing Procedure.

A. Escrow Instructions. The escrow agent for this transaction shall be Chicago Title Insurance Company ("Escrow Agent"). This Agreement constitutes joint escrow instructions to the Escrow Agent, instructing it to complete the purchase and sale of the Premises in accordance with the terms and conditions set forth herein. The Escrow Agent may accept this Agreement as escrow instructions subject to the standard conditions of acceptance of the Escrow Agent to the extent that the same are not inconsistent with the provisions of this Agreement.

B. Closing Procedures. All documents and funds necessary for the completion of this transaction shall be placed in escrow with the Escrow Agent on or prior to the Closing Date. Time is of the essence under this Agreement. Buyer acknowledges that prior to and after the Closing Date, Seller will incur substantial continuing expense for construction interest, insurance, taxes, and maintenance ("Carrying Costs"), and that for these reasons time is the essence for closing this transaction. If Buyer shall fail to deposit with the Escrow Agent the entire balance of the purchase price within the time herein provided, or should Buyer delay Seller's completion of the Premises (e.g., delays caused by Buyer's selections or caused by Buyer's decorators), Buyer shall pay to Seller at or prior to closing an amount equal to the Carrying Costs for the period of such delay. Seller shall not be obligated to accept such delayed payments (i.e., Carrying Costs), and may at any time after the date on which the deposit should be made but before the deposit is in fact made, proceed in accordance with Paragraph 14. of this Agreement.

Upon receipt by the Escrow Agent of the following:

- (i) the funds required to be deposited in escrow by Buyer pursuant to Paragraph 3. of this Agreement;
- (ii) the Conveyance Fee Statement as required by Ohio law;
- (iii) the Deed; and
- (iv) any other funds or documents required to close this transaction, then, the Escrow Agent shall complete this transaction by filing the Deed for record, crediting or charging each party with the prorations and expenses authorized in this Agreement and by disbursing the amounts due respectively to each party, but only when the Escrow Agent can and will issue to Buyer the Title Insurance required under Paragraph 5.B. of this Agreement.

Notwithstanding the above, if on the Closing Date the Title Company informs the Escrow Agent that it cannot issue the Title Insurance required hereunder, and if the Buyer does not forthwith waive the title defects that the Title Company shall recite as preventing such issuance, or if the Seller does not forthwith cure the same, then the closing of this transaction shall be postponed for a period of 30 days until the Seller removes said title defects.

9. Prorations.

A. Taxes. The Escrow Agent shall prorate between the parties all real estate taxes and assessments, both general and special, which are a lien but not yet due and payable as of the Closing Date, attributable to the Premises and its percentage interest. The proration shall be made as of the Closing Date.

In prorating real estate taxes and assessments, the amount shown on the last officially certified tax duplicate shall be used. If, however, the last officially certified tax duplicate was not based upon an assessment which includes the Unit as substantially completed, then such taxes and assessments shall be prorated between the parties outside of escrow based upon the actual assessment for the year of closing, provided Buyer shall request such proration within ninety (90) days after such information becomes available.

B. Condominium Association Assessments. Condominium Association assessments shall be paid semi-annually in advance. At the time of closing, the Escrow Agent shall prorate the assessment attributable to the Premises for the semi-annual period in which the closing occurs, and in addition Buyer shall be required to pay into escrow the next succeeding semi-annual assessment. The Escrow Agent shall forward directly to the Condominium Association the assessments collected at the closing.

10. Closing Charges.

A. To Seller. The Escrow Agent shall charge to Seller and pay out of the funds otherwise due Seller the following:

- (i) the amount of any state or county fees and taxes levied on or in connection with the transfer of title to the Premises and its percentage interest;
- (ii) the cost of the title examination and the premium for the Title Insurance required hereunder;
- (iii) one-half (1/2) of the Escrow Agent's fee;
- (iv) any amount due Buyer by reason of the proration of real estate taxes and assessments required hereinabove;
- (v) all other charges properly borne by Seller consistent with the terms hereof.

B. To Buyer. The Escrow Agent shall charge to Buyer and pay out of the funds otherwise due Buyer the following:

- (i) one-half (1/2) of the Escrow Agent's fee;
- (ii) the cost of recording the Deed;
- (iii) the Condominium Association assessment as referred to above;
- (iv) all costs related to the financing of this transaction by Buyer, if any; and
- (v) all other charges properly borne by Buyer consistent with the terms hereof.

11. Utilities and Insurance Not Prorated at Closing.

A. Utilities. Seller shall pay all utilities applicable to the Premises until transfer of record title, after which all such charges shall accrue to and be paid by Buyer. Any energy rebates shall be paid to Seller.

B. Insurance. The Buyer is responsible from and after the date title transfers for obtaining and maintaining such insurance coverage with respect to the Premises as the Buyer deems appropriate.

12. Possession. Buyer shall be entitled to possession of the Premises from and after the date the Deed is filed for record in the office of the County Recorder. Subject to the provisions of Paragraph 6. C. above, Buyer shall be deemed to have accepted the condition of the Premises in "as is" condition as of the date record title to the Premises is transferred to Buyer, or as of the date Buyer takes possession of the Premises, whichever is first to occur, as to all matters which are apparent upon a visual inspection, such as scratches, dents, blemishes and similar defects in any part of the Premises, provided Buyer obtains from Seller prior to taking possession or prior to transfer of record title, whichever is first to occur, a written statement signed by Seller acknowledging the exact items claimed to be faulty and defective by Buyer and stating exactly what remedial work, if any, Seller will perform. Seller agrees to execute such statement and to correct such items listed thereon as soon as reasonably possible. Buyer shall have the right to examine the Premises before title transfer or before Buyer takes possession of the Premises as fully as Buyer reasonably desires, and Seller makes no implied warranties with regard to defects which such an examination ought under the circumstances to reveal.

13. Fire or Other Casualty. The risk of loss by fire or other casualty shall remain on Seller until the filing of the Deed for record. In the event of substantial damage to or total destruction of the Premises by fire or other casualty prior to said Deed being filed for record, Seller shall, within thirty (30) days following such damage or destruction, give notice to Buyer as to whether the Premises will be rebuilt or restored. In the event that the Premises is to be rebuilt or restored, this Agreement shall remain in full force and effect (except that if the Premises has been damaged or destroyed, the date on which the Deed is to be filed for record shall be postponed until the Premises has been rebuilt or restored); otherwise, either party may declare this Agreement null and void, in which case all money paid to Seller or deposited by Buyer with the Escrow Agent and all documents deposited by Seller with the Escrow Agent shall be returned to the depositing party, and each party shall be released from all liability hereunder. In the event of any unsubstantial damage to the Premises by fire or other casualty prior to the Deed being filed for record, the same shall be rebuilt or restored at Seller's expense, and this Agreement shall remain in full force and effect.

14. Default. If this transaction does not close in escrow at the time and otherwise as provided by this Agreement, then:

(i) If caused by default of Seller, Buyer shall be entitled to prompt return of all payments made to Seller or into escrow, together with interest, if any, which may be due Buyer. Except as provided in Paragraph 23. below, the aforesaid shall be Buyer's sole remedy upon such default, and Buyer shall not be entitled to seek damages or specific performance and all rights of Buyer in the Premises and all other rights of Buyer under this Agreement shall thereupon terminate.

(ii) If caused by default of Buyer, Buyer and Seller agree that Seller's damages would be difficult or impractical to ascertain. Therefore, Buyer and Seller agree that Seller may terminate this Agreement by giving written notice to both Buyer and the Escrow Agent of Buyer's default, stating that Seller has performed all of the terms, provisions and conditions on Seller's part to be performed hereunder and that Seller has elected to terminate this Agreement. Upon any such termination, the following shall apply:

(1) Seller shall have the right to retain, as liquidated damages and not as a penalty, the earnest money deposit referred to in Paragraph 3.A. of this Agreement and previously paid to Seller by Buyer.

(2) The Escrow Agent shall pay to Buyer any sums previously deposited in escrow by Buyer pursuant to Paragraph 8.B. of this Agreement, less the amount of all expenses then incurred for title work and escrow services, which expenses shall be charged to Buyer and paid with escrow funds otherwise due Buyer.

Notwithstanding the above, in the event of Buyer's default, Seller at Seller's option shall have the right to waive its right to the liquidated damages above, and in lieu thereof invoke any other remedy available to Seller in law or in equity.

15. Broker's Commission. The Seller and the Buyer warrant, which warranty shall survive the transfer of title, that no real estate broker was involved in this transaction and that no brokerage fees or other compensation is due any real estate broker or brokerage firm because of this transaction.

16. No Assignment. Buyer shall not assign this Agreement or any of Buyer's rights under this Agreement, without the prior written consent of Seller.

17. Notices. All notices required or permitted under this Agreement shall be deemed sufficiently given if personally delivered or sent by United States mail, postage prepaid, registered or certified mail, addressed to the respective parties at the address set forth in the signature page, or to such other address as either party may specify by written notice to the other delivered as provided above.

18. Survival of Terms. The terms, covenants, and conditions contained in this Agreement shall survive the delivery of the Deed and remain in effect.

19. Successors and Assigns. Except as otherwise expressly provided in this Agreement, this Agreement shall inure to the benefit of, and be binding upon, the parties hereto and their respective heirs, executors, administrators, successors and assigns.

20. Severability. In case any one or more of the provisions contained herein shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement, but this Agreement shall be construed as if such invalid, illegal or unenforceable provisions had not been contained herein.

21. Arbitration; Subordination of Buyer's Rights.

A. Buyer and Seller agree that any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association, and that the judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. Such arbitration shall be administered by the nearest office of the American Arbitration Association.

B. In order for Seller to obtain a construction loan for the construction of the Premises, it will be necessary for Seller to execute and deliver to its lender a mortgage encumbering the Condominium Property. The lender will require that said mortgage be a first and best lien on the Condominium Property, superior to Buyer's interest in the Premises. Therefore, Buyer hereby postpones, subordinates and waives to such lender the priority of any right, equitable lien or interest which Buyer may have or claim to have as a result of payments made or to be made by Buyer to Seller prior to closing. Title to the Premises shall be transferred to Buyer at the closing in accordance with this Agreement, free and clear of any mortgage placed on the Premises by Seller.

22. Entire Agreement. This Agreement and the matters expressly referred to herein constitute the entire agreement between the parties. No representations, warranties, undertakings or promises, whether oral, implied or otherwise, have been made by either Seller or Buyer to the other unless expressly stated in this Agreement, or unless mutually agreed upon in writing by Seller and Buyer. All amendments and supplements to this Agreement, if any, shall be in writing executed by both Buyer and Seller.

Seller and Buyer have executed this Agreement the day and year first above written.

PURCHASER ("BUYER") ACKNOWLEDGES THAT, PURSUANT TO THIS

CONTRACT, THE DEVELOPER ("SELLER") MAY WITHDRAW AND THEN USE FOR CONSTRUCTION AND DEVELOPMENT OF THE CONDOMINIUM PROPERTY ANY DEPOSIT OR DOWN PAYMENT THAT THE PURCHASER ("BUYER") MAKES PRIOR TO CLOSING.

Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
E. RESIDENTIAL DEVELOPMENT

26-22 Current Legal Forms for Real Estate FORM 22.90

FORM 22.90 Plan of organization for cooperative apartment house

COMMENT

A cooperative has the look and feel of a condominium, except that the unit owners own stock in a corporation which in turn owns the real estate. The typical venture is one in which a corporation is organized to hold fee title to real estate and to lease apartments to its shareholders/owners.

The organization of a cooperative is usually initiated by a "developer" who, apart from arranging the preliminary corporate matters, undertakes to provide improved real estate for acquisition by the cooperative. All the details of the program of acquisition, improvement, and sale are usually set forth in a plan of cooperative organization which is made available to prospective tenant-shareholders. A copy of the stock purchase agreement and the proprietary lease is also provided with the plan. The forms included in this group are those required in the various stages of the organization of a particular cooperative, including (1) the plan of organization, (2) the certificate of incorporation, (3) the bylaws, (4) the contract with an agent to sell the corporation's stock, (5) the stock purchase agreement, and (6) the proprietary lease. Also included is a contract for the sale by a tenant-shareholder of his stock and the accompanying lease.

In the plan of cooperative organization illustrated, the sponsor sets forth in complete detail a description of the building which he undertakes to make available to the cooperative corporation and all aspects of the cooperative organization. Among the elements to be described are: (1) the property, (2) financing of the purchase of the fee, (3) proprietary lease, (4) conditions for the purchase of stock, (5) estimated completion date, (6) procedure for occupancy, (7) arrangement for management of the property, (8) parties involved in the enterprise, (9) corporate charter, and (10) corporate bylaws and other relevant information.

Appended are schedules of estimated income and expenses for the cooperative corporation, the

selling price of the stock of the cooperative corporation, and estimated charges and income tax deductions attributable to each apartment. (In some states, such as New York, special statutes prescribe strict procedures and disclosures in the sale of cooperative real estate ventures.)

The plan of organization is intended to incorporate every essential detail of the venture. Its significance is evident from the fact that it is incorporated by reference in the purchase agreement with every prospective tenant-shareholder.

Cooperative plans may provide that, unless a minimum percentage of shares are contracted for sale by a given date, the plan will not become operative, but that, after a certain percentage of shares are contracted for sale, the plan must be declared operative.

The sponsor's obligation to provide responsible individuals to purchase the shares which are unsold at the time the premises are ready for occupancy, and to enter into proprietary leases for all apartments to which the unsold shares are allocated is a vital element. This insures that each tenant-shareholder will bear only his expected proportionate share of the operating and other expenses of the property. In addition, it insures compliance with the requirement that at least 80% of the gross income of the cooperative corporation be from individual tenant-shareholders. The cooperative corporation may merely hold a long-term lease on the real property, in which case the shareholders merely receive subleases to their respective apartments.

Tenant's rights and duties:

As a shareholder in the owning corporation, the tenant has a voice in the management of the cooperative building. But under the proprietary lease, the tenant is further obligated to make periodic rent payments in amounts established annually by the directors of the cooperative corporation. These payments are designed to cover the tenant's proportionate share of the following recurring expenses:

- (1) Interest;
- (2) Taxes;
- (3) Maintenance;
- (4) Special assessments;
- (5) Operating expenses; and
- (6) Mortgage amortization.

For additional forms relating to cooperatives, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

PLAN OF COOPERATIVE ORGANIZATION

HOLLANDER REALTY GROUP, (the "Sponsor") submits through SMITH REAL ESTATE BROKERS, INC. (the "Agent"), this Plan of Cooperative Organization with respect to premises _____ [address], (the "Building"), and the new apartment building to be erected thereon.

Hollander Apartments, Inc., hereinafter called the Apartment Corporation, has been organized for the purpose of acquiring the fee ownership of the land and completed Building. The land is presently owned by Hollander, Inc., hereinafter called the Builder, which will erect the Building from plans prepared by Harold Associates, Inc., hereinafter called the Architect and/or Consulting Architect, which plans have been filed with the Department of Buildings in the _____ [city]. The shares of the Apartment Corporation are being offered for sale through the Agent on the terms and conditions herein set forth. The Sponsor will guarantee to the Apartment Corporation the completion of the Building and the payment of costs of construction.

As hereinafter set forth, the Sponsor is a publicly owned corporation and is the holder of all of the stock of the Builder.

1. Property and Improvements. The property is described on Exhibit A. The Building will have _____ (_____) floors and Penthouse containing _____ (_____) residential apartments, a superintendent's apartment, _____ (_____) separate servants' rooms, each with its own bath. The apartments will range in size from _____ (_____) to _____ (_____) rooms. There will be a garage in the basement which will accommodate about _____ (_____) automobiles and there will also be an area on the ground floor, west of the main entrance, which will be leased as an office. No shares are being allocated to this space. The Building will be centrally air-conditioned and will be heated by steam. The entrance and lobby as well as the public portions of the Building will be decorated and furnished under the supervision of Bob Flee, designer. There will be twenty-four (24) hour doorman service and the passenger elevators will be operated by tenant owners but a day and evening hall man will be available to assist tenant owners. The plan anticipates _____ (_____) employees including superintendent, doorman, service elevator, porter, and handyman.

As set forth in Schedule B, _____ (_____) shares of the Apartment Corporation have been allocated to the _____ (_____) residential apartments plus nine separate servants' rooms. No shares are being allocated to the superintendent's apartment, the garage, or the rentable space on the ground floor. A lease has been entered into by the Sponsor with a garage operator to rent the garage space for a _____ (_____) year term at _____ Dollars (\$_____) per annum. The garage operator in turn will rent space in the garage to the tenant-shareholders and others, with priority to the tenant-shareholders at prevailing rates. The garage may be closed between the hours of 2 a.m. and 7 a.m. It is also proposed to lease the rentable space on the ground floor at not less than _____ Dollars (\$_____) per annum. Copies of these leases when executed will be on file with the Agent and the income therefrom will be received by the Apartment Corporation. The Sponsor will pay or cause to be paid the estimated income from the garage and the doctor's office for the first year starting from the time the plan is put into full force and effect. There will be a laundry on the service level, which is leased for _____ (_____) years to a concessionaire, and the laundry equipment is to be coin-operated by the tenant-shareholders. The concessionaire is a wholly owned subsidiary of the Sponsor.

A general description of the Building is attached hereto. This description is for information purposes only and to assist in the examination of the Building plans and specifications. A copy of the plans and specifications are on file with the Agent. The Sponsor and Builder reserve the right, up to the time of the completion of the Building, to make such changes or amendments in the plans and specifications, construction contract, equipment, materials, furnishings, and supplies, as any governmental department or bureau or as may be deemed necessary or advisable by the Architect, or such may deem necessary or advisable, or such as may only affect particular apartments and are contracted for by the individual purchasers or such as are minor. Where alternatives are specified or where a particular practice or method of

construction or equipment, material, or supplies is not specified, the choice and decision of the Architect and Consulting Architect shall be final.

Construction was started in _____ [month] of _____ [year]. It is anticipated that the Building will be substantially completed on or about _____ [month] _____ [day], _____ [year], unless delayed by strikes or other causes over which the Sponsor, the Builder, or the Apartment Corporation have no control.

2. Cooperative Organization. The aggregate number of shares which the Apartment Corporation shall have authority to issue is _____ (_____) shares of the par value of _____ Dollars (\$_____) each, of which _____ (_____) shares have been allocated to the residential apartments and separate servants rooms. The balance of the shares will be authorized and unissued. Ownership of the respective blocks of shares will entitle the purchasers to proprietary leases of the apartments and servants' rooms to which such blocks of shares are allocated.

The Apartment Corporation proposes to offer its shares to suitable purchasers, hereinafter called The Purchasers. In order to meet possible demands for greater or less space than is shown on any floor plan, the Apartment Corporation reserves the right to change the size and number of apartments and to vary the amount of shares to accompany each proprietary lease. No change, however, will be made with respect to shares allocated to any apartment for which a purchase agreement has been accepted, nor will any such change have the effect of increasing or decreasing the total number of shares allocated to the residential apartments and separate servants' rooms.

The proceeds from the sale of shares will be used for the acquisition of the land with the completed Building thereon, on the terms and conditions hereinafter outlined.

If, when the Plan is put into full force and effect, any shares are unsold, the Sponsor guarantees to provide responsible individuals to take over such unsold shares and to enter into proprietary leases for all the apartments in the Building to which the unsold shares are allocated. These purchasers may not be purchasing for personal occupancy and may assign the shares and proprietary leases or sublet the apartments, subject only to the approval of the Agent, but such purchasers will be responsible for the maintenance and carrying charges thereunder until any such shares and proprietary leases are resold, and the Sponsor will guarantee the same. Thus, when the Plan is put into full force and effect proprietary leases outstanding for all the apartments and separate servants' rooms in the Building to which shares are allocated.

An estimate of the Apartment Corporation as prepared by the Agent and approved by the Sponsor is set forth in Schedule A hereto attached. The location of the respective units, the allocation and purchase price of the shares, the estimated annual maintenance charges, and the estimated income tax deductions are set forth in Schedule B attached hereto.

Financial Plan

The financial plan under which the land and completed Building will be acquired by the Apartment Corporation is as follows:

Acquisition of the land and completed

Building	\$ _____
Working Capital	\$ _____
Sub-Total	\$ _____
Mortgage Indebtedness	\$ _____
_____ shares @	\$ _____

\$_____ per share

The mortgage indebtedness of _____ Dollars (\$_____) above referred to, will have constant annual charges to the Apartment Corporation of _____ Dollars (\$_____), payable in equal monthly installments to be applied to the interest at the effective rate of _____ percent (_____%) per annum and the balance to the reduction of principal. The total mortgage indebtedness will be self-liquidating and will be fully paid in approximately _____ (_____) years or sooner. On the maturity of the mortgage indebtedness, the Apartment Corporation will have no further obligations with respect thereto and will be relieved of the annual charges thereon.

A mortgage commitment has been obtained from the _____ [lender] in the City of _____ [city] for a first mortgage loan on the land and completed building of _____ Dollars (\$_____), with constant quarter-annual charges of _____ Dollars (\$_____) or a total annual payment of _____ Dollars (\$_____), to be applied first to interest at the rate of _____ percent (_____%) per annum and the balance to reduction of principal, which will fully liquidate the loan within a period of _____ (_____) years. There will be a prepayment privilege after the _____ (_____) year with a _____ percent (_____%) penalty declining _____ percent (_____%) annually to a minimum penalty of _____ percent (_____%) of the then outstanding amount of the first mortgage. The Builder will take back a second purchase money mortgage in the amount of _____ Dollars (\$_____) providing for interest at the average rate of _____ percent (_____%) per annum until the first mortgage is fully paid or refinanced as hereinafter provided. Thereafter, the interest on the purchase money second mortgage will be at the rate of _____ percent (_____%) per annum.

As previously stated, the total amount of interest and amortization payment that the Apartment Corporation will be obligated to pay in any _____ (_____) years is _____ Dollars (\$_____). This sum is insufficient to pay all of the interest accruing on the second purchase money mortgage. Such mortgage will provide that the difference between the amount accruing and the amount annually paid will be added to the principal of the second mortgage. After the first mortgage is fully paid, then the sum of _____ Dollars (\$_____) per year will be applied towards payment of interest and amortization on the second mortgage and it will be fully liquidated in _____ (_____) years from the date of the mortgages. The purchase money second mortgage may be prepaid at any time without penalty.

The holder of the second mortgage, so long as all or part of such indebtedness is unpaid, shall have the right at its expense to refinance the entire mortgage indebtedness provided the then unpaid principal is not increased, the annual interest or amortization charges are not increased, and the mortgage indebtedness remains self-liquidating within _____ (_____) years. Such refinancing may be in the form of one mortgage with senior or junior interests or in the form of two or more mortgages.

The Builder has obtained from the _____ [lender] a commitment for a building loan in the principal amount of _____ Dollars (\$_____). This will be fully paid before the Plan becomes effective, and no other mortgage indebtedness will be placed on such property in excess of _____ Dollars (\$_____) before the Plan becomes effective.

Up to the time the Plan is put into full force and effect and when the rent commences to accrue under the proprietary leases, hereinafter called Effective Date, the Sponsor has agreed to pay all expenses of the Apartment Corporation, other

than the principal of the mortgage indebtedness, including mortgage fees and taxes, legal fees, architect's charges, fee equity title policy, organization expenses, original issue stamps, advertising, printing, sales commissions, and all other expenses or debts and liabilities of the Apartment Corporation. It is estimated that these expenses will be not less than _____ Dollars (\$_____). The Apartment Corporation will retain _____ Dollars (\$_____) as working capital in the form of cash or prepaid expenses such as real estate taxes and insurance.

As a consideration for having transferred to the Apartment Corporation title to the land and completed Building, the Sponsors will be entitled to receive and retain the proceeds of the permanent mortgage financing of _____ Dollars (\$_____) as well as the balance of the proceeds from the sale of the shares of the Apartment Corporation, which is _____ Dollars (\$_____), as set forth in Schedule B. The Apartment Corporation has entered into a contract of sale with the Sponsor and Builder embodying the provision of the Plan and copy thereof is on file with the Agent.

3. Ownership. After the land and completed Building have been transferred to the Apartment Corporation and upon the Effective Date, the Apartment Corporation will have:

(a) Good and marketable title to the land and completed Building thereon and all equipment therein free and clear of all liens and encumbrances (and all of its debts will have been paid or provided for) except:

- (1) Mortgage indebtedness above described;
- (2) Accrued interest on such mortgage indebtedness, subject to an apportionment on closing;
- (3) Accrued real estate taxes, water charges, and sewer rent and prepaid insurance, subject to apportionment on closing;
- (4) Proprietary leases made to its shareholders;
- (5) Leases, if any, for garage, ground floor rentable space, and laundry space;
- (6) Restrictive covenants and agreements of record and such state of facts which an accurate survey would show, provided that neither prevents the proposed use of the land and Building;
- (7) Zoning regulations;
- (8) Service contracts.

(b) Title policy insuring the fee equity in the Apartment Corporation in an amount of not less than _____ Dollars (\$_____), subject to normal title exceptions which will not prevent the proposed use of the land and Building.

(c) Working capital of _____ Dollars (\$_____) in cash or prepaid expenses.

(d) All of the authorized shares of the Apartment Corporation allocated to residential units and separate servants' rooms will be issued and outstanding and proprietary leases will have been executed with respect to each such apartment and separate servants' room.

(e) Assignment to the Apartment Corporation of all assignable guarantees.

(f) Guaranty by the Sponsor that if within _____ (_____) years from the date of the

issuance of the permanent Certificate of Occupancy, it shall be notified in writing by registered or certified mail and addressed to the Sponsor by the Apartment Corporation of the existence of then known defects in the construction of the Building or in the installation or operation of the Building's mechanical equipment, which shall be due to improper workmanship or materials supplied by the Builder, the Sponsor, at its own cost and expense, shall repair and correct such defects.

(g) Certificate by the Architect and Consulting Architect that the Building has been erected and completed generally in accordance with the plans filed with the Agent, subject to such changes or omissions as may be permitted.

(h) Temporary Certificate of Occupancy for the Building and a _____ Dollars (\$_____) escrow fund pending issuance of permanent Certificate of Occupancy.

(i) Management contract with Agent, hereinafter described.

4. Corporate Details. The Certificate of Incorporation of the Apartment Corporation provides among other things that its primary purpose is to provide homes for its shareholders, and that its shareholders, solely by reason of their ownership of shares in it, shall be entitled to proprietary leases entitling them to occupancy of apartment or servants' rooms in the Building to which their shares have been allocated. The Apartment Corporation shall have not less than three (3) nor more than eleven (11) directors.

The Bylaws of the Apartment Corporation provide among other things that the shares accompanying each proprietary lease shall be in the amount allocated to the particular apartment or servants' rooms described in such proprietary lease as shown in Schedule B; that the shares accompanying each proprietary lease shall be represented by a single certificate; that such shares shall not be sold or transferred except as an entirety to a person who has acquired such proprietary lease or new lease in place thereof with proper approval; and that the Apartment Corporation shall at all times have a lien upon the shares owned by each shareholder to secure his payment of all rent and maintenance charges to become payable by him under the provisions of the proprietary lease issued by the Apartment Corporation and at any time held by him and to secure his performance of all the covenants and conditions of the proprietary lease.

Each share certificate issued by the Apartment Corporation will contain reference to such restrictions upon the sale and transfer of shares and to such lien.

All shares shall have equal voting privileges of one vote per share. The Apartment Corporation will submit annual reports to all of its shareholders including an annual balance sheet and profit and loss statement, certified by an independent certified public accountant. Even if less than _____ percent (_____%) of the shares are sold at the time the Plan is put into full force and effect, the Purchasers will have the right to elect a majority of the Apartment Corporation's directors.

5. Proprietary Lease. The printed form of proprietary lease intended to be used has been prepared and is on file with the Agent. All proprietary leases of apartments and servants rooms in the Building will be in the same form, subject to the provisions of the proprietary lease regarding possible future changes therein. The term and accrual of rent under the proprietary lease will begin when the Building has been completed as hereinafter described. The term of the proprietary lease will expire _____[month] _____[day] in the year ____[year] unless sooner terminated as provided in the proprietary lease. The Lessee may not sublet the apartment or assign the proprietary lease or sell the accompanying shares at any time, unless the terms and conditions of such sublease or assignment and the sublessee or the purchaser-assignee are first approved by the Board of Directors or shareholders of the Apartment Corporation. The proprietary lessee may pledge his shares and lease with the seller thereof or a bank or lending institution, but no assignment of the shares or lease shall be made on the Apartment Corporation's books except as above provided in the proprietary lease. The proprietary lease also gives each lessee the right to cancel the lease on _____[month] _____[day], ____[year], or on any _____[month]

_____ [day] thereafter by giving at least _____ (_____) months prior written notice and by surrendering to the Apartment Corporation the shares accompanying such proprietary lease and complying with the other provisions of the proprietary lease respecting cancellation. In the event of such cancellation the lessee shall have no further rights or liabilities in or to the shares and proprietary lease and will receive no cash payment. Rent under the proprietary lease will be determined by apportioning among the proprietary lessees the cash requirements of the Apartment Corporation in amounts proportionate to the number of shares held. The shares and leases allocated to apartments taken by persons provided by the Sponsor may be assigned or such apartments may be sublet, subdivided, or combined without the Apartment Corporation's consent. Gas will be included in the annual maintenance charges, but electricity will be separately metered and charged to each proprietary lessee. This charge will include electricity for the fans in the units in the apartments which will circulate the warm or cooled air. Reference should, of course, be made to the printed form of the proprietary lease for the details of the features above mentioned and the other provisions thereof. As provided in the purchase agreement each Purchaser shall sign two copies of such lease after the Plan has been declared operative, one copy of which is to be for the Purchaser.

As more specifically set forth in the description of the Building, attached hereto, the apartments and servants' rooms will be delivered in white plaster and the painting, decorating, and installation of additional fixtures and equipment will be the obligation of the proprietary lessee to be performed by a contractor or contractors to be approved by the Sponsor. The Lessee shall continue to do his own painting and decorating and maintain the equipment in the apartment at his expense, as provided in the proprietary lease.

6. Income Tax Deductions. The Internal Revenue Code and Section _____ [number] of the _____ [state] Tax Law allow certain income tax deductions to tenant-shareholders of cooperative housing corporations. The Apartment Corporation has been advised by counsel that the tenant-shareholders entitled to occupancy may deduct from their gross income for federal and _____ [state] income tax purposes, their proportionate share of the interest with respect to the mortgage indebtedness and of the real estate taxes on the land and Building and paid by the Apartment Corporation, when _____ percent (_____) of the Apartment Corporation's gross income is derived from qualified tenant-shareholders. The estimated deduction at the inception of the Plan is as set forth in Schedule B. The exact amount of the actual tax savings to each individual will depend on the amount allowable by the Treasury Department and the _____ [state] Department of Taxation and Finance, and will further depend upon the tenant-shareholder's own income tax bracket. The Apartment Corporation, the Sponsor, the Agent, and counsel can make no warranties or representations that the United States Treasury Department or the _____ [state] Department of Taxation and Finance will allow the deductions, and they shall not be liable, if, for any reason, it is held that the Apartment Corporation does not meet, or at any future date ceases to meet, the requirements of the sections above enumerated, or any amendments thereof.

7. Completion of Building. It is estimated that the Building will be completed and ready for occupancy on or about _____ [month] _____ [day], _____ [year], subject, of course, to delays by strikes, lockouts, government restrictions on operations or materials, or other causes beyond the control of the Sponsor, the Apartment Corporation, or the Builder. This Plan and all agreements shall continue in effect notwithstanding any such delays. The Building will be deemed completed as soon as all the following conditions are met:

- (a) The Department of Buildings of the City of _____ [city] has issued a temporary or permanent Certificate of Occupancy permitting the use for residential purposes of all of the apartments and servants' rooms to which shares are allocated, except for unsold apartments or where delayed for special work in individual apartments.
- (b) The financing has been completed as provided herein.
- (c) The Architect and Consulting Architect have certified to the Apartment Corporation and the Sponsor that the Building has been erected and completed substantially in accordance with the plans and specifications filed with the

Agent and the general description of the Building, subject to such modifications and changes as may be permitted under this Plan, and the Building is ready for occupancy, except for special work in individual or unsold apartments, or such work in the public portions or rentable area of the Building as is customarily left uncompleted until after its occupancy.

(d) Certification from the Sponsor to the Apartment Corporation that the completed Building has been fully paid for or adequate reserves have been made by the Sponsor for all unpaid items.

When the four (4) events above mentioned have occurred, this shall be deemed and considered by all parties as conclusive proof that the Building has been fully completed in accordance with the provisions of any agreement or obligation of the Builder or the Sponsor, subject to their obligations as otherwise herein specifically provided. The sole obligation of the Builder or Sponsor is to complete the Building in accordance with the plans and specifications, as amended or modified, and as approved by the Architect and Consulting Architect.

If title is transferred to the Apartment Corporation prior to the issuance of a permanent Certificate of Occupancy, the Apartment Corporation shall retain _____ Dollars (\$_____) pending the issuance thereof.

8. Plan in Operation. In order that the Purchasers as well as the Sponsor and the Apartment Corporation may have assurance that this Plan will be truly cooperative, the following safeguards have been established:

(a) The Sponsor will not declare the Plan operative unless and until contracts for the sale to Purchasers of at least _____ percent (_____) of the shares have been procured.

(b) The Sponsor agrees to declare the Plan operative when contracts for the sale to Purchasers of at least _____ percent (_____) of the shares have been procured.

(c) The Sponsor reserves the right to declare the Plan abandoned prior to the time the _____ percent (_____) quota described in subparagraph (b) above has been reached and the Plan has not previously been declared operative.

If the Plan is abandoned all Purchasers will be promptly notified and all moneys paid by them under their purchase agreements will be promptly returned by the Escrow Agent, without interest. The Sponsor has agreed that all such moneys will be repaid in full to the Purchasers in the event of abandonment.

If the Plan is declared operative, all Purchasers will be promptly notified. The Apartment Corporation shall call a meeting of all Purchasers in ample time before the completion of the Building so that they can receive a report on the estimated date of the Building's completion, select a Board of Directors in preparation for the passing of title, and attend to other organization matters.

9. Purchase Agreement and Payments to Sponsor. A form of purchase agreement is annexed hereto as Exhibit I. When a prospective purchaser has indicated his decision to purchase the shares allocated to an apartment or servants' room, a form of purchase agreement in similar form will be prepared in duplicate for his signature. Such agreement will not be binding on the Apartment Corporation until accepted by it and approved by the Sponsor, in writing at the end thereof.

The Purchase Agreement will provide for the following payments:

(a) a down payment of _____ percent (_____) of the purchase price of the shares as specified in Schedule B;

(b) _____ percent (_____) thereof after the Plan has been declared operative and

the Architect and Consulting Architect certify that the outside brick work has been completed, except such portions thereof as are customarily left to be completed after the interior portions are erected;

(c) _____ percent (_____%) thereof when the Architect and Consulting Architect certify that the white plaster in the apartments above the ground floor has been completed (except such portions thereof as are left incomplete due to individual tenant changes); and (d) the balance of _____ percent (_____%) thereof when the Department of Buildings has issued a temporary certificate of occupancy. The Apartment Corporation or the Agent shall give purchasers not less than _____ (_____) days prior written notice of the anticipated date for such payments. Prices of the several blocks of shares as shown on Schedule B, are subject to change or withdrawal at the Sponsor's direction without notice at any time, before acceptance by the Apartment Corporation of a purchase agreement for any such block of shares.

All payments are to be made by the Purchaser's personal check to the order of the _____ [name], as Escrow Agent. The proceeds are to be held in trust as required by law. The Sponsor and the Apartment Corporation have entered into an Escrow Agreement with the Trust Bank, a copy of which is attached hereto as Exhibit II, which provides that if the Plan is abandoned all moneys so deposited will be returned by the Escrow Agent to the several purchasers, without interest. After the Plan has been declared operative, the moneys received by the Escrow Agent from purchasers will be paid in the following installments:

(a) To the Sponsor, _____ percent (_____%) of the moneys then or thereafter received by the Escrow Agent after the Architect and Consulting Architect have certified to the Apartment Corporation that the outside brick work has been completed, except such portions as are customarily left to be completed after the interior partitions are erected.

If, after any such payments provided for above have been made, additional shares shall be sold and additional payments shall be received by the Escrow Agent, it shall pay to the Sponsor _____ percent (_____%) of such additional funds.

(b) When the Architect and the Consulting Architect have certified to the Apartment Corporation that the Building has been erected and completed substantially in accordance with the plans and specifications, subject to such modifications and changes as may be permitted under the Plan, and all of the apartments and servants' rooms to which shares are allocated are ready for occupancy except for unsold apartments and special work in individual apartments, or such work in the public portions or rentable area of the Building as is customarily left uncompleted until after occupancy of the Building. Upon transfer of the land and completed Building to the Apartment Corporation, as acknowledged by it, the Escrow Agent shall pay the balance of the moneys received by it from Purchasers as follows:

(1) _____ Dollars (\$ _____) to the Apartment Corporation for its working capital.

(2) _____ Dollars (\$ _____) to the Apartment Corporation if the permanent Certificate of Occupancy has not then been issued.

(3) The balance of all moneys to the Sponsor.

The Apartment Corporation shall pay the Sponsor the _____ Dollars (\$ _____) referred to in (2) above when the permanent Certificate of Occupancy has been issued.

If the Plan is not declared operative by _____ [month] _____ [day], _____ [year], any Purchaser may, within _____ (_____) days thereafter, elect to cancel the purchase agreement by giving written notice to the Apartment Corporation. In the event of any such cancellation, the Purchaser shall receive back all moneys paid under any such purchaser agreement, without interest.

10. Attorneys and Architects. The law firm of _____ has been retained to represent the Apartment Corporation in connection with the Plan and at the closing.

The Sponsors are being represented by _____ [name].

If the Attorney, Architect, or Agent above named shall cease to act in such capacity the Sponsor and the Apartment Corporation may appoint a substitute or substitutes.

11. Management. The Apartment Corporation will enter into an agreement with Agent for it to act as Managing Agent of the Building for a period of _____ (_____) years commencing from the date on which it is completed and ready for occupancy. The Agent may not cancel, renew, or assign the management contract except with the Apartment Corporation's written consent. The Agent will receive an annual fee of _____ Dollars (\$_____). The Managing Agent's services shall include the billing and collection of rent, the hiring of help, and the operation of the Building, all under the supervision of the Apartment Corporation's Board of Directors, and the other usual services rendered by managing agents of cooperative apartment house buildings. The officers and employees of the Agent who will handle the moneys received from purchasers are bonded.

The only interest of Agent in the successful consummation of this Plan is as follows:

If the Plan is put into effect it will receive from the Sponsors a commission of _____ percent (_____%) of the funds paid by Purchasers for the purchase of shares under this Plan and a management fee from the Apartment Corporation as above provided.

It has no other financial interest and acts merely as Agent under this Plan, which has been formulated and issued by the Sponsor and Apartment Corporation.

The Agent has been in the real estate business since 1930 and manages many buildings in the area.

12. Parties and Agreements. The Sponsor is a publicly owned corporation which has shares listed on the American Stock Exchange. The Sponsor or its subsidiaries or predecessor companies have been in the building business for over _____ (_____) years, and they have built or caused to be built many residential apartment house buildings.

The land was acquired in _____ [month], _____ [year], by the Builder at a cost of _____ Dollars (\$_____) plus accrued expenses, and the construction work is on an actual cost basis plus the builder's fee of _____ Dollars (\$_____). The Builder will receive a profit in the form of a _____ Dollars (\$_____) second mortgage or junior participation, previously described. This mortgage is self-liquidating in approximately _____ (_____) years.

The Apartment Corporation was organized on _____ [month] _____ [day], _____ [year]. The Apartment Corporation will be under the Sponsor's control up until the time the plan is put into full force and effect.

The Sponsor, as Seller, and the Apartment Corporation, as Buyer, have entered into a contract of sale which embodies the provisions of this Cooperative Plan, and the Sponsor agrees to comply with all of their obligations as set forth herein or therein. The Sponsor will cause the Building to be erected and will pay the full cost thereof.

13. Schedules and Exhibits. Annexed hereto are the following:

- General description of Building.
- Exhibit A
- Schedule A - Estimated annual income and expenses.
- Schedule B - Description of apartments, share allocations, selling prices and additional equity payments, estimated annual maintenance charges, estimated annual tax deductions, and other data.
- Exhibit I - Purchase Agreement.
- Exhibit II - Escrow Letter.

Copies of the contract of sale between the Sponsor and the Apartment Corporation, plans and specifications, the management contract, the proprietary lease, the Certificate of Incorporation and Bylaws of the Apartment Corporation are on file with the Agent and may be examined by prospective purchasers.

The estimates in Schedules A and B have been prepared by the Agent based on past experience with cooperative buildings of a substantially similar type. The estimates are believed to be correct and dependable. However, they are not intended to be representations, guaranties, or warranties of any kind whatsoever, including, without limitation, that the actual expenses or income for any period of operation may not vary from the amounts shown or that the Apartment Corporation may not incur additional expenses, or its Board of Directors may not provide for reserves not reflected in such schedules, or that the annual maintenance charges for any period of the proprietary leases may not vary from the amounts shown on Schedules A and B due to economic conditions, increased taxes or wages, or other causes. The Agent is not a builder, engineer, or architect, and assumes no responsibility with respect to the building plans or specifications, the general description thereof as hereinafter set forth, the equipment, materials, decoration, workmanship, or completion of the Building.

Any information, data, or representation not referred to in this plan or contained in the various documents mentioned herein must not be relied upon. There are no suits pending or judgments outstanding against any party mentioned herein which might become a lien against the property.

No person has been authorized to make any representations other than those set forth herein. This Plan may not be modified orally. This offer is made only to individuals over the age of twenty-one (21) years who are residents of the State of _____[state].

This plan does not omit any material fact or contain any untrue statement of a material fact.

26-22 Current Legal Forms for Real Estate FORM 22.91

FORM 22.91 Purchase agreement for status in a cooperative

COMMENT

This is an agreement by which a prospective tenant-shareholder commits himself to purchase the cooperative's shares allocated to a specific apartment. It provides for the payment of the purchase price in installments as various stages in the completion of the building are achieved, with the final installment due after the architect and consulting architect have certified that a temporary certificate of occupancy for the building has been issued. All payments made on account of the purchase price are to be held in escrow. At the time of the completion of the building, the purchaser will receive the proprietary lease for the designated apartment.

For additional forms relating to cooperatives and the purchase and sale of real estate, see Chapter 20, Real Estate Entities, in Volume 24, and Chapter 21, Real Estate Sales and Exchanges, in Vol. 25, *supra*.

FORM

1. Approval of Plan. The undersigned (the "Purchaser") has read and hereby approves the Plan of Cooperative Organization dated _____[*month*] _____[*day*], _____[*year*], and the Schedules and Exhibits attached thereto and the documents referred to therein (collectively the "Plan"), and on file with _____[*name*] (the "Agent"), and made a part hereof with respect to the land and building (the "Hollander") and by the street number _____, _____, _____[*address*] (the "Building").
2. Desire to Participate. The Purchaser desires (a) to obtain a proprietary lease for Apartment _____[*number*] (the "Apartment") in the Building, and (b) to purchase _____

(_____) common shares of Hollander Apartments, Inc. (the "Apartment Corporation"), which shares have been allocated to the Apartment.

3. Purchase Price. The Purchaser hereby irrevocably offers to purchase from the Apartment Corporation _____ (_____) of its common shares with a par value of _____ Dollars (\$_____) per share for a total purchase price of _____ Dollars (\$_____) per share payable by good checks drawn to the order of _____ [name] (the "Escrow Agent") and delivered to the Agent as follows:

- (a) _____ percent (_____) thereof at the time of execution of this agreement;
- (b) _____ percent (_____) thereof after the Plan has been declared operative and the Architect and Consulting Architect have certified that the outside brickwork has been completed (except such portions thereof as are customarily left to be completed after the interior portions are erected) and upon at least _____ (_____) days prior written notice to the Purchaser;
- (c) _____ percent (_____) thereof when the Architect and Consulting Architect have certified that the white plaster in the apartments above the ground floor has been completed (except such portions thereof as are left uncompleted due to individual purchasers' changes) and upon at least _____ (_____) days prior written notice to the Purchaser; and
- (d) the balance of _____ percent (_____) thereof when the Architect and the Consulting Architect have certified that a temporary certificate of occupancy for the Building has been issued and upon at least _____ (_____) days prior written notice to the Purchaser.

The time of each payment is hereby made the essence of this agreement. The shares shall not be issued and delivered nor shall the Purchaser acquire any rights therein or pertinent thereto until the full payment of all the amounts above provided have been duly made.

The Escrow Agent shall hold and dispose of all such payments made hereunder as provided in an Escrow Agreement in the form of an Exhibit attached to the Plan, and the Purchaser agrees to be bound thereby.

4. Proprietary Lease. At the time of the completion of the Building, as referred to in the Plan, or as soon thereafter as may be practicable, if the Purchaser shall have made the full payments provided for herein, then the Purchaser shall be entitled to receive a proprietary lease from the Apartment Corporation for the Apartment in the form adopted by the Apartment Corporation as well as a share certificate for the Apartment Corporation's fully paid and nonassessable common shares hereby purchased. The Purchaser shall at the request of the Apartment Corporation, before or after the time of closing, execute such proprietary lease in duplicate. The Purchaser hereby authorizes the Apartment Corporation or the Agent to insert in the proprietary lease the date of the Building's completion as the date of the commencement of the term of such proprietary lease.

5. Abandonment of Plan. If the Plan is declared abandoned, the Purchaser shall be entitled thereupon to receive back all moneys paid pursuant hereto, without interest, and this agreement shall be deemed terminated and of no further force and effect, and no party shall have any claim against any other party with respect hereto.

6. Escrow. All moneys paid hereunder are to be paid by good checks to the order of the Escrow Agent, which shall hold the proceeds until paid out as provided in this agreement, the Plan, and the Escrow Agreement.

7. Default by Purchaser. If the Purchaser shall fail to perform any provision of this agreement that he is required to perform, the Apartment Corporation may elect to cancel this agreement by giving the Purchaser written notice of such

proposed cancellation. Such notice shall contain the effective date (not less than _____ (_____) days after the giving of such notice) of such cancellation. If the Purchaser shall cure his default prior to the effective cancellation date the cancellation notice shall be deemed withdrawn. If the Purchaser shall fail to cure his default prior to the cancellation date, then the cancellation shall be effective and the Sponsor named in the Plan shall be entitled to receive all payments made by the Purchaser hereunder and all of the parties hereto shall be relieved and discharged of any further liability and obligation hereunder, except as herein provided. The Sponsor shall then have the right to list the Apartment and to sell the shares and lease covered hereby to any other person at public or private sale, and shall only account to the Purchaser for the net proceeds after payment of all expenses including repairs, decorations, commissions, legal fees, loss of rent, and purchase price.

8. Default by Others. If the Apartment Corporation, the Sponsor, or the Builder shall have failed to substantially perform their obligations hereunder or under the Plan, the Purchaser's sole rights and remedy shall be to proceed within 12 months from the date of the issuance of the permanent Certificate of Occupancy for the Building against the Apartment Corporation for the return of the moneys paid by the Purchaser for the purchase price of his shares, upon the surrender to the Apartment Corporation of such shares and the accompanying proprietary lease, and possession of the Apartment. The parties hereto waive trial by jury in any action or proceeding hereunder or arising by reason of this agreement or the Plan.

9. Outside of Effective Date. If the Plan is not declared operative by _____ [month] _____ [day], _____ [year], then the Purchaser may within _____ (_____) days thereafter elect to cancel this agreement by giving written notice to the Apartment Corporation. In that event the Purchaser shall be entitled to receive back all moneys paid hereunder, without interest.

10. Acceptance of Agreement. This agreement shall not be effective or binding on the Apartment Corporation until it accepts in writing a duplicate hereof, which is approved by the Agent and delivered to the Purchaser.

11. Notices. Any notice to be given hereunder shall be made to the Purchaser, in writing, at the address given below, and to the Apartment Corporation, care of _____ [address]. The date of mailing shall be deemed the date of the giving of such notice.

12. Errors. The statements contained in the Plan are believed by the Apartment Corporation, the Sponsor, and the Agent to be correct, and the expressions of opinion therein are likewise believed to be well founded, but no liability shall attach in the event of error.

13. Assignment. The Purchaser shall not assign this agreement or the Purchaser's rights hereunder, without the Apartment Corporation's prior written consent.

14. Examination of Facts. The Purchaser acknowledges that he has had full and free opportunity to investigate and examine all of the facts and documents referred to herein and in the Plan of Organization; and that he has not relied on any representations, warranties, or statements of any nature or kind, including but not limited to estimated date of completion, general description attached to Plan, maintenance charges, or right to any tax deduction, whether contained in any advertisement, selling brochure, or made orally.

15. Binding Effect. Subject to the provisions hereof, this agreement shall bind and apply to the parties hereto and their respective personal representatives, successors, and permissible assigns.

16. Entire Agreement. This agreement contains the full understanding and agreement of the parties and may not be amended, altered, or discharged except by another agreement, in writing, signed by the party sought to be charged therewith.

17. Purchaser's Residence. The Purchaser represents that he is a resident of the State of _____ [state].

18. Governing Law. This agreement shall be construed in accordance with and governed by the laws of the State of _____ [state].

19. Non-waiver. No delay or failure by a party to exercise any right under this agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

20. Headings. Headings in this agreement are for convenience only and shall not be used to interpret or construe its provisions.

21. Counterparts. This agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

26-22 Current Legal Forms for Real Estate FORM 22.92

FORM 22.92 Declaration for time share project

COMMENT

In order to develop a time share project, the property must be dedicated. By filing a Declaration, each purchaser purchases his or her interest subject to the terms and conditions of the Declaration and they are, therefore, bound by it. Time share declarations are subject to the same criteria as other real estate declarations (i.e., easement agreements, condominium declarations, etc.). They must be filed with the public record. As such, they are subject to the recording agreements of the local jurisdiction where the real estate is located. The content of the time share declaration must be disclosed to the buyer of the time of the purchase of the share, along with all other title conditions.

Furthermore, the Declarations are typically provided to the buyer, along with the Disclosure Statement. As a result, they will generally be reviewed by the governmental body which regulates time shares in the jurisdiction where the project is located. The terms of a declaration vary widely depending on the project, the requirements of the local jurisdiction and the nature of the real estate which is being dedicated. The following form is a typical Declaration for time share.

For additional forms relating to time sharing, see Chapter 20, Real Estate Entities, in Volume 24, *supra*.

FORM

DECLARATION OF DEDICATION FOR
HUNTINGTON RESORT, A TIMESHARE RESORT

WHEN RECORDED, RETURN TO:

_____[name]
_____[address]

THIS DECLARATION FOR HUNTINGTON RESORT (the "Declaration") is made this _____[day]
day of _____[month], _____[year], by HUNTINGTON RESORT, INC., a(n)
_____[state] _____[entity] ("Resort") and HUNTINGTON CORPORATION, a[n]
_____[state] corporation ("Huntington") (individually and collectively "Declarant").

WHEREAS, Resort is or was the Owner of certain real property (the "Phases 1 and 2") located in
_____[county] County, _____[state], which is more particularly described on Exhibit
"A" attached hereto and incorporated herein by this reference; and

WHEREAS, Resort has or intends to transfer, convey, and assign all of its remaining right title, and interest in Phases 1
and 2, and all rights as Declarant, to Huntington, whereupon Huntington shall be the sole Declarant under this
Declaration; and

WHEREAS, Sunshine II is the owner of certain real property ("Phases 3, 4, and 5") located in
_____[county] County, _____[state], which is more particularly described on Exhibit
"B" (Phase 3), Exhibit "C" (Phase 4), and Exhibit "D" (Phase 5) attached hereto and incorporated herein by this
reference; and

WHEREAS, except for intervening public or private streets, Phases 3, 4, and 5 are adjacent to Phases 1 and 2 and/or to
one another; and

WHEREAS, Declarant has obtained land use approvals from the City of _____[city] for construction
and operation of a timeshare resort on Phases 1, 2 3, 4, and 5; and

WHEREAS, Declarant intends to establish a common scheme and plan for the use, enjoyment, repair, maintenance,
restoration and improvement of the Property (as hereinafter defined), and for the payment of taxes, assessments,
insurance premiums and other expenses pertaining thereto.

NOW, THEREFORE, in furtherance of such intent, Declarant hereby declares that the Property is and shall be held,
conveyed, hypothecated, encumbered, leased, rented, used and occupied subject to the following limitations, easements,
covenants, conditions and restrictions set forth in this Declaration, as this Declaration may from time to time be further
amended, and in such other rules and regulations as are instituted pursuant to the provisions of this Declaration, and all
of which declarations, easements, limitations, covenants, conditions and restrictions and rules and regulations are
declared to be in furtherance of a plan established for the purpose of enhancing and perfecting the value, desirability and
enjoyment of the Property. All such declarations, easements, limitations, covenants, conditions and restrictions and
rules and regulations shall constitute covenants running with the land and equitable servitudes and liens, and shall be
binding upon and for the benefit of Declarant, and all parties having or acquiring any right, title or interest in the
Property including, without limitation, the heirs, executors, administrators, successors and assigns of any such parties
and all subsequent Owners and lessees of all or any part of the Property.

1. DEFINITIONS

1.1. The following terms used in this Declaration, shall have the following meanings:

1.2. "Property" means Phases 1, 2, 3, 4 and 5 together with any other real property which Declarant may acquire and

which is adjacent to the Property (or adjacent to intervening public or private roads, public lands, open space, or eleemosynary institutions or properties), all or any part of which may at some time be annexed hereto. Phases 1, 2, 3, 4 and 5 are more particularly described on Exhibits "C" and "D" attached hereto and incorporated herein by this reference, but no part of Phases 1, 2, 3, 4 or 5 or any other Property shall be subject to this Declaration unless annexed as provided in paragraph 7.1 below.

1.3. "Annual Interval Ownership Interest" means that form of undivided fee interest in the Property subject to this Declaration, by which an Owner is entitled to occupy a Unit for one (1) Interval Week on an annual and recurring basis, along with the non-exclusive right to use and enjoy the Common Area and to use and enjoy the Common Furnishings contained in such Unit during such Owner's Use Period as provided in this Declaration. Each Annual Interval Ownership Interest is Floating and the exact Interval Week of use shall be established each year by reservation (unless Fixed Time) according to the Rules and Regulations. Each Annual Interval Ownership Interest shall constitute an Undivided Interest in the Property. The number of Annual Full Interval Ownership Interests (counting each Annual Partial Interval Interest Interval Interest as one-half (1/2) an Annual Full Interval Interest) available for sale shall not exceed (a) _____ (_____) times the number of Units which are not dedicated to Flex Interval Ownership interests, minus (b) the greater of (x) the number of Biennial Interval Ownership Interests sold for use in even numbered Use Years, or (y) the number of Biennial Interval Ownership Interests sold for use in odd numbered Use Years. For convenience in inventory control, conveyancing, and titling, an Annual Interval Ownership Interest may be allocated to a specific Unit; however, this interest does NOT carry with it the right to use that specific Unit, only the right to use a Unit.

1.4. "Articles" means the Articles of Incorporation of the Association as they may be amended from time to time.

1.5. "Assessments" means the Basic Assessments, Special Assessments and Personal Expenses as provided in Article 5 below, and any other amounts due the Association pursuant to the terms of this Declaration.

1.6. "Association" means Huntington Resort Owners Association, a(n) _____[state]
_____ [entity].

1.7. "Biennial Interval Ownership Interest" means that form of undivided fee interest in the Property subject to this Declaration by which an Owner is entitled to occupy a Unit for one (1) Interval Week on a biennial (every other year) and recurring basis, along with the non-exclusive right to use and enjoy the Common Area and to use and enjoy the Common Furnishings contained in such Unit during such Owner's Use Period as provided in this Declaration. Each Biennial Interval Ownership Interest is Floating and the exact Interval Week of use shall be established every other year by reservation (unless Fixed Time) according to the Rules and Regulations. Each Biennial Interval Ownership Interest shall constitute an Undivided Interest in the Property. The number of Biennial Full Interval Week Ownership Interests (counting each Biennial Partial Interest as one-half (1/2) a Biennial Full Interval Interest) available for sale for each of even-numbered Use Years and odd-numbered Use Years shall not exceed (a) _____ (_____) times the number of Units which are not dedicated to Flex Interval Ownership Interests, minus (b) the total number of Annual Interval Ownership Interests sold. For convenience in inventory control, conveyancing, and titling, a Biennial Interval Ownership Interest may be allocated to a specific Unit; however, this interest does NOT carry with it the right to use that specific Unit, only the right to use a Unit.

1.8. "Board" means the Board of Directors of the Association.

1.9. "Building" means one of the structures on the Property containing Units.

1.10. "Bylaws" means the Bylaws of the Association, as they may be amended from time.

1.11. "Common Area" means all portions of the Property except the Units and Common Furnishings, but including the

Buildings in which the Units are located. Any Declarant Building (as defined in paragraph 2.9 below), ownership and control of which is reserved to Declarant by this Declaration shall not be part of the Common Area, shall be maintained by Declarant rather than the Association, and Declarant shall pay all operating costs, utilities, taxes and assessments relating to such Declarant Building.

1.12. "Common Furnishings" means all furniture, furnishings, appliances, fixtures, equipment, telephone system and all other personal property from time to time owned, leased or held by the Owners in Undivided Interests, or by the Association for use by Owners or the Association, and which are located in or upon the Property.

1.13. "Date" means a Fixed Time Interval Interest where the Fixed Use Period is related to a calendar date or period (e.g., birthday, holiday, school vacation, anniversary, etc.) and where the numbered Use Period used by the Owner may vary from year to year to match the calendar date or period.

1.14. "Declarant" means Sunshine Resorts, Inc., a(n) _____[state] _____[entity], and/or Sunshine Corporation, a(n) _____[state] _____[entity], or any successor-in-interest by express assignment of the rights of the Declarant hereunder in writing.

1.15. "Declaration" means this instrument, as this instrument maybe amended from time to time in the manner herein provided.

1.16. "Event means a Fixed Time Interval Interest where the Fixed Use Period is related to an activity or celebration (e.g., music festival, pageant, show, parade, tournament, etc.) and where the numbered Use Period used by the Owner may vary from year to year to match the activity date.

1.17. "Fiscal Year" means the one year period set forth from time to time in the Bylaws as the fiscal year for the Association.

1.18. "Fixed" means an Interval Interest that is limited to, and carries with it the right to, use a particular Unit, a particular Use Period, or both.

1.19. "Fixed Time" means an Interval that is Fixed as to Use Period.

1.20. "Fixed Unit" means an Interval Interest that is Fixed as to Unit.

1.21. "Flex Interval Ownership Interest" means that form of undivided fee interest in the Property subject to this Declaration in the percentage or fractional interest indicated in the Owner's warranty deed, by which an Owner is entitled to occupy a Unit during a Use Period properly reserved by the Owner in accordance with Section 2.2 of this Declaration on an annual recurring basis, along with the non-exclusive right to use and enjoy the Common Area and to use and enjoy the Common Furnishings contained in such Unit during the reserved Use Period. Each Flex Interval Ownership Interest shall constitute an Undivided Interest in the Property. The maximum number of Interval Interests to be conveyed will depend on the total number of Units subject to this Declaration and the respective number of Annual Interval Ownership Interests, Biennial Interval Ownership Interests, and Flex Interval Ownership Interests conveyed to Owners, but in no event shall Declarant convey Interval Interests in excess of a "one-to-one" accommodation ratio.

1.22. "Floating" means an Interval Interest that is not limited to, and carries with it no right to use of either a particular Unit or a particular Use Period; the specific Use Period and Unit used being determined by availability and reservation according to the Rules and Regulations. All Interval Interests under this Declaration are Floating as to Unit and Use Period, unless otherwise specified on the deed conveying the Interval Interest to the Owner, except for Large Fraction Interests which shall be subject to special reservation and Use Period provisions set forth in the Rules and Regulations which may include, without limitation, rotating use by calendar periods, and which may, by designation in the deed

transferring a Large Fraction Interest to an Owner, fix or limit usage to a particular Unit or Building.

1.23. "Full" means an Interval Interest entitling the Owner to use of all of a Unit; unless specified on the deed of the Interval Interest to an Owner, all Interval Interests are Full.

1.24. "Huntington Resort Bonus Time" means an Owner's use of a Unit pursuant to the provisions of the Rules and Regulations governing its use (a) which is in addition to such Owner's Use Period under its Annual Interval Ownership Interest or Biennial Interval Ownership Interest, (b) which is subject to availability, (c) which is to subject the Rules and Regulations governing its use which may, from time to time, be changed in the best interest of the membership of the Association in the discretion of the Board.

1.25. "Interval Week" means a floating period of approximately one week, commencing on a set day of the week at 4:00 p.m., local time, _____[county] County, _____[state], and ending the same day of the following week at 11:00 a.m., local time, _____[county] County, _____[state]. The exact dates, and starting and ending day, of each Interval Week for a particular calendar year may be determined by reference to the Association's chart of Use Periods for that year. The specific period(s) during which an owner may use his Interval Week is determined by reservation made each year. Check in and check out times may be changed by the Association without amendment to this Declaration. Without amendment to this Declaration, the Association may allow an owner to divide his Interval Week into two or more separate Use Periods.

1.26. "Interval Interest" means any Annual Interval Ownership Interest, Biennial Interval Ownership Interest, or Flex Interval Ownership Interest.

1.27. "Interval Ownership Plan" means the entire plan for Interval Interest ownership as described and set forth in this Declaration and for the development, improvement and sale of Interval Interests.

1.28. "Large Fraction" means two or more Annual or Biennial Interval Interests or Interval Weeks combined into a single block for ownership by one Owner.

1.29. "Lockout" means the double-locking door in each Unit that allows division of occupancy of the Unit into a Master Suite and a Privacy Suite.

1.30. "Managing Agent" means the agent engaged by the Board pursuant to paragraph 4.4 hereof, which Managing Agent may be an affiliate of Declarant.

1.31. "Owner" means the Owner or co-Owner of an Interval Interest.

1.32. "Partial" means an Interval Interest entitling the Owner to use only the Master Suite or the Privacy Suite portion of a Unit.

1.33. "Permitted User" means any person occupying a Unit or utilizing the Common Area by or under any Owner, including, but not limited to, such Owner's family members, invitees, guests or licensees.

1.34. "Person" means a natural person, corporation, partnership, association, joint venture, limited liability company, trust, or other legal entity, or any combination thereof.

1.35. "Property" means Phases 1, 2, and 3 as more particularly described on Exhibits "A" and "B" attached hereto and incorporated herein by this reference, together with all improvements thereon and any rights incident thereto and the Additional Property to the extent all or any portion thereof is annexed to the Property pursuant to the terms of paragraph 1 of this Declaration.

1.36. "Rights" means the units of symbolic value used as the basis for determining the interest of an Owner of a Flex Interval Ownership Interest and such Owner's occupancy rights at the Property in any calendar year.

1.37. "Rules and Regulations" means the rules and regulations adopted and promulgated from time to time by the Association relating to the possession, use and enjoyment of the Property.

1.38. "Service Period" means, with respect to each Unit, a period reserved by the Association as a Service Period. The Association shall determine which days and nights will comprise the Service Period for each Unit, which determination may be changed from time to time, provided, however, that the Service Period shall not be during any properly reserved Use Period, unless the Owner is provided reasonably similar replacement accommodations.

1.39. "Site Plan" means the drawings and lists attached as Exhibits "E" and "F" to this Declaration.

1.40. "Unit" means one of the apartment units within the Property (or the Additional Property if annexed hereto).

1.41. "Undivided Interest(s)" means the undivided ownership scheme described in this Declaration. As an Undivided Interests plan of ownership, this Declaration establishes an undivided fractional tenancy in common in favor of each Owner in the entire Property.

1.42. "Use Period" means the time period or periods for which an Owner is entitled to use and occupy a Unit as set forth in paragraph 2.1 of this Declaration, and which the Owner has reserved consistent with the class of Interval Interest owned in accordance with the provisions of this Declaration and the then current Rules and Regulations.

1.43. "Use Year" means each one-year period commencing on the first Saturday in January of each calendar year and ending on the Saturday at the end of the fifty-second week thereafter, except for years with fifty-three weeks, in which case the year shall end on the Friday at the end of the fifty-third week thereafter. The Use Year for a Biennial Interval Ownership Interest (odd year) shall commence in January of odd-numbered years and the Use Year for a Biennial Interval Ownership Interest (even year) shall commence in January of even-numbered years. The day of the week commencing and ending the Use Year may be changed from time to time by the Association without amendment of this Declaration, and for Flex Interval Ownership interests the Association may use the same Use Year for all Owners or use an anniversary.

1.44. "Visible from Neighboring Property" means, with respect to any given object, that such object is or would be visible to a person _____ (_____) feet tall, standing on any part of such neighboring property at an elevation no greater than the elevation of the base of the object being viewed.

2. RESERVATION RIGHTS, USE RIGHTS AND USE RESTRICTIONS

2.1 Reservation and Use Rights of Annual or Biennial Interval Ownership Interval Owners. Subject to all of the terms and conditions contained elsewhere in this Declaration, an Annual or Biennial Interval Ownership Interval Owner shall have the right, for each Interval Week owned (and in the case of Declarant, during all periods not timely reserved by other Owners) to use and occupy, pursuant to the reservation procedures set forth in the Rules and Regulations, a Unit, and the Common Furnishings contained within such Unit, and the non-exclusive right to use and enjoy the Common Area for one Interval Week during such Owner's Use Year; provided, however, that such Owner shall have reserved such use and occupancy in accordance with the requirements and procedures for the making of reservations set forth in the Rules and Regulations. The timing and details of the reservation procedure are subject to change by the Board in the best interest of the Owners. No use or occupancy by any Annual or Biennial Interval Ownership Interest Owner or Flex Interval Ownership Interest Owner will be permitted if such Owner is delinquent in the payment of any amounts owed to the Association. If, because of an error by the Association or Managing Agent, a Unit is not available for the Use

Period to which an Owner was entitled by a properly made reservation, the Owner shall receive a compensating use of the next available Use Period selected by the Owner, together with such monetary compensation, if any, as the Board may elect to make, either on a case by case basis, or by established policy and schedules.

2.2. Flex Plan. An Owner who owns a Flex Interval Ownership Interest shall have the right, every Use Year, to reserve, use and occupy an assigned Unit(s) within the Property (though not necessarily any Unit identified in their deed) to the extent the number of Rights allocated to such Owner in such Use Year does not exceed the number of Rights required to reserve the subject Unit(s) during the desired Use Period(s) as properly reserved in accordance with the Rules and Regulations. Declarant shall record an amendment or supplement to this Declaration identifying each Unit dedicated to Flex Interval Ownership, which Declarant may do without the vote or assent of other Owners. Each Unit of the Property dedicated to Flex Interval Ownership shall have a total Rights allocation as set forth in the following chart (i.e., the number of Rights it would take to reserve a particular Unit for 52 Intervals in any Use Year):

Unit	Total Rights Allocation
Select Suite	_____ [number] Rights
Master Suite	_____ [number] Rights
Total Unit	_____ [number] Rights

If the Total Rights Allocation table set forth above in this paragraph contains blanks and does not reflect the number of Rights allocated to a Select Suite, Master Suite, and total Unit, Declarant shall not offer for sale or sell any Flex Interval Ownership Interest in the Property before first executing and recording an amendment or supplement to this Declaration setting forth the number and allocations of Rights. Notwithstanding other provision herein to the contrary, Declarant may unilaterally add such amendment or supplement to this Declaration without the Vote or assent of the Owners.

The undivided interest of an Owner of a Flex Interval Ownership Interest shall be expressed in terms of a fraction, the numerator of which is the number of Rights associated with Flex Interval Ownership Interest, and the denominator of which is the total number of Rights allocated to the particular Unit (or group of Units). Each deed conveying a Flex Interval Ownership Interest shall also include a contract number assigned by the Developer. The contract number and Rights allocated must appear on all subsequent deeds, deeds of trust and other documents affecting the subject Flex Interval Ownership Interest. In the event an Owner desires to purchase an additional Flex Interval Ownership Interest, such purchase shall be evidenced by a separate deed, which shall include a separate designation of allocated Rights and a separate contract number, and in no event shall such subsequent purchase be consolidated with the purchaser's original or subsequent purchase; provided, however, that the foregoing restrictions shall not prohibit the Owner from combining his Rights for reservation or occupancy purposes. In the event the Declarant reacquires title to a Flex Interval Ownership Interest (whether by deed, foreclosure or otherwise), (a) the Rights allocated to such Flex Interval Interest shall be deemed reacquired by the Declarant and the Declarant shall be free to reallocate such Rights in its discretion in connection with the conveyance of another Flex Interval Interest, and (b) the contract number originally assigned to the Flex Interval Ownership Interest by Declarant shall cease to exist. A new contract number shall be assigned by the Declarant in connection with any subsequent sale of the Flex Interval Ownership Interest by the Declarant. All Flex Interval Ownership Interests in a Unit shall have been conveyed when the sum of the fractional undivided tenant-in-common fee interests allocated to such Unit equals the whole number one (1). A Flex Interval Ownership Interest shall be Floating unless the deed indicates that the Use Period, Unit or both, associated with such Flex Interval Ownership Interest is Fixed. The Use Period may be Fixed by Date or Event.

2.3. Service Periods. To the extent reasonably feasible, the Association shall perform required maintenance between periods of occupancy of Units. However, the Association may reserve up to a total of _____ (_____) days and nights (not necessarily consecutive) in each calendar year as Service Period(s) for each Unit. Upon sellout of a Unit, the Association shall use reasonable efforts to reserve Service Period(s) when such Unit will not be occupied (e.g., when an Owner exchanges his interest through an exchange company). To the extent

possible, if a reserved Use Period conflicts with any required Service Period, the Managing Agent shall use reasonable efforts to move the reservation to an unoccupied Unit of the same type within the Property, or to a Unit which holds at least as many occupants, or, if no Units are then available, to alternate accommodations pursuant to paragraph 2.1 of this Declaration. The Association and its agents shall have free access to each Unit during its reserved or designated Service Period(s) for the purpose of effecting any necessary or appropriate maintenance, repair, modifications, alterations, replacements and additions to such Unit and to the Common Furnishings therein. The Service Period(s) for a particular Unit may vary from time to time in the Board's sole discretion and need not occur at the same time for each Unit. The Association shall use reasonable efforts to reserve Service Periods in Units so as to reasonably maximize the use and enjoyment thereof by Owners and reasonably minimize any scheduling problems under the reservation system established by the Rules and Regulations.

2.4. Occupancy. No Owner shall occupy a Unit or the Common Area or exercise any rights of ownership with respect to the Property during any time period other than his Use Period(s) unless expressly authorized by the Owner entitled to such use rights during such time period. Each Owner shall keep the Unit occupied by him and the Common Furnishings therein in good condition and repair during his Use Period(s), vacate the Unit at the expiration of his Use Period(s), remove all persons and property therefrom, excluding only the Common Furnishings, leaving the Unit and the Common Furnishings therein in good and sanitary condition and repair and otherwise comply with such check-out and other procedures and regulations as may from time to time be contained in the Rules and Regulations. Any Owner may permit a Unit which he is entitled to occupy to be occupied by other persons (not in excess of the number of occupants permitted by the Rules and Regulations) for the purposes permitted by this Declaration during his Use Period(s), but such Owner shall be responsible for any loss, damage, destruction or violation of this Declaration, the Bylaws, the Articles or the Rules and Regulations which occurs during such occupancy as if such Owner were occupying the Unit.

2.5. Holdover User. In the event any Owner or Permitted User occupying a Unit with or without the permission of an Owner fails to vacate a Unit at the expiration of its Use Period in accordance with the provisions hereof, or at such earlier time as may be fixed by the Rules and Regulations adopted by the Association from time to time, such Owner or Permitted User shall be deemed a "Holdover Owner." It shall be the responsibility of the Association or the Managing Agent, if so provided in the Management Agreement, to take all steps necessary to remove the Holdover Owner from a Unit and assist the person entitled to occupy the Unit during the subsequent Use Period to find alternative accommodations during such holdover period, but neither the Association nor the Managing Agent is liable for the acts of a Holdover Owner. In addition to other remedies available to it, the Association may assist any Owner or Permitted User entitled to occupy a Unit, and denied occupancy due to a Holdover Owner's failure to vacate, in seeking alternate accommodations. Such accommodations should be as comparable as possible to the Unit to which occupancy is denied. A Holdover Owner shall be responsible for the cost of such alternate accommodations, travel expenses incurred by the Owner or Permitted User if an alternate Unit is not available, and any other expense incurred due to the Holdover Owner's failure to vacate. In addition, a Holdover Owner shall be charged an administrative fee, as determined by the Board, of not less than _____ Dollars (\$_____) per day, for each day of the, holdover period. If the Association is required to contract for a period greater than the actual period of holding over in order to secure alternate accommodations as set forth above, the expense of the entire period shall be the responsibility of the Holdover Owner, although any daily administrative fee shall cease upon the day following that upon which the Holdover Owner vacates the Unit. The Association shall submit a bill to the Holdover Owner in accordance with this paragraph. In the event the Holdover Owner fails to pay the bill within _____ (_____) days of the bill's date, the Association shall have a lien against the Holdover Owner's Interval Interest, which may be enforced in accordance with the provisions hereof. The provisions of this paragraph shall not abridge the Association's right to take such other action(s) available to it at law or in equity, including, but not limited to, eviction proceedings.

2.6. Use Restrictions - Owners. Except for Units used by Declarant for sales, marketing or management purposes, a Unit shall be used solely for resort or vacation use. Except as required to prevent damage or injury to person or property in an emergency, no Owner shall: make or authorize any alterations, additions or improvements to the Property; repair,

tile, paper or otherwise refinish or redecorate the inner surfaces of the walls, ceilings, floors, windows or doors bounding the Property; or remove, alter or replace any portion of the Common Furnishings; or use his Unit in any way which will interfere with, or unreasonably disturb the rights of the other Owners without the prior written consent of the Association. The right to perform all of the foregoing acts has been delegated to the Association by this Declaration. The foregoing prohibitions, however, shall not modify or affect the obligation of each Owner for the prudent care and ordinary maintenance and upkeep of all property subject to his use.

2.7. Easement for Sales, Customer Service and Related Purposes. Declarant, on behalf of itself, its successors and assigns, and its and their respective agents, employees, contractors, subcontractors, invitees and other authorized personnel, reserves, for an initial period of _____ (_____) years from the date of the sale of the first Interval Interest, a non-exclusive easement, in, over and through the Units and the Common Area, for the purpose of: (1) marketing and selling the Intervals and any other travel or vacation products offered by Declarant or any of its affiliates; (2) maintaining customer relations and providing post-sale service to Owners; (3) displaying signs and erecting, maintaining and operating, for sales and administrative purposes, model Units and customer relations, customer service and sales office complex(es) on the Property; (4) showing the Units and Common Area; and (5) arranging for the use of any recreational facilities within the Common Area by prospective purchasers. The use of such easement shall not materially interfere with or unreasonably diminish the rights of Owner(s) to use and occupy Units and Common Area amenities in accordance with this Declaration and the Rules and Regulations. Upon expiration of the initial _____ (_____) year term of this easement, Declarant's easement shall automatically be extended for so long as Declarant: (i) pays the Association an annual extension fee of _____ Dollars (\$_____) (against which Declarant shall receive a credit equal to _____ percent (_____) of all Assessments paid by Declarant the previous twelve (12) months) on or before January 31 of each year (commencing with the year following expiration of the initial _____ (_____) year term); (ii) paying the Association on or before January 31 of each year (commencing with the year following expiration of the initial _____ (_____) year term) the fair rental value (to be determined by a licensed real estate broker practicing in _____ [city], _____ [state], and not affiliated with or representing Declarant or the Association) of any building or improvement (or space within any building or improvement) controlled or occupied by Declarant on the Property; and (iii) paying the Association, within _____ (_____) days of written request by the Association, all operating costs, utilities cost, and taxes and assessments for such building or improvement (to be prorated in an equitable manner if not separately billed or assessed).

2.8. Use of Units by Declarant. Declarant shall have the right, with respect to all unsold Interval Interests owned by Declarant, to reserve any Unit for use by Declarant or for use and occupancy by prospective purchasers of Interval Interests who have been brought to the Property as a result of the promotional efforts of the Declarant (the "Promotional Program") or for use and occupancy by members of the public for hotel use or other transient accommodations. Declarant may make such reservations in the same manner as reservations made by other Owners and consistent with the established Rules and Regulations for use and occupancy of the Property. The Declarant shall reimburse the Association for expenses incurred by and allocated to the Association in connection with the Promotional Program or such hotel use or other transient accommodations to the extent such expenses are not included in the Basic Expenses used by the Association in calculating Assessments. Declarant may use any Unit not registered for sale as part of the Interval Interest Program with the _____ [state] Department of Commerce or other applicable regulatory agency for any lawful purpose, including without limitation for models, offices, sales, or administrative purposes, whether related to the Property or not.

2.9. Declarant Control and Use of Sales Center and other Declarant Buildings.

Declarant has or intends to construct a sales center on Phase 3 of the Property. Declarant may also construct one or more maintenance buildings, service buildings, additional or replacement sales centers, or other buildings (the "Declarant Buildings"). Declarant hereby reserves and retains all right, title, interest, and control in, to, and over the

improvements of the Phase 3 sales center and other Declarant Buildings, together with an exclusive easement over, under, and upon the land underlying the Declarant Buildings and non-exclusive easements, in bulk, over all the Property, for construction, repair, maintenance of the Declarant Buildings, vehicular and pedestrian ingress and egress to and from the Declarant Buildings, public and private utility lines providing service to the Declarant Buildings (and the construction, repair, and maintenance of such lines), and for parking. Declarant's ownership and control of the Declarant Buildings, and the exclusive and non-exclusive easements, shall run for a period of _____ (_____) years from the date the certificate of occupancy or other final construction inspection approval is issued for the particular Declarant Building. During such _____ (_____) year period the particular Declarant Building shall not be part of the Common Area, shall be maintained by Declarant rather than the Association, and Declarant shall pay all operating costs, utilities, taxes and assessments relating to such Declarant Building, either directly, by prompt reimbursement of the Association, or through any other fair and reasonable payment or subsidy arrangement with the Association. Upon expiration of said _____ (_____) year period for any particular Declarant Building, the Declarant Building shall revert to the Owners in undivided interests, with the same fractional ownership as the Owners' interest in the other Common Areas, provided, however, Declarant may continue to use and occupy the Declarant Building and extend the exclusive and non-exclusive easement reserved by this paragraph by paying the annual fee, rental, and other charges set forth in paragraph 2.7 above. Declarant may use, discontinue the use, or modify the use of any Declarant Building at Declarant's sole discretion, and may elect to terminate use of any Declarant Building and transfer the ownership and control of a Declarant Building to the Owners and the Association at any time, including any time prior to expiration of the initial _____ (_____) year easement period established under this paragraph. If Declarant elects to let any Declarant Building revert to or be transferred to use and occupancy by the Association, Declarant shall surrender such Declarant Building broom clean, in reasonably good condition, ordinary wear and tear excepted.

2.10. Additional Amenities in New Phases. To preserve the Owners use and enjoyment of the amenities of the Common Area, Declarant will provide additional amenities in each new phase of the Property. Declarant has or will provide, as part of the Common Area in Phase 3, a large spa and water feature, and will expand the existing laundry and exercise facilities in Phases 1 and 2 to accommodate additional demand from expansion of the Property. If Developer builds out Phases 4 and/or 5, Phase 4 will include a swimming pool and a spa, and Phase 5 will include a swimming pool and a spa.

2.11. Declarant's Right to Modify Site Plan. Declarant is under no obligation to complete any or all of the planned Units or other improvements of Phases 3, 4, or 5 beyond those registered as part of the Interval Interest Ownership Plan. Declarant will complete the additional amenities set forth in the previous paragraph of this Declaration, if, but only if, Declarant builds some or all of the Units in the respective Phases for which the additional amenities have been promised. The location, configuration and other details regarding the amenities may be modified in Declarant's sole and absolute discretion. Declarant may also add, delete, modify, or otherwise change all other particulars of the Site Plan for unbuilt portions of the Property, including without limitation, the number, size, location, configuration, appearance, floor plans, and elevations of the Units and the location, configuration and appearance of driveways, sidewalks, landscape areas, parking areas and other portions of the Common Area, subject only to compliance with applicable laws and ordinances and public approval processes.

2.12. Separate Mortgages. Each Owner shall have the right to mortgage or otherwise encumber all, but not less than all, of his Interval Interest. Any mortgage encumbering an Interval Interest shall be subordinate to all of the provisions of this Declaration, and in the event of foreclosure, the provisions of this Declaration, shall be binding upon any Owner whose title is derived through foreclosure by private power of sale, judicial foreclosure, assignment in lieu of foreclosure or otherwise. Notwithstanding any other provision of this Declaration, no breach of the provisions herein contained, nor the enforcement of any lien created pursuant to the provisions hereof shall defeat or render invalid the lien of any mortgage of any Owner's Interval Interest if such mortgage is recorded in the Office of the County Recorder of _____ [county] County, _____ [state], and is given in good faith and for value.

2.13. Transfer of Interest. No Owner shall sell, convey, hypothecate or encumber less than all of his Interval Interest. Any sale, conveyance, hypothecation or encumbrance by any Owner of less than all of his Interval Interest, shall be null, void and of no effect. The transfer of any Interval Interest shall operate to transfer to the new owner of the Interval Interest the interest of the prior Owner in all funds in the hands of the Association even though not expressly mentioned or described in the instrument of transfer and without further instrument of transfer.

2.14. Waiver of Right of Partition and Subordination of Tenancy-In-Common Attributes.

2.14.1. It is intended that this Declaration shall govern all rights with respect to the use, possession, enjoyment, management and disposition of the Interval Interests. Accordingly, all rights with respect to the use, possession, enjoyment, management or disposition of an Interval Interest which an Owner might otherwise have as a tenant-in-common (including, but not limited to, any common law or statutory right jointly to use, possess or manage commonly owned property) are hereby unconditionally and irrevocably waived and subordinated to this Declaration for so long as this Declaration shall remain in effect.

2.14.2. Except as provided in Subparagraph 2.14.1 above and paragraph 8.3 below, every Owner or other person or entity acquiring any right, lien or interest in any of the Property, hereby waives any and all right as a concurrent owner to any common law or statutory right of partition and no such party shall seek or obtain, through any legal procedures, judicial partition of the Property or the sale thereof in lieu of partition. If, however, any Interval Interest is owned by two or more persons as tenants in common, joint tenants or community property, nothing herein contained shall prohibit a judicial sale of the Interval Interest in lieu of partition as between such co-tenants.

2.15. Protection of Interest. Except as provided in paragraph 2.14.2, above, no Owner shall permit his Interval Interest to be subject to any lien (other than the liens of current real property taxes), claim or charge, the enforcement of which may result in a sale or threatened sale of the Interval Interest of any other Owner or any part thereof or result in any interference in the use or enjoyment thereof by any other Owner. In the event of a threatened sale of the Interval Interest of any Owner or any part thereof, or should the use and enjoyment of any portion thereof by any Interval Owner be threatened by reason of any lien, claim or charge against the Interval Interest of any other Owner, or should proceedings be instituted to effect any such sale or interference, any Owner acting on his behalf or through the Association or the Association acting on behalf of any one or more Owners (if promptly indemnified to his or its satisfaction) may, but shall not be required to, pay or compromise the lien, claim or charge without inquiry into the proper amount or validity thereof and, in such event, the Owner whose interest was subjected to such lien, claim or charge shall forthwith pay the amount so paid or expended to Owner or the Association, whomsoever shall have paid or compromised the lien, claim or charge, together with such reasonable attorneys' fees and related costs as he or it may have incurred. No Owner shall permit his interest in any funds from time to time in possession of the Association to be subjected to any attachment, lien, claim or charge or other legal process and each Owner shall promptly restore any funds held by the Association in respect of his Interval Interest to the extent depleted by the reason of the assertion of any such attachment, lien, claim, charge or process and shall reimburse the Association for all reasonable attorneys' fees or other costs incurred in respect thereof.

2.16. Easement for Maintenance and Project Use. The Association, for itself, its successors and assigns, and its and their agents, employees, contractors, subcontractors, and other authorized personnel, shall have the right and is hereby granted, for so long as the Association or its successors and assigns shall be required hereunder to manage and maintain the Property, an exclusive easement in gross in, over and through the Property for the repair and maintenance of the Units, the Common Area and the Common Furnishings during Service Periods; provided, however, that use of such easement shall not unreasonably interfere with or diminish the rights of Owners, Permitted Users, or Declarant to occupy the Units and the Common Area, and to use the Common Furnishings.

2.17. Owner's Easement. Each Owner is hereby granted a non-exclusive easement for use during such Owner's Use Period as may be required for the purposes of access and ingress and egress to, the respective Unit reserved by such

Owner, and Owner shall have the right to use the Common Furnishings in said Unit. Such rights shall extend to each Owner and Permitted Users. Such easements rights and rights to use and possess the personal property in each Unit shall be subject to this Declaration, the Articles and Bylaws of the Association and the Rules and Regulations.

2.18. Identification of Interval Interest in Deed. Each deed transferring one or more Interval Interests to an Owner shall identify the Interval Interest being For example, the deed designation: "Interval 0003, Unit 201 Full Even Fixed Event New Year" would describe a Biennial Full Interval Ownership Interest counted against Unit 201 inventory (assigned number 0003 for record keeping purposes) and entitling the Owner to use a Full Unit in even-numbered years during the Use Period including New Years. "Interval 0600, Unit 102 Privacy Annual Floating Time" would describe an Annual Interval Ownership Interest counted against Unit 102 inventory (assigned number 0600 for record keeping purposes) entitling the Owner to use the Select Suite of a Unit annually with the specific Use Period to be determined by availability and reservation." "Interval 15764, Unit 125 Flex Floating Fixed 7800" would describe a Flex Interval Ownership Interest (counted against Unit 125 inventory and assigned number 15764 for record-keeping purposes) and entitling the Owner to reserve Floating Time in Unit 125 (because Fixed Unit) commensurate with the Owners' 7,800 Rights.

2.19. Not All Combinations May be Available. While Declarant has reserved the right under this Declaration to sell Partial Interval Interests, Fixed Time Interval Interests, and Flex Interval Interests, Declarant is not obligated to do so and such interests may or may not actually be sold. Declarant may also elect to place limits on the number of such Interval Interests sold.

2.20. Automatic Adjustment of Undivided Interests. An Owner's Undivided Interest shall remain proportional to the total number of Interval Interests in the Property should more or less Units be constructed on the Property than anticipated or if some or all of the Additional Property is annexed to this Declaration. The Undivided Interests fractional ownership of each Owner shall be established at any given time by the following formulas:

Full Annual Interval Interest =	_____
	Total Units times 52
Full Biennial Interval Interest =	_____
	Total Units times 104
Partial Annual Interval Interest =	_____
	Total Units times 104
Partial Biennial Interval Interest =	_____
	Total Units times 208

"Units" as used in the foregoing formulas shall mean the number of Units actually and completely constructed on the Property subject to this Declaration, including any annexed portions of the Additional Property, less the number of Units for Flex Interval Ownership Interests, the numerator shall be the number of Rights shown in the deed to the Interval Interest and the denominator shall be the Total of all Units (whether or not dedicated to Flex Interval Ownership Interests) times the Total Rights allocated per Unit.

2.21. Structural Support. Every portion of a Unit or the Common Area which contributes to the structural support of another Unit or the Common Area shall be burdened with an easement of structural support. No Owner shall be permitted to demolish their Unit except to the extent that such demolition may be required to repair or rebuild the Unit when the same has been partially or totally destroyed.

2.22. Utility Easement. Notwithstanding any other provision hereof, there is hereby created a blanket easement in favor

of the Association and each Owner, including Declarant and any foreclosing Construction Lender, upon, across, over and under the entire Property, except any Unit. This easement shall be for ingress, egress, installation, replacing, repairing and maintaining all utility and service liens and systems, including without limitation water, sewer, gas, telephone, electricity, television, cable and communication lines and systems. By virtue of this easement, it shall be expressly permissible for the providing utility or service company to install and maintain facilities and equipment on the Property and to affix and maintain wires, circuits and conduits on, in and under the roofs and exterior walls of the Property; provided, that no such utility and service liens or system may be installed or relocated on the Property except as initially installed to each Unit or other improved portion of the Property, or as thereafter approved by Declarant (during any period of Declarant control of the Association) and the Association. This easement shall in no way affect any other recorded easements on the Property.

2.23. Encroachments. If any portion of the Common Area encroaches upon any Unit, or if any Unit encroaches upon any other Unit or upon any portion of the Common Area, as a result of the construction, reconstruction, repair, renovation, restoration, shifting, settlement or movement of any portion of the Property, an easement for the encroachment and for the maintenance, repair and replacement thereof shall exist so long as the encroachment exists. In the event that any Building, any Unit, any adjoining Unit, or any adjoining portion of the Common Area shall be partially or totally damaged or destroyed as a result of fire or other casualty or as a result of condemnation or eminent domain proceedings, and then be repaired or reconstructed, encroachments of portions of the Common Area upon any Unit, or of any Unit upon any other Unit or upon any portion of the Common Area, due to such repair or reconstruction, shall be permitted, and easements for such encroachments and the maintenance, repair and replacement thereof shall exist. This easement is intended to apply to minor unintentional encroachments that are reasonable in extent and do not deprive another Person of a substantial property right or use.

2.24. Maintenance and Repair. There shall be an easement in favor of the Association and the Owners through the Units and the Common Area as may be reasonably necessary for the installation, maintenance, repair and replacement of Units and the Common Area. Use of this easement shall be only upon prior notice during normal business hours, except that access may be had at any time in case of emergency.

2.25. Use of Units. Each Unit shall be used primarily for residential purposes for transient vacation lodging. No business activity is permitted, except for the activities of Declarant, its agents and employees, in selling or renting the Units or any time-share interest in the Units.

2.26. Use of Common Area. There shall be no obstruction of the Common Area, nor shall anything be kept or stored on any part of the Common Area without the prior written consent of the Association except as specifically provided herein. Nothing shall be altered on, constructed on, or removed from the Common Area except upon the prior written consent of the Association.

2.27. Animals. Unless permitted by the Rules and Regulations of the Association, and except for animals that assist persons with disabilities (e.g., seeing eye dog, etc.), no Owner shall raise, breed or keep any animal in any Unit or on the Common Area or any part thereof Unless provided for by the Rules and Regulations, no pet shall be kept in a Unit or in the Common Area.

2.28. Antennas. No antenna, satellite television dish antenna or other device for the transmission or reception of television or radio signals or any other form of electromagnetic radiation, including, but without limitation, Citizen's Band or Ham Radio signals, shall be erected, used or maintained outdoors on any Unit. Any satellite dish other than those that are serving the entire property and maintained by Declarant or the Association must be ground mounted and not Visible from Neighboring Property.

2.29. Trucks, Trailers, Campers and Boats. No truck, mobile home, travel trailer, tent trailer, trailer, camper shell, detached camper, recreational vehicle, boat, boat trailer, or other similar or vehicle may be parked, maintained,

constructed, reconstructed or repaired on Property except for parking of (i) pickup trucks of less than _____ (_____) ton capacity with camper shells not exceeding _____ (_____) feet in height measured from ground level or (ii) mini-motor homes not exceeding _____ (_____) feet in height and _____ (_____) feet in length, which pickup trucks and minimotor homes are parked as otherwise permitted in this Declaration and are used on a regular and recurring basis for basic transportation.

2.30. Motor Vehicles. No automobile, motorcycle, motorbike or other motor vehicle shall be constructed, reconstructed or repaired upon the Property, and no inoperable vehicle may be stored or parked on any Unit or street, so as to be Visible from Neighboring Property or to be visible from any street; provided, however, that the provisions of this Section shall not apply to emergency vehicle repairs.

2.31. Parking: All vehicles of Owners and of their Permitted Users shall be parked only as permitted by the Rules and Regulations; provided, however, this Section shall not be constructed to permit the parking in a marked parking space of any vehicle whose parking is otherwise prohibited by this Declaration or the parking of any inoperable vehicle. Street parking is restricted to approved deliveries, pickup, or short-term guests or invitees and then only if permitted by law.

2.32. Nuisances. No nuisance (either public or private) shall be permitted to exist or operate upon any Unit so as to be offensive or detrimental to any other property in the vicinity thereof or to its occupant. Without limiting the generality of the foregoing provisions, no exterior speakers, horns, whistles, bells or other sound devices, except fire detection and security devices used exclusively for such purposes, shall be located, used or placed on any Unit.

2.33. Trash Containers- and Collection. No garbage or trash- shall be placed outside of any building, except in containers. In no event shall such containers be maintained so as to be Visible from Neighboring Property except to make the same available for collection and then only for the shortest time reasonably necessary to effect such collection. All rubbish, trash, and garbage shall be regularly removed from each Unit and shall not be allowed to accumulate thereon.

2.34. Clothes Drying Facilities. Outside clotheslines or other outside facilities for laundering, drying or airing clothes shall not be erected, placed or maintained on any Unit.

2.35. Encroachments. The Common Area and all Units shall be subject to an easement for overhangs and encroachments by walls, fences or other structures upon adjacent Units as constructed by the Declarant or as reconstructed or repaired in accordance with the original plans and specifications or as a result of repair, shifting, settlement or movement of any such structure, and the easement shall be an addition to and not in derogation of any easement under applicable law.

2.36. Machinery and Equipment. No machinery or equipment of any kind shall be placed, operated or maintained upon any Unit or the Common Area except such machinery or equipment as is usual and customary in connection with the use, maintenance or repair of Improvements or other appurtenant structures constructed by the Declarant.

2.37. Diseases and Insects. No Owner shall permit any thing or condition to exist upon any Unit which might induce, breed or harbor infectious plant diseases or noxious insects.

2.38. Burning and Incinerators. No open fires or burning shall be permitted on any Unit at anytime, and no incinerators or like equipment shall be placed, allowed, or maintained upon any Unit. The foregoing shall not be deemed to preclude the use, in customary fashion, of outdoor noncommercial barbecues or grills, subject to applicable laws and the Rules and Regulations.

2.39. Misuse and Mismaintenance. No Unit shall be maintained or utilized in such a manner as to constitute an

unreasonable annoyance to, or as to endanger the health of, other Owners or Units; no noxious or otherwise offensive condition or activity shall be allowed to exist or be conducted on any Unit or the Common Areas. All Units shall be kept clean so as to present a neat and sightly appearance.

2.40. Declarant's Exemption. Nothing contained in this Declaration shall be construed to prevent the erection, maintenance, use or operation by Declarant, or its duly authorized agents, of structures, improvements or signs necessary or convenient to the construction, development, identification, or sale of Interval Interests or other travel or vacation products by Declarant or any of its affiliates within the Property. Declarant shall have the right, during the period of construction, development, and sale, to have reasonable and specifically limited exemptions from these restrictions and to grant reasonable and specifically limited exemptions from these restrictions to any builder or contractor, or agent of Declarant. Any such exemption shall be enjoyed by Declarant or granted by Declarant to others only "upon specific written notice to the Association. No such exemption shall be broader in terms of activity, location, or time than is reasonably required.

2.41. Large Fraction Owners Right. Notwithstanding any provision in this Declaration to the contrary, the Owner of a Large Fraction- may, subject to compliance with reservation requirements under the Rules and Regulations, lease its Use Periods to one or more third parties, may divide its Use Periods into smaller periods of occupancy by successive Permitted Users, and may lease its Use Periods for transient lodging. Large Fraction Owners may retain a property manager of their choice, which may be the Managing Agent, to perform all management functions not required to be performed by the Association under this Declaration.

3. THE ASSOCIATION

3.1. Association. Huntington Resort Owners Association, a(n) _____ [state]
_____ [entity], has been organized to operate and manage the Huntington Resort.

3.2. Membership in Association. Each Owner (including Declarant as to all Interval Interests not conveyed by Declarant to third parties) shall be a member of the Association and shall remain a member thereof until he ceases to be an Owner.

3.3. Transfer of Membership. The membership of each Owner in the Association is appurtenant to and inseparable from his ownership of an Interval Interest and shall be automatically transferred upon any authorized transfer or conveyance of the ownership of his Interval Interest to any transferee or grantee, and said membership apart from the ownership of an Interval Interest shall be nontransferable whether by gift, bequest, assignment or otherwise.

3.4. Voting. In accordance with the provisions of the Bylaws, the Association shall have _____
(_____) classes of voting membership.

3.4.1. Class "A" Memberships. Class "A" Members shall be all Owners, except Declarant, and shall be entitled to _____ (_____) votes for each Annual Full Interval Ownership Interest owned, _____ (_____) votes for each Annual Partial or Biennial Full Interval Ownership Interest owned, and _____ (_____) vote for each Biennial Partial Interval Ownership Interest owned, and one "fractional vote" for each Flex Interval Ownership Interest owned; provided, when more than one person or entity owns an Interval Interest, all such persons and entities shall be members and the vote(s) for such Interval Interest shall be exercised as they among themselves determine, but in no event shall more than the number of votes allocated above be cast with respect to any Interval Ownership Interest. Owners of Large Fractions shall have multiple votes in proportion to the number and kind of Interval Ownership Interests their Large Fraction represents. Owners of Flex Interval Ownership Interests shall have a "fractional vote," the numerator of which shall be the Owners number of Rights times 208, and the denominator of which shall be the total number of Rights allocated to the Unit referenced in the Owner's deed.

3.4.2. Class "B" Memberships. The Class "B" Member shall be Declarant, who shall be entitled to _____ (_____) votes for each Annual Full Interval Ownership Interest owned, _____ (_____) votes for each Annual Partial or Biennial Full Interval Ownership Interest owned, and _____ (_____) votes for each Biennial Partial Interval Ownership Interest owned. Said Class "B" Membership shall cease and be converted to Class "A" Membership _____ (_____) years after the total votes outstanding in the Class "B" Membership fall below _____ percent (_____) of the total voting power of the Association. However, if Additional Property is annexed to this Declaration within such _____ (_____) year period, the additional Units built or proposed to built in the annexed Additional Property shall be counted in determining Class "B" Membership, but if the additional Units are not completed within eighteen (18) months of annexation, they shall no longer be counted in determining Class "B" Membership. Declarant also shall have a Class "B" Member vote for dedicated but unsold Flex Ownership Interval Interests equal to the number of allocated but unsold Rights times 624, divided by the total number of Rights (sold and unsold) allocated to all Units dedicated to Flex Ownership Interval Interests.

Interval Interests owned by the Association shall not have appurtenant voting rights.

3.5. Board of Directors. The affairs and control of the Association shall be governed by the Board in accordance with the Articles and Bylaws. The Board shall initially consist of the persons appointed by Declarant. The initial Board and any replacements thereof shall be appointed by the Declarant without the necessity of any meeting of members and shall serve for a period commencing upon the incorporation for the Association and terminating no later than the date upon which the Declarant or its successor has sold and conveyed _____ percent (_____) of the maximum number of Interval Interests created by this Declaration, the _____ percent (_____) to be calculated based upon the maximum number of Interval Interests in Sunshine Resort, including the Units proposed for the Additional Property, such period hereinafter referred to as the "Initial Board Term." Until expiration of the Initial Board Term, the Declarant, in its sole discretion, may appoint, remove and replace any Director and the Board shall consist solely of Directors appointed and determined by the Declarant. The Board shall consist of Directors appointed by the Declarant until termination of the Initial Board Term, the election of successor Directors, and the qualification of such Directors. At the first annual or special meeting of the Association following termination of the Initial Board Term, the Board of Directors shall be elected by all then eligible members of the Association pursuant to the election procedures set forth in the Bylaws. The rights of Declarant under this paragraph 3.5 shall inure to any person or entity succeeding to all of Declarant's interest in the Property.

3.6. Transfer of Common Area. The legal title to the Common Area shall be held in common by the Owners as part of their Undivided Interest in the Property.

4. MANAGEMENT

4.1. Powers and Duties Generally. Administration of the Interval Ownership Plan, operation, maintenance, repair and restoration of the Property and the Common Furnishings, and any alterations and additions thereto, shall be vested in the Association. The Association, acting alone (through its Board, its officers, or other duly authorized representatives) may, subject to the provisions of the Articles, the Bylaws and this Declaration, exercise any and all rights and powers herein, and all the rights and powers of a nonprofit corporation under the laws of the State of _____ [state].

4.2. Specific Powers and Duties of the Association. The management, operation, maintenance and repair of the Units and Common Area, the acquisition (by purchase or lease), maintenance, repair and replacement of the Common Furnishings, and the administration of the affairs of Owners, the use and occupancy of the Units and payment, as agent, of expenses and costs enumerated in this Declaration shall be under the direction and control of the Association. The Association shall have the duty to maintain and repair the Units, all Buildings and other structures, and the Common

Area, to acquire (by lease or purchase), maintain, repair and replace Common Furnishings as needed, to administer the Interval Ownership Plan as provided herein and to levy, collect and enforce the Assessments (as provided in Article 5 below) enumerated in this Declaration. The Association shall have the exclusive possession of each Unit during the Service Periods for the performance of maintenance and repairs on such Unit. The Association shall have the power to do all things that are required to be done by it pursuant to this Declaration. Without limitation of the foregoing powers and duties, the Association is expressly authorized in its discretion and on behalf of the Owners to do any or all of the following:

4.2.1. Maintenance and Repair. To repair, maintain, repaint, furnish or refurnish the Units and the Common Area or any part thereof, to establish reserves for anticipated costs, including the costs of acquisition and replacement of Common Furnishings; and to acquire and pay for materials, supplies, furniture, furnishings, labor or services which the Association deems necessary or proper for the operation, maintenance and repair of the Property and the Common Furnishings.

4.2.2. Taxes and Assessments. As agent and not as principal, to pay all taxes and assessments, and other costs affecting or relating to the Property, the Common Furnishings and/or the Common Area (as applicable), including without limitation any special tax under any Development Agreement(s) affecting the Property; and to discharge, contest or protest liens or charges affecting the Property. The Association is expressly authorized in its discretion and on behalf of each Owner to represent each Owner in any tax appeal process.

4.2.3. Utilities. To obtain and pay the costs of electrical, telephone, gas and other utility services for the Property.

4.2.4. Rules and Regulations. To adopt, publish and enforce, from time to time, Rules and Regulations relating to the possession, use and enjoyment of the Property, which Rules and Regulations shall be consistent with the provisions of this Declaration.

4.2.5. Legal and Accounting. To obtain and pay the cost of legal and accounting services necessary or proper in the operation, maintenance and repair of the Property and the enforcement of this Declaration, the Bylaws and the Rules and Regulations.

4.2.6. Insurance. To obtain and pay the cost of:

4.2.6.1. Insurance against property damage as a result of fire and other hazards commonly insured against, covering all real and personal property comprising the Property in an amount not less than _____ percent (_____%) of the full replacement value naming the Association, as agent for each of the Owners, as a coinsured party under such policy.

4.2.6.2. Liability insurance against death, bodily injury and property damage arising out of or in connection with the use, ownership or maintenance of the Units. Such insurance shall be in such amounts and with such coverage as shall be required by the Board of Directors. Such insurance policy shall provide that all Owners as a class are named as additional insureds in the policy issued to the Association. The policy shall also include a waiver by the insurer of its right to subrogation under the policy against any Owner or member of a Owner's household. Lastly, the policy shall provide that no act of an individual Owner, unless acting within the scope of his authority on behalf of the Association, will void the policy or operate as a condition to the recovery under the policy by any other person; and

4.2.6.3. Any other insurance, including but not limited to worker's compensation insurance, deemed necessary or desirable by the Board.

4.2.7. Levy and Collection of Assessments. To levy, collect and enforce assessments against the Owners in the manner provided in Article 5 hereof in order to pay the expenses of the Interval Ownership Plan including the fee of the

Managing Agent; and to do all things necessary to enforce each Owner's obligations hereunder.

4.2.8. Bank Accounts. To deposit: (a) all funds collected from Owners pursuant to Article 5 hereof and paragraph 4.2.7 and (b) all other amounts collected by the Association in connection with its rights and duties provided herein, as follows:

4.2.8.1. All funds shall be deposited in a separate account or accounts (the "General Account") with a bank or savings and loan association located in the State of _____ [state] selected by the Association. Funds deposited in the General Account(s) may be used by the Association only for the purposes which such funds have been collected.

4.2.8.2. Funds which the Association shall collect for "Reserve Expenses" (as defined pursuant to paragraph 5.1.1 shall, within _____ (_____) days after deposit in the General Account, be deposited in an interest bearing account with a bank or savings and loan association selected by the Association or invested in Treasury Bills or Certificates of Deposit (said interest bearing bank or savings and loan account or Treasury Bills or Certificates of Deposit are all herein collectively referred to as the "Reserve Account"), and the Association shall keep accurate books and records reflecting the amount in the Reserve Account attributable to each Owner. Funds deposited in the Reserve Account shall be held in trust and may be used by the Association only for the specific purposes for which such funds have been collected.

4.2.9. Statements of Status. Upon the request of any Owner, purchaser or other prospective transferee of an Interval Interest, to issue a written statement setting forth any amounts unpaid with respect to the Interval Interest, the use entitlement for the remainder of the Use Year and the reservation status respecting such Interval Interest.

4.2.10. Cleaning and Maid Service. To provide for cleaning and maid service upon the departure of each Owner or other occupant of the Unit and during Service Periods so that the Units are maintained in good order and repair. In addition to cleaning and maid service that is normally provided to each Unit, to provide such cleaning and maid services as shall reasonably be requested and paid for by an Owner.

4.2.11. Right to Entry. During Service Periods and at any other reasonable time, upon giving reasonable notice, if a Unit is occupied, to enter the Unit for the purpose of cleaning, maid service, painting, maintenance and repair, and to enter upon and within any Unit, at any reasonable time, whether or not during a Service Period and whether or not in the presence of an Owner, for the purpose of (i) making emergency repairs therein, (ii) abating any nuisance or any dangerous, unauthorized, prohibited or unlawful activity being conducted or maintained in such Unit, (iii) protecting property rights and welfare of the other Owners, or (iv) for any other purpose reasonably related to the performance by the Association of its responsibilities under the terms of this Declaration. Such right of entry shall be exercised in such a manner as to avoid any unreasonable or unnecessary interference with the possession, use and/or enjoyment of the Owner, his Permitted User or other occupant of such Unit and shall be preceded by reasonable notice to the Owner or occupant thereof whenever the circumstances permit.

4.2.12. Relocation of Easements. To execute and cause to be recorded any and all documents and instruments required, in the discretion of the Association, to relocate utility easements within the Property to assure the use and enjoyment of the Common Area and the Units by all Owners with the least possible interference by the holders of such easements, and each Owner, by accepting the conveyance of an Interval Interest, hereby confers upon the Association, as trustee for all Owners, the power and authority to relocate such easements on behalf of all Owners.

4.3. Books and Records; Financial Information. The Association shall maintain complete and current copies of the Declaration, the Articles, the Bylaws, the Rules and Regulations, and all amendments to any of the foregoing, and the books, records, budget and financial statements of the Association, and, upon the prior written request to the Association by any Owner, shall make the same available for inspection at reasonable times and under reasonable circumstances by such Owner. In the event any Owner submits to the Association a request for an audited financial

statement of the Association for the most recently concluded Fiscal Year, the Association shall promptly deliver such audited financial statement to such Owner, and in the event no such audited financial statement has been prepared for the most recently concluded Fiscal Year, the Association shall cause the same to be prepared and delivered to such Owner as soon as reasonably possible. The cost of having such an audited financial statement prepared shall be a Basic Expense under paragraph 5.1.1 below.

4.4. Authority and Duty to Engage Managing Agent. The Association shall have the authority to engage and maintain a Managing Agent, which Managing Agent may be an affiliate of Declarant, for the Interval Ownership Plan pursuant to a written agreement (the "Management Agreement") and to provide for compensation to be paid to the Managing Agent. Pursuant to the Management Agreement, the Association may delegate to the Managing Agent the power to perform all the duties and obligations of the Association specified in paragraph 4.2 above. The Managing Agent will be terminated in accordance with the provisions of the Management Agreement. Each Owner, his heirs, successors and assigns, by acquiring title to an Interval Interest, shall be deemed to:

4.4.1. adopt, ratify, confirm and consent to the execution of such Management Agreement by the Association;

4.4.2. adopt, ratify, confirm and approve each and every provision of such Management Agreement and acknowledge that all of the terms and provisions thereof are reasonable;

4.4.3. covenant and promise to perform each and every covenant, promise and undertaking to be performed by Owners as provided in that Management Agreement;

4.4.4. recognize that some or all of the persons comprising the original Board are or may be stockholders, officers and directors of the Declarant or the Managing Agent, and acknowledge that such circumstances shall not and cannot be construed or considered as a breach of their duties and obligations to the Association, nor as possible grounds to invalidate such Management Agreement, either in whole or in part;

4.4.5. agree that the persons acting as officers and directors of the Association entering into such Management Agreement have not breached any of their duties or obligations to the Association; and

4.5.6. adopt, ratify, confirm and consent to the acts of the persons acting as officers and directors of the Association in entering into the Management Agreement.

5. ASSESSMENTS

5.1. Creation of Personal Obligations for Assessments. Each Owner except Declarant, by acceptance of a deed for an Interval Interest and by virtue of such ownership, is deemed to covenant and agree to pay its Proportionate Share (as defined below) of the following assessments (the "Basic Assessments"):

5.1.1. Basic Expenses. As used herein "Basic Expenses" means the estimated aggregate amount of expenses to be incurred by the Association during the applicable Fiscal Year (i) to operate, manage, maintain, improve and repair the Property including the Units, the Common Area, and the Common Furnishings, and to administer the Interval Ownership Plan; (ii) to provide for reserves to ensure payment when due of the cost of capital expenditures relating to the repair or restoration of the Units, the Common Areas and the Common Furnishings, and for such other purposes as are required by good business practice (the "Reserve Expenses"); (iii) to provide for a fund to account for the possibility that some Assessments may not be paid on a current basis; (iv) to pay all real and personal property taxes on the Property and the Common Furnishings; and (v) to provide for the payment of the fee of the Managing Agent. Without limiting the generality of the foregoing, Basic Expenses shall include: all charges, costs and expenses whatsoever incurred by the Association for or in connection with the administration and operation of the Property; assessments and other similar governmental charges levied on or attributable to the Property, including, without limitation, any hotel or

bed tax or any governmental charge levied in lieu of such hotel or bed tax; insurance, including fire and other casualty and liability insurance, obtained pursuant to this Declaration; and liability whatsoever for loss or damage arising out of or in connection with the Property, or any fire, accident, or nuisance therein; cost of repair, reinstatement, rebuilding and replacement of the Property, or the Common Furnishings therein; the cost of all basic utility services, including water, electricity, garbage disposal, telephone and any other similar service attributable to the Units and the Common Areas; the unpaid share of any Assessments levied during the previous Fiscal Year against any Owner who has defaulted in payment thereof to the extent that the same becomes uncollectible; wages, accounting and legal fees, management fees, maid service, and cleaning fees, and other necessary expenses of upkeep, maintenance, management and operation actually incurred with respect to the Property. Basic Expenses shall not include any expenses constituting Personal Expenses. Basic Expenses shall not include any operating cost, utilities cost, or taxes and assessments paid by Declarant under paragraphs 2.7 or 2.9 above. The Basic Assessments for each Interval Interest shall commence, and be due and payable for, the year in which the Owner has the first right to use his Interval Week. If the Owner may use his Interval Week in the year of purchase, the Proportionate Share his Interval Week until the year following purchase, the Proportionate Share of the first annual Basic Assessments shall be paid on January 1 following closing. Subsequent annual Basic Assessments shall be due and payable on January 1 of each year. No Owner may waive or otherwise avoid liability for the Basic Assessments by non-use of his Interval Interest or any part thereof or any abandonment thereof. "Proportionate Share" for Owners of an Annual Full Interval Ownership Interest shall be determined by dividing the total Basic Expenses attributable to such Fiscal Year by (a) fifty-two (52) times (b) the number of Units included in the Property (the "Annual Interval Assessment"). "Proportionate Share" for each Owner of an Annual Partial or Biennial Full Interval Ownership Interest shall be _____ percent (_____%) of the Annual Full Interval Assessment, and "Proportionate Share" for each owner of a Biennial Partial Interval Ownership Interest shall be _____ percent (_____%) of the Annual Full Interval Assessment. "Proportionate Share" for each owner of a Flex Interval Ownership Interest shall be one annual Full Interval Assessment times a fraction, the numerator of which is the Owner's number of Rights and the Denominator of which is the total number of Rights allocated to the Unit referenced in the Owner's deed. So long as Flex Interval Ownership Interest Owners pay an Assessment that is proportionately equal to or greater than that paid by Owners of other types of Interval Interests, the Association or Declarant may adopt an assessment system for Flex Interval Ownership Interests charging a flat and uniform amount per Right.

5.2. Payment of Special Taxes under Development Agreement(s). There shall be added to the Basic Expenses paid by the Association and to the Basic Assessment charged to each Owner who is deeded an Interval Interest in one of the Units of Phase 3 (and, to the extent annexed, in one of the Units of Phases 4 and 5 or any other Additional Property), any "special tax" imposed by the City of _____[city] under any Development Agreement, including without limitation the _____ Dollars (\$_____) per "interval week" special tax (subject to annual increase based on the Consumer Price Index) provided for in the Development agreement dated _____[month] _____[day], _____[year], between Declarant (or its predecessor) and the City of _____[city]. Any special tax shall be allocated on the basis of 52 "interval weeks" per Unit, and an Owner's share of the special tax shall equal the total special tax assessed per Unit multiplied by the Owner's Undivided Interest in the Unit to which the Owner's Interval Interest relates.

5.3. Special Assessments. If the Basic Assessments are, or will become, inadequate to meet all expenses incurred by the Association hereunder (other than for items constituting Personal Expenses) for any reason, including non-payment by any Owner of its Proportionate Share of the Basic Assessments on a current basis, the Association shall immediately determine the approximate amount of such inadequacy, prepare and distribute a supplemental budget and levy a special assessment (the "Special Assessment") in an amount sufficient to provide for such inadequacy; provided, however, that without the vote or written assent of a majority of the voting power of the Association residing in members other than the Declarant, Special Assessments shall not, in the aggregate, exceed: (1) _____ percent (_____%) of Basic Expenses for the applicable Fiscal Year, or (2) for a Special Assessment for repair or rebuilding of Unit(s), _____ percent (_____%) of the Basic Expenses. Any Special Assessment shall be payable in one lump sum or periodically, as determined by the Association, and shall be

payable within _____ (_____) days after receipt of a statement therefor. The amount of Special Assessments payable by an Owner shall be based upon the Owner's Proportionate Share.

5.4. Personal Expenses. Each Owner of any Interval Interest, by acceptance of a deed for an Interval Interest and by virtue of such ownership, is deemed to covenant and agree to pay all Personal Expenses. The term "Personal Expenses" mean's any expense resulting from the act or omission of any Owner, or Permitted User, including, without limitation: the cost of long-distance telephone charges or telephone message unit charges, any optional maid service and other special services or supplies attributable to the occupancy of the Unit during such Owner's Use Period; the cost to repair any damage to the Unit, to repair or replace any Common Furnishings located therein or within the Common Area on account of loss or damage occurring during such Owner's Use Period; the cost to satisfy any expenses to any other Owner(s) or to the Association due to any intentional or negligent act or omission of such Owner, or a Permitted User relating to, and any expenses necessary to reimburse the Association for costs incurred in bringing the Owner into compliance with the provisions of this Declaration, the Bylaws or the Rules and Regulations, specifically including, but not limited to, charges pursuant to paragraphs 2.5 and 5.8 of this Declaration.

5.5. Purpose of Assessments. Assessments shall be used exclusively to promote the recreation, health, safety and welfare of the Owners, to operate, maintain and improve the Property, and to pay for the administration of the Interval Ownership Plan and reimbursement of expenses incurred by the Association and other expenditures incurred in the performance of the duties of the Association as set forth in this Declaration.

5.6 Declarant's Exemption. The Declarant shall not be required to pay any Basic Assessments or Special Assessments for any Interval Interest owned by the Declarant within the Property. However, for so long as Declarant elects not to pay Assessments and Special Assessments, the Declarant shall subsidize the Association by paying the lesser of: (a) the amount necessary to make up any short-fall between budgeted Association expenses and actual income received from other Owners based on the Basic Assessments and the Special Assessments; or (b) the amount which would otherwise be payable as individual Owner's Basic Assessments and Special Assessments for the Interval Interests owned by the Declarant.

5.7 Increased or Decreased Expenses Due to Annexation of Additional Property. In the event of annexation of all or any portion of the Additional Property pursuant to Article 7, the Board shall, not later than _____ (_____) days following the date of such annexation (the "Annexation Date"), cause to be prepared a supplemental budget showing any increase or decrease in the Basic Expenses for the applicable Fiscal Year, prorated for the remainder of the Fiscal Year from the Annexation Date, multiplied by the fraction (i) the numerator of which is the total number of Units subject to this Declaration immediately following the Annexation Date and (ii) the denominator of which is the total number of Units subject to this Declaration on the date immediately prior to the Annexation Date; provided, however, that no increase in the Proportionate Share of Basic Assessments due to annexation of all or any portion of the Additional Property shall exceed _____ percent (_____%) of the Proportionate Share of Basic Assessments for the preceding Fiscal Year unless a majority of the members of the Association, excluding Declarant, shall consent thereto by vote or written assent.

5.8 Unpaid Association Assessments. All Association Assessments, including Basic Assessments, Special Assessments and Personal Expenses, which remain unpaid for a period of _____ (_____) days after the due date shall bear interest at the rate of _____ percent (_____%) per annum from the due date until paid. The Basic Assessments, Special Assessments and Personal Expenses, together with interests, costs and reasonable attorneys' fees shall be a lien on the Interval Interest and all tangible personal property owned by the Owner and located in a Unit, and such lien shall be deemed effected upon the filing in the office of the Recorder of _____[county] County, Arizona, of a notice of claim of lien, in such form as the Association may deem appropriate. The Basic Assessments, Special Assessments and Personal Expenses shall also be the personal obligation of the Owner of such Interval Interest at the time such assessments were levied. The lien may be foreclosed by appropriate action in court or in the manner provided by law with respect to the exercise of powers of sale

in deeds of trust or in any other manner provided by law. The Association shall be entitled to bid at any sale held pursuant to foreclosure of such lien, and to apply as a cash credit against its bid all sums due as provided herein and covered by the lien to be enforced. The lien against an Owner shall be limited to the Interval Interest owned by that Owner and shall not encumber the property, real or personal, of any other Owner. No use or occupancy by any Owner will be permitted if such Owner is delinquent in the payment of any Assessments.

5.9 Subordination of Lien. The lien provided for in Section 5.8 above shall be subordinate to the lien of any first mortgage made in good faith and for value, and recorded in the office of the Recorder for _____ [county] County, _____ [state], prior to the recordation of a notice of claim of lien hereunder ("Prior Mortgage"). The sale or transfer of any Interval Interest shall not defeat or affect the assessment lien provided for herein; provided, however, that the sale or transfer of any Interval Interest which is subject to any Prior Mortgage pursuant to a foreclosure or any proceeding or deed in lieu of foreclosure under such Prior Mortgage shall extinguish the lien provided for herein as to payments which became due prior to such sale or transfer. No such sale or transfer shall relieve any Owner from liability for any assessment(s) thereafter becoming due or from the lien thereof. No breach of the covenants, conditions or restrictions contained herein nor the enforcement of any lien provisions herein shall affect, impair, defeat or render invalid the lien or charge of any mortgage made in good faith and for value encumbering any Interval Interest, but all of said covenants, conditions and restrictions shall be binding upon and effective against any Owner whose title is derived through foreclosure or a trustee's sale or otherwise, with respect to an Interval Interest. It is intended that any loan to facilitate the resale of any Interval Interest after judicial foreclosure, deed in lieu of foreclosure or trustee's sale is a loan made in good faith and for value and entitled to all the rights and protections afforded to other mortgagees. Nothing in this section shall be construed to release any Owner from his personal obligation to pay the Assessments levied pursuant to this Declaration.

5.10. Adjusted Assessments for Owners of Large Fractions. If the Board or the Managing Agent reasonably determines that Basic Expenses or Reserve Expenses are higher or lower for Large Fractions or Whole Units (as a result of items such as owner-provided furniture, owner-contracted outside management, reduced or increased turnover or occupancy, etc.), then the Managing Agent may recommend and the Board may adopt higher or lower Basic Assessments or Reserve Assessments for Large Fraction or Whole Unit Owners.

6. DAMAGE, DESTRUCTION, CONDEMNATION

6.1. In General. In the event of any damage or destruction, whether resulting from an insured casualty, uninsured casualty or a partial taking in eminent domain proceedings to the Property and/or the Common Furnishings other than by ordinary wear and tear, the Association shall, subject to the provisions of paragraph 6.2, forthwith cause such damage or destruction to be repaired and shall use any available insurance or condemnation proceeds for such purpose. If the damage is not covered by condemnation proceeds or by insurance proceeds, or if the available insurance or condemnation proceeds are insufficient, the Association shall, subject to the provisions of paragraph 6.2, levy a Special Assessment at a uniform rate against all Owners for the amount required to meet the cost of such repair or restoration. In the event the damage or destruction was caused by the intentional or negligent act or omission of an Owner or his Permitted User(s), the cost of such repair or the amount of such deficiency shall be a Personal Expense and paid by such Owner as provided in paragraph 5.4, above.

6.2. Extensive Damage or Destruction. In the event the amount of the Special Assessment which is required to be levied pursuant to paragraph 6.1 above is not so approved or if no action is taken with respect to such Special Assessment within _____ (_____) days following the date of such damage or destruction, such disapproval or inaction shall be deemed to be an election to terminate this Declaration in the manner provided for in paragraph 8.3, in which event this Declaration shall terminate pursuant to the recordation of an amendment stating that the Declaration has been terminated in accordance with the provisions of paragraph 8.2. The proceeds arising from such sale, together with any insurance proceeds or condemnation proceeds received as a result of such damage or destruction, shall be distributed by the Association to each Owner (subject to the rights of each Owner's mortgagee) in accordance

with the undivided percentage interest in the Property owned by each Owner; provided, however, that there shall be deducted from the amount due any Owner the amount, if any, of all sums due to the Association from such Owner.

6.3. Excess Insurance Proceeds. Any excess insurance or condemnation proceeds over the cost of repair or restoration or any insurance or condemnation proceeds available in the event the Property or the Common Furnishings are not rebuild, restored, repaired or replaced pursuant to the provisions of this Declaration, shall be distributed to the Owners (subject to the rights of such Owners' mortgagees) in accordance with the undivided percentage interest in the Property owned by each Owner, provided, however that there shall be deducted from the amount due any Owner, the amount, if any, of all sums due to the Association from such Owner.

7. ANNEXATION

7.1. Annexation of Additional Property. Declarant, or any successor in title to Declarant owning all or any portion of the Additional Property as a result of foreclosure or proceeding or deed in lieu of foreclosure, may, at any time and from time to time, dedicate to the Interval Ownership Plan all or any portion of the Additional Property subject to this Declaration from time to time without the consent of any Owner. The dedication of all or any portion of the Additional Property shall be effective by recording in the office of the County Recorder of _____[county], _____[state], a declaration of annexation executed and acknowledged by Declarant.

7.2. Deannexation. Declarant may deannex all or any portion of the Additional Property which is annexed to the Property pursuant to paragraph 7.1 from coverage of this Declaration and jurisdiction of the Association, so long as Declarant is the owner of such portion of the Additional Property, and provided that a declaration of termination is recorded in the office of the _____[county] County Recorder, in the same manner as this Declaration was recorded, and that no escrow is closed for the sale of any Interval Interest affecting the annexed portion of the Additional Property.

8. MISCELLANEOUS

8.1. Amendment by Declarant. This Declaration may be amended by the Declarant by a written instrument in recordable form may:

8.1.1. Any time prior to the recordation of a deed to an Interval Interest allocated to a Unit or Units to be affected by the amendment; or

8.1.2. At any time where the amendment modifies the provisions of this Declaration relating to Flex Time Ownership Interests and Declarant has not previously sold Flex Time Ownership Interests, or where the amendment affects only Flex Time Ownership Interest not yet sold, or where the amendment does not materially adversely affect the rights of existing Owners of Flex Time Interests; or

8.1.3. Any time following the recordation of a deed conveying an Interval Interest, when necessary to correct errors or eliminate ambiguities; or

8.1.4. When necessary to comply with state, county, city or federal law, or regulations of any housing authority and agency which purchases, guarantees or insures mortgage loans; or

8.1.5. At any time that the Declarant holds not less than _____ percent (_____%) of the total votes of the Association, the Declarant being given a three to one weighted voting advantage as set forth above.

8.2. Other Amendments. This Declaration may be amended, at any time, by the vote or written assent of

_____ percent (_____) of the voting power of the members of the Association.

8.3. Termination. Subject to the provisions of paragraph 6.2 and the provisions of this paragraph, this Declaration shall remain in effect for a period of _____ (_____) years from the date of recordation thereof, and thereafter shall remain in effect for successive periods of _____ (_____) years each. This Declaration may be terminated at any time after _____ (_____) years after the date of recordation of this Declaration by the vote or written consent of _____ percent (_____) of the members of the Association electing to terminate the Declaration and authorizing the Association to sell the Property and the Additional Property, if subsequently annexed; in which event, this Declaration shall terminate upon the consummation of such sale and the recordation of an amendment stating that this Declaration is terminated pursuant to this paragraph. Each Owner, by accepting the conveyance of an Interval Interest, hereby constitutes and appoints the Association his attorney-in-fact in his name, place and stead, and for his use and benefit, to execute, acknowledge and deliver on behalf of each Owner any instrument or document which is required in order to effect a sale, conveyance, or transfer of the Property pursuant to this paragraph. Each Owner does further give and grant unto the Association, as his attorney-in-fact, full power and authority to do and perform any act necessary and proper to be done in the exercise of the foregoing power including, without limitation, the power and authority to sell and convey, and to petition for sale in lieu of partition if necessary to effect such conveyance, as fully as each Owner might or could do. The power of attorney is coupled with an interest, irrevocable and binding on the successors and assigns of each Owner. Proceeds obtained from such sale, conveyance or transfer shall be paid to each Owner (subject to the rights of each Owner's mortgagee) in the same proportion as the undivided interest of each Owner bears to the aggregate of all undivided interest in the Property; provided, however, that there shall be deducted from the amount due any Owner, the amount, if any, of all sums due to the Association from such Owner. Declarant may terminate the Declaration at any time prior to the conveyance of the first Interval Interest.

8.4. Notices. Notices provided for in this Declaration shall be in writing and shall be deemed sufficiently given when delivered personally at the appropriate address set forth below (in which even such notice shall be deemed effective only upon such delivery or forty eight (48) hours after deposit of same in any United States post office box, postage prepaid, addressed as set forth below). Any notice to an Owner required under this Declaration shall be addressed to the Owner at the last address for such Owner appearing in the records of the Association or, if there be none, at the address of the Property. Notices to the Association shall be addressed to the address designated by the Association by written notice to all Owners. Notices to the Managing Agent shall be addressed to the address designated by the Managing Agent by written notice to Owners. Notices to Declarant shall be addressed: Sunshine Corporation, _____[address]. The addresses and addressees for purposes of this paragraph may be changed by giving written change in the manner herein provided for giving notice. Unless and until such written notice is received, the last address and addressee as stated by written notice or as provided herein, if no written notice of change has been sent or received, shall be deemed to continue in effect for all purposes hereunder.

8.5. Notification of Sale of Interval Interest. No later than _____ (_____) days prior to the sale or transfer of any Interval Interest under circumstances whereby the transferee becomes the Owner thereof, the transferor shall notify the Association or the Management Agent in writing and in whatever form, if any, required by the Association of such pending sale or transfer. Such notice shall set forth the name and address of the transferee and transferor, and the date on which such sale or transfer is to be consummated. Unless and until such notice is given, the Association shall not be required to recognize the transferee for any purpose; and any action taken by the transferor as an Owner may not be recognized by the Association. Prior to receipt of any such notification by the Association or the Managing Agent, any and all communications required or permitted to be given by the Association shall be deemed duly given and made to the transferee if duly and timely made and given to such transferee's transferor.

8.6. Declarant's Right of First Refusal to Purchase. Declarant hereby reserves and shall hold, as to any Interval Interest or Undivided Interest or Undivided Interest in or relating to any Unit in Phase 3 of the Property (and, to the extent annexed, in one of the Units of Phases 4 or 5 or any other Additional Property) and as to any Interval Interest or

Undivided Interest in or relating to any Unit in Phases I and 2 of the Property that has not been sold to an Owner prior to the date of this Declaration or which is reacquired by Declarant (by foreclosure, deed in lieu of foreclosure, or otherwise) after the date of this Declaration, a right of first refusal as to the, resale by an Owner of any Interval Interest (collectively, a "First Right Interval Interest"). If an Owner of an First Right Interval Interest desires to sell, convey or otherwise transfer ownership of such Owner's First Right Interval Interest, and such Owner receives an offer to purchase such First Right Interest ("Purchase Offer") which such Owner desires to accept, the Owner, prior to accepting such offer or otherwise transferring such First Right Interval Interest ownership, shall notify the Declarant and provide the Declarant with a copy or summary of such Purchase Offer. Developer shall then have the right and option to purchase such First Right Interval Interest at the same price and on the same terms as set forth in the Purchase Offer. If the Declarant elects to purchase the Owner's Interval Interest as provided herein, such election shall be made by notice, sent to such Owner within _____ (_____) calendar days beginning with the day following receipt by Declarant of such Owner's notice. Such notice from the Declarant of its intent to purchase the Owner's First Right Interval Interest shall be deemed to create a binding contract between such Owner and the Declarant that the Developer will purchase the Owner's First Right Interval Interests) in accordance with the terms an provisions of such Purchase Offer. If the Declarant does not notify such Owner of its election to purchase such First Right Interval Interest within such _____ (_____) day period, such Owner shall thereafter be free to sell such First Right Interval Interest to the person or entity submitting such Purchase Offer in accordance with the terms and provisions of such Purchase Offer. Should, however, such sale not be closed within four (4) months after the date such Purchase Offer is communicated to the Declarant at the price and terms equal or more favorable to such Owner, the terms of this Paragraph shall once again be imposed on any sale by such Owner. There is no guaranty that the Developer will buy back any Owner's First Right Interval Interest pursuant to this right of first refusal, and the Association may establish additional reasonable requirements for the noticing and processing of transfers of Ownership of Interval Interests, including without limitation, the assessment of reasonable transfer fees, and may establish separate requirements for transfers of Flex Interval Ownership Interests.

8.7. Severability and the Rule Against Perpetuities. If any provision of this Declaration, or any section, sentence, clause, phrase, or word or the application thereof in any circumstances, shall be held invalid, the validity of the remainder of this Declaration and of the application of such provision, sentence, clause, phrase or word under any other circumstances shall not be affected thereby. If any provision of this Declaration would violate the Rule Against Perpetuities or any other limitation on the duration of the provisions contained herein imposed by law, then such provisions shall be deemed to remain in effect only for the maximum permissible period permitted by law or until twenty-one (21) years after the death of the last survivor of the now living descendants of either President _____[name] or Governor _____[name], whichever is later.

8.8. Successors. The provisions of this Declaration shall be binding upon all parties having or acquiring any Interval Interest or any right, title, or interest therein and shall be for the benefit of each Owner and his heirs, successors and assigns. Each Owner (including Declarant) shall be fully discharged and relieved of liability on the covenants herein insofar as such covenants relate to each Interval Interest upon ceasing to own such Interval Interest and paying all sums and performing all obligations hereunder, insofar as, the same relate to each Interval Interest up to the time his ownership interest terminated.

8.9. Violation or Nuisance. Every act or omission whereby any provision of this Declaration, the Bylaws or the Rules and Regulations is violated, in whole or in part, is hereby declared to be a nuisance and may be enjoined or abated whether or not the relief sought is for negative or affirmative action, by Declarant, the Association or any Owner.

8.10. Interpretation. The captions of the Articles, paragraphs and subparagraphs hereof are of convenience only and shall not be considered to expand, modify or aid in the interpretation, construction or meaning of this Declaration. As used herein the singular shall include the plural and the masculine shall include the feminine and neuter.

8.11. Enforcement: No Waiver. The Association or any Owner shall have the right to enforce by proceedings at law or

in equity, all restrictions, conditions, and covenants now or hereafter by the Declaration. The failure to enforce any provision of this Declaration shall not constitute a waiver thereof or of the right to enforce such provision thereafter.

8.12. Waiver of Homestead Protections. Each Owner, to the extent permitted by law, shall and hereby waives any protections of any homestead or homestead exemption available to said Owner under the laws of the State of _____[state].

8.13. Disclaimer of Representations and Warranties. Declarant specifically disclaims any intent to have made any representations or warranties in connection with Sunshine Resort or the Interval Interests except as specifically set forth herein, and no person shall rely upon any representation or warranty not specifically made herein.

8.14. Approval of Declaration. Owners of Interval Interests, by virtue of their execution of a purchase contract and/or by acceptance of a deed to an Interval Interest, approve the foregoing and all of the terms and conditions, duties and obligations of this Declaration, and agree to be bound thereby. Each Owner shall be responsible for compliance with this Declaration, by that Owner's agents, guests, invitees, lessees, licensees, and their respective servants and employees, as this Declaration may be amended from time to time. The Owner's failure to so ensure compliance by any such person shall be grounds for the same action available to the Association as though by reason of said Owner's non-compliance.

The Declarant has caused this Declaration to be executed this _____[day],
_____ [month], _____[year].

FORM 22.93 Purchase agreement for time share

COMMENT

The following is a purchase agreement for a time share unit. Many of the provisions are similar to a standard purchase agreement. However, a significant number of provisions are unique to time shares.

For additional forms relating to time sharing, see Chapter 20, Real Estate Entities, in Volume 24, and Chapter 21, Real Estate Sales and Exchanges, in Vol. 25, *supra* .

**FORM
PURCHASE AGREEMENT**

THIS PURCHASE AGREEMENT (this "Agreement") is made and entered into this _____[day]
_____[month], _____[year], by and between HUNTINGTON DEVELOPMENT, LLC, a(n)
_____[state] _____[entity] (hereinafter referred to as "Seller"), the address of which
is c/o _____[name], and _____[name] (hereinafter referred to as "Purchaser"):

WITNESSETH:

That for and in consideration of the mutual covenants contained herein, Seller does hereby agree to sell unto Purchaser and Purchaser does hereby agree to purchase from Seller the following described real property (the "Interval Interest") upon the price, terms, and conditions hereinafter set forth, including but not limited to Paragraphs 1 through 26 of the Terms and Conditions set forth herein:

An undivided interest in Huntington Resort (the "Project"), according to the Declaration of Dedication and Covenants,

Conditions, Restrictions and Easements for Sunset Resort, duly recorded in the Official Records of _____ [county] County, _____ [state], in Book _____ [number], Page _____ [number], and all annexations, amendments, and supplements thereto (the "Declaration"), and as shown on Arbitrary Plat _____ [number], Page _____ [number], together with the recurring (i) exclusive right to reserve, use, and occupy a Full Unit or Units or Partial Unit or Units within the Project; and (ii) nonexclusive right to use and enjoy the Project's Common Area and Common Furnishings, for their intended purposes, during such Fixed Use Period as is set forth below (if Grantee has purchased a Fixed Use Period) or such Use Periods as shall properly have been reserved in accordance with the provisions of the then current Rules and Regulations promulgated by Sunset Resort Owners Association, all pursuant to the Declaration. For convenience in inventory control, conveyancing, and titling, the Interval Interest is allocated to one or more specific Unit(s); however, the Grantee shall NOT have the right to use and occupy such specific Unit(s), only the right to use and occupy a Unit.

Purchaser desires to pay for the aforescribed Interval Interest, in lawful currency of the United States, by using the following method (check one), subject to the Terms and Conditions contained herein:

☐

Cash Payment

☐

Seller Financing

Credit Card Type: _____ Number: _____ [number] Expiration Date:
_____ [month] _____ [day] _____ [year]

In addition to the financial obligations of Purchaser set forth above, Purchaser will be required to pay all Assessments described in Paragraph 8, below. Purchaser will also be required to pay any ad valorem taxes separately assessed and levied against his or her Interval Interest.

If Purchaser obtains purchase money financing, Purchaser will also be responsible for the payment of all charges incident to the extension of credit, which charges are specified in the Truth-in-Lending Disclosure Statement furnished to Purchaser, including but not limited to monthly installments of principal and interest, late charges (if applicable), and a monthly collection fee of _____ Dollars (\$ _____). Finally, Purchaser will be required to pay the fixed amount of _____ Dollars (\$ _____) to cover all recording costs, documentary fees, title insurance premiums, maintenance assessments, and other closing costs as specified on the HUD-1 Settlement Statement provided to Purchaser at or prior to Closing, as hereinafter defined, and/or above (collectively "Closing Costs"). All Closing Costs in connection with the purchase of the above-described Interval Interest must be paid by Purchaser prior to or at the time of Closing.

In the event that Purchaser consists of more than one person, then title shall be vested among them as Sole and Separate Property.

TERMS AND CONDITIONS

1. DEFINITIONS:

Unless expressly indicated herein to the contrary or the context otherwise requires, the capitalized terms used herein shall have the meanings ascribed to them in the Declaration.

2. PAYMENT OF PURCHASE PRICE:

(a) Purchaser may pay for the Interval Interest described herein in cash or by borrowing a portion of the purchase price set forth on line 1 of Page 1 hereof (the "Purchase Price") from Seller. If a portion of the Purchase Price is financed by Seller, then Purchaser will be required to execute a Promissory Note (the "Note") payable to the order of Seller in the amount of the unpaid balance of the Purchase Price, together with a first priority Mortgage (the "Mortgage") that secures the payment of the Note and encumbers Purchaser's Interval Interest, as well as certain other documents and instruments which Seller, in its sole discretion, deems reasonably necessary or appropriate in order to secure Purchaser's payment of the Note. Purchaser will be subject to all of the terms, provisions, and conditions described in and set forth in all such documents and instruments.

(b) If Purchaser requests purchase money financing, Seller may agree to finance Purchaser's purchase but is NOT required to do so. Purchaser agrees that all personal financial information submitted to Seller will be accurate, and Purchaser authorizes Seller to make credit inquiries regarding Purchaser, whether through a consumer credit reporting agency or other means. Purchaser agrees to provide immediate written notice to Seller of any material adverse change in Purchaser's financial condition that occurs prior to Closing. If, despite Purchaser's good faith best efforts to obtain purchase money financing, Purchaser is unable to qualify for such financing within _____

(_____) days following Seller's acceptance of this Agreement due to Purchaser's failure to satisfy completely Seller's credit requirements or for any other reason, then Purchaser shall be entitled to terminate this Agreement and receive a refund of any and all payments theretofore made by Purchaser hereunder (without interest) or, at Purchaser's option, to consummate the transaction contemplated hereby by paying the entire Purchase Price, less the amount of Purchaser's initial deposit and any other payments made to or on behalf of Seller hereunder, in cash at Closing. If Purchaser is unable to qualify for Seller financing within such _____ (_____) day period, Seller shall provide written notice thereof to Purchaser, whereupon Purchaser shall promptly notify Seller whether Purchaser elects to terminate this Agreement or consummate the transaction as provided in the preceding sentence. Seller reserves the right, in its sole discretion, to sell or assign the Note and the Mortgage to another person or entity, whether or not such person or entity is affiliated with Seller.

(c) In the event that the Interval Interest represents an "upgrade" from another Interval Interest in the Project or a timeshare interest in another resort (the "Old Timeshare Interest"), Purchaser agrees to execute and deliver to Seller, on the date hereof, a deed in form and substance satisfactory to Seller, in its sole discretion, pursuant to which all of Purchaser's right, title, and interest in and to the Old Timeshare Interest is conveyed to Seller, free and clear of any liens or encumbrances not expressly approved by Seller (the "Deed-back"). Such Deed-back will be recorded by Seller upon Closing. Pending Closing, Purchaser shall remain fully liable for all costs, expenses, and other obligations of any and every kind related to the Old Timeshare Interest (the "Old Timeshare Interest Obligations"). In the event that the transaction contemplated hereby fails to close for any reason whatsoever, the Deed-back will be returned to Purchaser, and Purchaser will remain fully liable for the Old Timeshare Interest Obligations.

(d) In the event that the Note, the Mortgage, the Deed-back (if applicable), or any other document or instrument which evidences or secures payment of the Purchase Price is misplaced or has not been completely and validly executed by Purchaser for any reason whatsoever, Seller shall have the option, in its sole discretion, to (i) cancel this Agreement at any time prior to closing; or (ii) send Purchaser whatever document(s) and/or instrument(s) that Seller needs Purchaser to re-execute, along with instructions on how to do so. In the event that Seller elects to cancel this Agreement, Seller shall provide written notice thereof to Purchaser and cause any funds held on Purchaser's behalf, without interest, to be refunded by Escrow Agent, as hereinafter defined, to Purchaser in the same manner as provided in Paragraph 5 hereof, in which event this Agreement shall be deemed terminated and of no further force or legal effect. In the event that Seller sends Purchaser any document or instrument for re-execution, Purchaser shall promptly re-execute same, cause his or her signature to be notarized (to the extent indicated), and return such document(s) and/or instrument(s) to Seller in accordance with Seller's written instructions. Purchaser's failure to do so for any reason within _____ (_____) calendar days following Purchaser's receipt thereof shall constitute a default hereunder, entitling Seller to exercise its available rights and remedies pursuant to Paragraph 12 hereof.

3. SELLER'S RIGHT TO ACCEPT OR REJECT THIS AGREEMENT:

It is understood that Seller can accept or reject this Agreement. If Seller rejects this Agreement, Purchaser is only entitled to a refund of his or her down payment and any additional payments made by him or her, without interest. This Agreement will become effective and legally binding upon both parties when signed by Purchaser in the space provided and accepted by Seller and may not be amended or in any manner modified except by a written instrument that is signed by both Seller and Purchaser. If Seller accepts this Agreement, then Seller, subject to Paragraph 2, above, agrees to sell the Interval Interest described herein to Purchaser, and Purchaser agrees to make all of the payments required to be made under this Agreement when due and otherwise to comply fully with all of the terms, provisions, and conditions hereof and of the Project instruments.

4. DEPOSITS:

Purchaser's initial deposit and any subsequent payments made by Purchaser to Seller prior to Closing shall be delivered to and held in escrow by Stewart Title Agency, Inc. (the "Escrow Agent"). PURCHASER AND SELLER AGREE TO

ACCEPT ANY POTENTIAL RISKS THAT MAY ACCRUE AS A RESULT OF THE DEPOSITING OF ESCROWED FUNDS IN A DEPOSITORY LOCATED OUTSIDE OF _____[state]. Any and all interest that accrues on Purchaser's deposit and any subsequent payments shall, except to the extent prohibited by law, be payable to and inure to the sole benefit of Seller and not be credited toward the Purchase Price. Escrow Agent shall hold such deposit and other amounts until the expiration of Purchaser's cancellation period as described herein without such right of cancellation having been exercised by Purchaser. Upon written notice from Seller to Escrow Agent that such cancellation period has expired and Closing has occurred, or alternatively, that Purchaser has breached any term, provision, or condition hereof, Escrow Agent shall deliver any funds held on Purchaser's behalf, together with any interest that has accrued thereon to Seller. Seller shall have no right to use any of the funds held by Escrow Agent until such funds have been delivered to Seller in accordance with the provisions hereof.

5. REFUND PRIVILEGE:

In the event that Purchaser cancels this Agreement during the _____ (_____) calendar day cancellation period described herein, Seller will cause Escrow Agent to refund to Purchaser the total amount of any and all payments made by Purchaser under this Agreement and return any negotiable instruments, other than checks, executed by Purchaser in connection herewith.

6. SELLER'S RIGHT OF SUBSTITUTION:

Purchaser expressly acknowledges and agrees that the actual Interval Interest conveyed by Seller to Purchaser upon Closing may be the same or different from the Interval Interest described on Page 1 hereof, provided that the conveyance of whatever Interval Interest is described in Purchaser's Warranty Deed affords Purchaser substantially the same rights, benefits, and privileges with respect to the Project's Units and Common Areas as the conveyance of the above-described Interval Interest would afford. Purchaser hereby authorizes Seller to modify and initial on Purchaser's behalf any documents or instruments executed by Purchaser in order to reflect such substitution.

7. VACATION OWNERSHIP PLAN:

(a) Purchaser acknowledges that notwithstanding any provision of this Agreement or the Warranty Deed pursuant to which title to the Interval Interest described herein will be conveyed to Purchaser, Purchaser will not have the guaranteed exclusive right to reserve, use, and occupy the above-identified Unit(s) during any specific Use Period(s) (unless a specific Fixed Use Period is set forth on Page 1 hereof). Rather, Purchaser shall be entitled to use and occupy a Full Unit or Units or Partial Unit or Units within the Project during such use Period(s), either every calendar year or during alternate calendar years as indicated on Page 1 hereof, as shall properly have been reserved by Purchaser in accordance with the terms, provisions, and conditions of the Rules and Regulations, as they may be amended or restated from time to time. Because reservations are generally confirmed by the Managing Agent on a first come, first served, space-available basis, Interval Interest owners are encouraged to make their reservation requests as far in advance of their desired Use Periods as the Rules and Regulations permit in order to maximize their chances of obtaining confirmed reservations for the Use Periods of their choice.

(b) The vacation ownership plan created by the Declaration shall be perpetual unless terminated by the owners of Interval Interests and Units in the manner described in the Declaration.

(c) Under no circumstances shall Purchaser be entitled to make a reservation or use and occupy a Unit at the Project unless Purchaser has timely paid any and all Assessments and other amounts levied upon his or her Interval Interest as described in Paragraph 8 below and otherwise fully complied with all of the terms, provisions, and conditions of the Declaration and all other applicable documents and instruments.

8. ASSESSMENTS:

(a) Purchaser understands and agrees that in accordance with the provisions of the Declaration, Purchaser shall be responsible for his or her proportionate share of the Project's Basic Expenses and Reserve Expenses. The initial annual Basic Assessment shall be due and payable to the Association prior to Purchaser's use and occupancy of a Unit during any Use Period in the year in which Closing occurs. Subsequent Basic Assessments shall be due and payable on a calendar year basis at the time(s) and in the manner established from time to time by the Board, written notice of which shall be provided to each owner of an Interval Interest. The amount of Purchaser's Basic Assessment each year may vary and will be determined by the Board, pursuant to an annual budget that will be prepared by the Managing Agent and approved by the Board.

In the event that Purchaser's Initial Use Year as set forth on Page 1 hereof is the year following the year in which Closing occurs, then no Basic Assessment attributable to the current Use Year shall be due and payable by Purchaser. Purchaser's failure for any reason to pay on a timely basis any and all Assessments levied against his or her Interval Interest could result in the foreclosure thereof by the Association and the loss of such Interval Interest. Except with respect to the calendar year in which Closing occurs as described in this paragraph, Purchaser's failure for any reason to use and occupy a Unit within the Project for one (1) or more Use Periods in any given Use Year shall not exempt such Purchaser from his or her obligation to pay in full all Assessments levied against his or her Interval Interest with respect to such Use Year.

(b) In addition to the annual Basic Assessment, Purchaser understands and agrees that he or she will be responsible for the timely payment to the Association of any Special Assessments levied upon his or her Interval Interest by the Association, as well as any Personal Expenses that he or she incurs or for which he or she is responsible, all in accordance with the provisions of the Declaration and all other applicable documents and instruments.

(c) The Association may enforce Purchaser's obligation to pay the aforescribed Assessments in the manner set forth in Article 5 of the Declaration. Under no circumstances shall Purchaser be entitled to reserve, use, or occupy a Unit within the Project or exercise any other rights, benefits, or privileges to which Purchaser would otherwise be entitled, pursuant to the Declaration or any other document or instrument unless and until all Assessments and other amounts that Purchaser owns the Association or Seller have first been paid in full.

9. CLOSING:

Except as otherwise provided by applicable law, for purposes of this Agreement, the term "Closing" shall mean the date following the expiration of Purchaser's _____ (_____) day right of cancellation without such right having been exercised as of which the parties hereto have properly executed and delivered all documents necessary to effect transfer of title to the Interval Interest described herein, including but not limited to this Agreement, a Warranty Deed, and a Promissory Note and Mortgage, if applicable. Upon Closing, Seller shall cause all necessary documents to be recorded in the Official Records of _____ [county] County, _____ [state]. Except as otherwise expressly provided in any of the Project's documents or instruments to the contrary, Purchaser may not reserve, use, or occupy any of the Project's Units or exercise any other rights, benefits, or privileges appurtenant to his or her Interval Interest until Closing occurs.

10. TITLE AND TITLE INSURANCE:

Unless Purchaser elects otherwise by written notice received by Seller prior to Closing, within a reasonable period of time following the date of Closing, Purchaser will be provided with a standard ALTA owner's title insurance policy from a title insurance company of Seller's choosing, paid for by Purchaser out of the Closing Costs, insuring Purchaser's title to his or her Interval Interest, free and clear of all encumbrances except for taxes and assessments for the year of Closing and subsequent years and restrictions, reservations, conditions, limitations, and easements of record prior to Closing or imposed by governmental authorities having jurisdiction or control over the Project, and the lien of the

Mortgage, if any. Purchaser may, at Purchaser's option exercised by written notice to Seller, elect to acquire a policy of title insurance from a title insurance company of Purchaser's choosing, in which event Seller shall refund to Purchaser from the Closing Costs the actual cost to Seller of the title insurance premium.

11. COMPLETION OF CONSTRUCTION:

In the event that construction of any Unit described on Page 1 hereof has not been substantially completed as of the date hereof, Seller agrees, subject to the provisions hereof and excepting delays caused by strikes, inability to obtain labor or materials, governmental restrictions, civil commotion, fire, earthquakes, storms, floods, explosions, Acts of God, and delays caused by conditions or circumstances beyond the reasonable control of Seller, to cause such Unit to be substantially completed no later than _____ (_____) months after the date of execution of the first Purchase Agreement requiring the conveyance by Seller of an Interval Interest in such Unit.

12. DEFAULT:

(a) Purchaser shall be in default under this Agreement if he or she fails to pay on time, keep any promise, or fulfill any agreement or obligation contained herein or in any of the documents or instruments referenced herein. In the event of a default by Purchaser, Purchaser shall not be entitled to reserve, use, or occupy a Unit at the Project, to use and enjoy any of the Project's Common Area, or to exercise any other rights, benefits, or privileges appurtenant to his or her Interval Interest.

(i) Purchaser's default in the performance of any of his or her obligations under this Agreement may result in the immediate and automatic termination of this Agreement and all of Purchaser's rights, benefits, and privileges hereunder. Upon such termination of this Agreement, Seller shall retain or, if such termination occurs prior to Closing, cause Escrow Agent to deliver to Seller, all sums of money previously paid by Purchaser hereunder as liquidated damages and not as a penalty. Furthermore, Seller may pursue any or all other legal and equitable remedies available to it, at law or in equity, including but not limited to specific performance and recovery of Seller's reasonable attorneys' fees and other costs of enforcement of Purchasers' obligations hereunder.

(ii) In the event that Purchaser fails to make any payment required under the terms of the Note or the Mortgage (if applicable) for the unpaid balance of the Purchase Price, Seller's and Purchaser's rights and remedies shall be governed by the provisions of said Note and Mortgage and by the applicable laws of the State of _____ [state].

(b) In the event of a dispute between Purchaser and Seller with respect to Seller's performance hereunder, the matter in question may, in Seller's sole discretion, be settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association. If a matter in dispute is referred to Arbitration, Purchaser and Seller shall each pay one-half (1/2) of the fees and expenses required to initiate the arbitration proceedings. The parties agree, however, that the costs and expenses of arbitration, including attorneys' fees, shall ultimately be borne as determined by the arbitrator. The parties further agree that any arbitration proceeding in connection with this Agreement shall be conducted in _____ [county] County, _____ [state], and that the decision of the arbitrator with respect to any such matter in dispute shall be final and determinative of the respective rights and obligations of the parties hereunder.

Notwithstanding the foregoing provisions of this Subparagraph 12(b) to the contrary, if, for any reason, Seller is unable or fails to comply with the material provisions of this Agreement, then the sole obligation of Seller shall be to refund or cause Escrow Agent to refund (whichever is applicable) to Purchaser all payments previously made by Purchaser hereunder, without interest. Upon such refund, this Agreement shall be deemed canceled, and all rights and obligations hereunder shall immediately terminate. PURCHASER HEREBY WAIVES ANY AND ALL RIGHTS AND REMEDIES THAT MIGHT OTHERWISE BE AVAILABLE TO HIM OR HER, AT LAW OR IN EQUITY.

13. ASSOCIATION MEMBERSHIP:

Upon Closing, Purchaser will automatically become a member of Huntington Resort Owners Association, Inc. (the "Association"). Purchaser agrees to be subject to and to comply fully with the Association's Articles of Incorporation, Bylaws, and such Rules and Regulations as the Association's Board of Directors (the "Board") may promulgate, as each such document may lawfully be amended and/or restated from time to time.

14. PURCHASER'S ACKNOWLEDGMENTS:

Purchaser represents and warrants that the persons signing this Agreement have the legal capacity and are duly authorized to do so. Purchaser acknowledges that prior to signing this Agreement, Purchaser received the Timeshare Disclosure Statement, together with the exhibits attached thereto, including the Declaration, the Bylaws, and the Rules and Regulations of the Association, all of which are hereby incorporated herein by this reference, and Purchaser agrees to be strictly bound and to comply fully with the terms, provisions, and conditions of such documents, as each may be amended or restated from time to time. Purchaser further acknowledges and represents that the Interval Interest described herein is being purchased for Purchaser's personal use and not for its investment potential or any possible rent returns, tax advantages, depreciation, or other financial advantages and that no representations of any nature whatsoever have been made to Purchaser concerning investment potential, rent returns, tax advantages, depreciation, or other financial advantages by Seller or any of its salespersons or other agents. Purchaser understands that Seller has no resale or rental program for non-Seller owned Interval Interests and acknowledges that neither Seller nor any of its sales agents, employees, or other representatives has indicated that Purchaser will be assisted in the resale or rental of his or her Interval Interest in the future. Purchaser represents that he or she does not intend to use any Unit at the Project as his or her principal residence. If Purchaser has chosen to finance a portion of the Purchase Price, then Purchaser acknowledges receipt of a completed Truth-in-Lending Disclosure Statement, Good Faith Estimate, HUD-1 Settlement Statement, and Servicing Disclosure Statement, together with a copy of Seller's Privacy Policy, prior to executing this Agreement. Purchaser's acknowledgments set forth in this Paragraph 14 shall survive Closing.

15. EXCHANGE PROGRAMS:

Seller has executed an agreement with Club Huntington, Inc. ("Club Huntington") under which Club Huntington has agreed to offer its reciprocal exchange services to Purchaser and other owners of Timeshare Interests at the Project. If Purchaser becomes a member of Club Huntington, Purchaser will automatically become a member of Interval Brokerage, Inc.'s ("IBI") reciprocal exchange program that is unaffiliated with Seller known as _____[name]. Purchaser's participation in such exchange programs is totally voluntary and subject to the payment by Purchaser of such fees as are required from time to time by IBI and Club Huntington. Seller makes no representations concerning the current or future services to be provided by IBI or Club Huntington or the cost, continued availability, success, or possible failure of either IBI's or Club Huntington's exchange program. Any representations made regarding either exchange program, either orally by IBI's or Club Huntington's agents or within the videos, brochures, and literature prepared or provided by IBI or Club Huntington, as appropriate, the receipt and review of which Purchaser expressly acknowledges, are solely the representations of IBI or Club Huntington, as appropriate, and should not be interpreted or relied upon as being the representations of Seller.

16. RIGHT OF FIRST REFUSAL:

Purchaser's right to sell or otherwise transfer his or her Interval Interest is subject to the right of first refusal in favor of Seller in Section 8.6 of the Declaration.

17. NO WARRANTIES:

Except as otherwise expressly provided herein, in Purchaser's Warranty Deed, or by applicable law, Seller makes NO

WARRANTIES, EXPRESS OR IMPLIED, of any type whatsoever regarding the Units or the Common Area of the Project, including but not limited to warranties of merchantability or fitness for a particular purpose.

18. FURNITURE AND FURNISHINGS:

Although Seller's model Unit(s) and descriptive materials are for display purposes only, all Units within the Project have furniture, furnishings, appliances, and equipment that are substantially similar to, or of equal quality to, those shown or used in the model Unit(s) or descriptive materials.

19. RISK OF LOSS:

Subject to Seller's right of substitution as described in Paragraph 6 above, all risk of loss to the Project's Units and Common Area shall be borne by Seller until Closing occurs. Thereafter, all such risk of loss shall be borne by Purchaser and the other owners of Interval Interests in the Project. In the event that Seller is unable to convey the subject Interval Interest to Purchaser and declines or is unable to exercise its right of substitution as described in Paragraph 6 above, then Seller's sole obligation shall be to cause any funds held on Purchaser's behalf, without interest, to be refunded to Purchaser in the same manner as provided in Paragraph 5 hereof, in which event this Agreement shall be deemed terminated and of no further force or legal effect.

20. NO ORAL OR WRITTEN REPRESENTATIONS:

Seller and Purchaser agree that this Agreement (including the documents and instruments incorporated herein by reference) embodies the entire agreement between them related to the subject matter hereof and supersedes and replaces any and all prior negotiations, representations, agreements, and understandings, both oral and written, in connection therewith.

21. SURVIVAL OF AGREEMENT: ASSIGNMENT:

This Agreement and the agreements and covenants herein set forth shall be binding upon and inure to the benefit of the parties hereto, their respective heirs, successors, assigns, and personal representatives, and the provisions of this Agreement shall survive the Closing of the transaction contemplated hereby and not be deemed merged into the Special Warranty Deed delivered pursuant hereto. Purchaser's Interval Interest cannot be sold, assigned, transferred, conveyed, or encumbered except in accordance with the terms, provisions, and conditions hereof, the Declaration, the Bylaws, and Rules and Regulations. Purchaser acknowledges Seller's right, in its sole discretion, to assign some or all of its rights and interests hereunder. Purchaser may not assign any of his or her rights or interests hereunder.

22. SEVERABILITY:

The terms and provisions hereof shall be deemed independent and severable, and the invalidity of any one provision or portion thereof shall not affect the validity or enforceability of any other provision hereof.

23. CHOICE OF STATE LAW; WAIVER OF JURY TRIAL:

This Agreement shall be governed by and construed in accordance with the laws of the State of _____[state]. Subject to Sub-paragraph 12(b) hereof, any legal action or proceeding arising out of or in any way relating to this Agreement shall be brought in an appropriate court of competent jurisdiction located in _____[county] County, _____[state], and the parties hereto, on behalf of themselves and their respective successors and assigns, hereby irrevocably submit to the jurisdiction of any such court and agree that venue properly lies in such court. EXCEPT AS OTHERWISE PROVIDED BY APPLICABLE LAW, SELLER, PURCHASER, AND ANY OTHER PERSON CLAIMING RIGHTS OR OBLIGATIONS BY, THROUGH, OR

UNDER THIS AGREEMENT SHALL BE DEEMED TO HAVE WAIVED ANY RIGHT THEY MAY HAVE UNDER ANY APPLICABLE LAW TO A TRIAL BY JURY IN CONNECTION WITH ANY SUIT OR LEGAL PROCEEDING THAT MAY BE COMMENCED BY OR AGAINST ANY OF THE FOREGOING PERSONS CONCERNING THE INTERPRETATION, CONSTRUCTION, VALIDITY, ENFORCEMENT, OR PERFORMANCE OF THIS AGREEMENT OR ANY RELATED DOCUMENT OR INSTRUMENT.

24. NOTICES:

Any notice that either party hereto desires or is required to give the other party under this Agreement shall be in writing and shall be deemed to have been duly given upon the earlier to occur of (a) its actual receipt; (b)

_____ (_____) business days after being deposited in the United States mail as first class mail, postage prepaid; or (c) one (1) business day after being sent via overnight courier service such as Federal Express, addressed to the applicable party at the address therefor stated herein or at such other address as the receiving party has previously notified the giving party in the manner prescribed in this paragraph. If Purchaser consists of more than one (1) person, then notice to any of them shall be deemed to constitute notice to all of them. Unless and until written notice of an alternative addressee and address is received by the other party, the last addressee and address as stated by written notice or as provided herein, shall be deemed to continue in effect for all purposes hereunder.

25. NO RECORDATION:

Under no circumstances whatsoever shall this Agreement or any portion hereof be recorded in the Official Records of _____ [county] County, _____ [state], or in the public records of any other county or other jurisdiction.

26. MISCELLANEOUS:

The captions used in this Agreement are for informational purposes only and do not amplify or limit in any way the provisions hereof. Purchaser is advised to read each and every paragraph very carefully and not just the captions alone. Whenever the context so requires, the use of any gender in this Agreement shall be deemed to include both genders, and the use of the singular shall be deemed to include the plural, and the plural shall be deemed to include the singular. Time is of the essence of this Agreement and of each of the terms, provisions, and conditions hereof. No term, provision, condition, restriction, agreement, covenant, or obligation contained herein shall be deemed to have been abrogated or waived by reason of any failure by a party hereto to enforce the same, irrespective of the number of violations or breaches thereof that may occur. The exercise of any right or remedy provided by law and/or the provisions of this Agreement shall not preclude the exercise of other consistent rights or remedies unless they are expressly precluded hereby. Purchaser hereby grants Seller the right, in its sole discretion, to correct any scrivener's, typographic, or clerical errors in connection with this Agreement or any documents or instruments related hereto, provided that no such correction adversely affects any rights, benefits, or privileges afforded to Purchaser hereunder or thereunder or materially alters any duties or obligations of Purchaser hereunder or thereunder. Any such corrections shall be initialed by an authorized representative of Seller and shall be legally binding upon Purchaser, together with its successors and assigns, even though not initialed or otherwise acknowledged by Purchaser.

FORM 22.94 Management Agreement--Basic Agreement (I)

COMMENT

In connection with the development and ownership of income producing real estate, the owner of the property may not want to be involved in the day-to-day management of the property. Even if the owner/developer elects to manage the property, it will typically set up a separate management company. There are many reasons that a developer would utilize a management company. The owners may be strictly money managers, and may not have any real estate expertise. It may be a way for a family to have equal ownership in a property and divert income and cash flow to family members that are actively involved with the operation of the property. Typically, a Management Agreement is utilized in connection with a multi-tenant property. Many developers believe that there are separate and distinct liabilities associated with the management of a property. Therefore, setting up a management company may insulate the equity of the property from the liability associated with management.

An agreement for the management of income-producing property generally assigns to the agent two areas of responsibility: the operation of the building and the leasing of space therein. Regardless of whether the property is devoted to residential, office, or commercial use, there are basic rights and duties of the agent which must be set forth in the agreement to insure adequate performance of these two functions.

As to the operation of the property, the obligations normally undertaken by the managing agent include maintaining and repairing the premises, employing necessary help and independent contractors, negotiating for the usual utilities, collecting and depositing rents, maintaining books of account, and submitting periodic financial statements. As to most of these duties the manager is generally given complete authority. However, in many instances the owner's approval is required for repairs and alterations in excess of a specified amount. Normal operating expenses are

generally paid by the agent for the account of the owner.

The second area of an agent's responsibility is the leasing of vacant space and the negotiating of renewals and extensions. Advertising of vacant space is generally at the cost of the owner, but subject to the owner's approval. Other significant provisions deal with the indemnification of the agent by the owner, and the conditions under which the parties may terminate the agreement.

Compensation of the manager may be based on a percentage of income from the property. The parties also recognize the propriety of additional compensation in the event that the agent performs unusual services.

The following form is a relatively comprehensive management agreement, typically for use with unrelated parties.

FORM

THIS MANAGEMENT AGREEMENT, made and entered into as of the _____[day] day of _____[month], _____[year] and between _____[name] a(n) _____[state] _____[entity] (hereinafter referred to as "Owner") and _____[name] (hereinafter referred to as "Manager").

WITNESSETH:

WHEREAS, Owner is the owner of the property located at _____[address], and the surrounding property and improvements (hereinafter referred to as "Property"); and

WHEREAS, Manager is experienced in the management of income properties similar to the Property; and

WHEREAS, Owner wishes to engage Manager, exclusively, as the manager of the Property, and Manager is willing to perform such responsibilities, all in accordance with the terms and provisions hereof.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

ARTICLE ONE **Definitions**

For the purposes of this Agreement, the following defined terms shall have the meanings ascribed thereto:

1.01 " Agreement:" This Management Agreement.

1.02 " Budget:" The budget for the operation and management of the Property, as prepared and approved pursuant to Article Three hereof.

1.03 " Improvements:" Any improvements now or hereafter erected on the "Property."

ARTICLE TWO

Employment of Manager

2.01 Employment. Owner hereby employs and authorizes Manager to take sole, entire and exclusive charge of the management of the Property, and Manager hereby accepts said employment and authorization and agrees to use the skills and efforts of Manager diligently to effect management of the Property. In the performance of Manager's duties hereunder, Manager agrees to render capable and competent services and to exercise due care in accordance with standard practices acceptable and common in the industry.

2.02 Independent Contractor Status. It is acknowledged that it is the express intent of Owner and Manager, and this Agreement shall be so construed, that the rights and duties hereby granted by Owner to Manager, and assumed by Manager, are those of an independent contractor only, with a fiduciary duty to Owner. Owner has retained Manager in such capacity because of Manager's expertise and experience in the management of income properties similar to the Property. Manager shall devote such portion of Manager's time, energy and skills in the accomplishment of Manager's duties hereunder in such manner as Manager sees fit.

ARTICLE THREE

Duties Of Manager

Manager shall take such actions, and perform such duties, as Manager deems necessary and desirable for the care, protection, operation, maintenance, repair and replacement, subject to the provisions hereof, of the Property, including, but not limited to the following:

3.01 Employment of Personnel. Manager shall investigate, hire, train, supervise and discharge such personnel as Manager deems necessary or desirable for the performance of Manager's duties hereunder. Such supervision and direction shall be the responsibility of Manager. All salaries, wages and other compensation of personnel employed by Manager hereunder, including fringe benefits, medical and health insurance, pension plans, social security, taxes, workman's compensation, et cetera, shall be borne and paid by Manager.

Manager agrees that Manager shall not discriminate against any employee, or applicant for employment, hereunder because of race, color, religion, national origin, ancestry, age or sex.

3.02 Preparation of Annual Report. Within _____ (_____) days prior to the commencement of each succeeding fiscal year, Manager shall prepare and deliver to Owner an operating budget for the Property, setting forth an itemized statement of the estimated receipts and disbursements for the coming fiscal year. Said budget shall include a proposed rent schedule for all space within the Property, inclusive of then currently pending or projected repairs, replacements and additions thereto, and the market for competing properties similar to the Property. Owner and Manager shall jointly adjust, modify or amend said budget in order to fix the standard of operation for the succeeding fiscal year and the budget, as so revised and as it may be subsequently revised by agreement in writing executed by Owner and Manager, shall thereafter constitute the "Budget." Except in the case of emergency repairs permitted by Section 3.11 hereof or items specifically authorized by the Budget, or otherwise, no expenses may be incurred or commitments made by Manager in connection with the operation of the Property which would exceed the sum of _____ Dollars (\$_____), or, in any event, which will, taken together with all additional commitments previously incurred or sums previously made or paid, exceed the line amount contained within said Budget, without the prior written consent of Owner. Provided, however, that written approval by Owner of a contract or other expenditure, capital or otherwise, shall, unless said written approval indicates otherwise on its face, not be included within any such line item and shall constitute an increase in the relevant line item of the Budget by said amount.

3.03 Property Bank Accounts. Manager shall open and maintain, during the term of this Agreement, a separate bank account, or, if Manager deems multiple accounts preferable, accounts, for the exclusive benefit of Owner and the Property, which account or accounts shall be separate from Manager's accounts and any other accounts maintained by Manager and not relating to the Property. Manager shall not mix any funds generated by the Property with any other monies of Manager or generated by other properties. All income and other monies received by Manager as a result of the operation of the Property or received by Manager as a result of the operation of the Property or otherwise delivered to Manager under the terms and provisions hereof shall be deposited in a timely manner by Manager in such separate account or accounts. All such monies shall be and remain the property of Owner and shall be disbursed by Manager, in accordance with the provisions hereof, in payment of the costs and expenses, including sums payable to Manager hereunder, of Owner relating to the Property.

3.04 Collection of Monies. Manager shall collect all rents, and all other amounts, whether in the form of rents, common area maintenance charges or other reimbursable expenses, due to Owner from any tenants within the Property, or licensees authorized to utilize portions of the Property and owe such sums to Owner as a result of the operation of the Property. In connection with enforcement of consumer price index or other escalators and collection of any other variable rent, Manager shall keep all records required to effectuate such collections. Owner hereby expressly authorizes Manager to request, demand, collect, receive and receipt for all such rent and other charges and to institute legal proceedings, either in the name of Manager or, if necessary, the name of Owner for the collection of all such sums and expressly authorizes Manager to file any legal actions to enforce the terms of any lease or leases related to the Property, including, but not limited to, dispossessory actions and actions to terminate leases on space within the Property, if such is deemed necessary by Manager. The authority granted in this section as to lease enforcement shall be absolute except as to those restrictions, if any, placed on Manager, in writing, by Owner.

Any expenses, including attorney's fees, incurred by Manager in connection with its performance under this section shall be borne by and paid by Manager. Manager is expressly authorized to retain counsel of its own choosing to assist Manager in fulfilling its responsibilities hereunder.

3.05 Leasing. Manager shall use its best efforts to lease space in the Property in accordance with guidelines furnished by Owner. Manager shall also negotiate for the renewal of leases; shall conduct all negotiations with tenants; and shall submit for Owner's prior written approval, all lease and/or lease renewal proposals.

3.06 Books and Reports. Manager agrees that it shall, during the terms of this Agreement and immediately thereafter, in accordance with the provisions hereof:

(a) Maintain, at the office of Manager, a comprehensive system of office records, books and accounts relating to the income, expenses and operations of the Property. Owner and those designated by Owner shall have access to such office records, books and accounts and to all vouchers, files and other material relating to the Property and maintained by Manager relating to the Property. Owner shall exercise its rights of inspection hereunder solely during normal business hours and shall do so in such a manner so as not to unreasonably interfere with the operations of Manager.

(b) Deliver to Owner, on or before the _____ (_____) days of each calendar month during the terms hereof, a detailed written report of all receipts and disbursements relating to the Property and made during the preceding calendar month, or any portion thereof. Such report shall be made on a cash, rather than accrual basis and shall include all such transactions, whether or not reimbursable pursuant to the provisions hereof. Said reports shall also include statements of arrearages of any tenant or others within the Property, vacancies, and the balance of sums retained in any escrow accounts maintained pursuant to the provisions hereof.

(c) Deliver to Owner, within _____ (_____) days after the end of each fiscal year the Property, which fiscal year is hereby designated as running from January 1 to December 31 of each calendar year during

the term hereof, a profit and loss statement showing the results of operations for the preceding fiscal year, or any portion thereof, as well as a balance sheet of the Property dated as of the end of such fiscal year. Each such report shall be prepared in accordance with generally accepted accounting principals.

(d) In the event of the termination of this Agreement, whether by normal expiration or otherwise, Manager shall, within the applicable time period set forth herein, deliver to Owner both a monthly report and an annual report, each covering that portion of the relevant time period which is included within the term hereof, prior to such termination.

(e) Execute and file in a timely fashion, all forms, reports and returns required by law relating to the employment of personnel in the operation of the Property (with the exception of income tax returns).

3.07 Compliance with Legal Requirements. Manager shall take such actions as may be necessary to comply with any and all orders or requirements affecting the Property by any federal, state, county or municipal authority having jurisdiction thereof, and order of the Board of Fire Underwriters or similar bodies subject to the limitations set forth in the Budget. Provided Manager is timely notified, Manager shall not, however, take any such actions for so long as Owner is contesting, or has affirmed its intention to contest and promptly institutes proceedings contesting, any such order or requirement, except that, if a failure to comply promptly with any such order or requirement would or might expose Manager to criminal or civil liability, Manager shall cause the same to be complied with. Manager shall promptly, and in no event later than seventy-two (72) hours from time of receipt, send written notice to Owner, including a copy thereof, of all such orders and notices of requirements and of Manager's actions or projected actions in response thereto.

3.08 Assistance in Tax and Awards Negotiations. Manager shall, when requested by Owner and without charge or reimbursement except for actual out-of-pocket costs, render advice and assistance to Owner in the negotiation and prosecution of all claims for the abatement of property taxes and other taxes effecting the Property and for awards for taking by condemnation proceedings or friendly acquisition in lieu thereof of all or portions of the Property.

3.09 Execution of Contracts. Subject to other limitations contained herein, including, but not limited to, those contained in the Budget, Manager shall, in the name of Owner, enter into such contracts and other agreements for the providing of all utilities and other services either required or deemed as desirable by Manager in connection with the operation of the Property. Manager shall order, in the name of Owner, such equipment, tools, appliances, materials and supplies as it deems desirable to properly maintain the Property, subject, however, to other limitations contained herein. If requested by the contracting third party, Owner shall execute such contract in its own name and by its own hand. Any contract in excess of _____ Dollars (\$_____) per fiscal year must be approved in advance by Owner.

In the event that Manager delivers to Owner a written request that Owner approve, in writing, any such contract or order, and Owner does not, within _____ (_____) days of its receipt of such request, disapprove, by telephonic notice to be confirmed in writing, said contract or order, the same shall be considered approved by Owner and all costs, expenses, et cetera, shall be reimbursable to Manager hereunder. Manager shall always respect its fiduciary duty to Owner in the execution of such contracts or orders; provided, however, that Owner shall be required to cause to be made available to Manager such sums of monies as are required in order to enable Manager to obtain prompt payment, cause or similar discounts.

3.10 Maintenance and Repair of Property. Subject to limitations placed on it by the Budget, Manager shall maintain the Property in a first class manner, comparable to similar properties in the area of the Property. Such maintenance shall include, but not necessarily be limited to, interior and exterior cleaning, painting, decorating and maintenance, both preventative and otherwise, of all systems and improvements which are a part of the Property. All expenses incurred in connection with such maintenance shall be reimbursable by Owner to Manager, subject again to the Budget. Manager shall not incur or pay, in connection with said maintenance, any expense in excess of _____ Dollars

(\$ _____), unless such item is contained within the Budget or has otherwise been, specifically authorized by Owner. Provided, however, the Manager is hereby authorized and empowered to incur or pay in excess of such sum in the event that emergency repairs or maintenance are required for the preservation and safety of the Property, to avoid the suspension of any service to the Property, or to avoid danger or damage to life or property. It is understood and agreed that, should any such emergency repairs be required, Manager shall bring same to the attention of Owner as soon as possible.

3.11 Insurance. Manager shall maintain, during the term of this Agreement, insurance in forms, companies and substance reasonably acceptable to Owner, and at Owner's sole cost and expense, as follows:

- (a) Public liability insurance on a comprehensive general liability form in an amount of not less than _____ Dollars (\$ _____) single limit bodily injury and _____ Dollars (\$ _____) property damage;
- (b) Fire and extended coverage insurance in an amount of not less than _____ percent (_____%) of the replacement cost of the Property, exclusive of land and excavation costs;
- (c) Such other insurance as may be required by law or deemed desirable by either Owner or Manager to cover the interest of said parties, including, but not limited to, workman's compensation insurance, boiler insurance, burglary and theft insurance and, at the option of Owner, rent insurance;
- (d) All insurance obtained pursuant to the provisions hereof, as well as any additional insurance which Owner, in its sole discretion, might desire to obtain, shall name both Owner and Manager as insured, as their interests may appear. Each such policy shall contain a waiver of subrogation reasonably acceptable to Owner; and
- (e) Manager shall promptly investigate all accidents, damages and other casualty to the Property or any claims of injury, to property or person, arising out of or related to the ownership, operation and maintenance of the Property. Manager shall promptly submit to Owner a written report regarding such incident including an estimate of the cost of repair of any damage or destruction and its recommendations as to such repair. Manager shall prepare, for approval by Owner, any and all reports required of any insurance companies or other interested entities or governmental bodies regarding such damage, destruction or injury.

3.12 Claims. Manager shall advise Owner promptly, with confirmation in writing, of the service upon Manager of any summons, subpoena, or other similar legal document, as well as receipt of any notices, letters or other communication, setting out or claiming an actual or alleged potential liability of the Owner, the Property or Manager, arising out of the Property. The written confirmation by Manager to Owner shall include a copy of any such summons, subpoena, et cetera.

3.13 Disbursements. Manager shall, to the extent that funds are available from receipts relating to the Property or otherwise received from Owner, cause to be disbursed in a timely fashion;

- (a) Sums reimbursable to Manager pursuant to the provisions hereof,
- (b) Amounts otherwise due and payable as operating expenses of the Property and authorized pursuant to the terms and provisions hereof, inclusive of any compensation due and payable to Manager hereunder.

All such disbursements shall be made from the account, or accounts, maintained by Manager pursuant to the provisions hereof and any sums remaining in said account, subject to a reasonable reserve as agreed upon by Owner and Manager, shall be disbursed in accordance with the written instructions of Owner. Owner shall, in connection with Manager's duties hereunder, promptly forward to Manager any tax statements, payment schedules, invoices or similar notices

received by Owner relating to the Property and requiring payment of sums relating thereto.

3.14 Tenant Relations. Manager shall take such actions as it deems necessary in order to maintain a professional, businesslike relationship with all tenants within the Property. All requests, complaints and notices delivered to Manager by any tenants will be incorporated into the monthly reports required to be delivered by Manager to owner hereunder and such reports shall indicate the action, or proposed action, taken, or to be taken, with respect thereto. Manager shall periodically review all leases and tenant premises within the Property in order to ensure compliance, by both Owner and tenant, with the leases.

ARTICLE FOUR Responsibilities Of Owner

4.01 Contract Execution. Owner agrees that it shall, if requested by Manager or any third party contracting with Owner pursuant to the provisions of Article Three hereof, execute in its own name and by its own hand any such contracts.

4.02 Payments to and Reimbursement of Manager. Owner covenants and agrees that it shall make available to, or otherwise cause to be made available to, Manager such sums as are required pursuant to the provisions hereof to (I) pay to Manager all compensation required by Article Six hereof, and (ii) reimburse (or provide monies) for all expenses incurred pursuant to this Agreement. Manager shall not be required to, although it may in its sole discretion, advance its own funds for the benefit of Owner. This provision shall survive the termination of this Agreement, whether by normal expiration or otherwise.

ARTICLE FIVE Term

5.01 Term; Extension. The term of this Agreement shall commence on _____[month] _____[day], _____[year] and remain in effect for a period of _____ (_____) years. Not later than _____ (_____) days prior to the end of the term, Manager shall notify Owner that the term is about to expire and Owner shall have _____ (_____) days to notify Manager that it wishes the term not to be automatically extended for an extension period of _____ (_____) years. If not so notified, the term shall be automatically renewed for a _____ (_____) year period. Thereafter, this Agreement shall continue on a year-to-year basis unless terminated by either party.

5.02 Termination for Cause. Notwithstanding the foregoing stated term, this Agreement may be terminated by Owner immediately, for cause. For this purpose, "for cause" shall mean (i) Manager's indictment or conviction of a felony, (ii) a material breach by Manager of this Agreement, (iii) Manager's gross neglect of his duties, or commission of an act of dishonesty toward Owner's business, (iv) Manager's addiction to alcohol or any drug or substance (whether or not prescribed by a physician), or (v) the occurrence of any act or omission, or set of facts and circumstances, set forth hereinbelow.

(a) Provided that the necessary funds are available, either through Property receipts or deposits by Owner, Manager fails to pay any sum payable under this Agreement when due or fails to perform or comply with any of its obligations hereunder at the time or times and in the name required under this Agreement, provided that the Owner first gives the Manager prior written notice of such default or breach and the Manager (A) when the default or breach is a failure to pay a sum payable hereunder fails to pay such sum within _____ (_____) days of receipt of such notice; or (B) when the default or breach is other than the failure to pay a sum payable hereunder, fails to commence curing any default or breach within _____ (_____) days of receipt of such

notice, or after commencing the same fails to pursue the curing of such default with due diligence;

(b) Manager files a petition to be adjudicated a bankrupt or for reorganization or arrangement under the bankruptcy laws of any state or of the United States;

(c) A petition is filed against the Manager to have him adjudicated a bankrupt and such petition is not dismissed within _____ (_____) days after filing;

(d) An assignment for the benefit of creditors is made by the Manager; or

(e) A receiver or trustee of the Manager's rights or interests (which include or consist of the rights and interests of Manager hereunder) is appointed pursuant to any judicial proceeding and such proceeding is not dismissed, and the receiver or trustee discharged, within _____ (_____) days after such appointment.

Manager may terminate this Agreement, immediately and at any time (for so long as the default continues), upon giving written notice to Owner after any one of the following:

(a) Owner does not fulfill its obligations hereunder with regard to deposit of any sums required by Manager, as reimbursement of expenses incurred by Manager, on behalf of Owner, hereunder or as compensation to Manager, provided that Manager first gives Owner prior written notice of such sums within _____ (_____) days of receipt of such notice;

(b) Owner files a petition to be adjudicated a bankrupt or for reorganization or arrangement under the bankruptcy laws of any state or of the United States;

(c) A petition is filed against the Owner to have it adjudicated a bankrupt and such petition is not dismissed within _____ (_____) days after filing;

(d) An assignment for the benefit of creditors is made by the Owner;

(e) A receiver or trustee of the Owner's rights or interests (which include or consist of the rights and interests of Owner hereunder) is appointed pursuant to any judicial proceedings and such proceeding is not dismissed, and the receiver or trustee discharged, within _____ (_____) days after such appointment.

5.03 Termination Upon Destruction, Condemnation, Sale. This Agreement shall terminate upon the date of any damage or destruction of the Property which in the reasonable opinion of either party materially affects the operation of the Property for its intended purpose and the Property ceases so to be operated. This Agreement shall also terminate upon the date of the conveyance to or taking by any authorized entity under the threat of or by eminent domain of the Property or any portion thereof which in the reasonable opinion of either party materially affects the operation of the Property for its intended purpose and the Property ceases so to be operated.

5.04 Duties Upon Termination. Upon termination, whether by normal expiration or otherwise, of this Agreement, the parties hereto agree that:

(a) Manager shall deliver to Owner, or to any person or agent designated by Owner:

(i) Cash in the amount equal to all amounts then due Owner hereunder including any security deposits or other payments of tenants in the Property held by Manager;

(ii) An assignment of any escrow accounts in form approved by the depositories of holder thereof;

- (iii) All executed copies of leases related to the Property and all related files;
- (iv) All architectural, mechanical and electrical plans and specifications used in connection with the construction of the Property, to the extent held in the possession of Manager, as well as all sets of keys and all books and records pertaining to the Property;
- (v) All permits issued by appropriate governmental authorities and utilities relative to the Property, if held by Manager;
- (vi) All extra promotional brochures, forms, leases, posters, signs and stationery and all engraved plates and art work used for such promotional items which do not contain references to Manager's name, address or telephone number;
- (vii) Any other papers or items of any kind held by Manager relating to the Property.

Manager shall be entitled to retain copies of all records, documents and other agreements which were in Manager's possession relating to the Property, and Owner shall execute and deliver to Manager a receipt evidencing delivery by Manager to Owner of all papers or items delivered in accordance with the provisions hereof. Additionally, Owner shall expressly indemnify and hold Manager harmless from and against any and all costs, damages or expenses (including attorney's fees) arising out of any claims made or threatened for return of security deposits so delivered to Owner.

(b) Anything contained herein to the contrary notwithstanding, no termination of this Agreement, whether by normal expiration or otherwise, shall release either party from any obligations or liabilities arising under the terms and provisions hereof prior to the date of such termination or pursuant to continuing contracts or other commitments approved, pursuant to the terms and provisions hereof, prior to the date of such termination. It is expressly agreed that no such termination shall effect or modify in any respect the compensation due and payable, or to become due and payable, by Owner to Manager hereunder. In connection with any termination of this Agreement, Manager shall assign to Owner, if same are assignable, all contracts and other agreements, if any, executed in the name of Manager, relating to the operation and maintenance of the Property. Owner shall expressly assume and agree to pay all obligations arising under such contracts or other agreements and shall indemnify and hold Manager harmless from and against any and all costs, damages and expenses (including attorney's fees) arising out of or related to said contracts and other agreements.

(c) Manager shall, in addition to other requirements placed on Manager pursuant to this Article, furnish all additional information and take such further actions, at Owner's expense, as Owner shall reasonably require in order to effectuate an orderly and systematic termination of Manager's duties and activities with regard to the termination of Manager's duties and activities with regard to the Property. Within _____ (_____) days after any such termination, Manager shall deliver to Owner the written reports required by Section 3.06(b) hereof for any periods not covered by prior reports submitted pursuant to such Section and shall, within _____ (_____) days after any such termination, deliver to Owner a profit and loss statement for the fiscal year, or portion thereof, ending on the date of termination, and a balance sheet of the Property as of the date of termination.

ARTICLE SIX

Compensation of Manager

6.01 Management Fee

(a) Owner shall pay to Manager, in consideration of Manager's management services hereunder, an amount equal to _____ percent (_____) of "Gross Receipts," as defined herein, as reflected in the monthly reports delivered by Manager to Owner pursuant to Section 3.06 hereof.

(b) Said Management Fee shall be paid by Owner to Manager on a monthly basis, in arrears, and shall be prorated for any partial month during the term hereof. For the purposes hereto, the term "Gross Receipts" is defined as all amounts actually collected by Manager as minimum rent or other sums collected and from any other persons paying monies to Owner as a result of the operation of the Property, in the ordinary course of business. There shall be included within the definition of Gross Receipts any sums collected as a result of a consumer price index or other escalator applied to any base rents or similar charges payable by tenants or others, but there shall not be included within the term Gross Receipts interest or other income derived from investments or interest bearing accounts, proceeds of claims on account of insurance policies, abatement of taxes, awards arising out of taking by eminent domain (or conveyance in lieu thereof), discounts or dividends on insurance policies, court awards for prospective rents or other damages. In the event that Manager, in accordance with the provisions hereof, receives monies as settlement of claims for past due rent or in consideration of cancellation of a lease, such sums shall be included within the term Gross Receipts, when actually received. Similarly, security deposits shall not be deemed to be within Gross Receipts until retention of same, or any portion thereof, for the sole benefit of Owner, pursuant to the terms and provisions of the lease under which same are retained.

(c) Owner shall also pay to Manager a leasing commission equal to _____ percent (_____%) of Gross Receipts to be collected for any lease renewals or extensions. Owner shall pay to Manager a lump sum equal to the commission upon commencement of such renewal or extension term.

ARTICLE SEVEN Miscellaneous

7.01 Indemnification

(a) Manager agrees to indemnify and hold Owner harmless from and against any and all liabilities, claims, obligations, expenses, losses, damages, judgments or other injuries (including, but not limited to, attorney's fees, costs and expenses of litigation and appeals), which Owner may incur or suffer in connection with grossly negligent acts, willful misconduct or knowing misrepresentations of material fact by Manager, acting as such under the provisions hereof.

(b) Owner agrees to indemnify and hold Manager harmless from and against:

(i) Any and all liabilities, claims obligations, expenses, losses, damages, judgments or other injuries (including, but not limited to, attorney's fees, costs and expenses of litigation and appeals), which Manager may incur or suffer in connection with Owner's failure to discharge its obligations hereunder, actions or inaction's at Owner's directive; and

(ii) Any and all liabilities, claims, obligations, expenses, losses, damages judgments or other injuries (including, but not limited to, attorney's fees and costs and expenses of litigation and appeals) which Manager may incur in the performance of its duties under this Agreement which are not caused in whole or in part by the gross negligence or willful misconduct of, or knowing misrepresentation of a material fact by Manager.

7.02 Survival. The indemnifications contained in Section 7.01 and the agreement contained in Articles Four, Five and Six hereof shall survive any termination of this Agreement.

7.03 Notice. Any notices required or authorized, by this Agreement shall be deemed effective _____ (_____) days after deposit in the United States mail, postage prepaid, registered or certified mail, return receipt requested, when mailed to the following addresses, or to such other addresses as parties hereto may designate, in writing and in accordance with the provisions hereof, or personal service shall be deemed effective when delivered:

To Manager: _____

To Owner: _____

With a copy to
Owner's Attorney _____

7.04 Assignment. Manager shall not, without Owner's prior written approval, assign any of its rights or obligations under this Agreement. Owner may assign its right and obligations to any successor in title to the Property and shall, provided that Owner complies with the terms and provisions of this Section, be relieved of all liability accruing after the effective date of such assignment; provided, however that Owner shall remain secondarily liable to Manager for reimbursement of any expenses incurred by Manager either:

(a) Prior to the date of such assignment; or

(b) Pursuant to Approved Contracts executed prior to the effective date of such assignment Owner agrees that it will obtain, from any such successor in title, an express assumption of all obligations and liabilities of Owner hereunder.

7.05 Competing Activities of Manager. Anything contained herein to the contrary notwithstanding, Owner hereby agrees that, during the term of this Agreement, Manager, affiliated (or wholly owned) companies or related entities of Manager, may render services identical or similar to those required of Manager hereunder to other owner of real property, improved in a similar fashion to the Property or otherwise, and may themselves engage in the acquisition, development, leasing and exploitation of real property for their own account and benefit and without any accountability or liability whatsoever to Owner even though such services or business activities compete with or are enhanced by the business activity of Owner, including Owner's involvement in the Property.

7.06 Time of Essence. Time is of the essence of this Agreement.

7.07 Force Majeure. In the event that any obligation contained herein is not fulfilled within the time period applicable thereto, and such failure is beyond the obligor's reasonable control, including but not limited to, compliance with any regulations, order or instruction of any federal, state or municipal government or any department or agency thereof, acts or omissions of any other party hereto, acts of civil or military authority, fires, strikes, embargoes, war, riots, delays in transportation, tempests, earthquakes, floods and the inability due to causes beyond such obligor's reasonable control to obtain necessary labor, manufacturing facilities or materials (all of the foregoing, without limitation, being herein referred to as "force majeure"), such party shall give the other parties prompt notice of the occurrence of any such force majeure delay or expected delay, specifying the cause thereof and the suspected duration. In the event of any such delay, the date required for fulfillment of such obligation shall be automatically extended for a period equal to the time lost by reason of the delay. In no event, however, shall this provision apply to an obligation requiring solely the payments of money.

7.08 Amendment. Neither this Agreement nor any provision hereof may be changed, waived, discharged or terminated orally, but only by instrument in writing signed by the party against whom enforcement of the change, waiver,

discharge or termination is sought.

7.09 Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under Ohio law, but if any provision of this Agreement shall be prohibited by or be invalid under such law, such provision shall be ineffective to the extent of such prohibition or invalidity without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.10 Entire Agreement. This Agreement, and other documents executed in connection with the Property, constitutes and expresses the entire Agreement of the parties hereto and no agreements, warranties, representations or covenants not herein expressed shall be binding upon the parties.

7.11 Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which counterparts together shall constitute one and the same instrument.

7.12 Captions. The captions appearing before Sections and Articles in this Agreement have been inserted solely for the purposes of convenience and ready reference. They do not purport to, and shall not be deemed to, define, limit or extend the scope or intent of the Sections or Articles to which they appertain.

7.13 Binding Effect and Pronouns. The provisions of this Agreement shall inure to the benefit of, and shall be binding upon, the parties hereto, and their respective heirs, successors and assigns (if permitted hereunder) and the legal representatives of their estates, as the case may apply. The terms "Owner" and "Manager" shall be construed in the plural and the appropriate gender shall be read into all pronouns used herein to reference any of said parties whenever the sense of this Agreement requires.

The parties hereto have set their hands as of the day and year first above written.

Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.95

FORM 22.95 Management Agreement--Basic Agreement (II)

COMMENT

Compensation of the manager is in this case based on a percentage of income from the property. The parties also recognize the propriety of additional compensation in the event that the agent performs unusual services. Commissions paid for leasing are those recommended by the local real estate board, with one-half of the full commission payable upon lease renewals, extensions, and continuations.

Amounts expended by the owner for the management of property are deductible for income tax purposes when paid or incurred. A rental commission represents the cost of acquiring the lease and must be amortized by the owner over the lease term. Both management fees and rental commissions are ordinary income to the manager.

FORM

AGREEMENT made this _____ [day] day of _____ [month],
_____ [year], between _____ [name] (the "Owner") and
_____ [name] (the "Agent").

1. Employment of Agent. The Owner hereby employs the Agent as the sole and exclusive renting and management agent of the property known as _____ [name] (the "Building"), consisting of _____
(_____) number of two (2) bedroom apartment units, and _____
(_____) number of one (1) bedroom apartment units, and all associated facilities and amenities.

2. Leasing Vacant Space. The Agent shall use all reasonable efforts to lease available space in the Building to desirable

tenants. For this purpose, the Agent may employ the services of other real estate brokers. However, in the event that Agent employs other real estate brokers, Agent shall be responsible for the compensation of the other brokers and shall hold Owner harmless against any claim for compensation brought by the other brokers. In order to promote such leasing, the Agent may place newspaper advertising, post renting signs, prepare circulars, and engage in other forms of advertising, subject to the approval of the Owner, at the Owner's expense. The Owner shall refer all inquiries for leases or renewals to the Agent, and all negotiations for leases and renewals shall be conducted or controlled by the Agent.

3. Collection and Remission of Income. The Agent shall collect the rents and other income from the Building promptly when such amounts become due and shall deposit all such amounts in a special bank account maintained by the Agent for the Owner. Such moneys of the Owner shall not be mingled with funds of the Agent. The Agent may withdraw from such bank account all disbursements which under this agreement are to be made at the Owner's expense, including compensation of the Agent as set forth in Paragraph 7. Employees of the Agent who are responsible for moneys of the Owner shall be bonded by a fidelity bond. The Agent shall render to the Owner a monthly statement of receipts and disbursements, and shall from time to time pay to the Owner all amounts in such bank account except a reasonable balance for working cash. All books and records maintained by the Agent shall be the property of the Owner. Owner shall have the right to review and audit the books and records at any time, without prior notice to the Agent.

4. Maintenance and Operation. The Agent is authorized and required, at the expense of the Owner, to purchase necessary supplies; to make contracts for electricity, gas, steam, telephone, window cleaning, refuse disposal, vermin extermination, and for necessary supplies; to make contracts for electricity, gas, steam, telephone, window cleaning, refuse disposal, vermin extermination, and for all other utilities or services which the Agent shall reasonably consider advisable; and to make ordinary repairs and alterations, provided that expenditures for any one item of repair or alteration shall not exceed the sum of _____ Dollars (\$_____) without the written consent of the Owner, unless they are made under circumstances which the Agent shall reasonably consider to constitute an emergency. Any rebate or discount obtained by the Agent in connection with any of the foregoing expenditures shall be the property of the Owner. The Agent shall not pay interest or amortization on mortgages, taxes, assessments, water charges, or premiums on insurance without the Owner's written authorization.

5. Employees. The Agent shall employ, discharge, supervise, and pay, on behalf of the Owner, all servants, employees, or contractors considered by the Agent as necessary for the efficient management of the Building. The Agent shall not be liable to the Owner or to others for any act or omission on the part of such employees if the Agent has taken reasonable care in their employment.

6. General Responsibility and Authority. The Agent shall be authorized and required to perform all services, in addition to the foregoing, necessary for the management of the Building. Such services shall include the institution of legal actions, in the name and at the expense of the Owner, to enforce the collection of rent or other income from the Building, and to dispossess tenants or other persons from the Building. In connection with any such legal action, the Agent may engage counsel at the Owner's expense.

In addition, the Agent shall have a maintenance person on staff to handle minor repairs and maintenance, such as light bulb replacement in hallways and other common areas, lock repairs, and other minor problems. The Agent shall also provide a telephone line, manned twenty-four (24) hours per day, for use by tenants with emergencies. Agent may utilize a commercial answering service and beepers, if so desired. The cost of these services shall belong to Owner.

7. Compensation of Agent. The Owner shall pay to the Agent the following compensation:

(a) For management, _____ percent (_____) of all rent and other income collected from the Building.

(b) If extraordinary repairs are made to the Building, or the Building is extensively reconstructed, or if the Agent is

required to perform services not customarily a part of the usual services performed by a managing agent, additional compensation in an amount to be agreed upon between the parties; provided that prior to performing or arranging any service or activity which would result in such additional compensation, the Agent shall have given written notice thereof to the Owner and have received written approval from the Owner with respect thereto.

(c) For any new lease made by the Agent, a full commission, as provided by the recommended rates and rules of the Real Estate Board of _____ [name]; however, in no event shall the leasing commission exceed the sum of _____ percent (_____%).

(d) For any renewal or extension of a lease, or continuation of tenancy upon a statutory or month to month basis, _____ (_____) of such full commission.

(e) For any lease made while this agreement is in effect by a broker not in the employ of the Agent, the full commission shall be payable. _____ (_____) of such full commission shall be retained by the Agent, and _____ (_____) shall be paid to such broker.

(f) In the event of a termination of this agreement under Paragraph 10 hereof, the Owner shall recognize the Agent as the broker in any pending negotiation for a lease or for a renewal or extension or continuation, and in the event of the consummation thereof shall pay to the Agent a commission as set forth in this paragraph.

8. Indemnification and Insurance. The Owner shall indemnify and hold the Agent harmless from all suits for damages in connection with the management of the Building, and from liability for injuries suffered by any person while in the Building or on the premises upon which the Building is located. However, said indemnification shall not extend to damages or injuries caused by the willful or wrongful acts or omissions of the Agent, including, but not limited to, violations of federal, state and local laws and ordinances prohibiting discrimination in housing. The Owner shall carry, at its own expense, public liability insurance, elevator insurance, boiler insurance, and workmen's compensation insurance, with the Agent designated as one of the insureds, in amounts adequate to protect the interest of the Owner and the Agent.

9. Term. This agreement shall become effective on _____ [month] _____ [day], _____ [year], and shall continue in full force and effect until and including _____ [month] _____ [day], _____ [year]. Thereafter, it shall continue in full force and effect unless either party shall serve written notice of cancellation sent by registered mail to the other party, in which event this agreement shall terminate _____ (_____) days after the service of such notice.

10. Early Termination. Notwithstanding the provisions of Paragraph 9, this agreement may be terminated, and the obligations of the parties hereunder shall thereupon cease, if any of the following circumstances shall occur:

(a) In the event of a bona fide sale or demolition of the Building, the Owner may terminate this agreement upon not less than _____ (_____) days' notice by registered mail to the Agent.

(b) If a petition in bankruptcy is filed by either the Owner or the Agent, or if either shall make an assignment for the benefit of creditors or take advantage of any insolvency act, either party may terminate this agreement by serving written notice by registered mail to the other party.

(c) If the Owner shall fail to comply with any rule, order, determination, ordinance, or law of any federal, state, or municipal authority, the Agent may terminate this agreement by giving _____ (_____) days' written notice by registered mail to the Owner.

11. Notices. Notice hereunder shall be valid if mailed to the Owner at _____[address], and to the Agent at the Building, or to such other addresses as either party shall from time to time designate by appropriate written notice.

12. Entire Agreement. This Agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

13. Non-waiver. No delay or failure by either party to exercise any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

14. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

15. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of _____[state].

16. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

17. Binding Effect. The provisions of this Agreement shall be binding upon and inure to the benefit of both parties and their respective legal representatives, successors, and assigns.

The parties have executed this agreement on the date first above written.

26-22 Current Legal Forms for Real Estate FORM 22.96

FORM 22.96 Management Agreement--Termination at will--related parties

COMMENT

The following form is a simple management agreement, and would likely be utilized in connection with a property when the management is being delegated to a related party. The following form is terminable at the will of the owner and places the risk of negative cash flow from the operations of the property upon the owner.

FORM

THIS MANAGEMENT AGREEMENT is made and entered into this _____[*day*] day of
_____[*month*], _____[*year*], by and between _____[*name*], a(n)
_____[*state*] _____[*entity*] ("Owner"), and _____[*name*], a(n)
_____[*state*] _____[*entity*] ("Manager").

RECITALS

Owner is presently the owner of the property known as _____[*name*] (the "Property").

Owner desires to obtain the services of Manager to manage and operate the Property, and Manager is willing to render such services on the terms and conditions hereinafter set forth.

For good and valuable consideration, the receipt and sufficiency of which are mutually acknowledged, the parties agree as follows:

1. Term. This Agreement may be terminated at any time by Owner upon written notice to Manager. This Agreement may be terminated by Manager upon _____ (_____) days written notice to Owner.

2. Appointment. Owner appoints Manager, and Manager accepts such appointment, to manage, operate, supervise and conduct business of the Property during the term of this Agreement, upon the terms and conditions set forth.

3. Operation. Manager shall conduct business of and operate the Property in a good, efficient and lawful manner, and use its best efforts to preserve and protect the business, operations and goodwill of the Property. Subject to the requirements of this Agreement, Manager shall have reasonable discretion in the management and operation of the Property.

4. Compliance with the Leases. Manager shall, at its own cost and expense, perform Owner's obligations under the leases to tenants of the Property, for which Owner shall be responsible. Subject to the foregoing, neither Owner nor Manager shall, by act or omission, cause any breach or default under, or any termination of, the leases. Manager is authorized, from time to time, to renew and extend existing leases, and to enter into new leases with tenants, as suites become vacant.

5. Management Fee. Manager shall collect the Property's rents received from tenants, and any other miscellaneous income derived from the Property, deduct its management fee of _____ percent (_____%), pay any costs and expenses associated with the Property, and remit the balance (along with the appropriate documentation showing the costs and expenses paid) to Owner not later than the _____ (_____) day of the calendar month following the month in which collections are made. If requested by Owner, Manager shall first make all mortgage, insurance, and real estate tax payments attributable to the Property.

6. Relationship of Parties. This Management Agreement is solely for the purpose of providing for certain management services to be rendered by Manager to Owner in the Property. This Management Agreement is not, nor shall it be deemed to be, a sublease of any Property or any part thereof, or an assignment or transfer of any part of the leasehold estates granted by the leases of the Property's suites.

7. Non-Assignment. This Agreement shall not be assigned or otherwise transferred by either party hereto without the express written consent of the other party, except that no such consent shall be required as to any such assignment or transfer to a parent, subsidiary or other affiliate of Manager (in which event Manager shall remain liable hereunder).

8. Miscellaneous

There are no prior or contemporaneous written or oral agreements, undertakings, promises, warranties, guaranties or covenants between the parties, respecting the subject matter hereof, except as set forth in a writing(s) signed by the parties.

No waiver of any term or condition of this Agreement by any party shall be valid unless set forth in a writing signed by such party. No such waiver shall be deemed to be a waiver of any other or similar provision or condition, or of any future event, act, breach or default.

This Agreement may be modified, supplemented or amended only by a written memorandum executed by all parties.

Headings of sections are for convenience of reference only, and shall not be construed as a part of this Agreement, or as limiting or defining the scope of any section.

All notices and other material communications permitted or required to be given hereunder shall be in writing and shall

be personally delivered or sent by U.S. registered or certified mail, proper postage paid, to the party in question at its address set forth below, or to such other addresses as such party may designate by written notice to the other party;

If to Owner: _____

If to Manager: _____

All such notices shall be deemed given and effective: (a) if personally delivered, upon receipt, and (b) otherwise, upon deposit thereof in the U.S. mail or with a reputable express delivery service in accordance with this Section 8.5, Miscellaneous.

This Agreement shall be construed and enforced in accordance with the laws of the State of _____ [state].

Nothing contained herein is intended, nor shall it be construed, to create, evidence or confirm any relationship between the parties of partnership, joint venture, sublessor and sublessee, or any relationship other than that of Manager and Owner.

This Management Agreement is duly executed on behalf of the parties by their duly authorized officers as of the date first above written.

26-22 Current Legal Forms for Real Estate FORM 22.97

FORM 22.97 Management agreement between owner of retail strip center under construction and real estate agent--agent to manage center once it is built

COMMENT

This form is a management agreement relating to a retail strip center. Obviously, many of the provisions are applicable to any income producing property. Under this agreement, the owner wishes to begin obtaining commitments from prospective tenants as soon as possible. In many circumstances, the owner will have commitments from some of the large tenants prior to commencing construction. This agreement provides the agent with a substantial advertising budget for the first six months covered by the agreement, or until the units are fully rented, whichever comes first. The agent may supplement the budget itself, if it so desires.

In addition to the advertising budget, the landlord offers the agent incentives so that the agent will rapidly lease the premises. For example, the agent's compensation is tied to a percentage of: (1) gross rentals; and (2) the "overhead" charge to be imposed on all tenants.

The agent will be responsible for virtually all aspects of the operation of the shopping center. For that reason, the agent must hold the landlord harmless for any claims arising out of the operation of the shopping center (see the "hold harmless" clause in paragraph 13). The sole exception is where the claim alleges an intentional act on the part of the owner. The agent is also required to provide insurance to order to "fund" the hold harmless provision in the event that a successful claim is brought by an injured party. After all, a hold harmless is only as good as the ability of the party providing it to cover the financial losses suffered by the recipient.

FORM

AGREEMENT made this _____ [day] day of _____ [month],
 _____ [year], between _____ [name], a(n) _____ [state]
 _____ [entity], with offices for the transaction of business at _____ [address]
 (hereafter referred to as "Agent"), and _____ [name], a(n) _____ [state]
 _____ [entity], with offices for the transaction of business at _____ [address]
 (hereafter referred to as "Owner").

W I T N E S S E T H:

WHEREAS, Owner is the owner of a certain strip mall of approximately _____
 (_____) square feet located in _____ [city], _____ [state]; and

WHEREAS, Agent is in the business of managing strip malls;

NOW, in consideration of the mutual promises contained herein, it is agreed as follows:

1. Managing Agent. Agent agrees to act as managing agent for Owner for its strip mall located in
 _____ [city], _____ [state]. In furtherance of its duties, upon execution of this
 Agreement, Agent shall do the following:

(1) seek and secure an anchor tenant which shall be one of the following: a major chain grocery store, a major chain discount department store, or a major discount catalogue store;

(2) seek and secure a discount drug store as a key tenant; and

(3) seek and secure such other tenants as will fill the available space in the mall and attract customers.

2. Leases. Agent shall provide Owner with a proposed lease to be used by all tenants in the mall. The leases shall provide for common area maintenance charges, taxes, overhead and insurance expenses to be paid *pro rata* by the tenants. All rental rates shall be approved by Owner and shall be based on the number of square feet occupied by the tenant.

3. Advertising. Agent shall advertise, as it deems necessary, to locate tenants for the initial rent up. Owner shall contribute the sum of _____ Dollars (\$_____) monthly toward the cost of advertising for _____ (_____) months, or until rent up is complete, whichever event occurs first. Thereafter, when a vacancy occurs, Owner will contribute _____ Dollars (\$_____) per month towards the cost of advertising. Any expenses of locating a tenant above these amounts shall be borne by Agent. Agent shall account to Owner for all sums expended on advertising.

4. Duties. Agent shall perform the following duties:

(1) Collect rent, common area maintenance, insurance, taxes and overhead charges monthly from each tenant. Agent shall also maintain accurate records relating thereto.

(2) Evict tenants where violations of the lease occur. The expenses of an attorney, if needed, shall be charged to Owner. Owner shall have the right to select the attorney.

(3) Locate additional tenants, as needed. This shall include negotiation of the leases, as well as negotiation of fit-up expenses and incentives, if offered by Owner. Agent shall obtain an executed lease from each tenant, which must be

approved by Owner prior to the lease becoming binding upon the Owner.

(4) Minor maintenance and repair, such as changing light bulbs, repairing door handles, and similar things. This shall be done by the Agent staff at Agent's expense.

(5) Arrange for janitorial service, landscaping care, major repairs and maintenance, snow removal and trash removal. This shall be charged to the tenants as part of the common area charges. Funds shall be advanced by Owner, as needed, until such funds are collected from tenants.

(6) Arrange for payment of taxes and insurance. These expenses shall be charged to the tenants. Funds shall be advanced by Owner, as needed, until such funds are collected from tenants.

(7) Inspect the premises on a regular basis to be certain that the terms of all leases are adhered to, and to ascertain the need for maintenance and repair.

(8) Purchase necessary equipment and supplies to carry out the duties set forth herein. Equipment shall be charged to Owner. Supplies shall be charged to the tenants as part of common area charges.

(9) Maintain the shopping center as a first-class establishment, in conformance with the high standards of all Owner-owned malls.

5. Accounting. Agent shall provide monthly, quarterly and annual summaries of income and expenses to Owner. Owner shall be deemed to own all books and records maintained by Agent. Owner may inspect and audit the books of Agent at any time without notice to Agent. Summaries shall be delivered to Owner within _____ (_____) days of the close of the period to which they relate.

6. Term. The term of this agreement shall be for a period of _____ (_____) years, commencing upon the date of execution. The agreement shall be automatically renewed for additional _____ (_____) year periods unless either party shall give the other party notice of termination at least _____ (_____) days prior to the expiration date.

7. Termination. Owner may terminate this agreement for cause upon _____ (_____) days' notice. Upon receipt of notice to terminate by either party, an audit shall be performed by Owner's accountants. Upon completion of the audit, final payments shall be made. Agent shall execute a general release and return all keys to Owner. Agent shall cooperate with its successor by supplying all books and records and responding promptly to all reasonable requests for information.

8. Compensation. Agent shall receive _____ percent (_____) of all gross monthly rents received, plus _____ (_____) of the overhead charges added to all common area maintenance payments. Agent shall take its compensation from the receipts once each month.

9. Payment to Owner. Agent shall pay Owner's mortgage each month from rental funds received after deduction of all expenses, including Agent's compensation. In the event of a shortfall, Agent shall notify Owner of the amount. Owner shall be responsible for the shortfall. In the event that there are excess funds, Agent shall place up to _____ Dollars (\$_____) of such excess funds in a savings account known as a "sinking fund," the purpose of which is to cover future major repairs. Any excess above that sum shall be delivered to Owner.

10. Conditions. Agent shall notify Owner of any damage to the mall caused by fire or other casualty. Agent shall notify Owner of any incident which may give rise to a claim for personal injury. Agent shall promptly notify the insurance

company involved in either event. Agent shall be responsible for all negotiations with the insurance company; however, Owner must approve all settlements. Agent shall arrange for any repairs needed as a result of the fire or other casualty.

11. Laws. Agent shall promptly bring the shopping center into compliance with all laws, rules and regulations of any governmental entity having jurisdiction. The cost of such compliance shall be chargeable to Owner or to the tenants as part of common area charges, depending on the nature of the item.

12. Bond. Agent, at its sole expense, shall bond its employees who will be working to fulfill any aspect of Agent's obligations under this agreement.

13. Hold Harmless. Agent shall indemnify and hold Owner harmless for any claim arising out of the use or operation of the shopping center, except to the extent that the claim shall allege an intentional act on the part of Owner. This indemnification shall include, but not be limited to, costs of defense, legal fees, disbursements, court costs and any monetary judgment or settlement, including interest and penalties, if any. Agent shall provide Owner with a certificate of insurance coverage adequate to fully fund the contractual liability set forth above. The policy shall contain a provision requiring notice to Owner at least _____ (_____) days prior to the effective date of cancellation of the insurance policy.

14. Entire Agreement. This Agreement, together with the other written agreements and instruments executed concurrently herewith or pursuant to the provisions hereof, contains the entire agreement between the parties respecting the matters herein set forth and supersedes all prior agreements between them respecting such matters.

15. Counterparts. This Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one (1) and the same instrument. At the trial of any matter arising under this Agreement, only one (1) counterpart need be produced.

16. Headings. Section headings are for purposes of convenience and identification only and shall not be used to interpret or construe this Agreement.

17. Waivers. Except as herein expressly provided, no waiver by Owner of any breach of this Agreement or of any warranty or representation hereunder from Agent shall be deemed to be a waiver of any other breach by Agent of any kind or nature (whether preceding or succeeding, and whether or not of the same or similar nature). No acceptance of payment or performance by Owner after any such breach by Agent shall be deemed to be a waiver of any breach of this Agreement or of any representation or warranty hereunder by Agent, whether or not Owner knows of the breach when it accepts such payment or performance.

No failure by either party to exercise any right it may have under this Agreement or under law upon the other's default, and no delay in the exercise of that right, shall prevent it from exercising the right whenever the other party continues to be in default. No such failure or delay shall operate as a waiver of any default, or as a modification in any respect of the provisions of this Agreement.

18. Gender and Number. Whenever the singular or plural number, or masculine or feminine gender, is used herein, it shall equally include the other.

19. Notices. Any notice which any party is required or may desire to give hereunder shall be in writing and may be personally delivered, transmitted by facsimile machine, or delivered by the United States Postal Service or private delivery service to the above addresses. Notice is deemed given when received.

20. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of the State of _____[state].

26-22 Current Legal Forms for Real Estate FORM 22.97

21. Binding Effect. This Agreement shall be binding upon, and inure to the benefit of, all the parties, and their respective heirs, representatives, successors, and assigns.

22. Modifications. This Agreement may be modified only by a written document signed by both parties. A purported oral modification shall not be effective.

The parties hereto have set their hands and seals the day and year first above written.

26-22 Current Legal Forms for Real Estate FORM 22.98

FORM 22.98 Exclusive agency--shopping center--varying commissions--payment on early termination

COMMENT

In addition to the exclusive management and leasing responsibilities incorporated in the standard management contract, the shopping center manager frequently performs the additional function of coordinating the activities of business tenants. Under this agreement such duties include assisting in the organization of a tenants' association, formulating bylaws for such an association, collaborating in promotional activities, and aiding in the scheduling of the opening of the businesses of the various tenants. Another important responsibility often assigned to the manager is the prevention of prohibited business activities by the tenants so as to avoid intra-center competition.

By its terms this agreement may operate for a relatively long period of time, since it is to continue until the expiration of all leases procured by the manager, including their extensions and renewals. However, either party may terminate the agreement without cause. If the landlord effects an early termination without cause, the manager is to receive a fixed percentage of all rentals payable over the current terms of leases negotiated by the manager. If the termination is by the manager, the amount payable to the manager is measured by a lesser percentage of such rentals.

FORM

AGREEMENT made this _____[day] day of _____[month],
_____[year], between _____[name] (the "Landlord") and
_____[name] (the "Agent").

Whereas the Landlord is constructing on the property described in Exhibit A attached hereto a shopping center with

approximately _____ (_____) square feet of floor space, known as _____ [name] (the "Shopping Center"), and

Whereas the Agent has negotiated certain leases for portions of the Shopping Center, and

Whereas the Landlord desires that the Agent will be the management agent and leasing agent for the Shopping Center, upon the terms and conditions hereinafter stated,

Now, therefore, it is hereby agreed as follows:

1. Appointment as Management Agent. The Landlord hereby appoints the Agent as the exclusive management agent for the Shopping Center for the term of this agreement.

2. Appointment as Leasing Agent. The Landlord hereby appoints the Agent as the exclusive agent for the original leasing of all space in the Shopping Center. As to each vacancy which occurs in the Shopping Center the Agent shall endeavor to obtain a tenant upon conditions reasonably satisfactory to the Landlord. If the Agent is unable to obtain a replacement tenant upon terms satisfactory to the Landlord within _____ (_____) days after notification that such vacancy is to occur, then the Landlord may lease such vacant space itself or employ another agent.

3. Term of Agreement. This agreement shall remain in full force and effect until all the leases obtained by the Agent in the Shopping Center, including all extensions or renewals of such leases, shall expire, unless there is a termination or sale described in Paragraphs 8 or 9 hereof.

4. Management Functions. During the term of this agreement the Agent shall provide the following services as management agent, subject to the approval of the Landlord:

(a) Collect rental payments, on a monthly basis, from all tenants in the Shopping Center. From each month's collection, the Agent shall first deduct the commissions and all other sums due it hereunder, and remit any balance to the Landlord. If the Landlord revokes the Agent's authority to collect rents, in whole or in part, such revocation shall not constitute a breach of this agreement so long as the Landlord continues to pay the Agent on a monthly basis all sums due it out of such rents.

(b) Make prompt disbursements as directed by the Landlord, provided it first furnishes the funds therefor to the Agent.

(c) Assist in coordinating the opening of the businesses of the several tenants.

(d) Aid in the organization of a merchants' association, including aid in (1) furnishing bylaws for such association; (2) selecting an advertising agency for the Shopping Center; (3) formulating promotional plans; and (4) determining the amount of and collecting the contributions by each member of such association.

(e) Prepare monthly and annual comparative operating statements.

(f) Supervise all maintenance and repairs required to be made by the Landlord. In this connection, the Agent shall have the authority, without the Landlord's further consent or authorization, to arrange, and obligate the Landlord to pay for, any repair or maintenance item costing not more than _____ Dollars (\$_____).

(g) Supervise the maintenance personnel furnished by the Landlord.

(h) Provide liaison between the Landlord and the tenants, and aid in the solution of any problem arising between the

Landlord and any tenant, or among such tenants.

5. Repairs and Maintenance. The Landlord shall provide and pay for such personnel, equipment, and supplies as may be reasonably necessary in order to keep the Shopping Center in good repair and in a clean and orderly condition, provided that payments shall not be made with respect to repairs which the tenants are obligated to make under the terms of their respective leases.

6. Agent's Fees. For the services rendered by the Agent the Landlord shall pay to it the following commissions and fees, which shall be, with respect to the leases negotiated by the Agent, in lieu of all commissions for negotiating such leases:

(a) As to leases negotiated by the Agent, a combined leasing and management fee equal to _____ percent (_____%) of the rents, including percentage rents, becoming due and payable under such leases. Such fees shall be paid as such rents are collected.

(b) As to any lease procured by someone other than the Agent, the Agent shall receive a management fee equal to _____ percent (_____%) of the rents, including percentage rents, becoming due and payable under such leases. Such fees shall be paid as such rents are collected.

7. Agent's Action on Tenant's Default. The Agent shall have the right, in its own name or in the name of the Landlord, to take any and all actions, including distraint, which the Agent deems advisable and which the Landlord might take, in the event of any tenant's breach of any covenant, provision, or condition binding upon such tenant under its lease with the Landlord. Nothing in this paragraph shall be deemed to require the Agent to institute legal action against any tenant. If the Landlord desires such legal action it shall pay for all costs and attorneys' fees in connection therewith.

8. Termination of Agency. In the event that the Landlord terminates the Agent's services under this agreement, the Landlord shall thereupon pay to the Agent a lump-sum commission equal to _____ percent (_____%) of all fixed rents thereafter to become due and payable during the then current terms of all leases negotiated by the Agent for the Shopping Center. In the event, for any reason whatsoever, the Agent terminates its services under this agreement the Landlord shall pay to the Agent a lump-sum commission as hereinabove set forth in the first sentence of this Paragraph 8, except that the rate of such commissions shall be _____ percent (_____%), and except that the Landlord shall have a period of _____ (_____) months after such termination in which to make such payment. Notwithstanding anything hereinabove to the contrary in this paragraph, if either the Landlord or the Agent defaults in performing any of its obligations under this agreement, the other party may terminate this agreement, but for the purpose of this paragraph the defaulting party shall be deemed to have terminated this agreement. In the event of default hereunder by either party, the other party shall have no remedy except to treat this agreement as having been terminated by the defaulting party. The commissions to be paid by the Landlord in the event of the Landlord's default, and the diminution of the Agent's commissions in the event of the Agent's default, shall be treated as liquidated damages.

9. Sale of Property. This agreement shall terminate and the liabilities of the parties hereunder shall terminate upon a sale of the Shopping Center; provided the Landlord, its officers, and shareholders retain no interest, directly or indirectly, in the property, except a lien thereon to secure payment of the purchase money as a condition of sale; and provided further that prior to or contemporaneously with such a sale the Agent shall be paid all sums then due it, together with the lump-sum commission due on any termination of the agency by the Landlord.

10. Binding Effect. This agreement and all the provisions hereof shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective successors and assigns.

11. Entire Agreement. This Agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

12. Notices. All notices under this Agreement shall be in writing and delivered personally or mailed by certified mail, postage prepaid, addressed to the parties at their last known addresses.

13. Non-waiver. No delay or failure by either party to exercise any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

14. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

15. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of _____[state].

16. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, Landlord and the Agent have caused this agreement to be executed in their respective names by their proper officers.

Part IV. FORMS
F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.99

FORM 22.99 Exclusive agency--office building--agent's office on premises--mutual termination rights--commission upon sale of property

COMMENT

While this agreement covers the basic points generally required in management agreements dealing with income producing property, it illustrates alternatives for dealing with some of the fundamentals, and contains several features of special interest.

Under most management agreements, a termination during the period of the contract can occur only in specified circumstances. In this agreement either party may terminate at will. However, unless the termination is based upon inexcusable failure of the agent to deposit or account for funds, the owner must pay to the agent liquidated damages based upon the discounted value of a specified monthly sum for the remainder of the term.

This agreement requires the manager to maintain a full-time office at the Building. Under this type of scenario, one would expect the fee to be higher. Another feature of this agreement is the requirement for the preparation by the agent of periodic budgets of expenses, forecasts of rental and occupancy changes, and reviews of the status of leases. Such statements are not intended to impose inflexible standards, but merely to provide guidelines for the agent's activities. In some agreements the agent is required to adhere quite rigidly to the budgets approved by the owner.

As in most cases, the agent's compensation under this agreement is based on a percentage of rent collections and other income collected. A special provision deals with the agent's compensation in the event it negotiates a sale, or a long-term lease of the property.

FORM

26-22 Current Legal Forms for Real Estate FORM 22.99

AGREEMENT made this _____ [day] day of _____ [month],
 _____ [year], between _____ [name], a(n) _____ [state]
 _____ [entity] (the "Owner"), and _____ [name], a(n) _____ [state]
 _____ [entity] (the "Agent").

1. Employment of Agent. The Owner hereby employs the Agent as sole and exclusive managing agent to rent, manage, and operate the building known as _____ [name], (the "Building"), upon the conditions and for the term and compensation herein set forth.

2. Term of Employment. The term of employment shall be from _____ [month]
 _____ [day], _____ [year], to and including _____ [month]
 _____ [day], _____ [year], subject to earlier termination as herein provided. If this contract remains in effect on _____ [month] _____ [day],
 _____ [year], it shall continue thereafter until terminated by either party by giving
 _____ (_____) days notice to the other.

3. Acceptance of Employment. The Agent hereby accepts such employment and agrees to perform all services necessary for the care, protection, maintenance, and operation of the Building, including the following:

(a) Use all reasonable efforts to keep the Building rented by procuring tenants for the Building and negotiating and executing on behalf of the Owner all leases for space in the Building; provided, however, that the Agent shall not execute any lease without securing the Owner's prior written consent. The Agent shall not have the right to cancel or amend any lease without the Owner's written consent.

(b) Collect all rentals and other income from the Building, provided that nothing herein contained shall constitute a guarantee by the Agent of the payment of rent by tenants.

(c) Maintain an office in the Building and pay out of its own compensation the salaries of all employees of the Agent in the Agent's office, including a building manager. The Agent shall also bear all other costs in connection with the operation of the Agent's office, including its telephone, telegraph, stationery, and similar expenses. The Agent shall not be required to pay for heat, light, or rent for the premises occupied as the Agent's office. The Owner shall pay all expenses relating solely to the operation of the Building as distinguished from the maintenance of such office by the Agent. The Owner shall pay for architects' fees relating to space layouts for new tenants or for renewals of present tenants.

(d) Employ, discharge, and pay on behalf of the Owner all servants, employees, or contractors necessary to be employed in the management and operation of the Building. The Agent shall discharge any servant, employee, or contractor whose discharge is demanded in writing by the Owner, except that the Agent shall not be required to respect such demand if it is in violation of any written agreement or contract existing with respect to any such servant, employee, or contractor.

(e) Purchase on behalf of the Owner all equipment, tools, appliances, materials, supplies, and uniforms necessary for the maintenance or operation of the Building.

(f) Contract on behalf of the Owner for and supervise the making of all repairs, alterations, and decorations in the Building. The Agent, however, shall not contract for any repair, alteration, or decoration that costs over
 _____ Dollars (\$_____) without the Owner's prior written approval.

(g) Contract on behalf of the Owner for water, gas, electricity, and other services and commodities necessary in the

operation and maintenance of the Building. The Agent, however, shall not make a contract for any such item involving an expenditure of over _____ Dollars (\$_____) without the Owner's written approval.

(h) Advertise the rental space in the Building, subject to the approval and at the expense of the Owner.

(i) Contract on behalf of the Owner for the sale of drinking water, paper, gas, electric current, repair service, towel supplies, and other miscellaneous supplies. The income from such contracts shall be the property of the Owner and shall be deposited by the Agent in the Owner's accounts.

(j) Prepare and file all returns and other documents required under the Federal Insurance Contributions Act and the Federal Unemployment Tax Act, or any similar federal or state legislation, and all withholding tax returns required for employees of the Building. The Agent shall pay all amounts required to be paid under the Federal Insurance Contributions Act and the Federal Unemployment Tax Act, or any similar federal or state legislation, and all withholding taxes, from the Owner's funds. The Agent shall file such returns and reports as may from time to time be required by the State of _____ with respect to the sale of gas and electricity.

(k) Maintain full books of account with correct entries of all receipts and expenditures of managing the Building. Such books of account shall be the property of the Owner and shall at all times be open to the inspection of the Owner or of any of its officers or duly authorized agents.

(l) Furnish monthly to the Owner a detailed statement of all receipts and disbursements for each month, such statement to be furnished on or before the fifteenth day of each month for the preceding month. Such statement shall show the status of collections and shall be supported by cancelled checks, vouchers, duplicate invoices, and similar documentation covering all items of income and expense, which shall be kept in the Agent's office and be available for inspection of the Owner's representatives at all times. The Agent shall also furnish a monthly operating statement showing the income and expense for the month and year to date and for the same month of the preceding year.

4. Deposits of Rent and Other Income. All sums received from rents, sales of gas, electricity, supplies, and services, and other income from the Building, shall be deposited from time to time as collected by the Agent to the credit of the Owner in such bank or banks as it may designate from time to time in an account to be known as " _____[name]," or by such other name as the Owner shall designate. All such receipts shall at all times remain the Owner's property. The Agent shall have the right to open an account in such bank as the Owner shall designate from time to time.

5. Budget. The Agent shall from time to time, and at least semiannually, prepare and submit to the Owner a tentative budget of expenses. The Agent shall also from time to time and at least annually prepare and submit to the Owner the following schedules:

(a) Forecast of rental and occupancy changes;

(b) Review of lease negotiation;

(c) Annual analysis of leases.

The forecast of rental and occupancy changes, when approved in writing by the owner, shall form the basis on which leases of space in the Building shall be negotiated. Such forecast is not intended to constitute a fixed requirement, but rather to form a basis for the negotiation of such leases, to be modified in particular instances with the Owner's written consent. Such forecast shall remain in effect until the Owner has approved a revised schedule. The budget of expenses submitted by the Agent, when approved by the Owner, shall in general form the basis on which the Agent shall incur

items of expense for the operation of the Building and the procuring of tenants for the Building.

6. Agent's Bond. The Agent shall furnish to the Owner a bond with surety satisfactory to the Owner, in a penal sum approved by the Owner, insuring that the Agent shall perform and comply with all the conditions and provisions of this agreement and faithfully account to and pay over to the Owner all sums held by the Agent which are due to the Owner. The Owner shall pay all premiums and charges on such bond.

7. Insurance. The Owner reserves the right at all times to place all insurance policies with respect to the Building and its operation. The Agent shall be included as an insured in the policies covering general and elevator liability, public liability, and workmen's compensation insurance. In the event the Agent is authorized by the Owner to place insurance policies, the companies, the general agents, the amounts of coverage, and the risks insured shall be subject to the approval of the Owner, and the Agent shall be permitted to receive and retain such insurance commissions as are customarily paid.

8. Exclusiveness of Agency. The Owner during the term of the employment of the Agent hereunder shall not authorize any other person, firm, or corporation to negotiate or act as renting agent with respect to any leases for space in the Building; provided that the Owner shall have the right to negotiate in its own behalf for the leasing of space in the Building. The Owner shall not permit any person, firm, or corporation other than the Agent to have or maintain any rental or "For Rent" sign in or about the Building, and shall keep the Agent informed concerning inquiries for space or negotiations for space by any person, firm, or corporation. The Agent shall have the right to display within the Building suitable signs of the Agent to the effect that Agent is the managing agent of the Building and that space in the Building is for rent.

9. Compensation

(a) The Owner shall pay the Agent, at the close of each year during which this agreement is in effect, as the Agent's entire compensation for services hereunder, an amount equal to _____ percent (_____%) of the total rent collections and other income from the Building during such year. The phrase "rent collections and other income" shall be deemed to include rents paid by tenants and income from the routine operation of the Building, such as the sale of gas, electricity, supplies, and services, work orders, alterations paid by tenants, and other miscellaneous income. Such phrase shall not be deemed to include receipts arising out of the sale of assets, the settlement of fire losses and items of a similar nature, or rebates, discounts, or other credits received by the Agent incident to purchases, contracts, or other arrangements entered into under this agreement for the account of the Owner.

(b) The Agent shall have the right to retain commissions collected by the Agent from tenants in the Building as compensation for its services to such tenants in negotiating subleases, but the Agent shall not negotiate any sublease prejudicial to the interests of the Owner, and any determination by the Owner that any such sublease is prejudicial to its interests shall be final and binding. Nothing herein contained shall authorize any tenant to sublet if subletting is prohibited by such tenant's lease, or is permitted only with the Owner's written consent.

(c) The Agent shall have no right to obligate the Owner for the payment of any commissions to any outside real estate agent or broker without the Owner's written consent.

10. Commission on Sale. If the Agent, alone or working with other real estate agents or brokers, negotiates a long-term lease, sale, or other disposition of the land and the Building, it shall be paid one-half of the regular commission on such disposition, according to the then prevailing rates of the _____ [name] Real Estate Board. In the event other real estate agents or brokers assist in such disposition, the commission payable to the Agent shall not be subject to reduction for amounts payable to such other agents or brokers. All commissions payable to the Agent under this paragraph shall be reduced by the amount of any termination amount received by the Agent under Paragraph 13.

11. Assignment. Neither party hereto shall have the right to assign this agreement without the other party's written consent. If the Agent withholds consent to assignment by the Owner, the Owner may terminate this Agreement by giving not less than _____ (_____) days and not more than _____ (_____) days written notice to the Agent, provided that such notice is given within _____ (_____) days after such consent to assignment is withheld. The Agent shall, if requested by the Owner, continue management for a period up to _____ (_____) days after the date of assignment.

12. Termination. The Owner or the Agent may terminate this agreement at any time, with or without cause, by giving _____ (_____) days written notice. The Owner may terminate this agreement without notice if the Agent shall willfully fail to account for funds belonging to the Owner, or shall fail or refuse to deposit rents and other collections to the credit of the Owner, as provided herein, unless such failure to account for funds or to deposit rents or collections is the result of some act or condition beyond the control of the Agent and its employees.

13. Payment Upon Termination. If this agreement is terminated prior to _____ [month] _____ [day], _____ [year], by either party hereto for any reason whatsoever, except in circumstances where the Owner may terminate without notice as provided in Paragraph 12, the Owner shall pay to the Agent, its successors or assigns, on the termination date an amount equal to the present value, discounted at the annual rate of _____ percent (_____%), of the right to receive _____ Dollars (\$_____) per month for the period between the termination date and _____ [month] _____ [day], _____ [year].

14. Notice. All written notices to be given to the Owner may be addressed and mailed, by United States registered mail, to its designated representatives, and all written notices to be given to the Agent may be addressed and mailed, by United States registered mail, to the Agent at its principal place of business.

15. Entire Agreement. This Agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

16. Non-waiver. No delay or failure by either party to exercise any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

17. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

18. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of _____ [state].

19. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

20. Binding Effect. The provisions of this Agreement shall be binding upon and inure to the benefit of both parties and their respective legal representatives, successors, and assigns.

The parties hereto have caused this agreement to be executed the day and year first above written.

 Part IV. FORMS
 F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.100

FORM 22.100 Hotel management--general services

COMMENT

The management of a hotel involves more than the operation of rental property. The daily problem of attracting guests and supplying them with a variety of services is a complex business operation. It is for this reason that hotel management is generally undertaken by organizations which have developed special personnel and techniques for providing these services. In many circumstances, the manager will be required to maintain the hotel consistent with the guidelines of its licensor or purchaser.

Apart from the physical operation of the property the duties of the manager include a wide range of promotional activities. Thus, the manager must develop policies for introducing new features into the hotel, must create campaigns for publicizing the hotel, and must stimulate the general business of the hotel. Even aside from promotional responsibilities, the manager's general duties are relatively extensive. Repairs are to be made in the discretion of the manager, regardless of the amount involved. The manager has exclusive authority with respect to leases, concessions, and the placing of insurance. In other agency arrangements, the owner often reserves the right of final decision as to these matters. All expenses of the manager, excluding, however, its own overhead and the salaries of its own officers and employees, are to be borne by the owner. Under this agreement, compensation is to be paid on the basis of a fixed percentage of gross income from all business operations in the hotel.

FORM

AGREEMENT made in _____[city], _____[state], on this
 _____[day] day of _____[month], _____[year], between

_____[name], a(n) _____[state] _____[entity] (the "Owner"), and
 _____[name], a(n) _____[state] _____[entity] (the "Managing
 Agent").

Whereas the Owner now owns the property commonly known as _____[name] Hotel in the City of
 _____[city] (the "Hotel"), and

Whereas the Owner desires to employ the Managing Agent to act as General Manager of the Hotel for a period of
 _____ (_____) years from the date hereof, and the Managing Agent is willing to
 accept such employment for such period, subject to the terms and conditions hereinafter set forth,

Now, therefore, in consideration of the foregoing and of the terms and conditions herein set forth, the parties hereto
 agree as follows:

1. Employment of Agent. The Owner hereby employs the Managing Agent for a period of _____
 (_____) years from _____[name], as general operating manager of the Hotel, with
 authority, subject to the limitations and conditions herein set forth, to direct, supervise, and manage its operation.

2. Manager's Duties. The Managing Agent shall manage and maintain the Hotel consistent with the guidelines of
 _____[city] so that the Hotel will maintain its status as a licensee of _____[name].
 Such duties shall include without limitation, the following: supervise and direct the general operations of the Hotel;
 operate the Hotel efficiently and with proper economy; develop policies with respect to the installation of new features
 to the extent that the financial obligations and resources of the Owner permit; develop policies with respect to publicity
 for the purpose of creating the greatest possible net income from the Hotel; supervise and manage the operations of all
 public spaces, including, but without limitation, dining rooms; stimulate the general business of the Hotel; employ at the
 expense of the Owner such resident managers, assistant managers, employees, agents, clerks, and servants at the Hotel
 as may be required to continue the standard and quality of management and operation at a level not lower than that
 heretofore maintained; make leases on behalf of the Owner of rooms, stores, and concessions in or about the Hotel,
 together with renewals, extensions, or modifications thereof; collect income; keep the Hotel and all furniture,
 furnishings, and other equipment therein and appurtenant thereto in repair; arrange for necessary replacements,
 improvements, and changes in the Hotel and in the furniture, furnishings, and other equipment therein; supervise the
 placing of insurance on the Hotel and on all furniture, furnishings, and equipment therein against all risks usually
 covered in the case of similar properties, including, but without limitation, fire, boiler, elevator, plate glass, workmen's
 compensation, liability and fidelity insurance, and all other usual insurance (which shall also cover any liability of the
 Managing Agent); place and supervise all advertising and promotion circular matter; place at the disposal of the Owner
 its engineering, decorating, general purchasing, supervising, and accounting departments; and perform all other acts
 necessary or desirable in the operation of the Hotel. The Managing Agent represents that it controls an organization
 which has adequately equipped departments suitable for the performance of the duties described in this paragraph, and
 that it shall furnish the full use of its organization and personnel without additional charge in the performance of this
 agreement.

3. Expenditures by Manager. The Managing Agent shall have power and authority to make all contracts and
 disbursements necessary to carry out the duties conferred and imposed upon it by this agreement, including, but not
 limited to, the authority to pay for all expenses of leasing, collection of rents, management, operation, maintenance, and
 insurance. The Managing Agent may, in the name and at the expense of the Owner, institute any legal or equitable
 action or proceeding for the collection of rent or other income from the Hotel or the ousting or dispossessing of tenants
 or other persons therefrom. The Managing Agent shall be reimbursed by the Owner for all such expenditures, provided
 that the Managing Agent shall bear the cost of its own overhead and the salaries of its own officers and employees. The
 resident manager, assistant managers, employees, agents, clerks, and servants at the Hotel shall be deemed to be the
 employees of the Owner and not of the Managing Agent for all purposes under this agreement except for the purpose of

determining the efficiency of the Managing Agent under Paragraph 9.

4. Compensation of Managing Agent. The Managing Agent shall be compensated at the rate of _____ percent (_____) of the gross cash income from the Hotel and all of its appurtenant leases and concessions. Such compensation shall be paid on the 15th day of each month on the basis of the gross cash income during the preceding month. The term "gross cash income" as used in this agreement includes all gross income of the Owner, on a cash basis, from all sources, less (a) such amounts as the Owner may receive and hold as security or in other special deposits so long as so held, and (b) amounts returned to payors as having been received by mistake or by reason of overcharges. The gross cash income shall be determined by and certified to by the Owner's regular auditor to certify the accounts of the Hotel in accordance with the "Uniform System of Accounts for Hotels," as from time to time approved by the American Hotel Association.

5. Deposit of Collections. All moneys collected by the Managing Agent out of and from the operation of the Hotel shall be deposited daily in a special account in the name of Monroe Hotels, Inc., in one or more banks or trust companies in appropriately designated and adequately identified accounts. Out of such accounts the Managing Agent may pay or reimburse itself for all obligations and expenditures necessarily and properly incurred for and on account of the Owner in the management and operation of the Hotel, including compensation of the Managing Agent, insurance premiums, taxes, supplies, repairs, maintenance, renewals, replacements, betterments, and improvements. The Managing Agent may keep on hand for the account of the Owner such a fund, but not in excess of _____ Dollars (\$_____), as may be necessary in the opinion of the Managing Agent to provide for working cash for the operation of the Hotel.

6. Accounting Services. The Managing Agent shall furnish the supervisory services of its own accounting department. Subject to the supervision of the Managing Agent, such department shall maintain for the Owner proper and suitable records and books of account to be kept in accordance with the "Uniform System of Accounts for Hotels," as approved by the American Hotel Association, in which there shall be properly recorded all receipts and disbursements connected with the management and operation of the Hotel. All books of account shall at all times be open to the inspection and audit of any of the Owner's officers or duly accredited and authorized representatives. All books, records, bills, receipts, bank books, check books, check vouchers, correspondence, lists, files, index cards, and books of account relating to lessees, concessionaires, guests, and prospective guests and employees of the Hotel for a period of at least _____ (_____) years from time to time last past, and other data and records pertaining or in any manner relating to the management and operation of the Hotel, shall at all times be safely kept and preserved and shall be the property of the Owner, and upon the termination of this agreement shall be retained by the Owner.

7. Indemnification. The Owner shall indemnify and hold harmless the Managing Agent from damages for injuries to persons or property resulting from any cause whatsoever in, on, or about the Hotel premises and, at its own cost and expense, to defend any action or proceeding against the Managing Agent arising therefrom, provided that the Managing Agent shall have fully and faithfully performed all of its duties hereunder. Notwithstanding the foregoing, the Owner shall not be required to indemnify the Managing Agent against damages suffered as a result of gross negligence or willful misconduct on the part of the Managing Agent, its agents, or employees. In addition, the Managing Agent shall indemnify and hold Owner harmless against any claim alleging discrimination in employment or lodging brought by anyone against Owner. This indemnification shall include, but not be limited to, all costs in defending against the suit, attorneys' fees, and any eventual settlement or judgment amount, plus interest.

8. Owner's Termination Rights. If, in the opinion of the Owner reasonably held at any time during the term of this agreement, it shall not deem the management of the Hotel by the Managing Agent to be efficient and to be in accordance with this agreement, the Owner may, by giving at least _____ (_____) days' written notice to the Managing Agent, terminate this agreement. Upon the expiration of the period of the notice, this agreement shall automatically terminate, without any liability to or upon the Owner other than its liability to pay for services rendered pursuant to this agreement.

9. Arbitration. If the Managing Agent shall disagree with an opinion of the Owner that the management services are not efficient and not in accordance with this agreement, the Managing Agent may, within the _____ (_____) day period, serve upon the Owner a written notice demanding that the dispute be submitted to arbitration, pursuant to the Arbitration Law of the State of _____ [state]. If such notice should be so served within the _____ (_____) day period, then this agreement shall not terminate at the expiration of such period, and the Managing Agent shall continue with the performance of its duties under this agreement. The dispute shall thereupon be promptly submitted to arbitration. Such arbitration shall proceed without delay and as rapidly as possible. In the event that such arbitration results in an award, decision, or other determination in favor of the Managing Agent, then the notice of termination theretofore served shall be of no effect, and the parties hereto shall for all purposes whatsoever, anything herein contained to the contrary notwithstanding, be in the same position and have the same rights, powers, and duties under this agreement as if such notice had not been served. In the event that such arbitration should result in an award, decision, or other determination in favor of the Owner, then this agreement shall automatically terminate at the expiration of _____ (_____) days from the making of such award, decision, or determination, without any liability to or upon the Owner other than its liability to pay for services rendered pursuant to this agreement. The Managing Agent shall manage the Hotel pursuant to this agreement until the expiration of such _____ (_____) days. In the event that a motion to vacate such award in favor of the Owner shall be made within _____ (_____) days from the date of the making of such award, then this agreement shall not terminate until the expiration of _____ (_____) days from the date of the entry of the order or judgment to be entered on such motion. Failure to make such motion within _____ (_____) days shall constitute a waiver of the right to make such motion. In the event that an appeal should be taken from such order or judgment, this agreement shall not terminate and the Managing Agent shall continue with the performance of its duties under this agreement until the expiration of _____ (_____) days from the final determination of such appeal. Such appeal shall be prosecuted without delay and as rapidly as possible.

10. Reports to Owner's Board of Directors. The Managing Agent shall make reports to the Owner's Board of Directors concerning all affairs connected with the Hotel under the Managing Agent's control or within its knowledge whenever requested by the Owner's Board of Directors. The Managing Agent shall comply with all specific instructions of the Owner's Board of Directors that may be expressed in formal resolutions communicated to the Managing Agent.

11. Exclusive Application. Nothing in this agreement is intended or shall be construed to confer upon or to give to any person, firm, or corporation other than the parties hereto any right, remedy, or claim under or by reason of this agreement. All terms and conditions in this agreement shall be for the sole and exclusive benefit of the parties hereto.

12. Nonassignability. This agreement is not assignable by the Managing Agent without the Owner's prior written consent.

13. Entire Agreement. This Agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

14. Notices. All notices under this Agreement shall be in writing and delivered personally or mailed by certified mail, postage prepaid, addressed to the parties at their last known addresses.

15. Non-waiver. No delay or failure by either party to exercise any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

16. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

17. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of _____[*state*].

18. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

19. Binding Effect. The provisions of this Agreement shall be binding upon and inure to the benefit of both parties and their respective legal representatives, successors, and assigns.

The parties hereto have duly executed this agreement as of the day and year first above written.

Part IV. FORMS
F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.101

FORM 22.101 Motel management--employment before construction of motel--national management organization

COMMENT

This form is another example of a management agreement in which the manager assumes full responsibility for the conduct of the business of a motel, as well as the responsibility for the operation of the physical plant. Because the manager is a company with extensive experience, the employment arrangement is made even before the motel is constructed. The purpose is to obtain the services of the manager in designing and equipping the motel, in organizing the business and services of the motel, and in testing the operation of the motel prior to its opening. Special compensation is to be paid the manager for these preopening services.

After the opening, the operation of the motel business is left entirely to the manager. Its responsibilities are carefully outlined, beginning with the preparation of an annual operating budget and continuing through the furnishing of an annual profit and loss statement. The numerous specific responsibilities assigned to the manager reflect in general the complexities of hotel management. These complexities and the skills required to handle them have encouraged the growth of large organizations specializing in hotel management. This agreement illustrates an arrangement with such an organization.

FORM

AGREEMENT made this _____ [day] day of _____ [month],
_____ [year], between _____ [name], a(n) _____ [state]
_____ [entity] (the "Owner"), and _____ [name], a(n) _____ [state]
_____ [entity] (the "Manager").

RECITALS

The Owner owns a certain plot of land located in the _____[city] City and State of _____[state], more fully identified and described in Exhibit A annexed hereto and made a part hereof.

The Owner intends to construct a motel on such plot, having approximately _____ (_____) rooms (the "Motel") and to complete the construction and furnishing thereof by _____[month] _____[day], _____[year].

The Owner desires the assistance of the Manager in designing, furnishing, and equipping the Motel and its facilities, in making preliminary plans for the organization of the Motel's business, services and sales prior to its opening, and the operation thereof subsequent thereto.

Now, therefore, in consideration of the mutual promises herein contained, the parties agree as follows:

1. Employment of Manager. The Owner hereby appoints the Manager and the Manager hereby accepts the appointment as exclusive manager of the Motel.

2. Term. The services of Manager shall commence on _____[month] _____[day], _____[year], and shall terminate on _____[month] _____[day], _____[year], unless sooner terminated as herein provided.

3. Manager's Preopening Duties. From the effective date of this agreement until the date when, as publicly announced by the Owner, the Motel shall be formally opened to the public as an operating motel (the "opening date"), the Manager shall perform the following services:

(a) Assist the Owner in designing, furnishing, and equipping the Motel and its facilities and in designing the landscaping for the Motel property. The Manager shall make available to the Owner all information which the Manager has with respect to the costs of furnishings and equipment generally used in motels. The Manager shall prepare a budget for designing, furnishing, and equipping the Motel, but the determination of the Owner as to amounts to be expended for such purpose shall be final. The Manager shall conform to such determination, and shall make contracts and purchases at the best prices available to the Manager. Purchases by the Manager may be either in its name or in the name of the Owner, but, in the event of any purchase in the name of the Manager, the title of any such purchase shall immediately be transferred to the Owner, whereupon the Owner shall pay the actual net purchase price for such equipment, furnishings, and personal property.

(b) Prepare and submit for the Owner's approval, and put into effect as soon as possible after receiving such approval, a plan for the organization of the business, services, and sales of the Motel. Pursuant to such plan, the Manager shall consummate for the benefit of the Owner and subject to its approval arrangements with concessionaires, licensees, tenants, or other intended users of the facilities of the Motel and shall arrange programs and commitments, such as conventions and catering events for the period after the opening date. To accomplish the foregoing, the Manager may, at the expense of the Owner and subject to its approval, employ a General Sales Manager and such assistants for him as may be necessary. The Manager shall submit to the Owner within a reasonable time after the effective date of this agreement a budget of proposed advertising for the Motel.

(c) Test the proposed operation of the Motel by training personnel, furnishing services usually necessary in the operation of a motel, preparing and serving food and beverages, and generally operating the Motel for a test period to be agreed upon by the Owner and the Manager, not in excess of _____ (_____) days,

immediately prior to the opening date.

4. Manager's Preopening Compensation. As compensation for the services to be rendered by the Manager prior to the opening date, the Owner shall pay to the Manager _____ Dollars (\$_____) per month, payable on the first day of the month. In addition to such compensation, the Owner shall, at the times when such compensation is payable, pay to the Manager all reasonable, actual "out-of-pocket expenses" which the Manager has incurred for the Owner prior to the opening date in accordance with the provisions hereof, provided a statement verified by an officer of the Manager shall be submitted monthly to the Owner setting forth the nature of such expenses.

5. Manager's Duties During Operating Period. During the period commencing with the opening date and continuing until the termination of this agreement (the "operating period"), the Manager shall use its best efforts in the management and operation of the business, services, and sales of the Motel so that the Motel and its services will be operated and maintained with the maximum of profit and in a first quality manner and so that the Motel shall remain a first quality motel. In pursuance of the foregoing, the Manager shall perform the following services:

(a) Submit at least _____ (_____) months before the beginning of the operating period and at least _____ (_____) months before the same date of each year thereafter an estimated profit and loss statement for the ensuing operating year, including a schedule of motel room rentals (which statement shall be subject to the Owner's approval) and budget estimates in detail for repairs, maintenance, replacements, and capital expenditures for such ensuing year (collectively the "Annual Plan"). The Annual Plan shall be submitted to the Owner for its approval, and the Owner shall have the right to make any change thereto or to refuse to expend any money suggested by the Annual Plan. The Owner shall inform the Manager of any such change or refusal before the commencement of the period covered by such plan. The Owner shall not increase any budget estimate included in such Annual Plan in an amount exceeding _____ percent (_____) thereof without the Manager's approval. The Manager shall comply with the Annual Plan as amended by the Owner, and shall not deviate substantially therefrom as to any item, incur additional expense, or change the manner of operation of the Motel, without the Owner's written consent, except in case of an emergency or where failure to take a particular action would expose the Owner to the imminent danger of criminal liability other than the payment of fines.

(b) Use its best efforts and due diligence in renting all of the rooms and facilities to desirable guests and tenants. Any lease in connection with a period in excess of _____ (_____) years shall be subject to the approval of and executed by the Owner, but leases of a term of _____ (_____) years or less may be executed by the Manager in the name of the Owner without its consent.

(c) Hire, promote, discharge, and supervise the work of the executive staff, including general manager, assistant managers, and department heads. Through such executive staff the Manager shall supervise the hiring, promotion, discharge, and work of all other operating and service employees performing services in or about the Motel, all in the name of the Owner. All of such employees shall be on the Owner's payroll, and the Manager shall not be liable to such employees for their wages or compensation, nor to the Owner or others for any act or omission on the part of such employees, unless the Manager has failed to use reasonable diligence in their hiring, discharge, or supervision so as to maintain a staff of qualified, competent, and trustworthy employees. The Owner shall have the right to discharge, or require the Manager to discharge, any such employee. The Manager shall negotiate, on the Owner's behalf, with any labor union lawfully entitled to represent such employees, but no collective bargaining agreement or labor contract resulting from such negotiations shall be valid unless executed by the Owner. The Manager shall not at any time enter into any agreement with any employee for a period in excess of _____ (_____) years or for compensation in excess of _____ Dollars (\$_____) per year without the Owner's written consent. The Manager shall procure and maintain adequate workmen's compensation insurance, in the name of and at the expense of the Owner, covering all of the Owner's employees.

(d) Establish and supervise an accounting department, with appropriate motel accounting and cost control systems and personnel, to be maintained by the Owner at the Motel. The Manager shall cause such department to prepare and file all necessary reports with respect to withholding taxes, social security taxes, unemployment insurance, disability insurance, the Fair Labor Standards Act, and all other statements and reports pertaining to labor employed on the Owner's payroll in or about the Motel. The Manager shall establish and supervise all bookkeeping, accounting, and clerical services, including the maintenance of payroll records, incident to the efficient operation and maintenance of the Motel. All personnel engaged in such bookkeeping, accounting, and clerical services shall be the Owner's employees.

(e) Make available to the Owner, without cost to it, the services of the Manager's specialized facilities employed in the performance of its motel management activities generally, including its central buying facilities, its insurance facilities, and its engineering, maintenance, accounting, cost control, taxation, food and beverage control, publicity, advertising, convention, labor relations, and safety departments.

(f) Receive, consider, and handle the complaints of all tenants, guests, or users of any of the Motel's services or facilities.

(g) Enter into contracts in the name of and at the expense of the Owner for the furnishing to the Motel of electricity, gas, water, steam, telephone, cleaning (including window cleaning), vermin exterminators, elevator and boiler maintenance, air conditioning maintenance, master television antennas, and other necessary utilities or services, and purchase all materials and supplies in the name of, for the account of, and at the expense of the Owner.

(h) Arrange for the making or installing, at the Owner's expense and in its name, of alterations, repairs, decorations, replacements, equipment, or installations; provided that the Owner shall at all times have the right to do or arrange any of such work itself.

(i) Deposit in a banking institution or institutions selected by the Owner and in accounts in the Owner's name or, at the Owner's option, in the Manager's name as agent for the Owner all moneys furnished by the Owner as working funds and all moneys received by the Manager for or on the Owner's behalf. The Manager shall pay from such accounts on behalf of the Owner, as required for operation of the Motel, all assessments and charges of every kind imposed by any governmental authority having jurisdiction (other than real estate taxes, sewer rents, and water charges) and interest and penalties thereon, license fees, permit fees, and insurance appraisal fees; fines, penalties, and court disbursements incurred in connection with the operation of the Motel; premiums on policies of insurance; all disbursements authorized by this agreement; and any other charge, item of expense, or other item which the Owner, in writing, directs to be paid. Interest, penalty fines, and other charges payable because of delays in payment not authorized by the Owner shall be reimbursed by the Manager.

(j) Arrange at the Owner's expense for compliance with all statutes, ordinances, laws, rules, regulations, orders, and determinations affecting or issued in connection with the Motel by any governmental authority having jurisdiction thereof. The Manager shall not, without the Owner's prior written consent, make any alterations or repairs so ordered or so required, if not included in the Annual Plan, but if any such alterations or repairs are not made because of the Owner's failure to give its written consent after request therefor, then the Owner shall hold the Manager harmless from any liability that may arise by reason of the failure to make such alterations or repairs. Notwithstanding the foregoing, in case of an emergency or if failure promptly to comply with any order or to cure any violation shall expose the Owner or the Manager to the imminent danger of criminal liability other than payment of fines, then in such event the Manager shall cause such order or violation to be complied with or cured without awaiting the Owner's written consent. Unless otherwise directed by the Owner, the Manager shall, at the Owner's expense, protest or litigate to final decision in any appropriate court or forum any violation, order, rule, or regulation affecting the Motel. The Owner shall designate or approve any counsel engaged under this subparagraph.

(k) Institute, in its own name or that of the Owner, at the Owner's expense, all necessary legal actions or proceedings to

collect charges, rent, or other income from Motel, to oust or dispossess guests, tenants, or other persons in possession, or to cancel or terminate any lease for the breach thereof or default thereunder by the tenant. The Manager, however, shall not institute any legal actions with respect to any lease of _____ (_____) years or more without the Owner's prior consent. The Owner shall designate or approve any counsel engaged under this subparagraph.

(l) Cause the Motel to comply with all the terms, conditions, and obligations contained in any mortgage, lease, or other agreement executed by the Owner which relates to the Motel. The Owner shall notify the Manager of any such mortgage, lease, or other agreement, but the Manager shall be deemed to have notice of all such documents prepared or negotiated by it.

(m) Include the name of the Motel in the Manager's institutional advertising in the same manner and on the same basis as other motels owned or managed by the Manager, in accordance with the current Annual Plan submitted by the Manager and approved by the Owner.

6. Statements and Payments to Owner. The Manager shall render statements and make payments to the Owner as follows:

(a) On or before the _____ (_____) day of each calendar month the Manager shall render to the Owner, and to all persons designated by the Owner, a detailed profit and loss statement of the Motel's operations for the preceding calendar month and for the portion of the operating year ended on the last day of such preceding calendar month, a detailed statement, for such calendar month and for such portion of such operating year, of all capital expenditures made by the Manager for the account of the Owner, and a detailed statement of the "adjusted net sales" of the Motel (as defined in paragraph 7 hereof) for such calendar month and for such portion of such operating year. Such statements shall be prepared by the Manager and certified by one of its authorized financial officers.

(b) The Manager shall render to the Owner, and to all persons designated by the Owner, within _____ (_____) months after the end of each operating year, a detailed profit and loss statement of the Motel's operations for such operating year, a detailed statement for such operating year of all capital expenditures made by the Manager for the account of the Owner, and a detailed statement of the Motel's adjusted net sales for such operating year, all prepared by and certified at the Owner's expense by a certified public accountant reasonably designated by the Owner.

(c) The Manager shall render to the Owner and all persons designated by the Owner, at the Owner's expense, all other statements reasonably required by the Owner.

(d) Within _____ (_____) days after the end of each calendar month, and simultaneously with the delivery of the statements mentioned in subparagraph (a) above, and without intending in any manner to restrict the Owner in the use or right of withdrawal of any of the funds on deposit in the bank accounts described in subparagraph (i) of Paragraph 5, the Manager shall remit to the Owner from such bank accounts the amount collected by the Manager during the preceding calendar month, less disbursements and advances made on behalf of and for the Owner's account, and less also such reasonable sums as the Manager may reasonably deem necessary or appropriate as reserves to meet obligations which will or may become due thereafter, taking into account estimated future income.

(e) The Manager shall promptly remit to the Owner all discounts, rebates, profits, commissions, or other emoluments received by the Manager or any of its Affiliates in connection with any purchase of materials or supplies delivered to or for the Motel or in connection with any contract or agreement entered into on the Owner's behalf or in connection with the Motel. For the purpose of this subparagraph, the Manager's "Affiliate" shall mean any corporation or other entity controlling, controlled by, or under common control with the Manager, or any officer, director, employee, or

shareholder of the Manager, excluding however any entity or person owning less than _____ percent (_____%) of the outstanding shares of the Manager or Affiliate, or owning less than _____ percent (_____%) of the beneficial interest in such other entity. This subparagraph is intended to ensure that neither the Manager nor any Affiliate shall receive, directly or indirectly, any compensation, consideration or profits, other than the compensation to be paid hereunder by the Owner to the Manager. The provisions of this paragraph shall not apply to any charges which the Owner may consent to in connection with its participation in a credit plan or a hotel referral system operated by the Manager or any of its Affiliates.

7. Manager's Compensation During Operating Period. As compensation for the services to be rendered by the Manager during the operating period, the Owner shall pay to the Manager a sum equal to _____ Dollars (\$_____) per annum plus _____ percent (_____%) of the "adjusted net sales" of the Motel. The term "adjusted net sales" for any period shall mean all net sales during such period from all operations of the Motel (less a reasonable reserve for bad debts), but shall exclude net sales of guest rooms; receipts from telephone service or telephone facilities; receipts for sales taxes, amusement taxes, excise taxes; and receipts of tenants, licensees, or concessionaires, provided that net rents, fees, or charges received from such tenants, licensees, or concessionaires shall be included in adjusted net sales. The first payment shall be made by the Owner to the Manager on the _____ (_____) day of the month following the first _____ (_____) calendar months of the operating period. Quarter-annually thereafter, on the _____ (_____) day of the respective month, the Owner shall pay to the Manager the compensation payable for the _____ (_____) calendar months previous thereto.

8. Insurance

(a) The Manager shall maintain, in companies and through brokers selected by the Owner, insurance of such kinds and amounts as the Owner shall be required to carry pursuant to the provisions of any mortgage outstanding affecting the Motel or the plot of land upon which it is erected, as well as any other insurance that the Owner shall require.

(b) Concurrently with the submission of the first Annual Plan, the Manager shall furnish the Owner with a schedule setting forth the kinds and amounts of insurance the Manager intends to procure in connection with the operation of the Motel. Such schedule shall include, in addition to the kinds and amounts of insurance required to be maintained pursuant to any mortgage, such other kinds and amounts of insurance as the Manager shall deem necessary or advisable for the protection of the Manager and the Owner. Promptly following receipt of such schedule, the Owner shall notify the Manager of all changes which the Owner shall elect to make in such schedule, and the Manager shall thereupon forthwith apply for and obtain, if obtainable, all such insurance from such companies and through such brokers as the Owner shall direct.

(c) Concurrently with the submission of each subsequent Annual Plan, the Manager shall furnish the Owner with a schedule setting forth the kinds and amounts of insurance then in force and the names of the insurers, and also setting forth such additional kinds and amounts of insurance which the Manager then intends to procure. Promptly following the submission of each such schedule, the Owner shall notify the Manager of any change in the kinds and amounts of insurance then in force or intended to be procured by the Manager which the Owner shall elect to make and the Manager shall forthwith apply for and obtain, if obtainable, endorsements to reflect any such change in the insurance then in force and such additional kinds and amounts of insurance. All such additional insurance shall be obtained from such companies and through such brokers as the Owner shall direct.

(d) All policies of insurance shall name the Owner, the Manager, and such other parties as may be required by the provisions of any mortgage as the insureds thereunder, as their respective interests may appear. All policies of hazard insurance shall include loss payment clauses in the form required by any mortgage. All insurance shall be obtained at the Owner's expense. The originals of all policies of insurance and duplicates thereof shall be delivered to the Owner

and to the holder of any mortgage as the Owner shall direct.

(e) Provided the Manager shall procure and keep in force all of the procurable insurance required to be obtained by the Manager pursuant to the foregoing provisions of this Paragraph 8, neither the Owner nor the Manager shall assert against the other any claims for any losses, damages, liability, or expenses (including attorneys' fees) incurred or sustained by the Manager or the Owner and not fully reimbursed by insurance proceeds.

(f) The Manager shall maintain throughout the term of this agreement such fidelity and other bonds as the Owner shall require from time to time for the full protection of the interests of the Owner and the Manager. Any such bond or bonds may also protect the interests of the holder of any mortgage and shall be in such amounts and obtained from such surety companies as the Owner shall direct.

(g) The Owner shall give prompt notice of all claims made against it or against it and the Manager and shall cooperate fully with the Manager and with any insurance carrier to the end that all such claims will be properly investigated and defended. The Manager shall not hire any attorneys to defend any such claim against the Owner without the Owner's consent.

9. Restrictive Covenant. As long as this agreement is in full force and effect, the Manager shall not, directly or indirectly, or by an Affiliate of the Manager, own, operate, manage, or otherwise have an interest in any other motel, inn, hotel, or similar establishment within a radius of _____ (_____) miles of the Motel.

10. Early Termination of Agreement. This agreement and the employment of the Manager shall be terminated, and except as to liabilities or claims which shall have accrued or arisen prior to such termination, all obligations hereunder shall cease if any of the following events shall occur:

(a) If, pursuant to any statute of the United States or of any state, the Manager files in any court a petition in bankruptcy or insolvency, or for a reorganization, or for the appointment of a receiver or trustee of all or a substantial portion of the Manager's property, or if the Manager makes an assignment for or petitions for or enters into an arrangement for the benefit of creditors, or if a petition in bankruptcy is filed against the Manager which is not discharged within _____ (_____) days thereafter.

(b) The giving of notice by the Owner upon its sale of the Motel.

(c) If the Manager shall cease to be actively engaged in the business of operating and managing motels and inns, and notice of termination shall have been given to it by the Owner, provided such notice shall fix a date of termination at least _____ (_____) days after the date it was given. The Manager shall be deemed to have ceased to be actively engaged in the business of operating and managing motels and inns if less than _____ percent (_____) of its total gross income and that of its subsidiary corporations shall be derived from the motel, inn, catering, restaurant, beverage, and related businesses.

(d) The taking of the entire or a substantial portion of the Motel, or its services, through lawful condemnation proceedings by any governmental authority.

(e) The Owner gives notice that it has elected, for any reason whatsoever, not to build the Motel.

(f) The loss by the Owner of the Motel or of the right of possession or the right to collect the income from the Motel due to any cause whatsoever, including, without limitation, its default on any mortgage or other obligation, or by operation of law.

(g) The Owner gives notice, within _____ (_____) months after substantial damage or destruction of the Motel by fire or other casualty, that it has elected not to rebuild or restore the Motel.

(h) The Owner gives notice if the Manager, in the Owner's opinion, shall have committed a material breach of this agreement, and the Owner shall have served written notice upon the Manager setting forth the details of such alleged breach, and the Manager shall not, within _____ (_____) days after the mailing of such notice, have cured such breach, or if such breach is of a nature that it cannot be cured within such _____ (_____) day period, the Manager shall not within such _____ (_____) day period have commenced and at all times thereafter have diligently proceeded with all acts required to cure such breach. Any such termination shall be without prejudice, however, to any and all rights and remedies of the Owner. If the Manager shall, within _____ (_____) days after receipt of the notice of such breach, serve upon the Owner written notice disputing the Owner's claim of material breach and demanding arbitration thereof, then the dispute shall be submitted promptly to arbitration for determination in accordance with the rules of the American Arbitration Association, and such determination shall be binding upon both parties. If the Manager shall not serve timely demand for arbitration, or if such arbitration, having been timely demanded, shall result in a determination that the Manager has committed a material breach of this agreement, all costs and expenses incurred in connection with such arbitration shall be borne solely by the Manager. If such arbitration, having been timely demanded, shall result in a determination that the Manager has not committed a material breach of this agreement, then the Owner shall bear all costs and expenses incurred in connection with such arbitration.

11. Casualty. In the event of any damage or loss to the Motel by fire or other casualty, the Manager shall act as follows:

(a) If the damage or loss involves more than _____ Dollars (\$_____), the Manager shall give immediate written notice thereof to the Owner.

(b) As agent for the Owner, the Manager shall promptly apply for the insurance covering such damage or loss, and in the Owner's name shall prosecute and negotiate for payment of such proceeds, employing counsel (to be selected by the Owner) if necessary for such purposes.

(c) The Manager shall give written notice of any proposed settlement to the Owner, and shall settle such claim and in behalf of the Owner collect the proceeds thereof; provided that the Owner's written consent shall be required to validate the settlement of any claim in excess of _____ Dollars (\$_____).

(d) The Manager shall cause the premises, in the Owner's name and at the Owner's expense, to be repaired and restored as nearly as practicable to the condition existing immediately prior to such damage or destruction, but if such repair or restoration involves the expenditure of more than _____ Dollars (\$_____), the Owner's written consent thereto shall first be obtained.

(e) The provisions of this paragraph and the rights and obligations of the Owner and the Manager hereunder are expressly subject to all mortgages from time to time outstanding, and the Manager shall cause to be taken all such actions with respect to such damage or loss, and the insurance proceeds thereon, as may be required by such mortgages.

12. Prohibition of Assignment. The Manager shall not assign this agreement or any of its rights hereunder; nor shall this agreement or any of the Manager's rights or obligations hereunder be transferable on the Manager's part by operation of law or otherwise, except by its merger or consolidation with a corporation if the operating personnel of such corporation at the time of such merger or consolidation shall be substantially the same as the operating personnel of the Manager, and if such corporation shall be actively engaged in the business of managing and operating motels and inns as defined in Paragraph 10(c) hereof.

13. Agreement Not an Interest in Real Property. This agreement shall not be deemed at any time to be an interest in real estate or a lien of any nature against the Motel or the land upon which it is erected. The rights of the Manager shall at all times be subject and subordinate to all mortgages which may now or hereafter be outstanding, and to all renewals, modifications, consolidations, replacements, and extensions thereof. This clause shall be self-operative and no further instrument of subordination shall be required by any mortgagee. The Manager shall execute promptly any certificate or other document that the Owner or any mortgagee may request as to such subordination, and the Manager hereby irrevocably constitutes and appoints the Owner as the Manager's attorney-in-fact to execute any such certificate or document for and on behalf of the Manager.

14. Notices. Any and all notices, consents, or directives by either party intended for the other shall be sent by registered or certified mail, return receipt requested, to the Owner at _____[address], and to the Manager at _____[address], unless either party shall have designated different addresses by serving written notice of change of address on the other party by registered or certified mail.

15. Entire Agreement. This Agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

16. Non-waiver. No delay or failure by either party to exercise any right under this Agreement, and no partial or single waiver shall constitute a waiver of other rights or remedies which a party may have hereunder or under common law or statute.

17. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

18. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of _____[state].

19. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

20. Binding Effect. The provisions of this Agreement shall be binding upon and inure to the benefit of both parties and their respective legal representatives, successors, and assigns.

21. Miscellaneous

(a) In the event of the sale of the Motel, the Owner may assign this agreement to the purchaser. Upon such assignment and the purchaser's written assumption of the Owner's obligations hereunder, the Owner shall be fully released and relieved of all obligations hereunder.

(b) Any consent required of the Owner shall be ineffective unless it is in writing and signed by a duly authorized officer of the Owner.

(c) The Owner has made no representation of any nature in connection with the design or facilities of the Motel, and the Owner shall have the right to construct, equip, and furnish the Motel in any manner it desires.

(d) The term "mortgage" as used in this agreement shall be deemed to mean mortgage, deed of trust, or similar document, and the term "mortgagee" shall be deemed the holder of a mortgage.

(e) This agreement cannot be changed or modified except by another agreement in writing signed by the party sought to be charged therewith or by its duly authorized agent.

The parties hereto have caused this agreement to be executed the day and year first above written.

Part IV. FORMS
F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.102

FORM 22.102 Multiple Properties--agent as "independent contractor"

COMMENT

In this agreement the owner of various properties places the responsibility for managing all of them in a single agent. The properties include multi-tenant units and units leased in their entirety to a single tenant. Under this agreement, the manager is to collect all rentals, procure tenants, pay operating expenses, and employ necessary personnel.

FORM

AGREEMENT entered into this _____[day] day of _____[month],
_____[year], between _____[name], a(n) _____[state]
_____[entity] in business trust form (the "Trust"), and _____[name], a(n)
_____[state] _____[entity] (the "Manager").

RECITALS

The Trust is either the owner of the fee or the long-term lessee of various properties and interests therein, all located in the State of _____[state].

Certain properties are leased to a single tenant who is responsible for their maintenance, and certain other properties are multitenant properties which the Trust may not manage or operate directly.

Management contracts with independent contractors for the supervision and management of such properties expire on _____[month] _____[day], _____[year].

The Trust desires uniform and continuous management of all such properties by a single qualified organization.

Now therefore, in consideration of the mutual promises herein contained, the parties agree as follows:

1. Employment of Manager. The Trust hereby employs the Manager and the Manager hereby accepts the employment, under the terms and conditions set forth herein, to manage and operate the properties owned by the Trust which are described in Schedule A attached hereto.

2. Duties of Manager. Subject to the conditions or limitations set forth herein, and to the requirements of any law or administrative enactment applicable to the properties described in Schedule A, the Manager shall perform the following:

(a) Collect all rentals due to the Trust under the terms of any lease or rental agreement presently in effect or hereinafter entered into.

(b) Use its best efforts to secure tenants for any rentable space now vacant, or becoming vacant during the term of this agreement by reason of lease expirations or otherwise, at the best possible rentals and lease terms.

(c) Negotiate leases, licenses, and concession agreements, and upon receipt of written authority of the Trust, execute and deliver the same, together with all modifications, cancellations, renewals, and extensions.

(d) Incur and pay or cause to be paid, from its own funds, all normal and routine charges and operating expenses of such properties, for which expenditures the Manager shall be reimbursed by the Trust upon proof of account and payment. The Manager shall pay without right of reimbursement from the Trust all expenses of advertising and renting vacant space, including, but not limited to, the payment of fees or commissions to other brokers.

(e) Employ such personnel as are required in the proper maintenance and operation of such properties, including at least one person to be resident on the premises of each apartment property. The Manager shall pay from its own funds all salaries and wages, payroll taxes, and all premiums and charges for workmen's compensation insurance, and shall not be entitled to reimbursement for any amounts so incurred or paid. The Manager shall have the authority to discharge such personnel in its discretion.

(f) Maintain one or more bank accounts for the deposit of funds received pursuant to this agreement and, subject to the provisions of Paragraph 3(c) hereof, make disbursements from such account.

(g) Make reports to the Trust, not less often than monthly, as to income, expense, and any other material information which may be requested by the Trust, including a description of any repair, alteration, or improvement which the Manager deems necessary in order to preserve or improve the appearance and tenantability of such properties.

(h) Maintain authorized representatives available at all reasonable times, upon or in close proximity to such properties, for the purpose of maintaining good tenant relations.

(i) Take any other action, not specifically prohibited or limited by this agreement or by law or administrative enactment, which may be required in the Manager's judgment in order to obtain the maximum benefits from each of such properties.

3. Restrictions and Conditions Limiting Agent. The following are conditions governing the Manager in the performance of its duties and responsibilities with respect to such properties:

(a) The Manager shall not, without written authorization from the Trust, make, cause to be made, contract for, or agree

to any expenditure for repair or maintenance, the total cost of which will exceed _____ Dollars (\$_____). This restriction shall apply to the total cost of any such repair or maintenance even though undertaken on a partial completion, or other basis, where individual statements or vouchers would not exceed such sum, but where the entire expenditures will, when the repair or maintenance job is completed, exceed such sum.

(b) The Manager shall not make any payment which is the obligation of the Trust regarding any mortgage, mortgage note, open or installment note, real estate or personal property tax levy, assessment, or any contract or policy of insurance covering any property or any item of personal property located thereon, or regarding any item which may be considered other than normal operating expense of any property. The Manager shall, upon receipt of any statement, invoice, bill, or other notification of any such items, immediately forward such notification to the Trust.

(c) The Manager's reimbursement of expenses may, at its option, be in cash payment from the Trust or be discharged by payment from the account or accounts described in Paragraph 2(f) hereof. The Manager shall, in its reports to the Trust, fully itemize all such disbursements, and provide the Trust with a copy of all statements, invoices, bills, or other evidence of amounts which have been so discharged, together with a description of the property to which the expenditure was applicable.

(d) The Manager shall cause all persons under its control, whether employees or not, with authority to collect, handle, or disburse any rentals from such properties, to be bonded in an amount adequate to insure the return of any such moneys which may be lost due to loss, theft, embezzlement, or other cause generally included in coverage under fidelity bonds.

4. Insurance. The Trust shall at its own cost maintain adequate insurance on each of such properties against loss by fire or other hazard. The Manager shall at its own cost maintain adequate public liability insurance on such properties. The Manager shall indemnify the Trust against any liability, incurred by the Trust as owner or lessee of any of such properties, which results from any act or omission on the part of the Manager, its agents, servants, employees, or contractors.

5. Manager's Compensation. The Trust shall pay the Manager, as compensation for its services hereunder, the sum of _____ Dollars (\$_____) annually, in installments of _____ Dollars (\$_____) payable on the last day of each month. In addition, the Trust shall pay the Manager an amount equal to _____ percent (_____) of the first year's rental under any new lease, not including renewals or extensions, negotiated or obtained by or through the Manager's efforts. As further compensation, the Trust shall allow the Manager to house the resident manager of each apartment building in an apartment located in such building, without obligation to pay rent thereon. The Trust or its officers may procure leases upon space other than by or through the Manager. The Manager shall not receive any additional amount in connection with any new lease not procured by it.

6. Term

(a) This agreement shall take effect on _____ [month] _____ [day], _____ [year], and shall continue in full force and effect to and including _____ [month] _____ [day], _____ [year], at which time it shall terminate unless extended, continued, or renewed in writing by both parties. Any such extension, continuation, or renewal shall specify the term, together with all amendments in the provisions thereof.

(b) In the event of a bona fide sale of any of such properties, or a lease of any of such properties to a single tenant for a term of not less than _____ (_____) years, or the destruction, demolition, or condemnation of any of such properties, either party may terminate this agreement in its entirety or as to any such property or properties, by giving not less than _____ (_____) days' notice to be served by registered or certified mail upon the other party. No partial termination of this agreement shall be effective

unless within such _____ (_____) day period the parties execute a written amendment thereto.

(c) This agreement shall terminate immediately and without notice in the event a petition in bankruptcy is filed by or against either party, or in the event either party shall make an assignment for the benefit of creditors or take any action for relief under statutes or rules relating to insolvency.

7. Limitation on Assignment. The Manager shall not transfer, assign, sell, or in any manner hypothecate or pledge this agreement. This agreement shall terminate automatically upon any such transfer, assignment, sale, hypothecation, or pledge, except that it shall not terminate upon any sale or merger of the Manager if the Manager's presently controlling interests continue in control of the purchaser or the resulting company after such sale or merger.

8. Dealing with Manager. The Trust shall not convey, directly or indirectly, an interest in any real property to or through the Manager or any of its officers, directors, employees, or affiliates, nor shall the Trust acquire directly or indirectly any interest in real property from or through the Manager or any of its officers, directors, employees, or affiliates or in which the Manager or any of its officers, directors, employees, or affiliates have any direct or indirect proprietary interest, unless prior written waiver of this provision is first obtained from the Trustees.

9. Independent Contractor. The Manager shall at all times be considered an independent contractor, and it shall be solely responsible for the means, method, tools, employees, and procedures used in connection with the services being rendered hereunder. Manager shall be solely responsible for all federal, state, and local taxes applicable thereto.

10. Entire Agreement. This Agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

11. Notices. All notices under this Agreement shall be in writing and delivered personally or mailed by certified mail, postage prepaid, addressed to the parties at their last known addresses.

12. Non-waiver. No delay or failure by either party to exercise any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

13. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

14. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of _____[state].

15. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

16. Binding Effect. The provisions of this Agreement shall be binding upon and inure to the benefit of both parties and their respective legal representatives, successors, and assigns.

The parties have executed this agreement on _____[month] _____[day],
_____ [year].

F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.103

FORM 22.103 Supervisory management agreement

COMMENT

Arrangements for the multi-ownership of real property by such entities as partnerships, syndications, and trusts often require considerable administrative and accounting services to keep the affairs of the entity itself in order. This is because there may be many members in any given entity, and because their various interests may be undergoing constant change as a result of sales, gifts, deaths, etc. It is often considered advisable to separate the responsibility for keeping the affairs of the entity in order from the actual management of the entity's real property. This is generally achieved through the appointment of a supervisory management agent.

The principal activities of the supervisory manager under this agreement are to determine the cash proceeds periodically due to each member of the owning partnership, to make periodic distributions to all members, to calculate each member's taxable income from the property, to prepare annual tax returns of the owning entity, and to record assignments of members' interests.

In some cases the owner and the supervisory manager are related entities. An arrangement of this kind between related entities may be subject to attack as an unwarranted deflection of income. If the compensation bears a realistic relationship to the services performed, the entity's deduction for the cost of such compensation will be sustained. However, where the compensation is not "fair," the deduction may be denied on the ground that the expenditure does not meet the "ordinary and necessary" test for deductions in general.

FORM

AGREEMENT made this _____[day] day of _____[month],

_____[year], between _____[name] a(n) _____[state]
 _____[entity] with offices located at _____[address] ("Owner"), and
 _____[name] a(n) _____[state] _____[entity] with offices located
 at _____[address] ("Manager").

WHEREAS Owner owns the premises known as the _____[name], located at
 _____[address] (the "Building"); and

WHEREAS Owner has agreed to retain Manager in the capacity of supervisory management agent upon the terms and conditions hereinafter set forth,

Now, therefore, in consideration of the foregoing and the covenants hereinafter contained, it is mutually agreed as follows:

1. Employment of Agent. Owner hereby employs Manager to act in the capacity of supervisory management agent to perform the administrative and ministerial functions with respect to the Building set forth herein.
2. Undertaking of Agent. Manager shall devote such time and attention as it considers proper and necessary to act in the capacity of supervisory management agent, to maintain all records of the interest of Owner's partners, to arrange for the preparation and execution of all assignments of partnership interests and to record such assignments, to maintain Owner's financial books and records, and to calculate and make monthly disbursements and distributions. Preparation and recording of assignments of limited partnership interests shall be paid for by the assignees of such interests, as provided in the Owner partnership agreement. In addition, Manager shall cause a certified public accountant to supervise the maintenance of Owner's books and records, to prepare all necessary tax and information returns of Owner, and to prepare and distribute to Owner's various partners an annual profit and loss statement and balance sheet of Owner. The fees of such accountant shall be borne by Manager.
3. Compensation of Agent. Owner shall pay to Manager as full compensation for all services rendered by Manager the yearly sum of _____ Dollars (\$ _____), payable in equal monthly installments at the end of each and every month during the term of this agreement, commencing one month from the date hereof.
4. Direct Management of Property. The services contemplated to be performed by Manager under this agreement are not intended to cover and are separate from those involved in the direct management and operation of the property. The parties contemplate that a separate management organization will be engaged by Owner. All expenses and fees incurred in connection with the direct management and operation of the property shall be borne by Owner, whether incurred directly or through a separate management organization.
5. Termination of Agreement. This agreement shall terminate if any of the following events shall occur:
 - (a) Termination and dissolution of Owner.
 - (b) Bona fide sale of the Building by Owner.
 - (c) Misconduct on the part of Manager.
6. Term. This agreement shall continue for a period of _____ (_____) years from the date hereof, and shall be automatically renewed from year to year unless terminated by either party upon written notice sent to the other party not less than _____ (_____) days before any expiration date.
7. Arbitration. The parties shall submit any dispute as to the application or interpretation of any term of this agreement

to arbitration under the governing rules and regulations of the American Arbitration Association in the City of _____ [city]. Any arbitration hereunder shall be by _____ (_____) arbitrators. The parties shall bear equally the cost of such arbitrators unless the arbitrators determine that either party is acting in bad faith, in which event the arbitrators may require such party to bear the entire cost of the arbitration.

8. Modification. This agreement may not be modified, altered, or amended in any manner except by a written agreement executed by both parties.

9. Assignment. This agreement is assignable by Manager without Owner's consent.

10. Entire Agreement. This Agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

11. Notices. All notices under this Agreement shall be in writing and delivered personally or mailed by certified mail, postage prepaid, addressed to the parties at their last known addresses.

12. Non-waiver. No delay or failure by either party to exercise any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

13. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

14. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of _____ [state].

15. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

16. Binding Effect. The provisions of this Agreement shall be binding upon and inure to the benefit of both parties and their respective legal representatives, successors, and assigns.

The parties hereto have hereunto set their hands and seals the day and year first above written.

26-22 Current Legal Forms for Real Estate FORM 22.104

FORM 22.104 Managing agent account--real estate--apartments--Fair Housing Law compliance

COMMENT

The form illustrated here is typical of the growing involvement of trust departments in managing various types of investments on behalf of trustees. Thus, if the subject property is the corpus of a trust, the trustee may wish to unburden himself of rental collections, etc., and execute such an agreement. The Fair Housing Law compliance clause precludes discrimination actions.

The general tenor of this agreement is also adaptable to contracts with professional nonbanking real property managers with appropriate insertions.

FORM

_____[city], _____[state]
_____[month] _____[day], _____[year]

_____[agent]

Trust Department

_____[city], _____[state]

Gentlemen:

The undersigned, being the owner of the premises located in the City of _____[city], County of _____[county], State of _____[state], hereby appoints you, the _____[name] of _____[city], _____[state] ("Bank"), exclusive agent for the care and management of said premises.

1. Management Duties; Fair Housing Clause. As such agent you are authorized to rent the premises and maintain and operate the same, and, until otherwise instructed, you are directed to:

(a) Advertise any vacant space at owner's expense.

(b) Secure tenants and sign leases for a period not exceeding _____ (_____) years, or rent on month-to-month tenancy. The name of any prospective tenant or purchaser, together with such information as may be available as to his credit rating and reputation, shall be submitted to me. I shall have _____ (_____) days from the date the material is mailed to me to approve or disapprove the prospective tenant or purchaser. My failure to reply in writing within the _____ (_____) day period shall be construed as approval of any action deemed proper by you as Agent and shall be final and binding to the same extent as if written approval had been given. The foregoing provision is incorporated herein because it is understood that the Bank is opposed to discrimination on the basis of race, color, religion, sex, or national origin and will comply with all federal and local statutes including, but not limited to, the Fair Housing Act and local antidiscrimination laws and rules promulgated thereunder.

(c) Collect rents and prosecute suits for rent or possession of said premises or, when you deem it expedient, to settle such suits.

(d) Make, at the owner's expense:

(1) All emergency repairs such as plumbing breaks, roof leaks, basement leaks, etc.

(2) All other repairs, alterations, decorating which you consider necessary or expedient, not to exceed _____ Dollars (\$_____) per job. Above that amount, you must receive written authorization from the owner.

(e) Purchase and pay for all supplies and other necessary materials, including water, gas, and power charges.

(f) Employ, supervise, discharge, and pay all janitors, engineers, and other employees.

(g) Keep the property insured with responsible insurance companies for reasonable amounts against all usual hazards and risks.

(h) Pay taxes and assessments, if any, and perform all other acts incidental to the proper management of the property at owner's expense.

(i) You are to render a statement of income and expenses and make remittances for the net amount in your hands at least as often as once monthly.

2. Owner's Covenants

(a) In case the disbursements are in excess of rents collected by you, the undersigned agrees to pay such excess promptly upon demand.

(b) The undersigned agrees to indemnify and save you harmless from any and all claims, debts, or demands arising in favor of or asserted by any person, firm, or corporation occurring by reason of your said agency, or by reason of any act or thing done in connection with this contract.

3. Fees. Your fees are to be at the rates specified in your regular schedule for Real Estate Managing Agent Accounts in effect from time to time and may be charged to and paid out of any available funds held hereunder.

4. Liability. You shall not be liable for involuntary losses or for any loss or damages except such as may be caused by your own bad faith.

5. Binding Agreement. This agreement shall be binding upon the successors and assigns of the agent, and the heirs, executors, administrators, successors, and assigns of the undersigned.

6. Entire Agreement. This contract and the definitions hereinafter set out constitute the entire agreement between the parties and no other oral or verbal agreement or understanding shall bind either of them.

7. Notices. All notices under this Agreement shall be in writing and delivered personally or mailed by certified mail, postage prepaid, addressed to the parties at their last known addresses.

8. Non-waiver. No delay or failure by either party to exercise any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

9. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

10. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of _____[state].

11. Counterparts. This Agreement may be executed in two or more counterparts, each of which be deemed an original but all of which together shall constitute one and the same instrument.

12. Leasing Definitions

(a) *Gross lease*. A gross lease is one in which the Lessor assumes the payment of general taxes, building insurance, and exterior maintenance of the property leased.

(b) *Net lease*. A net lease is one in which the Lessee assumes ownership responsibilities and pays all or the major portion of charges against the property leased which are normally incurred both through ownership and through occupancy.

In net leases, any costs or charges incurred by the tenant for the benefit of the owner will be spread over the entire term of the Lease and considered as additional rental.

(c) *Renewal privilege*. When the Lease or a separate instrument or agreement between the Lessor and Lessee contains a privilege of renewal or extension, the commission is based on the term of the Lease exclusive of the period covered by the renewal or extension privilege. If the Lessee exercises the privilege of renewal or extension or enters into a new Lease during or immediately at the expiration of the original term of the Lease, whether or not said new Lease shall demise the same space upon substantially the terms set forth in the original Lease, a commission is charged on the extended or additional period. The additional commission shall be computed as equaling the difference between the amount of commission due for the entire term, including the extended or additional period and the amount of commission previously paid.

(d) *Option to purchase*. When the Lease or any renewal or extension thereof, or any separate instrument or agreement shall contain a provision giving the Lessee an option to purchase the property and the Lessee does purchase the property

at any time during the period or periods covered by the original Lease, any renewal or extension thereof or any separate instrument, even though on terms and conditions not in accord with those set forth in said option, the commission is based on the rate then in effect for making sales of real estate. If the option to purchase is exercised at any time during the term of said Lease, the Lease commission shall terminate at the date of sale.

(e) *Business property--percentage leases.* A Percentage Lease is one in which payment is measured in full or in part, or is dependent on the gross business in dollars transacted by the Lessee through the use of the property. The term Gross Sales, as used and referred to in all percentage leases, includes all sales of merchandise and/or performance of any service for any customer or patron made by the Lessee, Lessee's employees, subtenants, or anyone whomsoever working in, out, through, or from the demised premises, less credits for returned merchandise.

This contract may be terminated by either party by giving at least _____ (_____) days' written notice.

F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.105

FORM 22.105 Management Agreement--condominium association

COMMENT

Under the typical scenario, the developer will manage the association until a predetermined number of units are sold. After the threshold number of units are sold, the management is turned over to the association. The association is usually a non-profit corporation in which all the unit owners have an ownership interest and are entitled to vote for the members of the Board.

The management of a condominium property is quite extensive. It is very difficult for a group of condominium owners to handle all of the duties required to keep the association running smoothly. As a result, most associations will engage a professional management company to handle the day to day responsibilities of the association. The Board of Directors will oversee the management company. The following form is a fairly typical agreement between a condominium association and a professional manager.

FORM

CONDOMINIUM MANAGEMENT AGREEMENT

THIS AGREEMENT is made this _____[day] day of _____[month],
_____ [year] between the _____[name] (hereinafter known as the "Association"),
and _____[name], (hereinafter known as the "Agent"). This agreement shall commence on
_____ [month] _____ [day], _____ [year] and terminate on
_____ [month] _____ [day], _____ [year].

WHEREAS, the _____ [name], is a(n) _____ [state] _____ [entity] formed under Section _____ [number] of Condominium Ownership Act, desires to appoint the Agent, as its executive agent to manage the Condominium Property:

NOW, THEREFORE, in consideration of the mutual promises of the parties herein contained, and other consideration as stated, the parties hereby agree as follows:

1.0 APPOINTMENT

The Board, by the authority contained in the Declaration of Condominium Ownership, hereby appoints the Agent as exclusive agent of the _____ [name], to operate and manage the common areas of the Condominium Property, subject to the direction and control of the Board, and the Agent hereby accepts the appointment on the terms and conditions hereinafter provided.

2.0 TERM

The term of this Agreement shall be for _____ (_____) years, beginning on _____ [month] _____ [day], _____ [year] and continuing until _____ [month] _____ [day], _____ [year], unless lawfully terminated before such time as provided in Item 10.0 et seq., below.

3.0 BONDING OF EMPLOYEES

Those employees of the Agent who handle or are responsible for the handling of the _____ monies shall, at Association's expense be bonded by a fidelity bond, in an amount not less than _____ Dollars (\$ _____), evidence of which shall be furnished to the satisfaction of the Board.

4.0 AGENT'S DUTIES--GENERAL

The Agent shall manage, operate and maintain the common areas of the Condominium Property as Agent of the _____ [name] under the direction of the Board and in accordance with instructions issued by said Board from time to time. Specifically, but not by way of limitation, the Agent's duties shall consist of the following:

4.01 Meetings. Agent will attend all regularly scheduled Board meetings during the year as well as the annual meeting of the Association. Agent will assist or chair any or all meetings listed above as requested by the Board. When directed, agent will send formal notification of such meeting(s) at the expense of Association, such expense not to exceed postage and copying costs. Agent will also distribute all meeting documents, i.e., financial statements, meeting minutes, written management reports, etc., to board members no later than _____ (_____) days prior to any meeting so that the Board of Managers have ample time to review said documents before the meeting commences.

4.02 Policies. Agent will assist the Board in the administration of provisions of the Condominium instruments and the policies, rules and regulations promulgated by the Board. Agent will report to the Board and give notice to the violator of any written complaint Agent receives pertaining to violations of the condominium instruments or the Rules and Regulations.

4.03 Insurance. At the Board's direction and under its control, Agent shall assist in the selection of all Association insurance policies, at the Association's expense, including the various coverages enumerated in the Declaration and By-Laws. Agent does not represent that it is an expert concerning insurance matters and therefore denies any liability arising out of inadequate insurance coverage.

4.04 Insurance Claims/Accidents. Upon notification or discovery of an accident or damage to Association property, or any other type of loss, Agent shall promptly investigate said matter and complete a written report describing the exact nature of the accident, damage, or loss. Agent will report to and work closely with the Association's insurance agent and Board of Manager to resolve any and all insurance issues. Upon request, Agent will obtain estimates for the cost of repair(s) and shall cooperate in having made any and all repairs required by any insurance company in connection therewith. Agent shall not be responsible for insurance claims or other matters which are outside scope of Association's coverage as defined by Association's master or other policies of insurance as defined by its underwriter.

4.05 Answering Service. Agent will provide a 24-hour, 7-day a week telephone answering service in order to communicate with unit owners for emergency service(s) within the Association's general responsibilities. Unit owners may contact Agent during regular business hours from 8:30 a.m. to 5:00 p.m. Anyone may contact the Agent by calling _____[number] any time day or night.

4.06 Records File. Agent shall maintain a complete roster of unit owners, tenants, if any, and other data necessary to property administer the Association's affairs. Such roster shall at all times be available to the Board.

Agent shall keep the corporate records of the Association, which shall include, but is not limited to all original minutes, contracts, and financial reports. The original corporate records shall be returned to the Board in its entirety upon request or upon termination of this contract.

4.07 Correspondence File. Agent shall keep the Board advised by written correspondence, of any business matters or obligations the Association may have concerning, governmental matters, independent contracts, unit owners and/or other individuals or entities with which the Association or its representatives have or should have a business relationship. Agent shall also keep accurate and permanent records of all correspondence. All original records will be returned to the Board upon its written request.

4.08 Control Over Independent Contractors/Personnel. Agent shall recommend the hiring and/or discharging of such independent contractors or Association personnel as may be necessary to operate and maintain the Condominium Property. All hiring/discharging and contracting shall be made solely with the Board's prior approval. Outside of hiring/discharging or assigning contracts, the Agent shall have complete control over Association personnel and independent contracts to ensure that the Association property is properly maintained.

4.09 On-Site Responsibility. Agent shall be a property manager on-site a minimum of _____ (_____) hours per month.

5.0 AGENT'S DUTIES--MAINTENANCE

5.01 Repairs. Agent shall, at the Association's expense, and in accordance with standards established by the Board, cause the common areas of the condominium to be maintained and/or repaired. For any one item of repair, replacement or refurbishing he expense incurred shall not exceed the sum of _____ Dollars (\$_____) unless specifically authorized by the Board, excepting, however, that emergency repairs involving manifest danger to persons or property, are immediately necessary for the preservation and safety of the property, or for the safety of persons, or required to avoid suspension of any necessary service to the property, may be made by the Agent irrespective of the above cost limitation. Notwithstanding this authority as to emergency repairs, it is understood that the Agent will, if at all possible, confer immediately with the President of the Board regarding emergency expenditures, or if unavailable, any two Board Members.

5.02 Contract Specifications. When requested by the Board, Agent shall prepare specifications for bids on contracts. Agent shall fully cooperate with consultants that may be retained by the Board to draft specifications for specialized

projects.

5.03 Bidding/Contracts. When requested by the Board, Agent shall solicit bids for Board, Agent shall solicit bids for Board authorized contracts. The Board shall select the contractor. The Board shall execute the contract, which shall be in the name of and on behalf of the Association. Agent shall furnish all Board Members with a copy of every contract within four (4) weeks of its execution.

5.04 Supplies. Agent shall place orders and obtain such equipment, tools, appliances, materials and supplies which are necessary to maintain the Condominium property. All orders shall be in the name of the Association.

5.05 Credits. When taking bids or issuing purchase orders, Agent shall act at all times under the direction of the Board and shall be under a duty to secure for and credit to the Association any discount, commissions or rebates obtainable as a result of such contract or purchase.

5.06 Supervision. All direct contact with association personnel, independent contractors or their personnel should be through the Agent, except in an emergency.

After the selection of a contractor, Agent shall generally oversee the activities of the contractor, review the quality of the independent contractor's workmanship, and enforce the contractual obligations and/or warranties contained therein.

The Board shall notify Agent in writing of any observations, complaints, suggestions, etc., relating to the quality of the performance of an independent contractor or Association employee.

5.07 Inspection of Property. Agent shall inspect the Condominium property and provide written reports to the Board concerning the condition of the property at least twice per year.

5.08 Unit Maintenance. This Agreement does not contemplate nor is the Agent responsible for or required to perform the upkeep and repair of the interior of any units, the responsibility for which under the West Chateau Declaration and/or Chapter 5311 of the Ohio revised code, is that of the unit owner.

6.0 AGENT'S DUTIES--ADVISING

6.01 Standards. Agent shall advise the Board in an attempt to operate and maintain the Condominium according to generally accepted industry standards.

6.02 Agent shall make recommendations for capital and operational improvements that would benefit the Association.

7.0 AGENT'S DUTIES--FISCAL AND ACCOUNTING

Agent will develop and recommend for Board approval a short and long term fiscal program and operating budget.

7.01 Annual Budget. At least _____ (_____) days before the beginning of each new fiscal year, Agent will prepare a proposed budget setting forth an itemized statement of the anticipated receipts and disbursements for the new fiscal year based on the then-current schedule of monthly assessments and taking into account the general condition of the properties. Each such budget, shall be submitted to the Board in a final draft at a board meeting for its approval.

The approved budget shall serve as a supporting document for the schedule of monthly assessments proposed for the new fiscal year. Agent shall operate within said budget and there shall not be any variance therefrom over _____ percent (_____%), unless it has been recognized and specifically authorized

by the Board. By this is meant, no expense may be incurred or commitments made by Agent in connection with the maintenance and operation of the _____ [name], in excess of the amounts allocated to the various classifications of expense in the approved budget without the prior and proper consent of the Board, except that if necessary, because of an emergency or lack of sufficient time to obtain such proper consent as provided in Item 5.01, et seq., above, an overrun may be experienced, provided it is brought promptly to the attention of the Board.

7.02 Financial Records. Agent shall maintain office records, books and accounts, which records shall be subject to examination by Association members or their authorized agents with prior notice and during normal business hours. The original of all records are deemed to be the property of the Association.

7.03 Monthly Reports. Agent shall render to the Board, by the _____ (_____) day of each month, an accrual basis monthly statement of cash receipts and disbursements, a balance sheet, a monthly budget comparison, a listing of all past due accounts, and a listing of all checks issued in the prior month, except that the final year end statement will not be submitted, until all closing information is received, but not later than _____ (_____) days following each calendar year. The year end statement will be in the form of AICPA accrual accounting guidelines. Any audits required or requested by the Association shall be prepared at the sole expense of the Association by an independent accounting firm of its choice.

7.04 Collections. At the direction of the Board, Agent will prepare monthly billings for maintenance fees and other Association charges. The method of billing will include monthly invoicing, which may be done through the issuance of coupon payment booklets, coordination of direct bank to bank payments, or any other method as determined by the Agent with the Board's prior approval. Past due notices will be mailed or delivered each month to each unit owner showing past due balances, late charges if applicable and the total balance due. All payments not received by the due date set by the Board may be assessed an additional late charge based on Board directive. Agent will work with the Association's legal council or otherwise as may be required for the collection of delinquent monthly assessments. The Association or their designee shall be responsible for lien filing expenses and other legal/court costs. Routine costs of monthly billing, including postage, shall be the Agent's responsibility.

7.05 Account Insurance. Upon Board directive, Agent shall establish and maintain, in a bank or Savings & Loan whose deposits are insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation, or in a Direct Deposit United States Treasury securities account with the Federal Reserve Bank, and in a manner to indicate the custodial manner thereof, an account as Agent of the Association for the deposit of only Association's monies, with authority to draw thereon for any payments to be made by Agent to discharge the liabilities or obligations incurred pursuant to this Agreement and the payment of Agent's fee. All accounts will be under the Association's Federal Identification number. Furthermore, all payments shall be made by check drawn on the Association's account and require at least one Board Members signature.

7.06 Federal Filings Required. Agent shall prepare for execution and filing by Association all forms, reports and returned required by law in connection with unemployment insurance, disability benefits, Workers' Compensation Insurance, Social Security benefits and other similar taxes now in effect or hereinafter imposed, and also requirements relating to the employment of personnel. Agent reserves the right to engage and pay for a third party to perform these services if it deems it to be in the best interest of both parties. The Agent in conjunction with the Association's independent Certified Public Accountant shall be responsible for the preparation and filing of the Association's annual tax returns.

7.07 Annual Independent Review. A review of the books and records of the Association may be made annually and at such other times as the Board may direct, at the Association's expense, by an independent Certified Public Accountant selected and approved by the Board, which entity will furnish the Board with an annual statement of the financial condition of the Association. The Agent will cooperate with said independent Certified Public Accountants in the performance of their audit.

8.0 RELATED OPERATIONS

Agent from time-to-time may begin affiliated business operations that could be useful to the Association. Said affiliated business operations may be used by the Association provided it is specifically approved at an official Board meeting by the Board of Managers first.

9.0 LIMITATION OF LIABILITY, INDEMNIFICATION

9.01 Agency Relationship. Everything done by Agent under the agreement shall be done as agent of the Association, and all obligations or expenses incurred thereunder shall be for the account, on behalf, and at the expense of the Association, except that the Association shall not be obligated to pay the overhead expenses of Agent's office. Any payments to be made by Agent thereunder shall be made out of such sums as are available in the special account(s) of the Association or may be provided by the Association. Agent shall not be obliged to make any advance to or for the account of Association or to pay any sum except out of funds held or provided as aforesaid, nor shall Agent be obliged to incur any liability or obligations for the account of the Association without assurance that the necessary funds for the discharge thereof will be provided.

9.02 Acts of Agent. Agent agrees to hold Association harmless to the limits and extent of Agent's liability insurance for Agent's own acts or willful or wanton misconduct and/or negligence, errors or omissions, if not covered by the Association's policy of insurance.

9.03 Acts of Others. Association agrees to save Agent harmless to the limits and extent of its liability insurance for any actions or claims of a third party arising out of Agent's performance of its duties under this Agreement. Neither Agent, its officers or its employees shall be responsible for any acts, including the willful or wanton misconduct or gross negligence of contractors or employees of the Association pursuant to this Agreement. Association agrees to save Agent harmless to the limit and extent of Association's liability insurance in any claim or action of third parties arising out of any violation or alleged violation by Association, unit owners or employees, of any law, ordinance, regulation or order of any governmental authority. Association agrees to defend at its own cost any action arising from the foregoing and to indemnify Agent for losses suffered therefrom.

9.04 In order to facilitate efficient operation, Association shall furnish Agent with a complete set of plans and specifications of the Condominium facility, if available, and with the aid of these documents and inspections made by competent personnel, Agent will familiarize itself with regard to the layout, construction, location, character, plan and operation of the lighting, plumbing, and other mechanical equipment in the Condominium if applicable. Copies of guarantees and warranties pertinent to the construction of the condominium or the installation or replacement of equipment or building members, and in force at the time of the execution of this Agreement, shall be furnished to the Agent if available. The Agent may, at the expense of the Association, obtain copies or reproductions of the plans, specifications, or guarantees of the Association, if then are necessary for the operation of the Association and the repairs and maintenance of the building structure and/or equipment.

9.05 Public Liability Insurance. The Association shall cause its public liability insurance to be written so as to protect the Agent in the same manner and extent as the Association, Board of Managers, and Unit Owners.

10.0 TERMINATION

This Agreement may be terminated with or without cause at the end of any calendar month by the unanimous vote of all the Board of Managers. Upon receipt of the termination notice via Certified Mail, the agreement will terminate _____ (_____) days thereafter.

10.01 Upon termination, the contracting parties shall account to each other with respect to all matters outstanding as of

the date of termination. The Association shall furnish Agent security satisfactory to Agent, against any outstanding obligations or liabilities that the Agent may have incurred hereunder.

10.02 After receipt of a notice of termination, and except as otherwise directed by the Board, the Agent shall place no further orders with subcontractors for materials, or services for the facility, except as may be necessary for completion of such portion of the work under the contract as is not terminated.

10.03 A date and time shall be set for a meeting to take place in Agent's principal office on or before the last day of the term of the Agreement, for the purpose of surrendering to the Association all records, funds, and deposit accounts (except for any escrow account established under these provisions), and to execute any agreement and/or releases related to the conclusion of the contractual obligations.

11.0 COMPENSATION

11.01 Base Fee. The base compensation which the Agent shall be entitled to receive from the Association for services performed under this Agreement shall be a fee payable on the first of each month in the amount of _____ Dollars (\$ _____) per month. This fee will remain in effect for the duration of this agreement.

11.02 Services Involving Litigation. The services, for which Agent is to be compensated under 11.01, above, do not include any services involving litigation between any parties whether or not the Association is directly involved. This includes, but is not limited to litigation between the Association and a third party, any small claims court action by or against the Association, any injunctive suit by or against an individual homeowner, any administrative hearing before a zoning or similar Board, City Council, tax appeals commission, any bankruptcy proceeding, or otherwise. Any such service shall be compensated at the rate of _____ Dollars (\$ _____) per hour, and, unless required by Court Order, shall only be rendered by Agent on the prior request and authorization of the Board of Managers. Subject to the exclusion following, where Agent is named Defendant in a litigation as a result of its activities as Agent for the Association, Agent is specifically authorized to defend itself, its Officers, Directors, and employees and shall be compensated for such cost of defense both as to actual costs incurred and at a rate of _____ Dollars (\$ _____) per hour. The Association and Agent further agree that should the highest court of competent jurisdiction hearing the case render a judgment against Agent resulting from Agent's negligent or intentional act or failure to act, Agent shall be entitled to receive no compensation under this Paragraph hereof for service performed in preparation of said litigation for defense or for time actually spent in court, hearings or otherwise. The provisions of this paragraph shall survive the termination of this Agreement.

11.03 Dishonored Negotiable Instruments. Where Agent is required to process NSF or other dishonored negotiable instruments, Agent shall be entitled to a fee of _____ Dollars (\$ _____) per instrument so handled and the charge for such special handling and any bank charge made to the Association's account shall be billed to the owner's account on behalf of the Association.

11.04 Escrow Demand and Transfer Fees. Agent shall process Escrow Demands, rendering information on status of unit owner's account, insurance coverage, closing confirmation of the account and process Association Owner Record changes at fees to be filled to Seller. These fees are _____ Dollars (\$ _____) per escrow demand chargeable to the selling unit owner at closing and shall be paid out of escrow by the escrow agent or other party coordinating the closing.

11.05 Professional Services. Fees for professional services approved by the Board, including but not limited to Legal, Accounting, Architectural and Engineering services and attendant expenses for the direct benefit of the Association shall be an expense of the Association.

11.06 Additional Mailings. Any extra mailings, will be billed to the Association at eight _____
(_____) cents per page plus the actual cost of envelopes and postage if applicable.

11.07 Documents. The Agent may charge Owners, Realtors, Tenants and others a reasonable fee for providing copies of the _____ ("Association's") Declarations, By-Laws, and/or Rules and Regulations. In no case shall a unit owner or tenant be charged for the first copy of a new amendment and/or changes to the Rules and Regulations. Escrow Officers, Bankers, Realtors, and other third parties may be charged for any and all copies of documents permitted to be dispersed by the Board of Manager. Owners may be charged for replacement copies of documents.

12.0 NOTICES

All notices required hereunder shall be in writing and shall be deemed given if delivered in person, or by certified or registered mail addressed as follows:

To the Association: To the Agent:

[name] [name]

[address] [address]

[address] [address]

13.0 ASSIGNABILITY

This Agreement shall inure to the benefit of and constitute a binding obligation upon the parties hereto. This Agreement is not assignable without the prior written consent of the Board.

14.0 ENTIRE AGREEMENT

14.01 This Agreement shall constitute the entire agreement between the contracting parties and no variance or modification thereof shall be valid and enforceable except by supplemental agreement in writing, executed and approved in the same manner as this Agreement.

14.02 For the convenience of the parties, this Agreement has been executed in several counterparts _____ (_____) which are in all respect identical and each of which shall be deemed to be complete in itself so that any one may be introduced in evidence or used for any other purpose without the production of the other counterparts.

The parties hereto have set their hands the date and year first above written.

Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.106

FORM 22.106 Cooperative apartment management agreement

COMMENT

This form is a management agreement for a cooperative apartment. The agreement is contemplated by the preceding form. The services that will be performed by the agent are comprehensive and constitute the agent a general building management agent. This is to say that he is authorized to do all acts related to the business for which he was engaged, i.e., the management of the cooperative apartment.

FORM

THIS AGREEMENT made _____[month] _____[day],
_____ [year], between _____[name], (the "Owner") and
_____ [name] (the "Agent").

The parties hereto mutually agree as follows:

1. Employment. The Owner hereby appoints the Agent, and the Agent hereby accepts appointment, on the terms and conditions hereinafter provided, as managing agent of the cooperative apartment house located at _____[address] (the "Building").

2. Duties of Agent. The Agent shall perform the following services with due diligence and care:

(a) Cause to be hired, paid, and supervised all persons necessary to be employed in order to properly maintain and operate the Building who, in each instance, shall be the Owner's and not the Agent's employees, and cause to be discharged all unnecessary or undesirable persons, except that no person presently employed at the Building shall be

discharged without the Owner's prior written consent.

(b) Cause the Building to be maintained in such condition as the Owner may deem advisable, including interior and exterior cleaning, and cause repairs and alterations of the Building to be made, including, but not limited to, electrical, plumbing, steamfitting, carpentry, masonry, elevator, decorating, and such other incidental alterations or changes therein as may be proper, subject only to the limitations contained in this agreement or in any proprietary lease or other agreement with any tenant-shareholder or other tenant. Ordinary repairs or alterations involving an expenditure of over _____ Dollars (\$ _____) for any one item shall be made only with the Owner's prior approval, but emergency repairs, i.e., those immediately necessary for the preservation or safety of the Building or for the safety of tenant-shareholders, or other persons, or required to avoid the suspension of any necessary service in the Building, may be made by the Agent regardless of the cost thereof, without the Owner's prior approval, after consultation with the Owner's President or Vice President.

(c) Recommend, and, with the Owner's approval, cause all such acts and things to be done in or about the Building as shall be necessary or desirable to comply with any and all orders or violations affecting the Building, placed thereon by any federal, state, or municipal authority having jurisdiction thereover. If, however, failure promptly to comply with any such order or violation would or might expose the Owner or the Agent to criminal liability, the Agent may cause such order or violation to be complied with after consultation with the Owner's President or Vice President or, if either officer shall not be available to the Agent, after consultation with the Owner's attorneys. The Agent shall notify the Owner's attorneys promptly after receipt of any order or violation.

(d) Enter into contracts for electricity, gas, steam, air conditioning, water treatment, elevator, telephone, window cleaning, rubbish removal, fuel oil, detective agency protection, vermin extermination, and other services or such of them as shall be advisable. Any such contract, however, having a term longer than _____ (_____) years or requiring annual payments in excess of _____ Dollars (\$ _____) must be authorized by the Owner.

(e) Purchase all supplies which shall be necessary to properly maintain and operate the Building; make all such contracts and purchases in either the Owner's or the Agent's name, as the Agent shall elect; and credit to the Owner any discounts or commissions obtained for purchases or otherwise (except any insurance and other commissions payable to the Agent under the terms of this agreement).

(f) Advise the Owner with respect to proper insurance coverage of the Building, its employees, and tenant-shareholders; if the Owner shall request, cause to be effected and maintained, in such amounts and through such carriers as the Owner shall designate or approve, fire, rent, plate glass, boiler, water damage, liability, workmen's compensation, employer's liability, disability, and any other insurance the Owner may elect to carry; and to cooperate with any independent insurance broker or consultant that the Owner may designate or approve and engage for the purpose of effecting insurance and protecting its interests with respect thereto.

(g) Check all bills received for services, work, and supplies ordered in connection with maintaining and operating the Building, pay or cause to be paid all such bills, mortgage interest, mortgage amortization, water charges, sewer rent, assessments, real estate taxes, and corporate income and other taxes assessed against the Owner or the Building as and when the same shall become due and payable.

(h) If the Owner shall request, list and offer for sale, lease, or sublease through its own organization and, if the Owner shall deem it advisable, through other brokers, space reserved, acquired, or reacquired by the Owner in the Building, and use its best efforts to effect sales, leases, or subleases thereof, and to renew leases and subleases of space reserved, acquired, or reacquired by the Owner in the Building, including the preparation and execution of lease and sublease documents under the supervision of the Owner's attorneys.

- (i) Accept applications and references from all prospective tenant-shareholders, tenants, and subtenants, obtain credit reports relating to prospective tenant-shareholders, tenants, and subtenants of space being leased or subleased by the Owner (and, at its request, for any other space in the Building), obtain from tenant-shareholders proposing to assign their proprietary leases such record searches as the Owner may require, and submit same to the Owner; and facilitate transfers of the Owner's shares and proprietary leases held by its tenant-shareholders.
- (j) Supervise the moving in and out of tenant-shareholders, tenants, and subtenants, and, as far as possible, arrange the dates thereof so that there shall be a minimum of disturbance to the Building's operation and of inconvenience to other tenant-shareholders and tenants.
- (k) Bill or cause to be billed tenant-shareholders, tenants, and subtenants for maintenance charges, rent, and other charges, use its best efforts to collect such maintenance charges, rent, and other charges, and, when and if directed by the Owner, serve notices upon tenant-shareholders, tenants, or subtenants to quit and surrender the space they occupy. When directed by the Owner, and on its behalf, sue for maintenance charges, rent, and other charges which may at any time be or become due to it from any tenant-shareholder, tenant, or subtenant in respect of space in the Building, institute summary proceedings to recover possession thereof and, with the consent of the Owner's attorneys, employ and pay special counsel, if necessary, for any such purposes. No suit or summary proceedings shall be instituted, however, unless the Owner's written authorization is first obtained.
- (l) Consider and, when reasonable, attend to complaints of tenant-shareholders, tenants and subtenants. If the Agent shall deem any such complaint unreasonable, it shall advise the Owner of the complaint and the reason for its opinion that the complaint is unreasonable.
- (m) Cause to be prepared and filed the necessary forms for unemployment insurance, withholding, and social security taxes and all other tax and other forms relating to employment of Building employees and maintenance and operation of the Building required by any federal, state, or municipal authority.
- (n) If the Owner shall request, not later than the _____ (_____) day of each month, render or cause to be rendered regular monthly statements, supported by disbursement vouchers, to the Owner, with remittance of amounts collected during the previous month less disbursements made on behalf and for the account of the Owner and less all such amounts as in the judgment of the Owner's accountants it may be necessary or advisable to reserve or withhold to meet obligations due or which will or may become due thereafter and for which current income will not or may not be adequate. The Agent shall send a copy of each such monthly statement to the Owner's President and Treasurer.
- (o) Establish and keep in good order a separate, accurate, and full set of books, other than books of account maintained by the Owner's accountants, for the Owner, and maintain orderly files containing rent records, insurance policies, proprietary and other leases and subleases, correspondence, receipted bills and vouchers, and all other documents and papers pertaining to the building or the operation thereof. Such books, records, and other documents shall be and at all times remain the Owner's property. The Agent shall upon the Owner's request make them available to the Owner and to its officers, accountants, attorneys, or other representatives, and upon the Owner's demand shall deliver them to the Owner or its agents.
- (p) Cooperate with the Owner's accountants in regard to the annual audit of the Owner's books of account, including the annual report of the Owner's operations for the year then ended. The Agent shall send a copy of each such annual report to all the Owner's tenant-shareholders.
- (q) Cooperate with the Owner's accountants in regard to the preparation and filing on its behalf of federal, state, city, and all other income and other tax returns required by any governmental authority.

(r) Send to all tenant-shareholders of the Owner, each year, copies of a statement furnished by the Owner's accountants which sets forth the deductions available to tenant-shareholders for income tax purposes by reason of their ownership of its shares and other relevant tax data with respect thereto provided by the Owner's accountants.

(s) Prepare and submit annually to the Owner's Board of Directors, prior to its last meeting held in each calendar year, an operating budget setting forth the Owner's anticipated income and expenses for the ensuing year, a comparison of such budget to the income and expenses of the preceding and current years, and all required explanations with respect thereto.

(t) When requested, provide a suitable place for, send notices to directors and shareholders of, prepare agendas for, and cause a representative of its organization to attend meetings of the tenant-shareholders and of the Owner's Board of Directors and, if requested by the Board of Directors, have its representative act as Secretary, and record and keep the minutes of such meetings.

(u) Prepare and send out all letters and reports that the Owner's Board of Directors may request.

(v) When the books of tentatively assessed valuations of the City of New York are opened for public inspection in each year, ascertain the assessment of the land on which the Building is located and the assessment of the Building and report such assessments to the Owner. If the Owner shall consider such assessments excessive, the Agent will, if requested by the Owner, cooperate with the Owner's attorneys to prepare an application for correction of the assessed valuation to be filed with the Tax Commission of the City of New York and, if the Owner shall not have any regular attorneys, retain special counsel to prepare such application and to institute tax certiorari proceedings.

(w) Use its best efforts to keep any commercial or nonproprietary space in the Building rented to desirable tenants on such terms as the Owner may approve. The Agent may enlist the services of other real estate brokers on the Owner's behalf in connection with the rental of such space. The Agent, however, shall not receive any additional commissions by reason of any other broker's services.

(x) Generally, do all things reasonably deemed necessary or desirable by the Owner's Board of Directors for the proper management of the Building.

The Agent may, for the Owner's account and on its behalf, perform any act or do anything necessary or desirable in order to carry out the Agent's agreements contained in this Paragraph 2. Everything done by the Agent under the provisions hereof shall be done as Agent of the Owner. All obligations or expenses incurred thereunder, for which the Agent is not compensated as provided in Paragraph 5, shall be at the Owner's expense.

All payments made by the Agent hereunder shall be made out of such funds as the Agent may from time to time hold for the Owner's account or as the Owner may provide. The Agent shall not be obliged to make any advance to or for the Owner's account or to pay any amount except out of funds held or provided as above set forth, nor shall it be obliged to incur any extraordinary liability or obligation unless the Owner shall furnish the Agent with the necessary funds for the discharge thereof. If the Agent shall voluntarily advance for the Owner's account any amount for the payment of any obligation or necessary expense connected with the maintenance or operation of the Building or otherwise, the Owner shall reimburse the Agent therefor on demand.

3. Deposit of Funds. The Agent shall deposit in a bank or trust company in the City of _____[city], to be designated from time to time by the Owner, all funds which the Agent shall collect for the Owner's account. The Agent shall hold such funds in trust in a special account and shall not commingle the same with other funds that the Agent may receive, whether for its own account or as agent for others. The Agent shall not be liable for any loss resulting from the insolvency of such depository.

4. Liability of Agent. The Agent shall not be liable to the Owner for any loss or damage not caused by the Agent's negligence or failure to comply with its obligations hereunder. The Owner shall indemnify the Agent against and hold the Agent harmless from (a) any liability, damages, costs, and expenses including reasonable attorney's fees, sustained or incurred for injury to any person or property in, about, and in connection with the Building, from any cause whatsoever, unless such injury shall be caused by the Agent's negligence or failure to comply with its obligations hereunder; and (b) any liability, damages, penalties, costs, and expenses, statutory or otherwise, for all acts properly performed by the Agent pursuant to the Owner's instructions; provided, in each of the foregoing instances, that the Agent promptly advises the Owner of its receipt of information concerning any such injury and the amount of any such liability, damages, penalties, costs, and expenses. The Owner will carry liability insurance, workmen's compensation, and employer's liability insurance, will include the Agent as a party insured under the liability policy, and will deliver a copy of such liability policy to the Agent or a certificate evidencing the same.

5. Compensation. The Owner shall pay the Agent as full compensation for its services hereunder the sum of _____ Dollars (\$_____) per annum, payable in equal monthly installments, plus:

(a) Commissions as set forth in Paragraph 3 of the agreement among the Owner, the Agent, and _____ dated _____ [month] _____ [day], _____ [year].

(b) For services in connection with unemployment insurance and social security taxes, a fee based upon an hourly rate of _____ Dollars (\$_____).

(c) For services in connection with labor union relations, withholding taxes, hospitalization, group life insurance, disability insurance, and the like, a fee based upon an hourly rate of _____ Dollars (\$_____).

6. Bond. If requested, the Agent, at the Owner's expense, shall forthwith procure a fidelity bond satisfactory in form to the Owner, and issued by a bonding, insurance, or casualty company satisfactory to the Owner. Pursuant to this bond the surety shall hold the Owner harmless in an amount up to _____ Dollars (\$_____) from any loss of money or other personal property belonging to the Owner or for which the Owner is legally liable, caused by larceny, embezzlement, forgery, misappropriation, wrongful abstraction, or any dishonest or fraudulent acts committed on or after the date hereof, by the Agent, its directors, officers, or employees. The Agent shall keep such bond in full force and effect throughout the term of this agreement.

7. Brokerage. The Agent shall not receive any brokerage commissions for the sale of any shares of the Owner by a tenant-shareholder together with the proprietary lease appurtenant thereto, or for the subletting of any apartment by a tenant-shareholder unless such tenant-shareholder shall directly engage the services of Agent as broker. In no event shall the Owner be liable for any such commissions. Notwithstanding the foregoing, however, the Agent may notify the tenant-shareholders of its willingness to act as broker on their behalf, and, if engaged by any tenant-shareholder for such purpose, the Agent shall exercise its best efforts in such tenant-shareholder's behalf.

8. Representation by Agent. The Agent represents to the Owner that it is duly licensed by the Department of State of the State of _____ [state] as a real estate broker and also by the Department of Law of the State of _____ [state] as a broker-dealer insofar as broker-dealer licensing is required in order to enable it to lawfully perform its duties hereunder.

9. Effective Date. This agreement shall take effect on _____ [month] _____ [day], _____ [year], and shall continue in force until _____ [month] _____ [day], _____ [year]. In the event of a sale, lease, or demolition of the Building, the Owner may terminate this agreement at the end of any calendar month by giving not less than _____ (_____) days prior written notice to the Agent. Upon termination, the parties

shall account to each other with respect to all uncompleted business, and the Agent shall deliver to the Owner all proprietary and other leases, subleases, corporate files, books, and records, and other instruments relating to the Building and the Owner that may be in the Agent's possession. The Owner shall furnish the Agent with reasonable security against all outstanding obligations or liabilities which the Agent may have incurred hereunder.

10. Modification. This agreement may not be changed orally but only in writing signed by both parties.

11. Binding Effect. The provisions of this agreement shall be binding upon and inure to the benefit of both parties and their respective successors and assigns, unless otherwise expressly provided herein.

12. Non-assignment. This agreement may not be assigned by either party.

13. Notices. All notices or other documents under this agreement shall be in writing and delivered personally or mailed by certified mail, postage prepaid, addressed to the parties at their last known addresses.

14. Governing Law. This agreement shall be construed in accordance with and governed by the laws of the State of _____ [state].

15. Entire Agreement. This agreement contains the entire understanding between the parties and supersedes all prior understandings and agreements between them respecting the within subject matter.

16. Non-waiver. No delay or failure by either party to exercise any right under this agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

17. Headings. Headings in this agreement are for convenience only and shall not be used to interpret or construe its provisions.

18. Counterparts. This agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

The parties hereto have executed this agreement the day and year first above written.

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
F. REAL ESTATE MANAGEMENT

26-22 Current Legal Forms for Real Estate FORM 22.107

FORM 22.107 Management agreement--time share resort

COMMENT

This form is a management agreement for a time sharing resort. The services to be performed by the agent are comprehensive. The agent is authorized and obligated to do all acts relating to the successful operation of the resort. In many cases, the developer of the time share resort has a related company which is involved in the management of the resort. This form is very detailed and involves the time share association hiring the manager.

FORM

MANAGEMENT AGREEMENT

THIS MANAGEMENT AGREEMENT (the "Agreement"), made and entered into as of the _____[day] day of _____[month], _____[year] by and between _____[name] with a mailing address at: _____[address] (hereinafter referred to as the "Association"), and _____[name] with a mailing address at: _____[address] (hereinafter referred to as "Manager"), regarding the management of the resort development known as: _____[name] which is located at _____[address].

WITNESSETH:

WHEREAS, the Association is responsible for operations of the Development (hereinafter referred to as the "Development").

WHEREAS, the Association and Manager desire to agree on terms for Manager to provide management services to the Development.

NOW, THEREFORE, for and in consideration of the mutual promises contained herein the parties hereto agree as follows:

1. Definitions. The governing documents for the Development establishing the plan for interval vacation ownership for the Development are listed in the attached Exhibit "A" incorporated herein by reference and are herein collectively referred to as the "Project Instruments," unless the context requires otherwise. This Agreement pertains to all residential dwellings (hereinafter referred to as the "Units") now or hereafter submitted to the Project Instruments. The term "Owner" as used in this Agreement shall refer to persons (other than temporary tenants, invitees, licensees, or mortgagees) who are fee or leasehold titleholders of the Units. The term "Vacation Interval" is used in this Agreement to refer to the annual or biennial period of time of less than _____ (_____) years during which an Owner has the right of occupancy of a Unit.

2. Engagement of Manager. The Association hereby engages Manager, to the exclusion of all others, to perform the services described herein to manage the Development, and Manager hereby accepts such engagement on the terms and conditions herein set forth. Manager shall perform its duties and responsibilities hereunder strictly as an independent contractor, and neither the execution of this Agreement nor the performance hereof is intended to be, nor shall it be construed as, evidencing the formation of a partnership, joint venture or similar agreement between the Association and Manager.

3. Term and Renewal. The "Initial Term" of this Agreement shall commence as of the date hereof and continue through December 31 of the year noted in Paragraph 14 as the "Initial Term Expiration Year." This Agreement shall automatically renew for successive Renewal Periods unless either party hereto shall give the other written notice of a nonrenewal not less than _____ (_____) days prior to the Expiration Date; provided, however, that the Association may not give notice of nonrenewal unless such notice is authorized by the vote and consent of not less than a majority of the Units voting at a meeting where not less than two-thirds of the Units are present (unless a lesser vote is required by the Project Instruments or applicable law in which case such lesser vote shall be required). Each "Renewal Period" shall be for the number of years noted in Paragraph 14 hereof as the "Renewal Years." The "Expiration Date" shall be December 31 of the Initial Term Expiration Year or December 31 of the last year of each Renewal Period, as applicable.

Manager shall have the right, at any time either during the Initial Term or thereafter to terminate management under this Agreement upon _____ (_____) days' notice to the Association. The Association shall use commercially reasonable efforts to execute a replacement management agreement within the _____ (_____) day period. If the Association has not entered into a replacement management agreement within such _____ (_____) day period, Manager agrees to continue to perform its obligations hereunder for an additional _____ (_____) days (a total of _____ (_____) days after the initial notice), at which time its management under this Agreement shall terminate.

Failure of Manager to substantially perform its duties and obligations under this Agreement, or to commence to cure any default thereunder, for a continuous period of _____ (_____) days after written notice of default from the Association, specifying the default complained of, shall be grounds for the Association to terminate this Agreement as its sole remedy. In no event shall Manager be liable to the Association or Owners for damages for nonwillful, nonfraudulent or nongrossly negligent acts, errors or omissions exceeding the Management Fee earned by Manager during the _____ (_____) month period immediately prior to the occurrence of Manager's default, except as heretofore provided. Upon termination of this Agreement, for any reason, Manager agrees to promptly prepare a summary of all fees due through termination, and Association agrees to pay such

fees within _____ (_____) days of presentation of the summary.

4. Brand Display. In performing its services under this Agreement, Manager intends to employ the systems, techniques, and expertise developed by it and its affiliates in management of Vacation Interval properties. In the performance of its services, Manager may, but shall not be obligated to, identify the Development as a "Managed Resort."

The parties acknowledge that all of Manager's intellectual property related to its management for the Association and the Owners, including but not limited to any and all computer hardware and software provided by or obtained through Manager (the "Proprietary Materials"), is and always shall be the property of Manager. The parties expressly agree that upon termination of this Agreement due to the expiration of its term, cancellation or default, the Association shall cease using and thereafter abstain from using any licensed or branded (collectively, "Branded Materials") or Proprietary Materials and shall return any Branded Materials and Proprietary Materials in its possession to Manager within _____ (_____) days after termination of this Agreement.

5. Powers and Duties. The Association hereby delegates to Manager, to the exclusion of all persons including the Association and its members, all the powers and duties of the Association as set forth in the Declaration (except those which cannot be delegated as a matter of law). This delegation in no way relieves the Association's officers and directors of the fiduciary obligations owed by them to Owners under applicable law. Manager shall, among other things including those duties set forth on the Fee Addendums attached hereto, perform the following services in the estimated frequency of performance set forth on Exhibit "B" attached hereto, or otherwise as agreed to between Manager and the Association.

5.1 Budget. Manager shall prepare: (i) a recommended operating budget setting forth an itemized statement of the anticipated receipts and disbursements for each year, based upon the then-current schedule of maintenance fees, assessments, Development fees, membership fees and other budgeted amounts due from the Owners to the Association (collectively "Assessments") and taking into account the general condition of the Development and/or Units; (ii) a capital expenditure budget; and (iii) a forecast of cash flow to and from current expense and capital replacement reserve funds (collectively, the "Budget"). The Budget shall be submitted to the Board of Directors in final draft at least _____ (_____) days prior to the commencement of the year for which it has been proposed, or such shorter period of time as may be required by applicable law. Upon approval thereof by the Board of Directors, the Budget shall determine the schedule of Assessments.

5.2 Resale Programs. Association hereby grants to the Manager, or any affiliate of the Manager, as Manager may designate, the exclusive right to occupy the common areas of the Development and access areas of the Development for the purpose of providing any resale program to Owners and the Association, as well as for the provision of guest services, concierge services, time share or other vacation interval sales programs, as well as displaying any advertising or other promotional material with respect to any such programs. The Association agrees not to enter into any agreement with any other party with respect to the provision of such services without the prior written consent of the Manager.

5.3 Collections. Manager shall bill and collect, from the Owners on behalf of the Association, based upon the Budget, all Assessments, real estate and other taxes (unless billed separately to each Owner) and any other amounts due and owing the Association or a third party pursuant to the provisions of any applicable law or the Project Instruments. All Assessment payments by an Owner shall be applied as to interest, delinquencies, costs and attorneys' fees, other charges, expenses and advances as provided herein and in the Project Instruments.

Manager may charge and collect for such purposes and against such parties as Manager determines, to the same extent that the Association is required or permitted by the Project Instruments or applicable law to do so. Manager is authorized to charge and collect from any Owner(s) the cost of providing special services on behalf of and at the request of such Owner.

Manager shall have the authority on behalf of the Association to utilize such means as may be established by law or the Project Instruments for collecting any delinquent amounts. Manager shall furnish the Association with an itemized list of all delinquent accounts overdue more than sixty _____ (_____) days if requested. The Association shall aid and assist Manager in collecting Assessments and other amounts in any reasonable manner requested by Manager. Manager may, on behalf of the Association, file a lien against an Owner's Unit or Vacation Interval should such Owner fail to pay any Assessments or other amounts due, pursuant to the Project Instruments, and may take such other action as is permitted by the Project Instruments, in the name of or as agent of the Association. Manager may compromise liens in such amount(s) as it deems advisable, in its sole discretion, and may satisfy liens of record and render statements as to the current status of an Owner's account. To the extent permitted by law and subject to the requirements of the Project Instruments, Manager may suspend a delinquent Owner's right to use (or allow others to use) such Owner's Unit or Vacation Interval. The Association agrees to defend, indemnify and hold Manager harmless from and against any and all claims asserted against Manager, its agents, employees or affiliates, arising out of or in connection with any such suspension.

5.4 Records. Manager shall maintain the Association's financial record books, accounts and other records as required by the Project Instruments, and issue certificates of account to Owners and their mortgagees and lienors, without liability for errors other than as a result of gross negligence. Such books and records of the Association shall include records of the Association's receipts and disbursements, an individual account for each Owner designating such Owner's name and address and the amount of any assessments or other amounts paid by and/or due from such Owner, and a list of the names and current mailing addresses of all Owners and their mortgagees as provided by the Owners. Manager shall maintain records to describe its services hereunder and such financial books and records to identify the source and the disbursement of all Association funds collected by Manager. Manager shall make the Association's accounting records available for inspection and reproduction by the Owners, at reasonable times, in the office of Manager; provided, however, that Manager may charge the Owner or its authorized representative such reasonable reproduction fee as the Board from time to time establishes.

Manager shall also prepare and have available for each Owner for inspection any financial report required by the Project Instruments within _____ (_____) days following the end of each fiscal year (or such earlier date as may be required by applicable law). In addition, Manager shall make available at the required times to the Association or Owners, as applicable, any reports or other documents as may be required by the Project Instruments or any applicable law.

If required by the Association or by law or the Project Instruments, Manager shall arrange for an annual independent audit of all the books maintained for Association by Manager, to be conducted at the Association's expense by a certified public accountant. Subject to the prior direction and approval of the Board, Manager shall select an accountant to prepare the Association's annual tax returns. True and correct copies of such tax returns shall be available for inspection by the Owners of the Association in the office of Manager during normal business hours.

Manager is authorized to make available for inspection by any applicable governmental agency all books and records of the Association, upon the request of said agency, and file with said agency any and all reports and information requested and required by law. Manager is authorized to provide to any applicable governmental agency, upon request, a complete list of the names and addresses of all purchasers and Owners of interests in the Development.

5.5 Accounts. Manager shall deposit all funds collected from all sources in the accounts of the Association or in special bank accounts (collectively the "Accounts") in federally insured banks and/or savings and loan associations, with suitable designation indicating their source; provided, however, that all sums collected by Manager for Assessments to the Development may be commingled in a single fund or divided into more than _____ (_____) fund, as determined by Manager, but may not be commingled with any other funds or accounts of Manager or otherwise; provided, further, that Manager shall maintain a separate account for reserve funds

and shall not commingle reserve funds with the operating funds for a period in excess of _____ (_____) days. Manager is authorized to withdraw such funds from the Accounts as required to pay expenses pursuant to Paragraph 6. Manager shall maintain fiduciary bonds normally required of management agents as required by law.

5.6 Maintenance. Manager shall arrange for the regular cleaning, maintenance and repair of the common elements of the Development and the Units committed to Vacation Ownership and the contents thereof for which the Association has maintenance responsibility. Manager shall cause such maintenance to be performed in conformity with good maintenance practices; provided, however, that Manager shall not be responsible for any pre-existing condition of any of the Units or the Development or for discovering any such condition which would require maintenance.

For any one (1) item of repair, replacement or refurbishing, the expense incurred as to the Development as a whole shall not exceed the sum of _____ Dollars (\$_____) unless either contemplated in the approved Operating Budget or capital budget, or specifically authorized by the Association. However, in the case of an emergency, Manager is authorized to expend on behalf of the Association any sum necessary to protect and preserve the Development or any of the Units. For purposes of this paragraph, all expenses incurred by Manager on behalf of the Association during any _____ (_____) day period and paid to any single person, entity or affiliates or principals thereof, shall be considered to be a single expense unless reasonably demonstrated by Manager to the contrary.

Manager shall have access to the Development and each Unit during reasonable hours as may be necessary for the upkeep of the Development and Units or for the making of emergency repairs to prevent damage to common areas of the Development, or to any Unit or Units; provided, however, that this right of access shall not be deemed to confer on Manager any affirmative obligation for inspection of, and resulting responsibility for, any repairs to ordinarily inaccessible areas (e.g., balconies). To the extent reasonably convenient, all maintenance, repairs, replacements, additions and/or changes to the interior of Units shall be performed at a time when such Unit is vacant. If it becomes necessary, in the judgment of Manager, to perform maintenance or repairs within an occupied Unit in order to prevent foreseeable personal injury or imminent damage to any of the Units, or personal belongings, of any Unit occupant or the Development, and if such work cannot be performed while the Unit is occupied, in the judgment of Manager, then Manager shall exercise reasonable efforts to relocate the Unit occupant(s) for the duration of such displacement to such reasonably comparable nearby accommodations as possible, at the Association's expense, to the extent so required by the Project Instruments.

If it is determined pursuant to the terms of the Project Instruments that Development property damaged by casualty be reconstructed, Manager shall have the Association's responsibility of reconstruction. In that event, Manager shall have all the rights, obligations and duties granted to the Association, and Manager shall be paid as a fee the sum of _____ percent (_____) of the gross amount of all insurance proceeds received by the Association and Owners resulting from such damage or destruction. Where applicable and permitted under the provisions of the Project Instruments, such sum shall be paid to Manager from such insurance proceeds. If _____ percent (_____) fee cannot be paid entirely from such insurance proceeds under the provisions of the Project Instruments, such fee shall be paid by the Association to Manager from revenues collected by the Association as regular and/or Special Assessments. In the event that for any reason the Project requires unforeseen and unbudgeted renovations or requires repair due to an uninsured casualty loss, and the Association desires for the Manager to have the responsibility for overseeing such renovations or reconstruction, the parties agree that the Manager will be entitled to a reasonable fee for the performance of such services, such fee to be determined by a negotiation between the parties at the time such services are requested. In the event that the Association and the Manager are unable to reach agreement with respect to the amount of the fee or how the fee will be paid, then the Manager shall have no responsibility for the oversight of such renovations or reconstruction, such responsibility in such event remaining with the Association.

5.7 Contracts. Manager may enter into contracts, on behalf of the Association for garbage and trash removal, heating and air conditioning maintenance, pool maintenance, landscaping, telephone service, cable television service, pest control and such other services as it deems necessary or appropriate for the proper maintenance and operation of the Development. To the extent not subcontracted by Manager to third parties, Manager may purchase or lease all tools, equipment, vehicles, appliances, goods, furniture, supplies and other materials that it determines to be reasonably necessary to properly maintain and operate the Development. All such contracts and purchases may be made in either the Association's or Manager's name, as Manager may elect. The Association agrees to honor all agreements and contracts executed by Manager in accordance with the terms and provisions of this Agreement as the agent of the Association for the operation, repair and upkeep of the Development and the Units. Where Manager has executed such contracts for the upkeep, management and administration of the Development and the Units in conformity with the terms and provisions of this Agreement, the Association shall be deemed to have ratified such agreements and contracts, and the Association will fully and completely perform all of its duties and obligations under such agreements for their entire term. Where Manager has entered into agreements and contracts on behalf of the Association in compliance with the terms and provisions of this Agreement, and where Manager has substantially complied with all of the material terms and provisions of such contracts and agreements, the Association shall indemnify and hold harmless Manager from any claims or actions instituted by the other party to such contracts and agreements in accordance with the terms and provisions of Paragraph 11 hereof.

Manager shall engage such attorneys, accountants and other professionals, experts and subcontractors as may reasonably be required, in the discretion of the Manager, in order to enable Manager to effectively perform its duties and exercise its powers hereunder. The foregoing shall not be a limitation upon the right of the Association to employ other such professionals and experts on its own account as it may desire, but the employment of the same by the Association shall in no way affect Manager's rights to employ and continue the employment of the professionals and experts which it has or will employ, nor shall the same in any way relieve the Association of its obligation to pay the cost of professionals and experts retained by Manager; provided that the Association has approved the retainer of specific firms and that the cost thereof either is consistent with the Budget or has been separately approved by the Board.

Except upon the approval of the Board, Manager hereby agrees not to enter into any contract on behalf of the Association with an initial term in excess of _____ (_____) years or which does not permit termination of the contract by the Association without penalty upon no more than _____ (_____) days written notice. Manager shall have the authority to extend, modify or terminate such contracts relating to the upkeep, maintenance and operation of the Development and/or Units, and Manager shall have the additional authority to enter into new service contracts for the upkeep, maintenance and operation of the Development and/or Units, subject to the above-described limitations. Moreover, it is specifically contemplated by Manager that, for an indefinite period of time, Manager may, at its option, subcontract some or all of the duties and responsibilities of Manager under this Agreement to a substitute local manager (or companies, over time) (the "Subcontract Manager"). The Association specifically consents to and approves of such subcontract(s) to the Subcontract Manager, provided that Manager remains contractually obligated to the Association to meet all of Manager's duties and obligations under this Agreement.

5.8 Insurance. Manager shall cause to be placed or kept in force such insurance as the Association requests and is provided for in the Budget provided such insurance is available. To the same extent that the Association is so required or permitted, Manager shall act as agent for the Association, each Owner and for each other insured interest to adjust all claims arising under said insurance policies, to bring suit thereon and deliver releases upon payment of claims, to otherwise exercise all of the rights, powers and privileges of the insured parties, to receive all insurance proceeds on behalf of the insured parties, subject to the provisions of the Project Instruments. Manager and any Subcontract Manager shall be designated as additional insureds in the comprehensive public liability policy obtained by or for the benefit of the Association, and any additional premium therefor shall be the responsibility of the Association.

5.9 Rules and Regulations; Enforcement. Manager shall be authorized to take such action as may be necessary to enforce the provisions of the Project Instruments or Rules and Regulations of the Development adopted pursuant thereto. Manager shall have all the rights and powers of the Association to remedy any violations thereof or to pursue such legal remedies as Manager may deem appropriate. Manager may act upon its own determination, either on its own behalf or on the behalf of the Association. If Manager deems it advisable not to act in any particular situation, Manager shall not be liable or responsible to the Association, its directors or any Owner for the failure to so act. Subject to the prior direction and approval of the Board, Manager is authorized to represent the Association in any action, suit or other proceeding, and any such action may be brought or defended in the name of the Association.

Manager shall have the authority to propose to amend the Rules and Regulations for the use and occupancy of the Development, subject to the approval of the Association. Manager shall ensure that a copy of the then-current Rules and Regulations promulgated by the Association is kept furnished to the Unit Occupant(s), at check-in or otherwise, upon request. Manager shall have the power to regulate all vehicular parking. Manager shall regulate the use of the storage areas on the Development property, if any.

5.10 Direction. Manager shall have the authority to perform such other acts and be responsible for such additional duties as may from time to time be delegated to it by the Association or the Project Instruments, or as may be imposed upon Manager by any applicable provisions of law, rule or regulation (in which event Manager's compensation under Paragraph 9 hereof will be adjusted as appropriate by mutual agreement). Manager shall hire and supervise the employees and/or subcontract for and supervise persons to perform the duties and responsibilities of Manager set forth herein. Such persons shall be under the exclusive supervision and control of Manager. Manager shall have absolute discretion as to the retention or discharge of any such employee or subcontractor. Although all employees shall be employees of the Manager, and not the Association, the Association acknowledges that all expenses of such employees (and an allocable share of the expenses related to Manager's employees who are not present at the Development on a full-time basis), including salary, payroll taxes and other benefits which are paid by the Manager shall be an expense reimbursable to Manager under the Budget.

6. Application of Funds. Manager shall pay the Association's financial obligations to the extent of available Association funds. Funds available shall be applied monthly as follows:

(i) Management Fee. First, to Manager's management Fee and other compensation to Manager, pursuant to Paragraph 9 hereof.

(ii) Reimbursement. Next, to reimbursement of Manager for any reimbursable expenses, including indemnities pursuant to Paragraph 11, or any funds advanced or incurred by Manager, in accordance with the Budget, or to carry out any of Manager's duties or responsibilities under this Agreement or as otherwise allowed under this Agreement on behalf of the Association.

(iii) Insurance. Next, to the payment of premiums on insurance policies for the Development carried by the Association and Manager.

(iv) Utilities. Next, to the payment of all utilities, if any, chargeable to the Association in accordance with either the Budget or otherwise as allowed under this Agreement.

(v) Balance. The balance shall be utilized, applied and disbursed and otherwise expended or reserved by Manager to pay Association expenses.

7. Duties of the Association

7.1 Interference. For so long as this Agreement remains in effect and is not properly terminated by the Association as

herein provided, the Association shall not unlawfully interfere nor permit, allow or cause any of its officers, directors or Owners to interfere unlawfully with Manager in the performance of its duties or the exercise of any of its powers hereunder.

7.2 Amendments of Documents. The Association shall not amend any of the Project Instruments in a manner which might impair or prejudice the rights of Manager without the prior written consent of Manager.

7.3 Permits, Licenses and Quiet Title. The Association will use all commercially reasonable efforts to maintain quiet title to the common facilities in the Development and to obtain and maintain any and all permits and licenses necessary to the operations of the Development.

7.4 Meetings of Association. Manager shall receive written notice of any meeting of the Association's board of directors at least _____ (_____) business days prior to the meeting, and shall have the right to have a representative attend, and shall cause a representative to attend all meetings of the Association and of any board of directors of the same. The minutes of all the Association's meetings, whether of Owners or of any board of directors, shall be taken by the Association's secretary and the minute book shall remain in the custody of said secretary, who shall always be responsible for preparing and furnishing notices of all meetings to the required parties. The Association shall provide Manager with a current roster of the officers and directors of the Association at all times, and with a current copy of any minutes taken of all meetings of both the Association and any board of directors.

At the Association's request, (i) Manager shall organize the meetings of the Owners, including the preparation and delivery of the notice of the meeting and the preparation of proxy forms; (ii) Manager shall prepare the agenda for the meeting, conduct the meetings and oversee the election of any board of directors; and (iii) Manager shall assist with the meetings of any board of directors, including the election of officers.

8. Deficits. Notwithstanding any implication in this Agreement or the Project Instruments to the contrary, Manager shall not be required to undertake to pay any costs or expenses necessary for the maintenance, repair, replacement, restoration, improvement, operation or administration of the Association from its own funds, and shall only be required to perform its services and make disbursements to the extent that; and as long as, the payments of Assessments received by Manager from the Association and its members are sufficient to pay said costs and expenses in full. If it shall appear to Manager that said Assessments are insufficient to pay the same, and to adequately provide full reserves, Manager shall forthwith determine, advise the Association and, subject to the Association's approval, assess and collect from the Association and/or the Owners such additional Assessments as are required to pay expenses and/or maintain reasonable reserves. In the event of an emergency posing imminent danger to the Development or any portion thereof, including but not limited to the Units, the common elements or the common furnishings, or to the health or safety of any Owner or other person, Manager is authorized to expend from its own funds, for the protection of said property or person, an amount necessary to do so in its reasonable judgment, and the Association shall promptly reimburse Manager therefor.

The Manager shall have no obligation or fiduciary responsibility to make up shortfalls in the collection of maintenance fees or other assessments, but shall have the option of making advances, in the form of loans, to the Association as the Manager determines to be appropriate, in its sole discretion. Any such loans will be approved, in advance, by the Board of Directors of the Association. To the extent that the Manager does make loans to the Association, they shall be based upon terms with reasonable interest, the specific terms to be negotiated with the Board of Directors of the Association at the time of such loans.

9. Management Fee. In consideration for its services hereunder, Manager shall be paid the compensation provided for in the Fee Addendums or as specifically set forth herein. It is specifically understood and agreed that Manager shall perform all of the services required of it hereunder at no cost or expense whatsoever to itself, but solely at the cost and expense of the Association and that the compensation provided for in the Fee Schedule is to be after recovery of all sums advanced by Manager to provide the services required by this Agreement. Manager's Management Fee, overhead,

employees and other costs, reimbursable expenses, accounting and administrative expenses, and other expenses necessary to fulfill Manager's obligations will be included in the Budget as Association expenses as reimbursable items. Any other out-of-pocket costs and expenses incurred by reason of special mailings, newsletters, polls and the like, requested by the Association, will also be considered reimbursable costs, which must be paid for by the Association. Nothing contained herein shall be deemed to preclude the payment to Manager or any of its affiliates of any fees, costs or compensation set forth in or contemplated by the Budget, provided that such fees, costs or compensation are for services or goods required by the Association and subject to Paragraph 5 hereof are not in excess of the prevailing rate or fees for such services or goods which would be charged by unaffiliated parties in arm's-length transactions.

10. Assignment. Manager may assign this Agreement in whole or in part with the consent of the Association, which consent shall not be unreasonably withheld, so long as the assignee agrees, in writing, to assume and perform the terms and covenants of this Agreement. Upon an assignment, Manager shall automatically be released from any and all further obligations hereunder for the assigned term. Manager may also assign this Agreement in whole or in part to any affiliate of Manager without the prior consent or approval of the Association. For purposes of this Agreement, an "affiliate" of Manager shall mean any company, partnership or entity in which either Manager or any of its constituent partners or shareholders owns _____ percent (_____) or more of the beneficial ownership interest in such entity.

11. Indemnification. Manager shall not be liable to the Association or Owners for any loss or damage not solely caused by the fraud, gross negligence or willful misconduct of Manager, its employees, officers, directors, shareholders or agents, including the Subcontract Manager (collectively, the "Indemnitees"). The Association will defend, indemnify and hold the Indemnitees harmless from and against any such liability, or claims for damages, costs and expenses, including attorneys' fees, arising out of or related to the administration of the Indemnitees' duties hereunder, or from alleged injury to any person or property in and about, or in connection with the Development from any cause whatsoever, unless such loss or injury shall be solely caused by the fraud, gross negligence or willful misconduct of the Indemnitees not covered by the Association's insurance.

12. Default by Association. If the Association or its members shall interfere with Manager in the performance of its duties and exercise of its powers hereunder, or the Association shall fail to promptly do any of the things required of it hereunder, then Manager may, _____ (_____) days after having given written notice to any officer of the Association, declare this Agreement in default if such default remains then uncured. Unless such default is cured by the Association within _____ (_____) days following its receipt of such notice of default, Manager may, in addition to any other remedy given it by agreement or in law or equity, (i) terminate this Agreement pursuant to paragraph 3 hereof, and (ii) bring an action against the Association for damages and/or injunctive relief. All rights of Manager, upon default, shall be cumulative and the exercise of one or more remedies shall not be deemed to exclude or constitute a waiver of any other additional remedy.

13. Miscellaneous

13.1 This Agreement shall be governed by, and shall be construed in accordance with, the laws of the state identified on the signature page hereto. The parties hereby waive any right they may have under any applicable law to a trial by jury with respect to any suit or legal action which may be commenced by or against the other concerning the interpretation, construction, validity, enforcement or performance of this Agreement or any other agreement or instrument executed in connection with this Agreement.

13.2 Except as otherwise specifically set forth herein, time is of the essence for all terms of this Agreement. In the event that Manager shall be delayed, hindered in or prevented from the performance of any act required hereunder by reason of strikes, lock-outs, labor troubles, inability to procure materials, failure of power, restrictive governmental laws or regulations, riots, insurrection, war or any other reasons beyond Manager's control, then performance of such act shall be excused for the period of the delay, and the period for the performance of any such act shall be extended for a period

equivalent to the period of such delay.

13.3 No modification, release, discharge or waiver of any provision hereof shall be of any force, effect or value unless in writing and signed by the parties to this Agreement. No waiver of a breach of any of the covenants contained in this Agreement shall be construed to be a waiver of any succeeding breach of the same or any other covenant, irrespective of the number of violations or breaches thereof which may occur. This Agreement embodies the entire agreement between the parties hereto relating to the subject matter hereof and supersedes and replaces any and all prior negotiations, representations, agreements and understandings, both oral and written, in connection therewith. The invalidity in whole or in part of any covenant, promise or undertaking, or any section, subsection, sentence, clause, phrase or words, or of any provisions of this Agreement, shall not affect the validity of the remaining portions hereof. Whenever the context hereof so permits, the use of the plural will include the singular, the singular the plural and the use of any gender will be deemed to include all genders.

13.4 Except as may be otherwise provided herein, any notice, demand, request, consent, approval or communication under this Agreement shall be in writing and shall be deemed duly given and made upon receipt. A party may designate a different address for receiving notices hereunder by notice to the other parties.

13.5 In the event either party hereto institutes an action to enforce its rights hereunder or to resolve any dispute arising with respect hereto, the substantially prevailing party in such action shall be entitled, in addition to any other relief granted by the court, to such reasonable attorney's fees and costs as such court may award.

14. Additional Terms. The following additional terms are herein stated:

Initial Term Expiration Year: _____ [year]

Governing State Law: _____ [state]

The parties have executed this Agreement as of the date first written above.

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.108

FORM 22.108 Construction loan and security agreement financing for subdivision of single family lots

COMMENT

This form relates to a developer's purchase of vacant land for subdivision into lots. The Borrower intends to use the proceeds of the loan to acquire the land and to contract the necessary roads, utility lines, etc. After the subdivision is completed, the developer will sell the lots to builders for purpose of the construction of single family residences. The agreement provides for a release of a lot from lenders' mortgage upon the borrower complying with various requirements imposed by the lender. Thus, the borrower can sell if the lots and obtain a partial release of the mortgage without having to pay off the entire principal balance.

As is typical with most construction loans, this agreement provides for periodic disbursements by the lender to pay for the improvements as they are completed. The agreement also provides for an initial disbursement to borrower for acquisition and other soft costs which the borrower has incurred or will incur upon the acquisition of the property and the closing of the loan.

The developer in this transaction will not construct the improvements itself. Rather, this developer has engaged a contractor to do the construction of the improvements. As a result, the lender must be concerned with takes over the project if there is a default.

This agreement also contains confession of judgment provisions that is, that the lender is entitled to summary proceedings in the event of a default. However, the drafter should be aware that many states do not allow such provisions. Therefore, as is the case in any transaction, the practitioner must become familiar with the laws in the jurisdiction where the project is located or where the loan is being made.

FORM

CONSTRUCTION LOAN AND SECURITY AGREEMENT

This Agreement is entered into as of this _____[day] day of _____[month], _____[year] by and between, _____[name], a(n) _____[state] _____[entity], whose business address is _____[address] (the "Borrower") and _____[name], a(n) _____[state] _____[entity], whose business address is _____[address] (the "Bank").

WHEREAS, the Borrower has requested the Bank to make available to the Borrower the credit facility described herein for the purpose of the Borrower acquiring and developing certain land located in the City of _____[city], _____[county] County, _____[state]; and

WHEREAS, the Bank is willing to make the credit facility described herein available to the Borrower on the terms and conditions set forth herein;

NOW, THEREFORE, in consideration of the premises and the mutual promises hereinafter contained, the Borrower and the Bank agree as follows:

Section 1. Definitions

Certain capitalized terms have the meanings set forth on **Exhibit 1** hereto or in the Mortgage. All financial terms used in this Agreement but not defined on **Exhibit 1** or in the Mortgage have the meanings given to them by generally accepted accounting principles. All other undefined terms have the meanings given to them in the _____[state] Uniform Commercial Code.

Section 2. Construction Loan and Terms

2.1 Mortgage Loan. (a) Subject to the terms and conditions hereof, Bank hereby extends to Borrower a construction loan facility under which Bank will make construction advances to Borrower from time to time in the maximum aggregate amount of _____ (\$_____) (individually referred to as a "Construction Loan" and collectively referred to as the "Construction Loans"), subject to the terms and conditions as stated herein.

(b) On the Closing Date hereof, Borrower shall duly execute and deliver to Bank a mortgage note in the principal amount of _____ (\$_____) (the "Note") in the form of **Exhibit 2.1** attached hereto, with appropriate insertions therein and payable to the order of Bank.

(c) So long as no Event of Default has occurred and is continuing, Borrower may request Construction Loans in accordance with the provisions of Section 3.5 hereof until _____[month] _____[day], _____[year] (the "Due Date"). On the Due Date the entire principal balance, plus all other amounts due the Bank hereunder will be due and payable.

2.2 Fees. At closing, Borrower will pay to Bank a fee in the amount of _____ percent (_____%) of the amount of such Construction Loan (i.e., \$_____) (the "Fee").

2.3 Costs. In addition to the Fee, Borrower shall pay to Bank all out of pocket expenses and any other reasonable costs and expenses (including, without limitation, reasonable attorneys' fees, court costs, litigation and other expense)

incurred or paid by Bank in preparing the Loan Documents and establishing, maintaining, protecting or enforcing any of Bank's rights or Borrower's obligations, including, without limitation, any and all such costs and expenses incurred or paid by Bank in inspecting, defending Bank's title or right to the Collateral, or in enforcing its right to the Collateral, and all costs of filing the Mortgage.

Section 3. Disbursement of Loan Proceeds

3.1 Conditions to all Disbursements

(a) Upon execution and delivery of this Agreement and the Loan Documents, Bank shall disburse Loan Proceeds to pay the Bank's costs, fees, the Fee, the mortgage loan title insurance premium, and other initial costs requested by Borrower and approved by Bank, including, without limitation, the purchase price associated with the acquisition of the Property. The obligation of the Bank to disburse any other Loan Proceeds shall be subject to the satisfaction of the following conditions:

(i) That Bank has received all of the items set forth in Section 3.2 hereof, including all building permits for the Project.

(ii) That the representations and warranties made in this Agreement shall be true and correct as and on the date of each disbursement with the same effect as if made on such date.

(iii) That there shall be no continuing defaults or Event of Default under this Agreement or the Loan Documents at the time of any disbursement request.

(iv) That all loan fees are paid as due pursuant to the terms of this Agreement.

(v) That such other reasonable conditions which Bank may request shall be satisfied.

(b) The Bank shall commence disbursing the remaining Loan Proceeds in accordance with subsection 3.5 hereof after the previous conditions listed in 3.1 (a)(i)-(v) have been satisfied, and there are no continuing defaults or Events of Default hereunder.

3.2 Required Items. The obligation of the Bank to disburse any proceeds of the Loan shall be subject to receipt by Bank of the following documents, all of which must be in form and substance acceptable to Bank:

(a) Plans and Specifications for the Project as approved by the Bank (which approval shall not be unreasonably withheld or delayed) and by any necessary governmental authority, along with detailed budget costs to be incurred in connection with the construction of the Project, including, without limitation, a complete description of hard and soft costs associated therewith;

(b) The Construction Contract respecting the Project;

(c) A current property location survey (certified to the Bank and the company issuing the title insurance policy) performed by a registered surveyor reasonably acceptable to Bank containing the information satisfactory to the Bank;

(d) A current appraisal performed by a registered appraiser reasonably acceptable to Bank;

(e) Evidence of permits, proper zoning, compliance with all environmental and other laws applicable to the Project and the availability of adequate public utilities for the Project, reasonably satisfactory to the Bank;

(f) A detailed sources and uses statement for the Project, adequate to demonstrate that sufficient funds are available to

complete construction of the Project, including a breakdown of all costs of the Project;

(g) A Resolution in the form attached hereto as **Exhibit 3.2**;

(h) The executed Mortgage;

(i) The executed Note;

(j) The executed UCC-1 Financing Statements;

(k) The Collateral Assignment of Construction Contract;

(l) A paid ALTA (Form 1990) mortgagee title insurance policy without survey, mechanics' and materialmen's or other significant exceptions in an amount equal to the full principal amount of the Loan and containing a pending disbursements provision, which policy shall be endorsed to the date of each disbursement;

(m) Certificates of insurance, insurance binders, or copies of insurance policies, in form and substance to comply with the provisions of the Mortgage, in regard to property and casualty and liability insurance;

(n) Copies certified by the Borrower of all authorizations including sewer permits and zoning variances, if any, building and other permits required by any governmental authority for the construction of the Project, for the purposes contemplated by the Plans and Specifications in accordance with all applicable building, environmental and zoning codes, laws and regulations.

(o) A Notice of Commencement prepared by Borrower or Borrower's designee, complying with applicable law, which is recorded in the _____ [county] County, _____ [state], Real Estate Records after the recording of the Mortgage and prior to commencement of any construction of the Project;

(p) An executed Environmental Representations, Release, Hold Harmless and Indemnity Agreement;

(q) Evidence of builder's risk and liability insurance coverages for the Project;

(r) Such opinions, certificates and other documents as Bank shall reasonably request.

3.3 Use of Loan Proceeds. Borrower shall use the Loan Proceeds only for the purpose of closing the Loan, paying title insurance, and other closing and professional fees, interest on the Loans, and paying the costs of the Project.

3.4 Loan in Balance. It is expressly understood and agreed that the Loan provided for herein shall at all times be in balance. The Loan shall be deemed to be in balance only when the undistributed proceeds of the Loan (together with Borrower's additional financing sources, if any), after provisions for all retainages, shall equal or exceed the amount necessary, based on the Bank's reasonable estimate of the total remaining cost of the Project, to pay for all work done or to be done and expenses for the completion of the construction, renovation, equipping and installation of the Project. The Borrower agrees that if for any reason the amount of such undistributed Loan Proceeds (together with Borrower's additional financing sources) shall at any time be or become insufficient for such purpose, regardless of how such insufficiency may arise or be caused, the Borrower shall (i) upon the written request of the Bank, within five (5) days of such request, furnish to the Bank evidence reasonably satisfactory to the Bank of such insufficiency; and (ii) not less than ten (10) days prior to the time that the item or expense giving rise to such insufficiency becomes due and payable, or upon the written request of the Bank, deposit in the Bank funds sufficient to satisfy the amount of such insufficiency, which deposit shall then first be exhausted before any further disbursement of the Loan Proceeds shall be made. Alternatively, the Bank may require the Borrower to furnish an amount of money which shall consist of a deposit with

the Bank of cash, certificates of deposit, letters of credit or marketable securities in an amount, and in form, if applicable, reasonably satisfactory to Bank, in which Bank may from time to time apply, or allow the Borrower to apply, to the satisfaction and payment of costs associated with the Project. Portions of any deposit by the Borrower shall be released to the appropriate party when and to the extent that the Bank reasonably determines that the value or the amount thereof is more than the excess, if any, of the total remaining costs of completing the Project over the undisbursed balance of the Loan Proceeds. The Bank makes no warranty, either express or implied, that the moneys from the Loan Proceeds which are available for payment of the costs of the Project will be sufficient to pay such costs. If the Borrower pays any portion of the cost of the Project pursuant to the provisions of this Section, it shall not be entitled to any reimbursement therefor, nor shall it be entitled to any diminution or postponement of the payments required to be made by it hereunder.

3.5 Disbursement Procedure

(a) Except for payment of those amounts described in Section 3.1 of this Agreement, Bank shall not be required to make any disbursements from the balance of the Loan Proceeds, except as the Project is constructed and Requisition Forms from time to time are submitted by Borrower which disbursements shall be made under the Note. Each disbursement made by Bank may be limited, in the Bank's reasonable discretion, to ninety percent (90%) of the total amount of the costs and expenses set forth on such Requisition Form. Bank may at all times withhold disbursements sufficient in its reasonable opinion to complete the Project.

(b) Borrower shall submit from time to time disbursement requests on AIA Form G702 and Form G703 (the "Requisition Form") executed by the Borrower, the Borrower's architect (if any) and the Contractor, together with affidavits signed by the Contractor stating the amounts due or to become due for work and materials to date thereof to subcontractors, material men, and laborers. Upon the reasonable request of the Bank, the Borrower shall also submit with each disbursement request materialmen's certificates or releases or waiver of liens, pursuant to _____[state] mechanics' lien law, satisfactory to Bank. At the Bank's reasonable discretion, the Bank may from time to time require that complete supporting subcontractors affidavits be provided to the Bank along with the Requisition Form. At the Bank's sole discretion, the Bank may at any time designate an independent inspecting architect to submit periodic reports to the Bank and to inspect the Project, at Borrower's expense, which reports and inspections must be reasonably satisfactory to the Bank, prior to any disbursement.

(c) As provided herein, Bank shall then make available for advancement to Borrower the net amount requested, less the amount of any applicable retainage held by Bank pursuant to Section 3.5(a) hereof until the end of construction of the Project, and, less any combination of the following further amounts:

(i) any costs covered by the Requisition Form which are not approved, certified or verified as provided in this Section, any costs for which proof of payment has not been received by Bank, or any costs which the Bank or its agent or designee (including any Bank-appointed independent inspecting architect) has not approved in the exercise of reasonable discretion.

(ii) any costs or expenses greater than ninety percent (90%) of the respective Project Budget amount.

(iii) any Real Estate taxes, mechanics' liens, security interest, claims or other charges against the Project and any interest, fees, or other costs which the Borrower may have failed to pay in accordance with this Agreement or the Loan Documents.

(d) There shall be no more than one request for advancement in any one month. All advances are to be made from the principal office of the Bank or at such other place as the Bank may designate. All disbursement shall be made to or deposited in a demand deposit account established for the Borrower and maintained at the Bank's principal office. Alternatively, at any time at the Bank's reasonable discretion, the Bank may require that all disbursements shall be made

to or deposited in the title insurance company's account, which shall then make further disbursement. In either event, such account shall not be drawn upon except to pay (or to reimburse the Borrower if previously paid) for approved disbursements, which account must be established so that the Bank receives or is entitled to receive, on request, duplicate copies of regular monthly statements of all deposits and withdrawals, including checks. If the Bank considers that its best interests and the best interests of completing the Project lie in accelerating the amounts to be advanced, the Bank shall be entitled to do so and no person dealing with the Borrower or any contractors or any other person shall have standing to demand any different performance from the Bank.

(e) Bank may retain from each disbursement request submitted on its Requisition Form for hard costs prior to substantial completion of the Project, the greater of ten percent (10%) of the amount requested, or the amount to be retained pursuant to the terms of the Construction Contract. Such retainage shall be held by Bank as part of the Loan Proceeds, to be disbursed no earlier than twenty (20) days after to the Completion Date, at a time satisfactory to Bank, and at the first draw request after the completion, as required by Borrower.

(f) Borrower also agrees to furnish to Bank prior to each disbursement hereunder the endorsement of the title company, establishing that the mortgage lien created in accordance with the Mortgage is a valid first lien to the extent of the funds disbursed, such endorsement to contain no mechanics' or materialmen's liens or survey or other significant exceptions. In addition, prior to each disbursement, Borrower will furnish to Bank an architects' report, containing a certification that the funds to be disbursed are to be used as payment for Project costs already complete, and/or related costs, and that the remaining principal not yet drawn is sufficient to cover the costs of the construction not yet completed.

(g) Borrower further agrees that all advancements made by Bank in accordance with the procedure hereinabove referred to, shall be used only for the Project and related costs. The Bank shall require proper evidence of the aforesaid payments before being compelled to make additional payments. Bank shall be entitled to all rights under the provisions of Section 1311.14 of the _____ [state] Revised Code.

(h) The Bank agrees that each disbursement request submitted to it by the Borrower may include an amount equal to the interest then due and payable on the Note, so long as an interest reserve exists in the Project Budget. In the event that the Borrower does not submit a disbursement request on a timely basis in a month in which an interest payment is due, the Bank may in its sole discretion, but shall not be required to, make such an interest payment with the proceeds of the Loan as if the Borrower had submitted a disbursement request in such amount. If the Bank unilaterally makes such an interest payment out of the interest received, Bank shall notify Borrower post facto.

3.6 Release of Lots. From time to time, upon the written request of Borrower, Bank shall release from the lien of the Mortgage with respect to one (1) or more of the lots which the Borrower will develop on the Property (individually, a "Lot"). The release will be given under the following conditions:

(a) There shall then exist no default under the terms of any of the Loan Documents.

(b) For each Lot to be released, Borrower shall have paid to Bank a release price of _____ Dollars (\$_____).

(c) Each such release price shall be applied to payment upon the Note; first to any payment that is overdue, the remainder to principal.

(d) Selection of the Lot(s) to be released shall be at the sole discretion of the Borrower; provided, however, that ingress to and egress from all portions of the Real Estate remaining subject to the Mortgage after such release shall be over fully-dedicated public roads, or by private easements reasonably satisfactory to the Bank; and provided, further, that the configuration of the land remaining subject to the lien of the Mortgage after such release shall at all times be subject to the approval of the Bank, which approval shall not be unreasonably withheld or delayed.

(e) The Bank may require other reasonable documentation to give the release, including, without limitation, a legal description thereof.

Section 4. Security

4.1 Security Interest of Bank. To induce Bank to make the Loan, and as security for the Obligations, Borrower hereby grants to Bank a security interest and continuing lien (subject only to "Permitted Encumbrances" as hereinafter defined) in and to all of the following property of Borrower, whether now owned or existing or hereafter acquired or arising and regardless of where located (the "Collateral"):

(a) all of those items listed on **Exhibit 4.1** hereto that are related to the Project, and

(b) all accessions to, substitutions for and replacements, products and proceeds of any of the Collateral including, without limitation, condemnation or requisition payments and insurance proceeds with respect to all or any of the Collateral.

4.2 Further Assurances. In addition to that which is specifically provided in this Agreement, Borrower shall do all other things and sign and deliver all other documents and instruments to perfect, protect, maintain and enforce the Liens of Bank and the priority of such Liens, and other rights granted hereunder. Borrower authorizes Bank to execute alone, any financing statement or any other document or instrument which Bank may require to perfect, protect or enforce any right or Lien hereunder and authorizes Bank to sign Borrower's name on the same. Upon payment in full by Borrower of all Obligations in accordance with the terms of agreements creating such Obligations, the Liens granted by Borrower hereunder shall terminate, except that if, at any time, all or part of the payment of Obligations theretofore made by Borrower or any other person is rescinded or otherwise must be returned by Bank for any reason whatsoever (including, without limitation, the insolvency, bankruptcy or reorganization of Borrower or such other person), the Liens granted hereunder or under any other present or future agreement between Borrower and Bank, and all rights of Bank and all Obligations shall be reinstated as to Obligations which were satisfied by the payment to rescinded or returned, all as though such payment had not been made, and Borrower shall sign and deliver to Bank all documents and things necessary to re-perfect all terminated Liens.

4.3 Other Amounts Deemed Obligations. In the event that Borrower shall fail to pay any tax, assessment, government charge or levy (except those being contested in good faith by appropriate proceeds in accordance with the Loan Documents where no enforcement or execution action has been taken in respect thereof or where such action has been stayed) or shall fail to purchase and maintain insurance, or shall fail to discharge any Lien prohibited hereby, or shall fail to pay any Obligation when due, or shall fail to comply with any other Obligation, Bank may, but shall not be required to, pay, satisfy, discharge or bond the same for the account of Borrower, and to the extent permitted by law and at the option of Bank all monies so paid out shall be deemed part of the Obligations.

4.4 Borrower Remains Liable. Unless Bank expressly undertakes to complete the Project for its own profit (as opposed to an undertaking to mitigate its losses or damages), Borrower shall remain liable under any contracts and agreements included in the Collateral to the extent set forth therein and agrees to perform all of its duties and obligations thereunder to the same extent as if this Agreement had not been executed, and Bank shall not have any obligation or liability under such contracts and agreements included in the Collateral by reason of this Agreement.

4.5 Mortgage. Borrower shall enter into a Mortgage satisfactory to Bank granting Bank a Lien in the Real Property as security for all Obligations, as more fully set forth in the Mortgage.

4.6 Priority. The liens and security interests granted to Bank pursuant to this Agreement are fully perfected first priority Liens subject to the permitted encumbrances listed in the Mortgage, with priority over the rights of any person other

than Borrower in the Collateral.

4.7 Assets in Possession of Bank. Borrower hereby pledges to Bank and grants Bank a security interest in any deposits or other sums at any time credited by or due from Bank to Borrower and any securities, instruments, documents or other property of Borrower's in the possession of Bank, whether for safekeeping or otherwise, as collateral security and upon the occurrence of an Event of Default, Bank may apply or set the same off against any Obligations of Borrower's to Bank.

4.8 Additional Security. In the event that any grant for the Project is received by an affiliate of Borrower, and such grant is loaned to Borrower, Borrower agrees to cause such affiliate to assign any mortgage and pledge any note evidencing such loan to Bank as additional security for the Loan.

Section 5. Representations and Warranties

5.1 Organization and Qualification. The Borrower is a limited liability company duly organized and validly existing under the laws of the State of _____[state], has the power and authority to own the Project, to carry on its business and to enter into and perform this Agreement, the Note and the other Loan Documents. All information provided to Bank with respect to Borrower and its operations is true and correct.

5.2 Due Authorization. The execution, delivery and performance by the Borrower of this Agreement, the Note and the Loan Documents have been duly authorized by all necessary action, and will not contravene any law or any governmental rule, regulation or order presently binding on the Borrower or the Operating Agreement of Borrower, will not violate any material agreement or instrument by which Borrower is bound or contravene the provisions of, or will not constitute a default under any indenture, mortgage contract or other material agreement or instrument to which the Borrower or its properties may be bound.

5.3 Litigation. There are no suits or proceedings pending or threatened against or materially affecting Borrower or any of its property. There are no proceedings by or before any governmental commission, board, bureau or other administrative agency pending or threatened against Borrower or any of its property.

5.4 Consents. The execution, delivery and performance by the Borrower of this Agreement, the Note and the Loan Documents do not require the consent or approval of, the giving of notice to, the registration with, or the taking of any other action in respect of, any federal, state or other governmental authority or agency, not previously obtained or performed.

5.5 Laws and Taxes. Borrower is in material compliance with all laws applicable to it, has filed all required tax returns and has paid all taxes shown to be due and payable on those returns. No taxing authority has asserted or assessed any additional tax liabilities against Borrower.

5.6 Binding Effect. Assuming the due authorization, execution and delivery thereof by the other parties thereto, this Agreement, the Note and the Loan Documents have been duly executed and delivered by the Borrower and constitute the legal, valid and binding agreements of the Borrower, enforceable against the Borrower in accordance with their respective terms, except as may be limited by bankruptcy, insolvency or other similar laws affecting the enforcement of creditors' rights in general. The enforceability of the Borrower's obligations under said documents is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding at law or in equity).

5.7 Existing Defaults. No event has occurred and in continuing which with the lapse of time or the giving of notice would constitute an Event of Default under this Agreement, the Note, the Mortgage or the Loan Documents.

5.8 Untrue Statements. This Agreement does not contain any untrue statement of material fact, nor does it omit to state

a material fact necessary to make the statements contained therein not materially misleading or incomplete.

5.9 Use of Real Estate. The Project complies with applicable zoning ordinances, regulation and restrictive covenants effecting the Real Estate as well as all environmental, ecological, landmark and other applicable laws and regulations, and all requirements for such use have been met which need to be met at this time. In the event that Borrower is aware of any problem (or noncompliance) with any of the foregoing, or delays in obtaining permits, approvals or other consents, Borrower shall promptly send Bank a letter disclosing such problem.

5.10 Utilities. All utility services necessary for the construction of the Project for its intended purpose are available at the boundaries of the Real Estate, including water supply, fire protection, storm and sanitary sewer, gas, electric power and telephone facilities. The cost of installation of such utilities has been included in the Project Budget.

5.11 Streets and Roads. All access roads necessary for the full access to the Project have either been completed or the necessary rights-of-way therefore have been acquired by the appropriate governmental authority or dedicated to public use and accepted by the governmental authority, and all necessary steps have been taken by Borrower and any necessary governmental authority to assure the complete construction and installation thereof.

5.12 Notification to Title Insurer. Borrower has advised the title insurer in writing before the title insurance commitment has been issued whether any survey, soil testing, site development, excavation or other work related to the construction of the Project on the Real Estate was begun or done on or at the Real Estate before the Mortgage is or was recorded. Borrower has also furnished the title insurer a copy of those documents which title insurer reasonably requires in order to issue the title insurance required hereunder.

5.13 Solvency. The Borrower is Solvent and each Member of Borrower, if any, is Solvent, and upon consummation of this loan transaction contemplated herein, the Borrower and each subsidiary will be Solvent. "Solvent" means as to any person that: (a) the present fair salable value of the assets of such person is in excess of the total amount of its liabilities (including contingent liabilities); (b) such person does not have unreasonably small capital and is able to pay its debts as they become due; and (c) such person does not intend to or believe it will incur obligations beyond its ability to pay as they mature.

Section 6. Statements and Information

6.1 Financial Statements. So long as any of the Obligations to Bank are outstanding, Borrower shall maintain a standard and modern system for accounting in accordance with generally accepted principles of accounting and shall furnish to Bank or cause to be furnished to Bank:

- (a) Within ninety (90) days after the end of each fiscal year, a copy of Borrower's federal income tax returns (including any extensions) for that year;
- (b) With the statements submitted under (a) above, a certificate signed by a Member of Borrower: (i) stating he is familiar with all documents relating to Bank and that no Event of Default exists as specified in the Agreement, nor, to his knowledge, any event which upon notice or lapse of time or both would constitute such an Event of Default, has occurred, or if, to his knowledge, any such conditions or event existed or exists, specifying it and describing what action Borrower has taken or proposes to take with respect thereto; and (ii) setting forth, in summary form, figures showing the financial status of Borrower;
- (c) Forthwith upon any Member of Borrower obtaining knowledge of any condition or event which constitutes or, after notice or lapse of time or both, would constitute an Event of Default, a certificate of such Member specifying the nature and period of the existence thereof, and what action Borrower has taken or is taking or proposes to take in respect thereof;

- (d) Within ten (10) days after they are filed by Borrower, copies of all federal, state and local income tax returns; and
- (e) With reasonable promptness, such other information as Bank may reasonably request.

Section 7. Covenants

7.1 Existence; Disposition of Assets. Borrower will maintain its existence and will not liquidate or dissolve, sell, lease, transfer or otherwise dispose of all or any substantial part of the assets of Borrower in the ordinary course of business.

7.2 Guarantees and Loans. Borrower will not enter into any direct or indirect guarantees other than by endorsement of checks for deposit or other than in the ordinary course of business nor make any advance or loan other than in the ordinary course of business as presently conducted, including, without limitation, loans and advances to employees of Borrower.

7.3 Indebtedness. Other than Indebtedness owed to Bank, Borrower shall not incur, create, assume or permit to exist any additional Indebtedness for borrowed money or Indebtedness on account of deposits, advances or progress payments under contracts, or other Indebtedness evidenced by capitalized leases, notes, bonds, debentures or similar obligations.

7.4 Transfer, Pledge or Encumbrance of Assets. Borrower agrees that it will not transfer any of its property or assets outside of the ordinary course of its business, and that it will not create, incur, assume or permit to continue in existence any mortgage, lien, charge or encumbrance on, or security interest in, or pledge or deposit of, or conditional sale or other title retention agreement with respect to, any property or asset now owned or hereafter acquired by Borrower and related to the Project, provided that the restrictions of this Section shall not prohibit:

- (a) Liens to Bank under this Agreement and the Loan Documents;
- (b) Liens for taxes, assessments or governmental charges the payment of which is not at the time due and payable, or is being contested in good faith; or
- (c) Liens incurred or deposits made in the ordinary course of business in connection with workmen's compensation, unemployment insurance and other types of social security.

7.5 Insurance. Borrower shall keep its property, including, but not limited to the Property and the Project, insured under policies of the type and amount, and with the provisions and endorsements required by the Mortgage. Borrower shall immediately notify Bank of any loss or damage to, or material diminution in, or any occurrence which would adversely affect the value of, or a material portion of its property. Borrower shall also obtain insurance of types and in amounts reasonably acceptable to Bank.

7.6 Taxes. Borrower will pay all taxes, assessments and other governmental charges imposed upon it or any of its properties or assets or in respect of any of its franchises, business, income or profits before any penalty or interest accrues thereon, and all claims (including, without limitation, claims for labor, services, materials and supplies) for sums which have become due and payable and which by law have or might become a lien or charge upon any of its properties or assets, provided that (unless any material item or property would be lost, forfeited or materially damaged as a result thereof) no such charge or claim need be paid if the amount, applicability or validity thereof is currently being contested in good faith by appropriate proceedings promptly initiated and diligently conducted and if such reserve or other appropriate provision, if any, as shall be required by generally accepted accounting principles shall have been made therefor.

7.7 Compliance with Law. Borrower will comply in all substantial respects, with all statutes, laws, ordinances and

governmental rules, regulations and orders to which it is subject or which are applicable to its business, properties and assets, including, without limitation:

- (a) all provisions of the Employee Retirement Income Security Act of 1974 and the rules and regulations promulgated thereunder, which, if violated, might result in a lien or charge upon any property of Borrower;
- (b) The Occupational Safety and Health Act of 1970 and the rules and regulations promulgated thereto;
- (c) applicable statutes or governmental rules, regulations, orders and restrictions relating to environmental standards or controls; and
- (d) all applicable worker's compensation laws of the State of _____[state].

7.8 Construction Contract. The Construction Contract(s) (assuming the due authorization, execution and delivery thereof by the other parties thereto), will constitute the legal, valid and binding obligation of the Borrower and, to the knowledge of the Borrower, the legal, valid and binding obligation of the other party to the contract. The execution, delivery and performance of the Construction Contract by the other party to the contract does not, to the knowledge of the Borrower, require the consent or approval of, the giving of notice to, the registration with, or the taking of any other action in respect of, any federal, state or other governmental authority or agency, not previously obtained or performed. Further, upon execution of a Construction Contract, Borrower will simultaneously conditionally assign such contract to the Bank and obtain the consent of the contractor to such agreement.

7.9 Plans and Specifications. The Plans and Specifications to be submitted will be satisfactory to the Borrower and will have been reviewed and approved by Borrower, and to the extent required by applicable law or any effective or restrictive covenant, by all governmental authorities.

7.10 Representations. Borrower covenants, for the term of this Agreement, that the representations set forth herein are correct and continuing and Borrower will, within ten (10) days of its knowledge thereof, give written notice to Bank of the existence of any event which would prohibit Borrower from continuing to make the representations set forth in this Agreement.

7.11 Access to Real Estate. Borrower shall permit the Bank and its representatives, agents and designees to enter upon the Real Estate at all reasonable times after notice from Bank to Borrower, inspect the Project and all materials to be used in the construction thereof and examine all detailed plans and shop drawings which all may be kept at the construction site. Borrower shall cooperate and shall use reasonable business efforts to cause the Contractor and all other subcontractors to cooperate with the Bank and its agents or designees to enable such parties to perform their functions hereunder. At the time of each inspection by the Bank or its designee, the Borrower will make available to him, on demand all records relating to the construction of this Project. Bank will conduct its inspections in a manner that will not unreasonably interfere with the Project.

7.12 Construction Progress. Borrower shall diligently and continuously work to complete the construction and development of the Project as follows:

- (a) Borrower shall commence construction of the Project no later than _____[month] _____[day], _____[year]; cause the construction to be prosecuted with diligence and continuity in accordance with the Plans and Specifications except during the existence of delays (for not more than thirty (30) days) caused by events beyond its control (provided, however, that Borrower will promptly give Bank notice if any delay causes construction to stop for fifteen (15) days or more); and complete the Project in accordance with the Plans and Specifications on or before the maturity date of the Note free and clear of defects and liens or claims for liens for material supplied or labor or services performed in connection with the construction of the Project.

(b) Borrower shall upon demand by Bank, correct any defects in the Project or any departures from the Plans and Specifications not approved by Bank, with respect to which the advance of any Loan Proceeds shall not constitute a waiver of Bank's right to require correction of any such defects or departures from the Plans and Specifications not theretofore discovered by, or called to the attention of the Bank.

(c) Borrower shall not permit the performance of any work pursuant to any general contract, subcontract, a change order in excess of _____ Dollars (\$ _____), the Construction Contract or Plans and Specifications until the Bank shall have received copies of such general contract, subcontract, change order, Construction Contract, or Plans and Specifications and, in the case of change orders greater than _____ Dollars (\$ _____) in the aggregate, given specific written approval thereof; it being understood that approval of any change order will not obligate the Bank to increase or advance any additional money on account of any such change order.

(d) Borrower shall pay or authorize the Bank to pay out of the proceeds of the Loan all costs and expenses required for the completion of the Project and the satisfaction of the conditions of this Agreement, including, without implied limitation, the Loan and all costs of title searches and recording expenses, all of the Bank's costs as set forth herein, the Bank's reasonable counsel fees, and the reasonable fees and expenses for any services of any review architect or construction consultant which may be required in addition to those normally and reasonably contemplated by this Agreement.

(e) Borrower shall pay the costs of satisfaction of all conditions of this Agreement to be performed by or imposed upon Borrower.

(f) Borrower shall indemnify Bank against claims or brokers, arising by the reason of the execution hereof and the consummation of the transaction contemplated thereby, except brokers engaged by Bank (if any).

(g) Borrower shall deliver to the Bank or its agents or designees, if requested, copies of all contracts, bills of sales, statements, receipted vouchers or agreements under which Borrower claims title to any materials, fixtures or articles incorporated in the Project, or subject to the Lien of the Mortgage, or under which it has incurred costs for which it is entitled to Loan Proceeds.

(h) Borrower shall upon the request of Bank, take reasonable measures to protect from theft or vandalism all portions of the Project and all tools and building materials stored on the Real Estate.

(i) Borrower shall comply with all restrictions, covenants and easements affecting the Real Estate or the Project.

7.13 Construction Contract. Borrower shall keep the Construction Contract in full force and effect and shall take no action nor omit to take any action that would cause a default thereunder, and Borrower shall take any action reasonably necessary that would effect to cure a default by Borrower thereunder, and Borrower shall keep Bank fully informed of all significant material correspondence relating thereto, including providing copies of same promptly to Bank.

7.14 Banking Relationship. So long as any of the Obligations are outstanding, Borrower shall maintain all of its primary depository and checking accounts at the Bank.

Section 8. Events of Default and Remedies

8.1 Events of Default. Any of the following events shall be an Event of Default:

(a) Any material representation or warranty made by Borrower herein or in any of the Loan Documents is incorrect

when made or reaffirmed; or

(b) Borrower defaults in the payment of any principal or interest on any Obligation when due and payable, by acceleration or otherwise, and such nonpayment remains uncured for a period of ten (10) days thereafter; or

(c) Borrower fails to observe or perform any covenant, condition or agreement herein and fails to cure such default within thirty (30) days of the occurrence thereof, (or if the default is such that it is not reasonably capable of being cured within such thirty (30) day period) and if Borrower (a) initiates corrective action within such period; and (b) diligently, continually and in good faith works to affect a cure as soon as possible, then Borrower shall have such additional time as is reasonably necessary to cure the default prior to the exercise of any remedies hereunder, but in no event shall Bank be precluded from exercising remedies if its security becomes, or is about to become, materially jeopardized by any failure to cure a default, or if the default is not cured within sixty (60) days after the first notice of default is given) provided that such 30 day grace period will not apply to (i) a breach of any covenant which in Bank's good faith judgment is incapable of cure, (ii) any failure to maintain insurance or permit inspection of the Collateral or of the books and records of Borrower, (iii) any breach in any negative covenant set forth in Section 7 hereof, or (iv) any breach of any covenant which has already occurred; or

(d) An event of default shall occur pursuant to the terms of the Note, any of the Loan Documents or any other document evidencing any Obligation of Borrower owed to Bank, subject to any applicable grace period or cure periods; or

(e) Borrower fails to carry on the construction of the Project in accordance with the Plans and Specifications with reasonable dispatch or Borrower discontinues such construction for a continuous period of thirty (30) days; or

(f) Borrower refuses to permit the Bank, or its representatives to enter upon the Real Estate at all reasonable times to inspect the Project, the construction thereof and all materials, fixtures and articles used or to be used in said construction and to examine all detailed plans, shop drawings and Plans and Specifications which relate to the Project and/or fails to furnish to Bank or its representatives copies of such plans, drawings and specifications when requested; or

(g) Borrower uses any materials, fixtures, furnishings or equipment in the construction of the Project or any appurtenances that are used or obsolete or not installed in a good and workmanlike manner in accordance with the Plans and Specifications, and such situation is not corrected within thirty (30) days after notice to correct is given from Bank to Borrower; or

(h) Borrower executes any security instrument other than the Mortgage covering any materials, fixtures, furnishings or equipment intended to be incorporated into the Project, the filing of a financing statement, publishing notice of such security instrument, or failure to purchase any of such materials, fixtures, furnishings or equipment so that the ownership thereof will vest unconditionally in Borrower free from encumbrances on delivery at the Real Estate; or

(i) Borrower fails or refuses to disclose to Bank, upon request, the names of all persons with whom Borrower has contracted or intends to contract for the construction of the Project or for the furnishing of labor or materials therefor, or to obtain the approval of such persons by Bank when required by this Agreement; or

(j) A court enters a decree or order for relief with respect to Borrower or any Guarantor in an involuntary case under any applicable bankruptcy, insolvency or other similar law then in effect, or appoints a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of Borrower or any Guarantor for any substantial part of its property, or orders the wind-up or liquidation of its affairs; or a petition initiating an involuntary case under any such bankruptcy, insolvency or similar law is filed and is pending for thirty (30) days without dismissal; or

(k) Borrower or any Guarantor commences a voluntary case under any applicable bankruptcy, insolvency or other similar law in effect, or makes any general assignment for the benefit of creditors, or fails generally to pay its debts as

such debts become due, or takes action in furtherance of any of the foregoing; or

(l) Borrower defaults under the terms of any Indebtedness or lease involving total payment obligations of Borrower in excess of _____ Dollars (\$ _____), and such default gives any creditor or lessor the right to accelerate the maturity of any such indebtedness or lease payments which right is not contested by Borrower or is determined by any court of competent jurisdiction to be valid; or

(m) Final judgment for the payment of money in excess of _____ Dollars (\$ _____) is rendered against Borrower and remains undischarged for ten (10) days during which execution is not effectively stayed; or

(n) Any event occurs which might, in Bank's reasonable opinion, have a material adverse effect on the Collateral or on Borrower's financial condition, operations, assets or prospects, or on any other property securing the repayment of the Obligations; or

(o) Borrower fails to satisfy or bond a lien for the performance of work or the supply of materials filed against the Real Estate before the date of any Loan advance or for a period of thirty (30) days after the filing thereof; or

(p) The dissolution of Borrower; or

(q) The commencement of any foreclosure proceedings in aid of execution, attachment actions, levies against, or the filing by any taxing authority of a lien against any of the Collateral or any property securing the repayment of any of the Obligations; or

(r) The loss, theft or substantial damage to a substantial portion of the Collateral or any property securing the repayment of the Obligations if the result of such occurrence will be, in Bank's reasonable judgment, the failure or inability of Borrower to continue substantially normal operation of its business within thirty (30) days of such occurrence; or

(s) Bank ceases to be Borrower's (i) principal depository bank in which substantially all of Borrower's funds are deposited, and (ii) principal bank of account; or

(t) The validity or effectiveness of any of the Loan Documents or its transfer, grant, pledge, mortgage, or assignment by the party executing such Loan Documents is impaired if: (i) any party executing any of the Loan Documents asserts that any of such Loan Documents is not a legal, valid and binding obligation of the party thereto enforceable in accordance with its terms; (ii) the security interest or Lien purporting to be created by any of the Loan Documents will for any reason cease to be a valid, perfected lien subject to no other liens other than liens permitted by the terms of this Agreement; or (iii) any Loan Document is amended, hypothecated, subordinated, terminated or discharged or if any person is released from any of its covenants or obligations under any of the Loan Documents except as permitted by Bank in writing; or

(u) Bank in good faith deems itself insecure and Borrower fails to reasonably address the situation causing such good faith insecurity within thirty (30) days of Borrower's notice from Bank of its insecurity, which notice will describe the reasons for such insecurity in reasonable detail; or

(v) The filing of any lien or charge against the Property or any part thereof which is not removed to the satisfaction of Bank within a period of thirty (30) days thereafter; or

(w) The abandonment by Borrower of all or any material part of the Property.

8.2 Remedies. If any Event of Default occurs, Bank may (i) cease advancing money hereunder, (ii) declare all

Obligations to be immediately due and payable, whereupon such Obligations will immediately become due and payable, (iii) exercise any and all rights and remedies provided by applicable law and the Loan Documents, (iv) proceed to realize upon the Collateral or any property securing the Obligations, including, without limitation, causing all or any part of the Collateral to be transferred or registered in its name or in the name of any other person, firm or corporation, with or without designation of the capacity of such nominee, all without presentment, demand, protest, or notice of any kind, each of which are hereby expressly waived by Borrower.

8.3 Setoff. If any Event of Default occurs and is continuing, Bank is authorized, without notice to Borrower, to offset and apply to all or any part of the Obligations all moneys, credits and other property of any nature whatsoever of Borrower now or at any time hereafter in the possession of, in transit to or from, under the control or custody of, or on deposit with (whether held by Borrower individually or jointly with another party) Bank including, but not limited to, certificates of deposit.

8.4 Default Rate. After the occurrence of an Event of Default, all amounts of principal outstanding as of the date of the occurrence of such Event of Default will accrue interest at the Default Rate, without notice to Borrower. This provision does not constitute a waiver of any Events of Default or an agreement by Bank to permit any late payments whatsoever.

8.5 Late Payment Penalty. If any payment of principal is paid more than ten (10) days after its due date (whether at maturity, by acceleration or otherwise after the expiration of any applicable notice, grace and cure periods), Borrower agrees to pay to Bank a late payment fee equal to five percent (5%) of the payment amount then due.

8.6 Power of Attorney. Borrower hereby constitutes and appoints Bank and/or another independent contractor selected by Bank as its true and lawful attorney-in-fact with full power of substitution to complete the Project in the name of Borrower, and hereby empowers said attorney-in-fact to do any or all of the following:

- (a) To use any Loan Proceeds which may remain unadvanced hereunder for the purpose of completing the Project in the manner called for by the Plans and Specifications.
- (b) To make such additions, changes and corrections in the Plans and Specifications as shall be necessary or desirable to complete the Project in substantially the manner contemplated by the Plans and Specifications.
- (c) To employ any contractors, subcontractors, agents, architects and inspectors required for said purposes.
- (d) To employ attorneys to defend against attempts to interfere with the exercise of the powers granted hereby.
- (e) To pay, settle, or compromise all existing bills and claims which are or may be liens against the Real Estate or the Project or may be necessary or desirable for the completion of the Project or the clearance of title.
- (f) To execute all applications and certificates in the name of Borrower which may be required by any Construction Contract.
- (g) To prosecute and defend all actions or proceedings in connection with the construction of the Project on the Real Estate and to take such action, require such performance and do any and every other act as is deemed reasonably necessary with respect to the completion of the Project which Borrower might do on its own behalf.

The power of attorney granted in this Section 8.6 shall be a power coupled with an interest which cannot be revoked until the obligations are satisfied. Entering the Real Estate in order to complete the Project and/or exercise the aforesaid power of attorney will not exclude Borrower from possession, custody, ownership or control of the Real Estate or the Project.

8.7 Advances After Default. After the occurrence and during the continuance of an Event of Default by Borrower hereunder, Bank may advance any remaining proceeds of the Loan Proceeds directly to subcontractors, the Contractor and other persons to pay for the completion of the Project but Bank is not under any obligation so to do. No further direction or authorization from Borrower shall be necessary to warrant such direct advances and all such advances shall satisfy pro tanto the obligations of Bank hereunder and shall be secured by the Mortgage as fully as if made to Borrower regardless of the disposition thereof by an subcontractor, general contractor or such other persons. Bank may impose any condition for such direct payment including, but not limited to, receipt of estoppel certificates, waivers of lien, releases and the like.

8.8 No Remedy Exclusive. No remedy set forth herein is exclusive of any other available remedy or remedies, but each is cumulative and in addition to every other remedy given under this Agreement or any of the Loan Documents or now or hereafter existing at law or in equity or by statute. Borrower waives any requirement of marshaling of assets which may be secured by any of the Loan Documents.

8.9 Agreement to Pay Attorneys' Fees and Expenses. In the event Borrower should default under any of the provisions of this Agreement and Bank should employ attorneys or incur other expenses for the collection of the Obligations or the enforcement of performance or observance of any obligation or agreement on the part of Borrower contained in this Agreement or in or represented by the Note, Borrower shall on demand therefor reimburse the reasonable fee of such attorneys and such other expenses so incurred.

8.10 No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Section 9. Miscellaneous Provisions

9.1 Waiver. Borrower waives notice of non-payment, demand, presentment, protest, or notice of protest of any accounts or other collateral, and all other notices; consents to any renewals or extensions of time of payment thereof; and generally waives any and all suretyship defenses and defenses in the nature thereof. No delay or omission of Bank in exercising or enforcing any of its rights, powers, privileges, discretion or remedies hereunder shall constitute a waiver thereof; and no waiver by Bank of any default of Borrower hereunder shall operate as a waiver of any other default hereunder. No term or provision hereof shall be waived, altered or modified except with the prior written consent of Bank. All rights and remedies of Bank under this Agreement of every kind and description (without limitation) shall be cumulative and not alternative or exclusive, and may be exercised by Bank at such time or times and in such order as Bank in its sole discretion may determine.

9.2 Severability. If any provision of this Agreement or portion of such provision or the application thereof to any person or circumstance is held invalid, the remainder of this Agreement (or the remainder of such provision) and the application thereof to other persons or circumstances shall not be affected thereby.

9.3 Security. The Obligations are secured as provided herein, in this Agreement, in the Mortgage, in the Loan Documents and in each other document or agreement which by its terms secures the repayment or performance of the Obligations.

9.4 Binding Effect. This Agreement shall be binding upon and inure to the benefit of the respective legal representatives, successors and assigns of the parties hereto. Bank (and any subsequent assignee) may transfer and assign this Agreement and the Collateral to the assignee, who shall thereupon have all of the rights of Bank; and Bank (or such subsequent assignee who in turn assigns as aforesaid) shall then be relieved and discharged of any responsibility or liability with respect to this Agreement and said Collateral.

9.5 Governing Law and Venue. This Agreement has been executed or completed, and is to be performed, in _____[state], and this Agreement and all rights, duties and remedies of the parties thereunder shall be determined in all respects by the laws of _____[state].

9.6 Notices. Any notices under or pursuant to this Agreement shall be deemed duly sent when delivered in hand or when mailed by registered or certified mail, return receipt requested, addressed as follows:

To Borrower: _____

With a Copy to: _____

To Bank: _____

With a Copy to: _____

Either party may change such address by sending notice of the change to the other party.

9.7 Complete Agreement. This Agreement is the complete agreement of the parties hereto and supersedes all previous understandings and agreements relating to the subject matter hereof; neither this Agreement nor any of the terms hereof may be terminated, amended, supplemented, waived or modified orally, but only by an instrument in writing signed by the party against whom enforcement of the termination, amendment, supplement, waiver or modification is sought.

9.8 Time is of the Essence. Time is of the essence in completing the construction of the Project according to the Plans and Specifications and carrying out all of the provisions in this Agreement.

9.9 Governing Law; Jurisdiction. All acts and transactions hereunder and the rights and obligations of the parties hereto shall be governed, construed and interpreted in accordance with the domestic laws of the State of _____[state]. Borrower agrees that the state and federal courts in _____[county] County, _____[state], or any other court in which Bank initiates proceedings have exclusive jurisdiction over all matters arising out of this Agreement, and that service of process in any such proceeding shall be effective if mailed to Borrower at its address described in the Notices section of this Agreement. **BANK AND BORROWER HEREBY WAIVE THE RIGHT TO TRIAL BY JURY OF ANY MATTERS ARISING OUT OF THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.**

9.10 Confession of Judgment. Borrower authorizes any attorney of record to appear for it in any court of record in the State of _____[state], after an Obligation becomes due and payable whether by its terms or upon default, waives the issuance and service of process, releases all errors and rights of appeal, and confesses a judgment against it in favor of the holder of such Obligation, for the principal amount of such Obligation plus interest thereon, together with court costs and attorneys' fees. Stay of Execution and all exemptions are hereby waived. Borrower also agrees that the attorney acting for Borrower as set forth in this paragraph may be compensated by Bank for such services, and Borrower waives any conflict of interest caused by such representation and compensation arrangement. If an Obligation is referred to an attorney for collection, and the payment is obtained without the entry of a judgment, the

obligors will pay to the holder of such Obligation its reasonable attorneys' fees.

IN WITNESS WHEREOF, the Borrower and the Bank have executed this Agreement by their duly authorized representatives as of the date first above written.

WARNING

-- BY SIGNING THIS PAPER, YOU GIVE UP YOUR RIGHT TO NOTICE AND COURT TRIAL. IF YOU DO NOT PAY ON TIME, A COURT JUDGMENT MAY BE TAKEN AGAINST YOU WITHOUT YOUR PRIOR KNOWLEDGE AND THE POWERS OF A COURT CAN BE USED TO COLLECT FROM YOU REGARDLESS OF ANY CLAIMS YOU MAY HAVE AGAINST THE CREDITOR WHETHER FOR RETURNED GOODS, FAULTY GOODS, FAILURE ON HIS PART TO COMPLY WITH THE AGREEMENT OR ANY OTHER CAUSE.

"BANK"

a(n) _____ [state] _____ [entity]

By: _____

EXHIBIT 1

(a) "Closing Date" shall be as of _____ [month] _____ [day] _____ [year], or such other date as the parties hereto shall mutually fix.

(b) Collateral shall include, without limitation, all of Borrower's present and future right, title and interest in or to any and all leases assigned pursuant to the Mortgage and the interest in Borrower in the Project assigned to Bank pursuant to the Mortgage.

(c) "Construction Loans" shall be the advances made under the Note as set forth in Section 2.1 of the Agreement.

(d) "Contractor" shall mean a contractor approved by the Bank.

(e) "Default Rate" means _____ percent (_____ %) in excess of the interest rate otherwise in effect under amounts outstanding under the Note. In no event will the interest rate accruing under such Note be increased to be in excess of the maximum interest rate permitted by applicable state or federal usury laws then

in effect.

(f) "Indebtedness" shall mean (i) all items which in accordance with generally accepted accounting principles would be included in determining total liabilities on a consolidated basis as shown on the liability side of a balance sheet as at the date as of which indebtedness is to be determined, (ii) all indebtedness secured by any mortgage, pledge, lien or conditional sale or other title retention agreement to which any property or asset owned or held is subject, whether or not the indebtedness secured thereby shall have been assumed (excluding non-capitalized leases which may amount to title retention agreements but including capitalized leases), and (iii) all indebtedness of others which Borrower has directly or indirectly guaranteed, endorsed (otherwise than for collection or deposit in the ordinary course of business), discounted or sold with recourse or agreed (contingently or otherwise) to purchase or repurchase or otherwise acquire, or in respect of which Borrower has agreed to supply or advance funds (whether by way of loan, stock purchase, capital contribution or otherwise) or otherwise to become directly or indirectly liable and shall specifically include all indebtedness under this Agreement and the Note.

(g) "Lien" shall mean any security interest, mortgage, pledge, assignment, lien or other encumbrance of any kind, including interests of vendors or lessors under conditional sales contracts or capital leases.

(h) "Loan" shall mean the indebtedness represented by the Note and all extensions, renewals or consolidations thereof, substitutions therefor and amendments thereto.

(i) "Loan Documents" means this Agreement, the Note, the Mortgage, the Environmental Representations, Release, Hold Harmless and Indemnity Agreement, and every other document or agreement executed by any party evidencing, guarantying or securing any of the Obligation; and "Loan Document" means any of the Loan Documents.

(j) "Loan Proceeds" shall mean disbursed and undisbursed principal amounts of the Note.

(k) "Mortgage" shall mean the Open-End Mortgage, Assignment of Rents and Leases and Security Agreement by and between Borrower and Bank, dated of even date herewith.

(l) "Note" shall mean the Mortgage Note referred to in Section 2.1 of the Agreement.

(m) "Obligation(s)" means all loans, advances, indebtedness, liabilities and obligations of Borrower owed to each of Bank and the Affiliates of Fifth Third Bancorp of every kind and description whether now existing or hereafter arising including, without limitation, those owed by Borrower to others and acquired by Bank or any Affiliate of Fifth Third Bancorp, by purchase, assignment or otherwise, and whether direct or indirect, primary or as guarantor or surety, absolute or contingent, liquidated or unliquidated, matured or unmatured, whether or not secured by additional collateral, and including, without limitation, all liabilities, obligations and indebtedness arising under this Agreement, the Note and the other Loan Documents, all obligations to perform or forbear from performing acts, all amounts represented by letters of credit now or hereafter issued by Bank for the benefit of or at the request of Borrower, and all reasonable expenses and attorneys' fees incurred by Bank and any Affiliate of Fifth Third Bancorp under this Agreement or any other document or instrument related to any of the foregoing.

(n) "Person" or "Party" shall include individuals, partnerships, firms, corporations and all other entities.

(o) "Plans and Specifications" shall mean the detailed Plans and Specifications for the construction of Project, approved by Bank and by all necessary governmental authorities.

(p) "Property" shall mean the real property located in _____[county] County,
_____[state], described on **Exhibit A** to the Mortgage, and the development of
_____ (_____) residential lots.

- (q) "Project" shall mean the acquisition of the Property and the development of _____(_____) residential lots pursuant to the Plans and Specifications.
- (r) "Project Budget" shall mean the budgeted sources and uses of funds, costs and expenses for the Project as set forth in Borrower's business plan.
- (s) "Real Estate" shall mean the real property described in **Exhibit A** to the Mortgage.
- (t) "Requisition Form" shall have the meaning assigned to it in Section 3.5 of the Agreement.
- (u) "Security Documents" shall mean the Mortgage and all other documents related to the creation, recording, protection or perfection of the liens.

Part IV. FORMS
G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.109

FORM 22.109 Building loan agreement to fund construction of residential structure--proceeds to be periodically disbursed as construction progresses

COMMENT

This agreement is a very simple construction loan agreement for the construction of a residence. This agreement provides for periodic disbursements of the loan proceeds. This agreement contemplates a situation where the borrow is constructing the residence. Another typical scenario involves the owner of the lender hiring a contractor to construct the residence. Where an independent builder is interjected into the process, it is likely that a more detailed form will need to be utilized.

FORM

BUILDING LOAN CONTRACT

This Building Loan Contract is made and entered this _____ [day] of _____ [month], _____ [year] between _____ [name], a(n) _____ [state] _____ [entity] having its principal office at _____ [address], (herein "Lender"), and _____ [name], residing at _____ [address], (herein "You" and "Borrower." (If there is more than one Borrower, the words "You" and "Borrower" used in this Contract includes them.)

LOAN

1. Lender agrees to lend to You _____ Dollars (\$_____). The purpose of the loan is

to pay for improvements on your property. You agree to pay interest on money advanced in accordance with the provisions of the note referred to below.

PROPERTY

2. The property is described at Schedule A, which is attached to this Contract and incorporated herein by reference (hereinafter referred to as the "Property").

IMPROVEMENTS, PLANS AND SPECIFICATIONS

3. You agree to construct and complete the improvements described below. Before payment of the first installment, you shall file Plans and Specifications with the government departments having authority to approve them and shall obtain all necessary approvals and building permits. The Plans and Specifications shall be approved by Lender. No changes shall be made thereafter without Lender's consent. The improvements are briefly described as follows: construction of a _____ [insert number, e.g., one] family dwelling on the Property.

ADVANCES

4. The loan is to be advanced by Lender on a monthly basis. A construction budget is set forth on Exhibit B. In no event will Lender be required to make disbursements more than one (1) time per month. On a monthly basis you should make an application for a disbursement. The request shall be accompanied by an affidavit similar in form set forth as Exhibit C. The request shall also contain such other information or confirmations as the Lender shall reasonably determine as necessary or appropriate.

HOW WORK IS TO BE DONE

5. You agree to construct and complete the improvements according to the Plans and Specifications. Work is to begin promptly after the date of this contract. You shall carry on the work with reasonable diligence, and you shall be finished by not more than _____ (_____) _____ [insert weeks/months/years/etc.] from the first day of the month in which this agreement is signed.

NOTE AND MORTGAGE

6. On this date you have signed a note for the loan. The payment of the Note is secured by a Mortgage on the Property made by you on this date. The Mortgage is to be recorded on the date this Contract is filed. This Contract is subject to the terms of the Note and Mortgage.

APPROVAL OF WORK

7. No installment shall be due unless: (a) all work usually done at that stage of construction is done in a good and workmanlike manner; (b) all materials and fixtures usually installed and furnished by that stage of construction are installed and furnished; and (c) all governmental approval respecting the work have been obtained. Lender or its agent shall inspect the work prior to the making of any installment. Work is to be done to Lender's satisfaction. No installment is to be paid unless construction is first approved by an engineer, architect or other party designated by, or satisfactory

to, Lender.

CERTIFICATE OF NO ENCUMBRANCES

8. No installment is due and payable while there is any lien or other encumbrance on the Property (except, the Mortgage securing the Loan). Before any installment becomes due and payable, you shall deliver to Lender a report, furnished by an abstract corporation or title company acceptable to the Lender, stating that no liens, orders or assignments of contract have been filed against the Property after the recording of the Mortgage.

LENDER'S RIGHT TO COMPLETE WORK; MAKE PAYMENTS

9. If the construction work stops or does not proceed at a reasonable speed, Lender may employ workmen and purchase materials to complete or protect the work. If mechanics liens or orders or assignments of contract are filed against the Property, Lender may pay and satisfy them. If any taxes, assessments, sewer rents or water rates charged against the Property are not paid when due, Lender may pay them. Payments made by Lender under this paragraph are secured by the Note and Mortgage as if they were installments paid to you.

INDEMNIFICATION

10. You agree to pay for and indemnify, defend and hold harmless Lender for all damages, causes of action, claims or liens for materials, labor or services furnished to make the improvements on the Property. You shall defend against any action or proceeding brought against Lender on these liens or claims, using an attorney of Lender's choice.

DEFAULTS; REMEDIES

11. The following are events resulting in an immediate default:

- (a) Assignment of this Contract or any installment by you without prior written consent of Lender.
- (b) Your death before receipt of the last installment.
- (c) The improvements on the Property are, in the judgment of Lender, materially injured or destroyed by fire or other casualty.
- (d) A petition in bankruptcy is filed by or against you; a receiver or trustee of your Property is appointed; you file a petition for reorganization under any of the provisions of the Bankruptcy Act or of any other law; you make an assignment for the benefit of creditors; or you are judged insolvent by any state or federal court.
- (e) You do not make the improvements in accordance with the Plans and Specifications.
- (f) The Plans and Specifications are not approved by the government departments having authority to approve them.
- (g) In the sole reasonable judgment of Lender, the work either stops or does not proceed at a reasonable speed.

(h) You give a security interest in any materials, fixtures or articles used in the construction or placed in the improvements.

(i) You fail to produce, on Lender's demand, documents proving your unconditional ownership of the materials, fixtures or articles used in the construction or placed in the improvements.

(j) You fail to make any payment of interest due on any mortgage on the Property.

(k) You fail to keep any other obligation in this Contract, or in the Note and Mortgage.

In the event of a default:

(a) Lender's obligation to pay further installments ceases.

(b) At Lender's option, the Note shall become immediately due and payable.

(c) Lender may continue to pay installments without giving up any of Lender's rights or waiving them.

ADVANCES OF LOAN FUNDS

12. You will receive the advances secured by the Mortgage. The advances will be applied first to pay the cost of the improvements. You will not use the advances for any other purpose without the express written approval of Lender.

ORAL CHANGES

13. This Contract cannot be changed or modified without the express written consent of the parties hereto.

SUCCESSORS

14. This Contract shall apply to and bind Lender's and Your distributees, executors, administrators, successors and assigns.

Current Legal Forms for Real Estate
Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.110

FORM 22.110 Construction loan security agreement--commercial construction--loan predicated upon commitment for long-term financing--security interest to cover personal property

COMMENT

Frequently, the construction lender may require a commitment for permanent long-term financing. The permanent loan must be committed before construction is started, and the proceeds will provide the funds for repayment of the construction loan. In this case, the construction loan is granted on the condition that a specified permanent loan commitment has been made. The borrower agrees to complete construction by a certain date, and repayment of the construction loan falls due shortly thereafter. Normally, the permanent loan will be closed on or about the date the construction loan is to be repaid. In rare situations, the arrangement between the borrower, the construction lender, and the long-term lender is contained in one instrument.

Security interest in personal property

Additional security for the lender is provided by the fact that personal property to be installed will be part of the mortgaged premises. Upon installation, the personal property may become a part of the real estate. Before the full amount of the loan is made available, the borrower is to install the personal property. The borrower will execute and deliver a security agreement when and if requested by the lender. This clause permits the lender to perfect its security interest in the personal property, and fixtures, pursuant to the jurisdiction's Uniform Commercial Code. Security Agreements and related forms are found in Volume 9, Ch. 6, *Credit and Finance*. A financing statement is filed in the appropriate office to protect the lender against competing security interests and claims.

Lien priority

The relative priority of the liens of contractors, materialmen, and laborers obviously affects the lender's position. The local rules vary from granting such liens preference over interests recorded earlier to basing priority on the order of recording. In this instance, the lender's priority over such liens is protected if no work is commenced prior to the recording of the deed of trust securing the construction loan. Depending upon local law, a different form of protection, such as a separate agreement executed by the contractor, may be secured.

FORM

AGREEMENT made this _____ [day] of _____ [month], _____ [year], between _____ [name], a(n) _____ [state] _____ [entity] with its principal place of business at _____ [address] (the "Borrower"), and _____ [name], a(n) _____ [state] _____ [entity] with its principal place of business at _____ [address] (the "Lender").

WHEREAS, the Borrower owns the land described in Schedule A, hereto annexed and made a part hereof (the "Property"), and has applied to the Lender for a loan of _____ Dollars (\$) to aid the Borrower in erecting and equipping on such land the building and other improvements described in Schedule B, hereto annexed and made a part hereof (the "Building"); and

WHEREAS, the Lender has agreed to make the loan upon the terms, covenants, and conditions hereinafter set forth, and the Borrower has agreed to take such loan; and

WHEREAS, _____ [name], a(n) _____ [state] _____ [entity] with its principal place of business at _____ [address] (the "Long-Term Lender"), has issued a commitment dated _____ [month] _____ [day], _____ [year], to make a _____ Dollars (\$) long-term loan to the Borrower, to be evidenced by a note in that amount and to be secured by a deed of trust conveying the Property, on and subject to the terms and conditions set forth in such commitment;

NOW, THEREFORE, in consideration of the mutual promises herein after contained and of other valuable consideration, the parties hereto agree as follows:

1. Agreement to Make Loan. Subject to the terms hereof, the Borrower shall take, and the Lender shall make a loan in the principal sum of _____ Dollars (\$) (the "Loan"), to be advanced as provided below. Such loan shall be evidenced by the Borrower's promissory note of even date herewith for such amount, and made payable to the order of the Lender on _____ [month] _____ [day], _____ [year], or such earlier date as may be provided in the note. Interest shall accrue from the date of each advance at the rate of _____ percent (____%) per annum, payable monthly on the first day of each and every month until the note is fully paid. The note shall contain such other terms and provisions as the Lender and Long-Term Lender shall determine are needed for their protection. Such note shall be secured by a deed of trust of even date herewith (the "Deed of Trust"), on the fee title to the Property.

2. Construction by Borrower. The Borrower shall erect and complete on the Property on or before _____ [month] _____ [day], _____ [year], the Building substantially in accordance with the plans and specifications therefor to be filed with and duly approved by all governmental authorities having jurisdiction in respect thereof. Such plans and specifications for the Building shall be submitted to and approved by the Lender and the Long-Term Lender and shall be initially for identification by the parties hereto and the Long-Term Lender. The plans and specifications shall not, however, be deemed to be complete or finally approved unless they

include provisions for the installation of all sidewalks, curbs, gutters, landscaping, utility connections, and all essential equipment required by and necessary for the operation of the completed Building. After approval of such plans and specifications, all changes therein must be approved by the Lender, and the Lender may also require the prior approval of the Long-Term Lender.

3. Protection Against Prior Liens. The Borrower represents and promises that no excavating or work of any character has been or will be commenced, nor any material of any description delivered on or near the Property for the erection of the Building, prior to the recording of the Deed of Trust.

4. First Deed of Trust on Land and Personal Property. The Lender shall not be obligated to make any advances hereunder unless the Deed of Trust is a valid and enforceable first lien on the Property and the Building, except for taxes and assessments not yet due and payable and other liens, if any, acceptable to the Lender. All fixtures and articles of personal property to be installed in the Building or on the Property or used in the operation thereof by the Borrower (including, without limitation, all furniture, furnishings, fixtures, decor, business and service equipment, linen, china, silverware, and glassware) shall form part of the mortgaged premises covered by and subject to the lien of the Deed of Trust. The Borrower shall, at its own expense, execute and deliver, as additional security for the payment of the note, when and if requested so to do by the Lender or Long-Term Lender, a Security Agreement, in form and substance acceptable to the Lender and the Long-Term Lender, on all fixtures and articles of personal property that may hereafter be installed or placed in the Building or on the Property.

5. Fees Paid by Borrower. The Borrower, at the time fixed for the delivery of the note and Deed of Trust, shall pay all fees heretofore agreed to be paid to the Lender, the expense of examination of title, mortgagee's title insurance in such amount and form as may be satisfactory to the Lender, the recording fee and tax upon the Deed of Trust, and any present or future assignment or assignments or collateral security, if any, required by the Lender. The Borrower shall, at its expense, furnish a survey to the Lender at the time the first advance is made hereunder and shall also furnish to the Lender such other and additional surveys during the course of construction, including a survey after the completion of construction, as may be required by the Lender, all at the expense of the Borrower. No advances shall be made to the Borrower unless title to the Property is satisfactory to the Lender's counsel at the time such advance is requested and due. In case the Lender pays or advances any money for fees, surveys, recording, recording tax, examination of title, mortgagee's title insurance policies, preparation of loan documents, and any expenses incurred in the procuring and making of the loan, and in the payment of any insurance premiums, encumbrance, tax, assessment or other charge or lien upon the property, and any other amounts necessary for the payment of the cost of improvements, the Lender may reimburse itself out of any subsequent advances to be made in accordance herewith, and such reimbursement shall be deemed an advance under this agreement and secured by the note and Deed of Trust.

6. Disbursements of Loan. Advances upon the note and Deed of Trust shall be made at such times and in such amounts as the Lender shall determine, but shall be substantially in accordance with the schedule contained in Schedule C hereto annexed and made a part hereof. The making of an advance or any part of an advance shall not be deemed an approval by the Lender of the work theretofore done. When requested, the Borrower shall exhibit to the Lender satisfactory evidence, by receipts or other vouchers, that there are no outstanding overdue claims and demands for labor and materials used in the Building, before each or any payment shall be due or demandable under this agreement. The title company shall furnish the Lender with a summary of the title before any payment is made. If any notice of lien be filed against the Property, or any part thereof, under the law commonly called the Mechanics' Lien Law, the Lender may suspend further payments under this agreement until such lien shall have been discharged of record, or may satisfy such lien and deduct the amount paid on account thereof from the money in its hands.

No advance shall be due unless, in the judgment of the Lender, all work usually done at the stage of construction when the advance is made payable is done in a good and workmanlike manner, and all material and fixtures usually furnished and installed at this time are furnished and installed, but the Lender may advance parts or the whole of any installments before they become due if the Lender believes it advisable so to do. All such advances or payments shall be deemed to

have been made in pursuance of this agreement and not in modification thereof.

The Lender may require _____ (_____) working days notice in writing from the Borrower before an advance shall be requested. All advances are to be made at the office of the Lender or at such other place as it shall designate.

7. Extension of Time for Repayment. The Lender or any holder of the note and Deed of Trust referred to above may extend the time of payment of the principal evidenced and secured by such note and Deed of Trust, and any extension so granted shall be deemed to be made in pursuance of this agreement and not in modification thereof.

8. Installation of Personal Property. On or before the making of the final advance hereunder, the Borrower shall install all furniture and equipment required for the operation of the Building as a Class A transient hotel, including, without limitation, all furniture, furnishings, fixtures, decor, business and service equipment, linen, china, silverware, and glassware. Prior to such final advance, the Borrower shall also exhibit to the Lender the final certificates of approval of the various governmental authorities having jurisdiction, including a final certificate of occupancy or a temporary certificate of occupancy for the entire Building, hotel, restaurant, bar, public assembly, and other operating permits, and the certificate of the board of fire underwriters acting in and for the locality in which the Property is situated, and thereafter the Borrower shall furnish the Lender with photocopies of each such certificate and permit.

9. Fire Insurance. The Borrower shall furnish to the Lender, with premiums prepaid, or the Lender may procure at the expense of the Borrower, in companies and in amounts satisfactory to the Lender, insurance policies insuring the Property against loss or damage by fire and other hazards as the Lender may reasonably require. In any event, the amount of insurance in effect at any time shall be no less than the amount advanced under the loan agreement up to that point in time, or the cost of replacement of the improvements made and on-site materials, whichever amount is greater.

10. Effect of Borrower's Default. If the construction of the Building is at any time discontinued (unless such discontinuance is due to strikes or force majeure) or abandoned for a period of twenty (20) consecutive days, or if the Borrower does not proceed continuously with the erection and completion of the Building in such manner as reasonably to insure completion on or before the date herein specified, the Lender may, at its option, at any time thereafter take possession of the Property together with all materials, equipment, and improvements thereon, whether affixed to the realty or not, and perform any and all work and labor necessary to complete the improvements substantially according to the plans and specifications referred to in this agreement, and at the Borrower's expense may employ a watchman to protect the Property from theft or injury. For this purpose, the Borrower hereby appoints the Lender its true and lawful attorney-in-fact with full power of substitution in the premises to complete the project in the name of the Borrower and pay all bills and expenses incurred thereby and hereby empowers such attorney-in-fact to use any funds of the Borrower, including any balance which may not have been advanced for the purpose of completing improvements; to make such additions and changes and corrections in the plans and specifications which shall be necessary or desirable to complete the improvements in substantially the manner contemplated in the plans and specifications; to employ such contractor, subcontractors, agents, architects, and inspectors as shall be required for such purposes; to pay, settle, or compromise all existing bills and claims which may be or become liens against the Property or which may be necessary or desirable for the completion of improvements or for the clearance of title; to retain or deposit with the United States District Court for the District of _____ [name] a sum sufficient to discharge any mechanic's lien or other liens that may be filed against the Property; to execute all applications, certificates, or instruments in the name of the Borrower which may be required by any governmental authority or contract; and to do any act which the Borrower might do in its own behalf. This power of attorney shall be deemed to be a power coupled with an interest and cannot be revoked. The attorney-in-fact shall also have power to prosecute and defend all actions and proceedings in connection with the construction of the Building and to take such action and require such performance under any surety or other bond or other obligation or to execute in the name of the Borrower such further bonds or obligations as may be reasonably required in connection with construction work. The Borrower hereby assigns and quitclaims to the Lender all sums unadvanced under such Deed of Trust conditioned upon the use of such sums in trust for the completion of the

improvements, such assignment to become effective only in case of the Borrower's default. All sums paid or expended in accordance with any of the foregoing provisions shall be deemed advances to the Borrower and secured by such note and Deed of Trust and may be applied at the option of the Lender or any other holder of the note and Deed of Trust to any advances thereafter becoming due. The Lender shall be under no obligation to do any of the things provided in this paragraph, and instead may exercise any of the remedies provided for hereunder or under the Deed of Trust, including, without limitation, the termination of this agreement, in which event the entire indebtedness shall be and become immediately due and payable at the election of the Lender.

11. Assignment by Borrower. In the event the Borrower shall part with or be in any way deprived of title to the Property, the Lender may, at its option, continue to make advances under this agreement, subject to all its terms and conditions, to such persons or corporations as may succeed to the Borrower's title. All sums so advanced by the Lender shall be secured by the note and Deed of Trust.

12. Events of Default. If any of the following events shall occur, all of the Lender's obligations to make the loan or to make any further advance shall, if the Lender so elects, cease and terminate, and the note shall at the option of the holder thereof become immediately due and payable, but the Lender may make advances without becoming liable to make any other advances:

(a) If the Deed of Trust offered by the Borrower shall not give to the Lender a first lien on the Property for the indebtedness to be secured thereby, satisfactory to the Lender's attorney.

(b) If the Property is encumbered in any way without the Lender's consent.

(c) If improvements on the Property shall, in the opinion of the Lender's attorney, materially encroach upon the street or upon adjoining property.

(d) If the Borrower does not take the loan or the advances within thirty (30) days after they are made payable, or the Building is not fully completed and open to the public as an operating hotel by _____ [month] _____ [day], _____ [year].

(e) If the improvements on the Property are, in the Lender's reasonable judgment, materially injured or destroyed by fire or otherwise.

(f) If the Borrower shall fail to comply with any of the covenants contained in this agreement, the note, or the Deed of Trust.

(g) If a petition in bankruptcy is filed by or against the Borrower, or a receiver or trustee of the property of the Borrower is appointed; or if the Borrower files a petition for reorganization under any provision of the Bankruptcy Law or of any other state or federal law, or makes an assignment for the benefit of creditors, or is adjudged insolvent by any state or federal court of competent jurisdiction.

(h) If the Borrower does not erect the Building in accordance with the plans and specifications initialed by the Lender, the Borrower, and the Long-Term Lender and approved by the governmental authorities having jurisdiction, except as such plans and specifications may be changed by mutual consent.

(i) If the Borrower does not permit the Lender, or the Lender's representatives, to enter upon the Property to inspect the Building thereon at all reasonable times and examine all detailed plans, shop drawings, and specifications which are kept at the work, or fails to furnish to them, when requested, copies of such plans, drawings, and specifications.

(j) If the construction of the Building is not carried on with reasonable dispatch, in the judgment of the Lender.

(k) If the Borrower executes any security agreement, except to the Lender, covering any materials, fixtures, or articles used in the construction of the Building or covering articles of personal property placed in the Building, or grants any security interest in the foregoing, except to the Lender, or if any of such materials, fixtures, or articles is not purchased so that the ownership thereof will vest unconditionally in the Borrower, free from encumbrance, on delivery at the Property.

(l) If the Borrower fails to comply with any requirement of any governmental authority having jurisdiction within _____ (_____) days after notice in writing of such requirement shall have been given to the Borrower, or fails to furnish to the Lender, when requested, departmental searches made by governmental authorities having jurisdiction.

(m) If the Borrower does not disclose to the Lender, upon demand, the names of all persons with whom the Borrower contracted or intends to contract for the construction of the Building or the furnishing of labor or materials therefor.

13. Application of Proceeds. The Borrower shall receive the advances to be made hereunder and to be secured by the Deed of Trust as a trust fund to be applied, first, for the purpose of paying the cost of improvement of the Property before using any part of such advances for any other purposes; provided that nothing herein shall impose upon the Lender any obligation to see to the proper application of such advances by the Borrower.

14. Effect of Agreement on Note and Deed of Trust. The note and Deed of Trust to be executed, acknowledged, and delivered pursuant to this agreement shall be subject to all the conditions, stipulations, agreements, and covenants contained in this agreement to the same extent as if the agreement were fully set forth and made part of such note and Deed of Trust, until this agreement is terminated by the completion of the Building described herein and the making of the final advance hereunder as provided for herein.

15. Affidavits by Borrower's Officers. The Borrower shall deliver to the Lender, and the Long-Term Lender, upon demand, and so often as called upon, an affidavit of the president or the secretary or other principal officer of the Borrower to the effect that all the chattels, fixtures, attachments, and equipment and all other personal and other property now or hereafter delivered upon, attached to, or used in connection with the construction of the Building or the operation thereof, except owned or installed by tenants of the Borrower, are free and clear of all security interests and from all liens and encumbrances whatsoever, except the security interest given to the Lender, and that the Borrower is the absolute owner of such chattels, fixtures, attachments, and equipment.

16. Discovery of Adverse Environmental Conditions. In the event that an adverse environmental condition is discovered or occurs upon the premises described in Schedule A, annexed hereto, Lender shall be under no obligation to make further advances to Borrower until such time as the adverse condition is satisfactorily remediated by Borrower or its agents. The determination of whether an adverse environmental condition exists shall be made in the sole discretion of Lender. Lender shall have the right to inspect the site and perform any tests Lender or its consultants may deem necessary or appropriate. The determination of whether the adverse condition has been satisfactorily remediated shall be made by Lender, in its sole discretion. Lender shall be entitled to require Borrower to meet all federal, state and local laws, regulations and policies pertaining to remediation.

Borrower shall also have a fiduciary duty to report to Lender any information in the possession of Borrower, its employees or agents, regarding environmental conditions on the real property described in Schedule A, annexed hereto. Failure to report such information shall be an event of default under the terms of this loan agreement.

17. Right to Receive Advances. The obligation of Lender to make advances hereunder shall be subject to the obligation of Borrower to comply with all of the terms of this agreement. In the event that Borrower is in default in any manner, Lender shall be under no obligation to make further advances until the default is fully cured.

18. Amendment to Agreement. This agreement may not be changed orally, but only by an agreement in writing and signed by the party against whom enforcement of any waiver, change, modification, or discharge is sought.

19. Title Insurance. No advance shall be due unless the Borrower furnishes to the Lender before the execution of this agreement title insurance policies in the amount of the loan, issued by title insurance companies satisfactory to the Lender, insuring the interest of the Lender as a valid first lien on the Property, free and clear of all prior liens, encumbrances, and exceptions to title whatsoever, other than those previously approved in writing by the Lender and the Long-Term Lender. It shall be a condition precedent to each advance that such title companies will continue their searches to the date of each advance and shall certify to the Lender in writing that such continuations disclose no liens, encumbrances, or exceptions to title.

20. Application of Agreement. This agreement is made for the sole protection and benefit of the Borrower, the Lender, and the Long-Term Lender, and no other person shall be deemed to have a right of action of any kind hereunder.

21. Architect. The supervising architect for the erection of the Building shall be _____[name] of _____[address] (the "Architect"). If the Architect shall be, or for any reason may become, disqualified or unable to act or to continue to act as supervising architect, the supervising architect to be named in his place, and any succeeding supervising architect, shall be satisfactory to, and approved by, the Lender and the Long-Term Lender.

22. Long-term Loan. The Borrower represents that it has a commitment from the Long-Term Lender to make a long-term loan of _____ Dollars (\$_____) to the Borrower and the Borrower understands that the Lender is willing to make this loan for the term recited because of such commitment. The Borrower, by its proper officers, shall be present at the closing of the loan provided for in the Long-Term Lender's commitment of _____[month] _____[day], _____[year], and shall execute all such documents and otherwise perform and meet all requirements, conditions, and provisions of such commitment to the end that the loan provided for therein shall be consummated and the proceeds thereof used solely, to the extent required, fully to satisfy and fully to pay the principal and interest of the loan herein provided for. The Borrower shall notify the Lender ten (10) days in advance of the time and place of its closing with the Long-Term Lender.

23. Notice. Notices from the Lender to the Borrower may be given by mailing the same to the Borrower at _____[address], and any notice so given shall be deemed to be sufficient for all purposes.

24. Entire Agreement. This agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

25. Non-waiver. No delay or failure by either party to exercise any right under this agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

26. Headings. Headings in this agreement are for convenience only and shall not be used to interpret or construe its provisions.

27. Governing law. This agreement shall be construed in accordance with and governed by the laws of the State of _____[state].

28. Counterparts. This agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

29. Binding Effect. The provisions of this agreement shall be binding upon and inure to the benefit of each of the parties and their respective legal representatives, successors, and assigns.

IN WITNESS WHEREOF the parties hereto have caused this instrument to be signed in their respective corporate names and to be attested under their respective corporate seals.

Part IV. FORMS
G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.111

FORM 22.111 Long-term resort development loan agreement--multiple creditors and multiple debtors--outside United States

COMMENT

This form of long-term loan agreement is directed toward multiple resort development financing by a consortium of institutional lenders. It generally illustrates the complex arrangements necessary to supply construction capital to widespread real estate ventures which have different projects underway in various developmental stages. The proceeds of sales of lots in multiple developments secure this loan. Specified receivables also secure the loan.

This particular venture is particular because it involves a construction subsidiary located outside of the United States, in addition to sites scattered within various jurisdictions located within the continental U.S. Inasmuch as the basic tax problems of commitment fees, interest deductions, prepaid interest and default will generally apply in the same manner as noted in preceding comments.

FORM

LOAN AGREEMENT

THIS LOAN AGREEMENT is made this _____[day] day of _____[month],
_____[year] by and among _____and _____[names] (hereinafter together jointly and
severally sometimes referred to as the "Borrowers"); _____and _____[names]
(hereinafter sometimes referred to as the "Guarantor"); and _____and _____[names]
(hereinafter sometimes referred to as the "Banks");

WHEREAS, the Borrowers are engaged in an integrated business venture which consists of developing and operating resorts, recreation-related enterprises, and planned unit developments. Land for homes, villas, and commercial establishments is sold by the Borrowers to others in accordance with project plans which involve certain integrated planning, financing, and marketing techniques developed by the Borrowers and their parent, _____ [name]. The Borrowers desire to obtain funds for the purpose of financing such integrated business venture, including funds required for mortgage release payments, operational working capital and other purposes. While the Borrowers have financed, and will continue to finance, certain phases of their respective projects independently of each other, the Borrowers represent that they can obtain financing on more favorable terms, which will accommodate their fluctuating credit requirements and preserve the flexibility of their operations, by entering into a global financing arrangement which will provide funds from time to time to various of the Borrowers as required for their continued integrated operations. Each of the Borrowers expects to derive benefit, directly or indirectly, from such credit and the Borrowers and their parent company have requested the Banks to make such global credit available to the Borrowers for the purpose of financing the development of their projects in reliance upon the security to be furnished by some or all of the Borrowers and the guaranty of their parent company as hereinafter provided; and

WHEREAS, each Bank will commit to lend upon the terms and conditions set forth herein up to the amount stated opposite its name in the following schedule (such amount being hereinafter referred to as such Bank's Committed Amount):

Bank	Amount
_____	\$ _____
___ [name]	
_____	\$ _____
___ [name]	

WHEREAS, _____ [name] Bank, so long as it is a Continuing Bank, will act as agent of the other Banks with respect to certain transactions hereunder. _____ [name] Bank, acting in such capacity, or any bank or trust company appointed to succeed _____ [name] Bank in such capacity, pursuant to Article IX, Section 9.10 hereof, is referred to herein as Agent Bank; and

WHEREAS, in consideration of the loans being made hereunder to Borrowers, which are subsidiaries of the Guarantor, Guarantor shall guarantee the prompt and punctual payment when due of all principal, interest, and other moneys becoming due under the Notes and this agreement, and the performance and observance by the Borrowers of all the other terms, covenants, conditions, and agreements of the Notes and this agreement on their part to be performed and observed, under and pursuant to a Guaranty in substantially the form of Exhibit L hereto (the "Guaranty").

NOW, THEREFORE, in consideration of the mutual covenants and promises herein contained, the parties hereto do hereby agree as follows:

Article I Definitions

The terms defined in this Article I shall have the meanings herein specified for all purposes of this agreement, unless the context otherwise specifies or requires.

1.1. *Advance* shall mean an amount loaned by the Banks to the Borrowers.

1.2. *Affiliated Subsidiaries* shall mean those companies set forth on Exhibit A and any other companies which are not

Borrowers hereunder and 51 percent (51%) or more of the capital stock of which is owned by the Guarantor or a Borrower or an Affiliated Subsidiary.

1.3. *Agent Bank* shall have the meaning ascribed to it on Page _____ of this Loan Agreement.

1.4. *Agreement Debt* shall mean all indebtedness, obligations, and liabilities of the Borrowers and Guarantor arising under this agreement.

1.5. *Borrowing Base* shall mean, at any given time, an amount equal to _____ percent (_____%) of the aggregate unpaid principal balance (net of financing charges, credit life insurance, membership fees, dues, utility and maintenance fees and other similar charges) of the Eligible Lot Sales Paper duly pledged as Collateral and _____ percent (_____%) of the Proceeds, if any, in the Escrow Account at such time.

1.6. *Business Day* shall mean a day other than a Saturday, Sunday, or any other day on which commercial banks are authorized by law to close under the laws of the State of _____ [state].

1.7. *Cash Flow Models* shall mean cash flow projections prepared in conformity with Master Plans for Development Projects, as revised from time to time and shall be substantially in the form of Exhibit O.

1.8. *Collateral* shall mean (a) all Lot Sales Paper duly pledged to the Banks by Borrowers as security for the payment and performance of all indebtedness, obligations, and liabilities of the Borrowers hereunder and the Proceeds therefrom; or (b) such other substituted form of Collateral as may be approved by all of the Banks.

1.9. *Committed Amount* shall mean the amount which each Bank will commit to lend upon the terms and conditions set forth herein, such amounts being as follows:

Bank	Amount
_____	\$ _____
___ [name]	
_____	\$ _____
___ [name]	

1.10. *Continuing Bank* shall mean any bank which has not terminated its commitment hereunder and effected a conversion in accordance with the terms of Article II, Section 2.8 hereof, provided, however, that if there are only two or less Banks which have not terminated their commitment hereunder and effected a conversion in accordance with the terms of Article II, Section 2.8 hereof, then all Banks shall be considered Continuing Banks.

1.11. *Contracts* shall mean those written agreements as set forth on Exhibit T pursuant to which the Borrowers have agreed to convey Lots in the _____ [name] and _____ [name] to bona fide third parties and which shall meet the following requirements:

(a) The purchaser shall have paid in cash at least _____ percent (_____%) of the original purchase price of the Lot covered by such Contract;

(b) The deferred portion of the purchase price shall bear interest at a rate of not less than _____ percent (_____%) per year and shall be payable in consecutive equal monthly installment payments of principal and interest, sufficient to amortize in full the principal amount of such deferred portion of the purchase price over a period not exceeding ten years from the date of the execution of the agreement and will be free of any claim

or defense of usury;

(c) The agreement is in compliance with all the terms of this Loan Agreement except that as to not more than _____ percent (_____) of all Contracts pledged as Collateral hereunder, counsel to the Guarantor and the Borrowers does not render an opinion with respect to compliance with applicable state land sales statutes and regulations, so long as the obligation evidenced thereby is not challenged by the purchaser thereunder; and

(d) Fee simple title to the Lot covered by the Contract shall have been conveyed to a Trustee acceptable to the Banks who will hold the said fee simple title to the Lot for the benefit of the Lot purchaser in accordance with the terms of an agreement to be entered into between the Guarantor and the Borrowers, Banks and such Trustee in form and substance satisfactory to the Banks, which shall provide that at such time as the Lot purchaser has paid the full purchase price provided for in the Contract and otherwise fully discharged all of such Lot purchaser's obligations and responsibilities as set forth therein, the Banks and the Borrowers shall direct the Trustee to deliver a deed to the Lot to the Lot purchaser.

1.12. *Development Lenders* shall mean and refer to lenders who make loans of the type referred to in Section 1.28(c) and 1.28(l)(1) and the proceeds of which are to be used in connection with the development of the properties of the Borrowers and shall include, but not be limited to, _____ [name].

1.13. *Development Projects* shall mean:

(a) The following lands and premises as more particularly described in Exhibit B hereto as the same are and are to be developed and improved pursuant to the respective Master Plan therefor, and shall include all such improvements.

(b) Any new or Pending Projects for the development of any other lands and premises for which Master Plans, Cash Flow Models, and such other information as the Banks deem necessary are submitted to the Banks, and which are approved as a Development Project by the Banks in accordance with Article IX, Section 9.10(a) hereof.

1.14. *Eligible Lot Sales Paper* shall mean all Lot Sales Paper in respect of which no payment of principal or interest is more than _____ (_____) days past due, which is otherwise free of default and in compliance with the terms of this agreement and, as to Lot Sales Paper other than Contracts, which meets the following requirements:

(a) The note shall evidence a principal indebtedness no greater than _____ percent (_____) of the purchase price of the Lot; and

(b) The note shall bear interest at a rate of not less than _____ percent (_____) per annum and shall be payable in consecutive equal monthly installment payments of principal and interest, sufficient to amortize in full the principal amount of the note, over a period not exceeding _____ (_____) years from the date of the execution of the note; and

(c) The mortgage shall constitute a first and prior lien upon the Lot described in the said mortgage within _____ (_____) days of its inclusion in the Collateral; provided, however,

(1) That Lot Sales Paper arising from the sale of Lots at the _____ [name] Development Project which would otherwise constitute Eligible Lot Sales Paper shall be considered ineligible to the extent that the aggregate unpaid principal balance thereof causes the aggregate unpaid principal balance of all Eligible Lot Sales Paper from such Development Project pledged as Collateral to exceed _____ percent (_____) of the aggregate unpaid principal balance of all Eligible Lot Sales Paper from all Development Projects, including the

_____ [name] Development Project, pledged as Collateral;

(2) Notwithstanding any other provision herein contained to the contrary, the Borrowers may pledge Lot Sales Paper from each Development Project which would otherwise constitute Eligible Lot Sales Paper except that in connection with the submission of such Lot Sales Paper counsel to the Guarantor and the Borrowers does not render an opinion with respect to compliance with applicable state land sales statutes and regulations and such Lot Sales Paper shall be considered Eligible Lot Sales Paper to the extent that the aggregate principal balance thereof does not exceed at any time _____ percent (_____%) of the aggregate unpaid principal balance of all Eligible Lot Sales Paper from such Development Project, so long as:

(A) The obligation evidenced thereby is not challenged by the maker thereof; and

(B) No direct solicitation has been made for the sale of Lots in the state in which the maker of such Lot Sales Paper resided at the time of purchase by reason of:

(i) Telephone, mail, or advertising solicitations carried out in, or directed to residents of, such state;

(ii) The maintenance of a sales or other office in such state;

(iii) The furnishing of Lot sales literature to residents of such state in response to requests for such information or otherwise in any manner other than the personal delivery of such literature at the site of the Development Project; or

(iv) Visits by sales representatives in such state or the making in any other manner of solicitations in, or directing solicitations to residents of, such state relating to the sale of Lots; and

(3) Contracts shall be considered Eligible Lot Sales Paper and Collateral hereunder so long as the requirements set forth in Section 1.11 are met. Provided further, that should Eligible Lot Sales Paper (other than Contracts become ineligible by reason of the aforesaid limitations in subparagraphs (1) and (2), then that Lot Sales Paper (other than Contracts) most recently pledged to Banks shall be considered ineligible to the extent necessary to comply with the said limitations.

1.15. *Borrower* shall mean those Companies designated as such on page _____ of this agreement and, in addition, any Affiliated Subsidiary designated as a Borrower by the Guarantor provided, however, that in connection with any such designation there shall be provided to the Banks an opinion of counsel satisfactory to the Banks and the Guarantor shall, upon request, execute and deliver, or cause to be executed and delivered, such further instruments and do or cause to be done such further acts as may be reasonably requested by the Banks.

1.16. *Escrow Account* shall mean an account at the Agent Bank in which Proceeds are held until distributed in accordance with Article II, Section 2.4 hereof.

1.17. *Event of Default* shall have the meaning set forth in Article VIII, Section 8.1 hereof.

1.18 *Executive Group* shall mean and refer to _____ [name], _____ [name], and _____ [name].

1.19. *Expiration Date* shall mean and refer to _____ [month] _____ [day], _____ [year], or such later date as the Banks shall agree, pursuant to Article IX, Section 9.10, that the Revolving Credit Notes shall be due and payable.

1.20. *Lot* shall mean a portion of a Development Project specifically allocated and platted on recorded plats and maps for use as a building site for a single family residence and meeting all zoning, building, and other governmental

requirements for such use.

1.21. *Lot Sales Paper* shall mean in the case of real property located at River Plantation, a note and mortgage substantially in the form of Exhibit C-1; in the case of real property located at _____ [name], a note and mortgage substantially in the form of Exhibit C-2; in the case of real property located at _____ [name], a note and mortgage substantially in the form of Exhibit C-3; in the case of real property located at _____ [name], a note and mortgage substantially in the form of Exhibit C-4; and Contracts.

1.22. *Master Plan* shall mean a graphic representation of the development plan for a specific Development Project, as the same may be modified from time to time. Each such Plan will, as a minimum, indicate the approximate location of all major roads, common facilities and amenities and will show the approximate location of land held for sale for single family, condominium and commercial use. Modifications which materially alter the basic concept of the development project, or which materially adversely affect the projected cash flows as previously shown in financial models, whether initiated by the Company or undertaken pursuant to governmental requirements must be approved in accordance with Article IX, Section 9.10.

1.23. *Notes* shall mean the Revolving Credit Notes and Term Notes.

1.24. *Outstanding Loan Balance* shall mean the outstanding principal amount of the Revolving Credit Notes and Term Notes.

1.25. *Pending Projects* shall mean _____ [name] Plantation, the balance of _____ [name], the balance of _____ [name], the balance of _____ [name] and the _____ [name].

1.26. *Permitted Asset Acquisitions* shall mean:

(a) Improvements (as defined by the existing Cash Flow Models and subsequent modifications thereto, and by the Master Plans) to the Development Projects, including off-site improvements where necessary and required for a Development project, provided:

(1) The financing for such off-site improvements to the extent that the cost thereof exceeds a cumulative aggregate amount of _____ Dollars (\$_____) for each Development Project is provided by development loans;

(2) The said off-site improvements are located within the immediate vicinity of the Development Project to which they relate; and

(3) All titles and casements for the installation, maintenance, and use of such off-site improvements shall have been obtained;

(b) Fixed assets or other personal property reasonably necessary to the operation of the business of the Guarantor, Borrowers and Affiliated Subsidiaries;

(c) Real estate having a cumulative aggregate purchase price (consolidated for the Guarantor, all Borrowers and all Affiliated Subsidiaries) not in excess of an amount equal to the sum of:

(1) _____ Dollars (\$_____) or the purchase price of the approximately _____ (_____) acres of land on the _____ [name], and the _____ (_____) acres of land on the _____ [name], whichever is

less; and

(2) The amount by which the total of new equity and long-term Subordinated Debt having no principal repayment requirements for a period of five years from the date of issuance of such debt, issued by the Guarantor and held by persons or entities other than any Borrower or Affiliated Subsidiary, exceeds the sum of:

(A) _____ Dollars (\$ _____), and

(B) the amount paid by the Guarantor to repurchase warrants to purchase Common Stock of the Guarantor held by The Insurance Company.

1.27. *Permitted Contingencies* shall mean:

(a) any guarantee or endorsement of the Guarantor of any Permitted Indebtedness incurred by the Borrowers or any guarantee or endorsement of the Borrowers of any Permitted Indebtedness incurred by the Guarantor;

(b) Any guarantee or endorsement of the Guarantor or the Borrowers of any Permitted Indebtedness incurred by Affiliated Subsidiaries in an aggregate consolidated amount at no time exceeding _____ Dollars (\$ _____);

(c) Any contingent liability of the Guarantor, or any Borrower or any Affiliated Subsidiary incurred in connection with joint venture or co-venture arrangements permitted by Article VII, Section 7.8 hereof, to which it is a party;

(d) Contingencies arising out of the sale of receivables (within the limitations of Article VII, Section 7.18);

(e) Contingencies arising out of the guarantee of employees' home mortgage loans, provided that the original principal amount of the guaranteed loan shall not exceed the fair market value of the said home and provided there shall be no more than one such guarantee at any time for any individual employee;

(f) Contingencies arising out of the endorsement of negotiable instruments for collection in the ordinary course of business;

(g) Contingencies not of a material nature arising in the ordinary course of business, including those arising out of the sale of lots and condominiums, and which contingencies do not materially impair the ability of Guarantor and Borrowers to fulfill their obligations hereunder;

(h) Contingencies arising out of the guarantee of employees' loans (other than home mortgage loans) provided that the guarantee is in lieu of a loan permitted by Section 1.31(c) of this Article I, and provided further that the amount guaranteed does not exceed _____ percent (_____%) of the gross annual salary of the employee to whom such loan is made; and

(i) Contingencies arising out of obligations securing the performance of bids, tenders, contracts (other than for the repayment of borrowed money) or securing statutory obligations or surety or appeal bonds, or securing indemnity, performance or other similar bonds in the ordinary course of business.

1.28. *Permitted Indebtedness* shall mean:

(a) purchase money mortgage obligations for the purchase of land presently outstanding as set forth on Exhibit D-1 hereto, and other mortgage obligations as set forth on Exhibit D-2, but not any future advances thereon nor the refunding, modification or amendment thereof;

(b) Purchase money mortgage obligations, in addition to those shown on Exhibit D-1 of, the Guarantor, the Borrowers and the Affiliated Subsidiaries for the purchase of land permitted by Section 1.26(c) of this Article I.

(c) Indebtedness incurred and to be incurred under presently existing development loan agreements set forth on Exhibit E hereto;

(d) Secured indebtedness under receivable financing commitments (within the limitations of Article VII, Section 7.18);

(e) Indebtedness incurred for the purchase of fixed assets of the type specified in this Article I, Section 1.26(b) pursuant to the provisions of such Section secured by the asset or personal property purchased, to the extent that such assets are reasonably necessary to the operation of the business of the Guarantor, Borrowers, and Affiliated Subsidiaries, and that the indebtedness incurred therefor does not exceed the original cost of the said assets in the case of new assets and in the case of other assets, the fair market value thereof, which such fair market value shall be determined by an independent appraisal (MIA, or equivalent) at the expense of the Borrowers, if such appraisal is requested by Banks;

(f) Short-term secured or unsecured loans (with maturities not in excess of two years and the proceeds of which are to be used as general working capital, including resort operations and corporate overhead expenses, and bridge financing for which the Borrowers do not presently have an existing permanent take out commitment as specified under paragraph (k) hereof) of the Guarantor, the Borrowers and the Affiliated Subsidiaries in an aggregate consolidated amount at no time exceeding, except as set forth in Exhibit P,

(1) _____ Dollars (\$ _____) through _____ [month]
 _____ [day], _____ [year], and _____ Dollars
 (\$ _____) through _____ [month] _____ [day],
 _____ [year] thereafter, and

(2) the lesser of _____ Dollars (\$ _____) or _____ percent
 (_____ %) of the amount by which the total of new equity and long-term Subordinated Debt having no principal repayment requirements for a period of five years from the date of issuance of such debt, issued by the Guarantor and held by persons or entities other than any Borrower or Affiliated Subsidiary, exceeds the sum of

(A) _____ Dollars (\$ _____), and

(B) the amount paid by the Guarantor to repurchase warrants to purchase Common Stock of the Guarantor held by The Insurance Company;

(g) Subordinated Debt of the Guarantor and the Borrowers to the Affiliated Subsidiaries at no time exceeding
 _____ Dollars (\$ _____) except as set forth on Exhibit R;

(h) Subordinated Debt of the Guarantor to the Borrowers or Subordinated Debt of the Borrowers to the Guarantor or Subordinated Debt of any borrowers to any other Borrowers, provided that indebtedness incurred or to be incurred by
 _____ [name] to the Guarantor pursuant to the _____ [name] and
 _____ [name] development loan dated [month] _____ [day],
 _____ [year], shall be permitted and need not be Subordinated Debt.

(i) Indebtedness of the Affiliated Subsidiaries to the Guarantor and the Borrowers in a total aggregate amount at no time exceeding _____ Dollars (\$ _____), except as set forth on Exhibit S;

(j) Subordinated Debt having no principal repayment required for at least _____

(_____) years from the date of the incurrence of such debt;

(k) Bridge financing not in excess of _____ (_____) days term for which Borrowers have a binding permanent take out commitment in the form of a loan permitted under paragraph (l) hereof sufficient in amount to fully repay such bridge financing;

(l) Any other

(1) Development loans secured by land or land improvements to be developed or improved by the proceeds of the loans;

(2) Construction loans for the construction of condominium units, homes, business properties or land improvements secured by the condominium unit, home, business property or land to be constructed or improved; and

(3) Permanent mortgage loans on improvements; provided the proceeds of all of the indebtedness thereby incurred shall be used for activities in and for the direct benefit of the Development Projects; and

(m) Indebtedness incurred under and pursuant to this agreement; provided, however, that, as to all indebtedness permitted by this Section 1.28, the incurrence or existence of any such indebtedness does not result in any default in any agreement to which the Guarantor, any Borrower or any Affiliated Subsidiary is a party or by which it is bound.

1.29. *Permitted Leases* shall mean leases at fair market value of real estate and personal property within the Development Projects or for the purpose of carrying forth development activities within the Development Projects other than among or between the Guarantor, the Borrowers or the Affiliated Subsidiaries.

1.30. *Permitted Liens* shall mean:

(a) liens incurred under or pursuant to this agreement in favor of the Banks;

(b) Liens arising out of judgments or awards in respect of which an appeal or proceeding for review is being prosecuted in good faith and for which a subsisting stay of execution has been secured pending such appeal or proceeding for review, provided adequate reserves with respect thereto are maintained;

(c) Liens for taxes not yet due or which are contested in good faith and by appropriate proceedings if adequate reserves with respect thereto are maintained;

(d) Deposits under workmen's compensation, unemployment insurance and Social Security laws, or to secure the performance of bids, tenders, contracts (other than for the repayment of borrowed money) or leases or to secure statutory obligations or surety or appeal bonds, or to secure indemnity, performance or other similar bonds in the ordinary course of business; and

(e) Liens securing obligations permitted under Permitted Indebtedness.

1.31. *Permitted Loans and Investments* shall mean:

(a) investments in obligations issued or guaranteed by the United States of America or any agency thereof, maturing within one year of the date of acquisition thereof;

(b) Investments in certificates of deposit of any bank;

(c) Insured deposits in federally insured savings and loan associations;

(d) Investments in readily marketable commercial paper having been classified in one of the two highest quality ratings of Standard & Poor's Corporation in an amount at no time exceeding _____ Dollars (\$ _____) as to a single issuer and at no time exceeding an aggregate of _____ Dollars (\$ _____);

(e) Loans to employees in an amount at no time exceeding _____ percent (_____ %) of the gross annual salary of the employee to whom such loan is made;

(f) Loans (complying with Section 1.28(h) of this Article I) or investments to or in the Guarantor or any Borrower from or by the Guarantor or any Borrower;

(g) Loans made to the Affiliated Subsidiaries by the Guarantor and/or the Borrowers in a total aggregate amount at no time exceeding _____ Dollars (\$ _____), except as set forth on Exhibit S;

(h) Investments made in the Affiliated Subsidiaries by the Guarantor and/or the Borrowers in a total aggregate amount at no time exceeding _____ Dollars (\$ _____), except as set forth on Exhibit K;

(i) Loans or investments made to or in any Person or Persons (other than an employee, Guarantor, Borrower or Affiliated Subsidiary) from or by the Guarantor or the Borrowers in a total aggregate amount at no time exceeding _____ Dollars (\$ _____), except as set forth on Exhibit N;

(j) Loans or investments made to or in any joint venture or co-venture arrangements permitted by Article VII, Section 7.8;

(k) Loans made to the Guarantor or the Borrowers by the Affiliated Subsidiaries in a total aggregate amount at no time exceeding _____ Dollars (\$ _____), except as set forth on Exhibit R;

1.32 *Person* shall mean and refer to any individual, firm, corporation, partnership, joint venture, association, or other entity.

1.33. *Proceeds* shall mean all payments made on the Collateral and received by Agent Bank for credit to the Escrow Account.

1.34. *Real Estate Revenues* as utilized in Article VII, Section 7.13 shall mean revenues from the bona fide sale of single family or duplex lots or commercial sites, or land contained in built-for-sale home or villa projects (not including any portion of the sales price attributable to the improvements thereon, if any) or land at its fair market value sold to any other Person in which the Guarantor and/or the Borrowers do not have a consolidated equitable interest of more than _____ percent (_____ %). Solely for purposes of this definition (a) Revenues shall be considered recognized at the time of receipt of the signed contract and down payment equal to at least _____ percent (_____ %) of the sales price of the said single family or duplex lot or commercial site or land contained in built-for-sale home or villa projects or land sold to any Person as aforesaid; and (b) the value of land contained in built-for-sale home or villa projects shall be as shown in the construction financing documents therefor, or by an independent appraisal thereof, or in the absence of either, by mutual agreement of the Borrowers and Banks.

1.35. *Revolving Credit Note* shall have the meaning set forth in Article II, Section 2.7 hereof.

1.36. *Settlement Date* shall mean the _____ (_____) day of each calendar month.

1.37. *Subordinated Debt* shall mean indebtedness deferred in right to the Agreement Debt and as to the payment of which the Agreement Debt shall be preferred. Such indebtedness shall have no repayment rights except (a) to the extent the issuer thereof retains sufficient assets to pay all amounts due and payable on the Agreement Debt, and (b) in case of the dissolution or liquidation of the issuer thereof, subject to the payment in full of the Agreement Debt.

1.38. *Term Note* shall have the meaning set forth in Article II, Section 2.8 hereof.

1.39. *Total Committed Amount* shall mean the aggregate of the Committed Amounts of all Banks at the time in question.

Article II Advances

2.1. Amount of Advances. Each Bank agrees, subject to the terms and conditions of this agreement, and upon the request of the Guarantor as agent for the Borrowers, (the "Request for Advance"), to make Advances, in accordance with its pro rata portion of the Total Committed Amount, to Borrowers at any time and from time to time prior to the earlier of (a) the due date of or (b) the conversion of its Revolving Credit Note, provided that immediately after giving effect to such Advance the aggregate Outstanding Loan Balance does not exceed the lesser of (c) the Borrowing Base, or (d) the Total Committed Amount. No Bank shall have any obligation to make any requested Advance to the extent such Advance would cause the unpaid portion of the Outstanding Loan Balance owed to such Bank to exceed its Committed Amount. Advances shall be made not more than twice each month, and each Advance shall be in an amount of at least _____ Dollars (\$_____).

2.2. Procedure. Upon receipt of a Request for Advance, the submission of Collateral, Agent Bank's determination of the acceptability of such Collateral, compliance with Article V, Section 5.2 and upon the submission by Guarantor of all other documents which Agent Bank may reasonably require, Agent Bank shall promptly notify each Bank of the Request for Advance and each Bank shall make available at the Principal Office of the Agent Bank not later than 12 Noon, _____[city], _____[state], time, on the Business Day following such notice, in immediately available funds its pro rata portion of such Advance. Upon receipt of such funds, the Agent Bank shall transmit to the Guarantor as agent for the Borrowers, or upon its order, the requested Advance.

2.3. Collateral. Lot Sales Paper pledged to the Banks as Collateral shall be held by the Agent Bank for the pro rata benefit of the Banks. The proceeds from such Lot Sales Paper shall be collected on behalf of the Borrowers by _____[name] (the "Collecting Agent") which shall act as agent for the Guarantor and the Borrowers in accordance with an agreement of even date herewith between the Guarantor, Borrowers and the Collecting Agent. Should the Collecting Agent cease to act as agent, the Guarantor and Borrowers shall within _____ (_____) days appoint a new agent satisfactory to Agent Bank. Should the Guarantor and the Borrowers fail to appoint a successor agent satisfactory to Agent Bank within said _____ (_____) day period, then Agent Bank may appoint a successor to _____[name]. It is expressly understood that sole responsibility for collection of proceeds is that of the Guarantor and the Borrowers and that the Banks are in no way responsible therefor.

2.4. Proceeds. As soon as possible after receipt by the Agent Bank, proceeds shall be deposited in the Escrow Account in the same form in which received. On each Settlement Date, the Agent Bank shall (except as provided in Article III, Section 3.7 hereof) allocate Proceeds held in the Escrow Account in the following order:

(a) To the Agent Bank in payment of its service charge (determined in accordance with Article X, Section 10.3) and to the agent designated pursuant to Section 2.3 of this Article II, in payment of its collection fees;

(b) The balance, if any, to Banks in payment of all accrued interest on Notes;

(c) The balance, if any, to Banks holding Term Notes, if any, in payment of the monthly installment thereon in

accordance with Section 2.8 of this Article II.

(d) The balance, if any (in even integral multiples of \$1,000), to banks holding Revolving Credit Notes to be applied, pro rata, to the extent necessary to reduce the Outstanding Loan Balance on such date (as adjusted by any payments made pursuant to paragraph (c) hereof) to an amount equal to the Borrowing Base less the Proceeds held in the Escrow Account on such date before any disbursements required by this Article II, Section 2.4 are made; and

(e) The balance, if any, (in even integral multiples of \$1,000) to the Guarantor as agent for the Borrowers, provided no Event of Default shall have occurred and be continuing.

Within _____ (_____) business days after the receipt by the Agent Bank of the Loan Status Report submitted by the Guarantor pursuant to the provisions of this Article II, Section 2.5, the Proceeds held in the Escrow Account shall be disbursed in accordance with the above allocation.

2.5. Settlement Date. Within _____ (_____) days of each Settlement Date, the Guarantor on behalf of the Borrowers shall submit to the Agent Bank the following:

(a) A Loan Status Report in the form of Exhibit F hereto (or in such form as the Banks shall from time to time reasonably require) setting forth as of the Settlement Date the Borrowing Base and the Outstanding Loan Balance, each as adjusted for the allocation of Proceeds in accordance with Section 2.4 hereof, and such further documents as the Agent Bank shall reasonably require.

(b) To the extent not previously furnished, a mortgage title insurance policy assuring that (1) each note and mortgage pledged to the Banks as Collateral constitutes a first and prior lien on the property described therein; and (2) fee simple title to the Lot covered by each Contract pledged to the Banks as Collateral is vested in the Trustee, subject only to those matters set forth in Schedule B of the Master Policy as approved by the Banks. Except as to Contracts, however, the Borrowers shall have a period of _____ (_____) days from the date of submission of Collateral within which to secure the release of each Lot from any lien or encumbrance and evidence thereof shall be furnished to the Banks, in the form of an endorsement to the Mortgagee's Title Insurance Policy, within _____ (_____) days from the date of submission thereof.

If at any time, on the Settlement Date or otherwise, the Outstanding Loan Balance exceeds the Borrowing Base, as reflected in the Loan Status Report or otherwise, the Borrowers shall forthwith pay to the Agent Bank for credit on the Outstanding Loan Balance the amount, if any, by which the Outstanding Loan Balance exceeds the Borrowing Base. The Agent Bank, however, shall have no obligation to ascertain whether the Outstanding Loan Balance exceeds the Borrowing Base except as of the Settlement Date and when so requested by the Continuing Banks holding at least _____ percent (_____) of the Outstanding Loan Balance held by the Continuing Banks. Any such payment shall be disbursed by the Agent Bank to the Banks pro rata according to the portion of the Outstanding Loan Balance held by them.

2.6. Interest. The Borrowers shall pay interest on the average daily Outstanding Loan Balance (as of the close of each business day), the interest to be computed as of each Settlement Date and paid within _____ (_____) days thereafter. The interest rate effective for the period between Settlement Dates shall be at an annual rate which shall be _____ percent (_____) above the best commercial lending rate of the Agent Bank from time to time generally in effect on unsecured loans for _____ (_____) days to its most responsible and substantial borrowers as in effect on the first day of such period.

2.7. Revolving Credit Notes. The obligations of the Borrowers to repay the Advances made by each Bank shall be evidenced (until the issuance of a Term Note pursuant to Section 2.8 of this Article II) by a note in substantially the

form of Exhibit G hereto (the "Revolving Credit Note"), dated the Closing Date hereunder in the principal amount of the Committed Amount of such Banks and payable to the order of such Bank on the Expiration Date or on the date on which the Revolving Credit Note shall be converted to a Term Note as hereinafter provided. Each Revolving Credit Note shall bear interest at the rate set forth in Section 2.6 above on the unpaid principal amount thereof from time to time from the date of the initial Advances hereunder until the said Revolving Credit Note, both principal and interest, is paid in full or is converted into a Term Note as hereinafter provided.

2.8. Term Notes. The Borrowers shall have the option, to be exercised in writing on or before the Expiration Date, to convert the Outstanding Loan Balance as of such date into Term Notes in substantially the form of Exhibit H hereto (the "Term Notes"), and each Revolving Credit Note shall be replaced by a corresponding Term Note. Each Bank shall have the option to convert into Term Notes the outstanding balance due on Revolving Credit Notes held by it pursuant to the provisions of Article IX, Section 9.10(b) hereof. Each Term Note shall be dated as of the first Settlement Date following such election, shall bear interest at the rate provided in Section 2.6 of this Article II, and shall be payable in _____ (_____) consecutive, but unequal monthly installments of principal and interest, the first monthly installment to be allocated in the Escrow Account as of the next following Settlement Date and due and payable within seven days thereafter. Each such monthly installment payment shall consist of accrued interest thereon and a pro rata portion of the Proceeds credited to the Escrow Account subsequent to the preceding Settlement Date (less amounts disbursed in accordance with Section 2.4(a) and (b) of this Article II). Such portion shall be in an amount which bears the same proportion to the amount so credited to the Escrow Account, as adjusted aforesaid, as the outstanding principal balance due on such Term Note bears to the total Outstanding Loan Balance on such Settlement Date. The Borrowers, however, shall be required to make additional payments on each Term Note to the extent that at the end of the following 12-month periods (from the date of such Term Note) the amounts credited from the Escrow Account as monthly principal installments on such Term Note do not equal:

After 12 months: _____ percent
(_____) (%) of the principal amount of such Term Note.

After 24 months: _____ percent
(_____) (%) of the principal amount of such Term Note.

After 36 months: _____ percent
(_____) (%) of the principal amount of such Term Note.

After 48 months: _____ percent
(_____) (%) of the principal amount of such Term Note.

After 60 months: _____ percent
(_____) (%) of the principal amount of such Term Note.

Said additional payments shall be made to the holder of such Term Note within _____
(_____) business days after the end of each 12-month period.

2.9. Conditions to Conversion. The Borrowers shall not be entitled to convert Revolving Credit Notes into Term Notes as provided in Section 2.8 above, unless, prior to the Expiration Date, the Borrowers shall cause the Banks to be reasonably assured that the Borrowers have obtained written commitments from other lending institutions to purchase, or to make loans collateralized by, lot sales paper arising from the projected lot sales in the ordinary course of business in the Development Projects for the 12-month period immediately subsequent to the date of the exercise of the option to

convert, such projected lot sales to be as reflected in the then existing Cash Flow Models. Said commitment shall further be in an amount sufficient to generate a cash flow to the Borrowers equal to at least _____ percent (_____) of the principal amount of such lot sales paper.

2.10. Further Conditions to Advances. The Banks shall not be obligated to make any Advances in excess of an aggregate amount of _____ Dollars (\$_____) (and no Bank shall be required to make Advances in excess of its pro rata share of such amount) unless and until Guarantor has issued a minimum of _____ Dollars (\$_____) in additional equity and/or long-term Subordinated Debt (with no principal repayment requirements for at least _____ (_____) years) which shall be held by persons other than any Borrower or Affiliated Subsidiary; or in any amount after an Event of Default, not waived by the Banks, shall have occurred and shall not have been cured. No Bank shall be obligated to make Advances in any amount after the earlier of (a) the Expiration Date or (b) the conversion of, its Revolving Credit Note.

2.11. Prepayment. The Borrowers shall have the right at any time and from time to time to prepay the Revolving Credit Notes or Term Notes pro rata in whole or in part without premium or penalty but with accrued interest to the date of prepayment on the amount prepaid. Any voluntary prepayment, however, shall be in a minimum amount of at least _____ Dollars (\$_____) and any prepayment on the Term Notes shall be applied against the monthly installments in the inverse order of their maturity. Any payment received pursuant to the provisions of the final paragraph of Section 2.5 hereof by a Bank holding a Term Note shall be treated as a prepayment.

2.12. Payments Deemed Made When Received. Payments of the principal of and interest on the Notes shall be deemed to have been made when credited to the account of the holder of the Note with the Agent Bank, notwithstanding any provision hereunder whereby collection or disbursement of funds is made by or through the Agent Bank. The Agent Bank shall credit payment immediately upon receipt when payment is made in cash, by certified check or other means whereby funds are immediately available. The Agent Bank shall credit all other forms of payment when the funds are actually available for use at the Agent Bank's depository, but in no event more than _____ (_____) business days after receipt of payment.

Article III Collateral

3.1. Pledge of Collateral. In order to secure the payment and performance of all indebtedness, obligations, and liabilities of the Borrowers and the Guarantor hereunder, the Borrowers hereby grant, convey, and pledge to the Banks, and each of them, in lien upon and a security interest in the Collateral.

3.2. Further Action. The Borrowers agree that they will execute any and all documents, including financing statements under the Uniform Commercial Code, and take any and all such further action as shall be reasonably necessary or desirable in order to protect the security interest of the Banks in any Collateral pledged, assigned, or mortgaged as security for the Advances provided for herein.

3.3. Possession of Collateral. All Collateral shall be held by Agent Bank for the pro rata benefit of the Banks.

3.4. Return of Collateral. The Agent Bank shall return to the Borrowers Lot Sales Paper included in the Collateral which is no longer Eligible Lot Sales Paper, provided that the Outstanding Loan Balance at such time does not exceed the Borrowing Base and provided that no other Event of Default, nor any event which, upon Notice or lapse of time or both, would constitute an Event of Default, has occurred and is continuing.

3.5. Remedies on Default. Upon

(a) the occurrence of any Event of Default not waived by the Banks in accordance with Article IX, Section 9.10; and

(b) the lapse of any period of automatic waiver as provided in Section 8.2 of Article VIII, Agent Bank shall, at the written direction of the Banks holding _____ percent (_____) or more of the Outstanding Loan Balance, (setting forth which of the following) do any one or more of the following:

(1) Foreclose or otherwise enforce Banks' lien upon, and security interest in, all or any part of the Collateral by an available judicial procedure.

(2) Exercise any and all of the rights and remedies of a secured party afforded by the Uniform Commercial Code as in effect in _____ [state], and by any and all other instruments, documents, security agreements, chattel mortgages, deeds of trust, mortgages, and assignments made to secure or assure payment or performance of the Borrowers' indebtedness hereunder or any part thereof.

(3) After notification, as provided in Section 3.6 of this Article III, sell or otherwise dispose of at the principal office of the Agent Bank, or elsewhere, as directed by Banks holding _____ percent (_____) or more of the Outstanding Loan Balance, all or any part of the Collateral. Any such sale ("Sale") may be as a unit or in parcels, by public or private proceedings, to the highest bidder for cash, or, at the election of Banks, by way of one or more contracts, and may be made by the Agent Bank or its agents. At any Sale, the Agent Bank shall not be obligated to accept any bid which is not entirely a cash bid, but the Agent Bank may accept a bid which is not entirely a cash bid if such bid is, in the judgment of the Banks holding _____ percent (_____) or more of the Outstanding Loan Balance, more advantageous than the highest entirely cash bid. If, however, the highest entirely cash bid at any Sale is an amount less than the Agreement Debt, the Agent Bank shall not be obligated to complete such Sale, and may instead pass the Sale, and, after notification as provided in Section 3.6 hereof, hold another Sale at a later date. Moreover, if the highest entirely cash bid is made by a bidder who cannot purchase the Collateral being sold without approval of an administrative body or other tribunal, the Agent Bank shall not be obligated to make the Sale to such bidder unless the Banks are indemnified to their satisfaction against loss during the period in which such approval is being sought.

(4) Buy all or any part of the Collateral at any judicial sale made pursuant to Section 3.5(1) hereof or any Sale made pursuant to Section 3.5(3) hereof (it being understood and agreed that any Bank may also buy all or any part of the Collateral at any judicial sale or Sale pursuant to Section 3.5(3)).

Except as herein set forth, the Guarantor and the Borrowers hereby waive any right to notice or a hearing prior to the exercise by Banks of any of their rights and remedies with respect to the Collateral. Nothing herein contained, however, shall prohibit the Guarantor and the Borrowers from taking such affirmative action as they deem appropriate to contest the exercise of such rights and remedies by the Banks.

3.6. Notice of Sale. Reasonable notification of the time and place of any Sale shall be sent to (a) Guarantor, (b) Borrowers, (c) the Banks, and (d) any other person entitled to notice under the Uniform Commercial Code. Notice sent or given via Registered Mail, Return Receipt Requested, not less than ten calendar days prior to the Sale is reasonable notification and a notice for the purposes of this Article III. In addition, in the case of a public sale, a copy of such notice shall be posted, for a period of _____ (_____) days prior to such sale, at the usual place for posting notices of public sale in or at the courthouse of the county in which such public sale is to be held. Such notice, in the case of a public sale, shall state the time and place fixed for such sale.

3.7. Application of Sale Proceeds. The Banks shall apply the proceeds of any Sale or judicial sale in the following order:

(a) to the payment of all of the Agent Bank's and the Banks' expenses, including but not limited to, reasonable attorney's fees and other legal expenses, incurred in foreclosing, retaking, holding, and preparing all or any portion of the Collateral for a Sale or judicial sale, in arranging for such Sale or judicial sale, and in actually selling the same; and

(b) toward payment of the balance of the Agreement Debt (principal and interest), pro rata. The Banks shall account to the Guarantor and the Borrowers for any surplus. If the proceeds from any Sale or judicial sale are not sufficient to pay the Agreement Debt in full, the Guarantor and the Borrowers shall remain liable for any deficiency.

3.8 Multiple Sales. Any Sale or judicial sale of any part of the Collateral shall not exhaust the Banks' powers of sale, but Sales and judicial sales may be made from time to time until the Agreement Debt is paid in full. At any Sale or judicial sale, it shall not be necessary to exhibit the Collateral or any part thereof.

3.9 Diminution in Value. Neither the Agent Bank nor the Banks shall have any liability or responsibility for any loss or diminution in value of the Collateral or any part thereof.

3.10 Power of Attorney. The Guarantor and each Borrower, jointly and severally, hereby irrevocably constitute and appoint _____[name] ("Agent Bank") as the true and lawful agent and attorney-in-fact for the Guarantor and each Borrower (with full powers of substitution, either generally or for such limited periods or purposes as the Agent Bank may from time to time prescribe). In furtherance of such powers, Agent Bank shall have full power and authority, for and on behalf and in the name of the Guarantor and each Borrower, to execute, acknowledge, and deliver any and all instruments, mortgages, agreements, certificates, applications, transfers, assignments, financing statements, and other documents of every nature, with such covenants, warranties, indemnities, and other provisions, to do all other acts and things to be done by the Guarantor and each Borrower, as may from time to time, in the reasonable opinion of the Banks be necessary or proper to fully effectuate the purposes of this Article III and the intention of the parties hereto. The Guarantor and each Borrower shall be bound thereby as fully and effectively as if an authorized officer of the Guarantor and each Borrower had personally so executed, acknowledged, delivered or done, for and on behalf of the Guarantor and each Borrower. The power and authority conferred on Agent Bank:

(a) are granted to it in its capacity as Agent Bank;

(b) shall automatically pass to each successor Agent Bank, upon its appointment as such by the Continuing Banks, without the necessity of further action by the Guarantor or any Borrower;

(c) may be exercised through any person who, at the time of such execution, acknowledgment, delivery, or action, is the President or a Vice President of the Agent Bank; and

(d) are coupled with an interest and shall be irrevocable except by written instrument executed jointly by the Guarantor, Borrowers, and Banks.

Article IV Representations and Warranties

In order to induce the Banks and each of them to enter into this agreement and make the Advances to be made by them hereunder, each of the Borrowers and the Guarantor, individually, represents and warrants to each Bank as to itself and each of its Affiliated Subsidiaries that:

4.1 Organization and Qualification. It is a duly organized corporation validly existing and in good standing under the laws of the jurisdiction of its incorporation; has full power and authority to carry on its business as it is now being conducted and to own or hold under lease or similar agreement the properties and assets it now owns or holds under lease or such agreement; is duly qualified as a foreign corporation to do business and is in good standing in each jurisdiction, other than the state of its incorporation, where the nature of the business conducted by it or the properties owned or leased by it requires such qualification; and has complied insofar as is required with all applicable laws, rules, and regulations relating to the development and sale of real property located in _____[state], _____[state], and _____[state].

4.2 Corporate Power and Authorization. It has the corporate power to make, deliver, and perform this agreement and, as to each Borrower, to borrow hereunder on the terms and conditions of this agreement and, as to the Guarantor, to guarantee the borrowing hereunder on the terms and conditions of this agreement; and has taken all necessary corporate action to authorize each of the foregoing and to authorize the execution, delivery, and performance of this agreement and, as to each Borrower, the Notes, and, as to the Guarantor, the Guaranty, constitute, or upon execution and delivery in accordance with the terms of this agreement, will constitute, valid obligations of it legally binding upon it and enforceable in accordance with their respective terms. No consent of any other party and no consent, license, approval or authorization of, or registration or declaration with, any governmental commission, authority, bureau or agency is required in connection with the borrowing hereunder, the granting of the security contemplated hereby, or the execution, delivery, performance, validity, or enforceability of this agreement or, as to each borrower, the Notes, or, as to the Guarantor, the Guaranty.

4.3 Lack of Legal Impediments. The borrowing hereunder and the execution, delivery, and performance of this agreement and, as to each Borrower, the Notes, and, as to the Guarantor, the Guaranty will not violate any provision of any existing law or regulation, order or decree of any court, governmental authority, bureau or agency, its Charter or Bylaws, and will not violate any provision of, or constitute a default under, any mortgage, indenture, security agreement, contract, undertaking, other agreement or instrument to which it is a party or which is or purports to be applicable to or binding upon it, the conduct of its business or the ownership of any of its property or assets; and will not result in the imposition or creation of any lien, charge or encumbrance on, or security interest in, any of such property or assets pursuant to the provisions of any such mortgage, indenture, security agreement, contract, undertaking, other agreement or instrument except for any security interest created by or pursuant to this agreement.

4.4 Legal Operation. It is, to the best of its knowledge, in compliance with all existing laws and regulations applicable to it, the violation of which would or could materially adversely affect its operations or would or could adversely affect its ability to fulfill its obligations under this agreement, including, without limitation, laws relating to zoning and pollution control.

4.5 Properties

(a) A complete identification and description of all real properties owned, rented, optioned, or leased, to, by or through it is set forth in Exhibit I hereto. Except as indicated in such Exhibit, it has fee simple marketable and insurable title to all such real properties owned by it subject to no liens, mortgages, security interest, pledge, charge or encumbrances of any kind (collectively "liens"), except liens for taxes not yet due or still payable without penalty or which are being contested in good faith by appropriate proceedings; it enjoys peaceful and undisturbed possession under all material leases of real property relating to the Development Projects under which it is lessee; all such leases are valid and binding obligations of the lessors, and it is not in default under any such leases; and except as disclosed in Exhibit I, none of such leases contains any provision that does or could materially adversely affect its operations.

(b) It owns all personal property reflected in the financial statements referred to in Article IV, Section 4.8 of this agreement (except for such personal property which has been disposed of in the ordinary course of business) free and clear of any material security interests, pledges, liens, or encumbrances of any kind (collectively "security interests"), other than purchase money security interests, liens for taxes not yet due or still payable without penalty or which are being contested in good faith by appropriate proceedings and other security interests incidental to the purchase or conduct of its business or the ownership and development of its properties and assets, or minor imperfections of title, none of which were incurred in connection with the borrowing of money or the obtaining of advances or credit and which do not individually or in the aggregate materially detract from the value of such personal properties or materially impair the use thereof in its business.

4.6 Litigation. No litigation or administrative proceeding of or before any court or administrative body is presently

pending, nor, to its knowledge, is any such litigation or proceeding presently threatened, against it or any of its property, that, if adversely determined, would materially affect its ability to carry out the transactions contemplated by this Agreement and to repay the Agreement Debt.

4.7 Taxes. It has filed or caused to be filed all tax returns required to be filed and except as set forth on Exhibit M,

(a) has paid all taxes shown to be due and payable on said returns or on any assessments made against it;

(b) no tax liens have been filed and no claims or assessments are being asserted with respect to such taxes; and

(c) all of its tax returns have been examined by the Internal Revenue Service through the fiscal year ending _____ [month] _____ [day], _____ [year] and all additional taxes, if any, disclosed thereby have been paid in full.

4.8 Financial Statements. The financial statements dated _____ [month] _____ [day], _____ [year] that have been given to the Banks with respect to it

(a) are complete and correct in all material respects,

(b) accurately present its financial condition as of the dates, and the results of its operations for the periods, for which the same have been furnished, and

(c) have been prepared in accordance with generally accepted accounting principles consistently followed throughout the periods covered thereby; all balance sheets and related footnotes contained therein disclose all known material liabilities, direct and indirect, absolute and contingent, as of their respective dates; and there has been no material adverse change in its condition, financial or otherwise, since the date of the most recent of such financial statements given to the Banks.

4.9 Other Information. All other written information, reports, papers, and data given to the Banks with respect to it are accurate and correct in all material respects and substantially complete insofar as completeness may be necessary to give the Banks a true and accurate knowledge of the subject matter, and all projections of future results are, in its opinion, reasonable.

4.10 Other Agreements. It is not a party to any agreement or instrument materially and adversely affecting its present or proposed business, properties or assets, operation or condition, financial or otherwise, not disclosed to the Banks in writing; and it is not in default in the performance, observance, or fulfillment or any of the material obligations, covenants, or conditions set forth in any agreement or instrument to which it is a party.

4.11 Lot Sales Paper. The Lot Sales Paper pledged as Collateral will consist of Contracts, notes, and mortgages received in connection with the bona fide sale of single family residential land parcels in the Development Projects made in the ordinary course of business by a Borrower; the contracts shall meet the requirements of Section 1.11 of Article I; such notes shall evidence no more than _____ percent (_____%) of the purchase price of the Lot, and shall be payable in consecutive equal monthly installment payments of principal and interest, with interest thereon at a rate of not less than _____ percent (_____%) per year over a period not exceeding ten years from the date of execution of the note and will be free of any claim or defense of usury; and such mortgages shall constitute a first and prior lien upon the Lot described in the said mortgage within

_____ (_____) days of its inclusion in the Collateral. The signatures of all persons named in all Lot Sales Paper will be genuine and none will be forged, fraudulent, or fictitious. All Lot Sales Paper, at the time of its inclusion in the Collateral, will have no past due payments, will be free of default and subject to no prior security interest, liens, charges, or encumbrances or to any agreement purporting to grant to any third party a security

interest in such Lot Sales Paper, will be legally binding upon the parties to it and enforceable in accordance with its terms, will not violate any provisions of any existing law or regulation, order or decree of any court, governmental authority, bureau or agency (including, but not limited to, the Truth-in-Lending Act and Regulation Z thereunder, Interstate Land Sales Full Disclosure Act, Fair Credit Reporting Act, Equal Credit Opportunities Act, any law (whether federal, state or local) prohibiting discrimination on the basis of race, creed, color, gender, national origin, sexual orientation or disability, and all applicable state land sales statutes and regulations, except to the extent provided for in Article I, Section 1.14), and the underlying property with respect to such Lot Sales Paper, within _____ (_____) days of its inclusion in the Collateral, will be free of any lien, charge, or encumbrance on, or security interest in, any of such property, except for any restrictive covenants and easements and security interests represented by such Lot Sales Paper or created by or pursuant to this agreement.

4.12 Patents, Trademarks, and Trade Names. It owns or possesses all patents, trademarks, service marks, trade names, copyrights, licenses, and rights with respect to the foregoing necessary for the present and planned future conduct of its business, without any known conflict with the rights of others.

4.13 Brokerage and Finder's Fees and Commissions. It shall indemnify Banks and hold them harmless in respect of all commissions, fees, judgments, or expenses of any nature and kind which they may become liable to pay by reason of any claims by or on behalf of brokers, finders, or agents incident to this agreement and the transaction contemplated hereby or any litigation or similar proceeding arising therefrom.

4.14 Stock Ownership. The listing of the record owners of all securities issued by Borrowers and Affiliated Subsidiaries, which indicates the name of such record owners, the type of security owned thereby, the number of shares or units of such security, and the issuer thereof, as set forth in Exhibit J hereto, is true and complete in all respects. It has no knowledge of any persons or entities other than the record owners of said securities having any beneficial or other interest therein.

4.15 Cash Flow Projections. Cash Flow Models covering a period of at least four years with respect to its Development Projects provided by it to the Banks were carefully prepared by its management in good faith and represent, subject to the assumptions stated therein, its best estimate of the financial results that would be achieved by it at the end of such period. It knows of nothing on the date hereof which would result in any material adverse change in such Cash Flow Models. It is the practice of the Guarantor and the Borrowers to periodically update such financial models, generally in connection with annual budget reviews. Copies of all such revised cash flow projections will be provided to the Banks pursuant to this Section 4.15. Nothing contained herein shall limit the Banks' right to request and receive information pursuant to Article VI, Section 6.21, including the right to request and receive financial models updated on a more frequent basis than annually.

4.16 Survival of Covenants. All of the covenants, representations, and warranties herein or pursuant hereto shall survive the Closing and the making of any Advances and shall remain in full force and effect regardless of the Closing and the making of any Advance and irrespective of any investigation which the Banks or their counsel or accountants may make in connection with or in reference to transactions contemplated hereby or any matter involved herein. It shall indemnify and hold the Banks harmless from and against, and shall be obligated to pay and reimburse the Banks for, any and all loss and damage which the Banks, or any of them, may sustain or incur as a result of any misrepresentation, breach of warranty or nonfulfillment of any covenant on the part of the Guarantor or any Borrower.

4.17 Repeated on Submission of Collateral. The representations and warranties contained in this Article IV have been made not only herein but shall be deemed to be repeated and made by the Guarantor and the Borrowers to the Banks as and when any Lot Sales Paper is transferred as Collateral to the Banks. The Banks shall be deemed to rely on each of the foregoing representations and warranties in accepting such transfer.

5.1. Conditions to Closing. The obligation of each Bank to effect a Closing hereunder shall be subject to the fulfillment on the closing date of each of the following conditions precedent:

(a) Legal Opinion of Borrowers' and Guarantor's Counsel. There shall have been delivered to the Agent Bank an opinion of Messrs. _____ [name] and _____ [name], counsel to the Borrowers and the Guarantor, dated the closing date, addressed to the Banks, to the effect that

(1) The Guarantor, each Borrower, and each Affiliated Subsidiary is a duly organized corporation validly existing and in good standing under the laws of the jurisdiction of its incorporation, and is duly qualified as a foreign corporation to do business and is in good standing in each jurisdiction, other than in the state of its incorporation, where the nature of the business conducted by it or the properties owned or leased by it requires such qualification;

(2) Each Borrower has the corporate power to borrow under this agreement, to give the security contemplated hereby and to make, deliver and perform this agreement and the Notes, and has taken all necessary corporate action to authorize each of the foregoing;

(3) This agreement and the Revolving Credit Notes have been duly executed and delivered by a duly authorized officer of each Borrower and this agreement and the Revolving Credit Notes constitute valid obligations of each Borrower, legally binding upon and enforceable in accordance with their respective terms;

(4) Each of the Term Notes, when duly executed and delivered by a duly authorized officer of each Borrower in accordance with the terms of this agreement, will constitute a valid obligation of each Borrower, legally binding upon it and enforceable in accordance with its terms;

(5) The Guarantor has the corporate power to make, deliver, and perform this agreement and the Guaranty, and has taken all necessary corporate action to authorize each of the foregoing;

(6) This agreement and the Guaranty have been duly executed and delivered by a duly authorized officer of the Guarantor and this agreement and the Guaranty constitute valid obligations of the Guarantor, legally binding upon it and enforceable in accordance with their respective terms;

(7) The execution, delivery, and performance of this agreement, the Notes, and the Guaranty will not violate any provision of any existing law or regulation, order or decree of any court, governmental authority, bureau or agency, the corporate charter or bylaws of any Borrower or the Guarantor or any Affiliated Subsidiary; or, so far as is known to such counsel, violate any provision of, or constitute a default under, any mortgage, indenture, security agreement, contract, undertaking, other agreement or instrument to which any Borrower or the Guarantor or any Affiliated Subsidiary is a party or which is or purports to be applicable to or binding upon any Borrower or the Guarantor or any Affiliated Subsidiary, or the conduct of the business or ownership of the property or assets of any Borrower or the Guarantor or any Affiliated Subsidiary, and will not result in the creation or imposition of any lien, charge or encumbrance on, or security interest in, any of such property or assets pursuant to the provisions of any such mortgage, indenture, security agreement, contract, undertaking, other agreement or instrument except for any security interest created under this agreement;

(8) No Event of Default, known to such counsel, has occurred and is continuing under this agreement;

(9) So far as is known to such counsel the Borrowers, Guarantor and Affiliated Subsidiaries are in compliance with all pollution control laws, zoning requirements and all other applicable state and federal statutes and regulations applicable to the conduct of the Borrowers', Guarantor's and Affiliated Subsidiaries' businesses as presently being conducted, the violation of which would or could materially adversely affect their operations or would or could adversely affect their

ability to fulfill their obligations under this agreement;

(10) Upon delivery of Collateral to the Agent Bank, the Banks will possess a security interest therein with priority over all other security interests, liens, charges or encumbrances of any type or kind as may affect said Collateral and, based on the facts known to such counsel, and except to the extent provided for in Sections 1.14 and 1.11, will possess all rights and powers necessary to enforce the same (to the extent it consists of Lot Sales Paper) against the persons obligated thereunder in the event it shall acquire the same in any Sale or judicial sale;

(11) Advances made by Banks in accordance with the terms of this agreement will not be in violation of any usury laws of any jurisdiction in which the Guarantor or any one or more of the Borrowers is incorporated or doing business, other than _____ [state]; and

(12) In the event any obligor under any Collateral shall default therein, and the Banks shall seek to enforce their rights thereunder, the Banks shall be entitled to secure under the laws of the applicable jurisdiction deficiency judgments against such obligors. Such opinion shall also cover all matters incident to the transactions contemplated by this agreement as the Banks shall reasonably require.

(b) Legal Opinion of Banks' Counsel. There shall have been delivered to each Bank an opinion of Messrs. _____ [name] and _____ [name], special counsel to the Banks, dated the Closing Date, addressed to the Banks to the effect that:

(1) The Guarantor, each Borrower and each Affiliated Subsidiary is a duly organized corporation validly existing and in good standing under the laws of the jurisdiction of its incorporation, and is duly qualified as a foreign corporation to do business and is in good standing in each jurisdiction, other than in the state of its incorporation, where the nature of the business conducted by it or the properties owned or leased by it requires such qualification;

(2) Each Borrower has the corporate power to borrow under this agreement and to make, deliver, and perform this agreement and the Notes, and has taken all necessary corporate action to authorize each of the foregoing;

(3) This agreement and the Revolving Credit Notes have been duly executed and delivered by a duly authorized officer of each Borrower and this agreement and the Revolving Credit Notes constitute valid and enforceable obligations of each Borrower, legally binding upon it;

(4) The Term Notes, when duly executed and delivered by a duly authorized officer of each Borrower in accordance with the terms of this agreement, will constitute valid and enforceable obligations of each Borrower, legally binding upon it;

(5) The Guarantor has the corporate power to make, deliver and perform this agreement and the Guaranty, and has taken all necessary corporate action to authorize each of the foregoing;

(6) This agreement and the Guaranty have been duly executed and delivered by a duly authorized officer of the Guarantor, and this agreement and the Guaranty constitute valid and enforceable obligations of the Guarantor, legally binding upon it;

(7) The legal opinion referred to in this Article V, Section 5.1(a) is satisfactory in form and substance to said special counsel, and that in their opinion the Banks are justified in relying thereon; and

(8) As to such other legal matters incident to the transactions contemplated by this agreement as the Banks may reasonably request. In giving their opinion, said special counsel may rely, as to questions of fact material thereto, upon certificates of officers of the Guarantor, the Borrowers and/or the Affiliated Subsidiaries and the representations set

forth in this agreement, and may rely, to the extent they consider appropriate, upon an opinion of counsel to the Borrowers and the Guarantor as to matters of _____ [state] and _____ [state] law and as to the due organization, existence, and good standing of the Guarantor, the Borrowers and the Affiliated Subsidiaries.

(c) Officers' Certificate. There shall have been delivered to the Banks certificates signed by the chief executive officer, the Treasurer or chief financial officer of the Guarantor, and each of the Borrowers, dated as of the Closing Date, stating:

(1) That a review of the activities of such company has been made under his immediate supervision with a view to determining whether such company has observed, performed, and fulfilled all of its obligations under this agreement; and

(2) That there existed at such time no Event of Default and no act, condition or event which, with the giving of notice or lapse of time, or both, would constitute such an Event of Default, or if any such Event of Default, act, condition, or event existed, specifying the nature thereof, the period of existence thereof and what action the company proposed to take, or has taken with respect thereto; and

(3) That all representations and warranties contained in Article IV of this agreement, as of the date of such certificate, are true and correct.

(d) Certified Resolutions. There shall have been furnished to the Banks certified copies of resolutions, satisfactory to the Banks in form and substance, duly adopted by the Boards of Directors of the Guarantor and the Borrowers authorizing the execution, delivery, and performance of this agreement, the Revolving Credit Notes, and all other documents and actions contemplated hereunder.

(e) Legal Matters. All legal matters incident to the transactions contemplated by this Agreement shall be satisfactory to counsel for the Banks.

(f) Documents. There shall have been delivered to the Banks all documents reasonably requested by the Banks, satisfactory in form and content to their counsel.

(g) Notes. The Revolving Credit Notes and the Guaranty shall have been delivered to Banks as provided for herein.

5.2. Conditions to Advances. The obligation of each Bank to make each Advance hereunder shall be subject to the fulfillment, prior to each such Advance, of each of the following conditions precedent:

(a) Collateral Documents. There shall have been delivered to the Agent Bank the following:

(1) The original purchase money promissory note duly executed by each purchaser of a Lot;

(2) The original purchase money mortgage (or a copy certified by the Notary before whom the mortgage was executed in the case of a _____ [name] mortgage--Exhibit C-4) executed by each purchaser of a Lot which shall have been duly recorded in the appropriate Registry of the County wherein the Lot is located; or

(3) The originals of all contracts;

(4) Except as to Contracts previously delivered, authenticated copy of sales contract entered into by each purchaser with respect to the particular lot involved;

(5) Certificates evidencing compliance with the Interstate Land Sales Full Disclosure Act and all applicable state and local land sales acts with respect to each transaction;

(6) Evidence of compliance with Regulation Z of the Truth-in-Lending Act with respect to each transaction;

(7) Appropriate Releases from existing mortgages, liens, and other encumbrances (which, except as to Contracts, shall be submitted within 30 days of the inclusion of such Lot Sales Paper in the Collateral);

(8) Appropriate recorded Plats and Boundary Surveys, not previously furnished by the Borrowers to Banks, disclosing the legal description of all of the Lots covered by the Lot Sales Paper being submitted to the Banks as Collateral;

(9) Either an opinion of the Borrowers' and Guarantor's counsel or a policy of title insurance which shall certify or assure that:

(A) Each note and mortgage pledged to the Banks as Collateral constitutes a first and prior lien on the property described therein; and

(B) Fee simple title to the Lot covered by each Contract pledged to the Banks as Collateral is vested in the Trustee, subject only to those matters set forth in Schedule B of the Master Policy as approved by the Banks. Except as to Contracts, however, the Borrowers shall have a period of 30 days from the date of submission of Collateral within which to secure the release of each Lot from any lien or encumbrance.

(10) Opinion of the Borrowers' and Guarantor's counsel in form and substance satisfactory to the Banks

(A) That all Contracts and all purchase money notes and mortgages of which the Collateral is comprised, and except as to Contracts, the related contracts pursuant to which such notes and mortgages were made, are validly executed and enforceable in accordance with their respective terms and that in effecting the sales giving rise thereto the Borrowers and Guarantor (except to the extent provided for in Article I, Section 1.14) have fully complied with all legal requirements under state and federal laws including, without limitation, land sales statutes and regulations, Truth-in-Lending, subdivision ordinances and statutes, and regulations of like import;

(B) That no Event of Default, known to such counsel, has occurred or is continuing under this agreement;

(C) That so far as is known to such counsel, Borrowers, Guarantor, and Affiliated Subsidiaries are in compliance with all pollution control laws, zoning requirements, and all other applicable state and federal statutes and regulations applicable to the conduct of the Borrowers', Guarantor's and Affiliated Subsidiaries' businesses as presently being conducted, the violation of which would or could materially, adversely affect their operations or would or could adversely affect their ability to fulfill their obligations under this agreement;

(D) That upon delivery of Collateral to the Agent Bank, the Banks will possess a valid, first lien security interest therein with priority over all other security interests, liens, charges, or encumbrances of any type or kind as may affect said Collateral;

(E) That Advances made by the Banks in accordance with the terms of this agreement will not be in violation of any usury laws; and

(F) In the event any obligor under any Collateral shall default therein, and the Banks shall seek to enforce its rights thereunder, the Banks shall be entitled to secure under the laws of the applicable jurisdiction deficiency judgments against such obligors.

(b) Officers' Certificates. There shall have been delivered to the Banks certificates dated as of the date of submission of such Collateral and signed by the chief executive officer, the Treasurer or chief financial officer of the Guarantor, and each of the Borrowers stating:

(1) That a review of the activities of such company has been made under his immediate supervision with a view to determining whether such company has observed, performed and fulfilled all of its obligations under this agreement; and

(2) That there existed as of the date of such certificate and during the period from the date of the previous such certificate no Event of Default and no act, condition or event which, with the giving of notice or lapse of time, or both, would constitute such an Event of Default, or if any such Event of Default, act, condition, or event existed, specifying the nature thereof, the period of existence thereof and what action the company proposes to take, or has taken with respect thereto; and further stating;

(3) That all representations and warranties contained in Article IV of this agreement, as of the date of such certificate, are true and correct.

(c) Conditions of Representations and Warranties. The representations and warranties contained in Article IV hereof shall be true and correct as of the date of the making of each such Advance with the same effect as if made on and as of such date, provided that the representations and warranties set forth in Section 4.8 of this agreement shall be deemed to have been made with respect to the most current financial statements delivered to the Banks pursuant to Article VI, Section 6.12 of this agreement.

(d) No Existing Default. No Event of Default, not waived by Banks, shall have occurred or be continuing under this agreement.

(e) Expiration Date. Such Advance shall be prior to the Expiration Date or such earlier date as all the Revolving Credit Notes have been converted into Term Notes.

(f) Legal Matters. All legal matters incident to the transactions contemplated by this agreement shall be satisfactory to counsel for the Banks.

(g) Documents. There shall have been delivered to the Banks all documents reasonably requested by the Banks, satisfactory in form and content to their counsel. The acceptance of each Advance shall constitute a representation and warranty by the Borrowers and Guarantor that all conditions of this Section 5.2 have been satisfied.

Article VI Affirmative Covenants

Each of the Borrowers and the Guarantor, individually, covenants and agrees that, until the Agreement Debt is paid in full, it shall:

6.1. Maintenance of Business and Existence. Continue to engage in business of the same general type as now conducted by it so that its principal business shall continue to be land and resort development, and do all things necessary to preserve, renew and keep in full force and effect its corporate existence and rights and franchises necessary to continue such business, and preserve and keep in force and effect all licenses and permits necessary for the proper conduct of its business.

6.2. Maintenance of Properties. Keep all properties useful and necessary in its business in good working order and condition insofar as not prevented by causes beyond its control.

6.3. Maintenance of Insurance

(a) Keep all of its properties adequately insured at all times with responsible insurance carriers against loss or damage by fire and other hazards, maintain adequate insurance at all times with responsible insurance carriers against liability on account of injury or damage to persons and property and under all applicable workers' compensation laws, and maintain adequate insurance covering such other risks as the Banks may reasonably request. (Additionally, in the event any parcels of land subject to this agreement are located within a federally-designated flood plain, the Borrowers shall obtain adequate flood insurance as well.) For the purposes of this Section 6.3(a), insurance shall be deemed adequate if the same is not less extensive in coverage and amount than is customarily maintained by other persons engaged in the same or similar business similarly situated. All insurance covering real property and tangible personal property subject to a lien or security interest in favor of the Banks granted, or which may be granted, pursuant to this agreement or under any instrument or document given as security pursuant hereto shall provide that, in the case of each separate loss, the full amount of insurance proceeds with respect thereto shall be payable to the mortgagee, Banks, secured parties, or otherwise as their interests may appear, and shall further provide for at least _____ (_____) days prior notice to the Banks of the cancellation or substantial modification thereof. All loss proceeds shall be paid over to the Agent Bank and shall be used and applied by it in the same manner as herein specified with respect to Proceeds.

(b) Promptly furnish or cause to be furnished to the Banks, if requested in writing by the Continuing Banks holding _____ percent (_____) of the Outstanding Loan Balance held by the Continuing Banks, evidence, in form and substance satisfactory to the Banks, of the maintenance of all insurance required by this Section 6.3 to be maintained, including, but not limited to such originals or copies as the Banks may request of policies, certificates of insurance, riders, and endorsements relating to such insurance and proof of premium payments.

6.4. Payment of Obligations. Pay and discharge all its indebtedness for borrowed money, and all liabilities for judgments, taxes, assessments and governmental charges, except where the same may be contested in good faith and maintain adequate reserves for all contingent liabilities. If, however, the Banks have reasonable grounds to believe that the Guarantor and the Borrowers will not timely discharge such obligations, the Banks may, upon written notice to the Guarantor and the Borrowers, at their option and without waiving any of their rights hereunder, pay either before or after delinquency any or all of the said obligations. All sums so advanced or paid by the Banks shall be added to and constitute a part of the Agreement Debt, and every payment so made shall bear interest from the date thereof at the rate specified in Section 2.6 of Article II.

6.5. Books and Reserves

(a) Maintain, at all times, true and complete books, records, and accounts in which true and correct entries shall be made of its transactions in accordance with generally accepted accounting principles consistently applied and consistent with those applied in the preparation of the financial statements referred to in Section 6.12 of this Article VI.

(b) By means of appropriate quarterly entries, reflect in its accounts and in all financial statements furnished pursuant to Section 6.12 proper liabilities and reserves for all taxes and proper reserves for depreciation, renewal and replacement, obsolescence and amortization of its properties and bad debts, all in accordance with generally accepted accounting principles consistently applied as above.

6.6. Notification of Defaults. Promptly notify the Banks of:

(a) any material default, or the acceleration of any debt, under any agreement, lease, or other instrument to which it is a party or by which it is bound, and

(b) any default in the payment or performance of any of its obligations under or pursuant to this agreement, whether or

not any requirement for notice or lapse of time, or both, or any other condition has been satisfied or has occurred.

6.7. Notification of Disputes. Promptly notify the Banks of all material claims, actions or proceedings affecting it or its assets, or any part thereof.

6.8. Notification of Attachments. Promptly notify the Banks of any levy, attachment, execution or other process against its assets, or any part thereof.

6.9. Access to Records and Premises. Afford access by the Banks to any of its properties at all reasonable times for purposes of inspection, permit the Banks, their accountants, attorneys, or agents to inspect and make and take away copies of any and all of its records, and promptly deliver to the Bank such certificates and documents as the Banks may reasonably request.

6.10. Conduct of Business. Conduct and maintain its business in an orderly, efficient, and regular manner and in compliance with all laws, regulations and ordinances applicable to it, the violation of which would or could materially adversely affect its operations or would or could adversely affect its ability to fulfill its obligations under this agreement, and diligently proceed with the operations in the Development Projects in which it is presently engaged with no discontinuance in such operations for a period in excess of _____ (_____) days.

6.11. Compliance with Agreements. Comply with all material provisions of all contracts, agreements, undertakings or other instruments to which it is a party, including, without limitation, those contracts, agreements, undertakings or other instruments to which it is a party relating to the sale of lots, in the Development Projects, or otherwise.

6.12 Financial Statements. Furnish to the banks:

(a) within _____ (_____) days after the end of each fiscal year of the Guarantor, a balance sheet, statement of income, statement of changes in stockholder's equity, and statement of changes in the financial condition for the Guarantor and its subsidiaries. All shall be prepared on a consolidated and consolidating basis, but each Borrower shall be shown separately on an unconsolidated basis in the consolidating portion. All consolidated portions shall be prepared and certified by recognized independent certified public accountants selected by the Guarantor. However, such accountants and the form of their certification shall be acceptable to the Banks. All statements shall be made in accordance with generally accepted accounting principles (GAAP). Such statements shall show the consolidated and consolidating financial condition of the Guarantor and its subsidiaries at the close of such year and the results of operations on a consolidated and consolidating basis of the Guarantor and its subsidiaries during such year, together with a statement of such independent certified public accountants that in making the audit in connection with such financial statements they have obtained no knowledge of the existence of any Event of Default, nor of any event which, upon notice or lapse of time or both, would constitute an Event of Default specified in Article VIII of this agreement, or, if in the opinion of such independent certified public accountants, any such Event of Default or event exists, such statement shall specify the nature and status thereof;

(b) Within _____ (_____) days after the end of each fiscal quarter, similar financial statements to those referred to in paragraph (a) above, unaudited but certified by the chief executive officer, the Treasurer or the principal financial officer of the Guarantor, such balance sheet to be as of the end of such quarter and such statements of income, changes in stockholder's equity and changes in financial position to be for the period from the beginning of the fiscal year to the end of such quarter, in each case subject to audit and year-end adjustments, together with a certificate signed by the party certifying said statements to the effect that no Event of Default specified in Article VIII of this agreement, nor any event which, upon notice or lapse of time or both, would constitute an Event of Default, has occurred, or if any such Event of Default or event has occurred, specifying the nature and extent thereof.

6.13. Maintenance of Security Interests. Maintain valid and perfected the liens and security interests of the Banks in the

Collateral.

6.14. Agency Reports. Maintain for the use of Banks copies of all reports furnished to any state or federal agency or regulatory body.

6.15. Development Lenders' Documents. Promptly furnish the Banks copies of all reports, notices, certifications and other material furnished to the Development Lenders in connection with their loans to it, including, without limitation, copies of all material compliance certificates, waiver requests, draw requests, sales reports, and release requests submitted to such Development Lenders.

6.16. Notification Relating to Development Lenders. Promptly notify the Bank if any Development Lender refuses to make a requested advance, demands escrow amounts under deficiency clauses, declares that default has occurred, or declares that development stage specifications for Development Projects are unacceptable.

6.17. Cash Flow Models. Promptly furnish the Banks with all Cash Flow Models relating to its operations in the Development Projects, as they may be revised from time to time.

6.18. Compliance by Affiliated Subsidiaries. Cause each of its Affiliated Subsidiaries to comply with Sections 6.1 through 6.11 hereof.

6.19. Endorsements. Deliver to the Agent Bank for deposit in the Escrow Account upon receipt, duly endorsed but otherwise in the form received by it, all forms of payment received by it on the Collateral.

6.20. Certain Taxes. The Borrowers shall pay, as additional interest, and shall indemnify the Banks against, and reimburse the Banks on demand for, all present and future income, stamp and other taxes, levies, imposts, deductions, charges and withholdings whatsoever imposed, assessed, levied or collected by or for the benefit of the Commonwealth of Puerto Rico or any political subdivision or taxing authority thereof, together with any interest thereon and penalties with respect thereto (collectively "Taxes"), on or in respect of the loan to be made hereunder, the Notes, and all payments of principal, interest, or premium, or other amounts made on, under, or in respect of any thereof. All payments on account of the principal of, and the interest and premium, if any, on the loan and the Notes and all other amounts payable under this agreement received by the Banks, shall be made without deduction for or on account of any Taxes.

6.21. Further Information. Promptly furnish the Banks, from time to time, such other information regarding its operations, business, affairs and financial condition as any of the Banks may reasonably request.

6.22. Further Assurance. Upon request, execute and deliver, or cause to be executed and delivered, such further instruments and do or cause to be done such further acts as may be reasonably necessary or proper to carry out the intent and purpose of this agreement.

6.23. Lot Sales Paper. Perform and observe, or cause to be performed and observed, all of the terms, covenants, conditions and agreements of the Lot Sales Paper pledged as Collateral, on the part of the Borrower pledging the same to be performed or observed.

Article VII Negative Covenants

Each of the Borrowers and the Guarantor, individually, covenants and agrees that from the date hereof until payment in full of the Agreement Debt, it shall not either directly or indirectly:

7.1. Indebtedness. Incur, create, assume, or permit to exist any indebtedness, except Permitted Indebtedness.

7.2. Liens. Incur, create, assume, or suffer to exist any mortgage, pledge, lien, charge or other encumbrance of any nature whatsoever on any of its assets, now or hereafter owned, other than Permitted Liens.

7.3. Guaranties. Guarantee, endorse, become surety for, or otherwise in any way become or be responsible for the obligations of any other Person, or agreement for the furnishing of funds to any other Person, directly or indirectly, through the purchase of goods, supplies, or services (or by way of stock purchase, capital contribution, advance, or loan) or for the purpose of paying or discharging the indebtedness of any other Person, or otherwise, except Permitted Contingencies.

7.4. Loans and Investments. Purchase or hold beneficially any stock, other securities or evidences of indebtedness of, make or permit to exist any loans or advances to, or make any investment or acquire any interest whatsoever in, any other Person, except Permitted Loans and Investments.

7.5. Asset Acquisitions. Purchase or otherwise acquire any fixed assets or other personal property, other than Permitted Asset Acquisitions.

7.6. Leases. Incur, create, or assume any commitments to make any direct or indirect payment whether as rent or otherwise, under any lease, rental, or other arrangement for the use of property of any other person, other than Permitted Leases. Notwithstanding, however, that any obligation of the Guarantor or of any Borrower or any Affiliated Subsidiary for the rental of any real or personal property is capitalized and reported on its books as a liability constituting an indebtedness, such obligation shall be treated as a rental obligation for purposes of determining compliance with this Section 7.6.

7.7. Amendment of Agreements. Materially amend any material agreement to which it is or becomes a party.

7.8. Joint ventures. Enter into any joint venture or coventure arrangements, whether in the form of equity contributions, profit-sharing arrangements, management or otherwise, for the purpose of engaging in any business or activity other than those specified in Section 7.10, paragraphs (a), (b) or (c) within the Development Projects, or as specified in Exhibit Q.

7.9. Voluntary Prepayments. Voluntarily prepay any of its indebtedness (other than any indebtedness hereunder), or purchase, redeem or otherwise retire or acquire, except within six months of the stated maturity thereof, the whole or any part of any security representing such indebtedness of it, except where such prepayment, purchase, redemption or retirement is required for the release of liens on land in order to accommodate the sale, construction, or development of such land.

7.10. Activities. Engage in any business or activity except:

(a) Developing, improving and selling land and built-for-sale housing within the Development Projects in conformity with Cash Flow Models and Master Plans;

(b) Constructing buildings and facilities typical of its present operations within the Development Projects in conformity with Cash Flow Models and Master Plans;

(c) Developing and operating resort, commercial rental housing and utility facilities within the Development Projects in conformity with Cash Flow Models and Master Plans;

(d) Conducting general, organizational activities, master planning, project programming and environmental research programs for pending development projects and, to the extent permitted by the terms of this agreement, planned

corporate growth in conformity with the Statement of Corporate Goals and Objectives 1983-87 as set forth in Exhibit U; and engaging in general land and access development activities including the construction of buildings, amenities, and utility facilities reasonably necessary to maintain the critical schedules of pending development projects, provided the cumulative, aggregate expenditures for the activities set forth in this paragraph (d) are not in excess of _____ Dollars (\$ _____) consolidated for Guarantor, all Borrowers and all Affiliated Subsidiaries. Expenditures involving projects not defined as Development Projects and included in the aforesaid limitation shall be deducted from and shall no longer be charged as part of the aforesaid limitation should such projects subsequently be included in the definition of Development Project in accordance with the provisions of this agreement. The right of the Guarantor or Borrowers to purchase or otherwise acquire additional real estate is as set forth in Section 1.26(c) of Article I.

7.11. Executive Group. Fail to retain on a full-time basis _____ [name] and _____ [name] and at least one (1) member of each of the following pairs of individuals: _____ [name], _____ [name] _____ [name] and _____ [name]. In the event of the death or disability of any of the previously-named individuals, the Borrowers may substitute another individual by giving prompt notice to the Banks, without creating a default.

7.12. Reasonable Assurance. Fail to reasonably assure the Banks that its cash resources are continually sufficient to meet cash requirements to complete each Development Project in accordance with Cash Flow Models and Master Plans within _____ (_____) days of receiving a written request for such assurance from the Continuing Banks holding _____ percent (_____) of the Outstanding Loan Balance held by all of the Continuing Banks.

7.13. Real Estate Revenues. Fail to receive minimum Real Estate Revenues from each of the below listed Development Projects, or fail to receive minimum Real Estate Revenues from all of such Development Projects in the aggregate, during the following periods in the following amounts:

[Insert Minimum Revenues]

provided, however, that Real Estate Revenues from each Development Project and from the aggregate of all of such Development Projects for any year in excess of the aforesaid minimums may be utilized to reduce by up to _____ percent (_____) the minimum Real Estate Revenues required of each such Development Project and the aggregate required of all such Development Projects, respectively, for subsequent years.

7.14. Subsidiaries. Fail to cause Affiliated Subsidiaries to comply with Sections 7.1 through 7.10 hereof.

7.15. Stock Ownership. Allow to be transferred or issued to any Person any equity interest in any Borrower or any Affiliated Subsidiary.

7.16. Sales Agreements. Enter into any agreement with any Person with respect to the direction, supervision or management of the sales functions of the properties, or portions thereof, of Borrowers which does not provide that such contract shall be cancellable by it in the event of the occurrence and continuance of an Event of Default hereunder.

7.17. Additional Equity. As to the Guarantor only, fail to issue between the date hereof and _____ [month] _____ [day], _____ [year], a minimum of _____ Dollars (\$ _____) in additional equity and/or long-term Subordinated Debt (with no principal repayment requirements for at least _____ (_____) years from the date of issuance) held by Persons other than any Borrower or Affiliated Subsidiary.

7.18. Disposition of Lot Sales Paper. Sell, pledge, grant a security interest in, assign, mortgage, hypothecate or otherwise dispose of more than _____ percent (_____%) of the principal dollar amount of Lot Sales Paper which would qualify as Eligible Lot Sales Paper under this agreement arising from the sale of lots in any Development Project other than to the Banks under the terms of this agreement or of more than _____ percent (_____%) of the aggregate principal dollar amount of Lot Sales Paper which would qualify as Eligible Lot Sales Paper under this agreement arising from the sale of lots at all Development Projects. The above limitations, however, shall not be applicable to the principal dollar amount of Lot Sales Paper arising from the sale of lots at the _____ [name] Development Project in excess of the _____ percent (_____%) limitation set forth in Section 1.14 of Article I, or to Lot Sales Paper from any Development Project which would not qualify as Eligible Lot Sales Paper under this agreement.

7.19. Transfer of Common Facilities. Sell, lease, or otherwise dispose of any of the common facilities in any Development Project (including, without limitation, tennis courts, golf courses, marinas, parking facilities, roads, and utility systems), unless the Borrower disposing of such common facilities or the Guarantor shall retain the operation and control of such facilities under lease agreements at fair market value of a term of at least _____ (_____) years, or, in the absence of any such long-term lease agreements, then under lease agreements satisfactory in form and substance to the Continuing Banks holding at least _____ percent (_____%) of the Outstanding Loan Balance held by the Continuing Banks.

7.20. Requests for Rescission. Unreasonably refuse to honor a request for rescission by the maker of any obligation included in Lot Sales Paper pledged as Collateral, when such request is based upon a claim of noncompliance by it with applicable state land sales statutes and regulations.

Article VIII Defaults

8.1. Events of Default. The occurrence of any one or more of the following events shall constitute an Event of Default:

(a) The failure of the Borrowers to pay, within five business days after having received written notice of failure to pay, an installment of principal of or interest on the Agreement Debt when and as such payment is due;

(b) If any representation or warranty contained in Article IV of this agreement shall prove to be false or misleading in any material respect;

(c) If any representation or warranty or any other statement of fact contained in any writing, certificate, report, or statement at any time furnished to the Banks pursuant to or in connection with this agreement, or otherwise, shall prove to be false or misleading in any material respect;

(d) Default in the performance of any provision or breach of any covenant contained in Article VI of this agreement;

(e) Default in the performance of any provision or breach of any covenant contained in Article VII of this agreement;

(f) Default in the payment of any principal, interest or premium with respect to any other indebtedness of the Guarantor or any Borrower, or permit the acceleration prior to its stated maturity of any debt of the Guarantor or any Borrower;

(g) Default in the payment of any principal, interest or premium with respect to any indebtedness or any Affiliated Subsidiary or permit the acceleration prior to its stated maturity of any debt of any Affiliated Subsidiary;

(h) The sale or transfer, other than to the Guarantor or a Borrower, of more than _____ percent (_____%) of the assets of the Guarantor, a Borrower or an Affiliated Subsidiary, or of more than _____ percent (_____%) of the assets of or equity in any Person held by the

Guarantor, any Borrower or any Affiliated Subsidiary. The Guarantor and the Borrower, however, may sell receivables as permitted in Section 1.28 of Article I, and may enter into agreements for the transfer of common facilities as permitted by Article VII, Section 7.19. Moreover, the sale of real property in the ordinary course of business shall be considered permissible and shall not be included in the aforesaid limitation. It is further understood and agreed that while the Banks are under no obligation to permit the sale or transfer of equity interests in a Borrower or an Affiliated Subsidiary other than as permitted by this agreement, the Banks recognize that the sale of such equity interests is generally a legitimate method of raising capital and the Banks will consider reasonable requests that such sales be permitted.

(i) The declaration, setting aside or payment of a dividend on or the purchase or redemption of the stock of Guarantor or of the stock of any Borrower to or from a Person other than the Guarantor, or of the stock of any Affiliated Subsidiary, to or from a Person other than a Borrower or the Guarantor. The limitations set forth in this paragraph (i), however, shall not be applicable to:

(1) Stock redemptions or purchases by the Guarantor or the Borrowers in an amount not exceeding the lesser of:

(A) _____ percent (_____%) of the aggregate cumulative after tax profits of the Guarantor, the Borrowers and the Affiliated Subsidiaries subsequent to the close of fiscal year _____ [year]; or

(B) _____ Dollars (\$_____); and

(2) Repurchase by the Guarantor of warrants to purchase _____ (_____) shares of the Common Stock of the Guarantor held by _____ [name], provided such repurchase is not effected prior to the issuance by the Guarantor of at least _____ Dollars (\$_____) in additional equity and/or long-term Subordinated Debt having no principal repayment requirements for a period of _____ (_____) years from the date of issuance of such debt to Persons other than any Borrower or Affiliated Subsidiary; and

(3) The dividend and redemption requirements applicable to _____ [name], as set forth in that certain Loan Agreement dated _____ [month] _____ [day], _____ [year], between _____ [name] and _____ [name].

(j) The consolidation or merger of the Guarantor or any Borrower or any Affiliated Subsidiary into any other corporation, or the change in controlling ownership of the Guarantor or any Borrower or any Affiliated Subsidiary. Any Affiliated Subsidiary, however, may be merged into the Guarantor or any Borrower so long as the Guarantor or such Borrower is the surviving corporation.

(k) Notwithstanding anything contained in this agreement to the contrary:

(1) The loan or advance of money or other assets by the Guarantor and the Borrowers to the Affiliated Subsidiaries in excess of an aggregate amount outstanding at any given time of _____ Dollars (\$_____), except as set forth on Exhibit S;

(2) The contribution of capital or other assets to, or investment in, the Affiliated Subsidiaries by the Guarantor and the Borrowers in an aggregate amount in excess of _____ Dollars (\$_____), except as set forth on Exhibit K;

(3) The guaranty or endorsement of any Permitted Indebtedness of any Affiliated Subsidiaries by the Guarantor and/or the Borrowers in an aggregate amount outstanding at any given time in excess of _____ Dollars

(\$ _____); or

(4) The making of payments of any kind or type whatsoever to or for any Affiliated Subsidiary by the Guarantor or by any Borrower outside the ordinary course of business;

(l) Failure to maintain aggregate Subordinated Debt and stockholders' equity in an amount not less than

(1) _____ Dollars (\$ _____) through _____ [month] _____ [day], _____ [year]; and

(2) _____ Dollars (\$ _____) thereafter;

(m) If the Guarantor or any Borrower or any Affiliated Subsidiary files a petition in bankruptcy or for the approval of a plan of reorganization or arrangement under the Bankruptcy Act (as it now exists or as amended) or under any other similar applicable federal or state law, or an admission seeking the relief therein provided, is unable or admits in writing its inability to pay its debts as they become due, makes an assignment for the benefit of creditors, is adjudicated a bankrupt, suspends its business, becomes insolvent however otherwise evidenced, has a receiver appointed voluntarily or otherwise for its property, and such appointment remains in force, undischarged and unstayed for a period of _____ (_____) days, or permits any judgment or any attachment or execution against any of its property for an amount in excess of _____ Dollars (\$ _____) to remain unpaid, unstayed or undismissed for a period of more than _____ (_____) days.

8.2. Occurrence of Defaults. Should any one or more of the above defined Events of Default occur and not be waived by the Banks in accordance with Section 9.10 of Article IX, upon written notice of default given to the Guarantor and the Borrowers by Agent Bank, the commitment of the Banks pursuant to this agreement shall forthwith terminate and the agreement Debt shall be immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived, anything contained herein or elsewhere to the contrary notwithstanding. Except as to the commitment of the Banks hereunder, however, the following Events of Default shall be waived automatically for the following periods:

(a) Sections 8.1(d) (but not as to a default in the performance of the covenant set forth in Section 6.19), 8.1(g), 8.1(i), 8.1(k) and 8.1(l) hereof for a period of _____ (_____) days; and

(b) Section 8.1(e) hereof for a period of _____ (_____) days.

All such periods of automatic waiver, however, shall be applied independently and shall not supersede the occurrence of any Events of Default to which no such period of automatic waiver is applicable.

Article IX Agreement Among Banks

9.1. Agent Bank. _____ [name] is hereby appointed as the Agent Bank hereunder, and each of the Banks hereby authorizes said Agent Bank, as the Agent Bank for such Bank, to take such action on its behalf under the provisions of this agreement and to exercise such powers and to perform such duties hereunder as are delegated to or required of the Agent Bank by the terms hereof, together with such powers as are reasonably incidental thereto.

9.2. Delegation of Duties. The Agent Bank may execute any of its duties hereunder by or through agents or employees, and shall be entitled to advice of counsel concerning all matters pertaining to its duties hereunder.

9.3. Reimbursement of Agent Bank. Each Bank shall reimburse the Agent Bank its pro rata share of all expenses incurred on behalf of and for the benefit of the Banks (which expenses shall not include the salary or other

compensation of any employee of Agent Bank or any affiliate of Agent Bank), not reimbursed by the Guarantor or the Borrowers, including, without limitation, all counsel fees and compensation paid to agents for services rendered on behalf of the Banks. The Agent Bank, however, shall not incur expenses of more than _____ Dollars (\$ _____) without the prior written consent of the Continuing Banks holding at least _____ percent (_____%) of the Outstanding Loan Balance held by the Continuing Banks.

9.4. Responsibility for Collateral. The Agent Bank shall establish procedures for determining that the Collateral documents required by Article V, Section 5.2, have been delivered to it by Guarantor or Borrowers, and that the sales contract, purchase money note and purchase money mortgage bear the purported signatures of the purchasers as disclosed by the sales contract. The Agent Bank shall follow these procedures and administer this agreement with the same degree of care that it uses in loans and financings in which it alone is interested. Other than as set forth herein, the Agent Bank shall not be responsible in any manner to any Bank for the effectiveness, enforceability, sufficiency, genuineness, collectibility, validity, or the due execution of any of the Collateral or Collateral documents as described in Section 5.2, this agreement or any Note or certificate, report, or other document used under or in connection with this agreement, or be under any obligation to any Bank to ascertain or inquire as to the performance or observance of any term, covenant, or condition hereof on the part of the Guarantor or the Borrowers.

9.5. No Personal Liability. No officer, director, employee or agent of the Agent Bank shall be liable for any action taken or omitted to be taken by him hereunder or in connection herewith, except for his own gross negligence or willful misconduct. It is expressly understood that no personal liability whatever shall attach to, or is or shall be incurred by any officer, director, employee, or agent of the Agent Bank under or by reason of the representations, obligations, covenants, or agreements contained in this agreement or implied herefrom.

9.6. Reliance by Agent Bank. The Agent Bank shall be entitled to rely on any Note, notice, consent, certificate, affidavit, letter, telegram, teletype message, statement, order, or other document believed by it to be genuine and correct and to have been signed and sent by the proper person or persons and, in respect of legal matters, upon opinion of counsel selected by the Agent Bank. The Agent Bank shall be fully protected in any act taken, suffered, or permitted, or in any act not taken, by it in good faith in reliance on any of the aforesaid. The Agent Bank may deem and treat the payee of any Note as the owner thereof for all purposes hereof.

9.7. Agent in its Individual Capacity. With respect to all Advances made by it and any Note or Notes issued to it, the Agent Bank shall have the same rights and powers hereunder as any Bank and may exercise the same as though it were not the Agent Bank. The term "Bank" or "Banks" shall, unless the context otherwise indicates, include the Agent Bank in its individual capacity.

9.8. Adjustments. If any Bank shall at any time receive a payment on the Notes or obtain any sum by virtue of counterclaim, offset, bank's lien or lien which may be exercised for application on any Notes hereunder, in a greater proportion than the payments or sum received by the other Banks, and if such payment or sum constituted property or other assets of the Guarantor, the Borrowers or the Affiliated Subsidiaries which were in the possession of, or otherwise available to, such Bank by reason of its being a party to this agreement, such Bank shall forthwith pay to the other Banks for application against the unpaid principal amount of Notes held by such other Banks, such amount as shall be required so that after such payment the unpaid principal balance of Notes held by each Bank will bear the same proportion to the Outstanding Loan Balance as immediately before such payment was received. In the event that at any time any Bank shall be required to refund any amounts which have been paid to or received by it on account of any Note held by such Bank and which have been applied to the payment of a portion of Notes held by other Banks pursuant to this Section 9.8, then, upon notice from such Banks, each of such other Banks shall repay said amounts to the extent of their ratable share of such refund.

9.9. Participations. No Bank shall negotiate, endorse, transfer or assign any of its rights, title, or interest in any Note or

Notes held hereunder or sell participations therein to any person. _____ [name] and _____ [name], however, may sell participations in any Note or Notes which they hold hereunder, but the sale of such participation shall not confer on any such Person any rights under this Agreement.

9.10. Amendments, Consents and Waivers

(a) With the written consent of Continuing Banks holding at least _____ percent (_____%) of the Outstanding Loan Balance held by the Continuing Banks, the Agent Bank and the Guarantor and the Borrowers may, subject to the provisions of this Section, from time to time, enter into agreements amendatory or supplemental hereto for the purpose of adding any provisions to this agreement or changing in any manner the rights of the Banks or of the Guarantor or of the Borrowers hereunder, and the Agent Bank may execute and deliver to the Guarantor and the Borrowers written instruments waiving any requirement of this agreement. There shall be required, however, the written consent of the Continuing Banks holding _____ percent (_____%) of the Outstanding Loan Balance held by the Continuing Banks for any amendment, consent, or waiver relating to (a) the definition of Development Projects set forth in Article I, Section 1.13, (b) the Event of Default set forth in Article VIII, Section 8.1(j), and (c) the extension of the Expiration Date set forth in Article I, Section 1.19; and the written consent of Banks holding _____ percent (_____%) of the Outstanding Loan Balance for any amendment, consent or waiver relating to (1) any change in the basic terms of this agreement as set forth in Article II (except Section 2.8) and Article III, and (2) the matters set forth in Article VIII, Sections 8.1(a) and 8.2, and Article IX (other than the removal of the Agent Bank in which event the then Agent Bank shall not be entitled to vote) and Article X of this agreement.

(b) Any Continuing Bank not concurring in any amendment, consent or waiver which requires for its approval the consent of the Continuing Banks holding _____ percent (_____%) of the Outstanding Loan Balance held by Continuing Banks may, within 30 days from the date such amendment, consent or waiver is approved in accordance with the provisions of paragraph (a) of this Section 9.10, elect to terminate its commitment to make further Advances and effect a funding in accordance with the terms of Section 2.8 hereof. Such option to convert shall terminate, however, if not exercised within the aforesaid period of _____ (_____) days.

9.11. Agreement to Confer. Each Bank shall advise each of the other Banks in the event that such Bank becomes aware of any fact which, in its opinion, might or could have a material effect on the ability of the Borrowers to repay the Agreement Debt. The obligation set forth in this paragraph shall be deemed to be fiduciary in nature as among the Banks.

Article X Miscellaneous

10.1. Liens. The Guarantor and each of the Borrowers hereby grants to the Banks a continuing lien for its performance and obligations under this agreement upon any and all of its moneys, securities, and other property, and the proceeds thereof, now or hereafter held or received by it or in transit to, the Banks, from or for it, whether for safe keeping, custody, pledge, transmission, collection or otherwise, and also upon any and all of its deposits (general or special) and credits with said Banks, at any time existing. Upon the occurrence of any Event of Default as specified herein and the lapse of any period of waiver, the Banks, and each of them, is hereby authorized at any time and from time to time, without notice, to set-off, appropriate and apply any or all items hereinabove referred to against all indebtedness of it to the Banks, whether under this agreement or otherwise, whether now existing or hereafter arising.

10.2. Expenses. The Guarantor and the Borrowers shall reimburse the Banks for actual out-of-pocket expenses, including reasonable counsel fees, incurred by such Banks in connection with the development, preparation, execution, administration, or enforcement of, or the preservation of any rights under, this agreement.

10.3. Service Charge. In consideration of the services of National Bank as Agent Bank under this agreement, the Guarantor, on behalf of the Borrowers, shall pay to Agent Bank within _____ (_____) days of each Settlement Date an amount equal to _____ percent (_____) of the average principal amount of Collateral outstanding during the period preceding such Settlement Date from and including the next previous Settlement Date (or, as to the first Settlement Date, from and including the date of the initial advance hereunder) set forth below:

Percentage	Principal Amount of Collateral Outstanding
3/8 of 1%	First \$5 Million or less
1/4 of 1%	Next \$5 Million or part thereof
1/8 of 1%	All over \$10 Million

10.4. Notices. Except as specified in Article III, Section 3.6, all notices, requests, demands, or other communications provided for herein or in any instrument or document delivered pursuant hereto, shall be in writing and shall be deemed to have been given when sent by registered or certified mail, return receipt requested, addressed, in the case of the Banks, to _____[address] or, in the case of the Guarantor or the Borrowers, to _____[address], or to such other addresses as shall be designated from time to time in writing and forwarded in like manner.

10.5. Response. The Banks shall respond to all requests of the Guarantor or the Borrowers relating to consents, waivers or amendments within 30 days after receipt thereof, except that if such requests relate to the definition of Development Project (Article I, Section 1.13), the Event of Default set forth in Article VIII, Section 8.1(j), or any change in the basic terms and conditions of this agreement as defined and set forth in Articles II and III hereof (excluding the Expiration Date), or the provisions of Section 8.2, Article IX and Article X, then, within 60 days. The Banks shall notify the Guarantor and the Borrowers in writing of any refusal to grant such consent, waiver, or amendment because the same would materially impair the ability of the Guarantor and the Borrowers to fulfill their obligations hereunder, or for such other reasons as the Banks in their sole judgment deem advisable. Failure by the Banks to respond to any reasonable requests of the Guarantor or the Borrowers within the aforesaid time periods shall constitute the Bank's consent to any such reasonable request.

It is further understood and agreed that at such time as the Guarantor has caused to be issued additional equity and long-term subordinated debt (with no principal repayment requirements for at least five years) as presently contemplated, the Guarantor and Borrowers shall have the right to seek a modification or amendment of the terms of this agreement. It is understood, however, that the Banks are under no obligation to agree to any such modification or amendment of the terms hereof.

10.6. Governing Law. This agreement and the rights and obligations of the parties hereunder shall be governed by and construed and interpreted in accordance with the laws of the State of _____[state].

10.7. No waiver; Cumulative Remedies. No failure to exercise, and no delay in exercising, on the part of the Agent Bank or any of the Banks, any right, power or privilege hereunder shall preclude any other or further exercise thereof or the exercise of any other right, power, or privilege. The rights and remedies herein provided are cumulative and not exclusive of any rights or remedies provided by law.

10.8. Binding Effect. This agreement shall be binding upon and inure to the benefit of the Guarantor, the Borrowers, the Agent Bank and the Banks, and their respective successors.

10.9. Severability. In case any one or more of the provisions contained in this agreement, or in any instrument or other document delivered pursuant to this agreement, should be invalid, illegal, or unenforceable in any respect, the validity,

legality, and enforceability of the remaining provisions contained herein and therein shall not in any way be affected or impaired thereby.

10.10. Captions. The captions of the Articles and Sections of this agreement are inserted for convenience only and shall not be deemed to constitute a part of this agreement.

10.11. Counterparts. This agreement may be executed in any number of counterparts and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Promptly after the execution hereof, the Agent Bank shall transmit to each Bank a conformed copy of this agreement.

10.12. Singular and Plural, etc.. As used herein, the singular shall include the plural, the plural the singular, and the use of any gender shall be applicable to all genders.

10.13. Entire Agreement. This agreement supersedes all agreements previously made between the parties relating to its subject matter. There are no other understandings or agreements between them.

10.14. Non-waiver. No delay or failure by a party to exercise any right under this agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

IN WITNESS WHEREOF the parties hereto have caused this agreement to be executed by their duly authorized officers and their respective corporate seals to be affixed hereto, all as of the day and year first above written.

26-22 Current Legal Forms for Real Estate FORM 22.112

FORM 22.112 Open-End Mortgage, Assignment of Rents and Leases and Security Agreement (Maximum Amount Unpaid Indebtedness Exclusive of Interest: \$_____) (Construction Loan)

COMMENT

Obviously, one of the most significant documents of a construction loan is the mortgage. The mortgage is given to service the advances of the lender. It creates a lien on the real estate. In most jurisdictions, the mortgage should be filed so as to give the world constructive notice of the lender interest in the property. All other parties dealing with the borrower or the property are deemed to have notice of the lenders interest. The filing of the mortgage gives the lender priority over all subjects subsequent parties dealing with the property. Once notable exception to this rule are mechanics liens. Depending in the jurisdiction a mechanic's lien may relate back to the date that the first work was completed or material delivered. Thus, in some jurisdictions a mechanics lien filed after a mortgage could gain priority over the mortgage because the work started before the mortgage was filed. Again, one must review the laws of the jurisdiction where the project is located. In most circumstances, involving a sophisticated lender, the lender requires mortgagees' inservice which insures the validity of the mortgage.

FORM

THIS MORTGAGE is made this _____[day] day of _____[month], _____[year] by and between the Mortgagor, _____[name], a(n) _____[state] _____[entity], whose address is _____[address], (the "Borrower") and the Mortgagee, _____[name], a(n) _____[state] _____[entity], whose address is _____[address], (the "Bank").

WITNESSETH:

WHEREAS, Borrower is indebted to Bank pursuant to the Mortgage Note, dated of even date herewith, in the principal amount of _____ Dollars (\$ _____), executed by Borrower and made payable to Bank (the "Note").

NOW THEREFORE, to secure (a) the payment of the Indebtedness and Impositions (as defined below) and the interest thereon, (b) the payment of any advances or expenses of any kind incurred by Bank pursuant to the provisions of the Note, the interest on which varies in accordance with the terms of the Note, the Loan Agreement or this Mortgage, (c) the repayment of future advances disbursed by Bank to Borrower in excess of the principal of the Indebtedness, and (d) the performance of the Borrower's obligations under the Loan Agreement, the parties agree as follows:

GRANTING CLAUSE

Borrower does hereby mortgage, warrant, grant, bargain, sell, release, assign, transfer and convey to Bank, its successors and assigns forever, the property located in the County of _____, State of _____, and more particularly described on Exhibit A attached hereto (the "Real Estate"), and all of Borrower's estate, title and interest, in law or equity, of, in and to such Real Estate.

TOGETHER with all buildings and improvements of every kind or description, now or hereafter placed or erected on the Real Estate, including, but not limited to those described on Exhibit B attached hereto, and all easements, rights, licenses, privileges, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights, water stock, and personal property of every kind whatsoever owned by Borrower and now or hereafter located on or attached to and used in connection with the operation of the Real Estate and the buildings, structures and improvements thereon, or in connection with any construction being conducted or which may be conducted thereon and all right, title and interest of Borrower in and to the land lying in the streets, alleys and roads, in front of and adjoining the property, all of which, including replacement and additions thereto, shall be deemed to be and remain a part of the Real Estate covered by this Mortgage;

TOGETHER with all of the rents, leases, issues and profits arising out of any of the foregoing including all insurance policies and payments made under insurance policies relating to any of the foregoing, and all judgments, awards and settlements resulting from any condemnation proceeding or similar taking against the Real Estate under the power of eminent domain and all proceeds of the conversion (voluntary or involuntary) of the same into cash or liquidated claims; all of the foregoing, together with said personal property, the Real Estate and fixtures thereto are herein collectively referred to as the "Property;"

TO HAVE AND TO HOLD, the Property hereby conveyed, granted and assigned, unto Bank, and its successors and assigns forever, for the uses and purposes herein set forth, provided, nevertheless, that if Borrower shall keep, observe and perform all of the covenants and conditions of this Mortgage, the Loan Agreement and the Note on its part to be kept and performed and shall pay, or cause to be paid, to Bank the Indebtedness and Impositions and all extensions and renewals thereof, and shall repay any loans and advances hereafter made by Bank under the terms hereof, then this Mortgage shall be void, otherwise it will remain in full force and effect.

REPRESENTATIONS, WARRANTIES AND COVENANTS. Borrower represents warrants to and covenants and agrees with Bank as follows:

1. TITLE. Borrower represents, warrants and covenants that (a) Borrower is the lawful owner in fee simple of the Property, (b) Borrower has the right to mortgage, rent and convey the Property, (c) title to the Property is vested in Borrower and is free, clear and unencumbered except for the Permitted Encumbrances set forth on Exhibit C attached hereto, (d) Borrower has the right and power to convey and encumber the Property and to execute this Mortgage, (e)

Borrower will warrant and defend the title of the Property against all claims and demands, and (f) Borrower will make such further assurances of title as Bank may require.

2. INDEBTEDNESS. (a) This Mortgage is made to secure the prompt payment and performance by Borrower when due of all principal, interest, costs and other amounts owed under, and all of the liabilities, obligations and indebtedness set forth in each of the following agreements, instruments and documents (hereinafter collectively called the "Indebtedness"):

(i) The Note and all extensions, amendments, restatements and renewals thereof; and

(ii) All advances or expenses of any kind made or incurred by Bank on behalf of Borrower pursuant to the provisions of or on account of the Loan Agreement and all payments required to be paid thereunder, the Note or this Mortgage; and

(iii) Payment of all other sums with interest thereon becoming due and payable to Bank herein under the terms hereof or as set forth in any other document evidencing the Indebtedness or arising out of or otherwise related to the Note or this Mortgage (the "Loan Documents"); and

(iv) Performance and discharge of each and every term, provision, condition, obligation, covenant, and agreement of Borrower herein or as set forth in the Loan Agreement or as set forth in any of the Loan Documents; and

(v) Payment and performance of all Obligations as such term is defined in the Loan Agreement.

(b) Borrower will promptly pay or cause to be paid when due all liabilities and Indebtedness, and will perform all obligations and duties arising under the Indebtedness.

3. HAZARD INSURANCE. (a) Borrower will keep the improvements now existing or hereafter erected or located on the Property insured against loss by fire, all hazards included within the term "extended coverage," and such other hazards as Bank may require or as may be required by applicable law, which insurance will be in amounts and for such periods as Bank may require; provided, however, that Bank will not require that the amount of such coverage exceed the amount of coverage required to pay the sums secured by this Mortgage unless required by applicable law.

(b) The insurance carrier providing the insurance will be chosen by Borrower, subject to approval by Bank, which approval will not be unreasonably withheld. Unless otherwise specified, all premiums on insurance policies will be paid by Borrower making payment, when due, directly to the insurance carrier and providing receipt of each payment to Bank if required by Bank. If, however, Borrower defaults on any premium payment, or Bank deems it necessary in its discretion, Bank may require a fund for insurance as provided for in Section 5 of this Mortgage.

(c) All insurance policies and renewals thereof will be in form acceptable to Bank and will include a standard mortgagee clause with a waiver of insurer's right of subrogation against funds paid under such clause and a loss payable clause in favor of and in form acceptable to Bank, and will provide that the policies shall not be amended or canceled without thirty (30) days prior written notice to Bank.

(d) Bank will have the right to hold the original policies and renewals thereof, and Borrower will promptly furnish to Bank all renewal notices and all receipts of premiums. In the event of loss, Borrower will give prompt notice to the insurance carrier and Bank. Bank may make proof of loss if not made promptly by Borrower. Bank is hereby given full power to collect any insurance proceeds or to settle and compromise any insurance claims or bring suit to recover thereunder.

(e) Bank is authorized to apply the net proceeds of any insurance claim, after deducting all costs of collection including attorney's fees, at Bank's sole option, in any one or more of the following ways: (i) to the payment of any sums then in

default to Bank which are secured hereby; (ii) to fulfill any of the covenants contained herein which Borrower has failed to fulfill, as Bank may determine; (iii) unless the insurer denies liability to any insured, to restore the Property to a condition satisfactory to Bank on such terms and conditions as Bank may determine; (iv) released to Borrower; (v) to apply to the Indebtedness, whether the Indebtedness is then matured or unmatured. If, in the sole discretion of Bank, Bank is not satisfied with the adequacy of the collateral for the remaining Indebtedness, Bank may, without further notice or demand, elect to declare the whole of the remaining Indebtedness immediately due and payable and may invoke any of the remedies afforded it by law, and/or by this Mortgage and/or any of the Loan Documents, including those permitted in Section 20 hereof.

(f) If the Property is acquired by Bank in any manner, all right, title and interest of Borrower in and to any insurance policies and in and to the proceeds thereof, resulting from damage to the Property prior to the sale or acquisition, shall pass to Bank to the extent of the sum secured by this Mortgage, immediately prior to such sale or acquisition. Bank is hereby irrevocably appointed by Borrower as attorney-in-fact of Borrower to assign any policy in the event of the foreclosure of the Mortgage or other extinguishment of the Indebtedness, and Borrower will have no right to reimbursement for premiums unearned at the time of any such assignment.

(g) If any part of any of the Property lies within a "special flood hazard area" as defined and specified by the United States Department of Housing and Urban Development pursuant to the Flood Disaster Protection Act of 1973, and Bank determines that flood insurance coverage is required to be obtained for any of the Property in order to comply with the Flood Disaster Protection Act of 1973 as now in effect, Borrower shall (i) promptly purchase and pay the premiums for flood insurance policies as Bank deems required so that Bank shall be deemed in compliance with the rules and regulations and provisions of the Flood Disaster Protection Act of 1973 as then in effect; and (ii) deliver such policies to Bank together with evidence satisfactory to Bank that the premiums therefor have been paid. Such policies of flood insurance shall be in a form satisfactory to Bank, shall name Bank as an insured thereunder, shall provide that losses thereunder be payable to Bank pursuant to such forms of loss payable clause as Bank may approve, shall be for an amount at least equal to the Obligations or the maximum limit of coverage made available with respect to any of the Property under the National Flood Insurance Act of 1968, as amended, whichever is less, and shall be noncancelable as to the Bank except upon thirty (30) days prior written notice given by the insurer to Bank. Within thirty (30) days prior to the expiration date of each such flood insurance policy, Borrower shall deliver to Bank a renewal policy or endorsement together with evidence satisfactory to Bank that the premium therefor has been paid.

4. CHARGES; LIENS. (a) Borrower will promptly pay when due all taxes, liens, assessments and other charges, levies, fines, leasehold payments and ground rents of every kind whatsoever attributable to the Property (collectively the "Impositions"), if any, by Borrower making payment when due directly to the payee thereof. Borrower will promptly furnish to Bank all notices of amounts due under this paragraph, and Borrower will promptly furnish Bank with receipts evidencing such payments. If Borrower defaults on any payment of any tax, assessment or other Imposition which may attain priority over the lien of this Mortgage or the payment of ground rents, if applicable, or if Bank deems it necessary in its sole discretion, Bank may require a fund for such Impositions as provided for in Section 5 hereof.

(b) Borrower will promptly discharge any lien or claim which has or may attain priority over this Mortgage; provided that Borrower will not be required to discharge any such lien so long as Borrower will in good faith contest such lien by, or defend enforcement of such lien in, legal proceedings which operate to prevent the enforcement of the lien or forfeiture of the Property or any part thereof so long as Bank agrees in writing to the contesting of such lien by Borrower, rather than the satisfaction, bonding off, or discharging of same. In the event any such lien or claim is not discharged with thirty (30) days after its recording or inception, Bank may, at its option, require Borrower to deposit with Bank such amounts or such bonds as are acceptable to Bank in Bank's sole discretion to assure the priority of this Mortgage. Borrower further agrees to pay to Bank any costs it may advance in order to protect the priority of its lien, including, but not limited to, court costs and reasonable attorneys' fees.

5. FUNDS FOR TAXES AND INSURANCE. (a) If Borrower is in default of any premium payment on an insurance

policy or if Borrower fails to pay any taxes, assessments or other Impositions when due, or if Bank, in its sole discretion, deems it necessary, Borrower will be required to pay to Bank on the day any installments of interest are payable under the Note, or on such other date as Bank may specify, until the Indebtedness is paid in full, a sum equal to a percentage to be specified by Bank of the yearly taxes, assessments or other Impositions (herein "Funds") which may attain priority over the priority of this Mortgage, and ground rents on the Property, if any, plus a percentage to be specified by Bank of yearly premium installments for mortgage insurance, if any, all as reasonably estimated initially and from time to time by Bank on the basis of assessments and bills and reasonable estimates thereof.

(b) The Funds will be held by Bank, and Bank will apply the funds to pay such taxes, assessments, insurance premiums, ground rents and other Impositions. Bank may not charge for so holding and applying the Funds, analyzing such account, or verifying and compiling such assessments and bills, unless Bank pays Borrower interest on the funds and applicable law permits Bank to make such a charge. Borrower and Bank may agree in writing that interest on Funds shall be paid to Borrower, and unless such agreement is reached or applicable law requires such interest to be paid, Bank will not be required to pay Borrower any interest or earnings on the Funds. Bank will give to Borrower, without charge, an annual accounting of the Funds showing credits and debits to the Funds. The Funds are hereby pledged as additional security for the indebtedness secured by this Mortgage.

(c) If the amount of the Funds held by Bank, together with future monthly installments of Funds payable prior to the due date of taxes, assessments, insurance premiums, ground rents and other Impositions, will exceed the amount required to pay such taxes, assessments, insurance premiums, ground rents and other Impositions as they fall due, such excess will be, at Borrower's option, either promptly repaid to Borrower or credited to Borrower on periodic installments of Funds. If the amount of the Funds held by Bank shall not be sufficient to pay taxes, assessments, insurance premiums, ground rents and other Impositions as they fall due, Borrower will pay to Bank any amount necessary to make up the deficiency within thirty (30) days from the date notice is mailed by Bank to Borrower requesting payment thereof. Nothing in this paragraph will be deemed to obligate Bank to pay such charges when due if the Funds are insufficient or Borrower fails to supply Bank with the proper invoice when payments are due.

(d) Upon payment in full of all sums secured by this Mortgage, Bank will, upon request of Borrower, within thirty (30) days, refund to Borrower any Funds held by Bank. If the Property is sold in foreclosure or the Property is otherwise acquired by Bank, Bank will apply any Funds held by Bank as a credit against the sums secured by this Mortgage.

6. APPLICATION OF PAYMENTS. Unless otherwise agreed by Borrower and Bank in writing, or unless Bank has the option to apply such payments differently hereunder and elects to do so, all payments received by Bank, whether through payment, foreclosure or otherwise, are to be applied in the following order: Impositions advanced by Bank on behalf of Borrower, interest, escrow, late fees or penalties and then to principal.

7. PRESERVATION AND MAINTENANCE OF PROPERTY. Borrower shall keep the Property in good repair and shall not commit waste or permit impairment or deterioration of the Property.

8. PROTECTION OF BANK'S SECURITY. (a) If Borrower fails to perform the covenants and agreements contained in this Mortgage, or if any action or proceeding is commenced which materially affects Bank's interest in the Property, including, but not limited to, eminent domain, foreclosure, code enforcement, deed restrictions and registrations, arrangements or proceedings involving a bankrupt or decedent, Bank, at Bank's sole option, upon notice to Borrower (but such notice need only be given one time to Borrower), may make such appearances, disburse such sums and take such action as Bank deems necessary to protect Bank's interest, including, but not limited to, disbursement of reasonable attorneys' fees and entry upon the Property to make repairs.

(b) Any amounts disbursed by Bank pursuant to this Section 8, with interest thereon, will become additional Indebtedness of Borrower secured by this Mortgage. Unless Borrower and Bank agree to other terms of payment, such amounts will be payable upon notice from Bank to Borrower requesting payment thereof, and will bear interest from the

date of disbursement at the highest applicable rate as prescribed in the Note. Nothing contained in this Section 8 will require Bank to incur any expense or take any action hereunder.

9. INSPECTION. Bank may make or cause to be made reasonable entries upon, and inspections of, the Property, and Bank will have the right to inspect the books and records of the operation of the Property and make copies thereof during normal business hours.

10. CONDEMNATION. (a) The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of the Property or part thereof, or for conveyance in lieu of condemnation, are hereby assigned and will be paid to Bank. No awards or settlements will be accepted by Borrower without Bank's prior consent.

(b) Bank is authorized to settle any claim, collect any award, and apply the net proceeds, after deducting all costs of collection including attorneys' fees, at Bank's sole option, in any one or more of the following ways: (i) to the payment of any sums then in default to Bank secured hereby; (ii) to fulfill any of the covenants contained herein which Borrower has failed to fulfill, as Bank may determine; (iii) to use to restore the Property to a condition satisfactory to Bank on such terms and conditions as Bank may determine; (iv) released to Borrower; (v) to apply to the Indebtedness, whether the Indebtedness is then matured or unmatured. If, in the sole discretion of Bank, Bank is not satisfied with the adequacy of collateral for any remaining Indebtedness, Bank may without further demand or notice elect to declare the whole of the remaining Indebtedness immediately due and payable and may invoke any of the remedies afforded it by law, and/or by this Mortgage, including those permitted by Section 20 hereof.

11. ASSIGNMENT OF RENTS AND LEASES. (a) Borrower hereby transfers and assigns to Bank all present and future leases of all or any part of the Property (the "Leases"), all guarantees of any lessee's performance thereunder, and all rents, income revenues and profits arising out of the Property, all as further security for the payment of the Indebtedness.

(b) Borrower will observe and perform all covenants and conditions to be observed or performed by the lessor under the Leases and enforce the observance or performance of the Leases by the lessees. Borrower will not cancel, surrender, terminate, or materially alter, amend or modify any Leases, release any party liable thereunder or consent to the assignment of the interests of any lessees without the prior written consent of Bank, which consent will not be unreasonably withheld. Borrower will not permit the prepayment of any rents under the Leases for more than thirty (30) days in advance of their due date without the prior written consent of Bank. The form of lease to be used for tenants in the Property will be submitted to Bank.

(c) If Borrower fails to observe or perform any covenant or condition to be observed or performed by Borrower under any of the Leases, Bank, without obligation to do so and without notice to or demand on Borrower and without releasing Borrower from its obligation to do so, may perform such covenant or condition and, to the extent that Bank incurs any costs or pays any monies in connection therewith, including any costs or expenses of litigation, such costs and expenses will be due on demand and will be included in the Indebtedness secured hereby and will bear interest from the incurring or payment thereof at the highest rate set forth in the Note.

(d) Bank will not be obligated to perform or discharge any obligation or duty of Borrower under any of the Leases, and the acceptance of this Assignment does not constitute an assumption of any such obligation or duty. Bank will not be deemed to have any responsibility for the control, care, management or repair of the Property or any responsibility or liability for any negligence in the management, operation, upkeep, repair or control of the Property resulting in loss, injury or death to any lessee, licensee, employee, stranger or other person. Borrower will indemnify, save and hold Bank harmless of and from all liabilities, losses and damages that Bank may incur under the Leases or under or by reason of this Assignment except for the Bank's grossly negligent acts or liabilities, losses and damages arising out of Bank's possession or control of the Property.

(e) Provided that no Event of Default (as hereinafter defined) exists hereunder, Borrower will have the right to collect all rents under any Lease (but not more than thirty (30) days in advance of their due date), provided that upon the occurrence of an Event of Default hereunder, Bank may take such action with respect to the Leases and the rents, issues and profits (including the notification to the lessees to make rent payments directly to Bank) from the Property, as permitted by law or in equity, including but not limited to, the remedies set forth in Section 20 below.

(f) Borrower will not enter into any contract for the management of the Property or appoint a rental agent for the Property without the prior written consent of Bank.

(g) Bank shall be entitled to all rights and remedies available under Section _____[number] of the _____[state] Revised Code.

12. BORROWER NOT RELEASED. Extension of the time for payment or modification of amortization of the sums secured by this Mortgage granted by Bank to any successor in interest of Borrower approved by Bank shall not operate to release, in any manner, the liability of the original Borrower and Borrower's successors in interest. Bank will not be required to commence proceedings against such successor, refuse time for payment or otherwise modify amortization of the sums secured by this Mortgage by reason of any demand by the original Borrower or Borrower's successors in interest.

13. FORBEARANCE BY BANK NOT A WAIVER. Any forbearance by Bank in exercising any right or remedy hereunder, or otherwise afforded by applicable law, shall not be a waiver of or preclude the exercise of any such right or remedy. The procurement of insurance or the payment of taxes or other liens or charges by Bank will not be a waiver of Bank's right to accelerate the maturity of the Indebtedness secured by this Mortgage.

14. REMEDIES CUMULATIVE; AMENDMENTS. All remedies provided in this Mortgage are separate and distinct and cumulative to any other right or remedy under this Mortgage or afforded by law or equity and may be exercised concurrently, independently or successively. No waiver, amendment or modification of this Mortgage shall be valid unless in writing and signed by the parties hereto.

15. SUCCESSORS AND ASSIGNS BOUND; CAPTIONS. The covenants and agreements contained herein shall be construed as covenants running with the land and shall bind, and the rights hereunder shall inure to, the respective successors and assigns of Borrower and Bank, subject to the provisions of Section 19 hereof. The captions and headings of the items of this Mortgage are for convenience only and are not to be used to interpret or define the provisions hereof.

16. NOTICE. Except for a notice required under applicable law to be given in another manner, any notice provided for in this Mortgage will be given by mailing such notice by certified or registered mail, return receipt requested, to the recipient or sending such notice by express delivery service at the address set forth at the beginning of this Mortgage. Either party may change such address by giving written notice of such change to the other party.

17. GOVERNING LAW; SEVERABILITY. This transaction shall be governed by the laws of the State of _____[state]. In the event that any provision or clause of this Mortgage conflicts with applicable law, such conflict will not affect other provisions of this Mortgage which can be given effect without the conflicting provision, and in this regard, the provisions of this Mortgage are declared severable.

18. TRANSFER OF THE PROPERTY AND INTEREST THEREIN. (a) Subject to the Mortgage Rider attached hereto, if all or any part of the Property or an interest therein is sold, transferred, encumbered or otherwise conveyed by Borrower, without Bank's prior written consent, or if any contract to do any of the same is entered into by Borrower without Bank's prior written consent, excluding a transfer by devise, descent, or by operation of law upon the death of a joint tenant, it shall be deemed to increase Bank's risk and Bank may, at Bank's sole option, either declare all the sums

secured by this Mortgage to be immediately due and payable, or may consent to said conveyance in writing and may increase the interest rate of this loan and/or impose whatever conditions it may deem necessary to compensate it for the increased risk. Bank shall have waived such option to accelerate if, prior to the conveyance, (i) Bank agrees that the credit of the person to whom the Property is to be conveyed is satisfactory to Bank (in Bank's sole and absolute discretion), (ii) Bank and such person agree in writing that the interest payable on the sum secured by this Mortgage shall be at such rate as Bank shall request, and (iii) Borrower's successor in interest has executed a written assumption agreement in form and substance acceptable to Bank assuming the indebtedness secured hereby and Borrower's obligations hereunder. Bank expressly consents to Borrower entering into Leases with Tenants that provide for an option to purchase a portion of the Property, provided that such Leases and the Tenants' rights to purchase shall at all times be subordinate to Bank's interest hereunder.

(b) Any change in the legal or beneficial ownership of Borrower which changes the identity of any person or persons having, directly or indirectly, more than ten percent (10%) of either the legal or beneficial ownership of Borrower shall be deemed to be a transfer within the meaning of this Item. Such transfer shall not be made, created, or suffered to be made or created without Bank's prior written consent.

19. EVENTS OF DEFAULT. Each of the following shall be an Event of Default under this Mortgage: (a) the occurrence of an Event of Default under the Loan Agreement, the Note or any of the Loan Documents; (b) if any representation or warranty of Borrower in this Mortgage shall be untrue in any respect when made; (c) a default in the performance of any covenant or agreement of Borrower in this Mortgage; (d) the filing of any lien or charge against the Property or any part thereof which is not removed to the satisfaction of Bank within a period of thirty (30) days thereafter; (e) the institution of any proceeding to enforce the lien or charge upon the Property or any part thereof; (f) the filing of any proceeding by or against Borrower in bankruptcy, or an assignment by Borrower for the benefit of its creditors, or the placing of Borrower's property in receivership, trusteeship or conservatorship with or without action or suit in any court; or (g) the abandonment by Borrower of all or any part of the Property.

20. REMEDIES. Upon the occurrence of an Event of Default: (a) Bank, at Bank's option, may declare all of the sums secured by this Mortgage to be immediately due and payable, and may take all steps Bank deems necessary in its sole and absolute discretion to collect such accelerated amount. The Mortgage shall bear interest at the highest rate permitted to be charged on delinquent installments of principal and interest under the Note or the highest rate allowed by law, and this Mortgage shall become absolute and subject to foreclosure. Bank will be entitled to collect in such proceeding all expenses of foreclosure, including, but not limited to, costs of documentary evidence, abstracts, title reports, environmental assessment and audit expenses, appraisal fees, reasonable attorneys' fees and any costs and fees (including attorneys' fees) incurred by Bank in connection with any bankruptcy involving Borrower or the Property; and (b) Bank will have the right, without notice and without regard to the adequacy of any security for the Indebtedness hereby secured and with or without the appointment of a receiver, to enter upon and take possession of the Property, and Bank may operate, manage, rent and lease the Property and collect any rents, issues, income and profits there from the same being hereby absolutely assigned and transferred to and for the benefit and protection of Bank, contingent only upon the occurrence of an Event of Default. All rents collected by Bank may be applied to the cost of operation, maintenance and repair, and reasonable collection, management and attorneys' fees, and then in reduction of any Indebtedness hereby secured in such other proportions as Bank may determine. Notwithstanding anything contained herein to the contrary, all reimbursement obligations of Borrower in favor of Bank contained in this Mortgage, including obligations concerning the reimbursement of attorneys' fees, shall survive the termination of this Mortgage and/or payment in full of the Indebtedness to the extent of any lender liability or other litigation commenced by Borrower against Bank.

21. BORROWER'S RIGHT TO REDEEM. Borrower will have such rights of redemption as are provided by the laws of the State where the Property is located.

22. RECEIVERS. Upon or at any time after the occurrence of an Event of Default hereunder, Bank may request the

appointment of a receiver of the Property, Borrower hereby consenting to the appointment of a receiver. Such appointment may be made either before or after any foreclosure action or sale, without notice and without regard to solvency or insolvency, at the time of application for such receiver, of the person or persons, if any, liable for the payment of the indebtedness secured hereby without regard to the value of the Property at such time and whether or not the same is then occupied as a homestead and without bond being required by the applicant. Such receiver will have the power to take possession, control and care of the Property and to collect all rents, issues, deposits and profits thereof.

23. RIGHTS OF BANK. If Borrower fails to pay any of the Impositions or to make any other payment required to be paid by Borrower under this Mortgage at the time and in the manner provided in this Mortgage, or if an Event of Default occurs under this Mortgage or the Note, then without limiting the generality of any other provisions of this Mortgage and without waiving or releasing Borrower from any of its obligations hereunder, Bank will have the right, but will be under no obligation, to pay any of the Impositions or other payment, or any sums due under this Mortgage, and may perform any other act or take such action as may be appropriate to cause such other term, covenant, condition or obligation to be promptly performed or observed on behalf of Borrower. In any such event, Bank will give Borrower ten (10) days' prior written notice prior to making any such payment, unless in Bank's judgment the sending of a 10-day notice will impair the security of the lien of this Mortgage. Bank and any person designated by Bank will have, and is hereby granted, the right to enter upon the Property at any time and from time to time for the purpose of performing any such acts or taking any such action, and all monies expended by Bank in connection with making such payment or performing such acts (including, but not limited to, legal expenses and disbursements), together with interest thereon at the highest rate permitted by law, from the date of each such expenditure, will be paid by Borrower to Bank forthwith upon demand by Bank and will be secured by this Mortgage.

24. FUTURE ADVANCES. Borrower and Bank intend and agree that this Mortgage will secure unpaid balances of any loan advances, whether obligatory or not, made by Bank to Borrower after this Mortgage is delivered to the Recorder or Clerk for record and whether made pursuant to the Note and the Loan Agreement or not, to the extent that the total unpaid loan indebtedness, which may be outstanding at any time, exclusive of interest, is _____ Dollars (\$ _____), provided that this Mortgage will also secure unpaid balances of advances made for the payment of taxes, assessments, insurance, costs, attorneys' fees or other Impositions incurred or advanced for the protection of the Property. Borrower further covenants and agrees to repay all such loan advances with interest, and that the covenants contained in this Mortgage shall apply to such loan advances.

25. MORTGAGE AS SECURITY FOR OTHER LIABILITIES. (a) This Mortgage shall serve as security for every other liability, obligation and indebtedness of Borrower to Bank however created, direct or contingent, due or to become due, whether now or hereafter existing and whether the same may have been or shall be participated in, in whole or in part, by another party or entity, by trust agreement or otherwise or in any manner acquired by or accruing the holder hereof, whether by agreement with, or by assignment or endorsement to, the Borrower by anyone whomsoever.

(b) It is the express intent of the parties hereto that this Mortgage, the Note, the Loan Agreement and all other Loan Documents and any amendments, restatements extensions or renewals thereof, will also evidence and secure any additional loan advances to Borrower made after the delivery of this Mortgage to the Recorder for filing or recording.

26. UNIFORM COMMERCIAL CODE SECURITY AGREEMENT. Borrower hereby grants Bank a security interest in all items included in the Property which can be subject to a security interest under the Uniform Commercial Code. Borrower will execute and deliver to Bank all financing statements and other documents requested by Bank to perfect its security interest in such property, and Borrower will pay the expense of filing such documents and of conducting a search of the records in which documents are recorded. The covenants and agreements of Borrower throughout this Mortgage will apply to all items which are subject to the security interest granted herein. Upon the occurrence of any Event of Default under this Mortgage, Bank will have the remedies of a secured party under the Uniform Commercial Code and, at Bank's sole option, may also invoke the remedies provided in this Mortgage. In exercising any of such remedies, Bank may proceed against the items of real property specified above as part of the Property separately or

together and in any order whatsoever, without in any way affecting the availability of Bank's remedies under the Uniform Commercial Code or of the remedies in this Mortgage. The parties agree that if Bank shall elect to proceed with respect to the personal property portion of the Property separately from the Real Property, five (5) days notice of the sale shall be reasonable notice. Borrower hereby authorizes Bank to execute and file financing statements signed only by a representative of Bank covering the security interest of Bank in the Property.

BORROWER AND BANK HEREBY WAIVE THE RIGHT TO TRIAL BY JURY OF ANY MATTERS ARISING OUT OF THIS AGREEMENT OR ANY OTHER DOCUMENT RELATED HERETO.

IN WITNESS WHEREOF, Borrower has executed this Mortgage as of the date set forth above.

EXHIBIT A

(REAL ESTATE)

EXHIBIT B

All of the Borrower's right, title, interest, estate, claim and demand, either at law or in equity, in and to:

(a) All equipment, machinery, apparatus, fittings, building materials, fixtures, inventory and articles of personal property of every kind and nature whatsoever, now or hereafter attached to or placed in or upon the Real Estate or any part thereof and used or procured for use in connection with any present or future operation of said premises or any business conducted thereon or the construction of improvements thereon and now owned or hereafter acquired by the Borrower, and any and all replacements thereof, additions thereto and substitutions therefor, including, without in any manner limiting the generality of the foregoing, all materials, engines, furnaces, boilers, stokers, pumps, tanks, heaters, oil burners, dynamos, generators, scales, motors, maintenance equipment of every kind and nature, switchboards,

furniture, furnishings, telephones, doors and hardware, electrical wiring and equipment, heating, plumbing, washroom, toilet and lavatory fixtures and equipment, lifting, ventilating and incinerating apparatus, sprinkler and other fire extinguishing and fire prevention apparatus or systems, air-conditioning apparatus, gas, electric and steam fixtures, elevators, conveyors, escalators, hoists, vaults and safes, fittings, radiators, chutes, ducts, tools, building supplies, lobby decorations and window washing hoists and equipment, office equipment, and including all equipment installed or to be installed or used or usable in connection with the operation of any improvements and appurtenant facilities erected or to be erected upon said premises or appropriate to the use thereof, and whether affixed or annexed or not; and

(b) All proceeds of the conversion, voluntary or involuntary, of any of the foregoing and following collateral into cash or liquidated claims, including, without limitation, the proceeds of insurance and eminent domain awards; and

(c) All leases, earnings, revenues, rents, issues, profits, avails and other income of and from the Real Estate, whether existing now or hereafter acquired; and

(d) All of the records and books of account now or hereafter maintained by the Borrower in connection with the Real Estate; and

(e) All names, if any, as may now or hereafter be used for the Real Estate and the collateral and the goodwill associated therewith; and

(f) All chattel paper, demands, documents, contract rights, deposit accounts, deposits, accounts receivable accounts, utility deposits and general intangibles of, from and relating to the Real Estate, whether existing now or hereafter acquired; and

(g) All water, water rights, mineral rights, ditches, ditch rights, reservoirs and reservoir rights appurtenant to, located on or used in connection with the Real Estate, whether existing now or hereafter acquired; and

(h) All of the right, title, interest, estate, claim or demand of the Borrower either at law or in equity in and to all architectural, engineering and similar plans, specifications, drawings, renderings, profiles, studies, shop drawings, reports, plats, surveys and the like, and all permits and the like, relating to the Real Estate or any improvements or appurtenant facilities erected or to be erected upon or about the Real Estate; and

(i) All building materials upon the premises, including without implied limitation, bricks, wood, glass, plastic, pipes, tools, concrete block, steel, steel products, iron products, tile, wiring and electrical equipment, materials and parts, all roofing equipment, materials and supplies, and all other building materials; and

(j) All of Borrower's right, title and interest in and to any construction contracts respecting the Real Estate.

This list of Collateral does not cover any items of property described above which are owned by bona fide tenants of the Borrower and which have been installed upon the Real Estate for purposes relating to their respective tenancies, provided, however, that any such tenant has the right to remove the same at or before the expiration of the term of any applicable lease.

EXHIBIT C

(PERMITTED ENCUMBRANCES)

1. Real estate taxes and assessments which are a lien, but not yet due and payable.
2. Zoning ordinances.

26-22 Current Legal Forms for Real Estate FORM 22.113

FORM 22.113 Purchase money mortgage--arrangement for partial release of portions of mortgaged property

COMMENT

This form illustrates a purchase money mortgage. A purchase money mortgage is simply a mortgage that a buyer of property gives to seller to secure all or a portion of the selling price. In general, a mortgage will contain covenants on the part of the mortgagor to make timely payments of principal and interest, to pay all taxes on the property, to carry adequate insurance, and to prevent waste. Besides specifying these obligations of the mortgagor, this instrument contains certain agreements by the mortgagee which are essential to enable the mortgagor to develop and subdivide the property.

It is important for a developer who intends to subdivide property to be able to obtain partial releases from existing liens. When the developer has this right, it should be incorporated in the mortgage, so that it will become a matter of public record. This purchase money mortgage specifies the conditions for the partial release of acreage.

The mortgagee under this instrument is required to subordinate his interest to temporary construction loan mortgages. This obligation is enforceable only if the mortgagor has obtained a commitment for permanent long-term financing. In many cases, such a commitment will be a condition to the granting of the construction loan. Thus, the requirement for such a commitment in the mortgage should pose no extra burden upon the mortgagor.

This mortgage also contains language which limits the recourse of the mortgagee to the mortgaged property. Additionally, since a portion of the property being purchased from the mortgagee is not subject to the mortgage, the mortgagee is giving up any claim that it would have to that property.

FORM

This mortgage executed at _____ [city], _____ [state], on _____ [month] _____ [day], _____ [year], by _____ [name] (the "Mortgagor"), unto _____ [name] (the "Mortgagee").

1. Grant of Mortgage. For good and valuable consideration and also in consideration of the aggregate sum named in the promissory note of even date herewith, a copy of which is attached as Exhibit A, the Mortgagor does grant unto the Mortgagee, its successors or assigns, in fee simple, all those certain tracts of land owned by the Mortgagor situated in _____ [county], _____ [state], (the "Property"), described on Exhibit A. To have and to hold the same together with the tenements, hereditaments, and appurtenances unto the Mortgagee, its successors or assigns, in fee simple.

2. Exclusion from Mortgage. There is excluded from this purchase money mortgage the premises described on Exhibit B which are part of the property conveyed by the Mortgagee unto the Mortgagor, which, according to the agreement of the parties, was to be conveyed free and clear and not to be encumbered by the lien of this purchase money mortgage.

3. Warranty of Title. The Mortgagor, for itself and its successors or assigns, warrants to the Mortgagee, its successors or assigns, that the Mortgagor is indefeasibly seized of such land in fee simple; that the Mortgagor has full power and lawful right to convey such land in fee simple, as above set forth; that it shall be lawful for the Mortgagee, its successors or assigns, at all times peaceably and quietly to enter upon, hold, occupy, and enjoy such land; that such land is free from all encumbrances; and that the Mortgagor, its successors or assigns, will make such further assurance to perfect the fee simple title in such land in the Mortgagee, its successors or assigns, as may reasonably be required.

4. Payment of Note. If the Mortgagor, its successors or assigns, shall pay unto the Mortgagee, its successors or assigns, the promissory note attached as Exhibit C and shall perform, comply with, and abide by all of the stipulations, agreements, conditions, and covenants of such promissory note and of this instrument, then this instrument and the estate thereby created shall cease and be null and void.

5. Covenants of Mortgagor. The Mortgagor, for itself and for its successors or assigns, hereby covenants with the Mortgagee, its successors or assigns, as follows:

(a) To pay all sums payable by virtue of the promissory note and this instrument promptly when such sums become due.

(b) To pay the taxes, assessments, levies, liabilities, obligations, and encumbrances of every nature on the property. If the same are not promptly paid, the Mortgagee may at any time pay the same without waiving or affecting the option to foreclose or any right hereunder, and every such payment so made shall bear interest from the date thereof at the rate of _____ percent (_____%) per year.

(c) To pay the costs, charges, and expenses, including attorney's fees, reasonably incurred or paid at any time by the Mortgagee because of the Mortgagor's failure to perform, comply with, and abide by the stipulations, agreements, conditions, and covenants of the promissory note and this instrument, and every such payment shall bear interest from the date of such payment at the rate of _____ percent (_____%) per year.

(d) To keep the buildings now or hereafter on the property insured against damage by fire and windstorm in insurance companies authorized to do business as such in _____ [state], in sums sufficient to prevent the parties in interest from being or becoming coinsurers of any part of the risk, and to cause such policies to contain a standard mortgagee form clause naming the Mortgagee as insured, as the Mortgagee's interest may appear. In addition, in the event that the premises are located within a federally-designated flood zone, the Mortgagor shall obtain flood insurance as well. If the Mortgagor fails to keep the buildings insured in the foregoing manner, the Mortgagee may place and pay

such insurance or any part thereof without waiving or affecting the option to foreclose or any rights hereunder, and every such payment shall bear interest from its date at the rate of _____ percent (_____)%) per year.

(e) To commit or allow no waste, impairment, or deterioration of the property provided that the doing of either or both of the following by the Mortgagor: (i) the excavation and digging of canals and the creation of artificial lakes or waterways, or (ii) the removal and transfer of soil, rock, or muck from the bona fide extension or development of the canal, lake, and drainage system of the mortgaged property from one area originally encumbered by this mortgage, will not constitute waste, impairment, or deterioration of the mortgaged property by the Mortgagor.

(f) To perform, comply with, and abide by the stipulations, agreements, conditions, and covenants in the promissory note and in this Mortgage.

6. Acceleration of Amount Due. If any sum of money herein referred to is not paid within _____ (_____) days after the Mortgagee shall have given the Mortgagor written notice specifying a default, or if the stipulations, agreements, covenants, and conditions of the promissory note and of this instrument are not fully performed, complied with, and abided by within _____ (_____) days after the Mortgagee shall have given the Mortgagor written notice specifying the nature of the default, then and in either of such events the aggregate unpaid sum mentioned in the promissory note shall become due and payable on the 31st day after such notice of default shall have been given, as fully and completely as if the aggregate sum were originally stipulated to be paid on such day. Nothing herein contained, however, shall be construed to prohibit the Mortgagor from curing any such default during the period covered by the notice of default and thereupon restoring the mortgage to good standing and, as to such default or defaults so cured, eliminating the effect of the acceleration provided for in this paragraph.

7. Joinder in Platting. This mortgage having been given and accepted in contemplation of the fact that the Mortgagor may desire to cause the property to be subdivided and platted with the plats recorded among the Public Records of _____ [county] County, _____ [state], the Mortgagor is authorized to cause such plat or plats, as it may desire, to be prepared, and as such plat is prepared, the Mortgagee will join with the Mortgagor in the execution or dedication contained in each such plat. At the time of such joinder, there shall be ascertained by the survey of a competent surveyor or engineer the amount of acreage contained in and covered by each such plat. Nothing herein contained shall be construed as making it obligatory upon the Mortgagor to effect a platting.

8. Partial Releases. The Mortgagee shall, upon the Mortgagor's demand, effect, execute, and deliver to the Mortgagor instruments of release releasing from the lien of this mortgage such portions of the property encumbered hereby as the Mortgagor may require. The Mortgagor, to be entitled to the execution of each such release, shall pay to the Mortgagee, simultaneously with the receipt of each such release, an amount equal to _____ Dollars (\$_____) multiplied by the number of acres to be released. Regardless of whether the Mortgagor prepays any part of the principal of the mortgage debt, partial release shall be granted at the rate of one acre for every timely payment of _____ Dollars (\$_____) of the principal of the mortgage debt.

Notwithstanding any provision contained herein, Mortgagee shall not be obligated to provide any partial release where Mortgagor is in default under any of the terms and conditions contained herein. Mortgagor shall be required to cure all defaults in full before a release may issue.

If the Mortgagor sells a lot or lots (or in the case of unplatted property, a portion or portions of the property encumbered hereby) and gives written notice of such sale to the Mortgagee, the Mortgagee shall execute a partial release of such property from the lien of the within mortgage whenever the release amount, computed in accordance with the terms set forth above, is paid to the Mortgagee. The Mortgagor may give notice of such sale to the Mortgagee at any time before a final decree of foreclosure has been entered, which forecloses this mortgage. For the purposes of this paragraph, a sale

will be deemed to have been made when the Mortgagor executes a deed of conveyance to a purchaser or enters into a valid and binding contract to sell and deliver to a purchaser. Any moneys paid to and received by the seller for the execution of releases pursuant to the terms of this paragraph shall not, if paid after foreclosure shall have been instituted, waive the rights of the Mortgagee to continue the foreclosure action, nor shall they have any effect upon the exercise by the Mortgagee of the acceleration privilege contained in Paragraph 6 hereof; nor shall they have any effect upon the pendency of the foreclosure proceedings, except to entitle the person effecting such payment to the release of the property for which the release amount was paid and, insofar as the Mortgagee is concerned, to constitute a credit against the mortgage debt.

The Mortgagee knows that the ability of the Mortgagor to procure releases promptly, if, as, and when the Mortgagor (or a purchaser from the Mortgagor) becomes entitled to receive them, is of the utmost importance. Therefore, the Mortgagee shall at all times maintain at its principal place of business in _____[*county*] County, _____[*state*], a person who is authorized to execute such releases on behalf of the Mortgagee. Such releases shall be executed and delivered, when sought in compliance with the provisions contained herein, not later than five days after written demand for such release has been made upon the Mortgagee.

9. Subordination. This mortgage having been given and accepted in contemplation of the fact that the Mortgagor may decide to develop the property by building or by causing to be built houses or other improvements thereon, and that in connection with any such building it will become necessary for the within mortgage to be subordinated to mortgages which evidence and secure temporary financing, the Mortgagee shall, at the request of the Mortgagor and subject to the provisions hereof, subordinate the lien of this mortgage to temporary construction loan mortgages and execute appropriate instruments evidencing such subordination, without payment of release amounts by the Mortgagor.

The Mortgagor shall not be entitled to require subordination of the within mortgage to a temporary construction loan mortgage unless, at the time of requiring such subordination, the Mortgagor affords the Mortgagee evidence of the fact that the Mortgagor has a commitment for a permanent mortgage loan against the lot or lots covered by the temporary construction loan mortgage to which the Mortgagor is then requiring the Mortgagee to subordinate the lien of this mortgage. Such commitment must show that the Lender has agreed to make the loan and close the mortgage loan transaction when the building on the property has been completed and the sale of it to a purchaser has been consummated and closed.

The Mortgagee shall be required to subordinate the lien of this mortgage to temporary construction loan mortgages only if both the temporary construction mortgagee and the permanent mortgagee are institutional lenders. An institutional lender means a bank, a trust company, a federal savings and loan association, an insurance company, or any other institution (as distinguished from a private individual) which is engaged in whole or in part in the business of making mortgage loans on real property.

When a construction loan is paid off and a lot is released from the lien of the construction loan mortgage, then, simultaneously with the closing of the permanent mortgage loan, the Mortgagee will release the lot from the lien of this mortgage (if it shall not have been theretofore released) upon payment of the release amount computed in accordance with the provisions of Paragraph 8 hereof.

The Mortgagee shall subordinate the lien of this mortgage to easements for public utilities which the Mortgagor may execute or grant to public or quasi-public service companies in connection with the use or development of the property.

10. Miscellaneous. The following additional provisions shall be applicable.

(a) The rights of the Mortgagee under this mortgage are limited to the security the mortgage encumbers. No personal or deficiency judgment may ever be sought or obtained against the Mortgagor.

(b) All benefits and obligations contained herein shall accrue to and be binding upon the respective parties hereto and their respective successors or assigns.

(c) The debt this mortgage secures may be prepaid in whole or in part in advance of its maturity without penalty or premium for such prepayment.

(d) The Mortgagee will at all times specify in writing the place to which notice shall be given by the Mortgagor when requiring partial releases or the execution of instruments of subordination, which place will be in _____ [county] County, _____ [state]. Such place shall also be the place for the delivery of such instruments of partial release and of subordination. A place once specified shall remain such until it shall have been changed by written notice given by the Mortgagee to the Mortgagor. The place for the application for and the delivery of instruments of partial release and instruments of subordination is _____ [address].

(e) Inasmuch as this mortgage imposes certain obligations upon the Mortgagee, the Mortgagee has joined in the execution of this mortgage to evidence it to be the fact that the Mortgagee has in fact agreed to those provisions which impose such duties upon the Mortgagee.

IN WITNESS WHEREOF the Mortgagor and the Mortgagee have caused these presents to be executed under seal on the day and year first hereinabove written.

26-22 Current Legal Forms for Real Estate FORM 22.114

FORM 22.114 Mortgage

COMMENT

The mortgage contains an interesting provision allowing the release of a lot from the terms of the mortgage upon payment of a specified sum. (See Paragraph 30.) This permits the construction and sale of individual dwelling units upon the released lots. The mortgage provides that the developer must not be in default at the time a release is granted. In the event that a default has already occurred, it must be fully cured before the developer is entitled to a release.

FORM

MORTGAGE

THIS MORTGAGE, made the _____[day] day of _____[month]
_____, _____[year], between _____[name], a(n) _____[state]
_____[entity] with offices for the conduct of business located at _____[address]
(hereafter known as the "Borrower"), and _____[name], a(n) _____[state]
_____[entity] with offices for the conduct of business located at _____[address]
(hereafter known as "Lender").

WITNESSETH, that in order to secure the payment of an indebtedness in the principal sum of _____
Dollars (\$ _____), lawful money of the United States of America, with interest thereon, all to be paid
according to a certain bond or note and building loan agreement bearing even date herewith, and also any and all further
loans or indebtedness owed or to be owed by the Borrower, or any subsequent owner of the mortgaged premises, to the
Lender, the Borrower hereby mortgages to the Lender

ALL THAT CERTAIN PARCEL OF LAND, with the buildings and improvements thereon erected, commonly known as _____[*address*], and more particularly described in "Schedule A", annexed hereto and made a part hereof, being the same premises conveyed to the Borrower herein by deed dated _____[*month*] _____[*day*], _____[*year*], and assigned document number by the _____[*county*] County Clerk.

TOGETHER with all right, title and interest of the Borrower, of, in, and to any land lying in the bed of any street, road or highway, in front, behind, or adjacent to the premises above described;

TOGETHER with all fixtures and articles of personal property, now or hereafter affixed to, or used in connection with, the premises or Borrower's business, all of which are covered by the lien of this Mortgage;

TOGETHER with the appurtenances, and all the estate and rights of the Borrower in and to said premises;

And the Borrower covenants and agrees with the Lender as follows:

1. Mortgage Subject to Building Loan Agreement. This mortgage is subject to the terms of a certain building loan agreement of even date herewith between Borrower and Lender.
2. Borrower to Pay Back Loan. The Borrower will pay the indebtedness, as provided in the accompanying bond or note, in a timely fashion. The terms, conditions and covenants of the bond or note secured hereby are made a part of this Mortgage. Said terms, conditions and covenants are incorporated by reference, with the same legal effect as if fully set forth hereat.
3. Borrower to Keep Mortgaged Premises Insured. The Borrower will keep the buildings and other improvements located on the premises, together with all fixtures and personalty covered hereby, insured for the benefit of the Lender against loss by fire and such other casualties as may be required by the Lender, by such companies as are acceptable to the Lender. Said insurance will be in the amount of the remaining principal balance of the Mortgage or the full replacement value of the buildings, other improvements, fixtures and personalty, and building materials stored on site covered by the lien of this Mortgage, whichever is greater. Borrower will assign and deliver the policies to the Lender, and he will reimburse the Lender for any premium payments for insurance made by the Lender because of the Borrower's failure to so insure as required herein or because of Borrower's failure to so assign and deliver the said insurance policies.
4. Borrower Warrants Title to Premises. The Borrower hereby warrants title to the premises, fixtures and personal property mortgaged hereby and will defend and maintain the lien of this Mortgage as a valid first lien on the premises.
5. Borrower to Maintain Mortgaged Premises in Good State of Repair. The Borrower affirmatively covenants to maintain the buildings on said premises in good repair. Borrower will not alter, demolish or remove any building, fixture or personal property mortgaged hereby, or any part thereof, without obtaining the written consent of the Lender in advance. Borrower will not suffer or permit any waste on the premises. Borrower will comply with all statutes, orders, and requirements of the federal, state, and municipal governments, or any departments or bureaus thereof, having jurisdiction over the premises covered by the lien of this Mortgage. The holder of this Mortgage, its successors, assigns, officers or agents, shall have the right to inspect the mortgaged premises from time to time at any reasonable hour of the day without advance notice to the Borrower.
6. Default and Acceleration of Loan Repayments. The whole of said principal sum and interest shall become due and payable at the option of the Lender: after default in the payment of any installment of principal and/or of interest for thirty (30) days; or after default for thirty (30) days in the payment of any other sum required to be paid by the

Borrower to the Lender under this Mortgage or under the terms of the bond or note secured hereby; or after default in the payment of any tax, special assessment, water rent, sewer rent or other assessment, which may become a lien against the property covered by the lien of this Mortgage, for thirty (30) days after the same becomes due and payable; or after default (following notice and demand) either in assigning and delivering the policies of insurance for the buildings and improvements which insure Lender against loss by fire or other casualty, or in reimbursing the Lender for premiums paid on such insurance, as herein before provided; or after default (following request) in furnishing a statement of the amount due on the Mortgage and whether Borrower has any claim of offsets or defenses against the Mortgage debt, as hereinafter provided; or after any other default under the terms, covenants or conditions of this mortgage, or of the bond or note secured hereby, or upon the commencement by any party of an action or proceeding for the foreclosure or enforcement of any lien alleged to be filed against the mortgaged premises.

7. Receiver of Rents to be Appointed Following Institution of Action to Foreclose. The holder of this mortgage, in any action to foreclose this Mortgage, shall be entitled to the appointment of a receiver of rents without notice to the Borrower and without regard to the adequacy of any security for the debt.

8. Borrower to Surrender Possession of Mortgaged Premises after Default. After any default hereunder, the Borrower shall, upon demand, surrender possession of the premises to the Lender. After any such default, the Lender may enter upon the premises or any part thereof. Lender may lease the same to third parties and collect the rents, income and profits therefrom, which are due or become due, and apply the same, after payment of all charges and expenses of entry and management, to the account of the Borrower. The Borrower hereby assigns to the Lender all of the said rents, income and profits and all the leases existing at the time of such default. This assignment shall act as further security for the payment of the indebtedness. Such entry, by or on behalf of the Lender, shall not be deemed to constitute the Lender a "Lender in possession." If the Borrower remains in possession thereof after any such default, the Borrower shall be a tenant of the Lender. In such case, the Borrower agrees to pay upon demand and in advance to the Lender a reasonable monthly rental fee for the premises or the portion so occupied by Borrower. The Lender may also dispossess, by summary proceedings or otherwise, any tenant of the Borrower, if such party fails to pay the rental fee as herein described. This provision shall, at the option of the Lender, become operative immediately after the happening of any event of default and without regard to whether foreclosure proceedings have been instituted and without application for the appointment of a receiver. In the event that a receiver of such rents, income or profits is so appointed, this provision shall inure to the benefit of such receiver.

9. Borrower to Pay Lender's Attorneys' Fees and Other Related Costs in Event of Foreclosure. If any action or proceeding is commenced by the Lender to foreclose this Mortgage or to collect the indebtedness, the Borrower agrees to pay to the Lender statutory costs, expenses and reasonable attorneys' fees in connection with such action or proceeding. The said costs, expenses and attorneys' fees shall be deemed to be secured by the lien this Mortgage. The said costs, expenses and attorneys' fees may be collected as part of the foreclosure or as part of some other action or proceeding. The said costs, expenses and attorneys' fees shall be a lien on the premises covered by this Mortgage, existing prior to any right or title to, interest in, or claim upon, the premises attaching or accruing subsequent to the lien hereof.

10. Following Foreclosure, Premises May be Sold in One or More Parcels. If the lien of this Mortgage is foreclosed, the premises covered hereunder may be sold in one or more parcels, at the option and discretion of the Lender, subject to any provision of the law.

11. Borrower to Reimburse Lender for Expenses Arising From Certain Types of Litigation. If any action or proceeding is commenced to which the Lender, by virtue of being Lender hereunder, becomes a party, the Borrower will reimburse the Lender for its expenses in connection therewith, including, but not limited to, legal fees and court costs.

12. Borrower to Pay All Taxes, Assessments, Water Rents, etc.. The Borrower will pay all taxes, assessments, water rents or sewer rents when due. If Borrower fails to do so, the Lender may pay the same. Borrower shall reimburse

Lender therefor upon demand, together with interest at the note rate.

13. Upon Request, Borrower Will Furnish Lender With Statement of Amount Due on Mortgage. The Borrower, within five (5) days of request made in person, or within ten (10) days of request made by mail, will furnish a written statement, duly acknowledged before a notary public, of the amount due on this mortgage, and whether any offsets or defenses to payment of the mortgage debt exist.

14. Notice and Demand Must be in Writing. Any notice and demand permitted or required hereunder shall be in writing and shall be served in person or by certified mail, return receipt requested.

15. Abandonment of Mortgaged Premises by Borrower. If the premises covered by the lien of this Mortgage, or any part thereof, shall be abandoned or vacated by the Borrower, or by the then-owner thereof, the Lender shall have the right to enter upon and take possession of the premises to protect and conserve its security. Lender shall be vested with all usual powers of a Lender in possession.

16. Borrower Covenants That it Has Made no Pledge or Assignment of Any Rents, Issues or Profits. Borrower has made no pledge or assignment of any of the rents, issues or profits of the said mortgaged premises, or any part thereof. Borrower has not accepted prepayment of rents. Borrower will not further pledge or assign such rents, or any part thereof, during the term of this Mortgage without the written consent of the Lender, in advance.

17. Tax Law Changes. In the event that any law is passed which changes in any way the laws for the taxation of mortgages or debts secured by mortgages, the Lender shall have the right to give thirty (30) days written notice to the Borrower and require the payment of the indebtedness in full. If such notice is given, the indebtedness secured by the lien of this Mortgage shall become immediately due and payable at the expiration of said thirty (30) days.

18. Failure of Lender to Require Strict Performance is Not Waiver or Release of its Rights. If Lender fails at any time to require the strict performance of any of the terms or covenants of this Mortgage, said failure shall not act as a waiver or release of such terms or covenants.

19. Modifications of Terms Contained in Accompanying Note or Bond. Any of the terms of the bond or note secured hereby may, at any time, be modified or altered by the Lender with the consent of the Borrower or the then-owner of the mortgaged premises, without impairing or affecting the priority of the lien of this Mortgage with respect to any subsequent lien or encumbrance.

20. Release of Portion of Mortgaged Premises. The Lender may, at any time, release any portion of the mortgaged premises, or any fixtures or other personal property pledged or assigned to it as additional security for the payment of the bond or note and indebtedness secured by this Mortgage, without regard to the consideration for such release. Lender may accept other securities or other personal property in place thereof without being accountable to any other lienholder.

21. Certain Other Events That Will Accelerate Repayment of Loan. In the event that the premises subject to the lien of this Mortgage are sold, transferred, made subject to a "land sale" contract, or leased for a period exceeding _____ (_____) years, or are otherwise conveyed, voluntarily or involuntarily, while this Mortgage shall remain a lien thereon, this Mortgage and the bond or note secured thereby shall, at the option of the Lender, become immediately due and payable. A transfer of stock ownership of the Borrower to another entity or to other principals to such an extent as would place the control of the Borrower in other than the current _____ (_____) principal shareholders, or a change in ownership of shares constituting more than _____ percent (_____) of the outstanding and issued shares of the Borrower, shall be deemed a sale of the premises and will entitle Lender to demand payment in full of the outstanding balance.

22. Copy of Annual Operating Statement for Lender. The Borrower will furnish to the Lender the annual operating statement for the premises and/or financial statements of the Borrower in a form satisfactory to Lender within thirty (30) days after the close of Borrower's fiscal year, together with copies of Borrower's state and federal income tax returns.

23. Borrower is Corporation. Borrower represents that it is a corporation. Neither its certificate of incorporation, any amendment thereto, nor its by-laws requires the consent of shareholders to the execution and delivery of this Mortgage. The execution and delivery of this Mortgage and the note or bond secured thereby have been duly authorized by its Board of Directors at a duly-called meeting.

24. Terms in Mortgage Pertaining to Number and Gender of Parties. If more than one person joins in the execution of this Mortgage, the relative words herein shall be read as if written in the plural. If any Borrower be of the female gender, the relative words herein shall be read as if written in the feminine gender. If more than one person joins in the execution of this Mortgage, all the obligations herein contained shall be construed to be the joint and several obligations of all the said persons. If the Borrower is a corporation, all relative words shall be read as if written in the neuter gender.

25. Maximum Amount of Mortgage. The maximum amount secured by this Mortgage is the sum of _____ Dollars (\$ _____). This maximum amount shall be increased by the amount of any statutory costs, expenses and legal fees incurred by the Lender in any foreclosure or lawsuit. The maximum amount shall also be increased by the amount of any taxes or insurance premiums paid by Lender hereunder.

26. Flood Insurance. The Borrower, its heirs, successors and assigns will, if required, keep the mortgaged premises insured against loss by flood under the provisions of the Federal Flood Disaster Protection Act of 1973 for the benefit of Lender, up to the amount of the Mortgage debt or the maximum amount of coverage available. In the event of failure to obtain such insurance, the holder of the Mortgage may, at its option, insure the premises in the above manner and add the premiums therefor to the principal debt secured by this Mortgage.

27. Agreement May Not be Orally Amended, Terminated or Changed. The terms of this Mortgage may not be amended, terminated or otherwise changed orally. The covenants contained in this Mortgage shall run with the land and bind the Borrower, the heirs, personal representatives, successors and assigns of the Borrower, and all subsequent owners, encumbrancers, tenants and subtenants of the premises. The covenants contained herein shall inure to the benefit of the Lender, its successors, assigns and all subsequent holders of this mortgage.

28. Mortgage Secures Note. This mortgage secures a note which has a variable interest rate.

29. Sale of Portion of Mortgaged Premises. Notwithstanding anything to the contrary above stated, nothing herein shall be construed as preventing the sale of a portion of the premises described in Schedule "A", annexed hereto, provided a release is first obtained as herein provided below.

30. Lender Agrees to Release Sections of Mortgaged Premises. The Lender agrees to release sections of the mortgaged premises described in Schedule "A" in one-acre units. Each unit will be released upon the payment of the sum of _____ Dollars (\$ _____) to Lender. The sum is determined by dividing the loan amount by the number of acres contained in Schedule "A." The payment for each release shall be applied to the indebtedness owed by the Borrower, as evidenced by the note and secured by this Mortgage in the manner provided in the note.

All costs and expenses incurred in connection with each release, including Lender's reasonable attorneys' fees for the preparation of the release and the recording fee will be the sole responsibility of Borrower and shall be paid in full upon the delivery of each release.

Notwithstanding the foregoing, Lender shall not be required to accept tender of payment for release or provide a release when Borrower shall be in default under any of the terms of this Mortgage or the note of even date which it secures.

IN WITNESS WHEREOF, this Mortgage has been duly signed and executed by the Borrower.

26-22 Current Legal Forms for Real Estate FORM 22.115

FORM 22.115 Deed of Trust

COMMENT

A deed of trust is similar to a mortgage. A deed of trust encumbers the property in the same way a mortgage encumbers property. The main difference between a deed of trust and a mortgage is that the grantor does not convey the lien to the lender, but rather to a trustee. The lender is merely the beneficiary. The trustee has a duty to both the grantor and the beneficiary. If the loan is satisfied, the trustee is obligated to release the deed. If there is a default, the trustee is obligated to pursue foreclosure and possession of the property for the benefit of the lender. In some cases, the trustee is given a power of sale, and as such, can avoid the foreclosure process by selling the property in a summary proceeding. This significant difference notwithstanding, the substantive provisions of a deed of trust are very similar to that of a mortgage.

FORM

DEED OF TRUST, ASSIGNMENT OF RENTS, SECURITY AGREEMENT AND FIXTURE FILING

THIS DEED OF TRUST, ASSIGNMENT OF RENTS, SECURITY AGREEMENT AND FIXTURE FILING (this "Deed of Trust") is made and entered into as of _____[month] _____[day], _____[year], from _____[name], a(n) _____[state] _____[entity] ("Grantor" or "Borrower"), with principal offices at _____[address], in favor of _____[name] ("Trustee"), for the use and benefit of _____[name], a(n) _____[state] _____[entity] ("Beneficiary"), with principal offices at _____[address].

WITNESSETH THAT:

WHEREAS, Beneficiary and Grantor, are parties to a certain Credit Agreement dated as of _____ [month] _____ [day], _____ [year] (which, as the same may be restated, amended, supplemented or otherwise modified from time to time, is hereinafter referred to as the "Credit Agreement"), the terms of which are incorporated herein by reference as if fully set forth at length;

WHEREAS, the Borrower has executed and delivered to Beneficiary a certain Master Revolving Note (Eurodollar Rate) dated _____ [month] _____ [day], _____ [year] in the amount of _____ Dollars (\$ _____) (the "Revolving Credit Note" and, together with the this Deed of Trust, the Credit Agreement and all other notes, instruments, documents, letters of credit and agreements executed pursuant thereto and/or evidencing any of the indebtedness secured hereby, in each case as restated, amended, supplemented or otherwise modified, from time to time, collectively, the "Loan Documents");

WHEREAS, Beneficiary has conditioned extension of the Revolving Credit Maturity Date upon the grant by Grantor of a deed of trust lien on and security interest in certain Property (as defined below), as herein provided, for the purpose of securing all debts, liabilities, and obligations of the Borrowers to Beneficiary under the Revolving Credit Note, the Credit Agreement and any and all other indebtedness, liabilities, and obligations of the Borrowers to Beneficiary of every kind and description, direct or indirect, absolute or contingent, due or to become due, now existing or hereafter arising, including, without limiting the generality of the foregoing, any debt, liability, or obligation of any Borrower to Beneficiary under any guaranty of such Borrower to any other person which Beneficiary may have obtained by assignment or otherwise and all interest, fees, charges, and expenses which at any time may be payable by the Borrowers to Beneficiary and all costs and expenses (including reasonable attorneys' and paralegals' fees and disbursements) arising from or relating to claims or causes of action made or filed against Beneficiary by third parties as a result of the actions or inactions of any Borrower, and any judgments that may hereafter be rendered on such indebtedness or liabilities or any part thereof, with interest according to the rates and terms specified, or as provided by law, and any and all consolidations, amendments, renewals, replacements or extensions of any of the foregoing (collectively the "Indebtedness");

NOW, THEREFORE, for and in consideration of the premises, the sum of _____ Dollars (\$ _____) and other good and valuable consideration, the receipt and sufficiency whereof are hereby acknowledged, and in order to secure prompt payment in full of the Indebtedness, Grantor does hereby grant, bargain, sell, convey, assign, transfer, pledge, warrant and set over unto Trustee, its successors and assigns, in trust with power of sale, for the benefit of Beneficiary, all of the Grantor's right, title and interest in and to the following described property and property rights and all replacements and additions thereto (hereinafter collectively referred to as the "Property"):

(a) all those tracts or parcels of land more particularly described in Exhibit A, attached hereto and incorporated herein by this reference (hereinafter referred to as the "Land"), together with all proceeds from the sale thereof and any other real property exchanged therefor;

(b) all buildings, structures, additions and improvements, and all fixtures, fittings, machinery, apparatus, installations, equipment and other property, real, personal or mixed, which are owned by Grantor and used or adopted for use in the operations thereof, including without limitation, all gas and electric fixtures, radiators, pipes, heaters, furnaces, engines and machinery, escalators, boilers, ranges, elevators, motors, plumbing and heating fixtures, carpeting and other floor coverings, fire extinguishers and any other safety equipment required by governmental regulation or law, water heaters, air conditioning apparatus (including, without limitation humidity control equipment), refrigeration plants, refrigerators, cooking apparatus and appurtenances, window screens, awnings, and storm sashes, alarm devices of any type, automatic sprinkler systems, carpet, cabinets and shelving, partitions, paneling, and wall covering, and windows of every type, which are or shall be attached to the Land and owned by Grantor or said buildings, structures, or improvements and all

other fixtures, machinery, equipment, furniture, furnishings, appliances, building supplies and materials (other than property which may be or deemed to be toxic or Hazardous Materials, as defined herein) now or hereafter owned by Grantor and located in, on, or about, and used or intended to be used with or in connection with the use, operation, or enjoyment of the Property, including all extensions, additions, improvements, betterments, after-acquired property, renewals, replacements and substitutions or proceeds from a sale of any of the foregoing;

(c) all of Grantor's right, title and interest in and to easements, rights-of-way, strips and gores of land, vaults, streets, ways, alleys, passages, sewer rights, waters, water courses, water rights and powers, shrubs, crops, trees, timber and other emblements now or hereafter located on the Land or under or above the same or any part or parcel thereof, and all estates, rights, titles, interests, minerals, royalties, easements, privileges, liberties, tenements, hereditaments and appurtenances, reversions and remainders whatsoever, in any way belonging, relating or appertaining to the Property or any part thereof, or which hereafter shall in any way belong, relate or be appurtenant thereto, whether now owned or hereafter acquired by Grantor; and

(d) all present and future income, rents, issues, profits and revenues of the Property from time to time accruing to Grantor (including, without limitation, all payments under leases or tenancies, unearned premiums on any insurance policy carried by Grantor for the benefit of Beneficiary and/or the Property, tenant security deposits, escrow funds and all awards or payments, including interest thereon and the right to receive same, growing out of or as a result of any exercise of the right of eminent domain, including the taking of any part or all of the Property or payment for alteration of the grade of any street upon which the Property abuts, or any other injury to, taking of or decrease in the value of the Property to the extent of all amounts which may be owing on the Indebtedness at the date of receipt of any such award or payment by Grantor, and the reasonable attorneys' fees, costs and disbursements incurred by Beneficiary and/or Trustee in connection with the collection of such award or payment), and all the estate, right, title, interest, property, possession, claim and demand whatsoever at law or in equity, of Grantor of, in and to the same; reserving only the right to Grantor to collect the same as long as no default or event of default as defined herein shall have occurred;

TO HAVE AND TO HOLD the foregoing Property and all parts, rights, members and appurtenances thereof, whether now owned or held or hereafter acquired by Grantor, for the use and benefit of Trustee and the successors and assigns of Trustee forever; and Grantor covenants that Grantor is lawfully seized and possessed of the Property as aforesaid, and has good right to convey and mortgage the same, that the same are unencumbered except as to those matters expressly set forth in Exhibit B, attached hereto and incorporated herein by this reference and the liens and security interests created or otherwise permitted under the Credit Agreement (hereinafter referred to as the "Permitted Exceptions"), and that Grantor does warrant and will forever defend the title thereto against the claims of all persons whomsoever, except as to the Permitted Exceptions and the liens and security interests created or otherwise permitted under the Credit Agreement.

HOWEVER, this conveyance is made in trust for the following uses and trust, and for no other purposes, to wit:

(a) To secure the payment of any indebtedness for borrowed money evidenced by the Revolving Credit Note, with interest thereon at the rate set forth therein, payable according to the terms and conditions set forth therein to the order of Beneficiary at such place as Beneficiary may designate from time to time, with a maturity date of the Revolving Credit Maturity Date. This instrument secures said Revolving Credit Note, principal and interest, and any extensions, modifications, and/or renewals and substitutions thereof, and notes given in payment of principal or interest, and all reasonable attorneys' fees, court costs, and reasonable expenses of whatever kind incident to the collection of said indebtedness and/or the enforcement and/or protection of the lien of this Deed of Trust.

(b) To secure the payment of all sums advanced by Beneficiary, after the occurrence of any event of default under the terms of any of the Loan Documents to protect the Property, with interest thereon at the rate set forth in the Revolving Credit Note.

(c) To secure the payment of all other indebtedness and obligations of Grantor or any Borrower to Beneficiary, whether now existing or hereafter arising.

Grantor hereby further covenants and agrees with Beneficiary as follows:

ARTICLE I

1.01 Payment of Indebtedness, Covenants and Warranties

(a) Grantor will pay the Indebtedness according to the terms thereof and will pay all other sums now or hereafter secured hereby, including, without limitation, all future advances, at the time and in the manner provided under the Loan Documents or otherwise as mutually agreed. Grantor will otherwise perform, comply with and abide by each and every of the stipulations, agreements, conditions and covenants contained in the Loan Documents and any lease or other agreement with respect to the Property to which Grantor is a party.

(b) Except as may arise out of the gross negligence or willful misconduct of the Beneficiary or Trustee, Grantor shall protect, indemnify and hold Beneficiary and Trustee harmless from and against all liabilities, obligations, claims, damages, penalties, causes of action, costs, and expenses (including, without limitation, reasonable attorneys' fees and court costs) imposed upon or incurred by Beneficiary or Trustee by reason of this Deed of Trust or in exercising, performing, enforcing, or protecting its rights, title, or interests set forth herein, and any claim or demand whatsoever which may be asserted against Beneficiary or Trustee by reason of any alleged obligation or undertaking to be performed or discharged by such party under this Deed of Trust. In addition, Grantor covenants and agrees that it shall:

(i) not initiate, join in or consent to any change in any covenant, zoning ordinance, easement, or other public or private restriction, materially limiting or defining the uses which may be made of the Property, or any part thereof, without Beneficiary's prior written consent, which shall not be unreasonably withheld;

(ii) not take any action or fail to take any action which will result in any imposition materially adversely affecting the Property, this Deed of Trust or the rights of either the Beneficiary or Trustee hereunder;

(iii) indemnify and hold both the Beneficiary and Trustee harmless from any and all reasonable costs, damages or liabilities resulting from, arising out of, or related to, the creation or existence of liens, impositions or encumbrances by or against Grantor, or the Property, which are not otherwise Permitted Exceptions hereunder; and

(iv) execute such additional documents as Beneficiary may require to evidence and confirm this Deed of Trust.

(c) Grantor hereby represents and warrants as follows:

(i) Grantor has neither done any act nor failed to do any act which would prevent either the Beneficiary or Trustee from, or limit the Beneficiary or Trustee in, acting under any of the provisions of this Deed of Trust;

(ii) except to the extent otherwise waived, neither the execution and delivery of this Deed of Trust, nor the performance of each and every covenant of Grantor under this Deed of Trust, nor the satisfaction of each and every condition contained in this Deed of Trust, will conflict with, or constitute a breach or default under, any agreement, lease, indenture, or other instrument to which Grantor is a party or is

subject, or any law, ordinance, administrative regulation, or court decree which is applicable to Grantor;

(iii) no action has been brought or, to the best of Grantor's knowledge, is overtly threatened, which would interfere in any way with the right of Grantor to execute this Deed of Trust and perform all of Grantor's obligations contained in this Deed of Trust; and

(iv) Grantor is the sole owner of all right, title and interest in and to the Property, and, except as relates to any Permitted Exceptions, the Property is not subject to any lease or other like arrangement to which Grantor is a party, whether as lessee or lessor thereunder.

1.02 Taxes, Liens and Other Charges

(a) In the event of the passage of any law, order, rule or regulation subsequent to the date hereof, in any manner changing or modifying the taxation of mortgages or security agreements or debts secured thereby or the manner of collecting taxes so as to affect either the Beneficiary or Trustee adversely, Grantor shall promptly pay any such tax on or before the due date thereof, except any income taxes imposed on the interest paid by Grantor on the Indebtedness.

(b) Grantor shall pay, before the due date thereof, all taxes, levies, license fees, permit fees, liens, judgments, assessments and all other expenses, fees and charges (in each case whether general or special, ordinary or extraordinary, or foreseen or unforeseen) of every character whatsoever now or hereafter levied, assessed, confirmed or imposed on, or with respect to, or which may be a lien upon, the Property, or any part thereof, or any estate, right, or interest therein, or upon the rents, issues, income or profits thereof, or incurred in connection with the Indebtedness or any of the Loan Documents, and all premiums on policies of insurance covering, affecting, or relating to the Property, as required pursuant to Paragraph 1.03 hereof, and shall submit to Beneficiary, upon request therefor, such evidence of the due and punctual payment of all such taxes, assessments, insurance premiums and other fees and charges as Beneficiary may reasonably require; provided, however, that notwithstanding the provisions of this section, so long as an Event of Default shall not have occurred hereunder and be continuing, Grantor shall have the right to contest, in good faith, the amount or validity of any tax, lien, judgment or assessment, by appropriate legal proceedings, diligently pursued, so long as, in the event the amount at issue exceeds _____ Dollars (\$ _____) (i) Grantor notifies Beneficiary of Grantor's intent to contest such tax, lien, judgment, or assessment; (ii) Grantor provides Beneficiary with evidence reasonably satisfactory to Beneficiary that such proceedings shall not operate to prevent the sale of the Property or any portion thereof; (iii) Grantor shall have furnished, if Beneficiary so elects, a bond or other assurances reasonably satisfactory to Beneficiary sufficient to satisfy such tax, lien, judgment, or assessment; and (iv) upon any final determination of such contest which is not appealable or is not being appealed by Grantor, Grantor shall pay the amount of such tax, lien, judgment, or assessment then due.

(c) Unless otherwise bonded in a manner reasonably satisfactory to Beneficiary, Grantor, without the consent of Beneficiary, shall not suffer any mechanic's, materialman's, laborer's, statutory or other similar lien to be filed of record or to remain outstanding upon all or any part of the Property for more than ninety (90) days.

1.03 Insurance

(a) Grantor, at its sole cost and expense, shall insure the Property against loss or damage by fire with extended coverage, theft, burglary, pilferage, loss in transit, and such other hazards as Beneficiary shall reasonably specify, in amounts, under policies and by insurers of sound and adequate financial

responsibility reasonably acceptable to Beneficiary. Grantor shall also maintain flood insurance, in the event of a designation of the area in which the Property is located as "flood prone" or a "flood risk area," as defined by the Flood Disaster Protection Act of 1973, in an amount to be reasonably determined by Beneficiary, and shall comply with the additional requirements of the National Flood Insurance Program as set forth therein. Grantor shall cause Beneficiary to be named in each such policy as mortgagee and loss payee or additional insured, in a manner reasonably acceptable to Beneficiary. Each policy of insurance shall contain a clause or endorsement requiring the insurer to give not less than thirty (30) days' prior written notice to Beneficiary in the event of cancellation of the policy for any reason whatsoever and a clause or endorsement stating that the interest of Beneficiary shall not be impaired or invalidated by any act or neglect of Grantor nor by the use of the Property for purposes more hazardous than are permitted by such policy. All premiums for such insurance shall be paid by Grantor when due and duplicate originals or photocopies of the policies shall be delivered to Beneficiary. If Grantor fails to procure such insurance or to pay the premiums therefor when due, Beneficiary may (but shall not be required to) do so and add the costs thereof to the Indebtedness.

(b) Grantor shall promptly notify Beneficiary of any material loss, damage, or destruction to the Property whether or not covered by insurance. Beneficiary shall have the right to collect all insurance proceeds directly and to apply any such proceeds to the reduction of the Indebtedness, in such order as Beneficiary determines, *provided, however*, that so long as no Default otherwise then exists, Beneficiary shall, subject to such reasonable conditions of disbursement as Beneficiary determines appropriate, permit Grantor to use such money to replace, restore or rebuild the Property in a diligent and expeditious manner with materials and workmanship of substantially the same quality as existed before the loss, damage or destruction.

1.04 Condemnation. If all or any material portion of the Property shall be damaged or taken through condemnation (which term when used in this Deed of Trust shall include any damage or taking by any governmental or quasi-governmental authority and any transfer or grant by private sale made in anticipation of or in lieu thereof), either temporarily or permanently, then any award of damages or other compensation made in connection with such condemnation is hereby assigned and shall be paid to Beneficiary who shall apply or release such award in the same manner as set forth in *Section 1.03 above* with respect to insurance proceeds received subsequent to a fire or other casualty affecting all or a part of the Property. Promptly upon learning of any proposed, contemplated or threatened institution of any condemnation proceeding affecting the Property, Grantor shall notify Beneficiary of the pendency of such proceedings, and no settlement respecting awards in such proceedings shall be effected without the consent of Beneficiary, which shall not be unreasonably withheld. Beneficiary is hereby authorized at its option, to commence, appear in and prosecute, in its own or in the name of Grantor, any action or proceeding relating to any such condemnation, and to settle or compromise any claim in connection therewith. Grantor agrees to execute such further assignment of any compensation, awards, damages, claims, rights of action and proceeds as Beneficiary may require. If, prior to the receipt by Beneficiary of such damages or other compensation, the Property shall have been sold on foreclosure of this Deed of Trust, or as a result of other legal action relating to this Deed of Trust or any of the other Loan Documents, Beneficiary shall have the right to receive such award or proceeds to the extent of any unpaid Indebtedness following such sale, with legal interest thereon whether or not a deficiency judgment on this Deed of Trust or any of the Indebtedness shall have been sought or recovered, and Grantor shall indemnify Beneficiary and hold Beneficiary harmless from and against any and all loss, cost, damage, or expense, including attorney fees and litigation expenses incurred by Beneficiary in connection with the collection of such award or proceeds.

1.05 Care of Property

(a) Grantor shall, subject to the occurrence of any insured casualty, keep all improvements of any kind now or hereafter erected on the Land or any part thereof in the same condition and repair as on the date hereof (ordinary wear and tear excepted), shall not commit or suffer any waste, and shall not do or suffer to be done anything which would or could increase the risk of fire or other hazard to the Property or any part thereof or which would or could result in the cancellation of any insurance policy carried with respect to the Property.

(b) Grantor shall not remove, demolish or alter, enlarge or change any structure or other improvement located on the Land which would materially impair the value of the Property without Beneficiary's consent, which shall not be unreasonably withheld. Grantor shall not remove or permit to be removed from the Land any material part of the Property, constituting a fixture or chattel, without the consent of Beneficiary, except as otherwise permitted under the Credit Agreement or, where the same is obsolete or worn out, appropriate replacements are immediately made which are free of any lien, security interest or claim superior to that of this Deed of Trust and which have a value and utility at least equal to the value and utility of the fixture or chattel removed, which replacement shall, without further action, become subject to the lien of this Deed of Trust.

(c) Subject to the provision by Beneficiary of reasonable prior notice to Grantor, Beneficiary or its representative is hereby authorized to enter upon and inspect the Property at all reasonable times.

(d) Grantor will promptly perform and comply, in all material respects, with, and cause the Property to be maintained, used and operated in accordance with, any and all (i) present and future laws, ordinances, rules, regulations and requirements of every duly constituted governmental or quasi-governmental authority or agency applicable to Grantor or the Property, including without limitation, all applicable federal, state and local laws pertaining to air and water quality, hazardous waste, waste disposal, air emissions and other environmental matters, all zoning and other land use matters, and rules, regulations and ordinances of the United States Environmental Protection Agency and all other applicable federal, state and local agencies and bureaus; (ii) similarly applicable orders, rules and regulations of any regulatory, licensing, accrediting, insurance underwriting or rating organization or other body exercising similar functions; (iii) similarly applicable duties or obligations of any kind imposed under any Permitted Exception, or otherwise by law, covenant, condition, agreement or easement, public or private; and (iv) policies of insurance at any time in force with respect to the Property. If Grantor receives any notice that Grantor or the Property is in default under, or is not in compliance with, any of the foregoing, or notice of any proceeding initiated under or with respect to any of the foregoing, Grantor shall promptly furnish a copy of such notice to Beneficiary.

(e) If all or any part of the Property shall be damaged by fire or other casualty, Grantor shall give immediate written notice thereof to Beneficiary and, subject to the provisions of Section 1.03(b), shall promptly restore the Property to the equivalent of its original condition; and if a part of the Property shall be damaged through condemnation, Grantor, subject to the provisions of Section 1.04, shall promptly restore, repair or alter the remaining portions of the Property in a manner reasonably satisfactory to Beneficiary.

1.06 Security Agreement

(a) With respect to the fixtures, fittings, machinery, apparatus, installations, equipment and other property referred to or described in this Deed of Trust within the definition of the term "Property" (other than any property which may be now or hereafter deemed to be toxic or Hazardous materials) whether now owned or hereafter from time to time acquired, together with all substitutions, replacements, additions, attachments, accessories and all of the rents, issues, income, revenues and profits derived from

the Property (hereinafter collectively referred to as the "Collateral"), this Deed of Trust is hereby also made and declared to be a security agreement encumbering each and every item of such Property comprising a part of the Collateral, in compliance with the provisions of the Uniform Commercial Code as enacted in the State of _____ [state] (the "Code"), and Grantor hereby grants Beneficiary a security interest in all such property. At any time and from time to time, Grantor authorizes Beneficiary or Trustee, as the case may be, to file such financing statement or statements as Beneficiary deems appropriate. The remedies for any violation of the covenants, terms and conditions of the security agreement contained in this Deed of Trust shall include, but not be limited to those (i) prescribed herein or in any of the other Loan Documents relating thereto, or (ii) prescribed by general law, or (iii) prescribed by the Code, all at Beneficiary's sole election. Grantor and Beneficiary agree that the filing of any such financing statement or statements in the records normally having to do with personal property shall not in any way affect the agreement of Grantor and Beneficiary that everything used in connection with the operation of the Property or adapted for use therein or which is described or reflected in this Deed of Trust within the definition of "Property" is, and at all times and for all purposes and in all proceedings, both legal or equitable, shall be, regarded as part of the Land, regardless of whether any such item is physically attached thereto, serial numbers are used for the better identification of certain items capable of being thus identified in an exhibit to this Deed of Trust, or any such item is referred to or reflected in any such financing statement or statements so filed at any time. Similarly, the mention in any such financing statement or statements of the rights in and to (A) the proceeds of any insurance policy relating to such property, or (B) any award in eminent domain proceedings for a taking or for loss of value thereof, or (C) Grantor's interest as landlord in any present or future lease or sublease or rights to income growing out of the use and/or occupancy of such property, whether pursuant to a tenant lease of space in the Property or otherwise, shall not in any way alter any of the rights of Beneficiary as determined by this Deed of Trust or affect the priority of the security interest granted hereby or by any other recorded document, it being understood and agreed that such mention in such financing statement or statements is solely for the protection of Beneficiary in the event any court shall at any time hold with respect to the foregoing clauses (A), (B), or (C) of this sentence, that notice of Trustee's and Beneficiary's priority of interest, to be effective against a particular class of persons, must be filed in the Uniform Commercial Code records. The aforesaid security interest shall attach to the Collateral as soon as Grantor obtains any interest in any of the Collateral and before the Collateral becomes fixtures or before the Collateral is installed or affixed to other collateral for the benefit of Beneficiary to secure the Indebtedness, and all other sums and charges which may become due hereunder or thereunder. The foregoing security interest shall cover cash and non-cash proceeds of the Collateral.

In the event of default under this Deed of Trust, Beneficiary shall have the option of proceeding as to both real and personal property in accordance with its rights and remedies in respect of the real property, in which event the default provisions of the Code shall not apply. The parties agree that, in the event an election is made to proceed with respect to the Collateral separately from the real property, the requirement of the Code as to reasonable notice of any proposed sale or disposition of the Collateral shall be met if such notice is mailed to the Grantor, as hereinafter provided, at least ten (10) days prior to the time of such sale or disposition.

(b) To the extent any of the items of Collateral described herein are goods that are or are to become fixtures related to the real estate described herein, it is intended that, as to those goods, this Deed of Trust shall be effective as a financing statement filed as a fixture filing from the date of its filing for record in the real estate records of the county in which the Land is located. Information concerning the security interest created by this instrument may be obtained from the Beneficiary, as "Secured Party" or Grantor, as "Debtor," at their respective mailing addresses, set out in Paragraph 3.05 hereof.

(c) Grantor further covenants and agrees that all of the Collateral shall be owned by Grantor and shall not

be the subject matter of any lease or other instrument, agreement or transaction whereby the ownership or beneficial interest thereof or therein shall be held by any person or entity other than Grantor, except to the extent Beneficiary consents in writing to any lease of any of such property, which consent may be withheld or delayed in Beneficiary's reasonable discretion; nor shall Grantor create or cause to be created any security interest covering any such property, other than (i) the security interest in favor of Beneficiary, (ii) the rights of tenants lawfully occupying the Property pursuant to leases approved by Beneficiary, (iii) the Permitted Exceptions, and (iv) the liens and security interests otherwise permitted under the Credit Agreement.

1.07 Further Assurances; After-Acquired Property. At any time, and from time to time, at Grantor's expense and upon request by Beneficiary, Grantor shall make, execute and deliver or cause to be made, executed and delivered, to Beneficiary and, where appropriate, cause to be recorded and/or filed and from time to time thereafter to be re-recorded and/or refiled at such time and in such offices and places as shall be deemed desirable by Beneficiary, any and all such other and further deeds to secure debt, mortgages, deeds of trust, security agreements, financing statements, continuation statements, instruments of further assurances, certificates and other documents as may, in the opinion of Beneficiary, be necessary or desirable in order to effectuate, complete or perfect, or to continue and preserve, (i) the obligations of Grantor described in this Deed of Trust and (ii) the lien of this Deed of Trust as a first and prior lien upon and security interest in and to all of the Property, whether now owned or hereafter acquired by Grantor, subject only to the Permitted Exceptions and the liens and security interests otherwise permitted under the Credit Agreement. Upon any failure by Grantor so to do, Beneficiary may make, execute, record, file, re-record and/or refile any and all such deeds to secure debt, mortgages, deeds of trust, security agreements, financing statements, continuation statements, instruments, certificates and documents for and in the name of Grantor, and Grantor hereby irrevocably appoints Beneficiary the agent and attorney-in-fact of Grantor so to do. The lien and security interest hereof shall automatically attach without further act, to all after-acquired Property attached to, and/or used in the operation of the Property or any part thereof, to the extent permitted by law.

1.08 Expenses. Unless caused by the gross negligence or willful misconduct of the Beneficiary or Trustee, Grantor shall (a) indemnify the Beneficiary and Trustee and hold the Beneficiary and Trustee harmless from and against, and (b) pay or reimburse the Beneficiary and Trustee, upon demand therefor, for all reasonable attorneys' fees, costs and expenses incurred by the Beneficiary and Trustee in any suit, action, legal proceeding or dispute of any kind in which Beneficiary or Trustee are made a party or appears as a party plaintiff or defendant, affecting the Indebtedness, this Deed of Trust, or the interest created herein, or the Property, including, without limitation, any foreclosure proceedings, any condemnation action involving the Property, any federal bankruptcy proceeding or state insolvency proceeding involving the priorities or rights of creditors, any action to protect the security hereof, or any action or proceeding commenced by governmental authority with respect to the storage, disposal or clean-up of toxic or Hazardous Materials on, under or about the Property; and any such amounts paid by Beneficiary or Trustee shall be added to the Indebtedness secured by the lien of this Deed of Trust and shall bear interest from and after the date when paid at the Default Rate (as defined in the Credit Agreement) in effect under the Credit Agreement.

1.09 Subrogation. To the full extent of the Indebtedness, Beneficiary is hereby subrogated to the liens, claims and demands, and to the rights of the owners and holders of each lien, claim, demand and other encumbrance on the Property which is paid or satisfied in whole or in part, out of the proceeds of the Indebtedness, and the respective liens, claims, demands and other encumbrances shall be, and each of them, is hereby, preserved and shall pass to and be held by Beneficiary as additional collateral and further security for the Indebtedness, to the same extent they would have been preserved and would have been passed to and held by Beneficiary had they been duly and legally assigned, transferred, set over and

delivered unto Beneficiary by assignment, notwithstanding the fact that any instrument providing public notice of the same may be satisfied and cancelled of record.

1.10 Disposition of Property; Liens and Encumbrances. Grantor covenants and agrees with Beneficiary, as part of the consideration for extending the Indebtedness, that without Beneficiary's prior written consent, Grantor shall not, except as otherwise expressly permitted hereunder or under the Loan Documents, voluntarily or by operation of law: sell, transfer, convey, assign or otherwise dispose of, all or any material part of the Property or any interest therein, nor, except as may relate to any Permitted Exception or lien or security interest otherwise permitted under the Credit Agreement, cause or permit any encumbrance or lien to be placed on the Property.

1.11 Performance by Beneficiary or Trustee of Defaults by Grantor. Grantor covenants and agrees that, if it shall default in the payment of any tax, lien, assessment, or charge levied or assessed against the Property; in the payment of any utility charge, whether public or private; in the payment of any insurance premium; in the procurement of insurance coverage and the delivery of the insurance policies required hereunder; or in the performance or observance of any other covenant, condition or term of this Deed of Trust, then, provided Beneficiary has provided Grantor with reasonable notice of its intention to do so, Beneficiary or Trustee, at its option, but without obligation and without notice, may pay, perform or observe the same, and all payments made or costs incurred by the Beneficiary or Trustee in connection therewith shall be secured hereby and shall be, without demand, immediately repaid by Grantor to Beneficiary with interest thereon, from the date such payment is made or expense is incurred by the Beneficiary or Trustee to the date Beneficiary is reimbursed therefor, at the Default Rate provided in the Credit Agreement. Beneficiary shall be the sole judge, exercised in Beneficiary's reasonable discretion, of the legality, validity and priority of any such tax, lien, assessment, charge, claim and premium, of the necessity for any such actions and of the amount necessary to be paid in satisfaction thereof. Subject to the foregoing, Beneficiary or Trustee are hereby empowered to enter and to authorize others to enter upon the Property or any part thereof for the purpose of performing or observing any such defaulted covenant, condition or term without thereby becoming liable to Grantor or any person in possession of any portion of the Property holding under Grantor. Grantor expressly acknowledges and agrees, however, that notwithstanding anything contained in this Paragraph 1.11 to the contrary, neither the Beneficiary nor Trustee shall be obligated under this Paragraph 1.11 to incur any expense or to perform any act whatsoever. Grantor further acknowledges that no performance by Beneficiary or Trustee of Grantor's obligations shall cure Grantor's default or release Grantor from those or any other obligations under this Deed of Trust. Except as may arise out of any gross negligence or willful misconduct of the Beneficiary or Trustee, Grantor hereby indemnifies the Beneficiary and Trustee against any and all costs, liabilities or damages, arising from or in any way related to the performance of Grantor's obligations by the Beneficiary or Trustee.

1.12 Assignment of Leases and Rents

(a) Without intending to derogate from any provision of this Deed of Trust prohibiting the lease of any of the Property without Beneficiary's express written consent, it is agreed that, as additional collateral and to further secure the Indebtedness and other obligations of Grantor, Grantor does hereby absolutely, presently and irrevocably assign, grant, transfer, and convey to Beneficiary, all of Grantor's right, title, and interest in, to, and under all leases, tenant contracts and other contracts, licenses and permits, whether written or oral, affecting the use or occupancy of all or any part of the Property now existing or which may be made hereafter, including any and all extensions, renewals, and modifications of the foregoing and guaranties of the performance or obligations of any tenants thereunder, and all other arrangements of any sort resulting in the payment of money to Grantor or in Grantor becoming entitled to the payment of money for the use of the Property or any part thereof whether such user or occupier is

tenant, invitee, or licensee (all of the foregoing are hereinafter referred to collectively as the "Leases" and individually as a "Lease", and said tenants, invitees, and licensees are hereinafter referred to collectively as "Tenants" and individually as "Tenant" as the context requires), which Leases cover all or any portion of the Property; together with all of Grantor's right, title, and interest in and to all income, rents, issues, royalties, profits, rights and benefits and all Tenants' security and other similar deposits derived with respect to the Leases and with respect to the Property, including, without limitation, all basic and minimum rents, percentage rents, additional rents, payments in lieu of rent, expense contributions, and other similar such payments (hereinafter collectively referred to as "Income"), and the right to collect the same as they become due.

(b) As to each such Lease, if any, Grantor hereby covenants and agrees as follows:

(i) Grantor will be the sole holder of the landlord's interest under the Leases, will be entitled to receive the Income from the Leases and from the Property, and will have the full right to sell, assign, transfer, and set over the same and to grant to and confer upon Beneficiary the rights, interests, powers, and authorities herein granted and conferred;

(ii) Grantor has made no pledge or assignment of the Leases or Income, prior to the date hereof, and Grantor shall not, after the date hereof, make or permit any such pledge or assignment;

(iii) each Lease will be valid, enforceable, and in full force and effect, and Grantor will deliver to Beneficiary true, complete, and correct copies of all Leases with respect to the Property or any part thereof;

(iv) all Leases will provide for rental to be paid monthly, in advance, and Grantor will not accept or permit payment of rental or other Income under any of the Leases for more than one (1) month in advance of the due date thereof;

(v) no security deposit will be made by any Tenant under any Lease except as set forth in such Lease;

(vi) neither this Deed of Trust nor the exercise of rights hereunder shall be deemed to make Beneficiary a mortgagee in possession;

(vii) Grantor shall (A) fulfill, perform, and observe each and every condition and covenant of landlord or lessor contained in each of the Leases; (B) give prompt notice to Beneficiary of any claim of default under any of the Leases, whether given by a Tenant to Grantor, or given by Grantor to a Tenant, together with a complete copy of any such notice; (C) at no cost or expense to Beneficiary, enforce, short of termination, the performance and observance of each and every covenant and condition of the Leases to be performed or observed by the Tenants thereunder; (D) diligently and in good faith enforce the Leases and all remedies available to Grantor against the Tenants in the event of default under any Lease by any Tenant; (E) diligently and in good faith appear in and defend any action arising out of, or in any manner connected with, any of the Leases, or the obligations or liabilities of Grantor as the landlord thereunder, or of the Tenant or any guarantors thereunder; and (F) execute such additional documents as Beneficiary may require to evidence and confirm the Leases;

(viii) Grantor shall not, without the prior written consent of Beneficiary, which shall not be unreasonably withheld, (A) modify, amend, or alter, or agree to the modification, amendment, or alteration of any of the Leases; (B) terminate the term, accept the surrender of, or otherwise cancel any of the Leases; (C) waive or release any Tenant from the performance or observance by such Tenant of any obligation or condition of any of the Leases; (D) discount any future accruing rents under the Leases or other Income;

(E) give any consent to any assignment or sublease by any Tenant under any of the Leases; or (F) grant any rental concessions in connection with any of the Leases. Any attempt to violate the provisions of this subparagraph (viii) shall be void;

(ix) Grantor shall provide Beneficiary with a fully executed original counterpart of each amendment, modification or alteration thereto;

(x) Grantor shall take no action that will cause or permit the estate of any Tenant under any of the Leases to merge with the interests of Grantor in the Property or any portion thereof;

(xi) Grantor shall not do, or fail to do, any act if such action or failure would constitute a violation of any of the Leases or any guaranty of any Lease which would entitle the tenant or guarantor of any Lease to reduce payment of rent or to terminate its Lease or guaranty or otherwise affect or impair the benefits of this assignment nor shall Grantor commit any act or omission that may create in any Tenant a right to cease or reduce payment of rent or terminate its Lease or otherwise affect or impair the benefits of this Deed of Trust;

(xii) Grantor shall authorize and direct, and does hereby authorize and direct, each and every Tenant of the whole or any part of the Property to pay all rentals to Beneficiary upon receipt of written demand from Beneficiary to do so, provided that an event of default shall have occurred under the Loan Documents;

(xiii) Grantor shall require that each Tenant under any Lease executed hereafter shall execute an estoppel certificate with Beneficiary, in form and content to be supplied by Beneficiary; and

(xiv) Grantor shall furnish to Beneficiary, within twenty (20) days after a request by Beneficiary to do so, a written affidavit sworn to and signed by Grantor setting forth customary rent roll information as shall be reasonably requested by Beneficiary, and stating whether any defaults, offsets or defenses exist or are claimed under or in connection with any of the Leases. Any and all Leases executed hereafter affecting the Property shall provide for the giving by the tenants thereunder of certificates with respect to the status of the Leases and Grantor shall exercise Grantor's right to request such certificates within ten (10) days of any demand therefor by Beneficiary.

(c) Although this Deed of Trust constitutes an absolute, assignment of all Income, as long as no default or Event of Default as defined in Paragraph 2.01 below, on the part of Grantor, shall have occurred, Grantor shall have a license to collect, but not more than one (1) month prior to the due date thereof, all such Income from the Property (including, without limitation, all rental payments under the Leases).

(d) Each Lease pertaining to the Property, or any part thereof, shall provide (or if such Lease does not so provide, shall be deemed to provide) that, in the event of the enforcement by Beneficiary of the remedies provided by law or by this Deed of Trust, the Tenant thereunder will, upon request of Beneficiary or any other person or entity succeeding to the interest of Beneficiary as a result of such enforcement, automatically attorn to and become the tenant of Beneficiary or said successor in interest, without change in the terms or other provisions of said Lease; provided, however, that (i) neither Beneficiary nor any such successor in interest shall be bound by (A) any payment of rental, additional rental or other income for more than one (1) month in advance, or (B) any amendment or modification of said Lease, made without the express written consent of Beneficiary or said successor in interest; (ii) neither Beneficiary nor such successor in interest will be liable for (A) any act or omission or warranties of any prior landlord (including Grantor), or (B) the breach of any warranties or obligations relating to construction of Improvements on the Property or any Tenant finish work performed or to have been performed by any

prior landlord (including Grantor), or (C) the return of any security deposit, and (iii) neither Beneficiary nor such successor in interest shall be subject to any offsets or defenses which the Tenant might have against Grantor. Each Lease pertaining to the Property shall also provide (or if such Lease does not so provide, shall be deemed to provide) that, upon request by said successor in interest, the Tenant thereunder shall deliver an instrument confirming such attornment, and that such Tenant shall give Beneficiary notice of any claim of Grantor's default and a reasonable opportunity to cure such default.

(e) Notwithstanding any other provisions of this Deed of Trust, Grantor shall not enter into any Lease without the prior written consent of Beneficiary, which shall not be unreasonably withheld, and, even if Beneficiary's consent is obtained, only upon the following conditions: (i) each such Lease shall contain a provision that the rights of the parties thereunder are expressly subordinate to all of the rights and title of Beneficiary under this Deed of Trust; (ii) each such Lease shall contain a provision whereby the parties thereunder expressly recognize and agree that, notwithstanding such subordination, Beneficiary may sell the Property in the manner provided herein, and thereby, at the option of Beneficiary, sell the same subject to such Lease; and (iii) at or prior to the time of execution of any such Lease, Grantor shall, as a condition to such execution, procure from the other party or parties thereto an agreement in favor of Beneficiary, in form and substance satisfactory to Beneficiary, under which such party or parties agree to be bound by the provisions hereof, regarding the manner in which the Trustee or Beneficiary may foreclose under this Deed of Trust.

1.13 Estoppel Affidavits. Grantor, upon ten (10) days prior written notice, shall furnish Beneficiary a written affidavit, sworn to and signed by Grantor, setting forth (i) the unpaid principal of, and interest on, the Indebtedness, (ii) whether or not any offsets or defenses exist against such principal and interest, (iii) whether or not any "default" or "event of default" (or any fact or circumstance that, with lapse of time or notice, or both, would constitute a "default" or "event of default") exists under this Deed of Trust or any of the other Loan Documents, and (iv) a statement that the representations and warranties made by Grantor herein are, as of such date, true and correct.

ARTICLE II

2.01 Events of Default

(a) The terms "Default," "default," "Event of Default" or "event of default," wherever used in this Deed of Trust, shall mean any of the following events:

(i) subject to expiration of any grace or cure period applicable thereto as provided in the Loan Documents, the failure by the Grantor or any other Borrower to pay any Indebtedness secured by this Deed of Trust or any other sum that may be due and payable under any of the Loan Documents, on or before the date when due and payable;

(ii) an event shall occur which under the specific terms of Paragraph 1.02 shall give the Beneficiary the option to accelerate the maturity of the Indebtedness;

(iii) subject to expiration of any grace or cure period applicable thereto as provided in the Credit Agreement, the failure by Grantor or any other Borrower to duly observe or perform any other term, covenant, condition or agreement of this Deed of Trust or any of the other Loan Documents; or

(iv) the occurrence of any other Default or Event of Default under any of the Loan Documents.

2.02 Acceleration of Maturity. If an Event of Default shall have occurred and has not been cured

pursuant to the Loan Documents, then the entire Indebtedness shall, at the option of Beneficiary, become immediately due and payable without notice or demand, except as otherwise set forth in the Credit Agreement, which are hereby expressly waived, time being of the essence of this Deed of Trust; and no omission on the part of Beneficiary to exercise such option when entitled to do so shall be construed as a waiver of such right.

2.03 Beneficiary's and Trustee's Right to Enter and Take Possession, Operate and Apply Revenues

(a) If an Event of Default shall have occurred, and in addition to any other rights or remedies of Beneficiary under this Deed of Trust or any of the other Loan Documents, the Beneficiary, or other agent of the Beneficiary, or the Trustee may, unless prohibited by law, enter and take possession of all the Property without applying for or obtaining the appointment of a receiver, and may exclude Grantor and its respective agents and employees wholly therefrom, and may have joint access with Grantor to the books, papers and accounts of Grantor relating to the Property or any portion thereof.

(b) If Grantor shall for any reason fail to voluntarily surrender or deliver the Property, or any part thereof, after demand for surrender of possession by Beneficiary, Beneficiary may obtain a judgment or decree conferring upon the Beneficiary, or other agent of the Beneficiary, or the Trustee the right to immediate possession or requiring Grantor to deliver immediate possession of the Property to Beneficiary or Trustee, to the entry of which judgment or decree Grantor hereby specifically consents. Grantor will pay to the Beneficiary and Trustee, upon demand, all expenses of obtaining such judgment or decree, including reasonable compensation to the Beneficiary and Trustee and their respective attorneys and agents; and all such expenses and compensation shall, until paid, be secured by the lien of this Deed of Trust.

(c) Upon every such entering upon or taking of possession, Beneficiary, or other Agent of the Beneficiary, or Trustee may hold, store, use, operate, manage and control the Property and conduct the business thereof and, from time to time (i) make all reasonably necessary and proper maintenance, repairs, renewals, replacements, additions, betterments and improvements thereto and thereon and purchase or otherwise acquire additional fixtures, personalty and other property; (ii) insure or keep the Property insured; (iii) manage and operate the Property and exercise all the rights and powers of Grantor to the same extent as Grantor could in its own name or otherwise with respect to the same; (iv) let the property, either in Trustee's own name, in the name of the Beneficiary or in the name of Grantor, and receive the rents, incomes, issues and profits of the Property, and otherwise enter into any and all agreements with respect to the exercise by others of any of the powers herein granted Beneficiary and Trustee, all as Beneficiary and Trustee from time to time may determine to be in its best interest; and (v) perform all acts required of Grantor as lessor under any lease of all or any part of the Property, all as Beneficiary may from time to time determine to be to its best advantage. Beneficiary and Trustee may collect and receive all the income, rents, issues, profits and revenues from the Property, including those past due as well as those accruing thereafter, and, after deducting (A) all expenses of taking, holding, managing and operating the Property (including reasonable compensation for the services of all persons employed for such purposes); (B) the cost of all such maintenance, repairs, renewals, replacements, additions, betterments, improvements, purchases and acquisitions; (C) the cost of such insurance; (D) such taxes, assessments and other similar charges as Beneficiary may at its option pay; (E) other proper charges upon the Property or any part thereof; and (F) the reasonable compensation, expenses and disbursements of the attorneys and agents of Beneficiary and Trustee, Beneficiary or Trustee shall apply the remainder of the moneys and proceeds so received by Beneficiary or Trustee to the payment of principal and interest in whatever order or priority Beneficiary may elect. Anything in this Paragraph 2.03 to the contrary notwithstanding, neither Beneficiary or Trustee shall be obligated to discharge or perform the duties of a landlord to any tenant or incur any liability as the result of any exercise by

Beneficiary or Trustee of its rights under this Deed of Trust, and Beneficiary and Trustee shall be liable to account only for the rents, incomes, issues, profits, and revenues actually received by Beneficiary and Trustee.

(d) For the purpose of carrying out the provisions of this Paragraph 2.03, Grantor hereby irrevocably constitutes and appoints Beneficiary and Trustee the true and lawful attorney-in-fact of Grantor to do and perform, from time to time, any and all actions necessary and incidental to such purpose, and Grantor does, by these presents, ratify and confirm any and all such actions of said attorney-in-fact.

(e) In the event that all such interest, deposits and principal installments and other sums due under any of the terms, covenants, conditions and agreements of this Deed of Trust shall have been paid and all Events of Default cured and satisfied, and as a result thereof, Beneficiary or Trustee surrenders possession of the Property to Grantor, the same right of taking possession shall exist if any subsequent Event of Default shall occur.

2.04 Receiver. If an Event of Default shall have occurred, the Beneficiary, or other agent of the Beneficiary, or Trustee, upon application to a court of competent jurisdiction, shall be entitled, as a matter of strict right without notice and without regard to the sufficiency or value of any security for the Indebtedness or the solvency of any party bound for its payment, to the appointment of a receiver to take possession of and to operate the Property and to collect and apply the income, rents, issues, profits, and revenues thereof. The receiver shall have all of the rights and powers permitted under the laws of the state within which the Land is located. Grantor shall pay to Beneficiary upon demand all expenses, including receiver's fees, attorneys' fees, costs, and agent's compensation, incurred pursuant to the provisions of this Paragraph 2.04; and all such expenses shall be secured by this Deed of Trust.

2.05 Foreclosure

(a) If a Default shall have occurred, Beneficiary, at its option, may institute legal proceedings for the foreclosure of this Deed of Trust either by suit or by power of sale pursuant to the _____ [state] statute in such case made and provided. In such event, the Trustee hereunder, or his agent or successors, at the request of the Beneficiary, or the representatives or assigns of the Beneficiary, may sell the Property or any part of the Property, in accordance with Section 89-1-55 of the _____ [state] Code, as amended, at one or more public sales at the courthouse of the county in which the Property is situated or in which any part of the Property is situated, if located in more than one (1) county. Sale of the land shall be advertised, giving notice of the time and place of sale by publication of such for at least three (3) consecutive weeks in some newspaper published in the county in which the Property is primarily situated or, if none is so published, in some paper having a general circulation therein, and by posting one notice at the courthouse of the county where the land is situated, for said time. Such notice and advertisement shall disclose the name of the original mortgagor or mortgagors in this Deed of Trust. The Trustee shall proceed to sell the Property at the front door of the county courthouse where the land is situated or at which foreclosure sales are customarily held, and, at the election of Beneficiary at the Property, at public auction to the highest bidder for cash (or for credit against the Secured Indebtedness if the Beneficiary is the highest bidder) or upon such other terms that are satisfactory to Trustee and Beneficiary, and in bar of the equity of redemption and all rights of redemption, statutory or otherwise (including, without limitation, those rights of redemption contained in _____ [state] Code § _____), homestead, dower, elective share, rights of appraisal or valuation, and all other rights and exemptions of every kind, all of which are hereby waived. The foreclosure sale may be adjourned from time to time by Trustee, or his agent or successors, at the place of sale on the date the sale is originally set, or on the date of any adjournment thereof, and may be reset at a later date or dates, by announcement without any additional publication. The Property

or any part thereof may be sold in one parcel, or in such parcels, manner or order as Beneficiary in its sole discretion may elect, the benefits of Section _____ of the _____ [state] Constitution being hereby waived by Grantor, and one or more exercises of the power herein granted shall not extinguish or exhaust the power unless the entire Property is sold or the Indebtedness paid in full. Trustee may delegate, in his sole discretion, any authority possessed under this instrument, including the authority to conduct a foreclosure sale. Without limiting the foregoing, Trustee may retain a professional auctioneer to preside over the bidding, and the customary charge for the auctioneer's services shall be paid from sale proceeds as an expense of sale. Neither the Beneficiary nor the Trustee shall be required to give any notice of the foreclosure sale to the Grantor other than as specifically required by statute directing posting and publication of notice.

(b) Following a Trustee's sale of the Property, Trustee shall deliver to the purchaser a Trustee's Deed conveying the property so sold without any covenant or warranty, expressed or implied. The recitals in the Trustee's Deed shall be prima facie evidence of the truth of the statements made therein. Grantor agrees that in case of any sale hereunder, it will at once surrender possession of the Property, and will from that moment become and be the tenant at will of the purchaser, and removable by process as upon a forcible and unlawful detainer suit, hereby agreeing to pay such purchaser the reasonable rental value of the Property after such sale plus all expenses, including legal fees, incurred by the purchaser.

(c) Upon any foreclosure sale, Beneficiary may bid for and purchase the Property and shall be entitled to apply all or any part of the Indebtedness as a credit to the purchase price.

(d) In the event of a foreclosure sale of all or any portion of the Property, the Trustee shall apply the proceeds of said sale--First to the payment of all costs and expenses of such sale, including attorney and trustee fees and expenses incurred in connection with the sale and Grantor's default; Second, to the payment of the Indebtedness, including any and all advances made under the terms hereof with interest thereon; Third, the surplus, if any, to the parties legally entitled thereto. In the event the Trustee cannot determine the person or persons to whom the surplus should be paid or a controversy exists with respect to the surplus, the Trustee may pay the surplus into a court of competent jurisdiction in an interpleader action and all expenses of such action, including legal fees incurred by Beneficiary and Trustee, shall be paid from the surplus or, if the surplus is insufficient, by Grantor.

(e) Beneficiary, at its option, is authorized to foreclose this Deed of Trust subject to the rights of any tenants of the Property, and the failure to make any such tenants parties to any such foreclosure proceedings and to foreclose their rights will not be, nor be asserted to be by Grantor, a defense to any proceedings instituted by Beneficiary to collect the Indebtedness.

(f) At the request of Beneficiary, Trustee shall sell any personal property concurrently with and in conjunction with a sale of the Property or any portion thereof, in which case the provisions of this paragraph shall apply to the personal property as well as the Property. Grantor stipulates and agrees that a sale of any personal property in conjunction with the Property or any portion thereof is a commercially reasonable manner of disposing of the personal property. Alternatively, Beneficiary may sell or otherwise dispose of the personal property separately and apart from the Property in the time and manner provided by the Code.

2.06 Other Enforcement Rights. Beneficiary or Trustee shall have the right from time to time to enforce any legal or equitable remedy against Grantor, including, without limitation, suing for any sums, whether interest, principal or any installment of either or both, taxes, penalties or any other sums required to be paid under the terms of this Deed of Trust as the same become due, without regard to whether or not all of the Indebtedness shall then be due, and without prejudice to the right of the Beneficiary or Trustee to

thereafter enforce any other remedy, including, without limitation, an action of foreclosure, whether or not such other remedy be based upon a Default which existed at the time of commencement of an earlier or pending action, and whether or not such other remedy be based upon the same Default upon which an earlier or pending action is based.

2.07 Discontinuance of Proceedings. In case the Beneficiary or Trustee shall have proceeded to enforce any right, power or remedy under this Deed of Trust by foreclosure, entry or otherwise, and such proceeding shall have been withdrawn, discontinued or abandoned for any reason, or shall have been determined adversely to the Beneficiary or Trustee, then in every such case (i) Grantor, Beneficiary and Trustee shall be restored to their former positions and rights, (ii) all rights, powers and remedies of Beneficiary and Trustee shall continue as if no such proceeding had been taken, (iii) each and every Default declared or occurring prior or subsequent to such withdrawal, discontinuance or abandonment shall be deemed to be a continuing Default, and (iv) neither this Deed of Trust, nor the Indebtedness, nor any other of the Loan Documents shall be or shall be deemed to have been released or otherwise affected by such withdrawal, discontinuance or abandonment; and Grantor hereby expressly waives the benefit of any statute or rule of law now provided, or which may hereafter be provided, which would produce a result contrary to or in conflict with the above.

2.08 Remedies Cumulative. No right, power or remedy conferred upon or reserved to Beneficiary or Trustee by this Deed of Trust or any other Loan Document is intended to be exclusive of any other right, power or remedy, but each and every such right, power and remedy shall be cumulative and concurrent and shall be in addition to any other right, power and remedy given hereunder or now or hereafter existing at law or in equity or by statute.

2.09 Suits to Protect the Property. Beneficiary and Trustee shall have the power (i) to institute and maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Property by any acts which may be unlawful or in violation of this Deed of Trust, (ii) to preserve or protect its interest in the Property and in the income, rents, issues, profits and revenues arising therefrom, and (iii) to restrain the enforcement of or compliance with any legislation or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement of or compliance with such enactment, rule or order would impair the security hereunder or be prejudicial to the interest of Beneficiary.

2.10 Beneficiary or Trustee May File Proofs of Claim. In the case of any receivership, insolvency, bankruptcy, reorganization, arrangement, adjustment, composition or other proceedings affecting Grantor, its creditors or its property, Beneficiary or Trustee, to the extent permitted by law, shall be entitled to file such proofs of claim and other documents as may be necessary or advisable in order to have the claims of Beneficiary allowed in such proceedings for the entire amount of the Indebtedness at the date of the institution of such proceedings and for any additional amount of the Indebtedness after such date.

2.11 Marshalling. At any foreclosure sale, the Property may, at Beneficiary's option, and to the extent permitted by law be offered for sale for one total price, and the proceeds of such sale accounted for in one account without distinction between the items of security or without assigning to them any proportion of such proceeds, Grantor hereby waiving the application of any doctrine of marshalling; and in case the Beneficiary or Trustee, in the exercise of the power of sale herein given, elects to sell the Property in parts or parcels, said sales may be held from time to time, and the power shall not be fully executed until all of the Property not previously sold shall have been sold.

2.12 Security Deposits. If Grantor shall obtain from a tenant or subtenant of the Property, or a part

thereof, a deposit to secure such tenant's or subtenant's obligations, such funds, following any default under this Deed of Trust, shall be deposited with Beneficiary in an account maintained by Beneficiary in its name; but any such deposit upon request by Beneficiary shall be returned to Grantor when required, by the terms of any such lease, sublease or occupancy agreement, to be paid over to the tenant or subtenant; and Grantor represents that the provisions of any applicable laws relating to security deposits have been satisfied with respect to each existing tenant, subtenant or occupant of the Property and agrees that they will be satisfied with respect to each new tenant, subtenant or occupant of the Property; and Grantor will furnish details of such satisfaction from time to time upon the request of Beneficiary in such detail as Beneficiary may require.

2.13 Waiver of Appraisalment, Valuation, Etc.. Grantor agrees, to the full extent permitted by law, that in case of a Default on the part of Grantor hereunder, neither Grantor nor anyone claiming through or under Grantor will set up, claim or seek to take advantage of any moratorium, reinstatement, forbearance, appraisalment, valuation, stay, extension, entitlement or exemption, or redemption laws now or hereafter in force, in order to prevent or hinder the enforcement or foreclosure of this Deed of Trust or the absolute sale of the Property or the delivery of possession thereof immediately after such sale to the purchaser at such sale, and Grantor, for itself and all who may at any time claim through or under it, hereby waives to the full extent that it may lawfully so do, the benefit of all such laws, and any and all right to have the assets subject to the security interest of this Deed of Trust marshalled upon any foreclosure and the right to a trial by jury.

ARTICLE III

3.01 Successors and Assigns. Subject to Paragraph 1.12(a) hereof, this Deed of Trust shall inure to the benefit of and be binding upon Grantor, Beneficiary and Trustee and their respective legal representatives, successors, and assigns. Whenever a reference is made in this Deed of Trust to the Grantor, Beneficiary or Trustee, such reference shall be deemed to include a reference to the heirs, devisees, legal representatives, successors, and assigns of the Grantor, Beneficiary or Trustee, whether so expressed or not.

3.02 Terminology. All personal pronouns used in this Deed of Trust whether used in the masculine, feminine, or neuter gender, shall include all other genders; the singular shall include the plural, and vice versa. Titles of Articles are for convenience only and neither limit nor amplify the provisions of this Deed of Trust itself, and all references herein to Articles, Paragraphs, or Subparagraphs shall refer to the corresponding Articles, Paragraphs, or Subparagraphs of this Deed of Trust.

3.03 Severability. If any provision of this Deed of Trust or the application thereof to any person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Deed of Trust and the application of such provisions to other persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

3.04 Inconsistency with Credit Agreement; Applicable Law. The validity, construction and effect of this Deed of Trust shall be governed by the laws of the State of _____[state]; provided, however, in the event of any conflict between or inconsistency with the terms and provisions of this Deed of Trust and the Credit Agreement, the terms and provisions of the Credit Agreement shall control, unless such terms and conditions conflict with or are unenforceable under the law of the State of _____[state], in which event the law of the State of _____[state] shall apply.

3.05 Notices, Demands, and Requests. All notices, demands or requests provided for or permitted to be

given pursuant to this Deed of Trust shall be in writing and shall be delivered in person against receipt, or sent by registered or certified United States mail, postage prepaid, return receipt requested, or by recognized overnight courier, or by telex or telecopy to the addresses set out below or to such other addresses as are specified by no less than ten (10) days' prior written notice delivered in accordance herewith:

LENDER:

With a copy to:

BORROWER:

With a copy to:

TRUSTEE:

All such notices, demands and requests shall be deemed effectively given and delivered on the postmark date of mailing, the date of delivery to the overnight courier or, if delivered personally, when received. Rejection or other refusal to accept or the inability to deliver because of a changed address of which no notice was given shall be deemed to be receipt of the notice, demand, or request sent.

3.06 Consents and Approvals. All approvals and consents hereunder shall be in writing and no approval or consent shall be deemed to have been given hereunder unless evidenced in a writing signed by the party from whom the approval or consent is sought.

3.07 Waiver

(a) No delay or omission of Beneficiary the Trustee or of any holder of the Loan Documents to exercise any right, power or remedy accruing upon any default shall exhaust or impair any such right, power or remedy or shall be construed to be a waiver of any such default, or acquiescence therein; and every right, power and remedy given by this Deed of Trust to the Beneficiary or Trustee may be exercised from time to time and as often as may be deemed expedient by the Beneficiary or Trustee, as applicable. No consent or waiver, express or implied, by Beneficiary to or of

any breach or default by Grantor in the performance of the obligations hereunder shall be deemed or construed to be a consent or waiver to or of any other breach or default in the performance of the same or any other obligations of Grantor hereunder. Failure on the part of Beneficiary to complain of any act or failure to act or to declare an Event of Default, irrespective of how long such failure continues, shall not constitute a waiver by Beneficiary of the rights of the Beneficiary or Trustee hereunder or impair any rights, powers or remedies consequent on any breach or default by Grantor.

(b) Except as may otherwise be expressly agreed in connection therewith, if Beneficiary (i) grants forbearance or an extension of time for the payment of any sums secured hereby; (ii) takes other or additional security for the payment of any sums secured hereby; (iii) waives or does not exercise any right granted herein or in the Loan Documents; (iv) releases any part of the Property from the lien of this Deed of Trust or otherwise changes any of the terms, covenants, conditions or agreements of the Loan Documents or this Deed of Trust; (v) consents to the filing of any map, plat or replat affecting the Property; or (vi) makes or consents to any agreement subordinating the lien hereof, no such act or omission shall release, discharge, modify, change or affect the original liability under the Loan Documents, this Deed of Trust or any other obligation of Grantor or any subsequent purchaser of the Property or any part thereof, or any maker, co-signer, endorser, surety or guarantor; nor shall any such act or omission preclude Beneficiary from exercising any right, power or privilege herein granted or intended to be granted in the event of any default then made or of any subsequent default. In the event of the sale or transfer by operation of law or otherwise of all or any part of the Property, Beneficiary, without notice, is hereby authorized and empowered to deal with any such vendee or transferee with reference to the Property or the Indebtedness, or with reference to any of the terms, covenants, conditions or agreements hereof as fully and to the same extent as it might deal with the original parties hereto and without in any way releasing or discharging any liabilities, obligations or undertakings of Grantor.

3.08 Assignment. This Deed of Trust is assignable by Beneficiary, and any assignment hereof by Beneficiary shall operate to vest in the assignee all rights and powers herein conferred upon and granted to Beneficiary.

3.09 Attorneys' Fees. The terms "legal fees" or "attorneys' fees" or any other reference to the fees of attorneys or counsel, wherever used in this Deed of Trust, shall be deemed to mean reasonable legal fees or attorneys' fees, including reasonable fees of paralegals and all reasonable legal fees relating to litigation or appeals at any and all levels of courts and administrative tribunals.

3.10 Covenants Run with the Land. All of the grants, covenants, terms, provisions and conditions herein contained shall run with the land and shall apply to, bind and inure to the benefit of, the successors and assigns of the Grantor, Beneficiary and Trustee.

3.11 Future Advances; Maximum Principal Amount. This Deed of Trust is given for the purpose of securing all Indebtedness, including, without limitation, all loan advances and other extensions of credit which Beneficiary may make to or for Grantor or any Borrower pursuant and subject to the terms and provisions of the Credit Agreement, this Deed of Trust and/or the other Loan Documents. The parties hereto intend that, in addition to any other debt or obligation secured hereby, this Deed of Trust shall secure unpaid balances of loan advances and other extensions of credit made after this Deed of Trust is delivered to the office of the Clerk of _____ [county] County, _____ [state], whether made pursuant to an obligation of Beneficiary to make such advance or otherwise, and in such event, such advances and other extensions of credit shall be secured to the same extent as if such future advances were made on the date hereof, although there may be no advances or other extension of credit made at the time of execution hereof and although there may be no Indebtedness outstanding at the time any advance or other extension of credit is made. Except as otherwise set forth in this Credit Agreement, Beneficiary shall not be obligated to make any additional advance unless Beneficiary has agreed to do so in writing. Such loan advances or other extension of credit may or may not be evidenced by the Loan Documents.

3.12 Other Advances and Disbursements. This Deed of Trust secures all advances or disbursements of Beneficiary with

respect to the Property for the payment of taxes, levies, assessments, insurance, insurance premiums or costs incurred in the protection of the Property.

3.13 Release and Satisfaction. Acquisition of the Property by Beneficiary shall not affect a merger of this Deed of Trust. Upon payment in full, as determined solely by Beneficiary, to Beneficiary in good and sufficient funds satisfactory in all respects to Beneficiary of all amounts due under each of the Loan Documents and the satisfaction, as determined solely by Beneficiary, of all terms, covenants, and conditions of each of the Loan Documents, Beneficiary shall cause Trustee to release this Deed of Trust.

3.14 Mortgage and/or Intangible Tax. Grantor shall, at its sole cost and expense, protect, defend, indemnify, release and hold harmless from and against any and all Losses imposed upon or incurred by or asserted against any Indemnified Parties and directly or indirectly arising out of or in any way relating to any tax on the making and/or recording of this Deed of Trust, the Note or any of the Other Security Documents.

3.15 Fixture Filing. This Deed of Trust constitutes a financing statement filed as a fixture filing with respect to any and all fixtures located on the Land.

3.16 Modification of Deed of Trust. No amendment to or modification of this Deed of Trust shall be valid or effective unless the same is in writing signed by and between Grantor and Beneficiary without necessity of joinder therein by Trustee.

ARTICLE IV

4.01 Concerning the Trustee. Trustee shall be under no duty to take any action hereunder except as expressly required hereunder or by law, or to perform any act which would involve Trustee in any expense or liability or to institute or defend any suit in respect hereof, unless properly indemnified to Trustee's reasonable satisfaction. Trustee, by acceptance of this Deed of Trust, covenants to perform and fulfill the trusts herein created, being liable, however, only for gross negligence or willful misconduct, and hereby waives any statutory fee and agrees to accept reasonable compensation, in lieu thereof, for any services rendered by Trustee in accordance with the terms hereof. Trustee may resign at any time upon giving thirty (30) days notice to Grantor and to Beneficiary. Beneficiary may remove Trustee (and any successor trustee) at any time or from time to time and select one or more successor trustees. In the event of the death, removal, resignation, refusal to act, or inability to act of Trustee, or in its sole discretion for any reason whatsoever Beneficiary may, without notice and without specifying any reason therefor and without applying to any court, select and appoint a successor trustee, by an instrument recorded wherever this Deed of Trust is recorded and all powers, rights, duties and authority of Trustee, as aforesaid, shall thereupon become vested in such successor. Such substitute trustee shall not be required to give bond for the faithful performance of the duties of Trustee hereunder unless required by Beneficiary. The procedure provided for in this paragraph for substitution of Trustee shall be in addition to and not in exclusion of any other provisions for substitution, by law or otherwise.

4.02 Trustee's Fees. Grantor shall pay all reasonable costs, fees and expenses incurred by Trustee and Trustee's agents and counsel in connection with the performance by Trustee of Trustee's duties hereunder and all such costs, fees and expenses shall be secured by this Deed of Trust.

4.03 Certain Rights. With the approval of Beneficiary, and without duplication of sums paid to Beneficiary, Trustee shall have the right to take any and all of the following actions: (i) to select, employ, and advise with counsel (who may be, but need not be, counsel for Beneficiary) upon any matters arising hereunder, including the preparation, execution, and interpretation of the Note, this Deed of Trust or the Other Security Documents, and shall be fully protected in relying as to legal matters on the advice of counsel, (ii) to execute any of the trusts and powers hereof and to perform any duty hereunder either

directly or through his/her agents or attorneys, (iii) to select and employ, in and about the execution of his/her duties hereunder, suitable accountants, engineers and other experts, agents and attorneys-in-fact, either corporate or individual, not regularly in the employ of Trustee, and Trustee shall not be answerable for any act, default, negligence, or misconduct of any such accountant, engineer or other expert, agent or attorney-in-fact, if selected with reasonable care, or for any error of judgment or act done by Trustee in good faith, or be otherwise responsible or accountable under any circumstances whatsoever, except for Trustee's gross negligence or bad faith, and (iv) any and all other lawful action as Beneficiary may instruct Trustee to take to protect or enforce Beneficiary's rights hereunder. Trustee shall not be personally liable in case of entry by Trustee, or anyone entering by virtue of the powers herein granted to Trustee, upon the Property for debts contracted for or liability or damages incurred in the management or operation of the Property. Trustee shall have the right to rely on any instrument, document, or signature authorizing or supporting an action taken or proposed to be taken by Trustee hereunder, believed by Trustee in good faith to be genuine. Trustee shall be entitled to reimbursement for actual expenses incurred by Trustee in the performance of Trustee's duties hereunder and to reasonable compensation for such of Trustee's services hereunder as shall be rendered.

4.04 Retention of Money. All moneys received by Trustee shall, until used or applied as herein provided, be held in trust for the purposes for which they were received, but need not be segregated in any manner from any other moneys (except to the extent required by applicable law) and Trustee shall be under no liability for interest on any moneys received by Trustee hereunder.

4.05 Perfection of Appointment. Should any deed, conveyance, or instrument of any nature be required from Grantor by any Trustee or substitute trustee to more fully and certainly vest in and confirm to the Trustee or substitute trustee such estates rights, powers, and duties, then, upon request by the Trustee or substitute trustee, any and all such deeds, conveyances and instruments shall be made, executed, acknowledged, and delivered and shall be caused to be recorded and/or filed by Grantor.

4.06 Succession Instruments. Any substitute trustee appointed pursuant to any of the provisions hereof shall, without any further act, deed, or conveyance, become vested with all the estates, properties, rights, powers, and trusts of its or his/her predecessor in the rights hereunder with like effect as if originally named as Trustee herein; but nevertheless, upon the written request of Beneficiary or of the substitute trustee, the Trustee ceasing to act shall execute and deliver any instrument transferring to such substitute trustee, upon the trusts herein expressed, all the estates, properties, rights, powers, and trusts of the Trustee so ceasing to act, and shall duly assign, transfer and deliver any of the property and moneys held by such Trustee to the substitute trustee so appointed in the Trustee's place.

IN WITNESS WHEREOF, Grantor has executed, and delivered this Deed of Trust the day, month and year first above written.

26-22 Current Legal Forms for Real Estate FORM 22.116

FORM 22.116 Construction loan deed of trust

COMMENT

In jurisdictions where the deed of trust rather than a mortgage is utilized to provide a security interest in real property, the lender should be afforded the same kinds of protection as those afforded a mortgagee in jurisdictions where a mortgage is the customary security device. The technique for establishing a deed of trust as the security interest is by a conveyance of the fee title by the owner of the fee to trustees designated by the lender. The terms of the trust are set forth in the deed of trust and are fundamentally the same as those contained in a mortgage. While this deed of trust secures a construction loan, the provisions necessarily included in the instrument in order adequately to protect the lender would be appropriate for a long-term security instrument as well.

FORM

THIS DEED OF TRUST is made _____[month] _____[day], _____[year], between _____[name], a(n) _____[state] _____, _____[entity] (the "Borrower"), and _____[name] and _____[name] (the "Trustees").

WHEREAS, the Borrower is indebted to _____[name], a(n) _____[state] _____, _____[entity] ("Trust Company", in the principal sum of _____ Dollars (\$_____), for money loaned, for which amount the Borrower has made and delivered a promissory note of even date herewith (the "Note"), payable to Trust Company, or order, on _____[month] _____[day], _____[year], at its office at _____[address], or at such other place as the holder may in writing direct, together with interest on the principal sum or so much thereof as shall at any time be advanced, at the rate of _____ percent

(_____%) per year, payable monthly on the first day of each month until the Note is paid in full, except that if any interest payment shall be due on a Saturday, Sunday, or public holiday the maker shall pay interest thereon to the next succeeding business day; and

WHEREAS, the Note provides that the principal sum evidenced by the Note shall become due and payable at the option of the holder thereof on the happening of any default or event by which, under the terms of this Deed of Trust or under the terms of the Construction Loan Agreement hereinafter referred to, such principal sum may or shall become due and payable; and that in any event such principal sum or so much thereof as shall have been advanced with interest thereon shall become immediately due and payable at the sole option of Trust Company, its successors and assigns, at any time subsequent to the earlier of (1) _____ [month] _____ [day], _____ [year], or (2) _____ (_____) days subsequent to the date of issuance of a permanent Certificate of Occupancy or an irrevocable temporary Certificate of Occupancy permitting use of the entire building to be erected pursuant to such Construction Loan Agreement; and

WHEREAS, the Borrower desires to secure the prompt payment of such principal and interest and the full performance of the covenants herein contained, as well as the prompt payment of principal and interest on any renewal, extension, or change of such Note, and any note given in substitution thereof, which renewal, extension, change, or substitution shall not impair in any manner the validity or priority of this Deed of Trust; and also to secure reimbursement to any Trustee acting hereunder and to any purchaser or grantee under any sale under the provisions of this Deed of Trust for all money which may be advanced as herein provided, and for all costs and expenses, including reasonable attorneys' fees, incurred or paid on account of any litigation at law or in equity which may arise in respect of this Deed of Trust, or the indebtedness, or the property herein mentioned, or obtaining possession of the property after any sale which may be made as hereinafter provided;

NOW, THEREFORE, under this Deed of Trust, the Borrower in consideration of the premises and _____ Dollars (\$_____) in lawful money to it in hand paid by the Trustees, the receipt of which, before the signing and delivery of these presents, is hereby acknowledged, does hereby grant and convey unto the Trustees, their successors and assigns, in trust in fee simple, property described on Exhibit A attached hereto, together with the improvements, including any building hereafter constructed or placed thereon, easements, rights, ways, and appurtenances, now or hereafter belonging thereto, hereinafter called the Property.

Together with all right, title, and interest of the Borrower in and to all machinery, apparatus, equipment, fittings, and fixtures of every kind and nature whatsoever, now owned or hereafter acquired by the Borrower and now or hereafter placed in, affixed to, or used in connection with the operation of, the Property. Such machinery, apparatus, equipment, fittings, and fixtures shall include, but not be limited to, all engines, furnaces, boilers, stokers, pumps, heaters, tanks, dynamos, motors, generators, fans, blowers, vents, switchboards, electrical equipment, heating, plumbing, lifting and ventilating apparatus, air cooling and air conditioning apparatus, gas and electrical fixtures, elevators, escalators, shades, awnings, screens, radiators, partitions, ducts, compressors, vacuum cleaning systems, call systems, and fire prevention and extinguishing apparatus. All of such machinery, apparatus, equipment, fittings, and fixtures are hereby understood and agreed to be part and parcel of the Property and appropriated to the use of the Property, whether affixed or annexed or not, and shall for the purposes of this Deed of Trust be deemed to be fixtures and accessory to the freehold and a part of the realty as between the parties hereto, and shall be deemed to be a portion of the security for the indebtedness herein mentioned and to be subject to this Deed of Trust, in and upon the following uses and trusts:

1. Borrower's Rights Absent Default. Until any default in the payment of any indebtedness hereby secured, or until the breach of any covenant herein contained, the Borrower, its successors and assigns, shall possess and enjoy the Property, and receive the rents, issues, and profits therefrom. Upon full payment of the Note, and any extension or renewal thereof, and interest thereon, and all sums advanced or expended as herein provided and all other proper costs, charges, expenses, commissions, and half-commissions, incurred at any time before a sale as hereinafter provided for, the Trustees shall release and reconvey the Property, at the Borrower's cost, to the Borrower, or to any party then claiming

through or under it.

2. Obligations of Borrower. The Borrower shall be required to do the following:

(a) In the event of the assessment or imposition of any tax, assessment, or other charge, not including income taxes, pursuant to any laws of the _____ [city], or any subdivision thereof, upon any holder of the Note or such holder's interest in the Property by reason of such indebtedness, or upon this Deed of Trust, or the debt secured hereby, or the note evidencing such indebtedness, as well as any specific mortgage tax or intangible tax now or hereafter imposed by law in such jurisdiction, such holder shall have the right to give written notice to the Borrower requiring the Borrower to pay the debt secured hereby within _____ (_____) days after receipt of such notice. The Borrower shall not be required to pay the debt secured hereby if it or its successors or assigns, without violation of usury laws, pays any such tax, assessment, or charge in full as it becomes due and payable.

(b) The Borrower shall pay the indebtedness secured hereby and the interest thereon at the time and in the manner provided in the Note. Upon default in such payment, the holder of the Note shall have the option to cause the whole indebtedness to become immediately due and payable.

(c) The Borrower shall keep the Property and the fixtures thereon constantly insured against loss or damage by fire and the casualties included under extended coverage and against loss by other casualty including, without limitation, war risk or war damage, if available, in amounts and under types of policies in companies satisfactory to the holder of the Note with losses payable to the holder in such form as the holder may require. The Borrower shall deliver such policy or policies with evidence of the payment of premiums thereon to such holder. In the event the Borrower shall at any time fail to perform such requirements, then such holder may cause the Property to be insured and may pay the premiums for such insurance, and any premium paid or expense incurred in so doing shall be secured by this Deed of Trust and shall be repaid with interest at the rate of _____ percent (_____) per year by the Borrower within _____ (_____) days after demand. The right of such holder to cause the Property to be insured and to pay any such premium shall not be construed to prevent it from exercising an option to cause the whole indebtedness hereby secured to become immediately due and payable upon such default. If, however, such holder shall exercise the right to cause the Property to be insured or to pay any such premium, such holder shall have the option to cause the whole indebtedness to become immediately due and payable only if repayment is not made as above provided. Such holder may, at its option, apply any insurance proceeds received to the payment of the indebtedness secured hereby or make such proceeds available to the Borrower for the replacement and repair of the Property, under such terms and conditions as it shall see fit.

(d) The Borrower shall pay all taxes, assessments, and charges that may be levied or assessed on or against the Property as the same become due and payable, and deliver official receipts to the holder of the Note on demand showing such payment to have been made. Upon default in such payment, the holder may, at its option, pay or cause to be paid the amount due, and such amount, with any expenses of payment, shall be secured by this Deed of Trust, and shall be repaid with interest at the rate of _____ percent (_____) per year by the Borrower within _____ (_____) days after demand. No such right of payment by the holder of the Note shall prevent it from exercising its option to cause the whole indebtedness hereby secured to become immediately due and payable upon such default. If, however, such holder shall pay the amount due, it shall have the option to cause the whole indebtedness to become immediately due and payable only if repayment thereof is not made as above provided.

(e) The Borrower shall at all times maintain the Property and the fixtures thereon in good order and repair, and shall not commit any waste or injury to such an extent as to impair the value of the same as security for the debt. Upon the failure of the Borrower to perform this requirement, or upon actual or threatened demolition or removal of the building hereafter constructed or placed on the Property or the fixtures or any part thereof, the whole indebtedness hereby secured shall become immediately due and payable at the option of the holder of the Note.

(f) The Borrower shall comply with the requirements of all laws and regulations in force in the _____ [city] or any subdivision thereof and with all orders, decrees, or requirements of all governmental bodies having jurisdiction over, or with respect to, the Property. The Borrower may, however, after written notice to the holder of the Note, contest any such law, regulation, order, decree, or requirement, in any reasonable manner which will not affect the title of the Trustees to any part of the Property, or the lien of this Deed of Trust, or the maintenance of that standard of physical condition of the Property which is provided for in subparagraph (e) of this paragraph.

3. Dispossession of Borrower. Upon default by the Borrower in the performance of any requirement provided for in this Deed of Trust or in the Note secured hereby which under this Deed of Trust gives the holder of the Note the option to cause the whole indebtedness to become immediately due and payable, the Trustees, at the written request of such holder, shall have the right forthwith, after any such default, to enter upon and take possession of the Property, to let the Property and to receive all the rents, issues, and profits therefrom which are overdue, due, or to become due, and to apply the same after payment of all necessary charges and expenses against the balance of the then remaining indebtedness hereby secured. For this purpose, such rents and profits are, in the event of any such default, hereby assigned as security to the Trustees. The Borrower or any subsequent owner of the Property shall in such event pay to the Trustees, in advance, a reasonable rent for the property occupied by them. In default of such payment, the Borrower or such subsequent owner may be dispossessed by the usual summary proceedings. Any tenant defaulting in the payment to the Trustees of any rent may be likewise dispossessed. This covenant becomes effective either without or with any action brought to foreclose this Deed of Trust and without applying at any time for a receiver of such rents. Such collection and application of rents shall in no manner be taken or held to interfere with or abridge the power of sale and disposition granted to the Trustees by this instrument, nor shall such collection and application of rents in any manner at law or in equity discharge or relieve the Borrower, its successors or assigns, from the full payment of the balance of the indebtedness hereby secured, in strict accordance with the terms hereof and of the Note hereby secured.

4. Sale upon Borrower's Default. Upon default by the Borrower in the performance of any requirement provided for in this Deed of Trust or in the Note secured hereby which under this Deed of Trust gives the holder of the Note the option to cause the whole indebtedness to become immediately due and payable, the Trustees, at the written request of such holder, may sell the Property at public auction, at such time and place, upon such terms and conditions and after such previous public notice, and with such postponement of sale or resale as to the Trustees shall seem best for the interests of all parties concerned. The Trustees shall convey fee simple title to the purchaser in such sale, and the purchaser shall be discharged from all liability for the application of the purchase money. The Trustees shall apply the proceeds of the sale, after paying all expenses of the sale, all taxes and assessments thereon due, all sums advanced as herein provided for, with interest as above set forth, and a Trustees' commission of 1 percent on the gross amount of the sale, to the payment of the then remaining indebtedness hereby secured whether then due or not, and the interest thereon to the date of payment. Any proceeds of the sale in excess of the amount so applied, less the expenses, if any, of obtaining possession of the Property, shall be paid to the Borrower, its successors and assigns, upon the surrender and delivery to the purchaser of possession of the Property so sold and conveyed. If the Property shall be advertised for sale as provided in this paragraph and not sold, the Trustees shall be entitled to one-half of the above commission to be computed on the amount of the debt then remaining indebtedness.

5. Trustees. The irrevocable power to appoint a substitute Trustee or Trustees hereunder is expressly granted to the holder of the Note, to be exercised at any time, without notice and without specifying any reason therefor, by filing, for record in the office where this instrument is recorded, a deed of appointment. Such power of appointment of a successor Trustee or Trustees may be exercised as often and whenever such holder deems it advisable. Upon the recording of such deed or deeds of appointment, the Trustee or Trustees so appointed shall thereupon without any further act or deed or conveyance become fully vested with identically the same title and estate in and to the Property with all the rights, powers, trusts, and duties of their, his, or its predecessor hereunder, with like effect as if such Trustee or Trustees were originally named as trustee or trustees hereunder. Whenever in this Deed of Trust reference is made to the Trustee or Trustees, it shall be construed to mean the Trustee or Trustees for the time being, whether original or successor or

successors in the trust.

6. Condemnation. Should all or any part of the Property conveyed hereby be condemned or taken through eminent domain proceedings, all such part of any award or proceeds derived from such proceedings, as the holder of the Note in its sole discretion may determine, shall be paid to such holder and applied against the then remaining indebtedness hereby secured, and all such proceeds are hereby assigned to such holder to the extent of the then remaining indebtedness hereby secured.

7. Renewal, Extension, Waiver. The holder of the Note, at its option, may at any time renew or extend this Deed of Trust or the Note secured hereby, or alter or modify the same in any way and (except to the detriment of the Borrower) may waive any of the covenants and conditions of the Note or this Deed of Trust in whole or in part either at the request of the Borrower or of any other person then having an interest in the Property or in any way liable on the indebtedness secured hereby; take other security for the indebtedness or release any portion of the Property, or release any party primarily or secondarily liable on the Note; grant such extensions or indulgences in relation to the Note and this Deed of Trust and the payment thereof; and apply to the principal or interest of the indebtedness secured hereby any part or all of the proceeds obtained by sale or otherwise as herein provided, without resort or regard to other security. Such waivers, renewals, extensions, or other indulgences may be granted without in any way releasing the Borrower from any covenant, agreement, or condition of the Note or this Deed of Trust, or affecting the lien of this Deed of Trust on all Property covered hereby and not specifically released.

8. Subordinate Liens. If the Borrower shall grant any lien on the Property subordinate to this Deed of Trust, such subordinate lien shall be subject to the condition that the time for the payment of the indebtedness hereby secured and the manner and amount of payment thereof, and the benefits of the security afforded hereby and by the Note, or any obligation substituted for the Note, may, without the consent of such subordinate lienor, and without any obligation to give notice of any kind thereto, be extended, re-extended, or suspended on any terms whatsoever without in any manner affecting the priority of the lien hereby created, as security for the payment of the indebtedness secured hereby.

9. Attornment. If the Borrower has leased the Property or any part thereof, any such lease shall be subject to the condition that, in the event of any foreclosure sale hereunder, such lease shall continue in full force and effect and the tenant thereunder will, upon request, attorn to and acknowledge the foreclosure purchaser as landlord, unless the holder of the Note, or such foreclosure purchaser or the Trustees hereunder, shall, at or prior to the time of such sale or within _____ (_____) days thereafter, notify the tenant in writing to vacate and surrender the leased premises within _____ (_____) days from the date of sale. In the event of such notice, any such lease shall fully terminate and expire at the end of such _____ day period. The holder of the Note hereby consents to the creation of such leases subject to such condition.

10. Incorporation of Construction Loan Agreement. This Deed of Trust and the Note secured hereby are executed and delivered to secure moneys advanced or to be advanced in accordance with a Construction Loan Agreement of even date herewith between the Borrower and Trust Company, which Construction Loan Agreement is incorporated herein by this reference. Failure by the Borrower to carry on or complete the construction of improvements in accordance with such Construction Loan Agreement or any other default by the Borrower under such Construction Loan Agreement shall constitute a default under this Deed of Trust and the holder of the Note may at its option cause the entire indebtedness secured by this Deed of Trust to become immediately due and payable. In the event of such default by the Borrower, and whether or not such holder shall cause the indebtedness secured hereby to become immediately due and payable, the Trustees at the written request of such holder, after due notice to the Borrower, may enter upon the Property, employ watchmen to protect the improvements thereon from theft or injury, continue all outstanding contracts for the erection and completion of improvements, enter into any further contracts and obligations wherever necessary, either in their own name as Trustees hereunder or in the name of the Borrower, and pay all debts, obligations, and liabilities incurred thereby. All sums so advanced by the Trustees or by such holder and all sums advanced under such Construction Loan Agreement shall be secured by this Deed of Trust and, to the extent they shall not be included in the

principal amount of the indebtedness secured hereby, shall be due and payable on demand with interest at the rate of _____ percent (_____) per year.

11. Deferral of Tax Payments. Notwithstanding any other provisions of this Deed of Trust, the Borrower, upon giving to the holder of the Note written notice, shall have the right to defer payment of any tax or assessment levied or imposed against the Property so long as the Borrower shall in good faith and with due diligence at its own expense contest the validity thereof by appropriate legal proceedings. Pending any such legal contest, such holder shall not have the right to pay or discharge such taxes or assessments thereby contested unless such payment is necessary to protect the title to the Property. Such delay by the Borrower in paying the same until final determination of such disputed matter shall not be deemed a default in the performance of the conditions of this Deed of Trust; provided that upon such final determination the Borrower pays such tax or assessment as finally determined together with penalties and interest, if any, thereon; and provided further that on demand of such holder the Borrower shall furnish indemnity satisfactory to such holder against loss or damage on account thereof.

12. Notice. Any notice or demand that may be given or made hereunder or with reference to this Deed of Trust shall be sufficient notice or demand if mailed, postage prepaid, addressed to the Borrower at _____ [address], and to the Trust Company at _____ [address]. Such notices shall be considered to have been given at the time they are deposited in any letter box or post office of the United States Government.

13. Binding Effect. All provisions, covenants, and agreements contained in this Deed of Trust shall bind, inure to the benefit of, and equally relate to the Borrower, its successors and assigns, and any other succeeding owners of the Property jointly and severally, and the Trustees, the survivor of them or substituted Trustees or Trustee, or other successor or successors in trust and those claiming by, through, or under them. The provisions herein relating to the Trust Company shall equally relate to its successors and assigns or other holder or holders of the Note secured hereby, including any endorsee, assignee, or pledgee of the Note receiving title thereto by or through Trust Company, its successors or assigns.

14. Warranty of Title. The Borrower warrants specially the Property hereby conveyed, and that it shall execute such further assurances with respect to the Property as may be requisite or necessary for vesting title in the Trustees or Trustee acting hereunder for the time being, in and upon the same trusts hereinbefore declared.

IN WITNESS WHEREOF, the Borrower has caused these presents to be executed in its corporate name as of the day, month, and year first hereinabove written.

FORM 22.117 Consent of mortgagee to declaration

COMMENT

Occasionally, it may be necessary or helpful to file a declaration on property which is subject to a mortgage. In this scenario, the mortgage should be made subordinate to the declarations. If it is not subordinated, then a foreclosure of the mortgage would have the potential to cancel the declarations. Under the normal scenario, as each unit is sold, the mortgagee will agree to release the unit. The following consent is very simple and it can be attached to the declaration before it is filed.

FORM

The undersigned _____ [lender] is the mortgagee of the property described in the foregoing Declaration (the "Declarant" by virtue of a certain Mortgage Deed filed in the mortgage records of the Recorder of _____ [county], _____ [state], in Volume _____ [number], Page _____ [number] (the "Mortgage"). The undersigned hereby consents to the Declarant and to the filing thereof in the Office of the County Recorder of _____ [county], _____ [state], and further, subjects and subordinates the Mortgage to such Declaration and the Drawings attached thereto, and to the provisions of Chapter _____ of the _____ [state] Code. This consent is not a release of the Mortgage, nor is it a waiver of the priority or validity of the Mortgage as it relates to any other agreement, encumbrance, lien, reservation, restriction or condition affecting the Property.

FORM 22.118 Assignment of Mortgage

COMMENT

Often the permanent lender may elect to take an assignment of the prior mortgage. It may do this in order to avoid the costs associated with filing a new mortgage or in order to obtain the priority of the prior mortgage. The following is a simple assignment which is intended to be filed with the recording offices to reflect the owner of the mortgage.

FORM

KNOW ALL MEN BY THESE PRESENTS, that _____ [name] ("Assignor"), for the consideration of _____ Dollars (\$ _____) and other valuable considerations it has received to its full satisfaction of _____ [name] (the "Assignee"), does hereby sell, assign, transfer and set over to Assignee, its successors and assigns, all of its right, title and interest in and to a certain Open-End Mortgage Deed executed and delivered by _____ [name] as of _____ [month] _____ [day], _____ [year] and recorded in Volume _____ [number], Page _____ [number] of _____ [county] County, _____ [state] Records.

26-22 Current Legal Forms for Real Estate FORM 22.121

FORM 22.121 Commercial note

COMMENT

The note provides for an adjustable interest rate that is tied to the prime lending rate. The interest rate adjusts immediately in response to fluctuations in the prime. The borrower "draws down" (i.e., receives gradual disbursements of loan funds) on the note pursuant to a building loan agreement already executed by the lender and the borrower.

The lender should carefully review the developer's title to the property before each disbursement is made in order to be certain that no intervening liens have been filed against the property. Such liens may take precedence over the lender's right to be repaid for any disbursements made after the liens were filed.

FORM

PROMISSORY NOTE

\$ _____

_____ [city], _____ [county],
_____ [state]
_____ [month] _____ [day],
_____ [year]

FOR VALUE RECEIVED, the undersigned ("Makers") jointly and severally promise to pay to the order of _____ [name] (the "Lender") the sum of _____ Dollars (\$ _____),

with interest at the prime rate as announced from time to time in the Financial Section of the *Wall Street Journal* on the unpaid principal balance. With each announced change in the prime rate, the interest payable herein shall be adjusted. Interest shall be payable in arrears on a monthly basis until _____[month] _____[day], _____[year]. Principal and interest shall be payable in _____ (_____) equal monthly installments of _____ Dollars (\$_____) each, commencing on _____[month] _____[day], _____[year] and continuing on the first (1st) day of each month thereafter until this Note is paid in full. All principal and accrued interest shall be paid in full no later than _____[month] _____[day], _____[year].

The Lender shall make advances to Makers hereunder pursuant to the terms and conditions of that certain Construction Loan and Security Agreement between Makers and Lender of even date.

If an installment of principal or interest is not paid when due, then the Makers or endorsers shall pay to the holder hereof a late fee equal to _____ percent (_____) of the amount of the late payment as liquidated damages, such amount being stipulated to by the Makers as the amount necessary to compensate the holder for the holder's reasonable damages. Such late fee shall be immediately payable. All payments made hereunder shall be applied first to accrued late fees, then to accrued interest, then to principal. Notwithstanding any claim, demand or judgments that Makers, or any one or more of them, may have against the holder hereof (or any person or entity related thereto), Makers are and shall be prohibited from setting off any such amount from the amount due hereunder without a court order for same.

This Note may be prepaid in whole or in part at any time or times without penalty. All prepayments shall be applied first against accrued late fees, then against accrued interest, then against the installments of principal payable hereunder in the inverse order of maturity. Any such prepayment shall not defer, delay or excuse the payment of any subsequent installments due hereunder. The Makers represent that this debt arose in a business transaction. This Note is secured by a Mortgage of even date given by the Makers to the initial holder hereof.

In the event of non-payment of any installment (either principal, interest or the late fee) when due, or upon a default under the Purchase Money Mortgage Deed or upon the insolvency of any of the undersigned, the entire balance of principal then remaining unpaid, plus accrued interest and accrued late fees, shall at once become due and payable at the option of the holder hereof, without notice or demand. Failure to exercise any right contained in this Note by the holder shall not constitute a waiver of the right to exercise such right in the event of any subsequent default.

Commencing upon a default hereunder, the entire principal balance outstanding, plus accrued interest and late fees, shall thereafter accrue interest at the rate of _____ percent (_____) per annum in excess of the interest rate provided for hereinabove. If Makers shall default under the terms of this Note, Makers hereby agree to pay and/or reimburse the holder hereof for any costs, expenses and/or fees (including, but not limited to, reasonable attorneys fees) which the holder hereof incurs in enforcing the terms of this Note and collecting the underlying indebtedness.

In case one or more of the provisions contained herein shall for any reason be unenforceable, invalid or illegal in any respect, such unenforceability, invalidity or illegality shall not affect any other provisions of this Note, but this Note shall be construed as if such unenforceable, invalid or illegal provisions had not been contained herein or if it is equitable under the circumstances, such unenforceable, invalid or illegal provisions shall be reformed, amended and/or construed so as to be enforceable, valid or legal. Nothing contained in this Note shall be construed to require Makers, or any endorsers to pay interest at an amount or at a rate that is greater than the highest rate permitted by law. If any interest or other charges paid by Makers or any endorser result in the computation of interest in excess of the highest rate permissible, then such excess is hereby waived (if such excess has not been paid), or if the excess has been paid, then it shall be treated as a reduction in principal. This Note shall be construed and given effect in accordance with the laws of the State of _____[state].

The Makers and endorsers hereof hereby waive presentment, demand, notice of dishonor, protest and notice of non-payment and protest. Each of the undersigned has executed this instrument in the capacity of maker, regardless of the location of his signature.

FORM 22.122 Mortgage Note (Construction Loan)

This is a standard note. The note itself is designed to be short and simple. It incorporates the terms of loan agreement, including the circumstances under which the lender may declare a default, and accelerate the outstanding balance. This note contains confess judgment procedures.

WARNING--BY SIGNING THIS PAPER, YOU GIVE UP YOUR RIGHT TO NOTICE AND COURT TRIAL. IF YOU DO NOT PAY ON TIME, A COURT JUDGMENT MAY BE TAKEN AGAINST YOU WITHOUT YOUR PRIOR KNOWLEDGE AND THE POWERS OF A COURT CAN BE USED TO COLLECT FROM YOU REGARDLESS OF ANY CLAIMS YOU MAY HAVE AGAINST THE CREDITOR WHETHER FOR RETURNED GOODS, FAULTY GOODS, FAILURE ON HIS PART TO COMPLY WITH THE AGREEMENT OR ANY OTHER CAUSE.

FORM

\$ _____

_____, [city], _____ [county],
_____, [state]
_____, [month] _____ [day],
_____, [year]
(Effective Date)

FOR VALUE RECEIVED, _____ [name], a(n) _____ [state]
_____, [entity] (the "Borrower") hereby promises to pay to the order of _____ [name],
a(n) _____ [state] _____ [entity] ("Bank"), the principal sum of _____
Dollars (\$ _____) as such may be advanced by the Bank pursuant to the terms of the Construction
Loan and Security Agreement of even date herewith by and between the Borrower and the Bank, as same may be

amended from time to time (the "Loan Agreement"), together with interest accrued on the unpaid principal balance from the date hereof at the interest rate as described below subject to adjustment.

The principal balance outstanding hereunder, will bear interest from the date of the first advance at a floating rate of interest equal to _____ percent (_____) in excess of the Prime Rate (as defined below) of Bank in effect from time to time and shall remain in effect until _____[month] _____[day], _____[year]. Interest shall be calculated based on a 360-day year and charged for the actual number of days elapsed. Interest will be payable on the first (1st) day of each calendar month during the term hereof. Borrower hereby authorizes Bank to automatically withdraw payments due hereunder from Borrower's bank account at Bank. After maturity, whether by acceleration or otherwise, the Note will bear interest (computed and adjusted in the same manner, and with the same effect, as interest hereon prior to maturity) payable on demand, at a rate per annum equal to the Default Rate, until paid, and whether before or after the entry of judgment hereon.

Accrued and unpaid interest will be due and payable monthly commencing _____[month] _____[day], _____[year] and continuing on the first (1st) day of each calendar month thereafter during the term hereof.

So long as no Event of Default has occurred, Borrower may request advances hereunder until the Maturity Date, on which date Borrower's right to obtain advances hereunder shall terminate.

"Prime Rate" means the rate of interest per annum announced to be its prime rate from time to time by Bank at its principal office in _____[city], _____[state], whether or not Bank will at times lend to borrowers at lower rates of interest or, if there is no such prime rate, then its base rate or such other rate as may be substituted by Bank for the prime rate.

Bank may charge and Borrower agrees to pay a note processing fee of _____ Dollars (\$_____) on the Effective Date of this Note.

The principal amount of each loan made by Bank under this Note and the amount of each prepayment made by Borrower will be recorded in the regularly maintained data processing records of Bank. The aggregate unpaid principal amount of all loans set forth in such records will be presumptive evidence of the principal amount owing and unpaid on this Note. However, failure by Bank to make such entry will not limit or otherwise affect Borrower's Obligations under this Note or the Loan Agreement.

This Note may be prepaid in part or in full at any time without premium or penalty. Any prepayments under this Note in advance of any amortized payments will be applied to reduce the outstanding principal amount of this Note in the inverse chronological order of maturity. To do so, Borrower must give written notice to Bank of its intention to prepay this Note in full or in part pursuant to this paragraph and shall specify therein the principal amount to be prepaid and the date on which such prepayment shall occur.

In no event will the interest rate on this Note exceed the highest rate permissible under any law which a court of competent jurisdiction will, in a final determination, deem applicable hereto. In the event that a court determines that Bank has received interest and other charges under this Note in excess of the highest permissible rate applicable hereto, such excess will be deemed received on account of, and will automatically be applied to reduce the amounts due to Bank from Borrower under this Note, other than interest, and the provisions hereof will be deemed amended to provide for the highest permissible rate. If there are no such amounts outstanding, Bank will refund to Borrower such excess.

If any payment of principal is paid more than ten (10) days after its due date (whether by acceleration or otherwise), Borrower agrees to pay to Bank a late payment fee equal to five percent (5%) of the monthly payment amount then due.

Such late fee shall be immediately payable. Further, in the event that an Event of Default occurs (as defined in the Loan Agreement), the Bank may declare all amounts outstanding hereunder to be immediately due and payable.

All payments received by Bank will be applied first to payment of amounts advanced by Bank on behalf of Borrower, which may be due for insurance, taxes and attorneys' fees or other charges to be paid by Borrower pursuant to the Mortgages or the Loan Agreement, then to accrued interest due on this Note, then to principal, which will be repaid in the inverse order of maturity.

Borrower and all endorsers, sureties, guarantors and other persons liable on this Note hereby waive presentment for payment, demand, notice of dishonor, notice of protest and all other notices in connection with the delivery, performance and enforcement of this Note, and consent to one or more renewals or extensions of this Note.

This Note may not be changed orally, but only by an instrument in writing.

This Note is being delivered in, is intended to be performed in, will be construed and enforceable in accordance with, and governed by the internal laws of the State of _____ [state] without regard to principles or conflicts of law. Borrower agrees that the State and Federal courts in _____ [county] County, _____ [state] will have exclusive jurisdiction over all matters arising out of this Note, and that service of process in any such proceeding will be effective if mailed to Borrower at its address described in the Notices section of the Loan Agreement. BORROWER HEREBY WAIVES THE RIGHT TO TRIAL BY JURY OF ANY MATTERS ARISING OUT OF THIS NOTE.

Borrower authorizes any attorney of record to appear for it in any court of record in the State of _____ [state], after an Obligation becomes due and payable whether by its terms or upon default, waives the issuance and service of process, releases all errors and rights of appeal, and confesses a judgment against it in favor of the holder of such Obligation, for the principal amount of such Obligation plus interest thereon, together with court costs and attorneys' fees. State of Execution and all exemptions are hereby waived. Borrower also agrees that the attorney acting for Borrower as set forth in this paragraph may be compensated by Bank for such services, and Borrower waives any conflict of interest caused by such representation and compensation arrangement. If an Obligation is referred to an attorney for collection, and the payment is obtained without the entry of a judgment, the obligors will pay to the holder of such Obligation its attorneys' fees.

WARNING

-- BY SIGNING THIS PAPER, YOU GIVE UP YOUR RIGHT TO NOTICE AND COURT TRIAL. IF YOU DO NOT PAY ON TIME, A COURT JUDGMENT MAY BE TAKEN AGAINST YOU WITHOUT YOUR PRIOR KNOWLEDGE AND THE POWERS OF A COURT CAN BE USED TO COLLECT FROM YOU REGARDLESS OF ANY CLAIMS YOU MAY HAVE AGAINST THE CREDITOR WHETHER FOR RETURNED GOODS, FAULTY GOODS, FAILURE ON HIS PART TO COMPLY WITH THE AGREEMENT OR ANY OTHER CAUSE.

FORM 22.123 Note--arrangement for partial release of portions of mortgaged property

COMMENT

This note is intended to relate to a purchase money mortgage. It refers to the provision of the purchase money mortgage which requires the holder of the note to release all portion of the property from the purchase money mortgage. Additionally, this note is a non-recourse note and the holder's right to collect is expressly limited to the mortgage property

FORM

\$ _____

_____ [city], _____ [state]

After date, for value received, we promise to pay to the order of _____ [name],
a(n) _____ [state] _____ [entity], the sum of _____ Dollars
(\$ _____), payable in quarter-annual installments of _____ Dollars
(\$ _____) each, beginning on a day which is three months from and after the date hereof, and on the
same day of each third month thereafter, with a final installment, consisting of the then unpaid balance of principal,
coming due on a day which is _____ (_____) years after the date hereof; together
with interest on the within note from and after the date hereof at the rate of _____ percent
(_____) per year, with interest payable quarter-annually from and after the date hereof and with
interest computed always on the diminishing and unpaid principal balances of the debt evidenced hereby. All sums of
principal and interest coming due hereunder shall be payable at: _____ [name]
_____ [address], or at such other place in _____ [county] County,
_____ [state], as the payee or holder may specify in writing from time to time.

The failure of the maker to pay any installment of principal and interest as and when it matures, with such failure continuing uncured for _____ (_____) days after such maturity date, shall confer upon the payee or holder the privilege or option, then or thereafter to be exercised while such default continues uncured, to accelerate and call due the entire amount of principal and interest evidenced hereby which is unpaid, anything in the within note to the contrary notwithstanding.

The indebtedness evidenced hereby may be prepaid in whole or in part at any time without penalty or premium for such prepayment.

This note is secured by a mortgage given under even date herewith; and all persons to whom these presents may come are referred to the mortgage for its effect upon the within note and the application of the amounts paid pursuant to the mortgage, for the procuring of releases of property from its lien, upon the indebtedness evidenced hereby. Specifically, reference is made to the fact that, as set forth in paragraph 10(a) of such mortgage, the rights of the Mortgagee are limited to the security the mortgage encumbers. There is no personal liability on and no personal judgment may ever be sought or obtained by reason of this note and its execution.

The maker shall waive demand, presentment for payment, protest, and notice of nonpayment and of dishonor. If by reason of default in the payment of the note it becomes necessary for the payee or holder to employ an attorney to enforce the mortgage which secures this note, then there shall be included in the debt evidenced hereby and secured by the mortgage all court costs and attorney's fees reasonably incurred or expended by the payee or holder in effecting such enforcement by reason of such default; provided that court costs or attorney's fees shall not be included in the debt unless the default continues uncured throughout the acceleration period of _____ (_____) days hereinabove set forth.

26-22 Current Legal Forms for Real Estate FORM 22.124

FORM 22.124 Transaction Guaranty--individual

COMMENT

In many cases, the lender will require the owners of the borrower to personally guaranty the repayment of the loan. Obviously, most owners resist pledging their personal credit. However, if faced with giving a personal guaranty or not obtaining the loan, many owners will give the guaranty. The following form is a guaranty in which the guarantor has negotiated to be responsible for only a portion of the debt. This guaranty has some characteristic of a loan agreement because the guarantor is also required to provide certain financial information about his or her personal finances on a regular basis.

FORM

THIS TRANSACTION GUARANTY is given this _____[day] day of _____[month], _____[year] by _____[name], (hereinafter referred to as the ("Guarantor") to _____[name], a(n) _____[state] _____[entity] (the "Bank").

WHEREAS, _____[name], a(n) _____[state] _____[entity] (hereinafter referred to as "Borrower") has entered into a certain Construction Loan and Security Agreement of even date herewith, as the same may be amended, modified and supplemented (the "Loan Agreement") with the Bank, pursuant to which Borrower executed and delivered a certain note having a face amount of _____ Dollars (\$ _____) of even date herewith (the "Note") in evidence of its obligation thereunder to the Bank; and

WHEREAS, the Guarantor, as a Member of Borrower, has derived and will continue to derive benefits as a result of the

Loan Agreement and the loan to be made thereunder; and

WHEREAS, as a condition precedent to the effectiveness of the Loan Agreement, the Bank required that the Guarantor execute and deliver this Guaranty;

NOW, THEREFORE, in order to induce the Bank to enter into the Loan Agreement, and in consideration of the benefits expected to accrue to the Guarantor by reason thereof, and for other good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, the Guarantor hereby represents and warrants to, and covenants and agrees with the Bank, as follows:

The Guarantor does hereby irrevocably and unconditionally guarantee to the Bank the punctual payment of the Guaranteed Amount (as defined below), when due (whether by demand, acceleration or otherwise), (i) of the principal and interest on the Note given by the Borrower pursuant to the Loan Agreement, and any amendment, modification or supplement thereto whether now outstanding or hereafter issued (including interest accruing thereon after the commencement of any case or proceeding under any federal or state bankruptcy, insolvency or similar law (a "Proceeding") whether or not a claim for such interest is allowable in such Proceeding ("Post-Petition Interest")); and (ii) all other obligations and liabilities of the Borrower to the Bank under the Loan Agreement, whether now or hereafter existing, due or to become due, direct or contingent, joint, several or independent, secured or unsecured and whether matured or unmatured (including Post-Petition Interest) (all of the liabilities included in clauses (i) and (ii) of this Paragraph are hereinafter collectively referred to as the "Guaranteed Obligations"). This is a guaranty of payment and not of collection, and is the primary obligation of the Guarantor; and the Bank may enforce this Guaranty against the Guarantor without any prior pursuit or enforcement of the Guaranteed Obligations against the Borrower, any collateral, any right of set-off or similar right, any other guarantor or other obligor or any other recourse or remedy in the power of the Bank. Notwithstanding anything to the contrary contained herein, Bank agrees that Guarantor's liability hereunder will be limited to _____ Dollars (\$_____) of the principal balance, plus all Loss and Expense (as defined below) (collectively, the "Guaranteed Amount").

All payments made by the Guarantor under or by virtue of this Guaranty shall be paid to the Bank at its offices at _____ [address] or such other place as the Bank may hereafter designate in writing. The Guarantor hereby agrees to make all payments under or by virtue of this Guaranty to the Bank as aforesaid no later than ten (10) days following the date on which the Bank sends written demand hereunder to the Guarantor.

The Guarantor hereby waives (i) notice of acceptance of this Guaranty, notice of the creation, renewal or accrual of any of the Guaranteed Obligations and notice of any other liability to which it may apply, and notice of protest, presentment, demand of payment, notice of dishonor or nonpayment of any of the Guaranteed Obligations, suit or taking other action or making any demand against, and any other notice to the Borrower or any other party liable thereon; (ii) any defense based upon any statute or rule of law to the effect that the obligation of a surety must be neither larger in amount nor in any respects more burdensome than that of the principal; (iii) any defense based upon the Bank's administration or handling of the Guaranteed Obligations, except behavior which amounts to bad faith; and (iv) to the fullest extent permitted by law, any defenses or benefits which may be derived from or afforded by law which limit the liability of or exonerate guarantors or sureties, or which may conflict with terms of this Guaranty.

So far as the Guarantor is concerned, the Bank may, at any time and from time to time, without the consent of, or notice to, the Guarantor, and without impairing or releasing any of the Guaranteed Obligations hereunder, upon or without any terms or conditions and in whole or in part:

- (a) Modify or change the manner, place or terms of, and/or change or extend the time of payment of, renew or alter, any of the Guaranteed Obligations, any security therefor, or any liability incurred directly or indirectly in respect thereof, and this Guaranty shall apply to the Guaranteed Obligations as so modified, changed, extended, renewed or altered;

(b) Request, accept, sell, exchange, release, subordinate, surrender, realize upon or otherwise deal with, in any manner and in any order; (a) any other guaranty by whomsoever at any time made of the Guaranteed Obligations or any liabilities (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and/or any offset or right with respect thereto; and (b) any property by whomsoever at any time pledged, mortgaged or otherwise encumbered to secure, or howsoever securing, the Guaranteed Obligations or any liabilities (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and/or any offset or right with respect thereto;

(c) Exercise or refrain from exercising any rights against the Borrower or against any collateral or others (including, without limitation, any other guarantor) or otherwise act or refrain from acting;

(d) Settle or compromise any of the Guaranteed Obligations, and security therefor or any liability (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and subordinate the payment of all or any part thereof to the payment of any liability (whether due or not) of the Borrower to lenders of the Borrower other than that Bank when, in the Bank's sole judgment, it considers such subordination necessary or helpful in the protection of its interest or the exercise of its remedies, including, without limitation, the sale or other realization upon collateral;

(e) Apply in the manner determined by the Bank any sums by whomsoever paid or howsoever realized to any of the Guaranteed Obligations, regardless of what liability or liabilities of the Borrower remain unpaid; and

(f) Amend or otherwise modify, consent to or waive any breach of, or any act, omission or default or Event of Default under the Loan Agreement or the Note, or any agreements, instruments or documents referred to therein or executed and delivered pursuant thereto or in connection therewith.

This Guaranty and the obligations of the Guarantor hereunder shall be valid and enforceable and shall not be subject to limitation, impairment or discharge for any reason (other than the payment in full of the Guaranteed Obligations), including, without limitation, the occurrence of any of the following, whether or not the Guarantor shall have had notice or knowledge of any of them: (i) any failure to assert or enforce or agreement not to assert or enforce, or the stay or enjoining, by order of the court, by operation of law or otherwise, of the exercise or enforcement of, any claim or demand of any right power or remedy with respect to the Guaranteed Obligations or any agreement relating thereto or with respect to any other guaranty thereof or security therefor; (ii) any waiver, amendment or modification of, or any consent to departure from, any of the terms or provisions (including, without limitation, provisions relating to Events of Default) of the Loan Agreement, the Note or any other agreement at any time executed in connection therewith; (iii) the Guaranteed Obligations or any portion thereof at any time being found to be illegal, invalid or unenforceable in any respect; (iv) the application of payments received from any source to the payment of indebtedness other than the Guaranteed Obligations, even though the Bank might have elected to apply such payment to the payment of all or any part of the Guaranteed Obligations; (v) any failure to perfect or continue perfection of a security interest in any collateral which secures any of the Guaranteed Obligations; (vi) any defenses, set-offs or counterclaims which the Borrower may allege or assert against the Bank in respect of the Guaranteed Obligations; (vii) the avoidance or voidability of the Guaranteed Obligations under the Bankruptcy Code or other applicable laws; and (viii) any other act or thing or omission which may or might in any manner or to any extent vary the risk of the Guarantor as an obligor in respect of the Guaranteed Obligations.

The Guarantor hereby represents and warrants, which representations and warranties shall survive the execution and delivery of this Guaranty that, neither the execution and delivery of this Guaranty nor the consummation of the transactions herein contemplated, nor compliance with the terms and provisions hereof, will contravene any provision of law, statute, rule or regulation to which the Guarantor is subject or any judgment, decree, award, franchise, order or

permit, or will conflict or will be inconsistent with, or will result in any breach of, any of the terms, covenants or provisions of, or constitute a default under, or result in the creation or imposition of any lien, security interest, charge or other encumbrance upon any of the properties or assets of the Guarantor pursuant to the terms of any indenture, mortgage, deed of trust, agreement or other instrument to which the Guarantor is a party or by which he may be bound or to which he may be subject.

The Guarantor covenants that he shall:

(a) Furnish to Bank personal income and earnings statements and balance sheets within

_____ (

_____) days following the expiration of each calendar year, and copies of the Guarantor's individual federal income tax returns (certified by the Guarantor) within

_____ (

_____) days following the expiration of each calendar year.

(b) Furnish Bank such other financial information as Bank may reasonably request; and

(c) Promptly notify Bank of any threatened or pending litigation, the outcome of which could have a material or adverse effect on the finances of the Guarantor.

Any and all rights and claims of the Guarantor against the Borrower or any of its property, arising by reason of any payment by the Guarantor to the Bank pursuant to the provisions of this Guaranty, shall be subordinate and subject in right of payment to the prior and indefeasible payment in full of all Guaranteed Obligations to the Bank, and until such time, the Guarantor shall have no right of subrogation, contribution, reimbursement or similar right and hereby waives any right to enforce any remedy the Bank or the Guarantor may now or hereafter have against the Borrower, any endorser of any other guarantor of all or any part of the Guaranteed Obligations of the Borrower and any right to participate in, or benefit from, any security given to the Bank to secure any guaranteed Obligations. Any promissory note evidencing such liability of the Borrower to the Guarantor shall be non-negotiable and shall expressly state that it is subordinated pursuant to this Guaranty. All liens and security interests of the Guarantor, whether now or hereafter arising and however existing, in any assets of the Borrower or any assets securing Guaranteed Obligations shall be and hereby are subordinated to the rights and interests of the Bank in those assets until the prior and indefeasible payment in full of all Guaranteed Obligations to the Bank and termination of all financing arrangements between the Borrower and the Bank.

The Guarantor hereby agrees to indemnify and hold harmless the Bank from and against any losses, costs or expenses (including, without limitation, reasonable attorneys' fees and litigation costs) ("Loss and Expense") incurred by the Bank in connection with the Bank's collection of any sum due hereunder or its enforcement of its rights hereunder.

All notices, requests, demands or other communications hereunder shall be in writing and will be sent as required by the Loan Agreement.

Any notice, request, demand or other communication hereunder shall be deemed to have been duly given when deposited in the mails, postage prepaid, or in the case of telegraphic notice, when delivered to the telegraph company, addressed to the Bank as aforesaid or to the Guarantor's last known address. The Bank and any the Guarantor may change the address to which notices are to be given hereunder by notice duly given hereunder.

No delay on the part of the Bank in exercising any of its options, powers or rights, and no partial or single exercise thereof, whether arising hereunder, under the Loan Agreement, the Note, or otherwise, shall constitute a waiver thereof or affect any right hereunder. No waiver of any such rights and no modification, amendment or discharge of this Guaranty shall be deemed to be made by the Bank or shall be effective unless the same shall be in writing signed by the Bank, and then such waiver shall apply only with respect to the specific instance involved and shall in no way impair the rights of the Bank or the obligations of the Guarantor to the Bank in any other respect any other time.

The Guarantor acknowledges and agrees that any payment made on the Guaranteed Obligations or any part thereof, whatever the source or form of payment, shall be conditional as to the Guarantor unless and until the payment shall be final and valid and indefeasible as to all the world. Without limiting the generality of the foregoing, the Guarantor agrees that if any check or other instrument so applied shall be dishonored by the drawer or any party thereto, or if any proceeds of collateral so applied shall thereafter be recovered by any trustee in bankruptcy or anyone else, the Bank in each case may reverse any entry relating thereto in its books and the Guarantor shall remain liable therefor even if the Bank may no longer have in its possession any evidence of the Guaranteed Obligations to which the payment in question was applied.

This Guaranty and the respective rights and obligations of the Bank and the Guarantor hereunder shall be construed and enforced in accordance with the laws of the State of _____ [state] applicable to contracts made and to be performed wholly within such state. The Guarantor irrevocably consents that service of notice, summons or other process in any action or suit in any court of record to enforce this Guaranty may be made upon the Guarantor by mailing a copy of the summons to the Guarantor by certified or registered mail, at the address specified above. The Guarantor hereby waives the right to interpose counterclaims or set-offs of any kind and description in any such action or suit arising hereunder or in connection herewith.

This Guaranty shall be binding upon the Guarantor and his heirs and assigns, and shall inure to the benefit of the Bank and its successors and assigns. This Guaranty embodies the entire agreement and understanding between the Bank and the Guarantor and supersedes all prior agreements and understandings relating to the subject matter hereof.

If this Guaranty is held or determined to be void, invalid or unenforceable, in whole or in part, such holding or determination shall not impair or affect the validity and enforceability of any clause or provision not so held to be void, invalid or unenforceable. If this Guaranty would be held or determined by a court or tribunal having competent jurisdiction to be void, invalid or unenforceable on account of the amount of its aggregate liability under this Guaranty, then, notwithstanding any other provision of this Guaranty to the contrary, the aggregate amount of the liability of the Guarantor under this Guaranty shall, without any further action by the Guarantor, the Bank or any other person, be automatically limited and reduced to an amount which is valid and enforceable.

The Guarantor: (i) hereby irrevocably submits to the jurisdiction of the state courts of the State of _____ [state], _____ [county] County, and to the jurisdiction of the United States District Court for the Northern District of _____ [state], for the purpose of any suit, action or other proceeding arising out of or based upon this Guaranty or the subject matter hereof brought by the Bank or its successors or assigns; (ii) hereby waives, and agrees not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that he is not subject personally to the jurisdiction of the above-named courts, that his property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Guaranty or the subject matter hereof may not be enforced in or by such court; and (iii) hereby waives and agrees not to seek any review by any court of any other jurisdiction which may be called upon to grant an enforcement of the judgment of any such _____ [state] state or federal court. The Guarantor agrees that his submission to jurisdiction and his consent to service of process by mail is made for the express benefit of the Bank.

Final judgment against the Guarantor in any such action, suit or proceeding may be enforced in other jurisdictions: (i)

by suit, action or proceeding on the judgment; or (ii) in any other manner provided by or pursuant to the laws of such other jurisdiction; *provided, however*, that the Bank may at its option bring suit, or institute other judicial proceedings, against the Guarantor in any state or federal court of the United States or of any country or place where the Guarantor or his property may be found.

Without limiting the effect or intentions of the warrant of attorney contained in the following paragraph, THE GUARANTOR IRREVOCABLY AGREES TO WAIVE ITS RIGHT TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THE LOAN AGREEMENT, THE NOTE, OR THIS GUARANTY OR ANY DEALINGS BETWEEN THEM RELATING TO THE SUBJECT MATTER OF THE LOAN AGREEMENT, THE TERM NOTE OR THIS GUARANTY AND THE RELATIONSHIPS THEREBY ESTABLISHED. This scope of this waiver is intended to be all-encompassing of any and all disputes that may be filed in any court and that relate to the subject matter of this transaction, including, without limitation, contract claims, tort claims, breach of duty claims, and all other statutory and common law claims. THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS OF THIS GUARANTY. In the event of litigation, this provision may be filed as a written consent to a trial by the court.

The Guarantor authorizes any attorney at law to appear in any Court of Record in the State of _____[state] or in any other state or territory of the United States of America after the above indebtedness becomes due, whether by acceleration or otherwise, to waive the issuance and service of process, and to confess judgment or judgments against the Guarantor in favor of the Bank for the amount then appearing due together with costs of suit, and thereupon to waive all errors and all rights of appeal and stays of execution. The foregoing warrant of attorney shall survive any such judgment and should any such judgment be vacated for any reason, and the foregoing warrant of attorney nevertheless may thereafter be utilized for obtaining judgment or judgments.

IN WITNESS WHEREOF, the Guarantor has caused this Guaranty to be duly executed as of the date first above written.

WARNING

--BY SIGNING THIS PAPER YOU GIVE UP YOUR RIGHT TO NOTICE AND COURT TRIAL. IF YOU DO NOT PAY ON TIME A COURT JUDGMENT MAY BE TAKEN AGAINST YOU WITHOUT YOUR PRIOR KNOWLEDGE AND THE POWERS OF A COURT CAN BE USED TO COLLECT FROM YOU REGARDLESS OF ANY CLAIMS YOU MAY HAVE AGAINST THE CREDITOR WHETHER FOR RETURNED GOODS, FAULTY GOODS, FAILURE ON HIS PART TO COMPLY WITH THE AGREEMENT, OR ANY OTHER CAUSE.

G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.125

FORM 22.125 Personal guaranty of down payment--guaranty is made by principal of real estate development corporation--guaranty is granted to home buyer who makes substantial down payment on home that development corporation has yet to build--down payment reduces amount of money that development corporation will need to borrow from bank to finance construction

COMMENT

Developers generally require outside financing for all or part of the construction cost of homes they build. Frequently, the source of such funds is an institutional lender, such as a bank. However, this arrangement can prove quite costly for the developer, since it will naturally incur both closing costs on the loan and interest expense.

A more fiscally-attractive route for the developer is to use the home buyer as one source of construction funds. In the form that follows, the home buyer has agreed to pay the developer, long before the closing, a significant portion of the total purchase price. The payments are scheduled to be made as construction work progresses. Obviously, this payment will reduce the amount which the developer needs to borrow from the bank. That reduction, in turn, will lower the borrowing expenses (e.g., interest) the developer will incur, expenses that inevitably will be passed along to the home buyer.

Since title remains with the developer until the closing, the home buyer's deposit is at risk. The deposit is essentially an unsecured loan made to the developer by the home buyer. If the developer misappropriates the money or goes into bankruptcy, the home owner will have to stand in line with other unsecured creditors in the hope of recouping at least some of his money. However, in all likelihood, the home buyer would probably not be able to obtain a full recovery.

Accordingly, to induce a home buyer into entering into this type of arrangement, a personal guaranty of the down payment is given to the home buyer. The guaranty is given by one or more of

the principals--i.e., the major shareholders--of the development company. Since most real estate developers are actually corporate entities, the guaranty allows access to the personal assets of the corporate principals in the event that the developer fails to complete the construction of the house and deliver title to the property to the home buyer. Of course, one must hope that the principals have sufficient assets available to satisfy the debt should the need arise. Thus, it would be most prudent for the home buyer's attorney to insist on receiving a personal financial statement from the principal(s) who are offering the guaranty before the home buyer agrees to this arrangement.

Of course, the home buyer and his attorney could also insist on receiving a second mortgage on the building lot in order to have some further security for the deposit. However, it is likely that the infrastructure development loan would contain a prohibition against such secondary mortgages.

FORM

WHEREAS, Mr. and Mrs. _____ [name], as Purchasers, have entered into a contract, dated _____ [month] _____ [day], _____ [year], to purchase a house to be constructed by _____ [name] ("Developer"), on Lot Number _____ [number], located on _____ [address], _____ [city], _____, _____ [county], _____ [state]; and

WHEREAS, the contract, at paragraph number 5 thereof, provides the following payment schedule:

(a)

_____ Dollars (\$
_____) paid as deposit on the lot;

(b)

_____ Dollars (\$
_____) paid as deposit with the contract;

(c)

_____ Dollars (\$
_____) paid upon completion of final plans;

(d)

_____ Dollars (\$
_____) paid upon completion of foundation;

(e)

_____ Dollars (\$

_____) paid upon completion of framing;

(f)

_____ Dollars (\$

_____) paid upon completion of mechanical rough in;

(g)

_____ Dollars (\$

_____) paid upon completion of drywall rough in; and

(h)

_____ Dollars (\$

_____) paid in cash or certified check at closing; and

WHEREAS, the contract, at paragraph 15 thereof, provides that the payments (a) through (g) are to be made prior to the transfer of title, are not to be held in escrow, and may be used by the builder in the construction; and

WHEREAS, purchasers are concerned about the security of the funds paid prior to the transfer of title, _____[name], as sole shareholder of the Builder-Seller, _____[name] has agreed to personally guaranty the funds paid prior to transfer of title,

Now, _____[name], as guarantor, pledges as follows:

1. In the event that Builder-Seller, _____[name], fails to complete the construction of the residential structure as set forth in the above-described contract, dated _____[month] _____[day], _____[year], Guarantor shall promptly, upon written request, pay to Purchasers the sum of _____ Dollars (\$ _____), or so much thereof as Purchasers have advanced.

2. In the event that Guarantor fails to make payment within _____ (_____) days after a request therefor, and Purchasers commence legal action to collect the guaranteed sums, Purchasers shall be entitled to collect their legal fees, costs and disbursements from Guarantor as well.

3. Purchasers shall not be required to seek payment from Seller-Builder prior to demanding payment from Guarantor.

4. All notices required hereunder shall be in writing and sent certified mail, return receipt requested, to the following addresses:

If to Purchasers: _____ [name]
 _____ [address]
 _____ [address]

With a copy to Purchasers' attorney: _____ [name]
 _____ [address]

_____ [address]

If to Guarantor: _____ [name]

_____ [address]

_____ [address]

With a copy to Guar-
antor's attorney: _____ [name]

_____ [address]

_____ [address]

5. This Guaranty shall be binding upon the Guarantor and his heirs, assigns, and successors.

26-22 Current Legal Forms for Real Estate FORM 22.126

FORM 22.126 Guaranty of building loan agreement--borrower is real estate development corporation--guarantors are principal shareholders of corporation

COMMENT

When a borrower operates in the form of an entity, the lender may require the borrower to provide a guaranty from the "principals" (i.e., major owners) of the entity.

The guaranty requires many things of the guarantors. The guarantors agree to be personally liable for the full amount of the principal and interest if the borrower becomes unable or unwilling to pay back the loan. The guarantors may also make representations about their own financial condition and any outstanding financial obligations which might affect their ability to pay should the lender need to enforce the guaranty.

FORM

UNLIMITED GUARANTY

THIS GUARANTY executed and delivered this _____[day] day of _____[month], _____[year] by _____[name] (the "Guarantor") to _____[name] ("Bank").

WITNESSETH:

WHEREAS, Bank has executed and delivered the following documents:

- (i) Construction Loan Agreement of even date with

_____ [name] (hereinafter "Borrower"); and

(ii) Mortgage of even date with Borrower; and

WHEREAS, the Guarantor is the sole shareholder of Borrower; and

WHEREAS, Guarantor has agreed to execute and deliver this Guaranty in order to induce Bank to enter into the foregoing agreements and the Guarantor acknowledges that Bank would not have entered into any of the agreements without Guarantor's execution and delivery of this Agreement;

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, and to induce Bank to forebear, and for good and other valuable consideration the receipt and sufficiency of which is hereby acknowledged by the Guarantor, the Guarantor does hereby agree with Bank as follows:

1. The Guarantor, absolutely and unconditionally, guarantees to Bank, its successors and assigns, the full and prompt performance of all obligations of Borrower to Bank, including the obligations of Borrower under the foregoing described agreements and for any other agreements (the obligations guaranteed being hereinafter referred to as the "Obligations"). Upon failure of Borrower to fulfill the Obligations, including any amounts due and payable to Bank, when and as the same becomes due and payable and the same is not satisfied by Borrower, Bank may, at its sole option, pursue the Guarantor for the Obligation not satisfied. Bank shall not be obligated to proceed against, or exhaust any other remedies it may have under any of the foregoing agreements, or resort to any other security held by Bank prior to enforcing the obligations of the Guarantor hereunder.
2. The Guarantor agrees to promptly notify Bank of any threatened or pending litigation, the outcome of which could have a material or adverse effect on the finances of the Guarantor.
3. The Guarantor acknowledges that he is the sole shareholder of Borrower, and as such, has an economic interest in the success of Borrower, that he is making this Guaranty in his individual capacity; and that he shall remain liable hereunder regardless of the success of Borrower.
4. The obligations of the Guarantor under this Guaranty is absolute and unconditional, and shall remain in full force and effect until the Obligations shall have been satisfied or paid in full. This Guaranty should not be construed to require Bank to forebear with respect to any defaults under any of the foregoing agreements.
5. The obligations of the Guarantor under this Guaranty shall not be affected, modified or impaired upon the happening of any event, including, without limitation, any of the following, whether or not with notice to or the consent of the Guarantor:
 - (a) The waiver, release or termination of any of the covenants, agreements or obligations of Borrower under any of the foregoing agreements;
 - (b) The modification or amendment (whether material or otherwise) of any obligations, covenants or agreements as set forth in any of the foregoing agreements;
 - (c) Any failure, omission, delay or lack on the part of Bank to enforce, assert or exercise any right, power or remedy conferred upon it in this Guaranty, or any other acts of omissions on the part of Bank;

(d) The voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all of the assets of Borrower, however affected, or receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganizations, arrangement, composition with creditors or readjustment or other similar proceedings affecting either Borrower or the Guarantor, or any of the assets of any of them, or any allegation or contest of the validity of this Guaranty, or any of the foregoing agreements;

(e) The invalidity, illegality or unenforceability of or any provision of any of the foregoing agreements;
or

(f) Any other event or action that would, in the absence of this clause, result in the release or discharge by operation at law of the Guarantor from the performance or observance of any obligation, covenant or agreement contained in this Guaranty.

6. Notwithstanding anything herein to the contrary, this Guaranty shall continue to be effective, or be reinstated, as the case may be, if at any time payment, or any part thereto, of any of the amounts secured hereunder is rescinded or must otherwise be restored or returned by Bank upon the insolvency, bankruptcy, dissolution, liquidation or reorganization of Borrower, or upon or as a result of the appointment of a receiver, intervener or conservator of, or trustee or similar officer for, Borrower or any substantial part of his property, or otherwise, all as though such payments had not been made. This Guaranty shall not be affected in any way by the transfer or other disposition of the property secured by the Mortgage, whether by operation of law or otherwise.

7. No setoff, counterclaim or reduction, no diminution of any obligation, and no defense of any kind or nature that a Guarantor has or may have against Borrower, Bank shall affect, modify or impair the obligations hereunder of the Guarantor.

8. The Guarantor hereby expressly waives, releases and discharges, any and every right of exoneration, subrogation, contribution, reimbursement and indemnity whatsoever, and any and every right of recourse to security for the debts and obligations guaranteed hereby, whether against Borrower, any other Guarantor or otherwise, and whether or not the indebtedness has been paid in full. The Guarantor hereby indemnifies Bank and agrees to defend and hold harmless Bank from and against the loss, mitigation, subordination or other consequences adverse to Bank by reason of this Guaranty being challenged as a preference or suffering any other subjugation under any bankruptcy or other law, whether state or federal, affecting debtors, creditors and/or the relationship between and among them. Without limiting the generality of the foregoing, any and all debts and obligations of Borrower to the Guarantor whether past, present or future are hereby waived, satisfied and discharged.

9. The Guarantor hereby expressly waives notice in writing or otherwise from Bank of Bank's acceptance of and reliance on this Guaranty. The Guarantor agrees to pay for all costs, expenses and fees, including all reasonable attorneys' fees, which may be incurred by Bank in enforcing or attempting to enforce this Guaranty against the Guarantor.

10. This Guaranty shall bind Guarantor, his heirs, executors, administrators, successors and assigns, and shall inure to the benefit of Bank and its successors and assigns. The Guarantor's liabilities and other obligations under this Guaranty shall survive the death or legal disability of Borrower and/or the Guarantor.

11. If any clause or provision of this Guaranty is held illegal, invalid or unenforceable by any court, this Guaranty shall be construed and enforced as if such illegal, invalid or unenforceable clause or provision had not been contained herein.

12. This Guaranty is a guaranty of payment and not of collection and shall be deemed to be a Guaranty made under the laws of the State of _____[state] and for all purposes shall be governed by and constructed in

accordance with the laws of said State.

The Guarantor has caused this Guaranty to be executed and delivered to Bank in _____[city],
_____[state], on the date first written above.

FORM 22.127 Stock pledge to secure guaranty--borrower is real estate development corporation--pledgors/guarantors are principal shareholders of corporation

COMMENT

Occasionally, a mortgage lender will seek more collateral than the property being developed or improved. The following is a stock pledge wherein the lender obtained collateral directly from the guarantor of the loan. Typically, the stock being pledged is somehow involved in the project; however, it does not have to be related to the project.

With this security, the lender has some additional protection in the event that the guarantors personally file petitions in bankruptcy or if the lender needs to take over the borrower in order to complete the project. In a Chapter 7 case, if no security existed, the obligation to guarantee the debt could be extinguished. Thus, where the lender holds security for the guaranty, the obligation to guarantee is protected up to the value of that security.

In this form, instead of readily-marketable securities, the lender has accepted a pledge of a company owned by the principals of the real estate developer.

In the event of a default by the developer on the loan, the lender is not obligated to seek recourse against the developer, or to seize any other collateral, before taking ownership of the company stock. Thus, the pledge of company stock is much like the guaranty itself: just as the lender may pursue the guarantors in the event of a default (rather than pursuing the defaulting borrower), so, too, may the lender sell off the company stock without bothering to first sue the guarantors in their personal capacities.

The pledge contains a long "laundry list" of events that constitute events of default, entitling the lender to take immediate action against the company stock.

The pledge also contains representations by the guarantors. These representations include the following:

- (1) the guarantors are the sole owners of all the stock of the company;
- (2) no further stock will be issued while the pledge is in effect;
- (3) the stock is not otherwise encumbered; and
- (4) the stock will not be sold or otherwise transferred while pledged.

These representations are critical to the lender's secured position. Without these representations, the lender cannot be certain of its ability to transfer the entire company to a potential purchaser following a default on the loan and sale of the stock. Obviously, the purchase price which the lender could expect in the event of a sale of the company would be considerably less if it could not offer the entire company to the purchaser.

Finally, the lender here must take physical possession of the pledged stock. The lender must also obtain an executed stock power to facilitate any transfer which may be necessary later.

FORM

PLEDGE AGREEMENT

THIS PLEDGE AGREEMENT is made this _____ [day] day of _____ [month], _____ [year], between _____ [name], a(n) _____ [state] _____ [entity] existing under the laws of the State of _____ [state], with offices for the transaction of business at _____ [address] (hereafter referred to as the "Creditor"), and _____ [name], residing at _____ [address]; _____ [name], residing at _____ [address]; _____ [name], residing at _____ [address]; (hereafter referred to as the "Pledgors")

WITNESSETH:

WHEREAS, the Creditor has loaned _____ [name], a(n) _____ [state] _____ [entity], with offices for the transaction of business at _____ [address] (hereafter referred to as the "Company"), the sum of _____ Dollars (\$ _____), and the Company and the Creditor are parties to various documents, instruments and agreements in connection with said loan; and

WHEREAS, Pledgors have already executed and delivered to the Creditor a Guaranty (the "Guaranty") unconditionally guaranteeing to the Creditor, to the extent therein set forth, the obligations of the Company to the Creditor, in addition to performance under such documents, instruments and agreements; and

WHEREAS, Pledgors own shares of common stock of _____ [name] (hereinafter the "Company"), a(n)

_____[state] _____[entity], with offices for the transaction of business at _____[address], which shares (the "Pledged Shares") constitute all of the authorized, issued and outstanding shares of capital stock of the Company;

NOW, THEREFORE, in consideration of the promises and for other good and valuable consideration, the receipt and sufficiency of which is hereby expressly acknowledged by Pledgors, it is agreed as follows:

1. Pledge of Shares. Pledgors hereby pledge the Pledged Shares to the Creditor, as security for repayment of the Obligations of the Company to the Creditor and for Pledgors' Obligations under the Guaranty.
2. Transfer of Shares. Pledgors agree that Pledgors will, immediately upon execution of this Agreement, transfer and deliver to the Creditor the Pledged Shares, accompanied by separate stock powers duly endorsed in blank, to be held by the Creditor in accordance with the terms hereof.
3. Creditors' and Pledgors' Rights. The Creditor, at its option and at any time while this pledge remains in effect, may transfer any or all of the securities constituting the Pledged Shares into its own name or the name of any nominee and may receive the income thereon and hold the same as security hereunder to apply it against any principal or interest due on any of the Obligations owed to it by the Company or the Pledgors (hereafter the "Obligations").

Until there is a default hereunder, Pledgors will retain all voting rights incident to ownership of the Pledged Shares, provided that the Pledgors may not vote the securities constituting the Pledged Shares in order to dissolve, liquidate or otherwise defeat the purposes of this Pledge Agreement. After the occurrence of any event of default, as defined hereinafter, the Creditor is expressly empowered to exercise all powers of voting and consent with respect to any securities constituting the Pledged Shares which have been transferred into the Creditor's name or the name of its nominee, and the Creditor is authorized to provide a copy of this Agreement to the transfer agent for the common stock of the Company as conclusive evidence of the voting rights herein granted.

4. Obligations of Creditor. The Creditor shall not be bound to take any steps necessary to preserve any rights in the Pledged Shares against any third parties.

5. Definition of "Pledged Shares." Until the Obligations are discharged in full and the Guaranty has been discharged, the Pledged Shares shall include any and all new, substituted or additional securities issued by reason of any stock dividend, distribution, reclassification, readjustment, merger or other change declared by, or made in the capital structure of, the Company, or issued by reason of the exercise of subscription warrants or other rights or options issued in connection with the ownership of securities constituting the Pledged Shares. All such new, substituted or additional stock, or other securities shall be delivered to the Creditor, endorsed in form satisfactory to the Creditor, and shall be held under the terms hereof.

6. Events of Default. If any of the following events of default occur:

- (a) default in the payment or performance of any of the Obligations;
- (b) sale or encumbrance of any property constituting the Pledged Shares hereunder, or the making of any levy, seizure or attachment thereof or thereon, or the failure to pay when due any tax thereon;
- (c) in the event that any representation and warranty contained in Paragraph 10 below shall be or become untrue or false; or
- (d) dissolution, termination of existence, insolvency, business failure, appointment of a receiver of any part of the property of, or the commencement of any proceeding under any bankruptcy or insolvency

laws by or against, Pledgors,

thereupon or at any time thereafter, the Creditor may, without notice of demand, declare this Agreement to be in default and shall thereafter have, in addition to all other rights and remedies, the rights and remedies of a secured party under the Uniform Commercial Code of the State of _____[state].

7. Notice. The Creditor shall give to Pledgors at least _____ (_____) days prior written notice of the time and place of any public sale of the Pledged Shares, or of the time any private sale or any other intended disposition is to be made. Pledgors recognize that the Creditor may be unable to sell the securities constituting the Pledged Shares at a public sale and agree that the Creditor shall incur no liability as a result of the sale of securities at a private sale, provided that the sale is accomplished in a commercially-reasonable manner. Pledgors recognize that the price which might be obtained at a private sale may be less than the price which might be obtained at a public sale and agree that such lower price shall not be construed as indicating a failure to employ commercially-reasonable methods of private sale.

8. No Waiver. No delay or omission on the Creditor's part in exercising any rights hereunder shall operate as a waiver of such rights or of any other rights under this Agreement. No waiver of any right shall be effective unless it is in writing and signed by the Creditor, and no waiver on one occasion shall be construed as an automatic waiver of any such right on any other occasion.

9. Necessary Action. Pledgors agree to take all such further necessary or appropriate action as may be reasonably required by the Creditor from time to time to effectuate the purposes of this Agreement.

10. Representations and Warranties. Pledgors represent and warrant that:

(a) Pledgors are the owners, free and clear of any encumbrance, of the Pledged Shares, which constitute all the issued and outstanding shares of capital stock of the Company; and Pledgors have the right to pledge, assign and otherwise transfer the Pledged Shares; and Pledgors shall defend the Pledged Shares against each and every claim and demand of any person claiming an interest in the Pledged Shares adverse to the Creditor.

(b) There are no restrictions upon the transfer of any of the Pledged Shares other than under any applicable federal and/or state securities laws.

(c) The pledge of the Pledged Shares to Creditor hereunder is an exempt transaction under the Securities Act of 1933, and may, therefore, be made without compliance with the registration requirements thereof.

(d) The execution, delivery and performance hereof by Pledgors is not in contravention of any prior obligations of Pledgors or of any obligation with respect to the Pledged Shares.

(e) To the best of Pledgors' knowledge and belief, no statement made by Pledgors in this Agreement or in any document delivered thereunder is untrue as of the date hereof, or omits to state a material fact necessary in order to ensure that the statements made are not misleading.

11. Waiver of Presentment; Notice. Pledgors waive presentment, notice, protest, notice of acceptance of this Agreement, notice of any loans made, extensions granted, collateral received or delivered, or any other action taken in reliance thereon, all demands and notices in connection with the delivery, acceptance, performance, default or enforcement of any note or other evidence of indebtedness for which the Pledged Shares are pledged, and all other demands and notices

of any description. Pledgors assent to any extension or postponement of the time of payment or any other indulgence, to any substitution, exchange or release of collateral, and to the addition or release of any party or person primarily or secondarily liable.

12. Binding Effect. This Agreement shall inure to the benefit of the Creditor and its successors and assigns and shall be binding upon Pledgors and their successors and assigns. The obligations of Pledgors under this Agreement shall be unconditional and shall continue until all of the Obligations have been performed or paid in full and the Guaranty has been discharged.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year first above written.

FORM 22.128 Land development loan commitment--subordination of first mortgage

COMMENT

This is a standard commitment which sets forth the terms and conditions of the proposed loans in significant detail. The form below contemplates subordination of an outstanding first mortgage to the institutional mortgagee.

FORM

_____ [month] _____ [day], _____ [year]

_____ [Insert name of borrower]

_____ [insert street address]

_____ [insert city, state and zip code]

Gentlemen:

The _____ [name] (the "Lender") hereby commit to make the following land development loan. The closing and funding shall be in strict compliance with all the following terms and conditions:

1. Security. First Mortgage on Fee Simple Title to the land described on Exhibit A attached hereto, together with the proposed improvements to be constructed thereon.

2. Borrower. _____ [name].

3. Guarantor. _____ [name].

4. Loan Amount. _____ Dollars (\$_____).

5. Interest Rate. The interest rate shall be equal to a rate of _____ percent (_____%) per year above the highest prime rate (as the same may fluctuate from time to time) charged by either _____ [name], or _____ [name], determined as of the last day of the month preceding the date on which the interest is to be redetermined. The rate, however, shall not be less than _____ percent (_____%) nor greater than _____ percent (_____%). Interest shall be computed based on a 360-day year.

6. Term of Loan. _____ (_____) months from initial closing; however, at Borrower's option, the loan may be extended for _____ (_____) additional 12-month periods.

7. Prepayment. The mortgage to be executed by the parties herewith shall contain a provision for partial releases of the condominium and commercial land from the lien of Lender's mortgage upon payment of a release amount of _____ percent (_____) of either the appraised value or the sales price, whichever shall be the greater. Partial releases shall be allowed on the boat slips upon payment of _____ Dollars (\$_____) per slip released. The Borrower agrees to apply to the loan all funds received as a result of financing the harbor and marina facilities. The privilege will be granted to prepay the loan at any time without penalty, only in full and upon _____ (_____) days' written notice.

8. Fee or Discount. There shall be no finder's fee or discount of the principal hereunder.

9. Conditions of Funding. The obligation of Lender to close and fund this loan shall be subject to the following conditions:

(a) Satisfaction of the attached Standard Loan Conditions.

(b) Receipt by Lender of all documentation, in form acceptable to Lender and its counsel, required by Exhibit A, attached hereto and made a part hereof.

(c) Borrower shall furnish evidence, in form satisfactory to Lender or its counsel, that the plans and specifications for the proposed improvements have been approved by the Planning Board of Puerto Rico and all other applicable governmental authorities.

(d) Lender shall be furnished copies of _____ [name] (the "Subordinated Lender")'s loan agreement, mortgage, note and all other security instruments that may be required by Lender's counsel for review and approval.

(e) Lender shall be furnished the acknowledgment by Subordinated Lender of this first mortgage loan being placed of record and their agreement that its first mortgage, with respect to the subject property, will be subordinated to that of Lender. Further, it is understood and agreed that this commitment is expressly contingent upon said subordination.

(f) Lender shall be furnished the terms of the release provisions under the first mortgage loan of Subordinated Lender, as they apply to the subject property.

(g) The plans and specifications for development of the proposed improvements shall be approved by Lender's inspecting engineer, who shall be designated by Lender prior to closing.

(h) Lender shall require quarterly unaudited financial statements and annual audited financial statements on the

Borrower and guarantor named as such herein.

(i) Lender shall receive, on a quarterly basis, sales and marketing reports on the entire _____ [name] project. These reports shall contain specific data as pertains to the _____ [name].

(j) Lender shall have the right of first refusal for all resulting construction financing of those condominium and commercial projects on which said financing is not being extended by the permanent lender as a condition of the permanent lender's commitment for permanent financing.

(k) Any and all contractors with whom _____ [name] enters into a contract shall be approved by Lender and completely bonded. The form of bond shall be completely satisfactory to Lender or its counsel.

(l) Lender shall receive certification from counsel that the making of this loan on the terms stated will not constitute usury and that Lender is not subject to the _____ percent (_____%) tax on the interest income derived from this loan.

(m) At Lender's option, International Charter Mortgage Corporation will be designated as disbursing agent. All disbursements of development and construction funds shall have the prior approval of Lender's inspecting engineer, to be designated by Lender prior to closing. Any additional disbursement procedures shall be determined solely by Lender, at its sole discretion, prior to closing. All services rendered in this capacity shall be without cost to Lender or its investment adviser, Major Mortgage Advisers, Inc.

(n) Upon consummation of an anticipated _____ Dollars (\$ _____) subordinated debenture issue by _____ [name], Lender shall be furnished with the terms set forth in the indenture.

10. Interest Reserve Account. In consideration for Lender making this loan, the Borrower agrees to establish a _____ Dollars (\$ _____) interest reserve account in the loan fund. Lender shall have the right to charge this account for interest due on the first of each month. Interest will not be charged on the undisbursed portion of this account.

In the event the interest account should become depleted, interest will be billed directly to the Borrower and payable within ten days of the billing date. The loan documents shall provide that in the event interest is billed to the Borrower and payment not received within the ten days stipulated, at the option of Lender, interest may be recomputed at _____ percent (_____%) until such time as the loan is brought current.

11. Time of Closing. All applicable conditions of this commitment must have been fulfilled and the loan closed and funded by _____ [month] _____ [day], _____ [year]. Otherwise, Lender may, at its option, cancel this commitment without further notice and may retain all fees received in connection with this commitment. In the event that this loan is not closed prior to _____ [month] _____ [day], _____ [year], Lender shall have the option to postpone closing to any mutually agreeable date in _____ [month], _____ [year], but in no event earlier than _____ [month] _____ [day], _____ [year], or later than _____ [month] _____ [day], _____ [year].

12. Legal Costs. Upon acceptance of this commitment by all parties, Lender shall retain the firm of _____ [name] as its counsel. All costs for legal services shall be paid by the Borrower.

13. Entire Agreement; Modifications. This commitment letter and its attachments set forth the entire agreement of the parties in respect to the subject matter hereof and supersedes prior written or oral understandings with respect thereto; provided, however, that all written or oral representations made by you to the Trust with respect to the subject matter

hereof shall survive the issuance of this commitment letter. No modification or waiver of any provision of this commitment letter shall be effective unless it shall be in writing and signed by the parties hereto.

14. Copies. This commitment shall not become valid until Lender receives _____
(_____) copies properly executed by the Borrower and all guarantors, to be returned no later than
_____ [month] _____ [day], ____ [year].

Very truly yours,

_____ [lender]

a(n) _____ [state] _____ [entity]

Printed Name: _____

Attachment to Loan Commitment

Standard Loan Conditions

1. **Trust Only Bound.** This agreement and every undertaking made pursuant hereto is executed in behalf of Lender by one or more Trustees, Officers, or Agents of the Trust, in his or their capacity as such and not individually, under a Declaration of Trust dated _____ [month] _____ [day], ____ [year], as amended. The obligations thereof shall be understood and expressly stated not to be binding upon any of the Trustees, Shareholders, Officers, or Agents of the Trust, personally, but binding only upon the Trust Estate of Lender.

2. **Nonconstruction Costs.** Nonconstruction costs have been scheduled in accordance with Exhibit B attached hereto and made a part hereof. All advances for the listed items shall be made in strict accordance with this schedule. Lender shall be notified immediately of any changes in nonconstruction costs. For all purposes of this commitment, all costs, exclusive of the nonconstruction costs scheduled on Exhibit B, shall be deemed to be construction costs.

3. **Commissions.** This loan shall be made without cost to Lender or its investment adviser, Major Mortgage Advisers, Inc., except for normal and regular overhead expenses. All brokerage and real estate commissions shall be payable by the Borrower and/or the guarantors; and all other costs, fees and expenses incurred in connection with this loan, irrespective of whether it closed, shall be borne by the Borrower and/or the guarantors.

4. Further Assurances. The Borrower and guarantors agree to obtain and submit to Lender or its counsel all documents and items required by Lender or its counsel, in a form satisfactory to Lender or its counsel. In addition, the Borrower and all guarantors agree to execute, or cause to be executed, all loan documents deemed by Lender or its counsel to be necessary to insure that the lien of Lender's mortgage is in accordance with the terms of this commitment and that the note and mortgage are valid and enforceable in accordance with their terms.

5. Additional Funds. In order to assure Lender that sufficient funds are available to pay all costs in constructing this project, including all nonconstruction costs included on Exhibit B, the Borrower and/or guarantors will be required to supply additional funds in the total amount of any existing or future shortage, as determined solely by Lender. All required funds shall be paid over to Lender by the Borrower and/or guarantors to satisfy equity requirements prior to further disbursement of Lender loan funds.

6. No Pledge. The Borrower and/or guarantors cannot and shall not pledge or otherwise grant any security interest in any of this project's real property, improvements, fixtures, or personal property for any other loans without first receiving written consent from Lender.

7. Prior Approval. Any and all change orders which will result in a change in construction costs or a substitution of materials shall first have prior approval by Lender and, if applicable, the permanent mortgage lender.

8. Property Insurance. The buildings and other improvements, furnishings and equipment located on the Property shall be insured against physical damage in the amount of the loan, without provision for co-insurance and under policies issued by companies with a minimum rating of AAA in the most recent *Best's Insurance Guide*. The policy shall contain an endorsement naming Lender as mortgagee, shall contain a loss payable clause in favor of Lender, and shall further contain a provision for not less than ten days written notice to Lender of cancellation of the policy. The Borrower agrees, upon completion of the improvements covered under this loan, to furnish Lender with a permanent insurance policy complying with the above requirements, along with evidence that the first year's premium has been paid.

9. Liability Insurance. In the event it is required pursuant to Exhibit A attached hereto, the Borrower shall maintain a policy of liability insurance in an amount satisfactory to Lender, protecting the Borrower against liability from negligence, intentional acts, or other acts or failures to act which might give rise to a judgment against the Borrower. The Borrower shall obtain this policy from a company acceptable to Lender and in form approved by Lender. Upon approval of the policy, the Borrower shall furnish a copy of the original policy, together with evidence that the premium on said policy has been paid through a period beginning with the closing of this loan and ending one year later. This policy shall be renewed annually, and the Borrower shall furnish evidence of payment.

10. Termination. Lender may terminate this commitment by written or telegraphic notice to Borrower in the event that:

(a) the Borrower shall fail to comply with any term or condition hereof;

(b) the Borrower or any guarantor named as such in this commitment, or the lessee under any lease referred to herein, shall:

(i) apply for, or consent to, the appointment of a receiver, Trustee, or liquidator for it or them or for any of its or their property,

(ii) admit insolvency by failing to pay its or their debts as they mature,

(iii) make a general assignment for the benefit of creditors,

(iv) be adjudicated bankrupt or insolvent, or

(v) file a voluntary petition in bankruptcy, or a petition or an answer seeking reorganization or an arrangement with creditors or to take advantage of any bankruptcy, reorganization, insolvency, readjustment of debt, dissolution or liquidation law or statute, or an answer admitting the material allegations of a petition filed against it or them in any proceeding under any such law, or, if applicable, if corporate action shall be taken by Borrower or any guarantor named as such in this commitment or any such lessee for the purpose of effecting any of the foregoing;

(c) the improvements on the Property shall be materially damaged by fire or other casualty; provided, however, that the Trust will not terminate this commitment by reason of any such casualty if provision satisfactory to the Trust shall have been made

(i) to repair the damage resulting therefrom, and

(ii) for the performance of Borrower's obligations with respect to the loan; or

(d) there is a material adverse change in the financial condition of the Borrower or any guarantors.

11. Other Indebtedness; Default. If the Borrower is now, or hereafter becomes, indebted to Lender on any other loan or extension of credit, it is understood that default by the Borrower under the terms of such other loan or loans shall, at Lender's option, constitute a default under this loan.

12. No Assignment. This commitment shall not be assigned, by operation of law or otherwise.

13. Governing Law. This commitment and all related loan documents shall be construed according to the laws of the _____[state].

Special Loan Conditions

Exhibit A

Prior to closing and funding, the following conditions must be satisfied as indicated:

Legal Requirements

Lender counsel shall contact Borrower's attorney direct to obtain the following:

1. Title insurance policy or binder written by an insurer satisfactory to Lender without title objections, except those approved by Lender counsel.
2. Current, accurate ALTA survey certified to Lender, made by a registered land surveyor, clearly setting forth all boundary dimensions, easements, encroachments and setbacks.
3. Evidence from local governmental authorities that subject property is currently zoned for its intended use.
4. Evidence from appropriate utilities services that water, sewer, electricity, telephone and, if necessary,

natural gas, will be made available to subject property in sufficient quantity to serve the planned improvements.

5. Copy of project's building permit.

6. Notice of Commencement.

7. Such evidence as to Borrower existence, authority to transact business and authority to enter into this loan as may be required.

8. Planning Board Approval.

General Requirements

The following documentation is to be forwarded to Lender.

1. Submit a complete narrative appraisal report made by a professional appraiser whose qualifications have been approved by Lender. Contents of the appraisal report must be satisfactory in every respect. (Required on both the harbor and the

_____ [name].)

2. Certification from a registered engineer or professional soil testing firm that adequate borings have been made and that conditions will permit construction of the planned improvements.

3. Two complete sets of final working plans and specifications, including site plans. Both plans and specs must be signed by Borrower and, if applicable, the project's general contractor and permanent lender.

4. Copy of the fixed price construction contract to be executed between Borrower and project general contractor.

5. Complete bonding information including type bond, surety company, and name and address of issuing agent. Completed dual obligee bond in favor of Lender must be provided prior to closing.

6. All risk hazard insurance (including liability) without provision for co-insurance. Insuror and policy must be acceptable to Lender. Loss payable to read:

7. Current audited or signed financial statements (not over six months old) on the following:

8. Evidence of Borrower's ability and source of funds necessary to satisfy the equity requirements of this

loan.

9. Itemized construction cost breakdown showing all costs necessary to complete the project.
10. Complete cash flow projection prepared by the project general contractor.
11. Accepted copy of permanent mortgage commitment, including all amendments and attachments and compliance with applicable conditions contained therein.
12. Complete itemized breakdown of nonconstruction costs.
13. Satisfactory phase I environmental site assessment performed by an individual or company listed on the annexed approved list. (Lender will consider other individuals or companies, provided they have ability and experience comparable to those on the annexed list.)

Part IV. FORMS
G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.129

FORM 22.129 Construction loan--commitment between construction lender and long-term lender

COMMENT

In certain circumstances, the commitment for permanent long-term financing will precede the obtaining of a loan for commercial construction. Where no immediate sale of the completed building is contemplated the funds required to repay the construction loan will come from the long-term lender. In the situation anticipated by the agreement illustrated here, the borrower has obtained such a long-term loan commitment. Under this agreement, when the conditions of the long-term loan agreement have been met or waived or modified by the borrower the long-term lender agrees to purchase the note given by the borrower to the interim lender in connection with the construction loan.

FORM

_____ [month] _____ [day], _____ [year]

_____ [Insert name of borrower]

_____ [insert street address]

_____ [insert city, state and zip code]

Dear Borrower:

With reference to your commitment dated _____ [month] _____ [day], _____ [year], issued to _____ [name], we propose to act as interim lender for the construction loan of _____ Dollars (\$ _____) on this property (reserving to ourselves the right in our sole

discretion to increase the same to _____ Dollars (\$ _____)). Such loan shall be secured by a first mortgage lien affecting the property in the sum of _____ Dollars (\$ _____).

We understand that in consideration of our making a construction loan to the Borrower in and of incorporating in the construction loan documents certain provisions which will obligate the Borrower to execute an extension agreement with you under the terms of the permanent loan, as provided in your commitment, you do hereby agree to purchase the note of the Borrower from us when the requirements of your commitment have been met, on or before _____ [month] _____ [day], _____ [year], or within the extended period of the commitment, if any, as hereinafter provided; subject, however, to our agreement to the following conditions, and the assent thereto of the Borrower.

1. Assignment of Construction Loan Note and Mortgage by Interim Lender. At such time as the conditions of your commitment have been met, or such conditions shall have been waived or modified by you, on or before _____ [month] _____ [day], _____ [year] (or within the extended period of the commitment, if any, as hereinafter provided), we agree to sell and assign to you (by endorsement of the note to your order, without recourse, and by assignment of the construction loan mortgage), and you agree to purchase, the note and mortgage of the Borrower, for the amount of principal advances made by us thereon (the Borrower to pay us, at the time of such sale, all interest accrued thereon and unpaid up to, but not including, the date of purchase). We agree that all papers regarding the purchase will be forwarded to your home office, upon your request, prior to endorsement for transfer thereof, with allowance of a reasonable time to permit your final examination of such papers and the taking of other actions incidental to the purchase by you and all other persons concerned.

2. Enforcement of Borrower's Obligations Under Construction Loan. If the Borrower shall default in performing its obligations to us, under the loan documents or any collateral documents, prior to _____ [month] _____ [day], _____ [year] (or within the extended period of the commitment, if any, as hereinafter provided), we reserve the right in our sole discretion and without your prior consent to enforce the obligations of the note, mortgage, and construction loan agreement in accordance with the terms of such instruments, but we shall promptly notify you of the nature of such default and of any action we have taken.

3. Extension of Construction Loan. If, on _____ [month] _____ [day], _____ [year], the Borrower shall not have met the requirements of the commitment on which the permanent loan is conditioned, you shall have the option, for _____ (_____) days thereafter, either (a) to purchase the note of the Borrower from us; or (b) to extend the period of the commitment for a reasonable period of time, not to exceed a period of _____ (_____) days from the date such option is exercised, by written notice delivered to us and the Borrower. In the event of such extension, the parties hereto agree that the date on which payment of the note to us is due will be extended for a period equal to the period of such extension; that during such extended period the Borrower will not offer to pay the note held by us, and we will not voluntarily accept payment of the note, either with or without interest to maturity; and that we will take no action to foreclose the lien of the mortgage securing the note, nor voluntarily sell or assign the note to any other person or institution without your assent, during such extended period of the commitment. You, in turn, agree to purchase the note from us, within such extended period of the commitment, when the terms and conditions of the commitment as modified have been fully complied with by the Borrower or waived by you.

4. Acceptance by Borrower. Our agreement to the terms outlined herein is subject to the acceptance of those terms by the Borrower, as to such obligations as these terms impose upon it, and upon an understanding that these obligations of the Borrower will be binding upon it, its successors, and assigns.

5. Execution of Agreement. We request that you indicate your assent to this agreement by your endorsement of a copy of this agreement and returning such copy to us, with a copy to the Borrower, and that the Borrower indicate its assent

to the terms hereof by its endorsement of a copy of this agreement and returning such copy to us.

Very truly yours,

FORM 22.130 Commitment for long-term financing--land mortgage technique--construction in progressive stages

COMMENT

A real estate developer will normally attempt to extract the full measure of financing potential derivable from his assets, land included. However, most commercial banks and long-term institutional lenders are reluctant to lend against vacant land, either because of internal policies or federal or state restrictions. Another reason why commercial banks and other institutional lenders may be unwilling to lend against unimproved property is because raw land does not produce a cash flow, thereby making its market value difficult to ascertain.

Nonetheless, a qualified prime lender may be interested in lending against land if it can be assured that the permanent financing of the development will be placed with it. The interests of both sides can be advanced and protected by appropriate measures.

The lender reduces its risk by requiring the principals of the developer to endorse the land mortgage note personally and by insisting that construction proceed on a basis which will demonstrate the economic feasibility of the project. The developer, while committing itself to a long-term financing rate, has the security of knowing that its permanent financing requirements will be met, provided the profitability of the development can be established. Moreover, the principals of the developer can obtain comfort in the knowledge that the requirement of a personal guaranty will not extend to the permanent loan, since long-term institutional lenders normally look solely to the property for satisfaction.

It should be noted that the technique applied here to a garden apartment complex is equally suitable to the development of other long-range projects, such as industrial parks. In the form that follows, the origination of the financing is handled by a mortgage loan broker, which commands a

fee for its services.

The long-term lender's basic concern is that the project will generate enough income to service the debt. The long-term lender is usually reluctant to commit itself unconditionally to the entire financing of a development which may require several years for completion. Accordingly, the institution will require that construction proceed section by section and that its obligation to finance proposed portions come into play only if the parts already completed demonstrate their economic success in the form of a minimum rent roll.

With that objective in mind, the lender lays down certain conditions with respect to its two forms of physical security. As to the land, as illustrated in this form, it will require assurance that sewer and water installation is both feasible and practicable, that necessary utility easements will be obtained, and that the tract is accessible by automobile. Control is further assured by providing that the lien of the land mortgage will be released as to successive sections only upon the issuance and acceptance, at the option of the long-term lender, of a commitment for the permanent mortgage for such section. As to the improvements, the institution views the imposition of conditions from two aspects: positive controls which assure the income-producing quality of the property, and negative features which can adversely affect alienability if foreclosure should eventuate. With respect to the former, the lender will require that the plans and specifications be satisfactory to it, that periodic inspections be made by its designee, and that it will not be obligated to proceed with further financing unless the section completed has attained a stipulated rental level. As to the negative controls, the lender will be intent on making certain that the encumbered tract remains accessible without restriction and that the leases will not contain any provisions which would cut off or impair the lien of the mortgage.

The foundation of the financing structure is the loan commitment for the land mortgage illustrated in this form. It will be noted that this instrument refers only to the sections which will be developed subsequent to the initial section and seemingly overlooks some essential security. However, the design is conscious--the mortgage banker will hold the paramount lien on the section first to be improved and will eventually assign the security to the institutional lender. When construction is about to commence on an additional section, the long-term lender will release that area from the lien of its land mortgage in order to allow the construction lender to have a first lien thereon.

Upon completion of the development, the several mortgages covering the various sections of the tract are consolidated in order to facilitate mortgage payments and to avoid title problems.

FORM

_____ [month] _____ [day], _____ [year]

_____ [Insert name of borrower]

_____ [insert street address]

_____ [insert city, state and zip code]

Gentlemen:

Your request for a land mortgage on the captioned property, further identified below, has been approved subject to the

following terms and conditions:

1. Property. The land is located at _____ [address] on a plan of _____ [name] ("Borrower") situated at _____ [address], designated Section II which lies in the _____ [address]; Section III which lies in the _____ [address]; and Section IV which lies at _____ [address].

2. Borrower. The borrower is _____ [name].

3. Amount and Term of Loan. The loan shall be in the amount of _____ Dollars (\$_____). The term of the loan shall be _____ (_____) years from the date of disbursement, the principal repayable at maturity. The rate of interest shall be _____ percent (_____%) payable in monthly installments.

4. Release of Parcels. The three parcels of land will be released in the following order:

Section II upon the payment of _____ Dollars (\$_____).

Section III upon the payment of _____ Dollars (\$_____), and at our option the issuance and acceptance of a commitment for a permanent mortgage for financing of the garden apartments to be built in such section.

Section IV upon the payment of _____ Dollars (\$_____), and at our option the issuance and acceptance of a commitment for a permanent mortgage for financing of the garden apartments to be built in such section.

5. Submission of Documents. Each document required for this loan shall be delivered to and shall be in form and substance acceptable to the lender's legal counsel. The survey, title report, and drafts of all documents unexecuted are to be submitted to the lender's legal counsel before the loan is closed. The total loan in the sum of _____ Dollars (\$_____) must be insured by a title insurance company acceptable to lender's legal counsel. As soon as possible before the disbursement by us of the funds with respect to this land mortgage, we require a report from the borrower, which report shall show that sewer and water installation is feasible and practicable.

6. Access Roads and Utility Easements. All access roads and utility easements are to be provided in a manner satisfactory to this company and shall afford access at all times to the various parcels including utility easements and a roadway across Section I on the plat (which section will not be under the mortgage). All three parcels will have the right to tie in to the utility easements across the other parcels in addition to the utility easements across Section I. All easements are subject to the approval of the lender's legal counsel.

7. Closing and Closing Costs. _____ [name] is to be the closing and disbursing agent in respect of this case and all legal expenses including survey costs, title costs, recording charges, etc., are to be paid by Borrower.

8. Endorsement of Mortgage Note. The mortgage note is to be personally guaranteed by the principals of Borrower.

9. Financing Fee. The fee for arranging this financing is _____ Dollars (\$_____), payable as follows: _____ Dollars (\$_____) upon the signing of this commitment which indicates your acceptance of the terms hereof, and the balance payable at the time of the disbursement of the funds. In the event, for any reason, this loan does not close, the _____ Dollars (\$_____) deposited on the signing of this commitment will not be refunded to the borrower, but will be deemed to be consideration for its failure to fulfill the commitment.

10. Term of Commitment. This commitment shall expire on _____[*month*]
_____[*day*], _____[*year*], by which time disbursement of the land mortgage must be made.

11. Assignment. This commitment is not assignable without the express written approval of
_____[*name*].

In order that our records may be complete, please acknowledge your acceptance of the terms and conditions of this commitment by signing and returning the duplicate copy enclosed.

Very truly yours,

a(n) _____[*state*] _____[*entity*]

26-22 Current Legal Forms for Real Estate FORM 22.131

FORM 22.131 Commitment for long-term financing--loan to be closed upon completion of construction--provision for interest contingent upon earnings--liquidated damages

COMMENT

The availability of a construction loan is often dependent upon whether the prospective borrower has been able to obtain a commitment for long-term financing. This form illustrates the long-term lender's commitment letter which sets forth the promise to make the loan and the obligation to which the borrower will be bound upon countersigning the document.

As with most loan commitment letters, there are many conditions which must be satisfied prior to the lender actually making the permanent loan.

Many of these conditions are the requirements of the construction lender. For example, in order to insure the quality of construction, the lender has the right, before being required to close the loan, to approve final plans and specifications, and to verify that the completed structure conforms to such plans and specifications and to the requirements of applicable law.

Since the lender must arrange to make funds available for an expected closing date, any delay in the completion of construction or other default of the borrower which postpones or cancels consummation of the loan will cause the loss of investment income and other damages to the lender. The letter specifies that upon such postponement or cancellation the lender may receive (a) a specified amount of liquidated damages, and (b) an additional amount for each month of delay between the scheduled closing date and final consummation or cancellation. The borrower must also pay the lender's fees and other expenses incurred in connection with the loan if it is not consummated.

This instrument also affords the lender protection against inflation over the extended period of the

loan. The borrower must pay as "contingent interest" a certain percentage of earnings in excess of a specified amount.

Aside from any special features, the commitment letter covers the following basic essential points: (1) the amount and term of the loan, (2) the deadline for completion of construction, (3) criteria for determining completion of construction, (4) requirement for execution and approval of deeds of trust, including coverage of personal property, (5) assignment rights, and (6) prepayment privileges. Obviously, the commitment contemplates the preparation of one or more extensive loan documents being executed prior to the loan closing.

FORM

_____ [month] _____ [day], _____ [year]

_____ [Insert name of borrower]
 _____ [insert street address]
 _____ [insert city, state and zip code]

Gentlemen:

The Borrower has inquired as to the willingness of this _____ [name] (the "Company") to make a permanent first mortgage loan to the Borrower in connection with the project and upon the security hereinafter mentioned. In connection therewith, the Borrower has warranted and represented to us as follows:

(a) _____ [name] ("Borrower") is a(n) _____ [state] _____ [entity], and has its principal place of business in _____ [city] _____ [state].

(b) Borrower holds fee simple title to a parcel of land described in Exhibit A annexed hereto and made a part hereof (the "Land").

(c) Borrower shall cause a 12-story office building, hereinafter more fully described (the "Building"), to be constructed upon the Land in full compliance with all applicable zoning and other legal requirements of the State of _____ [state], pursuant to detailed plans and specifications to be prepared by _____ [name] (the "Architect").

Borrower has submitted to us certain preliminary architectural drawings and memoranda specifications prepared by the Architect to aid us in arriving at a fair valuation of the Land and the proposed improvements for long-term investment purposes. This material does not contain sufficient detail to enable us to make a definitive valuation, but the Borrower has stated to us that the Building will contain approximately _____ (_____) square feet and approximately _____ (_____) cubic feet.

We are pleased to advise the Borrower that, relying on the foregoing, and subject to the Company's approval of all proceedings to be taken in connection with the transaction herein contemplated, and the form and substance of all documents incident thereto, and subject further to the terms and conditions hereinafter set forth, the Company's Finance Committee has authorized a first lien mortgage loan to be made to Borrower to be evidenced by Borrower's note (the "Note"), and secured by a first lien mortgage (the "Mortgage"), upon a good and marketable fee simple title to the Land and the improvements to be erected thereon, and by a security agreement (the "Security Agreement"), on the personal property hereinafter referred to.

1. Borrower. The Borrower shall be _____ [name].

2. Amount and Term of Loan. The loan shall be in the amount of _____ Dollars (\$ _____). The term of the loan shall be _____ (_____) years from the date of closing, as defined in Paragraph 15 hereof. The loan shall be repaid by monthly payments of _____ Dollars (\$ _____), to be applied first to interest at the rate of _____ percent (_____) per year, and the balance to principal.

3. Contingent Interest Payments. Within _____ (_____) days after the close of each "operating year" (as the same shall be defined in the Mortgage) during which the loan herein contemplated shall be outstanding, and within _____ (_____) days after the close of the operating year during which such loan shall have been fully paid and discharged (other than by prepayment), the Borrower shall deliver to us a statement, prepared in accordance with sound and generally accepted accounting practice and certified as true and correct by one of the firms of accountants listed in Exhibit B attached hereto. Such statement shall set forth, in reasonable detail, the "net earnings" from the Building, as the same are defined in Exhibit C attached hereto, during and with respect to such operating year. Simultaneously with the delivery of each such statement, and in addition to and over and above the required constant monthly payments of fixed interest and amortization and the required monthly deposits in respect of real estate taxes, as herein set forth, the Borrower shall pay to us, as additional interest, an amount equal to _____ percent (_____) of the amount, if any, by which the "net earnings" from the Building for such operating year, as shown by such statement, shall exceed _____ Dollars (\$ _____) (or, in the case of any partial yearly period, the proportionate part of _____ Dollars (\$ _____)). The Company shall have the right, through such agents or employees as the Company may determine, to examine the Borrower's books of account and records for the purpose of verifying the amount of such "net earnings."

4. Tax Deposits. Monthly non-interest bearing deposits of one-twelfth (1/12) of the annual real estate taxes, as estimated by this Company, shall be made to this Company to accumulate for the payment of such taxes when due.

5. Prepayment Privilege. The Note shall grant the privilege to pay the loan in full prior to maturity on any interest date after the end of the _____ (_____) loan year, upon giving not less than _____ (_____) days prior written notice of intention to prepay, and upon paying, in addition to principal then owing, accrued fixed interest, and accrued contingent interest (as estimated, subject to adjustment) a sum equal to _____ percent (_____) of such principal if prepayment is made in the _____ (_____) loan year, _____ percent (_____) if the prepayment is made in the _____ (_____) loan year, _____ percent (_____) if prepayment is made in the _____ (_____) loan year, _____ percent (_____) if prepayment is made in the _____ (_____) loan year, _____ percent (_____) if prepayment is made in the fifteenth loan year, _____ percent if (_____) prepayment is made in the sixteenth loan year, and without prepayment charge thereafter.

6. Security. The following shall constitute security for the loan:

(a) The Land.

(b) The 12-story office Building, fireproof and fully air conditioned, to be constructed in accordance with detailed plans and specifications to be prepared by the Architect and approved by us, and which shall contain retail stores on the ground floor, offices on the remaining floors, and off-street parking facilities for not less than 650 automobiles.

(c) All furniture, furnishings, fixtures, equipment, and articles of personal property (collectively, the Personal Property) required for the operation of the Building, and all future additions thereto and replacements thereof. All of such Personal Property shall be acquired by the Borrower and remain the Borrower's exclusive property, free and clear of any and all liens and encumbrances thereon and security interests therein except the lien of the Mortgage and the Security Agreement to be executed and delivered to this Company pursuant hereto.

7. Plans and Specifications. Borrower shall retain the Architect for the purpose of preparing detailed plans and specifications (the "Plans"), which shall be consistent with, and conform in all material respects with, the preliminary plans and memoranda specifications. The Company reserves the right to retain, at the Borrower's expense, an architect or engineer, or both (the Mortgagee's Architect), for the purpose of passing on such detailed Plans. Prior to the commencement of construction of the Building, the Borrower shall submit copies of the Plans both to us and to the Mortgagee's Architect and shall have obtained the Company's prior written approval thereof, which approval shall not unreasonably be withheld.

8. New Appraisal. After the Company has approved the Plans, the Company is to receive from the Company's Chief Appraiser a new appraisal report (the New Appraisal) which shall show that the fair value of the Land and of the improvements contemplated thereon, as evidenced by the Plans (exclusive of any value attributable to the Personal Property), is not less than _____ Dollars (\$_____). The Borrower are to furnish the Company's Chief Appraiser with all information which he may deem necessary for the purpose of such New Appraisal.

9. Construction of Building. Subject to unavoidable delays, as hereinafter defined, construction of the Building shall be commenced not later than _____[month] _____[day]. _____[year], and construction of the Building shall be completed not later than _____[month] _____[day]. _____[year]. If, by reason of such unavoidable delays, construction of the Building shall not be completed by _____[month] _____[day]. _____[year], the time for such completion shall be extended by a period equal to the period of such delays, but in no event beyond _____[month] _____[day]. _____[year], unless the Company shall have otherwise agreed in writing. Wherever in this letter the term "unavoidable delays" appears, it shall be construed to mean only delays due to strikes, lockouts, Acts of God, inability to obtain labor or materials, governmental restrictions, enemy action, civil commotion, fire, unavoidable casualty, or similar causes, provided such similar causes are beyond the Borrower's control.

Promptly following completion of the foundations and footings for the Building, the Borrower shall furnish us with a survey in form, and prepared by a licensed surveyor, satisfactory to us and to the title insurance companies hereinafter referred to, showing that no part of any foundation or footing encroaches upon any adjoining street or property.

For the purposes of this letter, construction of the Building shall be deemed to have been completed upon the earliest date (the Completion Date) when all of the following conditions shall have been fulfilled:

(a) The Architect and, provided the Company shall have determined to retain such architect or engineer, the Mortgagee's Architect each shall have certified to us that all work in connection with the Building has been substantially completed in substantial accordance with the Plans as approved by us, or in accordance with any modifications thereof which the Company shall have approved, and that all such work has been done in accordance with all applicable requirements of law, including, but without limitation, all applicable zoning requirements.

(b) The Company's Chief Appraiser shall have certified to us that the Building, as completed, and the Personal Property, substantially conform in all material respects to a building of the size and character, and personal property of the character and quality, which the Company's Chief Appraiser projected in arriving at the valuation set forth in the New Appraisal.

(c) We shall have been furnished with a copy of the permanent or temporary certificate of occupancy, certificates of electrical inspection, and such other certificates as are normally and customarily required and issued by the Department of Buildings of the City of _____ [city], or other city, county, and state departments having jurisdiction thereover, in connection with a new building.

(d) The Building shall have been formally opened as an operating office building.

10. Leases and Occupancy Agreements. All leases and other occupancy agreements in existence at the time of the closing with respect to garage and office space and space for sales and service facilities shall have been approved by this Company and its special counsel and shall contain such attornment and other provisions as this Company may require, and the Borrower's right, title, and interest therein shall be assigned to this Company as collateral security to such extent as the Company may require.

11. Security Agreement. This Company shall receive a Security Agreement creating a security interest in the Personal Property together with the certificate of the title companies referred to in Paragraph 12 hereof and a certificate of the Secretary of State of the State of New York that the Security Agreement constitutes a good and valid first lien on the Personal Property.

12. Documents and Title. The form and substance of all documents to be delivered to or received by us at or prior to the closing, including, but not by way of limitation, the Note, Mortgage, and Security Agreement, all leases and other occupancy agreements, and the assignments to this Company of the Borrower's interest therein, surveys, title and other insurance policies, and certifications, shall in all respects be satisfactory to this Company and its special counsel. The title and the evidence thereof shall be satisfactory to this Company and its special counsel and, at the time of closing, there shall have been delivered to us title insurance policies distributed both as to companies and amounts in a manner satisfactory to us, providing for joint and several insurance, or coinsurance if the Company so requires, by such companies, in the aggregate amount of _____ Dollars (\$ _____), insuring that the Mortgage constitutes the valid, direct first lien which it purports to create upon the Borrower's good and marketable fee simple title in and to the Land and the Building subject only to such liens, charges, and encumbrances as shall have been previously approved by us in writing. The Borrower agree to use its best efforts to reach agreement with us, as soon as reasonably possible following the Borrower's acceptance hereof, upon the provisions of the Note, the Mortgage, and the Security Agreement and of such other instruments incident to the transaction contemplated hereby as are presently determinable. It is understood that, without limiting the generality of the first sentence of this paragraph, the Note or the Mortgage shall contain, among other provisions, mutually satisfactory provisions with respect to the several types and amounts of insurance coverages to be maintained by the Borrower; the application of insurance and condemnation proceeds; the maintenance of working capital; the furnishing of financial and other statements by the Borrower, restrictions on the creation of junior liens, creation of additional indebtedness, declaration and payment of dividends, and creation of subsidiaries by the Borrower, the Borrower's other business activities, merger and consolidation by or with the Borrower, the sale, conveyance, or other transfer of the Building, the leasing of the Building, and the modification and termination of leases, licenses, concessions, and other occupancy agreements made with respect to any space in the Building.

13. Environmental Site Assessment. Prior to the closing, the Borrower shall provide us with a Phase I environmental site assessment, which shall state that there is no evidence of any adverse environmental condition existing on the real property which is to secure this loan. The site assessment shall be performed by an experienced environmental engineer who is acceptable to us. Acceptance shall not be unreasonably withheld, conditioned or delayed. In the event that the site assessment does not provide as required above, the Company shall be under no obligation to lend any sum to the Borrower.

14. Legal Opinions. At the time of closing, the Company shall have received from the Company's special counsel, an opinion in scope and substance satisfactory to us.

15. Closing Date. Subject to unavoidable delays, as defined in Paragraph 9 hereof, the closing of the loan shall take place at this Company's home office at _____[address], on a date (the "Closing Date"), subsequent to the Completion Date which shall be fixed by the parties. Unless this Company, in its sole and absolute discretion, shall otherwise agree in writing, the Closing Date shall not be later than the earlier of (a) _____[month] _____[day], _____[year]; or (b) the date which is sixty (60) days subsequent to the Completion Date. In the event of unavoidable delays, the Closing Date shall be such date, subsequent to the Completion Date of the Building, as shall be fixed by the parties and, unless this Company, in its sole and absolute discretion, shall otherwise agree in writing, shall not be later than the earlier of; (c) _____[month] _____[day], _____[year]; or (d) the date which is _____ (_____) days subsequent to the Completion Date. In no event shall the Closing Date be earlier than _____[month] _____[day]. _____[year], unless this Company, in its sole and absolute discretion, shall otherwise decide and so notify the Borrower in writing.

16. Payment of Fees and Expenses. The Borrower's acceptance hereof shall constitute the Borrower's unconditional agreement, whether or not the transaction contemplated hereby shall be consummated, to pay or reimburse us for all reasonable costs and expenses paid or incurred by us or on the Company's behalf in connection with such transaction, including, but not limited to, the reasonable fees and disbursements of the Company's special counsel for their services to us with relation to this agreement, including the furnishing of the opinions referred to herein and all other opinions which the Company may request on questions incident to the proposed transaction, the fees and expenses of the Mortgagee's Architect, printing costs, charges for title examination, and insurance, surveys, recording and filing fees, revenue stamp, mortgage, and other taxes, if any are required, and all other actual out-of-pocket expenses in connection with such transaction. This Company shall not be obligated to pay any premium or other charge, or any brokerage fee or commission, in connection with such transaction and Borrower's acceptance hereof shall constitute the Borrower's further unconditional agreement to pay, and to hold this Company harmless against, any and all claims in connection with the foregoing and with such transaction.

17. Cancellation of Commitment. This Company reserves the right to cancel this commitment and to terminate its obligations hereunder, in any of the following events:

- (a) Failure to conform to the respective time limits specified in Paragraphs 9 and 15 hereof.
- (b) Failure to comply with any of the requirements of Paragraphs 7 to 14, inclusive, hereof.
- (c) Failure to construct the Building substantially in accordance with the Plans as they, including any changes therein, shall have been approved by this Company.
- (d) Nonreceipt by this Company of the Architects' certificates provided for in Paragraph 9(a) hereof and satisfying the requirements of such paragraph.
- (e) Nonreceipt by this Company of the Chief Appraiser's certificate provided for in Paragraph 9(b) hereof and satisfying the requirements of such paragraph.
- (f) Insufficiency of title or lack of approval by this Company or its special counsel of the title to the Land, or of any documents required hereunder to be delivered to this Company at or prior to the closing.
- (g) Substantial damage to the Building which shall not have been repaired or restored to the satisfaction of this Company at the time of closing, or insubstantial damage to the Building, as to which provision for repair or restoration, satisfactory to this Company, shall not have been made at the time of closing.

- (h) If any part of the Land or the Building shall have been taken in condemnation or other like proceedings.
- (i) If there shall be filed by or against the Borrower any petition in bankruptcy or insolvency or for reorganization or for the appointment of a receiver or trustee, or if the Borrower shall make an assignment for the benefit of creditors, or shall file a petition for arrangement, or shall enter into an arrangement, and if, in any such case, such petition is not withdrawn or dismissed or such appointment, assignment, or arrangement is not cancelled and terminated within thirty (30) days after the filing of such petition or the entry into of such arrangement.
- (j) Failure to make any payment required to be paid to or for the account of this Company pursuant to Paragraph 16 hereof.
- (k) Failure to comply with any requirement of law applicable to the construction of the Building, including, without limitation, any zoning requirement or any condition with respect to such construction.
- (l) Nonreceipt by this Company of the New Appraisal as provided in paragraph 8 hereof and satisfying the requirements of such paragraph.

This Company may exercise the foregoing right of cancellation and termination by giving the Borrower written notice thereof, by registered or certified mail addressed as provided in Paragraph 20. Upon the giving of such notice all obligations of this Company hereunder shall come to an end as of the date of such notice. The issuance of such notice shall relieve the Borrower of all obligations hereunder except for the payment of the fees, expenses, and other disbursements mentioned in Paragraph 16 hereof which shall have been paid or incurred by us, any amount which may have become payable under paragraph 18 hereof, and the liquidated damages provided for in Paragraph 19 hereof.

18. Compensation for Loss of Investment Income. In the negotiations preliminary to the delivery of this commitment, the Borrower indicated to us the Borrower's expectation that the Building would be completed by _____[month] _____[day], _____[year], and that it was the Borrower's desire that the funds for the permanent financing of the Building should be available at that time. By reason of this commitment, it will be necessary for us to schedule the Company's funds available for investment accordingly. In consideration of the agreement on the Company's part to continue to make such funds available to the Borrower beyond _____[month] _____[day], _____[year], as, and subject to the conditions, set forth herein, and in recognition of the loss of investment income which would accrue to this Company if the consummation of the loan were to be delayed beyond such date, the Borrower agree that if, for any reason whatsoever, including specifically, but not limited to, unavoidable delays as defined in Paragraph 9 hereof, the closing of such loan shall not have been consummated by _____[month] _____[day], _____[year], and if, and so long thereafter, as such loan shall not have been consummated or this commitment shall not have been terminated by this Company pursuant to the provisions of Paragraph 17 hereof, the Borrower shall pay to this Company, commencing _____[month] _____[day], _____[year], and monthly thereafter, as compensation for the loss of investment income which the Company would sustain in such event, during and with respect to the period from _____[month] _____[day], _____[year], to the date of closing or the date of termination of this commitment, the sum of _____ Dollars (\$_____) for each month that shall elapse between _____[month] _____[day], _____[year], and the date of the actual closing of the loan or the date, if any, upon which the Company shall have notified the Borrower of the Company's determination to cancel and terminate this commitment. If the closing of the loan shall be consummated, or if the date upon which the Company shall have notified the Borrower of any determination on the Company's part to cancel and terminate this commitment, shall be any day other than the first or last day of the month, such monthly sum for the month in which such closing or such notification shall occur shall be prorated, on a per diem basis, from the first day of such month up to and including the actual date of closing or the date of such notification, and shall be payable on such date. The Borrower's obligation for the payments referred to in this paragraph shall be over and above the Borrower's obligation for payment of the fees and expenses referred to in Paragraph 16 hereof, and for the payment of

liquidated damages, if any, as provided for in Paragraph 19 hereof.

19. Liquidated Damages. In consideration of the substantial services and the expense thereof heretofore and which will hereafter necessarily be rendered and incurred by this Company in processing and preparing for the closing of the loan contemplated hereby; the substantial long-term loss of investment income which this Company would sustain, in the event of the Borrower's failure to consummate such loan, above and beyond the portion of such loss, if any, as might be recovered by this Company pursuant to the provisions of Paragraph 18 hereof; the uncertainty, in the event of such failure to consummate such loan, as to the then availability to this Company of other investment opportunities having investment qualities and characteristics, and upon terms, comparable with those represented by the loan contemplated hereby; and in recognition of the difficulty of accurately ascertaining the amount of damages which this Company would sustain in the event of any such failure by the Borrower to take or cause to be taken all action necessary to cause such loan to be consummated, the acceptance hereof by the Borrower shall constitute the Borrower's unconditional agreement to pay this Company, as liquidated damages, the sum of _____ Dollars (\$_____) if for any reason other than the cancellation of this commitment by this Company pursuant to Paragraph 17(h) hereof the transaction hereby contemplated is not consummated and the loan is not closed within the time hereby set for consummation and closing.

20. Notices. Any notice required or desired to be given hereunder shall be deemed to have been properly given if sent by registered or certified mail addressed, if to this Company, to _____[address], or, if to Borrower, to the address to which this letter is addressed. Either party hereto may from time to time designate another address in the _____[city], _____, _____[state], for the receipt of future notices by a notice given as herein provided.

21. Nonassignability. This commitment may not be assigned by Borrower without the Company's written consent, which may be withheld on any reason or no reason.

22. Entire Agreement. This commitment supersedes all agreements previously made between us relating to its subject matter. There are no other understandings or agreements between us.

23. Non-waiver. No delay or failure by either of us to exercise any right under this commitment, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

24. Headings. Headings in this commitment are for convenience only and shall not be used to interpret or construe its provisions.

25. Governing Law. This commitment shall be construed in accordance with and governed by the laws of the State of _____[state].

26. Counterparts. This commitment may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

27. Binding Effect. The provisions of this commitment shall be binding upon and inure to the Company's benefit and that of the Company's respective legal representatives, successors, and assigns.

If the foregoing is satisfactory to the Borrower, will the Borrower please so indicate by signing and returning to us the enclosed copy of this letter agreement within ten days from the date hereof, whereupon it shall become a binding agreement between us in accordance with its terms. Until the receipt thereof within such ten-day period, there shall be no obligation on the Company's part hereunder.

26-22 Current Legal Forms for Real Estate FORM 22.132

FORM 22.132 Loan commitment letter from lender to borrower--infrastructure loan for real estate developer

COMMENT

This form is a typical commercial lender's commitment letter sent to a real estate developer who has sought financing for the construction of the infrastructure of the new development. The loan proceeds will be gradually disbursed as construction work progresses. A schedule annexed to the commitment letter sets forth how much money will be released by the lender to the borrower as each specified stage of the construction is completed.

The commitment letter states that interest only will be paid on the amount advanced until the earlier of: (1) the time when the loan funds are fully disbursed to the borrower; or (2) the arrival of a certain specified date. Thereafter, the principal will begin to amortize. The term of the loan is five years, with amortization over a period of 15 years. This means that after five years a balloon payment is due. The borrower must either pay off the balance of the loan or refinance it. Ideally, by the end of the five-year period, all the units in the development will have already been sold off, and the sums paid by the borrower as lots were released will have covered the full amount of the loan within the five-year term.

Re: Real Property and Premises Located at: _____ [address]

Dear Borrower:

_____ (the "Company") hereby offers to the Borrower a loan in the amount of _____ Dollars (\$ _____) at an annual interest rate of _____ percent (_____ %) over the rate announced by us from time to time as our prime lending rate. The rate will change immediately as the prime rate changes. The loan shall be for a term of _____ (_____) years, with amortization over _____ (_____) years. Amortization shall commence on _____ [month] _____ [day], _____ [year], or _____ (_____) days after the loan is fully disbursed in accordance with Schedule A, whichever occurs first. Interest only will be paid monthly until amortization commences.

This commitment to lend shall be withdrawn if not accepted by the Borrower within _____ (_____) days of the date of this letter. To accept this commitment to lend, sign the enclosed copy of this letter and return it to the undersigned with the non-refundable commitment fee of _____ Dollars (\$ _____). This commitment to lend expires _____ (_____) days from the date hereof. Our commitment fee is deemed earned upon production of this commitment letter.

The terms of this letter shall survive the closing of the loan and may only be amended by a written agreement signed by the Borrower and the Bank.

The following conditions must be satisfied at or prior to closing:

1. General Conditions:

- (a) The mortgage shall be a first lien on the real property and premises commonly known as _____. This is vacant land, containing at least _____ hundred (_____) acres. Title to the premises must be deemed marketable in the opinion of the Bank's attorneys.
- (b) The Borrower will grant a first security interest in all equipment, fixtures and personal property which are used in connection with the installation of the infrastructure in and on this land, which items are now or hereafter located on the real property subject to the mortgage.
- (c) The Borrower will assign to the Bank all leases and rents in connection with the real property, if any.
- (d) The Borrower will execute and deliver to the Bank those documents deemed necessary or appropriate by the Bank's attorneys in order to accomplish 1(a), (b) and (c) above, including, but not limited to: a promissory note, a mortgage, a security agreement, authenticated UCC-1 financing statements, and an assignment of leases and rents.
- (e) The Borrower will provide the Bank with an opinion of the Borrower's attorney or other evidence satisfactory to the Bank regarding: the Borrower's authority to enter into this transaction, standing, title, compliance with laws, and such other issues as may be deemed appropriate by the Bank's attorneys.

2. Title Conditions:

- (a) The Borrower will provide to the Bank a survey and legal description by metes and bounds of the real property,

which has been certified by a licensed surveyor within the last six (6) months. This survey shall conform to the American Land Title Association's minimum standard.

(b) The Borrower will provide to the Bank a title insurance policy for the real property from a solvent title insurance company licensed to do business in the State of _____ [state]. This policy shall be free from any exceptions and conditions, except those which are acceptable to our attorneys. Title must be unencumbered and marketable.

(c) The mortgage herein shall constitute a first lien on the property.

3. Financial Conditions:

(a) The Borrower must submit to the Bank annually and within _____ (_____) days after the Borrower's income tax returns have been filed a copy of the Borrower's state and federal income tax returns, the Borrower's personal financial statement, and an operating statement for the real property.

(b) The Borrower will submit to the Bank annually copies of receipts attesting to the payment of real property and school taxes. These shall be submitted within _____ (_____) days after the last day on which such taxes may be paid without penalty.

(c) The Borrower will deliver to the Bank an insurance policy for fire, flood and liability coverage from a solvent insurance company in at least the amount of _____ Dollars (\$_____). This or a comparable policy shall be maintained without lapse during the term of the loan.

(d) The Borrower will pay all expenses in connection with the closing, including, but not limited to: recording fees, mortgage tax, survey, title insurance, Bank's attorneys' fees, engineering or consulting fees for the environmental site assessment, and the loan commitment fee.

4. Miscellaneous Conditions:

(a) This commitment may not be assigned.

(b) During the term of this loan, the Borrower may not obtain secondary financing secured by a mortgage on the real property or otherwise without the written consent of the Bank. The Bank shall have no obligation to grant such consent.

(c) This loan shall become due and payable in full in the event of the sale or other transfer of the property, or any part thereof, during the term of this loan. In the event that the property is subdivided, the Bank shall release lots in exchange for payments of _____ Dollars (\$_____), provided that the Borrower are not in default under the terms of the note and mortgage at the time a release is requested.

(d) The Bank shall not be obligated to close this loan transaction if there is a material change in the condition of the real property or in the financial condition of the borrower as of the date of the closing.

5. Environmental Conditions:

(a) At least _____ (_____) days prior to the closing, the Borrower shall provide to the Bank the results of a Phase I environmental site assessment prepared by a qualified individual or company engaged in the business of environmental consultations. This assessment shall be in a form acceptable to the Bank. The Bank's obligation to lend to the Borrower shall be contingent upon the determination by the consultant that there are no significant environmental concerns associated with the real property, and that there is no direct or circumstantial

evidence of a significant adverse environmental impact due to past or present practices or releases of hazardous materials in, on or about the real property. The Bank reserves the right to have a consultant of its own review the data and site assessment if the Bank deems it appropriate.

(b) The Borrower will provide the Bank with an environmental indemnification in a form satisfactory to us.

(c) The Borrower will provide the Bank with satisfactory evidence that the real property may lawfully be occupied for the proposed use, and that it is in compliance with all federal, state and municipal laws, regulations and restrictions, including, but not limited to, zoning laws and environmental protection laws.

(d) The Bank reserves the right to call this loan due and payable in full immediately upon the occurrence or discovery of any adverse environmental event or condition.

Very truly yours,

Part IV. FORMS
G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.133

FORM 22.133 Commitment for permanent real estate loan--offer by a mortgage broker--includes prepayment penalty

COMMENT

In this agreement the institutional lender offers to make a permanent loan for the initial part of a development.

The lender's obligation to proceed with financing the second phase is expressly conditioned upon the achievement of a satisfactory rent roll for the first phase. In this manner, the institution's financial backing is tied to the demonstrated success of the project.

The long-term lender will issue a commitment for the next phase of the project when it is satisfied that the development has demonstrated its financial feasibility. The form of such commitment will be substantially the same as the commitment for the first two phases but will provide for consolidation of all four loans when the final advance is made for the last phase.

FORM

_____ [month] _____ [day], _____ [year]

_____ [Insert name of borrower]

_____ [insert street address]

_____ [insert city, state and zip code]

Gentlemen:

We have received a commitment from the _____ [name] ("Lender") for a permanent mortgage loan covering the captioned property, containing the following provisions:

1. Amount of Loan. The loan shall be in the total amount of _____ Dollars (\$_____).

2. Borrower. The borrower is _____ [name].

3. Term of Loan and Repayment. The term of the loan shall be _____ (_____) years from the date of final payment to the borrower. The loan shall be repaid in equal monthly installments of _____ Dollars (\$_____) each, beginning on the first day of the _____ (_____) month after the date of final payment to the borrower, and each succeeding month thereafter, to be applied first to interest at the rate of _____ percent (_____) per year, and the balance on account of principal.

4. Prepayment. The borrower may pay the entire balance of the loan

(a) on the first day of any month commencing _____ (_____) years from the date of the first monthly payment of principal and interest, by giving _____ (_____) days' written notice and by paying a surrender charge of _____ percent (_____), computed on the balance prepaid; and

(b) on the first day of any month commencing _____ (_____) years from the date of the first monthly payment of principal and interest, by giving _____ (_____) days' written notice and by paying a surrender charge of _____ percent (_____), computed on the balance prepaid, and reducing _____ percent (_____) each year thereafter to a minimum of _____ percent (____%).

5. Location and Size of Lot. The real property affected by the permanent mortgage loan is located at the south side of _____ [name] on a plan of _____ [name] situated in the _____ [city], _____ [county], _____ [state], as revised _____ [month] _____ [day], _____ [year], and designated Phases I and II and which lies in the southwest corner of the plat consisting of approximately _____ (_____) square feet.

6. Improvements. The improvements on the property shall include 15 two-story, frame, apartment buildings consisting of 376 apartments, and on-lot parking for 562 cars.

7. Insurance Value. The insurance value of the property affected by the permanent mortgage loan shall be _____ Dollars (\$_____), including fixtures valued at _____ Dollars (\$_____). We shall be furnished with original fire insurance policies which must be based on the above insurable value, but in no event is the insurance to be less than _____ Dollars (\$_____).

8. Liability. The note shall provide that the sole remedy of the holder shall be foreclosure of the mortgage on the real property in the event of default.

9. Mortgage. The note shall be secured by a mortgage which shall be a first lien on the unencumbered, marketable, fee simple absolute title to the real property, to easements appurtenant thereto (if any), and to all improvements to the property described in this commitment, free of the possibility of all (a) prior mechanics' liens, (b) prior materialmen's

liens, or (c) special assessments for work completed or under construction on the date of the first payment on account of the loan. All title exceptions shall be subject to the approval of the Lender's counsel.

10. Security Interest

(a) The borrower shall grant to Lender a security interest in the personal property located on the property, now owned or hereinafter acquired, including, without limitation, stoves, ranges, microwaves, washers and dryers, and all proceeds of their sale or disposition.

(b) The borrower shall execute alone or together with us or with our designee as the secured party any financing, continuation, or termination statement or other document or procure any document, and pay all connected costs, necessary to protect such security interest against the interest of third persons.

(c) The borrower shall not permit any other security interest to attach to any of such fixtures, permit such fixtures to be levied upon under any legal process, or permit anything to be done that may impair the value of such fixtures or the security intended to be afforded thereby.

11. Survey. We shall be furnished with an acceptable ALTA survey from a licensed surveyor upon completion of all improvements. The survey shall show the dimensions and total square foot area of the plot, interior lot lines, if any, the dimensions and location of all improvements, parking areas, and easements, and the location of adjoining streets and the distance to and name of the nearest intersecting streets.

12. Title Policy. We shall be furnished with a title policy for the loan amount insuring us as the holder of the mortgage from a title company acceptable to us.

13. Taxes. All taxes and assessments affecting the real property or any part thereof shall be paid when due, and the mortgage shall require the borrower to pay concurrently with each installment of principal and interest payable on the note such amount as in the mortgagee's discretion will enable it to pay (out of moneys so paid to the mortgagee), at least _____ (_____) days before due, all taxes, assessments, and similar charges affecting the real property. No interest shall be payable on such deposits.

14. Certificate of Occupancy. We shall be furnished with a certificate of occupancy and other evidence satisfactory to us indicating that all improvements and their use comply with all applicable zoning, building, and other governmental laws and requirements.

15. Leases. All leases to be executed by tenants will contain no rental concessions, nor will the leases contain any provision which would cut off or impair the lien of the mortgage. This must be certified to by the closing attorney at the time of the closing of the permanent loan. In addition, all leases shall contain a clause, satisfactory to our attorney, subordinating the leases to the mortgage contemplated herein, together with any future advances or modifications thereof.

16. Approval of Documents. Each document required in connection with this loan shall be delivered to, and shall be in form and substance acceptable to, the Lender's counsel.

17. Survival of Representations. Except as may be otherwise required by this commitment, the loan, the rental income of the real property, the credit of the borrower, and all other features of the transaction shall be as represented to us without material, adverse change. No part of the real property shall have been damaged and not repaired to our satisfaction nor taken in condemnation or other like proceeding, nor shall any such proceeding be pending. Neither the borrower nor any tenant nor any assignee of such tenant nor any subtenant, nor any guarantor of the loan or any such lease or sublease, shall be involved in any bankruptcy, reorganization, or insolvency proceeding.

18. Plans and Specifications. The building or buildings and all other improvements contemplated by this commitment (including any grading, seeding, and landscaping and all other on-site and off-site improvements) shall be completed in accordance with plans and specifications to be approved in writing by our architect and shall be equipped and paid for to our satisfaction, and each such building shall be ready for occupancy. The representatives of the Lender shall have the right to inspect all such improvements periodically during and after construction. Periodic inspections during construction shall be made, and construction shall be approved, by the architect of the Lender or its designee. All corrections required by them must be complied with prior to the next construction advance. No changes are to be made in the original plans and specifications without our written approval.

19. Signs. By acceptance of this commitment, permission is granted by the owner for the erection of a sign during the construction period, indicating the source and origination of permanent financing.

20. Adjoining Streets. Evidence is to be submitted that all streets adjoining the real property have been completed, dedicated, and accepted for maintenance and public use by the appropriate governmental authorities.

21. Conditions of Commitment. The plans and specifications prepared by _____ [name], Architect, must be reviewed and approved by the Lender. In addition to all requirements of its architect, the following, including the use of the specified materials, are conditions of this commitment:

(a) Compliance with all local codes and ordinances.

(b) Lender is to be furnished with final plans and specifications for its review and approval.

22. Utility Lines. The necessary permanent easements, subject to the approval of the Lender's counsel, must be supplied with all utility lines which are necessary for the operation of the project. These utilities shall include, but not be limited to, gas, electricity, water, and sewerage.

23. Zoning Compliance. Evidence, acceptable to Lender's counsel, must be supplied confirming compliance with all local zoning requirements with regard to, but not limited to, the setbacks of all buildings.

24. Swimming Pool. An additional parcel of land at the southerly end of the property shall be encumbered by the mortgage, and shall have constructed upon it a swimming pool of a minimum size of _____ (_____) square feet. At the time of the final disbursement of either section of this loan, we shall require permanent access to the pool.

25. First Phase of Loan. The loan shall be made as Phase I and Phase II, in accordance with the market plot plan dated _____ [month] _____ [day], _____ [year]. We shall not be obligated for the second section until the first section has been satisfactorily completed and occupied in accordance with the rental condition stated below. The following conditions shall apply to Phase I only:

(a) Amount of Loan. _____ Dollars (\$_____).

(b) Improvement. Completion of construction of _____ (_____) buildings consisting of _____ (_____) apartments constructed in accordance with the Plans.

(c) Term. _____ (_____) years after date of final payment to the borrower.

(d) Interest Rate. _____ percent (_____) per year.

(e) Conditions. Equal monthly payments by the borrower of _____ Dollars (\$_____) each, beginning on the first day of the third month after final payment to the borrower, and each succeeding month thereafter, which are to be applied first to interest and the balance on account of principal.

(f) Mortgage. The note shall be secured by a mortgage upon all of the land heretofore specified.

(g) Insurance Value. _____ Dollars (\$_____). We shall be furnished with the original fire insurance policies which must be based on the insurable policies which must be based on the insurable value, but in no event is the insurance to be less than _____ Dollars (\$_____).

(h) Expiration Date. The commitment in respect of Phase I will expire _____ [month] _____ [day], _____ [year], by which time the final disbursement must be made and the loan assigned to the Lender.

26. Second Phase of Loan. The following conditions shall apply to Phase II only:

(a) Amount of Loan. _____ Dollars (\$_____).

(b) Improvement. Completion of _____ (_____) additional buildings consisting of 176 apartments constructed in accordance with the Plans.

(c) Term. _____ (_____) years after date of final payment to the borrower.

(d) Interest Rate. _____ percent (_____) per year.

(e) Conditions. Equal monthly payments by the borrower of _____ Dollars (\$_____) each, beginning on the first day of the third month after finally payment to the borrower, and each succeeding month thereafter, which are to be applied first to interest and the balance on account of principal.

(f) Mortgage. The note shall be secured by a mortgage upon all of the land heretofore specified.

(g) Insurance Value. _____ Dollars (\$_____). We shall be furnished with the original fire insurance policies which must be based on the insurable value, but in no event is the insurance to be less than _____ Dollars (\$_____).

(h) Rental Condition. The _____ (_____) buildings in Phase I shall have a gross rental income from not more than _____ percent (_____) of the apartments in the buildings on an unfurnished basis of not less than _____ Dollars (\$_____), and the space rented shall be rented on a basis so that if the building were 100 percent rented, the annual rental would be at least _____ Dollars (\$_____). Such apartments shall be occupied by tenants on a current rent paying basis under written leases or rental agreements. Borrower shall give us a rent roll certified to be correct indicating that apartments and the annual rental therefrom relied upon to satisfy this condition. No rental concession to tenants shall have been made, and the Borrower certificate shall so state.

(i) Consolidation. At the time of the final disbursement on Phase II of this loan, it will be consolidated with the loan made pursuant to Phase I. The consolidated loan must be a first lien on the entire property, and the Lender must be furnished with title insurance, satisfactory to its counsel, to this effect.

(j) Expiration Date. The commitment in respect of Phase II will expire _____ [month] _____ [day], _____ [year], by which time the final disbursement must be made, and

the loan assigned to the Lender and consolidated with the loan made pursuant to Phase I.

(k) Interim Subordination. If necessary for construction loan purposes in connection with Phase II of this commitment, only that portion of the land designated as Phase II may be subordinated in order to provide the interim lender with a valid first lien. However, any such subordination shall be in such a manner as not to disturb any easements or other requirements as provided for in other sections of this commitment.

27. Closing. _____[*name*] shall be the closing and disbursing attorney in respect of this case and all legal expenses including survey costs, title costs, recording charges, etc., are to be without charge to this company.

28. Deposit. Upon acceptance of this commitment, you shall deposit with us a check in the amount of _____ percent (_____%) of the amount of the mortgage, as pertains to each section, which will be held in escrow until the time of the first construction advance, at which time this deposit will be considered income earned by us for services rendered. If for any reason this loan is not assigned to the Lender pursuant to the provisions hereof, this deposit must be remitted by us to the Lender as the consideration for the commitment's not having been fulfilled.

29. Disbursements for Material and Labor. The executed forms of the mortgage and mortgage note, together with the necessary title binder, survey, and other papers, as required, will be returned to us. We shall forward them to the Lender's Counsel, and upon approval, we shall disburse against this mortgage from time to time an amount equal to _____ percent (_____%) of the cost of material and labor in place and material on the site as certified by the Architect, and verified by us.

30. Broker's Fee. In consideration of our arranging the construction financing on your behalf, we are to receive a fee of _____ Dollars (\$_____) in respect of each section, payable at the time of our first construction advance on that section.

31. Anticipatory Completion. If at any time before the expiration of this commitment the improvements on the property, in the judgment of the Lender, have been sufficiently completed and you have otherwise complied with the terms of the commitment, the final disbursement is to be made, and amortization is to commence, in accordance with the terms of the commitment.

32. Commencement of Construction. Construction must be started by _____[*month*]
_____[*day*], _____[*year*], or at our option the commitment will be terminated.

33. Assignment. This commitment is not assignable without our express written approval. In order that our records may be complete, we would appreciate your acknowledging your acceptance of the terms and conditions of this commitment on the duplicate copy enclosed.

Very truly yours,

_____ [*Lender*]

 _____[number], and the mortgage recorded in Book _____[number], Page
 _____[number], now cover the property hereinafter described and on which notes and mortgages there
 is now owing the sum of _____ Dollars (\$ _____) with interest thereon at the rate of
 _____ percent (_____%) per year from _____[month]
 _____[day], _____[year]; and

WHEREAS, Lender A, the holder of such notes and mortgages, and Borrower, the owner in fee simple of the premises
 hereinafter described, have mutually agreed to consolidate and coordinate the liens of such mortgages and to modify the
 terms thereof and of the notes secured thereby in the manner hereinafter appearing;

NOW, THEREFORE, pursuant to such agreement and in consideration of the sum of _____ Dollars
 (\$ _____) and other good and valuable consideration, each to the other in hand paid, receipt of which
 is hereby acknowledged, the parties hereto mutually covenant and agree as follows:

1. Consolidation of Mortgages. The liens of the mortgages hereinabove mentioned, as modified, hereby are consolidated and coordinated so that together they shall hereafter constitute in law but one mortgage, a single lien, securing the principal sum of _____ Dollars (\$_____) and interest thereon at the rate of _____ percent (_____) per year from _____ [month] _____ [day], _____ [year], upon the property described on Exhibit A. Together with all right, title, and interest of Borrower in and to the land lying in the street and roads within, in front of, and adjoining such premises.

2. Schedule of Payment on Consolidation. The time of payment of such principal sum secured by such notes and mortgages, as modified by this agreement, hereby is extended so that the sums shall be due and payable as follows:

(a) As to the principal sum of the now outstanding indebtedness of _____ Dollars (\$_____), as secured by the mortgages recorded in Book _____ [number] of Mortgages, Page _____ [number], and Book _____ [number] of Mortgages, Page _____ [number], and Book _____ [number] of Mortgages, Page _____ [number], by the payment of constant monthly payments upon principal and interest thereon in the sum of _____ Dollars (\$_____) on _____ [month] _____ [day], _____ [year]; and

(b) As to the principal sum of the now outstanding indebtedness of _____ Dollars (\$_____) as secured by the mortgage recorded in Book _____ [number] of Mortgages, Page _____ [number], by the payment thereon of interest only until, and no later than _____ [month] _____ [day], _____ [year]; and

(c) On _____ [month] _____ [day], _____ [year], constant monthly payments upon principal and interest upon the consolidated mortgage shall be made in the sum of _____ Dollars (\$_____) and each and every month thereafter the balance of unpaid principal and interest to be due and payable no later than _____ [month] _____ [day], _____ [year], if not sooner paid.

3. Prepayment. Prepayment privileges with respect to this consolidated mortgage are agreed upon as follows: Borrower may pay the entire balance of the principal indebtedness on the first day of any month commencing seven years from the date upon which the first monthly payment of principal and interest shall have been made, but only by giving _____ (_____) days written notice and by paying a prepayment fee of _____ percent (_____), computed on the balance prepaid, and may pay the entire balance of the then outstanding principal indebtedness on the first day of any month commencing _____ (_____) years from the date upon which the first monthly payment of the principal and interest shall have been made, but only by giving _____ (_____) days written notice and by paying a prepayment fee of _____ percent (_____), computed on the balance prepaid, and reducing _____ percent (_____) each year thereafter to a minimum of _____ percent (____%). The above prepayment privileges, however, shall apply only if Borrower complies with all of the other terms of such notes and mortgages as hereby modified.

4. Indebtedness Secured. The parties hereto certify that this instrument secures the same indebtedness secured by the notes and mortgages hereinabove mentioned and secures no further or other indebtedness or obligation. In consideration of this agreement, Borrower hereby assumes, covenants, and agrees to pay the principal sum and interest as above set forth. Such notes and mortgages, as modified by this agreement, shall continue in full force and effect.

5. Taxes and Assessments. Borrower shall pay to Lender A on the first day of each month after date hereof, and until the notes secured hereby are fully paid, a sum equal to the taxes and assessments that will next become due and payable on

the premises (as estimated by the holder of such notes), divided by the number of months to elapse prior to one month before such taxes and assessments shall become due and payable, such sums to be held by the holder of such notes in trust to pay such taxes and assessments. Interest shall not be earned on such deposits nor payable to Borrower.

6. Modification. This agreement may not be changed or terminated orally. The covenants contained in this agreement shall run with the land and bind Borrower, its successors, and assigns, and all subsequent owners, encumbrances, tenants, and subtenants of the premises, and shall inure to the benefit of Lender A, its successors and assigns, and all subsequent holders of this mortgage.

7. Remedies. Notwithstanding anything above to the contrary, in the event of a default or foreclosure under the mortgages referred to above or under the above consolidation agreement, the sole remedy of the holder of the obligation secured thereby shall be foreclosure of such mortgages, and the holder of such notes, its successors and assigns, shall not be entitled to a deficiency judgment thereunder. It is understood that the maker of such notes and mortgages is limited in its liability to the real property only.

8. Grace Period. Notwithstanding anything above to the contrary, Borrower shall have a ten day grace period to correct any default which may arise under the notes and mortgages referred to above.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be signed by their proper corporate officers and caused their corporate seals to be hereto affixed the day and year above written.

G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.135

FORM 22.135 Agreement to make annual payments to municipality in lieu of paying real property taxes--development is owned by not-for-profit corporation--development offers low-cost housing to elderly or handicapped

COMMENT

In some states, real estate owned by not-for-profit corporations and used as low-rent housing for the elderly or handicapped is exempt from real estate taxation by the county, municipality and school district in which the property is located. In order to be "good neighbors" and to induce municipalities to give prompt zoning and planning approval to the construction of such projects, an agreement may be entered into between the municipality and the not-for-profit corporation. The agreement would provide for the voluntary payment to the municipality of a stated sum annually in lieu of taxes. It should be noted, however, that the tax exemption at issue here does not typically extend to such things as charges for water and for sewer usage.

FORM

AGREEMENT FOR PAYMENT IN LIEU OF TAXES

THIS AGREEMENT is made this _____[day] day of _____[month], _____[year] between _____[name], a not-for-profit corporation existing under the laws of the State of _____[state], with offices for the transaction of business at _____[address] (hereafter referred to as "Owner"), and THE TOWN OF _____[city], State of _____[state], a municipal corporation organized under the laws of the State of _____[state], with offices for the transaction of business at _____[address] (hereafter referred to as "Town").

WITNESSETH:

WHEREAS, the Owner is duly incorporated under the Not-for-Profit Corporation Law of the State of _____ [state]; and

WHEREAS, Section _____ [number] of the _____ [name of statute granting tax exemption, e.g.,] provides that the real property of corporations so organized, which is used exclusively for housing aged and/or handicapped persons of low income, is exempt from taxation, special ad valorem levies and special assessments to the extent provided in the statute on the condition that the property of such corporation shall, upon dissolution of the corporation, vest in another corporation similarly exempt from taxation under the provisions of the Not-for-Profit Corporation Law, and that no part of the earnings of the dissolved corporation shall inure to the benefit of any private individual, and

WHEREAS, the Owner wishes to avail itself of said tax exemption, but also intends to contribute to the financial well-being of the Town,

NOW, THEREFORE, in consideration of the mutual promises contained herein, it is agreed as follows:

1. The Owner agrees to comply with all conditions required by Section _____ [number] of the _____ [e.g., name of statute granting tax exemption] in order to qualify for the tax exemption.
2. The Town agrees that the Owner is and shall remain exempt from real property taxation and from special ad valorem levies and special assessments to the extent provided in Section _____ [number] of the _____ [e.g., name of statute granting tax exemption]. The Town shall take all steps necessary to prevent taxation and foreclosure by tax sale.
3. The Owner agrees that it shall adhere to all conditions in Section _____ [number] of the _____ [e.g., name of statute granting tax exemption].
4. The Owner agrees that it shall, in accordance with Section _____ [number] of the _____ [e.g., name of statute granting tax exemption], pay all assessments levied to cover the capital costs incurred by the Town sewer district, and such other assessments for improvements as are included in the exceptions listed in Section _____ [number] of the _____ [e.g., name of statute granting tax exemption], as may now or hereafter exist.
5. The Owner agrees that it is responsible for operation and maintenance charges with respect to its housing units connected to the Town sewer district lines.
6. The Owner agrees to make a Payment in Lieu of Taxes (PILOT) of _____ Dollars (\$ _____) per year, payable on or before December 31st of each year.
7. This agreement is in lieu of all prior agreements with respect to the taxation of the subject property, and all such prior agreements are null and void.
8. This agreement is effective immediately and shall apply to _____ [year] and all successive tax years.
9. This agreement may be terminated upon the giving of _____ (_____) year's written notice to the other party.

10. This Agreement, together with the other written agreements and instruments executed concurrently herewith or pursuant to the provisions hereof, contains the entire agreement between the parties respecting the matters herein set forth and supersedes all prior agreements between them respecting such matters.

11. This Agreement may be executed in _____ (_____) or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. At the trial of any matter arising under this Agreement, only one counterpart need be produced.

12. Except as herein expressly provided, no waiver by either party of any breach of this Agreement shall be deemed to be a waiver of any other breach by the other party of any kind or nature (whether preceding or succeeding the breach at issue, and whether or not of the same or similar nature). No failure by either party to exercise any right it may have under this Agreement or by law upon the other's default, and no delay in the exercise of that right, shall prevent it from exercising the right whenever the other party continues to be in default. No such failure or delay shall operate as a waiver of any default, or as a modification in any respect of the provisions of this Agreement.

13. Whenever the singular or plural number, or the masculine or feminine gender, is used herein, it shall equally include the other.

14. Any notice which any party is required to or may desire to give hereunder shall be in writing and may be personally delivered, transmitted by facsimile machine, or delivered by the United States Postal Service (certified mail, return receipt requested) or by private delivery service to the above addresses. Notice is deemed given when received.

15. This Agreement shall be construed and enforced in accordance with the laws of the State of _____ [state].

16. This Agreement shall be binding upon and inure to the benefit of all the parties, and their respective heirs, representatives, successors, and assigns.

17. This Agreement may be modified only by a written document signed by both parties. A purported oral modification shall not be effective.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year first above written.

Chapter 22 DEVELOPMENT AND SUBDIVISION
Part IV. FORMS
G. FINANCING

26-22 Current Legal Forms for Real Estate FORM 22.136

FORM 22.136 Letter of credit agreement between real estate developer and bank granting letter of credit--letter of credit may be needed to cover cost of building infrastructure for development

COMMENT

As a condition for granting subdivision approval, municipalities frequently require the real estate developer to produce a letter of credit as security for the completion of the infrastructure in the development. In the event that the developer fails to complete the development's roads, sewers or water system, the municipality may draw on the unconditional letter of credit and complete the improvements using these funds.

The lender who will be obligated on the letter of credit will require a written agreement with the developer, whereby the developer pledges to repay to the lender any sums drawn by the municipality for completion of the infrastructure. The agreement provides for payment of interest by the developer on the sums drawn by the municipality. In addition, the agreement also provides for collateralization of the amount drawn by the municipality. In the event payment is not promptly made, legal fees and expenses are recoverable by the lender.

FORM

STANDBY LETTER OF CREDIT AGREEMENT

TO: _____[name]

RE: _____[name] Subdivision, City of _____[city] _____[state],
Irrevocable Letter of Credit No. _____

In consideration of your opening your Irrevocable Letter of Credit (herein called the "Credits"), dated _____[month] _____[day] _____[year], naming the City of _____[city] as beneficiary of up to an aggregate amount of _____ Dollars (\$ _____), and for other valuable consideration, receipt of which is hereby duly acknowledged, the undersigned (herein called the "Applicant" and "we") hereby agrees as follows with respect to the Credits:

1. Developer to Reimburse Bank for Each Sight Draft. We agree, in the case of each sight draft, to reimburse you at your main office, _____[address] in United States currency in immediately available funds on demand, the amount due on such draft, or, if so demanded by you, to pay at your office in advance the amount to pay such draft. In all instances, you have the right to set off any amount due you under any Credit against any account we may have at any branch of yours, your subsidiaries or affiliates.
2. Developer to Pay Commission and Reimburse Bank for all Charges and Expenses Paid by Bank. At the time you issue the above-mentioned Letter of Credit, we agree to pay you, on demand, your usual commission and all charges and expenses paid or incurred by you in connection therewith, including costs of reserve requirements, if any. If any Credits issued by you provide for an extension or extensions beyond the expiration date, we agree to pay you, on demand, for each extension period, your usual commission in effect at the time of the extension and all charges and expenses as set forth above.
3. Developer to Pay Interest on Funds Disbursed to Municipality. If, for any reason, you make payment under the Credits prior to your receipt of the aforementioned funds from the Applicant, we agree to pay you interest per annum at a rate equal to _____ percent (_____%) over the highest United States Prime Rate, as published in the Wall Street Journal, and in effect at the time you make your payment, and as it may change from time to time, plus customary charges, commencing from the day of your payment and ending upon your receipt of the funds we remit to you for the actual days elapsed, on the basis of a 365 day year. In no event shall the interest rate charged under this Agreement exceed the maximum rate authorized by applicable law or regulation.
4. Extension of Maturity or Time for Presentment of Drafts. We agree that, in the event of any extension of the maturity or time for presentment of drafts, or documents or any other modification of the terms of any Credits, at our request or pursuant to the terms of the Credits, or in the event of any increase in the amount of any Credits at our request, this Agreement shall be binding upon us with regard to such Credits so increased or otherwise modified, to drafts, documents and property covered thereby, and to any action taken by you or any of your correspondents in accordance with such extension, increase or other modification.
5. Users of Credits are Agents of Developer. The users of the Credits shall be deemed our agents, and we assume all risk for their acts or omissions. Neither you nor your correspondents shall assume any liability to anyone for failure to pay, if such failure is due to any restriction in force at the time and place of presentment, and we agree to indemnify you and hold you harmless from any consequences that may arise therefrom. Neither you nor your correspondents shall be responsible for verifying the existence of any act, condition or statement made by any party in relation to their drawing or presentment under the Credits, or in verifying or passing judgment on the reasonableness of any statement made by any party in relation to their drawing or presentment under the Credits: for the validity, sufficiency or genuineness of documents, even if such documents should in fact prove to be in any or all respects invalid, insufficient, fraudulent or forged; or for failure to give any notice; for any breach of contract between the beneficiary of the Credits and us. Furthermore, neither you nor your correspondents shall be responsible for errors, omissions, interruptions or delays in transmission or delivery of any messages by mail, cable, telegraph, wireless or otherwise, nor shall you be responsible for any error, neglect or default of any of your correspondents, and none of the above shall affect, impair or prevent the vesting of any of your rights or powers hereunder. In furtherance and extension, and not in limitation of the specific

provisions hereinbefore set forth, we agree that any action taken or not taken by you or by any correspondent of yours, under or in connection with the Credits or the relative drafts, documents or property, if taken or not taken in good faith, shall be binding on us and shall not put you or your correspondents under any resulting liability to us, except if due solely to your gross negligence or willful misconduct.

6. Developer Supplies Collateral for Letter of Credit. As security for the payment or performance of all of the Applicant's present or future obligations or liabilities of any and all kinds to you, however incurred by us, due or to become due, howsoever or whensoever acquired by us (all of which are herein collectively referred to as Obligations), the Applicant does hereby grant you a security interest and a lien in and upon any of our property, including our bank accounts held by you, or property in which we may have any interest, which is now or may at any time hereafter come into your possession or control, or into the possession or control of any other party acting on your behalf, whether for the express purpose of being used by you as collateral security, or for safekeeping, or for any other different purpose, or covered or affected by any documents in your possession or control, or in the possession or control of any third party acting in your behalf.

7. Developer to Pay Bank's Attorneys' Fees and Related Expenses in Event of Developer's Default. Upon Applicant's failure to pay any Obligations when becoming or made due, as aforesaid, you shall have, in addition to all other rights and remedies allowed by law, the rights and remedies of a secured party under the Uniform Commercial Code as in effect in the State of _____ [state]. We agree that the said collateral secures, and further agree to pay on demand, all expenses--including, but not limited to, reasonable attorneys' fees for legal services of every kind, and the cost of any insurance and payment of taxes or other charges--of, or incidental to, the custody, care, sale or collection of the said collateral, or in any way relating to the enforcement or protection of your rights hereunder.

8. Further Collateral for Letter of Credit. Upon our failure to pay any obligations hereunder when becoming or made due, as aforesaid, you shall have, in addition to all other rights and remedies allowed by law and this agreement, your rights under real estate mortgages held by you and recorded in the _____ [county] County Clerk's Office, in Book of Mortgages No. _____ [number], at Page _____ [number], and covering the premises known as _____ [address], in the City of _____ [city] _____ [county], _____ [state], and the applicant does hereby acknowledge that our obligations hereunder are secured by said mortgage.

9. Waiver of Bank's Rights. You shall not be deemed to have any of your rights waived hereunder unless you or your authorized agent shall have signed such waiver in writing. No failure on your part to exercise and no delay in exercising any right, remedy or power hereunder shall operate as a waiver thereof, nor shall such failure or delay preclude you from any future exercise of any other right, remedy or power.

10. Definition of Property. The word "property", as used in this agreement, includes case proceeds, deposit accounts, goods and documents relative thereto, securities, funds, and any and all other forms of property, whether real, personal or mixed, and any right or interest therein.

11. Obligations in Agreement are Binding on Developer's Personal Representatives, Successors and Assigns. The Obligations hereof shall continue in force and apply notwithstanding any change in the membership or ownership of any partnership or corporation undersigned, and the Obligations hereof shall bind the personal representatives, successors and assigns of the undersigned, and all rights, benefits and privileges hereby conferred on you shall be and hereby are extended to, and conferred upon, and may be enforced by your successors and assigns.

12. We further agree that your rights, remedies, powers, security interest and liens hereunder shall continue unimpaired, and that we shall be and remain obligated in accordance with the terms hereof, notwithstanding the partial exercise by you of any right, remedy or power, or the release or substitution of any of the said interests therein, or any delay, extension of time, renewal, release, substitution or addition of parties, compromise or other indulgence granted by you,

in reference to any of the Obligations, or any promissory note, draft, document or other instrument given in connection therewith, the undersigned hereby waiving all notice of any delay, extension, release, substitution, renewal, compromise or other indulgence, and hereby consenting to be bound as fully and effectually as if we have expressly agreed thereto in advance.

13. Events of Default by Developer. We agree that all Obligations of the undersigned to you, although contingent and not matured, shall become due and payable upon the occurrence of any one of the following events:

(A) admission in writing of our inability to pay any debt when due;

(B) a violation of any of the terms and conditions of this agreement, be it willful or involuntary, not expressly waived by you;

(C) a default in the payment of any interest or fees due and payable to you, and in particular the payments due under the mortgage note executed in connection with the mortgage referred to at No. 8 above;

(D) if the undersigned generally shall not pay its debts as they become due, or be the subject of any insolvency proceedings; or

(E) if the undersigned shall make an assignment for the benefit of its creditors or a trustee, receiver, intervenor, or custodian appointed for the purposes of reorganization or liquidation of the undersigned.

14. Each and every right, remedy and power hereby granted to you or allowed to you by law or other agreement shall be cumulative and not exclusive of any other right, remedy or power that may be exercised by you from time to time.

15. Controlling Law. This agreement shall be construed in accordance with, and governed by, the laws of the State of _____ [state].

16. Notices to Parties. Notices and demands under this agreement shall be in writing and will be sufficient if delivered by hand, by first class mail (postage prepaid) or registered mail, addressed to the undersigned or to you at our respective principal places of business.

17. Credits Issued Shall be Irrevocable. We agree that all Credits issued under this agreement shall be irrevocable.

FORM 22.137 Rent Roll Certificate

COMMENT

In order for a borrower to obtain permanent financing, the lender will require the borrower to make various representations, disclosures and certifications for it. The following is a rent roll certificate.

FORM

As an inducement to _____ [name] (the "Lender") to make a permanent mortgage loan to _____ [name] (the "Borrower") in the amount of _____ Dollars (\$_____) as more fully described in the Credit Agreement, the Borrower hereby certifies and represents to the Lender the following:

1. The Rent Roll attached hereto as Exhibit A is a true and correct schedule of the tenants and rentals of the Property,
2. The Rent Roll contains a full and complete listing of all security deposits being held with respect to the tenants on the Property.
3. No rent has been paid more than _____ (_____) month in advance of its due date.
4. There is no action, suit or proceeding pending against Borrower with respect to the tenants and the Borrower is in full compliance with all leases and agreements with the tenants and there is no default of the Borrower as landlord under any lease or agreement with a tenant..

IN WITNESS WHEREOF, the Borrower has executed this Certification under penalties of perjury as of the

_____ [day] day of _____ [month], _____ [year].

FORM 22.138 Borrower's certificate

COMMENT

At closing, the lender may require the borrower to certify the accuracy of various documents or to confirm its ownership. One way to do this is to obtain a Borrower's Certificate at closing. The following is a very simple form of Borrower's Certificate.

FORM

CERTIFICATE OF BORROWER

Re: \$_____ Construction Loan

from

The undersigned does hereby certify that he is the Sole Member of _____[*name*], a(n) _____[*state*] _____[*entity*] (the "Borrower"), and the undersigned does hereby further certify as follows:

1. Attached hereto, marked Attachment A, is a true and correct copy of the current Articles of

Organization of Borrower, together with all amendments thereto.

2. Attached hereto, marked Attachment B, is a true and correct copy of the Operating Agreement of Borrower, together with all amendments thereto.

3. Attached hereto, marked Attachment C, is a true and correct copy of a certain resolution of the Company dated

_____ [month]

_____ [day],

_____ [year], which was duly and lawfully adopted by the Borrower. Such resolution has not been amended, altered or rescinded and is in full force and effect on the date hereof.

4. The following individual is the Sole Member of Borrower.

Name	Percentage of Ownership

_____	_____	%

5. The execution of the loan documents by the Member has been duly authorized by the Borrower and such Member is authorized to execute any and all instruments or documents which it may deem necessary or appropriate in connection with this loan transaction.

IN WITNESS WHEREOF, the undersigned hereby certifies the above to be true and have executed this certificate this _____[day] day of _____[month], _____[year].

FORM 22.139 Escrow Agreement

COMMENT

In the course of making a loan, a lender may require that the borrower escrow a portion of the loan proceeds in order to make sure that certain improvements to the project are adequately completed or the lender may simply desire to hold back a portion of the loan proceeds until cash flow on the property reaches a certain level. The following is an example of an escrow which is being established until certain items are completed to the lender's satisfaction.

FORM

THIS COMPLETION ESCROW AGREEMENT ("Agreement") is effective the _____[day] day of _____[month], _____[year] between _____[name] a(n) _____[state] _____[entity] ("Borrower") _____[name] a(n) _____[state] _____[entity] ("Lender").

RECITALS

Lender is making a mortgage loan to the Borrower in the amount of _____ Dollars (\$_____) ("Mortgage Loan"), for the purpose of facilitating the purchase or refinancing by the Borrower of a construction project known as _____[name], located in _____[city] _____[county], _____[state] ("Project").

The Mortgage Loan is evidenced by a certain Note from the Borrower to the Lender ("Note"), dated _____[month] _____[day], _____[year], secured by a certain Mortgage from the

Borrower to the Lender ("Mortgage") of the same date, granting and creating, among other things, a first lien on the Project (which Note and Mortgage, together with certain other documents executed and delivered in connection with the Mortgage Loan, are hereinafter collectively referred to as the "Loan Documents").

Certain of the improvements and/or grounds of the Project and the land pertaining to it need to be repaired and/or completed, as described in Exhibit A thereto.

As a condition precedent to the Lender's making the Mortgage Loan to the Borrower, the Borrower is required to deposit with the Lender funds in the amount of _____ Dollars (\$_____) to establish a repair or completion escrow (the "Escrow") for the Project, to be held as additional security for the Mortgage Loan, and the Borrower wishes to establish such Escrow.

The parties wish to establish the terms and conditions under which the Escrow shall be held and applied.

NOW, THEREFORE, in consideration of the mutual covenants herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Deposit of Funds. The Borrower is furnishing herewith to the Lender the amount of _____ Dollars (\$_____) ("Deposit"). The Deposit shall be held in escrow by the Lender for application or release as herein provided. The Deposit shall be held to guarantee completion of the items of repair or completion work as described in Exhibit A. All such items of repair or completion work are to be completed to the satisfaction of Lender on or before _____[month] _____[day], ____[year].

2. Holding of the Deposit. The Deposit shall be held by the Lender for a period beginning on the date hereof and ending on the date that the Lender has approved the final release of the Deposit as provided herein or the Deposit is otherwise disposed of as provided herein.

3. Investment of Funds. The Lender may invest the Deposit in an interest bearing account in an institution whose accounts are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation. The Lender shall not be responsible for (i) any losses resulting from the investment of the Deposit, or (ii) obtaining any specific level or percentage of interest earnings on such investment. Any investment earnings on the Deposit shall be added to the Deposit. The Borrower agrees that the Lender may withdraw from the Deposit and keep for itself a reasonable fee for its services in placing and administering any such investments. Borrower hereby agrees to indemnify and hold harmless Lender from any loss, including a loss of any amount deposited or interest earned in connection with this Agreement, liability, costs or expenses, including attorneys' fees, resulting from or arising out of the investment of the Deposit and interest earned.

4. Conditions for Release of the Deposit. Lender may release funds from the Deposit to the Borrower on request periodically in the Lender's discretion, but without obligation to release funds more often than once each month. The remaining amount of the Deposit shall always be at least _____ percent (_____%) of the estimated cost of completing the work. The conditions for such release shall include, without limitation, that Borrower satisfied Lender that the appropriate portion of the repairs or completion work have been completed, that Borrower has furnished Lender with any appropriate costs and architectural certifications and lien waivers, and that Borrower has satisfied Lender that sufficient funds remain undisbursed after the requested release to complete the repairs or completion work. Lender shall have the right to inspect, oversee and monitor the repairs or completion from time to time in whatever manner Lender deems desirable.

Upon the full completion of the repairs or completion work to the satisfaction of Lender or its designee, and subject to receipt of proof reasonably satisfactory to Lender that there is no possibility of the filing of mechanic's or materialmen's liens that would take priority over the lien of the Mortgage, and upon receipt by Lender of any appropriate costs and

architectural certifications, and in the event that there is no default under the terms and conditions of the Loan Documents, the remaining portion of the Deposit will be released to Borrower.

In the event that the repairs or completion work, or any part thereof, are not completed to Lender's satisfaction by the date specified above, Lender is authorized to disburse such funds for the repairs or completion work, or, at its option, apply such funds to payment of the indebtedness secured by the Mortgage, or as otherwise provided in the Guide.

5. Default Under the Loan Documents. Notwithstanding any provision herein to the contrary, in the event of a default under the terms of the Note, the Mortgage or any of the other Loan Documents, or in the event that the specific purpose for which the Deposit was provided to secure performance has not been satisfied, the Lender shall have without limitation each and all of the following rights:

(a) To apply the Deposit to payment of the indebtedness secured by the Mortgage, provided that such payment or allocation of proceeds shall not cure or be deemed to cure any default; and

(b) To utilize the Deposit for such other purposes and uses as may be provided in the Guide.

In the event that part of the Deposit proceeds are applied as described in (a) or (b) above, the remaining proceeds of the Deposit shall be released only upon the furnishing by Borrower of audited financial statements, adjusted as required by Lender, in a form and substance satisfactory to Lender, showing that Borrower has achieved from the operation of the Project, a debt service coverage ratio of _____ percent (_____) for _____ (_____) consecutive calendar months, or _____ percent (_____) on an annualized basis for _____ (_____) consecutive months.

Nothing herein shall obligate the Lender to apply the Deposit on account of any default by the Borrower or to the indebtedness secured by the Mortgage.

6. Default Under This Agreement. A default by the Borrower under this Agreement shall, at the option of the Lender, constitute a default under the Note and the Mortgage.

7. Remedies Cumulative. None of the rights and remedies herein conferred upon or reserved to the Lender is intended to be exclusive of any other rights, and each of every right shall be cumulative and concurrent, and may be enforced separately, successively or together, any may be exercised from time to time as often as may be deemed necessary by the Lender.

8. Enforcement of Agreement. This Agreement is entered into by the parties hereto for the benefit of the Lender, either of which shall have the right to hold the Deposit and enforce the provisions hereof.

9. Borrower Indemnifying Lender. Borrower hereby agrees to indemnify and hold harmless Lender from any loss, including a loss of any amount deposited or interest earned in connection with this Agreement, liability, costs or expenses, including attorneys' fees, resulting from or arising out of the investment of the Deposit and its interest.

10. No Third Party Right of Enforcement. Nothing contained herein shall be deemed or construed to create an obligation on the part of Lender to any third party, nor shall any third party have a right to enforce as against Lender any right which Borrower may have hereunder.

11. Lender's Acknowledgment of Completion. Lender's acknowledgment of the completion of the repair or completion work in a manner satisfactory to Lender shall not be deemed to be an acknowledgment that the repair or completion work has been completed in compliance with any applicable building codes, ordinances, regulations or requirements of

governmental agencies having jurisdiction thereof.

12. Determinations by Lender. In any instance where the consent or approval of the Lender may be given or is required, or where any determination, judgment or decision is to be rendered by the Lender hereunder, the granting, withholding or denial of such consent or approval and the rendering of such determination, judgment or decision shall be made or exercised by the Lender at its sole and exclusive option and in its absolute discretion.

13. Borrower's Records. The Borrower shall furnish such financial statements, records, papers and documents relating to the Project as the Lender may reasonably require from time to time to make the determinations permitted or required to be made by the Lender hereunder.

14. Borrower's Other Obligations Not Impaired. Nothing herein contained shall in any manner whatsoever alter, impair or affect the obligations of the Borrower, or relieve the Borrower of any of its obligations, to make payments and to perform all of its other obligations required pursuant to the Note, the Mortgage and the other Loan Documents.

15. Reimbursement for Lender's Costs. Borrower agrees to pay all costs and expenses incurred by the Lender, including court costs and attorneys' fees, by reason of acting as the holder of the Deposit pursuant to this Agreement.

16. Entire Agreement. This Agreement when executed by the parties hereto contains the complete and entire understanding of the parties with respect to the subject matter hereof, and no changes shall be recognized as valid unless they are made in writing and similarly executed. No specific waiver of any of the terms hereof shall be considered as a general waiver.

17. Successors and Assigns Bound. This Agreement shall be binding upon and inure to the benefit of the respective successors and assigns of the parties hereto. Borrower may not assign its interest under this Agreement without Lender's prior written consent.

18. No Agency or Partnership. Nothing herein contained shall constitute Lender as a joint venturer, partner or agent of Borrower, or render Lender liable for any debts or obligations of Borrower. Nor shall Lender be liable for any acts, omissions, representations or contacts of Borrower.

19. Applicable Law. This Agreement shall be governed by and construed according to the laws of the state where the Project is located.

IN WITNESS WHEREOF, the undersigned parties have executed this Agreement to be effective on the date first written above.
